About TCU

About TCU

Texas Christian University is a major private teaching and research university with the residential, person-centered environment usually found on a small college campus. While accomplishing its mission of educating individuals to think and act as ethical leaders and responsible citizens in the global community, the University provides the unique TCU experience. This experience gives students an uncommon balance of at least four factors:

1. TCU offers the strengths and choices of a major university, tempered with the true humanity of a small college, and works to develop and nourish the individual talents of each student.
2. The University's teacher-scholars and artists conduct and publish research; express themselves artistically; and teach in a friendly, academic community. Professional staff members strive to be national leaders in their fields of expertise. TCU students, too, are impressive, well-rounded individuals with high potential for success and leadership.
3. The University takes pride in its historic relationship with the Christian Church (Disciples of Christ), which has always stressed a broad interpretation and respect for faith traditions. TCU does not seek to impose a particular religious point of view, but challenges students to consider what they believe.
4. TCU's emphasis on the development of the individual takes place in part in an arts and science-centered education that is global in the broadest sense and embraced by all nine schools and colleges. The University promotes study abroad and encourages faculty, staff and students to think about the future and what will be required to build a just, ethical and productive world community.

Comprising nine academic divisions—AddRan College of Liberal Arts, Neeley School of Business, Bob Schieffer College of Communication, College of Education, College of Fine Arts, Harris College of Nursing & Health Sciences, College of Science & Engineering, John V. Roach Honors College and Burnett School of Medicine—TCU is independent and self-governing.

Nationally recognized Division I-A athletics contribute to the welcoming collegiality of the campus. Of the 22 sports—football and baseball for men; volleyball, rifle, equestrian, triathlon, beach volleyball and soccer for women; and basketball, cross country, indoor and outdoor track and field, tennis, golf and swimming and diving for men and women—some are ranked in the nation’s Top 25.

International study, a priority at TCU, provides an opportunity to live and learn abroad. TCU Global offers a wide range of academic programs, including summer courses led by TCU faculty members and semester programs in London, Seville and Florence. Other study abroad opportunities include partner programs and exchange programs in various locations around the world.

The school that was to be TCU was born in the troubled years following the Civil War. In 1862, Addison Clark formally enlisted in the Confederate Army in Grayson County; his brother, Randolph, joined Addison for a short period toward the wars' end, but not as a formally enlisted soldier.

In 1869, the Clark brothers began holding classes in the village of Fort Worth, from which cattle trails ranged northward. In 1873 they moved 40 miles away to establish AddRan Male and Female College at bucolic Thorp Spring. Inclusion of women in the name is arguably the first instance of coeducation in the Southwest. The Clark brothers' legacies are simultaneously tied to an ignominious fight for enslavement as well as a noble struggle for intellectual liberation.

After 20 years, the school affiliated with the Christian Churches of Texas and became AddRan Christian College. Moved to Waco in 1895, the school changed its name in 1902 to Texas Christian University. Fire destroyed its main building in 1910, and the University returned to Fort Worth and opened in its present location in 1911. Its future was assured in 1923 with a gift by Mrs. Mary Couts Burnett.

With an enrollment of more than 12,900 students, TCU draws from all 50 states and 86 countries. Of the 748 full-time faculty, about 88 percent hold the highest degree in their discipline; the student-faculty ratio is about 13:1. The 302-acre campus, located only a few miles from downtown Fort Worth, houses nearly 5,000 students and offers an impressive span of activities and recreational facilities.

In short, higher education may be a business to some, but at TCU, we consider it our mission:

To educate individuals to think and act as ethical leaders and responsible citizens in the global community.

Academic Calendar

Fall 2026

Date	Description
August 24, Monday	First Day of Classes for This Session
September 7, Monday	Labor Day Holiday
October 7, Wednesday	Fall Break. Classes Recess at 10 p.m.
October 12, Monday	Fall Break Ends. Classes Resume at 8 a.m.
November 20, Friday	Thanksgiving Break. Classes Recess at 10 p.m.
November 30, Monday	Classes Resume from Holiday at 8 a.m.
December 9, Wednesday	Last Day of Class for This Session
December 10-11, Thurs.-Fri.	Study days
December 14-18, Mon.-Fri.	Final Exams
December 18	Commencement
Wintersession	
Monday, Dec. 21	First Day of Classes This Session
Friday, Jan. 15	Last Day of Class for This Session

Spring 2027

January 18, Monday	Martin Luther King, Jr. Holiday
January 19, Tuesday	First day of classes this session
March 12, Friday	Classes Recess for Spring Break, 10:00 pm
March 22, Monday	Classes Resume after Spring Break, 8:00 am
March 25, Thursday	Classes Recess for Good Friday Holiday, 10:00 pm
March 26, Friday	Good Friday Holiday, no classes will be held
May 5, Wednesday	Last day of class for this session
May6-May 7, Thur.-Fri	Study Days
May 10-14, Mon.-Fri.	Final Exams
May 14-16, Fri.-Sun.	Commencement Weekend

Summer 2027

May 17, Monday	May, 8WK, 13 WK Sessions Begin
May, 31, Monday	Memorial Day Holiday
June 4, Friday	May Session Ends
June 7, Monday	Jun Session Begins
June 18, Friday	Juneteenth Holiday
July 5, Monday	Independence Day Holiday
July 9, Friday	JUN & 8WK Sessions End
July 12, Monday	JLY Session Begins
August 6, Friday	JLY Session Ends
August 15, Sunday	13W Session Ends

Academic Organization

Academic Organization

TCU is composed of nine academic units, eight offering undergraduate and/or graduate degrees (see TCU Graduate Studies Catalog). The John V. Roach Honors College offers non-degree courses for undergraduates only. The Burnett School of Medicine offers programs leading to an M.D. degree. All are the responsibility of the Provost/Vice Chancellor for Academic Affairs.

While students normally concentrate their work in the school or college of their major, they may have classes in any. All undergraduates will have courses in AddRan College of Liberal Arts and the College of Science & Engineering, for a broad, liberal arts-based educational background in the humanities and the natural and social sciences.

Neeley School of Business

The Neeley School of Business prepares students to contribute to the professional world and the larger community through emphasis on a balanced curriculum. A unified program provides a solid knowledge base upon which students add principles of accounting, entrepreneurship, finance, management, marketing, information systems and supply chain management, as well as distinct competencies that allow them to lead in the business world.

Bob Schieffer College of Communication

The Bob Schieffer College of Communication combines liberal arts studies with professional training. Within the Department of Journalism, Department of Strategic Communication, Department of Communication Studies and Department of Film, Television and Digital Media, students learn to apply their classroom experiences. Located in the fifth largest media market in the United States, graduates find ample opportunity to develop their skills. Personal counseling and relatively small classes enable the faculty to give attention to the work of each student.

College of Education

The College of Education offers programs to prepare educational professionals—teachers, counselors and administrators who serve children from pre-school through college—their families and the broader field of education. Undergraduate programs prepare educational professionals in the following ways: through teacher education, educational studies, youth advocacy; and interdisciplinary inquiry.

Teacher Education programs prepare individuals for teacher certification in early childhood through grade six, as well as composite and academic subjects in middle and high school. These programs combine theory with intensive field-based practice and focus on effective teaching; solving instructional problems; resolving ethical issues; and making curricular decisions with emphases on urban schools, English as a second language and special education.

The Youth Advocacy and Educational Studies (YAES) program prepares individuals to serve in a variety of capacities in agencies, initiatives and programs that support the broader field of education beyond classroom walls. Educational course content focuses on educational theory, professional roles and ethical practice, curriculum and internships. YAES majors also specialize in 15 hours of undergraduate coursework taken in disciplines related to education.

Interdisciplinary Inquiry (IINQ) majors explore a problem or question beyond the confines of one particular discipline. Interdisciplinarity is an approach to studying and addressing issues and contexts in ways that integrate multiple perspectives, theories, methodologies, and insights to construct more comprehensive and nuanced understandings. IINQ students combine disciplines in innovative ways that speak to their particular interests and aspirations upon graduation. Focus area courses taken each year toward the major are determined by the student and the IINQ program coordinator. The college's Educational Studies minor provides students with a broad understanding of the field of education, school systems, and human development. Students have the flexibility to choose from a number of education courses of interest to satisfy requirements for this minor.

College of Fine Arts

The College of Fine Arts represents an integral part of TCU's educational history. The college includes the School of Music, the School for Classical & Contemporary Dance, and the School of Art; and the departments of Design, Fashion Merchandising and Theatre. These academic programs exact an appropriate balance between professional training and liberal arts studies. Small classes allow the faculty to give personal attention to the work of each student.

AddRan College of Liberal Arts

AddRan College of Liberal Arts is the center of TCU's well-developed tradition of emphasis on liberal arts. Courses in the humanities and social sciences form a major part of the core studies for all students. Degree programs within AddRan's 13 academic departments provide the solid liberal arts base needed for professional study toward the ministry, law, medicine, business, teaching or related fields. Some have a professional orientation within themselves, with specialized study leading toward specific career objectives. In all of the programs, students find flexibility and freedom balanced by structure and discipline.

Harris College of Nursing & Health Sciences

The Harris College of Nursing & Health Sciences unites Nursing, the School of Nurse Anesthesia, Applied Health Sciences, the Davies School of Communication Sciences & Disorders, Kinesiology and Social Work into an integrated unit. Degree programs offered by the college build upon a strong liberal arts foundation and prepare graduates for complex and varied professional settings. Many of the courses enable students to learn through experience as they encounter diverse disciplines, practitioners and clients.

College of Science & Engineering

The College of Science & Engineering provides an interdisciplinary program that bridges liberal arts studies with the technical skills the world demands. Composed of the departments of Biology, Chemistry & Biochemistry, Computer Science, Engineering, Environmental & Sustainability Sciences, Geological Sciences, Mathematics, Nutritional

Sciences, Physics & Astronomy, Psychology and Ranch Management, the college offers the Bachelor of Science degree with majors in 21 fields of study and the Bachelor of Arts degree with majors in eight fields. The college also administers the Pre-Health Professions programs (pre-dentistry, pre- medicine, pre-veterinary medicine).

John V. Roach Honors College

The John V. Roach Honors College seeks to support highly motivated students in their quest for intellectual, ethical, and personal growth. Through innovative courses and high-impact learning experiences, students from all majors are immersed in a culture of integrative learning that encourages ethical engagement and cultural humility in local and global communities. Students who complete all lower-and upper-division Honors requirements graduate as Honors Laureates and are recognized at a special ceremony prior to the University commencement.

Anne Burnett Marion School of Medicine

The Anne Burnett Marion School of Medicine at TCU brings together the world's best practices in medical education and the latest advances in technology to forge new boundaries in medical student education and training. This progressive approach to medical education creates and shapes empathetic scholars who are both adept at caring for patients, and able to meet the health care challenges of tomorrow.

Accreditations

Accreditations

Accreditations provide evidence of TCU's high educational standards. Throughout the higher education system, numerous examining bodies—boards, agencies and commissions—attest annually the credibility of a university's education program. These bodies review and assess the worth of an institution's offerings.

TCU is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award baccalaureate, master's, and doctoral degrees. TCU also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of TCU may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on the SACSCOC's website

The institution's membership in numerous academic societies provides further evidence of high standards. Of particular note are Phi Beta Kappa and Sigma Xi. Phi Beta Kappa, the prestigious academic society in the liberal arts, approved TCU for membership in 1970. TCU is also approved for a chapter of Sigma Xi, the Scientific Society of North America.

Program-Related Accreditation and Membership

TCU schools, colleges, programs and departments are accredited by discipline specific bodies.

Engineering Accreditation Commission of ABET, (Department of Engineering)

Accrediting Council on Education in Journalism and Mass Communication (Department of Journalism)

WIN	WIN	Winton-Scott Hall of Science
WPA	WPA	Mary D. and F. Howard Walsh Center for Performing Arts

Course Abbreviations

Course Abbreviations

Each course is assigned a five-digit number. The first digit indicates the level (year) at which the course is offered; the second, third and fourth digits distinguish one course from another within the same department; the fifth digit reflects the amount of semester-hour credit assigned to the course. In indicating the level or year of the course, 0 and 1 are used for first-year; 2 for sophomore; 3 for junior; 4 for senior; 5 for senior-graduate; and 6, 7, 8 and 9 for graduate.

The fifth digit shows semester-hour credit with one exception — zero is assigned to those courses that include one or more of the following features: non-credit, credit value that includes a fraction, or the course has a variable credit value that is determined at the time of enrollment on an individual basis.

Thus, the course English 10803 (or ENGL10803 Intro Comp:Writing as Inquiry) is first-year level (first digit) and carries three semester hours of credit (fifth digit). The three middle digits (second, third and fourth) identify it as a specific course in the Department of English.

When the term "advanced courses" is used, it refers to those of junior rank (30000 level) or higher.

In designating courses, departments use the four-letter subject code (such as ENGL for English) that has been devised for Web-based registration.

The codes are to be interpreted as follows:

AADM	Arts Administration
ACCT	Accounting
ADRN	AddRan Interdisciplinary
AEST	Aerospace Studies
ANTH	Anthropology
APHS	Health Sciences
ARAB	Arabic Language
ARED	Art Education
ARGD	Graphic Design
ARHI	Art History
ARLD	Architecture Lighting Design
ARLE	Arts Leadership
ARST	Studio Art
ASST	Asian Studies
BIOL	Biology
BUSI	Business
CHDV	Child Development

Board of Trustees

Board of Trustees

An educational corporation chartered by the state of Texas on April 11, 1874, Texas Christian University is controlled by a Board of Trustees. The trustees shall consist of not less than twenty-four nor more than fifty members, at least five of whom shall be members in good standing of the Christian Church (Disciples of Christ). The trustees nominate and elect their own members as terms expire or vacancies occur. Members serve a four-year term.

Board of Trustees:

Leanne S. Acuff, Snowmass Village, Co

Sheryl L. Adkins-Green, Dallas

V. Neils Agather, Jr., Fort Worth

Allie Beth Allman, Dallas

Greg A. Arnold, Dallas

Amy R. Bailey, Fort Worth

Sasha C. Bass, Fort Worth

Michael K. “Mike” Berry, Fort Worth

Katherine “Katie” Boehly, Darien, CT

Joe D. Briggs, Washington, DC

Edward A. “Eddie” Clark, Fort Worth

Brenda A. Cline, Fort Worth

Anita L. Cox, Midland

Brad L. Cunningham, Fort Worth/Hudson Oaks

Marilyn E. Davies, Katy

Barry E. Davis, Dallas

G. Hunter Enis, Fort Worth

Kathryn “Katie” Thompson Farmer, Fort Worth

Charlotte S. French, Fort Worth

Alan D. Friedman, Dallas

Rafael G. “Rafa” Garza, Fort Worth

Charlie L. Geren, Fort Worth

Nick A. Giachino, Wilmington, NC

Joe M. Gutierrez, Jr., Houston

Elliott J. Hill, Austin

Mark L. Johnson, Fort Worth

Dee J. Kelly, Jr., Fort Worth

J. Bryan King, Fort Worth

Mary Ralph Lowe, Fort Worth

Steven J. Mafrige, Tilden

Ross B. Matthews, Parkman, NY

Thomas F. “Tom” Meagher, Jr., Chicago, IL

Kit Tennison Moncrief, Fort Worth

Dr. Frank H. "Trey" Moore III, Fort Worth

Ronald C. “Ron” Parker, Plano

John H. Pinkerton, Fort Worth

David P. Purcell, Chicago, IL

James R. "Rusty" Reid, Fort Worth

Glenton E. Richards, Los Angeles, CA

Michael "Stewart" Richards, Dallas

Adelaide M. Royer, Fort Worth

Jan Tucker Scully, Fort Worth

Richard L. "Ricky" Stuart II, Weatherford

Kenneth D. "Kenny" Thompson, Jr., Washington, DC

LaDainian T. Tomlinson, Westlake

Duer Wagner III, Dallas/Fort Worth

F. Howard Walsh III, Fort Worth/Houston

Roger Williams, Weatherford/Washington, DC

Office of Religious and Spiritual Life

Office of Religious and Spiritual Life

The Office of Religious and Spiritual Life (RSL) offers resources, programs and staff dedicated to supporting faith communities, religious expression and spiritual exploration. The University is affiliated with the Christian Church (Disciples of Christ), a denomination that values "true community, deep spirituality and a passion for justice". To that end, RSL is committed to respecting the dignity and beliefs of every individual, celebrating diversity and welcoming all of God's people. RSL supports a vibrant religious life and serves students' spiritual needs while creating opportunities for reflection and learning.

Located on the first floor of Jarvis Hall, RSL is home to staff offices, and our a multi-faith prayer and meditation room. Also, as a long-standing part of TCU, Robert Carr Chapel is open daily for prayer and personal reflection, and is available by reservation for worship, concerts, events, ceremonies, weddings and other important occasions. In addition to TCU’s chaplains who serve the entire campus, students will also find a variety of campus ministers and religious life partners who offer support, connection and spiritual care out of their own tradition.

Spiritual Care & Wellness

The chaplaincy team provides for the spiritual needs of students, faculty and staff through compassionate spiritual care that respects the beliefs of each person. We meet individuals where they are, providing a welcoming and safe space to discuss any number of life’s transitions, to offer a listening and empathetic ear, and to assist in working through challenges. Chaplains also assist with spiritual care in times of trauma, crisis grief and loss, working with individuals and groups around the spiritual questions that arise during these critical times. Our chaplains also officiate at official university functions and at key times in our individual and communal lives. Students may also participate every weekday from 12:00-1:00pm in our RSL Connections programming where they can cultivate a deeper and more meaningful relationship with their Higher Power, our chaplains, our religious organizations, and our local external faith communities.

Student Religious Organizations

RSL provides advising and other resources for 37 religious organizations on our main campus and at the School of Medicine. The organizations provide opportunities for worship, study, service and are open to all students. Campus ministers, advisers and student leaders grow and share experiences through the Campus Ministry Staff Council, the Student Leadership Council, and the Religious Advisory Council.

Religious Organizations Within RSL

- Able Hearts Fellowship
- Athletes in Action
- Baptist Student Ministry
- Canterbury Arc
- TCU Catholic
- Disciples on Campus
- TCU Wesley
- Reformed University Fellowship
- Brothers Under Christ (BYX)
- Calling in Action
- Chi Alpha (Assemblies of God)
- Delight
- Every Nation Campus (ENC)
- TCU Exodus Retreat
- Fishers of Men
- Fellowship of Christian University Students (FOCUS)
- Fellowship of Christian Athletes
- TCU Hillel
- Illuminate
- International Christian Fellowship
- Jesus Loves You
- Juntos en Cristo
- Living in Love
- Muslim Student Association
- Noble Faith & Fitness
- Orthodox Christian Campus Ministry (OCCM)
- Orthodox Christian Fellowship
- Phi Lambda Sigma
- Student Mobilization
- The Christian Talk (TCT)
- UKirk TCU
- Word of Truth Gospel Choir
- Young Life
- SAICA (South Asian Inter-Cultural Association)
- Christian Medical Association
- Muslim Medical Association
- Jewish Medical Association

TCU Interfaith Initiative

The Interfaith Initiative gathers students across faith traditions to celebrate their individual beliefs, learn about one another and work together to change the world through leadership, learning, service and dialogue. Students get connected through on-campus interfaith programming, exploring interfaith movements off campus through site visits, and gaining leadership experience through the Interfaith Internships.

Purpose, Meaning & Belonging

The RSL Office at TCU encourages the campus community to better understand what we believe and why we believe it. We do this by helping students explore how their beliefs and values inform their sense of purpose, meaning and belonging. To accomplish that you'll find us facilitating discussions in classrooms, helping connect with organizations on campus, and hosting creative events around campus. This empowers our students, faculty & staff to celebrate our diverse beliefs that infuse the campus and encourages us to come together as one community around our shared values. Students may also choose to join one of our RSL Support Communities that cover a variety of topics and identities.

Office of Church Relations and Disciples on Campus

The Office of Church Relations, which is a part of RSL, supports the University's relationship with its partner denomination, the Christian Church (Disciples of Christ). This is done partly through campus programs such as Regional Meetings, General Assembly, and other denominational events. Disciples on Campus serves as the student outreach and campus ministry for Disciples undergraduates and others, inviting them to continue their spiritual journey through worship, studies, and life-giving social opportunities.

Robert Carr Chapel

Since 1953, Robert Carr Chapel has been a space for the student and campus community, whether for worship, concerts, honor inductions, prayer groups or other activities. Recently renovated, the chapel is also open for prayer and reflection daily when not in use for events. To reserve the chapel for a group or special event contact chapel@tcu.edu or visit us in Jarvis Hall on the first floor.

Other Opportunities Include

Worship at Robert Carr Chapel, Individual and Group Pastoral Care, Spiritual Wellness Workshops, Crossroads Lecture Series on Faith and Public Life, Advent and Lenten Devotionals, Book Groups, and Multiple Spaces for Meditation and Reflection

Contact us:

Geography

ASHLEY COLES, *Associate Professor.* B.S. (Cornell University), 2005; M.A. (University of Arizona), 2008; Ph.D. (Ibid), 2013. Since 2016.

SEAN CROTTY, *Associate Professor*. B.S. (Texas Christian University), 2003; M.A. (San Diego State University), 2007: Ph.D. (San Diego State University and University of California at Santa Barbara), 2012. Since 2015.

SARAH SCHWARTZ, *Instructor*. B.A. (Hamilton College) 1999; M.A. (South Carolina) 2005; Ph.D. (South Carolina) 2011. Since 2022.

BENJAMIN F. TILLMAN, *Associate Professor*. B.S. (Brigham Young University), 1993; M.S. (Ibid.), 1994; Ph.D. (Louisiana State University), 1999. Since 2000.

KYLE WALKER, *Professor and Chair of the Department*. B.A. (Oregon), 2005; M.A. (Minnesota), 2007; Ph.D. (Ibid.) 2011. Since 2012.

YIOU ZHANG, *Assistant Professor*. B.S. (East China Normal University), 2016; M.A. (Ibid.), 2019; M.S. (University of California, Los Angeles), 2023; Ph.D. (Ibid.), 2024. Since 2024.

XIAOLU ZHOU, *Associate Professor.* B.Eng. (Wuhan University), 2008; M.S. (National University of Singapore), 2010; Ph.D. (University of Illinois at Urbana-Champaign), 2014. Since 2019.

History

SAMUEL M. DAVIS, *Assistant Professor,* B.A. (University of Tennessee), 2010; M.A. (Indiana University), 2013; Ph.D. (Temple University), 2019. Since 2020.

ALAN GALLAY, *Professor and Lyndon Baines Johnson Chair in American History*. B.A. (Florida), 1978; M.A. (Georgetown), 1981; Ph.D. (Ibid.), 1986. Since 2012.

ANDREW R. GRAYBILL, *Professor and Erma and Ralph Lowe Chair in Texas History*. B.A. (Yale University), 1994; M.A. (Princeton University), 2000; Ph.D. (Princeton University), 2003. Since 2026.

ALEX HIDALGO, *Associate Professor.* B.A. (United States International University), 1997; M.A. (San Diego State University), 2006; Ph.D. (University of Arizona), 2013. Since 2013.

HADI HOSAINY, *Instructor II.* B.S. (Middle East Technical University), 2003; M.A. (Sabanci University), 2007; Ph.D. (University of Texas), 2016. Since 2018.

TODD M. KERSTETTER, *Professor.* B.A. (Duke University), 1986; M.A. (University of Nebraska), 1992; Ph.D. (Ibid.), 1997. Since 2000.

BONNIE LUCERO, *Associate Professor and Neville G. Penrose Chair of History and Latin American Studies*. B.A. (University of the Pacific), 2008; M.Phil (University of Cambridge), 2009; Ph.D. (University of North Carolina at Chapel Hill), 2013. Since 2022.

WILLIAM MEIER, *Professor and Chair of the Department*. B.A. (Miami University), 2002; M.A. (University of Wisconsin), 2004; Ph.D. (University of Wisconsin), 2009. Since 2011.

AARON NAVARRO, *Associate Professor.* B.A. (University of Texas), 1996; M.A. (Harvard University), 1999; Ph.D. (Harvard University), 2004. Since 2018.

MELISSA REYNOLDS, *Assistant Professor*. B.A. (University of Alabama), 2005; M.A. (Ibid.), 2011; Ph.D. (Rutgers University), 2019. Since 2024.

REBECCA SHARPLESS, *Professor.* B.A. (Baylor University), 1978; M.A. (Ibid.), 1983; Ph.D. (Emory University), 1993. Since 2006.

OLGA VERLATO, *Assistant Professor*. B.A. (Ca' Foscari University of Venice), 2015; M.A. (New York University), 2017; Ph.D. (New York University), 2024. Since 2025.

KARA DIXON VUIC, *LCpl Benjamin Whetstone Schmidt Professor of War, Conflict, and Society in 20th Century America*. B.A. (Marshall University), 1999; M.A. (Indiana University), 2001; Ph.D. (Ibid), 2006. Since 2015.

ALBERTO WILSON III, *Assistant Professor*. B.A. (Vassar College), 2016; Ph.D. (University of Houston), 2021. Since 2024.

STEVEN E. WOODWORTH, *Professor.* B.A. (Southern Illinois University), 1982; Ph.D. (Rice University), 1987. Since 1997.

PETER M. WORTHING, *Professor.* B.A. (Trinity College), 1987; M.A. (University of Hawaii at Manoa), 1991; Ph.D. (Ibid.), 1995. Since 2002.

Military Science

MAJOR JULIAN RODRIGUEZ, Professor of Military Science. B.S. (University of Texas at Arlington), 2009; M.B.A. (University of Texas at El Paso), 2016; M.B.A. (US Army Command and General Staff College), 2021. Since 2026.

MASTER SERGEANT PAUL CURRY, Senior Military Science Instructor. Since 2023.

MAJOR NENA CAUDA, Assistant Professor of Military Science. B.S. (University of the Cumberlands), 2010; M.B.A. (Lindenwood University), 2012. Since 2022.

SERGEANT FIRST CLASS JASON SCANLON, Assistant Professor of Military Science. Since 2024.

SERGEANT FIRST CLASS CAVAN LARNARD, Assistant Professor of Military Science. Since 2026.

COLONEL (RETIRED) EDDIE SMITH, Assistant Professor of Military Science, B.S. (Prairie View A&M University) 1992; E.M.B.A (Texas Christian University) 2019. Since 2007.

Philosophy

RICHARD F. GALVIN, *Professor and Betty S. Wright Chair in Applied Ethics*. B.A. (Macalester College), 1974; M.A. (University of California at Santa Barbara), 1980; Ph.D. (Ibid.), 1983. Since 1982.

JOHN R. HARRIS, *Associate Professor*. B.A. (New Mexico State University), 1997; M.A. (University of Colorado at Boulder), 2001; Ph.D. (Ibid.), 2005. Since 2007.

BLAKE E. HESTIR, *Professor*. B.A. (Texas Christian University), 1988; M.A. (Florida State University), 1996; Ph.D., (Ibid.), 1998. Since 1998.

KELLY A. MCCORMICK, *Professor and Chair of the Department*. B.A. (Colgate University), 2006; Ph.D. (Syracuse University), 2013. Since 2014.

WILLIAM A. ROCHE, *Professor*. B.S. (University of Utah), 1997; M.S. (Ibid.), 1998; Ph.D. (Ohio State University), 2006. Since 2006.

ALNICA VISSER, Assistant Professor. B.A. (University of the Witwatersrand), 2011, B.A. Honors (Ibid.), 2012, M.A. (Ibid.), 2014, Ph.D. (University of Pittsburgh), 2023. Since 2023.

Political Science

SAMUEL G. ARNOLD, *Associate Professor*. B.A. (Bowdoin College), 2001, M.A. (University of Pittsburgh), 2004, Ph.D. (Princeton University), 2011. Since 2012.

RALPH G. CARTER, *Professor*. B.A. (Midwestern State University), 1974; M.A. (Ohio State University), 1977; Ph.D. (Ibid.), 1980. Since 1982.

ERIC W. COX, *Associate Professor*. B.A. (Austin College), 1997; M.A. (University of Virginia), 2000); Ph.D. (Ibid.), 2005. Since 2004.

CARRIE LIU CURRIER, *Professor and Associate Dean*. B.A. (University of Michigan), 1996; M.A. (University of Arizona), 1998; Ph.D. (Ibid.), 2004. Since 2004.

MANOCHEHR DORRAJ, *Professor*. B.A. (University of Texas at Austin), 1975; M.A. (Ibid.), 1979; Ph.D. (Ibid.), 1984. Since 1990.

PEARCE EDWARDS, *Assistant Professor*. B.S. (Texas Christian University), 2013; M.A. (Emory University), 2019; Ph.D. (Ibid.),2021. Since 2025.

EMILY FARRIS, *Professor*. B.A. (Furman University), 2006; M.A. (Brown University), 2007; Ph.D. (ibid), 2013. Since 2014.

GRANT FERGUSON, *Senior Instructor*. B.S. (Vanderbilt), 2007; M.A. (University of Rochester), 2010; Ph.D. (Texas A & M University), 2014. Since 2014.

RONALD KEITH GADDIE, *Hoffman Endowed Chair*. B.S. (Florida State University), 1987; M.A. (University of Georgia), 1989; Ph.D. (Ibid.), 1993. Since 2023.

RACHAEL B. HOUSTON, *Assistant Professor*. B.A. (Coastal Carolina University), 2017, M.A. (University of Minnesota), 2020, Ph.D. (Ibid.), 2022. Since 2022.

JASMINE C. JACKSON, Assistant Professor. B.A (Jackson State University), 2017, M.A. (Purdue University), Ph.D. (Ibid), 2022. Since 2022.

GANDUR, MARTIN. *Assistant Professor*. L.L.B. (Universidad Nacional de Tucuman), 2014; L.L.M (University of California, Los Angeles), 2019; Ph.D. (Florida State University), 2026. Since 2026.

LAURA R. OLSON, *Herman Brown Chair.* B.A. (Northwestern University), 1990, M.A. (University of Wisconsin Madison), 1991, Ph.D. (Ibid.), 1996. Since 2025.

MATTHEW MONTGOMERY, *Assistant Professor*. B.A. (Georgia Gwinnet College), 2013; M.A. (Georgia State University), 2015; Ph.D. (Ibid.), 2019. Since 2020.

ADAM SCHIFFER, *Professor.* B.A. (Chapman University), 1996; M.A. (Arizona State University), 1998; Ph.D. (University of North Carolina), 2003. Since 2003.

SCHROEDER, EMMA. *Assistant Professor*. B.A. (Loyola University Chicago), 2021; M.A. (University of Notre Dame); 2023. Ph.D. (University of Notre Dame); 2026. Since 2026.

MICHAEL STRAUSZ. *Professor and Department Chair*. B.A. (Michigan State University), 1999; M.A. (University of Washington), 2001; Ph.D. (Ibid.), 2007. Since 2008.

Religion

ANTOINETTE E. DeNAPOLI, *John F. Weatherly Professor of Religion and Chair of the Department.* B.A. (University of South Florida), 1996; M.A. (The Florida State University), 2000; Ph.D. (Emory University) 2009. Since 2017.

MARK W. DENNIS, *Professor*. B.B.A (University of Wisconsin), 1984; M.A. (Ibid.), 2001; Ph.D. (Ibid.), 2006. Since 2007. PATRICIA A. DUNCAN, *Associate Professor*, B.A. (University of Missouri), 1998; M.Div. (University of Chicago), 2003; Ph.D. (Ibid.) 2014. Since 2015.

J. SAGE ELWELL, *Professor.* B.A. (William Jewell College), 1998; M.A. (University of Kansas), 2000; M.Litt. (University of St. Andrews), 2002; Ph.D. (University of Iowa), 2008. Since 2009.

ERIK A. ESTRADA, *Assistant Professor of Religion.* STB (Pontifical University of St. Thomas Aquinas), 2002; STL (Augustinianum Patristic Institute), 2005; MMS (University of Notre Dame), 2009; Ph.D. (University of Notre Dame), 2014. Since 2019.

DAVID P. MOESSNER, *Professor and A. A. Bradford Chair in Religion.* B.A. Princeton University, 1971; M. Div. (Ibid.), 1975; M.A. Oxford University (1980); Dr. Theol. 1983 (University of Basel), Since 2012.

SEAN O'NEIL, Instructor. B.A. (University of Kings College, Halifax), 1999; M.A. (Ohio University), 2003; Ph.D. (University of Florida), 2012. Since 2025.

SANTIAGO O. PIÑÓN, *Associate Professor*. B.A. (Southwestern Assemblies of God University), 1993; M.Div. (University of Chicago), 2001; M.A. (Abilene Christian University), 2003; Ph.D. (University of Chicago), 2012. Since 2011.

JAN JAYNES QUESADA, *Senior Instructor.* B.A. (University of North Carolina), 1984; M.A. (Baylor University), 1990; Ph.D. (Ibid.), 1996. Since 1999.

SAMUEL J. ROSS, *Assistant Professor*. B.A. (University of Virginia), 2002; M. A. (Yale University), 2014; Ph.D. (Ibid.), 2017. Since 2017.

TIMOTHY SANDOVAL. Professor. A.B. (University of California, Davis), 1990 ; M.Div. (Princeton Theological Seminary), 1993; Ph.D. (Emory University), 2004. Since 2025.

GRACE VARGAS, *Assistant Professor*. B.A. (Rutgers, The State University of New Jersey), 2005; M. Div. (Princeton Theological Seminary), 2014; Ph.D. (Southern Methodist University), 2020. Since 2021.

Sociology and Anthropology

DAVID AFTANDILIAN, *Professor.* B.A. (Cornell University), 1990; M.A. (University of Chicago), 1995; Ph.D. (Ibid.), 2007.

ESTHER AJAYI-LOWO, *Assistant Professor.* B.A. (Obafemi Awolowo University, Ile-Ife, Ile-Ife, Nigeria), 2004; M.A. (University of Lagos, Nigeria), 2010; 2003; Ph. D. (Texas Woman's University). Since 2024.

RACHELLE BERRY, Assistant Professor. B.A. (California Polytechnic State University), 2014; M.A. (Syracuse University), 2017; Ph.D. (University of Georgia), 2022. Since 2024.

EDGAR CAMPOS, *Assistant Professor*. B.A. (California State University Sacramento), 2015; M.A. (University of Minnesota, Twin Cities), 2019; Ph.D. (Ibid), 2019. Since 2022.

CHEN, YVONNE, *Assistant Professor*. B.A. (University of Houston), 2013; M.A. (University of Houston), 2017; Ph.D. (Vanderbilt University, 2024). Since 2024.

COOLEY, CALEB, *Assistant Professor*. B.A. (University of Memphis), 2015; M.A. (University of Memphis), 2018; Ph.D. (Washington State), 2024. Since 2024.

JEANNINE GAILEY, *Professor*. B.S. (Mount Union College), 2000; M.A. (University of Akron), 2002; Ph.D. (Ibid.), 2005. Since 2005.

TIMOTHY LAUVE-MOON, *Assistant Professor*. B.A. (Samford University), 2005; M.DIV, (Baylor University) 2009; M.A. (Baylor University), 2020; Ph.D. (Baylor University), 2023. Since 2023.

MIGUEL C. LEATHAM, *Senior Instructor.* B.A. (University of New Mexico), 1983; M.A. (Ibid.), 1988; Ph.D. (Ibid.), 1993; M.S.L.S. (University of North Texas), 2005. Since 2000.

LUIS ROMERO, *Associate Professor.* B.A. (Texas A&M University), 2012; M.A. (University of Texas at Austin), 2014; Ph.D. (University of Texas at Austin), 2018. Since 2019.

DAVID P. SANDELL, *Associate Professor.* B.A. (Lewis and Clark College), 1987; M.A. (University of Southern California), 1993; M.A. (University of Texas at Austin), 1998; Ph.D. (Ibid.), 2004. Since 2006.

ANGELA L. THOMPSON, *Senior Instructor.* B.A. (Wellesley College), 1988; M.A. (Brandeis University), 1993; Ph.D. (Ibid.), 1998. Since 1998.

CAROL THOMPSON, *Professor and Chair of the Department.* B.A. (Louisiana State University), 1983; M.A. (Ibid.), 1985; Ph.D. (Ibid.), 1988. Since 1992.

LISA K. VANDERLINDEN, *Associate Professor.* B.A. (Concordia University), 1992; M.Phil. (Rutgers University), 1998. Since 2002.

KEITH WHITWORTH, *Instructor II.* B.A. (Oauchita Baptist University), 1983; M.A. (Southwest Baptist University), 1993; Ph.D. (University of North Texas), 2006. Since 2000.

AMINA ZARRUGH, *Associate Professor*. B.A. (University of Texas at Austin), 2008; M.A., (Ibid) 2011; Ph.D. (Ibid), 2016. Since 2016.

World Languages and Global Studies

NICHOLAS ALBANESE, *Associate Professor and Chair of the Department*. B.A. (University of the South), 1992; M.A. (Middlebury College), 1998; M.S. (College of William and Mary) 1994; Ph. D. (Indiana University), 2011. Since 2015.

TATIANA ARGÜELLO VARGAS, *Associate Professor.* B.A. (Universidad Americana-Nicaragua), 2002; M.A. Spanish (Ohio University), 2010; M.A. Latin American Studies (Ohio University), 2010; Ph.D., (University of Pittsburgh); 2015. Since 2017.

REGAN BOXWELL, *Instructor II*. B.A. (Texas Christian University), 2000; M.A. (University of Virginia), 2004; M.A. (University of Texas at Austin), 2006; Ph.D. (Ibid.), 2013. Since 2011.

RYAN BROWN, *Assistant Professor*. B.A. (University of California, Berkeley), 2018; M.A. (University of Chicago), 2021; Ph.D. (University of Chicago), 2025. Since 2026.

GUANGYAN (GWEN) CHEN, *Associate Professor.* B.A. (Anhui Normal University), 1998; M.A. (Nanjing University), 2001; M.A. (University of Iowa), 2005; Ph. D. (Ohio State University), 2011. Since 2014.

MURIEL CORMICAN, *Professor and Associate Dean.* B.A. (National University of Ireland, Galway), 1990; M.A. (University of Missouri), 1992; Ph.D. (Indiana University), 1999. Since 2019.

DIANNE R. HOBBS, *Instructor II*. B.A. (University of Texas at Arlington), 1981; M.A. (Ibid.), 1985; Ph.D. (University of Texas at Austin), 1990. Since 2001.

SOHYUN LEE, *Associate Professor and Chair of the Department*. B.A. (Seoul National University), 1994; M.A. (Ibid.), 1998; Ph.D. (University of Arizona), 2009. Since 2009.

KAREN R. MARTIN, *Instructor.* B.A. (Texas Christian University), 1991; M.A. (University of Texas at Arlington), 1997. Since 2000.

BENJAMIN HIRAMATSU IRELAND, *Associate Professor.* B.A. (Davidson College), 2012; Ph.D. (University of Michigan), 2017. Since 2017.

JUAN MORILLA ROMERO, *Instructor.* B.A. (University de Seville, Spain), 2003; M.A. (Texas Tech University), 2016; Ph.D. (Indiana University Bloomington), 2022. Since 2023.

IRINA V. MOZULIOVA, *Instructor*. B.A. (University of St. Petersburg, Russia), 1992; M.A. (Louisiana State University), 2005; M.Ed (Texas Christian University), 2007. Since 2020.

KARLA O'DONALD, *Senior Instructor*. B.A. (University of Texas at Arlington), 1997; M.A. (Ibid.), 2002; Ph.D. (Texas Christian University), 2023 Since 2004.

LUNA SARTI, *Instructor*. B.A. (Università degli Studi di Firenze), 2008; M.A. (School of Oriental and African Studies, University of London), 2010; Ph.D. (Università degli Studi di Firenze), 2015; M.A. (University of Pennsylvania), 2016; Ph.D. (University of Pennsylvania), 2023. Since 2025.

STEVEN P. SLOAN, *Associate Professor.* B.A. (University of Nevada, Reno), 1993; M.A. (University of Iowa), 1996; Ph.D. (Tulane University), 2003. Since 2003.

RYAN T. SCHMITZ, *Associate Professor*. B.A. (Moorhead State University), 1998; M.A. (University of Texas at Austin), 2004; Ph.D. (Ibid.), 2009. Since 2009.

JOSÉ LUIS SUÁREZ MORALES, *Assistant Professor.* B.A. (Universidad Nacional Autónoma de México), 2013; M.A. (Indiana University Bloomington), 2016; Ph.D. (Ibid.), 2023. Since 2024.

ESTER DE REZENDE TEIXEIRA, *Associate Professor*. B.A. (Federal University of Minas Gerais, Brazil), 2004; M.A. (Purdue University) 2010; Ph.D. (Purdue University), 2017. Since 2017.

JEFFREY D. TODD, *Associate Professor.* B.A. (Asbury College), 1983; M.A., French (University of Cincinnati), 1987; M.A., German (Ibid.), 1994; Ph.D. (Ibid.), 1997. Since 1997.

SONJA STEPHENSON WATSON, *Professor and Dean.* B.A. (College of Willliam & Mary), 1995; Ph.D. (University of Tennessee), 2005. Since 2020.

SCOTT G. WILLIAMS, *Associate Professor*. B.A. (Stephen F. Austin State University), 1977; M.A., (Universität Hamburg), 1989; Ph.D. (University of Texas at Austin), 1999. Since 2005.

JUNYU ZHANG, *Instructor*. B.A. (Shenzhen University, China, 2012); M.S.Ed. (University of Pennsylvania, 2014). Since 2019.

LESLIE BROWNING-SAMONI, *Instructor II, Fashion Merchandising*, B.S. (Syracuse University), 1994; M.A. (New York University), 2000; Ph.D. (Iowa State University), 2024. Since 2019.

JANACE E. BUBONIA, *Professor, Fashion Merchandising and Associate Dean for Academic Affairs in the College of Fine Arts*. B.S (State University of New York at Oneonta), 1991; M.A. (Texas Woman's University), 1994; Ph.D. (Ibid.), 1998. Since 2000.

CHARLES E. FREEMAN, *Professor of Fashion Merchandising, and Chair of the Department of Fashion Merchandising*. B.S. (Florida State University, Tallahassee), 2005; M.S. (Florida State University, Tallahassee), 2006; Ph.D. (Louisiana State University, Baton Rouge), 2012. Since 2024.

SHWETA REDDY, *Professor, Fashion Merchandising*. B.B.A. (Madras University, India), 2001; M.Sc. (Manchester Metropolitan University, United Kingdom), 2004; Ph.D. (Oregon State University), 2008. Since 2008.

JAY SANG RYU, *Professor, Fashion Merchandising*. B.S. (Philadelphia University), 1994; M.S. (University of North Texas), 1996; Ph.D. (Oklahoma State University), 2010. Since 2014.

RIMA SHRESTHA, *Instructor I, Fashion Merchandising*, B.S. (Texas Christian University), 2004; A.A (Fashion Institute of Design and Merchandising), 2006; M.P.S (Lim College), 2023. Since 2022.

School of Music

ELISABETH ADKINS, *Professor of Violin*. B.M. (University of North Texas); M.M.A. (Yale University); M.M. (Yale University); D.M.A. (Yale University). Since 2014.

GWENDOLYN ALFRED, *Assistant Professor of Voice.* B.M. (University of Houston), 2009; M.M. (Lamar University), 2012; and D.M.A. (University of Houston), 2015. Since 2023.

NEIL ANDERSON-HIMMELSPACH, *Associate Professor of Music Technology and Music Theory/Composition.* A.A. (Pierce College), 1997; B.M. (Pacific Lutheran University), 1999; M.M. (Central Michigan University), 2006; D.M.A. (Florida State University), 2009. Since 2015.

CHRISTOPHER ASPAAS, *Professor of Music and Director of Choral Activities*. B.M. (St. Olaf College), 1995; M.M. (Michigan State University), 1997; PhD (Florida State University), 2004. Since 2015.

DAVID BEGNOCHE, *Associate Professor of Trombone*. B.M. (New England Conservatory), 1990; M.M. (Manhattan School of Music), 1995; D.M.A. (University of North Texas), 2014. Since 2009.

MARTIN BLESSINGER, *Professor of Music (Theory/Composition) and Associate Dean for Faculty Affairs and Graduate Programs.* B.A. (State University of New York at Stony Brook), 2000; M.A. (Ibid.), 2003; D.M. (Florida State University), 2006. Since 2007.

GINA BOMBOLA, *Instructor II in Musicology and Coordinator of Music Undergraduate Studies.* B.M. (Vanderbilt University), 2008; M.M. (University of Nevada, Las Vegas), 2010; M.A. (University of North Carolina at Chapel Hill), 2013; PhD. (Ibid.), 2017. Since 2007.

MICHAEL BUKHMAN, *Associate Professor, Collaborative Piano and Chamber Music.* B.M. (Oberlin College Conservatory of Music), 2005; M.M. (The Juilliard School), 2007; D.M.A. (Ibid.), 2012. Since 2018.

JON BURGESS, *Professor of Trumpet.* B.M. (University of Illinois), 1978; M.M. (University of Kansas), 1980; D.M.A. (University of Arizona), 1988. Since 2000.

JOEY CARTER, *Instructor in Percussion, Music Theory, Jazz Studies.* B.M.E. (University of Texas at Arlington), 1991; M.M. (Texas Christian University), 2000.

STUART G. CHENEY, *Division Chair of Musicology, Associate Professor of Music (Musicology).* B.M. (University of North Texas), 1985; M.M. (University of North Texas), 1989; Ph.D. (University of Maryland), 2002. Since 2009.

LORI CHRIST, *Director of Music Preparatory Program and Instructor in Piano Pedagogy.* B.M. (Wells College); M.M. (Texas Christian University). Since 1985.

JIYOUN CHUNG, *Assistant Professor of Music Theory and Composition*. B.M. (Hanyang University), 2005; M.M (Illinois State University), 2010; D.M.A. (University of Missouri Kansas City), 2019. Since 2026.

ALLEN CORDINGLEY, *Assistant Professor of Music and Director of Jazz Studies.* B.M.E. (Lawrence University), 2002; M.M. (Youngstown State University), 2004. Since 2023.

CHRISTOPHER DREW DICKEY, *Assistant Professor of Professional Practice and Director of Athletic Bands and Director of the Horned Frog Marching Band.* B.M.E. (University of South Carolina); M[RM1] .M. (Louisiana State University); M.M.E. (Ithaca College); D.M.A. (University of Texas at Austin). Since 2025

ENRICO ELISI, *Harold D. and Imogene Herndon Associate Professor of Music in Piano*. Diploma (L. Cherubini State Conservatory of Music), 1990; Artists Diploma (International Piano Academy Incontri col Maestro), 1996; M.M. (Peabody Institute of Music), 1999; D.M.A (Peabody Institute of Music), 2006. Since 2023.

BOBBY R. FRANCIS, *Professor of Music and Director of Bands*. B.M.E. (Commerce), 1981; M.M.E. (Commerce), 1989. Since 2000.

MIKHAIL MISHA GALAGANOV, *Professor of Viola and Division Chair of Strings*. B.M. (Jerusalem), 1994; Artist Certificate (Southern Methodist University), 1996; M.M. (Rice University), 1998; D.M.A. (Ibid.), 2003. Since 2000.

CLAY GARRETT, *Assistant Professor of Professional Practice in Tuba/Euphonium*. B.M. (University of Texas at Tyler), 2008; M.M. (Baylor University), 2010; D.M.A. (University of Texas at Austin), 2019. Since 2023.

ANN M. GIPSON, *Professor of Professional Practice in Music and Director of Piano Pedagogy.* B.M. (Eastern Illinois University), 1982; M.M. (University of Oklahoma), 1985; Ph.D. (Ibid.), 1992. Since 2005.

GEORGE (TREY) GUNTER, *Senior Instructor of Music Theory and Composition.* B.M.E. (Texas Christian University), 1995; M.M. (Ibid.), 1997. Since 2011.

GERMÁN AUGUSTO GUTIÉRREZ, *Professor/Director of Orchestral Studies and Director of the Center for Latin American Music.* Maestro en Musica (Tolima Conservatory), 1978; M.M. (University of Illinois), 1991; D.A. (University of Northern Colorado), 1997. Since 1996.

JULIETTE HERLIN, *Assistant Professor of Cello*. B.M. (Conservatoire National Supérieur de Musique de Paris); M.M. (Conservatoire National Supérieur de Musique de Paris); Graduate Diploma (The Juilliard School); D.M.A. (University of Southern California). Since 2022.

JEFF HODGE, *Instructor I of Percussion*. B.M.E. (East Texas A&M), M.M. (University of Arkansas). Since 2025.

CECILIA LO-CHIEN KAO, *Associate Professor of Professional Practice & Collaborative Piano Artist*. B.M. (National Taiwan Normal University), 2006; M.A. (Ibid.), 2009; M.M. (University of Texas at Austin), 2013; A.D. (Mercer University), 2015; D.M.A. (University of Colorado Boulder), 2019. Since 2019.

ERIC LAINE, *Assistant Professor of Voice*. B.M. (University of Houston); M.M. (University of North Texas); D.M.A. (University of Houston). Since 2025.

HAERIM (LIZ) LEE, *Assistant Professor of Violin, Director of Chamber Music*. B.M. (New England Conservatory), 2010; M.M. (Rice University), 2012; D.M.A. (University of Michigan), 2016. Since 2022.

RYAN LINDVEIT, *Assistant Professor of Music Theory and Composition*. B.M. (University of Southern California), 2016; M.M. and M.M.A. (Yale University), 2020; D.M.A. (University of Michigan), 2023. Since 2026.

COREY MACKEY, *Associate Professor of Clarinet*. B.M. (Norther Arizona University); M.M. (University of Minnesota – Twin Cities); D.M.A. (College-Conservatory of Music, University of Cincinnati). Since 2020.

TILL MACIVOR MEYN, *Professor of Music Theory and Composition*. B.A. (University of California, San Diego), 1993; M.M. (Indiana University), 1996; D.M.A. (University of Southern California), 2000. Since 2007.

MYLES PINDER, *Instructor I of Voice*. B.A. (University of Butler), 2013; M.M. (Southern Methodist University), 2016. Since 2024.

MARC REED, *Professor of Music and Director of the School of Music*. B.M.E. (Drake University), 2002; B.M. (Drake University), 2002; M.M. (University of North Texas), 2004; D.M.A. (University of North Texas), 2007. Since 2024.

MARLA RINGEL, *Assistant Professor of Music Education and Assistant Director of Choral Activities*. B.M.E. (Texas Christian University), 2008; M.M.E. (Texas Christian University), 2010; D.M.A. (Texas Christian University), 2019. Since 2023.

TWYLA ROBINSON, *Associate Professor of Professional Practice in Voice*. B.M. (Centenary College of Louisiana); M.M. (Indiana University)

JAMES D. RODRIGUEZ, *Associate Professor of Voice & Voice Pedagogy*. B.M. (Southern Methodist University); M.M. (University of Houston); D.M.A. (University of Houston)

LAURA SINGLETARY, *Division Chair of Music Education, Associate Professor and Program Coordinator for Instrumental Music Education*. B.M. and B.M.E. (Florida State University); M.S. (University of Illinois); Ph.D. (Florida State University).

THOMAS SINGLETARY, *Assistant Professor of Professional Practice of Music Education*. B.M.E. (Florida State University); M.S. (University of Illinois); Ph.D. (Florida State University). Since 2025.

AMY STEWART, *Instructor II*. B.M. (Texas Christian University); M.M. (Texas Christian University); D.W.S. (Robert Webber Institute of Worship Studies).

HEATHER TEST, *Instructor II of French Horn*. B.M. (University of North Texas); M.M. (Southern Methodist University)

SHAUNA THOMPSON, *Coordinator of Graduate Programs, Professor of Flute*. B.M. (Texas Tech University), 2008; M.M. (University of Cincinnati College-Conservatory of Music), 2010; D.M.A. (University of Cincinnati College-Conservatory of Music), 2012. Since 2013.

COREY TRAHAN, *Instructor II in Voice, Associate Director of the School of Music, and Director of Opera.* B.M. (Louisiana State University), 1997; M.M. (University of Houston), 2000; D.M.A. (University of North Texas), 2012. Since 2019.

TAMÁS UNGÁR, *Professor of Music.* A.Mus.A., L.Mus.A. (Sydney Conservatorium, Australia), 1965; D.M. (Indiana University), 1983. Since 1978.

TIMOTHY D. WATKINS, *Associate Professor of Music (Musicology and Ethnomusicology).* B.M. (Samford University), 1987; M.M. (Southern Baptist Theological Seminary), 1990; M.M. (Florida State University), 1993; Ph.D. (Florida State University), 2001. Since 2009.

BRIAN WEST, *Professor of Music and Coordinator of Percussion*. B.M.E. (University of North Texas), 1992; M.A. (Indiana University of Pennsylvania), 1994; D.M.A. (University of Oklahoma), 2003. Since 2001.

BRIAN YOUNGBLOOD, *Professor of Professional Practice and Associate Director of Bands*. B.M.E. (Abilene Christian University), 1987; M.M. (East Texas State University), 1992. Since 1999.

Theatre

MICHELE ALFORD, *Costume Studio Manager*. B.F.A. (University of North Texas), 1995. Since 2002.

BEKI BAKER, *Professor and Department Chair.* B.F.A. (Baylor University), 2004; M.F.A. (Baylor University), 2009. Since 2026.

SUE ANNE CAMERON, *Theatre Coordinator of Admissions.* B.F.A. (Sam Houston State University), 2006; M.L.A. (Texas Christian University), 2021. Since 2015.

AIMEE HURST BOZARTH, *Assistant Professor of Professional Practice.* B.A. (McMurry University), 1985; M.M. (University of Texas at Austin), 1991. Since 2018.

BRIAN CLINNIN, *Professor.* B.F.A. (University of Kansas), 1992; M.F.A. (Ibid.), 2004. Since 2008.

JEFF COCHRAN, *Associate Professor.* B.F.A. (University of Texas at Arlington), 1993; M.F.A (University of Missouri-Kansas City), 1995. Since 2025.

TRISTAN DECKER, *Professor of Professional Practice*. B.A. (University of Dallas), 1996; M. A. (Texas Woman's University), 2009. Since 2012.

JENNIFER ENGLER, *Professor*. B.F.A. (Emporia State University), 1995; M.F.A. (Michigan State University), 1998. Since 2003.

MURELL HORTON, *Associate Professor.* B.A. (Ottawa University), 1989; M.F.A. (Rutgers University), 1993. Since 2015.

JESSICA HUMPHREY, *Assistant Professor and Coordinator of Theatre Curriculum.* B.F.A. (Western Carolina University), 2012. M.F.A. (San Diego State University), 2015; Ed.D. (Texas Christian University), 2026. Since 2018.

IAN LOVEALL, *Associate Professor.* A.A. (College of the Canyons), 2009; B.A. (California State University of Fresno), 2012; M.F.A. (University of Texas at Austin), 2015.

PENNY MAAS, *Professor*. B.F.A. (Illinois Wesleyan University), 1987; M.F.A. (Virginia Commonwealth University), 2012. Since 2012.

LYDIA MACKAY, *Associate Professor, Assistant Chair, and Theatre Coordinator of Production.* B.F.A. (Texas Wesleyan University), 1999; M.F.A. (Southern Methodist University), 2008. Since 2018.

HARRY PARKER, *Professor*. B.F.A. (Texas Christian University), 1980; M.A. (University of Kansas), 1982; Ph.D. (Ibid.), 1992. Since 2003.

AYVAUNN PENN, *Assistant Professor.* B.A. (Austin College), 2012; M.A. (Louisiana Tech University), 2015; M.F.A. (Columbia University), 2018. Since 2019.

KRISTA SCOTT, *Professor*. B.F.A. (Emporia State University), 1983; M.F.A. (University of Minnesota), 1990. Since 2009.

ALAN SHORTER, *Professor*. B.A. (Indiana University), 1978; M.F.A. (Minnesota State University at Mankato), 2001. Since 2006.

CODY STEVENS, *Scenic Studio Supervisor*. B.A. (California State University Bakersfield), 2014. Since 2026.

THOMAS J. WALSH, *Professor*. B.A. (San Diego State University), 1979; M.F.A. (University of Texas at Austin), 1982; Ph.D. (Ibid.), 1996. Since 1999.

PHILIP ZIELKE, *Assistant Professor of Professional Practice*. B.F.A. (Texas Christian University), 2006. Since 2006.

Harris College of Nursing & Health Sciences Directory

Harris College of Nursing & Health Sciences Directory

LAUREL T LYNCH, *Assistant Professor of Professional Practice*. B.S. (Baylor University), 1983; M.S. (Texas Christian University), 1984. Since 2012.

IRMGARD PAYNE, *Assistant Professor of Professional Practice and EBSLP Coordinator*. B.A. (University of Texas, Arlington), 1986; M.S. (Texas Christian University), 1994. Since 2003.

ALISON PRAHL, *Associate Professor*. B.S. (Texas Christian University), 2012; M.S. (Ibid), 2014; Ph.D. (Vanderbuilt University), 2020. Since 2025.

JEAN F. RIVERA PEREZ, *Associate Professor*. B.A. (Universidad de Puerto Rico en Humacao), 2004; M.S. (Universidad del Turabo, Gurabo, Puerto Rico), 2009; Ph.D. (University of Cincinnati), 2016. Since 2017.

AHMED RIVERA-CAMPOS, *Assistant Professor*. B.A. (Universidad de Puerto Rico Recinto de Humacao), 2005; M.S. (Universidad del Turabo, Gurabo, Puerto Rico), 2009; Ph.D. (University of Cincinnati), 2016. Since 2017.

JENNIFER BARBER WATSON, *Professor*. B.S. (Northern Arizona University), 1976; M.A. (Northwestern University), 1979; Ph.D. (Ibid.), 1981. Since 1982.

ROSALYNA (LYNITA) AYALA YARBROUGH, *Assistant Professor of Professional Practice and Graduate Program Director*. B.S. (Texas Christian University), 1994; M.S. (Ibid.), 1996. Since 2012.

Health Sciences

WHITNEY BODINE, *Assistant Professor of Professional Practice*. B.S. (Texas Christian University), 2011; M.S. (Texas Christian University), 2013. Since 2024.

TYRONE F. BORDERS, Professor. B.A. (University of Kansas), 1993; M.A. Hospital and Health Administration (University of Iowa), 1995; M.S. Epidemiology (Ibid); Ph.D (Ibid), 1999. Since 2025.

BRAD CANNELL, Professor. B.A. (University of North Texas) 2005 ; MPH (University of Louisville), 2009; Ph.D (University of Florida), 2013. Since 2025.

DON GALBADAGE, *Associate Professor*. B.S. (Texas Christian University), 2007; M.P.H. (The University of Texas), 2008; Ph.D. (Texas A&M University), 2017. Since 2024.

EMILY MCCLELLAND, *Assistant Professor*. B.S.ED (Bowling Green State University), 2014; M.Ed. (Bowling Green State University), 2016; Ph.D. (Southern Methodist University), 2023. Since 2024.

