Academic Policies

ACADEMIC POLICIES

Carson-Newman University's academic policies serve as the foundation for maintaining educational excellence and institutional integrity. These comprehensive policies are designed to:

- Clearly define student rights, responsibilities, and expectations within the academic community
- Preserve and protect the academic rigor and reputation of Carson-Newman degrees
- Establish equitable and transparent standards for all teaching, learning, and assessment activities across all academic programs
- Ensure consistent application of academic standards university-wide

Policy Guidance and Support

Students who require additional clarification regarding academic policies—whether those outlined on this website or other institutional policies—are encouraged to contact the appropriate academic or administrative office. University staff are available to provide detailed explanations and guidance to ensure students fully understand how policies apply to their specific academic circumstances.

ACADEMIC DISHONESTY

Academic dishonesty may include, but is not limited to, the following: giving or receiving aid on tests; plagiarizing papers, assignments, book reviews; removing and/or copying test questions from office files. The course instructor/professor will address any incidents of suspected dishonesty.

After hearing the student and considering all the evidence, this person will levy sanctions if guilt is determined. The instructor/professor will report these actions to the Provost for undergraduate students. The Provost shall levy any sanction more severe than the loss of course credit. For graduate students the instructor will levy sanctions if guilt is determined after conferring with the Program Director. The Program Director shall report the incident to the office of the Provost, who may levy sanctions more severe than the loss of course credit.

Academic dishonesty may result in sanctions including, but not limited to, an immediate F and loss of credit for the course, and/or removal from the academic program.

Additionally, the effect of these sanctions on the student's GPA may impact financial awards. Gross dishonesty or a recurrence of academic dishonesty may result in expulsion from the University. Any student who receives an F in a course due to academic dishonesty will not be allowed to drop the course even if the F is assigned prior to the last date to drop a course with a W.

The student may appeal a finding of academic dishonesty and the resulting sanction first to the Department Chair or Program Director, then the Dean; further recourse is to the Provost. For updates and questions related to this area, please contact the Office of the Provost. The student has until the end of the semester immediately after the class in question to submit the appeal (i.e., if the appeal involves a class in the spring term, then the student has until the end of the summer semester to file the appeal).

REGISTRATION AND CHANGE OF COURSE (DROP/ADD)

Each semester, during a period of time designated in the University calendar, students may register for courses to be taken the following semester. During spring, students may register for May-term and summer terms. Enrollment confirmation is required for all students prior to attending class. Enrollment confirmation is scheduled immediately prior to the beginning of classes during the fall and spring semesters. In the summer all tuition and fees are to be paid before a student begins classes unless other arrangements have been made with the Student Accounts Office.

The student may add a new class during the first week of classes or drop an existing class without a grade during the first week of classes, by completing a change of course (drop/add) form. Registration for all classes must be completed by the end of the drop/add period.

Financial aid is based on a student's enrollment status. Financial Aid eligibility may be adjusted if the student's enrollment status changes. A grade of "W" will be assigned when the student drops a course between the end of the drop/add period and the last day to drop with a "W".

The "W" will not be reflected in the student's GPA, but the class and grade will show on the student's permanent record (transcript).

Any student who receives an F in a course due to academic dishonesty will not be allowed to drop the course even if the F is assigned prior to the last date to drop a course with a W. After the last day to drop with a W grade, the student will be automatically assigned a "WF" for any drop. The "WF" will be reflected in the GPA, and the class will also show on the student's permanent record.

COURSELOAD

Full-time course load for a semester is a minimum of 12 hours. The average course load is 15 hours per semester. Additional tuition is charged for hours in excess of 17. Students may not enroll for more than 20 semester hours (*without permission from the advisor and University Registrar*) during a regular semester.

Summer Course Load

One course, 3 hours, is the maximum for May-term or for a four-week summer school term. Students may not exceed 15 hours during the entire summer including May-term. Exceptions to this policy may be granted on a case-by-case basis by recommendation of the academic advisor and approval by a department chair or dean.

UNDERGRADUATES TAKING GRADUATE COURSES

This policy allows qualified undergraduate students to earn graduate credits while completing their bachelor's degree, providing an opportunity to begin graduate-level coursework at no additional cost.

Eligibility Requirements

Academic Standing:

- Must have completed 90 credits of undergraduate credit
- Must maintain full-time undergraduate enrollment (minimum 12 credits per semester)
- Must have an approved degree plan showing graduation within two semesters
- Must meet all admission requirements for the specific graduate program

Credit Limitations

Maximum Allowable Hours:

- Total limit: 6 graduate credits
- Per semester limit: 3 graduate credits maximum
- Cost: No additional tuition charges beyond standard undergraduate fees

Important Restrictions

Degree Requirements:

- Graduate coursework cannot fulfill undergraduate degree requirements
- Graduate credits do not count toward undergraduate enrollment status
- This may affect federal financial aid eligibility calculations

Financial Aid Impact: Graduate credit registration hours are excluded from undergraduate enrollment status determinations for federal aid purposes. Students should consult with Financial Aid services to understand potential impacts on their aid packages.

Application Process

Contact Information:

- Graduate Program Chair for program-specific requirements and applications
- University Registrar for general policy information and application materials

Next Steps: Students interested in this opportunity should reach out to both offices early in their academic planning to ensure all requirements are met and proper documentation is completed before registration.

Academic Policies

Academic Program

Carson-Newman University's administration and faculty maintain confidence in the effectiveness and value of the educational programs outlined in this catalog. However, ultimate program outcomes regarding achievement, employment, professional licensing, or other measures depend upon factors beyond the programs themselves, including student characteristics, governmental regulations, institutional policies, and market conditions. Consequently, except where explicitly stated, Carson-Newman University provides no guarantee that completion of specific courses or curricula will result in particular achievements, employment opportunities, employment qualifications, graduate program admission, or professional licensing.

Academic Program Structure

An Academic Program comprises a coherent sequence of prescribed courses required for degree completion. Undergraduate academic programs leading to associate or bachelor's degrees integrate coursework from the Liberal Arts Core with major area studies. Bachelor's degree programs are structured to provide both breadth of knowledge through liberal arts core requirements and depth of knowledge through comprehensive study within the academic discipline. Many bachelor's degree programs incorporate elective coursework to fulfill total degree credit requirements.

Degree Programs by Academic Level

Undergraduate Programs

- Certificate programs
- Associate degrees
- Bachelor's degrees

Graduate Programs

- Certificate programs
- Master's degrees
- Doctoral degrees

All degrees are conferred upon successful completion of faculty-approved courses of study.

Credit Requirements and Curriculum

Associate Degree Programs

Associate degrees require a minimum of 60 credits encompassing:

- Liberal arts core curriculum
- Program-specific electives
- Discipline-specific coursework (where applicable)

Bachelor's Degree Programs

Bachelor's degrees require a minimum of 120 credits comprising:

- Liberal arts core requirements
- Major field requirements
- Emphasis area coursework (program dependent)
- Elective hours (where applicable)

Master's Degree Programs

Master's degrees require a minimum of 30 credits including:

- Core major field requirements
- Specialized concentration coursework (program dependent)

Degree Types

Associate Degrees:

- Associate of Arts (A.A.)
- Associate of Science (A.S.)

Bachelor's Degrees:

- Bachelor of Arts (B.A.)
- Bachelor of Business Administration (BBA)
- Bachelor of Science (B.S.)
- Bachelor of Music (B.M.)
- Bachelor of Science in Nursing (B.S.N.)

Certificates:

- Addictions (ungrad)
- Behavioral Health (ungrad)
- Servant Leadership (ungrad)
- Christian Coaching (grad)
- Christian Counseling (grad)
- Family Nurse Practitioner (post-grad)

Master's Degrees:

- Master of Accountancy (MACC)
- Master of Applied Theology (MAAT)
- Master of Arts in Teaching (MAT)
- Master of Business Administration (MBA)
- Master of Divinity (MDiv)
- Master of Education (MEd)
- Master of Science in Marketing (MSM)
- Master of Science in Counseling (MSC)
- Master of Science in Nursing (MSN)

Doctoral Degrees:

- Educational Specialist (EdS)
- Doctor of Education (EdD)
- BSN-DNP
- Doctor of Nursing Practice (DNP)
- Doctor of Nurse Anesthesia Practice (DNAP)

Major Requirements

A major constitutes a prescribed curriculum within a specific academic discipline, requiring completion of a minimum of 30 credits. Major curricula follow a progressive structure, commencing with introductory foundational courses and advancing to specialized upper-level study. Certain majors incorporate related discipline coursework to provide comprehensive academic support within the field of study.

Double-Major Programs

Students may pursue multiple majors within the standard 120 credit degree framework. Students completing both Bachelor of Arts and Bachelor of Science majors must fulfill the liberal arts requirements specific to each degree type. Completion of multiple majors under a single degree constitutes one degree conferral rather than multiple degrees. For information regarding simultaneous pursuit of separate degrees, consult Second Degree Requirements documentation.

Emphasis Specializations

Selected majors offer emphasis options providing concentrated study within the broader academic discipline. An emphasis consists of a prescribed course sequence focused on specialized areas within the major field. Upon completion, emphasis designations appear on official transcripts as recorded specializations.

Certificates

At Carson-Newman University, a certificate is an academic program that teaches and enhances articulated skills and knowledge to enrolled students. It is a stand-alone, prescribed course of study not intended for transfer. Certificate coursework must be completed at the postsecondary level or higher and consist of 12 credits, minimum. Level and program may determine a certificate's maximum credits. * As an entry point for other educational pathways offered at Carson-Newman University, certificate coursework may be applied to a bachelor's, master's, specialist, or doctoral academic program. The certificate may be awarded prior to or concurrently with the degree credential. The certificate will be added to the student's transcript upon completion. For College of Professional Studies (CPS) certificates, all course prerequisites are waived due to the nature of the credential.

Minor Programs

Minor programs serve as optional secondary fields of study, requiring a minimum of 18 credits. Minor curricula may consist of single-discipline coursework or incorporate interdisciplinary studies from multiple academic fields.

Course Counting Policies for Minor Programs:

Standard Minor Requirements:

- Minor coursework may not count toward major or other minor requirements unless courses are specifically designated as required for multiple programs
- When courses serve multiple program requirements, double counting is limited to two courses maximum
- Courses selected from elective options are not considered formally required coursework

Advanced Counting Policies:

- Minor coursework may count toward major, other minor, or core curriculum requirements only when designated as required courses
- Double-counting under these circumstances is limited to 6 credits maximum
- Students pursuing interdisciplinary minors may double-count required major coursework provided the interdisciplinary minor incorporates a minimum of three distinct academic disciplines

Academic Policies

Academic Standing

UNDERGRADUATE ACADEMIC STANDING

To maintain acceptable scholastic standing and to graduate from Carson-Newman University, a student must have a minimum cumulative GPA of 2.00, a minimum institutional GPA of 2.00 (coursework attempted at Carson-Newman), and a minimum GPA of 2.00 in all coursework attempted in the major and/or minor (unless specific department requirements are higher).

Dean's and President's List

Each semester full-time students are recognized by the university community for academic excellence.

- Dean's List = term GPA of 3.50 or better
- President's List = maintain both a term and cumulative GPA of 4.0 each semester

Academic Warning

The student's overall GPA currently meets requirements for total attempted hours. However, their recent term GPA indicates they're approaching the minimum threshold. This notice encourages them to monitor their grades carefully in the upcoming semester to avoid formal academic sanctions.

Academic Probation

A student is placed on Academic Probation when the institutional or cumulative GPA is below the minimum level determined by the total number of credits attempted, as indicated by the following table:

CREDITS ATTEMPTED	MINIMUM AND CUMULATIVE GPA REQUIRED
1-29	1.70
30-59	1.80
60-89	1.90
90 or above	2.00

Any student whose institutional GPA or cumulative GPA falls below the minimum required by the above table will be placed on Academic probation, and the notation of the probation will be made on the student's academic transcript. A student on Academic Probation will not be permitted to enroll in more than 14 credits for the semester; in addition, any student on Academic Probation will be required to follow instructions as outlined in their letter of probation from the Provost and the Academic Recovery Plan.

A student who has attained the minimum institutional GPA and the minimum cumulative GPA (as indicated by the table above) by the end of the first semester on probation will be removed from probation. Once a student is placed on probation, the student will be allowed to continue enrollment if academic progress is demonstrated by achieving a semester GPA of 2.0 or higher or a cumulative GPA equal to or greater than that required by the total number of credits attempted for satisfactory academic progress (see table).

A student who earns a 2.0 GPA for the term on probation but who does not raise his or her cumulative GPA to meet satisfactory academic progress as outlined on the above table, will be allowed to remain enrolled on continued academic probation.

Every student placed on academic probation will have an academic recovery plan. In addition, traditional students are required to take ID-121 and pass the course with a minimum grade of C. Failure to complete ID-121 will result in academic suspension. CPS online students will meet weekly with their advisor.

While on probationary status, the student must achieve a semester GPA of 2.0 or higher or a cumulative GPA equal to or greater than that required for minimum standards for satisfactory academic progress to avoid suspension.

Prior to registration for each semester in which a student is on Academic Probation, the student must first attend a meeting with a Student Success Center staff. After attending the meeting with the Student Success Center, the student must meet with his/her advisor to develop an Academic Recovery Plan for achieving the required level of academic success. After submitting the approved plan to the University Registrar, the student will be permitted to register. Some students are admitted on Academic Probation and must meet requirements as stated in their letters of acceptance.

Academic Suspension

A student is placed on Academic Suspension when the student failed to meet requirements for continued probation, or failure to pass ID-121 with a minimum grade of C.

The first time a student is placed on Academic Suspension, that student will be suspended from the University for one semester. The second time a student is placed on Academic Suspension, that student will be suspended from the University for two semesters. The notation of the suspension will be made on the student's academic transcript. A student who is suspended a third time is subject to dismissal from the University.

A student who has failed to attain the minimum institutional GPA and the minimum cumulative GPA (as indicated by the table above) after the probationary period will be suspended. The notation of the suspension will be made on the student's academic transcript.

Readmission to the University after Academic Suspension is not guaranteed. A student who has been suspended who wishes to re-enroll at the university must complete the following steps:

- Apply for readmission to the university through the Office of Admissions by completing the application for readmission,
- Write a letter of appeal to the Suspension Review Committee, addressed to the Office of the Provost.
- Complete and submit the Academic Suspension Appeal Application and attach copies of documentation from a physician or health care provider (in the event of illness or medical condition), from a parent/guardian (in the event of a death in the family or other family emergency), or other appropriate documentation in support of the appeal request.

Any student readmitted after Academic Suspension will be placed automatically on Academic Probation. Students who are allowed to re-enroll after the suspension review process are not guaranteed eligibility for financial aid and should contact the Financial Aid Office to determine eligibility.

Academic Dismissal

A student who is Academically Dismissed from the University will not be eligible for continued enrollment at Carson-Newman University. The student has been given the opportunity to improve his/her academic performance and has been unsuccessful. Students will be subject to Academic Dismissal and a notation of the dismissal will be made on the student's transcript if:

- the student receives a third academic suspension,
or
- the student failed to meet specific academic requirements as indicated in his/her letter of acceptance.
- Students who have been dismissed may submit an appeal in writing to the Provost who will render a final decision.

GRADUATE ACADEMIC STANDING

A minimum overall GPA of 3.00 is required to remain in academic good standing. A grade of C or better must be made in all courses applying to a graduate degree. A maximum of 6 credits with "C" grades may be applied toward the MAAT, MBA, EdS and EdD. A maximum of 9 credits with "C" grades may be applied toward the MAT, MED, MSC, and MSN. Further details about academic probation, suspension and dismissal for graduate programs is as follows:

Master of Business Administration and Master of Science in Marketing

Academic Good Standing in the graduate business program is the status of a student maintaining at least a cumulative GPA of 3.00 in the program. When a student fails to maintain the required GPA, the Program Director places the student on academic probation and provides the student with written notification of the change in academic status.

Academic Probation (Graduate)

During probation, the student must work with his academic advisor to devise a plan to regain good standing. Once on probation, the student may complete nine additional credits to raise their cumulative GPA to 3.0. If, after nine credits on probation, the student fails to meet the requirement, the student will be suspended from the University for one semester.

Academic Suspension (Graduate)

The Program Director will provide the student with written notification of academic suspension. Following the one semester suspension, the student must apply for re-admittance to the program. If, after readmission following the suspension, the student fails to achieve Academic Good Standing, the student will be academically dismissed from the University. The student must achieve a grade of “C” or better in all courses. Graduate business students may repeat one failed (“F” grade) course. A second “F” grade in any course will result in academic dismissal from the program.

Academic Dismissal (Graduate)

A student may be dismissed from the program for failing to maintain satisfactory progress or for academic dishonesty. The Program Director will provide written notification to the student of the dismissal. The student may apply for readmission in writing with a formal letter of appeal to the Provost for readmission to the program. The Provost grants readmission. In consideration for readmission, the student will consent to conditions or additional requirements imposed by the Provost and the Program Director. The conditions and/or requirements will be tailored to the cause of dismissal and the student's situation. Students must achieve an overall GPA of 3.0 or 90 quality points to receive their degree. A student may have no more than six credits with a grade of “C” applying to the MBA degree.

Master of Science in Counseling

A minimum overall GPA of 3.00 is required to remain in academic good standing. A grade of C or better must be made in all courses applying to the MSC programs. A maximum of nine (9) credits with “C” grades may be applied toward the Master of Science in Counseling. A maximum of six (6) credits with “C” grades may be applied toward the Educational Specialist degree.

Academic Probation (Graduate)

When a student fails to maintain academic good standing, he/she will be placed on academic probation. Written notification of probation will be sent to the student. During probation, the student must work with his/her academic advisor to devise a plan to regain good standing. Any student on academic probation has an opportunity to complete nine (9) additional credits of graduate study in order to raise the student's cumulative GPA. If, after nine (9) credits on probation, the student fails to regain good academic standing, the student will be suspended from the University for one (1) semester. Written notification of suspension will be sent to the student. Following the one (1) semester suspension, the student must apply to be readmitted. If, after readmission following suspension, the student again fails to remain in academic good standing, he/she will be academically dismissed from the University.

Academic Dismissal (Graduate)

A student may be dismissed from the Graduate Studies in Counseling program for failing to maintain satisfactory progress or for academic dishonesty. Written notification of dismissal will be sent to the student. If a student is dismissed from Graduate Studies in Counseling, the following conditions must be completed by the student to re-enter the program:

- Write a formal letter of appeal to the Graduate Studies in Counseling Admissions and Appeals Committee.
- Meet any requirements/conditions set by the Graduate Studies in Counseling Admissions and Appeals Committee.

Requirements/conditions are established on an individual basis as a result of an evaluation of the reasons for initial dismissal. If for any reason the graduate faculty decides that a graduate student should not continue in the program, he or she may be required to withdraw before completion.

Master of Arts in Teaching, Master of Education, Educational Specialist, and Doctor of Education

Graduate Education Academic Policies

Students must meet all program requirements as outlined in the respective program handbooks and maintained by the Department of Education. A minimum cumulative GPA of 3.00 is required to remain in academic good standing. A grade of C or higher must be earned in all courses. A maximum of nine (9) credits of “C” grades may be applied toward master's degrees. A maximum of six (6) credits of “C” grades may be applied toward the Ed.S. and Ed.D. degrees.

Ed.S. and Ed.D. programs:

- The earning of one (1) grade of “F” results in automatic academic probation.
- Earning two (2) grades of “F” results in removal from the program.

All programs:

- Students with Incompletes must remove the Incompletes within the time frame established by the university. Doctoral students may not move to the dissertation stage until all Incompletes have been removed and all coursework has been successfully completed.

Professional Dispositions

Students in the Advanced Programs are expected to demonstrate professional dispositions consistent with the best traditions and Christ-centered mission of Carson-Newman University. These expectations apply to coursework, professional practice, and personal conduct.

Because the program seeks to prepare leaders who value ethical decision-making within Christian education, dispositions are considered essential program competencies. Students must consistently demonstrate integrity, respect, responsibility, fairness, servant leadership, accountability, and sound ethical judgment.

Failure to maintain expected disposition levels may result in probation, remediation, suspension, or dismissal. The Education Department reserves the right to act at any time if a student's behavior is inconsistent with stated disposition standards or the mission of the University.

Academic Probation

A student who fails to maintain academic good standing will be placed on academic probation and notified in writing. During probation, the student must work with the academic advisor to develop a plan to restore good standing.

A student on probation may complete up to nine (9) additional credits to raise the cumulative GPA to 3.00. If good standing is not restored after nine (9) credits, the student may be suspended for one semester. Written notification of suspension will be provided. Following suspension, the student must apply for readmission. Failure to maintain good standing after readmission will result in academic dismissal.

During the dissertation phase, failure to make adequate progress will result in an NP grade and dismissal from the program.

Academic Dismissal

A student may be dismissed for failure to maintain satisfactory academic progress, breach of professional dispositions, or academic dishonesty. Written notification of dismissal will be issued. A dismissed student seeking reentry must:

- Submit a formal letter of appeal to the Graduate Education Admissions Review Committee (via the Education Department Administrative Assistant).
- Fulfill any conditions established by the Committee, which are determined on an individual basis.

The graduate faculty reserve the right to require withdrawal of any student deemed unable to continue successfully in the program.

Master of Science in Nursing and Post-Grad FNP Certificate

A minimum overall GPA of 3.00 is required to remain in academic good standing. A grade of C or better must be made in all courses applying to the master's degree. A maximum of nine (9) credits with C grades may be applied toward the Master of Science in Nursing. When a student fails to maintain academic good standing, he/she will be placed on academic probation. Written notification of probation will be sent to the student. During the semester(s) on probation, the student must work with his/her academic advisor to devise a plan to retain good standing.

Academic Probation (Graduate)

Within Graduate Nursing, any student on academic probation may take courses in the following semester to raise the student's cumulative GPA to 3.0 or higher. The student will be dismissed from the program if the cumulative GPA is not raised to 3.0 upon the completion of the next semester enrolled. For students enrolled in the Post- Graduate Family Nurse Practitioner track, a minimum overall GPA of 3.0 is required to remain in good standing. A maximum of three (3) credits with a C grade may be applied toward the Post- Graduate Certificate. If a student falls below a cumulative 3.0 grade point average, he/she will be placed on academic probation. Written notification of probation will be sent to the student, and the notation of the probation will be made on the student academic transcript. While on academic probation, the student may take courses in the following semester to raise the student's cumulative GPA to 3.0 or higher. The students will be dismissed from the program if the cumulative GPA is not raised to 3.0 upon completion of the next semester enrolled.

Academic Dismissal (Graduate)

A student may be dismissed from the graduate program for failing to maintain satisfactory progress, receiving a grade of F, or for academic dishonesty. Written notification of dismissal will be sent to the student. If a student thinks they have been unfairly dismissed from the Graduate Nursing program, the student must follow the formal Grievance Procedure described within the Department of Nursing Graduate Student Handbook. A student who has been dismissed for unsatisfactory progress or failing one course can reapply for readmission into the graduate nursing program after sitting out for one semester. The student considering readmission must complete a readmission application and send a letter to the Assistant Chair of Graduate Studies in Nursing. Students who have failed more than one course are not eligible for readmission.

Master of Arts in Theology

A minimum overall GPA of 3.00 is required to remain in academic good standing. A grade of C or better must be made in all courses applying to the master's degree. A maximum of six credits with "C" grades may be applied toward the Master of Applied Theology degree.

Academic Probation (Graduate)

When a student fails to maintain academic good standing, he/she will be placed on academic probation. Written notification of probation will be sent to the student. During probation, the student must work with his/her academic advisor to devise a plan to regain good standing. Any student on academic probation has an opportunity to complete nine additional credits of graduate study to raise his/her cumulative GPA to 3.0. Within Graduate Studies in Applied Theology, a student on probation must make progress toward good academic standing the semester on probation. If not, the student will be suspended from the University for one semester, after which he/she may apply for readmission. After readmission, if the student fails to make progress toward academic good standing, he/she will be dismissed from the University.

Academic Dismissal (Graduate)

A student may be dismissed from the graduate program for failing to maintain satisfactory progress or for academic dishonesty. Written notification of dismissal will be sent to the student. Any student dismissed from the MAAT program may appeal the decision to the Dean, School of Religion.

Master of Divinity

A minimum overall GPA of 2.75 is required to remain in academic good standing. A grade of C or better must be made in all courses applying to the degree. When a student fails to maintain academic good standing, he/she will be placed on academic probation. Written notification of probation will be sent to the student.

Academic Probation (Graduate)

During probation, the student must work with his/her academic advisor to devise a plan to regain good standing. Any student on academic probation has an opportunity to complete nine additional credits of graduate study to raise his/her cumulative GPA to 2.75. A student on probation must make progress toward good academic standing during the semester on probation. The student who fails to do this will be suspended from the University for one semester, after which he/she may apply for readmission. After readmission, if the student fails to make progress toward academic good standing, he/she will be dismissed from the University.

Academic Dismissal (Graduate)

A student may be dismissed from the graduate program for failing to maintain satisfactory progress or for academic dishonesty. Written notification of dismissal will be sent to the student. Any student dismissed from the MDiv program may appeal the decision to the Dean of the School of Biblical and Theological Studies.

BSN-DNP and Doctor of Nursing Practice

A minimum overall GPA of 3.00 is required to remain in good standing. A grade of B or better must be obtained in all courses applying to the BSN-DNP and DNP degrees. Any doctoral student who receives an F in a course will be dismissed from the BSN-DNP or DNP program. Students wishing to appeal a grade must follow the process outlined in the most current edition of the Department of Nursing Graduate Student Handbook.

Academic Dismissal (Graduate)

A student may be dismissed from the BSN-DNP or DNP program for failing to maintain good academic standing or academic dishonesty. Written notification of dismissal will be sent to the student. Students wishing to appeal a dismissal decision must follow the process outlined in the most current edition of the Department of Nursing Graduate Student Handbook.

Doctor of Nurse Anesthesia Practice

A minimum overall GPA of 3.00 is required to remain in good standing. A grade of B or better must be obtained in all courses applying to the DNAP degree. Any DNAP student who receives an F in a course will be dismissed from the DNAP program. Students wishing to appeal a grade must follow the process outlined in the most current edition of the Department of Nursing Graduate Student Handbook.

Academic Dismissal (Graduate)

A student may be dismissed from the DNAP program for failing to maintain good academic standing or academic dishonesty. Written notification of dismissal will be sent to the student. Students wishing to appeal a dismissal decision must follow the process outlined in the most current edition of the Department of Nursing Graduate Student Handbook.

Academic Policies

Acadeum Course Sharing Consortium

Carson-Newman students can earn credit through on-line classes offered through Acadeum, a consortium of similar colleges and universities. This partnership allows the university to support our students to achieve their educational goals by making progress toward the degree in a timely manner. Credit taken and earned through the consortium will be calculated in the student's status for financial aid eligibility. Acadeum courses are not eligible for any type of institutional aid, including Employee Tuition Assistance (ETA).

Courses taken through the consortium are considered institutional credit and will impact a student's GPA just like a course taken directly from C-N. Acadeum courses registered through Carson- Newman are included in Carson-Newman's Repeating a Course for a Grade Policy and grade replacement is permitted within these guidelines.

COURSE REGISTRATION REQUEST

Course registration requires approval. The student will receive an email communication from the Registrar regarding the status of the request indicating if it was approved or denied. If denied, the student can provide additional justification for taking the course. Sometimes a course may be denied because the student does not have the prerequisites to take the course through the consortium.

COURSE COSTS AND BILLING

For courses offered during the summer term, the tuition that students pay is based on Carson-Newman's summer hourly course rate. Carson-Newman will bill the student for courses taken through the Acadeum course sharing consortium. For courses offered during the fall and spring semesters, the student will pay additional tuition charges for the cost of the course above the regular semester tuition charges. Once a student enrolls in a course offered through the consortium, the student agrees to pay the costs for the course.

Tuition refund schedule when withdrawing from the university for students in Acadeum courses:

- During first week of class.....90%
- During second week of classNo refund

TRANSCRIPTS

Courses taken through the **Acadeum** consortium will be transcribed similarly to a course taken at Carson-Newman but will include a notation on the transcript that the course was taken through the consortium. Grades will be assigned according to the grade scale established by the institution offering the course. The deadline to drop a course with a W grade for a course taken through the consortium may be different than the drop deadlines for courses taken at C-N. Carson-Newman will use the drop deadlines for W or WF grades as assigned by the institution offering the consortium course.

For more information about courses offered through Acadeum, please contact the University Registrar at 865-471-3240 or email registrar@cn.edu.

Courses

COURSE INFORMATION

COURSE REPEAT POLICY

Students may repeat any course. The most recent grade earned will replace previous attempts in grade point average calculations and determine whether University requirements are satisfied.

Policy Provisions:

1. Courses taken at Carson-Newman University must be repeated at Carson-Newman University for grade replacement eligibility.
2. Courses taken at other institutions may be repeated at any accredited institution, including Carson-Newman University.
 - Carson-Newman courses repeated elsewhere do not qualify for grade replacement. Students receive credit, but all grades are averaged together.
3. Multiple repetitions beyond the second attempt will not qualify for grade replacement. All subsequent grades will be included in the grade point average calculation.
4. Permanent record will reflect all course attempts and grades regardless of replacement policy application.

DEPARTMENTAL EXAMINATIONS

Students who can provide supporting evidence demonstrating achievement in a subject offered by Carson-Newman University may be able to receive credit by **departmental examination**. Arrangements for these examinations should be made with department chairs. The fee for departmental examinations is \$10 per credit hour, excluding nursing exams.

INDEPENDENT STUDY COURSES

Independent study courses offer flexible, individualized learning opportunities under faculty supervision. These courses also provide an essential alternative pathway for degree completion, allowing a student to fulfill required coursework independently when schedule conflicts or course availability prevent enrollment in regularly offered sections during their remaining terms.

Enrollment and Credit Hour Limitations:

A student may enroll in a maximum of four credit hours of independent study per semester. Additionally, no more than three students may be enrolled in the same independent study course during a given semester.

Approval and Registration Requirements:

All independent study courses require the completion of the Request for Approval for an Independent Study Course Form (available through the Registrar's Office). A detailed learning contract or syllabus outlining:

- Course objectives and learning outcomes
- Meeting schedule with faculty supervisor
- Required reading, assignments, and assessments

Independent study courses can only be offered in courses that are listed in the academic catalog. They are designated by the section code 'IDSTY'. These courses require faculty approval for registration, which is granted through submission of the completed request form.

INTERNSHIPS

Several academic departments at Carson-Newman offer internships for academic credit. In order to receive academic credit, a student must be approved for the internship by the department chair or program coordinator. Internship experience will be directed by an off-campus supervisor and will be monitored by an assigned Carson-Newman University faculty member. Academic credit for internships is awarded for one semester credit for a workload that reasonably approximates 50 hours of workload. Students receiving credit for an internship will also be responsible for other assignments, such as additional readings, a comprehensive journal, and/or a final paper/project as required by the department granting the internship credit. Grades for internships are awarded on either an A-F or S/F grading scale, depending on the individual department policy.

An internship experience for credit is a graduation requirement for students in the following majors: Child and Family Studies; Family and Consumer Sciences: Consumer Services; Fashion Merchandising and Design; Interior Design; Food and Nutrition; Food, Nutrition: Dietetics; Exercise Science; and Human Services.

ON-LINE COURSES

Courses taught online require that instructional quality, quantity of content, course objectives, and learning outcomes are identical to those courses taught in person. Online and hybrid courses are designed to provide an equal amount of time on the task required by the student as courses that meet in person. Instructional time for online courses is based on the delivery of the learning materials for the course.

Carson-Newman employs the federal regulation requiring a minimum of one day of instructional interaction per week for any online or hybrid course. Courses taught online are not designed to be independent learning or “study at your own pace” type of courses. A schedule of instructional learning activities and faculty interaction and a timetable of weekly assignment due dates will be provided in the course syllabus.

Instead of relying on classroom content times, learning hours for online courses must be calculated by how long it will take an average student to do all assignments required to complete the course successfully. These assignments could include reading, reviewing videos, utilizing multimedia learning resources, completing homework, taking quizzes, writing papers, conducting research, preparing for independent or group projects, participating in and posting material for group discussions, and preparing presentations.

When designing and delivering online courses, the course designer must calculate the total learning time within the course to ensure that it has an appropriate amount of student workload. Tools like the [Rice University Workload Estimator https://cte.rice.edu/workload](https://cte.rice.edu/workload) or the [Wake Forest University Workload indicator https://cat.wfu.edu/resources/tools/estimator2/will](https://cat.wfu.edu/resources/tools/estimator2/will) be utilized as a tool in determining the amount of total learning time for the course.

Online course instructors will employ practices found in the “Carson-Newman University Quality Assurance in Online Courses” when designing online courses. They also ensure that minimum requirements for course content and quality are met by using the “Carson-Newman University Online Course Quality Check List” as found in EagleNet>Faculty and Staff Documents>On-Line Teaching Resources.

PROVISIONAL COURSES

Sometimes a course is offered which is not listed in this catalog. This allows departments to pilot a course before formally creating a new catalog entry. The department offering the course assigns a title which is used in the official class schedule for that semester and on the student's record. Course descriptions are kept on file in the Office of the Registrar.

- PROV-270: Provisional Course (LD), (1-3 credits) -- Open to all undergraduate class levels.
- PROV-470: Provisional Course (UD), (1-3 credits) -- Open only to juniors and seniors.
- PROV-670: Provisional Course (GR), (1-3 credits) – Open only to graduate students

SPECIAL TOPIC COURSES

Special Topic courses provide departments the flexibility to offer courses on specialized subjects, emerging trends, or areas of faculty expertise that are not part of the regular curriculum. These courses allow students to explore contemporary issues and innovative content within their field of study. Special Topic courses are designated with course number 320 within each department prefix (e.g., HIST-320, PSY-320, BIOL-320).

The subject matter of Special Topics courses will change each semester based on faculty syllabus and kept on file by the department.

Students may repeat Special Topics courses for credit when different topics are offered. The maximum number of Special Topics credits may vary by program; students should consult their academic advisor and degree requirements.

WASHINGTON SEMESTER (Internship Courses)

The Washington Semester is an internship program, primarily for political science and pre-law majors, that grants credit for work in the nation's Capital. Students learn the workings of federal government firsthand, under the supervision of a United States congressman out of whose office they work. Contact the Department of History, Political Science, and Sociology for details.

CREDIT HOUR

A credit hour is defined as a unit of coursework represented by attainment of educational goals measured by learning outcomes. In accordance with federal regulation (34 CFR 600.2 and 668.8) one credit is awarded for a workload which reasonably approximates 45 hours per term. Non-lecture courses, i.e., labs, studios, performance-based or clinical based courses, also require a minimum workload of 45 hours per term to receive one semester credit. The University bases credit for internships on one semester credit for 50 hours of work. Courses offered by alternative methods of delivery or in accelerated calendars require an equivalent amount of student engagement and workload to earn one credit.

DETERMINING THE LEVEL OF CREDIT

In accordance with our mission to help students reach their full potential as educated citizens and worldwide servant leaders, Carson- Newman University employs sound and acceptable practices in determining and awarding credit. These practices include implementation of best practices for assigning and awarding credit in higher education and by appropriate review and approval of faculty, department chairs, school deans and the programs and standards committee. Commonly adopted standards and best practices for competency in the academic discipline are considered when determining the amount of credit and level of credit awarded for each course. These criteria include discipline-specific and institutionally established standards regarding course objectives, course content, course type, time-on-task, and performance indicators which are designed to measure educational goals and student learning outcomes.

All courses approved for credit at Carson-Newman University have been thoroughly vetted by department faculty and a faculty comprised programs and standards committee. New course proposals are initiated by departmental faculty and the department chair, approved by the department faculty, and then submitted for review and consideration by a faculty curriculum committee. The Undergraduate Programs and Standards Committee is responsible for final approval of undergraduate courses. The Graduate Programs and Standards Committee is responsible for the final approval of graduate courses. The university course numbering system will be employed in determining the level of credit for a course.

- **0XX courses** are Academic Skill Enhancement (ASE) courses that are remedial in content. ASE courses are designed to provide students with the skills necessary to be academically prepared for college-level courses. ASE credit hours may not be used toward the 120 credits required for baccalaureate graduation but may be used in determining enrollment status for the term. ASE courses are taught in mathematics, reading, and writing.
- **100-level courses** typically introduce basic concepts, principles, and foundational knowledge in a subject matter or discipline. These courses typically do not require prerequisite courses but are designed to develop the ability to comprehend relevant material to further study in courses with advanced subject matter content. Course content and material at the 100-level expose students to a breadth of knowledge in the subject matter. These courses are designed to be taken during the freshman year.
- **200-level courses** are designed to expand introductory knowledge and skills and provide development for additional cognizance and practical application of the subject matter. These courses offer an intermediate level of difficulty and may require a prerequisite course taught at the 100-level. These courses are designed to be taken as sophomores.
- **300-level courses** require a more complex thought process and present an advanced level of difficulty. These courses expose students to in-depth treatment of knowledge in a subject matter. Students will further develop problem-solving and theoretical application skills. These courses are generally taken by students who want to focus their studies on a particular area of study, such as a major, minor, or concentration. Most 300-level courses require pre-requisite knowledge or completion of prerequisite courses before enrollment. These courses are designed to be taken by juniors or seniors.

- **400-level courses** - in addition to the features/distinctive of 300-level courses, a 400-level course requires the student to demonstrate higher-level knowledge and cognitive abilities in a discipline. Students apply analytical and evaluative skills of theories and methods in a subject matter at this level. Undergraduate senior capstone courses are designated as 400-level courses. The senior capstone course offers the opportunity to develop essential and refine specialized professional skills necessary for employment and/or graduate school.

Credit for **graduate-level** courses requires advanced critical thinking, increased intellectual rigor, and more complex knowledge comprehension. Graduate-level course work will require considerably more research and writing for student engagement in the course.

- **500 and 600-level courses** are designed to be taken in the first and second years of graduate study. These courses require an advanced level of research, inquiry, and analytical skills, promote the acquisition of writing mastery in the discipline, familiarity with literature review in the academic field, and present a theoretical approach to knowledge in the discipline.
- **700-level courses** are designed for students in their final year of graduate study. These courses integrate theoretical and practical knowledge and prepare students to operate as practitioners in their discipline. These courses require independent student scholarships and research supervised by a faculty member in their area of study. Advanced project and dissertation courses are designated at the 700-level.

To determine the amount of credit awarded for on campus classes, Carson-Newman adopts the federal regulation requiring a workload of 45 hours per term for one credit. To receive one semester credit, 15 hours of in-class instruction and approximately two hours of out-of-class preparation or student engagement are required, employing the Carnegie unit's standard. On campus, in-class instruction may include lectures, multi-media presentations, discussions, experiential learning activities, labs or studio experiences, or directed research. Out-of-class activities may include reading books, articles, and other materials for the course, completing homework assignments or solving problems, preparing for classroom presentations, writing research findings, completing assigned projects, and preparation for exams.

Carson-Newman has established credit for studio courses awarded for one credit, requiring a minimum of two hours of in-class engagement and a minimum of three hours of out-of-class preparation per week for a traditional semester. Courses taught in accelerated terms will require more time on task per week, dependent on the course duration, to equal the total time on-task required in a traditional semester. Credit for laboratories will be granted as one credit for a minimum of two hours of lab experience. Credit for performance-based courses will be granted for one semester hour for a minimum of two hours of in person instruction and/or practice, plus required participation at concerts or other out-of-class events.

Academic credit for internships are awarded one credit for a workload that reasonably approximates 50 hours. Students receiving internship credit will also be responsible for other assignments, such as additional reading, completing a comprehensive journal, or a final paper/project as required by the department granting the internship credit.

For all courses, regardless of the mode of delivery, the total learning hours per course per term would equal 45 hours for one credit. Courses taught in accelerated terms require more time on tasks per week to meet learning objectives.

Academic Policies

Liberal Arts Core

In order to help students reach their full potential as educated citizens and worldwide servant leaders, the Carson-Newman University Liberal Arts Core provides an introduction to a broad base of knowledge. Christian values and skills that are essential for personal, intellectual, and professional growth. Underlying the core courses are foundational goals that are common to liberal arts courses:

1. Understanding of the Christian worldview
2. Critical thinking and analytic skills
3. Oral and written communication
4. Personal, social and ethical awareness
5. Regional and global perspective

Expected Outcomes

The Liberal Arts Core introduces the Liberal Arts and studies in Biblical traditions; mathematics and science; communications; personal, social, and ethical awareness; and regional and global perspectives. Through these core components, the following outcomes are expected: knowledge of a Christian Liberal Arts education; scholarly examination of the Old and New Testament scriptures as it relates to the contemporary world; application of scientific principles to investigate natural phenomena; solve analytical problems using quantitative techniques; critical evaluation of arguments and claims; effective communication skills both orally and in writing; self-evaluation of the influence of personal and societal values and attitudes; the effects of personal and societal choices relating to individual holistic well-being; understanding of the relationship between works of art and the circumstances that influence their production through the study of the arts or the creation and/or performance of works of art; and understanding the historical, societal, cultural, and/or geopolitical facts that influence human behavior. Students who transfer to Carson Newman University having earned an Associate of Arts or an Associate of Science degree from an accredited post-secondary institution may have satisfied the Carson-Newman liberal arts core with the exception of LA-103SL, BTS-101, and BTS-102. The traditional liberal arts core requirements consist of 41 to 49 credits, depending on the student's major.

NOTE: *HSO = Honors Students Only can take the course to satisfy the LA core requirement.

TRADITIONAL LIBERAL ARTS CORE REQUIREMENTS

INTRODUCTION TO THE LIBERAL ARTS, (1-3 credits)

- LA-103SL C-N Vocation, & the Liberal Arts (2 credits)
- LA-104* C-N Vocation, & Liberal Arts for Transfers (1 credit)
 - *Transfer students with 45 or more transfer credits
- HUM-101 Humanity and the Cosmos I (3 credits) - ***HSO**
- **STUDIES IN BIBLICAL TRADITIONS (6 credits)**

- BTS-101 Introduction to the Old Testament (3 credits)
- BTS-102 Introduction to the New Testament (3 credits)
- **STUDIES IN COMMUNICATIONS (6 credits)**
- ENG-101 Writing and Literacy Studies I (3 credits)

Three credits from the following:

- COMM-135 Speech Fundamentals (3 credits)
- COMM-230 Interpersonal Communication (3 credits)

STUDIES IN MATHEMATICS AND SCIENCE WITH LAB (9 credits)

- Any MATH 100-level course **or**
- MATH-201 Statistical Concepts and Methods (3 credits)
- MATH-207 Discrete Mathematics (3 credits)

Six credits of laboratory science classes from the following:

- BIOL-101 Human Biology (3 credits)
- BIOL-102 Environmental Science (3 credits)
- BIOL-105 General Biology I (4 credits)
- BIOL-106 General Biology II (4 credits)
- BIOL-207 Human Anatomy and Physiology I (4 credits)
- BIOL-208 Human Anatomy and Physiology II (4 credits)
- BIOL-303 Soils and Geologic Science (3 credits)
- BIOL-304 Field Botany (3 credits)
- BIOL-380 Zoology for Non-Science Majors (3 credits)
- CHEM-100 Chemistry in Society (3 credits)
- CHEM-101 Introductory Chemistry (4 credits)
- CHEM-103 General Chemistry I (4 credits)
- CHEM-104 General Chemistry II (4 credits)
- GEOL-101 Introduction to Physical Geology I (3 credits)
- PHYS-100 Physics in Everyday Life (3 credits)
- PHYS-101 Physics of Musical Sound (3 credits)
- PHYS-102 Basic Physics and Astronomy (3 credits)
- PHYS-103 General Physics I (4 credits)
- PHYS-104 General Physics II (4 credits)
- PHYS-110 Elementary Astronomy (3 credits)
- PHYS-201 Principles of Physics I (4 credits)
- PHYS-202 Principles of Physics II (4 credits)

STUDIES IN PERSONAL/SOCIAL AWARENESS (6 credits)

Three credits from the following:

- CS-135 Personal and Family Management (3 credits)
- ECON-204 Economic Concepts (3 credits)
- ECON-210 Principles of Microeconomics (3 credits)
- FN-210 Basic Nutrition (3 credits)
- HIST-201 United States History I (3 credits)
- HIST-202 United States History II (3 credits)
- PHIL-101 Introduction to Philosophy & Critical Thinking (3 credits)
- PHIL-301SL Christian Ethics (3 credits)
- PSC-101 Introduction to Civil Rights and Liberties (3 credits)
- PSC-102 American Government and Politics (3 credits)
- PSC-302 Faith, Freedom, and the Individual (3credits) ***HSO**

Three credits from the following:

- CFS-206 Human Development Through Lifespan (3 credits)
- LIN- 220 Introduction to Linguistics (3 credits)
- PSY-101 Introduction to Behavioral Science (3 credits)
- PSY-102 Understanding Human Behavior (3 credits)
- PSY-204 Psychology of Childhood and Adolescence (3credits)
- PSY-206 Human Development Through the Lifespan (3 credits)
- PSY/SOC-250 Society and the Individual (3 credits) ***HSO**

- PSY-318 Humanity and the Biosphere (3 credits) ***HSO**
- SOC-101 Introduction to Sociology (3 credits)
- SOC-105 Social Problems (3 credits)

STUDIES TO ENHANCE A WORLD PERSPECTIVE (12 credits)

Three credits from the following:

- ENG-201 Writing and Literary Studies II (3 credits) **-or-** HUM-102 Humanity and the Cosmos II (3 credits) ***HSO**

Three credits from the following:

- ENG-301 Writing and Literary Studies III (3 credits)
- ENG-360 American Literature I (3 credits)
- ENG-361 American Literature II (3 credits)
- ENG-362 British Literature I (3 credits)
- ENG-363 British Literature II (3 credits)

Three credits from the following:

- HIST-133 World History I (3 credits)
- HIST-134 World History II (3 credits)
- HIST-135 Early Civilizations (3 credits)

Three credits from the following:

- ART-116 Photography I (3 credits)
- ART-210 Art Appreciation (3 credits)
- ART-316 Art History I (3 credits)
- ART-317 Art History II (3 credits)
- FILM/HIST-250 International Cinema (3 credits) ***HSO**
- FILM-310 Introduction to the Art of Film (3 credits)
- FA-301 Form and Expression in the Contemporary Arts (3 credits) ***HSO**
- Music Ensembles (3 credits)
- MUS-133 Appreciation of Music (3 credits)
- TH-110 Introduction to the Theatre (3 credits)

SENIOR CAPSTONE COURSE OR SEMINAR Minimum of 1 credit (preferably taken in the last year of residency)

LANGUAGE (6 credits)

BA degrees require 6 credits of language at the 100 or 200-level as determined by the degree department. BS, BM, or BSN degrees may also require language. Subjects include: (Please see student's major for specific requirements.)

- American Sign Language (ASL)
- French (FREN)
- German (GER)
- Latin (LAT)
- Spanish (SPAN)

The liberal arts core requirement in language can be met in the following ways:

1. Complete a 6 credit sequence in any language at the 100 or 200-level as determined by degree department. Students with a prior study of a language are required to take our placement test. A recommendation of entry level will be made taking into account performance on the test and the number of years of study of the language. If the student follows a recommendation of placement in a 300-level or higher course he may upon completion of the course with a "C" or better, petition the department for up to 9 credits for the exempted courses.
2. International Students whose native language is not English can satisfy their requirement in the following ways:
 - score at least 600 on the TOEFL (paper-based test) or 250 (computer-based test).
 - complete one 3 credit course in English language or American literature after completion of ENG-101 and ENG-201.
 - complete six credits of literature in native language if applicable.
 - comply with the requirement for American students by satisfying either part 1 (201-202 sequence) or part 4 (CLEP) in a language other than English or the student's native language.

Students who have studied a foreign language in high school must take a placement test in order to continue studying that language at Carson-Newman University. In Spanish the 101 course is reserved ONLY for students who have never studied Spanish before. If a student who had Spanish in high school registers for Spanish-101, they will be removed from the course. Students who studied Spanish in high school who do not score high enough on the placement test to test into higher levels should begin their language study with Spanish-123 and will complete their six (6) credit requirement with Spanish-201. In French and German, the 101 courses are considered remedial for students who have studied French or German in high school. Therefore, credit for 101 cannot be purchased, nor will it be counted toward the 6 credits of foreign language requirement. Those students will need to take French/ German-102 and 201 to fulfill their requirement.

NOTE 1: There are some degrees that require 6 credits at the 200-level for the language requirement. Students in those departments will be required to take 201 and 202 to fulfill their requirement.

NOTE 2: If a student tests into the 200 or 300-level, they may be eligible to receive credit by examination for one of the tested out courses.

Please consult with the Director of World Languages program (Dr. Mary Baldrige) for more information

COLLEGE OF PROFESSIONAL STUDIES (CPS), LIBERAL ARTS CORE REQUIREMENTS

All undergraduate CPS students in bachelor's degree programs will complete the Liberal Arts Requirements below, along with the major requirements for the student's program. The CPS core consist of 42 credits.

INTRODUCTION TO LIBERAL ARTS (3 credits)

- LA-167 Online Learning & C-N Liberal Arts (3 credits)

STUDIES IN BIBLICAL TRADITIONS (6 credits)

- BTS-367 Introduction to the Old Testament (3 credits)
- BTS-368 Introduction to the New Testament (3 credits)

STUDIES IN COMMUNICATIONS (6 credits)

- ENG-101 Writing and Literacy Studies I (3 credit)

Choose one of the following courses (3 credits):

- BAD-201 Business & Professional Communication (3 credits)
- ENG-201 Writing & Lit Studies II (3 credits)
- Any 100 or 200-level COMM course (3 credits)

STUDIES IN MATH AND SCIENCE WITH LAB (9 credits)

- Any MATH-100 or 200-level course (3 credits)
- Any Biology Chemistry, Geology, or Physics course (6 credits)

STUDIES IN PERSONAL/SOCIAL AWARENESS (6 credits)

Choose 1 from the following courses (3 credits):

- CS-135 Personal & Family Management (3 credits)
- ECON-204 Economic Concepts (3 credits)
- ECON-210 Principles of Microeconomics (3 credits)
- HIST-201 United States History I (3 credits)
- HIST-202 United States History II (3 credits)
- PHIL-101 Introduction to Philosophy & Critical Thinking (3 credits)
- PHIL-301SL Christian Ethics (3 credits)
- PSC-101 Intro to Civil Rights and Liberties (3 credits)
- PSC-102 American Government and Politics (3 credits)

Choose 1 from the following courses (3 credits):

- CFS-206 Human Development Through the Lifespan (3 credits)
- LING-220 Introduction to Linguistics (3 credits)
- PSY-101 Intro to Behavioral Science (3 credits)
- PSY-102 Understanding Human Behavior (3 credits)
- PSY-204 Psychology of Childhood & Adolescence (3 credits)
- PSY-206 Human Development through the Lifespan (3 credits)
- SOC-101 Introduction to Sociology (3 credits)
- SOC-105 Social Problems (3 credits)
- BTS/MGT-165 (3 credits)

STUDIES TO ENHANCE A WORLD PERSPECTIVE (12 credits)

Choose 12 credits from the following courses (12 credits):

- ENG-201 Writing and Lit Studies II (3 credits) *(if not used for the COMM Requirement)*
- ENG-301 Writing and Lit Studies III (3 credits)
- Any 100 or 200-level HIST course *(not used for the Personal and Social Awareness requirement)*
- Any GEOG course
- ART-116 Digital Photography I (3 credits)

-
- ART-210 Art Appreciation (3 credits)
 - ART-316 Art History Survey I (3 credits)
 - ART-317 Art History Survey II (3 credits)
 - FILM-310 Introduction to the Art of Film (3 credits)
 - MUSIC ensemble courses
 - MUS-133 Appreciation of Music (3 credits)
 - TH-110 Introduction to Theatre (3 credits)
 - Any 100 or 200-level foreign language courses (3 credits)

TOTAL CPS LA CORE REQUIRED COURSES = 42 credits

Academic Policies

Grades

The basic unit of credit at Carson-Newman University is the semester hour. Most courses carry 3 semester hours of credit (though some carry as few as 1 and some as many as 12). One semester hour typically represents 1 hour of lecture or recitation or 2 hours of laboratory work per week. At the end of each semester and at the end of all summer sessions, grades are available to the student through his/her MyCN account.

The grade report will have three GPAs listed - a semester average, the C-N GPA, and the cumulative GPA. Grades of AU, IP, N, NG, NPE, P, S, W, and WP **are not** included in the GPA computation. An F or a WF received in any course will figure into the GPA computation.

Passing grades are assigned grade points for each semester hour of credit (**A=4, B=3, C=2, D=1**). A student’s grade point average (GPA) is calculated by dividing the number of grades points the student has accumulated by the number of semester hours attempted in graded (A, B, C, D, F) courses. (The attempted semester hours in which a student earns an S or P are not used in this calculation.)

As an example, the GPA would be figured as follows for a student receiving: *Grade points (18) divided by graded hours attempted by (9) = 2.00 GPA*

Grade points based on a 4.00 scale

COURSE	GRADE	GRADE PTS	S.H.
ENG-101	A	12	3
BIOL-101	C	6	3
BTS-101	F	0	3
PSY-202	S	0	3

AUDIT GRADES

Students may audit any course with the instructor’s approval. Tuition is charged at one half the regular rate. No credit is earned by auditing and the grade for an audit will be indicated on the transcript AU. Students who wish to audit a course must complete the **Audit Authorization Form**. This form must be approved and submitted to the University Registrar. Audit must be indicated during registration or prior to the deadline for withdrawing from a class with a “W” (the end of the tenth week of class).

CHANGE OF GRADE

A grade change is only acceptable if it's necessary and based on verifiable reasons. Verifiable reasons include an approved grade appeal by the department chair and dean. This involves a formal request for a review of the grade, which is then evaluated by the department chair and dean. Other acceptable reasons for a grade change include mathematical miscalculation, incorrect grade entry, and completed work after an incomplete grade is given. Grade changes should not be issued to students because the student did not complete the necessary work for the course during the semester. Grade changes should also not be allowed for a student to improve his/her grade.

If a student needs additional time to complete unfinished work, it's essential to adhere to the 'Incomplete Grade Policy' Faculty will complete the online grade change request located on EagleNet.

FINAL GRADES THAT DO NOT INFLUENCE GRADE POINT AVERAGE (GPA)

-
- AU - Audit (*enrolled with instructor’s approval for observation only-one half tuition rate per credit hour with no credit earned*)
 - N - No pass (*for courses taken on pass/no pass basis*)
 - NG - No grade submitted, or no credit earned
 - P - Pass (*for courses taken on pass/no pass basis*)
 - S - Satisfactory work (*for courses noted on class schedule as using S/F grading*)
 - W - Withdrew
 - WP - Withdrew passing

GRADE APPEAL

If a student disagrees with a course grade received, he or she may request a review of the coursework upon which the grade in the course was assigned. If an appeal is made, it must be in writing within one semester of the date the grade in the course was assigned and begins with a conference with the instructor of the course. If not resolved in this conference, the appeal moves to the department chair and then to the dean. If the grade appeal has not been resolved at these levels, the student may appeal to the Provost. The Provost may refer a grade appeal to the Academic Standards Committee for their study and recommendation.

INCOMPLETE GRADES

Grades of “Incomplete” or “I” are given at the end of a course only when there is evidence that a significant event or issue interfered with a student’s successful completion of the course. Faculty assigning a grade of “I” must give an end date within six weeks of the course’s final meeting through continuing work with the instructor. A student may request an Incomplete grade if, a minimum, 60% of the coursework has been completed in the course. Exceptions will be made if extraordinary circumstances occur if a student cannot finish a course.

In this case, an incomplete grade can be assigned with a six-week extension to complete the course through continuing work with the instructor. The “I” will carry no grade points and **will count as failure (F)** in the computation of the grade point average until removed. A grade of F will be assigned if the Incomplete is not removed by the deadline determined by the instructor or by the end of the six weeks.

IN PROGRESS (IP) GRADE

An “IP” is assigned for students seeking licensure who have not passed their licensure exam (s) or for graduate projects or practicums that extend beyond one semester. An In Progress (IP) will carry no grade points, remain on the final transcript, and not be included in GPA computation. All courses with an IP must be completed and the IP changed to the earned grade at the end of the semester following your last enrolled semester. If the IP is not removed by the deadline, then an earned grade of F will be recorded for the course.

Education Department only — Students wishing to still graduate with licensure will have one year from the course's end date with the assigned "IP" grade to submit their passing exam scores to graduate with licensure. Otherwise, the student will be switched to non- licensure and will be added to the current graduation list to be conferred.

NOT PASSED EXAM

An “NPE” grade is assigned to student who has not passed their particular licensure exam(s) but has completed all other requirements for the Student Teaching seminar course. The “NPE” grade is considered a passing grade and will count in hours earned.

PASS/NO PASS

The pass/no pass grade is available as an option to encourage students to experiment and diversify their coursework selection and to broaden their interest in fields outside their major. This option allows for the earning of credit hours with a passing grade which does not affect the GPA. The choice of pass/no pass by the student is subject to these restrictions:

- Students can take only one course a semester pass/no pass and only 8 courses pass/no pass in a college career.
- Students cannot pass/no pass in a major, minor, liberal arts requirement, or independent honors thesis courses.
- An instructor reserves the right to close a course to pass/no pass grading.

Pass/no pass and/or audit must be indicated during registration or prior to the deadline for withdrawing from a class with a “W”. Forms are available during advising to exercise the pass/no pass or audit option and are necessary for making the decision a matter of record with the Office of the Registrar. After the deadline for adding courses, the grading for a pass/no pass or an audit course cannot be converted to a regular grading basis.

Academic Policies

Graduation

Students must complete a graduation application to graduate; applications for students open two semesters before their graduating term. Applications for graduation are closed once faculty have voted on the list of graduates for the term. Students should complete the application by the deadlines below. Failure to complete the application by the deadline may delay your graduation to the following semester.

- **December graduation – October 1**
- **May graduation – February 1**
- **August graduation – February 1**

The Graduation application is under the ‘Graduation Overview’ tab on MyCN. Students should review the degree information on the Graduation Application and the Degree Progress (*also available on MyCN*) to verify that their degree program, major, and minor are all correct. Any errors should be reported to the Registrar’s Office before submitting the Graduation Application. The Graduation Application will also provide an opportunity for a student to confirm the spelling of their name on the diploma, participation in the commencement ceremony, Military status, and diploma mailing address. Once the University Registrar has verified that all requirements for graduation have been satisfied, the student’s record will be processed for graduation for the term.

Responsibility for knowing and following academic requirements, including both the academic and common degree requirements for graduation, rests with the student. Academic requirements are specified for each undergraduate degree program at Carson-Newman University and these, as well as the common degree requirements, must be met before a degree is granted. Advisors, assigned to assist students in their progress toward degree completion, program directors and appropriate administrators will provide specific information concerning these requirements, but the student alone is responsible for fulfilling them.

