Business

Marriott School of Business

At BYU Marriott, we attract students of uncommon maturity and optimism who know what it takes to build something that lasts. Award-winning faculty promote a rigorous academic experience in a spiritually uplifting atmosphere. Opportunities outside the classroom abound, including professional clubs offering career insights and practical help for finding a job as well as on-campus internships that offer real-life involvement in the business world. An active, dedicated network of faculty, alumni, and mentors help our students learn to lead.

BYU Marriott students go further, faster—they graduate having had intensive experience in unstructured, collaborative problem solving that goes far beyond what's offered at other business schools. Our graduates are ready to listen, innovate, and mentor—always leading the way forward.

BYU Marriott Undergraduate Advisement Center

Advisors are prepared to assist undergraduate students in successfully completing university, college, and major requirements. Students are encouraged to meet frequently with BYU Marriott advisors and personnel to understand registration, graduation requirements, fields of study, changes in major and transfer evaluation, and other policies and procedures. Please refer to the BYU Marriott Undergraduate Advisement office website for more information.

Undergraduate Programs

The BYU Marriott School of Business offers ten undergraduate majors:

Accounting

Accounting has been described as the “language of business” and studies how businesses track their income and assets over time. Besides preparing financial statements and recording business transactions, accountants engage in a wide variety of activities including computing costs and efficiency gains from new technologies, participating in strategies for mergers and acquisitions, managing quality, developing and using information systems to track financial performance, and deciding tax strategy.

Entrepreneurial Management

Entrepreneurs seek to make the world a better place by creating valuable products and services that improve the lives of customers and add value to the economy. Entrepreneurs may create and start business ventures to bring these ideas to market, while others pursue these efforts as employees in companies ranging from startups to established firms. Still others may focus on acquiring, owning, and managing business ventures of all sizes and types.

Experience Design and Management

ExDM professionals specialize in the design, delivery, evaluation, and management of experience journeys. The field seeks to employ interdisciplinary design principles, management science, and social psychology to deliver impactful experiences across diverse contexts including business, hospitality, tourism, and special events. ExDM professionals design and manage customer journeys, employee engagement programs, events, and recreation experiences.

Finance

Finance is the study of the optimal allocation of scarce financial resources. The finance program prepares students through instruction from professors and hands-on experience. Special emphasis is given to critical thinking and problem-solving, and includes skill development in data procurement and analysis, firm and project valuation, fundamental analysis, risk hedging, and portfolio management and optimization.

Global Supply Chain Management

Global supply chain involves the control and coordination of materials and services from the original point of origin to the final point of consumption. Increasing competitiveness through higher quality, lower cost, greater responsiveness, and unique innovation is a critical aspect of supply chain management. Course work is designed to prepare students for managerial positions in manufacturing and service industries in such areas as purchasing, operations, logistics, and customer service.

Human Resource Management

Human resource professionals’ main focus is to recruit, develop, and retain the employees of an organization. They maximize an organization’s use of talent by finding and hiring capable employees, and providing training and development opportunities. As the bridge between managers and employees, they maintain positive employee relations and improve employee satisfaction, wellness, and performance.

Information Systems

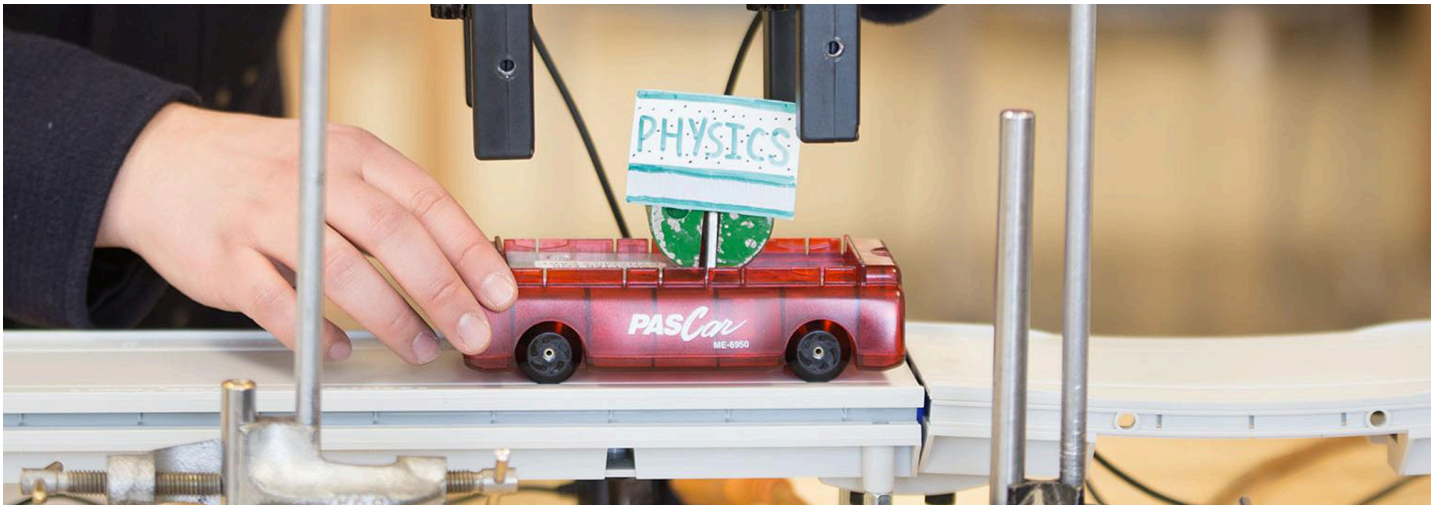
Information systems involves the synthesis of business and technology. The field involves two broad areas: the acquisition, deployment, and management of an organization’s information systems resources and services; and the development of computer-based systems and technology infrastructures for use in organization processes. Professionals work in organizations of all types, helping maintain existing technology infrastructure and specifying technology solutions to business needs.

Marketing

Marketing is the business function of analyzing markets and consumers to improve goods and services, and provide them at the optimal time, place, and price. Marketers oversee the process of segmentation, targeting, and positioning while integrating decisions about product, promotion, pricing, and placement or distribution. Marketers work in product/brand management, marketing analytics, social media, digital marketing, business-to-business marketing, retail marketing, and professional selling.

Strategic Management

Strategists help companies achieve competitive advantage by developing plans that allow those companies to offer unique value to their customers. Strategists collect and analyze information about competitors, customers, and the resources and capabilities of the company. They use this analysis to make recommendations about where to invest and what actions to take in order to achieve superior firm performance.



Graduate Programs

The Marriott School of Business also offers the following graduate degrees:

MAcc Accountancy
MBA Business Administration
MISM Information Systems Management
MPA Public Administration

For more information on graduate programs, please refer to the Graduate Studies and BYU Marriott websites.

Computational, Mathematical & Physical Sciences College Page

Computational, Mathematical & Physical Sciences

College of Computational, Mathematical & Physical Sciences

The College of Computational, Mathematical & Physical Sciences consists of seven departments: Chemistry and Biochemistry, Computer Science, Geological Sciences, Mathematics, Mathematics Education, Physics and Astronomy, and Statistics.

- Statistics

Programs

- Physical Science

Freshmen who are interested in the physical and mathematical sciences but are undecided about a specific major are encouraged to register for one or more of the following science fundamentals core courses: Chem 111 or 105; C S 142; Geol 101 or 111; Math 112 or 113; MthEd 177; Phscs 121; Stat 121 or 151.

College Advisement Center

The advisement center provides information and help on registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of the college's academic life.

Degrees Offered

Bachelor's degrees are offered in actuarial science, applied physics, biochemistry, chemistry, chemistry education, computer science, earth and space science education, geology, mathematics, mathematics education, physical science teaching, physics, physics-astronomy, physics teaching, and statistics.

The master of science degree is offered in biochemistry, chemistry, computer science, geology, mathematics, physics, and statistics. The master of arts degree is available in mathematics education. The doctor of philosophy degree is offered in biochemistry, chemistry, computer science, mathematics, physics, and physics/astronomy.

See specific departmental sections of this catalog for baccalaureate degree requirements. Graduate programs are detailed in the BYU Graduate Catalog.

Education College Page

Education

David O. McKay School of Education

The David O. McKay School of Education includes five departments, all of which prepare professionals to provide education and other developmental services for preschool through adult learners. All departments and programs emphasize a balance of academic learning and on-site classroom, clinical, or administrative experience.

Administration

Dean: Sarah A. Clark
Associate Dean: Charles R. Graham
Associate Dean: Ellie Young
Assistant Dean: Jeanna M. Nichols

Departments

- Communication Disorders
- Counseling Psychology and Special Education
- Educational Leadership and Foundations
- Instructional Psychology and Technology
- Teacher Education

Departments and Programs

1. Communication Disorders: service to children, youth, and adults who need support with aspects of speech, language, or audiology
2. Counseling Psychology and Special Education: service to children, youth, and adults with needs for counseling or disability support
3. Educational Leadership and Foundations: service as leaders and administrators in a variety of educational settings (graduate level only)
4. Instructional Psychology and Technology: service in instructional design, technology-based instruction, and classroom technology integration (graduate level only)
5. Teacher Education: preparation for service as teachers
    - Early Childhood, preschool through third grade
    - Elementary, kindergarten through sixth grade
    - Physical education teaching and coaching, kindergarten through twelfth grade

    Note: All other secondary teaching majors are housed in the colleges and content areas they represent.

Advisement Center

The McKay School's Education Advisement Center includes a variety of services to meet students' needs, which include the following:

1. *Academic Advising*. Advisement includes general education, program requirements for McKay School majors, graduation requirements, and progress toward graduation, as well as licensure guidance (350 McKay Building, 801-422-3426). Secondary education majors receive advisement on specific program requirements in the colleges and departments of their content-area majors.
2. *Scholarships*. The advisement center coordinates a variety of private scholarships and mentorships. An online application is available at education.byu.edu/advisement.
3. *Licensure*. Students who complete the requirements of a teaching program are recommended by the advisement center for licensure in Utah and states with reciprocity agreements. The center guides students in the procedures and submits the completed applications and supporting data. Guidance may be provided for obtaining out-of-state licensure.

Distinguishing Features of the McKay School

1. Undergraduates in all McKay School departments have opportunities to participate in mentored research with faculty.
2. Elementary education majors have the option to complete a minor in Teaching English as a Second Language, preparing them for state certification in this area (which will attach to their teaching license).
3. Through the McKay School's ARTS Partnership, elementary education majors with experience in visual arts, music, dance, or drama can attend performances, workshops, and participatory events that involve teaching and integrating the arts into elementary school curriculum. Those who wish to become "arts scholars" collaborate with teachers in elementary classrooms.
4. Alternative student teaching placements are available in urban, minority-intensive areas of Houston, Texas, or Washington, D.C. during the fall and winter semesters; and in southern China during the spring/summer terms.
5. As an alternative to regular student teaching, seniors in some teaching majors may choose a year-long internship within the BYU/Public School Partnership in which they teach full time in their own classrooms at one-half the beginning teacher's salary with full benefits.

Engineering College Page

Engineering

Ira A. Fulton College of Engineering

The Ira A. Fulton College of Engineering is accredited under the Accreditation Board for Engineering and Technology (ABET) for all engineering and technology programs. The men and women who have graduated from our college will be prepared for entry into the finest graduate schools or workplaces. The mission of the Fulton College is to develop men and women of faith, character, and technical ability who will become outstanding leaders throughout the world.

Student Service Center/Advisement

The Student Service Center provides assistance with resumes, resources for internships, and career placement. In Advisement, professional academic advisors are available to assist students with academic planning and provide information for specific majors. Students are assisted in major exploration and basic developmental career issues. Information is also provided regarding university resources and further career and major exploration. Advisement services also include assistance with university core, change of major, academic success, graduation processes, university policies and procedures, and scholarships.

Family, Home, and Social Sciences College Page

Family, Home, and Social Sciences

The College of Family, Home, and Social Sciences is composed of nine departments that work to foster a deep and broad understanding of humankind as disciples of Christ. Teaching and scholarship rely on social science methodology to learn about human behavior and human societies — their histories, organization, governments, and economies. As the college name implies, we are particularly concerned with studying the family as the basic unit of society.

Students in the college gain a broad education that helps develop an appreciation of the values of modern civilization and prepares them to contribute effectively as citizens. We do this by modeling curiosity and love of learning; providing challenging and faith-building experiences both inside and outside the classroom; applying careful analysis and rigorous methods to hard questions; and encouraging students, faculty, and staff to be engaged and compassionate citizens. We acknowledge God will yet reveal many great and important things, and we faithfully seek after these truths.

The knowledge and skills gained in the varied disciplines prepare students well for graduate study and professional careers with ample opportunities for mentored research, experiential learning, and community engagement.

Degrees Offered

Bachelor's, master's, and doctoral degrees are offered in the college. See the individual department and program listings in this catalog for specific degrees offered and the requirements for each.

Scholarships and Awards

Scholarships and awards are available to qualified students. Applications may be obtained from the Financial Aid Office, A-141 ASB. See department and college websites for their scholarships.

Family, Home, and Social Sciences Internships

Alison Sondrup
1049 JFSB
801-422-2168
FHSSinternships.byu.edu

Staff members are available to assist students in finding, preparing for, funding, and successfully completing an internship to enhance their undergraduate education and career readiness. Academic credit for internships is offered through individual departments. The college also runs the **Washington Seminar** and the **Utah State Legislature** internship programs, which are open to all majors across the university.

FHSS Writing Lab

Joyce Adams, Director
1175 JFSB
801-422-4454
https://fhsswriting.byu.edu
fhss-writinglab@byu.edu

Writing advisors in the FHSS Writing Lab offer discipline-specific tutoring in writing for students in the social sciences. They help students become better writers by focusing on the global aspects of writing, such as thesis construction, organization, transitions, idea development, logical coherence, style, and argument clarity.

Museum of Peoples and Cultures

Paul Stavast, Director
2201 North Canyon Road, Provo
122 B67
801-422-0020
http://mpc.byu.edu/

Educational Opportunities. Museum staff work with faculty throughout the University to provide in-depth, hands-on learning experiences not only in the museum's exhibitions and laboratories, but also in classrooms across campus. Additionally, classes in museum practices designed to provide students with practical experience are taught by the museum's staff in connection with the Anthropology department (see listings in the Anthropology section of this catalog). The museum also employs students each semester to assist in collections work, education and outreach, exhibition development, among other duties. The museum welcomes volunteers to assist in collection, educational, and promotional work.

Anthropological Collections and Research Opportunities. Museum collections comprise over 7,000 collections (consisting of over 2 million specimens and objects) of prehistoric and ethnographic artifacts from various parts of the world. The majority of holdings are from the American Southwest, Mesoamerica, Polynesia, ancient Peru, and the Great Basin (especially Utah Valley). The museum also cares for an extensive collection of documents and images related to BYU archaeological research. The museum encourages students to inquire about research possibilities using its collections.

General admission is free at the Museum of Peoples and Cultures. Guided tours are available for a nominal fee and can be scheduled by calling the museum.

Fine Arts and Communications College Page

Fine Arts and Communications

College of Fine Arts and Communications

The College of Fine Arts and Communications houses the Departments of Art, Dance, Design, and Theatre and Media Arts, as well as the School of Communications and the School of Music. It also fosters lifelong learning and enriches the educational environment across campus through hundreds of performances and presentations by students and faculty each year as well as through the exhibits and collections of the Museum of Art. Beyond the borders of campus, our students undertake research projects, pursue internships, participate in experiential learning activities both domestically and internationally as well as study abroad programs across the globe, and our performing ensembles reach worldwide audiences through annual tours.

The curricula of the College of Fine Arts and Communications encourage students to aspire to the highest scholastic and artistic standards, following within their respective specialties the sacred injunction to seek, inquire, discern, and articulate knowledge. The college celebrates creative and scholarly work as an exploration of humanity and divinity.

Students in the college balance a strong liberal arts foundation with specialized, rigorous training in the methods, theories, histories, and practices of their chosen disciplines. Each of the programs within the college seeks to produce graduates whose creative and professional work contributes positively to society while benefiting the organizations for which they work and enriching the audiences they reach. By encouraging exceptional performance, presentation, and communication, graduates emerge as scholars and professionals within their disciplines and informed, creative voices within their communities.

College Advisement Center

The College of Fine Arts and Communications Advisement Center recognizes the opportunity and responsibility to be actively involved in our students' educational journey. The advisement center is committed to not only establish an important, service-oriented connection with each student in a caring, friendly environment, but to also provide accurate and timely information to better prepare them for greater academic success.

Professional academic advisors are available to provide information regarding university policies and procedures, dates and deadlines, registration, faculty advisor referrals, major/minor application preparation, major/minor planning and progression, graduation qualification, as well as many other academic concerns. For more information and resources, visit cfacadvise.byu.edu.

Interdisciplinary Degrees

Animation is an interdisciplinary degree offered by the Department of Design through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Design, and the Department of Computer Science.

Music Dance Theatre is an interdisciplinary degree offered by the Department of Theatre and Media Arts through the cooperative involvement of the School of Music, the Department of Theatre and Media Arts, and the Department of Dance.

Enrollment in a Major Program

Enrollment in most degree programs in the College of Fine Arts and Communications is limited by the availability of resources such as facilities, equipment, and faculty; the number of students interested in pursuing those degrees exceeds the number that can be admitted. Students are asked to carefully study the requirements of the major program they desire to enter to determine if the program really fits his or her personal goals and educational objectives. Students should consult departmental websites for details about audition dates, portfolio submissions, or other requirements to be considered for admission into competitive programs. Make special note of audition dates, submission deadlines, etc.

The application process for each major has been structured to be as fair and impartial as possible. Enrollment limitations require those evaluating applications to make difficult decisions. Those who are not admitted into his or her desired program are encouraged to move quickly and decisively toward an alternative major program.

Applications for degree programs in the college are available online through each department's website. Prior to applying, students must complete all of the prerequisite courses and/or specific requirements stipulated in the application process. For further information, please contact the appropriate department or school directly. For contact information go to http://cfac.byu.edu.

Scholarships and Awards

Performance awards are offered by each of the academic units within the college. Applications and information about auditions for performance awards can be obtained by contacting the appropriate department or school.

Applications for general academic scholarships can be obtained online here or at the Scholarship Office. For information about graduate scholarships, fellowships, and grants-in-aid, see the Graduate Studies website.

Humanities College Page

Humanities

College of Humanities

The College of Humanities houses programs that study literature and language as well as philosophy, critical reading, and writing. Those programs share a concern with the processes and products of human expression. In doing so, they focus on a quest for fluency in what has been called "the human conversation"—the ongoing inquiry into what it means to be human.

Study in the humanities disciplines develops facility in languages and cultures as well as higher order cognitive abilities needed for interpretation, analytical thinking and reflection, criticism, and writing. Students can apply what they are learning prior to graduation and enrich their capacities for satisfying careers and productive lives as educated citizens after.

Liberal Arts Advisement and Careers

Sherami Jara, Assistant Dean
1049 JFSB
801-422-3541
https://liberalarts.byu.edu/

Liberal Arts Advisement and Careers supports students in achieving their academic and career goals by providing guidance and direction in academic and career exploration, progress toward timely graduation, and experiential learning through Humanities+ experiences. Those experiences include internships, faculty mentoring, secondary majors, minors, participation in clubs, and other professionally relevant experience.

Center for Language Studies

Ray T. Clifford, Director
Molly McCall, Assistant Director
3086 JFSB
801-422-1201
http://cls.byu.edu

The Center for Language Studies works with other College departments to help students from all of the University's academic disciplines acquire the advanced language and cultural skills they need for personal enrichment and for global careers. Particular emphasis is placed on:

- Teaching advanced language classes in less-commonly taught languages spoken by returned missionaries.
- Testing language proficiency.
- Conducting language acquisition research.

The Humanities Center

Rex Nielson, Senior Fellow and Director
3149 JFSB
801-422-2176
http://humanitiescenter.byu.edu

The Humanities Center is an institute of intensive learning and outreach that promotes the exchange of ideas within the humanities and across the arts and sciences. It aims to foster excellent research and teaching in the humanities, encourage discussion and collaboration across departments, colleges, and universities on matters of public as well as academic concern and enhance BYU's global reputation for scholarship, teaching, and public service.

Kennedy Center for International Studies

David M. Kennedy Center for International Studies

Located in the heart of Brigham Young University’s campus, the Kennedy Center is a dynamic, global center offering a broad spectrum of study and service opportunities. Our richly diverse but intimately interconnected world challenges us to develop a breadth of knowledge and a depth of understanding to comprehend our complex international neighborhood. The Kennedy Center is committed to the university’s injunction to “enter to learn—go forth to serve” and its aspiration to make “the world our campus.”

Mission Statement:

The David M. Kennedy Center for International Studies is the heart of international engagement for the BYU community. By supporting and implementing interdisciplinary international experiences on campus and abroad, the Kennedy Center raises global awareness and competency, and equips the community with international perspectives and tools to promote intellectual, physical, and spiritual well-being throughout the world.

International Study Programs

Study Abroad: BYU's traditional off-campus study programs. In these programs students are able to further their general education; pursue specialized courses in languages, the social sciences, humanities, fine arts, and other fields; gain valuable insights into their own country; and further international understanding.

Direct Enrollment: Students are integrated into an international university, taught by faculty native to that country, and are not accompanied by BYU faculty.

International Internships: Short-term, on-the-job apprentice training abroad under the direction of a firm, government agency, NGO, or other such institution.

Field Studies: A research experience abroad for small numbers of students directed by faculty, who generally do not accompany the students.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The university core, consisting of requirements in general and religious education. (See University Core for details. For a complete listing of courses that meet university core requirements, see the current class schedule.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Student Services

The goal of the Life Sciences Student Services Center is to provide "one stop shopping for students and faculty." The center services students in five areas: advisement, assessment, career advisement, college life, and mentored experiences.

Advisement—Students are instructed in general education advisement and given assistance in creating a graduation curriculum plan for their major. Advisement is an interactive, developmental experience between students and advisors. Advisement services include change of major, academic success, graduation processes, and other specific advisement needs. LfSc 101 is offered to all new students who are exploring Life Science majors. All majors and career options are presented in this course plus basic student development principles to assist new students in adapting to BYU and becoming familiar with its resources.

Assessment—Students are informed of the importance of maintaining the university's accreditation standing. Students assist in the assessment process by providing input through surveys, exit interviews, one-year-out and five-year-out surveys, and results on national major field exams and other national and professional school admission exams.

Career advisement—Students are assisted in major exploration and basic developmental career issues. Information is provided regarding university resources for further career and major exploration.

College life—The "Empowering Others" philosophy encourages students to help and teach each other by creating a spirit of cooperation rather than competition. Study groups are fostered and organized to enhance learning. A learning facility provides tutoring services for students enrolled in essential biology courses. This walk-in area allows a student access to tutors 10–12 hours per day. Leadership opportunities for students can be enhanced through participation on the Life Sciences Student Council and participation in clubs. The college also offers scholarship opportunities to its undergraduate and graduate students.

Mentored experiences—Internships provide students with opportunities to try out their prospective careers. The center provides resources for obtaining internships as well as processing all the paperwork and awarding grants to students who desire that experience. Assisting faculty with research constitutes a mentorship. Students learn invaluable skills and problem-solving techniques from their mentors. The center can help students seeking mentored experiences.

M. L. Bean Life Science Museum

Duke S. Rogers, Director
Leigh Johnson, Associate Director for Research and Collections
Marta Adair, Assistant Director for Education
2103 MLBM

Robert Johnson, Collections Manager, Herbarium
Byron Adams, Curator of Meiofauna
Seth Bybee, Assistant Curator of Athropods
Shawn Clark, Collections Manager, Arthropods
Jerald Johnson, Assistant Curator of Fish
Leigh Johnson, Curator, Herbarium
Robert Johnson, Collections Manager, Herbarium
Randy Larsen, Assistant Curator of Birds
Steve Leavitt, Curator of Nonvascular Cryptogams
Riley Nelson, Assistant Curator of Athropods
Duke Rogers, Curator of Mammals
Dennis Shiozawa, Curator of Fish
Jack Sites, Curator of Reptiles and Amphibians
Michael Whiting, Curator of Arthropods

The Bean Life Science Museum is fully accredited with the American Alliance of Museums. A major addition and remodel of the museum was completed in 2014. Its vast teaching and research collections include more than two million arthropods, fish, amphibians, reptiles, mammals, birds, meiofauna and mollusks, and more than 700,000 plants, fungi, algae, and bryophytes. Specimens for these collections, which represent creative work by university faculty members and students, have been gathered from around the world, making the museum a major repository of scientific-quality, biological collections in the western United States.

The museum and its collections are utilized by university classes in biology, plant and wildlife sciences, education, art, geography, and other disciplines. The museum also maintains and manages the Lytle Ranch Preserve. Located in the northernmost extension of the Mojave Desert southwest of St. George, Utah, this 600-acre desert "classroom" is situated in a part of Utah that is unique not only for its plant and animal communities, but also for its setting at the crossroads of three major bioregions.

Public programs at the museum include temporary and permanent exhibits of natural communities that illustrate complex relationships between plants, animals, and their physical environment. Educational programs serve more than 150,000 annual visitors and provide classes and programs for public and private schools and many other organizations. Museum hours are Monday through Friday from 10:00 a.m. to 9:00 p.m. and Saturday from 10:00 a.m. to 5:00 p.m. The museum is closed on Sunday. Admission is free.

The Western North American Naturalist, a nationally recognized peer-reviewed natural history journal, is administered by the museum. Other museum publications include professional and popular works such as *A Utah Flora, Bark and Ambrosia Beetles of South America, Snakes of Utah*, and *Common Rocky Mountain Lichens*.

Religious Education College Page

Religious Education

The mission of Religious Education at Brigham Young University is to assist individuals in their efforts to come unto Christ by teaching the scriptures, doctrine, and history of the restored gospel of Jesus Christ through classroom instruction, gospel scholarship, and outreach to the larger community.

WEBSITE

Departments

· **Ancient Scripture**

· **Church History and Doctrine**

Purposes

The purpose of religious education is to teach the restored gospel of Jesus Christ from the scriptures and modern prophets in a way that helps each student:

· Develop faith in and a testimony of

o Heavenly Father and His “great plan,”

o The Savior, Jesus Christ, and His infinite atoning sacrifice, and

o The restored gospel of Jesus Christ, including The Church of Jesus Christ of Latter-day Saints; the Prophet, Joseph Smith; and the other modern prophets, seers, and revelators.

· Become lifelong disciples of Jesus Christ, who make and keep covenants, who love God and others, and who are able, willing, and committed to gather Israel on both sides of the veil.

· Strengthen their ability to find answers, resolve doubts, respond with faith, and give reason for the hope within them in whatever challenges they may face.

These purposes are accomplished through excellent gospel teaching and high-quality research and publications focused on gospel, academic, or pedagogical scholarship. (See *Strengthening Religious Education in Institutions of Higher Education,* Board approved: 12 June 2019)

Degrees Offered

Religious Education offers two programs leading to a master's degree: **Master of Arts Religious Education** designed for individuals recommended by Seminaries and Institutes and **Master of Arts Chaplaincy** for military, hospital, and prison chaplain candidates.

For further information on these programs, please contact the Religious Education Office. No other degree programs are offered in this area.

Doctrinal Foundation and Religious Electives

Religion courses are an integral part of the university curriculum that conforms to university standards and expectations. While students are enrolled at BYU, they are required to take religion courses from BYU. See Doctrinal Foundation and Religious Electives information at **General Education** in this catalog.

Religious Studies Center

Reid Neilson, Director

Jared W. Ludlow, Publications Director
167 HGB
801-422-6975
http://rsc.byu.edu/

The Religious Studies Center (RSC) continues to pursue its original charter to encourage and sponsor serious, faithful, gospel-related scholarship and the ensuing publication of that scholarship. It fulfills the charge to help meet the university's commitment to the study of religion and its aim to teach and preserve the doctrine of the gospel of Jesus Christ. It also serves the greater Church through the publication of the works of BYU faculty and other scholars who have written important, timely, scholarly work of a faith-promoting nature. To encourage and promote religiously oriented scholarship, the RSC awards grants and provides other financial assistance. It proactively reaches out to faculty to encourage research in specific areas and supports them in the publication of their findings.

Student Life

Student Life is a division of the University that includes the following areas:

- Campus Life
- Student Development Services
- Residence Life
- Student Health Center
- Title IX

Leadership for Student Life is provided by the Student Life Vice President. Under the direction of the Student Life Vice President, the Dean of Students oversees Campus Life and the Executive Director of Student Development Services oversees student development programs and services.

Requirements for Enrollment in Continuing Education Classes

Credit and noncredit classes and programs are open to anyone, including matriculated and non-matriculated students, individuals who wish to audit courses, and high school students who meet the university's concurrent enrollment requirements.

Students who have been suspended from Brigham Young University or any other institution of higher education for any reason may register **only** for Independent Study classes. Suspended students ***may not*** enroll in Evening or Salt Lake Center classes until the suspension has been formally resolved and the student has been reinstated.

Student Responsibility. Enrollment in a Continuing Education course does not constitute admission to BYU or any other university as a degree-seeking student. Students are responsible for gaining admission to the university of their choice as a degree-seeking student through the institution's standard admission procedures. At BYU, students may apply for admission through Enrollment Services.

Additional information

Disclaimer

The university makes every reasonable effort to provide accurate information in the contents of this catalog but reserves the right to make changes at any time without prior notice. The university reserves the right to change or discontinue graduation requirements, department majors, individual courses, instructors, and all other aspects of university operations. In the event the university determines to make changes in curriculum, it will post these changes as soon as practical within this online catalog. It is recommended that students regularly check this catalog for possible changes.

If colleges or majors are discontinued, or if substantial changes in requirements for degrees are made, the university will endeavor to allow students disadvantaged by the change to continue under existing programs and requirements. As a general rule, these types of substantial changes will only be made effective each fall semester.

The university may place a hold on a student's registration privileges if the student neglects academic work or makes unsatisfactory progress toward graduation.

Full Withdraw

Full Withdraw

Enrollment Services
D-148 ASB
(801) 422- 4104

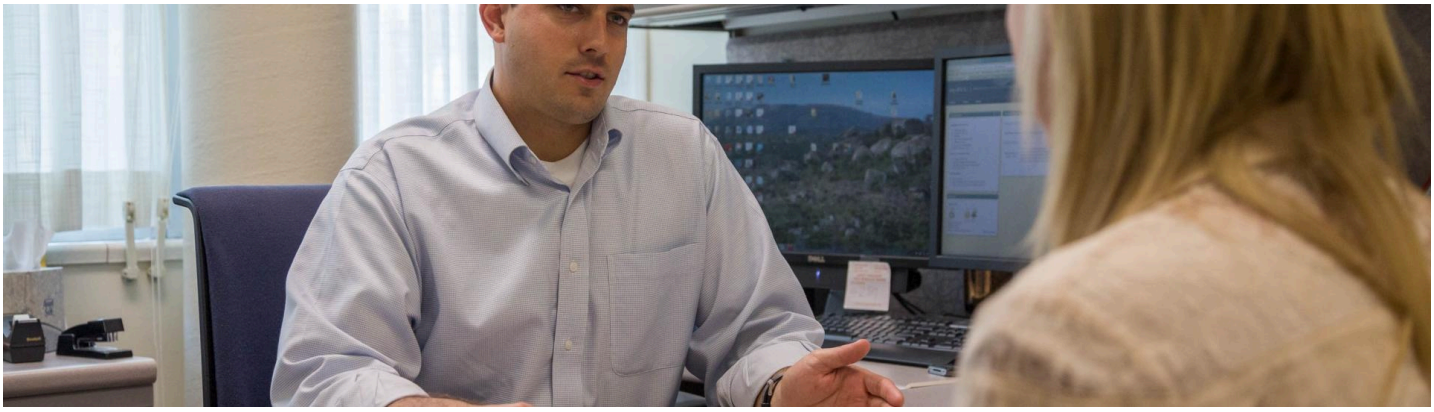
Full withdrawal is defined as withdrawing from ALL classes for the current semester or term and means a student is no longer considered to be currently enrolled. It may also have an impact on other areas of campus where students are required to be enrolled in a certain number of credit hours, such as:

- housing
- financial aid
- scholarships
- health center
- employment
- counseling services
- computer lab
- exercise facilities

The Enrollment Services Counselors in D-148 ASB are available to consult with students or parents regarding these issues.

The withdrawal process includes the following:

1. **Before the first day of classes and up to the add/drop deadline,** students may drop all of their classes through MyMAP with no record on the official transcript.
2. **After the add/drop deadline**, students must discontinue by submitting the online Full Withdraw Request.
3. Once the online Request for full withdrawal form is completed and submitted, the student will be withdrawn from classes.
4. **After the withdrawal deadline**, if non-academic circumstances arise, students may work with their instructors to pursue an incomplete contract. (See information about incompletes here.) If a student desires to discontinue after the deadline, including first term classes, it will be necessary to file a petition (see http://petitions.byu.edu).



For more information, see the Leave of Absence section here or the Enrollment Services website.

Final Examination Policy

The current final examination policy can be found at https://policy.byu.edu/view/final-examination-policy.

Financial Aid & Scholarships

Financial Aid & Scholarships

Enrollment Service
3326 WSC
(801) 422-4104

BYU offers financial aid from various federal, state, and university programs in the form of grants, scholarships, and loans. The Financial Aid Office coordinates these financial aid programs and assists students in identifying the financial resources for which they might qualify. Because the number of students applying for financial assistance usually exceeds the funds available through university programs, the distribution of financial aid at BYU is typically based on an assessment of the student's and family's financial need. There are some exceptions, however, this includes BYU short-term loans and academic, performance, talent, and athletic scholarships.

The process of determining a student's eligibility for federal financial aid is called ***need analysis***. During need analysis, a student's and parent's income and asset information is examined to determine the family's ability to contribute toward educational costs. This figure, called the Student Aid Index (SAI), is subtracted from the approximate cost for the student to attend BYU for a specific length of time (typically, one academic year). If the Cost of Attendance (COA) is more than the family can contribute, the student has demonstrated ***financial need***.

This COA includes estimated amounts for tuition, books and supplies, housing and food, miscellaneous personal expenses, applicable federal student loan fees, and travel expenses. Each student who applies for federal financial aid receives a COA estimate to determine eligibility for aid. For Cost of Attendance amounts, please see the Financial Aid website: https://enrollment.byu.edu/financial-aid/cost-of-attendance.

BYU uses the Free Application for Federal Student Aid (FAFSA.gov) to determine a student's SAI. All students applying for federal financial aid must complete this form. To reduce the chance of delays, students and their parents are encouraged to read instructions carefully, complete all forms correctly, and submit any requested documents in a timely manner.

Enrollment Services Counselors are available and eager to assist with the application process and can be reached by calling 801-422-4104.

Eligibility Requirements

Applicants for federal financial aid (Federal Pell Grants, Federal Direct Subsidized and Unsubsidized Loans, and Federal Direct PLUS Loans) must be U.S. citizens, permanent residents, or eligible non-citizens. In addition, students must maintain Satisfactory Academic Progress (SAP) to have federal financial aid disbursed to them.

Rules and regulations governing the disbursement of federal financial aid are subject to change. Contact Enrollment Services if you have additional questions regarding your eligibility for financial assistance.

All financial aid is administered in compliance with BYU's nondiscrimination policy, which can be found at https://policy.byu.edu/view/church-educational-system-nondiscrimination-policy.

Scholarships

Brigham Young University offers scholarships to select students on the basis of various factors, including academic excellence and financial need, as an investment in their education. Scholarship funds are provided through the tithes of the Church of Jesus Christ of Latter-day Saints and the offerings of generous individuals. They are given to encourage continued commitment to spiritual and intellectual growth. The gift of a scholarship assumes an obligation on the part of the recipient to use that investment to prepare for expanded and purposeful service in families, communities, and the world. We endorse the principle of replenishment and invite all to make a similar investment in someone else's future by contributing to the university's scholarship programs when in a financial position to do so.

Although the contributions of the Church and others have been generous, funds are still insufficient to award all students. Consequently, policies and procedures have been established to better ensure fairness in awarding available scholarship funds consistent with the university's aims and donors' wishes.

For additional information about our policies and procedures, please contact Enrollment Services:

Address:
3326 WSC
Provo, UT
84602-1009
Telephone: (801) 422-4104
Web: https://enrollment.byu.edu/scholarships

The majority of BYU scholarships are awarded to students based on academic merit and financial need. After the scholarship application deadline, students are ranked by their academic performance and financial need. Beginning at the top of the ranked order, scholarships are awarded until funds are exhausted.

BYU scholarships are not renewable, and most are awarded for two semesters only unless otherwise specified. To receive future consideration, students must reapply every year by the appropriate deadline. Applicants must also officially declare a major by the end of their sophomore year.

Alumni Association

Generations of BYU students have benefited from the generous support of the Church and private individuals. With that support they have received a first-rate education that has helped them "go forth to serve." Part of that service includes providing for the education of future generations.

Applicants for the Alumni Replenishment Grant are considered based on need and other criteria along with a moral commitment to repay the amount of the grant, so that future students can receive and continue such financial assistance.

Alumni Association Replenishment

The Alumni Association Replenishment Grant is available to junior, senior, and graduate students whose total cost of education may not be met through other financial aid programs. Scholarships are awarded annually in amounts equal to half or full LDS tuition. The scholarship recipients will be asked to replenish the fund once they are in a financial position to do so.

To be considered, both the cumulative and BYU GPA must be at least 3.0 by the end of fall semester. Applicants must also demonstrate financial need and be willing to replenish the scholarship fund at a later date. To apply, complete the online scholarship application available through myBYU, including the Financial Need section as well as the Alumni Replenishment Grants section.

Alumni Association Regional Replenishment

Several chapters of the BYU Alumni Association offer replenishment grants to students whose permanent residence lies within their boundaries.

To apply, complete the online scholarship application available through myBYU, including the Financial Need section as well the Alumni Regional Replenishment Grants section.

Athletic

The university awards grants-in-aid to outstanding athletes who qualify under conference and NCAA rules and regulations.

For program applications, deadlines, and additional information, apply directly to the coach of the sport in which you wish to participate or contact Intercollegiate Athletics:

Address:
331 SAB
Provo, UT
84602
Telephone: (801) 422-2046
E-mail: athletics@byu.edu

College and Departmental

In addition to the scholarship programs described in this bulletin, other private scholarships are available through the colleges and some departments. Students can check with their college or department for additional information and applications.

International

International students are eligible to apply for academic scholarships as new incoming freshmen, former or continuing students. Transfer students must complete a minimum of 12.0 credits of regular course work before they are eligible to be considered for academic scholarships offered by the Financial Aid Office. Scholarships are awarded on a yearly basis. Check the Financial Aid website for scholarship application deadlines.

International Study Programs

The International Study Programs Office offers scholarships and grants to assist undergraduate students participating in its programs. These program discount award amounts vary depending on financial need, GPA, year in school, major, length and type of program, and other pertinent factors.

To apply, students must apply for a program through the ISP website, and complete the ISP Financial Aid portion of that application. All applicants must have a minimum 3.0 GPA, as well as a current FAFSA on file with BYU. The FAFSA is found at www.fafsa.ed.gov.

For program applications, deadlines, and additional information on scholarships, please contact International Study Programs:

Address:
101 HRCB
Provo, UT
84602
Telephone: 801-422-3686
Email: isp@byu.edu
Website: http://kennedy.byu.edu/isp/.

Jerusalem Center

The Jerusalem Center for Near Eastern Studies offers financial aid to undergraduate students participating in the various Jerusalem Center study programs. This financial aid is administered under the following categories:

Grants are awarded primarily on the basis of financial need. These grants will vary according to the applicant's financial need and the funds available. Individual FAFSA information must be on file at BYU for students to be considered.

Scholarships are awarded primarily on the basis of academic performance and will vary as stated above. A minimum GPA of 3.50 is required to be considered.

For program applications, deadlines, and additional information, contact the Jerusalem Center Office:

Address:
101 HCEB
Provo, UT
84602-1524
Telephone: (801) 422-6017
E-mail: jerusalem@byu.edu
Website: http://jerusalemcenter.ce.byu.edu

Need-Based

BYU budgets a number of need-based awards for U.S. citizens, permanent residents, and eligible non-citizens. Each applicant's circumstances and resources are reviewed and evaluated; unfortunately, there is always more need than available funding. Interested students must complete the Financial Need section of the scholarship application available through MyBYU, as well as the FAFSA (Free Application for Federal Student Aid), by the appropriate deadline.

Other Private

Generous friends of the university have contributed a number of private scholarships. Many of these scholarships carry specific stipulations and restrictions. To be considered for these scholarships, complete the online scholarship application available through MyBYU, including the Other Scholarships section if applicable.

Research

The following scholarships promote and reward research:

The Undergraduate Scholarship Awards are given to a select number of students in good academic standing—generally juniors and seniors—to fund research projects. To obtain the application instructions and guidelines, deadlines, and additional information, contact the Office of Research and Creative Activities

Address:
A-285 ASB
Provo, UT
84602-1231
Telephone: (801) 422-3841

Students should also contact their department and college to learn about other research opportunities and awards.

ROTC

Both the Army ROTC and the Air Force ROTC offer competitive scholarships to qualified students enrolling in their programs. ROTC scholarship recipients may receive full tuition and fees, or housing and food, plus a book allowance each semester. In addition, both scholarship and non-scholarship cadets who are contracted with ROTC receive a monthly stipend [$300 (up to $500) a month as they progress through the program]. For further information and application requirements, contact the Military Science Department (Army ROTC):

Address:
320 Wells ROTC Building
Provo, UT
84602-8301
Telephone: (801) 422-7725
E-mail: armyrotc@byu.edu

Or the Aerospace Studies Department (Air Force ROTC):

Address:
380 Wells ROTC Building
Provo, UT
84602-8301
Telephone: (801) 422-2671
E-mail: afrotc@byu.edu

Students with Disabilities

Generous donors have established a few private scholarships to assist students with disabilities. Because funds are limited, the Scholarship Committee will consider the nature of the applicant's disability and its impact on his or her ability to function in class and earn a living. Academic performance and financial need will also be considered. Interested students must complete the appropriate section of the scholarship application available through myBYU and submit appropriate current documentation of the disabling condition from a licensed professional to the University Accessibility Center:

Address:
2170 WSC
Provo, UT
84602
Telephone: (801) 422-2767

Talent Awards

BYU offers talent awards in the areas of communications, dance, music, theatre and media arts, and art. For these awards, demonstrated talent is a more important criterion than scholastic achievement. Awards range in value from $100 to full tuition for one year. For further information and application materials, contact the appropriate department directly:

Art: Department of Art

Address:
E-509 HFAC
Provo, UT
84602-2500
Telephone: (801) 422-2064
E-mail: e509frontdesk@byu.edu

Communications: School of Communications

Address:
360 BRMB
Provo, UT
84602-6403
Telephone: (801) 422-2997
E-mail: comms_secretary@byu.edu

Dance: Department of Dance

Address:
294 RB
Provo, UT
84602-2005
Telephone: (801) 422-5087
E-mail: dance@byu.edu

Design: Department of Design

Address:
E-509 HFAC
Provo, UT
84602-2500
Telephone: (801) 422-7321
E-mail: e509frontdesk@byu.edu

Music: School of Music

Address:
C-550 HFAC
Provo, UT
84602-6410
Telephone: (801) 422-6304
E-mail: music@byu.edu

Theatre and Media Arts: Department of Theatre and Media Arts

Address:
D-581 HFAC
Provo, UT
84602-6405
Telephone: (801) 422-6645
E-mail: tmasec@byu.edu

General University Scholarship Policies

Students granted university scholarships must do the following to claim their award:

1. Abide by the Honor Code and adhere to the Dress and Grooming Standards of BYU, and
2. Register as a full-time student and complete a minimum of 12 credit hours per semester.
   Note: Scholarships may be applied to approved International Study Programs and the BYU Jerusalem Center. Scholarships may not be used for Independent Study or Continuing Education courses, BYU-Idaho or BYU-Hawaii courses, audited classes, or credit earned through special examination.

Additional provision:

Students who have received scholarships for a total of eight semesters, excluding spring and summer terms, are ineligible for future fall/winter scholarships through the Financial Aid Office, but may be considered for spring/summer scholarships.

Withdrawal

A student claims a scholarship by registering for classes and using the scholarship to pay tuition. If the student then does not attend school or, once enrolled, withdraws, the scholarship will be cancelled and the student will be billed for the appropriate tuition and discontinuance fees. Students who need to withdraw because of illness, injury, or extenuating circumstances should contact Enrollment Services (D-155 ASB) for appropriate action.

Note: Exceptions to these policies may sometimes be granted according to individual needs and circumstances. Students wanting an exception must submit a formal written petition to the Financial Aid Office prior to the necessary change.

Petitions may be submitted to:

Address:
3326 WSC
Provo, UT
84602
E-mail: sch-petitions@byu.edu.

BYU Short-Term Loan

A short-term loan is available to full- or part-time day students or full-time evening students admitted to day school. A student may borrow up to the cost of tuition only and the loan must be repaid during the same semester or term in which the money is borrowed. The loan is not available for Independent Study, job interviewing, or debt payments. Students can apply for a short-term loan by logging in to myBYU and, under campus links, clicking *School > My Financial Center > My Accounts > BYU Short Term Loan*.

Federal Programs

Federal Pell Grant

Federal Pell Grant eligibility is determined by the U.S. Department of Education based on financial need when the student submits a FAFSA. A Pell Grant is not a loan and typically does not have to be repaid. Only undergraduate students who have not already earned a bachelor's degree are eligible for a Pell Grant. (Students who pay graduate tuition are not eligible.) Pell Grant payments are disbursed one semester at a time (spring and summer term hours are combined) and are based on the percentage of eligible credits for which a student is enrolled, compared to a full-time courseload. This is called Enrollment Intensity. Full-time enrollment (12 or more credits) equals a 100% Pell Grant award. For example:

· 12.0 or more semester hours =100% of maximum Pell Grant award

· 11.5 semester hours =96% of maximum Pell Grant award

· 11 semester hours=92% of maximum Pell Grant award

· 10.5 semester hours=88% of maximum Pell Grant award

In determining eligible hours for federal aid, please note that:

1. Audit hours, independent study, hours through Special Courses and Conferences, and hours obtained by challenge exams may not be used.
2. Salt Lake Center, Study Abroad, and Jerusalem Center classes, etc., may be used only during the term or semester for which the student is admitted to BYU day school.
3. Classes taken more than twice at BYU may not be used.

William D. Ford Direct Loan Program

Direct Loans are available to undergraduate and graduate students. Students must meet the eligibility requirements described previously. Undergraduate students must be enrolled in at least 6.0 credit hours per semester or term; graduate students must be enrolled in at least 4.5 credit hours per semester or term. Audit hours, independent study, hours through Special Courses and Conferences, and hours obtained by challenging classes may not be used in determining hours. Repayment begins six months after a student graduates, drops below half-time enrollment, or withdraws from the university.

The Direct Loan Program offers the following types of loans:

- Subsidized—Based on financial need as determined by a student's Cost of Attendance (COA) and Student Aid Index (SAI). The government pays the interest on the loan while the student is enrolled in school at least half-time, during the grace period, and during deferment periods. Subsidized loans are not available to graduate students.
- Unsubsidized—Is not based on financial need and interest begins to accrue once the loan is disbursed. Students who receive subsidized loans may also receive unsubsidized loans. Students may choose to make interest payments while they are in school or during deferment/grace periods.
- Parent PLUS—Parent PLUS—Available for dependent undergraduate students continuing in their current programs after July 1, 2026. Parents may borrow up to the student's Cost of Attendance minus any financial aid received by the student. For new students or those whose parents have not previously borrowed a Parent PLUS Loan, up to $20,000 may be borrowed per school year, if the Cost of Attendance allows. Like the unsubsidized loan, interest begins to accrue once the loan is disbursed. PLUS Loans go into repayment 60 days after the loan is fully disbursed, unless a deferment is approved. Parents may borrow up to the student's Cost of Attendance minus any financial aid received by the student. A credit check is done, and the loan is generally approved unless there is an adverse credit history. For students whose parents are denied a PLUS Loan, due to the credit check, an additional unsubsidized loan may be approved.
- Graduate PLUS—Available for graduate and professional students continuing in their current programs after July 1, 2026, who borrowed federal student loans (unsubsidized or Graduate PLUS) while in the program. Those who begin their program after July 1, 2026, or have not previously borrowed federal student loans in their current program are not eligible for Graduate PLUS Loans. Like the Parent PLUS Loans, interest begins to accrue once the loan is disbursed. An in-school deferment is automatically applied to Graduate PLUS loans, which includes a six-month grace period after the student drops below half-time enrollment (we encourage students to confirm this with their loan servicers). Eligible students may borrow up to the Cost of Attendance minus any other aid they receive. A credit check is done, and if there is no adverse credit history, the loan is generally approved.

To avoid the burden of excessive debt, students should consider other forms of financial aid such as grants, scholarships, part-time employment, savings, and family assistance. Students should also contact their state educational agency to apply for state grants and other state aid that may be available. High school counselors and employers may also provide information regarding other sources of financial aid.

Satisfactory Academic Progress (SAP)

Federal regulations require schools to establish, publish, and apply reasonable standards for determining whether a student receiving federal financial aid is maintaining satisfactory academic progress in his or her course of study. Satisfactory Academic Progress is measured using qualitative and quantitative standards as follows:

Undergraduate Students

Qualitative Standard

Maintain a cumulative GPA of 2.0 or higher (includes transfer credits).

Quantitative Standards

Pace (Rate of Progress): Students must successfully complete at least 66.67% of all credits attempted. Rate of progress is determined by dividing the total number of earned hours by the total number of attempted hours.

- Earned hours include letter grades A, B, C, D, P, T, and CR.
- Attempted hours include earned hours and all non-progress hours, E, I, IE, UW, W, WE, F, and NC as well as repeated hours, transfer credit, AP and IB credit, foreign language examination credit and other examination credit.
- For transfer students, W's, E's, IE's, and UW's from the transfer institution are excluded when calculating rate of progress.

Maximum Time Frame (Attempted Hours): Federal regulations allow for a student to attempt 150% of the number of credit hours required for graduation. For students enrolled in a double major, this applies to the completion of requirements for the major completed first. The majority of BYU undergraduate degree programs require 120.0 hours. This allows a maximum time frame of 180.0 attempted credit hours as defined above. For students in majors requiring more than 120.0 hours, the maximum attempted hours will be adjusted to 150% of the number of hours needed for graduation.

The following adjustment to the maximum attempted credit hour limit will also be made automatically by the Financial Aid Office:

- Exclude AP/IB credits which do not satisfy university core or major/minor course requirements.

Graduate Students

Qualitative standard:

Maintain a cumulative GPA of 3.0 or higher (or 2.7 for law students).

Pace (Rate of Progress): Students must successfully complete at least 66.67% of all credits attempted. Rate of progress is determined by dividing the total number of earned hours by the total number of attempted hours.

- Earned hours include letter grades A, B, C, D, P, T, and CR.
- Attempted hours include earned hours and all non-progress hours, E, I, IE, UW, W, WE, F, N and T, as well as repeated hours, transfer credit, AP and IB credit, foreign language examination credit and other examination credit.
- For transfer students, W's, E's, IE's, and UW's from the transfer institution are excluded when calculating rate of progress.

Maximum Timeframe defined by program of study:

- Master's and Doctoral candidates must complete their degree within 150% of the number of credit hours required for their program of study. The majority of BYU Master's programs require 30 hours, while Doctorate programs require 45 hours.

Review of SAP

SAP components are evaluated at the end of each term when grades post to determine future eligibility.

- Students who "pass" this review meet SAP and will be eligible for federal financial aid for the next term in which they enroll.
- Students who fail to meet the SAP review are allowed one term on "warning" in which they are allowed to receive federal financial aid and work to improve their academic record in hopes of meeting the SAP standards again.
- Students who successfully complete the "warning" term and improve their record to "pass" the SAP review will be eligible for federal financial aid for the next term in which they enroll.
- Students who "fail" the SAP review at the end of the warning term do not meet SAP and will not be eligible for federal financial aid for the subsequent term(s) in which they do not meet the SAP standards. Students will be notified of their failed SAP status by the Financial Aid Office via BYU email.
- If GPA, Pace later improve above the minimum requirements, SAP may be rehabilitated. Students once again become eligible for aid in future enrollments if they meet all other requirements.
- Once a student has exceeded the Maximum Timeframe limit, SAP cannot be rehabilitated. Aid eligibility is ended for the student’s current program.

Petition for Override of SAP

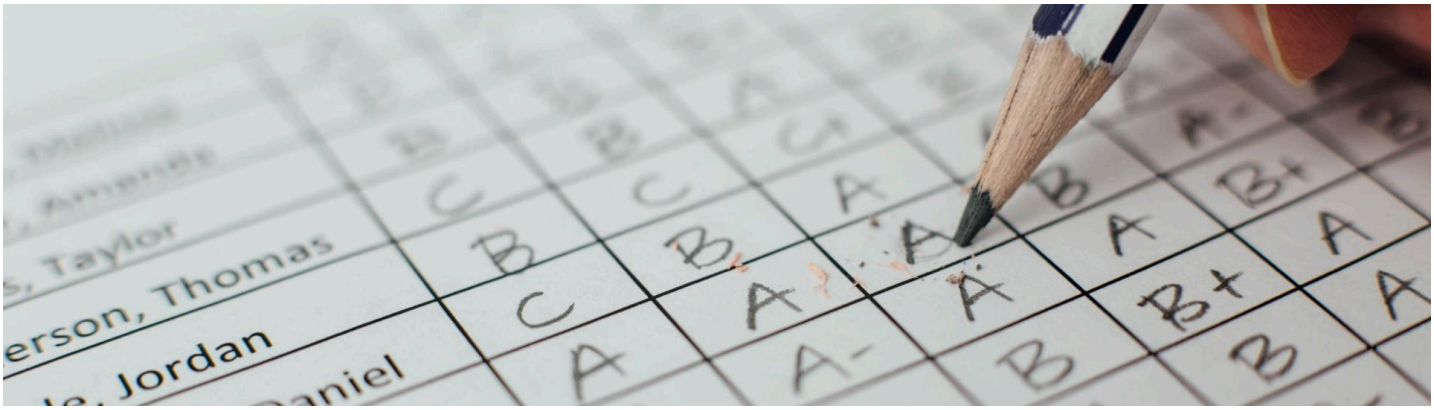
A student who has extenuating reasons for not meeting SAP may meet with his or her Enrollment Services Counselor to determine if a financial aid probation period is appropriate.

Important Tax Information

Under the Tax Reform Act of 1986, only scholarship, fellowship, benefit, and grant amounts used for tuition, fees, books, supplies, and equipment required for courses of instruction are excluded from the recipient's gross income. Any of these funds used for other expenses, such as housing and food, must be included in income. If funds are received from any of these sources, a detailed record should be kept of all expenditures for tuition, fees, books, and required equipment and supplies. For more detailed information, consult a personal tax advisor.

Exception to University Financial Aid Policy

Students desiring an exception to university Financial Aid Policy must meet with their Enrollment Services Counselor to discuss their situation. Students may call 801-422-4104 to schedule an appointment.



Additional Information Regarding Financial Aid

We invite students with questions regarding financial aid at Brigham Young University to visit: https://enrollment.byu.edu/financialaid.

Estimated College Expenses

On entering the university, students are responsible for making arrangements to cover enrollment expenses and should have sufficient funds on hand for at least the first semester.

For estimated costs, please see the Financial Aid website: https://enrollment.byu.edu/financialaid.

Grading & Records

The current Grading & Records policy can be found at https://policy.byu.edu/view/undergraduate-academic-credit-grades-and-records-policy

Graduation

Graduation

The current Undergraduate Education and Graduation Policy can be found at https://policy.byu.edu/view/undergraduate-education-and-graduation-policy

The current Commencement and Convocation Policy can be found at https://policy.byu.edu/view/commencement-and-convocation-policy

Application for Graduation

All students desiring to graduate must apply for graduation. Students applying for the bachelor degree should do so by the appropriate deadlines for graduation. The deadlines for each graduation are listed below:

September 15 for December graduation (no graduation ceremonies)
November 15 for April graduation (graduation ceremonies held in April)
February 15 for June graduation (no graduation ceremonies)
February 15 for August graduation (no graduation ceremonies)

In order to apply for graduation, students must have an active ecclesiastical endorsement covering the semester in which they plan to have their degree awarded. Students access the online graduation application through the "Apply for Graduation" link in the "School Menu" on MyBYU. After submitting the online graduation application, the student account will be charged a one-time $15.00 fee for graduation and the student will be instructed to contact their individual college advisement center (if applicable) to finish the graduation application process. Students will be notified of the status of their graduation application via email.

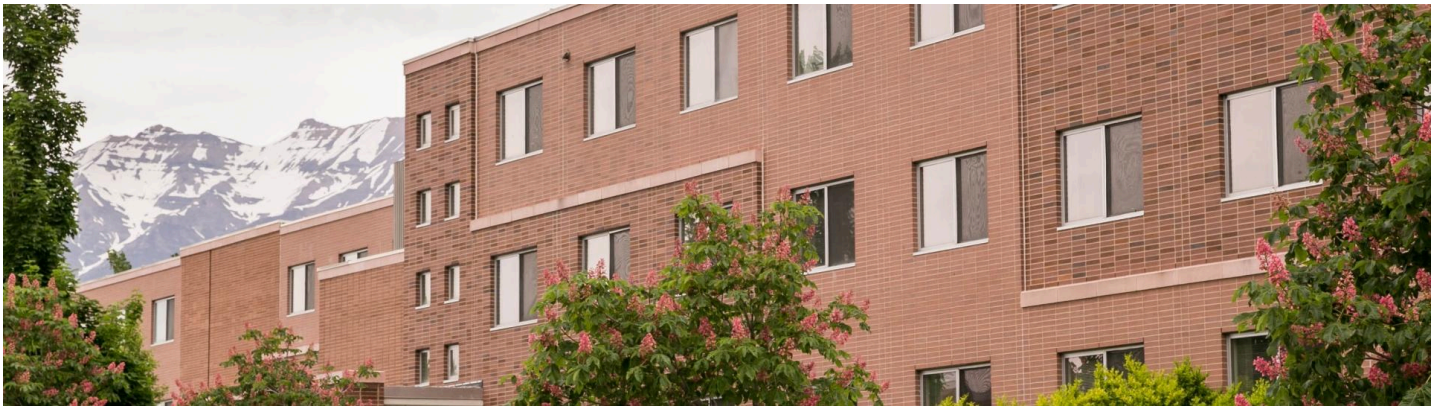
Students who apply after the deadline dates will need to contact their college advisement center to be considered for graduation. Graduation Services will notify students of graduation deadlines and procedures via email.

Visit enrollment.byu.edu/media/g_howtoapply for more details.

Deadlines for Transfer, Correspondence, and Incomplete Credit

All incomplete grades must be removed from the student's record, special examinations must be passed and recorded, and all transfer credit for required classes must be on file in the Registrar's Office at least four weeks before the official university graduation day. Any BYU Independent Study coursework (including finals) needed for graduation must be completed at least three weeks before the official university graduation day.

MyMAP

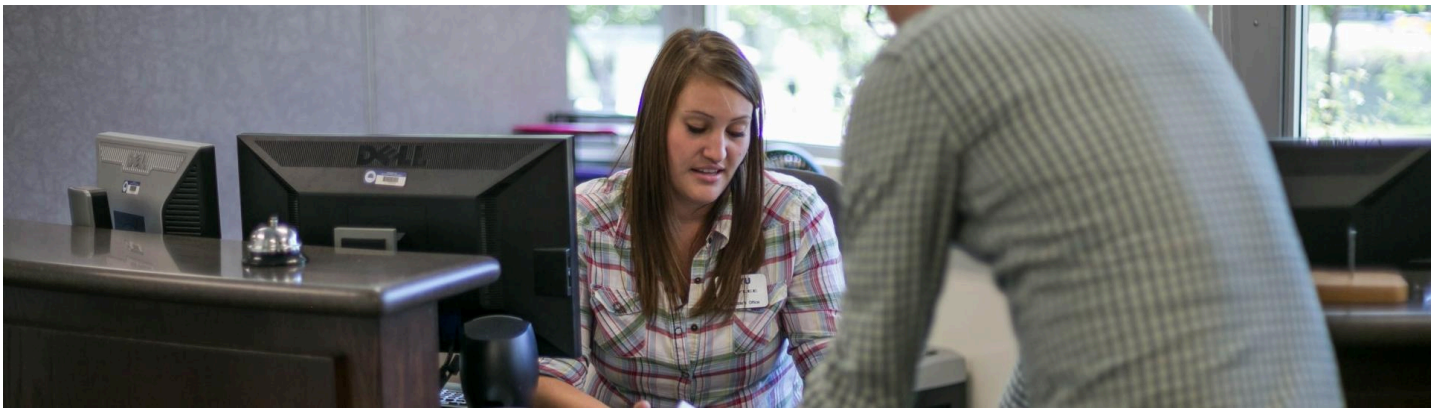


BYU offers students a helpful academic planning system (MyMAP) that enables them to plan their academic progress towards graduation. MyMAP is an online tool students may use to plan specific courses to fill University Core, major, minor, and elective requirements, and organize those courses into semesters/terms. In addition, students may register for these courses using the Register tab. Easy access to course descriptions can be found on any MyMAP tab by simply clicking on the course title. As a student fully utilizes MyMAP, they will find that they have important information at their fingertips. Students may access MyMAP under the School section of MyBYU.

To learn more about MyMAP go to https://registrar.byu.edu/mymap.

Honor Code

The current Honor Code policy can be found at https://policy.byu.edu/view/church-educational-system-honor-code.



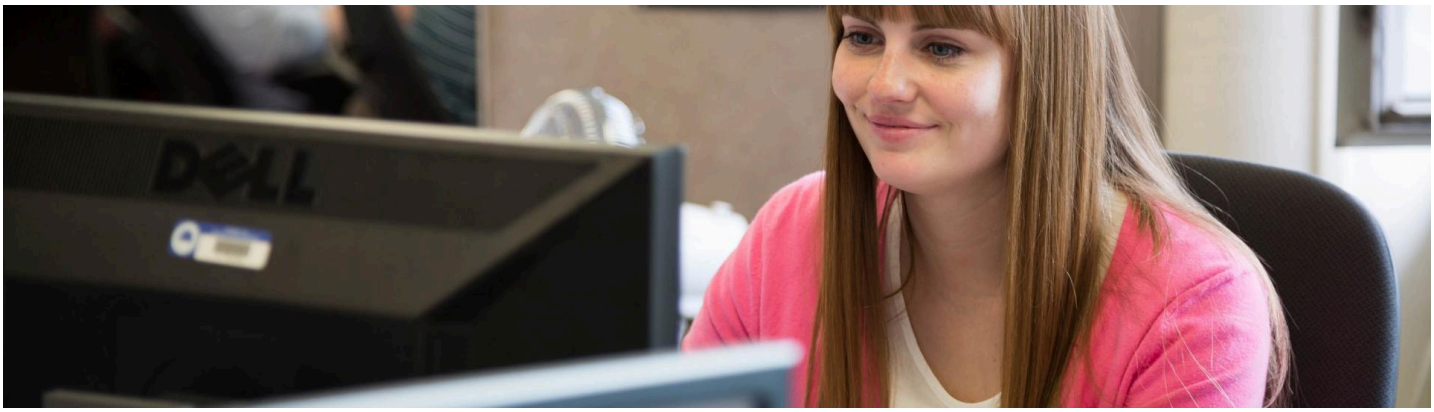
Housing

The current Housing policy can be found at https://policy.byu.edu/view/student-housing-policy.

Nondiscrimination

The current Church Educational System Nondiscrimination policy can be found at https://policy.byu.edu/view/church-educational-system-nondiscrimination-policy

Petitions



Students who encounter a non-academic emergency or circumstance affecting the academic record may submit a petition asking for an exception to university policy by providing justification and documentation to support the request. Possible requests may include adding or withdrawing from a class after the respective deadlines, adding challenge exam credit, or extending an incomplete contract deadline beyond one year from the end of the semester.

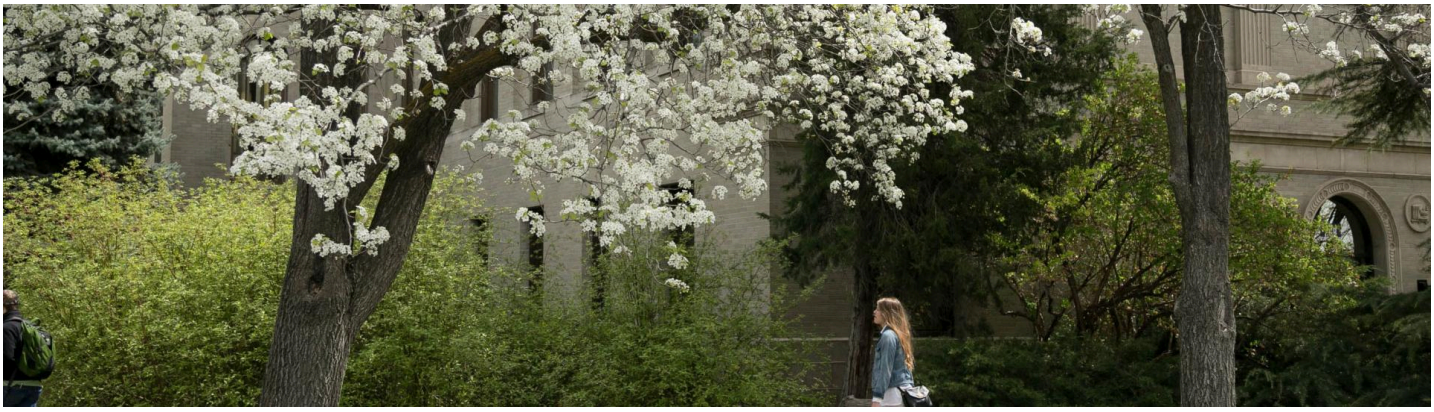
Situations that may **not** be petitioned through the Registrar's Office are:

- Reinstatement after being deleted for nonpayment of tuition (see Enrollment Services, 3326 WSC)
- Removal of transfer credit from a transcript
- Verification that a student is full time if they are not.

Any petitions for exceptions to academic records policies must be submitted to the Registrar's Office within **one year** from the semester or term in question.

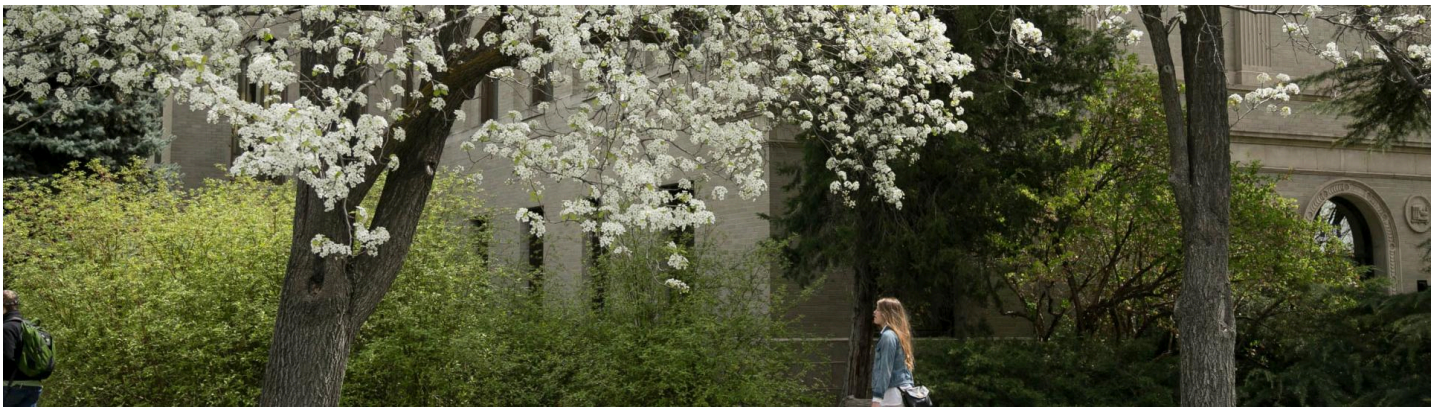
Petition forms and additional information concerning petitions may be obtained at the Registrar's Office or at https://petitions.byu.edu.

Registration



The current Registration policy can be found at policy.byu.edu.

Sexual Harassment



The current sexual harassment policy can be found at https://policy.byu.edu/view/sexual-harassment-policy.

Title IX

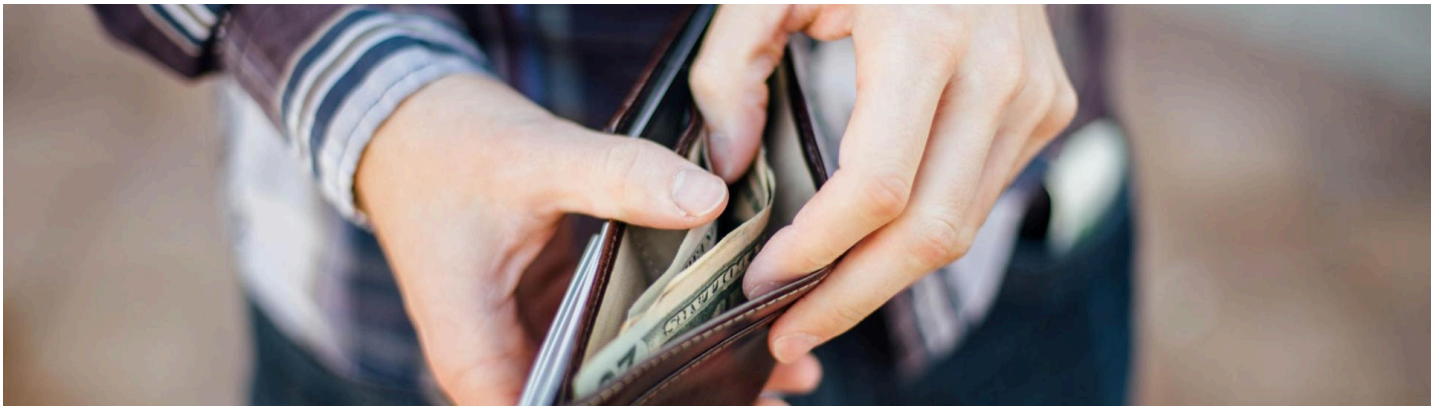
Title IX

As required by Title IX and its implementing regulations, BYU does not discriminate on the basis of sex in the education program or activity that it operates, including in admission and employment. Inquiries about the application of Title IX to BYU may be referred to BYU's Title IX Coordinator or to the Assistant Secretary for Civil Rights of the U.S. Department of Education or both. For more information about BYU and Title IX, visit https://titleix.byu.edu/.

Transfer

Evaluation of Transfer College Credit

All college transcripts must be provided to BYU as part of your admission. These transcripts must show final grades for all classes registered. Transfer Services in the Registrar's Office will determine the transferability of undergraduate credit to BYU.



In determining transferability of credit the following criteria will be considered: comparable credit hours, course level, seat time, and course descriptions. Vocational credit

may not be accepted, even if earned at an accredited institution.

Additional factors that can affect the transfer of credit:

1. Military courses are evaluated using the ACE recommendations in the upper-division baccalaureate category from the Guide to the Evaluation of Educational Experiences in the Armed Services.
2. Official verification that the lower-division general education requirements for a bachelor's degree have been completed is accepted from any regionally accredited college or university. The general education curriculum at that school must represent a broad university education and be comprised of a minimum of 30 semester credit hours. This official verification will complete most of the BYU general education requirements with the exception of American Heritage, Advanced Written and Oral Communication, Languages of Learning (unless a comparable class has been taken as part of the lower-division GE prior to coming to BYU), and BYU religion requirements. The remaining general education requirements may be satisfied by transferring equivalent courses or completing them at BYU. Students who have questions about the completion of university core courses are invited to contact the Transfer Team in the BYU Registrar's Office, (801) 422-8522, for further information.
3. Credit is evaluated on a course-by-course basis for students who do not complete an associate of arts or science degree. Transfer guides have been established for some of BYU's main feeder institutions. A list of these transfer guides can be found at https://enrollment2.byu.edu/transfer-guides.
4. Credit earned more than eight years before admission or readmission (including transfer credit) may, at the discretion of the university, be accepted to meet general education and university graduation requirements as well as major requirements.
5. Credit earned from an LDS institute of religion must be posted to an official CES transcript.

Tuition & Fees

Tuition & Fees

The current Tuition & Fees policy can be found at https://policy.byu.edu/view/tuition-and-fees-policy.

Tuition Rates

Below includes the tuition rates for this upcoming school year 2026-2027. This information can be found here: https://enrollment.byu.edu/tuition.

2026-2027 Tuition

Undergraduate Students						
Fall/Winter Charges				Spring/Summer Charges		
Credit Hours	Latter-day Saint	Non-Latter-day Saint		Credit Hours	Latter-day Saint	Non-Latter-day Saint
12.0 +	$3,548	$7,096		6.0 +	$1,774	$3,548
9.0 – 11.5	$3,372	$6,744		4.5 – 5.5	$1,686	$3,372
0.5 – 8.5	$376/credit	$752/credit		0.5 – 4.0	$376/credit	$752/credit
Graduate Students*						
Semester Charges				Term Charges		
Credit Hours	Latter-day Saint	Non-Latter-day Saint		Credit Hours	Latter-day Saint	Non-Latter-day Saint
8.5 +	$4,468	$8,936		4.5 +	$2,234	$4,468
0.5 – 8.0	$524/credit	$1,048/credit		0.5 – 4.0	$524/credit	$1,048/credit
Graduate School of Business and Law School Students						
Semester Charges				Term Charges		
Credit Hours	Latter-day Saint	Non-Latter-day Saint		Credit Hours	Latter-day Saint	Non-Latter-day Saint
8.5 +	$8,236	$16,472		4.5 +	$4,118	$8,125
0.5 – 8.0	$968/credit	$1,936/credit		0.5 – 4.0	$968/credit	$1,936/credit

The university reserves the right to change tuition and fees without notice.

* Includes all students who have previously received a Bachelor's degree—even if enrolled in undergraduate courses.

Tuition for spring-summer length classes will be calculated as if 1/2 of the credit hours were allocated towards spring term and 1/2 towards summer term. However, the full amount calculated for spring-summer length classes will be billed along with spring term and will be subject to the normal spring term deadlines. Please refer to the Spring/Summer Tuition Calculator for help with determining the costs of term and semester-length classes: https://enrollment.byu.edu/spring-summer-calculatorcharged.

Short-Term Loans

The university makes short-term loans available to assist students to meet the tuition payment deadline. These loans are intended to be used for short-duration financing needs. Short-term loans are due as follows:

Registration Period	**Due Date**
Fall	November 1
Winter	March 1
Spring	June 1
Summer	August 1

A $20 processing fee will be charged for each short-term loan. No interest is charged on those loans if they are paid by the due date. Short-term loans outstanding after the due date bear interest at the rate of 12 percent per annum. Holds on registration for future semesters or spring-summer(s) are placed on all student accounts the day the short-term loan is disbursed and are not released until the loan is paid in full. This may affect the ability of some students to take advantage of priority registration.

Pro-Rata Charges for Dropped Classes

- Below are the changes for the Pro-Rata charges for dropped classes.

Pro-Rata Charges for Dropped Classes

If class is dropped beginning:	The pro-rata charge will be:
Fall Semester	
September 11	15%
September 23	25%
October 21	50%
November 3	100%
Fall Semester Block 1	
September 11	15%
September 7	25%
October 1	50%
October 8	100%
Fall Semester Block 2	
October 29	15%
November 4	25%
November 18	50%
November 25	100%
Winter Semester	
January 14	15%
January 27	25%
February 25	50%
March 11	100%
Winter Semester Block 1	
January 14	15%
January 21	25%
February 4	50%
February 11	100%
Winter Semester Block 2	
March 5	15%
March 11	25%
March 26	50%
April 2	100%
Spring Term	
May 5	15%
May 11	25%

May 21	50%
May 29	100%
Summer Term	
June 29	15%
July 6	25%
July 16	50%
July 23	100%
Spring-Summer	
May 5	15%
May 17	25%
June 15	50%
July 1	100%

The recalculation of tuition and fee charges may result in a refund. The amount of the refund a student will receive is based on the date the classes are dropped, or in the case of a full withdrawal, the date that the student reports such withdrawal to the Academic Support Office.

Any refund due the student will be paid by check through the mail approximately ten days after the classes are dropped. If the student has elected direct deposit for student account refunds, the refund will be deposited into the student's bank. Payments originally paid by credit card will be returned to the credit card. Unpaid university charges may be deducted from the refund amount.

Refunds will not be paid to students whose tuition has been paid by a loan, scholarship, or benefit.

If a student with federal financial aid drops below half-time enrollment (for tuition assessment purposes: undergraduate, 6 hours per semester or 3 hours per term; graduate, 4.5 hours per semester or 2.5 hours per term), the federal program or lender may require that a portion of the refund be returned.

A petition for exception to the refund schedule will be considered for students forced to withdraw because of circumstances that are beyond their control, such as death in the immediate family, life-threatening situations, medical incapacitation, a university error, or military leave. Students should not submit petitions based on ignorance of university policies and procedures. These will be denied. Petition forms are available in 3326 WSC (Enrollment Services).

Collection of Unpaid Tuition and Fees

BYU retains all legal remedies to collect unpaid tuition, fees, and other amounts due to the university for housing, traffic fines, etc. BYU uses a variety of methods to keep students informed of amounts due the university, including financial Web sites, statements, and various forms of correspondence. It is the student's responsibility to remain aware of obligations to the university and to make payment on a timely basis.

If BYU is unable to collect amounts due the university within a reasonable time, the debt may be referred to an outside collection agency and/or attorney for collection. All collection costs, including collection agency fees, attorney fees, and court costs will be charged to the student's account.

Failure to pay all amounts due BYU, including collection fees, may also result in various actions, including but not limited to withholding services and restricting the student's ability to register for class, participate in graduation, receive a transcript or diploma, or be considered for readmission to the university. The university also reserves the right to report both positive and negative payment histories to credit-reporting agencies.

Payments for Tuition and Fees

Tuition and fees include charges such as tuition, class fees, tuition reassessments, Study Abroad fees, and health plan charges. Students are responsible to pay the correct amount of tuition, fees, and past due balances in U.S. dollars (checks must be drawn on a U.S. bank). The following options are available for making tuition and fee payments. For more information on making payments to BYU, please visit https://enrollment.byu.edu/forms-of-payment.

Pay Tuition Online

BYU encourages you to take advantage of the fast, easy, and secure way to pay online. Payments may be made online by logging into myBYU and selecting the My Financial Center link under the School heading, or by typing mfc.byu.edu into your web browser.

eCheck (BYU's preferred payment method)

eCheck is a free electronic check option that uses a secure Web transmission to electronically withdraw funds directly from a payer's checking or savings account. The payer must provide his/her bank routing and account number to make an eCheck payment. Payments from mutual fund, money market, line of credit, or brokerage accounts cannot be accepted.

Credit and Debit Card Payments (Service Fee Applies)

BYU accepts Visa, Mastercard, Discover, and American Express for all student account charges. A nonrefundable processing fee will be assessed on all credit and debit card payments, except for on-campus housing charges.

Debit cards are processed as credit card transactions and are therefore subject to the same processing fee. Although both eCheck and debit card payments withdraw funds directly from a checking or savings account, you can avoid the processing fee by selecting the eCheck option.

Credit Card Refund Policy

Credit card regulations prohibit BYU from issuing refunds in cash or by check for payments made by credit card. If a payment is made by credit card and a subsequent adjustment reduces the amount owed, the refund must be issued to the original credit card used for the payment.

Pay Tuition by Mail

Check or money order payments may be mailed to Student Financial Services, 112 ECCB, Provo, UT 84602. Please make checks payable to Brigham Young University or BYU. Do not mail cash. Include with your check the student's BYU ID number and the amount to apply to each category.

Pay Tuition in Person

Payments may be made in person at 3326 WSC using check, money order, or exact cash. Check or money order payments may also be placed in the drop box at 3326 WSC.

Credit and debit cards are not accepted in person or by phone but may be used online through My Financial Center (mfc.byu.edu).

Pay Tuition by Wire Transfer

To pay tuition using an international or domestic wire transfer, please contact us for wire transfer instructions via phone (801) 422-4104 or via email at wires@byu.edu.

TMA 285, 475R.

Student Teaching/Practicum Fees

Fingerprint Fee

Students in teacher education must be fingerprinted and pass a background check prior to starting practicum experiences with K–12 students. Fees for fingerprinting and background checks are set by the Utah State Office of Education and are listed on the Education Advisement Center Web site: http://education.byu.edu/advisement/fingerprint.

Licensure Fee

Students who meet all program requirements qualify for a Level 1 teaching license in Utah. Fees for licensure are due with the student teaching application. Licensure fees are set by the Utah State Office of Education and are listed on the Office of Field Services Web site: http://education.byu.edu/advisement/licensure.

Miscellaneous Fees and Fines

Admission evaluation fee (nonrefundable)	$35
Change of registration fee—per class (after add deadline)	$10
Dishonored check/eCheck charge	$20
Examination, special equivalency	$20
NDFS-dietetics insurance and ADA dues	$50
Graduation (undergraduate) fee (nonrefundable)	$15
Identification photo for replacement ID card (no charge for first replacement)	$10
National League of Nursing Diagnostic Exam	$40
Physical education locker	$5
Traffic violation fines, variable according to violation	$5-$300
Transcript fee: Electronic	$5
Transcript fee: Hard Copy	$6

Health Insurance Requirement

BYU requires all students with 9.0 or more credits in a semester or 4.5 or more credits in a term to carry adequate medical insurance. This applies the entire time a student has continuing status, including students taking a semester or term off. All participants in groups on tour, Study Abroad, or internships are required to carry adequate medical insurance.

To satisfy the health coverage requirement, students have several options:

Enroll in the Student Health Plan
Enroll in a group medical plan provided by the parents', the student's , or the student's spouse's employer
Purchase an individual Affordable Care Act (ACA) compliant health plan

If the student chooses any medical plan other than the Student Health Plan, he/she must provide verification of adequate coverage at the beginning of his/her first semester or term and annually at the beginning of fall semester. Students should carefully review any medical plan they're considering to make sure it will provide sufficient coverage for current and future health care needs. Coverage must be effective by the first day of class.

Effective fall semester 2014, BYU requires all ELC students and F-1 and J-1 visa students to be enrolled in the BYU Student Health Plan or an ACA compliant plan offered by a United States-based insurance company. This plan must provide comprehensive medical coverage for the student while he/she is on campus. Insurance plans from companies outside the United States will not be accepted.

All students enrolled at least 3/4 time (9 credit hours per semester or 4.5 credit hours per term) and all F-1 and J-1 visa students who don't submit proof of other coverage before the deadline each year will be enrolled automatically for individual coverage and assessed the appropriate premium (single or married rate) for the Student Health Plan. Students who are actively working towards a degree and have at least 0.5 on-campus credits will not be automatically enrolled in the Student Health Plan, but they can contact the Student Health Plan Office via YMessage or in person to enroll. Graduate students who have at least 2 credits during fall semester and were enrolled in the Student Health Plan for summer term will be automatically enrolled for fall semester in the same plan they had during summer term. The web is located at http://health.byu.edu.

Spouses and dependents won't be enrolled automatically the first semester or term a student is on the plan. If a student desires coverage for their spouse and dependents, they must enroll their spouse and dependents in the plan.

For the latest BYU Student Health Plan fees, check the Web site at http://health.byu.edu.

Appeals

Students with unusual circumstances may appeal for special consideration of any item in this section to the Enrollment Services Office. Appeal forms may be obtained at the Enrollment Services office at 3326 WSC.

Title 38 United States Code Section 3679(e) School Compliance Statement

Brigham Young University permits any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33 (a "certificate of eligibility" can also include a "Statement of Benefits" obtained from the Department of Veterans Affairs' (VA) website – eBenefits, or a VAF 28-1905 form for chapter 31 authorization purposes) and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

Brigham Young University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33.

A Unique Environment

A Unique Environment

Fostering an Enriched Environment Policy

"The mission of Brigham Young University—founded, supported, and guided by The Church of Jesus Christ of Latter-day Saints—is to assist individuals in their quest for perfection and eternal life. That assistance should provide a period of intensive learning in a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued" (Mission Statement).

To this end, the university seeks qualified students of various talents and backgrounds, including geographic, educational, cultural, ethnic, and racial, who relate together in such a manner that they are "no more strangers and foreigners, but fellow citizens with the saints, and of the household of God" (Ephesians 2:19). It is the university's judgment that providing educational opportunities for a mix of students who share values based on the gospel of Jesus Christ and who come from a variety of backgrounds and experiences is an important educational asset to BYU.

Religious Environment

The Church of Jesus Christ of Latter-day Saints sponsors BYU to provide a university education in an atmosphere that nurtures spiritual growth and a strong conviction of the divinity of Jesus Christ. Church programs are closely correlated at all levels with the activities of the university, and students will find many opportunities to grow spiritually.

Religion Classes

All students at BYU should include regular gospel study as a continuous part of their university experience. Full-time undergraduate students take one religion class each semester of enrollment until a total of 14 semester hours of religion credit has been earned. See The University Core section of this catalog for more information.

University Devotionals

University devotionals, held throughout the year on Tuesdays at 11:05 a.m., form an inspirational and integrative part of the university experience. These assemblies are occasions to celebrate the shared sense of values and community at the university. Participation in these gatherings will renew spiritual commitment and extend knowledge of significant religious, intellectual, and cultural matters. Devotional speakers, selected from the General Authorities and General Officers of the Church as well as university personnel, come to teach the gospel and affirm the spiritual dimension of the university experience for students, faculty, and staff.

Most campus offices and services are closed during university devotionals and forums so that members of the university community may participate.

Young Single Adult and Married Student Stakes and Wards

To give students maximum opportunity to participate, the Church is organized into a number of stakes composed of several wards of approximately 150 members each. All single students living away from home who are members of The Church of Jesus Christ of Latter-day Saints become members of a Young Single Adult (YSA) ward. Single LDS students living at home have the option of attending their home ward or a designated YSA ward. Married students may attend either a married student ward or the residential ward in which they live.

Other Religious Denominations

Approximately twenty-five other religious denominations are represented in the BYU student body. These students are encouraged to attend a congregation of their faith in the surrounding area, if possible.

Academic Environment

The academic environment extends beyond the four walls of a university classroom. Serious students seek enrichment in the library, at university forums and lectures, and through research. Some students may choose to become involved in the Honors Program or live in one of the "quiet halls" on campus—and everyone benefits from drawing on the resources available at college advisement centers.

First-Year Experience & New Student Orientation (NSO)

Orientation to BYU actually begins long before students arrive on campus. Following notification of admission, all students will be contacted by an assigned peer mentor from the Office of First-Year Experience. This peer mentor is an experienced and highly trained student who can help incoming students find answers to questions about registering for classes, finding housing, scholarships and financial aid, and much more. Peer mentors will send periodic email, texts and even make phone calls to students throughout the summer months.

A few weeks after you receive your acceptance notification you will be sent a link by the FYE office to a series of online orientation modules. These modules contain very important information about resources, programs and services available to you as a full-time student. They were developed to help your transition to BYU be as smooth as possible. The modules will take between 90 minutes to two hours and can be completed at your own pace. However, it will be important for you to complete all modules prior to arriving on campus. These modules are only part of your orientation to BYU, make sure you plan and register to attend the in-person NSO described below.

Be sure to register for a *UNIV 101 – BYU Foundations for Student Success* course during your first semester on campus. This course is a required General Education class for all new students. The class is taught in small sections of no more than 25 students by an experienced and hand-picked faculty member. Your peer mentor will also be embedded in your UNIV 101 class so that you can quickly get to know them, easily schedule meetings with your peer mentor outside of class, and have a quick and easy way to ask questions about BYU.

Immediately prior to the first day of every semester and term, an event referred to as New Student Orientation (NSO) is held. The purpose of NSO is to 1) welcome new and transfer students into the BYU community. 2) help new students understand and appreciate the unique opportunities provided by a BYU education, 3) introduce key campus resources, and 4) offer new students a great chance to connect with other students and meet their peer mentor.

NSO events and activities are designed to be both informative and fun. Activities vary according to the term or semester. In addition to a welcome from the administration and a campus tour, each orientation may include a university devotional; library tour; meetings about colleges and majors, financial aid and scholarships, the Honors Program; and an introduction to several of the traditions at the Y.

Your orientation group will be made up of the same students and the same peer mentor who will be in your UNIV 101 class. So, NSO is a great way to meet your classmates and peer mentor before the semester even begins and to get familiar with all that BYU has to offer.

Please see **https://fye.byu.edu/about-nso** for detailed information about NSO and to register for an NSO event.

University Forums

University forums are held on selected Tuesdays at 11:05 a.m. and are designed to enrich the general education experience. Speakers are noted authorities in the arts and humanities, sciences, media, and government, chosen for their contributions to their field and their ability to inspire and communicate. Participation in these assemblies and the associated question-and-answer sessions prompts inquiry into significant intellectual, cultural, and social issues and helps lay the foundation for lifelong learning. A forum speaker may be nominated by any member of the university community (student, faculty, or staff).

Research and Creative Activities at BYU

One of the most exciting and valuable learning experiences available to both undergraduate and graduate students at BYU is the opportunity to participate in original research and creative activities. BYU has accomplished faculty members in all areas, many of whom enjoy international reputations for the quality of their creative endeavors. Many professors enlist the help of undergraduate students, who work side by side with faculty mentors and graduate students in a laboratory or studio setting.

A wide variety of research experiences are available in many departments across campus. For example, the student might be involved in the synthesis of a new medicinal drug in the chemistry laboratory or participate in the discovery of a new species of dinosaur on a Colorado mesa. Other examples of programs involving student participation include the study of robotics systems, computer architecture, battery technology, high-energy physics, international business methods, child psychology, educational methodology, molecular genetics, social implications of drug use, stability and satisfaction in marriage, Church history, and a host of other topics. Students who are interested in participating in research programs are encouraged to contact their major department chair or speak directly with individual professors.

Experiential learning grants are available in each academic college. Each college will customize the grant program to best fit their area. Please contact your dean’s office to learn when and how you can get involved.

Center for Service and Learning

2010 WSC and 2330 WSC
(801) 422-8686
yserve.byu.edu

The mission of the Center for Service and Learning is to "provide every student with a meaningful service opportunity...to instill in the heart and mind a desire to give lifelong service." In order to provide every student with a meaningful service opportunity, the Center administers over 70 community service programs. These programs, which are led and staffed by student volunteer program directors and service council members, serve individuals and organizations in the local community. As student volunteers learn to serve their community, their desire to be engaged in lifelong service becomes an integral part of their character.

Students choose to make service a part of their lives for academic, leadership, recognition, social, and spiritual reasons. Students are encouraged to enroll in Student Development 290: *Learning Through Service*, which links theories of service with actual service experiences. They can also develop their leadership skills by serving on the student service council or as a program director. By completing the requirements for any of three recognition programs, they can receive official documentation and certification of their service. They can socialize with other students as they serve, and can recognize the spiritual aspects of service as they participate in reflection events.

Students enrolling in Student Development 132: *Tutoring Level 1* and Student Development 133: *Tutoring Level 2* have the opportunity to earn tutoring certification as they improve their tutoring skills.

More than 23,000 students are engaged in service each year through Center programs. These programs provide a variety of services, including serving children and adults with cognitive or physical disabilities, mentoring at-risk youth, tutoring children in the public schools, tutoring other BYU students in their college classes, helping build houses for low-income families, or providing manual labor to clean up and maintain community neighborhoods. These programs are under the leadership of more than 250 student volunteer leaders who are learning leadership skills as they administer their programs. In addition to these formal community service programs, Stop-n-Serve is available in 2330 WSC for students to drop in and perform service in the few minutes they may have between classes.

Student Development Course Work

Student Development Services offers courses under the title Student Development. These courses are designed to help students meet the challenges of university life in four areas: academic skills, career exploration and development, leadership, and personal growth, mental health and wellness. Courses in the academic skill area help students build study skills, improve reading ability and comprehension, and enhance time management and academic performance. Career courses are designed to help students explore majors and careers, obtain internships and prepare for graduate school and ultimately qualify for careers of their choosing. Leadership courses provide training and instruction to those already in campus leadership roles or for those hoping to gain further knowledge and skill to become more effective leaders. Finally, several courses are designed to help students make important life decisions, clarify values, and improve their overall mental health and well-being. All Student Development courses can be found in the BYU Undergraduate Catalog. For further information contact Student Development Services or visit https://sds.byu.edu.

2518 WSC
Telephone: (801) 422-6291

Academic Support Office

2500 WSC
(801) 422-2723
E-mail: academic_support@byu.edu
Web: http://aso.byu.edu/

The university experience is rigorous by design. However, all students admitted to the university have the potential to succeed academically and many students that experience academic challenges, go on to be successful at the university. The mission of the Academic Support Office (ASO), a department of Student Life, is to assist undergraduate degree-seeking students who are experiencing academic difficulties. The ASO utilizes the combined resources of the university to help students on academic warning, probation, or continued academic probation (CAP) resolve academic and related concerns.

Students experiencing academic difficulties have often encountered challenges in one or more of the following areas: (1) Personal concerns outside the academic realm such as mental health or adjustment challenges, physical illness or injuries, adverse events, relationship or family concerns, financial hardships, etc. that impact academic goals, (2) Insufficient academic preparation to meet the rigors of a university experience, (3) Learning strategies that were effective in high school but are less effective at the university.

ASO advisors and peer coaches support students in addressing non-academic challenges by helping students identify concerns, assess needs, access needed resources, implement appropriate intervention strategies and by providing ongoing support as students work through challenges to improve academic performance. They also provide one-on-one training to help students develop effective study skills and learning strategies. ASO advisors and peer coaches routinely assist students in developing time management, test-preparation, test-taking, reading, note-taking, memory and other academic strategies. Students who experience academic difficulties, who are on warning, probation, CAP, or are facing academic suspension or dismissal from the university are strongly encouraged to contact and enlist the support of the ASO.

Graduate Studies

105 FPH
Phone: (801) 422-4091

To the student seeking advanced study, Brigham Young University offers a variety of graduate degree opportunities. Excellent graduate programs can be found in each of the colleges and schools, and successful completion results in the awarding of a master's or doctoral degree.

The master's degree requires advanced course work, demonstrated mastery in vital aspects of a discipline, skill in research methodology and theory, and preparation for future creative work. In certain disciplines, graduate programs blend scholarly insight with technical knowledge and skill. Integrative examinations, a major culminating piece of written work or performance, and an accompanying oral defense of that work may be required.

The doctoral degree requires the student to demonstrate an impressive scholarly competence, which includes the ability to conduct and report research in a highly effective manner. Advanced systematic study in a discipline is also essential and is followed by comprehensive examinations that require students to integrate and understand the collective knowledge of their disciplines. A dissertation resulting from independent research is defended in a concluding oral examination.

Students who are interested in pursuing advanced degrees are encouraged to become involved in research and creative activities during their undergraduate experience.

For information about master's and doctoral degree programs, students should consult the BYU Graduate Catalog online at http://graduatestudies.byu.edu.

For more information about master's and doctoral degree programs or how to apply, visit http://gradstudies.byu.edu.

For information regarding admission to the J. Reuben Clark Law School, see the Law School section of this catalog.

Cultural Environment

Students can immerse themselves in culture at BYU. Dance, theatre, music, art exhibits, museums—all nourish the soul seeking after "anything virtuous, lovely, or of good report or praiseworthy."

As part of their educational experience, students, both individually and in groups, present concerts, exhibitions, films, plays, recitals, and productions which are available to the community. Classical, contemporary, and original works are offered throughout the year. Each of the performance areas also have ensembles that perform on and off campus.

The BYU BRAVO! series presents some of the most celebrated artists in the world. Concerts and productions are scheduled throughout each year in the Harris Fine Arts Center and other venues.

In recent years the BYU BRAVO! series has included Joshua Bell, Peking Acrobats, John Lithgow, Audra McDonald, Frank Wildhorn, Renee Fleming, The Utah Symphony, Frederica von Stade, Kelli O'Hara, Brian Stokes Mitchell, Lea Salonga, Theater Mitu, The Salzburg Marionette Theatre, Martha Graham Dance Company, Chanticleer, The King's Singers, Chris Thile, and more.

This series also presents OFF THE MAP, an annual international arts festival, each winter semester.

For further information on student, faculty, the BRAVO! performances, contact the BYU Ticket Office:

Telephone: (801) 422-4322
Website: http://www.byuarts.com/

Museum of Art

The 100,000-square-foot Museum of Art has been a crown jewel of BYU’s campus for almost a quarter century. Generously funded by private donors, the museum not only houses the university’s engaging collection of world-class art, but functions as a dynamic experiential space for students on campus. Whether taking advantage of interactive gallery tours and special lectures, attending musical performances, enrolling in the university courses taught in the museum’s classrooms, or simply stopping by the café for lunch, the MOA is a place of social uplift, and intellectual and spiritual contemplation for our community.

The Museum staff organizes ambitious exhibitions that both edify and challenge the mind by offering direct engagement with masterworks from the permanent collection. The MOA’s collection of American art features the work of prominent artists such as Maynard Dixon, Mahonri Young, Minerva Teichert, and J. Alden Weir. Their significant holdings of European and American religious works contain notable paintings, sculpture and works on paper by artistic noteworthies spanning six centuries. The museum is also committed to exhibiting and exploring the art of our time, regularly showcasing work by highly-acclaimed living artists such as Gabriel Dawe, Jann Haworth, Ai Weiwei, Kehinde Wiley, and Rachel Whiteread. The museum also participates in travelling exhibitions that feature artwork from fine collections across the globe. In recent years, a once-in-a-lifetime exhibition of the Danish painter Carl Bloch and a blockbuster run of American artist and illustrator Norman Rockwell brought hundreds of thousands of visitors to BYU, demonstrating the scope and quality of the museum’s programming.

In addition to the Museum of Art’s dedicated professional staff, student employees and volunteers make an invaluable contribution to the museum’s success. Interns in the curatorial, registration and fabrication departments play a major role in behind-the-scenes activities, while student educators and museum store employees interact with the public on a daily basis. This diverse team of collaborators works with one goal in mind: to serve the BYU campus and greater community by creating connections and inspiring life-long learning through art.

Website: http://moa.byu.edu/

M. L. Bean Life Science Museum

Duke S. Rogers, Director
Leigh Johnson, Associate Director
Marta Adair, Assistant Director
2103 MLBM

The Monte L. Bean Life Science Museum is accredited by the American Alliance of Museums. Its vast teaching and research collections include more than three million arthropods, nematodes, tardigrades, arachnids, fish, amphibians, reptiles, mammals, birds, and prepared shells, and more than 600,000 plants, lichens, and bryophytes. Specimens for these collections, which represent creative work by university faculty and students, have been gathered from around the world, making the museum one of the major repositories of scientific-quality, biological collections in the western United States.

The museum and its collections are utilized by university classes in biology, plant and wildlife sciences, education, art, and other disciplines. The Monte L. Bean Life Science Museum also maintains and manages the Lytle Ranch Preserve. Located in the northernmost extension of the Mojave Desert southwest of St. George, Utah, this 700-acre desert classroom is situated in a part of Utah that is unique not only for its plant and animal communities but also for its setting at the crossroads of three major bioregions.

Public programs include temporary and permanent exhibits of natural communities that illustrate complex relationships between plants, animals, and their physical environment. Educational programs which serve more than 100,000 annual visitors and provide classes and programs for BYU students as well as public and private schools and many other organizations. Museum hours are Monday through Friday from 10:00 a.m. to 9:00 p.m. and Saturday from 10:00 a.m. to 5:00 p.m. The museum is closed on Sunday. Admission is free.

The Western North American Naturalist, a nationally recognized peer-reviewed natural history journal, is administered by the museum. Other museum publications include professional and popular works such as *A Utah Flora, Bark and Ambrosia Beetles of South America, Snakes of Utah,* and *Common Rocky Mountain Lichens*.

Museum of Peoples and Cultures

Paul R. Stavast, Director
Susannah Larsen, Education and Programs Manager
122 B67

The Museum of Peoples and Cultures (MPC) houses, cares for, and performs research on archaeological and ethnographic collections from around the world. The strengths of the museum's holdings are in prehistoric Utah, the American Southwest, Mesoamerica, Andean cultures, and Polynesia. An approved state and federal archaeological repository, the museum also holds a noncirculating library and a photographic archive documenting BYU archaeological research and artifactual materials. Collection items number well over 2 million artifacts and specimens.

Institutional objectives are to interpret and help elucidate the history and culture of the peoples of the world and to convey that knowledge to the scholarly community as well as to the general public. The museum's strongest commitment lies in serving the teaching and research functions of the university. In this, BYU's "teaching museum," not only do students perform office and collections duties, but they also curate all exhibitions as part of the formal curricula taught by museum staff adjunct to the Department of Anthropology. Students plan and execute public programs and design promotional strategy as part of their coursework as well. These curricula are available both in the department's undergraduate courses and the Certificate in Museum Practices program. Students concurrently enrolled in a cognate master's program are eligible to apply to the graduate program.

The MPC offers many community educational opportunites. Available for loan to classrooms and inbound populations are anthropology teaching kits that explore the native cultures of various geographical areas. The kits include replica artifacts, handicrafts, and educational books and videos. Students and civic volunteers are invited to help with educational programming, public relations, archaeological research, and public presentations. The MPC hosts an activity patch program for Scouts of all ages and other interested parties. Museum patches can be earned by visiting the museum and completing the patch requirements. For information about any of these programs, call (801) 422-0020.

Located at 2201 North Canyon Road in Provo, the museum is open from 9:00 a.m. to 5:00 p.m. Monday through Friday. Admission is free, and guided tours can be arranged for a nominal charge. Because scheduling is based on student employee availability, it is advisable to book tours from one to three weeks in advance. Visitors may also choose to guide themselves through the galleries, but groups larger than fifteen people should contact the museum in advance for logistical instructions. The MPC is closed on holidays.

Recreational Environment

Students can enjoy the small-town friendliness of Provo or drive 45 miles to the north for the cosmopolitan diversity that Salt Lake City offers. Whereas Salt Lake City is home to Ballet West, the Mormon Tabernacle Choir, and the Utah Symphony, the Provo area prides itself on its own Utah Valley Symphony and several fine community music, dance, and theatre groups.

Intercollegiate Competition

BYU sponsors 21 NCAA intercollegiate sports for men and women. The men compete in 10 sports: baseball, basketball, cross country, football, golf, swimming and diving, tennis, indoor track and field, outdoor track and field, and volleyball. The women compete in 11 sports: basketball, cross country, golf, gymnastics, soccer, softball, swimming and diving, tennis, indoor track and field, outdoor track and field, and volleyball.

The Cougars are independent in football and compete in the West Coast Conference in the majority of the other sports. On September 1, 2010, BYU announced an eight-year deal with ESPN to televise Cougar football on its sports networks. BYUtv also partners with athletics to broadcast more than 135 live athletic events each year in sports such as football, basketball, volleyball, soccer, baseball, softball, and gymnastics.

Consistently ranked among the nation's top 30 athletic programs, BYU has won NCAA championships in football, men's track and field, men's golf, women's cross country, and men's volleyball. The Cougars have also won two NIT titles in men's basketball.

Extramural Competition

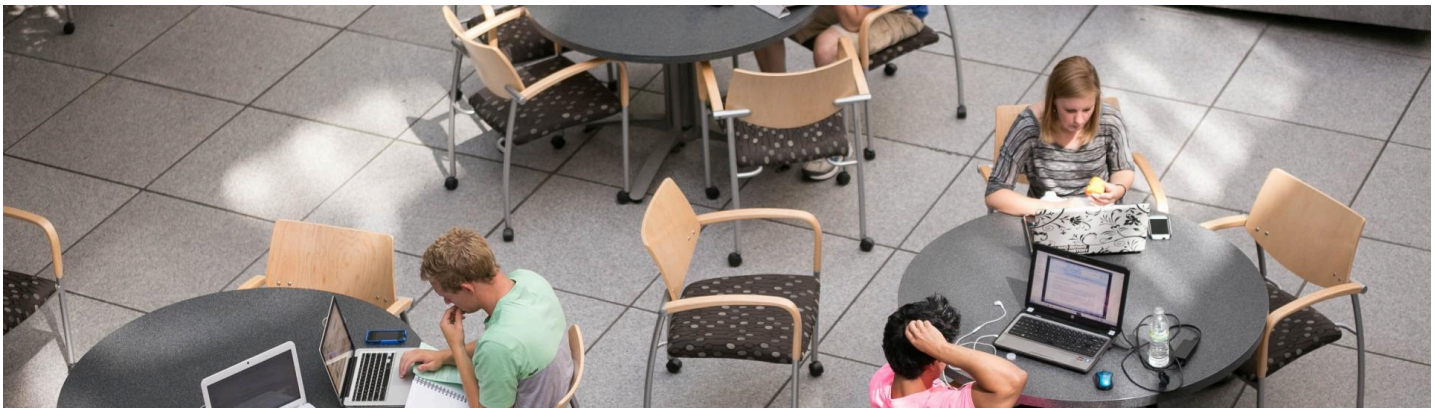
The extramural sports program at BYU provides opportunities for students to participate on an intercollegiate level in team sports not designated NCAA. Extramural sports teams do not currently travel outside the United States.

One of the best organized and most respected programs in the country, BYU's extramural sports program offers sports for men (lacrosse, racquetball, rugby, and soccer) and sports for women (racquetball, rugby, and lacrosse). Many of the teams have been nationally ranked during the last several years.

Athletic Facilities

BYU's athletic facilities are among the best in the nation. Major sports complexes include the Marriott Center (basketball), LaVell Edwards Stadium (football), Smith Fieldhouse (volleyball/gymnastics), Miller Park (baseball/softball), Clarence Robison Track, South Field (soccer), Richards Building (swimming/diving), and the Tennis Complex.

In 2003-04 the Athletic Department opened two new buildings, the Indoor Practice Facility (IPF) and the Student Athlete Building (SAB). The IPF is 422 by 222 feet with a height of 86 feet at the center. It is one of the largest indoor practice facilities in college athletics. It features two artificial turf fields and four batting cages.



The 126,300 square-foot SAB is home to the student-athlete academic center, athletic administration offices, strength/conditioning complex, training facilities, football offices and locker room, Legends Grille, and Legacy Hall—a three-story museum/hall of fame celebrating more than 100 years of BYU Athletics.

Intramural Activities

The campus intramural program, consisting of more than thirty events involving thousands of participants in both men's and women's activities, is one of the largest and most comprehensive in the United States. Students may participate in team activities and individual events. The intramural program offers divisions for different skill levels in each activity and provides awards for the winners in each division. Numerous employment opportunities are available as game supervisors and officials.

A Great Outdoors

The Wasatch Mountains overlook BYU on the east, and to the west lies Utah Lake. Within an hour's drive are several canyons and ski resorts; six national parks are only a half day away. Outdoor gear can be rented on campus for everything from skiing to windsurfing.

Accreditation

Brigham Young University (BYU) is a member institution with the Northwest Commission on Colleges and Universities (NWCCU). BYU’s accreditation status is “accreditation reaffirmed.” The NWCCU’s most recent action on the institution’s accreditation status in 2022 was to reaffirm accreditation. NWCCU is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation (CHEA).

Accreditation of an institution of higher education by the NWCCU indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer-review process. An accredited college or university is one that has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the NWCCU applies to the institution as a whole. As such, it is not a guarantee of every course or program offered or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding the institution's accreditation status should be directed to BYU’s administrative staff. Individuals may also contact:

Northwest Commission on Colleges and Universities
8060 165th Avenue N.E., Suite 200
Redmond, WA 98052
(425) 558-4224
www.nwccu.org

General Inquiries and Questions: info@nwccu.org

The following organizations have given accreditation to programs or units at the university:

- Academy of Nutrition and Dietetics, Accreditation Council for Education in Nutrition and Dietetics
- Accreditation Board for Engineering and Technology, Inc., Applied Science Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Computing Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Engineering Accreditation Commission
- Accreditation Board for Engineering and Technology, Inc., Engineering Technology Accreditation Commission
- Accrediting Council for Education in Journalism and Mass Communications

Advisement Resources

BYU undergraduates should develop competence in at least one area of concentration. Competence generally demands study in depth. Such in-depth study helps prepare students for their life's work; it also teaches them that genuine understanding for any subject requires exploring it fully. Students normally acquire such depth from their major and minor fields. (The Aims of a BYU Education)

In addition to completing the university core, each student must choose a specialized area of study—a major. Requirements vary considerably from major to major, but all majors share in common a sequential development from introductory foundation courses to those that expect increasingly greater depth and sophistication. As the aims indicate, "By the time they graduate, students should grasp their discipline's essential knowledge and skills . . . , and many should have participated in scholarly or creative activities that let them demonstrate their mastery." Within this sequential development, prerequisites—whether within or outside the major department—help prepare students for subsequent, more focused work in the major. Some majors also require associated course work in related fields. Each major within a department or college has an Academic Advisor to help you understand and pursue the developmental goals of the major and achieve your full potential. An Academic Advisor can help you thoroughly explore your decision to pursue a major, process through a variety of career-related decisions, and ultimately help you make a plan for your growth and development during your time at the university.

Aptitudes, Interests, and Objectives

Success in a major depends upon the right combination of interests, skills, effort, and aptitudes. Students who choose a major only because of its job possibilities and fail to consider their own interests and aptitudes will probably be disappointed. Some majors, particularly those in professional programs (e.g., accounting) lead directly to employment in a particular field; others (e.g., philosophy) provide a rich liberal arts preparation for subsequent graduate study or professional programs (e.g., law) and may lead to employment in a variety of fields related to the major. A student's major can open up a great variety of employment opportunities, but students should also explore opportunities to engage in experiential learning over the course of the major to develop their skills, interests, and knowledge.

Flexibility and Adaptability

The future will likely bring about change and a continued expansion of knowledge in all domains of human understanding. Some futurists have estimated that today's high school graduates will be in five to seven different careers during their lifetime. Flexibility and adaptability, learning how to learn, and learning to think carefully and critically are the aims of a strong liberal arts education. For many careers, a degree in a particular major is not required. Employers respond favorably to applicants who have developed analytical skills, who have the ability to reason abstractly, who have learned to communicate precisely and effectively, and who are prepared to serve, lift, and lead.

Choosing a Major

Careful and thoughtful consideration before choosing a major will reduce the time to graduation and help make the most of the time at BYU. Major requirements and course descriptions can be found by clicking the "Programs" tab at the top of this page or by using the list of majors. Students may find some combination of the following action steps useful in selecting a major:

1. **Meet as often as needed with an open major advisor in the University Advisement Center (UAC).** Advisors are available to help students choose a major or career path. Advisors are available to help students explore major and career options, help choose meaningful classes, support students through the decision-making process, and connect you to resources on campus to design personalized goals and create a path for your BYU experience and beyond. Students will be equipped with approaches and tools to navigate the exploration process. Contact them at 2500 WSC, (801) 422-3826, or by e-mail at: university_advisement@byu.edu. You can also access their website at: https://universityadvisement.byu.edu/.
2. **Work with an Exploration Specialist in the UAC.** Exploration Specialists are peers trained to co-explore with students using specific activities. These activities help students deepen personal awareness through discovering more about their interests, skills, and values and by getting more information about majors and career paths. They guide students to take their next steps to explore their options.
3. **Watch BYU Major Snippets.** These short videos summarize basic information about BYU Majors. Each video answers a set of questions from college representatives, including: What is this major about? What careers can graduates enter? How is it different from other similar majors? Why should I select this major? You can watch the snippets here: https://universityadvisement.byu.edu/major-snippets.
4. **Review catalog information pertaining to undergraduate majors.** A list of majors can be found in this section of the catalog or check each department: https://catalog.byu.edu/programs

5. **Learn about deadlines, prerequisites, and application requirements for limited-enrollment programs.** Some majors have limited enrollment and only accept students by application. Limited-enrollment programs are identified with an asterisk (*) in the list of majors. Students should become familiar with the prerequisite courses required for limited-enrollment majors several semesters before they plan to apply. When applying to limited-enrollment programs, students should have a parallel plan in case they are not accepted. Advisors in the University Advisement Center (2500 WSC) can help develop parallel academic plans for reaching a given career objective.
6. **Pursue multiple options.** When trying to choose between two majors, take courses that will fill major and minor requirements for both. When deciding which of the two will be the major, the other choice can possibly become a minor.
7. **Take a career interest assessment.** Type-Focus, a free online self-assessment and career exploration program, is available in the UAC. Other assessments like the Strong Interest Inventory and the Myers-Briggs Type Indicator can also be taken at the UAC for a fee.
8. **Visit the What Can I Do With this Major website:** Go to https://careers.byu.edu/explore-career-options and click on the What Can I Do With This Major website to see the various career path that are available to those that study certain majors.
9. **Learn, firsthand, about potential careers.** Part-time work, summer employment, internships, and volunteer work provide useful opportunities for students to collect information about what a specific career entails and to make contacts that will help them further their career goals. In addition, students might ask relatives or friends doing the kind of work they are interested in if they can be their "shadow" for a day, or perhaps longer. Alternatively, students can conduct information interviews with individuals in these positions, asking them about their work, the associated academic prerequisites, and so forth.
10. **Connect with Alumni through BYU Connect.** One way to learn about major decision making and career paths is to connect with alumni that have already walked the path. On BYU Connect, you can search through a database of BYU Alumni have already volunteered to be contacted by current students. Within minutes you can search for alumni with similar interests, personalize one of the pre-made form letters, and send a request to chat with an individual that can share their personal experience. Sign up here: https://careers.byu.edu/how-to-use-byu-connect.
11. **Choose university core requirements carefully.** Once a major is chosen, the college advisement center for your major can help in the selection of classes that both satisfy university core requirements and expose students to the core subject matter of a major or career: https://catalog.byu.edu/generaleducation.
12. **Enroll in a career exploration course.** Student Development (StDev) 117, Career Exploration, is a 2-credit course designed to help students learn about themselves and explore major and career paths. Juniors and seniors may want to take StDev 317: Career Strategies, a 2-credit hour course designed to help upper-division students prepare for transitioning to their desired career outcome and strategies for continued career success.
13. **Take introductory or seminar courses for majors/careers being considered.** BYU offers seminar courses for pre-medicine, pre-dentistry, pre-optometry, pre-law, and many of the engineering majors. There are other introductory courses such as Orientation to the Psychology Major (Psych 101), Historian's Craft (Hist 200), that may be helpful. Information on these courses is available through college advisement centers.
14. **Connect early with the Pre-Professional Advisement Center.** Considering a path in medicine, the allied health professions, law, or business? There are pre-professional advisors who can help you plan your path towards success. Declare yourself as a pre-professional student and receive relevant updates, hear about opportunities, and attend specific workshops designed just for you. Connect here: https://ppa.byu.edu/.
15. **Seek advice from the faculty.** Faculty members who teach and mentor in a particular major understand the purposes of the major program, its array of courses, and the opportunities available to those who complete it. Students should identify an appropriate member of the faculty and ask for assistance, which will often require an appointment.
16. **Make a firm commitment.** Pursuing a major with a firm commitment to go beyond its requirements will bring satisfaction and ensure future opportunities. Tentative or half-hearted completion of minimum requirements of any major will lead only to discouragement and detachment. Students are encouraged to choose carefully, trust their choice, and diligently pursue their studies in the major.

Choosing a Minor

A minor offers students the opportunity to increase their breadth of expertise by exploring an area of study in depth but not to the same degree as in a major. Some majors require students to complete a minor from a specified set of options, but for most students a minor is optional. Students who elect to complete a minor often choose fields related to the major. Others may choose a minor in an area in which they have expertise or interest. In most cases, the minor would be chosen from a different department than the major.

Courses used to satisfy the requirements of a student's major may also be used to satisfy the requirements of a minor, unless the minor's requirements place restrictions on the double counting of courses. A list of minors can be found https://catalog.byu.edu/programs?degreeDesignation=MIN.

Academic Advisement

The university provides a number of resources to assist students with careful and thoughtful academic and career planning while at BYU. It is expected that students will partner with the university by taking full advantage of these available resources and opportunities to enhance their chances of a successful academic experience.

The university is committed to providing students with access to academic advisors who will:

- Stay abreast of major and university requirements, and the corresponding academic resources
- Assist students by making appropriate recommendations for registration
- Help students in their pursuit of an appropriate major and career
- Aid students in planning an education program consistent with their academic progress
- Offer friendly, attentive, informative service, listening to the student's situation before offering a solution

Students will be successful as they:

- Prepare for and keep appointments with their college advisement center (CAC) advisor; preferably at least once a calendar year
- Establish and follow an academic plan for graduation
- Use university resources such as MyMAP, Major Academic Plans (MAPs), Academic Information Management (AIM), and the progress report
- Become familiar with their basic academic program and requirements

- Review personal academic progress each semester

AIM

The Academic Information Management (AIM) system provides students with easy access to information on their academic progress and other vital information. In AIM, students can change their addresses and phone numbers, access their class schedules, determine course availabilities and instructor schedules, monitor their progress reports, look at their grades and BYU credit, make PIN changes, check on transfer and AP credit, and conduct personal registration procedures.

MyMAP

BYU offers students a helpful academic planning system (MyMAP) that enables them to plan their academic progress towards graduation. MyMAP is an online tool students may use to plan specific courses to fill University Core, major, minor, and elective requirements, and organize those courses into semesters/terms. In addition, students may register from these courses using the Register tab. Easy access to course descriptions can be found on any MyMAP tab by simply clicking on the course title. As a student fully utilizes MyMAP, they will find that they have important information at their fingertips. Students may access MyMAP under the school section of MyBYU. To learn more about MyMAP go to http://mymap.byu.edu.

Progress Reports

Progress Reports provide students with accurate academic progress information. Students can access their progress report in MyMAP. In MyMAP, students can actually use their progress report (the middle tab at the top of the page) as a tool to plan their academic course of study

Major Academic Plan (MAP)

This supplement to the BYU Undergraduate Catalog is also a valuable academic resource for students as they plan and prepare their academic schedules. The MAP includes information regarding university core and major requirements, semester-by-semester recommendations for course selection, and course availability. Please see the following Web site for more information: https://advisement.byu.edu/major-academic-plans.

College Advisement Centers

An advisement centers exists in each academic college. At these centers, students receive personal assistance in meeting their educational goals as quickly as possible. Students should contact their advisement centers at least once a calendar year.

David O. McKay School of Education, 350 MCKB, Provo, UT 84602-5096, (801) 422-3426, email: ess@byu.edu

University Advisement Center

2500 WSC
(801) 422-3826
E-mail: university_advisement@byu.edu
Web: https://universityadvisement.byu.edu/

Services Include: academic advising, career counseling, advisement on how to choose a major or career, graduate school advisement, career interest assessment, and information and referral to appropriate university resources. The center serves as the college advisement center for open major students but all students are welcome to use its services and resources for assistance in making informed and appropriate decisions about majors or careers.

Honors Advisement Center

102A MSRB
(801) 422-5497
E-mail: honors@byu.edu
Web: http://www.byu.edu/honors/

Honors education is open to all students who choose to participate. Students who intend to graduate with University Honors should consult with an advisor in the Honors Advisement Center (102A Maeser Building) for assistance with choosing honors courses and understanding honors graduation requirements.

Pre-Professional Advisement Center

1351 WSC
(801) 422-3044
E-mail: ppa@byu.edu
Web: https://ppa.byu.edu/

The Preprofessional Advisement Center serves students preparing to apply to professional graduate programs, specifically law, health (medical, physician assistant, dental, physical therapy, optometry, etc.), and graduate management (MBA, MPA, etc.). For those students who are interested in such professional graduate programs, the center offers workshops, individual counseling, admissions advice, and student development courses to help students explore these fields and prepare for the study and practice of the student's chosen field. The center is open to students from any major.

Academic Support Office

2500 WSC
(801) 422-2723
E-mail: academic_support@byu.edu
Web: http://aso.byu.edu/

The university experience is rigorous by design. However, it is anticipated that all students admitted to the university are capable of succeeding academically. Many students that experience academic challenges, are able, with the support of university staff and resources, to work through those challenges and to be successful at the university. The mission of the Academic Support Office (ASO), a Student Life department, is to assist undergraduate degree-seeking students who are experiencing academic difficulties. The ASO utilizes skilled advisors and the combined resources of the university to assist students on academic warning, probation, continued academic probation and those facing academic suspension or dismissal, to resolve academic and related concerns.

Students experiencing academic difficulties are often encountering challenges in one or more of the following areas: (1) personal concerns outside the academic realm such as mental health or adjustment challenges, physical illness or injuries, adverse events, relationship or family concerns, financial hardships, etc. that impact academic performance, (2) insufficient academic preparation for the rigors of a university experience, or (3) learning strategies that were sufficient in high school, but are less effective at the university.

ASO advisors and peer coaches support students in addressing non-academic challenges by helping students identify concerns, assess needs, access needed resources, implement appropriate intervention strategies and by providing ongoing support as students work through challenges to improve academic performance. They also provide one-on-one training to help students develop effective study skills and learning strategies. ASO advisors and peer coaches routinely assist students in developing time management, test-preparation, test-taking, reading, note-taking, memory and other academic strategies. Students who experience academic difficulties, who are on warning, probation, CAP, or are facing academic suspension or dismissal from the university are strongly encouraged to contact and enlist the support of the ASO.

Additional Advisement Resources: Student Development Services

Courses for Credit

2510 WSC
(801) 422-4007
Web: https://sds.byu.edu/student-development-classes

Students can receive credit for courses focused on career exploration and development, enhancing academic skills, life planning and decision making, and improving personal mental health. These courses are listed in the class schedule under Student Development (StDev). See the Student Development section of this catalog for course numbers and descriptions.

Aims of a BYU Education

Education is the power to think clearly, the power to act well in the world's work, and the power to appreciate life.

— Brigham Young [1]

The mission of Brigham Young University is "to assist individuals in their quest for perfection and eternal life" ("The Mission Statement of Brigham Young University" [hereafter Mission Statement]). To this end, BYU seeks to develop students of faith, intellect, and character who have the skills and the desire to continue learning and to serve others throughout their lives. These are the common aims of all education at BYU. Both those who teach in the classroom and those who direct activities outside the classroom are responsible for contributing to this complete educational vision.

The statement that follows reaffirms and expands on the earlier and more general Mission Statement adopted in 1981. As the quotations under each heading suggest, this document also draws on the religious and educational teachings of the university's founding prophet, Brigham Young. Quotations within the text come from the scriptures and from the counsel of modern prophets, whose teachings about BYU lay the foundation of the university's mission.

The following four sections discuss the expected outcomes of the BYU experience. A BYU education should be (1) spiritually strengthening, (2) intellectually enlarging, and (3) character building, leading to (4) lifelong learning and service. Because BYU is a large university with a complex curriculum, the intellectual aims are presented here in somewhat greater detail than the other aims. Yet they are deliberately placed within a larger context. The sequence flows from a conscious intent to envelop BYU's intellectual aims within a more complete, even eternal, perspective that begins with spiritual knowledge and ends with knowledge applied to the practical tasks of living and serving.

Spiritually Strengthening

Brother Maeser, I want you to remember that you ought not to teach even the alphabet or the multiplication tables without the Spirit of God.

—Brigham Young [2]

The founding charge of BYU is to teach every subject with the Spirit. It is not intended "that all of the faculty should be categorically teaching religion constantly in their classes, but . . . that every . . . teacher in this institution would keep his subject matter bathed in the light and color of the restored gospel." [3]

This ideal arises from the common purpose of all education at BYU—to build testimonies of the restored gospel of Jesus Christ. A shared desire to "seek learning, even by study and also by faith" (D&C 88:118) knits BYU into a unique educational community. The students, faculty, and staff in this community possess a remarkable diversity of gifts, but they all think of themselves as brothers and sisters seeking together to master the academic disciplines while remaining mastered by the higher claims of discipleship to the Savior.

A spiritually strengthening education warms and enlightens students by the bright fire of their teachers' faith while enlarging their minds with knowledge. It also makes students responsible for developing their own testimonies by strenuous effort. Joseph Smith's words apply equally to faculty and students at BYU: "Thy mind, O man! if thou wilt lead a soul unto salvation, must stretch as high as the utmost heavens, and search into and contemplate the darkest abyss, and the broad expanse of eternity—thou must commune with God." [4] Students need not ignore difficult and important questions. Rather, they should frame their questions in prayerful, faithful ways, leading them to answers that equip them to give "a reason of the hope that is in" them (1 Peter 3:15) and to articulate honestly and thoughtfully their commitments to Christ and to his Church.

Intellectually Enlarging

Every accomplishment, every polished grace, every useful attainment in mathematics, music, and in all science and art belong to the Saints, and they should avail themselves as expeditiously as possible of the wealth of knowledge the sciences offer to every diligent and persevering scholar.

—Brigham Young [5]

The intellectual range of a BYU education is the result of an ambitious commitment to pursue truth. Members of the BYU community rigorously study academic subjects in the light of divine truth. An eternal perspective shapes not only *how* students are taught but *what* they are taught. In preparing for the bachelor's degree, students should enlarge their intellects by developing skills, breadth, and depth: (1) skills in the basic tools of learning, (2) an understanding of the broad areas of human knowledge, and (3) real competence in at least one area of concentration. Further graduate studies build on this foundation.