YAN ZHANG, *Professor of Professional Practice*. B.Med. (Beijing University of Traditional Chinese Medicine), 1996; M.Med. (China Academy of Chinese Medical Sciences), 1999; Ph.D. (Old Dominion University), 2005. Since 2019.

Kinesiology

PHIL ESPOSITO, *Professor of Professional Practice and Director, Undergraduate Program*. B.S. (Truman State University), 2005; M.S. (Missouri State University at Springfield), 2008; Ph.D. (University of Michigan, Ann Arbor), 2012. Since 2012.

MALAKA (GRACI) FINCO, *Assistant Professor*. B.S. (University of North Texas), 2014; M.S. (Baylor College of Medicine), 2016; Ph.D. (University of North Texas Health Science Center), 2022. Since 2025.

AUSTIN J. GRAYBEAL, *Assistant Professor*. B.S. (Texas Tech University), 2016; M.S. (Texas Tech University), 2018; Ph.D. (Texas Christian University), 2021. Since 2025.

ZACHARY M. GILLEN, *Associate Professor*. B.S. (Midwestern State University), 2013; M.S. (Ibid), 2015; Ph.D. (University of Nebraska-Lincoln), 2020. Since 2026.

MELISSA JENSEN, *Assistant Professor of Professional Practice*. B.S. (Utah State University), 1998; M.S. (California State University), 2006; Ph.D. (Oklahoma State University), 2022. Since 2022.

STEPHANIE JEVAS, *Professor of Professional Practice and Program Director, Athletic Training Program*. B.S. (Texas A&M University), 1993; M.A. (Western Michigan University), 1994; Ph.D. (University of Houston), 2004. Since 2012.

ADAM KING, *Professor and Associate Dean of Health Sciences*. B.A. (Concordia University, Chicago), 1998; M.S. (Pennsylvania State University), 2008; Ph.D. (Ibid), 2013. Since 2016.

RYAN R. PORTER, *Assistant Professor.* B.S. (Brigham Young University), 2008; M.S. (Utah State University), 2012; Ph.D. (University of South Carolina), 2018. Since 2020.

DEBORAH J. RHEA, *Professor*. B.S. (University of Texas, Arlington), 1980; M.Ed. (University of Houston) 1990; Ed.D. (Ibid), 1995. Since 1999.

VALERIE STEVENSON, *Assistant Professor of Professional Practice*. B.S. (University of Memphis), 2004; M.S. (University of Arkansas), 2006; D.A.T. (University of Idaho), 2016. Since 2024.

ROBYN B. TROCCHIO, *Associate Professor.* B.S. (University of Florida), 2007; M.S. (Barry University), 2009; Ph.D. (Florida State University), 2013. Since 2019.

PETER WEYAND, *Professor, Chair of the Department of Kinesiology*. B.A. (Bates College), 1983; M.S. (Bridgewater State College), 1988; Ph.D. (University of Georgia), 1992. Since 2023.

KRISTINA WHITE, *Assistant Professor of Professional Practice and Clinical Coordinator of Athletic Training*. B.S. (University of Miami), 2013; M.S. (Baylor University), 2015; Ph.D. (Ibid), 2019. Since 2022.

Nursing

SUZANNE ACKERS, *Assistant Professor.* B.S.N. (Abilene Christian University), 1996; M.S.N. (Texas Woman's University), 2012; Ph.D. (Duquesne University), 2023. Since 2023.

GINA K. ALEXANDER, *Professor*. B.S.N. (Oklahoma Baptist University), 1998; M.S. Public Health (University of North Carolina at Chapel Hill), 2003; M.S.N. (University of Virginia at Charlottesville), 2008; Ph.D. (Ibid.), 2009. Since 2010.

KATHY BAKER, *Professor*. B.S.N. (Baylor University), 1981; M.S.N. (Texas Woman's University), 1988; Ph.D. (University of Texas), 2003. Clinical Nurse Specialist (APRN, BC). Since 2007.

LATASHA BAKER, *Assistant Professor of Professional Practice and Coordinator, Psychiatric Mental Health Nurse Practitioner Program* . B.S.N (Texas Christian University), 2007; M.S.N. Psych-Mental Health Nurse Practitioner (University of Texas at Arlington), 2016; D.N.P. (Texas Christian University), 2021. Since 2021.

DOT BARTELL, *Assistant Professor of Professional Practice and Clinical Placement Coordinator*. B.S. (Frostburg State University), 1991; M.A.T. (University of South Carolina), 1994; B.S.N. (Texas Christian University), 2011; M.S.N. (Ibid), 2016. Since 2016.

JANICE BARTOLOMEI, *Assistant Professor of Professional Practice.* A.D. (Tarrant County College), 2012; B.S.N. (University of Texas-Arlington), 2014; M.S.N. (University of Texas-Arlington), 2018. Since 2025.

GRISELLE BASTISTA, *Assistant Professor*. B.S.N. (University of Puerto Rico), 1985; M.S.N. (University of Miami), 2002; Ph.D. (Duquesne University), 2022. Since 2023.

DYAMOND BELL, *Assistant Professor of Professional Practice*. B.S.N. (University of Louisiana-Monroe), 2009; M.S.N. (Walden University), 2013; D.N.P.-Educational Leadership (American Sentinel College of Nursing & Health Sciences-Post University), 2024. Since 2024.

MUNA BHATTARAI, *Associate Professor.* P.B.B.N.(Nepal Institute of Health Sciences), 2021; M.S.N.-Adult and Geriatric Nursing (Prince of Songkhla University), 2017; M.S. (Tribhuvan University), 2019; Ph.D. (University of Wisconsin-Madison), 2021. Since 2025.

LORI BORCHERS, *Assistant Professor*. B.S.N. (University of Kansas), 1991; M.S.N. (Georgia State University), 1997; Ph.D. (Texas Christian University), 2021. Since 2014.

VICKI BROOKS, *Associate Professor of Professional Practice; and Director, Graduate Nursing*. B.S.N. (Texas Christian University), 1994; M.S.N. (University of Texas at Arlington), 2002; D.N.P. (Texas Woman's University), 2016; Family Nurse Practitioner. Since 2018.

ALISON CARMONA, *Assistant Professor*, B.S.N. (University of San Francisco), 2004; M.S.N. (University of Texas at Arlington), 2007; Ph.D. (William Carey University), 2022. Since 2023.

COURTNEY CARTER, *Assistant Professor of Professional Practice*. B.S.N. (Texas A&M University College of Nursing), 2009; M.S.N. (Ibid), 2016; D.N.P. & M.P.H. (John Hopkins Bloomberg School of Public Health), Family Nurse Practitioner. Since 2025

SARAH CUNNINGHAM, *Assistant Professor of Professional Practice.* A.S.N. (Southwestern Adventist University), 2001; B.S.N. & M.S.N. (West Texas A&M University), 2020. Since 2025.

GLENDA DANIELS, *Professor*. B.S.N. (University of Texas), 1975; M.S.N. (Texas Woman's University), 1994; Ph.D. (University of Texas at Arlington), 2009. Since 2009.

CAITLIN KIESTER DODD, *Associate Professor of Professional Practice and Assessment and Evaluation Coordinator*. B.S.N. (Texas Christian University), 2005; M.S.N. (Ibid.), 2010; D.N.P. (Abilene Christian University), 2020. Since 2010.

ENY DOREA, *Associate Professor*, B.S.N. (Federal University of the State of Rio de Janeiro), 2002; M.Sc.N. (University of Sao Paulo), 2007; Ph.D. (Ibid.), 2012. Since 2023.

SUSAN FIFE, *Associate Professor of Professional Practice*. B.S.N. (Texas Christian University), 1991; M.S.N. (State University of New York, Stony Brook), 1997; D.N.P. (Frontier Nursing University), 2018; Certificate of Nurse-Midwifery (Parkland School of Nurse-Midwifery), 1995. Since 2014.

SHELLEY FORD, *Assistant Professor of Professional Practice*. B.S.N. (University of Mary-Hardin-Baylor), 2001; M.S.N. (Walden University), 2011; D.N.P. (American Sentinel University), 2020. Since 2021.

PAMELA JEAN FRABLE, *Associate Professor.* A.B. (University of Chicago), 1976; N.D. (Case Western Reserve University), 1982. Since 2000.

ASHLEY FRANKLIN, *Professor*; *and Polly & Tex Rankin Endowed Professor of Nursing*. B.S.N. (Texas Christian University), 2003; M.S.N. (Ibid), 2010; Ph.D. (Oregon Health and Science University), 2014. Since 2014.

NICOLE FREDERICK, *Assistant Professor of Professional Practice and Coordinator, Clinical Nurse Specialist Programs*. B.S.N. (West Texas A&M University), 2008; D.N.P.- Clinical Nurse Specialist Adult (Texas Christian University), 2019. Since 2024.

CHARITY GATES, *Assistant Professor of Professional Practice*. B.S.N. (Texas Christian University), 2011; M.S.N. – Pediatric Nurse Practitioner (Texas Tech University Health Science Center), 2020. Since 2024.

ABBIE GARCIA, *Assistant Professor of Professional Practice*. B.S.N. (The University of Texas at Arlington), 2010; M.S.N. (Waldon University), 2018. Since 2022.

JEN GASSETT, *Assistant Professor of Professional Practice*. B.S. Biology (Tarleton State University), 2000; B.S.N. (Texas Christian University), 2012; M.S.N. (Texas Woman's University), 2021. Since 2022.

VIRGINIA GONZALES, *Assistant Professor of Professional Practice*. A.S.N. (Tarrant County College), 2007; A.A. (Tarrant County College), 2025; M.S.N.-Education (University of Texas-Arlington), 2018; D.N.P.-Education (Arkansas State University), 2024. Since 2025

SHEILA GRIFFIN, *Assistant Professor of Professional Practice*. B.S.N. (Texas Christian University), 1985; M.S.N. (University of Texas at Arlington), 1990. Since 2012.

KIRSTIN GUINN, *Assistant Professor of Professional Practice.* B.S.N. (Tarleton State University), 2009; M.S.N. (Texas Woman's University, Dallas), 2015. Since 2017.

MAGGIE HIGGINS, *Assistant Professor of Professional Practice*. B.S.N. (University of Texas at Arlington), 2009; M.S.N. (Capella University), 2018. Since 2022.

CAROL HOWE, *Professor; Director, Nursing Research & Scholarship; and Paula R. and Ronald C. Parker Endowed Professor of Nursing*. B.A. (University of Pennsylvania), 1983; B.S.N. (Ibid), 1985; M.S.N. (Ibid), 1988; Ph.D. (University of Texas at Arlington), 2014. Since 2014.

LYNNETTE HOWINGTON, *Associate Professor of Professional Practice, and Director, Undergraduate Nursing.* B.S.N. (Texas Christian University), 1994; M.S.N. (Old Dominion University), 2003. D.N.P. (Texas Christian University), 2011. Women's Health Nurse Practitioner. Since 2007.

OTEKA JACKSON-CENALES, *Associate Professor of Professional Practice.* B.S.N. (East Texas Baptist University), 2007; M.S.N. (Loyola University), 2012; D.N.P. (Walden University), 2018. Since 2018.

ANN JOHNSON, *Associate Professor*. B.S.N. (Houston Baptist University), 1984; M.S.N. (University of Alabama School of Nursing), 1991; Ph.D. (University of Alabama at Birmingham), 2016. Since 2017.

MICHELLE KIMZEY, *Associate Professor and Abell-Hanger Professor of Gerontological Nursing*. B.S. (Baylor University), 1991; M.S. (Texas Woman's University), 2010; Ph.D. (University of Texas), 2014. Since 2017.

ANNIE KYLE, *Assistant Professor of Professional Practice*. A.D.N. (San Antonio College), 1998; B.S.N. (University of Texas, Arlington), 2012; M.S.N. Leadership in Healthcare Systems (Jacksonville University), 2015; D.N.P. (Arkansas State University), 2025. Since 2026.

MAURA LINDENFELD, *Assistant Professor.* B.A. (Simmons College), 1986; M.S. (Ibid.), 1990; Diploma (College of Mount Saint Vincent), 1995; M.S.N. (Indiana University Purdue University), 2001; Ph.D. (Capella University), 2022. Since 2023.

SUZY LOCKWOOD, *Professor, Associate Dean for Nursing & Nurse Anesthesia, and Director of Center for Oncology Education and Research.* B.S.N. (Texas Christian University), 1983; M.S.N. (University of Texas at Arlington), 1994; Ph.D. (Ibid.), 2001. Since 1997.

LAURIE LOPEZ, *Assistant Professor of Professional Practice.* A.A. (Tarrant County College), 2000; A.S.N. (Ibid), 2002; B.S.N. (University of Texas at Arlington), 2004; M.S.N. (Ibid), 2016. Since 2023.

BEKKI MCKINTOSH, *Assistant Professor of Professional Practice; and Coordinator, Adult Gerontology- Acute Care Nurse Practitioner Program*. A.A.S.N. (Tarrant County College), 1991; B.S.N. (Texas Woman's University), 1998; M.S.N. (The University of Texas at Arlington), 2002; D.N.P. (Texas Christian University), 2017. Since 2022.

KIMBERLY POSEY, *Associate Professor, Coordinator, Nursing Education Program, and Executive Nurse Leader Doctor of Nursing Practice Program*. B.S.N. (Texas Woman's University), 1997; M.S.N. (University of Texas at Arlington), 2000; D.N.P. (Texas Christian University), 2013; Ph.D. (William Carey University), 2022. Since 2016.

NORELIS RIVERA, *Assistant Professor of Professional Practice.* A.D.N. (Western Oklahoma State College), 2008; B.S.N. (University of Texas at Arlington), 2019; M.S.N. (Ibid), 2021. Since 2023.

JANIE RANEL ROBINSON, *Professor.* B.S.N. (Southern University and A&M College at Baton Rouge), 1996; M.S.N. (Ibid.), 2002; Ph.D. (Ibid.), 2009. Since 2009.

BETH ROGERS, *Assistant Professor*. B.S.N. (Texas Christian University), 2001; M.S.N. (Ibid), 2015; Ph.D. (Ibid), 2021. Since 2022.

SARAH LIBBY ROSONET, *Associate Professor of Professional Practice.* B.A.H. (Berry College), 2005; M.S.N. (Augusta University), 2012; D.N.P. (Quinnipiac University), 2020. Since 2022.

ELIZABETH RYAN, *Assistant Professor of Professional Practice*. A.S.N. (Carrington College, Phoenix, AZ), 2011; B.S.N. (Grand Canyon University), 2013; M.S.N. (Grand Canyon University), 2017. Since 2022.

LISETTE SALEH, *Associate Professor.* B.S. Psychology (Texas Christian University), 2002; A.D.N. (Tarrant County College), 2005; B.S.N. (Texas Christian University), 2008; M.S.N. (Texas Woman's University), 2012; Ph.D. (University of Texas at Tyler), 2017; Certified Inpatient Obstetric Nurse. Since 2012.

THOMAS SARGENT, *Assistant Professor of Professional Practice.* B.S.-Biological Sciences (University of Alabama-Huntsville), 2011; B.S.N. (University of Alabama-Birmingham), 2013; M.S.N. -Psychiatric Mental Health Nurse Practitioner (University of Alabama-Birmingham), 2016; D.N.P. (University of Texas at Austin), 2024. Since 2025.

JENNA STEMBRIDGE, *Assistant Professor of Professional Practice.* A.D.N. (North Central Texas College), 2015; B.S.N. (Texas Tech University), 2016; M.S.N.-Nursing Administration (University of Texas-Arlington), 2020. Since 2025.

TAMESHA SNEED, *Assistant Professor of Professional Practice*. A.D.N (Panola College), 2008; B.S.N. (University of Texas at Arlington), 2017; M.S.N. Education (Ibid.), 2018; D.N.P.-Educational Leadership (American Sentinel College of Nursing at Post University), 2024. Since 2026.

MEGHAN TRAHANT, *Assistant Professor of Professional Practice*. B.S.N. (Texas Christian University), 1998; M.S.N. Adult Clinical Nurse Specialist (Ibid.), 2005. Since 2021.

BELINDA TYNER, *Assistant Professor of Professional Practice*. B.S.N. (Northwestern State University of Louisiana), 2007; M.S.N.- Adult-Gerontology Primary Care NP (University of Alabama at Birmingham), 2010; P.M. -PMHNP (Texas Tech Health Sciences Center), 2022. Since 2026

DANIEL WAKEFIELD, *Assistant Professor of Professional Practice*. B.S.N. (Texas Christian University), 2014; M.S.N. (Texas Tech Health Sciences Center), 2022. Since 2026.

DANIELLE WALKER, *Associate Professor*. B.S.N. (Texas Christian University), 2003; M.S.N. (Texas Woman's University), 2009. Ph.D. (University of Texas Medical Branch-Galveston), 2015. Since 2009.

JODIE WEATHERLY, *Associate Professor of Professional Practice*. B.S.N. (West Texas A&M University), 1993; M.S.N. (Ibid.), 2005; D.N.P. (American Sentinel University), 2021. Since 2007.

SUSAN MACE WEEKS, *Professor, Vice Provost for Academic Affairs, TCU, and Executive Director, Health Innovation Institute at TCU*. B.S.N. (William Jewell College), 1983; M.S. (Texas Woman's University), 1986; D.N.P. (Texas Christian University), 2009; Clinical Nurse Specialist in Psych-Mental Health Nursing. Since 1994.

LEIGH ANNE WHEELER, *Assistant Professor of Professional Practice*. L.V.N. (Baptist School of Nursing), 2007; A.D.N. (Carrington College), 2009; B.S.N. (University of Texas at Arlington), 2015; M.S.N. (Ibid), 2017; D.N.P. (Grand Canyon University), 2021. Since 2022.

TAMMIE WILLIAMS, *Associate Professor of Professional Practice; and Coordinator, Family Nurse Practitioner Program*. B.S.N. (University of Detroit Mercy), 1997; M.S. Health Care Education (Ibid.), 2000; M.S.N. Family Nurse Practitioner (University of Michigan), 2011; D.N.P. (Texas Christian University), 2021. Since 2021.

RAVEN WRIGHT-SMITH, *Assistant Professor*. B.S.N. (University of Wisconsin-Milwaukee), 2017; Ph.D. (University of North Carolina at Chapel Hill), 2024. Since 2026.

LESLIE ZIMPELMAN, *Assistant Professor of Professional Practice*. B.S. (Wake Forest University), 2003; B.S.N. (Texas Christian University), 2005; M.S.N. (Walden University), 2013; Ph.D. (University of Missouri-Columbia), 2023. Since 2014.

Social Work

SH'NIQUA ALFORD, *Associate Professor of Professional Practice and Director of Practicum Education*. B.S.S.W. (Texas Christian University), 2005; M.S.W. (University of Texas at Arlington), 2014. Since 2018.

DAVID BECERRA, *Professor and Department Chair*. B.A. (Arizona State University), 1996; M.S.W. (Ibid), 2004; Ph.D. (Ibid), 2008. Since 2025.

AESHA JOHN, *Professor*. B.A. (Gujarat University), 1992; M.S.W. (Maharaja Sayajirao University), 1995; Ph.D. (Oklahoma State University), 2011. Since 2015.

KATIE LAUVE-MOON, *Associate Professor*. B.S. (Louisiana Tech University), 2007; M.S.W. (Baylor School of Social Work), 2010; M.Div. (George W. Truett Theological Seminary), 2011; Ph.D. (Tulane University), 2017. Since 2017.

ASHLEY PALMER, *Associate Professor*. B.S. (Washburn University), 2007; M.S.W. (Ibid), 2008; Ph.D. (University of Kansas), 2019. Since 2022.

TENISHA POLK-POTTS, *Assistant Professor of Professional Practice and BSW Program Director*. B.A. (University of North Texas), 2010; M.S.S.W (University of Texas at Arlington), 2012. Since 2022.

TEE TYLER, *Associate Professor and MSW Program Director*. B.S.W. (Brigham Young University), 2006; M.S.W. (University of Utah, 2008; Ph.D. (The University of Texas at Austin), 2016. Since 2016.

Biology

MOLLI CRENSHAW, *Senior Instructor.* B.S. (Texas A&M University), 2005; M.S. (Texas Christian University), 2009. Since 2012.

MARK DEMAREST, *Senior Instructor.* B.S. (California State), 1997; M.S. (California Polytechnic), 2000; Ph.D. (University of California), 2009. SINCE 2015.

SOPHIA GARCIA, *Senior Instructor.* B.A. (Texas A&M University), 2003; M.A.I.S. (University of Texas at Arlington), 2005; Ph.D. (Texas Woman's University), 2015. Since 2019.

MARLO JEFFRIES, *Professor and Chair of the Department.* B.S. University of Nebraska at Omaha, M.S. (Ibid.), 2005; Ph.D. University of Nebraska Medical Center, 2010. Since 2013.

ASHLEY LAKODUK, *Instructor I and Associate Director Pre-Health Professions Institute.* B.S. (University of California-San Diego, 2008: M.S, (Ibid), 2012; Ph.D. (University of Texas Southwestern Medical center), 2019. Since 2022.

LAURA LUQUE, *Senior Instructor.* B.S. (Florida International University), 1996; M.S. (University of Texas, Dallas), 2001; Ph.D. (University of Texas, Dallas), 2005. Since 2015.

SHAUNA M. McGILLIVRAY, *Professor and Associate Director Pre-Health Professions Institute.* B.A. (Concordia College), 1999; Ph.D. (University of California-San Diego), 2006. Since 2009.

MIKE MISAMORE, *Associate Professor.* B.S. (University of Wisconsin), 1989; M.S. (College of Charleston, S.C.), 1993; Ph.D. (Louisiana State University), 1998. Since 2003.

STEPHANIE WALLACE, *Senior Instructor*. B.S. (University of Texas at Arlington), 2006; M.S. (Texas Christian University), 2009; Since 2013.

DEAN WILLIAMS, Professor. B.A. (Coe College), 1988; M.S. (University of Alabama at Huntsville), 1991; Ph.D. (Purdue University), 2000. Since 2007.

FLOYD L. WORMLEY JR, *Professor, Provost and Vice Chancellor for Academic Affairs*. B.S. (Tulane University), 1995; M.S. (Louisiana State University Health Sciences Center, New Orleans), 1998; Ph.D. (Ibid.), 2001. Since 2019.

Chemistry & Biochemistry

ONOFRIO ANNUNZIATA, *Professor*. M.S. (University of Naples), 1997; Ph.D. (Texas Christian University), 2001. Since 2004.

JEFFERY L. COFFER, *Professor*. B.S. (Wofford College), 1982; M.S. (University of Wisconsin-Milwaukee), 1985; Ph.D. (Ibid.), 1987. Since 1990.

HEIDI A. CONRAD, *Instructor I*. B.S. (University of Wisconsin at River Falls), 2004; Ph.D. (University of North Texas), 2013. Since 2022.

SERGEI V. DZYUBA, *Professor*. Diploma in Chemistry (Odessa State University), 1998; Ph.D. (Texas Tech University), 2002. Since 2006.

JULIE A. FRY, *Senior Instructor*. B.A. (Rice University), 1989; Ph.D. (Texas Christian University), 2011. Since 2009.

KAYLA N. GREEN, *Professor*. B.S. (Tarleton State University), 2003; Ph.D. (Texas A&M University), 2007. Since 2010.

BENJAMIN JANESKO, *Professor and Chair of the Department*. B.S. (Allegheny College), 1999; Ph.D. (Carnegie Mellon University), 2005. Since 2009.

DAVID E. MINTER, *Professor*. B.S. (Stephen F. Austin State University), 1968; M.S. (Ibid.), 1970; Ph.D. (University of Texas at Austin), 1974. Since 1980.

JEAN-LUC G. MONTCHAMP, *Professor*. Diploma of Engineering in Chemistry (School of Industrial Chemistry, France), 1989; Ph.D. (Purdue University), 1992. Since 1998.

YOUGHA RYU, *Associate Professor*. B.S. (Pohang University of Science and Technology, Korea), 1991; M.S. (Ibid), 1993; Ph.D. (Texas A&M University), 2004. Since 2007.

BEN SHERMAN, *Associate Professor*. B.S. (University of Michigan), 2008; Ph.D. (Arizona State University), 2013. Since 2017.

ERIC E. SIMANEK, *Robert A. Welch Professor of Chemistry*. B.S. (University of Illinois), 1991; Ph.D. (Harvard University), 1996. Since 2010.

Computer Science

ROBIN CHATAUT, *Assistant Professor*. B.E. (Tribhuvan University), 2014; Ph.D. (University of North Texas), 2020. Since 2024.

BO MEI, *Associate Professor*. B.E. (Beijing Institute of Technology), 2010; M.S. (Purdue University), 2011; M.S. (George Washington University), 2013; D.S. (George Washington University), 2018. Since 2018.

J. RICHARD RINEWALT, *Associate Professor and Associate Dean*. B.S.E.E. (University of Texas at Arlington), 1969; M.S.E.E. (Ibid.), 1971; Ph.D. (University of Illinois), 1976. Since 1986.

MICHAEL C. SCHERGER, *Associate Professor*. B.S. (University of Akron), 1991; B.S. (Ibid.), 1992; M.S. (Kent State University), 1995; Ph.D. (Ibid.), 2005. Since 2012.

BINGYANG WEI, *Associate Professor and Chair of the Department*. B.E. (Ocean University of China), 2010; Ph.D. (University of Alabama) 2015. Since 2018.

Engineering

BECKY B. BITTLE, *Associate Professor of Professional Practice*. B.S. (Oklahoma State University), 1980; M.S. (Purdue University), 1983; Ph.D. (Iowa State University) 1994. Since 1998.

ROBERT R. BITTLE, *Associate Professor*. B.S. (Oklahoma State University), 1980; M.S. (Purdue University), 1983; Ph.D. (Iowa State University), 1994. Professional Engineer-Texas. Since 1994.

CUILING (SUE) GONG, *Professor and Chair of the Department*. B.S. (Tsinghua University), 1990; M.S., (University of Minnesota), 1993; M. S. (Massachusetts Institute of Technology), 1996; Ph.D. (Ibid.), 1999. Since 2011.

HUBERT (SETH) HALL, *Associate Professor of Professional Practice*. B.S. (Morehead State University), 2000; M.S. (North Carolina University), 2002; Ph.D. (The Catholic University of America), 2017. Since 2022.

JAMES HUFFMAN, *Associate Professor of Professional Practice*. B.S. (Texas A&M University), 1994; M.S. (University of Texas at Dallas), 1997; Ph.D. (Ibid.), 2001. Since 2019.

RANDALL KELTON, *Associate Professor of Professional Practice*. B.S. (University of North Texas), 2003; M.S. (University of Texas at Arlington), 2017; Ph.D. (Ibid.), 2019. Since 2023.

MORGAN KIANI, *Professor*. B.S. (University of Texas at Arlington), 2005; M.S., (Ibid.), 2006; Ph.D., (Ibid.), 2009. Since 2011.

EFSTATHIOS E. MICHAELIDES, *Moncrief Professor of Engineering*. B.A. (Oxford University, 1977); M.S. (Brown University, 1979); Ph.D. (Ibid.) 1980; M.A. (Oxford University), 1983. Professional Engineer - Texas and Louisiana. Since 2011.

CHERISH QUALLS, *Associate Professor of Professional Practice*. B.S. (Auburn University), 1998; M.S. (Ibid.), 2000; Ph.D. (Ibid.), 2004. Since 2019.

WILLIAM B. ROSE, *Lecturer*, B.B.A. (Texas Tech University), 1976; M.B.A. (University of Dallas), 1983; Ph.D. (University of North Texas), 1988. Since 2006.

TRISTAN J. TAYAG, *Professor*. B.S.E.E. (Johns Hopkins University), 1986; M.S.E.E. (Ibid.); 1987; Ph.D. (University of Virginia), 1991. Since 1997.

R. STEPHEN WEIS, *Professor*. B.S.E.E. (U. S. Naval Academy), 1979; M.S. (Georgia Institute of Technology), 1984; Ph.D. (Ibid.), 1987. Since 1992. Professional Engineer-Texas.

Environmental Science

VICTORIA J. BENNETT, *Associate Professor and Chair of the Department*. B.S. (University of Leeds), 1997; M.S. (Ibid.), 1998; Ph.D. (ibid), 2004. Since 2013.

MICHELE L. BIRMINGHAM, *Assistant Professor of Professional Practice and Director of Graduate Studies*. B.Sc. Hons (Texas Christian University), 2003; M.Sc. (Ibid), 2005. Since 2023.

GEHENDRA KHAREL, *Associate Professor*. B.S. (University of Nebraska), 2007; M.S. (University of Texas at Arlington), 2010; Ph.D. (University of North Dakota), 2015. Since 2019.

BRENDAN LAVY, *Associate Professor*. B.A. (University of North Texas), 1998; M.S. (Texas State University), 2013; Ph.D. (Texas State University), 2017. Since 2020.

RHIANNON G. MAYNE, *Associate Professor and Curator of the Oscar and Juanita Monnig Meteoritic Collection and Chair of Meteoritics and Planetary Science*. B.S. (Edinburgh University), 2002; Ph.D. (University of Tennessee), 2008. Since 2009.

MICHAEL C. SLATTERY, *Professor and Director of the TCU Institute for Environmental Studies.* B.A. (University of the Witwatersrand), 1988; M.S. (University of Toronto), 1990; Ph.D. (Oxford University), 1994. Since 1998.

ALLISON D. STAMATIS, *Instructor II*. B.A. (Austin College), 2000; M.S. (University of Texas at El Paso), 2003; Ph.D. (University of North Texas), 2007. Since 2024.

Geology

HELGE ALSLEBEN, *Associate Professor.* B.S. (University of Hamburg), 1996; M.S. (San Jose State University), 2000; Ph.D. (University of Southern California), 2005. Since 2005.

ARTHUR B. BUSBEY, *Associate Professor and Chair of the Department*. B.S. (University of Texas at Austin), 1974; M.A. (Ibid.), 1977; Ph.D. (University of Chicago), 1982. Since 1985.

R. NOWELL DONOVAN, *Emeritus Provost, Charles B. Moncrief Professor.* B.Sc. (Newcastle University), 1966; Ph.D. (Ibid.), 1972. Since 1986.

ESAYAS GEBREMICHAEL, *Associate Professor*. B.S. (Addis Ababa University) 2000; M.S. (Ibid.), 2005; Ph.D. (Western Michigan University), 2018. Since 2019.

RICHARD E. HANSON, *Herndon Professor.* B.S. (Oklahoma State University), 1975; M.S. (Ibid.), 1977; Ph.D. (Columbia University), 1983. Since 1988.

OMAR T. HARVEY, *Associate Professor*. B.S. (University of the West Indies), 2001; M.S. (University of Florida), 2004; Ph.D. (Texas A&M University), 2010, Since 2015.

JOHN HOLBROOK, *Professor.* B.S. (University of Kentucky), 1985, M.S. (University of New Mexico), 1992, Ph.D. (Indiana University), 1988. Since 2011.

XIANGYANG (CHEYENNE) XIE, *Associate Professor.* B.S. (Lanzhou University, China), 1998; M.S. (Northwest University, China), 2001; Ph.D. (University of Wyoming), 2007. Since 2013.

Mathematics

JOSÉ R. CARRIÓN, *Associate Professor*. B.S. (University of Puerto Rico), 2004; Ph.D. (Purdue University), 2013. Since 2015.

ZE-LI DOU, *Associate Professor.* B.A. (City University of New York, Queens College), 1987; Ph.D. (Princeton University), 1993. Since 1994.

JENNIFER DROEMER, *Instructor I*. BS (State University of New York College at Buffalo), 2003; MA (University of Texas-Arlington), 2014. Since 2025.

GREG FRIEDMAN, *Professor and Chair of the Department.* B.S. (Brown University), 1996; M.S. (New York University), 1998; Ph.D. (Ibid.), 2001. Since 2005.

KATHYRN HEDRICK, *Instructor I*. BA (University of Tulsa), 2007; MA (Rice University), 2009; Ph.D. (Rice University), 2012. Since 2025.

EMILY HERZIG, *Instructor II*. B.A. (University of Texas at Dallas), 2008; M.S. (University of Texas at Dallas), 2010. Since 2016.

KRISTI JARMAN, *Associate Professor of Professional Practice.* B.S. (West Texas A&M University), 1998; Ph.D. (Texas Tech University), 2002. Since 2024.

DENNIS LEDIS, *Instructor II*. B.S. (Florida International University), 2003; M.S. (University of Florida), 2007; Ph.D. (Ibid.), 2011. Since 2014.

EUN HYE LEE, *Assistant Professor.* B.S. (Ewha Womans University, Seoul), 2011; M.S, (Ewha Womans University Seoul), 2013; Ph.D. (University of Illinois at Chicago), 2019. Since 2023.

SCOTT NOLLET, *Professor.* B.S. (University of Minnesota), 1985; Ph.D. (University of California, Berkeley), 1994. Since 2000.

CORNELIS J. POTGIETER, *Associate Professor*. B.Sc. (Rand Afrikans University), 2004; B.Sc. (University of Johannesburg), 2005; B.Sc. (Ibid.), 2007; Ph.D. (Ibid.), 2009. Since 2019.

IGOR P. PROKHORENKOV, *Associate Professor.* B.S. (Moscow State University), 1991; Ph.D. (Rice University), 1997. Since 1998.

KEN RICHARDSON, *Professor.* B.A. (Rice University), 1986; M.A. (Ibid.), 1989; Ph.D. (Ibid.), 1993. Since 1994.

TRAVIS RUSSELL, *Assistant Professor.* B.S. (Stephen F. Austin State University), 2009; M.S. (University of Texas at Tyler), 2011; Ph.D. (University of Nebraska, Lincoln), 2017. Since 2023.

LOREN SPICE, *Professor.* B.S. (Towson University), 1998; M.S. (University of Chicago), 2000; Ph.D. (Ibid.), 2004. Since 2009.

SUSAN G. STAPLES, *Associate Professor.* B.S. (Case Western Reserve University), 1983; Ph.D. (University of Michigan), 1988. Since 1995.

DEREK TOMLIN, *Instructor I*. B.A. (Texas A&M University), 2011; Ph.D. (University of Texas Arlington), 2018. Since 2020.

DREW TOMLIN, *Instructor II*. B.A. (Hendrix College), 2010; M.S. (University of North Texas), 2012; Ph.D. (Ibid.), 2016. Since 2017.

QIAO ZHANG, *Associate Professor*. B.S. (Shandong University), 1996; M.S. (Ibid.), 1998; Ph.D. (Columbia University), 2003. Since 2008.

Nutritional Sciences

SAMANTHA DAVIS, *Associate Professor of Professional Practice.* B.S. (University of Wisconsin), 1988; M.S. (Texas Woman's University), 1992. Since 2013.

REBECCA DORITY, *Professor of Professional Practice.* B.S. (University of Maine), 1999; M.S. (Tufts University) 2001. Since 2007.

GINA J. HILL, *Associate Professor and Chair of the Department.* B.S. (Texas Tech University), 1998; M.S. (Ibid.), 1999; Ph.D. (Ibid.), 2003. Since 2003.

MCKALE MONTGOMERY, *Assistant Professor*. B.S. (Texas Christian University), 2007; M.S. (Oklahoma State University),2009; Ph.D. (Ibid.), 2013. Since 2025.

ELISA MORALES MARROQUÍN *Assistant Professor*. B.S. (Universidad Autónoma de Nuevo León), 2013; M.S. (Baylor University), 2015; Ph. D. (Ibid.), 2018. Since 2022.

ASHLEY MULLINS, *Assistant Professor of Professional Practice.* B.S. (Texas Woman's University), 2005; M.S, (University of Alabama), 2016. Since 2023.

ANNE D. VANBEBER, *Professor.* B.S. (Texas Tech University), 1979; M.S. (Texas Woman's University), 1982; Ph.D. (Ibid.), 1991. Since 1992.

Physics and Astronomy

KAT A. BARGER, *Associate Professor*. B.S. (Western Washington University), 2006; M.S. (University of Wisconsin at Madison), 2008; M.A. (Ibid.), 2009; Ph.D. (Ibid.), 2012. Since 2014.

MICHELLE BERG, *Associate Professor.* B.S. (Florida Institute of Technology), 2014; M.S. (University of Notre Dame), 2018; Ph.D (Ibid), 2022. Since 2024.

RICHARD BONDE, *Instructor II.* B.S. (Wichita State University), 2012; M.S. (University of Texas at Arlington), 2015; Ph.D. (Ibid.), 2018. Since 2019.

HANA M. DOBROVOLNY, *Associate Professor and Chair of the Department.*. B.Sc. (University of Winnipeg), 1997; M.A. (Bryn Mawr College), 2000; Ph.D. (Duke University), 2008. Since 2012.

PETER M. FRINCHABOY III, *Professor*. B.S. (California State University), 2000; M.S. (University of Virginia), 2002; Ph.D. (Ibid.), 2006. Since 2009.

ZYGMUNT KAROL GRYCZYNSKI, *W. A. "Tex" Moncrief Jr. Professor*. M.S. (Gdansk University), 1982; Ph.D. (ibid.), 1987. Since 2010.

DOUGLAS INGRAM, *Senior Instructor*. B.A. (University of Texas at Austin), 1991; M.Sc. (University of Washington), 1991; Ph.D. (Ibid.), 1996. Since 1996.

MICHAEL B. KRUGER, *Professor*. B.S. (State University of New York), 1985; M.A. (University of California at Berkley), 1987; Ph.D. (ibid), 1992. Since 2021.

ANTON NAUMOV, *Associate Professor*. B.Sc. (University of Tennessee), 2005; Diploma in Chemical Physics (Kazan State University, Russia), 2006; M.S. (Rice University), 2008; Ph.D. (Ibid), 2011. Since 2015.

YURI M. STRZHEMECHNY, *Associate Professor.* M.S. (Kharkiv Polytechnic University), 1988; M.Ph. (City University of New York), 1977; Ph.D. (Ibid), 2000. Since 2005.

Pre-Health

MATHEW A. CRAWFORD, Instructor I, B.S. (Amridge University), 2003; M.A. (John Carroll University), 2009; Th.M. (Duke University), 2011; Ph.D. (Baylor University), 2019. Since 2019.

Psychology

TIMOTHY M. BARTH, *Professor and Associate Dean*. B.S. (St. Bonaventure University), 1979; M.S. (Wesleyan University), 1982; Ph.D. (University of Texas at Austin), 1986. Since 1990.

GARY W. BOEHM, *Professor.* B.A. (Utah State University), 1989; M.S. (University of Connecticut), 1992; Ph.D. (Ibid.), 1996. Since 1999.

ELLEN W. BROOM, *Professor of Professional Practice*. B.A. (University of Texas at Arlington) 1992; M.Ed. (University of North Texas), 1995; Ph.D. (Ibid.), 2000. Since 2011.

CASEY D. CALL, *Associate Professor of Professional Practice*. B.S. (University of North Texas), 1997; M.Ed. (Texas Christian University), 1999 and 2004; M.S. (Ibid.), 2011; Ph.D. (Ibid.) 2012. Since 2018.

NUR CAYIRDAG ACAR, *Instructor II*. B.A. (Bogaziki University), 2004; M.A. (University of Georgia), 2011; Ph.D. (Middle East Technical University), 2012. Since 2022.

BRENTON GRANT COOPER, *Professor.* B.S. (University of New Mexico), 1993; Ph.D. (University of Utah), 2003. Since 2007.

CATHY R. COX, *Professor*. B.A. (University of Colorado, Colorado Springs), 2000; M.A. (Ibid.), 2004; Ph.D. (University of Missouri), 2009. Since 2009.

NAOMI V. EKAS, *Professor and Chair of the Department*. B.A. (University of California, Davis), 2005; M.A. (University of Notre Dame), 2007; Ph.D. (Ibid.), 2009. Since 2011.

SARAH E. HILL, *Professor*. B.A. (University of Wisconsin-Milwaukee), 2000; Ph.D. (University of Texas at Austin), 2006. Since 2008.

DANICA KNIGHT, *Professor and Director of the Karyn Purvis Institute of Child Development*. B.M. (Southern Methodist University), 1988; M.S. (Texas Christian University), 1990; Ph.D. (Ibid.), 1992. Since 2019.

KEVIN KNIGHT, *Professor, Sauls B. Sells Chair of Psychology and Director of the Institute of Behavioral Research*. B.A. (Southern Methodist University), 1985; M.A. (Ibid.), 1988; Ph.D. (Texas Christian University), 1991.Since 2018.

KENNETH J. LEISING, *Professor*. B.S. (Texas Christian University), 2003; M.A. (UCLA), 2004; Ph.D. (Ibid.), 2008. Since 2009.

MOLLY O'MEALEY, *Instructor I*. B.S. (University of Oklahoma), 2013; M.S. (Ibid.), 2017; Ph.D. (Ibid.), 2021. Since 2022.

MAURICIO R. PAPINI, *Professor*. Licentiate (University of Buenos Aires), 1976; Ph.D. (University of San Luis, Argentina), 1985. Since 1990.

GREG REPASKY, *Instructor II*. B.S. (Texas Christian University), 2010; M.S. (Ibid.) 2012; Ph.D. (Ibid.), 2016. Since 2015.

S. K. UMA TAUBER, *Associate Professor.* B.A. (Augustana College), 2004; M.A. (University of Colorado), 2007; Ph.D. (Colorado State University), 2010. Since 2013.

DAVE R. WEISE, *Instructor II*. B.A. (Eastern Illinois University), 2003; M.A. (University of Colorado at Colorado Springs), 2006; Ph.D. (University of Arizona), 2011. Since 2013.

Ranch Management

JASON S. FAUBION, *Assistant Professor of Professional Practice; Assistant Director and John Biggs Professorship.* B.S. (Tarleton State University), 1993; M.S.T. (Ibid.), 1994. Since 2007.

MATTHEW D. GARCIA, *Director and Associate Professor; Southwestern Exposition and Livestock Show Endowed Professorship.* B.S. (New Mexico State University), 1998, M.S. (Ibid.), 2003, Ph.D. (Washington State University), 2005, MBA (Portland State University), 2009. Since 2024.

JEFFREY C. GEIDER, *Associate Professor of Professional Practice; and William Watt Matthews Director of the Institute of Ranch Management.* B.G.S. (Texas Christian University), 1981; Ranch Management (Ibid.), 1981; M.L.A. (Ibid.), 1999. Since 1997.

LEE A. KNOX, *Associate Professor of Professional Practice and Houston Livestock Show and Rodeo Professorship*. B.S. (Texas A&M University), 1996; M.S. (New Mexico State University), 1998. Since 2024.

Emeritus Faculty Directory

Emeritus Faculty Directory

LARRY D. ADAMS, Emeritus Associate Professor of Sociology

LAVONNE ADAMS, Emeritus Professor for Nursing

DAVID F. ADDIS, Emeritus Associate Professor of Mathematics

JOHN G. ALBRIGHT, Emeritus Professor of Chemistry

SHEILA M. ALLEN, Emeritus Professor of Voice

MARINDA ALLENDER, Emeritus Assistant Professor of Nursing

JULIE A. BAKER, Emeritus Professor of Marketing

KATHLEEN M. BALDWIN, Emeritus Associate Professor of Nursing

WILLADEAN WILLIAMS BALL, Emeritus Associate Professor of Nursing

WAYNE J. BARCELLONA, Emeritus Associate Professor of Nurse Anesthesia

ARNOLD I. BARKMAN, Associate Professor of Accounting

CHARLES McVEY BECKER, Emeritus Associate Professor of Economics and Finance

VICTOR A. BELFI, Emeritus Associate Professor of Mathematics

BETTY S. BENISON, Emeritus Professor of Kinesiology and Physical Education

CATHY C. BLOCK, Emeritus Professor of Education

STANLEY B. BLOCK, Emeritus Professor of Finance

ROBERT W. BOATLER, Emeritus Associate Professor of Finance

JOSEPH A. BOBICH, Emeritus Professor of Chemistry

BABETTE BOHN, Emeritus Professor of Art History

M. EUGENE BORING, Emeritus Professor of New Testament

PATRICIA BRADLEY, Emeritus Associate Professor of Nursing

JOHN A. BREYER, Emeritus Professor of Geology

D. CLAYTON BROWN, Emeritus Professor of History

RUDOLF B. BRUN, Emeritus Professor of Biology

H. JOSEPH BUTLER, Emeritus Professor of Music

MICHAEL R. BUTLER, Emeritus Professor of Economics

CAROLYN SPENCE CAGLE, Emeritus Professor of Nursing

LARK F. CALDWELL, Emeritus Associate Professor of Interior Design and Merchandising

CLAUDIA V. CAMP, Emeritus Professor of Religion

SHARON CANCLINI, Emeritus Professor of Nursing

GREGG CANTRELL, Emeritus Professor of History

JAMES T. CHAMBERS, Emeritus Associate Professor of History

LUTHER B. CLEGG, Emeritus Professor of Education

FRANCES COLPITT, Emeritus Professor of Art History

CHARLES ROY COMBRINK, Emeritus Associate Professor of Mathematics

DAVID E. CONN, Emeritus Professor of Art

DAVID W. CRAVINS, Emeritus Professor of Marketing

WILLIAM L. CRON, Emeritus Professor of Marketing

DAVID R. CROSS, Emeritus Professor of Psychology

LINDA CURRY, Emeritus Professor of Nursing

LEE A. DANIEL, Emeritus Professor of Spanish and Hispanic Studies

DONALD F. DANSEREAU, Emeritus Professor of Psychology

MARLYN (LYN) DART, Emeritus Associate Professor of Nutritional Sciences

GAIL C. DAVIS, Emeritus Professor of Nursing

SAMUEL M. DEITZ, Emeritus Professor of Education

TRACY DIETZ, Emeritus Associate Professor of Social Work

J. MICHAEL DODSON, Emeritus Professor of Political Science

ROBERT S. DORAN, Emeritus Professor of Mathematics

SUSAN DOUGLAS ROBERTS, Emeritus Professor of Dance

H. KIRK DOWNEY, Emeritus Professor of Management

RAY W. DRENNER, Emeritus Professor of Biology

DAVID E. EDMONSON, Emeritus Provost of Technology Resources

R. TERRY ELLMORE, Emeritus Associate Professor of Radio-Television-Film

RICHARD ENOS, Emeritus Professor of English

HOMER EREKSON, Emeritus Dean of the Neeley School of Business and Professor of Entrepreneurship & Innovation

FRED ERISMAN, Emeritus Professor of English

PENG FAN, Emeritus Associate Professor of Mathematics

SHARON L. FAIRCHILD, Emeritus Associate Professor of French

RICHARD M. FENKER, JR., Emeritus Professor of Psychology

GARY W. FERGUSON, Emeritus Professor of Biology

JEFF FERRELL, Emeritus Professor of Sociology and Anthropology

DAVID W. FINN, Emeritus Assistant Professor of Marketing

LYNN FLAHIVE, Emeritus Assistant Professor of Communication Studies

ARTURO C. FLORES, Emeritus Professor of Spanish and Latin American Studies

PATRICK M. FLYNN, Emeritus Professor of Psychology

JOHN TOULIATOS, Emeritus Professor of Education

STANLEY TRACHTENBERG, Emeritus Professor of English

WILLIAM E. TUCKER, Emeritus Chancellor

WILLIAM VANDERHOOF JR., Emeritus Assistant Professor of Education

ROBERT LEE VIGELAND, Emeritus Professor of Accounting

MARY L. VOLCANSEK, Emeritus Professor of Political Science

CHARLES WALKER, Emeritus Professor of Nursing

PATRICK L. WALTER, Emeritus Professor of Professional Practice in Engineering

PATRICIA T. WARRINGTON, Emeritus Associate Professor Fashion Merchandising

PEGGY W. WATSON, Emeritus Professor in the John V. Roach Honors College

RONALD G. WATSON, Emeritus Professor of Art

JO NELL WELLS, Emeritus Professor of Nursing

SPENCER K. WERTZ, Emeritus Professor of Philosophy

MARGIE J. WEST, Emeritus Professor of Art

J. CHRISTOPHER WHITE, Emeritus Associate Professor of Marketing

GARY WHITMAN, Emeritus Professor of Music

WALT E. WILLIAMSON, Emeritus Professor of Engineering

CURTIS W. WILSON, Emeritus Professor of Music

SUSAN F. WILSON, Emeritus Associate Professor of Nursing

PAUL WITT, Emeritus Professor of Communication Studies

HARRIET RISK WOLDT, Emeritus Associate Professor of Cello and Theory

MORRISON WONG, Emeritus Professor of Sociology

JAMES C. WOODSON, Emeritus Professor of Art

B. STEPHANIE WOODS-RAND, Emeritus Associate Professor of Ballet

FREDERICO XAVIER, Emeritus Professor of Mathematics

STUART A. YOUNGBLOOD, Professor of Management

TADEUSZ W. ZERDA, Emeritus Professor of Physics and Astronomy

History of TCU

Milestones in TCU History

1873

Founded as AddRan Male and Female College, Thorp Spring, Texas. Addison Clark, president (until 1899).

1889

Property given to the Christian Churches of Texas, name changed to AddRan Christian University; J.J. Jarvis president of the board (until 1895).

1895

Moved to Waco, Texas, December; Colonel J.Z. Miller, president of the board (until 1899).

1899

T.E. Shirley, president of the board (until 1909).

1902

Named changed to Texas Christian University; E.V. Zollars, president (until 1906).

1906

Clinton Lockhart, president (until 1910).

1909

T.E. Tomlinson, president of the board (until 1917).

1910

Main building at Waco destroyed by fire, March 22; the University moved to Fort Worth with classes in downtown buildings, September.

1911

Frederick Kershner, president (until 1915); school opened on present campus with main building, Jarvis and Goode halls, September; first endowment received, $25,000, from L.C. Brite.

1912

Fort Worth Medical College adopted as medical department; charter member of the Association of Texas Colleges.

1913

Original Clark Hall completed.

1914

Brite College of the Bible founded, Brite Hall erected.

1915

School of Law added, E.R. Cockrell, principal.

1916

E.M. Waits, president (until 1941); S.J. McFarland, president of the board (until 1927).

1918

Medical College closed due to rising costs.

1920

Endowment of $300,000 attained; School of Law closed.

1921

Gymnasium building completed; recognition by and aid from General Education Board; elected to membership in the Association of American Colleges.

1922

Elected to membership in Southern Association of Colleges and Schools, including accreditation; became member of the Southwest Athletic Conference.

1923

Jubilee celebration of 50th anniversary; $500,000 endowment achieved; the Mary Couts Burnett Trust received.

1925

Mary Couts Burnett Library opened.

1926

Graduate school organized, first field house built.

1927

Van Zandt Jarvis, president of the board (until 1940).

1928

University placed on approved list of Association of American Universities.

1930

New stadium erected on West Campus; University placed on approved list of American Association of University Women.

1935

University became charter member of the Southern University Conference.

1936

Evening College made distinct administrative unit.

1938

School of Business organized.

1939

Silver anniversary of Brite College of the Bible celebrated.

1940

R.H. Foster, president of the board (until1941).

1941

M.E. Sadler, president (until 1959, when he became chancellor until 1965); L.D. Anderson, president of the board (until 1954); Brite College accredited by American Association of Theological Schools.

1942

Foster Dormitory completed.

1943

University reorganized into seven schools and colleges.

1946

Harris College of Nursing added as eighth academic unit.

1947

Tom Brown Dormitory, E.M. Waits Dormitory completed.

1948

Jubilee celebration of 75th anniversary of the University; $5 million endowment achieved; stadium enlarged to 33,500 capacity.

1949

Ed Landreth Hall and Auditorium (College of Fine Arts) completed.

1950

TCU Summer School in Mexico established at Monterrey Tech.

1952

Winton-Scott Hall of Science completed.

1953

Stadium enlarged to 37,000 capacity; old field house burned.

1954

Religion Center completed; Milton Daniel, chairman of board (until 1958).

1955

Brown-Lupton Student Center, Pete Wright Dormitory completed; Jarvis Dormitory renovated.

1956

TCU-Amon G. Carter Stadium expanded to 47,000 capacity; Ranch Management Program established.

1957

Dan D. Rogers Hall (School of Business) completed; Milton E. Daniel and Colby D. Hall dormitories completed.

1958

Lorin A. Boswell, chairman of the board (until 1969); estate of Milton E. Daniel left in trust to University; Mary Couts Burnett Library enlarged; Sherley Dormitory completed, new Clark Dormitory built on site of Goode Hall; Bailey Building (old Brite Hall) renovated for College of Education.

1959

First Ph.D. programs approved; title of chief administrative officer changed from president to chancellor.

1960

M.E. Sadler Hall (administration and classrooms) completed on site of original Clark Hall; first students enrolled in Ph.D. programs in physics and psychology.

1961

Dave Reed Hall (old Administration Building) rebuilt for classrooms, faculty offices, second cafeteria; sale of adjacent Worth Hills Golf Course to the University approved by voters of the city.

1962

Daniel-Meyer Coliseum built, seating 7,166; Ph.D. programs in English and mathematics inaugurated; University elected to membership in College Entrance Examination Board and as a sponsor of the Oak Ridge Institute of Nuclear Studies; Computer Center put into operation; Institute of Behavioral Research established.

1963

Worth Hills Golf Course acquired for future expansion; Brown-Lupton Health Center completed; Ph.D. program in chemistry begun.

1964

Five residence halls and cafeteria completed on Worth Hills property.

1965

Ph.D. program in history inaugurated; endowment of more than $27 million reached; M.E. Sadler retired as chancellor (July 1); James M. Moudy elected chancellor and inaugurated November 19.

1966

Approved faculty leaves with pay; authorized creation of "The TCU Press;" received $3.4 million matching grant from Sid W. Richardson Foundation toward construction of Science-Research Center.

1967

Named School of Business M. J. Neeley School of Business; began participation in TAGER (The Association for Graduate Education and Research in North Texas) TV network; approved formation of a Faculty Assembly and Senate; Brown-Lupton Student Center expanded.

1968

Adopted new academic calendar with fall term ending before Christmas; established Pastoral Care and Training Center.

1969

M.J. Neeley chairman of the board (until 1972); approved New Century Program and goal; Leo Potishman Tennis Center completed; Bellaire North and Princeton House apartments purchased for student housing.

1970

Completed Sid W. Richardson Physical Sciences Building, Annie Richardson Bass Building for Harris College of Nursing and Home Economics and a new living-learning residence hall (named during 1971-72 session for Dr. and Mrs. Solomon Brachman); Phi Beta Kappa Chapter established February 24.

1971

Completed Cyrus K. and Ann C. Rickel Health and Physical Education Building and new women's residence hall (named during 1972-73 session for Mary Lipscomb Wiggins); formed Centennial Commission to plan 100th year observance during 1973; Friends of the Texas Christian University Libraries organized January 28; Tom Brown Hall renovated and refurnished.

1972

Administration reorganized into two major areas: academic and support, each headed by a vice chancellor; Theodore P. Beasley elected chairman of the board; Waits and Milton Daniel halls renovated and refurnished.

1973

Celebrated centennial year; $35 million achieved during New Century campaign for capital, operating and endowment funds; "Old Gym" remodeled for Division of Ballet, "Little Gym" as annex for the Department of Art.

1974

William C. Conner elected chairman of the board; Chancellor J. M. Moudy received grant from the Danforth Foundation for leave of absence during spring semester, Vice Chancellor and Provost Howard G. Wible named acting chancellor during that time.

1975

Miller Speech and Hearing Clinic Building completed.

1976

Mary Potishman Lard Tennis Center completed for public and University use; third floor added to Annie Richardson Bass Building.

1977

Addison and Randolph Clark Society established to recognize donors of $1,000 or more annually; Texas Growth Companies Endowment Fund established.

1978

Ground broken for J.M. Moudy Building for Visual Arts and Communication (dedicated March 26, 1982); new building for Starpoint School completed.

1979

Graduate program reorganized by school/college, replacing Graduate School; Bayard Friedman elected chairman of the board; Martin-Moore Hall named; James M. Moudy retired as chancellor, succeeded on September 5 by William E. Tucker (inaugurated April 16, 1980).

1980

Brite Divinity School passes $7.5 million goal of its first fund-raising campaign; goal of $10 million to expand library achieved.

1981

Library collection passes 1 million items; $5 million endowment for financial aid received from Theodore and Beulah Beasley Foundation.

1982

The 40,000th graduate received a degree at summer commencement; addition almost doubling size of the library occupied (dedicated March 25, 1983).

1983

Endowment reaches and passes $100 million for first time; appointments made to The 1990s Project: A Commission on TCU and the Future; Chancellor William E. Tucker elected to two-year term as moderator of the Christian Church (Disciples of Christ).

1984

Expansion of building for M.J. Neeley School of Business approved; suggestions received from The 1990s Project; football team gained national attention and played in Bluebonnet Bowl.

1985

Limitations placed on first-year, transfer enrollments; duties of vice chancellor for administrative services and student affairs divided among two positions as fifth vice chancellor is added.

1986

Construction of new residence hall approved.

1987

Groundbreaking for Tandy Hall expansion of M.J. Neeley School of Business and Moncrief Hall, a new residence hall; School of Fine Arts re-named College of Fine Arts and Communication; new University Curriculum Requirements approved.

1988

Academic Services Center put into full operation; Moncrief Hall dedicated.

1989

Tandy Hall dedicated; endowment passes $200 million.

1990

John Roach elected chairman of the board; 50,000th graduate receives degree; more than $3 million in gifts assure permanence of Ranch Management Program; priorities for academic initiatives in the 1990s include a program in engineering, stronger focus on Ph.D. programs, strengthened international study opportunities for faculty and students.

1991

Master plan for the physical campus completed and approved; central dining hall renovated for $2.2 million.

1992

First first-year admitted to new engineering program; Winthrop Rockefeller Building for Ranch Management completed (dedicated January, 1993); first "global-theme semester" held and student exchange with *Universidad de las Americas-Puebla* approved; $15 million bequest from estates of B.M. and Frances Britain received.

1993

Board of Trustees approves planning of a comprehensive fund-raising campaign, the first in a quarter century; endowment passes $400 million.

1994

The Walsh Complex, a $2.5 million expansion of the athletics weight training and rehabilitation center, is built; when the Southwest Conference acts to disband after 1995, TCU joins the Western Athletic Conference, then wins the SWC football co-championship and plays in the Independence Bowl; The Next Frontier Campaign is publicly announced with a $100 million goal, with $61 million raised or committed during the "silent phase" of the five-year campaign.

1995

Ground is broken for the $6 million Dee J. Kelly Alumni and Visitors Center (dedicated at Homecoming 1996); computer/information technology extended to all residence hall rooms; pre-enrollment Frog Camp becomes integral to first-year program.

1996

First class of engineering students awarded degrees; faculty expanded by 10 primarily to enhance first-year seminar program; ground broken for $11.5 million F. Howard and Mary D. Walsh Center for the Performing Arts; renewal/reconfiguration of residence halls approved.

1997

The combined TCU/Brite Endowment exceeds $750 million after completion of the five-year Next Frontier Campaign, which raised more than $126 million; Pete Wright Hall razed to make way for the Tom Brown/Pete Wright residential community, completed in 1998; the Department of Engineering receives accreditation; TCU establishes partnership with Columbia University to send students to Biosphere II.

