## Marriott School of Business

At BYU Marriott, we attract students of uncommon maturity and optimism who know what it takes to build something that lasts. Award-winning faculty promote a rigorous academic experience in a spiritually uplifting atmosphere. Opportunities outside the classroom abound, including professional clubs offering career insights and practical help for finding a job as well as on-campus internships that offer real-life involvement in the business world. An active, dedicated network of faculty, alumni, and mentors help our students learn to lead.

BYU Marriott students go further, faster—they graduate having had intensive experience in unstructured, collaborative problem solving that goes far beyond what's offered at other business schools. Our graduates are ready to listen, innovate, and mentor—always leading the way forward.

# BYU Marriott Undergraduate Advisement Center

Advisors are prepared to assist undergraduate students in successfully completing university, college, and major requirements. Students are encouraged to meet frequently with BYU Marriott advisors and personnel to understand registration, graduation requirements, fields of study, changes in major and transfer evaluation, and other policies and procedures. Please refer to the BYU Marriott Undergraduate Advisement office website for more information.

# Undergraduate Programs

The BYU Marriott School of Business offers ten undergraduate majors:

Accounting

Accounting has been described as the "language of business" and studies how businesses track their income and assets over time. Besides preparing financial statements and recording business transactions, accountants engage in a wide variety of activities including computing costs and efficiency gains from new technologies, participating in strategies for mergers and acquisitions, managing quality, developing and using information systems to track financial performance, and deciding tax strategy.

Entrepreneurial Management

Entrepreneurs seek to make the world a better place by creating valuable products and services that improve the lives of customers and add value to the economy. Entrepreneurs may create and start business ventures to bring these ideas to market, while others pursue these efforts as employees in companies ranging from startups to established firms. Still others may focus on acquiring, owning, and managing business ventures of all sizes and types.

Experience Design and Management

ExDM professionals specialize in the design, delivery, evaluation, and management of experience journeys. The field seeks to employ interdisciplinary design principles, management science, and social psychology to deliver impactful experiences across diverse contexts including business, hospitality, tourism, and special events. ExDM professionals design and manage customer journeys, employee engagement programs, events, and recreation experiences.

Finance

Finance is the study of the optimal allocation of scarce financial resources. The finance program prepares students through instruction from professors and hands-on experience. Special emphasis is given to critical thinking and problem-solving, and includes skill development in data procurement and analysis, firm and project valuation, fundamental analysis, risk hedging, and portfolio management and optimization.

Global Supply Chain Management

Global supply chain involves the control and coordination of materials and services from the original point of origin to the final point of consumption. Increasing competitiveness through higher quality, lower cost, greater responsiveness, and unique innovation is a critical aspect of supply chain management. Course work is designed to prepare students for managerial positions in manufacturing and service industries in such areas as purchasing, operations, logistics, and customer service.

Human Resource Management

Human resource professionals' main focus is to recruit, develop, and retain the employees of an organization. They maximize an organization's use of talent by finding and hiring capable employees, and providing training and development opportunities. As the bridge between managers and employees, they maintain positive employee relations and improve employee satisfaction, wellness, and performance.

Information Systems

Information systems involves the synthesis of business and technology. The field involves two broad areas: the acquisition, deployment, and management of an organization's information systems resources and services; and the development of computer-based systems and technology infrastructures for use in organization processes. Professionals work in organizations of all types, helping maintain existing technology infrastructure and specifying technology solutions to business needs.

Marketing

Marketing is the business function of analyzing markets and consumers to improve goods and services, and provide them at the optimal time, place, and price. Marketers oversee the process of segmentation, targeting, and positioning while integrating decisions about product, promotion, pricing, and placement or distribution. Marketers work in product/brand management, marketing analytics, social media, digital marketing, business-to-business marketing, retail marketing, and professional selling.

Strategic Management

Strategists help companies achieve competitive advantage by developing plans that allow those companies to offer unique value to their customers. Strategists collect and analyze information about competitors, customers, and the resources and capabilities of the company. They use this analysis to make recommendations about where to invest and what actions to take in order to achieve superior firm performance.

**Graduate Programs**

The Marriott School of Business also offers the following graduate degrees:

MAcc Accountancy
MBA Business Administration
MISM Information Systems Management
MPA Public Administration

For more information on graduate programs, please refer to the Graduate Studies and BYU Marriott websites.

# Education College Page

# Education

## David O. McKay School of Education

The David O. McKay School of Education includes five departments, all of which prepare professionals to provide education and other developmental services for preschool through adult learners. All departments and programs emphasize a balance of academic learning and on-site classroom, clinical, or administrative experience.

## Departments

- Communication Disorders
- Counseling Psychology and Special Education
- Educational Leadership and Foundations
- Instructional Psychology and Technology
- Teacher Education

# Departments and Programs

1. Communication Disorders: service to children, youth, and adults who need support with aspects of speech, language, or audiology
2. Counseling Psychology and Special Education: service to children, youth, and adults with needs for counseling or disability support
3. Educational Leadership and Foundations: service as leaders and administrators in a variety of educational settings (graduate level only)
4. Instructional Psychology and Technology: service in instructional design, technology-based instruction, and classroom technology integration (graduate level only)
5. Teacher Education: preparation for service as teachers
    - Early Childhood, preschool through third grade
    - Elementary, kindergarten through sixth grade
    - Physical education teaching and coaching, kindergarten through twelfth grade

    Note: All other secondary teaching majors are housed in the colleges and content areas they represent.

# Advisement Center

The McKay School's Education Advisement Center includes a variety of services to meet students' needs, which include the following:

1. *Academic Advising*. Advisement includes general education, program requirements for McKay School majors, graduation requirements, and progress toward graduation, as well as licensure guidance (350 McKay Building, 801-422-3426). Secondary education majors receive advisement on specific program requirements in the colleges and departments of their content-area majors.
2. *Scholarships*. The advisement center coordinates a variety of private scholarships and mentorships. An online application is available at education.byu.edu/advisement.
3. *Licensure*. Students who complete the requirements of a teaching program are recommended by the advisement center for licensure in Utah and states with reciprocity agreements. The center guides students in the procedures and submits the completed applications and supporting data. Guidance may be provided for obtaining out-of-state licensure.

# Distinguishing Features of the McKay School

1. Undergraduates in all McKay School departments have opportunities to participate in mentored research with faculty.
2. Elementary education majors have the option to complete a minor in Teaching English as a Second Language, preparing them for state certification in this area (which will attach to their teaching license).
3. Through the McKay School's ARTS Partnership, elementary education majors with experience in visual arts, music, dance, or drama can attend performances, workshops, and participatory events that involve teaching and integrating the arts into elementary school curriculum. Those who wish to become "arts scholars" collaborate with teachers in elementary classrooms.
4. Alternative student teaching placements are available in urban, minority-intensive areas of Houston, Texas, or Washington, D.C. during the fall and winter semesters; and in southern China during the spring/summer terms.

5. As an alternative to regular student teaching, seniors in some teaching majors may choose a year-long internship within the BYU/Public School Partnership in which they teach full time in their own classrooms at one-half the beginning teacher's salary with full benefits.

## Engineering College Page

# Engineering

## Ira A. Fulton College of Engineering

The Ira A. Fulton College of Engineering is accredited under the Accreditation Board for Engineering and Technology (ABET) for all engineering and technology programs. The men and women who have graduated from our college will be prepared for entry into the finest graduate schools or workplaces. The mission of the Fulton College is to develop men and women of faith, character, and technical ability who will become outstanding leaders throughout the world.

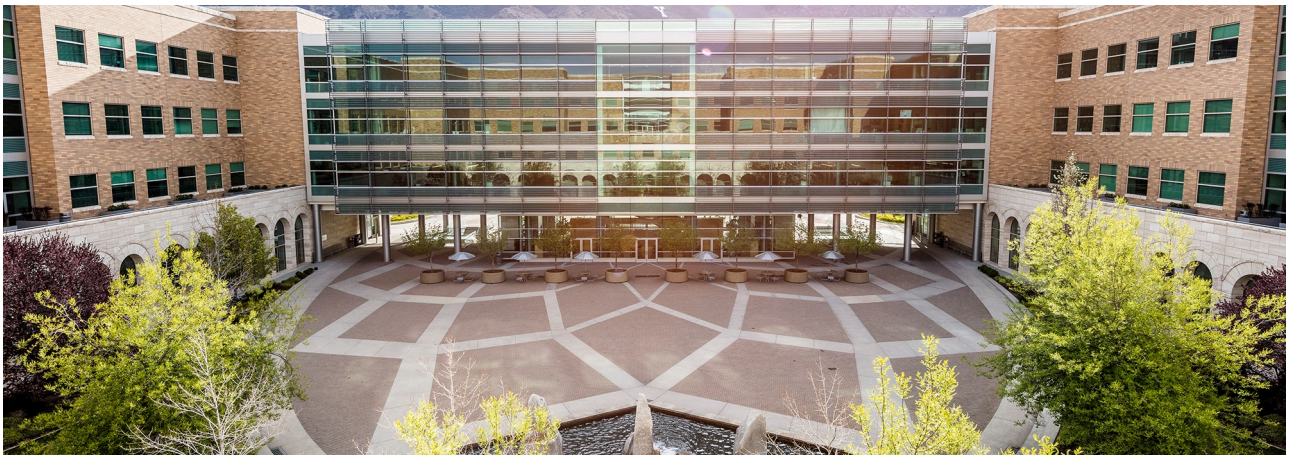
- Civil and Construction Engineering
- Electrical and Computer Engineering

- Manufacturing Engineering
- Mechanical Engineering

## Student Service Center/Advisement

The Student Service Center provides assistance with resumes, resources for internships, and career placement. In Advisement, professional academic advisors are available to assist students with academic planning and provide information for specific majors. Students are assisted in major exploration and basic developmental career issues. Information is also provided regarding university resources and further career and major exploration. Advisement services also include assistance with university core, change of major, academic success, graduation processes, university policies and procedures, and scholarships.

## Family, Home, and Social Sciences College Page



## Family, Home, and Social Sciences

### College of Family, Home, and Social Sciences

The College of Family, Home, and Social Sciences is composed of departments that study patterns of human behavior from diverse disciplinary approaches. Teaching and scholarship rely on social science methodology to learn about human behavior and human societies — their histories, organization, governments, and economies. As the name implies, the college is particularly concerned with studying the family as the basic unit of society. The many institutes and centers within the college provide opportunities for faculty and students to further research and disseminate scholarship. Students in the college gain a broad education that helps develop an appreciation of the values of modern civilization and prepares them to contribute effectively as citizens. The knowledge and skills gained in the varied disciplines prepare them well for graduate study and professional careers. Many of the departments and programs housed within the college provide opportunities for student learning outside the classroom through internships and faculty-mentored teaching and research experiences.

# Liberal Arts Advisement and Careers

Sherami Jara, Director
1041 JFSB
801-422-3541
https://liberalarts.byu.edu/

Our advisors help students chart an integrated academic and career course through college. Upon graduation, our students should be prepared to connect their education to a fulfilling and successful future. Our services include counseling for specific majors, counseling for a career, and monitoring students' progress toward graduation.

# Degrees Offered

Bachelor's, master's, and doctoral degrees are offered in the college. See the individual department and program listings in this catalog for specific degrees offered and the requirements for each.

# Scholarships and Awards

Scholarships and awards are available to qualified students. Applications may be obtained from the Financial Aid Office, A-141 ASB. See department and college websites for their scholarships.

# Family and Social Service Internships

Karen Christensen, Director
945 SWKT
801-422-2168
http://fssinternships.byu.edu/

Staff members in the Family and Social Service Internships Office assist students in the School of Family Life, Psychology, and Sociology in finding and successfully completing an internship to enhance their undergraduate education. Academic credit for internships is offered through the individual departments.

## FHSS Writing Lab

Joyce Adams, Director
1049 JFSB
801-422-4454
https://fhsswriting.byu.edu
fhss-writinglab@byu.edu

Writing advisors in the FHSS Writing Lab offer discipline-specific tutoring in writing for FHSS students. They help students become better writers by focusing on the global aspects of writing, such as thesis construction, organization, transitions, idea development, logical coherence, style, and argument clarity.

## Family Studies Center

Sarah Coyne, Director
801-422-3515
https://familystudiescenter.byu.edu

The Family Studies Center is dedicated to research that identifies characteristics associated with strong marriages and families, the processes by which they develop, and positive individual and relationship outcomes of healthy family relationships. Historically, the Family Studies Center has supported funding for research on family relationships (e.g., the Flourishing Families Project), conferences on cutting-edge family topics (e.g., families and health; work and families), and outreach activities (e.g., "Families Under Fire" conference). Currently, to achieve Center goals, three main initiatives are being supported.

First, the Center is supporting the Couple Relationships and Transition Experiences (CREATE) research study. The CREATE study is planned to tap a national sample of early married couples, and to include unique measures of relationship functioning in context of transitions and stressors across time. Several BYU faculty members are investigators in that study.

Second, the Center is supporting the Project MEDIA (Media Effects on the Development of Infants through Adulthood) research study. This study will examine the long-term impact of exposure to different types of media on various child outcomes and will specifically examine the role of parents and families in mitigating any negative media effects. The study will also examine how families use media in positive ways to strengthen and augment relationships.

Third, the Center is supporting the development of advanced methods to be used in analyzing data that can provide answers to questions about family relationships. As part of this initiative the Center hosts a lunch-time methods workshop twice a month where faculty or guests will present on research methods used with family data. Faculty members and students from across the University that are interested in studying family relationships are invited to attend.

## Museum of Peoples and Cultures

Paul Stavast, Director
2201 North Canyon Road, Provo
122 B67
801-422-0020
http://mpc.byu.edu/

Educational Opportunities. Museum staff work with faculty throughout the University to provide in-depth, hands-on learning experiences not only in the museum's exhibitions and laboratories, but also in classrooms across campus. Additionally, classes in museum practices designed to provide students with practical experience are taught by the museum's staff in connection with the Anthropology department (see listings in the Anthropology section of this catalog). The museum also employs students each semester to assist in collections work, education and outreach, exhibition development, among other duties. The museum welcomes volunteers to assist in collection, educational, and promotional work.

Anthropological Collections and Research Opportunities. Museum collections comprise over 7,000 collections (consisting of over 2 million specimens and objects) of prehistoric and ethnographic artifacts from various parts of the world. The majority of holdings are from the American Southwest, Mesoamerica, Polynesia, ancient Peru, and the Great Basin (especially Utah Valley). The museum also cares for an extensive collection of documents and images related to BYU archaeological research. The museum encourages students to inquire about research possibilities using its collections.

General admission is free at the Museum of Peoples and Cultures. Guided tours are available for a nominal fee and can be scheduled by calling the museum.

# Fine Arts and Communications College Page

# Fine Arts and Communications

## College of Fine Arts and Communications

The College of Fine Arts and Communications houses the Departments of Art, Dance, Design, and Theatre and Media Arts, as well as the School of Communications and the School of Music. It also fosters lifelong learning and enriches the educational environment across campus through hundreds of performances and presentations by students and faculty each year as well as through the exhibits and collections of the Museum of Art. Beyond the borders of campus, our students undertake research projects, pursue internships, participate in experiential learning activities both domestically and internationally as well as study abroad programs across the globe, and our performing ensembles reach worldwide audiences through annual tours.

The curricula of the College of Fine Arts and Communications encourage students to aspire to the highest scholastic and artistic standards, following within their respective specialties the sacred injunction to seek, inquire, discern, and articulate knowledge. The college celebrates creative and scholarly work as an exploration of humanity and divinity.

Students in the college balance a strong liberal arts foundation with specialized, rigorous training in the methods, theories, histories, and practices of their chosen disciplines. Each of the programs within the college seeks to produce graduates whose creative and professional work contributes positively to society while benefiting the organizations for which they work and enriching the audiences they reach. By encouraging exceptional performance, presentation, and communication, graduates emerge as scholars and professionals within their disciplines and informed, creative voices within their communities.

- Music
- Theatre and Media Arts

# College Advisement Center

The College of Fine Arts and Communications Advisement Center recognizes the opportunity and responsibility to be actively involved in our students' educational journey. The advisement center is committed to not only establish an important, service-oriented connection with each student in a caring, friendly environment, but to also provide accurate and timely information to better prepare them for greater academic success.

Professional academic advisors are available to provide information regarding university policies and procedures, dates and deadlines, registration, faculty advisor referrals, major/minor application preparation, major/minor planning and progression, graduation qualification, as well as many other academic concerns. For more information and resources, visit cfacadvise.byu.edu.

# Interdisciplinary Degrees

Animation is an interdisciplinary degree offered by the Department of Design through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Design, and the Department of Computer Science.

Music Dance Theatre is an interdisciplinary degree offered by the Department of Theatre and Media Arts through the cooperative involvement of the School of Music, the Department of Theatre and Media Arts, and the Department of Dance.

# Enrollment in a Major Program

Enrollment in most degree programs in the College of Fine Arts and Communications is limited by the availability of resources such as facilities, equipment, and faculty; the number of students interested in pursuing those degrees exceeds the number that can be admitted. Students are asked to carefully study the requirements of the major program they desire to enter to determine if the program really fits his or her personal goals and educational objectives. Students should consult departmental websites for details about audition dates, portfolio submissions, or other requirements to be considered for admission into competitive programs. Make special note of audition dates, submission deadlines, etc.

The application process for each major has been structured to be as fair and impartial as possible. Enrollment limitations require those evaluating applications to make difficult decisions. Those who are not admitted into his or her desired program are encouraged to move quickly and decisively toward an alternative major program.

Applications for degree programs in the college are available online through each department's website. Prior to applying, students must complete all of the prerequisite courses and/or specific requirements stipulated in the application process. For further information, please contact the appropriate department or school directly. For contact information go to http://cfac.byu.edu.

# Scholarships and Awards

Performance awards are offered by each of the academic units within the college. Applications and information about auditions for performance awards can be obtained by contacting the appropriate department or school.

Applications for general academic scholarships can be obtained online here or at the Scholarship Office. For information about graduate scholarships, fellowships, and grants-in-aid, see the Graduate Studies website.

**Assistant Dean**: James Crane
**Assistant Dean**: Logan Gillette

# Humanities College Page

# Humanities

## College of Humanities

The College of Humanities houses programs that study literature and language as well as philosophy, critical reading, and writing. Those programs share a concern with the processes and products of human expression. In doing so, they focus on a quest for fluency in what has been called "the human conversation"—the ongoing inquiry into what it means to be human.

Study in the humanities disciplines develops facility in languages and cultures as well as higher order cognitive abilities needed for interpretation, analytical thinking and reflection, criticism, and writing. Students can apply what they are learning prior to graduation and enrich their capacities for satisfying careers and productive lives as educated citizens after.

## Liberal Arts Advisement and Careers

Sherami Jara, Assistant Dean
1041 JFSB
801-422-3541
https://liberalarts.byu.edu/

Liberal Arts Advisement and Careers supports students in achieving their academic and career goals by providing guidance and direction in academic and career exploration, progress toward timely graduation, and experiential learning through Humanities+ experiences. Those experiences include internships, faculty mentoring, secondary majors, minors, participation in clubs, and other professionally relevant experience.

## Center for Language Studies

Ray T. Clifford, Director
Molly McCall, Assistant Director
3086 JFSB
801-422-1201
http://cls.byu.edu

The Center for Language Studies works with other College departments to help students from all of the University's academic disciplines acquire the advanced language and cultural skills they need for personal enrichment and for global careers. Particular emphasis is placed on:

- Teaching advanced language classes in low-enrollment languages spoken by returned missionaries.
- Testing language proficiency.
- Conducting language acquisition research.

## The Humanities Center

Rex Nielson, Senior Fellow and Director
3149 JFSB
801-422-2176
http://humanitiescenter.byu.edu

The Humanities Center is an institute of intensive learning and outreach that promotes the exchange of ideas within the humanities and across the arts and sciences. It aims to foster excellent research and teaching in the humanities, encourage discussion and collaboration across departments, colleges, and universities on matters of public as well as academic concern and enhance BYU's global reputation for scholarship, teaching, and public service.

“enter to learn—go forth to serve” and its aspiration to make “the world our campus.”

Mission Statement:

The David M. Kennedy Center for International Studies is the heart of international engagement for the BYU community. By supporting and implementing interdisciplinary international experiences on campus and abroad, the Kennedy Center raises global awareness and competency, and equips the community with international perspectives and tools to promote intellectual, physical, and spiritual well-being throughout the world.

## International Study Programs

**Study Abroad:** BYU's traditional off-campus study programs. In these programs students are able to further their general education; pursue specialized courses in languages, the social sciences, humanities, fine arts, and other fields; gain valuable insights into their own country; and further international understanding.

**Direct Enrollment**: Students are integrated into an international university, taught by faculty native to that country, and are not accompanied by BYU faculty.

**International Internships:** Short-term, on-the-job apprentice training abroad under the direction of a firm, government agency, NGO, or other such institution.

**Field Studies:** A research experience abroad for small numbers of students directed by faculty, who generally do not accompany the students.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The university core, consisting of requirements in general and religious education. (See University Core for details. For a complete listing of courses that meet university core requirements, see the current class schedule.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

## College of Life Sciences

Courses offered in the life sciences give students a general understanding of the fundamental principles of life that extend from the tiniest microbes to plants, animals, and human beings. Students also obtain the knowledge, skills, and motivation necessary to maintain a healthy lifestyle. Specialized courses emphasizing teaching and research in various life science disciplines are also offered. Disciplines range from basic science to applied science.

# Student Services

The goal of the Life Sciences Student Services Center is to provide "one stop shopping for students and faculty." The center services students in five areas: advisement, assessment, career advisement, college life, and mentored experiences.

**Advisement**—Students are instructed in general education advisement and given assistance in creating a graduation curriculum plan for their major. Advisement is an interactive, developmental experience between students and advisors. Advisement services include change of major, academic success, graduation processes, and other specific advisement needs. LfSc 101 is offered to all new students who are exploring Life Science majors. All majors and career options are presented in this course plus basic student development principles to assist new students in adapting to BYU and becoming familiar with its resources.

**Assessment**—Students are informed of the importance of maintaining the university's accreditation standing. Students assist in the assessment process by providing input through surveys, exit interviews, one-year-out and five-year-out surveys, and results on national major field exams and other national and professional school admission exams.

**Career advisement**—Students are assisted in major exploration and basic developmental career issues. Information is provided regarding university resources for further career and major exploration.

**College life**—The "Empowering Others" philosophy encourages students to help and teach each other by creating a spirit of cooperation rather than competition. Study groups are fostered and organized to enhance learning. A learning facility provides tutoring services for students enrolled in essential biology courses. This walk-in area allows a student access to tutors 10–12 hours per day. Leadership opportunities for students can be enhanced through participation on the Life Sciences Student Council and participation in clubs. The college also offers scholarship opportunities to its undergraduate and graduate students.

**Mentored experiences**—Internships provide students with opportunities to try out their prospective careers. The center provides resources for obtaining internships as well as processing all the paperwork and awarding grants to students who desire that experience. Assisting faculty with research constitutes a mentorship. Students learn invaluable skills and problem-solving techniques from their mentors. The center can help students seeking mentored experiences.

# M. L. Bean Life Science Museum

Duke S. Rogers, Director
Leigh Johnson, Associate Director for Research and Collections
Marta Adair, Assistant Director for Education
2103 MLBM

Robert Johnson, Collections Manager, Herbarium
Byron Adams, Curator of Meiofauna
Seth Bybee, Assistant Curator of Athropods
Shawn Clark, Collections Manager, Arthropods

Robert Johnson, Collections Manager, Herbarium
Randy Larsen, Assistant Curator of Birds
Steve Leavitt, Curator of Nonvascular Cryptogams
Riley Nelson, Assistant Curator of Athropods
Duke Rogers, Curator of Mammals
Dennis Shiozawa, Curator of Fish
Jack Sites, Curator of Reptiles and Amphibians
Michael Whiting, Curator of Arthropods

The Bean Life Science Museum is fully accredited with the American Alliance of Museums. A major addition and remodel of the museum was completed in 2014. Its vast teaching and research collections include more than two million arthropods, fish, amphibians, reptiles, mammals, birds, meiofauna and mollusks, and more than 700,000 plants, fungi, algae, and bryophytes. Specimens for these collections, which represent creative work by university faculty members and students, have been gathered from around the world, making the museum a major repository of scientific-quality, biological collections in the western United States.

The museum and its collections are utilized by university classes in biology, plant and wildlife sciences, education, art, geography, and other disciplines. The museum also maintains and manages the Lytle Ranch Preserve. Located in the northernmost extension of the Mojave Desert southwest of St. George, Utah, this 600-acre desert "classroom" is situated in a part of Utah that is unique not only for its plant and animal communities, but also for its setting at the crossroads of three major bioregions.

Public programs at the museum include temporary and permanent exhibits of natural communities that illustrate complex relationships between plants, animals, and their physical environment. Educational programs serve more than 150,000 annual visitors and provide classes and programs for public and private schools and many other organizations. Museum hours are Monday through Friday from 10:00 a.m. to 9:00 p.m. and Saturday from 10:00 a.m. to 5:00 p.m. The museum is closed on Sunday. Admission is free.

*The Western North American Naturalist*, a nationally recognized peer-reviewed natural history journal, is administered by the museum. Other museum publications include professional and popular works such as *A Utah Flora, Bark and Ambrosia Beetles of South America, Snakes of Utah*, and *Common Rocky Mountain Lichens*.

# Nursing College Page

# Nursing

## College of Nursing

The College of Nursing at Brigham Young University, established in 1952, is accredited by the Utah State Board of Nursing and the Commission on Collegiate Nursing Education. The mission of the College of Nursing is to develop professional nurses who promote health, care for the suffering, engage in the scholarship of the discipline, invite the Spirit into health and healing, and lead with faith and integrity.

The College of Nursing has a Baccalaureate and Masters Nursing Program.  Baccalaureate graduates are prepared to function in generalist roles in hospital and community settings. They also have excellent preparation for entrance into graduate programs. Graduates of the MS program are prepared as a family nurse practitioner.

The college faculty are committed to creating a stimulating learning environment based on Christian principles. They maintain a broad range of research and clinical interests.

Student resources include a fully equipped learning resource center with audiovisual and computer learning aids, a research center, and a state-of-the-art clinical simulation laboratory. Clinical practice opportunities exist in a variety of urban and rural hospital, school, home, and community settings along the Wasatch Front. Students may also gain extended experiences with specialized national and international health programs.

### Programs

- Physical Science

Freshmen who are interested in the physical and mathematical sciences but are undecided about a specific major are encouraged to register for one or more of the following science fundamentals core courses: Chem 111 or 105; C S 142; Geol 101 or 111; Math 112 or 113; MthEd 177; Phscs 121; Stat 121 or 151.

## College Advisement Center

The advisement center provides information and help on registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of the college's academic life.

## Degrees Offered

Bachelor's degrees are offered in actuarial science, applied physics, biochemistry, chemistry, chemistry education, computer science, earth and space science education, geology, mathematics, mathematics education, physical science teaching, physics, physics-astronomy, physics teaching, and statistics.

The master of science degree is offered in biochemistry, chemistry, computer science, geology, mathematics, physics, and statistics. The master of arts degree is available in mathematics education. The doctor of philosophy degree is offered in biochemistry, chemistry, computer science, mathematics, physics, and physics/astronomy.

See specific departmental sections of this catalog for baccalaureate degree requirements. Graduate programs are detailed in the BYU Graduate Catalog.

## Religious Education College Page

## Religious Education

The mission of Religious Education at Brigham Young University is to assist individuals in their efforts to come unto Christ by teaching the scriptures, doctrine, and history of the restored gospel of Jesus Christ through classroom instruction, gospel scholarship, and outreach to the larger community.

- Ancient Scripture
- Church History and Doctrine

# Purposes

Religious Education oversees the teaching of and research into scripture, doctrine, Latter-day Saint and Christian church history, and world religions. We strive to create a learning environment and provide resources that are "spiritually strengthening, intellectually enlarging, and character building" and an educational experience that results in "lifelong learning and service" (The Aims of a BYU Education).

Religious Education seeks to spread the light of restored truth to Latter-day Saints and to those not of the Latter-day Saint faith in three ways:

1. Instruction. We seek in Religious Education to find new ways and more effective ways to communicate timeless truths and to provide "a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued" (BYU Mission Statement). In general, we search for ways to enhance the educational experience and to build a faith in and a commitment to the restored gospel that is as stimulating and satisfying to the mind as it is soothing and settling to the heart.
2. Scholarship. The search for new truths and the quest to better understand well-known truths are central to the work of Religious Education. While the ultimate interpretation of doctrinal matters rests with apostles and prophets, we seek to discover historical backgrounds, provide cultural and linguistic details, and explore new avenues of understanding into our faith, history, and way of life.
3. Outreach. An important dimension of the work of Religious Education is outreach, the effort to teach, share, and discuss the teachings, practices, and history of The Church of Jesus Christ of Latter-day Saints, in the larger community of scholars and to foster understanding between men and women of all faiths.

# Degrees Offered

Religious Education offers two programs leading to a master's degree: **Master of Arts Religious Education** designed for individuals recommended by Seminaries and Institutes and **Master of Arts Chaplaincy** for military, hospital, and prison chaplain candidates.

For further information on these programs, please contact the Religious Education Office. No other degree programs are offered in this area.

# Doctrinal Foundation and Religious Electives

Religion courses are an integral part of the university curriculum that conforms to university standards and expectations. While students are enrolled at BYU, they are required to take religion courses from BYU. See Doctrinal Foundation and Religious Electives information on the University Core Explained page in this catalog.

# Religious Studies Center

Daniel K Judd, Director

Scott C. Esplin, Publications Director
167 HGB
801-422-6975
http://rsc.byu.edu/

The Religious Studies Center (RSC) is the research and publication arm of Religious Education. It continues to pursue its original charter to encourage and sponsor serious, faithful, gospel-related scholarship and the ensuing publication of that scholarship. It fulfills the charge to help meet the university's commitment to religious studies and Religious Education's aim to teach and preserve the doctrine of the gospel of Jesus Christ. It also serves the greater Church through the publication of the works of Religious Education faculty and other scholars who have written important, timely, scholarly work of a faith-promoting nature.

To encourage and promote religiously oriented scholarship, the RSC awards grants and provides other financial assistance. It proactively reaches out to faculty to encourage research in specific areas and supports them in the publication of their findings. To accomplish this the RSC sponsors two faculty mentors, known as area directors, who oversee and fund research in Church history and ancient scripture.

# Student Life College Page

# Student Life

Student Life is a division of the University that includes the following areas:

- Campus Life
- Student Development Services
- Residence Life
- Student Health Center
- Title IX
- University Police

Leadership for Student Life is provided by the Student Life Vice President. Under the direction of the Student Life Vice President, the Dean of Students oversees Campus Life and the Executive Director of Student Development Services oversees student development programs and services.

# Requirements for Enrollment in Continuing Education Classes

Credit and noncredit classes and programs are open to anyone who abides by the standards and has the desire and necessary ability, including matriculated students, non-matriculated students, individuals desiring to audit courses, and high school students who meet current university requirements for concurrent enrollment.

Students who have been suspended from Brigham Young University or any other institution of higher learning for any reason are eligible to register for Independent Study courses only. Suspended students are ineligible to enroll in Evening and Salt Lake Center classes until the suspension is resolved.

**Student Responsibility.** Enrollment in a Continuing Education course ***does not*** constitute admission to BYU or any other university on a degree-seeking basis. It is the student's responsibility to gain admission to the university of his or her choice as a degree-seeking student through the institution's normal procedures. At BYU students may accomplish this through Enrollment Services.

## General Education

## General Education

The university's religion requirements and general education requirements (combined, known as the University Core) are displayed in the links below.

Additional information

# Disclaimer

The university makes every reasonable effort to provide accurate information in the contents of this catalog but reserves the right to make changes at any time without prior notice. The university reserves the right to change or discontinue graduation requirements, department majors, individual courses, instructors, and all other aspects of university operations. In the event the university determines to make changes in curriculum, it will post these changes as soon as practical within this online catalog. It is recommended that students regularly check this catalog for possible changes.

If colleges or majors are discontinued, or if substantial changes in requirements for degrees are made, the university will endeavor to allow students disadvantaged by the change to continue under existing programs and requirements. As a general rule, these types of substantial changes will only be made effective each fall semester.

The university may place a hold on a student's registration privileges if the student neglects academic work or makes unsatisfactory progress toward graduation.

## Discontinuance

## Discontinuance

Enrollment Services
D-148 ASB
(801) 422- 4104

Full withdrawal is defined as withdrawing from ALL classes for the current semester or term and means a student is no longer considered to be currently enrolled.  It may also have an impact on other areas of campus where students are required to be enrolled in a certain number of credit hours, such as:

- housing
- financial aid
- scholarships
- health center
- employment
- counseling services
- computer lab
- exercise facilities

The Enrollment Services Counselors in D-148 ASB are available to consult with students or parents regarding these issues.

The withdrawal process includes the following:

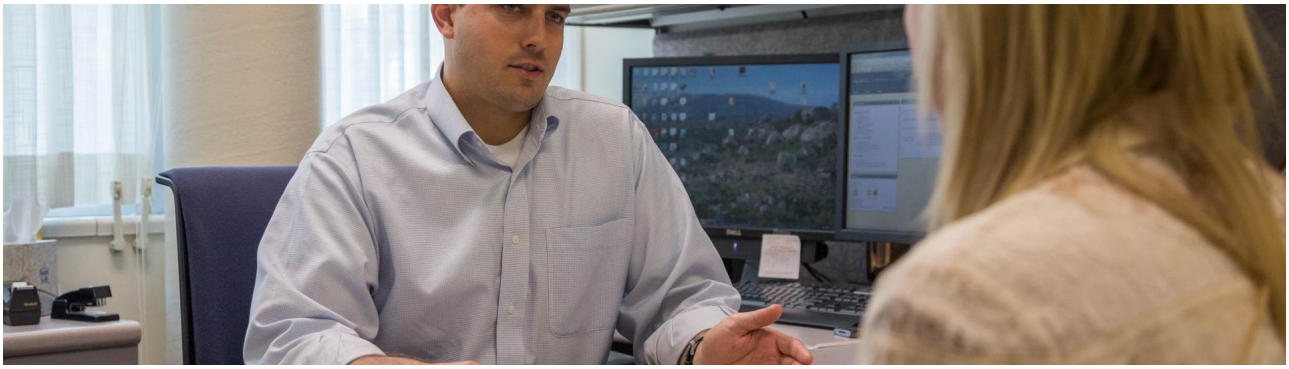
1. **Before the first day of classes and up to the add/drop deadline,** students may drop all of their classes through MyMAP with no record on the official transcript.
2. **After the add/drop deadline**, students must discontinue by submitting the online Request for Discontinuance form.
3. Once the online Request for full withdrawal form is completed and submitted, the student will be withdrawn from classes.
4. **After the withdrawal deadline**, if non-academic circumstances arise, students may work with their instructors to pursue an incomplete contract. (See information about incompletes here.) If a student desires to discontinue after the deadline, including first term classes, it will be necessary to file a petition (see http://petitions.byu.edu).

For more information, see the Leave of Absence section here or the Enrollment Services website.

## Final Examination Policy

The current final examination policy can be found at https://policy.byu.edu/view/final-examination-policy.

## Financial Aid & Scholarships



## Financial Aid & Scholarships

Financial Aid Office
D-155 ASB
(801) 422-4104

BYU offers financial aid from various federal, state, and university programs in the form of grants, scholarships, and loans. The Financial Aid Office coordinates these financial aid programs and assists students in identifying the financial resources for which they might qualify. Because the number of students applying for financial assistance usually exceeds the funds available through university programs, the distribution of financial aid at BYU is based on an assessment of the student's and family's financial need, although there are some exceptions, including BYU short-term loans and academic, performance, talent, and athletic scholarships.

The process of determining a student's eligibility for federal financial aid is called *need analysis*. During need analysis, student's and parent's income and asset information is examined to determine the family's ability to contribute toward educational costs. This figure, called the *Expected Family Contribution* (EFC), is subtracted from the approximate cost for the student to attend BYU for a specific length of time (typically, one academic year). If the cost of attendance is more than the family can contribute, the student has demonstrated *financial need*.

This Cost of Attendance includes estimated amounts for tuition, books and supplies, housing and food, miscellaneous personal expenses, applicable federal student loan fees, and travel expenses. Each student who applies for federal financial aid receives a Cost of Attendance estimate to determine eligibility for aid. For Cost of Attendance amounts, please see the Financial Aid website: http://financialaid.byu.edu/cost-of-attendance.

BYU uses the Free Application for Federal Student Aid (FAFSA) to determine a student's EFC. All students applying for federal financial aid must complete this form. To reduce the chance of delays, students and their parents are encouraged to read instructions carefully, complete all forms correctly, and submit any requested documents in a timely manner.

Enrollment Services Counselors are available and eager to assist with the application process, and can be reached by calling 801-422-4104.

## Eligibility Requirements

Applicants for federal financial aid (Federal Pell Grants, Federal Direct Subsidized and Unsubsidized Loans, and Federal Direct PLUS Loans) must be U.S. citizens, permanent residents or eligible non-citizens. In addition, students must maintain satisfactory academic progress to have federal financial aid disbursed to them.

Students who have a baccalaureate degree and are returning to receive a teaching certificate may also apply for Federal Direct Subsidized and Unsubsidized Loans if they have a cumulative 2.0 GPA and are admitted to the teacher licensure program. In addition, post-baccalaureate students may be eligible for Federal Direct Subsidized and Unsubsidized loans if they are enrolled in prerequisite courses for admission to a graduate program.

Rules and regulations governing the disbursement of federal financial aid are subject to change. Contact the Financial Aid Office if you have additional questions regarding your eligibility for financial assistance.

All financial aid is administered in compliance with BYU's nondiscrimination policy, which can be found at https://policy.byu.edu/view/nondiscrimination-and-equal-opportunity-policy.

# Scholarships

Brigham Young University offers scholarships to select students on the basis of various factors, including academic excellence and financial need, as an investment in their education. Scholarship funds are provided through the tithes of the Church of Jesus Christ of Latter-day Saints and the offerings of generous individuals. They are given to encourage continued commitment to spiritual and intellectual growth. The gift of a scholarship assumes an obligation on the part of the recipient to use that investment to prepare for expanded and purposeful service in families, communities, and the world. We endorse the principle of replenishment and invite all to make a similar investment in someone else's future by contributing to the university's scholarship programs when in a financial position to do so.

Although the contributions of the Church and others have been generous, funds are still insufficient to award all students. Consequently, policies and procedures have been established to better ensure fairness in awarding available scholarship funds consistent with the university's aims and donors' wishes.

For additional information about our policies and procedures, please contact the Financial Aid Office:

**Address**:
A-41 ASB
Provo, UT
84602-1009
**Telephone**: (801) 422-4104
**E-mail**: scholarships@byu.edu
**Web**: https://enrollment.byu.edu/scholarships

The majority of BYU scholarships are awarded to students based on academic merit and financial need. After the scholarship application deadline, students are ranked by their academic performance and financial need. Beginning at the top of the ranked order, scholarships are awarded until funds are exhausted.

BYU scholarships are not renewable, and most are awarded for two semesters only unless otherwise specified. To receive future consideration, students must reapply every year by the appropriate deadline. Applicants must also officially declare a major by the end of their sophomore year.

## Alumni Association

Generations of BYU students have benefited from the generous support of the Church and private individuals. With that support they have received a first-rate education that has helped them "go forth to serve." Part of that service includes providing for the education of future generations.

Applicants for the Alumni Replenishment Grant are considered based on need and other criteria along with a moral commitment to repay the amount of the grant, so that future students can receive and continue such financial assistance.

**Alumni Association Replenishment**

The Alumni Association Replenishment Grant is available to junior, senior, and graduate students whose total cost of education may not be met through other financial aid programs. Scholarships are awarded annually in amounts equal to half or full LDS tuition. The scholarship recipients will be asked to replenish the fund once they are in a financial position to do so.

To be considered, both the cumulative and BYU GPA must be at least 3.0 by the end of fall semester. Applicants must also demonstrate financial need and be willing to replenish the scholarship fund at a later date. To apply, complete the online scholarship application available through myBYU, including the Financial Need section as well as the Alumni Replenishment Grants section.

**Alumni Association Regional Replenishment**

Several chapters of the BYU Alumni Association offer replenishment grants to students whose permanent residence lies within their boundaries.

To apply, complete the online scholarship application available through myBYU, including the Financial Need section as well the Alumni Regional Replenishment Grants section.

## Athletic

The university awards grants-in-aid to outstanding athletes who qualify under conference and NCAA rules and regulations.

For program applications, deadlines, and additional information, apply directly to the coach of the sport in which you wish to participate or contact Intercollegiate Athletics:

**Address**:
331 SAB
Provo, UT
84602
**Telephone**: (801) 422-2046
**E-mail**: athletics@byu.edu

## College and Departmental

In addition to the scholarship programs described in this bulletin, other private scholarships are available through the colleges and some departments. Students can check with their college or department for additional information and applications.

## International

International students are eligible to apply for academic scholarships as new incoming freshmen, former or continuing students. Transfer students must complete a minimum of 12.0 credits of regular course work before they are eligible to be considered for academic scholarships offered by the Financial Aid Office. Scholarships are awarded on a yearly basis. Check the Financial Aid website for scholarship application deadlines.

## International Study Programs

The International Study Programs Office offers scholarships and grants to assist undergraduate students participating in its programs. These program discount award amounts vary depending on financial need, GPA, year in school, major, length and type of program, and other pertinent factors.

To apply, students must apply for a program through the ISP website, and complete the ISP Financial Aid portion of that application. All applicants must have a minimum 3.0 GPA, as well as a current FAFSA on file with BYU. The FAFSA is found at www.fafsa.ed.gov.

For program applications, deadlines, and additional information on scholarships, please contact International Study Programs:

**Address**:
101 HRCB
Provo, UT
84602
**Telephone**: 801-422-3686
**Email**: isp@byu.edu
**Website**: http://kennedy.byu.edu/isp/.

## Jerusalem Center

The Jerusalem Center for Near Eastern Studies offers financial aid to undergraduate students participating in the various Jerusalem Center study programs. This financial aid is administered under the following categories:

*Grants* are awarded primarily on the basis of financial need. These grants will vary according to the applicant's financial need and the funds available. Individual FAFSA information must be on file at BYU for students to be considered.

*Scholarships* are awarded primarily on the basis of academic performance and will vary as stated above. A minimum GPA of 3.50 is required to be considered.

For program applications, deadlines, and additional information, contact the Jerusalem Center Office:

**Address**:
101 HCEB
Provo, UT

84602-1524
**Telephone**: (801) 422-6017
**E-mail**: jerusalem@byu.edu
**Website**: http://jerusalemcenter.ce.byu.edu

## Need-Based

BYU budgets a number of need-based awards for U.S. citizens, permanent residents, and eligible non-citizens. Each applicant's circumstances and resources are reviewed and evaluated; unfortunately, there is always more need than available funding. Interested students must complete the Financial Need section of the scholarship application available through MyBYU, as well as the FAFSA (Free Application for Federal Student Aid), by the appropriate deadline. Dependent and independent students younger than 30 years of age must submit parental information on the FAFSA to receive consideration.

## Other Private

Generous friends of the university have contributed a number of private scholarships. Many of these scholarships carry specific stipulations and restrictions. To be considered for these scholarships, complete the online scholarship application available through MyBYU, including the Other Scholarships section if applicable.

## Research

The following scholarships promote and reward research:

The Undergraduate Scholarship Awards are given to a select number of students in good academic standing—generally juniors and seniors—to fund research projects. To obtain the application instructions and guidelines, deadlines, and additional information, contact the Office of Research and Creative Activities

**Address**:
A-285 ASB
Provo, UT
84602-1231
**Telephone**: (801) 422-3841

Students should also contact their department and college to learn about other research opportunities and awards.

## ROTC

Both the Army ROTC and the Air Force ROTC offer competitive scholarships to qualified students enrolling in their programs. ROTC scholarship recipients may receive full tuition and fees, or housing and food, plus a book allowance each semester. In addition, both scholarship and non-scholarship cadets who are contracted with ROTC receive a monthly stipend [$300 (up to $500) a month as they progress through the program]. For further information and application requirements, contact the Military Science Department (Army ROTC):

**Address**:
320 Wells ROTC Building
Provo, UT
84602-8301
**Telephone**: (801) 422-7725
**E-mail**: armyrotc@byu.edu

Or the Aerospace Studies Department (Air Force ROTC):

**Address**:
380 Wells ROTC Building
Provo, UT
84602-8301
**Telephone**: (801) 422-2671
**E-mail**: afrotc@byu.edu

## Students with Disabilities

Generous donors have established a few private scholarships to assist students with disabilities. Because funds are limited, the Scholarship Committee will consider the nature of the applicant's disability and its impact on his or her ability to function in class and earn a living. Academic performance and financial need will also be considered. Interested students must complete the appropriate section of the scholarship application available through myBYU and submit appropriate current documentation of the disabling condition from a licensed professional to the University Accessibility Center:

**Address**:
2170 WSC
Provo, UT
84602
**Telephone**: (801) 422-2767

## Talent Awards

BYU offers talent awards in the areas of communications, dance, music, theatre and media arts, and art. For these awards, demonstrated talent is a more important criterion than scholastic achievement. Awards range in value from $100 to full tuition for one year. For further information and application materials, contact the appropriate department directly:

*Art*: Department of Art

**Address**:
E-509 HFAC
Provo, UT
84602-2500
**Telephone**: (801) 422-2064
**E-mail**: e509frontdesk@byu.edu

*Communications*: School of Communications

**Address**:
360 BRMB
Provo, UT
84602-6403
**Telephone**: (801) 422-2997
**E-mail**: comms_secretary@byu.edu

*Dance*: Department of Dance

**Address**:
294 RB
Provo, UT
84602-2005
**Telephone**: (801) 422-5087
**E-mail**: dance@byu.edu

*Design*: Department of Design

**Address**:
E-509 HFAC
Provo, UT
84602-2500
**Telephone**: (801) 422-7321
**E-mail**: e509frontdesk@byu.edu

*Music*: School of Music

**Address**:
C-550 HFAC
Provo, UT
84602-6410
**Telephone**: (801) 422-6304
**E-mail**: music@byu.edu

*Theatre and Media Arts*: Department of Theatre and Media Arts

**Address**:
D-581 HFAC

Provo, UT
84602-6405
**Telephone**: (801) 422-6645
**E-mail**: tmasec@byu.edu

## General University Scholarship Policies

Students granted university scholarships must do the following to claim their award:

1. Abide by the Honor Code and adhere to the Dress and Grooming Standards of BYU, and
2. Register as a full-time student and complete a minimum of 12 credit hours per semester.

   Note: Scholarships may be applied to approved International Study Programs and the BYU Jerusalem Center. Scholarships may not be used for Independent Study or Continuing Education courses, BYU-Idaho or BYU-Hawaii courses, audited classes, or credit earned through special examination.

Additional provision:

Students who have received scholarships for a total of eight semesters, excluding spring and summer terms, are ineligible for future fall/winter scholarships through the Financial Aid Office, but may be considered for spring/summer scholarships.

**Discontinuance**

A student claims a scholarship by registering for classes and using the scholarship to pay tuition. If the student then does not attend school or, once enrolled, discontinues, the scholarship will be cancelled and the student will be billed for the appropriate tuition and discontinuance fees. Students who need to discontinue because of illness, injury, or extenuating circumstances should contact Enrollment Services (D-155 ASB) for appropriate action.

**Note:** Exceptions to these policies may sometimes be granted according to individual needs and circumstances. Students wanting an exception must submit a formal written petition to the Financial Aid Office prior to the necessary change.

Petitions may be submitted to:

**Address**:
D-155 ASB
Provo, UT
84602
**E-mail**: sch-petitions@byu.edu.

# BYU Short-Term Loan

A short-term loan is available to full- or part-time day students or full-time evening students admitted to day school. A student may borrow up to the cost of tuition only and the loan must be repaid during the same semester or term in which the money is borrowed. The loan is not available for Independent Study, job interviewing, or debt payments. Students can apply for a short-term loan by logging in to myBYU and, under campus links, clicking *School > My Financial Center > My Accounts > BYU Short Term Loan*.

# Federal Programs

## Federal Pell Grant

A Federal Pell Grant is awarded by the U.S. Department of Education based on financial need. A Pell Grant is not a loan and does not have to be repaid. Only undergraduate students who have not already earned a bachelor's degree are eligible for a Pell Grant. (Students who pay graduate tuition are not eligible.) Pell Grant payments are disbursed one semester at a time and are prorated based on eligible hours for which a student is enrolled (spring and summer term hours are combined).

- 12.0 or more semester hours equal a full-time payment.
- 9.0–11.5 semester hours equal a three-quarter-time payment.
- 6.0–8.5 semester hours equal a half-time payment.
- Fewer than 6.0 semester hours equal a less-than-half-time payment.

In determining eligible hours for federal aid, please note that:

1. Audit hours, hours through Special Courses and Conferences, and hours obtained by challenge exams may not be used.
2. Salt Lake Center, Study Abroad, and Jerusalem Center classes, etc., may be used only during the term or semester for which the student is admitted to BYU day school.
3. Classes taken for a third time at BYU may not be used.

## William D. Ford Direct Loan Program

Direct Loans are available to undergraduate and graduate students. Students must meet the eligibility requirements described previously. Undergraduate students must be enrolled in at least 6.0 credit hours per semester or term; graduate students, at least 4.5 credit hours per semester or term. Audit hours, hours through Special Courses and Conferences, and hours obtained by challenging classes may not be used in determining hours. Repayment begins six months after a student graduates, drops below half-time enrollment, or discontinues from the university.

The Direct Loan Program offers the following types of loans:

- Subsidized—based on financial need as determined by a student's EFC. The government pays the interest on the loan while the student is enrolled in school at least half-time, during the grace period, and during deferment periods. Subsidized loans are not available to graduate students.
- Unsubsidized—not based on financial need and interest begins to accrue once the loan is disbursed. Students who receive subsidized loans may also receive unsubsidized loans. Students may choose to make interest payments while they are in school or during deferment/grace periods.
- Parent PLUS—for parents of dependent students. Like the unsubsidized loan, interest begins to accrue once the loan is disbursed. PLUS Loans go into repayment 60 days after the loan is fully disbursed, unless a deferment is approved. Parents may borrow up to the student's Cost of Attendance minus any financial aid received by the student. A credit check is done and the loan is generally approved unless there is an adverse credit history. For students whose parents are denied a PLUS Loan, an additional unsubsidized loan may be approved.
- Graduate PLUS—for graduate and professional students. Like the Parent PLUS Loans, interest begins to accrue once the loan is disbursed. An in-school deferment is automatically applied to Graduate PLUS loans, which includes a six-month grace period after the student drops below half-time enrollment (we encourage students to confirm this with their loan servicers). Students may borrow up to the Cost of Attendance minus any other aid they receive. A credit check is made, and if there is no adverse credit history, the loan is generally approved.

To avoid the burden of excessive debt, students should consider other forms of financial aid such as grants, scholarships, part-time employment, savings, and family assistance. Students should also contact their state educational agency to apply for state grants and other state aid that may be available. High school counselors and employers may also provide information regarding other sources of financial aid.

## Satisfactory Academic Progress (SAP)

Federal regulations require schools to establish, publish, and apply reasonable standards for determining whether a student receiving federal financial aid is maintaining satisfactory academic progress in his or her course of study. Satisfactory Academic Progress is measured using qualitative and quantitative standards as follows:

### *Undergraduate Students*

Qualitative Standard

Maintain a cumulative GPA of 2.0 or higher (includes transfer credits).

Quantitative Standards

*Pace (Rate of Progress)*: Students must successfully complete at least 66.67% of all credits attempted. Rate of progress is determined by dividing the total number of earned hours by the total number of attempted hours.

- Earned hours include letter grades A, B, C, D, and P.
- Attempted hours include earned hours and all non-progress hours, E, I, IE, UW, W, WE, and T, as well as repeated hours, transfer credit, AP and IB credit, foreign language examination credit and other examination credit.
- For transfer students, W's, E's, IE's, and UW's from the transfer institution are excluded when calculating rate of progress.

*Maximum Time Frame (Attempted Hours)*: Federal regulations allow for a student to attempt 150% of the number of credit hours required for graduation. The majority of BYU undergraduate degree programs require 120.0 hours. This allows a maximum time frame of 180.0 attempted credit hours as defined above. For students in majors requiring more than 120.0 hours, the maximum attempted hours will be adjusted to 150% of the number of hours needed for graduation.

The following adjustments to the maximum attempted credit hour limit will also be made automatically by the Financial Aid Office:

- Exclude transfer credits and/or AP/IB credits which do not satisfy university core or major/minor course requirements.
- Increase the maximum attempted credit hour limit to include hours required for one additional major, excluding hours which fulfill other BYU graduation requirements.

### *Graduate Students*

Qualitative standard based on assessment by Graduate Studies Office:

- Graduate programs evaluate students' progress as "satisfactory," "marginal," or "unsatisfactory." Only students with a "satisfactory" or "marginal" designation meet SAP.
- Students must maintain a cumulative GPA of 3.0 or higher.

Quantitative standard of maximum time frame defined by program of study:

- Master's and Doctoral candidates must complete their degree within 150% of the number of credit hours required for their program of study. The majority of BYU Master's programs require 30 hours, while Doctorate programs require 45 hours.

### *Review of SAP*

SAP components are evaluated at the end of each term when grades post to determine future eligibility.

- Students who "pass" this review meet SAP and will be eligible for federal financial aid for the next term in which they enroll.
- Students who fail to meet the SAP review are allowed one term on "warning" in which they are allowed to receive federal financial aid and work to improve their academic record in hopes of meeting the SAP standards again.
- Students who successfully complete the "warning" term and improve their record to "pass" the SAP review will be eligible for federal financial aid for the next term in which they enroll.
- Students who "fail" the SAP review at the end of the warning term do not meet SAP and will not be eligible for federal financial aid for the subsequent term(s) in which they do not meet the SAP standards. Students will be notified of their failed SAP status by the Financial Aid Office via YMessage.
- If GPA, Pace, and overall assessment (graduate students only) later improve above the minimum requirements, SAP may be rehabilitated. Students once again become eligible for aid in future enrollments if they meet all other requirements.

### *Petition for Override of SAP*

In rare circumstances, a student who has extenuating reasons for not meeting SAP may meet with his or her Enrollment Services Counselor to determine if a financial aid probation period is appropriate.

## Important Tax Information

Under the Tax Reform Act of 1986, only scholarship, fellowship, benefit, and grant amounts used for tuition, fees, books, supplies, and equipment required for courses of instruction are excluded from the recipient's gross income. Any of these funds used for other expenses, such as room and board, must be included in income. If funds are received from any of these sources, a detailed record should be kept of all expenditures for tuition, fees, books, and required equipment and supplies. For more detailed information, consult a personal tax advisor.

## Exception to University Financial Aid Policy

Students desiring an exception to university Financial Aid Policy must meet with their Enrollment Services counselor to discuss their situation. Students may call 801-422-4104 to schedule an appointment.

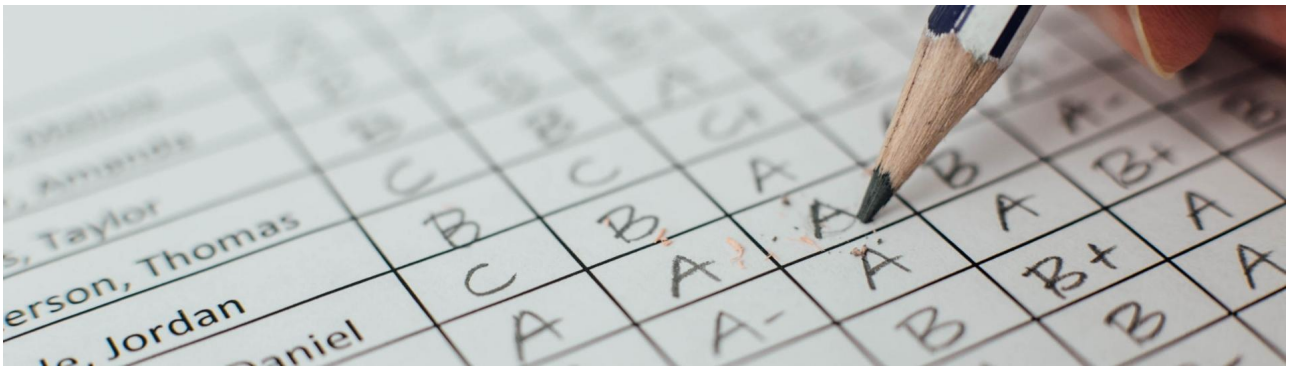
## Additional Information Regarding Financial Aid

We invite students with questions regarding financial aid at Brigham Young University to visit: http://financialaid.byu.edu.

## Estimated College Expenses

*On entering the university, students are responsible for making arrangements to cover enrollment expenses and should have sufficient funds on hand for at least the first semester.*

For estimated costs, please see the Financial Aid website: http://financialaid.byu.edu/cost-of-attendance.



## Grading & Records

The current Grading & Records policy can be found at https://policy.byu.edu/view/academic-credit-grades-and-records-policy.

## Graduation

## Graduation

## Application for Graduation

All students desiring to graduate must apply for graduation. Students applying for the bachelor degree should do so by the appropriate deadlines for graduation. The deadlines for each graduation are listed below:

September 15 for December graduation (no graduation ceremonies)
November 15 for April graduation (graduation ceremonies held in April)
February 15 for June graduation (no graduation ceremonies)
February 15 for August graduation (no graduation ceremonies)

In order to apply for graduation, students must have an active ecclesiastical endorsement covering the semester in which they plan to have their degree awarded. Students access the online graduation application through the "Apply for Graduation" link in the "School Menu" on MyBYU. After submitting the online graduation application, the student account will be charged a one-time $15.00 fee for graduation and the student will be instructed to contact their individual college advisement center (if applicable) to finish the graduation application process. Students will be notified of the status of their graduation application via email.

Students who apply after the deadline dates will need to contact their college advisement center to be considered for graduation. Graduation Services will notify students of graduation deadlines and procedures via email.

Visit enrollment.byu.edu/media/g_howtoapply for more details.

# Attendance at Commencement

All candidates for graduation are encouraged to attend the commencement and convocation ceremonies. Commencement ceremonies are held in April and include all students graduating the previous December through the immediately following August. Students must have applied for graduation and been submitted by their individual college advisement center by the deadline in order to be listed in the convocation programs. If a student has an Honor Code hold two weeks prior to commencement, their name may be removed from the convocation program. If the hold is removed after the convocation program goes to the press and prior to convocation ceremonies, the student is authorized to participate: programs will not be reprinted to include the name but their name will not be listed in the program. Diplomas will be mailed to students after all grades are posted to their official record and all graduation requirements are certified complete.

Participating in the commencement and convocation ceremonies does not guarantee graduation. Graduation is conditional on the verification of completion of all graduation requirements.

# Deadlines for Transfer, Correspondence, and Incomplete Credit

All incomplete grades must be removed from the student's record, special examinations must be passed and recorded, and all transfer credit for required classes must be on file in the Registrar's Office at least four weeks before the official university graduation day. Any BYU Independent Study coursework (including finals) needed for graduation must be completed at least three weeks before the official university graduation day.

# Earning Lower Degree After Receiving Higher Degree

A person having already earned a baccalaureate degree or higher from any institution, including BYU, is ineligible to earn a baccalaureate degree at BYU.

# Adding a Program to a Completed Degree

A person who has a completed undergraduate degree is ineligible to add a second major or a minor to their official record.

# Independent Study Credit

A maximum of 36 semester hours of Independent Study credit may be applied toward the 120-semester-hour requirement for a baccalaureate degree.

**Note:** See the Bachelor of General Studies section of this catalog for BGS requirements.

# Scholastic Recognition (for undergraduates only)

## University Honors

The requirements for graduation with University Honors complement both major and university core education. The honors curriculum includes and enhances the university core components; the honors thesis requirement enhances the major education component. The staff in the Honors Advisement Center, 350D MSRB, (801) 422-5497, is available to answer questions about the program. A more detailed explanation of the Honors Program is available in the Honors Program section of this catalog.

## Latin Scholastic Distinctions

Latin Scholastic Distinctions at graduation are determined by GPA for the top 10 percent of the graduating seniors based on (1) cumulative total and (2) BYU grade point averages. This includes all coursework earned in integrated bachelor and master programs.

*Summa Cum Laude* is awarded on the basis of grade point average to the top 1.0 percent of the baccalaureate candidates who have earned a minimum 45 semester residency hours of credit at BYU.

*Magna Cum Laude* is awarded on the basis of grade point average to the top 1.1 to 5.0 percent of the baccalaureate candidates who have earned a minimum 45 semester residency hours of credit at BYU.

*Cum Laude* is awarded on the basis of grade point average to the top 5.1 to 10.0 percent of the baccalaureate candidates who have earned a minimum 45 semester residency hours of credit at BYU.

# Graduation Requirements

## Baccalaureate Degree Requirements

The baccalaureate degree is awarded for completion of a specified program of university study. It recognizes important changes in outlook, understanding, and proficiency that result from university experience. At BYU this program of study includes the University Core, the discipline of a specific major, university requirements, and each student's choice of electives.

The average number of BYU credit hours that BYU graduates earn is 128. Students ought to work toward graduating near the 130 credit hour mark.

## University Core Requirements for the Baccalaureate Degree

See the University Core section of this catalog for complete information.

## Major Requirements for the Baccalaureate Degree

See specific major requirements in the Academic Departments/Schools/Areas, Degrees, and Courses section of this catalog.

## Minimum University Requirements

**Residency Requirement**

At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student to qualify for a baccalaureate degree. Credit earned through BYU Online courses taken by matriculated BYU students counts toward satisfying the residency requirement. Credit earned at the Salt Lake Center, Jerusalem Center, or through Study Abroad, Independent Study coursework, or examination does not count toward satisfying the residency requirement.

**Total Credit-Hour Requirement**

A candidate for a baccalaureate degree must complete a minimum of 120 credit hours.

**Grade Point Average Requirement**

To graduate from BYU, students must earn a minimum 2.0 cumulative BYU grade point average and a minimum 2.0 total cumulative grade point average. Students must also meet any stipulated minimum grade point average requirements in their major.

**Honor Code Requirement**

Students must be in good standing with the Honor Code Office and have a current ecclesiastical endorsement. In unusual circumstances, a student may petition the Dean of Students Office to allow an exception to the ecclesiastical endorsement requirement under the process set forth in the Church Educational System Honor Code section.

## D Credit

Students may use a BYU course in which they receive a D- ("minimum passing") to complete major, minor, religion, or general education requirements. Those receiving a D- in a course will not be required to retake the course unless a higher minimum grade is stipulated in a degree program or course sequence description in the undergraduate or graduate catalog.

Courses taken at other colleges or universities with D grades will count toward the total hour requirement for graduation, but will not fill BYU university core requirements and in most instances will not fill major requirements.

## Academic Degree Granting Program/Major

Any combination of courses and/or requirements constituting a program of study that leads to a primary or secondary degree, emphasis, or specialization on the academic transcript.

## Major Requirements

The curricular requirements of a specific major must be satisfactorily completed, including any additional departmental requirements related to the major. A minimum of 20 credit hours in the major must be completed in residence as an admitted day student, 10 of these on the BYU campus in Provo.

Students must select and declare a major by the time they have 60 earned BYU credit hours (excluding language exam credits). Once a student has 75 earned BYU credit hours (excluding language exam credits), they will not be allowed to change their major, unless special permission is granted.

In order to encourage timely progress towards graduation, advisement centers may require mandatory advisement before students are allowed to register for classes. Deans, in consultation with advisement centers, may also place registration holds and mandate specific course completion in order to facilitate a timely graduation.

## Double Major

Second majors (exclusive of some language second majors) are rare and *must be approved* by the college advisement center supervisors involved and the dean of the college responsible for the primary major. The second major *proposal and approval process* requires an evaluation of all University Core and major requirements and a time-to-graduation analysis. Petitions for a double major must be submitted prior to earning 75 BYU hours (excluding language exam credits). College advisement centers are prepared to assist interested students in this process. Courses used to satisfy the requirements of a student's major can also be used to satisfy the requirements of an approved second major, unless not permitted by the requirements of the proposed second major. Students who graduate with a second major only receive one degree (i.e. BA or BS) and one diploma. The degree earned will be the one associated with the primary major and only the primary major will be listed on the diploma.

## Minors

If students plan to include the option of a minor (or minors), it should be declared early and strategically in their academic path in order to achieve a purposeful connection to their career and/or graduate school goals. However, if students wait to add an optional minor and in the meantime have accumulated a high number of credit hours, they may be required to meet with their major academic advisor and may also need to prepare a formal petition (including a detailed graduation plan) for minor addition consideration. Individual practices and policies may vary from college to college.

## Changes of Requirements

University graduation requirements are occasionally modified or changed. The university informs students of such modifications through the online catalog, online class schedules, and all advisement centers on campus. Students who leave the university for an extended period of time may be informed of such changes through these sources.

## Policy on Previous Graduation Requirements and Credit

Brigham Young University is committed to providing its students with an excellent university education consisting of a broad general education that includes religious education and a strong major education. Programs of the university change and develop in the continuing effort to make learning and experience as valuable as possible. Development, growth, and improvement are expected parts both of our lives and our institutions. It is because of the commitment to a superb education that the university's programs develop and improve and that students are expected to meet the current standards of the university when they graduate, even though they may have begun their studies long ago under quite different expectations.

Students who complete a baccalaureate degree within eight academic years of enrollment at BYU qualify for graduation by meeting those religion, university, and general education requirements in effect when they initially enrolled, even though there may have been changes in general education and religion requirements since that time.

In addition, students who complete a baccalaureate degree within eight academic years of enrollment at BYU qualify for graduation by meeting those major education requirements in effect when they officially declared the major with which they plan to graduate even though such declaration was made at some point following their original enrollment. (A student officially declares a major one of two ways: [1] by indicating the choice of major on part 2 of the CES Admission and Scholarship Application or [2] by submitting a request using the "Change Major Request" link in the MyMAP Plan tab Tools sidebar.)

Students have eight years from the time of their initial enrollment in which to complete all requirements for graduation. Students who have not graduated within eight years of their initial enrollment at BYU will be required to meet with an academic advisor in the area of their primary major to determine major and university core graduation requirements and the use of credit previously earned. Where University Core or major requirements have changed or where credit previously earned was in an area of substantial change, students may be required to do additional work to meet graduation requirements.

After discussion with an academic advisor, students may petition the Dean of Undergraduate Education to accept old general education courses to fulfill current general education requirements. This means that credit earned more than eight years before admission or readmission (including transfer credit) may be accepted to meet general education or major graduation requirements at the discretion of the university.

All students who receive undergraduate degrees from BYU are required to complete the University Core requirements unless 1) a student is on the previous GE program and within eight years of initial enrollment; or 2) a student is granted an exception by the Dean of Undergraduate Education.

BYU offers the Bachelor of General Studies to assist students who are unable to come back to campus to finish their degrees.

## Advisement

An important corollary of the university's commitment to provide its students with an excellent university education is its commitment to help students find their way through their programs effectively and efficiently. Students whose educational experience has extended beyond eight years from the time of initial enrollment and who find that changes in programs will require additional work and preparation should consult with college or department advisors for help in planning their schedules in the best and most encouraging way possible.

The university's requirement that a student graduate under current or very recent standards is meant to benefit the student and is in no way established to deter a determined person from returning to the university after years away. Good advisement can be of great help in working out a program of study at the university, taking into account individual needs, concerns, and experience.

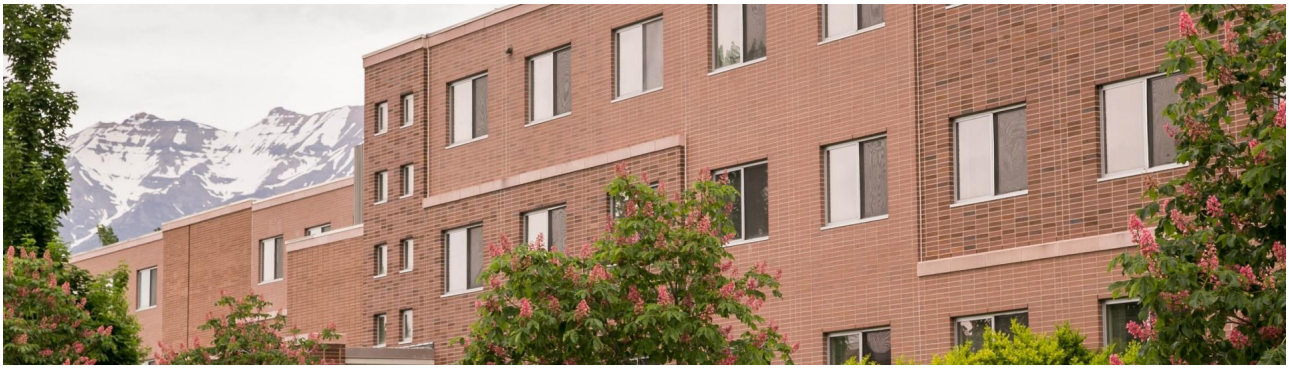
## MyMAP

BYU offers students a helpful academic planning system (MyMAP) that enables them to plan their academic progress towards graduation. MyMAP is an online tool students may use to plan specific courses to fill University Core, major, minor, and elective requirements, and organize those courses into semesters/terms. In addition, students may register for these courses using the Register tab. Easy access to course descriptions can be found on any MyMAP tab by simply clicking on the course title. As a student fully utilizes MyMAP, they will find that they have important information at their fingertips. Students may access MyMAP under the School section of MyBYU.

To learn more about MyMAP go to https://registrar.byu.edu/mymap.

## Honor Code

The current Honor Code policy can be found at https://policy.byu.edu/view/church-educational-system-honor-code.

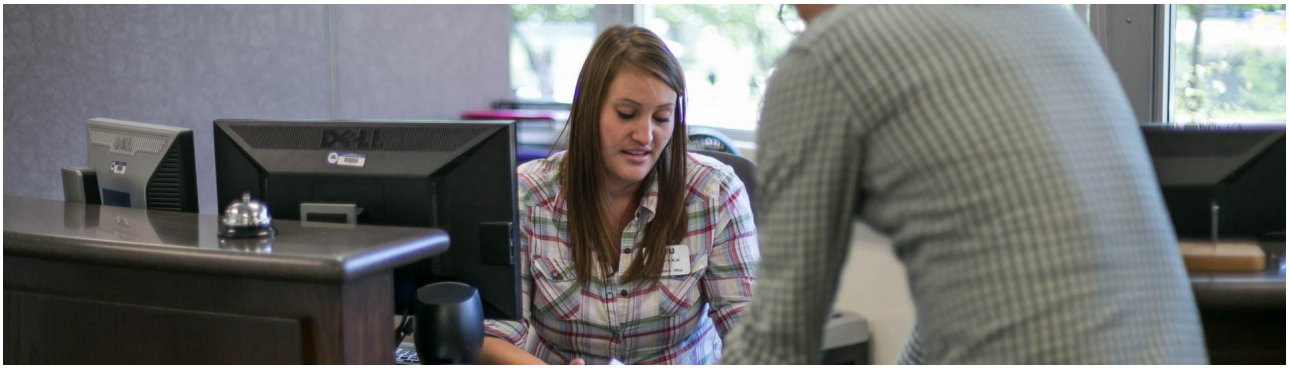


## Housing

The current Housing policy can be found at https://policy.byu.edu/view/student-housing-policy.

## Nondiscrimination

The current Nondiscrimination and Equal Opportunity policy can be found at https://policy.byu.edu/view/nondiscrimination-and-equal-opportunity-policy.



## Petitions

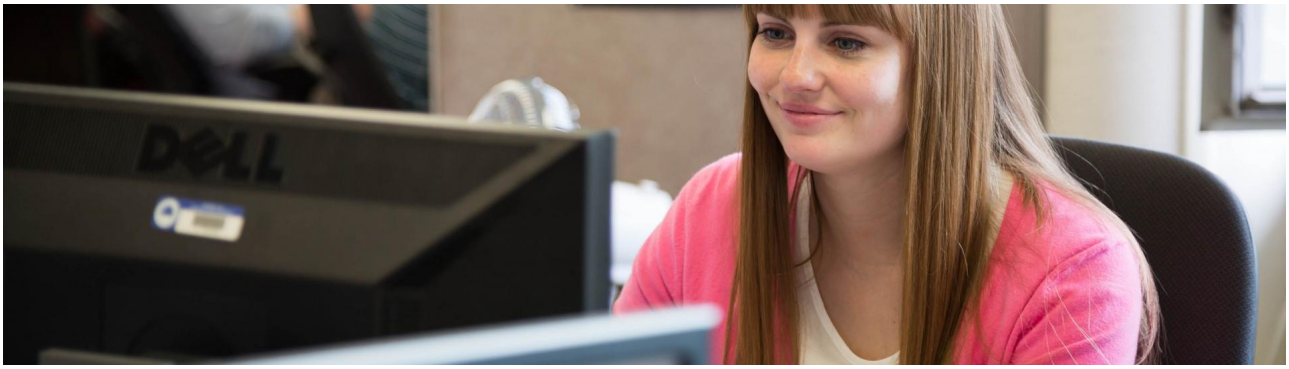
Students who encounter a non-academic emergency or circumstance affecting the academic record may submit a petition asking for an exception to university policy by providing justification and documentation to support the request. Possible requests may include adding or withdrawing from a class after the respective deadlines, adding challenge exam credit, or extending an incomplete contract deadline beyond one year from the end of the semester.

Situations that may **not** be petitioned through the Registrar's Office are:

- Reinstatement after being deleted for nonpayment of tuition (see Enrollment Services, D-155 ASB)
- Removal of transfer credit from a transcript
- Verification that a student is full time if they are not.

Any petitions for exceptions to academic records policies must be submitted to the Registrar's Office within **one year** from the semester or term in question.

Petition forms and additional information concerning petitions may be obtained at the Registrar's Office (B-150 ASB) or at https://petitions.byu.edu.



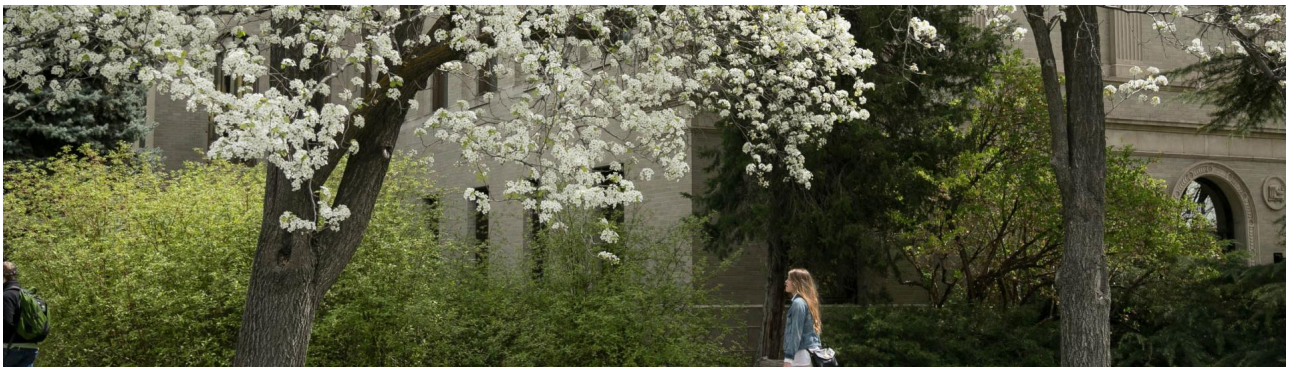
## Registration

The current Registration policy can be found at policy.byu.edu.

## Sexual Harassment

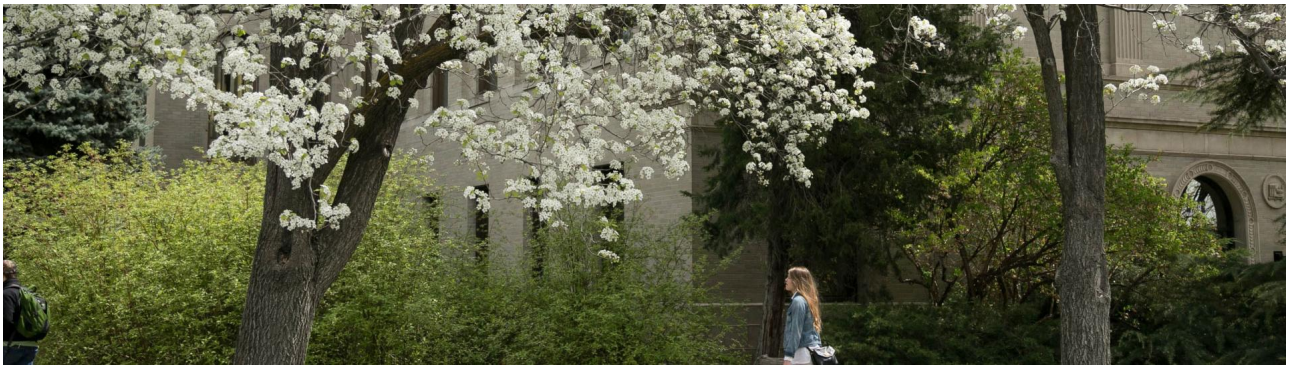
The current sexual harassment policy can be found at https://policy.byu.edu/view/sexual-harassment-policy.

## Title IX



### Title IX

As required by Title IX and its implementing regulations, BYU does not discriminate on the basis of sex in the education program or activity that it operates, including in admission and employment. Inquiries about the application of Title IX to BYU may be referred to BYU's Title IX Coordinator or to the Assistant Secretary for Civil Rights of the U.S. Department of Education or both. For more information about BYU and Title IX, visit https://titleix.byu.edu/.



# Transfer

### Evaluation of Transfer College Credit

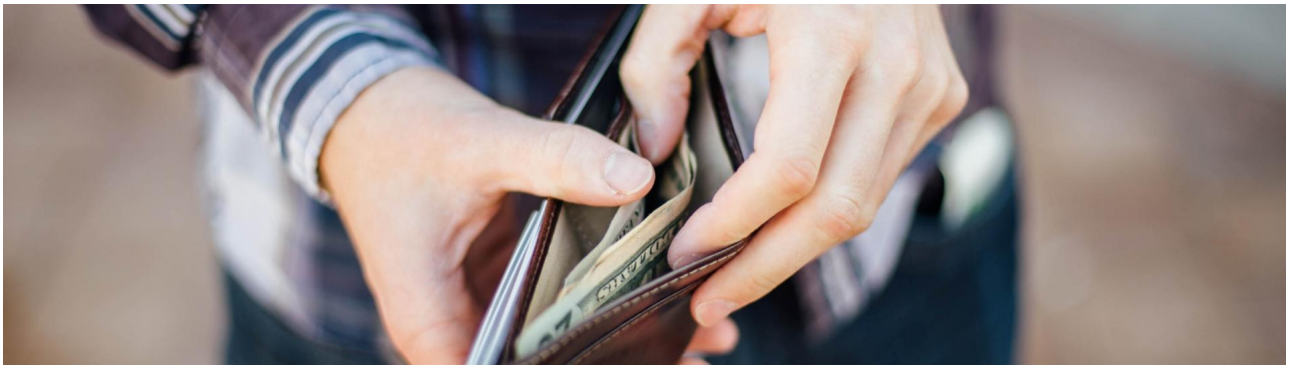
All college transcripts must be provided to BYU as part of your admission. These transcripts must show final grades for all classes registered. Transfer Services in the Registrar's Office will determine the transferability of undergraduate credit to BYU.

In determining transferability of credit the following criteria will be considered: comparable credit hours, course level, seat time, and course descriptions. Vocational credit may not be accepted, even if earned at an accredited institution.

Additional factors that can affect the transfer of credit:

1. Military courses are evaluated using the ACE recommendations in the upper-division baccalaureate category from the Guide to the Evaluation of Educational Experiences in the Armed Services.
2. Official verification that the lower-division general education requirements for a bachelor's degree have been completed is accepted from any regionally accredited college or university. The general education curriculum at that school must represent a broad university education and be comprised of a minimum of 30 semester credit hours. This official verification will complete most of the BYU general education requirements with the exception of American Heritage, Advanced Written and Oral Communication, Languages of Learning (unless a comparable class has been taken as part of the lower-division GE prior to coming to BYU), and BYU religion requirements. The remaining general education requirements may be satisfied by transferring equivalent courses or completing them at BYU. Students who have questions about the completion of university core courses are invited to contact the Transfer Team in the BYU Registrar's Office, (801) 422-8522, for further information.
3. Credit is evaluated on a course-by-course basis for students who do not complete an associate of arts or science degree. Transfer guides have been established for some of BYU's main feeder institutions. A list of these transfer guides can be found at https://enrollment2.byu.edu/transfer-guides.
4. Credit earned more than eight years before admission or readmission (including transfer credit) may, at the discretion of the university, be accepted to meet general education and university graduation requirements as well as major requirements.
5. Credit earned from an LDS institute of religion must be posted to an official CES transcript.

# Tuition & Fees



# Tuition & Fees

The current Tuition & Fees policy can be found at https://policy.byu.edu/view/tuition-and-fees-policy.

# Tuition Rates

Tuition rates for the 2023–2024 academic year are as follows:

**2023-2024 Tuition**

| Undergraduate Students | | | | | | |
|---|---|---|---|---|---|---|
| Semester Charges | | | | Term Charges | | |
| Credit Hours | Latter-day Saint | Non-Latter-day Saint | | Credit Hours | Latter-day Saint | Non-Latter-day Saint |
| 12.0 + | $3,248 | $6,496 | | 6.0 + | $1,624 | $3,248 |
| 9.0 – 11.5 | $3,086 | $6,172 | | 4.5 – 5.5 | $1,543 | $3,086 |
| 0.5 – 8.5 | $342/credit | $684/credit | | 0.5 – 4.0 | $342/credit | $684/credit |
| Graduate Students* | | | | | | |
| Semester Charges | | | | Term Charges | | |
| Credit Hours | Latter-day Saint | Non-Latter-day Saint | | Credit Hours | Latter-day Saint | Non-Latter-day Saint |
| 8.5 + | $4,048 | $8,168 | | 4.5 + | $2,024 | $4,084 |
| 0.5 – 8.0 | $480/credit | $960/credit | | 0.5 – 4.0 | $480/credit | $934/credit |
| Graduate School of Business and Law School Students | | | | | | |
| Semester Charges | | | | Term Charges | | |
| Credit Hours | Latter-day Saint | Non-Latter-day Saint | | Credit Hours | Latter-day Saint | Non-Latter-day Saint |
| 8.5 + | $7,538 | $15,076 | | 4.5 + | $3,769 | $7,538 |
| 0.5 – 8.0 | $887/credit | $1,774/credit | | 0.5 – 4.0 | $887/credit | $1,774/credit |

The university reserves the right to change tuition and fees without notice.

* Includes all students who have previously received a Bachelor's degree—even if enrolled in undergraduate courses.

Tuition for spring-summer length classes will be calculated as if 1/2 of the credit hours were allocated towards spring term and 1/2 towards summer term. However, the full amount calculated for spring-summer length classes will be billed along with spring term and will be subject to the normal spring term deadlines.

## Short-Term Loans

The university makes short-term loans available to assist students to meet the tuition payment deadline. These loans are intended to be used for short-duration financing needs. Short-term loans are due as follows:

| Registration Period | Due Date |
|---|---|
| Fall 2023 | November 1, 2023 |
| Winter 2024 | March 1, 2024 |
| Spring-Summer 2024 | |
| Spring 2024 | June 1, 2024 |
| Summer 2024 | August 1, 2024 |

A $20 processing fee will be charged for each short-term loan. No interest is charged on those loans if they are paid by the due date. Short-term loans outstanding after the due date bear interest at the rate of 12 percent per annum. Holds on registration for future semesters or spring-summer(s) are placed on all student accounts the day the short-term loan is disbursed and are not released until the loan is paid in full. This may affect the ability of some students to take advantage of priority registration.