COMMENCEMENT CEREMONY

Commencement ceremonies are held in May and December. To be able to participate in commencement, an approved application for graduation on file with the Office of Registrar and be mathematically eligible to complete degree requirements at the end of the term in which they plan to participate in commencement.

A degree audit is completed at the beginning of the term of anticipated graduation to assure that students on the graduation list for the semester can graduate. If a student is not mathematically able to graduate or is not registered for courses leading to the degree, the student is not eligible to graduate at the end of the term. If a student fails a class required for graduation during the graduation term, the student is allowed to participate in commencement, if the failing grade was not due to academic dishonesty. If the student is academically dishonest and fails a course due to this cause, the student is **not eligible** to participate in commencement for that term.

Undergraduate students graduating in December may participate in the May ceremony following their December graduation date. Undergraduate students who are graduation candidates for the summer terms may participate in the May commencement ceremony as long as an approved application for graduation is on file with the University Registrar showing that a student has no more than nine (9) credits remaining and who will complete all degree requirements at the end of the summer semester.

All other summer graduates will participate in the December commencement.

Graduate students completing degree requirements in the summer may appeal to the Registrar to walk early. Appeals will be reviewed on a case- by-case basis following the criteria below:

- The student must be in good academic standing.
- Only one course remains outstanding in the program in which the student is registered.
- The course is offered in the immediate term following commencement. (Summer term for May, Spring for December)
- Ed.D and D.N.P. candidates are not eligible as a defended defense must occur prior to commencement.
- Doctoral students must meet the deadlines established by the Education Department to participate in the commencement ceremony following the successful completion of their dissertation defense.

HONORS PROGRAM DISTINCTION

Undergraduate students who graduate with Honors at Carson-Newman have completed an enhanced curriculum that includes advanced sections of Liberal Arts Core classes, intensive team-taught courses, and the completion of a two-year process of creating the Seniors Honors Thesis. The thesis is a major work of original research, creative artwork, pedagogical or social entrepreneurship contribution that must pass the evaluation of the Honors Council and be defended during a hearing before a faculty committee.

LATIN HONORS LISTED ON DIPLOMA AND TRANSCRIPTS

Distinctions for academic excellence are **awarded at graduation to associate and bachelor's degree students** who have compiled the following grade averages:

Summa Cum Laude	3.95 - 4.00
Magna Cum Laude	3.75 - 3.94
Cum Laude	3.50 - 3.74

Carson-Newman has three conferral dates which are held at the end of the Fall , Spring, and Summer semesters. Conferral's will occur in December, May, and August each academic year.

Students must have both a cumulative (which includes transfer credit) and institutional grade point average that meet the above criteria. The honors will be indicated on the transcript and diploma.

SECOND DEGREE REQUIREMENTS

1. A student may earn a second or additional bachelor's degree by completing the requirements for both degrees. Students must complete liberal arts courses required for both degrees and must complete major and common degree requirements for both degrees.
2. A student may earn two distinct or different bachelor's degrees simultaneously provided the student satisfies all liberal arts core requirements required for each major, major courses for each degree, and common requirements for all baccalaureate degrees. The student must earn a minimum of 150 credits to be awarded two degrees.

3. Complete requirements for two of the following degrees (BA, BM, BS, or BSN) and a minimum 30 credits beyond 120 credits. The additional 30 credits must be taken in residence at Carson-Newman University. Courses counted toward a major for one degree cannot be counted toward a major for a second degree.
4. Post-baccalaureate students who previously earned a bachelor's degree from Carson-Newman University or another regionally accredited college or university may pursue a second degree from Carson-Newman. The following requirements must be met in order for a student to receive second baccalaureate degree after completion of the first one:
 - The student must complete a minimum of 150 credits.
 - The student must earn at least 30 credits toward the degree from Carson-Newman University.
 - The 30 credits taken at Carson-Newman beyond the first degree shall include at least 12 credits in the major toward the second bachelor's degree and a minimum of 15 upper-level credits.
 - The student must earn a minimum grade point average of 2.0 in courses required for the major taken at Carson-Newman, a minimum institutional grade point average of 2.0, and a minimum cumulative grade point average of 2.0.
 - Courses required for the major for one degree cannot be counted toward the major for the second degree.
 - Students must meet all Liberal Arts core requirements for the second degree from the catalog prevailing.
 - The time limit on Transfer Credits Policy will be applied to students seeking a post-Baccalaureate second degree.

Outstanding Graduates

Each academic program/department is eligible to select one outstanding graduate per year. The student is selected by the faculty of the program, and the award is given to the recipient during the undergraduate commencement ceremony.

REQUIREMENTS FOR BACCALAUREATE DEGREES

Graduation requirements may be met under any Carson-Newman catalog published **during student's enrollment** at any post-secondary institution provided the catalog selected was published no more than 5 years prior to completion of requirements. The University reserves the right to change the requirements and/or the programs of study.

1. **Application for Graduation** --An application for graduation must be submitted to the University Registrar.
2. **Liberal Arts Core**--The Liberal Arts Core is a major component of all baccalaureate degree programs. Liberal Arts Core course requirements are prescribed for each major and degree as a foundational encounter and introduction to a broad base of knowledge, Christian values and skills essential for a well- educated person.
3. **Semester hours**--Minimum 120-degree credit hours. Some degrees require additional credit hours. Hours earned through Academic Skills Enhancement, or the English Language Institute do *not* apply toward graduation.
4. **Grade point average (Cumulative GPA)** --Minimum C average (2.00 GPA) on all college work attempted. Minimum C average (2.00 GPA) on all work attempted at Carson-Newman University.
5. **Grade point average in major or minor**--Overall C average minimum (2.00 GPA) in the major and minor. Some departments may require a higher GPA than the institutional minimum.
6. **Junior/Senior credits**--Minimum *36 semester hours* of courses numbered 300 or higher and taken at a 4- year college. A transfer course numbered 100- or 200-level at the college where it was taken may be equated to a specific upper-division Carson- Newman course; such courses do not count toward this requirement, unless approved by the department chair.
7. **Senior (four year) college credits**--Minimum 60 semester hours (applicable to transfer students from two-year institutions).
8. **Community Life and Worship**--Minimum attendance of 10 CLWs for each semester of enrollment, except for the last semester, for traditional students at Carson-Newman University (see CLW attendance policy).
9. **Residency requirements**--Minimum 30 semester hours or 25 percent of the semester hours required for graduation, whichever is higher for baccalaureate degrees at Carson-Newman University. **Senior year in residence is required (30 hours) excluding students in binary programs.** Waiver of last hours in residence may be approved not to exceed 12 hours upon establishment of valid reasons provided a minimum 30 hours are completed at Carson Newman University.
10. **Majors**--Major course requirements are prescribed by each major. More than one major may be completed within a 120-hour degree. Completion of two majors under one degree does not constitute two degrees. A student who completes a BA major and a BS major must satisfy liberal arts requirements for both majors. Students who will earn a minimum of 150 hours and complete a BA major and a BS major may apply for two degrees. See information on requirements for two degrees. ***NOTE: A maximum of 48 hours toward the major discipline (excluding art and music) is allowed for a BA degree.***
11. **Carson-Newman University credits in a major**-- Minimum 12 hours must be completed in a major at Carson-Newman University.
12. **Carson-Newman University credits in minor** -- Minimum 6 hours must be completed in the minor at Carson-Newman University.
13. **Approval of graduates**-- must be approved by the faculty and Board of Trustees.

TIME LIMIT FOR COMPLETION OF DEGREE REQUIREMENTS

Academic catalogs are generally in effect for six (6) years. This time frame is congruent with the amount of time (150%) allowed by the Department of Education for a student to get a bachelor's degree and for Title IV financial aid purposes. Bachelor's Degree students are permitted 12 semesters of full-time enrollment. For Title IV aid purposes, all time and all hours earned at prior institutions count toward the 150% of the total program. Standard practice for candidates who do not complete the work for their degrees within 12 full-time semesters of continuous enrollment from the time of matriculation will be as follows:

- Complete the readmission application
- Consult with the Department Chair for the major discipline and develop a plan of study for approval

Criteria for Plan of Study Approval

General education requirements for students who have reached the time limit usually default to those in the current academic catalog when the plan of study is made. Therefore, the plan of study must meet the degree requirements under the current catalog for the intended major for which readmission is approved. Substitutions and waivers will be limited and reviewed on a case-by-case basis. The Department Chair must communicate this recommended degree plan to the Registrar for approval. Once the degree plan is approved, it will become the standard for the student's degree plan.

Academic Policies

Special Academic Programs

In addition to the regular academic programs, Carson-Newman University offers an array of special programs which focus on interdisciplinary study, unique study opportunities, community-based education, and scholarship. Some are designed for students while others are for faculty professional development. Five of these, termed Centers, are part of the strategic plan to advance Carson-Newman University toward a position of academic excellence at the national level.

ARTICULATION AGREEMENT UNIVERSITY OF ST. AUGUSTINE (FL)

Carson-Newman is a participating institution in the Ambassador Program involving the Doctor of Physical Therapy and both the Master's and the Doctor of Occupational Therapy at the University of St. Augustine (FL). Students who meet all requirements for admission (see listed websites) at St. Augustine and all local requirements at Carson-Newman will gain preferred admission status. Students are expected to work closely with their HPAC Advisor and to identify their desire to participate in the Ambassador Program to the Director of Health Pre-Professions as soon as possible but before the start of their junior year.

BONNER SCHOLARS PROGRAM

Operating out of the Center for Community Engagement (CCE), the Bonner Scholars Program is a four-year community service and leadership development scholarship program. Bonner Scholars, called 'Bonners,' complete 140 hours of community service and leadership training each semester. Bonners also complete two, 280- hour Summer of Service internships with non-profits, a required three-course sequence, and a 'Capstone' project and presentation which combines students' academic interests and career goals with a community service project. The application deadline for high school seniors is January 1st. Open spots for current Carson-Newman and incoming transfer students are announced periodically. Students who remain in good standing receive a minimum of \$3,000 each year toward tuition and fees; \$4,500 for each Summer of Service; priority access to subsidized federal loans, and a grant covering 100 % of demonstrated financial need (after loans, grants, scholarships, and family contribution). The following three academic courses are required during the student's time at Carson-Newman:

- ID-231 Intro to Biblical Svnt Ldrshp (2 credits) **spring of freshman year**
- BTS-224SL Spiritual Growth & Development (3 credits) **fall of sophomore year**
- ID-431 Stwrshp of Biblical Svnt Ldsp (2 credits) **spring of junior year**

For more information, contact either the Bonner Scholars Coordinator or the Director of the Center for Community Engagement.

CENTER FOR EDUCATIONAL SERVICE TO APPALACHIA

A variety of educational programs emphasizing regional literature, arts, and scholarship are offered for area schools, teachers, and community. Contact the Director.

FAMILY ENRICHMENT INSTITUTE

As an extension of the graduate program in counseling, the Institute uses graduate students in teaching life coping skills in a variety of community settings. The Institute also sponsors the Family Enrichment Seminars, which are regularly presented to the community on mental health topics pertaining to effective individual and family functioning. For information, contact the Director.

HONORS PROGRAM

Students whose composite ACT score is 29 or higher or SAT is 1310 (Critical Reading and Math) or above, and a high school grade point average of at least 3.65, may be eligible for participation in the honors program. Freshmen through junior students take special team-taught classes such as Humanity and the Cosmos, Faith, Freedom and the Individual, and Form and Expression in the Contemporary Arts. The honors thesis, completed during the junior and senior years, consists of supervised experience or research in the student's major field(s).

Upon successful completion of the thesis and the recommendation of the honors council, the student may receive six credits and is recognized as graduating with honors. Honors students also have the opportunity to live in the Honors Houses.

Honors courses are generally reserved for Honors students. Academically superior students not involved in the Honors Program may take Honors courses if space is available and by the permission of the instructors of the course and the Honors Director.

These courses may substitute for required Liberal Arts Core courses as described in the Liberal Arts Core Requirements section of this catalog. Honors students are required to take 12 credits of team-taught Honors courses chosen from: **FILM/HIST-250, HUM-101-102, HUM-302, FA-301, PSC-302, PSY-318, PSY/SOC-250, and BTS-452**. Other team-taught courses may be offered from time to time. These courses may be taken in any order or combination. Students who participate in a study abroad experience for at least 3 credits may waive one of the above courses. In addition, Honors students are required to fulfill liberal arts core requirements in religion.

INTERDISCIPLINARY SCHOLARS

This program is designed for self-motivated, academically superior students (minimum 3.00 university GPA). Students in the interdisciplinary scholar's program design their own curriculum. They are assigned a preceptor who assists in putting together an area of study allowing for a variety of interests and a minor in at least one academic area. To graduate with an Interdisciplinary Scholars major, a student must complete the liberal arts core requirements and meet common requirements for a degree, excluding those pertaining to a major. Students must apply for acceptance into the program no fewer than 48 credits prior to anticipated graduation. For more information, contact the Office of the Provost.

INTERNATIONAL PROGRAM

Carson-Newman is a community of scholars and students committed to global awareness and world outreach. Numerous opportunities exist for students to participate in programs of study or interest with an international or cross-cultural focus. Several departments at Carson-Newman University offer majors that expose the student to courses with a distinctly international component. Some departments further provide students with the opportunity to focus more of their major coursework specifically in international studies and hence offer emphases or minors within that major.

For complete details of course offerings and requirements, see the contact person listed. Students can satisfy their curiosity in any or all the following areas:

- **International Language and Cultural Immersion Opportunities**-Students can earn academic credit for foreign language study from an approved consortium or international universities. For information, contact Dr. Mary Baldrige.
- **Oxford Studies Minor** - Available to students selected for study in the Oxford term. Contact Dr. Andrew Smith.
- **Study Abroad** - Carson-Newman offers both short-term and long-term study abroad opportunities for students who wish to gain credit from international study. Carson-Newman participates in study abroad agreements with several international institutions around the world. For a complete list of colleges or universities approved for study abroad or study away, contact the Center for Global Education.

Students who plan to study abroad must submit required documentation to the following offices:

1. The Center for Global Education,
2. The Office of the Registrar, and
3. The Financial Aid Office

Students who study abroad may qualify for state and federal financial aid only if study abroad courses are approved for transfer or institutional credit. Students who study abroad may qualify for institutional aid only if they choose a designated exchange program for a semester. The student will be responsible for paying the cost for studying abroad at the rate charged by the cooperating institution. In some cases, charges will exceed the cost of studying at Carson- Newman. Study Abroad courses are not eligible for Employee Tuition Assistance (ETA).

All students who study abroad or away will be charged a \$100 fee. Students must have been enrolled as a full-time student at Carson- Newman University for at least one semester before being approved for Study Abroad.

A pre-departure orientation offered by the Center for Global Education is required of all semester study abroad participants.

- **Oxford Term**
A scholarship-supported, research and tutorial experience in England for selecting students who compete for acceptance. For information, contact Dr. Andrew Smith.
- **Cross Cultural Mission Experience**
Opportunities for collaborative learning and ministry for academic credit by participation in educational mission's trips are offered through various departments throughout the year.

PRE-PROFESSIONAL PROGRAMS

Carson-Newman's pre-professional programs give students a competitive advantage in a highly selective admissions process for graduate school. Students can choose any academic major and still be part of the program in one of the following emphasis areas. Students will benefit from close relationships with teachers and advisors who will guide them in practical skills like interviewing and professional testing as they prepare to continue their education.

Pre-Professional Program Opportunities include:

Chiropractic Medicine	Dentistry
Occupational Therapy	Optometry
Osteopathic Medicine	Pharmacy
Physical Therapy	Medicine
Physician Assistant	Law
Podiatric Medicine	Public Health Veterinary
Medicine	

HEALTH PRE-PROFESSIONS

For students interested in continuing to graduate school in allied health areas. These areas include Chiropractic Medicine, Dentistry, Medical Technology, Medicine (Allopathic and Osteopathic), Occupational Therapy, Optometry, Pharmacy, Physical Therapy, Physician Assistant, Podiatry, and Veterinary Medicine (this does not include Nursing or Athletic Training). Students are required to abide by the following Health Professions Advising Committee (HPAC) policies. These policies are reviewed annually by the HPAC.

HEALTH PRE-PROFESSION POLICIES

- Must identify yourself as a health pre-professional student and be included in our Health Professions database. Contact the administrative assistant (DSC 203), 865-471-3250, or the Director of Health Professions.
- Will be assigned a faculty advisor who is a member of the HPAC.
- Must complete a 1 credit course, ID-208 (Career Planning in Health Professions), before the local HPAC interview. We recommend that ID-208 be taken during your first fall semester at Carson-Newman University.
- Must accumulate at least 40 hours of experience (which can include shadowing) in your specific career choice before scheduling the local HPAC interview.
- Must be interviewed by the HPAC before a letter of recommendation will be written in support of your application to professional school.
- Transfer students - must pass two lab science courses at Carson-Newman University under two different professors before scheduling your HPAC interview.
- After admittance, students are expected to take the lab science courses required by the professional schools to which you plan to apply at Carson-Newman University.
- Must use the HPAC composite letter of recommendation for admission to professional school. If exceptions are found, contact the Director of Health Pre-Professions. Carson-Newman faculty are asked NOT to write individual letters of recommendation directly to professional schools to support admission to health professional schools.

POST-BACCALAUREATE HEALTH PROFESSIONS PROGRAM

The Health Pre-Professional Program at Carson-Newman University offers a bridge program for students who already have earned a bachelor's degree and desire a change of career into one of the health professions. Requirements will center around the health professions, career choice and the specific professional schools to which the student selects to apply. Post-Baccalaureate students will need to work closely with their Health Professions advisor. ***This program is not a graduate program or a degree program and thus does not need to satisfy a major or the Carson-Newman University Liberal Arts Core Requirements.*** It is anticipated that required courses can be completed in an intense 12-to-24-month period.

Students in this program are expected to maximize their exposure to the Carson-Newman University environment. Therefore, post-baccalaureate students will be able to take advantage of the strong health pre-professional program already in place at the university. Components of this preparation include academic advising, required curriculum, shadowing in the career, the Committee interview, letter of recommendation, and MCAT prep program. For more information, contact Dr. Susan McGaha, Director of Health Professions, at 865-471-3250. **This program is not aid eligible.**

PHARMACY PRE-PROFESSIONS

Carson-Newman offers a four-year binary program in conjunction with an accredited pharmacy school. Students complete three years at Carson-Newman, minimum 90 credits, and one year of the professional program at pharmacy school with a minimum "C" average, and 30 credits. After completing the first year of professional school, those credits are transferred back to Carson-Newman. The student receives a BA or BS degree from Carson-Newman in Biology or a BA or BS degree in Chemistry. Students must complete the Carson-Newman liberal arts core requirements and satisfy the Biology or Chemistry major departmental requirements. (Carson-Newman residency requirements must be met -- see Academic Policies, Procedures, and Regulations.) Precautions should be taken to avoid duplication of courses, such as biochemistry, immunology, microbiology, and anatomy & physiology. These courses are generally taken during the first year of pharmacy school.

Academic Policies

Student Records

The official transcript for each student is maintained by the Office of the Registrar and is stored in an electronic format. Other academic information, non-permanent but relating to the student's enrollment and academic progress, is also stored electronically according to records retentions guidelines of the University. Official transcripts as authorized by the student or former student may be requested for third party release. Carson-Newman University provides for the confidentiality of student records in accordance with the Family Educational Rights and Privacy Act, as amended. This act provides for the right of access by a student to his/her file and records with certain limited exceptions and prohibits the disclosure of information without the student's written approval, with certain limited exceptions, other than for disclosure of directory information.

Directory information includes student name, address, telephone numbers, e-mail addresses, photographs, dates of attendance, enrollment status (full-time or part-time), major and anticipated date of graduation, degree, honors and awards, the most recent previous educational institution attended, and participation in school activities and sports.

Students wishing to withhold directory information may do so by notifying the University Registrar in writing. The Family Educational Rights and Privacy Act (FERPA) affords student's certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.
 - a) A student should submit to the university registrar, chair of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
 - a) A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed and specify why it should be changed.
 - b) If the University decides not to amend the record as requested, the university will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to a hearing if the request to correct an alleged inaccuracy is denied.
4. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
5. The right to provide written consent before the University discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
 - a) The University may disclose education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a third party engaged in research conducted on behalf of the University provided such information is not disclosed to any other authorized party; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.
 - b) A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.
 - c) Upon request, the University may disclose education records without consent to officials of another school in which a student seeks or intends to enroll.
6. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5901

The Family Educational Rights and Privacy Act provides that educational records of a student who is a dependent of his/her parent(s) for Internal Revenue purposes may be disclosed to the parent(s) without first receiving the student's consent, provided documentation showing the student to be dependent under the provisions of the Internal Revenue Code is presented by the parent(s). Students may authorize the release of otherwise confidential information, i.e., grades, academic progress, class attendance, billing statement, and disciplinary actions to parents by signing a consent form available in the Office of the Registrar. The following is a partial list of records maintained in university offices and the official responsible for each.

- **Academic records and transcripts:** University Registrar
- **Student Judicial Records:** Vice President for Student Services and Dean of Students
- **Student Co-curricular and Extracurricular Involvement:** Vice President for Student Services and Dean of Students
- **Placement Files** (compiled by the student): Student Success

Note: Carson-Newman University defines a student as enrolled the first day the student begins attendance at the University. For additional information regarding Family Educational Rights and Privacy Act policies, please contact the University Registrar at 865- 471- 3240 or registrar@cn.edu.

STUDENT CONSENT TO DISCLOSE INFORMATION

Students may authorize the release of otherwise confidential information, for example, grades, academic progress, class attendance, billing, and disciplinary actions, to parents or others by signing a consent form available in the Office of the Registrar, located on the top floor of the Fite Administration Building.

Disclosure which may not legally be made except upon the consent of the student shall not be made by any University employee (except for access with certain limited exceptions as allowed by law) until the student's consent is on file in the Office of the Registrar. Disclosure shall be made only of the specific matters to which the student has consented and to the person designated by the student.

Any University employee who is asked by any person (the student, a parent, or anyone else) to make a disclosure of confidential information which may be made only upon the student's consent, shall not make the disclosure unless first being advised by the Office of the Registrar that the student has consented to the disclosure and the consent has not been revoked by the student as of that date. University employees who are asked by parents of students and others to make such disclosure should be advised that disclosure may be made by the University if the student consents in writing on a Consent to Disclose Information form filed in the Office of the Registrar.

When disclosure is made, the disclosing employee shall first ascertain that the person to whom disclosure is made is indeed the person the student has designated. In each instance, no disclosure shall be made except to a person who can recite the student-designated access code. When disclosure is made to the person in person, the employee should first secure from the person adequate identification. When disclosure is made by mail, the envelope will be marked "Confidential: To Be Opened by the Addressee." The University is not legally obliged to disclose in each instance to which the student consents. If circumstances exist which cause a university employee to believe it may not be in the student's best interests for a disclosure consented to by the student to be made, the employee should report the situation to the University Registrar.

TRANSCRIPTS

The official record of a student's coursework is the academic transcript. All courses in which the student is registered on the census date are recorded on the academic transcript. Transcripts shall be processed by the Office of the Registrar upon request from the student or former student. Students may request an official transcript by utilizing the on-line service on the Registrar's web page or by completing the request form in the Office of the Registrar. Official transcripts will be released according to Federal Regulation § 668.14(b)(33) & § 668.14(b)(34).

Academic Policies

Transfer Credit Policy

Carson-Newman University accepts transfer credit from regionally accredited colleges and universities. Our transfer credit evaluation adheres to principles and guidelines established by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Credit is evaluated to ensure academic quality and comparability with Carson-Newman's standards.

Credit earned at prior institutions may transfer as and equivalent to a specific Carson-Newman course or general elective credit (lower or upper division).

TAKING COURSES AT ANOTHER INSTITUTION

Students who are currently enrolled at Carson-Newman University, and wish to take course work at another institution, must obtain the approval of his or her advisor and the University Registrar for the corresponding Carson-Newman course by completing the “*Authorization to Take Courses at Another Institution*” form.

The University Registrar will indicate on the course authorization form whether the student is in good standing at Carson-Newman University and has permission to take the approved course(s). Students who wish to apply for financial aid for coursework at another college should consult the Financial Aid Office.

Transfer Credit Principles

Course Level and Upper Division Requirements

- Courses transfer with the credits and level from the original institution
- Courses completed at the 100 or 200-level that transfer as upper division will count as content credit for the discipline but **WILL NOT** count toward the 36 upper-division credit requirement for graduation.
- Deans or department chairs can make an exception by completing the [Request to Review Transfer Credit for C-N Equivalency Form](#).

Grade Transfer Policy.

- All grades for accepted transfer courses are recorded and computed into the student's cumulative GPA
- Grades transfer on a 4.0 grading scale (plus and minus quality points are not computed)
- Transferred quality points and quality points earned at Carson-Newman are used to calculate the cumulative GPA
- Students must earn a minimum grade of ‘D’ for courses to be transferred. Some departments may require a higher grade before allowing transfer credit.

PREVIOUSLY EARNED DEGREES

A previously earned degree from a regionally accredited institution will be accepted as having met Carson-Newman's liberal arts core requirements (with exceptions noted below), provided the degree includes a minimum of 30 credits of general education courses.

Required Courses for **All** undergraduate Transfer Students:

- Introduction to the Liberal Arts:
 - LA-104 (Traditional Transfers)
 - LA-167 (College of Professional Study Transfers)
- Biblical Traditions:
 - BTS-101 and 102 (Traditional students)
 - BTS-367 and 368 (College of Professional Study students)

Transfer Degree Requirements

Acceptance of a prior degree must include at least one course in each of these categories:

- Humanities and Fine Arts
- Social and Behavioral Science
- Natural Sciences and Mathematics

Important Note: An Associate of Applied Science is not accepted to meet Carson-Newman Liberal Arts requirements, though individual coursework will be reviewed for transfer credit.

Credit Hour Limitations

- No more than 60 credits from two-year, junior, or community colleges may be applied toward a Carson-Newman degree
- If a student transfers more than 60 credits from two-year institutions, they must earn at least 60 credits from Carson-Newman and/or a four-year institution
- Institutional policy requires at least 60 credits from a four-year institution, with at least 30 credits earned at Carson-Newman to award the degree

Non-Regionally Accredited Institutions

Students may petition for credit from non-regionally accredited or non-accredited international institutions by:

1. Completing the [Request for Acceptance of Credit Form](#).
 2. Including course description and syllabus
 3. Submitting documents to TRANSFERASSESSMENT@cn.edu
 4. The Transfer Assessment Coordinator will forward materials to the Department Chair and/or Dean for review
-

Non-Transferable Credit

The following types of coursework are generally not accepted for transfer credit:

- Coursework unrelated to the student's program of study or Carson-Newman's course offerings
 - Auto mechanics and other terminal vocational, technical, and occupational courses or certifications
 - Developmental or remedial courses
 - Institution-specific courses (chapel, convocation, seminars) unless syllabi demonstrate general content not specific to the transfer institution
-

Major and Minor Requirements

- Some academic programs require specific courses as prerequisites
- Even if transfer students bring in other general education requirements, they must still take required prerequisite courses
- Some programs have grade or GPA requirements for all prior coursework
- Approved transfer credit for major/minor requirements are listed on the 'Course Equivalency' list on the Registrar's webpage
- Students may petition for course equivalency in their major/minor by submitting the appropriate form retrieved from the Registrar's office.

Physical Activity Credit Limitations

- Varsity athletic transfer credit is limited to one credit per academic year
 - Combined varsity athletic and physical activity courses are limited to 3 total transfer credits
-

PRIOR LEARNING ASSESSMENT (PLA) CREDIT

Carson-Newman reviews evidence of prior learning through standardized exams, non-collegiate institution training, or experiential learning, including:

Note: Credit by exam is limited to 30 credits and is not considered institutional credit.

1. Advanced Placement Exams (AP)

Credit granted for scores of 4 or 5 on CEEB-AP examinations (subject to department approval). Some departments may award credit for a score of three (3).

Here's an easier-to-read version of the AP credit information:

Advanced Placement (AP) Credit Accepted Exams -

AP Examination	Required Score	C-N Equivalency	Semester Hours
2-D Art and Design	3, 4 or 5	ART-100 with portfolio review	3
3-D Art and Design	3, 4 or 5	ART-103 with portfolio review	3
Art History	4 or 5	ART-316	3
Biology	3, 4 or 5	BIOL-101	3
Calculus AB	3	MATH-151	4
Calculus AB	4 or 5	MATH-151 & MATH-152	8
Calculus BC	3	MATH-151 & MATH-152	8
Calculus BC	4 or 5	MATH-151, MATH-152 & MATH-211	11
Chemistry	3	CHEM-103	4
Chemistry	4 or 5	CHEM-103 & CHEM-104	8
Comparative Government & Politics	3, 4 or 5	PSC-GER	3
Computer Science A	3, 4 or 5	CSC-107	3
Computer Science Principles	3, 4 or 5	CSC-210	3
Drawing	3, 4 or 5	ART-105 with portfolio review	3
English Language & Composition	3, 4 or 5	ENG-101	3
English Literature & Composition	3, 4 or 5	ENG-101	3
Environmental Science	3, 4 or 5	BIOL-102	3
European History	4 or 5	HIST-334	3
French Language & Culture	3	FREN-101	3
French Language & Culture	4	FREN-101 & FREN-102	6
French Language & Culture	5	FREN-201 & FREN-202	6

World History: Modern	3	HIST-133	3
World History: Modern	4 or 5	HIST-133 & 134	6

2. Cambridge Exams (AS and A Level)

Cambridge A Level:

- Students must submit official Cambridge A Level documentation
- Credit is evaluated on a case-by-case basis
- Only A Level classes qualify for specific course equivalency transfer credit

Cambridge AS Level:

- Not accepted for specific course equivalency
- May count for general elective credit only

All Cambridge assessment documentation must be official for consideration. The review process determines if transfer credit is acceptable based on individual evaluation of credentials.

3. College Level Examination Program (CLEP)

CLEP measures knowledge acquired through non-traditional means, such as workplace experience or independent study. Carson-Newman University grants credit according to these provisions:

- CLEP credit is limited to introductory courses.
- CLEP credit is given only for subject examinations. (For English composition credit, students must pass both essay and objective sections of the College Composition Modular examination.)
- CLEP credit may be granted for scores equal to or exceeding the ACE recommended score of 50 on approved exams.
- The fee for establishing CLEP credit at Carson-Newman University is \$10 per credit hour.

For further information about CLEP tests, visit www.collegeboard.com/highered/clep/index.html! CLEP Subject Examinations Accepted

Subject Examination	Required Score	C-N Equivalency	Semester Hours
American Government	50	PSC-101	3
Biology	50	BIOL-101	3
Calculus	50	MATH-151	4
College Algebra	50	MATH-120	3
College Composition Modular*	50	ENG-101	3
Financial Accounting	50	ACCT-201	3
History of the United States I: Early Colonization to 1877	50	HIST-201	3
History of the United States II: 1865 to the Present	50	HIST-202	3
Human Growth and Development	50	PSY-206	3
Introduction to Educational Psychology	50	EDUC-ELEC	3
Introductory Business Law	50	BAD-301	3
Introductory Psychology	50	PSY-101	3
Introductory Sociology	50	SOC-101	3
Pre-Calculus	50	MATH-125	3
Principles of Marketing	50	MKT-300	3
Principles of Microeconomics	50	ECON-210	3
Principles of Macroeconomics	50	ECON-220	3
Western Civilization I: Ancient Near East to 1648	50	HIST-133	3
Western Civilization II: 1648 to Present	50	HIST-134	3

*Essay to be graded by English Department; combined scores will determine if credit is granted.

4. Defense Activity for Non-Traditional Education Support (DANTES)

Scores for all DANTES-funded CLEP and DSST exams are automatically reported to your **Joint Services Transcript (JST)**. Scores for U.S. Air Force members are reported to the Community College of the Air Force (CCAF), AFAEMS, and the **Air Force Virtual Education Center (AFVEC) website**. A no-cost score report is delivered to two institutions of choice, if designated during online exam registration using the institution(s)' four-digit institution code(s). Service members can also pay for a consolidated transcript that includes CLEP and DSST exams using the **online transcript ordering service**.

5. International Baccalaureate Exams (IB)

- Credit awarded for scores of 5 or higher on higher-level examinations in transferable subjects
- Lower-division (100-200 level) credit from 3-8 hours per examination, subject to departmental approval
- Credit NOT awarded for Subsidiary Level Examinations

6. Military Service Credit

- Veterans and military reserve members may receive up to 40 credits for military training
- Credit evaluated based on applicability to declared program of study
- Carson-Newman follows American Council of Education recommendations
- Minimum of four (4) credits of military credit (MILS) for basic training
- Official Joint Services Military transcript or equivalent required for additional credit

7. Statewide Dual Credit Exams

- The challenge exam score must be separate from course grades, listed with other standardized exams such as the ACT.
- The exam score should be listed as a number only – pass/fail status should not be indicated.
- The SDC course grade given by the teacher should be reported with the other course grades.
- The exam score should be labeled with the name of the SDC course and “challenge exam.” (ex. Statewide Dual Credit American History challenge exam)

8. State of Tennessee Specific Industry Certification Exams

- 70% or better required for transfer credit
- Transferred for general elective credit only
- Department Dean approval for major equivalency.
- Certifications accepted include Animal Science, Dietetics and Nutrition, Human and Social Sciences.

International Credit

- Credits from international institutions must be evaluated by a professional foreign credentials service (WES, Joseph Silney and Associates, or recognized equivalent)
- Official professional evaluation must be submitted with official transcript
- Credit awarded according to Carson-Newman transfer credit policy

Time Limits on Transfer Credit

- No time limit for Liberal Arts Core requirements or general elective courses
- Courses for Bachelor of Arts, Bachelor of Music, or Bachelor of Science majors taken more than 15 years prior to enrollment require approval from department chair or dean
- Certain courses requiring current knowledge may have time limits imposed by departments
- Nursing prerequisites (Chemistry, Anatomy and Physiology, Nutrition, Microbiology, Human Development, Statistics) must have been completed within 10 years of enrollment
- All nursing coursework from other institutions require approval by the Nursing Admission and Progression Committee

GRADUATE PROGRAMS TRANSFER CREDIT POLICY

APPLIED THEOLOGY

Six (6) semester hours of graduate credit from a regionally accredited college or university may be transferred to Carson-Newman University to be used toward the MAAT degree.

Transfer hours must have been earned within the last five years prior to enrollment in the MAAT degree program. Grades transferred must be A or B. Transfer course(s) must be comparable to that offered at Carson-Newman and will be assessed on an individual basis.

COUNSELING

CACREP accreditation is the industry standard for quality and any program with this designation can be viewed as rigorous and providing excellence in counselor training and education.

The specific course hours must be approved by the Director of the Graduate Studies in Counseling program. Transfer credit for the Counseling program will be reviewed as follows:

- Any credit hours allowed for transfer must be from a CACREP accredited program.
- Counseling Practicum must be completed at Carson-Newman University (3 credits)
- Counseling Internship must be completed at Carson- Newman University (6 credits)
- One third of credit hours in the program must be completed at Carson-Newman University

DIVINITY

Twenty-one (21) hours of graduate credit earned from a regionally accredited college or university prior to admission to Carson-Newman University's MDiv program may be transferred to Carson -Newman University and applied to the MDiv program. Transfer hours will have typically been earned within the last five years prior to enrollment in the MDiv degree program. Grades transferred must be A or B. Transfer course(s) must be comparable to that offered at Carson-Newman and will be assessed on an individual basis.

GRADUATE BUSINESS

A maximum of nine (9) semester hours of graduate credit from a regionally accredited college or university may be transferred to Carson- Newman University to be used toward the MBA degree. Transfer hours must have been earned within the last five years prior to enrollment in the MBA degree programs. Grades transferred must be A or B. Transfer course(s) must be comparable to that offered at Carson- Newman and will be assessed on an individual basis.

GRADUATE EDUCATION

Nine (9) semester hours of graduate credit from a regionally accredited college or university may be transferred to Carson-Newman University to be used toward the MAT, MEd, and Ed.S. degrees, and twelve (12) hours toward the EdD degree. Transfer hours must have been earned within the last five years prior to enrollment in the education degree program and approved by the program director of the graduate degree program. The following courses will not be accepted as transfer credit: EDUC 630, EDUC 635, EDUC 750, EDUC 751, EDUC 752, EDUC 753, EDUC 7546A, EDUC7546B.

GRADUATE NURSING

Carson-Newman University permits the transfer of up to nine semester hours of graduate nursing credits from qualified institutions. This policy specifically applies to coursework in advanced pathophysiology, graduate statistics, and advanced pharmacology. The university maintains specific standards to ensure academic quality while accommodating students with relevant prior graduate education.

Institutional Requirements

Transfer credits must originate from nursing programs with recognized national accreditation within regionally accredited colleges or universities. This dual accreditation requirement ensures that accepted credits meet established academic standards.

Academic Performance and Time Constraints

Students seeking to transfer credits must have achieved either an A or B grade in the courses under consideration. Additionally, the coursework must have been completed within three years of enrollment at Carson-Newman. This timeframe requirement ensures that students' knowledge remains current and relevant to their program of study.

Clinical Course Restriction

It is important to note that clinical courses are not eligible for transfer credit under any circumstances. This restriction helps maintain consistency in hands-on clinical training across all Carson-Newman nursing graduates.

Additional Credit Transfer Considerations

For students seeking to transfer credits beyond the standard nine-hour limit, Carson-Newman offers a comprehensive evaluation process. These additional courses must be comparable to existing Carson-Newman offerings and undergo faculty assessment. The evaluation process may encompass review of course syllabi, written assignments, examinations, and other pertinent materials. Students must submit a formal written request for transfer credit evaluation after enrollment. This request should be directed to the chair of the Nursing Curriculum Committee and must include:

- The name of the originating University
- The specific course name
- The course number
- A complete catalog description

DOCTOR OF NURSING PRACTICE

Up to 6 semester hours of graduate credit from a recognized nationally accredited nursing program at a regionally accredited college or university may be transferred to Caron-Newman University. Courses considered for transfer credit include the following: Applied Biostatistics and Epidemiology; Scholarship in Nursing Practice; Principles of Project Planning and Evaluation; Quality and Safety Practices in Healthcare; Leading Change within Complex Healthcare Systems; Policy, Ethics, and Advocacy in Healthcare; and Healthcare Transformation through Technology. All courses considered for transfer credit must be completed with a grade of A or B within three years prior to DNP program enrollment. Each course considered for transfer credit will be evaluated on an individual basis. Evaluation may include, but not be limited to, review of the catalog description, course syllabi, and student work from the institution where credit was obtained.

TRANSFER ARTICULATION AGREEMENTS

Carson-Newman University has articulation agreements with the following institutions:

- Pellissippi State Community College — Knoxville, TN
- New Mexico Military Institute — Roswell, NM
- Georgia Military Institute — Milledgeville, GA
(additional branches in Augusta, Fayetteville, Fairburn, Valdosta and Warner Robins)
- Valley Forge Military College — Wayne, PA
- Marion Military Institute — Marion, AL

TENNESSEE REVERSE TRANSFER

Tennessee Reverse Transfer is a process that allows a student who completed a minimum of 15 credits at a participating Tennessee Board of Regents (TBR) community college and enrolled at Carson-Newman University before completing an associate degree to transfer their credits earned at Carson-Newman back to their community college. A reverse transfer potentially allows these students to be awarded an associate degree by their community college while also meeting bachelor's degree requirements at Carson-Newman. For more information, see <http://www.cn.edu/admissions/undergraduate/admissions/Tennessee-reverse-transfer>.

TENNESSEE TRANSFER PATHWAY

Carson-Newman University has established articulation agreements and transfer pathways for students who complete an associate degree from a Tennessee community college prior to beginning their enrollment at Carson Newman University. Students who transfer to Carson Newman University having earned an Associate of Arts or an Associate of Science degree from an accredited post-secondary institution may have satisfied the Carson Newman liberal arts core except for LA-104, BTS-101, and BTS-102. Students will also be required to meet the specific Liberal Arts Core Requirements specified by their chosen major to complete their course of study at Carson-Newman. Students who follow the prescribed transfer pathway will streamline their educational journey and satisfy many components of their pursuit of a bachelor's degree without taking additional unnecessary coursework and often transfer credit into their academic major at Carson Newman. Following an articulation agreement or transfer pathway prior to admission will allow a student to graduate with a bachelor's degree from Carson-Newman University upon completion of any remaining required major, liberal arts, or elective hours from Carson-Newman.

Academic Policies

Verification of Attendance

Verification of Attendance Eligibility for federal student aid is, in part, based on the student's enrollment status for the semester in which they are enrolled. Verification is based on the completion of an academic related activity which is defined below.

Attendance Monitoring and Reporting

- Add/Drop Period Requirements

During the official add/drop period, faculty members are required to document attendance for all enrolled courses, including zero-credit courses. This monitoring ensures accurate enrollment verification and compliance with federal aid requirements.

- **Census Roster Submission**

At the conclusion of the add/drop period, instructors submit final census rosters confirming student enrollment status. Students who have not demonstrated attendance through qualifying academic activities will be reported as "no-shows" to the Registrar's Office.

- **Administrative Drop Process**

Students identified as no-shows on census rosters will be administratively dropped from affected courses due to non-attendance. This action triggers automatic adjustments to tuition charges and financial aid disbursements based on revised enrollment status. Students may experience changes in classification from full-time to part-time status, which directly impacts both billing and aid eligibility.

Break in Enrollment

Carson-Newman University does not offer a Leave of Absence. That is a federal term in which a student does not attend a certain approved period of time but stays enrolled with charges and aid remaining the same so that the student picks up where they left off upon return in lieu of a withdrawal.

Instead, we offer a 'Break in Enrollment' option. A break in enrollment is a one-semester break from the university and attendance. This allows the student to have their necessary break from school while maintaining their university acceptance status and preserving their financial aid eligibility.

For most students, summer semesters are optional and are not subject to Break in Enrollment requirements. However, Graduate and doctoral Nursing students are required to maintain continuous enrollment through the summer, as their program operates on a year-round schedule. Other graduate programs that typically run year-round should consult with their program advisor regarding summer enrollment expectations.

A break in enrollment must be requested from the Registrar's Office by submitting the online 'Break in Enrollment Request form' before attending the semester being asked off. If the student attends any part of the semester being requested, the student accrues charges and must be processed as a withdrawal. If the University Registrar approves an enrollment break, your institutional aid would still be intact upon your return, pending the current FAFSA information and need limits. If you have the TELS HOPE Scholarship that requires continuous enrollment, you would especially need to talk to the Financial Aid office to get information on an appeal that would have to be sent to the state in order to maintain the HOPE scholarship.

Break in Enrollment for Military Orders

Students whose enrollment at Carson-Newman University is interrupted by more than two weeks due to military orders, must submit the online "Break in Enrollment Request Form" through the Registrar's Office. Although a break in enrollment is a one semester break from the university, the break may be extended beyond one semester for students on military orders. (Please reference Readmission for Military Service Members under Admissions in this catalog.)

Military students who will be gone for more than one semester and have the TELS HOPE Scholarship that requires continuous enrollment, must talk to the Financial Aid office to get information on an appeal that would need to be sent to the state in order to maintain the HOPE scholarship.

Class Attendance Expectations

General Attendance Requirements

Regular class attendance is expected for all enrolled students. Students bear responsibility for all coursework, examinations, and assignments associated with each scheduled class meeting, regardless of attendance status.

Faculty Attendance Policies

Individual instructors establish specific attendance policies and associated consequences for their courses. These policies must be clearly documented and published in course syllabi at the beginning of each semester.

Excused Absence Provisions

Students may receive credit for coursework missed due to excused absences under the following documented circumstances:

- Verified medical illness or health emergency
- Death of an immediate family member
- Participation in officially sanctioned university activities

All other absences are considered unexcused, and instructors are not obligated to provide makeup opportunities for missed coursework.

Financial Aid Implications

Administrative withdrawal triggers mandatory financial aid recalculations, which must be completed within 45 days of the withdrawal determination date. Students who are administratively withdrawn may experience significant impacts to their financial aid eligibility and future funding opportunities.

For comprehensive information regarding withdrawal procedures and financial aid implications, students should consult the Financial Aid Handbook, specifically the "Withdrawal from University" section.

Qualifying Academic Activities

Academic-related activities that satisfy attendance verification requirements include but not limited to:

- Physical or Virtual Class Participation
 - Attending in-person classes or participating in real-time synchronous online class sessions

- Academic Assignment Submission
 - Completing and submitting coursework, projects, or other assigned academic materials
- Assessment Participation
 - Taking examinations, quizzes, interactive tutorials, or computer-assisted instructional modules
- Academic Discussion Engagement
 - Contributing to online discussions focused on course content and learning objectives (introductory posts qualify only when they contain substantive academic content)
- Faculty Communication
 - Initiating contact with instructors to confirm active enrollment status or request excused absences for documented reasons

Withdrawal (Administrative for Non-Attendance)

Students who fail all courses at the end of the term due to non-attendance or lack of academic activity will be administratively withdrawn from the University.

Admissions

Carson-Newman University seeks students who have demonstrated the ability and motivation to gain full benefit from a challenging program of graduate study in a Christ-centered context. Students are considered for admission based on their academic credentials (coursework and grades attained, relevant test scores), references, and other requirements established by each academic program along with additional factors that demonstrate probability of college success at a Christian institution of higher learning.

Carson-Newman University does not discriminate on the basis of race, color, gender, national origin, disability, age, genetic information, or veteran status in provision of its education policies, programs, and activities.

To be considered for admission, applicants must meet academic requirements and other admission criteria established by the University. The University reserves the right to deny admission to applicants who do not possess adequate academic preparation and/or those who fail to meet other admission criteria. Students who are admitted are required to abide by university policies and regulations. Program directors for each graduate program evaluate all applications and applicable references, test scores, interview results, and transcripts before making an admission recommendation. When a decision is reached, the applicants are notified of their admission status. Admissions may be granted to begin in fall, spring, or summer depending on the specific program. Please refer to individual academic programs for admission deadlines.

ADMISSION REQUIREMENTS FOR ALL PROGRAMS

Completed application for admission.

One official transcript of all undergraduate and/or graduate programs of study. Also, one official graduate transcript showing courses which are being transferred to Carson-Newman University to apply toward the Master's, the EdS, or the EdD degrees (maximum of 9 semester hours for the master's and EdS degrees and 12 semester hours for the EdD, completed within the last five years). Official test scores as required by individual graduate programs.

Note: See specific graduate program for additional admissions requirements.

EXAMINATION REQUIREMENTS

Graduate Record Examination (GRE): The Graduate Record Examination (GRE) is one option students may choose to meet admission testing requirements for certain graduate programs. For information and scheduling, call 1-800-473- 2255. The GRE code for Carson-Newman University is 1102. For students conditionally admitted into a Graduate Studies in Nursing program, the GRE must be completed, and results received during the first semester of enrollment. For students conditionally admitted in Education, the GRE must be completed within the first 12 hours of coursework.

Admissions

Acceptance Status

Carson-Newman University maintains a rolling admissions policy. Applications may be submitted for freshman admission after six semesters of completed high school coursework. Transfer students may apply for admission up to one year before the desired term of enrollment. Priority application deadline for fall admission is May 1. Upon review of a student's application and supporting documents, one of the following admission decisions will be rendered:

Admitted

Students who meet all requirements for admission as determined by university policy.

Conditional Admit

This category is for those who have yet to meet all specified requirements but have been permitted to begin taking courses in a degree program. If a transfer student meets the GPA requirement for admission but is still missing a copy of their Disciplinary Record Check (DRC) a conditional admissions decision can be granted with full admission pending the receipt of a clear DRC.

Graduate students who are conditionally admitted will be sent a letter from the graduate studies program outlining what must be completed before being fully admitted.

- The MBA program director may impose additional acceptance requirements such as completion of additional undergraduate course work, completion of preparatory materials provided by the university, required acquisition of resources or software, and statements of commitment to the academic process.
- Students admitted conditionally may only apply the first 9 graduate credit hours toward the MBA degree.

Upon completion of nine (9) graduate credit hours in the program with a “B” or better average, the conditionally admitted student will be granted unconditional admission.

- Qualifying seniors in an Undergraduate Degree Program
- Rising seniors in Carson-Newman’s residential undergraduate program are eligible to apply to the MBA program for conditional acceptance.
- Students must be classified as a senior (90 credit hours) when taking graduate MBA (500-level) courses, must enroll full-time as an undergraduate (at least 12 credit hours from 100- 400 course levels) and must have a cumulative 2.5 GPA.
- An undergraduate student in the MBA program may take no more than 6 credit hours (2 courses) during their senior year and no more than one (1) graduate course may be taken at a time. Students can include these graduate credits in their semester load of up to a maximum of 17 hours and no pay additional tuition. MBA courses may not be used to satisfy the requirements for a bachelor’s degree. A student must complete a bachelor’s degree before they are fully admitted into the MBA program.
- A maximum of 12 graduate hours with C grades or better may be applied toward the Master of Arts in Teaching, the Master of Science in Nursing, and the Master of Science in Counseling degrees or the dual degree in Master of Science in Counseling/Educational Specialist in Counseling.
- A student can take no more than nine (9) hours as a conditionally admitted student for the Master of Arts in Applied Theology and the Master of Business Administration degrees.
- A maximum of six (6) hours with a C or better may be applied toward the Master of Education. Conditional admittance does not apply to the Educational Leadership Licensure program, the Educational Specialist in Education, or the Doctor of Education (Ed.D.).

Conditionally admitted students can only receive financial aid for the limit of their allowed conditional credit hours until they are fully admitted.

Delayed Admission

A hold on the application file for the student’s chosen term (as selected on the application) until credentials are received that indicate the student meets admission requirements and is ready to be officially offered admission. (*Students who have a delayed status may be admitted by the Enrollment Management Committee. Students admitted through the Enrollment Management Committee’s review must meet guidelines established for satisfactory academic progress (see Academic Probation), completed all required academic skills enhancement program requirements, and complete other recommendations and requirements as provided by the committee at the time of decision.)

Denial of Admission

Student does not meet criteria for enrollment to the university either based on their academic record or criminal/academic disciplinary record. If an applicant does not meet the stated criteria for undergraduate admission and the applicant wishes to appeal the undergraduate admission decision, he or she should submit a written letter of appeal and provide other supporting documentation to the Enrollment Management Committee.

Recension After Admission

A student’s acceptance to the university can be rescinded if false information was provided on their initial application for admission or if the criminal offense take place after they have been admitted.

Graduate Acceptance Appeal Process

Each completed application will be reviewed and evaluated within the appropriate academic department before making an admissions recommendation. The applicant will be notified when an admission decision has been made. Graduate applicants will be notified as to which admission category he/she has been assigned (see categories of graduate admission). If an applicant wishes to appeal an admission decision regarding admission requirements, categories of admission, independent study, time limits to degree or other concerns, he/she must submit a written letter of appeal to the appropriate department for consideration.

Graduate admission appeals may be sent to the appropriate graduate academic department.

Admissions

College of Professional Studies (CPS)

The College of Professional Studies (CPS) is designed for working professionals to reach their full potential by preparing them for meaningful careers and thriving lives. CPS is driven to offer innovative programming that serves students in an online format that bests their needs. It provides purposeful, transformative, and results- driven education that meets our societies and future workforce needs.

CPS Undergraduate Admission Requirements:

- Completed application for admission
- Official copies of all college transcript(s)
- Students must have a 2.5 grade point average on high school or a college GPA of 2.0

Certificate Admission Requirements:

Students who complete the free online application will be required to submit the following for admission:

- Official transcript — high school transcript with a minimum GPA of 2.5 (or GED) **OR** college transcript with min. GPA of 2.0

Admissions

Dual Enrollment

Carson-Newman University welcomes high school juniors and seniors who wish to earn college credit while still enrolled in a secondary school to apply for dual enrollment. Dual enrolled students may take up to 11 hours of credit per semester at the tuition rate of at a minimum of \$174 per credit hour. Hours taken beyond the 11th hour will be charged at the traditional undergraduate per hour rate.

Admission Decisions for Dual Enrollment are Based on the Following:

- Either a minimum high school GPA of 3.0 or a minimum high school GPA of 2.0 with a 19 or higher ACT composite score.
- High school guidance counselor approval via a signed Dual Enrollment Agreement Form

Students with a demonstrated academic deficiency (ie, having a score of 18 or below in Math or English or a demonstrated pattern of grades of C or below in that subject area) are not allowed to take dual enrollment courses in that subject area. Applicants with a GPA below 3.0 may be admitted for dual enrollment if they demonstrate academic competency via an ACT score of 19 or higher in the subject area they wish to enroll for (if applicable) and if they obtain two recommendations from representatives in their high school attesting to their capacity to succeed in college level work.

Candidates Seeking Dual Enrollment Admission Should Submit the Following to the Office of Admissions:

- Completed application for admission o Official High School Transcript(s)
- Highschool juniors must submit transcript showing completion of the sophomore year coursework o High school seniors must submit transcript showing completion of the junior year coursework
- Dual Enrollment Agreement Form

Priority Application Deadline for Dual Enrollment

- Fall Semester: August 15th
- Spring Semester: December 15th
- Summer Sessions: May 1st

In order for the admissions office to process the applications for dual enrollment, students must apply by these priority dates. If the student does not apply for admission before each deadline, the student may not be able to enroll in the class at the time needed to be dual enrolled.

Books for Dual Enrollment Courses

Students are responsible for ordering/purchasing dual enrollment course textbooks. Textbooks can be found on the students MyCN account under their class schedule.

Fees-Dual Enrollment

Tuition for dual enrolled students is at a minimum of \$174 per credit hour with a \$10 per credit hour technology fee. Tennessee students are encouraged to work with the financial aid office and to utilize the TN Dual Enrollment Grant to cover or offset their dual enrollment tuition expense. The student and/or the parent/ guardians is responsible for paying tuition and fees to the university on or before the first day of each academic term.

On-campus dual enrolled students should obtain a Carson-Newman student ID card and parking decal from the Office of Public Safety. Class Registration-Dual Enrollment After a student is accepted for dual enrollment, their admission counselor will help them develop a schedule and register for appropriate courses. Students who wish to dual enroll should contact the dual enrollment representatives in the Office of Admissions at 865-471-3223 for additional information.

Financial Aid-Dual Enrollment

Dual enrolled students will not qualify for federal or institutional financial aid, including Employee Tuition Assistance (ETA), but eligible Tennessee residents may qualify for the Tennessee Dual Enrollment Grant. Please visit www.collegefortn.org/dualenrollment for more information.

Registration for Dual Enrollment Classes

High School Students: High school students seeking dual enrollment at Carson-Newman University must contact their high school counselor to initiate the enrollment process. Counselors will assist students in completing the required application, which will then be submitted to Carson-Newman's Office of Admissions.

Homeschool Students: Homeschool students may apply for dual enrollment by completing the online application available on the Admissions website.

Registration Processing: Upon receipt of the student's completed application and official high school transcript, the Office of Admissions will review the materials for acceptance eligibility. Once a student has been approved for admission, their registration information will be forwarded to the Office of the Registrar for processing.

Admissions

Freshman Admission

Freshman admission decisions are based on the following:

- High school academic record demonstrating cumulative GPA of 2.50 or higher at the completion of the junior year of high school or
- a minimum 21 ACT, 1060 SAT, or 67 CLT score.

- Students with a cumulative high school GPA of 2.0 or higher but less than 2.50 are waitlisted and may submit an appeal to the Enrollment Management Committee.

Carson-Newman University does not require the essay for standardized tests.

Completion of core academic credits comprising of the following:

- 4 English
- 3 Math, including either Geometry or Algebra 2
- 3 Science, including one physical science course and Biology
- 3 Social Studies, including one History
- 1 Wellness
- 6 Additional academic credits electives chosen from foreign language, math, science, or social studies (to satisfy state graduation requirements credit totals)

Other factors such as:

- Extracurricular or leadership activities
- Special talents or skills
- Recommendations from high school teachers and counselors and church leadership, such as pastors or youth program directors

Candidates seeking freshman admission should submit the following to the Office of Admissions:

- Completed application for admission
- Official high school transcript(s)
- Official college transcript(s) (if dual enrollment credits have been attempted)
- ACT or SAT scores (if either exam has been attempted)
- List of activities/honors (optional)
- Recommendation letters(optional)

GED OR HISET ADMISSION

Carson-Newman can receive applications from and admit students who do not have a high school diploma if they have passed a GED with a minimum score of 165 or Tennessee HiSet exam with a minimum score of 15. Unless student applicants can provide the college entrance exam scores demonstration academic proficiency in English and Mathematics or take the Carson-Newman Academic Placement assessment demonstrating their college proficiency, students admitted on the basis of a high school equivalency exam will be enrolled in academic enhancement sections of introductory English and Mathematics courses to provide additional support.

HOME SCHOOLED APPLICANTS

Along with the application for admission, home schooled applicants must submit the C-N Home School Information online form; an official copy of the home school transcript, showing coursework completed at least through the junior year; and a secondary school completion credential (if required by state law based on student's domicile).

Admissions

Graduate Admission by Program

Graduate Admissions Requirements

- Completed application for admission.
- One official transcript of all undergraduate and/or graduate programs of study.
- One official graduate transcript showing courses which are being transferred to Carson-Newman University to apply toward the Master's, the EdS, or the EdD degrees (maximum of 9 semester hours for the master's and EdS degrees and 12 semester hours for the EdD, completed within the last five years).
- Official test scores as required by individual graduate programs.

Note: See specific graduate program for additional admissions requirements.

Doctoral Programs

Doctor of Education (Ed.D.) and Educational Specialist (Ed.S.)

Program Concentrations:

- Administrative Leadership
- Curriculum and Instruction Leadership
- Higher Education Administration (No Ed.S. available)

Admission Requirements:

- Master's Degree graduate GPA of 3.3 or higher on a 4.0 scale.
- Scholarly writing sample
 - Choice 1: Thesis or published writing (preferred and accepted as is)
 - Choice 2: Response to writing prompt given by graduate admissions.
- Professional experience in an educational environment (3 years minimum)
 - Teaching license

- Proof of experience if from a non-licensed environment
- Two references (professional and/or academic)
- Confidentiality Agreement

Program Notes:

- Ed.S. requires mentored residency and professional portfolio
- Ed.D. requires dissertation
- Ed.S. graduates may pursue Ed.D. completion
- Instructional Leader License (ILL) available concurrently

All But Dissertation (ABD) Completion Pathway

Additional Requirements:

- No more than 15 years may have elapsed between application for enrollment in the ABD Completion Pathway Program since the last enrollment in the previous program.
- Verify good standing with the previous institution and no dismissal for ethical or moral issues.
- Proof of ABD status from a regionally approved program with official transcripts and link to the catalog or Official Transcript from completion of an EdS degree (at least 36 hours) from a regionally accredited institution. For those who have completed an Ed.S. degree with fewer than 36 credit hours, additional coursework will be required at C-N to meet the minimum requirement.
- A professional portfolio of sample coursework submissions and three (3) years of professional experience evidence, and career development
- Master's Degree graduate GPA of 3.3 or higher on a 4.0 scale.
- A virtual interview with graduate faculty
- Three (3) letters of reference (professional or academic)
- An EDLDA (professional disposition assessment) is completed by the applicant's immediate supervisor.
- Evidence of receiving a minimum score of 85 (Internet) on the TOEFL-IBT Examination if English is not the student's first language. Only scores within the last two years will be accepted.
- Submit a criminal background check with fingerprints or verification through employment records.