1998

The Mary D. and F. Howard Walsh Center for Performing Arts dedicated; the TCU London Centre, the University's first permanent overseas facility, opens its doors to the first class of students in the fall; Chancellor William E. Tucker retires after 19 years of service, paving the way for the University's ninth chancellor, Michael R. Ferrari; the Department of Music renamed the School of Music and becomes one of the country's few all-Steinway schools. TCU defeats USC in the Sun Bowl, 28-19.

1999

Tom Brown/Pete Wright Residential Complex, housing upperclassmen in apartment style quarters, opens in January; work begins on the William E. and Jean Jones Tucker Technology Center; Commission on the Future of TCU kicks off in fall; Lowdon track is dedicated; ground is broken for 35,000 square-foot Justin Athletics Center; Frogs beat East Carolina 28-14 in the Mobile Alabama Bowl; trustees approve an aggressive program to improve classroom technology and hire 21 new faculty.

2000

Schools and colleges reorganized from five to seven—AddRan College of Liberal Arts, M.J. Neeley School of Business, the Bob Schieffer College of Communication, the College of Education, the College of Fine Arts, the College of Health & Human Sciences, and the College of Science & Engineering; the James A. Ryffel Entrepreneurship Center established; TCU parents Steve and Sarah Smith donate $10.5 million for an entrepreneurship facility, the largest private gift in University history; Brite's Leibrock Village dedicated; Runningback LaDainian Tomlinson becomes the third Horned Frog to run for the Heisman Trophy, placing fourth in the nation in the final vote and earning the Doak Walker Award; the Frogs end with an 10-2 football season and go to their third consecutive bowl game—the Mobile Alabama Bowl; in November, the University signs an agreement with the *Universidad de las Americas-Puebla*, *Mexico* , allowing students from both universities to earn degrees in communication from both institutions simultaneously.

2001

Spring closes the most successful athletics program in school history as the University leaves the Western Athletic Conference and joins Conference USA; in February, TCU Board of Trustees approved a new flat-rate pricing structure that better aligns TCU with other prominent private universities and reflects the value of the complete "TCU Experience"; Gary Patterson becomes the 29th head coach in the history of the TCU football program and takes the Horned Frogs to their fourth consecutive post-season appearance—The galleryfurniture.com Bowl; Harris College of Nursing launches an online master's degree to allow RNs with a Bachelor of Science degree to complete their master's degree in two years, and RNs with an Associate of Arts degree to complete the program in three; the women's basketball team wins the WAC regular season title and post-season tournament, earning the Lady Frogs their first-ever appearance in the NCAA Tournament; in May, the James A Ryffel Center for Entrepreneurial Studies sponsors the first-ever Entrepreneurial Summit, a networking and idea-sharing event; construction begins on the Sarah and Steve Smith Entrepreneurs Hall; M.J. Neeley School of Business launches a Center for Supply and Value Chain Studies; Men's Head Basketball Coach Billy Tubbs announces he will step down at the end of the season. He compiles a 156-95 record, including a regular season WAC division title in eight seasons; Mary Couts Burnett Library expands its computer lab to 100 computers and adds Bistro Burnett, a coffee bar in the library's foyer; the University begins a three-year $30 million plan to upgrade about 80 classrooms and laboratories with new lighting, ceilings, furniture and audio-visual equipment and renovate several residence halls.

2002

The M.J. Neeley School of Business makes plans for the Luther King Capital Management Center for Financial Studies; the College of Education announces a Center for Urban Education that will form a coalition of teachers, principals, and TCU faculty and students to turn neglected inner-city schools into thriving environments; Mary Couts Burnett Library establishes Information Commons, a combination reference help desk and computer troubleshooting center; construction begins on 2,220-seat Lupton Stadium, the new home for the baseball team; William E. and Jean Jones Tucker Technology Center opens for engineering, computer science and mathematics; Neil Dougherty becomes the 18th head coach in the history of TCU men's basketball; a School of Anesthesia opens within the College of Health & Human Sciences; the football team wins its fifth consecutive bowl game, beating Colorado State 17-3 in the Liberty Bowl in Memphis, ending the season 10-2 with a No. 22 ranking.

2003

The Steve and Sarah Smith Entrepreneurs Hall opens; Victor J. Boschini, Jr. becomes TCU's 10th leader when he takes office as chancellor; Chancellor Michael R. Ferrari retires after leading the University for five years; D. Newell Williams becomes the eighth president of Brite Divinity School; Monnig Meteorite Gallery opens; Baseball Coach Lance Brown, TCU's all-time winningest coach, retires after 17 years and 517 victories, Jim Schlossnagle is named his successor and the new stadium hosts its first game; the first-year class was the largest and smartest group to date at 1,596 with an average SAT of 1168; the Frogs lost to Boise State 34-31 in the Inaugural Fort Worth Bowl after an 11-1 season pushed them into the national media spotlight with talk of a BCS game if they went undefeated; tuition rose to $19,700, a 11.9 percent increase; Vision in Action: Planning TCU's Future was launched to develop a long-range strategic plan; purple gowns were instituted for graduation.

2004

Victor J. Boschini, Jr. is inaugurated as the 10th chancellor; R. Nowell Donovan is named provost; D. Newell Williams is inaugurated as the eighth president of Brite Divinity School; TCU accepts a bid to join the Mountain West Conference; Daniel Short is named dean of the M.J. Neeley School of Business; Chancellor Emeritus James Mattox Moudy dies; Bronson Davis, vice chancellor for advancement for 14 years, retires; architectural plans are drawn up for a new Veterans Plaza; Baseball team makes regionals for the second time ever.

2005

Approval for a $100 million Vision in Action plan to add four residence halls, a University union and a green-space commons to the heart of the campus; construction begins on renovation and expansion to triple the size of the College of Education; Veterans Plaza memorial to alumni and students erected; M.J. Neeley School of Business ranked 18th in the nation by the *Wall Street Journal Guide* ; journalism school named for Bob Schieffer; new core curriculum instituted; football wins Mountain West Championship and Houston Bowl; baseball wins last Conference USA Championship; women's basketball makes sixth consecutive appearance in NCAA Tournament; baseball pitcher Lance Broadway drafted by the Chicago White Sox in the first round.

2006

Commencement moved back to campus after four years, and split into two ceremonies to handle the crowds; TCU Bookstore on Berry Street moved into temporary trailers while the store’s building underwent a second-floor expansion, but the building subsequently burned to the ground during the night; Frog Fountain is dismantled for renovation as construction on the newly announced Campus Commons gets underway; ground is broken in April for the new J.E. and L.E. Mabee Foundation Education Complex that will include the renovation of the historic Bailey Building and addition of the Steve and Betsy Palko Building; GrandMarc at Westberry Place, a public/private partnership, opened its doors as student housing on campus; TCU announced plans for an indoor sports practice facility and a new bookstore; TCU became the first school in Texas to adopt an all-paperless application process.

2007

A policy change required all sophomores and first-year to live on campus beginning in the fall, when two of the four dorms in the Campus Commons opened; the Sam Baugh Indoor Practice Facility and Cox Field opened in May; the Mabee Education Complex for the newly named College of Education opened in July. Trustees approve a $315 million budget for 2007-08, which included $6.4 million in additional financial aid. A drilling rights agreement is signed with Four Sevens Resources Co., Ltd., signaling intent by the University to allow gas drilling in the Barnett Shale on campus. The largest incoming class, 1,660 students, with the highest SAT average scores (1759) to date, arrived in the fall. A refurbished Frog Fountain was installed in December. Jarvis Dormitory and Clark Hall closed for renovations in December. When Jarvis reopens in 2008 as Jarvis Hall, it will house only offices.

2008

A 34,000-square-foot TCU Barnes & Noble bookstore opened at the corner of University Drive and Berry Street in January. Students moved into the Teresa and Luther King and Mary and Robert J. Wright residences halls on the Campus Commons. The public phase of the Campaign for TCU kicked off in April. The Brown-Lupton Student Center was razed in July and construction began on the Clarence and Kerry Scharbauer Hall for the Honors College and AddRan College of Humanities & Social Sciences. The Brown-Lupton University Union opened. Clark and Jarvis Halls reopened, though Jarvis is now office space. Sherley Hall was closed for renovation. The incoming Class of 2010 boasted the highest average SAT score (1754) in school history. An addition to Moudy South, which will house a convergence lab for the Schieffer, was announced in late fall.

2009

An addition to the Starpoint School/KinderFrogs building opened in February. The John V. Roach Honors College was established. Milton-Daniel Hall closed for renovation. Sherley Hall reopened in August as an all-first-year residence hall following a year-long renovation. Construction of an Admission building is announced. Amon Carter Stadium has a record crowd of 50,307 for the game against Utah on Oct. 31, which the Frog won, 55-28. ESPN's College Game Day was on hand that day too, another campus first. The Frogs, under Coach Gary Patterson have the first perfect regular season since 1938 (12-0). Fort Worth gets on board, turning the Trinity River purple and lighting up downtown in purple lights. Finishing the season at #5 in the nation, the Frogs earn a spot in their first BCS tournament, the Tostitos Fiesta Bowl in Arizona.

2010

In January the No. 4 Frogs fell 17-10 to No. 6 Boise State in the 2010 Tostitos Fiesta Bowl in Glendale, Arizona. It was the Frogs' first-ever Bowl Championship Series appearance. Scharbauer Hall, completed in 2009, was opened to classes for the spring 2010 semester. The hall also houses the AddRan College of Liberal Arts and the John V. Roach Honors College. Reed Hall, which was renovated to match the newly-constructed Scharbauer Hall, is re-opened in the summer. In February the Bob Schieffer College of Communication dedicated its new $5.6 million convergence lab, bringing together the Skiff, TCU News Now and Image magazine operations in one newsroom. In May "Range Duty," an 800-pound bronze sculpture depicting a cowboy at a campfire, was added to the front lawn of the Winthrop Rockefeller Building for Ranch Management. In June the Athletic department added the Jane Justin Soccer Fieldhouse to its roster of facilities. The $7.9 million, 14,500-square-foot Mary Wright Admission Center opened its doors in August. The facility's use of geothermal energy for heating, cooling and water temperature systems has earned it LEED (Leadership in Energy and Environmental Design) gold certification. After a year-long renovation, Milton Daniel residence hall re-opened in August to house students in the John V. Roach Honors College. In November TCU accepted an invitation to join the Big East Conference effective July 1, 2012. On Dec. 5, 2010, the west grandstand of Amon G. Carter Stadium was imploded to make way for the planned $105 million renovation project. In December the TCU Jazz Ensemble was among the first U.S. college groups to travel to Cuban when it performed at the Havana International Jazz Festival. U.S. News & World Report ranked the Neeley School of Business in the Top 10 schools for MBAs with the Most Financial Value at Graduation in a 2010 survey.

At the 97th Rose Bowl on Dec. 31 in Pasadena, TCU beat the University of Wisconsin 21-19. The victory followed two days of Los Angeles festivities including New Year's Eve party for alums, a Frog Bash, a pep rally and the Tournament of Roses parade. At home, 7,000 local fans gathered at Daniel-Meyer Coliseum with Fort Worth Mayor Mike Moncrief and State Senator Wendy Davis '90 for a celebration that was televised live.

2011

TCU was included in The Princeton Review's Best 376 Colleges, 2012 Edition. Only about 15 percent of America's 2,500 four-year colleges and three outside the U.S. are profiled in the guide. TCU also was included in The Princeton Review's Guide to 311 Green Colleges, 2011 edition, for the environmentally responsible practices. In November, TCU received approval from its Board of Trustees' Executive Committee to renovate the east side of Amon G. Carter Stadium immediately following the conclusion of the 2011 football season. In August the inaugural Frogs First orientation, welcomed the Class of 2015. Also in August, the School for Classical & Contemporary Dance moved into the newly renovated Erma Lowe Hall (formerly the Ballet Building); the official opening was celebrated in October. On Oct. 10 the Board of Trustees unanimously approved an invitation to join Baylor, Iowa State, Kansas, Kansas State, Missouri, Oklahoma, Oklahoma State, Texas and Texas Tech in the Big 12 conference, effective July 1, 2012. In November construction of two residence halls in Worth Hills was announced as part of a multi-phase plan to create a new residential Worth Hills Village. The halls will accommodate about 400 students with completion expected by August 2013. In December a two-ton wrecking ball finished its work on the last of the old Amon G. Carter Stadium in preparation for further renovation, completion is scheduled for late summer 2012, well before the first home game against Grambling State. Also in December, a time capsule containing TCU memorabilia was buried inside a column on the west side of the stadium. After failing to earn a bowl berth in BCS standings, TCU was picked for the San Diego County Credit Union Poinsettia Bowl. The Frogs' 31-24 victory over Louisiana Tech gave TCU its third straight Mountain West Conference title.

2012

The W. Oliver and Nell A. Harrison Building of Brite Divinity School opened in January. The TCU Board of Trustees approved the next phase of Vision in Action, called the Academy of Tomorrow, in February. Construction on the new academic building and an addition to Annie Richardson Bass Building began in the fall. The Campaign for TCU concluded in May with a total of $434,103,887 raised. Construction began on two new residence halls in Worth Hills, at the corner of Bellaire Drive North and Stadium Drive. Ol' Rip, a new horned frog statue, was installed between Reed Hall and Scharbauer Hall in April. Membership in the Big 12 Conference kicked off July 1. A completely renovated Amon G. Carter Stadium opened in September, and Gary Patterson became TCU's winningest coach with his 110th victory at the first home game of the season against Grambling State.

2013

With a first-year class featuring some of the highest SAT and ACT scores in TCU history, the University remained the second most selective school in Texas, behind only Rice University. The student-faculty ratio was an enviable 13:1, and the first-year-to-sophomore retention rate approached 90 percent. The Chronicle of Higher Education listed TCU among its "Great Colleges to Work For," and The Princeton Review ranked TCU at No. 15 in the nation for Best College Dorms. The Greek Circle of Excellence, built to celebrate a half-century of Greek-letter societies at TCU, was dedicated. The Pre-Health Professions Program was elevated to the Pre-Health Professions Institute. The Neeley School of Business, recognized by The Economist as having the world's best MBA faculty, celebrated its 75th anniversary. Three graduate programs enrolled their first students: the Master of Social Work, the MBA for Energy Professionals and the Master of Science in Supply Chain Management. Work continued on the Intellectual Commons, including construction of Rees-Jones Hall, TCU's first interdisciplinary academic building, and an addition to the Annie Richardson Bass Building. Two residence halls opened in the Worth Hills Development, Marion Hall and Pamela and Edward Clark Hall, while a third was under construction.

2014

U.S. News & World Report placed TCU No. 76 among national universities, while *Forbes* named the University one of its "Rising Stars: 10 Top Colleges to Watch." Further evidence of TCU's academic excellence was the selection of six Horned Frogs as Fulbright Scholars. For the fourth consecutive year, the University was on *The Chronicle of*

Higher Education's "Great Colleges to Work For" list. With 17,000 applications for the Class of 2018, the admission rate was in the "highly selective" category. On the east campus, a classical new entrance to the Mary Couts Burnett Library was constructed, and work began on a technology-rich reimagining of the library. Rees-Jones Hall opened in the Intellectual Commons, as did an addition to the Annie Richardson Bass Building. On the west campus, Marlene Moss Hays Hall was the latest facility to open in the Worth Hills residential development. As part of TCU's Quality Enhancement Plan to internationalize the University, the fall 2014 focus of Discovering Global Citizenship was the Middle East and Central Asia. The first of the "great themes" courses, which examine critical challenges facing the planet, addressed water issues.

2015

A multipurpose building opens in Worth Hills. The university endowment reaches $1.5 billion. TCU and the University of North Texas Health Science Center sign a memorandum of understanding to create a new M.D. school in Fort Worth. The baseball team makes its third College World Series appearance in six years. The renovated Mary Couts Burnett Library opens in the Intellectual Commons, while an ambitious new complex for the Neeley School of Business is on the drawing board. After an injury-plagued 2015 football season, the Frogs win the Alamo Bowl with a 31-point comeback to earn a No. 7 postseason national ranking. The Ed and Rae Schollmaier Arena in the Daniel-Meyer Athletic Complex is dedicated. Work begins on Greek Village in Worth Hills. The Class of 2019 — more than 2,000 strong — continues a trend of excellence with the highest academic credentials in TCU history.

2016

Significant events in the University's history continue as TCU opts out of Senate Bill 11 and prohibits guns on campus. Dr. Stuart Flynn is selected as the founding dean of the new M.D. School being created by TCU and the University of North Texas Health Science Center. William and Sue Parrish donate life-sized bronze statues to commemorate TCU Football icons—Davey O'Brien, Leo "Dutch" Meyer and Gary Patterson. Bob Schieffer "retires" The Schieffer Symposium in the News, and establishes TCU's most generous and academically prestigious scholarship. The Art Galleries secure a hand-painted chromogenic print titled *Dead Cock and Contemplative Magpie, 2007* for the University's Permanent Art Collection and TCU's Percussion Orchestra wins the International Percussion Ensemble Competition for the fourth time.

2017

Construction began in the summer on a re-envisioned Greek Village in Worth Hills that will support almost 800 students in 24 chapter houses. Nearby, new residence halls and the newly named King Family Commons enhance the full TCU experience for upper division students. Senior Caylin Moore was one of 32 students from across the United States to receive the prestigious Rhodes Scholarship—only the second person in TCU history to be selected for the honor. The TCU Institute of Child Development changed its name to the Karyn Purvis Institute of Child Development at TCU in honor of its late founder. The Neeley School of Business received Top 25 rankings for its undergraduate, entrepreneurial studies and master's in accounting programs from *Public Accounting Report*, *Entrepreneur and Bloomberg Businessweek*. TCU MBA programs made the Top 10 as defined by The Economist and The Princeton Review. Fourteen of TCU's varsity sports reached the postseason. TCU men's and women's basketball began play in the sparkling new Ed and Rae Schollmaier Arena, which also hosted a record three TCU commencement ceremonies in May. In baseball, the Frogs again won the Big 12 Championship and went to the College World Series. The Chronicle of Higher Education named TCU a "Great College to Work For" for the sixth consecutive year.

2018

The School of Interdisciplinary Studies was constituted during the summer of 2018. Women & Gender Studies became a department after nearly 25 years of academic offerings on campus. Comparative Race and Ethnic Studies, previously a program in the AddRan College of Liberal Arts, became an academic department.

2023

TCU celebrates its 150th year and reaches 100,000 living alumni.

Chairs, Professorships, and Directorships

Chairs, Professorships, and Directorships

A named academic position may be created by an endowed amount consistent with recently adopted guidelines.

All endowed Chairs, Professorships and Directorships can be found here: https://advancement.tcu.edu/new/dr_endowedfunds

Endowed Scholarships

Endowed Scholarships

Only the annual interest is used on endowed scholarships; the principal of the fund is held in permanent trust. The scholarships are administered by the Office of Scholarships and Student Financial Aid unless stated otherwise. Scholarship award selection aligns with TCU's nondiscrimination policy, as well as federal and state law.

All scholarships can be found here: https://advancement.tcu.edu/new/dr_endowedfunds

Material Resources

Material Resources

Through the generous gifts and bequests of friends over the years, the University has accumulated endowment funds with a market value of $2.5 billion as of May 31, 2023.

Fully endowed chairs, several professorships, lectureships and many endowed scholarships have been contributed by individuals, charitable foundations and churches.

Named Lectureships

Named Lectureships

The following named lectureships, either annually funded or endowed, have been established:

Jane and Pat Bolin Innovation Speaker Forum

The Kenneth W. Davis, Jr. Endowed Lectureship at Texas Christian University

Earl E. Dyess Lectureship in Marketing

Florsheim Family Lecture Series in Ethics

Fogelson Honors Forum

Frost Foundation Lectureship for Global Issues

Gates of Chai Lectureship

Geography Department Endowed Speaker Program

Gorvetzian Family Fund for Communication Studies

JoAnn Houston Outstanding Contemporary Thinkers Lecture Series

McFadin Lectures

Ronald E. Moore Humanities Symposium

Joseph Morgan Physics Lectureship

W.F. "Tex" and Pauline Curry Rankin Lectureship in Nursing

Ruth Evelyn Sanders Memorial Lectureship

Oreon E. Scott Lectures

Nancy Quarles Stuck Art History Lecture Fund

Wells Sermons

Jim Wright Symposium Endowment

Professor Frederico and Joana Xavier Endowed Mathematics Lectureship

Research and Departmental Funds

Research and Departmental Funds

Larry D. Adams International Award

Alcon Endowment for Ophthalmology Excellence

Robert D. Alexander Endowment for the Liberal Arts

Catherine R. Alexander Endowment for Ballet Choreographer-in-Residence

Julian Carr Aliber '15 Endowed Fund in Kinesiology

Elizabeth Brackin Allen Endowed Nursing Fund

Carl T. and May Anna Anderson Fund for Geology

Adam Andrea Study Abroad Endowed Fund

Andrea Mennen Family Endowed Fund for the ANSERS Institute

Judy and Paul Andrews Honors Lounge Fund

Andrews Institute of Mathematics, Science and Technology Education Endowment

Anonymous Athletic Training Excellence Endowed Fund

Anonymous Endowment for the Anne Burnett Marion School of Medicine

David A. Archer Fund for Excellence in Honors

Greg and Ashley Arnold Endowment for the Anne Burnett Marion School of Medicine

AXA Endowed Fund

T. Ross Bailey Endowed Post Graduate Internship

Barbara Baldridge Endowed Ranch Management Fund

Barrentine Values and Ventures® Endowed Fund

Barry Family/ Goldman Sachs Student Experience Endowment

Mary Evans Beasley Endowment for Campus Beautification

Theodore Beasley Faculty Fellowships in the Neeley School of Business

Bebout Wellness Center for the Helping Professions

Alann P. Bedford Endowment Fund

Bennett Family Endowed Dean's Fund for Excellence

Mission, Vision, and Values

Mission, Vision, and Values

Our Mission

The mission of Texas Christian University, a private comprehensive university, is **to educate individuals to think and act as ethical leaders and responsible citizens in the global community** through research and creative activities, scholarship, service, and programs of teaching and learning offered through the doctoral level.

Our Vision

To be a world-class, values-centered university.

Our Core Values

TCU Values:

- Academic and personal achievement.
- Intellectual inquiry and the creation of knowledge.
- Artistic and creative expression.
- A heritage of service in pursuit of the greater good.
- Personal freedom and integrity.
- The dignity of and respect for the individual.
- Active appreciation for the array of human experience and the potential of every human being.

Heritage, Philosophy and Goals

Founded in 1873, TCU has grown from a small school on the cattle frontier to a major center of independent higher education in a dynamic city. As agents of change, TCU's faculty, staff, students and Trustees are united in striving for the constant improvement of the University.

A community dedicated to learning, the University affirms its commitment to rationality, objectivity, diversity, freedom of inquiry, creativity and civility. TCU is committed as well to the preservation, appraisal and transmission of knowledge and wisdom and to the discovery of ideas and knowledge by which the understanding of truth may be extended or corrected.

An independent and self-governing institution, TCU attests that a representative democracy provides the context within which free inquiry may best be protected and encouraged; and the University acknowledges that independent higher education can thrive only in an economic system that prompts and rewards individual initiative. TCU has a historical and intentional connection with a religious body, the Christian Church (Disciples of Christ), that

embraces pluralism, rejects sectarian narrowness, encourages a reasoned faith and affirms the rights of informed individual conscience in religious preference. The University welcomes students, faculty and staff of all religious faiths and takes pride in the diversity of its academic community.

Much of the knowledge students seek is related to specific career goals. The University, however, regards as essential the advancement and communication of general knowledge, which enables students to understand the past, comprehend the natural and social order, search for the good and the beautiful, and integrate knowledge into significant wholes.

Education fosters the capacity for rational decision-making, creative thinking and expression, and responsible living. Although knowledge may be treated as ethically neutral, the University believes that questions of value are vital and exploration of the moral and religious dimensions of human existence is basic to the love of wisdom. People are at the center of the educational endeavor. Affirming the incalculable worth of each individual, TCU seeks to be a caring community, encouraging close working relationships among all members of the University, and challenges students, faculty and staff to high achievement. In such a setting, the enhancement of mental, physical and spiritual gifts contributes to the integration of the self and the enrichment of the community and humankind.

The University intends to maintain only undergraduate and graduate programs that aim toward excellence, the well-being of students and the wholeness of the University. There must be compatibility among the values and daily practices of the University and its units.

Among TCU's many goals are to:

- Conduct curricular and co-curricular activities designed to fulfill the mission and vision of the University.
- Foster undergraduate and graduate studies of excellent quality.
- Provide faculty and staff of high qualification and dedication.
- Expect and encourage superior teaching and fruitful creativity and research.
- Preserve and contribute to knowledge by aiding in its organization, storage, retrieval and dispersal, and to use appropriate technology to this end.
- Employ admission, advising and retention policies that enable qualified and dedicated students to successfully pursue their collegiate work.
- Provide a variety of support services that enhance the educational experience.
- Promote the development of mature individuals who respect others; cherish a free and just society; and are prepared to act as responsible citizens; literate, broadly informed, self-educating, appreciative of the arts and the fruitful uses of leisure, and capable of both entering and changing careers.
- Support co-curricular as well as curricular opportunities for an informed understanding of religious tradition.
- Contribute to the quality of life, work and leisure of citizens in the surrounding metropolitan area through regular instructional programs; continuing education; cultural and intellectual events; and research; and through participation of faculty and staff in civic, religious and other affairs.
- Earn growing support from those who share the conviction that strong, independent institutions of higher learning are crucial to the continuation of a free society.

Non-discrimination Policy

Statement on TCU's Non-Discrimination Policy

TCU is committed to providing a positive learning and working environment free from discrimination and harassment. TCU prohibits discrimination and harassment on the basis of age, race, color, religion, sex (including sexual harassment and sexual violence), pregnancy, sexual orientation, gender, gender identity, gender expression,

national origin, ethnic origin, disability, genetic information, covered veteran status and any other basis protected by law, in the University's programs and activities as required by Title IX, Title VII, The Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, and other applicable laws and regulations.

Inquiries about TCU's policies and compliance with nondiscrimination policies or inquiries on how to file a complaint of discrimination should be directed to: oie@tcu.edu, 817-257-8228, The Harrison Suite 1800. Inquiries about TCU's policies and compliance with Title VII, The Age Discrimination Act of 1975, or other aspects of TCU's equal opportunity or affirmative action programs should be directed to: askhr@tcu.edu, 817-257-7790, 2701 W. Berry Street, Fort Worth, TX 76109.

The **Office of Institutional Equity (OIE)** is responsible for responding to all reports of discrimination, harassment, sexual misconduct and retaliation.

Please use the following links to review TCU Policy 1.008 Prohibited Discrimination, Harassment, Sexual Misconduct and Retaliation or to review TCU Policy 1.009 Responding to Reports of Prohibited Discrimination, Harassment, Sexual Misconduct, and Retaliation.

To make a report, you may call OIE at 817-257-8228, email oie@tcu.edu, visit us at The Harrison, Suite 1800 or click here: Make a Report.

To learn about the Campus Community Response Team (CCRT) and Report a Bias Incident click here: https://inclusion.tcu.edu/campus-community-response-team/

Title IX

TCU's Title IX Coordinator works within OIE. Andrea Vircks-McDew serves as TCU's Title IX Coordinator. You may call 817-257-8228 to make a report, email oie@tcu.edu or a.vircks@tcu.edu, or make a report here. Additional Title IX resources and information are available at https://www.tcu.edu/institutional-equity/title-ix/index.php.

Mandatory Reporters

ALL TCU employees, except confidential resources, are considered Mandatory Reporters. Mandatory reporters are required to immediately report to OIE any conduct that raises Discrimination, Harassment, Sexual Misconduct (Title IX or Violence Against Women (VAWA)) or Retaliation. Mandatory reporters cannot promise to refrain from forwarding the information to OIE.

William H. Koehler Center for Teaching Excellence

William H. Koehler Center for Teaching Excellence

Mission Statement

The Koehler Center is dedicated to facilitating ongoing, reflective discourse on instruction and learning through engagement with instructional staff, departments/units and administration. The Koehler Center strives to meet the challenges of integrating innovative instructional/learning methodologies and technologies to promote exceptional learning.

Vision

The Koehler Center supports teaching and learning at TCU. The resources and activities of the Koehler Center are focused on responding to the present needs of instructors, as well as on keeping the TCU community informed of new educational possibilities created by the continuing development of pedagogical theories, teaching practices and technologies.

Confidentiality Statement

The Koehler Center maintains the confidentiality of individual faculty or groups of faculty with whom we work, mindful that our faculty voluntarily engage our services in order to enhance and enrich teaching and learning at TCU.

The Koehler Center is located in Sadler Hall, Suite 315. For more information, refer to the Koehler Center's website at www.cte.tcu.edu or call 817.257.7434.

Academic Services and Support

Academic Advising

Academic Advising

Academic advising is an important process in which faculty and staff assist students in developing plans and clarifying career and/or advanced study goals. All students should meet with an academic advisor at least once each semester to plan future coursework. In these meetings, students and advisors discuss academic records which may include grade reports, transcripts, evaluations of work transferred to TCU and degree plans.

Students new to the University are required to attend advising sessions for the first four semesters after entering TCU. They are likely to require assistance in the mechanics of first-time enrollment and in exploring choices related to selection of courses and degree programs. Students with more University experience often handle these tasks with little need for assistance, but may profit from direction in maximizing academic performance and setting career goals. Finally, students nearing completion of their academic programs are likely to need specific help in ensuring

that all degree requirements are met and assistance with the transition to a career or advanced study. In short, the specific activities required will depend on the advisor, the student and the student's progress in their academic career.

The student-advisor relationship is one of shared expectations and responsibilities. Consequently, advising will depend on the needs of the student and their academic program. Further, the actual activities involved in advising will change as the student progresses through a degree program or subsequently changes degree programs.

Pre-majors (those who have not formally declared a major) are advised by professional advisors in Academic Advising. Academic Advising provides resources and access to programs designed to help students identify career interests and possible majors.

Students who have declared majors are advised in the department of the major or by a professional staff in the school/college of that major. If a student changes majors, they will be assigned to a new advisor in their new area of study for future advising.

A quality advising relationship requires a dedicated advisor and a prepared student. The student must initiate the advising activities, define the need of advising activity, and be prepared to take responsibility for their academic and career goals as well as their academic performance. Prior to seeing their advisors, students should become familiar with degree and major requirements for programs of interest and courses in which they wish to enroll. advisors will answer questions and make suggestions, but the student must assume full responsibility for satisfying all program and degree requirements.

Advising Process

At the beginning of the first semester, students are assigned an academic advisor in the department of their major. Students may be assigned to either faculty or professional advisors, depending on the department or school/college. Pre-majors are advised by Academic Advising until a major is declared. Pre-major advisors are knowledgeable about a wide range of academic programs and can assist students in identifying an appropriate major/minor. All students who have 54 or more earned hours must have a declared major.

The actual number of times a student should meet with their academic advisor each semester depends on the advisor, the student, the student's program and their academic progress. All students should confer with their academic advisors at least once each semester during the scheduled advising period for the subsequent semester. Students may also want to meet with their advisors to discuss degree requirements, selection of a minor, internship opportunities, academic progress, etc. Students must meet with their advisors before registering for classes each semester, but are encouraged to confer with them anytime that academic concerns arise during the year. In preparation for the advising for the subsequent semester, students should:

• Give thoughtful consideration to their personal, educational and career goals, and reevaluate these goals as necessary.

Acquire a basic familiarity with their own academic program, including all applicable requirements and policies.

• Give advance consideration to a tentative schedule of classes each semester prior to their advising meeting. This should include reading a description of every course under consideration, including whether or not there are prerequisites or whether or not the course will count toward the TCU Core Curriculum.

• Ask questions if they feel they have received insufficient or confusing information.

• Provide timely notice and information concerning any academic problems encountered.

Read carefully and make appropriate responses to all communications from their school/college office, the Academic Advising Office, their advisor, Office of Campus Life and Office of the Registrar.

Academic Advising Office

The Academic Advising flagship office offers services and programs to enhance the academic experience of all students at TCU during all stages of their academic careers. The office:

• Coordinates academic advising for pre-majors (those who have not formally declared a major and have achieved fewer than 54 hours);

• Provides academic advising for first-year students with declared majors in AddRan College of Liberal Arts;

• Coordinates academic advising for students during new student orientation;

• Provides academic resources related to study skills, time management and related concerns;

• Assists students who want to explore career paths and learn about majors;

• Provides oversight of the College 101 program for first-year students whose first semester GPA is < 2.0; and

• Refers students to appropriate services, departments and community agencies

Academic Services and Support

Finding Ourselves in Community

Finding Ourselves in Community

Finding Ourselves in Community amplifies the curricular work that is already happening on campus to eventually reach all TCU students. Students of all majors will develop skills for interacting with people who are different from them. This enriches and strengthens the TCU community while providing skills and abilities highly valued by employers. Finding Ourselves in Community supports TCU's *Vision in Action: Lead On* Strategic Plan, Goal No. 3: Strengthen the TCU Experience and Campus Culture.

By embedding Finding Ourselves in Community (FSC) into academic coursework, the goal is to:

· Educate students to think and act as ethical leaders and responsible citizens in the global community.

· Help students achieve greater social self-awareness of themselves as unique individuals within diverse communities.

· Support faculty in developing courses and directing conversations that enable students to experience and understand Finding Ourselves in Community.

Assessing the FSC learning outcome will determine how well students:

· Define key concepts associated with identity and the formation of social identities.

· Explain how values, norms, biases and practices continually shape identity.

· Illustrate how one's developing identity informs relationships in communities.

Academic Services and Support

IdeaFactory

IdeaFactory

The TCU IdeaFactory is a unit in the Neeley School of Business dedicated to supporting the innovative spirit of all TCU students, staff and faculty by providing an environment where they use human centered design and systems thinking to become social innovators and change agents.

Academic Services and Support

Information Technoloy

Information Technology

Information Technology provides computing support for all levels of the University. A complete range of services include classroom technology, network and wireless connectivity throughout the campus, access to the Internet, library and specialized databases, business application programming and academic computing services, hardware repair, and software support and training. To request assistance for any computer-related problems or questions, contact the Computer Help Desk at 817.257.6855 or help@tcu.edu. The Information Technology administrative office is located in the Sid W. Richardson Building Room 175, 817.257.7682.

International Studies

International Studies

INTL 30301 Exploring Global Citizenship I

This seminar provides study abroad students with theoretical frameworks and on-site application of the competencies needed for effective and appropriate engagement with people and issues in the world. Students will use their time abroad to interact with and reflect on the local community in unique ways as they develop the skillsets of global citizenship. The course also prepares students for INTL 30302, Exploring Global Citizenship II, upon their return.

INTL 30302 Exploring Global Citizenship II

Prerequisite: INTL 30301 or permission of instructor. This course is intended as a capstone for students to use the knowledge and skills gained during their study abroad experience as a springboard for global citizenship. The course covers regions and issues of the world, contextualizing students' first-hand experiences within historical, geographical, cultural, and religious phenomenon and exploring global realities from multiple perspectives. Special attention is placed on defining global citizenship and personal responsibility in the world, including how to take the competencies developed abroad and apply them in engagement with global issues.

INTL 30341 Global Academy I: Exploration

1 credit hour. This seminar explores global issues from a variety of perspectives and prepares students for participation in the TCU Global Academy. A particular emphasis is placed on examining the tension between competing individual, cultural, and global forces. Solution-based approaches that address environmental, economic, and social sustainability will be explored. Topics may include health, education, clean water, social inequalities, wildlife preservation, and economic growth.

INTL 30342 Global Academy II: Collaboration

2 credit hours. Prerequisites: INTL 30341. This seminar challenges students to synthesize and apply learning as they engage with people and issues in the world through the TCU Global Academy. The course typically involves a component abroad utilizing onsite investigation, field trips and guest lectures to provide diverse global perspectives on the given topic. A particular emphasis is placed on examining the tension between competing individual, cultural, and global forces. Solution-based approaches that address environmental, economic, and social sustainability will be explored. Topics may include health, education, clean water, social inequalities, wildlife preservation, and economic growth.

Academic Services and Support

Mary Couts Burnett Library

Mary Couts Burnett Library

Overview

The Mary Couts Burnett Library is the intellectual heart of Texas Christian University, encouraging student and faculty collaboration across multiple fields and serving as the central marketplace for the acquisition of knowledge and the exchange of ideas. The library itself regularly sees more than 1,000 students at one time, for a wide range of purposes including to access books, to study (alone and in small groups), to use computers, to attend information literacy instruction sessions, to seek research assistance and to view exhibits.

Mission

Our mission is organizing and providing access to quality information resources that inspire curiosity, creativity and innovation throughout the TCU community, while offering exceptional services and surroundings that nurture our students.

Services and Collections

Access and Hours

The Mary Couts Burnett Library during the fall and spring terms is open 24 hours, five days a week and current hours are posted on the library's website (library.tcu.edu). TCU ID cards are needed for entry after 8:00 p.m. and before 7:00 a.m. during 24-hour operations.

General Collections, Access and Borrowing

Students and faculty have access to more than 2 million books, CDs, DVDs, videos and more than 2 million electronic materials and 1.5 million books and print journals, housed in the campus library and offsite library annex. More than 600 databases are available 24 hours a day via the library's website (library.tcu.edu). Use your TCU ID to borrow these items and many more such as laptops, headphones, calculators, cameras, and more. How long an item can be borrowed is shown on the Borrowing page at (libanswers.tcu.edu/faq/103439).

Special Collections

Special Collections contains the University's Digital Archives, Speaker Jim Wright Archives, Amon G. Carter Collection, the Van Cliburn International Piano Competition Archives, George T. Abel Map Collection and the William Luther Lewis Collection of English and American literature, as well as many other rare and archival materials.

Research Librarians

Librarians provide library and research assistance in person at the Research Services desk on the second floor, by phone, by email or online chat. Research librarians also serve as subject liaisons for all disciplines taught at the University. These librarians conduct sessions on using the library's resources and also schedule individual consultation appointments for more in-depth research assistance. In addition, they evaluate and purchase materials for the library's collections (both print & electronic) for their assigned subject areas.

Music/Media Library

The Music/Media library contains a large repertory of music scores, collected works, reference works and multidisciplinary sound and video recordings in a variety of formats. The W.B. "Judge" Hamilton Audio/Visual Resource Center offers viewing and listening equipment.

Government Information
The Mary Couts Burnett Library has been a Federal Depository Library program for over 100 years, providing access to government documents issued by the U.S. Government Publishing Office (GPO) such as the *Congressional Record*, *U.S. Congressional Serial Set*, *U.S. Census*, *Budget of the United States*, *Code of Federal Regulations*, *and Federal Register*.

Fab Lab
The Fab Lab is a digital fabrication laboratory available to students and faculty that offers multiple 3D printers, a high definition 3D scanner, a large-scale plotter printer, a laser cutter/engraver, a vinyl cutter, an electronics workbench, sewing machine and serger sewing machine and a variety of art supplies and tools. Additionally, the space provides access to the gaming collection and virtual reality equipment.

GIGA Lab
The GIGA Lab was created for students whose classes use software such as AutoCAD and ArcGIS requiring high-end computing capability. The lab also includes multimedia editing suites and 12 desktop computers.

Information Commons Computer Lab
The Information Commons is equipped with 100 Windows and Mac desktop computers containing the current software packages to support student learning, dozens of laptops and headphones available for checkout, black and white printing, color printing and scanning.

Reservable Rooms
Two-person to eight-person rooms are available by reservation 24 hours in advance by the library website (library.tcu.edu). Most rooms have writable walls and a digital display.

Screening Room
A 12 seat screening room can be reserved to view video programming.

Graduate Student Study Spaces
There are a variety of areas accessible only to graduate students using their TCU ID, including a dedicated computing lab, open study spaces and individual study rooms assigned for the semester which provide a quiet space to complete dissertation and thesis work.

The Lizard Lounge
This multi-purpose space invites graduate students and faculty to come together in a more casual environment for meetings, TED talks, poetry readings and book discussions. Graduates and Faculty can use their TCU ID for entrance and room reservations are available.

The Sumner Academic Heritage Room
The Sumner Room highlights iconic items such as the University Mace, photos of Chancellor's Award winners, portraits of former and current Chancellors, and the University's Phi Beta Kappa charter. It also houses TCU yearbooks and faculty publications.

Knowledge is Power Steps
These unique, centrally located stairs provide a path for students as well as amphitheater-like seating for studying, socializing and resting. The limestone steps are etched with "Knowledge is Power" in 12 languages to celebrate our international student enrollment.

The Mary Couts Burnett Library has remained at the core of the University's academic mission for 100 years, by evolving to meet the changing needs of students and faculty. Collectively, the library has enriched the TCU campus, with a highly-talented staff, enhanced digital and print collections, and many fun-filled and informative programs.

Student Access and Accommodations

Student Access and Accommodations

Texas Christian University complies with the Americans with Disabilities Act, as amended, and with Section 504 of the Rehabilitation Act of 1973 regarding postsecondary students with disabilities. No otherwise qualified individual shall be denied access to or participation in the services, programs and activities of TCU solely on the basis of a disability. The University will provide reasonable accommodations for each eligible student who has a physical, cognitive or mental health disability/diagnosis that substantially limits one or more major life activities, has a record or history of a disability, or is regarded as having a disability.

To apply for reasonable accommodations, all students must submit an online application for accommodation through Student Access and Accommodation. Students will use their TCU username and password to access the online application. Student Access and Accommodation will confirm by email to the student's official TCU email account when the application has been successfully submitted. Once the application has been submitted, students will be prompted to submit supporting documentation based on their disability type(s) from a qualified professional that meets the University's official documentation guidelines. Each eligible student is responsible for presenting relevant, verifiable, professional documentation and/or assessment reports to Student Access and Accommodation. Information concerning a student's disability is treated in a confidential manner in accordance with University policies as well as applicable federal and state laws. Further documentation may be required from the student to confirm the presence of a disability or to assist the University in determining appropriate accommodations.

All accommodation requests are reviewed by the Student Access and Accommodation Documentation Review Committee (DRC). A follow up appointment will be requested once the application and documentation have been reviewed. Students will be sent an email through their TCU email account to schedule a follow up appointment to discuss the outcome of the review and any accommodations that have been approved. For approved academic disabilities-related services/accommodations, the office will prepare notification of accommodation for the student's faculty members concerning specific, reasonable academic accommodations. The student is responsible for requesting notification of accommodation each semester they would like to use their accommodations. The Notification of Accommodation Request Form is available on the Student Access and Accommodation website. Notification of accommodations will be sent via TCU email to the student and faculty after requested by the student. It is the student's responsibility to confer with faculty members regarding their accommodations in order to determine a plan for implementation. An interactive process is absolutely essential and relies on the student's initiative. Accommodations take effect once the student and faculty members receive the accommodation notification and the student conferences with each faculty member(s). For approved housing and dietary disabilities-related services/ accommodations, the office will provide accommodation notification to Housing and Residence Life and/or Fraternity and Sorority Life. Housing/dietary accommodations must be requested annually. Accommodations are NOT retroactive. Student Access and Accommodation staff are available to consult with the student and with University faculty and staff to ensure delivery of appropriate support services. The Student Access and Accommodation office serves as a liaison between the student and the faculty member as needed.

The Student Access and Accommodation office is located in The Harrison, Suite 1200, and can be reached at 817.257.6567.

Students who wish to appeal a decision regarding appropriate accommodations should do so in writing to the Chief Inclusion Officer/and or their designee, who shall decide the appeal. Appeals must be made within 10 business days of the day the student is notified of the decision.

The Williams L. Adams Center for Writing

The Willam L. Adams Center for Writing

The William L. Adams Center for Writing assists TCU students with writing projects. Staffed by professional and peer writing consultants, the center offers support and instruction in both one-on-one and group settings. Feedback is available through in-person and Zoom appointments as well as online submissions. Consultations usually focus on a particular project or assignment but may also include general writing instruction. The PCs in the center's computer lab are available for use by any TCU student during normal office hours. Located in Suite 419 of Reed Hall, the Center for Writing is open Monday through Friday from 8 a.m. to 5 p.m. Students may make appointments by accessing an online scheduling service through the center's website (www.wrt.tcu.edu) or by calling 817.257.7221. Those who wish to submit a paper online may do so via the center's website. A consultant will read the paper and offer feedback within two business days.

Academic Services and Support

Willliam H. Koehler Center for Teaching Excellence

William H. Koehler Center for Teaching Excellence

Mission Statement

The Koehler Center is dedicated to facilitating ongoing, reflective discourse on instruction and learning through engagement with instructional staff, departments/units and administration. The Koehler Center strives to meet the challenges of integrating innovative instructional/learning methodologies and technologies to promote exceptional learning.

Vision

The Koehler Center supports teaching and learning at TCU. The resources and activities of the Koehler Center are focused on responding to the present needs of instructors, as well as on keeping the TCU community informed of new educational possibilities created by the continuing development of pedagogical theories, teaching practices and technologies.

Confidentiality Statement

The Koehler Center maintains the confidentiality of individual faculty or groups of faculty with whom we work, mindful that our faculty voluntarily engage our services in order to enhance and enrich teaching and learning at TCU.

The Koehler Center is located in Sadler Hall, Suite 315. For more information, refer to the Koehler Center's website at www.cte.tcu.edu or call 817.257.7434.

Academic Services and Support

University Life

Introduction to University Life

Introduction to University Life (UNLF 10211) is a one-credit, graded course for students in their first semester at TCU. The course provides knowledge, skills and strategies to flourish in the academic community, and addresses fundamental questions about how to succeed as a college learner through goal-setting, understanding resources, managing stress, self-care, critical and reflective thinking, diversity and inclusion, and academic and personal integrity, among other topics. Each section of the course is led by an instructor and a student Peer Guide.

Admission

Admission

Texas Christian University does not discriminate on the basis of personal status, individual characteristics or group affiliation, including but not limited to, classes protected under federal and state law.

Applications for admission to the undergraduate schools/colleges and requests for further information should be addressed to the Office of Admission, Mary Wright Admission Center; the mailing address is:

Office of Admission

Texas Christian University

TCU Box 297013

Fort Worth, TX 76129

Admission Policies

Admission Policies

Admission to the University

Qualified undergraduate students are admitted to the University rather than to a specific program, school or college. Application deadlines and notification dates for first-year and transfer applicants are stated in the Application for Undergraduate Admission. Deadlines for applying for financial aid may be obtained by contacting the Office of Scholarships and Student Financial Aid.

Non-Discrimination Statement

TCU is committed to providing a positive learning and working environment free from discrimination and harassment. In support of this commitment, TCU prohibits discrimination and harassment on the basis of age, race, color, religion, sex, sexual orientation, gender, gender identity, gender expression, national origin, ethnic origin, disability, genetic information, covered veteran status, and any other basis protected by law. Inquiries about TCU's policies and compliance with Title IX, The Age Discrimination Act of 1975, or the aspects of TCU's equal opportunity or affirmative action programs should be directed to: OIE@tcu.edu, 817-257-8228, The Harrison, Suite 1800.

Affirmation Statement

All applicants must agree to the following affirmation statements:

- I certify that all information submitted in the admission process -- including this application and any other supporting materials -- is my own work, factually true, and honestly presented, and that these documents will become the property of TCU and will not be returned to me. I understand that I may be subject to a range of possible disciplinary actions, including admission revocation, expulsion, or revocation of course credit, grades, and degree should the information I have certified be false.
- I agree to immediately notify TCU should there be any change to the information requested in this application, including disciplinary history.
- I understand that once my application has been submitted it may not be altered in any way; I will need to contact the institution directly if I wish to provide additional information.

- I understand that all offers of admission are conditional, pending receipt of final transcripts showing work comparable in quality to that upon which the offer was based, as well as honorable dismissal from the school.
- I affirm that I will send a commitment deposit (or equivalent) to only one institution; sending multiple deposits (or equivalent) may result in the withdrawal of my admission offer from TCU. [Note: students may send a commitment deposit (or equivalent) to a second institution where they have been admitted from the waitlist, provided that they inform the first institution that they will no longer be enrolling.]
- I understand that my social media presence may be considered in addition to my application to Texas Christian University. Posts and comments viewed as derogatory, defamatory, racially insensitive, hate speech, or otherwise inappropriate may affect my admission decision.

I understand and agree that TCU may rescind its admission decision at any time before the first day of my entering term based on new information.

Examination and Portfolio Assessment Credit - Detail

Through several methods, students may earn academic credit for college-level learning by taking an examination in the appropriate area. Credit granted usually can be used to satisfy specific and general degree requirements. Refer to the section in this catalog titled Bachelor Degree Requirements.

The credit by examination procedures are reviewed and updated annually. Current information is available online at admissions.tcu.edu/apply/credit/.

Military Service Credit Admission Information

Texas Christian University follows, with limitations, the recommendations of the American Council on Education (ACE) as published in the *Guide to the Evaluation of Educational Experiences in the Armed Services* when evaluating credit for military training and experience.

To be eligible for credit, courses must be classified in the **baccalaureate/associate degree category** as defined by the ACE guide. Courses listed under the **vocational**, **technical**, or **certificate** categories, as well as **military occupational specialties (MOS)** or **job experience**, are **not eligible** for credit.

To be considered for military credit, applicants must submit **one** of the following:

- A copy of the **DD Form 214**
- A copy of the **Joint Services Transcript (JST)**
- A **Community College of the Air Force (CCAF)** transcript
- **Course completion certificates** from military training
- (Optional) A certified original of **DD Form 295**

The Office of the Registrar assists students eligible for veterans' education benefits.

Admission

Additional Bachelor's Degree

Additional Bachelor's Degree

First-time applicants should complete the Application for Undergraduate Admission for Transfer Students. Students who have previously attended TCU should complete the Application for Re-enrollment and refer to the sections titled Re-enrollment of Former Students and Additional Bachelor's Degree in The Bachelor's Degree section of this catalog. The student's entire academic record, as well as credentials submitted with the application, will be assessed prior to an admission decision.

Admission

First-Year Students

First-Year Students

TCU invites applications from qualified high school students who have graduated or expect to graduate from an accredited secondary school.

Students applying from secondary schools should complete and return application forms following their junior year in high school. Applicants are considered for admission after the Office of Admission receives:

- Completed application form
- Official secondary school transcript
- SAT or ACT scores (optional for the high school class of 2021-2028)
- $50 application fee
- Essay and résumé of activities
- Secondary school counselor's evaluation of applicant
- Evaluation from one teacher in a core academic subject

It is the student’s responsibility to complete the application procedure. Students accepted to the University prior to high school graduation are admitted on a tentative basis, pending completion of their senior year with academic performance consistent with that upon which the admission decision was based. Verification of graduation is required.

Any college-level coursework attempted after admission but before matriculation must be reviewed by the Office of Admission prior to enrollment and may nullify the offer of admission.

Admitted students must submit a nonrefundable commitment deposit by May 1 (National Candidate Reply Date) to secure a place in the fall class (or by an earlier date for students admitted under a binding early decision plan).

Several factors are considered when selecting candidates for admission, including:

High school record. Students are expected to have completed upon graduation a minimum of four units of English, three units of mathematics (including two units of algebra and one of geometry), three units of science (including one laboratory science), three units of social studies, two units of foreign language and two units of academic electives. The quality and quantity of coursework taken, grades earned and subsequent rank in the high school class are important in assessing a candidate’s probability for success at TCU.

Admission tests. Candidates may present results of the SAT or the ACT. A test administration in the February preceding the fall entry term is the final exam that will be considered. Essay, teacher evaluation and counselor evaluation. The student’s essay is a significant part of the application, as are the high school counselor and teacher evaluations. If the candidate has been out of high school more than one year, the counselor and teacher evaluations may be waived on a case by case basis.

Co-curricular participation. Meaningful activities outside class, including employment, community/volunteer work and leadership experiences.

College courses taken while in high school. Emphasis is on the quality of coursework completed and the grades earned. Official college transcripts must be presented to determine transferability of credit.

Special talents. Special consideration will be given to students whose application profiles diverge from the general population of students admitted and enrolled, including, but not limited to, artists, athletes, dancers, musicians, poets and others who demonstrate exceptional ability or potential in their chosen academic, athletic or other area of interest. Special talent admission decisions will be made by committees or admission officers empowered by the chancellor.

Admission

Individual Approval

Individual Approval

Students who demonstrate outstanding academic achievement and potential, but have not yet graduated from high school, may be admitted by individual approval. Such students seeking concurrent enrollment or early admission should contact the Office of Admission for further information.

Applicants who submit results of a GED examination may be considered for admission on an individual basis. Such applicants generally are encouraged to attend a two-year college for a semester or more in preparation for university studies.

Admission

International Students

International Students

International (non-immigrant) undergraduate applicants for admission to TCU must provide:

National examination results, where such examinations are administered.

Proof of English proficiency in one of the following ways:

- TOEFL (Test of English as a Foreign Language) score of 4.5
- IELTS (International English Language Testing System) score of 6.5
- Duolingo English Test score of 110
- Completion of at least three years at a high school or college where English is the language of instruction
- Completion of at least 12 hours of transferable academic credit (including English composition) from a college in the U.S.
- English testing may be waived for applicants with strong SAT or ACT scores.
- Students who do not meet minimum English proficiency testing requirements may be required to interview as a test of English proficiency if they are otherwise deemed strong candidates by the Admissions Committee.

After Admission:

An international workshop is required of all new international students.

TCU Financial Statement and supporting financial and employment documents showing proof of availability of funds to cover all educational and living expenses. This will be submitted post admission in order to receive the I-20 immigration document from TCU.

Advanced credit may be granted for certain courses considered to be beyond the level of U.S. secondary school courses, provided that the grades meet determined standards. Results from exams such as the German Abitur, the British General Certificate of Education (GCE) "A" Levels and other similar national exams can be considered for possible advanced credit.

The University standards and procedures regarding international students are consistent with those expressed in the Admissions Standards and Procedures of NAFSA: Association of International Educators.

Additional information can be obtained from:

Office of International Admission

Texas Christian University

TCU Box 297013,

Fort Worth, TX 76129, U.S.A

or by calling 817.257.7871 or emailing frogworld@tcu.edu

Admission

Non-Degree Students

Non-Degree Students

Students interested in taking courses for academic credit but not in seeking a degree from TCU may be admitted for non-degree study. Non-degree students are held to the same standards governing academic progress (including probation/suspension) as degree students.

Non-degree status would apply to persons:

- Taking only ROTC at TCU and enrolled at another college or university;
- Seeking Ranch Management certification;
- Seeking only teacher certification;
- With an undergraduate degree desiring additional undergraduate coursework;
- Applying as summer visiting students; and
- Enrolled at another college or university seeking concurrent enrollment at TCU for one semester.

Persons who do not fit into any of these categories, but who want to take credit courses, will be considered for limited enrollment status. Limited enrollment status is open to persons who:

- Are 22 years of age or older with a high school diploma and/or equivalency diploma based on the GED;
- Are in good standing at all colleges where they are currently enrolled or have ever been enrolled; and
- Have not been previously denied admission or readmission to TCU.

A limited enrollment student may not enroll in more than six semester hours of coursework per semester or three hours per summer session. A maximum of 12 semester hours may be accumulated. At that time a student may apply as a degree-seeking student or receive special permission to continue beyond the 12 hours limitation.

Non-immigrant students may be considered for non-degree status without the limitations stated above, but must abide by the regulations stipulated by the Office of International Services.

Non-Degree to Degree Status

Undergraduate students who wish to change from non-degree to degree status must submit the appropriate application form obtained from the Office of Admission. The semester hours earned as a non-degree student can be applied toward a degree program if applicable.

Admission

Re-enrollment of Former Students

Re-enrollment of Former Students

Students previously enrolled and in acceptable academic standing in an undergraduate degree program who wish to re-enter TCU after absence of a full fall or spring semester must apply for re-enrollment and pay an application fee. Official transcripts from each college or university attended since the last enrollment at TCU must be submitted to the Office of the Registrar (see exception under Re-enrollment following Suspension). Eligibility for re-enrollment will be determined upon review and assessment of the student's entire record.

Former TCU students originally awarded an academic scholarship who are applying for re-enrollment may petition for the restoration of that scholarship or may be eligible to compete for a transfer academic scholarship if coursework has been completed at another university. Students may not receive a scholarship that exceeds the original TCU scholarship.

Non-immigrant students should apply for re-enrollment at least two months prior to registration in order to meet all requirements of the Office of International Services.

Re-Enrollment Involving a Change of Major

When a student is re-enrolled with a change of major, the Office of the Registrar will initiate the Change of Major process. Permission to change major requires approval of the dean of the new major. All entrance requirements specific to the new major must also be met.

Re-Enrollment Following Suspension

All students suspended from TCU for academic or disciplinary reasons must apply for re-enrollment through the Office of the Registrar. No enrollment will be permitted following a period of suspension until re-enrollment is approved by the Office of the Registrar after consultation with the appropriate dean. (Refer to the section titled Academic Probation and Suspension Policies).

A student suspended from TCU may not transfer credit that was earned at another college or university during the period of enforced suspension, but must submit all transcripts of any work attempted or completed during that period.

A student may not re-enter TCU while on academic suspension from another college or university.

Re-Enrollment Following Extended Separation from the University

A student accepted for re-enrollment after a 10-year separation from TCU may petition to have all prior coursework at TCU (selected course exclusion is not permitted) excluded from the TCU GPA calculation and credit toward graduation. The petition should be filed no later than the end of the first semester of re-enrollment in a degree program and be addressed to the registrar who will seek the approval of the appropriate academic dean. If the petition is granted, it is irrevocable. Excluded courses and corresponding grades will still appear on the official transcript but will not be included in calculation of the GPA, will not be counted as meeting credit-hour requirements for graduation and will not be used to satisfy course requirements.

Admission

Transfer Students

Transfer Students

A transfer student is defined as one who has graduated from high school and has attempted college coursework for credit in a long semester post high school or is a veteran.

Students planning to transfer from another college or university should submit the following for admission consideration:

- Completed application form;
- Official transcripts from each college attended;
- Statement of Disciplinary Standing form from each college attended in the last five years;
- $50 application fee; and
- Final secondary school transcript

Admission to TCU as a transfer student is based upon evidence of ability to succeed in college-level work. The applicant's total record will be assessed, taking into account the following:

- Cumulative GPA;
- Quality of curriculum;
- Number of hours and GPA in core subjects;
- High school record and test results (if possessing fewer than 24 transferable semester hours at the time of application);
- Extracurricular activities, achievements and honors; and
- Essay.

The applicant must be in good academic, disciplinary and financial standing and be eligible to return to all previous institutions. Official transcripts must be submitted from each college attended whether the work was satisfactory, unsatisfactory or interrupted.

Grades on all attempted transferable courses will be used in calculating the transfer GPA to determine the applicant's qualification for admission. Once admitted, a student's transfer grades will not be entered on the student's permanent record at TCU.

Academic Fresh Start is an option for undergraduate students who have demonstrated better than average academic performance in recent college coursework. Only applicants who have completed academic course work ten (10) or more years prior to their intended entry term may be considered for Academic Fresh Start. Students electing to use the Academic Fresh Start policy may request forfeiture of all credits earned prior to ten years from the date of their currently intended entry term into TCU. Students must submit transcripts from all colleges attended and the Academic Fresh Start form for consideration.

