Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:

- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Pre-requisite Courses

Type
Completion Requirement

Sciences

Complete ALL of the following Courses:
- CHE 114 - Essentials of General Chemistry Lecture
- CHE 115 - Essentials of General Chemistry Laboratory

Foundation Courses

Complete ALL of the following Courses:
- HIN 268 - Growth and Development
- HIN 269 - Analysis and Action for Community Health
- HIN 268 should be done prior to admission.
- HIN 269 can be done prior to or after admission.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 37.5 credits

Major Requirements - Nursing Courses

Type
Completion Requirement

Complete ALL of the following Courses:
- NUR 300 - Nursing as a Human Science
- NUR 302 - Ways of Knowing in Nursing
- NUR 400 - Professional Nursing Practice
- NUR 406 - Clinical Decision Making
- NUR 408 - Trends and Issues in Nursing and Health Care
- NUR 409 - Therapeutic Intervention V: Nursing Synthesis
- NUR 410 - Professional Nursing Management

Mandatory Professional Licensure Disclosure

Type
Completion Requirement

New York State prides itself in the high quality of its licensed and certified professionals. For the protection of its citizens, each license and certificate has requirements that individuals must meet in order to be licensed or certified in New York State. CUNY's academic programs leading to licensure or certification are carefully designed to meet and exceed these State requirements. This is a role CUNY plays in protecting the public. Other states frequently have their own requirements, so if your goal is to practice in another state, this disclosure will help you check to see what that state requires.

Per U.S. Federal Regulations, §668.14 and §668.43, and in compliance with the SARA Policy Manual, CUNY Lehman College provides the following disclosure related to the educational requirements for professional licensure and certification.

This Disclosure is strictly limited to the CUNY Lehman College determination of whether this academic program, that if successfully completed, would be sufficient to meet the educational licensure or certification requirements in a State for Accounting. CUNY Lehman College cannot provide verification of an individual's ability to meet licensure or certification requirements unrelated to its educational programming. Such individual determinations are made by state licensing boards and are fact-specific determinations.

This disclosure does **not** provide any guarantee that any particular state licensure or certification entity will approve or deny your application. Furthermore, this disclosure does **not** account for changes in state law or regulation that may affect your application for licensure and occur after this disclosure has been made. Enrolled students and prospective students are strongly encouraged to contact their state's licensure entity using the links provided to review all licensure and certification requirements imposed by their state(s) of choice.

CUNY Lehman College has determined this academic program curricula, if successfully completed, is sufficient to meet the licensure and certification requirements for Nursing licensure in the following states:

- **New York State:** New York State Education Department Office of the Professions

CUNY Lehman College has determined that the curricula is insufficient to meet (or has not been verified to meet) the licensure and certification requirements for Nursing in the following states:

Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Philosophy Department

Philosophy explores fundamental questions about ourselves and our world. What can we know? How should we live? What makes a society just? Are we free to choose who we become? Studying philosophy brings you into conversation with thinkers from different cultures and traditions, inviting you to question familiar assumptions, consider new possibilities, and develop views of your own.

Philosophy cultivates abilities you can use in every area of life: reading carefully, thinking critically and creatively, constructing and evaluating arguments, and expressing complex ideas clearly in speech and writing. You will learn to identify sources of disagreement, respond thoughtfully to objections, and make decisions supported by good reasons. These abilities enrich your education, prepare you for a wide range of careers, and help you address the questions that matter to you and your community.

The Department offers a major leading to the B.A. in Philosophy. Students may choose between two sub-plans: Ethics and Public Policy, and Knowledge and Reality. The Department also offers a minor in Philosophy. Students may choose from six options: Philosophy (General); Business, Society, and Law; The Diverse World; Logic and Language; Understanding Science; and Wellbeing and the Helping Professions. In addition, the Department houses three interdisciplinary minors: Disability Studies, Religious Science, and Critical and Transformative Thinking. It also houses the Interdisciplinary Center for Human Rights and Peace Studies and participates in the interdisciplinary program in Linguistics.

Programs

Critical and Transformative Thinking - CTT-MIN

General

Program Description
The Minor in Critical and Transformative Thinking provides students with the opportunity to specialize in courses centered on primary-source texts that address and express the history, philosophy and experiences of members of underrepresented groups from the authors' own points of view. The minor thus expands the canon, exposing students to views and narratives that have roots in their own communities.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements

Type
Completion Requirement

Students must take the following four courses (12 credits), at least two of which must be at the 300 level or higher.

Earn at least 12 credits from the following:

- CTT 100 - Introduction to Critical and Transformative Thinking
- CTT 200 - Intermediate Critical and Transformative Thinking
- CTT 365 - Advanced Topics in Critical and Transformative Thinking
- CTT 480 - Seminar in Critical and Transformative Thinking

Disability Studies - DISA-MIN

General

CIP Code
45.9999

Program Description
The minor in Disability Studies consists of four courses (12-13 credits), at least two of which must be at the 300-level or higher.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 12 credits

Minor Requirements - Required Course

Type
Completion Requirement

Earn at least 12 credits

- 9-10 credits. In Disability Studies, any three DST courses.

Complete at least 1 of the following courses:

- THR 221 - Introduction to Recreational Therapy
- REH 220 - Introduction to Developmental Disabilities
- REH 240 - Principles of Psychiatric Rehabilitation
- POL 318 - Politics of Health
- SOC 305 - Sociology of Health Care
- SPV 101 - Introduction to American Sign Language I
- SPV 102 - Introduction to American Sign Language II

Philosophy - PHIL-BA

General

HEGIS Code
1509.00

CIP Code
38.0101

Program Description
Students who Major in Philosophy may choose either Option A: Knowledge and Reality or Option B: Ethics and Public Policy.

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 90 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Laboratory Science

Complete at least 1 of the following courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits

PHY167 General Physics II	General Physics II	5
PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College

Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits

PHY167 General Physics II	General Physics II	5

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:
- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 27 credits

Major Requirements - Option A: Knowledge and Reality

Type
Completion Requirement

Fulfill ALL of the following requirements:

Category 1: Logic

Earn at least 3 credits from the following:
- PHI 170 - Introduction to Logic
- PHI 230 - Intermediate Logic

AND

Category 2: Introductory Courses

Earn at least 3 credits from the following:
- PHI 169 - Critical Reasoning
- PHI 171 - Problems of Philosophy
- PHI 172 - Contemporary Moral Issues
- PHI 173 - Justice and Society
- PHI 174 - Theories of Human Nature
- PHI 175 - Philosophy of Religion
- PHI 176 - Philosophy of Freedom
- PHI 177 - Philosophy of Contemporary Music

AND

Category 3: Knowledge, Language, and Mind

Complete at least 2 of the following courses:

- PHI 231 - Philosophy of Language
- PHI 237 - Issues in the Philosophy of Religion
- PHI 349 - Philosophy of Mind
- PHI 353 - Philosophy of Science
- PHI 354 - Philosophy of the Social Sciences
- PHI 355 - Theory of Knowledge
- PHI 356 - Metaphysics
- PHI 357 - Educating Kings and Citizens

AND

Category 4: Ethics, Politics, and Aesthetics

Complete at least 2 of the following courses:

- PHI 218 - Fundamentals of Human Rights and Peace
- PHI 221 - Ethical Issues in Computing and Technology
- PHI 232 - Classical Ethical Theories
- PHI 233 - Aesthetics
- PHI 234 - Philosophy of Law
- PHI 235 - Political Philosophy
- PHI 236 - Social Philosophy
- PHI 239 - Philosophical Ideas in Literature
- PHI 247 - Environmental Ethics
- PHI 248 - Philosophy and Film
- PHI 250 - Contemporary Social Ethics
- PHI 330 - Business Ethics
- PHI 336 - Disability, Ethics and the Body

Reasoning and Exposition - REAEXP-MIN

General

CIP Code
24.0101

Program Description
The Interdisciplinary Minor in Reasoning and Exposition provides students with courses that develop skills of critical thinking, quantitative literacy, and persuasive communication. While these are outcomes for many, if not most liberal arts and sciences courses, this minor allows for their concentrated and sustained development. Students completing this minor will develop capacities for thought, understanding and expression essential for graduate research and professional programs.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 19 credits

Minor Requirements - Required Course

Type
Completion Requirement

Students satisfy the requirements by taking the following six courses

Complete ALL of the following Courses:

- PHI 169 - Critical Reasoning
- PHI 170 - Introduction to Logic
- ENW 201 - Writing Essentials
- PHI 230 - Intermediate Logic
- SOC 348 - Reasoning with Data
- PHI 4010 - Critical Thinking in Practice

Religious Studies - REL-MIN

General

HEGIS Code
1510.00

CIP Code
38.0201

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 12 credits

Minor Requierements - Core Courses

Type
Completion Requirement

The minor in Religious Studies consists of four courses (12 credits) from the following list, at least two of which must be at the 300-level or higher.

Earn at least 12 credits from the following:

- PHI 175 - Philosophy of Religion
  OR REL 175 - Philosophy of Religion
- REL 200 - Introduction to Religious Studies
- HIS 249 - Islamic Civilization

Physics and Astronomy Department

The Department of Physics and Astronomy prepares students for positions in government and industry and for graduate study in physics and related fields. Students in the Department may choose either a 38-credit major leading to a B.A. degree or a 60-credit major leading to a B.S. degree. The Department also offers a variety of basic courses designed for general education and for students in other departments, and cooperates with the Department of Middle and High School Education in preparing students to teach physics in secondary schools.

The Department of Physics and Astronomy also administers the Pre-Engineering Transfer Program . See the description of the requirements for this program earlier in this Bulletin, in the chapter entitled "Baccalaureate Programs."

Programs

Digital Technology and Electronics - DTE-CERT

General

HEGIS Code
5310.00

CIP Code
15.0303

Program Description

The Certificate in Digital Technology and Electronics consists of 23 course credits covering electronics and computer programming and organization. The courses, offered by the Department of Physics and Astronomy and the Department of Computer Science, lead to a culminating internship or research experience. The Certificate is intended for

- Science majors, especially those interested in experimental science who need a working knowledge of electronic technology
- Computer science majors who want hands-on experience with electronic circuits and their use in computer architecture and engineering
- Students in the sciences and in other fields interested in careers involving digital technology and electronic devices

The Certificate provides students with a working knowledge of analog and digital circuit design, computer architecture and engineering, and both high-level and machine-level computer programming. Students are given the hands-on experience of working in teams to design, construct and program a functioning computer system.

Requirements

Simple Requirements

(No Requirement Levels)

Program Requirements - Overall

Type
Completion Requirement

Earn at least 23 credits

Program Requirements - Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete at least 6 of the following courses:

- PHY 165 - Applied Physics
- PHY 305 - Analog Circuits
- PHY 315 - Digital Circuits and Systems
- CMP 167 - Programming Methods I
- CMP 168 - Programming Methods II
- CMP 334 - Computer Organization

PHY165 Applied Physics*: Students may take* PHY167 General Physics II *or* PHY169 PHY II Scientists & Engineers *in place of* PHY165 Applied Physics.

AND

Complete at least 1 of the following courses:

- CMP 487 - Internship in Computer Science
  OR PHY 487 - Internship in Physics
  OR PHY 489 - Honors Course

Digital Technology and Electronics - DTE-MIN

General

CIP Code
09.0702

Program Description
The Minor in Digital Technology and Electronics consists of 20 course credits covering electronics and computer programming and organization. The courses are offered by the Department of Physics and Astronomy and the Department of Computer Science. The Certificate is intended for

- Science majors, especially those interested in experimental science who need a working knowledge of electronic technology
- Computer science majors who want hands-on experience with electronic circuits and their use in computer architecture and engineering
- Students in the sciences and in other fields interested in careers involving digital technology and electronic devices

The Minor provides students with a working knowledge of analog and digital circuit design, computer architecture and engineering, and both high-level and machine-level computer programming. Students are given the hands-on experience of working in teams to design, construct and program a functioning computer system.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 20 credits

Minor Requirements - Required Course

Type
Completion Requirement

10 credits required in PHY courses

Complete ALL of the following Courses:
- PHY 165 - Applied Physics
- PHY 305 - Analog Circuits
- PHY 315 - Digital Circuits and Systems
- Students may take PHY 167 or PHY 169 in place of PHY 165.