## Pro-Rata Charges for Dropped Classes

Students may drop classes without penalty through the add deadline. After the add deadline, tuition will be recalculated based on the student's current enrollment status. A pro-rata tuition charge will be applied after the add deadline for dropped classes that result in reduction in the original tuition charge. The pro-rata charge applies to tuition and most class fees. Certain class fees relate to the delivery of required supplies or services and are not refundable. The pro-rata charges are as follows:

| If class is dropped beginning: | The pro-rata charge will be: |
|---|---|
| **Fall Semester** | |
| September 13, 2023 | 15% |
| September 25, 2023 | 25% |
| October 23, 2023 | 50% |
| November 6, 2023 | 100% |
| **Winter Semester** | |
| January 17, 2024 | 15% |
| January 29, 2024 | 25% |
| February 27, 2024 | 50% |
| March 13, 2024 | 100% |
| **Spring-Summer** (including semester-length offerings) | |
| **Spring Term** | |
| May 8, 2024 | 15% |
| May 14, 2024 | 25% |
| May 29, 2024 | 50% |
| June 5, 2024 | 100% |
| **Summer Term** | |
| July 2, 2024 | 15% |
| July 9, 2024 | 25% |
| July 23, 2024 | 50% |
| July 31, 2024 | 100% |

The recalculation of tuition and fee charges may result in a refund. The amount of the refund a student will receive is based on the date the classes are dropped, or in the case of a full withdrawal, the date that the student reports such withdrawal to the Academic Support Office (B-150 ASB).

Any refund due the student will be paid by check through the mail approximately ten days after the classes are dropped. If the student has elected direct deposit for student account refunds, the refund will be deposited into the student's bank. Payments originally paid by credit card will be returned to the credit card. Unpaid university charges may be deducted from the refund amount.

Refunds will not be paid to students whose tuition has been paid by a loan, scholarship, or benefit.

If a student with federal financial aid drops below half-time enrollment (for tuition assessment purposes: undergraduate, 6 hours per semester or 3 hours per term; graduate, 4.5 hours per semester or 2.5 hours per term), the federal program or lender may require that a portion of the refund be returned.

A petition for exception to the refund schedule will be considered for students forced to withdraw because of circumstances that are beyond their control, such as death in the immediate family, life-threatening situations, medical incapacitation, a university error, or military leave. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are available in D-155 ASB (Enrollment Services).

## Collection of Unpaid Tuition and Fees

BYU retains all legal remedies to collect unpaid tuition, fees, and other amounts due to the university for housing, traffic fines, etc. BYU uses a variety of methods to keep students informed of amounts due the university, including financial Web sites, statements, and various forms of correspondence. It is the student's responsibility to remain aware of obligations to the university and to make payment on a timely basis.

If BYU is unable to collect amounts due the university within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including collection agency fees, attorney fees, and court costs will be charged to the student's account.

Failure to pay all amounts due BYU, including collection fees, may also result in various actions, including but not limited to withholding services and restricting the student's ability to register for class, participate in graduation, receive a transcript or diploma, or be considered for readmission to the university. The university also reserves the right to report both positive and negative payment histories to credit-reporting agencies.

## Payments for Tuition and Fees

Tuition and fees include charges such as tuition, class fees, tuition reassessments, Study Abroad fees, and health plan charges. Students are responsible to pay the correct amount of tuition, fees, and past due balances in U.S. dollars (checks must be drawn on a U.S. bank). The following options are available for making tuition and fee payments. For more information on making payments to BYU, please visit https://enrollment.byu.edu/forms-of-payment.

### Pay Tuition Online

BYU encourages you to take advantage of the fast, easy, and secure way to pay online. Payments may be made online by logging into myBYU and selecting the My Financial Center link under the School heading, or by typing mfc.byu.edu into your web browser.

eCheck (BYU's preferred payment method)

eCheck is a free electronic check option that uses a secure Web transmission to electronically withdraw funds directly from a payer's checking or savings account. The payer must provide his/her bank routing and account number to make an eCheck payment. Payments from mutual fund, money market, line of credit, or brokerage accounts cannot be accepted.

### Credit Card with a Service Fee

BYU accepts Visa, Mastercard, Discover and American Express for all charges including tuition payments. However, the payer will be charged a nonrefundable credit card fee equal to 2.0% of the tuition when making a payment on tuition and fee charges.

Debit cards are considered credit cards for tuition and loan payment purposes and would therefore be subject to the same credit card restrictions and service charges. Note: Because eChecks and debit cards both deduct payments directly from a checking or savings account, students can avoid the service charge by choosing the eCheck option.

Note the Credit Card Refund Policy: Existing credit card regulations prohibit BYU from making a refund to you in cash or check when you make a payment by credit card and there is an adjustment made to the charges paid. When you pay by credit card and there is a reduction in the amount of your charges, we are required to refund the amount back to the credit card you used to make the payment.

### Pay Tuition by Mail

Check or money order payments may be mailed to Student Financial Services, A-153 ASB, Provo, UT 84602. Please make checks payable to Brigham Young University or BYU. Do not mail cash. Include with your check the student's BYU ID number and the amount to apply to each category.

### Pay Tuition in Person

Payments may be made throughout the year in person at D-155 ASB. Tuition may be paid using check, money order, or cash. Credit cards cannot be used to pay tuition or fees at BYU cashiering locations (see Pay Tuition Online above for acceptable use of credit cards). Check or money order payments may also be left in the drop box in the D wing on the main floor of the ASB.

### Pay Tuition by Wire Transfer

To pay tuition using an international or domestic wire transfer, please contact us for wire transfer instructions via phone (801) 422-4104 or via email at wires@byu.edu.

## Student Teaching/Practicum Fees

Fingerprint Fee

Students in teacher education must be fingerprinted and pass a background check prior to starting practicum experiences with K–12 students. Fees for fingerprinting and background checks are set by the Utah State Office of Education and are listed on the Education Advisement Center Web site: http://education.byu.edu/advisement/fingerprint.

Licensure Fee

Students who meet all program requirements qualify for a Level 1 teaching license in Utah. Fees for licensure are due with the student teaching application. Licensure fees are set by the Utah State Office of Education and are listed on the Office of Field Services Web site: http://education.byu.edu/advisement/licensure.

## Miscellaneous Fees and Fines

| | |
|---|---|
| Admission evaluation fee (nonrefundable) | $35 |
| Change of registration fee—per class (after add deadline) | 10 |
| Dishonored check/eCheck charge | 20 |
| Examination, special equivalency | 20 |
| NDFS-dietetics insurance and ADA dues | 50 |
| Graduation (undergraduate) fee (nonrefundable) | 15 |
| Identification photo for replacement ID card<br>(no charge for first replacement) | 10 |
| National League of Nursing Diagnostic Exam | 40 |
| Physical education locker | 5 |
| Traffic violation fines, variable according to violation | 5-300 |
| Transcript fee: Electronic | 5 |
| Transcript fee: Hard Copy | 6 |

## Health Insurance Requirement

BYU requires all students with 9.0 or more credits in a semester or 4.5 or more credits in a term to carry adequate medical insurance. This applies the entire time a student has continuing status, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are required to carry adequate medical insurance.

To satisfy the health coverage requirement, students have several options:

Enroll in the Student Health Plan
Enroll in a group medical plan provided by the parents', the student's , or the student's spouse's employer
Purchase an individual Affordable Care Act (ACA) compliant health plan

If the student chooses any medical plan other than the Student Health Plan, he/she must provide verification of adequate coverage at the beginning of his/her first semester or term and annually at the beginning of fall semester. Students should carefully review any medical plan they're considering to make sure it will provide sufficient coverage for current and future health care needs. Coverage must be effective by the first day of class.

Effective fall semester 2014, BYU requires all ELC students and F-1 and J-1 visa students to be enrolled in the BYU Student Health Plan or an ACA compliant plan offered by a United States-based insurance company. This plan must provide comprehensive medical coverage for the student while he/she is on campus. Insurance plans from companies outside the United States will not be accepted.

All students enrolled at least 3/4 time (9 credit hours per semester or 4.5 credit hours per term) and all F-1 and J-1 visa students who don't submit proof of other coverage before the deadline each year will be enrolled automatically for individual coverage and assessed the appropriate premium (single or married rate) for the Student Health Plan. Students who are actively working towards a degree and have at least 0.5 on-campus credits will not be automatically enrolled in the Student Health Plan, but they can contact the Student Health Plan Office via YMessage or in person to enroll. Graduate students who have at least 2 credits during fall semester and were enrolled in the Student Health Plan for summer term will be automatically enrolled for fall semester in the same plan they had during summer term. The web is located at http://health.byu.edu.

Spouses and dependents won't be enrolled automatically the first semester or term a student is on the plan. If a student desires coverage for their spouse and dependents, they must enroll their spouse and dependents in the plan.

For the latest BYU Student Health Plan fees, check the Web site at http://health.byu.edu.

## Appeals

Students with unusual circumstances may appeal for special consideration of any item in this section to the Enrollment Services Office. Appeal forms may be obtained at the Enrollment Services windows at D-155 ASB.

# A Unique Environment

# Fostering an Enriched Environment Policy

"The mission of Brigham Young University—founded, supported, and guided by The Church of Jesus Christ of Latter-day Saints—is to assist individuals in their quest for perfection and eternal life. That assistance should provide a period of intensive learning in a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued" (Mission Statement).

To this end, the university seeks qualified students of various talents and backgrounds, including geographic, educational, cultural, ethnic, and racial, who relate together in such a manner that they are "no more strangers and foreigners, but fellow citizens with the saints, and of the household of God" (Ephesians 2:19). It is the university's judgment that providing educational opportunities for a mix of students who share values based on the gospel of Jesus Christ and who come from a variety of backgrounds and experiences is an important educational asset to BYU.

# Religious Environment

The Church of Jesus Christ of Latter-day Saints sponsors BYU to provide a university education in an atmosphere that nurtures spiritual growth and a strong conviction of the divinity of Jesus Christ. Church programs are closely correlated at all levels with the activities of the university, and students will find many opportunities to grow spiritually.

## Religion Classes

All students at BYU should include regular gospel study as a continuous part of their university experience. Full-time undergraduate students take one religion class each semester of enrollment until a total of 14 semester hours of religion credit has been earned. See The University Core section of this catalog for more information.

## University Devotionals

University devotionals, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community at the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters. Devotional speakers, selected from the General Authorities and General Officers of the Church as well as university personnel, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff.

Most campus offices and services are closed during university devotionals and forums so that members of the university community may participate.

## Young Single Adult and Married Student Stakes and Wards

To give students maximum opportunity to participate, the Church is organized into a number of stakes composed of several wards of approximately 150 members each. All single students living away from home who are members of The Church of Jesus Christ of Latter-day Saints become members of a Young Single Adult (YSA) ward. Single LDS students living at home have the option of attending their home ward or a designated YSA ward. Married students may attend either a married student ward or the residential ward in which they live.

## Other Religious Denominations

Approximately twenty-five other religious denominations are represented in the BYU student body. These students are encouraged to attend a congregation of their faith in the surrounding area, if possible.

# Academic Environment

The academic environment extends beyond the four walls of a university classroom. Serious students seek enrichment in the library, at university forums and lectures, and through research. Some students may choose to become involved in the Honors Program or live in one of the "quiet halls" on campus—and everyone benefits from drawing on the resources available at college advisement centers.

## New Student Orientation

Orientation to BYU actually begins long before students arrive on campus. Following notification of admission, all students will be contacted by an assigned peer mentor from the Office of First-Year Experience. This mentor is a student guide who successfully negotiated their own first year and can be of great help to new students and to their parents. Peer mentors will send periodic email, texts and even make phone calls to students. Mentors are available to answer questions, provide suggestions, and help make the transition from high school to college a smooth one.

A few weeks after you receive your acceptance notification you will be sent a link by the FYE office to a series of online orientation modules. These modules contain very important information about resources, programs and services available to you as a full-time student. They were developed to help your transition to BYU be as smooth as possible. The modules will take between 90 minutes to two hours and can be completed at your own pace. However, it will be important for you to complete all modules prior to arriving on campus. These modules are only part of your orientation to BYU, make sure you plan and register to attend the in-person NSO described below.

Immediately prior to the first day of every semester and term, an event referred to as New Student Orientation (NSO) is held. The purpose of NSO is to 1) welcome new and transfer students into the BYU community. 2) help new students understand and appreciate the unique opportunities provided by a BYU education, 3) introduce key campus resources, and 4) offer new students a great chance to connect with other students and meet their peer mentor.

NSO events and activities are designed to be both informative and fun. Activities vary according to the term or semester. In addition to a welcome from the administration and a campus tour, each orientation may include a university devotional; library tour; meetings about colleges and majors, financial aid and scholarships, the Honors Program; and an introduction to several of the traditions at the Y.

Many of the activities are organized around Y Groups, small groups of students led by peer mentors and other upperclassmen, which offer students personalized attention and support. Orientation at BYU balances the various needs of new students by combining appropriate resources, activities, and personnel. To become fully integrated into an institution as large and complex as BYU, active participation in NSO is vital.

Please see https://fye.byu.edu/about-nso for detailed information about NSO and to register for an NSO event.

## University Forums

University forums are held on selected Tuesdays at 11:05 a.m. and are designed to enrich the general education experience. Speakers are noted authorities in the arts and humanities, sciences, media, and government, chosen for their contributions to their field and their ability to inspire and communicate. Participation in these assemblies and the associated question-and-answer sessions prompts inquiry into significant intellectual, cultural, and social issues and helps lay the foundation for lifelong learning. A forum speaker may be nominated by any member of the university community (student, faculty, or staff).

## Research and Creative Activities at BYU

One of the most exciting and valuable learning experiences available to both undergraduate and graduate students at BYU is the opportunity to participate in original research and creative activities. BYU has accomplished faculty members in all areas, many of whom enjoy international reputations for the quality of their creative endeavors. Many professors enlist the help of undergraduate students, who work side by side with faculty mentors and graduate students in a laboratory or studio setting.

A wide variety of research experiences are available in many departments across campus. For example, the student might be involved in the synthesis of a new medicinal drug in the chemistry laboratory or participate in the discovery of a new species of dinosaur on a Colorado mesa. Other examples of programs involving student participation include the study of robotics systems, computer architecture, battery technology, high-energy physics, international business methods, child psychology, educational methodology, molecular genetics, social implications of drug use, stability and satisfaction in marriage, Church history, and a host of other topics. Students who are interested in participating in research programs are encouraged to contact their major department chair or speak directly with individual professors.

Experiential learning grants are available in each academic college. Each college will customize the grant program to best fit their area. Please contact your dean’s office to learn when and how you can get involved.

## Center for Service and Learning

2010 WSC and 2330 WSC
(801) 422-8686
yserve.byu.edu

The mission of the Center for Service and Learning is to "provide every student with a meaningful service opportunity…to instill in the heart and mind a desire to give lifelong service." In order to provide every student with a meaningful service opportunity, the Center administers over 70 community service programs. These programs, which are led and staffed by student volunteer program directors and service council members, serve individuals and organizations in the local community. As student volunteers learn to serve their community, their desire to be engaged in lifelong service becomes an integral part of their character.

Students choose to make service a part of their lives for academic, leadership, recognition, social, and spiritual reasons. Students are encouraged to enroll in Student Development 290: *Learning Through Service*, which links theories of service with actual service experiences. They can also develop their leadership skills by serving on the student service council or as a program director. By completing the requirements for any of three recognition programs, they can receive official documentation and certification of their service. They can socialize with other students as they serve, and can recognize the spiritual aspects of service as they participate in reflection events.

Students enrolling in Student Development 132: *Tutoring Level 1* and Student Development 133: *Tutoring Level 2* have the opportunity to earn tutoring certification as they improve their tutoring skills.

More than 23,000 students are engaged in service each year through Center programs. These programs provide a variety of services, including serving children and adults with cognitive or physical disabilities, mentoring at-risk youth, tutoring children in the public schools, tutoring other BYU students in their college classes, helping build houses for low-income families, or providing manual labor to clean up and maintain community neighborhoods. These programs are under the leadership of more than 250 student volunteer leaders who are learning leadership skills as they administer their programs. In addition to these formal community service programs, Stop-n-Serve is available in 2330 WSC for students to drop in and perform service in the few minutes they may have between classes.

## Student Development Course Work

Student Development Services offers courses under the title Student Development. These courses are designed to help students meet the challenges of university life in four areas: academic skills, career exploration and development, leadership, and personal growth, mental health and wellness. Courses in the academic skill area help students build study skills, improve reading ability and comprehension, and enhance time management and academic performance. Career courses are designed to help students explore majors and careers, obtain internships and prepare for graduate school and ultimately qualify for careers of their choosing. Leadership courses provide training and instruction to those already in campus leadership roles or for those hoping to gain further knowledge and skill to become more effective leaders. Finally, several courses are designed to help students make important life decisions, clarify values, and improve their overall mental health and well-being. All Student Development courses can be found in the BYU Undergraduate Catalog. For further information contact Student Development Services or visit https://sds.byu.edu.

**Address**:
2518 WSC
**Telephone**: (801) 422-6291

## Academic Support Office

2500 WSC
(801) 422-2723
E-mail: academic_support@byu.edu
Web: http://aso.byu.edu/

The university experience is rigorous by design. However, all students admitted to the university have the potential to succeed academically and many students that experience academic challenges, go on to be successful at the university. The mission of the Academic Support Office (ASO), a department of Student Life, is to assist undergraduate degree-seeking students who are experiencing academic difficulties. The ASO utilizes the combined resources of the university to help students on academic warning, probation, or continued academic probation (CAP) resolve academic and related concerns.

Students experiencing academic difficulties have often encountered challenges in one or more of the following areas: (1) Personal concerns outside the academic realm such as mental health or adjustment challenges, physical illness or injuries, adverse events, relationship or family concerns, financial hardships, etc. that impact academic goals, (2) Insufficient academic preparation to meet the rigors of a university experience, (3) Learning strategies that were effective in high school but are less effective at the university.

ASO advisors and peer coaches support students in addressing non-academic challenges by helping students identify concerns, assess needs, access needed resources, implement appropriate intervention strategies and by providing ongoing support as students work through challenges to improve academic performance. They also provide one-on-one training to help students develop effective study skills and learning strategies. ASO advisors and peer coaches routinely assist students in developing time management, test-preparation, test-taking, reading, note-taking, memory and other academic strategies. Students who experience academic difficulties, who are on warning, probation, CAP, or are facing academic suspension or dismissal from the university are strongly encouraged to contact and enlist the support of the ASO.

**Address**:
2590 WSC
**Telephone**: (801-422-2689)

## Graduate Studies

105 FPH
Phone: (801) 422-4091

To the student seeking advanced study, Brigham Young University offers a variety of graduate degree opportunities. Excellent graduate programs can be found in each of the colleges and schools, and successful completion results in the awarding of a master's or doctoral degree.

The master's degree requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. In certain disciplines, graduate programs blend scholarly insight with technical knowledge and skill. Integrative examinations, a major culminating piece of written work or performance, and an accompanying oral defense of that work may be required.

The doctoral degree requires the student to demonstrate an impressive scholarly competence, which includes the ability to conduct and report research in a highly effective manner. Advanced systematic study in a discipline is also essential and is followed by comprehensive examinations that require students to integrate and understand the collective knowledge of their disciplines. A dissertation resulting from independent research is defended in a concluding oral examination.

Students who are interested in pursuing advanced degrees are encouraged to become involved in research and creative activities during their undergraduate experience.

For information about master's and doctoral degree programs, students should consult the BYU Graduate Catalog online at http://graduatestudies.byu.edu.

For more information about master's and doctoral degree programs or how to apply, visit http://gradstudies.byu.edu.

For information regarding admission to the J. Reuben Clark Law School, see the Law School section of this catalog.

# Cultural Environment

Students can immerse themselves in culture at BYU. Dance, theatre, music, art exhibits, museums—all nourish the soul seeking after "anything virtuous, lovely, or of good report or praiseworthy."

As part of their educational experience, students, both individually and in groups, present concerts, exhibitions, films, plays, recitals, and productions which are available to the community. Classical, contemporary, and original works are offered throughout the year. Each of the performance areas also have ensembles that perform on and off campus.

The BYU BRAVO! series presents some of the most celebrated artists in the world. Concerts and productions are scheduled throughout each year in the Harris Fine Arts Center and other venues.

In recent years the BYU BRAVO! series has included Joshua Bell, Peking Acrobats, John Lithgow, Audra McDonald, Frank Wildhorn, Renee Fleming, The Utah Symphony, Frederica von Stade, Kelli O'Hara, Brian Stokes Mitchell, Lea Salonga, Theater Mitu, The Salzburg Marionette Theatre, Martha Graham Dance Company, Chanticleer, The King's Singers, Chris Thile, and more.

This series also presents OFF THE MAP, an annual international arts festival, each winter semester.

For further information on student, faculty, the BRAVO! performances, contact the BYU Ticket Office:

**Telephone**: (801) 422-4322
**Website**: http://www.byuarts.com/

## Museum of Art

The 100,000-square-foot Museum of Art has been a crown jewel of BYU’s campus for almost a quarter century. Generously funded by private donors, the museum not only houses the university’s engaging collection of world-class art, but functions as a dynamic experiential space for students on campus. Whether taking advantage of interactive gallery tours and special lectures, attending musical performances, enrolling in the university courses taught in the museum’s classrooms, or simply stopping by the café for lunch, the MOA is a place of social uplift, and intellectual and spiritual contemplation for our community.

The Museum staff organizes ambitious exhibitions that both edify and challenge the mind by offering direct engagement with masterworks from the permanent collection. The MOA’s collection of American art features the work of prominent artists such as Maynard Dixon, Mahonri Young, Minerva Teichert, and J. Alden Weir. Their significant holdings of European and American religious works contain notable paintings, sculpture

and works on paper by artistic noteworthies spanning six centuries. The museum is also committed to exhibiting and exploring the art of our time, regularly showcasing work by highly-acclaimed living artists such as Gabriel Dawe, Jann Haworth, Ai Weiwei, Kehinde Wiley, and Rachel Whiteread. The museum also participates in travelling exhibitions that feature artwork from fine collections across the globe. In recent years, a once-in-a-lifetime exhibition of the Danish painter Carl Bloch and a blockbuster run of American artist and illustrator Norman Rockwell brought hundreds of thousands of visitors to BYU, demonstrating the scope and quality of the museum's programming.

In addition to the Museum of Art's dedicated professional staff, student employees and volunteers make an invaluable contribution to the museum's success. Interns in the curatorial, registration and fabrication departments play a major role in behind-the-scenes activities, while student educators and museum store employees interact with the public on a daily basis. This diverse team of collaborators works with one goal in mind: to serve the BYU campus and greater community by creating connections and inspiring life-long learning through art.

Website: http://moa.byu.edu/

## M. L. Bean Life Science Museum

Duke S. Rogers, Director
Leigh Johnson, Associate Director
Marta Adair, Assistant Director
2103 MLBM

The Monte L. Bean Life Science Museum is accredited by the American Alliance of Museums. Its vast teaching and research collections include more than three million arthropods, nematodes, tardigrades, arachnids, fish, amphibians, reptiles, mammals, birds, and prepared shells, and more than 600,000 plants, lichens, and bryophytes. Specimens for these collections, which represent creative work by university faculty and students, have been gathered from around the world, making the museum one of the major repositories of scientific-quality, biological collections in the western United States.

The museum and its collections are utilized by university classes in biology, plant and wildlife sciences, education, art, and other disciplines. The Monte L. Bean Life Science Museum also maintains and manages the Lytle Ranch Preserve. Located in the northernmost extension of the Mojave Desert southwest of St. George, Utah, this 700-acre desert classroom is situated in a part of Utah that is unique not only for its plant and animal communities but also for its setting at the crossroads of three major bioregions.

Public programs include temporary and permanent exhibits of natural communities that illustrate complex relationships between plants, animals, and their physical environment. Educational programs which serve more than 100,000 annual visitors and provide classes and programs for BYU students as well as public and private schools and many other organizations. Museum hours are Monday through Friday from 10:00 a.m. to 9:00 p.m. and Saturday from 10:00 a.m. to 5:00 p.m. The museum is closed on Sunday. Admission is free.

*The Western North American Naturalist*, a nationally recognized peer-reviewed natural history journal, is administered by the museum. Other museum publications include professional and popular works such as *A Utah Flora, Bark and Ambrosia Beetles of South America, Snakes of Utah,* and *Common Rocky Mountain Lichens*.

## Museum of Peoples and Cultures

Paul R. Stavast, Director
Susannah Larsen, Education and Programs Manager
122 B67

The Museum of Peoples and Cultures (MPC) houses, cares for, and performs research on archaeological and ethnographic collections from around the world. The strengths of the museum's holdings are in prehistoric Utah, the American Southwest, Mesoamerica, Andean cultures, and Polynesia. An approved state and federal archaeological repository, the museum also holds a noncirculating library and a photographic archive documenting BYU archaeological research and artifactual materials. Collection items number well over 2 million artifacts and specimens.

Institutional objectives are to interpret and help elucidate the history and culture of the peoples of the world and to convey that knowledge to the scholarly community as well as to the general public. The museum's strongest commitment lies in serving the teaching and research functions of the university. In this, BYU's "teaching museum," not only do students perform office and collections duties, but they also curate all exhibitions as part of the formal curricula taught by museum staff adjunct to the Department of Anthropology. Students plan and execute public programs and design promotional strategy as part of their coursework as well. These curricula are available both in the department's undergraduate courses and the Certificate in Museum Practices program. Students concurrently enrolled in a cognate master's program are eligible to apply to the graduate program.

The MPC offers many community educational opportunites. Available for loan to classrooms and inbound populations are anthropology teaching kits that explore the native cultures of various geographical areas. The kits include replica artifacts, handicrafts, and educational books and videos. Students and civic volunteers are invited to help with educational programming, public relations, archaeological research, and public presentations. The MPC hosts an activity patch program for Scouts of all ages and other interested parties. Museum patches can be earned by visiting the museum and completing the patch requirements. For information about any of these programs, call (801) 422-0020.

Located at 2201 North Canyon Road in Provo, the museum is open from 9:00 a.m. to 5:00 p.m. Monday through Friday. Admission is free, and guided tours can be arranged for a nominal charge. Because scheduling is based on student employee availability, it is advisable to book tours from one to three weeks in advance. Visitors may also choose to guide themselves through the galleries, but groups larger than fifteen people should contact the museum in advance for logistical instructions. The MPC is closed on holidays.

# Recreational Environment

Students can enjoy the small-town friendliness of Provo or drive 45 miles to the north for the cosmopolitan diversity that Salt Lake City offers. Whereas Salt Lake City is home to Ballet West, the Mormon Tabernacle Choir, and the Utah Symphony, the Provo area prides itself on its own Utah Valley Symphony and several fine community music, dance, and theatre groups.

## Intercollegiate Competition

BYU sponsors 21 NCAA intercollegiate sports for men and women. The men compete in 10 sports: baseball, basketball, cross country, football, golf, swimming and diving, tennis, indoor track and field, outdoor track and field, and volleyball. The women compete in 11 sports: basketball, cross country, golf, gymnastics, soccer, softball, swimming and diving, tennis, indoor track and field, outdoor track and field, and volleyball.

The Cougars are independent in football and compete in the West Coast Conference in the majority of the other sports. On September 1, 2010, BYU announced an eight-year deal with ESPN to televise Cougar football on its sports networks. BYUtv also partners with athletics to broadcast more than 135 live athletic events each year in sports such as football, basketball, volleyball, soccer, baseball, softball, and gymnastics.

Consistently ranked among the nation's top 30 athletic programs, BYU has won NCAA championships in football, men's track and field, men's golf, women's cross country, and men's volleyball. The Cougars have also won two NIT titles in men's basketball.

## Extramural Competition

The extramural sports program at BYU provides opportunities for students to participate on an intercollegiate level in team sports not designated NCAA. Extramural sports teams do not currently travel outside the United States.

One of the best organized and most respected programs in the country, BYU's extramural sports program offers sports for men (lacrosse, racquetball, rugby, and soccer) and sports for women (racquetball, rugby, and lacrosse). Many of the teams have been nationally ranked during the last several years.

## Athletic Facilities

BYU's athletic facilities are among the best in the nation. Major sports complexes include the Marriott Center (basketball), LaVell Edwards Stadium (football), Smith Fieldhouse (volleyball/gymnastics), Miller Park (baseball/softball), Clarence Robison Track, South Field (soccer), Richards Building (swimming/diving), and the Tennis Complex.

In 2003-04 the Athletic Department opened two new buildings, the Indoor Practice Facility (IPF) and the Student Athlete Building (SAB). The IPF is 422 by 222 feet with a height of 86 feet at the center. It is one of the largest indoor practice facilities in college athletics. It features two artificial turf fields and four batting cages.

The 126,300 square-foot SAB is home to the student-athlete academic center, athletic administration offices, strength/conditioning complex, training facilities, football offices and locker room, Legends Grille, and Legacy Hall—a three-story museum/hall of fame celebrating more than 100 years of BYU Athletics.

## Intramural Activities

The campus intramural program, consisting of more than thirty events involving thousands of participants in both men's and women's activities, is one of the largest and most comprehensive in the United States. Students may participate in team activities and individual events. The intramural program offers divisions for different skill levels in each activity and provides awards for the winners in each division. Numerous employment opportunities are available as game supervisors and officials.

## A Great Outdoors

The Wasatch Mountains overlook BYU on the east, and to the west lies Utah Lake. Within an hour's drive are several canyons and ski resorts; six national parks are only a half day away. Outdoor gear can be rented on campus for everything from skiing to windsurfing.

# Accreditation

Brigham Young University (BYU) is a member institution with the Northwest Commission on Colleges and Universities (NWCCU). BYU's accreditation status is "accreditation reaffirmed." The NWCCU's most recent action on the institution's accreditation status in 2022 was to reaffirm accreditation. NWCCU is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation (CHEA).

Accreditation of an institution of higher education by the NWCCU indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer-review process. An accredited college or university is one that has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the NWCCU applies to the institution as a whole. As such, it is not a guarantee of every course or program offered or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding the institution's accreditation status should be directed to BYU's administrative staff. Individuals may also contact:

**Northwest Commission on Colleges and Universities**
**8060 165th Avenue N.E., Suite 200**
**Redmond, WA 98052**
**(425) 558-4224**
**www.nwccu.org**

General Inquiries and Questions: info@nwccu.org

**The following organizations have given accreditation to programs or units at the university:**

- Academy of Nutrition and Dietetics, Accreditation Council for Education in Nutrition and Dietetics
- Accreditation Board for Engineering and Technology, Inc., Applied Science Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Computing Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Engineering Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Engineering Technology Accreditation Commission
- Accrediting Council for Education in Journalism and Mass Communications
- American Alliance of Museums
- American Association for Marriage and Family Therapy, Commission on Accreditation for Marriage and Family Therapy Education
- American Bar Association, Council on the Section of Legal Education and Admissions to the Bar
- American Psychological Association, Commission on Accreditation
- American Speech-Language-Hearing Association, Council on Academic Accreditation in Audiology and Speech-Language Pathology
- Association to Advance Collegiate Schools of Business
- Commission on Accreditation of Athletic Training Education
- Commission on Collegiate Nursing Education
- Council for the Accreditation of Educator Preparation, Accreditation Council

- Council on Accreditation of Parks, Recreation, Tourism and Related Professions
- Council on Education for Public Health
- Council on Social Work Education
- International Facility Management Association Foundation, Facility Management Accreditation Commission
- National Accrediting Agency for Clinical Laboratory Sciences
- National Association of Schools of Art and Design, Commission on Accreditation
- National Association of Schools of Dance, Commission on Accreditation
- National Association of Schools of Music, Commission on Accreditation
- National Association of Schools of Public Affairs and Administration
- National Association of Schools of Theatre, Commission on Accreditation
- Professional Landcare Network
- Teacher Education Accreditation Council, by the Inquiry Brief Commission of the Council for the Accreditation of Educator Preparation

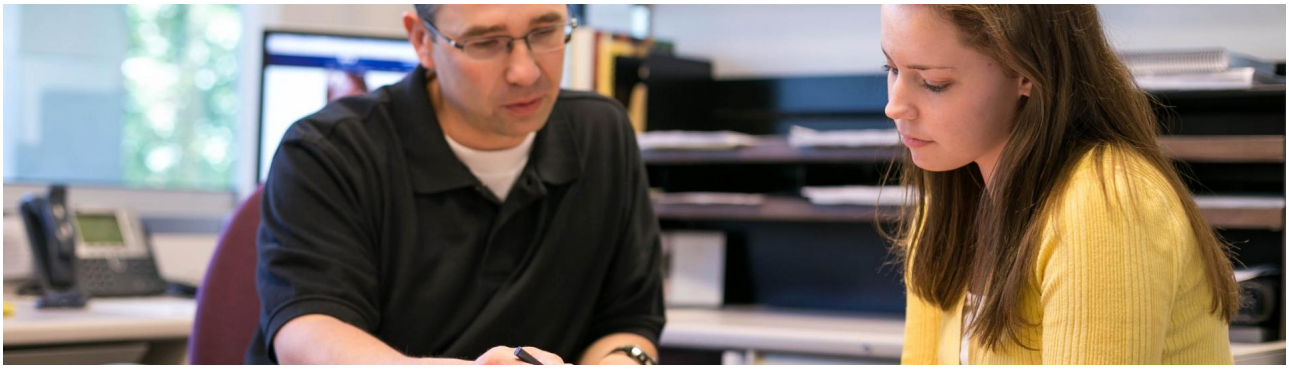
Keith P. Vorkink, Advancement Vice President

Carl Hernandez, Belonging Vice President



## Advisement Resources

*BYU undergraduates should develop competence in at least one area of concentration. Competence generally demands study in depth. Such in-depth study helps prepare students for their life's work; it also teaches them that genuine understanding for any subject requires exploring it fully. Students normally acquire such depth from their major and minor fields.* (The Aims of a BYU Education)

In addition to completing the university core, each student must choose a specialized area of study—a major. Requirements vary considerably from major to major, but all majors share in common a sequential development from introductory foundation courses to those that expect increasingly greater depth and sophistication. As the aims indicate, "By the time they graduate, students should grasp their discipline's essential knowledge and skills . . . , and many should have participated in scholarly or creative activities that let them demonstrate their mastery." Within this sequential development, prerequisites—whether within or outside the major department—help prepare students for subsequent, more focused work in the major. Some majors also require associated course work in related fields.

## Aptitudes, Interests, and Objectives

Success in a major depends upon the right combination of interests, skills, effort, and aptitudes. Students who choose a major only because of its job possibilities and fail to consider their own interests and aptitudes will probably be disappointed. Some majors, particularly those in professional programs (e.g., accounting) lead directly to employment in a particular field; others (e.g., philosophy) provide a rich liberal arts preparation for subsequent graduate study or professional programs (e.g., law) and may lead to employment in a variety of fields related to the major. A student's major can open up a great variety of employment opportunities, but students should also explore opportunities to engage in experiential learning over the course of the major to develop their skills, interests, and knowledge.

## Flexibility and Adaptability

The future will likely bring about change and a continued expansion of knowledge in all domains of human understanding. Some futurists have estimated that today's high school graduates will be in five to seven different careers during their lifetime. Flexibility and adaptability, learning how to learn, and learning to think carefully and critically are the aims of a strong liberal arts education. For many careers, a degree in a particular major is not required. Employers respond favorably to applicants who have developed analytical skills, who have the ability to reason abstractly, and who have learned to communicate precisely and effectively.

## Choosing a Major

Careful and thoughtful consideration before choosing a major will reduce the time to graduation and help make the most of the time at BYU. Major requirements and course descriptions can be found by clicking the "Programs" tab at the top of this page or by using the list of majors. Students may find some combination of the following action steps useful in selecting a major:

1. **Meet as often as needed with an open major advisor in the University Advisement Center (UAC).** Advisors are available to help students choose a major or career path. Advisors are available to help students explore major and career options, help choose meaningful classes, support students through the decision-making process, and connect you to resources on campus to design personalized goals and create a path for your BYU experience and beyond. Students will be equipped with approaches and tools to navigate the exploration process. Contact them at 2500 WSC, (801) 422-3826, or by e-mail at: university_advisement@byu.edu. You can also access their website at: https://universityadvisement.byu.edu/.
2. **Work with an Exploration Specialist in the UAC.** Exploration Specialists are peers trained to co-explore with students using specfic activities. These activities help students deepen personal awareness through discovering more about their interests, skills, and values and by getting more information about majors and career paths. They guide students to take their next steps to explore their options.

3. **Watch BYU Major Snippets.** These short videos summarize basic information about BYU Majors. Each video answers a set of questions from college representatives, including: What is this major about? What careers can graduates enter? How is it different from other similar majors? Why should I select this major? You can watch the snippetts here: https://universityadvisement.byu.edu/major-snippets.
4. **Review catalog information pertaining to undergraduate majors.** A list of majors can be found in this section of the catalog or check each department: http://catalog.byu.edu/majors?college.
5. **Learn about deadlines, prerequisites, and application requirements for limited-enrollment programs.** Some majors have limited enrollment and only accept students by application. Limited-enrollment programs are identified with an asterisk (*) in the list of majors. Students should become familiar with the prerequisite courses required for limited-enrollment majors several semesters before they plan to apply. When applying to limited-enrollment programs, students should have a parallel plan in case they are not accepted. Advisors in the University Advisement Center (2500 WSC) can help develop parallel academic plans for reaching a given career objective.
6. **Pursue multiple options.** When trying to choose between two majors, take courses that will fill major and minor requirements for both. When deciding which of the two will be the major, the other choice can possibly become a minor.
7. **Take a career interest assessment.** Type-Focus, a free online self-assessment and career exploration program, is available in the UAC. Other assessments like the Strong Interest Inventory and the Myers-Briggs Type Indicator can also be taken at the UAC for a fee.
8. **Visit the What Can I Do With this Major website:** Go to https://careers.byu.edu/explore-career-options and click on the What Can I Do With This Major website to see the various career path that are available to those that study certain majors.
9. **Learn, firsthand, about potential careers.** Part-time work, summer employment, internships, and volunteer work provide useful opportunities for students to collect information about what a specific career entails and to make contacts that will help them further their career goals. In addition, students might ask relatives or friends doing the kind of work they are interested in if they can be their "shadow" for a day, or perhaps longer. Alternatively, students can conduct information interviews with individuals in these positions, asking them about their work, the associated academic prerequisites, and so forth.
10. **Connect with Alumni through BYU Connect.** One way to learn about major decision making and career paths is to connect with alumni that have already walked the path. On BYU Connect, you can search through a database of BYU Alumni have already volunteered to be contacted by current students. Within minutes you can search for alumni with similar interests, personalize one of the pre-made form letters, and send a request to chat with an individual that can share their personal experience. Sign up here: https://careers.byu.edu/how-to-use-byu-connect.
11. **Choose university core requirements carefully.** Once a major is chosen, the college advisement center for your major can help in the selection of classes that both satisfy university core requirements and expose students to the core subject matter of a major or career: http://catalog.byu.edu/about-byu/general-education.
12. **Enroll in a career exploration course.** Student Development (StDev) 117, Career Exploration, is a 2-credit course designed to help students learn about themselves and explore major and career paths. Juniors and seniors may want to take StDev 317: Career Strategies, a 2-credit hour course designed to help upper-division students prepare for transitioning to their desired career outcome and strategies for continued career success.
13. **Take introductory or seminar courses for majors/careers being considered.** BYU offers seminar courses for pre-medicine, pre-dentistry, pre-optometry, pre-law, and many of the engineering majors. There are other introductory courses such as Orientation to the Psychology Major (Psych 101), Historian's Craft (Hist 200), that may be helpful. Information on these courses is available through college advisement centers.
14. **Connect early with the Pre-Professional Advisement Center.** Considering a path in medicine, the allied health professions, law, or business? There are pre-professional advisors who can help you plan your path towards success. Declare yourself as a pre-professional student and receive relevant updates, hear about opportunities, and attend specific workshops designed just for you. Connect here: https://ppa.byu.edu/.
15. **Seek advice from the faculty.** Faculty members who teach and mentor in a particular major understand the purposes of the major program, its array of courses, and the opportunities available to those who complete it. Students should identify an appropriate member of the faculty and ask for assistance, which will often require an appointment.
16. **Make a firm commitment.** Pursuing a major with a firm commitment to go beyond its requirements will bring satisfaction and ensure future opportunities. Tentative or half-hearted completion of minimum requirements of any major will lead only to discouragement and detachment. Students are encouraged to choose carefully, trust their choice, and diligently pursue their studies in the major.

## Choosing a Minor

A minor offers students the opportunity to increase their breadth of expertise by exploring an area of study in depth but not to the same degree as in a major. Some majors require students to complete a minor from a specified set of options, but for most students a minor is optional. Students who elect to complete a minor often choose fields related to the major. Others may choose a minor in an area in which they have expertise or interest. In most cases, the minor would be chosen from a different department than the major.

Courses used to satisfy the requirements of a student's major may also be used to satisfy the requirements of a minor, unless the minor's requirements place restrictions on the double counting of courses. A list of minors can be found http://catalog.byu.edu/minors?college.

# Academic Advisement

The university provides a number of resources to assist students with careful and thoughtful academic and career planning while at BYU. It is expected that students will partner with the university by taking full advantage of these available resources and opportunities to enhance their chances of a successful academic experience.

The university is committed to providing students with access to academic advisors who will:

- Stay abreast of major and university requirements, and the corresponding academic resources
- Assist students by making appropriate recommendations for registration
- Help students in their pursuit of an appropriate major and career
- Aid students in planning an education program consistent with their academic progress
- Offer friendly, attentive, informative service, listening to the student's situation before offering a solution

Students will be successful as they:

- Prepare for and keep appointments with their college advisement center (CAC) advisor; preferably at least once a calendar year
- Establish and follow an academic plan for graduation
- Use university resources such as MyMAP, Major Academic Plans (MAPs), Academic Information Management (AIM), and the progress report
- Become familiar with their basic academic program and requirements
- Review personal academic progress each semester

## AIM

The Academic Information Management (AIM) system provides students with easy access to information on their academic progress and other vital information. In AIM, students can change their addresses and phone numbers, access their class schedules, determine course availabilities and instructor schedules, monitor their progress reports, look at their grades and BYU credit, make PIN changes, check on transfer and AP credit, and conduct personal registration procedures.

### MyMAP

BYU offers students a helpful academic planning system (MyMAP) that enables them to plan their academic progress towards graduation. MyMAP is an online tool students may use to plan specific courses to fill University Core, major, minor, and elective requirements, and organize those courses into semesters/terms. In addition, students may register from these courses using the Register tab. Easy access to course descriptions can be found on any MyMAP tab by simply clicking on the course title. As a student fully utilizes MyMAP, they will find that they have important information at their fingertips. Students may access MyMAP under the school section of MyBYU. To learn more about MyMAP go to http://mymap.byu.edu.

### Progress Reports

Progress Reports were created to provide students with accurate academic progress information. Students can access their progress report in the AIM system (through *MyMAP*). In the new MyMAP feature in AIM, students can actually use their progress report (on the *Plan* tab) as a tool to plan their academic course of study.

## Major Academic Plan (MAP)

This supplement to the BYU Undergraduate Catalog is also a valuable academic resource for students as they plan and prepare their academic schedules. The MAP includes information regarding university core and major requirements, semester-by-semester recommendations for course selection, and course availability. Please see the following Web site for more information: https://advisement.byu.edu/major-academic-plans.

# College Advisement Centers

An advisement centers exists in each academic college. At these centers, students receive personal assistance in meeting their educational goals as quickly as possible. Students should contact their advisement centers at least once a calendar year.

**David O. McKay School of Education,** 350 MCKB, Provo, UT 84602-5096, (801) 422-3426, email: ess@byu.edu

**Ira A. Fulton College of Engineering,** 246 EB, Provo, UT 84602-4101, (801) 422-4325, email: engineering_advisement@byu.edu

**College of Family, Home, and Social Sciences,** 1041 JFSB, Provo, UT 84602-5535, (801) 422-3541, email: liberalarts@byu.edu

**College of Fine Arts and Communications,** D-444 HFAC, Provo, UT 84602-6333, (801) 422-3777, email: cfacadvise@byu.edu

**College of Humanities,** 1041 JFSB, Provo, UT 84602-5535, (801) 422-3541, email: liberalarts@byu.edu

**International and Area Studies,** 273 HRCB, Provo, UT 84602-4526, (801) 422-3548, email: kennedy_advisement@byu.edu

## University Advisement Center

2500 WSC
(801) 422-3826
E-mail: university_advisement@byu.edu
Web: https://universityadvisement.byu.edu/

**Services Include:** academic advising, career counseling, advisement on how to choose a major or career, graduate school advisement, career interest assessment, and information and referral to appropriate university resources. The center serves as the college advisement center for open major students but all students are welcome to use its services and resources for assistance in making informed and appropriate decisions about majors or careers.

## Honors Advisement Center

102A MSRB
(801) 422-5497
E-mail: honors@byu.edu
Web: http://www.byu.edu/honors/

Honors education is open to all students who choose to participate. Students who intend to graduate with University Honors should consult with an advisor in the Honors Advisement Center (102A Maeser Building) for assistance with choosing honors courses and understanding honors graduation requirements.

## Pre-Professional Advisement Center

3328 WSC
(801) 422-3044
E-mail: ppa@byu.edu
Web: https://ppa.byu.edu/

The Preprofessional Advisement Center serves students preparing to apply to professional graduate programs, specifically law, health (medical, physician assistant, dental, physical therapy, optometry, etc.), and graduate management (MBA, MPA, etc.). For those students who are interested in such professional graduate programs, the center offers workshops, individual counseling, admissions advice, and student development courses to help students explore these fields and prepare for the study and practice of the student's chosen field. The center is open to students from any major.

## Academic Support Office

2500 WSC
(801) 422-2723
E-mail: academic_support@byu.edu
Web: http://aso.byu.edu/

The university experience is rigorous by design. However, it is anticipated that all students admitted to the university are capable of succeeding academically. Many students that experience academic challenges, are able, with the support of university staff and resources, to work through those challenges and to be successful at the university. The mission of the Academic Support Office (ASO), a Student Life department, is to assist undergraduate degree-seeking students who are experiencing academic difficulties. The ASO utilizes skilled advisors and the combined resources of the university to assist students on academic warning, probation, continued academic probation and those facing academic suspension or dismissal, to resolve academic and related concerns.

Students experiencing academic difficulties are often encountering challenges in one or more of the following areas: (1) personal concerns outside the academic realm such as mental health or adjustment challenges, physical illness or injuries, adverse events, relationship or family concerns, financial hardships, etc. that impact academic performance, (2) insufficient academic preparation for the rigors of a university experience, or (3) learning strategies that were sufficient in high school, but are less effective at the university.

ASO advisors and peer coaches support students in addressing non-academic challenges by helping students identify concerns, assess needs, access needed resources, implement appropriate intervention strategies and by providing ongoing support as students work through challenges to improve academic performance. They also provide one-on-one training to help students develop effective study skills and learning strategies. ASO advisors and peer coaches routinely assist students in developing time management, test-preparation, test-taking, reading, note-taking, memory and other academic strategies. Students who experience academic difficulties, who are on warning, probation, CAP, or are facing academic suspension or dismissal from the university are strongly encouraged to contact and enlist the support of the ASO.

## Additional Advisement Resources: Student Development Services

**Courses for Credit**

2510 WSC
(801) 422-4007
Web: https://sds.byu.edu/student-development-classes

Students can receive credit for courses focused on career exploration and development, enhancing academic skills, life planning and decision making, and improving personal mental health. These courses are listed in the class schedule under Student Development (StDev). See the Student Development section of this catalog for course numbers and descriptions.

# Aims of a BYU Education

*Education is the power to think clearly, the power to act well in the world's work, and the power to appreciate life.*

— Brigham Young [1]

The mission of Brigham Young University is "to assist individuals in their quest for perfection and eternal life" ("The Mission Statement of Brigham Young University" [hereafter Mission Statement]). To this end, BYU seeks to develop students of faith, intellect, and character who have the skills and the desire to continue learning and to serve others throughout their lives. These are the common aims of all education at BYU. Both those who teach in the classroom and those who direct activities outside the classroom are responsible for contributing to this complete educational vision.

The statement that follows reaffirms and expands on the earlier and more general Mission Statement adopted in 1981. As the quotations under each heading suggest, this document also draws on the religious and educational teachings of the university's founding prophet, Brigham Young. Quotations within the text come from the scriptures and from the counsel of modern prophets, whose teachings about BYU lay the foundation of the university's mission.

The following four sections discuss the expected outcomes of the BYU experience. A BYU education should be (1) spiritually strengthening, (2) intellectually enlarging, and (3) character building, leading to (4) lifelong learning and service. Because BYU is a large university with a complex curriculum, the intellectual aims are presented here in somewhat greater detail than the other aims. Yet they are deliberately placed within a larger context. The sequence flows from a conscious intent to envelop BYU's intellectual aims within a more complete, even eternal, perspective that begins with spiritual knowledge and ends with knowledge applied to the practical tasks of living and serving.

# Spiritually Strengthening

*Brother Maeser, I want you to remember that you ought not to teach even the alphabet or the multiplication tables without the Spirit of God.*

—Brigham Young [2]

The founding charge of BYU is to teach every subject with the Spirit. It is not intended "that all of the faculty should be categorically teaching religion constantly in their classes, but . . . that every . . . teacher in this institution would keep his subject matter bathed in the light and color of the restored gospel." [3]

This ideal arises from the common purpose of all education at BYU—to build testimonies of the restored gospel of Jesus Christ. A shared desire to "seek learning, even by study and also by faith" (D&C 88:118) knits BYU into a unique educational community. The students, faculty, and staff in this community possess a remarkable diversity of gifts, but they all think of themselves as brothers and sisters seeking together to master the academic disciplines while remaining mastered by the higher claims of discipleship to the Savior.

A spiritually strengthening education warms and enlightens students by the bright fire of their teachers' faith while enlarging their minds with knowledge. It also makes students responsible for developing their own testimonies by strenuous effort. Joseph Smith's words apply equally to faculty and students at BYU: "Thy mind, O man! if thou wilt lead a soul unto salvation, must stretch as high as the utmost heavens, and search into and contemplate the darkest abyss, and the broad expanse of eternity—thou must commune with God." [4] Students need not ignore difficult and important questions. Rather, they should frame their questions in prayerful, faithful ways, leading them to answers that equip them to give "a reason of the hope that is in" them (1 Peter 3:15) and to articulate honestly and thoughtfully their commitments to Christ and to his Church.

# Intellectually Enlarging

*Every accomplishment, every polished grace, every useful attainment in mathematics, music, and in all science and art belong to the Saints, and they should avail themselves as expeditiously as possible of the wealth of knowledge the sciences offer to every diligent and persevering scholar.*

—Brigham Young [5]

The intellectual range of a BYU education is the result of an ambitious commitment to pursue truth. Members of the BYU community rigorously study academic subjects in the light of divine truth. An eternal perspective shapes not only *how* students are taught but *what* they are taught. In preparing for the bachelor's degree, students should enlarge their intellects by developing skills, breadth, and depth: (1) skills in the basic tools of learning, (2) an understanding of the broad areas of human knowledge, and (3) real competence in at least one area of concentration. Further graduate studies build on this foundation.

## Undergraduate

**1. Skills.** BYU undergraduates should acquire the basic tools needed to learn. The essential academic learning skills are the abilities to think soundly, to communicate effectively, and to reason proficiently in quantitative terms. To these ends, a BYU bachelor's degree should lead to:

- *Sound thinking*—reasoning abilities that prepare students to understand and solve a wide variety of problems, both theoretical and practical. Such skills include the ability to keep a proper perspective when comparing the things that matter most with things of lesser import. They also include the ability to engage successfully in logical reasoning, critical analysis, moral discrimination, creative imagination, and independent thought.
- *Effective communication*—language abilities that enable students to listen, speak, read, and write well; to communicate effectively with a wide range of audiences in one's area of expertise as well as on general subjects. For many students this includes communicating in a second language.
- *Quantitative reasoning*—numerical abilities that equip students with the capacity to understand and explain the world in quantitative terms; to interpret numerical data; and to evaluate arguments that rely on quantitative information and approaches.

**2. Breadth.** BYU undergraduates should also understand the most important developments in human thought as represented by the broad domains of knowledge. The gospel provides the chief source of such breadth because it encompasses the most comprehensive explanation of life and the cosmos, supplying the perspective from which all other knowledge is best understood and measured. The Lord has asked his children to "become acquainted with all good books, and with languages, tongues, and people" (D&C 90:15); to understand "things both in heaven and in the earth, and under the earth; things which have been, things which are, things which must shortly come to pass; things which are at home, things which are abroad; the wars and the perplexities of the nations . . . ; and a knowledge also of countries and of kingdoms" (D&C 88:79).

"Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education [that will help them] understand important ideas in their own cultural tradition as well as that of others" (Mission Statement). Specifically, BYU undergraduate students should be educated in the following broad areas of human knowledge:

- *Religion*—the doctrines, the covenants, the ordinances, the standard works, and the history of the restored gospel, as well as an awareness of other religious traditions.
- *Historical perspective*—the development of human civilization, appreciation for the unique contributions of America to modern civilization, and a general historical perspective, including perspective on one's own discipline.
- *Science*—The basic concepts of the physical, biological, and social sciences, and a recognition of the power and limitations of the scientific method—preferably through laboratory or field experience.

- *Arts and letters*—lively appreciation of the artistic, literary, and intellectual achievements of human cultures—including Western culture and, ideally, non-Western as well.
- *Global awareness*—informed awareness of the peoples, cultures, languages, and nations of the world.

**3. Depth.** BYU undergraduates should develop competence in at least one area of concentration. Competence generally demands study in depth. Such in-depth study helps prepare students for their life's work; it also teaches them that genuine understanding of any subject requires exploring it fully. Students normally acquire such depth from their major and minor fields. BYU's religion requirement also asks all students to develop depth in scriptural studies and religion.

Depth does not result merely from taking many courses in a field. Indeed, excessive course coverage requirements may discourage rather than enhance depth. Depth comes when students realize "the effect of rigorous, coherent, and progressively more sophisticated study." Depth helps students distinguish between what is fundamental and what is only peripheral; it requires focus, provides intense concentration, and encourages a "lean and taut" degree that has a "meaningful core" and a purposefully designed structure (Memorandum to the Faculty No. 13). In addition to describing carefully structured academic majors, this description applies to well-designed BYU courses of all kinds.

The chief result of depth is competence. BYU's students should be "capable of competing with the best students in their field" (Mission Statement). Even so, undergraduate study should be targeted at entrance-level, not expert-level, abilities. The desire for depth should not lead to bachelor's degrees that try to teach students everything they will need to know after graduation. Students should be able to complete their degrees within about four years.

Undergraduate programs should prepare students to enter the world of work or to pursue further study. Often this requires educational activities that help upperclassmen culminate their studies by integrating them in a capstone project, honors thesis, senior seminar, or internship. By the time they graduate, students should grasp their discipline's essential knowledge and skills (such as mathematical reasoning, statistical analysis, computer literacy, foreign language fluency, laboratory techniques, library research, and teaching methods), and many should have participated in scholarly or creative activities that let them demonstrate their mastery.

## Graduate

Building on the foundation of a strong bachelor's degree, graduate education at BYU asks for even greater competency. Graduate studies may be either academic or professional and at either the master's or doctoral level. In all cases, BYU graduate programs, like undergraduate programs, should be spiritually strengthening as well as intellectually enlarging.

Graduate programs should help students achieve excellence in the discipline by engaging its primary sources; mastering its literature, techniques, and methodologies; and undertaking advanced systematic study—all at a depth that clearly exceeds the undergraduate level. In addition, graduate programs should prepare students to contribute to their disciplines through their own original insights, designs, applications, expressions, and discoveries. Graduate study should thereby enable a variety of contributions—such as teaching complex knowledge and skills, conducting original research, producing creative work that applies advanced learning in the everyday world, and extending professional service to the discipline and to society.

---

These intellectual aims of a BYU education are intended to give students understanding, perspective, motivation, and interpersonal abilities—not just information and academic skills. BYU should furnish students with the practical advantage of an education that integrates academic skills with abstract theories, real-world applications, and gospel perspectives. Such an education prepares students who can make a difference in the world, who can draw on their academic preparation to participate more effectively in the arenas of daily life. They are parents, Church leaders, citizens, and compassionate human beings who are able to improve the moral, social, and ecological environment in which they and their families live. They are scientists and engineers who can work effectively in teams and whose work reflects intellectual and moral integrity; historians who write well and whose profound understanding of human nature and of divine influences informs their interpretation of human events; teachers whose love for their students as children of God is enriched by global awareness and foreign language skill; artists whose performances seek to be flawless in both technique and inspiration; business leaders whose economic judgments and management styles see financial reward not as an end but as a means to higher ends. BYU graduates thus draw on an educated intellect to enhance not only what they *know* but also what they *do* and, ultimately, what they *are*.

# Character Building

*A firm, unchangeable course of righteousness through life is what secures to a person true intelligence.*

—Brigham Young [6]

Because it seeks to educate students who are renowned for what they are as well as for what they know, Brigham Young University has always cared as much about strong moral character as about great mental capability. Consequently, a BYU education should reinforce such moral virtues as integrity, reverence, modesty, self-control, courage, compassion, and industry. Beyond this, BYU aims not merely to teach students a code of ethics but to help them become partakers of the divine nature. It aspires to develop in its students character traits that flow from the long-term application of gospel teachings to their lives. This process begins with understanding humankind's eternal nature and ends with the blessing of eternal life, when human character reflects in fully flowered form the attributes of godliness. Along the way, the fruits of a well-disciplined life are augmented and fulfilled by the fruits of the spirit of Jesus Christ—such as charity, a Christlike love for others, which God "hath bestowed upon

all who are true followers of his Son, Jesus Christ" (Moroni 7:48). Students thus perfect their quest for character development by coming unto Christ through faith, repentance, and righteous living. Then their character begins to resemble his, not just because they think it should but because that is the way they are.

President David O. McKay taught that character is the highest aim of education: above knowledge is wisdom, and above wisdom is character. "True education," he explained, "seeks to make men and women not only good mathematicians, proficient linguists, profound scientists, or brilliant literary lights, but also honest men with virtue, temperance, and brotherly love." [7] Consequently, a BYU education should bring together the intellectual integrity of fine academic discipline with the spiritual integrity of personal righteousness. The result is competence that reflects the highest professional and academic standards—strengthened and ennobled by Christlike attributes.

Thus understood, the development of character is so important that BYU "has no justification for its existence unless it builds character, creates and develops faith, and makes men and women of strength and courage, fortitude, and service—men and women who will become stalwarts in the Kingdom and bear witness of the . . . divinity of the gospel of Jesus Christ. It is not justified on an academic basis only." [8] Rather, it fulfills its promise when "the morality of the graduates of this University provide[s] the music of hope for the inhabitants of this planet." [9]

Every part of the BYU experience should therefore strengthen character—academic integrity in taking a test or writing a research paper; sportsmanship on the playing field; the honest reporting of research findings in a laboratory; careful use of university funds derived from the tithes of Church members; treating all other people with dignity and fairness; and wholehearted acceptance of commitments made to bishops and parents. Character is constructed by small decisions. At this personal level of detail, BYU will realize its hope of teaching "those moral virtues which characterize the life and teachings of the Son of God" (Mission Statement).

## Lifelong Learning and Service

*We might ask, when shall we cease to learn? I will give you my opinion about it; never, never. . . . We shall never cease to learn, unless we apostatize from the religion of Jesus Christ.*

—Brigham Young [10]

*Our education should be such as to improve our minds and fit us for increased usefulness; to make us of greater service to the human family.*

—Brigham Young [11]

Well-developed faith, intellect, and character prepare students for a lifetime of learning and service. By "entering to learn" and continuing to learn as they "go forth to serve," BYU students strengthen not only themselves—they "also bring strength to others in the tasks of home and family life, social relationships, civic duty, and service to mankind" (Mission Statement).

**1. Continual Learning.** BYU should inspire students to keep alive their curiosity and prepare them to continue learning throughout their lives. BYU should produce careful readers, prayerful thinkers, and active participants in solving family, professional, religious, and social problems. They will then be like Abraham of old, who had been "a follower of righteousness, desiring also to be one who possessed great knowledge, and to be a greater follower of righteousness, and to possess a greater knowledge, . . . desiring to receive instructions, and to keep the commandments of God." In this lifelong quest, they, like Abraham, will find "greater happiness and peace and rest" (Abraham 1:2). Thus a BYU diploma is a beginning, not an end, pointing the way to a habit of constant learning. In an era of rapid changes in technology and information, the knowledge and skills learned this year may require renewal the next. Therefore, a BYU degree should educate students in how to learn, teach them that there is much still to learn, and implant in them a love of learning "by study and also by faith" (D&C 88:118).

**2. Service.** Since a decreasing fraction of the Church membership can be admitted to study at BYU, it is ever more important that those who are admitted use their talents to build the kingdom of God on the earth. Hence, BYU should nurture in its students the desire to use their knowledge and skills not only to enrich their own lives but also to bless their families, their communities, the Church, and the larger society. Students should learn, then demonstrate, that their ultimate allegiance is to higher values, principles, and human commitments rather than to mere self-interest. By doing this, BYU graduates can counter the destructive and often materialistic self-centeredness and worldliness that afflict modern society. A service ethic should permeate every part of BYU's activities—from the admissions process through the curriculum and extracurricular experiences to the moment of graduation. This ethic should also permeate each student's heart, leading him or her to the ultimate wellspring of charity—the love for others that Christ bestows on his followers.

## Conclusion

*Education is a good thing, and blessed is the man who has it, and can use it for the dissemination of the Gospel without being puffed up with pride.*

—Brigham Young [12]

These are the aims of a BYU education. Taken together, they should lead students toward wholeness: "the balanced development of the total person" (Mission Statement). These aims aspire to promote an education that helps students integrate all parts of their university experience into a fundamentally sacred way of life—their faith and reasoning, their knowledge and conduct, their public lives and private convictions. Ultimately, complete wholeness comes only through the Atonement of him who said, "I am come that they might have life, and that they might have it more abundantly" (John 10:10). Yet a university education, guided by eternal principles, can greatly "assist individuals in their quest for" that abundant "eternal life" (Mission Statement).

A commitment to this kind of education has inspired the prophets of the past to found Church schools, like BYU, on the principle that "to be learned is good if they hearken unto the counsels of God" (2 Nephi 9:29). These prophets have known the risks of such an enterprise, for "that happiness which is prepared for the saints" shall be hid forever from those "who are puffed up because of their learning, and their wisdom" (see 2 Nephi 9:42–43). Yet they have also known that education plays a vital role in realizing the promises of the Restoration; that a broad vision of education for self-reliance and personal growth is at the very heart of the gospel when the gospel is at the heart of education. To the degree that BYU achieves its aims, the lives of its students will confirm Brigham Young's confidence that education is indeed "a good thing," blessing all those who humbly and faithfully use it to bless others.

# Careers & Experiential Learning

## Career Services

1134 WSC
801-422-3000

**Careers & Experiential Learning** facilitates exceptional opportunities for students to achieve their career and life goals. Whether it is helping students discover their purpose, find meaningful experience, or build valuable relationships with alumni and employers, our goal is to help students design their best future.

## Career Services

E-mail: byucareerservices@byu.edu
Website: https://careers.byu.edu

Students will find mentored assistance with career exploration, graduate school preparation, resumes, mock interviews, networking, online profiles, and access to career networks. Students can take the Gallup Clifton Strengths assessment to better understand how their unique talents and personal strengths can sustain their success in college and beyond.

Experienced Career Directors are assigned to students in each college, and they provide individualized career guidance and assistance connecting with alumni, industry professionals, and career-building opportunities, including treks to visit professional environments. Several career directors are physically housed in the colleges they serve (Engineering, Math & Science, Life Science) in addition to the services available to all students in the Career Studio, located in the Wilkinson Center.

The **Career Studio** is available for drop-in, no-appointment-necessary services where students can actively work on their professional documents and have conversations about their Strengths with experienced career mentors. Our career mentors share best practices and strategies based on the most up-to-date employer feedback collected regularly by recruiters looking to hire BYU students.

Students may log into Handshake at handshake.byu.edu to gain access to hundreds of and job and internship postings. Every year Career Services facilitates thousands of local, state, and national recruiting opportunities through on-campus career fairs, interviews, information sessions, and targeted networking events.

# Experiential Learning

E-mail: experiential.learning@byu.edu
Website: https://experience.byu.edu

Experiential learning is defined as learning through experience (Kolb, 1984). While learning may naturally occur through any given experience, not all experience produces experiential learning. At BYU, four foundational characteristics distinguish experiential learning from ordinary or chance experience and foster *inspiring learning*:

1. **Inspiration**: *Inspiring Learning is* "learning that leads to inspiration or revelation" (Worthen, 2016). Learners are invited to actively engage the inspiration of the Holy Spirit in the realm of inquiry in which they may be involved (see Moroni 10:5).
2. **Intention**: Learning outcomes describe the knowledge, skills, or abilities the learners should have after successfully completing the experience.
3. **Integration**: High impact practices are utilized and avenues to apply learning are identified. Application of emerging inspiration, knowledge, skills, or dispositions are fostered.
4. **Reflection**: Learners engage in purposeful reflection. Learners consider what they have learned (what), ascertain meaning (so what), and how their learning can be used in future career or life plans (now what).

BYU has a strong tradition of experiential learning which includes research with faculty, doing field study or field work, completing an internship, going on a study abroad, or participating in a variety of culminating learning experiences such as capstones, competitions, festivals, or performances. Additionally, involvement in clubs, student employment, or service learning are among the myriad of campus opportunities available for students to create inspiring experiences.

Our experiential learning professionals facilitate, promote, and provide trainings with a primary purpose to help students find and create inspiring experiences. Students who learn to seek, recognize, and act upon inspiration in their experiences form a foundation for lifelong learning.

# Academic Internships

E-mail: internship@byu.edu
Website: https://experience.byu.edu

Internships provide an opportunity for skill development, perspective, mentored supervision, professional connections, and the ability to apply the academic learning occurring on campus. The internship experience is an opportunity for undergraduates to confirm they are on an academic path that suits their talents, abilities and interests. The office oversees department internship programs to assure that students and faculty are compliant with the university internship policy and legal obligations with internship providers.

Students seeking academic credit for internships must receive prior department and university approval and complete formal registration before commencing. Course offerings vary according to student and program needs. Registration in a department's 199R, 299R, 399R, 496R, 599R, or 688R course is required for internship credit. Individual departments specify course numbers for clinical, practicum, or other applied, experiential learning courses. Credit varies, generally ranging from 0.5 to 12 credit hours. Grades are based on both academic and work-related accomplishments.both academic and work-related accomplishments.

# Catalog Archives

# Catalog Archives

BYU archives each academic year's Undergraduate Catalog. Below is a listing of the past few years and a link to the library's archive dating back to 1901.

## Undergraduate Catalogs

- Current Undergraduate Catalog
- 2022-2023 Undergraduate Catalog

# Educator Requirements

**Educator Preparation Program (EPP) Admissions and Retention Requirements (for Students Who Apply for Teaching Majors or Teaching Minors After December 16, 2019)**

## Pre-teaching Majors

Students (undergraduates, graduates, and post-baccalaureate students) wishing to pursue a teaching major must complete the following:

1. Declare the corresponding pre-teaching major.
2. Register on the BYU Educator Preparation Program (EPP) management system, EDUCATOR, at https://educator.byu.edu/
3. Complete the requirements for application for the teaching major.

Note: To declare a teaching minor, a student must be admitted to a teaching major and meet all retention requirements for both the major and minors.

## Teaching Majors: Minimum EPP Admission Standards

Students must apply to the appropriate program and meet the following standards:

1. Utah State Board of Education (USBE)-cleared fingerprint background check.
2. USBE-approved basic skills test in Reading, Math, and Writing (i.e., ACT, SAT, Praxis Core Test).
3. Pass all required EPP assessments (e.g. dispositions assessment).
4. Complete all program-specific admissions requirements (see each teaching major).
5. Meet the cohort average GPA of 3.0. Students with a GPA between 2.7-2.99 may be conditionally accepted with no remediation plan; students with GPA 2.0-2.69 may be conditionally accepted with a remedition plan. Each Program must have a cohort acceptance GPA average of 3.0.

## Teaching Majors: Minimum EPP Retention Standards

Students must meet the following standards:

*Note: To be recommended for student teaching, a student must have a total GPA of at least 2.7; all coursework must be completed and teaching major and teaching minor coursework grades must be a C or better.

1. Demonstration of content knowledge, pedagogical content knowledge, pedagogical skills, and integration of technology across those domains.
    1. Maintain a total GPA of no less than 2.7.
    2. Receive a "C" or better in all education-related and major required courses (including any courses taken prior to acceptance into a teaching major)*
    3. Demonstrate sufficient and timely progress in coursework and field experiences
2. Demonstration of basic teaching capabilities.
    1. Teach to the Utah Effective Teaching Standards
    2. Teach to college- and career-ready standards (i.e., Utah Common Core Standards)
    3. Teach effectively with positive impacts on P-12 student learning and development
3. Maintain a USBE-cleared fingerprint background check.
4. Demonstrate professional ethics, behavior, and dispositions (e.g., BYU Honor Code, including dress and grooming standard; dispositions assessment; Utah Effective Teaching Standard #10; and Utah Board Rule 277R-515 Utah Educator Standards).
5. Maintain all program and major-specific retention requirements.

## Requirements for Graduation and Recommendation for Utah State Licensure

Students must meet the following requirements for graduation from BYU with a teaching major and for recommendation to the Utah State Board of Education for a teaching license:

- Pass the content-specific Praxis Subjects Assessment test (formerly Praxis II test) for applicable teaching majors and minors. Students wishing to complete and internship must have passed the Praxis Subject Assessment prior to beginning internship.
- Meet the established EPP performance criteria for successful completion of student teaching in the major and minor teaching areas.

- Meet the established EPP performance criteria for successful completion of capstone assignments/assessments (e.g., Performance Assessment & Evaluation System).
- Meet the established performance criteria for successful completion of all program- and major-specific graduation requirements.
- Maintain USBE-cleared fingerprint background clearance in effect four weeks after graduation.
- Successful complete a Pedagogical Performance Assessment (e.g. PPAT).
- Complete and maintain all EPP admission, retention, and graduation requirements.
- Pay all fees for graduation and any other outstanding university charges.
- Meet all requirements for recommendation for Utah licensure.

## Harold B. Lee Library

The Harold B. Lee Library is the University's gateway to research materials. The library's website, **lib.byu.edu**, features a powerful and easy-to-use search tool for both electronic and print resources. Through this online hub, students and faculty have access to scholarly research materials including databases, journals, and e-books. The system also searches the library's physical collection of materials including over 8 million books, journals, photographs, and more. Librarians and staff provide research help in person or through online **chat**, text, e-mail, or telephone. Students are encouraged to use the library's ready-made **Research Guides** for specific subjects.

The library building is a beautiful, quiet, and comfortable environment for studying. Thousands of chairs and study tables spread out over 5 floors. The library provides group study rooms, collaborative work areas, a family-friendly study room, and specialty labs for multimedia work, scanning, and 3D printing. Wi-Fi is available throughout the building.

Students are also invited to use non-circulating items, including the rare and unique materials located in **special collections**, which are available for research.

During fall and winter semesters, the library is generally open from 7:00 a.m. to midnight Monday through Friday and from 8:00 a.m. to midnight on Saturday.

BYU students and faculty may also use the facilities of other college and university libraries in Utah, as well as select libraries in other states, thanks to cooperative agreements implemented through state and national library consortia.

Learn more about the library by visiting **lib.byu.edu**. Keep up to date on library events and announcements by following the library on social media: **https://www.facebook.com/byuhbll** and **Instagram @byu_hbll**.

# Jerusalem Center

# Jerusalem Center for Near Eastern Studies

The Brigham Young University Jerusalem Center for Near Eastern Studies is an educational and cultural center created for study in the Near East, emphasizing religion, the humanities, and the social sciences. The Jerusalem Center has three principal goals:

1. Provide students an opportunity to grow academically, culturally, socially, and especially spiritually, in a setting touched by the lives of apostles, prophets, and the Lord Jesus Christ.
2. Help students gain a greater understanding, appreciation, and respect for the peoples of the Holy Land and neighboring lands by studying cultural artifacts, traditions, and histories of the area.
3. Encourage students to enlarge and deepen testimony of the restoration of the gospel of Jesus Christ and come to understand the mission of the Savior better as they study, on site, His life and teachings and his dealings through ancient prophets and apostles.

To achieve these goals, the Jerusalem Center offers a core curriculum focused on the Old and New Testaments and on ancient and modern Near Eastern studies. Classroom study is integrated with a field trip program spanning the length and breadth of the Holy Land as well as travel to Jordan and to either Egypt or Greece. In addition, the Center provides introductory language study in Hebrew and Arabic.

The Jerusalem Center has marvelous physical facilities on Mount Scopus overlooking the oldest part of the city of Jerusalem. Classrooms, a library, a learning center, auditoriums, student and faculty apartments, a gymnasium and conditioning room, and a cafeteria provide a complete learning environment.

## Academic Program

**Calendar and Program Emphasis.** Three programs are offered during the calendar year, scheduled to approximate the Provo campus calendar: fall, winter, and spring-summer (four-month programs).

1. The semester programs are designed for students who are currently enrolled at one of the BYU institutions (BYU in Provo, BYU-Idaho, BYU-Hawaii) seeking their first undergraduate degree. Most of the courses offered are at the upper-division level. Students are encouraged to prepare themselves in advance for this exceptional experience by taking such courses as Poli 170, Geog 120, Hist 300, 302, Arab 101, Heb 101.
2. All programs include field trips within the Holy Land and to Jordan and to either Egypt or Greece.

**Curriculum.** The following subject areas are currently taught at the center:

1. Biblical Studies: Old Testament and New Testament
2. Ancient Near Eastern Studies
3. Modern Near Eastern Studies
4. Introductory course in either Hebrew or Arabic.

**Note:** Some courses taken at the Jerusalem Center for Near Eastern Studies may be applied toward degrees in Near Eastern Studies, International Relations, and other majors in the College of Family, Home, and Social Sciences. Students should contact their advisement centers concerning specific degree requirements.

# Limited Enrollment Programs

# Limited Enrollment Programs

Some university programs host only limited enrollments due to resource constraints. These programs are granted Limited Enrollment Program status, and generally require application for student admission to the program. The table below lists all Limited Enrollment Programs at the university, and summarizes the maximum number of student participants and their acceptance rates.

| **BUSINESS** | | | | | |
|---|---|---|---|---|---|
| | 2019-20 Admt'd % | 2020-21 Admt'd % | 2021-22 Admt'd % | Program Limit | Appl'n Deadlines |
| Accounting (BS) | 92% | 95% | 92% | 300 | June 30 |
| Business Management (BS) | 88% | 70% | 93% | 40 | June 30 |
| Entrepreneurial Management (BS) | 53% | 77% | 52% | 50 | June 30 |
| Experience Design and Management (BS) | 89% | 74% | 68% | 135 | June 30 |
| Finance (BS) | 52% | 83% | 91% | 210 | June 30 |
| Global Supply Chain Management (BS) | 48% | 66% | 60% | 120 | June 30 |
| Human Resource Management (BS) | 54% | 88% | 74% | 50 | June 30 |
| Information Systems (BS) | 74% | 84% | 96% | 230 | June 30 |

## Mission of BYU

The mission of Brigham Young University—founded, supported, and guided by The Church of Jesus Christ of Latter-day Saints—is to assist individuals in their quest for perfection and eternal life. That assistance should provide a period of intensive learning in a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued. All instruction, programs, and services at BYU, including a wide variety of extracurricular experiences, should make their own contribution toward the balanced development of the total person. Such a broadly prepared individual will not only be capable of meeting personal challenge and change but will also bring strength to others in the tasks of home and family life, social relationships, civic duty, and service to mankind. To succeed in this mission the university must provide an environment enlightened by living prophets and sustained by those moral virtues which characterize the life and teachings of the Son of God. In that environment these four major educational goals should prevail:

- All students at BYU should be taught the truths of the gospel of Jesus Christ. Any education is inadequate which does not emphasize that His is the only name given under heaven whereby mankind can be saved. Certainly all relationships within the BYU community should reflect devout love of God and a loving, genuine concern for the welfare of our neighbor.
- Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education. The arts, letters, and sciences provide the core of such an education, which will help students think clearly, communicate effectively, understand important ideas in their own cultural tradition as well as that of others, and establish clear standards of intellectual integrity.
- In addition to a strong general education, students should also receive instruction in the special fields of their choice. The university cannot provide programs in all possible areas of professional or vocational work, but in those it does provide the preparation must be excellent. Students who graduate from BYU should be capable of competing with the best in their fields.
- Scholarly research and creative endeavor among both faculty and students, including those in selected graduate programs of real consequence, are essential and will be encouraged.

In meeting these objectives BYU's faculty, staff, students, and administrators should also be anxious to make their service and scholarship available to The Church of Jesus Christ of Latter-day Saints in furthering its work worldwide. In an era of limited enrollments, BYU can continue to expand its influence both by encouraging programs that are central to the Church's purposes and by making its resources available to the Church when called upon to do so. We believe the earnest pursuit of this institutional mission can have a strong effect on the course of higher education and will greatly enlarge Brigham Young University's influence in a world we wish to improve.

—Approved by the BYU Board of Trustees
November 4, 1981

# University Core Explained

## The Pursuit of All Truth

The BYU Mission states: "Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education. The arts, letters, and sciences provide the core of such an education, which will help students think clearly, communicate effectively, understand important ideas in their own cultural tradition as well as that of others, and establish clear standards of intellectual integrity.

A bachelor's degree from Brigham Young University consists of the core (general education and religious education) and the major. The two complement each other and are ideally integrated throughout the student journey. The skills and knowledge derived from a robust liberal arts education equip students with competencies that provide versatility in employment and a foundation for life-long learning and service.

The hallmark of a BYU education is the integration of sacred and secular knowledge. While the *Aims of a BYU Education* states all disciplines should be "bathed in the light and color of the restored gospel," religion courses engage students in an ever deeper understanding of the gospel of Jesus Christ through close and meticulous study of the scriptures and teachings of the living prophets.

## Administration of the University Core

The university core is administered collaboratively by the deans of Undergraduate Education and Religious Education under the direction of the academic vice president. Religious Education is responsible for the Doctrinal Foundation and Religion Electives components and courses that meet those requirements; Undergraduate Education is responsible for the general education component. The success of the core depends on dedicated faculty from throughout the university. The Faculty General Education Council, chaired by the associate dean of Undergraduate Education, reviews and certifies all courses that meet general education requirements within the university core.

## Who Must Complete University Core Requirements?

All students who receive undergraduate degrees from BYU are required to complete the core requirements as outlined below. Exceptions to this policy are explained in the Graduation Requirements Policy.

## Description of the University Core

There are four categories in the university core: 1. Doctrinal Foundations, 2. The Individual and Society, 3. Skills, and 4. Arts, Letters, and Sciences.

Visit the "University Core" page in this catalog for an up-to-date list of approved courses.

## Doctrinal Foundation and Religion Electives

Religious Education offers courses in ancient and modern scripture, Church history and doctrine, and related subjects. Together these help students gain a deeper understanding of "the doctrines, the covenants, the ordinances, the standard works, and the history of the restored gospel" (*Aims*, "Intellectually Enlarging").

Because The Church of Jesus Christ of Latter-day Saints maintains that regular gospel study is a necessary part of the university experience, BYU provides religion courses so students may progress in their religious convictions and understanding concurrently with their educational progress in secular fields. As such, religion courses are not meant to be a mere devotional supplement but an integral part of the university curriculum that conforms to university standards and expectations.

## Cornerstones

The heart of the religion component is doctrinal foundation based on careful, informed, and reflective study of sacred scripture and doctrines of The Church of Jesus Christ of Latter-day Saints.

While enrolled at BYU, all students must complete the Four Cornerstones requirement as outlined in the chart below. Note that religion course requirements are different for transfer students. Since the religion requirement is determined by the number of transfer hours, it is important for each student to refer to their official personal progress report or consult with a university advisement center to determine their official status and corresponding religion requirement for graduation.

Students who are not members of the Church are strongly encouraged to enroll in Rel C 100, Introduction to the Church of Jesus Christ of Latter-day Saints, during their first semester in residence. This course is designed to be informational, introduce students to the culture, scriptures, and distinctive doctrines of The Church of Jesus Christ of Latter-day Saints, and to prepare them for subsequent religion classes.

## Religion Electives

In addition to fulfilling the Four Cornerstones requirement, all students are required to take a specified number of BYU religion course hours as outlined in the chart below. Fulfilling these hours can be accomplished by taking BYU Cornerstone courses and/or BYU religion elective courses intended to enrich the Cornerstone courses with rigorous study from a variety of religious topics dealing with ancient scripture and Church history and doctrine. **Religion courses taken from LDS institutes of religion (including stake institutes) or Church Educational System schools (BYU–Idaho or BYU–Hawaii) will not fulfill the required number of BYU residency religion hours to be taken by each student. Only religion hours taken at the Provo campus will fulfill this requirement, though they may be taken prior to admission as a degree-seeking student.**

Religion courses taken at the BYU Salt Lake Center and through the BYU Independent Study program are considered part of the BYU campus and will fulfill the required number of religion courses required of each student.

Because regular gospel study should be a continuous part of a student's university experience, it would be ideal to take one religion class each semester of enrollment. **To encourage this, no more than 4 hours of religion credit per semester (spring/summer counts as one semester) may be counted toward the required religion hours to be taken at BYU.**

No religion course numbered in the 500s and 600s may be applied toward undergraduate religion credit. Religion credit from non-LDS universities will not be counted toward fulfilling any part of the religion requirement.

</table>

# General Education Categories

## Individual and Society

The Individual and Society requirements inspire students to continue to learn and serve throughout their lives. Students actively learn to participate in solving the family, professional, religious, and social problems they will encounter after graduation. The Individual and Society category houses the area of Citizenship, which includes American Heritage and Global and Cultural Awareness.

American Heritage gives students an introduction to the political and economic foundations of the American democratic system and helps students appreciate the unique contribution of America to modern civilization. The Global and Cultural Awareness requirement ensures students develop an "informed awareness of the peoples, cultures, languages, and nations of the world." Students learn to understand important ideas in their own cultural tradition as well as others and are prepared to "go forth to serve."

## Skills

The ability to communicate effectively is deemed a crucial skill in our society. The following requirements are grouped in this category:

- First-Year Writing
- Advanced Written and Oral Communication
- Quantitative Reasoning
- Languages of Learning

First-Year Writing teaches methods of library research, text or rhetorical analysis, and writing skills in different genres and styles. Students will use and expand these skills in all succeeding years of university work. Once students identify an area for major study, the Advanced Written and Oral Communication requirement introduces them to the discourse and documentation style of their chosen discipline, prepares them to write and present in their professional fields, and teaches them to communicate their disciplinary knowledge to an external audience.

To function in a technological society, a basic knowledge of mathematics and problem solving is essential. Quantitative Reasoning requires all students to certify at a basic level of numeracy, either with an appropriately high score on the math section of the ACT or SAT exams or by the completion of a BYU course. Then, within the Languages of Learning requirement, students gain advanced symbolic language skills in mathematics, statistics, or a foreign language.