Special consideration will be given to admission of students with special talents whose application profiles diverge from the general population of students admitted and enrolled, including artists, athletes, musicians, poets, as well as others who demonstrate exceptional ability in their chosen academic, athletic or other area of interest. Special Talent admission decisions will be made by a committee empowered by the chancellor.

Students admitted to the University will receive, with their letter of admission, a transcript evaluation sheet listing all transferable courses. A course listed as "transferable" on the transcript evaluation is not necessarily applicable or acceptable under certain degree programs.

Courses that do not transfer to TCU include the following:

- Courses in which a grade lower than “C-” was earned;
- Courses considered to be developmental (e.g., orientation, time management, library skills) or remedial (e.g., those in English, math and reading); and
- Vocational-Technical courses.

No more than 75 hours from another regionally-accredited institution may be credited toward a bachelor's degree, and no course transferred from a community college may be used to satisfy the TCU advanced-hour requirement. No more than eight semester hours of physical education activity courses may be applied toward graduation requirements.

Note: Students transferring to TCU must present a record of all college-level coursework to the Office of Admission for evaluation by the appropriate university staff and/or faculty prior to their enrollment in the University. A failure to do so could prevent enrollment in the University.

After enrolling at TCU:

- All students must receive prior written approval of the academic dean of their major if they wish to take courses at another institution and have those courses count toward a degree at TCU. Coursework taken without prior written approval may not be applied to a degree.
- No more than 4 courses (maximum of 16 hours), except those earned in an approved study abroad program, may be transferred from other schools.

Some programs have certain requirements that must be met to enroll in upper-division courses. Transfer applicants who plan to study business, nursing, pre-health, strategic communication, or education should refer to those special requirements set forth in the appropriate programmatic sections of this catalog.

Finances

Finances

Finances

Miscellaneous Charges

Miscellaneous Charges

University Store purchases, library and parking fines, Health Center services and medications, parking permits, copying charges, dining add-on charges and other miscellaneous charges are billed monthly and must be paid in full each month. Late fees will be assessed for payments not received within 10 days of the due date.

Finances

Payment

Payment

TCU has a monthly billing cycle. Payment of a minimum 20 percent of total basic charges (tuition, fees, room, meal plan, and student health and tuition insurance less approved financial aid) is required by the due date of the month that classes begin (August for the fall semester and January for the spring semester). The remaining net basic charges must be paid in full by the due date of the following month (September for the fall semester and February for the spring semester). Students who do not pay the net basic charges in full by the September due date for the fall semester and by the February due date for the spring semester will be automatically enrolled in the payment plan.

Students in the payment plan will be billed for the remaining net basic charges in three monthly installments over the remainder of the semester. A payment plan enrollment fee ($100 maximum) will be assessed on the September bill for the fall semester and on the February bill for the spring semester. To avoid automatic enrollment in the payment plan and the resulting enrollment fee ($100 maximum), net basic charges must be paid in full by the September due date for the fall semester and by the February due date for the spring semester.

The payment plan is an extension of credit by TCU. Each payment plan will not exceed three months. Students enrolled in the payment plan receive a disclosure statement as required by the federal Truth in Lending Act. Disclosure statements are provided in September for the fall semester and in February for the spring semester. The disclosure statement shows the amount included in the payment plan and the enrollment fee required for participation in the plan, which will be added to the other charges due on the student's account.

Students should review the disclosure statement upon receipt and may cancel the payment plan within 10 days by submitting written notice to TCU Student Financial Services if not satisfied with the proposed terms. If the payment plan is canceled during the cancellation period, the student's account will be credited for the enrollment fee, but full payment of the unpaid basic charges for the semester will be due immediately. If the payment plan is canceled after the cancellation period has passed the student's account will not be credited for the enrollment fee and full payment of the unpaid basic charges for the semester will be due immediately.

If the payment plan is not canceled, the student is committed to pay the total on the disclosure statement according to the payment schedule shown. (Since the disclosure statement only includes basic charges, payments should include all charges on the actual monthly billing statements.)

Cancellation of the payment plan will not release the student from financial obligation to TCU. If the payment plan is canceled either within the cancellation period or after the cancellation period, payment in full of the unpaid basic charges for the semester will be due immediately.

More detailed information about the payment plan is available from TCU Student Financial Services. The payment plan option is not available for summer sessions. All summer registration charges (tuition, fees, housing) are payable by the due date specified on the first bill received after summer registration occurs.

Late fees will be assessed on the unpaid minimum amount due for payments not received within 10 days of the stated due date.

Students receiving financial aid may participate in the payment plan option. The amount due on the billing statement should be the total semester amount due less any financial aid awarded (except work-study, which is paid directly to the student during the semester).

Payment deadlines must be met or the student may be denied advance or current registration. The ability to register in subsequent semesters may be denied if the student account is in arrears. Diploma will not be released unless the student has satisfied all financial obligations to the University, including loans made through the University.

Student accounts must be current to be eligible to make residential housing reservations and to make charges to student accounts using the student's University identification card.

Finances

Refunds

Refunds

For a fall or spring semester, a student who withdraws from the University on or before the Seventh class day may receive a 100 percent tuition refund. If withdrawal occurs on or before the 14th class day, a 75 percent tuition refund is made. A 50 percent tuition refund is made upon withdrawal on or before the 21th class day, and a 25 percent tuition refund is made if withdrawal occurs on or before the 28th class day.

For a fall or spring semester, a student who initially enrolls for 12-18 hours but drops to fewer than 12 hours on or before the seventh class day is refunded the difference between the flat-rate tuition for the semester and the applicable hourly tuition for the reduced number of hours. A student who drops to fewer than 12 hours on or before the 14th class day receives a 75 percent refund of the difference between the flat-rate tuition for the semester and

the applicable hourly tuition for the reduced number of hours. A student who drops to fewer than 12 hours on or before the 21th class day receives a 50 percent refund of the difference. A student who drops to fewer than 12 hours on or before the 28th class day receives a 25 percent refund of the difference.

For a fall or spring semester, students who withdraw from a class on or before the seventh class day may receive a 100 percent tuition refund for the class if they initially enrolled for fewer than 12 hours and remain enrolled for fewer than 12 hours at the end of the seventh class day. Withdrawal from the class on or before the 14th class day brings a 75 percent tuition refund. A 50 percent tuition refund is made upon withdrawal from the class on or before the 21th class day, and a 25 percent tuition refund is made if withdrawal happens on or before the 28th class day.

Finances

Return of Student Federal Aid

Return of Student Federal Aid

Federal law specifies how schools must determine the amount of Title IV financial aid earned if a student withdraws from school or ceases attendance before the end of the payment period. A student who withdraws from the University on or before the 60 percent point of the payment period (summer, fall or spring) may have to return a prorated portion of the financial aid they received or that TCU received on their behalf. A Return of Title IV Funds could result in a balance due to the University. Detailed information about the federal policy on the Return of Title IV Funds is available in the Office of Scholarships and Student Financial Aid.

Finances

Tuition and Fees

Tuition and Fees

An independent church-related institution of higher education, Texas Christian University is chartered as a private nonprofit corporation financed by gifts from alumni and friends, endowment earnings, and tuition and fees.

Tuition and fees are set at a level consistent with the educational services the University provides and are usually announced in the spring to be effective the following fall session. Tuition and fee schedules are available from:

Office of Admission

TCU Box 297013

Fort Worth, TX 76129

(817) 257-7490 www.financialaid.tcu.edu

Student Financial Services

TCU Box 297011

Fort Worth, TX 76129

(817) 257-7836

Residential Services

TCU Box 297360

Fort Worth, TX 76129

(817) 257-7865

A large program of scholarships and financial aid helps approximately 83 percent of the student body with educational costs each year. For more information, see Student Financial Aid in this catalog or visit the Office of Scholarships and Student Financial Aid online at www.financialaid.tcu.edu

Finances

Tuition Refund Plan

Tuition Refund Plan

Undergraduates taking at least 12 hours are automatically enrolled in the Tuition Refund Plan (TRP). Cost is included in the first bill of each fall and spring semester. The plan does not cover summer sessions.

Students who do not wish to participate in TRP can opt out of the Plan by waiving coverage for the entire academic year through the online Tuition Insurance Waiver function at my.tcu.edu. Deadline for opting out is 5 p.m. on the day specified on the TCU Website. The TRP charge will be removed from the student's account following completion of the online waiver process.

The plan covers tuition costs if medical problems, including mental health issues, require a student to withdraw from the University before a semester ends. Students enrolled in TRP and withdraw due to medical problems may receive a refund up to 80 percent of tuition even after the University's refund schedule has expired.

A.W.G. Dewar, Inc., administers the plan, which complements the University's tuition refund policy. Tuition refunds due to medical withdrawals are not processed outside of the University's standard refund policy. For more information go to the Student Financial Services link under Financial Services or call A.W.G. Dewar at 617.774.1555.

Financial Aid

Financial Aid

Texas Christian University provides an extensive, individually designed financial aid program. Certain principles guide the administration of the various programs in the TCU Office of Scholarships and Student Financial Aid.

- Financing a university education is a joint venture between the student, the student's family and TCU.
- Eligibility for Title IV federal financial assistance and state financial aid programs is based upon information and methodology provided by the Free Application for Federal Student Aid (FAFSA), as provided by the family. Institutionally funded grants are based on the results of the College Board's CSS Profile application.
- Academic scholarships are based upon the academic achievement of the students. Those who have excelled academically are given the largest share of TCU-funded dollars.

Applicants for assistance must be admitted to the University before aid is committed. Students who submit academic credentials at the level required for scholarship consideration will automatically be reviewed for those awards. No separate application is necessary.

Incoming students applying for financial assistance are encouraged to submit the FAFSA no later than February 1 for fall entry and November 1 for spring entry. Financial assistance files completed after February 1 or November 1 will be reviewed; however, there may be a reduction in the aid offering due to budget limitations. (Deadlines for ranch management applicants, student-athletes and fine arts performance majors may be extended due to University recruitment practices and for transfer students whose admission is pending due to the availability of final transcripts.) All individuals whose FAFSA is selected for verification or who submit conflicting information will be required to provide appropriate tax information and other documentation as needed, to confirm the accuracy of the application.

Students generally receive aid from a variety of sources. Scholarships, federal, state and institutional grants, work and/or loans are combined or "packaged" to form the financial assistance award. Approximately 84 percent of the current TCU student body is receiving financial assistance of some sort. Questions regarding the University's aid program may be directed to:

finaid.tcu.edu

Financial Aid

Academic Scholarships

Academic Scholarships

TCU rewards academic achievement. The following list of awards is designed to recognize entering students who have excelled academically. First-year and transfer student scholarships are offered on a continuing basis until funds are exhausted. These awards are based solely on academic performance without regard to the family's financial condition as evidenced by the FAFSA.

First-year Awards

Specific renewal requirements common to all academic awards are:

- Successful completion of 24 semester hours of "letter-grade" TCU coursework each academic year (fall and spring). Note: Summer courses do not satisfy the requirement.
- A TCU cumulative GPA of 3.0 is required at the conclusion of the first year. Thereafter, a 3.25 TCU cumulative GPA is required at the conclusion of each spring semester.
- “F” grade, “W” or “Q,” “I,” “AU,” Advanced Placement (AP), College Level Examination Program (CLEP) and College Board Achievement Tests in Foreign Languages (ACH) do not count toward satisfying requirements.
- Duration of first-year awards is eight semesters or 120 TCU semester hours, whichever occurs first.

John V. Roach Family Endowment

Provides full housing, food and books for the top four students in the class who have been offered full tuition from another academic scholarship.

Chancellor's Scholarship

Amount: Full tuition for up to 18 hours per semester for up to eight undergraduate semesters. Total value in excess of $266,000.

Deans Scholarship

Amount: $32,000 per year for up to eight undergraduate semesters. Total value up to $128,000.

Faculty Scholarship

Amount: $30,000 per year for up to eight undergraduate semesters. Total value up to $120,000.

TCU Scholarship

Amount: $27,000 per year for up to eight undergraduate semesters. Total value up to $108,000.

Founders Scholarship

Amount: $17,000 per year for up to eight undergraduate semesters. Total value up to $68,000.

Purple and White Scholarship

Amount: $12,000 per year for up to eight undergraduate semesters. Total value up to $48,000.

National Merit and National Achievement Scholarships

Amount: $2,000 per year for up to eight undergraduate semesters. Total value up to $8,000.

Scholars must be designated as finalists by the National Merit Scholarship Corporation (National Merit or National Achievement) and, for National Merit, officially designate TCU as their first choice. This scholarship may be awarded in addition to another TCU scholarship if the total amount of institutional merit scholarship does not exceed the cost of tuition at TCU.

TCU Academic Achievement Award

This award is for current TCU students who were at the top of their class at the end of the first-year and were not awarded an academic scholarship upon entering the University.

Financial Aid

Direct Loan Cohort Default Rates

Direct Loan Cohort Default Rates

The U.S. Department of Education publishes cohort default rates based on the percentage of a school's borrowers who enter repayment on Direct Loan Program loans during a federal fiscal year (October 1–September 30) and default before the end of the second following fiscal year.

TCU's cohort default rate for loans that entered repayment in fiscal year 2023 was .1%. TCU's cohort default rate for loans that entered repayment in fiscal year 2022 was 0%. TCU's cohort default rate for loans that entered repayment in fiscal year 2021 was 0%.

Financial Aid

Employment Programs

Federal Work-Study Program (FWS)

A work study award provides eligibility to earn funds through part-time student employment. Students are responsible for finding and securing a position. Earnings are paid on a biweekly basis and based on hours worked, and funds will be paid directly to the student

This federally funded program provides a portion of the wages earned by students employed on campus. To receive a Work-Study Program offer, the applicant must have financial eligibility as evidenced by the FAFSA. Students employed through this program must be capable of maintaining good standing in their course of study while employed. To research current job listings, visit https://careers.tcu.edu/frogjobs/. Once a student finds a position in which they are interested, follow the instructions for application. Student employees are paid every two weeks for actual hours worked.

University Student Employment

TCU offers a number of student jobs through the various departments on campus. To research current job listings, visit https://careers.tcu.edu/frogjobs/. Once a student finds a position in which they are interested, follow the instructions for application. Student employees are paid every two weeks for actual hours worked. The University strongly encourages all employees to utilize direct deposit for paychecks. Eligibility is not necessarily related to the FAFSA; however, some departments may prefer to hire students with work/study awards.

Employment in the Fort Worth Area

Students may also find employment in the Fort Worth area. Business establishments adjacent to the campus frequently employ TCU students. Other business enterprises in more distant areas of the community also employ TCU students who have means of transportation to and from the job. Employment opportunities in the area are particularly advantageous to students who are pursuing certain career fields where on-the-job training may be helpful. The Office of Career Services provides assistance in helping students locate these types of employment opportunities.

Residence Hall Assistants

There are several staff positions for upper-class students as resident assistants in each residence hall. Students are required to demonstrate leadership ability, an appreciation for the University's educational philosophy and a concern for other students' needs. Applications should be made to the Office of Housing and Residence Life. Dates for applications are announced each spring.

Financial Aid

Federal Grant Programs

Federal Grant Programs

Eligibility for the following programs is based upon receipt and evaluation of the FAFSA. These programs are subject to the provisions stated in the section titled Student Financial Aid General Policies in this catalog, as well as specific programmatic requirements as defined.

Federal Pell Grant

This is a federally funded grant for undergraduate students only. The maximum amount of the grant is established by the U.S. Department of Education on an annual basis. Grants are provided up to $7,395.

Federal Supplemental Educational Opportunity Grant (FSEOG)

This is a federally funded grant for undergraduate students only. The average FSEOG award at TCU is between $2,000 to $4,000 per academic year. All FSEOG awards are dependent on the funding levels approved by federal government appropriations and awards to the institutions. Priority is given to students who qualify for the Federal Pell Grant.

Teacher Education Assistance for College and Higher Education (TEACH) Grant

This is a federally funded program for students preparing to teach full-time in a low-income elementary or secondary school (as defined by the Department of Education) and in a high-need field (as listed by the Department of Education), which include teaching areas such as science, math, foreign language, special education, etc. for a period of four years. Recipients are required to complete mandatory counseling sessions as well as sign an Agreement to Serve. Failure to meet all requirements of the TEACH Grant Program results in the TEACH Grant being converted to a Federal Direct Unsubsidized Stafford Loan with interest. Grants vary, up to $4,000 a year for awards disbursed before October 1, 2025. Additional information regarding the TEACH Grant can be found at TEACH Grant Program | Federal Student Aid.

Financial Aid

General Policies

General Policies

1. Students may receive more than one TCU-funded award. However, most university-funded grants and scholarships, when combined, may not exceed the value of a full-tuition award. With the exception of the Pell Grant, most federal and state grant programs are also limited to paying tuition costs.
2. Federal and state student aid received may only be used for educational purposes and federal financial aid can only be given to a student for coursework that is required for degree completion. Aid will not be given for any charges incurred for coursework that is not required.
3. Any aid granted by the University may be withdrawn at any time for unsatisfactory conduct.
4. If a student withdraws after the semester begins, they may be subject to repayment of financial aid funds to the university as defined in the withdrawals and return of funds policy.
5. Aid eligibility could change for dropped hours; please refer to the aid adjustment policy.
6. If invited to apply to the Honors College, scholarship recipients are encouraged to do so.
7. All students receiving financial aid from sources outside the University must notify the Office of Scholarships and Student Financial Aid of the amount and source of such aid.
8. Most financial aid awards are granted for one year and may be renewed if the recipient meets required stipulations. All reapplications and required documents must be received prior to May 1 to ensure priority funding.
9. Maximum duration of TCU-funded awards, including transfer awards, will be eight semesters or a total of 120 TCU semester hours of undergraduate study, whichever occurs first. A ninth semester of need-based aid is allowed for students in a program requiring more than 124 hours for a baccalaureate degree. The maximum duration of Transfer Chancellor's Scholarship is six semesters.
10. Students who receive financial eligibility-based assistance through TCU may not receive funds from any additional source that will exceed their eligibility. Most institutional aid can only be applied toward tuition, and in most cases, aid can only be applied toward a specific purpose. Any student who has been "over-awarded" will have their awards reduced by the Office of Scholarships and Student Financial Aid so that all aid received will comply with federal and state guidelines. When possible, this reduction takes place in either the work study or loan programs.
11. Notification of revisions will be sent to a student's official TCU e-mail account.
12. Most TCU-funded assistance is restricted to tuition costs for first-degree undergraduates. (Exceptions are made for the Ranch Management, Piano Certificate or Artist Diploma programs and for recipients of Alumni Half-Tuition and Professional/Personal Development Grant.)
13. Most academic scholarships may only be applied to tuition costs. Students receiving awards from other sources that are restricted to tuition charges must choose which award(s) to accept in the event these funds exceed tuition.
14. Academic scholarship amounts are determined in part by the available budget during a student's academic year of admission. These scholarship amounts will not be raised during a student's time at TCU for any reason even if tuition charges are increased. Students entering during a different academic year may receive a different amount for the same scholarship.
15. Academic scholarships are never to exceed 8 semesters, except for those majoring in Music Education and Engineering due to increased degree hour requirements. The maximum duration of Transfer Chancellor's Scholarship is six semesters.

16. Most designated aid is split evenly between fall and spring terms, unless otherwise specified. Students who graduate early are only eligible for the aid allocated for that term and cannot receive a full year's aid in one term.
17. To be eligible for most TCU-funded aid, a student must have a TCU cumulative GPA of 2.5 or better and must register for at least 12 semester hours, unless the aid is designated for part-time students. Note: Twenty-four semester hours of "letter-grade" credits each academic year (fall/spring) are required for academic scholarship renewal. See renewal requirements in the section titled Academic Scholarships.
18. To be eligible for federal and state aid, a student must have a TCU cumulative GPA of 2.0 or better and must register for at least six semester hours to receive federal loans. Students not meeting this requirement may appeal.
19. Repeating classes may impact aid eligibility. Classes in which a student originally received a grade of “F” or “NC” may be repeated, and funded, until a passing grade is obtained. Classes in which a student originally received a passing grade may only be repeated and funded one additional time. This limitation pertains to financial aid policy only. Academic policy may allow for additional repeated coursework, without the benefit of aid
20. Students must maintain the requirements outlined in the Undergraduate Student Financial Aid Statement of Satisfactory Academic Progress in order to apply for and receive financial aid.
21. If a student's FAFSA is selected for verification, all requested verification documentation must be submitted and processed or aid may be canceled. No disbursements of financial aid may be made until verification documents have been processed.
22. In summer terms, certain forms of financial assistance may be available based on eligibility or for participation in a TCU International Summer Study Abroad program. Information available at https://financialaid.tcu.edu/apply-for-aid/summer-aid.
23. Graduating seniors in their last semester may register as part-time students. Aid is offered on a pro-rated basis, provided the student enrolls in at least six credit hours.
24. Students participating in TCU-sponsored international programs are eligible for all TCU-administered aid.

Financial Aid

Non-Traditional Student Awards Program

Non-Traditional Student Awards Program

Responding to the needs of several types of part-time, adult and non-traditional students, TCU offers the following programs. Information and applications may be obtained by contacting the Office of Scholarships and Student Financial Aid, 817.257.7858. Students receiving assistance through these programs must maintain the standards set forth in the Undergraduate Student Financial Aid Statement of Satisfactory Academic Progress outlined elsewhere in catalog.

Personal/Professional Development Grant

Awards are available to qualified part-time, independent students at least 22 years of age. This first-come, first-serve grant is available to students who often do not qualify for other forms of financial assistance. With the exception of Pell Grants and educational loans, these grants may not be combined with other TCU-administered aid.

Alumni Half-Tuition

Persons with a TCU degree are eligible to take additional undergraduate courses, except for performance music, at half-tuition. Funds for this program are limited and some restrictions apply. A student may not be receiving tuition funds from any other source with the exception of educational loans and may not combine this award with

other financial aid administered by TCU. A student concurrently enrolled in a graduate degree program at TCU may not combine this award with aid through a graduate department. Readmission to the University as a non-degree student is available through the Office of Extended Education. For admission as a degree-seeking student, contact the Office of Admission. This assistance is awarded on a funds and space-available basis to students who register on the second day of class.

Financial Aid

Other Federal Programs

Other Federal Programs

Yellow Ribbon Program

Eligible students who receive 100% funding from Chapter 33 benefits will receive a base tuition allowance from the VA. With Yellow Ribbon funding for eligible undergraduate students, TCU will provide a grant for 50% of the remaining tuition and fee charges, and that amount will be matched by the VA.

Financial Aid

Other Financial Assistance Programs

Other Financial Assistance Programs

Hope Pierce-Tartt Scholarship

Residents of Gregg, Harrison, Marion, Panola and Upshur counties in the state of Texas may apply. The FAFSA is required. Amount varies and is generally between $1,000 and $5,000.

International Student Awards

A limited number of awards are available for international students based upon financial need and/or merit. The award amounts vary. Awards are subject to the General Policies of All Programs and the Undergraduate Student Financial Aid Statement of Satisfactory Academic Progress.

M.D. Anderson Pre-Med Scholarship

Applicants must have completed Chemistry 10113, 10123, 10122 or Chemistry 10114 or 10124, and Biology 10503 and 10501, and 10513 and 10511 or equivalent and have a cumulative TCU GPA of at least 3.0 overall and in the sciences. Applicants must demonstrate service to TCU, fellow students and the profession. Evidence of health-related experience and motivation toward a career as a doctor or dentist is also required. Amount varies and is generally from $500 to $5,000 per year.

State Scholarship and Grant Programs

Rhode Island, Michigan, Pennsylvania and Vermont award state grants to their residents, which may be used for enrollment at TCU. Residents of these states should contact the Higher Education Assistance Agency at the appropriate state capitol.

Summer International Study Grant

A limited number of grants are available for continuing TCU students in degree programs. The award amounts vary. Students must file a FAFSA for the academic year preceding the summer international study to be considered. Awards are subject to the General Policies of All Programs and the Undergraduate Student Financial Aid Statement of Satisfactory Academic Progress.

ROTC Scholarship Programs

The U.S. Army and Air Force defray some or all expenses for tuition and fees, provide a textbook allowance and pay a monthly stipend to highly qualified young persons selected to participate in the ROTC College Scholarship Program. Successful completion of the ROTC course and all academic requirements for a bachelor's degree qualifies participants for an officer's commission in the Air Force or Army. A service obligation is incurred by those commissioned through this program. Awards are available to entering first-year as well as current TCU students.

Four-year and Three-year Advance Designee ROTC Scholarship winners are eligible to compete for a limited number of TCU Room and Board Supplement grants and TCU ROTC Activity grants. To be considered, the student must meet the scholarship deadline (February 15) and the financial aid deadline (May 1). Inquiries should be made directly to the professor of military science (Army) or the professor of aerospace studies (Air Force) at TCU.

Veterans Administration

The Office of the Registrar assists individuals eligible for veteran educational assistance benefits. https://registrar.tcu.edu/current-students/veteran-affairs.php

Vocational Rehabilitation

The Texas Rehabilitation Commission (TRC) offers assistance for tuition and nonrefundable fees to students who have certain disabling conditions. The vocational objectives of the applicant must be approved by a TRC counselor. Examples of such conditions include orthopedic deformities, emotional disorders, diabetes, epilepsy and heart conditions. Other services are also available to assist the handicapped student to become employable. Application for such services should be made at Texas Rehabilitation Commission, Fort Worth District Office.

Other scholarship opportunities are available on the Horned Frog Scholar Search found at https://tcu.academicworks.com.

Confidentiality

At TCU, we are dedicated to respecting the privacy of our students and their families throughout the scholarship award process. In line with state and federal regulations, we take care to keep personal information confidential and secure, recognizing the importance of protecting each individual's right to privacy. A release is obtained from each student applying for scholarships to share pertinent data with those making scholarship decisions. For more information please see https://financialaid.tcu.edu/types-of-aid/scholarships/special-eligibility-scholarships.php.

Financial Aid

Performance Awards

Performance Awards

TCU also offers talent-based scholarships. Recipients are recommended by individual department(s), and the awards may or may not be based in part on results of the FAFSA and CSS Profile.

Athletic Scholarships

Scholarships for student-athletes are granted in accordance with NCAA and Big 12 Conference regulations. Student-athletes applying for financial aid from federal, state or other TCU-funded sources must meet additional eligibility requirements specific to those programs.

Nordan Fine Arts Scholarship

These awards are made to exceptionally talented students in art, ballet/modern dance, music and theatre. Award amounts vary and are renewable subject to the recipient fulfilling performance expectations.

Band and Marching Band Scholarships
Funds are available to some members of the Horned Frog Band. The amount depends upon talent and availability of other aid. Awards are made on recommendation from the director of bands after an audition. Awards may be renewed.

Orchestra and Choral Scholarships
Funds are available to some members of the University orchestra and choral programs. The amount depends upon talent and availability of other aid. Awards are made on recommendation from the director of the orchestra and the director of the choir after an audition. Awards may be renewed.

For More Information:

Dean, College of Fine Arts

Texas Christian University

TCU Box 298000

Fort Worth, TX 76129

Financial Aid

Religiously Affiliated Programs

Religiously Affiliated Programs

To receive aid from more than one religiously affiliated program, applicants must demonstrate financial eligibility through the FAFSA and CSS profile.

Beasley Foundation Grants

These grants are for members of the Disciples of Christ Church and are made available through the Theodore and Beulah Beasley Foundation, Inc. Eligibility is determined by the results of the CSS Profile, academic achievement and leadership potential. Most awards range from $1,000 to $20,000. Consideration for renewal is based upon successful completion of at least 24 hours and a minimum TCU cumulative GPA of 2.5. The FAFSA and CSS profile must be received by February 1 for entering first-year and transfer students for priority funding. Returning students must submit the FAFSA by May 1 for priority funding.

Bermont Family Undergraduate Jewish Student Scholarship

This scholarship assists students who are 1) entering first-year students of the Jewish faith; 2) transfer students of the Jewish faith; and 3) sons or daughters of religious leaders of the Jewish faith. Preference is given to student applicants who demonstrate financial need as evidenced by the FAFSA and CSS profile. Amount varies.

Christian Youth Fellowship (CYF) Grant

Through the cooperation of the Christian Church (Disciples of Christ), TCU is able to offer tuition assistance to regional officers of the Christian Youth Fellowship. These awards provide one-half tuition for up to 18 hours per semester and are renewable for up to eight semesters. Minimum renewal requirements are a 2.5 TCU cumulative GPA and successful completion of at least 24 hours during the academic year.

Applications must be received by May 1 each year.

Minister and Minister's Dependent Grant

Through funds provided by the Christian churches of Texas, New Mexico and Louisiana, partial-tuition grants are available to certain categories of students attending TCU. Included are:

- Spouses of full-time students of Brite Divinity School, the graduate seminary

- Unmarried youths under 23 years of age who are dependent children of Christian church (Disciples of Christ) ministers in full-time active service (including missionaries) and youths of Juliette Fowler Home (including employees of the home) spouses of full-time Christian Church (Disciples of Christ) ministers
- Spouses of full-time Christian Church (Disciples of Christ) ministers
- Full-time Christian Church (Disciples of Christ) ministers who wish to continue their education on a part-time basis in the undergraduate program

Awards will be in an amount not to exceed one-half tuition for up to 18 hours per semester and is renewable for up to eight semesters. Renewal requires the student is meeting satisfactory academic progress. Applications must be received by May 1 each year.

Religious Leadership Grant

Through the cooperation of the Christian Church (Disciples of Christ), TCU is able to award financial assistance, regardless of denomination, to students preparing to become ordained clergy, church musicians or directors of religious education in a full-time church congregation vocation. The minister and the board (or governing body) of the applicant's home congregation must certify the applicant as a member in good standing and as a candidate for full-time church congregation ministry. In addition, an essay from the candidate reflecting on the individual's theological development and commitment to devote his/her life to ministry as a full-time vocation is required. This certification should be received by TCU prior to May 1 for the fall semester and November 1 for the spring semester.

Recipients of a Religious Leadership Grant must enroll in an undergraduate program leading to a baccalaureate degree from TCU. They are required to major in religion or church music.

Prior to May 1 each year, all recipients must re-certify their commitment to enter a full-time church vocation and present evidence of their progress toward that goal. The home congregation, the TCU Scholarship Committee and the Department of Religion reviews the recertification. The student must also schedule an interview with the Chair of the Department of Religion or Coordinator of Advisement to re-affirm their goal of entering into congregational ministry and articulate that goal in their renewal essay. Award decisions are based on several factors, including academic record, applicant's essay and letter of recommendation.

Awards will be in an amount not to exceed one-half tuition for up to 18 hours per semester and are renewable for up to eight semesters. Minimum renewal requirements are a 2.5 TCU cumulative GPA and successful completion of at least 24 hours during the academic year.

Applications must be received by May 1 each year.

Financial Aid

Sponsored Scholarships and Outside Awards

Sponsored Scholarships and Outside Awards

Individuals, foundations and other agencies also provide scholarships for TCU students. These are awarded by the University in keeping with the standards and/or conditions stipulated by the donor. Qualified students are considered for these scholarships on the basis of the TCU admissions application. In addition, financial assistance is offered by a number of corporations, foundations and other organizations that provide funding directly to the student, who may then select the institution where the award is to be used. High school principals and counselors usually have information concerning such awards.

Financial Aid

State and Institutional Grant Programs

State and Institutional Grant Programs

Eligibility for the following programs is based upon receipt and evaluation of the FAFSA. In order to receive priority funding for these awards, the FAFSA must be submitted before May 1 for fall entry and Nov. 1 for spring entry. These programs are subject to the provisions stated in the section titled Financial Aid General Policies in this catalog, as well as specific program requirements as defined by the Texas Higher Education Coordinating Board.

TCU Horned Frog Need-Based Scholarship

Students with financial eligibility are considered for participation in this program. The results of the FAFSA and CSS Profile, as well as the strength of a student's academic credentials are reviewed. The award is based upon the quality of the entire applicant pool. Renewal is based upon results of the FAFSA and a minimum TCU cumulative GPA of 2.5.

Middle Income Scholarship

Students with financial eligibility are considered for this scholarship. The results of the FAFSA and CSS Profile, as well as the strength of a student's academic credentials are reviewed. The award is based upon the quality of the entire applicant pool. Renewal is based upon results of the FAFSA and a minimum TCU cumulative GPA of 2.5.

Tuition Equalization Grant (TEG)

The State of Texas sponsors a program to help equalize the cost of tuition between independent universities and the state public institutions. Awards vary, generally between $3,798 and $5,810. TCU participates in this program and funds are limited by the allocation awarded to TCU by the state. To qualify, a student must:

- Be a Texas resident as defined by the Texas Higher Education Coordinating Board
- Establish financial eligibility as evidenced by the FAFSA
- Not be the recipient of an athletic scholarship during the semester the student is receiving the TEG
- Provide results of a processed FAFSA no later than May 1 for fall and November 1 for spring

Tuition Equalization Grant (TEG) Hardship Policy

Students who do not meet the renewal requirements to receive TEG in a subsequent year are eligible to submit an appeal to have their award re-instated one of two ways:

1. For students who did not meet Satisfactory Academic Progress (SAP) measures and must appeal to receive all types of financial aid we do not require an additional TEG Hardship Appeal to be submitted for review. If the SAP committee approves a student's appeal and the student meets other TEG eligibility requirements, TCU awards TEG and code the student as receiving TEG on a Hardship basis if funds are available.
2. Students who meet Satisfactory Academic Progress (SAP) measures, but fail to meet TEG renewal guidelines are eligible to submit a TEG Hardship Appeal.

Students that submit TEG Hardship Appeal are reviewed on a case-by-case basis with professional judgment being exercised by the program officer when making decisions.

*Awards are generally approved if the student's appeal is deemed reasonable, demonstrates financial need, and funds are available with judgment being used to determine if the student has a realistic chance of meeting future renewal guidelines.

*The Financial Aid Office reviews and awards TEG using the Hardship provisions detailed in the TEG program guidelines (see below) that are posted to the Texas Higher Education Coordinating Board's website (www.thecb.state.tx.us) which reference Texas Administrative Code, Section 22.24.

A student who is ineligible for a TEG may be eligible under a hardship provision based on one of the following provisions:

- If the student is enrolled in less than ¾ time of full-time enrollment
- If the student's GPA falls below SAP requirements
- If the student's completion rate falls below SAP requirements
- If the student's number of completed hours falls below SAP requirements
- If the student requires an extension of the year limits to complete their certificate or degree

Financial Aid

Student Loan Programs

Student Loan Programs

Loans must be repaid and require the signing of a promissory note. Several types of loans are available.

William D. Ford Federal Direct Loan Program

The U.S. Department of Education is the lender. Three types of Direct Loans are available for undergraduates who file the FAFSA:

Direct Subsidized Loan

Loans are made to eligible undergraduate students who demonstrate financial need through the FAFSA. Interest rate for 2025-2026 (for loans first disbursed after July 1) is 6.533 percent. The federal government pays the interest during the period of at least half-time enrollment. Repayment begins six months after the student is no longer enrolled at least half time. Several repayment options are available.

Undergraduate students may borrow up to $3,500 as a first-year, $4,500 as a sophomore and $5,500 per year for subsequent years of study to a maximum of $23,000. The federal government will deduct an origination fee of 1.057 percent from the loan proceeds at the time of disbursement.

Direct Unsubsidized Loan

Loans are made to eligible undergraduates, but in this case the student does not have to demonstrate financial need. Interest rate for 2025-2026 (for loans first distributed after July 1) is 6.533% percent. Interest on the Direct Unsubsidized Loan begins accruing from the date the funds are disbursed. Interest may be paid monthly, quarterly or added to the principal. Repayment begins six months after the student is no longer enrolled at least half time. Several repayment options are available.

Dependent undergraduate students may combine the Direct Subsidized Loan with the Direct Unsubsidized Loan and borrow up to $5,500 as a first-year, $6,500 as a sophomore and $7,500 per year for subsequent years of study to a maximum of $31,000. The federal government will deduct an origination fee of 1.057 percent from the loan proceeds at the time of disbursement.

Independent undergraduate students may combine the Direct Subsidized Loan with the Direct Unsubsidized Loan and borrow up to $9,500 as a first-year, $10,500 as a sophomore and $12,500 per year for subsequent years of study to a maximum of $57,500. The federal government will deduct an origination fee of 1.057 percent from the loan proceeds at the time of disbursement.

Direct PLUS Loan

A parent of a returning undergraduate student who has not passed their time to credential may borrow an amount up to the estimated cost of attendance as defined by federal law minus other forms of financial aid. A parent of an incoming undergraduate student may borrow up to $20,000 per year, with an aggregate lifetime limit of

$65,000 in borrowing. The parent must be credit approved. For 2025-2026 (loans first disbursed after July 1) the program has a 9.083 percent fixed interest rate and a 4.228 percent origination fee, which will be deducted from the disbursement. Several repayment plans are available.

Nursing Student Loan

TCU is the lender for eligible nursing students who demonstrate financial need through the FAFSA. Funding is limited. Loan limits for 2025-2026 are $5,693 per year for students in year one and year two, and $8,955 per year for students in year three and four. Aggregate limit is $28,078. This loan has a fixed interest rate of 5 percent. Repayment begins and interest begins to accrue nine months after the student is no longer enrolled at least half time. Payment is a minimum of $35 per month over a period of up to 10 years.

College Access Loan (CAL)

The lender is the Texas Higher Education Coordinating Board. This loan is for Texas residents who are enrolled at least half time. Financial need is not required, but applicants should submit the FAFSA. The amount of federal aid that a student is eligible for (regardless of whether they actually accepted) must be deducted from the cost of attendance in determining the CAL loan amount. A credit-worthy co-signer may be required. Experian Vantage Score of 650 required for approval. Effective September 1, 2023, the Texas Higher Education Coordinating Board is required to calculate the final loan amount based on a student's "manageable debt" for the borrower's program of study. As of August 1, 2022, this program has a 5.35 percent fixed simple-interest rate. Any updates to the interest rate will be posted on hhloans.com. Interest begins accruing on the date of disbursement. Repayment begins six months after the student is no longer enrolled at least half time.

Etta Newby Loan

TCU is the lender. This program requires Texas residency with preference given to Fort Worth high school graduates. A student must demonstrate need based on the need analysis from the FAFSA or TASFA, and applicants must have at least a 2.5 overall GPA. Loan amounts vary, with a maximum of $5,000 in an academic year. There is no interest charged; however, recipients are expected (not required) to contribute to the fund after the debt is repaid. Repayment begins one month after the student graduates or ceases to be at least a half-time student. Funds are limited.

Transfer Awards

Transfer Awards

Transfer scholarships are automatically awarded when minimum requirements are met (except for Transfer Chancellor's Scholarship). Candidates must present a minimum cumulative college GPA of 3.0 and at least 12 hours of transferable coursework. Other factors that are considered include strength of curriculum, GPA earned during the last 30 hours of coursework, communication skills and extra-curricular activities. Scholarship renewal is based on the successful completion of at least 24 hours of letter-grade coursework at TCU during the academic year (fall and spring terms). A TCU cumulative GPA of 3.25 is required at the conclusion of the spring term.

Note: Merit Scholarships are only for new full-time students and will not be awarded to current or former TCU Students. Only one transfer scholarship is awarded per student.

Transfer Chancellor's Scholarship

Amount: Full tuition for up to 18 hours per semester for up to six undergraduate semesters.

Transfer Deans Scholarship

Amount: $30,000 per year for up to eight undergraduate semesters. Total value up to $120,000.

Transfer Faculty Scholarship

Amount: $27,000 per year for up to eight undergraduate semesters. Total value up to $108,000.

Phi Theta Kappa Alumni Scholarship

Amount: $27,000 per year for up to eight undergraduate semesters. Total value up to $108,000.

Transfer TCU Scholarship

Amount: $25,000 per year for up to eight undergraduate semesters. Total value up to $100,000.

Transfer Founders Scholarship

Amount $15,000 per year for up to eight undergraduate semesters. Total value up to $60,000.

Financial Aid

Undergraduate Satisfactory Academic Progress Policy

Undergraduate Satisfactory Academic Progress Policy

All students must maintain satisfactory academic progress (SAP) requirements to receive financial aid. This academic progression is measured by three components:

1. Qualitative progress - cumulative grade point average (GPA)
2. Quantitative progress - credit hours attempted versus credit hours successfully completed
3. Cumulative progress - the maximum time allowed for completing your program of study

Qualitative Progress

The **qualitative** component is based on a student's **GPA**. Students must attain a minimum cumulative T**CU GPA of 2.00** at the end of each spring term. With the exception of some study abroad courses, grades from classes taken at another school do not affect the TCU GPA.

Quantitative Progress

The **quantitative** component considers the number of credit hours a student successfully completed in comparison to the number of credit hours attempted. The student **must successfully complete at least 75 percent of all hours attempted at TCU during each academic year.** The academic year begins with the summer term.

- Attempted hours are based on a student's enrollment status on the 12th class day for fall and spring terms; summer attempted hours are based on the first day of each summer session. An exception to the 75 percent total is made for students who complete a minimum of 24 hours combined from the fall and spring terms.

Term	Attempted	Completed
2025 Summer	6	3
2025 Fall	15	12
2026 Spring	12	6
	33	21
64% of Attempted Classes Completed		
Satisfactory Progress Not Achieved		

Term	Attempted	Completed
2025 Summer	3	3
2025 Fall	15	9
2026 Spring	12	12
	30	24
80% of Attempted Classes Completed		
Satisfactory Progress Achieved		

The following grades will be counted as credits completed: "A", "B", "C", "D", (+/-) and "P".

- Grades of "F", "W", "Q", "I" , "NC", and "AU" are not counted as completed credits. In addition, credits earned from Advanced Placement (AP), College Level Examination Program (CLEP), International Baccalaureate and the College Board Achievement Tests in Foreign Languages (ACH) are not counted in the quantitative total.
- If a student successfully converts an "I" grade to "A", "B", "C", "D", (+/-) or "P" by the deadline published by the Office of the Registrar's, they can submit a written request for reevaluation to the Office of Scholarships and Financial Aid.
- Repeated classes in the quantitative total – A student may retake a failed class until a passing grade is achieved. A student may retake a previously passed course only once for inclusion in attempted hours for financial aid. If a student repeats a course taken at TCU, the official grade is the last letter grade made, although all grades appear on the transcript. Only the last letter grade earned in the repeated course will be used in computing a student's GPA.

Cumulative Progress

The **cumulative** component consists of two pieces that relate to the maximum length of time a student may receive Federal financial aid; generally defined as 150% of the time and hours needed for completion of a four-year degree.

The first cumulative piece requires a demonstrated minimal progression toward degree completion (PACE) that will ensure graduation within the time frame allowed. PACE is calculated by dividing the cumulative hours a student successfully completed by cumulative hours attempted. Please note that PACE measures a "minimal" progression related to aid eligibility and not graduation requirements. The following chart illustrates the minimum hours needed to meet this requirement for a full-time student in a program requiring **124** hours to graduate:

	Percent of Total	Hours
Entering 3rd year	40%	50
Entering 4th year	60%	74
Entering 5th year	80%	99

The following chart illustrates the minimum hours needed to meet this requirement for a full-time student in a program requiring **120** hours to graduate:

	Percent of Total	Hours
Entering 3rd year	40%	48
Entering 4th year	60%	72
Entering 5th year	80%	96

The second cumulative piece tracks a student's completion of the total hours needed to complete the degree (maximum time frame). Most TCU undergraduate degrees require completion 120 credit hours in eight semesters. Therefore, 150 percent of the time required to complete most four-year degrees is 180 hours and 12 semesters.

- Attempted hours are counted for all terms, even those for which a student does not receive financial aid, as well as those where a student receives a "Q" grade.
- Transfer credit hours that are accepted toward a student's educational program are counted as both attempted and completed hours.
- Students who change majors may request a one-time recalculation for maximum time frame.
- If a student is seeking a second degree, they may appeal the maximum hours limit by providing documentation of hours that apply to the current degree, in writing to the Office of Scholarships and Financial Aid.
- Please note: All TCU funded grants and scholarships are limited to eight semesters or 120 semester hours of undergraduate study, whichever occurs first (the transfer Chancellor's and TCC Cornerstone Scholarship are limited to six semesters total). If a student is enrolled in a program of study requiring more than 124 hours for their primary major, the student may request one additional semester of funding.

Failure to Maintain Satisfactory Academic Progress (SAP)

Quantitative, qualitative and cumulative progress is evaluated at the end of each spring term by the Office of Scholarships and Financial Aid. If a student is not meeting SAP requirements, they will be notified via email.

Summer Semester

If the student is enrolled for the summer payment period, then it would be included for the purpose of evaluating and monitoring satisfactory academic progress (SAP).

Winter Session

The winter session is considered a session that is part of the spring term for aid purposes. Hours are considered attempted hours for SAP. Earned hours are used in calculation for SAP.

Appeals Procedure

If a student loses financial aid because of a failure to meet SAP, they may appeal this determination to the Academic Progress Appeals Committee (the committee). An appeal must be based on significant mitigating circumstances that seriously affected the student's academic performance. Examples of possible mitigating circumstances are serious illness, severe injury, death of a parent or sibling and other similar situations. A student may only file one appeal for each mitigating circumstance.

- If a student's appeal is approved, they will be eligible for financial aid on a probationary status for one term. The student must meet SAP standards by the end of the probationary period to continue receiving financial aid.
- Second appeals will only be reviewed for different extenuating circumstances from the first appeal approved.
- In some cases, the committee may require the creation of an established academic plan that outlines what a student must do in order to reinstate eligibility for aid. The committee will notify the student during the appeal process if an academic plan is required.
- If a student has been readmitted to the university after an academic suspension, they must file an appeal for reinstatement of financial aid.

The Academic Progress Appeals Committee meets in June, July and January to review student appeals. The deadline for each appeal meeting is posted on the financial aid website. You will be notified of the committee's decision within one week of the scheduled appeals meeting.

Re-establishing Eligibility

If you do not file an appeal or your appeal is denied, and you are not meeting qualitative or quantitative progress components, you may reestablish eligibility for financial aid by taking the following actions:

- Raise your cumulative GPA to meet the minimum standard (2.0), and
- Successfully complete 75% of your attempted hours for the term

You may not regain financial aid eligibility by choosing not to attend TCU for a term(s), or by paying your own tuition and fees for a term(s) if the minimum requirements stated above are not met.

Access to Satisfactory Academic Progress Policy

The policy for Satisfactory Academic Progress is revised and published each year by June 1. Above is the current policy and a link is also available on the Financial Aid Home Page.

Division of Student Affairs

Division of Student Affairs

The Division of Student Affairs at TCU provides student programs and services that support student success and enhance the collegiate experience. TCU offers a rich learning environment, and through a variety of experiences, students engage in an intensive process of intellectual, personal, moral and social development. The division holds a special, but not exclusive, responsibility to assure that the co-curricular learning experiences of students are of high quality, are directed to the development of students, and meet both institutional and individual student needs.

The division complements the academic mission of TCU. Through programs, activities and services, the division strives to assure that graduates are prepared to assume roles as productive citizens. Therefore, there is an emphasis on leadership and civic engagement, understanding our rich, diverse society, accepting responsibility and developing opportunities for critical thinking and application of classroom learning.

The Division of Student Affairs provides services central to a quality student career, including residential services, health services, leadership and recreation services, career services, dining services, parking services and public safety.

The following units and departments compose the Division of Student Affairs, which is under the leadership of the vice chancellor for student affairs:

- Business Operations
- Campus Police (Security, Crime Prevention and Parking)
- Center for Career and Professional Development
- Dean of Students (Educational Discipline, Crisis Response, Code of Student Conduct, Student Handbook)
- Emergency Planning and Management
- Fraternity & Sorority Life
- Heath Services (Health Center, Counseling Center Psychological Services, Health Education, Substance Useand Recovery Services
- International Student Services (Pre-Arrival Services, Immigration, Orientation, Programming and Adjustment Issues, Working on Campus Assistance)
- Leadership and Student Involvement (New Parent & Family Programs, Student Orgs, Student Activities)

- Religious and Spiritual Life
- Residential Services (Housing and Residence Life, Dining Services)
- Student Affairs Information Services (Identification Card Center, Card Access
- Student Identity and Success (Intercultural Center, Community Scholars)
- Student Success (Transfers)
- Student Veteran Services
- University Recreation Center (Intramurals/Sports Clubs, Outdoor Programs, Fitness, Wellness, Aquatics)
- University Unions

Division of Student Affairs

Bicycle Regulations

Bicycle Regulations

Bicycle registration forms can be submitted online at www.police.tcu.edu, and the registrant may come to the TCU Police Department to receive a bicycle permit. Forms may also be obtained at the TCU Police Department, 3025 Lubbock Ave.

Bicycle riders must adhere to all state and local laws. Pedestrians have the right of way.

Division of Student Affairs

Campus ID Card

Campus ID Card

The TCU ID card is a student's access key to many University resources. Students can use their ID cards to access dining funds, residence halls, and athletic events. ID cards may also be used to charge concessions at athletic events, items from vending machines, purchases at the bookstore, photocopies in the library, and Frog Prints Printing Services, and computer printouts from the Information Commons and other public computers across campus. It is also used to verify identity if requested by a TCU official. The card is active as long as a student is enrolled. Most students' ID card will remain active over the summer as long as they were enrolled in the previous spring semester and have already enrolled in the upcoming fall semester. It will only need to be replaced if lost or stolen. We do not require students to purchase a new card each year. Card- holders may replace lost or damaged cards at the ID Center during normal business hours. TCU police can print a replacement ID after hours or on weekends. There is a replacement charge of $20 for a lost or stolen card. Beginning May 1, 2025, the replacement charge will increase to $30 for a lost or stolen card.

Card owners are responsible for reporting lost or stolen cards promptly to ensure that no one else uses ~~your~~ their card. Card owners can deactivate a lost or stolen card online several ways:

1) GET app/Settings/Report Card as Lost
2) TCU mobile app/Dining/GET App (Manage my ID)/Settings/Report Card as Lost
3) my.tcu.edu/Helpful Links/GET App (Manage my ID/ "I Lost my Card"
4) idcenter.tcu.edu/Manage your ID/login to GET App/ "I Lost my Card"
5) During business hours, call the ID Center at 817-257-7856
6) Outside of business hours, call the TCU Police at 817-257-7777

Until a card is reported lost or stolen you are responsible for any card purchases.

The ID card remains the property of TCU at all times, and funds and privileges attached to the card are non-transferable. Any misuse of the card could result in loss of privileges or disciplinary action. ID cards should be in a student's possession at all times and must be shown upon request of any University official.

If at any time students have questions or problems with their ID card, visit www.idcenter.tcu.edu, contact the ID Card Center in Brown-Lupton University Union at 817.257.7856 or email IDCenter@tcu.edu.

Division of Student Affairs

Campus Recreation and Wellness Promotion

Campus Recreation and Wellness Promotion

The Department of Campus Recreation & Wellness Promotion encourages lifelong wellness through holistic education and quality recreation and wellness programs, services and facilities that enhance the university experience through participation and leadership. It is the vision of the department to be a cornerstone of the University experience that positively engages every member of the TCU community in promoting healthy lifestyles.

The 232,000 square-foot facility provides for a variety of recreational opportunities, including swimming, basketball, volleyball, badminton, weightlifting, an indoor track for walking and jogging, cardiovascular training equipment, a games area, a climbing wall, computer access and food service.

The Wellness Education office offers primary prevention programming through collaboration with the University community. Programs and services provided include suicide prevention, sleep hygiene instruction, stress management workshops and healthy relationship training. Peer educators aid in the delivery of information.

The Aquatics Program offers instructional and fitness activities in the water, in addition to recreational swimming. Three pools grace the University Recreation Center: a 25-yard lap pool, a 22-foot-deep diving well and an outdoor leisure pool and patio.

Structured, competitive and recreational sporting events are scheduled throughout the academic year in the Intramural Sports Program. Activities involve team sports, individual or dual events and special events. Only currently enrolled TCU students and faculty/staff may participate in the Intramural Sports Program.

In addition to the Group Exercise Program, the Fitness Program offers personal training, massage therapy and fitness assessments. Group exercise classes are designed for beginner, intermediate and advanced levels.

The Climbing Wall is sure to provide an exciting outlet, whether you are entirely new to climbing, have been climbing for years, or are just looking for a challenging addition to your workout regime. We offer instruction and supervision on the 30-foot wall, with more than 20 top rope routes and a variety of bouldering routes. All climbing equipment, including shoes, harnesses, ATCs and carabineers, are available at the wall for free.

The Sport Clubs Program is designed to serve individual interests in different sport and recreational activities. Membership is open to all students and the club must be a recognized student organization. These interests can be competitive, recreational or instructional in nature, as clubs may represent TCU in intercollegiate competition or conduct intra-club activities, such as practice, instruction, social activities and tournament play.

Memberships

TCU faculty and staff must purchase membership to have access to the University Recreation Center. Cost is $120 for an annual membership and may paid through payroll deduction. Memberships are also available for purchase for spouse/partners, dependents and children of Faculty/Staff. For more information about any of the programs offered by the Department of Campus Recreation call 817.257.PLAY.

Division of Student Affairs

Center for Career and Professional Development

Center for Career and Professional Development

Career Exploration and Job Search Advising

The Center for Career and Professional Development plays a crucial role in preparing students for life after college and in helping alumni through career transitions. From exploring possible fields to preparing for interviews, landing internships or launching a career, the career center is a partner in today's competitive job market. The following are just a few of the services available at no charge to students and alumni.

- Career assessments
- Individual and career advising
- Resume and cover letter assistance
- Interview coaching and practice
- Job search assistance
- Job and internship listings on FrogJobs by Handshake: https://tcu.joinhandshake.com
- On-campus interviewing
- Professional events and career fairs
- www.careers.tcu.edu, provides access to career planning tools, Intern Scholarship Program information, and additional resources to support student and alumni career development.

The BNSF Railway Career Center is located in The Harrison, First Floor and is open 8 a.m.-5 p.m. Monday-Friday. The Alcon Career Center, for Neeley School of Business students, is in Sumner Hal 2211, same hours. Both offices are open Monday-Friday, 8:00 am – 5:00 pm. Career Consultants also host office hours in academic building throughout the year.

Students and alumni may schedule personalized advising appointments via Handshake;https://tcu.joinhandshake.com or by email careers@tcu.edu.

Call 817-257-2222 for information or additional resources.

Division of Student Affairs

Counseling and Mental Health Center

Counseling and Mental Health Center

Our mission is to provide quality treatment and recovery services that contributes to the academic success and personal growth of TCU students. Licensed mental health professionals provide a variety of goal-directed, confidential, evidence-based interventions that help students cope with mental health concerns, and grow in self-confidence. The Counseling and Mental Health Center provides:

A dedicated team of triage and crisis response counselors who are available daily

- Peer Support Communities to address common student concerns
- Goal-oriented individual and group therapy
- 24/7 Phone Counseling Helpline (817) 257-7233
- Equine Assisted Group Therapy (nearby campus)
- Campus Intensive Outpatient Programs for behavioral health and substance use concerns.
- Referral Assistance Services to off-campus providers for longer-term, or specialty care needs
- Consultation for those concerned about the welfare of a student

- Educational programs for students, faculty, and staff on mental health and sexual assault prevention and stigma reduction

The Counseling and Mental Health Center is located on the second floor of Jarvis Hall. Hours during the academic year are Monday, Tuesday and Wednesday 8 a.m.-8 p.m. and Thursday and Friday 8 a.m.-5 p.m. Summer hours are 8:00 a.m.-5:00 p.m. To eliminate waiting for a first appointment, all first-time visits are 30-minute scheduled phone sessions, which are offered every day 10 a.m.-11:30 a.m. and 1–3 p.m. If your schedule does not allow these hours, call the office to arrange a first appointment. See counseling.tcu.edu for more information.

Division of Student Affairs

Dean of Students

Dean of Students

Educational Conduct Process

TCU Students should conduct themselves in a manner compatible with the University's function as an educational institution and the TCU mission statement. Each student is expected to be acquainted with published policies, rules and regulations of the University and will be held responsible for compliance with them. Students are also expected to comply with all federal, state and local laws. This principle extends to off campus and online conduct which in TCU's judgment, involves or adversely effects TCU members of the University Community and/or the pursuit of its objectives or substantially affects TCU's interests. Students may be held accountable by TCU and police agencies for the same instance of misconduct.

Reported violations of the Code of Student Conduct are investigated and resolved by staff members in the Division of Student Affairs under the general supervision and direction of the Dean of Students Office. Violations of the code are subject to a range of outcomes.

The Code of Student Conduct, including the academic conduct process, is at www.studenthandbook.tcu.edu.

The following are examples of conduct that is prohibited and subject to the outcomes outlined in section 5.8 of the Code of Conduct. This list includes, but are not limited to:

1. Infliction of bodily or emotional harm.
2. Hazing.
3. Destruction of property.
4. Use, storage or possession of weapons, dangerous devices or substances.
5. Tampering with safety equipment and arson.
6. Dishonest conduct.
7. Theft/unauthorized use of property.
8. Unauthorized or abusive use of technology, computer equipment, programs or data, or resources.
9. Failure to comply with University authority.
10. Alcohol (See www.studenthandbook.tcu.edu for details.)
11. The use, production, distribution, sale or possession being under the influence of, or driving under the influence of drugs, including cannabis in any form, and/or prescription drugs in a manner prohibited under federal and/or Texas. (Seewww.studenthandbook.tcu.edu for details).
12. Unauthorized entrance to or presence in or on University premises.
13. Disorderly and/or disruptive conduct that substantially undermines or interferes with the University's mission.
14. Violation of any federal, state or local law.

15. Violation of any University rules or regulations.
16. Violation of the University's Prohibited Discrimination, Harassment, Sexual Misconduct, and Retaliation Policy (See www.studenthandbook.tcu.edu for more details).
17. Use of tobacco or nicotine products and/or tobacco or nicotine paraphernalia.
18. Abuse of the University conduct system.
19. Activities that jeopardize building security for any member of the University community.
20. Behaviors that endanger or interfere with the well-being of any member of the University community in University facilities.
21. Causing excessive noise, or violating the University's housing visitation policy.
22. Acts that harm or otherwise negatively affect the appearance or structure of University facility exteriors, interiors or furnishings by failing to exercise reasonable care or in specific acts of vandalism.
23. Any act that violates the academic integrity of the institution (See www.studenthandbook.tcu.edu.)

Division of Student Affairs

Dining Services

Dining Services

Eating on-campus is easy with the TCU dining plans. There are two “all you care to eat” facilities: Market Square in the Brown Lupton University Union (BLUU) and East End Dining in Gutierrez Hall, The King Family Commons Building (KFCB), Bistro Burnett in the library and the Kinder Café in the Neeley School of Business provides meals and snacks throughout the day. Students also enjoy eating at Chick-Fil-A in the BLUU, Starbucks is located on the first floor of the BLUU as well. For details about the dining plans, visit www.housing@tcu.edu or https://dining.tcu.edu.