10 credits required in CMP courses

Complete ALL of the following Courses:
- CMP 167 - Programming Methods I
- CMP 168 - Programming Methods II
- CMP 334 - Computer Organization

Physics - PHYS-BA

General

HEGIS Code
1902.00

CIP Code
40.0801

Program Description
The B.A. program in Physics is designed for students who, although not planning a career in physics research or college-level teaching, have a strong interest in physical science, particularly physics, and wish to prepare for a career in which a good basic knowledge of physics is useful. Among such careers are the health professions, elementary and secondary school science teaching, patent-law practice, industrial management, and science journalism.

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 90 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:
- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:
- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Laboratory Science

Complete at least 1 of the following courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4
ANT269 Introd to Human Variation	Introduction to Human Variation	4
AST117 Astronomy of Stellar Systems	Astronomy of Stellar Systems	4
BIO166 Princip of Biology:Cells&Genes	Principles of Biology: Cells and Genes	4

BIO181 Anatomy and Physiology I	Anatomy and Physiology I	4
BIO182 Anatomy and Physiology II	Anatomy and Physiology II	4
BIO183 Human Biology	Human Biology	4
CHE114 Essntls of Gen Chemistry-Lec And CHE115 Essntls of Gen Chemistry-Lab	Essentials of General Chemistry Lecture And Essentials of General Chemistry Laboratory	3 And 1.5
CHE166 General Chemistry I And CHE167 General Chemistry Laboratory I	General Chemistry I And General Chemistry Laboratory I	4 And 1.5
CHE168 General Chemistry 2 And CHE169 General Chemistry Lab II	General Chemistry II And General Chemistry Laboratory II	4 And 1.5
GEO101 Dynamic Earth	Dynamic Earth	3
GEO167 Earth Evolution	Earth Evolution	3
GEP204 Basic Map: Applctns & Analysis	Basic Mapping: Applications and Analysis	3
PHY135 Fund Concepts&Methods Physics	Fundamental Concepts and Methods of Physics	4
PHY140 The Physics of Sound	The Physics of Sound	3.5
PHY166 General Physics I	General Physics I	5
PHY167 General Physics II	General Physics II	5

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4
ANT269 Introd to Human Variation	Introduction to Human Variation	4

PHY166 General Physics I	General Physics I	5
PHY167 General Physics II	General Physics II	5
PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:

- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 38 credits

Major Requirements - Required Courses

Type
Completion Requirement

Complete ALL of the following Courses:
- PHY 168 - Physics I Scientists and Engineers
- PHY 169 - Physics II for Scientists and Engineers
- PHY 207 - Mathematics for the Physical Sciences
- PHY 168, PHY 169: With permission from the Chair students may take PHY 166, PHY 167 in place of PHY 168, PHY 169.

Major Requirements - Elective Courses

Type
Completion Requirement

Earn at least 12 credits from the following:
- Physics Electives 200 Level and Above
- Astronomy Electives 200 Level and Above
- With permission from the Chair one of these additional courses may be at the 100 level.
- No more than one of these additional courses may be chosen from PHY 487 and PHY 489.

Major Requirements - Mathematics Courses

Type
Completion Requirement

Complete ALL of the following Courses:
- MAT 175 - Calculus I
- MAT 176 - Calculus II
- MAT 226 - Vector Calculus

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Physics - PHYS-BS

General

HEGIS Code
1902.00

CIP Code
40.0801

Program Description
The B.S. program in Physics is designed for students who are planning a career in physics research and/or college-level teaching. Any student following this program may select the B.A. degree instead of the B.S. degree.

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Science

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 60 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Laboratory Science

Complete at least 1 of the following courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4
ANT269 Introd to Human Variation	Introduction to Human Variation	4
AST117 Astronomy of Stellar Systems	Astronomy of Stellar Systems	4
BIO166 Princip of Biology:Cells&Genes	Principles of Biology: Cells and Genes	4
BIO167 Principles of Bio: Organisms	Principles of Biology: Organisms	4
BIO181 Anatomy and Physiology I	Anatomy and Physiology I	4
BIO182 Anatomy and Physiology II	Anatomy and Physiology II	4
BIO183 Human Biology	Human Biology	4
CHE114 Essntls of Gen Chemistry-Lec And CHE115 Essntls of Gen Chemistry-Lab	Essentials of General Chemistry Lecture And Essentials of General Chemistry Laboratory	3 And 1.5
CHE166 General Chemistry I And CHE167 General Chemistry Laboratory I	General Chemistry I And General Chemistry Laboratory I	4 And 1.5
CHE168 General Chemistry 2 And CHE169 General Chemistry Lab II	General Chemistry II And General Chemistry Laboratory II	4 And 1.5
GEO101 Dynamic Earth	Dynamic Earth	3
GEO167 Earth Evolution	Earth Evolution	3
GEP204 Basic Map: Applctns & Analysis	Basic Mapping: Applications and Analysis	3
PHY135 Fund Concepts&Methods Physics	Fundamental Concepts and Methods of Physics	4
PHY140 The Physics of Sound	The Physics of Sound	3.5
PHY166 General Physics I	General Physics I	5
PHY167 General Physics II	General Physics II	5
PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College

Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4
ANT269 Introd to Human Variation	Introduction to Human Variation	4

PHY166 General Physics I	General Physics I	5
PHY167 General Physics II	General Physics II	5

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:
- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 60 credits

Major Requirements - Required Physics Courses

Type
Completion Requirement

Complete ALL of the following Courses:
- PHY 168 - Physics I Scientists and Engineers
- PHY 169 - Physics II for Scientists and Engineers
- PHY 207 - Mathematics for the Physical Sciences
- PHY 241 - Modern Physics
- PHY 251 - Modern Physics Laboratory
- PHY 301 - Intermediate Electricity and Magnetism
- PHY 302 - Intermediate Mechanics
- PHY 303 - Thermodynamics and Statistical Mechanics
- PHY 400 - Introductory Quantum Mechanics
- PHY 168, PHY 169: With permission from the Chair students may take PHY 166, PHY 167 in place of PHY 168, PHY 169.

Major Requirements - Elective Physics or Astronomy Courses

Type
Completion Requirement

Earn at least 6 credits from the following:

- Physics Electives 200 Level and Above
- Astronomy Electives 200 Level and Above
- With permission from the Chair one of these additional courses may be at the 100 level.

Major Electives - Mathematics Courses

Type
Completion Requirement

Complete ALL of the following Courses:
- MAT 175 - Calculus I
- MAT 176 - Calculus II
- MAT 226 - Vector Calculus

Major Requirements - Mathematics Electives

Type
Completion Requirement

Earn at least 6 credits from the following:
- Mathematics Electives 200 Level and Above

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Physics - PHYS-MIN

General

CIP Code
40.0801

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 19 credits

Minor Requirements - Required Course

Type
Completion Requirement

10 credits required in PHY courses

Complete at least 2 of the following courses:

- PHY 166 - General Physics I
- PHY 167 - General Physics II
- PHY 168 - Physics I Scientists and Engineers
- PHY 169 - Physics II for Scientists and Engineers

9 credits in at least three additional PHY or AST courses at the 200 level or above:

With permission from the Chair one of these additional courses may be at the 100 level. No more than one of these additional courses may be chosen from PHY 487 and PHY 489.

Physics Teacher - PHYTE-BA

General

HEGIS Code
1902.00

CIP Code
13.1329

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least undefined credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Complete ALL of the following Courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4
ANT269 Introd to Human Variation	Introduction to Human Variation	4
AST117 Astronomy of Stellar Systems	Astronomy of Stellar Systems	4
BIO166 Princip of Biology:Cells&Genes	Principles of Biology: Cells and Genes	4
BIO167 Principles of Bio: Organisms	Principles of Biology: Organisms	4
BIO181 Anatomy and Physiology I	Anatomy and Physiology I	4
BIO182 Anatomy and Physiology II	Anatomy and Physiology II	4
BIO183 Human Biology	Human Biology	4
CHE114 Essntls of Gen Chemistry-Lec And CHE115 Essntls of Gen Chemistry-Lab	Essentials of General Chemistry Lecture And Essentials of General Chemistry Laboratory	3 And 1.5
CHE166 General Chemistry I And CHE167 General Chemistry Laboratory I	General Chemistry I And General Chemistry Laboratory I	4 And 1.5
CHE168 General Chemistry 2 And CHE169 General Chemistry Lab II	General Chemistry II And General Chemistry Laboratory II	4 And 1.5
GEO101 Dynamic Earth	Dynamic Earth	3
GEO167 Earth Evolution	Earth Evolution	3
GEP204 Basic Map: Applctns & Analysis	Basic Mapping: Applications and Analysis	3
PHY135 Fund Concepts&Methods Physics	Fundamental Concepts and Methods of Physics	4
PHY140 The Physics of Sound	The Physics of Sound	3.5
PHY166 General Physics I	General Physics I	5
PHY167 General Physics II	General Physics II	5
PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College

Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete at least 1 course in the following course sets:
- Flexible Core World Cultures and Global Issues

AND

Complete at least 1 course in the following course sets:
- Flexible Core U.S. Experience in Its Diversity

AND

Complete at least 1 course in the following course sets:
- Flexible Core Creative Expression

AND

Complete at least 1 course in the following course sets:
- Flexible Core Individual and Society

AND

Complete at least 1 course in the following course sets:
- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits

PHY167 General Physics II	General Physics II	5

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:
- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Courses

AST 101 - Introduction to Astronomy (3 cr)

General

Course Title
Introduction to Astronomy

Catalog Description
Basic exploration of the science of astronomy and what it has taught us about our place in the universe. Topics include the history of astronomy, scales of the universe, the night sky, the moon, planets of the solar system, the Sun, Earth as an astronomical body, and life in the universe.Note: Only one of the following courses may be taken for credit: AST 101 or AST 117.

PHY 140 - The Physics of Sound (3.5 cr)

General

Course Title
The Physics of Sound

Catalog Description
Harmonic motion, waves, perception and measurement of sound, the physics of musical instruments and human voice, electrical reproduction of sound, acoustics of rooms, and environmental noise. Note: Recommended for students of Speech, Language, and Hearing Sciences to fulfill the requirements for ASHA certification. It is also appropriate for students who are interested in the physics of music.

PHY 207 - Mathematics for the Physical Sciences (4 cr)

General

Course Title
Mathematics for the Physical Sciences

Catalog Description
Mathematical techniques applied to solving physical problems. Techniques used include differential and integral calculus of one and many variables, infinite series, complex numbers, functions of complex variables, vector calculus, matrices and determinants, linear vector spaces, differential equations.PREREQ: MAT 176 or permission of the instructor

PHY 215 - Medical Physics (4 cr)

General

Course Title
Medical Physics

Catalog Description
Physical principles applied to physiology, circulation, respiration. Atomic and nuclear physics applications to imaging, therapy, radiation protection, dosimetry. Medical applications of accelerator beams: electrons, protons, heavy ions, Doppler and pulse-echo ultrasonic measurements. Feedback networks and neural systems. Instrumentation.PREREQ: PHY 166 and 167 or PHY 168 and 169, or the equivalent (including courses in anatomy and physiology), with Departmental approval.