Doctor of Nurse Anesthesiology Program (DNAP)

Admission to the Doctor of Nurse Anesthesia Practice (DNAP) program at Carson-Newman University is highly competitive and based on academic performance, clinical experience, leadership potential, and alignment with the program's mission.

Applicants must meet the following Requirements:

- Unencumbered RN License
- BSN from Accredited Institution
- GPA Requirements:
 - Minimum 3.0 GPA on a 4.0 scale for the last 60 credit hours of academic coursework **and**
 - Minimum 3.0 science GPA on a 4.0 scale

The following courses are required and included in the science GPA:

- Anatomy & Physiology I and II
- Statistics

Additional courses used to calculate the science GPA if present:

- Biology
- Microbiology
- General Chemistry
- Organic Chemistry
- Physics
- Critical Care Experience:
 - Minimum 3.0
 - Minimum one year of full-time critical care experience within the past three years, as defined by the Council on Accreditation (COA)
- Shadowing Requirement:
 - Documentation of at least 8 hours of CRNA shadowing
- Certifications:
 - CCRN certification is mandatory
 - Current BLS, ACLS, and PALS certifications (required prior to matriculation)
- Leadership & Clinical Excellence. Preferred qualifications include:
 - Experience as a preceptor, charge nurse, or unit leader

- Participation in policy development, evidence-based practice, or practice change initiatives
- Personal Statement, a clearly written personal statement addressing:
 - Clinical and work experience
 - Scholarly activities and/or publications
 - Community service
 - Professional and personal goals related to doctoral education
- Interview Requirement:
 - Participation in a structured interview with the Nurse Anesthesiology Admissions Selection Committee

International Applicants:

- TOEFL exam results
- WES-evaluated transcripts from all international institutions

Prior Program Dismissals:

- Applicants dismissed from any nurse anesthesia or advanced practice nursing program (academic, clinical, or behavioral) are not eligible for admission
- Applicants who withdrew or remain in good standing must submit a letter of verification from their previous program director.

Doctor of Nursing Practice (DNP)

Requirements:

- A master's degree or post-master's from a nationally accredited program (NLN, CCNE, COA, or ACME) as an advanced practice nurse (Nurse Practitioners, Clinical Nurse Specialists, Registered Nurse Anesthetists, Nurse Midwives) or Nurse Administrators or other Health Care Systems Specialists with current advanced practice certification.
- Official transcript from all previous post-secondary coursework.
- Minimal overall grade point average of 3.0 or higher on a 4.0-point scale for all graduate work.
- Current active unencumbered registered nurse licensure and advanced practice nurse registered nurse licensure in the state where practice will occur.
- Resume or curriculum vitae.
- Three (3) Recommendations: (on-line recommendation request form)
 - Academic – waived if MSN completed greater than three years prior to application
 - Employment – obtained from direct supervisor
 - Character
- Submit an essay that communicates your professional goals. Incorporate how the DNP will help you obtain these goals and how you plan to integrate the rigors of full-time doctoral study into your current situation given that this typically requires a minimum of 25-30 hours per week. The essay should be 2-3 pages, 11- or 12-point font, double-spaced.

Post-Acceptance Requirements:

- Background check submitted directly to Carson-Newman
- Drug screening before DNP Introductory Seminar
- Additional clinical site requirements as needed

BSN to DNP

Requirements:

- A bachelor's degree in nursing from an NLN or CCNE accredited four-year program.
- Official transcript from all previous post-secondary coursework.
- A minimum overall GPA of 3.00 for a graduate degree.
- Current unencumbered active registered nurse license and advanced practice registered nurse license.
- Resume or curriculum vitae.
- Three (3) Recommendations: (on-line recommendation request form)
- Submit an essay that:
 - Communicates your professional goals, incorporating how the DNP will help you obtain these goals.
 - Explains how you plan to integrate the rigors of full-time doctoral study into your current situation, recognizing a doctorate degree in nursing typically requires a minimum commitment of 25-30 hours per week.
 - Is 2-3 pages, 11- or 12-point font, and double-spaced.

Post-Acceptance:

- Criminal background check within 45 days
- Drug screening before NURS-507
- Additional clinical requirements as needed

Master's Programs

Master of Accountancy (MAcc)

Requirements:

- A bachelor's degree from a regionally accredited university
- A minimum overall GPA of 3.0
- Applicants will be asked to submit the following:
 - A professional resume (including all work experience, degrees and prior coursework)
 - Official transcripts, indicating accounting courses or three (3) credit hour course equivalent with a grade of B or better for the following courses:
- Intermediate Accounting I
- Intermediate Accounting II or Advanced Accounting
- Auditing
- Federal Income Tax

Additional coursework in Business, Accounting, Data Analytics is not required but highly recommended. Students with an undergraduate GPA below 3.0 may wish to highlight additional positive factors. These factors may include GPA from last 60-70 hours, GPA in accounting coursework, GMAT score or other relevant information indicating ability to succeed in the program.

Master of Arts in Applied Theology (MAAT)

Requirements:

- Bachelor's degree from regionally accredited institution
- Minimum 3.0 GPA or GRE score of 290+
- Pastor's letter of affirmation (or academic reference for ministerial students)
- Program Director interview and acceptance

Conditional Admission: Available at Program Director's discretion; requires "B" average in first three courses for full admission.

Master of Arts in Teaching (MAT)

Requirements:

- A bachelor's degree from a four-year, regionally accredited college
- One of the following: A minimum overall GPA of 2.75 or a GPA of 3.00 in the most recent 60 credit hours
- Evidence of satisfying a TN-approved online literacy workshop. (Please email adult@cn.edu to determine which workshop is required for your admission.)
- Evidence of satisfying content knowledge for the licensure area sought. (Content knowledge is defined by the TN State Board Policy for licensure.) As these requirements often change, please contact adult@cn.edu to ensure what is required for your admission. (Conditional admission allowed for the following areas up to 12 credit hours as content knowledge is earned within the program: Special Education, English as a Second Language, Integrated Early Childhood)
- Background records checks submitted directly to Carson- Newman; no second-party background record checks are accepted.
- Interview (with passing score) with Education department faculty and local K-12 faculty for the purpose of assessment of dispositions, as required by the Council for the Accreditation of Educator Preparation
- Submission of three (3) recommendations
- Self-assessment
- Essential Functions Checklist
- Resume

Special Notes:

- Tennessee State Board Policy outlines standards, which must be met before licensure can be granted. Each applicant's undergraduate transcript will be evaluated to ensure the mandated standards are met, and additional coursework may be required. In most cases, passing scores on the appropriate content knowledge exam(s) for licensure will be required prior to admission; all applicants will be evaluated on an individual basis. Special education and ESL content knowledge are provided at the graduate level. Candidates for all other licensure areas must satisfy content knowledge prior to admission. Prior to student teaching, candidates in all licensure areas must satisfy content knowledge exam requirements for licensure.

MAT in Teaching English to Speakers of Other Languages (MAT-TESOL)

Requirements:

English Proficiency Requirements:

- Minimum computer based TOEFL score of 210
- TOEFL iBT score of 79 or IELTS score of 6.5
- Applicants scoring between 170 and 209 (computer based TOEFL), and 60 and 78 (TOEFL iBT), or 5.5 and
- 6.4 (IELTS) may be admissible but must complete TESOL 560, TESOL 563, and TESOL 564 in addition to degree requirements.

Master of Business Administration (MBA)

Requirements:

- Hold a bachelor's degree from a regionally accredited university and have a minimum overall undergraduate grade point average of 2.5 (or 2.75 on the last 60 hours of the baccalaureate program)
- Professional resume

Other factors that may be considered in the admission decision are:

- A demonstrated record of achievement
- Breadth and depth of work experience
- Leadership - demonstrated and/or potential
- Outstanding interpersonal and communication skills
- Extracurricular and community involvement
- Interview

Master of Divinity (MDiv)

Requirements:

- Complete online application
- Graduation from a regionally accredited four-year academic institution with a bachelor's degree (demonstrated by the submission of official transcript).
- Minimum grade point average of a 2.75 (on a 4.0 scale) or a GRE score of at least 290.
- Students not satisfying either the grade point average or the GRE requirement may be conditionally admitted to the MDiv program at the discretion of the Associate Dean of the School of Biblical and Theological Studies. A student who completes the first three courses of the graduate program with an average of "B" or higher will be granted full admission.
- A student who fails to satisfy this conditional admission requirement will be suspended from the program for a year, after which the student may petition for readmission to the program.
- Reference form completed by the applicant's pastor/church.
- Interview with and written acceptance by either the Associate Dean or the Dean of the School of Biblical and Theological Studies.

Conditional Admission: Available; requires "B" average in first three courses for full admission.

Master of Education - Alternative Pathway (MED Job-Embedded)

Requirements:

- Content Knowledge Requirement as required by State Licensure Policies
- Official Transcripts from ALL institutions
- 2.75 GPA or 3.0 in Last 60 hours (This can be appealed by school district)
- Interview

Program Notes:

- The practitioner with job-embedded experience is Tennessee's alternate pathway to licensure. C-N only offers this program in high need licensure areas. Candidates for this program must be employed at a school within a 50-mile radius of our campus in Jefferson City or the Nashville Education Center.
- Carson-Newman University collaborates with school systems who have hired individuals on a practitioner license with job-embedded experience. This license is available to individuals who have not completed a traditional teacher education program

Master of Education in Curriculum and Instruction (MED)

Requirements:

- A bachelor's degree from a four-year, regionally accredited college
- One of the following: A minimum overall GPA of 2.75 or a GPA of 3.00 in the most recent 60 credit hours
- Background records check is required except for persons currently employed in a P-16 setting that requires a background check. The employment recommendation form will be used to verify current employment in a P-16 setting that requires the background record check.
- Confidentiality Agreement

Master of Science in Counseling (MSC)

Application Deadlines:

- Fall semester: February 1
- Spring semester: October 1

Applications received after those dates will be considered as space in the program concentrations are available.

Requirements:

- Resume
- Written statement of purpose and vocational goals

- Two recommendations required: one from an academic source and one from an employment source. A third recommendation is recommended
- An official transcript from all institutions where undergraduate and graduate study was completed.
- Successful completion of an interview for the purpose of assessing candidate qualities in the areas of motivation for professional development, communication skills, self-awareness, confidence, and potential or working with diverse populations.
- A bachelor's degree from a four-year regionally accredited college, showing a minimum GPA of 3.00 (on a 4.00 scale) overall undergraduate GPA.
- Background records check submitted directly to Carson- Newman Department of Education and Counseling: no second- party background records checks are accepted

Master of Science in Marketing (MSM)

Requirements:

- Hold a bachelor's degree from a regionally accredited university and have a minimum overall undergraduate grade point average of 2.5 (or 2.75 on the last 60 hours of the baccalaureate program)
- Professional resume

Other factors that may be considered in the admission decision are:

- A demonstrated record of achievement
- Breadth and depth of work experience
- Leadership - demonstrated and/or potential
- Outstanding interpersonal and communication skills
- Extracurricular and community involvement
- Interview

Master of Science in Nursing - Family Practitioner

Requirements:

- A bachelor's degree in nursing from a NLN or CCNE accredited four-year program.
- Grade point average of 3.00 or higher on a 4.00-point scale for all undergraduate work.
- Official transcripts from all previous undergraduate and graduate college or university course work.
- Three (3) recommendations from each of the following areas: academic (if BSN degree less than 3 years), employment (from direct supervisor), and character.
- Current unencumbered active registered nurse licensure.
- Letter of personal goals and aspirations.

Certificate Programs

Instructional Leader License Specialization (ILL) - Additional Endorsement

Requirements:

- Verification of two years of P-12 teaching experience in an approved school setting.
- Completion of the admissions portfolio. The requirements for the admissions portfolio are communicated to candidates by the program director.
- Approval of admissions committee meeting report.
- The applicant must be at least 18 years old.
- At minimum, the applicant must hold a bachelor's degree from a regionally accredited college or university.

Post-Master's Certificate in Family Nurse Practitioner

Requirements:

- A master's degree in nursing from a NLN or CCNE accredited program.
- Grade point average of 3.00 or higher on a 4.00 scale in the previous master's program.
- Complete application
- One official transcript from previous graduate college or university course work.
- Three (3) recommendations from each of the following areas academic (if MSN degree less than 3 years), employment (from director supervisor, and character.
- Current unencumbered active registered nurse licensure.
- Current unencumbered advanced practice nursing licensure if applicable.
- Letter of personal goals and aspirations.

Contact Information

For specific program questions or admission guidance:

- Graduate Admissions: adult@cn.edu
- Online Graduate Programs: cpsadmissions@cn.edu
- Individual program directors as specified

Application requirements subject to change based on state licensure policies and accreditation standards.

International Students

Carson-Newman University is authorized under Federal law to enroll nonimmigrant students. Upon review of an international student's application and supporting documents, the Office of Admissions will provide admission decisions based on the criteria outlined below.

APPLICATION MATERIALS

Documents to Submit:

1. **Application:** International Carson-Newman University online application
2. **Academic Transcripts:**
 - Official high school transcripts (with an accompanying certified English translation, if applicable)
 - Official university transcripts (if applicable)
 - Effective Spring 2027 onward: All official transcripts used as a basis for admission from non-US institutions must include a professional course-by-course evaluation by a NACES member agency.
3. **Academic Standing:** Good academic and disciplinary standing at current and former institutions (if transferring)
4. **English Proficiency:** Required official test scores
5. **Financial Documentation:**
 - Confirmation of Financial Support form
 - Official bank letter(s) verifying financial resources
6. **Passport Copy:** Photocopy of passport photo page
7. **Form I-20 Application:** Completed application for I-20 issuance

Financial Support Documentation

Bank letters must be written in English and include:

- Bank letterhead with name and location
- Current date (within 6 months)
- Individual customer name (not company)
- Length of customer relationship
- Average and current account balances (local currency and USD)
- Bank representative signature with printed name

Application Deadlines

- **Fall Semester:** May 31st
- **Spring Semester:** October 31st

Note: Individual graduate programs may have earlier deadlines. Please check specific program requirements.

Mandatory Enrollment Deposit (Non-refundable)

- **Undergraduate Amount:** \$200
- **Graduate Amount:** \$250

PRE-ARRIVAL MATERIALS

Health Requirements

- **Immunization Form:** Proof of immunizations and recent physician examination
 - Measles immunization proof (vaccination since 1980 or doctor-confirmed disease)
 - General immunizations and physician examination
- Special health condition documentation if applicable
- Appeals for immunization exemptions must be approved by Health Services prior to enrollment

Housing Application: Residence hall application (for on-campus living) or off-campus residence application

Contact Information

For evaluation agencies and additional information, visit:

- Carson-Newman University: www.cn.edu
- NACES Member Agencies: www.naces.org/members

Note: All tuition, fees, and charges are payable on or before registration. Carson-Newman University assumes no liability for expenses incurred by students prior to enrollment.

UNDERGRADUATE ADMISSION

International Freshman Students

Admission Criteria:

- **Academic Record:** Minimum U.S. GPA of 2.5 (high school graduation or equivalent required)
- **Transcripts & Evaluation:** Official high school transcripts are required (with an accompanying certified English translation, if applicable). Effective Spring 2027 onward, official high school transcript used as the basis for admission must include a professional course-by-course evaluation by a NACES member agency.
- **English Proficiency:** Non-native English speakers must submit one of the following minimum scores:
 - Duolingo English Test: 90
 - TOEFL iBT: 74
 - IELTS: 6.0
 - EIKEN STEP: Level 1 (with compulsory math placement exam)
 - PTE Academic: 59

International Transfer Students

Admission Criteria:

- **Academic Record:** Minimum U.S. GPA of 2.0 in transferable coursework
- **Transcripts & Evaluation:** Official transcripts from all secondary schools and universities are required (with an accompanying certified English translation, if applicable). Effective Spring 2027 onward: If transferring from a non-US institution, official university transcripts used as a basis for admission must include a professional course-by-course evaluation by a NACES member agency.
- **Academic Standing:** Good academic and disciplinary standing at current and former institutions
- **High School Requirements:** Students with fewer than 12 transferable semester hours must also submit high school transcripts and test scores.
- **English Proficiency:** Non-native English speakers must submit one of the following minimum scores:
 - Duolingo English Test: 90
 - TOEFL iBT: 74
 - IELTS: 6.0
 - EIKEN STEP: Level 1 (with compulsory math placement exam)
 - PTE Academic: 59

GRADUATE ADMISSION

Admission Criteria:

- **Academic Record:** Minimum U.S. GPA requirements vary by program
- **Transcripts & Evaluation:** Official transcripts from all universities are required (with an accompanying certified English translation, if applicable). Effective Spring 2027 onward, university transcripts from a non-US institution used as a basis for admission must include a professional course-by-course evaluation by a NACES member agency.
- **Academic Standing:** Good academic and disciplinary standing at current and former institutions
- **English Proficiency:** Non-native English speakers must submit one of the following minimum scores:
 - Duolingo English Test: 101
 - TOEFL iBT: 79
 - IELTS: 6.5
 - PTE Academic: 53
- **Conditional Graduate Admission:** Applicants with English Proficiency scores between the following ranges may be admitted conditionally but must complete TESOL 560, 563, and 564 in addition to degree requirements:
 - Duolingo: 90-100
 - TOEFL iBT: 60-78
 - IELTS: 5.5-6.4
 - PTE Academic: 44-52
- **Exemption:** Students who have earned an undergraduate or graduate degree from a U.S. university are exempt from English proficiency testing.

Admissions

Non-Degree Seeking and Post-Baccalaureate

Carson-Newman University offers several admission pathways for candidates who have already received a bachelor's degree. Those seeking a second degree, or health professions preparation can apply for post-baccalaureate admission. In all cases, candidates must apply for admission as a post-baccalaureate student and submit official college transcripts.

It's important to note that students admitted as post-baccalaureate students may be eligible for limited financial aid if the student meets the eligibility requirements and are within their aggregate limits.

NONDEGREE ADMISSION

Non-degree-seeking students have the option to take Carson-Newman University classes without pursuing a full degree. This could be for reasons such as:

- Taking a required course to stay on track or accelerate the completion of a bachelor's degree at a different institution.
- Exploring a variety of academic courses for personal enrichment that may lead to a potential major interest.

In all cases, candidates must apply for admission as a non-degree student and submit official transcripts. It's important to note that students admitted as non-degree students are not eligible for financial aid from Carson-Newman University, so they should plan their finances accordingly.

Carson-Newman University offers several admission pathways for individuals who want to take classes but are not seeking a degree. These pathways include:

Audit Student

- Applicants who wish to participate in credit courses for the learning experience only and will not earn credit. Auditors may enroll in a class upon instructor approval on a space-available basis.
- Requirements include submitting transcript(s) for the highest degree earned or coursework completed with the application.
- The course audit fee is half of tuition rate per credit hour.

Nondegree Student

- Applicants can attend C-N as a nondegree student to take individual courses as prerequisites for a desired program or for personal experience instead of pursuing a full degree program.
- Requirements include submitting transcript(s) for the highest degree earned or coursework completed with the application.

Transient Student

- Applicants currently enrolled at another institution wish to take courses at C-N for one semester and transfer the credit back to their home institution where the degree is being pursued.
- Requirements include submitting official transcript(s) or a letter of approval from the current institution's academic dean or registrar. International students seeking to study undergraduate courses are required to submit test scores.

Nondegree Student 65+

- Applicants whose age is 65+ are seeking to take an undergraduate course for credit, not an audit.
- The course fee is \$50 per credit hour.
- Requirements include submitting transcript(s) for the highest degree earned or coursework completed with the application.

POST-BACCALAUREATE ADMISSION

Post-Bacc Additional Endorsement

- Students who have already earned a bachelor's degree seek to add an endorsement. (\$1450 per credit hour)
- Requirements include submitting transcript(s) for the highest degree earned.

Post-Bacc Health Professions Program

- Students who already have earned a bachelor's degree and desire a career change into one of the health professions. See POST-BACCALAUREATE HEALTH PROFESSIONS PROGRAM section for additional information. (\$710 per credit hour)
- Requirements include submitting transcript(s) for the highest degree earned or coursework completed with the application

Post-Bacc Second Degree

- Students who already have earned a bachelor's degree and are seeking to earn a second bachelor's degree within our on-campus traditional programs. (\$1450 per credit hour)
- Requirements include submitting transcript(s) and following the acceptance criteria as a transfer student.

Post-Baccalaureate CPS

Students who already have earned a bachelor's degree and are seeking to earn a second bachelor's degree within an online program. (\$420 per credit hour)

Admissions

Orientation

New student orientation is scheduled prior to the beginning of the fall and spring semester to assist students with the transition to life as a Carson-Newman student. Sessions and activities acquaint the student with the campus community and connect them with resources to help them have an optimal experience as a Carson-Newman student. For more information, visit <https://www.cn.edu/life-at-c-n/studentexperiences/orientation/>.

Readmission

Students who have previously attended Carson-Newman University but have ceased to be enrolled for a full semester or longer (excluding summer) must apply for readmission. Students who have graduated and wish to re-enroll for a second undergraduate or non-degree seeking set of preparatory undergraduate/post-baccalaureate coursework must apply for readmission.

Students who have not attended any other institution after ceasing to be enrolled at Carson-Newman and wish to be evaluated for readmission must submit an online Readmission Application Form. The priority deadline for applying for readmission is one month before each semester begins.

International students applying for readmission are required to submit an application at least one month prior to the beginning of the next enrollment term.

Students who have been readmitted may contact the Office of Admission for class registration information. Students who are re-admitted to the University after Academic Suspension will be automatically placed on Academic Probation (*see Academic Standing*).

Students who interrupt their enrollment at Carson-Newman University to perform service in the uniformed services, including active duty, active-duty training, or full-time National Guard duty under Federal authority, are eligible to reenroll under applicable federal law. Service members must have submitted the “Break in Enrollment” online form through the Registrar’s Office. These students are directed to contact their faculty advisor of their intent to return within the timeframes established by law.

Upon receipt of a timely notice of intent to reenroll, Carson-Newman University will promptly enroll the service member with the same academic status held at the time of departure, including the same academic program, enrollment status, earned credits, and academic standing. If the student's original academic program is no longer offered, the University will enroll the student to the program that is most like the program in which the student was previously enrolled, unless the student requests enrollment to a different program.

Students who previously attended Carson-Newman University who transferred to another institution but wish to return to Carson- Newman must complete the following process:

- Complete the application for transfer admission
- Submit official copies of all college transcript(s)
- Submit the Transfer Student Disciplinary Record Check Form from all institutions attended after ceasing enrollment at Carson-Newman.

Returning students with transfer credit earned at another institution must clear any previous holds or issues with Carson-Newman University before they are eligible to re-enroll. Students must be approved for re-enrollment by the Office of the Registrar, Student One Stop, the Financial Aid Office, and the Office of Student Services. Re-enrolling students will be evaluated for admission under the standards of the academic year in which they wish to return. They will be considered as transfer applicants and are not guaranteed to receive any previously awarded financial aid.

Financial Aid awards will be based on transfer status. Students who apply for readmission during their first term of enrollment at another institution may be evaluated for admission based on the student's previous cumulative GPA from Carson-Newman University.

Transfer Admission

45 / 1094

Carson-Newman considers you a transfer applicant if you have completed or are currently taking college courses after high school graduation or earning your GED.

What We Review

We will evaluate your complete academic history, including:

College Experience

- Academic records from all colleges and universities you have attended

Additional Factors

- High school transcript
- Standardized test scores (when applicable)
- Personal essays
- Letters of recommendation
- Extracurricular activities
- Demonstrated interest in Carson-Newman University

Our admissions team takes a comprehensive approach to review all aspects of your background when making admission decisions. Transfer admission decisions are based on the following:

- Academic record and transferable cumulative GPA in coursework taken at all accredited institutions of higher learning.
- A minimum cumulative college GPA of 2.0 is required for standard admission.
- Academic and disciplinary standing at current and former institutions.
- High school coursework and ACT, SAT or CLT test scores (if applicable) can be used to determine admission for all applicants who have completed fewer than 12 semester hours of transferable college credit.

Candidates seeking transfer admission should submit the following to the Office of Admissions:

- Completed application for admission
- Official copies of all college transcript(s).
- Applicants for transfer admission who have completed fewer than 12 semester hours of transferable credit (after high school graduation) must also submit official high school transcript(s) and ACT, SAT or CLT scores.
- Applicants in their first term of full-time college enrollment and have not yet earned any college credit after high school graduation will be evaluated on the basis of their high school GPA and test scores and must submit a college transcript for evaluation at the conclusion of their first term of enrollment.
- Students must also obtain a Disciplinary Record Check (DRC) form from each post-secondary institution that they have attended. For a student to be granted admission the DRC report will need to be shown as clear by our Dean of Students, they will need to reference the Admission Appeal Process listed previously.
- A student who has completed military service and has earned college credit since that time will need to submit both a DD-214 and a Disciplinary Record Check (DRC) from each post-secondary institution that they have attended. *

***See Military Affiliated Students for more information.*

Enrollment Requirements for Freshman and Transfer Students

- **Enrollment Fee/Deposit:** \$200.00 enrollment fee/deposit (\$100 covers registration/orientation costs and \$100 is a deposit on the C-N student account) must be submitted to the Office of Admissions prior to enrollment. The request for the enrollment fee will be listed on the student's application portal. Priority for class registration and residence hall room assignments is based on date fee is received. The enrollment fee is non-refundable if admission offer is canceled after May 1 or if fee is submitted after May 1 for fall and summer semesters (after December 1 or submitted after December 1 for spring semester). Enrollment fee refund requests (or cancellation of acceptance offer) must be submitted to the Office of Admissions.
- **Immunization Form:** All students must submit proof of proper immunizations (those born before 1957 are exempt). Immunizations can be obtained from a family physician or a local health department. Appropriate forms are provided by the Office of Admissions or by the C-N Health Services for the preceding information. Any questions or appeals because of extenuating circumstances related to immunization requirements must be filed with and approved by the Director of Health Services prior to enrollment. A physical examination is not required.
- **Final Official Transcript:** Entering freshmen must submit a final, official transcript (with an administrator's signature/seal) which shows 8 semesters of coursework and graduation date. Transfer students must submit final, official transcripts from all colleges and universities attended.
- **Residence Hall Application:** All students who wish to live on campus must submit a residence hall application prior to enrollment. Resident hall applications are online, and links are provided by the Office of Admissions upon acceptance to the University. Applications should be submitted to the Office of Admissions or to the Office of Residence Life. In order to receive a residence hall assignment, students must submit both the residence hall application and the enrollment fee/deposit.
- **Off-Campus Living Form:** Students who wish to live off-campus must complete the Off-Campus Living Form online and receive permission from Residence Life to live off- campus.

About the University

Carson-Newman University, a Christian, private liberal arts institution, is located in Jefferson City, 25 miles east of Knoxville. Carson-Newman offers a campus of stately white-columned buildings on rolling, grassy hills close to Cherokee Lake and near the Great Smoky Mountains.

Carson-Newman has been named to the President's Higher Education Community Service Honor Roll, the highest federal recognition a college or university can receive for its commitment to volunteering, service-learning, and civic engagement. Carson-Newman has also been recognized by Washington Monthly as one of the nation's top ten liberal arts colleges. The university's reputation is born from its commitment to Christian excellence and academic rigor, as manifested through 50 undergraduate majors and graduate programs in business, counseling, education, nursing, social justice, and theology.

MISSION

Our mission as Christian educators is to help our students reach their full potential as educated citizens and worldwide servant-leaders.

At Carson-Newman University...

...all employees are “**Christian educators**” who are followers of Christ, who exhibit excellence in their work, and whose teaching, service, and leadership are distinctively Christian.

...as bearers of God’s image, students reach their “**full potential**” when they achieve all that God has called them to be and to do.

...“**educated citizens**” of the Kingdom of Heaven are flourishing human beings who are catalysts for good.

...“**worldwide servant-leaders**” selflessly serve their communities and the world following the example of Christ as they embrace responsibility in leadership.

VISION

We will be the Christian liberal arts-based university of choice in the Southeast for education and service.

IDENTITY

Carson-Newman University is a Christian, liberal arts-based university, built upon the Lordship of Jesus Christ as evidenced historically and revealed in the Scriptures and affiliated with the Tennessee Baptist Convention. Carson-Newman is committed to providing a Christ-centered educational experience that is dedicated to expressing Truth, Beauty and Goodness in service to the Appalachian region and beyond as an extension of the Kingdom-focused ministry of the Church.

CHRISTIAN EDUCATORS

Definition:

At Carson-Newman University, “**Christian educators**” are followers of Christ who exhibit excellence in their work and whose teaching, leadership, and service are distinctively Christian.

Rationale:

According to **James 3:1**, the role of teacher is one that entails extraordinary accountability. Much is at stake, consequently, in discerning the standards to which Christian educators must aspire. Not only is such discernment integral to effective recruitment, development, and assessment of members of the Carson-Newman community, but it is also essential to our university’s responsibility to go about its task in such a way that pleases God. All employees of Carson-Newman are Christian educators, whether they deliver instruction directly to students in the classroom or otherwise contribute to the university’s mission of forming students.

Three facets of this definition merit explanation.

Followers of Christ

Perhaps the most basic quality of a Christian educator is that this person is in fact a follower of Jesus Christ. To have placed one’s faith in Christ is an essential component of any *Christian* educator’s identity. Likewise, a Christian educator will faithfully engage with a local body of believers through attendance and service in a local church.

Excellence in their work

Excellence in one’s work should be the standard for anyone calling oneself a Christian, since the Christian’s professional activity is to be carried out in service of Jesus Christ. The Christian educator exhibits excellence in one’s labor, holding oneself to no lower professional standards than one’s non-Christian counterpart.

Colossians 3:23-24: “Whatever you do, work heartily, as for the Lord and not for men, knowing that from the Lord you will receive the inheritance as your reward. You are serving the Lord Christ” (ESV).

Distinctively Christian

The Christian educator at Carson-Newman facilitates learning that is distinctively Christian in nature. To be sure, the manner in which the Christian faith informs the work of the educator will differ significantly from one division of the university to another and from one academic discipline to another. Nevertheless, the education that Carson-Newman offers students is Christian in nature, and every educator in the university plays an integral role in facilitating this learning.

FULL POTENTIAL

Definition:

At Carson-Newman University, as bearers of God’s image, students reach their “**full potential**” when they achieve all that God has called them to be and to do.

Rationale:

Carson-Newman University’s commitment to its students is to help them achieve their full potential through discovery of their God-given identity, mastery of their gifts, and fulfillment of their vocations. This pursuit of full potential is two-fold: students prepare for their vocations, and they refine their values grounded in Christian character and service.

Two facets of this definition merit explanation.

Vocation

Academically, full potential means mastery and direction, where students clearly understand their talents and opportunities, have mastery of the indispensable skills and knowledge to fulfill them, and possess a determined direction and action plan upon graduation.

Luke 2:52 “And Jesus increased in wisdom and stature, and in favor with God and man” (ESV).

Ephesians 4:12-13 “to equip the saints for the work of ministry, for building up the body of Christ, until we all attain to the unity of the faith and of the knowledge of the Son of God, to mature manhood, to the measure of the stature of the fullness of Christ” (ESV).

Christian Character

Full potential is inseparable from Carson-Newman's ethos as a Christian university. The university locates the source of human fulfillment as bearers of God's image in the redemptive message of the Gospel of Jesus Christ. Carson-Newman seeks to help its students develop a Christian ethos, because humanity thrives through relationships grounded in dignity, trust, creativity, and love. Academic excellence and personal character informed by these virtues are central to the university’s understanding of “full potential.”

Mark 12:30-31 “‘And you shall love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.’ The second is this: ‘You shall love your neighbor as yourself.’ There is no other commandment greater than these’ (ESV).

II Corinthians 5:17 “Therefore, if anyone is in Christ, he is a new creation. The old has passed away; behold, the new has come” (ESV).

A Carson-Newman graduate's ultimate achievements will take a lifetime, but the university's purpose is to maximize its students’ preparedness for those achievements.

EDUCATED CITIZENS

Definition:

At Carson-Newman University, “**educated citizens**” of the Kingdom of Heaven are flourishing human beings who are catalysts for good.

Rationale:

Carson-Newman University is committed to developing “educated citizens,” who love God with all their heart, soul, and mind, are equipped with a broad education, and engage with society in a godly manner. Educated citizens foster goodness by exhibiting the Christian characteristics of acting justly, loving mercy, and walking with humility.

Three facets of this definition merit explanation.

Citizenship of the Kingdom of Heaven

Those who profess faith in Jesus Christ as Lord and Savior are considered citizens of heaven. They love God with all their heart, soul, and mind, and they love their neighbor as they love themselves. To live out this citizenship, citizens will faithfully engage with a local body of believers through attendance and service in a local church (Matt 22:37-39).

Philippians 3:20: “But our citizenship is in heaven, and from it we await a Savior, the Lord Jesus Christ” (ESV).

Flourishing human beings

Becoming an educated citizen goes beyond formal schooling; it involves ongoing engagement with the world and a commitment to making informed, ethical decisions that contribute to society’s progress. A human who flourishes pursues a comprehensive education and recognizes the need for lifelong learning.

Proverbs 18:15: “An intelligent heart acquires knowledge, and the ear of the wise seeks knowledge” (ESV).

James 1:5: “If any of you lacks wisdom, let him ask God, who gives generously to all without reproach, and it will be given him” (ESV).

Catalysts for good

Educated citizens believe Truth, Beauty, and Goodness are values to further the Kingdom of Heaven while interacting with the world around them. Fostering goodness means promoting and living out foundational virtues of justice, mercy, and humility (Mic 6:8).

WORLDWIDE SERVANT-LEADERS

Definition

At Carson-Newman University, “**worldwide servant-leaders**” selflessly serve their communities and the world following the example of Christ as they embrace responsibility in leadership.

Rationale

When Carson-Newman University refers to "Worldwide Servant-Leaders," it reflects a commitment to developing graduates who embody biblical principles of humility, selfless service, and stewardship. At the very heart of servant leaders is the willingness to take up the towel of Jesus and ministering to those in need as disciples of Christ.

Three facets of this definition merit explanation.

Selfless Service

Graduates lead with humility, prioritizing the needs of others in their positions of leadership. This reflects Christ’s model of servant-leadership, where leading means serving and encouraging others to realize their inherent worth as God’s image bearers

Mark 10:43-45: “... But whoever would be great among you must be your servant, and whoever would be first among you must be slave of all. For even the Son of Man came not to be served but to serve, and to give his life as a ransom for many” (ESV).

Responsible Servant Leadership

Graduates are prepared to occupy places of leadership in a variety of fields—education, ministry, healthcare, business, among others—and to use their God-given talents to serve others. This reflects the belief that leadership is a platform for service, not for self-promotion.

1 Peter 4:10: “As each has received a gift, use it to serve one another, as good stewards of God's varied grace” (ESV).

Community and World Focus

The term “worldwide” emphasizes that this leadership and service mindset extends both locally and globally. It is grounded in a rigorous Liberal Arts education. Graduates are prepared to engage with diverse cultures, applying biblical principles to address needs and to promote stewardship in various contexts. The Great Commission calls the Carson-Newman family to impact people and communities across the globe, promoting faith and stewardship wherever they go.

Matthew 28:19-20: “Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all that I have commanded you. And behold, I am with you always, to the end of the age” (ESV).

About the University

2026-27 Academic Calendar

The academic year at Carson-Newman University includes a fall and a spring semester and several accelerated terms offered during the summer. Fall semester begins in August and ends in December. Spring semester begins in January and ends in May. The summer session includes several accelerated terms which commence after the conclusion of the spring semester and end before the beginning of the new academic year.

Some courses are offered in modules within the semester, comprising the full length of the 15- week fall or spring semesters, and accelerated modules in the summer 14-week semester. Please consult the academic calendar for term dates.

The official final exam schedule is made available to students on the Registrar webpage.

FALL TERMS	FALL 2026
Classes Begin at 8 a.m. <i>Full-term 8/24 to 12/10/26</i> <i>Session A 8/24 to 10/09/26</i>	Mon, Aug 24
SESSION A - Last day to add/drop a class without a grade	Mon, Aug 24
Last day to add and drop a course without a grade (Full-Term Courses)	Fri, Aug 28
LABOR DAY (<i>OFFICES CLOSED AND CLASSES WILL NOT MEET</i>)	Mon, Sept 7
Census Rosters due – SESSION A and FULL-TERM courses	Wed, Sept 2
SESSION A - Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter	Fri, Sept 25
C-N Serve Day	Wed, Sept 23
SESSION A - Classes end	Fri, Oct 9
Mid-term grades due and Session A final grades are due by 8 A.M.	Tue, Oct 13
FALL BREAK (<i>NO CLASSES WILL MEET FOR ALL STUDENTS</i>)	Thur.-Fri, Oct 15-16
SESSION B - Classes Begin (10/19-12/10/26)	Mon, Oct 19
SESSION B - Last day to add/drop a class without a grade	Mon, Oct 19
SESSION B - Census Rosters due	Wed, Oct 28
Advising begins for spring semester	Mon, Oct 12
Registration for spring begins	Mon, Nov 2
Last day to drop a course with a grade of 'W'; after this date, courses dropped will reflect a grade of 'WF' until the end of the semester	Fri, Nov 13
SESSION B - Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter	Fri, Nov 20
THANKSGIVING HOLIDAY (NO CLASSES FOR ALL STUDENTS)	Mon-Sun, Nov 23-29
Exams for full-term evening classes	Tues-Mon Dec 1-7
Last day of full-term classes	Wed, Dec 2
Reading/Study Day/ Departmental Evaluations	Thur, Dec 3
Exams for full-term day classes	Fri - Thur Dec 4-10
Session B classes and full-term exams end	Thur, Dec 10
Commencement Ceremony	Fri, Dec 11
Final Grades Due by 8 a.m.	Tues, December 15th
SPRING TERMS	SPRING 2027
Classes Begin at 8 a.m. Full-term 1/11 to 4/29/27 Session A 1/11 to 2/26/27	Mon, Jan 11
SESSION A - Last day to add /drop a class without a grade	Mon, Jan 11
MARTIN LUTHER KING DAY (<i>OFFICES CLOSED and CLASSES WILL NOT MEET</i>)	Mon, Jan 18
SESSION A - Census Rosters due	Wed, Jan 20
Last day to add and drop a course without a grade or fee (Full-Term Courses)	Fri, Jan 15

Census Rosters due for full-term classes	Wed, Jan 20
SESSION A - Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter	Fri, Feb 12
SESSION A - Classes end	Fri, Feb 26
Mid-term grades due and Session A final grades are due by 8 A.M.	Tues, Mar 2
SPRING BREAK (<i>CLASSES WILL NOT MEET FOR ALL STUDENTS</i>)	Mon-Sun, Mar 1-7
SESSION B - Classes begin (3/8 to 4/23/27)	Mon, Mar 8
SESSION B - Last day to add/drop class without a grade	Mon, Mar 8
Advising Begins for Fall semester	Mon, Mar 8
SESSION B - Census roster due	Wed, Mar 17
EASTER HOLIDAY (<i>OFFICES CLOSED and CLASSES WILL NOT MEET</i>)	Fri-Mon, Mar 26-29
Registration for Fall and Summer begins	Tues, Mar 30
Student Research, Creativity and Performance Day	Thur, Apr 1
Last Day to withdrawal from a Full -Term Course with a Grade of 'W'; after this date, courses dropped will reflect a grade of 'WF' until the end of the semester	Fri, Apr 9
SESSION B - Deadline to withdraw from a course with a grade of 'W'. A grade of 'WF' is recorded thereafter	Fri, Apr 9
Last Day of Full-Term Classes	Wed, Apr 21
Reading/Study Day/ Departmental Evaluations	Thur, Apr 22
Exams Begin (Traditional Evening Classes)	Tues-Mon, April 20-26
Exams Begin (Traditional Day Classes)	Fri-Thur, April 23-29
Session B Classes and Full-Term Exams End	Thur, Apr 29
Commencement Ceremony	Fri, April 30
Final Grades Due by 8 a.m.	Tues, May 4
SUMMER TERMS <i>Final grades for Summer Sessions are due by 8:00 a.m. on the Tuesday following the last day of the session.</i>	SUMMER 2027
<i>May-Term</i>	<i>May 3 - 28</i>
Classes Begin for MST	Mon, May 3
Last day to add/drop a MST class; Courses dropped after classes start are reflected with a grade of 'W' if attended.	Mon, May 3
Census Rosters Due - May-Term (MST)	Wed, May 12
Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter - May-Term (MST)	Fri, May 14
MEMORIAL DAY (<i>OFFICES CLOSED and CLASSES WILL NOT MEET</i>)	Mon, May 31
Classes End for MST	Fri, May 28
<i>AST-Term</i>	<i>May 3 - June 18</i>
Classes Begin for AST	Mon, May 3
Last day to add/drop a class for AST. Courses dropped after classes start are reflected with a grade of 'W' if attended	Mon, May 3
Census Rosters Due - SESSION A (AST)	Wed, May 12

MEMORIAL DAY (<i>OFFICES CLOSED and CLASSES WILL NOT MEET</i>)	Mon, May 31
Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter -SESSION A (AST)	Fri, June 4
Classes End for AST	Fri, June 18
<i>SST-Term</i>	<i>May 4 - Aug 6</i>
Classes Begin for SST	Mon, May 4
Last day to add/drop an SST class. Courses dropped after classes start are reflected with a grade of 'W' if attended	Fri, May 7
Census Rosters Due - Full Summer Term (SST)	Wed, May 12
MEMORIAL DAY (<i>OFFICES CLOSED and CLASSES WILL NOT MEET</i>)	Mon, May 31
Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter - Full Summer Term (SST)	Fri, July 23
Classes End for SST	Fri, Aug 6
<i>TST-Term</i>	<i>May 10 - July 16</i>
Classes Begin for TST	Mon, May 10
Last day to add/drop a TST class; Courses dropped after classes start are reflected with a grade of 'W' if attended	Mon, May 10
Census Rosters Due - Ten Week Term (TST)	Wed, May 19
MEMORIAL DAY (<i>OFFICES CLOSED and CLASSES WILL NOT MEET</i>)	Mon, May 31
Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter - Ten Week Term (TST)	Fri, June 18
Classes End for TST	Fri, July 16
<i>FST-Term</i>	<i>June 1 – June 25</i>
Classes Begin for FST	Tues, June 1
Last day to add/drop a FST class; Courses dropped after classes start are reflected with a grade of 'W' if attended	Tues, June 1
Census Rosters Due - Session F (FST)	Wed, June 9
Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter - Session F (FST)	Fri, June 11
Classes End for FST	Fri, June 25
<i>BST-Term</i>	<i>June 21 - August 6</i>
Classes Begin for BST	Mon, June 21
Last day to add/drop a BST class; Courses dropped after classes start are reflected with a grade of 'W' if attended	Mon, June 21
Census Rosters Due - Session B (BST)	Wed, June 30
INDEPENDENCE HOLIDAY (<i>OFFICES CLOSED / CLASSES WILL NOT MEET</i>)	Mon, July 5
Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter - Session B (BST)	Fri, July 23
Classes End for BST	Fri, August 6
<i>GST-Term</i>	<i>July 6 - 30</i>
Classes Begin for GST	Tues, July 6
Last day to add/drop a GST class; Courses dropped after classes start are reflected with a grade of 'W' if attended	Tues, July 6
Census Rosters Due - Session G (GST)	Wed, July 14

Deadline to drop a course with a grade of 'W'. A grade of 'WF' is recorded thereafter - Session G (GST)	Fri, July 16
Classes End for GST	Fri, July 30
Summer Degree Conferral Dates	Fri, August 6

Final grades for Summer Sessions are due by 8:00 a.m. on the Tuesday following the last day of the session.

About the University

Exam Schedule

Please note: Students who have three or more exams scheduled for the same day may request changing one of their exams to another day during the exam period. For information, contact the Registrar.

Nursing Students may follow a different exam schedule. Please contact the Nursing Department for information.

About the University

Accreditation and Educational Associations and Agencies

Carson-Newman University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, specialist, and doctorate degrees. Questions about the accreditation of Carson-Newman University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website (www.sacscoc.org).

In addition to regional accreditation SACSCOC, Carson-Newman University is accredited by and/or holds membership in the following educational associations and agencies:

- Academy of Nutrition and Dietetics Accreditation Council for Education in Nutrition and Dietetics
- American Association of Colleges of Nursing
- American Association of Collegiate Registrars and Admissions Officers
- American Association of Family and Consumer Sciences Assembly of Higher Education
- American Association of Family and Consumer Sciences Council for Accreditation
- American Association of Colleges for Teacher Education

- Appalachian College Association
- Association for Student Conduct Administration
- Association of College and University Housing Officers
- Association of Christian Librarians
- Association of Independent Liberal Arts Colleges for Teacher Education
- Association of Title IX Administrators
- Christian Community Development Association
- Commission on Collegiate Nursing Education
- Consortium for Global Education
- Council for Accreditation of Counseling and Related Educational Programs
- Council for the Accreditation of Educator Preparation
- Council for the Advancement and Support of Higher Education
- Council of Independent Colleges
- Global Community for Academic Advising
- International Association of Baptist Colleges and Universities
- National Association of Advisors for the Health Professions
- National Association of College and University Business Officers
- National Association of Schools of Music
- National Association of Colleges and Employers
- National Association of Student Financial Aid Administrators
- National Association of Student Personnel Administrators
- National Collegiate Athletic Association
- National Collegiate Honors Council
- National Council for State Authorization Reciprocity Agreements
- Southern Association of Collegiate Registrars and Admissions Officers
- Tennessee Association of Collegiate Registrars and Admissions Officers
- Tennessee Association of Colleges for Teacher Education
- Tennessee Association of Independent Liberal Arts Colleges for Teachers Education
- Tennessee Conference of Graduate Schools
- Tennessee Independent Colleges and Universities Association
- Tennessee Service-Learning Consortium

NC-SARA

Carson-Newman University participates in the [State Authorization Reciprocity Agreements](#). Membership in NC-SARA allows Carson-Newman to offer distance learning programs to students who live in SARA member states, without individually applying to each state for such approval. Carson-Newman may admit online students from all SARA member states and most U.S. Territories.

Carson-Newman University General Complaint and Grievance Policy

Institution Complaint Policy

In accordance with our mission as a Christian university, Carson-Newman has established a General Complaint and Grievance Policy as well as procedures to assist students in the resolution of student complaints and concerns which are of a general nature, and which are not covered by other university policies and procedures. Complaints or grievances regarding academics/grade appeals, discrimination/harassment, sexual harassment, or student behavior/discipline are addressed by other institutional policies and procedures. For those types of complaints and grievances, please see the appropriate sections within the [University Catalog](#) or the [Eagle Student Handbook](#).

Regarding a general complaint or grievance, any student regardless of location and method of instructional delivery, who has a complaint about the action or inaction of a university employee or fellow student, may file a formal complaint with the Office of Student Services. The procedures adopted by the University have been established to assist students in the resolution of complaints or grievances in an expeditious, fair and impartial manner. *When minor concerns or situations arise, students should first seek resolution with the individual or office most directly involved with whom the complaint exists.*

Formal complaint procedure: When matters of significant or serious concern arise, the student who wishes to have the complaint reviewed and addressed by the University must submit a written complaint with the Office of Student Services using the General Complaint and Grievance Form. To begin the process, the student from their C-N email account must provide a brief explanation and request the General Complaint and Grievance Form by writing to studentservices@cn.edu. Full details of this process are made available in the [Eagle Student Handbook](#).

1. The institution will only receive and review written complaints from the enrolled student of record.
2. The complaint must pertain to an action or inaction that occurred within 2 years at the time of the submission of the formal complaint.
3. The institution will not receive and review complaints that are anonymous or submitted on behalf of another individual.
4. The institution will only review complaints within the scope of its published policies and responsibilities.

If, after following the institutional policy and procedures for general complaints or grievances, a student may appeal to the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC).

- All students must complete the institution complaint process before appealing to SACSCOC.
- Students who wish to file a complaint about the institution's decision may appeal to SACSCOC. Please see the association's website for more information at [SACSCOC Complaint Policy](#)

Carson-Newman University Policies for Certain Distance Education Students Enrolled Through the State Authorization Reciprocity Agreements ("SARA")

The policies below apply to students who are:

- non-Tennessee residents in [State Authorization Reciprocity Agreement \("SARA"\) states](#) and who are enrolled in a distance education program/course or
- attending an out-of-state learning placement in a [SARA state](#) other than Tennessee

The nature of complaints to be addressed through these policies include violations of SARA policies and dishonest or fraudulent activity. These policies do not apply to complaints concerning student grades or student conduct violations. For more information on complaint subject matter see [SARA Policy Manual](#) Sections 4.2 and 4.3.

Additional Complaint Policies

Tennessee Higher Education Commission ("THEC")

- Students (as described above) must complete the institution complaint process before appealing to THEC.
- Students who are not satisfied with the institution's resolution of their complaint may appeal the institution decision to THEC using the [Request for Complaint Review form](#). Additional information on the THEC complaint process is available at [THEC Complaint Review Process](#). Students may also contact THEC.RCD@tn.gov with questions.
- The appeal to THEC must be filed within two (2) years of the incident about which the complaint is made.
- Out-of-state students may also contact their home state higher education authority; however, students may be referred to THEC. See [State Portal Entity Contacts | NC-SARA](#) for a listing of SARA states and contacts.
- Students residing in non-SARA states, currently California only, should consult their respective state of residence for further instructions for filing a complaint.

For details on all policies related to NC-SARA, please see www.cn.edu/ncsara.

[About the University](#)

Academic Terms Defined

DEFINITIONS OF ACADEMIC TERMS

Academic Calendar – The system in which the school year operates which includes a fall and a spring semester and several accelerated summer terms. Traditional undergraduate programs are based on two 16-week semesters.

Academic Program – A coherent set of courses required to earn an appropriate degree (associate, bachelor, master, or doctoral degree). Undergraduate academic programs consist of an integrated set of courses taken from the Liberal Arts Core and courses taken in the major area of study.

Academic Year – The traditional undergraduate program consists of 32 weeks and completion of a minimum of 24 semester credit hours for a full-time student.

Add/Drop – The procedure through which students make a change in their schedule of classes by adding or dropping a course.

Advanced Placement – Credit for coursework based on required scores on the Advanced Placement Examination offered by the CEEB. College departments determine acceptable scores for awarding credit.

Advisor – A faculty member who meets with students to discuss curriculum choices and reviews progress toward attaining academic goals.

Attempted Hours – Course credits for which a student has been enrolled and received a grade. Including grades of W, WP and WF.

Audit – Enrolling in a course without receiving credit.

Baccalaureate – A term relating to a bachelor's degree.

MyCN - A web-based module in which a student can access academic and financial records through a secured password.

Certificate – At Carson-Newman University, a Certificate is an academic program that teaches and enhances articulated skills and knowledge to enrolled students. It is a stand-alone, prescribed course of study not intended for transfer. Certificate coursework must be completed at the post-secondary level or higher and consist of 12 semester hours, minimum. Level and program may determine a certificate's maximum hours. As an entry point for other educational pathways offered at Carson-Newman University, Certificate coursework may be applied to a bachelor's, master's, specialist, or doctoral academic program. The Certificate may be awarded prior to or concurrently with the degree credential. The Certificate will be added to the student's transcript upon completion of the Certificate.

Class Schedule – A listing of courses for a particular term in which a student is enrolled.

Class Standing – The numeric position of a student in a defined population (same as class rank).

Classification – A measure of progress toward degree completion based on total number of credit hours earned.

CLEP – College level subject area examinations administered by the College Board which assess knowledge in college courses.

Course Load – The total number of credit hours taken during a term. Students must complete an average of 15 hours per term to progress toward degree completion in 8 semesters.

Course Number – A number that identifies a specific course.

Course Title – The descriptive name of a course.

Credit – The number of credits assigned to a course based on educational outcomes.

Credit by Exam – A procedure by which a student may receive credit by successfully demonstrating proficiency in a subject by passing a comprehensive exam covering course content.

Credit Hour – A credit is a unit of coursework represented by attainment of educational goals measured by learning outcomes.

Cumulative Hours – A sum of all credits earned, including transfer credits and all work taken at Carson-Newman.

Curriculum – The set of courses offered in a degree program. The plural form is curricula.

Degree – The credential awarded to students who successfully complete a prescribed program of study.

Degree Plan – A document outlining completion of credits earned and intention of completing remaining requirements for graduation. The degree plan must be submitted to the registrar for review and approval during the semester in which a student earns 90 hours.

Department – An organizational unit which offers instruction in a particular curriculum area.

Dismissal, Academic – A status in which the student is ineligible for further enrollment at Carson-Newman College.

Drop/Add – The procedure through which students make a change in their schedule of classes by dropping or adding a course.

Early Registration – The process of enrolling in classes before the beginning of the next term.

Elective – A course selected by the student which may or may not meet degree requirements.

Enrollment Confirmation – The process by which a student confirms their intention to enroll for the semester by paying their tuition and fees and/or signing a promissory note with the student accounts office.

Fee – A charge for special items or services not included in tuition.

Full Time Student – One enrolled for 12 or more undergraduate hours.

Good Standing – A status indicating that the student meets academic progression standards and is eligible to continue enrollment or to transfer elsewhere.

Grade Point Average – A measure of the student's academic performance. Computed by dividing the sum of grade points by the total attempted hours less hours which have grades of P, S. The Carson-Newman GPA includes only credit attempted at Carson-Newman. The cumulative GPA is determined by transferable coursework attempted at all institution, including Carson-Newman.

Grade Points – Numerical values assigned to grades, A=4, B=3, C=2, D=1, F=0.

Honors Course – A course that limits enrollment to students participating in the Honors Program.

Incomplete Grade – A grade of "I" assigned by instructor due to unavoidable delay, usually illness. Counts as F in GPA computation until satisfactorily removed.

Independent Study – A course taught on an individual basis by the instructor and approved by the department chair and dean.

International Baccalaureate – Curriculum of six subject groups with examinations administered by the International Baccalaureate Organization which may carry transferable credit to Carson-Newman.

Legitimate Educational Interest – The need for information by a faculty member or school official to perform an administrative duty or task in order to fulfill their responsibility for the university. Disclosure of such information is limited to that which is necessary for the faculty member or school official to fulfill those responsibilities.

Liberal Arts Core – A common curriculum that provides students with a broad base of knowledge, Christian Values, and skills that form the basis for developing important personal, intellectual, civic, cultural, and practical capacities.

Major – A prescribed set of courses in a specific area of study. Some majors require coursework in related subjects which are required to support study in the discipline.

Minor – An optional secondary field of study requiring less hours than a major. All minors require a minimum of 18 hours. Some minors consist of courses from a single discipline; others may include courses from several disciplines.

Part Time Student – One carrying less than 12 undergraduate hours or 9 graduate hours during a semester. Prerequisite A condition, status, requirement or course that must be satisfied before a course can be taken.

Plagiarism – Using the intellectual property of someone else without citing proper credit or by misrepresentation of the work as original. Plagiarism is classified as academic dishonesty and is punishable as such.

Probation (Academic) – An academic status resulting from unsatisfactory academic performance when a student's GPA is less than the minimum standard academic progression requirement for good standing.

Probation (Disciplinary) – A status resulting from unsatisfactory conduct apart from academic performance.

Proficiency Exam – See credit by exam. Registration – The procedure by which students enroll in coursework.

Schedule of Classes – Information containing course and section offerings for a semester.

Section – A division of a course between one or more instructors but with the same subject matter.

Semester Hour – See Credit Hour

Standing (Academic) – A student's status based on academic performance, i.e., good standing, academic probation, suspension, or dismissal.

Suspension – A status in which the student is not allowed to continue enrollment at Carson-Newman University for a specific period of time.

Transcript – A copy of the student's permanent academic record. The record becomes official when the seal of the college is affixed and signed by the Registrar.

Tuition – The amount of money charged each semester or term for instructional purposes.

Withdrawal – The termination of a student's attendance in a class or all classes before the end of the semester. A student may elect to voluntarily withdraw before the end of the semester. An administrative withdrawal will be processed if the student discontinues class attendance before the end of the semester.