Undergraduate

1. Skills. BYU undergraduates should acquire the basic tools needed to learn. The essential academic learning skills are the abilities to think soundly, to communicate effectively, and to reason proficiently in quantitative terms. To these ends, a BYU bachelor's degree should lead to:

- *Sound thinking*—reasoning abilities that prepare students to understand and solve a wide variety of problems, both theoretical and practical. Such skills include the ability to keep a proper perspective when comparing the things that matter most with things of lesser import. They also include the ability to engage successfully in logical reasoning, critical analysis, moral discrimination, creative imagination, and independent thought.
- *Effective communication*—language abilities that enable students to listen, speak, read, and write well; to communicate effectively with a wide range of audiences in one's area of expertise as well as on general subjects. For many students this includes communicating in a second language.
- *Quantitative reasoning*—numerical abilities that equip students with the capacity to understand and explain the world in quantitative terms; to interpret numerical data; and to evaluate arguments that rely on quantitative information and approaches.

2. Breadth. BYU undergraduates should also understand the most important developments in human thought as represented by the broad domains of knowledge. The gospel provides the chief source of such breadth because it encompasses the most comprehensive explanation of life and the cosmos, supplying the perspective from which all other knowledge is best understood and measured. The Lord has asked his children to "become acquainted with all good books, and with languages, tongues, and people" (D&C 90:15); to understand "things both in heaven and in the earth, and under the earth; things which have been, things which are, things which must shortly come to pass; things which are at home, things which are abroad; the wars and the perplexities of the nations . . . ; and a knowledge also of countries and of kingdoms" (D&C 88:79).

"Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education [that will help them] understand important ideas in their own cultural tradition as well as that of others" (Mission Statement). Specifically, BYU undergraduate students should be educated in the following broad areas of human knowledge:

- *Religion*—the doctrines, the covenants, the ordinances, the standard works, and the history of the restored gospel, as well as an awareness of other religious traditions.
- *Historical perspective*—the development of human civilization, appreciation for the unique contributions of America to modern civilization, and a general historical perspective, including perspective on one's own discipline.
- *Science*—The basic concepts of the physical, biological, and social sciences, and a recognition of the power and limitations of the scientific method—preferably through laboratory or field experience.
- *Arts and letters*—lively appreciation of the artistic, literary, and intellectual achievements of human cultures—including Western culture and, ideally, non-Western as well.
- *Global awareness*—informed awareness of the peoples, cultures, languages, and nations of the world.

3. Depth. BYU undergraduates should develop competence in at least one area of concentration. Competence generally demands study in depth. Such in-depth study helps prepare students for their life's work; it also teaches them that genuine understanding of any subject requires exploring it fully. Students normally acquire such depth from their major and minor fields. BYU's religion requirement also asks all students to develop depth in scriptural studies and religion.

Depth does not result merely from taking many courses in a field. Indeed, excessive course coverage requirements may discourage rather than enhance depth. Depth comes when students realize "the effect of rigorous, coherent, and progressively more sophisticated study." Depth helps students distinguish between what is fundamental and what is only peripheral; it requires focus, provides intense concentration, and encourages a "lean and taut" degree that has a "meaningful core" and a purposefully designed structure (Memorandum to the Faculty No. 13). In addition to describing carefully structured academic majors, this description applies to well-designed BYU courses of all kinds.

The chief result of depth is competence. BYU's students should be "capable of competing with the best students in their field" (Mission Statement). Even so, undergraduate study should be targeted at entrance-level, not expert-level, abilities. The desire for depth should not lead to bachelor's degrees that try to teach students everything they will need to know after graduation. Students should be able to complete their degrees within about four years.

Undergraduate programs should prepare students to enter the world of work or to pursue further study. Often this requires educational activities that help upperclassmen culminate their studies by integrating them in a capstone project, honors thesis, senior seminar, or internship. By the time they graduate, students should grasp their discipline's essential knowledge and skills (such as mathematical reasoning, statistical analysis, computer literacy, foreign language fluency, laboratory techniques, library research, and teaching methods), and many should have participated in scholarly or creative activities that let them demonstrate their mastery.

Graduate

Building on the foundation of a strong bachelor's degree, graduate education at BYU asks for even greater competency. Graduate studies may be either academic or professional and at either the master's or doctoral level. In all cases, BYU graduate programs, like undergraduate programs, should be spiritually strengthening as well as intellectually enlarging.

Graduate programs should help students achieve excellence in the discipline by engaging its primary sources; mastering its literature, techniques, and methodologies; and undertaking advanced systematic study—all at a depth that clearly exceeds the undergraduate level. In addition, graduate programs should prepare students to contribute to their disciplines through their own original insights, designs, applications, expressions, and discoveries. Graduate study should thereby enable a variety of contributions—such as teaching complex knowledge and skills, conducting original research, producing creative work that applies advanced learning in the everyday world, and extending professional service to the discipline and to society.

These intellectual aims of a BYU education are intended to give students understanding, perspective, motivation, and interpersonal abilities—not just information and academic skills. BYU should furnish students with the practical advantage of an education that integrates academic skills with abstract theories, real-world applications, and gospel perspectives. Such an education prepares students who can make a difference in the world, who can draw on their academic preparation to participate more effectively in the arenas of daily life. They are parents, Church leaders, citizens, and compassionate human beings who are able to improve the moral, social, and ecological environment in which they and their families live. They are scientists and engineers who can work effectively in teams and whose work reflects intellectual and moral integrity; historians who write well and whose profound understanding of human nature and of divine influences informs their interpretation of human events; teachers whose love for their students as children of God is enriched by global awareness and foreign language skill; artists whose performances seek to be flawless in both technique and inspiration; business leaders whose economic judgments and management styles see financial reward not as an end but as a means to higher ends. BYU graduates thus draw on an educated intellect to enhance not only what they *know* but also what they *do* and, ultimately, what they *are*.

Character Building

A firm, unchangeable course of righteousness through life is what secures to a person true intelligence.

—Brigham Young [6]

Because it seeks to educate students who are renowned for what they are as well as for what they know, Brigham Young University has always cared as much about strong moral character as about great mental capability. Consequently, a BYU education should reinforce such moral virtues as integrity, reverence, modesty, self-control, courage, compassion, and industry. Beyond this, BYU aims not merely to teach students a code of ethics but to help them become partakers of the divine nature. It aspires to develop in its students character traits that flow from the long-term application of gospel teachings to their lives. This process begins with understanding humankind's eternal nature and ends with the blessing of eternal life, when human character reflects in fully flowered form the attributes of godliness. Along the way, the

fruits of a well-disciplined life are augmented and fulfilled by the fruits of the spirit of Jesus Christ—such as charity, a Christlike love for others, which God "hath bestowed upon all who are true followers of his Son, Jesus Christ" (Moroni 7:48). Students thus perfect their quest for character development by coming unto Christ through faith, repentance, and righteous living. Then their character begins to resemble his, not just because they think it should but because that is the way they are.

President David O. McKay taught that character is the highest aim of education: above knowledge is wisdom, and above wisdom is character. "True education," he explained, "seeks to make men and women not only good mathematicians, proficient linguists, profound scientists, or brilliant literary lights, but also honest men with virtue, temperance, and brotherly love." [7] Consequently, a BYU education should bring together the intellectual integrity of fine academic discipline with the spiritual integrity of personal righteousness. The result is competence that reflects the highest professional and academic standards—strengthened and ennobled by Christlike attributes.

Thus understood, the development of character is so important that BYU "has no justification for its existence unless it builds character, creates and develops faith, and makes men and women of strength and courage, fortitude, and service—men and women who will become stalwarts in the Kingdom and bear witness of the . . . divinity of the gospel of Jesus Christ. It is not justified on an academic basis only." [8] Rather, it fulfills its promise when "the morality of the graduates of this University provide[s] the music of hope for the inhabitants of this planet." [9]

Every part of the BYU experience should therefore strengthen character—academic integrity in taking a test or writing a research paper; sportsmanship on the playing field; the honest reporting of research findings in a laboratory; careful use of university funds derived from the tithes of Church members; treating all other people with dignity and fairness; and wholehearted acceptance of commitments made to bishops and parents. Character is constructed by small decisions. At this personal level of detail, BYU will realize its hope of teaching "those moral virtues which characterize the life and teachings of the Son of God" (Mission Statement).

Lifelong Learning and Service

We might ask, when shall we cease to learn? I will give you my opinion about it; never, never. . . . We shall never cease to learn, unless we apostatize from the religion of Jesus Christ.

—Brigham Young [10]

Our education should be such as to improve our minds and fit us for increased usefulness; to make us of greater service to the human family.

—Brigham Young [11]

Well-developed faith, intellect, and character prepare students for a lifetime of learning and service. By "entering to learn" and continuing to learn as they "go forth to serve," BYU students strengthen not only themselves—they "also bring strength to others in the tasks of home and family life, social relationships, civic duty, and service to mankind" (Mission Statement).

1. Continual Learning. BYU should inspire students to keep alive their curiosity and prepare them to continue learning throughout their lives. BYU should produce careful readers, prayerful thinkers, and active participants in solving family, professional, religious, and social problems. They will then be like Abraham of old, who had been "a follower of righteousness, desiring also to be one who possessed great knowledge, and to be a greater follower of righteousness, and to possess a greater knowledge, . . . desiring to receive instructions, and to keep the commandments of God." In this lifelong quest, they, like Abraham, will find "greater happiness and peace and rest" (Abraham 1:2). Thus a BYU diploma is a beginning, not an end, pointing the way to a habit of constant learning. In an era of rapid changes in technology and information, the knowledge and skills learned this year may require renewal the next. Therefore, a BYU degree should educate students in how to learn, teach them that there is much still to learn, and implant in them a love of learning "by study and also by faith" (D&C 88:118).

2. Service. Since a decreasing fraction of the Church membership can be admitted to study at BYU, it is ever more important that those who are admitted use their talents to build the kingdom of God on the earth. Hence, BYU should nurture in its students the desire to use their knowledge and skills not only to enrich their own lives but also to bless their families, their communities, the Church, and the larger society. Students should learn, then demonstrate, that their ultimate allegiance is to higher values, principles, and human commitments rather than to mere self-interest. By doing this, BYU graduates can counter the destructive and often materialistic self-centeredness and worldliness that afflict modern society. A service ethic should permeate every part of BYU's activities—from the admissions process through the curriculum and extracurricular experiences to the moment of graduation. This ethic should also permeate each student's heart, leading him or her to the ultimate wellspring of charity—the love for others that Christ bestows on his followers.

Conclusion

Education is a good thing, and blessed is the man who has it, and can use it for the dissemination of the Gospel without being puffed up with pride.

—Brigham Young [12]

These are the aims of a BYU education. Taken together, they should lead students toward wholeness: "the balanced development of the total person" (Mission Statement). These aims aspire to promote an education that helps students integrate all parts of their university experience into a fundamentally sacred way of life—their faith and reasoning, their knowledge and conduct, their public lives and private convictions. Ultimately, complete wholeness comes only through the Atonement of him who said, "I am come that they might have life, and that they might have it more abundantly" (John 10:10). Yet a university education, guided by eternal principles, can greatly "assist individuals in their quest for" that abundant "eternal life" (Mission Statement).

A commitment to this kind of education has inspired the prophets of the past to found Church schools, like BYU, on the principle that "to be learned is good if they hearken unto the counsels of God" (2 Nephi 9:29). These prophets have known the risks of such an enterprise, for "that happiness which is prepared for the saints" shall be hid forever from those "who are puffed up because of their learning, and their wisdom" (see 2 Nephi 9:42–43). Yet they have also known that education plays a vital role in realizing the promises of the Restoration; that a broad vision of education for self-reliance and personal growth is at the very heart of the gospel when the gospel is at the heart of education. To the degree that BYU achieves its aims, the lives of its students will confirm Brigham Young's confidence that education is indeed "a good thing," blessing all those who humbly and faithfully use it to bless others.

Careers & Experiential Learning

Career Services

1134 WSC
801-422-3000

Careers & Experiential Learning facilitates exceptional opportunities for students to achieve their career and life goals. Whether it is helping students discover their purpose, find meaningful experience, or build valuable relationships with alumni and employers, our goal is to help students design their best future.

Career Services

E-mail: byucareerservices@byu.edu
Website: https://careers.byu.edu

Students will find mentored assistance with career exploration, graduate school preparation, resumes, mock interviews, networking, online profiles, and access to career networks. Students can take the Gallup Clifton Strengths assessment to better understand how their unique talents and personal strengths can sustain their success in college and beyond.

Experienced Career Directors are assigned to students in each college, and they provide individualized career guidance and assistance connecting with alumni, industry professionals, and career-building opportunities, including treks to visit professional environments. Several career directors are physically housed in the colleges they serve (Engineering, Math & Science, Life Science) in addition to the services available to all students in the Career Studio, located in the Wilkinson Center.

The **Career Studio** is available for drop-in, no-appointment-necessary services where students can actively work on their professional documents and have conversations about their Strengths with experienced career mentors. Our career mentors share best practices and strategies based on the most up-to-date employer feedback collected regularly by recruiters looking to hire BYU students.

Students may log into Handshake at handshake.byu.edu to gain access to hundreds of and job and internship postings. Every year Career Services facilitates thousands of local, state, and national recruiting opportunities through on-campus career fairs, interviews, information sessions, and targeted networking events.

Experiential Learning

E-mail: experiential.learning@byu.edu
Website: https://experience.byu.edu

Experiential learning is defined as learning through experience (Kolb, 1984). While learning may naturally occur through any given experience, not all experience produces experiential learning. At BYU, four foundational characteristics distinguish experiential learning from ordinary or chance experience and foster *inspiring learning*:

1. **Inspiration**: *Inspiring Learning is* "learning that leads to inspiration or revelation" (Worthen, 2016). Learners are invited to actively engage the inspiration of the Holy Spirit in the realm of inquiry in which they may be involved (see Moroni 10:5).
2. **Intention**: Learning outcomes describe the knowledge, skills, or abilities the learners should have after successfully completing the experience.
3. **Integration**: High impact practices are utilized and avenues to apply learning are identified. Application of emerging inspiration, knowledge, skills, or dispositions are fostered.
4. **Reflection**: Learners engage in purposeful reflection. Learners consider what they have learned (what), ascertain meaning (so what), and how their learning can be used in future career or life plans (now what).

BYU has a strong tradition of experiential learning which includes research with faculty, doing field study or field work, completing an internship, going on a study abroad, or participating in a variety of culminating learning experiences such as capstones, competitions, festivals, or performances. Additionally, involvement in clubs, student employment, or service learning are among the myriad of campus opportunities available for students to create inspiring experiences.

Our experiential learning professionals facilitate, promote, and provide trainings with a primary purpose to help students find and create inspiring experiences. Students who learn to seek, recognize, and act upon inspiration in their experiences form a foundation for lifelong learning.

Academic Internships

E-mail: internship@byu.edu
Website: https://experience.byu.edu

Internships provide an opportunity for skill development, perspective, mentored supervision, professional connections, and the ability to apply the academic learning occurring on campus. The internship experience is an opportunity for undergraduates to confirm they are on an academic path that suits their talents, abilities and interests. The office oversees department internship programs to assure that students and faculty are compliant with the university internship policy and legal obligations with internship providers.

Students seeking academic credit for internships must receive prior department and university approval and complete formal registration before commencing. Course offerings vary according to student and program needs. Registration in a department's 199R, 299R, 399R, 496R, 599R, or 688R course is required for internship credit. Individual departments specify course numbers for clinical, practicum, or other applied, experiential learning courses. Credit varies, generally ranging from 0.5 to 12 credit hours. Grades are based on both academic and work-related accomplishments.both academic and work-related accomplishments.

Catalog Archives

Catalog Archives

BYU archives each academic year's Undergraduate Catalog. Below is a listing of the past few years and a link to the library's archive dating back to 1901.

Educator Requirements

Educator Preparation Program (EPP) Admissions and Retention Requirements (for Students Who Apply for Teaching Majors or Teaching Minors After December 16, 2019)

Pre-teaching Majors

Students (undergraduates, graduates, and post-baccalaureate students) wishing to pursue a teaching major must complete the following:

1. Declare the corresponding pre-teaching major.
2. Register on the BYU Educator Preparation Program (EPP) management system, EDUCATOR, at https://educator.byu.edu/
3. Complete the requirements for application for the teaching major.

Note: To declare a teaching minor, a student must be admitted to a teaching major and meet all retention requirements for both the major and minors.

Teaching Majors: Minimum EPP Admission Standards

Students must apply to the appropriate program and meet the following standards:

1. Utah State Board of Education (USBE)-cleared fingerprint background check.
2. USBE-approved basic skills test in Reading, Math, and Writing (i.e., ACT, SAT, Praxis Core Test).
3. Pass all required EPP assessments (e.g. dispositions assessment).
4. Complete all program-specific admissions requirements (see each teaching major).
5. Meet the cohort average GPA of 3.0. Students with a GPA between 2.7-2.99 may be conditionally accepted with no remediation plan; students with GPA 2.0-2.69 may be conditionally accepted with a remedition plan. Each Program must have a cohort acceptance GPA average of 3.0.

Teaching Majors: Minimum EPP Retention Standards

Students must meet the following standards:

*Note: To be recommended for student teaching, a student must have a total GPA of at least 2.7; all coursework must be completed and teaching major and teaching minor coursework grades must be a C or better.

1. Demonstration of content knowledge, pedagogical content knowledge, pedagogical skills, and integration of technology across those domains.
    1. Maintain a total GPA of no less than 2.7.
    2. Receive a "C" or better in all education-related and major required courses (including any courses taken prior to acceptance into a teaching major)*
    3. Demonstrate sufficient and timely progress in coursework and field experiences
2. Demonstration of basic teaching capabilities.
    1. Teach to the Utah Effective Teaching Standards
    2. Teach to college- and career-ready standards (i.e., Utah Common Core Standards)
    3. Teach effectively with positive impacts on P-12 student learning and development
3. Maintain a USBE-cleared fingerprint background check.
4. Demonstrate professional ethics, behavior, and dispositions (e.g., BYU Honor Code, including dress and grooming standard; dispositions assessment; Utah Effective Teaching Standard #10; and Utah Board Rule 277R-515 Utah Educator Standards).
5. Maintain all program and major-specific retention requirements.

Requirements for Graduation and Recommendation for Utah State Licensure

Students must meet the following requirements for graduation from BYU with a teaching major and for recommendation to the Utah State Board of Education for a teaching license:

- Pass the content-specific Praxis Subjects Assessment test (formerly Praxis II test) for applicable teaching majors and minors. Students wishing to complete and internship must have passed the Praxis Subject Assessment prior to beginning internship.
- Meet the established EPP performance criteria for successful completion of student teaching in the major and minor teaching areas.
- Meet the established EPP performance criteria for successful completion of capstone assignments/assessments (e.g., Performance Assessment & Evaluation System).
- Meet the established performance criteria for successful completion of all program- and major-specific graduation requirements.
- Maintain USBE-cleared fingerprint background clearance in effect four weeks after graduation.
- Successful complete a Pedagogical Performance Assessment (e.g. PPAT).
- Complete and maintain all EPP admission, retention, and graduation requirements.
- Pay all fees for graduation and any other outstanding university charges.
- Meet all requirements for recommendation for Utah licensure.

Harold B. Lee Library

The Harold B. Lee Library is the University's gateway to research materials. The library's website, **lib.byu.edu**, features a powerful and easy-to-use search tool for both electronic and print resources. Through this online hub, students and faculty have access to scholarly research materials including databases, journals, and e-books. The system also searches the library's physical collection of materials including over 8 million books, journals, photographs, and more. Librarians and staff provide research help in person or through online **chat**, text, e-mail, or telephone. Students are encouraged to use the library's ready-made **Research Guides** for specific subjects.

The library building is a beautiful, quiet, and comfortable environment for studying. Thousands of chairs and study tables spread out over 5 floors. The library provides group study rooms, collaborative work areas, and a family-friendly study room. There are specialty labs for multimedia work, scanning, 3D printing, and other technologies. Wi-Fi is available throughout the building.

Students are also invited to use non-circulating items, including the rare and unique materials located in **special collections**, which are available for research.

During fall and winter semesters, the library is generally open from 7:00 a.m. to 11:45 p.m. Monday through Friday and from 8:00 a.m. to 11:45 p.m. on Saturday.

BYU students and faculty may also use the facilities of other college and university libraries in Utah, as well as select libraries in other states, thanks to cooperative agreements implemented through state and national library consortia.

Learn more about the library by visiting **lib.byu.edu**. Keep up to date on library events and announcements by following the library on social media: **https://www.facebook.com/byuhbll** and **Instagram @byu_hbll**.

Jerusalem Center

Jerusalem Center for Near Eastern Studies

The Brigham Young University Jerusalem Center for Near Eastern Studies is an educational and cultural center created for study in the Near East, emphasizing religion, the humanities, and the social sciences. The Jerusalem Center has three principal goals:

1. Provide students an opportunity to grow academically, culturally, socially, and especially spiritually, in a setting touched by the lives of apostles, prophets, and the Lord Jesus Christ.
2. Help students gain a greater understanding, appreciation, and respect for the peoples of the Holy Land and neighboring lands by studying cultural artifacts, traditions, and histories of the area.
3. Encourage students to enlarge and deepen testimony of the restoration of the gospel of Jesus Christ and come to understand the mission of the Savior better as they study, on site, His life and teachings and his dealings through ancient prophets and apostles.

To achieve these goals, the Jerusalem Center offers a core curriculum focused on the Old and New Testaments and on ancient and modern Near Eastern studies. Classroom study is integrated with a field trip program spanning the length and breadth of the Holy Land as well as travel to Jordan and to either Egypt or Greece. In addition, the Center provides introductory language study in Hebrew and Arabic.

The Jerusalem Center has marvelous physical facilities on Mount Scopus overlooking the oldest part of the city of Jerusalem. Classrooms, a library, a learning center, auditoriums, student and faculty apartments, a gymnasium and conditioning room, and a cafeteria provide a complete learning environment.

Academic Program

Calendar and Program Emphasis. Three programs are offered during the calendar year, scheduled to approximate the Provo campus calendar: fall, winter, and spring-summer (four-month programs).

1. The semester programs are designed for students who are currently enrolled at one of the BYU institutions (BYU in Provo, BYU-Idaho, BYU-Hawaii) seeking their first undergraduate degree. Most of the courses offered are at the upper-division level. Students are encouraged to prepare themselves in advance for this exceptional experience by taking such courses as Poli 170, Geog 120, Hist 300, 302, Arab 101, Heb 101.
2. All programs include field trips within the Holy Land and to Jordan and to either Egypt or Greece.

Curriculum. The following subject areas are currently taught at the center:

1. Biblical Studies: Old Testament and New Testament
2. Ancient Near Eastern Studies
3. Modern Near Eastern Studies
4. Introductory course in either Hebrew or Arabic.

Note: Some courses taken at the Jerusalem Center for Near Eastern Studies may be applied toward degrees in Near Eastern Studies, International Relations, and other majors in the College of Family, Home, and Social Sciences. Students should contact their advisement centers concerning specific degree requirements.

Limited Enrollment Programs

Limited Enrollment Programs

Some university programs host only limited enrollments due to resource constraints. These programs are granted Limited Enrollment Program status, and generally require application for student admission to the program. The table below lists all Limited Enrollment Programs at the university, and summarizes the maximum number of student participants and their acceptance rates.

BUSINESS					
	2021-22 Acceptance Rate	2022-23 Acceptance Rate	2023-24 Acceptance Rate	Program Limit	Application Deadlines

Mission of BYU

The mission of Brigham Young University—founded, supported, and guided by The Church of Jesus Christ of Latter-day Saints—is to assist individuals in their quest for perfection and eternal life. That assistance should provide a period of intensive learning in a stimulating setting where a commitment to excellence is expected and the full realization of human potential is pursued. All instruction, programs, and services at BYU, including a wide variety of extracurricular experiences, should make their own contribution toward the balanced development of the total person. Such a broadly prepared individual will not only be capable of meeting personal challenge and change but will also bring strength to others in the tasks of home and family life, social relationships, civic duty, and service to mankind. To succeed in this mission the university must provide an environment enlightened by living prophets and sustained by those moral virtues which characterize the life and teachings of the Son of God. In that environment these four major educational goals should prevail:

- All students at BYU should be taught the truths of the gospel of Jesus Christ. Any education is inadequate which does not emphasize that His is the only name given under heaven whereby mankind can be saved. Certainly all relationships within the BYU community should reflect devout love of God and a loving, genuine concern for the welfare of our neighbor.
- Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education. The arts, letters, and sciences provide the core of such an education, which will help students think clearly, communicate effectively, understand important ideas in their own cultural tradition as well as that of others, and establish clear standards of intellectual integrity.
- In addition to a strong general education, students should also receive instruction in the special fields of their choice. The university cannot provide programs in all possible areas of professional or vocational work, but in those it does provide the preparation must be excellent. Students who graduate from BYU should be capable of competing with the best in their fields.
- Scholarly research and creative endeavor among both faculty and students, including those in selected graduate programs of real consequence, are essential and will be encouraged.

In meeting these objectives BYU's faculty, staff, students, and administrators should also be anxious to make their service and scholarship available to The Church of Jesus Christ of Latter-day Saints in furthering its work worldwide. In an era of limited enrollments, BYU can continue to expand its influence both by encouraging programs that are central to the Church's purposes and by making its resources available to the Church when called upon to do so. We believe the earnest pursuit of this institutional mission can have a strong effect on the course of higher education and will greatly enlarge Brigham Young University's influence in a world we wish to improve.

—Approved by the BYU Board of Trustees
November 4, 1981

University Core Explained

The Pursuit of All Truth

The BYU Mission states: "Because the gospel encourages the pursuit of all truth, students at BYU should receive a broad university education. The arts, letters, and sciences provide the core of such an education, which will help students think clearly, communicate effectively, understand important ideas in their own cultural tradition as well as that of others, and establish clear standards of intellectual integrity.

A bachelor's degree from Brigham Young University consists of the core (general education and religious education) and the major. The two complement each other and are ideally integrated throughout the student journey. The skills and knowledge derived from a robust liberal arts education equip students with competencies that provide versatility in employment and a foundation for life-long learning and service.

The hallmark of a BYU education is the integration of sacred and secular knowledge. While the *Aims of a BYU Education* states all disciplines should be "bathed in the light and color of the restored gospel," religion courses engage students in an ever deeper understanding of the gospel of Jesus Christ through close and meticulous study of the scriptures and teachings of the living prophets.

Administration of the University Core

The university core is administered collaboratively by the deans of Undergraduate Education and Religious Education under the direction of the academic vice president. Religious Education is responsible for the Doctrinal Foundation and Religion Electives components and courses that meet those requirements; Undergraduate Education is responsible for the general education component. The success of the core depends on dedicated faculty from throughout the university. The Faculty General Education Council, chaired by the associate dean of Undergraduate Education, reviews and certifies all courses that meet general education requirements within the university core.

Who Must Complete University Core Requirements?

All students who receive undergraduate degrees from BYU are required to complete the core requirements as outlined below. Exceptions to this policy are explained in the Graduation Requirements Policy.

Description of the University Core

There are four categories in the university core: 1. Doctrinal Foundations, 2. The Individual and Society, 3. Skills, and 4. Arts, Letters, and Sciences.

Visit the "University Core" page in this catalog for an up-to-date list of approved courses.

Doctrinal Foundation and Religion Electives

Religious Education offers courses in ancient and modern scripture, Church history and doctrine, and related subjects. Together these help students gain a deeper understanding of "the doctrines, the covenants, the ordinances, the standard works, and the history of the restored gospel" (*Aims*, "Intellectually Enlarging").

Because The Church of Jesus Christ of Latter-day Saints maintains that regular gospel study is a necessary part of the university experience, BYU provides religion courses so students may progress in their religious convictions and understanding concurrently with their educational progress in secular fields. As such, religion courses are not meant to be a mere devotional supplement but an integral part of the university curriculum that conforms to university standards and expectations.

Cornerstones

The heart of the religion component is doctrinal foundation based on careful, informed, and reflective study of sacred scripture and doctrines of The Church of Jesus Christ of Latter-day Saints.

While enrolled at BYU, all students must complete the Four Cornerstones requirement as outlined in the chart below. Note that religion course requirements are different for transfer students. Since the religion requirement is determined by the number of transfer hours, it is important for each student to refer to their official personal progress report or consult with a university advisement center to determine their official status and corresponding religion requirement for graduation.

Students who are not members of the Church are strongly encouraged to enroll in Rel C 100, Introduction to the Church of Jesus Christ of Latter-day Saints, during their first semester in residence. This course is designed to be informational, introduce students to the culture, scriptures, and distinctive doctrines of The Church of Jesus Christ of Latter-day Saints, and to prepare them for subsequent religion classes.

Religion Electives

In addition to fulfilling the Four Cornerstones requirement, all students are required to take a specified number of BYU religion course hours as outlined in the chart below. Fulfilling these hours can be accomplished by taking BYU Cornerstone courses and/or BYU religion elective courses intended to enrich the Cornerstone courses with rigorous study from a variety of religious topics dealing with ancient scripture and Church history and doctrine. **Religion courses taken from LDS institutes of religion (including stake institutes) or Church Educational System schools (BYU–Idaho or BYU–Hawaii) will not fulfill the required number of BYU residency religion hours to be taken by each student. Only religion hours taken at the Provo campus will fulfill this requirement, though they may be taken prior to admission as a degree-seeking student.**

Religion courses taken at the BYU Salt Lake Center and through the BYU Independent Study program are considered part of the BYU campus and will fulfill the required number of religion courses required of each student.

Because regular gospel study should be a continuous part of a student's university experience, it would be ideal to take one religion class each semester of enrollment. **To encourage this, no more than 4 hours of religion credit per semester (spring/summer counts as one semester) may be counted toward the required religion hours to be taken at BYU.**

No religion course numbered in the 500s and 600s may be applied toward undergraduate religion credit. Religion credit from non-LDS universities will not be counted toward fulfilling any part of the religion requirement.

Total Hours Transferred to BYU	**Total BYU Religion Hours to Take While Enrolled at BYU (Provo)**	**Cornerstone Courses Required for BYU Graduation***
0–14.9	14	Rel C 200: The Eternal Family Rel C 225: Foundations of the Restoration Rel A 250: Jesus Christ and the Everlasting Gospel Rel A 275: Teachings and Doctrine of the Book of Mormon or approved substitutions***
15–29.9	12	
30–44.9	10	
45–59.9	8	
60–74.9	6**	
75–89.9	4**	
90 or more	2**	

For students admitted and enrolled for Fall 2019 and thereafter, AP credit will not be included as part of total hours transferred to BYU as it applies to religion requirements.
* All students graduating from BYU, BYU-Idaho, BYU-Hawaii and LDS Institute must complete ALL cornerstone requirements. Credit for these courses may be transferred from BYU-Idaho, BYU-Hawaii, and LDS Institutes as per current policy.
**More religion credit may be needed if cornerstone requirements have not been completed.
***Approved substitutions: For Rel C 200, Rel C 333: Teachings of the Living Prophets; for Rel C 200, SFL 200: The Eternal Family; for Rel A 250, Rel A 211: New Testament; for Rel A 250, Rel A 311R: New Testament Studies; for Rel A 275, Rel A 121 or 122: Book of Mormon.

General Education Categories

BYU Foundations for Student Success

To help students grow and progress intellectually, emotionally, socially, and spiritually during their first semester, BYU has created a course for incoming students — UNIV 101: BYU Foundations for Student Success. This course is taught in small sections by full-time faculty who can serve as models of lifelong learners and devoted disciples of Christ as students continue their academic journey. A peer mentor (a current BYU upper-level student) will assist the faculty member in the course, lead class discussions, and meet with students regularly outside of class. The peer mentor will help students reflect on their experience and find the resources they need to be successful. This class is for students— to help them be successful!

UNIV 101 is designed to help students understand the unique mission and purpose of BYU, connect with other students and faculty in meaningful and lasting ways, and make the most of their BYU experience. The course will also:

- give students a rich academic experience, in a small class, with the opportunity to see at close range how a faculty disciple-scholar uses their learning to address real life problems, explore challenging questions, and provide service to others;
- help students apply the doctrine of belonging as they find ways to participate in the BYU community, make lasting friends, and learn to include others;

- facilitate discussions about how to be successful and find their place at BYU.

Enrollment in UNIV 101 is part of the General Education program and a wonderful opportunity (required) for all students during their first semester. Students transferring from another university are not required to take UNIV 101.

For assistance or questions, email byu_foundations@byu.edu.

Individual and Society

The Individual and Society requirements inspire students to continue to learn and serve throughout their lives. Students actively learn to participate in solving the family, professional, religious, and social problems they will encounter after graduation. The Individual and Society category houses the area of Citizenship, which includes American Heritage and Global and Cultural Awareness.

American Heritage gives students an introduction to the political and economic foundations of the American democratic system and helps students appreciate the unique contribution of America to modern civilization. The Global and Cultural Awareness requirement ensures students develop an "informed awareness of the peoples, cultures, languages, and nations of the world." Students learn to understand important ideas in their own cultural tradition as well as others and are prepared to "go forth to serve."

Skills

The ability to communicate effectively is deemed a crucial skill in our society. The following requirements are grouped in this category:

- First-Year Writing
- Advanced Written and Oral Communication
- Quantitative Reasoning
- Languages of Learning

First-Year Writing teaches methods of library research, text or rhetorical analysis, and writing skills in different genres and styles. Students will use and expand these skills in all succeeding years of university work. Once students identify an area for major study, the Advanced Written and Oral Communication requirement introduces them to the discourse and documentation style of their chosen discipline, prepares them to write and present in their professional fields, and teaches them to communicate their disciplinary knowledge to an external audience.

To function in a technological society, a basic knowledge of mathematics and problem solving is essential. Quantitative Reasoning requires all students to certify at a basic level of numeracy, either with an appropriately high score on the math section of the ACT or SAT exams or by the completion of a BYU course. Then, within the Languages of Learning requirement, students gain advanced symbolic language skills in mathematics, statistics, or a foreign language.

Arts, Letters, and Sciences

The university's mission statement asserts that the "arts, letters, and sciences provide the core of [a broad university] education." These requirements build upon work in other categories of the core by developing "historical perspective" and "a lively appreciation of the artistic, literary, and intellectual achievements of human cultures." They also extend the student's understanding of "basic concepts of the . . . sciences," including "a recognition of the power and limitations of the scientific method" (*Aims,* "Intellectually Enlarging"). This category comprises a Civilization sequence, separate requirements in Arts and in Letters, and requirements in the Biological, Physical, and Social Sciences. The Civilization requirement provides a historical framework and a consideration of important works and themes. Through the Arts and Letters requirements, students deepen their appreciation of artistic and literary works and grow in their capacity to analyze, interpret, and draw justifiable implications from their reading and experience with the visual and performing arts.

The area of Scientific Principles and Reasoning contains three requirements: Biological Science, Physical Science, and Social Science. These requirements help develop an understanding of scientific reasoning and the scientific method and expose students to the excitement of discovery in these separate fields. Students will evaluate scientific data and make rational decisions on science-related issues that will affect their lives and community.

Selection and Timing of GE Classes

Students fulfill each GE requirement by completing one course or a combination of courses chosen from the approved list found here. Single-course options are most often designed for students whose major is not closely related to the requirement. On the other hand, combination-of-course options are often designed for majors related to the requirement and may include courses a student might take to satisfy a major or minor requirement. Students should carefully consider which option best meets their educational needs, keeping in mind the aim of pursuing a lively interrelationship between the core and the major over the whole undergraduate experience.

Not all approved GE courses are appropriate for all students. For instance, some have prerequisites, some are upper-division classes, and some are designed primarily for specific majors. Students should avoid registering for courses for which they are not academically prepared and should consult with the class instructor or an advisor if they are unsure. College advisement centers are valuable resources when students have questions about course selection, timing, and planning.

To gain approval to meet a GE requirement, a course is subjected to a rigorous evaluation by the Faculty GE Council. Such approval is not granted lightly and students should ensure the courses they select are, in fact, *approved* for GE credit. Courses not certified to satisfy the appropriate GE requirement will not count. This information is updated each year and published in the catalog. It is the responsibility of the student to verify that planned courses are certified to satisfy GE requirements.

Occasionally it is possible to complete more than one GE requirement with a single course. See the University Core for details; look especially at the Civilization 2 requirements for courses that double-count for Arts, Letters, or Global and Cultural Awareness. Many foreign languages double-count for Global and Cultural Awareness, a few for Letters; see Languages of Learning under Skills. Students are encouraged to use such "double-counting" sparingly—the more GE courses a student takes, the greater the breadth and value of the overall educational experience.

First Year Students

Although the time to complete GE requirements varies according to the major, all new students are expected to complete the First-Year Writing requirement and take at least one course towards completing the American Heritage requirement during their first year. Students are also expected to take one religion course each semester and complete their schedule by adding other general education and major-related courses.

In addition, students who need to fill the Quantitative Reasoning requirement (ACT math subscore below 22) should do so in their first year. It is also recommended that all new students begin work in the mathematics or foreign language options under Languages of Learning.

Civilization courses are designed as sophomore-level courses, although some programs include them during the freshman year. Visit college advisement centers or department offices for advice on when to complete the other GE requirements.

The University Core and the Honors Program

The Honors Program, open to all interested students, offers an array of enriched courses that simultaneously satisfy University Core and University Honors graduation requirements. These courses, offered under the HONRS designation, are designed to model different disciplinary approaches to Great Questions, explore interdisciplinary approaches, and consider ways in which "unexpected connections" can be found between disciplines, leading to a deeper understanding of the questions we seek to answer. See the Honors Program section of this catalog for detailed descriptions. Additional information may be obtained from the Honors Advisement Center, 102 MSRB, (801) 422-5497, or honors.byu.edu.

Ways to Complete GE Requirements Other Than by Course Work

In addition to completing approved courses, students may satisfy individual GE requirements within the university core by (1) transferring acceptable credit from other academic institutions, (2) receiving credit from selected Advanced Placement (AP) and International Baccalaureate (IB) examinations, or (3) passing exemption or challenge examinations offered for some classes at the university.

1. Transfer Credit. The application of transfer credit to GE requirements is handled by the Transfer Evaluation Office, B-150 ASB, (801) 422-8522. Transfer Guides have been arranged with several junior and community colleges to facilitate the transfer process for students, including those who have completed certain associate degrees. See Transfer Evaluation website for a list of Transfer Guides. The Transfer Evaluation Office (in the Registrar's Office) can be contacted for up-to-date information regarding the status of agreements with other institutions not listed on their website.

2. Advanced Placement and International Baccalaureate Credit. The results of some Advanced Placement (AP) and International Baccalaureate (IB) exams may be used to meet certain GE requirements and obtain general university credit. AP or IB credit posted to a transfer institution will be evaluated upon BYU's standards and not those of the transfer institution. See admissions.byu.edu/apib-classes for details regarding credit hours and exemption from GE requirements for both AP and IB exams.

Note: College Level Examination Program (CLEP). BYU discontinued awarding credit for general exams in 2000. At this time BYU does not give credit for subject exams either. CLEP credit posted to another institution's transcript is reevaluated based on BYU's standards.

3. Exemption and Challenge Examinations. Some requirements can be accomplished by successfully completing an examination. Two types of examinations are available: the exemption exam and the challenge exam. An exemption exam is used exclusively to fulfill a general education requirement; no academic credit or letter grade is posted to the transcript. A challenge exam, on the other hand, is not restricted to GE courses, and academic credit and a letter grade may be posted to the transcript if the student so chooses. A student may take an exemption or challenge exam for a single course only once during each semester or term. Students need not be enrolled in a course to take an exemption or challenge exam. However, some exams are given early enough each semester/term so students who are enrolled and pass the exam may withdraw from the course. Students not enrolled in a course have an opportunity to take the challenge or exemption exams offered at the Testing Center.

How Do You Get Help with Specific Questions Concerning General Education?

College advisement centers, together with the University Advisement Center, 2500 WSC, provide assistance with registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of academic life. Students can access a progress report through MyMAP. This report will generate a personalized list of GE requirements completed. (Log on to MyBYU; select "School" then "MyMAP"; under the "Tools" menu on the left side of the page, click on "My Progress Report." Students can also type "Plan" in the Quick URL box in the MyBYU home page which will take them to the MyMAP page.)

The University Core

The current University Core details are found in the catalog, here.

Law School Department

Law School

J. Reuben Clark Law School

The J. Reuben Clark Law School offers a six-semester course of graduate professional study leading to the juris doctor (JD) degree. Information about legal education, admissions standards, and related matters can be obtained from the Law School Admissions Office or at www.law.byu.edu/.

Administration

LAW 530 - Structures of the Constitution
LAW 540 - Introduction to Individual Rights
LAW 549 - Foundations of Faithful Lawyering
LAW 553 - 1L Academies
LAW 599R - Externship

Life Sciences Department

Life Sciences

College of Life Sciences

Courses offered in the life sciences give students a general understanding of the fundamental principles of life that extend from the tiniest microbes to plants, animals, and human beings. Students also obtain the knowledge, skills, and motivation necessary to maintain a healthy lifestyle. Specialized courses emphasizing teaching and research in various life science disciplines are also offered. Disciplines range from basic science to applied science.

Student Services

The goal of the Life Sciences Student Services Center is to provide "one stop shopping for students and faculty." The center services students in five areas: advisement, assessment, career advisement, college life, and mentored experiences.

Advisement—Students are instructed in general education advisement and given assistance in creating a graduation curriculum plan for their major. Advisement is an interactive, developmental experience between students and advisors. Advisement services include change of major, academic success, graduation processes, and other specific advisement needs. LfSc 101 is offered to all new students who are exploring Life Science majors. All majors and career options are presented in this course plus basic student development principles to assist new students in adapting to BYU and becoming familiar with its resources.

Assessment—Students are informed of the importance of maintaining the university's accreditation standing. Students assist in the assessment process by providing input through surveys, exit interviews, one-year-out and five-year-out surveys, and results on national major field exams and other national and professional school admission exams.

Career advisement—Students are assisted in major exploration and basic developmental career issues. Information is provided regarding university resources for further career and major exploration.

College life—The "Empowering Others" philosophy encourages students to help and teach each other by creating a spirit of cooperation rather than competition. Study groups are fostered and organized to enhance learning. A learning facility provides tutoring services for students enrolled in essential biology courses. This walk-in area allows a student access to tutors 10–12 hours per day. Leadership opportunities for students can be enhanced through participation on the Life Sciences Student Council and participation in clubs. The college also offers scholarship opportunities to its undergraduate and graduate students.

Mentored experiences—Internships provide students with opportunities to try out their prospective careers. The center provides resources for obtaining internships as well as processing all the paperwork and awarding grants to students who desire that experience. Assisting faculty with research constitutes a mentorship. Students learn invaluable skills and problem-solving techniques from their mentors. The center can help students seeking mentored experiences.

M. L. Bean Life Science Museum

Duke S. Rogers, Director
Leigh Johnson, Associate Director for Research and Collections
Marta Adair, Assistant Director for Education
2103 MLBM

Robert Johnson, Collections Manager, Herbarium
Byron Adams, Curator of Meiofauna
Seth Bybee, Assistant Curator of Athropods
Shawn Clark, Collections Manager, Arthropods
Jerald Johnson, Assistant Curator of Fish
Leigh Johnson, Curator, Herbarium
Robert Johnson, Collections Manager, Herbarium
Randy Larsen, Assistant Curator of Birds
Steve Leavitt, Curator of Nonvascular Cryptogams
Riley Nelson, Assistant Curator of Athropods
Duke Rogers, Curator of Mammals
Dennis Shiozawa, Curator of Fish
Jack Sites, Curator of Reptiles and Amphibians
Michael Whiting, Curator of Arthropods

The Bean Life Science Museum is fully accredited with the American Alliance of Museums. A major addition and remodel of the museum was completed in 2014. Its vast teaching and research collections include more than two million arthropods, fish, amphibians, reptiles, mammals, birds, meiofauna and mollusks, and more than 700,000 plants, fungi, algae, and bryophytes. Specimens for these collections, which represent creative work by university faculty members and students, have been gathered from around the world, making the museum a major repository of scientific-quality, biological collections in the western United States.

The museum and its collections are utilized by university classes in biology, plant and wildlife sciences, education, art, geography, and other disciplines. The museum also maintains and manages the Lytle Ranch Preserve. Located in the northernmost extension of the Mojave Desert southwest of St. George, Utah, this 600-acre desert "classroom" is situated in a part of Utah that is unique not only for its plant and animal communities, but also for its setting at the crossroads of three major bioregions.

Public programs at the museum include temporary and permanent exhibits of natural communities that illustrate complex relationships between plants, animals, and their physical environment. Educational programs serve more than 150,000 annual visitors and provide classes and programs for public and private schools and many other organizations. Museum hours are Monday through Friday from 10:00 a.m. to 9:00 p.m. and Saturday from 10:00 a.m. to 5:00 p.m. The museum is closed on Sunday. Admission is free.

The Western North American Naturalist, a nationally recognized peer-reviewed natural history journal, is administered by the museum. Other museum publications include professional and popular works such as *A Utah Flora, Bark and Ambrosia Beetles of South America, Snakes of Utah*, and *Common Rocky Mountain Lichens*.

Fine Arts and Communications Department

Fine Arts and Communications

College of Fine Arts and Communications

The College of Fine Arts and Communications houses the Departments of Art, Dance, Design, and Theatre and Media Arts, as well as the School of Communications and the School of Music. It also fosters lifelong learning and enriches the educational environment across campus through hundreds of performances and presentations by students and faculty each year as well as through the exhibits and collections of the Museum of Art. Beyond the borders of campus, our students undertake research projects, pursue internships, participate in experiential learning activities both domestically and internationally as well as study abroad programs across the globe, and our performing ensembles reach worldwide audiences through annual tours.

The curricula of the College of Fine Arts and Communications encourage students to aspire to the highest scholastic and artistic standards, following within their respective specialties the sacred injunction to seek, inquire, discern, and articulate knowledge. The college celebrates creative and scholarly work as an exploration of humanity and divinity.

Students in the college balance a strong liberal arts foundation with specialized, rigorous training in the methods, theories, histories, and practices of their chosen disciplines. Each of the programs within the college seeks to produce graduates whose creative and professional work contributes positively to society while benefiting the organizations for which they work and enriching the audiences they reach. By encouraging exceptional performance, presentation, and communication, graduates emerge as scholars and professionals within their disciplines and informed, creative voices within their communities.

College Advisement Center

The College of Fine Arts and Communications Advisement Center recognizes the opportunity and responsibility to be actively involved in our students' educational journey. The advisement center is committed to not only establish an important, service-oriented connection with each student in a caring, friendly environment, but to also provide accurate and timely information to better prepare them for greater academic success.

Professional academic advisors are available to provide information regarding university policies and procedures, dates and deadlines, registration, faculty advisor referrals, major/minor application preparation, major/minor planning and progression, graduation qualification, as well as many other academic concerns. For more information and resources, visit cfacadvise.byu.edu.

Interdisciplinary Degrees

Animation is an interdisciplinary degree offered by the Department of Design through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Design, and the Department of Computer Science.

Music Dance Theatre is an interdisciplinary degree offered by the Department of Theatre and Media Arts through the cooperative involvement of the School of Music, the Department of Theatre and Media Arts, and the Department of Dance.

Enrollment in a Major Program

Enrollment in most degree programs in the College of Fine Arts and Communications is limited by the availability of resources such as facilities, equipment, and faculty; the number of students interested in pursuing those degrees exceeds the number that can be admitted. Students are asked to carefully study the requirements of the major program they desire to enter to determine if the program really fits his or her personal goals and educational objectives. Students should consult departmental websites for details about audition dates, portfolio submissions, or other requirements to be considered for admission into competitive programs. Make special note of audition dates, submission deadlines, etc.

The application process for each major has been structured to be as fair and impartial as possible. Enrollment limitations require those evaluating applications to make difficult decisions. Those who are not admitted into his or her desired program are encouraged to move quickly and decisively toward an alternative major program.

Applications for degree programs in the college are available online through each department's website. Prior to applying, students must complete all of the prerequisite courses and/or specific requirements stipulated in the application process. For further information, please contact the appropriate department or school directly. For contact information go to http://cfac.byu.edu.

Scholarships and Awards

Performance awards are offered by each of the academic units within the college. Applications and information about auditions for performance awards can be obtained by contacting the appropriate department or school.

Applications for general academic scholarships can be obtained online here or at the Scholarship Office. For information about graduate scholarships, fellowships, and grants-in-aid, see the Graduate Studies website.

Student Life Department

Student Life

Student Life is a division of the University that includes the following areas:

- Campus Life
- Student Development Services
- Residence Life
- Student Health Center
- Title IX

Leadership for Student Life is provided by the Student Life Vice President. Under the direction of the Student Life Vice President, the Dean of Students oversees Campus Life and the Executive Director of Student Development Services oversees student development programs and services.

FACULTY

Program:

- Nursing

Information about the College of Nursing

The college nursing program is accredited by the Commission on Collegiate Nursing Education. Brigham Young University's baccalaureate nursing program prepares general clinicians with the knowledge, competencies, leadership abilities, and values commensurate with professional nursing practice. Nursing education builds on the AACN Baccularеaute Essentials, sciences, humanities, and religious studies to develop a strong theoretical and practical base necessary to promote health and wellness of individuals, families and communities in various acute and population-based health care settings.

Learning comes alive as students move from the classroom through the clinical simulation laboratory to actual patient care. Students assess, interpret, and respond to actual and simulated patient scenarios in an effort to promote, restore, or maintain health. Baccalaureate graduates develop their ability to be sensitive to the welfare of others, communicate effectively, evaluate and apply research findings, think critically, solve problems, and utilize appropriate technology as they provide quality nursing care to people of all ages and from diverse backgrounds.

Career Opportunities

Graduates have career opportunities in various healthcare settings. Those include but are not limited to case management, critical care, discharge planning, emergency/trauma, environmental health, forensics, gerontology, health promotion, home health, hospice, maternal/newborn, medical/surgical, oncology, orthopedics, pediatrics, perioperative, population and community health, psychiatric, and rehabilitation. For more information about potential jobs, please contact the Nursing Advisement Center.

Undergraduate Admittance Requirements

Acceptance into the nursing major is competitive and enrollment is limited. Therefore, not all students who meet the minimum requirements are guaranteed acceptance into the program. The following criteria have been established for consideration for admittance into the baccalaureate nursing program.

1. Be fully matriculated at BYU.
2. Complete the following pre-requisite courses: Chem 285, NDFS 100, CELL 220 **or** CELL 210 (with a virtual lab), and SFL 210 **or** Psych 220.
    1. Grades must be posted on the BYU transcript for all pre-requisite courses by the application deadline. For transfer students, all equivalent pre-requisite classes being transferred to BYU must be posted on BYU transcripts prior to application deadline. All Independent Study classes (if taken) need to have grades posted on transcript by application deadline.
    2. No mid-term grades will be accepted.
    3. In order to be eligible to apply to the College of Nursing, a student must have at least 25 total credit hours (including pre-requisites), no more than 60 BYU credit hours (minus challenge exams).
3. Students desiring to complete a full-time LDS mission should apply to the nursing program after they have completed their missionary service.
4. Complete an online application as described on the BYU College of Nursing website. Applicants are evaluated on a variety of criteria.
    1. GPA; ACT/SAT, TOEFL (if needed);
    2. Written communication skills; resume; healthcare experience (for example: healthcare related jobs and/or volunteer experience); recommendations from employers and/or educators; interview; and the professional judgment of the admissions committee.
    3. The admissions committee will review each application and choose the most appropriate candidates for advancement in the admission process (see application for details).
5. Students with English as a second language additional requirements:
    1. Have a TOEFL over-all score of at least a 93 (internet-based) with at least 24 sub-scores in both reading and listening.
    2. Take the OPI/IELTS *package exams from BYU English Language Center (*this cannot be started until you have the minimum score needed for the TOEFL). Please see Nursing Advisement Center for more details.
6. Maintain a "C" grade or above in all nursing courses, including prerequisite and supporting courses. A grade of "C–" does not allow advancement to the next course in the sequence and a minimum of a 3.0 Nursing and Overall GPA per semester must be maintained in order to graduate.
7. For re-admission during the program: Students who defer during the Nursing program for longer than one semester (for any reason) will be asked to pass a competency test which may result in repeating coursework until competency has been assured. Students should contact the Nursing Advisement Center to schedule the exam prior to the start of the semester.

Educational Experiences

Educational experiences are generally located in the Wasatch Front. Didactic (classroom) courses are taught in Provo or online in various instruction modes. Each student needs access to a computer with stable internet connection and a quiet, private study area. The College of Nursing makes extensive cooperative use of hospitals and healthcare facilities in many sites in Utah and selected rural sites, including some international experiences. Visits to agencies and client homes may also be required. To achieve the best possible clinical education, students will need to travel throughout their course work. Access to a car is highly recommended. Students are responsible for their own transportation. Multicultural and international clinical experiences are also available during a specific spring term in the program.

Programs

- Physical Science

Freshmen who are interested in the physical and mathematical sciences but are undecided about a specific major are encouraged to register for one or more of the following science fundamentals core courses: Chem 111 or 105; C S 142; Geol 101 or 111; Math 112 or 113; MthEd 177; Phscs 121; Stat 121 or 151.

College Advisement Center

The advisement center provides information and help on registration, graduation requirements, policies and procedures, fields of study, changes of major, and many other aspects of the college's academic life.

Degrees Offered

Bachelor's degrees are offered in actuarial science, applied physics, biochemistry, chemistry, chemistry education, computer science, earth and space science education, geology, mathematics, mathematics education, physical science teaching, physics, physics-astronomy, physics teaching, and statistics.

The master of science degree is offered in biochemistry, chemistry, computer science, geology, mathematics, physics, and statistics. The master of arts degree is available in mathematics education. The doctor of philosophy degree is offered in biochemistry, chemistry, computer science, mathematics, physics, and physics/astronomy.

See specific departmental sections of this catalog for baccalaureate degree requirements. Graduate programs are detailed in the BYU Graduate Catalog.

Religious Education Department

Religious Education

The mission of Religious Education at Brigham Young University is to assist individuals in their efforts to come unto Christ by teaching the scriptures, doctrine, and history of the restored gospel of Jesus Christ through classroom instruction, gospel scholarship, and outreach to the larger community.

Administration

Dean: Scott C Esplin
Associate Dean: Lincoln Blumell
Associate Dean: Tyler J Griffin

WEBSITE

Departments

- Ancient Scripture
- Church History and Doctrine

Purposes

The purpose of religious education is to teach the restored gospel of Jesus Christ from the scriptures and modern prophets in a way that helps each student

- Develop faith in and a testimony of
    - Heavenly Father and His “great plan,”
    - The Savior, Jesus Christ, and His infinite atoning sacrifice, and
    - The restored gospel of Jesus Christ, including The Church of Jesus Christ of Latter-day Saints; the Prophet, Joseph Smith; and the other modern prophets, seers, and revelators.
- Become lifelong disciples of Jesus Christ, who make and keep covenants, who love God and others, and who are able, willing, and committed to gather Israel on both sides of the veil.
- Strengthen their ability to find answers, resolve doubts, respond with faith, and give reason for the hope within them in whatever challenges they may face.

Degrees Offered

Religious Education offers two programs leading to a master's degree: **Master of Arts Religious Education** designed for individuals recommended by Seminaries and Institutes and **Master of Arts Chaplaincy** for military chaplaincy candidates.

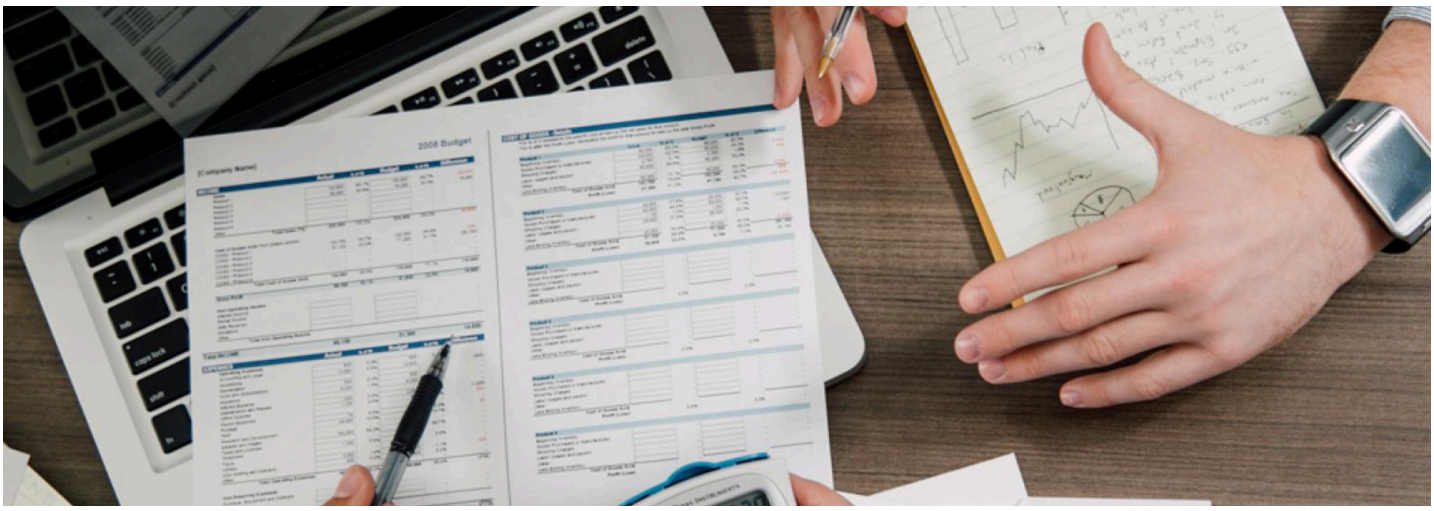
For further information on these programs, please contact the Religious Education Office. No other degree programs are offered in this area.

Doctrinal Foundation and Religious Electives

Religion courses are an integral part of the university curriculum that conforms to university standards and expectations. While students are enrolled at BYU, they are required to take religion courses from BYU. See Doctrinal Foundation and Religious Electives information on the University Core Explained page in this catalog.

Religious Studies Center

Reid Neilson, Director



Jared Ludlow, Publications Director
167 HGB
801-422-6975
http://rsc.byu.edu/

The Religious Studies Center (RSC) continues to pursue its original charter to encourage and sponsor serious, faithful, gospel-related scholarship and the ensuing publication of that scholarship. It fulfills the charge to help meet the university's commitment to the study of religion and its aim to teach and preserve the doctrine of the gospel of Jesus Christ. It also serves the greater Church through the publication of the works of BYU faculty and other scholars who have written important, timely, scholarly work of a faith-promoting nature. To encourage and promote religiously oriented scholarship, the RSC awards grants and provides other financial assistance. It proactively reaches out to faculty to encourage research in specific areas and supports them in the publication of their findings.

FACULTY

Admission to Degree Program

The degree programs in the school carry special enrollment limitations. Please see the BYU Marriott School of Business Undergraduate Advisement Center for specific details.

The Discipline

Accounting has been called the language of business—accountants control, analyze, and report the financial resources of an enterprise. A good understanding of accounting principles and practices can serve as the basis for a career in any business field.

Career Opportunities

Accountants provide critical input and guidance in profit-seeking organizations, service and charitable organizations, educational institutions, government, public accounting firms—indeed, any organization that exists today.

Undergraduate Application Information

The application and admission policies are available at https://marriottschool.byu.edu/apply/bsacc.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

All degree programs in the Department of Microbiology and Molecular Biology are open enrollment, except Medical Laboratory Science which requires an application. For questions about these programs contact the MMBIO Academic Advisor, 4010 LSB, 801-422-4293.

The Discipline

The Microbiology and Molecular Biology Department offers degrees in microbiology, molecular biology, and medical laboratory science. A wide range of courses may be incorporated into a program of study, including ecology, genetics, immunology, microbial physiology, molecular biology, molecular evolution, parasitology, and pathogenesis.

Career Opportunities

Graduates are employed in a wide variety of positions in industry, hospitals, government agencies, and universities. Majors from this department are an excellent preprofessional course of study for those interested in medicine, dentistry, law, or business.

The following courses are recommended for those students interested in graduate and professional programs:

Chem 351, 352, 353, 481.
Math 112 and 113.
Phscs 105, 106, 107, 108.
Stat 121.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Programs

WEBSITE

The neuroscience undergraduate program is an interdisciplinary program that allows students to seek advisement at Liberal Arts Advisement and Careers or the College of Life Sciences Student Services Office.

Admission to Degree Program

The degree program in the Neuroscience Center is an open enrollment program.

The Discipline

Neuroscience is the field of study that encompasses the development, structure, and function of the central nervous system and its connection to influencing/regulating behavior. The study of neuroscience examines topics such as neuroanatomy, physiology of nervous system, cells and circuits, molecular neuroscience, biochemistry, genetics, neuropharmacology, neuroimaging, systems and behavioral neuroscience, developmental neuroscience, social neuroscience, cognition, bioengineering, computational neuroscience, and neural dysfunction and disease. The interdisciplinary nature of neuroscience requires the tools provided by experience and training in biology, genetics, physiology, molecular biology, chemistry (general, organic, and biochemistry), physics, engineering, psychology (behavior, memory, cognition, sensation, and perception), statistics, calculus, and research design and analysis.

Career Opportunities

A major in neuroscience prepares students to pursue advanced degrees in neuroscience or biological and non-biological fields related to neuroscience or to enter into the pharmaceutical and biotechnology workforce. Neuroscience provides outstanding preparation for students seeking admittance into graduate school or professional programs in medicine, dentistry, optometry, podiatry, chiropractic, or pharmacy or preprofessional field of study for those interested in health professions, law, or business. Graduates of the program also have the academic skills for careers in business, consulting, global health, government and policy, non-profit programs, research and writing and publishing.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Marketing

The Discipline

Marketing utilizes analytics, creativity, and strategic thinking to create value for a company's targeted customers. Students in the marketing major are trained to identify and understand customers' needs and wants and then to satisfy that market demand by designing and selling products and services. Students further learn how to build customer loyalty through strategic innovations, product experiences, promotion, pricing, and distribution. In short, marketing is the study of how companies do business.

What are Marketers' Roles?

Marketers create value for a company's customers. They oversee the process of segmentation, targeting, and positioning while integrating decisions about product, promotion, pricing, and placement or distribution.

Marketers work in product/brand management, marketing analytics, social media and digital marketing, business-to-business marketing, retail marketing, and professional selling.

Marketers help people and companies make better decisions through data-driven insights. Marketers learn how to build models of consumer behavior, drive market research to impact sales and new product development, visually represent data, conduct and analyze experiments, and mine the web for insights.

Additionally, graduates can utilize their creative side in marketing, including learning how to create advertising strategy; understand consumer behavior; generate visual and multi-sensory appeals; present, sell, and communicate professionally; and brainstorm new opportunities for products and services.

Global Supply Chain Management (GSCM)

The Discipline

Supply chains are networks of organizations that collaborate to create and deliver all products and services to customers worldwide. In short, supply chain management is the business of business.

Supply chain professionals figure out how to do things better, striving to create and deliver products and services in the most effective and efficient ways possible.

They manage the processes of planning, sourcing, producing, improving, and delivering products and services globally.

They collaborate with people, technology, and data to analyze and solve real problems to provide products and services to people when and where they need them.

Supply chain professionals optimize the supply chain to keep costs low, maintain quality, and retain customer satisfaction. In today's global economy, companies compete with their supply chain processes and relationships.

What can Global Supply Chain Management graduates do?

Because of the strong reputation of the BYU Marriott GSCM program, national and international firms aggressively recruit supply chain students for internships and full-time positions.

Supply Chain positions include supply chain analytics, consulting, distribution, logistics operations, purchasing/procurement, manufacturing operations, inventory management and forecasting, quality improvement, sales, technology operations, and general supply chain management.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Admission to Degree Program

Students must be accepted by the Department of Aerospace Studies into the program in order to claim the aerospace studies minor. Freshman and sophomore level classes are open to all students who are U.S. citizens.

The Discipline

The Air Force Reserve Officer Training Corps (AFROTC) is an educational program designed to provide students the opportunity to become Air Force officers while completing requirements for an undergraduate or graduate degree. Four-year and three-year programs are available for both men and women.

Career Opportunities

Officer in the United States Air Force.

General Information

Textbooks, Uniforms, and Allowance. All textbooks, uniforms, and uniform accessories are furnished by the Air Force, in addition to the tax-free allowance of $300 to $500 per month.

Air Force ROTC Scholarship Program. All current scholarship information can be found at http://afrotc.com/scholarships/types/.

Field Training. All cadets must attend a field training camp in order to enter the Professional Office Corps (last two years). Cadets in the full four-year program will attend field training after the completion of their second (AS 200) year. Cadets who begin the program with less than four years remaining before graduation will attend field training after their first year in the program.

This training gives an increased understanding of the Air Force mission, and operations to include expeditionary (deployed) operations. Cadets receive practical experience in leadership and management while residing on an Air Force base. Additionally, cadets are provided hands-on training in combatives, weapons qualifications, and contingency operations. Medical care, housing, food, and uniforms, as well as transportation to and from the training base, are provided.

Extracurricular Activities. Each Air Force ROTC student will be able to participate in a variety of extracurricular activities, including the Arnold Air Society, the color guard, and the rifle drill team. Selected cadets may also participate in summer programs such as the career-field shadow program.

LDS Missions. Students who are accepted into the program and who desire to serve a Church mission must consult with department staff. Scholarship students may have their scholarship deferred while they fulfill a mission.

Fifth-Year Cadets. Four-year program students in Air Force ROTC who are in a five-year university program are allowed a year of completed status after their senior AFROTC courses. Out-of-phase students and those who will be student teaching should consult with the department chair.

Discipline. Training in the cadet corps is formulated and administered by the student officers with oversight from active duty officers. Air Force ROTC students are civilians and are not subject to military law.

Veterans. A veteran seeking a commission through Air Force ROTC may have part or all of the freshman and sophomore program waived. Allowances are paid in addition to G.I. Bill benefits.

Program Requirements

Four-Year Program

The more popular and preferred program is the traditional four-year program. Interested freshmen register for aerospace studies in the fall semester, enrolling in aerospace studies courses in the same manner as other college courses. There is *no military obligation* for the first two years of Air Force ROTC unless on an Air Force ROTC scholarship. During this time students learn more about the Air Force and the historical development of air power. After completing the first two years, known as the General Military Course (GMC), students may *compete* for entry into the last two years, the Professional Officer Course (POC). If accepted, students will attend a four-week summer field training encampment between their sophomore and junior years before entering the POC. Cadets in the POC study leadership, management, and national defense policy while receiving a nontaxable subsistence allowance for juniors and seniors each month.

Three-Year Program

Students entering the program as sophomores can "dual enroll" in both the Aeros 100 and 200 academics simultaneously. If accepted, students will attend a four-week field training the next summer.

Qualifications

1. Be a United States citizen.
2. Be a full-time student.
3. Be eighteen years of age, or seventeen years of age with parent's or legal guardian's consent.
4. Be physically qualified.
5. Be of good moral character.
6. Be in good academic standing.
7. Be interviewed and selected by a board of Air Force officers.
8. Complete all commissioning requirements as follows:
    - Pilot or navigator candidate: Complete before age twenty-nine so as to enter undergraduate pilot/navigator training before age thirty.
    - Scholarship recipient: Complete before age thirty-one in eligible year of commissioning.
    - Nonscholarship recipient: Complete before age thirty-five.
    - Successfully pass the Air Force Officer Qualifying Test.

Required Courses

1. General Military Courses: complete the following:
    - Aeros 100, 101, 110, 111, 200, 201, 210, 211.
2. Professional Officer Courses: complete the following:
    - Aeros 300, 301, 310, 311, 400R, 401R, 410, 411.

Admission to Degree Program

Students must be accepted by the Department of Military Science into the program in order to claim the military science minor. Freshman and sophomore level classes are open to all students who are U.S. citizens.

The Discipline

The Army Reserve Officer Training Corps (ROTC) Leadership Excellence Program is designed to produce highly qualified commissioned officers in the U.S. Regular Army, the U.S. Army Reserve, or the U.S. Army National Guard. Students specialize in the major field of their choice and graduate with the ability to function as a junior executive.

Career Opportunities

Officer in the U.S. Army in the career fields of:

Adjutant General's Corps (Human Resource Administration)
Air Defense Artillery
Armor

Aviation
Chemical Corps
Engineers
Field Artillery
Finance Corps
Infantry
Judge Advocate General's Corps (Legal)
Medical Corps (dentists, doctors, veterinarians)
Medical Service Corps (health care administrators)
Military Intelligence
Military Police (Law Enforcement)
Nurse Corps
Ordnance Corps (Logistics)
Quartermaster Corps (Logistics)
Signal Corps (Information Technology)
Transportation Corps (Logistics)
Cyber

General Information

Textbooks, Uniforms, and Allowances. All textbooks, uniforms, and training materials are furnished by the U.S. Army. Those in the advanced course receive a $450 to $500 monthly allowance and approximately $900 for participation in Cadet Summer Training for four weeks during the summer between the junior and senior year.

Army ROTC Scholarship Program. Scholarships are available on a competitive basis. High school seniors may qualify for a four-year scholarship. College students may also qualify for a four-, three-, or two-year scholarship. The scholarship provides for tuition and fees or room and board, a textbook allowance, and from $300 to $500 per month (up to ten months per year) for the period of the scholarship. Students who qualify must complete their degree program prior to their thirty-first birthday. Contact the Military Science Department for application procedures and specifics.

SMP Program (Simultaneous Membership Program). Students already members of the Army Reserve or National Guard may concurrently participate in ROTC and qualify for additional pay and benefits, including tuition assistance.

Extracurricular Activities. Army ROTC cadets extend academic and laboratory associations into a variety of extracurricular ROTC activities. Among these are the Ranger Challenge team, Army Color Guard, Cannon Crew, marksmanship team, annual Military Ball, and many school service projects performed by the corps of cadets.

LDS Missions. Students, including scholarship recipients, who wish to serve a two-year LDS mission can do so most conveniently right out of high school or after their freshman year. This allows students to be on campus during the spring of their sophomore year to facilitate their selection for the advanced course. Interruptions of the program at other times for a mission may be arranged by obtaining individual approval from the professor of military science.

Leadership Laboratory. Each course requires a corresponding leadership lab, which meets on Thursday afternoons for three hours. The labs require physical activity, including: land navigation, mountaineering, rope bridging, marksmanship, and tactical training. Students are also expected to attend physical fitness training three times a week and one field training exercise per semester.

Program of Instruction. The ROTC Leadership Excellence Program is designed to produce commissioned officers for the United States Army. It has been described as the best leadership program in the nation. Training is experiential and demands that students practice leadership skills while completing their baccalaureate degree in their chosen course of study. Ultimately, students become qualified to serve as commissioned officers in the Regular Army, National Guard, or Army Reserve. Upon graduation and follow-on training, these officers immediately become the leaders of soldiers deployed abroad or at home in defense of the United States and her values. After graduation, it is possible for Reserve or Guard officers to fulfill their military obligation and pursue a civilian career simultaneously. Following the completion of service, BYU ROTC graduates become effective leaders in their community, business, and church endeavors and are actively recruited for Fortune 500 companies.

Program Requirements

Scholarship students and students wishing to participate in the advance course must pass the Army Physical Fitness Test with a score of 60 points in each event. See an Army ROTC faculty member for more information.

Two-year program: Qualified veterans or students who complete CIET may qualify to enter the advanced course. Applicants for this two-year program may be upper-division or graduate students, provided a minimum of four semesters remain at BYU at the time of entry into the program. Students must complete a physical examination and other associated requirements.

1. The traditional Army ROTC Leadership Excellence Program extends over a four-year period compatible with normal progression through four years of college. It consists of two phases: a two-year basic course during the freshman and sophomore years and an advanced course designed for completion during the junior and senior years. Also included is a five-week Leadership Development and Assessment Course normally attended in the summer before the senior year. Students may receive academic credit for the first two years of ROTC by attending the month-long Cadet Initial Entry Training, (CIET) during the summer before the start of the advanced course. Basic course students are required to complete eligibility paperwork during the first two weeks of class.
2. Non-scholarship freshman and sophomore students incur no military obligation. Upon entering the advanced course, students agree to serve in the U.S. Army, they then begin to receive the monthly $450 to $500 subsistence allowance.
3. Non-U.S. citizens may participate in the basic course provided they obtain approval from their consulate and the BYU international student division and their travel documents are in order. International students apply for enrollment on a case-by-case basis but cannot participate in the advanced course unless they are pending citizenship. They may not be commissioned as officers until they are U.S. citizens.
4. To receive a commission as a second lieutenant in the U.S. Army, students must earn a baccalaureate degree and complete the advanced course. Those who are in a five-year academic program, such as engineering, may complete their Army ROTC courses at any point before graduation.

5. Upon commissioning, the new second lieutenant incurs an obligation to the U.S. Army, which may be filled by serving on Active Duty, in the U.S. Army Reserve, National Guard, Individual Ready Reserve (IRR), or various combinations of the above.
6. The basic courses comprise the following:
   Mil S 120, 121, 220, 221.
7. The advanced courses comprise the following:
   Mil S 320, 321, 420, 421.
8. Professional Military Education (PME): Before being commissioned, each cadet must complete one of the following military history courses during their course of study at BYU:
   Hist 220, 221, 293, 371, 372, 373, 374, 376, 391.
9. All contracted cadets are required to enroll in STAC 143R section 1 each semester or Mil S 425R for the physical training requirement.

Note: Courses not specified above may satisfy the requirement but only if approved by the professor of military science prior to enrollment.

Programs

Military Science (Minor)

Courses

MIL S 120 - Leadership and Personal Development
MIL S 121 - Introduction to Tactical Leadership
MIL S 143R - Physical Training - Army ROTC
MIL S 220 - Innovative Team Leadership
MIL S 221 - Foundations of Tactical Leadership
MIL S 320 - Adaptive Team Leadership
MIL S 321 - Leadership in Changing Environments
MIL S 325R - Staff Organization and Operations
MIL S 420 - Developing Adaptive Leaders
MIL S 421 - Leadership in a Complex World
MIL S 425R - Tactical Leadership (Ranger Challenge)

FACULTY

Admission to Degree Program

Students must apply to the Counseling Psychology and Special Education Department for admission to the Special Education undergraduate degree. Information can be found online at education.byu.edu/cpse/bs and applicants can apply online at educator.byu.edu. See additional information below.

General Information

Admission to BS Programs

Among other factors, the application review process involves consideration of the following:

- Earn a minimum 3.0 total high school or college GPA (whichever is most recent)
- Complete and pass a BCA/FBI fingerprint background check (Contact Education Advisement Center for instructions)
- Complete the Technology Skills Assessment (TSA)
- Meet the Educator Preparation Program (EPP) requirements
- Complete the following prerequisites with a C grade or above:
    - Mild/Moderate Disabilities Emphasis:
        - CPSE 203, CPSE 410, CPSE 480, MthEd 305, MthEd 306
    - Severe Disabilities Emphasis:
        - CPSE 203, CPSE 410, CPSE 480, MthEd 305, MthEd 306
- Successfully pass one of the following basic skills tests (minimum scores listed):
    - ACT
        - 17 Reading
        - 17 Math
        - 5 Writing
    - SAT
        - 435 EBRW
        - 426 Math
        - 4 Essay
    - PRAXIS Core for Educators
        - 134 Reading (subtest #5713)
        - 130 Math (subtest #5733)
        - 132 Writing (subtest #5723)

Additional Licensing Requirements

As well as state requirements, teacher candidates must complete the following before they can be recommended for graduation and Utah licensure:

- Pass the approved end of program Mild/Moderate or Severe Praxis test
- Forward test scores to BYU (Contact Education Advisement Center for instructions)
- Maintain fingerprint background clearance

To confirm their graduation status, teacher candidates should contact Education Advisement Center.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Programs

Special Education (BS): Mild/Moderate Disabilities Emphasis

Special Education (BS): Severe Disabilities Emphasis

Courses

CPSE 203 - Introduction to Special Education
CPSE 300 - Exceptional Students: Principles of Collaboration
CPSE 401R - Practicum in Educational Partnerships
CPSE 402 - Educating Students with Disabilities in Secondary Classrooms
CPSE 410 - Applied Behavior Analysis in Education
CPSE 420 - Assessment and Evaluation of Students with Exceptional Needs
CPSE 425 - Teaching Reading/Language Arts to Elementary Students with Disabilities
CPSE 430 - Teaching Reading/Language Arts to Secondary Students with Disabilities
CPSE 440 - Transition planning and services for secondary students with disabilities
CPSE 442 - Social and Behavioral Strategies for Students with Mild/Moderate Disabilities
CPSE 443 - Social and Behavioral Strategies for Students with Severe Disabilities.
CPSE 446 - Mentored Field Experience: Teaching Students with Mild/Moderate Disabilities - Secondary
CPSE 447 - Mentored Field Experience: Teaching Students with Severe Disabilities-Secondary
CPSE 452 - Effective Teaching Strategies for Students with Mild/Moderate Disabilities
CPSE 453 - Curriculum and Instruction: Severe Disabilities

FACULTY

Admission to Degree Program

This is a limited-enrollment program requiring departmental approval for admission. Please see the information below regarding requirements for admission to this major. Additional information is available on the department's website: http://education.byu.edu/comd.

The Discipline

The discipline of communication disorders contains two related fields, speech-language pathology and audiology. The field of speech-language pathology is focused on helping individuals develop their communication abilities or regain lost communication skills through rehabilitation services. The field serves persons with speech and language disorders such as stuttering, articulation problems, aphasia, voice disorders, language delay, and similar communication difficulties. Students develop a knowledge base about speech and language development, the anatomy and physiology of the speech mechanism, the neurology of perception and production of speech and language, the disorders that cause speech and language problems, and the intervention and remediation strategies for treating communication disorders. Professionals often work in public schools, hospitals, private or community clinics, or private practice.

Audiology is a profession that deals with the measurement of hearing and hearing impairment. Audiology includes the study of the nervous system and how we process auditory information, the testing and analysis of disorders of the auditory system, the use of hearing aids, cochlear implants, and other assistive listening devices to enhance hearing capabilities in individuals with hearing loss or other disorders of the auditory system. Professionals typically work with hearing aid manufacturers, in public schools, hospitals, private or community clinics, or in private practice.

Career Opportunities

This is a preprofessional program leading to a graduate degree that is required for entrance into the professions. Students graduating with a bachelor's degree in communication disorders may be able to find opportunities to work as speech-language pathology assistants or audiology assistants.

Program Acceptance Requirements

Students must be accepted into the Communication Disorders (ComD) major before they may take 300- or 400-level courses in the department. To apply, students must have completed the following four courses:

1. STAT 121
2. CELL 220
3. COMD 133
4. PHSCS 167

Acceptance to the program is based on the grade point average (GPA) from these three courses and short essay prompts. The minimum GPA required for admission to the program is determined by number of students admitted to the program (currently 100 per year), and the minimum GPA will thus vary from year to year. Both the number of students admitted and the minimum GPA required for admission are subject to change. GPA data on previous years are available on the department website.

A "pass" in an AP Stat course does not yield the letter grade which is required for evaluation of the application to the ComD major. A challenge examination from the Department of Statistics can provide the needed letter grade. The student should contact the Department of Statistics (2152 WVB) for specific information.

Only one repeat of each course is allowed for purposes of determining acceptance to the major. The application deadlines are April 15 and October 15. Application are now submitted online, found on the department's web site at http://education.byu.edu/comd/bs in the 'How to Apply' section.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

The Discipline

Chemical and Biological Engineering is the application of chemistry, biology, physics, mathematics, computer skills, and economics to designing, developing, and implementing chemical processes that convert raw materials into more useful, valuable products. Engineering skills are required for design, testing, scale-up, operation, control, and optimization. Applications range in size from the molecular level to large chemical production facilities with objectives ranging from economic performance to protection of the environment and the safety of workers and consumers. Chemical engineers are engaged in developing and producing a diverse range of products from raw materials to commodity and specialty chemicals. These products include high-performance materials needed for aerospace, automotive, biomedical, electronic, environmental, and military applications. Chemical engineers work in a variety of industries, including chemical manufacturing, energy, biotechnology, electronics, food, clothing, paper, health care, and business services.

Educational Objectives

The Chemical and Biological Engineering Department's **Program Educational Objectives** refer to what graduates are expected to attain within *a few years after* graduation. These graduates will:

1. Exhibit enduring faith in Jesus Christ and His teachings through meaningful service to family, church, and community
2. Have vision, high impact, and positive influence in their chosen profession and responsibilities
3. Be excellent leaders, colleagues, and learners who respect and appreciate others, their viewpoints, and their contributions
4. Apply critical thinking and scientific and engineering principles in innovative and safe ways to meet the difficult challenges of society

The achievement of these Program Educational Objectives is supported through attainment of the following **Student Outcomes** which are what students are expected to know and be able to do *by the time of* graduation.

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. An ability to communicate effectively with a range of audiences
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Chemical and Biological Engineering is accredited by the Engineering Accreditation Commission of ABET, http://abet.org.

Career Opportunities

The combination of knowledge about process engineering, math, and chemistry obtained in the Chemical and Biological Engineering curriculum is a versatile preparation that opens a wide variety of opportunities to graduates. This versatility is one reason why chemical engineers have traditionally been among the highest paid professionals in the engineering and science disciplines.

Chemical engineers make a significant difference in the quality of life. Some develop clean, new energy sources to power society. Some develop and produce fertilizers and other agricultural chemicals to feed mankind. Virtually all pharmaceuticals are produced by chemical engineers to enhance the life of millions. Others study and produce biomedical devices and artificial organs. Still others are involved in development and production of new materials for use in new high-tech products.

Chemical engineers produce chemicals ranging in use from cleaning products to medicines and from man-made fibers for clothing and textiles to plastics for construction and consumer goods. Another large employer of chemical engineers is the semiconductor industry. In work that involves significant knowledge of chemistry and related processes, chemical engineers assist in the design and manufacture of semiconductor chips and circuit boards. The petroleum industry also employs chemical engineers, requiring their expertise for the discovery, production, and refining of petro-chemicals, including fuels, chemicals, and oils.

Many chemical engineers are employed in environmentally related positions, working on ways to improve air and water quality, to reduce acid rain and smog, and to recycle and reduce waste. Additionally, chemical engineers are employed by universities as teachers and researchers and by government agencies to provide answers for energy, environmental, and defense concerns. Chemical engineers also train to work in the medical, business, and legal professions.

Though chemical engineering career opportunities are diverse, job functions can be categorized more easily. Chemical engineers are usually involved in research, design, development, production, technical sales, or management.

In research, they develop new ideas, new products, and new ways to produce existing products more economically and with less environmental impact.

In design, they create the processes that convert raw materials into finished products with emphasis on efficiency, safety, consumer needs, and environmental protection.

The development engineer improves existing processes and technology to better meet changing needs.

Production engineering involves supervision, quality control, and testing of production processes and operations.

Management and technical sales involve decision making with regard to consumer needs and technical capabilities.

Chemical engineers are creative problem solvers. Their careers are rewarding not only from an intellectual and financial view, but also from a personal perspective. Affecting the lives of millions, their solutions provide a better lifestyle for mankind.

General Information

The Chemical and Biological Engineering Department offers a professional program leading to the bachelor of science degree.

Any student who is admitted to the university may choose this program as a possible major. All students are urged to declare their intention to major in the department upon first entry to the university or as soon thereafter as possible by contacting the department advisor (330A) or by declaring online in MyMap. The Chemical and Biological Engineering Department requires the student to meet with their department advisor upon completion of Ch En 273 and Math 302 or equivalent.

Transfer Students. Provisions have been made so that a qualified student transferring from a junior college or from another university, college, or department, who has completed the equivalent of the first two years of the academic program, can complete the BS degree requirements in another two years. Contact the department at the earliest date possible so that any variations can be accommodated with minimum loss of time.

Integrated Master's Program. At the end of the sophomore year or during the junior year, qualified students desiring a master's degree in chemical engineering may elect to enter the integrated master's program. The purpose of this program is to afford greater flexibility in scheduling course work than is normally available through the traditional BS degree followed by MS degree program. In this program students may work toward both the bachelor's and master's degrees simultaneously, either receiving the BS degree before or at the same time as the MS degree. At the end of the sophomore year students must have a cumulative GPA of 3.5 or more. All credit to be counted toward the master's degree must carry a cumulative GPA of 3.0 or better.

Before completing the final 30 hours of undergraduate course work, students should submit a formal application for admission to the Office of Graduate Studies. Additional details may be obtained from the college advisement center.

Professional Registration. The Chemical and Biological Engineering Department encourages graduates to become registered professional engineers. General qualifications for becoming registered are explained in the Ira A. Fulton College of Engineering section of this catalog. Some states require this status for consulting and practice in the private sector. Successful completion of the basic chemical engineering program prepares graduates to pass the Fundamentals of Engineering (FE) examination. Students who wish to become registered as professional engineers are also advised to talk to their advisor about developing their own professional engineering option, which may include additional FE preparation courses.

Professional Program Admission Policy. Admission to the professional program is available to all students in good academic standing with the university who have (a) passed the prerequisite courses for the first-semester professional courses, namely Ch En 273 and Math 302, and (b) submitted to the department an Application for the Chemical Engineering Professional Program.

The Application for the Chemical and Biological Engineering Professional Program requires the student to meet with their department faculty advisor for direction and counseling with regard to performance in the preprofessional program courses and successful completion of the professional program.

Academic Standards Policy. To help students 1) identify if chemical engineering is a good academic fit, 2) successfully complete the chemical engineering program, and 3) become technically competent engineers capable of performing professional duties in the field, the department has set the **academic standards** enumerated below. For this policy, *major courses* are defined as those used to fulfill the Program Requirements listed for a BS in Chemical Engineering in the Undergraduate Catalog and are found under subheadings *preprofessional*, *professional*, *supporting*, and *technical electives*. Since all grades earned for a course (original and retakes) are retained in university records and GPA calculations, only the most recent grades for retaken courses are considered for purposes of this policy. Also, this policy only applies to those courses used to fulfill graduation requirements.

1. To ensure proper preparation for and successful completion of the chemical engineering program, students must meet the following criteria to register for any upper-division professional courses (i.e. Ch En courses 300 level and above),
    - Have no more than 4 total hours of less than C- credit in any *preprofessional* or *supporting* course(s) satisfying program requirements, only 3 of which can be from chemical engineering courses.
    - Pass Ch En 273 with a C- or above.
2. To help correct technical weaknesses as soon as they are identified, a student who accumulates grades below C- in excess of 6 hours in any course(s) satisfying major requirements (*preprofessional*, *professional*, *supporting*, and *technical electives*) may not take further chemical engineering courses until the unacceptable credits have been reduced to 6 hours or less.
3. To demonstrate that graduates from the Chemical and Biological Engineering department are technically competent to perform professional duties in the field, a student may not graduate with more than 4 total hours below C- in any course(s) satisfying major requirements (*preprofessional*, *professional*, *supporting*, and *technical electives*), only 3 of which can be from chemical engineering.
4. A professional program course may not be retaken more than once.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

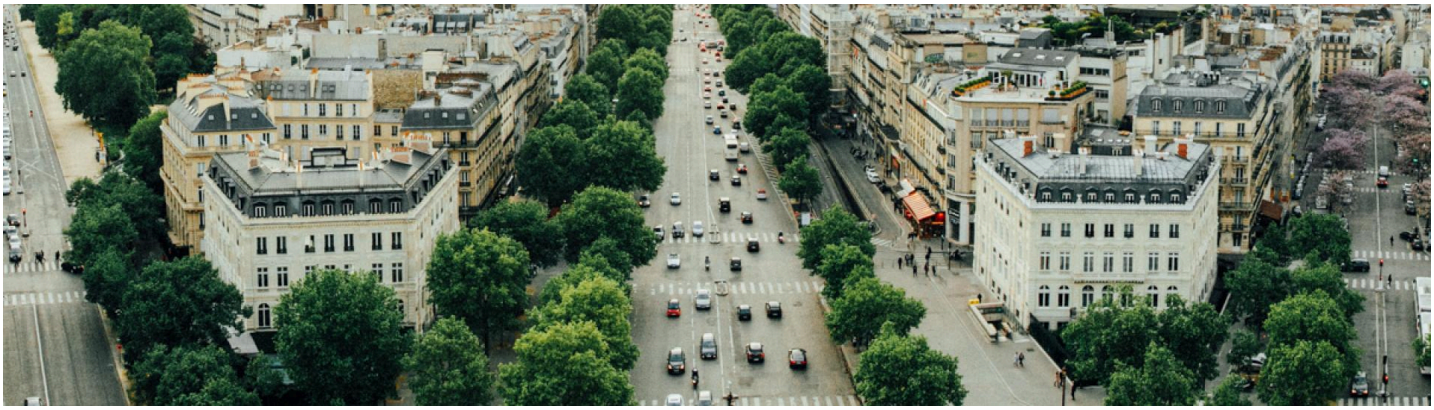
- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Programs



Chemical Engineering (BS)

Courses

CBE 170 - Introduction to Chemical and Biological Engineering
CBE 191 - Global Impact of Chemical and Biological Engineers
CBE 199R - Academic Internship
CBE 263 - Computational Tools for Chemical and Biological Engineers
CBE 273 - Chemical and Biological Process Principles
CBE 285 - Chemical and Biological Process and Fluids Lab
CBE 291 - Career Skills 1
CBE 311 - Chemical and Biological Engineering and Society-Health, Safety, and the Environment
CBE 345 - Materials and Reactions Lab
CBE 351 - Fundamentals of Biomedical Engineering
CBE 373 - Chemical and Biological Engineering Thermodynamics.
CBE 374 - Fluid Mechanics
CBE 376 - Heat and Mass Transfer
CBE 378 - Science of Engineering Materials
CBE 385 - Thermodynamics and Transport Lab
CBE 386 - Chemical Reaction Engineering
CBE 391 - Career Skills 2
CBE 400 - Creative Skills in Chemical and Biological Engineering
CBE 410 - Principles of Petroleum Engineering
CBE 412 - Introductory Nuclear Engineering
CBE 426 - Machine Learning for Engineers

FACULTY

Admission to Degree Program

The degree programs in the Department of Civil and Construction Engineering are open enrollment.

The Discipline

The BYU Department of Civil and Construction Engineering prepares students for highly rewarding careers in the fields of engineering and management within the built environment. Students are prepared to make an impact through professional involvement in a chosen emphasis of civil engineering or focus on management through the construction or facilities and property management programs.

Students preparing for involvement in a civil engineering discipline prepare to sit for the Fundamentals of Engineering exam upon graduation and begin their work to become a Professional Engineer in one of the follow disciplines:

Structural engineers analyze and design buildings, bridges, and other structures. The engineer applies principles of physics, mathematics, and engineering to develop efficient yet safe designs. Sophisticated computer models are used in these analyses. Materials used by structural engineers include steel, aluminum, concrete, masonry, wood, and composites.

Water resource and environmental engineers design pipeline systems, water treatment plants, dams, flood control structures, waste disposal sites, and environmental restoration projects. Computer modeling and analyses are used in design and to forecast storm runoff, flooding, and movement of contaminants in surface and subsurface waters. Environmental engineers evaluate and reduce pollutants from natural, human, agricultural, and industrial sources to preserve the beauty and quality of air, land, and water.

Geotechnical engineers design structures composed of or located within earth materials, including foundations for buildings and bridges, retaining walls, earth dams, highway embankments, tunnels, and liners for landfills. Field and laboratory tests on soil and rock, along with empirical and computer models, are used to assure safety and economy in design.

Traffic and transportation engineers apply scientific principles to the planning, design, construction, operation, and management of transportation systems, including highways, airports, and mass transit facilities. Transportation engineers are responsible for the safe, rapid, comfortable, convenient, economical, and environmentally compatible movement of people and goods. Computer models and simulations are frequently used by traffic engineers for geometric design and for planning, operating, and managing transportation networks, including intermodal systems.

The Construction Management and Facility and Property Management programs are non-engineering programs preparing students to take leadership and management roles.

Construction managers complete a program designed to give students training and experience in construction management by providing a broad background in construction technology, business, design, architecture, and engineering, with specific emphasis on management within the construction industry. Graduates fill middle-management positions such as superintendents, estimators, schedulers, field engineers, inspectors, general contractors, sales representatives, and construction insurance or bonding personnel. Many go on to graduate studies in architecture, law, or business administration.

Facility and property managers complete a program that is all about leadership. Students prepare to become qualified and competent facility managers that can work at senior levels to better manage the real estate portfolio and facilities that are a critical part of any business entity. The program will assist in the perfection, beautification, and operational knowledge of physical facilities in bringing forth Zion. The program works to be a world leader in facility management education, physical asset management, and facility research.

Program Educational Objectives

The undergraduate programs in civil and construction engineering have the following educational objectives:

1. Develop innovative engineers and leaders who competently apply recognized technical methods to meet human needs for water, shelter, and transportation.
2. Develop leaders with global awareness who hold paramount the safety, health, and welfare of the public while sustaining and protecting the environment.
3. Develop citizens with moral character and commitment to the gospel of Jesus Christ who provide life-long service to the public, church, and professional community.
4. Develop life-long learners that contribute with immediate and real impact to the building of the Kingdom of God and the establishment of Zion throughout the world.

Career Opportunities

Graduates from the Civil and Construction Engineering Programs are employed throughout the Architecture, Engineering, and Construction (AEC) industry. Many graduates enter private consulting practices, and many eventually establish their own firms. Graduates are also employed by national, state, and local governments. Departments of transportation, environmental protection agencies, the Army Corps of Engineers, The Bureau of Reclamation, and countless public and private organizations hire many students.

The programs offered through the Civil and Construction Engineering department may also be used as a preprofessional program for careers in architecture, law, and business.

General Information

Students are strongly encouraged to consult with the department regarding their course scheduling. Prospective transfer students should contact the department as soon as possible so that any variations can be accommodated with a minimum loss of time.

No more than 9 credit hours of grades below C- in major courses may be applied toward graduation. A student who fails to pass a department course after three attempts (including E grades and W's) will be terminated from the program. A student with unique circumstances may seek an appeal of that decision to the undergraduate committee.

Professional Engineer Registration

Because civil engineers design structures that affect public health and safety, licensure as a Professional Engineer is required for most positions in the industry. A necessary prerequisite for licensure is graduation from an accredited engineering program. The civil engineering program is fully accredited by the Accreditation Board for Engineering and Technology (ABET).

The Department of Civil and Construction Engineering encourages graduates to become registered Professional Engineers. This status is vital to engineering practice in the public sector and consulting work. The civil engineering program prepares graduates to successfully complete the Fundamentals of Engineering (FE) examination, an important step in becoming registered.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

The degree programs in the Department of Electrical and Computer Engineering are open enrollment.

The Discipline

Electrical Engineering, Computer Engineering, and Cybersecurity are some of the most exciting, diverse, and forward-looking disciplines offered at the university. Contemporary society is in the midst of an information revolution, created in large part from the fruits of electrical and computer engineering and kept safe through cybersecurity. Electrical and computer engineers have been primary contributors to the astonishing developments in communication, computer, and network technology. They have designed devices and systems that have a significant impact on manufacturing, medicine, transportation, and environmental monitoring. Smart phones, tablets, digital cameras, highdefinition television, solar power, microprocessors, lasers, unmanned aerial vehicles, medical imaging systems, and autonomous robotic systems are all examples of devices and systems designed by electrical and computer engineers. Cybersecurity teaches how to make these devices and systems resilient and how to safeguard them. Innovations that flow out of electrical engineering, computer engineering, and cybersecurity sustain the national economy and improve the quality of life for people throughout the world. In the future, society will look to these graduates to address grand challenges ranging from sustainable and efficient energy to health care technologies and global communications networks.

The Department of Electrical and Computer Engineering at Brigham Young University offers accredited degrees in Electrical Engineering, Computer Engineering, and Cybersecurity. Electrical Engineering focuses on microelectronics, electromagnetic, electronic circuits, wireless communications, signal processing, biomedical applications, photonics, and controls. Computer Engineering focuses on the design of digital computing devices and systems and involves hardware and software, operating systems, digital logic, real-time systems, and computer vision. Cybersecurity is a computing-based discipline involving technology, people, information, and processes to protect computing systems from adversaries. It involves the creation, operation, analysis, and testing of secure computing systems. It is an interdisciplinary course of study, including aspects of law, policy, human factors, ethics, and risk management in the context of adversaries. All programs combine fundamental principles with hands-on learning, including an innovative Junior Core experience that integrates classroom knowledge with project based learning

Career Opportunities

Electrical engineers, computer engineers, and cybersecurity graduates are among the most actively recruited students graduating from a four-year program. Baccalaureate graduates typically start their careers as members of project teams with one or more of the following responsibilities: designing digital, analog, or opto-electronic circuits; creating or testing software; testing components or systems; or providing technical support for sales. Later on, many engineers find themselves pursuing managerial careers, starting their own companies, or even managing entrepreneurial funds. Top graduates are also well received by medical schools, law schools, and professional and management programs.

Accreditation

The Computer Engineering BS program is accredited by the Engineering Accreditation Commission of ABET, under the commission's General Criteria and Program Criteria for Computer Engineering.

The Electrical Engineering BS program is accredited by the Engineering Accreditation Commission of ABET, under the commission's General Criteria and Program Criteria for Electrical Engineering.

General Information

Students are strongly encouraged to seek advisement early in their studies to ensure effective course scheduling. Contact the department advisors in 450EB for Electrical and Computer Engineering and 265 CTB for Cybersecurity. Students should enroll in EC En 191 and EC En 192 in their first year of study at BYU.

In Electrical and Computer Engineering programs, students are required to pass prerequisite courses in the major with a grade of C– or better before taking follow-on courses.

Professional Registration. The Electrical and Computer Engineering Department provides the option for graduates to become registered professional engineers. General qualifications for becoming registered are explained in the Ira A. Fulton College of Engineering section of this catalog. This status is vital to engineering practice in the public sector and to much consulting work. The basic electrical and computer engineering program outlined in this department prepares graduates to successfully complete the Fundamentals of Engineering (FE) examination.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

The degree program in the Department of Manufacturing Engineering is open enrollment.

The Discipline

A manufacturing engineer's primary focus is turning raw materials into new products as effectively, efficiently, and economically as possible. Manufacturing engineering includes a wide array of specialties related to product and manufacturing process development. Manufacturing engineering students become familiar with fabrication processes like casting, forming, molding, and welding, along with advanced tools like CNC machining, additive manufacturing (3D printing), automation, and "smart factory" cyber-physical production systems. They learn to implement continuous improvement methodologies like Lean Production and Six Sigma. Manufacturing engineers work to improve quality and efficiency, often using statistical analysis and computer simulation. BYU's Manufacturing Engineering Program combines fundamental principles with a strong element of hands-on experiential learning, leading to an interdisciplinary senior capstone project, where students work with an actual company to bring a new product all the way from initial idea to a functional prototype and design package ready for production.

Career Opportunities

Manufacturing engineers are needed any where physical products are being produced. Manufacturing engineers oversee the process of transforming a product design into a physical object that can be economically and reliably manufactured. Manufacturing engineering students often enter careers in the automotive, aerospace, heavy machinery, medical device, consumer product, or food production industries. They may receive titles such as design engineer, industrial engineer, quality engineer, project manager, process improvement engineer, systems engineer, or production engineer.

Manufacturing engineers sit right in the middle of the action, communicating with other engineers regarding product design, supply chain managers regarding raw materials and equipment, machine operators and line managers regarding process planning, efficiency, and quality, and marketers and accountants regarding demand forecasts and scheduling. They lend their expertise in making designs more manufacturable, determining what processes to use to produce products, and organizing people and equipment to produce the right number of products, at the right time, as efficiently and economically as possible. Many manufacturing engineers also pursue management roles or become entrepreneurs and business owners.

Graduates in manufacturing engineering are well prepared to pursue advanced degrees. Some continue with graduate studies in manufacturing engineering, while others may transition to other engineering fields, an MBA, or law school. The experience, skills, and problem-solving abilities gained in BYU's Manufacturing Engineering Program are transferrable to a wide range of careers.

General Information

Students are strongly encouraged to seek advisement early in their studies to ensure effective course scheduling. Contact the Crabtree Advisement Center (265 CTB). Students should enroll in MFGEN 130: Modern Manufacturing in their first year of study at BYU.

During their senior year, manufacturing engineering students have the opportunity to be certified by the Society of Manufacturing Engineers (SME). The Certified Manufacturing Technologist (CMfgT) Certification is recognized worldwide by the manufacturing industry. Following graduation, manufacturing engineers can fulfill additional work requirements and receive the Certified Manufacturing Engineer (CMfgE) Certification.

Graduation Requirements

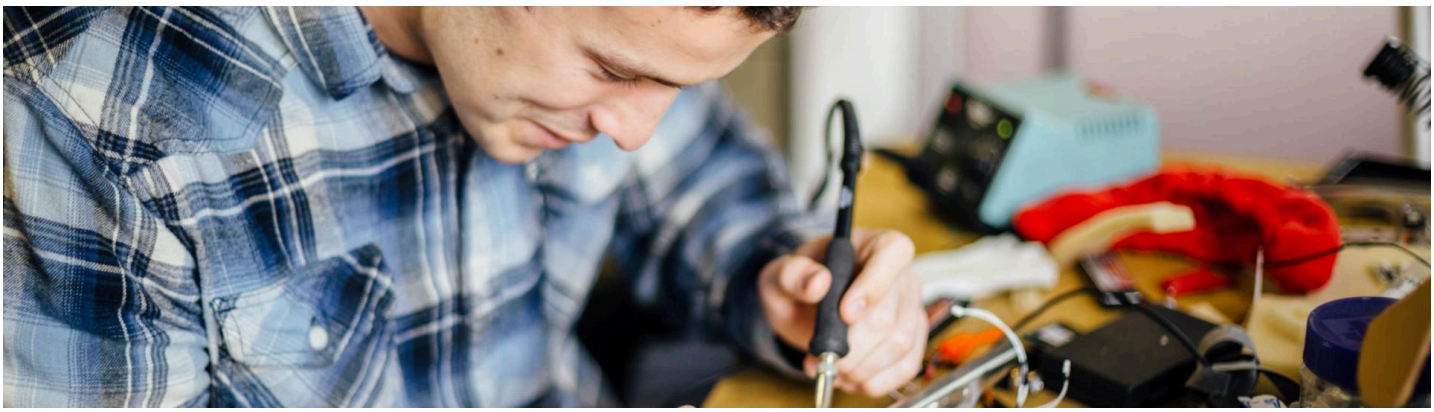
To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.



Programs

Manufacturing (Minor)
Manufacturing Engineering (BS)

Courses

MFGEN 130 - Introduction to Manufacturing Engineering
MFGEN 140 - Manufacturing Design
MFGEN 220 - Material Removal
MFGEN 230 - Computer-Aided Manufacturing
MFGEN 291 - Manufacturing Leadership
MFGEN 331 - Metals Processes
MFGEN 333 - Industrial Automation
MFGEN 340 - Quality Systems in Manufacturing
MFGEN 355 - Plastics Materials and Processing
MFGEN 372 - Design for X
MFGEN 381 - Lean Manufacturing & System Design
MFGEN 391 - Junior Seminar
MFGEN 399R - Academic Internship
MFGEN 401 - Data Analysis
MFGEN 431 - Tool Design
MFGEN 433 - Introduction to Smart Manufacturing
MFGEN 435 - Application of Sensors and Instrumentation for Manufacturing
MFGEN 440 - Six Sigma for Manufacturing
MFGEN 456 - Introduction to Composites
MFGEN 479 - Innovation and Entrepreneurship
MFGEN 481 - Manufacturing Systems and Simulation
MFGEN 490R - Special Problems in Manufacturing Engineering
MFGEN 491 - Senior Seminar
MFGEN 531 - Advanced Computer-Aided Manufacturing Programming
MFGEN 532 - Manufacturing Systems
MFGEN 533 - Manufacturing Information Systems
MFGEN 550 - Friction Stir Technologies
MFGEN 556 - Modeling and Simulation of Composites Manufacturing
MFGEN 558 - Metallurgy
MFGEN 572 - Design for Additive Manufacturing
MFGEN 574 - Advanced Tool Design

FACULTY

Admission to Degree Program

The degree program in the Department of Mechanical Engineering carries special enrollment limitations. Please see Professional Program Acceptance below.

The Discipline

Mechanical engineers work with concepts, ideas, and products that are primarily mechanical or energy related. Mechanical engineering is a broad discipline that prepares a person to contribute in a wide range of fields such as aerospace, computer graphics, power generation, machine tools, petroleum, agricultural and construction equipment, medicine, robotics, government, and all types of transportation. A mechanical engineer may work in research, design, analysis, manufacturing, testing, operations, sales, or management. Engineers use critical problem-solving methods and basic principles of mathematics and science to creatively solve problems.

Educational Objectives

The objectives of the undergraduate Bachelors of Science program in the Department of Mechanical Engineering at Brigham Young University are to:

1. Teach the fundamental concepts of math, science, and mechanical engineering in order to produce graduates who demonstrate technical excellence and provide service to their profession, community, family, and church.
2. Instill a desire and ability to learn continuously, both through study and faith, to enable graduates to meet the changing demands of their profession and personal life.
3. Provide practical and open-ended engineering experiences in order to develop graduates who think independently and demonstrate leadership and creativity.
4. Engage students in activities to produce graduates who communicate and work effectively and ethically with people of diverse backgrounds.

Program Outcomes

To assure that these objectives are reached, the department has articulated twelve outcomes of the BS program. Each student graduating from this program is expected to have:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

All courses in the curriculum are designed to help achieve these outcomes.

The curriculum in mechanical engineering is accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology, Inc. (ABET).

Career Opportunities

A bachelor of science degree in mechanical engineering provides widely recognized professional training for careers in industry, government, and other areas. Most industrial companies hire mechanical engineers.

Companies that make mechanical or energy-related products may hire mostly mechanical engineers. As a result, many mechanical engineering positions are available worldwide. Mechanical engineers have job opportunities in companies involved in such areas as aircraft and spacecraft design; manufacturing processes; product safety and reliability; solar energy; electronic equipment packaging and cooling; power plant design; jet, train, truck, and automobile engines; environmental protection; artificial intelligence; robotics; medical and hospital equipment; new material development and applications; and technical writing. Increasing numbers of positions utilize foreign language experience.

A graduate in mechanical engineering is prepared for advanced studies in the field as well as in a variety of other disciplines, including law, medicine, and business administration. Perhaps most important to graduates are the problem-solving strategies and thinking processes acquired in the study of mechanical engineering that help one to succeed in any area of endeavor.

General Information

Any student may choose to major in mechanical engineering and to enroll in all classes in the preprofessional program.

Professional Program Acceptance

Students must be accepted into the professional program before they may take the professional Me En core courses. To apply, students must receive a grade in the courses outlined below. They must also be in good academic standing. Admissions decisions are made by equally weighting the GPA from these courses. (See policies below regarding AP courses and transfer courses.)

- The first physics course taken at BYU from the sequence: PHSCS 121, PHSCS 123, Ec En 101
- The first math course taken at BYU from the sequence: MATH 112, 113, 213, 302, 303, 314, 334
- The first mechanics course taken at BYU from the sequence: ME EN 101, CE EN 203, CE EN 204
- ME EN 191 at BYU (PASS Grade required)

AP Courses: Equivalent credit for AP exams can fulfill graduation requirements; however, since there is no grade assigned to AP courses, they cannot be used to calculate the *Application GPA*. For purposes of calculating the *Application GPA*, students must either (a) take the BYU equivalent course or (b) take the next course in the physics, math, or mechanics sequence.

Transfer Courses. Equivalent credit for non-ABET-accredited courses can fulfill graduation requirements, but cannot be used to calculate the *Applicatoin GPA*. For purposes of calculating the Application GPA, students must either (a) take the BYU equivalent course or (b) take the next course in the physics, math, or mechanics sequence.

Acceptance Criteria. 260 students are granted acceptance to the professional program each year based on the Application GPA. Students may apply for admission more than once, however, each course may be retaken only ONE time (includes withdraws). When a course is retaken, the higher grade will be used to calculate the *Application GPA*. Please see our website: http://me.byu.edu/apply for further information and recent admission data.

Academic Standards and Continuance

On gaining acceptance into the ME professional program, students must maintain a minimum university cumulative GPA of 2.0. No more than 6 credit hours or two courses of passing grades below C– in required program courses (including preprofessional and professional courses) may be applied toward graduation. A professional program course may not be retaken more than once. At least 30 of the 48.5 credit hours of Mechanical Engineering courses (ME EN) must be earned at BYU.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

The BA in Art is an open-enrollment program, as is the Art Minor. All other programs within the Department of art are Limited Enrollment programs. Admission to these programs is obtained by department application after completion of a set of prerequisite courses, which vary according to program. Deadlines for applications are in March and November of each year. Please see General Information below for more details, or contact the college advisement center (1-801-422-3777).

The Discipline

The Department of Art is a vibrant community of students, artists, and scholars working together to teach and mentor students in making art with integrity and thinking critically with a foundation in the Gospel. The department has an open structure allowing students to move freely between disciplines while developing as artists, scholars, and teachers. Students develop fluency in the traditions of art and teaching while being pushed to experiment and develop strong conceptually grounded artistic voices. Students can focus on one area of exploration or can pursue an interdisciplinary program of study. Students have access to specialized classrooms, labs, and studio spaces, and work closely with faculty in small classes and a highly personalized and mentored environment.

Career Opportunities

The BA and BFA in Art train students as artists and creative problem solvers. Graduates are prepared to function as independent artists and creative thinkers in a range of disciplines. Graduates successfully pursue graduate studies in art and other disciplines at major universities and art schools around the globe, work as independent artists, find employment as arts administrators and art professionals at galleries, museums, universities and other art related professions.

The art education degree certifies the student as an art specialist in public or private institutions, grades K–12. Other opportunities for the certified art specialist are in foreign school systems, recreation programs, art museum education programs, and galleries. Students qualify for positions in artist-in-the-schools programs and arts councils and as art consultants/coordinators. The degree also provides a foundation for graduate study leading to advanced degrees.

General Information

Talent Awards

All BA, BFA, and Art Education pre-major students in the Department of Art may apply for Talent Awards Scholarships by completing the application found online at https://art.byu.edu/scholarships-grants. The deadline for talent award applications is February 28th each year.

Application Procedures for Freshmen

High school students expecting to be admitted to BYU in Fall semester may apply for the talent award the November of the preceding year. First-year students receiving a Talent Award scholarship are expected to enroll in and complete the core courses in their first semester at BYU.

BA and BFA Programs

The BA in Art is a highly interdisciplinary program encouraging students to combine varied disciplines and approaches to their creative and academic work. Students can pursue traditional art pathways or move fluidly between studio art and related areas like education and community engagement, curation and gallery practices, and commercial and professional applications off artistic skills and ways of thinking. In addition, students successfully leverage the liberal arts education received through an Art BA to achieve professional goals in law, medicine, business and other fields.

BA in Art students select one of four emphases of study: Studio, Arts Administration, Printmaking and Book Arts, or Art & Technology. Additionally, BA in Art students can apply to the BFA in Art after completing sophomore level art courses.

The BFA program is a professional degree focused on developing artists who function at the highest of levels and preparing students for graduate work in art. The program is a vibrant community of students and faculty working together closely in a wide range of disciplines. Students develop fluency in the traditions of art while being pushed to experiment and develop strong conceptually grounded artistic voices. The department and BFA program have an open structure allowing students to move freely between disciplines while developing as artists. Students can focus on one area of exploration or can work out an interdisciplinary program of study. Disciplines include Ceramics, Figure, New Genre, Painting/Drawing, Photography, Printmaking, and Sculpture. Students have beautiful classrooms, labs, and studio spaces, enjoy access to our museum of art and work closely with faculty in small classes and a highly personalized and mentored environment.

The BA in K-12 Art Education guides students both as artists and teachers through engagement with hands-on teaching, curriculum development, and studio work. Students acquire an understanding of schools, teachers, and students through supervised observations and teaching experiences. They also develop a professional portfolio, study contemporary and historical art, and immerse themselves in critical questions about life and creativity. Core classes in drawing, photography, and two- and three-dimensional design familiarize students with the basic principles, concepts, and techniques of various studio areas. Students develop the ability to work and teach proficiently across several areas of artistic expertise, i.e. drawing, photography, sculpture, painting, graphic design, computer graphics, ceramics, printmaking, film, new media/genre, installations, and relational aesthetics/social and public engagements. Graduates from this program are prepared to work as art specialists and are equipped with the skills to teach in primary and secondary schools. The teaching licensure gained as a part of the Art Education major qualifies its graduates for teaching positions in all 50 states.

To learn more about our degree programs, visit: https://art.byu.edu/degrees_and_licensure

Transfer Students

Transfer students in art disciplines must meet with the BA coordinator and the CFAC advisement center to determine transfer credit eligibility.

Degree Program Coordinators/Advisors

Coordinators are appointed to counsel students in each of the three majors: BA Art Education, BA Art, BFA Art. Coordinators advise students about program objectives, course content and sequence, career goals, and other matters pertaining to their major field of study.

Department Probationary Status

Students can be placed on probationary status for the following:

1. Inadequate academic performance.
2. Unprofessional attitude and lack of commitment.
3. BYU Honor Code violations.

Licensure Option

Students pursuing a BA or BFA in art may concurrently enroll in the Art Education Licensure program to fulfill the requirements to receive a teaching license. This is not a second major. https://art.byu.edu/degrees_and_licensure Please review the art education requirements or contact the college advisement center.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education. (For a complete listing of courses that meet university core requirements, see here.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs in Art and Art Education. For more information, see Graduate Studies and/or art.byu.edu.

FACULTY

The Discipline

The BYU School of Communications prepares students for careers in fields related to mass communication, such as advertising, journalism, sports media, public relations, and communications graduate studies. The school is nationally accredited by the Accrediting Council on Education in Journalism and Mass Communication. Grounded in a strong liberal arts foundation, this program provides a balance between scholarship and professional skills. This goal is accomplished by requiring core courses and electives that enhance critical thinking about the discipline, while providing courses in emphasis areas that afford additional skills for each profession. See emphasis descriptions for additional information about their discipline and career opportunities.

Educational Outcomes

The School of Communications exists to help students become professional and scholarly communicators whose messages contribute to a better society by benefiting the organizations for which they work and the audiences they reach.

1. Effective Communication: Students will communicate effectively with their audiences: Specifically, students will be literate in the language of the media industries, and be able to plan and prepare mass communication messages in the appropriate style, using the appropriate research method, and appropriate technologies, to serve audience needs.

2. Professional practice: Students will act professionally in their practice. Specifically, students will demonstrate they. value freedom of speech in the marketplace of ideas, and be able to practice communication within legal boundaries, while exhibiting standards of professional behavior and demonstrating sensitivity to ethical behavior. Students will also be literate in the language of media industries.

3. Mass Communication Process: Students will be scholars of the mass communication process. Specifically, students will be able to apply relevant theory to communication practice, understand factory that shape their profession and think critically about the relationship between mass media and society.

4. Applying Gospel-centered Values: Students will be able to apply Gospel-centered values as they contribute to society. Specifically, they will promote diversity, inclusiveness, and agency in a global society, be able to exercise moral reasoning when faced with ethical dilemmas, and show a commitment to making a difference in their sphere of influence.

*See the BYU School of Communications website (https://comms.byu.edu/about/accreditation) for more information on our learning outcomes.

Admission to Degree Program

The degree programs in the School of Communications have a school application process with specific enrollment limitations. Please see the college advisement center for details, telephone 1-801-422-3777, or online at **http://comms.byu.edu/**.

General Information

Working under faculty direction, students in the school create creative advertising campaigns in the AdLab, use data to design public relations and advertising strategies in the Intelligence Lab, conduct biometric research in the BioComms lab, and publish journalistic and sports media content for the Daily Universe.

The School of Communications seeks to broaden students' awareness of worldwide communications issues and practices, through classes, inspiring learning initiatives, mentored research, lab projects and study abroad.

School Requirements

1. Each student must be formally accepted into a degree program. Contact the college advisement center for admission requirements or online at http://comms.byu.edu.

2. All students must take a campus writing course before applying for admission to the major. **AP credit does not fulfill this requirement. The following writing course fulfills this requirement and satisfies the GE First-Year Writing requirement: WRTG 150.** Our WRTG 150 requirement must be fulfilled by WRTG 150, ELANG 150, M COM 320, an Advanced Written and Oral Communication GE course (WRTG 311, WRTG 312, WRTG 313, WRTG 315 or WRTG 316) or an equivalent transfer course (Transfer classes from other universities must be cleared by the advisement center prior to applying to the program). We do not accept AP English credits or English 115.

3. Every student is required to complete an inspiring learning faculty-mentored experience. If a student does the internship option, the school operates an internship office (280 BRMB) that serves as a clearinghouse for internship information. The responsibility for securing an internship or a faculty mentored experience rests with the student. Students who do an internship (Comms 496R) must process appropriate documents with the Internship Office, and be enrolled in Comms 496R. Students who choose the faculty- mentored options must find a faculty mentor and work with that faculty member to complete and sign a contract for the class.

4. Communications students are required to own or rent a computer.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Programs

Communications (Minor)
Communications (BA): Advertising Emphasis*
Communications (BA): Media & Society Emphasis*
Communications (BA): Public Relations and Advertising Emphasis*
Communications (BA): Journalism and Sports Media Emphasis*

Courses

COMMS 101 - Mass Communication and Society
COMMS 230 - Introduction to Creative Advertising
COMMS 235 - Introduction to Public Relations and Advertising
COMMS 238 - Introduction to Communications Studies
COMMS 239 - Introduction to Multimedia Storytelling
COMMS 300 - Media Law and Responsibility
COMMS 301 - Media History and Culture
COMMS 302 - Popular Culture and Media
COMMS 303 - PR and Advertising Leadership and Ethics
COMMS 304 - Media Ethics: Ethical Decision-Making in a Diverse Society
COMMS 305 - Foundations of Journalism and News Literacy
COMMS 306 - Sports Media Research and Strategy
COMMS 307 - Fundamentals of Communications Action
COMMS 308 - Research Methods for Journalism
COMMS 309 - Creative Advertising Insights and Strategy
COMMS 312 - Digital Media Production

COMMS 317 - Public Relations and Advertising Rapid Intelligence
COMMS 318 - Public Relations and Advertising Human Intelligence
COMMS 319 - Communication Research Paradigms
COMMS 320 - PR Writing and Media Relations
COMMS 321 - Multimedia Reporting
COMMS 324 - Feature Writing
COMMS 325 - Video Reporting
COMMS 327R - Special Topics in Broadcasting
COMMS 330 - Creating Advertising Concepts - Portfolio 1.
COMMS 331 - Creating Advertising Concepts - Portfolio 2.
COMMS 333 - Public Relations and Advertising Digital Intelligence
COMMS 335 - TV Commercial Production
COMMS 337 - Public Relations and Advertising Management
COMMS 350 - Public Relations and Advertising Visual Communication
COMMS 351 - Media Technology and Audiences
COMMS 360 - Communication Management Principles and Theory
COMMS 365 - Photojournalism
COMMS 370R - Special Topics in Communications
COMMS 371R - Special Topics in Advertising
COMMS 372 - Advertising Channel Planning
COMMS 373R - Public Relations and Advertising Special Topics
COMMS 381 - International Media Systems
COMMS 382 - Issues in Global Communication
COMMS 384 - Editing for News Media
COMMS 385 - Television News Producing
COMMS 386 - Sports Communication
COMMS 395R - International Media Studies Abroad
COMMS 396R - Communications Practicum
COMMS 399R - Academic Internship
COMMS 406 - Media and the First Amendment
COMMS 409 - Advertising Strategy
COMMS 411 - Media Effects and Health
COMMS 416 - Civic Communication and Public Advocacy
COMMS 420 - Advanced Print Reporting
COMMS 422 - Newsroom Leadership
COMMS 426 - Persuasion in the Media Age
COMMS 433 - Advanced Advertising Concepting - Portfolio 3
COMMS 436 - Public Relations Strategy
COMMS 480 - Media Ethics and Moral Reasoning
COMMS 481 - Family, Gender, and Media
COMMS 482 - Religion, Media, and Society
COMMS 483 - Advanced Communications Studies
COMMS 484 - Publication Graphics and Production
COMMS 485 - Public Relations Campaigns
COMMS 486 - Advanced Broadcast Reporting
COMMS 488 - Advanced Broadcast Producing
COMMS 489 - Creative Advertising Culmination Experience
COMMS 490 - Media Innovations Capstone
COMMS 491R - Student Media Labs
COMMS 495R - Research and Readings in Communication Practice
COMMS 496R - Academic Internship
COMMS 497R - Mentored Research Practicum
COMMS 498R - Projects in Communications

FACULTY

Department of Design

The Department of Design prepares visual communicators for careers in a broad range of creative disciplines including animation, graphic design, illustration, photo- & lens- based design, product & user experience design, and other related fields. Students learn to solve complex visual problems and communicate narratives across a wide array of mediums and technologies.

The degree programs within the Department of Design are limited enrollment programs requiring department admissions approval. Students interested in applying for a major should declare their pre-major intent, successfully complete prerequisite courses, and submit an online portfolio for review.

Deadlines for pre-major applications are at the end of the Fall and Winter semesters and Spring term. Students wishing to apply for a BFA professional program should complete foundational courses and then apply through a portfolio review held in June. Students may apply for their program of choice twice. Contact the department for application deadlines. For more detailed information, see Admissions Procedures below or contact the department office at designdepartment@byu.edu or refer to designdept.byu.edu.

Degree Programs

Professional BFA Degrees
Graduates from Department of Design professional BFA programs are fully prepared for careers in the following disciplines—

Animation: Animation majors work in various disciplines that include feature film animation, television animation, visual and special effect studios, entertainment, gaming, and data visualization. Students are given opportunities to develop portfolios as they work on personal and group projects, and major films that will help prepare for a successful career as an artist in animation.

Graphic Design: Graphic Design majors work in a wide array of design-related disciplines including branding, product design, publishing, interaction design, web design, mobile app development, user experience design, service design, motion graphics, and data visualization. Designers often work in traditional design studios, interactive agencies, advertising agencies, and corporate design positions, and as entrepreneurs, freelancers, or design management positions.

Illustration: Illustration majors work as illustrators and artists in the evolving creative industry and find various opportunities in publishing, editorial media, advertising, entertainment, and fine art. Illustrators utilize a variety of media to create artwork for children's books, young adult fiction, genre fiction, graphic novels, motion illustrations, gallery art, product design, textiles, interactive design, and corporate or institutional publications. Illustrators often work in-house for production companies, in design studios, or as freelance artists and creative entrepreneurs.

Product & User Experience Design: Product and User Experience Design majors learn to envision physical and digital products to give users valuable and engaging experiences and to provide value to stakeholders. Taking into consideration a variety of user, business, and implementation needs and constraints, the designer uses a creative, human-centered method to imagine, explore, prototype, test, and iterate compelling product concepts that have impact on the user experience. In this process, a product designer may frequently collaborate with peers from design and other disciplines, including business, marketing, software development, manufacturing, and engineering.

Photo- & Lens-Based Design: Photo- & Lens-Based Design majors focus on creative and expressive forms of contemporary photography, cinematography, and motion design as a means of preparing for a broad spectrum of careers, including commercial/advertising (freelance, in-house), editorial, fashion, documentary, fine art, and multimedia production. Graduate school preparation is also prioritized for those students interested in continuing their education. Through their studies, students mature in technical, aesthetic, and conceptual aspects of image-making in a variety of technologies—ranging from analog to digital. Assignments, critiques, and experiences are designed to aid individuals in further developing their creative practice, personal vision, fluency in the language and craft of photo and lens-based media, and how their work functions in a wider cultural context.

Bachelor of Arts in Interdisciplinary Design Degree
Interdisciplinary Design majors work in various design-related disciplines, including user experience, art direction, visual development, and creative direction. This degree gives students leeway to think and work across fields, becoming design generalists with foundational training in design processes, theory, methods of working, and design applications. The degree is not devised for general exploration of any BFA majors in the department. Students wishing to explore possible design careers are encouraged to pursue BFA degree program courses.

The degree is limited to students with a clear and targeted plan of coursework involving multiple design disciplines in the department.

There are no courses in fashion design, interior design, or architecture.

Admissions

Prospective BYU Students: Prospective students wishing to be admitted into the Design Department should apply to BYU through the regular admissions process at byu.edu/admissions. Admission to BYU does not guarantee admission into the Department of Design degree programs. Prospective students are strongly encouraged to apply for department scholarships. Apply online at https://designdept.slideroom.com. Go to https://designdept.byu.edu/department-scholarships for application deadline information.

Department Admissions: All Design majors are limited enrollment programs that require students to apply for acceptance through a department admissions process. Admitted BYU students should declare their pre-major intent before registering for prerequisite classes. When pre-major coursework is complete, permission to enroll in foundational courses is granted through a portfolio review process. Pre-major portfolio reviews are held online at the end of the Fall and Winter semester and Spring term. Apply online at https://designdept.slideroom.com.