Political Science Department

The Political Science curriculum develops students' understanding of political institutions, ideas, behavior, and public policy in the United States and around the world. The major includes coursework in American politics, comparative politics, international relations, political theory, public policy and administration, law and courts, and methodology. Students learn to analyze text and evidence, conduct research, and construct arguments. These skills prepare graduates for careers in government and public service, law, education, journalism, advocacy, nonprofit and international organizations, research, and business.

Careers in Government and Public Service:

Students interested in government, public policy, administration, or nonprofit work may take courses in American, comparative, and international politics; public policy and public administration; urban and New York politics; campaigns and elections; and research methods.

Careers in Law:

While no prescribed pre-law course of study is required for admission to law school, Political Science is a traditional undergraduate major for law students. Political Science provides strong preparation for law school by developing analytical research, reasoning, and writing skills, and by offering courses in constitutional law, jurisprudence, criminal justice, and law and technology.

Teaching and Other Careers:

Political Science also provides a foundation for careers in teaching, journalism, advocacy, social and political research, business, and electoral politics. Students interested in elementary or secondary teaching should consult the School of Education about programs leading to New York State certification.

Internships:

Students may earn academic credit for approved internships through POL470 Sem & Intrn Pgrm NYC Govt, POL471 Semin&Intrn Prog-Law, and other internship courses. CUNY programs offer placement in New York City government and public-affairs organizations, as well as full-time, paid legislative internships with the New York State Senate and Assembly in Albany. Students should consult the department before applying or registering.

Programs

Environmental Policy - ENVPOL-MIN

General

CIP Code
03.0209

Program Description
The field of environmental policy requires students and practitioners to understand the intersections of multiple disciplines (e.g., environmental science, biology, ecology, economics, philosophy, ethics) and how these relationships influence environmental policy discussions. The minor provides opportunities for students majoring in related disciplines such as biology, earth science, and environmental science to specialize in an area of public policy with direct relevance to their major.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 15 credits
15-17 credits

Minor Requirements - Core Courses

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- ENV 210 - Introduction to Environmental Science

AND

Earn at least 3 credits from the following:
- POL 211 - Public Policy
- POL 275 - Introduction to Environmental Policy and Economics

AND

Complete at least 3 of the following courses:
- ENV 235 - Conservation of the Environment
- ENV 270 - Environmental Pollution
- POL 275 - Introduction to Environmental Policy and Economics
- ENV 326 - Environmental Policy
- POL 350 - Political Demography
- POL 359 - Science, Policy, and Politics
- POL 366 - Global Political Economy
- POL 368 - Global Environmental Politics
- POL 372 - Politics and human survival
- POL 380 - Climate Change: Science, Society, and Politics

Global Studies - GLOB-MIN

Type
Completion Requirement

Complete ALL of the following Courses:
- POL 240 - International Politics
- POL 241 - Globalization

Complete at least 3 of the following courses:
- POL 328 - Comparative and Global Perspectives on Gender and Politics
- POL 339 - Human Rights
- POL 343 - International and Regional Organizations
- POL 344 - International Law
- POL 345 - Integration of the Americas
- POL 347 - The Law of Diplomacy, Treaties, and War
- POL 348 - International Conflict and Conflict Resolutions
- POL 3520 - Special Topics in Human Rights and Peace Studies
- POL 350 - Political Demography
- POL 364 - Capitalism and Its Critics
- POL 366 - Global Political Economy
- POL 369 - Global Justice
- POL 4720 - Model United Nations
- POL 4730 - Internship in Human Rights and Peace Studies

- For POL 4720 3 credits (maximum 6 credits).

Law and Government - LAWG-MIN

General

CIP Code
22.0101

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 18 credits
- POL 303, POL 304: At least one of POL 303 or POL 304 must be chosen.

Minor Requirements - Required Course

Type
Completion Requirement

Earn at least 9 credits from the following:
- POL 166 - American Political System
- POL 227 - Political Thought II: Modern
- POL 302 - Policy and the Judiciary

Earn at least 3 credits from the following:
- POL 303 - Constitutional Law: Government Structures and Powers
- POL 304 - Constitutional Law: Personal Rights and Liberties

Elective Courses

Earn at least 6 credits from the following:
- POL 301 - Legislative Politics
- POL 303 - Constitutional Law: Government Structures and Powers
- POL 304 - Constitutional Law: Personal Rights and Liberties
- POL 312 - Jurisprudence
- POL 340 - Law in Action
- POL 344 - International Law
- POL 470 - Seminar and Internship Program in New York Government
- POL 471 - Seminar and Internship Program in Law

Political Science - POL-BA

General

45.1001

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 90 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:
- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:
- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Laboratory Science

Complete at least 1 of the following courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4
ANT269 Introd to Human Variation	Introduction to Human Variation	4
AST117 Astronomy of Stellar Systems	Astronomy of Stellar Systems	4

PHY167 General Physics II	General Physics II	5

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:

- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 39 credits

Major Requirements - Required Courses

Type
Completion Requirement

Fulfill ALL of the following requirements:

First component of the major

Earn at least 9 credits from the following:

- POL 166 - American Political System
- POL 245 - Political Analysis and Interpretation
  OR POL 331 - Methods of Social Research.
- POL 226 - Political Thought I: Classical to Medieval
  OR POL 227 - Political Thought II: Modern
  OR POL 228 - Democracy and Its Critics
  OR POL 229 - Classical Political Economy
  OR POL 319 - Political Thought III: Contemporary
  OR POL 321 - American Political Thought
  OR POL 322 - Non-Western Political Thought
- POL 166 - American Political System
  AND POL 245 - Political Analysis and Interpretation
- One course in methods chosen from POL245 Pol Analysis & Interpretation or POL331 Methods of Social Research..

AND

Second component of the major

One course in political theory chosen from:

Complete at least 1 of the following courses:

- POL 226 - Political Thought I: Classical to Medieval
- POL 227 - Political Thought II: Modern
- POL 228 - Democracy and Its Critics
- POL 229 - Classical Political Economy
- POL 319 - Political Thought III: Contemporary
- POL 321 - American Political Thought
- POL 322 - Non-Western Political Thought

Major Requirements - Elective Courses

Type
Completion Requirement

Third Component of the major

Earn at least 30 credits from the following:

- Political Science Electives 200 to 400 Level
- Four of the elective POL courses must be on a 200-level and at least five additional elective POL courses must be at the 300 or 400-level.
- Students may choose any combination of courses in the subfields of study covered in Political Science.

Major Requirements - Departmental Honors

Type
Completion Requirement

Complete ALL of the following Courses:

- POL 481 - Honors Tutorial
- Students who wish to qualify for Departmental honors are required to take POL 481

Mandatory Professional Licensure Disclosure

Type
Completion Requirement

Additional Comments:
New York State prides itself in the high quality of its licensed and certified professionals. For the protection of its citizens, each license and certificate has requirements that individuals must meet in order to be licensed or certified in New York State. CUNY's academic programs leading to licensure or certification are carefully designed to meet and exceed these State requirements. This is a role CUNY plays in protecting the public. Other states frequently have their own requirements, so if your goal is to practice in another state, this disclosure will help you check to see what that state requires.

Per U.S. Federal Regulations, §668.14 and §668.43, and in compliance with the SARA Policy Manual, CUNY Lehman College provides the following disclosure related to the educational requirements for professional licensure and certification.

This Disclosure is strictly limited to the CUNY Lehman College determination of whether this academic program, that if successfully completed, would be sufficient to meet the educational licensure or certification requirements in a State for Teaching. CUNY Lehman College cannot provide verification of an individual's ability to meet licensure or

certification requirements unrelated to its educational programming. Such individual determinations are made by state licensing boards and are fact-specific determinations.

This disclosure does **not** provide any guarantee that any particular state licensure or certification entity will approve or deny your application. Furthermore, this disclosure does **not** account for changes in state law or regulation that may affect your application for licensure and occur after this disclosure has been made. **Enrolled students and prospective students are strongly encouraged to contact their state's licensure entity using the links provided to review all licensure and certification requirements imposed by their state(s) of choice.**

CUNY Lehman College has determined this academic program curricula, if successfully completed, **is sufficient to meet** the licensure and certification requirements for an initial teaching certification license in the following states:

New York State: New York State Education Department Teacher Certification

CUNY Lehman College has made no determination that the curricula is **insufficient to meet** the licensure and certification requirements for initial teaching certification in any of the 50 states and territories. After making all reasonable efforts, CUNY Lehman College **cannot determine** whether its educational programs curricula for this academic program, if successfully completed, is sufficient to meet the licensure and certification requirements for certification in the following states:

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute "Writing Intensive" when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Complete ALL of the following Courses:
- POL 166 - American Political System

12 credits POL courses at the 200, 300, or 400 level
- POL courses at the 200, 300, or 400 level: At least 6 of these 12 credits must be at the 300- or 400-level.

Urban Community Developmnt - URB-MIN

General

CIP Code
04.0301

Program Description
Director: Duran Fiack

Steering Committee: Mario Gonzalez-Corzo, David Fletcher, Dene Hurley, Juliana Maantay, Shehzad Nadeem, Joseph Rachlin, Milagros Ricourt, Robyn Spencer, Elin Waring.

This interdisciplinary program is designed to introduce students to a variety of topics and issues in urban community development. Students will be exposed to community-based local, national, and international social, political, and economic analyses, as well as to political figures, philosophies, theories, and movements. The minor is designed especially for students who wish to combine an interest in community development with majors such as African and African American Studies, Anthropology, Economics, Geography, History, Latin American and Puerto Rican Studies, Philosophy, Political Science, and Sociology.

Degree Requirements
Students will satisfy the College requirement of a minor field by taking four courses (12-15 credits), at least two of which must be at the 300 level or higher.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 12 credits

Minor Requirements - Required Course

Type
Completion Requirement

Earn at least 3 credits from the following:
- AAS 226 - Community Organization

Fieldwork Courses

Earn at least 3 credits from the following:
- AAS 470 - Fieldwork in the African American Community
- ESC 475 - Community Change Model: Creating New Communities
- SOC 470 - Seminar and Internship Program in New York City Government
- One fieldwork course in community service to be chosen from the list of fieldwork courses for the Urban Community Development Minor and approved by a member of the Steering Committee.

Elective Courses

Earn at least 6 credits from the following:
- AAS 316 - Introduction to Community Development and Planning

- ANT 342 - Anthropology of Cities
- ECO 314 - Urban Economics
- GEP 230 - Urban Environmental Management
- GEH 240 - Urban Geography
- HIU 333 - American Urban History
- HIU 347 - The Mainland Borough: The Bronx as a City in History
- HIU 348 - History of New York: City and State
- LAC 238 - Selected Studies in Societies and Cultures (Latin America)
- POL 211 - Public Policy
- POL 305 - Public Administration

POL 4730 - Internship in Human Rights and Peace Studies (3 cr)

General

Course Title
Internship in Human Rights and Peace Studies

Catalog Description
A supervised internship enabling students to acquire professional experience in areas related to human rights and security protections. Permission from the Instructor. Note: Students are responsible for locating and arranging the internship but are encouraged to first consult with the mentoring faculty on suitable organizations.

Course Attributes

SPS 475 - Special Studies in Political Science: Summer and Spring Internships (6-15 cr)

General

Course Title
Special Studies in Political Science: Summer and Spring Internships

Catalog Description
The Summer Session CUNY Washington Internship, sponsored by CUNY's Rogowsky Internship Program in Government and Public Affairs, is selective and highly competitive (for applications see the Program advisor in the Department of Political Science). Students spend the month of June and most of the month of July in Washington, working full time at their internship sites, primarily in Congressional and other Federal offices. The program includes evening academic activities in Washington, overseen by the Rogowsky staff, as well as a required journal and term paper. The spring Albany Internship is the New York State Assembly Session Internship and includes the internship itself (full days Monday through Friday), as well as other academic components and a course, taught by two professors in residence during the evenings. Students are in Albany from the first week of January through the middle of May. PREREQ: Departmental permission.