### Arts, Letters, and Sciences

The university's mission statement asserts that the "arts, letters, and sciences provide the core of [a broad university] education." These requirements build upon work in other categories of the core by developing "historical perspective" and "a lively appreciation of the artistic, literary, and intellectual achievements of human cultures." They also extend the student's understanding of "basic concepts of the . . . sciences," including "a recognition of the power and limitations of the scientific method" (*Aims,* "Intellectually Enlarging"). This category comprises a Civilization sequence, separate requirements in Arts and in Letters, and requirements in the Biological, Physical, and Social Sciences. The Civilization requirement provides a historical framework and a consideration of important works and themes. Through the Arts and Letters requirements, students deepen their appreciation of artistic and literary works and grow in their capacity to analyze, interpret, and draw justifiable implications from their reading and experience with the visual and performing arts.

The area of Scientific Principles and Reasoning contains three requirements: Biological Science, Physical Science, and Social Science. These requirements help develop an understanding of scientific reasoning and the scientific method and expose students to the excitement of discovery in these separate fields. Students will evaluate scientific data and make rational decisions on science-related issues that will affect their lives and community.

## Selection and Timing of GE Classes

Students fulfill each GE requirement by completing one course or a combination of courses chosen from the approved list found here. Single-course options are most often designed for students whose major is not closely related to the requirement. On the other hand, combination-of-course options are often designed for majors related to the requirement and may include courses a student might take to satisfy a major or minor requirement. Students should carefully consider which option best meets their educational needs, keeping in mind the aim of pursuing a lively interrelationship between the core and the major over the whole undergraduate experience.

Not all approved GE courses are appropriate for all students. For instance, some have prerequisites, some are upper-division classes, and some are designed primarily for specific majors. Students should avoid registering for courses for which they are not academically prepared and should consult with the class instructor or an advisor if they are unsure. College advisement centers are valuable resources when students have questions about course selection, timing, and planning.

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation by the Faculty GE Council. Such approval is not granted lightly and students should ensure the courses they select are, in fact, *approved* for GE credit. Courses not certified to satisfy the appropriate GE requirement will not count. This information is updated each year and published in the catalog. It is the responsibility of the student to verify that planned courses are certified to satisfy GE requirements.

Occasionally it is possible to complete more than one GE requirement with a single course. See the University Core for details; look especially at the Civilization 2 requirements for courses that double-count for Arts, Letters, or Global and Cultural Awareness. Many foreign languages double-count for Global and Cultural Awareness, a few for Letters; see Languages of Learning under Skills. Students are encouraged to use such "double-counting" sparingly—the more GE courses a student takes, the greater the breadth and value of the overall educational experience.

## First Year Students

Although the time to complete GE requirements varies according to the major, all new students are expected to complete the First-Year Writing requirement and take at least one course towards completing the American Heritage requirement during their first year. Students are also expected to take one religion course each semester and complete their schedule by adding other general education and major-related courses.

In addition, students who need to fill the Quantitative Reasoning requirement (ACT math subscore below 22) should do so in their first year. It is also recommended that all new students begin work in the mathematics or foreign language options under Languages of Learning.

Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Visit college advisement centers or department offices for advice on when to complete the other GE requirements.

## The University Core and the Honors Program

The Honors Program, open to all interested students, offers an array of enriched courses that simultaneously satisfy University Core and University Honors graduation requirements. These courses, offered under the HONRS designation, are designed to model different disciplinary approaches to Great Questions, explore interdisciplinary approaches, and consider ways in which "unexpected connections" can be found between disciplines, leading to a deeper understanding of the questions we seek to answer. See the Honors Program section of this catalog for detailed descriptions. Additional information may be obtained from the Honors Advisement Center, 102 MSRB, (801) 422-5497, or honors.byu.edu.

# Ways to Complete GE Requirements Other Than by Course Work

In addition to completing approved courses, students may satisfy individual GE requirements within the university core by (1) transferring acceptable credit from other academic institutions, (2) receiving credit from selected Advanced Placement (AP) and International Baccalaureate (IB) examinations, or (3) passing exemption or challenge examinations offered for some classes at the university.

**1. Transfer Credit.** The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-150 ASB, (801) 422-8522. Transfer Guides have been arranged with several junior and community colleges to facilitate the transfer process for students, including those who have completed certain associate degrees. See Transfer Evaluation website for a list of Transfer Guides. The Transfer Evaluation Office (in the Registrar's Office) can be contacted for up-to-date information regarding the status of agreements with other institutions not listed on their website.

**2. Advanced Placement and International Baccalaureate Credit.** The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to meet certain GE requirements and obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. See admissions.byu.edu/apib-classes for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

**Note: College Level Examination Program (CLEP).** BYU discontinued awarding credit for general exams in 2000. At this time BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standards.

**3. Exemption and Challenge Examinations.** Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available: the exemption exam and the challenge exam. An exemption exam is used exclusively to fulfill a general education requirement; no academic credit or letter grade is posted to the transcript. A challenge exam, on the other hand, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript if the student so chooses. A student may take an exemption or challenge exam for a single course only once during each semester or term. Students need not be enrolled in a course to take an exemption or challenge exam. However, some exams are given early enough each semester/term so students who are enrolled and pass the exam may withdraw from the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at the Testing Center.

# How Do You Get Help with Specific Questions Concerning General Education?

College advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Students can access a progress report through MyMAP. This report will generate a personalized list of GE requirements completed. (Log on to MyBYU; select "School" then "MyMAP"; under the "Tools" menu on the left side of the page, click on "My Progress Report." Students can also type "Plan" in the Quick URL box in the MyBYU home page which will take them to the MyMAP page.)

# The University Core

The current University Core details are found in the catalog, here.

# Fine Arts and Communications, College of Department

# Fine Arts and Communications

## College of Fine Arts and Communications

The College of Fine Arts and Communications houses the Departments of Art, Dance, Design, and Theatre and Media Arts, as well as the School of Communications and the School of Music. It also fosters lifelong learning and enriches the educational environment across campus through hundreds of performances and presentations by students and faculty each year as well as through the exhibits and collections of the Museum of Art. Beyond the borders of campus, our students undertake research projects, pursue internships, participate in experiential learning activities both domestically and internationally as well as study abroad programs across the globe, and our performing ensembles reach worldwide audiences through annual tours.

The curricula of the College of Fine Arts and Communications encourage students to aspire to the highest scholastic and artistic standards, following within their respective specialties the sacred injunction to seek, inquire, discern, and articulate knowledge. The college celebrates creative and scholarly work as an exploration of humanity and divinity.

Students in the college balance a strong liberal arts foundation with specialized, rigorous training in the methods, theories, histories, and practices of their chosen disciplines. Each of the programs within the college seeks to produce graduates whose creative and professional work contributes positively to society while benefiting the organizations for which they work and enriching the audiences they reach. By encouraging exceptional performance, presentation, and communication, graduates emerge as scholars and professionals within their disciplines and informed, creative voices within their communities.

- Communications
- Dance
- Design
- Music
- Theatre and Media Arts

# College Advisement Center

The College of Fine Arts and Communications Advisement Center recognizes the opportunity and responsibility to be actively involved in our students' educational journey. The advisement center is committed to not only establish an important, service-oriented connection with each student in a caring, friendly environment, but to also provide accurate and timely information to better prepare them for greater academic success.

Professional academic advisors are available to provide information regarding university policies and procedures, dates and deadlines, registration, faculty advisor referrals, major/minor application preparation, major/minor planning and progression, graduation qualification, as well as many other academic concerns. For more information and resources, visit cfacadvise.byu.edu.

# Interdisciplinary Degrees

Animation is an interdisciplinary degree offered by the Department of Design through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Design, and the Department of Computer Science.

Music Dance Theatre is an interdisciplinary degree offered by the Department of Theatre and Media Arts through the cooperative involvement of the School of Music, the Department of Theatre and Media Arts, and the Department of Dance.

# Enrollment in a Major Program

Enrollment in most degree programs in the College of Fine Arts and Communications is limited by the availability of resources such as facilities, equipment, and faculty; the number of students interested in pursuing those degrees exceeds the number that can be admitted. Students are asked to carefully study the requirements of the major program they desire to enter to determine if the program really fits his or her personal goals and educational objectives. Students should consult departmental websites for details about audition dates, portfolio submissions, or other requirements to be considered for admission into competitive programs. Make special note of audition dates, submission deadlines, etc.

The application process for each major has been structured to be as fair and impartial as possible. Enrollment limitations require those evaluating applications to make difficult decisions. Those who are not admitted into his or her desired program are encouraged to move quickly and decisively toward an alternative major program.

Applications for degree programs in the college are available online through each department's website. Prior to applying, students must complete all of the prerequisite courses and/or specific requirements stipulated in the application process. For further information, please contact the appropriate department or school directly. For contact information go to http://cfac.byu.edu.

## Scholarships and Awards

Performance awards are offered by each of the academic units within the college. Applications and information about auditions for performance awards can be obtained by contacting the appropriate department or school.

Applications for general academic scholarships can be obtained online here or at the Scholarship Office. For information about graduate scholarships, fellowships, and grants-in-aid, see the Graduate Studies website.

FACULTY

# Admission to Degree Program

The degree programs in the school carry special enrollment limitations. Please see the BYU Marriott School of Business Undergraduate Advisement Center for specific details.

# The Discipline

Accounting has been called the language of business—accountants control, analyze, and report the financial resources of an enterprise. A good understanding of accounting principles and practices can serve as the basis for a career in any business field.

# Career Opportunities

Accountants provide critical input and guidance in profit-seeking organizations, service and charitable organizations, educational institutions, government, public accounting firms—indeed, any organization that exists today.

# Undergraduate Application Information

The application and admission policies are available at https://marriottschool.byu.edu/apply/bsacc.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

# Admission to Degree Program

Some degree programs in the Department of Nutrition, Dietetics, and Food Science carry special enrollment limitations. Please see the department for specific details.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**284304 - Nutritional Science (Minor)**
**284325 - Nutritional Science (BS)**
**284320 - Food Science (BS)**
**284328 - Dietetics (BS) ***

## Courses

**NDFS 100 - Essentials of Human Nutrition**
**NDFS 150 - Foods: Choices, Issues, and Trends**
**NDFS 175 - Introduction to Food Science**
**NDFS 191 - Careers in Food Science**
**NDFS 194 - Nutrition Research Fundamentals**
**NDFS 200 - Nutrient Metabolism**
**NDFS 201 - Society, Nutrition, and Chronic Disease**
**NDFS 237 - Introduction to Culinary Arts**
**NDFS 250 - Essentials of Food Science**
**NDFS 251 - Essentials of Food Science Laboratory**
**NDFS 290 - Introduction to Dietetics**
**NDFS 292R - Fieldwork in Dietetics**
**NDFS 300 - Medical Nutrition Therapy 1**
**NDFS 305 - Nutritional Implications of Disease**
**NDFS 310 - Nutrition and Metabolism in Sports and Exercise**
**NDFS 333 - Nutrition and Genes**
**NDFS 350 - Food Analysis**
**NDFS 355 - Food Process Engineering**

# Admission to Degree Program

All degree programs in the Department of Microbiology and Molecular Biology are open enrollment, except Medical Laboratory Science which requires an application. For questions about these programs contact the MMBIO Academic Advisor, 4010 LSB, 801-422-4293.

# The Discipline

The Microbiology and Molecular Biology Department offers degrees in microbiology, molecular biology, and medical laboratory science. A wide range of courses may be incorporated into a program of study, including ecology, genetics, immunology, microbial physiology, molecular biology, molecular evolution, parasitology, and pathogenesis.

# Career Opportunities

Graduates are employed in a wide variety of positions in industry, hospitals, government agencies, and universities. Majors from this department are an excellent preprofessional course of study for those interested in medicine, dentistry, law, or business.

The following courses are recommended for those students interested in graduate and professional programs:

Chem 351, 352, 353, 481.
Math 112 and 113.
Phscs 105, 106, 107, 108.
Stat 121.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

The neuroscience undergraduate program is an interdisciplinary program that allows students to seek advisement at Liberal Arts Advisement and Careers or the College of Life Sciences Student Services Office.

# Admission to Degree Program

The degree program in the Neuroscience Center is an open enrollment program.

# The Discipline

Neuroscience is the field of study that encompasses the development, structure, and function of the central nervous system and its connection to influencing/regulating behavior. The study of neuroscience examines topics such as neuroanatomy, physiology of nervous system, cells and circuits, molecular neuroscience, biochemistry, genetics, neuropharmacology, neuroimaging, systems and behavioral neuroscience, developmental neuroscience, social neuroscience, cognition, bioengineering, computational neuroscience, and neural dysfunction and disease. The interdisciplinary nature of neuroscience requires the tools provided by experience and training in biology, genetics, physiology, molecular biology, chemistry (general, organic, and biochemistry), physics, engineering, psychology (behavior, memory, cognition, sensation, and perception), statistics, calculus, and research design and analysis.

# Career Opportunities

A major in neuroscience prepares students to pursue advanced degrees in neuroscience or biological and non-biological fields related to

neuroscience or to enter into the pharmaceutical and biotechnology workforce. Neuroscience provides outstanding preparation for students seeking admittance into graduate school or professional programs in medicine, dentistry, optometry, podiatry, chiropractic, or pharmacy or preprofessional field of study for those interested in health professions, law, or business. Graduates of the program also have the academic skills for careers in business, consulting, global health, government and policy, non-profit programs, research and writing and publishing.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Marketing

## The Discipline

Marketing utilizes analytics, creativity, and strategic thinking to create value for a company's targeted customers. Students in the marketing major are trained to identify and understand customers' needs and wants and then to satisfy that market demand by designing and selling products and services. Students further learn how to build customer loyalty through strategic innovations, product experiences, promotion, pricing, and distribution. In short, marketing is the study of how companies do business.

## What are Marketers' Roles?

Marketers create value for a company's customers. They oversee the process of segmentation, targeting, and positioning while integrating decisions about product, promotion, pricing, and placement or distribution.

Marketers work in product/brand management, marketing analytics, social media and digital marketing, business-to-business marketing, retail marketing, and professional selling.

Marketers help people and companies make better decisions through data-driven insights. Marketers learn how to build models of consumer behavior, drive market research to impact sales and new product development, visually represent data, conduct and analyze experiments, and mine the web for insights.

Additionally, graduates can utilize their creative side in marketing, including learning how to create advertising strategy; understand consumer behavior; generate visual and multi-sensory appeals; present, sell, and communicate professionally; and brainstorm new opportunities for products and services.

# Global Supply Chain

## The Discipline

Supply chain professionals manage the process of getting products and services from where they are produced to where they are needed in the best, most efficient way possible. In today's global economy, companies compete with their supply chain. Supply chain professionals optimize the supply chain in order to keep costs low, maintain quality, and keep customers satisfied.

## What can Global Supply Chain Management graduates do?

Because of the strong reputation of the BYU Marriott GSCM program, national and international firms aggressively recruit supply chain students for internships and full-time positions. These positions include supply chain analytics, consulting, distribution operations, logistics operations, purchasing/procurement and manufacturing, inventory management and forecasting, sales, technology operations, and general supply chain management.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student

# Admission to Degree Program

Students must be accepted by the Department of Aerospace Studies into the program  in order to claim the aerospace studies minor. Freshman and sophomore level classes are open to all students who are U.S. citizens.

# The Discipline

The Air Force Reserve Officer Training Corps (AFROTC) is an educational program designed to provide students the opportunity to become Air Force officers while completing requirements for an undergraduate or graduate degree. Four-year and three-year programs are available for both men and women.

# Career Opportunities

Officer in the United States Air Force.

# General Information

**Textbooks, Uniforms, and Allowance.** All textbooks, uniforms, and uniform accessories are furnished by the Air Force, in addition to the tax-free allowance of $300 to $500 per month.

**Air Force ROTC Scholarship Program.** All current scholarship information can be found at http://afrotc.com/scholarships/types/.

**Field Training.** All cadets must attend a field training camp in order to enter the Professional Office Corps (last two years). Cadets in the full four-year program will attend field training after the completion of their second (AS 200) year. Cadets who begin the program with less than four years remaining before graduation will attend field training after their first year in the program.

This training gives an increased understanding of the Air Force mission, and operations to include expeditionary (deployed) operations. Cadets receive practical experience in leadership and management while residing on an Air Force base. Additionally, cadets are provided hands-on training in combatives, weapons qualifications, and contingency operations. Medical care, housing, food, and uniforms, as well as transportation to and from the training base, are provided.

**Extracurricular Activities.** Each Air Force ROTC student will be able to participate in a variety of extracurricular activities, including the Arnold Air Society, the color guard, and the rifle drill team. Selected cadets may also participate in summer programs such as the career-field shadow program.

**LDS Missions.** Students who are accepted into the program and who desire to serve a Church mission must consult with department staff. Scholarship students may have their scholarship deferred while they fulfill a mission.

**Fifth-Year Cadets.** Four-year program students in Air Force ROTC who are in a five-year university program are allowed a year of completed status after their senior AFROTC courses. Out-of-phase students and those who will be student teaching should consult with the department chair.

**Discipline.** Training in the cadet corps is formulated and administered by the student officers with oversight from active duty officers. Air Force ROTC students are civilians and are not subject to military law.

**Veterans.** A veteran seeking a commission through Air Force ROTC may have part or all of the freshman and sophomore program waived. Allowances are paid in addition to G.I. Bill benefits.

# Program Requirements

## Four-Year Program

The more popular and preferred program is the traditional four-year program. Interested freshmen register for aerospace studies in the fall semester, enrolling in aerospace studies courses in the same manner as other college courses. There is *no military obligation* for the first two years of Air Force ROTC unless on an Air Force ROTC scholarship. During this time students learn more about the Air Force and the historical development of air power. After completing the first two years, known as the General Military Course (GMC), students may *compete* for entry into the last two years, the Professional Officer Course (POC). If accepted, students will attend a four-week summer field training encampment between their sophomore and junior years before entering the POC. Cadets in the POC study leadership, management, and national defense policy while receiving a nontaxable subsistence allowance for juniors and seniors each month.

## Three-Year Program

Students entering the program as sophomores can "dual enroll" in both the Aeros 100 and 200 academics simultaneously. If accepted, students will attend a four-week field training the next summer.

## Qualifications

1. Be a United States citizen.
2. Be a full-time student.
3. Be eighteen years of age, or seventeen years of age with parent's or legal guardian's consent.
4. Be physically qualified.
5. Be of good moral character.
6. Be in good academic standing.
7. Be interviewed and selected by a board of Air Force officers.
8. Complete all commissioning requirements as follows:
    - Pilot or navigator candidate: Complete before age twenty-nine so as to enter undergraduate pilot/navigator training before age thirty.
    - Scholarship recipient: Complete before age thirty-one in eligible year of commissioning.
    - Nonscholarship recipient: Complete before age thirty-five.
    - Successfully pass the Air Force Officer Qualifying Test.

BYU

## Required Courses

1. General Military Courses: complete the following:
    - Aeros 100, 101, 110, 111, 200, 201, 210, 211.
2. Professional Officer Courses: complete the following:
    - Aeros 300, 301, 310, 311, 400R, 401R, 410, 411.

## Admission to Degree Program

Students must be accepted by the Department of Military Science into the program in order to claim the military science minor. Freshman and sophomore level classes are open to all students who are U.S. citizens.

## The Discipline

The Army Reserve Officer Training Corps (ROTC) Leadership Excellence Program is designed to produce highly qualified commissioned officers in the U.S. Regular Army, the U.S. Army Reserve, or the U.S. Army National Guard. Students specialize in the major field of their choice and graduate with the ability to function as a junior executive.

## Career Opportunities

Officer in the U.S. Army in the career fields of:

Adjutant General's Corps (Human Resource Administration)
Air Defense Artillery
Armor
Aviation
Chemical Corps
Engineers
Field Artillery
Finance Corps
Infantry
Judge Advocate General's Corps (Legal)
Medical Corps (dentists, doctors, veterinarians)
Medical Service Corps (health care administrators)
Military Intelligence
Military Police (Law Enforcement)
Nurse Corps
Ordnance Corps (Logistics)
Quartermaster Corps (Logistics)
Signal Corps (Information Technology)
Transportation Corps (Logistics)

## General Information

**Textbooks, Uniforms, and Allowances.** All textbooks, uniforms, and training materials are furnished by the U.S. Army. Those in the advanced course receive a $450 to $500 monthly allowance and approximately $900 for participation in Cadet Summer Training for four weeks during the summer between the junior and senior year.

**Army ROTC Scholarship Program.** Scholarships are available on a competitive basis. High school seniors may qualify for a four-year scholarship. College students may also qualify for a four-, three-, or two-year scholarship. The scholarship provides for tuition and fees or room and board, a textbook allowance, and from $300 to $500 per month (up to ten months per year) for the period of the scholarship. Students who qualify must complete their degree program prior to their thirty-first birthday. Contact the Military Science Department for application procedures and specifics.

**SMP Program** (Simultaneous Membership Program). Students already members of the Army Reserve or National Guard may concurrently participate in ROTC and qualify for additional pay and benefits, including tuition assistance.

**Extracurricular Activities.** Army ROTC cadets extend academic and laboratory associations into a variety of extracurricular ROTC activities. Among these are the Ranger Challenge team, Army Color Guard, Cannon Crew, marksmanship team, annual Military Ball, and many school service projects performed by the corps of cadets.

**LDS Missions.** Students, including scholarship recipients, who wish to serve a two-year LDS mission can do so most conveniently right out of high school or after their freshman year. This allows students to be on campus during the spring of their sophomore year to facilitate their selection for the advanced course. Interruptions of the program at other times for a mission may be arranged by obtaining individual approval from the professor of military science.

**Leadership Laboratory.** Each course requires a corresponding leadership lab, which meets on Thursday afternoons for three hours. The labs require physical activity, including: land navigation, mountaineering, rope bridging, marksmanship, and tactical training. Students are also expected to attend physical fitness training three times a week and one field training exercise per semester.

**Program of Instruction.** The ROTC Leadership Excellence Program is designed to produce commissioned officers for the United States Army. It has been described as the best leadership program in the nation. Training is experiential and demands that students practice leadership skills while completing their baccalaureate degree in their chosen course of study. Ultimately, students become qualified to serve as commissioned officers in the Regular Army, National Guard, or Army Reserve. Upon graduation and follow-on training, these officers immediately become the leaders of soldiers deployed abroad or at home in defense of the United States and her values. After graduation, it is possible for Reserve or Guard officers to fulfill their military obligation and pursue a civilian career simultaneously. Following the completion of service, BYU ROTC graduates become effective leaders in their community, business, and church endeavors and are actively recruited for Fortune 500 companies.

# Program Requirements

Scholarship students and students wishing to participate in the advance course must pass the Army Physical Fitness Test with a score of 60 points in each event. See an Army ROTC faculty member for more information.

**Two-year program:** Qualified veterans or students who complete CIET may qualify to enter the advanced course. Applicants for this two-year program may be upper-division or graduate students, provided a minimum of four semesters remain at BYU at the time of entry into the program. Students must complete a physical examination and other associated requirements.

1. The traditional Army ROTC Leadership Excellence Program extends over a four-year period compatible with normal progression through four years of college. It consists of two phases: a two-year basic course during the freshman and sophomore years and an advanced course designed for completion during the junior and senior years. Also included is a five-week Leadership Development and Assessment Course normally attended in the summer before the senior year. Students may receive academic credit for the first two years of ROTC by attending the month-long Cadet Initial Entry Training, (CIET) during the summer before the start of the advanced course. Basic course students are required to complete eligibility paperwork during the first two weeks of class.
2. Non-scholarship freshman and sophomore students incur no military obligation. Upon entering the advanced course, students agree to serve in the U.S. Army, they then begin to receive the monthly $450 to $500 subsistence allowance.
3. Non-U.S. citizens may participate in the basic course provided they obtain approval from their consulate and the BYU international student division and their travel documents are in order. International students apply for enrollment on a case-by-case basis but cannot participate in the advanced course unless they are pending citizenship. They may not be commissioned as officers until they are U.S. citizens.
4. To receive a commission as a second lieutenant in the U.S. Army, students must earn a baccalaureate degree and complete the advanced course. Those who are in a five-year academic program, such as engineering, may complete their Army ROTC courses at any point before graduation.
5. Upon commissioning, the new second lieutenant incurs an obligation to the U.S. Army, which may be filled by serving on Active Duty, in the U.S. Army Reserve, National Guard, Individual Ready Reserve (IRR), or various combinations of the above.
6. The basic courses comprise the following:
   Mil S 120, 121, 220, 221.
7. The advanced courses comprise the following:
   Mil S 320, 321, 420, 421.
8. Professional Military Education (PME): Before being commissioned, each cadet must complete one of the following military history courses during their course of study at BYU:
   Hist 220, 221, 293, 371, 372, 373, 374, 376, 391.
9. All contracted cadets are required to enroll in STAC 143R section 1 each semester or Mil S 425R for the physical training requirement.

**Note:** Courses not specified above may satisfy the requirement but only if approved by the professor of military science prior to enrollment.

# Programs

**894420 - Military Science (Minor)**

# Courses

**MIL S 120 - Leadership and Personal Development**
**MIL S 121 - Introduction to Tactical Leadership**
**MIL S 143R - Physical Training - Army ROTC**
**MIL S 220 - Innovative Team Leadership**
**MIL S 221 - Foundations of Tactical Leadership**
**MIL S 320 - Adaptive Team Leadership**
**MIL S 321 - Leadership in Changing Environments**
**MIL S 325R - Staff Organization and Operations**
**MIL S 420 - Developing Adaptive Leaders**
**MIL S 421 - Leadership in a Complex World**

# Admission to Degree Program

Students must apply to the Counseling Psychology and Special Education Department for admission to the Special Education undergraduate degree. Information can be found online at education.byu.edu/cpse/bs and applicants can apply online at educator.byu.edu. See additional information below.

# General Information

**Admission to BS Programs**

Among other factors, the application review process involves consideration of the following:

- Earn a minimum 3.0 total high school or college GPA (whichever is most recent)
- Complete and pass a BCA/FBI fingerprint background check (Contact Education Advisement Center for instructions)
- Complete the Technology Skills Assessment (TSA)
- Meet the Educator Preparation Program (EPP) requirements

- Complete the following prerequisites with a C grade or above:
  - Mild/Moderate Disabilities Emphasis:
    - CPSE 203, CPSE 410, CPSE 480, MthEd 305, MthEd 306
  - Severe Disabilities Emphasis:
    - CPSE 203, CPSE 410, CPSE 480, MthEd 305, MthEd 306
- Successfully pass one of the following basic skills tests (minimum scores listed):
  - ACT
    - 17 Reading
    - 17 Math
    - 5 Writing
  - SAT
    - 435 EBRW
    - 426 Math
    - 4 Essay
  - PRAXIS Core for Educators
    - 134 Reading (subtest #5713)
    - 130 Math (subtest #5733)
    - 132 Writing (subtest #5723)

## Additional Licensing Requirements

As well as state requirements, teacher candidates must complete the following before they can be recommended for graduation and Utah licensure:

- Pass the approved end of program Mild/Moderate or Severe Praxis test
- Forward test scores to BYU (Contact Education Advisement Center for instructions)
- Maintain fingerprint background clearance

To confirm their graduation status, teacher candidates should contact Education Advisement Center.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

354221 - Special Education: Mild/Moderate Disabilities (BS) *

354222 - Special Education: Severe Disabilities (BS) *

## Courses

CPSE 203 - Introduction to Special Education
CPSE 300 - Exceptional Students: Principles of Collaboration
CPSE 401R - Practicum in Educational Partnerships
CPSE 402 - Educating Students with Disabilities in Secondary Classrooms
CPSE 410 - Applied Behavior Analysis in Education
CPSE 420 - Assessment and Evaluation of Students with Exceptional Needs
CPSE 425 - Teaching Reading/Language Arts to Elementary Students with Disabilities
CPSE 430 - Teaching Reading/Language Arts to Secondary Students with Disabilities
CPSE 440 - Transition planning and services for secondary students with disabilities
CPSE 442 - Social and Behavioral Strategies for Students with Mild/Moderate Disabilities
CPSE 443 - Social and Behavioral Strategies for Students with Severe Disabilities.
CPSE 446 - Mentored Field Experience: Teaching Students with Mild/Moderate Disabilities - Secondary
CPSE 447 - Mentored Field Experience: Teaching Students with Severe Disabilities-Secondary
CPSE 452 - Effective Teaching Strategies for Students with Mild/Moderate Disabilities
CPSE 453 - Curriculum and Instruction: Severe Disabilities
CPSE 460 - Collaborating with School and Family
CPSE 462 - Teaching Math to Students with Disabilities
CPSE 463 - Assistive Technology for Students with Disabilities
CPSE 466 - Mentored Field Experience: Teaching Students with Mild/Moderate Disabilities - Elementary
CPSE 467 - Mentored Field Experience: Teaching Students with Severe Disabilities- Elementary
CPSE 470 - Legal Issues Influencing Collaboration in Special Education
CPSE 480 - Educational and Multicultural Issues in Special Education
CPSE 486R - Student Teaching: Students with Mild/Moderate Disabilities
CPSE 487R - Student Teaching: Students with Severe Disabilities
CPSE 490 - Capstone Seminar: Students With Disabilities
CPSE 493R - Readings
CPSE 496R - Academic Internship: Special Education
CPSE 580R - Directed Observation in the Schools
CPSE 589R - Gifted and Talented Practicum
CPSE 589R - Effective Teaching
CPSE 589R - Classroom Behavior Management.
CPSE 589R - Curriculum
CPSE 589R - Gifted and Talented: Creative Thinking Strategies
CPSE 589R - Assessing Learning and Behavior
CPSE 589R - Learning, Development & Individual Learning Differences in Gifted Education
CPSE 589R - Assessment in Gifted Education
CPSE 589R - Learning Environments for Gifted Students
CPSE 589R - Current Topics in Special Education
CPSE 589R - Evaluating Student Learning
CPSE 589R - Gifted and Talented: Social and Emotional Needs of the Gifted Student
CPSE 589R - Curriculum and Instructional Planning in Gifted Education

# Admission to Degree Program

This is a limited-enrollment program requiring departmental approval for admission. Please see the information below regarding requirements for admission to this major. Additional information is available on the department's website: http://education.byu.edu/comd.

# The Discipline

The discipline of communication disorders contains two related fields, speech-language pathology and audiology. The field of speech-language pathology is focused on helping individuals develop their communication abilities or regain lost communication skills through rehabilitation services. The field serves persons with speech and language disorders such as stuttering, articulation problems, aphasia, voice disorders, language delay, and similar communication difficulties. Students develop a knowledge base about speech and language development, the anatomy and physiology of the speech mechanism, the neurology of perception and production of speech and language, the disorders that cause speech and language problems, and the intervention and remediation strategies for treating communication disorders. Professionals often work in public schools, hospitals, private or community clinics, or private practice.

Audiology is a profession that deals with the measurement of hearing and hearing impairment. Audiology includes the study of the nervous system and how we process auditory information, the testing and analysis of disorders of the auditory system, the use of hearing aids, cochlear implants, and other assistive listening devices to enhance hearing capabilities in individuals with hearing loss or other disorders of the auditory system. Professionals typically work with hearing aid manufacturers, in public schools, hospitals, private or community clinics, or in private practice.

# Career Opportunities

This is a preprofessional program leading to a graduate degree that is required for entrance into the professions. Students graduating with a bachelor's degree in communication disorders may be able to find opportunities to work as speech-language pathology assistants or audiology assistants.

# Program Acceptance Requirements

Students must be accepted into the Communication Disorders (ComD) major before they may take 300- or 400-level courses in the department. To apply, students must have completed the following four courses:

1. STAT 121
2. CELL 220
3. COMD 133
4. PHSCS 167

Acceptance to the program is based on the grade point average (GPA) from these three courses and short essay prompts. The minimum GPA required for admission to the program is determined by number of students admitted to the program (currently 100 per year), and the minimum GPA will thus vary from year to year. Both the number of students admitted and the minimum GPA required for admission are subject to change. GPA data on previous years are available on the department website.

A "pass" in an AP Stat course does not yield the letter grade which is required for evaluation of the application to the ComD major. A challenge examination from the Department of Statistics can provide the needed letter grade. The student should contact the Department of Statistics (2152 WVB) for specific information.

Only one repeat of each course is allowed for purposes of determining acceptance to the major. The application deadlines are April 15 and October 15. Application are now submitted online, found on the department's web site at http://education.byu.edu/comd/bs in the 'How to Apply' section.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# The Discipline

Chemical engineering is the application of chemistry, biology, physics, mathematics, computer skills, and economics to designing, developing, and implementing chemical processes that convert raw materials into more useful, valuable products. Engineering skills are required for design, testing, scale-up, operation, control, and optimization. Applications range in size from the molecular level to large chemical production facilities with objectives ranging from economic performance to protection of the environment and the safety of workers and consumers. Chemical engineers are engaged in developing and producing a diverse range of products from raw materials to commodity and specialty chemicals. These products include high-performance materials needed for aerospace, automotive, biomedical, electronic, environmental, and military applications. Chemical engineers work in a variety of industries, including chemical manufacturing, energy, biotechnology, electronics, food, clothing, paper, health care, and business services.

# Educational Objectives

The Chemical Engineering Department's **Program Educational Objectives** refer to what graduates are expected to attain within *a few years after* graduation. These graduates will:

1. Exhibit enduring faith in Jesus Christ and His teachings through meaningful service to family, church, and community
2. Have vision, high impact, and positive influence in their chosen profession and responsibilities
3. Be excellent leaders, colleagues, and learners who respect and appreciate others, their viewpoints, and their contributions
4. Apply critical thinking and scientific and engineering principles in innovative and safe ways to meet the difficult challenges of society

The achievement of these Program Educational Objectives is supported through attainment of the following **Student Outcomes** which are what students are expected to know and be able to do *by the time of* graduation.

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. An ability to communicate effectively with a range of audiences
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Chemical Engineering is accredited by the Engineering Accreditation Commission of ABET, http://abet.org.

# Career Opportunities

The combination of knowledge about process engineering, math, and chemistry obtained in the chemical engineering curriculum is a versatile preparation that opens a wide variety of opportunities to graduates. This versatility is one reason why chemical engineers have traditionally been among the highest paid professionals in the engineering and science disciplines.

Chemical engineers make a significant difference in the quality of life. Some develop clean, new energy sources to power society. Some develop and produce fertilizers and other agricultural chemicals to feed mankind. Virtually all pharmaceuticals are produced by chemical engineers to enhance the life of millions. Others study and produce biomedical devices and artificial organs. Still others are involved in development and production of new materials for use in new high-tech products.

Chemical engineers produce chemicals ranging in use from cleaning products to medicines and from man-made fibers for clothing and textiles to plastics for construction and consumer goods. Another large employer of chemical engineers is the semiconductor industry. In work that involves significant knowledge of chemistry and related processes, chemical engineers assist in the design and manufacture of semiconductor chips and circuit boards. The petroleum industry also employs chemical engineers, requiring their expertise for the discovery, production, and refining of petro-chemicals, including fuels, chemicals, and oils.

Many chemical engineers are employed in environmentally related positions, working on ways to improve air and water quality, to reduce acid rain and smog, and to recycle and reduce waste. Additionally, chemical engineers are employed by universities as teachers and researchers and by government agencies to provide answers for energy, environmental, and defense concerns. Chemical engineers also train to work in the medical, business, and legal professions.

Though chemical engineering career opportunities are diverse, job functions can be categorized more easily. Chemical engineers are usually involved in research, design, development, production, technical sales, or management.

In research, they develop new ideas, new products, and new ways to produce existing products more economically and with less environmental impact.

In design, they create the processes that convert raw materials into finished products with emphasis on efficiency, safety, consumer needs, and environmental protection.

The development engineer improves existing processes and technology to better meet changing needs.

Production engineering involves supervision, quality control, and testing of production processes and operations.

Management and technical sales involve decision making with regard to consumer needs and technical capabilities.

Chemical engineers are creative problem solvers. Their careers are rewarding not only from an intellectual and financial view, but also from a personal perspective. Affecting the lives of millions, their solutions provide a better lifestyle for mankind.

# General Information

The Chemical Engineering Department offers a professional program leading to the bachelor of science degree.

Any student who is admitted to the university may choose this program as a possible major. All students are urged to declare their intention to major in the department upon first entry to the university or as soon thereafter as possible by contacting the department advisor (330A) or by declaring online in MyMap. The Chemical Engineering Department requires the student to meet with their department advisor upon completion of Ch En 273 and Math 302 or equivalent.

**Transfer Students.** Provisions have been made so that a qualified student transferring from a junior college or from another university, college, or department, who has completed the equivalent of the first two years of the academic program, can complete the BS degree requirements in another two years. Contact the department at the earliest date possible so that any variations can be accommodated with minimum loss of time.

**Integrated Master's Program.** At the end of the sophomore year or during the junior year, qualified students desiring a master's degree in chemical engineering may elect to enter the integrated master's program. The purpose of this program is to afford greater flexibility in scheduling course work than is normally available through the traditional BS degree followed by MS degree program. In this program students may work toward both the bachelor's and master's degrees simultaneously, either receiving the BS degree before or at the same time as the MS degree. At the end of the sophomore year students must have a cumulative GPA of 3.5 or more. All credit to be counted toward the master's degree must carry a cumulative GPA of 3.0 or better.

Before completing the final 30 hours of undergraduate course work, students should submit a formal application for admission to the Office of Graduate Studies. Additional details may be obtained from the college advisement center.

**Professional Registration.** The Chemical Engineering Department encourages graduates to become registered professional engineers. General qualifications for becoming registered are explained in the Ira A. Fulton College of Engineering section of this catalog. Some states require this status for consulting and practice in the private sector. Successful completion of the basic chemical engineering program prepares graduates to pass the Fundamentals of Engineering (FE) examination. Students who wish to become registered as professional engineers are also advised to talk to their advisor about developing their own professional engineering option, which may include additional FE preparation courses.

**Professional Program Admission Policy.** Admission to the professional program is available to all students in good academic standing with the university who have (a) passed the prerequisite courses for the first-semester professional courses, namely Ch En 273 and Math 302, and (b) submitted to the department an Application for the Chemical Engineering Professional Program.

The Application for the Chemical Engineering Professional Program requires the student to meet with their department faculty advisor for direction and counseling with regard to performance in the preprofessional program courses and successful completion of the professional program.

**Academic Standards Policy.** To help students 1) identify if chemical engineering is a good academic fit, 2) successfully complete the chemical engineering program, and 3) become technically competent engineers capable of performing professional duties in the field, the department has set the **academic standards** enumerated below. For this policy, *major courses* are defined as those used to fulfill the Program Requirements listed for a BS in Chemical Engineering in the Undergraduate Catalog and are found under subheadings *preprofessional*, *professional*, *supporting*, and *technical electives*. Since all grades earned for a course (original and retakes) are retained in university records and GPA calculations, only the most recent grades for retaken courses are considered for purposes of this policy. Also, this policy only applies to those courses used to fulfill graduation requirements.

1. To ensure proper preparation for and successful completion of the chemical engineering program, students must meet the following criteria to register for any upper-division professional courses (i.e. Ch En courses 300 level and above),
    - Have no more than 4 total hours of less than C- credit in any *preprofessional* or *supporting* course(s) satisfying program requirements, only 3 of which can be from chemical engineering courses.
    - Pass Ch En 273 with a C- or above.

2. To help correct technical weaknesses as soon as they are identified, a student who accumulates grades below C- in excess of 6 hours in any course(s) satisfying major requirements (*preprofessional*, *professional*, *supporting*, and *technical electives*) may not take further chemical engineering courses until the unacceptable credits have been reduced to 6 hours or less.
3. To demonstrate that graduates from the chemical engineering department are technically competent to perform professional duties in the field, a student may not graduate with more than 4 total hours below C- in any course(s) satisfying major requirements (*preprofessional*, *professional*, *supporting*, and *technical electives*), only 3 of which can be from chemical engineering.
4. A professional program course may not be retaken more than once.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**392150 - Chemical Engineering (BS)**

## Courses

**378 - Science of Engineering Materials**
**CH EN 191 - Global Impact of Chemical Engineers**
**CH EN 263 - Computational Tools for Chemical Engineers**
**CH EN 285 - Chemical Process and Fluids Lab**
**CH EN 311 - Chemical Engineering and Society-Health, Safety, and the Environment**
**CH EN 351 - Fundamentals of Biomedical Engineering**
**CH EN 374 - Fluid Mechanics**
**CH EN 385 - Thermodynamics and Transport Lab**
**CH EN 391 - Career Skills 2**
**CH EN 410 - Principles of Petroleum Engineering**
**CH EN 426 - Machine Learning for Engineers**
**CH EN 436 - Process Control and Dynamics**
**CH EN 451 - Chemical Engineering Plant Design and Process Synthesis**
**CH EN 475 - Unit Operations Laboratory 1**
**CH EN 477 - Unit Operations Laboratory 2**
**CH EN 481 - Introduction to Semiconductor Processing**
**CH EN 493R - Special Topics--Undergraduate**
**CH EN 496 - Academic Internship Thesis**
**CH EN 499 - Mentored Research and Thesis**
**CH EN 513 - Molecular Modeling**
**CH EN 519 - Biochemical Engineering**
**CH EN 528 - Industrial Catalytic Processes**
**CH EN 533 - Transport Phenomena**
**CH EN 536 - Machine Learning and Dynamic Optimization**
**CH EN 170 - Introduction to Chemical Engineering**
**CH EN 199R - Academic Internship**
**CH EN 273 - Chemical Process Principles**
**CH EN 291 - Career Skills 1**
**CH EN 345 - Materials and Reactions Lab**
**CH EN 373 - Chemical Engineering Thermodynamics.**
**CH EN 376 - Heat and Mass Transfer**
**CH EN 386 - Chemical Reaction Engineering**
**CH EN 400 - Creative Skills in Chemical Engineering**
**CH EN 412 - Introductory Nuclear Engineering**
**CH EN 433 - Energy Engineering**
**CH EN 445 - Separations and Process Control Lab**
**CH EN 461 - Chemical Engineering Problem Solving through Experiential Learning**
**CH EN 476 - Separations**
**CH EN 479 - Unit Operations Laboratory**
**CH EN 491 - Networking for Career Advancement**
**CH EN 495R - Global Engineering Outreach Projects**
**CH EN 498R - Undergraduate Research**
**CH EN 512 - Nuclear Reactor Transient Modeling**
**CH EN 518 - Biomedical Engineering Principles**
**CH EN 522 - Combustion Processes**
**CH EN 531 - Thermodynamics of Multicomponent Systems**
**CH EN 535 - Kinetics and Catalysis**
**CH EN 541 - Numerical Methods for Engineers**

CH EN 578 - Polymer Science and Engineering

CH EN 593R - Special Topics - Intermediate

FACULTY

# Admission to Degree Program

The degree programs in the Department of Civil and Construction Engineering are open enrollment.

# The Discipline

The BYU Department of Civil and Construction Engineering prepares students for highly rewarding careers in the fields of engineering and management within the built environment. Students are prepared to make an impact through professional involvement in a chosen emphasis of civil engineering or focus on management through the construction or facilities and property management programs.

Students preparing for involvement in a civil engineering discipline prepare to sit for the Fundamentals of Engineering exam upon graduation and begin their work to become a Professional Engineer in one of the follow disciplines:

**Structural engineers** analyze and design buildings, bridges, and other structures. The engineer applies principles of physics, mathematics, and engineering to develop efficient yet safe designs. Sophisticated computer models are used in these analyses. Materials used by structural engineers include steel, aluminum, concrete, masonry, wood, and composites.

**Water resource and environmental engineers** design pipeline systems, water treatment plants, dams, flood control structures, waste disposal sites, and environmental restoration projects. Computer modeling and analyses are used in design and to forecast storm runoff, flooding, and movement of contaminants in surface and subsurface waters. Environmental engineers evaluate and reduce pollutants from natural, human, agricultural, and industrial sources to preserve the beauty and quality of air, land, and water.

**Geotechnical engineers** design structures composed of or located within earth materials, including foundations for buildings and bridges, retaining walls, earth dams, highway embankments, tunnels, and liners for landfills. Field and laboratory tests on soil and rock, along with empirical and computer models, are used to assure safety and economy in design.

**Traffic and transportation engineers** apply scientific principles to the planning, design, construction, operation, and management of transportation systems, including highways, airports, and mass transit facilities. Transportation engineers are responsible for the safe, rapid, comfortable, convenient, economical, and environmentally compatible movement of people and goods. Computer models and simulations are frequently used by traffic engineers for geometric design and for planning, operating, and managing transportation networks, including intermodal systems.

The Construction Management and Facility and Property Management programs are non-engineering programs preparing students to take leadership and management roles.

**Construction managers** complete a program designed to give students training and experience in construction management by providing a broad background in construction technology, business, design, architecture, and engineering, with specific emphasis on management within the construction industry. Graduates fill middle-management positions such as superintendents, estimators, schedulers, field engineers, inspectors, general contractors, sales representatives, and construction insurance or bonding personnel. Many go on to graduate studies in architecture, law, or business administration.

**Facility and property managers** complete a program that is all about leadership. Students prepare to become qualified and competent facility managers that can work at senior levels to better manage the real estate portfolio and facilities that are a critical part of any business entity. The program will assist in the perfection, beautification, and operational knowledge of physical facilities in bringing forth Zion. The program works to be a world leader in facility management education, physical asset management, and facility research.

# Program Educational Objectives

The undergraduate programs in civil and construction engineering have the following educational objectives:

1. Develop innovative engineers and leaders who competently apply recognized technical methods to meet human needs for water, shelter, and transportation.
2. Develop leaders with global awareness who hold paramount the safety, health, and welfare of the public while sustaining and protecting the environment.
3. Develop citizens with moral character and commitment to the gospel of Jesus Christ who provide life-long service to the public, church, and professional community.
4. Develop life-long learners that contribute with immediate and real impact to the building of the Kingdom of God and the establishment of Zion throughout the world.

# Career Opportunities

Graduates from the Civil and Construction Engineering Programs are employed throughout the Architecture, Engineering, and Construction (AEC) industry. Many graduates enter private consulting practices, and many eventually establish their own firms. Graduates are also employed by national, state, and local governments. Departments of transportation, environmental protection agencies, the Army Corps of Engineers, The Bureau of Reclamation, and countless public and private organizations hire many students.

The programs offered through the Civil and Construction Engineering department may also be used as a preprofessional program for careers in architecture, law, and business.

# General Information

Students are strongly encouraged to consult with the department regarding their course scheduling. Prospective transfer students should contact the department as soon as possible so that any variations can be accommodated with a minimum loss of time.

No more than 9 credit hours of grades below C- in major courses may be applied toward graduation. A student who fails to pass a department course after three attempts (including E grades and W's) will be terminated from the program. A student with unique circumstances may seek an appeal of that decision to the undergraduate committee.

# Professional Engineer Registration

Because civil engineers design structures that affect public health and safety, licensure as a Professional Engineer is required for most positions in the industry. A necessary prerequisite for licensure is graduation from an accredited engineering program. The civil engineering program is fully accredited by the Accreditation Board for Engineering and Technology (ABET).

The Department of Civil and Construction Engineering encourages graduates to become registered Professional Engineers. This status is vital to engineering practice in the public sector and consulting work. The civil engineering program prepares graduates to successfully complete the Fundamentals of Engineering (FE) examination, an important step in becoming registered.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**392850 - Civil Engineering (BS)**

**396521 - Construction and Facilities Management: Construction Management (BS)**

**396531 - Construction and Facilities Management: Facility and Property Management (BS)**

## Courses

**CCE 101 - Introduction to Civil and Construction Engineering**
**CCE 102 - Sustainable Infrastructure**
**CCE 103 - Engineering Mechanics--Statics.**
**CCE 112 - Engineering Drafting**
**CCE 113 - Construction Modeling**
**CCE 114 - Geomatics**
**CCE 120 - Surveying**
**CCE 203 - Engineering Mechanics--Mechanics of Materials**
**CCE 231 - Foundations of Global Leadership**
**CCE 270 - Computational Methods**
**CCE 304 - Civil Engineering Materials: Metals, Woods, and Composites**

**CE 300B - Civil Engineering Seminar**
**CE 321 - Structural Analysis**
**CE 331 - Hydrology**
**CE 341 - Elementary Soil Mechanics**
**CE 351 - Introduction to Environmental Engineering**
**CE 361 - Introduction to Transportation Engineering**
**CE 400A - Civil Engineering Seminar**
**CE 400B - Civil Engineering Seminar**
**CE 414 - Engineering Applications of GIS**
**CE 421 - Structural Steel Design**
**CE 424 - Reinforced Concrete Design**
**CE 427 - International Megastructures**
**CE 433 - Hydraulic Engineering**
**CE 439 - Water Resources Study Abroad**
**CE 442 - Foundation Engineering**
**CE 451 - Environmental Engineering Processes**
**CE 461 - Geometric Design of Highways**
**CE 467 - International Megacities**
**CE 471 - Civil Engineering Writing**
**CE 472 - Civil Engineering Design**
**CE 495R - Global Engineering Outreach Projects**
**CE 498R - Directed Studies in Civil Engineering**
**CE 499R - Senior Project**
**CE 500 - (CE - Me En) Design and Materials Applications**
**CE 501 - (CE - MeEn) Stress Analysis and Design of Mechanical Structures**
**CE 504 - (CE - Me En) Computer Structural Analysis and Optimization**
**CE 505 - Portland Cement Concrete Mixture Design and Analysis**
**CE 507 - (CE - Me En) Linear Finite Element Methods**
**CE 508 - (CE - Me En) Structural Vibrations**
**CE 514 - Geospatial Environmental Engineering**

CE 521 - Advanced Structural Steel Design
CE 523 - (CE - Me En) Aircraft Structures
CE 525 - Bridge Structures
CE 526 - Bridge Preservation
CE 528 - Masonry Design
CE 529 - Structural Wood Design
CE 531 - Principles of Hydrologic Modeling
CE 533 - Advanced Hydraulic Routing
CE 534 - Hydroinformatics
CE 535 - Hydraulic Design of Channels and Control Structures
CE 540 - Geo-Environmental Engineering
CE 542 - Deep Foundations and Retaining Systems
CE 543 - Chemical Stabilization of Soils
CE 544 - Seepage and Slope Stability Analysis
CE 545 - Geotechnical Analysis of Earthquake Phenomena
CE 547 - Groundwater Modeling
CE 551 - Water Treatment Facilities Design
CE 553 - Mechanical Behavior of Materials
CE 555 - Environmental Chemistry
CE 562 - Traffic Engineering: Characteristics and Operations
CE 563 - Pavement Design
CE 565 - Urban Transportation Planning
CE 566 - Pavement Management
CE 568 - Asphalt Mixture Design and Analysis
CE 570 - (CE - Me En) Computer-Aided Engineering Software Development
CE 575 - (CE - Me En) Optimization Techniques in Engineering
CE 580 - Technical Writing for Publication
CE 594R - Selected Problems in Civil Engineering
CFM 105 - Fundamentals of Construction and Facilities Management
CFM 110 - Fundamentals of Facility and Property Management
CFM 120 - Methods 1 - Structural Systems
CFM 199R - Technical Internship
CFM 213 - Construction Surveying and Layout
CFM 220 - Methods 2 - Building Systems
CFM 241 - Electrical Systems in Construction
CFM 291R - Undergraduate Seminar
CFM 305 - Concrete, Masonry, and Asphalt Methods
CFM 311 - Estimating Processes
CFM 312 - Construction Scheduling and Cost Control
CFM 317R - ASC Competition
CFM 318R - NAHB Competition
CFM 320 - Advanced Building Systems
CFM 333 - Sustainable Design and Architecture
CFM 340 - Operations and Maintenance
CFM 342 - Earthwork and Construction Equipment
CFM 345 - Construction Safety Management
CFM 350 - International Construction Practices
CFM 385 - Construction Contracts and Law
CFM 399R - Capstone Internship
CFM 400 - Managing High Performance Buildings
CFM 411 - Pre-Construction Services
CFM 415 - Construction Project Management and Control
CFM 420 - Commercial Real Estate Management
CFM 425 - Construction Accounting
CFM 426 - Real Estate Development
CFM 433 - Design Studio
CFM 442 - Civil Infrastructure Construction
CFM 445 - Construction Company Operations and Management
CFM 450 - Virtual Design & Construction
CFM 491 - Senior Seminar
CFM 494R - Special Problems in Construction and Facilities Management
CFM 495R - Global Engineering Outreach Projects
CFM 500 - Construction Innovation and Technology
CFM 530 - Construction Company Operations and Human Resources Management
CFM 540 - Managing Risk in Construction
CFM 550 - Construction Company Development and Strategic Planning
CFM 555 - Construction Company Financial Management
CFM 594R - Special Topics in Construction Management

FACULTY

# Admission to Degree Program

The degree programs in the Department of Electrical and Computer Engineering are open enrollment.

# The Discipline

Electrical and Computer Engineering is one of the most exciting, diverse, and forward-looking disciplines offered at the university. Contemporary society is in the midst of an information revolution, created in large part from the fruits of electrical and computer engineering. Electrical and computer engineers have been primary contributors to the astonishing developments in communication, computer, and network technology. They have designed devices and systems that have a significant impact on manufacturing, medicine, transportation, and environmental monitoring. Smart phones, tablets, digital cameras, high definition television, solar power, microprocessors, lasers, unmanned aerial vehicles, medical imaging systems, and autonomous robotic systems are all examples of devices and systems designed by electrical and computer engineers. Innovations that flow out of electrical and computer engineering sustain the national economy and improve the quality of life for people throughout the world. In the future, society will look to electrical and computer engineers to address grand challenges ranging from sustainable and efficient energy to health care technologies and global communications networks.

The Department of Electrical and Computer Engineering at Brigham Young University offers accredited degrees in Electrical Engineering and Computer Engineering. Electrical Engineering focuses on microelectronics, electromagnetics, electronic circuits, wireless communications, signal processing, biomedical applications, photonics, and controls. Computer Engineering focuses on the design of digital computing devices and systems and involves hardware and software, operating systems, digital logic, real-time systems, and computer vision. Both programs combine fundamental principles with hands-on learning, including an innovative Junior Core experience that integrates classroom knowledge with project-based learning.

# Career Opportunities

Electrical and computer engineers are among the most actively recruited students graduating from a four-year program. Baccalaureate engineers typically start their careers as members of project teams with one or more of the following responsibilities: designing digital, analog, or opto-electronic circuits; creating or testing software; testing components or systems; or providing technical support for sales. Later on, many engineers find themselves pursuing managerial careers, starting their own companies, or even managing entrepreneurial funds. Top graduates are also well received by medical schools, law schools, and professional and management programs.

The Electrical Engineering Baccalaureate program and the Computer Engineering Baccalaureate program are accredited by the Engineering Accreditation Commission of ABET, Inc., http://www.abet.org.

# General Information

Students are strongly encouraged to seek advisement early in their studies to ensure effective course scheduling. Contact the college advisement center (264 CB) or the department (459 CB). Students should enroll in EC En 191 in their first year of study at BYU.

In both undergraduate degree programs offered in the department, students are required to pass prerequisite courses in the major with a grade of C– or better before taking follow-on courses.

**Professional Registration.** The Electrical and Computer Engineering Department provides the option for graduates to become registered professional engineers. General qualifications for becoming registered are explained in the Ira A. Fulton College of Engineering section of this catalog. This status is vital to engineering practice in the public sector and to much consulting work. The basic electrical and computer engineering program outlined in this department prepares graduates to successfully complete the Fundamentals of Engineering (FE) examination. Students who wish to become registered as professional engineers are advised to discuss this matter with an advisor from the department soon after admission to the professional program.

FACULTY

## Admission to Degree Program

The degree program in the Department of Manufacturing Engineering is open enrollment.

## The Discipline

A manufacturing engineer's primary focus is turning raw materials into new products as effectively, efficiently, and economically as possible. Manufacturing engineering includes a wide array of specialties related to product and manufacturing process development. Manufacturing engineering students become familiar with fabrication processes like casting, forming, molding, and welding, along with advanced tools like CNC machining, additive manufacturing (3D printing), automation, and "smart factory" cyber-physical production systems. They learn to implement continuous improvement methodologies like Lean Production and Six Sigma. Manufacturing engineers work to improve quality and efficiency, often using statistical analysis and computer simulation. BYU's Manufacturing Engineering Program combines fundamental principles with a strong element of hands-on experiential learning, leading to an interdisciplinary senior capstone project, where students work with an actual company to bring a new product all the way from initial idea to a functional prototype and design package ready for production.

## Career Opportunities

Manufacturing engineers are needed any where physical products are being produced. Manufacturing engineers oversee the process of transforming a product design into a physical object that can be economically and reliably manufactured. Manufacturing engineering students often enter careers in the automotive, aerospace, heavy machinery, medical device, consumer product, or food production industries. They may receive titles such as design engineer, industrial engineer, quality engineer, project manager, process improvement engineer, systems engineer, or production engineer.

Manufacturing engineers sit right in the middle of the action, communicating with other engineers regarding product design, supply chain managers regarding raw materials and equipment, machine operators and line managers regarding process planning, efficiency, and quality, and marketers and accountants regarding demand forecasts and scheduling. They lend their expertise in making designs more manufacturable, determining what processes to use to produce products, and organizing people and equipment to produce the right number of products, at the right time, as efficiently and economically as possible. Many manufacturing engineers also pursue management roles or become entrepreneurs and business owners.

Graduates in manufacturing engineering are well prepared to pursue advanced degrees. Some continue with graduate studies in manufacturing engineering, while others may transition to other engineering fields, an MBA, or law school. The experience, skills, and problem-solving abilities gained in BYU's Manufacturing Engineering Program are transferrable to a wide range of careers.

## General Information

Students are strongly encouraged to seek advisement early in their studies to ensure effective course scheduling. Contact the School of Technology advisement center (SNLB 250). Students should enroll in MFGEN 130: Modern Manufacturing in their first year of study at BYU.

During their senior year, manufacturing engineering students have the opportunity to be certified by the Society of Manufacturing Engineers (SME). The Certified Manufacturing Technologist (CMfgT) Certification is recognized worldwide by the manufacturing industry. Following graduation, manufacturing engineers can fulfill additional work requirements and receive the Certified Manufacturing Engineer (CMfgE) Certification.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

## Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**396502 - Manufacturing (Minor)**

**396541 - Manufacturing Engineering (BS)**

## Courses

**MFGEN 130 - Modern Manufacturing**
**MFGEN 220 - Material Removal**
**MFGEN 230 - Computer-Aided Manufacturing**
**MFGEN 291 - Manufacturing Leadership**
**MFGEN 331 - Metals Processes**
**MFGEN 333 - Industrial Automation**
**MFGEN 340 - Quality Systems in Manufacturing**
**MFGEN 355 - Plastics Materials and Processing**
**MFGEN 372 - Design for X**
**MFGEN 381 - Lean Manufacturing & System Design**
**MFGEN 391 - Junior Seminar**
**MFGEN 399R - Academic Internship**
**MFGEN 401 - Data Analysis**
**MFGEN 431 - Tool Design**
**MFGEN 433 - Introduction to Smart Manufacturing**
**MFGEN 435 - Application of Sensors and Instrumentation for Manufacturing**
**MFGEN 440 - Six Sigma for Manufacturing**
**MFGEN 456 - Introduction to Composites**
**MFGEN 479 - Innovation and Entrepreneurship**

FACULTY

# Admission to Degree Program

The degree program in the Department of Mechanical Engineering carries special enrollment limitations. Please see Professional Program Acceptance below.

# The Discipline

Mechanical engineers work with concepts, ideas, and products that are primarily mechanical or energy related. Mechanical engineering is a broad discipline that prepares a person to contribute in a wide range of fields such as aerospace, computer graphics, power generation, machine tools, petroleum, agricultural and construction equipment, medicine, robotics, government, and all types of transportation. A mechanical engineer may work in research, design, analysis, manufacturing, testing, operations, sales, or management. Engineers use critical problem-solving methods and basic principles of mathematics and science to creatively solve problems.

# Educational Objectives

The objectives of the undergraduate Bachelors of Science program in the Department of Mechanical Engineering at Brigham Young University are to:

1. Teach the fundamental concepts of math, science, and mechanical engineering in order to produce graduates who demonstrate technical excellence and provide service to their profession, community, family, and church.
2. Instill a desire and ability to learn continuously, both through study and faith, to enable graduates to meet the changing demands of their profession and personal life.
3. Provide practical and open-ended engineering experiences in order to develop graduates who think independently and demonstrate leadership and creativity.
4. Engage students in activities to produce graduates who communicate and work effectively and ethically with people of diverse backgrounds.

# Program Outcomes

To assure that these objectives are reached, the department has articulated twelve outcomes of the BS program. Each student graduating from this program is expected to have:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

All courses in the curriculum are designed to help achieve these outcomes.

The curriculum in mechanical engineering is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, Inc. (ABET).

# Career Opportunities

A bachelor of science degree in mechanical engineering provides widely recognized professional training for careers in industry, government, and other areas. Most industrial companies hire mechanical engineers.

Companies that make mechanical or energy-related products may hire mostly mechanical engineers. As a result, many mechanical engineering positions are available worldwide. Mechanical engineers have job opportunities in companies involved in such areas as aircraft and spacecraft design; manufacturing processes; product safety and reliability; solar energy; electronic equipment packaging and cooling; power plant design;

jet, train, truck, and automobile engines; environmental protection; artificial intelligence; robotics; medical and hospital equipment; new material development and applications; and technical writing. Increasing numbers of positions utilize foreign language experience.

A graduate in mechanical engineering is prepared for advanced studies in the field as well as in a variety of other disciplines, including law, medicine, and business administration. Perhaps most important to graduates are the problem-solving strategies and thinking processes acquired in the study of mechanical engineering that help one to succeed in any area of endeavor.

# General Information

Any student may choose to major in mechanical engineering and to enroll in all classes in the preprofessional program.

# Professional Program Acceptance

Students must be accepted into the professional program before they may take the professional Me En core courses. To apply, students must receive a grade in the courses outlined below. They must also be in good academic standing. Admissions decisions are made by equally weighting the GPA from these courses. (See policies below regarding AP courses and transfer courses.)

- The first physics course taken at BYU from the sequence: PHSCS 121, PHSCS 123, Ec En 101
- The first math course taken at BYU from the sequence: MATH 112, 113, 213, 302, 303, 314, 334
- The first mechanics course taken at BYU from the sequence: ME EN 101, CE EN 203, CE EN 204
- ME EN 191 at BYU (PASS Grade required)

**AP Courses:** Equivalent credit for AP exams can fulfill graduation requirements; however, since there is no grade assigned to AP courses, they cannot be used to calculate the *Application GPA*. For purposes of calculating the *Application GPA*, students must either (a) take the BYU equivalent course or (b) take the next course in the physics, math, or mechanics sequence.

**Transfer Courses**. Equivalent credit for non-ABET-accredited courses can fulfill graduation requirements, but cannot be used to calculate the *Applicatoin GPA*. For purposes of calculating the Application GPA, students must either (a) take the BYU equivalent course or (b) take the next course in the physics, math, or mechanics sequence.

**Acceptance Criteria**. 240 students are granted acceptance to the professional program each year based on the Application GPA. Students may apply for admission more than once, however, each course may be retaken only ONE time (includes withdraws). When a course is retaken, the higher grade will be used to calculate the *Application GPA*. Please see our website: http://me.byu.edu/apply for further information and recent admission data.

# Academic Standards and Continuance

On gaining acceptance into the ME professional program, students must maintain a minimum university cumulative GPA of 2.0. No more than 6 credit hours or two courses of passing grades below C– in required program courses (including preprofessional and professional courses) may be applied toward graduation. A professional program course may not be retaken more than once. At least 30 of the 48.5 credit hours of Mechanical Engineering courses (ME EN) must be earned at BYU.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

# Admission to Degree Program

The BA in Art is an open-enrollment program, as is the Art Minor. All other programs within the Department of art are Limited Enrollment programs. Admission to these programs is obtained by department application after completion of a set of prerequisite courses, which varies according to program. Students will have two opportunities to apply to their program of choice—one in March and one in November. Please see General Information below for more details, or contact the college advisement center (1-801-422-3777).

# The Discipline

The Department of Art is a vibrant community of students, artists, and scholars working together to teach and mentor students in making art with integrity and thinking critically with a foundation in the Gospel. The department has an open structure allowing students to move freely between disciplines while developing as artists, scholars, and teachers. Students develop fluency in the traditions of art and teaching while being pushed to experiment and develop strong conceptually grounded artistic voices. Students can focus on one area of exploration or can work out an interdisciplinary program of study. Students have access to specialized classrooms, labs, and studio spaces, and work closely with faculty in small classes and a highly personalized and mentored environment.

# Career Opportunities

The BA and BFA in Art train students as artists and creative problem solvers. Graduates are prepared to function as independent artists and creative thinkers in a range of disciplines. Graduates successfully pursue graduate studies in art and other disciplines at major universities and art schools around the globe, work as independent artists, find employment as arts administrators and art professionals at galleries, museums, universities and other art related professions.

The art education degree certifies the student as an art specialist in public or private institutions, grades K–12. Other opportunities for the certified art specialist are in foreign school systems, recreation programs, art museum education programs, and galleries. Students qualify for positions in artist-in-the-schools programs and arts councils and as art consultants/coordinators. The degree also provides a foundation for graduate study leading to advanced degrees.

# General Information

## Prerequisite Core

All art and art education students must complete the freshman core program before applying to Department of Art programs. The freshman core will consist of the following majors-only courses: ART 102, 133, 226. AP credit does not fulfill this requirement.

## Talent Awards

All BA, BFA, and Art Education pre-major students in the Department of Art may apply for talent awards by completing the application found online at https://art.byu.edu/scholarships-grants. The deadline for talent award applications is February 28th each year.

## Application Procedures for Freshmen

High school students expecting to be admitted to BYU in Fall semester may apply for the talent award the November of the preceding year. If accepted to the Art program through the talent award, the student will be expected to enroll in the core that first Fall semester and complete the prerequisite classes.

## BA and BFA Programs

The BA in Art is a highly interdisciplinary program encouraging students to combine varied disciplines and approaches to their creative and academic work. Students can pursue traditional art pathways or develop areas of focus moving fluidly between artistic practice, curation, education, business and relational aesthetics. In addition, students successfully leverage the liberal arts education received through an Art BA to achieve professional goals in law, medicine, business and other fields.

BA in Art students select one of four emphases of study: Art, Art Administration, Printmaking and Book Arts, or Art & Technology. Additionally, BA in Art students can apply to the BFA in Art after completing sophomore level art courses.

The BFA program is a professional degree focused on developing artists who function at the highest of levels and preparing students for graduate work in art. The program is a vibrant community of students and faculty working together closely in a wide range of disciplines. Students develop fluency in the traditions of art while being pushed to experiment and develop strong conceptually grounded artistic voices. The department and BFA program have an open structure allowing students to move freely between disciplines while developing as artists. Students can focus on one area of exploration or can work out an interdisciplinary program of study. Disciplines include Ceramics, Figure, New Genre, Painting/Drawing, Photography, Printmaking, and Sculpture. Students have beautiful classrooms, labs, and studio spaces, enjoy access to our museum of art and work closely with faculty in small classes and a highly personalized and mentored environment.

The BA in K-12 Art Education guides students both as artists and teachers through engagement with hands-on teaching, curriculum development, and studio work. Students acquire an understanding of schools, teachers, and students through supervised observations and teaching experiences. They also develop a professional portfolio, study contemporary and historical art, and immerse themselves in critical questions about life and creativity. Core classes in drawing, photography, and two- and three-dimensional design familiarize students with the basic principles, concepts, and techniques of various studio areas. Students develop the ability to work and teach proficiently across several areas of artistic expertise, i.e. drawing, photography, sculpture, painting, graphic design, computer graphics, ceramics, printmaking, film, new media/genre, installations, and relational aesthetics/social and public engagements. Graduates from this program are prepared to work as art specialists and are equipped with the skills to teach in primary and secondary schools. The teaching licensure gained as a part of the Art Education major qualifies its graduates for teaching positions in all 50 states.

To learn more about our degree programs, visit: https://art.byu.edu/degrees_and_licensure

## Transfer Students

Transfer students in art disciplines must meet with the BA coordinator and the CFAC advisement center to determine transfer credit eligibility.

### Degree Program Coordinators/Advisors

Coordinators are appointed to counsel students in each of the three majors: BA Art Education, BA Art, BFA Art. Coordinators will advise students about program objectives, course content and sequence, career goals, and other matters pertaining to their major field of study.

### Department Probationary Status

Students can be placed on probationary status for the following:

1. Inadequate academic performance.
2. Unprofessional attitude and lack of commitment.
3. BYU Honor Code violations.

## Licensure Option

The BA and BFA are professional degrees. A non-degree licensure option is available to the BA and BFA Art majors. https://art.byu.edu/degrees_and_licensure Please review the art education major requirements or contact the college advisement center. **Note: This is not a second major.**

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

The University Core, consisting of requirements in general and religious education. (For a complete listing of courses that meet university core requirements, see here.)

At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student

A minimum of 120 credit hours

A cumulative GPA of at least 2.0

Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

## Graduate Programs Available

This department also offers graduate degree programs in Art and Art Education. For more information, see Graduate Studies and/or art.byu.edu.

# The Discipline

The BYU School of Communications prepares students for careers in fields related to mass communication, such as advertising, journalism, public relations, and communications studies. The school is nationally accredited by the Accrediting Council on Education in Journalism and Mass Communication. Grounded in a strong liberal arts foundation, this program provides a balance between scholarship and professional skills. This goal is accomplished by requiring core courses and electives that enhance critical thinking about the discipline, while providing courses in emphasis areas that afford additional skills for each profession. See emphasis descriptions for additional information about their discipline and career opportunities.

# Educational Outcomes

The School of Communications exists to help students become professional and scholarly communicators whose messages contribute to a better society by benefiting the organizations for which they work and the audiences they reach.

**1. Effective Communication:** Students will communicate effectively with their audiences: Specifically, students will be literate in the language of the media industries, and be able to plan and prepare mass communication messages in the appropriate style, using the appropriate research method, and appropriate technologies, to serve audience needs.

- **Writing:** Students will write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- **Editing:** Students will critically evaluate their own work and that of others for accuracy and fairness, clarity, appropriate style and grammatical correctness.
- **Numerical skills:** Students will apply basic numerical and statistical concepts.
- **Technology:** Students will apply tools and technologies appropriate for the communications professions in which they work.
- **Research:** Students will conduct research and evaluate information by methods appropriate to the communications professions in which they work.

**2. Professional practice:** Students will act professionally in their practice. Specifically, students will demonstrate they. value freedom of speech in the marketplace of ideas, and be able to practice communication within legal boundaries, while exhibiting standards of professional behavior and demonstrating sensitivity to ethical behavior. Students will also be literate in the language of media industries.

- **Freedom of speech:** Students will understand and apply the principles and laws of freedom of speech and the press, for the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- **Ethics**: Students will demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness, and diversity.

**3. Mass Communication Process:** Students will be scholars of the mass communication process. Specifically, students will be able to apply relevant theory to communication practice, understand factory that shape their profession and think critically about the relationship between mass media and society.

- **Theory:** Students will understand concepts and apply theories in the use and presentation of images and information.
- **History**: Students will demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- **Critical thinking**: Students will think critically, creatively and independently.

**4. Applying Gospel-centered Values:** Students will be able to apply Gospel-centered values as they contribute to society. Specifically, they will promote diversity, inclusiveness, and agency in a global society, be able to exercise moral reasoning when faced with ethical dilemmas, and show a commitment to making a difference in their sphere of influence.

- **Domestic Diversity**: Students will demonstrate an understanding of gender, race, ethnicity, sexual orientation and, as appropriate, other forms of diversity in domestic society in relation to mass communication.
- **International diversity**: Students will demonstrate an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.

# Admission to Degree Program

The degree programs in the School of Communications have a school application process with specific enrollment limitations. Please see the college advisement center for details, telephone 1-801-422-3777, or online at http://comms.byu.edu/.

# General Information

Working under faculty direction, students in the school create advertising campaigns in the AdLab, use data to design public relations strategies in the PR Intelligence Lab, conduct biometric research in the BioComms lab, and publish journalistic content for the Daily Universe.

The School of Communications sponsors the International Media Studies Program, which seeks to broaden students' awareness of worldwide communications issues and practices. Not only do students have opportunity to study the media systems of other nations through classes and on-site experiences, but media practitioners of other nations are also brought to campus as lecturers and visiting experts.

The school encourages early admission. Students who enroll in Comms 101 and an introductory course and complete the English requirement can apply to the major as early as the second semester of their freshman year.

# School Requirements

1. Each student must be formally accepted into a degree program. Contact the college advisement center for admission requirements or online at http://comms.byu.edu.
2. All students must take a campus writing course before applying for admission to the major. **AP credit does not fulfill this requirement. The following writing course fulfills this requirement and satisfies the GE First-Year Writing requirement: WRTG 150.**
3. Complete a minimum of 72 hours in courses outside of the department, while meeting BYU's University Core requirements.
4. Every student is required to complete an internship or an equivalent mentored experience. Although the school operates an internship office (280 BRMB) that serves as a clearinghouse for internship information, the responsibility for securing an internship rests with the student. Students may not embark on any required internship without prior approval from a faculty advisor, completing prerequisite courses with a C– or better, processing appropriate documents with the Internship Office, and being enrolled in Comms 496R.
5. Communications students are required to own or rent a computer. Before obtaining a computer, students should first consult the school website for specifications.
6. Communications students must learn the design software used in several of the upper-level courses prior to attending the course.

   The following software will be used in these courses:

   - Adobe Publishing — Comms 330, 331, 425, 484

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**483603 - Communications (Minor)**
**483632 - Communications: Communications Studies (BA) ***
**483651 - Communications: Journalism and Sports Media (BA)***
**483630 - Communications: Advertising (BA) ***
**483634 - Communications: Public Relations (BA) ***

## Courses

COMMS 101 - Mass Communication and Society
COMMS 230 - Introduction to Advertising
COMMS 235 - Introduction to Public Relations
COMMS 238 - Introduction to Communications Studies
COMMS 239 - Introduction to Multimedia Storytelling
COMMS 300 - Media Law and Responsibility
COMMS 301 - Mass Media History and Philosophy
COMMS 302 - Popular Culture and Media
COMMS 304 - Media Ethics: Ethical Decision-Making in a Diverse Society
COMMS 305 - Foundations of Journalism and News Literacy
COMMS 306 - Sports Media Research and Strategy
COMMS 307 - Fundamentals of Communications Action
COMMS 308 - Research Methods for Journalism
COMMS 309 - Account Planning Management
COMMS 310 - Writing Branded Content
COMMS 311 - Writing for News Media
COMMS 312 - Digital Media Production
COMMS 313 - Media Design and Graphics
COMMS 314 - Intro to Social Media Management
COMMS 315 - Intro to SEO and Analytics
COMMS 316 - Intro to Social Promotion
COMMS 317 - Advertising Research Methods
COMMS 318 - Public Relations Research and Measurement
COMMS 319 - Research in Communication
COMMS 320 - Public Relations Writing
COMMS 321 - Multimedia Reporting
COMMS 324 - Feature Writing
COMMS 325 - Video Reporting
COMMS 327R - Special Topics in Broadcasting
COMMS 328 - Backpack Journalism
COMMS 329 - Opinion Writing
COMMS 330 - Creating Advertising Concepts - Portfolio 1.
COMMS 331 - Creating Advertising Concepts - Portfolio 2.
COMMS 333 - Social and Digital Media in Public Relations
COMMS 335 - TV Commercial Production
COMMS 337 - Advertising Account Management
COMMS 345 - Media Sales and Promotion
COMMS 350 - Visual Communication in Public Relations
COMMS 351 - Media and Their Audiences
COMMS 360 - Communication Management Principles and Theory
COMMS 365 - Photojournalism
COMMS 370R - Special Topics in Communications
COMMS 371R - Special Topics in Advertising
COMMS 372 - Marketing Media Planning and Strategy
COMMS 381 - International Media Systems
COMMS 382 - Issues in Global Communication
COMMS 384 - Editing for News Media
COMMS 385 - Television News Producing
COMMS 386 - Sports Communication
COMMS 395R - International Media Studies Abroad
COMMS 396R - Communications Practicum
COMMS 399R - Academic Internship
COMMS 406 - Media and the First Amendment
COMMS 411 - Media Effects
COMMS 416 - Media Advocacy and Social Change
COMMS 420 - Advanced Print Reporting
COMMS 422 - Newsroom Leadership
COMMS 426 - Persuasion in the Media Age
COMMS 433 - Advanced Advertising Concepting - Portfolio 3
COMMS 436 - Public Relations Strategy
COMMS 480 - Media Ethics and Moral Reasoning
COMMS 481 - Gender, Race, and Class in the Media
COMMS 482 - Media and World Religions
COMMS 483 - Advanced Communications Studies
COMMS 484 - Publication Graphics and Production
COMMS 485 - Public Relations Campaigns
COMMS 486 - Advanced Broadcast Reporting
COMMS 488 - Advanced Broadcast Producing
COMMS 489 - Strategic Advertising Campaigns
COMMS 490 - Media Innovations Capstone
COMMS 491R - Student Media Labs
COMMS 495R - Research and Readings in Communication Practice
COMMS 496R - Academic Internship
COMMS 497R - Mentored Research Practicum
COMMS 498R - Projects in Communications

FACULTY

# Department of Design

The Department of Design prepares visual communicators for careers in a broad range of creative disciplines including animation, graphic design, illustration, photo- & lens- based design, product & user experience design, and other related fields. Students learn to solve complex visual problems and communicate narratives across a wide array of mediums and technologies.

The degree programs within the Department of Design are limited enrollment programs requiring department admissions approval. Students interested in applying for a major should declare their pre-major intent, successfully complete prerequisite courses, and submit an online portfolio for review.

Deadlines for pre-major applications are at the end of the Fall and Winter semesters and Spring term. Students wishing to apply for a BFA professional program should complete foundational courses and then apply through a portfolio review held in June. Students may apply for their program of choice twice. Contact the department for application deadlines. For more detailed information, see Admissions Procedures below or contact the department office at designdepartment@byu.edu or refer to designdept.byu.edu.

# Degree Programs

**Professional BFA Degrees**
Graduates from Department of Design professional BFA programs are fully prepared for careers in the following disciplines—

**Animation:** Animation majors work in various disciplines that include feature film animation, television animation, visual and special effect studios, entertainment, gaming, and data visualization. Students are given opportunities to develop portfolios as they work on personal and group projects, and major films that will help prepare for a successful career as an artist in animation.

**Graphic Design:** Graphic Design majors work in a wide array of design-related disciplines including branding, product design, publishing, interaction design, web design, mobile app development, experience design, service design, motion graphics, and data visualization. Designers often work in traditional design studios, interactive agencies, advertising agencies, and corporate design positions, and as entrepreneurs, freelancers, or design management positions.

**Illustration:** Illustration majors work as illustrators and artists in the evolving creative industry and find various opportunities in publishing, editorial media, advertising, entertainment, and fine art. Illustrators utilize a variety of media to create artwork for children's books, young adult fiction, genre fiction, graphic novels, motion illustrations, gallery art, product design, textiles, interactive design, and corporate or institutional publications. Illustrators often work in-house for production companies, in design studios, or as freelance artists and creative entrepreneurs.

**Product & User Experience Design:** Product and User Experience Design majors will create products that enable human flourishing, foster charitable interactions, and promote societal and ecological well-being. Students will learn to create products that give users valuable, relevant, engaging experiences. Product designers identify user needs and situations, understand business/economic requirements, and pursue consumer engagement to offer these compelling products. The product designer develops, plans, prototypes, and tests product elements that impact the user experience using a human-centered, iterative method. Product designers frequently collaborate with peers from other disciplines, including business, software development, manufacturing, and product engineering

**Photo- & Lens-Based Design:** Photo- & Lens-Based Design majors focus on creative and expressive forms of contemporary photography, cinematography, and motion design as a means of preparing for a broad spectrum of careers, including commercial/advertising (freelance, in-house), editorial, fashion, documentary, fine art, and multimedia production. Graduate school preparation is also prioritized for those students interested in continuing their education. Through their studies, students mature in technical, aesthetic, and conceptual aspects of image-making in a variety of technologies—ranging from analog to digital. Assignments, critiques, and experiences are designed to aid individuals in further developing their creative practice, personal vision, fluency in the language and craft of photo and lens-based media, and how their work functions in a wider cultural context.

**Bachelor of Arts in Interdisciplinary Design Degree**
Interdisciplinary Design majors work in various design-related disciplines, including user experience, art direction, visual development, and creative direction. This degree gives students leeway to think and work across fields, becoming design generalists with foundational training in design processes, theory, methods of working, and design applications. The degree is not devised for general exploration of any BFA majors in the department. Students wishing to explore possible design careers are encouraged to pursue BFA degree program courses.

The degree is limited to students with a clear and targeted plan of coursework involving multiple design disciplines in the department.

There are no courses in fashion design, interior design, or architecture.

# Admissions

**Prospective BYU Students:** Prospective students wishing to be admitted into the Design Department should apply to BYU through the regular admissions process at byu.edu/admissions. Admission to BYU does not guarantee admission into the Department of Design degree programs. Prospective students are strongly encouraged to apply for department scholarships. Apply online at https://designdept.slideroom.com. Go to https://designdept.byu.edu/department-scholarships for application deadline information.

**Department Admissions:** All Design majors are limited enrollment programs that require students to apply for acceptance through a department admissions process. Admitted BYU students should declare their pre-major intent before registering for prerequisite classes. When pre-major coursework is complete, permission to enroll in foundational courses is granted through a portfolio review process. Pre-major portfolio reviews are held online at the end of the Fall and Winter semester and Spring term. Apply online at https://designdept.slideroom.com.

**Major Admissions:** Upon completion of all prerequisite and foundational courses, students apply for admission to the major of their choice through a portfolio review. Reviews are held in June each year. Contact the department office at designdepartment@byu.edu for more information.

**Transfer Students:** Transfer students applying for admittance to the Department of Design are asked to submit an application and a portfolio on https://designdept.slideroom.com. Transfer applications for the Department of Design are reviewed year-round by program areas. At the discretion of the area faculty, students are accepted into the department and are placed at the appropriate level of study. Transfer applications are contingent upon acceptance into BYU, a separate application process. Admission to the department does not guarantee admission to Brigham Young University. For BYU deadlines refer to https://enrollment.byu.edu/admissions/deadlines.

**Note:** Students may apply for admission to department programs twice.

## Department Scholarships

Design majors are encouraged to apply for Department scholarships. Go to https://designdept.byu.edu/department-scholarships for funding information and application deadlines.

# Design Education Licensure

Design majors can add an Art Education teaching license to their degree. This program prepares students with a design background to teach art and design in K-12 classrooms. The program includes 36 credits of coursework, including a semester of student teaching as the capstone project. To join the program, students must enroll in and successfully pass ARTED 276 (Introduction to K-12 Art and Design Education: Studio Methods, Media, and Explorations of teaching).

For more information go to https://byuarted.weebly.com/ Contact the Art Education Coordinator to discuss interest in the licensure option: Mark Graham at mark_graham@byu.edu.

# Equipment Requirements

Incoming BYU design students are asked to purchase a computer for their own convenience and to maximize their academic experience. Pre-major courses can be completed with the use of university labs, however, most students prefer having their own computer. In certain courses and programs, highly specialized technology is made available in department labs and classrooms. Since recommended configurations vary slightly by program area, contact the program area head for more information. The BYU Store carries a full line of discounted computers, accessories, and discounted software subscriptions.

# Department Probationary Status

Students can be placed on probationary status for the following:

1. Inadequate academic performance.
2. Unprofessional attitude and lack of commitment.
3. BYU Honor Code violations.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Admission to Degree Program

Enrollment in the School of Music's degree programs is limited. Prospective majors must pass an audition and be accepted into a studio. Please consult the General Information section below and visit the College Advisement Center for details.