Major Admissions: Upon completion of all prerequisite and foundational courses, students apply for admission to the major of their choice through a portfolio review. Reviews are held in June each year. Contact the department office at designdepartment@byu.edu for more information.

Transfer Students: Transfer students applying for admittance to the Department of Design are asked to submit an application and a portfolio on https://designdept.slideroom.com. Transfer applications for the Department of Design are reviewed year-round by program areas. At the discretion of the area faculty, students are accepted into the department and are placed at the appropriate level of study. Transfer applications are contingent upon acceptance into BYU, a separate application process. Admission to the department does not guarantee admission to Brigham Young University. For BYU deadlines refer to https://enrollment.byu.edu/admissions/deadlines.

Note: Students may apply for admission to department programs twice.

Department Scholarships

Design majors are encouraged to apply for Department scholarships. Go to https://designdept.byu.edu/department-scholarships for funding information and application deadlines.

Design Education Licensure

Design majors can add an Art Education teaching license to their degree. This program prepares students with a design background to teach art and design in K-12 classrooms. The program includes 36 credits of coursework, including a semester of student teaching as the capstone project. To join the program, students must enroll in and successfully pass ARTED 276 (Introduction to K-12 Art and Design Education). For more information go to https://art.byu.edu/degrees_and_licensure

Contact the Art Education Coordinator to discuss interest in the licensure option: Mark Graham at mark_graham@byu.edu.

Equipment Requirements

Incoming BYU design students are asked to purchase a computer for their own convenience and to maximize their academic experience. Pre-major courses can be completed with the use of university labs, however, most students prefer having their own computer. In certain courses and programs, highly specialized technology is made available in department labs and classrooms. Since recommended configurations vary slightly by program area, contact the program area head for more information. The BYU Store carries a full line of discounted computers, accessories, and discounted software subscriptions.

Department Probationary Status

Students can be placed on probationary status for the following:

1. Inadequate academic performance.
2. Unprofessional attitude and lack of commitment.
3. BYU Honor Code violations.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

Enrollment in the School of Music's degree programs is limited. Prospective majors must pass an audition and be accepted into a studio. Please consult the General Information section below and visit the College Advisement Center for details.

The Discipline

The School of Music celebrates musical artistry and understanding as core elements of the human experience, crucial components of a liberal education, and central aspects of a spiritual life.

In the School of Music, students learn self-expression and self-discipline through rigorous practice and passionate performance. They develop an acute sensitivity for collaboration and artistic cooperation through intensive ensemble work. In the study of music theory and history, students learn to hear and appreciate various musical languages, distinguish nuances of style, and discern the connections between musical developments and their cultural contexts.

Students learn in a variety of situations: private lessons, small seminars, multimedia labs, ensembles, recitals, and lectures. They are encouraged to participate actively in the vibrant musical environment of the School of Music by attending concerts, lectures, and workshops and by contributing to a student culture of independently motivated artistic engagement. These experiences foster a holistic approach that embraces academic rigor, artistic intuition, creative ambition, physical grace, and expressive eloquence.

In pursuit of the university's spiritual aims, students learn the divinity inherent in creativity and the devotion expressed by the nurturing of one's craft.

Career Opportunities

The School of Music leads its students toward careers in performance, studio teaching, music education, media music production, recording and sound technology, arts management, music journalism, composition, and other music-related professions. Because the music curriculum is rigorous, it is also an excellent pre-professional course of study for those interested in fields as diverse as law, business, library science, or medicine. Whatever degrees one obtains, however, an education in music pertains not only to earning a living through the art but also using the art to enhance one's satisfaction and joy in living.

Faculty

The music faculty includes active performers, composers, music educators, conductors, theorists, historians, and media specialists who have chosen to mentor the next generation of musicians. They remain involved in their areas of specialization and are anxious to share the learning experience with students entrusted to their care. Many of the faculty have received prestigious recognition for their teaching scholarship, performance, composition, directing, or producing.

The School of Music maintains approximately 50 full-time and 65 part-time faculty who teach private instruction, ensembles, education, music theory, music history, commercial music, conducting, as well as other exciting areas of study.

Facilities

The School of Music is housed in the Music Building, which includes a 1,000-seat concert hall, a 250-seat recital hall, a 200-seat choral hall, two large ensemble rooms, practice spaces, classrooms, a piano lab, an organ lab, a state-of-the-art digital recording studio, MIDI production studios, and an electronic music studio.

General Information

1. The degree programs in the School of Music are Limited Enrollment Programs, meaning, first, they are HIGHLY competitive and selective, and second, they require an adherence to specific course paths in the first two years of study. Students who are successful in their application and audition and are admitted into one of the degree programs in the School of Music will be required to do the following in order to remain in the program:
    - Successfully complete the following courses in the first two years of study:
      Music 193, 195, 197 – To be taken all together in 1st semester
      Music 194, 196, 198 – To be taken all together in 2nd semester
      Music 293, 295, 297 – To be taken all together in 3rd semester
      Music 294, 296, 298 – To be taken all together in 4th semester
    - Begin the private lesson requirement, as specified by the degree program requirements, in the first semester and continue taking private lessons each semester until the requirement is fulfilled.
    - Begin the ensemble requirements, as specified by the degree program requirements and directed by the student's studio teacher, in the first semester and continue each semester until the requirement is fulfilled.
      Failure to follow the requirements listed above may result in dismissal from the degree program.
2. Admission applications to the School of Music must be received by December 1.
3. All entering students (including transfer students) must pass a performance audition on their major instrument (or voice). Live auditions are held on the last Saturday of January. Students who cannot attend the live audition and wish to be considered must submit a video recording, which must be received by the School of Music by the last Saturday in January. For further details, see the School of Music website (https://music.byu.edu).
4. All students who do not have a keyboard emphasis (piano or organ) must complete the piano proficiency requirement by the end of the sophomore year. Students may fulfill this requirement by (a) taking Music 221 and/or Music 222, or (b) taking the Piano Proficiency Exam. For more information, see https://music.byu.edu/resources/piano-proficiency-requirement.
5. Each student accepted as a music major must meet with the academic advisor in the College Advisement Center before the end of the first year.
6. Students who pass either part of the AP Music Test with at least a score of 4 should check with the College Advisement Center before registering for core courses.
7. All major performance instruction must be in the same instrument (or voice) with the following exceptions: Commercial Music and Composition students, with approval from their division coordinator, main studio teacher, and secondary studio teacher, may opt to fulfill a portion of their studio lesson requirement on a secondary instrument.
8. All students registered in Music 260R, 360R, or 460R must complete an examination before a faculty jury on their major instrument (or voice) near the end of each semester of performance study. (With the approval of the faculty, students may elect to substitute a juried public recital for a jury examination.) Students who wish to enter Music 360R or 460R (normally after the sophomore year) must first be granted approval to do so by a faculty jury.
9. All students must fulfill the ensemble requirements of their individual degree programs as described below: Ensemble requirements are filled through a mixture of assigned "Category 1: Approved Large Ensembles" and "Category 2: Other Ensembles Approved for the Major" as listed in each degree program. Only one approved Category 1 ensemble per semester may count toward this requirement, and students may not enroll in more than two conducted or directed ensembles per semester. This ensemble assignment is determined by the student's major instrumental teacher or by choral audition, not by the student. For all BA or BM music students, the total ensemble requirement should be completed in consecutive semesters of enrollment beginning the freshman year.

Please note:

- Commercial Music and Composition students, with approval from their division coordinator and main studio teacher, may fulfill part of their Category 1 Ensemble requirement by auditioning and performing on a secondary instrument.
- Students who play guitar or piano as their principal instrument may also count participation in Music 333R: Jazz Ensemble or Music 334R: Synthesis toward their Category 1 Ensemble requirement.

10. All transfer students must have their previous university work in music evaluated by the appropriate BYU School of Music faculty members to determine what credits will be accepted in the transfer. (See the College Advisement Center for referrals.) We subscribe to the policy of the National Association of Schools of Music and carry no obligation to accept upper-division music credits from other member schools.

11. If a School of Music student receives an E grade twice in any one course within his or her major, the student will not be allowed to proceed in the major. Also, a registration hold will be placed on the student's record pending a meeting with an academic advisor to determine an alternative plan of study. Only in rare and extreme cases will the School of Music consider petitions to take a course a third time and have major status reinstated.

12. Students temporarily leaving the School of Music for a mission are required to file a deferment form with the university's Admissions Office and are encouraged to remain in contact with their studio teacher regarding their re-entry date. Students intending to enter the School of Music during the school year immediately following mission service are highly encouraged to apply and audition for admission to the School of Music prior to departure.

13. All School of Music students are expected to attend at least eight concerts and two School of Music-sponsored lectures each semester.

14. All School of Music students will be held to the standards outlined in the Professionalism Policy for Students.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

Several degree programs—Acting, Media Arts (major and minor), Music Dance Theatre, and Theatre Education in the Department of Theatre and Media Arts are limited enrollment and have an application process. The Theatre Arts Studies programs (major and minor) are open enrollment. Please see the college advisement center for specific details at their website **https://advisement.cfac.byu.edu/** or by phone at 801-422-3777.

Mission

Our mission is to promote literacy, creativity, and spirituality in the arts of theatre and film. We strive to illuminate and confirm truth, tell the most important stories, and celebrate the infinite potential of the human soul. We hope to develop scholar artists who are inspired by the restored gospel of Jesus Christ and who build on the great works of the past to become the innovators of the future.

The Discipline

As a department we understand the spiritual power of the performing arts to uplift and inspire. President Kimball clearly understood the same—he mentions the fine arts more often than any other field of study in “The Second Century” address. As we train our students to be leaders in their fields of Theatre and Film, they are prepared to go into some of the most influential professions—creating the stories available on live stages, television, movies screens, and the internet. We accomplish this training through a careful balance of foundational critical studies and exciting mentored-learning activities that culminate in run an award-winning theatre season of seven faculty-directed and five student-directed productions in three different theatres, and the production of about eight fiction, non-fiction, and animated short films each year. As we use gospel methodology in this training, our students are in the powerful position of understanding how to use their testimonies of the gospel of Jesus Christ to be a light in the entertainment industries that shape much of our world.

Career Opportunities

The five majors in TMA—Acting, Film, Music Dance Theatre (MDT), Theatre Arts, and Theatre Education — provide both a strong liberal arts foundation and specialized technical training. These programs emphasize professional practices, creative problem-solving, and collaboration. Students from TMA programs are prepared for careers in the fields of theatre and film, including but not limited to acting on community, regional, and Broadway stages; acting in film and television; design and technology in costume, set, lights, sound, and props; directing for stage and screen; K-12 teaching in theatre and film; stage management; playwriting and screenwriting; video editing, video producing, and fiction and documentary filmmaking. Students are prepared for graduate studies, and have a wide range of transferrable skills that will set them on a path for success no matter what their future holds.

General Information

1. The BYU **Media Arts Studies** program provides a strong liberal arts foundation for film-related careers or future graduate studies. Graduates gain skills in film history, theory, critical analysis, and filmmaking. The Media Arts Major and Minor are both limited enrollment programs. Students interested in the Media Arts Studies major should declare the Media Arts Studies pre-major under the Change Major link in MyMAP. Declaring the Media Arts Studies pre-major does not guarantee entrance into the Media Arts Studies program. An application is required for entrance into the major and minor programs. Students applying to the Media Arts Studies program must have completed or be enrolled in TMA 102 and TMA 187 at the time they submit their application. Visit the programs section on the TMA Website (tma.byu.edu) for more information about the Media Arts application.

2. The **Theatre Arts Studies** major (or minor) is an open enrollment program. Students interested in general theatre studies, dramaturgy, playwriting, directing, stage management, critical studies, or design and technology (costume, lighting, makeup, scenic, or sound), should declare the theatre arts studies major (or minor), under the Change Major link in MyMAP.Students interested in the **Theatre Arts Education major** should declare the Theatre Arts Education pre-major under the Change Major link in MyMAP. *Declaring the pre-major does not guarantee entrance into the theatre arts education program.* Students must fulfill particular requirements for entrance. See program description for details.

3. The **Theatre Education (K-12)** degree program is designed to prepare students to become creative teachers who can meet the educational needs of elementary and secondary school theatre students. Students interested in the Theatre Arts Education major should declare the Theatre Arts Education pre-major under the Change Major link in MyMAP. Declaring the pre-major does not guarantee entrance into the theatre arts education program. Students must fulfill particular requirements for entrance. Visit the programs section on the TMA Website (tma.byu.edu) for more information.

4. The **Acting, BFA** program teaches students the necessary skills to be a professional actor who can tell the great stories of humanity. The Acting program is a limited enrollment program. Students interested in BFA acting should declare the Acting pre-major under the Change Major link in MyMAP. Declaring the pre-major does not guarantee entrance into the BFA program. Students must fulfill particular requirements for entrance. Visit the programs section on the TMA Website (tma.byu.edu) for more information.

5. The **Music Dance Theatre (MDT), BFA** program is an interdisciplinary degree program within the Theatre and Media Arts Department and fully supported by the School of Music and the Department of Dance. It is a limited enrollment program designed to train performers for a career in musical theatre and related performance disciplines. Students interested in Music Dance Theatre (MDT) should declare the MDT pre-major under the Change Major link in MyMAP. Declaring the MDT pre-major does not guarantee entrance into the MDT program. Students must fulfill particular requirements for entrance. Visit the programs section on the TMA Website (tma.byu.edu) for more information.

6. Students interested in the **Animation** limited enrollment program should contact the Design Department for application requirements.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All degree programs in the Department of Asian and Near Eastern Languages are open enrollment. Some special limitations apply for teaching minors.

The Discipline

The many countries of Asia and the Near East are among the oldest civilizations in the world. The study of the languages and cultures of these nations gives students access to some of the richest and most varied traditions of thought, belief, and behavior to be found. A large percentage of the vast, essentially non-Christian segment of the world's population resides in these two zones: Asia—with its diverse heritage of belief in Hinduism, Buddhism, Taoism, Confucianism, and other systems of thought—continues to retain its "exotic" image for most Westerners, even though many nations in the region are at the forefront of contemporary politics and economics. The Near East, birthplace of Christianity, Judaism, and Islam, remains a little-understood, often stereotyped area of considerable economic, strategic, and religious importance today.

The languages of these regions are themselves generally difficult, with complex writing systems that require diligent study. But exposure to these languages and the cultures they express will enable students to look at the world from new perspectives and deepen their understanding of peoples whose history and practices are widely divergent from their own.

Courses in the department equip students with verbal and written facility in the languages of their chosen area, whereas linguistics courses offer an understanding of how the languages are structured and acquired. A study of the literature reveals old and sophisticated traditions no less important than that of English or any other major language.

Majors are available in Chinese, Japanese, and Korean, and a second major in Arabic. Students can obtain a minor in Arabic, Biblical Hebrew, and Modern Hebrew. Each discipline is briefly described below.

Arabic (second major program)

Arabic study at BYU stresses facility in speaking a colloquial dialect and fluency in reading the press. The program is designed to supplement the Middle East Studies/Arabic major which prepares students for government-, agency-, and NGO-related work. The second major program, which is conceived as a supplement to the Middle East Studies/Arabic major, aims to push students' reading and speaking ability in the direction of the superior level.

Chinese

The study of Chinese accesses the literature, thought, culture, and society of the world's largest population with the longest cultural continuum; moreover, since the civilizations of Japan, Korea, and Vietnam are founded on traditional Chinese Confucianism, a major in Chinese opens up much of the wider world of modern Asia. You will communicate in spoken and written Mandarin, gain skills in analyzing and appreciating both traditional and modern literature, acquire effective research strategies, and learn to write clearly and persuasively. All the personal enrichment and interpersonal understanding that results from a liberal arts education in the humanities is offered through the study of Chinese.

Hebrew

The BYU Hebrew program offers courses and minor degrees in both Biblical Hebrew and Modern Hebrew. Biblical Hebrew students develop appreciation for the Hebrew Bible and competence to read prose and poetry. The program is designed to provide students with habits of study so that they may enjoy a life-long exploration of the Hebrew Bible. Students of Modern Hebrew gain access to the spoken language of the State of Israel and, through it, to Jews throughout the world. The Modern Hebrew program emphasizes the ability to speak and understand Modern Hebrew, to analyze Israeli literature and media, and to appreciate the cultural dynamics of the language.

Japanese

The study of Japanese at the university level will provide students an opportunity to develop high level communication skills to acquire a greater understanding of Japan and its people. Additionally, students will be introduced to the rich cultural heritage of Japan in literature and the other arts. The study of Japanese language and literature will introduce students to many of the major aspects of that heritage, while providing the kind of training in language and cultural skills that will prepare students to undertake careers in a wide variety of fields.

Korean

Korean is a difficult language, and at BYU we emphasize reading and writing the language as well as speaking and listening. Basic course work emphasizes linguistic skill and the language's literary value and tradition.

Career Opportunities

Students who major or minor in the languages and cultures of Asia and the Near East will find that, as will any other humanities-centered course of study, they have been well provided with tools to communicate both in the target language and in English and have broadened and deepened their knowledge of the region of their choice. Career options are many and varied for such students, but those who do not plan to continue on in the academic study of the language are strongly urged to consider a second major or a strong minor in a practical field that can be combined with their language skills. In today's competitive world, language ability alone no longer provides the advantage it once offered on the job market. Students are urged to consult the College of Humanities Advisement Center, Career Placement Services, and their academic advisors for the best ways to make use of their language as they begin to seek employment.

Arabic

Graduates of our program find jobs in government agencies (the State Department, intelligence, the military), NGOs, and in international business. Many students use their Middle East Studies/Arabic major, or Arabic minor, as preparation for applying to MBA programs, law school, and medical or dental school.

Chinese

Chinese majors have all of the advantages of the liberal arts graduate (who claims effective communication and interpersonal skills) with the added edge of knowing the language and culture behind a leading world economy. Therefore, graduates enter the work force in a wide variety of occupations, such as journalism, insurance, business, travel, investment, and government service. They not only are marketable as trained linguists, translators, and cultural advisors, but are vigorously recruited as personnel managers and business representatives by companies with overseas interests. Graduates are also highly competitive in applying to professional schools for medicine, dentistry, law, and business.

Hebrew

Many students who minor in Biblical Hebrew major in Ancient Near Eastern Studies; some students continue on to earn Masters and Ph.D degrees. Eventually they are prepared to enter the academic field in a university setting, in seminary and institute programs of the Church Educational System, as independent researchers, or in related fields. Students who minor in Modern Hebrew will find the degree to be an asset if seeking jobs in government agencies (intelligence, State Department, military), international business, or the academic field.

Japanese

In recent years, graduates from the Japanese major at BYU have gone on to law, engineering, computer, or MBA programs, while others have continued on to medical, dental, and other professional schools. A few have pursued graduate work in a variety of academic fields at some of the most prestigious universities in the country. Others have gone directly to work in government service, in the military, and in American or Japanese business firms where their language ability and cultural background are in high demand. Some also pursue careers in translation or language teaching.

Korean

Most of the jobs available for students with a Korean major are in government (NSA, CIA, FBI, etc.), but Korean majors also have all the advantages of a liberal arts degree. Many of our graduates go on to professional schools, law, business, or medicine. Korean is an excellent complement, either as a major or minor, to studies in prelaw, political science, accounting, English, international relations, and many other majors available on campus. Korean is an important language in the world of diplomacy and defense, as well as the world of international business. (Korea is the eighth largest trading partner of the U.S.) Our graduates have been hired by the U.S. government and by U.S., international, and Korean businesses. They work in technical areas as well, involving everything from computers to broadcasting to medicine.

General Information

The Department of Asian and Near Eastern Languages strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Language Credit by Examination

?Credit by examination is available for many lower-division courses of the above-listed languages. Enrollment in an advanced class is prerequisite to taking the examination.

The following languages are not taught on a regular basis but may be offered if sufficient demand exists. Credit by examination is available for some of the Near Eastern languages listed below.

- Akkadian
- Aramaic
- Egyptian
- Persian (Farsi)
- Syriac
- Turkish
- Ugaritic

Language Certificate Program

The Language Certificate Program is available in Arabic, Chinese, Japanese, and Korean for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

General Information

The Center for Language Studies supports the College of Humanities by augmenting the list of languages taught at the university. Not all classes are taught at every level or every semester. Offerings are determined by languages taught by the Missionary Training Center (MTC), student demand, and the availability of a qualified instructor. **Please see the Class Schedule for a list of classes currently offered.**

The "teaching area" abbreviation for each language is listed below in parentheses.

Afrikaans (AFRIK)	Hmong (HMONG)	Polish (POLSH)
Amharic (AMHAR)	Hungarian (HUNG)	Portuguese (PORT)*
Albanian (ALBAN)	Icelandic (ICLND)	Quechua (QUECH)
American Sign Language (ASL)	Ilonggo/Hiligaynon (HILIG)	Romanian (ROM)
Arabic (ARAB)*	Indonesian (INDON)	Russian (RUSS)*
Armenian (ARMEN)	Italian (ITAL)*	Samoan (SAMOA)
Azerbaijani (AZER)	Japanese (JAPAN)*	Serbian (SRBIA)
Bulgarian (BULGN)	Kekchi (KEKCH)	S'gaw Karen (SGAW)
Burmese (BURMS)	Khmer (KHMER)	Slovak (SLOVK)
Cantonese (CANT)	Kiribati (KIRIB)	Slovenian (SLN)
Cebuano (CEBU)	K'iche' (KICHE)	Spanish (SPAN)*
Croatian (CROAT)	Korean (KOREA)*	Swahili (SWAHI)
Czech (CZECH)	Laotian (LAO)	Swedish (SWED)
Danish (DANSH)	Latin (LATIN)*	Tagalog (TAGAL)
Dutch (DUTCH)	Latvian (LATVI)	Tahitian (TAHIT)
Estonian (ESTON)	Lithuanian (LITHU)	Thai (THAI)
Fijian (FIJI)	Malagasy (MALAG)	Tibetan (TIBET)
Finnish (FINN)	Macedonian (MACED)	Tongan (TONGA)
French (FREN)*	Malay (MALAY)	Turkish (TURK)
Georgian (GEORG)	Mandarin (CHIN)*	Twi (TWI)
German (GERM)*	Marshallese (MARSH)	Ukrainian (UKRAI)
Greek (Modern) (MGRK)*	Mongolian (MONGO)	Vietnamese (VIET)
Guarani (GUARA)	Navajo (NAVAJ)	Welsh (WELSH)
Haitian Creole (CREOL)*	Norwegian (NORWE)	
Hawaiian (HAWAI)	Persian (PERSI)	
Hebrew (HEB)		
Hindi (HINDI)		

* These languages are taught at BYU but **not** in the Center for Language Studies.

Advanced Language and Culture Courses

The advanced language and culture courses are a popular enrollment option for returned missionaries and others of comparable ability.

During these courses, students may be offered the opportunity to take a Challenge Exam whereby they may bypass beginning level language classes and earn up to 16 graded credits.

Note: If the course is not offered at the time the student is enrolled at BYU-Provo, the student has the option of taking the FLATS test through the Office of Digital Humanities on campus. This test offers 12 pass/fail credits. **Once the FLATS test is taken for pass/fail credit it may not be reevaluated for graded credit, *nor* may the Challenge Exam be taken at a later date.** (See http://flats.byu.edu for details.)

Advanced language and culture courses for returned missionaries

(Note: The "teaching area" abbreviation for each language is listed below in parentheses.)

* These languages or courses are taught at BYU but **not** in the Language Center.

Amharic (AMHAR) 330* Armenian (ARMEN) 330 Bulgarian (BULGN) 330 *Cantonese (CANT) 201, 202 Cebuano (CEBU) 330 Croatian (CROAT) 330 Czech (CZECH) 330 Danish (DANSH) 330* Dutch (DUTCH) 330 Estonian (ESTON) 330 Fijian (FIJI) 330 Finnish (FINN) 321 *French (FREN) 321 Georgian (GEORG) 330 *German (GERM) 330 *Haitian-Creole (CREOL) 330 Hiligaynen (HILIG) 330 Hindi (HINDI) 330 Hmong (HMONG) 330 Hungarian (HUNG) 330 Icelandic (ICLND) 429 Indonesian (INDON) 330 *Italian (ITAL) 321 *Japanese (JAPAN) 301, 302 Khmer (KHMER) 330 Kiribati (KIRIB) 330 *Korean (KOREA) 301 Laotian (LAO) 330 Latvian (LATVI) 330 Lituanian (LITHU) 330 Macedanian (MACED) 330* Macshallese (MARSH) 330* Malagasy (MALAG) 330 Malay (MALAY) 330 *Mandarin Chinese (CHIN) 112, 201, 202 Modern Greek (M GRK) 330 Mongolian (MONGO) 330 Norwegian (NORWE) 330* Persian (PERSI) 330 Polish (POLSH) 330 *Portuguese (PORT) 321 Romanian (ROM) 330 *Russian (RUSS) 330 Samoan (SAMOA) 330 Serbian (SRBIA) 330 S'gaw Karen (SGAW) 330 Slovak (SLOVK) 330 Slovene (SLN) 330 *Spanish (SPAN) 321 Swahili (SWAHI) 330 Swedish (SWED) 321* Tagalog (TAGAL) 330 Tahitian (TAHIT) 330 Thai (THAI) 330 Tongan (TONGA) 330 Turkish (TURK) 330 Twi (TWI) 330 Ukrainian (UKRAI) 330 Vietnamese (VIET) 330		

Note: Those advanced language and culture courses that are marked with an asterisk (*) DO NOT satisfy the Languages of Learning GE requirement.

BYU Language Certificate Program

The Center for Language Studies administers the BYU Language Certificate program. This program is designed to certify a student's language proficiency (through oral and written assessments) as well as a limited academic experience (three courses are required).

We currently offer the Language Certificate in the following languages:

Arabic, Cebuano, Chinese, Danish, Dutch, Finnish, French, German, Haitian-Creole, Indonesian, Italian, Japanese, Korean, Lao, Norwegian, Portuguese, Russian, Serbian/Croatian, Spanish, Swedish, Tagalog, Thai, and Vietnamese.

Visit the website (certificate.byu.edu) to read about the program.

FACULTY

Admission to Degree Program

All degree programs in the Department of English are open enrollment. However, special limitations apply for English teaching majors.

The Discipline

The English major provides a detailed knowledge of the English language and of literature written in English. English majors approach language and literature as a source of knowledge and aesthetic pleasure, a mode of encountering and evaluating diverse minds and attitudes, a vehicle for art and action, a means of historical understanding, and a source of spiritual insight. English majors use writing as their primary means (1) of knowing, understanding, and evaluating their experience and their reading and (2) of sharing their insight with others. In keeping with the long-standing ideals of a liberal arts education, the English Department aims to cultivate in its students those foundational skills in writing, awareness, and judgment upon which lives of wisdom, service, and an ever increasing love for learning might be built.

Career Opportunities

English is a diverse major with emphases in both creative and professional writing, English education, literature, and media and cultural studies. Because of these different “tracks” through the major, students can tailor their academic path based on individual interest while gaining core competencies across the curriculum. English majors equip themselves with portable and durable abilities that translate into recognizable professional value. Whether planning to pursue graduate study, or starting a career after graduation, English majors stand out as strong communicators who can make sense of complex information and navigate nuanced cultural contexts. The major supports an “English Plus” program that includes a variety of study abroad options, on- and off-campus internships, and other professional development opportunities which students can integrate with their course of study. English graduates find success in a variety of fields because of their foundational training in careful thinking and analysis, deep reading, and critical and creative writing. This training gives them an enduring competitive advantage, especially when supplemented with internships, pre-professional minors, or other work experiences. Our graduates have gone on to careers as marketing managers, researchers, heads of operations, UX designers, teachers, editors, and writers. To see where some of our BYU English graduates have found success, visit our English at Work page.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

All degree programs in the Department of French and Italian are open enrollment.

The Discipline

The study of French or Italian language and literature sharpens analytical and communicative skills useful in a myriad of professional contexts. Students develop proficiency in listening, reading, writing, and speaking, and they learn to use literature as a means to deepen their understanding of culturally specific as well as universal issues and values.

Career Opportunities

The study of French and Italian language and literature are excellent preparation for a variety of career fields. Italian and French are valuable research and communication tools for students in music, art, history, European studies, international relations, library science, and comparative literature.

Many of our students have chosen a major or minor in Italian or French in addition to a second major or minor in an area such as accounting or business management, or as preparation for professional programs in public administration, business administration, organizational behavior, dentistry, law, or medicine. Others have opted for a career in government service, working with an embassy, the State Department, the CIA, and other government agencies. Still others have gone into travel and tourism, working with tour agencies, airlines, major hotel chains, or resort communities.

The computer industry also provides employment opportunity for our graduates in the field of localization and translation. Many computer companies have expanded into foreign markets and hire skilled workers who can translate computer and software instruction and sales publications in a foreign language.

General Information

The Department of French and Italian urges students to take HCOLL 310, Humanities in Professional Life, a 1-credit-hour course, during the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students articulate the value and relevance of their study in the humanities.

Internships. The Department of French and Italian, in coordination with International Study Programs, offers internships in France and Italy in a variety of positions: businesses, corporations, industry, hospitals, research laboratories, national and local governments, cultural organizations, nonprofit agencies and nongovernmental organizations, hotels and tourism, etc. For Italy, internships typically take place spring term. For France, internships take place winter, spring, summer and fall. Job placements are made according to the student's language proficiency, previous work experience, field of study, and personal interest. Students may enroll for Fren and Ital 399R, 211R, 311R, or 411R, or other courses such as Fren 490R. The internship proves invaluable in strengthening language and pre-professional skills.

Language Proficiency Assessments. All French, French Teaching majors and Italian majors are required to complete language assessments as administered by BYU or the American Council on the Teaching of Foreign Languages (ACTFL): the Oral Proficiency Interview (OPI) and Writing Proficiency Test (WPT), for Italian and French; in addition, students in French may complete adaptive reading and listening comprehension tests. Students complete language assessments by enrolling in Fren 495, Fren 491 (for French Teaching Majors) or Ital 491. French Teaching majors and minors are required to take the OPI before taking Fren 378. The minimum rating of *Advanced* is required of all *Teaching* majors and minors.

When it is necessary to strengthen oral proficiency, students are encouraged to take conversation courses, such as Fren 411R. They may also take advantage of the Foreign Language Student Residence, Study Abroad programs, and internships abroad. Department and College of Humanities scholarships are available for each of these opportunities. Additionally, support materials in the Humanities Resource Center are also available for improving language skills on campus. The department strongly encourages all majors to complete an internship prior to graduation.

Instruction. All courses are taught in the target language unless indicated otherwise in this catalog or by a course instructor.

Language Certificate Program

The Department of French and Italian strongly encourages all majors and minors to complete the Language Certificate. This program is available in French and Italian for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All degree programs in the Department of German and Russian are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Students of foreign language and literature develop fluency in another language as well as sensitivity to their own language and cultural heritage, to the contributions and diversity of other peoples, and to the advantages of an international perspective.

Career Opportunities

Experience with the intellectual, artistic, and spiritual expressions of other cultures and of their own culture helps students qualify for advanced study at graduate and professional schools, especially in linguistics, literature, language teaching methodology, library science, humanities, business, law, and medicine. Those who accept employment on completion of the BA degree frequently serve in international business, in education, or in a government agency.

General Information

Students may want to consider taking HCOLL 310 in their second or third year. This course helps students frame their humanities experience as professional preparation. Students will learn how to translate the unique value of their degree as they pursue a variety of professional paths.

Language Certificate Program

The Language Certificate Program is available in German and Russian for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

LIBERAL ARTS WEBSITE

FACULTY

Admission to Degree Program

All degree programs in the Department of Comparative Arts and Letters are open enrollment. However, special limitations apply for teaching majors.

General Information

The Department of Comparative Arts and Letters strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- "Univ 101: Foundations for Student Success"

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers one graduate degree program. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

All undergraduate degree programs in the Department of Linguistics are open enrollment.

The Discipline

Linguistics is the study of language in all its aspects—from speech sounds to sentence formation to meaning; from how language is organized and used in a social setting to how it is organized and processed in the brain or by computers. Linguists study language form, language change, language acquisition, and even the texts in which language is recorded. Linguists recognize that the communicative power of language is what brings cohesion to all human enterprises. For the student interested in the nature of language, linguistics is the subject to study.

The science of linguistics has many real-world applications, including translation, information storage/retrieval, lexicography, editing, and language teaching. In addition to its majors in general linguistics, editing and publishing, and in English language, BYU's Department of Linguistics offers undergraduate minor programs (as well as graduate degrees) in several of these areas.

Career Opportunities

A linguistics degree with an emphasis in computers may lead to jobs in high technology, e.g., machine translation, information retrieval, speech recognition and production software, and lexicography. Linguistics is also recognized as a strong specialization for those pursuing a career in military intelligence or technical writing.

The English language major is in many ways similar to the linguistics major, though its focus is more specifically on English linguistics. The major provides useful preparation for careers that require special attention to the English language, such as advertising and technical writing. The English language major along with a TESOL or editing minor is an especially strong combination.

Editing students find work in a variety of enterprises, including freelance work, publishing houses, businesses and corporations, and nonprofit organizations, such as government agencies, libraries, museums, schools, and universities. Editing graduates also edit and publish content in a variety of genres, such as books, magazines, scholarly works, web content, advertising and technical materials.

Students who complete the minor in Linguistic Computing will be prepared to perform language analysis with computational techniques, including with custom written computer code for particular tasks. Students will be valuable to companies and organizations that need linguistic analysis performed on large datasets in order to inform decisions. Jobs may be found in such fields as: automated text analysis such as analyzing online reviews or social media, machine translation with neutral networks, automated speech recognition, text-to-speech synthesis, language engineering, and other artificial intelligence fields using human language.

The teaching of English to speakers of other languages is an applied linguistics area of high demand, both within the United States and around the world. Both a TESOL minor and TESOL undergraduate certificate are offered by the department.

In addition, the linguistics, editing and publishing, and English language majors are excellent preparations for those planning graduate studies in areas as diverse as law, international business, tourism, library science, TESOL, communicative disorders, and speech pathology, not to mention graduate studies in specific languages or in linguistics itself.

General Information

The Department of Linguistics strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Admission to Degree Program

All degree programs in the Department of Philosophy are open enrollment until the end of a student's sophomore year (60 credit hours), after which permission to add a minor or double major, or to change an existing major/minor must be obtained from the advisement centers of both the current major and the new major. To declare a philosophy major or minor prior to the end of a student's sophomore year, please contact or visit the College of Humanities Advisement Center (students do not need permission from the department chairperson to add or change a philosophy major or minor).

The Discipline

From its inception in ancient Greece down to the present, philosophy has sought to examine and understand life in all its wondrous complexity. In seeking answers to enduring questions about good and evil, the nature of the real, the limits of the knowable, and the enduring power of the beautiful, philosophy discloses its faith in the ability of reason to discover and communicate truth. Philosophy's correlative respect for the authority of logic and rational argument fosters an intellectual environment wherein open dialogue is essential and conflicting opinions are respected, but in which beliefs are carefully subjected to scrutiny, claims and criticisms to validation, and actions to the guiding lights of truth, goodness, and wisdom.

Students who study philosophy will find the discipline not only provides them invaluable insights into life's deepest concerns and questions, but also helps them develop an increased capacity for critical thought, perceptive judgment, and cogent argumentation. These benefits should prove invaluable for years to come in applications as diverse as raising a family, pursuing higher education, developing a career, and striving for spiritual enlightenment.

Career Opportunities

Philosophy offers excellent preparation for a variety of career paths, but especially in law, medicine, business, and the health sciences. The value of a major or minor in philosophy resides in the intellectual development it promotes and the transferable skills it nourishes. Philosophy majors perennially top the charts in standardized exams like the GRE, LSAT, and MCAT, especially on the verbal aptitude and analytic thinking sections. Partly because of those high scores, but also because the discipline

is so rigorous, philosophy students generally enjoy extremely high rates of acceptance to graduate programs and professional schools--regardless of the discipline. And with increasing frequency, studies show that philosophy majors who pursue business and other non-academic careers are often out-earning their non-philosophy colleagues by mid-career. No doubt, this is because philosophy students master the logic, reading, writing, and critical thinking skills that such pursuits so often require. In short, philosophy not only prepares students for a rewarding life, but for any type of work that requires highly developed abilities in analytical reasoning and effective communication.

General Information

The Department of Philosophy strongly recommends that philosophy majors double-major in another field to help them complete the 120 hours required for graduation and to help prepare them for the job market. We also recommend that they consider taking StDev 317 and HColl 110. Because all liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, StDev 317 is recommended to help liberal arts students focus on specific educational and occupational goals and to introduce them to graduate/professional school and employment preparation strategies, internships, available educational opportunities, and a variety of career options. HColl 110 introduces students to the culture and academic landscape of the humanities, and teaches them how to market and employ their liberal arts education in today's challenging work environment.

Philosophy students are also encouraged both to complete one of the many internships supported and funded by the College of Humanities (regardless of individual career goals), to learn a foreign language, and if finances allow, to study abroad for a semester.

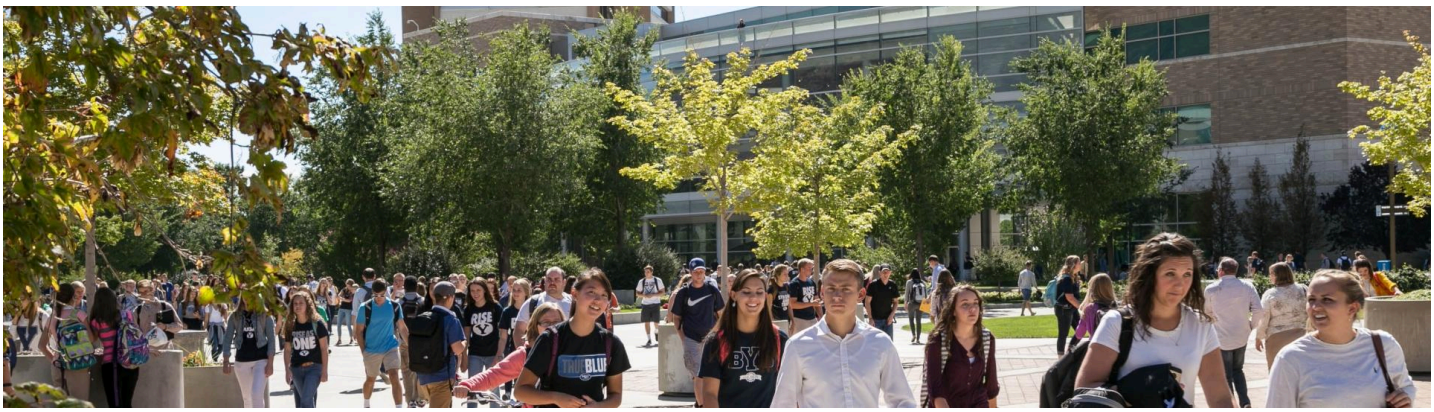
Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Programs



Logic (Minor)
Philosophy (Minor)
Theoretical and Applied Ethics (Minor)
Philosophy (BA)

Courses

PHIL 120 - History of Philosophy - Ancient and Medieval
PHIL 110 - Introduction to Philosophy
PHIL 140 - History of Philosophy, 1600 to present
PHIL 150 - Reasoning and Writing

FACULTY

Admission to Degree Program

Most degree programs in the Department of Spanish and Portuguese are open-enrollment programs. However, students wishing to declare a major in Spanish or Portuguese are asked to first stop by the department office to fill out a clearance form in order to facilitate scheduling a meeting with a faculty advisor.

The Spanish Teaching and Spanish Translation programs are limited-enrollment programs. For information on applying to these programs, please contact the department.

The Discipline

The Spanish and Portuguese languages and literatures dominate the Iberian Peninsula, major parts of Africa, and the southern portion of the New World from Mexico to the Magellan Straits. Thirty countries have Spanish or Portuguese as an official or national language, with over 615 million speakers of these languages worldwide.

Such breadth—plus some 35 million speakers within the borders of the United States itself—gives multiple opportunities for developing skill in the spoken language, as well as in listening, reading, writing, and translation. Studying the Iberian roots of this large and important part of the population and learning about the people's perception of life also brings greater understanding of their values and their struggle for identity. A Spanish or Portuguese major makes for a demanding, intriguing, and pleasurable experience.

Career Opportunities

The field of teaching has always provided good employment opportunities for Spanish majors. In addition, opportunities for both Spanish and Portuguese have been found in government service (translation, U.S. State Department, CIA, FBI, Border Patrol, Peace Corps, NSA, USIA), business, social work, airlines, banking, etc. Many majors go on to professional schools (law, medicine, dentistry, business, etc.), where a liberal arts background is advised. A strong minor or a second major in the employment area is strongly encouraged.

Language Certificate Program

The Language Certificate Program is available in Spanish and Portuguese for all matriculated BYU students who are pursuing any BYU undergraduate degree. A student who meets the proficiency and course requirements may earn the Language Certificate. The proficiency requirement is met through the nationally recognized ACTFL Oral and Writing Proficiency Exams.

The Language Certificate Program is administered by the Center for Language Studies (3086 JFSB). For more information and course requirements, visit http://languagecertificate.byu.edu.

General Information

Spanish Resource Center

164 University Parkway Center, (801) 378-8107
E-mail: sp-rescenter@email.byu.edu

The Ministry of Education and Culture of Spain, in connection with the Department of Spanish and Portuguese and the Center for the Improvement of Teacher Education and Schooling (CITES), operates the Spanish Resource Center (Centro de Recursos). The purpose of the center is to provide an ample supply of books, computer programs, and didactic materials, both printed and audiovisual, related to the teaching of Spanish language and literature. Researchers, professors, students, educational institutions, coordinators, administrators, and in general all those who may be interested in the knowledge and promotion of Spanish are welcome. To increase the prestige of the Spanish language academically as well as socially, the Spanish Resource Center:

- Sponsors workshops, seminars, and work groups on topics related to teaching Spanish and researching linguistics and literature;
- Organizes conferences, film series, recitals, and cultural activities in general that relate to the Spanish language and culture; and
- Promotes and participates in all initiatives that are deemed appropriate and that favor acquisition and use of the Spanish language by students at different educational levels.

Foreign Language Student Residence

The Foreign Language Student Residence provides live-in opportunities for students in Spanish and Portuguese. A twenty-four-hour-a-day Spanish or Portuguese rule assures participants intensive use of the language, under the direction of native speakers. Prerequisite to this experience is Span 205 or Port 201 or its equivalent; any exceptions must be approved by the department. For further information contact the department secretary or the Foreign Language Student Residence Office, 3086 JFSB, (801) 422-3765.

Minor, Second Major, or Supporting Course Work Required for Spanish or Portuguese Majors

Students in the Spanish BA, Spanish Translation BA, and Portuguese BA programs are required to complete a minor (approximately 16-21 hours), second major (approximately 30-60 hours), or supporting course work (18 hours). Students in the Spanish Studies BA and Portuguese Studies BA programs, which are considered second-major programs, are required to complete a primary major in another field.

A minor is not required for students in the Spanish Teaching BA program, but a teaching minor in another subject is strongly recommended.

In order to declare a minor in Spanish Teaching or Portuguese Teaching, students must first declare a teaching major in another area.

For more information on program requirements, please refer to the webpage for each specific program.

Spanish or Portuguese Language Immersion Experience

Students are strongly encouraged to participate in an intensive Spanish or Portuguese language/culture immersion experience such as the following:

1. Residency abroad (may include a Spanish or Portuguese LDS mission, attendance at a foreign university, an advanced exchange program, or similar intensive foreign residence).
2. Participating in BYU Study Abroad Programs in Spain, Portugal, or Latin America.
3. Participating in individual or group-arranged internship programs abroad as approved by the department.
4. Living in the Foreign Language Student Residence for a year or more, pledging to use only Spanish or Portuguese within the residence.
5. Participating in a service learning course that involves working intensively with the Spanish or Portuguese community.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Mission

The Department of Dance integrates body, mind, and spirit through performance, choreography, teaching, scholarship.

General Information

Brigham Young University has been an accredited institutional member of the National Association of Schools of Dance since 1989. The BYU Department of Dance provides a broad base for professional training in both the classroom and the studio. The department is organized administratively into four areas: Ballet, Ballroom Dance, Contemporary Dance, and World Dance. These areas work cooperatively to provide opportunities for all students at the university to develop their potential in dance. To this end, the department offers a wide variety of foundational courses.

Our versatile undergraduate program includes four degrees: Bachelor of Arts (BA) in Dance, Bachelor of Arts (BA) in Dance Education K-12, Bachelor of Fine Arts (BFA) in Dance, and Bachelor of Fine Arts (BFA) in Music Dance Theatre (MDT). The Dance BA is an open enrollment program; the Dance Education, Dance BFA, and MDT programs require audition to be admitted to the program. Students are encouraged to declare pre-majors for these majors upon arrival to campus. Pre-major requirements: Dance Education K-12 pre-major; Dance BFA pre-major; MDT pre-major.

Intensive major course work in the Dance BA, Dance Education and Dance BFA programs include studies in the dance sciences, dance history, and additional academic work that develops performance, choreography, teaching, scholarship and leadership skills in all types of dance.

Performing opportunities are provided both on and off campus with various groups, some that travel locally, nationally and internationally. Most dance technique and performance classes are not restricted to dance majors. Placement in technique and performance classes is determined by audition.

At Brigham Young University, dance celebrates the best in humankind and strives to enrich the lives of all who experience it.

Career Opportunities

Traditional career paths in the dance field include teaching, performance, and choreography. Teaching opportunities are available in a variety of venues, including but not limited to colleges and universities (for those with graduate degrees), K-12 public and private schools, community education and recreational programs, private studios, health and fitness facilities, preschool and day care centers, and rehabilitative facilities. Performing opportunities are available by audition with professional and regional companies and in theatrical, television, and film production. Opportunities to create choreographic work as either a guest or resident artist are also available in various venues, including but not limited to professional and regional companies, university dance programs, public and private schools, private studios, community programs, theatrical, television and film venues. Equally rewarding dance-related careers are also available in the areas of dance and arts administration, criticism, dance athletic training, dance therapy, history, research, notation, and reconstruction, and theater arts studies. A degree in dance also has many transferrable skills that relate to creativity, communication, collaboration and critical thinking (21st Century Skills).

Admission to Degree Programs

1. The Bachelor of Art (BA) in Dance is an open enrollment program. Students may enter the Dance BA program by declaring it as a major upon acceptance to the university.
2. The Bachelor of Arts (BA) in Dance Education K-12, Bachelor of Fine Arts (BFA) in Dance, and Bachelor of Fine Arts in Music Dance Theatre (MDT) are limited enrollment programs. Students must audition for acceptance into these degree programs. Please see the Dance Department website (dance.byu.edu) and/or major program coordinators for dates and specific details regarding each program.

Departmental Requirements

1. All dance technique courses require a grade of at least B– and faculty approval for advancement to next level.
2. Majors must complete annual mandatory advisement and follow the MAP sheet to assure successful course sequencing. Failure to follow suggested course sequencing may result in delayed graduation.
3. Exceptions to major course requirements and sequencing are strongly discouraged and rarely granted.
4. Majors are counseled to maintain healthy lifestyle practices.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Courses

DANCE 131 - Jazz Dance, Beginning
DANCE 135 - Tap Dance, Beginning
DANCE 140 - Contemporary Modern Dance, Beginning
DANCE 164 - Music for Movement
DANCE 170 - Cultural Dance Introduction
DANCE 171 - American Clog Dance, Beginning
DANCE 172 - American Folk Dance Forms, Beginning
DANCE 173R - Culture-Specific Dance Beginning
DANCE 174 - Irish Dance, Beginning
DANCE 175 - Polynesian Dance, Beginning
DANCE 180 - Social Dance, Beginning
DANCE 181 - Country Western Social Dance, Beginning
DANCE 184 - Ballroom Dance, International Beginning
DANCE 185 - Latin Dance, International Beginning
DANCE 190 - Ballet, Beginning
DANCE 192 - Character Dance
DANCE 228R - Mexican Dance Technique 1
DANCE 229R - Dance Performance 1
DANCE 230 - Conditioning
DANCE 231R - Jazz Dance Technique 1
DANCE 233 - Aerial Dance Technique
DANCE 234R - Pilates
DANCE 235R - Tap Dance Technique 1
DANCE 238R - Folk Dance Performance
DANCE 240R - Contemporary Modern Dance, Technique and Theory 1
DANCE 241R - Contemporary Modern Dance, Technique and Theory 2
DANCE 243R - Studio Workshop in Contemporary Modern Dance Technique and Theory
DANCE 244R - Beginning Creative Processes
DANCE 245 - Foundational Street Dance Styles
DANCE 260 - Introduction to Dance
DANCE 261 - Freshman Seminar in Dance
DANCE 264 - Music for Dancers
DANCE 270 - Cultural Dance Technique 1
DANCE 271R - Clogging Dance Intermediate Technique 1
DANCE 272R - Culture-Specific Dance Technique 1
DANCE 273R - Hungarian Dance Technique 1
DANCE 274R - Irish Dance Technique 1
DANCE 275 - Polynesian Dance Technique 1
DANCE 276R - Exploration of Teaching
DANCE 277 - Spanish Dance Technique 1
DANCE 278 - Ukrainian Dance Technique 1
DANCE 279 - Indian Dance Technique 1
DANCE 280 - Social Dance, Technique 1
DANCE 281 - Country Western Social Dance, Intermediate
DANCE 284 - Ballroom Dance, International Technique 1
DANCE 285 - Latin Dance, International Technique 1
DANCE288R - Ballroom Dance Performance, Beginning
DANCE 290 - Ballet, Accelerated Beginning
DANCE 291R - Ballet Technique 1
DANCE 293R - Ballet Technique 2
DANCE 294R - Ballet Technique, Men
DANCE 300 - Music Theatre in Contemporary Culture
DANCE 317 - Advanced Writing for Dance
DANCE 320R - Young Ambassadors
DANCE 326 - Dance for the Elementary Classroom
DANCE 327R - Living Legends
DANCE 328 - Script, Movement and Score Analysis
DANCE 331R - Jazz Dance Technique 2
DANCE 335R - Tap Dance Technique 2
DANCE 338R - Folk Dance Performance
DANCE 340R - Contemporary Modern Dance, Technique and Theory 3
DANCE 341R - Contemporary Modern Dance, Technique and Theory 4
DANCE 342 - Kinesiology for Dancers
DANCE 343 - Principles of Somatics
DANCE 345 - Accelerated Street Dance Styles
DANCE 346 - Dance and Diaspora
DANCE 348R - Kinnect
DANCE 351 - Laban Movement Analysis
DANCE 354 - Dance and Identity
DANCE 355 - Dance Production, Introduction
DANCE 357 - Dance - A Reflection of Culture
DANCE 358 - Dance and Film
DANCE 359R - Special Topics and Issues
DANCE 362 - Contemporary Modern Dance Choreography Intermediate
DANCE 363R - Dance Improvisation, Intermediate
DANCE 364 - Contemporary Partnering
DANCE 365 - Creative Dance for Elementary Education
DANCE 366 - Methods of Teaching Contemporary Modern Dance
DANCE 367 - Methods of Teaching Children's Creative Dance
DANCE 368R - DancEnsemble - Contemporary Dance Performance and Choreography
DANCE 370 - Cultural Dance Technique 2
DANCE 371R - Clog Dance Technique 2
DANCE 373R - Hungarian Dance Technique 2
DANCE 374R - Irish Dance Technique 2

DANCE 376 - Methods of Teaching Cultural Dance
DANCE 377R - Cultural Dance Choreography
DANCE 380R - Social Dance, Technique 2
DANCE 382R - Ballroom Dance, International Technique 2
DANCE 383R - Latin Dance, International Technique 2
DANCE 384R - Ballroom Dance, International Technique 3
DANCE 385R - Latin Dance, International Technique 3
DANCE 386 - Methods of Teaching Social Dance
DANCE 387R - Ballroom Dance Choreography
DANCE 388R - Ballroom Dance Performance, Intermediate.
DANCE 390R - Ballet Technique 3
DANCE 391R - Ballet Technique 4
DANCE 392R - Ballet Pointe 1
DANCE 393R - Ballet Pointe 2
DANCE 396 - Methods of Teaching Ballet.
DANCE 397R - Ballet Choreography
DANCE 398R - Theatre Ballet Studio Company
DANCE 399R - Academic Internship: Dance BFA
DANCE 399R - Academic Internship: General Dance
DANCE 399R - Academic Internship: Ballroom Dance
DANCE 399R - Academic Internship: Dance Education
DANCE 400R - Workshop in Ballet
DANCE 400R - Studies in Dance
DANCE 426 - Music Dance Theatre: Senior Performance Project
DANCE 429R - Dance Performance 2
DANCE 438R - International Folk Dance Ensemble
DANCE 440R - Contemporary Modern Dance Technique and Theory 5
DANCE 459 - Seminar in Dance
DANCE 460 - Dance History and Theory
DANCE 461 - Dance History 2
DANCE 462R - Dance Choreography, Advanced.
DANCE 465 - K-12 Dance Curriculum Design
DANCE 466 - Dance Teaching Practicum and Classroom Management
DANCE 468R - Contemporary Dance Theatre
DANCE 469 - Capstone in Dance
DANCE 474R - Percussive Step Styles
DANCE 476 - Secondary Student Teaching
DANCE 480R - Social Dance, Technique 3
DANCE 484R - Ballroom Dance, International Technique 4
DANCE 485R - Latin Dance, International Technique 4
DANCE 486 - Theory and Notation of International Ballroom Dance
DANCE 487 - Theory and Notation of International Latin Dance
DANCE 488R - Ballroom Dance Performance Company
DANCE 489R - Preparation for Ballroom Dance Competitions
DANCE 490R - Ballet Technique 5
DANCE 494R - Ballet Pointe/Variations
DANCE 495R - Pas de Deux
DANCE 498R - Theatre Ballet
DANCE 544R - Advanced Studio Workshop

FACULTY

Admission to Degree Program

The degree programs in the school carry special enrollment limitations. Please see the BYU Marriott School of Business Undergraduate Advisement Center for specific details.

The Discipline

The Experience Design and Management major is comprised of a 21-credit core of classes and a variety of elective courses focused on specific career paths. Students in ExDM learn how to design, deliver, and manage experience journeys. Our versatile students employ interdisciplinary design principles, management science, and positive psychology to deliver impactful experiences across diverse contexts.

The interdisciplinary nature of ExDM allows students the opportunity to complete not only their departmental coursework but also learn from BYU Marriott courses as well. BYU Marriott courses prepare students in the areas of leadership and management skills, accounting and finance, marketing, human resources, andcurrent societal issues and trends related to experience-based choices and behaviors.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Programs

Experience Design and Management (BS) *

Courses

EXDM 123 - Introduction to Outdoor Recreation Activities
EXDM 199R - Academic Internship: Practicum
EXDM 223R - Outdoor Skills Leadership
EXDM 223R - Fly Fishing
EXDM 223R - Hiking and Survival
EXDM 223R - Camping Skills
EXDM 223R - River Recreation
EXDM 223R - Mountain Biking
EXDM 223R - Rock Climbing
EXDM 223R - Winter Camping

EXDM 223R - Sailing
EXDM 223R - Ski Instructor
EXDM 223R - Basic Backpacking
EXDM 223R - Wilderness Trek
EXDM 223R - Family Outdoor Recreation
EXDM 300 - Creating a Good Life through Experience Design
EXDM 301 - Family Recreation
EXDM 302 - Hospitality Management
EXDM 303 - Introduction to Sports and Entertainment Industries
EXDM 306 - Community Festivals and Special Events
EXDM 307 - Sport and Entertainment Venue Management
EXDM 311 - Advances in Positive Psychology in Experience Design
EXDM 404 - Experience Design
EXDM 405 - Theories and Frameworks in Experience Design and Management
EXDM 406 - Experience Design and Management Career Expeditions
EXDM 411 - Risk Management in Experience Industries
EXDM 415 - Experience-Centric Management
EXDM 416 - Experiential Marketing
EXDM 418 - Designing for Inclusion and Belonging
EXDM 418 - Designing for Inclusion and Belonging
EXDM 422 - Experience Needfinding
EXDM 423 - Experience Insights
EXDM 430 - Current Trends and Opportunities in the Experience Economy
EXDM 431 - Guest, Visitor, and Customer Experience Management
EXDM 490R - Topics in Experience Design and Management

Admission to Degree Program

All degree programs in the Department of Chemistry and Biochemistry are open enrollment. However, special limitations apply for chemistry education majors.

The Discipline

Chemists and biochemists study the fundamental processes that govern the natural world, including atomic structure and how atoms interact to form molecules and materials. They study the mechanisms of chemical processes, including those that underpin living systems such as the transfer of information from DNA to RNA to proteins. They work to develop simplifying models (theories) that permit the correlation and explanation of observations about the behavior of matter. Chemical principles are fundamental to the understanding of subjects ranging from the molecular biology of life to the structure of rocks and minerals. Chemistry and biochemistry provide an essential foundation for the medical sciences, engineering (especially chemical engineering), electronics, energy, environmental sciences, materials science, pharmacy, and virtually all manufacturing processes.

Chemistry and biochemistry are active branches of science that are vital to human existence. Inasmuch as the field embraces all aspects of the material world, it is subdivided into five areas of interest. Examples of these diverse areas include the regulation of protein synthesis, cellular signal transduction at the molecular level and proteometrics (biochemistry), design and synthesis of medicinal compounds (organic chemistry), design and synthesis of new molecular structures and materials (inorganic chemistry), spectroscopic study of energy transfer and molecular structures (physical chemistry), and analysis of medicinal compounds, biological materials, and contaminants or trace elements found in the environment (analytical chemistry).

Chemistry and biochemistry involve far more than test tubes and beakers. They include sophisticated methodologies such as recombinant DNA technology, working with a variety of instruments such as mass spectrometers, calorimeters, chromatographs, ultracentrifuges, lasers, X-ray diffractometers, electron microscopes and nuclear magnetic resonance spectrometers, all of which are used by undergraduate chemistry and biochemistry students at BYU. Computers also play an important role in these disciplines, with applications varying from simulation of molecules to the collection and analysis of data. The chemistry and biochemistry curricula are both rigorous and intellectually rewarding.

Career Opportunities

Graduates in chemistry and biochemistry obtain positions in education and many different industries, performing analysis, synthesis, characterization, observation, and modeling. Those who work hard, are creative, and have intellectual curiosity are in particular demand. The discipline also provides an excellent preprofessional course of study for those interested in medicine, dentistry, law, and business.

General Information

Required High School Preparation

1. It is recommended that a student complete the following courses in high school:
    - 3 units of English.
    - 2 units of physical science, chemistry, and physics.
    - 4 units of mathematics, consisting of 2.5 units of algebra, 1 unit of geometry, and 0.5 unit of trigonometry. This should qualify students to begin college mathematics with Math 112, analytic geometry and calculus.

      Because mathematics provides the foundation for all work in the physical and mathematical sciences, particular attention should be paid to high school preparation in this subject.

      To decide which mathematics course should be taken first, contact the Mathematics Department, 292 TMCB, and request a mathematics placement test.
2. All students, especially freshmen and those transferring, should contact the department between March and August each year for advisement about efficient course scheduling and opportunities for student employment.

Scholarships

Kenneth W. Brighton, H. Tracy Hall, Ida Tanner Hamblin, Boyd A. Waite, Byron J. Wilson, Hiram and Permelia Dayton, Dennis and Shirley Knudson, Parley N. & P. LeRoi Nelson, Richard L. Snow Family, Lawrence Mark Lee Memorial, Edward G. Paul, Doug and Nancy Lawson, and other scholarships are available to qualified chemistry majors at the sophomore level and above.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college or department advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

The BS in Computer Science, the Bioinformatics Emphasis, the Software Engineering Emphasis, and the Machine Learning degree programs in the Department of Computer Science are open enrollment. The Animation Emphasis is limited enrollment and requires admission. For more information about the CS Animation Emphasis, visit cs.byu.edu/animation.

The Discipline

Computer science touches virtually every area of human endeavor. Software is responsible for everything from the control of kitchen appliances to sophisticated climate models used in predicting future environmental change. Students in computer science learn to approach complex problems in business, science, and entertainment using their strong background in mathematics, algorithms, and data structures.

The degree programs in the Computer Science Department prepare students to be confident software developers and technical problem solvers. The curriculum also trains students for research into new avenues where computers will have a significant impact.

The BS curriculum is accredited by the Computing Accreditation Commission of ABET.

Career Opportunities

Graduates pursue exciting opportunities in graphics, artificial intelligence, software engineering, database design, scientific programming, systems administration, and research at universities and national laboratories.

Students completing the animation emphasis will be prepared for technical positions at animation and game programming studios. Students will learn both the technical and artistic side of creating and implementing digital animations and games.

The Bioinformatics emphasis is designed for students who are interested in building software to assist in analyzing biological systems. Students will graduate with a significant background in biology coupled with the software development and analysis skills necessary to implement large bioinformatics applications.

Animation Degree Program

The BFA in animation is an interdisciplinary degree offered by the College of Fine Arts and Communications through the cooperative involvement of the Department of Theatre and Media Arts, the Department of Design, and the College of Physical and Mathematical Sciences' Computer Science Department. Please see the Design section of this catalog for degree requirements, or go to the College of Fine Arts and Communications Advisement Center for more information about entrance requirements to this program.

General Information

Personnel in the College of Physical and Mathematical Sciences Advisement Center will advise regarding core courses and suggested general education. Questions regarding curriculum and career decisions should be directed to the undergraduate advisor in the Computer Science Department.

Note: All hours of credit applied toward a major in computer science must be of C– or better. Students may choose to graduate under later requirements by updating their date of entry into the major at the college advisement center.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All degree programs in the Department of Geological Sciences are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Geological sciences are aimed at understanding the Earth's origin and development and the natural processes that have operated upon it and within it from the time of formation of the solar system. With the development of remote sensing technology and the exploration of the solar system by spacecraft, geological sciences have become increasingly important for understanding not only the Earth but the Moon, other planets and their moons, and small bodies that orbit the Sun.

Understanding the dynamic processes of Earth and other planets is relevant to many societal needs, such as assessment and forecasting of natural hazards, environmental change, and discovery of energy and mineral resources. Some of the diverse disciplines that can be studied in this department include environmental geology, mineral resources, hydrogeology and water resources, petroleum resources geology, plate tectonics, volcanology, geochemistry, geophysics, paleontology, paleoclimatology, and planetary geology.

Career Opportunities

Graduates have the opportunity to work in diverse locations including in the office or remotely on computers, outdoors and in the laboratory, pursuing careers in energy, mineral, and water resources, environmental evaluation with industry, government, or consulting firms, and in basic research through national laboratories, government or academia. The substantial preparation in basic sciences and mathematics also leads to a broad spectrum of other career opportunities. The most marketable terminal degree in geological sciences is the Master of Science, though there are competitive and stimulating jobs available at the BS and PhD levels. Starting salaries for this degree are often very competitive with those of other disciplines.

Global Geology Program

When possible, the department provides opportunities for advanced undergraduates and graduate students to examine rocks and geological processes at some premier localities around the world. These one- to two-week field trips allow students to do mentored research projects and develop field expertise rarely available to undergraduate students. Programs that are run every four to five years include:

1. Active volcanism of Hawaii.
2. Carbonate formation in Florida and the Bahamas.
3. Tectonism and plutonism in the northeast Appalachians.

Trips to more distant localities (e.g., Italy, Alaska, India, England) have also been held. Scholarships are available that greatly reduce the cost to students.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

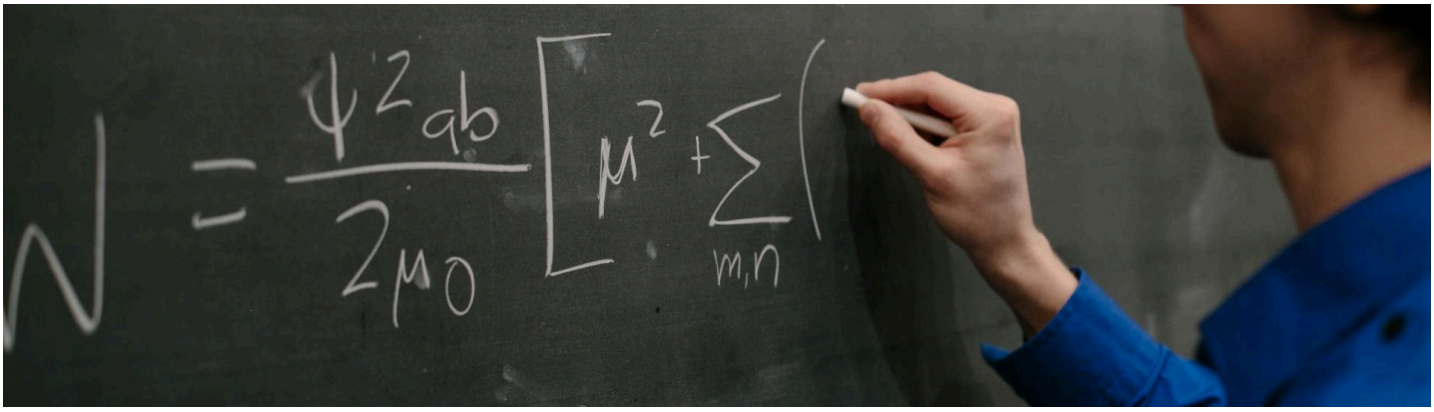
- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Programs



Geology (Minor)

FACULTY

Admission to Degree Programs

The degree programs in the Department of Mathematics are open enrollment.

The Discipline

Mathematics is a means of dealing with order, pattern, and number as seen in the world around us. The abilities to compute, to think logically, and to take a reasoned approach to solving problems are highly valued in society and are characteristics of any educated person. Mathematics is not just a body of knowledge, but a process of analysis, reasoning, comparison, deduction, generalization, and problem solving.

A mathematician's stock in trade is the ability to solve problems and to explain the solutions to others. Having once determined what the right questions are, solving problems involves analyzing both concrete and abstract situations, relating them to mathematical ideas, and using mathematical techniques to work toward solutions. Explaining the solution involves pointing out what has been solved and why the solution is valid.

Career Opportunities

Majors in mathematics (BS) prepare for a wide variety of careers. Some enter graduate school or professional schools and prepare for careers in such fields as college teaching, consulting, research and development, law, medicine, and business administration. Others take positions in government agencies, industrial laboratories, information management firms, or business organizations. All of them spend much time communicating with colleagues about the problems they are solving as they continue to learn more mathematics and share mathematical ideas with others.

General Information

Questions regarding placement should be directed to the Department of Mathematics, 275 TMCB.

1. It is recommended that a student complete the following courses in high school:
    - 4 units of English
    - 1 unit of physics or chemistry.
    - 4 units of mathematics, including 2.5 units of algebra, 1 unit of geometry, and .5 unit of trigonometry. This qualifies a student to begin college mathematics with Math 112. If calculus is available in high school, a student planning to major in mathematics is strongly encouraged to take it; doing so requires completing one of the preceding algebra units before high school.
    - Advanced Placement (AP) credit is available in mathematics as follows:
        - A score of 3 on the calculus AB exam gives credit in Math 110 and 111; a score of 4 or 5 on the calculus AB exam gives credit in Math 110 and 112.
        - A score of 3 on the calculus BC exam gives credit in Math 110 and 111; a score of 4 on the calculus BC exam gives credit in Math 110 and 112; a score of 5 on the calculus BC exam gives credit in Math 112 and 113.
        - An AP student without credit in Math 112 must begin with Math 112; an AP student without credit in Math 113 must begin with Math 112 or 113.
    - AP students should direct Educational Testing Service (ETS) to report scores to BYU to have credit posted.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

Candidates for all teacher preparation programs are required to complete an application that includes core criteria for each program. Students interested in the Mathematics Education major can declare the Mathematics Education pre-major as soon as they are accepted into BYU. During the MthEd 276 course, students will complete an application (details of the application process will be provided in the course) to be formally admitted to the Mathematics Education major. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the undergraduate catalog.

The Discipline

Mathematics is the discipline through which we make sense of the order, patterns, and quantitative situations we perceive in the world around us. The foundational skills of this discipline—the abilities to formulate, focus, and solve problems; to articulate, test, and justify conjectures; to communicate one's reasoning about quantities and the relationships between them; and to see connections between different mathematical ideas and real-world contexts—are highly valued in society and are characteristics of any educated person. Mathematics is not only a body of knowledge but also a process of analysis, reasoning, comparison, deduction, generalization, and problem solving.

Mathematics educators depend heavily upon their own understanding of mathematics in order to identify and articulate the mathematical ideas they want students to learn, to assess which concepts their students already understand that might serve as a foundation for learning, and to develop activities that help students develop rich understandings. They also use their understanding of the nature of the discipline to structure a culture of inquiry, reasoning, and problem solving in their classrooms.

Courses in the undergraduate program are designed to help prospective teachers plan, manage, and implement classroom activities that facilitate students' learning of mathematics. Specific program goals include (1) mastery of the foundational skills of mathematics, (2) deep reflection on mathematics learning at all levels through observation of and participation in high-quality classroom practice, (3) increased autonomy and confidence as an investigator, active learner, and productive thinker, and (4) extended field experience, informed by the best current understanding.

Program faculty include educational and mathematical researchers, specialists in both preservice and inservice teacher education, and school practitioners, spanning a broad range of interest and experience.

Career Opportunities

Within Education: Majors in mathematics education prepare for careers in molding and shaping the future minds of the world. Majors prepare for jobs high in demand teaching mathematics at the middle and high school levels. The skills learned in math education set students apart in STEM fields, and the teaching skills gained will allow them facilitate meaningful mathematics learning. Outside the physical classroom, math education graduates can develop curriculum or educational software, and work in organizations that provide tutoring, online education or distance learning. Graduates are well positioned to pursue advanced degrees in order to facilitate professional development at the district and state administration levels or to qualify to teach higher education.

Outside of Education: Majors in mathematics education graduate with a broad background in advanced mathematics and mastery of essential communication skills. Graduates who choose to forego the traditional teaching route have found rewarding careers in business, computer programming, information technology, operations research, cryptography, finance and more. Not only are mathematics education graduates prepared to solve problems in these fields using their mathematical background, but their teaching experiences prepare them to be highly effective in communicating solutions to others.

General Information

It is recommended that a student complete the following courses in high school:

- 4 units of English.
- 1 unit of physics or chemistry.
- 4 units of mathematics, including 2.5 units of algebra, 1 unit of geometry, and .5 unit of trigonometry. This qualifies a student to begin college mathematics with Math 112. If calculus is available in high school, a student planning to major in mathematics education is strongly encouraged to take it; doing so requires completing one of the preceding algebra units before high school.
- Advanced Placement (AP) credit is available in mathematics as follows:
    - A score of 3 on the calculus AB exam gives credit in Math 110 and 111; a score of 4 or 5 on the calculus AB exam gives credit in Math 110 and 112.
    - A score of 3, 4, or 5 on the calculus BC exam gives credit in Math 112 and 113.
    - An AP student without credit in Math 112 must begin with Math 112; an AP student without credit in Math 113 must begin with Math 112 or 113.
    - AP students with credit in Math 113 are urged to begin with Math 113 anyway, unless they scored 5 on the calculus BC exam.
    - AP students should direct Educational Testing Service (ETS) to report scores to BYU to have credit posted.

Questions regarding placement should be directed to the Mathematics Education Department, 167 TMCB.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All degree programs in the Department of Physics and Astronomy are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Over the centuries physicists and astronomers have studied the principles that govern the structure and dynamics of matter and energy in the physical world, from subatomic particles to the cosmos. Physicists seek to expand human knowledge through experiment, theory, and computational methods, in fundamental areas such as acoustics, astronomy, atomic and molecular physics, biophysics, condensed matter physics, cosmology, medical physics, nanotechnology, nuclear physics, optics, particle physics, plasma physics, quantum mechanics, relativity, and thermodynamics. Physicists also apply this understanding to the development of new technologies. For example, physicists invented the first lasers, semiconductor electronic devices, and stereo sound.

Physics and astronomy students learn to approach complex problems in science and technology from a broad background in mechanics, electricity and magnetism, statistical and thermal physics, quantum mechanics, relativity, optics, and acoustics. The tools they develop at BYU include problem solving by mathematical and computational modeling, as well as experimental and observational discovery and analysis. All students gain professional experience via a research senior thesis, capstone project, internship project, or student teaching, usually in close association with a faculty member. Together these experiences can provide excellent preparation for employment or for graduate studies in physics, other sciences, engineering, medicine, law, or business.

Most physicists and astronomers work in research and development in industrial, government, or university labs to solve new problems in technology and science. They also share the beauty discovered in our physical universe by teaching in planetariums, high schools, colleges, and universities.

Career Opportunities

"More than most other majors, a physics degree is a passport into a broad range of science, engineering, and education careers." — Sloan Foundation

A degree in one of the physics-related majors can provide:

1. Preparation for those who intend to enter industrial or governmental service as engineers, technicians, physicists or astronomers.
2. Education for those who intend to pursue graduate work in physics or astronomy.
3. Education in the subject matter of physics for prospective teachers of the physical sciences. This is normally done through the Physics Teaching or Teaching Physical Sciences majors, the Physics Teaching minor, or Applied Physics major with a teaching emphasis.
4. Undergraduate education for those who will pursue graduate work in the professions: business (e.g., an MBA), law (especially patent law), medicine, medical physics, etc.
5. Science, technical, and research background for graduate school in engineering, biophysics, or physical sciences.
6. Physics fundamentals required by the biological science, medical, dental, nursing, and related programs.

For more information about careers for physics and astronomy majors, see Careers for Physics Majors.

General Information

1. It is recommended that a student complete the following courses in high school:
    - 3-4 units of English
    - At least 1 unit of physical science, either chemistry or physics (more is better)
    - 4 units of mathematics, consisting of algebra, geometry, trigonometry, and (if possible) calculus. This should qualify students to begin college mathematics with Math 113, Calc 2. Because mathematics provides the foundation for all work in the physical and mathematical sciences, high school preparation in this subject is of particular importance.
    - Students are encouraged to gain some experience in computer programming, which will help prepare them for various required computer programming and computational physics classes at BYU

2. Physics and Astronomy majors should generally take one mathematics class per semester, beginning the first semester of the freshman year, until their mathematics requirements are complete (i.e. through Math 303 or 334). Most physics majors begin with Math 113. If calculus was not studied in high school, students can take Math 112 concurrently with Phscs 121 during the fall semester of their freshman year; then continue with Math 113 in winter semester.

3. All Physics and Astronomy majors are assigned a faculty mentor to be their academic advisor, with whom they must meet at least once per year.

Scholarships

Various departmental scholarships are available for students in Physics and Astronomy. Both academic record and financial need are taken into account. Preference is often given to students who are farther along in the major, so generally students must be at the sophomore level or above for their applications to be competitive. For more information see the Physics Scholarships page.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

All degree programs in the Department of Statistics, except Actuarial Science, are open enrollment. To major in Actuarial Science, a student must pass one exam of the Society of Actuaries (SOA), often Exam FM, before declaring an actuarial science major.

The Discipline

Statisticians help determine the sampling and data collection methods, monitor the execution of the study and the processing of data, and advise on the strengths and limitations of the results. They must understand the nature of uncertainties and be able to draw conclusions in the context of particular statistical applications.

Actuaries are business professionals who analyze the financial consequences of risk. Actuaries use statistics, mathematics, and financial theory to study uncertain future events, especially those of concern to insurance and pension programs. They evaluate the likelihood of those events and design creative ways to reduce the likelihood and decrease the impact of adverse events that actually do occur. Their work requires a combination of strong analytical skills, business knowledge, and understanding of human behavior to design and manage programs that control risk.

Career Opportunities

The curriculum and degrees offered through the Department of Statistics are designed to equip students with decision-making skills for careers as professional statisticians in industrial organizations, government agencies, insurance companies, pharmaceutical companies, universities, and research institutes. The technical tools statisticians acquire are useful in many areas, and for this reason a statistics degree is also excellent preparation for professional programs in business administration, medicine, law, and public administration.

General Information

1. It is recommended that a student complete the following courses in high school:
    - 3 units of English.
    - 1 unit of physical science, either chemistry or physics.
    - 4 units of mathematics, consisting of 2.5 units of algebra, 1 unit of geometry, and 0.5 unit of trigonometry. This should qualify students to begin college mathematics with Math 112, analytic geometry and calculus.
        - Because mathematics provides the foundation for all work in the physical and mathematical sciences, particular attention is paid to high school preparation in this subject.
2. Students are encouraged to complete 15 credit hours each semester. Taking fewer credits substantially increases the cost and the number of semesters to graduate.
3. An integrated BS/MS program is available. This program allows Statistics students from all statistics emphases to receive their bachelor's and master's degree in five years of schooling. It is available to students who have taken Math 112, Math 113, Math 213, Math 215, Math 314, Stat 230, Stat, 240, Stat 330 and Stat 340 and have less than 6 credits left until completion of the bachelor's degree. Interested students must complete a department application by February 1 for admission the following Fall semester.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

All undergraduate degree programs in the Department of Anthropology are open enrollment.

The Discipline

Anthropology's central aims are to describe, interpret, and make meaningful human behavior in sociocultural systems. Anthropology also seeks to explain the similarities and differences in human behavior patterns among all peoples and cultures, both in the present and the past. Social and cultural anthropology study human society in the present, using participant-observation, interviewing, and other techniques to understand the full round of life in a single culture, subculture, or multicultural system. Archaeology provides methods for learning about the world's peoples who are no longer living; thus it is an important part of the anthropological family of special skills and interests. Museum Studies integrates the above skills with the management, curation, research, and display of museum-quality ethnographic and archaeological collections in professional museum settings.

Career Opportunities

Distinctive contributions are made by both anthropology and archaeology majors, and therefore jobs are available wherever social and cultural differences or social system complexities exist. International development, social services, businesses, schools, development projects, medicine, and law all offer significant careers. Recent concern with environmental protection has opened up others. University teaching and research positions are limited in growth, but highly qualified students can find positions after obtaining the PhD.

For archaeology majors, both legal and societal interest in understanding and preserving the past have resulted in increased job opportunities in state and national agencies required to observe recent preservation laws and in private corporations serving this end. Archaeologists working in international regions are not only employable in scholastic venues of teaching and research, but also in international heritage site development.

For those students interested in combining Museum Studies courses with anthropology, employment opportunities exist in many collections-related venues including museums, libraries, and research institutes that rely on maintaining large collections of specimens for scholarly use.

General Information

1. Each student wishing to major in anthropology should arrange through the college advisement center to counsel with an advisor and prepare a proposed sequence of study. Following this, the student should meet with the assigned faculty advisor for final approval of the program.
2. Undergraduate students are allowed some, but not excessive, specialization.
3. All degrees are in the field of anthropology.

Special Opportunities for Field Study

The department offers a number of unique curriculum and field study opportunities. Selected courses are regularly counted toward BYU's major. Consult with the department chair or your faculty advisor about equivalencies.

Archaeology students complete their requirement in the field school typically held in conjunction with an ongoing, local (Utah) research project and occasionally in more exotic settings (Jordan).

Sociocultural faculty rotate leading ethnographic field schools abroad in India, Latin America, Africa, and Southeast Asia.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

All degree programs in the Department of Geography are open enrollment.

The Discipline

Geography offers a variety of programs centered around spatial analysis and tailored to meet the future needs of individual students. Our modern computer laboratory allows students to gain practical experience with geographical information systems (GIS), remote sensing, cartography, and other programs in urban and regional planning, travel, and population studies.

Career Opportunities

Graduates are employed in a wide range of private and governmental positions. Job titles include geographer; teacher of geography; city or regional planner; cartographer; photo interpreter; commodities and industrial location analyst; intelligence, travel industry, or environmental and GIS specialist; and many others.

Skills in spatial analysis make geography a valuable minor or supporting field for many other disciplines.

General Information

1. The Department of Geography offers one major with six emphases. The emphases are designed to enable students to gain an appreciation of our world as well as prepare them for either a career or graduate school. All students are required to take a set of core courses that emphasize basic geographic concepts and ways of knowing that are common to all six emphases. These courses prepare students for specialization in upper-division courses.

   Geography at Brigham Young University focuses on our interdependent world: the spatial relationships between the physical landscape, diverse societies,

and current events. The major nourishes a sense of curiosity about the world around us, a desire to serve our local and global communities, and the skills necessary to solve significant problems that are inherently spatial.

Hundreds of students major in geography to prepare for a professional career, for graduate study, or because of an interest in exploring and understanding the world around them. We emphasize both technical and critical thinking skills, including geographic information systems (GIS) and remote sensing, statistics, data collection, interpretation, and communication using the written and spoken word and visual data display (maps, charts, and graphs).

2. All students admitted to one of the geography majors listed above should complete the following core courses within one year of declaring a major: Geog 100, 101, 110, 120, 130, 211, 222.
3. Exit assessment: Students must complete an exit assessment during their final semester no later than one month before graduating. The assessment is meant to evaluate the department's program goals and student learning outcomes. Although the assessment is a formal requirement, the results are anonymous and will not be part of the student's academic records.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

The School of Family Life is committed to enhancing the quality of life of individuals and families within homes and communities. Accordingly, the mission of the school is to:

- Provide instruction that fosters commitment to the principles in *The Family: A Proclamation to the World*.
- Conduct research that contributes to the understanding and enhancement of human development, temporal well-being in the home, marriage and family relationships.
- Help students develop the attitudes, beliefs, behaviors, and skills that characterize persons of positive influence—in their own marriage and families, in their professions, in church and public service, and in other personal relationships.

Admission to Degree Program

All degree programs in the School of Family Life are open enrollment.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All degree programs in the Department of History are open enrollment. However, special limitations apply for teaching majors.

The Discipline

History stands at the heart of a liberal arts bridge between the humanities and social sciences. Historical understanding is thus basic to the life of an educated human being. As such, it is the ideal major for the student who wants the broad educational background for entrance into professions such as law, government service, or business, or who wants a liberal arts education. History can also be valuable training for someone who plans to teach.

Career Opportunities

In recognition of the broad range of uses to which historical education can be put, the field of public history has emerged in recent years. Today people whom others would consider bankers, lawyers, corporate executives, or public servants view themselves as historians—public historians. They are the people with analytical skills provided by their historical education who work outside the university but who consider themselves historians by virtue of the value of the training they have received. A significant percentage of the jobs listed by firms and agencies with BYU's Employment Office specify no major. Many of these will be taken by public historians anxious to serve their employers with the valuable skills learned in their history major.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All degree programs in the Department of Political Science are open enrollment.

The Discipline

The political science major is designed to fulfill the admonition of the Doctrine and Covenants (88:79–80) to teach one another "things which are at home, things which are abroad; the wars and the perplexities of the nations, and the judgments which are on the land; and a knowledge also of countries and of kingdoms that ye may be prepared in all things."

Politics and government are central to the human condition, involving fundamental collective choices about our local, national, and global communities. Successful governance establishes justice, ensures tranquility, promotes welfare and prosperity, and secures liberty. Failed governance brings violence, poverty, chaos, and fear. Politics lays bare our highest aspirations and our basest impulses.

Political science involves a wide range of theoretical, empirical, and moral inquiry into the fundamentals of governance, with diverse perspectives about the nature, uses, and abuses of power. Students learn various methods of inquiry, ranging from statistical analysis of quantifiable data to historical methods to interpretation of influential philosophical texts. With these skills, political science students consider the nature of justice, the causes of domestic and international conflict, the diverse forms of government, the dangers of authoritarianism, the global interconnections among governments and societies, how well governments and politicians represent citizens, and the ways that political parties and mass media shape public participation and public policy. Political science graduates reflect on their own political values, engage respectfully with competing ideas, and become prepared “in all things” to lead their lives more responsibly and intelligently and to influence their communities for the better.

Career Opportunities

Political science improves students' critical thinking, reading, writing, and methodological skills, which helps prepare them for essential responsibilities as a person and as a citizen, as well as for additional studies and employment in a modern economy. More specifically, the Political Science department offers a series of undergraduate emphases in political science for students who are preparing for public service, non-profit work, research careers, or professional degrees in law or business. These emphases are Global Development, International Strategy and Diplomacy, Legal Studies, Political Strategy, and Research and Data Analysis.

Internships

Political science students are encouraged to enrich their undergraduate education and enhance their career prospects with an off-campus internship experience. Several high-quality opportunities are available for which credit may be earned toward the major or minor.

Washington Seminar. Students from any academic discipline spend a semester or term in Washington, D.C., working in government, business, communications, or the arts. The program includes course work on contemporary national issues. Participants earn up to 12 hours of upper-division credit.

Utah State Legislature Internship. During each winter semester, students from any academic discipline may work as interns in the Utah State Legislature. Students interested in legislative and public policy processes will particularly benefit from the experience. Participants earn 7 to 14 hours of upper-division credit and a small stipend.

International Internships. The International Internship Program at the David M. Kennedy Center places students in a variety of internships with foreign governments and international institutions. Some of these internships are eligible for credit towards the major.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education. (For a complete listing of courses that meet university core requirements, see here.)
- At least 30 credit hours in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All undergraduate degree programs in the Department of Psychology are open enrollment.

The Discipline

Psychology is a traditional discipline in the liberal arts and sciences and is rooted in the Western intellectual tradition. Since its founding in the late nineteenth century, psychology has distinguished itself primarily as a science with a wide scope of interests. Many psychologists also provide treatment for a broad range of disorders, and others work to solve pressing social issues. The diverse world community of academic and professional psychologists is devoted to expanding our understanding of individual and collective behavior and applying that understanding toward improving the human condition.

The department joins students and faculty together to make a scientific and applied contribution to the discipline of psychology. Its faculty members and administrators are committed to an educational experience that excites learning and understanding in personal and collaborative settings. At the same time the department honors the restored gospel as vital for psychological theory, as a guide for professional conduct, and as a source of unique insight. Aware of the history of psychology and as active participants therein, faculty members hold students to high standards of individual and collective performance and understanding. Students are expected to respond to multiple styles of teaching and broad opportunities for engagement in research and application with serious and sustained interest and effort. In this way the department distinguishes itself as a community of scholarship, moral principle, and devotion to the elevation of humankind.

Career Opportunities

The psychology major is a gateway to professional employment and to advanced study in psychology. Psychologists engage in a variety of academic roles as teachers, researchers, and administrators and also provide counseling, clinical, and consulting services to individuals and organizations. Psychologists are employed by colleges and universities, public and private schools, clinics, and hospitals. They work in private practice and for corporations and government entities. The study of psychology has particular value for family life and for civic and cultural roles generally. The psychology major provides a well-informed perspective on human and organizational behavior in preparation for occupations in law enforcement, law, or business.

Most professional positions require a master's or doctoral degree, although a bachelor's degree may be sufficient to gain employment in mental health care, detention and probation services, auxiliary social work, personnel, or human resources. Further, the psychology major gives students a particularly strong background leading to graduate study in business, law, or medicine.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

FACULTY

Admission to Degree Program

All degree programs in the Department of Sociology are open enrollment.

The Discipline

Sociology is the study of social relations. For example, sociologists study social interactions, the relations of power, modern society, family and community life, organizations, and institutions. Among other things, sociologists study social change and social movements, diversity, the origins of inequality, and social conflict. The study of sociology includes learning about the theoretical perspectives and the diverse research methodologies that inform sociological analysis.

Career Opportunities

Students major in sociology in preparation for a number of different careers. Individuals are trained to analyze available information, summarize findings, draw conclusions, and solve problems. The study of sociology prepares a student for professional training in law, social work, public policy, and public or business administration. Sociology also provides training for occupations that do not require graduate training: commercial and retail sales, real estate, financial planning, information management and analysis, and market research. Students interested in working for nonprofit organizations and for government agencies should consider majoring in sociology. Students interested in studying criminology or a career in law enforcement may also consider sociology as a major. Sociology is also good preparation for improving the quality of life in our families and communities.

Becoming a sociologist requires further graduate study, either a PhD or a master's degree.

FACULTY

Admission to Degree Program

All degree programs in the Department of Economics are open enrollment. However, special limitations apply for teaching majors.

The Discipline

Economics is the study of how decisions are made--by individuals, households, groups, or governments--and how those decisions interact and the consequences that follow. As such, the discipline of economics studies the full range of human behavior and interactions, studying topics such as poverty and economic development, competition and regulation, education, health care, criminal justice, environmental policy, unemployment, money and finance, political processes, and international trade. Economics develops both analytic problem-solving skills and sophisticated data analysis skills, preparing students for a wide range of career opportunities.

Career Opportunities

Economics provides analytical and quantitative skills that are useful in a wide variety of careers, including fields such as business and entrepreneurship, consulting, technology and data science, government, non-profit work, finance, banking, and healthcare. Graduates are well prepared for jobs requiring strategic analysis, data analytics, financial management, policy analysis, product management, and more. Often, graduates later pursue advanced degrees in business or related fields. Many economics students immediately begin graduate studies in economics, law, finance, public policy, or medicine. All graduates, including those who do not enter the workforce, benefit from the critical thinking and analytical skills that shape relationships and life decisions.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Message from the Chair

The BYU Department of Ancient Scripture exists to “assist individuals in their quest for perfection and eternal life” (BYU Mission Statement) by providing instruction and experiences that are “spiritually strengthening, intellectually enlarging, and character building, leading to lifelong learning and service” (The Aims of a BYU Education).

By teaching the restored gospel of Jesus Christ through a study of the scriptures in their historical context and the teachings of modern prophets, we seek to help students develop faith in and a testimony of Heavenly Father, Jesus Christ, and his Gospel, including modern prophets and The Church of Jesus Christ of Latter-day Saints.

In addition, we seek to help students become lifelong disciples of Jesus Christ who are able find answers to their questions, resolve doubts, and respond with faith in whatever challenges they face. In other words, we strive to help students learn “by study and also by faith” (D&C 88:118) so that they may “give a reason of the hope that is in [them]” (1 Peter 3:15).

Courses

REL A 121 - The Book of Mormon
REL A 122 - The Book of Mormon
REL A 211 - The New Testament
REL A 212 - The New Testament
REL A 250 - Jesus Christ and His Everlasting Gospel
REL A 275 - Teachings and Doctrine of the Book of Mormon
REL A 300 - The Old Testament
REL A 301 - The Old Testament
REL A 302 - The Old Testament
REL A 304 - Writings of Isaiah
REL A 309R - Old Testament Studies
REL A 310R - New Testament Studies
REL A 320 - The Joseph Smith Translation of the Bible
REL A 327 - The Pearl of Great Price
REL A 336 - The Book of Mormon as Sacred Literature
REL A 392R - Special Topics in the Old Testament
REL A 392R - Special Studies in Religion: Ancient Scripture
REL A 392R - Special Topics in the New Testament
REL A 392R - Special Topics in the Book of Mormon
REL A 397R - Jerusalem Center Field Studies 2 (Sites and Scriptures)
REL A 510R - Special Topics in Ancient Scripture

FACULTY

Message from the Chair

The Department of Church History and Doctrine seeks to assist students and other Latter-day Saints in their quest for eternal life by teaching and researching the restored gospel of Jesus Christ. While their primary purpose is to teach and mentor students in a classroom setting in ways that are both intellectually enlarging and spiritually strengthening, faculty members also produce scholarship for the larger academic and Latter-day Saint communities. The department encourages teaching and scholarship that conform to the highest academic standards, and that lead to thoughtful, meaningful discussions of the church's history, faith, and people.

Courses

REL C 100 - Introduction to The Church of Jesus Christ of Latter-day Saints
REL C 130 - Missionary Preparation
REL C 200 - The Eternal Family
REL C 225 - Foundations of the Restoration
REL C 261 - Introduction to Family History (Genealogy)
REL C 320 - The Doctrine and Covenants
REL C 321 - Church History Field Studies: New England, New York and Pennsylvania
REL C 322 - Field Studies in Ohio and Missouri
REL C 323 - Field Studies in Nauvoo, IL
REL C 324 - The Doctrine and Covenants
REL C 325 - The Doctrine and Covenants
REL C 333 - The Living Prophets
REL C 341 - Joseph Smith and the Restoration, 1805-1845
REL C 342 - The Church in the West: Pioneers, Conflict, and Growth, 1846-1899
REL C 343 - The Modern Church, 1900 to the Present
REL C 344 - The Global Church
REL C 350R - Religious Education in Travel-Study Settings
REL C 351 - Survey of World Religions
REL C 352 - Survey of Christianity
REL C 353 - American Christianity and the Restored Gospel
REL C 357 - Survey of Judaism and Islam
REL C 358 - Survey of Eastern Religions
REL C 393R - Special Studies in Religion: Church History and Doctrine
REL C 393R - Men and Women of Mormonism
REL C 431 - Doctrines of the Gospel
REL C 471 - Teaching Seminary
REL C 510R - Special Topics in Church History and Doctrine
REL C 540R - Special Topics in Church History and Doctrine

Entrepreneurial Management

The Discipline

Entrepreneurs seek to make the world a better place by creating valuable products and services that improve the lives of customers and add value to the economy. Entrepreneurs may create and start business ventures to bring these ideas to market, while others pursue these efforts as employees in companies ranging from startups to established firms. Others may focus on acquiring, owning and managing business ventures of all sizes and types. No matter where they find themselves, entrepreneurs seek to discover problems and innovate to solve those problems.

What Can Entrepreneurial Management Graduates Do?

Graduates typically create, launch, and manage a new business venture, work for startup ventures or rapidly growing enterprises, or join a larger established company in a product development and business development role.

Previous companies entrepreneurship students have started include: 1-800-Contacts, Allegiance, DearElder.com, J Dawgs, KT Tape, Novi Security, HM Cole, Eco-Scraps, FiberFix, Owlet, Estify, KiTech, and Entrata (formerly Property Solutions). Students have also been hired by larger firms such as Kohls, Barclays Capital, General Mills, Aramark, and Qualtrics.

Human Resources Management

The Discipline

Converting human capital (employee skills and knowledge) into strategic, sustainable competitive advantages for organizations. Specifically, attracting, selecting, developing, and retaining the best talent to help an organization achieve its strategic goals through the management of the employee experience.

What Can Human Resource Graduates Do?

Human resource professionals' main focus is to recruit, develop, and retain the employees of an organization. They maximize an organization's use of talent by finding and hiring capable employees and providing training and development experiences. As the bridge between managers and employees, they maintain positive employee relations and improve employee satisfaction, and performance. They administrate employee benefits, supervise development and wellness programs, and oversee disciplinary systems and rewards programs. Other options include careers in leadership development and in organizational or human capital consulting focusing on an organization's structure, strategy, or culture. HRM professionals may become senior executives, such as the Chief Human Resources Officer or the Executive Vice President of Human Resources.

Strategic Management

The Discipline

A company's strategy is a plan to gain and sustain competitive advantage. This plan reflects how company leaders think about what it takes to succeed in their market. At its core, strategy is the idea that successful companies will figure out how to offer to customers unique value that cannot be imitated by competitors.

What Do Business Strategists Do?

Strategists help a company achieve competitive advantage by developing plans that allow the company to offer unique value to their customers. Strategists collect and analyze information about competitors, customers, and the resources and capabilities of the company. Strategists use this analysis to make recommendations about where to invest and what actions to take, over time, in order to achieve superior firm performance. Recommendations may address revenue growth, competitive positioning, acquisitions, building internal processes and capabilities, structuring existing assets or resources, entering new markets, product launches, or any other aspects that can result in higher performance for the company or ensure that competitors will find it difficult to imitate a company's moves.

Strategists work in several interesting roles such as business managers, business analysts, consultants, corporate strategists, and product management.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs

FACULTY

Admission to Degree Programs

All majors within this department are open enrollment programs.

The Discipline

The Department of Biology focuses on training students in the genetic, organismal, population, community and ecosystem perspectives of the biological sciences. Fields include bioinformatics, biology education, botany and mycology, ecology, evolution, systematics, genetics, genomics, human health, veterinary science and zoology.

Career Opportunities

Biology entails rigorous, broad training and synthetic reasoning, which prepare students for careers in a wide variety of professional fields ranging from technical work in research laboratories to field technicians for environmental research companies or government agencies. Majors may develop their interest in such diverse areas as environmental biology, evolutionary biology, aquatic biology, molecular biology, plant biology, systematics, and human health and disease. Students satisfy the requirements for graduate studies in the biological sciences or professional schools.

Students in the Biology major receive the broadest and most flexible education. Students in this major frequently progress to MS and PhD programs in many biological fields, as well as professional schools.

The Bioinformatics major is for students with interests in computing, quantitative, and biological sciences. The degree merges these interests in the areas of bioinformatics and computational biology, giving students the skills for graduate or professional (medical, dental, law) schools or immediate employment opportunities after completing the undergraduate program, especially with biotechnology companies.

The Biological Science Education major provides a solid foundation in courses that meet the National Science Teachers Association certification requirements for secondary education biology teaching. The program also prepares students for continuing their education in graduate school.

The Biodiversity & Conservation major is designed to provide students with a preparation for a career or graduate study in conservation, phylogenetics, systematics, and related fields.

Pre-veterinary medicine students interested in veterinary medicine are encouraged to incorporate required pre-veterinary curriculum into an academic program of their choosing. See the description of the biology major for additional information.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

All degree programs in the Department of Cell Biology and Physiology are open enrollment.

The Discipline

Cell Biology and Physiology are exciting branches of biology that study the structure, function, and molecular mechanisms of cells, tissues, organs, and organ systems of living organisms. Knowledge and advancement in these fields underlies our modern understanding of human health and disease. Faculty and students work to understand such remarkable processes as how the heart develops and works to pump blood, how brain cells communicate with one another, how insulin regulates blood sugar,

and how specific gene products determine the morphology and functional capacity of the nervous system. Building on a foundation of chemistry, physics, and biology, the integration of molecular, cellular, systems, and whole-body function is what distinguishes the Cell Biology and Physiology major from other life science majors. The related Biophysics major uses methods of physics, chemistry, mathematics, and biology to investigate the *physical* basis of life.

Career Opportunities

Degree programs in the Department of Cell Biology and Physiology prepare students to pursue advanced professional or graduate degrees or to enter directly into employment. Majors provide outstanding preparation for students seeking admittance into professional programs in medicine, dentistry, optometry, podiatry, chiropractic, or pharmacy. Students who have aspirations of doing health-related research, postsecondary life science teaching, or biotech innovation will find excellent preparation for entrance into graduate programs and beyond. Graduates will also have the academic and laboratory skills necessary for employment in medical, biotech, and pharmaceutical industries. Programs offer students pursuing advanced degrees in business, public management, or law the knowledge and training necessary for admission to professional schools and work in governmental agencies, health care and biotechnical industries, and patent or health care law.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

FACULTY

Admission to Degree Program

All degree programs in the Department of Plant and Wildlife Sciences are open enrollment.

The Discipline

Disciplines in the Department of Plant and Wildlife Sciences focus on four of the great dilemmas facing mankind in the twenty-first century: harnessing biological technology to meet the needs of an expanding human population in the developing world; assessing and minimizing the impact of human activities on an increasingly vulnerable environment; management and conservation of wildlife and wildlands; and managing landscapes to meet increasing water, space, and other resource limitations while enhancing the aesthetic quality of urban environments.

Majors offered provide a flexible education for directly entering the job market or preparing for graduate or professional schools in business, engineering, the health professions (medical and dental schools), landscape architecture, law, natural resources, public administration, or science.

Career Opportunities

Genetics and Biotechnology

The discipline of genetics and biotechnology focuses on applications of molecular biology and genomics to solve problems related to health, crop and animal production, forensics, and environmental remediation. This field holds tremendous promise for meeting food sustainability needs in the developing world, delivering medical treatments customized to each patient's genomic makeup, and reducing human impacts upon the environment. The major program educates students in scientific principles and current biotechniques through a combination of classroom instruction and mentored laboratory experience on original research projects with faculty and

graduate students. Graduates are prepared for immediate employment in the biotechnology industry or for graduate study in biotechnology, molecular genetics, or the health professions. An optional, integrated track in biotechnology business affords students the option of obtaining a management minor through the Marriott School of Management in preparation for management careers in life sciences industries or for law school and subsequent careers as biological patent attorneys.

Environmental Science

Students majoring in environmental science learn fundamental principles of ecology; biodiversity; conservation; chemistry; engineering; geology; geography; and plant, animal (invertebrate/vertebrate), and soil sciences to help them solve environmental problems. They are prepared for graduate study and direct employment in fields dealing with assessing and remediating human-induced environmental impacts, as well as for careers in law, business, and the health professions.

Landscape Management

This program is accredited by the Professional Landcare Network (PLANET), the leading professional organization in landscape contracting. The major combines practice and instruction in horticultural science, business, and landscape design to prepare students for employment as managers in landscape contracting or for graduate studies in business, law, landscape architecture, and horticulture.

Wildlife and Wildlands Conservation

Wildlife and wildlands conservation is directed at managing wildland ecosystems-optimizing the function and services of natural ecosystems. Students are educated in wildland plants, animals, soils, and ecology, as well as wildlife and land management techniques. Graduates are well prepared to deal with complex issues involving wildlife and wildlands management and the overall conservation of natural resources.

This degree program qualifies students to work for a wide array of government and private land-management and conservation agencies. Students can qualify for federal job series employment in wildlife biology, range conservation, ecology, zoology, and botany. Common employers of these students include the U.S. Forest Service, Bureau of Land Management, Natural Resource Conservation Service, Fish and Wildlife Service, Park Service, and state wildlife management agencies. Graduates are well prepared to deal with complex issues involving wildlife and wildlands management and the overall conservation of natural resources.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

Undergraduate Education Department

Undergraduate Education

Undergraduate Education supervises and fosters essential university-wide elements of the bachelor's degree. First-Year Experience assists new students with the transition to college, and General Education offers a broad education to help students aquire knowledge and skills for lifelong learning. The Honors Program is designed for the student who seeks to learn with a cohort of like-minded peers.

International and Area Studies Department

David M. Kennedy Center for International Studies

Located in the heart of Brigham Young University's campus, the Kennedy Center is a dynamic, global center offering a broad spectrum of study and service opportunities. Our richly diverse but intimately interconnected world challenges us to develop a breadth of knowledge and a depth of understanding to comprehend our complex international neighborhood. The Kennedy Center is committed to the university's injunction to "enter to learn—go forth to serve" and its aspiration to make "the world our campus."

Mission Statement:

The David M. Kennedy Center for International Studies is the heart of international engagement for the BYU community. By supporting and implementing interdisciplinary international experiences on campus and abroad, the Kennedy Center raises global awareness and competency, and equips the community with international perspectives and tools to promote intellectual, physical, and spiritual well-being throughout the world.

- International Relations, Scott Cooper
- Latin American Studies, Marlene Esplin
- Middle East Studies/Arabic, Joshua Gubler
- Global Environmental Studies, George Handley
- Global Women's Studies, Heather Belnap
- Scandinavian Studies, Nate Kramer

International Study Programs

Study Abroad: BYU's traditional off-campus study programs. In these programs students are able to further their general education; pursue specialized courses in languages, the social sciences, humanities, fine arts, and other fields; gain valuable insights into their own country; and further international understanding.

Direct Enrollment: Students are integrated into an international university, taught by faculty native to that country, and are not accompanied by BYU faculty.

International Internships: Short-term, on-the-job apprentice training abroad under the direction of a firm, government agency, NGO, or other such institution.

Field Studies: A research experience abroad for small numbers of students directed by faculty, who generally do not accompany the students.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The university core, consisting of requirements in general and religious education. (See University Core for details. For a complete listing of courses that meet university core requirements, see the current class schedule.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Student development courses are offered by faculty from Student Development Services, academic advisors from the University Advisement Center and other areas of campus, as well as by professionals in their respective fields. Courses offered in student development are intended to help BYU students with their educational, career, and personal development. Student Development courses help students:

1. Adjust to and thrive in the BYU academic and social environment.
2. Enhance their academic skills including studying, reading, time management, test-taking, and note-taking.
3. Effectively explore, select, and prepare for majors and careers suited to their interests, values, and goals.
4. Increase self-awareness, develop character and enhance mental health and well-being.
5. Develop leadership, interpersonal, and helping skills necessary to effectively serve in the campus and general community.
6. Make important life decisions.

FACULTY

Admission to Degree Program

The degree program in the department carries special enrollment limitations. Please see the BYU Marriott Undergraduate Advisement Center for specific details.

The Discipline

Computer-based information systems have become a critical part of the products, services, operations, and management of all organizations. The effective and efficient use of information and communications technologies is an important element in achieving competitive advantage for business organizations as well as achieving excellence in service for government and non-profit organizations. The twenty-first century has seen the rapid growth of the internet, ecommerce, and purely electronic enterprises. These organizations would not even exist without the technology provided by computer-based information systems. The importance of information systems to organizations and the need for well-educated professionals in the field is the basis for strong educational programs and the development of a professional community of information systems (IS) practitioners.

Information systems involves two broad areas: (1) the acquisition, deployment, and management of an organization's information systems resources and services and (2) the development of computer-based systems and technology infrastructures for use in organization processes. Information systems professionals provide services ranging from the managerial to the highly technical. Information systems and technology skills are critical to the success of virtually all modern organizations, including small business, corporations, government, and educational institutions.

Career Opportunities

Information systems graduates work in large and small organizations of all types, helping maintain existing technology infrastructure and specifying technology solutions to business needs. They serve as the bridge between an organization's technical personnel and its business side. Well-educated information systems graduates are in high demand in accounting firms, consulting firms, large corporations, midsized companies, technical companies, government agencies, and smaller entrepreneurial concerns. Challenging career opportunities embrace a wide range of interests. The variety of employment prospects includes opportunities for everyone from those who are primarily interested in people and organizations to those who enjoy very technical activities such as database and network administration or software development.

General Information

Undergraduate Application Requirements

Admitted applicants to the information systems program begin major coursework each fall semester. The following items are taken into consideration for all applicants during the admission process:

1. Prerequisite GPA
2. Essay
3. Résumé
4. Review of overall academic record
5. Professionalism

Application Guidelines

1. Completion of the following prerequisite courses: IS 201, IS 303 (or CS 142), and ACC 200. **Note**: A minimum 3.0 average GPA in the prerequisite courses is required, with no less than a B grade in IS 201 and IS 303 (or CS 142).
2. Repeating courses to improve a grade is strongly discouraged. Repeated and transfer courses are discounted 0.3 of a grade for admission purposes only (e.g. an A- grade would be discounted to a B+ during the admission process).
3. Completion and submission of the online application, including the applicant essay. The deadline to submit the application is the last working day of June at 4:30 pm.
4. Meeting or exceeding admission criteria does not guarantee admission. The Information Systems Department reserves the right to make exceptions to admission policies as deemed necessary to admit the most qualified applicants.

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Graduate Programs Available

This department also offers graduate degree programs. For more information, see Graduate Studies.

FACULTY

Admission to Degree Program

The degree program carries special enrollment limitations. Please see the BYU Marriott Undergraduate Advisement Center for specific details.

The Discipline

Is it worth it? This is the single, simple, and critical question that finance seeks to answer. Is it worth it for a company to make a strategic acquisition? Is it worth it for a mutual fund manager to buy a particular stock? Is it worth it for a company to issue a bond? Is it worth it for a recent graduate to pursue an MBA? Is it worth it to put solar panels on a house? Finance applies quantitative and qualitative analysis to answer these questions and many others, all with the aim of determining whether something is worth it.

More broadly, finance is the study of the optimal allocation (procurement, deployment, and distribution) of scarce financial resources. What is the best way for a startup to acquire financing? What are the best new projects for a firm to invest in? What is the best way for a mature firm to return excess capital to its shareholders? These are all questions finance seeks to answer.

Career Opportunities

Finance graduates work in a variety of fields that include but are not limited to asset manager, commercial banker, corporate financial planning analyst, corporate treasury analyst, consultant, credit analyst, equity analyst, investment banker, private wealth advisor, and securities or commodity trader.

As a part of their jobs, finance professionals:

- Forecast expected cash flows from investment opportunities and potential projects
- Assess the risk and uncertainty associated with investment opportunities and potential projects

- Perform industry and macro-economic analysis
- Estimate the value of financial assets and options
- Minimize, manage, and hedge risk
- Study the efficiencies of the markets in which financial assets trade
- Analyze the interplay between time and interest
- Utilize diverse technical, analytical, critical-thinking and problem solving skill sets

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education.
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

BYU Conference Center Department

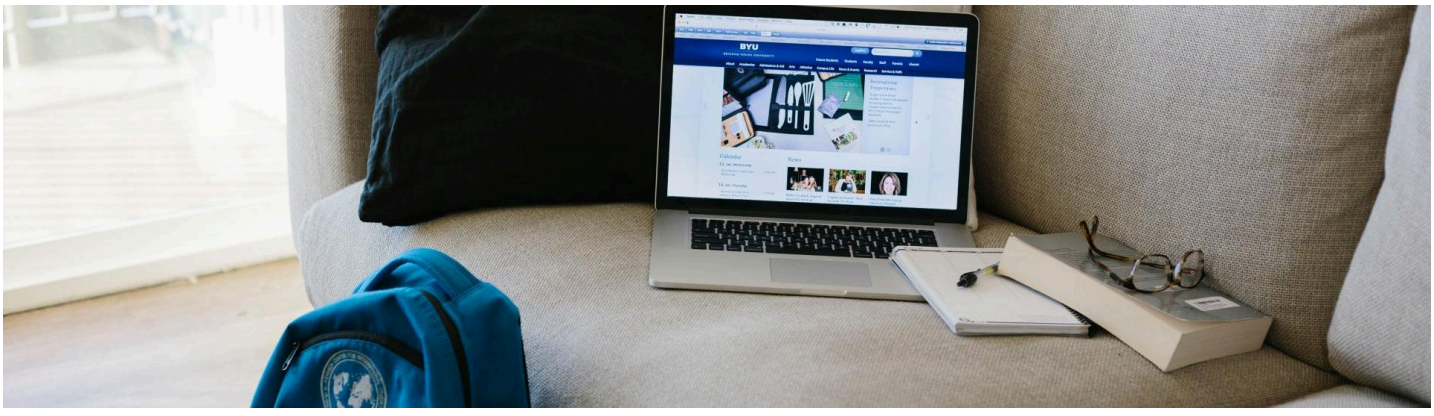
Administration

Director: Spencer E. Hansen

Department Information:

2255 CONF

801-422-7700



WEBSITE

The BYU Conference Center is located northeast of the Marriott Center and adjacent to the Harman Continuing Education Building. The primary host facility for conference guests on campus, it is especially equipped to provide a favorable learning environment for guests participating in conferences, workshops, training seminars, and other educational programs. University units may sponsor or cosponsor Conference Center events. When certain qualifications are met, off-campus professional, government, corporate, civic, religious, family, or community organizations may also schedule events.

The Conference Center may not be scheduled to fundraise or by programs whose activities are solely commercial or whose primary purpose is to promote a private enterprise, idea, individual, product, or concept.

Those interested in scheduling the center are invited to contact the BYU Conference Center at 801-422-7700.

BYU Online High School Department

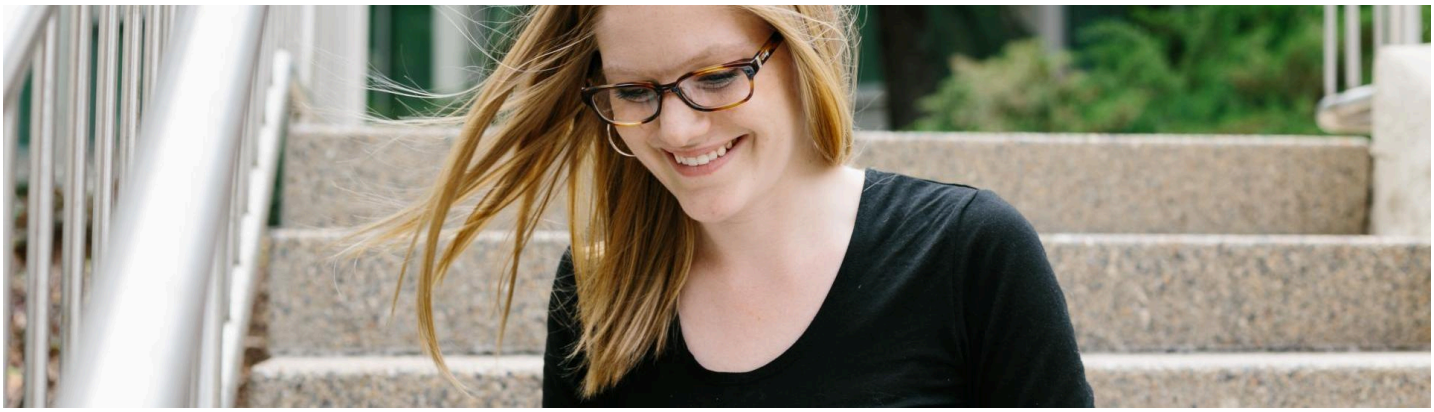
BYU Online High School

Department Information:

WEBSITE

BYU Online High School offers high-quality, standards-based education for grades 7-12, providing flexible alternatives to traditional schooling. We combine proven online teaching practices with a safe, technology-enabled learning environment to meet the diverse needs of students. Our full-time, diploma-granting private high school serves students across the United States and worldwide. Courses, taught by certified teachers and designed by expert instructional designers, align with national and state standards.

Students can choose between two accredited diploma tracks—Standard and Advanced—while enjoying online learning and fun and interactive weekly activities such as clubs, hangouts, devotionals, National Honor Society, and more. We offer college credit options, including both Advanced Placement and Concurrent Enrollment courses, to help students advance their education beyond high school. Parents appreciate the transparency of our balanced education, ensuring clear insights into their child's learning journey.



Students can build their own schedule, choosing a combination of 6 or 7 of the following course options per semester that fit your needs:

· Semester Live Courses: Engage in live classes with teachers and students and participate in interactive opportunities like Student Council. These courses follow a traditional August–May calendar with semester-based courses and weekly deadlines to keep students on pace. Ideal for students who thrive on structure and real-time interaction.

· Flex On-Demand Courses: Learn at your own pace with year-round enrollment and no live classes. Complete modules flexibly within six months without late penalties. Course pacing recommendations provided. Great for students seeking flexibility and independence.

Whether you're in middle school, high school, or preparing for college, find the path that works best for you! Please visit http://hs.byu.edu for more information.

Bachelor of General Studies Department

Department Information:

111 HCEB

801-422-4351

bgs@byu.edu

WEBSITE

Programs

- General Studies: American Studies (BGS)
- General Studies: Business (BGS)
- General Studies: Education (BGS)
- General Studies: English (BGS)
- General Studies: Exercise and Wellness (BGS)
- General Studies: Family Life (BGS)
- General Studies: History (BGS)
- General Studies: Psychology (BGS)

Brigham Young University's Bachelor of General Studies (BGS) Program offers former BYU students who are no longer able to attend BYU an opportunity to complete their bachelor's degree from anywhere. Applicants must have already completed 27 credit hours (exam credit excluded) at the BYU campus in Provo as an admitted day student and must abide by the Church Educational System Honor Code and receive an annual ecclesiastical endorsement. This program is not available to current BYU students who have fewer than 90 credits.

Note for Current BYU Students

When you are admitted as a BGS student, you are no longer classified as a day continuing student. As a result, you are no longer eligible to take day classes on campus during fall and winter semesters and lose privileges that are only available to matriculated day students including federal financial aid. Please refer to the BGS website for more details.

Admission to Degree Program

Prospective students must complete an admissions application to the Bachelor of General Studies Office and pay a fee of $35. The BGS program is open to former students who meet all of the following criteria:

- Have completed a minimum of 27 semester hours of BYU on-campus credit in Provo as an admitted day student (exam credit excluded). Up to six of these 27 hours may be from the BYU Salt Lake Center as an admitted day student.
- Have not completed any courses as a BYU day continuing student in the last two years or have already completed a minimum of 90 credits.
- Have never completed a bachelor's or higher degree.
- Are in good standing (academic, financial, etc.) at all universities attended.
- Have a 2.0 or higher BYU and cumulative GPA. (If any academic disciplinary action—warning, probation, suspension or dismissal—has been taken against you, contact the BGS Office before proceeding with the application process.)
- Will abide by the Church Educational System Honor Code and receive an annual ecclesiastical endorsement.
- Have been approved by the BGS admissions committee.
- Have successfully completed the StDev 100 course (1-credit-hour Independent Study course taken **after provisional acceptance into program)**.

The Discipline

The Bachelor of General Studies degree is designed to help BYU students utilize previously earned credit as much as possible. BGS uses the same curriculum standards as on-campus programs, including general education and religious education. The major is General Studies, with an emphasis in one of eight areas of study: American Studies, Business, Education, English, Exercise and Wellness, Family Life, History, or Psychology. To be eligible to complete the Education emphasis, students must have been enrolled in a teaching major at BYU and have completed all graduation requirements except student teaching. The degree can be completed entirely by coursework offered through BYU Independent Study and may be supplemented by courses from Evening Classes, Salt Lake Center, and spring & summer terms.

Students may select only one emphasis and do not have the option of creating custom-made areas of study. However, within the number of general electives available, students can utilize credit previously earned in a former major or choose to take course electives of interest.

The Bachelor of General Studies is a bachelor's degree from Brigham Young University designed to help you finish at home what you started at BYU. Students pursue this program for a variety of reasons. Some desire a sense of accomplishment—to complete a degree they began years ago. Others are looking for career advancement or to eventually pursue a postgraduate degree.

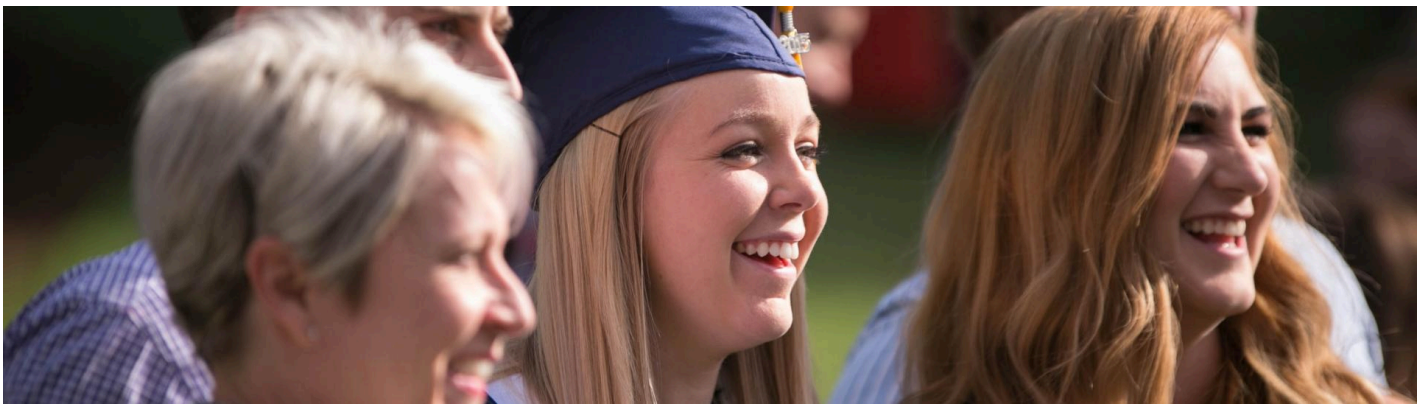
Conferences and Workshops Department

Administration

Director: Robert A. Holcombe

Department Information:

258 HCEB



801-422-3559

WEBSITE

The Department of Conferences and Workshops assists the university's colleges, schools, and departments in developing and offering outreach programs. The department can help with both credit and noncredit programs, including conferences, workshops, symposia, continuing professional education courses, seminars, association meetings, test-prep courses, and youth camps. Programs can use either campus or off-campus facilities to extend university offerings to alumni, youth, the campus community, and other adults.

For a comprehensive listing of courses or for information on how we can help you plan a conference, visit our Web site at conferences.byu.edu.

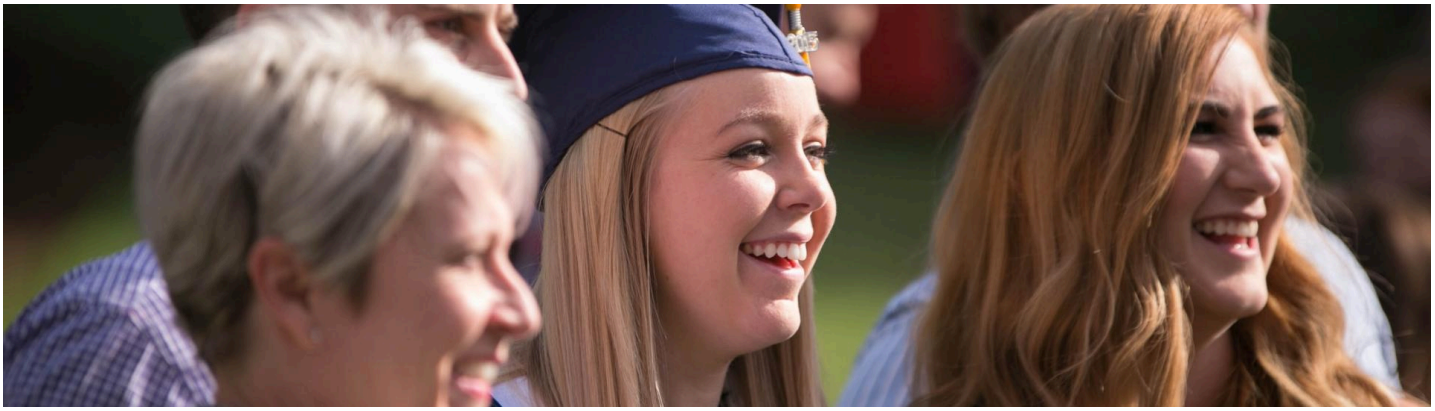
Especially for Youth Programs Department

Administration

Director: Robert Holcombe

Department Information:

253 HCEB



801-422-5841

WEBSITE

Especially for Youth programs are offered by this department, both on the BYU campus and at a number of locations nationwide. Participants can choose from several multi-day variations, all including a robust EFY agenda with physical, social, and spiritual activities, plus an emphasis of their choosing. These emphases include EFY Special Edition, EFY Adventure , EFY Habits For Life, and EFY Mission Ready.

Finally, EFY Express is a one-day experience offered at select locations each year, typically during the school year.

Evening Classes Department

Administration

Dean, Continuing Education: Richard Houseman

Associate Dean, Continuing Education: Darin Oviatt

Director, **Classroom Programs:** Jay Young

Manager: Karen Cottle

Department Information:

111 HCEB

801-422-2872

The Department of Evening Classes, housed in the Continuing Education Classroom Programs department, supports academic departments and colleges by offering courses into the evening hours for university students. Working in tandem with the BYU Office of Visiting Students, non-degree-seeking students may enroll in BYU courses labeled as “Evening”.

Tuition rates for courses in Evening Classes are the same as for day courses. All courses taught through Evening Classes are listed online in the university's official class schedule.

First-Year Experience Department

First-Year Experience

Overview

Department Information:

2014 JKB

(801) 422-8176

fye@byu.edu

WEBSITE

The Office of First-Year Experience (FYE) helps students transition from high school to university life. This includes 1) providing every student with a peer mentor- a trained guide who will help orient students to the university, answer questions, and check-in periodically with students during their first year and 2) hosting other orientation activities including New Student Orientation (NSO) and the First-Year Arts Card program. These efforts span the time between students' admission notification through the end of their first year on campus.

First-Year Mentoring

Email: fym@byu.edu
Website: fye.byu.edu/section/mentoring

First-Year Mentoring is designed to support ***all new students*** as they transition to, and learn to thrive in, a challenging university environment. This support spans three key periods:

Pre-Arrival (March – August):
Within 2-3 weeks following admissions notification, students admitted for fall semester, and summer term are assigned to a peer mentor who will contact them (by email, phone and text) in order to answer their questions and provide direction concerning next steps in their transition from high school to the university.

Fall Semester (September – December) and/or Summer Term (June-August):
First-Year Mentoring provides every new student with the support of an individual peer mentor who is embedded in students' UNIV 101 course. Mentors and students will meet at New Student Orientation, interact regularly in UNIV 101 classes, and meet for one-on-one meetings 3-4 times each semester. During these meetings peer mentors can answer questions, help students reflect on their experiences, connect students with important university resources, and help students make plans for future semesters (e.g. study abroad, undergraduate research, internships).

Winter Semester (January – April):
The mentoring relationships established during fall and summer continue through periodic meetings across the winter semester. For students who begin at BYU during the winter semester, they will enroll in UNIV 101 and be assigned to a peer mentor who is embedded in their particular section of UNIV 101. Second-semester first-year students will continue with the same peer mentor they were assigned to during the fall semester.

First-Year Experience & New Student Orientation (NSO)

Your orientation to BYU actually begins long before you arrive on campus. Prior to the beginning of your first term or semester, you will be contacted by a peer mentor from the Office of First-Year Experience (FYE). This mentor is a paid, trained university employee who successfully navigated their own first year and who can be a guide and resource for you across your first two semesters at BYU. Peer mentors will send periodic email, texts and even make phone calls to students. Mentors are available to answer questions, provide suggestions about effective learning strategies, connect you with other resources (e.g. academic advisors, financial aid resources, faculty members, the counseling center, etc.), and help you become a full participant in the BYU community.

A few weeks after you receive your acceptance notification you will be sent a link by the FYE office to a series of online orientation modules. These modules contain very important information about resources, programs and services available to you as a full-time student. They were developed to help your transition to BYU be as smooth as possible. The modules will take between 90 minutes to two hours and can be completed at your own pace. However, it will be important for you to complete all modules prior to arriving on campus. These modules are only one part part of your orientation to BYU. So, be sure you register for and make plans to attend the in-person NSO described below.