Psychology Department

The undergraduate program in Psychology is intended to serve three principal objectives: (1) to contribute to the liberal education of all students by providing an understanding of psychology as a science and as a profession; (2) to provide an understanding of psychological principles and techniques for those students interested in working in other behavioral and social sciences and in professional fields such as education, social work, and medicine; and (3) to establish a sound foundation for those planning to pursue graduate studies in psychology that can lead to careers in college teaching, scientific research, clinical psychology, and school psychology or to professional work in industry, government, and social agencies.

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 90 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Laboratory Science

Complete at least 1 of the following courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College

Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:
- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 35 credits

Major Requirements - Required Courses

Type
Completion Requirement

Earn at least 14 credits from the following:
- PSY 166 - General Psychology
- PSY 302 - Research Methods I
- PSY 303 - Research Methods II
- PSY 348 - History of Psychology
- The pre-requisite for PSY 302 is PSY 226 (4 credits) or MAT 132 (4 credits), or MAT 172 (4 credits) or MAT 174 (4 credits) or MAT 175 (4 credits) or both MAT 108 (2 credits) and MAT 171 (4 credits) many of which can be used to fulfill General Education requirements. Students who complete the pre-requisite before declaring the major may complete the major in less than 42 credits. MAT 135 cannot be used to satisfy the pre-requisite for PSY 302.

Major Requirements - Distribution Block 1

Type
Completion Requirement

Complete Two (2) Courses

Fulfill ALL of the following requirements:

Option 1

Complete ANY of the following Courses:

- PSY 217 - Child Psychology
- PSY 218 - Psychology of Adolescence
- PSY 219 - Psychology of Adulthood and Aging

AND

Option 2

Complete ANY of the following Courses:

- PSY 234 - Abnormal Psychology
- PSY 255 - Theories of Personality

AND

Option 3

Complete ALL of the following Courses:

- PSY 240 - Industrial-Organizational Psychology
- PSY 260 - Social Psychology

Major Requirements - Distribution Block 2

Type
Completion Requirement

Complete Two (2) Courses

Fulfill ALL of the following requirements:

Option 1

Complete ANY of the following Courses:

- PSY 310 - Psychology of Learning
- PSY 245 - Psychological Testing and Assessment

AND

Option 2

Complete ANY of the following Courses:

- PSY 314 - Cognitive Psychology
- PSY 317 - Psychology of Sensation and Perception

AND

Option 3

Complete ANY of the following Courses:

- PSY 316 - Physiological Psychology
- PSY 366 - Clinical Neuropsychology

Major Requirements - Elective Courses

Type
Completion Requirement

Earn at least 9 credits from the following:

- Psychology Electives 200 to 400 Level
- Students must complete at least THREE Psychology electives which may include any 200-, 300-, or 400-level Psychology course not completed to satisfy a required or distribution area previously listed. This area may include PSY 200 which was formerly PSY 165. PSY 485 may be used once as a Psychology Free Elective. PSY 495 cannot be used as a Psychology Free Elective.

Major Requirements - Departmental Honors

Type
Completion Requirement

Complete ALL of the following Courses:

- PSY 485 - Independent Study in Psychology
- PSY 495 - Honors Research in Psychology

Additional Comments:

- Students who wish to qualify for Departmental honors are required to complete PSY 485 and PSY 495.
- PSY 485: May be used to fulfill the requirements of the major as a Psychology Free Elective.

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Psychology - PSYC-MIN

General

CIP Code
42.0101

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 12 credits

Minor Requirements - Required Course

Type
Completion Requirement

The minor consists of four courses, of which at least two must be at the 300 level or above.

- Note that **PSY 166**, a prerequisite to all courses in the minor, cannot be counted toward the minor.

Courses

PSY 135 - Psychology of Personal Adjustment (3 cr)

General

Course Title
Psychology of Personal Adjustment

Catalog Description
Application of psychological concepts to everyday life, with a focus on the description and understanding of human behavior. Includes topics such as personality, normal and abnormal behavior, and adjustment to stress.NOTE: This course does not fulfill distribution requirements or requirements for a major or minor in Psychology.

Social Work Department

The undergraduate program in Social Work, which leads to a Bachelor of Arts degree with a Major in Social Work, prepares students for entry-level, generalist social work practice in urban social service agencies and organizations. The program fulfills the requirements of the New York State Education Department and is fully accredited by the Council on Social Work Education. The program is designed as an in-person program and offers social work courses required for the Major in both day and evening sections. Some courses may also be available on the weekend or online.

All Social Work majors must complete the 55 or 58 (CASAC-T) credits required for the major. Social Work cannot be taken as a minor. No credit for life experience will be given for any courses required for the Social Work Major.

Career Preparation for Social Work Majors: The program in Social Work builds upon a liberal arts base and integrates knowledge from required study areas with the professional social work curriculum, specifically as it applies to an understanding of human behavior, human diversity, political and social systems, research-based practice, and the helping process. Senior students in the program complete a two-semester practicum placement in which they spend two days a week in one of many community agencies that provide services to children, adults, families, and communities. Graduates of the program will have mastered the competencies of the profession and gained the knowledge, values, and skills essential for ethical, competent, and effective practice with diverse individuals, groups, communities, and organizations in the urban environment. Students will be prepared for beginning generalist social work practice in fields such as child and family welfare, gerontology, substance abuse, health, mental health, developmental disabilities, immigration, and homelessness.

Since the program is accredited, B.A. social work graduates interested in pursuing an M.S.W. degree may apply for *advanced standing status* in a graduate program in social work.

The undergraduate (B.A. social work) and graduate (M.S.W.) programs are separate, with different admissions requirements and application procedures. It is important that students applying to the undergraduate program with the intention of continuing with graduate studies in Social Work understand that acceptance into the undergraduate program in no way implies or facilitates acceptance into the Lehman College M.S.W. program.

Admission to the Program

The Application Form to the Undergraduate Social Work Program is available online through Lehman's Undergraduate Social Work website. The application opens during the first week of March each academic year and closes in mid-June. For the actual date, please visit the BASW website.

This application is separate from the application to Lehman College. Students' applications for admission to the Social Work program will be considered based on the completion of the following requirements, or completed during the semester in which they are submitting their application:

- Minimum of 54 college credits (prior to the beginning of the program).
- Introduction to Social Work and Social Welfare (**SWK 237**)
- Foundations of Sociology (**SOC 166**)
- Minimum cumulative index of 2.7. Note: A minimum cumulative GPA of 2.9 or higher is recommended. Admission to the program is competitive; therefore, meeting the minimum GPA requirement or the recommended GPA does not guarantee acceptance.
- Applicants must also submit essay(s).
- Individual and Group Interview may be required.

The online application link is available online via the Undergraduate Social Work website. All students are encouraged to consult the Pre- and Corequisite Guide when planning their program. To discuss eligibility for admission and to plan your program, contact the Undergraduate Social Work Program Coordinator and Advisor, in Davis Hall, Room 124 F, 718-960-6782. If interested in more information students can also fill out BA Social Work interest Form.

The following information applies to Transfer students:

- Students must be accepted to Lehman College before submitting their application to the Social Work Program.
- The above requirements may be completed at Lehman College, or the equivalent courses may be completed at other colleges previously attended, if the credits are transferable.
- All transcripts from colleges previously attended must be included with the social work application; student copies of transcripts are acceptable for this purpose.
- Transfer students with a cumulative index lower than 2.7 may apply to the Social Work Program after completing 12 credits at Lehman College and achieving a 2.7 cumulative index.

Courses in Social Work

Note: Admission into the Social Work program requires completion of 54 college credits, submission of an application to the program, completion of **SWK 237** and **SOC 166**, and achieving a minimum cumulative college index of 2.7. A minimum cumulative index of 2.9 is recommended.

Program Retention Policies

In order to remain in the program, students are required to demonstrate professional behavior consistent with the Code of Ethics of the National Association of Social Workers.

A minimum grade of "C" is required to progress in the following courses:

- from Human Behavior and the Social Environment I (**SWK 305**) to Human Behavior and the Social Environment II (**SWK 306**)
- from Social Work Practice I (**SWK 311**) to Social Work Practice II (**SWK 312**)
- from both **SWK 306** and **SWK 312** to Fieldwork Seminar I (**SWK 440**) and Fieldwork I (**SWK 470**)
- from Fieldwork Seminar I (**SWK 440**) and Fieldwork I (**SWK 470**) to Fieldwork Seminar II (**SWK 441**) and Fieldwork II (**SWK 471**).

Students with a grade of "Incomplete" in any of these courses are not eligible to begin the continuation courses or any course for which that course is a co-requisite.

A student who does not achieve a minimum grade of at least "C" in any of the following courses: **SWK 305**, **SWK 306**, **SWK 311**, **SWK 312**, **SWK 440**, and **SWK 470**, will be dropped from the Program. Students who are dropped from the Program may reapply when they have a GPA of 2.7. If readmitted, they may repeat any of these courses only once, in accordance with Lehman College policy.

Programs

Aging Interdisciplinary - AGING-MIN

General

CIP Code
45.0101

Program Description
The Interdisciplinary Minor in Aging will engage students from all Departments across different Schools within the College in a common goal of scholarship in the area of aging; it will also prepare students interested in working professionally in the field of aging. A range of relevant courses representing the College's broad curricular offerings will be available to students to provide an understanding of aging from various perspectives. The Minor will be of interest to students who are majoring in several departments in the Natural and Social Sciences, including but not limited to Anthropology, Biology, Economics, Health Sciences, Nursing, Psychology, Social Work, and Sociology, as well as to students majoring in such Arts and Sciences disciplines as Art, History, Literature, Music, and Speech-Language-Hearing Sciences.

Degree Requirements
Students will complete four courses (12 credits) at the 200- and 300-level. At least six credits must be taken in 300-level courses or a higher-level course approved by the Program. No more than 6 credits may be taken in any one department.

Students will select in consultation with their advisor from the following menu of relevant 3-credit courses offered in various departments in the Schools of Natural and Social Sciences and Health Sciences, Human Services, and Nursing:

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 90 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College

Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits

PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:
- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Option 1

Earn at least 55 credits

Option 2

Earn at least 58 credits

Major Requirements - Option 1

Type
Completion Requirement

Fulfill ALL of the following requirements:

Required Courses

Complete ALL of the following Courses:
- SWK 237 - Introduction to Social Work and Social Welfare
- SWK 239 - Social Welfare Institutions
- SWK 305 - Human Behavior and the Social Environment I
- SWK 306 - Human Behavior and the Social Environment II
- SWK 311 - Social Work Practice I
- SWK 312 - Social Work Practice II
- SWK 440 - Practicum Seminar I
- SWK 441 - Practicum Seminar II
- SWK 443 - Social Welfare Policy
- SWK 446 - Social Work Research
- SWK 470 - Practicum I

- SWK 441 - Practicum Seminar II
- SWK 470, SWK 312: Majors are expected to register for SWK 470 for the Fall semester after completing SWK 312.
- Prior to applying for (SWK 470), all students must complete the New York State mandated 2-hour “Training in Child Abuse Identification and Reporting” online at http://www.nysmandatedreporter.org. The training and a Certificate of Completion are provided at no cost. A copy of the Certificate of Completion must be submitted together with the application for (SWK 470). Students who have taken this training previously are not required to repeat it if they provide the Social Work Department with a copy of their Certificate of Completion.