# The Discipline

The School of Music celebrates musical artistry and understanding as core elements of the human experience, crucial components of a liberal education, and central aspects of a spiritual life.

In the School of Music, students learn self-expression and self-discipline through rigorous practice and passionate performance. They develop an acute sensitivity for collaboration and artistic cooperation through intensive ensemble work. In the study of music theory and history, students learn to hear and appreciate various musical languages, distinguish nuances of style, and discern the connections between musical developments and their cultural contexts.

Students learn in a variety of situations: private lessons, small seminars, multimedia labs, ensembles, recitals, and lectures. They are encouraged to participate actively in the vibrant musical environment of the School of Music by attending concerts, lectures, and workshops and by contributing to a student culture of independently motivated artistic engagement. These experiences foster a holistic approach that embraces academic rigor, artistic intuition, creative ambition, physical grace, and expressive eloquence.

In pursuit of the university's spiritual aims, students learn the divinity inherent in creativity and the devotion expressed by the nurturing of one's craft.

# Career Opportunities

The School of Music leads its students toward careers in performance, studio teaching, music education, media music production, recording and sound technology, arts management, music journalism, composition, and other music-related professions. Because the music curriculum is rigorous, it is also an excellent pre-professional course of study for those interested in fields as diverse as law, business, library science, or medicine. Whatever degrees one obtains, however, an education in music pertains not only to earning a living through the art but also using the art to enhance one’s satisfaction and joy in living.

# Faculty

The music faculty includes active performers, composers, music educators, conductors, theorists, historians, and media specialists who have chosen to mentor the next generation of musicians. They remain involved in their areas of specialization and are anxious to share the learning experience with students entrusted to their care. Many of the faculty have received prestigious recognition for their teaching scholarship, performance, composition, directing, or producing.

The School of Music maintains approximately 50 full-time and 65 part-time faculty who teach private instruction, ensembles, education, music theory, music history, commercial music, conducting, as well as other exciting areas of study.

# Facilities

The School of Music is housed in the Music Building, which includes a 1,000-seat concert hall, a 250-seat recital hall, a 200-seat choral hall, two large ensemble rooms, practice spaces, classrooms, a piano lab, an organ lab, a state-of-the-art digital recording studio, MIDI production studios, and an electronic music studio. Additional teaching studios for commercial music and music dance theater students are found in the Richard Building.

# General Information

1. The degree programs in the School of Music are Limited Enrollment Programs, meaning, first, they are HIGHLY competitive and selective, and second, they require an adherence to specific course paths in the first two years of study. Students who are successful in their application and audition and are admitted into one of the degree programs in the School of Music will be required to do the following in order to remain in the program:
    - Successfully complete the following courses in the first two years of study:

      Music 193, 195, 197 – To be taken all together in 1st semester

      Music 194, 196, 198 – To be taken all together in 2nd semester

      Music 293, 295, 297 – To be taken all together in 3rd semester

      Music 294, 296, 298 – To be taken all together in 4th semester
    - Begin the private lesson requirement, as specified by the degree program requirements, in the first semester and continue taking private lessons each semester until the requirement is fulfilled.
    - Begin the ensemble requirements, as specified by the degree program requirements and directed by the student's studio teacher, in the first semester and continue each semester until the requirement is fulfilled.

      Failure to follow the requirements listed above may result in dismissal from the degree program.
2. Admission applications to the School of Music must be received by December 1.
3. All entering students (including transfer students) must pass a performance audition on their major instrument (or voice). Live auditions are held on the last Saturday of January. Students who cannot attend the live audition and wish to be considered must submit a video recording, which must be received by the School of Music by the last Saturday in January. For further details, see the School of Music website (https://music.byu.edu).
4. All students who do not have a keyboard emphasis (piano or organ) must complete the piano proficiency requirement by the end of the sophomore year. Students may fulfill this requirement by (a) taking Music 221 and/or Music 222, or (b) taking the Piano Proficiency Exam. For more information, see https://music.byu.edu/resources/piano-proficiency-requirement.
5. Each student accepted as a music major must meet with the academic advisor in the College Advisement Center before the end of the first year.
6. Students who pass either part of the AP Music Test with at least a score of 4 should check with the College Advisement Center before registering for core courses.
7. All major performance instruction must be in the same instrument (or voice) with the following exceptions: Commercial Music and Composition students, with approval from their division coordinator, main studio teacher, and secondary studio teacher, may opt to fulfill a portion of their studio lesson requirement on a secondary instrument.
8. All students registered in Music 260R, 360R, or 460R must complete an examination before a faculty jury on their major instrument (or voice) near the end of each semester of performance study. (With the approval of the faculty, students may elect to substitute a juried public recital for a jury examination.) Students who wish to enter Music 360R or 460R (normally after the sophomore year) must first be granted approval

to do so by a faculty jury.

9. All students must fulfill the ensemble requirements of their individual degree programs as described below: Ensemble requirements are filled through a mixture of assigned "Category 1: Approved Large Ensembles" and "Category 2: Other Ensembles Approved for the Major" as listed in each degree program.

   Approved Category 1 ensembles include Music 312R: Men's Chorus, Music 313R: Women's Chorus, Music 314R: Concert Choir, Music 315R: University Singers, Music 325R: Symphonic Band, Music 326R: Wind Symphony, Music 337R: Symphony Orchestra, and Music 338R: Philharmonic Orchestra. Only one approved Category 1 ensemble per semester may count toward this requirement, and students may not enroll in more than two conducted or directed ensembles per semester. This ensemble assignment is determined by the student's major instrumental teacher or by choral audition, not by the student. For all BA or BM music students, the total ensemble requirement should be completed in consecutive semesters of enrollment beginning the freshman year.

   Please note:

   - Commercial Music and Composition students, with approval from their division coordinator and main studio teacher, may fulfill part of their Category 1 Ensemble requirement by auditioning and performing on a secondary instrument.
   - Students who play guitar or piano as their principal instrument may also count participation in Music 333R: Jazz Ensemble or Music 334R: Synthesis toward their Category 1 Ensemble requirement.
   - In certain circumstances, music majors may be allowed to count participation in the non-auditioned ensembles (Music 311R: University Chorale; Music 321R: University Orchestra; and Music 322R: University Band) toward their Category 1 requirement with permission from their respective studio teacher and the ensemble conductor.

10. All transfer students must have their previous university work in music evaluated by the appropriate BYU School of Music faculty members to determine what credits will be accepted in the transfer. (See the College Advisement Center for referrals.) We subscribe to the policy of the National Association of Schools of Music and carry no obligation to accept upper-division music credits from other member schools.

11. If a School of Music student receives an E grade twice in any one course within his or her major, the student will not be allowed to proceed in the major. Also, a registration hold will be placed on the student's record pending a meeting with an academic advisor to determine an alternative plan of study. Only in rare and extreme cases will the School of Music consider petitions to take a course a third time and have major status reinstated.

12. Students temporarily leaving the School of Music for a mission are required to file a deferment form with the university's Admissions Office and are encouraged to remain in contact with their studio teacher regarding their re-entry date. Students intending to enter the School of Music during the school year immediately following mission service are highly encouraged to apply and audition for admission to the School of Music prior to departure.

13. All School of Music students are expected to attend at least eight concerts and two School of Music-sponsored lectures each semester.

14. All School of Music students will be held to the standards outlined in the Professionalism Policy for Students.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

484601 - Music (Minor)
484620 - Music (BA) *
484622 - Music Composition (BM) *
484624 - Music Education: K-12 Instrumental (BM) *
484625 - Music Education (BM)*
484630 - Music Performance: Vocal (BM) *
484631 - Music Education: K-12 Choral (BM) *
484637 - Music Performance: Piano (BM) *
484638 - Music Performance: Organ (BM) *
484639 - Music Performance: Combined Piano & Organ (BM) *
484647 - Music Performance: Brass (BM) *
484648 - Music Performance: Percussion (BM) *
484649 - Music Performance: String (BM) *
484650 - Music Performance: Woodwind (BM) *
484657 - Commercial Music (BM) *

## Courses

MUSIC 100 - Music Fundamentals
MUSIC 101 - Introduction to Music
MUSIC 111R - Basic Vocal Skills

FACULTY

# Admission to Degree Program

Several degree programs—Acting, Media Arts (major and minor), Music Dance Theatre, and Theatre Education in the Department of Theatre and Media Arts are limited enrollment and have an application process. The Theatre Arts Studies programs (major and minor) are open enrollment. Please see the college advisement center for specific details at their website https://advisement.cfac.byu.edu/ or by phone at 801-422-3777.

# The Discipline

BYU's theatre programs—Theatre Arts Studies, Theatre Arts Education, Acting, and Music Dance Theatre—invite students to explore the possibilities theatre provides for artistry, collaboration, and service. The programs emphasize the balance between practical theatre training and critical engagement. They provide extensive opportunities for production in classroom settings, workshops, and fully-mounted productions both at BYU and at external venues.

The BYU Media Arts Studies program is designed to educate students on a foundation of film history, theory, and criticism, along with fundamental production competencies. Possible areas of emphasis include critical studies, fiction production and non-fiction production.

## Mission Statement

The mission of the Department of Theatre and Media Arts is to promote literacy, creativity and spirituality by exploring their interrelatedness in the arts of theatre and media, in an effort to illuminate and confirm truth and the infinite potential of the human soul, as authored by the Savior Jesus Christ.

## Career Opportunities

The Theatre programs provide training and experience in all areas of theatre, from performing to playwriting, from teaching to technical production.

The Media Arts Studies program provides a foundation and basic experience in analyzing, conceptualizing, writing, directing, and collaboratively producing nonfiction, fiction, and new media. For skill development and specialization, students may select an area of study from the following: critical studies, fiction production, or non-fiction production.

For an area of interest study list, contact the advisement center or the department office.

## General Information

1. Students interested in the **Media Arts Studies major** should declare the Media Arts Studies pre-major under the Change Major link in MyMAP. *Declaring the Media Arts Studies pre-major does not guarantee entrance into the Media Arts Studies program, which is a limited enrollment program.* An application is required for entrance into the major and minor programs. Students applying to the Media Arts Studies program must have completed or be enrolled in TMA 102 and TMA 187 at the time they submit their application. See the media arts program description for details.
2. The **Theatre Arts Studies major (or minor)** is an open enrollment program. Students interested in general theatre studies, dramaturgy, playwriting, directing, stage management, critical studies, or design and technology (costume, lighting, makeup, scenic, or sound), should declare the theatre arts studies major (or minor), under the Change Major link in MyMAP.
3. Students interested in the **Theatre Arts Education major** should declare the Theatre Arts Education pre-major under the Change Major link in MyMAP. *Declaring the pre-major does not guarantee entrance into the theatre arts education program.* Students must fulfill particular requirements for entrance. See program description for details.
4. Students interested in **BFA acting** should declare the Acting pre-major under the Change Major link in MyMAP. *Declaring the pre-major does not guarantee entrance into the BFA program, which is a limited enrollment program.* Students must fulfill particular requirements for entrance. See program description for details.
5. Students interested in **Music Dance Theatre (MDT)** should declare the MDT pre-major under the Change Major link in MyMAP. *Declaring the MDT pre-major does not guarantee entrance into the MDT program, which is a limited enrollment program.* Students must fulfill particular requirements for entrance. See program description for details.
6. Students interested in the **Animation** limited enrollment program should contact the Design Department for application requirements.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

# Admission to Degree Program

All degree programs in the Department of Asian and Near Eastern Languages are open enrollment. Some special limitations apply for teaching minors.

# The Discipline

The many countries of Asia and the Near East are among the oldest civilizations in the world. The study of the languages and cultures of these nations gives students access to some of the richest and most varied traditions of thought, belief, and behavior to be found. A large percentage of the vast, essentially non-Christian segment of the world's population resides in these two zones: Asia—with its diverse heritage of belief in Hinduism, Buddhism, Taoism, Confucianism, and other systems of thought—continues to retain its "exotic" image for most Westerners, even though many nations in the region are at the forefront of contemporary politics and economics. The Near East, birthplace of Christianity, Judaism, and Islam, remains a little-understood, often stereotyped area of considerable economic, strategic, and religious importance today.

The languages of these regions are themselves generally difficult, with complex writing systems that require diligent study. But exposure to these languages and the cultures they express will enable students to look at the world from new perspectives and deepen their understanding of peoples whose history and practices are widely divergent from their own.

Courses in the department equip students with verbal and written facility in the languages of their chosen area, whereas linguistics courses offer an understanding of how the languages are structured and acquired. A study of the literature reveals old and sophisticated traditions no less important than that of English or any other major language.

Majors are available in Chinese, Japanese, and Korean, and a second major in Arabic. Students can obtain a minor in Arabic, Biblical Hebrew, and Modern Hebrew. Each discipline is briefly described below.

## Arabic (second major program)

Arabic study at BYU stresses facility in speaking a colloquial dialect and fluency in reading the press. The program is designed to supplement the Middle East Studies/Arabic major which prepares students for government-, agency-, and NGO-related work. The second major program, which is conceived as a supplement to the Middle East Studies/Arabic major, aims to push students' reading and speaking ability in the direction of the superior level.

## Chinese

The study of Chinese accesses the literature, thought, culture, and society of the world's largest population with the longest cultural continuum; moreover, since the civilizations of Japan, Korea, and Vietnam are founded on traditional Chinese Confucianism, a major in Chinese opens up much of the wider world of modern Asia. You will communicate in spoken and written Mandarin, gain skills in analyzing and appreciating both traditional and modern literature, acquire effective research strategies, and learn to write clearly and persuasively. All the personal enrichment and interpersonal understanding that results from a liberal arts education in the humanities is offered through the study of Chinese.

## Hebrew

The BYU Hebrew program offers courses and minor degrees in both Biblical Hebrew and Modern Hebrew. Biblical Hebrew students develop appreciation for the Hebrew Bible and competence to read prose and poetry. The program is designed to provide students with habits of study so that they may enjoy a life-long exploration of the Hebrew Bible. Students of Modern Hebrew gain access to the spoken language of the State of Israel and, through it, to Jews throughout the world. The Modern Hebrew program emphasizes the ability to speak and understand Modern Hebrew, to analyze Israeli literature and media, and to appreciate the cultural dynamics of the language.

## Japanese

The study of Japanese at the university level will provide students an opportunity to develop high level communication skills to acquire a greater understanding of Japan and its people. Additionally, students will be introduced to the rich cultural heritage of Japan in literature and the other arts. The study of Japanese language and literature will introduce students to many of the major aspects of that heritage, while providing the kind of training in language and cultural skills that will prepare students to undertake careers in a wide variety of fields.

## Korean

Korean is a difficult language, and at BYU we emphasize reading and writing the language as well as speaking and listening. Basic course work emphasizes linguistic skill and the language’s literary value and tradition.

# Career Opportunities

Students who major or minor in the languages and cultures of Asia and the Near East will find that, as will any other humanities-centered course of study, they have been well provided with tools to communicate both in the target language and in English and have broadened and deepened their knowledge of the region of their choice. Career options are many and varied for such students, but those who do not plan to continue on in the academic study of the language are strongly urged to consider a second major or a strong minor in a practical field that can be combined with their language skills. In today's competitive world, language ability alone no longer provides the advantage it once offered on the job market. Students are urged to consult the College of Humanities Advisement Center, Career Placement Services, and their academic advisors for the best ways to make use of their language as they begin to seek employment.

## Arabic

Graduates of our program find jobs in government agencies (the State Department, intelligence, the military), NGOs, and in international business. Many students use their Middle East Studies/Arabic major, or Arabic minor, as preparation for applying to MBA programs, law school, and medical or dental school.

## Chinese

Chinese majors have all of the advantages of the liberal arts graduate (who claims effective communication and interpersonal skills) with the added edge of knowing the language and culture behind a leading world economy. Therefore, graduates enter the work force in a wide variety of occupations, such as journalism, insurance, business, travel, investment, and government service. They not only are marketable as trained linguists, translators, and cultural advisors, but are vigorously recruited as personnel managers and business representatives by companies with overseas interests. Graduates are also highly competitive in applying to professional schools for medicine, dentistry, law, and business.

### Hebrew

Many students who minor in Biblical Hebrew major in Ancient Near Eastern Studies; some students continue on to earn Masters and Ph.D degrees. Eventually they are prepared to enter the academic field in a university setting, in seminary and institute programs of the Church Educational System, as independent researchers, or in related fields. Students who minor in Modern Hebrew will find the degree to be an asset if seeking jobs in government agencies (intelligence, State Department, military), international business, or the academic field.

### Japanese

In recent years, graduates from the Japanese major at BYU have gone on to law, engineering, computer, or MBA programs, while others have continued on to medical, dental, and other professional schools. A few have pursued graduate work in a variety of academic fields at some of the most prestigious universities in the country. Others have gone directly to work in government service, in the military, and in American or Japanese business firms where their language ability and cultural background are in high demand. Some also pursue careers in translation or language teaching.

### Korean

Most of the jobs available for students with a Korean major are in government (NSA, CIA, FBI, etc.), but Korean majors also have all the advantages of a liberal arts degree. Many of our graduates go on to professional schools, law, business, or medicine. Korean is an excellent complement, either as a major or minor, to studies in prelaw, political science, accounting, English, international relations, and many other majors available on campus. Korean is an important language in the world of diplomacy and defense, as well as the world of international business. (Korea is the eighth largest trading partner of the U.S.) Our graduates have been hired by the U.S. government and by U.S., international, and Korean businesses. They work in technical areas as well, involving everything from computers to broadcasting to medicine.

## General Information

The Department of Asian and Near Eastern Languages strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

## Language Credit by Examination

?Credit by examination is available for many lower-division courses of the above-listed languages. Enrollment in an advanced class is prerequisite to taking the examination.

The following languages are not taught on a regular basis but may be offered if sufficient demand exists. Credit by examination is available for some of the Near Eastern languages listed below.

- Akkadian
- Aramaic
- Egyptian
- Persian (Farsi)
- Syriac
- Turkish
- Ugaritic

## Language Certificate Program

The Language Certificate Program is available in Arabic, Chinese, Japanese, and Korean for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Translation and Localization

# General Information

The Center for Language Studies supports the College of Humanities by augmenting the list of languages taught at the university. Not all classes are taught at every level or every semester. Offerings are determined by languages taught by the Missionary Training Center (MTC), student demand, and the availability of a qualified instructor. **Please see the Class Schedule for a list of classes currently offered.**

The "teaching area" abbreviation for each language is listed below in parentheses.

# BYU

| | | |
|---|---|---|

# Advanced Language and Culture Courses

The advanced language and culture courses are a popular enrollment option for returned missionaries and others of comparable ability.

During these courses, students may be offered the opportunity to take a Challenge Exam whereby they may bypass beginning level language classes and earn up to 16 graded credits.

**Note:** If the course is not offered at the time the student is enrolled at BYU-Provo, the student has the option of taking the FLATS test through the Office of Digital Humanities on campus. This test offers 12 pass/fail credits. **Once the FLATS test is taken for pass/fail credit it may not be reevaluated for graded credit, *nor* may the Challenge Exam be taken at a later date.** (See http://flats.byu.edu for details.)

## Advanced language and culture courses for returned missionaries

(Note: The "teaching area" abbreviation for each language is listed below in parentheses.)

Albanian (ALBAN) 330
Armenian (ARMEN) 330

**Note:** Those advanced language and culture courses that are marked with an asterisk (*) DO NOT satisfy the Languages of Learning GE requirement.

# BYU Language Certificate Program

The Center for Language Studies administers the BYU Language Certificate program. This program is designed to certify a student's language proficiency (through oral and written assessments) as well as a limited academic experience (three courses are required).

We currently offer the Language Certificate in the following languages:

Arabic, Cebuano, Chinese, Danish, Dutch, Finnish, French, German, Haitian-Creole, Indonesian, Italian, Japanese, Korean, Norwegian, Portuguese, Russian, Spanish, Swedish, Tagalog, Thai, and Vietnamese.

Visit the website (certificate.byu.edu) to read about the program.

## Programs

**350102 - Dual-Language Immersion K-12 Teaching (Minor)**

**554904 - Translation and Localization (Minor)**

## Courses

**AFRIK 100 - Language Study: Afrikaans**
**AFRIK 101 - First-Year Afrikaans**
**AFRIK 102 - First-Year Afrikaans**
**AFRIK 201 - Second-Year Afrikaans**
**AFRIK 202 - Second-Year Afrikaans**
**AFRIK 211R - Second-Year Conversation**
**AFRIK 305 - Languages Skills Development: Afrikaans**
**AFRIK 311R - Third-Year Conversation**
**AFRIK 321 - Advanced Grammar: Afrikaans**
**AFRIK 330 - Advanced Language Proficiency Through Cultural Studies: Afrikaans**
**AFRIK 340 - Introduction to Literature: Afrikaans**
**AFRIK 350 - Advanced Language Study for Career Purposes: Afrikaans**
**AKAN 100 - Language Study: Akan**
**AKAN 101 - First-Year Language Study: Akan**
**AKAN 102 - First-Year Language Study: Akan**
**AKAN 201 - Second-Year Language Study: Akan**
**AKAN 202 - Second-Year Language Study: Akan**
**AKAN 305 - Language Skills Development: Akan**
**AKAN 321 - Advanced Grammar: Akan**
**AKAN 330 - Advanced Language Proficiency Through Cultural Studies: Akan**
**AKAN 340 - Introduction to Literature: Akan**
**AKAN 350 - Advanced Language Study for Career Purposes: Akan**
**ALBAN 100 - Language Study: Albanian**
**ALBAN 101 - First-Year Language Study: Albanian**
**ALBAN 102 - First-Year Language Study: Albanian**
**ALBAN 201 - Second-Year Language Study: Albanian**
**ALBAN 202 - Second-Year Language Study: Albanian**
**ALBAN 305 - Language Skills Development: Albanian**
**ALBAN 321 - Advanced Grammar: Albanian**
**ALBAN 330 - Advanced Language Proficiency Through Cultural Studies: Albanian**
**ALBAN 340 - Introduction to Literature: Albanian**
**ALBAN 350 - Advanced Language Study for Career Purposes: Albanian**
**ARMEN 100 - Language Study: Armenian**
**ARMEN 101 - First-Year Language Study: Armenian**
**ARMEN 102 - First-Year Language Study: Armenian**
**ARMEN 201 - Second-Year Language Study: Armenian**
**ARMEN 202 - Second-Year Language Study: Armenian**
**ARMEN 305 - Language Skills Development: Armenian**
**ARMEN 321 - Advanced Grammar: Armenian**
**ARMEN 330 - Advanced Language Proficiency Through Cultural Studies: Armenian**
**ARMEN 340 - Introduction to Literature: Armenian**
**ARMEN 350 - Advanced Language Study for Career Purposes: Armenian**
**ASL 101 - First-Year American Sign Language, Part 1**
**ASL 102 - First-Year American Sign Language, Part 2**
**ASL 111R - American Sign Language Basic Conversation**
**ASL 201 - Second-Year American Sign Language, Part 1**
**ASL 202 - Second-Year American Sign Language, Part 2**
**ASL 210 - ASL Fingerspelling and Numbering**
**ASL 211R - American Sign Language Intermediate Conversation**
**ASL 301 - Advanced American Sign Language and Culture**
**ASL 302 - Deaf Literature**
**ASL 305 - ASL Special Topics**
**ASL 311R - American Sign Language Advanced Conversation**
**ASL 320 - History of Modern Deaf Culture**
**ASL 330 - Advanced Language Proficiency through Cultural Studies: ASL**
**ASL 431 - Introduction to American Sign Language Linguistics**
**ASL 431 - Interpreting 1**
**ASL 432 - Exploration of American Sign Language Interpreting**
**AYMRA 100 - Language Study: Aymara**
**AYMRA 101 - First-Year Language Study: Aymara**
**AYMRA 102 - First-Year Language Study: Aymara**
**AYMRA 201 - Second-Year Language Study: Aymara**
**AYMRA 202 - Second-Year Language Study: Aymara**
**AYMRA 305 - Language Skills Development: Aymara**

AYMRA 321 - Advanced Grammar: Aymara

AYMRA 330 - Advanced Language Proficiency Through Cultural Studies: Aymara

AYMRA 340 - Introduction to Literature: Aymara

AYMRA 350 - Advanced Language Study for Career Purposes: Aymara

AZER 100 - Language Study: Azerbaijani

AZER 101 - First-Year Language Study: Azerbaijani

AZER 102 - First-Year Language Study: Azerbaijani

AZER 201 - Second-Year Language Study: Azerbaijani

AZER 202 - Second-Year Language Study: Azerbaijani

AZER 305 - Language Skills Development: Azerbaijani

AZER 330 - Advanced Language Proficiency Through Cultural Studies: Azerbaijani

AZER 340 - Introduction to Literature: Azerbaijani

AZER 350 - Advanced Language Study for Career Purposes: Azerbaijani

BASQ 100 - Language Study: Basque

BASQ 101 - First-Year Language Study: Basque

BASQ 102 - First-Year Language Study: Basque

BASQ 201 - Second-Year Language Study: Basque

BASQ 202 - Second-Year Language Study: Basque

BASQ 305 - Language Skills Development: Basque

BASQ 321 - Advanced Grammar: Basque

BASQ 330 - Advanced Language Proficiency Through Cultural Studies: Basque

BASQ 340 - Introduction to Literature: Basque

BASQ 350 - Advanced Language Study for Career Purposes: Basque

BCLNO 100 - Language Study: Bicolano

BCLNO 101 - First-Year Language Study: Bicolano

BCLNO 102 - First-Year Language Study: Bicolano

BCLNO 201 - Second-Year Language Study: Bicolano

BCLNO 202 - Second-Year Language Study: Bicolano

BCLNO 305 - Language Skills Development: Bicolano

BCLNO 321 - Advanced Grammar: Bicolano

BCLNO 330 - Advanced Language Proficiency Through Cultural Studies: Bicolano

BCLNO 340 - Introduction to Literature: Bicolano

BCLNO 350 - Advanced Language Study for Career Purposes: Bicolano

BULGN 100 - Language Study: Bulgarian

BULGN 101 - First-Year Bulgarian

BULGN 102 - First-Year Bulgarian

BULGN 201 - Second-Year Bulgarian

BULGN 211R - Second-Year Conversation

BULGN 305 - Language Skills Development: Bulgarian

BULGN 321 - Advanced Grammar: Bulgarian

BULGN 330 - Cultural History of Bulgaria

BULGN 340 - Introduction to Literature: Bulgarian

BULGN 350 - Advanced Language Study for Career Purposes: Bulgarian

BURMS 100 - Language Study: Burmese

BURMS 101 - First-Year Language Study: Burmese

BURMS 102 - First-Year Language Study: Burmese

BURMS 201 - Second-Year Language Study: Burmese

BURMS 202 - Second-Year Language Study: Burmese

BURMS 305 - Language Skills Development: Burmese

BURMS 321 - Advanced Grammar: Burmese

BURMS 330 - Advanced Language Proficiency Through Cultural Studies: Burmese

BURMS 340 - Introduction to Literature: Burmese

BURMS 350 - Advanced Language Study for Career Purposes: Burmese

CAKCQ 100 - Language Study: Cakchiquel

CAKCQ 101 - First-Year Language Study: Cakchiquel

CAKCQ 102 - First-Year Language Study: Cakchiquel

CAKCQ 201 - Second-Year Language Study: Cakchiquel

CAKCQ 202 - Second-Year Language Study: Cakchiquel

CAKCQ 305 - Language Skills Development: Cakchiquel

CAKCQ 321 - Advanced Grammar: Cakchiquel

CAKCQ 330 - Advanced Language Proficiency Through Cultural Studies: Cakchiquel

CAKCQ 340 - Introduction to Literature: Cakchiquel

CAKCQ 350 - Advanced Language Study for Career Purposes: Cakchiquel

CATLN 100 - Language Study: Catalan

CATLN 101 - First-Year Language Study: Catalan

CATLN 102 - First-Year Language Study: Catalan

CATLN 201 - Second-Year Language Study: Catalan

CATLN 202 - Second-Year Language Study: Catalan

CATLN 305 - Language Skills Development: Catalan

CATLN 321 - Advanced Grammar: Catalan

CATLN 330 - Advanced Language Proficiency Through Cultural Studies: Catalan

CATLN 340 - Introduction to Literature: Catalan

CATLN 350 - Advanced Language Study for Career Purposes: Catalan

CEBU 100 - Language Study: Cebuano

CEBU 101 - First-Year Language Study: Cebuano

CEBU 102 - First-Year Language Study: Cebuano

CEBU 201 - Second-Year Language Study: Cebuano

CEBU 202 - Second-Year Language Study: Cebuano

CEBU 305 - Language Skills Development: Cebuano

CEBU 321 - Advanced Grammar: Cebuano

CEBU 330 - Advanced Language Proficiency Through Cultural Studies: Cebuano

CEBU 340 - Introduction to Literature: Cebuano

CEBU 350 - Advanced Language Study for Career Purposes: Cebuano

CREOL 100 - Language Study: Haitian-Creole

CREOL 101 - First-Year Language Study: Haitian-Creole

CREOL 102 - First-Year Language Study: Haitian-Creole

CREOL 201 - Second-Year Language Study: Haitian-Creole

CREOL 202 - Second-Year Language Study: Haitian-Creole

CREOL 305 - Language Skills Development: Haitian-Creole

CREOL 321 - Advanced Grammar: Haitian-Creole

CREOL 330 - Advanced Language Proficiency Through Cultural Studies: Haitian Creole

CREOL 340 - Introduction to Literature: Haitian-Creole

CREOL 350 - Advanced Language Study for Career Purposes: Haitian-Creole

CROAT 100 - Language Study: Croatian

CROAT 101 - First-Year Language Study: Croatian

CROAT 102 - First-Year Language Study: Croatian

CROAT 201 - Second-Year Language Study: Croatian

CROAT 202 - Second-Year Language Study: Croatian

CROAT 305 - Language Skills Development: Croatian

CROAT 321 - Advanced Grammar: Croatian

CROAT 330 - Advanced Language Proficiency Through Cultural Studies: Croatian

CROAT 340 - Introduction to Literature: Croatian

CROAT 350 - Advanced Language Study for Career Purposes: Croatian

CZECH 100 - Language Study: Czech

CZECH 101 - First-Year Czech
CZECH 102 - First-Year Czech
CZECH 201 - Second-Year Czech
CZECH 211R - Second-Year Conversation
CZECH 305 - Language Skills Development: Czech
CZECH 321 - Advanced Grammar: Czech
CZECH 330 - Cultural History of Czech Republic
CZECH 340 - Introduction to Literature: Czech
CZECH 350 - Advanced Language Study for Career Purposes: Czech
DANSH 101 - First-Year Danish
DANSH 102 - First-Year Danish
DANSH 201 - Second-Year Danish
DANSH 202 - Second Year Danish
DANSH 321 - Advanced Danish
DANSH 399R - Academic Internship
DARI 100 - Language Study: Dari
DARI 101 - First-Year Language Study: Dari
DARI 102 - First-Year Language Study: Dari
DARI 201 - Second-Year Language Study: Dari
DARI 202 - Second-Year Language Study: Dari
DARI 305 - Language Skills Development: Dari
DARI 321 - Advanced Grammar: Dari
DARI 330 - Advanced Language Proficiency Through Cultural Studies: Dari
DARI 340 - Introduction to Literature: Dari
DARI 350 - Advanced Language Study for Career Purposes: Dari
DUTCH 100 - Language Study: Dutch
DUTCH 101 - First-Year Dutch
DUTCH 102 - First-Year Dutch
DUTCH 201 - Second-Year Dutch
DUTCH 211R - Second-Year Conversation
DUTCH 305 - Language Skills Development: Dutch
DUTCH 311R - Third-Year Conversation
DUTCH 321 - Advanced Grammar: Dutch
DUTCH 330 - Advanced Language Proficiency Through Cultural Studies: Dutch
DUTCH 340 - Introduction to Dutch Literature
DUTCH 350 - Advanced Language Study for Career Purposes: Dutch
ESTON 100 - Language Study: Estonian
ESTON 101 - First-Year Language Study: Estonian
ESTON 102 - First-Year Language Study: Estonian
ESTON 201 - Second-Year Language Study: Estonian
ESTON 202 - Second-Year Language Study: Estonian
ESTON 305 - Language Skills Development: Estonian
ESTON 321 - Advanced Grammar: Estonian
ESTON 330 - Advanced Language Proficiency Through Cultural Studies: Estonian
ESTON 340 - Introduction to Literature: Estonian
ESTON 350 - Advanced Language Study for Career Purposes: Estonian
FIJI 100 - Language Study: Fijian
FIJI 101 - First-Year Language Study: Fijian
FIJI 102 - First-Year Language Study: Fijian
FIJI 201 - Second-Year Language Study: Fijian
FIJI 202 - Second-Year Language Study: Fijian
FIJI 305 - Language Skills Development: Fijian
FIJI 321 - Advanced Grammar: Fijian
FIJI 330 - Advanced Language Proficiency Through Cultural Studies: Fijian
FIJI 340 - Introduction to Literature: Fijian
FIJI 350 - Advanced Language Study for Career Purposes: Fijian
FINN 101 - First-Year Finnish
FINN 102 - First-Year Finnish
FINN 201 - Second-Year Finnish
FINN 202 - Second Year Finnish
FINN 321 - Third-Year Finnish
FINN 340 - Finnish Literature
FLANG 100R - Language Study
FLANG 101R - First-Year Language Study
FLANG 102R - First-Year Language Study
FLANG 201R - Second-Year Language Study
FLANG 202R - Second-Year Language Study
FLANG 211R - Intermediate Conversation
FLANG 276 - Exploration of Teaching Foreign Languages
FLANG 300 - Foundations of Dual Language and Immersion Education
FLANG 301 - Content-Based Curriculum, Instruction, and Assessment in Dual Language Immersion Classrooms
FLANG 302 - Biliteracy Development in Dual Language Immersion Classrooms

FACULTY

# Admission to Degree Program

All degree programs in the Department of English are open enrollment. However, special limitations apply for English teaching majors.

# The Discipline

The English major provides a detailed knowledge of the English language and of literature written in English. English majors approach language and literature as a source of knowledge and aesthetic pleasure, a mode of encountering and evaluating diverse minds and attitudes, a vehicle for art and action, a means of historical understanding, and a source of spiritual insight. English majors use writing as their primary means (1) of knowing, understanding, and evaluating their experience and their reading and (2) of sharing their insight with others. In keeping with the long-standing ideals of a liberal arts education, the English Department aims to cultivate in its students those foundational skills in writing, awareness, and judgment upon which lives of wisdom, service, and an ever increasing love for learning might be built.

# Career Opportunities

With a firm grounding in the liberal arts, English majors are prepared for any career that requires perceptive reading, orderly and clear thinking, intellectual maturity, and effective writing. Many career opportunities for English majors exist in teaching, professional writing and editing, law, business, communications, or government service. English majors can certify to teach secondary school English, or they can prepare for graduate study in English and college teaching. When combined with prerequisite courses in other departments, the English major provides excellent preparation for graduate work in law, business, library science, medicine, humanities, or religion. By selecting areas of concentration, some English majors prepare for careers in technical and professional communication, editing, creative writing, and related fields. By supplementing their English major with computer classes, some find work in information technology. The skills and knowledge acquired by an English major also provide good preparation for government service, especially when combined with the study of foreign languages, economics, political science, and history.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

# Admission to Degree Program

All degree programs in the Department of French and Italian are open enrollment.

# The Discipline

The study of French or Italian language and literature sharpens analytical and communicative skills useful in a myriad of professional contexts. Students develop proficiency in listening, reading, writing, and speaking, and they learn to use literature as a means to deepen their understanding of culturally specific as well as universal issues and values.

# Career Opportunities

The study of French and Italian language and literature are excellent preparation for a variety of career fields. Italian and French are valuable research and communication tools for students in music, art, history, European studies, international relations, library science, and comparative literature.

Many of our students have chosen a major or minor in Italian or French in addition to a second major or minor in an area such as accounting or business management, or as preparation for professional programs in public administration, business administration, organizational behavior, dentistry, law, or medicine. Others have opted for a career in government service, working with an embassy, the State Department, the CIA, and other government agencies. Still others have gone into travel and tourism, working with tour agencies, airlines, major hotel chains, or resort communities.

The computer industry also provides employment opportunity for our graduates in the field of localization and translation. Many computer companies have expanded into foreign markets and hire skilled workers who can translate computer and software instruction and sales publications in a foreign language.

# General Information

The Department of French and Italian urges students to take HCOLL 310, Humanities in Professional Life, a 1-credit-hour course, during the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students articulate the value and relevance of their study in the humanities.

**Internships.** The Department of French and Italian, in coordination with International Study Programs, offers internships in France and Italy in a variety of positions: businesses, corporations, industry, hospitals, research laboratories, national and local governments, cultural organizations, nonprofit agencies and nongovernmental organizations, hotels and tourism, etc. For Italy, internships typically take place spring term. For France, internships take place winter, spring, summer and fall. Job placements are made according to the student's language proficiency, previous work experience, field of study, and personal interest. Students may enroll for Fren and Ital 399R, 211R, 311R, or 411R, or other courses such as Fren 490R. The internship proves invaluable in strengthening language and pre-professional skills.

**Language Proficiency Assessments.** All French, French Teaching majors and Italian majors are required to complete language assessments as administered by BYU or the American Council on the Teaching of Foreign Languages (ACTFL): the Oral Proficiency Interview (OPI) and Writing Proficiency Test (WPT), for Italian and French; in addition, students in French may complete adaptive reading and listening comprehension tests. Students complete language assessments by enrolling in Fren 495, Fren 491 (for French Teaching Majors) or Ital 491. French Teaching majors and minors are required to take the OPI before taking Fren 378. The minimum rating of *Advanced* is required of all *Teaching* majors and minors.

When it is necessary to strengthen oral proficiency, students are encouraged to take conversation courses, such as Fren 411R. They may also take advantage of the Foreign Language Student Residence, Study Abroad programs, and internships abroad. Department and College of Humanities scholarships are available for each of these opportunities. Additionally, support materials in the Humanities Resource Center are also available for improving language skills on campus. The department strongly encourages all majors to complete an internship prior to graduation.

**Instruction.** All courses are taught in the target language unless indicated otherwise in this catalog or by a course instructor.

# Language Certificate Program

The Department of French and Italian strongly encourages all majors and minors to complete the Language Certificate. This program is available in French and Italian for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**553503 - French (Minor)**
**553504 - French Teaching (Minor)**
**553505 - Italian (Minor)**
**553520 - French (BA)**
**553521 - Italian (BA)**

FACULTY

## Admission to Degree Program

All degree programs in the Department of German and Russian are open enrollment. However, special limitations apply for teaching majors.

## The Discipline

Students of foreign language and literature develop fluency in another language as well as sensitivity to their own language and cultural heritage, to the contributions and diversity of other peoples, and to the advantages of an international perspective.

## Career Opportunities

Experience with the intellectual, artistic, and spiritual expressions of other cultures and of their own culture helps students qualify for advanced study at graduate and professional schools, especially in linguistics, literature, language teaching methodology, library science, humanities, business, law, and medicine. Those who accept employment on completion of the BA degree frequently serve in international business, in education, or in a government agency.

## General Information

Students may want to consider taking StDev 317, a 1-credit-hour course, at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

## Language Certificate Program

The Language Certificate Program is available in German and Russian for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

FACULTY

# Admission to Degree Program

All undergraduate degree programs in the Department of Linguistics are open enrollment.

# The Discipline

Linguistics is the study of language in all its aspects—from speech sounds to sentence formation to meaning; from how language is organized and used in a social setting to how it is organized and processed in the brain or by computers. Linguists study language form, language change, language acquisition, and even the texts in which language is recorded. Linguists recognize that the communicative power of language is what brings cohesion to all human enterprises. For the student interested in the nature of language, linguistics is the subject to study.

The science of linguistics has many real-world applications, including translation, information storage/retrieval, lexicography, editing, and language teaching. In addition to its majors in general linguistics, editing and publishing, and in English language, BYU's Department of Linguistics offers undergraduate minor programs (as well as graduate degrees) in several of these areas.

# Career Opportunities

A linguistics degree with an emphasis in computers may lead to jobs in high technology, e.g., machine translation, information retrieval, speech recognition and production software, and lexicography. Linguistics is also recognized as a strong specialization for those pursuing a career in military intelligence or technical writing.

The English language major is in many ways similar to the linguistics major, though its focus is more specifically on English linguistics. The major provides useful preparation for careers that require special attention to the English language, such as advertising and technical writing. The English language major along with a TESOL or editing minor is an especially strong combination.

Editing students find work in a variety of enterprises, including freelance work, publishing houses, businesses and corporations, and nonprofit organizations, such as government agencies, libraries, museums, schools, and universities. Editing graduates also edit and publish content in a variety of genres, such as books, magazines, scholarly works, web content, advertising and technical materials.

Students who complete the minor in Linguistic Computing will be prepared to perform language analysis with computational techniques, including with custom written computer code for particular tasks. Students will be valuable to companies and organizations that need linguistic analysis performed on large datasets in order to inform decisions. Jobs may be found in such fields as: automated text analysis such as analyzing online reviews or social media, machine translation with neutral networks, automated speech recognition, text-to-speech synthesis, language engineering, and other artificial intelligence fields using human language.

The teaching of English to speakers of other languages is an applied linguistics area of high demand, both within the United States and around the world. Both a TESOL minor and TESOL undergraduate certificate are offered by the department.

In addition, the linguistics, editing and publishing, and English language majors are excellent preparations for those planning graduate studies in areas as diverse as law, international business, tourism, library science, TESOL, communicative disorders, and speech pathology, not to mention graduate studies in specific languages or in linguistics itself.

# General Information

The Department of Linguistics strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**554901 - Linguistics (Minor)**
**554905 - Linguistic Computing (Minor)**
**554918 - Editing (Minor)**
**554920 - Linguistics (BA)**
**554923 - T E S O L (Minor)**
**554924 - Applied English Linguistics (BA)**
**554925 - Editing and Publishing (BA)**

## Courses

**ELING 150 - First-Year Writing for International Students**
**ELING 223 - Introduction to the English Language**

FACULTY

# Admission to Degree Program

All degree programs in the Department of Philosophy are open enrollment until the end of a student's sophomore year (60 credit hours), after which permission to add a minor or double major, or to change an existing major/minor must be obtained from the advisement centers of both the current major and the new major. To declare a philosophy major or minor prior to the end of a student's sophomore year, please contact or visit the College of Humanities Advisement Center (students do not need permission from the department chairperson to add or change a philosophy major or minor).

# The Discipline

From its inception in ancient Greece down to the present, philosophy has sought to examine and understand life in all its wondrous complexity. In seeking answers to enduring questions about good and evil, the nature of the real, the limits of the knowable, and the enduring power of the beautiful, philosophy discloses its faith in the ability of reason to discover and communicate truth. Philosophy's correlative respect for the authority of logic and rational argument fosters an intellectual environment wherein open dialogue is essential and conflicting opinions are respected, but in which beliefs are carefully subjected to scrutiny, claims and criticisms to validation, and actions to the guiding lights of truth, goodness, and wisdom.

Students who study philosophy will find the discipline not only provides them invaluable insights into life's deepest concerns and questions, but also helps them develop an increased capacity for critical thought, perceptive judgment, and cogent argumentation. These benefits should prove invaluable for years to come in applications as diverse as raising a family, pursuing higher education, developing a career, and striving for spiritual enlightenment.

# Career Opportunities

Philosophy offers excellent preparation for a variety of career paths, but especially in law, medicine, business, and the health sciences. The value of a major or minor in philosophy resides in the intellectual development it promotes and the transferable skills it nourishes. Philosophy majors perennially top the charts in standardized exams like the GRE, LSAT, and MCAT, especially on the verbal aptitude and analytic thinking sections. Partly because of those high scores, but also because the discipline is so rigorous, philosophy students generally enjoy extremely high rates of acceptance to graduate programs and professional schools--regardless of the discipline. And with increasing frequency, studies show that philosophy majors who pursue business and other non-academic careers are often out-earning their non-philosophy colleagues by mid-career. No doubt, this is because philosophy students master the logic, reading, writing, and critical thinking skills that such pursuits so often require. In short, philosophy not only prepares students for a rewarding life, but for any type of work that requires highly developed abilities in analytical reasoning and effective communication.

# General Information

The Department of Philosophy strongly recommends that philosophy majors double-major in another field to help them complete the 120 hours required for graduation and to help prepare them for the job market. We also recommend that they consider taking StDev 317 and HColl 110. Because all liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, StDev 317 is recommended to help liberal arts students focus on specific educational and occupational goals and to introduce them to graduate/professional school and employment preparation strategies, internships, available educational opportunities, and a variety of career options. HColl 110 introduces students to the culture and academic landscape of the humanities, and teaches them how to market and employ their liberal arts education in today's challenging work environment.

Philosophy students are also encouraged both to complete one of the many internships supported and funded by the College of Humanities (regardless of individual career goals), to learn a foreign language, and if finances allow, to study abroad for a semester.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

# Admission to Degree Program

Most degree programs in the Department of Spanish and Portuguese are open-enrollment programs. However, students wishing to declare a major in Spanish or Portuguese are asked to first stop by the department office to fill out a clearance form in order to facilitate scheduling a meeting with a faculty advisor.

The Spanish Teaching and Spanish Translation programs are limited-enrollment programs. For information on applying to these programs, please contact the department.

# The Discipline

The Spanish and Portuguese languages and literatures dominate the Iberian Peninsula, major parts of Africa, and the southern portion of the New World from Mexico to the Magellan Straits. Thirty countries have Spanish or Portuguese as an official or national language, with over 615 million speakers of these languages worldwide.

Such breadth—plus some 35 million speakers within the borders of the United States itself—gives multiple opportunities for developing skill in the spoken language, as well as in listening, reading, writing, and translation. Studying the Iberian roots of this large and important part of the population and learning about the people's perception of life also brings greater understanding of their values and their struggle for identity. A Spanish or Portuguese major makes for a demanding, intriguing, and pleasurable experience.

# Career Opportunities

The field of teaching has always provided good employment opportunities for Spanish majors. In addition, opportunities for both Spanish and Portuguese have been found in government service (translation, U.S. State Department, CIA, FBI, Border Patrol, Peace Corps, NSA, USIA), business, social work, airlines, banking, etc. Many majors go on to professional schools (law, medicine, dentistry, business, etc.), where a liberal arts background is advised. A strong minor or a second major in the employment area is strongly encouraged.

# Language Certificate Program

The Language Certificate Program is available in Spanish and Portuguese for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

# General Information

## Spanish Resource Center

164 University Parkway Center, (801) 378-8107
E-mail: sp-rescenter@email.byu.edu

The Ministry of Education and Culture of Spain, in connection with the Department of Spanish and Portuguese and the Center for the Improvement of Teacher Education and Schooling (CITES), operates the Spanish Resource Center (Centro de Recursos). The purpose of the center is to provide an ample supply of books, computer programs, and didactic materials, both printed and audiovisual, related to the teaching of Spanish language and literature. Researchers, professors, students, educational institutions, coordinators, administrators, and in general all those who may be interested in the knowledge and promotion of Spanish are welcome. To increase the prestige of the Spanish language academically as well as socially, the Spanish Resource Center:

- Sponsors workshops, seminars, and work groups on topics related to teaching Spanish and researching linguistics and literature;
- Organizes conferences, film series, recitals, and cultural activities in general that relate to the Spanish language and culture; and
- Promotes and participates in all initiatives that are deemed appropriate and that favor acquisition and use of the Spanish language by students at different educational levels.

## Foreign Language Student Residence

The Foreign Language Student Residence provides live-in opportunities for students in Spanish and Portuguese. A twenty-four-hour-a-day Spanish or Portuguese rule assures participants intensive use of the language, under the direction of native speakers. Prerequisite to this experience is Span 205 or Port 201 or its equivalent; any exceptions must be approved by the department. For further information contact the department secretary or the Foreign Language Student Residence Office, 3086 JFSB, (801) 422-3765.

## Minor, Second Major, or Supporting Course Work Required for Spanish or Portuguese Majors

Students in the Spanish BA, Spanish Translation BA, and Portuguese BA programs are required to complete a minor (approximately 16-21 hours), second major (approximately 30-60 hours), or supporting course work (18 hours). Students in the Spanish Studies BA and Portuguese Studies BA programs, which are considered second-major programs, are required to complete a primary major in another field.

A minor is not required for students in the Spanish Teaching BA program, but a teaching minor in another subject is strongly recommended.

In order to declare a minor in Spanish Teaching or Portuguese Teaching, students must first declare a teaching major in another area.

For more information on program requirements, please refer to the webpage for each specific program.

## Spanish or Portuguese Language Immersion Experience

Students are strongly encouraged to participate in an intensive Spanish or Portuguese language/culture immersion experience such as the following:

1. Residency abroad (may include a Spanish or Portuguese LDS mission, attendance at a foreign university, an advanced exchange program, or similar intensive foreign residence).
2. Participating in BYU Study Abroad Programs in Spain, Portugal, or Latin America.
3. Participating in individual or group-arranged internship programs abroad as approved by the department.
4. Living in the Foreign Language Student Residence for a year or more, pledging to use only Spanish or Portuguese within the residence.
5. Participating in a service learning course that involves working intensively with the Spanish or Portuguese community.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

# Admission to Degree Program

All degree programs in the Department of Public Health are open enrollment.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**662531 - School Health Education (Minor)**

**662542 - Public Health: Environmental/Occupational Health (BS)**

662543 - Public Health: Epidemiology (BS)
662544 - Public Health: Health Promotion (BS)
662545 - Public Health: Health Science (BS)

## Courses

HLTH 101 - Health and the Human Body
HLTH 199R - Global Health Experiences
HLTH 201 - Contemporary Issues for Student Athletes
HLTH 210 - Foundations of Public Health
HLTH 276R - Exploration of Teaching
HLTH 312 - Introduction to Planning, Interventions, and Evaluation
HLTH 313 - Introduction to Data Collection and Analysis
HLTH 314 - Health, Disease and Their Determinants, Part 1
HLTH 315 - Health, Disease and Their Determinants, Part 2
HLTH 316 - Influencing Health through Health Systems and Policy
HLTH 320 - Advanced First Aid and Safety
HLTH 322 - Environmental Health
HLTH 324 - Occupational Health and Safety
HLTH 330 - Principles and Practices of Health Promotion
HLTH 332 - Technology in Health Promotion
HLTH 335 - Health Behavior Change
HLTH 345 - Principles of Epidemiology
HLTH 381 - School Health Education Methods and Curriculum A
HLTH 382 - School Health Education Methods and Curriculum B
HLTH 383 - Mind/Body Health
HLTH 403R - Special Topics
HLTH 413 - Refugee and Migrant Health
HLTH 420 - Injury and Violence Prevention
HLTH 422 - Disaster Response and Emergency Preparedness
HLTH 425 - Working with Vulnerable and Diverse Populations
HLTH 426 - Environmental Toxicology
HLTH 428 - Occupational Exposure Assessment Lab
HLTH 429 - Environmental Exposure Assessment Lab
HLTH 431 - Health Communication and Advocacy
HLTH 434 - Advanced Evaluation Methods
HLTH 436 - Sexuality Education in the Curriculum
HLTH 440 - Introduction to Statistical Computing in Epidemiology (SAS)
HLTH 442 - Special Topics in Epidemiology
HLTH 447 - Introduction to Biostatistics
HLTH 449 - Epidemiologic Study Design & Analysis
HLTH 450 - Women's Health
HLTH 456 - Families and Public Health
HLTH 460 - Substance Use Disorders and the Individual, Family, and Community
HLTH 466 - Health and the Aging Process
HLTH 476 - Secondary Student Teaching
HLTH 477R - Secondary Minor Student Teaching
HLTH 480 - International Health
HLTH 481 - Applied International Health
HLTH 482 - Medical Geography
HLTH 491R - Mentored Research
HLTH 492R - Directed Public Health Readings
HLTH 493 - Epidemiology Capstone
HLTH 494 - Health Promotion Capstone: Advanced Program Planning
HLTH 495 - Health Science Capstone: Integrating Public Health and Primary Care
HLTH 496R - Academic Internship: Health Promotion
HLTH 496R - Academic Internship: Environmental/Occupational Health
HLTH 496R - Academic Internship: Epidemiology
HLTH 496R - Academic Internship: Health Science

# Mission

The Department of Dance integrates body, mind, and spirit through performance, choreography, teaching, scholarship.

# General Information

Brigham Young University has been an accredited institutional member of the National Association of Schools of Dance since 1989. The BYU Department of Dance provides a broad base for professional training in both the classroom and the studio. The department is organized administratively into four areas: Ballet, Ballroom Dance, Contemporary Dance, and World Dance. These areas work cooperatively to provide

opportunities for all students at the university to develop their potential in dance. To this end, the department offers a wide variety of foundational courses.

Our versatile undergraduate program includes four degrees: Bachelor of Arts (BA) in Dance, Bachelor of Arts (BA) in Dance Education K-12, Bachelor of Fine Arts (BFA) in Dance, and Bachelor of Fine Arts (BFA) in Music Dance Theatre (MDT). The Dance BA is an open enrollment program; the Dance Education, Dance BFA, and MDT programs require audition to be admitted to the program. Students are encouraged to declare pre-majors for these majors upon arrival to campus. Pre-major requirements: Dance Education K-12 pre-major; Dance BFA pre-major; MDT pre-major.

Intensive major course work in the Dance BA, Dance Education and Dance BFA programs include studies in the dance sciences, dance history, and additional academic work that develops performance, choreography, teaching, scholarship and leadership skills in all types of dance.

Performing opportunities are provided both on and off campus with various groups, some that travel locally, nationally and internationally. Most dance technique and performance classes are not restricted to dance majors. Placement in technique and performance classes is determined by audition.

At Brigham Young University, dance celebrates the best in humankind and strives to enrich the lives of all who experience it.

## Career Opportunities

Traditional career paths in the dance field include teaching, performance, and choreography. Teaching opportunities are available in a variety of venues, including but not limited to colleges and universities (for those with graduate degrees), K-12 public and private schools, community education and recreational programs, private studios, health and fitness facilities, preschool and day care centers, and rehabilitative facilities. Performing opportunities are available by audition with professional and regional companies and in theatrical, television, and film production. Opportunities to create choreographic work as either a guest or resident artist are also available in various venues, including but not limited to professional and regional companies, university dance programs, public and private schools, private studios, community programs, theatrical, television and film venues. Equally rewarding dance-related careers are also available in the areas of dance and arts administration, criticism, dance athletic training, dance therapy, history, research, notation, and reconstruction, and theater arts studies. A degree in dance also has many transferrable skills that relate to creativity, communication, collaboration and critical thinking (21st Century Skills).

## Admission to Degree Programs

1. The Bachelor of Art (BA) in Dance is an open enrollment program. Students may enter the Dance BA program by declaring it as a major upon acceptance to the university.
2. The Bachelor of Arts (BA) in Dance Education K-12, Bachelor of Fine Arts (BFA) in Dance, and Bachelor of Fine Arts in Music Dance Theatre (MDT) are limited enrollment programs. Students must audition for acceptance into these degree programs. Please see the Dance Department website (dance.byu.edu) and/or major program coordinators for dates and specific details regarding each program.

## Departmental Requirements

1. All dance technique courses require a grade of at least B– and faculty approval for advancement to next level.
2. Majors must complete annual mandatory advisement and follow the MAP sheet to assure successful course sequencing. Failure to follow suggested course sequencing may result in delayed graduation.
3. Exceptions to major course requirements and sequencing are strongly discouraged and rarely granted.
4. Majors are counseled to maintain healthy lifestyle practices.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Admission to Degree Program

The degree programs in the school carry special enrollment limitations. Please see the BYU Marriott School of Business Undergraduate Advisement Center for specific details.

# The Discipline

The Experience Design and Management major is comprised of a 21-credit core of classes and a variety of elective courses focused on specific career paths. Students in ExDM learn how to design, deliver, and manage experience journeys. Our versatile students employ interdisciplinary design principles, management science, and positive psychology to deliver impactful experiences across diverse contexts.

The interdisciplinary nature of ExDM allows students the opportunity to complete not only their departmental coursework but also learn from BYU Marriott courses as well. BYU Marriott courses prepare students in the areas of leadership and management skills, accounting and finance, marketing, human resources, andcurrent societal issues and trends related to experience-based choices and behaviors.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

# Admission to Degree Program

All degree programs in the Department of Chemistry and Biochemistry are open enrollment. However, special limitations apply for chemistry education majors.

# The Discipline

Chemists and biochemists study the fundamental processes that govern the natural world, including atomic structure and how atoms interact to form molecules and materials. They study the mechanisms of chemical processes, including those that underpin living systems such as the transfer of information from DNA to RNA to proteins. They work to develop simplifying models (theories) that permit the correlation and explanation of observations about the behavior of matter. Chemical principles are fundamental to the understanding of subjects ranging from the

molecular biology of life to the structure of rocks and minerals. Chemistry and biochemistry provide an essential foundation for the medical sciences, engineering (especially chemical engineering), electronics, energy, environmental sciences, materials science, pharmacy, and virtually all manufacturing processes.

Chemistry and biochemistry are active branches of science that are vital to human existence. Inasmuch as the field embraces all aspects of the material world, it is subdivided into five areas of interest. Examples of these diverse areas include the regulation of protein synthesis, cellular signal transduction at the molecular level and proteometrics (biochemistry), design and synthesis of medicinal compounds (organic chemistry), design and synthesis of new molecular structures and materials (inorganic chemistry), spectroscopic study of energy transfer and molecular structures (physical chemistry), and analysis of medicinal compounds, biological materials, and contaminants or trace elements found in the environment (analytical chemistry).

Chemistry and biochemistry involve far more than test tubes and beakers. They include sophisticated methodologies such as recombinant DNA technology, working with a variety of instruments such as mass spectrometers, calorimeters, chromatographs, ultracentrifuges, lasers, X-ray diffractometers, electron microscopes and nuclear magnetic resonance spectrometers, all of which are used by undergraduate chemistry and biochemistry students at BYU. Computers also play an important role in these disciplines, with applications varying from simulation of molecules to the collection and analysis of data. The chemistry and biochemistry curricula are both rigorous and intellectually rewarding.

# Career Opportunities

Graduates in chemistry and biochemistry obtain positions in education and many different industries, performing analysis, synthesis, characterization, observation, and modeling. Those who work hard, are creative, and have intellectual curiosity are in particular demand. The discipline also provides an excellent preprofessional course of study for those interested in medicine, dentistry, law, and business.

# General Information

## Required High School Preparation

1. It is recommended that a student complete the following courses in high school:
    - 3 units of English.
    - 2 units of physical science, chemistry, and physics.
    - 4 units of mathematics, consisting of 2.5 units of algebra, 1 unit of geometry, and 0.5 unit of trigonometry. This should qualify students to begin college mathematics with Math 112, analytic geometry and calculus.

      Because mathematics provides the foundation for all work in the physical and mathematical sciences, particular attention should be paid to high school preparation in this subject.

      To decide which mathematics course should be taken first, contact the Mathematics Department, 292 TMCB, and request a mathematics placement test.
2. All students, especially freshmen and those transferring, should contact the department between March and August each year for advisement about efficient course scheduling and opportunities for student employment.

# Scholarships

Kenneth W. Brighton, H. Tracy Hall, Ida Tanner Hamblin, Boyd A. Waite, Byron J. Wilson, Hiram and Permelia Dayton, Dennis and Shirley Knudson, Parley N. & P. LeRoi Nelson, and other scholarships are available to qualified chemistry majors at the sophomore level and above.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

# Admission to Degree Program

The BS in Computer Science, the Bioinformatics Emphasis and the Data Science Emphasis degree programs in the Department of Computer Science are open enrollment. The Animation Emphasis is limited enrollment and requires admission. For more information about the CS Animation Emphasis, visit cs.byu.edu/animation.

# The Discipline

Computer science touches virtually every area of human endeavor. Software is responsible for everything from the control of kitchen appliances to sophisticated climate models used in predicting future environmental change. Students in computer science learn to approach complex problems in business, science, and entertainment using their strong background in mathematics, algorithms, and data structures.

The degree programs in the Computer Science Department prepare students to be confident software developers and technical problem solvers. The curriculum also trains students for research into new avenues where computers will have a significant impact.

The BS curriculum is accredited by the Computing Accreditation Commission of ABET.

# Career Opportunities

Graduates pursue exciting opportunities in graphics, artificial intelligence, software engineering, database design, scientific programming, systems administration, and research at universities and national laboratories.

Students completing the animation emphasis will be prepared for technical positions at animation and game programming studios. Students will learn both the technical and artistic side of creating and implementing digital animations and games.

The Bioinformatics emphasis is designed for students who are interested in building software to assist in analyzing biological systems. Students will graduate with a significant background in biology coupled with the software development and analysis skills necessary to implement large bioinformatics applications.

# Animation Degree Program

The BFA in animation is an interdisciplinary degree offered by the College of Fine Arts and Communications through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Design, and the College of Physical and Mathematical Sciences' Computer Science Department. Please see the Design section of this catalog for degree requirements, or go to the College of Fine Arts and Communications Advisement Center for more information about entrance requirements to this program.

# General Information

Personnel in the College of Physical and Mathematical Sciences Advisement Center will advise regarding core courses and suggested general education. Questions regarding curriculum and career decisions should be directed to the undergraduate advisor in the Computer Science Department.

**Note:** All hours of credit applied toward a major in computer science must be of C– or better. Students may choose to graduate under later requirements by updating their date of entry into the major at the college advisement center.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**693201 - Computer Science Teaching (Minor)**
**693202 - Computer Science (Minor)**
**693220 - Computer Science (BS)**

FACULTY

# Admission to Degree Program

All degree programs in the Department of Geological Sciences are open enrollment. However, special limitations apply for teaching majors.

# The Discipline

Geological sciences are aimed at understanding the Earth's origin and development and the natural processes that have operated upon it and within it from the time of formation of the solar system. With the development of remote sensing technology and the exploration of the solar system by spacecraft, geological sciences have become increasingly important for understanding not only the Earth but the Moon, other planets and their moons, and small bodies that orbit the Sun.

Understanding the dynamic processes of Earth and other planets is relevant to many societal needs, such as assessment and forecasting of natural hazards, environmental change, and discovery of energy and mineral resources. Some of the diverse disciplines that can be studied in this department include environmental geology, mineral resources, hydrogeology and water resources, petroleum resources geology, plate tectonics, volcanology, geochemistry, geophysics, paleontology, paleoclimatology, and planetary geology.

# Career Opportunities

Graduates have the opportunity to work in diverse locations including in the office or remotely on computers, outdoors and in the laboratory, pursuing careers in energy, mineral, and water resources, environmental evaluation with industry, government, or consulting firms, and in basic research through national laboratories, government or academia. The substantial preparation in basic sciences and mathematics also leads to a broad spectrum of other career opportunities. The most marketable terminal degree in geological sciences is the Master of Science, though there are competitive and stimulating jobs available at the BS and PhD levels. Starting salaries for this degree are often very competitive with those of other disciplines.

# Global Geology Program

When possible, the department provides opportunities for advanced undergraduates and graduate students to examine rocks and geological processes at some premier localities around the world. These one- to two-week field trips allow students to do mentored research projects and develop field expertise rarely available to undergraduate students. Programs that are run every four to five years include:

1. Active volcanism of Hawaii.
2. Carbonate formation in Florida and the Bahamas.
3. Tectonism and plutonism in the northeast Appalachians.

Trips to more distant localities (e.g., Italy, Alaska, India, England) have also been held. Scholarships are available that greatly reduce the cost to students.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.

- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

# Admission to Degree Programs

The degree programs in the Department of Mathematics are open enrollment.

# The Discipline

Mathematics is a means of dealing with order, pattern, and number as seen in the world around us. The abilities to compute, to think logically, and to take a reasoned approach to solving problems are highly valued in society and are characteristics of any educated person. Mathematics is not just a body of knowledge, but a process of analysis, reasoning, comparison, deduction, generalization, and problem solving.

A mathematician's stock in trade is the ability to solve problems and to explain the solutions to others. Having once determined what the right questions are, solving problems involves analyzing both concrete and abstract situations, relating them to mathematical ideas, and using mathematical techniques to work toward solutions. Explaining the solution involves pointing out what has been solved and why the solution is valid.

# Career Opportunities

Majors in mathematics (BS) prepare for a wide variety of careers. Some enter graduate school or professional schools and prepare for careers in

such fields as college teaching, consulting, research and development, law, medicine, and business administration. Others take positions in government agencies, industrial laboratories, information management firms, or business organizations. All of them spend much time communicating with colleagues about the problems they are solving as they continue to learn more mathematics and share mathematical ideas with others.

# General Information

Questions regarding placement should be directed to the Department of Mathematics, 275 TMCB.

1. It is recommended that a student complete the following courses in high school:
    - 4 units of English
    - 1 unit of physics or chemistry.
    - 4 units of mathematics, including 2.5 units of algebra, 1 unit of geometry, and .5 unit of trigonometry. This qualifies a student to begin college mathematics with Math 112. If calculus is available in high school, a student planning to major in mathematics is strongly encouraged to take it; doing so requires completing one of the preceding algebra units before high school.
    - Advanced Placement (AP) credit is available in mathematics as follows:
        - A score of 3 on the calculus AB exam gives credit in Math 110 and 111; a score of 4 or 5 on the calculus AB exam gives credit in Math 110 and 112.
        - A score of 3 on the calculus BC exam gives credit in Math 110 and 111; a score of 4 on the calculus BC exam gives credit in Math 110 and 112; a score of 5 on the calculus BC exam gives credit in Math 112 and 113.
        - An AP student without credit in Math 112 must begin with Math 112; an AP student without credit in Math 113 must begin with Math 112 or 113.
    - AP students should direct Educational Testing Service (ETS) to report scores to BYU to have credit posted.

Questions regarding placement should be directed to the Department of Mathematics, 275 TMCB.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Admission to Degree Program

Candidates for all teacher preparation programs are required to complete an application that includes core criteria for each program. Students interested in the Mathematics Education major can declare the Mathematics Education pre-major as soon as they are accepted into BYU. During the MthEd 276 course, students will complete an application (details of the application process will be provided in the course) to be formally admitted to the Mathematics Education major. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the undergraduate catalog.

# The Discipline

Mathematics is the discipline through which we make sense of the order, patterns, and quantitative situations we perceive in the world around us. The foundational skills of this discipline—the abilities to formulate, focus, and solve problems; to articulate, test, and justify conjectures; to communicate one's reasoning about quantities and the relationships between them; and to see connections between different mathematical ideas and real-world contexts—are highly valued in society and are characteristics of any educated person. Mathematics is not only a body of knowledge but also a process of analysis, reasoning, comparison, deduction, generalization, and problem solving.

Mathematics educators depend heavily upon their own understanding of mathematics in order to identify and articulate the mathematical ideas they want students to learn, to assess which concepts their students already understand that might serve as a foundation for learning, and to develop activities that help students develop rich understandings. They also use their understanding of the nature of the discipline to structure a culture of inquiry, reasoning, and problem solving in their classrooms.

Courses in the undergraduate program are designed to help prospective teachers plan, manage, and implement classroom activities that facilitate students' learning of mathematics. Specific program goals include (1) mastery of the foundational skills of mathematics, (2) deep reflection on mathematics learning at all levels through observation of and participation in high-quality classroom practice, (3) increased autonomy and confidence as an investigator, active learner, and productive thinker, and (4) extended field experience, informed by the best current understanding.

Program faculty include educational and mathematical researchers, specialists in both preservice and inservice teacher education, and school practitioners, spanning a broad range of interest and experience.

# Career Opportunities

*Within Education*: Majors in mathematics education prepare for careers in molding and shaping the future minds of the world. Majors prepare for jobs high in demand teaching mathematics at the middle and high school levels. The skills learned in math education set students apart in STEM fields, and the teaching skills gained will allow them facilitate meaningful mathematics learning. Outside the physical classroom, math education graduates can develop curriculum or educational software, and work in organizations that provide tutoring, online education or distance learning. Graduates are well positioned to pursue advanced degrees in order to facilitate professional development at the district and state administration levels or to qualify to teach higher education.

*Outside of Education*: Majors in mathematics education graduate with a broad background in advanced mathematics and mastery of essential communication skills. Graduates who choose to forego the traditional teaching route have found rewarding careers in business, computer programming, information technology, operations research, cryptography, finance and more. Not only are mathematics education graduates prepared to solve problems in these fields using their mathematical background, but their teaching experiences prepare them to be highly effective in communicating solutions to others.

# General Information

It is recommended that a student complete the following courses in high school:

- 4 units of English.
- 1 unit of physics or chemistry.
- 4 units of mathematics, including 2.5 units of algebra, 1 unit of geometry, and .5 unit of trigonometry. This qualifies a student to begin college mathematics with Math 112. If calculus is available in high school, a student planning to major in mathematics education is strongly encouraged to take it; doing so requires completing one of the preceding algebra units before high school.
- Advanced Placement (AP) credit is available in mathematics as follows:
  - A score of 3 on the calculus AB exam gives credit in Math 110 and 111; a score of 4 or 5 on the calculus AB exam gives credit in Math 110 and 112.
  - A score of 3, 4, or 5 on the calculus BC exam gives credit in Math 112 and 113.
  - An AP student without credit in Math 112 must begin with Math 112; an AP student without credit in Math 113 must begin with Math 112 or 113.
  - AP students with credit in Math 113 are urged to begin with Math 113 anyway, unless they scored 5 on the calculus BC exam.
  - AP students should direct Educational Testing Service (ETS) to report scores to BYU to have credit posted.

Questions regarding placement should be directed to the Mathematics Education Department, 167 TMCB.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

# Admission to Degree Program

All degree programs in the Department of Physics and Astronomy are open enrollment. However, special limitations apply for teaching majors.

# The Discipline

Over the centuries physicists and astronomers have studied the principles that govern the structure and dynamics of matter and energy in the physical world, from subatomic particles to the cosmos. Physicists seek to expand human knowledge through experiment, theory, and computational methods, in fundamental areas such as acoustics, astronomy, atomic and molecular physics, biophysics, condensed matter physics,

cosmology, medical physics, nanotechnology, nuclear physics, optics, particle physics, plasma physics, quantum mechanics, relativity, and thermodynamics. Physicists also apply this understanding to the development of new technologies. For example, physicists invented the first lasers, semiconductor electronic devices, and stereo sound.

Physics and astronomy students learn to approach complex problems in science and technology from a broad background in mechanics, electricity and magnetism, statistical and thermal physics, quantum mechanics, relativity, optics, and acoustics. The tools they develop at BYU include problem solving by mathematical and computational modeling, as well as experimental and observational discovery and analysis. All students gain professional experience via a research senior thesis, capstone project, internship project, or student teaching, usually in close association with a faculty member. Together these experiences can provide excellent preparation for employment or for graduate studies in physics, other sciences, engineering, medicine, law, or business.

Most physicists and astronomers work in research and development in industrial, government, or university labs to solve new problems in technology and science. They also share the beauty discovered in our physical universe by teaching in planetariums, high schools, colleges, and universities.

# Career Opportunities

"More than most other majors, a physics degree is a passport into a broad range of science, engineering, and education careers." — Sloan Foundation

A degree in one of the physics-related majors can provide:

1. Preparation for those who intend to enter industrial or governmental service as engineers, technicians, physicists or astronomers.
2. Education for those who intend to pursue graduate work in physics or astronomy.
3. Education in the subject matter of physics for prospective teachers of the physical sciences. This is normally done through the Physics Teaching or Teaching Physical Sciences majors, the Physics Teaching minor, or Applied Physics major with a teaching emphasis.
4. Undergraduate education for those who will pursue graduate work in the professions: business (e.g., an MBA), law (especially patent law), medicine, medical physics, etc.
5. Science, technical, and research background for graduate school in engineering, biophysics, or physical sciences.
6. Physics fundamentals required by the biological science, medical, dental, nursing, and related programs.

For more information about careers for physics and astronomy majors, see Careers for Physics Majors.

# General Information

1. It is recommended that a student complete the following courses in high school:
    - 3-4 units of English
    - At least 1 unit of physical science, either chemistry or physics (more is better)
    - 4 units of mathematics, consisting of algebra, geometry, trigonometry, and (if possible) calculus. This should qualify students to begin college mathematics with Math 113, Calc 2. Because mathematics provides the foundation for all work in the physical and mathematical sciences, high school preparation in this subject is of particular importance.
    - Students are encouraged to gain some experience in computer programming, which will help prepare them for various required computer programming and computational physics classes at BYU
2. Physics and Astronomy majors should generally take one mathematics class per semester, beginning the first semester of the freshman year, until their mathematics requirements are complete (i.e. through Math 303 or 334). Most physics majors begin with Math 113. If calculus was not studied in high school, students can take Math 112 concurrently with Phscs 121 during the fall semester of their freshman year; then continue with Math 113 in winter semester.
3. All Physics and Astronomy majors are assigned a faculty mentor to be their academic advisor, with whom they must meet at least once per year.

# Scholarships

Various departmental scholarships are available for students in Physics and Astronomy. Both academic record and financial need are taken into account. Preference is often given to students who are farther along in the major, so generally students must be at the sophomore level or above for their applications to be competitive. For more information see the Physics Scholarships page.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Admission to Degree Program

All degree programs in the Department of Statistics, except Actuarial Science, are open enrollment. To major in Actuarial Science, a student must pass one exam of the Society of Actuaries (SOA), often Exam FM, before declaring an actuarial science major.

# The Discipline

Statisticians help determine the sampling and data collection methods, monitor the execution of the study and the processing of data, and advise on the strengths and limitations of the results. They must understand the nature of uncertainties and be able to draw conclusions in the context of particular statistical applications.

Actuaries are business professionals who analyze the financial consequences of risk. Actuaries use statistics, mathematics, and financial theory to study uncertain future events, especially those of concern to insurance and pension programs. They evaluate the likelihood of those events and design creative ways to reduce the likelihood and decrease the impact of adverse events that actually do occur. Their work requires a combination of strong analytical skills, business knowledge, and understanding of human behavior to design and manage programs that control risk.

# Career Opportunities

The curriculum and degrees offered through the Department of Statistics are designed to equip students with decision-making skills for careers as professional statisticians in industrial organizations, government agencies, insurance companies, pharmaceutical companies, universities, and research institutes. The technical tools statisticians acquire are useful in many areas, and for this reason a statistics degree is also excellent preparation for professional programs in business administration, medicine, law, and public administration.

# General Information

1. It is recommended that a student complete the following courses in high school:
    - 3 units of English.
    - 1 unit of physical science, either chemistry or physics.
    - 4 units of mathematics, consisting of 2.5 units of algebra, 1 unit of geometry, and 0.5 unit of trigonometry. This should qualify students to begin college mathematics with Math 112, analytic geometry and calculus.
        - Because mathematics provides the foundation for all work in the physical and mathematical sciences, particular attention is paid to high school preparation in this subject.
2. Students are encouraged to complete 15 credit hours each semester. Taking fewer credits substantially increases the cost and the number of semesters to graduate.
3. An integrated BS/MS program is available. This program allows Statistics students from all statistics emphases to receive their bachelor's and master's degree in five years of schooling. It is available to students who have taken Math 112, Math 113, Math 213, Math 215, Math 314, Stat 230, Stat, 240, Stat 330 and Stat 340 and have less than 6 credits left until completion of the bachelor's degree. Interested students must complete a department application by February 1 for admission the following Fall semester.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

## Admission to Degree Program

All undergraduate degree programs in the Department of Anthropology are open enrollment.

## The Discipline

Anthropology's central aims are to describe, interpret, and make meaningful human behavior in sociocultural systems. Anthropology also seeks to explain the similarities and differences in human behavior patterns among all peoples and cultures, both in the present and the past. Social and cultural anthropology study human society in the present, using participant-observation, interviewing, and other techniques to understand the full round of life in a single culture, subculture, or multicultural system. Archaeology provides methods for learning about the world's peoples who are no longer living; thus it is an important part of the anthropological family of special skills and interests. Museum Studies integrates the above skills with the management, curation, research, and display of museum-quality ethnographic and archaeological collections in professional museum settings.

## Career Opportunities

Distinctive contributions are made by both anthropology and archaeology majors, and therefore jobs are available wherever social and cultural differences or social system complexities exist. International development, social services, businesses, schools, development projects, medicine, and law all offer significant careers. Recent concern with environmental protection has opened up others. University teaching and research positions are limited in growth, but highly qualified students can find positions after obtaining the PhD.

For archaeology majors, both legal and societal interest in understanding and preserving the past have resulted in increased job opportunities in state and national agencies required to observe recent preservation laws and in private corporations serving this end. Archaeologists working in international regions are not only employable in scholastic venues of teaching and research, but also in international heritage site development.

For those students interested in combining Museum Studies courses with anthropology, employment opportunities exist in many collections-related venues including museums, libraries, and research institutes that rely on maintaining large collections of specimens for scholarly use.

General Information

1. Each student wishing to major in anthropology should arrange through the college advisement center to counsel with an advisor and prepare a proposed sequence of study. Following this, the student should meet with the assigned faculty advisor for final approval of the program.
2. Undergraduate students are allowed some, but not excessive, specialization.
3. All degrees are in the field of anthropology.

## Special Opportunities for Field Study

The department offers a number of unique curriculum and field study opportunities. Selected courses are regularly counted toward BYU's major. Consult with the department chair or your faculty advisor about equivalencies.

Archaeology students complete their requirement in the field school typically held in conjunction with an ongoing, local (Utah) research project and occasionally in more exotic settings (Jordan).

Sociocultural faculty rotate leading ethnographic field schools abroad in India, Latin America, Africa, and Southeast Asia.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

FACULTY

# Admission to Degree Program

All degree programs in the Department of Geography are open enrollment.

# The Discipline

Geography offers a variety of programs centered around spatial analysis and tailored to meet the future needs of individual students. Our modern computer laboratory allows students to gain practical experience with geographical information systems (GIS), remote sensing, cartography, and other programs in urban and regional planning, travel, and population studies.

# Career Opportunities

Graduates are employed in a wide range of private and governmental positions. Job titles include geographer; teacher of geography; city or regional planner; cartographer; photo interpreter; commodities and industrial location analyst; intelligence, travel industry, or environmental and GIS specialist; and many others.

Skills in spatial analysis make geography a valuable minor or supporting field for many other disciplines.

# General Information

1. The Department of Geography offers one major with six emphases. The emphases are designed to enable students to gain an appreciation of our world as well as prepare them for either a career or graduate school. All students are required to take a set of core courses that emphasize basic geographic concepts and ways of knowing that are common to all six emphases. These courses prepare students for specialization in upper-division courses.

   Geography at Brigham Young University focuses on our interdependent world: the spatial relationships between the physical landscape, diverse societies, and current events. The major nourishes a sense of curiosity about the world around us, a desire to serve our local and global communities, and the skills necessary to solve significant problems that are inherently spatial.

   Hundreds of students major in geography to prepare for a professional career, for graduate study, or because of an interest in exploring and understanding the world around them. We emphasize both technical and critical thinking skills, including geographic information systems (GIS) and remote sensing, statistics, data collection, interpretation, and communication using the written and spoken word and visual data display (maps, charts, and graphs).

2. All students admitted to one of the geography majors listed above should complete the following core courses within one year of declaring a major:

   Geog 100, 101, 110, 120, 130, 211, 222.

3. Exit assessment: Students must complete an exit assessment during their final semester no later than one month before graduating. The assessment is meant to evaluate the department's program goals and student learning outcomes. Although the assessment is a formal requirement, the results are anonymous and will not be part of the student's academic records.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

The School of Family Life is committed to enhancing the quality of life of individuals and families within homes and communities. Accordingly, the mission of the school is to:

- Provide instruction that fosters commitment to the principles in *The Family: A Proclamation to the World.*
- Conduct research that contributes to the understanding and enhancement of human development, temporal well-being in the home, marriage and family relationships.
- Help students develop the attitudes, beliefs, behaviors, and skills that characterize persons of positive influence—in their own marriage and families, in their professions, in church and public service, and in other personal relationships.

# Admission to Degree Program

All degree programs in the School of Family Life are open enrollment.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

# Admission to Degree Program

All degree programs in the Department of History are open enrollment. However, special limitations apply for teaching majors.

# The Discipline

History stands at the heart of a liberal arts bridge between the humanities and social sciences. Historical understanding is thus basic to the life of an educated human being. As such, it is the ideal major for the student who wants the broad educational background for entrance into professions such as law, government service, or business, or who wants a liberal arts education. History can also be valuable training for someone who plans to teach.

# Career Opportunities

In recognition of the broad range of uses to which historical education can be put, the field of public history has emerged in recent years. Today people whom others would consider bankers, lawyers, corporate executives, or public servants view themselves as historians—public historians. They are the people with analytical skills provided by their historical education who work outside the university but who consider themselves historians by virtue of the value of the training they have received. A significant percentage of the jobs listed by firms and agencies with BYU's Employment Office specify no major. Many of these will be taken by public historians anxious to serve their employers with the valuable skills learned in their history major.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

## Admission to Degree Program

All degree programs in the Department of Political Science are open enrollment.

# The Discipline

The political science major is designed to fulfill the admonition of the Doctrine and Covenants (88:79–80) to teach one another "things which are at home, things which are abroad; the wars and the perplexities of the nations, and the judgments which are on the land; and a knowledge also of countries and of kingdoms that ye may be prepared in all things."

Politics and government are central to the human condition, involving fundamental collective choices about our local, national, and global communities. Successful governance establishes justice, ensures tranquility, promotes welfare and prosperity, and secures liberty. Failed governance brings violence, poverty, chaos, and fear. Politics lays bare our highest aspirations and our basest impulses.

Political science involves a wide range of theoretical, empirical, and moral inquiry into the fundamentals of governance, with diverse perspectives about the nature, uses, and abuses of power. Students learn various methods of inquiry, ranging from statistical analysis of quantifiable data to historical methods to interpretation of influential philosophical texts. With these skills, political science students consider the nature of justice, the causes of domestic and international conflict, the diverse forms of government, the dangers of authoritarianism, the global interconnections among governments and societies, how well governments and politicians represent citizens, and the ways that political parties and mass media shape public participation and public policy. Political science graduates reflect on their own political values, engage respectfully with competing ideas, and become prepared “in all things” to lead their lives more responsibly and intelligently and to influence their communities for the better.

# Career Opportunities

Political science improves students’ critical thinking, reading, writing, and methodological skills, which helps prepare them for essential responsibilities as a person and as a citizen, as well as for additional studies and employment in a modern economy. More specifically, the Political Science department offers a series of undergraduate emphases in political science for students who are preparing for public service, non-profit work, research careers, or professional degrees in law or business. These emphases are: Global Development, International Strategy and Diplomacy, Legal Studies, Political Strategy, and Research and Data Analysis.

# Internships

Political science students are encouraged to enrich their undergraduate education and enhance their career prospects with an off-campus internship experience. Several high-quality opportunities are available for which credit may be earned toward the major or minor.

**Washington Seminar.** Students from any academic discipline spend a semester or term in Washington, D.C., working in government, business, communications, or the arts. The program includes course work on contemporary national issues. Participants earn 6 to 12 hours of upper-division credit.

**Utah State Legislature Internship.** During each winter semester, students from any academic discipline may work as interns in the Utah State Legislature. Students interested in legislative and public policy processes will particularly benefit from the experience. Participants earn 5 to 14 hours of upper-division credit and a small stipend.

**International Internships.** The International Internship Program at the David M. Kennedy Center places students in a variety of internships with foreign governments and international institutions. Some of these internships are eligible for credit towards the major.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education. (For a complete listing of courses that meet university core requirements, see here.)

- At least 30 credit hours in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

## Admission to Degree Program

All undergraduate degree programs in the Department of Psychology are open enrollment.