Immediately prior to the first day of every semester and term, an event referred to as New Student Orientation (NSO) is held. The purpose of NSO is to 1) welcome new and transfer students into the BYU community. 2) help new students understand and appreciate the unique opportunities provided by a BYU education, 3) introduce key campus resources, and 4) offer new students a great chance to connect with other students and meet their peer mentor.

NSO events and activities are designed to be both informative and fun. Activities vary according to the term or semester. In addition to a welcome from the administration and a campus tour, each orientation may include a university devotional; library tour; meetings about colleges and majors, financial aid and scholarships, the Honors Program; and an introduction to several of the traditions at the Y.

Many of the activities are organized around Y Groups, small groups of students led by peer mentors and other upperclassmen, which offer students personalized attention and support. To become fully immersed and engaged in the BYU community, NSO is vital.

Please see **https://fye.byu.edu/about-nso** for detailed information about NSO and to register for an NSO event.

FlexGE Department

FlexGE

Administration

HCEB 111

Associate Dean, Continuing Education: Darin Oviatt

Director, Classroom Programss: Jay Young

Manager: Chelsey Clay

Department Information & Advisement Center

HCEB 111

801.422.4669

flexge@byu.edu

https://flexge.byu.edu/

Description

The FlexGE Program is an opportunity for students who weren't admitted or didn't apply to BYU to take BYU classes and experience campus. Students in this program take BYU classes for university credit both in Provo and at the BYU Salt Lake Center. They also get to experience campus life by living in BYU-contracted housing, attending a YSA ward, and being involved in campus activities and events.

Enrollment

To participate in FlexGE, students must meet the following eligibility requirements:

- Get an ecclesiastical endorsement
- Have a high school diploma (or equivalent)
- Enter with a minimum 2.0 GPA
- Be at least 17 years old by the first day of class
- Have US citizenship or the ability to study in the US without an F-1 visa sponsored by BYU

Once determined eligible, students can enroll in the FlexGE Program up until a week before classes begin. A student's enrollment in FlexGE stays active until they've gone an entire academic year (fall semester through summer term) without enrolling for credit. If a student's enrollment lapses, they need to submit a new FlexGE application to continue taking classes.

Prospective students who have a GPA lower than 2.0 can petition to participate in FlexGE by meeting with a FlexGE academic advisor. Current students who let their GPA fall below a 2.0 must meet with a FlexGE academic advisor to create a success plan before they can continue in the program.

BYU Experience

FlexGE students are encouraged to become part of the BYU community and participate fully in activities that help them develop the attributes outlined in the Aims of a BYU Education. Students can volunteer with Y serve, join academic clubs, get a campus job, and serve in a calling in their YSA ward. With a few exceptions, FlexGE students have the same level of access to campus offices and resources as admitted BYU students.

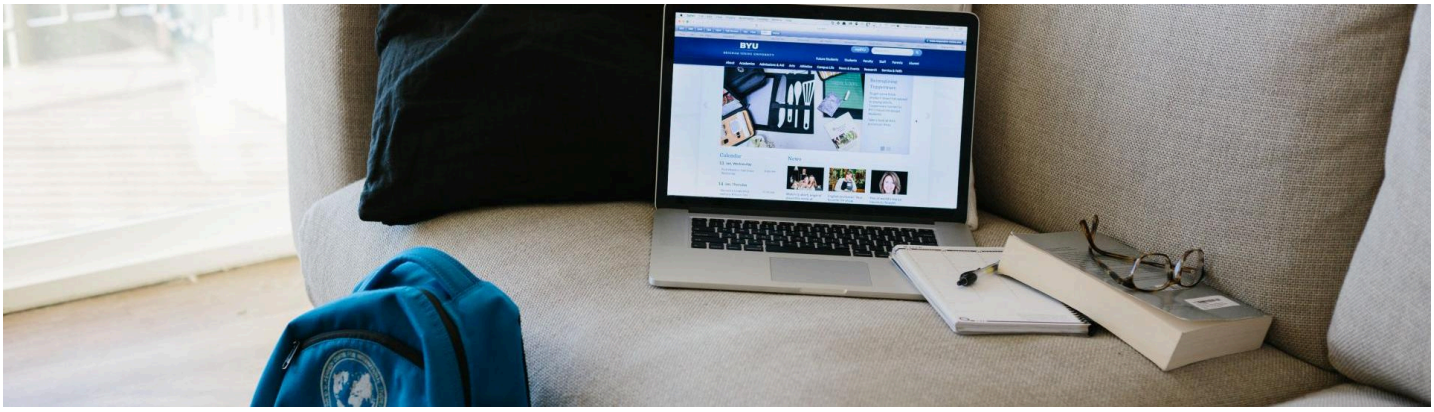
FlexGE student do not have access to:

- Day classes during fall and winter semesters
- On-campus housing during fall and winter semesters
- Federal financial aid
- Intercollegiate athletics (including extramural sports)
- Performing groups or teams that require tryouts, auditions, or enrollment in day classes,
- Individual, group, and couples therapy at CAPS

Student Support

FlexGE students enjoy a high level of academic support provided by Continuing Education. They have access to free tutoring, academic skills coaching, and workshops on topics like time management, study skills, and test preparation through our unique Student Success Center. Each student also has an assigned peer mentor through the Student Success Center who is there to help with questions, point out resources, and ease the transition to university life.

FlexGE has program-specific academic advisors who help students navigate the FlexGE program, create a success plan, choose classes, and, ultimately, help with a transfer plan to BYU or another university. Students should meet with their academic advisor at least once per academic year.



University Credit and Transfer

The FlexGE program hopes to help every student create a successful transfer plan, whether that's to BYU or another university. While participation in FlexGE does not guarantee admission to BYU, students do have a dedicated support team to help them identify and achieve their academic goals.

All courses taken during the FlexGE program transfer to BYU and apply to the student's degree program upon acceptance to the university. Credits transferred to other universities will be evaluated according to their respective transfer policies.

Students from outside the state of Utah may also use the time in FlexGE to establish Utah residency. Utah residency may allow students to qualify for resident tuition rates at public universities in Utah. Students should check with both the state and their preferred universities for specific residency requirements.

Independent Study Department

BYU Continuing Education

Department Information:

303 HCEB

801-422-2868 (Univ), 801-422-2868 (HS)

indstudy@byu.edu

WEBSITE

Academic Product Managers: Dustin Jones (Univ) and Trent McCall (HS)

BYU Independent Study is an affordable distance education providing ideal solutions for a variety of situations. With flexible course options, students can get the university credits they need, no matter where they are in the world. There are no admissions applications or requirements to take an Independent Study course and students can begin their course any day or time. Students have 12 months to complete their course and the college credit earned is transferable to most U.S. colleges and universities. Scholarships are available to students taking Independent Study Courses.

Through Independent Study, BYU offers more than 200 undergraduate online courses, providing a practical and flexible solution for students to acquire university credit. Independent Study courses can be used to complete general education courses, prerequisite courses for graduate school, and higher-level courses to fulfill undergraduate majors. Flexible Independent Study courses assist domestic and international students, working students, armed forces personnel, teachers, and others who may need courses that accommodate their individual schedules. The courses are available online and require Internet access. Students have the option to purchase a printed course readings packet.

BYU Independent Study also supports the following programs that help students anywhere in the world achieve their academic goals:

Students can register for an Independent Study course at any time during the year and have up to one year to complete most courses, although most courses are based on a semester's worth of credit. The online catalog is accessible at the BYU Independent Study website or a printed version of the catalog is also available without charge from the Department of Independent Study and will be mailed free of charge. Printed catalogs can be found in the Harman Continuing Education Building on the first-floor entrance and second-floor atrium. A complete list of available courses, the current tuition and fees, and enrollment policies and procedures are found in the online and printed versions of the catalog.

- Former students wanting to complete their BYU degree can take Independent Study courses to fulfill the course/credit requirements of the Bachelors of General Studies (BGS) program.
- Students currently not admitted to BYU can take BYU courses online as part of the FlexGE @BYU program to complete general education requirements at their own pace while immersing themselves in the other events and social life BYU offers. Up to 36 semester hours of work completed through BYU Independent Study can be applied toward a BYU bachelor's degree.
- The new BYU Online High School is a full-time, diploma-granting private high school serving students worldwide. Students in grades 7–12 enjoy the fun and flexibility that learning online offers while meeting their unique educational needs. BYU Independent Study offers more than 200 high school-level courses and 40 middle school courses.
- In addition, BYU Independent Study offers a few community education courses available for personal development and enrichment.

Office of Visiting Students Department

Office of Visiting Students

Administration:

Dean, Continuing Education: Richard Houseman

Associate Dean, Continuing Education: Darin Oviatt

Director, Classroom Programs: Jay Young

Manager: Kyle Mammen

Department Information:

111 HCEB

801-422-0798

The Office of Visiting Students assists individuals who wish to take part in the BYU experience as non-degree seeking students. The office is a resource center for all students not admitted to BYU who are looking for opportunities to attend BYU courses without going through the full admissions process. Additionally, the office directly offers three programs for non-degree seeking students and academic advisement for students in these programs. Whether students are looking to take one course or visit for a few semesters, the office is available to help.

Undergraduate Visiting Student:

Students who have earned a high school diploma (or equivalent) may sign up as Undergraduate Visiting Students. During fall and winter semesters these students may register for course sections offered by BYU Evening Classes and the Salt Lake Center. Students signed up during the spring and summer terms may also register for courses offered during the day in Provo. Non-degree-seeking students who would like to complete several GE courses or who would like to attend multiple semesters should refer to the BYU FlexGE program for more information.

Post-Baccalaureate Visiting Student:

Students who have earned a bachelor's-level degree may sign up as Post-Baccalaureate Visiting Students. During fall and winter semesters these students may register for course sections offered by BYU Evening Classes and the Salt Lake Center. Students signed up during the spring and summer terms may also register for courses offered during the day in Provo. Additionally, students who apply by the posted priority deadline in fall and winter semesters may seek permission to add day-section registration eligibility (approval is not guaranteed and is based on several factors).

Audit-Only Students:

Students who have earned a high school diploma (or equivalent) may sign up as Audit-Only Students. The course(s) Audit-Only Students sign up for must be taken by audit, and students must receive permission to audit from the instructor and/or department. Audit-Only Students may register for Day, Evening, and Salt Lake Center sections year-round. Audit-Only students may sign up with the Office of Visiting Students once the application for a semester/term opens; registering for courses opens on the first day of the semester/term. *Students who would like to audit select courses while concurrently enrolled in classes for credit should refer to the "Auditing Courses" registration policies.*

All students signed up through the Office of Visiting Students agree to abide by the Church Educational System Honor Code and the BYU Dress and Grooming Standards. Class schedules for each semester or term are listed in the BYU class schedule, the Evening Classes and Salt Lake Center websites, and in the university's online registration system.

Salt Lake Center Department

Salt Lake Center

Administration

Dean, Continuing Education: Richard Houseman

Associate Dean, Continuing Education: Darin Oviatt

Director, Classroom Programs: Jay Young

Manager: Mike Shamo

Department Information:

345 West North Temple Street, 3 Triad Center, Suite 300, Salt Lake City, UT 84101-3531

801-933-9400

WEBSITE

The BYU Salt Lake Center is operated by BYU Continuing Education and offers undergraduate courses for credit in Salt Lake City. Courses are offered during the day and evening to BYU admitted students, FlexGE students, Post-Bacc Prep, and visiting students. Conveniently located near Temple Square and other popular destinations, the Salt Lake Center can be reached by public transportation and offers free student parking. Class schedules are listed at slc.byu.edu and in the BYU class schedule. Admitted students can register for classes in MyMAP without any further clearance.

Students not admitted to BYU may take classes at the Salt Lake Center through the BYU FlexGE program if they earn a high school diploma (or equivalent), have a 2.0 GPA, obtain an ecclesiastical endorsement, and are citizens of the U.S.A. Most FlexGE students apply to BYU or another university as transfer applicants. For more information see the FlexGE section in this catalog or visit flexge.byu.edu.

Students admitted to BYU's Bachelor of General Studies (BGS) program may complete university core (religion and general education) and required emphasis courses at the Salt Lake Center without further clearance. For admission and program details see the Bachelor of General Studies section in this catalog.

The BYU Marriott School of Management EMBA (Executive Master of Business BYU) and the EMPA (Executive Master of Public Administration) programs are also offered at the Salt Lake Center. Evening and weekend scheduling enables these graduate students to earn a master's degree while also working full-time. For admission and program details, see the Graduate Studies Catalog.

Student Wellness Department

Student Wellness

Director: Nathan Ormsby
Course Coordinator: Jamal Willis

Department Information
112 Richards Building
(801) 422-6205
swellassistant@byu.edu

WEBSITE

SWELL & STAC
Student Wellness offers both SWELL & STAC courses. SWELL courses are introductory level academic classes that teach students skills and life-long behaviors to promote lasting health and wellness. SWELL courses are open enrollment activity classes that are directly connected to the Student Wellness department. STAC Courses are offered as limited enrollment courses for unique student groups (i.e. Intercollegiate Athletics and Extramural Sports).

Graduation Requirements

To receive a BYU bachelor's degree a student must complete, in addition to all requirements for a specific major, the following university requirements:

- The University Core, consisting of requirements in general and religious education. (For a complete listing of courses that meet university core requirements, see here.)
- At least 30 credit hours must be earned in residence on the BYU campus in Provo as an admitted day student
- A minimum of 120 credit hours
- A cumulative GPA of at least 2.0
- Be in good standing with the Honor Code Office

Students should see their college advisement center for help or information concerning the undergraduate programs.

Learning Outcomes

Title
Broad Understanding of Biology

Learning Outcome
Students will interpret relationships among living things and analyze and solve biological problems, from the molecular to ecosystem level using basic biological concepts, grounded in foundational theories.

Title
Computer Programming

Learning Outcome
Students will design computer programs to facilitate biological data analysis. (BYU AIMS 1,2,3)

Title
Research and Inquiry

Learning Outcome
Students will be able to conduct basic bioinformatics research. (BYU AIMS 2,3,4)

Program Requirements

Requirement 1 — Complete 7 Courses

BIO130 Biology - Biology 4.0

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 2.0

BIO166 Bio Skills: Workflows - Bio Skills: Workflows 1.0

BIO264 Stat Analysis for Biologists - Stat Analysis for Biologists 4.0

BIO364 Bioinformatics Algorithms - Bioinformatics Algorithms 3.0

BIO465 Capstone in Bioinformatics - Capstone in Bioinformatics 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PWS340 Genetics - Genetics 3.0

Requirement 2 — Complete 1 of 2 Courses

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

Requirement 3 — Complete 1 of 2 Courses

BIO364 Bioinformatics Algorithms - Bioinformatics Algorithms 3.0

C S418 Bioinformatics Algorithms - Bioinformatics Algorithms 3.0

Requirement 4 — Complete 7 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S235 Data Structures - Data Structures 3.0

C S240 Adv Software Construction -Adv Software Construction 4.0

C S474 Deep Learning - Deep Learning 3.0

MATH112 Calculus 1 - Calculus 1 4.0

Requirement 5 — Complete 1 of 2 Courses

C S270 Intro to Machine Learning - Intro to Machine Learning 3.0

C S312 Algorithm Design & Analysis - Algorithm Design & Analysis 3.0

Requirement 6 — Complete 8 Hours

Note: Up to 2 total credit hours of BIO 194, BIO 399R, and/or BIO 494R are allowed. Note: Either BIO 370 or PHIL 212R can be used to partially fulfill this requirement, but not both.

BIO129 Biology Teaching and Learning - Biology Teaching and Learning 1.0

BIO160 AI in Medicine - Artificial Intelligence in Medicine 1.0

BIO194 Intro to Mentored Research - Intro to Mentored Research 0.5

BIO470 History&Philosophy of Biology - History&Philosophy of Biology 3.0

BIO375 Plant Development and Morph. - Plant Development and Morph 3.0

BIO494R Mentored Research - Mentored Research - *You may take up to 2.0 credit hours* 0.5v

BIO510 Biological Systemat Curation - Biological Systemat Curation 2.0

BIO511 Lichenology - Lichenology 3.0

BIO520 Symbiosis - Symbiosis 3.0

BIO530 Advanced Genetic Analysis - Advanced Genetic Analysis 3.0

BIO541 Aquatic Entomology - Aquatic Entomology 4.0

BIO550 Behavioral Ecology - Behavioral Ecology 3.0

BIO556 Limnology - Limnology 3.0

BIO557 Stream & Wetland Ecology - Stream & Wetland Ecology 4.0

BIO560 Population Genetics - Population Genetics 4.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

CELL305 Human Physiology - Human Physiology 4.0

CELL360 Cell Biology - Cell Biology 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM481 Biochemistry - Biochemistry 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

MMBIO350 Genetic Counseling - Genetic Counseling 3.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO465 Virology - Virology 3.0

MMBIO368 Genomics - Genomics 3.0

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics - *You may take once* 3.0

PHIL212R Intro to Applied Ethics - Intro to Applied Ethics - *You may take once* 3.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

PWS446 Ornithology- Ornithology 3.0

PWS368 Genomics - Genomics 3.0

Requirement 5 — Complete 1 Course

BIO497 Field Exam and Exit Survey - Field Exam and Exit Survey 0.0

See catalog for recommended courses for career options in Botany, Preveterinary Medicine, and/or Premedical and Predental.

Wildlife & Wildlands Conservation (BS)

Program Information

Minimum Credit Hours
67

Maximum Credit Hours
67

Major Academic Plan
MAPS - BS in Wildlife & Wildlands Conservation 2026-2027.docx

Learning Outcomes

Title
Stewardship and Professional Judgement

Learning Outcome
Students will demonstrate professional judgment and stewardship of natural resources.

Title
Plant and Wildlife Identification

Learning Outcome
Identify wildland plants and wildlife species and describe how they function in the environment.

Title
Wildlands Management

Learning Outcome
Apply knowledge of plant and wildlife ecology to management of wildlands.

Title
ToolsTools, Techniques, and Application

Learning Outcome
Demonstrate ability to solve ecological and management problems by applying appropriate tools techniques analytical thought and the scientific method.

Title
Multi-disciplinary Teams

Learning Outcome
Be leaders in and important contributing members of multi-disciplinary teams.

Program Requirements

Requirement 1 — Complete 19 Courses

PWS100 Plants in the Environment - Plants in the Environment 3.0

PWS115 Intro to Wildlife & Wildlands - Intro to Wildlife & Wildlands 1.0

PWS135 Safety Certifications - Safety Certifications 1.0

PWS215 Principles of Range Management - Principles of Range Management 3.0

PWS225 Prin of Wildlife & Fishery Mgt - Prin of Wildlife & Fishery Mgt 3.0

PWS275 Genetics & Reproduction - Genetics & Reproduction 3.0

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS330 Range & Forest Plant ID & Ecol - Range & Forest Plant ID & Eco 3.0

PWS335 Comparative Animal Nutrition - Comparative Animal Nutrition 3.0

PWS344 Natural History of Wildlife - Natural History of Wildlife 3.0

PWS350 Rangeland and Wildlife Ecology - Rangeland and Widlife Ecology 3.0

PWS355 Range and Forest Veg Measures - Rangeland Veg Measurements 3.0

PWS357 Tech Wldlf Invstgn & Mgmnt - Tech Wldlf Invstgn & Mgmnt 3.0

PWS416 Range & Forest Rest and Manage - Range & Forest Rest and Manage 3.0

PWS417 Rangeland Planning & GIS - Rangeland Planning & GIS 3.0

PWS446 Ornithology - Ornithology 3.0

PWS447 Mammals of North America - Mammals of North America 3.0

PWS492 Wildlife Senior Seminar - Wildlife Senior Seminar 1.0

Requirement 2 —Complete 15 hours

Complete 15 elective credit hours from the following course list. With the help of your advisor, select courses to qualify for 2-3 federal job series (wildlife biologist, ecologist, range conservationist, GIS specialist, soil conservationist, botanist, fisheries biologist):

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO235 Field Botany - Field Botany 3.0

BIO 270 - Animal Restraint *This course is no longer available for registration* 1.0

BIO310 Comparative Animal Physiology - Comparative Animal Physiology 4.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO430 Plant Classif. & Identif. - Plant Classif. & Identif. 4.0

BIO441 Entomology - Entomology 3.0

BIO443 Ichthyology - Ichthyology 3.0

BIO445 Herpetology - Herpetology 4.0

BIO447 Mammalogy - Mammalogy 3.0

BIO450 Capstone in Biodiversity & Con - Capstone in Biodiversity & Con 3.0

BIO452 Marine Biology - Marine Biology 3.0

BIO525 Anim Disease, Zoonoses - Anim Disease, Zoonoses 3.0

BIO541 Aquatic Entomology - Aquatic Entomology 4.0

BIO556 Limnology - Limnology 3.0

BIO557 Stream & Wetland Ecology - Stream & Wetland Ecology 4.0

CELL382 Developmental Biology - Developmental Biology 3.0

GEOG211 Mapping Your World - Mapping Your World 3.0

GEOG212 Intro to GIS - Intro to GIS 3.0

GEOG306 Public Lands: Planning & Mgmt - Public Lands: Planning & Mgmt 3.0

GEOG412 Advanced GIS - Advanced GIS 3.0

PWS101 Cult Hist of Medicinal Plants - Cult Hist of Medicinal Plants 3.0

PWS270 Animal Husbandry - Animal Husbandry 3.0

PWS301 Plant Propagation - Plant Propagation 3.0

PWS303 Soils Conservation & Resources - Soils Conservation & Resources 3.0

PWS315 Conflict Resolution Mgt - Conflict Resolution Mgt 1.0

PWS324 Wildlife Law Enforcement - Wildlife Law Enforcement 3.0

PWS325 Fisheries & Wetlands Mgt - Fisheries & Wetlands Mgt 3.0

PWS411 Watershed Ecology & Management - Watershed Ecology & Management 3.0

PWS419 Forest Measures, Manage & Ecol - Forest Measures, Manage & Ecol 3.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

PWS511 Environmental Biophysics - Environmental Biophysics 4.0

PWS512 Range Landscape Ecology & GIS - Range Landscape Ecology & GIS 3.0

PWS547 Ungulate Conservation & Mgt - Ungulate Conservation & Mgt 2.0

PWS553 Restoration Ecology - Restoration Ecology 3.0

PWS554 Wildlife Behavioral Ecology - Wildlife Behavioral Ecology 3.0

Requirement 3 —Complete 1 Course

PWS375 Aquatic Policies & Laws - Aquatic Policies & Laws 3.0

Recommended Courses are not required to complete the program

Recommended courses for preprofessional track. These recommended preprofessional courses can be used to satisfy the elective credits above.

CELL120 Science of Biology - Science of Biology 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

Recommended Courses are not required to complete the program

One of the following courses is recommended:

CELL305 Human Physiology - Human Physiology 4.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

Recommended Courses are not required to complete the program

Students interested in GIS applications should consider a minor in geographic information systems (20-23 hours). See the Geography Department for details.

Biological Science Education (BS)

Program Information

Minimum Credit Hours
73

Maximum Credit Hours
74

Major Academic Plan
MAPS - BS in Biological Science Education 2026-2027.docx

Learning Outcomes

Title
Broad Understanding of Biology

Learning Outcome
Students will use basic biological concepts, grounded in the foundational theories, to interpret relationships among living things and to analyze and solve biological problems, from the molecular to ecosystem level. (BYU AIMS 1,2,3)

Title
PAES Standards

Learning Outcome
Students will apply theory to practice through learning, experimentation, critical analysis, practice, and reflection, and prepare for the PAES evaluation. (BYU AIMS 1-4)

Title
Instructional Design

Learning Outcome
Students will design and produce a written instructional unit that incorporates all ten principles of the Interstate New Teacher Assessment and Support Consortium (INTASC). (BYU AIMS 1-4)

Title
Preparation for Licensure

Learning Outcome
Students will meet the entry level standards for teacher licensure.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Students wishing to enter the Biological Science Education (BSE) program must declare the premajor, complete Bio 130, Bio 220, Chem 105, and Bio 276, and meet and maintain minimum GPA requirements of 2.85 in the major and 3.0 cumulative, prior to making application via educator.byu.edu. Students obtaining a teaching minor must also student teach at least one period in the minor, when available.

Requirement 1 — Complete 7 Courses

Biology core. NOTE: Bio 420, 421 must be taken at BYU.

BIO130 Biology - Biology 4.0

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PWS340 Genetics - Genetics 3.0

Requirement 2 — Complete 4 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

GEOL101 Introduction to Geology - Introduction to Geology 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 3 — Complete 1 of 4 Courses

BIO310 Comparative Animal Physiology - Comparative Animal Physiology 4.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

CELL360 Cell Biology - Cell Biology 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

Requirement 4 — Complete 1 of 7 Courses

BIO120 Field Biology - Field Biology 3.0

BIO235 Field Botany - Field Botany 3.0

BIO441 Entomology - Entomology 4.0

BIO443 Ichthyology - Ichthyology 3.0

BIO445 Herpetology - Herpetology 4.0

BIO447 Mammalogy - Mammalogy 3.0

PWS446 Ornithology - Ornithology 3.0

Requirement 5 — Complete 1 Course

BIO470 History&Philosophy of Biology - History&Philosophy of Biology 3.0

Requirement 6 — Complete 2 Requirements

Professional Education Component:

Requirement 6.1 — Complete 9 Courses

BIO276 Exploration of Tch in Biol Sci - Exploration of Tch in Biol Sci 3.0

BIO377 Tchg Mthds & Instrctn in Biol - Tchg Mthds & Instrctn in Biol 3.0

BIO378 Practicum in Biology Teaching - Practicum in Biology Teaching 1.0

BIO379 Classroom Mgt & Lab Safety - Classroom Mgt & Lab Safety 1.0

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

IP&T371 Integrating K-12 Ed Tec 1 - Integrating K-12 Ed Tec 1 1.0

IP&T373 Tching K-12 Online/Blended Lrn - Tching K-12 Online/Blended Lrn 1.0

SC ED350 Adolescent Development - Adolescent Development 2.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

Note 1: Application on educator.byu.edu, including FBI fingerprint and background clearance, must be completed prior to enrollment in Bio 276.

Note 2: Bio 377, 378, and 379 should be taken concurrently in the semester prior to taking Bio 476.

Note 3: Most states require the Biology Praxis Exam for employment in High School and the Middle Level Science Praxis Exam for teaching in grades 6-8.

Requirement 6.2 — Complete 12 hours

BIO476 Biology Student Teaching - Biology Student Teaching - *You may take up to 12.0 credit hours* 12.0

BIO496R Secondary Teaching Internship - Secondary Teaching Internship - *You may take up to 12.0 credit hours* 12.0

Requirement 7 —Complete 1 Course

BIO497 Field Exam and Exit Survey - Field Exam and Exit Survey 0.0

Recommended Courses are not required to complete the program

Although not required, these courses are recommended.

BIO235 Field Botany - Field Botany 3.0

BIO430 Plant Classif. & Identif. - Plant Classif. & Identif. 4.0

BIO441 Entomology - Entomology 4.0

BIO443 Ichthyology - Ichthyology 3.0

BIO445 Herpetology - Herpetology 4.0

BIO447 Mammalogy - Mammalogy 3.0

BIO452 Marine Biology - Marine Biology 3.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

GEOL103 Life of the Past - Life of the Past 3.0

GEOL112 Historical Geology - Historical Geology 4.0

MATH112 Calculus 1 - Calculus 1 4.0

PHSCS127 Descriptive Astronomy - Descriptive Astronomy 3.0

PHSCS137 Energy, Climate, Environment - Energy, Climate, Environment 3.0

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS446 Ornithology - Ornithology 3.0

Biodiversity & Conservation (BS)

Program Information

Minimum Credit Hours
58

Maximum Credit Hours
60

Major Academic Plan
MAPS - BS in Biodiversity & Conservation 2026-2027.docx

Learning Outcomes

Title
Broad Understanding of Biology

Learning Outcome
Students will use basic biological concepts, grounded in the foundational theories, to interpret relationships among living things and to analyze and solve biological problems, from the molecular to ecosystem level.

Title
Tools and Skill Development

Learning Outcome
Students will be able to conduct basic conservation biology research.

Title
Professional and Career Development

Learning Outcome
Students will demonstrate professionalism (e.g., scientific integrity, intellectual honesty) and competency (effective verbal and written communication, accurate knowledge base) required by employers or graduate school.

Program Requirements

Requirement 1 — Complete 11 Courses

BIO130 Biology- Biology 4.0

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO264 Stat Analysis for Biologists - Stat Analysis for Biologists 4.0

BIO350 Ecology - Ecology 3.0

BIO410 Con Bio- Conservation Biology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO450 Capstone in Biodiversity & Con - Capstone in Biodiversity & Con 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PWS340 Genetics - Genetics 3.0

Requirement 2 — Complete 2 hours

Complete at least 2.0 credit hours. More may be taken if desired but will not count toward the major credits.

BIO194 Intro to Mentored Research- Intro to Mentored Research 0.5

BIO399R Academic Internship - Academic Internship - *You may take once* 0.5v

BIO494R Mentored Research- Mentored Research - *You may take up to 2.0 credit hours* 0.5v

Requirement 3 — Complete 3 of 11 Courses

Biodiversity and conservation courses:

BIO235 Field Botany- Field Botany 3.0

BIO375 Plant Development and Morph. - Plant Development and Morph 3.0

BIO430 Plant Classif. & Identif. - Plant Classif. & Identif. 4.0

BIO441 Entomology - Entomology 4.0

BIO443 Ichthyology - Ichthyology 3.0

BIO445 Herpetology - Herpetology 4.0

BIO447 Mammalogy - Mammalogy 3.0

BIO452 Marine Biology - Marine Biology 3.0

BIO455 Plant Ecology - Plant Ecology 3.0

BIO520 Symbiosis - Symbiosis 3.0

PWS446 Ornithology - Ornithology 3.0

Requirement 4 — Complete 8 hours

Elective courses - complete AT LEAST 8.0 hours. (Note: Either BIO 370 or PHIL 212R can be used to partially fulfill this requirement, but not both.)

BIO120 Field Biology - Field Biology 3.0

BIO129 Biology Teaching and Learning - Biology Teaching and Learning 1.0

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 2.0

BIO166 Bio Skills: Workflows - Bio Skills: Workflows 1.0

BIO242 Curation of Biodiv. Coll.- Curation of Biodiversity Collections 1.0

BIO310 Comparative Animal Physiology - Comparative Animal Physiology 4.0

BIO368 Genomics - Genomics 3.0

BIO370 Bioethics - Bioethics 2.0

BIO470 History&Philosophy of Biology - History&Philosophy of Biology 3.0

BIO510 Biological Systemat Curation - Biological Systemat Curation 3.0

BIO511 Lichenology - Lichenology 3.0

BIO550 Behavioral Ecology - Behavioral Ecology 3.0

BIO555 Evolutionary & Ecol Modeling - Evolutionary & Ecol Modeling 2.0

BIO556 Limnology - Limnology 3.0

BIO557 Stream & Wetland Ecology - Stream & Wetland Ecology 4.0

BIO560 Population Genetics - Population Genetics 4.0

ECON440 Natrl Resources & Envir Econ - Natrl Resources & Envir Econ 3.0

GEOG211 Mapping Your World - Mapping Your World 3.0

GEOG212 Intro to GIS - Intro to GIS 3.0

GEOG303 Biogeography - Biogeography 3.0

MATH112 Calculus 1 - Calculus 1 4.0

MMBIO368 Genomics - Genomics 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics - *You may take once* 3.0

PWS282 Soil Science - Soil Science 3.0

PWS411 Watershed Ecology & Management - Watershed Ecology & Management 3.0

PWS419 Forest Measures, Manage & Ecol- Forest Measures, Manage & Ecol 3.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

PWS368 Genomics - Genomics 3.0

Requirement 5 —Complete 1 Course

BIO497 Field Exam and Exit Survey - Field Exam and Exit Survey 0.0

Nutritional Science (Minor)

Program Information

Minimum Credit Hours
16

Maximum Credit Hours
16

Learning Outcomes

Title
Research Design and Methods

Learning Outcome
Develop and conduct scientific research using appropriate design and ethical principles.

Title
Evaluate Evidence for the Role of Nutrition in Human Health

Learning Outcome
Critically evaluate, summarize, and present evidence for the role of nutrition in optimizing human health and preventing, managing, or treating chronic diseases.

Program Requirements

Requirement 1 — Complete 2 Courses

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

Requirement 2 — Complete 10 hours

After consulting with a faculty advisor,

NDFS201 Society Nutr Chronic Disease - Society Nutr Chronic Disease 3.0

NDFS305 Nutr Implications of Disease - Nutr Implications of Disease 4.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS333 Nutrition and Genes - Nutrition and Genes 3.0

NDFS380 International Nutrition - International Nutrition 3.0

NDFS399R Academic Internship - Academic Internship - *You may take up to 1.0 credit hours* 0.5v

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS410 Human Obesity - Human Obesity 3.0

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS434 Nutr Bio-organic Chemistry - Nutr Bio-organic Chemistry 4.0

NDFS435 Nutr Biochem & Metabolism - Nutr Biochem & Metabolism 4.0

NDFS494R Undergrad Research in N D F S - Undergrad Research in N D F S - *You may take up to 1.0 credit hours* 0.5v

Food Science (BS)

Program Information

Minimum Credit Hours
66

Maximum Credit Hours
69

Major Academic Plan
MAPS - BS in Food Science 2026-2027.docx

Learning Outcomes

Title
Food Chemistry and Analysis

Learning Outcome
Evaluate and explain the chemical changes occurring during food processing and storage, including reactions involving carbohydrates, protein and fats, and demonstrate proficiency in using laboratory techniques common to basic and applied food chemistry.

Title
Food Safety and Microbiology

Learning Outcome
Assess and differentiate the role of microorganisms in food processing, food preservation, and food safety with respect to pathogenic, spoilage, and fermentative microorganisms, and apply the basic elements of sanitation and quality assurance programs to understand and control microbial effects in food to ensure the safety of food. Strengthen students testimonies in God's understanding of microbiology and the role it plays in our overall health and well-being.

Title
Food Processing and Engineering

Learning Outcome
Describe and apply principles of engineering as they relate to converting agricultural commodities to the finished products seen on the grocery store shelf.

Title
Applied Food Science

Learning Outcome
Apply the principles and various facets of food science, including quality assurance and sensory evaluation, in practical situations, problem solving, and product development.

Title
Success Skills

Learning Outcome
Demonstrate the skills that lead to success in a food science career, including oral and written communication, problem solving, use of library resources, evaluating information, time management, leadership, ethical decision making, and life-long learning.

Title
Spiritually Strengthening

Learning Outcome
Appreciate food science knowledge that is bathed in the light of the restored gospel of Jesus Christ.

Title
Building Christlike character

Learning Outcome
Cultivate integrity, ethical problem-solving, and an attitude of stewardship over the earth's edible resources, looking to Jesus Christ as the perfect example.

Title
Lifelong learning and service

Learning Outcome
Develop a commitment among the next generation of food science professionals to serve in our family and communities. Have students present solutions to improve food safety and sustainability in an underserved area (nation, community, etc).

Program Requirements

Requirement 1 —Complete 14 Courses

Core requirements:

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS191 Careers in Food Science - Careers in Food Science 1.0

NDFS250 Essentials of Food Science - Essentials of Food Science 3.0

NDFS251 Essentials of Food Sci Lab - Essentials of Food Sci Lab 1.0

NDFS350 Food Analysis - Food Analysis 4.0

NDFS355 Food Process Engineering - Food Process Engineering 3.0

NDFS361 Food Microbiology - Food Microbiology 3.0

NDFS362 Food Processing - Food Processing 2.0

NDFS462 Food Reg & Qual Assr - Food Reg & Qual Assr 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 2 —Complete 1 of 2 Options

Complete one of the following tracks:

Option 2.1 —Complete 2 Requirements

A. Food Science Technical Track:

Requirement 2.1.1 —Complete 25 hours

CELL120 Science of Biology - Science of Biology 3.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM481 Biochemistry - Biochemistry 3.0

NDFS450 Food Chemistry - Food Chemistry 3.0

NDFS464 Food Sensory Evaluation - Food Sensory Evaluation 2.0

NDFS465 Food Product Development - Food Product Development 3.0

Requirement 2.1.2 —Complete 1 Course

MATH112 Calculus 1 - Calculus 1 4.0

Option 2.2 —Complete 5 Requirements

B. Food Industry Management Track:

Requirement 2.2.1 —Complete 5 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

STRAT488 Agribusiness Management 1 - Agribusiness Management 1 3.0

Requirement 2.2.2 —Complete 1 hour

More than 1.0 hours counts for elective credit only.

NDFS399R Academic Internship - Academic Internship - *You may take once* 0.5v

Requirement 2.2.3 —Complete 1 of 3 Courses

ENT 381 - Entrep Lecture Series 1.0

ENT382 Tech Entrep Lecture Series - Tech Entrep Lecture Series 1.0

MSB380 Executive Lectures - Executive Lectures 1.0

Requirement 2.2.4 —Complete 1 of 4 Courses

ENT301 Business Model Validation - Business Model Validation 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

NDFS450 Food Chemistry - Food Chemistry 3.0

NDFS465 Food Product Development - Food Product Development 3.0

Requirement 2.2.5 — Complete 1 Course

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

Recommended Courses are not required to complete the program

A. Food Science Technical Track - recommended courses (consult with a faculty advisor before selecting):

CHEM201 Chem Handling & Safe Lab Prac - Chem Handling & Safe Lab Prac 0.5

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

MFGEN355 Plastics Materials &Processing - Plastics Materials &Processing 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

PWS100 Plants in the Environment - Plants in the Environment 3.0

STDEV150 Public Speaking - Public Speaking 3.0

STDEV317 Job Search Strategies - Career Strategies 2.0

WRTG316 Technical Communication - Technical Communication 3.0

Recommended Courses are not required to complete the program

B. Food Industry Management Track - recommended courses (consult with a faculty advisor before selecting):

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

WRTG316 Technical Communication - Technical Communication 3.0

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

MFGEN479 Innovation & Entrepreneurship - Innovation & Entrepreneurship 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

NDFS450 Food Chemistry - Food Chemistry 3.0

NDFS464 Food Sensory Evaluation - Food Sensory Evaluation 2.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PWS100 Plants in the Environment - Plants in the Environment 3.0

STDEV150 Public Speaking - Public Speaking 3.0

Nutritional Science (BS)

Program Information

Minimum Credit Hours
60

Maximum Credit Hours
62

Major Academic Plan
MAPS - BS in Nutritional Science 2026-2027.docx

Learning Outcomes

Title
Nutritional Science Fundamentals

Learning Outcome
Identify the chemical structure of nutrients, their food sources, functions, and the scientific basis for nutrition requirements and dietary recommendations. Describe the processes of digestion, absorption, transport, and metabolism and the metabolic consequences of nutrient deficiencies, interactions, imbalances and toxicities.

Title
Diet in Health and Disease

Learning Outcome
Explain the role of dietary choices and interventions for optimizing health and preventing or ameliorating chronic disease and malnutrition.

Title
Nutritional Assessment

Learning Outcome
Assess nutritional status of individuals or populations.

Title
Research

Learning Outcome
Search, interpret, and summarize peer-reviewed scientific literature. Evaluate nutritional claims for accuracy. Design research for nutritional science that includes ethical considerations of using human and animal subjects.

Program Requirements

Requirement 1 — Complete 4 Courses

Core requirements:

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

NDFS194 Nutrition Research Fundamentls - Nutrition Research Fundamentls 1.0

NDFS435 Nutr Biochem & Metabolism - Nutr Biochem & Metabolism 4.0

Requirement 2 —Complete 6 hours

NDFS201 Society Nutr Chronic Disease - Society Nutr Chronic Disease 3.0

NDFS300 Med Nutr Therapy 1 - Med Nutr Therapy 1 4.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS333 Nutrition and Genes - Nutrition and Genes 3.0

NDFS380 International Nutrition - International Nutrition 3.0

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS410 Human Obesity - Human Obesity 3.0

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS440 Nutrition Educ & Counseling - Nutrition Educ & Counseling 3.0

Requirement 3 —Complete 6 hours

Note: No more than 3 credits combined from NDFS 390 R, NDFS 399R, or 494R can be applied to this requirement.

CELL360 Cell Biology - Cell Biology 3.0

HLTH345 Principles of Epidemiology - Principles of Epidemiology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

NDFS201 Society Nutr Chronic Disease - Society Nutr Chronic Disease 3.0

NDFS250 Essentials of Food Science - Essentials of Food Science 3.0

NDFS251 Essentials of Food Sci Lab - Essentials of Food Sci Lab 1.0

NDFS300 Med Nutr Therapy 1 - Med Nutr Therapy 1 4.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS333 Nutrition and Genes - Nutrition and Genes 3.0

NDFS380 International Nutrition - International Nutrition 3.0

NDFS390R Spec Topics in NDFS - Special Topics- *You may take once* 0.5v

NDFS399R Academic Internship - Academic Internship - *You may take once* 0.5v

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS410 Human Obesity - Human Obesity 3.0

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS440 Nutrition Educ & Counseling - Nutrition Educ & Counseling 3.0

NDFS494R Undergrad Research in N D F S - Undergrad Research in N D F S - *You may take once* 0.5v

PWS340 Genetics - Genetics 3.0

Requirement 4 —Complete 1 of 2 Courses

Prerequisite to CELL 305, required below:

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

Requirement 5 —Complete 11 Courses

CELL120 Science of Biology - Science of Biology 3.0

CELL305 Human Physiology - Human Physiology 4.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM481 Biochemistry - Biochemistry 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 6 —Complete 1 hour

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

Recommended Courses are not required to complete the program

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CHEM 223 - Quant & Qual Analy 4.0 - *This course is not longer available.*

HLTH345 Principles of Epidemiology - Principles of Epidemiology 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

Note: Professional schools and graduate programs may require additional courses not required for the major, such as Phscs 106, 107, 108, or Math 119 or 112. Students should contact the program to which they may apply to determine the specific courses required.

Dietetics (BS) *

Program Information

Minimum Credit Hours
77.5

Maximum Credit Hours
81.5

Major Academic Plan
MAPS - BS in Dietetics 2026-2027.docx

Learning Outcomes

Title
Scientific Evidence

Learning Outcome
Integrate scientific information and translate research into practice. (2022 ACEND Standards KRDN 1.1-1.3)

Title
Professional Practice

Learning Outcome
Demonstrate professionalism in beliefs, values, attitudes and behaviors, and communication. (2022 ACEND Standards KRDN 2.1-2.9)

Title
Nutrition Care Process

Learning Outcome
Explain and apply all areas of the nutrition care process. (2022 ACEND Standards KRDN 3.1-3.6)

Title
Management and Resource Use

Learning Outcome
Apply principles of management and systems in provision of services to individuals and organizations (2022 ACEND Standards KRDN 4.1-4.7)

Title
Leadership and Career Management

Learning Outcome
Develop leadership skills for professional growth as a nutrition and dietetics practioner. (2022 ACEND Standards KRDN 5.1-5.6)

Program Requirements
Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other

than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

Requirement 1 —Complete 10 Courses

COMPLETE THE FOLLOWING PREREQUISITE COURSES (TO BE COMPLETED BEFORE PROFESSIONAL SEQUENCE).

CELL305 Human Physiology - Human Physiology 4.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

NDFS100 Essentials of Human Nutrition - Essentials of Human Nutrition 3.0

NDFS200 Nutrient Metabolism - Nutrient Metabolism 3.0

NDFS250 Essentials of Food Science - Essentials of Food Science 3.0

NDFS251 Essentials of Food Sci Lab - Essentials of Food Sci Lab 1.0

NDFS290 Intro to Dietetics - Intro to Dietetics 1.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 2 —Complete 1 of 2 Courses

Complete 1 prerequisite course before professional sequence

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

Requirement 3 —Complete 1 of 2 Courses

Complete 1 prerequisite course before professional sequence

CHEM101 Introductory General Chemistry - Introductory General Chemistry 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

Requirement 4 —Complete 1 Options

Department Admission Requirements:

- Students must apply by February 15th for admission into the professional sequence in the fall. Four of the prerequisite courses in Requirement 1 (option 1.1 and 1.2) must be completed at time of application. Requirement 1 (option 1.1 and 1.2) must be completed at time of entrance into the professional sequence in the fall.

- Enrollment is limited to 40 students per year.

- Major GPA, dietetics-related experience, and letters of recommendation will be considered.

- Successful applicants typically have a major and cumulative GPA greater than 3.0 and nutrition, dietetics, and food science grades greater than B-.

- Applicants need at least 150 hours of dietetics-related work and/or volunteer experience.

Requirement 5 —Complete 16 Courses

Professional sequence courses (after being admitted into the program):

NDFS300 Med Nutr Therapy 1 - Med Nutr Therapy 1 4.0

NDFS356 Med Nutr Therapy 2 - Med Nutr Therapy 2 3.0

NDFS374 Food Prod Mgmt - Food Prod Mgmt 2.0

NDFS375 Food Production Mgmt Lab - Food Production Mgmt Lab 3.0

NDFS400 Community Nutrition - Community Nutrition 3.0

NDFS405 Nutrition Assessment Lab - Nutrition Assessment Lab 0.5

NDFS424 Nutrition Through Life Cycle - Nutrition Through Life Cycle 2.0

NDFS434 Nutr Bio-organic Chemistry - Nutr Bio-organic Chemistry 4.0

NDFS440 Nutrition Educ & Counseling - Nutrition Educ & Counseling 3.0

NDFS445 Foodservice Systems - Foodservice Systems 3.0

NDFS455 Financial Mgt in Dietetics - Financial Mgt in Dietetics 3.0

NDFS458 Mgmt in Dietetics - Mgmt in Dietetics 3.0

NDFS466 Adv Dietetics Prac - Adv Dietetics Prac 3.0

NDFS475 Res in Dietetics - Res in Dietetics 2.0

NDFS490 Professionalism in Dietetics - Professionalism in Dietetics 1.0

NDFS491 Internship Preparation - Internship Preparation 1.0

Requirement 6 —Complete 1 of 9 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

CELL120 Science of Biology - Science of Biology 3.0

CELL365 Pathophysiology - Pathophysiology 4.0

MKTG201 Marketing Management - Marketing Management 3.0

MSB250 Financial Management - Financial Management 3.0

NDFS237 Intro to Culinary Arts - Intro to Culinary Arts 2.0

NDFS310 Nutr & Metab Sports Exercise - Nutr & Metab Sports Exercise 3.0

NDFS380 International Nutrition - International Nutrition 3.0

STDEV150 Public Speaking - Public Speaking 3.0

Requirement 7 —Complete 1 of 3 Courses

ANTHR101 Culture and Human Experience - Cultural Anthropology 3.0

PSYCH111 Psychological Science - Psychological Science 3.0

SOC113 Multicultural America - Multicultural America 3.0

Recommended Minors: The following minors are very complementary to a dietetics major, but any area of interest could be considered: Business, Gerontology (see School of Family Life), International Development, Spanish.

Microbiology (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
19

Program Requirements

Note: Prerequisites for the following courses are required. They should be filled for students in a coupled major.

Requirement 1 — Complete 3 Courses

MMBIO151 Microbiology - Microbiology 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

Requirement 2 — Complete 2 of 7 Courses

Upper Level Courses:

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

MMBIO363 Microbial Ecology - Microbial Ecology 2.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

Requirement 3 — Complete 1 of 4 Courses

Upper Level Lab Course: (NOTE: Taking MMBIO 360 for Requirement 2 also fulfills Requirement 3. See advisement center.)

MMBIO365 Bacterial Pathogenesis Lab - Bacterial Pathogenesis Lab 1.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0

Molecular Biology (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
Molecular Biology Fundamentals

Learning Outcome
Understand and apply the principles and techniques of molecular biology which prepares students for further education and/or employment in teaching, basic research, or the health professions.

Title
Research Development and Practice

Learning Outcome
Formulate and carry out independent and collaborative research projects.

Title
Effective Communication

Learning Outcome
Communication skills in presenting their research findings through effective oral and written presentations.

Program Requirements

Requirement 1 — Complete 4 Courses

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO368 Genomics - Genomics 3.0

PWS340 Genetics - Genetics 3.0

Requirement 2 — Complete 6 hours

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 2.0

BIO264 Stat Analysis for Biologists - Stat Analysis for Biologists 4.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

BIO465 Capstone in Bioinformatics - Capstone in Bioinformatics 3.0

CELL360 Cell Biology - Cell Biology 3.0

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

Note: Be aware of prerequisites for the above courses (usually filled in a coupled major).

Microbiology (BS)

Program Information

Minimum Credit Hours
57

Maximum Credit Hours
60

Major Academic Plan
MAPS - BS in Microbiology 2026-2027.docx

Learning Outcomes

Title
Integrate Faith and Scientific Inquiry

Learning Outcome
Faculty will strive to prepare a new generation of microbiologists that are capable of excelling in careers of their choosing. Students will strive to deepen their faith in Jesus Christ and their understanding of His restored gospel as they learn the physiology, genetics, diversity, pathogenesis, immunology, and other aspects of microbial life. The program will encourage students to use existing knowledge and the scientific method to search for truth, gain a better understanding of God's creations, strengthen their faith and testimony of His divine purposes, and excel in their chosen career. Faculty and staff will strive to teach truth to deepen students' conviction that "there is no conflict between science and religion "; that "all truth is part of the gospel of Jesus Christ"; and recognize that "whatever principle of intelligence we attain unto in this life, it will rise with us in the resurrection"

Title
Cultivate Scientific Excellence

Learning Outcome
We will strive to cultivate scientific excellence through scholarly and experiential learning in an appropriate learning environment. Students will strive to develop a strong foundation in the principles of microbiology through rigorous coursework and hands-on laboratory experience, undergraduate research, and other inspiring learning opportunities. Faculty will strive to emphasize and reinforce vocabulary, analytical skills, logical reasoning, critical thinking, and effective scientific communication to students. Faculty and students will also strive to continually seek divine guidance and recognize that "research and education are religious responsibilities", and emphasize to students that "whether truth comes from a scientific laboratory or by revelation from the Lord, it is compatible"

Title
Foster Character and Ethical Leadership

Learning Outcome
Students will strive to demonstrate faith-based habits and character traits including charity, virtue, confidence, integrity, civility, and ethical decision-making in personal, familial, academic, and professional settings. The program will prepare students to become disciple-leaders who can address current and future health, environmental, and societal challenges with consistent moral clarity and a Christ-centered perspective.

Title
Prepare for Exemplary Lifelong Learning and Service

Learning Outcome
Students will be equipped with the tools, habits, knowledge, motivation, and gospel foundation for ongoing professional development and meaningful contributions to their family and communities after graduation. Graduates of the program will be prepared to pursue advanced education or careers in microbiology, healthcare, education, or other fields. Faculty and students will strive to exemplify and emulate the teachings of the Church of Jesus Christ of Latter-Day Saints by lifting others as they "go forth and serve" their families, communities, others, and the Lord; remembering that "when ye are in the service of your fellow beings ye are only in the service of your God".

Title
Build a Nurturing, Covenant-Belonging Community

Learning Outcome
Faculty and students will strive to "believe in, belong to and become like Jesus Christ", which will enable a supportive and inclusive environment where all students feel valued, respected, and part of a covenant community. All members of this community are invited to emulate the Savior and to honor their covenants by promoting belonging, collaboration, and mutual respect in their interactions.

Program Requirements

Requirement 1 — Complete 1 of 3 Courses

BIO130 Biology - Biology 4.0

CELL120 Science of Biology - Science of Biology 3.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

Requirement 2 —Complete 4 Courses

MMBIO151 Microbiology - Microbiology 4.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

Requirement 3 —Complete 12 hours

MMBIO360 Bacterial Genetics - Bacterial Genetics 4.0

MMBIO363 Microbial Ecology - Microbial Ecology 2.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO365 Bacterial Pathogenesis Lab - Bacterial Pathogenesis Lab 1.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO385 Phage Genetics - Phage Genetics 3.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0

Requirement 4 —Complete 4 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

PHSCS105 General Physics 1 - General Physics 1 3.0

Requirement 5 —Complete 1 of 2 Courses

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

Requirement 6 —Complete 1 of 2 Courses

MATH112 Calculus 1 - Calculus 1 4.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 7 —Complete 14 hours

A course used to fulfil requirements 1-6 may not be used to fulfil requirement 7. For certain elective courses, a limited number of credit hours can count towards this elective requirement.

Option 7.1 —Complete at least 10 hours up to 14 hours

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 2.0

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

BIO264 Stat Analysis for Biologists - Stat Analysis for Biologists 4.0

BIO350 Ecology - Ecology 3.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

CELL305 Human Physiology - Human Physiology 4.0

CELL325 Tissue Biology (with lab) - Tissue Biology (with lab) 3.0

CELL360 Cell Biology - Cell Biology 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM481 Biochemistry - Biochemistry 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

MMBIO110R Extremophiles - Extremophiles - *You may take once* 1.0

MMBIO122 Gen Biol: Health/Disease Lab - Gen Biol: Health/Disease Lab 1.0

MMBIO162R Careers in Biomed Sciences - Careers in Biomed Sciences - *You may take once* 1.0

MMBIO194 Phage Discovery - Phage Discovery 3.0

MMBIO195 Phage Comparative Genomics - Phage Comparative Genomics 3.0

MMBIO250 Careers in Genetic Counseling - Careers in Genetic Counseling 3.0

MMBIO294R Mentored Research - Mentored Research - *You may take up to 2.0 credit hours* 0.5v

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

MMBIO364 Bacterial Pathogenesis - Bacterial Pathogenesis 3.0

MMBIO365 Bacterial Pathogenesis Lab - Bacterial Pathogenesis Lab 1.0

MMBIO366 Microbial Ecology Lab - Microbial Ecology Lab 1.0

MMBIO390R Readings in Molecular Biology - Readings in Molecular Biology - *You may take up to 1.0 credit hours* 1.0

MMBIO399R Academic Internship - Academic Internship - *You may take up to 4.0 credit hours* 1.0v

MMBIO409 Hematology - Hematology 3.0

MMBIO411 Molecular Diagnostics - Molecular Diagnostics 3.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

MMBIO463 Immunology - Immunology 3.0

MMBIO465 Virology - Virology 3.0

MMBIO466 Virology Laboratory - Virology Laboratory 1.0

MMBIO467 Immunology Lab - Immunology Lab 1.0

MMBIO368 Genomics - Genomics 3.0

MMBIO471 Applied Microbiology - Applied Microbiology 2.0

MMBIO490R Molecular Biology Seminar - Molecular Biology Seminar - *You may take once* 1.0

MMBIO493R Curr and Instruct Practicum - Curr and Instruct Practicum - *You may take up to 2.0 credit hours* 2.0

MMBIO494R Advanced Mentored Research - Advanced Mentored Research - *You may take up to 2.0 credit hours* 0.5v

MMBIO510 Hist & Philos Micro & Mol Biol - Hist & Philos Micro & Mol Biol 2.0

MMBIO518 Select Pathogens - Select Pathogens 2.0

MMBIO522 Flow Cytometry - Flow Cytometry 2.0

MMBIO528 Scientific Literacy - Current Topics in Pathogenesis - *You may take once* 1.0

NDFS361 Food Microbiology - Food Microbiology 3.0

NDFS544 Food Fermentations - Food Fermentations 2.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PWS340 Genetics - Genetics 3.0

PWS365 Biogeochem - Biogeochem 3.0

PWS470 Genomic Analysis - Genomic Analysis 3.0 - *This course is no longer available.*

PWS514 Soil Microbiology - Soil Microbiology 2.0

Option 7.2 —Complete up to 4 hours

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

Requirement 8 —Complete 1 Course

MMBIO498 Reflections on Learning - Reflections on Learning 0.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

Requirement 8 —Complete 1 Course

MMBIO498 Reflections on Learning - Reflections on Learning 0.0

Medical Laboratory Science (BS) *

Program Information

Minimum Credit Hours
62

Maximum Credit Hours
62

Major Academic Plan
MAPS - BS in Medical Laboratory Science 2026-2027.docx

Learning Outcomes

Title
Laboratory Tests and Diagnostics

Learning Outcome
Students will understand and perform clinical laboratory tests in the areas of hematology, clinical chemistry, immunohematology, microbiology, serology/ immunology, coagulation, molecular diagnostics, and other emerging diagnostics.

Title
Clinical Professionalism

Learning Outcome
Students will demonstrate clinical professionalism through a commitment to continuing education, effective communication with members of the healthcare team, and the ethical practice of laboratory medicine.

Title
Laboratory Management and Organization

Learning Outcome
Students will develop foundational skills in supervising clinical laboratory testing procedures, applying quality assurance principles that comply with CLIA regulations and current industry standards.

Title
Medical Laboratory Science and the Gospel of Jesus Christ

Learning Outcome
Students will consider how the gospel of Jesus Christ influences their practice as medical laboratory scientists. They will also reflect on how the principles of medical laboratory science enhance their understanding of the gospel of Jesus Christ.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

Requirement 1 —Complete 13 Courses

Program Prerequisites:

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

MMBIO102 Intro Clin Lab Tec - Intro Clin Lab Tec 1.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

PWS340 Genetics - Genetics 3.0

Requirement 2 —Complete 10 Courses

Program courses:

MMBIO405 MLS Laboratory Operations - MLS Laboratory Operations 1.0

MMBIO406 Clinical Chemistry - Clinical Chemistry 4.0

MMBIO407 Clinical Microbiol - Clinical Microbiol 5.0

MMBIO409 Hematology - Hematology 3.0

MMBIO410 Hematology Laboratory - Hematology Laboratory 2.0

MMBIO411 Molecular Diagnostics - Molecular Diagnostics 3.0

MMBIO412 Immunohematology - Immunohematology 4.0

MMBIO418 Medical Parasitology - Medical Parasitology 2.0

MMBIO419 Clinical Parasitology Lab - Clinical Parasitology Lab 1.0

MMBIO491 Apps in Lab Medicn - Apps in Lab Medicn 1.0

Requirement 3 —Complete 2 hours

Complete an internship experience. Complete at least 2 hours from the following:

MMBIO496R Clinical Experience - Clinical Experience - *You may take once* 1.0v

Recommended Courses are not required to complete the program

Although not required, these courses are recommended.

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Neuroscience (BS)

Program Information

Minimum Credit Hours
66

Maximum Credit Hours
69

Major Academic Plan
MAPS - BS in Neuroscience 2026-2027.docx

Learning Outcomes

Title
Knowledge of the Discipline

Learning Outcome
Comprehend, apply, and synthesize knowledge of the discipline of neuroscience, and have the necessary knowledge and skills leading to successful employment or further schooling.

Title
Effective Scientific Analysis and Communication

Learning Outcome
Critically evaluate current scientific literature and effectively communicate ideas integrating research hypotheses and data.

Title
Experiential Learning

Learning Outcome
Apply the principles of neuroscience in a mentored research setting (449R), in an internship setting (496R), or in a laboratory skills and methods course setting (481).

Program Requirements

Requirement 1 — Complete 4 Courses

Major core courses:

NEURO205 Neurobiology - Neurobiology 3.0

NEURO360 Neuroanatomy - Neuroanatomy 2.0

NEURO460 Behavioral Neuroscience - Behavioral Neuroscience 3.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

Requirement 2 —Complete 4 Courses

Life sciences courses:

CELL120 Science of Biology - Science of Biology 3.0

CELL360 Cell Biology - Cell Biology 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

Requirement 3 —Complete 2 Courses

Psychology courses:

PSYCH111 Psychological Science - Psychological Science 3.0

PSYCH375 Cognition - Cognition 3.0

Requirement 4 —Complete 5 Courses

Chemistry courses:

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

Requirement 5 —Complete 1 of 2 Options

Complete ONE of the following physics course options:

Option 5.1 —Complete 2 Courses

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

Option 5.2 —Complete 3 Courses

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

PHSCS220 Intro Electricity & Magnetism - Intro Electricity & Magnetism 3.0

Requirement 6 —Complete 2 Courses

MATH112 Calculus 1 - Calculus 1 4.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 7 —Complete 1 hour

Complete at least 1.0 hour from the following courses. Off-campus internships (Neuro 399R) and on-campus research experiences (Neuro 449R) should be sought early in your BYU education. An approved internship application submitted to the neuroscience internship supervisor is required for Neuro 399R. Instructor permission is required for Neuro 349R and Neuro 449R.

NEURO349R Teaching Experience - Teaching Experience 1.0v

NEURO399R Academic Internship - Academic Internship 0.5-12.0

NEURO449R Neuro Research Experience - Neuro Research Experience 0.5-3.0

NEURO481 Neuroscience Laboratory - Neuroscience Laboratory 1.0

Requirement 8 —Complete 1 hour

Enroll in this course for two separate semesters to earn the required 1.0 credit.

NEURO455R Neuro Seminar - Neuro Seminar - *Take 2 times* 0.5

Requirement 9 —Complete 8 hours

Electives: Complete 8.0 hours from the following elective list. Courses taken to fulfill the requirements above cannot double count in this requirement.

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL565 Endocrinology - Endocrinology 3.0

CELL568 Biophysics - Biophysics 3.0

CHEM481 Biochemistry - Biochemistry 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

COMD213 Hearing Science & Acoustics - Hearing Science & Acoustics 3.0

ME EN552 Neuromechanics of Movement - Neuromechanics of Movement 3.0

NEURO390R Special Topics - Special Topics 1.0-3.0

NEURO420 Neuropathology - Neuropathology 3.0

NEURO420R Sen. Practicum: Comm Proj - Sen. Practicum: Comm Proj - *You may take once* 1.0v

NEURO455R Neuro Seminar - Neuro Seminar 0.5

NEURO481 Neuroscience Laboratory - Neuroscience Laboratory 1.0

PSYCH342 Psychopathology - Psychopathology 3.0

PSYCH370 Sensation and Perception - Sensation and Perception 3.0

PSYCH377 Cognitive Neurosci of Memory - Cognitive Neurosci of Memory 3.0

PSYCH382 Stress Psychobiology - Stress Psychobiology 3.0

PSYCH388 Drugs, Reward and Addiction - Drugs, Reward and Addiction 3.0

PWS340 Genetics - Genetics 3.0

Requirement 10 — Obtain confirmation from your advisement center that you have completed the following:

Complete an exit interview. Students will be contacted by the Neuroscience Center office during their last semester to complete this requirement.

Note 1: Neuro 349 R, Neuro 399R, Neuro 449R, Me En 552, and CELL 568 require the instructor's permission before enrolling.

Note 2: Professional schools and graduate programs may require additional courses not required for this major, such as physiology lab, physics labs, chemistry, calculus, or statistics. Contact the programs to which you may apply to determine the specific courses required. Students should work closely with the Life Science Advisement Center and BYU's Pre-Professional Advisement Center.

Note 3: The Neuroscience Center requires a minimum of 21 hours of neuroscience major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Biophysics (BS)

Program Information

Minimum Credit Hours
72.5

Maximum Credit Hours
73.5

Major Academic Plan
MAPS - BS in Biophysics 2026-2027.docx

Learning Outcomes

Title
Biophysics, Physiology, and Biochemistry Fundamentals

Learning Outcome
Apply key principles of biophysics toward evaluating and analyzing primary literature in the field. Be able to explain key concepts in physiology and biophysics (and supporting disciplines).

Title
Effective Analysis and Writing

Learning Outcome
Critically evaluate current scientific literature and demonstrate the ability to write reports that synthesize and integrate data and hypotheses.

Title
Laboratory Techniques

Learning Outcome
Demonstrate competency in carrying out standard laboratory techniques used in the discipline.

Program Requirements

Requirement 1 — Complete 6 Courses

Life sciences core courses:

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

CELL120 Science of Biology - Science of Biology 3.0

CELL360 Cell Biology - Cell Biology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

PWS340 Genetics - Genetics 3.0

Requirement 2 — Complete 22 hours

Chemistry courses. Note: Enroll in 2 credit hours of CHEM 353.

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors - Enroll for two credits 2.0v

CHEM468 Biophysical Chemistry - Biophysical Chemistry 3.0

CHEM481 Biochemistry - Biochemistry 3.0

Requirement 3 — Complete 6 Courses

Math and physics courses:

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

PHSCS220 Intro Electricity & Magnetism - Intro Electricity & Magnetism 3.0

PHSCS225 Intro to Experimental Physics - Intro to Experimental Physics 2.0

Requirement 4 — Complete 4 Courses

Major core courses:

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CELL455R Cell Bio & Physiology Seminar - Cell Bio & Physiology Seminar 0.5

CELL568 Biophysics - Biophysics 3.0

Requirement 5 — Complete 10 hours

Complete 10 hours from the following. At least 4 hours must come from the mentored experience and at least 5 hours from electives.

Option 5.1 — Complete at least 4 hours up to 5 hours

A. Mentored laboratory experience (must be in an approved biophysics lab) (at least 4 hours required):

CELL295R Introductory Undgrad Research - Introductory Undgrad Research - *You may take up to 5.0 credit hours* 0.5-2.0

CELL495R Adv Undergraduate Research - Adv Undergraduate Research - *You may take up to 5.0 credit hours* 0.5-4.0

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

Option 5.2 — Complete up to 6 hours

B. Electives (at least 5 hours required):

CELL365 Pathophysiology - Pathophysiology 4.0

CELL450R Readings in Cell Bio & Physiol - Readings in Cell Bio & Physiol 1.0-2.0

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL565 Endocrinology - Endocrinology 3.0

CHEM 223 - Quant & Qual Analy 4.0

CHEM227 Principles of Chem Analysis - Principles of Chem Analysis 4.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

CHEM489 Structural Biochemistry - Structural Biochemistry 3.0

CHEM581 Adv Biochemical Methodology 1 - Adv Biochemical Methodology 1 3.0

CHEM583 Adv Biochemical Methodology 2 - Adv Biochemical Methodology 2 3.0

CHEM584 Adv Biochemistry Methods 1 - Adv Biochemistry Methods 1 3.0

CHEM586 Adv Biochemistry Methods 2 - Adv Biochemistry Methods 2 3.0

EC EN301 Elements of Electrical Engr - Elements of Electrical Engr 3.0

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

PHSCS145 Experimental Methods - Experimental Methods 1.0

PHSCS230 Computational Physics Lab 1 - Computational Physics Lab 1.0

PHSCS240 Dsgn, Fabricatn, Sci Apparatus - Dsgn, Fabricatn, Sci Apparatus 2.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Cell Biology and Physiology (BS)

Program Information

Minimum Credit Hours
62.5

Maximum Credit Hours
62.5

Major Academic Plan
MAPS - BS in Cell Biology and Physiology 2026-2027.docx

Learning Outcomes

Title
Cell Biology Fundamentals

Learning Outcome
Apply key principles of cell biology toward evaluating and analyzing primary literature in the field. Be able to explain key concepts, including mechanisms by which cellular architecture and organization is developed and maintained and mechanisms by which cells undertake complex functions such as adhesion, polarity, signaling, division, motility, migration, and development.

Title
Physiology Fundamentals

Learning Outcome
Apply key principles of physiology toward evaluating and analyzing primary literature in the field. Be able to explain key concepts, including mechanisms of maintenance of homeostasis by physiologic control systems, mechanisms of communication among cells and organs, properties that influence movement of substances across living membranes, and relationships of cell and organ structure to function.

Title
Supporting Disciplines

Learning Outcome
Explain key principles of supporting disciplines including molecular biology, evolutionary science, chemistry (general, organic, and biochemistry), and physics.

Title
Effective Writing and Analysis

Learning Outcome
Critically evaluate current scientific literature and write reports that synthesize and integrate data and hypotheses.

Title
Laboratory Techniques

Learning Outcome
Demonstrate competency in carrying out standard laboratory techniques used in the discipline.

Program Requirements

Requirement 1 — Complete 8 Courses

Major core courses: (Note: MMBIO 121 or BIO 130 can be substituted for CELL 120 upon request. CELL 210 can be substituted for CELL 220 upon request.)

CELL120 Science of Biology - Science of Biology 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

CELL325 Tissue Biology (with lab) - Tissue Biology (with lab) 3.0

CELL360 Cell Biology - Cell Biology 3.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

CELL363 Adv Physiology Lab - Adv Physiology Lab 1.0

CELL382 Developmental Biology - Developmental Biology 3.0

CELL455R Cell Bio & Physiology Seminar - Cell Bio & Physiology Seminar 0.5

Requirement 2 — Complete 3 Courses

Additional biology courses:

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

PWS340 Genetics - Genetics 3.0

Requirement 3 — Complete 8 Courses

Chemistry and physics courses:

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM481 Biochemistry - Biochemistry 3.0

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

Requirement 4 — Complete 3 hours

Experiential learning options. Experiences should be sought early in your BYU education.

CELL295R Introductory Undgrad Research - Introductory Undgrad Research - *You may take up to 3.0 credit hours* 0.5-2.0

CELL349R Cell Bio & Physiology Teaching - Cell Bio & Physiology Teaching - *You may take up to 3.0 credit hours* 1.0-3.0

CELL399R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 1.0-9.0

CELL444 Bio-Innovation 1 - Bio-Innovation 1 2.0

CELL445 Bio-Innovation 2 - Bio-Innovation 2 2.0

CELL450R Readings in Cell Bio & Physiol - Readings in Cell Bio & Physiol - *You may take up to 3.0 credit hours* 1.0-2.0

CELL495R Adv Undergraduate Research - Adv Undergraduate Research - *You may take up to 3.0 credit hours* 0.5-4.0

LFSCI199R Nonresearch Academic Internshp - Nonresearch Academic Internshp - *You may take up to 1.0 credit hour* 0.5-3.0

STDEV132 Peer Education Level 1 - Peer Education Level 1 1.0

STDEV133 Peer Education Level 2 - Peer Education Level 2 1.0

Requirement 5 — Complete 1 of 8 Courses

Capstone courses:

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL562 Reproductive Physiology - Reproductive Physiology 3.0

CELL565 Endocrinology - Endocrinology 3.0

CELL568 Biophysics - Biophysics 3.0

CELL575 Physiology of Aging - Physiology of Aging 3.0

CELL582 Developmental Genetics - Developmental Genetics 3.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

Requirement 6 — Complete 6 hours

Elective courses. Courses taken to fulfill the requirements above cannot double count in this requirement.

BIO165 Introduction to Bioinformatics - Introduction to Bioinformatics 2.0

BIO166 Bio Skills: Workflows - Bio Skills: Workflows 1.0

BIO250 Evolutionary Medicine- Evolutionary Medicine 2.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

BIO368 Genomics - Genomics 3.0

BIO375 Plant Development and Morph. - Plant Development and Morph 3.0

CELL320 Dissection Tech Human Anatomy - Dissection Tech Human Anatomy 1.0

CELL365 Pathophysiology - Pathophysiology 4.0

CELL455R Cell Bio & Physiology Seminar - Cell Bio & Physiology Seminar - *You may take up to 3.0 credit hours* 0.5

CELL484 Human Embryology - Human Embryology 3.0

CELL498 Advanced Senior Research - Advanced Senior Research 3.0

CELL520R Adv Topics in Human Anatomy - Adv Topics in Human Anatomy 1.0-2.0

CELL550R Adv Topics-Cell Bio & Physiol - Adv Topics-Cell Bio & Physiol 1.0-4.0

CELL561 Physiology of Drug Mechanisms - Physiology of Drug Mechanisms 3.0

CELL562 Reproductive Physiology - Reproductive Physiology 3.0

CELL565 Endocrinology - Endocrinology 3.0

CELL568 Biophysics - Biophysics 3.0

CELL575 Physiology of Aging - Physiology of Aging 3.0

CELL582 Developmental Genetics - Developmental Genetics 3.0

C S111 Intro to Computer Science- Introduction to Computer Science 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

EXSC463 Exercise Physiology - Exercise Physiology 3.0

EXSC464 Exercise Physiology Lab - Exercise Physiology Lab 0.5

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO222 Gen Micro Lab - Gen Micro Lab 1.0

MMBIO261 Infection & Immunity - Infection & Immunity 3.0

MMBIO441 Adv Molecular Biology - Adv Molecular Biology 3.0

MMBIO442 Adv Molecular Biology Lab - Adv Molecular Biology Lab 2.0

MMBIO463 Immunology - Immunology 3.0

NEURO480 Cellular Neuroscience - Cellular Neuroscience 3.0

PWS272 Coding for Genetic Analysis- Coding for Genetic Analysis 3.0

PWS274 Applied Biostatistics- Applied Biostatistics 3.0

Professional schools and graduate programs may require additional courses not required for this major, such as physics labs, chemistry, calculus, or statistics. Contact the programs to which you may apply to determine the specific courses required. Students should work closely with the Life Science Advisement Center and BYU's Pre-Professional Advisement Center.

Plant and Landscape Systems (Minor)

Program Information

Minimum Credit Hours
17.5

Maximum Credit Hours
20

Program Requirements

Requirement 1 — Complete 4 Courses

PWS103 Residential Landscape Design - Residential Landscape Design 3.0

PWS191 Intro to PLS - Intro to PLS 1.0

PWS214 Bidding & Estimating - Bidding & Estimating 2.0

PWS282 Soil Science - Soil Science 3.0

Requirement 2 — Complete 1 of 2 Courses

PWS198R PLS Practicum - PLS Practicum - *You may take once* 0.5

PWS199R Academic Internship - Academic Internship - *You may take once* 0.5v

Requirement 3 — Complete 8 hours

After consulting with a faculty advisor, complete 8 hours from the following:

Option 3.1 — Complete up to 8 hours

Design:

PWS105 Landscape Design Graphics - Landscape Design Graphics 2.0

PWS112 Floral Design - Floral Design 3.0

PWS205 Landscape Comp Applications - Landscape Comp Applications 3.0

PWS213 Interior Plants & Landscapes - Interior Plants & Landscapes 3.0

PWS380 Advanced Landscape Design - Advanced Landscape Design 3.0

Option 3.2 — Complete up to 8 hours

Installation:

PWS211 Hardscape Materials - Hardscape Materials 2.0

PWS212 Principles of Irrigation - Principles of Irrigation 2.0

PWS220 Trees - Trees 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS319 Grasses in Urban & Natural Env - Grasses in Urban & Natural Env 3.0

Option 3.3 — Complete up to 8 hours

Maintenance:

PWS100 Plants in the Environment - Plants in the Environment 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS319 Grasses in Urban & Natural Env - Grasses in Urban & Natural Env 3.0

PWS431 Plant Health Diagnostics - Plant Health Diagnostics 3.0

Note 1: Electives need not be taken from the same emphasis to fill this requirement.

Note 2: PWS 100 will substitute for 3 hours under the elective requirement.

Environmental Science and Sustainability (Minor)

Program Information

Minimum Credit Hours
17

Maximum Credit Hours
18

Learning Outcomes

Title
Scientific Foundation

Learning Outcome
Possess a fundamental and applied knowledge of the biogeochemistry, ecology, plant biology, microbiology, and laws relating to soil and water conservation, quality, and pollution.

Title
The Scientific Method

Learning Outcome
Devise experiments with testable hypotheses addressing environmental concerns, problems, and solutions in the environment based on the interpretation of primary scientific literature and the scientific method.

Title
Environmental Measurements, Assessments, and Statistics

Learning Outcome
Conduct and design basic environmental quality measurements, site assessments, and statistics associated with resource management and conservation.

Title
Effective Communication

Learning Outcome
Write effectively and concisely both within and outside the environmental science discipline.

Title
Global Environmental Awareness and Stewardship

Learning Outcome
Foster and promote an environmental awareness, stewardship, and sustainability ethic to help all understand their influence on and spiritual connection to God's creations and Earth.

Title
Environmental Policy

Learning Outcome
Understand the inception, current state, and future needs of seminal environmental policies and laws.

Program Requirements

Requirement 1 — Complete 2 Courses

PWS150 Environmental Biology - Environmental Biology 3.0

PWS375 Aquatic Policies & Laws - Aquatic Policies & Laws 3.0

Requirement 2 — Complete 6 hours

Environmental Science and Core Courses: Students may enroll in PWS 494R more than once for a total of 3.0 credit hours

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS305 Watershed Ecology - Watershed Ecology 3.0

PWS306 Watershed Ecology Lab - Watershed Ecology Lab 1.0

PWS365 Biogeochem - Biogeochem 3.0

PWS366 Biogeochem Lab - Biogeochem Lab 1.0

PWS440 Plant Physiol Ecol - Plant Physiological Ecology 3.0

PWS480 Environmental Capstone - Environmental Capstone 3.0

PWS494R Mentored Learning Experience - Mentored Learning Experience - *You may take once* 0.5v

Requirement 3 — Complete 6 hours

Sustainability Core Courses:

BIO370 Bioethics - Bioethics 2.0

GEOG210 Intro to City Planning - Intro to City Planning 3.0

GEOG410 Urban Planning Methods - Urban Planning Methods 3.0

HIST290 Nature & History - Nature & History 3.0

HLTH322 Environmental Health - Environmental Health 3.0

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

IHUM280R Humanities & the Environment - Humanities & the Environment - *You may take once* 3.0

GCI300 Social Impact - Social Impact 3.0

POLI325 Pol of Wilds, Parks, & Lands - Pol of Wilds, Parks, & Lands 3.0

PWS110 Sustainable Food Crop Systems - Sustainable Food Crop Systems 3.0

PWS180 Global Climate Change - Global Climate Change 3.0

PWS417 Rangeland Planning & GIS - Rangeland Planning & GIS 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

Genetics, Genomics, & Biotechnology (BS)

Program Information

Minimum Credit Hours
59

Maximum Credit Hours
63

Major Academic Plan
MAPS - BS in Genetics, Genomics & Biotechnology 2026-2027.docx

Learning Outcomes

Title
Broad scientific mastery

Learning Outcome
Students will have shown a broad understanding of core molecular genetics concepts in molecular biology, genetics, cell biology, physiology, evolution, chemistry, and computational sciences.

Title
Discipline-specific mastery

Learning Outcome
Students will have shown a broad understanding of content in the field of genetics, including assembly of physical maps of genomes, sequencing methods and strategies, genome annotation and bioinformatics, comparative genomics, global gene expression profiling, and transgenic plant and animal technologies

Title
Molecular genetics laboratory skills

Learning Outcome
Students will have performed key molecular biology and biotechnology protocols, including DNA extraction, PCR, genetic mapping, gene isolation and cloning, DNA sequencing, and sequence analysis.

Title
Quantitative reasoning and analytical skills

Learning Outcome
Students will have learned the conceptual and technical languages to perform, and will be able to perform, quantitative and statistical analyses on discipline-specific datasets.

Title
Discipline-specific communication

Learning Outcome
Students will have analyzed, interpreted, and presented methodology and results of their own work and of others from discipline-specific primary literature.

Title
Act with Christ-like character

Learning Outcome
Students will have compared and contrasted popular-, scientific-, and gospel- expectations for ethical practice in research, data analysis, and biotechnology applications. They will have worked as part of a community of learners to help each other grow and learn together. This includes their learning to humbly respond to constructive feedback on their research and writing.

Title
Expertise to serve and learn

Learning Outcome
Students will have field-specific expertise to develop technologies, improve lives, promote health, and be responsible stewards in their personal and professional communities

Title
Faith and science

Learning Outcome
Students will have discriminated when scientific inquiry and faith in God and His eternal plan for His children can be mutually -exclusive and -strengthening.

Program Requirements

Requirement 1 —Complete 11 Courses

Core courses:

CELL360 Cell Biology - Cell Biology 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

PWS188 Intro to Genetics & Biotech - Intro to Genetics & Biotech 1.0

PWS272 Coding for Genetic Analysis - Coding for Genetic Analysis 3.0

PWS274 Applied Biostatistics - Applied Biostatistics 3.0

PWS288 Molecular Genetics Laboratory - Molecular Genetics Laboratory 3.0

PWS340 Genetics - Genetics 3.0

PWS368 Genomics - Genomics 3.0

Requirement 2 —Complete 3 hours

CELL120 Science of Biology - Science of Biology 3.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

Requirement 3 —Complete 1 of 2 Options

Option 3.1 —Complete 3 Requirements

A. GENETICS AND GENOMICS CORE TRACK:

Requirement 3.1.1 —Complete 6 Courses

Core Genetics and Genomics courses:

BIO250 Evolutionary Medicine - Evolutionary Medicine 2.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM481 Biochemistry - Biochemistry 3.0

PWS316 Scientific Writing Genetics - Scientific Writing Genetics 3.0

PWS472 Conservation Genomics - Conservation Genomics 3.0

Requirement 3.1.2 —Complete 1 of 4 Courses

Organismal Physiology course:

BIO310 Comparative Animal Physiology - Comparative Animal Physiology 4.0

CELL362 Advanced Physiology - Advanced Physiology 3.0

MMBIO461 Advanced Bacterial Physiology - Advanced Bacterial Physiology 3.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

Requirement 3.1.3 —Complete 9 hours

Option 3.1.3.1 — Complete at least 6 hours up to 9 hours

BIO220 Biological Diversity: Animals - Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants - Biological Diversity: Plants 4.0

BIO463 Genetics of Human Disease - Genetics of Human Disease 3.0

CELL382 Developmental Biology - Developmental Biology 3.0

MMBIO151 Microbiology - Microbiology 4.0

MMBIO360 Bacterial Genetics - Microbial Genetics 4.0

PWS301 Plant Propagation - Plant Propagation 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

PWS474 Bacterial Genomics - Bacterial Genomics 2.0

PWS586 Plant Cell Biology - Plant Cell Biology 3.0

PWS588 Metagenomics - Metagenomics 3.0

Option 3.1.3.2 - Complete up to 3 hours

PWS399R Research Internship - Research Internship

PWS494R Biotechnology Lab - Biotechnology Lab

Option 3.2 —Complete 4 Requirements

B. BUSINESS MINOR CORE TRACK:

Requirement 3.2.1 —Complete 6 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

STRAT488 Agribusiness Management 1 - Agribusiness Management 1 3.0

Requirement 3.2.2 —Complete 1 of 2 Courses

MKTG201 Marketing Management - Marketing Management 3.0

STRAT489 Agribusiness Management 2 - Agribusiness Management 2 3.0

Requirement 3.2.3 —Complete 1 of 2 Courses

ENT381 Entrep Lecture Series - Entrep Lecture Series 1.0

MSB380 Executive Lectures - Executive Lectures 1.0

Requirement 3.2.4 —Complete 1 of 2 Options

Option 3.2.4.1 —Complete 1 Course

PWS316 Scientific Writing Genetics - Scientific Writing Genetics 3.0

Option 3.2.4.2 —Complete 2 Courses

CELL444 Bio-Innovation 1 - Bio-Innovation 1 2.0

CELL445 Bio-Innovation 2 - Bio-Innovation II 2.0

Note: To complete a minor from the Marriott School of Business, students must take MKTG 201 in group 3.2.2 and one of the following: Math 110, Math 112, Math 116, Math 118, or IS 201.

Recommended Courses are not required to complete the program

Recommended Courses:

Recommended Courses are not required to complete the program

For preprofessional or graduate school preparation:

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

Recommended Courses are not required to complete the program

For students seeking employment in the biotech industry:

PWS199R Academic Internship - Academic Internship - *You may take once* 0.5v

Note: Contact the academic advisor to determine if R research in other departments may be applied to the 3.1.4.1 requirement.

Environmental Science and Sustainability (BS)

Program Information

Minimum Credit Hours
60

Maximum Credit Hours
60

Major Academic Plan
MAPS - BS in Environmental Science and Sustainability 2026-2027.docx

Learning Outcomes

Title
Scientific Foundation

Learning Outcome
Possess a fundamental and applied knowledge of the biogeochemistry, ecology, plant biology, microbiology, and laws relating to soil and water conservation, quality, and pollution.

Title
The Scientific Method

Learning Outcome
Devise experiments with testable hypotheses addressing environmental concerns, problems, and solutions in the environment based on the interpretation of primary scientific literature and the scientific method.

Title
Environmental Measurements, Assessments, and Statistics

Learning Outcome
Conduct and design basic environmental quality measurements, site assessments, and statistics associated with resource management and conservation.

Title
Effective Communication

Learning Outcome
Write effectively and concisely both within and outside the environmental science discipline.

Title
Global Environmental Awareness and Stewardship

Learning Outcome
Foster and promote an environmental awareness, stewardship, and sustainability ethic to help all understand their influence on and spiritual connection to God's creations and Earth.

Title
Environmental Policy

Learning Outcome
Understand the inception, current state, and future needs of seminal environmental policies and laws.

Program Requirements

Requirement 1 —Complete 2 Requirements

Environmental Science Core

Requirement 1— Complete 11 Courses

CHEM101 Introductory General Chemistry - Introductory General Chemistry 3.0

PWS155 Careers in Environmntl Science - Careers in Environmntl Science 1.0

PWS274 Applied Biostatistics - Applied Biostatistics 3.0

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS305 Watershed Ecology - Watershed Ecology 3.0

PWS306 Watershed Ecology Lab - Watershed Ecology Lab 1.0

PWS365 Biogeochem - Biogeochem 3.0

PWS366 Biogeochem Lab - Biogeochem Lab 1.0

PWS440 Plant Physiol Ecol - Plant Physiol Ecol 3.0

PWS480 Environmental Capstone - Environmental Capstone 3.0

Requirement 1.2— Complete 1 of 3 Courses

BIO130 Biology - Biology 4.0

CELL120 Science of Biology - Science of Biology 3.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

Requirement 2 —Complete 3 of 14 Courses

Sustainability Core. Complete 8-9 hours from the following courses

BIO370 Bioethics - Bioethics 2.0

GEOG210 Intro to City Planning - Intro to City Planning 3.0

GEOG410 Urban Planning Methods - Urban Planning Methods 3.0

HIST290 Nature & History - Nature & History 3.0

HLTH322 Environmental Health - Environmental Health 3.0

IAS220 Intro Devel Stu - Intro Devel Stu 3.0

IHUM280R Humanities & the Environment - Humanities & the Environment - *You may take once* 3.0

GCI300 Social Impact - Social Impact 3.0

POLI325 Pol of Wilds, Parks, & Lands - Pol of Wilds, Parks, & Lands 3.0

PWS110 Sustainable Food Crop Systems - Sustainable Food Crop Systems 3.0

PWS180 Global Climate Change - Global Climate Change 3.0

PWS375 Aquatic Policies & Laws - Aquatic Policies & Laws 3.0

PWS417 Rangeland Planning & GIS - Rangeland Planning & GIS 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

Requirement 3 —Complete 3 hours

Experiential Learning. Students may enroll in PWS 494R more than once for a total of 3.0 credit hours

PWS250 Field Ecology - Field Ecology 3.0

PWS292R Intro Mentored Learning - Intro Mentored Learning - *You may take once* 0.5v

PWS399R Research Internship - Research Internship - *You may take once* 0.5v

PWS494R Mentored Learning Experience - Mentored Learning Experience - *You may take up to 3.0 credit hours* 0.5v

Requirement 4 —Complete 18 hours

Complete 18 hours from the following option(s) with only 9.0 credit hours completed as 100 level courses. Note: all classes listed in Requirements 2, 3, and 4 are also approved general electives

Ecosystem Ecology Track

Complete the following: CHEM 285, GEOG 307, BIO 350, BIO 420, BIO 542, BIO 455, PWS 215, PWS 411, PWS 417, PWS 419, and PWS 472.

Sustainable Development Track

Complete the following: ECON 110, HLTH 480, IAS 220, IHUM 280R, MSB 375, MSB 381, and SOC 340.

Resource Conservation & Management Track

Complete the following: PWS 225, PWS 330, PWS 376, PWS 405, CE EN 414, CE EN 451, CHEM 201, GEOL 420/421, and HLTH 322.

Option 4.1 —Complete 18 hours

General Major Electives:

ACC200 Principles of Accounting - Principles of Accounting 3.0

BIO130 Biology - Biology 4.0

BIO235 Field Botany - Field Botany 3.0

BIO350 Ecology - Ecology 3.0

BIO420 Evolutionary Biology - Evolutionary Biology 4.0

BIO556 Limnology - Limnology 3.0

BIO557 Stream & Wetland Ecology - Stream & Wetland Ecology 4.0

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 3.0

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CELL120 Science of Biology - Science of Biology 3.0

CELL444 Bio-Innovation 1 - Bio-Innovation 1 2.0

CELL445 Bio-Innovation 2 - Bio-Innovation II 2.0

CFM 460 - Sustainable & Regulatory Build - *This course is no longer available* 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

CHEM 223 - Quant & Qual Analy - *This course is no longer available* 4.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM481 Biochemistry - Biochemistry 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

ENT381 Entrep Lecture Series - Entrep Lecture Series 1.0

ENT381 Entrep Lecture Series - Entrep Lecture Series 1.0

FIN201 Principles of Finance - Principles of Finance 3.0

GEOG101 Global Environment - Global Environment 3.0

GEOG212 Intro to GIS - Intro to GIS 3.0

GEOG303 Biogeography - Biogeography 3.0

GEOG306 Public Lands: Planning & Mgmt - Public Lands: Planning & Mgmt 3.0

GEOG307 Spatial Analysis of Envr Data - Spatial Analysis of Envr Data 3.0

GEOL101 Introduction to Geology - Introduction to Geology 3.0

GEOL111 Physical Geology - Physical Geology 4.0

GEOL420 Geological Field Methods - Geological Field Methods 3.0

GEOL421 Geological Mapping - Geological Mapping 3.0

GEOL435 Groundwater - Groundwater 3.0

HLTH324 Occupational Health & Safety - Occupational Health & Safety 3.0

HLTH480 International Health - International Health 3.0

IAS351R M U N Preparation - M U N Preparation - 3.0

MKTG201 Marketing Management - Marketing Management 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

MMBIO241 Molecular & Cellular Bio Lab - Molecular & Cellular Bio Lab 1.0

PHIL205 Intro to Logic/Crit Thinking - Intro to Logic/Crit Thinking 3.0

PHIL413R Topics in Ethics - Topics in Ethics - *You may take once* 3.0

PHSCS106 General Physics 2 - General Physics 2 3.0

PHSCS107 General Physics Lab 1 - General Physics Lab 1 1.0

PHSCS108 General Physics Lab 2 - General Physics Lab 2 1.0

PHSCS137 Energy, Climate, Environment - Energy, Climate, Environment 3.0

POLI321 Media in American Politics - Media in American Politics 3.0

POLI325 Pol of Wilds, Parks, & Lands - Pol of Wilds, Parks, & Lands 3.0

PWS100 Plants in the Environment - Plants in the Environment 3.0

PWS150 Environmental Biology - Environmental Biology 3.0

PWS215 Principles of Range Management - Principles of Range Management 3.0

PWS225 Prin of Wildlife & Fishery Mgt - Prin of Wildlife & Fishery Mgt 3.0

PWS272 Coding for Genetic Analysis - Coding for Genetic Analysis 3.0

PWS275 Genetics & Reproduction - Genetics & Reproduction 3.0

PWS303 Soils Conservation & Resources - Soils Conservation & Resources 3.0

PWS325 Fisheries & Wetlands Mgt - Fisheries & Wetlands Mgt 3.0

PWS330 Range & Forest Plant ID & Ecol - Range & Forest Plant ID & Eco 3.0

PWS331 Sci of Plant Pest Control - Sci of Plant Pest Control 3.0

PWS340 Genetics - Genetics 3.0

PWS344 Natural History of Wildlife - Natural History of Wildlife 3.0

PWS350 Rangeland and Wildlife Ecology - Rangeland and Widlife Ecology 3.0

PWS355 Range and Forest Veg Measures - Rangeland Veg Measurements 3.0

PWS402 Soils & Water in Urban Environ - Soils & Water in Urban Environ 3.0

PWS405 Environmental Chemistry Lab - Environmental Chemistry Lab 2.0

PWS411 Watershed Ecology & Management - Watershed Ecology & Management 3.0

PWS416 Range & Forest Rest and Manage - Range & Forest Rest and Manage 3.0

PWS419 Forest Measures, Manage & Ecol - Forest Measures, Manage & Ecol 3.0

PWS431 Plant Health Diagnostics - Plant Health Diagnostics 3.0

PWS472 Conservation Genomics - Conservation Genomics 3.0

PWS505 Aquatic&Terrestrial Biogeochem - Aquatic&Terrestrial Biogeochem 3.0

PWS511 Environmental Biophysics - Environmental Biophysics 4.0

PWS540 Plant Response Environment - Plant Response Environment 3.0

PWS551 Quantitative Ecology - Quantitative Ecology 3.0

PWS553 Restoration Ecology - Restoration Ecology 3.0

PWS560 Quantitative Environ Chemistry - Quantitative Environ Chemistry 2.0

Plant and Landscape Systems (BS)

Program Information

Minimum Credit Hours
67

Maximum Credit Hours
71.5

Major Academic Plan
MAPS - BS in Plant and Landscape Systems 2026-2027.docx

Learning Outcomes

Title
Landscape Management and the Gospel of Jesus Christ

Learning Outcome
Identify, reflect on, and articulate personally significant experiences that strengthen the desire to incorporate the gospel of Jesus Christ in managing and creating beautiful landscapes

Title
Career Preparation

Learning Outcome
Effectively compete for the best employment positions, including leadership in national organizations, which are available to college graduates, including self-employment.

Title
Landscape Practices

Learning Outcome
Lead and practice with a knowledge of landscape contracting at the local and national levels.

Title
Landscape Design, Construction, and Management

Learning Outcome
Demonstrate competence in each of the three main areas of landscape contracting: design, management and installation.

Title
Academic and Professional Preparation

Learning Outcome
Demonstrate preparation to excel in a variety of graduate programs related to landscape management.

Program Requirements
Requirement 1 — Complete 19 Courses

PWS100 Plants in the Environment - Plants in the Environment 3.0

PWS103 Residential Landscape Design - Residential Landscape Design 3.0

PWS110 Sustainable Food Crop Systems - Sustainable Food Crop Systems 3.0

PWS191 Intro to PLS - Intro to PLS 1.0

PWS198R PLS Practicum - PLS Practicum - *You may take once* 0.5

PWS211 Hardscape Materials - Hardscape Materials 2.0

PWS212 Principles of Irrigation - Principles of Irrigation 2.0

PWS214 Bidding & Estimating - Bidding & Estimating 2.0

PWS216 - Plant and Landscape Lighting 2.0

PWS220 Trees - Trees 3.0

PWS282 Soil Science - Soil Science 3.0

PWS283 Soil Science Lab - Soil Science Lab 1.0

PWS301 Plant Propagation - Plant Propagation 3.0

PWS319 Grasses in Urban & Natural Env - Grasses in Urban & Natural Env 3.0

PWS320 Sustainable Plant Systems - Sustainable Plant Systems 3.0

PWS331 Sci of Plant Pest Control - Sci of Plant Pest Control 3.0

PWS402 Soils & Water in Urban Environ - Soils & Water in Urban Environ 3.0

PWS431 Plant Health Diagnostics - Plant Health Diagnostics 3.0

PWS481 Plant Landscape Bus. Systems - Plant Landscape Bus. Systems 2.0

Requirement 2 — Complete 0.5 hours

PWS199R Academic Internship - Academic Internship - *You may take once* 0.5v

Requirement 3 — Complete 3 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

ENT381 Entrep Lecture Series - Entrep Lecture Series 1.0

MKTG201 Marketing Management - Marketing Management 3.0

Requirement 4 — Complete 1 of 2 Courses

CHEM101 Introductory General Chemistry - Introductory General Chemistry 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

Requirement 5 — Complete 3 of 6 Courses

BIO235 Field Botany - Field Botany 3.0

PWS105 Landscape Design Graphics - Landscape Design Graphics 2.0

PWS112 Floral Design - Floral Design 3.0

PWS205 Landscape Comp Applications - Landscape Comp Applications 3.0

PWS213 Interior Plants & Landscapes - Interior Plants & Landscapes 3.0

PWS380 Advanced Landscape Design - Advanced Landscape Design 3.0

Requirement 6 — Complete 1 of 4 Courses

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

A BUSINESS MINOR IS STRONGLY RECOMMENDED

For students planning to pursue a master's degree in landscape architecture (MLA), the following courses are also recommended: Bio 350; CFM 105; Geog 212, 310, 422; PWS 380.

For students planning to pursue a master's degree in (MS) the following courses are recommended: Chem 106, 107, 351, 352, 481; Engl 316; Math 119 or Stat 121; Phscs 105, 106; PWS 440, 513.

Learning Outcomes

Title
Strengthened Testimony of Jesus Christ and His Restored Gospel

Learning Outcome
"Behold, I am Jesus Christ, whom the prophets testified shall come into the world. … I am the light and the life of the world." 3 Nephi 11:10–11. Deepen faith and personal testimony of Jesus Christ, the truth of His restored gospel, and the teachings of His anointed servants. Let this testimony drive your character, choices, and leadership.

Title
Mastery of the Principles and Tools of Business and Accounting

Learning Outcome
"Wisdom is the principal thing; therefore get wisdom: and with all thy getting get understanding." Proverbs 4:7. Deeply understand and expertly apply principles and tools of measurement, control, reporting, analysis, compliance, decision-making, and ethical conduct. Confidently use technology to create value. Recognize and value the work of accounting as a professional stewardship for the blessing of individuals, organizations, and communities.

Title
Character Driven by Integrity, Respect, and Resilience

Learning Outcome
"Let integrity and uprightness preserve me; for I wait on thee." Psalm 25:21. Commit to the execution of professional stewardship with Christ-centered integrity, accountability, and respect for all. Develop a character, rooted in humility, that values diverse perspectives, perseveres through challenges with resilience, and seeks to elevate others.

Title
Commitment to Lifelong Learning and Service

Learning Outcome
"Seek learning, even by study and also by faith." D&C 88:118. Become a self-directed learner who seeks ongoing growth in both secular and spiritual knowledge. Adapt to change, welcome new ideas, and pursue inspired innovation with faith, curiosity, and a desire to serve.

Program Requirements

Requirement 1 —Complete 3 Courses

Prerequisite courses:

ACC200 Principles of Accounting - Principles of Accounting 3.0

ACC310 Principles of Acctg 2 - Principles of Acctg 2 3.0

IS201 Intro to Information Systems - Intro to Information Systems 3.0

A.) A minimum of a B grade is required in ACC 200 and ACC 310 to apply. B.) Students can begin accounting major courses only Fall semester.

Requirement 2 —Complete 6 Courses

ACC241 Business Law - Business Law 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

IS110 Spreadsheets & Bus Analysis - Spreadsheets & Bus Analysis 1.0

M COM320 Management Communication - Management Communication 3.0

MKTG201 Marketing Management - Marketing Management 3.0

Requirement 3 —Complete 11 Courses

Junior Core courses:

ACC401 Bus & Acc Info Systems - Bus & Acc Info Systems 3.0

ACC402 Cost & Managerial Accounting - Cost & Managerial Accounting 3.0

ACC403 Interm Financial Accounting 1 - Interm Financial Accounting 1 3.0

ACC504 Financial Accounting 2 - Financial Accounting 2 3.0

ACC405 Fundamentals of Taxation - Fundamentals of Taxation 3.0

ACC406 Financial Statement Auditing - Financial Statement Auditing 3.0

ACC407 Accounting Technnology - Accounting Technology 3.0

ACC408 Critical Thinking - Critical Thinking 1.5

ACC409 Integrated Topics - Integrated Topics 1.5

ACC410 Acct. Prof. Development I - Acct. Prof. Development I 1.5

ACC411 Acct. Prof. Development II - Acct. Prof. Development II 1.5

Requirement 4 —Complete 4 Courses

Business Core courses:

FIN402 Managerial Finance - Managerial Finance 3.0

HRM391 Organizational Effectiveness - Organizational Effectiveness 3.0

PSE571 Ethics for Accounting - Ethics for Accounting 3.0

STRAT392 Strategy and Economics - Strategy and Economics 3.0

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Complete Marriott School exit survey online.

Degree Map Narrative

BYU Marriott majors are limited-enrollment programs and the application process is competitive. For assistance in preparing for the application process, it is highly recommended that students visit the BYU Marriott Undergraduate Advisement Center. Applicants may apply to the BYU Marriott School of Business as soon as they have completed the

prerequisite courses. Most applicants apply after their sophomore year. Each program starts at the beginning of a new academic year. Deadline to apply for Fall is the last working day of June by 4:30 p.m.

THE DISCIPLINE

Accounting has been called the language of business in which accountants control, analyze, report, and utilize financial and other data of an enterprise to make critical business decisions. A good understanding of accounting principles and practices can serve as the basis for a career in any business field.

CAREER OPPORTUNITIES

Accountants provide critical input and guidance in profit-seeking organizations, service and charitable organizations, educational institutions, government, public accounting firms, and indeed, in any organization that exists today.

GENERAL INFORMATION

Students are encouraged to apply to BYU Marriott as soon as they have completed the prerequisite courses. For more information about the accounting program, visit https://marriottschool.byu.edu/acc/

APPLICATION INFORMATION

All students entering BYU Marriott commence their study at the beginning of fall semester. Students applying at the end of their freshman year will be admitted to begin the fall semester of their junior year. Admission is based on the following: Prerequisite GPA, Essay, Review of overall academic record, Professionalism, Prerequisite courses must be completed before the application deadline. Any application with a prerequisite GPA below a 3.0 will not be considered. When prerequisite GPA is calculated, repeated or transferred courses will be discounted.

**Applicants must receive at least a B in both ACC 200 and ACC 310 in order to be eligible to apply. Note: Repeating of any prerequisite course to improve grades is permissible, but they will be discounted one third of a grade point (e.g., A to A-, A- to B+, etc.).Any application with a prerequisite GPA below a 3.0 will not be considered. When prerequisite GPA is calculated, repeated or transferred courses will be discounted.

**Applicants must receive at least a B in both ACC 200 and ACC 310 in order to be eligible to apply. Note: Repeating of any prerequisite course to improve grades is permissible, but they will be discounted one third of a grade point (e.g., A to A-, A- to B+, etc.).

TRANSFER INFORMATION

Transfer equivalencies for the following courses will not be considered: ACC 310, FIN 201, IS 201, and M COM 320.

Leave of Absence

If a student must leave the program for a mission, military service, or other reason, a leave of absence request form is required. A prompt return to the program is required. Students who have interrupted their SOA education for more than two years without prior approval will be required to meet the requirements of the program in effect at re-acceptance.

Note 1

Upper division accounting class credits earned prior to five years before graduation may not be used to meet specific graduation requirements for the BS degree.

BS ACCOUNTING CONCURRENT WITH MAcc

The first year of the SOA program must be completed with a minimum 3.0 GPA to be eligible to apply for continuation into the Master of Accountancy program. The business core courses are replaced by the MAcc graduate core. Students planning to pursue a Master of Accountancy degree should not take the undergraduate business core courses.

Accounting (BS): Tax Emphasis

Program Information

Minimum Credit Hours
64

Maximum Credit Hours
64

Learning Outcomes

Title
Stronger Testimony of Jesus Christ

Learning Outcome
Express a stronger testimony of Jesus Christ and of His gospel.

Title
Master Accounting and Business Content

Learning Outcome
Evaluate information objectively through research data analysis and technical knowledge resulting in high quality professional judgments.

Title
Use Technology

Learning Outcome
Develop proficiency and demonstrate curiosity using technology to solve problems and enhance performance.

Program Requirements

Requirement 1 — Complete 3 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

ACC310 Principles of Acctg 2 - Principles of Acctg 2 3.0

IS201 Intro to Information Systems - Intro to Information Systems 3.0

Requirement 2 — Complete 6 Courses

Note: Where possible, it is recommended that these courses be taken before entering the Junior Core.

ACC241 Business Law - Business Law 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

IS110 Spreadsheets & Bus Analysis - Spreadsheets & Bus Analysis 1.0

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

MKTG201 Marketing Management - Marketing Management 3.0

Requirement 3 — Complete 11 Courses

Junior Core courses:

ACC401 Bus & Acc Info Systems - Bus & Acc Info Systems 3.0

ACC402 Cost & Managerial Accounting - Cost & Managerial Accounting 3.0

ACC403 Interm Financial Accounting 1 - Interm Financial Accounting 1 3.0

ACC504 Financial Accounting 2 - Financial Accounting 2 3.0

ACC405 Fundamentals of Taxation - Fundamentals of Taxation 3.0

ACC406 Financial Statement Auditing - Financial Statement Auditing 3.0

ACC407 Accounting Technnology - Data Analytics in Accounting 3.0

ACC408 Critical Thinking - Critical Thinking 1.5

ACC409 Integrated Topics - Integrated Topics 1.5

ACC410 Acct. Prof. Development I - Acct. Prof. Development I 1.5

ACC411 Acct. Prof. Development II - Acct. Prof. Development II 1.5

Requirement 4 — Complete 4 Courses

Complete Integrated Business Core Courses:

FIN520 Business Finance - Business Finance 3.0

HRM540 Organizational Effectiveness - Organizational Effectiveness 3.0

PSE571 Ethics for Accounting - Ethics for Accounting 3.0

STRAT560 Strategy and Economics - Strategy and Economics 3.0

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Complete Marriott School exit survey online.

MAPS - BS in Information Systems 2026-2027.docx

Learning Outcomes

Title
Gain a Knowledge of Information Systems and Business

Learning Outcome
Apply knowledge of information systems as well as general business to bridge the gap between technical and business personnel.

Title
Create and Manage Organizational Technical Functions

Learning Outcome
Acquire, deploy, maintain, and manage information technology systems infrastructure security resources and services.

Title
Make Informed Business and Technical Decisions

Learning Outcome
Make informed business and technical decisions and solve unstructured problems in a rapidly changing environment.

Title
Develop Lifelong Learning Skills

Learning Outcome
Pursue lifelong learning.

Program Requirements

Requirement 1 — Complete 2 Requirements

Prerequisite courses: These courses are used in determining admission to the undergraduate Information Systems program.

Requirement 1.1 —Complete 2 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

IS201 Intro to Information Systems - Intro to Information Systems 3.0

Requirement 1.2 —Complete 1 of 2 Courses

C S111 Intro to Computer Science - Intro to Computer Science 3.0

IS303 Intro Computer Programming - Intro Computer Programming 3.0

Apply and be formally accepted into the program.

Requirement 2 —Complete 6 Courses

Note: It is strongly recommended that STAT 121 be completed before entering the IS core. It is strongly encouraged to have M COM 320 completed before the IS core.

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

IS110 Spreadsheets & Bus Analysis - Spreadsheets & Bus Analysis 1.0

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

MKTG201 Marketing Management - Marketing Management 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 3 —Complete 7 Courses

IS401 Proj management & sys design - Proj Management & Sys Design 3.0

IS402 Database Systems - Database Systems 3.0

IS403 Prin of Business Programming - Prin of Business Programming 3.0

IS404 IT Infrastructure - IT Infrastructure 3.0

IS414 IS Security & Controls - IS Security & Controls 3.0

IS455 Predictive AI - Predictive AI 3.0

IS456 Agentic AI in Business - Agentic AI in Business 3.0

Requirement 4 — Complete 2 of 22 Courses

IS413 Enterprise Application Devel - Enterprise Application Devel 3.0

IS415 Exploratory Data Analysis - Exploratory Data Analysis 3.0

IS515 Adv Spreadsheets Bus Analysis - Adv Spreadsheets Bus Analysis 3.0

IS520 Spreadsheet Automation - Spreadsheet Automation 3.0

IS531 Enterprise Infrastructure - Enterprise Infrastructure 3.0

IS537 Data Structures - Data Structures 3.0

IS542 Web Development - Web Development 3.0

IS543 Mobile Platform Development - Mobile Platform Development 3.0

IS551 User Experience Design - User Experience Design 3.0

IS554 Investigative Analytics - Investigate Analytics 3.0

IS555 Data Science for Organizations - Data Science for Organizations 3.0

IS556 Data Engineering - Data Engineering 3.0

IS560 Information Security Mngmnt - Information Security Mngmnt 3.0

IS562 IS Product Management - IS Project Management 3.0

IS565 Digital Forensics for Orgnztns - Digital Forensics for Orgnztns 3.0

IS566 Advanced Database - Advanced Database Management 3.0

IS567 Cybersecurity & Pen Testing - Cybersecurity & Pen Testing 3.0

IS571 Academic Research in IS - Academic Research in I Sys 3.0

IS581 Managing a Software Startup - Managing a Software Startup 3.0

IS582 Tech Strategy and Leadership - Tech Strategy and Leadership 3.0

IS590R Seminar in Information Systems - Network Administration - *You may take once* 3.0

Requirement 5 —Complete 5 Courses

Business Core courses:

GSCM201 Intro Global Supply Chain Mgt - Intro Global Supply Chain Mgt 1.5

GSCM211 Intro to GSCM International - Intro to GSCM International 1.5

HRM391 Organizational Effectiveness - Organizational Effectiveness 3.0

PSE390 Ethics for Management - Ethics for Management 3.0

STRAT392 Strategy and Economics - Strategy and Economics 3.0

ENT382 Tech Entrep Lecture Series - Tech Entrep Lecture Series 1.0

MSB380 Executive Lectures - Executive Lectures 1.0

GCI381R Social Impact Lectures - Social Impact Lectures 1.0

Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:

Complete Marriott School exit survey online.

Entrepreneurial Management (BS) *

Program Information

Minimum Credit Hours
64

Maximum Credit Hours
64

Major Academic Plan
MAPS - BS in Entrepreneurial Management 2026-2027.docx

Learning Outcomes

Title
Entrepreneurial Mindset & Lifelong Learning

Learning Outcome
Embrace a mindset of creation, growth, and learning-viewing innovation as a disciplined process of experimentation and a calling to bless others throughout life.

Title
Strategic Innovation & Market Insight

Learning Outcome
Analyze and respond to customer needs, market dynamics, and competitive conditions through strategic positioning, interdisciplinary innovation, and go-to-market planning.

Title
Evidence-Driven Venture Creation

Learning Outcome
Design, test, and refine early-stage ventures through lean experimentation, data analytics, and iterative validation using real-world evidence.

Title
Collaborative Teamwork & Communication

Learning Outcome
Collaborate in diverse teams with humility, mutual respect, and shared ownership, while communicating ideas persuasively to customers, investors, and collaborators.

Title
Faith-Informed Ethical Stewardship

Learning Outcome
Lead ventures with Christ-centered integrity by aligning decisions with gospel values such as service, humility, truth-seeking, and stewardship of people, ideas, and resources.

Business Management (BS) *

Program Information

Minimum Credit Hours
60

Maximum Credit Hours
60

Major Academic Plan
MAPS - BS in Business Management 2026-2027.docx

Learning Outcomes

Title
Demonstrate Foundational Knowledge Across Business Disciplines

Learning Outcome
Graduates will demonstrate a broad and integrated understanding of core business functions (accounting, finance, marketing, operations, human resources, strategic management, etc.) and how these areas contribute to christlike leadership and organizational effectiveness.

Title
Demonstrate Christlike Leadership and Collaborative Teamwork

Learning Outcome
Graduates will lead with integrity, empathy, and moral courage. They will collaborate effectively in diverse teams, demonstrating respect, humility, faith, and a commitment to uplifting others--consistent with gospel-centered leadership principles.

Title
Think Critically and Strategically to Solve Business Problems

Learning Outcome
Graduates will approach complex business challenges with disciplined inquiry, creativity, and strategic insight. They will use evidence-based frameworks to solve problems in ways that reflect both analytical excellence and moral discernment.

Title
Make Ethical, Data-Informed, and Faith-Consistent Decisions

Learning Outcome
Graduates will integrate spiritual values with analytical tools and technologies to make responsible, ethical decisions. They will demonstrate accountability, transparency, and respect for others as stewards in their organizations and communities.

Title
Communicate with Clarity, Compassion, and Conviction

Learning Outcome
Graduates will communicate effectively and professionally--through writing, speaking, and interpersonal interactions--guided by honesty, charity, and a commitment to truth.

Title
Demonstrate Global Awareness, Adaptability, and Lifelong Purpose

Learning Outcome
Graduates will recognize and thoughtfully respond to the moral, cultural, and economic complexities of a global business environment. They will continue learning and growing throughout life, striving to contribute meaningfully to their organizations, families, communities, and the world.

Global Supply Chain Management (BS) *

Program Information

Minimum Credit Hours
64

Maximum Credit Hours
64

Major Academic Plan

MAPS - BS in Global Supply Chain Management 2026-2027.docx

Learning Outcomes

Title
Principled Leadership & Ethical Decision-Making

Learning Outcome
Students will make principled supply chain decisions grounded in faith, integrity, stewardship, and respect for all people, guided by professional and ethical standards and a commitment to serve others worldwide.

Title
End-to-End Supply Chain Systems Excellence

Learning Outcome
Students will apply common supply chain frameworks and tools to analyze and improve end-to-end global supply chain systems that create and deliver value. Focus areas include purchasing and supply management, production and operations management, quality and continuous improvement, data analytics and AI, logistics and inventory management, product management, and strategic supply chain consulting.

Title
Strategic Alignment & Global Collaboration

Learning Outcome
Students will communicate and collaborate effectively to align supply chain relationships and processes strategically across organizations and cultures.

Title
Analytical Insight & Decision Quality

Learning Outcome
Students will analyze and interpret data using appropriate analytical tools and methods to generate actionable insights, evaluate tradeoffs, and guide sound supply chain decisions.

Title
Digital Integration & Human–Technology Coordination

Learning Outcome
Students will integrate supply chain processes, information systems, and technologies to enable effective planning and execution through human–technology coordination.

GSCM412 Operations Analytics - Operations Analytics 3.0

IS110 Spreadsheets & Bus Analysis - Spreadsheets & Bus Analysis 1.0

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 3 —Complete 1 Course

ENT381 Entrep Lecture Series - Entrep Lecture Series 1.0

ENT382 Tech Entrep Lecture Series - Tech Entrep Lecture Series 1.0

MSB380 Executive Lectures - Executive Lectures 1.0

GCI381R Social Impact Lectures- Social Innovation Lectures - 1.0

Requirement 4 —Complete 5 Courses

GSCM Core courses to be completed during first Fall semester in program:

GSCM326 Career Development - Career Development 1.0

GSCM401 Operations Management - Operations Management 3.0

GSCM402 Quality Management - Quality Management 3.0

GSCM403 Purchasing/Supply Management - Purchasing/Supply Management 3.0

GSCM404 Supply Chain Logistics - Supply Chain Logistics 3.0

Requirement 5 —Complete 2 Courses

Complete 2 of the following courses, not already completed, during first Winter semester in program:

GSCM410 AI in Business Operations - AI in Business Operations - 3.0

GSCM411 Global Business Negotiations - Global Business Negotiations 3.0

GSCM414 Sustainable Product Life Cycle - Sustainable Product Life Cycle 3.0

GSCM419 Customer Relationship Mgmt - Customer Relationship Mgmt 3.0

GSCM512 Advanced Operations Analytics – Advanced Operations Analytics 3.0

GSCM585 Scholarly Research in GSCM - Scholarly Research in GSCM 3.0

Requirement 6 —Complete 1 Course

GSCM429 Global Supply Chain Strategy - Global Supply Chain Strategy 3.0

Requirement 7 —Complete 3 Courses

Business Core courses:

HRM391 Organizational Effectiveness - Organizational Effectiveness 3.0

PSE390 Ethics for Management - Ethics for Management 3.0

STRAT392 Strategy and Economics - Strategy and Economics 3.0

Requirement 8 —Complete 3 hours

Complete one additional, not already completed, 3.0 credit hour Marriott School course:

ACC241 Business Law - Business Law 3.0

ACC310 Principles of Acctg 2 - Principles of Acctg 2 3.0

ENT302 Legal Issues in Entrep - Legal Issues in Entrep 3.0

ENT401 Entrepreneurial Innovation - Entrepreneurial Innovation 3.0

ENT411 Creating New Ventures - Creating New Ventures 3.0

ENT421 Financing New Ventures - Financing New Ventures 3.0

ENT422 Managing New Ventures - Managing New Ventures 3.0

ENT434R New Venture LaunchPad - New Venture LaunchPad - *You may take once* 3.0

FIN312 Investments Academy - Investments Academy 3.0

FIN418 Financial Planning - Financial Planning 3.0

GSCM410 AI in Business Operations - AI in Business Operations - 3.0

GSCM411 Global Business Negotiations - Global Business Negotiations 3.0

GSCM412 Operations Analytics - Operations Analytics 3.0

GSCM414 Sustainable Product Life Cycle - Intro to Sustainable Business 3.0

GSCM419 Customer Relationship Mgmt - Customer Relationship Mgmt 3.0

GSCM512 Advanced Operations Analytics – Advanced Operations Analytics 3.0

HRM402 Human Resource Mgt - Human Resource Mgt 3.0

MSB413 Leadership Development - Leadrshp Develpmnt 3.0

IS303 Intro Computer Programming - Intro Computer Programming 3.0

GCI443 Corporate Social Impact - Corporate Social Impact 3.0

GCI425R Social Impact Projects - Social Impact Projects - *You may take once* 3.0

MSB494R On-Campus Experiential Project - On-Campus Experiential Project - *You may take once* 3.0

Requirement 9 — Obtain confirmation from your advisement center that you have completed the following:

Complete Marriott School exit survey online.

Human Resource Management (BS) *

Program Information

Minimum Credit Hours
63

Maximum Credit Hours
63

Major Academic Plan
MAPS - BS in Human Resource Management 2026-2027.docx

Learning Outcomes

Title
Christlike Leadership

Learning Outcome
Provide Christlike, ethical, and effective leadership to all people, recognizing each as a child of God.

Title
Technical HR Foundation

Learning Outcome
Demonstrate a sound foundational knowledge of different areas of HR practice - attracting, developing, rewarding, and retaining talented people - plus HR legal issues.

Title
Organizational Behavior and Design

Learning Outcome
Describe the major theories, concepts, and research findings in the fields of organizational behavior and organizational design.

Title
Critical Evaluation & Analytics

Learning Outcome
Collect and analyze qualitative and quantitative data, interpret and promote findings, and inform business decisions and recommendations.

Title
Change & Implementation

Learning Outcome
Work with organizational stakeholders as an internal or external consultant to evaluate organizational challenges and identify opportunities and solutions for the design, implementation, and evaluation of change initiatives.

Title
Communication

Learning Outcome
Effectively craft and deliver concise and informative communications, listen to the concerns of others, and interact with diverse groups throughout organizational units and levels.

Program Requirements

Requirement 1 —Complete 2 Requirements

Requirement 1.1 —Complete 2 Courses

IS201 Intro to Information Systems - Intro to Information Systems 3.0

MKTG201 Marketing Management - Marketing Management 3.0

Requirement 1.2 —Complete 3 hours

ACC200 Principles of Accounting - Principles of Accounting 3.0

ACC310 Principles of Acctg 2 - Principles of Acctg 2 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

GSCM201 Intro Global Supply Chain Mgt - Intro Global Supply Chain Mgt 1.5

GSCM211 Intro to GSCM International - Intro to GSCM International 1.5

IS303 Intro Computer Programming - Intro Computer Programming 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Apply and be formally accepted into the program.

Requirement 2 —Complete 7 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

IS110 Spreadsheets & Bus Analysis - Spreadsheets & Bus Analysis 1.0

Strategic Management (BS) *

Program Information

Minimum Credit Hours
64

Maximum Credit Hours
64

Major Academic Plan
MAPS - BS in Strategic Management 2026-2027.docx

Learning Outcomes

Title
Gather and Analyze Data to Discern Truth

Learning Outcome
Identify, collect, and critically evaluate diverse and credible data sources to uncover truth in complex, ambiguous, and dynamic environments.

Title
Apply Strategic Reasoning

Learning Outcome
Utilize logic, analytical frameworks, and structured problem-solving to interpret data, assess stakeholder impacts, and recommend courses of action that will create long-term value for individuals, organizations, and society.

Title
Implement Strategic Decisions to Create and Capture Value

Learning Outcome
Translate strategic insights into realized value through disciplined execution, wise stewardship of resources, and inspiring others to achieve shared goals.

Title
Demonstrate Christlike Leadership and Character

Learning Outcome
Integrate moral principles and Christ-centered values into decision-making and implementation to promote human flourishing.

Title
Shape the Future of Strategy Research and Practice

Learning Outcome
Lead the global conversation on strategy by generating cutting-edge insights, pioneering new approaches, and inspiring others to adopt and extend best practices in both academic and applied settings.

TEAML (Minor)

Program Information

Minimum Credit Hours
17

Maximum Credit Hours
20

Learning Outcomes

Title
1. Recognize Divinity

Learning Outcome
Recognize the divine identities of multilingual students and their families while fostering a sense of belonging in your classroom, school, and community.

Title
2. Instruct Content and Language

Learning Outcome
Design lessons that build English proficiency while teaching subjects such as literacy, math, history, science, literature, and the arts.

Title
3. Connect Learning

Learning Outcome
Connect classroom learning to students' backgrounds, experiences, and identities, helping them see their capabilities and value their own ideas.

Title
4. Exercise Virtue

Learning Outcome
Exercise Christlike virtue to help multilingual students see themselves as capable and their ideas as important.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Board of Education licensing requirements. For the 2026-2027 academic year, all candidates must complete required TML courses and receive a passing score on the Praxis English to Speakers of Other Languages (#5362) at the level set by the USBE in order to meet the endorsement content knowledge requirements. To review these requirements, contact the Education Advisement Center, 175 MCKB, 801-422-3426.

The TEAML minor is highly recommended for elementary education, early childhood education, special education mild/moderate, and secondary education majors. Students in these majors will meet some of the course requirements within their major program. Please contact the Education Advisement Center, 175 MCKB, (801) 422-3426 with any questions.

Students accepted into the major after May 2020 must (a) maintain an overall GPA of no less than 2.7 since admission to a teacher preparation major and/or minor program, (b) receive a C grade or better in all education-related and major and minor course (including any courses taken prior to acceptance into a teaching major or minor) and (c) demonstrate sufficient and timely progress in coursework and field experiences. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 1 of 3 Courses

CPSE480 Cult Resp Practice in SPED - Ed & Multicult Issues in Sp Ed 2.0

EL ED203 Fndtns of Multicultural Educ - Fndtns of Multicultural Educ 2.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

Requirement 2 — Complete 1 Course

TML410 Disciplinary Lit in Addl Lang - Disciplinary Lit in Addl Lang 3.0

Requirement 3 — Complete 1 Option

Option 3.1 — Complete 1 Course

CPSE420 Assess/Eval Stdnts w/Excp Nds - Assess/Eval Stdnts w/Excp Nds 3.0

ECE336 Planning & Assessment in ECE - Planning & Assessment in ECE 3.0

TML420 Assessment/Planning for MLs - Assess'g Ling Diverse Students 2.0

Option 3.2 — Complete 2 Courses

EL ED310 Planning & Assessment 1 - Planning & Assessment 1 2.0

EL ED410 Planning & Assessment 2 - Planning & Assessment 2 1.0

Requirement 4 — Complete 1 of 4 Courses

CPSE430 Tching Read/LA Disabilities Se - Tching Read/LA Disabilities Se 3.0

ECE433 Tchng Literacy Pre K-3 - Tchng Literacy Pre K-3 3.0

EL ED333 Tchg Literacy in Grades K-2 - Tchg Literacy in Grades K-2 3.0

Complete four credit hours of the following after all the courses above have been completed:

TML442R TEAML Practicum - TESOL K-12 Practicum - *You may take once 4.0*

Dual-Language Immersion K-12 Teaching (Minor)

Program Information

Minimum Credit Hours
16

Maximum Credit Hours
16

Learning Outcomes

Title
DLI Principles and Research Findings

Learning Outcome
Articulate theoretical principles and research findings about dual language education, including research about best teaching and program organizational practices.

Title
Planning and Curriculum

Learning Outcome
Create lessons that include objectives in content and language that correspond to subject/curriculum guidelines and student proficiency levels. Create, select, and modify curriculum and materials for use in immersion programs.

Title
Classroom Management

Learning Outcome
Manage the classroom in the immersion language, making input comprehensible and sustaining a clear and consistent separation of languages. Scaffold activities to provide opportunities for student output in the immersion language and elicit specific language functions and forms.

Title
Instruction

Learning Outcome
Implement content (literacy, math, science, social-studies, culture, etc.) and language instruction that demonstrates core immersion education teaching strategies and follows a gradual release from guided to independent practice that is then appropriately evaluated in a variety of ways.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 2 Option

Complete the following prerequisites prior to declaring the minor:

Requirement 1.1 — Obtain confirmation from your advisement center that you have completed the following:

Be admitted to a teaching major. (This certifies that students have met state requirements for basic skills tests, GPA and grades in individual courses, and have passed a criminal background check, as per the policies of BYU's Educator Preparation Program.) Also, Pass an Oral Proficiency Interview with a rating of Advanced Mid or better.