AND

Elective

Earn at least 3 credits from the following:

Fulfill ALL of the following requirements:

Social Work Electives Above 312

Complete course(s) and earn credits from the following:

- SWK 342 - Social Work Policies in an Aging Society
- SWK 351 - Theoretical Perspectives of Substance Abuse
- SWK 361 - Social Work In Urban Schools
- SWK 362 - Social Services in Latino Communities
- SWK 363 - Aging in the Global Context

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Sociology Department

The course of study in the Department of Sociology provides students with the opportunity to gain basic knowledge in the sociological study of human behavior as part of their general liberal arts training, leading to the B.A. degree. The major in Sociology is available in day, evening, and weekend classes. A list of courses is contained within this chapter of the Bulletin.

Career Preparation for Sociology Majors: The program in Sociology is designed to (1) meet the academic and preprofessional needs of potential sociologists and teachers; (2) provide training in research methods, data analysis, and computer applications for those interested in pursuing a career in social research; and (3) begin to equip students for virtually any career (e.g., business, government, law, healthcare, etc.), insofar as such a career involves group settings. For students who are interested in a variety of positions calling for a knowledge of data collection and analysis, the following sequence is of importance: SOC301 Methods of Social Research (Methods of Social Research), SOC345 Quantitative Analysis Soc Data (Statistics for Social Scientists), SOC303 Adv Methods of Social Research (Advanced Methods of Social Research), SOC402 Method Data Collect & Analysis (Methods of Data Collection and Analysis) and SOC481 Advanced Tutorial in Sociology (Advanced Tutorial in Sociology).

Students interested in early childhood or elementary education should consult the Sociology Department adviser for the appropriate course selection in the major. The Department of Sociology, in cooperation with the Department of Middle and High School Education, also offers students the opportunity to prepare for teaching social studies at the secondary level. Students interested in obtaining NYS Teacher Certification should contact either that Department (Carman Hall, Room B29-A) or the Office of the Dean of Education (Carman Hall, Room B-33, 718-960-4972) for information on the most current approved program.

Programs

Data Science Methods and Applications Interdisciplinary - DATASC-MIN

General

CIP Code
30.7001

Program Description
The 15 to 18-credit interdisciplinary minor in data science methods and applications is appropriate for students in majors across various disciplines who are interested in learning methods for working with big, complex, and/or "messy" data and application to real world topics. The minor provides students with interdisciplinary course work focused on obtaining, managing, analyzing, interpreting and communicating about data in all of its forms. Students will learn Python and R programming, as well as other languages used by data scientists.

Coordinator: Jennifer Laird, Sociology

Members:

Nikolaos Papanikolaou, Finance, Information Systems and Economics/School of Business

Megan Owen, Mathematics

Jenn Laird, Sociology

Steven Holochwost, Psychology

Elia Machado, Earth, Environmental, and Geospatial Sciences

Naomi Spence, Sociology

Elin Waring, Sociology (on Travia)

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 15 credits

Minor Requirements - Required Courses

Type
Completion Requirement

Group 1 Required (9 Credits)

Complete ALL of the following Courses:

- MAT 128 - Foundations of Data Science
- MAT 328 - Techniques in Data Science
- SOC 348 - Reasoning with Data

- MAT128 Foundations of Data Science: (prerequisite: Score of 65 or higher on College Math section of Accuplacer exam or department permission.)
- MAT328 Techniques in Data Science: (prerequisite: MAT128 Foundations of Data Science)
- SOC348 Reasoning with Data: (prerequisite: Completion of College Math Requirement; PHI169 Critical Reasoning or a 200 level Sociology course; or by permission of Department.)
- Students with extensive computer programming or mathematics experience may, with the approval of the course instructor or the program coordinator, substitute an additional data science elective for MAT128 Foundations of Data Science.

Group 2 (3-5 Credits)

Complete at least 1 of the following courses:

- SOC 345 - Quantitative analysis of Sociological Data
- PSY 226 - Statistical Methods in Psychology
- GEH 245 - Introduction to Quantitative Methods of Geography
- ECO 302 - Economic and Business Statistics
- BBA 303 - Business Statistics I
- BIO 240 - Biostatistics.
- HSD 269 - Fundamentals of Biostatistics
- MAT 301 - Applied Statistics and Data Analysis
- MAT 327 - Statistical Inference
- MAT 330 - Probability and Statistics
- CMP 340 - Introduction to Probability for Computer Science
- SOC 345 - Quantitative analysis of Sociological Data

PSY 226: (prerequisites: PSY 166; and MAT 132 or MAT 172 or MAT 174 or MAT 175)
ECO 302: (prerequisites: ECO 166; and MAT 132 or MAT 171 or MAT 172 or MAT 174 or MAT 175)
BBA 303: (prerequisites: MAT 132 or MAT 171 or MAT 172 or MAT 174 or MAT 175)
BIO 240: (prerequisites: BIO 166 and BIO 167 and MAT 175)
HSD 269: (prerequisite: MAT 132 or its equivalent, or demonstrated competence in database manipulation, spreadsheet calculations, and word processing)
MAT 301: (prerequisites: MAT 132 and MAT 171)
MAT 327: (prerequisite: MAT 176)
MAT 330: (prerequisite: MAT 176, or another course approved by the program.)
SOC 345: (prerequisite: SOC 301 with a grade of C- or better)

Group 3 Elective (3-4 Credits)

Complete at least 1 of the following courses:

- SOC 339 - American Demography
- GEP 330 - Spatial Statistics and Advanced Quantitative Methods in Geography
- GEP 360 - Geovisualization and Analytic Cartography
- GEP 204 - Basic Mapping: Applications and Analysis
- GEP 205 - Principles of Geographic Information Science
- GEP 321 - Introduction to Remote Sensing
- GEP 380 - Emerging Methods and Techniques in Geographic Information Science (GISc)
- ECO 402 - Econometrics
- CMP 414 - Artificial Intelligence
- MAT 327 - Statistical Inference
- MAT 347 - Linear Programming and Convex Algebraic Geometry
- CMP 446 - Computational Tools for Bioinformatics
- DAT 310 - Data Visualization
- GEH 320 - Population Geography
- SOC 311 - Social Scientific Perspectives on Health, Disability and Aging

- CMP 333 - Data Management and Analysis
- CMP 415 - Machine Learning
- MAT 349 - Operations Research

SOC 339: (prerequisite: SOC 301)
GEP 330: (prerequisites: GEP 204 or GEP 205 or instructors permission. An introductory course in descriptive statistics is recommended)
GEP 380: (May be taken up to three times for credit, up to 9 credits, as topic changes.)
ECO 402: (prerequisite: ECO 302 or BBA 303)
CMP 414: (prerequisite: CMP 338)
MAT 347: (prerequisite: MAT 313)
CMP 446: (prerequisites: BIO 166, CMP 167, and CMP 232)
SOC 311: (prerequisite: Any SOC 200 level or SOC 166)
CMP 333: (prerequisites: CMP 158, CMP 168, CMP 232 or department approval)
CMP 415: (prerequisites: CMP 158, CMP 168, MAT 313)
MAT 349: (prerequisites: MAT 313 and CMP 167)

Additional Comments:

- *Or course approved by the program. Independent studies must present a proposal that explains the relationship to data science.*
- *Data Science students should be aware that graduate programs in Data Science, Biostatistics, and Data Analytics generally expect that students have completed at least Calculus 1, Linear Algebra, and Programming 1 (CMP167 Programming Methods I) at the undergraduate level.*

Sociology - SOC-BA

General

HEGIS Code
2208.00

CIP Code
45.1101

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 60 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Laboratory Science

Complete at least 1 of the following courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits
ANT171 Intro to Human Evolution	Introduction to Human Evolution	4
ANT269 Introd to Human Variation	Introduction to Human Variation	4
AST117 Astronomy of Stellar Systems	Astronomy of Stellar Systems	4
BIO166 Princip of Biology:Cells&Genes	Principles of Biology: Cells and Genes	4

PHY167 General Physics II	General Physics II	5

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits

PHY167 General Physics II	General Physics II	5
PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:

- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

In Sociology

Earn at least 38 credits

Earn a minimum GPA of 2.0

Additional Comments:

- At least 50% of the courses to complete the major may be taken online.
- Students must complete one concentration (General Sociology; Demography and Population Health; OR Education, Inequality and Urban Studies).

Major Requirements: Entry-level Course

Type
Completion Requirement

One SOC course at the 200 level or SOC166 Fundamentals of Sociology with a minimum grade of C.

Students may take up to three entry-level courses at the same time.

Major Requirements - Core Courses

Type
Completion Requirement

Complete ALL of the following Courses:

- SOC 300 - The Sociological Imagination
- SOC 301 - Methods of Social Research
- SOC 302 - Sociological Theory
- SOC 303 - Advanced Methods of Social Research
- SOC 345 - Quantitative analysis of Sociological Data

Notes:

● Students registering for SOC 300 and SOC 301 must have a grade of at least C (2.0) in a previous 3 or 4 credit sociology course.

● Students registering for SOC 302 and all 400 level courses must have completed SOC 300 with a grade of C- (1.7) or better.

● Students registering for SOC 303, SOC 345, and all 400 level courses must have completed SOC 301 with a grade of C- (1.7) or better.

●*Satisfaction of the College math requirement prior to enrollment in these courses is strongly recommended.*

●Students who earned at least a C in older versions of these courses, including 3 credit versions, may apply those courses to this requirement.

Major Electives

Type
Completion Requirement

Earn at least 6 additional credits from the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- SOC 166 - Fundamentals of Sociology

AND

Earn at least 3 credits from the following:

- Sociology Electives 200 to 400 Level

NOTES:

Students must complete at least 2 Sociology electives not used to satisfy a major requirement or the student's concentration requirements. The 2 elective courses may include any 3 or more credit 200-, 300-, 400- level Sociology course or SOC166 Fundamentals of Sociology.

SOC 300, SOC 301, SOC 302 and SOC 345 do not count as electives.

Concentration in General Sociology

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete at least 3 courses in the following course sets:

- Sociology Courses 300 & 400 Level

NOTES:

- Students who have earned an A.A. or A.S. with a sociology major and have at least 12 sociology credits in at least four courses may substitute one 3 or 4 credit course for a 3 credit 300-level course in the General Sociology concentration. Students to whom this applies should contact the Sociology Department.

- For all other students, at least 9 credits must be chosen from the list above and any 400 Sociology course, with approval. SOC 300, SOC 301, SOC 302 and SOC 345 do not count as requirements for the concentration.
- Any 200-level SOC course or SOC 166 with a minimum grade of C is a prerequisite for all 300- and 400-level courses, unless otherwise stated in the

Concentration in Demography & Population Health

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete at least 3 of the following courses:
- SOC 319 - Population and Society
- SOC 320 - Immigration and Adaptation
- SOC 339 - American Demography
- SOC 305 - Sociology of Health Care
- SOC 311 - Social Scientific Perspectives on Health, Disability and Aging

AND

Earn at least 9 credits from the following:
- Sociology Courses 400 Level
- Sociology Courses 700 Level
- At least 9 credits must be chosen from the list above and any 400- or 700- Sociology , with approval.

NOTES:

- Completion of the College math requirement prior to these courses is strongly recommended prior to enrollment in these courses.
- SOC 166 or any 200-level SOC course with a minimum grade of C is a prerequisite for all 300- and 400-level courses, unless otherwise stated in the course description. The prerequisite will count as an elective course in the major.

Additional Comments:
400 or 700 level courses used for the concentration must be on a topic related to Demography and Population Health.