# The Discipline

Psychology is a traditional discipline in the liberal arts and sciences and is rooted in the Western intellectual tradition. Since its founding in the late nineteenth century, psychology has distinguished itself primarily as a science with a wide scope of interests. Many psychologists also provide treatment for a broad range of disorders, and others work to solve pressing social issues. The diverse world community of academic and professional psychologists is devoted to expanding our understanding of individual and collective behavior and applying that understanding toward improving the human condition.

The department joins students and faculty together to make a scientific and applied contribution to the discipline of psychology. Its faculty members and administrators are committed to an educational experience that excites learning and understanding in personal and collaborative settings. At the same time the department honors the restored gospel as vital for psychological theory, as a guide for professional conduct, and as a source of unique insight. Aware of the history of psychology and as active participants therein, faculty members hold students to high standards of individual and collective performance and understanding. Students are expected to respond to multiple styles of teaching and broad opportunities for engagement in research and application with serious and sustained interest and effort. In this way the department distinguishes itself as a community of scholarship, moral principle, and devotion to the elevation of humankind.

# Career Opportunities

The psychology major is a gateway to professional employment and to advanced study in psychology. Psychologists engage in a variety of academic roles as teachers, researchers, and administrators and also provide counseling, clinical, and consulting services to individuals and organizations. Psychologists are employed by colleges and universities, public and private schools, clinics, and hospitals. They work in private practice and for corporations and government entities. The study of psychology has particular value for family life and for civic and cultural roles generally. The psychology major provides a well-informed perspective on human and organizational behavior in preparation for occupations in law enforcement, law, or business.

Most professional positions require a master's or doctoral degree, although a bachelor's degree may be sufficient to gain employment in mental health care, detention and probation services, auxiliary social work, personnel, or human resources. Further, the psychology major gives students a particularly strong background leading to graduate study in business, law, or medicine.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

# Admission to Degree Program

All degree programs in the Department of Sociology are open enrollment.

# The Discipline

Sociology is the study of social relations. For example, sociologists study social interactions, the relations of power, modern society, family and community life, organizations, and institutions. Among other things, sociologists study social change and social movements, diversity, the origins of inequality, and social conflict. The study of sociology includes learning about the theoretical perspectives and the diverse research methodologies that inform sociological analysis.

# Career Opportunities

Students major in sociology in preparation for a number of different careers. Individuals are trained to analyze available information, summarize findings, draw conclusions, and solve problems. The study of sociology prepares a student for professional training in law, social work, public policy, and public or business administration. Sociology also provides training for occupations that do not require graduate training: commercial and retail sales, real estate, financial planning, information management and analysis, and market research. Students interested in working for nonprofit organizations and for government agencies should consider majoring in sociology. Students interested in studying criminology or a career in law enforcement may also consider sociology as a major. Sociology is also good preparation for improving the quality of life in our families and communities.

Becoming a sociologist requires further graduate study, either a PhD or a master's degree.

# Admission to Degree Program

All degree programs in the Department of Economics are open enrollment. However, special limitations apply for teaching majors.

# The Discipline

Economics examines how societies choose to allocate scarce resources among competing uses. A broad range of contemporary policy issues are studied in fields such as natural resource and environmental economics, economic development and growth, international trade and finance, economic history, the organization of industries, the development and efficiency of law, business cycles, labor markets, and public and private finance.

# Career Opportunities

Professional economists work in three basic areas: business, government, and academics. Undergraduates generally pursue training beyond their BS in economics if they wish to become professional economists.

Those in business forecast and analyze various aspects of the economy or of particular markets and most often work for brokerage firms, business or economic consulting firms, investment banks, insurance companies, or large manufacturing firms.

Those in government accumulate, interpret, and analyze national and international data in support of policy development and work for agencies such as the U.S. State Department, Treasury Department, Bureau of Labor Statistics, and Office of the Trade Representative; for state planning bodies and regulatory commissions; or for international bodies like the World Bank or IMF.

Academic economists teach and conduct research at colleges and universities. Entry into these positions requires training at least as far as the master's level; for the most part, the professional degree is the PhD.

Undergraduates who are not interested in post-undergraduate study in economics generally pursue one of three options: graduate training in a profession (e.g., the MBA, MPA, JD, or MD); employment with a business consulting, economic consulting, brokerage, or other specialized service provider that relies to a substantial degree on economic analysis; or employment with a government agency or entity that relies on economic analysis and data. In the latter two areas, undergraduates typically gather and analyze data and provide research support under the direction of professional staff economists. A BS in economics is also very good preparation for those interested in foreign service careers or work with organizations in economic development, international finance, or actuarial licensing. Many undergraduates pursue business careers, including those of finance, marketing, sales, and production.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.

# Message from the Chair

As an integral part of Brigham Young University and Religious Education, the Department of Ancient Scripture exists to "assist individuals in their quest for perfection and eternal life" by teaching the restored gospel of Jesus Christ. In this context we seek to help students reach the aims of a BYU education through providing instruction and experiences that are spiritually strengthening, intellectually enlarging, character building, and leading to a commitment of lifelong learning and service. The central means utilized by the faculty and staff of the department to help students obtain these goals is teaching and research concerning the doctrines, covenants, ordinances and history found in the scriptures of The Church of Jesus Christ of Latter-day Saints.

In addition to assisting students to increase their "faith in God and in the restored gospel," those who successfully complete Ancient Scripture courses will have been instructed concerning the "*reason* for the hope" (JST 1 Peter 3:15, italics added) that is within them, thus emphasizing the importance of "learning, even by study and also by faith" (D&C 88:118).

# Message from the Chair

The Department of Church History and Doctrine seeks to assist students and other Latter-day Saints in their quest for eternal life by teaching and researching the restored gospel of Jesus Christ. While their primary purpose is to teach and mentor students in a classroom setting in ways that are both intellectually enlarging and spiritually strengthening, faculty members also produce scholarship for the larger academic and Latter-day Saint communities. The department encourages teaching and scholarship that conform to the highest academic standards, and that lead to thoughtful, meaningful discussions of the church's history, faith, and people.

# Entrepreneurial Management

## The Discipline

Entrepreneurs seek to make the world a better place by creating valuable products and services that improve the lives of customers and add value to the economy. Entrepreneurs may create and start business ventures to bring these ideas to market, while others pursue these efforts as employees in companies ranging from startups to established firms. Others may focus on acquiring, owning and managing business ventures of all sizes and types. No matter where they find themselves, entrepreneurs seek to discover problems and innovate to solve those problems.

## What Can Entrepreneurial Management Graduates Do?

Graduates typically create, launch, and manage a new business venture, work for startup ventures or rapidly growing enterprises, or join a larger established company in a product development and business development role.

Previous companies entrepreneurship students have started include: 1-800-Contacts, Allegiance, DearElder.com, J Dawgs, KT Tape, Novi Security, HM Cole, Eco-Scraps, FiberFix, Owlet, Estify, KiTech, and Entrata (formerly Property Solutions). Students have also been hired by larger firms such as Kohls, Barclays Capital, General Mills, Aramark, and Qualtrics.

# Human Resources Management

## The Discipline

Converting human capital (employee skills and knowledge) into strategic, sustainable competitive advantages for organizations. Specifically, attracting, selecting, developing, and retaining the best talent to help an organization achieve its strategic goals through the management of the employee experience.

## What Can Human Resource Graduates Do?

Human resource professionals' main focus is to recruit, develop, and retain the employees of an organization. They maximize an organization's use of talent by finding and hiring capable employees and providing training and development experiences. As the bridge between managers and employees, they maintain positive employee relations and improve employee satisfaction, and performance. They administrate employee benefits, supervise development and wellness programs, and oversee disciplinary systems and rewards programs. Other options include careers in leadership development and in organizational or human capital consulting focusing on an organization's structure, strategy, or culture. HRM professionals may become senior executives, such as the Chief Human Resources Officer or the Executive Vice President of Human Resources.

# Strategic Management

## The Discipline

A company's strategy is a plan to gain and sustain competitive advantage. This plan reflects how company leaders think about what it takes to succeed in their market. At its core, strategy is the idea that successful companies will figure out how to offer to customers unique value that cannot be imitated by competitors.

## What Do Business Strategists Do?

Strategists help a company achieve competitive advantage by developing plans that allow the company to offer unique value to their customers. Strategists collect and analyze information about competitors, customers, and the resources and capabilities of the company. Strategists use this analysis to make recommendations about where to invest and what actions to take, over time, in order to achieve superior firm performance. Recommendations may address revenue growth, competitive positioning, acquisitions, building internal processes and capabilities, structuring existing assets or resources, entering new markets, product launches, or any other aspects that can result in higher performance for the company or ensure that competitors will find it difficult to imitate a company's moves.

Strategists work in several interesting roles such as business managers, business analysts, consultants, corporate strategists, and product management.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student

FACULTY

# Admission to Degree Programs

All majors within this department are open enrollment programs.

# The Discipline

The Department of Biology focuses on training students in the genetic, organismal, population, community and ecosystem perspectives of the biological sciences. Fields include bioinformatics, biology education, botany and mycology, ecology, evolution, systematics, genetics, genomics, human health, veterinary science and zoology.

# Career Opportunities

Biology entails rigorous, broad training and synthetic reasoning, which prepare students for careers in a wide variety of professional fields ranging from technical work in research laboratories to field technicians for environmental research companies or government agencies. Majors may develop their interest in such diverse areas as environmental biology, evolutionary biology, aquatic biology, molecular biology, plant biology, or systematics. Students satisfy the requirements for graduate studies in the biological sciences or professional schools.

Students in the Biology major receive the broadest and most flexible education.  Students in this major frequently progress to MS and PhD programs in many biological fields, as well as professional schools.

The Bioinformatics major is for students with interests in both the computer and the biological sciences. The degree merges these interests in the areas of bioinformatics and computational biology, giving students the skills for graduate or professional (medical, dental, law) schools or immediate employment opportunities after completing the undergraduate program, especially with biotechnology companies.

The Biological Science Education major provides a solid foundation in courses that meet the National Science Teachers Association certification requirements for secondary education biology teaching. The program also prepares students for continuing their education in graduate school.

The Conservation Biology major is designed to provide students with a broad scientific background in preparation for a career or graduate study in conservation fields, but with a specific focus on biodiversity science. Graduates will acquire knowledge of the issues and problems of sustainable resource usage, conservation of endangered biota, long-term preservation of biodiversity, ecosystem services and ecological economics, and management and conservation of ecosystems.

Pre-veterinary medicine students interested in veterinary medicine are encouraged to incorporate required pre-veterinary curriculum into an academic program of their choosing. See the description of the biology major for additional information.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student

- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

## Programs

**282021 - Bioinformatics (BS)**
**282022 - Biology (BS)**
**282024 - Biological Science Education (BS)**
**282025 - Biodiversity & Conservation (BS)**

## Courses

**BIO 100 - Principles of Biology**
**BIO 120 - Field Biology**
**BIO 130 - Biology**
**BIO 165 - Introduction to Bioinformatics**
**BIO 194 - Introduction to Mentored Research**
**BIO 220 - Biological Diversity: Animals**
**BIO 230 - Biological Diversity: Plants**
**BIO 235 - Field Botany**
**BIO 250 - Evolutionary Medicine**
**BIO 264 - Statistical Analysis for Biologists**
**BIO 276 - Exploration of Teaching in Biological Sciences**
**BIO 310 - Comparative Animal Physiology**
**BIO 316 - Advanced Scientific Writing and Communication**
**BIO 350 - Ecology**

FACULTY

# Admission to Degree Program

All degree programs in the Department of Cell Biology and Physiology are open enrollment.

# The Discipline

Cell Biology and Physiology are exciting branches of biology that study the structure, function, and molecular mechanisms of cells, tissues, organs, and organ systems of living organisms. Knowledge and advancement in these fields underlies our modern understanding of human health and disease. Faculty and students work to understand such remarkable processes as how the heart develops and works to pump blood, how brain cells communicate with one another, how insulin regulates blood sugar, and how specific gene products determine the morphology and functional capacity of the nervous system. Building on a foundation of chemistry, physics, and biology, the integration of molecular, cellular, systems, and whole-body function is what distinguishes the Cell Biology and Physiology major from other life science majors. The related Biophysics major uses methods of physics, chemistry, mathematics, and biology to investigate the *physical* basis of life.

# Career Opportunities

Degree programs in the Department of Cell Biology and Physiology prepare students to pursue advanced professional or graduate degrees or to enter directly into employment. Majors provide outstanding preparation for students seeking admittance into professional programs in medicine, dentistry, optometry, podiatry, chiropractic, or pharmacy. Students who have aspirations of doing health-related research, postsecondary life science teaching, or biotech innovation will find excellent preparation for entrance into graduate programs and beyond. Graduates will also have the academic and laboratory skills necessary for employment in medical, biotech, and pharmaceutical industries. Programs offer students pursuing advanced degrees in business, public management, or law the knowledge and training necessary for admission to professional schools and work in governmental agencies, health care and biotechnical industries, and patent or health care law.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

# Admission to Degree Program

All degree programs in the Department of Plant and Wildlife Sciences are open enrollment.

# The Discipline

Disciplines in the Department of Plant and Wildlife Sciences focus on four of the great dilemmas facing mankind in the twenty-first century: harnessing biological technology to meet the needs of an expanding human population in the developing world; assessing and minimizing the impact of human activities on an increasingly vulnerable environment; management and conservation of wildlife and wildlands; and managing landscapes to meet increasing water, space, and other resource limitations while enhancing the aesthetic quality of urban environments.

Majors offered provide a flexible education for directly entering the job market or preparing for graduate or professional schools in business, engineering, the health professions (medical and dental schools), landscape architecture, law, natural resources, public administration, or science.

# Career Opportunities

## Genetics and Biotechnology

The discipline of genetics and biotechnology focuses on applications of molecular biology and genomics to solve problems related to health, crop and animal production, forensics, and environmental remediation. This field holds tremendous promise for meeting food sustainability needs in the developing world, delivering medical treatments customized to each patient's genomic makeup, and reducing human impacts upon the environment. The major program educates students in scientific principles and current biotechniques through a combination of classroom instruction and mentored laboratory experience on original research projects with faculty and graduate students. Graduates are prepared for immediate employment in the biotechnology industry or for graduate study in biotechnology, molecular genetics, or the health professions. An optional, integrated track in biotechnology business affords students the option of obtaining a management minor through the Marriott School of Management in preparation for management careers in life sciences industries or for law school and subsequent careers as biological patent attorneys.

## Environmental Science

Students majoring in environmental science learn fundamental principles of ecology; biodiversity; conservation; chemistry; engineering; geology; geography; and plant, animal (invertebrate/vertebrate), and soil sciences to help them solve environmental problems. They are prepared for graduate study and direct employment in fields dealing with assessing and remediating human-induced environmental impacts, as well as for careers in law, business, and the health professions.

## Landscape Management

This program is accredited by the Professional Landcare Network (PLANET), the leading professional organization in landscape contracting. The major combines practice and instruction in horticultural science, business, and landscape design to prepare students for employment as managers in landscape contracting or for graduate studies in business, law, landscape architecture, and horticulture.

## Wildlife and Wildlands Conservation

Wildlife and wildlands conservation is directed at managing wildland ecosystems-optimizing the function and services of natural ecosystems. Students are educated in wildland plants, animals, soils, and ecology, as well as wildlife and land management techniques. Graduates are well prepared to deal with complex issues involving wildlife and wildlands management and the overall conservation of natural resources.

This degree program qualifies students to work for a wide array of government and private land-management and conservation agencies. Students can qualify for federal job series employment in wildlife biology, range conservation, ecology, zoology, and botany. Common employers of these students include the U.S. Forest Service, Bureau of Land Management, Natural Resource Conservation Service, Fish and Wildlife Service, Park Service, and state wildlife management agencies. Graduates are well prepared to deal with complex issues involving wildlife and wildlands management and the overall conservation of natural resources.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

## Programs

**282023 - Wildlife & Wildlands Conservation (BS)**
**285802 - Environmental Science and Sustainability (Minor)**
**285824 - Environmental Science and Sustainability (BS)**
**285801 - Plant and Landscape Systems (Minor)**
**285823 - Genetics, Genomics, & Biotechnology (BS)**
**285825 - Plant and Landscape Systems (BS)**

## Courses

PWS 100 - Plants in the Environment
PWS 101 - Cultural History of Medicinal Plants
PWS 103 - Residential Landscape Design
PWS 105 - Landscape Design Graphics
PWS 110 - Sustainable Food Crop Systems
PWS 112 - Floral Design
PWS 115 - Introduction to Wildlife and Wildlands Conservation
PWS 135 - Safety Certifications for Field Biologists
PWS 150 - Environmental Biology
PWS 155 - Careers in Environmental Science
PWS 168 - Personal Genomics: Me and My Genes
PWS 180 - Climate Change: Science and Solutions
PWS 188 - Introduction to Genetics, Genomics, and Biotechnology
PWS 191 - Introduction to Plant and Landscape Systems
PWS 198R - Plant and Landscape Systems Practicum
PWS 199R - Academic Internship
PWS 205 - Landscape Computer Applications
PWS 211 - Hardscape Materials and Structures
PWS 212 - Principles of Irrigation
PWS 213 - Interior Plants and Landscapes
PWS 214 - Bidding and Estimating
PWS 215 - Principles of Range Management
PWS 216 - Plant and Landscape Lighting
PWS 220 - Trees
PWS 225 - Principles of Wildlife and Fisheries Management
PWS 250 - Field Ecology
PWS 270 - Animal Husbandry
PWS 272 - Coding for Genetic Analysis
PWS 274 - Applied Biostatistics
PWS 275 - Genetics and Reproduction.
PWS 282 - Soil Science
PWS 283 - Soil Science Laboratory
PWS 288 - Molecular Genetics Laboratory
PWS 292R - Introduction to Mentored Learning Experience
PWS 301 - Plant Propagation
PWS 303 - Soil Conservation and Management
PWS 303 - Soils Conservation and Resources
PWS 305 - Watershed Ecology
PWS 306 - Watershed Ecology Laboratory
PWS 315 - Conflict Resolution Management
PWS 316 - Advanced Scientific Writing for Genetics Majors
PWS 319 - Grasses in Urban and Natural Environments
PWS 320 - Sustainable Plant Systems
PWS 324 - Wildlife Law Enforcement
PWS 325 - Fisheries and Wetlands Management
PWS 330 - Rangeland Plant Identification and Ecology
PWS 331 - Science of Plant Pest Control.
PWS 335 - Comparative Animal Nutrition
PWS 340 - Genetics
PWS 344 - Natural History of Wildlife
PWS 350 - Rangeland Ecology
PWS 355 - Rangeland Vegetation Measurements and Analysis
PWS 357 - Techniques for Wildlife Investigations and Management
PWS 365 - Biogeochemistry
PWS 366 - Biogeochemistry Laboratory
PWS 368 - (PWS-Bio-MMBio) Genomics
PWS 369 - Science of Plant Production
PWS 375 - Policies and Laws of Aquatic Systems
PWS 380 - Advanced Landscape Design
PWS 385 - Policies and Laws of Terrestrial Systems
PWS 390R - Soil and Plant Analysis
PWS 390R - Special Topics in Plant and Wildlife Sciences
PWS 399R - Research Internship
PWS 402 - Soils and Water in the Urban Environment
PWS 405 - Environmental Chemistry Laboratory
PWS 411 - Watershed Management
PWS 416 - Rangeland Improvement and Restoration
PWS 417 - Rangeland Planning and GIS
PWS 419 - Forest Management and Ecology
PWS 420 - International Agricultural Development
PWS 431 - Plant Health Diagnostics
PWS 440 - Plant Physiological Ecology
PWS 446 - Ornithology.
PWS 447 - Mammals of North America
PWS 472 - Conservation Genomics
PWS 474 - Bacterial Genomics
PWS 480 - Environmental Capstone: Data Analysis and Writing
PWS 481 - Plant and Landscape Business Systems
PWS 490 - Case Studies
PWS 491R - Undergraduate Seminar
PWS 492 - Wildlife and Wildlands Conservation Senior Seminar
PWS 494R - Plant ID / URME Team
PWS 494R - Mentored Learning Experience
PWS 494R - Environmental Science Field Techniques
PWS 494R - Biotechnology Laboratory
PWS 505 - Aquatic and Terrestrial Biogeochemistry
PWS 511 - Environmental Biophysics: Soil and Plant Water Relations.
PWS 512 - Rangeland Landscape Ecology and Geographic Information Systems.
PWS 513 - Environmental Field Instrumentation
PWS 514 - Soil Microbiology
PWS 520 - Saline and Sodic Soils
PWS 540 - Plant Response to the Environment
PWS 547 - Ungulate Conservation and Management
PWS 551 - Quantitative Ecology
PWS 552 - Terrestrial Ecosystems
PWS 553 - Restoration Ecology
PWS 554 - Wildlife Behavioral Ecology
PWS 559 - Molecular Plant Breeding
PWS 560 - Quantitative Environmental Chemistry
PWS 575 - Plant Pathology
PWS 588 - Metagenomics
PWS 598R - Advanced Topics in the Plant and Wildlife Sciences.

## International and Area Studies Department

# International and Area Studies

## David M. Kennedy Center for International Studies

Located in the heart of Brigham Young University's campus, the Kennedy Center is a dynamic, global center offering a broad spectrum of study and service opportunities. Our richly diverse but intimately interconnected world challenges us to develop a breadth of knowledge and a depth of understanding to comprehend our complex international neighborhood. The Kennedy Center is committed to the university's injunction to "enter to learn—go forth to serve" and its aspiration to make "the world our campus."

Mission Statement:

The David M. Kennedy Center for International Studies is the heart of international engagement for the BYU community. By supporting and implementing interdisciplinary international experiences on campus and abroad, the Kennedy Center raises global awareness and competency, and equips the community with international perspectives and tools to promote intellectual, physical, and spiritual well-being throughout the world.

Middle East Studies/Arabic, Quinn Mecham
Global Women's Studies, Valerie Hegstrom

## International Study Programs

**Study Abroad:** BYU's traditional off-campus study programs. In these programs students are able to further their general education; pursue specialized courses in languages, the social sciences, humanities, fine arts, and other fields; gain valuable insights into their own country; and further international understanding.

**Direct Enrollment**: Students are integrated into an international university, taught by faculty native to that country, and are not accompanied by BYU faculty.

**International Internships:** Short-term, on-the-job apprentice training abroad under the direction of a firm, government agency, NGO, or other such institution.

**Field Studies:** A research experience abroad for small numbers of students directed by faculty, who generally do not accompany the students.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The university core, consisting of requirements in general and religious education. (See University Core for details. For a complete listing of courses that meet university core requirements, see the current class schedule.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

### Courses

**ANES 201 - Introduction to Ancient Near Eastern Studies**
**ANES 310 - History and Culture of Ancient Israel**
**ANES 331 - Readings in Ancient Near Eastern Texts to 330 B.C**
**ANES 332 - Readings in Classical Near Eastern Texts**
**ANES 353R - Archaeological Fieldwork in the Near East**
**ANES 363 - Hebrew Bible Studies**
**ANES 390R - Directed Readings in Ancient Near Eastern Studies**
**ANES 392R - Topics in Ancient Near Eastern Studies**
**ANES 430R - Advanced Topics in Ancient Near Eastern Studies.**
**ANES 495 - Senior Seminar in Ancient Near Eastern Studies**

Student development courses are offered by faculty from Student Development Services, academic advisors from the University Advisement Center and other areas of campus, as well as by professionals in their respective fields. Courses offered in student development are intended to help BYU students with their educational, career, and personal development. Student Development courses help students:

1. Adjust to and thrive in the BYU academic and social environment.
2. Enhance their academic skills including studying, reading, time management, test-taking, and note-taking.
3. Effectively explore, select, and prepare for majors and careers suited to their interests, values, and goals.
4. Increase self-awareness, develop character and enhance mental health and well-being.
5. Develop leadership, interpersonal, and helping skills necessary to effectively serve in the campus and general community.
6. Make important life decisions.

## Courses

**STDEV 100 - Essential College Skills**
**STDEV 109 - Effective Study and Learning**
**STDEV 117 - Career Exploration**
**STDEV 120 - International Student Orientation**
**STDEV 132 - Introduction to Peer Education (Tutoring, mentoring etc.).**
**STDEV 133 - Advanced Peer Education (tutoring, mentoring etc.).**
**STDEV 140 - Life Planning and Decision Making**
**STDEV 141R - Individual Development**
**STDEV 143 - The Science and Practice of Positive Living**
**STDEV 145 - Integrity for Life: Building Personal Character**
**STDEV 150 - Public Speaking**
**STDEV 155 - Authentic Leadership and Personal Effectiveness**
**STDEV 168R - Law Lecture Series**
**STDEV 170 - Introduction to Health Professions**
**STDEV 199R - Academic Internship**
**STDEV 205 - Success in College Reading**
**STDEV 214R - Special Topics in Student Development**
**STDEV 247 - Performance Psychology**

# Admission to Degree Program

The degree program in the department carries special enrollment limitations. Please see the BYU Marriott Undergraduate Advisement Center for specific details.

# The Discipline

Computer-based information systems have become a critical part of the products, services, operations, and management of all organizations. The effective and efficient use of information and communications technologies is an important element in achieving competitive advantage for business organizations as well as achieving excellence in service for government and non-profit organizations. The twenty-first century has seen the rapid growth of the internet, ecommerce, and purely electronic enterprises. These organizations would not even exist without the technology provided by computer-based information systems. The importance of information systems to organizations and the need for well-educated professionals in the field is the basis for strong educational programs and the development of a professional community of information systems (IS) practitioners.

Information systems involves two broad areas: (1) the acquisition, deployment, and management of an organization's information systems resources and services and (2) the development of computer-based systems and technology infrastructures for use in organization processes. Information systems professionals provide services ranging from the managerial to the highly technical. Information systems and technology skills are critical to the success of virtually all modern organizations, including small business, corporations, government, and educational institutions.

# Career Opportunities

Information systems graduates work in large and small organizations of all types, helping maintain existing technology infrastructure and specifying technology solutions to business needs. They serve as the bridge between an organization's technical personnel and its business side. Well-educated information systems graduates are in high demand in accounting firms, consulting firms, large corporations, midsized companies, technical companies, government agencies, and smaller entrepreneurial concerns. Challenging career opportunities embrace a wide range of interests. The variety of employment prospects includes opportunities for everyone from those who are primarily interested in people and organizations to those who enjoy very technical activities such as database and network administration or software development.

# General Information

## Undergraduate Application Requirements

Admitted applicants to the information systems program begin major coursework each fall semester. The following items are taken into consideration for all applicants during the admission process:

1. Prerequisite GPA
2. Essay
3. Résumé
4. Review of overall academic record
5. Professionalism

## Application Guidelines

1. Completion of the following prerequisite courses: IS 201, IS 303 (or CS 142), and ACC 200. **Note**: A minimum 3.0 average GPA in the prerequisite courses is required, with no less than a B grade in IS 201 and IS 303 (or CS 142).
2. Repeating courses to improve a grade is strongly discouraged. Repeated and transfer courses are discounted 0.3 of a grade for admission purposes only (e.g. an A- grade would be discounted to a B+ during the admission process).
3. Completion and submission of the online application, including the applicant essay. The deadline to submit the application is the last working day of June at 4:30 pm.
4. Meeting or exceeding admission criteria does not guarantee admission. The Information Systems Department reserves the right to make exceptions to admission policies as deemed necessary to admit the most qualified applicants.

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

# Admission to Degree Program

The degree program carries special enrollment limitations. Please see the BYU Marriott Undergraduate Advisement Center for specific details.

# The Discipline

Is it worth it? This is the single, simple, and critical question that finance seeks to answer. Is it worth it for a company to make a strategic acquisition? Is it worth it for a mutual fund manager to buy a particular stock? Is it worth it for a company to issue a bond? Is it worth it for a recent graduate to pursue an MBA? Is it worth it to put solar panels on a house? Finance applies quantitative and qualitative analysis to answer these questions and many others, all with the aim of determining whether something is worth it.

More broadly, finance is the study of the optimal allocation (procurement, deployment, and distribution) of scarce financial resources. What is the best way for a startup to acquire financing? What are the best new projects for a firm to invest in? What is the best way for a mature firm to return excess capital to its shareholders? These are all questions finance seeks to answer.

# Career Opportunities

Finance graduates work in a variety of fields that include but are not limited to asset manager, commercial banker, corporate financial planning analyst, corporate treasury analyst, consultant, credit analyst, equity analyst, investment banker, private wealth advisor, and securities or commodity trader.

As a part of their jobs, finance professionals:

- Forecast expected cash flows from investment opportunities and potential projects
- Assess the risk and uncertainty associated with investment opportunities and potential projects
- Perform industry and macro-economic analysis
- Estimate the value of financial assets and options
- Minimize, manage, and hedge risk
- Study the efficiencies of the markets in which financial assets trade
- Analyze the interplay between time and interest
- Utilize diverse technical, analytical, critical-thinking and problem solving skill sets

# Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

# BYU Conference Center Department

## Administration

**Director**: Spencer E. Hansen

**Department Information:**

2255 CONF

801-422-7700

WEBSITE

The BYU Conference Center is located northeast of the Marriott Center and adjacent to the Harman Continuing Education Building. The primary host facility for conference guests on campus, it is especially equipped to provide a favorable learning environment for guests participating in conferences, workshops, training seminars, and other educational programs. University units may sponsor or cosponsor conference center events. When certain qualifications are met, off-campus professional, government, corporate, civic, religious, family, or community organizations may also schedule events. The center is not available to promote a product or service or for other entrepreneurial efforts.

Those interested in scheduling the center are invited to contact the BYU Conference Center at 801-422-7700.

# BYU Online High School Department

### BYU Online High School

**Department Information:**

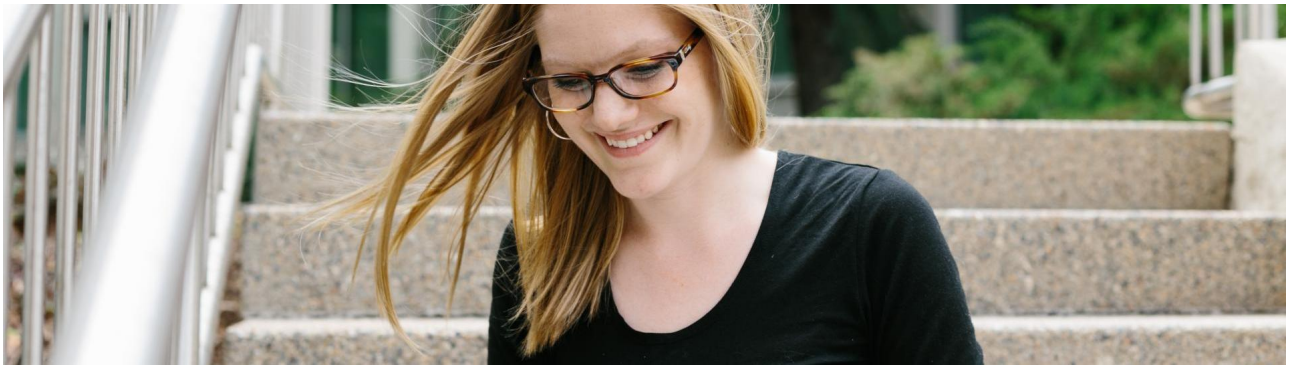
WEBSITE

BYU Online High School provides high-quality, standards-based, individualized education for a wide variety of students by offering flexible alternatives to traditional schooling, utilizing proven online teaching practices in a safe, technology-enabled learning environment. We strive to provide a balanced education that allows parents the transparency to see what their children are learning. All high school courses are designed according to national and state standards by teams of teachers and instructional designers who are experts in their fields.

BYU Online High School is a full-time, semester based, diploma-granting, private high school serving students across the United States and around the world. Students in grades 9–12 enjoy the fun and flexibility that learning online offers while meeting their unique educational needs. BYU Online High School offers two diploma tracks, Standard and Advanced.

BYU Flex High School is another option of a full-time, diploma-granting high school program but is based upon students taking our Independent Study courses (which offer up to a year to complete each course) to earn their diploma.

# BAchelor of General Studies Department



**Department Information:**

102 HCEB

bgs@byu.edu

WEBSITE

## Programs

- General Studies: American Studies (BGS)
- General Studies: Business (BGS)

- General Studies: Education (BGS)
- General Studies: English (BGS)
- General Studies: Exercise and Wellness (BGS)
- General Studies: Family Life (BGS)
- General Studies: History (BGS)
- General Studies: Psychology (BGS)

Brigham Young University's Bachelor of General Studies (BGS) Program offers former BYU students who are no longer able to attend BYU an opportunity to complete their bachelor's degree from anywhere. Applicants must have already completed 27 credit hours (exam credit excluded) at the BYU campus in Provo as an admitted day student and must abide by the Church Educational System Honor Code and receive an annual ecclesiastical endorsement. This program is not available to current BYU students who have fewer than 90 credits.

**Note for Current BYU Students**

When you are admitted as a BGS student, you are no longer classified as a day continuing student. As a result, you are no longer eligible to take day classes on campus during fall and winter semesters and lose privileges that are only available to matriculated day students including federal financial aid. Please refer to the BGS website for more details.

# Admission to Degree Program

Prospective students must complete an admissions application to the Bachelor of General Studies Office and pay a fee of $35. The BGS program is open to former students who meet all of the following criteria:

- Have completed a minimum of 27 semester hours of BYU on-campus credit in Provo as an admitted day student (exam credit excluded). Up to six of these 27 hours may be from the BYU Salt Lake Center as an admitted day student.
- Have not completed any courses as a BYU day continuing student in the last two years or have already completed a minimum of 90 credits.
- Have never completed a bachelor's or higher degree.
- Are in good standing (academic, financial, etc.) at all universities attended.
- Have a 2.0 or higher BYU and cumulative GPA. (If any academic disciplinary action—warning, probation, suspension or dismissal—has been taken against you, contact the BGS Office before proceeding with the application process.)
- Will abide by the Church Educational System Honor Code and receive an annual ecclesiastical endorsement.
- Have been approved by the BGS admissions committee.
- Have successfully completed the StDev 100 course (1-credit-hour Independent Study course taken **after provisional acceptance into program)**.

# The Discipline

The Bachelor of General Studies degree is designed to help BYU students utilize previously earned credit as much as possible. BGS uses the same curriculum standards as on-campus programs, including general education and religious education. The major is General Studies, with an emphasis in one of eight areas of study: American Studies, Business, Education, English, Exercise and Wellness, Family Life, History, or Psychology. To be eligible to complete the Education emphasis, students must have been enrolled in a teaching major at BYU and have completed all graduation requirements except student teaching. The History emphasis offers both History and Family History tracks to add a measure of specialization. The degree can be completed entirely by coursework offered through BYU Independent Study and may be supplemented by courses from Evening Classes, Salt Lake Center, and spring & summer terms.

Students may select only one emphasis and do not have the option of creating custom-made areas of study. However, within the number of general electives available, students can utilize credit previously earned in a former major or choose to take course electives of interest.

The Bachelor of General Studies is a bachelor's degree from Brigham Young University designed to help you finish at home what you started at BYU. Students pursue this program for a variety of reasons. Some desire a sense of accomplishment—to complete a degree they began years ago. Others are looking for career advancement or to eventually pursue a postgraduate degree.

# Conferences and Workshops Department

## Administration

**Director**: Robert A. Holcombe

**Department Information:**

258 HCEB

801-422-3559

WEBSITE

The Department of Conferences and Workshops assists the university's colleges, schools, and departments in developing and offering outreach programs. The department can help with both credit and noncredit programs, including conferences, workshops, symposia, continuing professional education courses, seminars, association meetings, test-prep courses, and youth camps. Programs can use either campus or off-campus facilities to extend university offerings to alumni, youth, the campus community, and other adults.

For a comprehensive listing of courses or for information on how we can help you plan a conference, visit our Web site at conferences.byu.edu.

# Especially for Youth Programs Department

## Administration

**Director**: Ben McKinnon

**Department Information:**

351 HCEB

801-422-5841

WEBSITE

Especially for Youth programs are offered by this department, both on the BYU campus and at a number of locations nationwide. Participants can choose from several multi-day variations, all including a robust EFY agenda with physical, social, and spiritual activities, plus an emphasis of their choosing. These emphases include EFY Special Edition, EFY ACT Prep, EFY Adventure For Youth, EFY Habits For Life, and EFY Mission Ready.

Finally, EFY Express is a one-day experience offered at select locations each year, typically during the school year.

# Evening Classes Department

**Department Information:**

102 HCEB

801-422-2872

https://eveningclasses.byu.edu/home?ticket=ST-183076-j7HteW8SLCPp8mqjmrPjcPM1514-ip-10-214-39-130

The Department of Evening Classes supports academic departments and colleges by offering courses into the evening hours for university students. The department also houses the BYU Office of Visiting Students, which allows individuals who would like to enroll as non-degree-seeking students in BYU courses.

Tuition rates for courses in Evening Classes are the same as for day courses. All courses taught through Evening Classes are listed online in the university's official class schedule.

# First-Year Experience Department

**Department Information:**

2014 JKB

(801) 422-8176

fye@byu.edu

WEBSITE

The Office of First-Year Experience (FYE) helps students transition from high school to university life. This includes 1) providing every student with a peer mentor- a trained guide who will help orient students to the university, answer questions, and check-in periodically with students during their first year and 2) hosting other orientation activities including New Student Orientation (NSO) and the First-Year Arts Card program. These efforts span the time between students' admission notification through the end of their first year on campus.

## First-Year Mentoring

Email: fym@byu.edu
Website: fye.byu.edu/section/mentoring

First-Year Mentoring is designed to support ***all new students*** as they transition to, and learn to thrive in, a challenging university environment. This support spans three key periods:

Pre-Arrival (March – August):
Within 2-3 weeks following admissions notification, students admitted for fall semester, and summer term are assigned to a peer mentor who will contact them (by email, phone and text) in order to answer their questions and provide direction concerning next steps in their transition from high school to the university.

Fall Semester (September – December) and/or Summer Term (June-August):
First-Year Mentoring provides every new student with the support of an individual peer mentor regardless of major, course schedule, or potential for success. We make every effort to continue the relationship formed between students and their pre-arrival mentors. Mentors and students will meet together and communicate via email and text messaging throughout the semester in order to answer questions, discuss their experiences, and connect with important university resources. Last year there were over 19,000 face-to-face meetings between students and their FYE peer mentors and the student feedback we receive is very positive about the experience.

Winter Semester (January – April):
The mentoring relationships established during fall and summer continue through periodic follow-up interviews during January through February. Although very few mentored courses or reserved seats are offered during winter semester, students who begin their university experience during winter semester will be assigned to a peer mentor.

Transfer students are also eligible for the support of a peer mentor upon request. However, access to mentored courses is reserved for freshmen. Students transferring to BYU will be contacted prior to their arrival in order to request a mentor.

## First-Year Experience & New Student Orientation (NSO)

Your orientation to BYU actually begins long before you arrive on campus. Prior to the beginning of your first term or semester, you will be contacted by a peer mentor from the Office of First-Year Experience (FYE). This mentor is a paid, trained university employee who successfully navigated their own first year and who can be a guide and resource for you across your first two semesters at BYU. Peer mentors will send periodic email, texts and even make phone calls to students. Mentors are available to answer questions, provide suggestions about effective learning strategies, connect you with other resources (e.g. academic advisors, financial aid resources, faculty members, the counseling center, etc.), and help you become a full participant in the BYU community.

A few weeks after you receive your acceptance notification you will be sent a link by the FYE office to a series of online orientation modules. These modules contain very important information about resources, programs and services available to you as a full-time student. They were developed to help your transition to BYU be as smooth as possible. The modules will take between 90 minutes to two hours and can be completed at your own pace. However, it will be important for you to complete all modules prior to arriving on campus. These modules are only one part part of your orientation to BYU. So, be sure you register for and make plans to attend the in-person NSO described below.

Immediately prior to the first day of every semester and term, an event referred to as New Student Orientation (NSO) is held. The purpose of NSO is to 1) welcome new and transfer students into the BYU community. 2) help new students understand and appreciate the unique opportunities provided by a BYU education, 3) introduce key campus resources, and 4) offer new students a great chance to connect with other students and meet their peer mentor.

NSO events and activities are designed to be both informative and fun. Activities vary according to the term or semester. In addition to a welcome from the administration and a campus tour, each orientation may include a university devotional; library tour; meetings about colleges and majors, financial aid and scholarships, the Honors Program; and an introduction to several of the traditions at the Y.

Many of the activities are organized around Y Groups, small groups of students led by peer mentors and other upperclassmen, which offer students personalized attention and support. To become fully immersed and engaged in the BYU community, NSO is vital.

Please see https://fye.byu.edu/about-nso for detailed information about NSO and to register for an NSO event.

# FlexGE Department

## FlexGE

**Department Information**

HCEB 102

801-422-4669

flexge@byu.edu

https://flexge.byu.edu/

Dean, Continuing Education: Lee Glines

Associate Dean, Continuing Education: Darin Oviatt

Director, Classroom and Continuing Education Enrolled Student Services: Jay Young

Administrator, FlexGE: Clint Payne

## Description

The FlexGE program extends the opportunity for a BYU education and experience to students not formally admitted to the university. Participants take classes for university credit with admitted BYU students on campus in Provo and at the BYU Salt Lake Center. FlexGE students also experience BYU life by participating in campus activities and events, living in student housing, and attending a YSA ward.

## Enrollment

Participants in FlexGE must meet the following eligibility requirements:

- high school graduate (or equivalent)
- at least a 2.0 GPA
- U.S. citizen
- at least 17 years old by the first day of class

Students can enroll in the FlexGE program until a week before classes begin. Their enrollment is active until the end of the academic year in which they were enrolled (fall semester through summer term). Students who wish to continue taking classes in the next academic year (beginning fall semester) must submit a new FlexGE application.

Prospective students with less than a 2.0 GPA may petition to participate in FlexGE by meeting with a FlexGE academic advisor. Current students whose GPA falls below 2.0 must meet with a FlexGE academic advisor before they can continue in the program.

## BYU Experience

FlexGE students are encouraged to integrate into the BYU community and participate in the experiences and opportunities available to students at BYU. Special emphasis is placed on participation in activities that will help students develop the attributes identified in the Aims of a BYU Education. These activities include things such as volunteering with Y Serve, joining an academic club, and serving in a calling in their YSA ward.

With few exceptions, FlexGE students have the same level of access to campus offices and resources as admitted BYU students. FlexGE students do not have access to:

- Day classes during fall and winter semesters
- On-campus housing during fall and winter semesters
- Intercollegiate athletics (including extramural sports)
- Federal Financial Aid
- Individual, Group, and Couples therapy at CAPS

## Student Support

FlexGE students have several resources provided by Continuing Education to ensure their success. Free tutoring, academic skills coaching, and workshops in topics like time management, study skills, and test preparation are available through the Continuing Education Student Success Center. Each student also has a FlexGE peer mentor assigned to them to help with the transition to university life. FlexGE peer mentors are former FlexGE students who are now admitted to BYU. They can answer questions, point out resources, and talk about the overall FlexGE experience.

FlexGE academic advisors can help students navigate the FlexGE program, plan classes, and choose a major and career path that suits the student. Advisors can also guide student efforts to transfer to BYU or another university. FlexGE students should meet with an academic advisor at least once per academic year.

## University Credit and Transfer

Participation in FlexGE does not guarantee admission to a degree program at BYU. FlexGE students are encouraged to apply to BYU or another university to complete their studies. Students who are admitted to BYU can count credits earned as a FlexGE student toward their degree. Credits transferred to other universities will be evaluated according to their respective transfer credit policies.

Students from outside the state of Utah may be able to gain Utah resident status while participating in the FlexGE program. This may allow students to qualify for resident tuition rates at public universities in Utah. Students should check with their desired university for specific residency requirements.

# Independent Study Department

## Department of Online Learning

**Department Information:**

303 HCEB

801-422-9038 (Univ), 801-422-3985 (HS)

indstudy@byu.edu

WEBSITE

**Academic Product Managers:** Dustin Jones (Univ) and John Bushman (HS)

BYU Independent Study is an affordable distance education providing ideal solutions for a variety of situations. With flexible course options, students can get the university credits they need, no matter where they are in the world. There are no admissions applications or requirements to take an Independent Study course and students can begin their course any day or time. Students have 12 months to complete their course and the college credit earned is transferable to most U.S. colleges and universities. Scholarships are available to students taking Independent Study Courses.

Through Independent Study, BYU offers more than 200 undergraduate online courses, providing a practical and flexible solution for students to acquire university credit. Independent Study courses can be used to complete general education courses, prerequisite courses for graduate school, and higher-level courses to fulfill undergraduate majors. Flexible Independent Study courses assist domestic and international students, working students, armed forces personnel, teachers, and others who may need courses that accommodate their individual schedules. The courses are available online and require Internet access. Students have the option to purchase a printed course readings packet.

BYU Independent Study also supports the following programs that help students anywhere in the world achieve their academic goals:

Students can register for an Independent Study course at any time during the year and have up to one year to complete most courses, although most courses are based on a semester's worth of credit. The online catalog is accessible at the BYU Independent Study website or a printed version of the catalog is also available without charge from the Department of Independent Study and will be mailed free of charge. Printed catalogs can be found in the Harman Continuing Education Building on the first-floor entrance and second-floor atrium. A complete list of available courses, the current tuition and fees, and enrollment policies and procedures are found in the online and printed versions of the catalog.

- Former students wanting to complete their BYU degree can take Independent Study courses to fulfill the course/credit requirements of the Bachelors of General Studies (BGS) program.
- Students currently not admitted to BYU can take BYU courses online as part of the FlexGE @BYU program to complete general education requirements at their own pace while immersing themselves in the other events and social life BYU offers. Up to 36 semester hours of work completed through BYU Independent Study can be applied toward a BYU bachelor's degree.
- The new BYU Online High School is a full-time, diploma-granting private high school serving students worldwide. Students in grades 9-12 enjoy the fun and flexibility that learning online offers while meeting their unique educational needs. BYU Independent Study offers more than 200 high school-level courses and 40 middle school courses.
- In addition, BYU Independent Study offers a few community education courses available for personal development and enrichment.

# Kennedy Center for IAS Department

## David M. Kennedy Center for International Studies

Located in the heart of Brigham Young University's campus, the Kennedy Center is a dynamic, global center offering a broad spectrum of study and service opportunities. Our richly diverse but intimately interconnected world challenges us to develop a breadth of knowledge and a depth of understanding to comprehend our complex international neighborhood. The Kennedy Center is committed to the university's injunction to "enter to learn—go forth to serve" and its aspiration to make "the world our campus."

Mission Statement:

The David M. Kennedy Center for International Studies is the heart of international engagement for the BYU community. By supporting and implementing interdisciplinary international experiences on campus and abroad, the Kennedy Center raises global awareness and competency, and equips the community with international perspectives and tools to promote intellectual, physical, and spiritual well-being throughout the world.

## Programs

- Africana Studies
- American Studies
- Ancient Near Eastern Studies
- Asian Studies
- European Studies
- Global Environmental Studies

- Global Women's Studies
- International Development
- International Relations
- Latin American Studies
- Middle Eastern Studies - Arabic
- Scandinavian Studies

## Admission to Degree Programs

All undergraduate international and area studies degree programs are open enrollment.

## International & Area Studies Program Coordinators

- Africana Studies, Leslie Hadfield
- American Studies, Jamin Rowan
- Ancient Near Eastern Studies, Matthew Grey
- Asian Studies, Marc Yamada
- European Studies, Rob McFarland
- International Development, Darren Hawkins
- International Relations, Scott Cooper
- Latin American Studies, Jeff Shumway
- Middle East Studies/Arabic, Joshua Gubler
- Global Environmental Studies, George Handley
- Global Women's Studies, Valerie Hegstrom
- Scandinavian Studies, Nate Kramer

## International Study Programs

**Study Abroad:** BYU's traditional off-campus study programs. In these programs students are able to further their general education; pursue specialized courses in languages, the social sciences, humanities, fine arts, and other fields; gain valuable insights into their own country; and further international understanding.

**Direct Enrollment**: Students are integrated into an international university, taught by faculty native to that country, and are not accompanied by BYU faculty.

**International Internships:** Short-term, on-the-job apprentice training abroad under the direction of a firm, government agency, NGO, or other such institution.

**Field Studies:** A research experience abroad for small numbers of students directed by faculty, who generally do not accompany the students.

## Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The university core, consisting of requirements in general and religious education. (See University Core for details. For a complete listing of courses that meet university core requirements, see the current class schedule.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0

- Be in good standing with the Honor Code Office

## Programs

**552501 - Scandinavian Studies (Minor)**
**570102 - Asian Studies (Minor)**
**570104 - European Studies (Minor)**
**570106 - Latin American Studies (Minor)**
**570110 - International Development (Minor)**
**570120 - American Studies (BA)**
**570123 - European Studies (BA)**
**570125 - Latin American Studies (BA)**
**570128 - Ancient Near Eastern Studies (Minor)**
**570136 - Africana Studies (Minor)**
**570141 - Middle East Studies / Arabic (BA)**
**570142 - International Relations (BA)**
**570144 - Middle East Studies (Minor)**
**570145 - Asian Studies: China Studies (BA)**
**570146 - Asian Studies: Japan Studies (BA)**
**570147 - Asian Studies: Korea Studies (BA)**
**570150 - Global Environmental Studies (Minor)**
**731001 - Global Women's Studies (Minor)**

## Courses

**AM ST 300 - Literature and Cultures of the American West**
**AM ST 301 - Western American Studies Seminar**
**AM ST 303 - American Studies History and Theory**
**AM ST 304 - American Studies Methodologies and Writing Practices**
**AM ST 360 - Film in American Culture**
**AM ST 390R - Topics in American Studies**
**AM ST 392R - American Studies Lecture Series: Presentations on American Studies/Western American Studies**
**AM ST 399R - Academic Internship**
**AM ST 490 - Senior Capstone**
**GES 200 - Introduction to Global Environmental Studies**
**GES 490 - Global Environmental Studies Capstone**
**SCAND 217 - (Scand-Germ) German and Scandinavian Cinema.**
**SCAND 325R - Scandinavian Choir**
**SCAND 332 - Cultural History of the Vikings**
**SCAND 337 - Works of Hans Christian Andersen**
**SCAND 344R - Topics in Scandinavian Studies**
**SCAND 377 - Methods in Teaching Nordic Languages**
**SCAND 491R - Directed Readings in Scandinavian**

# Office of Visiting Students Department

## Office of Visiting Students

**Department Information:**

102 HCEB

801-422-2872

The Office of Visiting Students assists individuals who wish to take part in the BYU experience as non-degree seeking students. The office is a resource center for all students not admitted to BYU who are looking for opportunities to attend BYU courses without going through the full admissions process. Additionally, the office directly offers three programs for non-degree seeking students and academic advisement for students in these programs. Whether students are looking to take one course or visit for a few semesters, the office is available to help.

## Undergraduate Visiting Student:

Students who have earned a high school diploma (or equivalent) may sign up as Undergraduate Visiting Students. During fall and winter semesters these students may register for course sections offered by BYU Evening Classes and the Salt Lake Center. Students signed up during the spring and summer terms may also register for courses offered during the day in Provo. Non-degree-seeking students who would like to complete several GE courses or who would like to attend mutliple semesters should refer to the BYU FlexGE program for more information.

## Post-Baccalaureate Visiting Student:

Students who have earned a bachelor's-level degree may sign up as Post-Baccalaureate Visiting Students. During fall and winter semesters these students may register for course sections offered by BYU Evening Classes and the Salt Lake Center. Students signed up during the spring and summer terms may also register for courses offered during the day in Provo. Additionally, students who apply by the posted priority deadline in fall and winter semesters may seek permission to add day-section registration eligibility (approval is not guaranteed and is based on several factors).

## Audit-Only Students:

Students who have earned a high school diploma (or equivalent) may sign up as Audit-Only Students. The course(s) Audit-Only Students sign up for must be taken by audit, and students must receive permission to audit from the instructor and/or department. Audit-Only Students may register for Day, Evening, and Salt Lake Center sections year-round. Audit-Only students may sign up with the Office of Visiting Students once the application for a semester/term opens; registering for courses opens on the first day of the semester/term. *Students who would like to audit select courses while concurrently enrolled in classes for credit should refer to the "Auditing Courses" registration policies.*

All students signed up through the Office of Visiting Students agree to abide by the Church Educational System Honor Code and the BYU Dress and Grooming Standards. Class schedules for each semester or term are listed in the BYU class schedule, the Evening Classes and Salt Lake Center websites, and in the university's online registration system.

# Salt Lake Center Department

## Salt Lake Center

**Department Information:**

345 West North Temple Street, 3 Triad Center, Suite 300, Salt Lake City, UT 84180-1203

801-933-9400

WEBSITE

The BYU Salt Lake Center is operated by the Division of Continuing Education and offers 150+ undergraduate courses each semester to admitted and non-admitted students. Courses are offered during the day and evening to accommodate more than 2,000 students each semester. Conveniently located near Temple Square and other popular destinations, the Salt Lake Center can be reached by public transportation and offers free student parking. Class schedules are listed at slc.byu.edu and in the BYU class schedule. Admitted students can register for classes in MyMAP without any further clearance.

Students not admitted to BYU may take classes at the Salt Lake Center through the BYU FlexGE program if they earn a high school diploma (or equivalent), have a 2.0 GPA, obtain an ecclesiastical endorsement, and are citizens of the U.S.A. Most FlexGE students apply to BYU or another university as transfer applicants after one or two semesters in the program.

Students admitted to BYU's Bachelor of General Studies program may complete university core (religion and general education) and required emphasis courses at the Salt Lake Center without further clearance. For admission and program details see the Bachelor of General Studies section in this catalog.

The BYU Marriott School of Management EMBA (Executive Master of Business Administration) and EMPA (Executive Master of Public Administration) programs are also offered at the Salt Lake Center. Evening and weekend scheduling enables these graduate students to earn a master's degree while also working full-time. For admission and program details, see the Graduate Studies Catalog.

Free Form Requirements

**Requirement 1 — Complete 7 Courses**

BIO130 Biology - Biology 4.0

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 3.0

BIO264 Stat Analysis for Biologists - Stat Analysis for Biologists 4.0

BIO364 Bioinformatics Algorithms - Bioinformatics Algorithms 3.0

BIO465 Capstone in Bioinformatics - Capstone in Bioinformatics 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PWS340 Genetics - Genetics 3.0

**Requirement 2 — Complete 1 of 2 Courses**

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

**Requirement 3 — Complete 8 Courses**

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S235 Data Structures - Data Structures 3.0

C S236 Discrete Structure - Discrete Structure 3.0

C S240 Adv Software Construction -Adv Software Construction 4.0

C S312 Algorithm Design & Analysis - Algorithm Design & Analysis 3.0

MATH112 Calculus 1 - Calculus 1 4.0

**Requirement 4 — Complete 8 hours**

*Note: Up to 2 total credit hours of BIO 194 and BIO 494R allowed. Note: Either BIO 370 or PHIL 212R can be used to partially fulfill this requirement, but not both.*

BIO194 Intro to Mentored Research - Intro to Mentored Research 0.5

10668-003 - Missing course - Biological Data Science 3.0

| | |
|---|---|
| Title<br>Broad Understanding of Biology | foundational theories to interpret relationships among living things and to analyze and solve biological problems from the molecular to ecosystem level. |

| | |
|---|---|
| Title<br>Skills and Tools for Discovery | Learning Outcome<br>Students will be able to conduct basic biology research. |

| | |
|---|---|
| Title<br>Meet standards of professionalism | Learning Outcome<br>Students will demonstrate professionalism (e.g. scientific integrity intellectual honesty) and competency (effective verbal and written communication accurate knowledge base) required by employers or graduate school. |

Free Form Requirements

**Requirement 1 — Complete 5 Courses**

BIO130 Biology - Biology4.0

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

| INTASC Standards | outlined in the Interstate New Teacher Assessment and Support Consortium (INTASC) in a classroom setting. (BYU AIMS 1-4) Link to INTASC standards: http://education.byu.edu/epp/INTA |

| Title | Learning Outcome |
| --- | --- |
| Instructional Design | Students will design and produce a written instructional unit that incorporates all ten principles of the Interstate New Teacher Assessment and Support Consortium (INTASC). (BYU AIMS 1-4) |

| Title | Learning Outcome |
| --- | --- |
| Preparation for Licensure | Students will meet the entry level standards for teacher licensure. |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

*Students wishing to enter the Biological Science Education (BSE) program must declare the premajor, complete Bio 130, Bio 220, Chem 105, and Bio 276, and meet and maintain minimum GPA requirements of 2.85 in the major and 3.0 cumulative, prior to making application via educator.byu.edu. Students obtaining a teaching minor must also student teach at least one period in the minor, when available.*

**Requirement 1 — Complete 7 Courses**

*Biology core. NOTE: Bio 420, 421 must be taken at BYU.*

BIO130 Biology - Biology 4.0

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

PWS492 Wildlife Senior Seminar - Wildlife Senior Seminar 1.0

**Requirement 2 —Complete 15 hours**

*Complete 15 elective credit hours from the following course list. With the help of your advisor, select courses to qualify for 2-3 federal job series (wildlife biologist, ecologist, range conservationist, GIS specialist, soil conservationist, botanist, fisheries biologist):*

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO235 Field Botany - Field Botany 3.0

BIO 270 - Animal Restraint 1.0

BIO 380 - Comparative Physiol & Anatomy 4.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO430 Plant Classif. & Identif. - Plant Classif. & Identif. 4.0

BIO441 Entomology - Entomology 3.0

BIO443 Ichthyology - Ichthyology 3.0

BIO445 Herpetology - Herpetology 4.0

BIO447 Mammalogy - Mammalogy 3.0

BIO450 Capstone in Biodiversity & Con - Capstone in Biodiversity & Con 3.0

BIO452 Marine Biology - Marine Biology 3.0

BIO525 Anim Disease, Zoonoses - Anim Disease, Zoonoses 3.0

BIO541 Aquatic Entomology - Aquatic Entomology 4.0

BIO556 Limnology - Limnology 3.0

BIO557 Stream & Wetland Ecology - Stream & Wetland Ecology 4.0

CELL382 Developmental Biology - Developmental Biology 3.0

IP&T371 Integrating K-12 Ed Tec 1 - Integrating K-12 Ed Tec 1 1.0

IP&T372 Integrating K-12 Ed Tec 2 - Integrating K-12 Ed Tec 2 1.0

IP&T373 Tching K-12 Online/Blended Lrn - Tching K-12 Online/Blended Lrn 1.0

SC ED350 Adolescent Development - Adolescent Development 2.0

SC ED353 Multi Cult Ed for Sc Ed - Multi Cult Ed for Sc Ed 3.0

Note 1: Application on educator.byu.edu, including FBI fingerprint and

PWS511 Environmental Biophysics - Environmental Biophysics 4.0

PWS512 Range Landscape Ecology & GIS - Range Landscape Ecology & GIS 3.0

PWS547 Ungulate Conservation & Mgt - Ungulate Conservation & Mgt 2.0

PWS553 Restoration Ecology - Restoration Ecology 3.0

PWS554 Wildlife Behavioral Ecology - Wildlife Behavioral Ecology 3.0

**Requirement 3 —Complete 1 of 2 Courses**

PWS375 Aquatic Policies & Laws - Aquatic Policies & Laws 3.0

PWS385 Terrestrial Policies and Laws - Terrestrial Policies and Laws 3.0

**Recommended Courses are not required to complete the program**

*Recommended courses for preprofessional track. These recommended preprofessional courses can be used to satisfy the elective credits above.*

CELL120 Science of Biology - Science of Biology 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

**Recommended Courses are not required to complete the program**

*One of the following courses is recommended:*

BIO 380 - Comparative Physiol & Anatomy 4.0

CELL305 Human Physiology - Human Physiology 4.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

**Recommended Courses are not required to complete the program**

*Students interested in GIS applications should consider a minor in geographic information systems (20-23 hours). See the Geography Department for details.*

Note 1: Application on educator.byu.edu, including FBI fingerprint and background clearance, must be completed prior to enrollment in Bio 276.

Note 2: Bio 377, 378, and 379 should be taken concurrently in the semester prior to taking Bio 476.

Note 3: Most states require the Biology Praxis Exam for employment in High School and the Middle Level Science Praxis Exam for teaching in grades 6-8.

**Requirement 6.2 — Complete 12 hours**

BIO476 Biology Student Teaching - Biology Student Teaching - *You may take up to 12.0 credit hours* 12.0

BIO496R Secondary Teaching Internship - Secondary Teaching Internship - *You may take up to 12.0 credit hours* 12.0

**Recommended Courses are not required to complete the program**

*Although not required, these courses are recommended.*

BIO235 Field Botany - Field Botany 3.0

BIO430 Plant Classif. & Identif. - Plant Classif. & Identif. 4.0

BIO441 Entomology - Entomology 3.0

BIO443 Ichthyology - Ichthyology 3.0

BIO445 Herpetology - Herpetology 4.0

BIO447 Mammalogy - Mammalogy 3.0

BIO452 Marine Biology - Marine Biology 3.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

GEOL103 Life of the Past - Life of the Past 3.0

GEOL112 Historical Geology - Historical Geology 4.0

| **Free Form Requirements** | |

MAP - BS in Biodiversity & Conservation 2023-2024.pdf

| | |
|---|---|
| **Title**<br>Broad Understanding of Biology | **Learning Outcome**<br>Students will use basic biological concepts grounded in the foundational theories to interpret relationships among living things and to analyze and solve biological problems from the molecular to ecosystem level. |

| | |
|---|---|
| **Title**<br>Tools and Skill Development | **Learning Outcome**<br>Students will be able to conduct basic conservation biology research. |

| | |
|---|---|
| **Title**<br>Professional and Career Development | **Learning Outcome**<br>Students will demonstrate professionalism (e.g. scientific integrity intellectual honesty) and competency (effective verbal and written communication accurate knowledge base) required by employers or graduate school. |

**Free Form Requirements**

**Requirement 1 — Complete 11 Courses**

BIO130 Biology- Biology 4.0

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO264 Stat Analysis for Biologists - Stat Analysis for Biologists 4.0

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO450 Capstone in Biodiversity & Con - Capstone in Biodiversity & Con 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

PWS340 Genetics - Genetics 3.0

**Requirement 2 — Complete 2 hours**

*Complete at least 2.0 credit hours. More may be taken if desired but will not count toward the major credits.*

BIO194 Intro to Mentored Research- Intro to Mentored Research 0.5

BIO494R Mentored Research- Mentored Research - *You may take up to 2.0 credit hours* 0.5v

**Requirement 3 — Complete 11 hours**

*Biodiversity and conservation courses:*

BIO235 Field Botany- Field Botany 3.0

**Requirement 1 — Complete 2 Courses**

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

**Requirement 2 — Complete 10 hours**

*After consulting with a faculty advisor,*

NDFS201 Society Nutr Chronic Disease - Society Nutr Chronic Disease 3.0

NDFS305 Nutr Implications of Disease - Nutr Implications of Disease 4.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS333 Nutrition and Genes - Nutrition and Genes 3.0

NDFS380 International Nutrition - International Nutrition 3.0

NDFS399R Academic Internship - Academic Internship - *You may take up to 1.0 credit hours* 0.5v

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS410 Human Obesity - Human Obesity 3.0

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS434 Nutr Bio-organic Chemistry - Nutr Bio-organic Chemistry 4.0

NDFS435 Nutr Biochem & Metabolism - Nutr Biochem & Metabolism 4.0

NDFS494R Undergrad Research in N D F S - Undergrad Research in N D F S - *You may take up to 1.0 credit hours* 0.5v

BIO430 Plant Classif. & Identif. - Plant Classif. & Identif. 4.0

BIO441 Entomology - Entomology 3.0

BIO443 Ichthyology - Ichthyology 3.0

BIO445 Herpetology - Herpetology 4.0

BIO447 Mammalogy - Mammalogy 3.0

BIO452 Marine Biology - Marine Biology 3.0

BIO455 Plant Ecology - Plant Ecology 3.0

BIO520 Symbiosis - Symbiosis 3.0

PWS446 Ornithology - Ornithology 3.0

**Requirement 4 — Complete 8 hours**

*Elective courses - complete AT LEAST 8.0 hours. (Note: Either BIO 370 or PHIL 212R can be used to partially fulfill this requirement, but not both.)*

BIO120 Field Biology - Field Biology 3.0

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 3.0

BIO316 Scientific Communication - Scientific Communication 3.0

BIO370 Bioethics - Bioethics 2.0

BIO 380 - Comparative Physiol & Anatomy 4.0

BIO368 Genomics - Genomics 3.0

BIO470 History&Philosophy of Biology - History&Philosophy of Biology 3.0

BIO510 Biological Systemat Curation - Biological Systemat Curation 3.0

BIO511 Lichenology - Lichenology 3.0

BIO555 Evolutionary & Ecol Modeling - Evolutionary & Ecol Modeling 2.0

BIO557 Stream & Wetland Ecology - Stream & Wetland Ecology 4.0

BIO560 Population Genetics - Population Genetics 4.0

ECON440 Natrl Resources & Envir Econ - Natrl Resources & Envir Econ 3.0

GEOG211 Mapping Your World - Mapping Your World 3.0

GEOG212 Intro to GIS - Intro to GIS 3.0

GEOG303 Biogeography - Biogeography 3.0

MATH112 Calculus 1 - Calculus 1 4.0

MMBIO368 Genomics - Genomics 3.0

PHIL212R Intro to Medical Ethics - Intro to Medical Ethics - *You may take once* 3.0

PWS282 Soil Science - Soil Science 3.0

PWS411 Watershed Management - Watershed Management 3.0

PWS419 Forest Management & Ecology- Forest Management & Ecology 3.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

## 284320 - Food Science (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Food Science | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 66 | 69 |

**Major Academic Plan**

MAPS - BS in Food Science 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Food Processing and Engineering | Describe and apply principles of engineering as they relate to converting agricultural commodities to the finished products seen on the grocery store shelf. |
| Food Safety and Microbiology | Assess and differentiate the role of microorganisms in food processing food preservation and food safety with respect to pathogenic spoilage and fermentative microorganisms and apply the basic elements of sanitation and quality assurance programs to understand and control microbial effects in food. |
| Food Chemistry and Analysis | Evaluate and explain the chemical changes occurring during food processing and storage including reactions involving carbohydrates protein and fats and demonstrate proficiency in using laboratory techniques common to basic and applied food chemistry. |
| Applied Food Science | Apply the principles and various facets of food science including quality assurance and sensory evaluation in practical situations problem solving and product development. |
| | Demonstrate the skills that lead to success in a food science career including oral and written communication problem solving |

## 284325 - Nutritional Science (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Nutritional Science | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 60 | 62 |

**Major Academic Plan**

MAPS - BS in Nutritional Science 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Nutritional Science Fundamentals | Identify the chemical structure of nutrients their food sources functions and the scientific basis for nutrition requirements and dietary recommendations. Describe the processes of digestion absorption transport and metabolism and the metabolic consequences of nutrient deficiencies interactions imbalances and toxicities. |
| Diet in Health and Disease | Explain the role of dietary choices and interventions for optimizing health and preventing or ameliorating chronic disease and malnutrition. |
| Nutritional Assessment | Assess nutritional status of individuals or populations. |
| Research | Search interpret and summarize peer-reviewed scientific literature. Evaluate nutritional claims for accuracy. Design research for nutritional science that includes ethical considerations of using human and animal subjects. |

**Free Form Requirements**

**Requirement 1 — Complete 4 Courses**

*Core requirements:*

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

| Title | |
|---|---|
| Success Skills | communication problem solving use of library resources evaluating information time management leadership ethical decision making and life-long learning. |

Free Form Requirements

**Requirement 1 —Complete 14 Courses**

*Core requirements:*

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS191 Careers in Food Science - Careers in Food Science 1.0

NDFS250 Essentials of Food Science - Essentials of Food Science 3.0

NDFS251 Essentials of Food Sci Lab - Essentials of Food Sci Lab 1.0

NDFS350 Food Analysis - Food Analysis 4.0

NDFS355 Food Process Engineering - Food Process Engineering 3.0

NDFS361 Food Microbiology - Food Microbiology 3.0

NDFS362 Food Processing - Food Processing 1 2.0

NDFS462 Food Reg & Qual Assr - Food Reg & Qual Assr 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 2 —Complete 1 of 2 Options**

*Complete one of the following tracks:*

**Option 2.1 —Complete 2 Requirements**

*A. Food Science Technical Track:*

**Requirement 2.1.1 —Complete 25 hours**

CELL120 Science of Biology - Science of Biology 3.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM481 Biochemistry - Biochemistry 3.0

NDFS450 Food Chemistry - Food Chemistry 3.0

NDFS464 Food Sensory Evaluation - Food Sensory Evaluation 2.0

NDFS465 Food Product Development - Food Product Development 3.0

**Requirement 2.1.2 —Complete 1 of 2 Courses**

MATH112 Calculus 1 - Calculus 1 4.0

NDFS194 Nutrition Research Fundamentls - Nutrition Research Fundamentls 1.0

NDFS435 Nutr Biochem & Metabolism - Nutr Biochem & Metabolism 4.0

**Requirement 2 —Complete 6 hours**

NDFS201 Society Nutr Chronic Disease - Society Nutr Chronic Disease 3.0

NDFS300 Med Nutr Therapy 1 - Med Nutr Therapy 1 4.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS333 Nutrition and Genes - Nutrition and Genes 3.0

NDFS380 International Nutrition - International Nutrition 3.0

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS410 Human Obesity - Human Obesity 3.0

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS440 Nutrition Educ & Counseling - Nutrition Educ & Counseling 3.0

**Requirement 3 —Complete 6 hours**

*Note: No more than 3 credits combined from NDFS 399R or 494R can be applied to this requirement.*

CELL360 Cell Biology - Cell Biology 3.0

HLTH345 Principles of Epidemiology - Principles of Epidemiology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

NDFS201 Society Nutr Chronic Disease - Society Nutr Chronic Disease 3.0

NDFS250 Essentials of Food Science - Essentials of Food Science 3.0

NDFS251 Essentials of Food Sci Lab - Essentials of Food Sci Lab 1.0

NDFS300 Med Nutr Therapy 1 - Med Nutr Therapy 1 4.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS333 Nutrition and Genes - Nutrition and Genes 3.0

NDFS380 International Nutrition - International Nutrition 3.0

NDFS399R Academic Internship - Academic Internship - *You may take once* 0.5v

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS410 Human Obesity - Human Obesity 3.0

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS440 Nutrition Educ & Counseling - Nutrition Educ & Counseling 3.0

NDFS494R Undergrad Research in N D F S - Undergrad Research in N D F S - *You may take once* 0.5v

PWS340 Genetics - Genetics 3.0

**Requirement 4 —Complete 1 of 2 Courses**

MATH112 Calculus 1 - Calculus 1 4.0

**Option 2.2 —Complete 4 Requirements**

*B. Food Industry Management Track:*

**Requirement 2.2.1 —Complete 7 Courses**

ACC200 Principles of Accounting - Principles of Accounting 3.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

STRAT488 Agribusiness Management 1 - Agribusiness Management 1 3.0

STRAT489 Agribusiness Management 2 - Agribusiness Management 2 3.0

**Requirement 2.2.2 —Complete 1 hour**

*Complete 1.0 hour of NDFS 399R to fulfill this requirement. You may complete more internship hours if desired.*

NDFS399R Academic Internship - Academic Internship - *You may take once* 0.5v

**Requirement 2.2.3 —Complete 1 of 3 Courses**

ENT381 Entrep Lecture Series - Entrep Lecture Series 1.0

ENT382 Tech Entrep Lecture Series - Tech Entrep Lecture Series 1.0

MSB380 Executive Lectures - Executive Lectures 1.0

**Requirement 2.2.4 —Complete 1 of 4 Courses**

ENT301 Business Model Validation - Business Model Validation 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

NDFS450 Food Chemistry - Food Chemistry 3.0

NDFS465 Food Product Development - Food Product Development 3.0

**Requirement 3 —Complete 1 Options**

*During the junior year or upon declaring food science as a major, students are strongly encouraged to select one of the following options to enhance career preparation (students in food industry management track MUST take 1 credit hour of NDFS 399R to graduate):*

A. Choose a research topic and faculty mentor. Working in a research laboratory for 10-20 hours per week over the course of eight months, the student has daily contact with graduate students, technicians, and fellow undergraduate colleagues and frequent interactions with a faculty mentor. Student research often leads to participation in a publication and/or a presentation at a professional meeting. NDFS 494R credit is available.

B. Produce a senior thesis in collaboration with a faculty mentor, derived primarily from library study that extensively explores the relevant questions. The thesis is written in the format of a scientific review paper. NDFS 494R credit is available.

C. Work in an approved, faculty-supervised summer internship with a food company (generally the internship does not include study abroad). NDFS 399R credit is available.

*Prerequisite to CELL 305, required below:*

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

**Requirement 5 —Complete 11 Courses**

CELL120 Science of Biology - Science of Biology 3.0

CELL305 Human Physiology - Human Physiology 4.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM481 Biochemistry - Biochemistry 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 6 —Complete 1 hour**

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

**Recommended Courses are not required to complete the program**

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CHEM 223 - Quant & Qual Analy 4.0

HLTH345 Principles of Epidemiology - Principles of Epidemiology 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

*Note: Professional schools and graduate programs may require additional courses not required for the major, such as Phscs 106, 107, 108, or Math 119 or 112. Students should contact the program to which they may apply to determine the specific courses required.*

**Recommended Courses are not required to complete the program**

*A. Food Science Technical Track - recommended courses (consult with a faculty advisor before selecting):*

CHEM 223 - Quant & Qual Analy 4.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

## 284328 - Dietetics (BS) *

### Program Information

| Program Title | Degree |
|---|---|
| Dietetics | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 77.5 | 81.5 |

**Major Academic Plan**

MAP - BS in Dietetics 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Scientific Evidence | Integrate scientific information and translate research into practice. (2022 ACEND Standards KRDN 1.1-1.3) |

| Title | Learning Outcome |
|---|---|
| Professional Practice | Demonstrate professionalism in beliefs, values, attitudes and behaviors, and communication. (2022 ACEND Standards KRDN 2.1-2.9) |

| Title | Learning Outcome |
|---|---|
| Nutrition Care Process | Explain and apply all areas of the nutrition care process. (2022 ACEND Standards KRDN 3.1-3.6) |

| Title | Learning Outcome |
|---|---|
| Management and Resource Use | Apply principles of management and systems in provision of services to individuals and organizations (2022 ACEND Standards KRDN 4.1-4.7) |

| Title | Learning Outcome |
|---|---|
| Leadership and Career Management | Develop leadership skills for professional growth as a nutrition and dietetics practioner. (2022 ACEND Standards KRDN 5.1-5.6) |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance*

## 285102 - Microbiology (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Microbiology | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 15 | 19 |

**Free Form Requirements**

*Note: Prerequisites for the following courses are required. They should be filled for students in a coupled major.*

**Requirement 1 — Complete 3 Courses**

MMBIO151 Microbiology - Intro to Microbiology 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

**Requirement 2 — Complete 2 of 7 Courses**

*Upper Level Courses:*

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

MMBIO363 Microbial Ecology - Microbial Ecology 2.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

**Requirement 3 — Complete 1 of 5 Courses**

*Upper Level Lab Course: (NOTE: Taking MMBIO 360 for Requirement 2 also fulfills Requirement 3. See advisement center.)*

MMBIO365 Bacterial Pathogenesis Lab - Bacterial Pathogenesis Lab 1.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO 420 - Molecular Parasitology Lab - *This course is no longer available for registration and will count only if you completed it while it was offered. Please see your college advisement center for possible substitutions.* 2.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0

*regarding licensure and certification requirements.*

**Requirement 1 —Complete 10 Courses**

*COMPLETE THE FOLLOWING PREREQUISITE COURSES (TO BE COMPLETED BEFORE PROFESSIONAL SEQUENCE).*

CELL305 Human Physiology - Human Physiology 4.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

NDFS250 Essentials of Food Science - Essentials of Food Science 3.0

NDFS251 Essentials of Food Sci Lab - Essentials of Food Sci Lab 1.0

NDFS290 Intro to Dietetics - Intro to Dietetics 1.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 2 —Complete 1 of 2 Courses**

*Complete 1 prerequisite course before professional sequence*

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

**Requirement 3 —Complete 1 of 2 Courses**

*Complete 1 prerequisite course before professional sequence*

CHEM101 Introductory General Chemistry - Introductory General Chemistry 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

**Requirement 4 —Complete 1 Options**

*Department Admission Requirements:*

- Students must apply by February 15th for admission into the professional sequence in the fall. Four of the prerequisite courses in Requirement 1 (option 1.1 and 1.2) must be completed at time of application. Requirement 1 (option 1.1 and 1.2) must be completed at time of entrance into the professional sequence in the fall.

- Enrollment is limited to 40 students per year.

- Major GPA, dietetics-related experience, and letters of recommendation will be considered.

- Successful applicants typically have a major and cumulative GPA greater than 3.0 and nutrition, dietetics, and food science grades greater than B-.

- Applicants need at least 150 hours of dietetics-related work and/or volunteer experience.