Requirement 1.2 — Complete 1 Course

FLANG300 Foundations of Immersion Ed - Foundations of Immersion Ed 3.0

Requirement 2 — Complete 2 Courses

FLANG301 Content-Based Instruction - Content-Based Instruction 3.0

FLANG302 Biliteracy Development in DLI - Biliteracy Development in DLI 3.0

Requirement 3 — Complete 1 of 5 Courses

Language teaching methods courses:

CHIN377 Chin Lang Tchg Procedures - Chin Lang Tchg Procedures 3.0

FREN377 French Teaching Methods 1 - Intro to French Language Tchg 3.0

GERM377 Methods in Teaching German - Methods in Teaching German 3.0

PORT377 Methods of Portuguese Teaching - Methods of Portuguese Teaching 3.0

SPAN377 Spanish Teaching Methods 1 - Spanish Teaching Methods 1 3.0

Requirement 4 — Complete 1 Course

Complete the following after all the above courses have been completed:

FLANG477R DLI K-12 Student Teaching - DLI K-12 Student Teaching - *You may take once* 4.0

Emphasis courses:

CPSE443 Soc/Beh Strgs Severe Disabil - Soc/Beh Strgs Severe Disabil 3.0

CPSE447 Ment Sec Ed: Severe Disability - Ment Sec Ed: Severe Disability 3.0

CPSE453 Cur & Inst: Severe Disabilits - Cur & Inst: Severe Disabilits 3.0

CPSE462 Tch Math to Stdnts w/Disablts - Tch Math to Stdnts w/Disablts 3.0

CPSE463 Asst Tech for Stdnts w/Disab - Asst Tech for Stdnts w/Disab 2.0

CPSE467 Ment Tchg Stds Severe Dis Elem - Ment Tchg Stdnts w/ Severe Dis 3.0v

Requirement 4 —Complete 1 Requirement

Student teaching or internship experience:

Application for student teaching must be completed prior to student teaching. Applications are online at https://education.byu.edu/advisement/student_teaching

Requirement 4.1 —Complete 12 hours

CPSE487R Student Tchg: Severe Disabilit - Student Tchg: Severe Disabilit- *You may take up to 12.0 credit hours* 1.0v

Additional Licensing Requirements: It is the student's responsibility to be sure that the PRAXIS test has been passed and that BYU has received the test scores and that their fingerprint background clearance is current. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact the Education Advisement Center, 350 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Communication Disorders (BS) *

Program Information

Minimum Credit Hours
58

Maximum Credit Hours
61

Major Academic Plan
MAPS - BS in Communication Disorders 2026-2027.docx

Learning Outcomes

Title
Knowledge of communication sciences and disorders

Learning Outcome
Demonstrate knowledge of core concepts in communication sciences and disorders including typical and atypical language hearing and speech.

Title
Critical Thinking

Learning Outcome
Apply critical thinking skills to communication sciences and disorders including typical and atypical language hearing and speech.

Title
Professionalism

Learning Outcome
Identify core elements of professionalism such as ethics, equity, advocacy, bias, social justice, health disparities, access to services, cultural competence, implementing feedback, and other topics.

Program Requirements
Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This is a limited-enrollment program requiring departmental acceptance. Please see the college advisement center for information regarding requirements for application to this major.

Requirement 1 —Complete 2 Requirements

Pre-major courses:

Requirement 1.1 —Complete 1 of 2 Courses

CELL210 Human Anatomy (w/ virtual lab) - Human Anatomy (w/ virtual lab) 3.0

CELL220 Human Anatomy (with lab) - Human Anatomy (with lab) 4.0

Requirement 1.2 —Complete 3 Courses

COMD133 Intro Speech/Lng Path & Aud - Intro Speech/Lng Path & Aud 3.0

PHSCS167 Desc Acoustics of Music & Spch - Desc Acoustics of Music & Spch 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Apply for and be admitted to the major.

Requirement 2 —Complete 15 Courses

After admission to the major, complete the following:

ASL101 First-Year ASL 1 - First-Year ASL 1 4.0

COMD215 Speech Anatomy & Physiology - Speech Anatomy & Physiology 3.0

COMD321 Language Development - Language Development 3.0

COMD325 Clinical Phonetics - Clinical Phonetics 3.0

COMD211 Language Science - Language Science 3.0

COMD213 Hearing Science & Acoustics - Hearing Science & Acoustics 3.0

COMD431 Language Disorders - Language Disorders 3.0

COMD335 Intro Speech Sound Disorders - Intro Speech Sound Disorders 3.0

COMD420 Neurofndtns Lang,Spch,Hearing - Neurofndtns Lang,Spch,Hearing 3.0

COMD445 Speech Science - Speech Science 3.0

COMD370 Medical Speech Pathology - Medical Speech Pathology 3.0

COMD323 Hearing Tests & Measures - Hearing Tests & Measures 3.0

COMD433 Aural Rehabilitation - Aural Rehabilitation 3.0

COMD450 Professional Practices - Professional Practices 3.0

COMD460 Capstone Clinical Methods - Capstone Clinical Methods 3.0

Recommended Courses are not required to complete the program

COMD318 Graduate School Preparation - Graduate School Preparation 2.0

NOTE: In lieu of ASL 101, any other foreign language course 101 level or higher (taken at the university level) may be used.

Design Thinking (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
18

Program Requirements

9 credit hours must be taken outside of the student's primary major.

Requirement 1 — Complete 1 Course

Introduction to Design Thinking

TES112 Innovation - Innovation 1.0

Requirement 2 — Complete 9 hours

Design Thinking Practices

ANTHR247 Applied Anthropology - Applied Anthropology 3.0

ANTHR370 Community Based Research - Community Based Interventions 3.0

ANTHR414 Museum Projects - Museum Projects 3.0

ANTHR442 Ethnographic Research Design - Ethnographic Research Design 3.0

ANTHR495R Ethnographic Field Project - Ethnographic Field Project - *You may take once* 3.0v

ANTHR526 Museum Exhibitns & Progrmmng - Museum Exhibitns & Progrmmng 3.0

C S256 Introduction to HCI - Introduction to Human Computer interaction 3.0

ENGL218 Creative Writing - Creative Writing 3.0

ENT113 Startup Bootcamp - Startup Boot Camp

EXDM300 Creating a Good Life - Creating a Good Life 3.0

EXDM404 Experience Design - Experience Design 3.0

EXDM422 Experience Needfinding - Experience Needfinding 3.0

IP&T420 Design Psychology - Learning Theories for Design 3.0

IP&T461 Design Evaluation - Design Evaluation 3.0

IP&T464 Instruc. Design for Business - Instruc. Design for Business 3.0

CYBER555 Usable & Secure Design - Adv Human-Computer Interaction 3.0

GCI300 Social Impact - Social Impact 3.0

GCI310 Designing Social Impact - Designing Social Impact 3.0

PSYCH350 Intro to Social Psychology - Intro to Social Psychology 3.0

SFL102 Introduction to Interiors - Introduction to Interiors 3.0

TES330 Creat Eng and Prob Solving II - Creativity,Engr & Prob Solving 3.0

Requirement 3 — Complete 1 of 13 Courses

Design Thinking Tools

DESPH116 Introduction to Photography - Introduction to Photography 3.0

DIGHT210 Programming in Humanities 1 - Intro to Programming 3.0

DIGHT230 Intro to Print Publishing - Intro to Print Publishing 3.0

DIGHT250 Web Publishing - Web Publishing 3.0

DIGHT330 Intermediate Print Publishing - Intermediate Print Publishing 3.0

DIGHT340 JavaScript Development - JavaScript Development 3.0

DIGHT350 Web Information Technologies - Web Information Technologies 3.0

TES200 Processes Prototyping Wood - Processes Prototyping Wood 3.0

TES229 Process & Mfg: Metals/Polymers - Process & Mfg: Metals/Polymers 3.0

TES251 Video & Photography Production - Video & Photography Production 3.0

TES255 Visual Communication Design - Visual Communication Design 3.0

Requirement 4 — Complete 1 of 6 Courses

Project: All other program requirements must be completed either before or during the semester in which the project course is taken.

DESPX497R Product Design Capstone - Product Design Capstone - *You may take once* 3.0

EXDM494R Experience Design Lab - Experience Design Lab - *You may take once* 3.0

IP&T498R Product Design for Education - Product Design for Education - *You may take once* 3.0

GCI425R Social Impact Projects - Social Impact Internship - *You may take once* 3.0

General Studies (BGS): Education Emphasis

Program Information

Minimum Credit Hours
12

Maximum Credit Hours
13

Major Academic Plan
MAPS - BGS in General Studies - Education 2026-2027.docx

Program Requirements
Have 27 hours of campus residency.

Complete a minimum of 9 hours in the emphasis after formal admission to the BGS program.

Thirty of the 120 hours must be 300-level or above courses.

Students must earn a minimum 2.0 BYU grade point average, a minimum 2.0 cumulative grade point average, and a minimum 2.0 emphasis grade point average.

The program must be completed in eight years or less.

All emphasis courses taken after admission to BGS must be BYU courses.

Before applying to the Education BGS, the student must have (1) been accepted into a teaching major at BYU (Early Childhood Education, Elementary Education, Physical Education Teacher Education, Special Education, or Secondary Education teaching major), (2) completed all university core and specific teaching major requirements, except student teaching, and (3) earned the minimum course grades and GPA requirements for their teaching major (this varies depending on when student was accepted into the teaching major).

Requirement 1 —Complete 1 Course

Prerequisite Course (must be completed before taking any other courses, includes preparing academic plan which must be approved before proceeding):

STDEV100 Essential College Skills - Essential College Skills 1.0

Requirement 2 —Complete 9 hours

Courses on this list taken prior to being accepted to the Education BGS or those required for completion of the teaching major cannot be counted for this requirement. (Check with BGS office for current list of courses.)

EL ED340 Children's Literature - Children's Literature 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

PSYCH320 Developmental Psych: Childhood - Developmental Psych: Childhood 3.0

SFL210 Human Development - Human Development 3.0

SFL240 Parenting & Child Guidance - Parenting & Child Guidance 3.0

SFL331 Infant Dev in the Family - Infant Dev in the Family 3.0

SFL333 Adolescent Dev in Fam & Soc - Adolescent Dev in Fam & Soc 3.0

SFL334 Adult Development & Aging - Adult Development & Aging 3.0

SFL351 Social Development - Social Development 3.0

ECE355 Language Development - Language Development 3.0

SFL358 Media, Fam & Human Dev - Media, Fam & Human Dev 3.0

SOC112 Current Social Problems - Current Social Problems 3.0

SOC350 Intro to Social Psychology - Intro to Social Psychology 3.0

Requirement 3 —Complete 1 Course

STDEV490 BGS Capstone - BGS Capstone 2.0

Elementary Education (BS)

Learning Outcomes

Title
Effective and Nurturing Learning Environment

Learning Outcome
Teacher candidates will establish and maintain an effective and nurturing learning environment that prepares students to participate in a civic society.

Title
Learner Development and Differences

Learning Outcome
Teacher candidates will provide equitable access to academic knowledge by applying understandings of learner development and learner differences.

Title
Engaged Learning and Academic Knowledge

Learning Outcome
Teacher candidates will facilitate engaged learning and attend to equitable access to academic knowledge through content knowledge assessment planning and instructional strategies.

Title
Stewardship in the Schools

Learning Outcome
Teacher candidates act as stewards of the schools and communities and demonstrate commitment to simultaneous renewal through reflection professionalism and collaboration.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To review these requirements, contact the Education Advisement Center, 175 MCKB, 801-422-3426.

Requirement 1 —Complete 2 Courses

Complete the following Pre-requisites:

EL ED200 Intro to Education - Intro to Education 2.0

SFL210 Human Development - Human Development 3.0

Note: The Global and Cultural Awareness and Letters general education requirements are fulfilled through completion of the Elementary Education major.

Students accepted into the major after May, 2020, must (a) maintain a total GPA of no less than 2.7 since admission to teacher preparation major and/or minor program, (b) receive a C or better in all education-related and major and minor required courses (including any courses taken prior to acceptance into a teaching major or minor), and (c) demonstrate sufficient and timely progress in coursework and field experiences. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Complete admission process for the program through the Teacher Education Department. See http://education.byu.edu/ted/eled for admission requirements.

Requirement 2 —Complete 20 Courses

CPSE300 Ex Studnts:Prin of Collaboratn - Ex Studnts:Prin of Collaboratn 2.0

ECE334 Introduction to ECE - Introduction to ECE 3.0

EDLF411 Legal & Ethical Issues - Legal & Ethical Issues 1.0

EL ED203 Fndtns of Multicultural Educ - Fndtns of Multicultural Educ 2.0

EL ED299R Management & Practicum 1 - Management & Practicum 1 - *You may take up to 3.0 credit hours* 1.0v

EL ED310 Planning & Assessment 1 - Planning & Assessment 1 2.0

EL ED333 Tchg Literacy in Grades K-2 - Tchg Literacy in Grades K-2 3.0

EL ED340 Children's Literature - Children's Literature 3.0

EL ED399R Management & Practicum 2 - Management & Practicum 2 - *You may take up to 3.0 credit hours* 1.0v

EL ED410 Planning & Assessment 2 - Planning & Assessment 2 1.0

EL ED435 Teaching Writing in Grades K-6 - Teaching Writing in Grades K-6 2.0

EL ED443 Tchg Literacy in Grades 3-6 - Tchg Literacy in Grades 3-6 3.0

EL ED445 Tchng Social Studies in K-6 - Tchng Social Studies in K-6 3.0

EL ED446 Tchng Science in Grades K-6 - Tchng Science in Grades K-6 3.0

EL ED447 Tchg Math in Grades K-6 - Tchg Math in Grades K-6 3.0

IP&T371 Integrating K-12 Ed Tec 1 - Integrating K-12 Ed Tec 1 1.0

IP&T372 Integrating K-12 in El. Ed. - Integrating K-12 in El. Ed. 1.0

MTHED305 Basic Conc of Math - Basic Conc of Math 2.0

MTHED306 Concepts of Math - Concepts of Math 2.0

PETE212 PE & Hlth Ed - Elem Sch Tchrs - PE & Hlth Ed - Elem Sch Tchrs 2.0

Requirement 3 —Complete 1 of 4 Courses

ARTED326 Art for Elementary Teachers - Art for Elementary Teachers 3.0

DANCE326 Dance for Elementary Classroom - Dance for Elementary Classroom 2.0

MUSIC378 Mu Elem Clsrm Tchr - Mu Elem Clsrm Tchr 2.0

TMA352 Drama in the Elem Classroom - Drama in the Elem Classroom 2.0

Requirement 4 —Complete 12 hours

Note: Prior application is required. Apply for student teaching / internship by September 15th or January 15th.

EL ED400R Elementary Student Teaching - Elementary Student Teaching - *You may take up to 12.0 credit hours* 1.0v

EL ED496R Academic Internship - Academic Internship - *You may take up to 12.0 credit hours* 8.0v

Note: It is the student's responsibility to be sure that the Praxis II test has been passed and that BYU has received the test scores and that his or her fingerprint background clearance is current and that state licensing fees have been paid prior to graduation. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact the Education Advisement Center, 175 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Recommended Courses are not required to complete the program

The following courses are strongly recommended:

BIO100 Principles of Biology - Principles of Biology 3.0

WRTG313 Adv Wrtg for Educators - Expository Writing for El Ed 3.0

Social Science Teaching (BS)

Program Information

Minimum Credit Hours
77.5

Maximum Credit Hours
92

Major Academic Plan
MAPS - BS in Social Science Teaching 2026-2027.docx

Learning Outcomes

Title
Subject Matter

Learning Outcome
Candidates can identify the core concepts and standards associated with the social science curricula taught in secondary classrooms (subject areas: history, political science, geography, psychology) and can create learning experiences that make these concepts meaningful for students.

Title
Learner and Learning

Learning Outcome
Candidates treat young people as children of God and can describe how young people learn and develop, acknowledging individual and cultural differences, in order to create environments that motivate collaborative learning.

Title
Instructional Strategies

Learning Outcome
Candidates seek inspiration to create and use a variety of instructional strategies to encourage students' development of critical thinking, problem solving, and performance skills, and use assessments to inform instruction.

Title
Professional Development

Learning Outcome
Candidates continually reflect on and evaluate their teaching practices, actively seek opportunities to grow professionally, engage in ethical and compassionate behavior, and collaborate with stakeholders (students, parents, and other professionals in the learning community).

Title
Utah Effective Teaching Standards

Learning Outcome
Demonstrate basic competency in the Utah Effective Teaching Standards as established by Utah Teacher Education Assessment and Accreditation Council and the Utah State Board of Education

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 5 Course

Note: HIST 201, 202, 220, and 221 must be completed before taking HIST 477 and HIST 478.

HIST201 World Civilization to 1500 - World Civilization to 1500 3.0

HIST202 World Civilization from 1500 - World Civilization from 1500 3.0

HIST220 U S Through 1877 - U S Through 1877 3.0

HIST221 U S Since 1877 - U S Since 1877 3.0

HIST364 Utah - Utah 3.0

NOTE: University Core Civilization courses (201/202) offered by other departments can substitute for their History equivalents (HIST 201 and/or HIST 202). A score of a 4 or higher on the AP United States History Exam can substitute for either HIST 220 or HIST 221. A score of 4 or higher on the AP World History Modern Exam can substitute for HIST 202. For each course in Requirement 3 substituted by either AP exam credit or other department Civilization credit, History Teaching Majors are required to take an additional 3.0 credit course from the list in Requirement 4.

Requirement 2 — Complete 1 Course

NOTE: Students are encouraged to take HIST 201, HIST 202, HIST 220, HIST 221 prior to enrollment in HIST 276. Note: FBI fingerprint and background clearance MUST be completed PRIOR to enrolling in HIST 276.

HIST276 Exploration of Tchg-Soc Sci - Exploration of Tchg-Soc Sci 4.0

Requirement 3 — Complete 1 Course

HIST397 US Historical Literacies - US Historical Literacies 3.0

HIST399 Democratic Class Design - Democratic Class Design 3.0

Requirement 4 — Complete 1 Course

Note: HIST 397 and HIST 399 cannot double-count toward Requirements 3 and 4. HIST 398 cannot double-count toward Requirements 4 and 12.1.

HIST218 Fam & Law in Amer Hist - Fam & Law in Amer Hist 3.0

HIST231 Intro to East Asian History - Intro to East Asian History 3.0

ANTHR330 Peoples of Africa - Peoples of Africa 3.0

ANTHR335 Peoples of India - Peoples of India 3.0

ANTHR336 Cinema & Culture in India - Cinema & Culture in India 3.0

ANTHR340 Peoples of the Middle East - Peoples of the Middle East 3.0

ANTHR341 Ethnonationalism and SE Asia - Ethnonationalism and SE Asia 3.0

ANTHR344 Korean Culture - Korean Culture 3.0

ANTHR345 American Culture - American Culture 3.0

ANTHR346 Anthro of Latter-day Saints - Anthropology of Mormonism 3.0

ANTHR348 Contemporary Japan - Contemporary Japan 3.0

ANTHR350 Arch Cultures of N America - Arch Cultures of N America 3.0

ANTHR355 Arch Mesoamerica - Arch Mesoamerica 3.0

ANTHR375 Archaeology of Egypt - Archaeology of Egypt 3.0

ANTHR376 Arch of Ancient Aegean&Greece - Arch of Ancient Aegean & Greece 3.0

ANTHR377 Arch of Roman Civilization - Arch of Roman Civilization 3.0

ANTHR378 Near Eastern Archaeology - Near Eastern Archaeology 3.0

ANTHR379 Archaeology of Islam - Archaeology of Islam 3.0

ANTHR385 Archaeology of Europe - Archaeology of Europe 3.0

Requirement 11 — Complete 2 Requirements

Requirement 11.1 — Complete 1 Course

PSYCH111 Psychological Science - Psychological Science 3.0

Requirement 11.2 — Complete 1 of 8 Courses

PSYCH210 History of Psychology - History of Psychology 3.0

PSYCH220 Human Dev: Life Span - Human Dev: Life Span 3.0

PSYCH338 Sport Psychology - Sport Psychology 3.0

PSYCH341 Personality - Personality 3.0

PSYCH342 Psychopathology - Psychopathology 3.0

PSYCH349 Intro to Positive Psychology - Intro to Positive Psychology 3.0

PSYCH350 Intro to Social Psychology - Intro to Social Psychology 3.0

Requirement 12 — Complete 2 Requirements

NOTE: ECON 110 cannot double-count toward requirements 12.1 and 12.2. HIST 398 cannot double-count toward requirements 12.1 and 4.

Requirement 12.1 — Complete 1 of 2 Courses

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

HIST398 American Capitalism - American Capitalism 3.0

Requirement 12.2 —Complete 1 of 3 Courses

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

FIN200 Personal Finance - Personal Finance 3.0

SFL260 Family Finance - Family Finance 3.0

Requirement 13 — Complete 2 Requirements

Professional Education Component:

Licensure Requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the exit interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

NOTE: Admittance to the major is required BEFORE enrolling in HIST 477 and 478. HIST 477 and 478 must be taken concurrently.

Requirement 13.1 — Complete 6 Courses

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

HIST395 Teach Tech Soc Studies - Teach Tech Soc Studies 2.0

HIST477 Hist & Soc Sci Tchng Methods - Hist & Soc Sci Tchng Methods 3.0

HIST478 Practicum in Secondary Educ - Practicum in Secondary Educ 1.0

SC ED353 Multicultural Educ -Multicultural Educ 2.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

Requirement 13.2 — Complete 12 hours

Apply for student teaching/internship one semester in advance by September 15th or January 15th. Applications are online at https://educator.byu.edu/.

HIST476 Student Teaching - HT and SST - Student Teaching - HT and SST - *Must be taken for 12.0 credit hours* 1.0v

HIST496R Acad Internship--HT and SST - Acad Internship--HT and SST - *Must be taken for 12.0 credit hours* 12.0

Note: It is the student's responsibility to be sure that the Praxis test has been taken and that BYU has received the test scores, that their fingerprint background clearance is current, and that state licensing fees have been paid prior to graduation. Students are strongly discouraged from working another job during the time of their student teaching/internship. In addition, students must pass the PPAT assessment to graduate and receive a teaching license. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements contact the Education Advisement Center, 350 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Early Childhood Education (BS)

Program Information

Minimum Credit Hours
67

Maximum Credit Hours
68

Major Academic Plan
MAPS - BS in Early Childhood Education 2026-2027.docx

Learning Outcomes

Title
1. Learner Development and Differences

Learning Outcome
Teacher candidates integrate knowledge of child development and learner differences to support children and their families and advocate for equitable access to learning for all children.

Title
2. Content Knowledge

Learning Outcome
Teacher candidates use discipline-specific concepts, tools of inquiry, and learning trajectories to facilitate engaging and equitable learning experiences for all children.

Title
3. Nurturing Pedagogy

Learning Outcome
Teacher candidates create and foster nurturing pedagogy by providing meaningful learning experiences and supportive environments for all learners through developmentally, culturally, and spiritually informed practices.

Title
4. Professionalism

Learning Outcome
Teacher candidates demonstrate the highest standard of professional conduct as they advocate for young children and their families, engage in renewal through reflection, recognize the divine potential of all God's children, and collaborate with stakeholders to build a shared vision for student growth.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact Education Advisement Center, 175 MCKB, 801-422-3426.

Requirement 1 —Complete 1 Requirement

Complete the following Pre-requisites:

Requirement 1.1 —Complete 2 Courses

ECE200 Foundations of ECE - Foundations of ECE 3.0

SFL210 Human Development - Human Development 3.0

Note: The Global & Cultural Awareness and Letters general education requirements are fulfilled through completion of the Early Childhood Education major.

Students accepted into the major after May, 2020, must (a) maintain a total GPA of no less than 2.7 since admission to teacher preparation major and/or minor program, (b) receive a "C" or better in all education-related and major and minor required courses (including any courses taken prior to acceptance into a teaching major or minor), and (c) demonstrate sufficient and timely progress in coursework and field experiences. For details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Complete admission process for the program through the Teacher Education Department. Go to http://education.byu.edu/ted/early_childhood for admission requirements.

Requirement 2 —Complete 18 Courses

CPSE300 Ex Studnts:Prin of Collaboratn - Ex Studnts:Prin of Collaboratn 2.0

ECE299R Prek-K Practicum - Prek-K Practicum - *You may take once* 2.0

ECE301 PE, Health, and Play - PE, Health, and Play 3.0

ECE330 Child Guidance - Child Guidance 3.0

ECE333 Literacy Development I - Literacy Development I 3.0

ECE336 Planning & Assessment in ECE - Planning & Assessment in ECE 3.0

ECE340 Literature for Young Children - Literature for Young Children 2.0

ECE355 Language Development - Language Development - 3.0

ECE399R Primary Grade Practicum - Primary Grade Practicum - *You may take once* 3.0

ECE430 Fam, Schools, and Communities - Fam, Schools, and Communities 2.0

ECE433 Tchng Literacy Pre K-3 - Tchng Literacy Pre K-3 3.0

ECE444 Social Studies in ECE - Social Studies in ECE 2.0

ECE446 Tchng Science Pre K-3 - Tchng Science Pre K-3 3.0

ECE447 Tching Math Pre K-3 - Tching Math Pre K-3 3.0

EDLF411 Legal & Ethical Issues - Legal & Ethical Issues 1.0

EL ED203 Fndtns of Multicultural Educ - Fndtns of Multicultural Educ 2.0

IP&T370 Tech in Erly Childhood Classes - Tech in Erly Childhood Classes 2.0

MTHED305 Basic Conc of Math - Basic Conc of Math 2.0

Requirement 3 —Complete 1 of 2 Courses

SFL351 Social Development - Social Development 3.0

SFL352 Perception Cognition Language - Perception Cognition Language 3.0

Requirement 4 —Complete 1 of 4 Courses

ARTED326 Art for Elementary Teachers - Art for Elementary Teachers 3.0

DANCE326 Dance for Elementary Classroom - Dance for Elementary Classroom 2.0

MUSIC378 Mu Elem Clsrm Tchr - Mu Elem Clsrm Tchr 2.0

TMA352 Drama in the Elem Classroom - Drama in the Elem Classroom 2.0

Requirement 5 —Complete 12 hours

Note: Prior application is required. Apply for student teaching/internship by September 15 or January 15.

ECE425R Grades K-3 Student Teaching - Grades K-3 Student Teaching - *You may take up to 12.0 credit hours* 1.0v

ECE496R Academic Internship - Academic Internship - *You may take up to 12.0 credit hours* 12.0

Note: It is the student's responsibility to be sure that the PRAXIS II test has been passed and that BYU has received the test scores and that his or her fingerprint background clearance is current and that state licensing fees have been paid prior to graduation. Students will also be responsible for any additional requirements imposed by the state prior to their graduation. To confirm the status of these requirements, contact the Education Advisement Center, 175 MCKB, 801-422-3426. Graduation and Utah licensure cannot be processed until these requirements have been completed.

Recommended Courses are not required to complete the program

The following courses are strongly recommended.

BIO100 Principles of Biology - Principles of Biology 3.0

WRTG313 Adv Wrtg for Educators - Expository Writing for El Ed 3.0

Chemical Engineering (BS)

Program Information

Minimum Credit Hours
102.5

Maximum Credit Hours
103.5

Major Academic Plan
MAPS - BS in Chemical Engineering 2026-2027.docx

Learning Outcomes

Title
Engineering Design

Learning Outcome
ABET Student Outcome 2: an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health safety and welfare as well as global cultural social environmental and economic factors

Title
Communication

Learning Outcome
ABET Student Outcome 3: an ability to communicate effectively with a range of audiences

Title
Ethical

Learning Outcome
Professional and Personal Responsibilities ABET Student Outcome 4: an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments which must consider the impact of engineering solutions in global economic environmental and societal contexts

Title
Teamwork and Leadership

Learning Outcome
ABET Student Outcome 5: an ability to function effectively on a team whose members together provideleadership create a collaborative and inclusive environment establish goals plan tasks and meet objectives

Title
Experiment and Analysis

Learning Outcome
ABET Student Outcome 6: an ability to develop and conduct appropriate experimentation analyze andinterpret data and use engineering judgment to draw conclusions

Title
Knowledge and Learning

Learning Outcome
ABET Student Outcome 7: an ability to acquire and apply new knowledge as needed using appropriatelearning strategies

Title
Complex Problem Solving

Learning Outcome
ABET Student Outcome 1 : an ability to identify formulate and solve complex engineering problems by applying principles of engineering science and mathematics

Program Requirements

Requirement 1 — Complete 3 Requirements

Preprofessional courses:

Requirement 1.1 — Complete 9 Courses

CBE170 Intro to Chem& Bio Engineering - Intro to Chemical Engineering 2.0

CBE191 Global Impact of Chem& Bio Eng - Preprofessional Seminar 0.5

CBE263 Computational Tools - Computational Tools 2.0

CBE273 Chem & Bio Process Principles - Chemical Process Principles 3.0

CBE291 Career Skills 1 - Career Skills 1 0.5

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 1.2 — Complete 1 of 2 Options

Option 1.2.1 — Complete 2 Courses

CHEM111 Principles of Chemistry 1 - Principles of Chemistry 1 4.0

CHEM112 Principles of Chemistry 2 - Principles of Chemistry 2 3.0

Option 1.2.2 — Complete 3 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM107 Gen Coll Chem Lab - Gen Coll Chem Lab 1.0

Requirement 1.3 — Complete 1 of 2 Options

Option 1.3.1 — Complete 2 Courses

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

Option 1.3.2 — Complete 2 Requirements

Requirement 1.3.2.1 — Complete 1 of 2 Courses

MATH213 Elementary Linear Algebra- Elementary Linear Algebra 2.0

MATH 313 - Elementary Linear Algebra - *This course is no longer available for registration and will count only if you completed it while it was offered. Please see your college advisement center for possible substitutions.* 3.0

Requirement 1.3.2.2 — Complete 2 Courses

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

Requirement 2 — Complete 15 Courses

Professional courses:

CBE285 Chem& Bio Process & Fluids Lab - Chemical Process & Fluids Lab 0.5

CBE311 CBE - Health, Safety, Environ - Ch En - Health, Safety, Envir 3.0

CBE345 Materials and Reactions Lab - Materials and Reactions Lab 0.5

CBE373 CBE Thermodynamics - CBE Thermodynamics 3.0

CBE374 Fluid Mechanics - Fluid Mechanics 3.0

CBE376 Heat & Mass Transfer - Heat & Mass Transfer 3.0

CBE378 Materials Science - Materials Science 3.0

CBE385 Thermo and Transport Lab - Thermo and Transport Lab 0.5

CBE386 Chemical Reaction Engineering - Chemical Reaction Engineering 3.0

CBE391 Career Skills 2 - Career Skills 2 0.5

CBE436 Process Control & Dynamics - Process Control & Dynamics 3.0

CBE445 Separations and Control Lab - Separations and Control Lab 0.5

CBE451 Capstone I: Process Design - Capstone I: Process Design 4.0

CBE476 Separations - Separations 3.0

CBE479 Unit Operations Laboratory - Unit Operations Laboratory 2.0

Requirement 3 — Complete 5 Courses

Supporting courses. Note: Econ 110 is required for the major. See department advisor for major requirements.

BIO100 Principles of Biology - Principles of Biology 3.0

CHEM357 Industrial Organic Chemistry- Industrial Organic Chemistry 3.0

CHEM467 Physical Chemistry - Engineers - Physical Chemistry - Engineers 3.0

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 4 — Complete 4 Requirements

Complete technical electives (15 hours minimum) satisfying the following requirements:

Requirement 4.1 — Complete 2 hours

A. Chemistry laboratory. Note: The Chemical Engineering department requires 2 credit of Organic Chemistry lab. See Chemical Engineering department advisor for questions.

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM464 Physical Chemistry Lab 1 - Physical Chemistry Lab 1 1.0

CHEM465 Physical Chemistry Lab 2 - Physical Chemistry Lab 2 1.0

Requirement 4.2 — Obtain confirmation from your advisement center that you have completed the following:

B. Complete 12 hours of approved advanced engineering (ENG) course work. In general, these courses are 300-level or above from any of the following departments: Chemical Engineering; Civil & Environmental Engineering; Electrical & Computer Engineering; Mechanical Engineering; or the School of Technology. For details and exceptions, see the department webpage.

Requirement 4.3 — Obtain confirmation from your advisement center that you have completed the following:

C. Complete 4 hours of approved advanced course work from an engineering, math, science, or business (EMSB) department. In general, these courses are 300-level or above from any of the following colleges: College of Engineering & Technology, College of Physical & Mathematical Sciences, College of Life Sciences, and the Marriott School of Business. For details and exceptions, see the department webpage.

Requirement 4.4 — Obtain confirmation from your advisement center that you have completed the following:

D. At least 3 hours, but no more than 6 hours, of the above technical electives (OPTIONS 4.2 and 4.3) must be from courses that focus on Engineering Problem Solving through Experiential Learning (EPSEL) from which a senior thesis is produced and delivered. Example courses satisfying The EPSEL requirement are found below. See the department website for a full list of approved courses and more information on the senior thesis requirements.

Courses and Combinations of Courses Satisfying the EPSEL Requirement: CH EN 461 (3 credits), CH EN 499 (3 credits), CH EN 199R (1 credit) + CH EN 496 (3 credits), CH EN 495R (3 credits), ME EN 475 + ME EN 476 (6 total credits). EPSEL courses are classified as ENG.

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Pass a basic competency exam (L3 exam) administered by the Chemical Engineering Department or pass the FE (fundamentals of engineering) exam. All students in the chemical engineering program must pass a competency exam based on the foundational principles of chemical engineering that are taught in the program courses. The exam will be administered during the senior year with the specific dates announced each year by the Chemical Engineering Department. Each fall, the department will supply written rules, guidelines, and reference material to help students prepare to take the exam.

Civil Engineering (BS)

Program Information

Major Academic Plan
MAPS - BS in Civil Engnieering 2026-2027.docx

Learning Outcomes

Title
Problem Solving applying Math and Science

Learning Outcome
1) An ability to identify formulate and solve complex engineering problems by applying principles of engineering science and mathematics.

Title
Design and Contemporary Issues

Learning Outcome
2) An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare as well as global, cultural, social, environmental, and economic factors.

Title
Communication

Learning Outcome
3) An ability to communicate effectively with a range of audiences.

Title
Ethics, Faith and Sustainability

Learning Outcome
4) An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

Title
Teamwork

Learning Outcome
5) An ability to function effectively on a team whose members together provide leadership create a collaborative and inclusive environment establish goals plan tasks and meet objectives.

Title
Experiments and Data

Learning Outcome
6) An ability to develop and conduct appropriate experimentation analyze and interpret data and use engineering judgment to draw conclusions.

Title
Life-long Learning and Service

Learning Outcome
7) An ability to acquire and apply new knowledge as needed using appropriate learning strategies.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

Undecided students that are interested in learning more about Civil Engineering, Construction Management, and Facility & Property Management may begin with CCE 101 Introduction to Civil/Const Engineering.

No more than 9 credit hours of grades below C- in major courses may be applied toward graduation.

Requirement 1 — Complete 2 Requirements

Requirement 1.1 —Complete 6 Courses

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 3.0

CCE103 Engineering Mechanics-Statics - Engineering Mechanics-Statics 3.0

CCE203 Engr Mechanics - Materials - Engr Mechanics - Materials 3.0

CCE270 Computational Methods - Computational Methods 3.0

CE271 CE Communication - CE Communication 3.0

CE232 Fluid Mechanics - Fluid Mechanics 3.0

Requirement 1.2 — Complete 2 Requirements

Requirement 1.2.1 — Complete 1 of 3 Courses

CCE112 Engr Draft w/CAD Apps - Engr Draft w/CAD Apps 2.0

CCE113 Construction Modeling - Construction Modeling 3.0

CCE114 Geomatics - Geomatics - 2.0

Requirement 1.2.2 — Complete 1 Course

CCE122 Surveying - Surveying - 1.0

Requirement 2 — Complete 3 hours

CE291R Civil Engr Seminar - Civil Engr Seminar - *You must take 6 times* - 0.5

Requirement 3 — Complete 2 Requirements

Option 3.1 — Complete 2 Courses

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

Option 3.2 — Complete 1 of 2 Options

Option 3.2.1 — Complete 2 Courses

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

Option 3.2.2 — Complete 4 Courses

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

Requirement 4 — Complete 3 Requirements

Supporting courses:

Requirement 4.1 — Complete 3 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 4.2 — Complete 1 of 6 Courses

Course will satisfy Biology Science general education requirement.

BIO100 Principles of Biology - Principles of Biology 3.0

CELL120 Science of Biology - Science of Biology 3.0

HONRS220 Unexpect Connect: Biol-Letters - Unexpect Connect: Biol-Letters 3.0

HONRS221 Unexpect Connect: Biol-Arts - Unexpect Connect: Biol-Arts 3.0

MMBIO121 Gen Biology: Health & Disease - Gen Biology: Health & Disease 3.0

PWS150 Environmental Biology - Environmental Biology 3.0

Requirement 4.3 — Complete 1 of 9 Courses

Advanced Science Elective:

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

CHEM351M Organic Chemistry 1 - Majors - Organic Chemistry 1 - Majors 3.0

C S236 Discrete Structure - Discrete Structure 3.0

GEOL330 Engineering Geology - Engineering Geology 3.0

MATH290 Fundamentals of Mathematics - Fundamentals of Mathematics 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

PHSCS137 Energy, Climate, Environment - Energy, Climate, Environment 3.0

PHSCS220 Intro Electricity & Magnetism - Intro Electricity & Magnetism 3.0

STAT230 Statistical Modeling 1 - Statistical Modeling 1 3.0

Requirement 5 — Complete 12 hours

CE Breadth:

CCE304 Metals, Woods, & Composites - Metals, Woods, & Composites - 1.5

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

CE321 Structural Analysis - Structural Analysis 3.0

CE331 Hydrology - Hydrology - 3.0

CE341 Soil Mechanics - Soil Mechanics 3.0

CE351 Intro to Environmental Eng - Intro to Environmental Eng 3.0

CE361 Transportation Engineering - Transportation Engineering 3.0

Requirement 6 — Complete 2 Requirements

Design Electives

Option 6.1 — Complete 1 of 2 Courses

CE421 Structural Steel Design - Structural Steel Design 3.0

CE424 Reinforced Concrete Design - Reinforced Concrete Design 3.0

Option 6.2 — Complete 1 Course

CE433 Hydraulic Engineering - Hydraulic Engineering 3.0

Option 6.3 — Complete 1 Course

CE442 Foundation Engineering - Foundation Engineering 3.0

Option 6.4 — Complete 1 Course

CE461 Geometric Design of Highways - Geometric Design of Highways 3.0

Option 6.5 — Complete 1 Course

CE453 Water/Wastewater Tmt Design - Water/Wastewater Tmt Design 3.0

Requirement 7 — Complete 12 hours

Technical Electives: Complete 12 additional technical elective credits from the following (NOTE: a course taken as a major requirement course may not double count as a technical elective course). One approved CFM course may be taken as a Technical Elective.

Option 7.1 — Complete at least 9 hours up to 12 hours

CCE304 Metals, Woods, & Composites - Metals, Woods, & Composites - 1.5

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

CE321 Structural Analysis - Structural Analysis 3.0

CE341 Soil Mechanics - Soil Mechanics 3.0

CE351 Intro to Environmental Eng - Intro to Environmental Eng 3.0

CE361 Transportation Engineering - Intro to Transportation Engr 3.0

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CE421 Structural Steel Design - Structural Steel Design 3.0

CE424 Reinforced Concrete Design - Reinforced Concrete Design 3.0

CE331 Hydrology - Hydrology 3.0

CE433 Hydraulic Engineering - Hydraulic Engineering 3.0

CE439 Water Resources Study Abroad - Water Resources Study Abroad 3.0

CE442 Foundation Engineering - Foundation Engineering 3.0

CE453 Water/Wastewater Tmt Design - Water/Wastewater Tmt Design 3.0

CE461 Geometric Design of Highways - Geometric Design of Highways 3.0

CE472 Civil Engineering Design - Civil Engineering Design 3.0

CE495R Global Projects - Global Projects - *You may take up to 3.0 credit hours* 0.5v

CE500 Design & Materials Applicatns - Design & Materials Applicatns 3.0

CE501 Stress Analysis & Design - Stress Analysis & Design 3.0

CE504 Nonlinear Struc Analysis - Computer Struc Optimization 3.0

CE505 Port Cement Design & Analysis - Port Cement Design & Analysis 3.0

CE507 Linear Finite Element Methods - Linear Finite Element Methods 3.0

CE508 Structural Vibrations - Structural Vibrations 3.0

CE514 Geospatial Software Dev - Geospatial Software Dev 3.0

CE521 Seismic Design of Steel Bldngs - Adv Structural Steel Design 3.0

CE523 Aircraft Structures - Aircraft Structures 3.0

CE524 Prestressed Concrete Design - Prestressed Concrete Design 3.0

CE525 Bridge Structures - Bridge Structures 3.0

CE526 Bridge Preservation - Bridge Preservation 1.5

CE528 Masonry Design - Masonry Design 3.0

CE529 Structural Wood Design - Structural Wood Design 3.0

CE531 Hydrologic Modeling - Hydrologic Modeling 3.0

CE532 Urban Water Infrastructure - Urban Water Infrastructure 3.0

CE533 Adv. Hydraulic Routing - Adv. Hydraulic Routing 3.0

CE534 Hydroinformatics - Hydroinformatics 3.0

CE535 Hydraulic Design of Channels - Hydraulic Design of Channels 3.0

CE540 Geo-Environmental Engineering - Geo-Environmental Engineering 3.0

CE542 Deep Foundations - Deep Foundations 3.0

CE543 Chemical Stabilization - Chemical Stabilization 1.5

CE544 Seepage & Slope Stability - Seepage & Slope Stability 3.0

CE545 Geotech Analysis of Earthquake - Geotech Analysis of Earthquake 3.0

CE547 Groundwater Modeling - Groundwater Modeling 3.0

CE553 Mechanical Behavior - Mechanical Behavior 3.0

CE555 Environmental Chemistry - Environmental Chemistry 3.0

CE560 Air Quality & Transportation - Air Quality & Transportation 3.0

CE562 Traffic Engineering - Traffic Engineering 3.0

CE563 Pavement Design - Pavement Design 3.0

CE565 Transp Planning & Analysis - Urban Transportation Planning 3.0

CE566 Pavement Management - Pavement Management 3.0

CE568 Asphalt Mixture Design - Asphalt Mixture Design 1.5

CE570 CAE Software Development - CAE Software Development 3.0

CE575 Optimization Techniques - Optimization Techniques 3.0

CE580 Technical Writing - Technical Writing 1.5

CE594R Selected Problems in CE - Selected Problems in CE - 1.0v

Option 7.2 — Complete up to 3 hours

CFM311 Est Processes - Est Processes 3.0

CFM333 Sustainable Design & Arch - Sustainable Design & Arch - 3.0

CFM342 Earthwork & Construction Equip - Earthwork & Construction Equip 3.0

CFM345 Construction Safety - Construction Safety 2.0

CFM400 Managing High Performance Bldg - Managing High Performance Bldg 3.0

CFM411 Pre-Construction Services - Pre-Construction Services 3.0

CFM312 Const Scheduling & Cost Contrl - Const Scheduling & Cost Contrl 3.0

CFM415 Const Project Mgt & Control - Const Project Mgt & Control 3.0

CFM420 Commercial Real Estate Mgt - Commercial Real Estate Mgt 4.0

CFM425 Construction Accounting - Construction Accounting 3.0

CFM426 Real Estate Development - Real Estate Development 3.0

CFM433 Design Studio - Design Studio 3.0

CFM442 Civil Infrastructure Const - Civil Infrastructure Const 3.0

CFM445 Const Company Operatns & Mgt - Const Company Operatns & Mgt 3.0

CFM450 Virtual Design & Construction - Virtual Design & Construction 3.0

CFM385 Construction Law - Construction Law 2.0

CFM494R Special Problems Special Problems - *You may take once* 0.5v

CFM500 Const Innovation & Tech - Const Innovation & Tech 3.0

CFM530 Constr Comp Opers and HR - Constr Comp Opers and HR 3.0

CFM540 Managing Risk in Construction - Managing Risk in Construction 3.0

CFM550 Const Co Developmt - Const Co Developmt 3.0

CFM555 Const. Co. Financial Mgt. - Const. Co. Financial Mgt. 3.0

CFM560 Leadership in the Built Envnmt - Leadership in the Built Envnmt 3.0

CFM570 Infrastructure Asset Mgmt - Infrastructure Asset Mgmt 3.0

CFM580 Sustainable Community Dev - Sustainable Community Dev 3.0

CFM594R Special Topics in CM - Special Topics in CM - *You may take up to 3.0 credit hours* 1.0v

Culminating design courses: Complete Requirement 5 and one Design Elective before enrolling in CE 472.

Requirement 8 — Complete 1 of 3 Courses
Capstone must be taken in final semester.

CE472 Civil Engineering Design - Civil Engineering Design 3.0

CE499R Senior Project - Senior Project - *You may take once* 3.0

HONRS499R Honors Thesis - Honors Thesis - *You may take once* 0.5v

Computer Engineering (BS)

Program Information

Minimum Credit Hours
90

Maximum Credit Hours
90

Major Academic Plan
MAPS - BS in Computer Engineering 2026-2027.docx

Learning Outcomes

Title
Engineering Problems

Learning Outcome
An ability to identify formulate and solve complex engineering problems by applying principles of engineering science and mathematics.

Title
Engineering Design

Learning Outcome
An ability to apply engineering design to produce solutions that meet specified needs with consideration for public health safety and welfare as well as global cultural social environmental and economic factor.

Title
Communication

Learning Outcome
An ability to communicate effectively with a range of audiences.

Title
Ethics

Learning Outcome
An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments which must consider the impact of engineering solutions in global economic environmental and societal contexts.

Title
Teamwork

Learning Outcome
An ability to function effectively on a team whose members together provide leadership create a collaborative and inclusive environment establish goals plan tasks and meet objectives.

Title
Experimentation

Learning Outcome
An ability to develop and conduct appropriate experimentation analyze and interpret data and use engineering judgment to draw conclusions.

Title
Lifelong Learning

Learning Outcome
An ability to acquire and apply new knowledge as needed using appropriate learning strategies.

Program Requirements

The Computer Engineering Baccalaureate program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Students are required to pass major courses with a grade of C- or better before taking follow-on courses.

Requirement 1 — Complete 25 Courses

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S235 Data Structures - Data Structures 3.0

C S236 Discrete Structure - Discrete Structure 3.0

C S240 Adv Software Construction -Adv Software Construction 4.0

EC EN191 New Student Seminar - New Student Seminar 0.5

EC EN192 Freshman Project - Freshman Project - 1.0

EC EN224 Introduction to Computer Sys - Introduction to Computer Sys 3.0

EC EN225 Computer Systems Lab - Computer Systems Lab - 1.0

EC EN240 Circuits - Circuits 4.0

EC EN320 Digital Systems - Digital Systems 4.0

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN340 Electronic Circuit Design 1 - Electronic Circuit Design 1 4.0

EC EN380 Signals & Systems - Signals & Systems 4.0

EC EN390 Jr. Team Design Project - Jr. Team Design Project 3.0

EC EN391 Junior Seminar - Junior Seminar 0.5

EC EN475 Capstone Design 1 - Capstone Design 1 3.0

EC EN476 Capstone Design 2 - Capstone Design 2 3.0

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS220 Intro Electricity & Magnetism - Intro Electricity & Magnetism 3.0

STAT201 Stat for Engineers & Scientist - Stat for Engineers & Scientist 3.0

Requirement 2 — Complete 2 Requirements

Requirement 2.1 — Complete 1 of 2 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM111 Principles of Chemistry 1 - Principles of Chemistry 1 4.0

Requirement 2.2 — Complete 1 of 2 Courses

Note: WRTG 312 recommended.

WRTG312 Persuasive Writing - Persuasive Writing 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Complete at least 12 credit hours of TECHNICAL ELECTIVES from the following two requirements.

Requirement 3 — Complete 8 hours

Technical Electives:

EC EN423 Computer Organization - Computer Organization 4.0

EC EN426 Computer Networks - Computer Networks 4.0

EC EN427 Embedded Systems - Embedded Systems 4.0

EC EN433 Intro to Robotics & Autonomy - Intro to Robotics & Autonomy - 4.0

Requirement 4 — Complete 4 hours

Technical Electives. (Note: EC En courses will not double count.) Other courses may be approved by the department.

C S312 Algorithm Design & Analysis - Algorithm Design & Analysis 3.0

C S340 Software Design - Software Design 3.0

C S345 Operating Systems Design - Operating Systems Design 3.0

C S428 Software Engineering - Software Engineering 3.0

C S431 Algorithmic Lang & Compilers - Algorithmic Lang & Compilers 3.0

C S452 Database Modeling Concepts - Database Modeling Concepts 3.0

C S455 Computer Graphics - Computer Graphics 3.0

C S456 Mobile and Ubiquitous HCI - Mobile and Ubiquitous HCI 3.0

C S460 Comp Comms & Networking - Comp Comms & Networking 3.0

C S462 Distributed System Design - Distributed System Design 3.0

C S465 Computer Security - Computer Security 3.0

C S470 Intro Artificial Intelligence - Intro Artificial Intelligence 3.0

C S474 Deep Learning - Deep Learning 3.0

EC EN423 Computer Organization - Computer Organization - 4.0

EC EN360 EM Fields and Waves - EM Fields and Waves 4.0

EC EN426 Computer Networks - Computer Networks 4.0

EC EN427 Embedded Systems - Embedded Systems 4.0

EC EN433 Intro to Robotics & Autonomy - Intro to Robotics & Autonomy 4.0

EC EN445 Mixed-Signal VLSI - Mixed-Signal VLSI 4.0

EC EN446 Power Electronics - Power Electronics 4.0

EC EN450 Intro Semicond Dev - Intro Semicond Dev 3.0

EC EN452 Experiments in IC Development - Experiments in IC Development 1.0

EC EN462 EM Radiation & Propagation - EM Radiation & Propagation 2.0

EC EN464 Wireless Communicatn Circuits - Wireless Communicatn Circuits 2.0

EC EN466 Intro to Optical Engineering - Intro to Optical Engineering 2.0

EC EN471 Machine Learning: Found & Apps - Machine Learning: Found & Apps - 4.0

EC EN483 Design of Control Systems - Design of Control Systems 4.0

EC EN485 Digital Communication Theory - Digital Communication Theory 4.0

EC EN487 Introduction to DSP - Introduction to DSP 4.0

CYBER467 Cybersecurity & Pen Test - Cybersecurity & Pen Test 3.0

CYBER585 Encryption Implementation - Encryption Implementation 3.0

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Complete the department exit survey and interview.

Electrical Engineering (BS)

Program Requirements

The Electrical Engineering Baccalaureate program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

Students are required to pass major courses with a grade of C- or better before taking follow-on courses.

Requirement 1 — Complete 24 Courses

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S235 Data Structures - Data Structures 3.0

EC EN191 New Student Seminar - New Student Seminar 0.5

EC EN192 Freshman Project - Freshman Project - 1.0

EC EN224 Introduction to Computer Sys - Introduction to Computer Sys 3.0

EC EN225 Computer Systems Lab - Computer Systems Lab - 1.0

EC EN240 Circuits - Circuits 4.0

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN340 Electronic Circuit Design 1 - Electronic Circuit Design 1 4.0

EC EN360 EM Fields and Waves - EM Fields and Waves 4.0

EC EN380 Signals & Systems - Signals & Systems 4.0

EC EN390 Jr. Team Design Project - Jr. Team Design Project 3.0

EC EN391 Junior Seminar - Junior Seminar 0.5

EC EN475 Capstone Design 1 - Capstone Design 1 3.0

EC EN476 Capstone Design 2 - Capstone Design 2 3.0

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS220 Intro Electricity & Magnetism - Intro Electricity & Magnetism 3.0

STAT201 Stat for Engineers & Scientist - Stat for Engineers & Scientist 3.0

Requirement 2 — Complete 2 Requirements

Requirement 2.1 — Complete 1 of 2 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

CHEM111 Principles of Chemistry 1 - Principles of Chemistry 1 4.0

Requirement 2.2 — Complete 1 of 2 Courses

Note: WRTG 312 recommended

WRTG312 Persuasive Writing - Persuasive Writing 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Complete at least 16 credit hours of TECHNICAL ELECTIVES from the following two requirements.

Requirement 3 — Complete 8 hours

Technical Electives:

EC EN445 Mixed-Signal VLSI - Mixed-Signal VLSI 4.0

EC EN446 Power Electronics - Power Electronics 4.0

EC EN450 Intro Semicond Dev - Intro Semicond Dev 3.0

EC EN452 Experiments in IC Development - Experiments in IC Development 1.0

EC EN462 EM Radiation & Propagation - EM Radiation & Propagation 2.0

EC EN464 Wireless Communicatn Circuits - Wireless Communicatn Circuits 2.0

EC EN466 Intro to Optical Engineering - Intro to Optical Engineering 2.0

EC EN471 Machine Learning: Found & Apps - Machine Learning: Found & Apps - 4.0

EC EN483 Design of Control Systems - Design of Control Systems 4.0

EC EN485 Digital Communication Theory - Digital Communication Theory 4.0

EC EN487 Introduction to DSP - Introduction to DSP 4.0

Requirement 4 — Complete 8 hours

Technical Electives. (Note: EC En courses will not double count.) Other engineering, mathematics, physics, or computer science courses as specified or approved by the EC En department are also acceptable.

C S236 Discrete Structure - Discrete Structure 3.0

C S240 Adv Software Construction - Adv Software Construction 4.0

C S340 Software Design - Software Design 3.0

C S345 Operating Systems Design - Operating Systems Design 3.0

C S428 Software Engineering - Software Engineering 3.0

C S431 Algorithmic Lang & Compilers - Algorithmic Lang & Compilers 3.0

C S452 Database Modeling Concepts - Database Modeling Concepts 3.0

C S455 Computer Graphics - Computer Graphics 3.0

C S456 Mobile and Ubiquitous HCI - Intro to User Interface Softwr 3.0

C S460 Comp Comms & Networking - Comp Comms & Networking 3.0

C S462 Distributed System Design - Distributed System Design 3.0

C S465 Computer Security - Computer Security 3.0

C S470 Intro Artificial Intelligence - Intro Artificial Intelligence 3.0

C S474 Deep Learning - Deep Learning 3.0

EC EN320 Digital Systems - Digital Systems 4.0

EC EN512 Biomedical Instrumentation - Biomedical Instrumentation 4.0

EC EN423 Computer Organization - Computer Organization 4.0

EC EN426 Computer Networks - Computer Networks 4.0

EC EN427 Embedded Systems - Embedded Systems 4.0

EC EN433 Intro to Robotics & Autonomy - Intro to Robotics & Autonomy - 4.0

EC EN445 Mixed-Signal VLSI - Mixed-Signal VLSI 4.0

EC EN446 Power Electronics - Power Electronics 4.0

EC EN450 Intro Semicond Dev - Intro Semicond Dev 3.0

EC EN452 Experiments in IC Development - Experiments in IC Development 1.0

EC EN462 EM Radiation & Propagation - EM Radiation & Propagation 2.0

EC EN464 Wireless Communicatn Circuits - Wireless Communicatn Circuits 2.0

EC EN466 Intro to Optical Engineering - Intro to Optical Engineering 2.0

EC EN471 Machine Learning: Found & Apps - Machine Learning Found & Apps 4.0

EC EN483 Design of Control Systems - Design of Control Systems 4.0

EC EN485 Digital Communication Theory - Digital Communication Theory 4.0

EC EN487 Introduction to DSP - Introduction to DSP 4.0

CYBER585 Encryption Implementation - Encryption Implementation 3.0

MATH341 Theory of Analysis 1 - Theory of Analysis 1 3.0

MATH342 Theory of Analysis 2 - Theory of Analysis 2 3.0

MATH352 Intro to Complex Analysis - Intro to Complex Analysis 3.0

MATH355 Graph Theory - Graph Theory 3.0

MATH371 Abstract Algebra 1 - Abstract Algebra 1 3.0

MATH372 Abstract Algebra 2 - Abstract Algebra 2 3.0

MATH411 Numerical Methods - Numerical Methods 3.0

MATH447 Intro Partial Differential Eqs - Intro Partial Differential Eqs 3.0

MATH450 Combinatorics - Combinatorics 3.0

MATH487 Number Theory - Number Theory 3.0

PHSCS222 Modern Physics - Modern Physics 3.0

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Complete the department exit interview.

Mechanical Engineering (BS): Aerospace Emphasis

Program Information

Minimum Credit Hours
101.5

Maximum Credit Hours
101.5

Major Academic Plan
MAPS - BS in Mechanical Engineering - Aerospace 2026-2027.docx

Program Requirements
Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

On gaining acceptance into the professional program, students must maintain a minimum university cumulative grade point average of 2.0.

No more than 6 credit hours or two courses of grades below C- in major courses may be applied toward graduation.

A professional program course may not be retaken more than once.

At least 30 of the 51.5 credit hours of Mechanical Engineering (ME EN) courses must be earned at BYU.

Requirement 1 — Complete 1 of 4 Courses

BIO100 Principles of Biology - Principles of Biology 3.0

CELL120 Science of Biology - Science of Biology 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

Requirement 2 — Complete 3 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

Requirement 3 — Complete 1 of 2 Options

C S110 How to Program - How to Program 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

Requirement 4 — Complete 1 of 2 Options

Mathematics Core Sequences

Option 4.1 — Complete 4 Courses

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

Option 4.2 — Complete 2 Requirements

Requirement 4.2.1 — Complete 4 Courses

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

Requirement 4.2.2 — Complete 1 Course

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

Requirement 5 — Complete 5 Courses

Preprofessional engineering courses:

CCE203 Engr Mechanics - Materials - Engr Mechanics - Materials 3.0

EC EN301 Elements of Electrical Engr - Elements of Electrical Engr 3.0

ME EN101 Static Systems in Me En - Static Systems in Me En 3.0

ME EN191 New Student Seminar - New Student Seminar 0.5

ME EN204 Dynamics - Dynamics 3.0

Requirement 6 — Complete 13 Courses

Professional mechanical engineering core:

ME EN250 Materials Science - Materials Science 3.0

ME EN272 Engineering Graphics - Engineering Graphics 3.0

ME EN275 Computational Methods - Computational Methods 3.0

ME EN312 Fluid Mechanics - Fluid Mechanics 3.0

ME EN321 Thermodynamics - Thermodynamics 3.0

ME EN330 Design of Mechatronic Systems - Design of Mechatronic Systems 3.0

ME EN335 Dynamic System Modeling- Dynamic System Modeling 3.0

ME EN340 Heat Transfer - Heat Transfer 3.0

ME EN362 Engineering Measurements - Engineering Measurements 3.0

ME EN372 Mechanical Sys Dsgn Fundmntls - Mechanical Sys Dsgn Fundmntls 3.0

ME EN382 Manufacturing Processes - Manufacturing Processes 3.0

ME EN475 Integrated Prodct&Proc Desgn 1 - Integrated Prodct&Proc Desgn 1 3.0

ME EN476 Product Dev 2 - Capstone - Product Dev 2 - Capstone 3.0

Requirement 7 — Complete 1 Course

Supporting courses:

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 8 — Complete 1 Course

ME EN231 Leadership in a Global Context - Leadership in a Global Context 3.0

Requirement 9 — Complete 3 hours

ME EN415 Flight Vehicle Design - Flight Vehicle Design 3.0

ME EN426 Gas Turbine &Jet Engine Design - Gas Turbine &Jet Engine Design 3.0

Note: Courses used above cannot double count in Requirements 9 and10

Requirement 10 — Complete 6 hours

ME EN412 Applications of Fluid Dynamics - Applications of Fluid Dynamics 3.0

ME EN415 Flight Vehicle Design - Flight Vehicle Design 3.0

ME EN426 Gas Turbine &Jet Engine Design - Gas Turbine &Jet Engine Design 3.0

ME EN431 Design of Control Systems - Design of Control Systems 4.0

ME EN456 Composite Material Design - Composite Material Design 3.0

ME EN510 Compressible Fluid Flow - Compressible Fluid Flow 3.0

ME EN515 Aerodynamics - Aerodynamics 3.0

ME EN531 Aero Structural Dynamic Test - Aero Structural Dynamic Test 3.0

ME EN534 Dynamics of Mech Systems - Dynamics of Mech Systems 3.0

ME EN535 Mechanical Vibrations - Mechanical Vibrations 3.0

ME EN536 Autonomous Aircraft - Autonomous Aircraft 3.0

ME EN575 Optimization Techniques- Optimization Techniques 3.0

Note: Courses used above cannot double count in requirements 10 and 11.

Requirement 11 — Complete 3 hours

The purposes of these courses is to strengthen the engineering education of the student by a) deepening the student's understanding of engineering science fundamentals, and/or b) helping the student learn to apply engineering fundamentals in specific areas of interest, and/or c) helping the student to develop critical skills related to engineering practice.

The technical electives are normally 400-level or higher mechanical engineering courses, but other courses may be used as long as the following requirements are met:

-- No courses may be below the 300 level.

-- A maximum of 3 credit hours in ME EN 497R or other project courses may be applied to meet technical elective requirements.

-- All courses must be selected from the following list. If a student wishes to count a course not listed here as an elective, approval must be granted before the course is taken. Approval is requested by submitting a petition to the department undergraduate committee that lists all of the proposed electives and demonstrates how the proposed exception meets the purposes described above.

No course used to satisfy other major requirements for graduation may be used as an elective.

Option 11.1 — Complete up to 12 hours

ME EN351 Fund of Biomedical Engineering - Fund of Biomedical Engineering 3.0

ME EN412 Applications of Fluid Dynamics - Applications of Fluid Dynamics 3.0

ME EN415 Flight Vehicle Design - Flight Vehicle Design 3.0

ME EN422 Applied Thermodynamics - Applied Thermodynamics 3.0

ME EN423 Global Perspectives on Energy - Global Perspectives on Energy 3.0

ME EN425 Internal Combustion Engines - Internal Combustion Engines 3.0

ME EN426 Gas Turbine &Jet Engine Design - Gas Turbine &Jet Engine Design 3.0

ME EN431 Design of Control Systems - Design of Control Systems 4.0

ME EN437 Kinematics - Kinematics 3.0

ME EN450 Materials Selection - Materials Selection 3.0

ME EN456 Composite Material Design - Composite Material Design 3.0

ME EN461 Introduction to Acoustics - Introduction to Acoustics 3.0

ME EN472 Mechncl Systms Dsgn Applctns - Mechncl Systms Dsgn Applctns 3.0

ME EN473 Interdisciplinary Innovation - Interdisciplinary Innovation 3.0

ME EN479 Singapore Design and Develop - Singapore Design and Develop 0.0v

ME EN494R Global Projects - Global Projects - *You may take once* 0.5v

ME EN495R Mentored Coursework - Mentored Coursework - *You may take 2 times* 0.5v

ME EN497R Mentored Projects - Mentored Projects - *You may take up to 3.0 credit hours* 0.5v

ME EN501 Stress Analysis & Design - Stress Analysis & Design 3.0

ME EN505 Applied Engineering Math - Applied Engineering Math 3.0

ME EN507 Linear Finite Element Methods - Linear Finite Element Methods 3.0

ME EN508 Structural Vibrations - Structural Vibrations 3.0

ME EN510 Compressible Fluid Flow - Compressible Fluid Flow 3.0

ME EN512 Intrmd Fluid Dyn - Intrmd Fluid Dyn 3.0

ME EN515 Aerodynamics - Aerodynamics 3.0

ME EN521 Intermediate Thermodynamics - Intermediate Thermodynamics 3.0

ME EN522 Combustion - Combustion 3.0

ME EN531 Aero Structural Dynamic Test - Aero Structural Dynamic Test 3.0

ME EN534 Dynamics of Mech Systems - Dynamics of Mech Systems 3.0

ME EN535 Mechanical Vibrations - Mechanical Vibrations 3.0

ME EN536 Autonomous Aircraft - Autonomous Aircraft 3.0

ME EN537 Robotics - Robotics 3.0

ME EN538 Compliant Mechanisms - Compliant Mechanisms 3.0

ME EN540 Intrmd Heat & Mass Transfer - Intrmd Heat & Mass Transfer 3.0

ME EN541 Comput Fluids & Heat Transfer - Comput Fluids & Heat Transfer 3.0

ME EN550 MEMS - MEMS 3.0

ME EN552 Neuromechanics of Movement - Neuromechanics of Movement 3.0

ME EN553 Mechanical Behavior- Mechanical Behavior 3.0

ME EN554 Kinetics of Materials - Kinetics of Materials 3.0

ME EN555 Biomechanical Engineering - Intro to Biomechanical Engr 3.0

ME EN556 Materials Modeling - Materials Modeling 3.0

ME EN557 Extreme Environments - Extreme Environments 3.0

ME EN558 Metallurgy - Metallurgy 3.0

ME EN561 Fundamentals of Acoustics - Fundamentals of Acoustics 3.0

ME EN570 CAE Software Development- CAE Software Development 3.0

ME EN572 Design for Additive Mfg - Design for Additive Mfg 3.0

ME EN573 Design of Medical Devices - Design of Medical Devices - 3.0

ME EN575 Optimization Techniques - Optimization Techniques 3.0

ME EN576 Product Design - Product Design 3.0

ME EN577 Uncertainty Quantification - Uncertainty Quantification 3.0

ME EN578 Systems En & CAD Applications - Systems En & CAD Applications 3.0

ME EN579 Global Product Development - Global Product Development 3.0

ME EN595R Topics in Materials- Topics in Materials - *You may take once* 0.5v

ME EN595R Advanced Dynamics - Advanced Dynamics - *You may take once* 0.5v

ME EN595R Special Topics in Mech Engr - Special Topics in Mech Engr - *You may take once* 0.5v

ME EN595R Topics in Mechanical Design - Topics in Mechanical Design - *You may take once* 0.5v

Option 11.2 — Complete up to 6 hours

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

CCE304 Metals, Woods, & Composites - Metals, Woods, & Composites 1.5

CE321 Structural Analysis - Structural Analysis 3.0

CE361 Transportation Engineering - Transportation Engineering 3.0

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CE421 Structural Steel Design - Structural Steel Design 3.0

CE424 Reinforced Concrete Design - Reinforced Concrete Design 3.0

CE331 Hydrology - Hydrology 3.0

CE433 Hydraulic Engineering - Hydraulic Engineering 3.0

CE439 Water Resources Study Abroad - Water Resources Study Abroad 3.0

CE442 Foundation Engineering - Foundation Engineering 3.0

CE451 Environmental Engineering Proc - Environmental Engineering Proc 3.0

CE453 Water/Wastewater Tmt Design - Water/Wastewater Tmt DesigN 3.0

CE461 Geometric Design of Highways - Geometric Design of Highways 3.0

CE472 Civil Engineering Design - Civil Engineering Design 3.0

CE500 Design & Materials Applicatns - Design & Materials Applicatns 3.0

CE501 Stress Analysis & Design - Stress Analysis & Design 3.0

CE504 Nonlinear Struc Analysis - Computer Struc Optimization 3.0

CE505 Port Cement Design & Analysis - Port Cement Design & Analysis 3.0

CE507 Linear Finite Element Methods - Linear Finite Element Methods 3.0

CE508 Structural Vibrations - Structural Vibrations 3.0

CE514 Geospatial Software Dev - Geospatial Software Dev 3.0

CE521 Seismic Design of Steel Bldngs - Adv Structural Steel Design 3.0

CE523 Aircraft Structures - Aircraft Structures 3.0

CE525 Bridge Structures - Bridge Structures 3.0

CE526 Bridge Preservation - Bridge Preservation 1.5

CE528 Masonry Design - Masonry Design 3.0

CE529 Structural Wood Design - Structural Wood Design 3.0

CE531 Hydrologic Modeling - Hydrologic Modeling 3.0

CE533 Adv. Hydraulic Routing - Adv. Hydraulic Routing 3.0

CE534 Hydroinformatics - Hydroinformatics 3.0

CE535 Hydraulic Design of Channels - Hydraulic Design of Channels 3.0

CE540 Geo-Environmental Engineering - Geo-Environmental Engineering 3.0

CE542 Deep Foundations - Deep Foundations 3.0

CE544 Seepage & Slope Stability - Seepage & Slope Stability 3.0

CE545 Geotech Analysis of Earthquake - Geotech Analysis of Earthquake 3.0

CE547 Groundwater Modeling - Groundwater Modeling 3.0

CE555 Environmental Chemistry - Environmental Chemistry 3.0

CE562 Traffic Engineering - Traffic Engineering 3.0

CE563 Pavement Design - Pavement Design 3.0

CE565 Transp Planning & Analysis - Urban Transportation Planning 3.0

CE566 Pavement Management - Pavement Management 3.0

CE570 CAE Software Development - CAE Software Development 3.0

CE575 Optimization Techniques - Optimization Techniques 3.0

CELL305 Human Physiology - Human Physiology 4.0

CHEM351 Organic Chemistry 1 - Organic Chemistry 1 - Majors 3.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 - Majors 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM355 Organic Lab 2 - Nonmajors - Organic Lab 2 - Nonmajors 1.0

CHEM561 Chemical Thermodynamics - Chemical Thermodynamics 3.0

CHEM563 Reaction Kinetics - Reaction Kinetics 3.0

CHEM565 Intro to Quantum Chemistry - Intro to Quantum Chemistry 3.0

CHEM567 Statistical Mechanics - Statistical Mechanics 3.0

CHEM569 Fundamentals of Spectroscopy - Fundamentals of Spectroscopy 3.0

CHEM571 Polymer & Materials Chemistry - Polymer & Materials Chemistry 3.0

CHEM581 Adv Biochemical Methodology 1 - Adv Biochemical Methodology 1 3.0

CHEM583 Adv Biochemical Methodology 2 - Adv Biochemical Methodology 2 3.0

CHEM584 Adv Biochemistry Methods 1 - Adv Biochemistry Methods 1 3.0

CHEM586 Adv Biochemistry Methods 2 - Adv Biochemistry Methods 2 3.0

CBE386 Chemical Reaction Engineering - Chemical Reaction Engineering 3.0

CBE410 Principles of Petroleum Engr - Principles of Petroleum Engr 3.0

CBE412 Introd Nuclear Engineering - Introd Nuclear Engineering 3.0

CBE426 Machine Learning for Engineers - Machine Learning for Engineers 3.0

CBE433 Energy Engineering - Energy Engineering 3.0

CBE436 Process Control & Dynamics - Process Control & Dynamics 3.0

CBE451 Capstone I: Process Design - Capstone I: Process Design 4.0

CBE461 Capstone II: Projects - Capstone II: Projects 3.0

CH EN475 Unit Operations Lab 1 - Unit Operations Lab 1 2.0

CBE476 Separations - Separations 3.0

CH EN477 Unit Operations Lab 2 - Unit Operations Lab 2 2.0

CBE479 Unit Operations Laboratory - Unit Operations Laboratory 2.0

CBE481 Semiconductor Processing - Semiconductor Processing 2.0

CBE495R Global Projects - Global Projects - *You may take once* 0.5v

CBE499 Mentored Research and Thesis - Mentored Research and Thesis 3.0

CBE512 Nuclear Reactor Transient Mod. - Nuclear Reactor Transient Mod. 3.0

CBE513 Molecular Modeling - Molecular Modeling 3.0

CBE518 Biomedical Engin Principles - Biomedical Engin Principles 3.0

CBE519 Biochemical Engineering - Biochemical Engineering 3.0

CBE522 Combustion - Comb Proc 3.0

CBE528 Industrial Catalytic Processes - Industrial Catalytic Processes 2.0

CBE531 Thermodynamics Multicon Syst - Thermodynamics Multicon Syst 3.0

CBE533 Transport Phenomena - Transport Phenomena 3.0

CBE535 Kinetics Catalysis - Kinetics Catalysis 3.0

CBE541 Numerical Methods for Eng. - Numerical Methods for Eng. 3.0

CBE578 Polymer Science & Engineering - Polymer Science & Engineering 3.0

C S312 Algorithm Design & Analysis - Algorithm Design & Analysis 3.0

C S324 Systems Programming - Systems Programming 3.0

C S329 QA & DevOps - QA & DevOps 3.0

C S330 Concepts of Programng Lang - Concepts of Programng Lang 3.0

C S340 Software Design - Software Design 3.0

C S345 Operating Systems Design - Operating Systems Design 3.0

C S355 Graphics and Image Processing - Graphics and Image Processing 3.0

C S356 Advanced Techniques in HCI - Advanced Techniques in HCI 3.0

C S393 Collaborative Probl Solving - Adv Algorithms & Probl Solving 3.0

C S405 Software Business - Software Business 3.0

C S412 Linear Prog/Convx Optimization - Linear Prog/Convx Optimization 3.0

C S428 Software Engineering - Software Engineering 3.0

C S431 Algorithmic Lang & Compilers - Algorithmic Lang & Compilers 3.0

C S450 Computer Vision - Computer Vision 3.0

C S452 Database Modeling Concepts - Database Modeling Concepts 3.0

C S453 Fund of Information Retrieval - Fund of Information Retrieval 3.0

C S455 Computer Graphics - Computer Graphics 3.0

C S456 Mobile and Ubiquitous HCI -Mobile and Ubiquitous HCI 3.0

C S460 Comp Comms & Networking - Comp Comms & Networking 3.0

C S462 Distributed System Design - Distributed System Design 3.0

C S465 Computer Security - Computer Security 3.0

C S470 Intro Artificial Intelligence - Intro Artificial Intelligence 3.0

C S471 Voice Interfaces - Voice Interfaces 3.0

C S472 Intro to Machine Learning - Intro to Machine Learning 3.0

C S474 Deep Learning - Deep Learning 3.0

C S486 Verification and Validation - Verification and Validation 3.0

C S493R Computing Competitions - Computing Competitions - *You may take once* 3.0

C S513 Robust Control - Robust Control 3.0

EC EN323 Computer Organization - Computer Organization 4.0

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN340 Electronic Circuit Design 1 - Electronic Circuit Design 1 4.0

EC EN360 EM Fields and Waves - EM Fields and Waves 4.0

EC EN380 Signals & Systems - Signals & Systems 4.0

EC EN512 Biomedical Instrumentation - Biomedical Instrumentation 4.0

EC EN424 Computer Systems - Computer Systems 4.0

EC EN425 Real-Time Operating Systems - Real-Time Operating Systems 4.0

EC EN426 Computer Networks - Computer Networks 4.0

EC EN427 Embedded Systems - Embedded Systems 4.0

EC EN445 Mixed-Signal VLSI - Mixed-Signal VLSI 4.0

EC EN446 Power Electronics - Power Electronics 4.0

EC EN450 Intro Semicond Dev - Intro Semicond Dev 3.0

EC EN452 Experiments in IC Development - Experiments in IC Development 1.0

EC EN462 EM Radiation & Propagation - EM Radiation & Propagation 2.0

EC EN464 Wireless Communicatn Circuits - Wireless Communicatn Circuits 2.0

EC EN466 Intro to Optical Engineering - Intro to Optical Engineering 2.0

EC EN483 Design of Control Systems - Design of Control Systems 4.0

EC EN485 Digital Communication Theory - Digital Communication Theory 4.0

EC EN487 Introduction to DSP - Introduction to DSP 4.0

EC EN521 Intro to Algorithm Design - Intro to Algorithm Design 3.0

EC EN523 Computer System Reliability - Computer System Reliability 3.0

EC EN526 Wireless Networking - Wireless Networking 3.0

EC EN528 High Perform Computing - Computer Architecture 3.0

EC EN536 Autonomous Aircraft - Autonomous Aircraft 3.0

EC EN541 Act/Pass Filter - Act/Pass Filter 3.0

EC EN543 CMOS Amp Design - CMOS Amp Design 3.0

EC EN548 Analog CMOS Ccts - Analog CMOS Ccts 3.0

EC EN549 VLSI Comm Circuits - VLSI Comm Circuits 3.0

EC EN550 MEMS - MEMS 3.0

EC EN551 Intro Digital VLSI Circuits - Intro Digital VLSI Circuits 3.0

EC EN555 Optoelectronic Devices - Optoelectronic Devices 3.0

EC EN560 EM Wave Theory - EM Wave Theory 3.0

EC EN562 Integrated Quantum Photonics - Integrated Quantum Photonics 3.0

EC EN563 Numerical Methods - Numerical Methods 3.0

EC EN564 Radar & Comm Systems - Radar & Comm Systems 3.0

EC EN567 Physical Optics - Physical Optics 3.0

EC EN568 Micrwv Remote Sens - Micrwv Remote Sens 3.0

EC EN576 Medical Imaging & Image Recon - Medical Imaging & Image Recon 3.0

EC EN595 Patent & IP Law Fundamentals - Patent & IP Law Fundamentals 1.0

EXSC462 Clinical Biomechanics - Clinical Biomechanics 3.0

GEOL440 Solid Earth Geophysics - Solid Earth Geophysics 3.0

CYBER548 Cyber-Physical Systems - Cyber-Physical Systems 3.0

MATH402 Model Uncertainty & Data 1 - Model Uncertainty & Data 1 3.0

MATH403 Model Uncertainty & Data 1 Lab - Model Uncertainty & Data 1 Lab 1.0

MATH404 Model Uncertainty & Data 2 - Model Uncertainty & Data 2 3.0

MATH405 Model Uncertainty & Data 2 Lab - Model Uncertainty & Data 2 Lab 1.0

MATH410 Intro to Numerical Methods - Intro to Numerical Methods 3.0

MATH411 Numerical Methods - Numerical Methods 3.0

MATH413 Advanced Linear Algebra - Advanced Linear Algebra 3.0

MATH431 Probability Theory - Probability Theory 3.0

MATH436 Model Dynamics & Control 1 - Model Dynamics & Control 1 3.0

MATH437 Model Dynamics & Control 1 Lab - Model Dynamics & Control 1 Lab 1.0

MATH438 Model Dynamics & Control 2 - Model Dynamics & Control 2 3.0

MATH439 Model Dynamics & Control 2 Lab - Model Dynamics & Control 2 Lab 1.0

MATH447 Intro Partial Differential Eqs - Intro Partial Differential Eqs 3.0

MATH451 Introduction to Topology - Introduction to Topology 3.0

MATH465 Differential Geometry - Differential Geometry 3.0

MATH473 Group Representation Theory - Group Representation Theory 3.0

MATH485 Mathematical Cryptography - Mathematical Cryptography 3.0

MATH487 Number Theory - Number Theory 3.0

MATH510 Num Methods for Linear Algebra - Num Methods for Linear Algebra 3.0

MATH511 Num Methods for Partial Diff - Num Methods for Partial Diff 3.0

MATH521 Classical Applied Mathematics - Methods of Applied Math 1 3.0

MATH522 Mathematics of Deep Learning - Methods of Applied Math 2 3.0

MATH525 Network Theory - Network Theory 3.0

MATH532 Complex Analysis - Complex Analysis 3.0

MATH534 Intro to Dynamical Systems 1 - Intro to Dynamical Systems 1 3.0

MATH536 Applied Discrete Probability - Applied Discrete Probability 3.0

MATH540 Linear Analysis - Linear Analysis 3.0

MATH541 Real Analysis - Real Analysis 3.0

MATH547 Modeling and Analysis of PDEs - Modeling and Analysis of PDEs 3.0

MATH553 Foundations of Topology 1 - Foundations of Topology 1 3.0

MATH554 Foundations of Topology 2 - Foundations of Topology 2 3.0

MATH561 Intro to Algebraic Geometry 1 - Intro to Algebraic Geometry 1 3.0

MATH562 Intro to Algebraic Geometry 2 - Intro to Algebraic Geometry 2 3.0

MATH565 Differential Geometry - Differential Geometry 3.0

MATH570 Matrix Analysis - Matrix Analysis 3.0

MATH571 Algebra 1 - Algebra 1 3.0

MATH572 Algebra 2 - Algebra 2 3.0

MATH586 Intro Algebraic Number Theory - Intro Algebraic Number Theory 3.0

MATH587 Intro to Analytic Number Thry - Intro to Analytic Number Thry 3.0

MFGEN318 MFG Electronics & Microsystems - MFG Electronics & Microsystems 3.0

MFGEN331 Metals Processes - Metals Processes 4.0

MFGEN333 Industrial Automation - Industrial Automation 3.0

MFGEN340 Quality Systems - Quality Systems 3.0

MFGEN355 Plastics Materials &Processing - Plastics Materials &Processing 3.0

MFGEN381 Lean Mfg & Sys Des - Lean Mfg & Sys Des 3.0

MFGEN431 Tool Design - Tool Design 3.0

MFGEN433 Intro to SMART Manufacturing - Intro to SMART Manufacturing 3.0

MFGEN440 Six Sigma - Six Sigma 3.0

MFGEN456 Intro to Composites - Intro to Composites 3.0

MFGEN531 Adv Computer-Aided Prog - Adv Computer-Aided Prog 3.0

MFGEN532 Mfg Systems - Mfg Systems 3.0

MFGEN533 Mfg Info Systems - Mfg Info Systems 3.0

MFGEN574 Advanced Tool Design - Advanced Tool Design 3.0

MFGEN575 Packaging Technologies - Packaging Technologies 3.0

MFGEN580 Manufacturing Simulation - Manufacturing Simulation 3.0

MSB430 Intro International Business - Intro International Business 3.0

PHSCS318 Intro Math Physics - Intro Math Physics 3.0

PHSCS321 Mechanics - Mechanics 3.0

PHSCS330 Computational Physics Lab 2 - Computational Physics Lab 2 1.0

PHSCS360 Statistical & Thermal Physics - Statistical & Thermal Physics 3.0

PHSCS416 Writing in Physics - Writing in Physics 3.0

PHSCS427 Stellar Astrophysics - Stellar Astrophysics 3.0

PHSCS428 Galaxies and Cosmology - Galaxies and Cosmology 3.0

PHSCS430 Computational Physics Lab 3 - Computational Physics Lab 3 1.0

PHSCS441 Electricity & Magnetism - Electricity & Magnetism 3.0

PHSCS442 Electrodynamics - Electrodynamics 3.0

PHSCS451 Quantum Mechanics - Quantum Mechanics 3.0

PHSCS452 Appl Quantum Mechanics - Appl Quantum Mechanics 3.0

PHSCS461 Introduction to Acoustics - Introduction to Acoustics 3.0

PHSCS471 Principles of Optics - Principles of Optics 3.0

PHSCS540 Electr Eng Princpls & Practice - Electr Eng Princpls & Practice 2.0

PHSCS545 Intro to Plasma Physics - Intro to Plasma Physics 3.0

PHSCS561 Fundamentals of Acoustics - Fundamentals of Acoustics 3.0

PHSCS571 Lasers & Atoms - Lasers & Atoms 3.0

PHSCS581 Solid State Physics - Solid State Physics 3.0

PHSCS583 Nano and Surface Phscs - Nano and Surface Phscs 3.0

PHSCS585 Thin-Film Physics - Thin-Film Physics 3.0

PHSCS586 Trans Electron Microscopy - Trans Electron Microscopy 3.0

PHSCS587 Semiconductor Devices Phscs - Semiconductor Devices Phscs 3.0

PHSCS588 Scanning Electron Microscopy - Scanning Electron Microscopy 3.0

STAT330 Statistical Modeling 2 - Introduction to Regression 3.0

STAT340 Probability and Inference 2 - Probability and Inference 2 3.0

STAT381 Statistical Cloud Computing -Statistical Cloud Computing 3.0

STAT435 Nonparametric Stat Methods - Nonparametric Stat Methods 3.0

STAT451 Applied Bayesian Statistics - Applied Bayesian Statistics 3.0

STAT466 Bayesian Reliability - Bayesian Reliability 3.0

STAT469 Analysis of Correlated Data - Analysis of Correlated Data 3.0

STAT511 Stat Methods for Research 1 - Stat Methods for Research 1 3.0

STAT512 Stat Methods for Research 2 - Stat Methods for Research 2 3.0

STAT531 Experimental Design and Causal - Experimental Design 3.0

STAT535 Linear Models - Linear Models 3.0

STAT536 Stat Learning & Data Mining - Stat Learning & Data Mining 3.0

STAT537 Mixed Model Methods - Mixed Model Methods 3.0

STAT538 Survival Analysis - Survival Analysis 3.0

Mechanical Engineering (BS) *

Program Information

Minimum Credit Hours
101.5

Maximum Credit Hours
101.5

Major Academic Plan
MAPS - BS in Mechanical Engineering 2026-2027.docx

Learning Outcomes

Title
SO-1. Complex Engineering Problems

Learning Outcome
An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

Title
SO-2. Engineering Design

Learning Outcome
An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

Title
SO-3. Communication

Learning Outcome
An ability to communicate effectively with a range of audiences.

Title
SO-4. Ethics and Professionalism

Learning Outcome
An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

Title
SO-5. Teamwork

Learning Outcome
An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.

Title
SO-6. Experimentation

Learning Outcome
An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

Title
SO-7. New Knowledge

Learning Outcome
An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

On gaining acceptance into the professional program, students must maintain a minimum university cumulative grade point average of 2.0.

No more than 6 credit hours or two courses of grades below C- in required program courses (including pre-professional and professional courses) may be applied toward graduation.

A professional program course may not be retaken more than once.

At least 30 of the 51.5 credit hours of Mechanical Engineering (ME EN) courses must be earned at BYU.

Requirement 1 — Complete 1 of 4 Courses

BIO100 Principles of Biology - Principles of Biology 3.0

CELL120 Science of Biology - Science of Biology 3.0

MMBIO221 General Microbiology - General Microbiology 3.0

MMBIO240 Molecular Biology - Molecular Biology 3.0

Requirement 2 — Complete 3 Courses

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

Requirement 3 — Complete 1 of 2 Courses

C S110 How to Program - How to Program 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

Requirement 4 — Complete 1 of 2 Options

Mathematics core sequences:

Option 4.1 — Complete 4 Courses

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH302 Math for Engr 1 - Math for Engr 1 4.0

MATH303 Math for Engineering 2 - Math for Engineering 2 4.0

Option 4.2 — Complete 2 Requirements

Requirement 4.2.1 — Complete 4 Courses

MATH112 Calculus 1 - Calculus 1 4.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH314 Calculus of Several Variables - Calculus of Several Variables 3.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

Requirement 4.2.2 — Complete 1 Course

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

Requirement 5 — Complete 5 Courses

Preprofessional engineering courses:

CCE203 Engr Mechanics - Materials - Engr Mechanics - Materials 3.0

EC EN301 Elements of Electrical Engr - Elements of Electrical Engr 3.0

ME EN101 Static Systems in Me En - Static Systems in Me En 3.0

ME EN191 New Student Seminar - New Student Seminar 0.5

ME EN204 Dynamics - Dynamics 3.0

Requirement 6 — Complete 13 Courses

Professional mechanical engineering core:

ME EN250 Materials Science - Materials Science 3.0

ME EN272 Engineering Graphics - Engineering Graphics 3.0

ME EN275 Computational Methods - Computational Methods *3.0*

ME EN312 Fluid Mechanics - Fluid Mechanics 3.0

ME EN321 Thermodynamics - Thermodynamics 3.0

ME EN330 Design of Mechatronic Systems - Design of Mechatronic Systems 3.0

ME EN335 Dynamic System Modeling - Dynamic System Modeling 3.0

ME EN340 Heat Transfer - Heat Transfer 3.0

ME EN362 Engineering Measurements - Engineering Measurements 3.0

ME EN372 Mechanical Sys Dsgn Fundmntls - Mechanical Sys Dsgn Fundmntls 3.0

ME EN382 Manufacturing Processes - Manufacturing Processes 3.0

ME EN475 Integrated Prodct&Proc Desgn 1 - Integrated Prodct&Proc Desgn 1 3.0

ME EN476 Product Dev 2 - Capstone - Product Dev 2 - Capstone 3.0

Requirement 7 — Complete 1 Course

Supporting courses:

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 8 — Complete 1 Course

ME EN231 Leadership in a Global Context - Leadership in a Global Context 3.0

Requirement 9 — Complete 12 hours

Complete 12.0 hours from the following options:

The purpose of these courses is to strengthen the engineering education of the student by a) deepening the student's understanding of engineering and/or science fundamentals, b) helping the student learn to apply engineering fundamentals in specific areas of interest, and/or c) helping the student to develop critical skills related to engineering practice.

The technical electives are normally 400-level or higher mechanical engineering courses, but other courses may be used as long as the following requirements are met:

-- At least two courses (6 credit hours) must be in mechanical engineering

-- No courses may be below the 300 level.

-- A maximum of 3 credit hours in ME EN 497R or other project courses may be applied to meet technical elective requirements.

-- All courses must be selected from the following list. If a student wishes to count a course outside these areas as an elective, **approval must be granted before the course is taken**. Approval is requested by submitting a petition to the department undergraduate committee that lists all of the proposed electives and demonstrates how the proposed exception meets the purposes described above.

-- No course used to satisfy other major requirements for graduation may be used as an elective.

Option 9.1 — Complete up to 12 hours

ME EN351 Fund of Biomedical Engineering- Fund of Biomedical Engineering 3.0

ME EN412 Applications of Fluid Dynamics - Applications of Fluid Dynamics 3.0

ME EN415 Flight Vehicle Design - Flight Vehicle Design 3.0

ME EN422 Applied Thermodynamics - Applied Thermodynamics 3.0

ME EN423 Global Perspectives on Energy - Global Perspectives on Energy 3.0

ME EN425 Internal Combustion Engines - Internal Combustion Engines 3.0

ME EN426 Gas Turbine &Jet Engine Design - Gas Turbine & Jet Engine Design 3.0

ME EN431 Design of Control Systems - Design of Control Systems 4.0

ME EN437 Kinematics - Kinematics 3.0

ME EN450 Materials Selection - Materials Selection 3.0

ME EN456 Composite Material Design - Composite Material Design 3.0

ME EN472 Mechncl Systms Dsgn Applctns - Mechncl Systms Dsgn Applctns 3.0

ME EN473 Interdisciplinary Innovation - Interdisciplinary Innovation 3.0

ME EN479 Singapore Design and Develop - Singapore Design and Develop 0.0v

ME EN494R Global Projects - Global Projects - *You may take once* 0.5v

ME EN495R Mentored Coursework - Mentored Coursework - *You may take 2 times* 0.5v

ME EN497R Mentored Projects - Mentored Projects - *You may take up to 3.0 credit hours* 0.5v

ME EN501 Stress Analysis & Design - Stress Analysis & Design 3.0

ME EN505 Applied Engineering Math - Applied Engineering Math 3.0

ME EN507 Linear Finite Element Methods - Linear Finite Element Methods 3.0

ME EN508 Structural Vibrations - Structural Vibrations 3.0

ME EN510 Compressible Fluid Flow - Compressible Fluid Flow 3.0

ME EN512 Intrmd Fluid Dyn - Intrmd Fluid Dyn 3.0

ME EN515 Aerodynamics - Aerodynamics 3.0

ME EN521 Intermediate Thermodynamics - Intermediate Thermodynamics 3.0

ME EN522 Combustion - Combustion 3.0

ME EN531 Aero Structural Dynamic Test - Aero Structural Dynamic Test 3.0

ME EN 533 - Autonomous Systems 3.0 *This course is no longer available for registration and will count only if you completed it while it was offered. Please see your college advisement center for possible substitutions.*

ME EN534 Dynamics of Mech Systems - Dynamics of Mech Systems 3.0

ME EN535 Mechanical Vibrations - Mechanical Vibrations 3.0

ME EN536 Autonomous Aircraft - Autonomous Aircraft 3.0

ME EN537 Robotics - Robotics 3.0

ME EN538 Compliant Mechanisms - Compliant Mechanisms 3.0

ME EN540 Intrmd Heat & Mass Transfer - Intrmd Heat & Mass Transfer 3.0

ME EN541 Comput Fluids & Heat Transfer - Comput Fluids & Heat Transfer 3.0

ME EN550 MEMS - MEMS 3.0

ME EN552 Neuromechanics of Movement - Neuromechanics of Movement 3.0

ME EN553 Mechanical Behavior- Mechanical Behavior 3.0

ME EN554 Kinetics of Materials - Kinetics of Materials 3.0

ME EN555 Biomechanical Engineering - Intro to Biomechanical Engr 3.0

ME EN556 Materials Modeling - Materials Modeling 3.0

ME EN557 Extreme Environments - Extreme Environments 3.0

ME EN558 Metallurgy - Metallurgy 3.0

ME EN561 Fundamentals of Acoustics - Fundamentals of Acoustics 3.0

ME EN570 CAE Software Development- CAE Software Development 3.0

ME EN572 Design for Additive Mfg - Design for Additive Mfg 3.0

ME EN573 Design of Medical Devices - Design of Medical Devices 3.0

ME EN575 Optimization Techniques - Optimization Techniques 3.0

ME EN576 Product Design - Product Design 3.0

ME EN577 Uncertainty Quantification - Uncertainty Quantification 3.0

ME EN578 Systems En & CAD Applications - Systems En & CAD Applications 3.0

ME EN579 Global Product Development - Global Product Development 3.0

ME EN595R Topics in Materials- Topics in Materials - *You may take once* 0.5v

ME EN595R Advanced Dynamics - Advanced Dynamics - *You may take once* 0.5v

ME EN595R Special Topics in Mech Engr - Special Topics in Mech Engr - *You may take once* 0.5v

ME EN595R Topics in Mechanical Design - Topics in Mechanical Design - *You may take once* 0.5v

Option 9.2 — Complete up to 6 hours

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

CCE304 Metals, Woods, & Composites - Metals, Woods, & Composites 1.5

CE321 Structural Analysis - Structural Analysis 3.0

CE361 Transportation Engineering - Transportation Engineering 3.0

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CE421 Structural Steel Design - Structural Steel Design 3.0

CE424 Reinforced Concrete Design - Reinforced Concrete Design 3.0

CE331 Hydrology - Hydrology 3.0

CE433 Hydraulic Engineering - Hydraulic Engineering 3.0

CE439 Water Resources Study Abroad - Water Resources Study Abroad 3.0

CE442 Foundation Engineering - Foundation Engineering 3.0

CE451 Environmental Engineering Proc - Environmental Engineering Proc 3.0

CE453 Water/Wastewater Tmt Design - Water/Wastewater Tmt Design 3.0

CE461 Geometric Design of Highways - Geometric Design of Highways 3.0

CE472 Civil Engineering Design - Civil Engineering Design 3.0

CE500 Design & Materials Applicatns - Design & Materials Applicatns 3.0

CE501 Stress Analysis & Design - Stress Analysis & Design 3.0

CE504 Nonlinear Struc Analysis - Computer Struc Optimization 3.0

CE505 Port Cement Design & Analysis - Port Cement Design & Analysis 3.0

CE507 Linear Finite Element Methods - Linear Finite Element Methods 3.0

CE508 Structural Vibrations - Structural Vibrations 3.0

CE514 Geospatial Software Dev - Geospatial Software Dev 3.0

CE521 Seismic Design of Steel Bldngs - Adv Structural Steel Design 3.0

CE523 Aircraft Structures - Aircraft Structures 3.0

CE525 Bridge Structures - Bridge Structures 3.0

CE526 Bridge Preservation - Bridge Preservation 1.5

CE528 Masonry Design - Masonry Design 3.0

CE529 Structural Wood Design - Structural Wood Design 3.0

CE531 Hydrologic Modeling - Hydrologic Modeling 3.0

CE533 Adv. Hydraulic Routing - Adv. Hydraulic Routing 3.0

CE534 Hydroinformatics - Hydroinformatics 3.0

CE535 Hydraulic Design of Channels - Hydraulic Design of Channels 3.0

CE540 Geo-Environmental Engineering - Geo-Environmental Engineering 3.0

CE542 Deep Foundations - Deep Foundations 3.0

CE544 Seepage & Slope Stability - Seepage & Slope Stability 3.0

CE545 Geotech Analysis of Earthquake - Geotech Analysis of Earthquake 3.0

CE547 Groundwater Modeling - Groundwater Modeling 3.0

CE555 Environmental Chemistry - Environmental Chemistry 3.0

CE562 Traffic Engineering - Traffic Engineering 3.0

CE563 Pavement Design - Pavement Design 3.0

CE565 Transp Planning & Analysis - Urban Transportation Planning 3.0

CE566 Pavement Management - Pavement Management 3.0

CE570 CAE Software Development - CAE Software Development 3.0

CE575 Optimization Techniques - Optimization Techniques 3.0

CELL305 Human Physiology - Human Physiology 4.0

CHEM352 Organic Chemistry 2 - Organic Chemistry 2 3.0

CHEM353 Organic Chem Lab-Nonmajors - Organic Chem Lab-Nonmajors 1.0v

CHEM354 Organic Chem Lab-Major - Organic Chem Lab-Major 1.0v

CHEM355 Organic Lab 2 - Nonmajors - Organic Lab 2 - Nonmajors 1.0

CHEM357 Industrial Organic Chemistry - Industrial Organic Chemistry 3.0

CHEM384 Biochem Methods - Biochem Methods 1.0

CHEM391 Tech Writing Using Chem Lit - Tech Writing Using Chem Lit 3.0

CHEM455 Synthesis & Qual Organic Analy - Synthesis & Qual Organic Analy 4.0

CHEM460 Math for Physical Chemistry - Math for Physical Chemistry 1.0

CHEM462 Physical Chemistry 1 - Physical Chemistry 1 3.0

CHEM463 Physical Chemistry 2 - Physical Chemistry 2 3.0

CHEM464 Physical Chemistry Lab 1 - Physical Chemistry Lab 1 1.0

CHEM465 Physical Chemistry Lab 2 - Physical Chemistry Lab 2 1.0

CHEM467 Physical Chemistry - Engineers - Physical Chemistry - Engineers 3.0

CHEM468 Biophysical Chemistry - Biophysical Chemistry 3.0

CHEM482 Mechanisms of Molecular Biol - Mechanisms of Molecular Biol 3.0

CHEM489 Structural Biochemistry - Structural Biochemistry 3.0

CHEM514 Inorganic Chemistry - Inorganic Chemistry 3.0

CHEM518 Advanced Inorganic Laboratory - Advanced Inorganic Laboratory 2.0

CHEM521 Instrumental Analysis Lecture - Instrumental Analysis Lecture 2.0

CHEM523 Instrumental Analysis Lab - Instrumental Analysis Lab 2.0

CHEM552 Advanced Organic Chemistry - Advanced Organic Chemistry 3.0

CHEM553 Advanced Organic Chemistry - Advanced Organic Chemistry 3.0

CHEM555 Organic Spectroscopic Ident - Organic Spectroscopic Ident 2.0

CHEM561 Chemical Thermodynamics - Chemical Thermodynamics 3.0

CHEM563 Reaction Kinetics - Reaction Kinetics 3.0

CHEM565 Intro to Quantum Chemistry - Intro to Quantum Chemistry 3.0

CHEM567 Statistical Mechanics - Statistical Mechanics 3.0

CHEM569 Fundamentals of Spectroscopy - Fundamentals of Spectroscopy 3.0

CHEM571 Polymer & Materials Chemistry - Polymer & Materials Chemistry 3.0

CHEM581 Adv Biochemical Methodology 1 - Adv Biochemical Methodology 1 3.0

CHEM583 Adv Biochemical Methodology 2 - Adv Biochemical Methodology 2 3.0

CHEM584 Adv Biochemistry Methods 1 - Adv Biochemistry Methods 1 3.0

CHEM586 Adv Biochemistry Methods 2 - Adv Biochemistry Methods 2 3.0

CBE386 Chemical Reaction Engineering - Chemical Reaction Engineering 3.0

CBE410 Principles of Petroleum Engr - Principles of Petroleum Engr 3.0

CBE412 Introd Nuclear Engineering - Introd Nuclear Engineering 3.0

CBE426 Machine Learning for Engineers - Machine Learning for Engineers 3.0

CBE433 Energy Engineering - Energy Engineering 3.0

CBE436 Process Control & Dynamics - Process Control & Dynamics 3.0

CBE451 Capstone I: Process Design - Capstone I: Process Design 4.0

CBE461 Capstone II: Projects - Capstone II: Projects 3.0

CH EN475 Unit Operations Lab 1 - Unit Operations Lab 1 2.0

CBE476 Separations - Separations 3.0

CH EN477 Unit Operations Lab 2 - Unit Operations Lab 2 2.0

CBE479 Unit Operations Laboratory - Unit Operations Laboratory 2.0

CBE481 Semiconductor Processing - Semiconductor Processing 2.0

CBE495R Global Projects - Global Projects - *You may take once* 0.5v

CBE499 Mentored Research and Thesis - Mentored Research and Thesis 3.0

CBE512 Nuclear Reactor Transient Mod. - Nuclear Reactor Transient Mod. 3.0

CBE513 Molecular Modeling - Molecular Modeling 3.0

CBE518 Biomedical Engin Principles - Biomedical Engin Principles 3.0

CBE519 Biochemical Engineering - Biochemical Engineering 3.0

CBE522 Combustion - Comb Proc 3.0

CBE528 Industrial Catalytic Processes - Industrial Catalytic Processes 2.0

CBE531 Thermodynamics Multicon Syst - Thermodynamics Multicon Syst 3.0

CBE533 Transport Phenomena - Transport Phenomena 3.0

CBE535 Kinetics Catalysis - Kinetics Catalysis 3.0

CBE541 Numerical Methods for Eng. - Numerical Methods for Eng. 3.0

CBE578 Polymer Science & Engineering - Polymer Science & Engineering 3.0

C S312 Algorithm Design & Analysis - Algorithm Design & Analysis 3.0

C S324 Systems Programming - Systems Programming 3.0

C S329 QA & DevOps - QA & DevOps 3.0

C S330 Concepts of Programng Lang - Concepts of Programng Lang 3.0

C S340 Software Design - Software Design 3.0

C S345 Operating Systems Design - Operating Systems Design 3.0

C S355 Graphics and Image Processing - Graphics and Image Processing 3.0

C S356 Advanced Techniques in HCI - Advanced Techniques in HCI 3.0

C S393 Collaborative Probl Solving - Collaborative Probl Solving 3.0

C S405 Software Business - Software Business 3.0

C S412 Linear Prog/Convx Optimization - Linear Prog/Convx Optimization 3.0

C S428 Software Engineering - Software Engineering 3.0

C S431 Algorithmic Lang & Compilers - Algorithmic Lang & Compilers 3.0

C S450 Computer Vision - Computer Vision 3.0

C S452 Database Modeling Concepts - Database Modeling Concepts 3.0

C S453 Fund of Information Retrieval - Fund of Information Retrieval 3.0

C S455 Computer Graphics - Computer Graphics 3.0

C S456 Mobile and Ubiquitous HCI - Intro to User Interface Softwr 3.0

C S460 Comp Comms & Networking - Comp Comms & Networking 3.0

C S462 Distributed System Design - Distributed System Design 3.0

C S465 Computer Security - Computer Security 3.0

C S470 Intro Artificial Intelligence - Intro Artificial Intelligence 3.0

C S471 Voice Interfaces - Voice Interfaces 3.0

C S472 Intro to Machine Learning - Intro to Machine Learning 3.0

C S474 Deep Learning - Deep Learning 3.0

C S486 Verification and Validation - Verification and Validation 3.0

C S493R Computing Competitions - Computing Competitions - *You may take once* 3.0

C S513 Robust Control - Robust Control 3.0

EC EN323 Computer Organization - Computer Organization 4.0

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN340 Electronic Circuit Design 1 - Electronic Circuit Design 1 4.0

EC EN360 EM Fields and Waves - EM Fields and Waves 4.0

EC EN380 Signals & Systems - Signals & Systems 4.0

EC EN512 Biomedical Instrumentation - Biomedical Instrumentation 4.0

STAT538 Survival Analysis - Survival Analysis 3.0

Cybersecurity (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
17

Learning Outcomes

Title
Adversarial and Defensive Mindset

Learning Outcome
Develop an adversarial and defensive mindset

Title
Cybersecurity Terminology

Learning Outcome
Understand and apply cybersecurity terminology in discussions with experts

Title
Cybersecurity Technical Experience

Learning Outcome
Develop programming skills and technical experience in at least one area of cybersecurity

Program Requirements

At least 9 credit hours must be taken outside of the student's primary major.

Requirement 1 — Complete 1 of 3 Courses

C S110 How to Program - How to Program 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

IS303 Intro Computer Programming - Intro Computer Programming 3.0

Note: CS 110 is recommended prior to CS 111 with no programming experience

Requirement 2 — Complete 1 of 2 Courses

CYBER266 Adversarial & Cyber Mindset - Adversarial & Cyber Mindset 3.0

C S465 Computer Security - Computer Security 3.0

Requirement 3 — Complete 6 hours

C S460 Comp Comms & Networking - Comp Comms & Networking 3.0

C S465 Computer Security - Computer Security 3.0

C S501R Adv Topics in Computer Sci - Adv Topics in Computer Sci - *You may take once* 1.0v

CYBER110 Intro to Cybersecurity - Introduction to Cybersecurity

CYBER210 Secure Web Development - Secure Web Development 4.0

CYBER231 Ethics, Law, and Leadership - Ethics, Law, and Leadership 3.0

CYBER247 Networks & Security - Networks and Security 3.0

CYBER291 Sophomore Seminar - Sophomore Seminar 0.5

CYBER344 Operating Systems - Operating Systems 3.0

CYBER366 Defensive Cybersecurity - Defensive Cybersecurity 3.0

CYBER391 Junior Seminar - Junior Seminar 0.5

CYBER444 System Administration - System Administration 3.0

CYBER466 Digital Forensics - Digital Forensics 3.0

CYBER467 Cybersecurity & Pen Test - Cybersecurity & Pen Test 3.0

CYBER515R Special Topics in Cyber - Special Topics in IT&C - *You may take once* 1.0v

CYBER585 Encryption Implementation - Encryption Implementation 3.0

IS414 IS Security & Controls - IS Security & Controls 3.0

IS560 Information Security Mngmnt - Information Security Mngmnt 3.0

IS565 Digital Forensics for Orgnztns - Digital Forensics for Orgnztns 3.0

IS567 Cybersecurity & Pen Testing - Cybersecurity & Pen Testing 3.0

IS590R Network Administration - Network Administration - *You may take once* 3.0

MATH485 Mathematical Cryptography - Mathematical Cryptography 3.0

Special Topics classes (CYBER 515R, IS 590R, CS 501R) must include over 50% cybersecurity content). Students may not count a course that shares over 70% of the same content with another class taken by the student. For example, students should not take CYBER 566 and IS 656; or CYBER 567 and IS 567

Requirement 4 — Complete 3 hours

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S224 Computer Systems - Intro to Computer Systems 3.0

C S324 Systems Programming - Systems Programming 3.0

C S345 Operating Systems Design - Operating Systems Design 3.0

C S460 Comp Comms & Networking - Comp Comms & Networking 3.0

C S465 Computer Security - Computer Security 3.0

CYBER231 Ethics, Law, and Leadership - Ethics, Law, and Leadership 3.0

CYBER247 Networks & Security - Networks and Security 3.0

CYBER291 Sophomore Seminar - Sophomore Seminar 0.5

CYBER327 Digital Communications - Digital Communications 4.0

CYBER344 Operating Systems - Operating Systems 3.0

CYBER366 Defensive Cybersecurity - Defensive Cybersecurity 3.0

CYBER391 Junior Seminar - Junior Seminar 0.5

CYBER444 System Administration - System Administration 3.0

CYBER466 Digital Forensics - Digital Forensics 3.0

CYBER467 Cybersecurity & Pen Test - Cybersecurity & Pen Test 3.0

CYBER515R Special Topics in Cyber - Special Topics in IT&C - *You may take once* 1.0v

CYBER529 Advanced Networking - Advanced Networking 3.0

CYBER548 Cyber-Physical Systems - Cyber-Physical Systems 3.0

CYBER562 Cloud Architecture & Security - Cloud Architecture 3.0

CYBER585 Encryption Implementation - Encryption Implementation 3.0

EC EN192 Freshman Project - Freshman Project 1.0

EC EN224 Introduction to Computer Sys - Introduction to Computer Sys 3.0

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN426 Computer Networks - Computer Networks 4.0

EC EN427 Embedded Systems - Embedded Systems 4.0

EC EN526 Wireless Networking - Wireless Networking 3.0

IS533 Advanced Data Communications - Advanced Data Communications 3.0

IS560 Information Security Mngmnt - Information Security Mngmnt 3.0

IS565 Digital Forensics for Orgnztns - Digital Forensics for Orgnztns 3.0

IS567 Cybersecurity & Pen Testing - Cybersecurity & Pen Testing 3.0

IS590R User-Centered Interface Design - Network Administration - *You may take once* 3.0

MATH485 Mathematical Cryptography - Mathematical Cryptography 3.0

SOC380 Deviance & Social Control - Deviance & Social Control 3.0

SOC481 Crime, Justice, & Corrections - Crime, Justice, & Corrections 3.0

Note: Students may not count a course that shares over 70% of the same content with another class taken by the student. For example, students should not take CYBER 466 and IS 656; or CYBER 467 and IS 567.

Manufacturing (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
16

Program Requirements

Requirement 1 — Complete 3 Courses

MFGEN130 Intro to Manufacturing Engr - Intro to Manufacturing Engr 3.0

MFGEN340 Quality Systems - Quality Systems 3.0

MFGEN381 Lean Mfg & Sys Des - Lean Mfg & Sys Des 3.0

Requirement 2 — Complete 2 of 4 Courses

MFGEN220 Material Removal - Material Removal 3.0

MFGEN230 Computer-Aided Manufacturing - Computer-Aided Manufacturing 3.0

MFGEN331 Metals Processes - Metals Processes 4.0

MFGEN355 Plastics Materials &Processing - Plastics Materials &Processing 3.0

Construction and Facilities Management (BS): Construction Management Emphasis

Program Information

Minimum Credit Hours
85

Maximum Credit Hours
86

Major Academic Plan
MAPS - BS in Construction and Facilities Management Construction Management 2026-2027.docx

Learning Outcomes

Title
Problem Solving

Learning Outcome
An ability to identify formulate and solve broadly defined technical or scientific problems by applying knowledge of mathematics and science and/or technical topics to areas relevant to the discipline.

Title
Design

Learning Outcome
An ability to formulate or design a system process procedure or program to meet desired needs.

Title
Experiment and Analysis

Learning Outcome
An ability to develop and conduct experiments or test hypotheses analyze and interpret data and use scientific judgment to draw conclusions.

Title
Communication

Learning Outcome
An ability to communicate effectively with a range of audiences.

Title
Ethics and Professional Responsibility

Learning Outcome
An ability to understand ethical and professional responsibilities and the impact of technical and/or scientific solutions in global economic enviornmental and societal contexts.

Title
Teamwork

Learning Outcome
An ability to function effectively on teams that establish goals plan tasks meet deadlines and anlyze risk and uncertainty.

Program Requirements

Undecided students that are interested in learning more about Civil Engineering, Construction Management, and Facility & Property Management may begin with CCE 101 Introduction to Civil/Const Engineering.

No more than 9 credit hours of grades below C- in major courses may be applied toward graduation.

Students must complete 300 hours of pre-approved construction/facilities-related work after declaring the major and must submit a report during the CFM 491 class.

Requirement 1 — Complete 2 Requirements

Requirement 1.1 — Complete 19 Courses

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 3.0

CCE103 Engineering Mechanics-Statics - Engineering Mechanics-Statics 3.0

CCE113 Construction Modeling - Construction Modeling 3.0

CCE122 Surveying - Surveying 1.0

CCE203 Engr Mechanics - Materials - Engr Mechanics - Materials 3.0

CCE270 Computational Methods - Computational Methods 3.0

CCE304 Metals, Woods, & Composites - Metals, Woods, & Composites 1.5

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

CFM120 Methods 1 - Structural Systems -Methods 1 - Structural Systems 3.0

CFM220 Methods 2 - Bldg Systems- Methods 2 - Bldg Systems3.0

CFM311 Est Processes - Est Processes 3.0

CFM312 Const Scheduling & Cost Contrl - Const Scheduling & Cost Contrl 3.0

CFM333 Sustainable Design & Arch - Sustainable Design & Arch 3.0

CFM345 Construction Safety - Construction Safety 2.0

CFM385 Construction Law - Construction Law 2.0

CFM411 Pre-Construction Services - Pre-Construction Services 3.0

CFM415 Const Project Mgt & Control - Const Project Mgt & Control 3.0

CFM445 Const Company Operatns & Mgt - Const Company Operatns & Mgt 3.0

Requirement 1.2 — Complete 1 of 2 Courses

CFM320 Advanced Building Systems - Advanced Building Systems 3.0

CFM342 Earthwork & Construction Equip - Earthwork & Construction Equip 3.0

Requirement 2 — Complete 2 Requirements

Requirement 2.1 — Complete 2.5 hours

Complete five enrollments of the following (cannot be taken the same semester as CFM 491)

CFM291R Undergraduate Seminar - Undergraduate Seminar - *You may take 5 times* 0.5

Requirement 2.2 — Complete 1 Course

Complete the following during the next-to-last semester before graduation.

CFM491 Senior Seminar - Senior Seminar 0.5

Requirement 3 — Complete 1 of 2 Courses

M COM320 Management Communication - Commun in Organiztnl Settings 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 4 — Complete 2 Requirements

Requirement 4.1 — Complete 3 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

MATH112 Calculus 1 - Calculus 1 4.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 4.2 — Complete 1 of 2 Courses

PHSCS105 General Physics 1 - General Physics 1 3.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

Requirement 5 —Complete 2 hours

Experiential Learning

CFM317R ASC Competition - ASC Competition 1.0

CFM318R NAHB Competition - NAHB Competition - *You may take once* 2.0

CFM319R CFM Experiential Learning - CFM Experiential Learning 1.0v

Requirement 6 — Complete 2 Requirements

Requirement 6.1 — Complete 2 of 27 Courses

Program Elective Courses

(NOTE: a course taken as a major requirement course may not double count as a program elective course):

CCE114 Geomatics - Geomatics 2.0

CE232 Fluid Mechanics - Fluid Mechanics 3.0

CE321 Structural Analysis - Structural Analysis 3.0

CE331 Hydrology - Hydrology 3.0

CE341 Soil Mechanics - Soil Mechanics 3.0

CE351 Intro to Environmental Eng - Intro to Environmental Eng 3.0

CE361 Transportation Engineering - Transportation Engineering 3.0

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CFM210 Fundamentals of FPM - Fundamentals of FPM 3.0

CFM320 Advanced Building Systems - Advanced Building Systems 3.0

CFM340 Operations and Maintenance - Operations and Maintenance 3.0

CFM342 Earthwork & Construction Equip - Earthwork & Construction Equip 3.0

CFM400 Managing High Performance Bldg - Managing High Performance Bldg 3.0

CFM420 Commercial Real Estate Mgt - Commercial Real Estate Mgt 3.0

CFM426 Real Estate Development - Real Estate Development 3.0

CFM433 Design Studio - Design Studio 3.0

CFM442 Civil Infrastructure Const - Civil Infrastructure Const 3.0

CFM450 Virtual Design & Construction - Virtual Design & Construction 3.0

CFM500 Const Innovation & Tech - Const Innovation & Tech 3.0

CFM530 Constr Comp Opers and HR - Constr Comp Opers and HR 3.0

CFM540 Managing Risk in Construction - Managing Risk in Construction 3.0

CFM550 Const Co Developmt - Const Co Developmt 3.0

CFM555 Const. Co. Financial Mgt. - Const. Co. Financial Mgt. 3.0

CFM560 Leadership in the Built Envnmt - Leadership in the Built Envnmt 3.0

CFM570 Infrastructure Asset Mgmt - Infrastructure Asset Mgmt 3.0

CFM580 Sustainable Community Dev - Sustainable Community Dev 3.0

CFM594R Special Topics in CM - Special Topics in CM - *You may take once* 1.0v

Requirement 6.2 — Complete 2 of 13 Courses

Flexible Electives

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

FIN401 Adv Financial Management - Adv Financial Management 3.0

FIN413 Real Estate Finance & Invstmnt - Real Estate Finance & Invstmnt 3.0

GEOG210 Intro to City Planning - Intro to City Planning 3.0

GEOG410 Urban Planning Methods- Urban Planning Methods 3.0

GEOL330 Engineering Geology - Engineering Geology 3.0

GES200 Intro to Global Enviro Studies - Intro to Global Enviro Studies 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

MKTG201 Marketing Management - Marketing Management 3.0

GCI300 Social Impact - Social Impact 3.0

PWS103 Residential Landscape Design - Residential Landscape Design 3.0

SFL102 Introduction to Interiors - Introduction to Interiors 3.0

Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:

Complete department packet and exit interview.

Cybersecurity (BS)

Program Information

Minimum Credit Hours
75

Maximum Credit Hours
78

Major Academic Plan

MAPS - BS in Cybersecurity 2026-2027.docx

Learning Outcomes

Title
Problem Analysis and Solutions

Learning Outcome
Analyze a complex computing problem and apply principles of computing and other relevant disciplines to identify solutions.

Title
Design, Implement, & Evaluate Computing Solutions

Learning Outcome
Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.

Title
Communicate Effectively

Learning Outcome
Communicate effectively in a variety of professional contexts.

Title
Legal & Ethical Judgment

Learning Outcome
Recognize professional responsibilities and make informed judgements in computing practice based on legal and ethical principles.

Title
Teamwork and Management

Learning Outcome
Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.

Title
Security Principles and Practices

Learning Outcome
Apply security principles and practices to maintain operations in the presence of risks and threats.

Program Requirements

Students must have a minimum of 120 total hours to graduate with this major.

Requirement 1 — Complete 8 Courses

C S111 Intro to Computer Science - Intro to Computer Science 3.0

C S235 Data Structures - Data Structures 3.0

C S236 Discrete Structure - Dis crete Structures 3.0

MATH112 Calculus 1 - Calculus 1 4.0

MATH213 Elementary Linear Algebra - Elementary Linear Algebra

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

STAT201 Stat for Engineers & Scientist - Stat for Engineers & Scientist 3.0

Requirement 2 — Complete 1 of 2 Courses

WRTG312 Persuasive Writing - Persuasive Writing 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 3 — Complete 15 Courses

Note: CYBER 210 AND 247 must be completed with a grade of C or higher prior to entering any 300-level IT course.

EC EN192 Freshman Project - Freshman Project 1.0

EC EN224 Introduction to Computer Sys - Introduction to Computer Sys 4.0

EC EN225 Computer Systems Lab - Computer Systems Lab 1.0

EC EN475 Capstone Design 1 - Capstone Design 1 3.0

EC EN476 Capstone Design 2 - Capstone Design 2 3.0

CYBER110 Intro to Cybersecurity - Intro to Cybersecurity 1.0

CYBER210 Secure Web Development - Secure Web Development 4.0

CYBER231 Ethics, Law, and Leadership - Ethics, Law, and Leadership 3.0

CYBER247 Networks & Security - Network Fundam. & Security 3.0

CYBER266 Adversarial & Cyber Mindset - Adversarial & Cyber Mindset 3.0

CYBER291 Sophomore Seminar - Sophomore Seminar 0.5

CYBER344 Operating Systems - Operating Systems 3.0

CYBER350 Database Principles & Applictn - Database Principles & Applictn 3.0

CYBER366 Defensive Cybersecurity - Info Assurance & Security 3.0

CYBER391 Junior Seminar- Junior Seminar 0.5

Requirement 4 — Complete 1 of 2 Courses

IS567 Cybersecurity & Pen Testing - Cybersecurity & Pen Testing 3.0

CYBER467 Cybersecurity & Pen Test - Cybersecurity & Pen Test 3.0

Requirement 5 — Complete 1 of 2 Courses

IS565 Digital Forensics for Orgnztns - Digital Forensics for Orgnztns 3.0

CYBER466 Digital Forensics - Digital Forensics 3.0

Requirement 6 — Complete 9 hours

Courses outside of those listed must be pre-approved by the program. CYBER 492R and 515R must have a cybersecurity-related topic.

C S466 Blockchain Technologies - Blockchain Technologies 3.0

CYBER492R Special Problems - Special Problems - *You may take once* 1.0v

CYBER515R Special Topics in Cyber - Special Topics in IT&C - *You may take once* 1.0v

CYBER444 System Administration - System Administration 3.0

CYBER529 Advanced Networking - Advanced Networking 3.0

CYBER548 Cyber-Physical Systems - Cyber-Physical Systems 3.0

CYBER555 Usable & Secure Design - Usable & Secure Design 3.0

CYBER562 Cloud Architecture & Security - Cloud Architecture & Security 3.0

CYBER585 Encryption Implementation - Encryption Implementation 3.0

EC EN330 Intro Embedded Programming - Intro Embedded Programming 4.0

EC EN427 Embedded Systems - Embedded Systems 4.0

EC EN471 Machine Learning: Found & Apps - Machine Learning: Found & Apps 4.0

EC EN526 Wireless Networking - Wireless Networking 3.0

MATH485 Mathematical Cryptography - Mathematical Cryptography 3.0

Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:

Students must complete 200 hours of pre-approved cybersecurity-related work after declaring the major and must submit a signed letter from an employer during the IT&C 447 course.

Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:

Complete department packet and exit interview.

Construction and Facilities Management (BS): Facility and Property Management Emphasis

Program Information

Minimum Credit Hours
82

Maximum Credit Hours
83

Major Academic Plan

MAPS - BS in Construction and Facilities Management Facility and Property Management 2026-2027.docx

Learning Outcomes

Title
Problem Solving

Learning Outcome
An ability to identify formulate and solve broadly defined technical or scientific problems by applying knowledge of mathematics and science and/or technical topics to areas relevant to the discipline.

Title
Design

Learning Outcome
An ability to formulate or design a system process procedure or program to meet desired needs.

Title
Experiment and Analysis

Learning Outcome
An ability to develop and conduct experiments or test hypotheses analyze and interpret data and use scientific judgment to draw conclusions.

Title
Communication

Learning Outcome
An ability to communicate effectively with a range of audiences.

Title
Ethics and Professional Responsibility

Learning Outcome
An ability to understand ethical and professional responsibilities and the impact of technical and/or scientific solutions in global economic enviornmental and societal contexts.

Title
Teamwork

Learning Outcome
An ability to function effectively on teams that establish goals plan tasks meet deadlines and anlyze risk and uncertainty.

Program Requirements

Undecided students that are interested in learning more about Civil Engineering, Construction Management, and Facility & Property Management may begin with CCE 101 Introduction to Civil/Const Engineering.

No more than 9 credit hours of grades below C- in major courses may be applied toward graduation.

Students must complete 300 hours of pre-approved construction/facilities-related work after declaring the major and must submit a report during the CFM 491 class.

Requirement 1 —Complete 15 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

CCE102 Sustainable Infrastructure - Sustainable Infrastructure 3.0

CCE113 Construction Modeling - Construction Modeling 3.0

CCE270 Computational Methods - Computational Methods 3.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

CFM120 Methods 1 - Structural Systems - Methods 1 - Structural Systems 3.0

CFM220 Methods 2 - Bldg Systems - Methods 2 - Bldg Systems3.0

CFM311 Est Processes - Est Processes 3.0

CFM312 Const Scheduling & Cost Contrl - Const Scheduling & Cost Contrl 3.0

CFM333 Sustainable Design & Arch - Sustainable Design & Arch - 3.0

CFM345 Construction Safety - Construction Safety 2.0

CFM385 Construction Law - Construction Law - 2.0

CFM415 Const Project Mgt & Control - Const Project Mgt & Control 3.0

CFM426 Real Estate Development - Real Estate Development 3.0

CFM445 Const Company Operatns & Mgt - Const Company Operatns & Mgt 3.0

Requirement 2 — Complete 2 Requirements

Requirement 2.1 — Complete 2.5 hours

Complete five enrollments of the following (cannot be taken the same semester as CFM 491)

CFM291R Undergraduate Seminar - Undergraduate Seminar - *You may take once* 0.5

Requirement 2.2 — Complete 1 Course

Complete the following during the next-to-last semester before graduation.

CFM491 Senior Seminar- Senior Seminar 0.5

Requirement 3 — Complete 1 of 2 Courses

M COM320 Management Communication - Management Communication 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 4 — Complete 8 Courses

CFM210 Fundamentals of FPM - Fundamentals of FPM 3.0

CFM320 Advanced Building Systems - Advanced Building Systems 3.0

CFM340 Operations and Maintenance - Operations and Maintenance 3.0

CFM400 Managing High Performance Bldg - Managing High Performance Bldg 3.0

CFM420 Commercial Real Estate Mgt - Commercial Real Estate Mgt 3.0

HRM402 Human Resource Mgt - Human Resource Mgt 3.0

MATH111 Trigonometry - Trigonometry 2.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

Requirement 5 —Complete 2 hours

Experiential Learning

CFM317R ASC Competition - ASC Competition 1.0

CFM318R NAHB Competition - CNAHB Competition - *You may take once* 2.0

CFM319R CFM Experiential Learning - CFM Experiential Learning 1.0v

Requirement 6 — Complete 5 hours

(NOTE: a course taken as a major requirement course may not double count as an elective course)

CCE114 Geomatics - Geomatics - 2.0

CCE304 Metals, Woods, & Composites - Metals, Woods, & Composites 1.5

CCE306 Concrete, Masonry, & Asphalt - Concrete, Masonry, & Asphalt 1.5

CE232 Fluid Mechanics - Fluid Mechanics 3.0

CE321 Structural Analysis - Structural Analysis 3.0

CE331 Hydrology - Hydrology 3.0

CE341 Soil Mechanics - Soil Mechanics 3.0

CE351 Intro to Environmental Eng - Intro to Environmental Eng 3.0

CE361 Transportation Engineering - Transportation Engineering 3.0

CE414 Engr Applications of GIS - Engr Applications of GIS 3.0

CFM342 Earthwork & Construction Equip - Earthwork & Construction Equip 3.0

CFM411 Pre-Construction Services - Pre-Construction Services 3.0

CFM433 Design Studio - Design Studio 3.0

CFM442 Civil Infrastructure Const - Civil Infrastructure Const 3.0

CFM450 Virtual Design & Construction - Virtual Design & Construction 3.0

CFM500 Const Innovation & Tech - Const Innovation & Tech 3.0

CFM530 Constr Comp Opers and HR - Constr Comp Opers and HR 3.0

CFM540 Managing Risk in Construction - Managing Risk in Construction 3.0

CFM550 Const Co Developmt - Const Co Developmt 3.0

CFM555 Const. Co. Financial Mgt. - Const. Co. Financial Mgt. 3.0

CFM560 Leadership in the Built Envnmt - Leadership in the Built Envnmt 3.0

CFM570 Infrastructure Asset Mgmt - Infrastructure Asset Mgmt 3.0

CFM580 Sustainable Community Dev - Sustainable Community Dev 3.0

CFM594R Special Topics in CM - Special Topics in CM - *You may take once* 1.0v

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

FIN401 Adv Financial Management - Adv Financial Management 3.0

FIN413 Real Estate Finance & Invstmnt - Real Estate Finance & Invstmnt 3.0

GCI300 Social Impact - Social Impact 3.0

GEOG210 Intro to City Planning - Intro to City Planning 3.0

GEOG410 Urban Planning Methods - Urban Planning Methods 3.0

GEOL330 Engineering Geology - Engineering Geology 3.0

GES200 Intro to Global Enviro Studies - Intro to Global Enviro Studies 3.0

HRM300 Organizational Behavior - Organizational Behavior 3.0

MKTG201 Marketing Management - Marketing Management 3.0

PWS103 Residential Landscape Design - Residential Landscape Design 3.0

SFL102 Introduction to Interiors - Introduction to Interiors 3.0

Requirement 7 — Complete 1 hour

CFM199R Technical Internship - Technical Internship - *You may take once* 1.0

Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:

Complete department packet and exit interview.