Concentration in Education, Social Inequality & Urban Studies

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete at least 3 of the following courses:
- SOC 309 - Social Inequality
- SOC 334 - Urban Sociology in Global Perspective
- SOC 336 - Education and Inequality
- SOC 335 - Global and Cross-Cultural Perspectives on Education and Society.
- SOC 338 - Race and Ethnicity in Society

AND

Complete ANY of the following Course Sets:
- Sociology Courses 400 Level
- Sociology Courses 700 Level

At least 9 credits of which must be chosen from the list above and any 400- or 700- Sociology Courses, with approval.

NOTES:

- SOC 166 or any 200-level SOC course with a minimum grade of C is a prerequisite for all 300- and 400-level courses, unless otherwise stated in the course description. The prerequisite will count as an elective course in the major.
- 400 or 700 level courses used for the concentration must be on a topic related to Education, Inequality and Urban Studies.

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Speech-Language-Hearing Sciences Department

The B.A. program in Speech Pathology and Audiology prepares students for graduate study in the discipline of communication sciences and disorders. Within the context of a liberal arts education, the curriculum provides students with fundamental knowledge of basic communication processes and typical and atypical speech, language, and hearing. Although graduate study is required to practice as a speech-language pathologist or audiologist, there are interesting career options for a B.A. degree in our department. The foundation in rehabilitation of communication disorders can lead to careers in community outreach, public health, education, technical careers such as hearing aid dispensing, or even in the development and promotion of commercial products related to our field.

Programs

Communication Sciences and Disorders - CSD-MIN

General

Program Description

The minor offers exposure to a variety of aspects of the Communication Sciences and Disorders (CSD) field. Appropriate for students majoring in other health professions, in general education and special education, as well as in psychology or linguistics among others. The CSD minor does not prepare students for admission to graduate programs in speech-language pathology or audiology.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Required Courses

Type
Completion Requirement

Complete ALL of the following Courses:

- SPV 312 - Bilingualism
- SPV 246 - Introduction to Linguistics
- HPI 101 - US Healthcare: Careers in a Unique System

Minor Requirements - Elective Courses

Type
Completion Requirement

Complete at least 1 of the following courses:

- SPV 311 - Cultural and Linguistic Diversity in Speech Language Pathology
- SPV 313 - Deaf & hard of hearing studies
- SPV 101 - Introduction to American Sign Language I

Speech Pathology and Audiology - SPEA-BA

General

HEGIS Code
1220.00

CIP Code
51.0204

Program Description
All applicants to the Major must first apply for admission to the College. After being admitted to the College, students apply to the Department of Speech-Language-Hearing Sciences to declare a Major in Speech Pathology and Audiology. Students must complete four 200 Level courses: SPV (LNG) 245; SPV (LNG 160) 246; SPV 228; and SPV (LNG) 247 to advance to 300 level courses.

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 60 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4
MAT175 Calculus I	Calculus I	4
MAT176 Calculus II	Calculus II	4

AND

Laboratory Science

Complete at least 1 of the following courses:

- ANT 120 - Human Evolutionary Biology
- AST 102 - Introduction to the Universe
- BIO 173 - Human Biology of Systems
- CHE 137 - Elements of Chemistry I
- PHY 131 - Conceptual Physics
- PHY 141 - Sound, Speech and Music
- PHY 151 - Energy and the Environment

CHE137 Elements of Chemistry I: Has a Corequisite in Distribution Courses: Scientific World CHE138 Elements of Chemistry II.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

		Credits

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College

Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:
- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 50 credits

Earn a minimum GPA of 2.7

Major Requirements - Required Courses

Type
Completion Requirement

Fulfill ALL of the following requirements:

Speech Pathology and Audiology

Complete ALL of the following Courses:
- SPV 228 - Introduction to Audiology
- SPV 245 - Articulatory Phonetics
- SPV 246 - Introduction to Linguistics
- SPV 247 - Anatomy and Physiology of the Speech Mechanism
- SPV 312 - Bilingualism
- SPV 321 - Language Acquisition
- SPV 326 - Speech Pathology I: Pediatric communication and feeding disorders
- SPV 327 - Speech Pathology II: Adult communication and swallowing disorders
- SPV 349 - Speech and Hearing Sciences
- SPV 430 - Clinical Methods and Supervised Observation

AND

3 credit elective from the following:

Fulfill ANY of the following requirements:

Complete course(s) and earn credits from the following:
- SPV 311 - Cultural and Linguistic Diversity in Speech Language Pathology
- SPV 313 - Deaf & hard of hearing studies
- SPV 101 - Introduction to American Sign Language I

OR

From the Nutrition and Dietetics

Complete course(s) and earn credits from the following:
- DFN 210 - Practical Food and Nutrition
- DFN 241 - Nutrition Throughout the Life Cycle

OR

From the Health Education and Promotion

Complete course(s) and earn credits from the following:
- HEA 267 - Human Behavior and Health
- HEA 303 - Safety Education, Accident Prevention, and First Aid
  AND HEA 304 - CPR/AED Basic Life Support

OR

From Health Equity, Administration, and Technology

Complete course(s) and earn credits from the following:
- HPI 101 - US Healthcare: Careers in a Unique System

OR

From Exercise Sciences and Recreation

Complete course(s) and earn credits from the following:
- THR 221 - Introduction to Recreational Therapy

Fulfill ALL of the following requirements:

Biological Science

Complete at least 1 of the following courses:
- BIO 183 - Human Biology
- BIO 166 - Principles of Biology: Cells and Genes

AND

Social Science

Complete at least 1 of the following courses:
- PSY 166 - General Psychology
- SOC 166 - Fundamentals of Sociology

AND

Natural Science

Complete ALL of the following Courses:
- PHY 141 - Sound, Speech and Music

AND

Statistics

Complete ALL of the following Courses:
- MAT 132 - Introduction to Statistics

AND

Writing

Complete ALL of the following Courses:
- ENW 307 - Health and Science Writing

Additional Comments:
At least 50% of this program can be completed online.

Speech-Language Pathology - SPL-CERT

General

HEGIS Code
1220.00

CIP Code
51.0203

Program Description
Speech-Language Pathology Certificate

The post baccalaureate certificate is offered online and in-person. It provides the necessary prerequisite courses for students who have earned a bachelor's degree in another field and wish to apply to graduate studies in Speech-Language Pathology. The certificate program consists of 21-24 credits (7-8 courses).

Requirements

Simple Requirements

(No Requirement Levels)

Certificate Requirements - Admission Requirements

Type
Prerequisite

The admission requirement for the certificate program is an earned bachelor's degree with a major other than communication sciences and disorders (or synonymously, speech-language pathology and audiology). Students who do not hold a bachelor's degree from a college where the language of instruction is English must earn a TOEFL (Test of English as a Foreign Language) score of at least 500 for admission.

Certificate Requirements - Required Courses

Type
Completion Requirement

Complete ALL of the following Courses:

- SPV 228 - Introduction to Audiology
- SPV 245 - Articulatory Phonetics
  OR LNG 245 - Articulatory Phonetcs
- SPV 247 - Anatomy and Physiology of the Speech Mechanism
  OR LNG 247 - Anatomy and Physiology of the Speech Mechanism
- SPV 321 - Language Acquisition
- SPV 349 - Speech and Hearing Sciences
- SPV 400 - Communication Disorders Across the Life Span
  OR SPV 326 - Speech Pathology I: Pediatric communication and feeding disorders
- SPV 327 - Speech Pathology II: Adult communication and swallowing disorders

SPV 326 and SPV400 Commun Disord Across Life Span*:*
Prerequisite SPV321 Language Acquisition

Mandatory Professional Licensure Disclosure

Type
Completion Requirement

Additional Comments:
New York State prides itself in the high quality of its licensed and certified professionals. For the protection of its citizens, each license and certificate has requirements that individuals must meet in order to be licensed or certified in New York State. CUNY's academic programs leading to licensure or certification are carefully designed to meet and exceed these State requirements. This is a role CUNY plays in protecting the public. Other states frequently have their own requirements, so if your goal is to practice in another state, this disclosure will help you check to see what that state requires.

Per U.S. Federal Regulations, §668.14 and §668.43, and in compliance with the SARA Policy Manual, CUNY Lehman College provides the following disclosure related to the educational requirements for professional licensure and certification.

This Disclosure is strictly limited to the CUNY Lehman College determination of whether this academic program, that if successfully completed, would be sufficient to meet the educational licensure or certification requirements in a State for Teaching. CUNY Lehman College cannot provide verification of an individual's ability to meet licensure or certification requirements unrelated to its educational programming. Such individual determinations are made by state licensing boards and are fact-specific determinations.

This disclosure does **not** provide any guarantee that any particular state licensure or certification entity will approve or deny your application. Furthermore, this disclosure does **not** account for changes in state law or regulation that may affect your application for licensure and occur after this disclosure has been made. **Enrolled students and prospective students are strongly encouraged to contact their state's licensure entity using the links provided to review all licensure and certification requirements imposed by their state(s) of choice.**

CUNY Lehman College has determined this academic program curricula, if successfully completed, **is sufficient to meet** the licensure and certification requirements for an initial teaching certification license in the following states:

New York State: New York State Education Department Teacher Certification

CUNY Lehman College has made no determination that the curricula is **insufficient to meet** the licensure and certification requirements for initial teaching certification in any of the 50 states and territories. After making all reasonable efforts, CUNY Lehman College **cannot determine** whether its educational programs curricula for this academic program, if successfully completed, is sufficient to meet the licensure and certification requirements for certification in the following states:

Degree Map Narrative
All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute "Writing Intensive" when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

The City and The Humanities Department

The City and the Humanities offers a program of courses that explore the relations between an urban environment, the humanities, and the arts. Students in this program attend weekly lectures, screenings, and performances on campus, visit a variety of cultural institutions in New York City, and engage in supervised, humanities-related internships.

Theatre, Dance, and Multimedia Performing Arts Department

Connecting mind, body, community, and culture.

Our programs prepare students for a variety of artistic, technical, and administrative roles in the performing arts. In addition, we offer pathways into the teaching profession. Our curricula and our location in New York City make it possible for students to engage with working artists and pursue career-building internships with established not-for-profit and commercial arts organizations.