**Requirement 5 —Complete 16 Courses**

*Professional sequence courses (after being admitted into the program):*

NDFS300 Med Nutr Therapy 1 - Med Nutr Therapy 1 4.0

NDFS356 Med Nutr Therapy 2 - Med Nutr Therapy 2 3.0

NDFS374 Food Prod Mgmt - Food Prod Mgmt 2.0

NDFS375 Food Production Mgmt Lab - Food Production Mgmt Lab 3.0

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS405 Nutrition Assessment Lab - Nutrition Assessment Lab 0.5

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS434 Nutr Bio-organic Chemistry - Nutr Bio-organic Chemistry 4.0

NDFS440 Nutrition Educ & Counseling - Nutrition Educ & Counseling 3.0

NDFS445 Foodservice Systems - Foodservice Systems 3.0

NDFS455 Financial Mgt in Dietetics - Financial Mgt in Dietetics 3.0

NDFS458 Mgmt in Dietetics - Mgmt in Dietetics 3.0

NDFS466 Adv Dietetics Prac - Adv Dietetics Prac 3.0

NDFS475 Res in Dietetics - Res in Dietetics 2.0

NDFS490 Professionalism in Dietetics - Professionalism in Dietetics 1.0

NDFS491 Internship Preparation - Internship Preparation 1.0

**Requirement 6 —Complete 1 of 9 Courses**

ACC200 Principles of Accounting - Principles of Accounting 3.0

CELL120 Science of Biology - Science of Biology 3.0

CELL365 Pathophysiology - Pathophysiology 4.0

MKTG201 Marketing Management - Marketing Management 3.0

MSB250 Financial Management - Financial Management 3.0

NDFS237 Intro to Culinary Arts - Intro to Culinary Arts 2.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS380 International Nutrition - International Nutrition 3.0

STDEV150 Public Speaking - Public Speaking 3.0

**Requirement 7 —Complete 1 of 3 Courses**

ANTHR101 Social/Cultural Anthropology - Social/Cultural Anthropology 3.0

PSYCH111 Psychological Science - Psychological Science 3.0

SOC113 Multicultural America - Multicultural America 3.0

*Recommended Minors: The following minors are very complementary to a dietetics major, but any area of interest could be considered: Business, Gerontology (see School of Family Life), International Development, Spanish.*

## 285103 - Molecular Biology (Minor)

### Program Information

| Program Title | Degree |
| --- | --- |
| Molecular Biology | MIN |

## 285120 - Microbiology (BS)

### Program Information

| Program Title | Degree |
| --- | --- |
| Microbiology | BS |

Molecular Biology — PHN

| Variable Credit Min | Variable Credit Max |
|---|---|
| 18 | 18 |

Free Form Requirements

**Requirement 1 — Complete 4 Courses**

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO368 Genomics - Genomics 3.0

PWS340 Genetics - Genetics 3.0

**Requirement 2 — Complete 6 hours**

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

BIO465 Capstone in Bioinformatics - Capstone in Bioinformatics 3.0

CELL360 Cell Biology - Cell Biology 3.0

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

12706-000 - Missing course - Gene Regulation 2.0

*Note: Be aware of prerequisites for the above courses (usually filled in a coupled major).*

Microbiology — BS

| Variable Credit Min | Variable Credit Max |
|---|---|
| 57 | 60 |

Major Academic Plan

MAPS - BS in Microbiology 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Microbiology Fundamentals | Exhibit mastery of four of the following six principal areas of the discipline: microbial physiology, microbial genetics, microbial ecology, medical microbiology, virology, and immunology. |

| Title | Learning Outcome |
|---|---|
| Experiment Design | Devise experiments with appropriate hypotheses and controls. |

| Title | Learning Outcome |
|---|---|
| Data and Research Interpretation | Interpret experiments from primary scientific (biological) literature, analyzing the use of the scientific method, critiquing the rationale, methods, and conclusions in light of relevant scientific principles. |

| Title | Learning Outcome |
|---|---|
| Effective Communication | Effectively communicate scientific information using both oral and written methods |

| Title | Learning Outcome |
|---|---|
| Biology, Faith, and Christ-like Living | Reflect/discuss/explore how faith in the Lord and Christ-like living are affected by an understanding of fundamental biological principles. |

Free Form Requirements

**Requirement 1 — Complete 1 of 3 Courses**

BIO130 Biology - Biology 4.0

CELL120 Science of Biology - Science of Biology 3.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

**Requirement 2 —Complete 4 Courses**

MMBIO151 Microbiology - Intro to Microbiology 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

**Requirement 3 —Complete 12 hours**

MMBIO360 Bacterial Genetics - Bacterial Genetics 4.0

MMBIO363 Microbial Ecology - Microbial Ecology 2.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO385 Phage Genetics - Phage Genetics 3.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0

**Requirement 4 —Complete 4 Courses**

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

PHSCS105 General Physics 1 - General Physics 1 3.0

**Requirement 5 —Complete 1 of 2 Courses**

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

**Requirement 6 —Complete 1 of 2 Courses**

MATH112 Calculus 1 - Calculus 1 4.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 7 —Complete 14 hours**

*A course used to fulfil requirements 1-6 may not be used to fulfil requirement 7. For certain elective courses, a limited number of credit hours can count towards this elective requirement.*

**Option 7.1 —Complete at least 10 hours up to 14 hours**

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 3.0

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

CELL305 Human Physiology - Human Physiology 4.0

CELL325 Tissue Biology (with lab) - Tissue Biology (with lab) 3.0

CELL360 Cell Biology - Cell Biology 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM481 Biochemistry - Biochemistry 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

MMBIO110R Extremophiles - Extremophiles - *You may take once* 1.0

MMBIO122 Gen Biol: Health/Disease Lab - Gen Biol: Health/Disease Lab 1.0

MMBIO162R Careers in Biomed Sciences - Careers in Biomed Sciences - *You may take once* 1.0

MMBIO194 Phage Discovery - Phage Discovery 3.0

MMBIO195 Phage Comparative Genomics - Phage Comparative Genomics 3.0

MMBIO294R Mentored Research - Mentored Research - *You may take up to 2.0 credit hours* 0.5v

MMBIO350 Genetic Counseling - Genetic Counseling 3.0

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO390R Readings in Molecular Biology - Readings in Molecular Biology - *You may take up to 1.0 credit hours* 1.0

MMBIO399R Academic Internship - Academic Internship - *You may take up to 4.0 credit hours* 1.0v

MMBIO409 Hematology - Hematology 3.0

MMBIO411 Molecular Diagnostics - Molecular Diagnostics 3.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0

MMBIO368 Genomics - Genomics 3.0

MMBIO471 Applied Microbiology - Applied Microbiology 2.0

MMBIO490R Molecular Biology Seminar - Molecular Biology Seminar - *You may take once* 1.0

MMBIO493R Curr and Instruct Practicum - Curr and Instruct Practicum - *You may take up to 2.0 credit hours* 2.0

MMBIO494R Advanced Mentored Research - Advanced Mentored Research - *You may take up to 2.0 credit hours* 0.5v

MMBIO510 Hist & Philos Micro & Mol Biol - Hist & Philos Micro & Mol Biol 2.0

12706-000 - Missing course - Gene Regulation 2.0

03818-006 - Missing course - Advanced Immunology 2.0

12708-000 - Missing course - Bacteria-Host Interactions 2.0

MMBIO518 Select Pathogens - Select Pathogens 2.0

10932-003 - Missing course - Molecular Virology 2.0

MMBIO522 Flow Cytometry - Flow Cytometry 2.0

MMBIO528 Scientific Literacy - Current Topics in Pathogenesis - *You may take once* 1.0

NDFS361 Food Microbiology - Food Microbiology 3.0

NDFS544 Food Fermentations - Food Fermentations 2.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PWS340 Genetics - Genetics 3.0

PWS365 Biogeochem - Biogeochem 3.0

13513-000 - Missing course - Genomic Analysis 3.0

PWS514 Soil Microbiology - Soil Microbiology 2.0

**Option 7.2 —Complete up to 4 hours**

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

**Requirement 8 —Complete 1 Course**

MMBIO498 Reflections on Learning - Reflections on Learning 0.0

## 285125 - Molecular Biology (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Molecular Biology | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 57 | 60 |

**Major Academic Plan**

MAPS - BS in Molecular Biology 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Molecular Biology Fundamentals | Understand and apply the principles and techniques of molecular biology which prepares students for further education and/or employment in teaching basic research or the health professions. |

| Title | Learning Outcome |
|---|---|
| Research Development and Practice | Formulate and carry out independent and collaborative research projects. |

## 285220 - Medical Laboratory Science (BS) *

### Program Information

| Program Title | Degree |
|---|---|
| Medical Laboratory Science | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 62 | 62 |

**Major Academic Plan**

MAP - BS in Medical Laboratory Science 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Laboratory Tests and Diagnostics | Demonstrate cognitive knowledge through understanding and performing the full range of clinical laboratory tests in the areas of hematology clinical chemistry immunohematology microbiology serology/immunology coagulation molecular diagnostics laboratory operations and other emerging diagnostics. |

| | Learning Outcome |
|---|---|

| Title | Learning Outcome |
| --- | --- |
| Effective Communication | Communication skills in presenting their research findings through effective oral and written presentations. |

| Title | Learning Outcome |
| --- | --- |
| Professional Ethics and Behavior | Demonstrate a commitment to professional integrity and ethical behavior consistent with the mission of the university and accepted standards of professional conduct. |

Free Form Requirements

**Requirement 1 — Complete 1 of 3 Courses**

BIO130 Biology - Biology 4.0

CELL120 Science of Biology - Science of Biology 3.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

**Requirement 2 —Complete 10 Courses**

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 3.0

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

CELL360 Cell Biology - Cell Biology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

MMBIO390R Readings in Molecular Biology - Readings in Molecular Biology - *You may take once* 1.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO368 Genomics - Genomics 3.0

MMBIO490R Molecular Biology Seminar - Molecular Biology Seminar - *You may take once* 1.0

PWS340 Genetics - Genetics 3.0

**Requirement 3 —Complete 2 hours**

MMBIO294R Mentored Research - Mentored Research - *You may take up to 2.0 credit hours* 0.5v

MMBIO385 Phage Genetics - Phage Genetics 3.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

MMBIO494R Advanced Mentored Research - Advanced Mentored Research - *You may take up to 2.0 credit hours* 0.5v

**Requirement 4 —Complete 4 Courses**

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

| Title | Learning Outcome |
| --- | --- |
| Critical Thinking | Learn practice and use critical thinking skills to address novel problems. |

| Title | Learning Outcome |
| --- | --- |
| Effective Communication | Communicate to enable consultative interactions with members of the healthcare team external relations customer service and patient education. |

| Title | Learning Outcome |
| --- | --- |
| Laboratory Management and Organization | Possess and apply basic knowledge and skills in financial operations marketing and human resource management of the clinical laboratory to enable cost-effective high-quality value-added laboratory services. |

| Title | Learning Outcome |
| --- | --- |
| Information Processing and Management Systems | Possess basic knowledge and skills in financial operations marketing and human resource management of the clinical laboratory to enable cost-effective high-quality value-added laboratory services. |

Free Form Requirements

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

**Requirement 1 —Complete 13 Courses**

*Program Prerequisites:*

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

MMBIO102 Intro Clin Lab Tec - Intro Clin Lab Tec 1.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

PHSCS105 General Physics 1 - General Physics 1 3.0

**Requirement 5 —Complete 1 of 2 Courses**

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

**Requirement 6 —Complete 1 of 2 Courses**

MATH112 Calculus 1 - Calculus 1 4.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 7 —Complete 12 hours**

*A course used to fulfil requirements 1-6 may not be used to fulfil Requirement 7. For certain elective courses, a limited number of credit hours can count toward this elective requirement.*

**Option 7.1 —Complete at least 8 hours up to 12 hours**

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

BIO465 Capstone in Bioinformatics - Capstone in Bioinformatics 3.0

CELL305 Human Physiology - Human Physiology 4.0

CELL325 Tissue Biology (with lab) - Tissue Biology (with lab) 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CELL382 Developmental Biology - Developmental Biology 3.0

CELL444 Bio-Innovation 1 - Bio-Innovation 1 2.0

CELL445 Bio-Innovation 2 - Bio-Innovation II 2.0

CELL582 Developmental Genetics - Developmental Genetics 3.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM481 Biochemistry - Biochemistry 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

MMBIO110R Extremophiles - Extremophiles - *You may take once* 1.0

MMBIO122 Gen Biol: Health/Disease Lab - Gen Biol: Health/Disease Lab 1.0

MMBIO151 Microbiology - Intro to Microbiology 4.0

MMBIO162R Careers in Biomed Sciences - Careers in Biomed Sciences - *You may take once* 1.0

MMBIO194 Phage Discovery - Phage Discovery 3.0

MMBIO195 Phage Comparative Genomics - Phage Comparative Genomics 3.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

PWS340 Genetics - Genetics 3.0

**Requirement 2 —Complete 10 Courses**

*Program courses:*

MMBIO405 MLS Laboratory Operations - MLS Laboratory Operations 1.0

MMBIO406 Clinical Chemistry - Clinical Chemistry 4.0

MMBIO407 Clinical Microbiol - Clinical Microbiol 5.0

MMBIO409 Hematology - Hematology 3.0

MMBIO410 Hematology Laboratory - Hematology Laboratory 2.0

MMBIO411 Molecular Diagnostics - Molecular Diagnostics 3.0

MMBIO412 Immunohematology - Immunohematology 4.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO419 Clinical Parasitology Lab - Clinical Parasitology Lab 1.0

MMBIO491 Apps in Lab Medicn - Apps in Lab Medicn 1.0

**Requirement 3 —Complete 2 hours**

*Complete an internship experience. Complete at least 2 hours from the following:*

MMBIO496R Clinical Experience - Clinical Experience - *You may take once* 1.0v

**Recommended Courses are not required to complete the program**

*Although not required, these courses are recommended.*

STAT121 Principles of Statistics - Principles of Statistics 3.0

WRTG316 Technical Communication - Technical Communication 3.0

MMBIO294R Mentored Research - Mentored Research - *You may take up to 2.0 credit hours* 0.5v

MMBIO350 Genetic Counseling - Genetic Counseling 3.0

MMBIO360 Bacterial Genetics - Bacterial Genetics 4.0

MMBIO363 Microbial Ecology - Microbial Ecology 2.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO365 Bacterial Pathogenesis Lab - Bacterial Pathogenesis Lab 1.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO399R Academic Internship - Academic Internship - *You may take up to 2.0 credit hours* 1.0v

MMBIO409 Hematology - Hematology 3.0

MMBIO411 Molecular Diagnostics - Molecular Diagnostics 3.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0

MMBIO471 Applied Microbiology - Applied Microbiology 2.0

MMBIO493R Curr and Instruct Practicum - Curr and Instruct Practicum - *You may take once* 2.0

MMBIO494R Advanced Mentored Research - Advanced Mentored Research - *You may take up to 2.0 credit hours* 0.5v

MMBIO510 Hist & Philos Micro & Mol Biol - Hist & Philos Micro & Mol Biol 2.0

12706-000 - Missing course - Gene Regulation 2.0

03818-006 - Missing course - Advanced Immunology 2.0

12708-000 - Missing course - Bacteria-Host Interactions 2.0

MMBIO518 Select Pathogens - Select Pathogens 2.0

10932-003 - Missing course - Molecular Virology 2.0

MMBIO522 Flow Cytometry - Flow Cytometry 2.0

MMBIO528 Scientific Literacy - Current Topics in Pathogenesis - *You may take once* 1.0

PHSCS106 General Physics 2 - General Physics 2 3.0

13513-000 - Missing course - Genomic Analysis 3.0

**Option 7.2 —Complete up to 4 hours**

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

**Requirement 8 —Complete 1 Course**

MMBIO498 Reflections on Learning - Reflections on Learning 0.0

## 285620 - Neuroscience (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Neuroscience | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 66 | 69 |

**Major Academic Plan**

MAP - BS in Neuroscience 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Knowledge of the Discipline | Comprehend, apply, and synthesize knowledge of the discipline of neuroscience, and have the necessary knowledge and skills leading to successful employment or further schooling. |

| Title | Learning Outcome |
|---|---|
| Effective Scientific Analysis and Communication | Critically evaluate current scientific literature and effectively communicate ideas integrating research hypotheses and data. |

| Title | Learning Outcome |
|---|---|
| Experiential Learning | Apply the principles of neuroscience in a mentored research setting (449R), in an internship setting (496R), or in a laboratory skills and methods course setting (481). |

**Free Form Requirements**

**Requirement 1 — Complete 4 Courses**

*Major core courses:*

NEURO205 Neurobiology - Neurobiology 3.0

NEURO360 Neuroanatomy - Neuroanatomy 2.0

NEURO460 Behavioral Neuroscience - Behavioral Neuroscience 3.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

**Requirement 2 —Complete 4 Courses**

*Life sciences courses:*

CELL120 Science of Biology - Science of Biology 3.0

CELL360 Cell Biology - Cell Biology 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

**Requirement 3 —Complete 2 Courses**

*Psychology courses:*

## 285720 - Biophysics (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Biophysics | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 72.5 | 73.5 |

**Major Academic Plan**

MAP - BS in Biophysics 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Biophysics | Physiology and Biochemistry Fundamentals Apply key principles of biophysics toward evaluating and analyzing primary literature in the field. Be able to explain key concepts in physiology and biophysics (and supporting disciplines). |

| Title | Learning Outcome |
|---|---|
| Effective Analysis and Writing | Critically evaluate current scientific literature and demonstrate the ability to write reports that synthesize and integrate data and hypotheses. |

| Title | Learning Outcome |
|---|---|
| Laboratory Techniques | Demonstrate competency in carrying out standard laboratory techniques used in the discipline. |

**Free Form Requirements**

**Requirement 1 — Complete 6 Courses**

*Life sciences core courses:*

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

CELL120 Science of Biology - Science of Biology 3.0

CELL360 Cell Biology - Cell Biology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

PWS340 Genetics - Genetics 3.0

**Requirement 2 — Complete 22 hours**

*Chemistry courses:*

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

PSYCH111 Psychological Science - Psychological Science 3.0

PSYCH375 Cognition - Cognition 3.0

**Requirement 4 —Complete 5 Courses**

*Chemistry courses:*

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

**Requirement 5 —Complete 1 of 2 Options**

*Complete ONE of the following physics course options:*

**Option 5.1 —Complete 2 Courses**

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

**Option 5.2 —Complete 3 Courses**

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

PHSCS220 Intro Electricity & Magnetism - Intro Electricity & Magnetism 3.0

**Requirement 6 —Complete 2 Courses**

MATH112 Calculus 1 - Calculus 1 4.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 7 —Complete 1 hour**

*Complete at least 1.0 hour from the following courses. Off-campus internships (Neuro 399R) and on-campus research experiences (Neuro 449R) should be sought early in your BYU education. An approved internship application submitted to the neuroscience internship supervisor is required for Neuro 399R. Instructor permission is required for Neuro 349R and Neuro 449R.*

NEURO349R Teaching Experience - Teaching Experience 1.0v

NEURO399R Academic Internship - Academic Internship 0.5-12.0

NEURO449R Neuro Research Experience - Neuro Research Experience 0.5-3.0

NEURO481 Neuroscience Laboratory - Neuroscience Laboratory 1.0

**Requirement 8 —Complete 1 hour**

*Enroll in this course for two separate semesters to earn the required 1.0 credit.*

NEURO455R Neuro Seminar - Neuro Seminar - *Take 2 times* 0.5

**Requirement 9 —Complete 8 hours**

*Electives: Complete 8.0 hours from the following elective list. Courses taken to fulfill the requirements above cannot double count in this*

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors - Enroll for two credits 2.0v

CHEM468 Biophysical Chemistry - Biophysical Chemistry 3.0

CHEM481 Biochemistry - Biochemistry 3.0

**Requirement 3 — Complete 6 Courses**

*Math and physics courses:*

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

PHSCS220 Intro Electricity & Magnetism - Intro Electricity & Magnetism 3.0

PHSCS225 Intro to Experimental Physics - Intro to Experimental Physics 2.0

**Requirement 4 — Complete 4 Courses**

*Major core courses:*

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CELL455R Cell Bio & Physiology Seminar - Cell Bio & Physiology Seminar 0.5

CELL568 Biophysics - Biophysics 3.0

**Requirement 5 — Complete 10 hours**

*Complete 10 hours from the following. At least 4 hours must come from the mentored experience and at least 5 hours from electives.*

**Option 5.1 — Complete at least 4 hours up to 5 hours**

*A. Mentored laboratory experience (must be in an approved biophysics lab) (at least 4 hours required):*

CELL295R Introductory Undgrad Research - Introductory Undgrad Research - *You may take up to 5.0 credit hours* 0.5-2.0

CELL495R Adv Undergraduate Research - Adv Undergraduate Research - *You may take up to 5.0 credit hours* 0.5-4.0

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

**Option 5.2 — Complete up to 6 hours**

*B. Electives (at least 5 hours required):*

CELL365 Pathophysiology - Pathophysiology 4.0

CELL450R Readings in Cell Bio & Physiol - Readings in Cell Bio & Physiol 1.0-2.0

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL565 Endocrinology - Endocrinology 3.0

*requirement.*

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL565 Endocrinology - Endocrinology 3.0

CELL568 Biophysics - Biophysics 3.0

CHEM481 Biochemistry - Biochemistry 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

COMD213 Hearing Science & Acoustics - Hearing Science & Acoustics 3.0

ME EN552 Neuromechanics of Movement - Neuromechanics of Movement 3.0

NEURO390R Special Topics - Special Topics 1.0-3.0

NEURO420R Sen. Practicum: Comm Proj - Sen. Practicum: Comm Proj 1.0v

NEURO455R Neuro Seminar - Neuro Seminar 0.5

NEURO481 Neuroscience Laboratory - Neuroscience Laboratory 1.0

PSYCH342 Psychopathology - Abnormal Psychology 3.0

PSYCH370 Sensation and Perception - Sensation and Perception 3.0

PSYCH377 Cognitive Neurosci of Memory - Cognitive Neurosci of Memory 3.0

PSYCH382 Stress Psychobiology - Stress Psychobiology 3.0

PSYCH388 Drugs, Reward and Addiction - Drugs, Reward and Addiction 3.0

PWS340 Genetics - Genetics 3.0

**Requirement 10 — Obtain confirmation from your advisement center that you have completed the following:**

Complete an exit interview. Students will be contacted by the Neuroscience Center office during their last semester to complete this requirement.

*Note 1: Neuro 349 R,  Neuro 399R, Neuro 449R, Me En 552, and CELL 568 require the instructor's permission before enrolling.*

*Note 2: Professional schools and graduate programs may require additional courses not required for this major, such as physiology lab, physics labs, chemistry, calculus, or statistics. Contact the programs to which you may apply to determine the specific courses required. Students should work closely with the Life Science Advisement Center and BYU's Pre-Professional Advisement Center.*

*Note 3: The Neuroscience Center requires a minimum of 21 hours of neuroscience major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.*

CHEM 223 - Quant & Qual Analy 4.0

CHEM227 Principles of Chem Analysis - Principles of Chem Analysis 4.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

CHEM489 Structural Biochemistry - Structural Biochemistry 3.0

CHEM581 Adv Biochemical Methodology 1 - Adv Biochemical Methodology 1 3.0

CHEM583 Adv Biochemical Methodology 2 - Adv Biochemical Methodology 2 3.0

CHEM584 Adv Biochemistry Methods 1 - Adv Biochemistry Methods 1 3.0

CHEM586 Adv Biochemistry Methods 2 - Adv Biochemistry Methods 2 3.0

EC EN301 Elements of Electrical Engr - Elements of Electrical Engr 3.0

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

PHSCS145 Experimental Methods - Experimental Methods 1.0

PHSCS230 Computational Physics Lab 1 - Computational Physics Lab 1.0

PHSCS240 Dsgn, Fabricatn, Sci Apparatus - Dsgn, Fabricatn, Sci Apparatus 2.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

## 285721 - Cell Biology and Physiology (BS)

### Program Information

| Program Title | Degree |
| --- | --- |
| Cell Biology and Physiology | BS |

## 285801 - Plant and Landscape Systems (Minor)

### Program Information

| Cell Biology and Physiology | BS |
|---|---|
| **Variable Credit Min** | **Variable Credit Max** |
| 67.5 | 67.5 |

**Major Academic Plan**

MAP - BS in Cell Biology and Physiology 2023-2024.pdf

| | |
|---|---|
| | **Learning Outcome**<br>Apply key principles of cell biology toward evaluating and analyzing primary literature in the field. Be able to explain key concepts including mechanisms by which cellular architecture and organization is developed and maintained and mechanisms by which cells undertake complex functions such as adhesion, polarity, signaling, division, motility, migration, and development. |
| **Title**<br>Cell Biology Fundamentals | |

| | |
|---|---|
| | **Learning Outcome**<br>Apply key principles of physiology toward evaluating and analyzing primary literature in the field. Be able to explain key concepts including mechanisms of maintenance of homeostasis by physiologic control systems, mechanisms of communication among cells and organs, properties that influence movement of substances across living membranes, and relationships of cell and organ structure to function. |
| **Title**<br>Physiology Fundamentals | |

| | |
|---|---|
| | **Learning Outcome**<br>Explain key principles of supporting disciplines including molecular biology, evolutionary science, chemistry (general, organic, and biochemistry), and physics. |
| **Title**<br>Supporting Disciplines | |

| | |
|---|---|
| | **Learning Outcome**<br>Critically evaluate current scientific literature and write reports that synthesize and integrate data and hypotheses. |
| **Title**<br>Effective Writing and Analysis | |

| | |
|---|---|
| | **Learning Outcome**<br>Demonstrate competency in carrying out standard laboratory techniques used in the discipline. |
| **Title**<br>Laboratory Techniques | |

**Free Form Requirements**

**Requirement 1 — Complete 8 Courses**

| Program Title | Degree |
|---|---|
| Plant and Landscape Systems | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 17.5 | 20 |

**Free Form Requirements**

**Requirement 1 — Complete 4 Courses**

PWS103 Residential Landscape Design - Residential Landscape Design 3.0

PWS191 Intro to PLS - Intro to PLS 1.0

PWS214 Bidding & Estimating - Bidding & Estimating 2.0

PWS282 Soil Science - Soil Science 3.0

**Requirement 2 — Complete 1 of 2 Courses**

PWS198R PLS Practicum - PLS Practicum - *You may take once* 0.5

PWS199R Academic Internship - Academic Internship - *You may take once* 0.5v

**Requirement 3 — Complete 8 hours**

*After consulting with a faculty advisor, complete 8 hours from the following:*

**Option 3.1 — Complete up to 8 hours**

*Design:*

PWS105 Landscape Design Graphics - Landscape Design Graphics 2.0

PWS112 Floral Design - Floral Design 3.0

PWS205 Landscape Comp Applications - Landscape Comp Applications 3.0

PWS213 Interior Plants & Landscapes - Interior Plants & Landscapes 3.0

PWS380 Advanced Landscape Design - Plant Community Design 3.0

**Option 3.2 — Complete up to 8 hours**

*Installation:*

PWS211 Hardscape Materials - Hardscape Materials 2.0

PWS212 Principles of Irrigation - Principles of Irrigation 2.0

PWS220 Trees - Trees 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS319 Grasses in Urban & Natural Env - Grasses in Urban & Natural Env 3.0

**Option 3.3 — Complete up to 8 hours**

*Maintenance:*

PWS100 Plants in the Environment - Plants in the Environment 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS319 Grasses in Urban & Natural Env - Grasses in Urban & Natural Env 3.0

PWS431 Plant Health Diagnostics - Plant Health Diagnostics 3.0

Note 1: Electives need not be taken from the same emphasis to fill this requirement.

Note 2: PWS 100 will substitute for 3 hours under the elective requirement.

*Major core courses: (Note: CELL 210 can be substituted for CELL 220 upon request.)*

CELL120 Science of Biology - Science of Biology 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

CELL325 Tissue Biology (with lab) - Tissue Biology (with lab) 3.0

CELL360 Cell Biology - Cell Biology 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CELL382 Developmental Biology - Developmental Biology 3.0

CELL455R Cell Bio & Physiology Seminar - Cell Bio & Physiology Seminar 0.5

**Requirement 2 — Complete 4 Courses**

*Additional biology courses:*

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

PWS340 Genetics - Genetics 3.0

**Requirement 3 — Complete 8 Courses**

*Chemistry and physics courses:*

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM481 Biochemistry - Biochemistry 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

**Requirement 4 — Complete 3 hours**

*Experiential learning options. Experiences should be sought early in your BYU education.*

CELL295R Introductory Undgrad Research - Introductory Undgrad Research 0.5-2.0

CELL349R Cell Bio & Physiology Teaching - Cell Bio & Physiology Teaching 1.0-3.0

CELL399R Academic Internship - Academic Internship 3.0-9.0

CELL444 Bio-Innovation 1 - Bio-Innovation 1 2.0

CELL445 Bio-Innovation 2 - Bio-Innovation 2 2.0

CELL450R Readings in Cell Bio & Physiol - Readings in Cell Bio & Physiol 1.0-2.0

CELL495R Adv Undergraduate Research - Adv Undergraduate Research 0.5-4.0

Research 0.5 - 4.0

LFSCI199R Nonresearch Academic Internshp - Nonresearch Academic Internshp - *You may take up to 1.0 credit hour* 0.5-3.0

STDEV132 Peer Education Level 1 - Peer Education Level 1 1.0

STDEV133 Peer Education Level 2 - Peer Education Level 2 1.0

**Requirement 5 — Complete 1 of 7 Courses**

*Capstone courses:*

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL562 Reproductive Physiology - Reproductive Physiology 3.0

CELL565 Endocrinology - Endocrinology 3.0

CELL568 Biophysics - Biophysics 3.0

CELL582 Developmental Genetics - Developmental Genetics 3.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

**Requirement 6 — Complete 9 hours**

*Elective courses (at least 3 hours must be CELL). Courses taken to fulfill the requirements above cannot double count in this requirement.*

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 3.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

BIO368 Genomics - Genomics 3.0

BIO375 Plant Development and Morph. - Plant Developmental Biology 3.0

CELL320 Dissection Tech Human Anatomy - Dissection Tech Human Anatomy 1.0

CELL365 Pathophysiology - Pathophysiology 4.0

CELL455R Cell Bio & Physiology Seminar - Cell Bio & Physiology Seminar 0.5

CELL484 Human Embryology - Human Embryology 3.0

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

CELL520R Adv Topics in Human Anatomy - Adv Topics in Human Anatomy 1.0-2.0

CELL550R Adv Topics-Cell Bio & Physiol - Adv Topics-Cell Bio & Physiol 1.0-4.0

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL562 Reproductive Physiology - Reproductive Physiology 3.0

CELL565 Endocrinology - Endocrinology 3.0

CELL568 Biophysics - Biophysics 3.0

CELL582 Developmental Genetics - Developmental Genetics 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

EXSC463 Exercise Physiology - Exercise Physiology 3.0

EXSC464 Exercise Physiology Lab - Exercise Physiology Lab 0.5

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

MMBIO463 Immunology - Immunology 3.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

*Professional schools and graduate programs may require additional courses not required for this major, such as physics labs, chemistry, calculus, or statistics. Contact the programs to which you may apply to determine the specific courses required. Students should work closely with the Life Science Advisement Center and BYU's Pre-Professional Advisement Center.*

## 285802 - Environmental Science and Sustainability (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Environmental Science and Sustainability | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 17 | 18 |

**Free Form Requirements**

**Requirement 1 — Complete 2 Courses**

PWS150 Environmental Biology - Environmental Biology 3.0

**Requirement 2 — Complete 1 of 2 Courses**

PWS375 Aquatic Policies & Laws - Aquatic Policies & Laws 3.0

PWS385 Terrestrial Policies and Laws - Terrestrial Policies and Laws 3.0

**Requirement 3 — Complete 6 hours**

*Environmental Science and Core Courses: Students may enroll in PWS 494R more than once for a total of 3.0 credit hours*

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS305 Watershed Ecology - Watershed Ecology 3.0

PWS306 Watershed Ecology Lab - Watershed Ecology Lab 1.0

PWS365 Biogeochem - Biogeochem 3.0

PWS366 Biogeochem Lab - Biogeochem Lab 1.0

PWS440 Plant Physiol Ecol - Plant Physiological Ecology 3.0

PWS480 Environmental Capstone - Environmental Capstone 3.0

PWS494R Mentored Learning Experience - Mentored Learning Experience - *You may take once* 0.5v

**Requirement 4 — Complete 6 hours**

*Sustainability Core Courses:*

## 285823 - Genetics, Genomics, & Biotechnology (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Genetics, Genomics & Biotechnology | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 59 | 63 |

**Major Academic Plan**

MAPS - BS in Genetics, Genomics, & Biotechnology 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Molecular Genetics Fundamentals | Exhibit a broad understanding of core molecular genetics and biology concepts including bioinformatics, molecular biology, genetics, cellular biology, physiology and evolution. |

| Title | Learning Outcome |
|---|---|
| Biotechnology Skills and Practices | Independently perform key biotechnology and molecular biology benchwork protocols and can use popular computational software packages for DNA sequence analysis as they apply to plant and animal improvement programs or microbial genomics. Graduates of the biotechnology business track will have additional skills acquired from case studies-oriented management courses. |

| | Learning Outcome |
|---|---|
| | Explain key concepts of genome organization and manipulation |

BIO370 Bioethics - Bioethics 2.0

GEOG210 Intro to City Planning - Intro to City Planning 3.0

GEOG410 Urban Planning Methods - Urban Planning Methods 3.0

HIST290 Nature & History - Nature & History 3.0

HLTH322 Environmental Health - Environmental Health 3.0

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

IHUM280R Humanities & the Environment - Humanities & the Environment - *You may take once* 3.0

MSB375 Social Impact - Social Impact 3.0

POLI325 Pol of Wilds, Parks, & Lands - Pol of Wilds, Parks, & Lands 3.0

PWS110 Sustainable Food Crop Systems - Sustainable Food Crop Systems 3.0

PWS180 Global Climate Change - Global Climate Change 3.0

PWS417 Rangeland Planning & GIS - Rangeland Planning & GIS 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

| | |
|---|---|
| **Title**<br>Genome Organization and Manipulation | in depth, for example genetic map construction, sequencing methods and strategies, genome annotation, comparative genomics, global gene expression profiling, metagenomics, and transgenic plant and animal technologies. Also, students can independently assemble bacterial genomes and parse metagenomic sequencing data. |

| | |
|---|---|
| **Title**<br>Quantitative Reasoning and Analysis | **Learning Outcome**<br>Demonstrate proficiency in applying the quantitative and analytical skills necessary for successful research science and/or clinical health careers. Examples include designing properly controlled experiments (PWS288 and PWS274), critically analyzing experimental data in the literature (MMBIO 240, PDBIO 360), and writing scripts to parse genomic datasets (PWS272, PWS472, PWS474) |

| | |
|---|---|
| **Title**<br>Literature Summation and Discussion | **Learning Outcome**<br>Graduates can summarize the background, methodology, results and conclusions of a set of experiments, as published in a single or in multiple related scientific papers, and lead classroom discussions on them. |

**Free Form Requirements**

**Requirement 1 —Complete 11 Courses**

*Core courses:*

CELL360 Cell Biology - Cell Biology 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PWS188 Intro to Genetics & Biotech - Intro to Genetics & Biotech 1.0

PWS272 Coding for Genetic Analysis - Coding for Genetic Analysis 3.0

PWS274 Applied Biostatistics - Applied Biostatistics 3.0

PWS288 Molecular Genetics Laboratory - Molecular Genetics Laboratory 3.0

PWS340 Genetics - Genetics 3.0

PWS368 Genomics - Genomics 3.0

**Requirement 2 —Complete 3 hours**

CELL120 Science of Biology - Science of Biology 3.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

**Requirement 3 —Complete 1 of 2 Options**

**Option 3.1 —Complete 3 Requirements**

*A. GENETICS AND GENOMICS CORE TRACK:*

**Requirement 3.1.1 —Complete 6 Courses**

*Core Genetics and Genomics courses:*

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM481 Biochemistry - Biochemistry 3.0

PWS316 Scientific Writing Genetics - Scientific Writing Genetics 3.0

PWS472 Conservation Genomics - Conservation Genomics 3.0

**Requirement 3.1.2 —Complete 1 of 4 Courses**

*Organismal Physiology course:*

BIO310 Comparative Animal Physiology - Comparative Physiol & Anatomy 4.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

**Requirement 3.1.3 —Complete 9 hours**

**Option 3.1.3.1 — Complete at least 6 hours up to 9 hours**

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

CELL382 Developmental Biology - Developmental Biology 3.0

MMBIO151 Microbiology - Intro to Microbiology 4.0

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

PWS301 Plant Propagation - Plant Propagation 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

PWS474 Bacterial Genomics - Bacterial Genomics 2.0

10719-002 - Missing course - Plant Cell Biology 3.0

PWS588 Metagenomics - Metagenomics 3.0

**Option 3.1.3.2 - Complete up to 3 hours**

PWS399R Research Internship - Research Internship

PWS494R Biotechnology Lab - Biotechnology Lab

**Option 3.2 —Complete 4 Requirements**

*B. BUSINESS MINOR CORE TRACK:*

**Requirement 3.2.1 —Complete 6 Courses**

ACC200 Principles of Accounting - Principles of Accounting 3.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

STRAT488 Agribusiness Management 1 - Agribusiness Management 1 3.0

**Requirement 3.2.2 —Complete 1 of 2 Courses**

MKTG201 Marketing Management - Marketing Management 3.0

STRAT489 Agribusiness Management 2 - Agribusiness Management 2 3.0

**Requirement 3.2.3 —Complete 1 of 2 Courses**

ENT381 Entrep Lecture Series - Entrep Lecture Series 1.0

MSB380 Executive Lectures - Executive Lectures 1.0

**Requirement 3.2.4 —Complete 1 of 2 Options**

**Option 3.2.4.1 —Complete 1 Course**

PWS316 Scientific Writing Genetics - Scientific Writing Genetics 3.0

**Option 3.2.4.2 —Complete 2 Courses**

CELL444 Bio-Innovation 1 - Bio-Innovation 1 2.0

CELL445 Bio-Innovation 2 - Bio-Innovation II 2.0

Note: To complete a minor from the Marriott School of Business, students must take MKTG 201 in group 3.2.2 and one of the following: Math 110, Math 112, Math 116, Math 118, or IS 201.

**Recommended Courses are not required to complete the program**

*Recommended Courses:*

**Recommended Courses are not required to complete the program**

*For preprofessional or graduate school preparation:*

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

**Recommended Courses are not required to complete the program**

*For students seeking employment in the biotech industry:*

PWS199R Academic Internship - Academic Internship - *You may take once* 0.5v

*Note: Contact the academic advisor to determine if R research in other departments may be applied to the 3.1.4.1 requirement.*

## 285824 - Environmental Science and Sustainability (BS)

### Program Information

**Program Title**
Environmental Science and Sustainability

**Degree**
BS

**Variable Credit Min**
60

**Variable Credit Max**
60

**Major Academic Plan**
MAPS - BS in Environmental Science and Sustainability 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| The Scientific Method | Devise experiments with testable hypotheses addressing environmental concerns, problems, and solutions in the environment based on the interpretation of primary scientific literature and the scientific method. |
| Environmental Measurements, Assessments, and Statistics | Conduct and design basic environmental quality measurements, site assessments, and statistics associated with resource management and conservation. |
| Environmental Policy | Understand the inception, current state, and future needs of seminal environmental policies and laws. |
| Effective Communication | Write effectively and concisely both within and outside the environmental science discipline. |
| Scientific Foundation | Possess a fundamental and applied knowledge of the biogeochemistry ecology plant biology microbiology and laws relating to soil and water conservation quality and pollution. |
| | Foster and promote an environmental awareness, stewardship, and sustainability |

## 285825 - Plant and Landscape Systems (BS)

### Program Information

**Program Title**
Plant and Landscape Systems

**Degree**
BS

**Variable Credit Min**
66

**Variable Credit Max**
71.5

**Major Academic Plan**
MAP - BS in Plant and Landscape Systems 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Landscape Management and the Gospel of Jesus Christ | Identify reflect on and articulate personally significant experiences that strengthen the desire to incorporate the gospel of Jesus Christ in managing and creating beautiful landscapes |
| Landscape Practices | Lead and practice with a knowledge of landscape contracting at the local and national levels. |
| Career Preparation | Effectively compete for the best employment positions including leadership in national organizations which are available to college graduates including self-employment. |
| Landscape Design, Construction, and Management | Demonstrate competence in each of the three main areas of landscape contracting: design, management and installation. |
| Academic and Professional Preparation | Demonstrate preparation to excel in a variety of graduate programs related to landscape management. |

**Free Form Requirements**

**Requirement 1 — Complete 18 Courses**

PWS100 Plants in the Environment - Plants in the Environment 3.0

PWS103 Residential Landscape Design - Residential Landscape Design 3.0

PWS110 Sustainable Food Crop Systems - Sustainable Food Crop Systems 3.0

PWS191 Intro to PLS - Intro to PLS 1.0

PWS198R PLS Practicum - PLS Practicum - *You may take once* 0.5

| Title | |
|---|---|
| Global Environmental Awareness and Stewardship | ethic to help all understand their influence on and spiritual connection to God's creations and Earth. |

Free Form Requirements

**Recommended Courses are not required to complete the program**

*Recommended GEs*

PWS150 Environmental Biology - Environmental Biology 3.0

PWS180 Global Climate Change - Global Climate Change 3.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 1 —Complete 11 Courses**

*Environmental Science Core*

CHEM101 Introductory General Chemistry - Introductory General Chemistry 3.0

PWS155 Careers in Environmntl Science - Careers in Environmntl Science 1.0

PWS274 Applied Biostatistics - Applied Biostatistics 3.0

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS305 Watershed Ecology - Watershed Ecology 3.0

PWS306 Watershed Ecology Lab - Watershed Ecology Lab 1.0

PWS365 Biogeochem - Biogeochem 3.0

PWS366 Biogeochem Lab - Biogeochem Lab 1.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

PWS480 Environmental Capstone - Environmental Capstone 3.0

**Requirement 2 —Complete 3 of 13 Courses**

*Sustainability Core. Complete 8-9 hours from the following courses*

BIO370 Bioethics - Bioethics 2.0

GEOG210 Intro to City Planning - Intro to City Planning 3.0

GEOG410 Urban Planning Methods - Urban Planning Methods 3.0

HIST290 Nature & History - Nature & History 3.0

HLTH322 Environmental Health - Environmental Health 3.0

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

IHUM280R Humanities & the Environment - Humanities & the Environment - *You may take once* 3.0

MSB375 Social Impact - Social Impact 3.0

POLI325 Pol of Wilds, Parks, & Lands - Pol of Wilds, Parks, & Lands 3.0

PWS110 Sustainable Food Crop Systems - Sustainable Food Crop Systems 3.0

PWS180 Global Climate Change - Global Climate Change 3.0

PWS417 Rangeland Planning & GIS - Rangeland Planning & GIS 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

PWS211 Hardscape Materials - Hardscape Materials 2.0

PWS212 Principles of Irrigation - Principles of Irrigation 2.0

PWS214 Bidding & Estimating - Bidding & Estimating 2.0

PWS220 Trees - Trees 3.0

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS301 Plant Propagation - Plant Propagation 3.0

PWS319 Grasses in Urban & Natural Env - Grasses in Urban & Natural Env 3.0

PWS320 Sustainable Plant Systems - Sustainable Plant Systems 3.0

PWS331 Sci of Plant Pest Control - Sci of Plant Pest Control 3.0

PWS402 Soils & Water in Urban Environ - Soils & Water in Urban Environ 3.0

PWS431 Plant Health Diagnostics - Plant Health Diagnostics 3.0

PWS481 Plant Landscape Bus. Systems - Plant Landscape Bus. Systems 2.0

**Requirement 2 — Complete 0.5 hours**

PWS199R Academic Internship - Academic Internship - *You may take once* 0.5v

**Requirement 3 — Complete 2 Courses**

ACC200 Principles of Accounting - Principles of Accounting 3.0

STRAT488 Agribusiness Management 1 - Agribusiness Management 1 3.0

**Requirement 4 — Complete 1 of 2 Courses**

MKTG201 Marketing Management - Marketing Management 3.0

STRAT489 Agribusiness Management 2 - Agribusiness Management 2 3.0

**Requirement 5 — Complete 1 of 2 Courses**

CHEM101 Introductory General Chemistry - Introductory General Chemistry 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

**Requirement 6 — Complete 3 of 6 Courses**

BIO235 Field Botany - Field Botany 3.0

PWS105 Landscape Design Graphics - Landscape Design Graphics 2.0

PWS112 Floral Design - Floral Design 3.0

PWS205 Landscape Comp Applications - Landscape Comp Applications 3.0

PWS213 Interior Plants & Landscapes - Interior Plants & Landscapes 3.0

PWS380 Advanced Landscape Design - Plant Community Design 3.0

**Requirement 7 — Complete 1 of 4 Courses**

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

**Requirement 3 —Complete 1 of 2 Courses**

*Environmental Policies and Laws Core*

PWS375 Aquatic Policies & Laws - Aquatic Policies & Laws 3.0

PWS385 Terrestrial Policies and Laws - Terrestrial Policies and Laws 3.0

**Requirement 4 —Complete 3 hours**

*Experiential Learning. Students may enroll in PWS 494R more than once for a total of 3.0 credit hours*

PWS250 Field Ecology - Field Ecology 3.0

PWS292R Intro Mentored Learning - Intro Mentored Learning - *You may take once* 0.5v

PWS399R Research Internship - Research Internship - *You may take once* 0.5v

PWS494R Mentored Learning Experience - Mentored Learning Experience - *You may take up to 3.0 credit hours* 0.5v

**Requirement 5 —Complete 21 hours**

*Complete 21.0 hours from the following option(s) with only 9.0 credit hours completed as 100 level courses. Note: all classes listed in Requirements 2, 3, and 4 are also approved general electives*

Ecosystem Ecology Track

Complete the following: CHEM 285, GEOG 307, BIO 350, BIO 420, BIO 542, BIO 455, PWS 215, PWS 411, PWS 417, PWS 419, and PWS 472.

Sustainable Development Track

Complete the following: ECON 110, HLTH 480, IAS 220, IHUM 280R, MSB 375, MSB 381, and SOC 340.

Resource Conservation & Management Track

Complete the following: PWS 225, PWS 330, PWS 376, PWS 405, CE EN 414, CE EN 451, CHEM 201, GEOL 420/421, and HLTH 322.

**Option 5.1 —Complete up to 24 hours**

*General Major Electives:*

ACC200 Principles of Accounting - Principles of Accounting 3.0

BIO130 Biology - Biology 4.0

BIO235 Field Botany - Field Botany 3.0

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO556 Limnology - Limnology 3.0

BIO557 Stream & Wetland Ecology - Stream & Wetland Ecology 4.0

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 2.0

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CELL120 Science of Biology - Science of Biology 3.0

CELL444 Bio-Innovation 1 - Bio-Innovation 1 2.0

CELL445 Bio-Innovation 2 - Bio-Innovation II 2.0

CFM 460 - Sustainable & Regulatory Build - *This course is no longer available for registration and will count only if you completed it while*

HRM300 Organizational Behavior - Organizational Behavior 3.0

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

*A MANAGEMENT MINOR IS STRONGLY RECOMMENDED*

*Completion of the following courses (some listed above) will meet the requirements for this minor: Acc 200, Econ 110, ENT 381, Fin 201, HRM 300, Math 110, Stat 121, STRAT 489.*

*The following courses are also suggested: ENT 301; M Com 320, StDev 150.*

*For students planning to pursue a master's degree in landscape architecture (MLA), the following courses are also recommended: Bio 350; CFM 105; Geog 212, 310, 422; PWS 380.*

*For students planning to pursue a master's degree in (MS) the following courses are recommended: Chem 106, 107, 351, 352, 481; Engl 316; Math 119 or Stat 121; Phscs 105, 106; PWS 440, 513.*

*it was offered. Please see your college advisement center for possible substitutions.* 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

| Program Title | Degree |
|---|---|
| Information Systems | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 64 | 64 |

**Major Academic Plan**
MAPS - BS in Information Systems 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| 1. Gain a Knowledge of Information Systems and Business | Program graduates will apply knowledge of information systems as well as general business to bridge the gap between technical and business personel. |
| 2. Create and Manage Organizational Technical Functions | Acquire deploy maintain and manage information technology systems infrastructure security resources and services |
| 3. Make Informed Business and Technical Decisions | Graduates will be able to make informed business and technical decisions and solve unstructured problems in a rapidly changing environment. |
| 4. Develop Lifelong Learning Skills | Graduates will be prepared to pursue lifelong learning. |

**Free Form Requirements**

**Requirement 1 — Complete 2 Requirements**

*Prerequisite courses: These courses are used in determining admission to the undergraduate Information Systems program.*

**Requirement 1.1 —Complete 2 Courses**

ACC200 Principles of Accounting - Principles of Accounting 3.0

IS201 Intro to Information Systems - Intro to Mgt Info Systems 3.0

**Requirement 1.2 —Complete 1 of 2 Courses**

C S142 Intro to Computer Programming - Intro to Computer Programming 3.0

| Title | Learning Outcome |
| --- | --- |
| Embrace Continuous Learning | Embrace continuous Learning: Actively engage in continuous improvement desirous and able to be self-taught and learn new concepts. |

Free Form Requirements

**Requirement 1 —Complete 3 Courses**

*Prerequisite courses:*

ACC200 Principles of Accounting - Principles of Accounting 3.0

ACC310 Principles of Acctg 2 - Principles of Acctg 2 3.0

IS201 Intro to Information Systems - Intro to Mgt Info Systems 3.0

*A.) A minimum of a B grade is required in ACC 200 and ACC 310 to apply. B.) Students can begin accounting major courses only Fall semester.*

**Requirement 2 —Complete 6 Courses**

ACC241 Business Law - Business Law 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

IS110 Spreadsheets & Bus Analysis - Spreadsheets & Bus Analysis 1.0

M COM320 Management Communication - Management Communication 3.0

MKTG201 Marketing Management - Marketing Management 3.0

**Requirement 3 —Complete 9 Courses**

*Junior Core courses:*

ACC401 Bus & Acc Info Systems - Bus & Acc Info Systems 3.0

ACC402 Cost & Managerial Accounting - Cost & Managerial Accounting 3.0

ACC403 Interm Financial Accounting 1 - Interm Financial Accounting 1 3.0

ACC404 Financial Accounting 2 - Financial Accounting 2 3.0

ACC405 Fundamentals of Taxation - Fundamentals of Taxation 3.0

ACC406 Financial Statement Auditing - Financial Statement Auditing 3.0

ACC407 Data Analytics in Accounting - Data Analytics in Accounting 3.0

ACC408 Critical Thinking - Critical Thinking 1.5

ACC409 Integrated Topics - Integrated Topics 1.5

**Requirement 4 —Complete 1 Requirement**

*Business Core courses:*

**Requirement 4.1 —Complete 6 Courses**

FIN402 Managerial Finance - Managerial Finance 3.0

GSCM301 Global Supply Chain Mgt - Global Supply Chain Mgt 1.5

GSCM311 GSCM International - GSCM International 1.5

[illegible]

IS303 Intro Computer Programming - Intro Computer Programming 3.0

*Apply and be formally accepted into the program.*

**Requirement 2 —Complete 6 Courses**

*Note: It is strongly recommended that STAT 121 be completed before entering the IS core. It is strongly encouraged to have M COM 320 completed before the IS core.*

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

IS110 Spreadsheets & Bus Analysis - Spreadsheets & Bus Analysis 1.0

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

MKTG201 Marketing Management - Marketing Management 3.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 3 —Complete 9 Courses**

IS401 Proj management & sys design - Systems Analysis & Design 3.0

IS402 Database Systems - Database Systems 3.0

IS403 Prin of Business Programming - Prin of Business Programming 3.0

IS404 Data Communications - Data Communication 3.0

12588-000 - Missing course - IS Project Management 3.0

IS413 Enterprise Application Devel - Enterprise Application Devel 3.0

IS414 IS Security & Controls - IS Security & Controls 3.0

IS415 Exploratory Data Analysis - Machine Learning 3.0

IS455 Machine Learning - Predictive Analytics 3.0

**Requirement 4 —Complete 5 Courses**

*Business Core courses:*

GSCM 305 - Intro Global Supply Chain Mgt 1.5

GSCM 310 - GSCM International 1.5

HRM391 Organizational Effectiveness - Organizational Effectiveness 3.0

MSB390 Ethics for Management - Ethics for Management 3.0

STRAT392 Strategy and Economics - Strategy and Economics 3.0

**Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:**

Complete Marriott School exit survey online.

HRM391 Organizational Effectiveness - Organizational Effectiveness 3.0

MSB571 Ethics for Accounting - Ethics for Accounting 3.0

STRAT392 Strategy and Economics - Strategy and Economics 3.0

Note: If completing the MAcc, these courses will be replaced by MAcc courses.

**Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:**

Complete Marriott School exit survey online.

**Degree Map Name**
BS in Accounting (322622) MAP
**Total Degree Map Credits**
120
**Degree Map Effective Catalog Year**
2023-24 -
**Degree Map Narrative**
BYU Marriott majors are limited-enrollment programs and the application process is competitive. For assistance in preparing for the application process, it is highly recommended that students visit the BYU Marriott Undergraduate Advisement Center. Applicants may apply to the BYU Marriott School of Business as soon as they have completed the prerequisite courses. Most applicants apply after their sophomore year. Each program starts at the beginning of a new academic year. Deadline to apply for Fall is the last working day of June by 4:30 p.m.

## THE DISCIPLINE

Accounting has been called the language of business in which accountants control, analyze, report, and utilize financial and other data of an enterprise to make critical business decisions. A good understanding of accounting principles and practices can serve as the basis for a career in any business field.

## CAREER OPPORTUNITIES

Accountants provide critical input and guidance in profit-seeking organizations, service and charitable organizations, educational institutions, government, public accounting firms, and indeed, in any organization that exists today.

## GENERAL INFORMATION

Students are encouraged to apply to BYU Marriott as soon as they have completed the prerequisite courses. For more information about the accounting program, visit https://marriottschool.byu.edu/acc/

## APPLICATION INFORMATION

All students entering BYU Marriott commence their study at the beginning of fall semester. Students applying at the end of their freshman year will be admitted to begin the fall semester of their junior year. Admission is based on the following: Prerequisite GPA, Essay, Review of overall academic record, Professionalism, Prerequisite courses must be completed before the application deadline. Any application with a prerequisite GPA below a 3.0 will not be considered. When prerequisite GPA is calculated, repeated or transferred courses will be discounted.

**Applicants must receive at least a B in both ACC 200 and ACC 310

*Applicants must receive at least a B in both ACC 200 and ACC 310 in order to be eligible to apply. Note: Repeating of any prerequisite course to improve grades is permissible, but they will be discounted one third of a grade point (e.g., A to A-, A- to B+, etc.).Any application with a prerequisite GPA below a 3.0 will not be considered. When prerequisite GPA is calculated, repeated or transferred courses will be discounted.

**Applicants must receive at least a B in both ACC 200 and ACC 310 in order to be eligible to apply. Note: Repeating of any prerequisite course to improve grades is permissible, but they will be discounted one third of a grade point (e.g., A to A-, A- to B+, etc.).

## TRANSFER INFORMATION

Transfer equivalencies for the following courses will not be considered: ACC 310, FIN 201, IS 201, and M COM 320.

### Leave of Absence

If a student must leave the program for a mission, military service, or other reason, a leave of absence request form is required. A prompt return to the program is required. Students who have interrupted their SOA education for more than two years without prior approval will be required to meet the requirements of the program in effect at re-acceptance.

### Note 1

Upper division accounting class credits earned prior to five years before graduation may not be used to meet specific graduation requirements for the BS degree.

## BS ACCOUNTING CONCURRENT WITH MAcc

The first year of the SOA program must be completed with a minimum 3.0 GPA to be eligible to apply for continuation into the Master of Accountancy program. The business core courses are replaced by the MAcc graduate core. Students planning to pursue a Master of Accountancy degree should not take the undergraduate business core courses.

*Business Core courses:*

**Requirement 5.1 — Complete 7 Courses**

GSCM 305 - Intro Global Supply Chain Mgt 1.5

| | |
|---|---|
| Title<br>Supply Chain Ethics | in the GSCM major takes at least one class period to discuss supply chain ethics. Exams and projects help students understand the ethicaldilemmas they might face. |

| | |
|---|---|
| Title<br>Communication Skills | Learning Outcome<br>Students will be able to write and present in a clear, concise, and comprehensive manner Students reported back from their summer internships that this was an area where BYU GSCM students clearly are better prepared from interns from other schools. Students are expected to give high quality presentations often throughout the semester. For instance each student must present at least 5 times in the logistics class. |

| | |
|---|---|
| Title<br>Information Technology Skills | Learning Outcome<br>Students will be familiar with the different types of information systems used in the supply chain and understand basic information technology integration. We have had guest speakers come to discuss these issues - however there is an urgent need to hire a faculty member with an understanding in this area. The GSCM advisory board has identified this an area of importance. |

| Communication Disorders | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 58 | 59 |

**Major Academic Plan**

MAP - BS in Communication Disorders 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Knowledge of communication sciences and disorders | Demonstrate knowledge of core concepts in communication sciences and disorders including typical and atypical language hearing and speech. |

| | Learning Outcome |
|---|---|
| | Apply critical thinking skills to |

## 355410 - Design Thinking (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Design Thinking | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 15 | 18 |

**Free Form Requirements**

*9 credit hours must be taken outside of the student's primary major.*

**Requirement 1 — Complete 1 of 2 Courses**

*Introduction to Design Thinking*

DES217 Design Thinking - Design Thinking 1.5

TECH 112 - Innovation 1.0

**Requirement 2 — Complete 9 hours**

*Design Thinking Practices*

ANTHR414 Museum Projects - Museum Projects 3.0

| Title | |
|---|---|
| Critical Thinking | communication sciences and disorders including typical and atypical language hearing and speech. |

| Title | Learning Outcome |
|---|---|
| Professionalism | Identify core elements of professionalism such as ethics equity advocacy bias social justice health disparities access to services cultural competence implementing feedback and other topics. |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This is a limited-enrollment program requiring departmental acceptance. Please see the college advisement center for information regarding requirements for application to this major.*

**Requirement 1 —Complete 2 Requirements**

*Pre-major courses:*

**Requirement 1.1 —Complete 1 of 2 Courses**

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

**Requirement 1.2 —Complete 3 Courses**

COMD133 Intro Speech/Lng Path & Aud - Intro Speech/Lng Path & Aud 3.0

PHSCS167 Desc Acoustics of Music & Spch - Desc Acoustics of Music & Spch 3.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

*Apply for and be admitted to the major.*

**Requirement 2 —Complete 15 Courses**

*After admission to the major, complete the following:*

ASL101 First-Year ASL 1 - First-Year ASL 1 4.0

COMD215 Speech Anatomy & Physiology - Speech Anatomy & Physiology 3.0

COMD321 Language Development - Language Development 3.0

COMD325 Clinical Phonetics - Clinical Phonetics 3.0

COMD211 Language Science - Language Science 3.0

COMD213 Hearing Science & Acoustics - Hearing Science & Acoustics 3.0

COMD431 Language Disorders - Language Disorders 3.0

ANTHR414 Museum Projects - Museum Projects 3.0

ANTHR442 Ethnographic Research Design - Ethnographic Research Design 3.0

ANTHR247 Applied Anthropology - Applied Anthropology 3.0

ANTHR495R Ethnographic Field Project - Ethnographic Field Project - *You may take once* 3.0v

ANTHR526 Museum Exhibitns & Progrmmng - Museum Exhibitns & Progrmmng 3.0

ENGL218 Creative Writing - Creative Writing 3.0

*NOTE: In lieu of ASL 101, any other foreign language course 101 level or higher (taken at the university level) may be used.*

Production 3.0

TES255 Visual Communication Design - Visual Communication Design 3.0

**Requirement 4 — Complete 1 of 6 Courses**

*Project: All other program requirements must be completed either before or during the semester in which the project course is taken.*

DESGD394R Special Topics - Special Topics - *You may take once* 0.5v

EXDM494R Experience Design Lab - Experience Design Lab - *You may take once* 3.0

IP&T498R Product Design for Education - Product Design for Education - *You may take once* 3.0

IT&C515R Special Topics in IT&C - Special Topics in IT&C - *You may take once* 1.0v

MSB491R Topics in Social Impact - Topics in Social Impact - *You may take once* 1.0v

MSB492R Social Impact Projects - Social Impact Internship - *You may take once* 3.0

## 356013 - General Studies: Education (BGS)

### Program Information

| Program Title | Degree |
|---|---|
| General Studies: Education (BGS) | BGS |
| **Variable Credit Min** | **Variable Credit Max** |
| 12 | 13 |

**Major Academic Plan**

MAPS - BGS in General Studies - Education 2023-2024.pdf

**Free Form Requirements**

*Have 27 hours of campus residency.*

*Complete a minimum of 9 hours in the emphasis after formal admission to the BGS program.*

*Thirty of the 120 hours must be 300-level or above courses.*

*Students must earn a minimum 2.0 BYU grade point average, a minimum 2.0 cumulative grade point average, and a minimum 2.0 emphasis grade point average.*

*The program must be completed in eight years or less.*

*All emphasis courses taken after admission to BGS must be BYU courses.*

*Before applying to the Education BGS, the student must have (1) been accepted into a teaching major at BYU (Early Childhood Education, Elementary Education, Physical Education Teacher Education, Special Education, or Secondary Education teaching major), (2) completed all university core and specific teaching major requirements, except student teaching, and (3) earned the minimum course grades and GPA requirements for their teaching major (this varies depending on when student was accepted into the teaching major).*

**Requirement 1 —Complete 1 Course**

*Prerequisite Course (must be completed before taking any other courses, includes preparing academic plan which must be approved before proceeding):*

STDEV100 Essential College Skills - Essential College Skills 1.0

## 356020 - Elementary Education (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Elementary Education | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 67 | 68 |

**Major Academic Plan**

MAPS - BS in Elementary Education 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| 1. Learner Development and Differences | Teacher candidates will provide equitable access to academic knowledge by applying understandings of learner development and learner differences. |

| Title | Learning Outcome |
|---|---|
| 2. Effective and Nurturing Learning Environment | Teacher candidates will establish and maintain an effective and nurturing learning environment that prepares students to participate in a civic society. |

| Title | Learning Outcome |
|---|---|
| 3. Engaged Learning and Academic Knowledge | Teacher candidates will facilitate engaged learning and attend to equitable access to academic knowledge through content knowledge assessment planning and instructional strategies. |

| | Learning Outcome |
|---|---|

STDEV100 Essential College Skills - Essential College Skills 1.0

**Requirement 2 —Complete 9 hours**

*Courses on this list taken prior to being accepted to the Education BGS or those required for completion of the teaching major cannot be counted for this requirement. (Check with BGS office for current list of courses.)*

EL ED340 Children's Literature - Children's Literature 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

PSYCH320 Developmental Psych: Childhood - Developmental Psych: Childhood 3.0

SFL210 Human Development - Human Development 3.0

SFL240 Parenting & Child Guidance - Parenting & Child Guidance 3.0

SFL331 Infant Dev in the Family - Infant Dev in the Family 3.0

SFL333 Adolescent Dev in Fam & Soc - Adolescent Dev in Fam & Soc 3.0

HIST314 Fascism & Nazism, 1914-present - Fascism & Nazism, 1914-present 3.0

2.0

MTHED305 Basic Conc of Math - Basic Conc of Math 2.0

ECE355 Language Development - Language Development 3.0

**Requirement 3 —Complete 1 of 2 Courses**

SFL351 Social Development - Social Development 3.0

SFL352 Perception Cognition Language - Perception Cognition Language 3.0

**Requirement 4 —Complete 1 of 4 Courses**

ARTED326 Art for Elementary Teachers - Art for Elementary Teachers 3.0

DANCE326 Dance for Elementary Classroom - Dance for Elementary Classroom 2.0

MUSIC378 Mu Elem Clsrm Tchr - Mu Elem Clsrm Tchr 2.0

TMA352 Drama in the Elem Classroom - Drama in the Elem Classroom 2.0

**Requirement 5 —Complete 12 hours**

*Note: Prior application is required. Apply for student teaching/internship by September 15 or January 15.*

ECE425R Grades K-3 Student Teaching - Grades K-3 Student Teaching - *You may take up to 12.0 credit hours* 1.0v

ECE496R Academic Internship - Academic Internship - *You may take up to 12.0 credit hours* 12.0

*Note: It is the student's responsibility to be sure that the PRAXIS II test has been passed and that BYU has received the test scores and that his or her fingerprint background clearance is current and that state licensing fees have been paid prior to graduation. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact the Education Advisement Center, 350 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.*

**Recommended Courses are not required to complete the program**

*The following courses are strongly recommended.*

BIO100 Principles of Biology - Principles of Biology 3.0

WRTG313 Expository Writing for El Ed - Expository Writing for El Ed 3.0

HIST315 Jews & Holocaust - Jews & Holocaust 3.0

13581-001 - Missing course - Mod. American Warfare Studies 3.0

HIST317 Terrorism and Counterterrorism - Terrorism and Counterterrorism 3.0

HIST318 European Women's History - European Women's History 3.0

HIST319 Family in Europe - Family in Europe 3.0

HIST322 Pre-Modern Britain - Pre-Modern Britain 3.0

HIST323 Modern Britain - Modern Britain 3.0

HIST324 France - France 3.0

HIST325 Spain - Spain 3.0

HIST326 History of Mexico - History of Mexico 3.0

HIST327 Modern Italy - Modern Italy 3.0

HIST328 Modern Germany - Modern Germany 3.0

HIST329 Urban History Brazil - Urban History Brazil 3.0

HIST330 Russian Empire Under Romanovs - Russian Empire Under Romanovs 3.0

HIST331 Soviet & Post-Soviet Russia - Soviet & Post-Soviet Russia 3.0

HIST332 Scandinavian Hist - Scandinavian Hist 3.0

HIST333 Hist Ottoman Empire - Hist Ottoman Empire 3.0

HIST334 History of Ancient Iraq - History of Ancient Iraq 3.0

HIST335 Crusades - Crusades 3.0

HIST336 S Africa Liberation - S Africa Liberation 3.0

HIST337 Pre-modern Korea - Pre-modern Korea 3.0

HIST338 Modern Korea - Modern Korea 3.0

HIST339 African Social Change - African Social Change 3.0

HIST340 Traditional China - Traditional China 3.0

HIST341 China Since 1200 - China Since 1200 3.0

HIST342 The Mongol Empire - The Mongol Empire 3.0

HIST343 Early Japan - Early Japan 3.0

HIST344 Modern Japan - Modern Japan 3.0

HIST345 Islam in Africa - Islam in Africa 3.0

HIST347 Chinese Cultural History - Chinese Cultural History 3.0

HIST348 Modern Southeast Asia - Modern South East Asia 3.0

HIST349 Asian Religion & Thought - Asian Religion & Thought 3.0

HIST355 History of Argentina - History of Argentina 3.0

HIST356 Brazil - Brazil 3.0

HIST357 Indian in Latin Am - Indian in Latin Am 3.0

HIST358 Gender & History in Latin Amer - Gender & History in Latin Amer 3.0

HIST359 Inter-American Relations - Inter-American Relations 3.0

HIST360 American West to 1900 - American West to 1900 3.0

HIST360 American West to 1900 - American West to 1900 3.0

HIST361 American West Since 1900 - American West Since 1900 3.0

HIST362 US Immigration History - US Immigration History 3.0

HIST363 Spanish Frontier in North Amer - Spanish Frontier in North Amer 3.0

HIST365 American South - American South 3.0

HIST366 Slavery in Africa & Atlantic - Slavery in Africa & Atlantic 3.0

HIST367 Slavery in the U.S. - Slavery in the U.S. 3.0

HIST368 Sport, Society, & Am Culture - Sport, Society, & Am Culture 3.0

HIST369 History of Travel & Tourism - History of Travel & Tourism 3.0

HIST370 Early America - Early America 3.0

HIST371 Revolutionary Amer - Revolutionary Amer 3.0

HIST373 Civil War Era - Civil War Era 3.0

HIST374 US Hist, 1890-1945 - US Hist, 1890-1945 3.0

HIST375 J Smith in Mormon History - J Smith in Mormon History 3.0

HIST376 US Hist, 1945-2000 - US Hist, 1945-2000 3.0

HIST377 Growing Up in America - Growing Up in America 3.0

HIST378 History of American Families - History of American Families 3.0

HIST379 US Religious History to 1860 - US Religious History to 1860 3.0

HIST380 US Religious Hist Since 1860 - US Religious Hist Since 1860 3.0

HIST382 Mormonism Am Exper - Mormonism Am Exper 3.0

HIST383 African-Am Hist since 1865 - African-American History 1865-Present 3.0

HIST384 US Women's History - US Women's History 3.0

HIST385 Latinos in the United States - Latinos in the United States 3.0

HIST386 Am Indian Hist to 1877 - Am Indian Hist to 1877 3.0

HIST387 Am Indian Hist 1877-present - Am Indian Hist 1877-present 3.0

HIST389 Mormonism Amg Chrstn Theol - Mormonism Amg Chrstn Theol 3.0

HIST391 The Vietnam War - The Vietnam War 3.0

HIST392 US Constitutnl His - US Constitutnl His 3.0

HIST393 US Foreign Relations - US Foreign Relations 3.0

HIST396 Story of History: Wrtng Wkshp - Hist Narrative: Wrtg Wkshp 3.0

HIST397 US Historical Literacies - US Historical Literacies 3.0

HIST398 American Capitalism - American Capitalism 3.0

HIST399 Democratic Class Design - Democratic Class Design 3.0

HIST431 Public History - Public History 3.0

HIST485 Topical Readings Seminar - Topical Readings Seminar 3.0

HIST487 Philosophies Hist - Philosophies Hist 3.0

HIST495R Directed Research - Directed Research - *You may take once* 3.0

HIST498R Directed Readings - Directed Readings - *You may take once* 0.5v

**Requirement 5 — Complete 2 Courses**

GEOG101 Global Environment - Global Environment 3.0

GEOG120 Geography & World Affairs - Geography & World Affairs 3.0

**Requirement 6 — Complete 1 of 2 Courses**

*Note: Students planning to teach in the state of Utah should take Geog 245.*

GEOG245 Geography of Utah - Geography of Utah 3.0

GEOG250 US and Canada - US and Canada 3.0

**Requirement 7 — Complete 1 Course**

POLI110 Amer Government & Politics - Amer Government & Politics 3.0

**Requirement 8 — Complete 1 of 2 Courses**

POLI150 Comparative Governmnt&Politics - Comparative Governmnt&Politics 3.0

POLI170 Intro International Politics - Intro International Politics 3.0

**Requirement 9 — Complete 1 Course**

SOC111 Introductory Sociology - Introductory Sociology 3.0

**Requirement 10 — Complete 1 of 25 Courses**

*Complete 1 course in cultural anthropology or archaeology. Courses outside this list must have pre-approval.*

ANTHR101 Social/Cultural Anthropology - Social/Cultural Anthropology 3.0

ANTHR110 Discovering Archaeology - Intro to Archaeology 3.0

ANTHR300 Biological Anthropology - Biological Anthropology 3.0

ANTHR309 Language, Culture, & Society - Language, Culture, & Society 3.0

ANTHR311 Museums & Cultures - Museums & Cultures 3.0

ANTHR312 Intercultural Communication - Intercultural Communication 3.0

ANTHR327 The Hmong Diaspora - The Hmong Diaspora 3.0

ANTHR328 Andean South America - Andean South America 3.0

ANTHR330 Peoples of Africa - Peoples of Africa 3.0

00304-002 - Missing course - Peoples of India 3.0

ANTHR336 Cinema & Culture in India - Cinema & Culture in India 3.0

ANTHR340 Peoples of the Middle East - Peoples of the Middle East 3.0

ANTHR341 Ethnonationalism and SE Asia - Ethnonationalism and SE Asia 3.0

ANTHR344 Korean Culture - Korean Culture 3.0

ANTHR345 American Culture - American Culture 3.0

06853-003 - Missing course - Anthropology of Mormonism 3.0

11635-000 - Missing course - Contemporary Japan 3.0

ANTHR350 Arch Cultures of N America - Arch Cultures of N America 3.0

ANTHR355 Arch Mesoamerica - Arch Mesoamerica 3.0

ANTHR375 Archaeology of Egypt - Archaeology of Egypt 3.0

ANTHR376 Arch of Ancient Aegean&Greece - Arch of Ancient Aegean & Greece 3.0

ANTHR377 Arch of Roman Civilization - Arch of Roman Civilization 3.0

ANTHR378 Near Eastern Archaeology - Near Eastern Archaeology 3.0

ANTHR379 Archaeology of Islam - Archaeology of Islam 3.0

ANTHR385 Archaeology of Europe - Archaeology of Europe 3.0

**Requirement 11 — Complete 2 Requirements**

**Requirement 11.1 — Complete 1 Course**

PSYCH111 Psychological Science - Psychological Science 3.0

**Requirement 11.2 — Complete 1 of 8 Courses**

PSYCH210 History of Psychology - History of Psychology 3.0

PSYCH220 Human Dev: Life Span - Human Dev: Life Span 3.0

PSYCH321 Develpmntl Psych: Adolescence - Develpmntl Psych: Adolescence 3.0

PSYCH338 Sport Psychology - Sport Psychology 3.0

PSYCH341 Personality - Personality 3.0

PSYCH342 Psychopathology - Psychopathology 3.0

PSYCH349 Intro to Positive Psychology - Intro to Positive Psychology 3.0

PSYCH350 Intro to Social Psychology - Intro to Social Psychology 3.0

**Requirement 12 — Complete 2 Requirements**

*NOTE: ECON 110 cannot double-count toward requirements 12.1 and 12.2. HIST 398 cannot double-count toward requirements 12.1 and 4.*

**Requirement 12.1 — Complete 1 of 2 Courses**

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

HIST398 American Capitalism - American Capitalism 3.0

**Requirement 12.2 —Complete 1 of 3 Courses**

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN200 Personal Finance - Personal Finance 3.0

SFL260 Family Finance - Family Finance 3.0

**Requirement 13 — Complete 2 Requirements**

*Professional Education Component:*

Licensure Requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the exit interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

NOTE: Admittance to the major is required BEFORE enrolling in HIST 477 and 478. HIST 477 and 478 must be taken concurrently.

**Requirement 13.1 — Complete 6 Courses**

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

HIST395 Teach Tech Soc Studies - Teach Tech Soc Studies 3.0

HIST477 Hist & Soc Sci Tchng Methods - Hist & Soc Sci Tchng Methods 3.0

HIST478 Practicum in Secondary Educ - Practicum in Secondary Educ 1.0

SC ED353 Multi Cult Ed for Sc Ed - Multi Cult Ed for Sc Ed 3.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

**Requirement 13.2 — Complete 12 hours**

*Apply for student teaching/internship one semester in advance by September 15th or January 15th. Applications are online at https://educator.byu.edu/.*

HIST476 Student Teaching - HT and SST - Student Teaching - HT and SST - *You may take up to 12.0 credit hours* 1.0v

HIST496R Acad Internship--HT and SST - Acad Internship--HT and SST - *You may take up to 12.0 credit hours* 12.0

*Note: It is the student's responsibility to be sure that the Praxis test has been taken and that BYU has received the test scores, that their fingerprint background clearance is current, and that state licensing fees have been paid prior to graduation. Students are strongly discouraged from working another job during the time of their student teaching/internship. In addition, students must pass the PPAT assessment to graduate and receive a teaching license. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements contact the Education Advisement Center, 350 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.*

## 392150 - Chemical Engineering (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Chemical Engineering | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 102.5 | 103.5 |

**Major Academic Plan**

MAP - BS in Chemical Engineering 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Complex Problem Solving | an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics |
| | an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, |

## 392850 - Civil Engineering (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Civil Engineering | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 93 | 94 |

**Major Academic Plan**

MAP - BS in Civil Engineering 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Problem Solving applying Math and Science | 1) An ability to identify formulate and solve complex engineering problems by applying principles of engineering science and mathematics. |
| | 2) An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, |

| | |
|---|---|
| Title<br>Engineering Design | safety, and welfare, as well as global, cultural, social, environmental, and economic factors |
| Title<br>Communication | Learning Outcome<br>an ability to communicate effectively with a range of audiences |
| Title<br>Ethical, Professional, and Personal Responsibilities | Learning Outcome<br>an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts |
| Title<br>Teamwork and Leadership | Learning Outcome<br>an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives |
| Title<br>Experiment and Analysis | Learning Outcome<br>an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions |
| Title<br>Knowledge and Learning | Learning Outcome<br>an ability to acquire and apply new knowledge as needed, using appropriate learning strategies |

Free Form Requirements

**Requirement 1 — Complete 3 Requirements**

*Preprofessional courses:*

**Requirement 1.1 — Complete 9 Courses**

CH EN170 Intro to Chemical Engineering - Intro to Chemical Engineering 2.0

CH EN191 Global Impact of Chem Engnrs - Preprofessional Seminar 0.5

CH EN263 Computational Tools - Computational Tools 2.0

CH EN273 Chemical Process Principles - Chemical Process Principles 3.0

CH EN291 Career Skills 1 - Career Skills 1 0.5

| | |
|---|---|
| Title<br>Design and Contemporary Issues | safety, and welfare as well as global, cultural, social, environmental, and economic factors. |
| Title<br>Communication | Learning Outcome<br>3) An ability to communicate effectively with a range of audiences. |
| Title<br>Ethics, Faith and Sustainability | Learning Outcome<br>4) An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts. |
| Title<br>Teamwork | Learning Outcome<br>5) An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives. |
| Title<br>Experiments and Data | Learning Outcome<br>6) An ability to develop and conduct appropriate experimentation analyze and interpret data and use engineering judgment to draw conclusions. |
| Title<br>Life-long Learning and Service | Learning Outcome<br>7) An ability to acquire and apply new knowledge as needed using appropriate learning strategies. |

Free Form Requirements

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*No more than 9 credit hours of grades below C- in major courses may be applied toward graduation.*

**Requirement 1 — Complete 2 Requirements**

**Requirement 1.1 — Complete 36 hours**

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

STAT201 Stat for Engineers & Scientist - Stat for Engineers & Scientist 3.0

**Requirement 1.2 — Complete 1 of 2 Options**

**Option 1.2.1 — Complete 2 Courses**

CHEM111 Principles of Chemistry 1 - Principles of Chemistry 1 4.0

CHEM112 Principles of Chemistry 2 - Principles of Chemistry 2 3.0

**Option 1.2.2 — Complete 3 Courses**

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

**Requirement 1.3 — Complete 1 of 2 Options**

**Option 1.3.1 — Complete 2 Courses**

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

**Option 1.3.2 — Complete 2 Requirements**

**Requirement 1.3.2.1 — Complete 1 of 2 Courses**

MATH213 Elementary Linear Algebra- Elementary Linear Algebra 2.0

MATH 313 - Elementary Linear Algebra - *This course is no longer available for registration and will count only if you completed it while it was offered. Please see your college advisement center for possible substitutions.* 3.0

**Requirement 1.3.2.2 — Complete 2 Courses**

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

**Requirement 2 — Complete 15 Courses**

*Professional courses:*

CH EN285 Chemical Process & Fluids Lab - Chemical Process & Fluids Lab 0.5

CH EN311 Ch En - Health, Safety, Envir - Ch En - Health, Safety, Envir 3.0

CH EN345 Materials and Reactions Lab - Materials and Reactions Lab 0.5

CH EN273 Chemical Process Principles - Ch En Thermodynamics 3.0

CH EN374 Fluid Mechanics - Fluid Mechanics 3.0

CH EN376 Heat & Mass Transfer - Heat & Mass Transfer 3.0

CH EN378 Materials Science - Materials Science 3.0

**Requirement 1.1 — Complete 36 hours**

CCE101 Intro to Civil/Const Engr - Intro to CE/Construction 1.0

CCE103 Engineering Mechanics-Statics - Engineering Mechanics-Statics 3.0

CCE270 Computational Methods - Computer Methods 3.0

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 2.0

CCE203 Engr Mechanics - Materials - Engr Mechanics - Materials 3.0

CCE114 Geomatics - Geomatics 3.0

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

CE291R Civil Engr Seminar - Civil Engr Seminar 0.5

CE200B Civil Engr Seminar - Civil Engr Seminar 0.5

CE300A Civil Engr Seminar - Civil Engr Seminar 0.5

CE300B Civil Engr Seminar - Civil Engr Seminar 0.5

CCE304 Metals, Woods, & Composites - Metals, Woods, & Composites 1.5

CE321 Structural Analysis - Structural Analysis 3.0

CE232 Fluid Mechanics - Hydraulics & Fluid Flow Theory 3.0

CE341 Soil Mechanics - Soil Mechanics 3.0

CE351 Intro to Environmental Eng - Intro to Environmental Eng 3.0

CE361 Intro to Transportation Engr - Intro to Transportation Engr 3.0

CE400A Civil Engr Seminar - Civil Engr Seminar 0.5

CE400B Civil Engr Seminar - Civil Engr Seminar 0.5

**Requirement 1.2 — Complete 1 of 2 Courses**

CCE112 Engr Draft w/CAD Apps - Engr Draft w/CAD Apps 3.0

CCE113 Construction Modeling - Construction Modeling 3.0

*Students are to enroll in seminar each Fall/Winter semester once declared in the CE major, starting with 200A/B until they have completed 400A/B. Transfer students should start with 200A/B, then meet with the department academic advisor for future placement.*

**Requirement 2 — Complete 1 Course**

CE471 Civil Engineering Writing - Civil Engineering Practice 1.0

**Requirement 3 — Complete 1 of 2 Options**

**Option 3.1 — Complete 2 Courses**

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

**Option 3.2 — Complete 4 Courses**

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

CH EN385 Thermo and Transport Lab - Thermo and Transport Lab 0.5

CH EN386 Chemical Reaction Engineering - Chemical Reaction Engineering 3.0

CH EN391 Career Skills 2 - Career Skills 2 0.5

CH EN436 Process Control & Dynamics - Process Control & Dynamics 3.0

CH EN445 Separations and Control Lab - Separations and Control Lab 0.5

CH EN451 Plant Design & Synthesis - Plant Design & Synthesis 4.0

CH EN476 Separations - Separations 3.0

CH EN479 Unit Operations Laboratory - Unit Operations Laboratory 2.0

**Requirement 3 — Complete 6 Courses**

*Supporting courses. Note: Econ 110 is required for the major. See department advisor for major requirements.*

BIO100 Principles of Biology - Principles of Biology 3.0

CHEM357 Industrial Organic Chemistry- Industrial Organic Chemistry 3.0

CHEM467 Physical Chemistry - Engineers - Physical Chemistry - Engineers 3.0

EC EN301 Elements of Electrical Engr - Elements of Electrical Engr 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 4 — Complete 4 Requirements**

*Complete technical electives (15 hours minimum) satisfying the following requirements:*

**Requirement 4.1 — Complete 2 hours**

*A. Chemistry laboratory. Note: The Chemical Engineering department requires 2 credit of Organic Chemistry lab. See Chemical Engineering department advisor for questions.*

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM464 Physical Chemistry Lab 1 - Physical Chemistry Lab 1 1.0

CHEM465 Physical Chemistry Lab 2 - Physical Chemistry Lab 2 1.0

**Requirement 4.2 — Obtain confirmation from your advisement center that you have completed the following:**

B. Complete 9 hours of approved advanced engineering (ENG) course work. In general, these courses are 300-level or above from any of the following departments: Chemical Engineering; Civil & Environmental Engineering; Electrical & Computer Engineering; Mechanical Engineering; or the School of Technology. For details and exceptions, see the department webpage.

**Requirement 4.3 — Obtain confirmation from your advisement center that you have completed the following:**

C. Complete 4 hours of approved advanced course work from an engineering, math, science, or business (EMSB) department. In general, these courses are 300-level or above from any of the following colleges: College of Engineering & Technology, College of Physical & Mathematical Sciences, College of Life Sciences, and the Marriott School of Business. For details and exceptions, see the department

**Requirement 4 — Complete 7 Courses**

*Supporting courses:*

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

GEOL330 Engineering Geology - Geology for Engineers 3.0

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

STAT201 Stat for Engineers & Scientist - Stat for Engineers & Scientist 3.0

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 5 — Complete 1 of 2 Courses**

CCE231 Global Leadership - Global Leadership 3.0

**Requirement 6 — Complete 1 of 2 Courses**

*Culminating design courses (technical elective):*

CE439 Water Resources Study Abroad - Water Resources Study Abroad 3.0

CE472 Civil Engineering Design - Civil Engineering Design 3.0

**Requirement 7 — Complete 9 hours**

*Technical Electives: Complete 9 additional technical elective credits from the following (NOTE: a course taken as a major requirement course may not double count as a technical elective course):*

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CE421 Structural Steel Design - Structural Steel Design 3.0

CE424 Reinforced Concrete Design - Reinforced Concrete Design 3.0

CE331 Hydrology - Hydrology 3.0

CE433 Hydraulic Engineering - Hydraulic Engineering 3.0

CE439 Water Resources Study Abroad - Water Resources Study Abroad 3.0

CE442 Foundation Engineering - Foundation Engineering 3.0

CE461 Geometric Design of Highways - Geometric Design of Highways 3.0

CE472 Civil Engineering Design - Civil Engineering Design 3.0

CE495R Global Projects - Global Projects - *You may take once* 0.5v

CE500 Design & Materials Applicatns - Design & Materials Applicatns 3.0

CE501 Stress Analysis & Design - Stress Analysis & Design 3.0

CE504 Computer Struc Optimization - Computer Struc Optimization 3.0

CE505 Port Cement Design & Analysis - Port Cement Design & Analysis 3.0

CE507 Linear Finite Element Methods - Linear Finite Element Methods 3.0

webpage.

**Requirement 4.4 — Obtain confirmation from your advisement center that you have completed the following:**

D. At least 3 hours, but no more than 6 hours, of the above technical electives (OPTIONS 4.2 and 4.3) must be from courses that focus on Engineering Problem Solving through Experiential Learning (EPSEL) from which a senior thesis is produced and delivered. Example courses satisfying The EPSEL requirement are found below. See the department website for a full list of approved courses and more information on the senior thesis requirements.

Courses and Combinations of Courses Satisfying the EPSEL Requirement: CH EN 461 (3 credits), CH EN 499 (3 credits), CH EN 199R (1 credit) + CH EN 496 (3 credits), CH EN 495R (3 credits), ME EN 475 + ME EN 476 (6 total credits). EPSEL courses are classified as ENG.

**Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:**

Pass a basic competency exam (L3 exam) administered by the Chemical Engineering Department or pass the FE (fundamentals of engineering) exam. All students in the chemical engineering program must pass a competency exam based on the foundational principles of chemical engineering that are taught in the program courses. The exam will be administered during the senior year with the specific dates announced each year by the Chemical Engineering Department. Each fall, the department will supply written rules, guidelines, and reference material to help students prepare to take the exam.

CE508 Structural Vibrations - Structural Vibrations 3.0

CE514 Geospatial Software Dev - Geospatial Software Dev 3.0

CE521 Adv Structural Steel Design - Adv Structural Steel Design 3.0

CE525 Bridge Structures - Bridge Structures 3.0

CE526 Bridge Preservation - Bridge Preservation 1.5

CE528 Masonry Design - Masonry Design 3.0

CE529 Structural Wood Design - Structural Wood Design 3.0

CE531 Hydrologic Modeling - Hydrologic Modeling 3.0

CE533 Adv. Hydraulic Routing - Adv. Hydraulic Routing 3.0

CE534 Hydroinformatics - Hydroinformatics 3.0

CE535 Hydraulic Design of Channels - Hydraulic Design of Channels 3.0

CE540 Geo-Environmental Engineering - Geo-Environmental Engineering 3.0

CE542 Deep Foundations - Deep Foundations 3.0

CE543 Chemical Stabilization - Chemical Stabilization 1.5

CE544 Seepage & Slope Stability - Seepage & Slope Stability 3.0

CE545 Geotech Analysis of Earthquake - Geotech Analysis of Earthquake 3.0

CE547 Groundwater Modeling - Groundwater Modeling 3.0

CE551 Water Treatment Fac Design - Water Treatment Fac Design 3.0

CE555 Environmental Chemistry - Environmental Chemistry 3.0

CE562 Traffic Engineering - Traffic Engineering 3.0

CE563 Pavement Design - Pavement Design 3.0

CE565 Urban Transportation Planning - Urban Transportation Planning 3.0

CE566 Pavement Management - Pavement Management 3.0

CE568 Asphalt Mixture Design - Asphalt Mixture Design 1.5

CE570 CAE Software Development - CAE Software Development 3.0

CE575 Optimization Techniques - Optimization Techniques 3.0

CE580 Technical Writing - Technical Writing 1.5

CE594R Selected Problems in CE - Selected Problems in CE - *You may take up to 9.0 credit hours* 1.0v

**Requirement 8 — Complete 2 of 5 Options**

**Option 8.1 — Complete 1 of 2 Courses**

CE421 Structural Steel Design - Structural Steel Design 3.0

CE424 Reinforced Concrete Design - Reinforced Concrete Design 3.0

**Option 8.2 — Complete 1 of 2 Courses**

CE331 Hydrology - Hydrology 3.0

CE433 Hydraulic Engineering - Hydraulic Engineering 3.0

**Option 8.3 — Complete 1 Course**

CE442 Foundation Engineering - Foundation Engineering 3.0

**Option 8.4 — Complete 1 Course**

CE461 Geometric Design of Highways - Geometric Design of Highways 3.0

**Option 8.5 — Complete 1 Course**

CE551 Water Treatment Fac Design - Water Treatment Fac Design 3.0

## 393540 - Computer Engineering (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Computer Engineering | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 90 | 90 |

**Major Academic Plan**

MAP - BS in Computer Engineering 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Engineering Problems | An ability to identify formulate and solve complex engineering problems by applying principles of engineering science and mathematics. |
| Engineering Design | An ability to apply engineering design to produce solutions that meet specified needs with consideration for public health safety and welfare as well as global cultural social environmental and economic factor. |
| Communication | An ability to communicate effectively with a range of audiences. |
| Ethics | An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments which must consider the impact of engineering solutions in global economic environmental and societal contexts. |
| | An ability to function effectively on a team whose members together provide leadership create a collaborative and |

## 393550 - Electrical Engineering (BS)

### Program Information

| Program Title | Degree |

| Title | Learning Outcome |
| --- | --- |
| Teamwork | inclusive environment establish goals plan tasks and meet objectives. |

| Title | Learning Outcome |
| --- | --- |
| Experimentation | An ability to develop and conduct appropriate experimentation analyze and interpret data and use engineering judgment to draw conclusions. |

| Title | Learning Outcome |
| --- | --- |
| Lifelong Learning | An ability to acquire and apply new knowledge as needed using appropriate learning strategies. |

**Free Form Requirements**

*The Computer Engineering Baccalaureate program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.*

*Students are required to pass major courses with a grade of C- or better before taking follow-on courses.*

**Requirement 1 — Complete 23 Courses**

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S235 Data Structures - Data Structures 3.0

C S236 Discrete Structure - Discrete Structure 3.0

C S240 Adv Software Construction -Adv Software Construction 4.0

EC EN191 New Student Seminar - New Student Seminar 0.5

EC EN224 Introduction to Computer Sys - Introduction to Computer Sys 4.0

EC EN240 Circuits - Circuits 4.0

EC EN320 Digital Systems - Digital Systems 4.0

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN340 Electronic Circuit Design 1 - Electronic Circuit Design 1 4.0

EC EN380 Signals & Systems - Signals & Systems 4.0

EC EN390 Jr. Team Design Project - Jr. Team Design Project 3.0

EC EN391 Junior Seminar - Junior Seminar 0.5

EC EN475 Capstone Design 1 - Capstone Design 1 3.0

EC EN476 Capstone Design 2 - Capstone Design 2 3.0

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian

ME EN515 Aerodynamics - Aerodynamics 3.0

ME EN534 Dynamics of Mech Systems - Dynamics of Mech Systems 3.0

ME EN535 Mechanical Vibrations - Mechanical Vibrations 3.0

ME EN575 Optimization Techniques- Optimization Techniques 3.0

**Requirement 11 — Complete 3 hours**

*A course can be added to this list by request if the course can be shown to strengthen the engineering education of the student by a) deepening the student's understanding of engineering and/or science fundamentals, b) helping the student learn to apply engineering fundamentals in specific areas of interest, and/or c) helping the student to develop critical skills related to engineering practice.*

No course used to satisfy other major requirements for graduation may be used as an elective.