Product & User Experience Design (BFA) *

Program Information

Minimum Credit Hours
71

Maximum Credit Hours
71

Major Academic Plan
MAPS - BFA in Product & User Experience Design 2026-2027.docx

Learning Outcomes

Title
Integrative Designers of Human Centered Products

Learning Outcome
applying empathy, research, ethical reasoning, to identify user needs and design responsible and meaningful human centered physical and digital products and experiences that improve the human condition and reflect Christian compassion and stewardship.

Title
Innovative Creators

Learning Outcome
demonstrating creative confidence and technical competence in developing, prototyping, and communicating innovative design ideas across digital and physical mediums. They will see creative problem solving as a divine attribute, seek the role of Divine Guidance in this process, and continuously work to understand and develop creativity & innovation strategies

Title
Understand fundamental principles of Design History, Criticism, and Practice

Learning Outcome
understanding the fundamentals of design history and the multi-faceted societal, cultural, and environmental impact of the products of contemporary professional practice.

Title
Communicative Professionals

Learning Outcome
being effective and supportive in multidisciplinary teams, demonstrating humility, respect, and leadership grounded in integrity and service.

Title
Reflective Thinkers for Life-long Learning and Contribution

Learning Outcome
committing to the development of a lifelong studio practice and advancing in their professions and communities, graduates should critically analyze design outcomes and processes, integrate aesthetic, functional, cultural, and spiritual dimensions into responsible design decisions, and cultivate curiosity, and adaptability.

Program Requirements

The Product & User Experience Design BFA program is a limited enrollment program requiring departmental admissions approval. Permission is granted through a portfolio review and interview process. Interested students should declare their pre-major intent, complete the DESPX 115 offered only in Fall and submit an online portfolio of their work at the end of fall semester for the Pre-BFA courses offered Winter and Spring.

Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.

Requirement 1 — Complete 1 Course

Prerequisite course:

DESPX115 Product & UX Design 1 - Product & UX Design 1 4.0

Apply for pre-BFA status via portfolio review.

Requirement 2 — Complete 2 Courses

Foundational courses:

DESPX220 Intro to Physical Product - Intro to Physical Product 3.0

DESPX260 Intro to Digital Product - Intro to Digital Product 3.0

Apply to the Product & User Experience Design BFA program via portfolio review

After admission to the major, complete the following:

Requirement 3 — Complete 9 Courses

DESGD243 Typography 1 - Typography 1 3.0

DESGD362 Interactive Typographic Sys - Interactive Typographic Sys 3.0

DESPX210 3D Modeling Principles - 3D Modeling Principles 3.0

DESPX214 Materials & Processes - Materials & Processes 3.0

DESPX230 Product Studio 1 - Product Studio 1 3.0

DESPX231 Vis & Presentation Methods - Vis & Presentation Methods 3.0

DESPX330 Product Studio 2 - Product Studio 2 3.0

DESPX365 UX Research Methods - UX Research Methods 3.0

DESPX461 Portfolio - Portfolio - *You may take once* 3.0

Requirement 4 — Complete 6 hours

DESPX497R Product Design Capstone - Collab. UX Design: Implement. - *You may take 2 times* 3.0

Requirement 5 — Complete 1 hour

DES311R Design Lecture Series- Design Lecture Series - *You may take up to 1.0 credit hours* 0.5

History & Critical Studies Courses:

Requirement 6 — Complete 2 Requirements

Option 6.1 — Complete 2 of 4 Courses

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

PHIL201 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL202 History of Philosophy 2 - History of Philosophy 2 3.0

Option 6.2 — Complete 2 Courses

DES390 Design Theory - Design Theory 3.0

IP&T420 Design Psychology - Design Psychology 3.0

Requirement 7 — Complete 1 Course

Career & Business Courses:

DESPX388 Professional Practice - Professional Practice 2.0

Requirement 8 — Complete 1 hour

DES496R Academic Internship - Academic Internship - *You may take once* 0.5v

Requirement 9 — Complete 12 hours

(COURSES COMPLETED ABOVE DO NOT DOUBLE COUNT TO FULFILL THIS REQUIREMENT)

ANTHR370 Community Based Research - Community Based Research 3.0

C S110 How to Program - How to Program 3.0

C S142 Intro to Computer Programming - Intro to Computer Programming 3.0

C S235 Data Structures - Data Structures 3.0

C S236 Discrete Structure - Discrete Structure 3.0

C S240 Adv Software Construction - Adv Software Construction 4.0

C S356 Advanced Techniques in HCI - Advanced Techniques in HCI 3.0

C S404 Ethics & Computers in Society - Ethics & Computers in Society 2.0

DES280 Motion Concepts - Motion Concepts 3.0

DES340 Graphics: Brand & Type - Graphics: Brand & Type 3.0

DES394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 3.0

DES480 3D Motion - 3D Motion 3.0

DESGD245 Design 2 - Design 2 3.0

DESGD380 Motion Design - Motion Design 3.0

DESGD394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 0.5v

DESGD460 Adv Interaction Design - Adv Interaction Design 3.0

DESGD491R Collab Des: Brand & Strategy - Collab Des: Brand & Strategy - *You may take once* 3.0

DESPX310 Adv. 3D Modeling - Adv. 3D Modeling 3.0

NX8qZIwsO6OgVa4wDnnd - Missing course - Data Visualization 3.0

DESPX338R Field Study - Field Study - *You may take once* 2.0

DESPX339 History of Products - History of Products 3.0

DESPX394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 1.0v

DESPX499R Directed Studies - Directed Studies - *You may take once* 0.5v

ENT434R New Venture LaunchPad - New Venture LaunchPad - *You may take once* 3.0

ENT441 Rapid Prod Innovation - Rapid Prod Innovation 1.5

ENT442 Ideation & Team Formation - Ideation & Team Formation 1.5

ENT445R SW PM Lecture Series - SW PM Lecture Series - *You may take once* 0.5

IP&T461 Design Evaluation - Design Evaluation 3.0

MSB342 Product Lecture Series - Product Lecture Series 1.0

Students can be placed on probationary status for the following: 1) Inadequate academic performance, 2) Unprofessional attitude and lack of commitment, 3) BYU Honor Code violations.

Manufacturing Engineering (BS)

Program Information

Minimum Credit Hours
94

Maximum Credit Hours
94

Major Academic Plan
MAPS - BS in Manufacturing Engineering 2026-2027.docx

Learning Outcomes

Title
7. New Knowledge

Learning Outcome
An ability to acquire and apply new knowledge as needed using appropriate learning strategies.

Title
6. Experimentation

Learning Outcome
Anability to develop and conduct appropriate experimentation analyze and interpret data and use engineering judgment to draw conclusions.

Title
5. Teamwork

Learning Outcome
An ability to function effectively on a team whose members together provide leadership create a collaborative and inclusive environment establish goals plan tasks and meet objectives.

Title
4. Ethics and Professionalism

Learning Outcome
Anability to recognize ethical and professional responsibilities in engineering situations and make informed judgments which must consider the impact of engineering solutions in global economic environmental and societal contexts.

Title
3. Communication

Learning Outcome
Anability to communicate effectively with a range of audiences.

Title
2. Engineering Design

Learning Outcome
An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health safety and welfare as well as global cultural social environmental and economic factors.

Title
1. Complex Engineering Problems

Learning Outcome
An ability to identify formulate and solve complex engineering problems by applying principles of engineering science and mathematics.

Program Requirements

Students must have a minimum of 123 total hours (including major, GE, and Religion hours) to graduate with this major.

Requirement 1 —Complete 11 Courses

MFGEN130 Intro to Manufacturing Engr - Intro to Manufacturing Engr 3.0

MFGEN220 Material Removal - Material Removal 3.0

MFGEN230 Computer-Aided Manufacturing - Computer-Aided Manufacturing 3.0

MFGEN291 Manufacturing Leadership - Manufacturing Leadership 1.0

MFGEN331 Metals Processes - Metals Processes 4.0

MFGEN333 Industrial Automation - Industrial Automation 3.0

MFGEN340 Quality Systems - Quality Systems 3.0

MFGEN355 Plastics Materials &Processing - Plastics Materials &Processing 3.0

MFGEN381 Lean Mfg & Sys Des - Lean Mfg & Sys Des 3.0

MFGEN401 Data Analysis - Data Analysis 3.0

MFGEN491 Senior Seminar - Senior Seminar 1.0

Requirement 2 —Complete 1 hour

MFGEN399R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 0.5v

Requirement 3 —Complete 3 Requirements

Supporting courses:

Requirement 3.1 — Complete 1 of 2 Courses

CCE103 Engineering Mechanics-Statics - Engineering Mechanics-Statics 3.0

ME EN101 Static Systems in Me En **-** Static Systems in Me En 3.0

Requirement 3.2 — Complete 9 Courses

BIO100 Principles of Biology - Principles of Biology 3.0

CCE203 Engr Mechanics - Materials - Engr Mechanics - Mechanics of Materials 3.0

CHEM105 Gen College Chem 1+Lab Integr - Gen College Chem 1+Lab Integr 4.0

MATH112 Calculus 1 - Calculus 1 4.0

ME EN250 Materials Science - Materials Science 3.0

ME EN272 Engineering Graphics - Engineering Graphics 3.0

PHSCS121 Intro to Newtonian Mechanics - Intro to Newtonian Mechanics 3.0

STAT121 Intro to Stat Data Analysis - Intro to Stat Data Analysis 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 3.2 — Complete 1 of 2 Courses

C S110 How to Program - How to Program 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

Requirement 4 — Complete 4 of 10 Courses

Technical Elective courses:

ME EN231 Leadership in a Global Context - Leadership in a Global Context 3.0

MFGEN318 MFG Electronics & Microsystems - MFG Electronics & Microsystems 3.0

MFGEN372 Design for X - Design for X 3.0

MFGEN431 Tool Design - Tool Design 3.0

MFGEN433 Intro to SMART Manufacturing - Intro to SMART Manufacturing 3.0

MFGEN435 Instrumentation for MFGEN - Instrumentation for MFGEN 3.0

MFGEN 440 - Six Sigma 3.0 - *This course is no longer available.*

MFGEN456 Intro to Composites - Intro to Composites 3.0

MFGEN479 Innovation & Entrepreneurship - Innovation & Entrepreneurship 3.0

MFGEN481 Mfg Systems & Simulation - Mfg Systems & Simulation 3.0

Requirement 5 — Complete 12 hours

Math, Science, and Statistics supporting courses:

CHEM106 General College Chemistry 2 - General College Chemistry 2 3.0

CHEM351M Organic Chemistry 1 - Majors - Organic Chemistry 1 - Majors 3.0

CHEM357 Industrial Organic Chemistry - Industrial Organic Chemistry 3.0

MATH113 Calculus 2 - Calculus 2 4.0

MATH213 Elementary Linear Algebra - Elementary Linear Algebra 2.0

MATH215 Computational Linear Algebra - Computational Linear Algebra 1.0

MATH334 Ordinary Differential Equation - Ordinary Differential Equation 3.0

PHSCS123 Intro to Waves, Optics, Thermo - Intro to Waves, Optics, Thermo 3.0

STAT466 Bayesian Reliability - Bayesian Reliability 3.0

STAT511 Stat Methods for Research 1 - Stat Methods for Research 1 3.0

STAT512 Stat Methods for Research 2 - Stat Methods for Research 2 3.0

Requirement 6 — Complete 2 Courses

ME EN475 Integrated Prodct&Proc Desgn 1 - Integrated Prodct&Proc Desgn 1 3.0

ME EN476 Product Dev 2 - Capstone - Product Dev 2 - Capstone 3.0

Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:

Complete department packet and exit interview.

Technology & Engineering Education: Teaching Track (BS)

Program Information

Minimum Credit Hours
75

Maximum Credit Hours
76

Major Academic Plan
MAPS - BS in Technology & Engineering Studies - Teaching 2025-2026.pdf

Learning Outcomes

Title
UETS Standard 1: Learner Development

Learning Outcome
Each candidate understands cognitive linguistic social emotional and physical areas of student development.

Title
UETS Standard 2: Learning Differences

Learning Outcome
Each candidate understands individual learner differences and cultural and linguistics diversity.

Title
UETS Standard 3: Learning Environments

Learning Outcome
Each candidate works with learners to create environments that support individual and collaborative learning encouraging positive social interaction active engagement in learning and self-motivation.

Title
UETS Standard 4: Content Knowledge

Learning Outcome
Each candidate understands the central concepts tools of inquiry and structures of the discipline.

Title
UETS Standard 5: Assessment

Learning Outcome
Each candidate uses multiple methods of assessment to engage learners in their own growth monitor learner progress guide planning and instruction and determine whether the outcomes described in content standards have been met.

Title
UETS Standard 8: Reflection and Continuous Growth

Learning Outcome
Each candidate is a reflective practitioner who uses evidence to continually evaluate and adapt practice to meet the needs of each learner.

Title
UETS Standard 9: Leadership and Collaboration

Learning Outcome
Each candidate is a leader who engages collaboratively with learners families and colleagues and community members to build a shared vision and supportive professional culture focused on student growth and success.

Title
UETS Standard 10: Professional and Ethical Behavior

Learning Outcome
Each candidate demonstrates the highest standard of legal moral and ethical conduct as specified in Utah State Board Rule R277-515.

Title
UETS Standard 7: Instructional Strategies

Learning Outcome
Each candidate uses various instructional strategies to ensure that all learners develop a deep understanding of content areas and their connections and build skills to apply and extend knowledge in meaningful ways.

Title
UETS Standard 6: Instructional Planning

Learning Outcome
Each candidate plans instruction to support students in meeting rigorous learning goals by drawing upon knowledge of content areas Utah Core Standards practices and the community context.

Title
ITEEA Standards for Technological and Engineering Literacy (STEL)

Learning Outcome
Each candidate possesses a knowledge of and an ability to implement a contemporary technology and engineering education program based on all 20 of the Standards for Technological and Engineering Literacy (STEL) developed by the International Technology and Engineering Educators Association (ITEEA).

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach technology and engineering content in public and private schools grades 6-12. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

Students accepted into the major after May 2020 must (a) maintain a total GPA of no less than 2.7 after admission to teacher preparation major and/or minor programs, (b) receive a "C" or better in all education-related and major and minor required courses (including any courses taken prior to acceptance into a teaching major or minor), and (c) demonstrate sufficient and timely progress in coursework and field experiences. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 3 Requirements

Requirement 1.1 — Complete 1 of 2 Courses

CCE112 Engr Draft w/CAD Apps - Engr Draft w/CAD Apps 2.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

Requirement 1.2 — Complete 1 of 2 Courses

MATH110 College Algebra - College Algebra 3.0

MATH111 Trigonometry - Trigonometry 2.0

Requirement 1.3 — Complete 13 Courses

Note: Fingerprinting and FBI clearance must be completed prior to enrolling in TES 276A,B.

TES112 Innovation - Innovation 1.0

TES125 Comm. Tech & Systems - Comm. Tech & Systems 3.0

TES200 Processes Prototyping Wood - Processes Prototyping Wood 3.0

TES210 Coding for Tech & Engr Educat - Coding for Tech & Engr Educat 3.0

TES225 Electronics for T & E Teachers - Electronics for T & E Teachers 3.0

TES229 Process & Mfg: Metals/Polymers - Process & Mfg: Metals/Polymers 3.0

TES251 Video & Photography Production - Video & Photography Production 3.0

TES255 Visual Communication Design - Visual Communication Design 3.0

TES276 Exploration of Teaching - Exploration of Teaching A 3.5

TES276B Exploration of Teaching B - Exploration of Teaching B 0.5

TES320 Creat Eng and Prob Solving I - Creat Eng and Prob Solving I 3.0

TES330 Creat Eng and Prob Solving II - Creat Eng and Prob Solving II 3.0

TES340 Prin of Technology & Engr - Prin of Technology & Engr 3.0

Requirement 2 — Complete 6 Course

Complete 6 registrations of the following (except if enrolled in TES 476):

TES291R Undergraduate Seminar - Undergraduate Seminar - *You may take 6 times* 0.5

Requirement 3 — Obtain confirmation from your advisement center that you have completed the following:

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

Requirement 3.1 —Complete 5 Courses

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

TES377 Tchg Mthds in Technology Educ - Tchg Mthds in Technology Educ 2.0

TES378 Practicum in Technology Educ - Practicum in Technology Educ 2.0

Note: Fingerprinting and FBI clearance must be kept updated.

Requirement 3.2 —Complete 12 hours

TES476 Secondary Student Teaching - Secondary Student Teaching - *You may take up to 12.0 credit hours* 12.0

Student teachers/interns must complete a student teaching application through MyLink.

Requirement 4 —Complete 9 hours

TECHNICAL ELECTIVES:

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

CFM220 Methods 2 - Bldg Systems - Mechanical Systems 3.0

CFM241 Electrical Systems - Electrical Systems 2.0

CFM305 Concrete, Masonry, and Asphalt - Concrete, Masonry, and Asphalt 1.5

COMMS230 Intro Creative Advertising - Intro Creative Advertising 3.0

COMMS365 Photojournalism - Photojournalism 1.5

C S110 How to Program - How to Program 3.0

C S111 Intro to Computer Science - Intro to Computer Science3.0

C S224 Computer Systems - Computer Systems 3.0

C S235 Data Structures - Data Structures 3.0

C S236 Discrete Structure - Discrete Structure 3.0

C S240 Adv Software Construction - Adv Software Construction 4.0

CSANM150 Intro to 3D Graphics - Intro to 3D Graphics 1.5

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

DESPH116 Introduction to Photography - Introduction to Photography 3.0

DESPH270 Intro to B/W Photography - Intro to B/W Photography 3.0

DESPH360 Filmmaking 02 - Filmmaking 02 3.0

DESPH410R Comp Applications Studio-Photo - Comp Applications Studio-Photo - *You may take once* 2.0

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

ENT301 Business Model Validation - Business Model Validation 3.0

ENT 313 - Startup Bootcamp - *This course is no longer available for registration.* 1.0

IS201 Intro to Information Systems - Intro to Information Systems 3.0

IT&C101 Intro to Cybersecurity - Intro to Cybersecurity 3.0

IT&C210A Web Systems & Security Part 1 - Web Systems & Security Part 1 2.0

IT&C210B Web Systems & Security - Web Systems & Security 2.0

IT&C252 Computer Architecture & Org - Computer Architecture & Org 3.0

IT&C255 User Experience Design - User Experience Design 3.0

CYBER327 Digital Communications - Digital Communications 4.0

CYBER344 Operating Systems - Operating Systems 3.0

CYBER247 Networks & Security - Networks and Security 3.0

CYBER350 Database Principles & Applictn - Database Principles & Applictn 3.0

CYBER366 Defensive Cybersecurity - Defensive Cybersecurity 3.0

IT&C410 Advanced Web Technologies - Advanced Web Technologies 3.0

ME EN272 Engineering Graphics - Engineering Graphics 3.0

MFGEN130 Intro to Manufacturing Engr - Modern Manufacturing 3.0

MFGEN220 Material Removal - Material Removal 3.0

MFGEN230 Computer-Aided Manufacturing - Computer-Aided Manufacturing 3.0

MFGEN331 Metals Processes - Metals Processes 4.0

MFGEN333 Industrial Automation - Industrial Automation 3.0

MFGEN340 Quality Systems - Quality Systems 3.0

MFGEN355 Plastics Materials &Processing - Plastics Materials &Processing 3.0

MFGEN381 Lean Mfg & Sys Des - Lean Mfg & Sys Des 3.0

MFGEN401 Data Analysis - Data Analysis 3.0

GCI300 Social Impact - Social Impact 3.0

GCI381R Social Impact Lectures - Social Impact Lectures - *You may take once* 1.0

GCI443 Corporate Social Impact - Corporate Social Impact 3.0

GCI425R Social Impact Projects - Social Impact Projects - *You may take once* 3.0

PWS103 Residential Landscape Design - Residential Landscape Design 3.0

PWS105 Landscape Design Graphics - Landscape Design Graphics 2.0

SFL102 Introduction to Interiors - Introduction to Interiors 3.0

TES251 Video & Photography Production - Video & Photography Production 3.0

TES350 Mltimedia Authoring & Publish - Mltimedia Authoring & Publish 3.0

TES400 Furniture Design - Furniture Design 3.0

TMA102 Introduction to Film - Introduction to Film 3.0

TMA105 Using Basic Film Tools - Using Basic Film Tools 1.0

TMA185 Basic Film Production - Basic Film Production 3.0

TMA384R Practicum: Cinematic Skills - Practicum: Cinematic Skills - *You may take once* 1.0v

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Complete department packet and exit interview.

Technology & Engineering Studies (BS): Technical Emphasis

Major Academic Plan
MAPS - BS in Technology & Engineering Studies - Technical 2026-2027.docx

Learning Outcomes

Title
TES Technical: Learning Outcome 1

Learning Outcome
Students will demonstrate technical competency in technology and engineering studies.

Title
TES Technical: Learning Outcome 2

Learning Outcome
Students will demonstrate creative design entrepreneurial innovative problem-solving and critical thinking skills.

Title
TES Technical: Learning Outcome 3

Learning Outcome
Students will demonstrate effective communication skills.

Title
TES Technical: Learning Outcome 4

Learning Outcome
Students will demonstrate lifelong learning skills.

Program Requirements
Requirement 1 — Complete 3 Requirements

Requirement 1.1 — Complete 1 of 2 Courses

CCE112 Engr Draft w/CAD Apps - Engr Draft w/CAD Apps 2.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

Requirement 1.2 — Complete 1 of 2 Courses

MATH110 College Algebra - College Algebra 3.0

MATH111 Trigonometry - Trigonometry 2.0

Requirement 1.3 — Complete 12 Courses

Note: Fingerprinting and FBI clearance must be completed prior to enrolling in TES 276A,B.

TES112 Innovation - Innovation 1.0

TES125 Comm. Tech & Systems - Comm. Tech & Systems 3.0

TES200 Processes Prototyping Wood - Processes Prototyping Wood 3.0

TES210 Coding for Tech & Engr Educat - Coding for Tech & Engr Educat 3.0

TES225 Electronics for T & E Teachers - Electronics for T & E Teachers 3.0

TES229 Process & Mfg: Metals/Polymers - Process & Mfg: Metals/Polymers 3.0

TES255 Visual Communication Design - Visual Communication Design 3.0

TES276 Exploration of Teaching - Exploration of Teaching A 3.5

TES276B Exploration of Teaching B - Exploration of Teaching B 0.5

TES330 Creat Eng and Prob Solving II - Creat Eng and Prob Solving II 3.0

TES340 Prin of Technology & Engr - Prin of Technology & Engr 3.0

TES399R Academic Internship - Academic Internship - *You may take once* 0.5v

Requirement 2 — Complete 6 Course

Complete six registrations of the following (except if enrolled in TES 476):

TES291R Undergraduate Seminar - Undergraduate Seminar - *You may take 6 times* 0.5

Requirement 3 — Complete 34 hours

TECHNICAL ELECTIVES:

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

CFM105 Fundamentals of CFM - Fundamentals of CFM 3.0

CFM220 Methods 2 - Bldg Systems - Methods 2 - Bldg Systems 3.0

CFM241 Electrical Systems - Electrical Systems 2.0

CFM305 Concrete, Masonry, and Asphalt - Concrete, Masonry, and Asphalt 1.5

COMMS230 Intro Creative Advertising - Intro Creative Advertising 3.0

COMMS365 Photojournalism - Photojournalism 1.5

45

Maximum Credit Hours
45

Major Academic Plan
MAPS - BA in Communications-Public Relations and Advertising Emphasis 2026-2027 edited.docx

Learning Outcomes

Title
Think Strategically

Learning Outcome
Students will use data, insight, and intelligence to design, manage, and evaluate effective communication strategies.

Title
Innovate with Insight

Learning Outcome
Students will transform data and research into actionable insights that inform compelling strategies and creative communication to solve organizational problems.

Title
Communicate with Excellence

Learning Outcome
Students will write, design, and deliver clear, creative, and impactful messages across media platforms.

Title
Collaborate Effectively

Learning Outcome
Students will foster inclusive teamwork and build strong relationships with diverse stakeholders across organizational and cultural contexts.

Title
Lead with Integrity

Learning Outcome
Students will apply Christ-centered leadership and ethical principles to build trust, strengthen communities, and guide teams with professionalism.

Title
Share Light and Truth

Learning Outcome
Students will bring light and truth to others by modeling Christ-centered values and serving as a positive influence in their communities and in the profession.

Program Requirements

All students must take a campus writing course before applying for admission to the major. *Our WRTG 150 requirement must be fulfilled by WRTG 150, ELANG 150, M COM 320, an Advanced Written and Oral Communication GE course (WRTG 311, WRTG 312, WRTG 313, WRTG 315 or WRTG 316) or an equivalent transfer course (Transfer classes from other universities must be cleared by the advisement center prior to applying to the program).* ***We do not accept AP English credits or English 115.***

Note: Students must receive a B grade or better to be eligible to apply for admission to the program.

Requirement 1 — Complete 3 Courses

Note: Students must receive a B grade or better from each course to be eligible to apply for admission to the program.

COMMS101 Mass Comm & Soc - Mass Comm & Soc 3.0

COMMS235 Intro PR + AD - Intro PR + AD 3.0

WRTG150 Writing & Rhetoric - Writing & Rhetoric 3.0

Apply to the major.

Requirement 2 — Complete 5 Requirements

PRAD Core Classes

Requirement 2.1 — Complete 1 Course

COMMS303 PRAD Leadership + Ethics - PRAD Leadership + Ethics 3.0

Requirement 2.2 — Complete 1 of 3 Courses

COMMS317 PRAD Rapid Intelligence - PRAD Rapid Intelligence 3.0

COMMS318 PRAD Human Intelligence - PRAD Human Intelligence 3.0

COMMS333 PRAD Digital Intelligence - PRAD Digital Intelligence 3.0

Requirement 2.3 — Complete 1 of 3 Courses

Major Academic Plan

MAP - BA in Communications - Jounalism and Sports Media 2026-2027.docx

Learning Outcomes

Title
Effective Communication

Learning Outcome
Students will be able to communicate effectively with their audiences. Specifically, students will do so by planning and preparing mass communication messages in the appropriate style, using the appropriate research methods and appropriate technologies to best serve audience needs.

Title
Professional Practice

Learning Outcome
Students will act professionally in their practice. Specifically, students will be able to practice communication within legal boundaries, while exhibiting standards of professional behavior and demonstrating sensitivity to ethical behavior. Students will also be literate in the language of the media industries.

Title
Mass Communication Process

Learning Outcome
Students will be scholars of the mass communication process. Specifically, students will be able to apply relevant theory to communication practice, understand factors that shape their profession, value freedom of speech in the marketplace of ideas, and think critically about the relationship between mass media and society.

Title
Applying Gospel-Centered Values

Learning Outcome
Students will be able to apply Gospel-centered values as they contribute to society. Specifically, students will respect diversity and agency in a global society, be able to exercise moral reasoning when faced with ethical dilemmas, and show a commitment to making a difference within their sphere of influence.

Program Requirements

All students must take a campus writing course before applying for admission to the major. Our WRTG 150 requirement must be fulfilled by WRTG 150, ELANG 150, M COM 320, an Advanced Written and Oral Communication GE course (WRTG 311, WRTG 312, WRTG 313, WRTG 315 or WRTG 316) or an equivalent transfer course (Transfer classes from other universities must be cleared by the advisement center prior to applying to the program). **We do not accept AP English credits or English 115.**

Note: Students must receive a B grade or better to be eligible to apply for admission to the program.

Requirement 1 — Complete 3 Courses

Note: Students must receive a B grade or better in each course to be eligible to apply to the program.

COMMS101 Mass Comm & Soc - Mass Comm & Soc 3.0

COMMS239 Intro to Storytelling - Intro to Storytelling 3.0

WRTG150 Writing & Rhetoric - Writing & Rhetoric 3.0

Requirement 2 — Complete 2 Courses

Complete the following: (Comms 300 and Comms 304 may be taken during the semester in which students apply for admission to the major.)

COMMS300 Media Law & Responsibility - Media Law & Responsibility 3.0

COMMS304 Media Ethics - Media Ethics 3.0

Requirement 3 — Complete 1 Course

After admission to the major, complete the following:

COMMS306 Sports Media Research - Sports Strategies and Research 3.0

COMMS308 Resrch Methods for Journalism - Resrch Methods for Journalism 3.0

Requirement 4 — Complete 1 Course

COMMS305 Foundations of Journalism - Foundations of Journalism 3.0

Requirement 5 — Complete 2 Courses

COMMS312 Digital Media Production - Digital Media Production 1.5

COMMS365 Photojournalism - Photojournalism 1.5

Requirement 6 — Complete 1 of 2 Courses

COMMS321 Multimedia Reporting - Multimedia Reporting 3.0

Requirement 7 — Complete 1 of 2 Courses

COMMS325 Video Reporting - Video Reporting 3.0

COMMS386 Sports Communication - Sports Communication 3.0

Requirement 8 — Complete 1 Course

COMMS490 Media Innovations Capstone - Media Innovations Capstone 3.0

Requirement 9 — Complete 2 of 7 Courses

COMMS301 Media History and Culture - Media History and Culture 3.0

COMMS302 Popular Culture & Media - Popular Culture & Media 3.0

COMMS351 Media Tech & Audiences - Media Tech & Audiences 3.0

COMMS411 Media Effects and Health - Media Effects and Health 3.0

COMMS416 - Civic Communication and Public 3.0

COMMS481 Family, Gender, and Media - Family, Gender, and Media 3.0

COMMS482 Religion, Media, and Society - Religion, Media, and Society 3.0

Requirement 10 — Complete 1 of 4 Options

Option 10.1 — Complete 3 hours

Internship: After consulting with an advisor, complete an internship in conjunction with 3 hours of the following:

COMMS496R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 4.0v

Note: The following prerequisite courses must be taken before the internship experience: Comms 306 or Comms 308; Comms 321

Option 10.2 — Complete 3 hours

Faculty Mentored Research Practicum: Conducting research in a mentored environment with a faculty-sponsored research project. After consulting with a faculty advisor, complete a mentored research practicum in conjunction with 3 hours of the following:

COMMS497R Mentored Research Practicum. - Mentored Research Practicum. - *You may take up to 3.0 credit hours* 1.0

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's research projects. Enrollment in Comms 497R is based on faculty research project availability. After the student has secured a faculty mentor, the student must request a comms 497R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

Option 10.3 — Complete 3 hours

Faculty Mentored Projects in Communication: After consulting with a faculty advisor, complete a mentored communication project in conjunction with 3 hours of the following:

COMMS498R Projects in Communications - Projects in Communications - *You may take up to 3.0 credit hours* 0.5v

Note: It is the student's responsibility to find a School of Communications faculty member who is willing to mentor the student on one of the faculty member's comms projects. Enrollment in Comms 498R is based on the availability of faculty-mentored comms projects. After the student has secured a faculty mentor, the student must request a comms 498R contract from the School of Communications main office. The student and their faculty mentor must agree on the terms of the contract and sign it. The student should return the form to the main office to receive an add code.

Option 10.4 — Complete 3 hours

School of Communications Labs: After consulting with your sequence's professional faculty and lab manager, complete a mentored lab experience in conjunction with 3 hours of the following:

COMMS491R Student Media Labs - Student Media Labs - *You may take up to 3.0 credit hours* 1.0v

Note: It is the student's responsibility to talk to their sequence's lab mentors to discuss the possibility of enrolling in Comms 491R. Enrollment is based on project availability and lab needs. Students who have been cleared to enroll must request a comms 491R contract from the School of Communications main office. The student and their lab mentors must agree on the terms of the contract and sign it. Students should return the form to the main office to receive an add code. Comms 491R cannot be combined with a paid position in the same lab.

Music (Minor)

Program Information

Minimum Credit Hours
21

Maximum Credit Hours
21

Learning Outcomes

Title
Western European Musical Traditions

Learning Outcome
Students will receive an overview to Western European musical traditions including its theory history and repertoire

Title
Music as culture

Learning Outcome
Students will experience a brief introduction of music as representative of culture

Title
Applied performance

Learning Outcome
Students will gain practical experience through applied performance instruction and ensemble participation

Program Requirements

The School of Music requires a minimum of 10 hours of music credit to be taken in residence at BYU's Provo campus for this minor program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Requirement 1 — Complete 2 Courses

Intro to Western European music courses:

MUSIC100 Music Fundamentals - Music Fundamentals 2.0

MUSIC101 Introduction to Music - Introduction to Music 3.0

Requirement 2 — Complete 1 of 4 Courses

Surveys of Western European culture and arts courses:

IHUM201 Western Humanities 1 - Western Humanities 1 3.0

IHUM202 Western Humanities 2 - Western Humanities 2 3.0

MUSIC201 Civilization: Music 1 - Civilization: Music 1 3.0

MUSIC202 Civilization: Music 2 - Civilization: Music 2 3.0

Requirement 3 — Complete 1 of 2 Courses

Music in/as culture courses:

MUSIC203 World Music Cultures - World Music Cultures 3.0

MUSIC204 Introduction to Jazz - Introduction to Jazz 3.0

Requirement 4 — Complete 1 Course

Conducting course:

MUSIC135 Basic Conducting - Basic Conducting 2.0

Requirement 5 — Complete 4 hours

Applied lessons:

MUSIC160R Performance Instruction - Performance Instruction - *You may take up to 4.0 credit hours* 0.5v

Requirement 6 — Complete 4 hours

Performance ensemble courses:

MUSIC311R University Chorale - University Chorale - *You may take up to 4.0 credit hours* 1.0

MUSIC312R Men's Chorus - Men's Chorus - *You may take up to 4.0 credit hours* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take up to 4.0 credit hours* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take up to 4.0 credit hours* 1.0

MUSIC315R University Singers - University Singers - *You may take up to 4.0 credit hours* 1.0

MUSIC316R Opera Workshop - Opera Workshop - *You may take up to 4.0 credit hours* 1.0

MUSIC317R Opera Ensemble - Opera Ensemble - *You may take up to 4.0 credit hours* 0.5v

MUSIC320R BYU Studio Orchestra - BYU Studio Orchestra - *You may take up to 4.0 credit hours* 1.0

MUSIC321R University Orchestra - University Orchestra - *You may take up to 4.0 credit hours* 1.0

MUSIC322R University Band - University Band - *You may take up to 4.0 credit hours* 1.0

MUSIC323R Marching Band - Marching Band - *You may take up to 4.0 credit hours* 1.0

MUSIC324R Cougar Band - Cougar Band - *You may take up to 4.0 credit hours* 1.0

MUSIC325R Symphonic Band - Symphonic Band - *You may take up to 4.0 credit hours* 1.0

MUSIC326R Wind Symphony - Wind Symphony - *You may take up to 4.0 credit hours* 1.0

MUSIC329R Folk Ensemble - Folk Ensemble - *You may take up to 4.0 credit hours* 1.0

MUSIC330R Steel Band - Steel Band - *You may take up to 4.0 credit hours* 1.0

MUSIC331R Jazz Combos - Jazz Combos - *You may take up to 4.0 credit hours* 1.0

MUSIC332R YA Show Band - YA Show Band - *You may take once* 1.0

MUSIC333R Jazz Ensemble - Jazz Ensemble - *You may take up to 4.0 credit hours* 1.0

MUSIC334R Synthesis - Synthesis - *You may take up to 4.0 credit hours* 1.0

MUSIC335R Jazz Legacy Band - Jazz Legacy Band - *You may take once* 1.0

MUSIC336R Balinese Gamelan - Balinese Gamelan - *You may take up to 4.0 credit hours* 1.0

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take up to 4.0 credit hours* 1.0

MUSIC338R Philharmonic Orchestra - Philharmonic Orchestra - *You may take up to 4.0 credit hours* 1.0

MUSIC339R Chamber Orchestra - Chamber Orchestra - *You may take up to 4.0 credit hours* 1.0

MUSIC340R Harp Ensemble - Harp Ensemble - *You may take up to 4.0 credit hours* 1.0

MUSIC341R Brass Chamber Music - Brass Chamber Music - *You may take up to 4.0 credit hours* 1.0

MUSIC342R Early Music Ensemble - Early Music Ensemble - *You may take once* 1.0

MUSIC343R Guitar Ensemble - Guitar Ensemble - *You may take up to 4.0 credit hours* 1.0

MUSIC345R Percussion Ensemble - Percussion Ensemble - *You may take up to 4.0 credit hours* 1.0

MUSIC346R String Chamber Music - String Chamber Music - *You may take up to 4.0 credit hours* 1.0

MUSIC348R Woodwind Chamber Music - Woodwind Chamber Music - *You may take up to 4.0 credit hours* 1.0

MUSIC441R New Music Ensemble - New Music Ensemble - *You may take up to 4.0 credit hours* 1.0

MAPS - BA in Music 2026-2027.docx

Learning Outcomes

Title
Music History and Theory

Learning Outcome
Show mastery of the basic cultural and historical background of Western civilization and the important musical styles that have emerged therefrom.

Title
Performance and Musicianship

Learning Outcome
Show proficiency in performance on an instrument or voice.

Title
Personalized Program Plan

Learning Outcome
Demonstrate ability to connect their music training to their broader personal goals whether in music or in another discipline.

Program Requirements

See the college advisement center to obtain information concerning official acceptance into a specific degree program.

Requirement 1 — Complete 2 Requirements

Musicianship core:

Requirement 1.1 — Complete 9 Courses

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC221 Functional Piano Skills 1 - Functional Piano Skills 1 2.0

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC294 Aural Skills 4 - Aural Skills 4 1.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

Requirement 1.2 — Complete 1 of 2 Courses

MUSIC235A Instrumental Conducting Techn - Instrumental Conducting Techn 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

Requirement 2 — Complete 4 Courses

Literacy & analysis core:

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2- Music Theory 2 3.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

Requirement 3 — Complete 1 hour

Creativity core:

MUSIC184 Improvisation - Improvisation 1.0

MUSIC186 Songwriting 1 - Songwriting 1 2.0

MUSIC187R Composition - Composition - *You may take once* 1.0

MUSIC284 Jazz Improv 1 - Jazz Improv 1 2.0

MUSIC287 Electronic Music Composition - Electronic Music Composition 2.0

MUSIC441R New Music Ensemble - New Music Ensemble - *(Section 2: Group for Experimental Music only) You may take once* 1.0

Courses used to fulfill Requirement 3 may not be used to fulfill other requirements.

Requirement 4 — Complete 2 hours

Practical core:

MUSIC160R Performance Instruction - Performance Instruction - *Must be a secondary instrument. You may take up to 2.0 credit hours* 0.5v

MUSIC220 Intro to Piano Technology - Intro to Piano Technology 2.0

MUSIC251 Music Technology 1 - Music Technology 1 2.0

MUSIC259 Psychology of Performance - Psychology of Performance 2.0

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

MUSIC310 Comm Engage & Lead in Music - Comm Engage & Lead in Music 2.0

MUSIC395 Music Analysis - Music Analysis - *Recommended for those planning to pursue a graduate music degree* 2.0

Requirement 5 — Complete 3 Requirements

History & culture core:

Requirement 5.1 — Complete 1 Course

MUSIC301 Music History: Overview - Music History: Overview 2.0

Requirement 5.2 — Complete 2 of 4 Courses

MUSIC302 Music History: Baroque - Music History: Baroque 2.0

MUSIC303 Music History: Classic - Music History: Classic 2.0

MUSIC304 Music History: Romantic - Music History: Romantic 2.0

MUSIC305 Music History: 20th-21st c - Music History: 20th-21st c 2.0

Requirement 5.3 — Complete 1 of 3 Courses

MUSIC306 Classical Music in Pop Culture - Classical Music in Pop Culture 2.0

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 6— Complete 1 of 2 Options

Option 6.1 — Complete 8 hours

Instrumentalists and Contemporary Vocalists:

MUSIC260R Performance Instruction - Performance Instruction - *You may take up to 8.0 credit hours* 0.5v

Option 6.2 — Complete 8 hours

Classical Vocalists: (Note: Concurrent registration in Music 260R: Classical Voice and Music 262R: Diction Lab is required.)

MUSIC260R Classical Voice - Classical Voice - *You may take up to 6.0 credit hours* 0.5v

MUSIC262R Diction Lab 1 - Diction Lab 1 - *You may take up to 2.0 credit hours* 0.5

Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:

Complete 1 hour of ensemble each semester for four semesters (determined by the student's major instrumental teacher or by choral audition - not by the student). (A) complete 2-3 hours from the Category 1 Approved Large Ensembles (B) complete 1-2 hours from the Category 2 Other Approved Ensembles. A list of Approved Ensembles is included in Appendix A at the end of this document.

Requirement 8 — Complete 1 of 3 Options

Consult with the Associate Director of Undergraduate Studies in the School of Music to create a plan for the completion of Requirement 8.

Option 8.1 — Complete 3 Requirements

Requirement 8.1.1 — Complete 1 of 2 Options

Option 8.1.1.1 — Complete 4 hours

Instrumentalists:

MUSIC360R Performance Instruction - Performance Instruction - *You may take up to 4.0 credit hours* 0.5v

Option 8.1.1.2 — Complete 4 hours

Classical Vocalists: (Note: Concurrent registration in Music 360R: Voice and Music 362R: Diction Lab is required.)

MUSIC360R Performance Instruction - Performance Instruction - *You may take up to 3.0 credit hours* 0.5v

MUSIC362R Diction Lab 2 - Diction Lab 2 - *You may take up to 1.0 credit hour* 0.5

Requirement 8.1.2 — Complete 1 Course

Enroll in Music 349 (0 credit hours) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A pre-recital hearing is required at least three weeks before juried recitals.

MUSIC349 Junior Recital - Junior Recital 0.0

Requirement 8.1.3 — Obtain confirmation from your advisement center that you have completed the following:

After written approval of the BA faculty advisor, complete 2 hours of music electives. Note: Additional credits of Music 360R and Music 262R not used to fulfill Requirement 8.1.1 may count toward Requirement 8.1.3.

Option 8.2 — Complete 2 Requirements

Requirement 8.2.1 — Obtain confirmation from your advisement center that you have completed the following:

After written approval of the BA faculty advisor, complete 6 hours of elective courses.

Requirement 8.2.2 — Complete 1 Course

MUSIC490 BA Music Capstone - BA Music Capstone 3.0

Option 8.3 — Complete 1 Requirement

Requirement 8.3.1 — Obtain confirmation from your advisement center that you have completed the following:

Complete an approved minor outside of Music. Note: Chosen minor may not be a music minor, and must be completed as part of your graduation requirements.

Requirement 8.3.2 —Obtain confirmation from your advisement center that you have completed the following:

Complete 15 credit hours of BA Faculty Advisor-approved courses in a concentrated area of study outside of music.

Recommended Courses are not required to complete the program

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship - *Recommended for those planning on setting up a private studio* 3.0

MUSIC395 Music Analysis - Music Analysis - R*ecommended for those planning to pursue a graduate music degree* 2.0

MUSIC346R String Chamber Music - String Chamber Music - *You may take two times* 1.0

MUSIC348R Woodwind Chamber Music - Woodwind Chamber Music - *You may take two times* 1.0

MUSIC441R New Music Ensemble - New Music Ensemble - *(Section 2: Group for Experimental Music only) You may take three times* 1.0

Music Education (BM): K-12 Instrumental Emphasis

Program Information

Minimum Credit Hours
93

Maximum Credit Hours
93

Major Academic Plan
MAPS - BM in Music Education K-12 Instrumental 2026-2027.docx

Learning Outcomes

Title
Effective Pedagogy, Philosophy, and Practice

Learning Outcome
Students will function as competent educators with a secure grasp of effective pedagogical practice grounded in sound teaching philosophy and carefully considered curricular and instructional priorities.

Title
Effective Communication

Learning Outcome
Students will demonstrate effective interpersonal and communication skills, especially the ability to connect with students.

Title
Music Teaching Strategies and Materials

Learning Outcome
Students will demonstrate a knowledge of a broad array of skills, strategies, methodologies, and materials related to music teaching.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 1 Course

Proficiency requirements: Present a juried recital (Music 349) in the last semester of private instruction. Students must prepare a minimum of 25 minutes of music to be performed in a formal public recital. Students will schedule a joint recital with one other music major, or they may present a full recital if encouraged to do so by their major instructor.

MUSIC349 Junior Recital - Junior Recital 0.0

Requirement 2 — Complete 14 Courses

Lower-division music core courses:

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC221 Functional Piano Skills 1 - Functional Piano Skills 1 2.0

MUSIC235A Instrumental Conducting Techn - Instrumental Conducting Techn 2.0

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC294 Aural Skills 4 - Aural Skills 4 1.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

Requirement 3 — Complete 8 hours

MUSIC260R Performance Instruction - Performance Instruction - *You may take up to 8.0 credit hours* 0.5v

Requirement 4 — Complete 4 hours

MUSIC360R Performance Instruction - Performance Instruction - *You may take up to 4.0 credit hours* 0.5v

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Music education majors must enroll in at least 1 hour of approved large ensemble each semester for seven semesters. Those who play woodwind, brass, or percussion instruments must enroll in one semester of marching band, which may be counted toward the 7-hour large ensemble requirement if it is completed after the student has been officially accepted as a degree candidate in instrumental music education (after freshman year).

Requirement 6 — Complete 4 Courses

Upper-division music core courses:

MUSIC301 Music History: Overview - Music History: Overview 2.0

MUSIC302 Music History: Baroque - Music History: Baroque 2.0

MUSIC303 Music History: Classic - Music History: Classic 2.0

MUSIC395 Music Analysis - Music Analysis 3.0

Requirement 7 — Complete 1 of 2 Courses

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 8 — Complete 10 Courses

MUSIC176 Careers in Mus Ed - Careers in Mus Ed 1.0

MUSIC281 Found of Teach Children Music - Found of Teach Children Music 2.0

MUSIC278 Foundations of Music Teaching - Foundations of Music Teaching 2.0

MUSIC380C Tech for Music Ed Woodwinds - Tech for Music Ed Woodwinds 1.0

MUSIC380D Tech for Music Ed Dbl Reeds - Tech for Music Ed Dbl Reeds 1.0

MUSIC380B Techniques for Music Ed Brass - Techniques for Music Ed Brass 1.0

MUSIC380H Techniques for Mus Ed Strings - String Workshop 1.0

MUSIC375B String Workshop - String Workshop 1.0

MUSIC283 Found of Teaching Instruments - Found of Teaching Instruments 2.0

MUSIC383 Art of Teaching Instrumental - Art of Teaching Instrumental 3.0

Requirement 9 — Complete 1 of 2 Options

Option 9.1 — Complete 1 Course

Non-percussionists:

MUSIC374 Percussion Wrkshp - Tech for Choral Mus Ed Perc 1.0

Option 9.2 — Complete 2 Courses

Percussionists:

MUSIC273A Percussion Techniques - Percussion Techniques 0.5

MUSIC273B Percussion Techniques - Percussion Techniques 0.5

Requirement 10 — Complete 2 Requirements

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

Requirement 10.1 — Complete 4 Courses

Note: FBI fingerprint and background clearance must be completed prior to enrollment in Music 276.

MUSIC276 Intro to Music Education - Intro to Music Education 3.0

MUSIC379 Pre-Student Teaching - Pre-Student Teaching 2.0

SC ED350 Adolescent Development - Adolescent Development 2.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

Requirement 10.2 — Complete 12 hours

Note: All professional education courses (above) and Music 260R and 363 credits must be completed before student teaching (Music 476).

MUSIC476 Secondary Student Teaching - Secondary Student Teaching - *You may take up to 12.0 credit hours* 12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

MUSIC306 Classical Music in Pop Culture - Classical Music in Pop Culture 2.0

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 6 — Complete 1 of 2 Options

Option 6.1 — Complete 12 hours

Instrumentalists (on your primary instrument):

MUSIC260R Performance Instruction - Performance Instruction - *You may take up to 8.0 credit hours* 0.5v

MUSIC360R Performance Instruction - Performance Instruction - *You may take up to 4.0 credit hours* 0.5v

Option 6.2 — Complete 8 hours

Vocalists:

MUSIC260R Classical Voice - Classical Voice - *You may take up to 6.0 credit hours* 0.5v

MUSIC262R Diction Lab 1: English - Diction Lab 1 - *You may take up to 2.0 credit hours* 0.5

NOTE: Concurrent registration in Music 260R: Classical Voice and Music 262R: Diction Lab 1 is required.

Requirement 7 — Obtain confirmation from your advisement center that you have completed the following:

Complete one hour of approved ensemble participation each semester in the program (with the exception of the semester of student teaching) with a minimum of 7.0 credit hours. At least 6.0 credit hours must be from Category I: Approved Large Ensembles on the student's primary instrument. One (1.0) credit hour may be from an Approved Category II ensemble on the student's primary instrument or secondary instrument. A list of Approved Ensembles is included in Appendix A at the end of this document.

Requirement 8 — Complete 1 of 2 Options

Proficiency Requirements: Present a juried recital (Music 249) in the last semester of private instruction on their primary instrument. Students must prepare a minimum of 18 minutes (for vocalists) and 25 minutes (for instrumentalists) of music to be performed in a formal public recital. Students will schedule a joint recital in groups of three or fewer.

Option 8.1 — Complete 1 Course

Vocalists only.

MUSIC249 Sophomore Recital - Sophomore Recital 0.0

Option 8.2 — Complete 1 Course

Instrumentalists only.

MUSIC349 Junior Recital - Junior Recital 0.0

Requirement 9 — Complete 5 Courses

MUSIC276 Intro to Music Education - Intro to Music Education 3.0

MUSIC278 Foundations of Music Teaching - Foundations of Music Teaching 2.0

MUSIC281 Found of Teach Children Music - Found of Teach Children Music 2.0

MUSIC282 Found of Teaching Vocalists - Found of Teaching Vocalists 2.0

MUSIC283 Found of Teaching Instruments - Found of Teaching Instruments 2.0

Requirement 10 — Complete 1 of 3 Courses

MUSIC381 Art of Teaching Children Music - Art of Teaching Children Music 3.0

MUSIC382 Art of Teaching Vocalists - Art of Teaching Vocalists 3.0

MUSIC383 Art of Teaching Instrumental - Art of Teaching Instrumental 3.0

Requirement 11 — Complete 3 of 9 Courses

MUSIC363 Vocal Pedagogy - Vocal Pedagogy 2.0

MUSIC380A Techniques for Mus Ed Voice - Techniques for Mus Ed Voice 1.0

MUSIC380B Techniques for Music Ed Brass - Techniques for Music Ed Brass 1.0

Music Performance (BM): Vocal Emphasis

Program Information

Minimum Credit Hours
76

Maximum Credit Hours
77

Major Academic Plan
MAPS - BM in Music Performance Vocal 2026-2027.docx

Learning Outcomes

Title
Performance Preparation

Learning Outcome
Prepare performances at the highest possible level, including continual increase in technical proficiency, and gain a working knowledge of standard repertoire.

Title
Performance Practice

Learning Outcome
Demonstrate command of performance practice from the major stylistic periods as appropriate to the instrument/voice.

Title
Music Pedagogy

Learning Outcome
Understand and apply the principles of music pedagogy, as demonstrated in private lessons and masterclasses.

Program Requirements

Requirement 1 —Complete 11 Courses

Musicianship core:

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC221 Functional Piano Skills 1 - Functional Piano Skills 1 2.0

MUSIC222 Functional Piano Skills 2 - Functional Piano Skills 2 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC294 Aural Skills 4 - Aural Skills 4 1.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

Requirement 2 — Complete 4 Courses

Literacy & analysis core:

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

Requirement 3 — Complete 1 hour

Creativity core:

MUSIC184 Improvisation - Improvisation 1.0

MUSIC186 Songwriting 1 - Songwriting 1 2.0

MUSIC187R Composition - Composition - *You may take once* 1.0

ITAL102 1st-Year Italian, Part 2 - 1st-Year Italian, Part 2 4.0

Requirement 11 — Complete 1 Requirement

Recitals:

Pass a juried junior recital (Music 349) and a juried senior recital (Music 449).

Enroll in Music 349 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in Music 360R is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information. See supervisor of accompanying regarding guidelines for accompanist fees.

Requirement 11.1 — Complete 2 Courses

MUSIC349 Junior Recital - Junior Recital 0.0

MUSIC449 Senior Recital - Senior Recital 1.0

Note: Students must register for 449 before applying for graduation.

Requirement 12 —Complete 1 hour

MUSIC187R Composition - Composition - *You may take once* 1.0

MUSIC251 Music Technology 1 - Music Technology 1 2.0

MUSIC259 Psychology of Performance - Psychology of Performance 2.0

MUSIC260R Performance Instruction - Contemporary Voice - *You may take once* 0.5v

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

MUSIC310 Comm Engage & Lead in Music - Comm Engage & Lead in Music 2.0

MUSIC370 Musical Theater Pedagogy - Musical Theater Pedagogy and Vocal Technique 1.0

MUSIC482 Choral Arranging - Choral Arranging 1.0

MUSIC505A Applied Literature - Vocal Literature 2.0

MUSIC505B Brass Literature - Brass Literature .2.0

TMA123 Acting Fundamentals - Acting Fundamentals 2.0

Courses used to fulfill Requirement 12 may not be used to fulfill other requirements.

Recommended Courses are not required to complete the program

DANCE164 Music for Movement - Music for Movement 0.5v

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship - *Recommended for those planning to set up a private studio* 3.0

MUSIC395 Music Analysis - Music Analysis - *Recommended for those planning to pursue a graduate music degree* 3.0

PHSCS167 Desc Acoustics of Music & Spch - Desc Acoustics of Music & Spch 3.0

Recommended Courses are not required to complete the program

Students intending to enter graduate school in voice should complete:

FREN101 First-Year French, Part 1 - First-Year French, Part 1 4.0

GERM101 1st Year German - 1st Year German 4.0

ITAL101 1st-Year Italian, Part 1 - 1st-Year Italian, Part 1 4.0

APPENDIX A: See Ensemble Requirement

Category 1: Approved Large Ensembles

MUSIC312R Men's Chorus - Men's Chorus - *You may take six times* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take six times* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take six times* 1.0

MUSIC315R University Singers - University Singers - *You may take six times* 1.0

Category 2: Other Approved Ensembles

MUSIC316R Opera Workshop - Opera Workshop - *You may take six times* 1.0

MUSIC317R Opera Ensemble - Opera Ensemble - *You may take five times* 0.5v

Music Education (BM): K-12 Choral Emphasis

Maximum Credit Hours
88

Major Academic Plan
MAPS - BM in Music Education K-12 Choral 2026-2027.docx

Learning Outcomes

Title
Effective Pedagogy, Philosophy, and Practice

Learning Outcome
Students will function as competent educators with a secure grasp of effective pedagogical practice grounded in sound teaching philosophy and carefully considered curricular and instructional priorities.

Title
Effective Communication

Learning Outcome
Students will demonstrate effective interpersonal and communication skills, especially the ability to connect with students.

Title
Music Teaching Strategies and Materials

Learning Outcome
Students will demonstrate a knowledge of a broad array of skills, strategies, methodologies, and materials related to music teaching.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 1 Course

Proficiency requirements: Present a juried recital (Music 249) in the last semester of private instruction. Students must prepare a minimum of 18 minutes of music to be performed in a formal public recital. Students will schedule a joint recital in groups of three or fewer.

MUSIC249 Sophomore Recital - Sophomore Recital 0.0

Requirement 2 — Complete 14 Courses

Lower-division music core courses:

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC221 Functional Piano Skills 1 - Functional Piano Skills 1 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC294 Aural Skills 4 - Aural Skills 4 1.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

Requirement 3 — Complete 1 Requirement

Requirement 3.1 — Complete 8 hours

Complete eight hours of lessons from the following:

MUSIC260R Classical Voice - Classical Voice - *You may take up to 6.0 credit hours* 0.5v

MUSIC262R Diction Lab 1: English - Diction Lab 1: English - *You may take up to 2.0 credit hours* 0.5

Note: Concurrent registration in Music 260R: Classical Voice and Music 262R: Diction Lab is required.

Requirement 4 — Obtain confirmation from your advisement center that you have completed the following:

Music education majors must enroll in at least 1 hour of approved large ensemble each semester for seven semesters within student's area of specialization. At least 1 hour must be the Music 311R evening section.

Requirement 5 — Complete 4 Courses

Upper-division music core courses:

MUSIC301 Music History: Overview - Music History: Overview 2.0

MUSIC302 Music History: Baroque - Music History: Baroque 2.0

MUSIC303 Music History: Classic - Music History: Classic 2.0

MUSIC395 Music Analysis - Music Analysis 3.0

Requirement 6 — Complete 1 of 2 Courses

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 7 — Complete 8 Courses

MUSIC176 Careers in Mus Ed - Careers in Mus Ed 1.0

MUSIC281 Found of Teach Children Music - Found of Teach Children Music 2.0

MUSIC278 Foundations of Music Teaching - Foundations of Music Teaching 2.0

MUSIC363 Vocal Pedagogy - Vocal Pedagogy 2.0

MUSIC374 Percussion Wrkshp - Percussion Wrkshp 1.0

MUSIC282 Found of Teaching Vocalists - Found of Teaching Vocalists 2.0

MUSIC382 Art of Teaching Vocalists - Art of Teaching Vocalists 3.0

MUSIC482 Choral Arranging - Choral Arranging 1.0

Requirement 8 — Complete 2 Requirements

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

Requirement 8.1 — Complete 4 Courses

Note: FBI fingerprint and background clearance must be completed prior to enrolling in Music 276.

MUSIC276 Intro to Music Education - Intro to Music Education 3.0

MUSIC379 Pre-Student Teaching - Pre-Student Teaching 2.0

SC ED350 Adolescent Development - Adolescent Development 2.0

SC ED353 Multicultural Educ -Multicultural Educ 2.0

Requirement 8.2 — Complete 12 hours

Note: All professional education courses (above) and Music 260R and 363 credits must be completed before student teaching (Music 476).

MUSIC476 Secondary Student Teaching - Secondary Student Teaching - *You may take up to 12.0 credit hours* 12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Music Performance (BM): Piano Emphasis

Program Information

Minimum Credit Hours
76.5

Maximum Credit Hours
77.5

Major Academic Plan
MAPS - BM in Music Performance Piano 2026-2027.docx

Learning Outcomes

Title
Performance Preparation

Learning Outcome
Prepare performances at the highest possible level, including continual increase in technical proficiency, and gain a working knowledge of standard repertoire.

Title
Performance Practice

Learning Outcome
Demonstrate command of performance practice from the major stylistic periods as appropriate to the instrument/voice.

Title
Music Pedagogy

Learning Outcome
Understand and apply the principles of music pedagogy, as demonstrated in private lessons and masterclasses.

Program Requirements

Requirement 1 — Complete 2 Requirements

Musicianship core:

Requirement 1.1 — Complete 8 Courses

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC294 Aural Skills 4 - Aural Skills 4 1.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

Requirement 1.2 — Complete 1 of 2 Courses

MUSIC235A Instrumental Conducting Techn - Instrumental Conducting Techn 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

Requirement 2 — Complete 4 Courses

Literacy & analysis core:

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

Requirement 3 — Complete 1 hour

Creativity core:

MUSIC184 Improvisation - Improvisation 1.0

MUSIC186 Songwriting 1 - Songwriting 1 2.0

MUSIC187R Composition - Composition - *You may take once* 1.0

MUSIC284 Jazz Improv 1 - Jazz Improv 1 2.0

MUSIC287 Electronic Music Composition - Electronic Music Composition 2.0

MUSIC441R New Music Ensemble - New Music Ensemble - *(Section 2: Group for Experimental Music only) You may take once* 1.0

Requirement 4 — Complete 2 hours

Practical core:

MUSIC160R Performance Instruction - Performance Instruction - *Must be a secondary instrument - You may take up to 2.0 credit hours* 0.5v

MUSIC220 Intro to Piano Technology - Intro to Piano Technology 2.0

MUSIC251 Music Technology 1 - Music Technology 1 2.0

MUSIC259 Psychology of Performance - Psychology of Performance 2.0

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

MUSIC395 Music Analysis - Music Analysis 2.0

Requirement 5 — Complete 3 Requirements

History & culture core:

Requirement 5.1 — Complete 1 Course

MUSIC301 Music History: Overview - Music History: Overview 2.0

Requirement 5.2 — Complete 2 of 4 Courses

MUSIC302 Music History: Baroque - Music History: Baroque 2.0

MUSIC303 Music History: Classic - Music History: Classic 2.0

MUSIC304 Music History: Romantic - Music History: Romantic 2.0

MUSIC305 Music History: 20th-21st c - Music History: 20th-21st c 2.0

Requirement 5.3 — Complete 1 of 3 Courses

MUSIC306 Classical Music in Pop Culture - Classical Music in Pop Culture 2.0

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 6 — Complete 8 hours

MUSIC260R Piano - Piano - *You may take up to 8.0 credit hours* 0.5v

Requirement 7 — Complete 4 hours

MUSIC360R Piano - Piano - *You may take up to 4.0 credit hours* 0.5v

Requirement 8 — Complete 6 hours

MUSIC460R Piano - Piano - *You may take up to 6.0 credit hours* 1.5v

Requirement 9 — Obtain confirmation from your advisement center that you have completed the following:

Complete one hour of ensemble each semester for six semesters, including 2-4 hours from Category 1: Approved Large Ensembles (determined by the student's major instrumental teacher or by choral audition - not by the student) and 2-4 hours from Category 2 ensembles. A list of Approved Ensembles is included in Appendix A at the end of this document.

Requirement 10 — Complete 8 Courses

MUSIC165 Survey of the Great Pianists - Survey of the Great Pianists 0.5

MUSIC264 Keyboard Fdns 1 - Keyboard Fdns 1 2.0

MUSIC265 Keyboard Fnds 2 - Keyboard Fnds 2 2.0

MUSIC310 Comm Engage & Lead in Music - Comm Engage & Lead in Music 2.0

MUSIC364 Keyboard Pedagogy - Keyboard Pedagogy 2.0

MUSIC365 Piano Pedagogy - Piano Pedagogy 2.0

MUSIC403A Piano Literature - Piano Literature 2.0

MUSIC403B Piano Literature - Piano Literature 2.0

Requirement 11 — Complete 2 hours

MUSIC470R Keyboard Teaching Practicum - Keyboard Teaching Practicum - *You may take up to 2.0 credit hours* 1.0

Requirement 12 — Complete 2 hours

MUSIC115 Basic Organ Skills - Basic Organ Skills 2.0

MUSIC260R Organ - Organ - *You may take up to 2.0 credit hours* 0.5v

Requirement 13 — Complete 3 hours

MUSIC116R Organ Tech & Lit - Organ Tech & Lit - *You may take up to 2.0 credit hours* 2.0

MUSIC260R Organ - Organ - *You may take up to 2.0 credit hours* 0.5v

MUSIC394 Jazz Styles & Analysis - Jazz Styles & Analysis 2.0

MUSIC483 Counterpoint - Counterpoint 3.0

MUSIC485 Jazz Arranging - Jazz Arranging 3.0

MUSIC583 16th-Century Counterpoint - 16th-Century Counterpoint 3.0

MUSIC595 Score Analysis - Score Analysis 2.0

Requirement 14 — Complete 1 Requirement

Recitals:

Present a juried recital (Music 249) during the sophomore year. A juried senior recital (Music 449) is also required.

Enroll in Music 249 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information.

Requirement 14.1 — Complete 2 Courses

MUSIC249 Sophomore Recital - Sophomore Recital 0.0

MUSIC449 Senior Recital - Senior Recital 1.0

Note: Students must register for 449 before applying for graduation.

Recommended Courses are not required to complete the program

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship - *Recommended for those planning on setting up a private studio* 3.0

MUSIC395 Music Analysis - Music Analysis - *Recommended for those planning to pursue a graduate music degree* 2.0

Requirement 8 — Complete 6 Courses

MUSIC166 Organ Registration - Organ Registration 2.0

MUSIC264 Keyboard Fdns 1 - Keyboard Fdns 1 2.0

MUSIC265 Keyboard Fnds 2 - Keyboard Fnds 2 2.0

MUSIC364 Keyboard Pedagogy - Keyboard Pedagogy 2.0

MUSIC365 Piano Pedagogy - Piano Pedagogy 2.0

MUSIC366 Organ Pedagogy - Organ Pedagogy 2.0

Requirement 9 — Complete 2 Courses

MUSIC465A Organ Practicum - Organ Practicum 1.0

MUSIC465B Organ Practicum - Organ Practicum 2.0

Requirement 10 — Complete 2 hours

MUSIC470R Keyboard Teaching Practicum - Keyboard Teaching Practicum - *You may take up to 2.0 credit hours* 1.0

Requirement 11 — Complete 3 of 4 Courses

MUSIC403A Piano Literature - Piano Literature 2.0

MUSIC403B Piano Literature - Piano Literature 2.0

MUSIC404A Organ Literature - Organ Literature 2.0

MUSIC404B Organ Literature - Organ Literature 2.0

Requirement 12 — Complete 1 Requirement

Recitals:

Present a juried recital (Music 249) during the sophomore year. A juried senior recital (Music 449) is also required.

Enroll in 249 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information.

Requirement 12.1 — Complete 2 Courses

MUSIC249 Sophomore Recital - Sophomore Recital 0.0

MUSIC449 Senior Recital - Senior Recital 1.0

Note: Students must register for 449 before applying for graduation.

Recommended Courses are not required to complete the program

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship - *Recommended for those planning on setting up a private studio* 3.0

MUSIC160R Performance Instruction - Performance Instruction - *You may take once Recommended to alternate between piano and organ under advisor's direction* 0.5v

MUSIC395 Music Analysis - Music Analysis - *Recommended for those planning to pursue a graduate music degree* 2.0

MUSIC481 Orchestration 1 - Orchestration 1 3.0

APPENDIX A: See Ensemble Requirement

Category 1: Approved Large Ensembles:

MUSIC312R Men's Chorus - Men's Chorus - *You may take four times* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take four times* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take four times* 1.0

MUSIC315R University Singers - University Singers - *You may take four times* 1.0

MUSIC316R Opera Workshop - Opera Workshop - *You may take once* 1.0

MUSIC317R Opera Ensemble - Opera Ensemble - *You may take once* 0.5v

MUSIC320R BYU Studio Orchestra - BYU Studio Orchestra - *You may take once* 1.0

MUSIC325R Symphonic Band - Symphonic Band - *You may take four times* 1.0

MUSIC326R Wind Symphony - Wind Symphony - *You may take four times* 1.0

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take four times* 1.0

MUSIC338R Philharmonic Orchestra - Philharmonic Orchestra - *You may take four times* 1.0

Category 2: Other Approved Ensembles

MUSIC319R Baroque Ensemble - Baroque Ensemble - *You may take two times* 1.0

MUSIC344R Keyboard in Ensemble - Keyboard in Ensemble - *You may take four times* 1.0

Music Performance (BM): Brass Emphasis

Program Information

Learning Outcomes

Title
Performance Preparation

Learning Outcome
Prepare performances at the highest possible level, including continual increase in technical proficiency, and gain a working knowledge of standard repertoire.

Title
Performance Practice

Learning Outcome
Demonstrate command of performance practice from the major stylistic periods as appropriate to the instrument/voice.

Title
Music Pedagogy

Learning Outcome
Understand and apply the principles of music pedagogy, as demonstrated in private lessons and masterclasses.

Program Requirements

Requirement 1 — Complete 2 Requirements

Requirement 1.1 — Complete 10 Courses

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC221 Functional Piano Skills 1 - Functional Piano Skills 1 2.0

MUSIC222 Functional Piano Skills 2 - Functional Piano Skills 2 2.0

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC294 Aural Skills 4 - Aural Skills 4 1.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

Requirement 1.2 — Complete 1 of 2 Courses

MUSIC235A Instrumental Conducting Techn - Instrumental Conducting Techn 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

Requirement 2 — Complete 4 Courses

Literacy & analysis core:

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

Requirement 3 — Complete 1 hour

Creativity core:

MUSIC184 Improvisation - Improvisation 1.0

MUSIC186 Songwriting 1 - Songwriting 1 2.0

MUSIC187R Composition - Composition - *You may take once* 1.0

MUSIC284 Jazz Improv 1 - Jazz Improv 1 2.0

MUSIC287 Electronic Music Composition - Electronic Music Composition 2.0

MUSIC441R New Music Ensemble - New Music Ensemble - *You may take once (Section 2: Group for Experimental Music only)* 1.0

Requirement 4 — Complete 2 hours

Practical core:

MUSIC160R Performance Instruction - Performance Instruction - *Must be a secondary instrument. You may take up to 2.0 credit hours* 0.5v

MUSIC220 Intro to Piano Technology - Intro to Piano Technology 2.0

MUSIC251 Music Technology 1 - Music Technology 1 2.0

MUSIC259 Psychology of Performance - Psychology of Performance 2.0

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

MUSIC310 Comm Engage & Lead in Music - Comm Engage & Lead in Music 2.0

MUSIC395 Music Analysis - Music Analysis 2.0

Requirement 5 — Complete 3 Requirements

History & culture core:

Option 5.1 — Complete 1 Course

MUSIC301 Music History: Overview - Music History: Overview 2.0

Option 5.2 — Complete 2 of 4 Courses

MUSIC302 Music History: Baroque - Music History: Baroque 2.0

MUSIC303 Music History: Classic - Music History: Classic 2.0

MUSIC304 Music History: Romantic - Music History: Romantic 2.0

MUSIC305 Music History: 20th-21st c - Music History: 20th-21st c 2.0

Option 5.3 — Complete 1 of 3 Courses

MUSIC306 Classical Music in Pop Culture - Classical Music in Pop Culture 2.0

MUSIC307 World Music - World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 6 — Complete 8 hours

MUSIC260R Performance Instruction - Performance Instruction - *You may take up to 8.0 credit hours* 0.5v

Requirement 7 — Complete 12 hours

MUSIC460R Performance Instruction - Performance Instruction - *You may take up to 12.0 credit hours* 1.5v

Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:

Complete 1 hour of Category 1: Approved Large Ensembles each semester for eight semesters. A list of Approved Ensembles is included in Appendix A at the end of this document.

Requirement 9 — Complete 1 Course

MUSIC368 Brass Pedagogy - Brass Pedagogy 2.0

Requirement 10 — Complete 2 Requirements

Requirement 10.1 — Complete 3 hours

MUSIC331R Jazz Combos - Jazz Combos - *You may take up to 3.0 credit hours* 1.0

MUSIC341R Brass Chamber Music - Brass Chamber Music - *You may take up to 3.0 credit hours* 1.0

Requirement 10.2 — Complete 1 hour

MUSIC462R Orchestral Excerpts: Brass - Orchestral Excerpts: Brass - *You may take up to 1.0 credit hours* 1.0

Requirement 11 — Obtain confirmation from your advisement center that you have completed the following:

Complete 5 hours of music electives. See faculty advisor.

Requirement 12 — Complete 1 Requirement

Recitals:

Present a juried recital (Music 349) during the junior year. A juried senior recital (Music 449) is also required.

Enroll in 349 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information. See supervisor of accompanying regarding guidelines for accompanist fees.

Requirement 12.1 — Complete 2 Courses

Requirement 7 — Complete 12 hours

MUSIC460R Performance Instruction - Performance Instruction - *You may take up to 12.0 credit hours* 3.0v

Requirement 8 — Complete 1 of 3 Options

A list of Approved Ensembles is included in Appendix A at the end of this document.

Option 8.1 — Complete 8 hours

Violin, Viola, Cello, and Bass: Complete 1 hour of Category 1 Approved Large Ensembles for Strings each semester for eight semesters (determined by the student's major instrumental teacher--not by the student).

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take 8 times* 1.0

MUSIC338R Philharmonic Orchestra - Philharmonic Orchestra - *You may take 8 times* 1.0

Option 8.2 — Obtain confirmation from your advisement center that you have completed the following:

Guitar: Complete 4.0 hours of Guitar Ensemble (Music 343R) and four semesters of Category 1: Approved Large Ensembles.

Option 8.3 — Obtain confirmation from your advisement center that you have completed the following:

Harp: Complete eight semesters of Category 1: Approved Large Ensembles for Harpists.

Requirement 9 — Complete 1 Requirement

Complete section A, B, C, D, or E, depending on your instrument.

Requirement 9.1 — Complete 1 of 5 Courses

MUSIC369A String Pedagogy: Violin/Viola - String Pedagogy: Violin and Viola 2.0

MUSIC369B String Pedagogy: Bass - String Pedagogy: Bass 2.0

MUSIC369C String Pedagogy: Cello - String Pedagogy: Cello 2.0

MUSIC369D String Pedagogy: Harp - String Pedagogy: Harp 2.0

MUSIC369E String Pedagogy: Guitar - String Pedagogy: Guitar 2.0

Requirement 10 — Complete 2 Courses

Harpists should register for the sections designated for harp.

MUSIC406 String Literature - String Literature 2.0

MUSIC467 String Teaching Practicum - String Teaching Practicum 1.0

Requirement 11 — Complete 1 of 3 Options

Option 11.1 — Complete 4 hours

Violin, Viola, Cello, and Bass:

MUSIC346R String Chamber Music - String Chamber Music - *You may take up to 4.0 credit hours* 1.0

Option 11.2 — Complete 4 Hours

Guitar:

MUSIC331R Jazz Combos - Jazz Combos - *You may take up to 4.0 credit hours*1.0

MUSIC343R Guitar Ensemble - Guitar Ensemble - *You may take up to 4.0 credit hours*1.0

MUSIC346R String Chamber Music - String Chamber Music - *You may take up to 4.0 credit hours* 1.0

Option 11.3 — Complete 2 Requirements

Harp:

Group 11.3.1 — Complete 3 Courses

MUSIC123 Harp Prep for Large Ensemble - Harp Prep for Large Ensemble 1.0 - *Requirement: student must be concurrently enrolled in an approved large ensemble*

MUSIC340R Harp Ensemble - Harp Ensemble - *You may take once* - audition-only section 1.0

MUSIC462R Orchstrl Excerpts: Harp- Orchestral Excerpts: Harp - *You may take once* 1.0

Group 11.3.2 — Complete 1 hour

MUSIC346R String Chamber Music - String Chamber Music - *You may take once* 1.0

MUSIC348R Woodwind Chamber Music - Woodwind Chamber Music - *You may take once* 1.0

Requirement 12 — Complete 1 Option

Option 12.1 — Complete 2 hours

Violin, Viola, Cello, and Bass:

MUSIC319R Baroque Ensemble - Baroque Ensemble - *You may take up to 2.0 credit hours* 1.0

MUSIC462R Orchestral Excerpts: Violin- Orchestral Excerpts: Violin - *You may take up to 2.0 credit hours* 1.0

Option 12.2 — Obtain confirmation from your advisement center that you have completed the following:

Guitar

Guitarists should complete two hours of music electives.

Option 12.3 — Complete 2 Courses

Harp:

MUSIC223 Jazz Harp Techniques - Jazz Harp Techniques 1.0

MUSIC423 Harp Arranging and Trans. - Harp Arranging and Trans. 1.0

Requirement 13 — Complete 2 Requirements

Recitals:

With performance instructor's advisement and consent, present a juried recital (Music 249 or 349) during the sophomore or junior year. A juried senior recital (Music 449) is also required of all students.

Enroll in Music 249 or 349 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information. See supervisor of accompanying regarding guidelines for accompanist fees.

Requirement 13.1 — Complete 1 of 2 Courses

Harpists must choose MUSIC 249.

MUSIC249 Sophomore Recital - Sophomore Recital 0.0

MUSIC349 Junior Recital- Junior Recital 0.0

Requirement 13.2 — Complete 1 Course

MUSIC449 Senior Recital - Senior Recital 1.0

Note: Students must register for 449 before applying for graduation.

Recommended Courses are not required to complete the program

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship - *Recommended for those planning on setting up a private studio* 3.0

Requirement 1.2 — Complete 1 of 2 Courses

MUSIC235A Instrumental Conducting Techn - Instrumental Conducting Techn 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

Requirement 2 — Complete 4 Courses

Literacy & analysis core:

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

Requirement 3 — Complete 1 hour

Creativity core:

MUSIC184 Improvisation - Improvisation 1.0

MUSIC186 Songwriting 1 - Songwriting 1 2.0

MUSIC187R Composition - Composition - *You may take once* 1.0

MUSIC284 Jazz Improv 1 - Jazz Improv 1 2.0

MUSIC287 Electronic Music Composition - Electronic Music Composition 2.0

MUSIC441R New Music Ensemble - New Music Ensemble - *You may take once.* (Section 2: Group for Experimental Music only) 1.0

Requirement 4 — Complete 2 hours

Practical core:

MUSIC160R Performance Instruction - Performance Instruction - *You may take up to 2.0 credit hours. Must be a secondary instrument.* 0.5v

MUSIC220 Intro to Piano Technology - Intro to Piano Technology 2.0

MUSIC251 Music Technology 1 - Music Technology 1 2.0

MUSIC259 Psychology of Performance - Psychology of Performance 2.0

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

MUSIC310 Comm Engage & Lead in Music - Comm Engage & Lead in Music 2.0

MUSIC395 Music Analysis - Music Analysis 2.0

Courses used to fulfill Requirement 4 may be used to fulfill other requirements.

Requirement 5 — Complete 3 Requirements

History & culture core:

Requirement 5.1 — Complete 1 Course

MUSIC301 Music History: Overview - Music History: Overview 2.0

Requirement 5.2 — Complete 2 of 4 Courses

MUSIC302 Music History: Baroque - Music History: Baroque 2.0

MUSIC303 Music History: Classic - Music History: Classic 2.0

MUSIC304 Music History: Romantic - Music History: Romantic 2.0

MUSIC305 Music History: 20th-21st c - Music History: 20th-21st c 2.0

Requirement 5.3 — Complete 1 of 3 Courses

MUSIC306 Classical Music in Pop Culture - Classical Music in Pop Culture 2.0

MUSIC307 World Music- World Music 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 6 — Complete 8 hours

MUSIC260R Performance Instruction - Performance Instruction - *You may take up to 8.0 credit hours* 0.5v

Requirement 7 — Complete 12 hours

MUSIC460R Performance Instruction - Performance Instruction - *You may take up to 12.0 credit hours* 1.5v

Requirement 8 — Obtain confirmation from your advisement center that you have completed the following:

Complete 1 hour of Category 1: Approved Large Ensembles each semester for eight semesters. A list of Approved Ensembles is included in Appendix A at the end of this document.

Requirement 9 — Complete 1 Course

MUSIC259 Psychology of Performance - Psychology of Performance 2.0

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

Requirement 10 — Complete 1 Requirement

Requirement 10.1 — Complete 4 hours

MUSIC331R Jazz Combos - Jazz Combos - *You may take up to 4.0 credit hours 1.0*

MUSIC348R Woodwind Chamber Music - Woodwind Chamber Music - *You may take up to 4.0 credit hours 1.0*

Note: 331R is for Saxophones only.

Requirement 11 — Obtain confirmation from your advisement center that you have completed the following:

Complete 5 hours of music electives. See faculty advisor.

Requirement 12 — Complete 1 Requirement

Recitals:

Present a juried recital (Music 349) during the junior year. A juried senior recital (Music 449) is also required.

Enroll in Music 349 (0.0 credit hours) or 449 (1.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information. See supervisor of accompanying regarding guidelines for accompanist fees.

Requirement 12.1 — Complete 2 Courses

MUSIC349 Junior Recital - Junior Recital 0.0

MUSIC449 Senior Recital - Senior Recital 1.0

Note: Students must register for 449 before applying for graduation.

Recommended Courses are not required to complete the program

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship - *Recommended for those planning on setting up a private studio* 3.0

MUSIC395 Music Analysis - Music Analysis - *Recommended for those planning to pursue a graduate music degree* 2.0

APPENDIX A: See Ensemble Requirement

Category 1: Approved Large Ensembles:

MUSIC325R Symphonic Band - Symphonic Band - *You may take eight times* 1.0

MUSIC326R Wind Symphony - Wind Symphony - *You may take eight times* 1.0

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take eight times* 1.0

MUSIC338R Philharmonic Orchestra - Philharmonic Orchestra - *You may take eight times* 1.0

Learning Outcomes

Title
Technology

Learning Outcome
Students will be able to utilize the latest technological developments and industry-standard production, recording, and mixing techniques to produce meaningful, high-quality professional-level projects.

Title
Production and Performance

Learning Outcome
Students will be able to produce and perform meaningful, high-quality professional-level projects and performances in a variety of genres, contexts, venues, and distribution channels.

Title
Application

Learning Outcome
Students will be able to apply numerous business, production, and performance skills and techniques to effectively guide projects through from conception to completion.

Title
Creativity, Discernment, and Purpose

Learning Outcome
Students will be able to effectively evaluate their projects and performances to determine the potential impact for good that their artistic endeavors may have on individuals, families, communities, the profession, the Church, and the world at large.

Program Requirements

Requirement 1 — Complete 2 Requirements

Musicianship core:

Requirement 1.1 — Complete 10 Courses

MUSIC193 Aural Skills 1 - Aural Skills 1 1.0

MUSIC194 Aural Skills 2 - Aural Skills 2 1.0

MUSIC197 Sight Singing 1 - Sight Singing 1 0.5

MUSIC198 Sight Singing 2 - Sight Singing 2 0.5

MUSIC221 Functional Piano Skills 1 - Functional Piano Skills 1 2.0

MUSIC222 Functional Piano Skills 2 - Functional Piano Skills 2 2.0

MUSIC293 Aural Skills 3 - Aural Skills 3 1.0

MUSIC294 Aural Skills 4 - Aural Skills 4 1.0

MUSIC297 Sight Singing 3 - Sight Singing 3 0.5

MUSIC298 Sight Singing 4 - Sight Singing 4 0.5

Requirement 1.2 — Complete 1 of 2 Courses

MUSIC235A Instrumental Conducting Techn - Instrumental Conducting Techn 2.0

MUSIC235B Choral Conducting Techniques - Choral Conducting Techniques 2.0

Requirement 2 — Complete 4 Courses

Literacy & analysis core:

MUSIC195 Music Theory 1 - Music Theory 1 3.0

MUSIC196 Music Theory 2 - Music Theory 2 3.0

MUSIC295 Music Theory 3 - Music Theory 3 3.0

MUSIC296 Music Theory 4 - Music Theory 4 3.0

Requirement 3 — Complete 2 Requirements

History & culture core:

Requirement 3.1 — Complete 2 Courses

MUSIC301 Music History: Overview - Music History: Overview 2.0

MUSIC308 History of Jazz - History of Jazz 2.0

Requirement 3.2 — Complete 2 of 5 Courses

MUSIC302 Music History: Baroque - Music History: Baroque 2.0

MUSIC303 Music History: Classic - Music History: Classic 2.0

MUSIC304 Music History: Romantic - History of Western Music: Romantic 2.0

MUSIC305 Music History: 20th-21st c - History of Western Music: 20th and 21st Centuries 2.0

MUSIC306 Classical Music in Pop Culture - Classical Music in Popular Culture 2.0

Requirement 4 — Complete 1 of 2 Requirements

Option 4.1 — Complete 8 hours

Instrumentalists and Contemporary Vocalists:

MUSIC260R Performance Instruction - Performance Instruction - - *You may take 6 times* 0.5v

Option 4.2 — Complete 8 hours

Classical Vocalists: (Note: Concurrent registration in Music 260R: Classical Voice and Music 262R: Diction Lab is required.)

MUSIC260R Classical Voice - Classical Voice - *You may take up to 6.0 credit hours* 0.5v

MUSIC262R Diction Lab 1 - Diction Lab 1 - *You may take up to 2.0 credit hours* 0.5

Requirement 5 — Obtain confirmation from your advisement center that you have completed the following:

Guitarists, pianists, and Music Tech studio:

Complete one hour of ensemble each semester for four semesters. Ensembles can be chosen from Category 1 or Category 2.

All other instruments and vocalists:

Complete one hour of ensemble each semester for four semesters, including 2-3 hours from Category 1 ensembles and 1-2 hours from Category 2 ensembles. A list of Approved Ensembles is included in Appendix A at the end of this document.

Requirement 6 — Complete 1 of 2 Options

Option 6.1 — Complete 3 Requirements

Production track.

Requirement 6.1.1 — Complete 6 Courses

MUSIC186 Songwriting 1 - Songwriting 1 2.0

MUSIC251 Music Technology 1 - Music Technology 1 2.0

MUSIC252 Music Technology 2 - Music Technology 2 2.0

MUSIC256 Recording Studio 1 - Recording Studio 1 2.0

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

MUSIC389 Projects in Commercial Music - Projects in Commercial Music 2.0

Requirement 6.1.2 — Complete 2 hours

MUSIC399R Academic Internship - Academic Internship - *You may take up to 2.0 credit hours* 6.0v

Requirement 6.1.3 — Complete 17 hours

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

FIN201 Principles of Finance - Principles of Finance 3.0

MKTG201 Marketing Management - Marketing Management 3.0

MUSIC160R Performance Instruction - Performance Instruction - *Must be a secondary instrument. You may take up to 2.0 credit hours* 0.5v

MUSIC184 Improvisation - Improvisation 1.0

MUSIC187R Composition - Composition - *You may take up to one credit hour* 1.0

MUSIC220 Intro to Piano Technology - Intro to Piano Technology 2.0

MUSIC257 Recording Studio 2 - Recording Studio 2 2.0

MUSIC284 Jazz Improv 1 - Jazz Improv 1 2.0

MUSIC287 Electronic Music Composition - Electronic Music Composition 2.0

MUSIC307 World Music - World Music 2.0

MUSIC351 Audio Applications 1 - Audio Applications 1 2.0

MUSIC352 Audio Applications 2 - Audio Applications 2 2.0

MUSIC355R Recording Workshop - Recording Workshop - - *You may take up to 2.0 credit hours* 1.0

MUSIC384 Jazz Improv 2 - Jazz Improv 2 2.0

MUSIC386 Songwriting 2 - Songwriting 2 - 2.0

MUSIC390R Music Production Seminar - Music Production Seminar - *You may take once* 1.0

MUSIC391 Jazz Keyboard - Jazz Keyboard 2.0

MUSIC394 Jazz Styles & Analysis - Jazz Styles & Analysis 2.0

MUSIC395 Music Analysis - Music Analysis 2.0

MUSIC468 Jazz Pedagogy - Jazz Pedagogy 1.0

MUSIC481 Orchestration 1 - Orchestration 1 3.0

MUSIC482 Choral Arranging - Choral Arranging 1.0

MUSIC483 Counterpoint - Counterpoint 3.0

MUSIC484 Media Orchestration - Media Orchestration 3.0

MUSIC485 Jazz Arranging - Jazz Arranging 3.0

MUSIC489 Film Scoring - Film Scoring 2.0

MUSIC495R Commercial Music Special Proj - Commercial Music Special Proj - *You may take up to 1.0 credit hours* 0.5v - 2.0v

PHSCS167 Desc Acoustics of Music & Spch - Desc Acoustics of Music & Spch 3.0

TMA102 Introduction to Film - Introduction to Film 3.0

TMA365 Sound Design - Sound Design 3.0

TMA384R Practicum: Cinematic Skills - Practicum: Cinematic Skills - *Post Audio Production - You may take up to 2 credit hours* 6.0v

TMA265 Sound Reinforcement - Sound Reinforcement 2.0

Note 1: Two credit hours of this requirement group may be satisfied by approved Category 1 and Category 2 ensembles for this degree.

Note 2: Courses used to fulfill Requirement Group 6.1.3 may not be used to fulfill other requirements.

Option 6.2 — Complete 5 Requirements

Performance track/ Jazz Track.

Requirement 6.2.1 — Complete 5 Courses

MUSIC186 Songwriting 1 - Songwriting 1 2.0

MUSIC251 Music Technology 1 - Music Technology 1 2.0

MUSIC256 Recording Studio 1 - Recording Studio 1 2.0

MUSIC284 Jazz Improv 1 - Jazz Improv 1 2.0

MUSIC286 Intro to Music Bus - Intro to Music Bus 2.0

Requirement 6.2.2 — Complete 4 hours

MUSIC360R Performance Instruction- Performance Instruction - *You may take 2 times* 0.5v

Requirement 6.2.3 — Complete 2 hours

In addition to the hours completed in Requirement 4 above, complete 2.0 hours from Category 1: Approved Large Ensembles or Category 2: Other Approved Ensembles.

Category 1: Approved Large Ensembles

MUSIC312R Men's Chorus - Men's Chorus - *You may take three times* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take three times* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take three times* 1.0

MUSIC315R University Singers - University Singers - *You may take three times* 1.0

MUSIC325R Symphonic Band - Symphonic Band - *You may take three times* 1.0

MUSIC326R Wind Symphony - Wind Symphony - *You may take three times* 1.0

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take three times* 1.0

MUSIC338R Philharmonic Orchestra - Philharmonic Orchestra - You may take three times 1.0

Category 2: Other Approved Ensembles

MUSIC316R Opera Workshop - Opera Workshop - *You may take two times* 1.0

MUSIC317R Opera Ensemble - Opera Ensemble - *You may take two times* 0.5v

MUSIC320R BYU Studio Orchestra - BYU Studio Orchestra - You may take two times 1.0

MUSIC323R Marching Band- Marching Band - *You may take two times* 1.0

MUSIC329R Folk Ensemble - Folk Ensemble - You may take two times 1.0

MUSIC330R Steel Band - Steel Band - *You may take two times* 1.0

MUSIC331R Jazz Combos - Jazz Combos - *You may take two times* 1.0

MUSIC333R Jazz Ensemble - Jazz Ensemble - *You may take two times* 1.0

MUSIC334R Synthesis - Synthesis - *You may take two times* 1.0

MUSIC335R Jazz Legacy Band- Jazz Legacy Band - *You may take two times* 1.0

MUSIC336R Balinese Gamelan - Balinese Gamelan - *You may take two times* 1.0

MUSIC339R Chamber Orchestra - Chamber Orchestra - *You may take two times* 1.0

MUSIC341R Brass Chamber Music - Brass Chamber Music - *You may take two times* 1.0

MUSIC342R Early Music Ensemble - Early Music Ensemble - *You may take two times* 1.0

MUSIC343R Guitar Ensemble - Guitar Ensemble - *You may take two times* 1.0

MUSIC344R Keyboard in Ensemble - Keyboard in Ensemble - *You may take two times* 1.0

MUSIC345R Percussion Ensemble - Percussion Ensemble - *You may take two times* 1.0

MUSIC346R String Chamber Music - String Chamber Music - *You may take two times* 1.0

MUSIC348R Woodwind Ensemble - Woodwind Chamber Music - *You may take two times* 1.0

MUSIC441R New Music Ensemble- New Music Ensemble - *You may take two times* 1.0

Requirement 6.2.4 — Complete 1 hour

MUSIC495R Commercial Music Special Proj - Commercial Music Special Proj - *You may take once* 0.5v - 2.0v

Requirement 6.2.5 — Complete 14 hours

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

MUSIC160R Performance Instruction - Performance Instruction - *Must be a secondary instrument. You may take up to 2.0 credit hours* 0.5v

MUSIC184 Improvisation - Improvisation 1.0

MUSIC187R Composition - Composition - *You may take up to 1 credit hour* 1.0

MUSIC220 Intro to Piano Technology - Intro to Piano Technology 2.0

MUSIC252 Music Technology 2 - Music Technology 2 2.0

MUSIC257 Recording Studio 2 - Recording Studio 2 2.0

MUSIC259 Psychology of Performance - Psychology of Performance 2.0

MUSIC287 Electronic Music Composition - Electronic Music Composition 2.0

MUSIC307 World Music - World Music 2.0

MUSIC384 Jazz Improv 2 - Jazz Improv 2 2.0

MUSIC385 Jazz Improv 3 - Jazz Improv 3 2.0

MUSIC386 Songwriting 2 - Songwriting 2 - *You may take once* 2.0

MUSIC391 Jazz Keyboard - Jazz Keyboard 2.0

MUSIC394 Jazz Styles & Analysis - Jazz Styles & Analysis 2.0

MUSIC395 Music Analysis - Music Analysis 2.0

MUSIC468 Jazz Pedagogy - Jazz Pedagogy 1.0

MUSIC481 Orchestration 1 - Orchestration 3.0

MUSIC482 Choral Arranging - Choral Arranging 1.0

MUSIC485 Jazz Arranging - Jazz Arranging 3.0

Note 1: Two credit hours of this requirement group may be satisfied by approved Category 1 and Category 2 ensembles for this degree.

Note 2: Courses used to fulfill Requirement Group 6.2.5 may not be used to fulfill other requirements.

Requirement 7 — Complete 1 Course

Complete a capstone project (Music 486) or present a juried recital (Music 349). Final requirement is decided in consultation with faculty advisor.

MUSIC349 Junior Recital - Junior Recital 0.0

MUSIC486 Commercial Music Capstone Proj - Commercial Music Capstone Proj 1.0

Recital: Enroll in Music 349 (0.0 credit hour) for the semester during which a recital is to be presented. Concurrent enrollment in appropriate performance instruction is required. A prerecital hearing is required at least three weeks before juried recitals. Contact the Music Scheduling Office for further information.

APPENDIX A: See Ensemble Requirement

Category 1: Approved Large Ensembles

MUSIC312R Men's Chorus - Men's Chorus - *You may take three times* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take three times* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take three times* 1.0

MUSIC315R University Singers - University Singers - *You may take three times* 1.0

MUSIC325R Symphonic Band - Symphonic Band - *You may take three times* 1.0

MUSIC326R Wind Symphony - Wind Symphony - *You may take three times* 1.0

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take three times* 1.0

MUSIC338R Philharmonic Orchestra - Philharmonic Orchestra - You may take three times 1.0

Category 2: Other Approved Ensembles

MUSIC316R Opera Workshop - Opera Workshop - *You may take two times* 1.0

MUSIC317R Opera Ensemble - Opera Ensemble - *You may take two times* 0.5v

MUSIC320R BYU Studio Orchestra - BYU Studio Orchestra - You may take two times 1.0

MUSIC323R Marching Band- Marching Band - *You may take two times* 1.0

MUSIC329R Folk Ensemble - Folk Ensemble - You may take two times 1.0

MUSIC330R Steel Band - Steel Band - *You may take two times* 1.0

MUSIC331R Jazz Combos - Jazz Combos - *You may take two times* 1.0

MUSIC333R Jazz Lab Band - Jazz Lab Band - *You may take 2 times* 1.0

MUSIC333R Vocal Jazz Ensemble - Vocal Jazz Ensemble - *You may take 2 times* 1.0

MUSIC334R Synthesis - Synthesis - *You may take two times* 1.0

MUSIC335R Jazz Legacy Band- Jazz Legacy Band - *You may take two times* 1.0

MUSIC336R Balinese Gamelan - Balinese Gamelan - *You may take two times* 1.0

MUSIC339R Chamber Orchestra - Chamber Orchestra - *You may take two times* 1.0

MUSIC341R Brass Chamber Music - Brass Chamber Music - *You may take two times* 1.0

MUSIC342R Early Music Ensemble - Early Music Ensemble - *You may take two times* 1.0

MUSIC343R Guitar Ensemble - Guitar Ensemble - *You may take two times* 1.0

MUSIC344R Keyboard in Ensemble - Keyboard in Ensemble - *You may take two times* 1.0

MUSIC345R Percussion Ensemble - Percussion Ensemble - *You may take two times* 1.0

MUSIC346R String Chamber Music - String Chamber Music - *You may take two times* 1.0

MUSIC348R Woodwind Ensemble - Woodwind Chamber Music - *You may take two times* 1.0

MUSIC441R New Music Ensemble- New Music Ensemble - *You may take two times* 1.0

Students who play guitar or piano as their principal instrument may also count participation in Music 320R - BYU Studio Orchestra, Music 333R: Jazz Ensemble or Music 334R: Synthesis toward their Category 1 Ensemble requirement.

Major Academic Plan
MAPS - BA in Media Arts Studies 2026-2027.docx

Learning Outcomes

Title
Critical Engagement

Learning Outcome
Students will generate new critical insights of core concepts, processes, history, and theory of film, and will evaluate and share those insights in the light of the restored gospel of Jesus Christ.

Title
Skill Development

Learning Outcome
Through the guidance of the Holy Spirit, students will create film projects that demonstrate a high level of technical skill in filmmaking, culminating in works of art that edify and light the world.

Title
Creative Voice

Learning Outcome
Students will articulate in written, oral, and visual forms, their unique personal voice that reflects their identity as children of God, children of the covenant, and disciples of Jesus Christ.

Title
Professional Collaboration

Learning Outcome
Students will create a covenant community rooted in belonging, mutual respect, and inclusion, thus preparing them to be more effective collaborators in their professional careers as they take the light of Christ into the world.

Program Requirements

Requirement 1 — Complete 2 Courses

Pre-Media Arts course: (Students must receive a grade of B or higher in TMA 102 and 187 to fill this requirement.)

TMA102 Introduction to Film - Introduction to Film 3.0

TMA187 Production Mgt: Beginning - Production Mgt: Beginning 3.0

Requirement 2 —Complete 3 Courses

Foundation courses:

TMA105 Using Basic Film Tools - Using Basic Film Tools - *You may take once* 1.0

TMA114 Reading&Cnstrctng Narratives - Reading&Cnstrctng Narratives 3.0

TMA185 Basic Film Production - Basic Film Production - *You may take once* 3.0

Requirement 3 —Complete 4 Courses

Film core courses:

TMA291 Film History 1 - Film History 1 - *You may take once*3.0

TMA292 Film History 2 - Film History 2 - *You may take once* 3.0

TMA293 Hist of Documntry&Nonfic Film - Hist of Documntry&Nonfic Film 3.0

TMA391 Intro to Film Theory - Intro to Film Theory - *You may take once* 3.0

Requirement 4 —Complete 3 Hours

Requirement 4 courses cannot overlap with Requirement 6.

Film Skills:

TMA241 Screenwriting 1 - Screenwriting 3.0

TMA273 Beg. Documentary Production - Beg. Documentary Production 0.0

TMA277 New Media Conceptualization - New Media Conceptualization 3.0

TMA285 Intermediate Film Production - Intermediate Film Production 3.0

TMA299R Academic Internship- Academic Internship 3.0

TMA399R Academic Internship- Academic Internship 3.0

Requirement 5 —Complete 1 of 6 Courses

Requirement 5 courses cannot overlap with Requirements 6.

Advanced critical studies courses:

TMA457 Media, Creativity & Education - Media, Creativity & Education 3.0

TMA477R Issues in Film - Issues in Film - *You may take once* 3.0

TMA492R Film Genres - Film Genres - *You may take up to 3.0 credit hours* 3.0

TMA494R Transcendence: Religion & Film - Transcendence: Religion & Film 3.0

TMA497R Motion Pic: Mirror of Times - Motion Pic: Mirror of Times - *You may take once* 3.0

TMA498R Special Topics in Film - Special Topics in Film - *You may take up to 3.0 credit hours* 3.0

Requirement 6 —Complete 20 hours

TMA123 Acting Fundamentals - Acting Fundamentals 2.0

TMA199R Academic Internship - Academic Internship - *You may take once* 0.5v

TMA215R Special Projects 1 - - *You may take up to 3.0 credit hours* 0.5v

TMA241 Screenwriting 1 - Screenwriting 1 3.0

TMA259 Princ of Design for Stg - Princ of Design for Stg & Scrn 3.0

TMA260R Theatre Production - Theatre Production - *You may take once* 1.0v

TMA265 Sound Reinforcement - Sound Reinforcement 2.0

TMA267 Principles of Makeup - Principles of Makeup 2.0

TMA273 Beg. Documentary Production - Beg. Documentary Production 0.0

TMA277 New Media Conceptualization - New Media Conceptualization 3.0

TMA285 Intermediate Film Production - Intermediate Film Production 3.0

TMA294 History of Animation - History of Animation 3.0

TMA299R Academic Internship - Academic Internship - *You may take once* 0.5v

TMA302R British Theatre Performance - British Theatre Performance 3.0

TMA303R Internatnl St Film & Culture - Internatnl St Film & Culture - *You may take up to 3.0 credit hours* 3.0

TMA315R Special Projects 2 - Special Projects 2 - *You may take up to 6.0 credit hours* 0.5v

TMA316R Theatre and Film Instruction - Theatre and Film Instruction - *You may take once* 0.0

TMA318 Approaches to Screen Directing - Approaches to Screen Directing 3.0

TMA321 Voice Over - Voice Over 2.0

TMA338 Acting for Film & TV - Acting for Film & TV 0.0

TMA341R Screenwriting 2 - Screenwriting 2 - *You may take up to 3.0 credit hours* 3.0

TMA342 Screenwriting 2: Writers Room - Screenwriting 2: Writers Room 3.0

TMA360R Theatre Production - Theatre Production - *You may take 3 times* 0.5v

TMA362 Costume Design - Costume Design 3.0

TMA363 Scenic Design - Scenic Design 3.0

TMA364 Lighting Design - Lighting Design 3.0

TMA365 Sound Design - Sound Design 3.0

TMA366R Production Topics - Production Topics - *You may take once* 1.0v

TMA367 Makeup Design - Makeup Design 3.0

TMA368 Scenic Art - Scenic Art 2.0

TMA369R Design Practicum - Design Practicum - - *You may take 3 times* 0.5v

TMA372R Film Crew - Film Crew - *You may take up to 8.0 credit hours* 0.5v

TMA373 Int. Documentary Production - Int. Documentary Production 3.0

TMA384R Practicum: Cinematic Skills - Practicum: Cinematic Skills - *You may take up to 8.0 credit hours* 1.0v

TMA392 Children's Media - Children's Media 3.0

TMA393R Non-Fiction Mentored Proj - Non-Fiction Mentored Proj - *You may take once* 0.5

TMA394 Interm. Nonfiction Production - Interm. Nonfiction Production 3.0

TMA399R Academic Internship - Academic Internship - *You may take once* 0.5v

TMA416R Teaching Assistant Credit - Teaching Assistant Credit - *You may take once* 1.0v

TMA418 Adv. Visual Storytelling - Adv. Visual Storytelling 4.0

TMA441R Screenwriting 3 - Screenwriting 3 - *You may take once* 3.0

TMA457 Media, Creativity & Education - Media, Creativity & Education 3.0

TMA462 History of Costume - History of Costume 3.0

TMA463 Production Design - Production Design 2.0

TMA467R Makeup for Media - Makeup for Media - *You may take once* 0.5v

TMA470R Adv. Film Production: Indie - Adv. Film Production: Indie- *You may take up to 6.0 credit hours* 0.5v

TMA473R Studio Adv Film Proj - Studio Adv Film Proj - *You may take up to 6.0 credit hours* 0.5v

TMA475R Adv. Film Production: Studio - AdvFilmProd-Fict:Prod. & Post - *You may take once* 0.5v

TMA477R Issues in Film - Issues in Film - *You may take up to 3.0 credit hours* 3.0

TMA479R Advanced Design - Advanced Design - *You may take once* 0.5v

TMA489R Production Leads - Production Leads - *You may take once* 0.5v

TMA492R Film Genres - Film Genres - *You may take up to 3.0 credit hours* 3.0

TMA494R Transcendence: Religion & Film - Transcendence: Religion & Film 3.0

TMA496R Academic Internship - Academic Internship - *You may take once* 0.5v

TMA497R Motion Pic: Mirror of Times - Motion Pic: Mirror of Times - *You may take once* 3.0

TMA498R Special Topics in Film - Special Topics in Film - *You may take up to 3.0 credit hours* 3.0

TMA515R Special Projects 3 - Special Projects 3 - *You may take up to 6.0 credit hours* 1.0v

TMA599R Academic Internship - Academic Internship - *You may take once* 1.0v

Note: Students are strongly encouraged to work with their mentor to identify a group of related courses (or minors) in other departments which will provide skills and post-graduate preparation.

Theatre Arts Studies (BA)

Major Academic Plan
MAPS - BA in Theatre Arts Studies 2025-2026.pdf

Learning Outcomes

Title
Critical Engagement

Learning Outcome
Students will generate critical insights of core concepts, processes, history, and theory of performance, and will evaluate and share those insights in the light of the restored gospel of Jesus Christ.

Title
Performance Practice

Learning Outcome
Through the guidance of the Holy Spirit, students will implement analytical, conceptual, and technical skills in a variety of performance practices, culminating in works of art that edify and light the world or that otherwise participate in preparing for Christ's Second Coming.

Title
Creative Voice

Learning Outcome
Students will articulate in written, oral, and visual forms, their unique personal voice that reflects their identity as children of God, children of the covenant, and disciples of Jesus Christ.

Title
Professional Collaboration

Learning Outcome
Students will contribute meaningfully to a covenant community rooted in belonging and mutual respect, thus preparing them to be more effective collaborators in their professional careers as they take the light of Christ into the world.

Program Requirements

Requirement 1 — Complete 3 Courses

Foundation courses:

TMA111 Performance Matters - Performance Matters 1.0

TMA115 Intro to Performance Studies - Intro to Performance Studies 3.0

TMA140 Script Analysis - Script Analysis 2.0

Requirement 2 —Complete 2 Requirements

Core courses:

Requirement 2.1 —Complete 5 Courses

TMA123 Acting Fundamentals - Acting Fundamentals 2.0

TMA201 Drama Perf: Antiq to Renais - Drama Perf: Antiq to Renais 3.0

TMA202 Drama Perf: Renais to Present - Drama Perf: Renais to Present 3.0

TMA236 Playmaking - Playmaking 3.0

TMA259 Princ of Design for Stg - Princ of Design for Stg 3.0

Requirement 2.2 —Complete 1 Course

TMA395 Dramatic Literature 1 - Dramatic Literature 1 3.0

TMA396 TMA 396 -Dramatic Literature 2 – Dramatic Literature 2 3.0

Requirement 3 —Complete 2 Requirements

Technical courses:

Requirement 3.1 – Complete 1 course

TMA260R Theatre Production – Theatre Production 1.0

Requirement 3.2 – Complete 2 courses

TMA256 Stage Management 1 - Stage Management 1 2.0

TMA262 Costume Construction - Costume Construction 3.0

TMA264 Theatre Lighting 1 – Theatre Lighting 1 2.0

TMA265 Sound Reinforcement - Sound Reinforcement 2.0

TMA266 Principles of Stage Craft – Principles of Stagecraft 2.0

TMA267 Principles of Makeup – Principles of Makeup 2.0

TMA368 Scenic Art – Scenic Art 2.0

TMA468R Specialty Costumes – Specialty Costume 2.0

Requirement 4 —Complete 1 of 2 Courses

Achievement courses:

TMA411 Future Performance - Future Performance 1.0

TMA460 Portfolio - Portfolio 2.0

Requirement 5 —Complete 16 hours

Electives: Complete 16 credit hours of upper-division course work IN CONSULTATION WITH THE FACULTY MENTOR. These individually tailored programs will allow the student maximum flexibility while guaranteeing quality control.

TMA302R British Theatre Performance - British Theatre Performance - *You may take once* 3.0

TMA303R Internatnl St Film & Culture - Internatnl St Film & Culture - *You may take once* 3.0

Theatre Education K-12 (BA)

Program Information

Minimum Credit Hours
82

Maximum Credit Hours
82

Major Academic Plan
MAPS - BA in Theatre Arts Education 2025-2026.pdf

Learning Outcomes

Title
Curriculum and Instruction

Learning Outcome
Students will demonstrate professional pedagogical practices by creating, teaching, and assessing gospel-centered, standards-based theatre curriculum.

Title
Dramatic Strategies

Learning Outcome
Students will apply gospel-centered values while using dramatic strategies to foster a sense of covenant belonging in arts-based educational environments.

Title
Scholarly Abilities

Learning Outcome
Students will generate new critical insights of core concepts, processes, history, and theory of film, and will evaluate and share those insights in the light of the restored gospel of Jesus Christ.

Title
Professional Practice

Learning Outcome
Students will demonstrate moral and ethical reasoning as inspired by the light of the restored gospel of Jesus Christ in addressing contextual dilemmas in university or public school classrooms.

Program Requirements
Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 175 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 2 Courses

Complete the following pre-theatre courses with a B grade or better:

TMA115 Intro to Performance Studies - Intro to Performance Studies 3.0

TMA140 Script Analysis- Script Analysis 2.0

Requirement 2 — Complete 1 Course

Complete the following and be admitted to the licensure program by application during TMA 276 (see the department office). NOTE: FBI fingerprint and background clearance must be completed before enrollment in TMA 276.

TMA276 Exploration of Teaching - Exploration of Teaching 4.0

Requirement 3 — Complete 2 Requirements

Theatre courses:

Requirement 3.1 — Complete 7 Courses

TMA122 Voice Prod Phonetics 1- Voice and Diction 2.0

TMA123 Acting Fundamentals - Acting Fundamentals 2.0

TMA201 Drama Perf: Antiq to Renais - Drama Perf: Antiq to Renais 3.0

TMA202 Drama Perf: Renais to Present - Drama Perf: Renais to Present 3.0

TMA336 Stage Directing 1: Princ&Prac - Directing Principles & Practices 3.0

Learning Outcomes

Title
Performance

Learning Outcome
Students will master competitive performance techniques and effective work habits and will consistently represent themselves as professional artists and disciples of Christ in audition, rehearsal, and performance situations.

Title
Historical and Social Impact of Theatre

Learning Outcome
Students will interpret the historical, social, and spiritual aspects of theatre—bathed in the light and color of the restored gospel—to expand their capacity for critical analysis, deepen their appreciation for communities of belonging, and cultivate insight that will inform their craft and their service.

Title
Personal Growth

Learning Outcome
Students will develop their BYU dual heritage by acquiring business skills, compiling personal resources to sustain a healthy self-image, and deepening faith in Christ to pursue individual creativity and innovation in their craft, endure the rigors of the entertainment industry, and live a lifetime of learning and service.

Program Requirements

This major is a limited enrollment program designed to prepare students to become professional artists and/or to pursue post-graduate degrees in the field. It is a highly competitive major; admission is by audition. Additionally, admitted students are required to meet progressively higher proficiency expectations each semester. If students do not meet proficiency expectations, they will be placed on program probation. Students placed on probation 3 times may be dismissed from the degree program. For further information on BFA Acting proficiency expectations and student standing, contact the BFA Acting Program Area Head or go to https://tma.byu.edu/programs/theatre-arts-programs/bachelor-of-fine-arts-in-acting/.

Requirement 1 —Complete 9 Courses

Core courses:

TMA102 Introduction to Film - Introduction to Film 3.0

TMA115 Intro to Performance Studies - Intro to Performance Studies 3.0

TMA140 Script Analysis - Script Analysis 2.0

TMA236 Playmaking - Playmaking 3.0

TMA201 Drama Perf: Antiq to Renais - Drama Perf: Antiq to Renais 3.0

TMA202 Drama Perf: Renais to Present - Drama Perf: Renais to Present 3.0

TMA260R Theatre Production - Theatre Production 2 - You may take once 1.0v

TMA267 Principles of Makeup - Principles of Makeup 2.0

TMA491 Theatre & The Gospel - Theatre & The Gospel 1.0

Requirement 2 —Complete 9 Courses

Acting courses:

MDT229 Musical Scene Study - Musical Scene Study 3.0

TMA128 Acting 1: BFA or Pre-BFA - Acting 1: BFA or Pre-BFA 3.0

TMA228 Acting 2 - Acting 2 3.0

TMA238 Acting Improvisation - Acting Improvisation 2.0

TMA328 Acting Classics - Acting Classics 0.0

TMA338 Acting for Film & TV - Acting for Film & TV 0.0

TMA410 Acting Capstone - Acting Capstone - You may take up to 3.0 credit hours 2.0v

TMA428 Acting Practicum - Acting Practicum 0.5v

TMA438 Auditions - Auditions 3.0

Requirement 3 —Complete 4 Courses

Voice courses:

TMA122 Voice Prod Phonetics 1 - Voice Prod Phonetics 1 2.0

TMA222 Voice Prod Phonetics 2 - Voice Prod Phonetics 2 2.0

TMA322 Classical Voice - Classical Voice 2.0

TMA422 Dialects - Dialects 2.0

Learning Outcomes

Title
Concepts and Processes

Learning Outcome
Students will develop a fundamental understanding of concepts processes and criticism of visual art.

Title
Skill and Aesthetic Development

Learning Outcome
Students will develop their skills in traditional and contemporary art making and cultivate a sensitivity to the aesthetics of visual art.

Title
Career Development

Learning Outcome
Students will develop creative thinking and problem solving skills that will be beneficial in multiple career opportunities.

Program Requirements

Requirement 1 — Complete 1 Course

ART101 Intro to Art and Drawing - Intro to Art and Drawing 3.0

Note: Courses listed as majors-only (ART 210, 215, 216, 217, 225, and 260) will have a temporary registration period 3-4 weeks prior to the beginning of Fall and Winter semesters, during which minors will be able to add these courses to their schedule. Minors who miss this registration period will need to seek a Permission-to-add code from the instructor on the first day of class.

Requirement 2 — Complete 3 hours

ART104 Intro to Sculpture - Non-Major - Intro to Sculpture - Non-Major 3.0

ART105 Intro to Ceramics - Non-Majors - Intro to Ceramics - Non-Majors 3.0

ART216 Ceramics Fundamentals - Ceramics Fundamentals 1.5

ART217 Sculpture Fundamentals - Sculpture Fundamentals 1.5

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 3 Courses

Core courses:

Arts in the K-6 Classroom (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
17

Program Requirements

This minor is designed to fulfill requirements necessary for the Utah State Board of Education Arts Integration Endorsement. This minor includes coursework spanning multiple art forms and pedagogies, additional coursework in an area of artistic focus, and coursework related to the integration of arts into the classroom. Successful completion of this minor will prepare students to integrate dance, drama, music, and visual art into other areas of core curriculum taught in elementary classrooms. This minor does not indicate subject area specialization in the arts or qualification for teaching arts courses per se, but rather reflects training in the application of arts-based pedagogies and methodologies to the teaching of other core elementary classroom curricula.

Students completing this minor, along with another education degree pursuant to state educator licensure, should verify with the advisement center in the College of Education that the submission materials for their licensure include their application for Arts Integration endorsement.

Requirement 1 — Complete 1 Course

Arts Integration and Assessment

FNART226 Arts Integration - Arts Integration 2.0

ARTED326 Art for Elementary Teachers - Art for Elementary Teachers 3.0

DANCE326 Dance for Elementary Classroom - Dance for Elementary Classroom 2.0

MUSIC378 Mu Elem Clsrm Tchr - Mu Elem Clsrm Tchr 2.0

TMA352 Drama in the Elem Classroom - Drama in the Elem Classroom 2.0

Requirement 3 — Complete 1 of 4 Options

Option 3.1 — 2 of 6 Courses

ART

ART101 Intro to Art and Drawing - Intro to Art and Drawing 3.0

ART104 Intro to Sculpture - Non-Major - Intro to Sculpture - Non-Major 3.0

ART105 Intro to Ceramics - Non-Majors - Intro to Ceramics - Non-Majors 3.0

ART110 Painting for Non-Majors - Painting for Non-Majors 3.0

ART122 Printmaking for Non-Majors - Printmaking for Non-Majors 3.0

ARTED397 Issues in Contemporary Art - Issues in Contemporary Art 3.0

Option 3.2 — Complete 2 Requirements

DANCE

Requirement 3.2.1 — Complete 2 hours

Movement

DANCE240R Contemp Mdrn, Tech & Theory 1 - Contemp Mdrn, Tech & Theory 1 - *You may take once* 1.0

DANCE243R Std Workshop Cont Mdrn Dance - Std Workshop Cont Mdrn Dance - *You may take once* 2.5

DANCE245 Foundational Street Dance - Foundational Street Dance 1.0

DANCE270 Cultural Dance Technique 1 - Cultural Dance Technique 1 1.0

Requirement 3.2.2 — Complete 2 hours

Pedagogy, Theory, and Creativity

DANCE244R Beginning Creative Processes - Std Wrkshp Improv & Choreog - *You may take once* 1.0

DANCE276R Exploration of Teaching - Exploration of Teaching - *You may take once* 3.0

DANCE345 Accelerated Street Dance - Accelerated Street Dance 1.5

DANCE346 Dance and Diaspora - DANCE DIASPORA 3.0

DANCE348R Kinnect - Kinnect - *You may take once* 1.0v

DANCE376 Mthds of Tchg Cultural Dance - Mthds of Tchg World Dance 2.0

Option 3.3 — Complete 4 hours

MUSIC

Option 3.3.1 — Complete at least 3 hours up to 4 hours

MUSIC100 Music Fundamentals - Music Fundamentals 2.0

MUSIC101 Introduction to Music - Introduction to Music 3.0

MUSIC160R Performance Instruction - Performance Instruction - *You may take once* 0.5v

MUSIC201 Civilization: Music 1 - Civilization: Music 1 3.0

MUSIC202 Civilization: Music 2 - Civilization: Music 2 3.0

MUSIC203 World Music Cultures - World Music Cultures 3.0

MUSIC204 Introduction to Jazz - Introduction to Jazz 3.0

Note: Upper-division private instruction may also partially fulfill this requirement; no more than 2 total credits of private instruction may count toward this option.

Option 3.3.2 — Complete up to 1 hour

No more than 1 credit of performance ensemble may count toward this requirement.

MUSIC311R University Chorale - University Chorale - *You may take once* 1.0

MUSIC312R Men's Chorus - Men's Chorus - *You may take once* 1.0

MUSIC313R Women's Chorus - Women's Chorus - *You may take once* 1.0

MUSIC314R Concert Choir - Concert Choir - *You may take once* 1.0

MUSIC315R University Singers - University Singers - *You may take once* 1.0

MUSIC316R Opera Workshop - Opera Workshop - *You may take once* 1.0

MUSIC317R Opera Ensemble - Opera Ensemble - *You may take once* 0.5v

MUSIC321R University String Orchestra - University Orchestra - *You may take once* 1.0

MUSIC322R University Band - University Band - *You may take once* 1.0

MUSIC323R Marching Band - Marching Band - *You may take once* 1.0

MUSIC324R Cougar Band - Cougar Band - *You may take once* 1.0

MUSIC325R Symphonic Band - Symphonic Band - *You may take once* 1.0

MUSIC326R Wind Symphony - Wind Symphony - *You may take once* 1.0

MUSIC329R Folk Ensemble - Folk Ensemble - *You may take once* 1.0

MUSIC330R Steel Band - Steel Band - *You may take once* 1.0

MUSIC331R Jazz Combos - Jazz Combos - *You may take once* 1.0

MUSIC332R YA Show Band - YA Show Band - *You may take once* 1.0

MUSIC333R Jazz Ensemble - Jazz Ensemble - *You may take once* 1.0

MUSIC334R Synthesis - Synthesis - *You may take once* 1.0

MUSIC335R Jazz Legacy Band - Jazz Legacy Band - *You may take once* 1.0

MUSIC336R Balinese Gamelan - Balinese Gamelan - *You may take once* 1.0

MUSIC337R Symphony Orchestra - Symphony Orchestra - *You may take once* 1.0

MUSIC338R Philharmonic Orchestra - Philharmonic Orchestra - *You may take once* 1.0

MUSIC339R Chamber Orchestra - Chamber Orchestra - *You may take once* 1.0

MUSIC340R Harp Ensemble - Harp Ensemble - *You may take once* 1.0

MUSIC341R Brass Chamber Music - Brass Chamber Musc - *You may take once* 1.0

MUSIC342R Early Music Ensemble - Early Music Ensemble - *You may take once* 1.0

MUSIC343R Guitar Ensemble - Guitar Ensemble - *You may take once* 1.0

MUSIC345R Percussion Ensemble - Percussion Ensemble - *You may take once* 1.0

MUSIC346R String Chamber Music - String Chamber Music - *You may take once* 1.0

MUSIC348R Woodwind Chamber Music - Woodwind Chamber M - *You may take once* 1.0

MUSIC441R New Music Ensemble - New Music Ensemble - *You may take once* 1.0

Option 3.5 — Complete 4 hours

THEATRE ARTS AND FILM

TMA115 Intro to Performance Studies - Intro to Performance Studies 3.0

TMA121 Voice & Diction - Voice & Diction 2.0

TMA123 Acting Fundamentals - Acting Fundamentals 2.0

TMA140 Script Analysis - Script Analysis 2.0

TMA251 Playwriting 1 - Playwriting 1 3.0

TMA252 Puppetry - Puppetry 2.0

TMA257 Storytelling - Storytelling 2.0

TMA266 Principles of Stage Craft - Principles of Stage Craft 2.0

TMA267 Principles of Makeup - Principles of Makeup 2.0

Art Education K-12 (BA) *

Program Information

Minimum Credit Hours
80

Maximum Credit Hours
80

Major Academic Plan
MAPS - BA in Art Education K-12 2026-2027.docx

Learning Outcomes

Title
Community, Research, Lifelong Learning, and Service

Learning Outcome
Students will actively engage in communities of learning through collaborative inquiry, research, and service.

Title
Curriculum Theory

Learning Outcome
Students will construct curricula and other professional materials that reflect current practices and theories in art and education.

Title
Studio Practice

Learning Outcome
Students will develop a studio practice that connects to their identity as an art educator and that includes the breadth of media and skills required of art educators in schools.

Title
Teaching Experience

Learning Outcome
Students will demonstrate sound teaching practices in a variety of contexts.

Title
Professional Licensure

Learning Outcome
Students will fulfill all professional licensure requirements and standards as required by the Art Education Program the McKay School of Education and University Standards for Educational Preparation Programs.

Title
Spiritual Dimension of Art Education

Learning Outcome
Students will demonstrate their ability to consider complex questions and personal responsibilities associated with art and education in the light of gospel principles.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 3 Courses

Core courses:

ART102 Intro to Art 2D - Intro to Art 2D 3.0

ART133 Intro to Art 3D - Intro to Art 3D 3.0

ART 226 - Ways of Being an Artist 3.0

Requirement 2 — Complete 3 hours

Note: FBI fingerprint and background clearance must be completed before enrolling in ARTED 276.

ARTED276 Intro to K-12 Art & Design Ed - Intro K-12 Art & Design Mthds 3.0

Obtain acceptance into the Art Education K-12 BA program.