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 90 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

English Composition

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Mathematical and Quantitative Reasoning

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College

Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete at least 1 course in the following course sets:
- Flexible Core World Cultures and Global Issues

AND

Complete at least 1 course in the following course sets:
- Flexible Core U.S. Experience in Its Diversity

AND

Complete at least 1 course in the following course sets:
- Flexible Core Creative Expression

AND

Complete at least 1 course in the following course sets:
- Flexible Core Individual and Society

AND

Complete at least 1 course in the following course sets:
- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:
- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:
- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 43 credits

Major Requirements - Core Courses

Type
Completion Requirement

Earn at least 20 credits from the following:
- THE 204 - Production Workshop I
- DNC 220 - Movement for Actors and Dancers
  OR THE 220 - Movement for Actors and Dancers
- THE 235 - Stagecraft
- DNC 230 - Body and Wellness I
  OR THE 230 - Body and Wellness I
- DNC 270 - Creative Process Lab: Ensemble Collaboration
  OR THE 270 - Creative Process Lab: Ensemble Collaboration
- DNC 345 - Dance Composition
- DNC 420 - Dance History
- DNC 445 - Choreographic Workshop I
- DNC 451 - Choreographic Workshop II

Earn at least 3 credits from the following:
- DNC 251 - West African and Diasporic Dance I
- DNC 356 - West African and Diasporic Dance II

Earn at least 3 credits from the following:
- DNC 210 - Street Styles I

- DNC 322 - Street Styles II

Earn at least 3 credits from the following:
- DNC 211 - Modern Dance/Ballet I
- DNC 311 - Modern Dance/Ballet II

Earn at least 3 credits from the following:
- DNC 207 - Special Topics in Latin Dance I
- DNC 317 - Special Topics in Latin Dance

Earn at least 2 credits from the following:
- DNC 208 - Technique Workshop Latin Dance I
- DNC 213 - Technique Workshop: Modern Dance/Ballet I
- DNC 240 - Technique Workshop: Street Styles 1
- DNC 261 - Technique Workshop: West African and Diasporic Dance I
- DNC 313 - Technique Workshop: Modern Dance/Ballet II
- DNC 318 - Technique Workshop: Latin Dance II
- DNC 332 - Technique Workshop: Street Styles II
- DNC 366 - Technique Workshop: West African and Diasporic Dance II

Professional Practices

Earn at least 3 credits from the following:
- DNC 314 - Advanced Production and Design Workshop
- DNC 324 - Social Media for the Creative Arts Professional
- THE 348 - Performing Arts Management
- THE 319 - Presentation Skills and Effective Communication
- DNC 371 - Dance Internship
- DNC 449 - Working in the Performing Arts
- DNC 460 - Advanced Technique Practicum

Major Requirements - Electives

Type
Completion Requirement

Fulfill ANY of the following requirements:

Earn at least 3 credits from the following:
- Dance Electives 200 to 400 Level (except DNC 235 and 222)

Additional Comments:
DNC235 Dance Perspectives: Dance Perspectives and DNC222 The Body and Society: Body and Society cannot be used to fulfill the Dance Elective but it is recommended that students take DNC235 Dance Perspectives: Dance Perspectives and DNC222 The Body and Society: Body and Society to fulfill general education requirements.

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Multimedia Performing Arts - MMPA-BFA

General

HEGIS Code
1008.00

CIP Code
50.0301

Program Description
The interdisciplinary Major in Multimedia Performing Arts leads to the Bachelor of Fine Arts degree (B.F.A.). The major provides training in multimedia performing arts including dance, theatre, and film.

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Fine Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 30 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:

- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:

- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Complete at least 1 course in the following course sets:

- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 60 credits

Major Requirements - Core Requirements

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- THE 204 - Production Workshop I
- THE 205 - Voice for the Stage
- THE 208 - Acting I
- THE 235 - Stagecraft
- DNC 225 - Tools for Digital Storytelling
  OR THE 225 - Tools for Digital Storytelling
- DNC 220 - Movement for Actors and Dancers
  OR THE 220 - Movement for Actors and Dancers
- DNC 306 - Production Workshop II
  OR THE 306 - Production Workshop II
- DNC 323 - Improvisation
  OR THE 323 - Improvisation
- DNC 425 - Devised Multimedia Performance
  OR THE 425 - Devised Multimedia Performance
- DNC 495 - Multimedia Performing Arts Project
  OR THE 495 - Multimedia Performing Arts Project

AND

Earn at least 2 credits from the following:
- THE 270 - Creative Process Lab: Ensemble Collaboration
  OR DNC 280 - Creative Process Lab: Solo and Small Group Work
  OR THE 280 - Creative Process Lab: Solo and Small Group Work

Major Requirements - Dance Track (34 credits)

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- DNC 230 - Body and Wellness I
  OR THE 230 - Body and Wellness I
- DNC 345 - Dance Composition
- DNC 420 - Dance History
- DNC 445 - Choreographic Workshop I

AND

Earn at least 3 credits from the following:
- DNC 251 - West African and Diasporic Dance I
- DNC 356 - West African and Diasporic Dance II

AND

Earn at least 3 credits from the following:
- DNC 210 - Street Styles I
- DNC 322 - Street Styles II

AND

Earn at least 3 credits from the following:
- DNC 211 - Modern Dance/Ballet I
- DNC 311 - Modern Dance/Ballet II

AND

Earn at least 3 credits from the following:
- DNC 207 - Special Topics in Latin Dance I
- DNC 317 - Special Topics in Latin Dance

AND

Earn at least 1 credits from the following:
- DNC 261 - Technique Workshop: West African and Diasporic Dance I
- DNC 366 - Technique Workshop: West African and Diasporic Dance II

AND

Earn at least 1 credits from the following:
- DNC 213 - Technique Workshop: Modern Dance/Ballet I
- DNC 313 - Technique Workshop: Modern Dance/Ballet II

AND

Earn at least 1 credits from the following:
- DNC 240 - Technique Workshop: Street Styles 1
- DNC 332 - Technique Workshop: Street Styles II

AND

Earn at least 1 credits from the following:
- DNC 208 - Technique Workshop Latin Dance I
- DNC 318 - Technique Workshop: Latin Dance II

AND

Professional Practices

Earn at least 3 credits from the following:
- DNC 314 - Advanced Production and Design Workshop
- DNC 324 - Social Media for the Creative Arts Professional
- THE 348 - Performing Arts Management
- DNC 371 - Dance Internship
- DNC 449 - Working in the Performing Arts
- DNC 460 - Advanced Technique Practicum

AND

Earn at least 4 credits from the following:
- Dance Electives 200 to 400 Level (except DNC 235 and 222)
- Theatre Electives 200 to 400 Level (except THE 241)

Selected in Consultation with an Advisor

Additional Comments:
- It is recommended that students take DNC 235, DNC 222 or THE 241 to fulfill a General Education Requirement. DNC 235, DNC 222 and THE 241 may not count as electives within the Multimedia Performing Arts BFA.

Major Requirements - Theatre Track (34 credits)

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:
- THE 211 - Play Analysis
- THE 305 - Advanced Voice for the Stage
- THE 309 - Digital Storytelling
- THE 326 - History of the Theatre I
- THE 331 - Acting II
- THE 335 - Directing I
- THE 344 - Acting for the Camera
- THE 348 - Performing Arts Management

AND

History

Earn at least 3 credits from the following:
- THE 238 - Africana Theatre
- THE 243 - Queer Performance
- THE 312 - LatinX Theatre
- THE 327 - History of The Theatre II
- THE 328 - History of Musical Theatre
- THE 443 - Studies in Contemporary Theatre
- DNC 420 - Dance History
- THE 328 - History of Musical Theatre

AND

Professional Practice

Earn at least 3 credits from the following:
- THE 370 - Theatre Internship
- THE 314 - Advanced Production and Design Workshop
- THE 324 - Social Media for the Creative Arts Professional
- THE 348 - Performing Arts Management
- THE 449 - Working in the Performing Arts
- THE 492 - Research Project in Theatre

AND

Electives

Earn at least 5 credits from the following:
- Dance Electives 200 to 400 Level (except DNC 235)
- Theatre Electives 200 to 400 Level (except THE 241)

Selected in Consultation with an Advisor

Additional Comments:
- It is recommended that students take DNC 235, DNC 222 or THE 241 to fulfill a General Education Requirement. DNC 235, DNC 222 and THE 241 may not count as electives within the Multimedia Performing Arts BFA.

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

Performing Arts Management - PFAMGT-MIN

General

CIP Code
50.0704

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 12 credits

Minor Requirements - Core Courses

Type
Completion Requirement

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- THE 348 - Performing Arts Management
- ACC 185 - Introduction to Accounting for Non-Accounting Majors
  OR ACC 171 - Principles of Accounting I
- THE 370 - Theatre Internship
  OR DNC 371 - Dance Internship

AND

Complete either 3-credit option:

Complete at least 1 of the following:

1. Fundraising and Development Focus

Complete ALL of the following Courses:

- BBA 194 - Introduction to Fundraising and Development
- BBA 202 - Donor Relations and Stewardship

OR

OR

2. Social Media and Marketing Focus

- THE 324 Social Media for the Creative Arts Professional (3 credits), OR
- BBA 188 Introduction to Social Media Marketing (1 credit), AND BBA 189 Using Social Media Marketing (2 credits)

Mind-Body Wellness - SOMATI-MIN

General

CIP Code
51.3503

Program Description
The 12-credit Minor in Mind-Body Wellness consists of four courses, plus 2 elective credits in dance. It addresses philosophies and techniques related to the mind-body connection.

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 12 credits

Minor Requirements - Required Course

Type
Completion Requirement

Complete ALL of the following Courses:

- DNC 222 - The Body and Society
- DNC 230 - Body and Wellness I
  OR THE 230 - Body and Wellness I
- DNC 330 - Body and Wellness II
  OR THE 330 - Body and Wellness II

Elective Courses

- Three additional credits in Dance.

Theatre - SPETH-MIN

General

CIP Code
50.0501

Requirements

Simple Requirements

(No Requirement Levels)

Minor Requirements - Overall

Type
Completion Requirement

Earn at least 12 credits

Minor Requirements - Required Courses

Type
Completion Requirement

Earn at least 3 credits from the following:
- THE 208 - Acting I

Earn at least 9 credits
- Plus 9 additional credits in theatre, 6 of those credits at the 300 or 400-level.

Courses can be chosen from categories such as directing, acting for the camera, multimedia production and design, history, and upper division acting courses that incorporate both in-classroom study and practical workshops in consultation with a theatre advisor.

Theatre - THE-BA

General

HEGIS Code
1007.00

CIP Code
50.0501

Program Description
The Theatre BA is intended for students interested in preparing themselves for careers as theatre artists or administrators, for those who intend to pursue graduate study in theatre or a related field, and for those who will be pursuing the Minor to Master's Program in the Department of Early Childhood and Childhood Education and plan to become general education teachers:

Requirements

Simple Requirements

(No Requirement Levels)

Degree Requirements - Bachelor of Arts

Type
Completion Requirement

Earn at least 120 credits

Earn at least 30 credits
In Residence at Lehman College

Credits in residence are defined as credits earned in Lehman College course work.

Earn at least 90 credits
Liberal Arts and Sciences Content Courses

Earn a minimum GPA of 2.0

Additional Comments:
Students must satisfy the requirement that at least 30 credits as well as at least half of the credits in the major or in an interdisciplinary program, minor or certificate be completed at Lehman College.

General Education - Foundation/Required Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

Communication Skills

Complete ALL of the following Courses:
- ENG 111 - English Composition I
  OR ENG 113 - Honors English Composition I
- ENG 121 - English Composition II
  OR ENG 123 - Honors English Composition II

AND

Quantitative Skills

Complete at least 1 of the following courses:
- MAT 126 - Quantitative Reasoning
- MAT 128 - Foundations of Data Science

Students may substitute courses from this list of required courses in mathematics and laboratory science for the required courses in Mathematical and Quantitative Reasoning (Foundation). These STEM (Science, Technology, Engineering, Mathematics) courses will meet the General Education Requirements in the appropriate areas.

		Credits
MAT128 Foundations of Data Science	Foundations of Data Science	3
MAT132 Introduction to Statistics	Introduction to Statistics	4
MAT171 Elements of Precalculus	Elements of Precalculus	4
MAT172 Precalculus	Precalculus	4
MAT174 Elements of Calculus	Elements of Calculus	4

PHY168 PHY I Scientists & Engineers	Physics I for Scientists and Engineers	5
PHY169 PHY II Scientists & Engineers	Physics II for Scientists and Engineers	5

AND

Earn at least 6 credits from the following:

- General Education Foreign Language Option

Students are required to take two foreign language courses in the same language (including American Sign Language). This is part of the CUNY Pathways College Option.

Only students who transfer into Lehman with an associate's degree are exempt from the Foreign Language Requirement.

Students who continue in a foreign language previously studied in high school or college must be placed in the proper sequential course by the Languages and Literatures Department. If a student completes one semester of a foreign language at the intermediate level or above (numbered 201 or higher), one Foreign Language Option course may be substituted for the second required language course with the permission of the Languages and Literatures Department (if a language course is chosen it cannot be the same language as the student's 200-level course).