King Family Commons

The King Family Commons Building is located on Stadium Drive and Bellaire Drive in the Worth Hills area of campus. With four retail dining options, students have the flexibility to use cash, credit card, Campus Cash or Frog Bucks to grab a cup of coffee at The Press, eat breakfast or dinner at O'Brien's, build a burrito bowl at Caliente or get a fresh meal free of seven of the top nine allergens Magnolia's Zero7. For students seeking a different location to lounge or study, King Family Commons offers some creative seating for these activities as well. The building is open daily from 7 a.m. to 11 p.m. (hours vary at each dining location).

Additional Campus Dining

- Union Grounds — located in the Brown-Lupton University Union
- Shake Smart—located in the Campus Recreation Center
- Bistro Burnett — located in the library
- Kinder Cafe'— located in Tandy Building
- The Shoppe at Wright – located in Wright Hall (Commons); an Amazon “Just Walk Out” market

Campus Cash

Campus Cash is designed to give students flexibility and can be used at any of TCU's campus dining locations. **Frog Bucks**

Designed to give students flexibility, Frog Bucks (are added by students and work the same as campus cash on campus. If students are running low, they can easily add more Frog Bucks online through my.tcu.edu. All Frog Bucks added to the base meal plan are refundable.

Special Dietary Needs

Market Square offers a variety of vegan, vegetarian and gluten-free options at every meal. The nutrition counselor, a registered dietitian, will meet with students who have dietary concerns to discuss menu options. If you need assistance with dietary accommodations, contact the Center for Academic Services at (817) 257-6567.

Connect with us:

- dining.tcu.edu– keeps you informed of special events and limited time offers; enables buying items online
- www.instagram.com/tcu_dining/ to keep you in the know about dining events.

Division of Student Affairs

Fraternity and Sorority Life

Fraternity and Sorority Life

Fraternity and Sorority Life (FSL) is responsible for the oversight and support for the 40+ fraternal organizations hosted on campus, the operations and management of 25 Chapter Facilities and the Worth Hills Village. FSL staff provides advisory support, accountability, chapter development, student training and development, and coordinates all efforts related to the success and sustainability of the fraternity and sorority community. Fraternity and Sorority Life is located in PE Clark, Garden Level (facing the National Pan-Hellenic Council Pillars) and can be reached at 817-257-7281 or via email at GreekLife@tcu.edu. For more information, please visit www.greeks.tcu.edu.

Mission: TCU fraternities and sororities complement a student's academic experience by providing personal and professional development. Members create meaningful intergenerational relationships, adopt shared values, and develop skills students need to become leaders in the global community.

Division of Student Affairs

Health Center

Health Center

The Brown-Lupton Health Center is located just north of the University Union. This AAAHC - accredited facility is staffed by board-certified physicians, physician assistants, nurse practitioners and a nursing staff of LVNs and RNs. The Health Center provides ambulatory medical and psychiatric care for the various needs of TCU students. Appointments must be scheduled in advance. During the academic year, hours are 8 a.m.-5 p.m. Monday through Friday with medical appointments starting at 9:00 am.

The TCU Pharmacy, an independently owned pharmacy offering competitively priced prescriptions and over-the-counter medications, is conveniently located within the Health Center. The pharmacy accepts most insurance plans. Co-pays and medication costs can be billed to the student's University account or paid for by credit card, cash or check at the time the prescription is filled.

Required Vaccines

All students must comply with the university's health requirements before registering for classes. These include the following;

- Meningitis ACWY – one dose given within the last five years
- MMR (Measles, Mumps and Rubella) – Two doses

Both dates and records must be submitted on the TCU Student Health Portal. Students must **enter the dates** of the vaccinations and **upload** supporting documents.

Immunization records will be accepted from the following:

- Documentation bearing the signature of a licensed healthcare provider,
- Official immunization record generated from a state or local health authority, http://healthcenter.tcu.edu/
- Official record received from school officials

Exemptions

- Students over the age of 22 are exempt from the Meningitis requirement.
- Students born before 1957 are exempt from the MMR requirement.
- Students with immunity to Measles and Mumps may submit their results proving their immunity in the absence of vaccination records.
- Students with a medical contraindicated requirement with the TCU Vaccination Exemption Form (available at http://healthcenter.tcu.edu/.) and corresponding documents from your healthcare provider.
- Students with a reason of conscience affidavit must submit a copy of their affidavit online and **must deliver the original to the health center** by mail or in person to the TCU vaccination Exemption Form.
- Veteran and active duty military are exempt from the MMR requirement.

Medical History

- Student must submit a Medical History form on the TCU Student Health Portal.

Required Health Insurance

All undergraduate students carrying ~~nine~~ six or more semester hours are required to have health insurance through either an individual/family plan or the University-offered United Healthcare Student Health Insurance plan. International students, regardless of classification, are required to carry the University-offered insurance as a minimum standard of coverage and are not eligible for a waiver of the insurance. Students majoring in nursing must have health and accident insurance coverage at any time they are enrolled in a clinical course regardless of the number of semester hours carried.

The plan offered by TCU is a major medical policy that provides benefits both on and off campus throughout the U.S. Detailed information about the University-offered plan can be found on the Health Center's website under insurance.

If coverage comparable to the TCU Plan is provided by a family/individual plan, the University-offered insurance may be waived online once the student has registered for classes. A waiver entered by the fall semester's deadline will remain in effect for that academic year. Failure to enter a waiver online by the specified deadline will result in the student being automatically enrolled in and billed for the University-offered United Healthcare student health insurance. For students entering in the spring semester, a waiver must be entered online prior to the spring semester's deadline. Deadlines and other information to waive are emailed.

All graduate students taking one or more credit hours in a matriculated program are automatically enrolled in this insurance plan, unless proof of comparable coverage is furnished on a hard-waiver basis. Graduate students in non-matriculated programs are ineligible to enroll in this insurance program. The student plan is not available to TCU employees, even if they are taking classes.

Division of Student Affairs

Housing and Residential Life

Housing and Residential Life

Housing and Residence Life creates the communities in which students live, study and build friendships. TCU isa residential campus by design, with approximately half of all undergraduate students living on campus. These students learn responsibility, problem-solving and how to be leaders. They begin to appreciate the unique perspective of others and develop a sense of belonging. The Department of Housing and Residence Life challenges, supports and educates residents within our communities to become responsible, aware and engaged citizens.

Living in a residence hall is a vital part of being a Horned Frog. This is the time and place that you meet people from all over the world, develop lifelong friendships and get involved in a variety of activities.

Residence hall rooms for first year students are designed for as double occupancy; however, some rooms will accommodate three students. All of the residence halls are air-conditioned, non-smoking facilities. A standard room contains a bed, a desk and chair, a chest and a closet or wardrobe unit for each student. We want your space to be your home away from home, so we encourage you to add decorative items to personalize it.

Residence hall staff are trained to focus on building relationships with students and helping students build relationships with others. The hall director, a full-time live-in professional supervises the RA staff. Each hall has student staff who respond to student needs and alert ~~to~~ student concerns. Hall staff know the many University resources and can help students find needed assistance.

Residence hall communities are places where students sleep, study, socialize and find their sense of belonging at TCU. All residence halls offer a broad range of programs designed to complement their academic experience and provide lasting memories.

Residency Requirement

All entering students are required to live on campus or in other TCU authorized housing for their first two years after high school graduation, subject to the following exceptions:

- Students who are 21 years or older as of the first day of classes for the fall semester;
- Students who are married and/or have dependent children living in their home.
- Students who will continue to live in Fort Worth or within 30 miles from campus with their parents or legal guardian.
- Veterans.
- Part-time (fewer than nine credit hours).

Students enrolled for less than nine credit hours may live in a residence hall only with special permission from the Department of Housing and Residence Life. The campus housing license applies to the entire academic year. Students under 17 or over 25 are housed by special permission only on a space-available basis. Housing for incoming transfer students cannot be guaranteed; however, every effort will be made to accommodate as many as possible.

Housing Preferences

The right to make re-assignments is reserved by the University. The University makes room assignments without regard to age, race, color, religion, sexual orientation, national origin, ethnic origin, disability, covered veteran status, and any other bases protected by law.

Other housing information and current regulations are distributed to students at the beginning of each semester. Detailed housing information may be viewed at www.housing.tcu.edu and at my.tcu.edu under the Student Services link.

The Intercultural Center

The Intercultural Center

The Intercultural Center is committed to cultivating a campus community that celebrates TCU students' identities, cultures, and experiences. This welcoming space on campus provides programming, leadership development, co-curricular opportunities, and support by serving as the home for the Student Identity & Engagement, International Services, and TCU's Student Government Association. The Intercultural Center fosters a connected community where students are welcome to be their authentic selves while also appreciating and valuing others' ability to do the same.

Division of Student Affairs

International Services

International Services

Located within the Division of Student Affairs, TCU's International Services Office supports the university's 750+ international students and scholars from over 90 countries and all TCU sponsored employment-based visas. Specialized in immigration compliance, cultural transition, institutional compliance, student advising and programming, the International Services Office is one of the primary offices tasked with advancing the university's the university's connection efforts, as well as its mission "to advocate for an interconnected world characterized by integrity, engagement, community, and excellence through international education, fostering global citizenship, holistic advising, and collaborative programming to create responsible, ethical global leaders."

Located in the new TCU Intercultural Center, the International Services Office creates impactful educational engagements between the international community, the university, and an inclusive spectrum of the global community by taking an intentional approach to international students' needs through signature programs that focus on the following 4 support areas: Orientation and Adjustment, Immigration Support, Professional and Career Support, and Social and Cultural Exchange.

Division of Student Affairs

Leadership and Student Involvement

Leadership and Student Involvement

Leadership & Student Involvement maximizes students' potential through individual and community development. LSI houses the First Year Experience, University Unions, Student Activities, Student Organization, Student Government Association, Leadership & Experiential Learning, and Service Learning & Academic Initiatives. Visit www.lsi.tcu.edu or BLUU 2003 for more information.

Division of Student Affairs

New Student and Family Programs

New Student and Family Programs

The New Student and Family Programs team focuses on the transition from high school to college and connects students and their families to campus resources, academic life and the TCU community through Orientation, Frog Camp, Frogs First, and parent and family programs.

Orientation is designed to assist incoming students and their families with the transition to university life by providing essential information and helping students meet new and continuing students, faculty and staff.

Frog Camp immerses new students in TCU history and traditions, helps them establish new friendships and guides them to acquiring the skills they need to be successful in college. Along with upper-division students and members of the faculty or staff, Frog Campers find out what it means to be a Horned Frog, and along the way, they forge lasting bonds and friendships. Frogs First is a series of programs/events that serves as the campus welcome for new students. Frogs First is composed of Chancellor's Assembly, Need2Know and a student organizations fair where students can learn more about how to get involved with the clubs and organizations on campus. Students will be led through this experience with a Frogs First leader.

Parent and Family Programs benefit parents and guardians in numerous way such as assisting parents in the transitional experiences related to beginning college, providing resources and information to keep parents informed about and involved with the University, and creating a partnership between families and the University.

The TCU Parent and Family Council is comprised of families that meet on campus twice annually to discuss issues surrounding academic and co-curricular activities at TCU. In addition to receiving information, the parents provide feedback to administrators, serve as ambassadors to parents within their own communities and assist with University initiatives.

The TCU Parents Association is open to parents and guardians of all TCU students. It acts as a resource to inform, connect, engage, and empower parents to support the successful development of all TCU students and to affirm the mission of the University. Parents are encouraged to join the parent-run Parents Association either through a donation or by getting involved. Information about these programs and other resources may be found at https://studenttsuccess.tcu.edu/parent-family/.

Division of Student Affairs

Office of Emergency Management

Office of Emergency Management

The office of Emergency Management is responsible for creating the framework within which the Horned Frog community increases institutional disaster resilience. TCU Emergency Management facilitates a comprehensive emergency management program that emphasizes the following: prevention, mitigation, preparedness, response and recovery.

Division of Student Affairs

Office of Religious and Spiritual Life

Office of Religious and Spiritual Life

The Office of Religious and Spiritual Life (RSL) offers resources, programs and staff dedicated to supporting faith communities, religious expression and spiritual exploration. The University is affiliated with the Christian Church (Disciples of Christ), a denomination that values "true community, deep spirituality and a passion for justice". To that end, RSL is committed to respecting the dignity and beliefs of every individual, celebrating diversity and welcoming all of God's people. RSL supports a vibrant religious life and serves students' spiritual needs while creating opportunities for reflection and learning.

Located on the first floor of Jarvis Hall, RSL is home to staff offices, and our multi-faith prayer and meditation room. Also, as a long-standing part of TCU, Robert Carr Chapel is open daily for prayer and personal reflection, and is available by reservation for worship, concerts, events, ceremonies, weddings and other important occasions. In addition to TCU's chaplains who serve the entire campus, students will also find a variety of campus ministers and religious life partners who offer support, connection and spiritual care out of their own tradition.

Spiritual Care & Wellness

The chaplaincy team provides for the spiritual needs of students, faculty and staff through compassionate spiritual care that respects the beliefs of each person. We meet individuals where they are, providing a welcoming and safe space to discuss any number of life's transitions, to offer a listening and empathetic ear, and to assist in working through challenges. Chaplains also assist with spiritual care in times of trauma, crisis grief and loss, working with individuals and groups around the spiritual questions that arise during these critical times. Our chaplains also officiate at official university functions and at key times in our individual and communal lives. Students may also participate every weekday from 12:00-1:00pm in our Care Connections programming where they can cultivate a deeper and more meaningful relationship with their Higher Power, our chaplains, our religious organizations, and our local external faith communities.

Student Religious Organizations

RSL provides advising and other resources for 29 religious organizations on our main campus which can be found on our website, in addition to 4 religious student interest groups at the School of Medicine. These organizations provide opportunities for worship, study, service and are open to all students. Campus ministers, advisers and student leaders grow and share experiences through the Campus Ministry Staff Council, the Student Leadership Council, and the Religious Advisory Council.

TCU Interfaith Initiative

The Interfaith Initiative gathers students across faith traditions to celebrate their individual beliefs, learn about one another and work together to change the world through leadership, learning, service and dialogue. Students get connected through on-campus interfaith programming, exploring interfaith movements off campus through site visits, and gaining leadership experience through the Interfaith Internships.

Purpose, Meaning & Belonging

The RSL Office at TCU encourages the campus community to better understand what we believe and why we believe it. We do this by helping students explore how their beliefs and values inform their sense of purpose, meaning and belonging. To accomplish that you'll find us facilitating discussions in classrooms, helping connect with organizations on campus, and hosting creative events around campus. This empowers our students, faculty & staff to celebrate our diverse beliefs that infuse the campus and encourages us to come together as one community around our shared values. Students may also choose to join one of Spiritual Communities that cover a variety of topics and identities.

Church Relations and Disciples on Campus

Church Relations, supports the University's relationship with its partner denomination -the Christian Church (Disciples of Christ). This is done partly through campus programs such as Ministers Week, CYF Day and other denominational events. Disciples on Campus serves as the student outreach and campus ministry for Disciples undergraduates and others, inviting them to continue their spiritual journey through worship, studies, and life-giving social opportunities.

Robert Carr Chapel

Since 1953, Robert Carr Chapel has been a space for the student and campus community, whether for worship, concerts, honor inductions, prayer groups or other activities. Recently renovated, the chapel is also open for prayer and reflection daily when not in use for events. To reserve the chapel for a group or special event contact chapel@tcu.edu or visit us in Jarvis Hall on the first floor.

Other Opportunities Include

Worship at Robert Carr Chapel Individual and Spiritual Wellness Workshops, Crossroads Lecture Series on Faith and Public Life, Advent and Lenten Devotionals, Book Groups and Multiple Spaces for Meditation and Reflection

Learn more or contact us at:

www.faith.tcu.edu

faith@tcu.edu

817-257-7830, 1st floor of Jarvis.

Division of Student Affairs

Parking and Transportation

Parking and Transportation

All students, faculty and staff who operate a motor vehicle on University property must register that vehicle with the TCU Police Department and comply with the rules and regulations set forth. The annual registration fees and the TCU Campus Parking Rules and Regulations can be found at https://parking.tcu.edu.

Purchasing a parking permit does not guarantee a parking place nor does the lack of a parking space justify violation of any parking regulation. The fact that a citation is not issued when a vehicle is illegally parked does not mean or imply that the regulation or rule is no longer in effect.

Illegally parked vehicles may be ticketed, immobilized or towed by the TCU Police Department. The payment of traffic fines, of immobilization or towing charges does not entitle the violator to accrue an indefinite number of citations. Continued parking offenses may lead to a suspension of campus driving and parking privileges, and may also result in disciplinary action by the University. Whenever it is necessary to move an illegally parked vehicle, an independent wrecker operator will tow the vehicle to the wrecker's storage area. The owner of the vehicle will be responsible for the wrecker fee and storage, plus the fine for the traffic violation.

The University does not assume any liability concerning the protection of the motor vehicle or any responsibility for proving special parking places near a building in which an employee works or a student's residence hall or class.

Division of Student Affairs

Student Identity and Engagement

Student Identity and Engagement

Student Identity and Engagement (SIE) is the catalyst in providing diverse and engaging co-curricular experiences that help facilitate students educational and cultural endeavors. Through the development and facilitation of cultural programs, identity workshops, leadership workshops, and leadership opportunities. SIE enhances multicultural competencies, individual identity, and campus community engagement.

Division of Student Affairs

Student Success Center

Student Success Center

The Student Success Center at TCU includes the departments of Student Success and Veterans Services. Visit www/studentsuccess.tcu.edu and www.veteranservices.tcu.edu for more information.

Student Success

The Student Success team supports students through various initiatives to holistically increase success and persistence through their time at TCU.

Student Success team members collaborate across campus to perform research, create and maintain data, develop efforts on campus, examine policies and procedures and provide one-on-one support to students through Student Success Coaching, the Advance Registration Campaign, Peer2Peer Tutoring, exit surveys and interviews, and programming designed specifically to increase and recognize student success. Through a collaboration with Academic Affairs, the Student Success team houses and manages the Peer2Peer Tutoring program, providing peer tutoring certified by the College Reading and Learning Association in various subjects identified as having the highest rates of drop, withdrawal and/or failure by TCU students along with several other academic support initiatives.

Transfer students are served through a range of additional opportunities to support their success during their unique transition to TCU including events to connect with other transfers, leadership opportunities, and programs designed specifically for transfer students.

Division of Student Affairs

Student Veteran Services

Student Veteran Services

Veterans Services provides support for veterans and military-affiliated students, from admission through graduation, to facilitate the achievement of their academic, personal and career goals. Veterans Services serves as a liaison for campus and community resources. The Veterans Resource Center supports engagement and community building to enhance a send of belong on campus for veterans and military-affiliated students.

TCU Registrar Veteran Affairs

Division of Student Affairs

Substance Use and Recovery Services

Substance Use and Recovery Services

Located in the Counseling and Mental Health Center, the TCU Substance Use & Recovery Services (SURS) office is based on a philosophy of student development and seeks to promote healthy lifestyle choices and responsible decision-making through programs, training and alternative activities.

The goals of SURS:

- Enhance the academic mission of the University by providing preventive programs to help ensure that the use of alcohol and other substances do not interfere with academic goal attainment.
- Collaborate with other departments in Student Affairs, Athletics and Academic Affairs to provide opportunities for students to positively influence the campus community.
- Enhance student responsibility to self, others and the world by assisting individuals in making responsible and ethical decisions regarding alcohol and other substances.
- Provide support for students in recovery and seeking recovery from substance use disorders by providing a genuine and thriving college experience through the Collegiate Recovery Community.
- Monitor the effectiveness of Substance Use & Recovery programs on campus, and help establish University-wide educational initiatives.

The SURS staff include licensed counselors and graduate assistants who provide individual intervention and recovery support as well as educational presentations at the request of student organizations, residence halls, fraternity and sorority groups, athletic teams and academic classes.

Students should refer to the University's alcohol and drug policy in the Student Handbook regarding procedures and consequences of violation of policy.

Those interested in services through the SURS Office are encouraged to stop by the office on the second level of Jarvis Hall, visit the website at sur.tcu.eduor call 817.257.7100.

Division of Student Affairs

TCU Public Safety

TCU Public Safety

The mission of TCU is to educate individuals to think and act as ethical leaders and responsible global citizens in a global society. Critical to teaching and learning is the safety and security of our campus community. TCU Public Safety, comprised of the TCU Police Department, Office of Emergency Management, and Parking and Transportation, are collectively responsible for developing services, programs and strategies for maintaining a safe campus.

Police Department

The TCU Police Department (TCUPD) is committed to providing a safe learning environment for students, faculty, staff and visitors to the campus, through the mutual respect and shared responsibility of community policing. The authority of the State of Texas and TCU's Board of Trustees commission our police officers. TCU Police and civilian security guards, are in service 24 hours a day, seven days a week, and the TCU Police dispatcher can be contacted at 817.257.7777. The office is located at 3025 Lubbock Ave.

The TCUPD maintains a social media Twitter, Facebook and Instagram account, posts a daily crime log, and produces an Annual Security and Fire Safety Report. The crime log and annual report may be found on the TCU Police website (https://police.tcu.edu) and are also available at the TCU Police Department.

All firearms and dangerous weapons are prohibited on campus. TCU has complied with the statutory requirements of Section 411.2031 of the Texas Government Code and the TCU Board of Trustees, voted to prohibit license holders from carrying concealed handguns on any campus grounds or building on which an activity sponsored by TCU is being conducted, and in any passenger transportation vehicle owned by TCU.

The only exceptions are that students, faculty and staff may bring unloaded firearms, other weapons and ammunition directly to the TCU Police Department to be checked in and stored in a locked gun vault for safekeeping. Texas law does permit a person to store a concealed firearm in a locked, privately owned or leased motor vehicle parked on a street or driveway or in a TCU parking lot or parking garage.

Frog Shield

The TCU Police Department encourages the use of FrogShield, a safety application that uses geo-fencing and the nation's first Indoor Positioning System (IPS) to send accurate locations and pertinent information about 911 callers directly to TCU police. Users can also send anonymous safety reports and concerns while attaching photos and videos. Other functions include Friend Watch and links to other campus safety resources and services. The application is free to all TCU community members and guests. More information can be found athttps://police.tcu.edu/frogshield or by calling (817) 257-7933.

L.E.S.S. is More

Students learn more, faculty teach more effectively and staff perform their duties more proficiently when they feel safe. To create the peace of mind that comes with feeling safe, the TCU Police Department participates in public safety drills in all campus buildings with the assistance of community members designated as trained in three emergency responses - Lockdown, Evacuate and Seek Shelter, or L.E.S.S. is More https://publicsafety.tcu.edu/less-is-more/

Crime Prevention

Crime prevention and other services are offered by the TCU Police Department and the Fort Worth Police Department's Community Service Office and include Active Shooter Training, Self Defense classes, Stop the Bleed/ First Aid, Sexual Assault/Acquaintance Rape Prevention, Personal Awareness, Campus Crime Watch Meetings, Crime Prevention Surveys for Home and Business, Operation ID: Property Identification System, Auto Theft Prevention (Window Etching) and Vehicle Jump Starts. (Due to possible problems with electric locks, TCU Police Department is unable to provide vehicle unlocking services.) Crime prevention services can be requested by calling the non-emergency number for the police department at (817) 257-8400.

Froggie Five-O Student Escort Program

The TCU Police Department administers a safety escort program, Froggie Five-O. Froggie Five-O operates between the hours of 7 p.m. - 12 a.m. during the fall and spring semesters. Froggie Five-O provides safety escorts and uses student employees who escort students on foot or by golf carts to all areas of the campus. After 12 a.m., TCU police officers or security guards are available to escort students. Students may request an escort by using the Frog Shield app, calling Froggie Five-O during operation hours at (817) 257-5856 or the TCU Police at (817) 257-7777.

Lost and Found

The TCU Police Department is the official lost and found office. Articles lost or found should be reported as soon as possible to help the office in returning property to the rightful owner.

Division of Student Affairs

University Unions

University Unions

The Brown-Lupton University Union (BLUU) is at the heart of the Campus Commons. Entertainment, educational and conference events take place in the Union throughout the year. The BLUU is home to 14 meeting rooms, the Horned Frog Ballroom, a 300-seat auditorium, the TCU Post Office, the ID Center, the Spirit Store and food service venues—Market Square, Chick-fil-A, and Union Grounds Coffee Shop. The BLUU also houses the Heritage Center, the Intercultural Center, Leadership & Student Involvement, the Chancellor's Dining Room and the Governance Chamber. The Information Desk, located within the Heritage Center, offers notary service, a campus printing station, lost and found and other support functions. For more information, call 817.257.7927.

The King Family Commons, located near the Worth Hills residential area, offers students and other University community members a place to relax, eat and study with inside and outside seating. Second-floor conference rooms may be used by student organizations meetings. Four food venues provide for invigorating dining - The Press, a coffee shop featuring panini sandwiches; O'Brien's, a hamburger and grilled sandwich shop; Caliente, a fresh Mexican food stand; and Magnolia's bistro featuring allergen-free food for seven of the most common food allergies. The King Family Commons building also houses the office of Fraternity and Sorority Life. The information desk hosts a print station. For information, call 817.257.4021.

Division of Student Affairs

Waiver of Responsibility

Waiver of Responsibility

The University takes reasonable steps to protect people and property on the campus. However, it is impossible to provide protection that is 100 percent effective, and the University does not accept responsibility for bodily injury, theft or damage to personal property occurring on the campus. Students are encouraged to assure that their own insurance coverage is adequate.

Division of Student Affairs

Yearbook

Yearbook

The TCU Horned Frog Yearbook received its name before the school mascot was dubbed "Horned Frogs." It has been in print since 1897-1898 when it was founded by Addison Clark, Jr. who played on the first football team and also produced the first yearbook.

The award-winning 500-page, full-color yearbook is photographed, written and designed in the student-run Horned Frog Yearbook office.

An editor-in-chief, an editorial board and approximately 20 contributing staff members produce the yearbook. From majors such as communications/graphic design/journalism or even engineering/business/nursing, the staff is academically, socially and culturally integrated, and dedicated to producing an outstanding yearbook. For more information, call 817.257.5279, email yearbook@tcu.edu or visit www.yearbook.tcu.edu.

Division of Student Affairs

Marketing

Marketing

Student Affairs Marketing develops and implements strategic, intentional marketing initiatives designed to engage and inform students, faculty, staff, and community partners about the resources, programs, and services offered through the Division of Student Affairs. The department provides comprehensive support, including education, guidance, and marketing expertise, to all units within the division. Core services encompass graphic design, website development, social media management, strategic communications, and creative campaign development. Student Affairs Marketing collaborates with departments across the division to ensure that all marketing communications are consistent with the branding standards established TCU and the Division of Student Affairs.

Academic Policies

Academic Policies

Academic Conduct

Academic Conduct

Policy Statement and Purpose

If it is to fulfill its missions, an academic community requires that all of its participants maintain the highest standards of honor and integrity. The purpose of the Academic Conduct Policy is to make all aware of these expectations. Additionally, the policy outlines some, but not all, of the situations that violate these standards.

Further, the policy sets forth a set or procedures that will be used when these standards are violated. In this spirit, this policy outlines below: (1) Academic Misconduct; (2) Procedures for Dealing with Academic Misconduct, and (3) Consequences. These are not meant to be exhaustive .

Academic Conduct Policy may be found here: https://tcu.navexone.com/content/docview/?app=pt&source=unspecified&docid=197&public=true

Academic Policies

Academic Load

Academic Load

The student of average ability should be able to take successfully 15-18 semester hours in a long term. The student should regularly consult with their academic adviser, but the student must know the academic requirements of their degree program and plan accordingly for a timely graduation. After consultation with the academic adviser, the student will select the appropriate courses and number of credit hours to be taken each semester. Decisions regarding the number of hours to be taken and class scheduling will differ among students based upon many variables (e.g., academic preparedness and commitments to out-of-class activities). The University's Web-based registration allows a student to register for up to 18 semester hours the Wednesday before the first day of classes for the semester. (To assure equitable access to courses, students are limited to fewer than 18 hours until just prior to the start of the semester.) Students seeking to register for more than 18 hours must take written approval from the academic dean to the Office of the Registrar. Students enrolled through the Office of Extended Education must obtain approval of the director to register for more than seven semester hours.

The amount of required classroom/laboratory time for students enrolled in a summer session course conforms to TCU standards. In summer sessions, the time frame in which this work must be accomplished is significantly compressed. Even superior students may find academic pursuits difficult under such conditions. While as many as 15-18 credit hours may be earned during the several summer sessions, a student may not be enrolled in more than seven credit hours at any one time and no more than four credit hours concurrently during the three-week mini-term. Study abroad programs are not affected by this policy. Any exception to this policy must have written approval of the dean of the major.

Undergraduate Students

Full-time enrollment for undergraduate students is 12 hours.

9.00-11.99 hours is 3/4 time

6.00-8.99 hours is 1/2 time

3.00-5.99 hours is 1/4 time

Round down to nearest cutoff.

Exceptions for undergraduate students are made when:

- Their academic program restricts them from enrolling in 12 hours. For instance, students enrolled in student teaching may only enroll for six hours. Such students will be considered full time for that semester except for purposes of federal financial aid.
- Students enrolled in the last semester necessary for graduation may be considered full time if their enrollment is less than 12 hours except for purposes of federal financial aid.

Academic Policies

Academic Major Declaration

Academic Major Declaration

The pre-major option is intended to provide students with more time to explore academic majors. Students may not remain or declare as pre-majors after they have earned 54 semester hours of credit. The pre-major student must formally declare a major by making a request to change the major online at my.tcu.edu.

Academic Policies

Academic Standing

Academic Standing

All undergraduate students are required to meet certain academic standards. Academic standing policies are designed to provide careful supervision of the program of study and progress of the student. Failure to meet standards will result in students being placed on academic notice, warning, suspension, or dismissal. The minimum satisfactory record at TCU for progress and graduation is an overall 2.00 average on all work taken at TCU.

Each semester's grades are reviewed to determine attainment of academic standards. Students are required to maintain academic progress according to the standards set forth below. Failure to meet these expectations will result in academic notice, warning, suspension or dismissal.

Academic Notice

Students will be placed on academic notice after their first semester at TCU if their cumulative TCU GPA falls below 2.00. Academic notice will not become a part of the official transcript. Students will be placed on academic notice only once during their matriculation at TCU.

Academic Warning

Academic warning is a more serious status that indicates a student is not making satisfactory academic progress. A student on academic warning is still eligible to enroll. A student on warning may be subject to certain conditions during the period of warning and will be subject to academic suspension if they do not achieve good academic standing.

Students who fail to achieve a 2.00 cumulative TCU GPA at the end of any semester of attendance following their first at TCU will be placed on academic warning.

Academic warning will become part of the student’s official transcript.

Academic Suspension

Academic suspension is an involuntary separation of the student from TCU. While on academic suspension, a student is not in good standing and is not eligible to enroll at TCU.

Students who have been placed on academic warning at any time during their matriculation at TCU will be subject to academic suspension if they fail to maintain a 2.00 cumulative GPA at TCU at the end of any subsequent semester of attendance.

Students who are subject to academic suspension will have their academic progress reviewed by their academic dean and will be notified in writing as to the academic suspension decision and any special conditions for re-enrollment. A student's suspension may be for a single semester or for a full year and may or may not include summer terms, at the discretion of the dean of the student's major. A second suspension will be for a minimum of a full year. A student’s ability to transfer courses taken while on suspension will need to be discussed in advance and approved by their academic dean.

Following suspension, the student must apply for re-enrollment to the University. Re-enrollment requires the approval of the academic dean of the student's intended major. A student re-enrolled in the University following a period of suspension is automatically on warning.

Academic suspension will become part of the student's official transcript.

Academic Dismissal

A student who has been suspended twice and fails to maintain a 2.00 cumulative GPA in subsequent semesters is subject to academic dismissal. Students who are subject to dismissal will have their academic progress reviewed by their academic dean and will be notified in writing as to the academic dismissal decision. Academic dismissal is final, with no possibility of reinstatement or readmission to the University.

Academic dismissal will become part of the student's official transcript.

Additional Requirements for Bachelor of Arts Degree

Additional Requirements for Bachelor of Arts Degree

In addition to a major, students pursuing a Bachelor of Arts degree must select a minor or 2nd major.

All students pursuing the Bachelor of Arts degree must demonstrate competency in a foreign language equivalent to the completion of one of the following:

ARAB 20063

CHIN 20063

FREN 20063

GRMN 20063

GREE 20063

ITAL 20063

JAPN 20063

SPAN 20203

SPAN 20213

This requirement may be satisfied by:

- satisfactory completion of coursework taken at or transferred to TCU.
- presenting satisfactory scores on recognized standardized tests (i.e., AP, CLEP or SAT II). Required scores on standardized tests may be found at https://admissions.tcu.edu/apply/first-year/college-credits/credit-by-exam.php
- six semester hours at the sophomore-level of languages not currently taught at TCU may be transferred to TCU from another accredited institution.
- providing evidence of competency in the non-English language by successfully completing one academic year in a secondary or post-secondary institution in which the language of instruction is other than English, for which the student will receive 12 hours of credit.

Audit Enrollment

Audit Enrollment (Course Visitor)

Occasional visitation of classes by students is allowed with the consent of the instructor. Any extended attendance requires enrollment as an audit. Auditors are admitted to classes on a space-available basis only. An audit fee is charged. TCU Scholars (See Recognitions) are given the opportunity to audit one class (for which auditing is permitted) without fee within the enrollment semesters for the current degree. TCU Scholars are expected to follow the established regulations for auditors. The following regulations are applicable:

1. Certain classes—laboratory and clinical classes; ranch management day classes; laboratory sections of lecture classes; activity and performance classes, such as in studio art, music and dance—may not be audited.
2. The only period during which students may register for an audit or change a credit class to audit is from the second day of late registration to the last day of late registration as published in the University calendar. It is recommended that prospective students consult the instructors of courses in which they are interested before they register. Students wishing to audit graduate courses must be admitted for graduate study and have written approval of either the instructor of the course for which they wish to register or the dean of the school/college in which the course is taught.
3. Classroom recitation and participation may be restricted at the discretion of the instructor; no grade is assigned and no credit is awarded.
4. If credit is desired, the student must register for and repeat the regular course after paying regular tuition.
5. The student's name will appear on the instructor's class roll. In order for "AU" to appear on the transcript, however, the instructor must certify at the end of the semester that the student has attended as an auditor. Audits not approved by the instructor as a final grade will be omitted from the student record.

Course Credit

Course Credit

Transfer Credit Policy

Students transferring to TCU must present a record of all transfer work for evaluation to the Office of Admission for approval by the appropriate academic dean prior to their enrollment in the University. Transfer coursework not presented prior to enrollment may not be counted toward a degree.

After enrolling at TCU:

1. All students must receive prior approval by the appropriate academic dean if they wish to take courses at another institution and have those courses count toward a degree at TCU. Coursework taken without prior written approval may not be applied to a degree.
2. No transfer credit will be awarded for courses in which a grade lower than “C-” was earned.
3. Once a student is enrolled at TCU, no more than four classes (maximum of 16 hours), except those earned in an approved study abroad program, may be transferred from other schools.
4. Colleges and departments may impose additional restrictions. See the appropriate college and department descriptions.
5. The total of all course credit earned at an institution other than TCU (transfer credit or credit earned through a Study Abroad/Away Semester program) or credit earned by virtue of credit by examination or similar structures may not exceed 75% of the total number of credit hours required for a degree.

Transcripts of coursework taken elsewhere must reach the Office of the Registrar within 30 days of completion of the coursework.

Transfer Credit

Transfer credit is identified on the academic record as the total number of credit hours accepted from each institution attended and is added to the total number of cumulative earned hours. Transfer credit hours may satisfy degree requirements but are not used in the calculation of the cumulative GPA.

Credit by Examination

Students may earn academic credit for university-level learning by taking an examination in the appropriate area. Credit granted usually can be used to satisfy specific and general degree requirements. Credit by examination will not be awarded after the student has completed 66 hours of college credit.

For the currently enrolled student, the following conditions apply:

1. The approval of the academic dean must be obtained before taking CLEP or other recognized examinations for credit.
2. Credit by examination will not be awarded for a prerequisite course if credit has been earned in an upper-division course.
3. Credit earned by examination is not assigned a letter grade and is not counted toward special recognition or honors.
4. Duplicate credit is not allowed by enrolling in and completing a course for which credit was earned by examination.
5. Credit may be earned through selected CLEP General and Subject examinations, College Board Achievement Test in Foreign Languages and through locally constructed examinations.

For the entering student, the following conditions apply:

1. TCU grants credit in some subject areas through the following standardized examination programs: College Board Advanced Placement (AP), College Level Examination Program (CLEP), College Board Achievement Tests in Foreign Languages (ACH) and International Baccalaureate (IB).
2. Credit may be obtained through the following institutional examinations: locally constructed examinations in nursing, conference examinations in music, audition examination in ballet and/or modern dance, and certain non-U.S. advance-level national examinations.
3. Credit in English Composition earned by examination will be honored if it appears on an official college transcript.
4. Students may demonstrate competency in a language other than English by meeting the TCU non-English language undergraduate requirement (and earn credit for this requirement) in a variety of ways. First, the student may meet the requirement by successful completion of coursework at TCU, or by approved transfer credit from another institution, as specified in each academic major and receive the number of credit hours earned in those courses. Additionally, a student may provide evidence of competency in the non-English language by 1) scores on standardized tests approved by the University, for which the student will receive three to 12 hours of credit depending on the examination score, or 2) successful completion of one academic year in a secondary or post-secondary institution in which the language of instruction is other than English, for which the student will receive 12 hours of credit.

The credit by examination procedures are reviewed and updated annually. The current Credit by Exam information is available on the Office of Admission's website.

Examination and Portfolio Assessment Credit

Credit earned by examination or portfolio assessment is not assigned a letter grade and is not included in the calculation of the cumulative GPA.

Military Service Credit

The University follows, with limitations, the recommendations of the American Council on Education as published in the *Guide to the Evaluation of Educational Experiences in the Armed Forces* in granting credit for military service schools. See Military Service Credit in the Admissions section of this catalog for specific requirements.

Nonresidential Coursework Credit

As a general rule, TCU does not accept nonresidential courses taken prior to enrollment at TCU. However, a student may petition the appropriate academic dean to grant credit. Nonresidential courses taken while a student is in residence at TCU require prior permission of the appropriate dean if the courses are to be applied toward a TCU degree.

Independent Study Credit

Some departments at TCU offer an opportunity for independent study, usually pursued late in a student's major. It has a broad range of purposes. Perhaps most important is exposure of the undergraduate student to methods and techniques usually reserved for graduate students. Seminars, reading and reviews, and independent research characterize this phase of a student's work, which normally is optional. Independent study courses are also available to exceptional students with exceptional needs. A student, for example, may want a more intensive exposure to a specific subject than a standard course provides. With faculty approval, an independent study course can provide the opportunity to go as far as interest and capability allow.

Study Abroad Credit

TCU supports two types of study abroad programs: programs administered by TCU Global called "TCU in" programs; and programs administered by select providers and universities with which the TCU has an agreement, called "Approved" programs.

For TCU in programs and approved programs not utilizing a U.S. transcript, courses count as residency credit, in which case the course grades are computed in the official TCU GPA and students can elect to take individual courses P/NC following TCU policy.

TCU Global assists students in making arrangement for international study.

Definitions

Definitions

Major

A major is a prescribed set of courses, number of credit hours or academic experiences in one or more academic disciplines. Completion of a major is designed to assure disciplined and cumulative study, carried on over an extended period of time in an important field of intellectual inquiry. No course may be applied to more than one set of major or minor requirements without the express approval of the dean(s) of the major.

Minor

A minor is a prescribed set of courses, number of credit hours or academic experiences in one or more academic disciplines. Completion of the minor is designed to assure more than an introduction to an important intellectual field of study but less than a major in that field. A minor is traditionally outside the major field of study. The department offering the minor typically defines the requirements.

Emphasis, Focus and/or Concentration

Unless otherwise defined specifically within the catalog, an emphasis, focus or concentration is a guided subset of courses or academic experiences defined by the major department and is typically, but not always, within the major area. Emphasis may be further defined as consistent with specific accrediting body requirements (e.g., journalism).

Program

A program is a shared series of courses or experiences.

Area of Study

While used generically throughout the catalog, area of study could be replaced by major, minor or emphasis/concentration in most cases.

Career Track

This term has meaning within student records software and is used with reference to pre-professional program advising as a way to provide appropriate guidance on course selection and experiences, not necessarily tied to a major or minor.

Semester Hour

The unit of measure for academic credit purposes is the semester hour. A semester hour is equivalent to one hour of recitation or a minimum of two hours of laboratory per week for a semester or an equivalent time for a shorter term. Two hours of preparation for each classroom hour, on the average, are expected.

Academic Policies

Degree Plan

Degree Plan

The undergraduate student should make a formal request for a degree plan from the office of the dean of the college/school in which the degree objective is offered. The request should be made when the student has completed 60 semester hours, unless the school/college specifies an earlier time in its section of the catalog. After a degree is awarded, no subsequent work may be applied to that degree.

Academic Policies

Double Counting

Double Counting

Courses may be applied to more than one set of major or minor requirements with the express approval of the academic dean and may not exceed 6 credits in any given major as decided by academic programs. Individual colleges may have additional restrictions to this policy. Please consult the college section of your major for details on the requirements specific to your academic program

Academic Policies

Double Degrees

Double Degrees

Double Degrees

A TCU student who wishes to pursue multiple bachelor's degrees concurrently must:

- Declare intent and file all degree plans prior to completing the last 15 hours of either degree.
- Fulfill all specific major, college/school and University degree requirements in force at the time of initial enrollment (subject to the six-year limitation).
- Successfully complete 30 hours on each bachelor's degree that did not apply toward any of the other bachelor's degrees. (A second bachelor's degree will not be awarded until the student has completed at least 30 hours in addition to those counted toward the bachelor's degree that requires the higher number of credit hours.)
- No course may be applied to more than one set of major or minor requirements without the express approval of the appropriate dean.

To return to TCU to earn an additional bachelor's degree, an applicant holding a bachelor's degree from TCU must apply to pursue a specific degree and, if admitted, must successfully complete a minimum of 30 semester hours at TCU that did not apply to the first degree, plus fulfill all specific major, college/school and University degree requirements in force at the time of enrollment for the additional degree.

A second bachelor's degree will not be awarded until the student has completed at least 30 hours in addition to those counted toward the bachelor's degree that requires the higher number of credit hours.

An applicant holding a bachelor's degree from another accredited institution must:

- Be accepted to pursue a specific degree.
- Successfully complete a minimum of 45 semester hours in residence at TCU.
- Fulfill all specific major, college/school and University degree requirements in force at the time of enrollment at TCU for the additional degree.

Courses applied toward a previously earned bachelor's degree will be evaluated on an individual basis to determine their applicability to University degree requirements.

Family Educational Rights and Privacy Act

Family Educational Rights and Privacy Act

This Federal law states that a written institutional policy must be established and that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution maintains the confidentiality of student education records.

The University accords all the rights under the law to its students. Students wishing access to a complete copy of the regulation and the University policy governing their educational records may do so at the offices of the Provost/Vice Chancellor for Academic Affairs, The Harrison, Suite 3100; Vice Chancellor for Student Affairs, The Harrison, Suite 2200; Dean of Campus Life, The Harrison, Suite 1600; Registrar, The Harrison, Suite 1300; or Scholarships and Financial Aid, The Harrison, Suite 1300.

There are six rights, which are summarized here:

1. *The Right to be Informed*. The University will give students an annual notice of their rights and where copies of the policy may be reviewed.
2. *The Right to Inspect*. Students may inspect information contained in their educational record provided they make a written request to the custodian of the records. The request must be granted no later than 45 days from the receipt of the request.
3. *Right to Limited Control of Release*. No one outside the institution shall have access to, nor will the University disclose identifiable information from the educational records without written consent of the students, except directory information or other exceptions permitted by the act, which the student has not refused to permit the University to disclose.
4. *Right to Request a Change*. Students may request that the record be amended if they feel the information is inaccurate, misleading or in violation of the rights of privacy. The University will decide whether to change the record. The student may place a rebuttal in the record.
5. *Right to a Hearing*. If the University chooses not to amend the record, the student may request a hearing. The request must be in writing to the vice chancellor for student affairs or the vice chancellor for academic affairs. The student will be notified of the time, date and place of the hearing.
6. *Right to Report Alleged Violations*. Students who feel their rights have been abridged may file complaints with the Family Educational Rights and Privacy Act Office, Department of Education, Washington, D.C. 20201.

At its discretion, TCU may provide directory information in accordance with the provisions of the act to include student name, address, telephone number, email address, image, name of parents of dependent students, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. It is also permissible for the University to release information from a student's educational record to a parent, provided the student is a "dependent" as defined in Section 152 of the Internal Revenue Code of 1954. Students may withhold directory information by notifying the registrar in writing. Requests for nondisclosure will be honored for only one academic year; therefore, authorization to withhold directory information must be filed annually in the Office of the Registrar.

Academic Policies

Grade Appeal Policy

Grade Appeal Policy:

AA1.013 Grade Appeals: https://tcu.navexone.com/content/docview/?app=pt&source=unspecified&docid=218&public=true

Academic Policies

Grade Point Average

Grade Point Average

Two GPAs are maintained by Texas Christian University: 1) a semester average based on courses taken at TCU during a particular term, and 2) a cumulative average based on all work attempted at TCU.

A student's GPA is computed by dividing the number of grade points (grade points are earned per semester hour for the successful completion of academic work) by the number of hours (total credit hours attempted at TCU, excluding those attempted on a P/NC basis). Pass/No-Credit courses are disregarded in the calculation of the student's GPA.

The student is responsible for notifying the Office of the Registrar when a course is repeated.

Academic Policies

Grade Reports

Grade Reports

Grades are reported to students at the end of each semester and summer session. Reports are also made at mid-semester on undergraduate students who are doing unsatisfactory work in one or more subjects. Unsatisfactory shall be defined as "D" or "F" work. Mid-semester reports of unsatisfactory work are not made part of the official University transcript.

Academic Policies

Grading

Grading

The faculty definition of grades, and the point system designed to indicate quality of work, is as follows:

A	4.00 – Excellent
A-	3.67
B+	3.33
B	3.00 – Good
B-	2.67
C+	2.33
C	2.00 – Satisfactory
C-	1.67
D+	1.33
D	1.00 – Poor
D-	0.67
F	0.00 – Failing

P – Passed the course

NC – No credit awarded for the course

In all cases where academic policy requires a grade of “C” or better, a “C-” does not meet that criteria. The same applies for “B” and “B-.”

Non-Grade Designators

I – Designates course has not been completed and a final grade has not been assigned. (The “I” must be removed within the first 60 days of the long semester immediately following, or it is changed to an “F.” Any extension must have written approval of the instructor and dean. This policy does not apply to senior Honors research papers/theses, graduate thesis or dissertation hours.

Q – Removed from the course by an academic dean.

AU – Officially audited

Pass/No-Credit

Undergraduate students may elect a Pass/No-Credit (P/NC) grading option. They may do so by indicating their choice in writing to the Office of the Registrar or online using the student records course edit in my.tcu.edu no later than the date listed in the academic calendar for electing the P/NC grading option. Courses taken on a P/NC basis are graded "P" (pass) and "NC" (no credit). These P/NC courses are not counted in computing the student's GPA and cannot replace a prior grade in the GPA. A "P" course, however, will carry credit hours and be used toward a student's total hours required for graduation. A "P" indicates achievement equivalent to a “C-” or better. Achievement equivalent to a "D+" or below results in the grade of "NC." Students earn no credit hours in courses in which the grade of "NC" is received. After the last day to elect a Pass/No-Credit grading option, this decision is irrevocable.

Students may take up to two courses (eight hours maximum) on a P/NC basis. No course applied to the student’s major, minor or associated requirements may be taken on the P/NC basis. Students in the Neeley School of Business may not take any course in the lower-division business sequence or in the upper-division business core on the P/NC basis. Students in the College of Education may not take any education course required for teacher certification or in the student’s teaching content area on the P/NC basis. Courses offered only with the P/NC grade will not be counted toward this limit on the number of P/NC hours.

Incomplete Grades

An incomplete grade (“I”) is a non-punitive grade given only if a student has missed no more than four weeks work in a regular semester (or a proportionally equivalent time frame in a shorter term) and only if a student (1) has completed at least 50 percent of the course requirements with passing grades and (2) has a justifiable reason acknowledged in writing, (such as serious illness, military service, notice from the Dean of Students, Student Access and Accommodations, or Title IX officer) or other significant personal challenges officially recognized by the instructor for not completing the work on schedule. The student and instructor must agree with the decision to enter an “I” grade. Additionally, the student and instructor must document in writing how the course will be completed and by what date. That date can be no later than 60 days after the start of the next full academic semester. If the course is not completed by that date, the grade will convert to an “F”. This policy does not apply to honors students seeking Departmental Honors or doing research or a thesis.

Graduation Requirements

Graduation Requirements

The University requirements for graduation (e.g., TCU Core Curriculum, total credits and residence requirements) specified in the Undergraduate Studies Catalog in effect at the time the student first enrolls at TCU as a degree-seeking student will be those required for graduation for a period of time not to exceed six years. A year is defined as the 12-month period following the date of initial enrollment.

The major, school/college and specific degree requirements for graduation in effect when the student formally declares a specific major (or their intent to pursue a specific major) will be those required for graduation for a period of time not to exceed six years from the time of declaration of major.

After six years, requirements for graduation will be those specified in the catalog in effect at that time. A student may graduate under the requirements of a subsequent catalog, but they must satisfy all the requirements of the catalog chosen. When a student pursues a degree on a part-time basis, their enrollment pattern at TCU is a factor the academic dean may consider to determine whether an exception will be made to the six-year rule.

The University faculty expects a bachelor's degree from TCU to indicate both a breadth of knowledge and comparative mastery of some field. Thus, the curricula for all bachelor's degrees are built around:

- Study in specified subject areas as stated in the TCU Core Curriculum, as appropriate; and
- Concentration upon a combination of related courses as outlined by the department, school or college in which study is emphasized; and
- In some cases, "free electives" or other courses through which educational goals can be reached.
  All bachelor's degree plans include these requirements. Each school/college may require some variation, and students should refer to the specific degree requirements found in the school/college sections of this catalog.

Additional information may be obtained from the academic dean and/or academic adviser.

Beyond the curricular requirements, each candidate for a bachelor's degree is required to:

1. Successfully complete at least 120 semester hours of credit.
2. Earn, under the point system of the University, a cumulative GPA of at least 2.0 in all work attempted at TCU (including courses attempted during international study that are designated by the student to fulfill residency requirements), earn a cumulative GPA of at least 2.0 in all courses attempted in the department of the major at TCU (including courses attempted during international study that are designated by the student to fulfill residency requirements), and earn a cumulative GPA of at least 2.0 in all courses applied to the minor (including courses attempted during international study that are designated by the student to fulfill residency requirements). Some major and minor programs may require a GPA greater than 2.0 for entry into and progression in the program and/or graduation.
3. Complete residence work at the University earning at least 45 semester hours applicable to the degree program in addition to any hours accepted from other schools. To be eligible for graduation with honors and to receive certain awards and recognition's, additional hours may be required. All courses in a student’s final semester—the semester in which they intend to graduate—must be taken at TCU.
4. Successfully complete at TCU at least 36 of the total hours required for graduation in advanced courses numbered 30000 or above. For the Bachelor of General Studies degree, at least 36 hours must be upper division, with at least 24 of those completed at TCU.
5. Successfully complete at TCU at least 12 semester hours of advanced work in the field of the major and at least six semester hours of advanced work in the field of the minor.
6. No more than eight semester hours of physical education activity may be applied toward graduation requirements.

Honors and Recognitions

Honors and Recognition

Texas Christian University honors high academic achievement. The most significant recognitions are conferred at graduation, but there are many interim awards as well. Some formal recognitions become a part of the student's permanent academic record; others may be in the form of a letter of commendation or list posted on the bulletin board. (Grade point average requirements discussed in the following sections refer exclusively to the TCU GPA.)

TCU Scholars

Full-time, degree-seeking undergraduate students who achieve a 4.0 GPA (all “A” grades) in any spring or fall semester are recognized as TCU Scholars by the academic deans. In that semester, they must have earned credit for at least 12 hours; "I" and "P" grades are not counted. TCU Scholars may audit one course without fee any time within a year of their designation.

Dean's Honor List

At the end of each fall and spring semester, deans of undergraduate schools/colleges announce the names of those who have done exceptionally well. To be eligible for the Dean's Honor List, first-year (0-23 earned hours at the end of the term) must achieve at least a 3.6 GPA, sophomores (24-53 earned hours at the end of the term) must achieve at least 3.7, juniors (54-83 earned hours at the end of the term) must have achieved at least 3.8 and seniors (84+ hours at the end of the term) must have achieved at least 3.8. In that semester, they must have earned credit for at least 12 hours; "I" and "P" grades are not counted toward the 12 earned hours.

Graduation Honors

Students with a GPA of 3.9 or above are graduated *Summa Cum Laude*, perhaps the highest academic distinction. Those with 3.7 or above are graduated *Magna Cum Laude*, an only marginally less prestigious honor. And for those with 3.5 or above, graduation is *Cum Laude*. Graduation honors are reserved for students who earn at least 45 semester hours at TCU exclusive of any credit by examination.

John V. Roach Honors College

Honors College students earn Departmental Honors by completing a research or creative project under the supervision of a faculty committee in their major (or minor with special permission). Honors College students earn University Honors by completing three interdisciplinary Honors colloquia.

Honor Societies

In almost all academic fields, national honor societies recognize students who show exceptional ability. Most departments at TCU have chapters of such societies to which high-achieving students are invited. In addition, some prestigious honor societies are open to students from throughout the University. The following are best-known at TCU and throughout the nation.

Phi Beta Kappa

Phi Beta Kappa is the oldest academic honor society in the U.S. one of the most selective. It invites membership to students with high grades whose studies show a breadth of knowledge in the liberal arts. Most initiates are seniors though juniors are sometimes invited.

Phi Beta Kappa is the oldest such society in America and one of the most selective. It invites to membership students with high grades whose studies show a breadth of knowledge in the liberal arts. Most initiates are seniors though juniors, and graduate students are sometimes invited.

Mortar Board

Mortar Board invites students to membership on the basis of their service and leadership as well as scholarship.

Academic Policies

Multiple Majors

Multiple Majors

Although students are encouraged to seek a broad educational experience at TCU, the approval to earn multiple majors is not automatic. In some cases, receiving multiple majors may require actually earning multiple degrees. Because the requirements of multiple majors and multiple degrees are complex, students wishing to pursue more than one major should investigate major and degree requirements early in their career at TCU (i.e., refer to the appropriate school/college section of this catalog, which delineates the requirements for multiple majors and degrees). To pursue multiple majors or degrees, written permission from the academic dean responsible for each major or degree is required and must be filed with the Office of the Registrar. No course may be applied to more than one set of major or minor requirements without the express approval of the academic dean.

Academic Policies

Repeating a Course

Repeating a Course

If a course taken at TCU is repeated at TCU, the official grade is the last letter grade made, although all grades appear on the transcript. Only the last letter grade earned in the repeated course will be used in computing the GPA.

If a course is taken at TCU and then repeated at another institution, or if a course is taken at another institution and then repeated at TCU, only the grade earned at TCU is used to compute the student's GPA. Credit for any given course, regardless of where it was taken, may be counted only once.

Academic Policies

Student Responsibilities

Student Responsibilities

Faculty, academic advisers and deans are available to help students understand and meet academic requirements for a degree, but the students themselves are responsible for understanding and fulfilling them. If requirements are not satisfied, the degree will be withheld pending adequate fulfillment. Thus, it is essential that all students become familiar with all requirements and remain currently informed throughout their college career.

Academic Policies

Student Withdrawal

Student-Initiated Withdrawal

The purpose of student-initiated withdrawal from courses is to enhance the learning opportunity in a program of study. On recognition that a student may lack the background needed for the mastery of course content, the subject matter in a course does not match student need or interest as anticipated, or that course requirements will limit effective appropriation of learning in a semester's overall program of study, a student may officially withdraw from the course.

The deadline for adding courses, dropping courses without grade record, and changing sections for each enrollment period is listed on the Academic Calendar. Students are encouraged to seek assistance from their advisors when considering whether to add or drop a course. A student may drop a course with no penalty through the 12th class

day. A student may drop a course with a grade of W (Withdrew) through the 70% point in the semester by using myTCU or Purple Schedule Builder. The specific deadline for each session in the term is listed on the Academic Calendar. Please note that mere absence from a course does not constitute dropping a course.

After the deadline date on the Official University Calendar, the student may not drop a class. All schedule changes must be processed by the deadline date specified on the Academic Calendar.

The last day to declare P/NC will be the 90% point in the semester, unless the 90% point occurs after the last day of class. In those instances, the last day to declare P/NC is the Tuesday before the last day of class. Please refer to the Academic Calendar for those specific dates.

Student-Athletes. Students must consult with their Athletics Academic Advisor as well as their program Academic Advisor prior to dropping a course. In the consultation, the student will review the effects the drop might have on their athletic participation and financial aid. After the consultation, the Athletic Advisor will update myTCU to allow the student to process the drop, if necessary. The consultation is advisory; students are responsible for their enrollment.

International Students. Students must consult with the International Student Services Office prior to dropping a course. (Contact internationalservices@tcu.edu for consultation.) If dropping a course will cause the student to be enrolled in fewer than 12 credit hours, the student's immigration status could be affected. After the consultation, the International Student Services Office will update myTCU to allow the student to process the drop, if necessary. The consultation is advisory; students are responsible for ensuring their enrollment meets their respective visa and other immigration requirements.

Students on Merit or Need-based Financial Aid. Students should consult with their financial aid advisor prior to dropping a course. (See the Scholarships & Financial Aid Office for information regarding your financial aid counselor.) If dropping a course will cause the student to be enrolled in fewer than 12 credit hours, the student's financial aid status may be affected. After the consultation, the student may drop a course through myTCU or Purple Schedule Builder. The consultation is advisory; students are responsible for ensuring their enrollment meets the requirements for any financial aid or scholarships they receive. Questions regarding financial aid should be directed to the Office of Scholarships and Financial Aid.

AW Grades. Any student experiencing unusual hardship after the last day to withdraw from a course may seek special consideration through a written petition to the associate dean of the college of his or her major. Petitions should be documented with supporting statements to the Dean of Students Office from a doctor, counselor or family member. Doing unsatisfactory work in a course is not sufficient reason for special consideration. After consultation with the Dean of Students Office, in the opinion of the associate dean's office if the request is justified, a grade of "AW" (Administrative Withdrawal - dropped by the dean's permission) may be assigned by the associate dean's office. Any associate dean's office assigning an "AW" will notify the Office of the Registrar. Please note that requests for AW grades are for consideration of all enrolled courses for that semester and not for individual classes.