University Faculty

FULL-TIME FACULTY

Jonathan D. Akin, Vice President for Church Relations and Campus Ministries, Associate Professor of Biblical & Theological Studies, 2021; B.A., Boyce College; M.Div. & Ph.D., Southern Baptist Theological Seminary

Kristi Anderson, Associate Professor of Nursing, 2024; Ph.D., M.Th., M.Div., New Orleans Baptist Theological Seminary; M.S.N., Lincoln Memorial University; B.S., Southeastern Louisiana University

Lisa Andrus, Associate Professor of Hospitality & Tourism Management, Program Director, 2025;

Sandra Austin, Assistant Professor of Education, Associate Department Chair of Undergraduate Education, 2021; B.S., Samford University; Med, University of Louisville; Ed.S., University of Tennessee, Knoxville

Anita Azeem, Assistant Professor of Psychology, 2023; B.A., Forman Christian College University; M.S., M. Phil., Beaconhouse National University, Ph.D., University of Otago

Laurissa Backlin, Associate Professor of Music, 2020; B.M., Wheaton College; M.M., Temple University; D.M.A., University of North Texas

Philip E. Bailey, Associate Professor of Business, Director of MBA, 2015; B.A. The Citadel; M.B.A., King University; Further Study: Walden University

Katherine Baker, Assistant Professor of Nursing, 2026; M.S.N., Carson-Newman University; A.B.S.N., University of North Carolina; M.A., Dallas Theological Seminary; B.A., University of North Carolina

Mary E. Baldridge, Professor of Foreign Languages, 2001, Chair of Linguistics, Philosophy and World Language; B.A., Berea College; M.S., M.A., Ph.D., University of Tennessee, Knoxville

Thomas Preston Bass, Jr., Professor of Mathematics, Chair of Math, Physics, and Computer Science, 1995; B.A., Mercer University; M.A., Ph.D., Vanderbilt University

Kyle D. Biery, Associate Professor of Theatre, Charles Fuller Endowed Chair of Drama, 2008; B.A., University of Tennessee, Knoxville; M.F.A., University of North Carolina, Greensboro

Benjamin J. Billman, Associate Professor of Sport Management, 2017; Ed.D., United States Sports Academy; M.S., Liberty University; B.S., Taylor University

Joshua A. Bivens, Assistant Professor of English, Coordinator of Academic Skills Enhancement, 2017; M.A., Western Carolina University; B.A., Carson-Newman University

Chandra Blanken, Assistant Professor of Nursing, 2021; B.S.N., Carson-Newman University; M.S.N., University of Tennessee, Knoxville

Ronda Blevins, Assistant Professor of Education, Director of Job- Embedded Program, 2020; B.A., University of Tennessee, Knoxville; M.S., University of Cincinnati; Ed. S & Ed. D., Carson-Newman University

Cody Boling, Assistant Professor of Music, 20206; M.A., Indiana University; B.A., University of Tennessee

Kimberly S. Bolton, Professor of Graduate Nursing, Assistant Department Chair of Nursing (Graduate), 1997; B.S.N., M.S.N., Ph.D., University of Tennessee, Knoxville

Maria B. Bordt, Assistant Professor of Sociology, 2020; B.A., Midway College, M.S., Eastern Kentucky University; Ph.D., University of Tennessee, Knoxville

Karla R. Bowers, Assistant Professor of Chemistry, EPA Coordinator, 1994; B.S., Appalachian State University; M.S., University of Tennessee, Knoxville

Robyn Branca, Assistant Professor of Psychology, 2019; B.A., M.A., University of North Carolina at Charlotte; Ph.D., University of Kentucky

Elvis N. Brandon, Associate Dean of Undergraduate Studies (Nashville), 2022; A.A.S., Volunteer State Community College; B.S., Middle Tennessee State University; M.S., University of Florida; D.Ed., Union University

Jeremy J. Buckner, Senior Vice President for Academics & Provost, Professor of Music, 2008; B.M., M.M.Ed., Ph.D., Texas Tech University

Andrew Burrow, Assistant Professor of Biblical Studies, Co- Director of QEP, 2020; B.A., Samford University; M.A., Yale University; summer program, Tel-Aviv University; Ph.D., St. Mary's University

Leonor Taiano Campoverde, Assistant Professor of Spanish, 2022; B.A., University of Calabria; M.A., University of Rome; M.A., Pontifical University of Salamanca; Ph.D., University of Tromsø; Ph.D., University of Notre Dame

Carolyn G. Carlisle, Professor of Counseling, Chair of Counseling Department, 2008; B. S., M.S., Texas A & M University; Ph.D., University of Tennessee, Knoxville

Shannon Carpenter, Professor of English, Associate Chair of English, 2003; B.A., M.A., University of South Alabama; Ph.D., University of Tennessee, Knoxville

Diane Caruso, Associate Professor of Nursing, 2022; B.S., Wagner College; M.S. Stoney Brook University; D.N. P., Duke University

Gregory A. Casalenuovo, Professor of Nursing, 1996; B.S.N., M.S.N., University of North Carolina, Chapel Hill; Ph.D., University of Tennessee, Knoxville

Cassandra H. Catlett, Associate Professor of Accounting, Chair of Business, Dean of School of Business and Family & Consumer Science, 2007-17, 2020; B.S., Carson-Newman College, MAcc., University of Tennessee, Knoxville

Amanda Clabo, Assistant Professor of Nursing, 2022; A.S.N., Walters State Community College; B.S.N., East Tennessee State University; M.S.N., Carson-Newman University

James Cole, Assistant Professor of Counseling, 2024; Ph.D., University of the Cumberland; M.A., Marshall University; M.S., West Virginia State University

James E. Collins, II, Professor of Psychology, 1990; B.A., University of North Carolina, Chapel Hill; M.S., Ph.D., University of Georgia

Jennifer E. Cook, Assistant Professor of Education, 2024; Ph.D., University of Tennessee, Knoxville; M.S., Wheelock College; B.S., Bridgewater State College

Lisa A. Connor, Associate Professor of Family & Consumer Sciences, 2017; Ph.D., University of Tennessee, Knoxville; M.S., B.S., Lehigh University

David E. Crutchley, Professor of Biblical Studies, Dean of the School of Biblical and Theological Studies, 2004; B.L., L.L.B., University of Rhodesia, M.Div., Ph.D., Southwestern Baptist Theological Seminary

Christine N. Dalton, Professor of Chemistry, Dean of the School of Natural, Applied Sciences, Chair of Chemistry, 2003; B.A., Carson- Newman College; Ph.D., University of North Carolina, Chapel Hill

Amy Davis, Assistant Professor of Nursing, 2026; B.S.N., University of Tennessee; M.S.N., Carson-Newman University

Brenda P. Dean, Associate Professor of Education, 2015; B.S., Tennessee Technological University; M.S., University of Tennessee, Knoxville; Ed.D., East Tennessee State University

Nicole Drewitz-Crockett, Associate Professor of English, Associate Dean of Undergraduate Studies (Knoxville Center) & Director of New Initiatives for the Appalachian Cultural Center, 2022; B.A. Carson-Newman University; M.A. & Ph.D., University of Tennessee, Knoxville

A. Rae Dutro, Associate Professor of Family and Consumer Sciences, 2015; B.S., M. S., East Tennessee State University; Ph.D., Virginia Tech

April K. Dye, Associate Professor of Psychology, Chair of Psychology and Sociology Department, Director of Honors Program, 2008; B.A., University of Tennessee, M.A., Ph.D., Miami University

Adam Einhardt, Assistant Professor of Nursing, Graduate, 2019; A.A., Oakland Community College; B.S., Wheaton College; M.S.N., Vanderbilt University; D.N.P., University of Alabama at Birmingham

Christopher E. Eppling, Dean of College of Professional Studies, 2023; B.A., Carson-Newman College; M.Div., M.Th., Southeastern Baptist Theological Seminary; Ph.D., Columbia International University

Jessica Evans, Assistant Professor of Biology, 2021; B.S. Lees McRae College; M.S., Eastern Illinois University

Jennifer Griggs Finley, Assistant Professor of Family and Consumer Science, Director of Didactic Program, 2021; B.S., Carson-Newman University; M.S., East Tennessee State University; M.A.T., Carson-Newman University

Cheri Huffman Flynn, Professor of CPS Accounting, Program Director, Accounting (CPS), 2022; M.Acc. & J.D., University of Tennessee, Knoxville; Management Credentials, Devry University; D.B.A., Capella University

J. L. Ryan Fogg, Professor of Music, Director of NASM Self-Study, 2006; B.M., East Texas Baptist University; M.M., University of Houston; D.M.A., University of Texas at Austin

Amanda R. Ford, Associate Professor of History, 2016; B.A., Carson- Newman University; M.A., Queens University, Belfast; Ph.D., University of Arkansas

Charles A. Fowler, President, Professor of Education, 2019; B.M., Union University; M.C.M., New Orleans Baptist Theological Seminary; Ph.D., Mississippi State University

James P. Fuller, Assistant Professor of Economics, 2024; B.B.A., East Tennessee State University; M.A., University of Texas at Austin; Ph.D., University of North Carolina at Charlotte

Ashby Goldstein, Assistant Professor of Music & Director of Music Education and Bands, 2022; B.M., Florida State University; M.M., Southern Oregon University; Ph.D. (ABD), Ohio State University

David Gonzalez, Assistant Professor of Music, 2024; B.M., University of Central Arkansas; M.M., University of Tennessee, Knoxville; M.M., D.M.A., Arizona State University

Vladimir Gorbenko, Assistant Professor of New Testament, Associate Director of Campus Ministries, 2022; B.A., Zaporozhye National Technical University; M.Div., Tyndale Theological Seminary; Th.M., Gordon-Conwell Theological Seminary; Ph.D., National Pedagogical Dragomanov University

Susan Gordon, Assistant Professor of Nursing, 2023; B.S.N., M.S.N., Carson-Newman University

Jennifer W. Hall, Professor of English, 2000; B.A., Carson- Newman College; M.A., Western Carolina University; Ph.D., University of Tennessee, Knoxville

Greta Hammontree, Assistant Professor of Nursing, 2026; M.S.N., Vanderbilt University

Heather Hartman, Assistant Professor of Art, Chair of the Art Department, 2019; B.F.A., Auburn University; M.F.A., University of Tennessee, Knoxville

Ami Hartsock, Assistant Professor of Library Science, Electronic Resources and User Services Librarian, 2022; B.A., Carson- Newman University; M. S., University of Tennessee, Knoxville

Sheila Hartsock, Assistant Professor of Communication, 2022; B.A., Carson-Newman University; M.A., Regent University

Kimberly A. Hawkins, Professor of Education, Dean of the School of Education and Counseling, 2011, B.S., M.S., Baylor University, Ph.D., University of Tennessee, Knoxville

Merrill M. Hawkins, Jr., Professor of Christian Studies, 1995; B.A., Baylor University; M.Div., Southwestern Baptist Theological Seminary; Ph.D., Baylor University; Further study: University of Tennessee Medical Center, Knoxville

Christopher Headley, Associate Professor of Music, Chair of the Music Department, 2024; B.A., University of Richmond; M.Div., Southeastern Baptist Theological Seminary; M.A., Liberty University; M.M., Messiah University; D.W.S., Institute for Worship Studies

Megan C. Herscher, Associate Professor of Counseling, 2013; B.S., James Madison University; M.A., Marymount University; Ph.D., University of Tennessee, Knoxville

Seong Young Hong, Associate Professor of Computer Science, 2018; B.E., Woosong University; Ph.D., M.E., Dankook University

Matthew Jessie, Assistant Professor of Art, 2023; B.F.A., East Tennessee State University; M.F.A., Arizona State University

Douglas E. Johnson, Associate Professor of Communication, Chair of the Communication Department, 2021; A.S., Walters State Community College; B.A., Carson-Newman University, M.A. & M. Div., Luther Rice University; Ph.D., Regent University

Stephen G. Joiner, Assistant Professor of Political Science, 2019; B.A., Milligan College; M.A., A.B.D., University of Kentucky

Susan W. Karr, Assistant Professor of Biology, 1994; B.S., M.S., University of Georgia

Caroline D. Keenan, Associate Professor of Chemistry, 2014; B.S., Lincoln University; M.S., University of Michigan; Ph.D., University of Florida

Andrew Marshall King, Assistant Professor of Biblical Studies, Director of Institute of Faith Life, 2021; B.S., Crichton College/Victory University; M.A., Southwestern Baptist Theological Seminary; M.A., Yale Divinity School; Ph.D., University of Notre Dame

Isaiah King, Assistant Professor of Sociology, 2026;; B.S., Murray State University; M.A., Ph.D., Baylor University

Tori H. Knight, Vice President for University Planning and Effectiveness, Professor of Economics, 2000; B.S., University of Tennessee, Knoxville; M.E., Ph.D., North Carolina State University

Jeff A. Knox, Associate Professor of Physical Education, 2015; B.S., M.Ed.,-Carson-Newman University; Ph.D., University of Tennessee, Knoxville

Elizabeth Sunshine Koroma, Assistant Professor of Biblical Studies, 2022; B.A., Brandeis University; M.T.S. & Ph.D., University of Notre Dame

Albert L. Lang, Professor of Library Science, Special Collections Librarian and Archivist, Dean of Library Services, 1996; B.A., M.A., Wheaton College; M.L.S., University of Kentucky

Lucinda A. Lang, Professor of Education, Dean of Online Learning, Chair of Education & Director of CAEP Accreditation, 2014; B.A., Wheaton College; M.Ed., National-Louis University; Ph.D., University of Tennessee, Knoxville

Dara Lindner, Assistant Professor of Biology, 2021; B.S. (combined science) & B.S. (equine science), Middle State Tennessee University; D.V.M., The University of Tennessee, Knoxville

Emily Looper, Assistant Professor of Nursing, 2023; A.S.N., B.S.N., Bluefield State College; D.N.P., University of Tennessee, Knoxville

Michael Lugo, Assistant Professor of Mathematics, 2020; B.S., Carson-Newman University; M.A. & Ph.D., Virginia Polytechnic Institute and State University

Kenneth Massey, Associate Professor of Business Analysis, 2005; B.S., Bluefield College; M.S., Virginia Polytechnic Institute and State University

Lisa O. Matthews, Assistant Professor of Counseling, 2024; B.A., Lee University; M.S., Ph.D., University of Tennessee, Knoxville

John D. McClellan, Associate Professor of Philosophy, 2011, B.A., University of North Carolina at Greensboro; Ph.D., University of Tennessee, Knoxville

Susan McGaha, Assistant Professor of Biology, 2020; A.S., Walters State Community College; B.A., East Tennessee State University; Ph.D., East Tennessee State University Quillen College of Medicine

Wesley McMasters, Associate Professor of English, Director of the Appalachian Cultural Center, 2018; B.A., Penn State University; M.A., University of Maine; Ph.D., Indiana University of Pennsylvania

Damjana Mraovic-O'Hare, Associate Professor of English, Director of the Writing Center, 2017; Ph.D., The Pennsylvania State University; M.A., University of Tennessee, Knoxville; M.A., B.A., University of Belgrade, Serbia

Hannah M. Oakes, Assistant Professor of Art, 2026, B.A., East Tennessee State University; M.A., University of Tennessee

Shawn M. O'Hare, Professor of English, Chair of English Department, Dean of the School of Arts, Humanities, and Social Sciences, 1996; B.A., M.A., University of South Alabama; Ph.D., Florida State University

Jeana Partin, Associate Professor of Education, Dean of Student Success, 2024; B.M., M.M., Ph.D., University of Tennessee, Knoxville

Megan Patterson, Assistant Professor of Nursing, 2023; B.S.N, M.S.N., Carson-Newman University

Susan Price, Assistant Professor of Education, Director of Field Experiences, 2023; B.S., East Tennessee State University; M.A.T., Carson-Newman University; Ed.S., Lincoln Memorial University

Ashlie Pullen Assistant Professor of Nursing, 2022; B.S., Trevecca Nazarene University; M.S.N., Vanderbilt University; D.N.P., Indiana Wesleyan University

Julie L. Rabun, Professor of Art, 2002; B. A. Architecture, B.F.A., Rhode Island School of Design; M.F.A., Virginia Commonwealth University

Don Reagan, Assistant Professor of Exercise Science, 2023; B.S., Liberty University; D.P.T., University of St. Augustine for Health Sciences

Niles M. Reddick, Professor of English, 2024; B.A., Valdosta State University; M.A., University of West Georgia; Ph.D., Florida State University

Jana Redmond, Assistant Professor of Library Science, 2019; B.A., Lincoln Memorial University; M.A., Clemson University; M.S., University of Tennessee

Amber N. Roth, Associate Professor, Chair of Family and Consumer Science, 2014; B.S., Ph.D., Virginia Polytechnic Institute and State University

Todd Rupe, Assistant Professor of Communication, Director of Forensics, 2023; A.A., Walters State Community College; B.A., Carson-Newman University; M.A., Southern New Hampshire University

Rodney E. Russell, Associate Professor of Education, Dean of Center for Teaching and Learning, Associate Provost; 2017; Ed.D., Trevecca Nazarene University; Ed.S., Lincoln Memorial University; M.S., The University of Tennessee, Knoxville; B.S., East Tennessee State University

Julie A. Sears, Associate Professor of Education, 2026; B.A., Cumberland College; M.A., East Tennessee State University; Ph.D., University of Tennessee

Adrienne Sharp, Assistant Professor of Family Consumer Science, 2024; B.S., M.Ed., Carson- Newman University

Jessica Short-Long, Assistant Professor-of Physics, 2018; B.A. Transylvania University; Ph.D., M.A., University of Kentucky

Trevina Sinard, Assistant Professor of Nursing, 2023; L.P.N. Tennessee College of Applied Technology; A.S.N., Lincoln Memorial University; B.S.N., M.S.N., King University

Andrew C. Smith, Professor of History of Christianity, Director, Center for Baptist Studies, 2011, B.A., Carson-Newman College; M.Div., Mercer University; M.A., Ph.D., Vanderbilt University

Pamela Smith, Assistant Professor of Nursing, 2021; B.S., James Madison University; M.S.N., Carson-Newman University

Michael J. Sobiech, Associate Professor of English, 2014; B.S., Indiana University, Bloomington; M.A., Western Kentucky University; Ph.D., University of Louisville

Brian K. Sohn, Associate Professor of Education, Co-Director of QEP, 2017; Ph.D., The University of Tennessee, Knoxville; M.A.T., Morehead State University; B.A., The Colorado College

Noah P. Soltau, Associate Professor of German and Linguistics, Assistant Director of Honors Program, Director of Liberal Arts, 2015; B.A., University of Georgia; M.A., Ph.D., University of Tennessee, Knoxville

Lana S. Spence, Assistant Professor of Nursing, Dean of the School of Health Sciences; 2017; D.N.P., Frontier Nursing University; M.S.N., The University of Tennessee, Knoxville; B.S.N., Carson-Newman University

Greg S. Stanley, Associate Professor of Exercise Science, Chair of Exercise Science 2015; B.A., Maryville College; M.S., University of Tennessee, Knoxville; Ph.D., A.T. Still University

B. Alden Starnes, Professor of Mathematics, 2001; B.A., Carson- Newman College; M.S. Virginia Polytechnic Institute and State University; M.S., University of Kentucky; Ph.D., Virginia Polytechnic Institute and State University

Haley Johnson Stiles, Assistant Professor of Family Consumer Sciences, 2026; B.S., Carson-Newman University; M.S. Appalachian State University

Megan D. Stinson, Assistant Professor of Exercise Science, 2026; B.A.S., University of Tennessee, Knoxville; D.P.T., Belmont University

Ryan Stokes, Associate Professor of Biblical Studies, Associate Dean & Chair of School of Biblical & Theological Studies, 2019; B.A., Western Kentucky University; M.A., Gordon-Conwell Theological Seminary; M.A., M.Phil., Ph.D., Yale University

Kara E. Stooksbury, Professor of Political Science, Chair of History and Political Science Department, 2006; B.S., Carson- Newman College; M.A., Ph.D., University of Tennessee, Knoxville

W. Henry Suters, Professor of Mathematics, Program Director of Computer Science (CPS), 1994; B.A., Berea College; M.S., University of Tennessee, Knoxville, M.A., Ph.D., Duke University

Anna Lora Taylor, Associate Professor of Counseling, 2020; B.S., East Tennessee State University; M.S. Austin Peay State University; Ph.D., University of Tennessee, Knoxville

Lori Thomas, Assistant Professor of Leadership and Management, Director of Homeland Security and Emergency Management, Executive Director of Operations, College of Professional Studies, 2024; B.A., Rowan University; M.B.A., Wilmington University; Ed.D., Liberty University

Lori A. Thornton, Professor of Library Science, 1999; B.A., Mid- South Christian College; M.R.E., Cincinnati Bible Seminary; M.S.L.S., University of Kentucky

W. Robert Trentham, Professor of Biology, 1989; B.A., Carson-Newman College; M.S., Tennessee Technological University; Ph.D., University of Tennessee, Knoxville

Mary Van Huss, Assistant Professor of Management, Director of MBA EL Program; B.A., M.B.A., King University, D.B.A, Walden University

Deana C. Vandivier, Assistant Professor of Nurse Anesthesiology, 2026; A.S., Southern Adventist University; M.A., Middle Tennessee School of Anesthesia; Ph.D., Middle Tennessee School of Anesthesia

K. Elizabeth Vanlandingham, Professor of History, James F. Ellis Professor of History, 1994; B.A., M.A., Emory University; Ph.D., University of Tennessee, Knoxville

Anthony (Tony) Walls, Assistant Professor of Communication, 2026; B.B.A., East Tennessee University; M.Div., The Southern Baptist Theological Seminary; M.C. (in progress), University of Tennessee, Knoxville

Courtney Y. Watson, Associate Professor of Nursing, 2018; B.S.N., Gardner-Webb University; D.N.P., M.S.N, Vanderbilt University

Stephanie N. Welsh, Associate Professor of Psychology, Director of Institutional Effectiveness, 2017; Ph.D., M.A., Florida Atlantic University; M.A., Northern Illinois University; B.S., Olivet Nazarene University

Nathan B. West, Assistant Professor of Counseling, 2019; M.S., B.A., Freed-Hardeman University; Ph.D., University of Tennessee

K. Kip Wheeler, Professor of English, 2003; B.A., M.A., West Texas A & M University; Ph.D., University of Oregon

Matthew A. Wilkerson, Associate Professor of Biology, Chair of Biology Department, 2006, B.A., Carson-Newman College; M.S., University of Tennessee, Knoxville; Ph.D., Northcentral University, Prescott Valley, Arizona

Kelli Y. Williams, Associate Professor of Library Science, 2016; B.A., Lincoln Memorial University; M.S., University of Tennessee, Knoxville

Bonnie Young, Associate Professor of Nursing, 2019; B.S.N., Indiana University East; M.S.N., Ball State University; D.N.P., Wilkes University

University History

In the early 1840s, several Baptist leaders in East Tennessee desired to offer better prepared ministers to area congregations. The East Tennessee Baptist Educational Society, which was comprised of two groups with a common interest, applied in 1850 for a charter to establish an institution of higher learning. Afforded the use of a local church building, Mossy Creek Missionary Baptist Seminary opened to students in the fall of 1851. The Tennessee Legislature granted the school's charter in December of that year.

The 1889 merger of men's and women's institutions made Carson- Newman an early entrant in coeducation in the region. Throughout its history, the institution has instilled a deep commitment to service in its students. The fruits of its labor, its alumni, have filled schoolrooms, courthouses, hospitals, boardrooms, pulpits, and mission fields the world over in spreading the lessons of Carson- Newman's motto of Truth, Beauty, and Goodness. Servant leadership programs abound on campus. Carson-Newman's Bonner Center annually oversees some 40,000 hours of community service by students.

Since 1984, Appalachian Ministry of the Smokies and its volunteers have performed hundreds of home repair projects throughout the region. Each year Campus Ministries sends hundreds of students over fall, spring, and summer semesters to serve across Tennessee, nationally, and internationally. Because of such efforts, Carson-Newman was recognized in 2012, earning the Presidential Award in the President's Higher Education Community Service Honor Roll, the highest federal recognition a university can receive for its involvement in community service. Global education and broadening students' horizons are staples of the Carson-Newman experience. Scores of international students' study at Carson-Newman each year while others travel from campus to study abroad.

In 2021, the University announced a 5-year strategic plan called "Acorns to Oaks: Pursuing God's Preferred Future." The strategic plan entails thoughtful and purposeful alignments of policies and procedures with the University's Christ-centered mission and an ongoing commitment to balanced budgets. This includes work to reduce dependency on tuition through innovative programs and entrepreneurial pursuits designed to develop new revenue streams. "The plan is at its core an academic plan," said University President Charles A. Fowler. "Carson-Newman is a Christian university dedicated to a rigorous and Christianly formed education. We are blessed with an incredible teaching faculty. This plan provides facilities, technology, and programming that will complement the educational enterprise at C-N, position us for even greater excellence, and extend our reach to new student markets."

About the University

University Learning Goals

Carson-Newman recognizes that there are many pathways to success. Traditional as well as post-traditional students are encouraged to pursue their passions as well as to become lifelong learners and servant leaders. To this end, the University's curriculum is designed to provide graduates with the skills and knowledge needed to be competitive in a rapidly and continually changing world. In order to achieve these aims, Carson-Newman has identified the following goals:

G.1. Develop a Foundation for Learning through the Liberal Arts and Biblical Tradition

We engage in learning throughout our lives in order to grow intellectually, spiritually, emotionally, personally, and professionally. At Carson-Newman, the Liberal Arts Core curriculum provides a foundation to learning for all undergraduate students and influences their academic major through the perspective of a Christian liberal-arts based education.

- SLO 1.a. Students examine the Old Testament Scriptures from a scholarly perspective as it relates to the contemporary world.
- SLO 1.b. Students examine the New Testament Scriptures from a scholarly perspective as it relates to the contemporary world.
- SLO 1.c. Students explore the value and breadth of Christian liberal arts education through the transcendentals: Truth, Beauty, Goodness, Justice, and Courage.

G.2. Apply Critical and Analytical Reasoning Skills Appropriate for Multiple Ways of Knowing

We employ multiple ways to understand and gain knowledge about ourselves, our world, and others. The Liberal Arts Core curriculum and academic majors use a variety of critical and analytical reasoning skills to explore ways of knowing.

- SLO 2.a. Students apply scientific principles to investigate natural phenomena.
- SLO 2.b. Students solve analytical problems using quantitative techniques.

- SLO 2.c. Students critically evaluate arguments and claims.

G.3. Communicate Effectively

We communicate with others informally and formally to listen and to express ideas, knowledge, and creativity. The Liberal Arts Core curriculum and academic majors use spoken and written language and media to develop effective communication skills for clarity of thought and expression to build understanding.

- SLO 3.a. Students compose writing that is organized, developed, and grammatically correct, and students differentiate sources of information and question various viewpoints.
- SLO 3.b. Students compose and deliver organized oral presentations.

G.4. Exhibit Personal, Social, and Ethical Awareness and Responsibility

We reflect upon self and others to develop personal identity and fulfilling lives and to facilitate healthy societies. The Liberal Arts Core curriculum and the academic majors explore values, ethics, ideals, systems, and theories to acquire the capacity for self-evaluation, to act responsibly, and to foster justice.

- SLO 4.a. Students examine influences on personal and societal values and attitudes.
- SLO 4.b. Students evaluate the effects of personal and societal choices relating to individual holistic well-being.

G.5. Develop Regional and Global Perspectives on Cultures, Traditions, and the Arts

We share in a community shaped by various cultures, traditions, and expression of the arts. The Liberal Arts Core curriculum and the academic majors expand and enrich personal perspective through the study of cultures, traditions, and the arts to cultivate a sense of place and create an appreciation of the rich diversity of human experience and expression.

- SLO 5.a. Students examine the relationship between works of art and the cultural and contextual circumstances that influence their production through historical study of the arts or the creation and/or performance of works of art.
- SLO 5.b. Students explore historical, societal, cultural, and/or geopolitical factors that influence human behavior.
- SLO 5.c. Students examine the multiple ways of reading and understanding literary texts, using historical, cultural, and theoretical approaches.

(Note: Each academic major at Carson-Newman University bears distinction and unique opportunity for study. Differentiation in coursework is expected and encouraged as is suitable for the degree type (e.g., BA or BS). For example, students seeking a Bachelor of Arts degree are typically required to complete coursework in a language other than English which may meet SLO 5.b. Students should consult their academic program to understand all details and the specific coursework needed to meet degree requirements for successful program completion.)

Costs and Fees

Registration for classes will incur charges. Registration is an obligation and commitment to paying for all related charges. Advanced financial planning by the student is imperative. Payments are due by the first day of classes for the registered semester. Students must settle their account each semester to be permitted to register for the following semester. Those who do not plan to take courses they have registered for will need to contact the Registrar's office before the first day of class.

The following is a list of the major expenses which a student can incur at Carson-Newman University. Tuition and fees for full-time students cover the basic costs (excluding special course fees). The University reserves the right, beginning any term, to change its charges for tuition, fees, room, and board without advance notice prior to such a change.

UNDERGRADUATE COST		
Certificates (Ungrad)	\$425 per credit hour	N/A
CPS – Undergraduate Programs	\$425 per credit hour	N/A
Non-Degree Seeking	\$425 per credit hour	N/A
Post-Baccalaureate Additional Endorsement	\$1450 per credit hour	N/A
Post-Baccalaureate CPS (2nd Degree)	\$425 per credit hour	N/A
Post-Baccalaureate Health Professions	\$710 per credit hour	
Post-Baccalaureate Traditional (2nd Degree)	\$1450 per credit hour	N/A
Traditional Tuition (degree seeking / 12-17 credits)	\$21,250 per semester	\$42,500 per year
Traditional Tuition (degree seeking / less than 12 credits)	\$1,775 per credit hour	
Traditional Tuition (degree seeking / over 17 credits)	\$1,250 per credit hour	
Books	Per Semester	Per Year
Books (estimate)	\$800	\$1,600
Other Fees		
CLEP/credit by exam		\$10 per credit hour
Dual Enrollment Tuition		\$190.00 per credit hour
Dual Enrollment Technology Fee		\$10.00 per credit hour
Enrollment fee for new students* (Deposit)		\$200.00
Late enrollment confirmation and registration fee* *(Assessment based on registration completion date assigned/determined by Student One Stop)		\$25.00
Returned check fee*		\$25.00
Room damage deposit and resident life fee (\$75 non-refundable) *		\$200 per year
Student Teaching fee		\$400.00
*These fees/expenses are the student's responsibility and are not covered by VA Educational Benefits.		

GRADUATE COST BY PROGRAM

Program	Tuition per credit hour	Tech Fee per credit hour	
Certificates	\$450	\$65 per credit hour	
DNAP (Anesthesia)	\$1,250	\$0	
DNP (Nursing Practice)	\$650	\$0	
Ed.D and ABD Pathway (Education)	\$585	\$70 per credit hour	
EdS (Post-Master Education)	\$585	\$70 per credit hour	
FNP Certificate	\$650		
Homeland Security - General	\$580		
Homeland Security - Emergency Management	\$580		
Master's in Business and Marketing	\$600	\$0	
MA in Teaching	\$520	\$0	
MAAT (Theology)	\$520	\$0	
MACC (Accountancy)	\$655		
MBA (AmeriCorp) 20%	\$480		
MDiv (Divinity)	\$565		
MDiv (SBC rate)	\$365		
MEd (Education)	\$520		
MSC (Counseling)	\$560		
MSN (Nursing)	\$650		
<i>*Additional program fees may be listed under the specific program page.</i>			
Student International Fees:			
International Student Fee		\$125.00	per semester
International Student Insurance <i>NOTE: Amount subject to change</i>	\$938.34	per semester	

AUDIT FEES

Course audit is one half of tuition rate per credit hour. *(Undergraduate on campus courses only)

DAMAGE TO UNIVERSITY PROPERTY

Failure to respect University property, including but not limited to the residence halls and any property which is not the student's, is prohibited. Residents may be required to pay restitution for any damages incurred.

MUSIC LESSONS

One 30-minute lesson per week is \$100. Two class sessions per week is \$200

SENIOR CITIZENS

Citizens over the age of 65 who are non-degree seeking may take one course per term for \$55 per credit hour. This rate is applicable for enrollment on a space available basis, which allows registration no earlier than the day before classes begin. The audit rate policy is not applicable to citizens paying the \$55 per credit hour rate.

Costs and Fees

Meal Plans***MEAL PLAN RATE: (per semester)**

- Unlimited Meal Plan \$3,150 with \$200 Eagle Bucks

- 14 Meal Plan \$2,760 with \$250 Eagle Bucks
- 100 Block Meal Plan \$1,450 with \$250 Eagle Bucks (*Appalachian Commons & Commuters Only*)
- 40 Block Meal Plan \$750 with \$250 Eagle Bucks (*Commuters Only*)

You can add \$25 increments for Eagle Bucks by paying with cash, check, money order, debit card, or credit card online or in person in the cafeteria (see dining services).

All charges must be paid in full on or before final registration. All fees and charges are subject to change.

Meal Plans will follow the refund schedule below:

- During first week of semester (90%)
- During second week of semester (75%)
- During third week of semester (50%)
- During fourth week of semester (25%)
- After four weeks (0%)

In other words, after the fourth week of a semester, no refund will be granted for that semester's meal plan.

Costs and Fees

Payments

Tuition, fees, and all other costs for the semester are payable on or before the first day of class. For students with definite commitments of funds from the Financial Aid office, the difference between the total cost for the semester and the financial aid commitment is payable upon registration. Payment of the difference between enrollment charges and financial aid can be made by cash, personal checks, DISCOVER CARD, VISA, MASTERCARD, or through the deferred payment plan. Information on pay plan will be available <https://payment-center.intuitionps.com/>. By enrolling, the student agrees to pay all expenses incurred by Carson-Newman University to collect any outstanding debt, including attorney and collection agency fees. Carson-Newman University reserves the right to report the status of any outstanding indebtedness owed to credit reporting agencies. Each student must settle his/her account for the current semester, including library and traffic fines, infirmary charges, etc., before he/she will be eligible to enroll for a subsequent semester, or before a transcript of his/her academic record can be released by the Office of the Registrar.

Costs and Fees

Refunds

When dropping a class but not withdrawing from school: A refund will be given to traditional undergraduate students who drop a course by the last day of the drop/add period during a regular semester. When withdrawing from school: If a student elects to withdraw after beginning attendance, the student must contact the Financial Aid office to initiate the formal withdrawal process. Any situation in which all classes are dropped is considered withdrawal from the university. The date of withdrawal used to compute refunds is determined by the date of withdrawal notification and is posted on the student's record by the Office of the Registrar. The Student One Stop office computes tuition refunds based on the university's refund policy which is as follows:

Tuition refund schedule when withdrawing from the university for students in the traditional semester:

- During first week of semester (90%)
- During second week of semester (75%)
- During third week of semester (50%)
- During fourth week of semester (25%)
- After four weeks (0%)

In other words, after the fourth week of a semester, no refund will be granted for that semester's tuition.

If a student is enrolled in both full-term and A and/or B-term courses within the same semester and withdraws prior to the start date of a module session, the student will receive a refund for any portion of the semester that has not yet begun. The student's enrollment intensity (full-time, three-quarter-time, half-time, or less than half-time) will be recalculated to reflect the change for courses fully refunded. This adjustment to enrollment intensity may also require adjustments to financial aid awarded as well.

If a student with federal (Title IV) student financial aid withdraws, drops out of school, or is dismissed from the University, the Financial Aid Office will calculate the portion of federal aid that has been earned and the balance that is unearned must be returned to the appropriate agency or program. Federal aid is earned based upon the student's days in attendance and has no relation to the tuition refund percentage computed above. It is important to note that federal aid may not cover all unpaid institutional charges due upon a student's withdrawal and that a Federal Direct Stafford Loan borrower will begin using the 6-month grace period after which loan repayment will begin. Federal Perkins borrowers have a 9-month grace period.

For specific questions concerning the computation of earned federal aid, please contact the Financial Aid office. Students must be billed 100% tuition charges to earn university-funded financial aid. Students eligible for a tuition refund from withdrawing will not qualify for university funded financial aid.

During each semester's last day, to be eligible for a tuition refund for dropping a course, a student may voluntarily reduce or cancel a commitment for housing and meals (i.e., a meal plan). Charges for meal plans are recomputed to arrive at the amount refundable. The cost for a room is \$200. After the semester's last day to qualify for a tuition refund for dropping a course end, room-and-board commitments are considered noncancelable. However, an alternative room assignment can be authorized by Carson-Newman's Director of Residence Life, and a meal plan can be changed but only to one that offers more meals per week.

If a student withdraws from the university or moves off campus after the semester's last day to qualify for a tuition refund for dropping a course end or is dismissed from the University for disciplinary reasons, no refund will be granted for any portion of room charges. If a student withdraws from the University or moves off campus with the permission of Carson-Newman's Director of Residence Life, the student will receive a pro-rated refund of his or her board charges only up to mid-term. After mid-term there is no refund for board charges.

Suppose a student withdraws from the university or moves off campus without the permission of Carson-Newman's Director of Residence Life or is dismissed from the university for disciplinary reasons. In that case, no refund will be granted for any portion of the meal plan charges.

More information about refunds following student withdrawal from the university can be found in the Financial Aid Section under 'Withdrawal from the University.'

Charges for a meal plan commitment that a student voluntarily reduces during the semester's last day to qualify for a tuition refund for dropping a course or subsequently cancels by withdrawing from the university or by moving off campus with the permission of the Director of Residence Life are recomputed based on the ratio of whole weeks remaining in the semester to total weeks in the semester.

A refund is paid accordingly up to mid-term. However, no refund will be paid for a partial week, and no refund will be given after mid-term. Any unused portion of the declining-balance account (Eagle Bucks) is not refundable. The unused portion of a student's declining balance (Eagle Bucks) account will be transferred from the fall to the spring semester only if the student continues to have a meal plan that includes a declining balance (Eagle Bucks) account. At the end of the spring semester, the unused balance of a declining balance (Eagle Bucks) account is forfeited. It is not refundable and cannot be transferred to any subsequent period.

REFUNDS FOR ACCELERATED COURSES AND SUMMER TERM

An accelerated course is a course that is shorter than a full term and does not span the entire payment period of enrollment. Accelerated courses fit with the regular academic term. Still, they will range from four weeks (May-Term, FST, and GST), seven weeks (Sessions A and B), and ten weeks (TST). If a student drops a course that has been verified, then the following tuition refund schedule will be followed. Tuition Refund Schedule for Withdrawal for students in an accelerated course:

- During first week of class.....90%
- During second week of classNo refund

If a student is enrolled in both full-term and A and/or B-term courses within the same semester and withdraws prior to the start date of a module session, the student will receive a refund for any portion of the semester that has not yet begun. The student's enrollment intensity (full-time, three-quarter-time, half-time, or less than half-time) will be recalculated to reflect the change for courses fully refunded. This adjustment to enrollment intensity may also require adjustments to financial aid awarded as well.

For students with federal student financial aid, the portion of federal assistance earned and the balance that must be returned to the federal or state program will be determined by the Financial Aid Office.

WITHDRAWALS AND REFUNDS

Dropping a class/Not withdrawing from school

A refund will be given to those students who drop a course but remain enrolled by the last day of the drop/add period during a regular semester. To receive a refund for a course in an accelerated module the student must drop the course before the course begins. Dropping a course may affect financial aid.

Withdrawing From School

If a student elects to withdraw after beginning attendance, the student must contact the Financial Aid Office to initiate the formal withdrawal process. Any situation where all classes are dropped is considered withdrawal from the University. The date of withdrawal used to compute refund is determined by the date the student is considered withdrawn from the University.

Students registered for any class offered in an accelerated session (see academic calendar) are considered enrolled in the semester. Students who do not plan to continue enrollment in the next session scheduled after the session of current enrollment must notify the Office of the Register by noon on the business day preceding the start of the next session to avoid charges. Students who choose not to continue enrollment in any session within the semester may be considered withdrawn for the semester and must contact the Financial Aid Office to process a withdrawal. Financial Aid recipients withdrawing or discontinuing enrollment may not earn all financial aid which may result in a bill due to the University.

If a student with federal (Title IV) financial aid withdraws, drops out of school, or is dismissed from the University, the Financial Aid Office will determine the portion of federal aid earned and the balance that must be returned to the federal or state program. Federal assistance is earned based on the student's days in attendance. It has no relation to the tuition refund percentage computed above. For specific questions concerning the computation of earned federal aid, please get in touch with the Financial Aid Office.

It's important to remember that not following the policy on refunds for board charges and meal plans can have serious consequences. During each semester's drop-course period, a student may voluntarily reduce or cancel a commitment for room and board (i.e., a meal plan). Charges for both are computed to arrive at the amount refundable. After the semester's drop course ends, room commitments are considered non-cancelable.

However, the Carson-Newman University Residence Life Director can authorize an alternative room assignment, and a meal plan can be changed, but only to one that offers more meals per week. If a student withdraws from the University, moves off campus after the semester's drop-course period ends, or is dismissed from the University for disciplinary reasons, no refund will be granted for any portion of room charges.

If a student withdraws from the University or moves off campus with the permission of the Carson-Newman University Residence Life Director, the student will receive a prorated refund of their board charges only up to midterm. If a student withdraws from the University or moves off campus without the permission of the Carson-Newman University Residence Life Director or is dismissed from the University for disciplinary reasons, no refund will be granted for any portion of the board charges. Similarly, charges for a meal plan commitment that a student voluntarily reduces during the semester's drop-course period or subsequently cancels by withdrawing from the University or by moving off campus with the permission of the Carson-Newman University Residence Life Director.

Residence Costs

Residence Halls	Occupancy		Cost Per Semester	Cost Per Year
Alumni (Men)	Private room		\$3,150	\$6,300
Appalachian Commons (Men and Women)	Standard 2 bedroom Standard 4 bedroom		\$3,500 \$3,150	\$7,000 \$6,300
Burnette (Women)	Private room		\$3,150	\$6,300
Heritage (Men)	Private room		\$3,150	\$6,300
Honors Student Housing (Fite/Fain/Faith & Justice)			\$2,350	\$4,700
Swann (Women)	Private room		\$3,150	\$6,300
West Campus Commons (Men and Women)	Traditional - 2 person room		\$3,150	\$6,300

- Rooms will receive a 100% refund up until the last day of the Add/Drop period. After this date, no refund will be given.

Costs and Fees

Summer Term Costs

Since university operating and instructional expenses are generally less during these terms, the tuition rate is reduced. The last date to drop a summer course without being charged for the course in the module is the first day of class. Module classes are part of an academic term. To not incur charges, courses should be dropped by the date and time indicated on the Academic Calendar.

Payment is due on or before final registration confirmation. All fees and charges are subject to change. If you are a CPS or Graduate student, please click [HERE](#) for Cost and Aid information.

Summer Room & Meals

15 meals a week	\$125	per week
Eagle Bucks	\$50	increments
Appalachian Commons (Men & Women)	\$150	per week
NOT App Commons	\$125	per week
Honors (Fite/Fain/Faith & Justice)	\$82	per week

Summer Undergraduate Tuition

Non-Nursing	\$750 (pch)	N/A
Nursing Full-Time (12-17 hrs)	\$21,250	N/A
Nursing Part-Time (1-11 hrs)	\$1,450 (pch)	N/A

*pch denotes per credit hour

Financial Aid

Financing higher education is one of the major concerns for students and parents. Carson-Newman University offers a comprehensive financial aid program that includes federal, state, and institutional resources of aid.

The Financial Aid Office at Carson-Newman University is available to assist families in completing the steps that are necessary in applying for aid. Students wishing to apply for any type of assistance must complete the Free Application for Federal Student Aid (FAFSA). This information is used in a formula established by the U.S. Department of Education to calculate the Student Aid Index known as the SAI. The SAI is a number that represents a family's financial strength and ability to pay for college and helps determine how much financial aid a student is eligible to receive.

Many types of assistance are based upon financial need, which is defined as the student's educational cost minus the SAI. The FAFSA should be completed even if students think they will not qualify, are requesting merit-only awards, or are requesting loan or work-study employment. The State of Tennessee requires the submission of the FAFSA to be able to receive the TELS (HOPE) Scholarship or the Tennessee Promise Scholarship. The State of Tennessee also requires that a student must have lived in and been a resident of the state for one full year prior to admission into the University. In addition, to receive assistance from federal student aid programs as well as state aid programs, students must be U.S. citizens or eligible non-citizens; be admitted into a degree program; and continue to make Financial Aid Satisfactory Academic Progress (FASAP) every semester.

Apply for Financial Aid

Complete the FAFSA online at <https://studentaid.gov>. FAFSAs may be submitted year-round, but priority processing for new students will take place for FAFSAs received by February 1st prior to the fall semester. If a paper application is needed, students may request one directly from the U.S. Department of Education. List Carson-Newman University on your FAFSA with our federal code of 003481.

Once all forms have been received, a financial aid counselor will review the file for financial aid eligibility, and an Aid Offer notification letter and email will be generated directing the student to their MyCN to view the proposed assistance.

NOTE: Federal and/or state regulations governing the application process and awarding of financial aid may change. These changes may impact the awarding and renewal of financial aid at Carson-Newman University.

Student responsibility in completing necessary forms and returning them to the Carson-Newman University Financial Aid Office as quickly as possible cannot be over emphasized.

Information and forms are available on the C-N Financial Aid website at [Financial Aid | Carson-Newman University](#) or may be obtained by writing or calling:

Financial Aid Office Carson-Newman University
1645 Russell Avenue Jefferson City, TN 37760
(865) 471-3247 or 1-800-678-9061

No aid is automatically renewable; all aid requires application each year. For further information, please e-mail the Financial Aid Office at financialaid@cn.edu or consult our website. More detailed information is also available in the Financial Aid Handbook online.

Disbursements

All financial aid will be credited to your student account each term. For traditional semester attendance, disbursement is scheduled roughly two weeks from the start of the term (after census date) upon confirming you have begun attendance in each class anticipated.

Until the aid is disbursed to your student account, aid will be pending. Award amounts will be based upon your actual attendance in each class. For instance, if you register for 12 credit hours, but only begin attendance in 9 credit hours, your award amounts will be recalculated for 9 credit hours. It is important to begin attendance and have your schedule finalized by the last day to make a schedule change without a fee (census date) each term. Disbursement dates for module classes are traditionally scheduled on the first Thursday after the census date of each module.

Federal Work-Study

The Federal Work-Study Program provides jobs for students who have financial need and who need to earn a part of their educational expenses. Students can attend a job fair to facilitate job placement. Eligible students are placed in jobs on campus where they can work a limited number of hours per week. Jobs are available in a variety of departments across campus. The rate of pay for most jobs is at least the federal minimum wage.

Types of Assistance

Scholarships and grants, loans, and part-time employment through the work-study program. These types of assistance may be awarded individually or in combination depending upon the needs of the student and family. The financial need of a family will be used in priority for awarding funds. Notification of assistance will be in the form of an Aid Offer notification letter as well as an email to the student's email and will direct them to access the actual offer via MyCN at the student's convenience.

New students must first apply and be accepted for admission to Carson-Newman University and file the current year FAFSA before an aid letter is prepared. Continuing students need only to complete the FAFSA each year and maintain satisfactory academic progress. For additional information on any financial aid topic or scholarship program, please contact the Financial Aid Office or view online at [Financial Aid | Carson-Newman University](#).

Classification and Courseload

ENROLLMENT STATUS

Undergraduate Students:

- Full-time = enrollment in 12 or more semester hours
- Part-time = enrollment is 11 or fewer hours
- Half-time enrollment is defined as 6 to 8 semester hours. Enrollment below 6 semester hours is considered less than half-time.

Graduate Students:

- Full-time = enrollment in 9+ semester hours
- Three-quarter time = enrollment is 7 to 8.5 semester hours
- Half-time enrollment is defined as 4.5 to 6.5 semester hours. Enrollment below 4.5 semester hours is considered less than half-time.

STUDENT CLASSIFICATION

Definitions of undergraduate student classification are as follows: *(based on cumulative earned credit hours)*

- Freshman 1 - 29
- Sophomore 30 - 59
- Junior 60 - 89
- Senior 90+

COURSELOAD

15-Week Term Enrollment

Full-time course load for a semester is a minimum of 12 credit hours. The average course load is 15 credit hours per semester. Additional tuition is charged for hours in excess of 17.

Undergraduate students wishing to enroll in more than 17 credits in a 15-week term must submit an Overload Course Load Request Form prior to the beginning of the applicable semester.

(15-Week Term: Full-time, minimum 12 credits | Average 15 credits | Additional tuition above 17 credits | Overload form required for more than 17 credits)

7-Week Session Enrollment

In support of academic quality and student success in accelerated instructional formats, enrollment in each 7-week A or B session is normally limited to a maximum of 6 semester credit hours. This expectation reflects the intensity and compressed nature of coursework delivered within abbreviated terms.

Within a single academic semester that includes both A and B sessions, students are expected to limit total enrollment to no more than 15 semester credit hours across the combined sessions. This limitation is intended to ensure that students can devote sufficient time and effort to achieve the stated learning outcomes for each course.

Undergraduate students wishing to enroll in more than 15 credits within a single academic semester that includes both A and B sessions must submit an Overload Course Load Request Form prior to the beginning of the applicable session.

(7-Week Sessions: Full-time status requires a minimum of 12 credits per semester (or 6 credits per session). Students enrolling in more than 15 credits across a single academic semester that includes both A and B sessions must submit an overload form.)

Summer Course Load

One course, 3 hours, is the maximum for May-term or for a four-week summer school term. Students may not exceed 15 hours during the entire summer including May-term. Exceptions to this policy may be granted on a case-by-case basis by recommendation of the academic advisor and approval by a department chair or dean.

Overload Request Process

A student who seeks to exceed the established enrollment expectations must submit an Overload Request Form through the appropriate institutional process prior to the beginning of the applicable session or semester. Requests will be reviewed in accordance with institutional criteria, including but not limited to:

- Prior academic performance
- Cumulative grade point average
- Demonstrated capacity for success in accelerated coursework

Approval of an overload constitutes an exception to standard enrollment expectations and is not guaranteed. The institution reserves the right to deny any request that is not supported by evidence of the student's ability to successfully complete the proposed course load.

Additionally, the institution may revise or rescind an approved overload if the student's academic performance does not meet institutional standards.

NCAA Certification of Eligibility

For purposes of NCAA certification of eligibility, students must be enrolled full-time per semester. For programs in modules, students must be enrolled in each module within the standard semester. For final semester of enrollment (the semester of graduation), special eligibility conditions may apply. For more information contact the NCAA Compliance Officer.

SEVIS Certification

For purposes of SEVIS Certification for international students, students must be enrolled full-time per semester. For programs in modules, students must be enrolled in each module within the standard semester. For final semester of enrollment (the semester of graduation), special eligibility conditions may apply, for more information contact the Designated School Official.

Veterans Administration Benefits Eligibility

For the purposes of Veterans Administration Benefits Eligibility, the university defines full-time course load for graduate programs as 9 credit hours per semester and 6 credit hours as three-quarter (3/4) time. For graduate programs taught in non-standard terms (less than 15 weeks in length), the following definitions apply: For programs taught in 7- or 8- week modules: 4.5 credit hours is defined as full-time, 3 credit hours is defined as three- quarter time.

Financial Aid

Coursework toward Program of Study (CPOS) Policy

For federal and/or state aid, TELS (HOPE), TSAA, and TN Promise to pay for a course in your major, minor, or other degree requirement, it must be part of your approved Course Program of Study (CPOS) and must count in the evaluation of your approved program using the degree evaluation tool. You need to make sure all courses count when you meet with your academic advisor and plan your schedule for each semester. It is essential that your major and minor are officially declared and noted in your student record. If you have been planning to declare or change a major or minor but have not yet done so, you should consult with your academic advisor immediately to make the official declaration.

Financial aid offers are based on the assumption that undergraduate students will enroll full-time and graduate students will enroll at least half-time in **eligible** coursework during the fall and spring semesters. If students do not enroll full-time or half-time to meet that assumption, the Financial Aid Office will be required to adjust your aid to your enrollment status and federal cost of attendance.

Remember that dropping or not attending your courses can negatively impact your eligibility for current and future aid. It is important that you discuss your Course Program of Study with your advisor when you enroll for next semester's classes. If your current coursework is not correct, work with your advisor to make the appropriate changes to your program of study. See the Financial Aid webpage on CPOS for more detailed information and contact the Financial Aid Office with questions.

Financial Aid

Federal Loans and Grants

Carson-Newman University processes Federal Stafford, Federal PLUS, and Grad PLUS loans through the William D. Ford Federal Direct Loan program, in which borrowers obtain loan funds directly from the U.S. Department of Education. Carson-Newman recommends that students and parents only borrow what is necessary and to limit borrowing when possible. Students will be awarded their eligibility based on their grade level and enrollment status. Students are encouraged to reduce or cancel loans should they not be needed in order to attend Carson-Newman.

FEDERAL LOANS

The Free Application for Federal Student Aid (FAFSA) is required to determine eligibility for this program. The FAFSA may be filed at <https://studentaid.gov> with Carson-Newman University's school code of 003481.

Students are eligible for federal student loans if they are enrolled at least halftime in classes required for their degree. Additionally, students must not be in default on prior student loans and have a remaining aggregate limit available for additional annual loans. More information is available at <https://studentaid.gov>.

Federal Direct Stafford Loan is a federally guaranteed loan and therefore does not require a credit check. Federal Direct Loan amounts are not the same for every student. Award amounts are determined according to federal annual loan limits and may vary based on the student's grade level, academic program, enrollment status, dependency status, and remaining eligibility. Students will receive the maximum amount for which they qualify, subject to federal regulations and institutional certification.

First-Time Borrowers -Students who wish to participate in the Federal Stafford Loan program must accept the loan online via MyCN. Students can accept the full amount awarded, or they can request a loan reduction. First-time borrowers must also complete Entrance Counseling and sign a Master Promissory Note (MPN). The MPN is a serial promissory note that allows the student to borrow for up to 10 years on the same note without signing another promissory note. Entrance Counseling and MPN may be completed online at <https://studentaid.gov>.

Graduate Borrowers: Graduate students are eligible for the Federal Direct Unsubsidized Stafford Loan if they are admitted in a degree-seeking program and enrolled at least halftime each semester. The Federal Direct Unsubsidized Stafford Loan is a non-need-based loan that begins to accrue interest upon disbursement. The student borrower is responsible for repaying accrued interest and principal.

Previous Borrowers - Students who wish to continue participating in the Federal Stafford Loan program must accept the loan online via MyCN. Students can accept the full amount awarded, or they can request a loan reduction.

Federal PLUS Loan is a federal loan in the parent's name. If your parents are declined, you may become eligible for additional Federal unsubsidized Stafford Loan. The application for the Parent PLUS loan is found at <https://studentaid.gov>. **Beginning July 1, 2026, Federal Law has changed how PLUS is awarded.** For parents of *new* borrowers, the annual maximum is \$20,000 per student, with an aggregate limit of \$65,000 over the student's lifetime. Parents of returning or legacy borrowers may continue to borrow up to the full cost of attendance minus other financial aid.

Federal Grad PLUS Loans has undergone substantial changes. The One Big Beautiful Bill Act phases out the Federal Direct Graduate PLUS Loan program for new graduate and professional student borrowers. *Beginning July 1, 2026, students who are new borrowers in a graduate or professional program are no longer eligible to receive Federal Direct Graduate PLUS Loans.* Graduate and professional students will instead be limited to Federal Direct Unsubsidized Loan borrowing, subject to applicable annual and aggregate federal loan limits. Students who received a Graduate PLUS Loan prior to July 1, 2026, and who remain continuously enrolled in the same eligible academic program may continue to receive Graduate PLUS Loans under the federal transition ("legacy") provisions for up to three academic years or until completion of their current program, whichever occurs first. Students who exceed federal loan limits or are not eligible under the transition provisions may need to consider alternative financing options.

FEDERAL GRANTS

Federal Pell Grant is for students with exceptional need. It is a grant that does not have to be repaid. Eligibility is determined by the results of the FAFSA. The actual amount awarded may vary according to the number of hours that a student enrolls per semester. Any changes to enrollment status must be reviewed by the Financial Aid office. After the drop period is complete, each student who is enrolled in less than 12 hours is reviewed to make sure the student is still eligible for the amount awarded. Amounts will be adjusted prior to the student receiving a refund.

Federal Supplemental Educational Opportunity Grant (SEOG) is for Federal Pell Grant recipients only with the highest level of exceptional need as determined by the FAFSA SAI. It is a grant that does not have to be repaid. This award has limited funding. SEOG is awarded based on the availability of funds. Renewal from year to year is not guaranteed.

Federal TEACH Grant is not a need-based award. This grant is for students who are pursuing teaching credentials in high need fields of study. The student must agree to teach for four years in a high need field and high need area. The student can either score above the 75th percentile on a college admissions test such as ACT, SAT, or GRE or graduate from high school with a cumulative GPA of at least a 3.25 on a 4.0 scale and/or have a cumulative GPA of at least 3.25 on a 4.0 scale on college coursework to be eligible to receive the TEACH Grant for each subsequent term. Students who choose to accept the Federal TEACH Grant will have to complete annual TEACH Grant paperwork of Entrance Counseling and an Agreement to Serve on studentaid.gov.

For more information, go to <https://studentaid.gov/teach-grant-program>. Should the teaching requirements not be fulfilled after graduation, the grant retroactively converts to an Unsubsidized Direct Loan with interest. Please use your best judgment when deciding whether to accept this award or not.

PRIVATE LOANS

These are consumer-based education loans that are not part of the federal government programs. Private loans are typically more expensive than the federally guaranteed loans and should only be used after all other forms of financial aid have been exhausted. If you determine that a private loan is needed, please research your options carefully.

Each lender has different fees, interest rates, and repayment options. Most private loans require a co-borrower. Maximum loan amounts vary depending on the amount of other financial aid you are receiving. Some lenders may defer repayment of principal and interest until student ceases to be enrolled at least halftime. Once you have selected a lender, please complete the application on the lender website or call a lender to request an application. You will also be required to complete a Private Education Loan Applicant Self Certification form. This is available on our website or from the Financial Aid Office.

Financial Aid

Financial Aid Satisfactory Academic Progress (FASAP)

Initially, to be eligible to receive financial aid, you must be admitted into an eligible program. Federal financial aid is considered renewable up to 150% of the approved program of study, provided you satisfy the standards of Financial Aid Satisfactory Academic Progress (FASAP) as outlined below. You will be considered as making satisfactory progress in receiving financial aid provided that you are eligible to reenroll at Carson-Newman and that you are making progress at a rate not less than demonstrated by the following qualitative and quantitative scales:

Undergraduate scale

QUALITATIVE				
Number of cumulative credit hours attempted	1-30	31- 45	46- 59	60+
Minimum cumulative GPA required	1.5	1.7	1.9	2
QUANTITATIVE				
Number of attempted fall/spring credit hours	30	24	12	9
Number of credit hours a student must earn 67% of attempted credit hours	20	16	8	6
Number of required credits to earn degree	120			
Maximum number of cumulative attempted credits (150%)	180			

Summer Semester: All Carson-Newman Satisfactory Progress Standards will apply to the summer semester as well as to fall and spring. Our review to determine Satisfactory Progress will affect distribution in the summer.

Graduate scale

<u>QUALITATIVE</u>				
Number of cumulative credit hours attempted	1-12	12.5+		
Minimum cumulative GPA required	2.75	3.0		
<u>QUANTITATIVE</u>				
Number of attempted fall/spring credit hours	30	24	12	9
Number of credit hours a student must earn 67% of attempted credit hours	20	16	8	6
Number of required credits to earn degree	33+ (program lengths vary)			
Maximum number of cumulative attempted credits (150%)	150 % of program length			

Summer Semester: All Carson-Newman Satisfactory Progress Standards will apply to the summer semester as well as to fall and spring. Our review to determine Satisfactory Progress will affect distribution in the summer.

FASAP EVALUATION PROCESS:

- **REVIEW Each Term:** Review for FASAP will be conducted at the conclusion of each term, including summer. The FASAP review process is a federally required review process that evaluates students' cumulative academic scores, including transfer and withdrawn hours. Your FASAP calculated GPA is not calculated the same as your Carson-Newman grade point average calculation. Students who are determined to be ineligible for further aid will be notified. It is the student's responsibility to ensure that lost eligibility is restored.
- **WARNING Status:** Students will have one semester of WARNING on the first instance of a failed FASAP calculation. Warning notice will be sent to the student's C-N email account and noted on students' MYCN account.
- **UNSATISFACTORY Status:** A subsequent calculation failing FASAP will result in Financial Aid UNSATISFACTORY standing (suspension), and students will be ineligible for financial aid unless they have a successful appeal. Unsatisfactory notice will be sent to the student's C-N email account and noted on students' MYCN account.
- **FASAP APPEALS:** Students may appeal an unsatisfactory status from the FASAP calculation. Appeals should be submitted by the semesterly enrollment. Students not approved on appeal must re-gain eligibility by meeting the stated satisfactory standards.
- **PROBATION Status:** Students that filed a successful appeal from an unsatisfactory status will be granted probation in which they will be eligible for financial aid. After the probation, students must either meet the FASAP Satisfactory standards or the standards issued in an Academic Progress Plan from the Financial Aid Office to continue aid eligibility.
- **W, F, or I Grades:** All grades of F,W,WP,WF, U, or I will not count as hours earned but will count as hours attempted.
- **REPEATED Hours:** Repeated hours will count towards attempted hours but may not be countable in enrollment status for the term depending upon the number of times repeated for a grade. For example, if you earned 3 hours with a grade of "D" twice, and you decided to repeat the course to earn a better grade, the repeated 3 hours will not count in your enrollment status for the term that it is a second repeat. Hence your enrollment status for the term will be calculated as: registered credit hours - second or more repeated credit hours = enrollment status for federal financial aid purposes. This is subject to change as federal regulations are subject to change. All attempted hours will count against your 150% of degree credits limitation.
- **TRANSFER Credits:** Transfer credits accepted by Carson Newman University for credit will count in attempted and in total earned hours.
- **TELS Hope Awards:** Evaluation to determine continued eligibility for TELS Hope awards will occur upon attempting 24, 48, 72, 96, and 120 hours for coursework completed after high school graduation and is a separate process than FASAP calculations. If you fail to meet TELS SAP, you will be sent a written notification with important information, and future TELS awards may not be available to you. Your TELS HOPE grade point average is not calculated the same as your Carson-Newman grade point average calculation. Visit our consumer page to learn more.
- **APPEALS TELS HOPE Loss:** Students may appeal TELS HOPE loss on reasons other than grade point average. Grade point average is not recognized by the state as an appealable reason.