(These courses cannot also serve to meet Common Core requirements.)

Additional Comments:
Lehman College provides undergraduates with not only a major specialization but also training in a range of basic skills and general subjects on beginning, intermediate, and advanced levels. In this way, a bachelor's degree represents both training in a special field and the skills and knowledge to meet life's varied challenges responsibly, intelligently, and creatively.

Beginning in fall 2013, CUNY instituted a common General Education structure (called "Pathways") whose purpose is to improve the ability of students to transfer within the university. Lehman's 2013 CUNY General Education Program (Pathways) conforms to the new CUNY structure. The college's General Education categories remain the same, but the individual course requirements in some cases have changed. Lehman's categories represent the following parts of the CUNY Pathways structure:

- Foundation = CUNY Required Core (plus the College Option in Foreign Language)
- Distribution = CUNY Flexible Core
- Integration = CUNY College Option

Lehman's courses in the 2013 CUNY General Education Curriculum include subjects comprising the shared intellectual heritage of our diverse culture. They teach critical thinking and encourage accurate and effective communication. General Education supports the integration, synthesis, and application of knowledge, and includes proficiency in information literacy. Undergraduate education offers not only specialized knowledge and professional skills but also the multiple views and general intellectual abilities developed by the study of liberal arts and sciences that provide a foundation for independent, responsible living.

Students who enter Lehman College in the fall 2013 semester or later must meet the 2013 CUNY General Education Requirements. There are four categories of required courses: Foundation ("Required Core" plus "College Option,") Distribution ("Flexible Core"), Integration ("College Option"), and Writing Intensive. For a list of the 2013 CUNY General Education courses in each category, select the links in the navigation side panel.

(NOTE: The Foreign Language and Integration Requirements are waived for students in the Lehman Scholars Program and the Macaulay Honors College, which have their own requirements in these areas.)

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Distribution/Flexible Core

Type
Completion Requirement

Fulfill ALL of the following requirements:

World Cultures and Global Issues

Complete at least 1 course in the following course sets:

- Flexible Core World Cultures and Global Issues

AND

US Experience in Its Diversity

Complete at least 1 course in the following course sets:

- Flexible Core U.S. Experience in Its Diversity

AND

Creative Expression

Complete at least 1 course in the following course sets:

- Flexible Core Creative Expression

AND

Individual and Society

Complete at least 1 course in the following course sets:

- Flexible Core Individual and Society

AND

Scientific World

Complete at least 1 course in the following course sets:

- Flexible Core Scientific World

CHE138 Elements of Chemistry II: Has a Corequisite in Foundation Courses: Life and Physical Science CHE137 Elements of Chemistry I.

Students may substitute for any of these courses one of the science courses in the list of STEM Variants:

AND

Complete at least 1 course in the following course sets:

- Flexible Core - Any Area

Additional Comments:
Distribution courses are the Flexible Common Core in CUNY General Education.

Every student must choose and successfully complete one course from these Distribution courses in each of the five areas listed below, and a sixth course from any of the areas. No more than two courses from the same discipline may be used to satisfy the Distribution Requirement.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

General Education - Integration/College Option

Type
Completion Requirement

Complete at least 1 of the following:

Fulfill ALL of the following requirements:

Complete ALL of the following Courses:

- LEH 250 - First-year Seminar

AND

Complete at least 1 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

OR

Complete at least 2 of the following courses:

- LEH 351 - Studies in Scientific and Applied Perspectives
- LEH 352 - Studies in Literature
- LEH 353 - Studies in the Arts
- LEH 354 - Studies in Historical Studies
- LEH 355 - Studies in Philosophy, Theory and Abstract Thinking
- that is outside of their major

Additional Comments:
Integration Courses are the College Option in CUNY General Education.

This requirement applies only to students in the upper division, i.e. juniors and seniors. After earning a minimum of 60 credits or earning an Associate's Degree, and officially selecting a major, all upper-division students must complete two LEH courses. The two are to be chosen in topics outside their major from four of the following five variable topics courses. Each semester, a series of topics for these courses will be announced in the Schedule of Classes.

Transfer students may not be required to complete all of the requirements listed. Please refer to the appropriate general education checklist or visit the Transfer Students information page.

Degree Requirements - College Writing

Type
Completion Requirement

Earn at least 12 credits
Students must complete four courses designated as writing-intensive, three prior to earning the 60th credit and one following. Individual sections of courses will be designated as writing-intensive, and students may take writing-intensive sections of courses in General Education, major, minor, and elective courses.

Additional Comments:
Transfer students who have completed less than 30 college credits must complete four courses designated as writing-intensive; those who have completed at least 30 but less than 60 college credits must complete three courses designated as writing-intensive; those who have completed 60 or more college credits must complete two courses designated as writing-intensive.

Major Requirements - Overall

Type
Completion Requirement

Earn at least 42 credits

Major Requirements - Required Core Courses (25 credits)

Type
Completion Requirement

Complete ALL of the following Courses:
- THE 204 - Production Workshop I
- THE 205 - Voice for the Stage
- THE 208 - Acting I
- THE 211 - Play Analysis
- THE 235 - Stagecraft
- THE 306 - Production Workshop II
- THE 308 - Playwriting
- THE 326 - History of the Theatre I
- THE 327 - History of The Theatre II
- THE 344 - Acting for the Camera

Major Requirements - Required Courses

Type
Completion Requirement

Fulfill ALL of the following requirements:

Earn at least 3 credits from the following:
- THE 314 - Advanced Production and Design Workshop
- THE 324 - Social Media for the Creative Arts Professional
- DNC 324 - Social Media for the Creative Arts Professional
- THE 348 - Performing Arts Management
- THE 370 - Theatre Internship
- THE 449 - Working in the Performing Arts

AND

Earn at least 2 credits from the following:
- THE 270 - Creative Process Lab: Ensemble Collaboration
  OR DNC 270 - Creative Process Lab: Ensemble Collaboration
- THE 280 - Creative Process Lab: Solo and Small Group Work
  OR DNC 280 - Creative Process Lab: Solo and Small Group Work

Major Requirements - Elective Courses

Type
Completion Requirement

Complete at least 1 of the following:

Flexible Electives Option

Earn at least 12 credits from the following:
- Theatre Flexible Electives
- Students can substitute up to 3 credits of DNC courses for 3 credits of THE.
- At least 6 flexible THE elective credits must be at the 300-400 level.
- ne8ISblh2GoJ0wmvtkeg - Missing course may not count as an elective for the Theatre BA but it is recommended that students take ne8ISblh2GoJ0wmvtkeg - Missing course to fulfill a General Education Requirement.
- 12 elective credits selected in consultation with a Theatre faculty advisor.

OR

OR

Liberal Arts Electives Option

Earn at least 12 credits from the following:
- THE 238 - Africana Theatre
- THE 243 - Queer Performance
- THE 328 - History of Musical Theatre
- THE 332 - Theatre Theory
- THE 408 - Advanced Playwriting Workshop
- THE 440 - Shakespeare on Stage
- THE 442 - Studies in Modern Theatre
- THE 443 - Studies in Contemporary Theatre
- THE 454 - Special Studies in Theatre
- THE 485 - Theatre Honors
- THE 492 - Research Project in Theatre
- ENG 226 - Shakespeare Now
- ENG 312 - Shakespeare in Context
- ENG 334 - Drama
- ENG 348 - Western Traditions--Drama
- DNC 420 - Dance History

- FRE 346 - Modern French and Francophone Theater

Additional Comments:
Theatre BA students who are pursuing the Minor-to-Masters program in Early Childhood and Childhood Education must select the Liberal Arts Electives Option.

Degree Map Narrative

All Lehman College students must complete Writing Intensive (WI) courses, which are offered in General Education, major, minor, and elective areas. Students may find these classes by looking for the attribute “Writing Intensive” when scheduling their classes in Schedule Builder.

The number of Writing Intensive course requirements varies by status:

- **Entering freshmen** and students with **fewer than 30 transfer credits** must complete **four** WI courses at Lehman.
- Students with **30 to 59 transfer credits** must complete **three** WI courses at Lehman.
- Students with an associate degree or **60 or more credits** must complete **two** WI courses at Lehman.

William E. Macaulay Honors Department

Macaulay Honors College at Lehman College: An Overview

At the Macaulay Honors College at Lehman College, we are dedicated to providing an exceptional academic experience for students who are intellectually curious, creative, and committed to making a positive impact. Our program is designed to nurture both academic excellence and personal growth, offering a range of resources and opportunities to help you succeed.

Merit-Based Scholarship Program

Every student at Macaulay Honors College receives a comprehensive merit scholarship that covers full tuition for up to eight semesters of undergraduate study. This scholarship allows eligible students to graduate free from tuition debt. In addition to tuition coverage, students gain access to the Cultural Passport, which provides entry to New York City's cultural institutions, and the Opportunities Fund, supporting experiences such as study abroad, internships, and research projects.

Holistic Admissions Process

Our admissions process is designed to identify students who will thrive in our challenging academic environment. We follow CUNY's test-optional policy, giving you the option to submit SAT/ACT scores if you believe they will enhance your application. Regardless of whether you submit test scores, your application will be evaluated holistically, taking into account your academic achievements, extracurricular activities, leadership qualities, and personal essays.

Application Components

To apply to Macaulay Honors College at Lehman, you'll need to submit:

• Official High School Transcript:

o NYC public high school students can submit transcripts via their OSIS number.

o Other students should have transcripts emailed to transcripts@cuny.edu or forwarded via Naviance.

• Two Letters of Academic Recommendation:

o Recommenders will receive an electronic form after you submit your application.

• Two Essays:

o These essays should be approximately 500 words each and provide insight into your intellectual curiosity and personal experiences.

Exceptional Advising and Support

One of the distinguishing features of Macaulay Honors College is our commitment to personalized guidance. With one of the highest advisor-to-student ratios among U.S. honors colleges, we ensure that each student receives exceptional academic and professional support. Our dedicated advisors are available to help you navigate your academic journey, explore career opportunities, and achieve your personal and professional goals.

A Supportive Community

At Macaulay Honors College at Lehman, we pride ourselves on being more than just an academic program—we are a supportive community of scholars. Our faculty and staff are dedicated to helping you achieve your goals, providing personalized guidance and mentorship throughout your academic journey. We encourage you to apply and look forward to welcoming you into our vibrant and diverse community.

Courses

MHC 350 - The Arts in New York City (3 cr)

General

Course Title
The Arts in New York City

Catalog Description
Interdisciplinary study based on performances and exhibitions in the arts, using New York City"s cultural institutions as resources for aesthetic experiences and opportunities for research, interpretation, and creative work. Women's Studies Department

Director: Anne Rice (Carman Hall, Room 221)

Steering Committee: Prof. Bertrade B. Ngo-Ngijol Banoum, Africana Studies; Prof. Sharon Freedberg, Social Work; Prof. Arianevani Kannan, English; Prof. Marie Marianetti, History; Prof. Susan Markens, Sociology; Prof. Janet Munch, Library; Prof. Anne Rice, Africana Studies; Ms. Amanda Dubois, Community Engagement

The faculty of the Women's and Gender Studies Program is drawn from a number of different departments within the College. Integrating a wide array of courses from the humanities and social sciences, the program focuses on the histories and situations of women in different cultures, and on the ways in which social and economic factors have affected women's lives. As a result, students augment skills and knowledge acquired in other disciplines, and gain insight into issues related to gender that will be especially useful for careers in human services, health, education, and public policy advocacy. The program also provides the background needed for graduate study in the humanities and social sciences as well as in women's studies. Offered only as a minor field, the Women's and Gender Studies program is an option for students majoring in any discipline. Courses are open to all interested students.