TCU Core Curriculum

TCU Core Curriculum

The TCU Core Curriculum prepares students with the breadth of knowledge and range of skills to be effective problem-solvers, lifelong learners, and well-rounded people who view questions through multiple perspectives. Grounded in the liberal arts tradition, the core curriculm prepares students to be successful in their majors and careers and to fulfill the TCU mission. In providing the foundation of the intellectual community of TCU, the core curriculum:

- Embodies the liberal arts ethos of Texas Christian University;
- Facilitates the achievement of educational competencies and learning outcomes and is regularly assessed;
- Provides flexibility in addressing the special needs of students in different colleges and degree programs; and
    - Provides intellectual challenges and opportunities for students and faculty.

Students who complete the TCU Core Curriculum achieve the following four competencies:

- Critical and Creative Thinking: Analyze human experiences, cultural expressions, or creativity
- Quantitative and Scientific Reasoning: Apply mathematical and scientific literacy skills or concepts
- Communication: Communicate effectively
    - Responsible Citizenship: Describe concepts or theories of social responsibility in diverse or global communities

Some courses may fulfill more than one core curriculum requirement, providing the flexibility for core requirements to be satisfied in a range between 39 and 63 hours. No more than four requirements (not including OCO and WCO) may be met in one subject area as indicated by prefix. Courses fulfilling core curriculum requirements may also count toward other requirements of the student's degree program. See TCU Core Curriculum for specific information.

30 hours, Critical and Creative Thinking

Requirements in the Core Curriculum	Required hours	Student Learning Outcomes: what students will know or be able to do in courses meeting particular requirements
Fine Arts	3	Explore the creative and expressive processes of the human experience in the arts.
Humanities	9	Use humanistic modes of inquiry to analyze human experiences and expressions across space and time
Social Sciences	9	Apply social science methodologies to analyze fundamental social processes that characterize human experiences.
Historical Traditions	3	Examine the processes that create change over time in the human experience
Literary Traditions	3	Examine literature's connections to society and culture
Religious Traditions	3	Examine the role of religion in society, culture and individual life.

9 hours, Quantitative and Scientific Reasoning

Requirements in the Core Curriculum	Required hours	Student Learning Outcomes: what students will know or be able to do in courses meeting particular requirements
Mathematics	3	Apply mathematical reasoning to solve problems
Natural Sciences	6	Use scientific reasoning to evaluate ideas in the natural world

15 hours, communication

Requirements in the Core Curriculum	Required hours	Student Learning Outcomes: what students will know or be able to do in courses meeting particular requirements
Oral Communication	3	Express messages in various situations using appropriate verbal and nonverbal communication skills
Written Communication 1	3	Express ideas in various situations using writing processes and strategies
Written Communication 2	3	Analyze and compose evidence-based arguments in various forms
Writing Emphasis	6	Write for a specific discipline, profession, or field using a writing process that emphasizes revision

9 hours, Responsible Citizenship

Requirements in the Core Curriculum	Required hours	Student Learning Outcomes: what students will know or be able to do in courses meeting particular requirements
Cultural Awareness	3	Explore culture and cultural phenomena as sites of identity, difference, understanding, or collaboration
Global Awareness	3	Analyze the dynamics, processes, or legacies of global systems
Citizenship and Social Values	3	Examine the knowledge, skills, values, or motivation needed to participate or lead within diverse communities

Total Credits and Residence Requirements

Total Credits and Residence Requirements

Beyond the curricular requirements, each candidate for a bachelor's degree is required to:

1. Successfully complete at least 120 semester hours of credit.

2. Earn, under the point system of the University, a cumulative GPA of at least 2.0 in all work attempted at TCU (including courses attempted during international study that are designated by the student to fulfill residency requirements), earn a cumulative GPA of at least 2.0 in all courses attempted in the department of the major at TCU (including courses attempted during international study that are designated by the student to fulfill residency requirements), and earn a cumulative GPA of at least 2.0 in all courses applied to the minor (including courses attempted during international study that are designated by the student to fulfill residency requirements). Some major and minor programs may require a GPA greater than 2.0 for entry into and progression in the program and/or graduation.

3. Complete residence work at the University earning at least 45 semester hours (at least 45 hours for the Bachelor of General Studies degree) applicable to the degree program in addition to any hours accepted from other schools. To be eligible for graduation with honors and to receive certain awards and recognition, additional hours may be required (see Honors and Recognition section). All courses in a student's final semester - the semester in which they intend to graduate - must be taken at TCU.

4. Successfully complete at TCU at least 36 of the total hours required for graduation in advanced courses numbered 30000 or above. For the Bachelor of General Studies degree, at least 36 hours must be upper division, with at least 24 of those completed at TCU.

5. Successfully complete at TCU at least 12 semester hours of advanced work in the field of the major and at least six semester hours of advanced work in the field of the minor.

6. No more than eight semester hours of physical education activity may be applied toward graduation requirements.

Academic Policies

Transcript of Academic Record

Transcripts of Academic Records

Students and former students may request official transcripts of their TCU academic record from the Office of the Registrar. Official copies of high school records and transfer credits from schools other than TCU must be requested from the institutions where the work was taken. All transcript requests must be made by the student. Adequate notice, normally one week, is required for transcript processing. Transcripts will not be released unless the student has satisfied all financial obligations to the University. Disciplinary actions do not appear on the official transcript, but students who leave the university after disciplinary action or when disciplinary action is pending may at the discretion of the Dean of Campus Life have a letter attached to the official transcript describing their disciplinary problem or suggesting that the recipient contact an appropriate person in the Office of Campus Life.

Academic Policies

Unprofessional Behavior, Disruptive Behavior, and Lack of Academic Progression - Undergraduate

Unprofessional Behavior, Disruptive Behavior, and Lack of Academic Progression - Undergraduate

Policy Statement and Purpose

This policy provides the formal process for addressing unprofessional behavior according to the expectations of an academic discipline, disruptive behavior in an academic environment, and lack of academic progress. Violations of non-academic behavioral standards are to be considered under the Code of Student Conduct and, if necessary, referred to the Dean of Students.

Policy

Student Policies

Student Policies

Student Policies

Academic Conduct Policies

Academic Conduct Policy

To fulfill its missions, an academic community requires that all of its participants maintain the highest standards of honor and integrity. The purpose of the Academic Conduct Policy is to make all community members aware of these expectations. Additionally, the policy outlines some, but not all, of the situations that violate these standards. Further, the policy sets forth a set of procedures that will be used when these standards are violated.

Specific information pertaining to the Academic Conduct Policy may be found in the Student Policies section of this catalog. Students may also obtain a complete copy of the policy statement in the offices of all academic deans and from the dean of campus life, the vice chancellor for academic affairs and the vice chancellor for student affairs.

Academic Conduct

I. Applicability

This policy is applicable to students at TCU, to Faculty and academic administrators who consider and address Academic Misconduct, and to the Academic Appeals Committee.

II. Policy Statement and Purpose

If it is to fulfill its missions, an academic community requires that all of its participants maintain the highest standards of honor and integrity. The purpose of the Academic Conduct Policy is to make all aware of these expectations. Additionally, the policy outlines some, but not all, of the situations that violate these standards.

Further, the policy sets forth a set or procedures that will be used when these standards are violated. In this spirit, this policy outlines below: (1) Academic Misconduct; (2) Procedures for Dealing with Academic Misconduct, and (3) Consequences. These are not meant to be exhaustive.

III. Policy Definitions

A. Academic Misconduct: Any act that violates the spirit of academic conduct policy.

B. Academic Day: Any day on which classes meet during a regular Fall or Spring semester or during summer academic sessions.

C. Academic Dean or Dean refers to the dean of the college or school offering the course in which the Academic Misconduct is alleged to have taken place, or their designee.

D. Department Chair refers to the academic administrator responsible for the unit providing the instruction in which the alleged Academic Misconduct occurred. In some units this may be a program director or other academic administrator. The office of the Academic Dean of the college or school offering the course can provide the appropriate administrator if necessary.

E. Faculty or Faculty Member refers to the instructor of the course in which the suspected Academic Misconduct occurred.

F. Advisor refers to any person selected by the student who accompanies the student during formal hearings. The advisor may speak with the student but may not actively participate in the hearings.

G. The **Academic Appeals Committee** is a standing University Committee. The charge and membership of the Committee may be found in the current Handbook.

IV. Policy

A. Academic Misconduct

Any act that violates the spirit of the academic conduct policy is considered Academic Misconduct. Specific examples of Academic Misconduct include, but are not limited to:

1. Cheating. Examples of cheating include:

a) Copying from another student's test paper, laboratory report, other report, essay, or computer files and listings.

b) Using in any academic exercise or academic setting, material, devices or online resources not explicitly authorized by the person in charge of the exercise or setting.

c) Collaborating with or seeking aid from another student during an academic exercise without the permission of the person in charge of the exercise.

d) Knowingly accessing, possessing, photographing, sharing, acquiring, using, buying, selling, stealing, transporting, or soliciting in entirety or in part, or otherwise making a permanent record and/or recording of the contents of a test or other assignment unauthorized for release.

e) Substituting for another student, or permitting another student to substitute for oneself, in a manner that leads to misrepresentation of either or both students' work.

f) Engaging in any behavior specifically prohibited by a Faculty Member in the course syllabus or class discussion.

2. Plagiarism

The appropriation, theft, purchase, or acquisition by any means another's work, and the unacknowledged submission or incorporation of that work or materials as one's own offered for credit. Appropriation includes quoting or paraphrasing of another's work, published or unpublished, without giving proper credit.

3. Collusion

The unauthorized collaboration with another in prepared work offered for credit.

4. Abuse of Resource Materials

Mutilating, destroying, concealing, or stealing such materials.

5. Computer Misuse

Unauthorized or illegal use of computer software or hardware through the TCU Computer Center or through any programs, terminals, or freestanding computers owned, leased, or operated by TCU or any of its academic units for the purpose of affecting the academic standing of a student.

6. Fabrication and Falsification

Unauthorized alteration or invention of any information or citation in an academic exercise or academic setting. Falsification involves inventing or counterfeiting information or citation for use in any academic exercise or academic setting.

7. Multiple Submission

The submission by the same individual of substantial portions of the same academic work (including oral reports) for credit more than once in the same or another class without authorization.

8. Complicity in Academic Misconduct

Helping another to commit an act of Academic Misconduct.

9. Bearing False Witness

Knowingly and falsely accusing another student of Academic Misconduct.

10. Unauthorized Use of Artificial Intelligence (AI)

Using generative AI without documented approval from the course instructor or in the syllabus will be considered equivalent to representing someone else's work as one's own.

B. Procedures for Addressing Academic Misconduct

1. Investigation and Initiation

a) Students who know of an act of Academic Misconduct should report the incident to the Faculty Member teaching the course. The Faculty Member will obtain the basic facts of the allegation and ask the student reporting the misconduct to write and sign a statement of facts. The name(s) of the student(s) reporting suspected Academic Misconduct will remain confidential during the informal faculty/student meeting, but must be revealed to the accused student if the resolution proceeds beyond the Faculty Member and the accused student.

b) Faculty who suspect Academic Misconduct or who have Academic Misconduct reported to them must initiate an investigation and meet with the accused student within five (5) Academic Days of becoming aware of the incident. A Faculty Member who is made aware by another person of an act of Academic Misconduct has the responsibility to investigate the allegation, and, if warranted, pursue the issue as outlined below (IV.C.1).

c) In instances where the suspected Academic Misconduct is discovered during an academic exercise, the Faculty Member has the right to suspend immediately the student involved in the alleged activity from further work on the academic exercise.

d) A student accused of Academic Misconduct, will proceed in the course without restriction until resolution of the issue or until the Academic Dean has taken an action as specified in IV.C. that removes the student from the course.

e) An "I" grade should be given by the instructor if the alleged misconduct occurs near the end of a semester, for example, during finals, and a consequence outlined in section IV.C. has not been applied by the instructor or the Dean.

f) If more than one student is accused of the same act of misconduct (e.g., giving and receiving aid), each individual student is guaranteed the right to have their case heard separately. With each student's permission, the cases can be combined. The faculty/student conference (IV.B.2) is exempted from this requirement.

2. Resolution

a) Meeting Between Faculty Member and Student. This is the first step to be taken in resolving an incident of suspected Academic Misconduct.

1) Within five (5) Academic Days of suspecting misconduct, the Faculty Member will hold a meeting with the student. At this meeting, the Faculty Member will inform the student of all allegations against them and present any information supporting the allegations.

2) The student will be given the opportunity to respond to the allegations. The student has the right not to respond.

3) The Faculty Member will decide whether or not Academic Misconduct has occurred and, if warranted, apply any combination of consequences in IV.C.1. below, or refer the matter to the Dean for more severe consequences (probation, suspension, or expulsion). Findings of Academic Misconduct are based on the preponderance of the evidence.

4) The Faculty Member will notify the student in writing of his or her decision and may send copies to the Academic Dean, the dean of the college in which the student is enrolled, the Department Chair, and the Office of the Dean of Students. Any such copies of the findings will be kept on file in the college and department offices and in the student conduct files maintained by the Office of the Dean of Students.

b) Meeting with Department Chair. This meeting takes place when the student wishes to appeal either the findings of the Faculty Member or the severity of the consequence(s).

1) Within five (5) Academic Days of being notified by the Faculty Member of the disposition of the incident of Academic Misconduct, the student may request a meeting with the Department Chair.

2) The Department Chair will become acquainted with the facts and meet with the parties involved in the case. The student has the right to meet with the Department Chair without the Faculty Member being present.

3) The Department Chair may either support or reverse the findings of the Faculty Member, and may lessen the consequence(s) imposed by the Faculty Member even while supporting its findings. The chair may not increase the severity of the consequence(s).

4) The Department Chair will notify the student and Faculty Member of their decision in writing and may send copies to the Faculty Member, the Academic Dean and the Office of the Dean of Students. Any such copies of the findings will be kept on file in the college and department offices and in the student conduct files maintained by the Office of the Dean of Students.

c) Meeting with Academic Dean. This meeting takes place if the student wishes to appeal either the findings of the Department Chair or the severity of the consequence(s), if the Faculty Member recommends consequences by the Dean as listed in IV.C., or if the student has been found guilty of Academic Misconduct previously, in which case the Academic Dean may levy additional consequences.

1) Within five (5) Academic Days of being notified by the chair of the disposition of the incident of Academic Misconduct, the student may request a meeting with the Academic Dean.

2) The Academic Dean will hear the facts of the case and make a decision about the alleged act of Academic Misconduct or the appropriateness of the consequences administered by the Faculty Member. The Academic Dean can issue any combination of consequences listed in IV.C.2.

3) The Academic Dean will notify the student of their decision in writing with copies to the Department Chair and the Faculty Member. Copies of the findings will be kept on file in the college office and should be sent to the Office of the Dean of Students.

d) Academic Appeals Committee. Should the student wish to appeal the decision of the Academic Dean, they have the right to request a hearing before the Academic Appeals Committee.

1) The student must request this hearing by submitting an appeal letter to the chair of the university Academic Appeals Committee no later than five (5) Academic Days from the date of receiving written notification of the Dean's finding.

2) Upon receipt of the appeal letter, the chair of the Academic Appeals Committee may request materials from the student, the Faculty Member, the Department Chair, and/or the Dean.

3) The appealing student has the right to appear before the Academic Appeals Committee. The student may bring one person with them as an Advisor. The Advisor may not speak for the student or to the committee. The Advisor may only speak with the student. If the Advisor will be an attorney, the student must inform the committee chair at the time the chair collects the availability of the parties for scheduling the hearing in order for the University to also have an attorney present for the hearing. Each party shall bear the expense of their legal counsel. Legal counsel is to provide counsel only and may not participate directly in the meeting. The meeting is an administrative hearing, not a court proceeding, and is not subject to the procedures or practices of a court of law.

C. Consequences

1. **By the Faculty Member:**

a) Treat the examination or assignment in question as a missed assignment.

b) Assign a reduced grade, including possibly a grade of “F” or a zero for the examination or assignment in question.

c) Impose an alternative, possibly more or less severe, grade consequence within the course.

d) Recommend to the Academic Dean that the student be dropped immediately from the course with a grade of "F".

e) Recommend to the Academic Dean that the student be dismissed from an academic program, placed on probation, suspended or expelled from the University.

2. **By the Academic Dean or Academic Appeals Committee:** (Previous Academic Misconduct will be taken into account when either the Academic Dean or the Academic Appeals Committee considers consequences for Academic Misconduct.)

a) Apply consequences in IV.C.1.

b) Drop student from the course with a grade of "F". This grade cannot be changed by student-initiated withdrawal and the grade will be included in the computation of the GPA even if the course is repeated.

c) Place the student on suspension from the University for a specified period of time.

d) Expel the student from the University.

e) Recommend to the Provost that they request the Board of Trustees revoke an awarded degree.

f) In a case where the Academic Dean as defined above is not the dean of the college in which the student is enrolled, they shall recommend to the Provost/Vice Chancellor for Academic Affairs that the student be placed on probation, suspended, expelled or have their degree revoked.

D. Additional Information Regarding the Applicability of This Policy

1. If a student does not receive a reply acknowledging receipt of an appeal letter within five (5) Academic Days, they may contact the next administrator to request the next stage of appeal.

2. Study abroad students are subject to the rules, regulations, and academic policies of the host university/program in addition to the expectations of TCU students. Misconduct consequences imposed by another academic institution administering study abroad courses do not fall under this policy. However, TCU students found responsible for Academic Misconduct by another academic institution may also face consequences under this policy.

3. Program dismissals resulting from violations of professional standards of the discipline, disruptive behavior in an academic setting, or lack of academic progress should be implemented via the Policy on Unprofessional Behavior, Disruptive Behavior, and Lack of Academic Progress.

V. Enforcement

Section IV above defined the process for enforcing and the consequences for violating this policy.

VI. Administrative Responsibility

The Office of Academic Affairs is responsible for administering and interpreting this policy.

VII. Policy History

Issued: Adopted by University Council, December 6, 1995 Revised: 2006

Revised: April 2024 by the Academic Appeals Committee, approved by Undergraduate Council, Graduate Council and University Council.

VIII. Related Policies and Information

There are no related policies.

IX. Appendix

There are no appendices.

X. Approved By and Approval Date

Approved by Provost/Vice Chancellor for Academic Affairs, Spring 2006; Approved by President's Cabinet, June 2024.

Disruptive Classroom Behavior and Lack of Academic Progress Policy

Disruptive behavior is prohibited. Disruptive behavior includes, but is not limited to, conduct that substantially interferes with or obstructs the teaching or learning process. Civil expression of disagreement with the course instructor, during times when the instructor permits discussion, is not itself disruptive behavior and is not prohibited.

When any student, acting individually or in concert with others, obstructs or disrupts or attempts to obstruct or disrupt any teaching, research, administrative, disciplinary or public service activity, or any other activity authorized to be discharged on behalf of the University or held on the University's premises, the student may be asked to stop the disruptive behavior by an instructor or staff of the University. If the student continues, an instructor/staff member is authorized to tell the student to leave the area or classroom and, if the student will not leave, to call campus police.

The instructor/staff may immediately call campus police, without prior request to the student, if presented with an unsafe situation, threatening behavior, violence or in other inappropriate circumstances.

Withdrawal of Student from Class or Other Educational Experience

When a student disrupts a class or other educational experience, acts in a threatening manner, is not making acceptable academic progress, or if the student's behavior or lack of preparation is detrimental to the educational experience of others or could create an unsafe condition, or if the student is compromising the learning environment, the instructor may take action to withdraw the student from the class or educational experience.

To do this, the instructor shall provide the student written notice of intent to withdraw the student from the class or educational experience, with an explanation of the instructor's reason(s), and with a copy to the instructor's department chair (or, when there is no department chair, to the associate dean of the instructor's college/school). The notice should schedule a meeting with the student and the department chair (or, when there is no department chair, with the associate dean or dean of the instructor's college/school) to occur within seven days of the notice. The instructor may bar the student from the class or educational experience pending the result of the meeting, and the written notice should advise the student if there is such a bar. At the meeting, the student may have one adviser. Following the meeting, the instructor shall decide whether to withdraw the student from the class or educational experience. If a student is withdrawn, their grade will be recommended by the instructor to the dean of the instructor's college/school as either a "Q" or an "F." The student may appeal this decision within seven days in writing to the academic dean or designee. During the student's appeal, the student remains withdrawn from and is barred from attending the class. The dean's decision may be appealed in writing to the Academic Appeals Committee within ten (10) academic days of the dean's decision. The Academic Appeals Committee will follow the appeals procedures in the Academic Appeals Committee Policy, which may be obtained in full from the chair of the committee or the Provost's office.

Denying Enrollment, Suspension, Expulsion and Other Appropriate Action

When a student disrupts a class or other educational experience, acts in a threatening manner, is not making acceptable academic progress, or if the student's behavior or lack of preparation is detrimental to the educational experience of others or could create an unsafe condition, or if the student is compromising the learning environment, or if the student has acted contrary to the professional or ethical standards of the University, a department thereof, or a particular field, an academic dean, or the dean's designee, may additionally:

- Deny class enrollment to the student; or
- Suspend or expel the student from the University or from one or more of its programs; or
- Take other appropriate action.
- The student affected by such a decision by an academic dean, or the dean's designee, may appeal in writing within seven days to the Academic Appeals Committee. The decision of the academic dean (or designee) remains in place during the pendency of the appeal. The Academic Appeals Committee's decision on the matter is final.

A student so suspended or expelled shall have a grade of “Q” or “F” recorded for each course in progress as determined appropriate by the academic dean. The transcript will not record suspension or expulsion.

Non-Students and Non-Enrolled Students

Non-students and students not enrolled in class may be permanently removed by an instructor of the class, without formal review. Non-students who disrupt University activities may be removed from campus and banned from returning.

Other

Although some disruptive behavior may be due to a mental or physical disorder, as it relates to violence, disruptive or threatening behavior, students with such disorders will be held to the same standards as others.

Nothing in this policy limits a person, including but not limited to, an instructor, academic dean, associate dean or department chair from referring a matter to the Office of Campus Life or pursuing disciplinary action against a student or person through a complaint filed in the Office of Campus Life.

This policy is not intended to limit any authorized University employee, staff member, official, vice chancellor, president, chancellor, members of the Board of Trustees or a member of the Office of Campus Life from appropriately addressing behaviors covered by the policy.

Academic Standing and Satisfactory Academic Progress

A student is considered to be in "acceptable academic standing" if the student is eligible to continue their enrollment at TCU. Verification of this status is made by the Office of the Registrar.

A student is considered to be making "satisfactory academic progress" when the student has acceptable academic standing and coursework is being completed 1) that leads to the degree being sought, 2) in a timely manner and (3) that is consistent with reasonable expectations for individual circumstances. Satisfactory academic progress is determined by the academic dean of the major.

Attendance Expectations and Official Absence Policy

Regular and punctual class attendance is essential, and no assigned work is summarily excused because of absence, no matter what the cause. Records of class attendance are the responsibility of the faculty, and every course syllabus should clearly state the instructor's policy on class attendance and how attendance affects a student's final evaluation in the course. Students who miss an instructional experience are expected to meet with faculty to discuss their absence as soon as possible.

When a student is absent to represent the University (as in athletics, chorus, band, national or state meetings or organizations represented at TCU), then an Official University Absence may be granted by the Office of Campus Life. Faculty/staff who wish to have an activity sanctioned for Official University Absence status must submit the names of all students, including date and hours absent from campus, to the Office of Campus Life no later than one week prior to the date of the activity.

Students are encouraged to use the resources of the Office of Campus Life if an emergency situation occurs or if assistance is needed to resolve individual concerns.

Student Policies

Affirmative Action

Affirmative Action

Affirmative Action and Equal Employment Opportunity, TCU recruits, hires and promotes qualified persons in all job classifications without regard to age, race, color, religion, sex, sexual orientation, gender, gender identity, gender expression, national origin, ethnic origin, disability, genetic information, covered veteran status or any other basis protected by law.

TCU’s Affirmative Action/Equal Employment Opportunity Officer is Ms.Yohna J. Chambers, Vice Chancellor and Chief Human Resources Officer.

Inquiries about TCU’s policies and compliance with Title VII, The Age Discrimination Act of 1975 or other aspects of TCU’s equal opportunity or affirmative action programs should be directed to:

Student Policies

Alcohol Use Policy

Alcohol Use Policy

Texas Christian University has the responsibility of maintaining an educational environment conducive to academic achievement and, at the same time, helping young people grow into mature and responsible adults. Though each individual ultimately must decide whether or not to use alcoholic beverages, the University, through its Board of Trustees, has determined what practices are permitted on campus.

Students should be aware that the legal drinking age in the state of Texas is 21 years. Texas Christian University conforms to state law and also has further specific regulations to govern the use, sale and possession of alcoholic beverages on University property.

Students who choose to drink, either on or off campus, are expected to handle alcohol responsibly and conform to the laws of this state. Violation of state law, city ordinance or University regulations is considered grounds for disciplinary action.

Except for certain specified areas in University residence halls approved by the Vice Chancellor for Student Affairs, and for specific events authorized by the Chancellor or Provost in the Dee J. Kelly Alumni and Visitors Center or other buildings, the consumption, sale or use of alcoholic beverages is prohibited on campus. The consumption of alcohol is permissible for persons of legal drinking age in parking lots used for patrons of TCU football games at Amon Carter Stadium from three hours before and three hours after a TCU home football game. Patrons may not bring alcohol into the stadium at any time.

Residents of legal age (21 years) and over may possess and consume alcoholic beverages in their rooms or in the rooms of other students 21 years of age or older. The consumption of alcoholic beverages is prohibited in hallways, stairways, elevators, lobbies, lounges, recreation areas, restrooms and all other areas of the residence hall. Students' rooms may not be used as an "open bar" but may be used for private gatherings with no more than six guests.

The purchase or sale of alcoholic beverages is prohibited everywhere on the campus. Furthermore, no person may provide any alcoholic beverages to any person under 21 years of age. The University also prohibits the use or possession of alcoholic beverages in all instructional settings, including those remote to the campus.

Information about specific penalties imposed for violation of alcohol use policies are available online at www.studenthandbook.tcu.edu or you may contact the Dean of Students at 817.257.7926.

Student Policies

Bill of Student Rights and Responibilities

Bill of Student Rights and Responsibilities

(Officially approved spring 1977)

The purpose of this document is to enumerate the essential provisions of the student's rights and freedoms, together with the corresponding responsibilities that the student assumes while enrolled at Texas Christian University. It is understood by all persons concerned that the rights and responsibilities enumerated herein are to be exercised within the framework of the philosophies and objectives of Texas Christian University. If need for clarification arises, the University Judicial System shall be used to interpret the philosophies and objectives of the University.

Section I. Freedom of Access to Higher Education

1. The University shall be open to all applicants regardless of race, religion, sex, age or national origin who are qualified according to its admission requirements.
2. The appropriate facilities and services of the University shall be available to its enrolled students.
3. Each student has the responsibility to meet all of their financial obligations to the University.
4. Each student has the responsibility to observe the regulations of the University.

Section II. Classroom Expression

1. Any student who is in good standing with the University has the right to register for and attend any class (course) for which they have met the prerequisites as stated in the official University catalog and that is open to further enrollment.
2. Freedom of discussion and expression of views relevant to a course shall be protected.
3. Students are responsible for meeting the stated requirements of any class for which they are enrolled.

4. Students have the right to academic evaluations that are neither prejudiced nor capricious and that are based on stated class requirements.

Section III. Student Records

1. The confidential status of student records, including information about student views, beliefs and political association shall be protected. The term "confidential" means the ethical, moral and legal responsibility not to divulge information of a personal nature that has been obtained in the course of a professional relationship except:
    - When necessary to prevent an individual's serious injury to themselves and/or to another person;
    - For use by members of the faculty and administration when necessary to carry on the internal operations of the University;
    - When a parent or guardian has legal access to such records; and
    - When ordered by a court of competent jurisdiction to release such information.
2. No entry may be made on a student's official transcript without notification to the student.
3. Access to the University record is guaranteed to each student, subject only to applicable state and federal laws and reasonable University regulations as to time, place and supervision.
4. Entries relating to a student's race and religion may be solicited, but shall not become part of the student's official transcript.
5. Within a maximum of eight (8) years from the date of an individual's termination from the University, a routine destruction of their conduct records shall be accomplished, with the exception of those records indicating expulsion, which will be retained permanently.
6. The student has the responsibility to give full, accurate and complete information for all official records required by the University.

Student Policies

Drug Use Policy

Drug Use Policy

Students enrolled in TCU are subject to disciplinary action for the possession, manufacture, use, sale or distribution (by either sale or gift) of any quantity of any prescription drug or controlled substance, or for being under the influence of any prescription drug or controlled substance, except an over-the-counter medication or for the prescribed use of medication in accordance with the instructions of a licensed physician. Controlled substances including but not limited to: cannabis, K2 and other synthetic cannabinoids, synthetic stimulants (such as bath salts), cocaine, cocaine derivatives, heroin, and other illicit opiods amphetamines, methamphetamines, barbiturates, steroids, LSD, GHB, Adderall, Rohypnol, and substances typically known as “designer drugs” such as “ecstasy/molly.” Possession of paraphernalia associated with the use, possession or manufacture of a prescription drug or controlled substance is also prohibited (see Code of Student Conduct section, Drugs). Students having prohibited substances in their residence and students in the presence of these substances or paraphernalia may be subject to the same penalties as those in possession.

The minimum penalty for a first-time violation of the Drug Use Policy for use or possession of a prescription drug or controlled substance may be conduct probation for a full year, a requirement for participation in a drug education and/or treatment program, meetings with staff in the Substance Use and Recovery Services (SURS) office and random drug screenings. Any student who violates the Drug Use Policy for use or possession of a prescription drug

or controlled substance for a second time may be suspended from the University for at least one year. Possession of drug paraphernalia may subject a student to the same penalties as those imposed for use and possession of a prescription drug or controlled substance.

The penalty for a violation of the Drug Use Policy for sale, distribution or manufacture of a prescription drug or controlled substance may be permanent expulsion from the University. A student who voluntarily seeks help for drug or alcohol use is not subject to disciplinary action; in fact, University officials will do everything they can to assist the student in obtaining appropriate treatment. If the student continues to use drugs, they do become subject to disciplinary action.

Student Policies

Firearms and Deadly Weapons Policy

Firearms and Deadly Weapons Policy

All firearms and dangerous weapons are prohibited on campus. TCU has complied with the statutory requirements of Section 411.2031 of the Texas Government Code and the TCU Board of Trustees, voted to prohibit license holders from carrying concealed handguns on any campus grounds or building on which an activity sponsored by TCU is being conducted, and in any passenger transportation vehicle owned by TCU.

The only exceptions are that students, faculty and staff may bring unloaded firearms, other weapons and ammunition directly to the TCU Police Department to be checked in and stored in a locked gun vault. Texas law permits a person to store a concealed firearm in a locked, privately owned or leased motor vehicle parked on a street or driveway or in a TCU parking lot or parking garage.

The full TCU Policy is available through this link: Firearms and Weapons

Student Policies

Graduation Participation

Graduation Participation

Policy Governing Student Participation in Commencement

Commencement ceremonies recognize academic achievements of students and faculty. While ceremonial in nature, commencement is a time for the university to celebrate a major milestone in the life of the academic community. Participation in commencement at Texas Christian University is an honor shared among graduates.

A student participates in the commencement ceremony in the term in which the student completes all requirements for the degree (Spring semester graduates participate in the May commencement. Summer and fall semester graduates participate in the December commencement.)

Graduation is approved by the academic dean of the student's major in the form of a formal degree plan (completion of the degree is audited by the Office of the Registrar). On a case-by-case basis, the dean or dean's designee will confirm eligibility for early participation and notify the Office of the Registrar via a "Participating Not Graduating" form. Undergraduate students must be no more than six (6) credits from degree completion in order to be eligible for participation in a Commencement ceremony. All students, and their guests, in this category will be able to participate in Commencement Weekend festivities and ceremonies. Their name will be called to walk across the stage at their ceremony, however their name and any potential honors designation will not appear in the commencement program. Their degree and diploma will not be awarded until all degree requirements are met and completed. The student's name and any honors designation will appear in the commencement program the semester they are approved to graduate. The diploma will be mailed at the next appropriate degree conferral.

If a student is allowed to “participate not graduate” in one year’s ceremonies, they are not permitted to participate in a future commencement ceremony for the same degree.

Student Policies

Legal Sanctions for Illegal Use of Alcohol and Other Drugs

Legal Sanctions for Illegal Use of Alcohol and Other Drug

In accordance with federal regulations the following information is provided for all students. In addition to sanctions imposed by the University for a violation of the Alcohol Use Policy and the Drug Use Policy, a student may be subject to regulations of civil authorities. Various local, state and federal regulations prohibit the illegal use, possession and distribution of illicit drugs and alcohol. Penalties for violation of such statutes vary depending on the type of drug, the amount of the drug involved, the type of violation, and in the case of alcohol, the age of the persons involved. Detailed descriptions of legal penalties are available in the Substance Use and Recovery Services office.

The University reserves the right to refer students to court authorities for any behavior that is in violation of the law regardless of any sanctions imposed by the University.

Student Policies

Repeating a Course

Repeating a Course

If a course taken at TCU is repeated at TCU, the official grade is the last letter grade made, although all grades appear on the transcript. Only the last letter grade earned in the repeated course will be used in computing the GPA.

If a course is taken at TCU and then repeated at another institution, or if a course is taken at another institution and then repeated at TCU, only the grade earned at TCU is used to compute the student's GPA. Credit for any given course, regardless of where it was taken, may be counted only once.

Student Policies

Student Grievance Procedure

Student Grievance Procedure

The University has established both informal and formal procedures that a student may follow when presenting grievances. A grievance is defined as any dispute or difference concerning the interpretation or enforcement of any provision of University regulations, policies or procedures or state or federal laws applicable on the campus. Administrators, faculty and students are encouraged in all instances to resolve grievances informally and as promptly as possible. However, formal procedures may be followed when needed.

Detailed information about the University educational conduct system is provided in the Student Handbook and is available online at https://deanofstudents.tcu.edu/studenthandbook/. Individuals may also contact the Dean of Students at 817.257.7926.

Student Policies

Student Classification

Student Classification

A student's classification is determined by the amount of credit earned or the degree for which the student is a candidate, as shown below:

First-year: 0-23 semester hours

Sophomore: 24-53 semester hours

Junior: 54-83 semester hours

Senior: 84 and above semester hours

Graduate: Student enrolled for graduate study or in Brite Divinity School

Post-Graduate: Student who possesses a baccalaureate degree but is not pursuing an advanced degree program

Special: Unclassified

Student Policies

University Communication

University Communication

TCU will make every attempt to communicate with all members of the academic community in a timely and effective manner. The University will utilize U.S. mail, campus mail, telephone calls, and/or TCU provided email to communicate official University business. Information communicated by TCU provided email (tcu.edu account) is considered an official communication from the University. In the event of an emergency, the University will most likely communicate with students via their tcu.edu email account, text message, local media and the TCU home page (www.tcu.edu.) Many offices will use tcu.edu email exclusively to communicate important information; therefore, it is important that TCU community members access their accounts regularly or forward their account to a different email account.

It is also imperative that students keep their addresses and telephone numbers current. Telephone numbers and addresses may be used to contact students in the event of an emergency or to conduct official University business. Students may update their information via my.tcu.edu.

Student Policies

University Judicial System

University Judicial System

Preamble

This Judicial system is intended to provide an orderly system for adjudication of disputes arising under the Bill of Rights and for the just resolution of grievances based on actions of University employees or groups recognized by the University. A grievance is defined as any dispute or difference concerning the interpretation or enforcement of any provision of University regulations, policy procedures, or state or federal law.

I. Boards of Original Jurisdiction

1. The University committees enumerated below shall serve as quasi-judicial boards of original jurisdiction.

a. The Student Organizations Committee shall hear cases involving student organizations officially recognized or approved by the committee. It shall have the authority to delegate responsibility for judicial hearings to other student groups (such as the Panhellenic Council, the Interfraternity Council, etc.), but no dispute (case) handled by one of these groups can be appealed to the University Court until a ruling has been made by the Student Organizations Committee itself. Cases may be brought by University staff members, officers of student organizations under the jurisdiction of the committee or by individual students who charge that their rights have been violated by such organizations.

b. The Student Publications Committee shall hear cases involving University-sponsored student publications (e.g., *The Daily Skiff* and *Image).* Cases may be brought by University staff members, student editors or writers and individual students who think their rights have been violated by the press. The committee shall also hear cases involving controversy over such questions as compliance with the Canons of Responsible Journalism, FCC Regulations and the standards of taste in the University community.

c. The Public Presentations Committee shall hear cases regarding controversies in the areas of speakers, films, theatre, dance and art exhibitions to be presented by student organizations. Judgments concerning the appropriateness of a presentation (as defined in the Student Bill of Rights) will be made by this committee. Cases may be brought by University staff members, by student organizations that sponsor public presentations, or by individual students who charge their rights are violated by such presentations.

d. The Academic Appeals Committee shall hear cases brought to it by students who are appealing a specific grade or who have been accused of cheating on examinations, plagiarism or other academic dishonesty. Controversies in this area may only be brought to the committee after regular channels of department and school/college have been used.

e. The Traffic Appeals Committee shall hear cases involving disputes over the enforcement of University traffic regulations. Cases may be brought by students, faculty or administrators.

f. The Student Conduct Committee hears appeals from individual students who have been disciplined by the Dean of Students Office. It also may have discipline cases referred directly to it by the Dean of Students Office.

g. The Student Grievance Committee shall hear cases brought to it by students when such cases do not fall within the jurisdiction of the other quasi-judicial committees listed above. Individuals are expected to resolve grievances informally whenever possible, before appealing to this committee.

2. All quasi-judicial committees must have both student and faculty members.

II. University Court

1. The University Court shall have the authority to hear appeals from the quasi-judicial committees listed herein, only under conditions when 1) the dispute involves an alleged violation of the Bill of Student Rights; and 2) the board of original jurisdiction made procedural errors. If new evidence has become available since the original hearing, the case shall be referred back to the board of original jurisdiction. The court itself will, by majority vote, determine which cases it will hear.
2. Under conditions when a case will be heard by the University Court, the court shall have injunctive power to stay, for a maximum of 10 school days or until a University Court hearing can be held, whichever comes sooner, implementation of policies and decisions of University committees, administrative officers, faculty members and student organizations that may violate the Student Bill of Rights.
3. In cases of dispute over jurisdiction, the court will determine which quasi-judicial committee will have authority over a particular case.
4. The court shall be composed of four faculty members appointed by the Faculty Senate, four students appointed by the president of the House of Student Representatives with the approval of the House and three administrators appointed by the chancellor.
5. Members shall be appointed in April for terms beginning in June and ending in May. Temporary appointments may be made by the respective bodies for summer if regular appointees are not able to serve.
6. The court shall be free to select its own chairperson.
7. The University Court shall annually review and report to the ratifying bodies upon the quasi-judicial procedures and functions of the University committees.

8. Records of University Court proceedings shall be kept on file for at least five years as a guide for precedent; however, the confidentiality of participants must be protected by the administrator to whom the records are entrusted.

III. The Chancellor

1. Because the ultimate institutional responsibility has been delegated to the chancellor by the Board of Trustees, they retain the right to reverse any decision of the University Judicial System. The chancellor may delegate this authority to the president or an appropriate Vice Chancellor.

IV. Educational Discipline Procedures

1. Each quasi-judicial committee and the University Court shall determine its own hearing procedures, provided these procedures meet accepted "fair play" standards.
2. Each quasi-judicial committee and the University Court must observe rules of procedure, which include the following "fair play" rights:
    - The right to be informed in writing of the charges and the possible punishment.
    - The right to have at least three school days in which to prepare a defense to refute the charges.
    - The right to a hearing, which should elicit information from both sides. If possible, the accused shall be able to face their accuser(s) and have the right to be advised by legal or other counsel.
    - The right to be furnished a list of names of accusers and witnesses and a statement of facts they testified to, if the accused does not face their accusers. However, because of the close proximity in which students live and interact on campus, it is sometimes necessary to protect the anonymity of a witness or accuser. In such cases the Dean of Students may verify the identity of a witness and accept a written statement from them without revealing the name of the witness or accuser to the accused.
    - The right to present oral or written testimony.
    - The right to remain silent about any incident in which they are a suspect. No form of harassment shall be used by an institutional representative to coerce admissions of guilt.
    - The right to be advised in writing of the results of the hearing.
    - The right to receive a transcript or tape recording of the proceedings, at the individual's own expense, this is requested 24 hours before the hearing.

V. Student Affairs

Campus Expression

1. Students shall be free to examine and discuss all questions of interest to them and to express opinions publicly and privately.
2. Students have the right to assemble freely and peaceably.
3. Students shall be free to support or protest causes by orderly means.
4. Students have the right to be interviewed on campus for any position for which they meet the qualifications specified by any prospective employer permitted to recruit on campus by the University.
5. Student organizations officially recognized by the University shall be allowed to invite and hear speakers of their choosing. Speaker presentations shall be conducted in a manner consistent with an academic community and consistent with the philosophy and objectives of Texas Christian University. Student organizations have the right to present "entertainment" productions. (As used in this document,

entertainment refers to films, theatre, dance, music and art exhibitions.) All productions shall be conducted in a manner consistent with an academic community and consistent with the philosophy and objectives of TCU.

Student Organizations

1. Organizations consistent with the mission and values of TCU shall be recognized by Student Activities for any lawful purpose upon submission of a constitution and a list of current officers.
2. Membership lists are confidential and solely for the use of the organization, except that they may be solicited for internal use by Student Activities.
3. Student organizations, including those affiliated with an extramural organization, shall be open to qualified students without respect to race, creed or national origin. Religious qualifications may be required by organizations whose aims are primarily sectarian.
4. Student organizations shall have use of appropriate University facilities for their group activities, subject to such regulations as are required for scheduling meeting times, places and payment of any required fees.
5. No individual, group or organization may use the University name without the expressed authorization of the University except to identify University affiliation. University approval or disapproval of any organization's policy may not be stated or implied by that organization.

Student Communication Media

1. The student communication media shall be free of censorship. The editor and managers shall be free to develop their own editorial policies and methods of news coverage within the framework of the philosophies and objectives of the University. (The term "censorship" in reference to student communications media means any attempt to threaten or coerce any editor, manager or staff member of a student-run publication or broadcast station in order to prevent the dissemination of any factual account or the expression of any opinion, or generally, to hinder the free flow of ideas.)
2. The editorial freedom entails a responsibility to observe the Canons of Responsible Journalism and applicable regulations of the Federal Communications Commissions to avoid the publication of libelous and other unlawful statements and to show regard for the standards of taste of the University.

Student Governance

1. The role and responsibilities of recognized governing bodies composed primarily of students shall be delineated in the constitutions and bylaws of the respective organizations. Actions of student government within the areas of its jurisdiction shall be reviewed only through orderly and prescribed procedures.
2. In the formulation of University policy, students are entitled to a participatory function.

Student Rooms and Property

1. Students have the right to be free from unreasonable search and seizure by University personnel, and during the process of search and/or seizure the safety of personal effects will be protected.
2. A student's room shall not be occupied during the term of a housing contract by anyone other than the student without written consent from the student.
3. The student, by moving into a University residence hall, acknowledges their responsibility to abide by the terms of the housing contract.

VI. Conduct Outcomes

1. University conduct outcomes shall be imposed upon a student only in accordance with the provisions of a written, officially adopted and published Code of Student Conduct.
2. When charged with a violation of the Code of Student Conduct, students shall have procedural "fair play" rights.
3. Students formally charged with violating University regulations shall be informed of their "fair play" rights in writing.
4. Students shall have the right to appeal any conduct outcomes within the provisions of the University judicial system.
5. Students are responsible for answering honestly any questions posed to them in conduct hearings unless the individual claims the right to remain silent on the basis of possible self-incrimination.

VII. Equal Opportunity

Texas Christian University does not discriminate on the basis of personal status or individual characteristics of group affiliation, including, but not limited to, classes protected under federal and state law.

VIII. Un-enumerated Rights and Responsibilities

The preceding unenumerated of rights and responsibilities shall not be construed to be all-inclusive for students in their capacity as members of the student body or as citizens of the community at large.

IX. Judicial System

Any controversies that may arise in connection with rights and responsibilities of students outlined in this document shall be adjudicated according to the University judicial system.

X. Amendments

Amendments to the Bill of Rights and Responsibilities may be proposed only by the House of Student Representatives, the Faculty Senate or the TCU Chancellor. When proposed, amendments shall be referred to a special committee by a majority vote of the House of Student Representatives or the Faculty Senate, or at the request of the Chancellor. The committee shall consist of three members appointed by the president of the House of Student Representatives, three members appointed by the chair of the Faculty Senate and three members appointed by the Chancellor. When the committee recommends an amendment to the Bill of Student Rights and Responsibilities, it will require an affirmative vote of a majority of the TCU students voting in a campus-wide election and a majority of the faculty voting in a faculty election, upon recommendations by a majority of the House of Student Representatives and the Faculty Senate, and by approval of the chancellor.

XI. Ratification

Ratification of this statement shall be by affirmative vote of a majority of the TCU students voting in a campus-wide election and a majority of the faculty voting in a faculty election, upon recommendation by a majority of the Student House of Representatives and the Faculty Senate, and by approval of the chancellor.

AddRan Liberal Arts Program of Study

Texas Christian University was founded as AddRan Male and Female College, and its largest and most central academic unit continues to carry the distinctive name that Addison and Randolph Clark devised for their school.

AddRan College of Liberal Arts also continues TCU's well-developed tradition of emphasis on the liberal arts. The college's faculty and programs provide a sound foundation for a lifetime of intellectual growth and preparation for the multiple careers that most will experience in the 21st century. Courses in the humanities and social sciences form a major part of the core studies of all University students, and concentrated effort in one AddRan area can provide the base for future personal and vocational choices.

Degree programs within AddRan College vary widely. Some provide the solid liberal arts base needed for professional study toward the ministry, law, medicine, business, teaching and related fields. Some have a professional orientation within themselves, with specialized study leading toward specific career objectives. In all of the programs, students find flexibility and freedom balanced by structure and discipline.

AddRan's academic advisement system is part of its intent to help individual students meet their educational needs. Alongside professional advisers in Academic Advising faculty members in each academic program serve as advisers. Students are expected to meet with their advisers at least once each semester as they plan studies for the next term, and appointments are encouraged at other times when students feel the need to discuss their academic options. All first-year students, whether entering first-year or transfers, are required to see an adviser prior to registering. Names of advisers are available through each of the departments. All first-year and pre-majors are advised through the Center for Academic Services.

AddRan College Organization

AddRan College is organized into 10 departments and houses three interdepartmental programs and two units of Reserve Officers' Training Corps, as well as five academic service units.

Departments

Criminology & Criminal Justice

Economics

English

Geography

History

Philosophy

Political Science

Religion

Sociology and Anthropology

World Languages and Global Studies

Interdepartmental Programs

Comparative Race and Ethnic Studies

Digital Culture and Data Analytics

Women and Gender Studies

Reserve Officers' Training Corps

Aerospace Studies, Air Force ROTC

Military Science, Army ROTC

Academic Service Units

Center for Digital Expression

Center for Languages and Intercultural Global Connection

Center for Texas Studies

Center for Urban Studies

Willliam L. Adams Center for Writing

Residence Study Abroad

Various programs developed and offered in concert with TCU Global

Administrative offices for AddRan College are on the second floor of Scharbauer Hall, a building that also houses the departmental offices of criminology & criminal justice, geography, economics, philosophy, political science, sociology and anthropology, and World Languages and Global Studies. English, and history are located in Dave Reed Hall, and religion is in Theodore Beasley Hall.

AddRan College Degree Programs

AddRan College administers programs that lead to the Bachelor of Arts (BA) and Bachelor of Science (BS) degrees.

The Bachelor of Arts (BA) degree is offered with majors in:

- Anthropology
- Chinese
- Comparative Race and Ethnic Studies
- Creative Writing
- Economics
- English
- French
- Geography
- German
- History
- International Economics
- Italian
- Latin American Studies
- Philosophy
- Political Science
- Religion
- Sociology
- Spanish and Hispanic Studies
- Spanish for the Professions
- Women and Gender Studies
- Writing and Rhetoric

The Bachelor of Science (BS) degree is offered with majors in:

- Criminology & Criminal Justice
- Digital Culture and Data Analytics
- Economics
- Economics and Mathematics
- Geography

- Philosophy
- Political Science
- Sociology
- Women and Gender Studies

The Bachelor of General Studies

With various emphases, as approved by the director of General Studies

Multiple Majors

Students with a first major in AddRan College may declare an additional major in lieu of or in addition to a minor. The additional major may be selected from the other colleges/schools at TCU. Students seeking an additional major in a school/college other than AddRan must have the approval of the dean of AddRan and the dean of the additional major.

Students with a first major in another TCU school/college may select additional majors from those available in AddRan with the approval of the dean of the school/college of the first major and the dean of AddRan. Students who seek a second major from AddRan, if that major is one approved for the BA, must satisfy the foreign language requirement described below.

The degree awarded will be that appropriate to the major designated as the first major. All degree requirements for each major must be satisfied. These include all TCU Core Curriculum requirements associated with any particular major, as well as all associated requirements.

Pass/No-Credit Option

Students may take up to two courses (eight hours maximum) on a Pass/No-Credit (P/NC) basis. No course applied to the student's major, minor or associated requirements may be taken on the P/NC basis. Courses offered only with the P/NC grade will not be counted toward this limit on the number P/NC hours.

Students wishing to take courses at another college or university following their admission to TCU must receive approval of such courses through the office of the dean of AddRan College before enrolling in them. Requests should be submitted as transfer requests in MyTCU.

AddRan Minors

The following is a list of approved minors in AddRan College:

- African American and Africana Studies
- Asian Studies
- Anthropology
- British and Colonial/Post-Colonial Studies
- CALM Studies
- Chinese
- Classical Studies (Currently Paused)
- Comparative Race and Ethnic Studies
- Creative Writing
- Criminology & Criminal Justice
- Digital Culture and Data Analytics
- Economics
- English
- French

- Geography
- Geospatial Data Analytics
- German
- Global History
- History
- Human-Animal Relationships
- International Economics
- International Relations
- Italian
- Latinx Studies
- Middle East Studies
- Military Science
- Military, War, and Conflict Studies
- Philosophy
- Political Science
- Religion
- Sociology
- Spanish and Hispanic Studies
- Spanish for Business Professions
- Spanish for the Health Professions
- Urban Studies
- Women and Gender Studies
- Writing and Rhetoric

In addition, minors are accepted from the other colleges/schools at TCU. Students seeking a minor from the College of Education must obtain the approval of the office of the dean of the College of Education.

AddRan Certificates and Emphases

The following is a list of approved certificates and/or emphases in AddRan College:

- Comparative Race and Ethnic Studies
- Human-Centered AI
- Medical Social Sciences and Health Humanities
- Women and Gender Studies

Human-Centered AI

The Certificate in Human-Centered AI requires **a total of 12 credit hours** to be chosen in accordance with the following distribution principles:

Required course (3hrs)

ADRN 30503 A Human-centered AI Future

3-6 credit hours from among the following (or other equivalents as approved by the director of the certificate)

COSC40503 Artificial Intelligence Artificial Intelligence

DCDA30833 CreativeCodInHum Creative Coding in the Humanities

DCDA30970 Special Topics in DCDA Special Topics in Digital Culture and Data Analytics (When relevant)

DCDA40343 AI & LLM Concepts & Apps / GEOG40343 AI & LLM Concepts & Apps AI Concepts and Large Language Model

Applications 3-6 credit hrs from among the following (or other electives as approved by the director of the certificate)

COSC10403 Intro To Programming Introduction to Programming

COSC10603 Intro to Python for Data Analy Introduction to Python for Data Analytics

DCDA20833 Intro to Coding in Humanities / WRIT20833 Intro to Coding in Humanities Introduction to Coding for the Humanities

ENGL20813 Intro to Digital Humanities Intro to Digital Humanities

HIST30623 History of Science History of Science: Scientific Revolutions

HIST30693 Technologies of History Technologies of History from Cuneiform to Coding

POSC31453 Data Science and Pub Pol Data Science and Public Policy

RELI30483 Digital Religion Digital Religion: God, the Soul, and Morality after the Digital Revolution

WRIT30283 CyberliteracyCyberliteracy

The certificate may not include more than 6 hours of courses with the same course prefix

Medical Social Sciences and Health Humanities Certificate

Social Sciences and Health Humanities Certificate

Open to students from any major, this 12-credit hour certificate is designed for undergraduates interested in understanding the social and cultural influences on health, illness, and medicine. By earning the certificate, students acquire key analytical tools of the liberal arts to explicate behavioral, organizational, and societal factors shaping health outcomes and systems of care. Students develop valuable relational skills, such as ethical sensitivity, expanded empathy, narrative competence, and critical reflexivity. These competencies deepen insights into the lived experiences of health professionals, caregivers, and the individuals and families navigating illness, ultimately fostering more compassionate and equitable approaches in healthcare.

Required Courses

The undergraduate certificate in Medical Social Sciences and Health Humanities will include twelve credit hours from the courses listed below, six hours from Foundations and six hours from Social Science and Humanities Perspectives courses. Other relevant special topics courses may be taken with the approval of the certificate director. Courses do not have to be taken in sequence. Students are encouraged to consult with the certificate director to plan a career-related cluster of electives to enhance their professional portfolio.

Foundations

Six hours from the courses below:

ANTH30373 Medical Anthropology	Medical Anthropology	3
SOCI40523 Health,Illness,&Medicine	Health, Illness and Medicine	3
SOCI30723	Social Determinants of Health	3
SOCI30223 Contemporary Topics/ Soci	Contemporary Topics in Sociology. Topic: Social Determinants of Health	3

Social Science and Humanities Perspectives

Six hours from the courses below:

ANTH20613 Intro to Physical Anthropology	Introduction to Physical Anthropology	3
ANTH30373 Medical Anthropology	Medical Anthropology	3
ANTH30653 Sex, Gender and Culture	Sex, Gender and Culture	3
ANTH30533 Happiness	Happiness: Culture, Economics, and Being	3
	OR	
ECON30533	Happiness: Culture, Economics, and Being	3
ENGL20713 Literature and Medicine	Literature and Medicine	3
ENGL20723 Intro to Disability Studies	Introduction to Disability Studies	3
ECON30503 Health Economics	Health Economics	3
PHIL20313	Death	3
PHIL20203	Art and Science of Human Flourishing	3
PHIL20323 Bioethics	Bioethics	3
PHIL30343 Sex, Society, and Ethics	Sex, Society, and Ethics	3
	OR	
SOCI30773 Sex, Society, and Ethics	Sex, Society, and Ethics	3

SOCI30223 Contemporary Topics/Soci	Contemporary Topics in Sociology *Topic must be health-related and approved by certificate advisor	3
SOCI30263 Environmental Justice	Environmental Justice	3
	OR	
CRES30263 Environmental Justice	Environmental Justice	3
	OR	

Additional health-related courses may be approved by the certificate director.

AddRan Bachelor of Arts Degree

AddRan Bachelor of Arts Degree

Students pursuing a program leading to a BA degree must complete a minimum of 120 semester hours, 36 of which must be advanced (30000 level or above) from TCU, with a major selected from the approved list of majors above and a minor chosen in consultation with the student's adviser. The specific number of hours required for the major and minor may be found in the appropriate section of this catalog.

A maximum of 36 semester hours in any one subject field may be counted toward the 120-semester-hour minimum required for the BA degree. ENGL10803 Intro Comp:Writing as Inquiry or 10833 and ENGL20803 Intermed Comp:Writing Argument are excluded from the 36-semester-hour maximum for students majoring in English.

In addition, students must complete the TCU Core Curriculum described elsewhere in this catalog.

Notes:

1. No more than eight semester hours of physical education activity courses may be applied toward graduation requirements.
2. Specific courses have been approved to meet the core curriculum. These courses are so identified in the schedule of classes for each term's offerings.
3. Courses may be applied to more than one set of major or minor requirements with the express approval of the academic dean and may not exceed 6 credits in any given major as decided by academic programs. Individual colleges may have additional restrictions to this policy.

Foreign Language Requirement

All students pursuing the BA degree in all colleges, even as a second major, must demonstrate competency in a foreign language equivalent to the completion of one of the following:

ARAB20063 Intermediate Arabic II	Intermediate Arabic II	3
CHIN20063 Intermediate Chinese II	Intermediate Chinese II	3
FREN20063 Fourth Sem College Fren	Fourth Semester College French	3
GRMN20063 Intermediate German	Intermediate German	3
GREE20063 Fourth Sem Coll Greek	Fourth Semester College Greek (Hellenistic)	3
ITAL20063 Fourth Sem Coll Italian	Fourth Semester College Italian	3
JAPN20063 Fourth Sem Col Japanese	Fourth Semester College Japanese	3
SPAN20203 Intermediate Spanish 2	Intermediate Spanish 2	3
SPAN20203 Intermediate Spanish 2	Intensive Intermediate Spanish 2	3

This requirement may be satisfied by either satisfactory completion of coursework taken at or transferred to TCU or by presenting satisfactory scores on recognized standardized tests (i.e., AP, CLEP or SAT II). The placement exam administered by the World Languages and Global Studies department in AddRan are placement tests only—determining where in the sequence of a specific language a student should begin. They cannot be used to test out of the language in which you take that test or to earn credit (see retroactive credit policy for how to earn additional credit by beginning beyond the first semester). Required scores on standardized tests may be found in the Credit by Exam booklet available from the Office of Admission. For languages not currently taught at TCU, six semester hours at the sophomore-level, transferred to TCU from another accredited institution, may be used

to satisfy this requirement. Students may also provide evidence of competency in the non-English language by successfully completing one academic year in a secondary or post-secondary institution in which the language of instruction is other than English, for which the student will receive 12 hours of credit.

AddRan Bachelor of Science Degree

AddRan Bachelor of Science Degree

Students pursuing a program leading to a BS degree must complete the minimum number of semester hours, 36 of which must be advanced (30000 level or above taken at TCU), specified for their particular major chosen from the list of approved majors for a BS degree above. Specific requirements of each major are to be found in the appropriate section of this catalog. Where a minor is called for, it is to be selected with the assistance of the student's adviser from the list of approved minors.

In addition to the specific requirements, students must complete the TCU Core Curriculum described elsewhere in this catalog.

Notes:

1. No more than eight physical education courses may be applied toward graduation requirements.
2. Specific courses have been approved to meet the core curriculum. These courses are so identified in the schedule of classes for each term's offerings.
3. Courses may be applied to more than one set of major or minor requirements with the express approval of the academic dean and may not exceed 6 credits in any given major as decided by academic programs. Individual colleges may have additional restrictions to this policy

Other Bachelor of Science Degrees

All policies relevant to the BS degree also apply to the degree of BS in Criminal Justice.

Aerospace Studies

Aerospace Studies

The U.S. Air Force Reserve Officer Training Corps (AFROTC) provides women and men at Texas Christian University, Texas Wesleyan University, Dallas Baptist University, Tarleton State University, the University of Texas at Arlington, Weatherford College and Tarrant County College the education and training necessary to develop the management and leadership skills vital to professional Air and Space Force Officers.