STUDENT ATHLETES and SATISFACTORY ACADEMIC PROGRESS

Carson-Newman University holds membership in the South Atlantic Conference (SAC) and the National Collegiate Athletic Association (NCAA). The University conforms to all regulations adopted by this organization which stipulate that:

Undergraduate Student-Athletes:

- Athletes must be in academic good standing and be making satisfactory academic progress as defined by the University, South Atlantic Conference and NCAA.
- Participants in intercollegiate athletics must be enrolled in a minimum of 12 semester hours (full-time) during the term of participation.
- Additional requirements relating to test scores, credits, GPA and various other issues are stated in regulations published by each of the organizations. Consult the coach and/or the Athletic Director.

Graduate Student-Athletes:

Athletes must be in academic good standing and be making satisfactory academic progress as defined by the University, South Atlantic Conference and NCAA. Participants in intercollegiate athletics must be enrolled in a minimum of 9 semester hours (full-time) during the term of participation. Additional requirements relating to test scores, credits, GPA, and various other issues are stated in regulations published by each of the organizations. Consult the coach and/or the Athletic Director.

Financial Aid

Graduate Assistantships and Scholarships

Any student may apply for available graduate assistantships. Preference will be given to fully admitted, degree-seeking graduate students. Awards will be made based on the following criteria: need, commitment to the profession, and ability to work 10 or 20 hours per week in the appropriate department. Applications may be obtained by contacting the department chair of the program in which you plan to enroll.

Lucile R. Anderson Scholarship

Scholarships available to graduate students in education are funded through an endowment established by Dr. Lucile R. Anderson. Award is made on the basis of Christian commitment to teaching. The number of scholarships and amount to be awarded will be determined each semester. Applications may be obtained by contacting the Teacher Education Office. The application deadline is the first day of classes each semester. The recipient(s) will be selected by vote of the Graduate Studies in Education faculty.

Financial Aid

ROTC Scholarship Program

High school seniors may apply for the four-year Army ROTC scholarship. Two types of 4-year scholarships are available: general or dedicated nurse. Carson-Newman University is one of only a few Partnerships in Nurse Education Schools offering dedicated nurse scholarships. High school seniors can fill out the scholarship application online at [ROTC Scholarships | U.S. Army](#). Typically, high school seniors' scholarships should be completed before October 1 of their senior year to be eligible for all scholarship selection boards. High school seniors are normally selected in early February, and early application is strongly encouraged. Carson-Newman University freshmen, sophomores, and juniors can apply for the three and two-year Army ROTC scholarships. They should contact the Department of Military Science for applications. Scholarships are based on merit and overall academic performance, athletics, and leadership.

Scholarships pay tuition, up to \$800 per semester for books, and up to a \$500 per month tax-free spending allowance. Carson-Newman University awards ROTC Scholarship Cadets an On-Campus Housing and/or Meal Plan Scholarship less other federal/state aid, to cover the cost of on-campus housing and food.

The university reserves the right to reduce the ROTC Housing and Meals Award by the amount of any additional aid the student receives down to the direct cost of the student's selected room and/or meal plan.

Financial Aid

Tennessee Scholarship and Grants

The State of Tennessee offers many scholarships, grants, and loan forgiveness programs to eligible Tennessee residents. Below are a few of the scholarship programs. Visit [College for TN - Your Resource for College Information](#) for a more complete listing of programs and more detailed information as amount and restrictions may change without notice. For application, full award rules, and application deadlines, see www.collegefortn.org.

Tennessee Student Assistance Award (TSAA) - is available for undergraduate students only. It is a grant that does not have to be repaid. Eligibility is determined by the results of the FAFSA. This award has limited funding. The award is limited to students who are Federal Pell Grant recipients and have exceptional financial need. Students must be a Tennessee resident for one full year prior to admission to the University, and proof of Tennessee residency as well as proof of US Citizenship/Lawful Presence in the US is required. Actual amount of TSAA awarded is determined by the number of hours that a student is enrolled per semester. Any changes to enrollment status will be reviewed by the Financial Aid Office. After the drop period is complete, each student who is enrolled in less than 12 hours is reviewed to make sure the student is still eligible for the amount awarded. TSAA is awarded based on the availability of funds. Renewal from year to year is not guaranteed. To maximize your eligibility for these funds, students should file the FAFSA by the priority deadline each year. A student is also limited to eight semesters of eligibility for the TSAA award.

Tennessee Education Lottery Scholarship (HOPE) - is awarded to students who have been Tennessee residents for one year prior to admission to the University. Students beginning enrollment in the fall semester must have the FAFSA filed by September 1 to receive funds for the fall semester. If a student begins in spring, the FAFSA must have been filed prior to March 1. For summer starts, the FAFSA must have been filed prior to May 1. Recipients must enroll in a TN public or private college, or university listed on the state website. Please visit www.collegefortn.org for eligibility and renewal requirements.

Students eligible for the TN HOPE scholarship may be eligible for funds from the **TN General Assembly Merit Scholarship (GAMS) or the TN Aspire Award (Aspire)**. Eligibility for the GAMS award will be determined by the student's unweighted GPA and ACT/SAT score. Eligibility for the Aspire award is determined by information from the FAFSA. In addition to being HOPE eligible, the parents' or independent student's (and spouse's) adjusted gross income must be \$36,000 or less on their IRS tax form. A student may only receive one award in addition to the TN HOPE Scholarship. The student will be given the largest award that he/she is eligible to receive.

Tennessee Promise Scholarship - is awarded to students pursuing a two-year associate degree, meeting all other state guidelines, including FAFSA filing deadline, attending mandatory meeting(s), and community service requirements. The amount awarded will be determined after the annual two-year college tuition amount has been published by the state in late summer and is reduced by TELS, TSAA, and Federal Pell Grant funding. Not all students that participate in the Tennessee Promise Scholarship program will receive monetary funding, as Promise funds are last dollars applied after TELS, TSAA, and/or Federal Pell Grant dollars. The Tennessee Scholarships and Grants listed are not all inclusive. For more detailed information regarding all Tennessee State Grants and Scholarships available, please visit www.collegefortn.org.

Students receiving state aid, HOPE or TN Promise in particular are expected to remain enrolled in all coursework that was reported at the end of the drop/add period (census date). Withdrawing from a course without prior approval from the Financial Aid Office could result in permanent loss of state funding. Additionally, stopping attendance in a course without officially withdrawing is considered an unofficial withdrawal for state aid purposes. Unofficial withdrawals can result in permanent loss of funding. Students do have the opportunity to appeal the loss of HOPE, TN Promise, or TN Reconnect by appealing to the Institutional Review Panel. For more information on appeals, please refer to the Financial Aid Handbook. It is important to stress that loss of HOPE, TN Promise or TN Reconnect due to GPA is not appealable per state rules on those awards.

Graduate Nursing Loan Forgiveness Program - the participant must be a Tennessee resident and a U.S. citizen, hold an unencumbered Tennessee Registered Nursing License, and be enrolled in an eligible Tennessee college or university in a program leading to a master's degree in nursing education. The candidate will incur an obligation to enter a faculty or administrative position at a college or university in Tennessee in a nursing education program and sign a promissory note that stipulates the cash repayment if service obligation is not met. The award is renewable up to four years of full-time enrollment and based on funding. The applicant must reapply each year. Students participating in the Graduate Nursing Loan Forgiveness Program may not participate in any other loan forgiveness program including federal, private, or institutional. Once the program is completed, the loan(s) cannot be combined to existing federal student loans the applicant may have received for the purpose of repayment. Apply at www.collegefortn.org

Financial Aid

University Gift Aid

University scholarships, grants, and awards are made possible by the generosity of funds provided by individuals, alumni, outside foundations, and other organizations. The majority of awards are coordinated by the Financial Aid Office and based upon academic criteria as well as financial need. Individual academic areas administer some undergraduate scholarship programs for prospective and enrolled students as well. A separate application may be required.

University Gift Aid

Carson-Newman University has a large variety of institutional gift aid programs and opportunities that can often stack on other eligible federal and state aid. University scholarships are categorized into merit-based, performance based and need-based scholarships. These scholarships are limited to our traditional undergraduate students attending class on campus, pursuing their first associate's and/or bachelor's degrees, and are enrolled full-time. For a comprehensive list of university scholarships, see the Financial Aid Webpages on Types of Aid.

University Gift Aid Cap Policy

University aid is considered the last gift dollars applied to the student charges. The University reserves the right to reduce, modify, or cancel awards when aid limits are exceeded, and/or the University determines at any time you are no longer eligible for the assistance. No cash credit balance refunds will be generated from university funds as the last resource.

Six8 SCHOLARS PROGRAM

Created for students that have a heart for Christian servant leadership, this service-based academic scholarship program equips students for a life of interdisciplinary faith-based service. The Six8 Scholars program requires students to complete 50 hours of service per semester, 25 hours of servant leadership development per semester, and the following two academic courses during their time at Carson-Newman:

- ID-231 Intro to Biblical Svnt Ldrshp (2 credits) **spring of freshman year**
- ID-431 Stwrshp of Biblical Svnt Ldsp (2 credits)

Financial Aid

Withdrawal from the University

Students ceasing attendance from all classes before the close of the semester are considered withdrawn and must officially withdraw by contacting the Financial Aid Office. It is imperative to complete this process in order not to jeopardize future financial aid and to understand the earned financial aid calculation. The Financial Aid Office will process the withdrawal, regardless of whether a student has officially withdrawn or unofficially left, in order to determine the amount of financial aid a student has earned. Unearned financial aid will be returned to the appropriate program. Returning unearned financial aid may result in a balance due to the University. The process is completed by the Student One Stop Office, where tuition refunds are given as outlined under **Refunds** in the **Costs and Fees** section of this catalog.

A student who officially withdraws before the last date to drop with a W will be assigned W grades. A student who officially withdraws from the University after the last date to drop with a W will be assigned a grade of WP for courses the student is passing or WF for courses the student is failing. The grade of WP or WF will be determined by faculty evaluation of the student's performance up to the day the student is considered withdrawn from the University. The official withdrawal date is based on the date of notification to the Financial Aid Office of the withdrawal.

A student who ceases class attendance in all courses before the end of the semester and does not officially withdraw is considered to have unofficially withdrawn and will be administratively withdrawn from the University. Students who are administratively withdrawn from the University will receive a grade of WF for courses registered during the term of administrative withdrawal. The date of withdrawal for unofficial withdrawals is the last day of attendance as reported by the student's professors or at least the midpoint of the semester if

the student has federal aid. Exceptions to the midpoint may be reviewed on a case-by-case basis if appropriate documentation is provided by the professor. Using the midpoint may result in unearned financial aid being returned to the appropriate program. For information on how withdrawal from the university will affect financial aid eligibility, contact the Financial Aid Office.

Military Connected Students

Any individual covered by military or veteran education assistance programs under chapters 31 and 33 will be able to attend or participate in the course of education during the period beginning on the date on which the individual provides the educational institution with a Certificate of Eligibility, and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

A Certificate of Eligibility proves entitlement to veteran educational assistance and can also include a “Statement of Benefits” obtained from the Department of Veterans Affairs’ (VA) website, or a chapter 31 authorization received from a VR&E counselor.

In compliance with Section 103 of Public Law 115-407, Carson- Newman University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual’s inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33.

Benefit Programs

Carson-Newman University has been approved by the Tennessee Higher Education Commission to provide programs and courses of instruction to current military members, veterans of the United States Military and/or their dependents who are eligible for educational benefits through the U.S. Department of Veterans Affairs (USDVA).

The primary entitlement programs administered by the Military Services Office:

- Montgomery GI Bill® - Active Duty (MGIB-AD) Educational Assistance Program [Chapter 30]
- Vocational Rehabilitation & Employment (VR&E) Program [Chapter 31]
- Montgomery GI Bill® - Selected Reserve (MGIB- SR) Educational Assistance Program [Chapter 1606]
- Post 9/11 GI Bill® - Harry W. Colmery Veterans Educational Assistance Act [Chapter 33]
- Survivors’ & Dependents’ Educational Assistance (DEA) Program [Chapter 35]
- Veterans Work-Study Allowance Program
- Tennessee Support, Training and Renewing Opportunity for National Guardsman (STRONG) Act of 2017
- Federal Tuition Assistance

Carson-Newman University has been approved by the USDVA to participate in the **Yellow Ribbon Program**. Veterans or dependents of veterans who qualify for the Post9/11 GI Bill® (Chapter 33) must be 100% eligible to participate in the Yellow Ribbon Program. For information on current policies for the Yellow Ribbon Program, contact a University School Certifying Official or the Office of Military & Veterans Services.

Standards for Progress

Eligible recipients of VA Educational Benefits must be pursuing an educational objective, which is defined at Carson-Newman as leading to a certificate, an associate, bachelor, master, or doctoral degree. Recipients must be degree seeking students and designate an approved major and program of study. Recipients of educational benefits must work closely with an academic advisor to make certain that courses taken are part of degree requirements for their chosen academic program.

GI Bill ® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at <http://www.benefits.va.gov/gibill>.

Military Connected Students

Policies and Procedures

Federal guidelines and regulations are specific regarding eligibility to receive veterans’ educational benefits. Official decisions on eligibility are made by the VA or the appropriate government office and not the C-N Office of Military & Veterans Services.

To receive educational benefits, eligible recipients must be accepted for admission to the University. A Certificate of Eligibility (COE) or Notice of Benefits Eligibility (NOBE) must be submitted to the School Certifying Official. To obtain the COE, the student recipient must complete the application for VA Educational Benefits found on the U.S. Department of Veteran Affairs website. Recipients who have received VA educational benefits at another school and plan to transfer to Carson-Newman University must submit official transcripts from all colleges and universities attended to determine prior credit.

All veterans, National Guard, and Army Reserve recipients must submit a copy of their DD-214 and a copy of their Joint Services Transcripts or official transcript from the *Community College of the Air Force* (CCAF) to the Office of the Registrar for evaluation of transfer credit. See “Academic Credit through the Military” in the Admissions section for more information.

The Carson-Newman University online Veterans/Military Educational Assistance Packet including the **Recipient Statement of Understanding Agreement and Acceptance of Responsibilities** must be completed and submitted to the School Certifying Official before enrollment certifications will be processed. For additional information concerning Veterans Educational Benefits, please contact the Office of Military and Veterans Services or the School Certifying Official.

Enrollment certifications are submitted by the university’s School Certifying Official after the eligible student has completed the registration process. Applications and all supporting documents should be submitted at least eight weeks before the start of the first semester of enrollment for first time recipients. Certifications for first time Chapter 35 beneficiaries cannot be submitted until after the first day of class attendance of the first term of enrollment.

Students receiving VA Educational Benefits are responsible for notifying the School Certifying Official of any change in enrollment (drop, add, withdraw, etc.), as these changes could affect receipt of educational benefits.

ACADEMIC CREDIT THROUGH THE MILITARY

To award academic credit based upon military service experience, service members and veterans of the Army, Navy, Marine Corps, or Coast Guard must request and submit a Joint Services Transcript. Air Force members and veterans must submit an official transcript from the Community College of the Air Force (CCAF).

Military service members and veterans of all U.S. Armed Services, and members of the military reserve, may receive up to 40 hours of academic credit for military training based on recommendations of the American Council of Education. Credit is evaluated based on applicability to the declared major or degree of pursuit. If the declared major or degree changes after the service member or veteran enrolls, Carson-Newman reserves the right to re-evaluate military transfer credit and add or remove credit as it applies to the new declared major/degree. Consult the University Registrar or the Office of Military and Veterans Services for more information.

EXCESSIVE ELECTIVE or REPEATED COURSES

Excessive elective or repeated courses in which a passing grade (D or above) has been earned will not be approved for certification (except for courses in which a grade of “C” or higher is required for the major).

Dropped courses which result in either no credit or no punitive grade will adversely affect VA benefits from the beginning of the term and can create an over award/repayment situation for the student. A course for which a student received an Incomplete grade (I) must be graded within six weeks of the course’s final meeting or the beneficiary will be subject to retroactive adjustment in the semester’s training time, which in turn may result in an overpayment and recovery of benefits by the VA.

Satisfactory attendance, conduct and progress, as defined by the University, must be maintained in order to continue receiving benefits. VA Educational Benefit recipients who are placed on academic probation must meet academic progress standards in order to continue receiving VA educational benefits. To ensure progress, the record of each student receiving VA Educational Benefits will be subject to review at the end of each semester.

ENROLLMENT VERIFICATION

All students receiving VA education benefits must verify their enrollment each month.

If you are receiving VA education benefits through the Post 9/11 GI Bill®, MGIB_SR (Chapter 1606), MGIB-AD (Chapter 30) or DEA (Chapter 35), you can verify your enrollment in several ways: the VA’s online tool, text, [AskVA.gov](#), or phone call.

1. **Online:** Go to [VERIFY YOUR SCHOOL ENROLLMENT](#), scroll down to the blue box appropriate for your benefit, then sign in with your identity-verified account through either [ID.me](#) or [login.gov](#). Follow the prompts.
2. **Text:** When you first start your program, the VA will send you a text asking if you want to verify your enrollment by text. If you respond “yes,” the VA send you a text every month asking you to verify your enrollment. If you need to update your number, call the VA at 888-442-4551, Monday through Friday, 8:00 a.m. to 7:00 p.m. ET.
3. **Ask VA website:** You can verify your enrollment through [Ask VA](#). In your message, be sure to include the dates of your enrollment in school or training.
4. **Phone:** Call the VA student hotline at 888-442-4551, Monday through Friday, 8:00 a.m. to 7:00 p.m. ET.

For more information, please visit [Enrollment Verification instructions](#).

PRIORITY REGISTRATION

Student veterans and current service members (active duty, guard, or reserve) will be given priority status during early registration. This will allow those eligible to register on Day 2 of the 5 day early registration period. This process will ensure veterans and service members are able to get the classes that they need to best use their veteran and military education benefits and graduate within 4 years.

If a student has any questions, issues, or wishes to self-identify as a Veteran, they can contact the Office of Military and Veterans Services at (865) 471 - 4089 or at militaryservices@cn.edu. If self-identifying, an official DD214 or DD220 as appropriate must be furnished for verification purposes.

STUDENT STATUS

Full-term courses:

- Full-time = enrollment in 12 or more semester hours
- Part-time = enrollment is 11 or fewer hours
- Half-time enrollment is defined as 6 to 8 semester hours. Enrollment below 6 semester hours is considered less than half-time.

Graduate Programs:

For the purposes of Veterans Administration Benefits Eligibility, the university defines full-time course load for graduate programs as 9 credit hours per semester and 6 credit hours as three-quarter (3/4) time. For graduate programs taught in non-standard terms (less than 15 weeks in length), the following definitions apply: For programs taught in 7- or 8- week modules: 4.5 credit hours is defined as full-time, 3 credit hours is defined as three- quarter time.

TUITION AND FEE DEFERMENT

Students receiving education assistance benefits administered and provided by the United States Department of Veterans Affairs (USDVA) or under other government/military funded education assistance programs, **which are paid directly to the school**, will be eligible for deferred payment of the required tuition and fees. This includes students who are receiving benefits under **Chapters 31 and 33, Federal Tuition Assistance (FTA), and the TN Strong Act**. Approval for deferred payment is contingent upon a student beneficiary who demonstrates benefits eligibility with sufficient entitlement to cover tuition and fees and does not have an outstanding debt to the USDVA or Carson-Newman from prior semesters.

The deferred payment will be initiated with Carson-Newman's Student One Stop at the start of each term. The student's balance for the deferred payment will reflect all institutional, federal, and state financial awards, as well as the estimated pending aid from the USDVA or other military education benefit agencies. The student will be responsible for a one-time payment of the remaining balance or payment through an approved payment plan set up with Student One Stop. You must stay in good standing with the University in order to receive deferments for future semesters.

Students who receive education assistance benefits administered and provided by the United States Department of Veterans Affairs (USDVA) through **Chapters 35 or 1606** receive a direct payment from the USDVA to help cover the cost of their education. No money is paid to the university on behalf of the student. Students receiving benefits through chapters 35 or 1606, who have a balance after all other financial awards have been applied, are responsible for using the benefits received from the USDVA to pay their student accounts balance. The student may pay their balance either in one lump sum within the first 60 days of the term or by establishing a payment plan through Student One Stop.

GI Bill ® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at <http://www.benefits.va.gov/gibill>.

Student Life

The Division of Student Services encompasses student life outside the classroom. It provides leadership for a well-balanced co-curricular program and utilizes the Wellness Model with its six areas as a foundation for student growth and development. The six areas include: spiritual, social, emotional, career, physical and intellectual development. The co-curriculum is designed to support the mission of the University.

The Student Services Office is located in the Maddox Student Activities Center. The office phone number is 865- 471- 3235. Student Services offers a wide variety of programs and services under the supervision of the Vice President for Student Services. These services include Student Conduct, Residence Life, Student Experiences, Counseling, Health Services, Disability Services, Student Care and Advocacy, Campus Culture and Leadership Development.

Student Life

Academic Support Services

Carson-Newman University also provides a variety of Academic Support Services to assist students in maximizing their success in the classroom, in their personal lives, and in preparing for the future.

CENTER FOR GLOBAL EDUCATION

The Center for Global Education leads the University to strengthen its international and intercultural dimensions through curricular and co-curricular programs. Study abroad, the development of international institutional relationships, and International Student Services comprise the on- campus programs of the Center for Global Education. For additional information, contact the Director of Global Education.

COUNSELING SERVICES

C-N Counseling Services supports the mission of Carson-Newman University to help all students enhance their personal growth to reach their full God given potential as educated citizens and worldwide servant leaders. An invaluable resource, counseling helps students handle stress stemming from emotional, social, or academic difficulties. Counseling Services offers individual, couples and group counseling, crisis intervention, psycho-educational counseling, as well as online mental health assessments and referrals to community resources. All appointments are free and confidential. To set up an appointment, please call 865-471-3350, email counselingservices@cn.edu, or schedule online at myhelath.cn.edu. The offices of Counseling Services are in the Kathleen Manley Building, located directly across from First Baptist Church on the corner of Russell Avenue and Ken Sparks Way, next to Burnett Hall. For further information please visit the [Counseling Services webpage at Counseling Services | Carson- Newman University \(cn.edu\)](#)

DISABILITY SERVICES

Carson-Newman University seeks to provide reasonable accommodations to “otherwise qualified” students. To request accommodations, contact the Director of Disability Services, David Humphrey at dhumphrey@cn.edu or 865- 471-3268.

STUDENT CARE AND ADVOCACY

Student Care and Advocacy strives to help students navigate the challenges and the obstacles that EVERY student experiences. How we accomplish the mission:

- Connecting Students to on-campus and off-campus resources.
- Help students communicate with their instructors concerning excused absences.
- Provide ongoing follow-up and support as needed

Outcome we strive for: Students having the academic success and level of well-being they desire while reaching their full potential as educated citizens and worldwide servant leaders.

To contact Blair Vasquez, Director of Student Care and Advocacy, email at bvasquez@cn.edu or call 865-471-4083.

STUDENT SUCCESS CENTER

Located on the second floor of Stephens-Burnett Memorial Library, The Student Success Center and the Writing Center offer academic resources for all Carson-Newman students. The academic resources offered by the following:

Academic Success Coaching

Student academic coaching is available for all C-N students. Student Success Center coaches provide academic support for students by assisting them with study and time management skills and additional academic resource recommendations. Success Coaching is required for all first-year athletes, students taking ASE courses, and students in need of academic recovery. Appointments may be made online, and walk-ins are welcome.

Advising of Deciding Students

Students who have not declared a major are identified as “deciding” students. Through *intentional* advising by professional advisors, these students are guided through the early semesters of their college experience and ultimately on a decision to declare a major.

Career Development

Career Services staff assists students in developing a four-year major and career plan. Students are provided resources to enhance their skills in the areas of internships, job searches, and post-graduate life skills.

First-Generation Emphasis

Student Success is enhancing our First-Generation program to support and celebrate our first-generation students, faculty, staff, and alumni. Tri-Alpha, a First-Generation National honor Society, was officially awarded Chartership of the Delta Psi Chapter at Carson-Newman University on November 11, 2021. We invite our First-Generation students, faculty, and staff to consider membership.

Peer Tutoring

In person and online peer tutoring is available to all undergraduate students. These tutoring opportunities are geared towards the essential core academic classes. Late afternoon and evening opportunities are available free of charge.

The STORE

The STORE is the Career Closet and Food Pantry for Carson Newman University students in need of professional attire and/or facing food insecurities. The Career Closet, located in Baker Building Room 312, provides students access to professional and business casual attire for interviews, internships, and career fairs. The Food Pantry, located in Baker Building Room 310, provides non-perishable food items and personal care products for students needing additional support while attending C-N. All food and clothing items provided are NO COST to all current C-N students.

Student Life

Campus Ministries

Campus Ministries Mission

Campus Ministries exists to share the Gospel of Jesus Christ with all students on and off campus, disciple men and women in God's Word, and send students into ministry and missions to their neighbors and around the world (Matthew 28:19-20).

Students who live a life of mission or ministry while attending Carson-Newman will receive a **Ministry and Missions Cord** to wear with their graduation regalia.

Our Three-Part Mission

1. Share the Gospel

Create a culture of evangelism through events like:

- Campus Worship
- Wednesday Night Service
- Weekly Chapel Services
- Gospel Saturated Life Conference

2. Disciple Students

Help students study God's Word and develop a biblical worldview through:

- Small groups on campus
- Faith communities with local churches
- Various faith-based student organizations

3. Send Students Out

Prepare students for ministry through:

- Mission trips (fall, spring, and summer)
- Partnerships with local outreach centers
- Carson-Newman's Appalachian Ministries of the Smokies

Partner with local community outreach and ministry centers, including C-N's Appalachian Ministries of the Smokies. For more information about Campus Ministries, chapel schedule, mission trips, BCM, and other faith-based student organizations visit the [Campus Ministries' webpage](#).

Community Life and Worship (CLW) Program

The CLW Program integrates faith, gospel-centered ministry, global missions, education, and community for the entire Carson-Newman community.

Basic Requirements

All full-time undergraduate students must attend:

- 10 CLW events per semester
- At least 5 must be Chapel services (Tuesday 9:30 AM or select Thursday 9:30 AM)
- 5 Community Life events
- Total required: 70 events for graduation

Important CLW Rules

Banking Credits:

- You can attend more than 10 events per semester to bank extra credits
- **Chapel credits cannot be banked** - you must attend 5 chapel services each semester
- Extra chapel attendance only counts as general CLW credits

Final Semester:

- If you've completed 10 CLWs each semester, you're exempt from CLW requirements in your final semester
- Example: 4-year degree students complete CLW requirements in 7 of their 8 semesters

Attendance Tracking:

- Bring your valid C-N ID card to every event
- IDs are scanned at the end of each event
- Stay for the entire duration
- Check your attendance in Canvas
- Report discrepancies within 7 days

CLW Warning, Probation & Suspension Policy

Warning

You receive a CLW Warning if you:

- Fail to attend 10 CLWs in a semester, OR
- Don't meet the 5 Chapel requirement

To remove the warning:

- Make up missing CLWs/Chapel credits PLUS complete current semester requirements

Probation

You're placed on CLW Probation if:

- You fail to meet requirements while on warning

Probation requirements:

- Meet with Campus Ministries and your academic advisor
- Sign a contractual agreement outlining probation removal requirements
- Failure to meet probation requirements may result in suspension

Suspension

You're suspended from the University when:

- You fail probation requirements, OR
- You have 3+ failed CLW semesters

Suspension consequences:

- **First suspension:** 1 semester
- **Second suspension:** 2 semesters (noted on transcript)
- **Third suspension:** Subject to dismissal

Readmission After Suspension

Steps required:

1. Apply for readmission through the Office of Admissions
2. Write an appeal letter to the Suspension Review Committee
3. Submit CLW Suspension Appeal Application with supporting documentation
4. **Note:** Readmission is not guaranteed, and financial aid eligibility may be affected

Special Circumstances & Exemptions

Who is Exempt from CLW Requirements?

- Students who have completed 120 credit hours
- Students with a previous bachelor's or graduate degree
- Students who are 25+ years old by semester's end
- Students who are parents
- Online-only and graduate students (encouraged but not required)

To claim an exemption: Contact Campus Ministries to complete necessary paperwork.

CLW Virtual Completion Program

For students with scheduling conflicts:

- Work schedules
- Academic internships
- Commuter students unable to attend Tuesday chapel

Virtual program requirements:

- Watch 10 chapel services online
- Write 250-word summaries for each service
- Submit summaries by the last day of classes
- Apply by add/drop date each semester

Apply via: campusministries@cn.edu or Campus Ministries webpage

Note: Students on warning, probation, or suspension are not eligible.

Chapel Service Details

Timing & Access

- Tuesday mornings: 9:30 AM
- Select Thursday mornings: 9:30 AM
- Doors lock at 9:45 AM to avoid worship disruption

Conduct Expectations

- Appropriate dress required
- Engaged participation in worship and preaching
- Inappropriate conduct may result in denied CLW credit
- Verbal warnings given before credit denial

Student Life

Conduct and Title IX Policy

Student Conduct

Carson-Newman strives to help students become responsible in all aspects of their lives. In situations where students exhibit irresponsible/ disruptive conduct or violate university policy, disciplinary action may be implemented. Student conduct is governed by policies set forth in the Eagle Student Handbook and the Guide to Residence Life. When a violation occurs, students are afforded rights outlined by those documents. Infractions may be handled in a variety of ways depending on the severity and frequency of the violations. Please consult the Student Rights and Responsibilities section in the Eagle Student Handbook. The Division of Student Services reserves the right to contact a student's parent or guardian as appropriate in the event of problems associated with psychological concerns, health related problems, or other areas covered under the Student Services umbrella.

Title IX Policy and Grievance Procedures

The University maintains the following policy on sex discrimination and sexual harassment in compliance with Title IX of the Education Amendments of 1972 and the Title IX regulations in 34 CFR Part 106. The University provides notice of this policy to applicants for admission and employment, students, and employees to the extent required by law.

Discrimination of the Basis of Sex

The University does not unlawfully discriminate in its programs and activities on the basis of sex and complies with state and federal laws prohibiting sex discrimination. The requirement not to discriminate on the basis of sex applies to admissions, except undergraduate admissions as provided by Title IX. As a non-profit Christian institute of higher learning, the University exercises its rights under state and federal law to use religion as a factor in making employment decisions. Some regulations issued under Title IX relating to discrimination on the basis of sex are not consistent with the University's religious tenets and do not apply to the University (34 CFR § 106.12(a)). Questions or inquiries about the application of Title IX to the University's programs and activities may be addressed to the University's Title IX Coordinator, Garry Kelley. His office is located in Ted Russell Hall.

For the complete Title IX Policy, please see the Eagle Student Handbook or www.cn.edu/title-ix/.

Grievance Procedures

In accordance with our mission as a Christian University, Carson- Newman has established a General Complaint and Grievance Policy as well as procedures to assist students in resolving student complaints and concerns which are of a general nature, and which are not covered by other University policies and procedures. Complaints or grievances regarding academic/grade appeals, discrimination/harassment, sexual harassment, or student behavior/discipline are addressed by other institutional policies and procedures. For the complete policy and procedure for complaints and grievances, please see the appropriate section within **Eagle Student Handbook**.

The University maintains a policy on sex discrimination and sexual harassment in compliance with Title IX of the Education Amendments of 1972 and the Title IX regulations in 34 CFR Part 106. The University provides notice of this policy to applicants for admission and employment, students, and employees to the extent required by law. Title IX Grievance Procedures are published in the Eagle Student Handbook and at www.cn.edu/life-at-cn/title-ix/.

Student Life

Facilities

Center for Wellness

The Center for Wellness provides health education and promotion through campus activities, classroom lectures, and health campaigns. The Wellness Committee is composed of faculty, staff, and students who are committed to enhancing a healthy lifestyle across the campus.

Computers for Student Use

General access computers are in Stephens-Burnett Library (main floor) and available during open library hours. Many departments have computer labs available for students majoring in particular disciplines. Contact the academic department offices for more information.

Recreational Services

Recreational Services offer opportunities for physical exercise, social interaction, and enjoyment of the outdoors. Several day trips are offered each year, including hikes in the Smokies, biking, zip line adventures, and many more day activities in the region. Recreational Services plans a diverse intramural program which annually provides events of sports, card games, board games, and even online events. Hundreds of students participate in the popular team sports of softball, soccer, beach volleyball, and basketball. Other choices include billiards, Ping-Pong, tennis, spades, badminton, and cornhole. Some more unique choices are Connect Four, bowling, gaga ball, and “Family Feud”. Intramurals offer several employment and leadership opportunities for students. Student directors, game day manager, game day supervisors, officials, and a field crew are all a part of the intramural staff.

Maddox Student Activities Center

The Maddox Student Activities Center opens up a world of opportunities for students. The student lounge, Chick-Fil-A, and meeting rooms offer an inviting atmosphere for social interaction. The activity areas provide students with a running track, weight room, cardio room, three full-sized gymnasiums, and a game room. A swimming pool complemented by student lockers, showers, and dressing rooms tops off a wide array of facilities. The Recreational Services Office is located in the Maddox Student Activities Center, Room-1007, and the phone Number is 865-471-3345.

Student Life

Public Safety

Carson-Newman Department of Public Safety, located at 2209 Branner Avenue, handles the issuance of all campus ID's and parking decals, as well as being primarily responsible for providing a safe and secure environment for our campus community. Our department includes certified armed campus security officers as well as campus assigned police officers, who perform routine patrols of campus around the clock. C-N DPS is a 24/7 department. Our on-duty officers may be reached at any time by calling 865-548-9067.

Campus Alerts

Carson-Newman University has partnered with Vector LiveSafe®, a safety messaging app, to provide notifications to students, faculty, and staff in the event of an emergency. Every student is encouraged to utilize the mobile app. This system is used for both emergency and non-emergency notifications to allow direct two-way communication with C-N DPS. In the event of a campus emergency, messages may be sent by C-N DPS via push notification, text, and email to students who sign up for the service.

Student ID Cards

Students are encouraged to register for a student ID card prior to arriving on campus by clicking here [ID Card Registration \(wufoo.com\)](https://wufoo.com). Student ID card registration may also be completed in-person at the C-N DPS office during normal business hours. When replacing a lost or stolen student ID card, a replacement fee of \$15.00 may apply in some cases.

Vehicle Registration

All vehicles driven by students, faculty, or staff members must be registered with the Department of Public Safety as soon as possible. Students may register for a parking decal at the C-N DPS office during normal business hours, or online at [Carson-Newman Vehicle Registration \(wufoo.com\)](https://wufoo.com). Our campus parking regulations may be found on the department's website: [Revised-2022-ParkingRegulations.pdf \(cn.edu\)](#)

Student Life

Residence Life

Carson-Newman Residence Life Guide

Residential living is a significant component of your college experience that offers unique benefits:

Academic Success

- Research shows students living on campus have higher GPAs
- On-campus residents are more likely to graduate

- Better integration with academic resources and support

Personal Growth

- Build lifelong friendships
- Experience diverse cultures and backgrounds
- Participate in programs that complement classroom learning
- Develop independence and life skills

Community Connection

- Enhanced campus involvement
- Access to residence hall programs and activities
- Stronger connections with faculty and staff

Housing Requirement

All full-time students must live on campus unless they meet specific exemption criteria or receive approval to live off-campus.

Students are expected to be familiar with the Guide to Residence Life and actively participate in building campus community.

Off-Campus Living Approval

Automatic Approval Criteria

You may live off-campus if you meet **one** of these requirements before the semester begins:

- **Age:** 22 years old before the first day of fall semester
- **Credit Hours:** At least 90 credit hours (dual enrollment hours don't count)
- **Family:** Living with parent/legal guardian within 50 miles
- **Marriage:** Married and living with spouse

How to Apply

1. **Submit Form:** Complete the Off-Campus Living Approval Request Form through the student housing portal
2. **Note:** Having a lease does not guarantee approval

Appeal Process

If you don't meet the automatic criteria:

- Email ResidenceLife@cn.edu with your exemption request
- Explain why you need to live off-campus
- Your request will be reviewed by the Off Campus Appeal Board

Disability Accommodations: Contact the Director of Disability Services for ADA-compliant housing accommodations.

Campus Housing Details

Room Features

Each residence hall room includes:

- Bed
- Chest of drawers
- Desk and chair
- Cable TV service
- Wireless internet

You need to bring:

- Linens and bedding
- Personal items
- Any additional furniture or decorations

Building Amenities

- **Free laundry facilities** in every residence hall
- Various programs and activities
- Study spaces and common areas

Costs and Fees

Room Deposit

- **\$200 enrollment fee** required for all new students
- **\$150 of this fee** serves as your room breakage deposit
- Deposit is refundable if you properly check out with no damages

Residence Fee

- **\$75 non-refundable fee** per semester
- Supports residence hall programs and services
- Automatically included in your room charges

Important Notes

- Complete proper paperwork when changing rooms or checking out
- Failure to follow checkout procedures results in forfeiture of breakage deposit

Meal Plans

All residential students must have a meal plan.

- **First-year students:** Automatically assigned the unlimited meal plan
- **Returning students:** Choose your meal plan through the housing portal

Room Selection Process

Timeline

- **Access opens:** May 1st each year (or upon enrollment fee payment)
- **Portal access:** Use the student housing portal to select rooms and roommates

Roommate Requests

- **Must be mutual:** Both students must request each other
- **Submit through:** Housing application process
- **Deadline:** Follow housing portal deadlines

Steps to Secure Housing

1. Pay \$200 enrollment fee
2. Access housing portal
3. Complete housing application
4. Select roommate (if desired)
5. Choose room and meal plan
6. Complete any additional required forms

Important Reminders

- **Read the complete Guide to Residence Life** for detailed policies and procedures
- **Stay involved** in residence hall activities and campus community
- **Follow all housing policies** to maintain your room deposit
- **Contact Residence Life** with any questions or concerns

Contact Information:

- **Email:** ResidenceLife@cn.edu

Student Life

Community Services

COMMUNITY SERVICES

Appalachian Ministries of the Smokies (AMOS)

Appalachian Ministries of the Smokies (AMOS) demonstrates the love of Christ to others in need by providing services to the local area in East Tennessee. AMOS is a primarily volunteer based poverty relief ministry sponsored by the Division of Church Relations & Campus Ministries and the local community. The ministry includes home repair, a food pantry, a clothing ministry, a recycling program, and the Samaritan House. The Samaritan House is an emergency shelter for single women and women with children experiencing a housing crisis. This ministry includes children's programs, Tuesday night Bible study, mentoring, and life-skills training. For More information, visit the [AMOS website](#)

Baptist Collegiate Ministries

Baptist Collegiate Ministries (BCM) is a student-led volunteer organization that includes Wednesday night worship services, Christian growth groups, outreach teams, mission experiences, and fellowship.

Center for Baptist Studies

The Center for Baptist Studies hosts two annual lectures, the Carlyle Marney Lecture (fall semester) and the T. B. Maston Lecture (spring semester). In addition, the Center for Baptist Studies oversees the Oxford Studies program, which places two students at Regent's Park for Trinity term (late April-June). The purpose of the Center is to promote and nurture Baptist identity and heritage to student, faculty and staff, alumni, and friends of Carson-Newman. For more information, contact the Department Biblical and Theological Studies.

Center for Community Engagement

The Center for Community Engagement builds partnerships between the University and local community agencies and nonprofits by sharing knowledge and resources, supporting faculty service-learning programming, hosting campus events, and recruiting volunteers.

They provide service-minded students and community agencies (including churches, schools, sports teams, and other organizations) opportunities to serve local non-profits.

The CCE operates several scholarships that involve community service, including the Bonner Scholars Program, 6:8 Scholars, and the Community Connections Scholarship. Service Corps (Federal Work Study) positions for students serving at local non-profits are also organized by the Center for Community Engagement.

Academic Skills Enhancement Department

Students with low scores on the ACT, SAT, CLT and/or C-N Placement Exams will be required to take co-requisite courses Basic Writing Skills/Writing and Literary Studies and/or Intermediate Algebra II/Introduction to College Mathematics. ASE writing co-requisite courses are designed to be taken during the first semester of enrollment. ASE co-requisite math classes are designed to be taken during the first year of enrollment. In addition, ID 120 (Academic Strategies) will be offered to students needing additional study skills support while completing their ASE requirements or as a stand-alone requirement. A grade of at least a "C" is required to pass the ASE courses. Classes will be assigned based on individual subject ACT/SAT/CLT or Placement Exam scores and a student's high school GPA.

Students requiring a "CARE Team" will be advised by a Student Success advisor until satisfactory completion of their ASE courses. They will be allowed to take no more than 15 hours during the semester they are taking the ASE courses.

General ASE Rules:

- Student Success will assign ASE courses to student schedules
- Transfers are not required to take any ASE courses
- ASE courses should be completed by end of their first year at C-N (excluding retakes).
- ASE courses are not credit-bearing courses and do not count towards the 120 credit hours needed for graduation. Grades for ASE courses are not used to calculate the student's cumulative GPA.
- ASE courses can be counted for athletic eligibility.

Credit for academic skills enhancement courses does not satisfy any requirement for graduation from Carson- Newman University. However, academic skills enhancement credit hours and grades are used in determining athletic eligibility (first year only) and enrollment status for financial aid eligibility when required by the University to be taken.

- **ASE-031. Basic Writing Skills, 3 hours*, Fall, Spring**
Basic reviews and development of grammar, spelling, vocabulary, and composition (essay) skills and mechanics (taken with ENG-101ST).
- **ASE-070. Intermediate Algebra II, 2 hours*, Fall, Spring**
Additional skill development in college algebra. Placement based on ACT math score (taken with MATH-120ST).

ASE Department: Student Success ~ (865) 471-3567 studentsuccess@cn.edu

MATH-120 with ASE-070 (Stretch Math with separate lab)

Math ACT 17 or 18/ SAT 451-479/ CLT (17-18)/ C-N Placement Test (PT) – 8 or 9; GPA (2.99 or below)
 Math ACT 16 or below/ SAT 450 or below/ CLT 16 or below/ C-N PT – 7 or below; GPA (3.0 and above)

ENG-101 with ASE-031 (Stretch English)

Eng/Read ACT 17 or 18/ SAT 451-479/ CLT (18-19)/ C-N PT –Wr.0, Read 22 or below; GPA (2.99 or below)
 Eng/Read ACT 16 or below/ SAT 450 or below/ CLT 17 or below/ C-N PT –Wr.1, Read 23-25; GPA (3.0 or above)

ID-120 (Academic Strategies)

Math ACT 17 or 18/ SAT 451-479/ CLT (17-18)/ C-N Placement Test (PT) – 8 or 9; GPA (3.0 or above)
 Eng/Read ACT 17 or 18/ SAT 451-479/ CLT (18-19)/ C-N PT –Wr.0, Read 22 or below; GPA (3.0 or above)

MATH-120 with ASE-070 (Stretch Math with separate lab); ID-120 (Academic Strategies): CARE Team; Peer Tutoring

Math ACT 16 or below/ SAT 450 or below/ CLT 16 or below/ C-N PT – 7 or below; GPA (2.99 or below)

ENG-101 with ASE-031 (Stretch English); ID-120 (Academic Strategies): CARE Team; Peer Tutoring

Eng/Read ACT 16 or below/ SAT 450 or below/ CLT 17 or below/ C-N PT –Wr.1, Read 23-25; GPA (2.99 or below)

*Students with no scores will be evaluated the same as students with an ACT score of 16 or below.

**Students will also be evaluated holistically based on passing DE, AP, SAILS, State Dual Credit (SDC) course/scores.

ASE-030 - Reading Skills

ASE-031 - Basic Writing Skills

ASE-034 - Intermediate Algebra

ASE-070 - Intermediate Algebra II

Art Department

The Department of Art is housed in the 4-story Warren Art Building, which sits in the heart of campus and includes two art galleries, several classroom studios, a number of private student studios, color and black and white chemical darkrooms, a Macintosh computer design lab, classrooms, and faculty offices. The art faculty are active professionals who have published scholarly or creative works, exhibited their artworks extensively, and won awards on the state, regional and national levels. Art and photography majors participate in monthly juried exhibits of their work in the Student Gallery and have the opportunity for senior thesis exhibitions. Art and photography majors also have opportunities to gain valuable experience through art assistantships for credit or pay through the University Work Study program and through select internships. Mission The Department of Art strives to support and accomplish the overall mission and vision of Carson-Newman University, as a dynamic, vital, and visible academic department on campus. All our students are counseled toward a broad education in the liberal arts, to strive to create students who think critically and creatively and are knowledgeable about a wide range of disciplines. We seek to provide the general student the knowledge and ability to understand and appreciate the visual arts as an integral part of life.

We offer the Bachelor of Arts degree with a major in photography or a major in art with an emphasis in graphic design, painting and drawing, or art education. We seek to prepare majors in our department for entry-level professional careers in art, graphic design, photography, or teaching, or for entry into appropriate academic graduate programs at other institutions. We strive to foster the individual artistic goals of each student and facilitate the development and maturity of each student's art making and critical thinking skills toward the accomplishment of these individual goals. The Department of Art also works to make its program a center of focus for the visual arts in the community by hosting a number of art exhibitions which are open to the public each year in our two galleries and by employing faculty who are active professionally in local and regional events and projects related to the visual arts. The art major or the photography major requires six hours of the same language at the 100-level or higher deemed appropriate by the language placement exam.

Carson-Newman's Art Collection from Graduates

Each student graduating with a major in art or photography is requested to place a representative piece of his/her work in the permanent collection of the Carson-Newman University Department of Art.

Majors

- **Art** (required emphasis)
 - Drawing & Painting
 - Graphic Design
 - Photography
 - Teacher Licensure K-12
- Photography (*Teach-Out*)

Minors

- Art
- Art History
- Photography

Prerequisites

Courses within any specific medium must be taken in numerical sequence unless otherwise approved by the chair of the Department of Art. Transfer students whose proficiency in art is not equal to the entry level at Carson-Newman University are required to take remedial study as course audits.

Athletic Department

Carson-Newman University is a NCAA Division II school that competes at a high level in the South Atlantic Conference.

Varsity student-athletes may elect to receive one hour credit each year for participation in these activities. Maximum credit for any student is four hours. Such credit is elective and graded as satisfactory/fail only and does not count toward any major or requirement except as elective hours.

Biblical & Theological Studies Department

The School of Biblical and Theological Studies is located on the second floor of the Henderson Humanities Building. The Christian Studies major is designed to provide a foundational understanding of each major theological discipline. Christian Studies majors also have the opportunity to earn credit through practical experiences supervised by the faculty. A Biblical and Theological Studies faculty advisor will help the student plan a curriculum based on vocational goals. Majors can join Theta Alpha Kappa, the national Religion honor society. Opportunities also exist for students to study at Oxford University, intern with the Baptist Joint Committee for Religious Liberty in Washington, DC, participate in a travel seminar or an archaeological dig in the lands of the Bible, and enroll in international mission practicums. Majors are encouraged and assisted by the Biblical and Theological Studies faculty to pursue seminary or graduate studies following graduation. The background they receive at Carson-Newman University (including significant study offered in the biblical languages) makes our strongest majors eligible for advanced academic standing and significant graduate.

Majors

- **Biblical Languages**

The major in Biblical Languages, is skill oriented and consists of at least 15 credits in one biblical language (either Koine Greek or Biblical Hebrew) and a minimum of 12 credits in the other. The major is designed as preparation for graduate study in biblical studies.

- **Christian Studies** (*optional emphasis*)

- Biblical Studies
- Ministry to Children and Youth,
- Ministry Studies
- Missions

Minors

- Archaeology
- Christian Studies
- Greek
- Hebrew
- Missions
- Oxford Studies
- Religious Studies

AREAS OF STUDY COURSE OPTIONS:

Biblical Studies:

- BTS-302 Angels, Demons, Deities, and Devils (3 credits)
- BTS-313 Proverbs, Job, Ecclesiastes (3 credits)

Biology Department

The biology program is housed in Dougherty Science Center. Its facilities include the Chapman Research Laboratory, laboratory facilities for environmental studies, zoology, botany, microbiology, immunology, cell biology, anatomy/physiology, genetics, mammalian physiology, gross anatomy, and a greenhouse. Biology majors are eligible for membership in Beta Beta Beta, the national biology honor society. In addition to traditional courses, the department offers unique opportunities for individual studies through externships, independent projects, and teaching assistantships. Following graduation, alumni have entered a variety of vocational fields, including health professions, education, research, and industry.

Majors

- **Biology (BA)** (*optional emphasis*)
 - General
 - Health Professions
 - Research
 - Wildlife Ecology
 - Teacher Licensure - 6-12

The **research emphasis** in biology is intended for students interested in careers in research, industry, and college level teaching. These students should prepare for graduate study on either the master's or doctoral degree level. Their undergraduate requirements include those listed under the general emphasis.

The **Wildlife Ecology emphasis** is intended for students interested in pursuing graduate studies in the field of ecology or for those students who seek to gain employment with various private, state, or federal natural resources management agencies. Traditional coursework will provide students with a strong foundation in wildlife ecology and conservation principles, while field studies and internships will equip students with the necessary hands-on experience needed to pursue further studies or employment opportunities in this field.

For **teacher licensure 6-12 in Biology**, students must meet state-mandated requirements as well as complete the following curriculum.

- **Biology (BS)**

The Bachelor of Science in Biology is an intensive degree for students looking to pursue advanced studies in the biological sciences and/or employment in various fields of science.

Programs

- BIOL.BS - Biology (BS)
- BIOL.GENRL.BA - Biology-General (BA)
- BIOL.HPROF.BA - Biology-Health Professions Emphasis (BA)
- BIOL.RSRCH.BA - Biology-Research Emphasis (BA)
- BIOL.TCHSC.BA - Biology-Teacher Licensure Emphasis (BA)
- BIOL.WLDLF.BA - Biology-Wildlife Ecology Emphasis (BA)

BIOL-520 - Applied Human Gross Anatomy

Business and Economics Department

The Department of Business encourages students majoring in Business to complete second majors and minors. Students who choose to earn two majors within the Department of Business must follow the following policies: Students may choose two majors within the Department of Business from Accounting, Business Administration, Business Analytics, Finance/Economics, Management, Marketing, Sport Management, and Supply Chain Management. If Business Administration is one of the two majors, no classes beyond the common Business Core classes may count toward both majors. The Department cannot guarantee that students will be able to complete both majors due to scheduling constraints. Substitutions may not be approved. The Department of Business is located in the Ted Russell Hall. The computer lab features Windows operating systems connected to a campus-wide computer network. Majors within the department have opportunities for internships and other projects during the senior year. Alumni include a former president of American Banking Association, hospital administrators, entrepreneurs, nursing facility administrators, CPAs, and several CEOs.

Advanced Placement Credit

Students may receive credit for ECON-210 (Principles of Microeconomics) and ECON-220 (Principles of Macroeconomics) by achieving a score of 4 or higher on the College Entrance Examination Board's Advanced Placement exams in those subject areas. Students wishing to receive advanced placement credit must provide evidence of their score and pay a fee to the University for each credit hour awarded. The Department of Business accepts the following CLEP exams by the University's standards for a passing score: Accounting: ACCT-201, Business Administration: BAD-301, Economics: ECON-210, ECON-220, Marketing: MKT-300.

Grade Requirements

Students must earn the minimum grade of C in each course in the major and minor.

Majors

- Accounting
- Business Administration
 - Optional emphasis in Teacher Licensure 6-12
- Business Analytics
- Finance/Economics
- Management
- Marketing
- Sport Management
- Supply Chain Management

Minors

- Accounting
- Business Administration*
- Business Analytics
- Finance/Economics
- Management
- Marketing
- Sport Management

**Available only to non-business majors*

Transfer credit

Generally, courses from two-year institutions will not be accepted as equivalents for 300 or 400 level courses in any curriculum in the Department of Business. Any exception must be approved by the department chair.

Programs

ACCT.BS - Accounting (BS)
ACCT.MINOR - Accounting Minor
BAD.BS - Business Administration (BS)
BAD.MINOR - Business Administration Minor
BAD.TCHSC.BS - Business Administration-Teacher Licensure Emphasis (BS)

MKT-330 - Marketing in the Digital Era
MKT-350 - Consumer Behavior
MKT-400 - Marketing Management
MKT-407 - Mkt. Research Methods & Design
MKT-442 - Advertising & Promotions
SCM-301 - Supply Chain Management
SCM-310 - Global Supply Chain Management
SCM-401 - Procure., Negot., Law & Ethics
SCM-402 - Business Logistics
SCM-465 - Supply Chain Managmnt Intrnshp
SMGT-301 - Sport Management
SMGT-302 - Sport Facility & Event Mgt.
SMGT-304 - Behvrl Aspects of Sports &Coach
SMGT-330 - Sport Management Analytics
SMGT-400 - Sport Marketing
SMGT-401 - Legal & Ethical Envir of Sport
SMGT-405 - Financial Issues in Sport Bus.
SMGT-410 - Sport Management Seminar
SMGT-465 - Sport Management Internship

Campus Ministries Department

Campus Ministries is a biblically based and Gospel-focused ministry to all university students at Carson-Newman. We offer weekly chapel services to provide a formal worship experience and to preach God's Word to our students, faculty and staff. We train and employ student chaplains who are available to provide support to both students living in every residence hall on campus and those students who commute to campus. We disciple students by leading them to study God's Word and establish a Biblical worldview. Throughout the year, we offer ministry and missions training for all students who can participate.

Courses

CLW-101 - Community Life and Worship

Chemistry Department

Since many career paths are open to chemists, students should consult with academic advisers to determine which degree is most appropriate for their particular interests and abilities. Some typical careers of our graduates include the health professions (all branches), graduate school, teaching in the public schools (teacher licensure program), and direct entry into the workforce (government or industry).

The chemistry program is located on the third level of Dougherty Science Center. Major equipment holdings include atomic absorption, inductively coupled plasma (ICP), chromatographs (gas and HPLC), diode laser (with optics and oscilloscope), electrochemistry, nuclear magnetic resonance (90 MHz FT), spectrophotometers (UV-VIS, FTIR with library search, fluorescence), and mass spectrometers (GC and HPLC). Labquest™ is used in a number of labs for data collection and analysis (temperature, pH, electrochemistry, UV-Vis spectrophotometry, etc.). Additional major equipment shared with the department of biology for the biochemistry major includes centrifuges (preparative and ultracentrifuges), preparative and analytical chromatographic systems, gel electrophoresis, electroblotting, fluorescence imaging, microscopy and fluorescence microscopy, DNA sequences, biosensor, autoclaves, data analysis equipment (scanners, digital cameras, computers), cell culture (hoods, incubators, reactors), ultracold freezers, walk-in cold room and freezer.

Some departmental scholarship money is available, particularly to junior and senior chemistry majors. A \$30-\$50 lab fee is required for all laboratory and externship courses in the department.

AP Credit

To obtain AP credit for CHEM-103 and 104, students must score 4 or 5 on the AP exam (cannot receive pay or credit for CHEM-300).

Majors

- **Chemistry (BA)** (*optional emphasis*)
 - Health Professions
 - Teacher Licensure 6-12. Students must meet state- mandated requirements.

- **Chemistry (BS)**

The BS degree in chemistry requires at least 39 credits of chemistry and additional requirements as follows: No more than eight (8) credits of chemistry electives may be counted toward the 120 credit requirement for graduation. Since some of the supporting courses in math and physics also meet Liberal Arts Core Requirements, the student may have additional elective credits available for other studies. BS majors must serve as a laboratory assistant for at least one lab for one semester. The student may receive course credit (CHEM-300) or receive pay for this at the current rate established by the University.

- **Biochemistry**

The BS degree in biochemistry requires a total of 48 credits, including 4 credits of electives; some additional courses are strongly recommended. BS majors must serve as a laboratory assistant (CHEM-300) for at least one lab for one semester. The student may receive course credit (CHEM-300) or receive pay for this at the current rate established by the University. All chemistry majors must complete a minimum of 12 semester credits of 300 and/or 400 level chemistry courses at Carson-Newman University. All chemistry majors must have a minimum GPA of 2.0 in chemistry. A maximum of 6 credits research (CHEM 491-494) may be counted toward a degree in chemistry.

Programs

CHEM.BIOCH.BS - Biochemistry (BS)
CHEM.GENRL.BA - Chemistry-General (BA)

College of Prof. Studies Department

Carson-Newman's College of Professional Studies helps adults and working professionals reach their full potential by preparing them for meaningful careers and thriving lives.

We know that juggling work, home, and family is tough. Adding an educational goal makes it even more challenging. Choosing Carson-Newman to move you forward in your calling and career makes it possible to have the balance you're looking for without sacrificing any of the quality and rigor you'd expect from a world-class institution. Our programs work on an accelerated schedule that allows you to work in the way that you study best: in-person, online, or a mixture of both.

Our Vision

For over 150 years, Carson-Newman has provided an exceptional educational experience. Yet as the higher educational landscape continues to change, many adults and working professionals are seeking an affordable, distinctly Christian, transformational educational experience, one that will help them advance their careers, find meaning in their profession, and help them reach their full potential. Many adults and working professionals value this type of educational experience, yet they need flexible, innovative learning experiences that can fit into their work & life balance. Many of them may never be able to come to Jefferson City for these learning experiences. Whether a student is in west Knoxville, within the state of Tennessee in Nashville, outside the state in Atlanta, Austin, Lakeland, Tampa, or Orlando, or around the world in Brazil, India, or Vietnam, Carson-Newman's College of Professional Studies exists to help students reach their full potential by preparing them for meaningful careers and thriving lives.

Certificates

Undergraduate Cert.

- Addictions
- Behavioral Health
- Christian Leadership - *Sager Center*
- Christian Ministry - *Sager Center*
- Hospitality & Tourism Management
- Hospitality, Tourism and Lodging
- Human Resource Management in Hospitality
- Servant Leadership

Graduate Cert.