**Option 11.1 — Complete up to 12 hours**

ME EN412 Applications of Fluid Dynamics - Applications of Fluid Dynamics 3.0

ME EN415 Flight Vehicle Design - Flight Vehicle Design 3.0

ME EN422 Applied Thermodynamics - Applied Thermodynamics 3.0

ME EN425 Internal Combustion Engines - Internal Combustion Engines 3.0

ME EN426 Gas Turbine &Jet Engine Design - Gas Turbine &Jet Engine Design 3.0

ME EN431 Design of Control Systems - Design of Control Systems 4.0

ME EN437 Kinematics - Kinematics 3.0

ME EN450 Materials Selection - Materials Selection 3.0

*Supporting courses:*

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 8 — Complete 1 Course**

ME EN231 Leadership in a Global Context - Leadership in a Global Context 3.0

**Requirement 9 — Complete 12 hours**

*Complete 12.0 hours from the following options:*

The purpose of these courses is to strengthen the engineering education of the student by a) deepening the student's understanding of engineering and/or science fundamentals, b) helping the student learn to apply engineering fundamentals in specific areas of interest, and/or c) helping the student to develop critical skills related to engineering practice.

The technical electives are normally 400-level or higher mechanical engineering courses, but other courses may be used as long as the following requirements are met:

-- At least two courses (6 credit hours) must be in mechanical engineering

-- No courses may be below the 300 level.

-- A maximum of 3 credit hours in ME EN 497R or other project courses may be applied to meet technical elective requirements.

-- All courses must be selected from the following list. If a student wishes to count a course outside these areas as an elective, approval must be granted before the course is taken. Approval is requested by submitting a petition to the department undergraduate committee that lists all of the proposed electives and demonstrates how the proposed exception meets the purposes described above.

-- No course used to satisfy other major requirements for graduation may be used as an elective.

**Option 9.1 — Complete up to 12 hours**

ME EN351 Fund of Biomedical Engineering- Fund of Biomedical Engineering 3.0

ME EN412 Applications of Fluid Dynamics - Applications of Fluid Dynamics 3.0

ME EN415 Flight Vehicle Design - Flight Vehicle Design 3.0

ME EN422 Applied Thermodynamics - Applied Thermodynamics 3.0

ME EN425 Internal Combustion Engines - Internal Combustion Engines 3.0

ME EN426 Gas Turbine &Jet Engine Design - Gas Turbine &Jet Engine Design 3.0

ME EN431 Design of Control Systems - Design of Control Systems 4.0

ME EN437 Kinematics - Kinematics 3.0

ME EN450 Materials Selection - Materials Selection 3.0

ME EN456 Composite Material Design - Composite Material Design 3.0

ME EN472 Mechncl Systms Dsgn Applctns - Mechncl Systms Dsgn Applctns 3.0

ME EN473 Interdisciplinary Innovation - Interdisciplinary Innovation 3.0

ME EN456 Composite Material Design - Composite Material Design 3.0

ME EN472 Mechncl Systms Dsgn Applctns - Mechncl Systms Dsgn Applctns 3.0

ME EN473 Interdisciplinary Innovation - Interdisciplinary Innovation 3.0

ME EN479 Singapore Design and Develop - Singapore Design and Develop 0.0v

ME EN494R Global Projects - Global Projects - *You may take once* 0.5v

ME EN495R Mentored Coursework - Mentored Coursework - *You may take 2 times* 0.5v

ME EN497R Mentored Projects - Mentored Projects - *You may take 2 times* 0.5v

ME EN500 Design & Materials Applicatns - Design & Materials Applicatns 3.0

ME EN501 Stress Analysis & Design - Stress Analysis & Design 3.0

ME EN504 Computer Struc Optimization - Computer Struc Optimization 3.0

ME EN505 Applied Engineering Math - Applied Engineering Math 3.0

ME EN507 Linear Finite Element Methods - Linear Finite Element Methods 3.0

ME EN508 Structural Vibrations - Structural Vibrations 3.0

ME EN510 Compressible Fluid Flow - Compressible Fluid Flow 3.0

ME EN512 Intrmd Fluid Dyn - Intrmd Fluid Dyn 3.0

ME EN515 Aerodynamics - Aerodynamics 3.0

ME EN521 Intermediate Thermodynamics - Intermediate Thermodynamics 3.0

ME EN522 Combustion - Combustion 3.0

ME EN534 Dynamics of Mech Systems - Dynamics of Mech Systems 3.0

ME EN535 Mechanical Vibrations - Mechanical Vibrations 3.0

ME EN537 Robotics - Robotics 3.0

ME EN538 Compliant Mechanisms - Compliant Mechanisms 3.0

ME EN540 Intrmd Heat & Mass Transfer - Intrmd Heat & Mass Transfer 3.0

ME EN541 Comput Fluids & Heat Transfer - Comput Fluids & Heat Transfer 3.0

ME EN550 MEMS - MEMS 3.0

ME EN552 Neuromechanics of Movement - Neuromechanics of Movement 3.0

ME EN553 Mechanical Behavior- Mechanical Behavior 3.0

ME EN555 Intro to Biomechanical Engr - Intro to Biomechanical Engr 3.0

ME EN556 Materials Modeling - Materials Modeling 3.0

ME EN557 Extreme Environments - Extreme Environments 3.0

ME EN558 Metallurgy - Metallurgy 3.0

ME EN479 Singapore Design and Develop - Singapore Design and Develop 0.0v

## 396501 - Information Technology (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Information Technology | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 16 | 16 |

**Free Form Requirements**

**Requirement 1 — Complete 3 Courses**

IT&C101 Intro to Cybersecurity - Cornerstone: Info Tech & Cyber 3.0

IT&C210A Web Systems & Security Part 1 - Web Systems & Security Part 1 2.0

IT&C210B Web Systems & Security - Web Systems & Security 2.0

**Requirement 2 — Complete 9 hours**

*Complete three courses from the following to complete the 16 hours required for the minor.*

11919-001 - Missing course - Computer Architecture & Org 3.0

IT&C255 User Experience Design - User Experience Design 3.0

IT&C327 Digital Communications - Digital Communications 4.0

IT&C344 Operating Systems - Operating Systems 3.0

IT&C247 Networks & Security - Network Fundam. & Security 3.0

IT&C350 Database Principles & Applictn - Database Principles & Applictn 3.0

IT&C366 Defensive Cybersecurity - Info Assurance & Security 3.0

12460-001 - Missing course - Advanced Web Technologies 3.0

01787-005 - Missing course - Embedded Computer Systems 3.0

12150-001 - Missing course - Database Administration 3.0

IT&C492R Special Problems - Special Problems - *You may take once* 1.0v

IT&C515R Special Topics in IT&C - Special Topics in IT&C - *You may take once* 1.0v

IT&C529 Advanced Networking - Advanced Networking 3.0

IT&C544 System Administration - System Administration 3.0

IT&C548 Cyber-Physical Systems - Cyber-Physical Systems 3.0

IT&C555 Adv Human-Computer Interaction - Adv Human-Computer Interaction 3.0

IT&C566 Digital Forensics - Digital Forensics 3.0

IT&C567 Cybersecurity & Pen Test - Cybersecurity & Pen Test 3.0

*Note: Some of the above courses also have prerequisites, which the student must either take or satisfy in another manner. The main prerequisite is experience using a programming language, preferably C, C++, or Java (see C S 142).*

## 396502 - Manufacturing (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Manufacturing | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 15 | 16 |

**Free Form Requirements**

**Requirement 1 — Complete 3 Courses**

MFGEN130 Modern Manufacturing - Modern Manufacturing 3.0

MFGEN340 Quality Systems - Quality Systems 3.0

MFGEN381 Lean Mfg & Sys Des - Lean Mfg & Sys Des 3.0

**Requirement 2 — Complete 2 of 4 Courses**

MFGEN220 Material Removal - Material Removal 3.0

MFGEN230 Computer-Aided Manufacturing - Computer-Aided Manufacturing 3.0

MFGEN331 Metals Processes - Metals Processes 4.0

MFGEN355 Plastics Materials &Processing - Plastics Materials &Processing 3.0

## 396521 - Construction and Facilities Management: Construction Management

## 396527 - Cybersecurity (BS)

## Management: Construction Management (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Construction: Construction Management | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 84 | 84 |

**Major Academic Plan**

MAP - BS in Construction and Facilities Management Construction Management 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Problem Solving | An ability to identify formulate and solve broadly defined technical or scientific problems by applying knowledge of mathematics and science and/or technical topics to areas relevant to the discipline. |
| Design | An ability to formulate or design a system process procedure or program to meet desired needs. |
| Experiment and Analysis | An ability to develop and conduct experiments or test hypotheses analyze and interpret data and use scientific judgment to draw conclusions. |
| Communication | An ability to communicate effectively with a range of audiences. |
| Ethics and Professional Responsibility | An ability to understand ethical and professional responsibilities and the impact of technical and/or scientific solutions in global economic enviornmental and societal contexts. |
| Teamwork | An ability to function effectively on teams that establish goals plan tasks meet deadlines and anlyze risk and uncertainty. |

**Free Form Requirements**

*Students receiving C- or lower grades in required courses will be placed on department probationary status.*

### Program Information

| Program Title | Degree |
|---|---|
| Cybersecurity | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 75 | 75 |

**Major Academic Plan**

MAP - BS in Cybersecurity 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Problem Analysis and Solutions | Analyze a complex computing problem and apply principles of computing and other relevant disciplines to identify solutions. |
| Design, Implement, & Evaluate Computing Solutions | Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline. |
| Communicate Effectively | Communicate effectively in a variety of professional contexts. |
| Legal & Ethical Judgment | Recognize professional responsibilities and make informed judgements in computing practice based on legal and ethical principles. |
| Teamwork and Management | Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline. |
| Security Principles and Practices | Apply security principles and practices to maintain operations in the presence of risks and threats. |

**Free Form Requirements**

*Students must have a minimum of 120 total hours to graduate with this major.*

**Requirement 1 — Complete 6 Courses**

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S235 Data Structures - Data Structures 3.0

MATH112 Calculus 1 - Calculus 1 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

**Requirement 1 — Complete 16 Courses**

ACC200 Principles of Accounting - Principles of Accounting 3.0

CCE101 Intro to Civil/Const Engr - Intro to Civil/Const Engr 1.0

CCE113 Construction Modeling - Construction Modeling 3.0

CCE270 Computational Methods - Computer Methods 3.0

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 2.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

CFM120 Methods 1 - Structural Systems - Light Structural Systems 3.0

CFM220 Methods 2 - Bldg Systems - Mechanical Systems 3.0

CFM241 Electrical Systems - Electrical Systems 2.0

CFM311 Est Processes - Est Processes 3.0

CFM345 Construction Safety - Construction Safety 3.0

CFM411 Pre-Construction Services - Pre-Construction Services 3.0

CFM312 Const Scheduling & Cost Contrl - Const Scheduling & Cost Contrl 3.0

CFM415 Const Project Mgt & Control - Const Project Mgt & Control 3.0

CFM445 Const Company Operatns & Mgt - Const Company Operatns & Mgt 3.0

CFM385 Construction Law - Construction Law 3.0

**Requirement 2 — Complete 1 Course**

CCE231 Global Leadership - Global Leadership 3.0

**Requirement 3 — Complete 1 of 2 Courses**

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 4 — Complete 2.5 hours**

*Complete five enrollments of the following (cannot be taken the same semester as CFM 491):*

CFM291R Undergraduate Seminar - Undergraduate Seminar - *You may take 5 times* 0.5

**Requirement 5 — Complete 1 Course**

*Complete the following during the next-to-last semester before graduation.*

CFM491 Senior Seminar - Senior Seminar 0.5

**Requirement 6 — Complete 9 Courses**

CCE103 Engineering Mechanics-Statics - Engineering Mechanics-Statics 3.0

CCE203 Engr Mechanics - Materials - Engr Mechanics - Materials 3.0

CCE114 Geomatics - Geomatics 3.0

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

01215-025 - Missing course - Structures & Strength of Matls 4.0

CFM305 Concrete, Masonry, and Asphalt - Concrete, Masonry, and

STAT201 Stat for Engineers & Scientist - Stat for Engineers & Scientist 3.0

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 2 — Complete 1 of 2 Courses**

C S236 Discrete Structure - Discrete Structure 3.0

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

**Requirement 3 — Complete 15 Courses**

*Note: IT&C 210B and 247 must be completed with a grade of C or higher prior to entering any 300-level IT course.*

EC EN224 Introduction to Computer Sys - Introduction to Computer Sys 4.0

IT&C101 Intro to Cybersecurity - Intro to Cybersecurity 3.0

IT&C210A Web Systems & Security Part 1 - Web Systems & Security Part 1 2.0

IT&C210B Web Systems & Security - Web Systems and Security 2.0

IT&C231 Ethics, Law, and Leadership - Ethics, Law, and Leadership 3.0

IT&C247 Networks & Security - Network Fundam. & Security 3.0

IT&C266 Adversarial & Cyber Mindset - Adversarial & Cyber Mindset 3.0

IT&C293 Professional Seminar - Professional Seminar 0.5

IT&C344 Operating Systems - Operating Systems 3.0

IT&C350 Database Principles & Applictn - Database Principles & Applictn 3.0

IT&C366 Defensive Cybersecurity - Info Assurance & Security 3.0

10294-002 - Missing course - Senior Project /Capstone 1 3.0

06882-005 - Missing course - Senior Projects/Capstone 2 3.0

IT&C567 Cybersecurity & Pen Test - Cybersecurity & Pen Test 3.0

**Requirement 4 — Complete 1 of 2 Courses**

IS565 Digital Forensics for Orgnztns - Digital Forensics for Orgnztns 3.0

IT&C566 Digital Forensics - Digital Forensics 3.0

**Requirement 5 — Complete 1.5 hours**

*Take the following 3 times:*

IT&C291R Seminar - Seminar - *You may take 3 times* 0.5

**Requirement 6 — Complete 9 hours**

*Courses outside of those listed must be pre-approved by the program. IT&C 492R and 515R must have a cybersecurity-related topic.*

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN427 Embedded Systems - Embedded Systems 4.0

EC EN526 Wireless Networking - Wireless Networking 3.0

01787-005 - Missing course - Embedded Computer Systems 3.0

IT&C492R Special Problems - Special Problems - *You may take once* 1.0v

Asphalt 1.5

CFM342 Earthwork & Construction Equip - Earthwork Equip & Methods 1.5

MATH112 Calculus 1 - Calculus 1 4.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 7 — Complete 1 course hours**

PHSCS 105 - General Physics 1 3.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

**Option 8 — Complete 6 hours** *Technical Elective Courses:*

**Option 8.1 — Complete at least 3 hours up to 6 hours**

CFM426 Real Estate Development - Real Estate Prin & Dev 3.0

CFM450 Virtual Design & Construction - Virtual Design & Construction 3.0

**Option 8.2 — Complete up to 3 hours**

**Option 8.2.1 — Complete up to 3 hours**

CFM from: 500 to: 599

**Option 8.2.2 — Complete up to 3 hours**

CE from: 400 to: 599

**Requirement 9 — Obtain confirmation from your advisement center that you have completed the following:**

Complete department packet and exit interview.

*Students must complete 300 hours of pre-approved construction/facilities-related work after declaring the major and must submit a report during the CFM 491 class.*

IT&C515R Special Topics in IT&C - Special Topics in IT&C - *You may take once* 1.0v

IT&C529 Advanced Networking - Advanced Networking 3.0

IT&C544 System Administration - System Administration 3.0

IT&C548 Cyber-Physical Systems - Cyber-Physical Systems 3.0

IT&C585 Encryption Implementation - Encryption Implementation 3.0

MATH485 Mathematical Cryptography - Mathematical Cryptography 3.0

**Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:**

Students must complete 200 hours of pre-approved cybersecurity-related work after declaring the major and must submit a signed letter from an employer during the IT&C 447 course.

**Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:**

Complete department packet and exit interview.

## 396531 - Construction and Facilities Management: Facility and Property Management (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Construction: Facility and Property Management | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 85 | 85 |

**Major Academic Plan**

MAP - BS in Construction and Facilities Management Facility and Property Managemement 2023-2024.pdf

| | Learning Outcome |
|---|---|
| **Title** | |
| Problem Solving | An ability to identify formulate and solve broadly defined technical or scientific problems by applying knowledge of mathematics and science and/or technical topics to areas relevant to the discipline. |

## 396536 - Product & User Experience Design (BFA) *

### Program Information

| Program Title | Degree |
|---|---|
| Product & User Experience Design | BFA |
| **Variable Credit Min** | **Variable Credit Max** |
| 72 | 72.5 |

**Major Academic Plan**

MAPS - BFA in Product & User Experience Design2023-2024.pdf

| | Learning Outcome |
|---|---|
| **Title** | |
| Design Products | Program graduates will: 1- research, synthesize, define, ideate, design, refine, and validate mass-produced products. 2- recognize and apply contemporary methods and materials to product design proposals. 3- organize and present evidence-based research, meaningful product concepts, and final design proposals, compellingly and convincingly. |

| Title | Learning Outcome |
| --- | --- |
| Design | An ability to formulate or design a system process procedure or program to meet desired needs. |

| Title | Learning Outcome |
| --- | --- |
| Experiment and Analysis | An ability to develop and conduct experiments or test hypotheses analyze and interpret data and use scientific judgment to draw conclusions. |

| Title | Learning Outcome |
| --- | --- |
| Communication | An ability to communicate effectively with a range of audiences. |

| Title | Learning Outcome |
| --- | --- |
| Ethics and Professional Responsibility | An ability to understand ethical and professional responsibilities and the impact of technical and/or scientific solutions in global economic enviornmental and societal contexts. |

| Title | Learning Outcome |
| --- | --- |
| Teamwork | An ability to function effectively on teams that establish goals plan tasks meet deadlines and anlyze risk and uncertainty. |

Free Form Requirements

**Requirement 1 — Complete 16 Courses**

ACC200 Principles of Accounting - Principles of Accounting 3.0

CCE101 Intro to Civil/Const Engr - Intro to CE/Construction 1.0

CCE113 Construction Modeling - Construction Modeling 3.0

CCE270 Computational Methods - Computer Methods 3.0

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 2.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

CFM120 Methods 1 - Structural Systems - Light Structural Systems 3.0

CFM241 Electrical Systems - Electrical Systems 2.0

CFM311 Est Processes - Est Processes 3.0

CFM 320 - Mechanical Systems 3.0

CFM345 Construction Safety - Construction Safety 3.0

CFM312 Const Scheduling & Cost Contrl - Const Scheduling & Cost Contrl 3.0

CFM415 Const Project Mgt & Control - Const Project Mgt & Control 3.0

CFM426 Real Estate Development - Real Estate Prin & Dev 3.0

| Title | Learning Outcome |
| --- | --- |
| Effective Use of Technology | Program graduates will: 1- Effectively evaluate and use the best tools to organize, prototype, and create product & user experience design. 2- Use design software to construct, evaluate, and design physical and digital product forms, assemblies, and systems 3- Use multiple design software tools to organize and design effective design communication artifacts, systems, and experiences. |

| Title | Learning Outcome |
| --- | --- |
| Design History & Criticism | Program graduates will: 1- Identify and examine the fundamental trends of design history and their relationship to contemporary practice. 2- Investigate, summarize, and present about the artifacts and design principles of notable historical designers. 3- Evaluate and critique the effect of designed products on people, including societal and ecological impacts. |

| Title | Learning Outcome |
| --- | --- |
| Design Professional Practices | Program graduates will: 1- review, examine, and discuss the fundamental elements of design-related professional activities, including business practice, academic research, and personal studio practice. |

| Title | Learning Outcome |
| --- | --- |
| Structured Creativity | Program graduates will: 1- Investigate and synthesize components of marketing, sales, engineering, manufacturing, servicing, and ecological needs and responsibilities and reconcile them with identified user desires and values. 2- Define product-related problems, variables, and requirements; conceptualize and evaluate alternatives; and test and refine solutions. |

| | Learning Outcome |
| --- | --- |
| | Program graduates will: 1- |

CFM445 Const Company Operatns & Mgt - Const Company Operatns & Mgt 3.0

CFM385 Construction Law - Construction Law 3.0

**Requirement 2 — Complete 1 Course**

CCE231 Global Leadership - Global Leadership 3.0

**Requirement 3 — Complete 1 Course**

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 4 — Complete 2.5 hours**

*Complete five enrollments of the following (cannot be taken the same semester as CFM 491):*

CFM291R Undergraduate Seminar - Undergraduate Seminar - *You may take 5 times* 0.5

**Requirement 5 — Complete 1 Course**

*Complete one registration of CFM 491 during the next-to-last semester before graduation.*

CFM491 Senior Seminar - Senior Seminar 0.5

**Requirement 6 — Complete 8 Courses**

*Emphasis courses:*

CFM110 Fundamentals of FPM - Fundamentals of FPM 3.0

CFM320 Advanced Building Systems - Adv Mech, Elect, & Plumb Sys 3.0

CFM340 Operations and Maintenance - Operations and Maintenance 3.0

CFM400 Managing High Performance Bldg - Managing High Performance Bldg 4.0

CFM420 Commercial Real Estate Mgt - Commercial Real Estate Mgt 4.0

HRM402 Human Resource Mgt - Human Resource Mgt 3.0

MATH111 Trigonometry - Trigonometry 2.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

**Requirement 7 — Complete 2 of 7 Courses**

*Note: If CFM 494R is chosen, at least 1.0 credit hour must be taken.*

CCE114 Geomatics - Geomatics 3.0

CFM411 Pre-Construction Services - Pre-Construction Services 3.0

CFM450 Virtual Design & Construction - Virtual Design & Construction 3.0

CFM494R Special Problems - Special Problems - *You may take once* 0.5v

FIN201 Principles of Finance - Principles of Finance 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

- Marketing Management 3.0

**Requirement 8 — Complete 1 hour**

*Complete 1 credit hour of the following:*

CFM199R Technical Internship - Technical Internship - *You may take once* 1.0

| Title | Learning Outcome |
| --- | --- |
| Communication | Practice, compose, and explain product and process concepts and requirements to current and future designers, colleagues, clients, and employers. 2- create both verbal and written communications using both low and high fidelity tools and methods. |

| Title | Learning Outcome |
| --- | --- |
| Human Centered Products & User Experiences | Program graduates will: 1- Review, employ, examine, and assess principles of human psychology, human factors, interfaces, and user experiences while designing physical and digital products and services. 2- Test and evaluate physical and digital products using appropriate methodologies. |

| Title | Learning Outcome |
| --- | --- |
| Enriching Experiences & Cross-disciplinary Work | Program graduates have the option to: 1- Discover and participate in international programs that enrich individual cultural experiences and increase design exposure. 2- Evaluate and participate in undergraduate research endeavors. 3- Investigate and participate in multiple disciplinary courses that relate to or inform product and user experience design such as engineering, business, marketing, art, art history, entrepreneurship, anthropology, ethnography, graphic design, photography, computer science, etc. |

| Title | Learning Outcome |
| --- | --- |
| Prototyping Lab & Studios | Program graduates will demonstrate expertise in using digital and physical labs and studios to prototype and evaluate product designs. To do so, students should have easy access to computer facilities; woodworking, metalworking, and plastics laboratories; libraries with relevant industrial design materials; and appropriate other work facilities related to the major. |

**Requirement 9 — Complete 1 hour**

*Complete 1 credit hour of the following:*

CFM399R Capstone Internship - Capstone Internship- *You may take once* 1.0

*Students must complete 300 hours of pre-approved construction/facilities-related work after declaring the major and must submit a report during the CFM 491 class.*

**Requirement 10 — Obtain confirmation from your advisement center that you have completed the following:**

Complete department packet and exit interview.

| | |
|---|---|
| **Title**<br>Internships | **Learning Outcome**<br>Program graduates will: 1- Investigate, evaluate, arrange for, and complete one or more internship experiences. |

| | |
|---|---|
| **Title**<br>Team Projects | **Learning Outcome**<br>Program graduates will: 1- Practice team-based product development activities within the design program. 2- Have the opportunity to create and operate an interdisciplinary team project either through self-generated projects or elective courses. |

| | |
|---|---|
| **Title**<br>Portfolio & Capstone | **Learning Outcome**<br>Program graduates will: 1- Demonstrate synthesis of their learning by creating a portfolio of their best work; the portfolio should include images and descriptions of their process, and include multiple case studies of major projects that demonstrate their thinking and process. 2- Create and document a major multi-semester capstone project that demonstrates design, testing, prototyping, and where possible product creation, in either digital or physical product and user experiences. |

**Free Form Requirements**

*The Product & User Experience Design BFA program is a limited enrollment program requiring departmental admissions approval. Permission is granted through a portfolio review and interview process. Interested students should declare their pre-major intent, complete the DESPX 115 offered only in Fall and submit an online portfolio of their work at the end of fall semester for the Pre-BFA courses offered Winter and Spring.*

*Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.*

**Requirement 1 — Complete 1 Course**

*Prerequisite course:*

DESPX115 Intro to Product & UX Design - Intro to Product & UX Design 3.0

*Apply for pre-BFA status via portfolio review.*

**Requirement 2 — Complete 2 Courses**

*Foundational courses:*

DESPX220 Product 1 - Product 1 3.0

DESPX260 User Experience 1 - User Experience 1 3.0

*Apply to the Product & User Experience Design BFA program via*

*portfolio review*

*After admission to the major, complete the following:*

**Requirement 3 — Complete 1 of 2 Options**

*Based upon your track*

**Option 3.1 — Complete 8 Courses**

*User Experience Courses:*

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

DESGD362 Interactive Typographic Sys - Interaction & Design Systems 3.0

DESGD460 Interaction Design 2 - Interaction Design 2 3.0

DESPX261 User Experience 2 - User Experience 2 3.0

NX8qZIwsO6OgVa4wDnnd - Missing course - Data Visualization 3.0

DESPX365 UX Research Methods - UX Research Methods 3.0

DESPX461 UX Portfolio - UX Portfolio 3.0

**Option 3.2 — Complete 8 Courses**

*Physical Product Design Courses:*

DES340 Graphics: Brand & Type - Graphics: Brand & Type 3.0

DESPX200 Prototyping Process Materials - Prototyping Process Materials 3.0

DESPX210 3D Modeling Principles - 3D Modeling Principles 3.0

DESPX214 Materials & Processes - Materials & Processes 3.0

DESPX230R Product Design Studio 1 - Product Design Studio 1 *3.0*

DESPX310 Adv. 3D Modeling - Adv. 3D Modeling 3.0

DESPX330R Product Design Studio 2 - Product Design Studio 2 - *Take this course twice* 3.0

**Requirement 4 — Complete 1 of 3 Options**

**Option 4.1 — Complete 4 Courses**

*Digital Product & User Experience Design Capstone (Sandbox):*

DESPX489 Collab. UX Design: Discovery - Collab. UX Design: Discovery 0.5

DESPX490 Collab. UX Design: Research - Collab. UX Design: Research 3.0

DESPX497 Collab. UX Design: Implement. - Collab. UX Design: Implement - *Take this course twice* 3.0

**Option 4.2 — Complete 4 Courses**

*Innovation (Crocker):*

DESPX431R Collaborative Design Projects - Collaborative Design Projects - *Take this course twice* 1.5

ENT431 Innovation Practicum - Innovation Practicum 3.0

ENT432 Commercializing Innovation - Commercializing Innovation 3.0

**Option 4.3 — Complete 2 Course**

*Product Design (take this course twice)*

*Product Design (take this course twice):*

DESPX430R Product Design Studio 3 - Product Design Studio 3 - *Take this course twice* 4.5

**Requirement 5 — Complete 1 hour**

*History & Critical Studies Courses:*

DES111R Design Lecture Series- Design Lecture Series - *Take this course twice* 0.5

**History & Critical Studies Courses:**

**Requirement 6 — Complete 1 of 2 Options**

**Option 6.1 — Complete 4 Courses**

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

DES390 Design Theory - Design Theory 3.0

DESPX339 History of Products - History of Products 3.0

**Option 6.2 — Complete 2 Requirements**

**Requirement 6.2.1 — Complete 3 Courses**

DES390 Design Theory - Design Theory 3.0

PHIL201 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL202 History of Philosophy 2 - History of Philosophy 2 3.0

**Requirement 6.2.2 — Complete 1 of 3 Courses**

DESGD349 History of Graphic Desgn - History of Graphic Desgn 3.0

DESPX339 History of Products - History of Products 3.0

IP&T420 Design Psychology - Design Psychology 3.0

**Requirement 7 — Complete 1 Course**

*Career & Business Courses:*

DESPX388 Professional Practice - Professional Practice 2.0

**Requirement 8 — Complete 1 hour**

DES496R Academic Internship - Academic Internship - *You may take once* 6.0v

**Requirement 9 — Complete 13 hours**

*(COURSES COMPLETED ABOVE DO NOT DOUBLE COUNT TO FULFILL THIS REQUIREMENT)*

DESPX338R Field Study - Field Study - 2.0

DESPX394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 6.0v

DESPX499R Directed Studies - Directed Studies 0.5v

Physical Product Design:

DESPX200 Prototyping Process Materials - Prototyping Process Materials 3.0

DESPX210 3D Modeling Principles - 3D Modeling Principles 3.0

DESPX214 Materials & Processes - Materials & Processes 3.0

DESPX230R Product Design Studio 1 - Product Design Studio 1 - *You*

DESPX250R Product Design Studio 1 - Product Design Studio 1 - *You may take once* 3.0

DESPX310 Adv. 3D Modeling - Adv. 3D Modeling 3.0

Digital User Experience and Visual Design:

DESGD243 Typography 1 - Typography 1 3.0

DESGD362 Interactive Typographic Sys - Interaction Design 1 3.0

DESGD460 Interaction Design 2 - Interaction Design 2 3.0

DESPX261 User Experience 2 - User Experience 2 3.0

NX8qZIwsO6OgVa4wDnnd - Missing course - Data Visualization 3.0

Motion & Visual Design:

DES280 Motion Concepts - Motion Concepts 3.0

DES480 3D Motion - 3D Motion 3.0

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

DESGD380 Motion Design - Motion Design 3.0

User Experience Research:

DESPX365 UX Research Methods - UX Research Methods 3.0

IP&T420 Design Psychology - Design Psychology 3.0

IP&T461 Design Evaluation - Design Evaluation 3.0

Entrepreneurship:

ENT434R New Venture LaunchPad - New Venture LaunchPad - *You may take once* 3.0

ENT441 Rapid Prod Innovation - Rapid Prod Innovation 1.5

ENT442 Ideation & Team Formation - Ideation & Team Formation 1.5

ENT445R SW PM Lecture Series - SW PM Lecture Series - *You may take once* 0.5

MSB342 Product Lecture Series - Product Lecture Series 1.0

*Students can be placed on probationary status for the following: 1) Inadequate academic performance, 2) Unprofessional attitude and lack of commitment, 3) BYU Honor Code violations.*

## 396541 - Manufacturing Engineering (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Manufacturing Engineering | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 94 | 94 |

**Major Academic Plan**

MAP - BS in Manufacturing Engineering 2023.pdf

| Title | Learning Outcome |
|---|---|
| 7. New Knowledge | An ability to acquire and apply new knowledge as needed using appropriate learning strategies. |

## 396547 - Technology & Engineering Studies: Teaching (BS)

### Program Information

| Program Title | Degree |
|---|---|
| Technology and Engineering Studies: Teaching | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 75 | 76 |

**Major Academic Plan**

MAP - BS in Technology 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| UETS Standard 1: Learner | Each candidate understands cognitive linguistic social emotional and physical areas of |

| | |
|---|---|
| Title<br>6. Experimentation | Learning Outcome<br>Anability to develop and conduct appropriate experimentation analyze and interpret data and use engineering judgment to draw conclusions. |

| | |
|---|---|
| Title<br>5. Teamwork | Learning Outcome<br>An ability to function effectively on a team whose members together provide leadership create a collaborative and inclusive environment establish goals plan tasks and meet objectives. |

| | |
|---|---|
| Title<br>4. Ethics and Professionalism | Learning Outcome<br>Anability to recognize ethical and professional responsibilities in engineering situations and make informed judgments which must consider the impact of engineering solutions in global economic environmental and societal contexts. |

| | |
|---|---|
| Title<br>3. Communication | Learning Outcome<br>Anability to communicate effectively with a range of audiences. |

| | |
|---|---|
| Title<br>2. Engineering Design | Learning Outcome<br>An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health safety and welfare as well as global cultural social environmental and economic factors. |

| | |
|---|---|
| Title<br>1. Complex Engineering Problems | Learning Outcome<br>An ability to identify formulate and solve complex engineering problems by applying principles of engineering science and mathematics. |

**Free Form Requirements**

*Students must have a minimum of 123 total hours (including major, GE, and Religion hours) to graduate with this major.*

**Requirement 1 —Complete 11 Courses**

MFGEN130 Modern Manufacturing - Modern Manufacturing 3.0

MFGEN220 Material Removal - Material Removal 3.0

| | |
|---|---|
| Development | student development. |

| | |
|---|---|
| Title<br>UETS Standard 2: Learning Differences | Learning Outcome<br>Each candidate understands individual learner differences and cultural and linguistics diversity. |

| | |
|---|---|
| Title<br>UETS Standard 3: Learning Environments | Learning Outcome<br>Each candidate works with learners to create environments that support individual and collaborative learning encouraging positive social interaction active engagement in learning and self-motivation. |

| | |
|---|---|
| Title<br>UETS Standard 4: Content Knowledge | Learning Outcome<br>Each candidate understands the central concepts tools of inquiry and structures of the discipline. |

| | |
|---|---|
| Title<br>UETS Standard 5: Assessment | Learning Outcome<br>Each candidate uses multiple methods of assessment to engage learners in their own growth monitor learner progress guide planning and instruction and determine whether the outcomes described in content standards have been met. |

| | |
|---|---|
| Title<br>UETS Standard 8: Reflection and Continuous Growth | Learning Outcome<br>Each candidate is a reflective practitioner who uses evidence to continually evaluate and adapt practice to meet the needs of each learner. |

| | |
|---|---|
| Title<br>UETS Standard 9: Leadership and Collaboration | Learning Outcome<br>Each candidate is a leader who engages collaboratively with learners families and colleagues and community members to build a shared vision and supportive professional culture focused on student growth and success. |

| | |
|---|---|
| Title | Learning Outcome<br>Each candidate demonstrates the highest standard of legal moral and ethical conduct as specified |

MFGEN230 Computer-Aided Manufacturing - Computer-Aided Manufacturing 3.0

MFGEN291 Manufacturing Leadership - Manufacturing Leadership 1.0

MFGEN331 Metals Processes - Metals Processes 4.0

MFGEN333 Industrial Automation - Industrial Automation 3.0

MFGEN340 Quality Systems - Quality Systems 3.0

MFGEN355 Plastics Materials &Processing - Plastics Materials &Processing 3.0

MFGEN381 Lean Mfg & Sys Des - Lean Mfg & Sys Des 3.0

MFGEN401 Data Analysis - Data Analysis 3.0

MFGEN491 Senior Seminar - Senior Seminar 0.5

**Requirement 2 —Complete 1 hour**

MFGEN399R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 0.5v

**Requirement 3 —Complete 2 Options**

*Supporting courses:*

**Requirement 3.1 — Complete 11 Courses**

BIO100 Principles of Biology - Principles of Biology 3.0

CCE103 Engineering Mechanics-Statics - Engineering Mechanics-Statics 3.0

CCE203 Engr Mechanics - Materials - Engr Mechanics - Mechanics of Materials 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

MATH112 Calculus 1 - Calculus 1 4.0

ME EN250 Materials Science - Materials Science 3.0

ME EN272 Engineering Graphics - Engineering Graphics 3.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

STAT201 Stat for Engineers & Scientist - Stat for Engineers & Scientist 3.0

TES112 Innovation - Innovation 1.0

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 3.2 — Complete 1 of 2 Courses**

C S110 How to Program - How to Program 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

**Requirement 4 — Complete 3 of 10 Courses**

*Technical Elective courses:*

MFGEN318 MFG Electronics & Microsystems - MFG Electronics & Microsystems 3.0

MFGEN372 Design for X - Design for X 3.0

MFGEN431 Tool Design - Tool Design 3.0

MFGEN433 Intro to SMART Manufacturing - Intro to SMART

| | |
|---|---|
| UETS Standard 10: Professional and Ethical Behavior | in Utah State Board Rule R277-515. |

| Title | Learning Outcome |
|---|---|
| UETS Standard 7: Instructional Strategies | Each candidate uses various instructional strategies to ensure that all learners develop a deep understanding of content areas and their connections and build skills to apply and extend knowledge in meaningful ways. |

| Title | Learning Outcome |
|---|---|
| UETS Standard 6: Instructional Planning | Each candidate plans instruction to support students in meeting rigorous learning goals by drawing upon knowledge of content areas Utah Core Standards practices and the community context. |

| Title | Learning Outcome |
|---|---|
| ITEEA Standards for Technological and Engineering Literacy (STEL) | Each candidate possesses a knowledge of and an ability to implement a contemporary technology and engineering education program based on all 20 of the Standards for Technological and Engineering Literacy (STEL) developed by the International Technology and Engineering Educators Association (ITEEA). |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This major is designed to prepare students to teach technology and engineering content in public and private schools grades 6-12. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*Students accepted into the major after May 2020 must (a) maintain a total GPA of no less than 2.7 after admission to teacher preparation major and/or minor programs, (b) receive a "C" or better in all education-related and major and minor required courses (including any courses taken prior to acceptance into a teaching major or minor), and (c) demonstrate sufficient and timely progress in coursework and field experiences. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

**Requirement 1 — Complete 3 Requirements**

Manufacturing 3.0

MFGEN435 Instrumentation for MFGEN - Instrumentation for MFGEN 3.0

MFGEN 440 - Six Sigma 3.0

MFGEN456 Intro to Composites - Intro to Composites 3.0

MFGEN479 Innovation & Entrepreneurship - Innovation & Entrepreneurship 3.0

MFGEN481 Mfg Systems & Simulation - Mfg Systems & Simulation 3.0

TECH231 Foundations Global Leadership - Foundations Global Leadership 3.0

**Requirement 5 — Complete 12 hours**

*Math, Science, and Statistics supporting courses:*

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM351M Organic Chemistry 1 - Majors - Organic Chemistry 1 - Majors 3.0

CHEM357 Industrial Organic Chemistry - Industrial Organic Chemistry 3.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

STAT466 Intro to Reliability - Intro to Reliability 3.0

STAT511 Stat Methods for Research 1 - Stat Methods for Research 1 3.0

STAT512 Stat Methods for Research 2 - Stat Methods for Research 2 3.0

**Requirement 6 — Complete 2 Courses**

ME EN475 Integrated Prodct&Proc Desgn 1 - Integrated Prodct&Proc Desgn 1 3.0

ME EN476 Product Dev 2 - Capstone - Product Dev 2 - Capstone 3.0

**Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:**

Complete department packet and exit interview.

**Requirement 1.1 — Complete 1 of 2 Courses**

CCE112 Engr Draft w/CAD Apps - Engr Draft w/CAD Apps 3.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

**Requirement 1.2 — Complete 1 of 2 Courses**

MATH110 College Algebra - College Algebra 3.0

MATH111 Trigonometry - Trigonometry 2.0

**Requirement 1.3 — Complete 13 Courses**

*Note: Fingerprinting and FBI clearance must be completed prior to enrolling in TES 276A,B.*

TES112 Innovation - Innovation 1.0

TES125 Comm. Tech & Systems - Comm. Tech & Systems 3.0

TES200 Processes Prototyping Wood - Processes Prototyping Wood 3.0

TES210 Coding for Tech & Engr Educat - Coding for Tech & Engr Educat 3.0

TES225 Electronics for T & E Teachers - Electronics for T & E Teachers 3.0

TES229 Process & Mfg: Metals/Polymers - Process & Mfg: Metals/Polymers 3.0

TES251 Video & Photography Production - Video & Photography Production 3.0

TES255 Visual Communication Design - Visual Communication Design 3.0

TES276A Exploration of Teaching A - Exploration of Teaching A 3.5

TES276B Exploration of Teaching B - Exploration of Teaching B 0.5

TES320 Creat Eng and Prob Solving I - Creat Eng and Prob Solving I 3.0

TES330 Creat Eng and Prob Solving II - Creat Eng and Prob Solving II 3.0

TES340 Prin of Technology & Engr - Prin of Technology & Engr 3.0

**Requirement 2 — Complete 6 Course**

*Complete 6 registrations of the following (except if enrolled in TES 476):*

TES291R Undergraduate Seminar - Undergraduate Seminar - *You may take 6 times* 0.5

**Requirement 3 — Obtain confirmation from your advisement center that you have completed the following:**

*Professional Education Component:*

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

**Requirement 3.1 —Complete 5 Courses**

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

SC ED353 Multi Cult Ed for Sc Ed - Multi Cult Ed for Sc Ed 3.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

TES377 Tchg Mthds in Technology Educ - Tchg Mthds in Technology Educ 2.0

TES378 Practicum in Technology Educ - Practicum in Technology Educ 2.0

Note: Fingerprinting and FBI clearance must be kept updated.

**Requirement 3.2 —Complete 12 hours**

TES476 Secondary Student Teaching - Secondary Student Teaching - *You may take up to 12.0 credit hours* 12.0

Student teachers/interns must complete a student teaching application through MyLink.

**Requirement 4 —Complete 8 hours**

*TECHNICAL ELECTIVES:*

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

CFM220 Methods 2 - Bldg Systems - Mechanical Systems 3.0

**Requirement 7 — Complete 1 of 5 Options**

**Option 7.1 — Complete 3 hours**

*Internship: After consulting with an advisor, complete an internship in conjunction with 3 hours of the following:*

*take up to 1.0 credit hours* 4.0v

**Option 5.2 — Complete 1 hour**

*Faculty Mentored Research Practicum: Conducting research in a mentored environment with a faculty-sponsored research project. After consulting with a faculty advisor, complete a mentored research practicum in conjunction with 1 hour of the following:*

COMMS497R Mentored Research Practicum. - Mentored Research Practicum. - *You may take up to 1.0 credit hours* 1.0

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's research projects. Enrollment in Comms 497R is based on faculty research project availability. After the student has secured a faculty mentor, the student must request a comms 497R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 5.3 — Complete 1 hour**

*Faculty Mentored Projects in Communication: After consulting with a faculty advisor, complete a mentored communication project in conjunction with 1 hour of the following:*

COMMS498R Projects in Communications - Projects in Communications - *You may take up to 1.0 credit hours* 0.5v

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's comms projects. Enrollment in Comms 498R is based on the availability of faculty-mentored comms projects. After the student has secured a faculty mentor, the student must request a comms 498R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 5.4 — Complete 1 hour**

*School of Communications Labs: After consulting with your sequence's professional faculty and lab manager, complete a mentored lab experience in conjunction with 1 hour of the following:*

COMMS491R Student Media Labs - Student Media Labs - *You may take up to 1.0 credit hours* 1.0v

Note: It is the student's responsibility to talk to their sequence's lab mentors to discuss the possibility of enrolling in Comms 491R. Enrollment is based on project availability and lab needs. Students who have been cleared to enroll must request a comms 491R contract from the School of Communications main office. The student and their lab mentors must agree on the terms of the contract and sign it. Students should return the form to the main office to receive an add code. Comms 491R cannot be combined with a paid position in the same lab.

**Requirement 6 — Complete 15 hours**

*Complete 15 hours (five courses) from the following departmental electives:*

COMMS301 Media History & Philosophy - Media History & Philosophy 3.0

COMMS302 Popular Culture & Media - Popular Culture & Media 3.0

COMMS351 Media & Their Audiences - Media & Their Audiences 3.0

*conjunction with 3 hours of the following:*

COMMS496R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 4.0v

Note: A C- grade or better in the following prerequisite courses must be achieved before the internship experience: (1) Advertising strategy track: Comms 309, 317, 337. (2) Creative track: Comms 309, 330, 331.

**Option 7.2 — Complete 3 hours**

*Faculty Mentored Research Practicum: Conducting research in a mentored environment with a faculty-sponsored research project. After consulting with a faculty advisor, complete a mentored research practicum in conjunction with 3 hours of the following:*

COMMS497R Mentored Research Practicum. - Mentored Research Practicum. - *You may take up to 3.0 credit hours* 1.0

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's research projects. Enrollment in COMMS 497R is based on faculty research project availability. After the student has secured a faculty mentor, the student must request a COMMS 497R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 7.3 — Complete 3 hours**

*Faculty Mentored Projects in Communication: After consulting with a faculty advisor, complete a mentored communication project in conjunction with 3 hours of the following:*

COMMS498R Projects in Communications - Projects in Communications - *You may take up to 3.0 credit hours* 0.5v

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's COMMS projects. Enrollment in COMMS 498R is based on the availability of faculty-mentored COMMS projects. After the student has secured a faculty mentor, the student must request a COMMS 498R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 7.4 — Complete 3 hours**

*School of Communications Labs: After consulting with your sequence's professional faculty and lab manager, complete a mentored lab experience in conjunction with 3 hours of the following:*

COMMS491R Student Media Labs - Student Media Labs - *You may take up to 3.0 credit hours* 1.0v

Note: It is the student's responsibility to talk to their sequence's lab mentors to discuss the possibility of enrolling in COMMS 491R. Enrollment is based on project availability and lab needs. Students who have been cleared to enroll must request a COMMS 491R contract from the School of Communications main office. The student and their lab mentors must agree on the terms of the contract and sign it. Students should return the form to the main office to receive an add code. COMMS 491R cannot be combined with a paid position in the same lab.

**Option 7.5 — Complete 3 hours**

COMMS335 TV Commercial Production - TV Commercial Production 3.0

**Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:**

COMMS360 Comm Mgt Principles & Theory - Comm Mgt Principles & Theory 3.0

COMMS381 International Media Systems - International Media Systems 3.0

COMMS382 Issues in Global Communication - Issues in Global Communication 3.0

COMMS406 Media & the First Amendment - Media & the First Amendment 3.0

COMMS416 Media Advocacy & Social Change - Media Advocacy & Social Change 3.0

COMMS482 Media and World Religions - Media and World Religions 3.0

**Requirement 10 — Complete 1 of 4 Options**

**Option 10.1 — Complete 3 hours**

*Internship: After consulting with an advisor, complete an internship in conjunction with 3 hours of the following:*

COMMS496R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 4.0v

Note: A C- grade or better in the following prerequisite courses must be achieved before the internship experience: Comms 306; Comms 308; Comms 321

**Option 10.2 — Complete 3 hours**

*Faculty Mentored Research Practicum: Conducting research in a mentored environment with a faculty-sponsored research project. After consulting with a faculty advisor, complete a mentored research practicum in conjunction with 3 hours of the following:*

COMMS497R Mentored Research Practicum. - Mentored Research Practicum. - *You may take up to 3.0 credit hours* 1.0

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's research projects. Enrollment in Comms 497R is based on faculty research project availability. After the student has secured a faculty mentor, the student must request a comms 497R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 10.3 — Complete 3 hours**

*Internship: After consulting with an advisor, complete an internship in conjunction with 3 hours of the following:*

COMMS496R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 4.0v

Note: A C- grade or better in the following prerequisite courses must be achieved before the internship experience: Comms 318, 333, 320 & 350.

**Option 5.2 — Complete 3 hours**

*Faculty Mentored Research Practicum: Conducting research in a mentored environment with a faculty-sponsored research project. After consulting with a faculty advisor, complete a mentored research practicum in conjunction with 3 hours of the following:*

COMMS497R Mentored Research Practicum. - Mentored Research Practicum. - *You may take up to 3.0 credit hours* 1.0

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's research projects. Enrollment in Comms 497R is based on faculty research project availability. After the student has secured a faculty mentor, the student must request a comms 497R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 5.3 — Complete 3 hours**

*Faculty Mentored Projects in Communication: After consulting with a faculty advisor, complete a mentored communication project in conjunction with 3 hours of the following:*

COMMS498R Projects in Communications - Projects in Communications - *You may take up to 3.0 credit hours* 0.5v

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's comms projects. Enrollment in Comms 498R is based on the availability of faculty-mentored comms projects. After the student has secured a faculty mentor, the student must request a comms 498R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 5.4 — Complete 3 hours**

*School of Communications Labs: After consulting with your sequence's professional faculty and lab manager, complete a mentored lab experience in conjunction with 3 hours of the following:*

COMMS491R Student Media Labs - Student Media Labs - *You may take up to 3.0 credit hours* 1.0v

Note: It is the student's responsibility to talk to their sequence's lab mentors to discuss the possibility of enrolling in Comms 491R. Enrollment is based on project availability and lab needs. Students who have been cleared to enroll must request a comms 491R contract from the School of Communications main office. The student and their lab mentors must agree on the terms of the contract and sign it. Students should return the form to the main office to receive an add code. Comms 491R cannot be combined with a paid position in the same lab.

**Recommended Courses are not required to complete the program**

*It is recommended that PR students complete one of the following to fulfill the General Education Advanced Writing and Oral*

*Faculty Mentored Projects in Communication: After consulting with a faculty advisor, complete a mentored communication project in conjunction with 3 hours of the following:*

COMMS498R Projects in Communications - Projects in Communications - *You may take up to 3.0 credit hours* 0.5v

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's comms projects. Enrollment in Comms 498R is based on the availability of faculty-mentored comms projects. After the student has secured a faculty mentor, the student must request a comms 498R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

**Option 10.4 — Complete 3 hours**

*School of Communications Labs: After consulting with your sequence's professional faculty and lab manager, complete a mentored lab experience in conjunction with 3 hours of the following:*

COMMS491R Student Media Labs - Student Media Labs - *You may take up to 3.0 credit hours* 1.0v

Note: It is the student's responsibility to talk to their sequence's lab mentors to discuss the possibility of enrolling in Comms 491R. Enrollment is based on project availability and lab needs. Students who have been cleared to enroll must request a comms 491R contract from the School of Communications main office. The student and their lab mentors must agree on the terms of the contract and sign it. Students should return the form to the main office to receive an add code. Comms 491R cannot be combined with a paid position in the same lab.

**Requirement 11 — Obtain confirmation from your advisement center that you have completed the following:**

Complete a minimum of 72 hours in courses outside of the department while meeting BYU's University Core requirements.

*Communication requirement. Students who want more writing experience should take COMMS 321 after taking COMMS 320. This is a valuable enhancement class, but the credits do not count towards Public Relations program requirements.*

COMMS321 Multimedia Reporting - Multimedia Reporting 3.0

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

PHIL300 Philosophical Writing - Philosophical Writing 3.0

WRTG312 Persuasive Writing - Persuasive Writing 3.0

WRTG316 Technical Communication - Technical Communication 3.0

*All PR emphasis students are encouraged to become active members of the Public Relations Student Society of America (PRSSA).*

**Requirement 6 — Obtain confirmation from your advisement center that you have completed the following:**

Complete a minimum of 72 hours in courses outside of the department while meeting BYU's University Core requirements.

## 484601 - Music (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Music | MIN |

MUSIC296 Music Theory 4 - Music Theory 4 3.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

**Requirement 3 — Complete 8 hours**

MUSIC260R Performance Instruction - Performance Instruction - *You may take up to 8.0 credit hours* 0.5v

**Requirement 4 — Complete 4 hours**

MUSIC360R Performance Instruction - Performance Instruction - *You may take up to 4.0 credit hours* 0.5v

**Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:**

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

**Requirement 7 — Complete 4 hours**

MUSIC187R Composition - Composition - *You may take 4 times* 1.0

**Requirement 8 — Complete 1 Course**

MUSIC287 Electronic Music Composition - Electronic Music Composition 2.0

**Requirement 9 — Complete 4 hours**

MUSIC387R Composition Seminar. - Composition Seminar. - *You may take up to 4.0 credit hours* 0.5

**Requirement 10 — Complete 6 hours**

*Students must pass a juried portfolio review prior to enrolling in Music 388R.*

MUSIC388R Advanced Composition - Advanced Composition - *You may take up to 6.0 credit hours* 1.5

**Requirement 11 — Complete 4 Courses**

MUSIC481 Orchestration 1 - Orchestration 1 3.0

MUSIC483 Counterpoint - Counterpoint 3.0

MUSIC581 Orchestration 2 - 20th Century Orchestration 3.0

MUSIC583 16th-Century Counterpoint - 16th-Century Counterpoint 3.0

**Requirement 12 — Complete 1 Requirement**

*Recital:*

Present a juried composition recital (Music 449) during the senior year.

Enroll in Music 449 (1 credit hour) for the semester during which a recital is to be presented. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information. See supervisor of accompanying regarding guidelines for accompanist fees.

**Requirement 12.1 — Complete 1 Course**

MUSIC449 Senior Recital - Senior Recital 1.0

Note: Students must register for 449 before applying for graduation.

**Requirement 13 — Obtain confirmation from your advisement center that you have completed the following:**

After consulting with faculty advisor, complete 2 hours of music electives.

*APPENDIX A: See Ensemble Requirement*

*Category 1: Approved Large Ensembles*

MUSIC312R Men's Chorus - Men's Chorus - *You may take three times* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take three times* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take three times* 1.0

MUSIC315R University Singers - University Singers - *You may take three times* 1.0

MUSIC325R Symphonic Band - Symphonic Band - *You may take three*

Music education majors must enroll in at least 1 hour of approved large ensemble each semester for seven semesters. Those who play woodwind, brass, or percussion instruments must enroll in one semester of marching band, which may be counted toward the 7-hour large ensemble requirement if it is completed after the student has been officially accepted as a degree candidate in instrumental music education (after freshman year).

**Requirement 6 — Complete 4 Courses**

*Upper-division music core courses:*

MUSIC301 Music History: Overview - Survey of Music Literature 1 2.0

MUSIC302 Music History: Baroque - Survey of Music Literature 2 2.0

MUSIC303 Music History: Classic - Survey of Music Literature 3 2.0

MUSIC395 Form and Analysis - Form and Analysis 3.0

**Requirement 7 — Complete 1 of 2 Courses**

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

**Requirement 8 — Complete 10 Courses**

Free Form Requirements

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

**Requirement 1 — Complete 1 Course**

*Proficiency requirements: Present a juried recital (Music 249) in the last semester of private instruction. Students must prepare a minimum of 18 minutes of music to be performed in a formal public recital. Students will schedule a joint recital in groups of three or fewer.*

MUSIC249 Sophomore Recital - Sophomore Recital 0.0

**Requirement 2 — Complete 14 Courses**

*Lower-division music core courses:*

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC221 Functional Piano Skills 1 - Functional Piano Skills 1 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC468 Jazz Pedagogy - Jazz Pedagogy 1.0

MUSIC481 Orchestration 1 - Orchestration 3.0

MUSIC482 Choral Arranging - Choral Arranging 1.0

MUSIC485 Jazz Arranging - Jazz Arranging 3.0

Note 1: Two credit hours of this requirement group may be satisfied by approved Category 1 and Category 2 ensembles for this degree.

Note 2: Courses used to fulfill Requirement Group 6.2.5 may not be used to fulfill other requirements.

**Requirement 7 — Complete 1 Course**

*Complete a capstone project (Music 486) or present a juried recital (Music 349). Final requirement is decided in consultation with faculty advisor.*

MUSIC349 Junior Recital - Junior Recital 0.0

MUSIC486 Commercial Music Capstone Proj - Commercial Music Capstone Proj 1.0

*Recital: Enroll in Music 349 (0.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information.*

*APPENDIX A: See Ensemble Requirement*

*Category 1: Approved Large Ensembles*

MUSIC312R Men's Chorus - Men's Chorus - *You may take three times* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take three times* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take three times*

1.0

MUSIC315R University Singers - University Singers - *You may take three times* 1.0

MUSIC325R Symphonic Band - Symphonic Band - *You may take three times* 1.0

MUSIC326R Wind Symphony - Wind Symphony - *You may take three times* 1.0

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take three times* 1.0

*Category 2: Other Approved Ensembles*

MUSIC316R Opera Workshop - Opera Workshop - *You may take two times* 1.0

MUSIC317R Opera Ensemble - Opera Ensemble - *You may take two times* 0.5v

04018-012 - Missing course - Music Theatre Ensemble - *You may take two times* 1.0

MUSIC323R Marching Band- Marching Band - *You may take two times* 1.0

MUSIC330R Steel Band - Steel Band - *You may take two times* 1.0

MUSIC331R Jazz Combos - Jazz Combos - *You may take two times* 1.0

MUSIC333R Jazz Ensemble - Jazz Ensemble - *You may take two times* 1.0

MUSIC334R Synthesis - Synthesis - *You may take two times* 1.0

MUSIC335R Jazz Legacy Band- Jazz Legacy Band - *You may take two times* 1.0

MUSIC336R Balinese Gamelan - Balinese Gamelan - *You may take two times* 1.0

MUSIC339R Chamber Orchestra - Chamber Orchestra - *You may take two times* 1.0

MUSIC341R Brass Chamber Music - Brass Chamber Musc - *You may take two times* 1.0

08918-000 - Missing course - Early Music Ensemble - *You may take two times* 1.0

MUSIC343R Guitar Ensemble - Guitar Ensemble - *You may take two times* 1.0

MUSIC344R Keyboard in Ensemble - Keyboard in Ensemble - *You may take two times* 1.0

MUSIC345R Percussion Ensemble - Percussion Ensemble - *You may take two times* 1.0

MUSIC346R String Chamber Music - String Chamber Music - *You may take two times* 1.0

MUSIC348R Woodwind Ensemble - Woodwind Chamber M - *You may take two times* 1.0

MUSIC441R New Music Ensemble- New Music Ensemble - *You may take two times* 1.0

*Students who play guitar or piano as their principal instrument may also count participation in Music 333R: Jazz Ensemble or Music 334R: Synthesis toward their Category 1 Ensemble requirement.*

## 485905 - Theatre Arts Studies (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Theatre Arts Studies | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 23 | 23 |

**Major Academic Plan**

MAP - Minor in Theatre Arts Studies 11.16.22.pdf

| Title | Learning Outcome |
|---|---|
| Critical Engagement | Students will demonstrate a comprehension of the processes history and theory of performance. |
| Technical Training | Students will implement analytical conceptual and technical skills in a variety of performance practices. |
| Performance Practice | Students will show proficiency in an aspect of performance practice: ie acting critical writing design andtechnology devising directing dramaturgy and/or playwriting. |

**Major Academic Plan**

MAP - BA in Theatre Arts Education K12 2023-2024..pdf

| Title | Learning Outcome |
|---|---|
| Effective Communication | Students will demonstrate their ability to communicate effectively with diverse and inclusive teaching and learning communities by demonstrating EDIA (equity diversity inclusion access) principles through curriculum design delivery and assessment along with examples of their self-reflective practices. |
| Strategies | Students will demonstrate their ability to integrate dramatic strategies and skills into arts and non-arts based elementary and secondary educational environments while also providing equitable diverse inclusive and accessible instruction for students. |
| | Learning Outcome |

TMA111 Performance Matters - Performance Matters 1.0

TMA115 Intro to Performance Studies - Intro to Performance Studies 3.0

TMA123 Acting Fundamentals - Acting Fundamentals 2.0

TMA140 Script Analysis - Script Analysis 2.0

09470-000 - Missing course - Theatre Production 1 1.0

**Requirement 2 —Complete 3 hours**

TMA260R Theatre Production - Theatre Production 2 - *You may take 3 times* 1.0v

**Requirement 3 —Complete 6 Courses**

*Theatre core courses:*

TMA201 Drama Perf: Antiq to Renais - Drama Perf: Antiq to Renais 3.0

TMA202 Drama Perf: Renais to Present - Drama Perf: Renais to Present 3.0

TMA240 Playmaking - Playmaking 3.0

TMA259 Princ of Design for Stg - Princ of Design for Stg & Scrn 3.0

11551-002 - Missing course - Contemp Performance Practices 2.0

TMA395 Dramatic Literature 1 - Dramatic Literature 3.0

**Requirement 4 —Complete 1 of 2 Courses**

TMA411 Future Performance - Future Performance 1.0

TMA460 Portfolio - Portfolio 2.0

**Requirement 5 —Complete 16 hours**

*Electives: Complete 16 credit hours of upper-division course work IN CONSULTATION WITH THE FACULTY MENTOR. These individually tailored programs will allow the student maximum flexibility while guaranteeing quality control.*

TMA302 British Theatre Performance - British Theatre Performance 3.0

TMA315R Special Projects 2 - Special Projects 2 - *You may take 8 times* 0.5v

TMA315R Special Projects 2: Theatre - Special Projects 2: Theatre - *You may take 8 times* 0.5v

TMA316 TMA Instruction - TMA Instruction 1.0v

TMA316 TMA Instruction: Theatre - TMA Instruction: Theatre 1.0

TMA321 Voice Over - Voice Over 2.0

TMA322 Classical Voice - Classical Voice 2.0

TMA323R KCACTF - KCACTF - *You may take 4 times* 1.0

TMA324 Acting Classics - Acting Classics 3.0

TMA325 Stage Combat - Stage Combat 2.0

TMA326R Divine Comedy - Divine Comedy - *You may take 10 times* 0.5v

TMA329 Conservatory - Conservatory 3.0

TMA330R Assistant Directing - Assistant Directing - *You may take 5 times* 1.0v

TMA331 Directing Narrative Literature - Directing Narrative Literature

| | |
|---|---|
| | Students will demonstrate professional pedagogical practices by creating developing and implementing diverse inclusive and standards-based theatre curriculum into their classroom and professional communities. |
| **Title**<br>Professional Pedagogical Practices | |

| | |
|---|---|
| | **Learning Outcome**<br>Students will demonstrate their scholarly and artistic expertise by applying appropriate technology to curriculum exhibiting a working knowledge of all major elements of theatre history theory and practice and engaging with the great works of theatre and media. |
| **Title**<br>Scholarly Abilities | |

| | |
|---|---|
| | **Learning Outcome**<br>Students demonstrate their ability to practice and articulate their ethics of theatre by applying gospel-centered values as they contribute to classrooms and individual learners exercising moral reasoning when faced with ethical dilemmas in their classroom school or district and demonstrating a commitment to embracing inclusion diversity and making a positive difference in their sphere of influence. |
| **Title**<br>Ethics | |

| | |
|---|---|
| | **Learning Outcome**<br>EPP candidates will meet the Utah Effective Teaching Standards (UETS) at the basic competence level. |
| **Title**<br>Basic Competence Level | |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to*

| | |
|---|---|
| **Title**<br>Performance and Professional Growth | **Learning Outcome**<br>Students will demonstrate a commitment to intellectual inquiry self-directed learning and professional growth. |

**Free Form Requirements**

*This major is a limited enrollment program designed to prepare students to become professional artists and/or to pursue post-graduate degrees in the field. It is a highly competitive major; admission is by audition. Additionally, admitted students are required to meet progressively higher proficiency expectations each semester. If students do not meet proficiency expectations, they will be placed on program probation. Students placed on probation 3 times may be dismissed from the degree program. For further information on BFA Acting proficiency expectations and student standing, contact the BFA Acting Program Area Head or go to https://tma.byu.edu/programs/theatre-arts-programs/bachelor-of-fine-arts-in-acting/.*

**Requirement 1 —Complete 2 Courses**

*Complete the following theatre courses:*

TMA102 Introduction to Film - Introduction to Film 3.0

09470-000 - Missing course - Theatre Production 1 1.0

**Requirement 2 —Complete 4 Courses**

*Foundation courses:*

## 488004 - Art Education (Minor) *

### Program Information

| Program Title | Degree |
|---|---|
| Art Education | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 29.5 | 29.5 |

**Free Form Requirements**

*This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

**Requirement 1 — Complete 3 Courses**

*Core courses:*

## 488019 - Arts in the Elementary Classroom (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Arts in the Elementary Classroom | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 15 | 17 |

**Free Form Requirements**

*This minor is designed to fulfill requirements necessary for the Utah State Board of Education Arts Integration Endorsement. This minor includes coursework spanning multiple art forms and pedagogies, additional coursework in an area of artistic focus, and coursework related to the integration of arts into the classroom. Successful completion of this minor will prepare students to integrate dance, drama, music, and visual art into other areas of core curriculum taught in elementary classrooms. This minor does not indicate subject area specialization in the arts or qualification for teaching arts courses per se, but rather reflects training in the application of arts-based pedagogies and methodologies to the teaching of other core elementary classroom curricula.*

*Students completing this minor, along with another education degree pursuant to state educator licensure, should verify with the advisement center in the College of Education that the submission materials for their licensure include their application for Arts Integration endorsement.*

**Requirement 1 — Complete 1 Course**

*Arts Integration and Assessment*

FNART226 Arts Integration - Arts Integration 2.0

DANCE245 Foundational Street Dance - Urban & Street Dance Forms 1.0

DANCE270 Cultural Dance Technique 1 - World Dance Technique 1 1.0

**Requirement 3.2.2 — Complete 2 hours**

*Pedagogy, Theory, and Creativity*

DANCE244R Beginning Creative Processes - Std Wrkshp Improv & Choreog - *You may take once* 1.0

DANCE276R Exploration of Teaching - Exploration of Teaching - *You may take once* 3.0

DANCE348R Kinnect - Kinnect - *You may take once* 1.0v

DANCE376 Mthds of Tchg Cultural Dance - Mthds of Tchg World Dance 2.0

DANCE465 K-12 Dance Curriculum Design - K-12 Dance Curriculum Design 2.0

**Option 3.3 — Complete 4 hours**

*MUSIC*

MUSIC100 Music Fundamentals - Music Fundamentals 2.0

MUSIC101 Introduction to Music - Introduction to Music 3.0

MUSIC160R Performance Instruction - Performance Instruction - *You may take once* 0.5v

MUSIC202 Civilization: Music 2 - Civilization: Music 2 3.0

MUSIC203 World Music Cultures - World Music Cultures 3.0

MUSIC204 Introduction to Jazz - Introduction to Jazz 3.0

Note: Upper-division private instruction may also partially fulfill this requirement; no more than 2 total credits of private instruction may

count toward this option.

**Option 3.4 — Complete 4 hours**

*THEATRE AND MEDIA ARTS*

TMA252 Puppetry - Puppetry 2.0

TMA257 Storytelling - Storytelling 2.0

TMA375 Creative Drama - Creative Drama 2.0

TMA377C Methods Applied Theatre - Methods Applied Theatre 3.0

TMA392 Children's Media - Children's Media 3.0

TMA455R Theatre Tour - Theatre Tour - *You may take once* 3.0

## 488022 - Art Education K-12 (BA) *

### Program Information

| Program Title | Degree |
|---|---|
| Art Education K-12 | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 80 | 80 |

**Major Academic Plan**

MAP - BA in Art Education K-12 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Community | Research Lifelong Learning and Service Students will actively engage in communities of learning through collaborative inquiry research and service. |
| Curriculum Theory | Students will construct curricula and other professional materials that reflect current practices and theories in art and education. |
| Studio Practice | Students will develop a studio practice that connects to their identity as an art educator and that includes the breadth of media and skills required of art educators in schools. |
| Teaching Experience | Students will demonstrate sound teaching practices in a variety of contexts. |
| | Students will fulfill all professional licensure requirements and standards as |

## 488024 - Art History & Curatorial Studies (BA)

### Program Information

| Program Title | Degree |
|---|---|
| Art History & Curatorial Studies | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 42 | 68 |

**Major Academic Plan**

MAP - BA in Art History & Curatorial Studies 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Art History in the Western World | Students will acquire a solid foundation in the discipline of art history of the Western world. |
| Research Skills | Students will develop advanced art historical research skills. |
| Effective Communication and Presentation | Students will demonstrate their ability to effectively present their ideas through verbal expression. One of the casualities of Covid was student presentations in person. We hope that this changes soon. |
| Cultural and Professional Experience | Students will visit and experience important works of art as well as the institutions and/or professional venues where art history is practiced. Good despite the 2020 pandemic. This continues to be the case in 2021 |
| | |

| | |
|---|---|
| Title<br>Professional Licensure | required by the Art Education Program the McKay School of Education and University Standards for Educational Preparation Programs. |

| | |
|---|---|
| Title<br>Spiritual Dimension of Art Education | Learning Outcome<br>Students will demonstrate their ability to consider complex questions and personal responsibilities associated with art and education in the light of gospel principles. |

Free Form Requirements

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

**Requirement 1 — Complete 3 Courses**

*Core courses:*

ART102 Intro to Art 2D - Intro to Art 2D 3.0

ART133 Intro to Art 3D - Intro to Art 3D 3.0

ART 226 - Ways of Being an Artist 3.0

**Requirement 2 — Complete 5 hours**

*Note: FBI fingerprint and background clearance must be completed before enrolling in ARTED 276.*

ARTED276 Intro to K-12 Art & Design Ed - Intro K-12 Art & Design Mthds 1.0v

*Obtain acceptance into the Art Education K-12 BA program.*

**Requirement 3 — Complete 3 of 4 Courses**

*First-year foundation courses:*

ART210 New Genre Interdisciplinary - New Genre Interdisciplinary 3.0

ART215 Painting Fundamentals - Painting Fundamentals 3.0

ART220 Intro to Drawing & Fig Drawing - Intro to Drawing & Fig Drawing 3.0

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

| | |
|---|---|
| Title<br>Effective Writing | Students will write engaging and sophisticated art historical research papers that demonstrate original thought. This is an area to which we would like to direct our focus because we desperately need to cultivate better writers in our area. |

Free Form Requirements

**Requirement 1 — Complete 5 Courses**

ART200 Studio Tech for Art History - Studio Tech for Art History 3.0

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

ARTHC300 Theory & Methodology - Theory & Methodology 3.0

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

**Requirement 2 — Complete 1 of 2 Courses**

*Ancient art:*

ARTHC304 Greek Art - Greek Art 3.0

ARTHC306 Roman Art - Roman Art 3.0

**Requirement 3 — Complete 1 of 2 Courses**

*Medieval art:*

ARTHC310 Early Christian&Byzantine Art - Early Christian&Byzantine Art 3.0

ARTHC316 Art of the Medieval West - Art of the Medieval West 3.0

**Requirement 4 — Complete 1 of 2 Courses**

*Renaissance art:*

ARTHC320 Italian Renaissance - Italian Renaissance 3.0

ARTHC325 Northern Renaissance - Northern Renaissance 3.0

**Requirement 5 — Complete 1 of 2 Courses**

*Baroque art:*

ARTHC330 Southern Baroque Art - Southern Baroque Art 3.0

ARTHC335 Northern Baroque Art - Northern Baroque Art 3.0

**Requirement 6 — Complete 1 of 4 Courses**

*Nineteenth-century art:*

ARTHC337 18th-Century European Art - 18th-Century European Art 3.0

ARTHC340 19th C Europe Art - 19th C Europe Art 3.0

ARTHC345 American Art to 1876 - American Art to 1876 3.0

ARTHC365 Amer Architecture - Amer Architecture 3.0

**Requirement 7 — Complete 1 of 5 Courses**

*Modern art:*

ARTHC350 Modern Art - Modern Art 3.0

ARTHC353 American Art 1876-1950 - American Art 1876-1950 3.0

ART1225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

**Requirement 4 — Complete 3 Courses**

*Second-year foundation courses:*

ART216 Ceramics Fundamentals - Ceramics Fundamentals 1.5

ART217 Sculpture Fundamentals - Sculpture Fundamentals 1.5

ART260 Photo Fundamentals - Photo Fundamentals 1.5

**Requirement 5 — Complete 6 hours**

ART310 Installation - Installation 3.0

ART321 Drawing - Drawing 3.0

12318-001 - Missing course - Materials of Painting. 1.5

ART327 Painting - Painting 3.0

ART328R Figure Drawing and Painting - Figure Drawing and Painting - *You may take once* 3.0

ART330 Adv. Bookbinding - Adv. Bookbinding 3.0

ART332 Book Arts - Book Arts 1.5

ART333 Painting-Mixed Media - Painting-Mixed Media 3.0

ART350 Adv Prntmkg: Intag, Rel, Mono - Adv Prntmkg: Intag, Rel, Mono 3.0

ART351 Adv Prntmkng: Litho & Screen - Adv Prntmkng: Litho & Screen 3.0

ART353 Time-Based Art - Time-Based Art 3.0

ART355 Interdisciplinary Projects - Interdisciplinary Projects 3.0

ART356R Figure Sculpture - Figure Sculpture - *You may take once* 3.0

ART357 Digital 3D - Digital 3D 3.0

ART358 Sculpture - Sculpture 3.0

ART359R Ceramics - Ceramics - *You may take once* 3.0

ART360 Advanced Photography - Advanced Photography 3.0

ART394R Special Problems in Art - Special Problems in Art - *You may take once* 0.5v

ART480R Advanced Studio - Advanced Studio - *You may take once* 1.0v

13598-000 - Missing course - Arts Administration Capstone 3.0

**Requirement 6 — Complete 2 Courses**

*Advanced ARTED studio courses:*

ARTED339 Computer Application in Art Ed - Computer Application in Art Ed 3.0

ARTED450 Adv Sec Stu Tchg Mthds Art Ed - Adv Sec Stu Tchg Mthds Art Ed 3.0

**Requirement 7 — Complete 1 of 4 Courses**

ART320 20th Century Art & Theory - 20th Century Art & Theory 3.0

ART326 Current Art Practice - Current Art Practice 3.0

ART340 Business Practices for Artists - App Creative/Critical Thinking 3.0

ARTED380 Museum Art Education - Museum Art Education 3.0

ARTHC353 American Art 1876-1950 - American Art 1876-1950 3.0

ARTHC355 Contemporary Art - Contemporary Art 3.0

ARTHC367 Modern Architectur - Modern Architectur 3.0

ARTHC379 History of Photography - History of Photography 3.0

**Requirement 8 — Complete 1 of 3 Courses**

*Non-Western art:*

ARTHC380 Northern Mesoamerican Art - Northern Mesoamerican Art 3.0

ARTHC382 Southern Mesoamerican Art - Southern Mesoamerican Art 3.0

JAPAN345 Japanese Culture - Japanese Culture 3.0

**Requirement 9 — Complete 1 of 14 Courses**

*Language requirement:*

FREN201 Intermediate French, Part 1 - Intermediate French, Part 1 4.0

FREN315 Focused French Readings - Focused French Readings 3.0

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

GERM201 2nd Yr German - 2nd Yr German 4.0

GERM345R Field Studies in German - Field Studies in German - *You may take once* 1.0v

GERM595R German for Reading - German for Reading - *You may take once* 3.0

ITAL201 Intermediate Italian 1 - Intermediate Italian 1 4.0

ITAL315 ITAL 315 - ITAL 315 3.0

ITAL321 Advanced Language Part 1 - Advanced Language Part 1 PORT 201 - Third-Semester Portuguese 4.0

PORT321 3rd-Yr Port Read, Gram, & Cult - 3rd-Yr Port Read, Gram, & Cult 3.0

RUSS201 2nd-Yr Russian, Part 1 - 2nd-Yr Russian, Part 1 5.0

SPAN205 University Spanish 3 - University Spanish 3 4.0

SPAN321 3rd-Yr Span Read, Gram, & Cult - 3rd-Yr Span Read, Gram, & Cult 3.0

**Requirement 10 — Complete 1 of 2 Options**

*Complete one of the following tracks:*

**Option 10.1 — Complete 2 Requirements**

*Academic Track:*

**Requirement 10.1.1 — Complete 3 hours**

*Complete three hours from one of the following capstone courses:*

ARTHC498 Senior Thesis/Capstone Exper - Senior Thesis/Capstone Exper 3.0

ARTHC 499R - Honors Thesis - *You may take once - This course is no longer available for registration and will count only if you completed it while it was offered. Please see your college advisement center for possible substitutions.* 0.5v

**Requirement 10.1.2 — Complete 4 of 25 Courses**

ARTED380 Museum Art Education - Museum Art Education 3.0

**Requirement 8 — Complete 3 Courses**

ARTED378 K-12 ClssrmMgmt,3D Mthds&Pract - K-12 ClssrmMgmt,3D Mthds&Pract 3.0

ARTED397 Issues in Contemporary Art - Issues in Contemporary Art 3.0

ARTED478 Art Curr,Assessmnt,Mthds K-12 - Art Curr,Assessmnt,Mthds K-12 3.0

**Requirement 9 — Complete 1 hour**

*Complete 1 credit hour of Art 395R (2 registrations):*

ART395R Studio Seminar - Studio Seminar - *You may take 2 times* 0.5

**Requirement 10 — Complete 5 Courses**

*Additional licensure requirements:*

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

SC ED350 Adolescent Development - Adolescent Development 2.0

SC ED353 Multi Cult Ed for Sc Ed - Multi Cult Ed for Sc Ed 3.0

SFL210 Human Development - Human Development 3.0

*Complete an interview with advisor.*

*Complete a teaching assistant experience. Must be approved by Tara Carpenter. Complete prior to student teaching. See Sharon Heelis for hiring. See Art Department secretary for finalization.*

*Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.*

**Requirement 11 — Complete 12 hours**

ARTED476R Art Education Student Teaching - Art Education Student Teaching - *You may take up to 12.0 credit hours* 1.0v

ARTED496R Art Education Internship - Art Education Internship - *You may take up to 12.0 credit hours* 12.0

*Student teachers/interns are required to complete the PPAT assessment, administered by Educational Testing Services as a licensure requirement.*

*Complete four courses from any of the following upper-division core courses not already taken:*

ARTHC301 Women in Art - Women in Art 3.0

ARTHC304 Greek Art - Greek Art 3.0

ARTHC306 Roman Art - Roman Art 3.0

ARTHC310 Early Christian&Byzantine Art - Early Christian&Byzantine Art 3.0

## 488034 - Graphic Design (BFA) *

## 488035 - Illustration (BFA) *

## Program Information

| Program Title | Degree |
|---|---|
| Graphic Design | BFA |
| **Variable Credit Min** | **Variable Credit Max** |
| 72.5 | 73.5 |

**Major Academic Plan**

MAPS- BFA in Graphic Design 2023-2034.pdf

| Title | Learning Outcome |
|---|---|
| Cultural Change, Context and Audience | Students will be able to recognize design as a catalyst for positive cultural change and consider the importance of context, audience, and history in their work. |
| Design Thinking | Students will be able to create strong, conceptual work which is informed by research, design thinking, and their own personal voice. |
| Effective Communication Through Design | Students will be able to create dynamic visual communications which utilize effective composition, typography, and visual form. |
| Professional Practice | Students will be able to exhibit a professional work ethic, demonstrate the ability to work collaboratively, and present themselves professionally through a well-designed portfolio and effective written and oral communication. |
| Design Impact and Sustainability | Students will be able to choose sustainable methods of working that anticipate the economic, environmental, ethical, moral, spiritual, and cross-cultural impact of their design. |
| Design Across Media Types | Students will be able to create design solutions across three-dimensional and two-dimensional media, including print, interaction, and motion. |

| | |
|---|---|
| Title<br>Medium Proficiency | Learning Outcome<br>Students will be able to demonstrate proficiency in at least one of the illustration mediums studied including oil acrylics gouache or digital. |

| | |
|---|---|
| Title<br>Symbolic Image Development and Analysis | Learning Outcome<br>Students will be able to analyze and develop visual images based on conceptual (symbolic) illustration solutions. |

Free Form Requirements
MAP - BFA in Illustration 8.23.2022

*The Illustration BFA program is a limited enrollment program requiring department admissions approval. Interested students should declare their pre-major intent, complete DESIL101 and submit an online portfolio of their work to obtain pre-BFA status. Pre-BFA status application deadlines are at the end of Fall semester, Winter semester, and Spring term. Successful applicants will go on to complete foundational courses before applying for admissions to the Illustration BFA major.*

*Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.*

**Requirement 1 —Complete 1 Course**

*Prerequisite Course:*

DESIL101 Drawing & Composition - Drawing & Composition 3.0

*Apply for pre-BFA status via portfolio review.*

**Requirement 2 —Complete 3 Courses**

*Foundational Courses:*

DES150 Intro to Life Drawing - Intro to Life Drawing 3.0

DESIL130 Illustration Fundamentals - Illustration Fundamentals 3.0

DESIL140 Intro to Digital Illustration - Intro to Digital Illustration 2.0

*Apply to the Illustration BFA program.*

**Requirement 3 —Complete 9 Courses**

*After admission to the major, complete the following:*

DES280 Motion Concepts - Motion Concepts 3.0

DESGD243 Typography 1 - Typography 1 3.0

DESIL230 Painting Fundamentals - Painting Fundamentals 3.0

DESIL240 Intermed. Digital Illustration - Intermed. Digital Illustration 3.0

DESIL250 Intermediate Life Drawing - Intermediate Life Drawing 3.0

DESIL263 Narrative Illustration - Narrative Illustration 3.0

DESIL488 Prof Practices for Illustrator - Prof Practices for Illustrator 2.0

DESIL490 ILL Capstone Project: Research - ILL Capstone Project: Research 2.0

DESIL497 Capstone Project: Implem. - Capstone Project: Implem. 2.0

**Requirement 7 —Complete 12 hours**

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

ART328R Figure Drawing and Painting - Figure Drawing and Painting - *You may take once* 3.0

ART356R Figure Sculpture - Figure Sculpture - *You may take once* 3.0

CSANM340 Game Design - Game Design 2.0

DES394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 3.0

DES383 Analog Motion - Analog Motion 3.0

DES480 3D Motion - 3D Motion 3.0

DES496R Academic Internship - Academic Internship - *You may take up to 6.0 credit hours* 6.0v

DESAN260 Basic Storyboarding - Basic Storyboarding 3.0

DESGD245 Design 2 - Design 2 3.0

DESIL340 3D Digital Illustration - 3D Digital Illustration 3.0

DESIL357 Sketchbook - Sketchbook 3.0

DESIL358 Character Design - Character Design 3.0

DESIL394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 3.0

DESIL450 Painting the Human Head - Painting the Human Head 3.0

DESIL457R Concept Design - Concept Design - *You may take up to 3.0 credit hours* 1.5