Enrollment in the General Military Course (first two years) is voluntary for eligible students and does not obligate non-scholarship students for further military service. The Professional Officer Course (last two years) is also voluntary but competitive. Because the Professional Officer Course leads to a commission in the U.S. Air Force, those selected to continue training will incur military obligation.

Aerospace studies courses are taken concurrently with other degree programs. No degree is offered in aerospace studies, but up to 24 semester hours may be earned in aerospace studies over the four-year period. Some of the classes may be used to meet major elective requirements; students should see their academic adviser for confirmation. Students who enroll in aerospace studies classes and intend to commission must attend both classroom and leadership laboratory classes at TCU. The laboratory classes give students first-hand experience in developing leadership and organizational skills while preparing them for enrollment in the Professional Officer Course.

Aerospace Studies Program Requirements

Four-Year Program

This program enables students to take advantage of four years of aerospace studies courses. Each semester, for the first two years, cadets take a one-credit hour academic class and a one-credit hour Pass/No-Credit Leadership Laboratory (LLab). The first two years collectively are referred to as the General Military Course (GMC). Upon successful completion of the GMC and an ensuing three-week Air Force paid field training course, qualified and selected students may elect to enroll in the final two years, referred to as the Professional Officer Course (POC). Each semester in the POC, students take a three-credit hour academic class and a one-credit hour Pass/No-Credit LLab. AFROTC uniforms are issued by the unit.

More detailed information about the Air Force ROTC Program is available through the Department of Aerospace Studies. The department is located in office 247 of the Rickel Academic Wing. Call 817.257.7461 or visit www.afrotc.tcu.edu with questions.

Aerospace Studies General Qualifications

A student enrolling in AFROTC must:

- Be a full-time student (12 semester hours or more)
- Be a U.S. citizen
- Be in good physical condition/health
- Have good moral character
- Be no older than 39 years upon commissioning

AFROTC Program Benefits

As Air Force ROTC cadets, students are entitled to selective benefits. Social and co-curricular activities, together with leadership and academic training, are all part of Air Force ROTC. Contracted cadets receive a nontaxable subsistence allowance each month during the school year. Honor guard and Arnold Air Honor Society are just a few social outlets for the cadets. Summer opportunities for cadets can include a paid visit to a military installation for two weeks, freefall parachuting, combat survival training, flight nurse shadowing and cadet training assistant duty at field training.

AFROTC Scholarships

Air Force ROTC offers scholarships that vary in length of award and amount based on academic major and applicant qualifications. All awarded scholarships pay a stipend for textbooks and fees, plus a monthly, nontaxable, stipend during the school year. Scholarship awards are based on specific academic majors related to the needs of the U.S. Air Force. These scholarship opportunities for in-college students are determined at the national level by Air Force ROTC and are subsequently administered by the detachment/Department of Aerospace Studies. Scholarship applicants are selected using the whole-person concept, which includes objective factors (i.e., GPA, standardized test scores (SAT/ACT), and physical fitness test) and subjective factors (i.e., personal evaluations). Students who are enrolled in Air Force ROTC generally improve their scholarship selection opportunity.

In addition to meeting the general qualifications mentioned above, scholarship applicants must be at least 17 years of age when the scholarship is activated and must be less than 31 years of age as of the end of their commissioning year. Because the scholarship program varies according to budget and needs of the Air Force, interested applicants should contact the Department of Aerospace Studies at 817.257.7461 or www.afrotc.tcu.edu for specifics.

High school students may apply for a four-year scholarship their high school senior year. High school students who are offered an AFROTC scholarship may be offered a TCU room and board subsidy. High school students who receive a three-year scholarship may also receive an additional semester of tuition paid if attending TCU.

AFROTC Commissioning

Upon successful completion of the AFROTC Program and baccalaureate or graduate degree, a student is commissioned a second lieutenant in the U.S. Air Force. In some instances, active service can be delayed by students continuing in post-baccalaureate degree programs.

African American and Africana Studies Emphasis

African American and Africana Studies Emphasis

Students seeking the emphasis must complete 15 hours.

To include 6 hours chosen from:

AAAS10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3
ENGL20593 Lits of Global Afr. Diaspora	Introduction to Literatures of the Global African Diaspora	3
HIST30833 The Civil Rights Movement	The Civil Rights Movement in America	3
CRES10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3
CRES20003 Critical Race Theory	Critical Race Theory	3
CRES20103 Intro to Black Studies	Intro to Black Studies	3
CRES30303 Feminisms of Color	Feminisms of Color	3
CRES30403 Transnational GenderSexuality	Transnational Gender & Sexuality	3
CRES30503 Crimmigration	Crimmigration	3
ENGL20213 Global Women's Literature	Global Women's Literature	3
ENGL20533 The American Dream	The American Dream	3
SOWO40883 Diversity and Social Justice	Diversity and Social Justice	3

Select the remaining 9 hours from courses that carry the AAAS attribute from at least three different departments.

Emphasis students may count AAAS-approved courses towards the emphasis as well as another major or minor.

They also may concentrate their AAAS electives in a single department.

Emphasis students in a program requiring a minor must complete a minor in another disciplinary field.

Asian Studies

Asian Studies

Asian studies is available as a minor on both the BA and BS degrees. The minor program offers students multidisciplinary opportunities to study subjects concerning the peoples and cultures of Asia.

British and Colonial/Post-Colonial Studies

British and Colonial/Post-Colonial Studies

British and Colonial/Post-Colonial studies is available as a minor on both the BA and BS degrees. This minor is designed to provide students with an understanding of the current state and history of Great Britain and its former and current colonies. It is interdisciplinary in nature, drawing upon departments and course offerings throughout the University, as well as various summer and semester study abroad programs. Through this minor, students become aware of how different areas of study, including art, film, history, journalism, literature, religion, and social

behavioral and natural sciences, coalesce and contribute to the knowledge of a particular region. It also provides students with a framework for investigating issues of globalization, such as the impact of colonization on nations and their history and the state of the former colonies in contemporary life.

Classical Studies

Classical Studies

Classical studies is available as a minor on both the BA and BS degrees.

Comparative Race and Ethnic Studies

Comparative Race and Ethnic Studies

Comparative Race and Ethnic Studies Emphasis

Classical Studies

The emphasis in Comparative Race and Ethnic Studies requires 15 semester hours of CRES-prefix and CRES-approved courses passed with a grade of "C-" or better and a maximum of 9 hours below the 30000 level. Courses counted for the CRES emphasis may be counted for other majors or minors.

Requirements

Recommended Core Course

CRES10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3

Recommended to students prior to taking 20003 but not required.

Core Courses (3 hours)

CRES30263 Environmental Justice	Gateway Seminar in Critical Race Theory	3

Electives (12 hours)

The five required courses must meet the following criteria:

1. Students must take at least three upper-division courses in CRES or in its associated disciplines from any of the program's course subcategories.

2. No more than three of the five courses may focus on a particular race or ethnic group.

3. No more than three of the five courses may be in any single discipline.

Note: If students take CRES10103 Engaging Community and Culture, it can count as one of their five elective classes.

Students may also take CRES30003 Community Based Rsrch Mthds Researching Inequality and/or CRES40003 CRES Capstone Seminar Capstone Seminar to fulfill the elective requirement.

A list of approved courses, along with the appropriate subcategory designations, can be found in the catalog and will be maintained by the program and the registrar.

Criminology & Criminal Justice

Criminology & Criminal Justice

Criminology & criminal justice is available as a major on the BS degree and as a minor on both the BA and BS degrees. Criminology & criminal justice serves the academic needs and career objectives of a variety of students. The major in criminology & criminal justice can serve as preparation for further formal education in graduate or law school, as well as for immediate entry into careers in the justice system and related fields. Courses may be selected to emphasize any of the three components of the justice system: police, courts, or corrections. Alternatively, students may choose courses that provide exposure to special issues and problems in criminology and criminal justice. In addition, the internship program provides students opportunities to experience working in the criminal justice field.

Transfer students may receive a maximum of nine hours credit in the major for criminology & criminal justice courses taken at accredited colleges and universities. A maximum of six hours may be counted toward the minor. The chair of the Criminology & Criminal Justice Department determines the applicability of such coursework to the program's degree requirements.

Honors College

Criminology & criminal justice majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in CRJU30003 Honors In Criminal Just during their junior year and CRJU40003 Senior Hon Paper In CRJU during the fall semester of their senior year.

Alpha Phi Sigma

The Criminology & Criminal Justice Department sponsors a chapter of Alpha Phi Sigma, the national honor society in the discipline. Any criminology & criminal justice major or minor with a 3.2 overall GPA and a 3.2 in criminal justice-related courses who has completed four criminal justice-related courses is eligible.

Criminology & Criminal Justice, BS

Criminology & Criminal Justice, BS

The BS with a major in criminology & criminal justice requires a total of 120 semester hours. The degree does not require a foreign language. The major requires 43 hours in criminology & criminal justice courses:

The 43 semester hours in criminal justice (CRJU) must include:

I. Required Criminal Justice Courses (22 hours)

CRJU10121 Career Plan,Ethics,Prof Dev:CJ	Career Planning, Ethics, and Professional Development in Criminology & Criminal Justice	1
CRJU20413 Intro/Criminal Justice	Introduction to Criminal Justice	3
CRJU20423 Crit Issues:Crime&Justce	Critical Issues in Crime and Justice	3
CRJU20873 Research Design in CRJU	Research Design in Criminology & Criminal Justice	3
CRJU20883 Data Analyses in CRJU	Data Analyses in Criminology & Criminal Justice	3
CRJU30333 Criminological Theory	Criminological Theory	3
CRJU30423 Crts & Judicial Process	Courts and Judicial Process	3
CRJU40963 Internship In CRJU	Internship in Criminology & Criminal Justice	3

II. Distribution Requirements (12 semester hours)

One Law Enforcement Course

CRJU30613 Police In A Free Society	Police in a Free Society	3
	OR	
CRJU30633 Federal Law Enforcement	Federal Law Enforcement	3
	OR	
CRJU30653 Controv Issues Policing	Controversial Issues in Policing	3

One Law Course

CRJU30433 Criminal Law	Criminal Law	3
	OR	
CRJU30553 Constitutional Law for CJ	Constitutional Law for Criminal Justice	3
	OR	
CRJU30863 LawJust&SocialControl	Law, Justice, and Social Control	3

One Corrections Course

CRJU30383 Institutional Corrections	Institutional Corrections	3
	OR	
CRJU30643 Community Corrections	Community Corrections	3

One Diversity Course

CRJU30853 Multiculturalism in CJ System	Multiculturalism in the Criminal Justice System	3
	OR	
CRJU40473 Youthful Offenders	Youthful Offenders	3
	OR	
CRJU40853 Race, Ethnicity, and Crime	Race, Ethnicity, and Crime	3

III. Elective Criminology & Criminal Justice Courses (9 hours)

Although taught regularly, not all required courses are scheduled every semester. It is the students' responsibility to complete the major requirements for graduation as early in their tenure as possible. Exemptions to the major requirements will not be made because of student failure to complete coursework in a timely fashion.

Digital Culture and Data Analytics

Digital Culture and Data Analytics

Digital Culture and Data Analytics (DCDA) is an interdisciplinary set of programs designed for students with an interest in how digital technologies shape, analyze and articulate contemporary culture.

The Bachelor of Science major in Digital Culture and Data Analytics requires 33 semester hours of coursework passed with a grade of "C-". A minor in any field is required (unless student has a second major).

Students minoring in digital culture and data analytics complete 21 hours of coursework: four required courses and a choice of three additional courses from an approved list. Students take no more than two courses from any single discipline. For the minor, a minimum of 9 hours at the upper division is required. Students who major or minor in Digital Culture and Data Analytics must choose whether DCDA-approved courses approved for other major or minor programs will count toward their DCDA program or for the other program. With the approval of the academic dean, up to two courses (or six hours), including the statistics requirement, may count for both major and minor requirements.

Once the requirements are satisfied, other courses from that same core category will count as electives.

Given that the DCDA program is supported by 15 other departments at TCU, the program director will work with and accept the determinations of the department whose discipline a transfer credit falls under. Further, the program director will work with students directly to recommend study abroad courses for the DCDA program. Students will not be allowed to place out of major requirements, nor will there be opportunities to receive course credit for examination.

Economics

Economics

Economics is available as a major or a minor on both the BA and BS degrees. It is also available as the BS degree in international economics and the BS degree in economics & mathematics, which is a STEM major. The Department of Economics is part of the AddRan College of Liberal Arts. Economics students learn to use economic reasoning

and data analytics to help businesses and other organizations make better decisions. As a part of the Liberal Arts tradition, economics students also develop intellectual depth and agility, learning to understand and employ a range of economic models and perspectives. The economic program cultivates the full range of hard and soft skills that enable our graduates to achieve entry-level placement and lifelong advancement in a variety of fields such as banking, finance, energy, law, medicine, and actuarial science.

Honors College

Economics majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in ECON30003 Junior Honors Seminar during their junior year and ECON40003 Senior Honors Resh Paper during the fall semester of their senior year.

Minimum Grade Requirements

To graduate with a major in economics or international economics or economics & mathematics, students must earn a grade of "C-" or better in all courses applied to the major, including associated requirements where these are required. In addition, a grade of "C-" or better must be earned in any course serving as a prerequisite for a course in economics.

Course Scheduling

Although taught regularly, not all required courses are scheduled every semester. It is the students' responsibility to complete the major requirements for graduation as early in their tenure as possible. Exceptions to the major requirements or to course prerequisites will not be made because of student failure to complete coursework in a timely fashion. Since they serve as prerequisites to many advanced courses, the foundations courses and associated requirements should be completed as early as possible in a student's academic career.

Omicron Delta Epsilon

The Eta of Texas Chapter of Omicron Delta Epsilon (ODE) is sponsored by the Department of Economics. ODE is the national honor society in economics.

English

English

English is available as a major on the BA degree and as a minor on both the BA and BS degrees. The Department of English also offers a writing major and minor (find it here under "WRIT-BA" or see the department website, https://addran.tcu.edu/english/index.php), a creative writing major and minor, optional concentrations and an Accelerated MA in English.

Honors College

English majors who plan to pursue Departmental Honors must be members of the Honors College and enroll in ENGL30003 Honors Thesis Seminar I the fall semester of their senior year, and ENGL40003 Honors Thesis Seminar II in the spring semester of their senior year.

Optional Concentrations - English

Optional Concentrations - English

Students may group the coursework for their major into a concentration by taking 9 hours from one of the following lists. Courses taken for the concentration will also count toward requirements for the major. A student may choose at most two concentrations. Independent studies and thesis coursework may not be applied toward the

concentration. Students may also, with permission of their adviser and the English department director of undergraduate studies, design their own concentration by taking 9 hours of ENGL, CRWT or WRIT courses in a single topic or field of study.

General Studies, BGS

General Studies, BGS

Requirements

In addition to satisfying the TCU Core Curriculum requirements, students must take:

- A total of 120 semester hours with at least 45 semester hours taken at TCU.
- A minimum of 24 semester hours in an emphasis area approved by the director of general studies.
- Thirty-six semester hours at the advanced level (30000 level or above) with 24 or more of these advanced hours being taken at TCU. A minimum of 12 upper-level semester hours must be in the emphasis area. All courses in a student's final semester - the semester in which they intend to graduate - must be taken at TCU.

Geography

Geography

Geography is available as a major on the BA and BS degrees and as a minor on both the BA and BS degrees.

History

History

History is available as a major on the BA degree and as a minor on both the BA and BS degrees.

Honors College

History majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in HIST30153 Junior Honors Tutorial during their junior year and HIST40103 Senior Honors Project during the fall semester of their senior year.

History Honor Society

The Department of History sponsors the Eta Kappa Chapter of Phi Alpha Theta, national honor society in the discipline of history.

History Secondary Certification

Medical Social Sciences and Health Humanities Certificate

Social Sciences and Health Humanities Certificate

Open to students from any major, this 12-credit hour certificate is designed for undergraduates interested in understanding the social and cultural influences on health, illness, and medicine. By earning the certificate, students acquire key analytical tools of the liberal arts to explicate behavioral, organizational, and societal factors shaping health outcomes and systems of care. Students develop valuable relational skills, such as ethical sensitivity, expanded empathy, narrative competence, and critical reflexivity. These competencies deepen insights into the lived experiences of health professionals, caregivers, and the individuals and families navigating illness, ultimately fostering more compassionate and equitable approaches in healthcare.

Required Courses

The undergraduate certificate in Medical Social Sciences and Health Humanities will include twelve credit hours from the courses listed below, six hours from Foundations and six hours from Social Science and Humanities Perspectives courses. Other relevant special topics courses may be taken with the approval of the certificate director. Courses do not have to be taken in sequence. Students are encouraged to consult with the certificate director to plan a career-related cluster of electives to enhance their professional portfolio.

Foundations

Six hours from the courses below:

ANTH30373 Medical Anthropology	Medical Anthropology	3
SOCI40523 Health,Illness,&Medicine	Health, Illness and Medicine	3
SOCI30723	Social Determinants of Health	3
SOCI30223 Contemporary Topics/ Soci	Contemporary Topics in Sociology. Topic: Social Determinants of Health	3

Social Science and Humanities Perspectives

Six hours from the courses below:

ANTH20613 Intro to Physical Anthropology	Introduction to Physical Anthropology	3
ANTH30373 Medical Anthropology	Medical Anthropology	3
ANTH30653 Sex, Gender and Culture	Sex, Gender and Culture	3
ANTH30533 Happiness	Happiness: Culture, Economics, and Being	3
	OR	
ECON30533	Happiness: Culture, Economics, and Being	3
ENGL20713 Literature and Medicine	Literature and Medicine	3
ENGL20723 Intro to Disability Studies	Introduction to Disability Studies	3

Additional health-related courses may be approved by the certificate director.

Middle East Studies Emphasis

Middle East Studies Emphasis

Students seeking the minor must complete 15 hours.

Requirements

To include 6 hours chosen from:

HIST10803 Intro to Islamic Civilization	Introduction to Islamic Civilization	3
	OR	
RELI30543 Islam	Islam	3
HIST10813 Modern Middle East	Introduction to the Modern Middle East	3
	OR	
POSC35503 Middle East Politics	The Politics and the Culture of the Middle East and North Africa	3

Select the remaining 9 hours from courses that carry the MES attribute.

Emphasis students may count MES-approved courses towards their major/minor and the emphasis. They may also concentrate their MES electives in a single department.

Emphasis students in programs requiring a minor must complete a minor in another disciplinary field.

Approved Courses for the Middle Eastern Studies Minor and Emphasis

* For courses with multiple and sections, students must consult with the middle east studies director to ensure the material is relevant and the course will count.

**RELI10033 Understanding Rel:Texts&Ideas must be Understanding Rel: Texts & Ideas - The Qur'an

Military Science

Military Science

Military science offers opportunities to develop confidence, self-esteem, and leadership and life skills to succeed in college and beyond. It is an academic curriculum that supplements a student's major and is designed to prepare qualified, high-potential students for service as commissioned officers in the U.S. Army and its Reserve components (the Army Reserve and Army National Guard).

The Military Science Program is composed of a two-year Basic Course, a two-year Advanced Course, and a four-week Advanced Camp summer program. Non-scholarship students enrolling in only first-year and sophomore-level classes incur no obligation to serve in the military after graduation.

Upon completion of the requirements for the baccalaureate or master's degree and military science training requirements, students are commissioned as second lieutenants.

Four-year, three-year and two-year programs are offered. Each program includes the option for qualified students to benefit from a full-tuition and mandatory fees scholarship, and TCU offers room and board grants for qualified ROTC scholarship winners.

Four-Year Program

The four-year program is divided into two portions, each consisting of four classes normally taken in sequence. The first is the Basic Course, which is usually completed during the first-year and sophomore years. The second portion of the four-year program is called the Advanced Course; it is normally completed during the junior and senior years. To enroll in the Advanced Course, students must:

- Successfully complete the Basic Course (or receive equivalent credit by attending the Cadet Command Basic Camp);
- Be of good moral character;
- Have a minimum of two years remaining as a full-time student;
- Have a minimum GPA of 2.0 and;
- Be physically qualified (medical & fitness);

A paid and highly adventurous four-week training session (Advanced Camp) between the junior and senior years is a critically important part of the Advanced Course. All Advanced Course students (both scholarship and non-scholarship) receive a monthly cash allowance while participating (full-time) in on-campus instruction. This allowance can be collected up to 10 months each year.

Two-Year Program

The two-year program is designed for students who either transfer into TCU or elect to begin pursuing a commission in the fall of their junior year. It includes a paid four-week summer training session between the sophomore and junior years and the Advanced Course described under the four-year program. Application for the two-year program is normally made during the second semester of the sophomore year. However, the two-year program is also open to juniors and seniors planning attendance at graduate school. The monthly cash allowance for students in the two-year program is the same as for other students in the Advanced Course. Numerous full tuition and fees scholarships are available for qualified two-year program applicants.

Military Science Scholarships

Four-year, three-year and two-year scholarships are available to qualified applicants. Scholarships are full tuition. Scholarships can be applied toward tuition and mandatory fees, and provide $1,200 per year for books. The scholarship also provides a cash stipend of $420 for each month the student participates in full-time on-campus instruction (limited to 10 months each year).

Four-Year Scholarships

High school students wishing to compete for a four-year scholarship should apply during the summer between their junior and senior years. Outstanding candidates can be notified of their selection as early as November of their senior year. Students who wait until their senior year to apply must apply early. Completed applications must be received at the evaluation center before February 4th of the student's senior year in high school.

Three-Year Scholarships

First-year students enrolled at TCU or students planning to transfer into TCU at the beginning of their sophomore year may apply for three-year scholarships. Students applying for the three-year scholarship must have at least 27 semester hours credit at the beginning of the sophomore year and meet the other specified eligibility criteria.

Two-Year Scholarships

Any student, presently enrolled or planning to transfer to TCU, who will have 54 semester hours completed by the beginning of the next fall semester may apply for a two-year scholarship. To validate their scholarships, recipients are required to satisfactorily complete a paid four-week summer training session (Basic Camp) prior to entering school in the fall semester.

Nursing Scholarships

The Army ROTC provides four and a half-, four-, three- and two-year scholarships for students interested in becoming officers in the U.S. Army Nurse Corps. Application forms and information about these scholarships may be obtained by calling 817.257.7455, or writing:

Department of Military Science

Texas Christian University

TCU Box 298910

Fort Worth 76129

Tuition Assistance

The Office of Scholarships and Student Financial Aid can provide further information.

Waivers

Part or all of the Basic Course may be waived for veterans with acceptable active duty service. Students that have completed four years of JROTC may receive a waiver for the Basic Course. Students transferring from a military academy or military junior college may also receive a waiver for the Basic Course.

Military Science Curriculum

Military Science Curriculum

The curriculum consists of the Basic Course and the Advanced Course described previously under the Four-Year Program and further described below.

Basic Courses

MILS10041 Intro To Leadership I	Introduction to Leadership I	1
MILS10081 Intro To Leadership II	Introduction to Leadership II	1
MILS20042 Basic Leadership I	Basic Leadership I	2
MILS20092 Basic Leadership II	Basic Leadership II	2

Leadership Lab (MILS10001 Leadership Lab) is required for all courses listed.

Advanced Courses

MILS30063 Intermed Leadership II	Intermediate Leadership I	3
MILS30063 Intermed Leadership II	Intermediate Leadership II	3
MILS40053 Advanced Leadership I	Advanced Leadership I	3
MILS40063 Advanced Leadership II	Advanced Leadership II	3

Leadership Lab (MILS10001 Leadership Lab) is required for all courses listed.

Military Science Minor

Required Courses (19 Semester Hours)

HIST20763 U. S. Military History	U. S. Military History	3

1). Must be enrolled in the Army ROTC Program.

2). Successfully completed with a grade of a B or better in all areas

3). Successfully complete the Army's Advanced Camp offered annually in the summer, and,

4). Meet all the Army's prerequisites to be eligible for a commission as an Army Officer upon graduation

Modern Language Studies

Modern Language Studies

Majors are available in modern language studies with specializations in Chinese, French, German and Italian. Minors are also available in Chinese, French, German and Italian. Language study through the fourth semester is sometimes available in Arabic and Japanese (only in a two-year cycle with JAPN10153 First Sem Col Japanese being offered to open the cycle once every two years in the fall).

Placement

Students with academic or life experience in a foreign language are urged to enroll at a level appropriate to their skills. In order to encourage students to enroll in a first course appropriate to their ability, TCU offers the following incentive-based placement policy:

Students whose first language class at TCU is beyond the first semester level may earn additional language credit (if credit has not already been awarded for transfer, CLEP or AP work) as follows:

- If the first foreign language class is at the second semester level and a grade of "B-" or higher is earned, as a reward for superior work, three semester hours credit will also be awarded for the first-semester course.
- If the first foreign language class is at the third semester level and a grade of "B-" or higher is earned, as a reward for superior work, six semester hours credit will also be awarded for the first and second semester courses.
- If the first foreign language class is at the fourth semester level and a grade of "B-" or higher is earned, as a reward for superior work, nine semester hours credit will also be awarded for the first, second and third semester courses.
- If the first foreign language class is beyond the fourth semester level (numbered 30000 or above) and a grade of "B-" or higher is earned, as a reward for superior work, nine semester hours credit will also be awarded for the second, third and fourth semester courses.

If the student takes a foreign language class at a level beyond the first one and earns a "C" or "D," no additional credit will be awarded, but the student will be deemed to have satisfied the foreign language requirement of the University Core Requirements consistent with the level of the course passed. For example, if a student's first foreign language class at TCU is at the fourth semester level (20063), and the student earns a "C" as the final grade, the student will not receive additional credit, but will have satisfied the foreign language requirement at the sophomore level.

To determine proper placement level, students should consult with an adviser in the Department of Modern Language Studies and take the computerized CAPE examination, available through the department.

Additional credit may also be earned by means of exams administered by the College Board (AP or CLEP). Consult the TCU Credit by Exam booklet, available through the Office of Admission, for details. Note: Students entering the program at a certain level may not receive credit for coursework taken below that level.

Lower division courses taught in the target language are not open to heritage and native speakers. For upper-level courses, see individual course listings for specific limitations.

Resident Study Abroad

The Department of Modern Language Studies strongly supports study abroad. Department members occasionally lead summer study abroad programs. Semester-long study abroad programs are available through TCU Global. For additional information, consult the department chair and the foreign study adviser. A maximum of nine credit hours transferred from study abroad programs may be counted towards the required language courses within the Modern Language Studies major or towards any departmental minor. Students may, however, apply additional study abroad credits to the interdisciplinary course within the major.

Philosophy

Philosophy

Philosophy is available as a major on the BA and BS degrees and as a minor on both the BA and BS degrees. Philosophy is the systematic study of fundamental life issues. It deals with the application of logical reasoning to topics such as human nature, ethics, mind and knowledge. Students who study philosophy have the opportunity to acquire superior skills of logical analysis, argumentation, and written and oral expression. Although approaching these issues with the rigors of the philosophical method is both new and challenging to beginning students, most of those who study philosophy usually find the experience both interesting and rewarding. They also take with them numerous lessons from their studies that enable them to live in a way that is both more successful and fulfilling.

Honors College

Philosophy majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in PHIL30003 Junior Honors Seminar during their junior year andPHIL40000 Senior Honors Rsch Paper the fall semester of their senior year. (PHIL30003 Junior Honors Seminar may be included in the 24 semester hours required for the major, but PHIL40000 Senior Honors Rsch Paper may not.)

Political Science

Political Science

Political science is available as a major and a minor on both the BA and BS degrees. The Department of Political Science offers course concentration in the following seven sub-fields:

- American Politics
- Political Theory
- International Politics
- Comparative Politics
- Public Law
- Research Methods
- Public Affairs Internships

Honors College

Political science majors seeking to achieve departmental honors must be members of the Honors College and complete the following courses:

POSC20093 Scope & Methods Of Posc

POSC40001 Research Tutorial

POSC40003 Senior Honors In Posc

POSC30003 Honors In Posc (or POSC40093 Capstone)

Please note that students must complete POSC20093 Scope & Methods Of Posc prior to enrolling in POSC40001 Research Tutorial, which in turn must be completed prior to POSC40003 Senior Honors In Posc.

A suggested timeline for completing the sequence might be:

Spring of sophomore year or Fall of junior year: POSC20093 Scope & Methods Of Posc

Spring of junior year: POSC30003 Honors In Posc (or POSC40093 Capstone) AND POSC40001 Research Tutorial

Fall of senior year: POSC40003 Senior Honors In Posc

Spring of senior year: Graduate with Departmental Honors

Political Science Honor Society

The department sponsors the Beta Lambda Chapter of Pi Sigma Alpha, national honor society in political science. Membership requires completion of a minimum of 10 semester hours of political science (at least 6 in regular classroom courses on TCU's campus and at least 3 advanced, i.e., 30000 level or above), at least a 3.0 GPA in political science courses and at least a 3.5 GPA overall. Applicants need not be a political science major or minor. Washington Internship Program

TCU is affiliated with the Washington Center, which provides placements, supervision and housing for students who seek a professional experience in a public or private organization in the nation's capital. Students selected for the program must have a minimum GPA of 3.0 and must return to TCU for at least one semester after the internship. Students apply each fall, a year in advance of their internship, and must attend a non-credit preparatory seminar in the spring. Up to 15 hours of credit may be earned through this program, which is multidisciplinary and available to students in any major field.

Political Science Teaching Certification

Political Science Teaching Certification

Students interested in teaching political science/government at the secondary or middle school level must acquire a secondary and middle school social studies certificate. Interested students should consult with an adviser in the College of Education regarding specific certification requirements.

Religion

Religion

Religion is available as a major on the BA degree and as a minor on the BA, BS and BBA degrees.

Committed to the liberal arts and its diverse disciplinary perspectives, the Religion Department fosters an inquiring, critical, and intersectional approach to the study of religion, enabling students to become informed and engaged interpreters of religious communities, texts, ideas, artifacts, and practices in their cultural and historical contexts. The Department supports the ethical and global aims of the University's mission in its commitment to prioritize community engagement and connected culture and aims to equip students to understand different worldviews expressed in and beyond the world's religions.

Courses in the department approach religious traditions historically, textually, aesthetically, ethnographically, philosophically and comparatively, and consider the role of religion in society, culture and individual life. These courses introduce students to various methods and issues in the study of religion; familiarize them with the beliefs and practices of various religious traditions; develop their critical thinking, reading and writing skills; and encourage them to explore and evaluate their own culturally conditioned self- understandings and ultimate commitments. Students will find the multidimensional study of religion to be fertile ground for developing habits of mind that are excellent foundations for professional life. Those planning for seminary, graduate study in religion or other disciplines, or church-related vocations will be well prepared by department courses and well supported by faculty advisement.

[AD1]Is this wording allowed?

Writing Proficiency

The development of writing proficiency is a vital component of the educational process. Both majors and minors are encouraged to utilize faculty assistance and the resources of the Writing Center to achieve that goal.

Honors College

Religion majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in RELI30003 Honors Seminar during their junior year, and RELI40003 Senior Honors Resh Paperduring the fall semester of their senior year. Note:RELI30003 Honors Seminarsubstitutes in the major for the required Senior Seminar, RELI40603 Senior Seminar.

Sociology

Sociology

Sociology is available as a major on the BA and BS degrees and as a minor on both the BA and BS degrees.

CLEP

The Department of Sociology and Anthropology approves the awarding of three semester hours of credit for a score of 55 on the CLEP Subject Exam in Introductory Sociology, equivalent to SOCI20213 Introductory Sociology.

Honors College

Sociology majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in SOCI30003 Honors Seminar Sociology during their junior year and SOCI40003 Senior Honors Research during the fall semester of their senior year.

Sociology Honor Society

The department sponsors Lambda Chapter of Alpha Kappa Delta, International Sociology Honor Society.

Spanish and Hispanic Studies

Spanish and Hispanic Studies

Spanish and Hispanic Studies is available as a major and a minor on the BA degree.

Placement

Students have several options for finding the appropriate level to start their language studies at TCU. Various means of determining proper placement, as well as obtaining credit for previous language study, are outlined below.

1. To determine proper placement level, students should consult the level descriptions on the department's website and take the CAPE examination. Details concerning the CAPE placement exam are provided to incoming students prior to orientation and registration. To access, click on the CAPE (link) which will lead you to a page where you will register and create an account to gain access to the exam.
2. Students with academic or life experience in a foreign language are urged to enroll at a level appropriate to their skills. As an incentive for students to enroll at their actual level of ability, TCU offers the opportunity to earn advanced placement credits through one of two ways:

- By means of exams administered by the College Board (AP or CLEP).

Suggested placement for students with AP credit is as follows:

AP	TCU Equivalent	Credit	Placement
3	10103, 10203	6 hr	20103
4	10103, 10203, 20103, 20203	12 hr	30503, 30603, 31703
5	10103, 10203, 20103, 20203	12 hr	30503, 30603, 31703

- By entering at an appropriate level in accordance with the guidelines provided below. (For details, please consult the department Web site at www.Span.tcu.edu . Whenever uncertain, students should consult with an adviser in the Department of Spanish and Hispanic Studies.)

SPAN10103 Spanish for Beginners 1: for students who have never studied Spanish.

SPAN10203 Spanish for Beginners 2: for students who have minimal formal study and very limited knowledge of Spanish grammar and culture.

SPAN20103 Intermediate Spanish 1: for students who know basic Spanish grammar and need to learn more complex structures and practice writing.

This is also the entry point into the Spanish major.

SPAN20203 Intermediate Spanish 2: for students who have a good grasp of Spanish grammar but are not quite ready for advanced language courses.

SPAN30503 Advanced Span Personal Public, SPAN30603 Advanced Span Local Global, or SPAN31703 Spanish for Heritage Speakers (for Heritage Speakers): for students who are ready to begin at an advanced level. This is also the entry point into the Spanish major.

Earning Advanced Placement Credits According to Entrance Level

Students whose first foreign language class at TCU is beyond the first-semester level may earn additional language credit (if credit has not already been awarded for transfer, CLEP or AP work) as follows:

- If the first foreign language class is at the *second-semester level* (SPAN10203 Spanish for Beginners 2) and a grade of "B-" or higher is earned, 3-semester hours credit will also be awarded for the first-semester course. That is, the student will earn 6 hours of credits for taking a 3-credit course.
- If the first foreign language class is at the *third-semester level* (SPAN20103 Intermediate Spanish 1) and a grade of "B-" or higher is earned, 6-semester hours credit will also be awarded for the first- and second-semester courses. That is, the student will earn 9 hours of credits for taking a 3-credit course.
- If the first foreign language class is at the *fourth-semester level* (SPAN20203 Intermediate Spanish 2) and a grade of "B-" or higher is earned, 9 semester hours credit will also be awarded for the first-, second- and third-semester courses. That is, the student will earn 12 hours of credits for taking a 3-credit course.
- If the first foreign language class is above SPAN20203 Intermediate Spanish 2and a grade of "B-" or higher is earned, 9 semester hours credit will also be awarded for the second-, third- and fourth-semester courses. That is, the student will earn 12 hours of credits for taking a 3-credit course.

Notes: Spanish for Beginners 1 is designed and reserved for students with no previous study of the language.

Students entering the program at a certain level may not receive credit for coursework taken below that level.

Sigma Delta Pi Honor Society

The department annually recognizes its outstanding students by inviting them to join Sigma Delta Pi, the national honor society for Spanish scholars.

Spanish and Hispanic Studies, BA

Spanish and Hispanic Studies, BA

The BA with a major in Spanish & Hispanic Studies consists of 33 credit hours including an initial 6 semester hours in Intermediate Spanish courses and an additional 27 semester hours, in consultation with a faculty adviser in the Department of Spanish & Hispanic Studies, in one of the following three tracks: Track One: Spanish;: Track Two: Spanish for the Professions; Track Three: Latin American Studies.

Track One: Spanish

Spanish explores the cultural and literary production of the Iberian Peninsula and Latin America while developing students' linguistics knowledge and cultivating their critical perspectives as responsible global citizens.

Track Two: Spanish for the Professions

Spanish for the Professions integrates students' professional knowledge with their target language skills to foster their intercultural communication and leadership abilities as responsible global citizens.

Track Three: Latin American Studies

Latin American Studies critically examines the societies of Latin America, including Brazil, through a wide range of literary and non-literary texts. The program exposes students to diversity of thought and beliefs within divergent cultural paradigms.

Regarding all three tracks:

Native speakers and heritage speakers

No credit given to native speakers for 20000-level Spanish; heritage speakers may only receive credit with permission of the department chair. A native speaker is considered to be someone who completed his or her their primary or secondary education in a Spanish- speaking country. A heritage speaker is someone who was primarily educated in U.S. schools but who speaks Spanish in the home, and with friends and/or co-workers. Native speakers and heritage speakers not eligible to take these courses must take additional upper-level Spanish electives instead unless these credits are awarded as transfer credit or Advanced Placement Credit.

Native speakers will not receive credit for SPAN 30503, SPAN 30603, and SPAN 31703 unless special permission is granted by department chair. Heritage speakers are encouraged to take SPAN 31703. Non-heritage speakers should not take SPAN 31703.

Native speakers and heritage speakers not eligible to take these courses must take additional upper-level Spanish electives instead.

Policy on Grades

Courses taken Pass/No-Credit and courses in which the student earns below a "C-" will not count toward the major.

Study Abroad

Study abroad is strongly recommended for all majors of Spanish and Hispanic Studies. In addition to enormous improvement in speaking ability, the international experience will enhance career opportunities and cross-cultural competence. To receive credit, the student must meet with the Spanish and Hispanic Studies study abroad adviser as well as the TCU Global prior to departure to obtain approval for coursework abroad.

Co-curricular Engagement and Internships

Students are encouraged to contact the Department of Spanish and Hispanic Studies for information about

off-campus cultural resources. Students interested in doing an internship should read the department's internship policy at http://span.tcu.edu/internship.asp.

Required courses for all three tracks:

One of the following:

SPAN20203 Intermediate Spanish 2	Intermediate Spanish 2	3
	OR	
SPAN20213 Intensive Intermediate Span 2	Intensive Intermediate Spanish 2	3

One of the following:

SPAN20103 Intermediate Spanish 1	Intermediate Spanish 1	3

Spanish Secondary Teacher Certification

Spanish Secondary Teacher Certification

Students seeking certification for teaching in Spanish at the secondary school level should be advised by the academic adviser of the College of Education. Students need 33 semester hours in Spanish and the education courses required to complete a double major in Spanish and Educational Studies with certification. See www.catalog.tcu.edu/undergraduate. Students seeking Spanish teaching certification (elementary through high school) must successfully complete the Languages Other Than English (LOTE) Spanish certification exam. Candidates seeking Spanish certification must also successfully complete the Pedagogy and Professional Responsibilities EC-12 exam.

Individuals seeking teaching certification with an EC-6 bilingual specialization must successfully complete the Bilingual Target Language Proficiency Test (BTLPT) in order to be awarded a Bilingual Supplemental Teaching Certificate. EC-6 bilingual certification candidates must also successfully complete the EC-6 Generalist and the Pedagogy and Professional Responsibilities state examinations. Students seeking bilingual teaching certificate must submit a language assessment from the Department of Spanish and Hispanic Studies when applying to the Teacher Education Program.

Women & Gender Studies

Women & Gender Studies

Women and Gender Studies puts women, gender, and sexuality at the center of academic investigation. The major promotes inquiry into the intersections of gender with other identity categories; the workings of power in society; and the means of advancing social justice and equality. Through research, teaching and learning, and collaboration, the department fosters feminist and interdisciplinary analysis across social, historical, cultural and global contexts, products and practices.
Women and Gender Studies has a B.A., and B.S., as well as a minor and an emphasis.

Departmental Honors

Women and Gender Studies majors, minors, or emphasis students who plan to pursue departmental honors must be members of the Honors College and should contact the chair of the WGST to register for WGST31003 Junior Honors Seminar (junior honors seminar) or WGST41003 Senior Honors Seminar (senior honors seminar).

Urban Studies

Urban Studies

Urban Studies is an interdisciplinary program of the AddRan College of Liberal Arts. Students must complete 18 hours of credit to earn the Urban Studies minor. Course offerings are drawn from multiple disciplines across the University, including geography, history, political science, sociology, criminal justice and economics.

The Urban Studies minor is intended for any undergraduate student seeking to develop a multidisciplinary exploration of cities, looking into the organization of urban space, the varied and multiple dimensions of urban life, and the challenges presented by the rapid pace of urban change in the 21st century.

Students interested in the Urban Studies minor should contact the program adviser, Dr. Sean Crotty, at sean.crotty@tcu.edu.

Writing and Rhetoric

Writing and Rhetoric

Writing and Rhetoric is available as a major on the BA degree and a minor on both the BA and BS degrees. The English department also offers an English major and minor, a creative writing major and minor, optional concentrations and an Accelerated MA in English, which is open to all department majors.

Honors College

Writing and Rhetoric majors who plan to pursue Departmental Honors must be members of the Honors College and enroll in ENGL30003 Honors Thesis Seminar I in the fall semester of their senior year, and ENGL40003 Honors Thesis Seminar II in the spring semester of their senior year.

Optional Concentrations

Optional Concentrations

Students may group the coursework for their major into a concentration by taking 9 hours from one of the following lists. Courses taken for the concentration will also count toward the requirements for the major. A student may choose at most two concentrations. Independent studies and thesis coursework may not be applied toward the concentration. Students may also, with permission of their adviser and the English Department director of undergraduate studies, design their own concentration by taking 9 hours of ENGL, CRWT or WRIT courses in a single topic or field of study.

Aerospace Studies

Aerospace Studies

The U.S. Air Force Reserve Officer Training Corps (AFROTC) provides women and men at Texas Christian University, Texas Wesleyan University, Dallas Baptist University, Tarleton State University, the University of Texas at Arlington, Weatherford College and Tarrant County College the education and training necessary to develop the management and leadership skills vital to professional Air and Space Force Officers.

Enrollment in the General Military Course (first two years) is voluntary for eligible students and does not obligate non-scholarship students for further military service. The Professional Officer Course (last two years) is also voluntary but competitive. Because the Professional Officer Course leads to a commission in the U.S. Air Force, those selected to continue training will incur military obligation.

Aerospace studies courses are taken concurrently with other degree programs. No degree is offered in aerospace studies, but up to 24 semester hours may be earned in aerospace studies over the four-year period. Some of the classes may be used to meet major elective requirements; students should see their academic adviser for confirmation. Students who enroll in aerospace studies classes and intend to commission must attend both classroom and leadership laboratory classes at TCU. The laboratory classes give students first-hand experience in developing leadership and organizational skills while preparing them for enrollment in the Professional Officer Course.

Aerospace Studies Program Requirements

Four-Year Program

This program enables students to take advantage of four years of aerospace studies courses. Each semester, for the first two years, cadets take a one-credit hour academic class and a one-credit hour Pass/No-Credit Leadership Laboratory (LLab). The first two years collectively are referred to as the General Military Course (GMC). Upon successful completion of the GMC and an ensuing three-week Air Force paid field training course, qualified and selected students may elect to enroll in the final two years, referred to as the Professional Officer Course (POC). Each semester in the POC, students take a three-credit hour academic class and a one-credit hour Pass/No-Credit LLab. AFROTC uniforms are issued by the unit.

More detailed information about the Air Force ROTC Program is available through the Department of Aerospace Studies. The department is located in office 247 of the Rickel Academic Wing. Call 817.257.7461 or visit www.afrotc.tcu.edu with questions.

Aerospace Studies General Qualifications

A student enrolling in AFROTC must:

- Be a full-time student (12 semester hours or more)

- Be a U.S. citizen
- Be in good physical condition/health
- Have good moral character
- Be no older than 39 years upon commissioning

AFROTC Program Benefits

As Air Force ROTC cadets, students are entitled to selective benefits. Social and co-curricular activities, together with leadership and academic training, are all part of Air Force ROTC. Contracted cadets receive a nontaxable subsistence allowance each month during the school year. Honor guard and Arnold Air Honor Society are just a few social outlets for the cadets. Summer opportunities for cadets can include a paid visit to a military installation for two weeks, freefall parachuting, combat survival training, flight nurse shadowing and cadet training assistant duty at field training.

AFROTC Scholarships

Air Force ROTC offers scholarships that vary in length of award and amount based on academic major and applicant qualifications. All awarded scholarships pay a stipend for textbooks and fees, plus a monthly, nontaxable, stipend during the school year. Scholarship awards are based on specific academic majors related to the needs of the U.S. Air Force. These scholarship opportunities for in-college students are determined at the national level by Air Force ROTC and are subsequently administered by the detachment/Department of Aerospace Studies. Scholarship applicants are selected using the whole-person concept, which includes objective factors (i.e., GPA, standardized test scores (SAT/ACT), and physical fitness test) and subjective factors (i.e., personal evaluations). Students who are enrolled in Air Force ROTC generally improve their scholarship selection opportunity.

In addition to meeting the general qualifications mentioned above, scholarship applicants must be at least 17 years of age when the scholarship is activated and must be less than 31 years of age as of the end of their commissioning year. Because the scholarship program varies according to budget and needs of the Air Force, interested applicants should contact the Department of Aerospace Studies at 817.257.7461 or www.afrotc.tcu.edu for specifics.

High school students may apply for a four-year scholarship their high school senior year. High school students who are offered an AFROTC scholarship may be offered a TCU room and board subsidy. High school students who receive a three-year scholarship may also receive an additional semester of tuition paid if attending TCU.

AFROTC Commissioning

Upon successful completion of the AFROTC Program and baccalaureate or graduate degree, a student is commissioned a second lieutenant in the U.S. Air Force. In some instances, active service can be delayed by students continuing in post-baccalaureate degree programs.

Anthropology, BA

Anthropology, BA

The BA with a major in anthropology requires 30 semester hours, at least 24 of which must be in anthropology, including at least nine hours from the following:

ANTH20613 Intro to Physical Anthropology	Introduction to Physical Anthropology	3
ANTH20623 Intro Cultural Anth	Introduction to Cultural Anthropology	3
ANTH20633 Intro To Archaeology	Introduction to Archaeology	3
ANTH20643 Language & Culture	Language and Culture	3

A maximum of six hours from outside the program may be applied toward the major upon approval of the anthropology faculty. Courses taken through other anthropology programs may be accepted toward the major or minor with approval of the TCU anthropology faculty.

Comparative Race and Ethnic Studies, BA

Comparative Race and Ethnic Studies, BA

The Bachelor of Arts major in Comparative Race and Ethnic Studies requires 30 semester hours of CRES-prefix and CRES-attribute courses passed with a grade of "C-" or better and a maximum of 12 hours below the 30000 level. A minor in any field is required. With the approval of the academic dean, up to two courses (or six hours) may count for both the major and minor (in a different area) requirements. For example, if a student seeks a comparative race and ethnic studies major and a religion major, RELI30343 Black Religion in U.S. (Black Religion in the U.S.) could potentially count toward the requirements for the major *and* the minor.

Requirements:

Required Core Courses (6 hours)

CRES20203 Introduction to Ethnic Studies	Gateway Seminar: Introduction to Ethnic Studies	3
CRES40003 CRES Capstone Seminar	CRES Capstone Seminar	3

Recommended Core Courses

CRES10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3

Electives (24 hours)

The eight required courses must meet the following criteria:

1. Students must take at least five courses in CRES or in its associated disciplines, and at least 50% of their course content must be related to race/ethnicity.

2. Students must take at least one course that considers the larger context surrounding race and ethnicity, including intersections with class, gender, or sexuality and/or larger systems of power or contestation surrounding race and ethnicity. The approved courses must have at least 25% of their content related to race/ethnicity.

3. Students must take at least one course of the eight courses that focus on race and ethnicity outside the U.S.

4. Students must take at least six upper-division courses in CRES or in its associated disciplines.

5. No more than five of the eight courses may focus on a particular race or ethnic group.

6. No more than five of the eight courses may be in any single discipline.

Note: If students take CRES10103 Engaging Community and Culture, it can count as one of their eight elective classes.

A list of approved courses, along with the appropriate subcategory designations, can be found in the catalog and will be maintained by the program and the registrar.

CRES40993 Internship & Field Research	CRES Internship and Research	3

Associated Requirement: Foreign Language

All students pursuing the Bachelor of Arts degree must demonstrate competency in a foreign language as specified in the "Graduation Requirements" section of this catalog.

A list of approved courses, along with the appropriate subcategory designations, can be found in the catalog and on the department website.

Creative Writing, BA

Creative Writing, BA

Requirements

Each student forms a program of study in consultation with a faculty adviser in English.

General Requirements

To earn the BA with a major in creative writing, students must complete 33 hours in creative writing, writing, and English (exclusive of ENGL10803 Intro Comp:Writing as Inquiry and ENGL20803 Intermed Comp:Writing Argument). Of these, 30 hours must be in upper-division CRWT, WRIT, or ENGL courses (30000 level and above). No more than 3 hours of lower-division credit may be applied to the major.

Specific Requirements

1. 3 hours of a prerequisite (CRWT10203 Intro Creative Writing, CRWT20103 Reading as a Writer, CRWT20133 Writing for Performance)

2. 12 upper-division hours of any CRWT courses

3. 3 hours of advanced CW seminar (CRWT40703 Advanced Multi-Genre Workshop, CRWT40803 Advanced Literary Forms, or CRWT 50233)

4. 3 hours of internship (WRIT30390 Publication Production or WRIT40273 Writing Internship)

5. 6 upper-division elective hours of any ENGL literary and language courses

6. 6 upper-division elective hours of any WRIT courses

Although they are not required, ENGL30970 Directed Studies In Engl and ENGL50973 Directed Study In Engl, courses in special topics that change from semester to semester, usually satisfy one or more of the above requirements for majors. Consult the department or check the department Web site, www.addran.tcu.edu/english/

Criminology & Criminal Justice, BS

Criminology & Criminal Justice, BS

The BS with a major in criminology & criminal justice requires a total of 120 semester hours. The degree does not require a foreign language. The major requires 43 hours in criminology & criminal justice courses:

The 43 semester hours in criminal justice (CRJU) must include:

I. Required Criminal Justice Courses (22 hours)

CRJU10121 Career Plan,Ethics,Prof Dev:CJ	Career Planning, Ethics, and Professional Development in Criminology & Criminal Justice	1
CRJU20413 Intro/Criminal Justice	Introduction to Criminal Justice	3
CRJU20423 Crit Issues:Crime&Justce	Critical Issues in Crime and Justice	3
CRJU20873 Research Design in CRJU	Research Design in Criminology & Criminal Justice	3
CRJU20883 Data Analyses in CRJU	Data Analyses in Criminology & Criminal Justice	3
CRJU30333 Criminological Theory	Criminological Theory	3
CRJU30423 Crts & Judicial Process	Courts and Judicial Process	3
CRJU40963 Internship In CRJU	Internship in Criminology & Criminal Justice	3

II. Distribution Requirements (12 semester hours)

One Law Enforcement Course

CRJU30613 Police In A Free Society	Police in a Free Society	3
	OR	
CRJU30633 Federal Law Enforcement	Federal Law Enforcement	3
	OR	
CRJU30653 Controv Issues Policing	Controversial Issues in Policing	3

One Law Course

CRJU30433 Criminal Law	Criminal Law	3
	OR	
CRJU30553 Constitutional Law for CJ	Constitutional Law for Criminal Justice	3
	OR	
CRJU30863 LawJust&SocialControl	Law, Justice, and Social Control	3

One Corrections Course

CRJU30383 Institutional Corrections	Institutional Corrections	3
	OR	
CRJU30643 Community Corrections	Community Corrections	3

One Diversity Course

CRJU30853 Multiculturalism in CJ System	Multiculturalism in the Criminal Justice System	3
	OR	
CRJU40473 Youthful Offenders	Youthful Offenders	3
	OR	
CRJU40853 Race, Ethnicity, and Crime	Race, Ethnicity, and Crime	3

III. Elective Criminology & Criminal Justice Courses (9 hours)

Although taught regularly, not all required courses are scheduled every semester. It is the students' responsibility to complete the major requirements for graduation as early in their tenure as possible. Exemptions to the major requirements will not be made because of student failure to complete coursework in a timely fashion.

Digital Culture and Data Analytics, BS

Digital Culture and Data Analytics, BS

Requirements

Required Courses

ENGL20813 Intro to Digital Humanities	Introduction to the Digital Humanities	3
	OR	
WRIT20303 Writing Games	Writing Games	3
	OR	
WRIT20323 Intro to Multimedia Authoring	Introduction to Multimedia Authoring	3
	OR	
WRIT20333 Language, Technology & Society	Language, Technology, and Society	3
MATH10043 Elementary Statistics	Elementary Statistics	3
	OR	
MATH30853 Statistics	Statistics	3
	OR	
INSC20153 Statistical Analysis	Statistical Analysis	3
GEOG30323 Data Analysis & Visualization	Data Analysis and Visualization	3
	OR	
WRIT20833 Intro to Coding in Humanities	Introduction to Coding in the Humanities	3
	OR	
DCDA20833	Introduction to Coding in the Humanities	3
	OR	
COSC10603 Intro to Python for Data Analy	Introduction to Python for Data Analytics	3

WRIT30223	Advanced Technical Writing	3
	OR	
CRWT30363	Digital Creative Writing	3
	OR	
EDUC50263	Digital Communication & Collaboration	3
DCDA30003 Junior Honors Seminar	Senior Honors Seminar	3

	OR	
DCDA40833 Dig Cltr & Data An Capstone	Capstone Course	3

Elective Courses

Digital Culture	Elective	3
Digital Analytics	Elective	3

The remaining 12 elective hours may be from either the DC or DA category and may include courses from both categories (x4 courses)

Category 1: Digital Culture

Coursework from English, writing, fine arts, and communication.

Digital culture outcomes

1. Students will critically assess the social and/or historical contexts of digital cultures by interrogating the norms and conventions of those cultures and the values they represent.
2. Students will demonstrate an ability to compose digital arguments.

Category 2: Data Analytics

Coursework from criminal justice, economics, geography, political science and math.

Data analytics outcomes

1. Coding: Students will develop intermediate proficiency or greater with at least one coding languages used for spatial/statistical analysis (STATA, R, Python).
2. Students will be able to present the results of their analysis in a variety of formats including plots and graphs, digital mapping and cartography, online data presentation formats.

With the approval of the academic dean, up to two courses (or six hours), including the statistics requirement, may count for both major and minor requirements. For example, if the student seeks a DCDA minor and a STCO major, STCO36403 Digital Storytelling (Digital Storytelling) could potentially count toward the requirements for the minor *and* the requirements for the major, with approval and not in excess of 6 credit hours.

Economics, BA

Economics, BA

Requirements

The BA with a major in economics requires 30 semester hours in economics, 24 of which must be at the 30000 level or above, plus a minimum of six semester hours in associated requirements, and a passing score in the Excel portion of the Microsoft Office Suite Certification. A grade of "C-" or better must be attained in any course that is to count as one of the 30 hours in economics or as one of the associated requirements. In addition, a grade of "C-" or better must be earned in any course serving as a prerequisite for a course in economics. Specific requirements are as follows:

Foundations (12 hours)

ECON	Any 10000-level economics course	
ECON30223 Intermed Microeconomics	Intermediate Microeconomics	3
	OR	
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON30233 Intermed Macroeconomics	Intermediate Macroeconomics	3
ECON30243 Contending Perspectives in Eco	Contending Perspectives in Economics	3

Electives in Economics (18 hours)

Associated Requirements

All students must complete six to seven hours of coursework in Calculus and Statistics from the following:

MATH10283 Applied Calculus	Applied Calculus	3
	OR	
MATH10524 Calculus I	Calculus I	4
INSC20153 Statistical Analysis	Statistical Analysis	3
	OR	
MATH10043 Elementary Statistics	Elementary Statistics	3
	OR	
MATH30853 Statistics	Statistics	3

Note that MATH10283 Applied Calculus will not serve as the prerequisite for any upper-level math courses

A minor is required. Any minor approved by AddRan College is acceptable. A minor in mathematics is recommended for those planning to enter graduate school in economics. With the approval of the chair of the Department of Economics and the associate dean of undergraduate studies of the Neeley School of Business, economics majors may minor in finance or accounting. For the finance minor, ECON40153 Eco Of Financial Markets may substitute for FINA30203 Financial Institutions, but cannot be used to satisfy both the major and minor requirements.

Economics, BS

Economics, BS

Requirements

The BS with a major in economics requires 30 semester hours in economics, 24 of which must be at the 30000 level or above, plus a minimum of six semester hours in associated requirements, and a passing score in the Excel portion of the Microsoft Office Suite Certification. A grade of "C-" or better must be attained in any course that is to count as one of the 30 hours in economics or as one of the associated requirements. In addition, a grade of "C-" or better must be earned in any course serving as a prerequisite for a course in economics. Specific requirements are as follows:

Foundations (15 hours)

ECON	Any 10000-level economics course	
ECON30223 Intermed Microeconomics	Intermediate Microeconomics	3
	OR	
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON30233 Intermed Macroeconomics	Intermediate Macroeconomics	3
ECON30243 Contending Perspectives in Eco	Contending Perspectives in Economics	3
ECON40313 Econometrics	Econometrics	3
	OR	
ECON40323 Time Series Econometrics	Time Series Econometrics	3

Electives in Economics (15 hours)

Associated Requirements

All students must complete six to seven hours of coursework in Calculus and Statistics from the following:

MATH10283 Applied Calculus	Applied Calculus	3
	OR	
MATH 10524	Calculus I	4
INSC 20153	Statistical Analysis	3
	OR	
MATH 10043	Elementary Statistics	3
	OR	
MATH 30853	Statistics	3

(Note that MATH 10283 will not serve as the prerequisite for any upper-level math courses)

In addition, students must choose one of four options:

Mathematics (7-8 hours)

MATH 20524	Calculus II	4
MATH	Upper level 30000 and above math	

Accounting (6 hours)

ACCT	6 hours of Accounting	

Business (6 hours)

ACCT	3 hours of Accounting	
FINA	3 hours of Finance	

Geographic Information Systems (6 hours)

GEOG 30313 or 30333	Introduction to Geographic Information Systems or Introduction to Geographic Information Systems for Real Estate Professionals	3
GEOG 40313	Advanced Geographic Information Systems	3
GEOG 40323	Urban and Business Applications of Geographic Information Systems	3
GEOL 30363	Introduction to Geospatial Technology	3
GEOL 50523	Introduction to Geographic Information Systems	3

Minor: A minor is required. Any minor approved by AddRan College is acceptable. A minor in mathematics is recommended for those planning to enter graduate school in economics. With the approval of the chair of the Department of Economics and the associate dean of undergraduate studies of the Neeley School of Business, economics majors may minor in finance or accounting. For the finance minor, ECON 40153 may substitute for FINA 30203, but cannot be used to satisfy both the major and minor requirements.