- Christian Counseling
- Christian Coaching
- Corporate Entrepreneurship

Undergraduate Majors

- Accounting (BS)
- Artificial Intelligence in Business (BS)
- Business Administration (BBA)
- Computer Science (BS)
- Elementary Education Non-Licensure (BA)
- Exercise Science (BS) ***Required Emphasis***
 - Exercise Science
 - Strength & Conditioning
- Homeland Security & Emergency Management (BS) ***Required Emphasis***
 - Digital Forensics
 - General
 - Management
- Hospitality & Tourism Management (BS)
- Marketing (BS)
- Psychology (BS)
- Professional Studies (BS)*
- Special Education Non-Licensure (BS)

****The Professional Studies major consist of three concentrations. A concentration is a group of classes that consists of at least 12 credits, with six (6) of those credits being upper division courses. These courses should be within an active major or in the same cognate area that is offered at Carson-Newman.***

Graduate Majors

- Accountancy (MACC)

The **Master of Accountancy** program is intended to prepare students for successful careers in accounting and analytics with an emphasis on professional certification. The curriculum is aligned with the content of the revised CPA exam and the knowledge and skills required for thriving accounting careers in public or private accounting. The online program emphasizes the core disciplines of financial accounting and data analytics, auditing and accounting information systems, and federal taxation. The integrated curriculum is provided through state-of-the-art instructional technology, small class sizes, and faculty deeply committed to meeting each student's learning needs. The program is designed to support our institutional mission

by emphasizing professional and personal ethics while offering students a path to become business leaders with a Christ-centered focus. The 30-credit Master of Accountancy will be delivered over 3 semesters (Fall, Spring, Summer). Courses will be offered on a rotational schedule with full and part-time admission available in the fall term and part-time admission available in the spring term.

- Homeland Security (MS)
 - Emergency Management
 - General

The **Master of Science in Homeland Security** program is designed to offer students an advanced level of understanding to manage emergencies, threats, and crises. This interdisciplinary program integrates principles of emergency management, homeland security, risk assessment, leadership, managing crises, and criminal justice, emphasizing theoretical knowledge and practical application skills while incorporating a Christian worldview.

Communication Department

The Communication program is located on the main floor of Henderson Humanities Building. The department's facilities include an Oral Communication Lab and Forensics suite on the fourth floor of Henderson, and the Digital Café: A Center for Digital Storytelling, a Mac-based media convergence laboratory and the production studio, both located on the fourth floor of the Stephens-Burnett Library.

Majors have several opportunities for practical experience within the department. Communication Studies students program and produce for a variety of video, film, and online productions; participate in a practicum through on-campus work in journalism, public relations, production, or sports information; produce campaigns for non-profit organizations; participate in film festivals; and participate in tournaments with the forensics team. Theatre students present three major productions a year in Gentry Auditorium and several smaller productions in Phoenix Theatre each semester. Communication Studies and Theatre majors, as well as nonmajor's, are eligible for membership in Alpha Psi Omega, the national honorary drama fraternity; the Society for Collegiate Journalists; and Pi Kappa Delta, a national honorary society for speech and debate.

The Communication Studies and Theatre majors require six hours of the same language at the 100-level or higher. For students with a high school background in a language, the 101 level is considered remedial and does not fulfill the required six hours. Communication majors, including students with an emphasis, also are required to develop a digital portfolio showcasing their communication skills and talents, as well as their progression through the program. Various courses will allow a student to develop the skills and content needed for an online portfolio, which ultimately will be a demonstration of the student's competency, creativity, and unique potential to possible employers, graduate programs, and others,

The successful creation of the portfolio is indicative of the acquisition of important communication competencies. Prior to enrolling in COMM-457, Communication majors will submit their portfolios for evaluation by the departmental faculty. To enroll in COMM-322, students' portfolios must "pass without reservations" or "pass with reservations." Students whose portfolios do not pass must resubmit their portfolios to the Communication faculty the next semester. Students are not permitted to enroll in COMM-457 until their portfolios are passed by the departmental committee. Students who are interested in COMM-305 or a communication internship must receive "pass without reservations" on their digital portfolios prior to enrolling in those courses.

Film and Digital Media at Carson-Newman University is an interdisciplinary major. Courses are taught in the Departments of Communication and English, as well as other disciplines. Film students are able to use the resources of the Digital Café: A Center for Digital Storytelling and Carson-Newman's Production Studio. Film and Digital Media majors follow a sequential curriculum which includes classes on aesthetics, production, film and society, and international cinema. By their senior year students choose one area for their advanced, senior project. The program is designed for students with academic or professional interest in film and filmmaking, and it offers students the opportunity to apply for internships through the Los Angeles Film Studies Center and other organizations.

Majors

- Communication Studies (*optional emphasis*)
 - Church Media
 - Digital Media
 - Marketing
- Film and Digital Media (*Teach-Out*)
- Theatre (*optional emphasis*)
 - Teacher Licensure K-12, students must meet state- mandated requirements

Minors

- Communication Studies
- Digital Media
- Film
- Speech
- Theatre

Programs

COMM.CRHMED.BA - Communications-Church Media Emphasis (BA)

Counseling Department

Accreditation

The MSC Professional School Counseling program and the MSC Clinical Mental Health Counseling program are fully accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). School Counseling licensure programs are approved by the Tennessee State Board of Education. The Dual Degree program requires the successful completion of all course work for MSC and CACREP accredited programs.

The **Master of Science in Counseling** program at Carson-Newman provides high-caliber academic study along with firsthand experiences in clinical and school settings. Our local, state and national affiliates offer professional development, networking opportunities and a glimpse into real-world counseling scenarios.

We understand that students bring their own personal stories to the study of counseling, and this breadth of life experiences and worldviews enhances the diversity of our programs. Our collaborative learning environment fosters both academic and professional success and sets the stage for long-term relationships with faculty, counseling professionals and classmates.

Carson-Newman offers three specialization options:

- Clinical Mental Health Counseling
- Professional School Counseling
- A dual degree in both Clinical Mental Health and Professional School Counseling

Program of Study

The Master of Science in Degree Specializations in both Clinical Mental Health Counseling and Professional School Counseling are fully accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). Students in the GSC programs follow a cohort model and are expected to adhere to their Plans of Study. Failure to follow a Plan of Study as laid out by their advisor may result in delayed graduation. Students work with their faculty advisors to make necessary modifications to develop their Plans of Study to meet credentialing requirements. Licensure as a Professional Counselor or Marriage and Family Therapist requires supervised counseling beyond the graduate degree and specific examinations required for the licensure area.

Additional licensure requirements may be necessary for some areas of specialization. All students in the Clinical Mental Health and Professional School Counseling Specializations are required to complete a comprehensive examination. Passing scores of the examination are required for the receipt of the MSC degree in Clinical Mental Health Counseling. Students in this program are encouraged to take the National Counselor Exam prior to graduation.

Mission Statement

The mission of Carson-Newman Graduate Studies in Counseling program is to provide high quality training and curricular experiences to graduate students who have a passion for service, leading to eligibility for licensure as a professional counselor in mental health and PK-12 school settings. We are honored to produce ethically and culturally competent counselors who demonstrate professional leadership, dedication to social justice, and commitment to client advocacy for the people of the Appalachian region and the broader pluralistic nation and world.

Program Goals

To fulfill our mission, the Graduate Studies in Counseling (GSC) faculty established the following program goals to guide training of our students. The GSC program will provide counselors-in-training with: Knowledge and understanding of human development, helping processes, and evidence-based counseling approaches that build on client strengths.

- Skills to deliver prevention, intervention, and advocacy services to individuals, groups, and families.
- Preparation to be reflective practitioners whose professional dispositions reflect a high commitment to continual development of self and professional competencies.
- Capability to deliver a standard of care that is consistent with the ethical guidelines approved by professional counseling associations and Carson-Newman University.
- Ability to develop holistic, multicultural competencies and strategies to work effectively with diverse client populations.

Program Objectives

As a result of successfully completing a specific GSC program, graduates will be able to:

- Demonstrate an understanding of the counseling profession, develop an identity as a counselor, and demonstrate willingness to provide counseling services within the ethical guidelines of the counseling profession.
- Gain significant knowledge of major counseling theories in the context of individual and group counseling and apply this understanding to the counseling process.
- Demonstrate effective individual counseling techniques that facilitate client growth and demonstrate the ability to evaluate progress toward treatment goals.
- Develop an understanding of the social and cultural influences on human behavior and to recognize the impact of individual differences on the counseling process.
- Develop both theoretical and experiential understandings of group purpose, development, dynamics, counseling theories, group counseling methods and skills, and other group approaches.
- Develop an understanding of developmental aspects of human growth and appreciation for the nature of human development and its integration within the counseling process.
- Develop an understanding of career development and related life factors and the effects on an individual's mental health and lifestyle and its application within counseling.
- Gain significant knowledge of counseling models applicable to children and adolescents and demonstrate use of those models with youth.
- Develop the ability to read, critique, evaluate, and contribute to professional research literature.
- Gain knowledge and skills in assessment techniques and apply basic concepts to individuals and group appraisal.
- Develop an integration of knowledge and skills needed for effective counsel or practice through supervised practicum and internship experiences.
- Develop professional and personal reflection as an integral practice of effective counseling and demonstrate ability to use it to strengthen counseling competencies.

Program Objectives for Clinical Mental Health Counseling

In addition to the core objectives, clinical mental health counseling program graduates will be able to:

- Gain knowledge of holistic mental health counseling model and apply this understanding to prevention and intervention approaches with individuals from a variety of etiological, familial, personal, and environmental contexts.
- Gain knowledge of family systems in a multicultural society and apply this understanding to the helping process.

Program Objectives for Professional School Counseling

- In addition to the core objectives, professional school counseling program graduates will be able to:
- Demonstrate an understanding of how to design, implement, and evaluate comprehensive developmental school counseling programs.
- Gain significant knowledge in directing school counseling services to close gaps in achievement, opportunity, and aspiration to enable all students to meet school success.

Repeating a Course for a Grade

Graduate students may repeat any course for which they receive an "F." Courses in which a passing grade is earned are not repeatable except grades of "C" needed to regain academic good standing. When a course is repeated, only the most recent grade with no additional hours attempted will be used in calculating grade averages. Stated differently, the LAST grade earned will be the grade of record and will be used to determine if University requirements have been satisfied.

Research Options

Research study is integrated in some manner in each of the courses offered. All graduate degree candidates are expected to complete research assignments and requirements for their respective programs in compliance with guidelines established by the Institutional Review Board of the Graduate and Professional Studies Committee. Students are required to work with course instructors to follow course requirements in research areas and to receive information on what the work in the specific class requires.

Residency Requirements

CACREP accreditation is the industry standard for quality and any program with this designation can be viewed as rigorous and providing excellence in counselor training and education. The specific course hours must be approved by the Director of the Graduate Studies in Counseling program. Transfer credit for the Counseling program will be reviewed as follows:

- Any credit hours allowed for transfer must be from a CACREP accredited program.
- Counseling Practicum must be completed at Carson-Newman University (3 credits)
- Counseling Internship must be completed at Carson-Newman University (6 credits)

- One third of credit hours in the program must be completed at Carson-Newman University

Time Limit to Complete Degree

Graduate work for the MSC degree must be completed within five (5) years of admission into the program.

Dual Degree Program (MSN/EdS)

The Master of Science in Counseling and Educational Specialist Dual degree is designed for students who want to complete CACREP training in both the Master of Science in Counseling in Professional School Counseling and in Clinical Mental Health Counseling. Through this degree option, students are allowed to move from one area of specialization of counseling into another specialization during their entry level preparation for both. However, both specialization trainings are required to be completed before either degree (MSC/EdS) is conferred.

The Master of Science in Counseling would not be awarded until the completion of the EdS degree. Upon receipt of the EdS, the students would have met all the requirements for both specializations (Professional School Counseling and Clinical Mental Health Counseling). This dual degree option requires that the coursework for both degrees be completed at Carson-Newman. Students work with their faculty advisors to make necessary modifications to develop their Plan of Study to meet credentialing requirements. All students who complete the Dual degree program are required to take the National Counselor Exam and the Praxis II: Professional School Counselor (5421). Passing scores on these exams are required for the receipt of the MSC/EdS degree in Professional School Counseling and Clinical Mental Health Counseling.

Educational Specialist in Counseling

Students who have already completed a master's in counseling with a specialization in Clinical Mental Health or Professional School Counseling can now earn the Education Specialist credential. To do so, they must return within five years to complete the other specialization required for the EdS credential.

Education Department

Carson-Newman education graduates are highly sought after because of our strong reputation for developing excellent teachers, counselors and administrators called to lifelong leadership, learning and service. During your time at C-N, you'll be part of a department with a distinctive sense of camaraderie and shared purpose. Faculty are not only outstanding academicians but also talented teachers with extensive experience in K–12 settings.

In line with the mission of the university to prepare educated citizens and servant leaders, the School of Education & Counseling seeks to develop caring and professionally competent teachers, counselors, administrators, and other professionals, who feel called to lifelong commitments to leadership, learning, and service.

For individuals who do not wish to earn a teaching license, all areas are also available in degree programs without licensure. In addition, our department offers a Human Exceptionalities major, which can be customized to meet prerequisites for admission to graduate programs in Occupational Therapy (OT) or Speech and Language Pathology (SLP).

The Teacher Education Program of Carson-Newman University is being constantly refined to meet the State of Tennessee's new licensure requirements for teachers. As a result, there may be changes in the course offerings and in the program requirements for students preparing to become teachers. Interested students should stay in contact with the Department of Education, via the University website and email, to be aware of any changes that may affect them.

Majors

Bachelor of Arts

- Elementary Education - Non-Licensure
- Elementary Education - Teacher Licensure K-5
- Elementary Education – (K-5) & TESOL (Teaching English to Speakers of Other Languages) with Dual Licensure
- Elementary Education (K-5) & Special Education with Dual Licensure
- Middle Grades Education – Teacher Licensure 6-8
 - With chosen emphasis in English/Language Arts, Science, Social Studies, or Math
- Teaching English to Speakers of Other Languages (Pre-K-12)

Bachelor Science

- Special Education (Non-Licensure)
- Special Education K-12 Comprehensive
- Special Education K-8 Interventionist
- Special Education 6-12 Interventionist

Minors

- Education

Accreditation

Carson-Newman is accredited by the Council for the Accreditation of Educator Preparation (CAEP), and its teacher licensure programs are approved by the Tennessee State Board of Education. Satisfactory completion of the Teacher Education Program with an approved subject area fulfills Tennessee licensure requirement and those of most other states. Any student desiring licensure in other states should check the licensure requirements of those particular states.

Admission to Teacher Education Program, Student Teaching, Graduation and Licensure

Requirements for admission to the Teacher Education Program, student teaching, graduation and licensure are published in the current edition of the Teacher Education Program Handbook. The handbook is maintained by, and available in, the Education Department. Because the Tennessee Department of Education changes requirements, it is the student's responsibility to regularly check the Teacher Education Program Handbook for admission requirements. Majors in teacher education programs complete a full semester of student teaching during the senior year with placement in two different settings, in addition to practica during their college career. Teacher candidates are expected to be in the schools for the full day, following the same schedule as their cooperating teacher. A student teacher cannot be paid for being in the classroom. Students seeking an initial teaching license in Tennessee are required to have completed all methods courses at Carson-Newman University. Student teachers cannot take any courses during their student teaching semester except in extreme circumstances, and then no more than one course, which must be the last course needed for licensure or degree. Approval to take a course during student teaching must be obtained from the student's advisor and department chair. Student teachers are required to carry liability insurance during all practica as well as during the student teaching experience. Students with appropriate grade point averages are eligible for affiliate membership in Kappa Delta Pi. Students may join the Student National Education Association and Best Buddies.

Appeals Procedures

Students who wish to appeal admission requirements, either to the Teacher Education Program or to the student teaching semester, must follow the procedures outlined in the Teacher Education Program Handbook.

Course substitutions

Course substitutions may be made at the discretion of the department chair and/or dean so long as the substituted course contributes to the intended student learning outcomes of the program/major in which the substitution is being made.

Curricula for Early Childhood, Secondary, and K-12 Licensure Programs

Those students who desire licensure in Business Education, Biology, Chemistry, English, History, Mathematics, Music, Physics, Political Science, Physical Education, Psychology, Spanish, Theatre, Visual Arts, and Family and Consumer Sciences should consult the content area section of the University catalog for their licensure area requirements.

Education Partnership Advisory Council

The Education Partnership Advisory Council is an advisory group made up of sub-groups of students, faculty, and community representatives from P-12 schools and the private sector. These groups provide leadership in developing and evaluating curricula, programs, and policies for the education unit.

Facilities

The Department of Education is located on the first level of Stokely Memorial. Its facilities include the Cole-Little Curriculum Laboratory, containing elementary and secondary textbooks required by the Tennessee Department of Education as well as the Lynn Alexander Children's Literature Collection, and the Morgan Computer Laboratory. Nine of the classrooms in Stokely are also equipped with interactive whiteboards, and the wireless network is available throughout the department for student use.

General Requirements and Recommendations for Licensure

Students will be recommended for licensure in their chosen fields to the Tennessee State Department of Education after being admitted to the Teacher Education Program, completing required courses, passing required content area exams, and completing a semester of student teaching. All students are required to complete practicum and student teaching experiences. Before any practicum experiences will be assigned, students will be required to clear a background record check and provide proof of liability insurance. Field placements will not be at a distance greater than 50 miles from our main campus in Jefferson City.

Transfer students

Transfer students in liberal studies with elementary education may not substitute coursework from two-year institutions for 400-level courses. Transfer students should contact the Teacher Education Director of Certification at 865-471-3444 to ensure completion of appropriate requirements

English Department

With depth and breadth of studies, the Carson-Newman English Department challenges students to think, read and write critically. As you explore literature and composition from a wide range of perspectives, you'll be encouraged to develop your own insights and to find your voice. Through traditional literature and composition courses blended with topics on contemporary issues, you'll consider applications for faith and life.

ACT Scores

Students with low ACT scores in English will be required to complete a course in basic writing skills (ASE-031) prior to enrolling in ENG-101. The Liberal Arts Core requirement can be met by: (1) completing ENG-101 and ENG-201 or (2) taking the CEEB exam: a score of 4 or 5 on the CEEB entitles a student to credit for ENG-101 or (3) taking the CLEP exam: must pass both the essay and the objective sections of the Subject exams entitled Freshman English to receive credit for ENG-101.

Honors Society

Majors are eligible for membership in Sigma Tau Delta, the English honor society. Ampersand, a journal for student writing, is published by the Department of English. Students earning an English major must demonstrate competency in a modern foreign language at the sophomore (201/202) level or achieve equivalent credit through placement tests.

All English majors are required to take 39 credits in English, including 24 credits General Requirements and 15 credits from an emphasis area. ENG-101, 201 and 301 do not count as credits toward the major requirement.

Exercise Science Department

The Exercise Science program at Carson-Newman prepares you for a wide range of careers related to maximum performance of the human body. Exercise Science is a rigorous program for students aspiring to work in an Allied Health field such as physical therapy, occupational therapy, physician assistant, medicine, athletic training, cardiopulmonary rehab, strength and conditioning, corporate wellness, chiropractic, coaching, or personal training. Students will explore human movement and human physiology and will gain an in-depth understanding of how physical activity affects the human body, with hands-on experience is built in throughout the coursework.

Major

- Exercise Science (*required emphasis*)
 - Exercise Science
 - Strength & Conditioning

EXERCISE SCIENCE CAREERS

- Athletic training
- Cardiopulmonary rehabilitation
- Chiropractics
- Clinical exercise physiologist
- Coaching
- Corporate wellness
- Medicine
- Occupational therapy
- Medicine

Family and Consumer Sciences Department

Located in Blye-Poteat Hall, the Department of Family and Consumer Sciences has expanded, state-of-the-art laboratories and classroom facilities for fashion merchandising and design; interior design; foods, nutrition, and dietetics; career and technical education; and child and family studies. In a nearby facility is the Child Development Laboratory (CDL) with a classroom for preschool children, playground, and conference rooms for staff, parents, and student teachers. All areas of study within the department include a senior internship program for application of college concepts and training. Family and consumer sciences majors, except those in integrated early childhood, complete a one-semester cooperative learning experience at the cooperative management and housing laboratory, Duncan Hall, located on Russell Avenue.

Family and consumer sciences majors may join the Carson-Newman student member section of the American Association of Family and Consumer Sciences, the Association for the Education of Young Children, the Student Academy of Nutrition and Dietetics, the Fashion Merchandising and Design Society, the Interior Design Student Organization, and may be eligible for membership in Kappa Omicron Nu, the FCS national scholastic honor society.

Accreditation

The Carson-Newman Department of Family and Consumer Sciences (FCS) is accredited by the American Association of Family and Consumer Sciences (AAFCS) Council for Accreditation. The Didactic Program in Dietetics (DPD) is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND).

Majors

- Child and Family Studies (*optional emphasis*)
 - Integrated Early Childhood: Teacher Licensure-PreK-Grade 3
 - Integrated Early Childhood: Non-Licensure
- Family and Consumer Sciences (*requires emphasis*)
 - Event Planning & Design
 - Education–Teacher Licensure - 6-12
 - Non-Licensure
- Fashion Merchandising and Design
- Foods and Nutrition (*optional emphasis*)
 - Dietetics
- Interior Design

Minors

- Fashion
- Interior Design

Additional Endorsement in Family and Consumer Sciences in Teacher Education

For additional endorsements in family and consumer sciences education, a student must complete the requirements for family and consumers sciences education and the following additional requirements (13-14 credits):

Early Childhood Care and Services (9-12):

- IEC 420* Play-based Integration in an Early Childhood Classroom (3 credits)
- IEC 422* Administrative Practices for Integrated Early Childhood (4 credits)
- CFS 465* Internship in Child and Family Studies (3 credits)
- CSE 425* Occupational Family and Consumer Sciences Education (3 credits)

Food Production Management Services:

- FN 313* Quantity Food Systems (4 credits)
- FN 316* Experimental Food Science (4 credits)
- FN 466* Field Experience in Foods, Nutrition, and Dietetics (3 credits)
- FCSE 425* Occupational Family and Consumer Services (3 credits)

Located in Blye-Poteat Hall, the Department of Family and Consumer Sciences has expanded, state-of-the-art laboratories and classroom facilities for fashion merchandising and design; interior design; foods, nutrition, and dietetics; career and technical education; and child and family studies. In a nearby facility is the Child Development Laboratory (CDL) with a classroom for preschool children, playground, and conference rooms for staff, parents, and student teachers.

All areas of study within the department include a senior internship program for application of college concepts and training. Family and consumer sciences majors, except those in integrated early childhood, complete a one-semester cooperative learning experience at the cooperative management and housing laboratory, Duncan Hall, located on Russell Avenue.

Family and consumer sciences majors may join the Carson-Newman student member section of the American Association of Family and Consumer Sciences, the Association for the Education of Young Children, the Student Academy of Nutrition and Dietetics, the Fashion Merchandising and Design Society, the Interior Design Student Organization, and may be eligible for membership in Kappa Omicron Nu, the FCS national scholastic honor society.

Grade Requirement

Courses marked with an asterisk (*) require a minimum grade of "C" for students in the following programs:

- Child and Family Studies: Integrated Early Childhood
- Family and Consumer Sciences Education
- Foods and Nutrition with Dietetics emphasis

Exception: Foods and Nutrition majors with Dietetics emphasis must earn a grade of "B" or better in FMD-141, FN-114, FN-214, and FN-310.

Teacher Licensure

Students wishing to receive licensure in integrated early childhood (PreK-3) or family and consumer sciences education (grades 6-12) must be a major and meet the requirements of the Department of Education. Because the Tennessee Department of Education changes requirements, it is the student's responsibility to regularly check the Teacher Education Handbook for admission requirements.

Graduate Studies in Business Department

Take your career to the next level with the one of Carson-Newman's graduate degrees offered through the Business Department.

Programs

Master of Business Administration *(Optional Specialization)*

- Communications
- Entrepreneurial Leadership
- Healthcare Entrepreneurship
- Human Resource Management
- Internship
- Leadership
- Marketing
- Military Leadership
- Nonprofit Leadership
- Operations Management
- Sport Management

The **Master of Business Administration** program at Carson-Newman University is a professional level graduate degree for students from diverse fields and academic backgrounds. This degree is designed to prepare qualified students and working professionals for positions of increasing responsibility and leadership through in-depth education of the functional areas of business. The program emphasizes critical and strategic thinking, communication skills, development of managerial skills, real- world applications, ethics, and leadership, taught in an integrated curriculum by caring faculty with a coordinated approach using state of-the-art instructional technology. At appropriate intervals students will be required to apply and integrate the knowledge they have accumulated into specific business situations. Students with degrees in all major fields of study from accredited institutions are encouraged to apply. However, there are prerequisite business course requirements to enter the program. These prerequisites may be satisfied by completing the appropriate undergraduate courses or by alternate means with advice of the student's advisor and permission from the course instructor.

The MBA degree program requires a minimum of 30 graduate credits and must be completed within five years of full acceptance into the program. A minimum of 21 credits of coursework in the MBA must be earned at Carson-Newman.

Specializations are only offered when there are at least 7 students in each section.

Mission Statement

The mission of the MBA program at Carson-Newman University is to prepare students to meet the expectations of business by training graduates who will be effective communicators and dynamic problem solvers who can apply Biblical business practices and the principles of servant leadership. Graduates should possess the skills of active listening, skilled writing, and engaging public speaking as well as the ability to identify problems, to research and apply knowledge to develop and implement problem-solving strategies.

Program Goals

The program is designed for students to achieve the following learning goals:

Analyze and synthesize information across disciplines/functions in order to evaluate business opportunities and make sound business decisions.

Evaluate business environment and opportunities and devise strategies for responding effectively to problems, threats, and opportunities. Construct and communicate well-organized and relevant business information using oral, written, and presentation mediums.

Demonstrate and apply appropriate management science and analytical tools to create credible solutions.

Formulate a personal leadership philosophy that is Biblically principled.

Demonstrate the application of academic research to business problems.

Qualifying Seniors in an Undergraduate Degree Program

Rising seniors in Carson-Newman's residential undergraduate program are eligible to apply to the MBA program for conditional acceptance. Students must be classified as a senior (90 credits) when taking graduate MBA (500-level) courses, must enroll full-time as an undergraduate (at least 12 credits from 100-400 course levels) and must have a cumulative 2.5 GPA.

An undergraduate student in the MBA program may take no more than 6 credits (two courses) during their senior year and no more than one (1) graduate course may be taken at a time. Students can include these graduate credits in their semester load of up to a maximum of 17 total credits and not pay additional tuition. MBA courses may not be used to satisfy the requirements for the bachelor's degree. A student must complete a bachelor's degree before they are fully admitted into the MBA program. Additional stipulations apply, please see the application for graduate credit for all criteria and requirements.

Research Options

Research study is integrated in some manner in each of the courses offered. All graduate degree candidates are expected to complete research assignments and requirements for their respective programs in compliance with guidelines established by the Institutional Review Board of the Graduate and Professional Studies Committee. Students are required to work with course instructors to follow course requirements in research areas and to receive information on what the work in the specific class requires.

Residence Requirement

All but nine hours of the course work in the MBA degree must be taken at Carson-Newman University. Courses taken on the Carson- Newman University campus or online, independent studies, thesis, other research, and internships will meet the residency requirements.

Time Limit to Complete Degree

Graduate work for the MBA degree must be completed within five (5) years of admission into the program.

Master of Science in Marketing

The Master of Science in Marketing is designed to prepare qualified students and working professionals for positions of increasing responsibility and leadership through in-depth education of critical skills and processes for marketers. The program emphasizes critical and strategic thinking, communication skills, development of managerial skills, real-world applications, ethics, and leadership, taught in an integrated curriculum by caring faculty with a coordinated approach using state-of-the-art instructional technology. At appropriate intervals students will be required to apply and integrate the knowledge they have accumulated into specific business situations.

Students with degrees in all major fields of study from accredited institutions are encouraged to apply. However, there are prerequisite business course requirements to enter the program. These prerequisites may be satisfied by completing the appropriate undergraduate courses or by alternate means with advice of the student's advisor and permission from the course instructor. The MS Marketing degree program requires a minimum of 36 graduate credits and must be completed within five years of full acceptance into the program. A minimum of 27 credits of coursework in the MBA must be earned at Carson-Newman.

Mission Statement

The mission of the Master of Science Marketing program at Carson-Newman University is to prepare students to meet the expectations of businesses by training graduates who will be effective communicators and dynamic problem solvers who can apply Biblical business practices and the principles of servant leadership. Graduates should possess the skills of active listening, skilled writing, and engaging public speaking as well as the ability to identify problems, to research and apply knowledge to develop and implement problem-solving strategies.

Program Goals

The program is designed for students to achieve the following learning goals:

1. Strategic Thinking: Develop students' ability to think strategically and critically in the marketing domain, equipping them with the skills to analyze market trends, consumer behavior, and competitive landscapes. Emphasize the creation of innovative marketing strategies that align with organizational goals and adapt to changing market dynamics.
2. Communication Excellence: Enhance students' proficiency in all forms of communication relevant to marketing, including digital, verbal, and written communication. Focus on building strong storytelling skills, persuasive messaging, and the ability to craft compelling brand narratives that resonate with diverse audiences.
3. Faith Integration: Embed Christian values and principles into the marketing curriculum, encouraging students to approach marketing with integrity, ethical consideration, and a sense of purpose. Highlight the importance of faith-based decision-making in navigating ethical dilemmas and fostering positive societal impact through marketing practices.
4. Career Development: Prepare students for successful careers in marketing by providing practical experiences, industry networking opportunities, and professional development resources. Emphasize the cultivation of leadership skills, personal branding, and a lifelong learning mindset to adapt to the evolving marketing landscape.

Graduate Studies in Education Department

Whether you are an elementary teacher or a high school coach, the highly respected educator preparation program at Carson-Newman University could help you reach your professional goals and become a leader in the field of education.

Flexibility is a hallmark of the MEd program. The Master of Education Program at C-N can be completed in half-semester units, ideal for full-time graduate students. You'll take six hours each semester, but only one course at a time. You may complete your teacher certification program online or in a hybrid format. You can take up to four classes in a face-to-face format in several locations across the state. Choose your area of emphasis for the specialty you'd like to pursue.

Accreditation

Carson-Newman University offers an approved Educator Preparation Program that is fully accredited by the Council for the Accreditation of Educator Preparation (CAEP). Each licensure area listed on this page was part of the most recent joint review conducted by CAEP and the Tennessee Department of Education. For information regarding the CAEP Annual Reporting Measures, [click here](#).

Mission Statement

In line with the vision and mission of the University, the graduate programs in education seek to prepare caring and professionally competent teachers, counselors, administrators, and other professionals who feel called to lifelong commitments to leadership, learning, and service. The graduate programs provide positive learning experiences in an atmosphere that encourages students to explore how to be professionals in public and private schools with a Christian perspective.

Program Goals

The graduate program plans experiences that help all graduate candidates to meet the following goals:

- Use research findings from professional literature, knowledge of best practice, and action research to reflect upon and make informed decisions about their own professional practice.

- Use technology as a tool to maximize student learning, manage professional responsibilities for oneself and others, and promote continued professional development for leadership roles.
- Effectively use varied assessment strategies to meet the needs of all children and teachers and to promote overall school improvement.
- Respectfully consider the needs of children and families from diverse cultural backgrounds to serve as change agents to ensure that all students learn.
- Facilitate desirable relationships between home, school, and community to improve the overall quality of schools as places of learning for all students.

Master of Education Jobs

What are the best careers available for those who complete teaching certification programs? While the answer to that question is subjective, earning your degree will help qualify you for some of the most coveted roles available in the field of education, including:

- Education Specialist
- Academic Coordinator
- Educational Consultant
- Curriculum Leader
- Dean of Students

Programs

Master of Arts in Teaching (MAT)

- Curriculum & Instruction Elementary Educ. K-5
- Curriculum & Instruction Secondary Educ 6-12
- Curriculum & Instruction Elementary Educ. K-12

Doctor of Education (EdD)

- Administrative Leadership
- Administrative Leadership: ABD Completion Pathway
- Curriculum & Instruction Leadership
- Curriculum & Instruction: ABD Completion Pathway
- Higher Education Administration

Certificate

- Instructional Leader Certificate for Christian Educators

Repeating a Course for a Grade

Students in graduate education programs may repeat a failed course one time. A second F in the repeated course will result in dismissal from the program. Courses in which a passing grade is earned are not repeatable except grades of “C” needed to regain academic good standing. When a course is repeated, only the most recent grade with no additional hours attempted will be used in calculating grade averages. Stated differently, the LAST grade earned will be the grade of record and will be used to determine if university requirements have been satisfied.

Research Options

All graduate degree candidates are expected to complete research requirements for their respective programs in compliance with guidelines established by the Institutional Review Board of the Graduate Committee. Candidates in the MAT and the MEd programs in Education may complete the research requirement for the program by completing a master’s thesis or selecting the on-thesis action research project. Candidates should consult with their academic advisors to make the appropriate research project choice to complete the master’s degree. Candidates in the EdS program complete research requirements through courses and the professional portfolio. Candidates in the EdD program complete the doctoral dissertation following successful completion of core coursework, examinations, the research course sequence, and an approved proposal for the dissertation research.

Residency Requirement

All but nine (9) credits of course work in the MAT, M.Ed., and Ed.S. degrees and twelve (12) credits in the Ed.D. degree must be residency hours. Courses taken on Carson-Newman University campus or online, independent studies, thesis, other research, and internships will meet the residency requirements.

Time to Complete Degree

Graduate work for the MAT degree, the Med degree, and the EdS degree must be completed within five years of admission into the program. Graduate work for the EdD degree must be completed within seven years of admission into the program. EdS graduates who wish to return to Carson- Newman to complete the EdD degree must do so within 7 years from the time of their acceptance to the program.

Graduate Studies in Nursing Department

In today's expanding nursing field, possibilities abound for your career advancement. The Carson-Newman FNP program prepares you with the knowledge and skills to work as a family nurse practitioner in primary care. Students can pursue their MSN-FNP or Post-Master's FNP Certificate online while completing clinical hours near their home communities. Students are required to attend two on-campus sessions (Health Assessment Residency and Live Certification Exam Review)

The Master of Science in Nursing programs include an MSN-FNP and Post-Master's FNP Certificate option, allowing you to complete your MSN Program on a schedule that suits your busy lifestyle and responsibilities.

MASTER OF SCIENCE IN NURSING

Accreditation

The master's degree program in nursing at Carson- Newman University is accredited by Commission on Collegiate Nursing Education(<http://www.ccnaccreditation.org>). The Department of Nursing is approved by the Tennessee Board of Nursing.

Nursing Practicum

A 48-semester hour program designed to prepare the registered nurse for advanced practice roles in nursing within the context of Christian beliefs, values, and behaviors. Clinical practicum includes a seminar and has a credit/clinical ratio of 1:4 hours. Each clinical course requires a supervised practicum with a program approved preceptor under the direction of the course faculty. The student cannot be paid for participation in the practicum. Nursing malpractice insurance is obtained through Carson- Newman University, every semester the student is enrolled in a clinical course and is paid through course fees. Please note: All students currently enrolled in the family nurse practitioner program who are actively pursuing coursework will be given priority over new admissions or inactive students for placement into clinical courses. If there is no room in the program to allow the student to complete the program within the time allotted, then the applicant is not accepted. Tuition and fees for the graduate program in nursing will be the same for all students.

Objectives and Outcomes

Family Nursing Practitioner

1. Implement advanced nursing practice skills, clinical reasoning, and knowledge from nursing and other disciplines to promote and maintain the health of individuals and populations within all healthcare systems.
2. Demonstrate independent decision-making and clinical judgment in the provision of evidence-based, culturally appropriate healthcare to individuals and populations.
3. Demonstrate leadership, effective partnerships, and interdisciplinary collaboration in developing, assessing, planning, and improving healthcare for individuals and populations.
4. Apply knowledge from research and scholarly activity to evaluate, improve, and advance clinical practice and individual and population outcomes.
5. Analyze the impact of economics, health policy, and technological advancements on patient safety, provider safety, and healthcare quality.
6. Utilize informatics and healthcare technology to improve communication, gather data, generate knowledge, and provide/document care.
7. Demonstrate Christian values, accountability, and ethical conduct in healthcare practice with individuals, populations, and the nursing profession.
8. Demonstrate a commitment to personal and professional growth and a spirit of inquiry that fosters flexibility and professional maturity.

Program Fee

Students enrolled in nursing courses will incur a \$400 per semester program fee. This fee is used to cover APEA, Intellects, Live Review course, Health Assessment supplies, insurance, etc.

Program Goal

The overall goal of the family nurse practitioner program is to prepare the registered nurse for advanced practice roles in nursing within the context of Christian beliefs, values, and behaviors.

Residency Requirement

All but nine (9) semester hours of course work in the family nurse practitioner for students desiring an MSN degree must be taken at Carson-Newman University. Courses taken on the Carson-Newman University campus, independent studies, thesis, other research, and clinical practicum meet residency requirements.

Repeating a Course for a Grade

For family nurse practitioner students who have been placed on academic probation, a grade of C may be repeated once to regain good academic standing. Students who are returning to the program after a dismissal must repeat the course with the failing grade in their first semester returning to the program.

Time Limit to Complete Degree

Graduate work for the MSN degree or post-master's certificate must be completed within five (5) years of admission into the program.

POST-MASTER'S CERTIFICATE PROGRAMS

Family Nurse Practitioner

Achieve your full potential by advancing your nursing career. Earn a Post-Master's Family Nurse Practitioner Certificate fully online. Our flexible PMC-FNP is built for professional, working nurses. Students in this certificate program can continue to work full time. Upon completion, you will be prepared to sit for the Family Nurse Practitioner Certification exam.

Psychiatric Mental Health Nurse Practitioner

Accreditation

The post-graduate APRN certificate program at Carson-Newman University is accredited by Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org>). The Department of Nursing is approved by the Tennessee Board of Nursing. The post-master's certificate program is an individualized course of study designed to meet the learning needs of the student. Upon successful completion of the required course and clinical practicum, the student will receive the appropriate certificate of completion from the Department of Nursing. The following coursework is required if it has not been successfully completed in a previous master's program. In addition to the courses listed below, all students enrolled in the post-graduate certificate program will have to enroll in and successfully complete NURS- 507, Advanced Health Assessment at Carson-Newman University.

DOCTOR OF NURSING PRACTICE (DNP)

The Carson-Newman DNP program provides you with the mentorship and tools you need to successfully lead change through courses focused on translating evidence for interprofessional practice, quality improvement, health policy, complex systems leadership, and more.

Accreditation

The Doctor of Nursing Practice (DNP) program at Carson-Newman University is approved by the Tennessee Board of Nursing and pursuing initial accreditation by the Commission on Collegiate Nursing Education (www.ccnaccreditation.org). Applying for accreditation does not guarantee that accreditation will be granted.

Program Requirements

To earn the Doctor of Nursing Practice degree, the following criteria must be met:

- Completion of all 36 credit hours in the DNP program while maintaining a GPA of 3.0 or higher within 5 years of beginning the program.
- Completion of 1,000 hours or more of post-baccalaureate supervised academic program practice hours with a minimum of 500 hours completed at Carson-Newman University during the DNP program.
- Recommendation of the student's DNP Project Committee for graduation after the successful completion and dissemination of the DNP project.

Post-Graduate DNP will Prepare Graduates Who:

1. Utilize advanced clinical judgment, Christian values, and ethics to deliver compassionate care, inform health policies, improve health disparities, and enhance quality and safety in healthcare.
2. Competently assess, analyze, evaluate, and translate evidence for interprofessional practice.
3. Employ advanced communication skills to foster environments that celebrate diversity, equity, and inclusion within healthcare and society.
4. Lead change in healthcare through implementing and evaluating scholarly projects aimed at improving outcomes for diverse populations across all spheres of care and settings.

Program Goals

The Program Goals and Student Learning Outcomes for the DNP were developed using the American Association of Colleges of Nursing's most current guidance (AACN, 2020b) and the National Organization of Nurse Practitioner Faculties' DNP Toolkit (NONPF, 2013). These goals and outcomes build on competencies successfully obtained at the master's level, reflect the vision for the professional nursing practice doctorate, and are consistent with the mission and philosophy of Carson-Newman and the Department of Nursing.

Learning Outcomes

Upon completion of the post-graduate DNP program, students will demonstrate advanced-level competencies having met the following Student Learning Outcomes:

1. Demonstrate clinical judgment established on extensive knowledge of theory and research from nursing and other disciplines.
2. Establish caring relationships and communicate effectively in all aspects of healthcare assessment and delivery while maintaining accountability for care outcomes.
3. Manage and protect population health by engaging in successful partnerships, considering the economic impact of healthcare delivery, and advancing equitable health policy.
4. Advance the scholarship of nursing while promoting the ethical conduct of scholarly activities, integrating best evidence into practice, and fostering innovation in nursing.
5. Improve healthcare by applying principles of quality improvement to the provider, work environment, and patient safety.
6. Perform efficiently in various team roles while communicating in a manner that facilitates collaboration, maintains a culture of respect and shared values, and addresses healthcare needs.
7. Optimize effectiveness by applying knowledge of systems, healthcare economics, and evidence-based practice.
8. Comply with standards and policies in the use of informatics and healthcare technologies to improve communication, gather data, generate knowledge, and provide document care.
9. Demonstrate professionalism in healthcare practice and accountability to the individual, society, and nursing profession.
10. Develop leadership capacity and display a commitment to ongoing personal and professional growth with spirit of inquiry, flexibility, and professional maturity.

Residency Requirement

All but 6 semester hours of course work in the DNP program and completion of a minimum of 500 hours of the required 1,000 hours total post-baccalaureate supervised practice must be completed at Carson-Newman University.

The Carson-Newman DNP program provides you with the mentorship and tools you need to successfully lead change through courses focused on translating evidence for interprofessional practice, quality improvement, health policy, complex systems leadership, and more.

BSN-DNP

Nursing Practicum

A 74- credit program designed to prepare the registered nurse for advanced practice roles in nursing and nursing leadership within the context of Christian beliefs, values, and behaviors. Students in this program will be able to practice as a family nurse practitioner and will attain the DNP degree. Clinical practicum includes a seminar and has a credit/clinical ratio of 1:4 hours.

Each clinical course requires a supervised practicum with a program approved preceptor under the direction of the course faculty. The student cannot be paid for participation in the practicum. Nursing malpractice insurance is obtained through Carson-Newman every semester a student is enrolled in a clinical course and is paid through the nursing semester fee.

Objectives/Outcomes

1. Implement advanced nursing practice skills, clinical reasoning, and knowledge from nursing and other disciplines to promote and maintain the health of individuals and populations within all healthcare systems.
2. Demonstrate independent decision-making and clinical judgement in the provision of evidence-based, culturally appropriate healthcare for individuals and populations.
3. Demonstrate leadership, effective partnerships, and interdisciplinary collaboration in developing, assessing, planning, and improving healthcare for individuals and populations.
4. Advance the scholarship of nursing while promoting the ethical conduct of scholarly activities, integrating best evidence into practice, and fostering innovation in nursing.
5. Improve healthcare by applying principles of quality improvement to the provider, work environment, and patient safety.
6. Perform efficiently in various team roles while communicating in a manner that facilitates collaboration, maintains a culture of respect and shared values, and addresses healthcare needs.
7. Demonstrate Christian values, accountability, professionalism, and ethical conduct in healthcare practice with individuals, populations, and the nursing profession.
8. Comply with standards and policies in the use of informatics and healthcare technologies to improve communication, gather data, generate knowledge, and provide/document care.
9. Manage and protect population health by engaging in successful partnerships, considering the economic impact of healthcare delivery, and advancing equitable health policy.
10. Develop leadership capacity and display a commitment to ongoing personal and professional growth within the spirit of inquiry, flexibility, and professional maturity.

Residency Requirement

All but 6 semester hours of course work in the DNP program must be completed at Carson-Newman University.

DOCTOR OF NURSE ANESTHESIA PRACTICE (DNAP)

Program Requirements

To earn the Doctor of Nurse Anesthesia Practice degree, the following criteria must be met:

- Completion of all 102 credit hours in the DNAP program.

Learning Outcomes

Upon completion of the DNAP program, students will demonstrate advanced-level competencies having met the following Student Learning Outcomes:

1. Verbalize an understanding of the basic knowledge principles that supports the practice of nurse anesthesiology.
2. Demonstrate advanced clinical skills in providing quality anesthesia care across diverse patient populations, acuity levels, and practice settings.
3. Engage in continuous quality improvement initiatives while implementing evidence-based practices to promote surgical patient outcomes and maintain patient safety.

4. Utilize the most advanced anesthetic techniques in managing the surgical patient during the intraoperative period.
5. Contribute to the advancement of knowledge in the profession of nurse anesthesiology through scholarly activities, research, and evidence-base practice.
6. Incorporate the business acumen of nurse anesthesiology into one's practice.
7. Collaborate effectively with other healthcare professions to optimize patient outcomes and promote interdisciplinary teamwork.
8. Engage in lifelong learning to maintain clinical competence and adapt to evolving healthcare environments.
9. Demonstrate professionalism and high ethical standards based on Christian principles.

Health/Phys Ed/Sports Science Department

Combine your passion for sports and fitness with an opportunity to impact the lives of children and youth through teaching. The C-N physical education degree prepares PE and health teachers for kindergarten through 12th grade. Our comprehensive program gives you knowledge and skills in the principles of movement and performance as well as instructional strategies and understanding for reaching a diverse student population.

You can complete your teaching license in physical education K-12, high school wellness, middle school health, special education or elementary education all in three years with summers or four years without summers. We offer both a physical education licensure program and a non-licensure program.

Majors

- Physical Education (required emphasis)
 - Non-Licensure
 - Teacher Licensure K-12 and Add-on endorsement
- Youth Athletics and Recreational Management

The Physical Education program prepares students to enter the physical education field with a K-12 teacher license. Students may also teach wellness at the high school level with this certification. The Youth Athletics and Recreation Management major is designed for students who want to teach physical activity and recreation to children, but do not want to teach Physical Education in schools. Graduates would be well suited as youth activity directors or other children's programming positions. Additionally, graduates will be well suited for a variety of careers in entertainment programming. Students must be certified in First Aid and CPR by either the American Red Cross or the American Heart Association at some time during their collegiate career.

Additional Endorsement

This option is for individuals already possessing a teaching license and wanting to add the physical education endorsement. To gain the endorsement, the courses must meet the knowledge and skills of the teaching areas, thereby satisfying the requirement for adding this endorsement to an existing license. An initial license requires that the same knowledge and skill be met, plus the equivalent of an undergraduate major. Every endorsement (initial and add-on) requires the pertinent PRAXIS specialty area test(s). The minimum total hour requirement for the add-on is 22.

Minors

- Recreation
- Wilderness Recreational Management

The **Wilderness Recreational Management Minor** provides students with experience and knowledge to manage wilderness recreation settings and guide excursions. Students learn to lead adventures in hiking, backpacking, kayaking, high and low ropes, and rock climbing. Graduates learn managerial skills, leadership styles, and risk management to lead wilderness-based groups and organizations.

History and Political Science Department

The History and Political Science program is housed in the History and Political Science Building, located behind Stokely Memorial. The department primarily has classroom space on the second floor of the Baker Building, with classrooms elsewhere used as circumstances dictate. History and political science majors, as well as non-majors, have the opportunity to work in federal and state government through the Washington Semester program and internships in the State Capital.

Many history and political science majors earn licensure to teach, and a number of majors enter law school. Others enter graduate training and/or such varied occupations as the ministry, government, business, and journalism. Students completing 12 credits of history classes are eligible for membership in Phi Alpha Theta, the international history honor society. Students completing 10 credits of political science classes are eligible for membership in Pi Sigma Alpha, the national political science honor society.

Majors

- History (*optional emphasis*)
 - Teacher Licensure 6-12
- Political Science (*optional emphasis*)
 - Teacher Licensure Government 6-12

Minors

- History
- Law and Policy Studies
- Political Science

Advanced Placement

Credit in the appropriate subject will be three credits for a score of 4 and six credits for a score of 5.

Independent Studies

Independent studies courses are not offered for catalog courses, except under the most unusual circumstances. A catalog course cannot be taken as an independent study in order to improve a grade.

Language Requirement in LA Core

Six credits of Spanish, German or French

Required Grades

All majors must make a minimum grade of C in all required courses in the major. Additionally, all majors must achieve a 2.0 overall average in all courses taken in the department.

NOTE: Department faculty reserve the right to determine the prerequisite for all the 300 and 400-level courses

Honors Program Department

Students whose composite ACT score is 29 or higher or SAT is 1310 (Critical Reading and Math) or above, and a high school grade point average of at least 3.65, may be eligible for participation in the honors program. Freshmen through junior students take special team-taught classes such as Humanity and the Cosmos, Faith, Freedom and the Individual, and Form and Expression in the Contemporary Arts. The honors thesis, completed during the junior and senior years, consists of supervised experience or research in the student's major field(s).

Upon successful completion of the thesis and the recommendation of the honors council, the student may receive six semester hours of credit and is recognized as graduating with honors. Honors students also have the opportunity to live in the Honors House.

Honors courses are generally reserved for Honors students. Academically superior students not involved in the Honors Program may take Honors courses if space is available and by the permission of the instructors of the course and the Honors Director. These courses may substitute for required Liberal Arts Core courses as described in the Liberal Arts Core Requirements section of this catalog.

Honors students are required to take 12 credits of team-taught Honors courses chosen from:

- FILM/HIST-250
- HUM-101-102
- HUM-302
- FA-301
- PSC-302
- PSY-318
- PSY/SOC-250
- BTS-452

Other team-taught courses may be offered from time to time. These courses may be taken in any order or combination. Students who participate in a study abroad experience for at least 3 credits may waive one of the above courses. In addition, Honors students are required to fulfill liberal arts core requirements in religion as well as Writing and Literary Studies I with Honors sections of those courses.

Courses

FA-301 - Form & Expression-Honors

HON-001 - Honors Program-Freshmen

HON-002 - Honors Program-Sophomores

HON-003 - Honors Program-Juniors

HON-004 - Honors Program-Seniors

HUM-302 - Medical Hum: Meaning & Healing

Interdisciplinary Studies Department

In addition to the regular academic programs, Carson Newman University offers an array of special programs which focus on interdisciplinary study, unique study opportunities, community-based education, and scholarship. Some are designed for students while others are for faculty professional development.

Interdisciplinary Scholars Program

This program is designed for self-motivated, academically superior students (minimum 3.00 university GPA). Students in the interdisciplinary scholar's program design their own curriculum. They are assigned a preceptor who assists in putting together an area of study allowing for a variety of interests and a minor in at least one academic area. To graduate with an Interdisciplinary Scholars major, a student must complete the liberal arts core requirements and meet common requirements for a degree, excluding those pertaining to a major. Students must apply for acceptance into the program no fewer than 48 semester hours prior to anticipated graduation. For more information, contact the Office of the Provost.

Interdisciplinary Minors

- **Environmental and Community Studies**

This minor is for students interested in pursuing their major and career interests in the context of addressing human needs and problems through sustainable development and conserving the natural environment and informed by an understanding of place, the aesthetics of environment and community, and other considerations of community history, culture, and values. Students complete 21 credits of coursework including 3 additional credits in the natural sciences beyond the 6-credit liberal arts core requirement to be selected from BIOL 102, 105, 106, 304, 315, 317, 405, or any GEOL/GEOG course; 15 credits chosen from HIST/PSC-323, PSY-212, 312, 318, 323, SOC-205SL, 402, or approved special topics courses in Philosophy, economics, or related field; and 3 credits of approved field work or research selected from BIOL-383, 491, ENG-465, HON-499, PSY-410, PSY-491, SOC-406SL. Contact the Psychology Department for more information.

- **Faith and Justice Studies**

Designed for students interested in social justice ministry, peace studies, nonviolent conflict resolution, restorative justice, and faith-centered responses to social issues. Students take 18 credits to include BTS/PHIL-301SL plus an additional 15 credits with a minimum of one course from each of the following subject areas: Sociology: SOC/PSY-310; Psychology: PSY-316, 323; History/Political Science: HIST-351, 353, PSC-321, 337, 338, 438, 439; Biblical & Theological Studies: BTS-318, 415. Contact the Psychology Department for more information.

- **Gerontology**

This 18-credit minor is designed for students interested in caring for and working with the elderly. The following courses are required: PSY-407 and NURS-217SL; 3 credits from PE-407SL, FN-114 or 210; 3 credits from PSY-410 or other supervised internships of 135 clock hours or more in a geriatric environment; electives (6 more credits), 3 credits from BIOL-101, 207; or special topics in gerontology (390); and 3 credits from BTS-442, SOC-102, 401, or PSY/CFS-206. Contact the Psychology Department for more information.

- **Health Professions**

Designed for individuals who plan to have a career as a practicing health professional. This minor requires 18 credits of coursework. Required courses include CHEM-308, ID-208, BTS-301, and BTS-224 or SOC-302. For the remaining 8 credits, you may choose from 13 different elective courses. For these options, or more information about this minor, contact the Director of Health Professions. This program is not aid eligible.

- **Medieval and Renaissance Studies**

It is the historical, cultural, and artistic study of time periods ranging from the fifth century A.D. to the mid-seventeenth century A.D. At Carson-Newman University, we offer an interdisciplinary minor in this field. This minor allows a deal of flexibility so that students can supplement their major with a broad study of the Medieval and Renaissance world. Students can combine classes in art, music, history, linguistics, philosophy, English, foreign language, and religion to better understand holistically these periods. A MARS minor would complement and enrich a major in the above mentioned areas. The minor is built from 200-level or higher courses regularly offered at Carson-Newman University, i.e., studies dealing with Medieval or Renaissance topics. To ensure the minor's multidisciplinary nature, students may use no more than two courses for their minor that would normally apply to their major. (For example, an English major could take two additional English classes and apply those classes to the MARS minor, but the additional courses beyond those two must be in areas outside his major. This variety will encourage interdisciplinary understanding.) The student must take a total of 18 credits chosen from the following: ENG-362, 423; GER-270; HIST-341, 333, 334, 437, 438; MUS-431; PHIL-304; and BTS-438; any approved advanced course in English, French, Linguistics, Spanish, German or Religion (repeated with permission) that focuses on a Medieval or a Renaissance topic, genre, or author (e.g., ENG-340, 440, 451; SPAN- 415; GER-415, etc.). Interested students should contact the English Department or the World Languages Department.

- **Women's Studies**

To minor in Women's Studies, the student must take 18 credits of coursework in courses that focus primarily on women or women's issues. At least three disciplines must be represented. Courses may be chosen from English: ENG-242, 352, 440, or 444; History: HIST-242 or 323; Nursing: NURS-415; Political Science: PSC-321, 338, or 410; Psychology: PSY-408; Biblical and Theological Studies: BTS-416 or 437; Sociology: SOC-309 or 401. Other special topics courses with an emphasis on women's issues or women's studies may also be applied to the minor. Students may work with individual professors to devise independent study courses that may be applied to the minor. The Women's Studies program offers students the opportunity to earn an interdisciplinary minor in Women's Studies. The program encourages the study of women and gender in different cultures and time periods. It seeks to integrate questions of race, class, and gender and approach them globally. The coursework is designed to give the student a historical and contemporary perspective on the roles women have played and continue to play in societies worldwide and across time. It also strives to offer a supportive community to women interested in feminist issues through dinners, workshops, and outings. Contact the English Department or History Department for more information.

- **Worship Leadership**

The minor intends to provide interested students with basic skills and knowledge that will enable them to plan and lead worship services. This minor assumes that some students currently lead or will in the future lead worship services of different types and in a variety of settings. It consists of the following requirements: MUS-100 (or higher music theory), MUS-101 (or higher piano), MUS-140, MUS-141, MUS-249, MUS-322, MUS-460, 2 credits of ensemble, BTS-224SL, BTS-361, and one of these three courses: BTS-238, BTS-240, or BTS-241. Contact the Department of Biblical & Theological Studies for more information.

Languages Department

Through a study of languages, you'll begin to see the world from new perspectives. The Department of World Languages and Linguistics at Carson-Newman challenges you to think critically about life and language and prepares you to communicate with people from a wide variety of backgrounds and cultures. From a Christian worldview, we also explore the role of language in spiritual life and global missions.

The World Languages Program is located on the third floor of Henderson Humanities Building. Through the Liberal Arts Core Requirement, we enable students to acquire the ability to communicate with, and have a keen awareness of, people of a culture other than their own. Our purpose for the student who elects to pursue advanced study of language(s) is to provide specific knowledge and skills to enhance vocations and opportunities in areas such as business, social work, and Christian service. We also strive to foster a knowledge and appreciation of language as art in the form of literature. In conjunction with the Division of Education, we strive to recruit and prepare superior language teachers to meet the growing demand. The national honor society for Spanish students is Sigma Delta Pi.

Students wishing to enroll in foreign language courses at other institutions must secure advanced written permission of the department chair of foreign language at Carson-Newman University. Permission is not generally given for more than one course per semester nor for courses offered by non-consortium institutions. Students can generally expect to get 6 credits for a summer study abroad program and 12-15 credits for a semester-long study abroad program. Depending on the courses taken, these will fulfill 300 and 400-level requirements for the major, minor, or certificate.

Majors

- Linguistics - Corollary
- Spanish - Professional
 - Optional emphasis in Teacher Licensure 6-12
- Spanish - Corollary

The Department offers two majors in Spanish (the professional and the corollary major). The professional major is intended for students who plan to study language and literature at the graduate level or teach the language. Literature and culture are stressed, as well as skills development.

Capstone will be taken in conjunction with student's final 400-level class in their last semester of coursework.

Students seeking certification to teach Spanish must enroll in a study abroad or certified immersion experience pre-approved by the chair of the department.

A student who begins at the 300-level will have six additional hours of electives.

Linguistics, the study of human language, is a corollary major and minor at Carson-Newman University. Due to the interdisciplinary nature of the field, linguistics students are afforded a great deal of flexibility in designing their program of study. While all linguistics students are required to take courses in the various branches of linguistic analysis, students enjoy the option of combining this with coursework in Communication, Education, English, Foreign Languages, Philosophy, Psychology, and Sociology. The program in Linguistics is designed for students with academic or professional interest in Linguistics and offers students the unique opportunity to pursue this field of study in both a liberal arts tradition and a Christian context.

Minors

- German
- Linguistics
- Spanish

Certificate *(Given by Language Department)*

- French
- Spanish

A certificate in Spanish or French consists of 12 credits, including SPAN-201, 202, 301, and 310 (or equivalent in study abroad credit) or FREN-201, 202, and 6 additional credits at upper division level in an approved study abroad program. Added to the coursework requirement is a requirement to complete a standardized assessment of oral and written proficiency. Upon completion, students will receive a certificate which acknowledges their completion and their level of proficiency in the language certified by the department. This may be very useful for heritage speakers and children of missionaries.