Requirement 3 — Complete 3 of 4 Courses

First-year foundation courses:

ART210 New Genre Interdisciplinary - New Genre Interdisciplinary 3.0

ART215 Painting Fundamentals - Painting Fundamentals 3.0

ART220 Intro to Drawing & Fig Drawing - Intro to Drawing & Fig Drawing 3.0

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

Requirement 4 — Complete 3 Courses

Second-year foundation courses:

ART216 Ceramics Fundamentals - Ceramics Fundamentals 1.5

ART217 Sculpture Fundamentals - Sculpture Fundamentals 1.5

ART260 Photo Fundamentals - Photo Fundamentals 1.5

Requirement 5 — Complete 6 hours

ART310 Installation - Installation 3.0

ART321 Drawing - Drawing 3.0

ART327 Painting - Painting 3.0

ART328R Figure Drawing and Painting - Figure Drawing and Painting - *You may take once* 3.0

ART330 Adv. Bookbinding - Adv. Bookbinding 3.0

ART333 Painting : Aqueous Media - Painting : Aqueous Media 3.0

ART334 Painting: Materials & Methods - Painting: Materials & Methods 3.0

ART349 Adv. Pmk: Book, Ltrprs, Relief - Adv. Pmk: Book, Ltrprs, Relief 3.0

ART350 Adv Pmk: Intaglio & Monotype - Adv Pmk: Intaglio & Monotype 3.0

ART351 Adv Pmk: Lithography - Adv Pmk: Lithography 3.0

ART353 Time-Based Art - Time-Based Art 3.0

ART355 Interdisciplinary Projects - Interdisciplinary Projects 3.0

ART356R Figure Sculpture - Figure Sculpture - *You may take once* 3.0

ART357 Digital 3D - Digital 3D 3.0

ART358 Sculpture - Sculpture 3.0

ART359R Ceramics - Ceramics - *You may take once* 3.0

ART360 Advanced Photography - Advanced Photography 3.0

ART394R Special Problems in Art - Special Problems in Art - *You may take once* 0.5v

ART480R Advanced Studio - Advanced Studio - *You may take once* 1.0v

Requirement 6 — Complete 2 Courses

Advanced ARTED studio courses:

ARTED339 Computer Application in Art Ed - Computer Application in Art Ed 3.0

ARTED450 Adv Sec Stu Tchg Mthds Art Ed - Adv Sec Stu Tchg Mthds Art Ed 3.0

Requirement 7 — Complete 1 of 4 Courses

ART320 20th Century Art & Theory - 20th Century Art & Theory 3.0

ART326 Current Art Practice - Current Art Practice 3.0

ART340 Business Practices for Artists - Business Practices for Artists 3.0

ART 341 - Gallery Practices for Artists 3.0

ARTED380 Museum Art Education - Museum Art Education 3.0

Requirement 8 — Complete 4 Courses

ARTED 326 - Art for Elementary Teachers 3.0

ARTED378 K-12 ClssrmMgmt,3D Mthds&Pract - K-12 ClssrmMgmt,3D Mthds&Pract 3.0

ARTED397 Issues in Contemporary Art - Issues in Contemporary Art 3.0

ARTED478 Art Curr,Assessmnt,Mthds K-12 - Art Curr,Assessmnt,Mthds K-12 3.0

Requirement 9 — Complete 1 hour

Complete 1 credit hour of Art 395R (2 registrations):

ART395R Studio Seminar - Studio Seminar - *You may take 2 times* 0.5

Requirement 10 — Complete 5 Courses

Additional licensure requirements:

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

SC ED350 Adolescent Development - Adolescent Development 2.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

Complete an interview with advisor.

Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

Requirement 11 — Complete 12 hours

ARTED476R Art Education Student Teaching - Art Education Student Teaching - *You may take up to 12.0 credit hours* 1.0v

ARTED496R Art Education Internship - Art Education Internship - *You may take up to 12.0 credit hours* 12.0

Student teachers/interns are required to complete the PPAT assessment, administered by Educational Testing Services as a licensure requirement.

Art History & Curatorial Studies (BA)

Program Information

Minimum Credit Hours
42

Maximum Credit Hours
68

Major Academic Plan
MAPS - BA in Art History and Curatorial Studies 2026-2027.docx

Learning Outcomes

Title
Art History in the Western World

Learning Outcome
Students will acquire a solid foundation in the discipline of art history of the Western world.

Title
Critical Thinking & Research Skills

Learning Outcome
Students will develop advanced art historical analytical and research skills.

Title
Effective Writing

Learning Outcome
Students will write engaging and sophisticated art historical research papers that demonstrate original thought. This is an area to which we would like to direct our focus because we desperately need to cultivate better writers in our area.

Title
Effective Communication and Presentation

Learning Outcome
Students will demonstrate their ability to effectively present their ideas through verbal expression. One of the casualities of Covid was student presentations in person. We hope that this changes soon.

Title
Cultural and Professional Experience

Learning Outcome
Students will visit and experience important works of art, as well as the institutions and/or professional venues where art history is practiced.

Program Requirements

Requirement 1 — Complete 5 Courses

ART200 Studio Tech for Art History - Studio Tech for Art History 3.0

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

ARTHC300 Theory & Methodology - Theory & Methodology 3.0

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

Requirement 2 — Complete 1 of 2 Courses

Ancient art:

ARTHC304 Greek Art - Greek Art 3.0

ARTHC306 Roman Art - Roman Art 3.0

Requirement 3 — Complete 1 of 2 Courses

Medieval art:

ARTHC310 Early Christian&Byzantine Art - Early Christian&Byzantine Art 3.0

ARTHC316 Art of the Medieval West - Art of the Medieval West 3.0

Requirement 4 — Complete 1 of 2 Courses

Renaissance art:

ARTHC320 Italian Renaissance - Italian Renaissance 3.0

ARTHC325 Northern Renaissance - Northern Renaissance 3.0

Requirement 5 — Complete 1 of 2 Courses

Baroque art:

ARTHC330 Southern Baroque Art - Southern Baroque Art 3.0

ARTHC335 Northern Baroque Art - Northern Baroque Art 3.0

Requirement 6 — Complete 1 of 4 Courses

Nineteenth-century art:

ARTHC337 18th-Century European Art - 18th-Century European Art 3.0

ARTHC340 19th C Europe Art - 19th C Europe Art 3.0

ARTHC345 American Art to 1876 - American Art to 1876 3.0

ARTHC365 Amer Architecture - Amer Architecture 3.0

Requirement 7 — Complete 1 of 5 Courses

Modern art:

ARTHC350 Modern Art - Modern Art 3.0

ARTHC353 American Art 1876-1950 - American Art 1876-1950 3.0

ARTHC355 Contemporary Art - Contemporary Art 3.0

ARTHC367 Modern Architectur - Modern Architectur 3.0

ARTHC379 History of Photography - History of Photography 3.0

Requirement 8 — Complete 1 of 3 Courses

Non-Western art:

ARTHC380 Northern Mesoamerican Art - Northern Mesoamerican Art 3.0

ARTHC382 Southern Mesoamerican Art - Southern Mesoamerican Art 3.0

JAPAN345 Japanese Culture - Japanese Culture 3.0

Requirement 9 — Complete 1 of 14 Courses

Language requirement:

FREN201 Intermediate French, Part 1 - Intermediate French, Part 1 4.0

FREN315 Focused French Readings - Focused French Readings 3.0

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

GERM201 2nd Yr German - 2nd Yr German 4.0

GERM345R Field Studies in German - Field Studies in German - *You may take once* 1.0v

GERM595R German for Reading - German for Reading - *You may take once* 3.0

ITAL201 Intermediate Italian 1 - Intermediate Italian 1 4.0

ITAL315 Focused Readings in Italian - ITAL 315 3.0

ITAL321 Advanced Language Part 1 - Advanced Language Part 1 PORT 201 - Third-Semester Portuguese 4.0

PORT321 3rd-Yr Port Read, Gram, & Cult - 3rd-Yr Port Read, Gram, & Cult 3.0

RUSS201 2nd-Yr Russian, Part 1 - 2nd-Yr Russian, Part 1 5.0

SPAN205 University Spanish 3 - University Spanish 3 4.0

SPAN321 3rd-Yr Span Read, Gram, & Cult - 3rd-Yr Span Read, Gram, & Cult 3.0

Requirement 10 — Complete 1 of 2 Options

Complete one of the following tracks:

Option 10.1 — Complete 2 Requirements

Academic Track:

Requirement 10.1.1 — Complete 3 hours

Complete three hours from one of the following capstone courses:

ARTHC498 Senior Thesis/Capstone Exper - Senior Thesis/Capstone Exper 3.0

ARTHC 499R - Honors Thesis - *You may take once* - This course is no longer available for *registration and will count only if you completed it while it was offered. Please see your college advisement center for possible substitutions.* 0.5v

Requirement 10.1.2 — Complete 4 of 25 Courses

Complete four courses from any of the following upper-division core courses not already taken:

ARTHC301 Women in Art - Women in Art 3.0

ARTHC304 Greek Art - Greek Art 3.0

ARTHC306 Roman Art - Roman Art 3.0

ARTHC310 Early Christian&Byzantine Art - Early Christian&Byzantine Art 3.0

ARTHC316 Art of the Medieval West - Art of the Medieval West 3.0

ARTHC320 Italian Renaissance - Italian Renaissance 3.0

ARTHC325 Northern Renaissance - Northern Renaissance 3.0

ARTHC329 Ren & Baroque Arch - Ren & Baroque Arch 3.0

ARTHC330 Southern Baroque Art - Southern Baroque Art 3.0

ARTHC335 Northern Baroque Art - Northern Baroque Art 3.0

ARTHC340 19th C Europe Art - 19th C Europe Art 3.0

ARTHC345 American Art to 1876 - American Art to 1876 3.0

ARTHC350 Modern Art - Modern Art 3.0

ARTHC353 American Art 1876-1950 - American Art 1876-1950 3.0

ARTHC355 Contemporary Art - Contemporary Art 3.0

ARTHC360 Intro Mus Cur/Stds - Intro Mus Cur/Stds 3.0

ARTHC365 Amer Architecture - Amer Architecture 3.0

ARTHC367 Modern Architectur - Modern Architectur 3.0

ARTHC375 Japanese Art & Architecture - Japanese Art & Architecture 3.0

ARTHC379 History of Photography - History of Photography 3.0

ARTHC380 Northern Mesoamerican Art - Northern Mesoamerican Art 3.0

ARTHC382 Southern Mesoamerican Art - Southern Mesoamerican Art 3.0

ARTHC490R Spec Top Read Arth - Spec Top Read Arth - *You may take 2 times* 1.0v

ARTHC492R Special Studies on Site - Special Studies on Site - *You may take 2 times* 1.0v

ARTHC496R Off-Campus Internship - Off-Campus Internship - *You may take once* 3.0

Option 10.2 — Complete 4 Requirements

Professional Track:

Requirement 10.2.1 — Complete 1 Course

Complete the following capstone course:

ARTHC497 Art History Business Capstone - Art History Business Capstone 3.0

Requirement 10.2.2 — Complete 1 of 2 Courses

Complete one of the following courses:

FIN201 Principles of Finance - Principles of Finance 3.0

MSB250 Financial Management - Financial Management 3.0

Requirement 10.2.3 — Complete 2 Courses

Complete the following two courses:

ACC200 Principles of Accounting - Principles of Accounting 3.0

MKTG201 Marketing Management - Marketing Management 3.0

Requirement 10.2.4 — Complete 3 hours

Complete one course from any of the upper-division core courses not already taken:

ARTHC301 Women in Art - Women in Art 3.0

ARTHC304 Greek Art - Greek Art 3.0

ARTHC306 Roman Art - Roman Art 3.0

ARTHC310 Early Christian&Byzantine Art - Early Christian&Byzantine Art 3.0

ARTHC316 Art of the Medieval West - Art of the Medieval West 3.0

ARTHC320 Italian Renaissance - Italian Renaissance 3.0

ARTHC325 Northern Renaissance - Northern Renaissance 3.0

ARTHC329 Ren & Baroque Arch - Ren & Baroque Arch 3.0

ARTHC330 Southern Baroque Art - Southern Baroque Art 3.0

ARTHC335 Northern Baroque Art - Northern Baroque Art 3.0

ARTHC340 19th C Europe Art - 19th C Europe Art 3.0

ARTHC345 American Art to 1876 - American Art to 1876 3.0

ARTHC350 Modern Art - Modern Art 3.0

ARTHC353 American Art 1876-1950 - American Art 1876-1950 3.0

ARTHC355 Contemporary Art - Contemporary Art 3.0

ARTHC360 Intro Mus Cur/Stds - Intro Mus Cur/Stds 3.0

ARTHC365 Amer Architecture - Amer Architecture 3.0

Major Academic Plan
MAPS - BFA in Graphic Design 2026-2027.docx

Learning Outcomes

Title
1. Design with purpose and impact.

Learning Outcome
Students will be able to conceive and produce visual communication that informs, inspires, and uplifts, integrating form, function, and meaning to address human needs and promote positive cultural change.

Title
2. Think critically and create conceptually.

Learning Outcome
Students will be able to analyze complex problems, generate innovative solutions, and express a distinctive personal and moral voice in their work by applying design thinking, research, and visual strategy.

Title
3. Communicate effectively across media.

Learning Outcome
Students will be able to adapt design solutions across print, digital, interactive, and emerging media with clarity and creativity while demonstrating fluency in typography, composition, and visual hierarchy.

Title
4. Engage design within historical, cultural, and gospel contexts.

Learning Outcome
Students will be able to evaluate design in its historical and social dimensions, recognize its influence on culture and belief, and align their creative practice with gospel principles that promote truth and goodness.

Title
5. Practice design ethically and sustainably.

Learning Outcome
Students will be able to choose and implement design methods that are ethical, sustainable, and socially responsible, anticipating the economic, environmental, spiritual, and cultural consequences of their decisions.

Title
6. Become reflective, resilient, and service-oriented designers.

Learning Outcome
Students will become lifelong learners who collaborate effectively, communicate professionally, and approach design as a form of discipleship, using their talents to serve, teach, and elevate others.

Program Requirements

The Graphic Design BFA program is a limited enrollment program requiring department admissions approval. Interested students should declare their pre-major intent, complete DESGD 145 and submit an online portfolio of their work. Pre-major application deadlines are at the end of Fall semester, Winter semester, and Spring term.

Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.

Requirement 1 —Complete 1 Course

Prerequisite Course:

DESGD145 Design 1 - Design 1 3.0

Apply for pre-BFA status via portfolio review.

Requirement 2 —Complete 3 Courses

Foundational Courses:

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

DESGD260 Interface & Usability - Interface & Usability 3.0

Apply to the Graphic Design BFA program via portfolio review. After admission to the major, complete the following:

Requirement 3 —Complete 10 Courses

After admission to the major, complete the following:

Graphic Design Core:

DES280 Motion Concepts - Motion Concepts 3.0

DESGD340 Branding 1 - Branding 1 3.0

DESGD341 3-Dimensional Design - 3-Dimensional Design 3.0

DESGD343 Typography 2 - Typography 2 3.0

DESGD362 Interactive Typographic Sys - Interactive Typographic Sys 3.0

DESGD380 Motion Design - Motion Design 3.0

DESGD411R Graphic Design Field Study - Graphic Design Field Study 0.5

DESGD440 Branding 2 - Branding 2 3.0

DESGD441R Design Lab - Design Lab - *You may take once* 3.0

DESGD442 Portfolio - Portfolio 3.0

Requirement 4 —Complete 9 hours

Elective Courses:

ANTHR442 Ethnographic Research Design - Ethnographic Research Design 3.0

DES383 Analog Motion - Analog Motion 3.0

DES394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 3.0

DES480 3D Motion - 3D Motion 2 3.0

DESGD248R Letterpress Studio - Letterpress Studio - *You may take once* 3.0

DESGD394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 3.0v

DESGD460 Adv Interaction Design - Adv Interaction Design 3.0

DESGD491R Collab Des: Brand & Strategy - Collab Des: Brand & Strategy - *You may take once* 3.0

History & Critical Studies Courses:

Requirement 5 —Complete the following course twice:

DES311R Design Lecture Series - Design Lecture Series - *You may take 2 times* 0.5

Requirement 6 —Complete 4 Courses

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

DES390 Design Theory - Design Theory 3.0

DESGD349 History of Graphic Desgn - History of Graphic Design 3.0

Requirement 7 — Complete 1 of 2 Options

Option 7.1 — Complete 2 Courses

DESGD490 BFA Capstone Project: Research - BFA Capstone Project: Research 3.0

DESGD497 Project Implementation - Project Implementation 3.0

Option 7.2 — Complete 2 Courses

DESGD492 Collab. UX Design: Research - Collab. UX Design: Research 3.0

DESPX497R Product Design Capstone - Product Design Capstone - *You may take once* 3.0

Career & Business Courses:

Requirement 8 —Complete 1 Course

DESGD488 Studio Practices for Designers - Studio Practices for Designers 2.0

Requirement 9 —Complete 1 hour

DES496R Academic Internship - Academic Internship - *You may take once* 6.0v

Requirement 10 —Complete 1 of 5 Courses

COMMS230 Intro Creative Advertising - Intro Creative Advertising 3.0

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

ENT 434R - New Venture LaunchPad - *You may take once* 3.0

MKTG201 Marketing Management - Marketing Management 3.0

STDEV317 Job Search Strategies - Career Strategies 2.0

Learning Outcomes

Title
Creativity + Conceptual Innovation

Learning Outcome
Students will be able to creatively solve visual problems through conceptually innovative illustration that integrates both symbolic and literal image-making strategies.

Title
Artistic Voice + Expression

Learning Outcome
Students will be able to develop and communicate a mature artistic voice, synthesizing elements of style to produce work that reflects originality, critical engagement, and awareness to of a range of ethical and conceptual perspectives.

Title
Media + Technology

Learning Outcome
Students will be able to demonstrate proficient and intentional mastery in a variety of illustration mediums, applying technical skills to articulate complex visual ideas with nuance and expressive depth.

Title
Mentorship + Collaboration

Learning Outcome
Students will be able to participate in mentored and collaborative relationships, incorporating critical feedback and spiritual reflection that builds an environment of creative support.

Title
Professionalism + Business Strategy

Learning Outcome
Students will be able to apply professional and artistic business strategies in support of their illustration practice, demonstrating the ability to manage creative projects and navigate client relationships to position their work for success in the contemporary illustration industry.

Title
Spiritual + Ethical Practice

Learning Outcome
Students will be able to develop and execute illustrations that embody spiritually uplifting themes, employing thoughtful creative practices that engage and reflect socially responsible perspectives within classroom environments.

Title
Written Expression + Historical Context

Learning Outcome
Students will be able to critically articulate an understanding of the historical development of illustration, analyzing its origins and evaluating its evolving relationship to written communication and narrative expression through the lens of relevant art-historical and visual-culture theories.

Title
Adaptive Thinking

Learning Outcome
Students will be able to respond and adapt to emerging illustration technologies, demonstrating flexible, forward-thinking approaches to artistic expression that responds to an evolving creative industry.

Program Requirements

The Illustration BFA program is a limited enrollment program requiring department admissions approval. Interested students should declare their pre-major intent, complete DESIL101 and submit an online portfolio of their work to obtain pre-BFA status. Pre-BFA status application deadlines are at the end of Fall semester, Winter semester, and Spring term. Successful applicants will go on to complete foundational courses before applying for admissions to the Illustration BFA major.

Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.

Requirement 1 —Complete 1 Course

Prerequisite Course:

DESIL101 Drawing & Composition - Drawing & Composition 3.0

Apply for pre-BFA status via portfolio review.

Requirement 2 —Complete 3 Courses

Foundational Courses:

DES150 Intro to Life Drawing - Intro to Life Drawing 3.0

DESIL130 Illustration Fundamentals - Illustration Fundamentals 3.0

DESIL140 Intro to Digital Illustration - Intro to Digital Illustration 2.0

Apply to the Illustration BFA program.

Requirement 3 —Complete 9 Courses

After admission to the major, complete the following:

DES280 Motion Concepts - Motion Concepts 3.0

DESIL230 Painting Fundamentals - Painting Fundamentals 3.0

DESIL240 Intermed. Digital Illustration - Intermed. Digital Illustration 3.0

DESIL243 Typography 1 - Typography 3.0

DESIL250 Intermediate Life Drawing - Intermediate Life Drawing 3.0

DESIL263 Narrative Illustration - Narrative Illustration 3.0

DESIL330 Message + Meaning- Message + Meaning 3.0

DESIL350 Adv. Life Drawing - Adv. Life Drawing 3.0

DESIL352 Environment Design - Environment Design 3.0

Requirement 4 —Complete the following course twice

DES311R Design Lecture Series - Design Lecture Series 0.5

History & Critical Studies Courses:

Requirement 5 —Complete 4 Courses

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

DES390 Design Theory - Design Theory 3.0

DESIL354 Survey of Illustration History - Survey of Illustration History 3.0

Requirement 6 —Complete 4 Courses

DESIL451 Senior Illustration Studio - Senior Illustration Studio 1 3.0

DESIL488 Prof Practices for Illustrator - Prof Practices for Illustrator 2.0

DESIL490 ILL Capstone Project: Research - ILL Capstone Project: Research 2.0

DESIL497 Capstone Project: Implem. - Capstone Project: Implem. 2.0

Requirement 7 —Complete 12 hours

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

ART328R Figure Drawing and Painting - Figure Drawing and Painting - *You may take once* 3.0

ART356R Figure Sculpture - Figure Sculpture - *You may take once* 3.0

CSANM340 Game Design - Game Design 2.0

DES394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 3.0

DES383 Analog Motion - Analog Motion 3.0

DES480 3D Motion - 3D Motion 3.0

DES496R Academic Internship - Academic Internship - *You may take up to 6.0 credit hours* 6.0v

DESAN260 Basic Storyboarding - Basic Storyboarding 3.0

DESGD245 Design 2 - Design 2 3.0

DESIL340 3D Digital Illustration - 3D Digital Illustration 3.0

DESIL357 Sketchbook - Sketchbook 3.0

DESIL358 Character Design - Character Design 3.0

DESIL394R Special Topics - Special Topics - *You may take up to 6.0 credit hours* 3.0

DESIL450 Painting the Human Head - Painting the Human Head 3.0

DESIL457R Concept Design - Concept Design - *You may take up to 3.0 credit hours* 1.5

DESIL498R Directed Studies in Illustratn - Directed Studies in Illustratn - *You may take once* 1.0v

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

MKTG201 Marketing Management - Marketing Management 3.0

STDEV317 Job Search Strategies - Career Strategies 2.0

Photo- & Lens- Based Design (BFA) *

Program Information

Minimum Credit Hours
71

Maximum Credit Hours
72

Major Academic Plan
MAPS - BFA in Photo-& Lens-Based Design 2026-2027.docx

Learning Outcomes

Title
1. Technical and Conceptual Mastery in Imaging

Learning Outcome
Students will be able to demonstrate technical proficiency in traditional, digital, and moving-image processes—including lighting, image/video creation, and post-production—while applying sound reasoning, creative problem solving, and visual communication strategies to convey meaningful ideas. Their work will reflect the maturation of technical, aesthetic, and conceptual skills expected of emerging professionals in photo and lens-based media.

Title
2. Historical, Theoretical, and Cultural Literacy

Learning Outcome
Students will be able to critically analyze photographic history, contemporary art theory, and visual culture—drawing connections between disciplinary knowledge, spiritual perspectives, and contemporary artistic and technological trends. Students develop an understanding of how their work operates within broader cultural and historical contexts.

Title
3. Spiritually Grounded Creative Practice

Learning Outcome
Students will be able to create photographic and moving-image works that reflect thoughtful engagement with spiritual perspectives, personal values, and ethical considerations as part of their artistic inquiry and professional practice. Students learn to integrate authenticity, purpose, and reflective awareness into their creative practice.

Title
4. Independent Ideation, Critical Thinking, and Creative Inquiry

Learning Outcome
Students will be able to generate, research, and articulate innovative ideas; engage in rigorous conceptual development; and produce work that demonstrates independent thought, critical analysis, moral discernment, and the ability to situate their voice within broader artistic and societal conversations. This process fosters a personal vision and fluency in the language and craft of photo and lens-based media.

Title
5. Professional Integrity and Discipleship in the Visual Arts

Learning Outcome
Students will be able to apply ethical business practices, collaborate effectively, communicate with professionalism, and make decisions grounded in honesty, accountability, and integrity. Students develop the capacity to navigate the creative industry with professionalism and consistent ethical standards.

Title
6. Lifelong Learning, Service, and Civic Contribution through the Arts

Learning Outcome
Students will be able to identify pathways for continued growth—such as graduate study, professional advancement, community engagement, or service—and use their creative, social, and technical skills to strengthen communities and contribute meaningfully to cultural and social environments. Students are prepared to carry forward habits of continual learning and use their abilities to enrich the lives of others.

Program Requirements

The Photo- & Lens- Based Design BFA program is a limited enrollment program requiring department admissions approval. Interested students should declare their pre-major intent, complete DESPH 116 and submit an online portfolio of their work. Pre-major application deadlines are at the end of Fall semester, Winter semester, and Spring term.

Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.

Requirement 1 —Complete 1 Course

Prerequisite Course:

DESPH116 Introduction to Photography - Introduction to Photography 3.0

Apply for pre-BFA status via portfolio review.

Requirement 2 —Complete 2 Courses

Foundational Courses:

DESPH120 Concept. Pract & Creative Expl - Concept. Pract & Creative Expl 3.0

DESPH260 Filmmaking 01 - Filmmaking 01 3.0

Apply to the Photo- & Lens- Based Design BFA program via portfolio review.

Requirement 3 —Complete 12 Courses

After admission to the major, complete the following:

DES280 Motion Concepts - Motion Concepts 3.0

DES480 3D Motion - 3D Motion 3.0

DESPH240 Lighting 1 - Lighting 1 3.0

DESPH250 Lighting 2 - Lighting 2 3.0

DESPH270 Intro to B/W Photography - Intro to B/W Photography 3.0

DESPH273 Digital Imaging & Compositing - Digital Imaging & Compositing 3.0

DESPH276 Visual Storytelling - Visual Storytelling 3.0

DESPH360 Filmmaking 02 - Filmmaking 02 3.0

DESPH377R Alt Photo Processes - Alt Photo Processes - *You may take once* 3.0

DESPH378 Junior Portfolio - Junior Portfolio 3.0

DESPH388 Professional Practices - Professional Practices 2.0

DESPH475 Location Production - Location Production 3.0

Requirement 4 —Complete the following course twice

DES311R Design Lecture Series - Design Lecture Series 0.5

Requirement 5 —Complete 4 Courses

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

DES390 Design Theory - Design Theory 3.0

DESPH379 History of Photography - History of Photography 3.0

Requirement 6 —Complete 2 Courses

DESPH490 BFA Project: Research - BFA Project: Research 1.0

DESPH497 BFA Capstone Project - BFA Capstone Project 3.0

Requirement 7 —Complete 2 hours

DES496R Academic Internship - Academic Internship - *You may take 2 times* 6.0v

Requirement 8 —Complete 1 of 3 Courses

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

MKTG201 Marketing Management - Marketing Management 3.0

STDEV317 Job Search Strategies - Career Strategies 2.0

Requirement 9 —Complete 3.0 hours

Studio Courses:

DES383 Analog Motion - Analog Motion 3.0

DES394R Special Topics - Special Topics - 3.0

DESPH394R Special Topics - Special Topics - *You may take up to 3.0 credit hours* 3.0v

Animation (BFA) *

Major Academic Plan
MAPS - BFA in Animation 2026-2027.docx

Learning Outcomes

Title
Artistic Development and Proficiency

Learning Outcome
Animation graduates will be able to implement fundamental design narrative and animation skills and will demonstrate proficiency in at least one of these areas.

Title
Technological Development and Proficiency

Learning Outcome
Animation graduates will be able to apply problem-solving abilities in the technical processes of modeling lighting rigging animation and special effects and will demonstrate proficiency in at least one of these areas.

Title
Collaboration and Professionalism

Learning Outcome
Animation graduates will be able to engage in the collaborative production processes of animation and exhibit professional behavior while creating interdisciplinary creative works.

Title
Spirituality

Learning Outcome
Ethics and Animation Animation graduates will be able to critically examine spiritual values and ethical issues relevant to their respective experiences in the entertainment industry.

Title
History and Critical Thinking

Learning Outcome
Animation graduates will be able to implement ideas and principles from the history of animation and art in general by identifying the meaning and purpose of major works and movements within the context of their own projects.

Program Requirements

The Animation BFA program is a limited enrollment program requiring departmental admissions approval. Interested students should declare pre-major intent and complete DESAN 101. Based upon review of work completed in DESAN 101, students will be promoted to pre-BFA Animation status. Successful applicants will go on to complete the foundational courses before applying for admissions to the Animation BFA major through a portfolio review in June.

Only students granted pre-BFA status are to complete the foundational courses and then may apply for the BFA professional program through a portfolio review in June.

Requirement 1 — Complete 1 Course

Prerequisite courses:

DESAN101 Intro to Animation - Intro to Animation 1.0

Apply for pre-BFA status via portfolio review.

Requirement 2 — Complete 3 Courses

Foundational courses:

CSANM150 Intro to 3D Graphics - Intro to 3D Graphics 1.5

DESAN102 Drawing Fundamentals- Drawing Fundamentals 3.0

C S110 How to Program - How to Program 3.0

Apply to the Animation BFA program.

Requirement 3 — Complete 8 Courses

After admission to the major, complete the following:

CSANM210 Visual Narrative - Visual Narrative 3.0

CSANM250 Interm 3D Computer Graphics - Interm 3D Computer Graphics 2.0

CSANM258 Scripting for Animation - Scripting for Animation 3.0

DESAN250R Gesture Drawing - Gesture Drawing - *You may take once* 3.0

DESAN262 Animation 1 - Beginning Char Anim 3.0

DESAN363R Experimental Anim & Prod. - Experimental Animation and Production - *You may take once* 1.5

DESAN460 Business & Ethics in Animation - Business & Ethics in Animation 2.0

TMA102 Introduction to Film - Introduction to Film 3.0

Requirement 4 — Complete 1 of 2 Courses

CSANM252 Intro 3D Animation - Technical Animation 3.0

DESAN275 Technical Drawing - Technical Drawing 3.0

Requirement 5 — Complete 1 of 2 Courses

CSANM354 Materials and Surfacing - Materials & Surfacing 3.0

DESAN265 Visual Development - Visual Development 3.0

History & Critical Studies Courses:

Requirement 6 — Complete 1 of 2 Course

CSANM352 Animated Film Production 1 - Animated Film Production 1 - *You may take once* 3.0

CSANM459 Video Game Production 1 - Video Game Production 1 - *You may take once* 3.0

Requirement 7 —Complete 6 hours

CSANM450 Animated Film Production 2 - Animated Film Production 2 - *You may take once* 3.0

CSANM452 Animated Film Production 3 - Animated Film Production 3 - *You may take once* 3.0

CSANM460 Video Game Production 2 - Video Game Production 2 - *You may take once* 3.0

CSANM497R BFA Final Project - BFA Final Project - *You may take once* 3.0v

DESAN359 Video Game Pre-Production - Video Game Pre-Production 3.0

DESAN397R Pitching for Film & Games - Pitching for Film & Games - *You may take once* 1.5

DESAN462 Capstone: Anim. Analysis - Capstone: Anim. Analysis 3.0

DESAN496R Film Pre-Production - Film Pre-Production - *You may take once* 1.5

DESAN497R BFA Independent Film Productn - BFA Independent Film Productn - *You may take once* 3.0v

Requirement 8 — Complete 3 Courses

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

TMA294 History of Animation - History of Animation 3.0

Requirement 9 — Complete 1 of 5 Courses

DES390 Design Theory - Design Theory 3.0

DESIL354 Survey of Illustration History - Survey of Illustration History 3.0

DESPH379 History of Photography - History of Photography 3.0

TMA291 Film History 1 - Film History 1 3.0

TMA292 Film History 2 - Film History 2 3.0

Requirement 10 — Complete 8.0 hours

(Courses completed above do not double count to fulfill this requirement.)

C S111 Intro to Computer Science - Intro to Computer Science 3.0

CSANM340 Game Design - Game Design 2.0

CSANM342 Real-time Techniques - Real-time Techniques 3.0

CSANM351R Lighting for 3D Graphics - Lighting for 3D Graphics - *You may take once* 3.0

CSANM352 Animated Film Production 1 - Animated Film Production 1 - *You may take once* 3.0

CSANM353 Previsualization - Previsualization 3.0

CSANM354 Materials and Surfacing - Materials & Surfacing 3.0

CSANM454 Advanced Shading - Advanced Shading 3.0

CSANM458R 3D Visual Effects - 3D Visual Effects - *You may take up to 6.0 credit hours* 3.0

CSANM459 Video Game Production 1 - Video Game Production 1 - 3.0

CSANM494R Special Problems in Animation - Special Projects - *You may take once* 3.0v

DES311R Design Lecture Series - Design Lecture Series - *You may take 2 times* 0.5

DES280 Motion Concepts - Motion Concepts 3.0

DES383 Analog Motion - Analog Motion 3.0

DES394R Special Topics - Special Topics - *You may take once* 3.0

DES480 3D Motion - 3D Motion 2 3.0

DESAN260 Basic Storyboarding - Basic Storyboarding 3.0

DESAN265 Visual Development - Visual Development 3.0

DESAN282 Animation 2 - Animation 2 3.0

DESAN350 Adv Gesture Drawing - Advanced Gesture Drawing 3.0

DESAN352 Animation 3 - Animation 3 3.0

DESAN360R Advanced Storyboarding - Advanced Storyboarding - *You may take once* 3.0

DESAN361R Character Design - Character Design - *You may take once* 3.0

DESAN362R Animation 4 - Animation 4 - *You may take once* 3.0

DESAN364R Digital Sculpting - Digital Sculpting - *You may take once* 3.0

DESAN365R Digital Painting - Digital Painting - *You may take once* 3.0

DESAN394R Special Topics - Special Topics - *You may take once* 0.5v

DESAN450 Adv. Life Drawing - Adv. Life Drawing 3.0

DESAN480 Storyboard Portfolio - Storyboard Portfolio 3.0

DESAN486R Intellectual Properties - Intellectual Properties - *You may take once* 3.0v

MAPS - BFA in Art 2026-2027.docx

Learning Outcomes

Title
Art History and Context

Learning Outcome
Students will examine art past and present through required on and off-campus learning experiences and locate their work within this larger context.

Title
BFA Final Project and Portfolio

Learning Outcome
Students will meet the requirements for the BFA program including the BFA final project and the BFA exit portfolio and will demonstrate artistic maturity as evidenced through their final project.

Title
Skill Development and Proficiency

Learning Outcome
Students will exhibit fundamental knowledge and skill in painting drawing printmaking ceramics sculpture photography and new genres.

Title
Spirituality, Ethics, and Art

Learning Outcome
Ethics and Art Students will critically examine spiritual values and ethical issues relevant to art.

Title
Professional Development

Learning Outcome
Students will demonstrate an awareness of and preparation for graduate studies teaching opportunities professional gallery work or other art and non-art related opportunities that might incorporate collaboration in an interdisciplinary environment.

Program Requirements

Requirement 1 — Complete 3 Courses

ART102 Intro to Art 2D - Intro to Art 2D 3.0

ART133 Intro to Art 3D - Intro to Art 3D 3.0

ART226 Ways of Being an Artist - Ways of Being an Artist 3.0

Requirement 2 —Complete 8 Courses

ART210 New Genre Interdisciplinary - New Genre Interdisciplinary 3.0

ART215 Painting Fundamentals - Painting Fundamentals 3.0

ART216 Ceramics Fundamentals - Ceramics Fundamentals 1.5

ART217 Sculpture Fundamentals - Sculpture Fundamentals 1.5

ART220 Intro to Drawing & Fig Drawing - Intro to Drawing & Fig Drawing 3.0

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

ART260 Photo Fundamentals - Photo Fundamentals 1.5

ART320 20th Century Art & Theory - 20th Century Art & Theory 3.0

Be admitted to the BFA program. BFA application instructions are available at this website: http://art.byu.edu.

Requirement 3 — Complete 4 hours

ART480R Advanced Studio - Advanced Studio - *You may take up to 4.0 credit hours* 1.0v

Requirement 4 —Complete 19.5 hours

ART240 Print/Web Dsgn Studio Artists - Print/Web Dsgn Studio Artists 3.0

ART310 Installation - Installation 3.0

ART321 Drawing - Drawing 3.0

ART327 Painting - Painting 3.0

ART328R Figure Drawing and Painting - Figure Drawing and Painting - *You may take once* 3.0

ART330 Adv. Bookbinding - Adv. Bookbinding 3.0

ART333 Painting : Aqueous Media - Painting : Aqueous Media 3.0

ART334 Painting: Materials & Methods - Painting: Materials & Methods 3.0

ART341 Gallery Practices for Artists - Gallery Practices for Artists 3.0

ART349 Adv. Pmk: Book, Ltrprs, Relief - Adv. Pmk: Book, Ltrprs, Relief 3.0

ART350 Adv Pmk: Intaglio & Monotype - Adv Pmk: Intaglio & Monotype 3.0

ART351 Adv Pmk: Lithography - Adv Pmk: Lithography 3.0

ART352 Adv. Pmk: Screenprint & Riso - Adv. Pmk: Screenprint & Riso 3.0

ART353 Time-Based Art - Time-Based Art 3.0

ART355 Interdisciplinary Projects - Interdisciplinary Projects 3.0

ART356R Figure Sculpture - Figure Sculpture - *You may take once* 3.0

ART357 Digital 3D - Digital 3D 3.0

ART358 Sculpture - Sculpture 3.0

ART359R Ceramics - Ceramics - *You may take once* 3.0

ART360 Advanced Photography - Advanced Photography 3.0

ART394R Special Problems in Art - Special Problems in Art - *You may take 3 times* 0.5v

ART480R Advanced Studio - Advanced Studio - *You may take up to 9.0 credit hours* 1.0v

ART496R Academic Internship - Academic Internship - *You may take once* 0.5v

Requirement 5 —Complete 2 hours

ART395R Studio Seminar - Studio Seminar - *You may take up to 2.0 credit hours* 0.5

Requirement 6 —Complete 2 Courses

ART340 Business Practices for Artists - Business Practices for Artists 3.0

ART497 BFA Final Project & Exit Portf - BFA Final Project & Exit Portf 1.0

Requirement 7 —Complete 3 Courses

Art History and Criticism:

ART326 Current Art Practice - Current Art Practice 3.0

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

Note: It is recommended that students interested in pursuing interdisciplinary studies use university elective hours to complete a minor or courses that are relevant to and enhance their interdisciplinary focus and goals.

Art (BA): Studio Emphasis

Program Information

MAPS - BA in Art Studio 2026-2027.docx

Learning Outcomes

Title
Visual Arts History, Concepts, and Processes

Learning Outcome
Concepts and Processes Students will demonstrate a comprehension of fundamental concepts processes history and criticism of visual arts.

Title
Aesthetic Development

Learning Outcome
Students will develop a personal sensitivity to the aesthetics of visual art.

Title
Spirituality, ethics, and Visual Arts

Learning Outcome
Ethics and the Visual Arts Students will critically examine spiritual values and ethical issues relevant to art.

Title
Career Development

Learning Outcome
Students will demonstrate an awareness of and preparation for traditional and interdisciplinary career opportunities.

Title
Skill Development

Learning Outcome
Students will demonstrate competency in traditional experimental and/or cross-disciplinary approaches to art making.

Program Requirements

Requirement 1 — Complete 3 Courses

ART102 Intro to Art 2D - Intro to Art 2D 3.0

ART133 Intro to Art 3D - Intro to Art 3D 3.0

ART226 Ways of Being an Artist - Ways of Being an Artist 3.0

Requirement 2 —Complete 7 Courses

ART210 New Genre Interdisciplinary - New Genre Interdisciplinary 3.0

ART215 Painting Fundamentals - Painting Fundamentals 3.0

ART216 Ceramics Fundamentals - Ceramics Fundamentals 1.5

ART217 Sculpture Fundamentals - Sculpture Fundamentals 1.5

Complete Art 490 during the final semester.

Interdisciplinary Design (BA) *

Program Information

Minimum Credit Hours
55.5

Maximum Credit Hours
57.5

Major Academic Plan
MAPS - BA in Interdisciplinary Design 2026-2027.docx

Learning Outcomes

Title
Communication Through Design

Learning Outcome
Students will be able to understand the basic principles of design, including composition, color and visual form.

Title
Visual Culture

Learning Outcome
Students will be able to identify international design artifacts throughout history and recognize their influence on contemporary visual culture.

Title
Career Survey

Learning Outcome
Students will be able to survey the potential career paths within their chosen emphasis and identify the current challenges in the fields.

Title
Technical Skill Development

Learning Outcome
Students will be able to demonstrate the basic skills of their chosen emphasis, including representational drawing, principles of motion, photography, and graphic design.

Program Requirements
The Interdisciplinary Design BA program is a limited enrollment program requiring departmental admissions approval. Interested students should declare their pre-major intent, complete either DESGD 145, DESIL 101, DESPH 116 or DESPX 115 and submit an online portfolio of work to obtain pre-BA status. Pre-major application deadlines are at the end of Fall semester, Winter semester, and Spring term.

Only students granted pre-BA status are to complete the foundational courses and then may apply for the BA program through a portfolio review in June. Accepted major students will be assigned a faculty advisor who will assist in completing a program plan, approve hybrid track and provide information about post-graduate preparation.

Requirement 1 — Complete 1 of 3 Options

Based on your hybrid track, complete one option: Prerequisite Courses:

Option 1.1 — Complete 1 of 2 Courses

Illustration + Graphic Design

DESGD145 Design 1 - Design 1 3.0

DESIL101 Drawing & Composition - Drawing & Composition 3.0

Option 1.2 — Complete 1 of 2 Courses

Photo and Lens based Design + Graphic Design

DESGD145 Design 1 - Design 1 3.0

DESPH116 Introduction to Photography - Introduction to Photography 3.0

Option 1.3 — Complete 1 of 2 Courses

Physical Product Design + Graphic Design

DESGD145 Design 1 - Design 1 3.0

DESPX115 Product & UX Design 1 - Product & UX Design 1 3.0

Apply for pre-BA status via portfolio review.

Requirement 2 — Complete 1 of 3 Options

Based on your hybrid track, complete one option: Foundational Courses

Option 2.1 — Complete 2 Requirements

Illustration + Graphic Design

Requirement 2.1.1 — Complete 1 of 2 Courses

DESIL130 Illustration Fundamentals - Illustration Fundamentals 3.0

DESIL140 Intro to Digital Illustration - Intro to Digital Illustration 2.0

Requirement 2.1.2 —Complete 1 of 2 Courses

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

Option 2.2 —Complete 2 Requirements

Photo and Lens based Design + Graphic Design

Requirement 2.2.1 — Complete 1 of 2 Courses

DESPH120 Concept. Pract & Creative Expl - Intro to Digital Imaging 3.0

DESPH260 Filmmaking 01 - Filmmaking 01 3.0

Requirement 2.2.2 — Complete 1 of 2 Courses

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

Option 2.3 — Complete 2 Requirements

Physical Product Design + Graphic Design

Requirement 2.3.1 —Complete 1 of 2 Courses

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

Requirement 2.3.2 —Complete 1 Course

DESPX220 Intro to Physical Product - Intro to Physical Product 3.0

Requirement 3 — Complete 1 Course

DES198 Intro to Interdisc. Design - Intro to Interdisc. Design - 0.5

Apply to the Interdisciplinary Design BA program.

After admission to the major, complete the following requirements based upon your hybrid track.

Requirement 4 — Complete 3 Courses

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

DES390 Design Theory - Design Theory 3.0

Requirement 5 — Complete 1 of 3 Options

Based on your hybrid track, complete one option:

Option 5.1 — Complete 2 Courses

Illustration + Graphic Design

DESGD349 History of Graphic Desgn - History of Graphic Desgn 3.0

DESIL354 Survey of Illustration History - Survey of Illustration History 3.0

Option 5.2 — Complete 2 Courses

Photo- and Lens-based Design + Graphic Design

DESGD349 History of Graphic Desgn - History of Graphic Desgn 3.0

DESPH379 History of Photography - History of Photography 3.0

Option 5.3 — Complete 2 Courses

Physical Product Design + Graphic Design

DESGD349 History of Graphic Desgn - History of Graphic Desgn 3.0

IP&T420 Design Psychology - Design Psychology 3.0

Requirement 6 — Complete 1 hour

Complete the following course twice:

DES311R Design Lecture Series - Design Lecture Series - 0.5

Requirement 7 — Complete 1 of 3 Options

Option should be based on your hybrid track:

COURSES COMPLETED ABOVE DO NOT DOUBLE COUNT TO FULFILL THE REQUIREMENT

Option 7.1 — Complete 15 hours

Illustration + Graphic Design

DES280 Motion Concepts - Motion Concepts 3.0

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

DESGD248R Letterpress Studio - Letterpress Studio - *You may take once* 3.0

DESGD346R Practicum in Graphic Design - Practicum in Graphic Design - *You may take once* 3.0

DESIL130 Illustration Fundamentals - Illustration Fundamentals 3.0

DESIL140 Intro to Digital Illustration - Intro to Digital Illustration 2.0

DESIL240 Intermed. Digital Illustration - Intermed. Digital Illustration 3.0

Option 7.2 — Complete 15 hours

Photo- and Lens-based Design + Graphic Design

DES280 Motion Concepts- Motion Concepts 3.0

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

DESPH120 Concept. Pract & Creative Expl - Intro to Digital Imaging 3.0

DESPH240 Lighting 1 - Lighting 1 3.0

DESPH260 Filmmaking 01 - Filmmaking 01 3.0

DESPH276 Visual Storytelling - Visual Storytelling 3.0

Option 7.3 — Complete 3 Requirements

Physical Product Design + Graphic Design

Requirement 7.3.1 — Complete 1 of 2 Courses

DESGD260 Interface & Usability - Interface & Usability 3.0

DESPX260 Intro to Digital Product - Intro to Digital Product 3.0

Requirement 7.3.2 — Complete 1 of 2 Courses

DESGD243 Typography 1 - Typography 1 3.0

DESGD245 Design 2 - Design 2 3.0

Requirement 7.3.3 — Complete 3 of 4 Courses

DESPX210 3D Modeling Principles - 3D Modeling Principles 3.0

DESPX214 Materials & Processes - Materials & Processes 3.0

DESPX230 Product Studio 1 - Product Studio 1 3.0

DESPX310 Adv. 3D Modeling - Adv. 3D Modeling 3.0

Requirement 8 — Complete 1 of 3 Options

Based on your hybrid track

COURSES COMPLETED ABOVE DO NOT DOUBLE COUNT TO FULFILL THE REQUIREMENT)

Option 8.1 — Complete 12 hours

Illustration + Graphic Design

DES383 Analog Motion - Analog Motion 3.0

DES394R Special Topics - Special Topics - *You may take once* 3.0

DES480 3D Motion - 3D Motion 3.0

DESGD380 Motion Design - Motion Design 3.0

DESGD394R Special Topics - Special Topics - *You may take once* 3.0v

DESIL394R Special Topics - Special Topics - *You may take once* 3.0

Option 8.2 — Complete 12 hours

Photo- and Lens-based Design + Graphic Design

DES394R Special Topics - Special Topics - *You may take once* 3.0

DES480 3D Motion - Interdisciplinary Motion 2 3.0

DESGD380 Motion Design - Motion Design 3.0

DESGD394R Special Topics - Special Topics - *You may take once* 3.0v

TMA241 Screenwriting 1 - Screenwriting 1 3.0

TMA277 New Media Conceptualization - New Media Conceptualization 3.0

TMA384R Practicum: Cinematic Skills - Practicum: Cinematic Skills - *You may take once* 1.0v

Option 8.3 — Complete 12 hours

Physical Product Design + Graphic Design

DES394R Special Topics - Special Topics - *You may take once* 3.0

DES480 3D Motion - 3D Motion 3.0

DESGD341 3-Dimensional Design - 3-Dimensional Design 3.0

DESGD380 Motion Design - Motion Design 3.0

DESGD394R Special Topics - Special Topics - *You may take once* 0.5v

DESPX230 Product Studio 1 - Product Studio 1 3.0

DESPX310 Adv. 3D Modeling- Adv. 3D Modeling 3.0

Requirement 9 — Complete 1 Course

DES498R Directed Studies - Directed Studies - *You may take once* 2.0

Requirement 10 — Complete 1 of 4 Courses

ENT101 Intro to Entrepreneurship - Intro to Entrepreneurship 3.0

MKTG201 Marketing Management - Marketing Management 3.0

GCI491R Topics in Social Impact - Topics in Social Impact - *You may take once* 1.0v

STDEV317 Job Search Strategies - Career Strategies 2.0

Art (BA): Arts Administration Emphasis

Program Information

Minimum Credit Hours
59.5

Maximum Credit Hours
59.5

Major Academic Plan
MAPS - BA in Arts Administration 2026-2027.docx

Learning Outcomes

Title
Visual Arts History, Concepts and Processes

Learning Outcome
Students will demonstrate a comprehension of fundamental concepts, processes, history and criticism of visual arts

Title
Aesthetic Development

Learning Outcome
Students will develop a personal sensitivity to the aesthetics of visual art.

Title
Spirituality, Ethics and the Visual Arts

Learning Outcome
Students will critically examine spiritual values and ethical issues relevant to art.

Title
Career Development

Learning Outcome
Students will demonstrate an awareness of and preparation for traditional and interdisciplinary career opportunities.

Title
Skill Development

Learning Outcome
Students will demonstrate competency in traditional, experimental and/or cross-disciplinary approaches to art making.

Program Requirements

Requirement 1 — Complete 3 Courses

ART102 Intro to Art 2D - Intro to Art 2D 3.0

ART133 Intro to Art 3D - Intro to Art 3D 3.0

ART226 Ways of Being an Artist - Ways of Being an Artist 3.0

Requirement 2 — Complete 7 Courses

ART210 New Genre Interdisciplinary - New Genre Interdisciplinary 3.0

ART215 Painting Fundamentals - Painting Fundamentals 3.0

ART216 Ceramics Fundamentals - Ceramics Fundamentals 1.5

ART217 Sculpture Fundamentals - Sculpture Fundamentals 1.5

ART220 Intro to Drawing & Fig Drawing- Intro to Drawing & Fig Drawing 3.0

ART225 Printmaking Fundamentals - Printmaking Fundamentals 3.0

ART260 Photo Fundamentals - Photo Fundamentals 3.0

Requirement 3 — Complete 3 Courses

ART320 20th Century Art & Theory - 20th Century Art & Theory 3.0

ARTHC201 World Civilization to 1500 - World Civilization to 1500 3.0

ARTHC202 World Civilization Since 1500 - World Civilization Since 1500 3.0

Requirement 4 — Complete 9 hours

ART240 Print/Web Dsgn Studio Artists - Print/Web Dsgn Studio Artists 3.0

ART310 Installation - Installation 3.0

ART321 Drawing - Drawing 3.0

ART327 Painting - Painting 3.0

ART328R Figure Drawing and Painting- Figure Drawing and Painting - *You may take once* 3.0

ART330 Adv. Bookbinding - Adv. Bookbinding 3.0

ART333 Painting : Aqueous Media - Painting : Aqueous Media 3.0

ART334 Painting: Materials & Methods - Painting: Materials & Methods 3.0

ART349 Adv. Pmk: Book, Ltrprs, Relief - Adv. Pmk: Book, Ltrprs, Relief 3.0

ART350 Adv Pmk: Intaglio & Monotype - Adv Pmk: Intaglio & Monotype 3.0

ART351 Adv Pmk: Lithography - Adv Pmk: Lithography 3.0

ART352 Adv. Pmk: Screenprint & Riso - Adv. Pmk: Screenprint & Riso 3.0

ART353 Time-Based Art- Time-Based Art 3.0

ART355 Interdisciplinary Projects - Interdisciplinary Projects 3.0

ART356R Figure Sculpture - Figure Sculpture - *You may take once* 3.0

ART357 Digital 3D - Digital 3D 3.0

ART358 Sculpture - Sculpture 3.0

ART359R Ceramics - Ceramics - *You may take once* 3.0

ART360 Advanced Photography - Advanced Photography 3.0

ART394R Special Problems in Art - Special Problems in Art - *You may take once* 0.5v

ART480R Advanced Studio - Advanced Studio - *You may take once* 1.0v

ART496R Academic Internship - Academic Internship - *You may take once* 0.5v

Please note: Courses from Requirement 5 cannot double count for Requirement 4.

Requirement 5 — Complete 4 Courses

ACC200 Principles of Accounting - Principles of Accounting 3.0

ART340 Business Practices for Artists - Business Practices for Artists 3.0

ART341 Gallery Practices for Artists - Gallery Practices for Artists 3.0

MKTG201 Marketing Management - Marketing Management 3.0

Requirement 6 — Complete 1.5 hours

ART395R Studio Seminar - Studio Seminar - *You may take three times* - 0.5

Requirement 7 —Complete 1 Course

ART490 BA Exit Portfolio - BA Exit Portfolio 1.0

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Complete the following prerequisite courses: Chin 101, 102, 201, 202. (May be waived for students with previous language experience.)

Requirement 1 — Complete 5 Courses

CHIN301 Advanced Mandarin - Advanced Mandarin 4.0

CHIN302 Advanced Mandarin - Advanced Mandarin 4.0

CHIN326 Intro to Chinese Linguistics - Intro to Chinese Linguistics 3.0

CHIN345R Chinese Culture - Chinese Culture - *You may take once* 3.0

CHIN377 Chin Lang Tchg Procedures - Chin Lang Tchg Procedures 3.0

HEB411R Advanced Conversation - Advanced Conversation - *You may take once* 1.0v

Chinese (BA)

Program Information

Minimum Credit Hours
47

Maximum Credit Hours
60

Major Academic Plan
MAPS - BA in Chinese 2026-2027.docx

Learning Outcomes

Title
Oral Proficiency (Speaking and Listening)

Learning Outcome
Students will speak and comprehend Mandarin Chinese at the ACTFL Advanced-Mid level, demonstrating the ability to both negotiate face-to-face interactions in linguistically, socially, and culturally appropriate ways (direct measures 1 and 7) and listen to and comprehend the main points of spoken Chinese including news broadcasts and online media at an advanced level (direct measures 2 and 7). Students will do this in ways that foster belonging, encourage ethical reflection and spiritual growth, and demonstrate respect for the divine worth of individuals and communities and learn skills for retaining and increasing their speaking and listening skills beyond graduation to serve their families, church, and society.

Title
Reading and Writing Proficiency

Learning Outcome
Students will read a variety of formal and informal genres of writing at the ACTFL advanced-mid level (direct measure 3) and write notes, correspondence, and short essays at the ACTFL intermediate high level while demonstrating an awareness of formal Chinese writing conventions (direct measure 4) that show sensitivity to the literary, religious, and cultural traditions of their own and other cultures.

Title
Analyze Chinese Culture, Literature and Language

Learning Outcome
Students will be able to analyze and discuss core aspects of Chinese civilization including classical Chinese language and literature, modern and contemporary Chinese literature and film, Chinese culture, and the Chinese language. They will learn skills that enable lifelong growth, fostering enduring cultural literacy and a commitment to continued learning and service informed by faith and global understanding.

Program Requirements

It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Requirement 1 — Complete 1 Course

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

Recommended Courses are not required to complete the program

Complete the following prerequisite courses: Chin 101, 102, 201. (May be waived for students with previous language experience.)

CHIN101 Beginning Mandarin - Beginning Mandarin 4.0

CHIN102 Beginning Mandarin - Beginning Mandarin 4.0

CHIN201 Intermediate Mandarin - Intermediate Mandarin 4.0

Requirement 2 — Complete 7 Courses

CHIN202 Intermediate Mandarin - Intermediate Mandarin 4.0

Japanese (BA)

Program Information

Minimum Credit Hours
48

Maximum Credit Hours
60

Major Academic Plan
MAPS - BA in Japanese 2026-2027.docx

Learning Outcomes

Title
Oral Communication

Learning Outcome
Students will speak advanced-level Japanese (as defined by ACTFL guidelines) on a broad range of topics, and in both interpersonal and presentational settings. They will use spoken Japanese to communicate effectively and persuasively, adapting to social and cultural norms, context, and audience. Through both classroom learning and real-world experiences, they will be able to use oral communication skills to participate actively in bridging cultures and solving important professional and social problems.

Title
Written Communication

Learning Outcome
Students will interpret and analyze Japanese texts at an advanced level across a range of genres, including literary and creative works as well as news and current events. They will also compose Japanese that demonstrates both creative expression and logical reasoning, communicating complex information in clear and well-reasoned ways. Through effective and persuasive writing, students will provide thoughtful critical and moral analysis grounded in cultural and textual understanding.

Title
Cultural Navigation

Learning Outcome
Students will analyze and interpret key aspects of Japanese history and culture-including literature, thought, religion, aesthetics, and the arts-and articulate their influence in contemporary society. They will demonstrate the ability to navigate cultural difference with respect and humility, appreciating diverse perspectives while gaining a clearer sense of their own values and Gospel truths. Students will apply this knowledge in handling linguistically, socially, and culturally diverse situations, building communities, seeking what is good and truthful (13th Article of Faith), and deepening their respect for the divine worth of all people.

Program Requirements

Students will be required to pass the reading proficiency exam (80% or higher) prior to enrollment in Japan 495.

Counsel with advisor to determine supporting courses appropriate to your professional goals.

It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

MAPS - BA in Korean 2026-2027.docx

Learning Outcomes

Title
Language Proficiency and Intellectual Engagement

Learning Outcome
Our graduates communicate compassionately, interpret meaning independently, and engage thoughtfully with Koreans and their culture through their speaking, listening, reading, and writing skills in Korean.

Title
Cultural Awareness

Learning Outcome
Our graduates draw upon their extensive study of the Korean language, culture, and history to cultivate cross-cultural understanding, navigate diverse contexts with humility and discernment, and respect the dignity of individuals and communities.

Title
Lifelong Learning and Character Building

Learning Outcome
Our graduates are committed to service within their local and global communities, exemplifying personal initiative and reflective participation as they engage in cultural exchange.

Program Requirements

It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. For questions about these requirements, contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 1 Course

Prerequisite course:

ENGL203 Ways of Reading - Ways of Reading 3.0

Requirement 2 — Complete 8 Courses

ENGL232 Shakespeare - Shakespeare 3.0

ENGL292 British Literary History 2 - British Literary History 2 3.0

ENGL293 American Literary History - American Literary History 3.0

ENGL329 Tchg Grammar & Usage - Tchg Grammar & Usage 3.0

ENGL377 Tchg English in Secndry Schls - Tchg English in Secndry Schls 3.0

ENGL378 Teaching Literature & Reading - Teaching Literature & Reading 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

ENGL423 Tchg Composition in Sec Schl - Tchg Composition in Sec Schl 3.0

Requirement 3 — Complete 1 of 3 Courses

ENGL 337R topic must be Short Story, Studies in Nonfiction; Fiction, or Studies in Poetry.

ENGL235 Studies in American Literature - Studies in American Literature 3.0

ENGL337R Studies in Lit Form and Genre - Studies in Lit Form and Genre 3.0

ENGL389R American Literature after 1800 - American Literature after 1800 3.0

Requirement 4 — Complete 1 Course

ENGL477R Sec Minor Student Teaching - Sec Minor Student Teaching 4.0

Professional Writing and Communication (Minor)

Learning Outcomes

Title
Composing and Presentational Skills in a Wide Variety of Publications

Learning Outcome
Students will apply effective communication and interpretation skills in a wide variety of genres using multiple modes of discourse to ethically influence a variety of audiences, foster meaningful understanding, and contribute to spiritually stengthening and socially responsible communication practices.

Title
Grammar and Style

Learning Outcome
Students will apply grammatical and stylistic principles to analyze, imitate, and create effective discourse in a variety of situations, demonstrating ethical awareness and respect for audiences and purposes.

Title
History, Theory, and Criticism

Learning Outcome
Students will explain, evaluate, and compare fundamental concepts from rhetorical theory throughout history while considering how rhetorical traditioans shape ethical judgment, human understanding, and spiritually strenghthening forms of discourse and civic engagment.

Program Requirements

Requirement 1 — Complete 3 Courses

ENGL302 Writing with Style - Writing with Style 3.0

ENGL322 Rhetorical Foundations - Rhetorical Foundations 3.0

ENGL494 Prof Wrtg and Comm Sr Capstone- Prof Wrtg and Comm Sr Capstone 3.0

Requirement 2 — Complete 9 hours

Note: ENGL 394R and 399R must be a rhetoric- or writing-related topic.

ENGL211 Rhetoric & Civilization 1 - Rhetoric & Civilization 1 3.0

ENGL212 Rhetoric & Civilization 2 - Rhetoric & Civilization 2 3.0

ENGL323 Professional Writing - Professional Writing 3.0

ENGL325 Visual Communication - Visual Communication 3.0

ENGL326 Digital Communication - Digital Communication 3.0

ENGL327R Studies in Rhetoric - Studies in Rhetoric 3.0

ENGL335 Professional Speaking - Professional Speaking 3.0

ENGL394R Applied English - Applied English 3.0

ENGL399R Academic Internship - Academic Internship - *You may take once* 0.5v

Creative Writing (Minor)

Program Information

Minimum Credit Hours
19.5

Maximum Credit Hours
19.5

Learning Outcomes

Title
Area Mastery

Learning Outcome
Creative writing minors will understand the principles of creative writing, including form, technique, and style.

Title
Reading and Workshop

Learning Outcome
Creative writing minors will deepen their area mastery by interpreting and evaluating both published works and the works of peer writers.

Title
Writing and Revision

Learning Outcome
Creative writing minors will apply what they have learned to produce poems, stories, or essays of publishable quality.

Title
Publishing and Professionalization

Learning Outcome
Creative writing minors will become familiar with publishing processes and improve as writers by preparing their work for publication in literary journals/ presses and by participating in the writing community.

Title
Continued Learning and Growth

Learning Outcome
Creative Writing MFA students become life-long learners who conduct effective and ethical inquiry by asking meaningful questions about their writing practice, the literature they read and write, and the ways literature can help them gain both professional experience and spiritual insight.

Program Requirements

Note: English majors in the creative-writing track cannot also pursue a creative writing minor. Non-English major students preparing for BYU's MFA program in creative writing are strongly encouraged to take ENGL 303 and at least one additional 300-level English literature seminar. See the English Department for further information.

Requirement 1 — Complete 3 Courses

ENGL218 Creative Writing - Creative Writing 3.0

ENGL321R English Dept Reading Series - English Dept Reading Series - *You may take once* 1.0

ENGL430 Creative Wrtg Prof Practices - Creative Wrtg Prof Practices 0.5

Requirement 2 — Complete 2 of 10 Courses

ENGL201 Masterpieces of World Lit 1 - Masterpieces of World Lit 1 3.0

ENGL202 Masterpieces of World Lit 2 - Masterpieces of World Lit 2 3.0

ENGL203 Ways of Reading - Ways of Reading 3.0

ENGL230 Studies in Literature - Studies in Literature 3.0

ENGL232 Shakespeare - Shakespeare 3.0

ENGL235 Studies in American Literature - Studies in American Literature 3.0

ENGL236 Studies in British Literature - Studies in British Literature 3.0

ENGL238 The Bible as Literature - The Bible as Literature 3.0

ENGL268 Literature of the LDS - Literature of the LDS 3.0

ENGL337R Studies in Lit Form and Genre - Studies in Lit Form and Genre 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

Requirement 3 — Complete 2 of 4 Courses

ENGL317R Writing Creative Nonfiction - Writing Creative Nonfiction - *You may take 2 times* 3.0

ENGL318R Writing Fiction - Writing Fiction - *You may take 2 times* 3.0

ENGL319R Writing Poetry - Writing Poetry - *You may take 2 times* 3.0

ENGL320R Writing for Child & Adolescent - Writing for Child & Adolescent - *You may take 2 times* 3.0

Requirement 4 — Complete 1 of 3 Courses

ENGL417 Creative Wrtg Cap: Nonfiction - Creative Wrtg Cap: Nonfiction 3.0

ENGL418 Creative Wrtg Cap: Fiction - Creative Wrtg Cap: Fiction 3.0

ENGL419 Creative Wrtg Cap: Poetry - Creative Wrtg Cap: Poetry 3.0

Major Academic Plan
MAPS - BA in English 2026-2027.docx

Learning Outcomes

Title
Interpretive and Communicative Skills

Learning Outcome
English graduates employ critical reading strategies, disciplinary writing expertise, and sophisticated analytical skills in their written and oral communication.

Title
Interpretive and Communicative Applications

Learning Outcome
English graduates translate the skills of the humanistic tradition, including critical inquiry, scholarly research, communication, and creativity, to both personal and professional environments and narrate the value of these skills in various contexts.

Title
Interpretive and Communicative Contexts

Learning Outcome
English graduates know how to trace the development of literary, as well as broader narrative traditions, investigate authors and contexts, and differentiate genres. They know how to discuss disciplinary methodologies in scholarly conversations, and they use these contexts to frame their written and oral communications.

Title
Interpretive and Communicative Ethics

Learning Outcome
English graduates embrace literature and writing as sources of wisdom, spiritual insight, and aesthetic pleasure; as mediums for encountering and reflecting upon the diversity of human experience; and as guides for discerning value and building relationships with those around them and with God.

Program Requirements

Students are strongly encouraged to take a freshman college-level writing course (WRTG 150), regardless of their AP test scores.

Requirement 1 —Complete 3 Courses

Note: Students must complete ENGL 203 before taking ENGL 303 and must complete ENGL 303 before taking most 300- and 400-level courses.

ENGL203 Ways of Reading - Ways of Reading 3.0

ENGL302 Writing with Style - Writing with Style 3.0

ENGL303 Writing Literary Criticism - Writing Literary Criticism 3.0

Requirement 2 —Complete 1 of 2 Options

Option 2.1 —Complete 3 Courses

ENGL291 British Literary History 1 - British Literary History 1 3.0

ENGL292 British Literary History 2 - British Literary History 2 3.0

ENGL293 American Literary History - American Literary History 3.0

Option 2.2 —Complete 2 Courses

Note: Students must complete ENGL 203 before or concurrently with the literary history requirement: ENGL 291-294. Students must complete the literary history course in a period before taking any 300-level courses in that period as follows: ENGL 291 for ENGL 331R, 369R, 386R ENGL 292 for ENGL 332R, 370R, 387R ENGL 293 for ENGL 331R, 332R, 369R, 370R, 388R, 389R

ENGL291 British Literary History 1 - British Literary History 1 3.0

ENGL294 Transatlantic Literary History - Transatlantic Literary History 6.0

Requirement 3 —Complete 2 Requirements

Requirement 3.1 —Complete 1 of 3 Courses

ENGL369R Transnational Lit before 1800 - Transnational Lit before 1800 - *You may take once* 3.0

ENGL386R British Literature before 1800 - British Literature before 1800 - *You may take once* 3.0

ENGL388R American Lit before 1800 - American Lit before 1800 - *You may take once* 3.0

Requirement 3.2 —Complete 1 of 3 Courses

ENGL370R Transnational Lit after 1800 - Transnational Lit after 1800 - *You may take once* 3.0

ENGL387R British Literature after 1800 - British Literature after 1800 - *You may take once* 3.0

ENGL389R American Literature after 1800 - American Literature after 1800 - *You may take once* 3.0

Requirement 4 —Complete 1 of 4 Options

Complete 1 Track Option

Option 4.1 —Complete 5 Courses

Literary Studies Track

ENGL337R Studies in Lit Form and Genre - Studies in Lit Form and Genre - *You may take once* 3.0

ENGL357R Literature, Ethics, and Values - Literature, Ethics, and Values - *You may take once* 3.0

MAPS - BA in English Teaching 2026-2027.docx

Learning Outcomes

Title
Disciplinary Expertise

Learning Outcome
English teaching majors will be able to draw on disciplinary knowledge in literary and writing studies as well as research-based practices and theoretical perspectives of teaching texts, reading, composition, language, and technology to secondary students.

Title
Instructional Design

Learning Outcome
English teaching majors will be able to plan and deliver instruction that reflects current research-based knowledge in the field of ELA pedagogy, honors student agency, nurtures and supports each learner in their diverse needs through culturally responsive and sustaining practices and differentiated literacy instruction, and recognizes the divine potential of each student to become effective readers, writers, and thinkers.

Title
Reflection for Improvement and Renewal

Learning Outcome
English teaching majors will be able to engage in ongoing critical reflection to improve and humanize their practice, drawing on their knowledge while also seeking spiritual guidance.

Title
Inquiry for Continued Learning and Growth

Learning Outcome
English teaching majors will become life-long learners who conduct effective and ethical inquiry by asking meaningful questions about their practice and students, discerning the credibility of potential sources, and identifying the best answers to their questions as led by their ongoing professional experience, spiritual insights, and gospel knowledge.

Title
Professionalism

Learning Outcome
English teaching majors will demonstrate the highest levels of professional conduct through modeling a Christ-centered life, advocating for young adults and their learning, collaborating with educational community members, and adhering to all relevant policies.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. For questions about these requirements, contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Students are strongly encouraged to take a freshman college‐level writing course (WRTG 150), regardless of their AP test scores. ENGL 276R is prerequisite to ENGL 329, 377, 378, 379, 423, and 426. All are prerequisite to ENGL 476R or ENGL 496R.

Requirement 1 —Complete 2 Requirements

Core Courses

Requirement 1.1 —Complete 4 Courses

Note: Students must complete ENGL 203 before taking ENGL 303 and must complete ENGL 303 before taking most 300 and 400 level courses. Note: ENGL 384R topic must be Shakespeare.

ENGL203 Ways of Reading - Ways of Reading 3.0

ENGL303 Writing Literary Criticism - Writing Literary Criticism 3.0

ENGL382 Shakespeare - Shakespeare 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

Requirement 1.2 —Complete 1 of 3 Courses

ENGL493 Lit Med & Cultures Sr Capstone - Lit Med & Cultures Sr Capstone 3.0

ENGL494 Prof Wrtg and Comm Sr Capstone - Prof Wrtg and Comm Sr Capstone 3.0

ENGL495 Literary Studies Sr Capstone - Literary Studies Sr Capstone 3.0

Requirement 2 —Complete 1 of 2 Options

Literary History Survey

Option 2.1 —Complete 3 Courses

ENGL291 British Literary History 1 - British Literary History 1 3.0

ENGL292 British Literary History 2 - British Literary History 2 3.0

ENGL293 American Literary History - American Literary History 3.0

Option 2.2 —Complete 2 Courses

Note: Students must complete ENGL 203 before or concurrently with the literary history requirement: ENGL 291-294. Students must complete the literary history course in a period before taking any 300 level courses in that period as follows: ENGL 291 for ENGL 331R, 369R, 386R; ENGL 292 for ENGL 332R, 370R, 387R; ENGL 293 for ENGL 331R, 332R, 369R, 370R, 388R, 389R

ENGL291 British Literary History 1 - British Literary History 1 3.0

ENGL294 Transatlantic Literary History - Transatlantic Literary History 6.0

Requirement 3 —Complete 2 Courses

ENGL388R American Lit before 1800 - American Lit before 1800 - *You may take 2 times* 3.0

ENGL389R American Literature after 1800 - American Literature after 1800 - *You may take 2 times* 3.0

Requirement 4 —Complete 1 of 3 Courses

NOTE: ENGL 356 is recommended.

ENGL337R Studies in Lit Form and Genre - Studies in Lit Form and Genre - *You may take once* 3.0

ENGL345 Literature & Film - Literature & Film 3.0

ENGL356 Myth, Legend, & Folktale - Myth, Legend, & Folktale 3.0

Requirement 5 —Complete 3 hours

Complete 3.0 hours from the following electives. Courses used to fill a previous requirement may not double count for this requirement.

ELING322 Prescriptivism & English Usage - Prescriptivism & English Usage 3.0

ELING324 Hist of the English Language - Hist of the English Language 3.0

ELING325 Grammar of English - Grammar of English 3.0

ELING350 Basic Editing Skills - Basic Editing Skills 3.0

ELING410R Genre & Substantive Editing - Genre & Substantive Editing - *You may take once* 3.0

ELING430R Editing for Publication - Editing for Publication - *You may take once* 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ENGL218 Creative Writing - Creative Writing 3.0

ENGL300R Brit Liter in Cultural Setting - Brit Liter in Cultural Setting - *You may take once* 0.5v

ENGL302 Writing with Style - Writing with Style 3.0

ENGL317R Writing Creative Nonfiction - Writing Creative Nonfiction - *You may take once* 3.0

ENGL318R Writing Fiction - Writing Fiction - *You may take once* 3.0

ENGL319R Writing Poetry - Writing Poetry - *You may take once* 3.0

ENGL320R Writing for Child & Adolescent - Writing for Child & Adolescent - *You may take once* 3.0

ENGL322 Rhetorical Foundations - Rhetorical Foundations 3.0

ENGL323 Professional Writing - Professional Writing 3.0

ENGL325 Visual Communication - Visual Communication 3.0

ENGL326 Digital Communication - Digital Communication 3.0

ENGL327R Studies in Rhetoric - Studies in Rhetoric - *You may take once* 3.0

ENGL330R Spec Topics in Creative Wrtg - Spec Topics in Creative Wrtg - *You may take once* 0.5v

ENGL331R Media and Pop Lit before 1800 - Media and Pop Lit before 1800 - *You may take once* 3.0

ENGL332R Media and Pop Lit after 1800 - Media and Pop Lit after 1800 - *You may take once* 3.0

ENGL335 Professional Speaking - Professional Speaking 3.0

ENGL337R Studies in Lit Form and Genre - Studies in Lit Form and Genre - *You may take once* 3.0

ENGL338 Literary Studies of the Bible - Literary Studies of the Bible 3.0

ENGL340 Book and Publishing History - Book and Publishing History 3.0

ENGL344R Digital and Visual Literacies - Digital and Visual Literacies - *You may take once* 3.0

ENGL345 Literature & Film - Literature & Film 3.0

ENGL355 Classics & the Engl Tradition - Classics & the Engl Tradition 3.0

ENGL356 Myth, Legend, & Folktale - Myth, Legend, & Folktale 3.0

ENGL357R Literature, Ethics, and Values - Literature, Ethics, and Values - *You may take once* 3.0

ENGL368 Lit of the Latter-day Saints - Lit of the Latter-day Saints 3.0

ENGL369R Transnational Lit before 1800 - Transnational Lit before 1800 - *You may take once* 3.0

ENGL370R Transnational Lit after 1800 - Transnational Lit after 1800 - *You may take once* 3.0

ENGL384R Author Studies - Author Studies - *You may take once* 3.0

ENGL386R British Literature before 1800 - British Literature before 1800 - *You may take once* 3.0

ENGL387R British Literature after 1800 - British Literature after 1800 - *You may take once* 3.0

ENGL388R American Lit before 1800 - American Lit before 1800 - *You may take once* 3.0

ENGL389R American Literature after 1800 - American Literature after 1800 - *You may take once* 3.0

ENGL391 Introduction to Folklore - Introduction to Folklore 3.0

ENGL392 American Folklore - American Folklore 3.0

ENGL395R Studies in Literature - Studies in Literature - *You may take once* 3.0

ENGL396R Studies in Women's Lit - Studies in Women's Lit - *You may take once* 3.0

ENGL397R World Literatures in English - World Literatures in English - *You may take once* 3.0

ENGL417 Creative Wrtg Cap: Nonfiction - Creative Wrtg Cap: Nonfiction 3.0

ENGL418 Creative Wrtg Cap: Fiction - Creative Wrtg Cap: Fiction 3.0

ENGL419 Creative Wrtg Cap: Poetry - Creative Wrtg Cap: Poetry 3.0

ENGL450R Studies in Lit Crit and Theory - Studies in Lit Crit and Theory - *You may take once* 3.0

ENGL480R Directed Research in English - Directed Research in English - *You may take once* 1.0v

ENGL490R Individual Readings in English - Individual Readings in English - *You may take once* 0.5v

ENGL493 Lit Med & Cultures Sr Capstone - Lit Med & Cultures Sr Capstone 3.0

ENGL494 Prof Wrtg and Comm Sr Capstone - Prof Wrtg and Comm Sr Capstone 3.0

ENGL495 Literary Studies Sr Capstone - Literary Studies Sr Capstone 3.0

TMA457 Media, Creativity & Education - Media, Creativity & Education 3.0

Requirement 6 —Complete 11 Courses

NOTE: FBI FINGERPRINT AND BACKGROUND CLEARANCE MUST BE COMPLETED BEFORE REGISTRATION FOR ENGL 276R.

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

ENGL276R Exploration of Teaching - Exploration of Teaching - *You may take once* 3.0

ENGL329 Tchg Grammar & Usage - Tchg Grammar & Usage 3.0

ENGL377 Tchg English in Secndry Schls - Tchg English in Secndry Schls 3.0

ENGL378 Teaching Literature & Reading - Teaching Literature & Reading 3.0

ENGL379 Practicum in Secndry Engl Tchg - Practicum in Secndry Engl Tchg 1.0

ENGL423 Tchg Composition in Sec Schl - Tchg Composition in Sec Schl 3.0

ENGL426 Dig Lit & Tech in Sec Schl - Dig Lit & Tech in Sec Schl 2.0

ENGL479 Student Teaching Seminar - Student Teaching Seminar 1.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

Requirement 7 —Complete 1 of 2 Courses

ENGL476 Secondary Student Teaching - Secondary Student Teaching 12.0

ENGL496R Secondary Teaching Internship - Secondary Teaching Internship - *You may take up to 12.0 credit hours* 12.0

General Studies (BGS): English Emphasis

Program Information

Minimum Credit Hours
33

Maximum Credit Hours
33

Major Academic Plan
MAPS - BGS in General Studies - English 2026-2027.docx

Learning Outcomes

Title
BGS Learning Outcomes - Aims of a BYU Education

Learning Outcome
Reflect on and describe how their coursework in the BGS program has contributed to the aims of a BYU education: - Spiritually strengthening - Character building - Intellectually enlarging - Preparing for lifelong learning and service.

Title
Interpretive and Communicative Skills

Learning Outcome
English BGS graduates will develop and ethically employ critical reading strategies, professional writing expertise, and sophisticated analytical skills in their written and oral communication.

Title
Interpretive and Communicative Contexts

Learning Outcome
English BGS graduates know how to trace the development of literary traditions, as well as broader narrative traditions, investigate authors and contexts, and differentiate genres. They demonstrate the ability to discuss disciplinary methodologies in scholarly conversations, and they use these contexts to frame their written and oral work.

Title
Interpretive and Communicative Ethics

Learning Outcome
English BGS graduates embrace literature and writing as sources of wisdom, spiritual insight, and aesthetic pleasure; as mediums for encountering and reflecting upon the diversity of human experience; and as guides for discerning value and building relationships with those around them and with God.

Program Requirements

Have 27 hours of campus residency.

Complete a minimum of 10 hours in the emphasis after formal admission to the BGS program.

Thirty of the 120 hours including 15 hours in the emphasis must be 300-level or above courses.

Students must earn a minimum 2.0 BYU grade point average, a minimum 2.0 cumulative grade point average, and a minimum 2.0 emphasis grade point average.

The program must be completed in eight years or less.

All emphasis courses taken after admission to BGS must be BYU courses.

Requirement 1 —Complete 1 Course

Prerequisite course (must be completed before taking any other courses, includes preparing academic plan which must be approved before proceeding):

STDEV100 Essential College Skills - Essential College Skills 1.0

Requirement 2 —Complete 3 Requirements

Core courses:

Requirement 2.1 —Complete 1 Course

ENGL230 Studies in Literature - Studies in Literature 3.0

Requirement 2.2 —Complete 2 of 3 Courses

ENGL291 British Literary History 1 - British Literary History 1 3.0

ENGL292 British Literary History 2 - British Literary History 2 3.0

ENGL293 American Literary History - American Literary History 3.0

Requirement 2.3 —Complete 1 of 2 Courses

WRTG312 Persuasive Writing - Persuasive Writing 3.0

WRTG316 Technical Communication - Technical Communication 3.0

Requirement 3 —Complete 15 hours

Elective courses:

Option 3.1 —Complete up to 15 hours

BYU 300- and 400-level campus courses (including Salt Lake Center classes) in English may also be used to fill emphasis electives. Only one additional general education Advanced Written and Oral Communication course (Engl 311, 312, 313, 314, 315, or 316) may be used to satisfy emphasis requirements.

ELING322 Prescriptivism & English Usage - Prescriptivism & English Usage 3.0

ENGL218 Creative Writing - Creative Writing 3.0

ENGL317R Writing Creative Nonfiction - Writing Creative Nonfiction - *You may take once* 3.0

ENGL319R Writing Poetry - Writing Poetry - *You may take once* 3.0

ENGL320R Writing for Child & Adolescent - Writing for Child & Adolescent - *You may take once* 3.0

ENGL384R Author Studies - Author Studies - *You may take once* 3.0

ENGL386R British Literature before 1800 - British Literature before 1800 - *You may take once* 3.0

ENGL389R American Literature after 1800 - American Literature after 1800 - *You may take once* 3.0

ENGL420 Young Adult Literature - Young Adult Literature 3.0

Option 3.2 —Complete up to 15 hours

Study List Classes -

Requirement 4 —Complete 1 Course

Complete the following as the last course in the emphasis:

ENGL495 Literary Studies Sr Capstone - Literary Studies Sr Capstone 3.0

Requirement 5 —Complete 1 Course

Complete a capstone experience (last course to be completed):

STDEV490 BGS Capstone - BGS Capstone 2.0

French (Minor)

Program Information

Minimum Credit Hours
16

Maximum Credit Hours
33

Program Requirements

- The French and Italian Department requires a minimum of nine hours to be taken in residence at BYU for this minor program.

- Complete the following prerequisite courses: Fren 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

Requirement 1 — Complete 3 Courses

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

FREN322 Advanced French Part 2 - Advanced French Part 2 3.0

FREN340 Intro to Literary Analysis - Intro to Literary Analysis 3.0

Requirement 2 — Complete 2 of 3 Courses

FREN361 French Arts & Culture to 1715 - French Arts & Culture to 1715 3.0

FREN362 French Arts & Culture 1715- - French Arts & Culture 1715- 3.0

FREN363 Contemp. France, Francophone - Contemp. France, Francophone 3.0

Courses Requirement 3 — Complete 3 hours

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

FREN414 French Translation - French Translation 3.0

FREN432 History of French - History of French 3.0

FREN433R Studies in French Linguistics - Studies in French Linguistics - *You may take once* 3.0

FREN445 Advanced Francophone Culture - Advanced Francophone Culture 3.0

FREN452R Studies in Period,Mvmt & Theme - Studies in Period,Mvmt & Theme - *You may take once* 3.0

FREN453R Studies in Genre - Studies in Genre - *You may take once* 3.0

MSB596R Business Language - Business Language - *You may take once* 3.0

French Teaching (Minor)

Program Information

Minimum Credit Hours
29

Maximum Credit Hours
44

Program Requirements

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

- The French and Italian Department requires a minimum of 12 minor hours to be taken in residence at BYU for this minor program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements.

- Complete the following prerequisite courses: Fren 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

Requirement 1 — Complete 1 Requirement

Requirement 1.1 — Complete 7 Courses

Note : FREN 378 and 379 must be taken concurrently.

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

FREN322 Advanced French Part 2 - Advanced French Part 2 3.0

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

FREN340 Intro to Literary Analysis - Intro to Literary Analysis 3.0

FREN377 French Teaching Methods 1 - French Teaching Methods 3.0

FREN378 French Teaching Methods 2 - Tchg Methods 3.0

FREN379 French Teaching Practicum - French Teaching Practicum 1.0

Requirement 2 — Complete 1 of 3 Courses

FREN361 French Arts & Culture to 1715 - French Civilization to 1715 3.0

FREN362 French Arts & Culture 1715- - French Civilization 1715-Pres 3.0

FREN363 Contemp. France, Francophone - Contemp. France, Francophone 3.0

Requirement 3 — Complete 3 hours

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

French (BA)

Program Information

Minimum Credit Hours
36.5

Maximum Credit Hours
51.5

Major Academic Plan
MAPS - BA in French 2026-2027.docx

Learning Outcomes

Title
Communication and Language Competence

Learning Outcome
Graduates in French communicate meaningfully, effectively, and ethically in spoken and written French at the advanced level according to ACTFL guidelines. Using a vocabulary that allows them to discuss issues of local, national, and global interest, they are able to communicate in a range of real-world and academic contexts. They adapt their language to audience, context, and communicative goals, thus demonstrating skills that enable them to serve in a broader range of capacities and communities and that facilitate their becoming life-long learners.

Title
Information Literacy and Critical Thinking

Learning Outcome
Graduates in French accurately and insightfully analyze the language, literature, and other cultural products of the French-speaking world by recognizing, evaluating, and synthesizing relevant primary and critical sources in their research and other scholarly products. In so doing, they demonstrate the learned abilities to think critically and to "seek out and share only credible, reliable, and factual sources of information" (General Handbook, 38.8.41). Their moral character is reflected in the ethical practices they uphold in their research, including the appropriate use of artificial intelligence tools.

Title
Cultural Navigation and Interpretation

Learning Outcome
Graduates in French adeptly negotiate cultural values and practices transmitted through literature, film, and other media, as well as engage with complexities of the French-speaking world to create meaningful connections with people of other cultures and perspectives. Their careful study of these cultural products promotes the lifelong cultivation of humility, empathy, and Christlike charity toward their fellow beings.

Program Requirements

The French and Italian Department requires a minimum of 21 major hours to be taken in residence at BYU for this degree program. These hours may also count toward BYU's 30-hour residency requirement for graduation.

The French BA starts with FREN 321. As needed, students may take some or all of the following: FREN 101, 102, 201, 202. Students with prior experience in French can contact the French undergraduate adviser to select the appropriate beginning course. Native speakers and returned missionaries typically enroll in FREN 321; FREN 201 or 202 may be appropriate for those with less language experience.

We recommend students participate in significant French-language experiential learning during their major. This could take the form of a mission, Study Abroad program, internships, and/or a semester in the Language Immersion Student Residence (or LISR).

Requirement 1 —Complete 4 Courses

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

FREN322 Advanced French Part 2 - Advanced French Part 2 3.0

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

FREN340 Intro to Literary Analysis - Intro to Literary Analysis 3.0

Requirement 2 —Complete 2 of 3 Courses

FREN361 French Arts & Culture to 1715 - French Arts & Culture to 1715 3.0

FREN362 French Arts & Culture 1715- - French Arts & Culture 1715- 3.0

FREN363 Contemp. France, Francophone - Contemp. France, Francophone 3.0

Requirement 3 —Complete 21 hours

Note: No more than 9 credits may come from any combination of the following: FREN 399R, FREN 411R, FREN 445, FREN 490R, and MSB 596R.

FREN399R Academic Internship - Academic Internship - *You may take once* 0.5v

FREN411R Convers at Superior Level - Convers at Superior Level 3.0

FREN414 French Translation - French Translation 3.0

FREN432 History of French - History of French 3.0

FREN433R Studies in French Linguistics- Studies in French Linguistics - *You may take 3 times* 3.0

FREN445 Advanced Francophone Culture - Advanced Francophone Culture 3.0

FREN452R Studies in Period,Mvmt & Theme - Studies in Period, Mvmt & Theme - *You may take 5 times* 3.0

FREN453R Studies in Genre - Studies in Genre - *You may take 5 times* 3.0

FREN454R Studies in Author - Studies in Author - *You may take 5 times* 3.0

FREN455R Studies in Literary Theory - Studies in Literary Theory - *You may take 5 times* 3.0

FREN456R Francophone Studies - Francophone Studies - *You may take 5 times* 3.0

FREN457R Studies in French Culture - Studies in French Culture - *You may take 5 times* 3.0

FREN458R Women in French Literature - Women in French Literature - *You may take 5 times* 3.0

FREN480R Mentored Research - Mentored Research - *You may take 5 times* 1.0v

FREN481R French Lecture Series - French Lecture Series - *You may take 3 times* 1.0

MSB596R Business French - Business French - *You may take once* 3.0

Requirement 4 —Complete 2 Courses

FREN495 Senior Capstone - Senior Capstone 0.5

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

Recommended Courses are not required to complete the program

Note: To determine language proficiency, students in FREN 495 will take the official ACTFL Oral Proficiency Interview (OPI), Writing Proficiency Test (WPT), and adaptive reading and listening comprehension tests. It is expected, though not required, that graduating French majors achieve ratings of Advanced Low or higher for each ACTFL evaluation.

Major Academic Plan
MAPS - BA in French Teaching 2026-2027.docx

Learning Outcomes

Title
Language and Linguistics

Learning Outcome
Candidates are proficient at the advanced level in French (as defined by the ACTFL Proficiency Guidelines) and understand underlying linguistic elements of French.

Title
Language Acquisition Theory

Learning Outcome
Understand basic language acquisition theory, create supportive learning environments, and use a variety of instructional techniques.

Title
Planning Instruction

Learning Outcome
Plan instruction based upon knowledge of subject matter, students, and goals.

Title
Assessment

Learning Outcome
Understand and use formal and informal assessment strategies to evaluate performance, identify needs, provide feedback, and adjust instructional strategies.

Title
Professionalism

Learning Outcome
Reflect on instructional choices and actions and foster relationships with school colleagues, parents, and the larger community. Seek opportunities to develop professionally and to strengthen language and cultural competencies.

Program Requirements

This major is designed to prepare students to teach in public schools. To graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://education.byu.edu/advisement/licensure or contact Education Student Services, 350 MCKB, 801-422-3426.

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

Students may declare a French Teaching pre-major by contacting the Liberal Arts Advisement Center (JFSB 1041) at 801-422-3541. The first course will be FLANG 276: Exploration of Teaching Foreign Languages (offered on the first block during Fall and Winter semesters), at the end of which students apply for the French Teaching major through Educator Plus (application procedures are explained during FLANG 276).

Grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements at https://epp.byu.edu/

A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides. See https://education.byu.edu/advisement/majors_and_minors.

Complete the following prerequisite courses: FREN 101, 102, 201, 202. (May be waived with previous equivalent language experience.)

Requirement 1 — Complete 7 Courses

Note: Fren 378 must be taken the semester immediately before student teaching. FREN 378 and FREN 379 must be taken concurrently.

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

FREN322 Advanced French Part 2 - Advanced French Part 2 3.0

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

FREN340 Intro to Literary Analysis - Intro to Literary Analysis 3.0

FREN377 French Teaching Methods 1 - French Teaching Methods 1 3.0

FREN378 French Teaching Methods 2 - Teaching Methods 2 3.0

FREN379 French Teaching Practicum - French Teaching Practicum 1.0

Requirement 2 — Complete 2 of 3 Courses

FREN361 French Arts & Culture to 1715 - French Arts & Culture to 1715 3.0

FREN362 French Arts & Culture 1715- - French Arts & Culture 1715- 3.0

FREN363 Contemp. France, Francophone - Contemp. France, Francophone 3.0

Requirement 3 — Complete 2 of 11 Courses

Note: Only one registration of Fren 490R will count toward the major requirements.

FREN432 History of French - History of French 3.0

FREN433R Studies in French Linguistics - Studies in French Linguistics 3.0

FREN445 Advanced Francophone Culture - Advanced Francophone Culture 3.0

FREN452R Studies in Period,Mvmt & Theme - Studies in Period,Mvmt & Theme - *You may take 2 times* 3.0

FREN453R Studies in Genre - Studies in Genre - *You may take 2 times* 3.0

FREN454R Studies in Author - Studies in Author - *You may take 2 times* 3.0

FREN455R Studies in Literary Theory - Studies in Literary Theory - *You may take 2 times* 3.0

FREN456R Francophone Studies - Francophone Studies - *You may take 2 times* 3.0

FREN457R Studies in French Culture - Studies in French Culture - *You may take 2 times* 3.0

FREN458R Women in French Literature - Women in French Literature - *You may take 2 times* 3.0

FREN480R Mentored Research - Individual Study - *You may take once* 1.0v

Requirement 4 — Complete 1 Requirement

Complete the following before enrolling in Fren 378. The rating will be recorded on the student's transcript. The expected minimum rating of ADVANCED-LOW must be completed before applying to student teach.

Requirement 4.1 — Complete 1 Course

FREN491R Sr Oral Proficiency Evaluation - Sr Oral Proficiency Evaluation - *You may take once* 0.0

Note: Before applying for student teaching or an internship, students must receive an official OPI certificate from ACTFL with a rating of ADVANCED-LOW or higher and take the French PRAXIS test. At least one month before student teaching applications are due, students should schedule an OPI through the Center for Language Studies, 3086 JFSB.

Requirement 5 — Complete 6 Courses

NOTE: FBI fingerprint and background clearance must be completed before enrollment in FLang 276.

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

FLANG276 Exploration-Tchg Foreign Lang - Exploration-Tchg Foreign Lang 4.0

IP&T371 Integrating K-12 Ed Tec 1 - Integrating K-12 Ed Tec 1 1.0

IP&T373 Tching K-12 Online/Blended Lrn - Tching K-12 Online/Blended Lrn 1.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

Requirement 6 — Complete 12 hours

FREN476R Secondary Student Teaching - Secondary Student Teaching - *You may take once* 12.0v

FREN496R Academic Internship - Academic Internship - *You may take once* 12.0

Note: The Department of French and Italian offers the following resources to strengthen language skills: conversation courses (FREN 211R, 311R, 411R), Foreign Language Student Residence, Study Abroad, and internships in French-speaking countries. Please refer to the specific program or course description for detailed information about these resources.

30.5

Maximum Credit Hours
45.5

Major Academic Plan
MAPS - BA in French Studies 2026-2027.docx

Learning Outcomes

Title
Communication and Language Competence

Learning Outcome
Graduates in French communicate meaningfully, effectively, and ethically in spoken and written French at the advanced level according to ACTFL guidelines. Using a vocabulary that allows them to discuss issues of local, national, and global interest, they are able to communicate in a range of real-world and academic contexts. They adapt their language to audience, context, and communicative goals, thus demonstrating skills that enable them to serve in a broader range of capacities and communities and that facilitate their becoming life-long learners.

Title
Information Literacy and Critical Thinking

Learning Outcome
Graduates in French accurately and insightfully analyze the language, literature, and other cultural products of the French-speaking world by recognizing, evaluating, and synthesizing relevant primary and critical sources in their research and other scholarly products. In so doing, they demonstrate the learned abilities to think critically and to "seek out and share only credible, reliable, and factual sources of information" (General Handbook, 38.8.41). Their moral character is reflected in the ethical practices they uphold in their research, including the appropriate use of artificial intelligence tools.

Title
Cultural Navigation and Interpretation

Learning Outcome
Graduates in French adeptly negotiate cultural values and practices transmitted through literature, film, and other media, as well as engage with complexities of the French-speaking world to create meaningful connections with people of other cultures and perspectives. Their careful study of these cultural products promotes the lifelong cultivation of humility, empathy, and Christlike charity toward their fellow beings.

Program Requirements

Students must complete the requirements for a primary major in another field.

The French and Italian Department requires a minimum of 21 major hours to be taken in residence at BYU for this degree program. These hours may also count toward BYU's 30-hour residency requirement for graduation.

The French Studies BA starts with FREN 321. As needed, students may take some or all of the following: FREN 101, 102, 201, 202. Students with prior experience in French can contact the French undergraduate adviser to select the appropriate beginning course. Native speakers and returned missionaries typically enroll in FREN 321; FREN 201 or FREN 202 may be appropriate for those with less language experience.

We recommend students participate in significant French-language experiential learning during the course of their major. This could take the form of a mission, Study Abroad program, internships, and/or a semester in the Language Immersion Student Residence (or LISR).

We recommend students take HCOLL 310: Humanities in Professional Life (1.0) during their senior year, preferably the same semester as FREN 495: Senior Portfolio Capstone. HCOLL 310 helps humanities graduates articulate how their degree has trained them to communicate effectively, gather and synthesize information, interpret complex texts, and navigate different cultures.

Requirement 1 —Complete 4 Courses

FREN321 Advanced French Part 1 - Advanced French Part 1 3.0

FREN322 Advanced French Part 2 - Advanced French Part 2 3.0

FREN330 Intro to French Linguistics - Intro to French Linguistics 3.0

FREN340 Intro to Literary Analysis - Intro to Literary Analysis 3.0

Requirement 2 —Complete 2 of 3 Courses

FREN361 French Arts & Culture to 1715 - French Arts & Culture to 1715 3.0

FREN362 French Arts & Culture 1715- - French Arts & Culture 1715- 3.0

FREN363 Contemp. France, Francophone - Contemp. France, Francophone 3.0

Requirement 3 —Complete 12 hours

NOTE: Courses taken to complete requirements above may not be double counted here. NOTE: No more than 6 credits may come from any combination of the following: FREN 399R, FREN 411R, FREN 445.

FREN317 French & Italian Cinema - French & Italian Cinema 3.0

FREN361 French Arts & Culture to 1715 - French Arts & Culture to 1715 3.0

FREN362 French Arts & Culture 1715- - French Arts & Culture 1715- 3.0

FREN363 Contemp. France, Francophone - Contemp. France, Francophone 3.0

FREN377 French Teaching Methods 1 - Intro to French Language Tchg 3.0

FREN399R Academic Internship - Academic Internship - *You may take once* 0.5v

FREN411R Convers at Superior Level- Convers at Superior Level - *You may take once* 3.0

FREN414 French Translation - French Translation 3.0

FREN432 History of French - History of French 3.0

FREN433R Studies in French Linguistics - Studies in French Linguistics - *You may take 3 times* 3.0

FREN445 Advanced Francophone Culture - Advanced Francophone Culture 3.0

FREN452R Studies in Period,Mvmt & Theme - Studies in Period,Mvmt & Theme - *You may take 5 times* 3.0

FREN453R Studies in Genre - Studies in Genre - *You may take 5 times* 3.0

FREN454R Studies in Author - Studies in Author - *You may take 5 times* 3.0

FREN455R Studies in Literary Theory - Studies in Literary Theory - *You may take 5 times* 3.0

FREN456R Francophone Studies - Francophone Studies - *You may take 5 times* 3.0

FREN457R Studies in French Culture - Studies in French Culture - *You may take 5 times* 3.0

FREN458R Women in French Literature - Women in French Literature - *You may take 5 times* 3.0

FREN470R Direct Enrollment France - Direct Enrollment France - *You may take once* 1.0v

FREN480R Mentored Research - Mentored Research - *You may take 5 times* 1.0v

FREN481R French Lecture Series - French Lecture Series - *You may take 3 times* 1.0

MSB596R Business Language - Business Language - *You may take once* 3.0

Requirement 4 —Complete 1 Course

FREN495 Senior Capstone - Senior Capstone 0.5

Note: To determine language proficiency, students in FREN 495 will take the official ACTFL Oral Proficiency Interview (OPI), Writing Proficiency Test (WPT), and adaptive reading and listening comprehension tests. It is expected, though not required, that graduating French majors achieve ratings of Advanced Low or higher for each ACTFL evaluation.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

Declare the minor at the Liberal Arts Advisement Center and contact the German Teaching major advisor for advising.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Complete the following prerequisite courses: Germ 101, 102, 201, 202. Some or all may be waived based on placement exam. See german.byu.edu for more information or contact the department.

Requirement 1 — Complete 6 Courses

Note: Germ 377 must be taken concurrently with Germ 378. Germ 377 and 378 may be waived for students who have taken a methods course for another language.

GERM301 German Cultural History - Intermediate German 3.0

GERM302 Germany 20th Century - Germany 20th Century 3.0

Learning Outcomes

Title
1. Language Proficiency

Learning Outcome
Our graduates listen, read, speak, and write at the ACTL Intermediate-high level and thus communicate effectively with a wide range of Russian-speaking audiences.

Title
2. Cultural Navigation

Learning Outcome
Our graduates are effective leaders, ministers, and disciples of Christ, fostering belonging in various contexts by respectfully approaching the cultural perspectives, practices, and products in Russian-speaking communities with curiosity, sensitivity, and appreciation.

Title
3. Communication and Information Literacy

Learning Outcome
Our graduates think clearly, communicate effectively, understand important ideas in their own cultural tradition as well as that of Russian-speakers, and establish clear standards of intellectual integrity

Title
4. Lifelong Learning

Learning Outcome
Our graduates are committed to service within their local and global communities, exemplifying personal initiative, and reflective participation as they engage in cultural exchange with Russian-speakers.

Program Requirements

- It is strongly recommended that StDev 317, a 2-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic

employment strategies, including the steps necessary for obtaining employment related to their own specialty. HColl 310, a 1-credit hour course, is also recommended at the end of the junior or beginning of the senior year. This course helps students frame their humanities experience as professional preparation. Students will learn how to translate the unique value of their degree as they pursue a variety of professional paths.

- Important Note for Returned Russian-Speaking Missionaries: (1) Register for third-year Russian classes. Russ 330 is recommended. (2) Russ 202 will be waived as a requirement for Russian majors and should not be taken except when remedial work is necessary and permission is obtained from the section leaders. (3) Credit for Russ 101, 102, 201, and 211 is available through a test given as part of Russ 330. (4) Returned missionaries must complete Russ 330 and talk with the Russian section head before declaring a major.

RECOMMENDED complete 4 courses

Complete the following prerequisite courses: Russ 101, 102, 201, 202

RUSS 101 - First-Year Russian, Part 1 4.0 RUSS 102 - First-Year Russian, Part 2 4.0 RUSS 201 - Second-Year Russian, Part 1 4.0 RUSS 202 - Second-Year Russian, Part 2 4.0

Requirement 1 — Complete 5 Courses

Language courses:

RUSS321 3rd Yr Russian, Part 1 - 3rd Yr Russian, Part 1 3.0

RUSS322 3rd Yr Russian, Part 2 - 3rd Yr Russian, Part 2 3.0

RUSS323 Phonology & Morphology - Phonology & Morphology 3.0

RUSS421 4th Yr Russian, Part 1 - 4th Yr Russian, Part 1 3.0

RUSS422 4th-Year Russian, Part 2 - 4th-Year Russian, Part 2 3.0

Requirement 2 — Complete 5 Courses

Literature and culture courses:

RUSS330 Cultural History of Russia - Cultural History of Russia 3.0

RUSS340 Russian Novel in English - Russian Novel in English 3.0

RUSS441 Russian Literature 1 - Russian Literature 1 3.0

RUSS442 Russian Literature 2 - Russian Literature 2 3.0

RUSS492R Senior Seminar - Senior Seminar - *You may take once* 2.0

Requirement 3 — Complete 1 of 4 Courses

Electives:

RUSS341 Dostoevsky - Dostoevsky 3.0

RUSS342 Tolstoy - Tolstoy 3.0

RUSS343 Masterpieces of Russian Film - Masterpieces of Russian Film 3.0

RUSS344 Russian Arts & Letters - Russian Arts & Letters 3.0

Requirement 4 — Complete 1 of 2 Courses

Complete one professionalizing course or an equivalent course. Contact the department internship coordinator for more information. A second major or substantial minor may be substituted for this course in certain circumstances.

RUSS199R Academic Internship - Academic Internship - *You may take once* 0.5v

RUSS399R Academic Internship - Academic Internship - *You may take once* 0.5v

Contact the department internship coordinator for more information.

NOTE: Students are strongly encouraged to participate in a related Russian language/cultural immersion experience, such as living at the Language Immersion Student Residence and/or participating in a Study Abroad program after RUSS 202.

Major Academic Plan
MAPS - BA in German Teaching 2026-2027.docx

Learning Outcomes

Title
German Language Proficiency

Learning Outcome
Over the past year, all graduates have reached a minimun proficiency level of Advanced Low.

Title
Cultural Literacy and Linguistics

Learning Outcome
Students will demonstrate a broad knowledge, comprehension, and appreciation of the culture, literature, linguistics, and history of German-speaking countries.

Title
Critical Engagement

Learning Outcome
Students will communicate effectively in speech and writing about topics related to the culture, literature, and linguistics of German-speaking countries. Their presentations and writing will demonstrate careful analysis, critical thinking, coherent argumentation, and the ability to connect their ideas to those of relevant scholars and thinkers.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

- For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

- Declare the major at the Liberal Arts Advisement Center and contact the German Teaching major advisor for advising.

- Complete the following prerequisite courses: GERM 101, 102, 201, 202. Some or all may be waived based on placement exam or challenge exam. See german.byu.edu for more information or contact the department.

Requirement 1 —Complete 2 hours

Complete 3 hours of the following or equivalent residency (mission, study abroad, internship, German language residence):

GERM311R Advanced Conversation - Advanced Conversation - *You may take up to 3.0 credit hours* 1.0v

Requirement 2 —Complete 7 Courses

Note: Germ 377 must be taken concurrently with Germ 378. Germ 377 and 378 may be waived for students who have taken a methods course for another language.

GERM301 German Cultural History - Intermediate German 3.0

GERM302 Germany 20th Century - Germany 20th Century 3.0

GERM303 Germany Today - Germany Today 3.0

GERM343 Intro to German Literature - Intro to German Literature 3.0

GERM344 Intro to German Linguistics - Intro to German Linguistics 3.0

GERM377 Methods in Teaching German - Methods in Teaching German 3.0

GERM378 Practicum in Teaching German - Practicum in Teaching German 1.0

Requirement 3 —Complete 13 hours

Complete 13 additional hours of courses numbered 217 or higher.

GERM217 German & Scandinavian Cinema - German & Scandinavian Cinema 3.0

GERM250 Marx, Nietzsche, Freud - Marx, Nietzsche, Freud 3.0

GERM300R 3rd Yr Proficiency Tutorial - 3rd Yr Proficiency Tutorial - *You may take once* 1.0v

GERM340 Writing About Literature - Writing About Literature 3.0

GERM345R Field Studies in German - Field Studies in German - *You may take once* 1.0v

GERM346 German Art and Architecture - German Art and Architecture 3.0

GERM399R Academic Internship - Academic Internship - *You may take once* 0.5v

GERM412R German Proficiency Workshop 2 - German Proficiency Workshop 2 - *You may take once* 1.0v

GERM440R Topics in German Literature - Topics in German Literature - *You may take once* 3.0

GERM450 Hist of the German Language - Hist of the German Language 3.0

GERM460 Structure of Modern German - Structure of Modern German 3.0

GERM470R Topics in German Linguistics - Topics in German Linguistics - *You may take once* 3.0

GERM497R Sr Sem in German Language - Sr Sem in German Language - *You may take once* 3.0

Requirement 4 —Complete 1 Course

Complete the following courses (not offered spring or summer) during one of last two semesters before graduation. The courses must be taken concurrently. Germ 400R prepares students for proficiency exams. Germ 401 posts the Teacher Work Sample grade to the transcript. Completion of Germ 400R two semesters before student teaching is recommended.

GERM400R 4th-Yr Proficiency Tutorial - 4th-Yr Proficiency Tutorial - *You may take once* 1.0

Complete the ETS Praxis test for German prior to applying for graduation and certification. Contact Education Student Services in 120 MCKB to sign up for the test.

Professional Education Component:

Licensure requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

All candidates for teacher licensure are required to be fingerprinted and pass an FBI background check prior to enrolling in FLANG 276. Go to 350 MCKB for fingerprinting and an FBI background check. Allow 2-3 weeks for processing. Fingerprint clearance is valid for three years only. If clearance expires prior to student teaching, candidates must repeat the fingerprint clearance and fee process. Failing to expunge or clear up a police record of any kind prior to the background check may result in a blocked registration while a review board investigates the charges. Candidates who do not pass an FBI background check will be removed from the teacher education licensure program.

Requirement 5 —Complete 7 Courses

Note: FBI fingerprint and background clearance must be completed before enrollment in FLANG 276. Note: FLANG 276 is the prerequisite for CPSE 402, IP&T 286, SC ED 353, and SC ED 375.

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

FLANG276 Exploration-Tchg Foreign Lang - Exploration-Tchg Foreign Lang 4.0

IP&T371 Integrating K-12 Ed Tec 1 - Integrating K-12 Ed Tec 1 1.0

IP&T373 Tching K-12 Online/Blended Lrn - Tching K-12 Online/Blended Lrn 1.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

Requirement 6 —Complete 12 hours

GERM476 Secondary Student Teaching - Secondary Student Teaching - *You may take up to 12.0 credit hours* 12.0

Complete an ACTFL Oral Proficiency Interview or ACTFL Oral Proficiency Interview—Computer and receive a minimum rating of Advanced-Low before applying to student teach. Contact the Center for Language Studies (3086 JFSB) to schedule your interview. This requirement may also be satisfied during Germ 400R.

German (BA)

Program Information

Minimum Credit Hours
33

Maximum Credit Hours
49

Learning Outcomes

Title
German Language Proficiency

Learning Outcome
Students will speak, listen, read, and write German at the ACTFL Advanced Low level or higher.

Title
Cultural Literacy and Linguistics

Learning Outcome
Students will demonstrate a broad knowledge, comprehension, and appreciation of the culture, literature, linguistics, and history of German-speaking countries.

Title
Critical Engagement

Learning Outcome
Students will communicate effectively in speech and writing about topics related to the culture, literature, and linguistics of German-speaking countries. Their presentations and writing will demonstrate careful analysis, critical thinking, coherent argumentation, and the ability to connect their ideas to those of relevant scholars and thinkers.

Title
Lifelong Learning and Character Building

Learning Outcome
Students will become more curious about other cultural traditions and societies, and understand how engagement with these can clarify one's own intellectual and moral commitments. They will develop skills of close reading and analysis that will allow to see more than they would otherwise see in the world around them, and thus act more wisely and responsibly.

Program Requirements

Complete the following prerequisite courses: Germ 101, 102, 201, 202. Some or all may be waived based on placement exam or challenge exam. See german.byu.edu for more information or contact the department.

Requirement 1 — Complete 2 hours

This credit is usually acquired through a challenge exam, study abroad, an internship, or the German House.

GERM311R Advanced Conversation - Advanced Conversation 1.0v

Requirement 2 — Complete 5 Courses

GERM301 German Cultural History - German Cultural History 3.0

GERM302 Germany 20th Century - Germany 20th Century 3.0

GERM303 Germany Today- Germany Today 3.0

GERM343 Intro to German Literature - Intro to German Literature 3.0

GERM344 Intro to German Linguistics - Intro to German Linguistics 3.0

Requirement 3 — Complete 6 hours

R courses (440R, 470R) may be repeated to fulfill this requirement.

GERM440R Topics in German Literature - Topics in German Literature 3.0

GERM450 Hist of the German Language - Hist of the German Language 3.0

GERM460 Structure of Modern German - Structure of Modern German 3.0

GERM470R Topics in German Linguistics - Topics in German Linguistics 3.0

Requirement 4 — Complete 9 hours

Additional credits of Germ 440R and 470R can be applied here once Requirement 3 is fulfilled.

MSB 596R may only be applied once to Requirement 4

GERM217 German & Scandinavian Cinema - German & Scandinavian Cinema 3.0

GERM250 Marx, Nietzsche, Freud - Marx, Nietzsche, Freud 3.0

GERM340 Writing About Literature - Writing About Literature 3.0

GERM345R Field Studies in German - Field Studies in German 1.0v

GERM346 German Art and Architecture - German Art and Architecture 3.0

GERM399R Academic Internship - Academic Internship 0.5v

GERM440R Topics in German Literature - Topics Lit Film Culture 3.0

GERM441R Topics in German Lit (English) - Topics in German Lit (English) 3.0

GERM450 Hist of the German Language - Hist of the German Language 3.0

GERM460 Structure of Modern German - Structure of Modern German 3.0

GERM470R Topics in German Linguistics- Topics in German Linguistics 3.0

MSB596R Business German - Business German - *You may take once* 3.0

Requirement 5 —Complete 1 Course

The following course prepares students for ACTFL proficiency exams. Complete in last year of program.

GERM400R 4th-Yr Proficiency Tutorial- 4th-Yr Proficiency Tutorial 1.0

Classical Studies (Greek option) (Minor)

Program Information

Minimum Credit Hours
22

Maximum Credit Hours
22

Learning Outcomes

Title
Mechanics of the Greek language

Learning Outcome
With minimal and informed recourse to dictionaries, grammars, commentaries, and other translation aids, students will be able to read and comprehend the prose and poetry of Classical Greek authors. Specifically, they will be able to read and comprehend the writings of Xenophon, Homer, Plato, Euripides, and other Greek authors of comparable difficulty.

Title
Interpretation and analysis of Greek texts

Learning Outcome
Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts.

Title
Understanding and contextualizing ancient Greek culture

Learning Outcome
Students will demonstrate a broad knowledge and comprehension of the history, literature, philosophy, and visual arts of Greece from Mycenaean civilization through the Hellenistic Age.

Program Requirements

Requirement 1 — Complete 16 hours

GREEK from: 201 to: 499

Requirement 2 — Complete 6 hours

CL CV from: 100 to: 499

CLSCS from: 100 to: 499

GREEK from: 100 to: 499

Note: Greek 411R may be taken only once.

Classical Studies (Latin option) (Minor)

35

Learning Outcomes

Title
Mechanics of the Latin language

Learning Outcome
With minimal and informed recourse to dictionaries, grammars, commentaries, and other translation aids, students will be able to read and comprehend the prose and poetry of Classical Latin authors. Specifically, they will be able to read and comprehend the writings of Caesar, Vergil, Cicero, Tacitus, and other Latin authors of comparable difficulty. Students will be able to compose Latin sentences and paragraphs in imitation of the style of Classical Roman masters. We currently have no students enrolled in the Latin teaching minor, so it has received almost no attention by the faculty. We will continue to monitor the minor if/when students enroll in it.

Title
Interpretation and analysis of Latin texts

Learning Outcome
Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts.

Title
Understanding and contextualizing the culture of Rome

Learning Outcome
Students will demonstrate a broad knowledge and comprehension of the history, literature, philosophy, and visual arts of Rome from the Regal Period to the decline of the Empire.

Title
Teaching

Learning Outcome
Demonstrate effective Latin teaching.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 1 of 2 Options

NOTE: Latin 101, 102, 111 may be waived with equivalent language experience.

Option 1.1 — Complete 2 Courses

LATIN101 1st-Year Latin - 1st-Year Latin 4.0

LATIN102 1st-Year Latin - 1st-Year Latin 4.0

Option 1.2 — Complete 1 Course

LATIN111 Beginning Latin Accelerated - Beginning Latin Accelerated 5.0

Requirement 2 — Complete 6 Courses

NOTE: The Latin 302 course is the prerequisite for all 400-level Latin prose courses and the Latin 301 course is the prerequisite for all 400-level Latin poetry courses. Concurrent enrollment will be permitted only in rare and special cases and must have the approval both of the classics section head and of the instructor of the 400-level course concerned.

LATIN201 Intermediate Latin - Intermediate Latin 4.0

LATIN301 Classical Latin Poetry - Classical Latin Poetry 3.0

LATIN302 Classical Latin Prose - Classical Latin Prose 3.0

Interdisciplinary Humanities (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
Cultural and Intellectual History

Learning Outcome
Demonstrate broad interdisciplinary knowledge of cultural and intellectual history, including proficiency in a foreign language.

Title
Proficiency in Interdisciplinary Approaches to Humanities

Learning Outcome
Demonstrate proficiency in interdisciplinary approaches to the humanistic tradition as well as concentrated coursework in a chosen track.

Title
Critical Thinking, Research, and Writing Skills

Learning Outcome
Demonstrate the skills of humanistic study, i.e. analyze, think critically and write clearly and persuasively.

Title
Post-baccalaureate Preparation, Lifelong Learning, Service

Learning Outcome
Prepare for career or post-baccalaureate education through additional concentrated coursework specifically related to individual educational and career goals.

Program Requirements

Requirement 1 — Complete 4 Courses

IHUM201 Western Humanities 1 - Western Humanities 1 3.0

IHUM202 Western Humanities 2 - Western Humanities 2 3.0

IHUM250 Intro to Interdisciplinary Hum - Intro to Interdisciplinary Hum 3.0

IHUM350 Interpretation of Lit & Arts - Interpretation of Lit & Arts 3.0

Requirement 2 — Complete 1 of 7 Courses

IHUM241 Humanities of East Asia - Humanities of East Asia 3.0

IHUM242 Intro to Humanities of Islam - Intro to Humanities of Islam 3.0

IHUM243 Humanities of South Asia - Humanities of South Asia 3.0

IHUM244 Humanities of Africa - Humanities of Africa 3.0

IHUM260 Humanities of Latin America - Humanities of Latin America 3.0

IHUM261 AmerHumanities1:Colonial-1876 - AmerHumanities1:Colonial-1876 3.0

IHUM262 AmerHumanities2:1877-Present - AmerHumanities2:1877-Present 3.0

Requirement 3 — Complete 1 Course

IHUM490R Seminar in the Humanities - Seminar in the Humanities - *You may take once* 3.0

Requirement 4 — Obtain confirmation from your advisement center that you have completed the following:

Meet the GE Languages of Learning requirement.

International Cinema Studies (Minor)

Requirement 6 — Complete 2 Courses

IHUM350 Interpretation of Lit & Arts - Interpretation of Lit & Arts 3.0

IHUM370 Contemporary Issues - Contemporary Issues 3.0

Requirement 7 — Complete 1 Course

IHUM390R Junior Seminar - Junior Seminar - *You may take once* 3.0

Requirement 8 — Complete 1 Requirement

Note: Students choosing Option 8.1, the internship course (IHum 399R), will work with the IHum internship coordinator; students choosing one of the other alternatives listed under Option 8.2 must gain approval from the IHum section head.

Requirement 8.1 — Complete 1 Course

IHUM399R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 1.0v

Requirement 8.2 — Obtain confirmation from your advisement center that you have completed the following:

Complete an equivalent type of experiential learning opportunity such as Study Abroad, field studies, ORCA fellowships, Honors thesis, or mentored research project.

Complete an equivalent type of experiential learning opportunity such as Study Abroad, field studies, ORCA fellowships, Honors thesis, or mentored research project.

Requirement 9 — Complete 1 of 7 Options

Complete 12 hours in one of the following tracks as approved by a faculty advisor. At least 6 of the 12 hours must be from upper division courses.

Option 9.1 — Obtain confirmation from your advisement center that you have completed the following:

A. Double Major or Minor Track: Courses from a double major or minor in a field relevant to the student's Interdisciplinary Humanities studies may be used to satisfy this requirement. Contact the Interdisciplinary Section Head for more information about utilizing this option.

Option 9.2 — Complete 12 hours

B. Art History Track:

ARTED397 Issues in Contemporary Art - Issues in Contemporary Art 3.0

ARTHC304 Greek Art - Greek Art 3.0

ARTHC306 Roman Art - Roman Art 3.0

ARTHC310 Early Christian&Byzantine Art - Early Christian&Byzantine Art 3.0

ARTHC320 Italian Renaissance - Italian Renaissance 3.0

ARTHC325 Northern Renaissance - Northern Renaissance 3.0

ARTHC330 Southern Baroque Art - Southern Baroque Art 3.0

ARTHC335 Northern Baroque Art - Northern Baroque Art 3.0

ARTHC340 19th C Europe Art - 19th C Europe Art 3.0

ARTHC345 American Art to 1876 - American Art to 1876 3.0

ARTHC350 Modern Art - Modern Art 3.0

ARTHC355 Contemporary Art - Contemporary Art 3.0

ARTHC365 Amer Architecture - Amer Architecture 3.0

ARTHC367 Modern Architectur - Modern Architectur 3.0

ARTHC375 Japanese Art & Architecture - Japanese Art & Architecture 3.0

ARTHC380 Northern Mesoamerican Art - Northern Mesoamerican Art 3.0

ARTHC382 Southern Mesoamerican Art - Southern Mesoamerican Art 3.0

ARTHC490R Spec Top Read Arth - Spec Top Read Arth - *You may take once* 1.0v

Option 9.3 — Complete 12 hours

C. English Track:

AM ST300 Lit & Cultures of Amer West - Lit & Cultures of Amer West 3.0

ELANG 324 - Hist of the English Language - *This course is no longer available.*

ENGL291 British Literary History 1 - British Literary History 1 3.0

ENGL292 British Literary History 2 - British Literary History 2 3.0

ENGL293 American Literary History - American Literary History 3.0

ENGL300R Brit Liter in Cultural Setting - Brit Liter in Cultural Setting - *You may take once* 0.5v

ENGL322 Rhetorical Foundations - Rhetorical Foundations 3.0

ENGL 333 - The British Novel - *This course is no longer available.*

ENGL 336 - The American Novel - *This course is no longer available.*

ENGL337R Studies in Lit Form and Genre - Studies in Lit Form and Genre - *You may take once* 3.0

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

PHIL350R Studies in Contemporary Phil - Studies in Contemporary Phil - *You may take once* 3.0

PHIL413R Topics in Ethics - Topics in Ethics - *You may take once* 3.0

PHIL414R Advanced Philosophy of Art - Advanced Philosophy of Art - *You may take once* 3.0

PHIL415 Philosophy of Religion - Philosophy of Religion 3.0

PHIL416 Philosophy of Law - Philosophy of Law 3.0

PHIL420 Philosophy of Language - Philosophy of Language 3.0

PHIL421 Metaphysics - Metaphysics 3.0

PHIL422 Epistemology - Epistemology 3.0

PHIL423R History&Philosophy of Science - History&Philosophy of Science - *You may take once* 3.0

Option 9.9 — Complete 2 Requirements

I. Theatre Track:

Requirement 9.9.1 — Complete 9 hours

TMA301 Contemp Performance Practices - Contemp Performance Practices 2.0

TMA377C Methods Applied Theatre - Methods Applied Theatre 3.0

TMA380 Production Dramaturgy - Production Dramaturgy 3.0

TMA395 Dramatic Literature 1 - Dramatic Literature 1 3.0

TMA396 TMA 396 -Dramatic Literature 2 - Dramatic Literature 2 3.0

TMA443R WDA Workshop - WDA Workshop - *You may take once* 3.0

TMA485R Dramaturgy Practicum - Dramaturgy Practicum - *You may take once* 1.0v

Requirement 9.9.2 — Complete 3 hours

DANCE359R Special Topics & Issues - Special Topics & Issues - *You may take once* 2.0

ENGL 341 - British Drama to 1800 - *This course is no longer available.*

ENGL 343 - Modern British Drama - *This course is no longer available.*

GREEK434 Sophocles & Euripides - Sophocles & Euripides 3.0

JAPAN351 Lit in Tran: 17th-19th Century - Lit in Tran: 17th-19th Century 3.0

SPAN456R Spanish-American Drama - Spanish-American Drama - *You may take once* 3.0

Requirement 10 — Complete 6 hours

Complete six hours of the following capstone course (take twice):

IHUM490R Seminar in the Humanities - Seminar in the Humanities - *You may take 2 times* 3.0

IHUM490R Seminar in the Humanities - Seminar in the Humanities - *You may take 2 times* 3.0

Comparative Literature (BA)

Program Information

Minimum Credit Hours
38

Maximum Credit Hours
58

Major Academic Plan
MAPS - BA in Comparative Literature 2026-2027.docx

Learning Outcomes

Title
Foreign Language Proficiency

Learning Outcome
Demonstrate the ability to analyze a literary text in at least one language in addition to English.

Title
Literary History and Traditions

Learning Outcome
Articulate a sound understanding of the broad outlines of western literary history, including the place of Classical Greek and Roman literature within its development, and demonstrate familiarity with the Asian tradition; know the literary traditions of two languages well enough to successfully complete course work and a reading list, chosen in consultation with a faculty adviser.

Title
Literary Analysis and Writing

Learning Outcome
Use tools and methods of literary analysis central to the discipline of Comparative Literature to read, analyze, and interpret literary texts closely and critically, and in the original language, and to communicate that analysis through clear and persuasive writing.

Title
Researching Problems in Literary Studies

Learning Outcome
Identify and research a problem in literary study by gaining an understanding of the state of knowledge surrounding the issue, analyzing the primary and secondary sources relevant to it, and formulating and following a method appropriate to the problem.

Program Requirements
It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Acquire a thorough knowledge of two language traditions relevant to individual program of study (one of these may be English for students who emphasize the Anglo-American literary tradition) (approximately 16-32 hours). Competence will normally be demonstrated in course work, but an examination may be required. If planning advanced work in comparative literature, students should gain reading knowledge of both an additional modern language and a classical language.

Complete a reading list (determined in consultation with a faculty advisor) and submit a writing portfolio. During the final semester enroll in CmLit 497 to complete a written examination on the reading list and to have the portfolio reviewed. CmLit 201 & 202, or 211 & 212, are strongly recommended, in part because the reading list core consists of texts treated in these courses. Students who do not complete a literature-based civilization sequence are at a disadvantage in working systematically through the list.

Course configuration must be approved by department advisor.

Requirement 1 —Complete 1 Course

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

Requirement 2 —Complete 1 Requirement

Requirement 2.1 —Complete 3 Courses

CMLIT310 Intro Comp Lit - Intro Comp Lit 3.0

CMLIT342 Asian Lit Traditns - Asian Lit Traditns 3.0

CMLIT497 Reading List Exam - Reading List Exam 1.0

Note: CmLit 310 and a reading knowledge of at least one foreign language are prerequisite to all upper-division comparative literature courses. In addition, completion of CmLit 342 and three comparative literature 400-level seminars is prerequisite to 497.

IHum 311: Advanced Writing in Comparative Arts and Humanities is recommended to complete the Advanced Written and Oral Communication GE requirement.

Requirement 3 —Complete 1 Requirement

Requirement 3.1 —Complete 5 Courses

CMLIT420R Period Studies - Period Studies - *You may take 5 times* 3.0

CMLIT430R Genre Studies - Genre Studies - *You may take 5 times* 3.0

CMLIT440R Theme Studies - Theme Studies - *You may take 5 times* 3.0

CMLIT450R Literary Relations - Literary Relations - *You may take 5 times* 3.0

CMLIT460R Literary Theory - Literary Theory - *You may take 5 times* 3.0

Note: While variety is recommended, students may take more than one section of the same "R" suffix courses (e.g., two 420Rs, etc.).

Requirement 4 —Complete 1 of 2 Options

Option 4.1 —Complete 1 of 4 Courses

Complete an upper-division literature course in Greek or Latin:

GREEK301 Classical Greek Poetry - Classical Greek Poetry 3.0

GREEK302 Classical Greek Prose - Classical Greek Prose 3.0

LATIN301 Classical Latin Poetry - Classical Latin Poetry 3.0

LATIN302 Classical Latin Prose - Classical Latin Prose 3.0

Option 4.2 —Complete 1 of 3 Courses

CL CV110 Intro to Greek & Roman Lit - Intro to Greek & Roman Lit 3.0

CL CV241 Greek&Roman Mythology - Greek&Roman Mythology 3.0

CL CV355 Clscs & Engl Trad - Clscs & Engl Trad 3.0

Requirement 5 —Complete 12 hours

The following courses deal with texts in the original language. These courses must be in addition to previous requirements. Although English courses may be taken, courses must be taken in at least one other language as well.