DESIL498R Directed Studies in Illustratn - Directed Studies in

Illustratn - *You may take once* 1.0v

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

MKTG201 Marketing Management - Marketing Management 3.0

STDEV317 Job Search Strategies - Career Strategies 2.0

## 488038 - Photo- & Lens- Based Design (BFA) *

### Program Information

| Program Title | Degree |
|---|---|
| Photo- & Lens- Based Design | BFA |
| **Variable Credit Min** | **Variable Credit Max** |
| 71 | 72 |

**Major Academic Plan**

MAPS - BFA in Photo- & Lens-Based Design 2023-20234.pdf

| Title | Learning Outcome |
|---|---|
| Professional Development and Career Preparation | Students will be able to understand and apply professional photography business practices including finding career opportunities marketing pricing ethics and preparing for graduate school. |
| Photographic History, Theory and Trends | Students will be able to understand photographic history and contemporary art theory, including trends and movements in both silver and non-silver processes and moving imagery. |
| Technical Expertise | Students will be able to demonstrate expertise with lighting and other techniques in the still and video imaging areas. Students will be able to problem solve for clients and exhibit personal expression with both traditional digital and moving imaging methods with the goal of communicating meaning through two dimensional design composition and content. |
| Commitment to the Church and BYU Aims | Students will be able to produce works consistent with the Church and the aims of BYU. |
| | Students will be able to develop |

## 488040 - Animation (BFA) *

### Program Information

| Program Title | Degree |
|---|---|
| Animation | BFA |
| **Variable Credit Min** | **Variable Credit Max** |
| 65 | 65 |

**Major Academic Plan**

MAP - BFA in Animation 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Artistic Development and Proficiency | Animation graduates will be able to implement fundamental design narrative and animation skills and will demonstrate proficiency in at least one of these areas. |
| Technological Development and Proficiency | Animation graduates will be able to apply problem-solving abilities in the technical processes of modeling lighting rigging animation and special effects and will demonstrate proficiency in at least one of these areas. |
| Collaboration and Professionalism | Animation graduates will be able to engage in the collaborative production processes of animation and exhibit professional behavior while creating interdisciplinary creative works. |
| Spirituality | Ethics and Animation Animation graduates will be able to critically examine spiritual values and ethical issues relevant to their respective experiences in the entertainment industry. |
| | Animation graduates will be able to implement ideas and principles from the history of |

| Title | |
|---|---|
| Ideation | Students will be able to develop and visually communicate poignant ideas concepts and independent thought. |

**Free Form Requirements**
MAP - BFA in Photo- and Lens- Based Design 8.23.2022

*The Photo- & Lens- Based Design BFA program is a limited enrollment program requiring department admissions approval. Interested students should declare their pre-major intent, complete DESPH 116 and submit an online portfolio of their work. Pre-major application deadlines are at the end of Fall semester, Winter semester, and Spring term.*

*Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.*

**Requirement 1 —Complete 1 Course**

*Prerequisite Course:*

DESPH116 Introduction to Photography - Introduction to Photography 3.0

*Apply for pre-BFA status via portfolio review.*

**Requirement 2 —Complete 2 Courses**

*Foundational Courses:*

DESPH120 Concept. Pract & Creative Expl - Intro to Digital Imaging 3.0

DESPH260 Filmmaking 01 - Moving Image 1 3.0

*Apply to the Photo- & Lens- Based Design BFA program via portfolio review.*

**Requirement 3 —Complete 12 Courses**

*After admission to the major, complete the following:*

DES280 Motion Concepts - Motion Concepts 3.0

DES480 3D Motion - 3D Motion 3.0

DESPH240 Lighting 1 - Lighting 1 3.0

DESPH250 Lighting 2 - Lighting 2 3.0

DESPH270 Intro to B/W Photography - Intro to B/W Photography 3.0

DESPH273 Digital Imaging & Compositing - Photographic Language 3.0

DESPH276 Visual Storytelling - Visual Storytelling 3.0

DESPH360 Filmmaking 02 - Moving Image 2 3.0

DESPH377R Alt Photo Processes - Alt Photo Processes - *You may take once* 3.0

DESPH378 Junior Portfolio - Junior Portfolio 3.0

DESPH475 Location Photography - Location Photography 3.0

DESPH488 Prof Practices for Photogrphrs - Prof Practices for Photogrphrs 2.0

**Requirement 4 —Complete the following course twice**

DES111R Design Lecture Series - Design Lecture Series 0.5

**Requirement 5 —Complete 4 Courses**

| Title | |
|---|---|
| History and Critical Thinking | animation and art in general by identifying the meaning and purpose of major works and movements within the context of their own projects. |

**Free Form Requirements**
MAP - BFA in Animation 8.15.2022

*The Animation BFA program is a limited enrollment program requiring departmental admissions approval. Interested students should declare pre-major intent and complete DESAN 101. Based upon review of work completed in DESAN 101, students will be promoted to pre-BFA Animation status. Successful applicants will go on to complete the foundational courses before applying for admissions to the Animation BFA major through a portfolio review in June.*

*Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.*

**Requirement 1 — Complete 1 Course**

*Prerequisite courses:*

DESAN101 Intro to Drawing for Pre-Anim - Intro to Drawing for Pre-Anim 1.0

*Apply for pre-BFA status via portfolio review.*

**Requirement 2 — Complete 3 Courses**

*Foundational courses:*

CSANM150 Intro to 3D Graphics - Intro to 3D Graphics 1.5

DESAN102 Drawing Fundamentals- Drawing Fundamentals 3.0

DESAN162 Intro to 2D Animation Skills - Intro to 2D Animation Skills 1.5

*Apply to the Animation BFA program.*

**Requirement 3 — Complete 8 Courses**

*After admission to the major, complete the following:*

CSANM210 Visual Narrative - Visual Narrative 3.0

CSANM250 Interm 3D Computer Graphics - Interm 3D Computer Graphics 2.0

CSANM258 Scripting for Animation - Scripting for Animation 3.0

DESAN250R Gesture Drawing - Gesture Drawing - *You may take once* 3.0

DESAN262 Beginning Char Anim - Beginning Char Anim 3.0

DESAN363R Experimental Anim & Prod. - Experimental Animation and Production - *You may take once* 1.5

DESAN460 Business & Ethics in Animation - Business & Ethics in Animation 2.0

TMA102 Introduction to Film - Introduction to Film 3.0

**Requirement 4 — Complete 1 of 2 Courses**

CSANM252 Intro 3D Animation - Technical Animation 3.0

DESAN275 Technical Drawing - Technical Drawing 3.0

**Requirement 5 — Complete 1 of 4 Courses**

| **Variable Credit Min** | **Variable Credit Max** |
| 55.5 | 57.5 |

**Major Academic Plan**

MAP - BA in Interdisciplinary Design 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Communication Through Design | Students will be able to understand the basic principles of design, including composition, color and visual form. |

## 488050 - Art: Arts Administration (BA)

### Program Information

| Program Title | Degree |
|---|---|
| Arts Administration | BA |

| Title | Learning Outcome |
|---|---|
| Visual Arts History, Concepts and Processes | Students will demonstrate a comprehension of fundamental concepts, processes, history and criticism of visual arts |

| Title | Learning Outcome |
|---|---|
| | Students will develop a personal sensitivity to the aesthetics of |

| Title | Learning Outcome |
|---|---|
| Visual Culture | Students will be able to identify international design artifacts throughout history and recognize their influence on contemporary visual culture. |

| Title | Learning Outcome |
|---|---|
| Career Survey | Students will be able to survey the potential career paths within their chosen emphasis and identify the current challenges in the fields. |

| Title | Learning Outcome |
|---|---|
| Technical Skill Development | Students will be able to demonstrate the basic skills of their chosen emphasis, including representational drawing, principles of motion, photography, and graphic design. |

**Free Form Requirements**

*The Interdisciplinary Design BA program is a limited enrollment program requiring departmental admissions approval. Interested students should declare their pre-major intent, complete either DESGD 145, DESIL 101 or DESPH 116 and submit an online portfolio of work to obtain pre-BA status. Pre-major application deadlines are at the end of Fall semester, Winter semester, and Spring term.*

*Only students granted pre-BA status are to complete the foundational courses and then may apply for the BA program through a portfolio review in June. Accepted major students will be assigned a faculty advisor who will assist in completing a program plan, approve hybrid track and provide information about post-graduate preparation.*

**Requirement 1 — Complete 1 of 4 Options (based on your hybrid track):**

*Prerequisite course:*

**Option 1.1 — Complete 1 of 2 Courses**

*Illustration + Graphic Design*

DESGD145 Design 1 - Design 1 3.0

DESIL101 Drawing & Composition - Drawing & Composition 3.0

**Option 1.2 — Complete 1 Course**

*Graphic Design + Illustration*

DESGD145 Design 1 - Design 1 3.0

**Option 1.3 — Complete 1 Course**

*Photo- and Lens-based Design + Graphic Design*

DESPH116 Introduction to Photography - Introduction to Photography 3.0

**Option 1.4 — Complete 1 Course**

*Graphic Design + Photo- and Lens-based Design*

| Aesthetic Development | visual art. |
|---|---|

| Title | Learning Outcome |
|---|---|
| Spirituality, Ethics and the Visual Arts | Students will critically examine spiritual values and ethical issues relevant to art. |

| Title | Learning Outcome |
|---|---|
| Career Development | Students will demonstrate an awareness of and preparation for traditional and interdisciplinary career opportunities. |

| Title | Learning Outcome |
|---|---|
| Skill Development | Students will demonstrate competency in traditional, experimental and/or cross-disciplinary approaches to art making. |

## 552003 - Chinese Teaching (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Chinese Teaching | MIN |
| Variable Credit Min | Variable Credit Max |
| 27 | 43 |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

*Complete the following prerequisite courses: Chin 101, 102, 201, 202. (May be waived for students with previous language experience.)*

**Requirement 1 — Complete 5 Courses**

CHIN301 Advanced Mandarin - Advanced Mandarin 4.0

CHIN302 Advanced Mandarin - Advanced Mandarin 4.0

CHIN326 Intro to Chinese Linguistics - Intro to Chinese Linguistics 3.0

CHIN345R Chinese Culture - Chinese Culture - *You may take once* 3.0

CHIN377 Chin Lang Tchg Procedures - Chin Lang Tchg Procedures 3.0

**Requirement 2 — Complete 1 of 2 Courses**

CHIN321 Selected Rdgs of Modern Chin - Selected Rdgs of Modern Chin 3.0

CHIN322 Selected Rdgs of Modern Chin - Selected Rdgs of Modern Chin 3.0

**Requirement 3 — Complete 1 of 2 Courses**

CHIN443 Modern Chinese Literature - Modern Chinese Literature 3.0

CHIN444 Contemporary Chinese Liter - Contemporary Chinese Liter 3.0

**Requirement 4 — Complete 1 Course**

CHIN477R Sec Minor Student Teaching - Sec Minor Student Teaching - *You may take once* 4.0

**Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:**

CHIN442 Classical & Literary Chinese - Classical & Literary Chinese 3.0

CHIN443 Modern Chinese Literature - Modern Chinese Literature 3.0

CHIN444 Contemporary Chinese Liter - Contemporary Chinese Liter 3.0

(Direct Measures 5 and 6 and Indirect Measure 2) |

**Free Form Requirements**

*It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.*

**Requirement 1 — Complete 1 Course**

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

**Recommended Courses are not required to complete the program**

*Complete the following prerequisite courses: Chin 101, 102, 201. (May be waived for students with previous language experience.)*

CHIN101 Beginning Mandarin - Beginning Mandarin 4.0

CHIN102 Beginning Mandarin - Beginning Mandarin 4.0

CHIN201 Intermediate Mandarin - Intermediate Mandarin 4.0

**Requirement 2 — Complete 7 Courses**

CHIN202 Intermediate Mandarin - Intermediate Mandarin 4.0

CHIN301 Advanced Mandarin - Advanced Mandarin 4.0

*count in this section.*

*-- Students who choose Danish, Norwegian, or Swedish courses from the first section above may substitute two semesters of Finnish.*

## 553204 - English Teaching (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| English Teaching | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 34 | 34 |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. For questions about these requirements, contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

**Requirement 1 — Complete 1 Course**

*Prerequisite course:*

ENGL203 Ways of Reading - Ways of Reading 3.0

**Requirement 2 — Complete 8 Courses**

ENGL232 Shakespeare - Shakespeare 3.0

ENGL292 British Literary History 2 - British Literary History 2 3.0

ENGL293 American Literary History - American Literary History 3.0

ENGL329 Tchg Grammar & Usage - Tchg Grammar & Usage 3.0

ENGL377 Tchg English in Secndry Schls - Tchg English in Secndry Schls 3.0

ENGL378 Teaching Literature & Reading - Teaching Literature & Reading 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

ENGL423 Tchg Composition in Sec Schl - Tchg Composition in Sec Schl 3.0

**Requirement 3 — Complete 1 of 3 Courses**

*ENGL 337R topic must be Short Story, Studies in Non‐fiction, or Studies in Poetry.*

## 553205 - Professional Writing and Communication (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Professional Writing and Communication | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 18 | 18 |

| Title | Learning Outcome |
|---|---|
| Composing and Presentational Skills in a Wide Variety of Publications | Students will apply effective communication and interpretation skills in a wide variety of genres using multiple modes of discourse to influence a variety of audiences. |

| Title | Learning Outcome |

**Program Title**
English Teaching

**Degree**
BA

**Variable Credit Min**
76

**Variable Credit Max**
76

**Major Academic Plan**
MAPS - BA in English Teaching 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Competency in English Language and Literature | English teaching majors are required to meet all program and course outcomes for the English BA, and they demonstrate their disciplinary competency by taking one of the national standardized Praxis exams: "English Language Arts: Content and Analysis" or "English Language Arts: Content Knowledge." |

| Title | Learning Outcome |
|---|---|
| Instructional Design and Reflection for Improvement | English Teaching graduates will be able to design and implement several weeks of instruction, write complete lesson plans for delivering that instruction, and reflect in writing on the effectiveness of their plans and delivered instruction. These plans will reflect sound pedagogical understanding (including strong objectives, appropriate measures of learning, and learning activities that are meaningful and adapted to the needs of diverse students). |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. For questions about these requirements, contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see*

## 553228 - General Studies: English (BGS)

### Program Information

**Program Title**
General Studies: English (BGS)

**Degree**
BGS

**Variable Credit Min**
33

**Variable Credit Max**
33

**Major Academic Plan**
MAPS - BGS in General Studies - English 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| BGS Learning Outcomes - Aims of a BYU Education | Reflect on and describe how their coursework in the BGS program has contributed to the aims of a BYU education: - Spiritually strengthening - Character building - Intellectually enlarging - Preparing for lifelong learning and service. |

| Title | Learning Outcome |
|---|---|
| Interpretive and Communicative Skills | English BGS graduates will develop and demonstrate critical reading strategies professional writing expertise and sophisticated analytical skills. |

| Title | Learning Outcome |
|---|---|
| Interpretive and Communicative Ethics | English graduates will embrace literature as a source of wisdom spiritual insight and aesthetic pleasure; as a medium for encountering and reflecting upon the diversity of human experience; and as a guide for building relationships and discerning value. |

| Title | Learning Outcome |
|---|---|
| Interpretive and Communicative Contexts | English graduates will explore the development of literary traditions and genres as well as become familiar with the critical methodologies and scholarly conversations in the discipline; they will engage with these contexts in their written oral and visual work. |

*Students must earn a minimum 2.0 BYU grade point average, a minimum 2.0 cumulative grade point average, and a minimum 2.0 emphasis grade point average.*

*The program must be completed in eight years or less.*

*All emphasis courses taken after admission to BGS must be BYU courses.*

**Requirement 1 —Complete 1 Course**

*Prerequisite course (must be completed before taking any other courses, includes preparing academic plan which must be approved before proceeding):*

STDEV100 Essential College Skills - Essential College Skills 1.0

**Requirement 2 —Complete 3 Requirements**

*Core courses:*

**Requirement 2.1 —Complete 1 Course**

ENGL230 Studies in Literature - Studies in Literature 3.0

**Requirement 2.2 —Complete 2 of 3 Courses**

ENGL291 British Literary History 1 - British Literary History 1 3.0

ENGL292 British Literary History 2 - British Literary History 2 3.0

ENGL293 American Literary History - American Literary History 3.0

**Requirement 2.3 —Complete 1 of 2 Courses**

WRTG312 Persuasive Writing - Persuasive Writing 3.0

WRTG316 Technical Communication - Technical Communication 3.0

**Requirement 3 —Complete 15 hours**

*Elective courses:*

**Option 3.1 —Complete up to 15 hours**

*BYU 300- and 400-level campus courses (including Salt Lake Center classes) in English may also be used to fill emphasis electives. Only one additional general education Advanced Written and Oral Communication course (Engl 311, 312, 313, 314, 315, or 316) may be used to satisfy emphasis requirements.*

ELANG 322 - Modern American Usage 3.0

ENGL218 Creative Writing - Creative Writing 3.0

ENGL317R Writing Creative Nonfiction - Writing Creative Nonfiction - *You may take once* 3.0

ENGL319R Writing Poetry - Writing Poetry - *You may take once* 3.0

ENGL320R Writing for Child & Adolescent - Writing for Child & Adolescent - *You may take once* 3.0

ENGL384R Author Studies - Author Studies - *You may take once* 3.0

ENGL386R British Literature before 1800 - British Literature before 1800 - *You may take once* 3.0

ENGL389R American Literature after 1800 - American Literature after 1800 - *You may take once* 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

**Option 3.2 —Complete up to 15 hours**

Study List Classes

ENGL345 Literature & Film - Literature & Film 3.0

ENGL356 Myth, Legend, & Folktale - Myth, Legend, & Folktale 3.0

**Requirement 5 —Complete 3 hours**

*Complete 3.0 hours from the following electives. Courses used to fill a previous requirement may not double count for this requirement.*

ELING322 Modern American Usage - Modern American Usage 3.0

ELING324 Hist of the English Language - Hist of the English Language 3.0

ELING325 Grammar of English - Grammar of English 3.0

ELING350 Basic Editing Skills - Basic Editing Skills 3.0

ELING410R Genre & Substantive Editing - Genre & Substantive Editing - *You may take once* 3.0

ELING430R Editing for Publication - Editing for Publication - *You may take once* 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ENGL218 Creative Writing - Creative Writing 3.0

ENGL300R Brit Liter in Cultural Setting - Brit Liter in Cultural Setting - *You may take once* 0.5v

ENGL302 Writing with Style - Writing with Style 3.0

ENGL306 Travel Writing - Travel Writing 3.0

ENGL317R Writing Creative Nonfiction - Writing Creative Nonfiction - *You may take once* 3.0

ENGL318R Writing Fiction - Writing Fiction - *You may take once* 3.0

ENGL319R Writing Poetry - Writing Poetry - *You may take once* 3.0

ENGL320R Writing for Child & Adolescent - Writing for Child & Adolescent - *You may take once* 3.0

ENGL322 Rhetorical Foundations - Rhetorical Foundations 3.0

ENGL323 Professional Writing - Professional Writing 3.0

ENGL325 Visual Communication - Visual Communication 3.0

ENGL326 Digital Communication - Digital Communication 3.0

ENGL327R Studies in Rhetoric - Studies in Rhetoric - *You may take once* 3.0

ENGL328R Studies in Composing - Studies in Composing - *You may take once* 3.0

ENGL331R Media and Pop Lit before 1800 - Media and Pop Lit before 1800 - *You may take once* 3.0

ENGL332R Media and Pop Lit after 1800 - Media and Pop Lit after 1800 - *You may take once* 3.0

ENGL335 Professional Speaking - Professional Speaking 3.0

ENGL337R Studies in Lit Form and Genre - Studies in Lit Form and Genre - *You may take once* 3.0

ENGL338 Literary Studies of the Bible - Literary Studies of the Bible 3.0

ENGL340 Book and Publishing History - Book and Publishing History 3.0

Study List Classes -

**Requirement 4 —Complete 1 Course**

*Complete the following as the last course in the emphasis:*

ENGL495 Senior Capstone - Senior Capstone 3.0

**Requirement 5 —Complete 1 Course**

*Complete a capstone experience (last course to be completed):*

STDEV490 BGS Capstone - BGS Capstone 2.0

ENGL344R Digital and Visual Literacies - Digital and Visual Literacies - *You may take once* 3.0

ENGL345 Literature & Film - Literature & Film 3.0

ENGL355 Classics & the Engl Tradition - Classics & the Engl Tradition 3.0

ENGL356 Myth, Legend, & Folktale - Myth, Legend, & Folktale 3.0

ITAL495R Senior Seminar - Senior Seminar - *You may take 2 times* 3.0

MSB596R Business Italian - Business Italian - *You may take once* 3.0

| Title | |
|---|---|
| Portable Competencies | information communicate effectively and navigate cultural difference. They can articulate the value of their humanities degree and the relationship between their academic experience and personal and professional goals.This results from coursework but also from experiential learning such as study abroad and internships. |

**Free Form Requirements**

*The French and Italian Department requires a minimum of 21 major hours to be taken in residence at BYU for this degree program. These hours may also count toward BYU's 30-hour residency requirement for graduation.*

*The French BA starts with FREN 321. As needed, students may take some or all of the following: FREN 101, 102, 201, 202. Students with prior experience in French can contact the French undergraduate adviser to select the appropriate beginning course. Native speakers and returned missionaries typically enroll in FREN 321; FREN 201 or 202 may be appropriate for those with less language experience.*

*We recommend students participate in significant French-language experiential learning during their major. This could take the form of a mission, Study Abroad program, internships, and/or a semester in the Language Immersion Student Residence (or LISR).*

**Requirement 1 —Complete 4 Courses**

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

FREN322 Advanced French Part 2 - Advanced French Part 2 3.0

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

| Title<br>Language and Linguistics | |

**Free Form Requirements**

*This major is designed to prepare students to teach in public schools. To graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://education.byu.edu/advisement/licensure or contact Education Student Services, 350 MCKB, 801-422-3426.*

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*Students may declare a French Teaching pre-major by contacting the Liberal Arts Advisement Center (JFSB 1041) at 801-422-3541. The first course will be FLANG 276: Exploration of Teaching Foreign Languages (offered on the first block during Fall and Winter semesters), at the end of which students apply for the French Teaching major through Educator Plus (application procedures are explained during FLANG 276).*

*Grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements at https://epp.byu.edu/*

*A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides. See https://education.byu.edu/advisement/majors_and_minors.*

*Complete the following prerequisite courses: FREN 101, 102, 201, 202. (May be waived with previous equivalent language experience.)*

**Requirement 1 — Complete 7 Courses**

*Note: Fren 378 must be taken the semester immediately before student teaching. FREN 378 and FREN 379 must be taken concurrently.*

semester in which the last Italian course is taken. The rating will be recorded on the student's transcript. The desired minimum OPI rating is "advanced."

**Major Academic Plan**

MAPS - BA in Italian Studies 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Language Ability | Successful students will demonstrate proficiency in speaking and writing Italian at the Intermediate High level as defined by the ACTFL Proficiency Guidelines and ratings. |

| Title | Learning Outcome |
|---|---|
| | Students will analyze the literature language and culture of Italy drawing upon their ability to locate and consult relevant primary critical and |

| | |
|---|---|
| Research | sources. |

| | |
|---|---|
| Title<br>Critical Thinking | Learning Outcome<br>Demonstrate the ability to critically evaluate literary cultural and linguistic problems from the French-speaking world and to discuss them in clear written and oral expression. |

| | |
|---|---|
| Title<br>Portable Competencies | Learning Outcome<br>Graduates in French are able to synthesize and interpret information communicate effectively and navigate cultural difference. They can articulate the value of their humanities degree and the relationship between their academic experience and personal and professional goals.This results from coursework but also from experiential learning such as study abroad and internships. |

**Free Form Requirements**

*Students must complete the requirements for a primary major in another field.*

*The French and Italian Department requires a minimum of 21 major hours to be taken in residence at BYU for this degree program. These hours may also count toward BYU's 30-hour residency requirement for graduation.*

*The French Studies BA starts with FREN 321. As needed, students may take some or all of the following: FREN 101, 102, 201, 202. Students with prior experience in French can contact the French undergraduate adviser to select the appropriate beginning course. Native speakers and returned missionaries typically enroll in FREN 321; FREN 201 or FREN 202 may be appropriate for those with less language experience.*

*We recommend students participate in significant French-language experiential learning during the course of their major. This could take the form of a mission, Study Abroad program, internships, and/or a semester in the Language Immersion  Student Residence (or LISR).*

*We recommend students take HCOLL 310: Humanities in Professional Life (1.0) during their senior year, preferably the same semester as FREN 495: Senior Portfolio Capstone. HCOLL 310 helps humanities graduates articulate how their degree has trained them to communicate effectively, gather and synthesize information, interpret complex texts, and navigate different cultures.*

**Requirement 1 —Complete 4 Courses**

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

FREN322 Advanced French Part 2 - Advanced French Part 2 3.0

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

FREN340 Intro to Literary Analysis - Intro to Literary Analysis 3.0

**Requirement 2 —Complete 2 of 3 Courses**

| | |
|---|---|
| Research | theoretical sources. |

| | |
|---|---|
| Title<br>Critical Thinking | Learning Outcome<br>Based on their chosen interdisciplinary curriculum successful students will demonstrate the ability to articulate and defend in speech and writing clear and orderly thought on Italian literary and cultural topics. |

**Free Form Requirements**

*Students must complete the requirements for a primary major in another field.*

*The French and Italian Department requires a minimum of 15 major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.*

*HCOLL 110 and/or STDEV 317 are recommended.*

*Complete the following prerequisite courses: ITAL 101, 102, 201, 202. (May be waived with previous equivalent language experience.)*

**Requirement 1 —Complete 3 Courses**

*Core requirements:*

ITAL321 Advanced Language Part 1 - Advanced Language Part 1 3.0

ITAL322 Advanced Language Part 2 - Advanced Language Part 2 3.0

ITAL340 Intro to Italian Literature - Intro to Italian Literature 3.0

**Requirement 2 —Complete 21 hours**

*Complete 21 hours of upper-division (300-level and above) electives from the following. Note: Up to 12 credit hours from related departments may be counted upon departmental approval.*

ITAL317 French & Italian Cinema - French & Italian Cinema 3.0

| 3. Writing Academic Essays | Produce academic writing and other presentations that are characterized by critical thinking coherent development and thoughtful analysis. |

| Title | Learning Outcome |
| --- | --- |
| 4. Lifelong Learning | Articulate how their education as Russian majors including their study of ethical and aesthetic issues makes their academic experiences relevant to personal and professional goals. |

**Free Form Requirements**

*- It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.* HColl 310, a 1-credit hour course, is also recommended at the end of the junior or beginning of the senior year. This course helps students frame their humanities experience as professional preparation. Students will learn how to translate the unique value of their degree as they pursue a variety of professional paths.

*- Important Note for Returned Russian-Speaking Missionaries: (1) Register for third-year Russian classes. Russ 330 is recommended. (2) Russ 202 will be waived as a requirement for Russian majors and should not be taken except when remedial work is necessary and permission is obtained from the section leaders. (3) Credit for Russ 101, 102, 201, and 211 is available through a test given as part of Russ 330. (4) Returned missionaries must complete Russ 330 and talk with the Russian section head before declaring a major.*

*RECOMMENDED complete 4 courses*

*Complete the following prerequisite courses: Russ 101, 102, 201, 202*

*RUSS 101 - First-Year Russian, Part 1 5.0 RUSS 102 - First-Year Russian, Part 2 5.0 RUSS 201 - Second-Year Russian, Part 1 5.0 RUSS 202 - Second-Year Russian, Part 2 5.0*

**Requirement 1 — Complete 5 Courses**

*Language courses:*

RUSS321 3rd Yr Russian, Part 1 - 3rd Yr Russian, Part 1 3.0

RUSS322 3rd Yr Russian, Part 2 - 3rd Yr Russian, Part 2 3.0

RUSS323 Phonology & Morphology - Phonology & Morphology 3.0

RUSS421 4th Yr Russian, Part 1 - 4th Yr Russian, Part 1 3.0

RUSS422 4th-Year Russian, Part 2 - 4th-Year Russian, Part 2 3.0

**Requirement 2 — Complete 5 Courses**

*Literature and culture courses:*

RUSS330 Cultural History of Russia - Cultural History of Russia 3.0

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*- For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

*- Declare the major at the Liberal Arts Advisement Center and contact the German Teaching major advisor for advising.*

*- Complete the following prerequisite courses: GERM 101, 102, 201, 202. Some or all may be waived based on placement exam or challenge exam. See german.byu.edu for more information or contact the department.*

**Requirement 1 —Complete 2 hours**

GERM378 Practicum in Teaching German - Practicum in Teaching German 1.0

**Requirement 3 —Complete 13 hours**

*Complete 13 additional hours of courses numbered 217 or higher.*

GERM217 German & Scandinavian Cinema - German & Scandinavian Cinema 3.0

GERM250 Marx, Nietzsche, Freud - Marx, Nietzsche, Freud 3.0

GERM300R 3rd Yr Proficiency Tutorial - 3rd Yr Proficiency Tutorial - *You may take once* 1.0v

GERM340 Writing About Literature - Writing About Literature 3.0

GERM345R Field Studies in German - Field Studies in German - *You may take once* 1.0v

GERM346 German Art and Architecture - German Art and Architecture

RUSS340 Russian Novel in English - Russian Novel in English 3.0

RUSS441 Russian Literature 1 - Russian Literature 1 3.0

RUSS442 Russian Literature 2 - Russian Literature 2 3.0

RUSS492R Senior Seminar - Senior Seminar - *You may take once* 2.0

**Requirement 3 — Complete 1 of 4 Courses**

*Electives:*

RUSS341 Dostoevsky - Dostoevsky 3.0

RUSS342 Tolstoy - Tolstoy 3.0

RUSS343 Masterpieces of Russian Film - Masterpieces of Russian Film 3.0

RUSS344 Russian Arts & Letters - Russian Arts & Letters 3.0

**Requirement 4 — Complete 1 of 2 Courses**

*Complete one professionalizing course or an equivalent course. Contact the department internship coordinator for more information. A second major or substantial minor may be substituted for this course in certain circumstances.*

RUSS199R Academic Internship - Academic Internship - *You may take once* 0.5v

RUSS399R Academic Internship - Academic Internship - *You may take once* 0.5v

*Contact the department internship coordinator for more information.*

*NOTE: Students are strongly encouraged to participate in a related Russian language/cultural immersion experience, such as living at the Language Immersion Student Residence and/or participating in a Study Abroad program after RUSS 202.*

3.0

GERM399R Academic Internship - Academic Internship - *You may take once* 0.5v

GERM412R German Proficiency Workshop 2 - German Proficiency Workshop 2 - *You may take once* 1.0v

GERM440R Topics in German Literature - Topics in German Literature - *You may take once* 3.0

GERM450 Hist of the German Language - Hist of the German Language 3.0

GERM460 Structure of Modern German - Structure of Modern German 3.0

GERM470R Topics in German Linguistics - Topics in German Linguistics - *You may take once* 3.0

GERM497R Sr Sem in German Language - Sr Sem in German Language - *You may take once* 3.0

**Requirement 4 —Complete 1 Course**

*Complete the following courses (not offered spring or summer) during one of last two semesters before graduation. The courses must be taken concurrently. Germ 400R prepares students for proficiency exams. Germ 401 posts the Teacher Work Sample grade to the transcript. Completion of Germ 400R two semesters before student teaching is recommended.*

GERM400R 4th-Yr Proficiency Tutorial - 4th-Yr Proficiency Tutorial - *You may take once* 1.0

*Complete the Teacher Work Sample, during student teaching, which serves as the required capstone paper.*

*Complete the ETS Praxis test for German prior to applying for graduation and certification. Contact Education Student Services in 120 MCKB to sign up for the test.*

*Professional Education Component:*

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

All candidates for teacher licensure are required to be fingerprinted and pass an FBI background check prior to enrolling in FLANG 276. Go to 350 MCKB for fingerprinting and an FBI background check. Allow 2-3 weeks for processing. Fingerprint clearance is valid for three years only. If clearance expires prior to student teaching, candidates must repeat the fingerprint clearance and fee process. Failing to expunge or clear up a police record of any kind prior to the background check may result in a blocked registration while a review board investigates the charges. Candidates who do not pass an FBI background check will be removed from the teacher education licensure program.

**Requirement 5 —Complete 7 Courses**

*Note: FBI fingerprint and background clearance must be completed before enrollment in FLANG 276. Note: FLANG 276 is the prerequisite for CPSE 402, IP&T 286, SC ED 353, and SC ED 375.*

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

FLANG276 Exploration-Tchg Foreign Lang - Exploration-Tchg Foreign Lang 4.0

IP&T371 Integrating K-12 Ed Tec 1 - Integrating K-12 Ed Tec 1 1.0

IP&T372 Integrating K-12 Ed Tec 2 - Integrating K-12 Ed Tec 2 1.0

IP&T373 Tching K-12 Online/Blended Lrn - Tching K-12 Online/Blended Lrn 1.0

SC ED353 Multi Cult Ed for Sc Ed - Multi Cult Ed for Sc Ed 3.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

**Requirement 6 —Complete 12 hours**

GERM476 Secondary Student Teaching - Secondary Student Teaching - *You may take up to 12.0 credit hours* 12.0

*Complete an ACTFL Oral Proficiency Interview and receive a minimum rating of Advanced-Low before applying to student teach. Contact the Center for Language Studies (3086 JFSB) to schedule your interview. This requirement may also be satisfied during Germ 400R.*

## 554059 - German (BA)

### Program Information

| Program Title | Degree |
|---|---|
| German | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 33 | 49 |

| Title | Learning Outcome |
|---|---|
| Language Proficiency | Students will speak, listen, read, and write German at the ACTFL Advanced Low level or higher. |

| Title | Learning Outcome |
|---|---|
| Cultural Literacy and Linguistics | Students will demonstrate a broad knowledge, comprehension, and appreciation of the culture, literature, linguistics, and history of German-speaking countries. |

| Title | Learning Outcome |
|---|---|
| Critical Engagement | Students will communicate effectively in speech and writing about topics related to the culture, literature, and linguistics of German-speaking countries. Their presentations and writing will demonstrate critical thinking, coherent development and organization of ideas, thoughtful analysis, and the ability to connect their ideas to those of relevant scholars and thinkers. |

*Complete the following prerequisite courses: Germ 101, 102, 201, 202. Some or all may be waived based on placement exam or challenge*

## 554205 - Classical Studies (Greek option) (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Classical Studies (Greek option) | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 22 | 22 |

| Title | Learning Outcome |
|---|---|
| Mechanics of the Greek language | With minimal and informed recourse to dictionaries grammars commentaries and other translation aids students will be able to read and comprehend the prose and poetry of Classical Greek authors. Specifically they will be able to read and comprehend the writings of Xenophon Homer Plato Euripides and other Greek authors of comparable difficulty. Students will be able to compose Greek sentences and paragraphs in imitation of the style of Classical Greek masters. |

| Title | Learning Outcome |
|---|---|
| Interpretation and analysis of Greek texts | Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts. |

| | Learning Outcome |
|---|---|
| | Students will demonstrate a broad knowledge and comprehension of the history |

*Some or all may be waived based on placement exam or challenge exam. See german.byu.edu for more information or contact the department.*

**Requirement 1 — Complete 2 hours**

*This credit is usually acquired through a challenge exam, study abroad, an internship, or the German House.*

GERM311R Advanced Conversation - Advanced Conversation 1.0v

**Requirement 2 — Complete 5 Courses**

GERM301 German Cultural History - German Cultural History 3.0

GERM302 Germany 20th Century - Germany 20th Century 3.0

GERM303 Germany Today- Germany Today 3.0

GERM343 Intro to German Lit - Intro to German Lit 3.0

GERM344 Intro to German Linguistics - Intro to German Linguistics 3.0

**Requirement 3 — Complete 6 hours**

*R courses (440R, 470R) may be repeated to fulfill this requirement.*

GERM440R Topics in German Literature - Topics in German Literature 3.0

GERM450 Hist of the German Language - Hist of the German Language 3.0

GERM460 Structure of Modern German - Structure of Modern German 3.0

GERM470R Topics in German Linguistics - Topics in German Linguistics 3.0

**Requirement 4 — Complete 9 hours**

*Additional credits of Germ 440R and 470R can be applied here once Requirement 3 is fulfilled.*

GERM217 German & Scandinavian Cinema - German & Scandinavian Cinema 3.0

GERM250 Marx, Nietzsche, Freud - Marx, Nietzsche, Freud 3.0

GERM340 Writing About Literature - Writing About Literature 3.0

GERM345R Field Studies in German - Field Studies in German 1.0v

GERM346 German Art and Architecture - German Art and Architecture 3.0

GERM399R Academic Internship - Academic Internship 0.5v

GERM440R Topics in German Literature - Topics Lit Film Culture 3.0

GERM441R Topics in German Lit (English) - Topics in German Lit (English) 3.0

GERM450 Hist of the German Language - Hist of the German Language 3.0

GERM460 Structure of Modern German - Structure of Modern German 3.0

GERM470R Topics in German Linguistics- Topics in German Linguistics 3.0

**Requirement 5 —Complete 1 Course**

*The following course prepares students for ACTFL proficiency exams. Complete in last year of program.*

| Title | |
|---|---|
| Understanding and contextualizing ancient Greek culture | comprehension of the history literature philosophy and visual arts of Greece from Mycenaean civilization through the Hellenistic Age. |

**Free Form Requirements**

**Requirement 1 — Complete 16 hours**

GREEK from: 201 to: 499

**Requirement 2 — Complete 6 hours**

CL CV from: 100 to: 499

CLSCS from: 100 to: 499

GREEK from: 100 to: 499

*Note: Greek 411R may be taken only once.*

## 554206 - Classical Studies (Latin option) (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Classical Studies (Latin option) | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 22 | 22 |

| Title | Learning Outcome |
|---|---|
| Mechanics of the Latin language | With minimal and informed recourse to dictionaries grammars commentaries and other translation aids students will be able to read and comprehend the prose and poetry of Classical Latin authors. Specifically they will be able to read and comprehend the writings of Caesar Vergil Cicero Tacitus and other Latin authors of comparable difficulty. Students will be able to compose Latin sentences and paragraphs in imitation of the style of Classical Roman masters. |

| Title | Learning Outcome |
|---|---|
| Interpretation and analysis of Latin texts | Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts. |

| Title | Learning Outcome |
|---|---|
| Understanding and contextualizing the culture of Rome | Students will demonstrate a broad knowledge and comprehension of the history literature philosophy and visual arts of Rome from the Regal Period to the decline of the Empire. |

**Free Form Requirements**

**Requirement 1 — Complete 16 hours**

ICLND429 Old Icelandic Lang &Literature - Old Icelandic Lang &Literature 3.0

ITAL321 Advanced Language Part 1 - Advanced Language Part 1 3.0

*than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.*

*Acquire a thorough knowledge of two language traditions relevant to individual program of study (one of these may be English for students who emphasize the Anglo-American literary tradition) (approximately 16-32 hours). Competence will normally be demonstrated in course work, but an examination may be required. If planning advanced work in comparative literature, students should gain reading knowledge of both an additional modern language and a classical language.*

*Complete a reading list (determined in consultation with a faculty advisor) and submit a writing portfolio. During the final semester enroll in CmLit 497 to complete a written examination on the reading list and to have the portfolio reviewed. CmLit 201 & 202, or 211 & 212, are strongly recommended, in part because the reading list core consists of texts treated in these courses. Students who do not complete a literature-based civilization sequence are at a disadvantage in working systematically through the list.*

*Course configuration must be approved by department advisor.*

**Requirement 1 —Complete 1 Course**

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

**Requirement 2 —Complete 1 Requirement**

**Requirement 2.1 —Complete 3 Courses**

CMLIT310 Intro Comp Lit - Intro Comp Lit 3.0

CMLIT342 Asian Lit Traditns - Asian Lit Traditns 3.0

CMLIT497 Reading List Exam - Reading List Exam 1.0

Note: CmLit 310 and a reading knowledge of at least one foreign language are prerequisite to all upper-division comparative literature courses. In addition, completion of CmLit 342 and three comparative literature 400-level seminars is prerequisite to 497.

*IHum 311: Advanced Writing in Comparative Arts and Humanities is recommended to complete the Advanced Written and Oral Communication GE requirement.*

**Requirement 3 —Complete 1 Requirement**

**Requirement 3.1 —Complete 5 Courses**

CMLIT420R Period Studies - Period Studies - *You may take 5 times* 3.0

CMLIT430R Genre Studies - Genre Studies - *You may take 5 times* 3.0

CMLIT440R Theme Studies - Theme Studies - *You may take 5 times* 3.0

CMLIT450R Literary Relations - Literary Relations - *You may take 5 times* 3.0

CMLIT460R Literary Theory - Literary Theory - *You may take 5 times* 3.0

Note: While variety is recommended, students may take more than one section of the same "R" suffix courses (e.g., two 420Rs, etc.).

**Requirement 4 —Complete 1 of 2 Options**

**Option 4.1 —Complete 1 of 4 Courses**

JAPAN301 Japanese Reading & Culture - Japanese Reading & Culture 4.0

KOREA301 Third-Year Korean 1 - Third-Year Korean 1 4.0

GREEK434 Sophocles & Euripides - Sophocles & Euripides 3.0

JAPAN351 Lit in Tran: 17th-19th Century - Lit in Tran: 17th-19th Century 3.0

SPAN456R Spanish-American Drama - Spanish-American Drama - *You may take once* 3.0

**Requirement 10 — Complete 6 hours**

*Complete six hours of the following capstone course (take twice):*

IHUM490R Seminar in the Humanities - Seminar in the Humanities - *You may take 2 times* 3.0

IHUM490R Seminar in the Humanities - Seminar in the Humanities - *You may take 2 times* 3.0

## 554231 - Latin Teaching (BA)

### Program Information

| Program Title | Degree |
|---|---|
| Latin Teaching | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 66 | 74 |

**Major Academic Plan**

MAPS - BA in Latin Teaching 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Mechanics of the Latin language | With minimal and informed recourse to dictionaries grammars commentaries and other translation aids students will be able to read and comprehend the prose and poetry of Classical Latin authors. Specifically they will be able to read and comprehend the writings of Caesar Vergil Cicero Tacitus and other Latin authors of comparable difficulty. Students will be able to compose Latin sentences and paragraphs in imitation of the style of Classical Roman masters. |

| Title | Learning Outcome |
|---|---|
| Interpretation and analysis of Latin texts | Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts. |

| Title | Learning Outcome |
|---|---|
| Understanding and contextualizing the culture of Rome | Students will demonstrate a broad knowledge and comprehension of the history literature philosophy and visual arts of Rome from the Regal Period to the decline of the Empire. |

| Title | Learning Outcome |
|---|---|
| Teaching | Demonstrate effective Latin teaching. |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the*

## 554245 - Classical Studies: Greek Emphasis (BA)

### Program Information

| Program Title | Degree |
|---|---|
| Classical Studies: Greek Emphasis | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 46 | 46 |

**Major Academic Plan**

MAP - BA in Classical Studies Greek Emphasis 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Mechanics of the Greek language | With minimal and informed recourse to dictionaries, grammars, commentaries, and other translation aids, students will be able to read and comprehend the prose and poetry of Classical Greek authors. Specifically, they will be able to read and comprehend the writings of Xenophon, Homer, Plato, Euripides, and other Greek authors of comparable difficulty. Students will be able to compose Greek sentences and paragraphs in imitation of the style of Classical Greek masters. |

| Title | Learning Outcome |
|---|---|
| Interpretation and analysis of Greek texts | Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts. |

| Title | Learning Outcome |
|---|---|
| Understanding and contextualizing ancient Greek culture | Students will demonstrate a broad knowledge and comprehension of the history, literature, philosophy, and visual arts of Greece from Mycenaean civilization through the Hellenistic Age. |

**Free Form Requirements**

*Emphasizes Greek language and literature, with some work in Greek civilization.*

*It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for*

*state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

*A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.*

**Requirement 1 — Complete 1 Course**

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

| Copyediting and Substantive Editing | Optimize clarity and effectiveness of sentences paragraphs and longer texts by applying principles of effective usage style and organization to real-world examples of draft text. |

| Title | Learning Outcome |
| --- | --- |
| Specialized Editing | Demonstrate specialized skills and the perspective required by at least one specific editing genre (such as magazine publishing technical communication book publishing scholarly publishing or freelance publishing. |

| Title | Learning Outcome |
| --- | --- |
| Publishing Industry and Processes | Use tools and processes that are part of the publishing business such as software for methods of and ethical procedures relating to graphic design printing technology and income and expense management and understand how these tools methods and ethical procedures have evolved over the history of publishing. |

**Free Form Requirements**

**Requirement 1 — Complete 6 Courses**

*Foundations:*

ELING223 Intro to English Language - Intro to English Language 3.0

ELING273 Intro to ELing Resrch Mthds - Intro to ELing Resrch Mthds 3.0

ELING322 Modern American Usage - Modern American Usage 3.0

ELING324 Hist of the English Language - Hist of the English Language 3.0

ELING325 Grammar of English - Grammar of English 3.0

LING198 Career Explorations in Ling. - Career Explorations in Ling. 2.0

**Requirement 2 — Complete 4 Courses**

College Advisement Center.) The language for this requirement may be the same language used to satisfy the GE Foreign Language option, but note that the GE Foreign Language option may require more coursework than this requirement from the Applied English Linguistics major. For non-native speakers of English, the university TOEFL requirement satisfies this requirement for the Applied English Linguistics major. A language relevant to the historical development of English is strongly recommended, namely Latin, French, German, or Classical Greek.

**Requirement 4 — Complete 6 hours**

*Courses NOT chosen to complete requirement 4 may be used to complete requirement 5.*

ELING362 Discourse Analysis - Discourse Analysis 3.0

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING445 Intro to Psycholinguistics - Intro to Psycholinguistics 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

**Requirement 5 — Complete 1 of 4 Options**

*Primary Track: Within one option, complete 12 hours in courses not chosen for requirement 4 or 6.*

**Option 5.1 — Complete 12 hours**

*Linguistic Computing (recommended: LING 360 plus three other courses).*

DIGHT315 Research in the Digital Hum - Research in the Digital Hum 3.0

DIGHT390R Tools Development Seminar - Tools Development Seminar - *You may take once* 1.0v

DIGHT495R Digital Humanities Project - Digital Humanities Project - *You may take once* 1.0v

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING361 Speech Processing - Speech Processing 3.0

LING440 Linguistic Tools 2 - Linguistic Tools 2 3.0

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING581 Natural Lang Processing - Natural Lang Processing 3.0

Note: See minor advisor to discuss how to obtain a LINGC minor: inguistics.byu.edu/department-advisors; note that up to 9 credit hours from the ELING major can also be counted toward the LINGC minor.

**Option 5.2 — Complete 12 hours**

*TESOL/Language Acquisition*

ELING375 TESOL Listening, Speaking - TESOL Listening, Speaking 3.0

ELING376 TESOL Read, Write, Vocab - TESOL Read, Write, Vocab 3.0

ELING477 TESOL Course & Lesson Planning - TESOL Course & Lesson Planning 3.0

ELING478 TESOL Practicum - TESOL Practicum 3.0

*Core Courses:*

DIGHT230 Intro to Print Publishing - Intro to Print Publishing 3.0

ELING350 Basic Editing Skills - Basic Editing Skills 3.0

ELING410R Genre & Substantive Editing - Genre & Substantive Editing - *You may take once* 3.0

ELING430R Editing for Publication - Editing for Publication - *You may take once* 3.0

**Requirement 3 — Complete 1 of 4 Courses**

*Perspectives on Context:*

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

**Requirement 4 — Obtain confirmation from your advisement center that you have completed the following:**

*Foreign Language Requirement:*

Complete university course work (or the equivalent) to a 200-level or higher in any single foreign language including American Sign Language. The language for this requirement may be the same language used to satisfy the GE Foreign Language option. Editing students may waive this language requirement by completing a university-approved minor that includes complex professional discourse modes, such as STEM fields, business, psychology, social sciences, English literature, or rhetoric.

**Requirement 5 — Complete 9 hours**

*Text Analysis Breadth:*

ELING326 English Semantics & Pragmatics - English Semantics & Pragmatics 3.0

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING410R Genre & Substantive Editing - Genre & Substantive Editing - *You may take once* 3.0

ELING421R Stds Lang/Editing - Stds Lang/Editing - *You may take once* 1.0v

ELING430R Editing for Publication - Editing for Publication - *You may take once* 3.0

ELING447 Early Modern English - Early Modern English 3.0

ELING448 Late Modern English - Late Modern English 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

ELING524 Hist of the Book - Hist of the Book 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

ELING535 Language & Literature - Language & Literature 3.0

ELING548 Old English 2 - Old English 2 3.0

LING325 Syntax - Syntax 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

LING461 First Language Acquisition - First Language Acquisition 3.0

LING462 Second Language Acquisition - Second Language Acquisition 3.0

Note: See minor advisor to discuss how to obtain a TESOL minor or TESOL certificate: linguistics.byu.edu/department-advisors; note that TESOL minors are encouraged to declare during their junior year and that up 12 credit hours from the ELING major can be counted toward the TESOL minor.

**Option 5.3 — Complete 12 hours**

*Language in Society*

ELING322 Modern American Usage - Modern American Usage 3.0

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

ELING522 Language Policy & Planning - Language Policy & Planning 3.0

LING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING551 Anthropological Linguistics - Anthropological Linguistics 3.0

**Option 5.4 — Complete 12 hours**

*Language in History*

ELING447 Early Modern English - Early Modern English 3.0

ELING448 Late Modern English - Late Modern English 3.0

ELING524 Hist of the Book - Hist of the Book 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ELING535 Language & Literature - Language & Literature 3.0

ELING548 Old English 2 - Old English 2 3.0

HIST350 English Language Paleography - English Language Paleography 3.0

LING450 Intro Histor-Comparative Ling - Intro Histor-Comparative Ling 3.0

**Requirement 6 — Complete 1 of 4 Options**

*Secondary Track: Within one option, complete 6 hours in courses not chosen for requirement 4 or requirement 5. Secondary track must be different from primary track used for requirement 5.*

**Option 6.1 — Complete 6 hours**

*Linguistic Computing (recommended: LING 360 plus three other courses).*

DIGHT315 Research in the Digital Hum - Research in the Digital Hum 3.0

DIGHT390R Tools Development Seminar - Tools Development Seminar - *You may take once* 1.0v

DIGHT495R Digital Humanities Project - Digital Humanities Project - *You may take once* 1.0v

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

LING445 Intro to Psycholinguistics - Intro to Psycholinguistics 3.0

LING450 Intro Histor-Comparative Ling - Intro Histor-Comparative Ling 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING461 First Language Acquisition - First Language Acquisition 3.0

LING462 Second Language Acquisition - Second Language Acquisition 3.0

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING551 Anthropological Linguistics - Anthropological Linguistics 3.0

*Note: Course chosen to satisfy requirements 1, 2, and 3 cannot double-count in requirement 5, with the exception of a second topic in ELING 430R.*

**Requirement 6 — Complete 1 of 5 Courses**

*Professional Tools:*

DIGHT250 Web Publishing - Web Publishing 3.0

DIGHT260 Tools for Text Processing - Tools for Text Processing 3.0

DIGHT315 Research in the Digital Hum - Research in the Digital Hum 3.0

ELING415 Business of Editing/Publishing - Business of Editing/Publishing 3.0

LING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

**Requirement 7 — Complete 1 hour**

ELING351R Editing Student Journals - Editing Student Journals - *You may take once* 1.0v

LING399R Academic Internship: Ling - Academic Internship: Ling - *You may take once* 0.5v

*Other options for Experiential Learning include 42 hours worked as a teaching/research assistant, or completion of a study-abroad experience.*

**Requirement 8 — Complete 1 Course**

ELING495R The Senior Course - The Senior Course - *You may take once* 3.0

*You may take one 1.0v*

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING361 Speech Processing - Speech Processing 3.0

LING440 Linguistic Tools 2 - Linguistic Tools 2 3.0

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING581 Natural Lang Processing - Natural Lang Processing 3.0

Note: See minor advisor to discuss how to obtain a LINGC minor: inguistics.byu.edu/department-advisors; note that up to 9 credit hours from the ELING major can also be counted toward the LINGC minor.

**Option 6.2 — Complete 6 hours**

*TESOL/Language Acquisition*

ELING375 TESOL Listening, Speaking - TESOL Listening, Speaking 3.0

ELING376 TESOL Read, Write, Vocab - TESOL Read, Write, Vocab 3.0

ELING477 TESOL Course & Lesson Planning - TESOL Course & Lesson Planning 3.0

ELING478 TESOL Practicum - TESOL Practicum 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

Note: See minor advisor to discuss how to obtain a TESOL minor or TESOL certificate: linguistics.byu.edu/department-advisors; note that TESOL minors are encouraged to declare during their junior year and that up 12 credit hours from the ELING major can be counted toward the TESOL minor.

**Option 6.3 — Complete 6 hours**

*Language in Society*

ELING322 Modern American Usage - Modern American Usage 3.0

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

LING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING551 Anthropological Linguistics - Anthropological Linguistics 3.0

**Option 6.4 — Complete 6 hours**

*Language in History*

ELING447 Early Modern English - Early Modern English 3.0

ELING448 Late Modern English - Late Modern English 3.0

ELING524 Hist of the Book - Hist of the Book 3.0

ELING525 Old English 1 - Old English 1 3.0

LING399R Academic Internship: Ling - Academic Internship: Ling - *You may take once* 0.5v

*For more information, including an FAQ regarding double-counting courses between this major and the Linguistic Computing or TESOL minors, visit ling.byu.edu/applied-english-linguistics-ba.*

## 555302 - Logic (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Logic | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 15 | 15 |

| Title | Learning Outcome |
|---|---|
| Logic and Metalogic | 1. Construct symbolize and evaluate proofs in syllogistic logic truth-functional logic first-order (quantificational) logic set-theory and Peano arithmetic. 2. Understand the development of logic including metalogical results. Assessed 2015 |

**Free Form Requirements**

**Requirement 1 — Complete 1 of 2 Courses**

MATH290 Fundamentals of Mathematics - Fundamentals of Mathematics 3.0

PHIL205 Intro to Logic/Crit Thinking - Intro to Logic/Crit Thinking 3.0

**Requirement 2 — Complete 2 Courses**

PHIL305 Intermediate Formal Logic - Intermediate Formal Logic 3.0

PHIL405 Advanced Logic and Metalogic - Advanced Logic and Metalogic 3.0

**Requirement 3 — Complete 1 of 4 Courses**

MATH341 Theory of Analysis 1 - Theory of Analysis 1 3.0

MATH371 Abstract Algebra 1 - Abstract Algebra 1 3.0

PHIL420 Philosophy of Language - Philosophy of Language 3.0

PHIL421 Metaphysics - Metaphysics 3.0

**Requirement 4 — Complete 3 hours**

PHIL110 Introduction to Philosophy - Introduction to Philosophy 3.0

PHIL201 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL202 History of Philosophy 2 - History of Philosophy 2 3.0

## 555303 - Philosophy (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Philosophy | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 18 | 18 |

| Title | Learning Outcome |
|---|---|
| History and Value of Philosophy | 1. Identify major philosophical figures and texts their historical context their philosophical interrelations and their importance. 2. Identify the major areas movements and issues in the history of Western philosophy. Assessed 2015 |

| Title | Learning Outcome |
|---|---|
| Critical and Effective Reading | Writing and Communicating 1. Write clear cogent logically sound and well-researched essays. 2. Master and apply principles of informal logic critical thinking and critical reading. 3. Master university-level written and oral communication skills. Assessed 2015 |

| Title | Learning Outcome |
|---|---|
| Logic and Metalogic | 1. Construct symbolize and evaluate proofs in syllogistic logic truth-functional logic first-order (quantificational) logic set-theory and Peano arithmetic. 2. Understand the development of logic including metalogical results. Assessed 2015 |

Note 1: No more than six credit hours may double-count for both the Philosophy major and the Theoretical and Applied Ethics minor.

Note 2: One approved 2 or 3 credit course in ethics from another department may substitute for any single course listed in the electives list above. (The Philosophy Department maintains a list of ethics courses offered by other BYU departments.)

| Title | |
|---|---|
| Critical and Effective Reading, Writing, and Communicating | logically sound, and well-researched essays; and effectively discuss and present philosophical topics. |

**Free Form Requirements**

*For each R course, you may only take one class on any particular figure or topic. For instance, if you wish to take multiple classes of Phil 320R: Studies in Ancient Philosophy, you may only take Plato once, but you may then take Aristotle or Stoicism or any of the other figures or topics listed under Phil 320R.*

**Requirement 1 —Complete 4 Courses**

*Sources and Methods courses:*

PHIL200 Philosophy Orientation - Philosophy Orientation 1.0

PHIL205 Intro to Logic/Crit Thinking - Intro to Logic/Crit Thinking 3.0

PHIL300 Philosophical Writing - Philosophical Writing 3.0

PHIL305 Intermediate Formal Logic - Intermediate Formal Logic 3.0

**Requirement 2 —Complete 1 of 2 Courses**

PHIL201 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL210 Science & Civilization 1 - Science & Civilization 1 3.0

**Requirement 3 —Complete 1 of 2 Courses**

PHIL202 History of Philosophy 2 - History of Philosophy 2 3.0

PHIL211 Science & Civilization 2 - Science & Civilization 2 3.0

**Requirement 4 —Complete 1 of 5 Courses**

*Core Topics in Western Philosophy:*

PHIL212R Intro to Applied Ethics - Intro to Applied Ethics 3.0

PHIL213 Introduction to Ethics - Introduction to Ethics 3.0

PHIL214 Intro to the Philosophy of Art - Intro to the Philosophy of Art 3.0

PHIL215 Intro Philosophy of Religion - Intro Philosophy of Religion 3.0

PHIL217R Social & Political Philosophy - Social & Political Philosophy 3.0

**Requirement 5 —Complete 1 Course**

*Complete one registration of the following Historical Periods course:*

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy 3.0

**Requirement 6 —Complete 1 Course**

*Complete one registration of the following Historical Periods course:*

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy 3.0

**Requirement 7 —Complete 1 of 7 Courses**

*Complete one of the following Historical Period courses (excluding the two specific registrations used to complete the above requirements):*

PHIL313R History of Ethics - History of Ethics 3.0

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy 3.0

## 555410 - Portuguese Teaching (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Portuguese Teaching | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 25.5 | 47.5 |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license*

*or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

**Requirement 1 — Complete 1 Requirement**

**Requirement 1.1 — Complete 6 Courses**

**Free Form Requirements**
*It is strongly recommended that StDev 317, a 2-credit-hour course, be*

*- It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.*

**Requirement 1 —Obtain confirmation from your advisement center that you have completed the following:**

The Spanish and Portuguese Department requires a minimum of 18 upper-division major credit hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

**Requirement 2 — Complete 4 Courses**

| **Variable Credit Min** | **Variable Credit Max** |
| 38.5 | 56.5 |

**Major Academic Plan**

MAP - BA in Spanish Translation 2023-2024.pdf

| | Learning Outcome |
|---|---|
| | Demonstrate professional |

| | |
|---|---|
| **Title**<br>Language Competence | and write Spanish at the ACTFL Advanced Low level or better. |

| | |
|---|---|
| **Title**<br>Cultural Competence | **Learning Outcome**<br>Students will identify cultural practices (e.g. customs and traditions) and cultural products (e.g. literatures arts institutions and individuals)from the Spanish-speaking world place them in their historical political and social contexts and interpret the unique perspectives on human experience that they reveal. |

| | |
|---|---|
| **Title**<br>Critical Thinking and Expression | **Learning Outcome**<br>Students will analyze language literary texts and other cultural products and practices using sound thinking and clear expression. |

| | |
|---|---|
| **Title**<br>Five Commitments | **Learning Outcome**<br>Demonstrate the dispositions found within the five commitments of the BYU-PSP vision statement. |

| | |
|---|---|
| **Title**<br>Utah Effective Teaching Standards | **Learning Outcome**<br>Meet the Utah Effective Teaching Standards (UETS) at the basic competence level including the ability to: Create a classroom environment that is conducive to learning plan effective standards-based lessons teach with a variety of instructional strategies suited to the needs of their students and assess their students' learning. |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.*

| | |
|---|---|
| **Title**<br>Professional Translation Skills | translation skills by: (1) properly applying translation competence components (including linguistic extralinguistic transfer strategic instrumental); (2) employing research tools to investigate terminology and textual conventions adequate for different text types; (3) executing the translation process and associated problem solving and decision making processes in accordance with a set of specifications and a statement of purpose for the target text. |

| | |
|---|---|
| **Title**<br>Language Competence | **Learning Outcome**<br>Students will speak listen read and write Spanish at the ACTFL Advanced Low level or better. |

| | |
|---|---|
| **Title**<br>Cultural Competence | **Learning Outcome**<br>Students will identify cultural practices (e.g. customs and traditions) and cultural products (e.g. literatures arts institutions and individuals)from the Spanish-speaking world place them in their historical political and social contexts and interpret the unique perspectives on human experience that they reveal. |

| **Title**<br>Critical Thinking and Expression | **Learning Outcome**<br>Students will analyze language literary texts and other cultural products and practices using sound thinking and clear expression. |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

*It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps*

*Catalog.*

*A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.*

**Requirement 1 — Obtain confirmation from your advisement center that you have completed the following:**

The Spanish and Portuguese Department requires a minimum of 18 upper-division major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

**Requirement 2 —Complete 1 Requirement**

## 570110 - International Development (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| International Development | MIN |
| Variable Credit Min | Variable Credit Max |
| 18 | 18 |

Free Form Requirements

*No double-counting courses within the different areas of this minor is allowed.*

*Because the International Development minor is interdisciplinary, it is critical that students are exposed to multiple disciplinary perspectives and methods as they address the larger topic of international development. Thus, no more than 6 credit hours from any one discipline can be counted toward fulfillment of the minor. The one exception to this is IAS credits through IAS 220, 380R, 397R, or 399R. Counting the required IAS 220, no more than 12 hours of IAS credit can count toward the minor.*

**Requirement 1 — Complete 1 Course**

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

**Requirement 2 — Complete 2 of 9 Courses**

Other courses with the approval of the development coordinator may also count.

We encourage all students to earn 3-6 credit hours by completing an international study abroad (IAS 397R), internship, or field school (IAS 399R) experience that focuses on development. For a list of approved programs that will count toward the minor, or to request approval of a program, contact the International Development minor coordinator.

Note 1: Students must have completed IAS 220 before doing an internship (IAS 399R).

Note 2: Students cannot count both Econ 230 and 431 or Econ 230 and 432. They should choose to take either the 200-level course or the 400-level course.

## 570120 - American Studies (BA)

### Program Information

| Program Title | Degree |
|---|---|
| American Studies | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 51 | 51 |

**Major Academic Plan**

MAP - BA in American Studies 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Work Independently | American Studies graduates will have created a coherent course of study matched to their interests and their post-graduate plans. This may include taking a suitable minor and creating for themselves relevant extracurricular experiences such as internships editorships travel study ORCA grants conference participation and publication. |
| Engage Disciplinarily and Interdisciplinarily | American Studies graduates will understand that American studies is coherent as a discipline in and of itself and also engage their major both within and across the various other disciplines that constitute American Studies mastering the theoretical and methodological approaches inherent in the American Studies curriculum. |

## 570123 - European Studies (BA)

### Program Information

| Program Title | Degree |
|---|---|
| European Studies | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 45 | 61 |

**Major Academic Plan**

MAPS - BA in European Studies 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Information Literacy: Foundations & Frameworks in European Studies | Students will demonstrate advanced factual knowledge of European geographies, histories, politics, and cultures, and show proficiency in analyzing and interpreting specific European topics using major theories and concepts from the core European Studies disciplines (history, political science, and the humanities). |
| Global Citizenship | Students will acquire and refine an intellectual curiosity and habits of thought that will lead to life-long learning and continued engagement with European history, literature, culture, languages, and current affairs in various realms (personal, professional, church, civic). |
| | Students will acquire advanced |

| | |
|---|---|
| Title<br>Analyze Rigorously | Learning Outcome<br>American Studies graduates will be able to read critically and analyze cultural economic historical literary political social and religious texts and artifacts. They will identify evaluate and incorporate appropriate research sources in their work as they demonstrate awareness of the critical conversations they are entering. Their analyses will contribute to their understanding of the ways in which the American experience has been and continues to be constructed and transmitted. |

| | |
|---|---|
| Title<br>Communicate Persuasively | Learning Outcome<br>American Studies graduates will be able to formulate both their oral and written arguments coherently support them clearly and communicate them effectively to their audiences using correct conventions of language and some stylistic flair–all according to the best practices of the variety of disciplines and situations in which they are engaged. |

Free Form Requirements

*The American Studies 304/490 sequence fulfills the Advanced Written and Oral Communications requirement.*

*Majors should begin course work in the major by taking Am St 303 fall semester of the sophomore or (at latest) junior year, followed by Am St 304.*

**Requirement 1 —Complete 2 Courses**

*Required courses:*

IHUM261 AmerHumanities1:Colonial-1876 - AmerHumanities1:Colonial-1876 3.0

IHUM262 AmerHumanities2:1877-Present - AmerHumanities2:1877-Present 3.0

**Requirement 2 — Complete 1 of 2 Options**

**Option 2.1 —Complete 1 Course**

A HTG100 American Heritage - American Heritage 3.0

**Option 2.2 —Complete 2 of 3 Courses**

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

HIST221 U S Since 1877 - U S Since 1877 3.0

POLI110 Amer Government & Politics - Amer Government & Politics 3.0

*Note: POLI 210 may be substituted for POLI 110.*

**Requirement 3 —Complete 2 Courses**

AM ST303 Am Studies History & Theory - Am Studies History & Theory

| | |
|---|---|
| Title<br>Cultural Navigation: International Perspectives & Experiences | international and intercultural competencies through coursework in international studies, habitual reading of European and global news, regular attendance at Kennedy Center lectures, as well as mentored learning experiences, including study abroad, internship, etc. |

| | |
|---|---|
| Title<br>Professional Skills and Competencies | Learning Outcome<br>Students will cultivate advanced skills in critical reading, thinking, and communication in a variety of disciplinary traditions (history, humanities, political science, etc.). Students will learn how to locate, use, and cite high-quality and reliable resources from the library and online and use that research in the creation of a substantive research paper. They will also demonstrate a proficiency in communicating in a European language other than English. |

B. Humanities Track: Complete four courses from the following: Any 300- or 400-level art history, film, humanities, literature, or philosophy course with a European emphasis. Certain 200-level courses may also count toward this requirement. Prior to registration each semester, the European Studies coordinator will distribute a list of courses that will count toward this requirement.

**Requirement 6 —Complete 1 Course**

EUROP490R Senior Seminar - Senior Seminar - *You may take once* 3.0

**Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:**

Complete 9 hours of supporting course work. In consultation with the faculty coordinator, propose a list of advanced courses (typically 300- or 400- level) that are European focused and that have a coherent logic relative to educational and career goals. Note that courses approved for this requirement may not be used to fulfill any other European Studies requirement. No more than three credits may be double-counted between the European Studies major and another major or minor. Students may count up to three hours of European-related academic internship credit (usually IAS 399R) toward this requirement.

**Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:**

Complete an exit interview or participate in a focus group with the European Studies coordinator during the final semester before graduation. At this interview, students will take a short assessment examination on European history, politics, and culture and will be asked to reflect on their progress in achieving the learning outcomes of the major, their experience in the program, and their life-long learning and career goals.

## 570125 - Latin American Studies (BA)

### Program Information

| Program Title | Degree |
|---|---|
| Latin American Studies | BA |
| **Variable Credit Min** | **Variable Credit Max** |
| 36 | 60 |

**Major Academic Plan**

MAPS - BA in Latin American Studies 2023-2024.pdf

| Title | Learning Outcome |
|---|---|
| Factual Knowledge | The student will understand and interpret foundational knowledge relating to historical socio-cultural geographic and economic conditions in Latin America as well as how Latin America has interacted with world powers. |

## 570128 - Ancient Near Eastern Studies (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Ancient Near Eastern Studies | MIN |
| **Variable Credit Min** | **Variable Credit Max** |
| 21 | 23 |

**Free Form Requirements**

**Requirement 1 — Complete 2 Courses**

*Core courses:*

HIST238 Ancient Near East to 330 BC - Ancient Near East to 330 BC 3.0

HIST239 Ancient Near East 330BC-640AD - Ancient Near East 330BC-640AD 3.0

**Requirement 2 — Complete 1 of 2 Options**

**Option 2.1 — Complete 2 Requirements**

| Title | Learning Outcome |
| --- | --- |
| Social Science Research and Writing Methodology | Our LAS students will understand and learn basic methodologies of social science research and writing as well as humantities/language based research. This includes modern library skills as well as humanities/language based research. Students will demonstrate their understanding by writing papers in Spanish and/or Portuguese as well as producing a major capstone project of 20 plus pages. |

| Title | Learning Outcome |
| --- | --- |
| Oral Presentation of Critically Analyzed Ideas | Latin American Studies students will be able to critically analyze ideas evidence and arguments relating to a topic or a significant historical event or process in Latin America and make a significant oral presentation demonstrating recent knowledge from books newspapers and journals many of which are written in target languages. |

| Title | Learning Outcome |
| --- | --- |
| Language Proficiency | LAS students will demonstrate written and verbal fluency in Spanish or Portuguese. |

**Free Form Requirements**

*Courses cannot be double counted between the different requirements sections in the major.*

**Requirement 1 —Complete 1 Course**

*Students should take courses in this approximate sequence: (1) language prerequisites; (2) core major curriculum; (3) track requirements in "History and Humanities" or "Social Sciences"; (4) Arabic study abroad; (5) track electives; and (6) senior seminar.*

*Note: Students with a second major in Arabic language cannot double count the same upper-division Arabic courses for both the double major and for MESA elective credit.*

**Requirement 1 — Complete 2 Courses**

*Complete the following language prerequisite courses or equivalent.*

ARAB101 1st-Year Arabic - 1st-Year Arabic 4.0

ARAB102 1st-Year Arabic - 1st-Year Arabic 4.0

**Requirement 2 — Complete 5 Courses**

*Complete the following core curriculum:*

ARAB201 2nd-Year Arabic - 2nd-Year Arabic 4.0

ARAB202 Intermediate Arabic - Intermediate Arabic 4.0

MESA201 Intro to Middle East Studies - Intro to Middle East Studies 3.0

MESA250 Intro to Religion of Islam - Intro to Religion of Islam 3.0

MESA300 Professional Development - Professional Development 1.0

**Requirement 3 — Complete 5 Courses**

*Complete the one-semester Study Abroad program in the Arab world, which includes the following Arabic language courses:*

ARAB211R 2nd-Year Conversation - 2nd-Year Conversation - *You may take once* 2.0

ARAB300 Adv Modern Standard Arabic - Adv Modern Standard Arabic 4.0

ARAB302 Newspaper Arabic - Newspaper Arabic 4.0

ARAB311R 3rd-Year Conversation - 3rd-Year Conversation - *You may take once* 1.0v

ARAB331 Spoken Arabic - Egyptian - Spoken Arabic - Egyptian 4.0

**Requirement 4 — Complete 1 Course**

*Complete a senior seminar in Middle Eastern Studies. (Note: This course should be taken after returning from the semester abroad. Choose a senior seminar section on a topic appropriate to your track specialization when available.)*

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

GEOG120 Geography & World Affairs - Geography & World Affairs 3.0

**Requirement 2 — Complete 1 of 2 Courses**

POLI150 Comparative Governmnt&Politics - Comparative Governmnt&Politics 3.0

POLI250 Principles of Comprtv Politics - Principles of Comprtv Politics 3.0

**Requirement 3 — Complete 1 of 2 Courses**

POLI170 Intro International Politics - Intro International Politics 3.0

POLI270 Principles of Intl Relations - Principles of Intl Relations 3.0

**Requirement 4 — Complete 2 Courses**

MATH112 Calculus 1 - Calculus 1 4.0

POLI200 Political Inquiry - Political Inquiry 4.0

**Requirement 5 — Complete 1 of 2 Options**

**Option 5.1 — Complete 2 Courses**

*Note: Econ 388 can double count for an elective under specialization 12.2 and 12.7.*

ECON378 Statistics for Economists - Statistics for Economists 3.0

ECON388 Intro to Econometrics - Intro to Econometrics 3.0

**Option 5.2 — Complete 1 Course**

POLI300 Statistical Analysis - Statistical Analysis 4.0

**Requirement 6 — Complete 2 Courses**

ECON380 Intermediate Micro Theory 1 - Intermediate Micro Theory 1 3.0

ECON381 Intermed Macroeconomics - Intermed Macroeconomics 3.0

**Requirement 7 — Complete 1 of 6 Courses**

ECON431 Economic Development - Economic Development 3.0

ECON432 Economic Growth - Economic Growth 3.0

ECON440 Natrl Resources & Envir Econ - Natrl Resources & Envir Econ 3.0

ECON458 International Trade Theory - International Trade Theory 3.0

ECON459 International Monetary Theory - International Monetary Theory 3.0

ECON478 Game Theory & Economics - Game Theory & Economics 3.0

**Requirement 8 — Complete 2 of 12 Courses**

HIST393 US Foreign Relations - US Foreign Relations 3.0

POLI341 European Politics - European Politics 3.0

POLI343 Designing Democ. Constitutions - Designing Democ. Constitutions 3.0

POLI344 Comparative Political Econ - Comparative Political Econ 3.0

POLI346 Southeast Asian Politics - Southeast Asian Politics 3.0

POLI347 Russia/Former Soviet Politics - Russia/Former Soviet Politics 3.0

MESA495 Sr Sem in Middle East Studies - Sr Sem in Middle East Studies 3.0

**Requirement 5 — Complete 1 of 2 Options**

*Choose and complete one of the following disciplinary tracks:*

**Option 5.1 — Complete 4 Requirements**

*History and Humanities track:*

**Requirement 5.1.1 — Complete 4 Courses**

ARAB424R Modern Arabic Literature - Modern Arabic Literature - *You may take once* 2.0

HIST240 M E Hist to 1800 - M E Hist to 1800 3.0

HIST241 M E Hist from 1800 - M E Hist from 1800 3.0

IHUM242 Intro to Humanities of Islam - Intro to Humanities of Islam 3.0

**Requirement 5.1.2 — Complete 1 of 3 Courses**

CMLIT310 Intro Comp Lit - Intro Comp Lit 3.0

HIST200 Historian's Craft - Historian's Craft 3.0

IHUM311 Adv Wrtg in Comp Arts & Hum - Adv Wrtg in Comp Arts & Hum 3.0

**Requirement 5.1.3 — Complete 1 of 2 Courses**

ARAB361 Modern Arab Lit in Translation - Modern Arab Lit in Translation 3.0

## 570150 - Global Environmental Studies (Minor)

### Program Information

| Program Title | Degree |
|---|---|
| Global Environmental Studies | MIN |

| Title | Learning Outcome |
|---|---|
| Global Environmental Issues | Students will be able to articulate the cultural and scientific underpinnings of prevailing global environmental issues and evaluate policy proposals. |
| Critical Reasoning | Students will understand principles of cause and effect and be able to synthesize key findings from academic research on environmental issues from multiple disciplines. |
| Scientific Principles and Methods | Students will effectively use the scientific method to interpret data from experimental observations and communicate discoveries in written and verbal formats. |
| The Environment and Culture | Students will develop competencies to work sensitively across cultural contexts in order to find local cultural solutions to environmental challenges. |
| Environmental Stewardship and Civic Involvement | Students will foster and promote environmental stewardship within their own communities. |

**Free Form Requirements**

*Note: A maximum of 3 credit hours can double count toward any major. Some courses may also fulfill GE requirements. Some optional courses to complete the major may have prerequisites.*

**Requirement 1 —Complete 3 hours**

*Introduction*

GES200 Intro to Global Enviro Studies - Intro to Global Enviro Studies 3.0

**Requirement 2 —Complete 9 hours**

## 610122 - Nursing (BS) *

### Program Information

| Program Title | Degree |
|---|---|
| Nursing | BS |
| **Variable Credit Min** | **Variable Credit Max** |
| 90.5 | 91.5 |

| Title | Learning Outcome |
|---|---|
| Liberal Education | Acquire liberal education that provides the cornerstone for the practice and education of baccalaureate prepared nurses. |
| Professionalism | Exemplify and advocate for the nursing profession using the values of accountability; collaboration; compassion; diversity equity and belonging; innovation; inspiration integrity; learning; and service. |
| Baccalaureate Generalist Nursing Practice | Provide nursing care to patients including individuals families communities and populations across the lifespan and across the continuum of healthcare environments. The baccalaureate graduate understands and addresses social determinants of health health equity and the increasing complexity of healthcare to advocate and optimize care for all patients. |
| Interprofessional Communication and Collaboration: | Communicate and collaborate among interdisciplinary healthcare professionals and community partners to foster team respect and trust and deliver high quality patient-centered and population-based care. |
| Information Management and Technology | Demonstrate clinical judgment knowledge and skills in data management and patient care technology to guide quality patient-centered care. |

*Disciplinary Foundations*

**Requirement 2.1 —Complete up to 6 hours**

*SCIENCE COURSES*

BIO235 Field Botany - Field Botany 3.0

BIO350 Ecology - Ecology 3.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

GEOG101 Global Environment - Global Environment 3.0

GEOG303 Biogeography - Biogeography 3.0

GEOG307 Spatial Analysis of Envr Data - Landscape Ecology 3.0

GEOL108 Climate & the Earth System - Climate & the Earth System 3.0

GEOL101 Introduction to Geology - Introduction to Geology 3.0

HLTH322 Environmental Health - Environmental Health 3.0

PHSCS137 Energy, Climate, Environment - Energy, Climate, Environment 3.0

PWS150 Environmental Biology - Environmental Biology 3.0

PWS180 Global Climate Change - Global Climate Change 3.0

PWS220 Trees - Trees 3.0

PWS282 Soil Science - Soil Science 3.0

PWS320 Sustainable Plant Systems - Sustainable Plant Systems 3.0

PWS350 Rangeland Ecology - Rangeland Ecology 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

**Requirement 2.2 —Complete up to 6 hours**

*THE HUMAN DIMENSION COURSES*

BIO370 Bioethics - Bioethics 2.0

ENGL306 Travel Writing - Travel Writing 3.0

ENGL367R American Regional Literature - American Regional Literature - *You may take once* 3.0

GEOG110 Landscapes of Disaster - Landscapes of Disaster 3.0

GEOG120 Geography & World Affairs - Geography & World Affairs 3.0

HIST290 Nature & History - Nature & History 3.0

HIST361 American West Since 1900 - American West Since 1900 3.0

IHUM280R Sophomore Seminar - Sophomore Seminar in Interdisciplinary Humanities - *You may take once* 3.0

POLI325 Pol of Wilds, Parks, & Lands - Pol of Wilds, Parks, & Lands 3.0

PWS375 Aquatic Policies & Laws - Aquatic Policies & Laws 3.0

**Requirement 3 —Complete 3 hours**

*Elective Course. A course taken on this list cannot be used to meet requirement 2. As the topics of these courses are variable, students should approve the section topic of these courses with the program director before enrollment.*

BIO430 Plant Classif. & Identif. - Plant Classif. & Identif. 4.0

| | |
|---|---|
| **Title**<br>Quality of Nursing Care Delivery | **Learning Outcome**<br>Patient Safety and the Health Care System: Exhibit clinical judgment knowledge and skills in leadership quality improvement and patient safety necessary to provide high-quality patient-centered and population-based health care. |
| **Title**<br>Clinical Prevention and Population Health | **Learning Outcome**<br>Advocate for social justice health promotion and disease prevention across the lifespan for diverse individuals families communities and populations to improve population health at all levels of healthcare. |
| **Title**<br>Scholarship for Evidence-Based Practice: | **Learning Outcome**<br>Provide patient-centered and population-based care grounded in the translation of current evidence into nursing practice and reflective of sound clinical judgment linking theory practice and research. |
| **Title**<br>Health care Policy | **Learning Outcome**<br>Finance and Regulatory Environments Evaluate how healthcare policies including financial and regulatory directly and indirectly influence the nature and functioning of the healthcare system and thereby are important considerations in social determinants of health and professional nursing practice. |
| **Title**<br>Integration of Gospel Values | **Learning Outcome**<br>Integrate the principles of the Gospel of Jesus Christ as part of clinical judgment; caring holistically for diverse individuals families communities and populations; personal health and well-being; and life-long learning. |

**Free Form Requirements**

*Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.*

BIO441 Entomology - Entomology 3.0

BIO450 Capstone in Biodiversity & Con - Capstone in Biodiversity & Con 3.0

BIO452 Marine Biology - Marine Biology 4.0

BIO455 Plant Ecology - Plant Ecology 3.0

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 2.0

CE451 Environmental Engineering Proc - Environmental Engineering Proc 3.0

CH EN311 Ch En - Health, Safety, Envir - Ch En - Health, Safety, Envir 3.0

CH EN433 Energy Engineering - Energy Engineering 3.0

ECON440 Natrl Resources & Envir Econ - Natrl Resources & Envir Econ 3.0

ENGL317R Writing Creative Nonfiction - Writing Creative Nonfiction - *You may take once* 3.0

GEOG212 Intro to GIS - Intro to GIS 3.0

GEOG304 Geog of Climates - Geog of Climates 3.0

GEOG306 Public Lands: Planning & Mgmt - Global Conservatn Designations 3.0

GEOL411 Geomorphology - Geomorphology 3.0

GEOL550 Environmental Soil Chemistry - Environmental Soil Chemistry 3.0

IHUM490R Seminar in the Humanities - Seminar in the Humanities - *You may take once* 3.0

ME EN321 Thermodynamics - Thermodynamics 3.0

PHIL413R Environmental Ethics - Environmental Ethics - *You may take once* 3.0

PWS405 Environmental Chemistry Lab - Environmental Chemistry Lab 2.0

PWS419 Forest Management & Ecology - Forest Management & Ecology 3.0

PWS480 Environmental Capstone - Environmental Capstone 3.0

**Requirement 4 —Complete 3 hours**

*Capstone. Prior to taking this course, students are recommended to take at least one 300-level course or higher among the options in requirement 2 or 3.*

GES490 Global Enviro Studies Capstone - Global Enviro Studies Capstone 3.0

*regarding licensure and certification requirements.*

*A "C" grade or higher must be maintained in all required courses.*

**Requirement 1 —Complete 3 Requirements**

*Prerequisite courses:*

**Requirement 1.1 —Complete 2 Courses**

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

Note: Chem 101 or an acceptable score on the Chemistry Placement Exam is recommended prior to taking Chem 285 if the student has not completed previous chemistry course work.

**Requirement 1.2 —Complete 1 of 2 Courses**

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

**Requirement 1.3 —Complete 1 of 2 Courses**

PSYCH220 Human Dev: Life Span - Human Dev: Life Span 3.0

SFL210 Human Development - Human Development 3.0

**Requirement 2 —Complete 1 Requirement**

*Supporting courses:*

**Requirement 2.1 —Complete 6 Courses**

CELL305 Human Physiology - Human Physiology 4.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

STAT121 Principles of Statistics - Principles of Statistics 3.0

Note: Math 110 (or equivalent) may need to be taken prior to Stat 121.

**Requirement 3 —Complete 28 Courses**

NURS288 Nursing Skills I - Nursing Skills I 1.0

NURS290 Think Like a Nurse - Think Like a Nurse 1.5

NURS292 Cl Prac Nurs Fundamentals - Cl Prac Nurs Fundamentals 1.5