Corollary Majors

The corollary major is communication skills oriented to complement majors in English, Business, Human Services, Religion, Pre-Med, etc. and is offered only as a second major. Students can generally expect to get 6 credits for a summer study abroad program and 12-15 credits for a semester- long study abroad program. Depending on the courses taken, these will fulfill 300 and 400-level requirements for the major, minor, or certificate.

Linguistics Corollary (30 credits)

*Foreign Language requirement is 201-202 in a language is required in the liberal arts core.

Introduction to Linguistic Inquiry/Analysis (3 credits)

- LING-220 Introduction to Linguistics (3 credits)

Linguistics Core (6 credits)

- LING-305 Syntax. (3 credits)
- LING-310SL Phonology (3 credits)

Linguistics Core Electives (6 credits)

- ENG-328 Advanced Grammar and the History of English (3 credits)
- LING-420 Advanced Seminar in Linguistics (3 credits) *(Can be repeated)*

Senior Seminar (3 credits)

- LING-475 Senior Project (3 credits)

Related courses (6 credits)

- Any approved advanced course in English/German/Spanish *(may be repeated with permission)*
- LING-390 Independent Study (3 credits)
- PHIL-204 Principles of Logic and Science (3 credits)
- MATH-201 Statistical Concepts and Methods (3 credits) **-or-** PSY-203 Statistical Concepts and Methods
- PHYS-101 Physics of Musical Sound (3 credits)
- PSY-213 Research Design and Interpretation (3 credits)
- PSY-337 Neuropsychology (3 credits)

Spanish Corollary (24 credits)

*SPAN-201-202 required for Liberal Arts Core requirement

Spanish Corollary (18 credits)

- SPAN-301 Written Spanish for the Professional World (3 credits)
- SPAN-310 Spoken Spanish for the Professional World (3 credits)

Choose nine (6) credits from the following:

- LING-220 Introduction to Linguistics (3 credits)
- SPAN-303 People and Places of Spain (3 credits)
- SPAN-304 People and Places of Latin America (3 credits)
- SPAN-309 Foreign Study/Travel/Language/Missions Experience. (1-6 credits)
- SPAN-317SL Spanish in Community Service and Missions (3 credit)
- SPAN-320 Special Topics in Spanish (1-6 credits)
- SPAN-327 Translation Theory (3 credits)

Choose twelve (6) credits from the following:

- SPAN-401 La guerra sucia: Issues in Conflict (3 credits)
- SPAN-402 Mujeres al borde: Issues in Gender (3 credits)
- SPAN-403 Muero porque no muero: Issues in Religion (3 credits)
- SPAN-404 Los de abajo: Issues in Justice (3 credits)
- SPAN-405 Foreign Study (1-15 credits)

Liberal Arts Department

ASSOCIATE DEGREE PROGRAMS

Beginning your college career in an associate degree program is an excellent way to earn your core credits, explore your academic passion, and earn a two-year credential that can be seamlessly applied toward your four-year degree at Carson-Newman. Associate degrees typically require 60 credits. Each of our associate degree programs includes the core curriculum courses in communication, biblical traditions, mathematics, science, and personal and social awareness that every student at Carson-Newman is required to take. The associate programs allow you to begin taking classes in the area you plan to major in — but are also designed for maximum flexibility if your interest changes along the way.

Associate degree students have full access to the faculty advisors in their future major and the added bonus of earning an extra academic credential along the way.

Qualifying students have the opportunity to utilize the Tennessee Promise Scholarship or the Tennessee Re-Connect Grant to help them complete their program.

Associate of Arts Programs

- Associate of Arts in Liberal Arts (60 credits)
- Associate of Arts in Christian Ministry (60 credits)
- Associate of Arts in Photography (60 credits)
- Associate of Science in Computer Science (60 credits)
- Associate of Science in General Studies (60 credits)

All courses completed in the associate degree can be used toward fulfilling requirements for a bachelor's degree from Carson-Newman. The associate degree curriculum aims to provide students with a breadth of knowledge in the liberal arts leading to a two-year credential and earning credits that can also be applied toward a four- year degree. Associate degrees require a minimum of 60 credits.

The core curriculum includes study in communication, biblical traditions, mathematics, science, and personal and social awareness. The remaining requirements may consist of courses in Religion (for Christian Ministries), Computer Science, Art (for Photography), or elective courses for the Liberal Arts or General Studies emphasis. See page 34 for a complete listing of approved liberal arts core courses.

Students must earn a minimum GPA of 1.7 at the end of 30 credits and an average minimum of 2.0 GPA at the completion of 60 credits in all courses leading to the degree. A minimum of 15 credits must be earned at Carson-Newman, including the last 15 credits in residence. Students participating in the Tennessee Reverse Transfer program may only earn one associate degree. Suppose the student is eligible for an associate degree at both Carson-Newman and a Tennessee community college. In that case, the student must elect the college to receive the degree. Contact the University Registrar for more information.

Course Requirements for an Associate's Degree

All courses REQUIRED in the associate's program are 100 to 200-level courses. Specializations include 300 and 400-level course options as electives but are not required to complete the degree. A student may choose to take a 300-level course option to satisfy a liberal arts core requirement. However, it is not required to complete the degree.

CLW Requirement

All full-time undergraduate students must attend Community Life and Worship (CLW) events each semester. Students completing an associate's degree must have earned 30 credits toward CLW to complete the degree.

Programs

Mathematics & Computer Science Department

The Mathematics and Computer Science programs at Carson-Newman University offer complementary pathways for students interested in analytical and technological fields. The Mathematics Program, located on the first level of Dougherty Science Center with facilities including a computer center, provides students the opportunity to join Kappa Mu Epsilon, the national mathematics honor society, upon meeting requirements of second semester sophomore standing, ranking in the upper 35% of their class, and completing at least three college mathematics courses (including calculus) with a 3.00 overall average in mathematics.

Meanwhile, the Computer Science program prepares students as leaders in today's rapidly changing global technology environment by developing skills in both the theory and application of computer technology, offering options to customize the major to individual career goals and creating opportunities for tomorrow's job market. The Computer Science program is located on the first level of Dougherty Science Center with classes primarily taught in the Dougherty Science Center and in Ted Russell Hall.

Majors

- Computer Science (*required emphasis*)
 - The **applied/management emphasis** intended for students interested in pursuing careers or further study in the application of computer technology in business as well as the management of large computer- based projects.
 - The **traditional/theoretical emphasis** is intended for students interested in careers and further study in programming and in the theoretical underpinning of computer technology.
- Mathematics (*optional emphasis*)
 - Teacher Licensure 6-12

Minors

- Computer Science
- Mathematics
- Physics

Advanced Placement (AP)

The department policy regarding academic credit for Advanced Placement (AP) courses is as follows:

- Statistics
 - Three credits in elementary statistics (MATH-201) will be awarded for a score of 4 or higher on the AP test.
 - Scores below 4 receive no academic credit.
- Calculus
 - A score of 3 on the Calculus AB test, will give a student 3 credits for MATH-151.
 - A score of 4 or 5 on the Calculus AB test, will give a student a total of 6 credits for MATH-151 & MATH-152.
 - A score of 3 on the Calculus BC test will give a student a total of 6 credits for MATH-151 & MATH-152.
 - A score of 4 or 5 on the Calculus BC test will give a student a total of 9 credits for MATH-151, 152 & 211.
- Computer Science
 - A score of 3 or higher on the Advanced Placement (AP) Computer Science exam (A or AB) can receive 3 credits in Computer Programming I (CSC-107)
 - A score of 3 or higher on the Computer Science Principles AP exam can receive 3 credits in Introduction to Computer Science (CSC-210).

Language Requirement

Six credits in a single language at either the 100 or 200-level, or equivalent AP or CLEP credit.

Local tests

A student wishing to receive academic credit in a course listed in the catalog may arrange with the department chair to take an exam. A score of 80% or higher is required for credit, and grading will be S/F. An examination for credit for a particular course can be taken no more than one time.

Objectives

The Department seeks to develop skills in the application of mathematics to those disciplines which it enhances, and to provide a solid foundation in the principles of the discipline.

Upper Division Courses

Certain upper division courses are appropriate for specific future vocational choices; a list of these will be given to each student by his/her advisor. Math courses below Math-151 do not count as credits toward the major requirement.

Military Science Department

The Military Science program, located at 706 Ken Sparks Way, Baker Building Room 105, offers courses to develop leadership and management skills for both military and civilian careers. The Army Reserve Officers Training Corps (ROTC) program provides qualified students opportunities to serve their country full or part-time as officers in the U.S. Army. Students enrolled in ROTC who meet specified qualifications can earn a commission as a Second Lieutenant in the U.S. Army, Army National Guard, or the U.S. Army Reserve. ROTC students may participate in the Color Guard, Ranger Challenge Club, Officers Christian Fellowship, annual Military Ball, and many social functions sponsored by Cadets and Cadre. The Ranger Challenge Club attends a regional, multi-state intercollegiate competition for physical stamina, leadership ability, and teamwork each year. Military Science courses are open to all students; however, to enroll in advanced ROTC courses which lead to a commission as a Second Lieutenant, a student must meet U.S. Army administrative, physical, medical, and mental standards and be accepted by the Professor of Military Science.

Military Science Curriculum

Military Science courses are designed to fulfill the educational and training requirements for commissioning as a Second Lieutenant in the U.S. Army. The curriculum consists of a Basic Course (first two years) and an Advanced Course (final two years). In addition to the specified military science courses, the Army requires successful completion of a college degree and one course in military history.

Freshman Year

- MILS-100 Military History of the US*
- MILS-101 Introduction to the Army and Critical Thinking
- MILS-102 Introduction to the Profession of Arms
- MILS-103 Physical Conditioning I**

- MILS-104 Physical Conditioning II**

Sophomore Year

- MILS-201 Leadership and Decision Making
- MILS-202 Army Doctrine and Team Development Advanced Course

Junior Year

- MILS-301 Training Management, and the Warfighting Functions
- MILS-302 Applied Leadership in Small Unit Operations

Summer

- MILS-303 ROTC Cadet Advance Camp

Senior Year

- MILS-401 The Army Officer
- MILS-402 Company Grade Leadership

***Note: MILS-100** - Military History of the United States has to be completed prior to graduating and can be taken in either year (Recommend Freshmen or Sophomore year)

****Note: MILS-103-104** - Credit for this class may be awarded through the Joint Service Transcript for any prior service member or SMP cadet who has completed Basic Training.

Enhanced leadership development focused in an organizational setting. Students complete the 27-hour sequence, including MILS-100, 101- 102, 103-104, 201-202, 301-302, 401-402. The student is not required to be contracted in the ROTC program nor to attend the ROTC Leader Development and Assessment Course (ROTC Cadet Advance Camp) during the summer when enrolled in MILS-101-102, 201-202. The student must be contracted in the ROTC program and attend ROTC Cadet Advance Camp during the summer between their junior and senior years when enrolled in MILS 301-302, 401-402. Contact the Department of Military Science.

ROTC Cadet Advance Camp is a 30-day training event that assesses where Cadets are in their overall leadership development. Army training provides additional development to further enhance their leadership capabilities.

A two-year program, available when a student has only two academic years remaining at Carson-Newman, consists of the last two years of ROTC (Advanced Course) and an authorized substitute for the Basic Course. Authorized substitutes are:

- MILS-300, ROTC Cadet Basic Camp, taken during the summer between the sophomore and junior years. This 30-day training program at Fort Knox, KY, Supplements the freshmen and sophomore courses to transition a student with no previous experience into the ROTC Advance Course.
- At least three years of high school Junior ROTC and approval of the Professor of Military Science.
- Successful completion of a basic training program in the U.S. Army, Navy, Air Force, or Marine Corps.

Military Service Obligation

A student incurs NO military obligation by taking any of the classes in the ROTC Basic Course. A student who accepts a scholarship or signs a contract to participate in the Advanced Course during the junior and senior years is obligated to serve either full-time on active duty in the U.S. Army or part-time in the Army Reserves or Army National Guard for a specific period after graduation. See the Department of Military Science faculty for an explanation of the various options.

Pay, Uniforms and Equipment

Each ROTC student is furnished with uniforms and textbooks at no charge. The advanced ROTC student signs a contract with the U.S. Government agreeing to complete the Advanced Course and accept a Regular Army, U.S. Army Reserve, or National Guard commission as a Second Lieutenant upon graduation. While enrolled in the Advanced Course (two years), the student receives \$420 per month tax-free and approximately \$700 plus travel expenses, housing, and meals to attend Summer Camp between the junior and senior years.

Music Department

The Department of Music is housed in the Mabel Lewallen Tarr Music Building, one of the finest buildings on the Carson-Newman campus. The building features a recital hall, private rehearsal studios, a music library, and an electronic music lab. Several music ensembles, both vocal and instrumental, give concerts and tour the area during the school year. The Department of Music also presents a Lyric Theater production in the fall and spring. Applied music lessons and ensembles are open to music majors and non-music majors.

Several factors are considered in the decision to accept a student as a music major. Among the requirements that the faculty takes under advisement is the student's ability to relate musical sound to notation and terminology quickly and accurately enough to undertake basic musicianship and the level of achievement in music performance demonstrated by audition for the appropriate faculty committee. Those who do not exhibit proper skills and knowledge in either area may be deferred for acceptance for one semester while they attempt to develop the necessary abilities. The respective applied jury and the theory faculty will make decisions regarding these students at the end of the student's first semester of study.

Majors

Bachelor of Arts

- Music
- Music
 - with Emphasis in Worship Leadership

Bachelor of Music

- Church Music
- Music Education
 - emphasis in Vocal or Instrumental Teacher Licensure K-12
 - emphasis in Vocal or Instrumental, Non-Licensure
- Music Performance
 - with emphasis in Instrumental, Piano or Vocal
- Music
 - with a minor in an Outside Field

Minor

- Music

Accreditation

Carson-Newman University is an institutional member of the National Association of Schools of Music.

Advanced Placement

Credit for MUS-111 will be given for a score of 4 on the AP exam in music. Credit for both MUS-111 and 112 will be given for a score of a 5. No CLEP credit is awarded in music.

Ensembles

Music majors are required to participate in at least one (1) credit ensemble each semester. Normally voice majors are required to sing in a vocal ensemble each semester, and instrumental majors (brass, woodwinds, and percussion) are required to play in marching and concert band. Semester grades in ensembles are based on attendance and participation. For music majors only, ensemble hours above four may count as upper division credits for juniors and seniors.

Mission

The mission of the Department of Music is to nurture and challenge students in a Christian environment helping them to reach their potential as educated musicians to serve and lead in church, schools, and community. Our department serves the Carson-Newman University mission by

1. providing professional degree programs in music,
2. providing a liberal arts degree program in music,
3. providing general music education (courses, ensembles, and applied lessons) and
4. performance opportunities for the university community at large in order to develop musical skills and knowledge of music for the enrichment of life.

Music Program Curricula

The Department of Music program curricula provide a musically rich context to support the education and development of music majors to attain either the professional Bachelor of Music degree or the liberal arts Bachelor of Arts - Music degree. Music majors seeking the Bachelor of Music degree study to become professional musicians by developing musical performance skills and cultivating an advancing knowledge and appreciation of music. This academic and musical foundation equips graduates to lead as school music teachers or church musicians and/or to pursue graduate studies in music. Music majors seeking the Bachelor of Arts degree study to obtain a diverse liberal arts education and to develop musical skills that foster their intellectual growth in the knowledge and appreciation of music.

All music majors are advised by music faculty members. Sophomores and transfers are required to participate in a Sophomore/Transfer Review, which assesses their possibilities of success as a music major. Different majors within music require different talents. The initial audition for acceptance and the above-noted evaluation is intended to direct students into majors that match their abilities and desires. Applied music instruction is available in piano, organ, voice, wind, percussion, and string instruments in either private lessons or for some instruments in group classes. Non-music majors may only enroll for one credit hour per semester. They must receive a private instructor's approval before enrolling. Group classes (for non-music majors or secondary applied music majors) carry one hour of credit. Applied music finals are given by a faculty jury.

All Bachelor of Music students must pass all portions of the piano proficiency examination (MUS-009) before they are allowed to schedule a senior recital. For music education, students must complete this before the Music Faculty will support their request for student teaching.

Bachelor of Arts students are not required to pass piano proficiency. All Bachelor of Music candidates must audition for upper division status after four semesters of study in their major applied area. Keyboard majors are required to take MUS-205, Class Piano V. Academic credit is awarded for applied music lessons as follows:

- 1 credit = 1/2 hour of instruction per week; 6 hours of required practice time per week
- 2 credits = 1 hour of instruction per week; 12 hours of required practice time per week
- 3 credit s = 1 hour of instruction per week; 18 hours of required practice time per week

Students may take up to 4 applied hours per semester and up to 1 applied hour in a secondary area per semester unless approved by the department chair. Students also meet collectively with the applied instructor regularly (weekly or bi-weekly) for repertoire classes.

Recitals may be given by all music majors. Students must have completed 1 semester of upper division applied study before giving a junior or senior recital. Performance majors are required to present a junior recital (presented jointly) and a full senior recital. Church Music, Music Education, and Music with Outside Field majors are required to present a senior recital (presented jointly). Lecture recitals are an option for all except performance majors. A faculty committee will hold a hearing at least two weeks before all junior and senior recitals. Recital candidates must pass the hearing before they are allowed to perform a junior or senior recital.

Music majors and minors must be enrolled in MUS-001 Recital Attendance each semester. Music majors are required to attend 18 concerts or recitals presented by the Department of Music each semester. Non-music majors enrolled in applied music courses must attend a minimum of 5 recitals throughout the semester. Performer's certificates are awarded in recognition of the excellence of musicianship and technical proficiency. Students must be nominated by the faculty committee at their senior recital hearing. A ballot of the faculty will be taken following the performance.

LOUIS AND MARY CHARLOTTE BALL INSTITUTE

The Louis and Mary Charlotte Ball Institute for Church Music has edified congregational worship for some three decades through conferences and scholarship. The BICM is committed to promoting, conducting, and publishing scholarly research in sacred music. In addition to nurturing scholarly studies, the Institute provides a growing collection of piano and instrumental literature, offers workshops for music ministers and worship leaders, and commissions new works.

Nursing Department

The Carson-Newman University School of Nursing offers studies toward a Bachelor of Science in Nursing degree. The requirements for the BSN include 5 semesters of nursing courses with the first semester courses being offered in both the Fall and Spring. Students meeting the requirements to begin nursing courses must submit their Intent to Enroll in Undergraduate Nursing Courses Form and be approved by the Nursing Admission and Progression Committee before being registered for first semester nursing courses.

Accreditation

The baccalaureate degree program in nursing at Carson-Newman University is accredited by the Commission on Collegiate Nursing Education (www.ccnaccreditation.org). The Baccalaureate Program is approved by the Tennessee Board of Nursing, holds membership in the American Association of Colleges of Nursing, and is an Army ROTC Partnership in Nursing Education (PNE) school.

Admission Information

If the number of qualified students exceeds the number that can be accommodated in the class, the following criteria will be utilized in selection: cumulative GPA, Carson-Newman credit hours, ROTC enrollment, current military service, prior nursing education or experience, prior degree, nursing prerequisite grades, number of course withdrawals and repeats, grade improvement over time, number of prerequisite courses to complete, and interview as deemed necessary by the Nursing and Progression Committee.

After graduation from Carson-Newman, registered nurse (RN) licensure is acquired when the NCLEX-RN examination is successfully completed. Any state board of nursing reserves the right to deny licensure to anyone ever convicted of a crime other than a minor traffic violation. Anyone having such a conviction should contact the appropriate state board of nursing for advice prior to enrolling in nursing as a major. Successful completion of the BSN degree does not guarantee successful completion of NCLEX-RN.

A current copy of the nursing student handbook is maintained in the School of Nursing and available online for all nursing students in their canvas BSN Student Community tile. The handbook is given to students during initial nursing orientation and is available anytime upon request. To begin Semester 1 Nursing coursework, students must meet the following criteria:

1. Cumulative GPA of 2.75 or higher.
2. Science GPA of 2.5 or higher. Science courses include BIOL-207 (A&P 1), BIOL-208 (A&P 2), BIOL-316 (Microbiology), and CHEM-101 (Chemistry) or equivalent.
3. Complete all prerequisite courses with a C or better with a maximum of one retake per course.
4. Successfully complete a criminal background check.
5. Have no more than four (4) liberal arts core courses remaining towards completion of the BSN degree requirements.

School of Nursing

The School of Nursing has classrooms, clinical skills labs, health assessment labs, and a state-of-the-art high-fidelity simulation lab. Nursing majors have clinical study and practice at a variety of institutions and health care facilities in both rural and urban settings. Carson-Newman University School of Nursing offers a rigorous baccalaureate nursing curriculum that includes academic and clinical performance requirements. To be awarded a Bachelor of Science in Nursing degree, the student must successfully complete both elements of the program. Students who receive a nursing degree from Carson-Newman University will have been exposed to the skills and knowledge necessary to attain licensure and to perform the clinical tasks normally expected of a Registered Nurse. All nursing majors are eligible for membership in the Student Nurses' Association.

Degree Graduation Requirements

There are three groups of courses that are taken to satisfy nursing degree graduation requirements — prerequisites, liberal arts, and nursing. Prerequisites are completed prior to beginning nursing courses.

- BIOL-207 and BIOL-208, Anatomy and Physiology I/II, BIOL-316, Microbiology, CHEM-101, General Chemistry,
- CFS-206 **or** PSY-206, Human Development Across the Lifespan,
- English-101 Writing & Lit Studies I and ENG-201 Writing & Lit Studies II,
- FN-210, Basic Nutrition, **or** FN-214, Science of Nutrition, **or** FN-216, Nutrition Foundations for Nursing Profession, **or** another 200-level or higher nutrition course approved for transfer students,
- MATH-201 Statistical Concepts & Methods
- Liberal Arts Requirements
- Nursing Program Requirements

For nursing courses with a clinical component, 1 credit hour of clinical equals 3 clock hours. A semester consists of 15 weeks. The total clinical clock hours required for a course in a semester is calculated by multiplying the clinical credit by 3 and then multiplying that result by 15.

Goal

The overall goal of the Bachelor of Science in Nursing program is to prepare entry level baccalaureate nurses who have the skills and knowledge necessary to attain licensure and to perform the clinical tasks normally expected of registered nurses.

Nursing Major

All students who declare nursing as a major are assigned a departmental advisor who will closely follow the student's academic progress. Those students who wish to transfer into nursing from another major must first file a change of major form and be assigned an advisor for nursing. Transfer students from other institutions must have their previous work evaluated before being admitted to the university and declaring a nursing major. Granting credit for coursework completed at other institutions is determined by the university registrar and chair of the School of Nursing.

Nursing Program Fee

The BSN program at Carson-Newman consists of 5 semesters of Nursing courses. Students enrolled in Nursing courses will incur a \$850 per semester program fee. This fee is used to cover items such as physical equipment for labs/clinical, ATI resources, and an NCLEX Review course.

Types of Students

Qualified high school seniors admitted as freshmen to Carson-Newman University may be admitted as Nursing majors, upon successful completion of university entry requirements. Placement in nursing courses typically begins in the second semester of the sophomore year and is dependent upon successful completion of the requirements to begin nursing coursework. Carson-Newman students who begin as freshmen in a different major and then change to Nursing, must complete a change major form. Transfer students must meet all entry requirements and contact the School of Nursing to be considered for placement into nursing courses. Transfer students with nursing coursework completed at other institutions must also attach a letter of good standing from their previous university. To be considered for admission as a Nursing major, a student may have no more than one nursing course failure as defined by the previous institution.

Philosophy Department

The **Philosophy program** is located on the third floor of Henderson Humanities Building in the Philosophy, Linguistics, and World Languages Suite. Students who have completed six credits in philosophy and who have a 3.00 GPA are eligible for membership in Phi Sigma Tau, the philosophy national honor society. Students earning a philosophy major must demonstrate competency in a modern foreign language at the sophomore (201/202) level or achieve equivalent credit through placement tests.

Psychology Department

The Psychology Department at Carson-Newman University seeks to provide an excellent undergraduate learning experience within a supportive Christian environment. The department is located in the Chambliss Building. In addition to traditional academic courses, the Psychology Department offers several practical opportunities through community field work, internships, independent research projects and teaching assistantships. One distinguishing feature of the Psychology Department is our emphasis on community participation and service. Following graduation, alumni have entered a variety of vocational fields, including mental health, the ministry, education, law, research, business and industry.

Psychology provides an overview of the field of psychology. Students going into bachelor's level mental health work or graduate study in applied fields such as counseling, youth work, psychological research, or social services should also choose a minor in psychology. All students are expected to participate in the co-curricular program of the psychology department by attending announced meetings, guest speaker programs as well as working closely with their faculty advisors in academic and career planning.

Often students will choose to major and minor in psychology. Because recommended job and graduate school preparations can vary widely depending on career direction, CAREFULLY PLAN your course of studies by meeting regularly with your faculty advisor. Students in the psychology major are eligible for membership in Psi Chi, the national psychology honor society, and the Psychology Club, which helps plan departmental activities.

Majors

Bachelor of Arts

- Psychology
 - optional emphasis in Teacher Licensure 9-12

Minors

- Criminal Psychology
- Developmental Psychology
- Mental Health
- Psychology
- Social Entrepreneurship

Advanced Placement

Three credits for general psychology will be granted for a score of 4 or 5. Applicants must submit to the chair of the department a written description of the content of their high school psychology course, the most important and interesting topics they covered, and any course activities or projects. The chair will determine whether credit is to be awarded for PSY-101 or PSY-102.

Collateral Areas

It is highly recommended that students preparing for graduate study in psychology, theology, law, medicine, or other professions take an additional emphasis, minor, or major in another area. Examples are biology, math, computer science, English, philosophy, religion, language, political science, history, sociology, cross-cultural sociology, art, music, conflict and justice studies, creative writing, film study, women's studies, Latin American studies, photography, management, or economics.

Language

General Psychology majors require six credits of language at the 100-level or higher. The language does not have to be in the same language.

Sociology Department

The Sociology program is located in the Chambliss Building. Sociology and Human Services majors have opportunities for practical experience in service-learning settings such as the Tennessee Department of Human Services, community organizations, and urban or overseas missions. Majors with a 3.5 GPA become members of Alpha Kappa, the department's honor society. The sociology and the human services majors require six hours of language at the 100- level or higher. The language does not have to be in the same language.

NOTE: Courses in one major within the Sociology Department may not count toward the other major offered by the department unless such courses are designated as required by both majors. Courses so designated and counted in more than one major are limited to two.

ACCOUNTING PROGRAM REQUIREMENTS (120 CREDITS)

Liberal Arts Core Requirements (41-42 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. All majors in the Business department will fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

- **Studies in Personal/Social Awareness (3 credits)**

ECON-210 Principles Microeconomics (3 credits) *(Students must earn a minimum grade of C or better)*

Business Foundations Core (9 credits)

(Students must earn a minimum grade of C or better and the foundations sections must be completed prior to major courses, unless otherwise noted)

- ACCT-201 Principles of Financial Accounting (3 credits)
- ACCT-202 Principles of Managerial Accounting (3 credits)
- BAD-205 Introduction to Business Analytics (3 credits)

or MATH-201 Statistical Concepts and Methods

Business Core (21 credits)

(Students must earn a minimum grade of C or better)

- BAD-201 Business and Professional Communication (3 credits)
- BAD-215 Business Information Tools (3 credits)
- BAD-301 Legal and Ethical Environment of Business (3 credits)
- ECON-220 Principles of Macroeconomics (3 credits)
- FIN-301 Introduction to Financial Management (3 credits)
- MGT-301 Essentials of Management and Leadership (3 credits)
- MKT-300 Principles of Marketing (3 credits)

Senior Capstone (3 credits)

(Students must earn a minimum grade of C or better)

- MGT-408 Strategic Management, (Senior Capstone Course) (3 credits)

Accounting Requirements (27 credits)

(Students must earn a minimum grade of C or better)

- ACCT-301 Intermediate Accounting I (3 credits)
- ACCT-302 Intermediate Accounting II (3 credits)
- ACCT-306 Strategic Cost Accounting (3 credits)
- ACCT-309 Accounting Information Systems (3 credits)
- ACCT-402 Auditing I (3 credits)

ART - GRAPHIC DESIGN EMPHASIS PROGRAM REQUIREMENTS (120 credits)

Liberal Arts Core Requirements (47-48 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. Art majors should fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

Studies to Enhance a World Perspective

ART-116 Digital Photography I (3 credits)

Art Core Requirements (26 credits)

- ART-100 Art Fundamentals I (3 credits)
- ART-103 Art Fundamentals II (3 credits)
- ART-105 Drawing I (3 credits)
- ART-113 Computer Graphics (3 credits)
- ART-121 Orientation for Art Majors (2 credits)
- ART-205 Drawing II (3 credits)
- ART-316 Art History I (3 credits)
- ART-317 Art History II (3 credits)
- ART-302 Painting I (3 credits)

Senior Capstone Course (3 credits)

- ART-411 Senior Seminar (3 credits)

Graphic Design Emphasis (18 credits)

- ART-233 Graphic Design I (3 credits)
- ART-243 Graphic Design II (3 credits)
- ART-313 History of Graphic Design (3 credits)
- ART-343SL Graphic Design III (3 credits)
- ART-453 Graphic Design IV (3 credits)

- COMM-330 Web and Interactive Design (3 credits)

General Electives (25-26 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors.

Summary of Total Credits

- Liberal Arts Core (47-48 credits)
- Art Core Requirements (29 credits)
- Graphic Design Emphasis (18 credits)
- General Electives (25-26 credits)
- Minimum to Earn BA in Art with Graphic Design Emphasis (120 credits)

NOTE: Students must participate in a portfolio review during the spring semester (usually in March) of freshman, sophomore, and junior years.

ART.MINOR - Art Minor

Liberal Arts Core Requirements (41-42 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. All majors in the Business department will fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

- **Studies in Personal/Social Awareness (3 credits)**
ECON-210 Principles of Microeconomics (3 credits)

Business Foundations Core (9 credits)

(Students must earn a minimum grade of C or better and the foundations sections must be completed prior to major courses, unless otherwise noted)

- ACCT-201 Principles of Financial Accounting (3 credits)
- ACCT-202 Principles of Managerial Accounting (3 credits)
- BAD-205 Introduction to Business Analytics (3 credits)
or MATH-201 Statistical Concepts and Methods

Business Core (21 credits)

- BAD-201 Business and Professional Communication (3 credits)
- BAD-215 Business Information Tools (3 credits)
- BAD-301 Legal and Ethical Environment of Business (3 credits)
- ECON-220 Principles of Macroeconomics (3 credits)
- FIN-301 Introduction to Financial Management (3 credits)
- MGT-301 Essentials of Management and Leadership (3 credits)
- MKT-300 Principles of Marketing (3 credits)

Senior Capstone Course (3 credits)

- MGT-408 Strategic Management (Capstone Course) (3 credits)

Business Administration Major Requirements (15 credits)

- Upper division coursework in at least three Business disciplines*(15 credits)

Internship courses **will not count toward this 15-credit requirement.*

General Electives (30-31 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors.

Summary of Total Credits

- Liberal Arts Core (41-42 credits)
- Business Foundations Core (9 credits)
- Business Core (21 credits)
- Business Admin Requirements (15 credits)
- General Electives (30-31 credits)
- Minimum to Earn a BS in Business Admin (120 credits)

Liberal Arts Core Requirements (48-49 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the Liberal Arts Core Requirements section of the catalog for additional details. Biology majors with a general emphasis should fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

- Studies in Mathematics and Science (11 credits)
MATH-120 or MATH-201 (3 credits)
CHEM-103 and CHEM-104 (8 credits)
- Studies to Enhance a World Perspective (6 credits)
Language (The same language at the 100-level or higher)

General Biology Core Requirements (9 credits)

- BIOL-105 General Biology I (4 credits)
- BIOL-106 General Biology II (4 credits)
- BIOL-410 Directed Readings in Biology (1 credit)

Senior Capstone Course (1 credit)

- BIOL-411SL Senior Seminar (1 credit)

One course from each of the following three categories: (12-13 credits)

Molecular/Cell

- BIOL-314 Genetics (4 credits)
- BIOL-320 Molecular Cell Biology (4 credits)
- BIOL-408 Immunology (4 credits)

Organismal

- BIOL-301 Botany (4 credits)
- BIOL-302 Zoology (4 credits)
- BIOL-404 Mammalian Physiology (5 credits)

Population

- BIOL-315SL Ecology (4 credits)
- BIOL-317SL Natural History (4 credits)
- BIOL-319SL Animal Behavior (4 credits)

Choose one of the following (4-5 credits)

(That was not taken from the prior three categories molecular/cell, organismal or population)

- BIOL-317SL Natural History (4 credits)
- BIOL-319SL Animal Behavior (4 credits)
- BIOL-320 Molecular Cell Biology (4 credits)
- BIOL-402SL Gross Anatomy (5 credits)
- BIOL-404 Mammalian Physiology (5 credits)
- BIOL-405 Environmental Policy (4 credits)
- BIOL-408 Immunology (4 credits)

Choose two additional Biology or Chemistry Electives (min 8 credits)

For a general emphasis in biology, a student must complete at least 34 credits in biology.

CHEM-301, Organic Chemistry I, and CHEM-302, Organic Chemistry II, are **strongly recommended**.

General Electives (37 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors.

Summary of Total Credits

Liberal Arts Core (48-49 credits)

General Biology Core (9 credits)

Senior Capstone (1 credit)

Biology Major (24 credits)

General Electives (37-38 credits)

Minimum to Earn a BA in Biology with General Emphasis (120 credits)

BIOLOGY-WILDLIFE ECOLOGY EMPHASIS PROGRAM REQUIREMENTS (120 credits)

Liberal Arts Core Requirements (48-49 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. Biology majors with a general emphasis should fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

- **Studies in Mathematics and Science (11 credits)**
 - MATH-120 or MATH-201 (3 credits)
 - CHEM-103 and CHEM-104 (8 credits)
- **Studies to Enhance a World Perspective (6 credits)**
 - Language (The same language at the 100-level or higher)

General Biology Core Requirements (9 credits)

- BIOL-105 General Biology I (4 credits)
- BIOL-106 General Biology II (4 credits)
- BIOL-410 Directed Readings in Biology (1 credit)

Senior Capstone Course (1 credit)

- BIOL-411SL Senior Seminar (1 credit)

Wildlife Major Requirements (40 credits)

Category 1 (12 credits)

- BIOL-319 Animal Behavior (4 credits)
- BIOL-415 Mammalogy (4 credits)
- BIOL-416 Ornithology (4 credits)

Category 2 (4 credits)

- *Select one course from the list below (4 credits):*
 - BIOL-314 Genetics (4 credits)
 - BIOL-330 Molecular Cell Biology (4 credits)

Category 3 (8 credits)

- Select two courses from the list below:

- BIOL-302 Zoology (4 credits)
- BIOL-315 Ecology (4 credits)
- BIOL-404 Mammalian Physiology (4 credits)

Category 4 (7 credits minimum)

- Select two courses from the list below (7 credits minimum):

- BIOL-301 Botany (4 credits)
- BIOL-350 Field Ecology (4 credits)
- BIOL-406 Field Botany (3 credits)
- BIOL-304 Field Biology (3 credits)

Category 5 (1 credit)

- BIOL-491 Directed Project (1 credit) or BIOL-383 Internship

Category 6 (8 credits)

- 8 credits of upper-level Biology

General Electives (21-22 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors.

Summary of Total Credits

- Liberal Arts Core. (48-49 credits)
- Biology Core (9 credits)
- Senior Capstone (1 credit)
- Wildlife Requirements (40 credits)
- General Electives (21-22 credits)
- Minimum to Earn a BA in Biology with Wildlife Ecology Emphasis (120 credits)

CHEMISTRY PROGRAM REQUIREMENTS (BA) (120 CREDITS)

Liberal Arts Core Requirements (47-48 credits)

All students are expected to complete the university's Liberal Arts Core requirements. See the [Liberal Arts Core Requirements](#) section of the catalog for additional details. A BA major in the Chemistry department will fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

- **Studies in Mathematics and Science**

Students must choose six credits of science courses not required in their major.

- **Studies to Enhance a World Perspective**

A student must receive 6 credits in the same language at either the 100 or 200-level.

Please note: The BA degree in chemistry requires at least 34 credits of chemistry and additional requirements. Only eight (8) credits of 100-level courses and only 3 credits of externship (CHEM-307 or CHEM-308) may count towards the major.

Chemistry Requirements (33 credits)

- CHEM-103 General Chemistry I (4 credits)
- CHEM-104 General Chemistry II (4 credits)
- CHEM-201 Excel for Scientists (2 credits)
- CHEM-301 Organic Chemistry I (4 credits)
- CHEM-302 Organic Chemistry II (4 credits)
- CHEM-305SL Quantitative Analysis (4 credits)
- CHEM-411 Special Topics in Chemistry (1 credit)
- CHEM Chemistry electives (must be 300/400-level) (10 credits)

Senior Capstone (1 credit)

- CHEM-412 Seminar in Chemistry (1 credit)

Liberal Arts Core Requirements (48-50 credits)

All students are expected to complete the university's Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. A BS major in the Chemistry department will fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

- **Studies in Mathematics and Science (12 credits)**

PHYS-103 General Physics I (4 credits)

PHYS-104 General Physics II (4 credits)

MATH-151 Calculus I (4 credits)

- **Studies to Enhance a World Perspective**

A student must receive 6 credits in the same language at either the 100 or 200- level.

Please Note: The BS degree in chemistry requires at least 39 credits of chemistry and additional requirements. No more than eight (8) credits of chemistry electives may be counted toward the 120-credit requirement for graduation. BS majors must serve as a laboratory assistant for at least one lab for one semester. The student may receive course credit (CHEM-300) or receive pay for this at the current rate established by the University.

Chemistry Requirements (38 credits)

- CHEM-103 General Chemistry I (4 credits)
- CHEM-104 General Chemistry II (4 credits)

MASTER OF EDUCATION - CURRICULUM AND INSTRUCTION: COACHING EMPHASIS PROGRAM REQUIREMENTS (36 credits)

The standards set by the National Council for Accreditation of Coaching Education (NCACE) are the basis for the coursework at Carson-Newman. The coaching education courses will fit into the elective category of the existing MEd programs. The courses are appropriate for currently licensed teachers who are renewing their licensure and for individuals who are looking to further their coaching knowledge. More information about NCACE can be found at www.aahperd.org.

Required Core (12 credits)

- EDUC-561 Effective Home, School, Community Relations (3 credits)
- EDUC-638 Foundations of Leadership (3 credits)

Choose one (1) of the following courses

- EDUC-531 Evaluation of Learning (3 credits)
- EDUC-672 Evaluation for Continuous Improvement (3 credits)

Choose one (1) of the following courses

- TESOL- 565 Culturally Responsive Teaching (3 credits)
- SPED-524 Techniques for Inclusion of Diverse Learners (3 credits)

Coaching Emphasis (15 credits)

- PE-501 Philosophy and Ethics in Sport (3 credits)
- PE-502 Physical Conditioning of the Athlete (3 credits)
- PE-503 Injury Management (3 credits)
- PE-504 Sport as Ministry (3 credits)
- PE-505 Psychology of Sport Performance (3 credits)

Research (9 credits)

Choose either the Non-Thesis or Thesis option

Non-Thesis:

- EDUC- 630 Educational Research (3 credits)
- EDUC-635 Integrating Research and Learning (3 credits)

- Graduate Education department elective (3 credits)

CI.MED - Curriculum and Instruction (MEd)

Overview

Program Code

CI.MED

Program Title

Curriculum and Instruction (MEd)

Department

Graduate Studies in Education

Program Description

The Master of Education program is designed to prepare licensed teachers to take on leadership roles in PreK-12 schools. The MEd includes a common core of 12 credits of courses and is structured to provide a variety of options for graduate students. In addition to the overall goals for the master's program in education, MEd candidates will:

Develop extensive knowledge of leadership and change within educational and other societal institutions.

Analyze and interpret school and primary research data and can conduct action research to effect change.

Foster and maintain relationships within the school, and with the district, parents, and community members to support student achievement.

The MEd-Curriculum and Instruction program includes a core of 12 credits and also includes 15 credits of electives to help teachers select courses to meet their own individual needs and goals.

CI.TESOL.MED - C&I: Tesol (MED)

Overview

Program Code

CI.TESOL.MED

Program Title

C&I: Tesol (MED)

Department

Graduate Studies in Education

Program Description

The Teaching English to Speakers of Other Languages (TESOL) program provides a substantive foundation in language acquisition and applied linguistics, language pedagogy, culturally responsive teaching, and research germane to the education of Multilingual Learners in PreK-12 and international contexts. The program presents theoretical, empirical, and practical dimensions for language teaching and learning. Candidates consider the cognitive, cultural, ethnical, policy-making, and individual influences on the education of Multilingual Learners. These considerations contribute to a candidate's exposition to work with those learning English as an additional language across the lifespan, across context, and across content.

The purpose of the TESOL program is to prepare committed, caring and competent teachers, leaders, advocates, and researchers who promote educational equity for multilingual learners and cultivate classrooms that value linguistic and cultural diversity.

The TESOL emphasis espouses equitable access to education and educational opportunities, individual successes, and positive identities of Multilingual Learners through 4 program priorities: leadership, advocacy, culture, and competence.

Degree candidates wishing to complete the add-on endorsement in Teaching English to Speakers of Other Languages must also submit passing scores on the Praxis II English to Speakers of Other Languages licensure exam.

ELEM.NONLIC.BA - Elementary Education Non-Licensure (BA)

Overview

Program Code	Program Title
ELEM.NONLIC.BA	Elementary Education Non-Licensure (BA)
Department	
Education	

Program Description

The Elementary Education (Non-Licensure) major is designed for students interested in working with children in educational settings outside of licensed teaching roles and is well-suited for paraprofessionals currently working in schools who wish to deepen their knowledge and expand their career opportunities. The program opens pathways to graduate study leading to licensure in elementary education or related fields while also preparing graduates for roles in settings such as after-school programs, educational support services, and community-based organizations. Students develop a strong foundation in teaching and learning, child development, and instructional practices.

Degree	Academic or Program Level	Delivery Platform
Bachelor of Arts	Undergraduate	Traditional

Requirements

Requirements

ELEMENTARY EDUCATION NON-LICENSURE (120 credits)

Liberal Arts Core Requirements (47-48 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the [Liberal Arts Core Requirements](#) section of the catalog for additional details.

Elementary Education Major (Non-Licensure) (34 credits)

- EDUC-203SL Foundations of Education (3 credits)
- EDUC-204 Educational Technology (3 credits)
- EDUC-205 Introduction to Diagnostic Reading Instruction (3 credits)
- EDUC-314 Literacy Development through Language Arts (3 credits)
- EDUC-341 Curriculum, Instruction, and Management of the PreK-5 Classroom (3 credits)
- EDUC-350 Diversity in Schools, Homes, & Communities (2 credits)
- EDUC-403 Assessment and Evaluation (3 credits)
- PSY-404 Classroom Management (2 credits)
- SPED-313 Survey of Persons with Exceptionalities (3 credits)
- SPED-318 Techniques for the Inclusion of Diverse Learners (3 credits)

Additional Math Requirement (3 credits)

FILM AND DIGITAL MEDIA PROGRAM REQUIREMENTS - (TEACH-OUT)

Liberal Arts Core Requirements (47-48 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. All Film and Digital Media students must fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below. The Film and Digital Media major requires six hours of the same language at the 100-level or higher. For students with a high school background, the 101 level is considered remedial and does not fulfill the required six hours.

Writing and Aesthetics (15 credits)

- COMM-123 Introduction to Media Writing (3 credits)
- FILM-310 Introduction to the Art of Film (3 credits)
- FILM-311 Film History (3 credits)
- FILM-344 Studies in American Film Genres (3 credits)
- FILM-441 Film Authors (3 credits)

Production (12 credits)

- FILM-208 Introduction to Digital Media (3 credits)
- FILM-209SL Video Production (3 credits)
- FILM-304 Advanced Production (3 credits)

Choose one (1) of the following courses:

- FILM-305 Digital Storytelling (3 credits)
- FILM-320 Special Topics in Film (3 credits)

Film and Society (6 credits)

Choose two (2) courses from the following:

- COMM-250 Media, Religion, and Ministry (3 credits)
- COMM-327 Media in a Changing World (3 credits)
- COMM-404 Communication Law and Ethics (3 credits)
- HIST-427 History and Film (3 credits)

- BTS-427 Religion and Film (3 credits)
- SOC-427 Sociology and Film (3 credits)

World Cinema (3 credits)

- FILM-415 International Cinema (3 credits)

Senior Capstone (3 credits)

- FILM-460 Senior Project (3 credits)

General Electives (33-34 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors.

Summary of Total Credits:

- Liberal Arts Core (47-48 credits)
- Writing and Aesthetics (15 credits)
- Production (12 credits)
- Film and Society (6 credits)
- World Cinema (3 credits)
- Senior Capstone (3 credits)
- General Electives (33-34 credits)
- Minimum to Earn a BA in Film and Digital Media (120 credits)

ILL.SPEC - Instructional Leader License Endorsement (ILL)

Overview

Program Code

ILL.SPEC

Program Title

Instructional Leader License Endorsement (ILL)

Department

Graduate Studies in Education

Program Description

The Instructional Leader License Endorsement is designed for educators who want to work in positions requiring the license such as the assistant principal, principal, instructional supervisor, and other district administrator positions. It may be taken congruently with the MEd in Educational Leadership, Ed.S. in Administrative Leadership, or Ed.D. in Administrative Leadership, or by a candidate who already has a master's degree and meets the other criteria for admissions. Students who complete the Instructional Leader License Endorsement meet the qualifications to receive Tennessee's Instructional Leader License.

Candidates can be hired as assistant principals with Tennessee's (ILL) Instructional Leadership License. This is an administrator license, valid for five years, that is issued to applicants who hold a bachelor's degree and are enrolled in the Instructional Leader License Endorsement. The ILL may not be renewed but can be advanced if the candidate has met licensure expectations.

INTERIOR DESIGN PROGRAM REQUIREMENTS (120 credits)

Liberal Arts Core Requirements (41-42 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. All majors under Family and Consumer Sciences will fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below. Some majors may require additional requirements which are noted with the specific major.

- **Studies in Personal/Social Awareness (6 credits)**
CS-135* Personal and Family Management (3 credits)
CFS-206* Human Development through the Lifespan (3 credits)

Family and Consumer Sciences Core (8 credits)

- FCS-121 Professional Orientation (1 credit)
- FMD-141 Design, Culture, and the Near Environment (3 credits)

Choose one from the following (3 credits)

- FN-210 *Basic Nutrition* (3 credits)
- FN-214 Science of Nutrition (3 credits)

Senior Capstone Course (1 credit)

- FCS-421SL Senior Seminar (1 credit)

Interior Design Requirements (62 credits)

- CS-432 Cooperative Management and Housing (4 credits)
- FCS-100 The Art of Weaving (3 credits)
- FMD-241 Textiles (3 credits)
- FMD-242 Sewn Products for Apparel and Interiors (3 credits)
- FN-310 Principles of Food Preparation and Meal Management (4 credits)
- INTD-101 Interior Design Fundamentals (3 credits)
- INTD-244 Interior Design Building Systems I (3 credits)

- INTD-245 Interior Design Building Systems II (3 credits)
- INTD-246 Architectural Drafting (3 credits)
- INTD-252 Space Planning (3 credits)
- INTD-254 Material and Finishes (3 credits)
- INTD-256 Computer Aided Design I (3 credits)
- INTD-300 Computer Aided Design II (3 credits)
- INTD-345 History of Architecture & Interiors Before 1830 (3 credits)
- INTD-346 History of Architecture & Interiors After 1830 (3 credits)
- INTD-348 Kitchen and Bath Design (3 credits)
- INTD-350 Residential Design (3 credits)
- INTD-450 Commercial Design (3 credits)
- INTD-459 Professional Practice (3 credits)
- INTD-469 Internship in Interior Design (3 credits)

General Electives (8-9 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors.

Summary of Total Credits

- Liberal Arts Core (41-42 credits)
- FCS Core Requirements (8 credits)
- Interior Design Requirements (62 credits)
- General Electives (8-9 credits)
- Minimum to Earn a BS in Interior Design (120 credits)

Department

College of Prof. Studies

Program Description

The Bachelor of Science in Marketing equips students to be creative thinkers and transformational leaders with the critical marketing skills necessary to shape the future with insights, creativity, and innovation. This program is designed to equip students with business, technical, creative, and communication skills that go above and beyond basics of marketing slogans, advertising, and sales. The Bachelor of Science in Marketing at Carson-Newman prepares students to fulfill their full potential and reach their career goals while serving society.

CHURCH MUSIC PROGRAM REQUIREMENTS (123-124 credits)

Liberal Arts Core Requirements (47-48 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. Each major in the Music department has specific categories of the Liberal Arts Core curriculum that must be met.

- **Studies to Enhance a World Perspective**

ART-116 Digital Photography I (3 credits), ART-210 Art Appreciation (3 credits), FA-301 Form and Expression - Honors (3 credits), FILM-310 Introduction to the Art of Film (3 credits), TH-110 Introduction to Theatre (3 credits), **or** MUSIC ENSEMBLES (3 credits)
- **Language** (must take 6 credits of the same language)

Recital Attendance (0 credit)

- MUS-001 Recital Attendance (0 credit)

All Music majors must enroll in **MUS-001 Recital Attendance** for **seven (7) semesters**. This is a **zero-credit, Pass/Fail** requirement. Students must complete the required number of approved recital/concert attendances each semester as defined by departmental policy.

Piano Proficiency Requirement (0 credit)

- MUS-009 Piano Proficiency (0 credit)

All Bachelor of Music Majors must demonstrate functional keyboard competency by **passing the departmental Piano Proficiency Examination** (MUS-009). This is a **zero-credit, Pass/Fail** requirement. Students may meet this requirement through enrollment in Class Piano, applied piano study, or other approved preparation as appropriate to their background. The number of piano courses required is determined by the student’s progress toward proficiency; however, completion of the Piano Proficiency Examination is required for program completion.

“Keyboard Primaries must include either MUS-105 or MUS-205 in place of MUS-009 Piano Proficiency.”

Music Core (22 credits)

- MUS-111 Music Theory I (3 credits)
- MUS-112 Music Theory II (3 credits)

- MUS-211 Music Theory III (3 credits)
- MUS-212 Music Theory IV (3 credits)

MUSIC PROGRAM REQUIREMENTS (120 credits)

Liberal Arts Core Requirements (47-48 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. Each major in the Music department has specific categories of the Liberal Arts Core curriculum that must be met.

- **Studies to Enhance a World Perspective**
Must take a Fine Arts outside the Department of Music.
- **Language**
BA degrees must take a language at the 100-level (6 credits)

Recital Attendance (0 credit)

- MUS-001 Recital Attendance (0 credit)

All Music majors must enroll in **MUS-001 Recital Attendance** for **seven (7) semesters**. This is a **zero-credit, Pass/Fail** requirement. Students must complete the required number of approved recital/concert attendances each semester as defined by departmental policy.

Music Core (20 credits)

- MUS-111 Music Theory I (3 credits)
- MUS-112 Music Theory II (3 credits)
- MUS-211 Music Theory III (3 credits)
- MUS-212 Music Theory IV (3 credits)
- MUS-117 Sight-Singing and Ear Training I (1 credit)
- MUS-118 Sight-Singing and Ear Training II (1 credit)
- MUS-231 Music History I (3 credits)
- MUS-232 Music History II (3 credits)

Applied Lessons (6 credits)

Take two (2) credits from the following:

- MUS-103 Class Piano I (1 credit)
- MUS-104 Class Piano II (1 credit)

- MUS-203 Class Piano III (1 credit)
- MUS-205 Class Piano V (1 credit)
- MUS-105 Keyboard Improvisation in Worship (1 credit)

Take four (4) credits from the following:

- Applied Lessons (4 credits)

Ensemble (4 credits)

Senior Capstone Course (1 credit)

- MUS-461 Senior Seminar for BA in Music (1 credit)

Music Electives (12 credits)

- MUS electives (12 credits) (6 credits must be upper level)

General Electives (29-30 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors.

Summary of Total Credits

- Liberal Arts Core (47-48 credits)
- Recital Attendance (0 credit)
- Music Core (20 credits)
- Applied Lessons (6 credits)
- Ensemble (4 credits)
- Senior Capstone Course (1 credit)
- Music Electives (12 credits)
- General Electives (29-30 credits)
- Minimum to Earn a BA in Music (120 credits)

INSTRUMENTAL MUSIC EDUCATION - TEACHER
LICENSURE K-12 PROGRAM REQUIREMENTS (132-133
credits)

Music education majors are eligible to apply for teacher licensure in Tennessee upon completion of their curriculum.

Liberal Arts Core Requirements (38 credits)

All students are expected to complete the university's Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. Each major in the Music department has specific categories of the Liberal Arts Core curriculum that must be met.

- **Studies in Personal/Social Awareness**

CFS/PSY-206 Human Development Through the Life Span (3 credits)

or PSY-204 Psychology of Childhood & Adolescence (3 credits)
- **Studies to Enhance a World Perspective**

ART-116 Digital Photography I (3 credits) ART-210 Art Appreciation (3 credits), FA-301 Form and Expression - Honors (3 credits), FILM-310 Introduction to the Art of Film (3 credits, TH-110 Introduction to Theatre (3 credits), or MUSIC ENSEMBLES (3 credits)

Recital Attendance (0 credit)

- MUS-001 Recital Attendance (0 credit)

All Music Education majors must enroll in **MUS-001 Recital Attendance** for **six (6) semesters**. This is a **zero-credit, Pass/Fail** requirement. Students must complete the required number of approved recital/concert attendances each semester as defined by departmental policy.

Piano Proficiency Requirement (0 credit)*

- MUS-009 Piano Proficiency (0 credit)

All Music Education majors must demonstrate functional keyboard competency by **passing the departmental Piano Proficiency Examination** (MUS-009) before student teaching. This is a **zero-credit, Pass/Fail** requirement. Students may meet this requirement through enrollment in Class Piano, applied piano study, or other approved preparation as appropriate to their background. The number of piano courses required is

determined by the student's progress toward proficiency; however, completion of the Piano Proficiency Examination is required for program completion and licensure eligibility.

**Note: Keyboard primaries must include either MUS-105 or MUS-205 in place of MUS-009 Piano Proficiency Requirement.*

(A grade of C or better is required in all Music Core, Applied Music, Ensemble, Instrumental Music Education, and Professional Education courses listed below)

Music Core (22 credits)

- MUS-111 Music Theory I (3 credits)
- MUS-112 Music Theory II (3 credits)
- MUS-211 Music Theory III (3 credits)
- MUS-212 Music Theory IV (3 credits)
- MUS-117 Sight-Singing and Ear Training I (1 credit)
- MUS-118 Sight-Singing and Ear Training II (1 credit)
- MUS-217 Sight-Singing and Ear Training III (1 credit)
- MUS-218 Sight-Singing and Ear Training IV (1 credit)
- MUS-231 Music History I (3 credits)
- MUS-232 Music History II (3 credits)

Applied Lessons (14 credits)

- Applied Lessons (14 credits)

Applied music lessons on the same wind or percussion instrument Instrumental Methods required for seven semesters (six semesters of applied study plus a two-credit applied senior recital semester, completed the semester before student teaching).

Ensembles (7 credits)

Enrollment in approved ensembles is expected each semester for music majors, consistent with applied study and scholarship expectations. Instrumental music education majors enroll in major ensembles and, when appropriate, small ensembles as assigned.

Instrumental Music Education (26 credits)

- MUS-120 Introduction to Music Education (3 credits)
- MUS-220 Jazz Techniques (1 credit)
- MUS-226 Choral Techniques for Non-Voice Principal (2 credits)
- MUS-241 Percussion Methods (1 credit)
- MUS-242 Woodwind Methods I (1 credit)
- MUS-244 Woodwind Methods II (1 credit)

Program Learning Outcomes

Program Learning Outcomes

Name

PLO 1: Musicianship and Literacy — Students demonstrate proficient musicianship through theory/analysis, aural skills, and literacy skills that support performance and teaching.

Name

PLO 2: Instrumental Performance Proficiency — Students perform with technical accuracy, stylistic understanding, and musical expression on a primary instrument as developing professionals.

Name

PLO 3: Conducting and Rehearsal Leadership — Students apply effective conducting and rehearsal techniques appropriate for secondary instrumental ensembles and classroom settings.

Name

PLO 4: Instrumental Pedagogy Across Families — Students demonstrate functional performance skills and pedagogical strategies across woodwinds, brass, percussion, and strings, including troubleshooting, maintenance basics, and beginner instruction.

Name

PLO 5: Curriculum and Literature Selection — Students select, sequence, and justify high-quality instrumental literature aligned to learning goals and standards for diverse school ensembles.

Name

PLO 6: Teaching Competence, Professional Practice, and Ensemble/Program Leadership (K–12) — Students plan and deliver instruction aligned with licensure expectations and demonstrate the operational and rehearsal leadership skills required for common secondary assignments (e.g., concert ensembles, marching/athletic band responsibilities, and vernacular/jazz settings) with safe, developmentally appropriate pedagogy.

Name

PLO 7: Inclusive, Ethical, and Professional Leadership — Students demonstrate professional dispositions, ethical practice, and inclusive teaching/advocacy consistent with NASM/CAEP expectations, including effective communication with students, families, colleagues, and community stakeholders.

PLO 2: Vocal Performance Proficiency — Students perform with healthy, stylistically appropriate tone production and musical expression as developing professionals.

Name

PLO 3: Conducting and Rehearsal Leadership — Students apply effective conducting and rehearsal techniques appropriate for choral ensembles and school settings.

Name

PLO 4: Vocal Pedagogy, Diction, and Vocal Communication — Students apply foundational vocal science and pedagogy (including healthy tone production, voice change considerations, and rehearsal health) alongside accurate diction/IPA to communicate text authentically and teach these skills in school settings.

Name

PLO 5: Curriculum and Choral Literature Selection — Students select, sequence, and justify high-quality choral literature aligned to goals and standards for diverse secondary ensembles.

Name

PLO 6: Teaching Competence and Professional Practice (K–12) — Students plan and deliver instruction aligned with licensure expectations, demonstrating effective teaching behaviors, rehearsal strategies, assessment, and reflective professionalism.

Name

PLO 7: Inclusive, Ethical, and Professional Leadership — Students demonstrate professional dispositions and advocacy consistent with NASM/CAEP expectations, including inclusive practices and effective communication with stakeholders.

MUS.WL.BA - Music-Worship Leadership Emphasis (BA)

Requirements

Requirements

MUSIC-WORSHIP LEADERSHIP EMPHASIS PROGRAM REQUIREMENTS (120 credits)

Liberal Arts Core Requirements (47-48 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. Each major in the Music department has specific categories of the Liberal Arts Core curriculum that must be met.