Option 5.1 —Complete at least 3 hours up to 12 hours

ARAB424R Modern Arabic Literature - Modern Arabic Literature - *You may take once* 2.0

ARAB425R Classical Arabic Texts - Classical Arabic Texts - *You may take once* 2.0

ARAB531R Adv Study Arab - Adv Study Arab - *You may take once* 0.5v

CHIN441 Classical & Literary Chinese - Classical & Literary Chinese 3.0

CHIN442 Classical & Literary Chinese - Classical & Literary Chinese 3.0

CHIN443 Modern Chinese Literature - Modern Chinese Literature 3.0

CHIN444 Contemporary Chinese Liter - Contemporary Chinese Liter 3.0

CHIN445R Chinese Poetry - Chinese Poetry - *You may take once* 3.0

CMLIT320 Junior Seminar - Junior Seminar 3.0

DANSH340 Danish Literature - Danish Literature 3.0

DUTCH340 Intro to Dutch Literature - Intro to Dutch Literature 3.0

Latin Teaching (BA)

Program Information

Minimum Credit Hours
66

Maximum Credit Hours
74

Major Academic Plan
MAPS - BA in Latin Teaching 2026-2027.docx

Learning Outcomes

Title
Mechanics of the Latin language

Learning Outcome
With minimal and informed recourse to dictionaries grammars commentaries and other translation aids students will be able to read and comprehend the prose and poetry of Classical Latin authors. Specifically they will be able to read and comprehend the writings of Caesar Vergil Cicero Tacitus and other Latin authors of comparable difficulty. Students will be able to compose Latin sentences and paragraphs in imitation of the style of Classical Roman masters.

Title
Interpretation and analysis of Latin texts

Learning Outcome
Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts.

Title
Understanding and contextualizing the culture of Rome

Learning Outcome
Students will demonstrate a broad knowledge and comprehension of the history literature philosophy and visual arts of Rome from the Regal Period to the decline of the Empire.

Title
Teaching

Learning Outcome
Demonstrate effective Latin teaching.

Program Requirements
Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.

Requirement 1 — Complete 1 Course

HCOLL310 Humanities & Professional Life - Humanities & Professional Life 1.0

Requirement 2 — Complete 2 Courses

CL CV246 Golden Age of Rome - Golden Age of Rome 3.0

CL CV307 Roman History - Roman History 3.0

Requirement 3 — Complete 1 of 2 Options

Note: Latin 101, 102, 111 may be waived with equivalent language experience.

Option 3.1 — Complete 2 Courses

LATIN101 1st-Year Latin - 1st-Year Latin 4.0

LATIN102 1st-Year Latin - 1st-Year Latin 4.0

Option 3.2 — Complete 1 Course

LATIN111 Beginning Latin Accelerated - Beginning Latin Accelerated 5.0

Requirement 4 — Complete 6 Courses

NOTE: The Latin 302 course is the prerequisite for all 400-level Latin prose courses and the Latin 301 course is the prerequisite for all 400-level Latin poetry courses. Concurrent enrollment will be permitted only in rare and special cases and must have the approval both of the classics section head and of the instructor of the 400-level course concerned.

SC ED496R Academic Internship--English - Academic Internship - *You may take up to 12.0 credit hours* 12.0

Student teachers/interns must complete three forms in their LiveText accounts (PIBS, CDS, FED) and attach their TWS to the LiveText account for their program. All four must be completed to be cleared for graduation.

Classical Studies (BA): Greek Emphasis

Program Information

Minimum Credit Hours
46

Maximum Credit Hours
46

Major Academic Plan
MAPS - BA in Classical Studies - Greek Emphasis 2026-2027.docx

Learning Outcomes

Title
Mechanics of the Greek language

Learning Outcome
With minimal and informed recourse to dictionaries, grammars, commentaries, and other translation aids, students will be able to read and comprehend the prose and poetry of Classical Greek authors. Specifically, they will be able to read and comprehend the writings of Xenophon, Homer, Plato, Euripides, and other Greek authors of comparable difficulty. Students will be able to compose Greek sentences and paragraphs in imitation of the style of Classical Greek masters.

Title
Interpretation and analysis of Greek texts

Learning Outcome
Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts.

Title
Understanding and contextualizing ancient Greek culture

Learning Outcome
Students will demonstrate a broad knowledge and comprehension of the history, literature, philosophy, and visual arts of Greece from Mycenaean civilization through the Hellenistic Age.

Program Requirements

Emphasizes Greek language and literature, with some work in Greek civilization.

It is strongly recommended that StDev 317 be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

Requirement 1 —Complete 1 Course

MAPS - BA in Classical Studies - Classical Civilization 2026-2027.docx

Learning Outcomes

Title
Mechanics of the Greek or Latin language

Learning Outcome
Students are required to take one year of either Latin or Greek, and while they may continue on with their language study, they are required to have only an introductory experience. Students will, however, will engage ancient authors in translatin.

Title
Interpretation and analysis of Greek or Latin texts

Learning Outcome
Students will demonstrate their ability to write analytical papers or the equivalent that apply close readings to Classical literary texts to develop and clearly express original interpretations of these texts. We don't yet have data to support conclusions about this program outcome (2023)

Title
Understanding and contextualizing Classical cultures

Learning Outcome
Students will demonstrate a broad knowledge and comprehension of the history, literature, philosophy, and visual arts of Greece from the Mycenaean civilization through the Hellenistic Age, and of Rome from the Regal Period to the decline of the Empire. We don't yet have data to support conclusions about this program outcome.

CL CV110 Intro to Greek & Roman Lit - Intro to Greek & Roman Lit 3.0

CL CV201 Classical Tradition 1 - Classical Tradition 1 3.0

CL CV202 Classical Tradition 2 - Classical Tradition 2 3.0

Option 2.2 — Complete up to 8 hours

GREEK101 First-Year Greek - First-Year Greek 4.0

GREEK102 First-Year Greek - First-Year Greek 4.0

LATIN101 1st-Year Latin - 1st-Year Latin 4.0

LATIN102 1st-Year Latin - 1st-Year Latin 4.0

LATIN111 Beginning Latin Accelerated - Beginning Latin Accelerated 5.0

Note: Greek 101, 102 and Latin 101, 102, 111 may be waived with equivalent language experience.

IHUM311 Adv Wrtg in Comp Arts & Hum: Advanced Writing in Comparative Arts and Humanities is recommended to complete the Advanced Written and Oral Communication GE requirement.

Requirement 3 — Complete 3 Courses

CL CV241 Greek&Roman Mythology - Greek&Roman Mythology 3.0

CL CV304 Greek History - Greek History 3.0

CL CV307 Roman History - Roman History 3.0

Requirement 4 — Complete 2 Courses

CLSCS297 Pro-Seminar - Pro-Seminar 2.0

CLSCS497 Exit Exam - Exit Exam 1.0

Requirement 5 — Complete 5 of 9 Courses

CL CV245 Golden Age of Greece - Golden Age of Greece 3.0

CL CV246 Golden Age of Rome - Golden Age of Rome 3.0

CL CV261 Gk Rom Cv Lit Film - Gk Rom Cv Lit Film 3.0

CL CV310 Classical Archaeology - Classical Archaeology 3.0

CL CV340R Topics in Classical Lit & Civ - Topics in Classical Lit & Civ - *You may take once* 3.0

CL CV355 Clscs & Engl Trad - Clscs & Engl Trad 3.0

CLSCS420 Ancient Literary Criticism - Ancient Literary Criticism 3.0

CLSCS430R Topics: Ancient Greek History - Topics: Ancient Greek History - *You may take once* 3.0

CLSCS490R Seminar in Classical Lit - Seminar in Classical Lit - *You may take once* 3.0

Linguistics (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
15

Learning Outcomes

Title
Language Structure

Learning Outcome
Demonstrate foundational knowledge of language structure, analytical techniques of linguistics, and linguistic theory in core areas of linguistics.

Program Requirements

Requirement 1 — Complete 1 Course

LING201 Intro to Linguistics (Modern) - Intro to Linguistics (Modern) 3.0

Requirement 2 — Complete 2 of 4 Courses

LING210 Sounds of Language - Sounds of Language 3.0

LING220 Structure in Language - Structure in Language 3.0

LING230 Meaning in Language - Meaning in Language 3.0

LING240 Linguistic Tools 1 - Linguistic Tools 1 3.0

Requirement 3 — Complete 6 hours

Complete 6 hours of electives from other Linguistics course work.

ELING366 Soc. Media/Mrkt. Analysis- Soc. Media/Mrkt. Analysis 3.0

LING110 Introduction to Human Language - Introduction to Human Language 3.0

LING198 Career Explorations in Ling. - Career Explorations in Ling. 2.0

LING210 Sounds of Language - Sounds of Language 3.0

LING220 Structure in Language - Structure in Language 3.0

LING230 Meaning in Language - Meaning in Language 3.0

LING240 Linguistic Tools 1 - Linguistic Tools 1 3.0

LING310 Phonetics - Phonetics 3.0

LING315 Phonology - Phonology 3.0

LING320 Morphology - Morphology 3.0

LING325 Syntax - Syntax 3.0

LING332 Semantics - Semantics 3.0

LING335 Pragmatics - Pragmatics 3.0

LING361 Speech Processing - Speech Processing 3.0

LING377R Basic Training in TESOL - Basic Training in TESOL - *You may take once* 0.5v

LING399R Academic Internship: Ling - Academic Internship: Ling - *You may take once* 0.5v

LING421R Studies in Linguistics - Studies in Linguistics - *You may take once* 3.0

LING440 Linguistic Tools 2 - Linguistic Tools 2 3.0

LING445 Intro to Psycholinguistics - Intro to Psycholinguistics 3.0

LING449R Mentored Research - Mentored Research - *You may take once* 1.0v

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING460 Typology - Typology 3.0

LING461 First Language Acquisition - First Language Acquisition 3.0

LING462 Second Language Acquisition - Second Language Acquisition 3.0

LING478 Language Tchg Methods: MTC - Language Tchg Methods: MTC 3.0

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING495R Senior Capstone - Senior Capstone - *You may take once* 3.0

LING498 Career Prep--Ling, ELING, E&P - Career Prep for Ling&ELang Maj 1.0

Digital Humanities and Technology (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
Communication

Learning Outcome
Our graduates engage with the consumption and production of digital scholarship, meaning knowledge production about digital content, tools, etc., or the publishing of such work in a digital medium. They work critically and strategically in service of their users and audience, selecting appropriate tools and media to meet their needs (including adaptive and accessible technologies). Further, our graduates follow design thinking methods to communicate and solve problems, spiritually strengthening themselves and others. They demonstrate Christlike awareness of self and others (empathizing), draft solutions (defining, ideating, and prototyping), and seek and appreciate feedback (testing) before fully developing a final product (iterating).

Title
Information Literacy

Learning Outcome
Our graduates will "locate credible information, identify patterns, and narrate their connections to relevant contexts" (Humanities Competencies, pt 2). They learn to translate humanities content and ideas into formats that are suitable for data analysis. Working line upon line, they engage in algorithmic thinking, which is the mindset to simplify complex problems into smaller tasks (Alma 37:6), order those tasks into a series of logical steps, and then complete each task. Graduates will discern which problems are susceptible to this mode of thought and will effectively present data-oriented work to others who may not have the same perspective or experience. Not only can these skills open the door to future employment and research opportunities, they also contribute to students' ability to consume information with a more discerning eye.

Title
Character Building

Learning Outcome
BYU "seeks to educate students who are renowned for what they are as well as for what they know" ("Aims"). To this end, students completing the DigHT minor will have developed their character by completing assignments that require iterative learning and practice. Moreover, they will frequently complete these assignments in groups, providing them with the opportunity to celebrate and confront both their own strengths and weaknesses and those of their peers. The humility and resilience our students develop while doing hard things prepares them to see everyone as a child of God and to continue learning throughout their lives.

Program Requirements

Requirement 1 — Complete 1 Course

DIGHT215 Intro to Digital Humanities - Intro to Digital Humanities 3.0

Requirement 2 — Complete 12 hours

Option 2.1 — Complete 12 hours

DIGHT210 Programming in Humanities 1 - Programming in Humanities 1 3.0

DIGHT230 Intro to Print Publishing - Intro to Print Publishing 3.0

DIGHT250 Web Publishing - Web Publishing 3.0

DIGHT260 Tools for Text Processing - Tools for Text Processing 3.0

DIGHT310 Programming in Humanities 2 - Programming in Humanities 2 3.0

DIGHT315 Research in the Digital Hum - Research in the Digital Hum 3.0

DIGHT330 Intermediate Print Publishing - Intermediate Print Publishing 3.0

DIGHT340 JavaScript Development - JavaScript Development 3.0

DIGHT350 Web Information Technologies - Web Information Technologies 3.0

DIGHT360 Text Processing and Analysis - Text Processing and Analysis 3.0

DIGHT390R Tools Development Seminar - Tools Development Seminar - *You may take once* 1.0v

DIGHT395R Digital Hum Research Seminar - Digital Hum Research Seminar - *You may take once* 1.0v

Up to 6 credits of technology-intensive coursework from other departments may be counted towards this requirement with the approval of the DigHT program coordinator.

Requirement 3 — Complete 3 hours

Complete 3 credit hours of capstone courses. (Note: A project/internship/ capstone course in the student's major involving substantial computer work may also be used. See the DigHT coordinator for details.)

DIGHT495R Digital Humanities Project - Digital Humanities Project - *You may take up to 3.0 credit hours* 1.0v

DIGHT496R Technology Internship - Technology Internship - *You may take up to 3.0 credit hours* 1.0v

Translation and Localization (Minor)

Program Information

Minimum Credit Hours
16

Maximum Credit Hours
22

Program Requirements

Requirement 1 — Complete 1 Course

PLANG270 Intro to the Language industry - Intro to the Language industry 1.0

Requirement 2 — Complete 1 of 4 Courses

FREN414 French Translation - French Translation 3.0

PLANG414 Intro to Translation - Intro to Translation 3.0

PORT360 Intro to Translation - Intro to Translation 3.0

SPAN360 Intro to Translation - Intro to Translation 3.0

Requirement 3 — Complete 1 Course

PLANG380 Computer-Assisted Translation - Computer-Assisted Translation 3.0

Requirement 4 — Complete 1 of 2 Courses

PLANG460 Software Localization - Software Localization 3.0

PLANG470 Web Localization - Web Localization 3.0

Requirement 5 — Complete 1 of 4 Courses

NOTE: Course taken in Requirement 4 cannot double count for Requirement 5

PLANG460 Software Localization - Software Localization 3.0

PLANG470 Web Localization - Web Localization 3.0

PLANG480 Adv Sys & AI in Translation - Adv Compu-Assistd Translation 3.0

PLANG540 Prof Lang: Project Mgmt - Prof Lang: Project Mgmt 3.0

PLANG399R Translation Localizatn Intern - Translation Localizatn Intern - *You may take once* 0.5v

Computational Linguistics (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
Technical Skills

Learning Outcome
Be proficient in the use of technical tools in support of the analysis of language, and be able to work in a team to produce and use those tools.

Title
Artifacts Creation

Learning Outcome
Produce linguistic artifacts (e.g. grammars, lexicons, corpora, portfolios, computer systems, experiments) that draw on knowledge of technical tools in linguistics.

Title
Effective Communication

Learning Outcome
Effectively communicate about technical tools in writing and speaking, including documenting tools produced, describing findings of linguistic analyses and explaining tools or software used in analyses.

Title
Adaptability Skills

Learning Outcome
Develop the ability to learn new skills and techniques quickly, and manage and organize time and attention in a productive manner.

Program Requirements

Note: A maximum of 9 credit hours may double count between the Linguistics BA and the Linguistic Computing minor.

Requirement 1 — Complete 1 of 2 Courses

ELING223 Intro to English Language - Intro to English Language 3.0

LING201 Intro to Linguistics (Modern) - Intro to Linguistics (Modern) 3.0

Requirement 2 — Complete 1 of 2 Courses

Note: With permission from minor advisor, this requirement can be fulfilled with additional class from those listed in Requirement 5 for those with prior programming experience.

C S110 How to Program - How to Program 3.0

C S111 Intro to Computer Science - Intro to Computer Science 3.0

DIGHT210 Programming in Humanities 1 - Programming in the Humanities 1 3.0

Requirement 3 — Complete 1 of 3 Courses

ELING273 Intro to ELing Resrch Mthds - Introduction to English Linguistic Research Methods 3.0

LING240 Linguistic Tools 1 - Linguistic Tools 1 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

Requirement 4 — Complete 1 of 2 Courses

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

DIGHT360 Text Processing and Analysis - Text Processing and Analysis 3.0

Requirement 5 — Complete 2 of 8 Courses

C S471 Voice Interfaces - Voice Interfaces 3.0

DIGHT260 Tools for Text Processing - Tools for Text Processing 3.0

LING 361 - Speech Processing 3.0

LING 440 - Linguistic Tools 2 3.0

LING 480 - Problems in Translation 3.0

LING 485 - Corpus Linguistics 3.0

LING 581 - Natural Lang Processing 3.0

LING 589R - Corpus Linguistics Topics - *You may take once* 3.0

Other courses in Digital Humanities, Computer Science, Linguistics or other departments that deal with computational linguistics approved by minor advisor.

*Ling 480 and 589R must be approved by minor advisor. *Ling 485 may not count for Requirement 5 if used to fulfill Requirement 3.*

Either Ling 360 or DigHT 360, but not both, can be counted towards the fulfillment of Requirement 3.

For more information, interested students are encouraged to contact the advisor for the minor program: Earl Brown, 4052 JFSB, 801-422-3970, earl_brown@byu.edu.

Editing (Minor)

Program Information

Minimum Credit Hours
21

Maximum Credit Hours
21

Learning Outcomes

Title
English Language Use and Structure

Learning Outcome
Analyze the structure and use of the English language to identify appropriate usage and style in specific contexts and assess the effectiveness of traditional usage rules and style guidelines.

Title
Copyediting and Substantive Editing

Learning Outcome
Optimize clarity and effectiveness of sentences, paragraphs, and longer texts by applying principles of effective usage, style, and organization to real-world examples of draft text.

Title
Specialized Editing

Learning Outcome
Demonstrate specialized skills and the perspective required by at least one specific editing genre (such as magazine publishing, technical communication, book publishing, scholarly publishing, or freelance publishing.

Title
Publishing Industry and Processes

Learning Outcome
Use tools and processes that are part of the publishing business, such as software for, methods of, and ethical procedures relating to graphic design, printing technology, and income and expense management, and understand how these tools, methods, and ethical procedures have evolved over the history of publishing.

Program Requirements

Requirement 1 — Complete 1 of 2 Courses

ELING223 Intro to English Language - Intro to English Language 3.0

LING201 Intro to Linguistics (Modern) - Intro to Linguistics (Modern) 3.0

Requirement 2 — Complete 6 Courses

DIGHT230 Intro to Print Publishing - Intro to Print Publishing 3.0

ELING322 Prescriptivism & English Usage - Prescriptivism & English Usage 3.0

ELING325 Grammar of English - Grammar of English 3.0

ELING350 Basic Editing Skills - Basic Editing Skills 3.0

ELING410R Genre & Substantive Editing - Genre & Substantive Editing - *You may take once* 3.0

ELING430R Editing for Publication - Editing for Publication - *You may take up to 3.0 credit hours* 3.0

Linguistics (BA)

Program Information

Minimum Credit Hours
53

Maximum Credit Hours
53

Major Academic Plan
MAPS - BA in Linguistics 2026-2027.docx

Learning Outcomes

Title
Language Structure

Learning Outcome
Demonstrate knowledge of language structure, analytical techniques of linguistics, and linguistic theory in core and applied areas of linguistics.

Title
Linguistic Artifacts

Learning Outcome
Be able to produce linguistic artifacts (e.g. analyses of grammars, grammatical subsystems, lexicons, computer programs, building corpora with digital tools, experiments) that draw on knowledge of core and applied areas of linguistics and linguistic theories.

Title
Effective Communication

Learning Outcome
Be able to effectively communicate findings of linguistic analyses or research in writing and speaking.

Program Requirements

Requirement 1 — Complete 1 Course

Professionalization course:

LING198 Career Explorations in Ling. - Career Explorations in Ling. 2.0

Requirement 2 —Complete 1 Course

Complete the following prerequisite course:

LING201 Intro to Linguistics (Modern) - Intro to Linguistics (Modern) 3.0

Requirement 3 —Complete 4 Courses

Complete the following core courses:

LING210 Sounds of Language - Sounds of Language 3.0

LING220 Structure in Language - Structure in Language 3.0

LING230 Meaning in Language - Meaning in Language 3.0

LING240 Linguistic Tools 1 - Linguistic Tools 1 3.0

Requirement 4 —Complete 2 of 7 Courses

Complete two courses from the following:

ELING362 Discourse Analysis - Discourse Analysis 3.0

LING310 Phonetics - Phonetics 3.0

LING315 Phonology - Phonology 3.0

LING320 Morphology - Morphology 3.0

LING325 Syntax - Syntax 3.0

LING332 Semantics - Semantics 3.0

LING335 Pragmatics - Pragmatics 3.0

Requirement 5 —Complete 1 of 4 Courses

Complete one course from the following:

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

LING450 Intro Histor-Comparative Ling - Intro Histor-Comparative Ling 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

Requirement 6 — Obtain confirmation from your advisement center that you have completed the following:

Complete university course work (or the equivalent) to a 200-level or higher in any single foreign language including American Sign Language. (For those wishing for Spanish language proficiency credit, their course work must include Spanish 106, or higher.) The language for this requirement may be the same language used to satisfy the GE Foreign Language option, but note that the GE foreign language option may require more coursework than this requirement for the Linguistics major. For non-native speakers of English, the university TOEFL requirement satisfies this requirement for the Linguistics major. Students intending to pursue graduate studies in linguistics are strongly encouraged to study a non-Indo-European language.

Requirement 7 —Complete 1 Requirement

Requirement 7.1 —Complete 3 of 40 Courses

Complete three courses from the following electives:

ELING322 Prescriptivism & English Usage - Prescriptivism & English Usage 3.0

ELING324 Hist of the English Language - Hist of the English Language 3.0

ELING325 Grammar of English - Grammar of English 3.0

ELING327 Applied Phonetics -Applied Phonetics 3.0

ELING361 Lang. politics: Policy & Plng - Lang. politics: Policy & Plng 3.0

ELING447 Early Modern English - Early Modern English 3.0

ELING448 Late Modern English - Late Modern English 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

ELING482 Forensic and legal linguistics - Forensic and legal linguistics 3.0

ELING524 Hist of the Book - Hist of the Book 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

ELING535 Language & Literature - Language & Literature 3.0

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

LING310 Phonetics - Phonetics 3.0

LING315 Phonology - Phonology 3.0

LING320 Morphology - Morphology 3.0

LING325 Syntax - Syntax 3.0

LING332 Semantics - Semantics 3.0

LING335 Pragmatics - Pragmatics 3.0

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING361 Speech Processing - Speech Processing 3.0

ELING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

LING399R Academic Internship: Ling - Academic Internship: Ling - *You may take once* 0.5v

LING421R Studies in Linguistics - Studies in Linguistics - *You may take once* 3.0

LING440 Linguistic Tools 2 - Linguistic Tools 2 3.0

LING445 Intro to Psycholinguistics - Intro to Psycholinguistics 3.0

LING449R Mentored Research - Mentored Research - *You may take once* 1.0v

LING450 Intro Histor-Comparative Ling - Intro Histor-Comparative Ling 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING460 Typology - Typology 3.0

LING461 First Language Acquisition - First Language Acquisition 3.0

LING462 Second Language Acquisition - Second Language Acquisition 3.0

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING542 Field Methods in Linguistics - Field Methods in Linguistics 3.0

LING551 Anthropological Linguistics - Anthropological Linguistics 3.0

LING561 Neurolinguistics - Neurolinguistics 3.0

LING580R Prob Ling&App Ling - Prob Ling&App Ling - *You may take once* 1.0v

LING581 Natural Lang Processing - Natural Lang Processing 3.0

Note 1: Courses taken in requirements 4 and 5 cannot double count for requirement 7.

Note 2: Only three hours of credit earned as part of a department-approved internship (LING 399R) may be applied to requirement 7.

Note 3: Subject to approval by the Linguistics Area Coordinator, students may take up to two courses (6 hours total) taught outside of the department to satisfy requirement 7. These courses should have substantial linguistic content.

Requirement 8 —Complete 1 Course

Complete the following capstone course:

LING495R Senior Capstone - Senior Capstone - *You may take once* 3.0

T E S O L (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
English Language Fundamentals

Learning Outcome
Students will demonstrate a foundational knowledge of the English language systems of phonology, morphology, grammar, semantics, and pragmatics and how these systems are integral to the language learning competencies of listening, speaking, reading, writing, vocabulary, pronunciation, and grammar.

Title
Instructional Competence

Learning Outcome
With a foundational knowledge of the English language systems and language learning competences, students will demonstrate fundamental competence in lesson planning, teaching strategies, and language testing when teaching English as a second or foreign language.

Program Requirements

Requirement 1 — Complete 1 Course

Complete the prerequisite course:

ELING223 Intro to English Language - Intro to English Language 3.0

Requirement 2 — Complete 3 Courses

Complete the following foundation courses:

ELING325 Grammar of English - Grammar of English 3.0

ELING375 TESOL Listening, Speaking - TESOL Listening, Speaking 3.0

ELING376 TESOL Read, Write, Vocab - TESOL Read, Write, Vocab 3.0

Requirement 3 — Complete 2 Courses

Complete the following courses:

ELING477 TESOL Course & Lesson Planning - TESOL Course & Lesson Planning 3.0

ELING478 TESOL Practicum - TESOL Practicum 3.0

Applied English Linguistics (BA)

Program Information

Minimum Credit Hours
48

Maximum Credit Hours
60

Major Academic Plan

MAPS - BA in Applied English Linguistics 2026-2027.docx

Learning Outcomes

Title
Linguistic Structures

Learning Outcome
Understand and analyze (1) the levels of linguistics (phonetics, phonology, morphology, syntax, semantics, pragmatics, discourse) of contemporary and historical varieties of English and (2) the factors that influence language variation and change.

Title
Linguistic Methods

Learning Outcome
Apply appropriate linguistic theory, methods, and tools to seek truth by comprehending, conducting, and communicating linguistic research, using ethical practices.

Title
Application of Linguistics

Learning Outcome
Apply empirical and descriptive methods to solve problems or answer questions in professional settings and disciplines outside linguistics, leading to lifelong learning and service.

Title
Divinity of Language

Learning Outcome
Develop empathy for the diverse languages, peoples, and cultures of the world-as well as an appreciation of language as God's creation-in order to recognize the role of language in the fulfillment of God's plan.

Program Requirements

It is strongly recommended that Ling 198, a 2-credit-hour course, be taken early in a student's major. This course is recommended to help Applied English Linguistics majors focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development.

Requirement 1 — Complete 1 of 2 Options

Option 1.1 — Complete 2 Courses

ELING223 Intro to English Language - Intro to English Language 3.0

LING198 Career Explorations in Ling. - Career Explorations in Ling. 2.0

Option 1.2 — Complete 2 Courses

ELING223 Intro to English Language - Intro to English Language 3.0

PLANG270 Intro to the Language industry - Intro to the Language industry 1.0

Requirement 2 — Complete 6 Courses

Core courses:

ELING273 Intro to ELing Resrch Mthds - Intro to ELing Resrch Mthds 3.0

ELING324 Hist of the English Language - Hist of the English Language 3.0

ELING325 Grammar of English - Grammar of English 3.0

ELING326 English Semantics & Pragmatics - English Semantics & Pragmatics 3.0

ELING327 Applied Phonetics - Applied Phonetics 3.0

ELING495R The Senior Course - The Senior Course - *You may take once* 3.0

Requirement 3 — Obtain confirmation from your advisement center that you have completed the following:

Complete university course work (or the equivalent) to a 200-level or higher in any single foreign language, including American Sign Language. (This requirement varies for Spanish. See the Humanities College Advisement Center.) The language for this requirement may be the same language used to satisfy the GE Foreign Language option, but note that the GE Foreign Language option may require more coursework than this requirement from the Applied English Linguistics major. For non-native speakers of English, the university TOEFL requirement satisfies this requirement for the Applied English Linguistics major. A language relevant to the historical development of English is strongly recommended, namely Latin, French, German, or Classical Greek.

Requirement 4 — Complete 6 hours

Courses NOT chosen to complete requirement 4 may be used to complete requirement 5.

ELING362 Discourse Analysis - Discourse Analysis 3.0

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING445 Intro to Psycholinguistics - Intro to Psycholinguistics 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

PLANG414 Intro to Translation - Intro to Translation 3.0

Requirement 5 — Complete 1 of 4 Options

Primary Track: Within one option, complete 12 hours in courses not chosen for requirement 4 or 6.

Option 5.1 — Complete 12 hours

Linguistic Computing (recommended: LING 360 plus three other courses).

DIGHT315 Research in the Digital Hum - Research in the Digital Hum 3.0

DIGHT390R Tools Development Seminar - Tools Development Seminar - *You may take once* 1.0v

DIGHT495R Digital Humanities Project - Digital Humanities Project - *You may take once* 1.0v

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING361 Speech Processing - Speech Processing 3.0

LING440 Linguistic Tools 2 - Linguistic Tools 2 3.0

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING581 Natural Lang Processing - Natural Lang Processing 3.0

Note: See minor advisor to discuss how to obtain a LINGC minor: inguistics.byu.edu/department-advisors; note that up to 9 credit hours from the ELING major can also be counted toward the LINGC minor.

Option 5.2 — Complete 12 hours

TESOL/Language Acquisition

ELING375 TESOL Listening, Speaking - TESOL Listening, Speaking 3.0

ELING376 TESOL Read, Write, Vocab - TESOL Read, Write, Vocab 3.0

ELING477 TESOL Course & Lesson Planning - TESOL Course & Lesson Planning 3.0

ELING478 TESOL Practicum - TESOL Practicum 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

LING461 First Language Acquisition - First Language Acquisition 3.0

LING462 Second Language Acquisition - Second Language Acquisition 3.0

Note: See minor advisor to discuss how to obtain a TESOL minor or TESOL certificate: linguistics.byu.edu/department-advisors; note that TESOL minors are encouraged to declare during their junior year and that up 12 credit hours from the ELING major can be counted toward the TESOL minor.

Option 5.3 — Complete 12 hours

Language in Society

ELING322 Prescriptivism & English Usage - Prescriptivism & English Usage 3.0

ELING361 Lang. politics: Policy & Plng - Lang. politics: Policy & Plng 3.0

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

ELING482 Forensic and legal linguistics - Forensic and legal linguistics 3.0

ELING522 Language Policy & Planning - Language Policy & Planning 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING551 Anthropological Linguistics - Anthropological Linguistics 3.0

Option 5.4 — Complete 12 hours

Language in History

ELING447 Early Modern English - Early Modern English 3.0

ELING448 Late Modern English - Late Modern English 3.0

ELING524 Hist of the Book - Hist of the Book 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ELING535 Language & Literature - Language & Literature 3.0

ELING548 Old English 2 - Old English 2 3.0

HIST350 English Language Paleography - English Language Paleography 3.0

LING450 Intro Histor-Comparative Ling - Intro Histor-Comparative Ling 3.0

Option 5.5 — Complete 12 hours

Translation and Localization

Option 5.5.1 — Complete 2 Courses

PLANG380 Computer-Assisted Translation - Computer-Assisted Translation 3.0

PLANG414 Intro to Translation - Intro to Translation 3.0

Option 5.5.2 — Complete 2 of 5 Courses

ELING350 Basic Editing Skills - Basic Editing Skills 3.0

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

PLANG460 Software Localization - Software Localization 3.0

PLANG480 Adv Sys & AI in Translation - Adv Sys & AI in Translation 3.0

PLANG540 Prof Lang: Project Mgmt - Prof Lang: Project Mgmt 3.0

Note: See minor advisor to discuss how to obtain a Translation and Localization (T&L) minor: https://cls.byu.edu/translation-and-localization-t-l; note that up to 12 credit hours from the ELING major can also be counted toward the T&L; in addition to those 12 credit hour, PLANG 399R can also count for both the ELING major and T&L minor.

Requirement 6 — Complete 1 of 4 Options

Secondary Track: Within one option, complete 6 hours in courses not chosen for requirement 4 or requirement 5. Secondary track must be different from primary track used for requirement 5.

Option 6.1 — Complete 6 hours

Linguistic Computing (recommended: LING 360 plus three other courses).

DIGHT315 Research in the Digital Hum - Research in the Digital Hum 3.0

DIGHT390R Tools Development Seminar - Tools Development Seminar - *You may take once* 1.0v

DIGHT495R Digital Humanities Project - Digital Humanities Project - *You may take once* 1.0v

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING361 Speech Processing - Speech Processing 3.0

LING440 Linguistic Tools 2 - Linguistic Tools 2 3.0

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING581 Natural Lang Processing - Natural Lang Processing 3.0

Note: See minor advisor to discuss how to obtain a LINGC minor: inguistics.byu.edu/department-advisors; note that up to 9 credit hours from the ELING major can also be counted toward the LINGC minor.

Option 6.2 — Complete 6 hours

TESOL/Language Acquisition

ELING375 TESOL Listening, Speaking - TESOL Listening, Speaking 3.0

ELING376 TESOL Read, Write, Vocab - TESOL Read, Write, Vocab 3.0

ELING477 TESOL Course & Lesson Planning - TESOL Course & Lesson Planning 3.0

ELING478 TESOL Practicum - TESOL Practicum 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

Note: See minor advisor to discuss how to obtain a TESOL minor or TESOL certificate: linguistics.byu.edu/department-advisors; note that TESOL minors are encouraged to declare during their junior year and that up 12 credit hours from the ELING major can be counted toward the TESOL minor.

Option 6.3 — Complete 6 hours

Language in Society

ELING322 Prescriptivism & English Usage - Prescriptivism & English Usage 3.0

ELING361 Lang. politics: Policy & Plng - Lang. politics: Policy & Plng 3.0

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

ELING482 Forensic and legal linguistics - Forensic and legal linguistics 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING551 Anthropological Linguistics - Anthropological Linguistics 3.0

Option 6.4 — Complete 6 hours

Language in History

ELING447 Early Modern English - Early Modern English 3.0

ELING448 Late Modern English - Late Modern English 3.0

ELING524 Hist of the Book - Hist of the Book 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ELING535 Language & Literature - Language & Literature 3.0

ELING548 Old English 2 - Old English 2 3.0

HIST350 English Language Paleography - English Language Paleography 3.0

LING450 Intro Histor-Comparative Ling - Intro Histor-Comparative Ling 3.0

Option 6.5 — Complete 6 hours

Translation and Localization

PLANG380 Computer-Assisted Translation - Computer-Assisted Translation 3.0

PLANG414 Intro to Translation - Intro to Translation 3.0

Note: See minor advisor to discuss how to obtain a Translation and Localization (T&L) minor: https://cls.byu.edu/translation-and-localization-t-l; note that up to 12 credit hours from the ELING major can also be counted toward the T&L; in addition to those 12 credit hour, PLANG 399R can also count for both the ELING major and T&L minor.

Requirement 7 — Complete 1 hour

Experiential Learning

ELING351R Editing Student Journals - Editing Student Journals - *You may take once* 1.0v

LING399R Academic Internship: Ling - Academic Internship: Ling - *You may take once* 0.5v

LING449R Mentored Research - Mentored Research - *You may take once* 1.0v

PLANG399R Translation Localizatn Intern - Translation Localizatn Intern - *You may take once* 0.5v

For more information, including an FAQ regarding double-counting courses between this major and the Linguistic Computing, TESOL, or Translation and Localization minors, visit ling.byu.edu/applied-english-linguistics-ba.

Editing and Publishing (BA)

Program Information

Minimum Credit Hours
60

Maximum Credit Hours
67

Major Academic Plan
MAPS - BA in Editing and Publishing 2026-2027.docx

Learning Outcomes

Title
Language Use and Structure

Learning Outcome
Analyze and research the structure and use of language to identify appropriate usage and style in specific contexts and assess the effectiveness of traditional usage rules and style guidelines. Be able to write effectively and speak clearly to communicate language analysis, research, and editing decisions to authors, editors, and others. Cultivate an appreciation for the divine gift of language and its history and development, and hone an attention to detail that will serve in editing and publishing careers and in temporal and spiritual life.

Title
Copyediting and Substantive Editing

Learning Outcome
Enhance clarity and effectiveness of sentences, paragraphs, and longer texts for readers by applying research-based principles of effective usage, style, and organization to written text. Develop and refine the skill of careful reading and analysis and the ability to learn about new subjects in order to produce edits that will contribute to an accurate and effective text while deepening knowledge of and perspective on the world. Strengthen Christlike characteristics such as patience, compassion, and understanding while providing honest and constructive feedback and helping writers find and refine their voice within stylistic bounds.

Title
Specialized Editing

Learning Outcome
Demonstrate specialized skills and the perspective required by at least one editing genre (such as magazine publishing, technical communication, book publishing, scholarly publishing, or freelance publishing) to meet the needs of a specific purpose, audience, and context. Understand how specialized skills can be connected to competencies that apply across multiple genres, gaining the confidence to expand the skills into lifelong learning and service in a variety of contexts.

Title
Publishing Industry and Processes

Learning Outcome
Use and appreciate the tools, historical traditions, and processes that are part of the publishing business, such as software for, methods of, and ethical procedures relating to graphic design, teamwork, printing technology, project management, and income and expense management, and understand how these tools, methods, and ethical procedures can be used to benefit the world.

Program Requirements

Requirement 1 — Complete 6 Courses

Foundations:

ELING223 Intro to English Language - Intro to English Language 3.0

ELING273 Intro to ELing Resrch Mthds - Intro to ELing Resrch Mthds 3.0

ELING322 Prescriptivism & English Usage - Prescriptivism & English Usage 3.0

ELING324 Hist of the English Language - Hist of the English Language 3.0

ELING325 Grammar of English - Grammar of English 3.0

LING198 Career Explorations in Ling. - Career Explorations in Ling. 2.0

Requirement 2 — Complete 4 Courses

Core Courses:

DIGHT230 Intro to Print Publishing - Intro to Print Publishing 3.0

ELING350 Basic Editing Skills - Basic Editing Skills 3.0

ELING410R Genre & Substantive Editing - Genre & Substantive Editing - *You may take once for requirement 2, a second semester may be taken for requirement 5* 3.0

ELING430R Editing for Publication - Editing for Publication - *You may take once for requirement 2, a second semester may be taken for requirement 5* 3.0

Requirement 3 — Complete 1 of 4 Courses

Perspectives on Context:

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

Requirement 4 — Obtain confirmation from your advisement center that you have completed the following:

Foreign Language Requirement:

Complete university course work (or the equivalent) to a 200-level or higher in any single foreign language including American Sign Language. The language for this requirement may be the same language used to satisfy the GE Foreign Language option. Editing students may waive this language requirement by completing a university-approved minor that includes complex professional discourse modes, such as STEM fields, business, psychology, social sciences, English literature, or rhetoric.

Requirement 5 — Complete 9 hours

Text Analysis Breadth:

ELING326 English Semantics & Pragmatics - English Semantics & Pragmatics 3.0

ELING361 Lang. politics: Policy & Plng - Lang. politics: Policy & Plng 3.0

ELING362 Discourse Analysis - Discourse Analysis 3.0

ELING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

ELING410R Genre & Substantive Editing - Genre & Substantive Editing - *You may take once for requirement 5, a second semester may be taken for requirement 2* 3.0

ELING421R Stds Lang/Editing - Stds Lang/Editing - *You may take once* 1.0v

ELING430R Editing for Publication - Editing for Publication - *You may take once for requirement 5, a second semester may be taken for requirement 2* 3.0

ELING447 Early Modern English - Early Modern English 3.0

ELING448 Late Modern English - Late Modern English 3.0

ELING468 Intro to Varieties of English - Intro to Varieties of English 3.0

ELING482 Forensic and legal linguistics - Forensic and legal linguistics 3.0

ELING524 Hist of the Book - Hist of the Book 3.0

ELING525 Old English 1 - Old English 1 3.0

ELING526 Middle English - Middle English 3.0

ELING529 Structure of Modern English - Structure of Modern English 3.0

ELING535 Language & Literature - Language & Literature 3.0

ELING548 Old English 2 - Old English 2 3.0

LING360 Text Processing and Analysis - Text Processing and Analysis 3.0

LING445 Intro to Psycholinguistics - Intro to Psycholinguistics 3.0

LING450 Intro Histor-Comparative Ling - Intro Histor-Comparative Ling 3.0

LING452 Intro to Sociolinguistics - Intro to Sociolinguistics 3.0

LING461 First Language Acquisition - First Language Acquisition 3.0

LING462 Second Language Acquisition - Second Language Acquisition 3.0

LING449R Mentored Research - Mentored Research - *You may take once* 1.0v

LING480 Problems in Translation - Problems in Translation 3.0

LING485 Corpus Linguistics - Corpus Linguistics 3.0

LING551 Anthropological Linguistics - Anthropological Linguistics 3.0

Note: Course chosen to satisfy requirements 1, 2, and 3 cannot double-count in requirement 5, with the exception of a second topic in ELING 430R.

Requirement 6 — Complete 1 of 5 Courses

Professional Tools:

DIGHT250 Web Publishing - Web Publishing 3.0

DIGHT260 Tools for Text Processing - Tools for Text Processing 3.0

DIGHT330 Intermediate Print Publishing - Intermediate Print Publishing 3.0

ELING366 Soc. Media/Mrkt. Analysis - Soc. Media/Mrkt. Analysis 3.0

DIGHT315 Research in the Digital Hum - Research in the Digital Hum 3.0

ELING415 Business of Editing/Publishing - Business of Editing/Publishing 3.0

Requirement 7 — Complete 1 hour

ELING351R Editing Student Journals - Editing Student Journals - *You may take once* 1.0v

LING399R Academic Internship: Ling - Academic Internship: Ling - *You may take once* 0.5v

Other options for Experiential Learning include 42 hours worked as a teaching/ research assistant, or completion of a study-abroad experience.

Requirement 8 — Complete 1 Course

ELING495R The Senior Course - The Senior Course - *You may take once* 3.0

Logic (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
15

Learning Outcomes

Title
Logic and Metalogic

Learning Outcome
1. Construct, symbolize, and evaluate proofs in syllogistic logic, truth-functional logic, first-order (quantificational) logic, set-theory and Peano arithmetic. 2. Understand the development of logic, including metalogical results.

Program Requirements

Requirement 1 — Complete 1 of 2 Courses

MATH290 Fundamentals of Mathematics - Fundamentals of Mathematics 3.0

PHIL205 Intro to Logic/Crit Thinking - Intro to Logic/Crit Thinking 3.0

Requirement 2 — Complete 2 Courses

PHIL305 Intermediate Formal Logic - Intermediate Formal Logic 3.0

PHIL405 Advanced Logic and Metalogic - Advanced Logic and Metalogic 3.0

Requirement 3 — Complete 1 of 4 Courses

MATH341 Theory of Analysis 1 - Theory of Analysis 1 3.0

MATH371 Abstract Algebra 1 - Abstract Algebra 1 3.0

PHIL420 Philosophy of Language - Philosophy of Language 3.0

PHIL421 Metaphysics - Metaphysics 3.0

Requirement 4 — Complete 3 hours

PHIL110 Introduction to Philosophy - Introduction to Philosophy 3.0

PHIL120 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL140 History of Philosophy 2 - History of Philosophy 2 3.0

PHIL201 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL202 History of Philosophy 2 - History of Philosophy 2 3.0

PHIL205 Intro to Logic/Crit Thinking - Intro to Logic/Crit Thinking 3.0

PHIL210 Science & Civilization 1 - Science & Civilization 1 3.0

PHIL211 Science & Civilization 2 - Science & Civilization 2 3.0

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics 3.0

PHIL213 Introduction to Ethics - Introduction to Ethics 3.0

PHIL214 Intro to the Philosophy of Art - Intro to the Philosophy of Art 3.0

PHIL215R Intro Philosophy of Religion - Intro Philosophy of Religion - *You may take once* 3.0

PHIL217R Social & Political Philosophy - Social & Political Philosophy - *You may take once* 3.0

PHIL220 Intro to Theoretical Phil - Intro to Theoretical Phil 3.0

PHIL249R Philosophical Lecture Series - Philosophical Lecture Series - *You may take once* 1.0

PHIL300 Philosophical Writing - Philosophical Writing 3.0

PHIL313R History of Ethics - History of Ethics - *You may take once* 3.0

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy - *You may take once* 3.0

PHIL330R Studies in Medieval Philosophy - Studies in Medieval Philosophy - *You may take once* 3.0

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

PHIL350R Studies in Contemporary Phil - Studies in Contemporary Phil - *You may take once* 3.0

PHIL360R Chinese Philosophy - Non-Western Philosophy - *You may take once* 3.0

PHIL370R Women and Philosophy - Women and Philosophy - *You may take once* 3.0

PHIL413R Topics in Ethics - Topics in Ethics - *You may take once* 3.0

PHIL414R Philosophy of Art - Philosophy of Art - *You may take once* 3.0

PHIL415 Philosophy of Religion - Philosophy of Religion 3.0

PHIL416 Philosophy of Law - Philosophy of Law 3.0

PHIL420 Philosophy of Language - Philosophy of Language 3.0

PHIL421 Metaphysics - Metaphysics 3.0

PHIL422 Epistemology - Epistemology 3.0

PHIL423R History&Philosophy of Science - History&Philosophy of Science - *You may take once* 3.0

PHIL424 Philosophy of Mind - Philosophy of Mind 3.0

PHIL495R Directed Readings - Directed Readings - *You may take once* 1.0v

PHIL501R Graduate Seminar - Graduate Seminar - *You may take once* 0.5v

No more than 6 hours may double-count for the philosophy major and the logic minor.

Philosophy (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
History and Value of Philosophy

Learning Outcome
1. Identify major philosophical figures and texts, their historical context, their philosophical interrelations, and their importance. 2. Identify the major areas, movements, and issues in the history of Western philosophy.

Title
Critical and Effective Reading, Writing, and Communicating

Learning Outcome
1. Write clear, cogent, logically sound, and well-researched essays. 2. Master and apply principles of informal logic, critical thinking, and critical reading. 3. Master university-level written and oral communication skills.

Title
Logic and Metalogic

Learning Outcome
1. Construct, symbolize, and evaluate proofs in syllogistic logic, truth-functional logic, first-order (quantificational) logic, set-theory and Peano arithmetic. 2. Understand the development of logic, including metalogical results.

Program Requirements

Requirement 1 — Complete 3 Courses

PHIL201 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL202 History of Philosophy 2 - History of Philosophy 2 3.0

PHIL205 Intro to Logic/Crit Thinking - Intro to Logic/Crit Thinking 3.0

Requirement 2 — Complete 1 of 5 Courses

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics 3.0

PHIL213 Introduction to Ethics - Introduction to Ethics 3.0

PHIL214 Intro to the Philosophy of Art - Intro to the Philosophy of Art 3.0

PHIL215R Sin and Atonement - Sin and Atonement - *You may take once* 3.0

PHIL217R Contemp Political Philosophy - Contemp Political Philosophy - *You may take once* 3.0

PHIL220 Intro to Theoretical Phil - Intro to Theoretical Phil 3.0

Requirement 3 — Complete 3 hours

PHIL300 Philosophical Writing - Philosophical Writing 3.0

PHIL305 Intermediate Formal Logic - Intermediate Formal Logic 3.0

PHIL313R History of Ethics - History of Ethics - *You may take once* 3.0

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy - *You may take once* 3.0

PHIL330R Studies in Medieval Philosophy - Studies in Medieval Philosophy - *You may take once* 3.0

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

PHIL350R Studies in Contemporary Phil - Studies in Contemporary Phil - *You may take once* 3.0

PHIL360R Non-Western Philosophy - Non-Western Philosophy - *You may take once* 3.0

PHIL370R Women and Philosophy - Women and Philosophy - *You may take once* 3.0

PHIL405 Advanced Logic and Metalogic - Advanced Logic and Metalogic 3.0

PHIL413R Topics in Ethics - Topics in Ethics - *You may take once* 3.0

PHIL414R Philosophy of Art - Philosophy of Art - *You may take once* 3.0

PHIL415 Philosophy of Religion - Philosophy of Religion 3.0

PHIL416 Philosophy of Law - Philosophy of Law 3.0

PHIL420 Philosophy of Language - Philosophy of Language 3.0

PHIL421 Metaphysics - Metaphysics 3.0

PHIL422 Epistemology - Epistemology 3.0

PHIL423R History&Philosophy of Science - History&Philosophy of Science - *You may take once* 3.0

PHIL424 Philosophy of Mind - Philosophy of Mind 3.0

Requirement 4 — Complete 3 hours

Phil 110 may fulfill this requirement only if it is the first philosophy class a student completes. See the advisement center for assistance.

PHIL210 Science & Civilization 1 - Science & Civilization 1 3.0

PHIL211 Science & Civilization 2 - Science & Civilization 2 3.0

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics 3.0

PHIL213 Introduction to Ethics - Introduction to Ethics 3.0

PHIL214 Intro to the Philosophy of Art - Intro to the Philosophy of Art 3.0

PHIL215R Intro Philosophy of Religion - Intro Philosophy of Religion - *You may take once* 3.0

PHIL217R Social & Political Philosophy - Social & Political Philosophy - *You may take once* 3.0

PHIL249R Philosophical Lecture Series - Philosophical Lecture Series - *You may take up to 3.0 credit hours* 1.0

PHIL300 Philosophical Writing - Philosophical Writing 3.0

PHIL305 Intermediate Formal Logic - Intermediate Formal Logic 3.0

PHIL313R History of Ethics - History of Ethics - *You may take once* 3.0

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy - *You may take once* 3.0

PHIL330R Studies in Medieval Philosophy - Studies in Medieval Philosophy - *You may take once* 3.0

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

PHIL350R Studies in Contemporary Phil - Studies in Contemporary Phil - *You may take once* 3.0

PHIL360R Chinese Philosophy - Non-Western Philosophy - *You may take once* 3.0

PHIL420 Philosophy of Language - Philosophy of Language 3.0

PHIL421 Metaphysics - Metaphysics 3.0

PHIL422 Epistemology - Epistemology 3.0

PHIL423R History&Philosophy of Science - History&Philosophy of Science - *You may take once* 3.0

PHIL424 Philosophy of Mind - Philosophy of Mind 3.0

PHIL495R Directed Readings - Directed Readings - *You may take once* 1.0v

PHIL501R Graduate Seminar - Graduate Seminar - *You may take once* 0.5v

Note: Philosophy majors are prohibited from adding the Philosophy minor (although they may earn the Logic minor or the Theoretical and Applied Ethics minor).

Theoretical and Applied Ethics (Minor)

Program Information

Minimum Credit Hours
15

Maximum Credit Hours
15

Learning Outcomes

Title
History and Value of Philosophy

Learning Outcome
1. Identify major figures and texts in moral and political philosophy their historical context their philosophical interrelations and their importance. 2. Identify the major areas movements and issues in the history of Western moral and political philosophy.

Title
Philosophical and Ethical Applications

Learning Outcome
1. Apply philosophical knowledge and critical thinking/reading skills in writing papers and solving theoretical, practical, and ethical problems. 2. Integrate philosophical principles with religious and moral convictions.

Title
Critical and Effective Reading, Writing, and Communicating

Learning Outcome
1. Write clear, cogent, logically sound, and well-researched essays. 2. Master and apply principles of informal logic, critical thinking, and critical reading. 3. Master university-level written and oral communication skills.

Program Requirements

Requirement 1 — Complete 1 Course

PHIL213 Introduction to Ethics - Introduction to Ethics 3.0

Requirement 2 — Complete 4 of 10 Courses

From the following, complete 4 courses in ethics, social and political philosophy, or history of philosophy with an emphasis on ethics:

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics 3.0

PHIL217R Contemp Political Philosophy - Contemp Political Philosophy - *You may take once* 3.0

PHIL313R History of Ethics - History of Ethics - *You may take once* 3.0

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy - *You may take once* 3.0

PHIL330R Studies in Medieval Philosophy - Studies in Medieval Philosophy - *You may take once* 3.0

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

PHIL350R Studies in Contemporary Phil - Studies in Contemporary Phil - *You may take once* 3.0

PHIL413R Topics in Ethics - Topics in Ethics - *You may take once* 3.0

POLI362 Reason, Revelation, & Politics - Reason, Revelation, & Politics 3.0

POLI367 Contemporary Political Theory - Contemporary Political Theory 3.0

Note 1: No more than six credit hours may double-count for both the Philosophy major and the Theoretical and Applied Ethics minor.

Note 2: One approved 2 or 3 credit course in ethics from another department may substitute for any single course listed in the electives list above. (The Philosophy Department maintains a list of ethics courses offered by other BYU departments.)

Major Academic Plan
MAPS - BA in Philosophy 2026-2027.docx

Learning Outcomes

Title
History and Value of Philosophy

Learning Outcome
Students will be able to identify major philosophical figures, texts, and movements, and understand their historical context, their philosophical interrelations, and their importance.

Title
Critical and Effective Reading, Writing, and Communicating

Learning Outcome
Students will be able to read and think critically about philosophical texts; write clear, logically sound, and well-researched essays; and effectively discuss and present philosophical topics.

Title
Logic and Metalogic

Learning Outcome
Students will be able to construct, symbolize, and evaluate proofs in syllogistic logic, truth-functional logic, first-order (quantificational) logic, set-theory and Peano arithmetic; and understand relevant metalogical results.

Title
Philosophical and Ethical Applications

Learning Outcome
Students will be able to use philosophical knowledge and skills to solve theoretical, practical, and ethical problems, and to integrate philosophical principles with religious and moral convictions.

Title
Career Preparation

Learning Outcome
Students will be prepared for further education and employment using their philosophical skills and knowledge.

Title
Philosophy and the Aims of a BYU Education

Learning Outcome
Students understand foundational intellectual and ethical concepts while developing enduring skills of reasoning, reading comprehension, and communication. With this transformational understanding, students can creatively confront personal and public issues of moral and theological import as they pursue a life of Christian faith and virtue.

Program Requirements

For each R course, you may only take one class on any particular figure or topic. For instance, if you wish to take multiple classes of Phil 320R: Studies in Ancient Philosophy, you may only take Plato once, but you may then take Aristotle or Stoicism or any of the other figures or topics listed under Phil 320R.

Requirement 1 —Complete 7 Courses

PHIL120 History of Philosophy 1 - History of Philosophy 1 3.0

PHIL140 History of Philosophy 2 - History of Philosophy 2 3.0

PHIL200 Philosophy Orientation - Philosophy Orientation 1.0

PHIL205 Intro to Logic/Crit Thinking - Intro to Logic/Crit Thinking 3.0

PHIL220 Intro to Theoretical Phil - Intro to Theoretical Phil 3.0

PHIL300 Philosophical Writing - Philosophical Writing 3.0

PHIL305 Intermediate Formal Logic - Intermediate Formal Logic 3.0

Requirement 2 —Complete 1 of 5 Courses

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics 3.0

PHIL213 Introduction to Ethics - Introduction to Ethics 3.0

PHIL214 Intro to the Philosophy of Art - Intro to the Philosophy of Art 3.0

PHIL215R Intro Philosophy of Religion - Intro Philosophy of Religion 3.0

PHIL217R Social & Political Philosophy - Social & Political Philosophy - *You may take once* 3.0

Requirement 3 —Complete 1 Course

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy - *You may take once* 3.0

Requirement 4 —Complete 1 Course

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

Requirement 5 —Complete 1 of 7 Courses

Complete one of the following Historical Period courses (excluding the two specific registrations used to complete the above requirements):

PHIL313R History of Ethics - History of Ethics - *You may take once* 3.0

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy - *You may take once* 3.0

PHIL330R Studies in Medieval Philosophy - Studies in Medieval Philosophy - *You may take once* 3.0

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

PHIL350R Studies in Contemporary Phil - Studies in Contemporary Phil - *You may take once* 3.0

PHIL360R Chinese Philosophy - Non-Western Philosophy - *You may take once* 3.0

PHIL370R Women and Philosophy - Women and Philosophy - *You may take once* 3.0

Requirement 6 —Complete 1 of 2 Courses

PHIL413R Topics in Ethics - Topics in Ethics - *You may take once* 3.0

PHIL414R Philosophy of Art - Philosophy of Art - *You may take once* 3.0

Requirement 7 —Complete 1 of 4 Courses

PHIL420 Philosophy of Language - Philosophy of Language 3.0

PHIL421 Metaphysics - Metaphysics 3.0

PHIL422 Epistemology - Epistemology 3.0

PHIL424 Philosophy of Mind - Philosophy of Mind 3.0

Requirement 8 —Complete 6 hours

Note: No more than 3 hours of Phil 249R will be allowed. Students must have a total of 27 credit hours of upper-division course work (300-level or above) in the major. Note: Phil 110 may count toward this requirement only if taken before the philosophy major was declared.

PHIL212 Intro to Medical Ethics - Intro to Medical Ethics 3.0

PHIL213 Introduction to Ethics - Introduction to Ethics 3.0

PHIL214 Intro to the Philosophy of Art - Intro to the Philosophy of Art 3.0

PHIL215R Intro Philosophy of Religion - Intro Philosophy of Religion 3.0

PHIL217R Social & Political Philosophy - Social & Political Philosophy - *You may take once* 3.0

PHIL249R Philosophical Lecture Series - Philosophical Lecture Series - - *You may take up to 3.0 credit hours* 1.0

PHIL313R History of Ethics - History of Ethics - *You may take once* 3.0

PHIL320R Studies in Ancient Philosophy - Studies in Ancient Philosophy - *You may take once* 3.0

PHIL330R Studies in Medieval Philosophy - Studies in Medieval Philosophy - *You may take once* 3.0

PHIL340R Studies in Modern Philosophy - Studies in Modern Philosophy - *You may take once* 3.0

PHIL350R Studies in Contemporary Phil - Studies in Contemporary Phil - *You may take once* 3.0

PHIL360R Chinese Philosophy - Non-Western Philosophy - *You may take once* 3.0

PHIL370R Women and Philosophy - Women and Philosophy - *You may take once* 3.0

PHIL405 Advanced Logic and Metalogic - Advanced Logic and Metalogic 3.0

PHIL413R Topics in Ethics - Topics in Ethics - *You may take once* 3.0

Spanish Teaching (Minor)

Program Information

Minimum Credit Hours	Maximum Credit Hours
28.5	46

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

This minor is designed to prepare students to teach in public schools. A teaching minor may only be received by students graduating with a teaching major. In order to graduate with this minor, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to https://www.schools.utah.gov/curr/licensing or contact the Education Advisement Center, 350 MCKB, 801-422-3426.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

Requirement 1 — Complete 1 Requirement

Requirement 1.1 — Complete 6 Courses

SPAN321 3rd-Yr Span Read, Gram, & Cult - 3rd-Yr Span Read, Gram, & Cult 3.0

SPAN322 3rd-Yr Spanish Composition - 3rd-Yr Spanish Composition 3.0

SPAN326 Span Phonetics & Pronunciation - Span Phonetics & Pronunciation 3.0

SPAN330 Intro to Hispanic Literature - Intro to Hispanic Literature 3.0

SPAN377 Spanish Teaching Methods 1 - Spanish Teaching Methods 1 3.0

SPAN378 Spanish Teaching Methods 2 - Spanish Teaching Methods 2 3.0

Note 1: Because Span 377 is a prerequisite for Span 378, the two courses must be taken sequentially in consecutive semesters. It is recommended that students take these courses during the first and second semesters of their junior year.

Note 2: Span 377 and 378 must be taken before student teaching. Span 377 will be waived for students majoring in another language who have had the course in that language. Students who waive the class will need to take 3 additional elective hours from the 300-, 400-, or 500-level courses in Spanish.

Requirement 2 — Complete 1 of 2 Courses

SPAN345 Cultures of Spain - Cultures of Spain 3.0

SPAN355 Cultures of Spanish America - Cultures of Spanish America 3.0

Requirement 3 — Complete 1 of 3 Courses

Learning Outcomes

Title
Language Competence

Learning Outcome
Our graduates foster peace and serve in home, church, civic and professional settings by speaking, listening, reading, and writing Spanish/ Portuguese at the ACTFL Advanced Low level or better.

Title
Cultural Competence

Learning Outcome
Our graduates are effective leaders and ministers, fostering belonging in various contexts by respectfully approaching the cultural perspectives, practices, and products of Spanish-speaking communities with curiosity, sensitivity, and appreciation.

Title
Critical Thinking and Expression

Learning Outcome
Our graduates discern and communicate truth with humility, integrity, and fairmindedness in professional, personal, and gospel contexts.

Title
Connecting Learning to Life

Learning Outcome
Our graduates are disciples of Jesus Christ and engage in life-long learning and service, promoting empathy through their communication skills, cultural awareness, and social skills.

Program Requirements

It is strongly recommended that HCOLL 310, a 1-credit hour course, be taken at the end of the sophomore year or the beginning of the junior year. This course helps students frame their humanities experience as professional preparation. Students will learn how to translate the unique value of their degree as they pursue a variety of professional paths. In short, this class will explore what a Humanities graduate can do and why humanistic study meets so many needs in the modern workplace. By focusing on core professional competencies, students will find ways to make their major coursework relevant to life after graduation.

Requirement 1 —Obtain confirmation from your advisement center that you have completed the following:

The Spanish and Portuguese Department requires a minimum of 18 upper-division major credit hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Requirement 2 — Complete 7.5 Credit Hours

They model language proficiency for their students, consistently making Spanish the language of their classrooms and connecting students with the community.

Title
Cultural Competence

Learning Outcome
Our graduates are effective leaders and ministers, fostering belonging in various contexts by respectfully approaching the cultural perspectives, practices, and products of Spanish-speaking communities with curiosity, sensitivity, and appreciation.

Title
Critical Thinking and Expression

Learning Outcome
Our graduates discern and communicate truth with humility, integrity, and fair-mindedness in professional, personal, and gospel contexts.

Title
Five Commitments

Learning Outcome
Our graduates lead the field in 1) creating safe and restorative classrooms, 2) making Spanish language and cultures accessible to all students, 3) engaging students through nurturing pedagogies, 4) committing themselves to skill development and current research in teaching, and 5) interacting with community shareholders.

Title
Utah Effective Teaching Standards

Learning Outcome
Our graduates meet the Utah Effective Teaching Standards (UETS) at the basic competence level and assess their students' learning in loving, Christlike ways.

Title
Connecting Learning to Life

Learning Outcome
Our graduates are disciples of Jesus Christ and engage in life-long learning and service, promoting empathy through their communication skills, cultural awareness, and social skills.

Program Requirements

Licensure: This program meets the educational requirements designed to lead to an occupationally required professional license or certificate in the state of Utah. Students pursuing occupations requiring a license or certificate in a state other than Utah should contact the appropriate BYU academic advisement center as well as the licensing agency in the state where they intend to work to seek information and guidance regarding licensure and certification requirements.

For students accepted into the major after December 16, 2019, grades below C in any required coursework in a teaching major or teaching minor will not be accepted. Teacher candidates must maintain a cumulative GPA of 2.7 or higher once admitted into the program and to qualify for student teaching. For additional details on admission and retention requirements for teaching majors and teaching minors, see Educator Preparation Program Requirements in the Undergraduate Catalog.

A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.

Requirement 1 — Obtain confirmation from your advisement center that you have completed the following:

The Spanish and Portuguese Department requires a minimum of 18 upper-division major hours to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Requirement 2 —Complete 1 Requirement

Requirement 2.1 —Complete 9 Courses

SPAN321 3rd-Yr Span Read, Gram, & Cult - 3rd-Yr Span Read, Gram, & Cult 3.0

SPAN322 3rd-Yr Spanish Composition - 3rd-Yr Spanish Composition 3.0

SPAN326 Span Phonetics & Pronunciation - Span Phonetics & Pronunciation 3.0

SPAN330 Intro to Hispanic Literature - Intro to Hispanic Literature 3.0

SPAN345 Cultures of Spain - Cultures of Spain 3.0

SPAN355 Cultures of Spanish America - Cultures of Spanish America 3.0

SPAN377 Spanish Teaching Methods 1 - Spanish Teaching Methods 1 3.0

SPAN378 Spanish Teaching Methods 2 - Spanish Teaching Methods 2 3.0

SPAN380 Practicum in Teaching Spanish - Practicum in Teaching Spanish 1.0

Note 1: Fingerprinting and FBI clearance must be completed prior to enrolling in Span 380.

Note 2: Span 377 must be completed before taking Span 378.

Note 3: Span 378 and 380 must be taken concurrently the semester immediately before student teaching.

Requirement 3 —Complete 1 of 2 Options

Option 3.1 —Complete 1 Course

SPAN335 Hispanic Lit for Span Teachers - Hispanic Lit for Span Teachers 3.0

Option 3.2 —Complete 2 Courses

SPAN341 Survey of Lit of Spain - Survey of Lit of Spain 3.0

SPAN351 Survey of Lit of Span America - Survey of Lit of Span America 3.0

Requirement 4 —Complete 6 Hours

Option 4.1 —Complete at least 3 Hours up to 6 Hours

You may count only one of the following three courses as an elective: SPAN 323A, SPAN 323B, SPAN323C

SPAN325 Intro to Hispanic Linguistics - Intro to Hispanic Linguistics 3.0

SPAN341 Survey of Lit of Spain - Survey of Lit of Spain 3.0

SPAN351 Survey of Lit of Span America - Survey of Lit of Span America 3.0

SPAN360 Intro to Translation - Intro to Translation 3.0

SPAN395R Contemporary Culture - Contemporary Culture - *You may take once* 0.5v

SPAN399R Academic Internship - Academic Internship - *You may take up to 3.0 credit hours* 0.5v

SPAN411 Conversation Superior Level - Conversation Superior Level 3.0

SPAN421 4th Yr Grammar - 4th Yr Grammar 3.0

SPAN423 Spanish Variation & Change - Spanish Variation & Change 3.0

SPAN425 Span & Engl Struct - Span & Engl Struct 3.0

SPAN429R Spec Top Span Ling - Spec Top Span Ling - *You may take once* 3.0

SPAN440 Medieval Span Lit - Medieval Span Lit 3.0

SPAN443R Golden Age Lit - Golden Age Lit - *You may take once* 3.0

SPAN444 Don Quijote- Don Quijote 3.0

SPAN446R 19th Century Lit - 19th Century Lit - *You may take once* 3.0

SPAN447R Spec Topics Culture of Spain - Spec Topics Culture of Spain - *You may take once* 3.0

SPAN448R 20th Century Lit - 20th Century Lit - *You may take once* 3.0

SPAN449R Special Topics in Span Lit - Special Topics in Span Lit - *You may take once* 3.0

SPAN450R Early Spanish-American Lit - Early Spanish-American Lit - *You may take once* 3.0

SPAN452 U.S. Latinx Literature - U.S. Latinx Literature 3.0

SPAN454R The Spanish-American Novel - The Spanish-American Novel - *You may take once* 3.0

SPAN455R Spanish-American Poetry - Spanish-American Poetry - *You may take once* 3.0

SPAN456R Spanish-American Drama - Spanish-American Drama - *You may take once* 3.0

SPAN457R Spec Topics Culture Span Amer - Spec Topics Culture Span Amer - *You may take once* 3.0

SPAN458R Hispanic-American Short Story - Hispanic-American Short Story - *You may take once* 3.0

SPAN459R Spec Topics in Span-Am Lit - Spec Topics in Span-Am Lit - *You may take once* 3.0

SPAN465 Span Medical Interpretation - Span Medical Interpretation 3.0

SPAN480R Directed Research - Directed Research - *You may take once* 0.5v

SPAN520 Problems in Spanish Grammar - Problems in Spanish Grammar 3.0

SPAN521 Romance Philology - Romance Philology 3.0

SPAN522 History of Spanish Language - History of Spanish Language 3.0

SPAN529R Spec Topics Span Linguistics - Spec Topics Span Linguistics - *You may take once* 3.0

Option 4.2 —Complete up to 3 hours

SPAN323A Spanish Medical Professions - Spanish Medical Professions 3.0

SPAN323B Spanish Business Professions - Spanish Business Professions 3.0

SPAN323C Spanish Legal Professions - Spanish Legal Professions 3.0

Requirement 5 —Complete 1 Requirement

Professional Education Component:

Licensure Requirements: Contact the Education Advisement Center, 350 MCKB, 801-422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

Requirement 6 —Complete 6 Courses

NOTE: FBI fingerprint and background clearance must be completed before enrollment in FLANG 276.

CPSE402 Educ Stdnts w/Disablts in ScEd - Educ Stdnts w/Disablts in ScEd 2.0

FLANG276 Exploration-Tchg Foreign Lang - Exploration-Tchg Foreign Lang 4.0

IP&T 371 - Integrating K-12 Ed Tec 1 1.0

IP&T373 Tching K-12 Online/Blended Lrn - Tching K-12 Online/Blended Lrn 1.0

SC ED353 Multicultural Educ - Multicultural Educ 2.0

SC ED375 Ad Dev & Class Mgmt - Ad Dev & Class Mgmt 3.0

Requirement 7 —Complete 12 hours

Note: Student teachers/interns must complete all required EPP assessments through mYlink in order to be cleared for graduation.

SPAN476 Sec Spanish Student Teaching - Sec Spanish Student Teaching - *You may take up to 12.0 credit hours* 12.0

SPAN496 Sec Spanish Tching Internship - Sec Spanish Tching Internship - *You may take up to 12.0 credit hours* 12.0

Requirement 8 —Complete 1 Course

SPAN491 Senior Proficiency Evaluation - Senior Proficiency Evaluation 0.5

Note 1: An ACTFL Oral Proficiency Interview (OPI) Writing Proficiency Test and Reading Comprehension Test are taken in connection with Span 491. Before applying to student teach, students must achieve a minimum OPI rating of "Advanced-Low" to obtain Utah state licensure and to graduate.

Note 2: To qualify for Utah licensure, students must also pass the Praxis Spanish World Language exam at the state-specified cutoff level prior to student teaching. Contact Education Student Services or check their website for more information.

Note: Students are strongly encouraged to participate in a Spanish language/ culture immersion experience, such as an LDS mission, Study Abroad program, internship, a semester in the Foreign Language Student Residence, or a service learning course.

Learning Outcomes

Title
Language Competence

Learning Outcome
Our graduates foster peace and serve in home, church, civic and professional settings by speaking, listening, reading, and writing Spanish at the ACTFL Advanced Low level or better.

Title
Cultural Competence

Learning Outcome
Our graduates are effective leaders and ministers, fostering belonging in various contexts by respectfully approaching the cultural perspectives, practices, and products of Spanish-speaking communities with curiosity, sensitivity, and appreciation.

Title
Critical Thinking and Expression

Learning Outcome
Our graduates discern and communicate truth with humility, integrity, and fair-mindedness in professional, personal, and gospel contexts.

Title
Professional Translation Skills

Learning Outcome
Our graduates are competent translators who carefully analyze source texts, choose effective translation strategies, and demonstrate attentiveness to intended audiences.

Title
Connecting Learning to Life

Learning Outcome
Our graduates are disciples of Jesus Christ and engage in life-long learning and service, promoting empathy through their communication skills, cultural awareness, and social skills.

Program Requirements

It is strongly recommended that HCOLL 310, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. This course helps students frame their humanities experience as professional preparation. Students will learn how to translate the unique value of their degree as they pursue a variety of professional paths. In short, this class will explore what a Humanities graduate can do and why humanistic study meets so many needs in the modern workplace. By focusing on core professional competencies, students will find ways to make their major coursework relevant to life after graduation.

For students wishing to pursue a career in the language industry, it is strongly recommended that they also complete the minor in Translation and Localization.

Requirement 1 — Obtain confirmation from your advisement center that you have completed the following:

The Spanish and Portuguese Department requires a minimum of 18 hours of upper-division major credit to be taken in residence at BYU for this degree program. These hours may also go toward BYU's 30-hour residency requirement for graduation.

Requirement 2 — Complete 24 Credit Hours

PLANG380 Computer-Assisted Translation - Computer-Assisted Translation 3.0

SPAN321 3rd-Yr Span Read, Gram, & Cult - 3rd-Yr Span Read, Gram, & Cult 3.0

SPAN360 Intro to Translation - Intro to Translation 3.0

SPAN361 Spanish to English Translation - Spanish to English Translation 3.0

SPAN362 English to Spanish Translation - English to Spanish Translation 3.0

SPAN467 Hist & Theory of Translation - Hist & Theory of Translation 3.0

SPAN468 Literary Translation - Literary Translation 3.0

SPAN469 Trans & Interpretation Project - Trans & Interpretation Project 3.0

Requirement 3 — Complete 12 Credit Hours

SPAN322 3rd-Yr Spanish Composition - 3rd-Yr Spanish Composition 3.0

SPAN323A Spanish Medical Professions - Spanish Medical Professions 3.0

SPAN323B Spanish Business Professions - Spanish Business Professions 3.0

Asian Studies (Minor)

Program Information

Minimum Credit Hours
14

Maximum Credit Hours
27

Learning Outcomes

Title
Regional and Disciplinary Literacy

Learning Outcome
Discuss the historical, cultural, and political traditions and perspectives of Asia and successfully analyze specific topics within these traditions using the concepts, theories, and methodologies associated with research in social science and the humanities. Courses that Contribute: ASIAN 200 ASIAN 342 ASIAN 495 IAS 301R Linked to BYU Aims: Intellectually Enlarging

Title
Language Proficiency

Learning Outcome
Communicate in the target language at the "intermediate" level according to ACTFL proficiency guidelines-i.e. "handle successfully a variety of uncomplicated communicative tasks in straightforward social situations . . . limited to those predictable and concrete exchanges necessary for survival." Comprehend "simple, sentence-length speech . . . in a variety of basic personal and social contexts." Read "short texts that convey basic information and deal with basic personal and social topics." Courses that Contribute: None Linked to BYU Aims: Intellectually Enlarging

Title
Effective Communication

Learning Outcome
Speak and write clearly, logically, and persuasively. Courses that Contribute: ASIAN 200 ASIAN 342 IAS 301R Linked to BYU Aims: Intellectually Enlarging

Title
Life-Long Learning

Learning Outcome
Develop intellectual curiosity that will lead to continued engagement with Asia in professional, personal, and ecclesiastical contexts.

Program Requirements

Requirement 1 — Complete 1 Course

HIST231 Intro to East Asian History - Intro to East Asian History 3.0

Requirement 2 — Complete 1 of 4 Options

8 hours of another Asian language may be substituted for this requirement with faculty coordinator approval. See Kennedy Center Advisement (273 HRCB) for further details.

Option 2.1 — Complete 4 Courses

CHIN101 Beginning Mandarin - Beginning Mandarin 4.0

CHIN102 Beginning Mandarin - Beginning Mandarin 4.0

CHIN201 Intermediate Mandarin - Intermediate Mandarin 4.0

CHIN202 Intermediate Mandarin - Intermediate Mandarin 4.0

Option 2.2 — Complete 4 Courses

JAPAN101 1st-Year Japanese - 1st-Year Japanese 4.0

JAPAN102 1st-Year Japanese - 1st-Year Japanese 4.0

JAPAN201 Second-Year Japanese - Second-Year Japanese 4.0

JAPAN202 Second-Year Japanese - Second-Year Japanese 4.0

Option 2.3 — Complete 4 Courses

KOREA101 First-Year Korean 1 - First-Year Korean 1 4.0

KOREA102 First-Year Korean 2 - First-Year Korean 2 4.0

KOREA201 Second-Year Korean 1 - Second-Year Korean 1 4.0

KOREA202 Second-Year Korean 2 - Second-Year Korean 2 4.0

Option 2.4 — Complete 1 of 11 Courses

International Development (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
Interdisciplinary Understanding of Development

Learning Outcome
Students will demonstrate an understanding of the historical, theoretical, and practical foundations of international development, including diverse approaches, actors, and the interconnectedness of global challenges such as poverty, health, environment, and education.

Title
Gospel-Centered Development Values

Learning Outcome
Demonstrate an understanding of how gospel principles such as compassion, self-reliance, stewardship, and the divine potential of all people can inform and enhance ethical, humble, and sustainable approaches to international development.

Title
Cross-Cultural Competence and Engagement

Learning Outcome
Students will gain skills in communication, collaboration, and problem-solving from cross-cultural and international perspectives, preparing them to act as agents for positive social change across a range of global contexts. Students will engage respectfully and reflectively with diverse communities, valuing local knowledge and perspectives while recognizing one's own cultural assumptions.

Title
Critical Thinking and Analytical Skills

Learning Outcome
Students will develop the ability to critically evaluate development theories and interventions, analyze complex global issues, and think independently and ethically about development in an interconnected world.

Title
Applied Learning and Career Readiness

Learning Outcome
Through interdisciplinary coursework, internships, and research opportunities, students will apply development knowledge in real-world settings, preparing for diverse careers or further study in international development and related fields.

GCI300 Social Impact - Social Impact 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

SOC340 Soc of International Develpmnt - Soc of International Develpmnt 3.0

Option 2.2 — Complete up to 3 Hours

POLI346 Southeast Asian Politics - Southeast Asian Politics 3.0

POLI347 Russia/Former Soviet Politics - Russia/Former Soviet Politics 3.0

POLI348 Government & Politics of Asia - Government & Politics of Asia 3.0

POLI352 African Politics - African Politics 3.0

POLI357 Middle East Politics - Middle East Politics 3.0

POLI358 Latin American Politics - Latin American Politics 3.0

Requirement 3 — Complete 9 hours

Up to 6 credits of the following courses may count if approved by the International Development Faculty Coordinator: HLTH 496R, IAS 397R, IAS 399R, and research or internship experiences in many of the major programs represented in the minor.

Option 3.1 — Complete up to 6 Hours

ANTHR330 Peoples of Africa - Peoples of Africa 3.0

ANTHR340 Peoples of the Middle East - Peoples of the Middle East 3.0

ANTHR341 Ethnonationalism and SE Asia - Ethnonationalism and SE Asia 3.0

Option 3.2 — Complete up to 6 hours

ECON431 Economic Development - Economic Development 3.0

ECON432 Economic Growth - Economic Growth 3.0

ECON459 International Monetary Theory - International Monetary Theory 3.0

Option 3.3 — Complete up to 6 hours

EDLF362 Intro International Dev Ed - Intro International Dev Ed 3.0

EDLF363 Ed, Poverty & Community Dev - Ed, Poverty & Community Dev 3.0

EDLF365 Ed Policy in Develpg Countries - Ed Policy in Develpg Countries 3.0

Option 3.4 —Complete up to 6 hours

GEOG101 Global Environment - Global Environment 3.0

GEOG255 Middle & South America - Middle & South America 3.0

GEOG271 Middle East - Middle East 3.0

GEOG272 East Asia - East Asia 3.0

GEOG273 Southeast Asia - Southeast Asia 3.0

GEOG285 Africa South of the Sahara - Africa South of the Sahara 3.0

GEOG306 Public Lands: Planning & Mgmt - Public Lands: Planning & Mgmt 3.0

Option 3.5- Complete up to 6 hours

HIST261 Modern Africa - Modern Africa 3.0

HIST290 Nature & History -Nature and History 3.0

HIST347 Chinese Cultural History - Chinese Cultural History 3.0

HIST348 Modern Southeast Asia - Modern Southeast Asia 3.0

Option 3.6- Complete up to 3 hours

HLTH100 Intro to Public Health - Intro to Public Health 1.0

HLTH316 Health Systems and Policy – Health Systems and Policy 3.0

HLTH322 Environmental Health - Environmental Health 3.0

HLTH413 Refugee & Migrant Health - Refugee & Migrant Health 3.0

HLTH480 International Health - International Health 3.0

Option 3.7- Complete up to 3 hours

POLI302 Experimental Research Methods - Experimental Research Methods 3.0

POLI303 Qualitative Methods - Qualitative Methods 3.0

POLI342 Gender and Politics - Gender and Politics 3.0

POLI343 Designing Democ. Constitutions – Designing Democ. Constitutions 3.0

POLI346 Southeast Asian Politics - Southeast Asian Politics 3.0

POLI347 Russia/Former Soviet Politics - Russia/Former Soviet Politics 3.0

POLI348 Government & Politics of Asia - Government & Politics of Asia 3.0

POLI352 African Politics - African Politics 3.0

POLI357 Middle East Politics - Middle East Politics 3.0

POLI358 Latin American Politics - Latin American Politics 3.0

POLI372 Intrnl Political Economy - Intrnl Political Economy 3.0

POLI374 Ethics & Intl Affairs - Ethics & Intl Affairs 3.0

POLI381 Intrntl Relatns of Middle East - Intrntl Relatns of Middle East 3.0

POLI472 Intrnl Political Econ of Women - Intrnl Political Econ of Women 3.0

POLI475 Civil Wars & Ethnic Violence - Civil Wars & Ethnic Violence 3.0

Option 3.8- Complete up to 3 hours

PWS150 Environmental Biology - Environmental Biology 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

Option 3.9- Complete up to 3 hours

SOC302 Evaluation Research - Evaluation Research 3.0

SOC340 Soc of International Develpmnt - Soc of International Develpmnt 3.0

SOC345 World Populations - World Populations 3.0

Option 3.10- Complete up to 6 hours

IAS300 Prof Dev International Studies - Prof Dev International Studies 1.0

IAS301R KC Lecture Series - KC Lecture Series - - *You may take 2 times* 1.0

IAS302R International Studies Seminar - International Studies Seminar - *You may take 2 times* 1.0

IHUM260 Humanities of Latin America - Humanities of Latin America 3.0

GCI300 Social Impact - Social Impact 3.0

NDFS380 International Nutrition- International Nutrition 3.0

SFL354 Cross-Cultural Fam & Hum Dev - Cross-Cultural Fam & Hum Dev 3.0

SOC W582 Refugee Studies - Refugee Studies 3.0

We encourage all students to earn 3-6 credit hours by completing an international study abroad (IAS 397R), internship, or field school (IAS 399R) experience that focuses on development. For a list of approved programs that will count toward the minor, or to request approval of a program, contact the International Development minor coordinator.

Major Academic Plan
MAPS - BA in American Stuides 2026-2027.docx

Learning Outcomes

Title
Work Independently

Learning Outcome
American Studies graduates will have created a coherent course of study matched to their interests and their post-graduate plans. This may include taking a suitable minor and creating for themselves relevant extracurricular experiences such as internships editorships travel study ORCA grants conference participation and publication.

Title
Engage Disciplinarily and Interdisciplinarily

Learning Outcome
American Studies graduates will understand that American studies is coherent as a discipline in and of itself and also engage their major both within and across the various other disciplines that constitute American Studies mastering the theoretical and methodological approaches inherent in the American Studies curriculum.

Title
Analyze Rigorously

Learning Outcome
American Studies graduates will be able to read critically and analyze cultural economic historical literary political social and religious texts and artifacts. They will identify evaluate and incorporate appropriate research sources in their work as they demonstrate awareness of the critical conversations they are entering. Their analyses will contribute to their understanding of the ways in which the American experience has been and continues to be constructed and transmitted.

Title
Communicate Persuasively

Learning Outcome
American Studies graduates will be able to formulate both their oral and written arguments coherently support them clearly and communicate them effectively to their audiences using correct conventions of language and some stylistic flair–all according to the best practices of the variety of disciplines and situations in which they are engaged.

Program Requirements

The American Studies 304/490 sequence fulfills the Advanced Written and Oral Communications requirement.

Majors should begin course work in the major by taking Am St 303 fall semester, followed by Am St 304. Course substitutions may only be made with written, prior permission of the American Studies coordinator. Courses do not double count between the different requirement sections within the major.

Requirement 1 —Complete 2 Courses

Introduction to American Studies Courses:

AM ST303 Intro American Studies - Intro American Studies 3.0

AM ST304 Methods and Writing Practices - Methods and Writing Practices 3.0

Requirement 2 — Complete 1 of 6 Courses

ANTHR442 Ethnographic Research Design - Ethnographic Research Design 3.0

ARTHC300 Theory & Methodology - Theory & Methodology 3.0

ENGL203 Ways of Reading - Ways of Reading 3.0

HIST200 Historian's Craft - Historian's Craft 3.0

POLI200 Political Inquiry - Political Inquiry 4.0

SOC300 Methods of Research in Soc - Methods of Research in Soc 3.0

Requirement 3 — Complete 2 Requirements

Option 3.1 —Complete 1 Course

IAS300 Prof Dev International Studies - Prof Dev International Studies 1.0

Option 3.2 — Complete 1 of 2 Courses

IAS301R KC Lecture Series - KC Lecture Series - *You may take once* 1.0

IAS302R International Studies Seminar - International Studies Seminar - *You may take once* 1.0v

Requirement 4 —Complete 3 hours

Complete IAS 399R or receive a substitution for this requirement. To receive a substitution, students may, with approval from the American Studies Program coordinator, complete an alternative 3.0 credit hour internship experience.

IAS399R Academic Internship - Academic Internship - - *You may take once* 0.5v

Requirement 5 — Complete 1 of 3 Courses

HIST 490 or IHUM 490R must focus, to some degree, upon United States history, culture, and/or society.

AM ST490 American Studies Capstone - American Studies Capstone 3.0

HIST490 Capstone Research Seminar - Capstone Research Seminar 3.0

IHUM490R Seminar in the Humanities - Seminar in the Humanities - *You may take once* 3.0

Requirement 6 — Complete 2 of 4 Options

Option 6.1 — Complete 2 Requirements

Religious Lives, Liberties, & Histories Track.

ENGL 357R, ENGL 388R, GWS 337R, and HIST 390R, must focus, to some degree, on religious life, liberties, and histories of the United States.

Option 6.1.1 — Complete 2 hours

REL C351 World Religions - World Religions 2.0

Option 6.1.2 — Complete 12 hours

Option 6.1.2.1 — Complete up to 12 hours

AM ST390R Topics in American Studies - Topics in American Studies - *You may take up to 6.0 credit hours* 3.0

AM ST392R Lecture Series - Lecture Series - *You may take 3 times* 1.0

Title
Regional and Disciplinary Literacy

Learning Outcome
Discuss the historical, cultural, and political traditions and perspectives of Asia and successfully analyze specific topics within these traditions using the concepts, theories, and methodologies associated with research in social science and the humanities.

Title
Language Proficiency

Learning Outcome
Communicate in an Asian language at the "intermediate" level according to ACTFL proficiency guidelines-i.e. "handle successfully a variety of uncomplicated communicative tasks in straightforward social situations . . . limited to those predictable and concrete exchanges necessary for survival." Comprehend "simple, sentence-length speech . . . in a variety of basic personal and social contexts." Read "short texts that convey basic information and deal with basic personal and social topics."

Title
Effective Communication

Learning Outcome
Speak and write clearly, logically, and persuasively.

Title
Life-Long Learning

Learning Outcome
Develop intellectual curiosity that will lead to continued engagement with Asia in professional, personal, and ecclesiastical contexts.

Program Requirements
Previous language experience or up to 20 credits of language may be required before completing Requirement 1.

Courses do not double count between different requirements in the major.

Requirement 1 —Complete 1 of 3 Options

Upon completion of Requirement 1, students may be eligible to earn a language certificate in their chosen language by taking the OPI and WPT assessments. For full details and to register for the language certificate see: https://cls.byu.edu/programs/certificate/

A language certificate completed in another Asian language may be substituted for this requirement with faculty coordinator approval.

Option 1.1 —Complete 2 Requirements

Requirement 1.1.1 —Complete 2 Courses

CHIN302 Advanced Mandarin - Advanced Mandarin4.0

CHIN345R Chinese Culture - Chinese Culture- You may take once3.0

Requirement 1.1.2 —Complete 1 of 2 Courses

CHIN343 Chin Lit inTranslation--Poetry - Chin Lit inTranslation--Poetry 3.0

CHIN344 Chin Lit inTranslation-Prose - Chin Lit inTranslation-Prose 3.0

Option 1.2 —Complete 2 Requirements

Requirement 1.2.1 —Complete 2 Courses

JAPAN321 Advanced 1: Current Events - Advanced 1: Current Events3.0

JAPAN345 Japanese Culture - Japanese Culture3.0

Requirement 1.2.2 —Complete 1 of 3 Courses

JAPAN322 Advanced Japanese: Modern Lit - Advanced Japanese: Modern Lit 3.0

JAPAN351 Lit in Tran: 17th-19th Century - Lit in Tran: 17th-19th Century 3.0

JAPAN352 Lit in Translation: Modern Era - Lit in Translation: Modern Era 3.0

Option 1.3 —Complete 2 Requirements

Requirement 1.3.1 —Complete 2 Courses

KOREA302 Third-Year Korean 2 - Third-Year Korean 2 4.0

KOREA345 Korean Culture - Korean Culture 3.0

Requirement 1.3.2 —Complete 1 of 3 Courses

KOREA321 Select Rdngs of Modern Korean - Select Rdngs of Modern Korean 3.0

KOREA340 Korean Literature to 1900 - Korean Literature to 1900 3.0

KOREA441 Classical Korean (Hanmun) - Classical Korean (Hanmun) 3.0

Requirement 2 —Complete 4 Courses

ASIAN200 Intr Asian Studies - Intr Asian Studies 3.0

ASIAN495 Capstone in Asian Studies - Capstone in Asian Studies 1.0

HIST231 Intro to East Asian History - Intro to East Asian History 3.0

IAS300 Prof Dev International Studies - Prof Dev International Studies 1.0

Requirement 3 —Complete 1 of 3 Courses

ASIAN342 Asian Lit Trads - Asian Lit Trads 3.0

IHUM241 Humanities of East Asia - Humanities of East Asia 3.0

IHUM243 Humanities of South Asia - Humanities of South Asia 3.0

Requirement 4 —Complete 1 of 4 Courses

POLI346 Southeast Asian Politics - Southeast Asian Politics 3.0

POLI348 Government & Politics of Asia - Government & Politics of Asia 3.0

POLI353 China: Government & Politics - China: Government & Politics 3.0

POLI385 Intrntl Relations of Asia - Intrntl Relations of Asia 3.0

Requirement 5 —Complete 2 of 6 Courses

HIST337 Pre-modern Korea - Pre-modern Korea 3.0

HIST338 Modern Korea - Modern Korea 3.0

HIST340 Traditional China - Traditional China 3.0

HIST341 China Since 1200 - China Since 1200 3.0

HIST343 Early Japan - Early Japan 3.0

HIST344 Modern Japan - Modern Japan 3.0

Requirement 6 — Complete 15 hours

If approved beforehand, up to 9 credit hours of international coursework may be completed through study abroad, internships, mentored research, or independent field studies.

Option 6.1 — Complete up to 3 hours

ASIAN342 Asian Lit Trads - Asian Lit Trads 3.0

IHUM241 Humanities of East Asia - Humanities of East Asia 3.0

IHUM243 Humanities of South Asia - Humanities of South Asia 3.0

Option 6.2 — Complete up to 6 hours

ANTHR341 Ethnonationalism and SE Asia - Ethnonationalism and SE Asia 3.0

ANTHR 343 - Chinese Culture & Society 3.0 - *This course is no longer offered*

Option 6.3 — Complete up to 3 hours

ARTHC203 Asian Art Survey - Asian Art Survey 3.0

Option 6.4 — Complete up to 6 hours

CHIN342 Chinese Film in Translation - Chinese Film in Translation 3.0

CHIN343 Chin Lit inTranslation--Poetry - Chin Lit inTranslation--Poetry 3.0

CHIN344 Chin Lit inTranslation-Prose - Chin Lit inTranslation-Prose 3.0

CHIN345R Chinese Culture - Chinese Culture- 3.0 *You may take once*

CHIN346 Chinese Philosophy - Chinese Philosophy 3.0

CHIN441 Classical & Literary Chinese - Classical & Literary Chinese 3.0

CHIN442 Classical & Literary Chinese - Classical & Literary Chinese 3.0

CHIN443 Modern Chinese Literature - Modern Chinese Literature 3.0

CHIN444 Contemporary Chinese Liter - Contemporary Chinese Liter 3.0

Option 6.5 — Complete up to 3 hours

GEOG272 East Asia - East Asia 3.0

Option 6.6 — Complete up to 6 hours

HIST337 Pre-modern Korea - Pre-modern Korea 3.0

HIST338 Modern Korea - Modern Korea 3.0

HIST343 Early Japan - Early Japan 3.0

HIST344 Modern Japan - Modern Japan 3.0

HIST347 Chinese Cultural History - Chinese Cultural History 3.0

HIST348 Modern Southeast Asia - Modern Southeast Asia 3.0

HIST349 Asian Religion & Thought - Asian Religion & Thought 3.0

Option 6.7 — Complete up to 6 hours

JAPAN321 Advanced 1: Current Events - Advanced 1: Current Events 3.0

JAPAN322 Advanced Japanese: Modern Lit - Advanced Japanese: Modern Lit 3.0

JAPAN345 Japanese Culture - Japanese Culture 3.0

JAPAN350 Lit in Tran: 8th-16th Century - Lit in Tran: 8th-16th Century 3.0

JAPAN351 Lit in Tran: 17th-19th Century - Lit in Tran: 17th-19th Century 3.0

JAPAN352 Lit in Translation: Modern Era - Lit in Translation: Modern Era 3.0

JAPAN441 Intro to Classical Japanese - Intro to Classical Japanese 3.0

JAPAN444 Toward Superior Japanese: Lit - Toward Superior Japanese: Lit 3.0

Option 6.8 — Complete up to 6 hours

KOREA315 Sino-Korean Character Workshop - Sino-Korean Character Workshop 3.0

KOREA321 Select Rdngs of Modern Korean - Select Rdngs of Modern Korean 3.0

KOREA340 Korean Literature to 1900 - Korean Literature to 1900 3.0

KOREA345 Korean Culture - Korean Culture 3.0

KOREA346 North Korean Culture - North Korean Culture 3.0

KOREA441 Classical Korean (Hanmun) - Classical Korean (Hanmun) 3.0

KOREA443 Korean Literature after 1900 - Korean Literature after 1900 3.0

Option 6.9 — Complete up to 6 hours

IAS301R KC Lecture Series - KC Lecture Series - *You may take once* 1.0

IAS302R International Studies Seminar - International Studies Seminar - *You may take once* 1.0v

MUSIC203 World Music Cultures - World Music Cultures 3.0

MUSIC336R Balinese Gamelan - Balinese Gamelan - *You may take once* 1.0

Option 6.10 — Complete up to 6 hours

POLI346 Southeast Asian Politics - Southeast Asian Politics 3.0

POLI348 Government & Politics of Asia - Government & Politics of Asia 3.0

POLI353 China: Government & Politics - China: Government & Politics 3.0

POLI385 Intrntl Relations of Asia - Intrntl Relations of Asia 3.0

Option 6.11 — Complete up to 5 hours

REL C358 Survey of Eastern Religions - Survey of Eastern Religions 2.0

SOC345 World Populations - World Populations 3.0

European Studies (BA)

Program Information

Minimum Credit Hours
36

Maximum Credit Hours
38

Major Academic Plan
MAPS - BA in European Studies 2026-2027.docx

Learning Outcomes

Title
Information Literacy: Foundations & Frameworks in European Studies

Learning Outcome
Students will demonstrate advanced factual knowledge of European geographies, histories, politics, and cultures, and show proficiency in analyzing and interpreting specific European topics using major theories and concepts from the core European Studies disciplines (history, political science, and the humanities).

Title
Global Citizenship

Learning Outcome
Students will acquire and refine an intellectual curiosity and habits of thought that will lead to life-long learning and continued engagement with European history, literature, culture, languages, and current affairs in various realms (personal, professional, church, civic).

Title
Cultural Navigation: International Perspectives & Experiences

Learning Outcome
Students will acquire advanced international and intercultural competencies through coursework in international studies, habitual reading of European and global news, regular attendance at Kennedy Center lectures, as well as mentored learning experiences, including study abroad, internship, etc.

Title
Professional Skills and Competencies

Learning Outcome
Students will cultivate advanced skills in critical reading, thinking, and communication in a variety of disciplinary traditions (history, humanities, political science, etc.). Students will learn how to locate, use, and cite high-quality and reliable resources from the library and online and use that research in the creation of a substantive research paper. They will also demonstrate a proficiency in communicating in a European language other than English.

Program Requirements

Requirement 1 — Complete 1 of 55 Courses

Complete one of the following classes in a European language.

ALBAN330 Adv Lang & Cult: Albanian - Adv Lang & Cult: Albanian 3.0

ARMEN330 Adv Lang & Cult: Armenian -Adv Lang & Cult: Armenian 3.0

BULGN330 Cultural History of Bulgaria - Cultural History of Bulgaria 3.0

Major Academic Plan
MAPS - BA in Latin American Studies 2026-2027.docx

Learning Outcomes

Title
Intellectually Enlarging

Learning Outcome
Latin American Studies students will be able to thoughtfully analyze historical and cultural artifacts, understand basic methodologies of humanities and social science research, and write persuasively about topics, questions, and arguments relating to significant historical events or cultural moments in Latin America.

Title
Character Building

Learning Outcome
Latin American Studies students will exhibit academic integrity and become skilled communicators able to think interdisciplinarily, interculturally, and with geographic particularity.

Title
Lifelong Learning and Service

Learning Outcome
Latin American Studies students will strive to become peacemakers and champions of human dignity who are able to connect with others and see across national, cultural, and linguistic divides.

Title
Spiritually Strengthening

Learning Outcome
Latin American students will develop empathy, love, and respect for God's children by gaining competency in and a lively appreciation of the history, culture, and politics of Latin American societies, as well as advanced proficiency in at least one of the major languages of the region.

Program Requirements
Courses do not double count between the different requirements sections in the major.

Requirement 1 —Complete 1 Course

LAS211 Intro Latin American Studies - Intro Latin American Studies 3.0

Requirement 2 —Complete 1 of 2 Options

Depending on language proficiency, students may need to complete lower-division language courses before enrolling in SPAN 321 or PORT 321.

For language placement and course sequence, see https://spanport.byu.edu/which-portuguese-class-should-i-start-with or https://spanport.byu.edu/which-spanish-class-should-i-take

Option 2.1 —Complete 2 Courses

PORT321 3rd-Yr Port Read, Gram, & Cult - 3rd-Yr Port Read, Gram, & Cult 3.0

PORT355 Cultures of Brazil - Cultures of Brazil 3.0

Option 2.2 —Complete 2 Courses

SPAN321 3rd-Yr Span Read, Gram, & Cult - 3rd-Yr Span Read, Gram, & Cult 3.0

SPAN355 Cultures of Spanish America - Cultures of Spanish America 3.0

Requirement 3 — Complete 3 of 4 Options

Social Science courses:

Option 3.1 —Complete 1 Course

GEOG255 Middle & South America - Middle & South America 3.0

Option 3.2 —Complete 1 of 2 Courses

HIST251 Con & Col Lat Amer - Con & Col Lat Amer 3.0

HIST252 Modern Latin Amer - Modern Latin Amer 3.0

Option 3.3 —Complete 1 of 2 Courses

POLI358 Latin American Politics - Latin American Politics 3.0

POLI380 Intrnl Relations of Latin Amer - Intrnl Relations of Latin Amer 3.0

Option 3.4 —Complete 1 of 3 Courses

SOC223 Sociology of Race & Ethnicity - Sociology of Race & Ethnicity 3.0

SOC340 Soc of International Develpmnt - Soc of International Develpmnt 3.0

SOC345 World Populations - World Populations 3.0

Requirement 4 — Complete 2 of 10 Courses

Humanities courses:

IHUM260 Humanities of Latin America - Humanities of Latin America 3.0

PORT330 Intro to Port & Brazilian Lit - Intro to Port & Brazilian Lit 3.0

PORT351 Survey of Lit of Brazil - Survey of Lit of Brazil 3.0

Maximum Credit Hours
18

Learning Outcomes

Title
Gain Factual Knowledge

Learning Outcome
Gain factual knowledge of the geography, history, politics, cultures, and social and family realities of the African continent and the African diaspora throughout the world.

Title
Theories and Methodologies

Learning Outcome
Learn and apply theories and methodologies from the major disciplines involved in the study of social and cultural issues related to Africa and the African diaspora, both past and present.

Title
Analysis

Learning Outcome
Analyze rigorously cultural, economic, historical, literary, political, social, and religious texts and sources to better comprehend how African and African-diasporic experiences have been, and continue to be, constructed and transmitted.

Title
Life-long Learning and Service

Learning Outcome
Develop life-long learning and service – Cultivate the curiosity and habits of thoughts that will lead to life-long learning about and continued contact with the peoples and cultures of Africa and the diaspora.

Title
Integrate Gospel Principles

Learning Outcome
Integrate gospel principles into the study of African and African-diasporic practices to strengthen personal testimony, deepen discipleship in harmony with prophetic guidance, and cultivate Christlike love for all of God's children.

Program Requirements

Requirement 1 — Complete 1 Course

IAS221 Intro to Africana Studies - Intro to Africana Studies 3.0

Requirement 2 — Complete 1 of 2 Options

Option 2.1 — Complete 6 hours

African Continent Core Courses

Note: ENGL 397R is offered with African content every winter semester.

33

Major Academic Plan
MAPS - BGS in General Studies - American Studies 2026-2027.docx

Learning Outcomes

Title
American Politics

Learning Outcome
Recognize the interdependence of culture and politics in American life and history.

Title
American History

Learning Outcome
Demonstrate an understanding of the major events in American history such as its social political economic or literary aspects.

Title
American Culture

Learning Outcome
Demonstrate an understanding of the multifaceted nature of American culture and identity.

Title
BGS Learning Outcome - Aims of a BYU Education

Learning Outcome
Reflect on and describe how their coursework in the BGS program has contributed to the aims of a BYU education: Spiritually strengthening Character building Intellectually enlarging Preparing for lifelong learning and service

Program Requirements
Have 27 hours of campus residency.

Complete a minimum of 10 hours in the emphasis after formal admission to the BGS program.

Thirty of the 120 hours must be 300-level or above courses.

Students must earn a minimum 2.0 BYU grade point average, a minimum 2.0 cumulative grade point average, and a minimum 2.0 emphasis grade point average.

The program must be completed in eight years or less.

All emphasis courses taken after admission to BGS must be BYU courses.

Requirement 1 —Complete 1 Course

Prerequisite Course (must be completed before taking any other courses, includes preparing academic plan which must be approved before proceeding):

STDEV100 Essential College Skills - Essential College Skill 1.0

Requirement 2 —Complete 4 Courses

Core courses:

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

HIST220 U S Through 1877 - U S Through 1877 3.0

HIST221 U S Since 1877 - U S Since 1877 3.0

Requirement 4 —Complete 1 Course

Complete a capstone course (last course to be completed):

STDEV490 BGS Capstone - BGS Capstone 2.0

Middle East Studies / Arabic (BA)

Program Information

Minimum Credit Hours
62

Maximum Credit Hours
70

Major Academic Plan
MAPS - BS in Middle East Studies Arabic 2026-2027.docx

Learning Outcomes

Title
Critical Reasoning

Learning Outcome
Demonstrate rigorous deductive and inductive reasoning in assessing arguments and evidence

Title
Analytical and Persuasive Writing

Learning Outcome
Write clearly logically and persuasively in both short and long formats

Title
Oral Communication

Learning Outcome
Verbally present clear logical and persuasive arguments and engage in effective dialogues with others

Title
Research Design and Practice

Learning Outcome
Use appropriate disciplinary methods to answer relevant questions through effective research design and original research

Title
International and Regional Understanding

Learning Outcome
Understand the historical literary religious geographic social and political contexts of the modern Middle East and its relationship to other world regions

Title
Arabic Language Comprehension

Learning Outcome
Understand contemporary written and oral Arabic language sources at the ACTFL advanced level

Title
Arabic Language Communication

Learning Outcome
Speak and write Arabic at the ACTFL advanced level

Title
Cultural Proficiency and Appreciation

Learning Outcome
Effectively navigate the cultures of the Middle East with curiosity empathy and respect

Title
Professional Preparation

Learning Outcome
Demonstrate skills of resilience collaboration and leadership in preparation for a future career

Program Requirements

Students should plan to take courses in this order: language prerequisites, core major courses, track requirements in either History and Culture or Social Sciences, Arabic study abroad, and finally the Senior Seminar and track electives.

Students majoring in Middle East Studies/Arabic cannot also earn a minor in Arabic, but they are encouraged to add a secondary major in Arabic Language. Students with a secondary major in Arabic Language may not use the same 400-level upper-division Arabic courses for both majors. Only lower-division Arabic courses, including those taken during study abroad, may count toward both majors.

Requirement 1 — Complete 2 Courses

Complete the following language prerequisite courses or equivalent.

ARAB101 1st-Year Arabic - 1st-Year Arabic 4.0

ARAB102 1st-Year Arabic - 1st-Year Arabic 4.0

Requirement 2 — Complete 5 Courses

Complete the following core curriculum:

ARAB201 2nd-Year Arabic - 2nd-Year Arabic 4.0

ARAB202 Intermediate Arabic - Intermediate Arabic 4.0

MESA201 Intro to Middle East Studies - Intro to Middle East Studies 3.0

MESA250 Intro to Religion of Islam - Intro to Religion of Islam 3.0

MESA300 Professional Development - Professional Development 1.0

Requirement 3 — Complete 16 hours

Complete the one-semester Study Abroad program in the Arab world, which includes the following Arabic language courses:

ARAB211R 2nd-Year Conversation - 2nd-Year Conversation - *You may take once* 2.0

ARAB300 Adv Modern Standard Arabic - Adv Modern Standard Arabic 4.0

ARAB302 Newspaper Arabic - Newspaper Arabic 4.0

ARAB311R 3rd-Year Conversation - 3rd-Year Conversation - *You may take once* 1.0v

ARAB331 Spoken Arabic - Egyptian - Spoken Arabic - Egyptian 4.0

Requirement 4 — Complete 1 Course

Complete a senior seminar in Middle Eastern Studies. (Note: This course should be taken after returning from the semester abroad. Choose a senior seminar section on a topic appropriate to your track specialization when available.)

MESA495 Sr Sem in Middle East Studies - Sr Sem in Middle East Studies 3.0

Requirement 5 — Complete 1 of 2 Options

Choose and complete one of the following disciplinary tracks:

Option 5.1 — Complete 5 Requirements

History and Culture track:

Requirement 5.1.1 — Complete 4 Courses

ARAB424R Modern Arabic Literature - Modern Arabic Literature - *You may take once* 2.0

Note 1: Students can receive no more than 3 total internship credit hours to satisfy this requirement.

Note 2: Relevant POLI 359R courses can be taken for credit with permission.

Note 3: POLI 300 is strongly recommended for those pursuing careers involving research or analysis.

Note 4: Only one course of either Turkish or Persian will count.

International Relations (BA)

Program Information

Minimum Credit Hours
61

Maximum Credit Hours
87

Major Academic Plan
MAPS - BA in International Relations 2026-2027.docx

Learning Outcomes

Title
Factual Knowledge

Learning Outcome
Demonstrate factual knowledge of important international trends and events related to politics economics geography and history.

Title
Analyzing International Affairs

Learning Outcome
Analyze international affairs by using theoretical concepts and ideas from more than one IR-related discipline.

Title
Writing Effectively

Learning Outcome
Communicate effectively in writing and in speech.

Title
Critical and Analytical Thinking

Learning Outcome
Think critically and analytically about international problems and events and synthesize concepts information and experiences from different disciplines relevant to international affairs.

Title
Analysis and Research

Learning Outcome
Employ appropriate methods of analysis and research both qualitative and quantitative to provide sophisticated analyses and clear logical arguments relating to important questions about international relations.

Program Requirements

Courses cannot double count between the different requirements in the major unless otherwise noted. Students majoring in International Relations may not pursue minors in Economics, Political Science, or International Strategy and Diplomacy because of the course overlap between International Relations and those minors.

Requirement 1 — Complete 1 of 2 Courses

POLI150 Comparative Governmnt&Politics - Comparative Governmnt&Politics 3.0

POLI250 Principles of Comprtv Politics - Principles of Comprtv Politics 3.0

Requirement 2 — Complete 1 of 2 Courses

POLI170 Intro International Politics - Intro International Politics 3.0

POLI270 Principles of Intl Relations - Principles of Intl Relations 3.0

Requirement 3 — Complete 4 Courses

ECON110 Econ Principles & Problems - Econ Principles & Problems 3.0

GEOG120 Geography & World Affairs - Geography & World Affairs 3.0

MATH112 Calculus 1 - Calculus 1 4.0

POLI200 Political Inquiry - Political Inquiry 4.0

Requirement 4 — Complete 1 of 2 Courses

STDEV 317 and STDEV 318 may be substituted here.

ECON210 Career Prep - Career Prep 1.0

IAS300 Prof Dev International Studies - Prof Dev International Studies 1.0

Requirement 5 — Complete 1 of 2 Options

Option 5.1 — Complete 2 Courses

Note: ECON 388 can double count for an elective under specialization track 12.2 or 12.7.

ECON378 Statistics for Economists - Statistics for Economists 3.0

ECON388 Intro to Econometrics - Intro to Econometrics 3.0

Option 5.2 — Complete 1 Course

POLI300 Statistical Analysis - Statistical Analysis 4.0

Requirement 6 — Complete 2 Courses

ECON380 Intermediate Micro Theory 1 - Intermediate Micro Theory 1 3.0

ECON381 Intermed Macroeconomics - Intermed Macroeconomics 3.0

Requirement 7 — Complete 1 of 6 Courses

ECON431 Economic Development - Economic Development 3.0

ECON432 Economic Growth - Economic Growth 3.0

ECON440 Natrl Resources & Envir Econ - Natrl Resources & Envir Econ 3.0

ECON458 International Trade Theory - International Trade Theory 3.0

ECON459 International Monetary Theory - International Monetary Theory 3.0

ECON478 Game Theory & Economics - Game Theory & Economics 3.0

Requirement 8 — Complete 2 of 14 Courses

HIST393 US Foreign Relations - US Foreign Relations 3.0

POLI340 Democracy and Autocracy - Democracy and Autocracy 3.0

POLI341 European Politics - European Politics 3.0

POLI343 Designing Democ. Constitutions - Designing Democ. Constitutions 3.0

POLI344 Comparative Political Econ - Comparative Political Econ 3.0

POLI345 Comp. Parties and Elections - Comp. Parties and Elections 3.0

POLI346 Southeast Asian Politics - Southeast Asian Politics 3.0

POLI347 Russia/Former Soviet Politics - Russia/Former Soviet Politics 3.0

Ancient Near Eastern Studies (BA): Greek New Testament Emphasis

Program Information

Minimum Credit Hours
60

Maximum Credit Hours
60

Major Academic Plan

MAPS - BA in Ancient Near Eastern Studies Greek New Testament 2026-2027.docx

Learning Outcomes

Title
Academics and Faith

Learning Outcome
Develop the ability to consider the relationship between academics and faith through models of academically sound but also faithful scholarship. Seek a spiritually informed, lifelong pursuit of learning, scholarship, and service.

Title
History and Culture of Ancient Near East

Learning Outcome
Learn and be able to interpret the significant events and developments in the history and cultures of the ancient Near East, including the history and culture of ancient Israel and surrounding civilizations, particularly during the Hellenistic, Roman, and early Christian eras.

Title
Ancient Text Interpretation

Learning Outcome
Be able to translate and interpret major ancient Near Eastern texts, especially the Greek New Testament, and analyze those texts within the contexts of Second Temple Judaism, the Hellenistic World, and the Roman Empire. Acquire proper hermeneutical skills and practice sound exegesis as well as learn how to do modern readings, including readings from a Latter-day Saint perspective.

Title
Language Proficiency

Learning Outcome
Acquire and demonstrate functional capacity in the languages and textual interpretation of the Greek New Testament, being able to read, translate, comprehend, analyze, and interpret these significant religious and historical texts with methodological soundness.

Title
Critical Thinking

Learning Outcome
Develop the capacity for informed, independent, critical thinking, be able to perform appropriate library and online scholarly research, and use these skills in the professional study of the ancient Near East and early Christianity.

Title
Analytical Writing

Learning Outcome
Be able to write cogent and substantial research papers on a university level that utilize theoretical and methodological approaches from the Social Sciences and Humanities that integrate historical and artifactual analysis with the translation, analysis and interpretation of ancient Near Eastern texts and topics.

Title
Academic Integrity

Learning Outcome
Understand and comply with the ethical standards adhered to by professionals in the academic fields of textual analysis, archaeology, and historical research and encouraged to follow them.

Requirement 2 —Complete 3 Courses

ANES395 Junior Seminar in ANES - Junior Seminar in ANES 3.0

ANES495 Senior Capstone in ANES - Senior Capstone in ANES S 2.0

IAS300 Prof Dev International Studies - Prof Dev International Studies 1.0

Requirement 3 —Complete 4 Courses

GREEK101 First-Year Greek - First-Year Greek 4.0

GREEK102 First-Year Greek - First-Year Greek 4.0

GREEK201 Intermediate Greek - Intermediate Greek 4.0

GREEK302 Classical Greek Prose - Classical Greek Prose 3.0

Requirement 4 — Complete 3 of 4 Courses

GREEK301 Classical Greek Poetry - Classical Greek Poetry 3.0

GREEK411R Greek NT & Christian Texts - Greek NT & Christian Texts - *You may take 3 times* 3.0

GREEK411R Greek NT & Christian Texts - Greek NT & Christian Texts - *You may take 3 times* 3.0

GREEK411R Greek NT & Christian Texts - Greek NT & Christian Texts - *You may take 3 times* 3.0

Requirement 5 —Complete 6 hours

Courses taken for other requirements in the major do not double count here. Additional ANES, Greek, or Hebrew courses may be substituted here with the approval of the ANES program coordinator.

ANES301 Methods & Sources Hebrew Bible - Methods & Sources Hebrew Bible 3.0

ANES353R Archaeological Fieldwork in NE - Archaeological Fieldwork in NE - *You may take once* 1.0v

ANES430R Adv Topics in ANES - Adv Topics in ANES - - *You may take 2 times* 3.0

ANTHR351 Archaeology and the Bible - Archaeology and the Bible 3.0

ANTHR378 Near Eastern Archaeology - Near Eastern Archaeology 3.0

ARTHC304 Greek Art - Greek Art 3.0

ARTHC306 Roman Art - Roman Art 3.0

ARTHC310 Early Christian&Byzantine Art - Early Christian&Byzantine Art 3.0

CL CV241 Greek&Roman Mythology - Greek&Roman Mythology3.0

CL CV304 Greek History - Greek History 3.0

CL CV307 Roman History - Roman History 3.0

CL CV310 Classical Archaeology - Classical Archaeology 3.0

IAS301R KC Lecture Series - KC Lecture Series - *You may take once* 1.0

NE LG345 Texts & Ancient Temples - Texts & Ancient Temples 3.0

NE LG511R Studies in Anc Near East Lang - Studies in Anc Near East Lang - *You may take 3 times* 0.5v

NES336R Ancient Near Eastern Studies - Ancient Near Eastern Studies - *You may take once* 1.5v

Note: Students are encouraged to take Old and New Testament courses (REL A 211, REL A 212, REL A 301, REL A 302) offered by the Department of Ancient Scripture as part of their Religious Education elective requirements

Ancient Near Eastern Studies (BA): Hebrew Bible Emphasis

Program Information

Major Academic Plan
MAPS - BA in Ancient Near Eastern Studies Hebrew Bible 2026-2027.docx

Learning Outcomes

Title
Academics and Faith

Learning Outcome
Develop the ability to consider the relationship between academics and faith through models of academically sound but also faithful scholarship. Seek a spiritually informed, lifelong pursuit of learning, scholarship, and service.

Title
History and Culture of Ancient Near East

Learning Outcome
Learn and be able to interpret the significant events and developments in the history and cultures of the ancient Near East, including the history and culture of ancient Israel and surrounding civilizations, e.g., Egypt, Greater Syria, and Mesopotamia.

Title
Ancient Text Interpretation

Learning Outcome
Be able to translate and interpret major ancient Near East texts, including the Hebrew Bible, and analyze their significance for understanding the cultures that produced them. They will also learn proper hermeneutical skills and practice sound exegesis as well as learn how to do modern readings, including readings from a Latter-day Saint perspective.

Title
Language Proficiency

Learning Outcome
Acquire and demonstrate functional capacity in Hebrew and textual interpretation of the Hebrew Bible, being able to read, comprehend, analyze, and interpret these significant religious and historical texts with methodological soundness. Students are also encouraged to gain exposure to other pertinent ancient languages (e.g., Aramaic, Ugaritic, Syriac, Greek) and modern research languages (such as German, French, and Modern Hebrew).

Title
Critical Thinking

Learning Outcome
Develop the capacity for informed, independent, critical thinking, be able to perform appropriate library and online scholarly research, and use these skills in the professional study of the ancient Near East.

Title
Analytical Writing

Learning Outcome
Be able to write cogent and substantial research papers on a university level that utilize theoretical and methodological approaches from the Social Sciences and Humanities that integrate historical and artifactual analysis with the translation, analysis and interpretation of ancient Near Eastern texts and topics.

Title
Academic Integrity

Learning Outcome
Understand and comply with the ethical standards adhered to by professionals in the academic fields of textual analysis, archaeology, and historical research and encouraged to follow them.

Program Requirements

Requirement 1 — Complete 8 Courses

ANES201 Introduction to ANES - Introduction to ANES 3.0

ANES301 Methods & Sources Hebrew Bible - Methods & Sources Hebrew Bible 3.0

ANES310 Mat Culture of Ancient Israel - Mat Culture of Ancient Israel 3.0

ANES331 Rdngs in ANE Texts to 330 BC - Rdngs in ANE Texts to 330 BC 3.0

ANES363 Hebrew Bible Studies - Hebrew Bible Studies 3.0

ANES430R Adv Topics in ANES - Adv Topics in ANES 3.0

HIST238 Ancient Near East to 330 BC - Ancient Near East to 330 BC 3.0

HIST239 Ancient Near East 330BC-640AD - Ancient Near East 330BC-640AD 3.0

Requirement 2 —Complete 1 of 3 Courses

ANTHR351 Archaeology and the Bible - Archaeology and the Bible 3.0

ANTHR375 Archaeology of Egypt - Archaeology of Egypt 3.0

ANTHR378 Near Eastern Archaeology - Near Eastern Archaeology 3.0

Requirement 3 —Complete 3 Courses

ANES395 Junior Seminar in ANES - Junior Seminar in ANES 3.0

ANES495 Senior Capstone in ANES - Senior Capstone in ANES 2.0

IAS300 Prof Dev International Studies - Prof Dev International Studies 1.0

Requirement 4 —Complete 7 Courses

HEB131 1st-Year Biblical Hebrew - 1st-Year Biblical Hebrew 4.0

HEB132 1st-Year Biblical Hebrew - 1st-Year Biblical Hebrew 4.0

HEB231 2nd Yr Hebrew - 2nd Yr Hebrew 4.0

HEB232 2nd-yr Biblical Heb Narrative - 2nd-yr Biblical Heb Narrative 4.0

HEB331 3rd-yr Biblical Hebrew 1 - 3rd-yr Biblical Hebrew 1 3.0

HEB332 3rd-yr Biblical Hebrew 2 - 3rd-yr Biblical Hebrew 2 3.0

HEB432R Ancient Hebrew Texts - Ancient Hebrew Texts - *You may take once* 2.0

Requirement 5 —Complete 6 hours

Courses taken for other requirements in the major do not double count here. Additional ANES, Greek, or Hebrew courses may be substituted here with the approval of the ANES program coordinator.

ANES302 Methods & Sources Greek NT - Methods & Sources Greek NT 3.0

ANES353R Archaeological Fieldwork in NE - Archaeological Fieldwork in NE - *You may take once* 1.0v

ANES430R Adv Topics in ANES - Adv Topics in ANES - *You may take 2 times* 3.0

ANTHR351 Archaeology and the Bible - Archaeology and the Bible 3.0

ANTHR375 Archaeology of Egypt - Archaeology of Egypt 3.0

ANTHR378 Near Eastern Archaeology - Near Eastern Archaeology 3.0

HIST 334 - History of Ancient Iraq 3.0 - *This course is no longer offered*

IAS301R KC Lecture Series - KC Lecture Series 1.0

NE LG345 Texts & Ancient Temples - Texts & Ancient Temples 3.0

NE LG511R Studies in Anc Near East Lang - Studies in Anc Near East Lang - *You may take 3 times* 0.5v

NES336R Ancient Near Eastern Studies - Ancient Near Eastern Studies - *You may take once* 1.5v

Note: Students are encouraged to take Old and New Testament courses (REL A 211, REL A 212, REL A 301, REL A 302) offered by the Department of Ancient Scripture as part of their Religious Education elective requirements.

Global Environmental Studies (Minor)

Program Information

Minimum Credit Hours
18

Maximum Credit Hours
18

Learning Outcomes

Title
Global Environmental Issues

Learning Outcome
Students will be able to articulate the cultural and scientific underpinnings of prevailing global environmental issues and evaluate policy proposals.

Title
Critical Reasoning

Learning Outcome
Students will understand principles of cause and effect and be able to synthesize key findings from academic research on environmental issues from multiple disciplines.

Title
Scientific Principles and Methods

Learning Outcome
Students will effectively use the scientific method to interpret data from experimental observations and communicate discoveries in written and verbal formats.

Title
The Environment and Culture

Learning Outcome
Students will develop competencies to work sensitively across cultural contexts in order to find local cultural solutions to environmental challenges.

Title
Environmental Stewardship and Civic Involvement

Learning Outcome
Students will foster and promote environmental stewardship within their own communities.

Program Requirements

Some courses may also fulfill GE requirements. Some optional courses to complete the minor may have prerequisites.

Requirement 1 —Complete 3 hours

Introduction

GES200 Intro to Global Enviro Studies - Intro to Global Enviro Studies 3.0

Requirement 2 —Complete 9 hours

Disciplinary Foundations

Requirement 2.1 —Complete up to 6 hours

SCIENCE COURSES

BIO120 Field Biology- Field Biology 3.0

BIO130 Biology- Biology 4.0

BIO220 Biological Diversity: Animals- Biological Diversity: Animals 4.0

BIO230 Biological Diversity: Plants- Biological Diversity: Plants 4.0

BIO235 Field Botany - Field Botany 3.0

BIO350 Ecology - Ecology 3.0

CHEM285 Intro Bio-organic Chemistry - Intro Bio-organic Chemistry 4.0

GEOG101 Global Environment - Global Environment 3.0

GEOG303 Biogeography - Biogeography 3.0

GEOG307 Spatial Analysis of Envr Data - Spatial Analysis of Envr Data 3.0

GEOL101 Introduction to Geology - Introduction to Geology 3.0

GEOL107 Water Planet- Water Planet 3.0

GEOL108 Climate & the Earth System - Climate & the Earth System 3.0

GEOL230 Earth Data Vis- Earth Data Visualization 3.0

GEOL445 Geochemistry- Geochemistry 3.0

GEOL535 Contaminant Hydrogeology-Containment Hydrogeology 3.0

HLTH322 Environmental Health - Environmental Health 3.0

HLTH426 Environmental Toxicology- Environmental Toxicology 3.0

PHSCS137 Energy, Climate, Environment - Energy, Climate, Environment 3.0

PWS150 Environmental Biology - Environmental Biology 3.0

PWS180 Global Climate Change - Global Climate Change 3.0

PWS220 Trees - Trees 3.0

PWS282 Soil Science - Soil Science 3.0

PWS320 Sustainable Plant Systems - Sustainable Plant Systems 3.0

PWS350 Rangeland and Wildlife Ecology - Rangeland and Widlife Ecology 3.0

PWS420 Intl Agricultural Development - Intl Agricultural Development 3.0

Requirement 2.2 —Complete up to 6 hours

THE HUMAN DIMENSION COURSES

As the topics of 'R' courses are variable, students should approve the section topic of these courses with the program director before enrollment.

BIO370 Bioethics - Bioethics 2.0

CFM333 Sustainable Design & Arch- Sustainable Design in the Built Environment 3.0

ENGL330R Spec Topics in Creative Wrtg - Special Topics in Creative Writing 3.0

GEOG110 Landscapes of Disaster - Landscapes of Disaster 3.0

GEOG120 Geography & World Affairs - Geography & World Affairs 3.0

GEOG306 Public Lands: Planning & Mgmt- Public Lands: Planning & Mgmt 3.0

HIST290 Nature & History - Nature & History 3.0

HIST361 American West Since 1900 - American West Since 1900 3.0

IAS220 Intro Devel Stu- Introduction to Development Studies 3.0

IAS300 Prof Dev International Studies- Professional Development in International Studies 1.0

IAS301R KC Lecture Series- Kennedy Center Lecture Series -You make take up to two times 1.0

IAS302R International Studies Seminar –Seminar in International Studies -You may take up to two times 1.0

IHUM280R Sophomore Seminar - Sophomore Seminar in Interdisciplinary Humanities - *You may take once* 3.0

GCI300 Social Impact- Social Impact: Do Good Better 3.0

GCI320 Implementing Social Impact- Implementing Social Impact 3.0

POLI325 Pol of Wilds, Parks, & Lands - Pol of Wilds, Parks, & Lands 3.0