- Studies to Enhance a World Perspective**
Must take Fine Arts outside the Department of Music.
- Language**
for BA degrees at the 100-level (6 credits)

Recital Attendance (0 credit)

- MUS-001 Recital Attendance (0 credit)

All Music majors must enroll in **MUS-001 Recital Attendance** for **seven (7) semesters**. This is a **zero-credit, Pass/Fail** requirement. Students must complete the required number of approved recital/concert attendances each semester as defined by departmental policy.

Music Core (17 credits)

- MUS-111 Music Theory I (3 credits)
- MUS-112 Music Theory II (3 credits)
- MUS-211 Music Theory III (3 credits)
- MUS-117 Sight-Singing and Ear Training I (1 credit)
- MUS-118 Sight-Singing and Ear Training II (1 credit)
- MUS-231 Music History I (3 credits)
- MUS-232 Music History II (3 credits)

Applied Lessons Primary (6 credits)

- Applied Lessons Primary (6 credits)

Applied Lessons Secondary (6 credits from another area outside of primary lessons)

Keyboard

- MUS-105 Keyboard Improvisation in Worship (1 credit)
- MUS-157 Guitar (1-3 credits)
- MUS-170 Percussion (1-3 credits)
- MUS-155 Voice (1-3 credits)

Instrumental

- MUS-105 Keyboard Improvisation in Worship (1 credit)
- MUS-150 Class, Piano (1-3 credits)
- MUS-155 Voice (1-3 credits)
- MUS-157 Guitar (1-3 credits)
- MUS-170 Percussion (1-3 credits)

Vocal

- MUS-105 Keyboard Improvisation in Worship
- MUS-150 Class, Piano (2 credits)
- MUS-157 Guitar (1-3 credits)
- MUS-170 Percussion (1-3 credits)

Worship Emphasis (15 credits)

- MUS-140 Formation for Music Ministry (1 credit)
- MUS-141 Contemporary Worship Leadership (1 credit)
- MUS-249 Music and Sound Technology (1 credit)
- MUS-321 The Songs of the Church (3 credits)
- MUS-322 Christian Worship Practices (2 credits)
- MUS-325 Church Music Leadership (*with Internship*) (3 credits)
- MUS-348 Electronic Music Methods (2 credits)
- MUS-441 Conducting 1 (2 credits)

Ensembles (6 credits)

- MUS-026* Contemporary Ensemble Lab (1 credit) ***(.5 credit, 2 semesters)**
- Select 5 additional credit hours of ensembles

Senior Capstone Course (2 credits)

- MUS-461 Senior Seminar for BA in Music (2 credits)

General Electives (20-21 credits)

- Must be from non-music courses

Students are encouraged to take additional Biblical and Theological Studies courses (especially BTS-224 and BTS-361) or pursue a minor in Biblical and Theological Studies.

Liberal Arts Core Requirements (50-51 credits)

All students are expected to complete the university’s Liberal Arts Core requirements. See the **Liberal Arts Core Requirements** section of the catalog for additional details. The Nursing department will fulfill specific categories of the Liberal Arts Core curriculum by taking the courses indicated below.

- **Studies in Mathematics and Science (19 credits)**

**Requires a grade of C or better*

MATH-201 Statistical Concepts in Methods (3 credits)

BIOL-207/208 Human Anatomy and Physiology I and II (8 credits) *

BIOL- 316 Microbiology (4 credits) *

CHEM-101 Introductory Chemistry (4 credits) *

- **Personal/Social Awareness (6 credits)**

FN-210 Basic Nutrition (3 credits)

Nursing majors only can also count FN-214 Science of Nutrition or FN-216 Nutrition Foundations for Nursing Profession.

CFS/PSY-206 Human Development through the Lifespan (3 credits)

Nursing Major Requirements (63 credits)

Placement in Nursing courses typically begins in the second semester of the sophomore year and it is dependent on successful completion of the requirements to begin Nursing coursework. All Nursing courses require a grade of C or better.

- NURS-202 Health Assessment & Lab (3 credits)
- NURS-203 Pharmacology (3 credits)
- NURS-212 Fndmntls of Nurs P. & Clncl P. (6 credits)
- NURS-301 Pathophysiology I (2 credits)
- NURS-302 Pathophysiology II (2 credits)
- NURS-303 Adult Med-Surg Nurs I & Clncl Pr (6 credits)

- NURS-304 Adult Med-Surg Nurs II & Clncl P (6 credits) - NURS-307 Pediatric Nursing & Clncl Prac (4 credits) - NURS-308 Psy-Mental Health Nurs &Clncl P (4 credits) - NURS-315 Intro to Nurs Research & Evidenc (2 credits) - NURS-404SL Comm./Population Hlth & Clncl Pr (4 credits) - NURS-405 Ldrshp/Mgt in Nurs&Clinical Pr (6 credits) - NURS-412 Dimensions of Professional Nursing (2 credits) - NURS-413 Maternal-Newborn Nurs & Clnl Pra (4 credits) - NURS-414 Critical Care Nurs & Clncl Pra (6 credits) - NURS-431 NCLEX Success I (2 credits) - NURS-432 NCLEX Success II (2 credits)* *Beginning Spring 2027 NURS-432 NCLEX Success II/Prof Nursing (3 credits)

Additional Nursing Electives (2 credits)

Choose from the following:

- BIOL-305 Medical Terminology (3 credits)
- HLTH-202 A Lifetime Objective (3 credits)
- NURS-410 Nursing Care of the High-Risk Neonate (2 credits)
- NURS-417 Multicultural Practicum (1-3 credits)
- NURS-418 Health Care Ethics (2 credits)

General Electives (4 to 5 credits)

General elective requirements may be adjusted to account for transfer credits, course substitutions approved by your advisor, or additional coursework from minors and second majors. The total number of electives also varies based on the number of credits required to reach a total of 120 credits.

Summary of Total Credits

Core requirements (43-44 credits)

Seminar Presentation (2 credits)

Nursing Electives Requirement (3 credits)

Minimum to Earn a Master of Science in Nursing in Family Nurse Practitioner (48-49 credits)

ADVANCED PRACTICE PROJECT OPTION

Prior to beginning the advanced practice project option, a student must have completed NURS-521 Theory & Evidence-Based Practice and NURS-685 Applied Biostatistics and Epidemiology. The advanced practice project requires two faculty members both from the department of nursing; one faculty member will serve as the committee chair and must be doctorly prepared. The project committee approval form must be completed and submitted to the Assistant Chair, Graduate Studies in Nursing prior to beginning NURS-600. Students will submit a scholarly article for publication and complete a scholarly presentation prior to grade assignment.

INDEPENDENCE NURSING RESEARCH PROJECT

Prior to taking the courses in the independent nursing research project, a student must have completed NURS-521 Theory & Evidence-Based Practice and NURS-685 Applied Biostatistics and Epidemiology. The independent nursing research project is a written research project related to the program of study. A scholarly article for publication and a presentation is required at completion of the project. Before registering for NURS-640 Independent Nursing Research Project, a student must have selected an area for study and doctorly prepared faculty member to chair the research. The committee must have three members including the chair. The chairperson and the second member of the committee must be full-time faculty members from the student’s degree program. The third member may be selected from outside the student’s degree program if desired. The committee approval form must be completed and submitted to the Assistant Chair, Graduate Studies in Nursing prior to beginning NURS-640. A scholarly presentation must be completed prior to the grade assignment.

PS.BS - Professional Studies (BS) *CPS

Overview

Program Code

PS.BS

Program Title

Professional Studies (BS) *CPS

Department

College of Prof. Studies

Program Description

The Bachelor of Science in Professional Studies (BPS) is a flexible degree that moves at the speed of business. The degree program allows students to customize their own career paths by gaining professional skills in areas that have high-demand job growth. Students can customize their learning experience by selecting three different BPS concentrations to build their degrees. In a dynamic and ever-changing business environment and with many professionals changing careers or job roles over time, this flexible degree program helps prepare students for a variety of in-demand careers throughout their lives. This program is offered through the College of Professional Studies.

Upon completion of the Bachelor of Professional Studies, students will be:

Prepared with the specific depth of skills needed to achieve their professional pursuits,

Equipped with the core breadth of professional skills needed to succeed and serve society,

Developed to achieve new heights in their professional and personal lives,

Empowered to reach their full potential through lifelong learning.

Non-Licensure Emphasis (BS)

Overview

Program Code

SPED.NONLIC.BS

Program Title

Special Education Non-Licensure Emphasis
(BS)

Department

Education

Program Description

The Special Education (Non-Licensure) major is designed for students interested in working with individuals with disabilities in non-teaching roles and is well-suited for paraprofessionals currently working in school settings who wish to deepen their knowledge and expand their career opportunities. The program opens pathways to graduate study leading to licensure in education or related fields while also preparing graduates for careers in settings such as adult service agencies, vocational rehabilitation, and hospital or institutional environments. In addition, students interested in pre-professional graduate programs in fields such as speech-language pathology or occupational therapy can pursue a prescribed set of electives to support competitive admission. Pre-occupational therapy students must adhere to the policies of the Health Professions Advising Committee (HPAC).

BAD-560 - Quantitative Mthd for Managers

Overview

Department

Graduate Studies in Business

Course Description

An introduction to statistical methods useful for analyzing data, with specific applications to problems of business and economics. Topics will include uncertainty and risk management, estimation and forecasting, optimization, and the logic of statistical inference. Students will apply statistical methodology to problems in economics, marketing, financial and managerial accounting, corporate finance, and applied operational methods. Prerequisites: Undergraduate business or general statistics course (MATH 201) or instructor approval.

BAD-565 - Business Modeling

Overview

Department

Graduate Studies in Business

Course Description

This course covers the development, implementation, and utilization of business models for managerial decision making. Various techniques for analytical modeling, such as forecasting, optimization, simulation, decision analysis, and classification are examined. This course helps students understand complex business models implemented in decision support systems that cover applications in strategic planning, financial management, operations/project management, and marketing research.

BAD-570 - Business Law & Org. Ethics

Overview

Department

Graduate Studies in Business

Course Description

To be successful, managers and entrepreneurs must understand how to navigate the legal environment in which they operate their business. This course examines the U.S. legal system and how critical legal concepts impact business agreements, interactions, and relationships. Additionally, this course will explore common moral dilemmas faced by managers and how successful business leaders make ethical, faith- based decisions when challenged.

CHEM-401 - Foundations of Physical Chem.

Overview

Department

Chemistry

Course Description

This course provides a comprehensive introduction to the principles of thermodynamics, kinetics, and advanced equilibrium processes in physical chemistry. Topics such as the kinetic molecular theory, the laws of thermodynamics, state functions, chemical equilibrium, reaction rates and mechanisms will be covered in detail with a chemical prospective. Students will develop a strong foundation in the fundamental principles of physical chemistry and gain an understanding of their applications in various systems. The course will include both theoretical concepts and practical application to enhance students' problem-solving and critical thinking skills. While this course may be more mathematically rigorous and uses a bit of calculus, all necessary mathematical tools will be introduced within the course itself. Prerequisites: CHEM 104, MATH 125 or higher. Corequisite: CHEM 415.

CHEM-415 - Foundations of Phys Chem Lab

Overview

Department

Chemistry

Course Description

This laboratory course is designed to complement the theoretical concepts covered in the associated 'Foundations of Physical Chemistry' course, (CHEM 401/PHYS 304). Through hands-on experiments and data analysis, students will explore the principles of thermodynamics, kinetics and advanced equilibrium processes in physical chemistry. The laboratory exercises will provide practical applications of the theoretical concepts, enabling them to cultivate critical laboratory skills. Students will analyze and compare experimental results to theoretical frameworks using Python programming to foster a deeper understanding of fundamental principles. Programming basics will be introduced within the course. Prerequisite: Same as CHEM 401. Corequisite: CHEM 401. \$30 fee.

CHEM-416 - Molecular Dynmcs & Spectro Lab

Overview

Department

Chemistry

Course Description

This laboratory course is designed to complement the theoretical concepts covered in the associated "Molecular Dyanmics and Spectroscopy' course (CHEM-402/PHYS-305). Students will gain hands-on experience in conducting experiments related to molecular dynamics and spectroscopy, allowing them to apply and reinforce the principles learned in class through experimental means. Through a combination of practical exercises, simulations, data analysis, and scientific inquiry, students will develop critical laboratory skills and deepen their understanding of molecular behavior and spectroscopic techniques as it relates to physical chemistry. In addition to IR, UV-Vis and NMR, students will also gain proficiency in conducting simple molecular dynamics (MD) simulations using GROMACS. \$30 fee.

CLW-101 - Community Life and Worship

Overview

Department

Campus Ministries

Course Description

The Community Life and Worship Program (CLW) provides student- focused events that integrate faith, gospel-centered ministry, global missions, education, and community for students, faculty, and staff. Chapels are typically offered on Tuesday mornings but also may include an occasional Thursday, morning (Community Worship) and other specified co-curricular programming (Community Life) and other special events open to the entire Carson-Newman Community. All full-time undergraduate students are required to attend ten (10) Community Life and Worship (CLW) events per semester, at least five (5) in Chapel services (Tuesday mornings at 9:30 am or select Thursday mornings at 9:30 am) and five (5) in Community Life event for a total of 70 events.

EDUC-341 - Curric., Instruct & Mgmt Pk-5

Overview

Department

Education

Course Description

This course provides an overview of developmentally appropriate practice in the PreK-5 classroom. Emphasis is placed on understanding that effective instruction and classroom management is based on an understanding of children's developmental characteristics, the foundational educational theories, and the requirements of the PreK- elementary curriculum. Topics include differentiation of instruction for all students regardless of abilities, on-going assessment of individual student progress, the benefits of grouping students to a variety of ways, and the importance of providing a positive, nurturing environment to facilitate and ensure student success. Candidates complete a practicum in an early childhood/elementary setting in which they are required to plan and implement individual lessons appropriate for the setting. Candidates for the Integrated Early Childhood license are assigned to a PreK-3 setting. Includes practicum experience. \$50 fee. Fee changed to \$0 effective Spring 2026

EDUC-669 - Seminar Student Teaching

Overview

Department

Graduate Studies in Education

Course Description

This course is designed as the capstone experience for the teacher education program and the student teaching experience. Student teachers will reflect upon and analyze the experiences they are having in the classrooms to which they are assigned, and they will refine skills for entering the teaching profession. Each student will complete the process by which the developmental portfolio is transformed into the exit portfolio. All content area exams required for licensure must be passed before a passing grade will be assigned for the course. Successful completion of this course is a requirement for the completion of all licensure programs. Must be taken concurrently with EDUC 667 and EDUC 668. EDUC-670 - Legal & Ethical Issues

Overview

Department

Graduate Studies in Education

Course Description

This course focuses on legal and regulatory mandates outlined in federal, state, and local laws and court decisions, emphasizing school personnel's legal rights, responsibilities, and liabilities for maintaining a safe, orderly, and fair school climate. Moral, ethical, and professional dilemmas that affect decision-making processes and relationships of school personnel with parents, staff, and the larger community will be a significant part of the course. Students are expected to explore, discuss, and meaningfully construct concepts and relationships in contexts that involve real-world problems relevant to a school leader. Required Practicum: A field experience activity worth 25 hrs. is included, reflecting TILS-B, C, D. (Course number change from EDUC 525.)

EDUC-677 - Servant Leadership & Teaching

Overview

Department

Education

Course Description

This course explores the life and ministry of Major/Minor Course Jesus Christ as the ultimate model of teaching and leadership. Students will critically examine the pedagogical methods employed by Jesus?such as parables, questioning, storytelling, and experiential learning?and consider how these approaches can be applied in contemporary educational settings. Emphasis is placed on developing servant leadership skills grounded in Christ?s example, integrating faith and learning in holistic ways, and practicing ethical decision-making rooted in biblical principles of justice, compassion, truth, and grace. Designed for Christian educators in both private and public-school contexts, the course equips candidates to lead with humility, wisdom, and a missionally aligned vision that advances student learning and spiritual formation.

EDUC-679 - Christian Philosophy & Ldrship

Overview

Department

Education

Course Description

This course examines the philosophical foundations of Christian education as they inform the practice of school leadership. Drawing upon MacCullough's By Design and Schmoker's Focus, students engage the central questions of educational philosophy from a biblical worldview, develop skills in biblical integration across content areas, and construct a personal philosophy of education grounded in Scripture. The course equips graduate students serving in or preparing for Christian school leadership with the theological, philosophical, and practical frameworks necessary to lead schools that reflect the character and purposes of God. The seven course topics are: Foundations of Christian Philosophy of Education: Theology and Purpose, Metaphysics and Epistemology: What Is Real and What Is True?, Axiology: Value, Ethics, and Beauty in Christian Education, The Nature of the Learner and the Calling of the Teacher, Curriculum and Methodology in the Christian School, Biblical Integration as Instructional Practice, Synthesis: Developing and Articulating a Personal Christian Philosophy of Education. Begins Summer 2026.

Course Learning Outcomes

Course Learning Outcomes

Name Articulate a coherent Christian philosophy of education that addresses metaphysics, epistemology, axiology, the nature of the learner, the role of the teacher, and curricular and methodological implications.
Name Explain the theology of education from a biblical perspective, including the mandate to share knowledge of God and equip the next generation for His purposes.
Name Demonstrate an understanding of biblical integration as an instructional practice, applying creation-fall-redemption-restoration frameworks across content areas.
Name Critically engage the relationship between hedgehog concept, essential curriculum and the demands of a distinctly Christian educational mission.
Name • Produce a personal philosophy of education that addresses the following six required philosophical components and reflects deep personal reflection and biblical application: 1) Christian core beliefs and the purpose of education (including a discussion of what we know about God and what we believe is true, real, and of value; as well as the themes of creation, fall, redemption, and the Christian’s role in restoration) 2) Nature of the learner 3) Nature of the teacher 4) Nature of the learning process 5) A Christian’s view of subject matter and curriculum 6) A conclusion that includes the writer’s view of the goal of Christian education and resulting educational practice
Name • Design lesson plans or a unit plan that promotes Christian perspectives through intentional biblical integration, suitable for administrator observation.
Name • Apply PSEL, TILS, and ACSI standards to the work of Christian school leadership and philosophy of education.

EDUC-720 - Ethic, Soc, Spirit Leader Pri.

Overview

Department

Graduate Studies in Education

Course Description

This course is designed to convey vital aspects of ethics, values, and decision-making in the leadership role. Areas of emphases include ethical issues, spiritual principles in leadership, emotional intelligence, ethical conduct, social theory, church and state constructs, and personal ethical development. Emphasis is given to the role of an educational leader's role of acting ethically and according to professional norms.

Overview

Department

Graduate Studies in Education

Course Description

This course investigates contemporary educational leadership topics, trends, and issues. The impact of global, social, economic, professional, and political issues on the leadership process are discussed. Students will study current research and use analytical skills for reflective discussions and compositions. Emphasis is placed on the ability of educational leaders to assess the value and applicability of emerging, research-based educational trends for organizational improvement.

EDUC-724 - Financial Planning & Respons.

Overview

Department

Graduate Studies in Education

Course Description

The course introduces candidates to the financial operation of the school and district. Candidates explore the Tennessee BEP funding formula for local school systems, create presentations for internal and external stakeholders, meet with finance leaders to learn about specific local issues, and apply the Tennessee Internal School Uniform Accounting Manual and TCA laws to resolve school finance issues. In addition, candidates develop skills to use financial planning to create supportive, equitable, and inclusive school environments. Required Practicum: A field experience activity of 25 hrs. is included, emphasizing TILS D.

EDUC-740 - The Teacher As Leader

Overview

Department

Graduate Studies in Education

Course Description

The course addresses research, theory, and best educational leadership practices as it applies to education professionals who lead school improvement but are not in administrative positions. The course explores the required knowledge, skills, and professional dispositions of teacher leaders; best practices in working with adult learners; current and emerging roles for teacher leaders; collaboration skills; and opportunities to apply theory to practice. The course tightly aligns with the TILS and PSEL standards.

EDUC-747 - Qual. Res. for Educ Pract.

Overview

Department

Graduate Studies in Education

Course Description

This course introduces students to the inquiry traditions and nodes of research associated with qualitative research in the social science of education. Students will gain experience with elements in the research process, such as formulation of a qualitative research question, research design, data collection methods, data organization and reduction, data analysis, and trustworthiness techniques. This course emphasizes the development of doctoral research proposals using qualitative research methods.

EDUC-748 - Quan Res for Educ Practitioner

Overview

Department

Graduate Studies in Education

Course Description

The course design uses a hands-on introductory approach to quantitative research methods, data analysis, and conceptualization. Focusing on non-experimental methods, the course prepares students as consumers of professional literature and quantitative studies and develops the skills needed to conduct quantitative data analysis. The course introduces several core techniques, applications, and concepts helpful in framing and evaluating quantitative inquiry and solving authentic problems in the educational environment. An intuitive approach is utilized to understand concepts and methodologies. Critical things skills are developed through course topics, including graphical representation, interpreting graphical data, central tendency and spread in summarizing and analyzing datasets, normal distribution, linear regression, correlation analysis, t-tests, Chi-square and ANOVA.

EDUC-749 - Doctoral Research

Overview

Department

Graduate Studies in Education

Course Description

This course immerses candidates in professional experience as a researcher completing a literature review preparatory to conducting research leading to a dissertation. It requires setting specific goals and objectives, a commitment to scholarly work, and meeting aggressive timelines. Candidates writing a literature review in this course must receive prior approval from their dissertation chair and the instructor in determining a suitable topic for research.

EDUC-750 - Ment. Res. Intern/Prof. Portf.

Overview

Department

Graduate Studies in Education

Course Description

The course design exposes candidates to activities that add value to their academic knowledge by applying theory to practice in authentic settings. Students under the supervision of a workplace mentor devise and complete a plan for practicum activities linking to each TILS Standards. In addition, candidates use data literacy and technology to solve instructional problems in the school. Residency activities include the delivery of professional development for school communities. Candidates submit a documented Professional Portfolio of all mentored activities, including planning with their mentor, delivery of professional development to a school audience, evidence of completion, extensive reflection, and logged credits in each practicum activity. Required Practicum: A field experience activity of 50 hrs. is included, emphasizing TILS A, B, C, D.

EDUC-752 - Critical Analy. & Research Des

Overview

Department

Graduate Studies in Education

Course Description

This course is designed to acquaint the student with the processes necessary to complete a proposed action research study. The student will complete a preliminary rough draft of Chapters One, Two, and Three of the dissertations (Chapter One - Introduction, Chapter Two- Professional Literature Review, Chapter Three - Research Methodology). Emphasis is placed on Chapter Two, a professional literature analysis and inclusion of empirical information and scholarly articles including an evidentiary basis that the study will add to substantive or theoretical understanding of gaps in the current literature. Outcomes will include literature summaries and critiques that are thematic and synthesized.

EDUC-7546A - Dissertation First Semester

Overview

Department

Graduate Studies in Education

Course Description

This course requires the candidate to propose structured research, either qualitative or quantitative in nature, guided by the chair of the dissertation committee, and present a formal defense of the proposal upon approval of the manuscript by the dissertation committee. This first course in the formal dissertation process requires that the Proposal be completed and defended successfully before moving to where the final chapters of the dissertation are completed, and the dissertation is formally defended. The proposal includes completion of Chapter One: Introduction, Chapter Two: Professional Literature Review, and Chapter Three: Research Methodology. This course holds the expectation of leadership continuous improvement through a thorough investigation of professional literature and methodology applicable to the topic chosen. Prerequisite: Successful completion of the Comprehensive Examination and approval of the department chair. \$3,510 Dissertation (Fee subject to change based on current tuition rates), \$20 Graduate Fidelity Fee, \$390 Tech Fee (Fee subject to change based on current tech fees)

EDUC-7546B - Dissertation - Continuing

Overview

Department

Graduate Studies in Education

Course Description

This course requires the candidate to conduct structured research, either qualitative or quantitative in nature, guided by the chair of the dissertation committee. The candidate must successfully complete a final draft of the dissertation and present a formal defense of the dissertation upon approval of the manuscript by the Dissertation Committee. The final dissertation includes Chapter One: Introduction,Chapter Two: Professional Literature, Chapter Three:ResearchMethodology, ChapterFour: Presentation of Findings, and Chapter Five: Conclusions, Implications, and Recommendations. The course holds the expectation that the research conducted is comprised of original, valid data from multiple measures and findings are evidence- based. The study findings must be relevant to continuous improvement in an educational environment. Final dissertation approval must be granted by the Dean of Education. Prerequisites: EDUC 7546A, Carson-Newman IRB approval including organizational approval, and Dissertation Chair approval. \$3,510 Dissertation (Fee subject to change based on current tuition rates), \$20 Graduate Fidelity Fee, \$390 Tech Fee (Fee subject to change based on current tech fees)

EDUC-ANRVW - Annual Review

Overview

Department

Graduate Studies in Education

Course Description

The Annual Review is required for all EdS and Ed.D. students upon completion of three semesters within the chosen program of study. The Annual Review must be passed to continue enrollment in the program. This zero-credit course documents the passing of the examination. The requirement includes a standards-based authentic assessment. Concepts addressed include knowledge of the principles of educational leadership, knowledge of collaborative practices, evidence of background knowledge integrated with theory and practice, use of relevant research to inform thinking, validity of facts and perspective, quality of writing, and fidelity to directions posited. Within the concepts addressed, two essential constructs are assessed: Educator Leadership, Knowledge, and Collaboration and Research and Evaluation.

GEOG-130 - Intro. to Human Geography

Overview

Department

College of Prof. Studies

Course Description

Type of Course

This course explores the spatial dimensions of population growth and distribution, cultural diversity, urban development and decline, the diffusion of ideas and innovations, regional change, and the organization of economic activity?along with the challenges tied to these processes. As an introduction to human geography, the course familiarizes students with key subfields such as population, urban, economic, cultural, and political geography, while also emphasizing core geographic concepts and perspectives. Students will also integrate biblical principles to human geography concepts to fulfill the Great Commission in order to impact people and communities around the world.

Course Learning Outcomes

Course Learning Outcomes

Name

Identify the major concepts in human geography including place, space, scale, and landscape.

Name

Distinguish the characteristics and key principles of human geography.

Name Describe how all inhabitants of earth are interrelated with the lives of people in other places, thereby creating a greater appreciation for the places and landscapes encountered in everyday life.
Name Examine that the modern world is an entity that is ecologically, economically, and politically interconnected and interdependent and what the implications are of this.
Name Understand that the variety of cultural backgrounds and personal experiences influence the way people perceive places.
Name Evaluate and employ appropriate methods and technology in the collection and analysis of data that involve maps, official government statistics, and non-governmental organizations.
Name Apply biblical principles to human geography concepts to understand and engage with a variety of populations, cultures, and environments in ways that support the fulfillment of the Great Commission and promote gospel transformation within communities worldwide.

GRK-401 - Advanced Greek I

Overview

Department

Biblical & Theological Studies

Course Description

This course is the capstone of the Greek program. It takes the material learned in the prior courses and applies it to deep and meaningful engagement with the Scriptures. Students select passages they want to read in Greek and then also read commentaries about them. While reading, they use their knowledge of New Testament Greek (cf. GRK 200s) and its broader contextualization (cf. GRK 300s) to better understand each commentary's material. The biblical passage and the commentaries then are discussed in class. Prerequisites: GRK 301 and 302.

HEDA-701 - Admin of Stdnt Affairs in HED

Overview

Department

Education

Course Description

This course introduces student affairs as a professional field and area of study. It focuses on the role and function of professionals in the field, the populations served, the college and university settings where the profession is practiced, the skills and competencies necessary for success, and current issues in student affairs. The course is organized around the in- depth exploration of persistent and contemporary problems students may encounter as student affairs educators and issues using historical and philosophical underpinnings of the field, including the values, ethics, standards, theories, and scholarship of student affairs leaders. Students examine several administrative operations, including academic affairs offices, student services, business/financial affairs, university advancement, institutional research, registrar, admissions, athletics, building and grounds, facility planning and construction, continuing education, and communications. In addition, students study various agencies of the state and federal governments primarily concerned with higher education.

HEDA-705 - Financial Leadership-Higher Ed

Overview

Department

Education

Course Description

This course introduces educational leaders to higher education finance by examining the economic principles and fundamental financial practices that affect U.S. colleges and universities. Institutional revenue, expenditure, and funding priorities within the broader higher education policy landscape are discussed. The course activities provide participants with an understanding of the critical concepts and issues related to why institutions face budget constraints and how higher education finance impacts various stakeholders, including students, faculty, and administrators. The historical landscape of fiscal expenditure in higher education is explored. Additionally, the manifestation of different financial considerations along multiple dimensions, such as student access and learning, and private and public colleges/universities and community colleges are investigated across institutional types.

HEDA-707 - Org. & Admin. of Higher Ed

Overview

Department

Education

Course Description

This course introduces students to the organization, governance, administration, and culture of higher education within the U.S. socio-economic and political context at the national, state, institutional, departmental, and programmatic levels. Students will examine the U.S. postsecondary system to understand how the external governance structures shape the decision-making of higher education administrators and staff. Additionally, they will explore the internal structures of colleges and universities to know how administrators and staff develop the leadership capacity to enact and respond to change.

HRM-510 - Human Resource Management

Overview

Department

Graduate Studies in Business

Course Description

This course provides a comprehensive view of Human Resource Management in 21st Century organizations. The course includes traditional activities of HRM, such as workforce assessments, job analysis, appraisals, employee motivation, turnover, recruitment, retention, career development, and employee safety. However, the course goes beyond these topics to discuss the many more issues facing HRM in the 21st century. The role of HR director/manager has become much more than managing personnel; it encompasses overcoming the unique challenges posed by outsourcing, profitability, ethical and social responsibility, aligning HR activities with strategy and mission, technological changes, diversity, and developing human capital to maximize organizational success.

HSEM-330 - Homeland Security Law & Policy

Overview

Department

College of Prof. Studies

Course Description

This course provides an overview of key legal, policy, and ethical issues in homeland security. The course covers key legislative acts, executive orders, regulations, and judicial decisions that influence homeland security operations and strategies. Topics include the USA PATRIOT Act, Department of Homeland Security (DHS) policies, privacy and civil liberties considerations, and the role of federal, state, and local authorities in security and emergency management. Students will utilize Christian principles to study the application of laws and policies related to national security.

HSEM-432 - Healthcare Emergency Mgt

Overview

Department

College of Prof. Studies

Course Description

This course will explore emergency management principles and practices specifically related to healthcare settings and administration. Students will examine the challenges posed by natural disasters, pandemics, mass casualty incidents, and other emergencies that can disrupt healthcare operations and the role that healthcare professionals, emergency managers, and public health agencies hold in mitigating the impact on patient care, staff safety, and community resilience. The course will cover topics such as crisis communication, emergency preparedness planning, and response coordination, including the Incident Command System (ICS) and National Incident Management Systems (NIMS), resource allocation, and recovery efforts within healthcare systems and communities. This course will integrate a Christian worldview through servant leadership and ethical principles as students discuss and evaluate the challenges that healthcare settings and administrators experience.

HSEM-533 - Security Risk Assessment

Overview

Department

College of Prof. Studies

Course Description

This course provides an advanced examination of theories, methodologies, and practices of risk management and threat assessment within public and private sector security contexts. Students will apply risk assessment frameworks to identify, analyze, and mitigate risks to organizations and national security. Quantitative and qualitative assessment methods will be utilized to evaluate security risks and inform strategic decision-making and policy development. Students will conduct a comprehensive risk assessment and develop evidence-based recommendations for policymakers and organizational leaders A Christian worldview will be incorporated to guide ethical reasoning, moral responsibility, and stewardship in the evaluation and management of security risks.

Name

Critically evaluate advanced theories and methodologies of risk management and threat assessment as they apply to public and private sector security operations.

Name

Apply qualitative and quantitative analytical tools to identify, assess, and prioritize risks, and to formulate strategic responses to complex security challenges.

Name

Develop evidence-based policy recommendations that address identified threats and vulnerabilities, demonstrating the ability to translate analytical findings into actionable strategies for industry decision-makers.

Name

Integrate a Christian worldview to assess ethical dimensions of risk management and to promote moral responsibility, integrity, and stewardship in security-related decision-making.

HSEM-534 - Managing Crises

Overview

Department

College of Prof. Studies

Course Description

This course will examine the evolution of crisis management over time in the public, private, and nonprofit sectors. Key issues and challenges facing emergency managers and other crisis management professionals will be reviewed, followed by an examination of the similarities and differences across various sectors, and an analysis of contemporary trends and common challenges, including risk management, crisis communication, and crisis leadership. Using real-world case studies, students will examine how organizations respond to crisis events, how those events change and shape the organizations themselves, and the discipline. A Christian worldview will be integrated into the concepts of crisis management, demonstrating ethical and servant leadership that reflects compassion, integrity, and stewardship.

Assess public and private sector approaches to hazard mitigation, identifying best practices, challenges, and opportunities for interagency and cross-sector collaboration.

Name

Apply a Christian worldview to evaluate ethical responsibilities in hazard mitigation and preparedness, emphasizing compassion, stewardship, and justice in protecting lives, property, and the environment before disasters occur.

HSEM-540 - All-Hazards Response & Recov.

Overview

Department

College of Prof. Studies

Course Description

This course provides an in-depth analysis of Major/Minor Course disaster response and recovery operations, emphasizing the importance of coordinated planning and implementation across all levels of government. Students will examine the National Incident Management System (NIMS) and FEMA’s Whole Community approach as foundational frameworks for effective emergency management. The course explores the integration of the National Response Framework (NRF) and the National Disaster Recovery Framework (NDRF), highlighting how planning, coordination, and operational execution contribute to building resilient communities from the local level upward. A Christian worldview is woven throughout the course, emphasizing compassion in crisis leadership, stewardship in the use of resources, and the moral responsibility to restore and strengthen communities in the aftermath of disaster.

Type of Course

Name

Evaluate the structure and implementation of federal frameworks, including the National Response Framework (NRF) and the National Disaster Recovery Framework (NDRF), to understand how planning and operations interact across all levels of government.

Name

Assess the interdependence of response and recovery activities, demonstrating how preparedness and resilience are strengthened through integrated planning, collaboration, and resource management, including support from religious, non-profit, and private organizations.

Name

Apply a Christian worldview to disaster response and recovery leadership, emphasizing compassion for affected populations, ethical stewardship of resources, and the moral responsibility to restore and rebuild communities with dignity and hope.

Name

Assess the coordination and information-sharing mechanisms among federal, state, local, and private-sector partners to address security threats in a global environment.

Name

Integrate a Christian worldview to guide ethical decision-making and accountability in intelligence activities, emphasizing integrity, respect for human dignity, and moral responsibility in the pursuit of national security.

HSEM-610 - HS & Terrorism in the U.S.

Overview

Department

College of Prof. Studies

Course Description

This course provides an examination of terrorism as it relates to the United States and its global interests, with a primary focus on the period from the Cold War to the present. Emphasis is placed on understanding the key definitions, theories, and concepts necessary to evaluate the contemporary threat of terrorism and its perpetrators critically. The course explores the historical foundations of homeland security, the interrelationship between prevention, preparedness, response, and recovery, and the coordination of strategies across local, state, and federal agencies. The course also examines the moral and ethical dimensions of counterterrorism within a Christian worldview, emphasizing justice, stewardship, and respect for human dignity in the context of national security decision-making.

Name

Evaluate major theories, definitions, and typologies of terrorism to critically assess the motivations, methods, and organizational structures of terrorist actors.

Name

Assess the coordination and effectiveness of homeland security efforts across local, state, and federal agencies, emphasizing the integration of prevention, preparedness, response, and recovery within counterterrorism operations.

Name

Apply a Christian worldview to the ethical and moral dimensions of counterterrorism, demonstrating how principles of justice, stewardship, and respect for human dignity can guide decision-making and policy development in national security contexts.

HSEM-620 - Homeland Security Law

Overview

Department

College of Prof. Studies

Course Description

This course provides a comprehensive analysis of the legal and regulatory frameworks that govern homeland security in the United States. Students will examine the U.S. Constitution, key federal statutes, landmark court decisions, and executive directives to understand the authorities that shape homeland security policy, operations, and decision-making at all levels of government. The course incorporates a Christian worldview, encouraging students to consider ethical and moral responsibilities in interpreting and applying legal authorities, emphasizing justice, stewardship, and the protection of human dignity in the formulation and execution of homeland security initiatives.

Name

Assess ethical and moral considerations in homeland security law through a Christian worldview, emphasizing justice, stewardship, and respect for human dignity in the execution of authority.

HSEM-630 - Crit Infrastructure Protection

Overview

Department

College of Prof. Studies

Course Description

This course examines the principles of critical infrastructure, both in the private and public sectors, which are vital to our community at the local, state, and federal levels. It demonstrates how critical infrastructure protection is a cornerstone of homeland security. The history and current state of the critical infrastructure, as well as risk management, laws, and regulations, will be examined. A Christian worldview will be incorporated to emphasize ethical responsibility, community service, and the common good.

HTM-305 - Total Rewards in Hospitality

Overview

Department

College of Prof. Studies

Course Description

This course explores the design, implementation, and administration of comprehensive total rewards strategies tailored specifically for the hospitality industry (hotels, restaurants, resorts, and tourism). Moving beyond salary alone, students will learn how to integrate direct compensation, indirect benefits, performance incentives, and non-monetary recognition to attract, motivate, and retain top talent in a high-turnover sector. The course emphasizes aligning reward systems with business goals, managing labor costs, ensuring pay equity, and creating a culture of engagement that enhances the guest experience.

HUM-302 - Medical Hum: Meaning & Healing

Overview

Department

Honors Program

Course Description

An exploration and analysis of human flourishing, suffering, and healing from the perspectives of both the sciences and the humanities. Human wholeness and brokenness will be examined with the aid of biological sciences, social sciences, theology, philosophy, ethics, and the arts, with the aim of providing insight into the human condition, suffering, personhood, and our responsibility to each other. Using literature and the arts, the course will help students develop and nurture skills of observation, analysis, empathy, and self-reflections, skills that are essential for humane medical (and other) caregiving and richness of life in community for all.

ID-431 - Stwrdshp of Biblical Svnt Ldsp

Overview

Department

Interdisciplinary Studies

Course Description

This course explores the theology and practice of biblical servanthood as expressed through nonprofit leadership and community engagement. Students will develop their own nonprofit concept "from the ground up," integrating faith, stewardship, innovation, and management skills. The course culminates in a comprehensive nonprofit portfolio demonstrating how servant leadership transforms social service into ministry. Students will examine scripture, study nonprofit operations, and complete weekly applied projects that together outline their organization's name, mission, vision, budget, fundraising strategy, staffing plan, partnerships, compliance framework, and communication strategies.

LA-103SL - C-N, Vocation, & the Lib Arts

Overview

Department

Liberal Arts

Course Description

At Carson-Newman, the study of the liberal arts serves as a fundamental tool helping students understand their own vocation: who am I? what kind of person am I called to be? What makes my life meaningful? In this course, students will explore the concept of vocation from a Christian perspective, examining the ways in which vocation is linked to growth in character, our understanding of the wider world derived from the study of the liberal arts, and the transcendental values celebrated on the university's seal: Truth, Beauty, and Goodness.

LA-167 - Online Learning & C-N Lib Arts

Overview

Department

Liberal Arts

Course Description

This course provides an orientation to online education and the liberal arts as they relate to Carson-Newman with a focus on time management, research techniques and practices, exploring the history of Christian liberal arts and the history of such an education at Carson-Newman. The student will understand the ideals celebrated on Carson-Newman's seal and throughout the university's history: Truth, beauty, goodness, justice and courage.

LAT-201 - Elementary Classical Latin I

Overview

Department

Languages

Course Description

This course serves as an introduction to Classical Latin including its vocabulary, grammar, and syntax. The goals of this course are the ability to read primary texts and to contextualize those readings within their social and historical settings-including the world behind, within, and created through the texts. The approach of this course reflects Carson-Newman's commitment to faith and learning within a liberal-arts context. Accordingly, it also provides a foundation for understanding how the act of reading Classical Latin can impact both religious and secular contexts.

LAT-250 - Intermediate Classical Latin I

Overview

Department

Languages

Course Description

This course is the first of two Latin courses in which students engage fun and interesting texts from some of the most famous and influential classical authors: Caesar, Cicero, Virgil, Livy, Catullus, Ovid, and Pliny. The two courses also engage texts relevant to Christianity, including the New Testament in Latin (i.e., Jerome's Vulgate)., Pliny's letter in 110 CE to the emperor about early Christians, and the later Roman empire's official edicts that seek to remove pagan worship. These courses are focused on (1) improving comprehension skills through translation and on (2) understanding the world behind, within, and created through the texts. Students will read both adapted (i.e., altered for easier comprehension) and unadopted (i.e., unchanged from manuscript traditions) texts, and helpful aids will be provided when appropriate. The approach of this course reflects Carson- Newman's commitment to faith and learning within a liberal-arts context. Prerequisites: LAT-201 and LAT-202.

LING-220 - Introduction to Linguistics

Overview

Department

Languages

Course Description

Students will be introduced to the systematic study of human language from a historical and social perspective. Out of that social and historical context, students will be introduced to the subfields of phonology, morphology, syntax, semantics and pragmatics, as well as the basics of linguistic analysis.

MGT-432 - Healthcare Emergency Mgmt

Overview

Department

College of Prof. Studies

Course Description

This course will explore emergency management principles and practices specifically related to healthcare settings and administration. Students will examine the challenges posed by natural disasters, pandemics, mass casualty incidents, and other emergencies that can disrupt healthcare operations and the role that healthcare professionals, emergency managers, and public health agencies hold in mitigating the impact on patient care, staff safety, and community resilience. The course will cover topics such as crisis communication, emergency preparedness planning, and response coordination, including the Incident Command System (ICS) and National Incident Management System (NIMS), resource allocation, and recovery efforts within healthcare systems and communities. This course will integrate a Christian worldview through servant leadership and ethical principles as students discuss and evaluate the challenges that healthcare settings and administrators experience.

Course Description

Builds on the lessons learned and leadership attributes gained and developed during MILS 511. This is an academically challenging course where Cadets will study, practice, and apply the fundamentals of Army Leadership, Officership, Army Values and Ethics, Personal Development, and small unit tactics at the platoon level. At the conclusion of this course, Cadets will be capable of planning, coordinating, navigating, motivating, and leading a squad.

MILS-522 - Company Grade Leadership

Overview

Department

Military Science

Course Description

Explores the dynamics of leading in the complex situations of current military operations in today's operational environment. Cadets examine differences in customs and courtesies, military law, principles of war and rules of engagement in the face of international terrorism. They also explore aspects of interacting with nongovernmental organizations, civilians on the battlefield and host nation support. The course places significant emphasis on preparing cadets for their unit of assignment. Cross listed with MILS 402. \$150 fee.

MUS-001 - Recital Attendance

Overview

Department

Music

Course Description

A required performance-attendance course designed to cultivate professional musicianship through regular engagement with live musical performance. Students must attend a department-determined number of approved recitals and concerts each semester. The required number is calculated as a percentage of the total eligible events offered that term, is set by the music faculty, and is announced at the beginning of each semester. Students complete the requirement through verified attendance or documentation procedures established by the Department of Music.

MUS-209 - Diction I: English & Italian

Overview

Department

Music

Course Description

An introductory course in vocal diction that develops professional competencies in vocal teaching and learning through clear, healthy, and authentic text delivery. Students study the International Phonetic Alphabet (IPA) as a standardized tool for precise articulation in English and Italian vocal literature. Emphasis is placed on diagnosing and correcting regionalisms and common pronunciation errors, applying pedagogical strategies for language instruction, and supporting musical literacy through accurate transcription and informed performance practice.

MUS-210 - Diction II: German & French

Overview

Department

Music

Course Description

A continuation of diction study that develops professional competencies in vocal teaching and learning through clear, healthy, and authentic text delivery. Students apply the International Phonetic Alphabet (IPA) to German and French vocal literature, emphasizing precise articulation, accurate transcription, and stylistically appropriate pronunciation. The course provides pedagogical strategies to diagnose and correct regionalisms and common errors while maintaining healthy vocal resonance, and it strengthens critical thinking and advocacy for musical and linguistic literacy in the choral classroom and studio.

MUS-220 - Jazz Techniques

Overview

Department

Music

Course Description

Jazz Techniques (1 credit) A focused course in jazz pedagogy that develops essential competencies for teaching and leading vocal and instrumental jazz ensembles. Students survey major jazz styles (Swing, Bebop, Funk, Latin, Fusion) and build practical skills in swing feel, jazz articulations, rhythm-section balance, and ensemble organization. The course introduces reading and interpreting chord symbols and extended harmonies, and it provides strategies for teaching improvisation from aural/oral imitation to scale-chord relationships. Emphasis is placed on authentic, inclusive, and professional rehearsal practices for today's music educator.

MUS-244 - Woodwind Methods II

Overview

Department

Music

Course Description

A continuation of Brass Methods I emphasizing intermediate teaching strategies and advanced diagnostic skills for all brass instruments. The course focuses on rehearsal-phase instruction for heterogeneous brass ensembles, including complex transpositions and flexible arranging. Students develop skills in error detection and remediation for aural performance issues, delivering efficient instruction and feedback in small-group settings, evaluating professional equipment (instruments, mouthpieces, mutes, accessories), and guiding developing players through solo and ensemble literature.

MUS-246 - Brass Methods I

Overview

Department

Music

Course Description

An introductory course in teaching brass instruments that emphasizes beginning-level pedagogy alongside basic performance competencies. Topics include tone production, breathing and breath support, embouchure formation, articulation, fundamental slide/valve technique, and instrument care and maintenance. Emphasis is placed on sequencing instruction, selecting appropriate method materials, and diagnosing and correcting common errors in novice brass students.

MUS-247 - Brass Methods II

Overview

Department

Music

Course Description

A continuation of Brass Methods I emphasizing intermediate teaching strategies and advanced diagnostic skills for all brass instruments. Topics include error detection and remediation for aural skills, rehearsal-phase instruction for heterogeneous brass settings, complex transpositions, and arranging for flexible instrumentation. Students also develop knowledge of professional equipment selection (instruments, mouthpieces, mutes, and accessories) and strategies for guiding developing players through solo and small-ensemble literature.

MUS-342 - Vocal Pedagogy

Overview

Department

Music

Course Description

A study of the voice as a biological instrument, integrating anatomy, acoustics, and pedagogy to support healthy and effective vocal teaching and learning. Students develop a scientific framework for analyzing respiration, phonation, resonance, and articulation; diagnosing vocal issues; and selecting exercises that promote efficient technique and long-term vocal health. Emphasis is placed on error detection and remediation, reflective professional practice, and applications for both music education rehearsal leadership and studio instruction. Vocal Performance majors complete additional supervised teaching, observation, and research components for the 3-credit option.

MUS-343 - Secondary Instrumental Methods

Overview

Department

Music

Course Description

A pedagogy-centered course addressing the knowledge and skills required to teach instrumental music in grades 6-12. Topics include planning and sequencing instruction for beginning, intermediate, and advanced instrumentalists; error detection and correction; rehearsal and ensemble teaching strategies; assessment and grading; and building student musicianship through appropriate literature and method materials. The course also emphasizes program organization and administration, including scheduling, budgeting, inventory and equipment management, recruitment and retention, communication, and professional responsibilities in middle and high school band and/or orchestra settings.

MUS-438 - Wind Band Literature

Overview

Department

Music

Course Description

Wind Band Literature (2 credits)A pedagogy-centered study of wind band repertoire as the primary curriculum for school ensembles. Students examine the historical development of the wind band from early military traditions through the contemporary wind ensemble and develop criteria for evaluating and selecting high-quality literature for Grade 1-6 bands. Emphasis is placed on musical and technical merit, inclusive programming that elevates underrepresented composers, aligning repertoire to InTASC and National Core Arts Standards, and using structured score study to plan sequential instruction in tone, rhythm, and expressive performance.

MUS-439 - Choral Literature

Overview

Department

Music

Course Description

A pedagogy-centered study of choral repertoire as the primary curriculum for school and community choirs. Students examine the historical and stylistic development of choral literature and develop skills for evaluating, selecting, and sequencing high-quality works for a wide range ensembles. Emphasis is placed on musical merit, developmental appropriateness (range, voicing, difficulty), inclusive programming, and aligning repertoire choices with national and state standards. Students also practice structured score study and planning for sequential instruction in tone production, diction, and intonation.

MUS-441 - Conducting I

Overview

Department

Music

Course Description

An introductory course in conducting for vocal and instrumental majors with emphasis on foundational skills required of music educators. Topics include basic conducting patterns, gesture and expressive movement, cueing, score study and analysis, and error detection. Students develop effective verbal and non-verbal communication through developmentally appropriate rehearsal techniques, instructional language, and strategies for shaping ensemble sound and musical understanding.

MUS-442 - Conducting II

Overview

Department

Music

Course Description

A continuation of Conducting I that develops more advanced conducting and rehearsal competencies. Topics include multi-meter and mixed-meter patterns, compound and asymmetrical meters, tempo and style changes, refined cueing and releases, independence and score reading, and deeper score analysis. Emphasis is placed on advanced error detection and efficient rehearsal planning, with increasingly sophisticated verbal and non-verbal communication and developmentally appropriate rehearsal techniques for secondary and church ensembles.

NAS-530 - Prof. Aspects of Nurs Anesth.

Overview

Department

Graduate Studies in Nursing

Course Description

This course serves to provide the student with an understanding of the profession of nurse anesthesiology. This understanding is provided by addressing seven important areas that support the practice of nurse anesthesiology. These include rights and responsibilities of professional practice, the healthcare delivery system and nurse anesthetist, practice patterns of the nurse anesthetist, legal aspects of anesthesia practice, assessing quality in practice, continuing challenges in professional practice, and billing anesthesia services. In addition, special topics of nurse anesthesiology will be presented based on the current climate of the profession.

Overview

Department

Graduate Studies in Nursing

Course Description

This course focuses on the understanding of current and emerging invasive and noninvasive technology to assist in the monitoring of the surgical patients in the anesthetized state. The biomechanics and anesthetic implications of the monitoring devices will be discussed in providing a safe anesthetized state. The biomechanics and anesthetic implications of the monitoring devices will be discussed in providing a safe anesthetic management plan. The monitoring devices discussed will include cerebral, cardiovascular, muscular, hemodynamic, and other organ system monitors. In addition, an introduction to the underpinnings of ultrasonography for regional blocks or line insertions will be introduced in this course.

Course Learning Outcomes

Name

1. Analyze neurophysiological, behavioral, and emotional responses to psychoactive substance use and addiction across the lifespan.

Name

2. Evaluate signs and symptoms of a substance use disorder including differentiating between intoxication and withdrawal.

Name

3. Demonstrate and practice methods of screening, brief interventions, referral, and treatment (SBIRT) of substance use disorders utilizing motivational interviewing in all practice settings.

Name 4. Assess co-morbid medical and mental health conditions with use of medication combinations for substance use disorders to mitigate physical and mental health risks.
Name 5. Implement strategies to combat marginalization and stigmatization of clients with substance use disorders.
Name 6. Analyze current socioeconomic, legal, ethical, spiritual, cultural and political issues regarding care management of substance use and related addictive disorders.

NURS-503 - Advanced Pharmacology

Overview

Department

Graduate Studies in Nursing

Course Description

Advanced pharmacokinetics and pharmacodynamics of commonly used drug categories are analyzed in depth with consideration to safe, quality cost-effective drug therapy for client care.

Course Learning Outcomes

Name

1. Understand pharmacokinetics, pharmacodynamics, pharmacotherapeutics, and pharmacogenetics in the medication management of mental health clients across the lifespan in clinical practice.

Name

2. Understand the mechanisms of actions and indications for all medications used to treat mental health diagnoses in practice.

Name

3. Select safe and appropriate medications for psychiatric disorders across the lifespan based on assessment of pharmacological effectiveness, adverse drug reactions, contraindications, side effects, drug-drug interactions, and cost effectiveness.

Name 4. Demonstrate knowledge of regulations regarding writing prescriptions in the mental health setting for controlled and non-controlled substances.
Name 5. Discuss knowledge of and ability to use evidence-based clinical guidelines in the pharmacological medication management of clients with psychiatric disorders.
Name 6. Identify psychotropic medications to promote function and quality of life, treat symptoms of psychiatric disorders, and improve functional health status.
Name 7. Discuss ethical and legal regulations related to prescribing medications used in the prevention and treatment of psychiatric diagnoses and co-morbidities across the lifespan.
Name 8. Identify strategies for counseling and education that employ cultural humility and spirituality to promote adherence and ensure the appropriate plan of care and implementation of treatment.

NURS-710 - Quality & Safety in Healthcare

Overview

Department

Graduate Studies in Nursing

Course Description

This course focuses on the methodological bases of translational research and implementation science for the role of the DNP. Critical evaluation, synthesis, transference, and real-world application of evidence-based findings are related to bridging gaps in healthcare systems and improving quality and safety in diverse practice settings. Students will critically appraise the nature of evidence for inclusion in the DNP quality improvement project.

PE-318 - Practicial Skills-Sport & Rec.

Overview

Department

Health/Phys Ed/Sports Science

Course Description

Students will understand technical and managerial skills necessary for individuals managing teams, organizations, and facilities pertaining to athletics and recreation. Components include scheduling, budget creation, risk management, human resources, programming logistics, and facility administration. Prerequisite: junior/senior standing or instructor's consent.

PE-335 - Ethical Consideration in Sport

Overview

Department

Health/Phys Ed/Sports Science

Course Description

Students will understand decision making and ethical dilemmas in sport. Varied ethical perspectives are analyzed through the conflicts presented in sports-related questions. Course readings and lectures examine the theoretical constructs of ethical decision-making. Throughout this course, students develop their own sport philosophy and ethical standards regarding sport. Prerequisites: PE major, junior level standing or instructor's consent.

SMGT-564 - Sport Management Internship

Overview

Department

Graduate Studies in Business

Course Description

This course provides experiential learning of the concepts and practices commonly associated with managerial sports management. In this internship, students participate in individualized learning experience through structured employment situations. The internship is coordinated and agreed upon by the student and the local business site coordinator with approval from the MBA Program Director. Course assignments throughout the term define the employment relationship, specify and discuss relevant learning outcomes, and assist students in their academic, career, and professional preparedness. Maximum 6 hours credit.

SPAN-309 - Study/Travel Mission Experien.

Overview

Department

Languages

Course Description

Cultural and linguistic enrichment through travel/study/internships/missions' immersion programs. For those that do not offer credit in themselves (i.e. offer no credit through any accredited institution), this course must be approved and a syllabus prepared before the experience. For those courses that are offered with credit through an accredited institution, only the permission of the department chair is required. This course counts toward majors and minors but not towards the liberal arts requirement.

SPAN-317SL - Spanish Com. Service & Mission

Overview

Department

Languages

Course Description

Practical use of Spanish in service to the local Hispanic community. This immersion practicum will be conducted in conjunction with social and mission outreach programs and can include such activities as interpreting/translating in public schools and churches, interviewing Hispanics to assess needs, and acting as liaison and interpreter between Hispanic and medical and social agencies. Carried out in Spanish. Prerequisites: SPAN 301 and 310. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

TESOL-365 - Culturally Responsive Teaching

Overview

Department

Education

Course Description

The course presents the anthropological, psychological, and linguistics interconnectivity of language and culture relevant to meeting the educational and sociocultural needs of Multilingual Learners and their families. The course examines how the native and target cultures affect the language learning process. The course explores how factors such as class, gender, race, and ethnicity impact student performance in the classroom. Issues of identity, multilingualism, and language bias are addressed. The course offers experiential opportunities to apply strategies for culturally responsive teaching.

TESOL-366 - App. Linguistics for Lang Tch

Overview

Department

Education

Course Description

This course presents a comprehensive survey of the origins, sounds, patterns, and variations of language. The course presents articulatory phonetics, phonology, morphology, semantics, and pragmatics of the American English language germane for teachers of English to Speakers of Other Languages. The course examines segmental, suprasegmentals, and structural analysis of the language sound system observed in the classroom. The course provides experiential opportunities to apply knowledge of language and methods to teach language and mitigate problems that non-native students face when learning English. Practicum required.

TESOL-367 - Struct.& Appl. of American ENG

Overview

Department

Education

Course Description

This course surveys current research, theory, and pedagogy relevant to the structure and application of standard American English. The course identifies 16 keys to English grammar, presents details and vocabulary associated with those 16 keys, examines common errors for each key, and provides specific teaching techniques relevant to the 16 keys to grammar. The course emphasizes the application of traditional and transformational generative grammatical theories. The course offers experiential opportunities to design and implement Page 215 of 236 an integrated curriculum scope and sequence cumulative project that fuses language and literacy as well as language and academic content standards.

TESOL-368 - Second Language Acquisition

Overview

Department

Education

Course Description

This course surveys the theoretical principles of first and second language acquisition, multilingualism, and teaching English to Speakers of Other Languages (TESOL); and practical methodologies, approaches, and techniques necessary for the effective instruction of English Learners, and Multilingual Learners. The course emphasizes the linguistic, cognitive, affective, cultural, psychological, and learner factors contributing to variations in language acquisition among English Learners and Multilingual Learners. The course offers experiential application of effective and current TESOL education instructional materials, error analysis and development of interlanguage, and current research relevant to the field of study.

TESOL-381 - Leadership, Policy, & Practice

Overview

Department

Education

Course Description

This course introduces a conceptual framework to address the cultural, linguistic, and educational needs of English Learners and Multilingual Learners in a PreK-12 context. The course explores leadership and advocacy, policy and practice for English Learners and Multilingual Learners. The course examines historical and current federal legislation and litigation, state TESOL program policies, and litigation and broader educational initiatives significant to teaching English to Speakers of Other Languages. The course presents principles for effective teacher leadership across curricular and instructional design, delivery models, program models, advocacy, and engagement of multilingual families and communities. The course concludes with case studies in the TESOL and mainstream classroom supportive of English Learners and Multilingual Learners education. Practicum required.

TESOL-383 - Evaluation of Language Learning

Overview

Department

Education

Course Description

This course examines the fundamental concepts and principles of assessment and its role in the education of linguistically and culturally diverse learners. The course reviews traditional and alternative assessments and its role in the education of linguistically and culturally diverse learners. The course reviews traditional and alternative assessments, informal and formal assessments, and formative and summative assessments for linguistic and content proficiency. The purpose of the course is to build a bridge to sustained educational equity by connecting academic language proficiency to student achievement. The course addresses assessment as the learning, for the learning, and of the learning. The course provides experiential opportunities with language and content objectives, standards alignment, test question formulation, and assessment design of PreK-12 language assessments.

TESOL-463 - Seminar in Student Teaching

Overview

Department

Education

Course Description

This course is designed as the capstone experience for the teacher education program and the student teaching experience. Student teachers will reflect upon and analyze the experiences they are having in the classroom to which they are assigned, and they will refine skills for entering the teaching profession. All PRAXIS II exams required for the licensure must be completed before a passing grade will be assigned for the course. Successful completion of this course is a requirement for the completion of all licensure programs. Corequisites: TESL 465 and 467. Prerequisite: Admission to the Teacher Education Program and Student Teaching Semester. \$50 fee.