Economics & Mathematics, BS

Economics & Mathematics, BS

Requirements

The BS with a major in Economics & Mathematics requires 30 hours in economics, 24 of which must be at the 30000 level or above, 31 hours in mathematics, and 3 hours in computer science, plus a passing score in the Excel portion of the Microsoft Office Suite certification. Students are not required to complete a minor. A grade of "C-" or better must be attained in any course that is to count as one of the 30 hours in economics, 31 hours in mathematics, and 3 hours in computer science. In addition, a grade of "C-" or better must be earned in any course serving as a prerequisite for a course in economics. Specific requirements are as follows:

ECONOMICS

Foundations (15 hours)

ECON	Any 10000-level economics course	3
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON30233 Intermed Macroeconomics	Intermediate Macroeconomics	3
ECON30243 Contending Perspectives in Eco	Contending Perspectives in Economics	3
ECON40313 Econometrics	Econometrics	3
	OR	
ECON40323 Time Series Econometrics	Time Series Econometrics	3

Electives in Economics (15 hours of which 3 hours must be data-driven analytical classes. A list of these will be updated in the department.)

MATHEMATICS (31 hours)

Foundations (22 hours)

MATH10524 Calculus I	Calculus I	4
MATH20123 Discrete Mathematics I	Discrete Mathematics I	3
MATH20524 Calculus II	Calculus II	4
MATH30224 Linear Algebra	Linear Algebra	4
MATH30524 Calculus III	Calculus III	4
MATH30853 Statistics	Statistics	3

Electives in Mathematics (9 hours to be selected from below)

MATH30053 Intro to Mathematical Proof	Introduction to Mathematical Proof	3
MATH30613 Differential Equations	Differential Equations	3
MATH30803 Probability	Probability	3
MATH40663 Numerical Analysis	Numerical Analysis	3
MATH40853 Regression & Time Series	Regression and Time Series	3
MATH50503 Real Analysis I	Real Analysis	3

Students who are interested in pursuing PhD study in economics are encouraged to enroll in MATH 30053 and 50503.

COMPUTER SCIENCE (3 hours to be selected from below)

COSC10403 Intro To Programming	Introduction to Programming	3
	OR	
COSC10503 Intro Prog for Engr & Science	Introduction to Programming for Engineering and Science	3
	OR	
COSC10603 Intro to Python for Data Analy	Introduction to Python for Data Analytics	3

PHYS 20323 Scientific Analysis & Modelling. 3

International Economics, BS

International Economics, BS

Requirements

The BS with a major in international economics requires 30 semester hours in economics, 24 of which must be at the 30000 level or above, plus a minimum of 18 semester hours in associated requirements and fourth-semester proficiency in a foreign language, and a passing score in the Excel portion of the Microsoft Office Suite Certification. A "C-" or better must be attained in any course that is to count as one of the 30 hours in economics or as one of the associated requirements. In addition, a grade of "C-" or better must be earned in any course serving as a prerequisite for a course in economics. Specific requirements are as follows:

Foundations (15 hours)

ECON	Any 10000-level economics course	
ECON30223 Intermed Microeconomics	Intermediate Microeconomics	3
ECON30233 Intermed Macroeconomics	Intermediate Macroeconomics	3
ECON30243 Contending Perspectives in Eco	Contending Perspectives in Economics	3
ECON40313 Econometrics	Econometrics	3

World Regional Geography (3 hours)

GEOG10003 World Regional Geography	World Regional Geography	3

International and Comparative Politics

3 hours from

POSC20303 International Politics	International Politics	3
POSC 33XX3	Any course in International Politics	
POSC 35XX3	Any course in Comparative Politics	

International/Intercultural Studies (6 hours)

Approved courses with international or intercultural emphasis or upper-division foreign language courses (see Economics Department website for list of approved classes; other courses may be substituted with permission of the Economics Department chair.

A minor is required. Any minor approved by AddRan College is acceptable. A minor in mathematics is recommended for those planning to enter graduate school in economics. With the approval of the chair of the Department of Economics and the associate dean of undergraduate studies of the Neeley School of Business, economics majors may minor in finance or accounting. For the finance minor, ECON40153 Eco Of Financial Markets may substitute for FINA30203 Financial Institutions, but cannot be used to satisfy both the major and minor requirements.

English, BA

English, BA

Requirements

Each student forms a program of study in consultation with a faculty adviser in English.

General Requirements:

To earn a BA with a major in English, students must complete 33 hours in English, creative writing or writing (exclusive of ENGL10803 Intro Comp:Writing as Inquiry and ENGL20803 Intermed Comp:Writing Argument). Of these, at least 24 hours must be in upper-division ENGL, CRWT or WRIT courses (30000 level and above). No more than 9 hours of lower-division credit may be applied to the major.

Specific Requirements. To earn a major, students must complete at least 6 of the 33 hours in Early Literature and Culture courses (see subcategory for courses or consult the department). Most of these courses can be used to satisfy one of the distribution requirements listed below in categories 1-3 and 5.

In addition, all English majors are required to complete at least 3 of the 33 hours in a junior-level Research Seminar after they have attained junior standing and completed at least one 30000-level ENGL class. This seminar is taken as part of the required upper-division coursework and can be used to satisfy one of the distribution requirements listed below in categories 1-3 and 5.

Although they are not required, ENGL30970 Directed Studies In Engl and ENGL50973 Directed Study In Engl courses in special topics that change semester to semester, usually satisfy one or more of the requirements for majors. Consult the Department of English or check the department website, www.addran.tcu.edu/english

Other than the Research Seminar and courses for the Early Literature and Culture category, courses may not count more than once among categories 1, 2, 3, 4 and 5.

These additional distribution requirements apply:

1. 6 upper-division hours from the American Literature subcategory
2. 6 upper-division hours from the British Literature subcategory
3. 3 upper-division hours from the Global and Diasporic Literature subcategory
4. 3 upper-division hours from the Writing subcategory
5. 3 upper-division hours from the Theory subcategory
6. 12 elective hours of any courses offered by the Department of English, at least 3 of which must be upper division

General Studies, BGS

General Studies, BGS

Requirements

In addition to satisfying the TCU Core Curriculum requirements, students must take:

- A total of 120 semester hours with at least 45 semester hours taken at TCU.
- A minimum of 24 semester hours in an emphasis area approved by the director of general studies.
- Thirty-six semester hours at the advanced level (30000 level or above) with 24 or more of these advanced hours being taken at TCU. A minimum of 12 upper-level semester hours must be in the emphasis area. All courses in a student's final semester - the semester in which they intend to graduate - must be taken at TCU.

Geography, BA

Geography, BA

Requirements

The BA with a major in Geography requires 30 semester hours from among the following. No grade lower than 'C-' can be applied to the major. A minor is required, as well as 4th semester proficiency in a foreign language.

The following 12 hours of required courses:

GEOG10003 World Regional Geography	World Regional Geography	3
	OR	
GEOG10023 An Urban World	An Urban World: Introduction to Urban Studies	3
GEOG10013 Physical Geography	Physical Geography	3
GEOG20013 Human Geography	Human Geography	3
GEOG30313 Intro to Geog Info Systems	Introduction to Geographic Information Systems	3
	OR	
GEOG30323 Data Analysis & Visualization	Data Analysis and Visualization	3

A minimum of 6 hours of courses with the regional designation (GEOG 305xx), including but not limited to:

GEOG30503 Topics in Regional Geog	Topics in Regional Geography	3
GEOG30513 Geography of the United States	Geography of the United States	3
GEOG30523 Geography of Latin America	Geography of Latin America	3
GEOG30533 Geography of Western Europe	Geography of Western Europe	3

A minimum of 6 hours of courses with the systematic designation (GEOG 307xx) or (GEOG 308xx), including but not limited to:

GEOG30703 Topics in Systematic Geog	Topics in Systematic Geography	3
GEOG30713 Urban Geography	Urban Geography	3
GEOG30723 Cultural Geography	Cultural Geography	3
GEOG30733 Geography of Religion	Geography of Religion	3
GEOG30743 Applied Geography	Applied Geography	3
GEOG30753 Population Geography	Population Geography	3
GEOG30763 Economic Geography	Economic Geography	3
GEOG30773 Geography of Beer and Wine	Geography of Beer and Wine	3
GEOG30793 Sports, Geography, & Society	Sports, Geography, & Society	3
GEOG30803 Topics in Environmental GEOG	Topics in Environmental Geography	3
GEOG30813 Environment and Society	Environment and Society	3

Electives (6 hours)

Six hours selected from any Geography courses listed in the BA degree plan OR courses pre-approved by departmental advisor.

Geography, BS

Geography, BS

The BS with a major in geography requires 45 semester hours plus associated requirements of three hours. No grade lower than 'C-' can be applied to the major. A minor is not required.

Requirements

Foundations (15 hours)

GEOG10003 World Regional Geography	World Regional Geography	3
	OR	
GEOG10023 An Urban World	An Urban World: Introduction to Urban Studies	3
GEOG10013 Physical Geography	Physical Geography	3

Geospatial Technologies/GIScience (6 hours)

A **minimum of 6 hours** of courses with the Geospatial Technologies designation (GEOG 403xx, GEOG 503XX) including but not limited to:

GEOG40303 Topics in Geospatial Tech	Topics in Geospatial Technology	3
GEOG40313 Advanced GIS	Advanced Geographic Information Systems	3
GEOG40323 Urban and Business GIS	Urban and Business Applications of Geographic Information Systems	3
GEOG40333 Digital Cartography	Digital Cartography	3

Environmental Geography (3 hours)

A minimum of 3 hours of courses with the environmental designation (GEOG 308xx), including but not limited to:

GEOG30803 Topics in Environmental GEOG	Topics in Environmental Geography	3
GEOG30813 Environment and Society	Environment and Society	3

Upper-Division Geography Electives (9 hours)

Nine hours selected from any 30000-level or above Geography courses listed in the BS degree plan OR courses pre-approved by departmental advisor.

General Electives

Six hours selected from any Geography courses listed in the BS degree plan OR courses pre-approved by departmental advisor.

Associated Requirements - Three hours

Pick one of the following:

MATH10043 Elementary Statistics	Elementary Statistics	3
INSC20153 Statistical Analysis	Statistical Analysis	3

History, BA

History, BA

The BA with a major in history requires 31 semester hours in history courses, which include the following:

A minimum of nine hours of survey courses, drawn from at least three of the following six categories:

U.S.:

HIST10603 US Hist: Survey To 1877	United States History: A Survey to 1877	3
	OR	
HIST20603 The American Mind (HON)	The American Mind (HON)	3

Asia:

HIST10943 East Asian Civ to 1700	East Asian Civilization to 1700	3
HIST10953 East Asian Civ Since 1700	East Asian Civilization Since 1700	3
	OR	
HIST20943 Hon Hist Asian Civ to 1500	Honors History Asian Civilization to 1500	3
HIST20953 Hon Hist Asian Civ Since 1500	Honors History of Asian Civilization Since 1500	3

Middle East:

HIST10803 Intro to Islamic Civilization	Introduction to Islamic Civilization	3
HIST10813 Modern Middle East	Introduction to the Modern Middle East	3
HIST10833 History of Islamic Slavery	History of Islamic Slavery	3

World:

HIST10103 World History to 1500	World History to 1500	3
HIST10113 World History since 1500	World History since 1500	3

- A maximum of 15 hours (exclusive of the History Major Seminar) in any one of these geographic areas may count toward the requirements for the major. Geographic association is indicated by the abbreviations U.S., EU, LA, AS and ME.
- A minimum of 12 hours taken in courses numbered 30000 or above.

History majors must take:

ADRN20101 Make Your Major Work	Make Your Major Work	1
HIST20003 The Historian's Craft	The Historian's Craft	3
HIST49903 History Major Seminar	History Major Seminar	3

- The department recommends that students take ADRN20101 Make Your Major Work their sophomore year.
- Prerequisites for the History Major Seminar are:
  - junior or senior standing and
  - at least 15 completed hours in History including the Historian's Craft
- Students pursuing departmental Honors may, with the advisor's approval, substitute a History Major Seminar for:
  - HIST30153 Junior Honors Tutorial Junior Honors Tutorial, AND;
  - HIST40103 Senior Honors Project Senior Honors Tutorial

Modern Language Studies, BA

Modern Language Studies, BA

Requirements

The BA with a major in modern language studies requires 27 semester hours in a combination of modern language courses. Each student performs a program of study in consultation with a faculty adviser in the Department of Modern Language Studies. Students may concentrate in Chinese, French, German, or Italian.

General Requirements:

To earn a major in modern language studies (concentrations in Chinese, French, German, or Italian available), students must complete a total of 27 hours in courses taught predominantly in the Department of Modern Language Studies. One interdisciplinary course from another department can count under part (d). A maximum of 9 credit hours can be transferred from study abroad programs or other universities.

Students must complete

(a) 20053 and 20063 in the language of concentration (6 hours)

(b) the gateway class MOLA20003 Cosmopolitanism:Global Perspec: Cosmopolitanism: Thinking from a Global Perspective and the capstone class MOLA40193 Senior Seminar: Senior Seminar with variable topics (6 hours)

(c) 3 classes taught in the language of concentration at the 30000 level or above with at least 1 class at the 40000 level. (9 hours).

(d) 2 classes at any level with an ARAB, CHIN, FREN, GRMN, ITAL, JAPN or MOLA prefix (exclusive of language-sequence classes in the language of concentration). While not required, one interdisciplinary class from outside the Department of Modern Language Studies may be counted for 1 of these 2 classes. For the interdisciplinary classes, please consult with and seek the approval of the major adviser and chair. Only one of these 2 classes may be taught in English. (6 hours)

No credit will be given to native speakers for 10000- and 20000-level language-sequence courses (10153, 10163, 20053, 20063); heritage speakers may only receive credit with permission of the program adviser and the department chair.

A native speaker is considered to be someone who completed primary and secondary education in a country where the language of concentration is spoken. A heritage speaker is someone who was primarily educated in U.S. schools but who speaks the language of concentration in the home and with friends and co-workers. Native speakers and heritage speakers not eligible to take these courses must take additional upper-level courses instead of the language-sequence courses, to be determined in consultation with the program adviser.

Philosophy, BA

Philosophy, BA

Requirements

The BA with a major in philosophy requires 24 semester hours in philosophy with at least 6 in topical studies, 3 in historical studies and 3 in logical studies. At least 12 hours must be at the 40000 level or above. An accompanying minor should be chosen in consultation with the adviser for the Department of Philosophy.

PHIL10003 Philosophy One must be completed prior to taking any other philosophy course except for those in logical studies. After completion of PHIL10003 Philosophy One, it is generally required that students take one or more 30000-level courses, where more detailed and rigorous treatment of specific areas as well as initial instruction in philosophical writing is provided. Successful completion of courses at the 30000 level should prepare students for 40000-level courses, most of which (except for logical studies) satisfy the TCU Core Curriculum writing emphasis requirement.

Philosophy, BS

Philosophy, BS

Requirements

The BS with a major in philosophy requires 30 semester hours in philosophy, including:

- 12 hours in topical studies
- 3 hours in historical studies
- 3 hours in logical studies

Twenty-one or more of the 30 semester hours should be at the 30000 level or higher. Twelve or more of the 30 semester hours should be at the 40000 level.

Also required is a minor (or major) in economics, political science (with POSC20093 Scope & Methods Of Posc – Scope and Methods of Political Science) or a program in the College of Science and Engineering. (There is room, in principle, for other minors to count, but permission is required from the chair of the Department of Philosophy.)

Political Science, BA

Political Science, BA

Requirements

The BA with a major in political science requires 30 hours of political science courses passed with a grade of "C-" or better and a maximum of 13 hours below the 30000 level.

In keeping with the liberal arts tradition, BA students should gain a comprehensive understanding of political science. To this end, students pursuing the BA degree must take introductory courses in three political science subfields (choosing from American Politics, Political Theory, Comparative Politics, International Politics, Judicial Politics, Methodology). As they advance to upper-level courses, students are required to explore a breadth of topics, though they will have the opportunity to concentrate their upper-level classes in a particular subfield. Students also have the option of participating in one of several active learning experiences for class credit, including internships, Moot Court, and Model United Nations.

Students intending to do graduate work in international or comparative fields are encouraged to continue foreign language study beyond the 20000 level.

A minor is required; any minor approved for the BA degree is acceptable.

A maximum of 6 hours from the following courses may be applied toward major requirements:

POSC31990 International Residentl Study	International Residential Study	1-20
POSC33023 International Org Research	International Organizations Research	3
POSC34073 Moot Court	Moot Court (repeatable for credit)	3-6
POSC40003 Senior Honors In Posc	Senior Honors in Political Science	3
POSC40910 Washington Internships	Washington Internships	1-12
POSC40960 Civic Literacy Internships	Civic Literacy Internships	3
POSC40970 Independent Study: Posc	Independent Study in Political Science	1-20

Any topics courses may be repeated provided the specific subject matter changes. The three-hour seminar taken in conjunction with the Washington Center Internship Program may be counted in addition to six hours of internship.

Specific requirements are as follows: Political Science BA, 30 hours

1. Any 3 of the following classes: 9 hours

POSC10133 American & Tex Govrnmnt	American and Texas Government	3
POSC20093 Scope & Methods Of Posc	Scope and Methods of Political Science	3
POSC20123 Intro to Amer Politics	Introduction to American Politics	3
POSC20203 Intr To Political Theory	Introduction to Political Theory	3
POSC20303 International Politics	International Politics	3
POSC20403 Introduction to Public Law	Introduction to Public Law	3
POSC20503 Intro to Comparative Politics	Introduction to Comparative Politics	3

Students cannot receive credit for both POSC10133 American & Tex Govrnmnt *and* POSC20123 Intro to Amer Politics.

2. POSC 32xx3 (Upper-level political theory) or POSC 39xx3 (Upper-level methods): 3 hours*

3. Five 30000-level or above course: 15 hours*

4. Any Political science course (an elective): 3 hours

*The requirements in 2 and 3 must come from at least 3 different subfields of political science.

Political Science, BS

Political Science, BS

Requirements

The BS with a major in political science requires 30 semester hours of political science courses passed with a grade of "C-" or better and a maximum of 13 hours below the 30000 level as well as 2 associated credits described below.

Students pursuing the BS degree are able to focus their studies in one of the primary subfields of political science by concentrating their classes in American Politics, Political Theory, Comparative Politics, International Politics, or Judicial Politics. Classes in each of these areas are offered at both the lower and upper levels. Students also have the option of participating in one of several active learning experiences for class credit, including internships, Moot Court, and Model United Nations.

Students intending to do graduate work in the social sciences or business are encouraged to pursue the BS degree. This program also is recommended for students wishing to work in government or politics.

Students intending to do graduate work in international or comparative fields are encouraged to study relevant foreign languages.

A minor is required; any minor approved for the BS degree is acceptable.

The BS with a major in political science requires 30 semester hours of political science courses passed with a grade of "C-" or better and a maximum of 13 hours below the 30000 level.

A maximum of 6 hours from the following courses may be applied toward major requirements:

POSC31990 International Residentl Study	International Residential Study	1-20
POSC33023 International Org Research	International Organizations Research	3
POSC34073 Moot Court	Moot Court (repeatable for credit)	3
POSC40003 Senior Honors In Posc	Senior Honors in Political Science	3
POSC40910 Washington Internships	Washington Internships	1-12
POSC40960 Civic Literacy Internships	Civic Literacy Internships	3
POSC40970 Independent Study: Posc	Independent Study in Political Science	1-20

Any topics courses may be repeated provided the specific subject matter changes. The three-hour seminar taken in conjunction with the Washington Center Internship Program may be counted in addition to six hours of internship.

Specific requirements are as follows: Political Science BS, 30 hours

1. 3 hours of:

POSC20093 Scope & Methods Of Posc	Scope and Methods of Political Science	3

2. Two of the following: 6 hours

POSC10133 American & Tex Govrnmnt	American and Texas Government	3
POSC20123 Intro to Amer Politics	Introduction to American Politics	3
POSC20203 Intr To Political Theory	Introduction to Political Theory	3
POSC20303 International Politics	International Politics	3
POSC20403 Introduction to Public Law	Introduction to Public Law	3
POSC20503 Intro to Comparative Politics	Introduction to Comparative Politics	3

Students cannot receive credit for both POSC10133 American & Tex Govrnmnt *and* POSC20123 Intro to Amer Politics.

3. POSC 39xx9 (Political Science Methods): 3 hours

4. Any five 30000-level or above courses: 15 hours
5. Any Political Science course (an elective): 3 hours
6. Associated Requirements: 6 hours total, including 3 hours of:

ECON10233 Intro Macroeconomics	Introductory Macroeconomics	3

One of the following: 3 hours

MATH10283 Applied Calculus	Applied Calculus	3
MATH10043 Elementary Statistics	Elementary Statistics	3
MATH10524 Calculus I	Calculus I	4
INSC20153 Statistical Analysis	Statistical Analysis	3

(A grade of "C-" or better is required in each of the associated requirements)

Religion, BA

Religion, BA

The BA with a major in religion requires 30 semester hours. At least three hours must be taken at the 10000 level, and no more than six hours may be taken at that level. At least 21 hours must be taken at the 30000 level or above. For the additional 3 hours, students may take a 20000 level course or an additional course at the 30000 or 40000 level.

Sociology, BA

Sociology, BA

Requirements

The BA with a major in sociology requires 27 semester hours in sociology, including

SOCI20213 Introductory Sociology	Introductory Sociology	3
SOCI30383 Research Methods In SOCI	Research Methods in Sociology	3
SOCI30833 Sociological Theory	Sociological Theory	3

Students must achieve a minimum 2.0 GPA in all sociology letter-grade courses taken for the major.

Associated requirement:

MATH10043 Elementary Statistics	Elementary Statistics	3

To be taken within the first nine hours of sociology coursework.

Any approved field may be selected as a minor.

Sociology, BS

Sociology, BS

The BS with a major in sociology requires 30 semester hours in sociology. No more than six hours of lower-division sociology credit may be applied to the major. Students must achieve a minimum 2.0 GPA in all sociology courses taken for the major. Associated requirement:MATH10043 Elementary Statistics is to be taken within the first nine hours of sociology coursework. Any "topics" courses may be repeated, provided the specific subject matter changes. A minor is required; any minor approved for the BS degree is acceptable.

The BS with a major in sociology requires 30 semester hours, distributed as follows:

I. General Requirements, 12 hours

II. Area Requirements, 9 hours

III. Sociology Electives, 9 hours

I. General Requirements (12 hours)

SOCI20213 Introductory Sociology	Introductory Sociology	3
SOCI30383 Research Methods In SOCI	Research Methods in Sociology	3
SOCI30833 Sociological Theory	Sociological Theory	3
AND		
SOCI40383 Topics Applied Social Research	Topics in Applied Social Research	3
OR		
SOCI40623 Internship & Prof Dev	Sociology Internship and Professional Development	3

II. Area Requirements (9 hours)

Intersections: Choose 1 from the following:

SOCI30263 Environmental Justice	Environmental Justice	3
SOCI30343 Sociology of Race and Racism	Sociology of Race and Racism	3
SOCI30353 Sociology of Mental Health	Sociology of Mental Health	3
SOCI30453 Political Sociology	Political Sociology	3
SOCI30693 Aging & the Life Course	Aging and the Life Course	3
SOCI30723 Social Determinants of Health	Social Determinants of Health	3
SOCI30743 Gender and Society	Gender and Society	3
SOCI30773 Sex, Society, and Ethics	Sex, Society, and Ethics	3
SOCI30863 Gender Politics: Int'l Persp	Gender Politics: International Perspectives	3
SOCI40803 Social Inequality	Social Inequality	3

Or other departmentally approved courses may fulfill this requirement.

Social and Cultural Analysis: Choose 2 from the following:

SOCI20223 Social Problems	Social Problems	3
SOCI20990 International Residentl Study	International Residential Study (Study Abroad through TCU)	3
SOCI30303 Marriage & Family	Marriage and the Family	3
SOCI30473 Sport, Culture, & Politics	Sport, Culture, and Politics	3
SOCI30403 Human-Animal Relationships	Perspectives on Human-Animal Relationships	3
SOCI30483 Death and Dying	Death and Dying: Sociological Viewpoints	3
SOCI30523 Self & Society Through Film	Self and Society Through Film	3
SOCI30543 Sociology of Weddings	Unveiled: The Sociology of Weddings	3
SOCI30583 Tech, Social Media & Society	Technology, Social Media, and Society	3
SOCI30683 Sociology Of Religion	The Sociology of Religion	3
SOCI30653 Sociology of Food	Sociology of Food	3
SOCI30783 Sociology of the Body	Sociology of the Body	3
SOCI30903 Law & Society	Law and Society	3
SOCI40523 Health,Illness,&Medicine	Health, Illness, and Medicine	3
SOCI32990 International Residentl Study	International Residential Study (Study Abroad through TCU)	3

Other departmentally approved courses may fulfill this requirement.

III. Sociology Electives (9 hours)

Choose 3 upper-level sociology courses.

Up to 6 hours of anthropology courses may be considered toward the sociology area requirements with prior approval of the Sociology Program Director and the Dean's Office.	
Associated requirement: To be taken within the first nine hours of sociology coursework.	
MATH10043 Elementary Statistics Elementary Statistics	3
Any approved field may be selected as a minor.	

Spanish and Hispanic Studies, BA

Spanish and Hispanic Studies, BA

The BA with a major in Spanish & Hispanic Studies consists of 33 credit hours including an initial 6 semester hours in Intermediate Spanish courses and an additional 27 semester hours, in consultation with a faculty adviser in the Department of Spanish & Hispanic Studies, in one of the following three tracks: Track One: Spanish; Track Two: Spanish for the Professions; Track Three: Latin American Studies.

Track One: Spanish

Spanish explores the cultural and literary production of the Iberian Peninsula and Latin America while developing students' linguistics knowledge and cultivating their critical perspectives as responsible global citizens.

Track Two: Spanish for the Professions

Spanish for the Professions integrates students' professional knowledge with their target language skills to foster their intercultural communication and leadership abilities as responsible global citizens.

Track Three: Latin American Studies

Latin American Studies critically examines the societies of Latin America, including Brazil, through a wide range of literary and non-literary texts. The program exposes students to diversity of thought and beliefs within divergent cultural paradigms.

Regarding all three tracks:

Native speakers and heritage speakers

No credit given to native speakers for 20000-level Spanish; heritage speakers may only receive credit with permission of the department chair. A native speaker is considered to be someone who completed their primary or secondary education in a Spanish- speaking country. A heritage speaker is someone who was primarily educated in U.S. schools but who speaks Spanish in the home, with friends and/or co-workers. Native speakers and heritage speakers not eligible to take these courses must take additional upper-level Spanish electives instead unless these credits are awarded as transfer credit or Advanced Placement Credit.

Native speakers will not receive credit for SPAN30503 Advanced Span Personal Public, SPAN30603 Advanced Span Local Global, and SPAN31703 Spanish for Heritage Speakers unless special permission is granted by department chair. Heritage speakers are encouraged to take SPAN31703 Spanish for Heritage Speakers. Non-heritage speakers should not take SPAN31703 Spanish for Heritage Speakers.

Native speakers and heritage speakers not eligible to take these courses must take additional upper-level Spanish electives instead.

Policy on Grades

Courses taken Pass/No-Credit and courses in which the student earns below a "C-" will not count toward the major.

Study Abroad

Study abroad is strongly recommended for all majors of Spanish and Hispanic Studies. In addition to enormous improvement in speaking ability, the international experience will enhance career opportunities and cross-cultural competence. To receive credit, the student must meet with the Spanish and Hispanic Studies study abroad adviser as well as the TCU Global prior to departure to obtain approval for coursework abroad.

Co-curricular Engagement and Internships

Students are encouraged to contact the Department of Spanish and Hispanic Studies for information about off-campus cultural resources. Students interested in doing an internship should read the department's internship policy at http://span.tcu.edu/internship.asp.

Required courses for all three tracks:

One of the following:

SPAN20203 Intermediate Spanish 2	Intermediate Spanish 2	3
	OR	
SPAN20213 Intensive Intermediate Span 2	Intensive Intermediate Spanish 2	3

One of the following:

SPAN20103 Intermediate Spanish 1	Intermediate Spanish 1	3
	OR	
SPAN20113 Intensive Intermediate Span 1	Intensive Intermediate Spanish 1	3

Track 1: Spanish

Required Courses:

6 credits of Intermediate Spanish (explained above)

Two of the following (2):

SPAN30503 Advanced Span Personal Public	Advanced Spanish: Personal to Public	3
SPAN30603 Advanced Span Local Global	Advanced Spanish: From Local to Global	3
SPAN31703 Spanish for Heritage Speakers	Spanish for Heritage Speakers	3

Also Required:

SPAN43203 Senior Seminar	Senior Seminar	3

Four upper-level Spanish electives, one of which must be a 40000-level literature course or a 40000-level Cultural Studies course

PORT20503 Portuguese for Spanish Speaker Portuguese for Spanish Speakers may be taken to fulfill one of the electives.

One SPAN-designated course taught in English and taken on the TCU campus may be applied towards the major requirements.

SPAN43103 Senior Honors Thesis Senior Honors Thesis may be used as an elective, but honors students must still take a 40000-level literature course or a 40000-level Cultural Studies course.

One of the following:

SPAN32003 Culture of Spain	Culture of Spain	3
SPAN32103 Culture of Latin America	Culture of Latin America	3
SPAN32203 Pop Cultures Span-Spkg C'tries	Popular Cultures of Spanish-speaking Countries	3
SPAN33103 Culture of Brazil	Culture of Brazil	3

Also Required:

SPAN30803 Introduction to Literature	Introduction to Literature	3

Track 2: Spanish for the Professions

Required Courses:

6 credits of Intermediate Spanish (explained above)

Two of the following (2):

SPAN30503 Advanced Span Personal Public	Advanced Spanish: Personal to Public	3
SPAN30603 Advanced Span Local Global	Advanced Spanish: From Local to Global	3
SPAN31703 Spanish for Heritage Speakers	Spanish for Heritage Speakers	3

Also Required:

SPAN30803 Introduction to Literature	Introduction to Literature	3

One of the following:

SPAN32003 Culture of Spain	Culture of Spain	3
SPAN32103 Culture of Latin America	Culture of Latin America	3
SPAN32203 Pop Cultures Span-Spkg C'tries	Popular Cultures of Spanish-speaking Countries	3
SPAN33103 Culture of Brazil	Culture of Brazil	3

One of the following:

SPAN31503 Span for Health Professions I	Spanish for Health Professions I	3
SPAN31603 Spanish Business Professions I	Spanish for Business Professions I	3

One of the following:

SPAN42503 Span Health Professions 2	Spanish for the Health Professions 2	3
SPAN42603 Spanish Business Professions 2	Spanish for Business Professions 2	3

Two upper-level Spanish electives, one of which must be a 40000-level literature course or a 40000-level Cultural Studies course

PORT20503 Portuguese for Spanish Speaker Portuguese for Spanish Speakers may be taken to fulfill one of the electives.

One SPAN-designated course taught in English and taken on the TCU campus may be applied towards the major requirements.

SPAN43103 Senior Honors Thesis Senior Honors Thesis may be used as an elective, but honors students must still take 40000-level literature course or a 40000-level Cultural Studies course.

Also Required:

SPAN43203 Senior Seminar	Senior Seminar	3

Track 3: Latin American Studies (LAST)

Required Courses:

6 credits of Intermediate Spanish (explained above)

Two of the following:

SPAN30503 Advanced Span Personal Public	Advanced Spanish: Personal to Public	3
SPAN30603 Advanced Span Local Global	Advanced Spanish: From Local to Global	3
SPAN31703 Spanish for Heritage Speakers	Spanish for Heritage Speakers	3
PORT20503 Portuguese for Spanish Speaker	Portuguese for Spanish Speakers	3
PORT30503 Advanced Brazilian Portuguese	Advanced Brazilian Portuguese	3

Two of the following:

SPAN32003 Culture of Spain	Culture of Spain	3
SPAN32103 Culture of Latin America	Culture of Latin America	3
SPAN32203 Pop Cultures Span-Spkg C'tries	Popular Cultures of Spanish-speaking Countries	3
SPAN33103 Culture of Brazil	Culture of Brazil	3
SPAN30803 Introduction to Literature	Introduction to Literature	3
SPAN32403 Cinema of Latin America	Cinema of Latin America	3

One Upper-level elective (3 credit hours) in Spanish

Four upper-level electives (12 credit hours) outside the Department of Spanish and Hispanic Studies, when the topic of the course focuses on Latin America. The courses on the list below may count toward the LAST track, but please see your adviser in the Department of Spanish and Hispanic Studies to verify your course selection.

Course List

The following courses may count toward the LAST track when the topic of the course focuses on Latin America

Courses taught outside the Department of Spanish and Hispanic Studies

ANTH30333 Mexican American Culture	Mexican American Culture	3
ANTH30433 Mex-Amer Folklore:Trad-La Raza	Mexican-American Folklore: Traditions of La Raza	3
ANTH30673 Anthropology & Religion	Anthropology and Religion	3
ANTH30723 Ethnology Of Sel Areas	Ethnology of Selected Areas	3
ARHI30143 Ancient S American Art	Inka and Their Predecessors: Ancient South American Art	3
ARHI30163 Maya Art and Architecture	Maya Art and Architecture	3
ECON30433 Development Studies	Development Studies	3
ECON30463 Latin American Economics	Latin American Economics	3
ENGL30703 Contemporary Latinx Literature	Contemporary Latinx Literature	3
ENGL30713 Mexican American Culture	Mexican American Culture	3
GEOG30503 Topics in Regional Geog	Topics in Regional Geography	3
GEOG30523 Geography of Latin America	Geography of Latin America	3
GEOG40010 Field Studies in Geography	Field Studies in Geography	1-6
HIST30903 Indigenous Movements-Lat Amer	Indigenous Movements in Latin America	3
HIST30913 History of Central America	History of Central America	3
HIST30923 The US & Latin America	The United States and Latin America	3
HIST30933 Revolution In Lat Amer	Revolution in Latin America	3
HIST30943 The Spanish Borderlands	The Spanish Borderlands	3
HIST30953 Hist Of Argentina&Chile	History of Argentina and Chile	3
HIST30963 History Of Brazil	History of Brazil	3
HIST30973 Biography in Lat Amer History	Biography in Latin American History	3

RELI30673 Anthropology & Religion	Anthropology and Religion	3

Women & Gender Studies, BA

Women & Gender Studies, BA

The Bachelor of Arts major in women and gender studies requires 30 semester hours of WGST -prefix and WGST-attribute courses passed with a grade of "C-" or better and a maximum of 12 hours below the 30000 level. A minor in any field is required (unless student has a second major). Reminder: A Bachelor of Arts at TCU has associated foreign language requirements

Requirements

Three required courses:

WGST20003 Intro to Women & Gender St	Introduction to Women and Gender Studies	3
WGST30503 Foundations in WGSS	Foundations in Women, Gender, and Sexuality Studies	3
WGST50103 Feminist/Queer Inquiry	Feminist/Queer Inquiry	3

Two courses from the following:

WGST30193 Queer Theories	Queer Theories	3
WGST30203 SJ Organizing & Activism	Social Justice Organizing & Activism	3
WGST30303 Feminisms of Color	Feminisms of Color	3
WGST30403 Transnational GenderSexuality	Transnational Gender & Sexuality	3

Elective Courses (12 hours)

Four courses from among WGST-prefix and WGST-attribute courses. Courses may not be counted in more than one category of requirements for the major. No more than two of the elective courses may be in any single discipline (excluding WGST-prefix courses).

A list of approved courses can be found on the department website and will be maintained by the department and the registrar. You may also contact https://addran.tcu.edu/wgst/index.php for more information.

Senior Capstone Project or Thesis (3 hours)

WGST40503 WGST Capstone Project/Thesis	WGST Senior Capstone Project/Thesis	3

Women & Gender Studies, BS

Women & Gender Studies, BS

The Bachelor of Science major in women and gender studies requires 33 semester hours of WGST -prefix and WGST-attribute courses passed with a grade of "C-" or better and a maximum of 12 hours below the 30000 level; and 3 credits of associated requirements. A minor in any field is required (unless student has a second major).

Requirements

Foundational Courses (15 hours)

Three required courses:

WGST20003 Intro to Women & Gender St	Introduction to Women and Gender Studies	3
WGST30503 Foundations in WGSS	Foundations in Women, Gender, and Sexuality Studies	3
WGST50103 Feminist/Queer Inquiry	Feminist/Queer Inquiry	3

Two courses from the following:

WGST30193 Queer Theories	Queer Theories	3
WGST30303 Feminisms of Color	Feminisms of Color	3
WGST30403 Transnational GenderSexuality	Transnational Gender & Sexuality	3

Application and Activism (12 hours)

Two required courses:

WGST30203 SJ Organizing & Activism	Social Justice Organizing & Activism	3
WGST49003 Internship in WGST	Internship in Women and Gender Studies	3

Two courses from a pre-approved list of application and activism courses. The list of approved courses can be found on the department website and will be maintained by the department. You may also contact WGST@tcu.edu for more information.

Elective Courses (3 hours)

One course from among WGST-prefix and WGST-attribute undergraduate elective courses. Courses may not be counted in more than one category of requirements for the major.

A list of approved courses can be found on the department website and will be maintained by the department and the registrar. You may also contact WGST@tcu.edu for more information.

Senior Capstone Project or Thesis (3 hours)

WGST40503 WGST Capstone Project/Thesis	WGST Senior Capstone Project/Thesis	3

Associated Requirement (3 hours)

Please note: as associated requirements, these courses may be used to fulfill the requirements of another major or minor.

One of the following classes in **math/statistics:**

MATH10043 Elementary Statistics	Elementary Statistics	3
MATH30853 Statistics	Statistics	3
INSC20153 Statistical Analysis	Statistical Analysis	3

Writing and Rhetoric, BA

Writing and Rhetoric, BA

Each student forms a program of study in consultation with a faculty adviser in English.

General Requirements

To earn the BA with a major in writing and rhetoric, students must complete 33 hours in writing, creative writing, or English (exclusive of ENGL10803 Intro Comp:Writing as Inquiry). Of these, at least 21 hours must be in upper-division CRWT, WRIT, or ENGL courses (30000 level and above). No more than 12 hours of lower-division credit may be applied to the major.

All writing and rhetoric majors are required to take WRIT38063 Writing Major Seminar Writing Major Seminar and WRIT40273 Writing Internship Writing Internship with on-and off-campus worksites after they have attained junior standing and completed 9 hours in WRIT, CRWT or ENGL courses (exclusive of ENGL10803 Intro Comp:Writing as Inquiry).

Specific Requirements

To earn a major in Writing and Rhetoric, students must satisfy the distribution requirements listed below.

1. 3 hours from the Writing and Publishing Subcategory
2. 6 hours from the Rhetorics and Cultures Subcategory
3. 3 hours from the Digital Rhetorics and Design subcategory
4. 3 hours of Writing Internship (WRIT40273 Writing Internship)
5. 3 hours of Writing Major Seminar (WRIT38063 Writing Major Seminar)
6. 15 elective hours of any ENGL, CRWT or WRIT courses

Although they are not required, ENGL30970 Directed Studies In Engl and ENGL 50970, courses in special topics that change from semester to semester, may satisfy one of the above requirements for majors. Consult the department or check the department Web site, https://addran.tcu.edu/english/index.php

African American and Africana Minor

African American and Africana Minor

African American and Africana Studies (AAAS) is a critical and scholarly engagement of African American and African Diasporic Life. The interdisciplinary discourse focuses on critical race theory, ethics, politics, religion, medicine, gender, history, language and literature.

Requirements

Students seeking the minor must complete 18 hours.

To include 6 hours chosen from:

AAAS10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3
CRES20593 Lits of Global Afr. Diaspora/ENGL20593 Lits of Global Afr. Diaspora	Introduction to Literatures of the Global African Diaspora	3

Select the remaining 12 hours from courses that carry the AAAS attribute from at least three different departments.

Additional Requirement:

- No more than 9 hours may be taken throughout the minor program in any one department
- At least 9 hours must be at the 30000 level or above
- With the approval of the academic dean, up to two courses (or six hours) may count for both major and minor requirements. For example, if a student seeks an African American and Africana Studies minor and a religion major, RELI30343 Black Religion in U.S. (Black Religion in the U.S.) could potentially count toward the requirements for the minor *and* the major.

Anthropology Minor

Anthropology Minor

A minor in anthropology requires 18 semester hours of anthropology courses, including at least six hours from among the following:

ANTH20613 Intro to Physical Anthropology	Introduction to Physical Anthropology	3
ANTH20623 Intro Cultural Anth	Introduction to Cultural Anthropology	3
ANTH20633 Intro To Archaeology	Introduction to Archaeology	3
ANTH20643 Language & Culture	Language and Culture	3

Asian Studies Minor

Asian Studies Minor

Students are required to take 18 hours, selected from at least three departments, from a variety of courses focusing on the history and thought of the peoples in Asia. Up to six hours of a single foreign language (Japanese or Chinese) at any level may be applied to minor requirements. No more than nine hours may be taken in any one program, and at least nine hours must be taken at the 30000 level or above.

Course offerings may vary, and other courses may be allowed with approval of the minor director when those courses focus on Asia. For more information, contact the program director, Benjamin Hiramatsu Ireland, in the Department of Modern Languages.

British and Colonial/Post-Colonial Studies Minor

British and Colonial/Post-Colonial Studies Minor

Requirements

The minor is 18 hours and requires completion of two core courses, a disciplinary concentration consisting of three courses, and one elective course. The designated core courses draw from a variety of disciplines and are selected to provide students with:

- Foundational knowledge about Great Britain, its history and culture, and the processes of change over time.
- An introduction to the critical issues of Colonial/Post-Colonial studies (see list below).

The disciplinary concentration allows students to develop an area of specialization—arts and humanities or natural and social sciences—within the minor. For further information, contact the program director.

Restrictions

Courses must draw from at least three different departments with no more than nine hours completed in one department. No more than six hours can be completed at the 10000/20000 level. A maximum of 12 hours completed through any relevant TCU Study Abroad Program can count toward the minor, but no more than six of those 12 hours can be Internship hours. The program director must approve the application of any transfer credit to the minor requirements.

Specific Requirements

1. Three hours in a foundations course selected from this list or any other relevant course submitted and approved by program director:

ARHI20073 British Art:Medieval-Mod	British Art: Medieval-Modern	3
ARHI30073 Modern British Art	Modern British Art	3
ENGL20403 British Writers	British Writers	3
ENGL30113 British Lit to 1800	British Literature to 1800	3
ENGL30123 British Lit since 1800	British Literature since 1800	3
ENGL30413 Studies in Medieval Literature	Studies in Medieval Literature and Culture	3
HIST30503 Hist Of England To 1603	History of England to 1603	3
HIST30513 Eng & Gr Brit Since 1603	History of England and Great Britain since 1603	3
HIST30523 Tudor-Sturt En:1485-1714	Tudor-Stuart England, 1485-1714	3
HIST30593 Making Of Modern England	Making of Modern England	3

2. Three hours in a Colonial/Post-Colonial studies course selected from this list or any other relevant course submitted and approved by program director:

ECON40413 U.S. Economic History I	U. S. Economic History - The Founding Eras	3
ENGL30443 20th Century Irish Lit	Twentieth Century Irish Literature	3
ENGL30473 Wilde Years Oscar Wilde1890s	Wilde Years: Oscar Wilde and the 1890s	3
ENGL30683 Post-Colonial Literature	Post-Colonial Anglophone Literature	3
ENGL30693 U.S. Multi-Ethnic Literature	U.S. Multi-Ethnic Literature	3
ENGL30773 India: Texts & Traditions	India: Texts and Traditions	3
HIST30533 England, 1815-1901	England, 1815-1901, Politics, Prudery, and the Pax Britannica	3
HIST30543 20th Century Britain	Twentieth-Century Britain, Empire to Welfare State: 1901 to the Present	3
HIST30563 Brit Empire, 1603-1857	The British Empire, 1603-1857	3
HIST30573 British Commonwealth	British Empire and Commonwealth, 1857-1975	3
HIST40603 Colonial America	Colonial America: From the Age of Discovery to 1763	3
JOUR40543 Intrntnl&Intrcultrl Comm	International and Intercultural Communication	3
RELI30553 African Religions	African Religions	3
FTDM30643 Brit Cinema & Europn Cul	British Cinema and European Culture	3

3. Nine hours of disciplinary concentration in one of the following two groups, with courses taken from at least two different departments within that group. Courses may be selected from the list in 1. or 2. above, or any other course relevant to the minor. While students may take courses for the concentration from their major department, no course may be applied to both major and minor requirements.

Arts and Humanities: art history, communication studies, design, English, journalism, music, philosophy, religion, FTDM, theatre.

Natural and Social Sciences: economics, education, geography, geology, history, political science, psychology.

4. Three elective hours selected from the list of courses in 1. or 2. above or any relevant course in any participating department.

Classical Studies Minor

Classical Studies Minor

The minor in classical studies requires 18 semester hours, with a six-hour minimum of upper-division courses, selected from at least three areas. Up to nine hours of Greek/Latin can be counted toward the minor (including applicable AP/CLEP credit). Other courses may be applied to the minor with the approval of the minor coordinator or the AddRan associate dean. Students are encouraged to take part in a study abroad program relevant to the minor.

Current approved courses include:

ARHI20003 Classical Traditn In Art	Classical Tradition in Art	3
ENGL20633 Mythology	Mythology	3
WRIT55273 Classical Rhetoric	Classical Rhetoric	3
GREE10053 First Sem College Greek	First Semester College Greek (Hellenistic)	3
GREE10063 Second Sem Coll Greek	Second Semester College Greek (Hellenistic)	3
GREE20053 Third Sem College Greek	Third Semester College Greek (Hellenistic)	3
GREE20063 Fourth Sem Coll Greek	Fourth Semester College Greek (Hellenistic)	3
GREE40970 Directed Studies in Greek	Directed Studies in Greek	1-6
GRMN20973 Greek Tradition	Honors: The Afterlife of the Classical Greek Tradition	3
GRMN20983 Hon: Afterlife of Roman Trad	Honors: The Afterlife of the Classical Roman Tradition	3
HIST30003 The Greek World	The Greek World	3
HIST30013 Roman Republic & Empire	The Roman Republic and Empire	3
PHIL40213 Ancient Greek Philosophy	Ancient Greek Philosophy	3
PHYS10293 Intro Astro: Archaeoastronomy	Archaeoastronomy	3
RELI30113 Jesus And The Gospels	Jesus and the Gospels	3
RELI30123 Paul & The Early Church	Paul and the Early Church	3
RELI30163 Women and Early Christianity	Women and Early Christianity	3
THEA31103 Theatre History I	Theatre History I	3

Students who minor in classical studies are subject to the Pass/No-Credit Policy of their major department.

Comparative Race and Ethnic Studies Minor

Comparative Race and Ethnic Studies Minor

The minor in Comparative Race and Ethnic Studies requires 18 semester long hours of CRES-prefix and CRES attribute courses passed with a grade of "C-" or better and a maximum of 9 hours below the 30000 level. Courses counted for the CRES minor may not be counted for any other major or minor.

Recommended Core Course

CRES10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3

Recommended to students prior to taking 20203 but not required.

Required Core Courses (3 hours)

CRES20203 Introduction to Ethnic Studies	Gateway Seminar: Introduction to Ethnic Studies	3

Electives (15 hours)

The five required courses must meet the following criteria:

1. Students must take at least three upper-division courses in CRES or in its associated disciplines from any of the program's course subcategories.

2. No more than three of the five courses may focus on a particular race or ethnic group.

3. No more than three of the five courses may be in any single discipline.

Note: If students take CRES10103 Engaging Community and Culture, it can count as one of their five elective classes.

Students may also take CRES30003 Community Based Rsrch Mthds Interdisciplinary Inquiry and/or CRES40003 CRES Capstone Seminar Capstone Seminar to fulfill the elective requirement.

A list of approved courses, along with the appropriate subcategory designations, can be found in the catalog and will be maintained by the program and the registrar.

Comparative Race and Ethnic Studies Emphasis

The emphasis in Comparative Race and Ethnic Studies requires 15 semester hours of CRES-prefix and CRES-approved courses passed with a grade of "C-" or better and a maximum of 9 hours below the 30000 level. Courses counted for the CRES emphasis may be counted for other majors or minors.

Requirements

Recommended Core Course

CRES10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3

Recommended to students prior to taking 20203 but not required.

Core Courses (3 hours)

CRES20203 Introduction to Ethnic Studies	Gateway Seminar: Introduction to Ethnic Studies	3

Electives (12 hours)

The five required courses must meet the following criteria:

1. Students must take at least three upper-division courses in CRES or in its associated disciplines from any of the program's course subcategories.

2. No more than three of the five courses may focus on a particular race or ethnic group.

3. No more than three of the five courses may be in any single discipline.

Note: If students take CRES10103 Engaging Community and Culture, it can count as one of their five elective classes.

Students may also take CRES30003 Community Based Rsrch Mthds Researching Inequality and/or CRES40003 CRES Capstone Seminar Capstone Seminar to fulfill the elective requirement.

A list of approved courses, along with the appropriate subcategory designations, can be found in the catalog and will be maintained by the program and the registrar.

Creative Writing Minor

Creative Writing Minor

The minor in creative writing requires 18 semester hours in Writing, English or Creative Writing (exclusive of ENGL 10803 and ENGL 20803). Of these, 12 hours must be in upper-division courses.

Students who major in English or Writing may count no more than 6 hours of creative writing toward their major. These distribution requirements apply:

1. CRWT10203 Intro Creative Writing or CRWT20103 Reading as a Writer
2. 9 hours of upper-division creative writing courses with one at the 40000 level or higher
3. 6 hours of ENGL or WRIT electives

Criminology & Criminal Justice Minor

Criminology & Criminal Justice Minor

The minor in criminology & criminal justice requires 18 hours

Required courses for the minor are:

CRJU20413 Intro/Criminal Justice	Introduction to Criminal Justice	3
CRJU30333 Criminological Theory	Criminological Theory	3
	Plus an additional 12 hours of criminology & criminal justice	

Digital Culture and Data Analytics Minor

The remaining 9 hours may be selected from either category and may include courses from both categories.

With the approval of the academic dean, up to two courses (or six hours), including the statistics requirement, may count for both major and minor requirements. For example, if the student seeks a DCDA minor and a STCO major, STCO36403 Digital Storytelling (Digital Storytelling) could potentially count toward the requirements for the minor *and* the requirements for the major, with approval and not in excess of 6 credit hours.

Category 1: Digital Culture

Coursework from English, writing, fine arts, and communication.

Digital culture outcomes

1. Students will critically assess the social and/or historical contexts of digital cultures by interrogating the norms and conventions of those cultures and the values they represent.
2. Students will demonstrate an ability to compose digital arguments.

Category 2: Digital Analytics

Coursework from criminal justice, economics, geography, and math.

Data analytics outcomes

1. Coding: Students will develop intermediate proficiency or greater with at least one coding language used for spatial/statistical analysis (STATA, R, Python).
2. Students will be able to present the results of their analysis in a variety of formats including plots and graphs, digital mapping and cartography, online data presentation formats.

With the approval of the academic dean, up to two courses (or six hours), including the statistics requirement, may count for both major and minor requirements. For example, if the student seeks a DCDA minor and a STCO major, STCO36403 Digital Storytelling (Digital Storytelling) could potentially count toward the requirements for the minor *and* the requirements for the major, with approval and not in excess of 6 credit hours.

Economics Minor

Economics Minor

The minor in economics requires 18 semester hours

A minimum of 12 advanced hours (30000 level or above) is required to include 3 hours chosen from:

ECON30223 Intermed Microeconomics	Intermediate Microeconomics	3
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON30233 Intermed Macroeconomics	Intermediate Macroeconomics	3

English Minor

English Minor

To earn a minor in English, students must complete 18 semester hours in English (exclusive of ENGL10803 Intro Comp:Writing as Inquiryand ENGL20803 Intermed Comp:Writing Argument). Of these, 12 hours must be in upper-division courses. These distribution requirements apply:

1. 3 hours from the American Literature subcategory
2. 3 hours from the British Literature subcategory
3. 3 hours from the Writing subcategory
4. 9 elective hours of any CRWT, ENGL or WRIT courses

Geography Minor

Geography Minor

The minor in geography requires 18 semester hours

Required Courses

GEOG10003 World Regional Geography	World Regional Geography	3
	OR	
GEOG10023 An Urban World	An Urban World: Introduction to Urban Studies	3
GEOG10013 Physical Geography	Physical Geography	3
GEOG20013 Human Geography	Human Geography	3

9 additional semester hours of upper division geography courses OR courses pre-approved by the departmental advisor.

Human-Animal Relationships Minor

Human-Animal Relationships Minor

The Interdisciplinary minor in Human-Animal Relationships (HARE) provides students theoretical and practical expertise in the crucial, diverse, yet often overlooked roles animals play in human society, culture and well-being. Moreover, the minor helps students understand how humans impact the lives of other animals, both wild and domestic.

Students seeking the minor must complete 18 hours.

Requirements

HARE30403 Human-Animal Relationships	Perspectives on Human-Animal Relationships	3

Select the remaining 15 hours from courses that carry the HARE attribute.

ANTH20613 Intro to Physical Anthropology	Introduction to Physical Anthropology	3

12 hours must be 30000 or above.

All courses in the minor must be passed with a C- or better.

The minor is not available to political science majors.

Latinx Studies Minor

Latinx Studies Minor

Latinx studies is available as a minor on both the BA and BS degrees. Latinx studies is a program that critically examines cultural, political, historical, religious and social conditions of Latina/o communities in the United States, providing students a larger awareness of diversity in the U.S. society.

Requirements

The Latinx Studies minor requires 18 hours to include Introduction to Latinx Studies. The remaining 15 hours are to be chosen from at least three different departments.

Currently, approved courses include:

LTNX20003 Intro to LTNX Studies	Introduction to LTNX Studies	3
ANTH30323 Migration: Crossing Cultures	Migration: Crossing Borders, Crossing Cultures	3
ANTH30333 Mexican American Culture	Mexican American Culture	3
ANTH30433 Mex-Amer Folklore:Trad-La Raza	Mexican-American Folklore: Traditions of La Raza	3
ANTH30703 Archaeology of Mexico & Peru	Archaeology of Mexico and Peru	3
CRES10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3
CRES20003 Critical Race Theory	Critical Race Theory	3
CRES30303 Feminisms of Color	Feminisms of Color	3
CRES30403 Transnational GenderSexuality	Transnational Gender & Sexuality	3
CRES30503 Crimmigration	Crimmigration	3
ENGL20563 Intro to Latina/o Lit	Introduction to Latina/o Literature	3
ENGL30703 Contemporary Latinx Literature	Contemporary Latinx Literature	3
HIST10723 Hist of Latinas/os in the U.S.	History of Latinas/os in the United States	3
HIST30823 Chicano Mvmt, Latino Politics	The Chicano/a Movement, Latino/a Politics, and Immigration Rights	3
HIST30923 The US & Latin America	The United States and Latin America	3
HIST30823 Chicano Mvmt, Latino Politics	The Chicano/a Movement, Latino/a Politics, and Immigration Rights	3
RELI30463 Being Latina/o &Relgious in US	Being Latina/o and Religious in the U.S.	3
RELI30843 Latina Feminist Relig Thought	Latina Feminist Religious Thought	3
RELI30493 Latina/o Religion, Law & Ident	Latina/o Religion, Law and Identity	3
SOCI30343 Sociology of Race and Racism	Sociology of Race and Racism	3
SPAN31803 Service-Learn Latino Community	Service-Learning in the Latino Community	3
SPAN42003 Hispanic Literature in USA	Hispanic Literature in USA	3

Other courses may be applied to the minor with the approval of the associate dean of AddRan College.

A list of approved courses can be found in the catalog and on the department website. Contact CRES@tcu.edu for more information.

Middle East Studies Minor

Middle East Studies Minor

Students seeking the minor must complete 18 hours.

Requirements

To include 6 hours chosen from:

HIST10803 Intro to Islamic Civilization	Introduction to Islamic Civilization	3
	OR	
RELI30543 Islam	Islam	3
HIST10813 Modern Middle East	Introduction to the Modern Middle East	3
	OR	
POSC35503 Middle East Politics	The Politics and the Culture of the Middle East and North America	3

Select the remaining 12 hours from courses that carry the MES attribute from at least three different departments.

Other courses may be applied to the minor with the approval of the minor coordinator.

Additional Requirement:

• No more than 9 hours may be taken throughout the minor program in any one department.

• At least 9 hours must be at the 30000 level or above.

• Courses may not count for both major and minor requirements. For example, if a student seeks a Middle East Studies minor and a history major, Introduction to Islamic Civilizations (HIST 10803) could count toward the requirements for the minor or the major, but not both.

Courses may not count for both major and minor requirements. For example, if the student seeks a Middle East minor and a history major, HIST 10803 (Introduction to Islamic Civilizations) could count toward the requirements for the minor OR the requirements for the major, but not both.

Military Science Minor

RELI30863 Religion and Violence	Religion and Violence	3

Six hours must be 30000 or above.

Global History Minor

Global History Minor

The minor in global history fosters transnational cultural literacy through historical, interdisciplinary, and experiential learning. Students are encouraged to participate in Study Abroad and to gain knowledge of global affairs. The experiential component provides an opportunity to apply historical learning to new contexts, such as internships and independent research projects.

The minor in global history requires 18 hours, to be distributed as follows:

Part I Requirements (history component):

12 hours of non-US history courses.

Part II Requirements (interdisciplinary global awareness):

3 hours of a Global Awareness (GA) course from any department outside history.

Part III Requirements (experiential component):

3 hours from the following:

HIST30073 Internship in Public History	Internship in Public History	3
	OR	
	Three hours of independent study/thesis	
	OR	
	Any 3 hours of history in a TCU Study Abroad Program	

Six of the 18 hours for the minor must be 30000 or above.

Students cannot combine a history major with the minor in global history.

Modern Language Studies Minor

Modern Language Studies Minor

The modern language studies minor requires 21 semester hours. Students may concentrate in Chinese, French, German, or Italian. The 21 semester hours can include:

(a) 9-12 hours from the language-sequence courses (10153, 10163, 20053, 20063) in the relevant language;

(b) and 9-12 hours from courses with the relevant language prefix (CHIN, FREN, GRMN, or ITAL) or the MOLA prefix, excluding the language-sequence courses. At least 6 of these latter 9-12 hours must be at the 30000 level or higher. No more than 3 hours from a course taught in English may be counted towards the modern language studies minor.

A maximum of 6 credit hours can be transferred from study abroad programs or other universities for the minor.

No credit will be given to native speakers for 10000- and 20000-level language-sequence courses (10153, 10163, 20053, 20063); heritage speakers may only receive credit with permission of the program adviser and the department chair.

A native speaker is considered to be someone who completed primary and secondary education in a country where the language of concentration is spoken. A heritage speaker is someone who was primarily educated in U.S. schools but who speaks the language of concentration in the home and with friends and co-workers. Native speakers and heritage speakers not eligible to take these courses must take additional upper-level courses instead of the language-sequence courses, to be determined in consultation with the program adviser.

Philosophy Minor

Philosophy Minor

The minor in philosophy requires 18 semester hours in philosophy, including:

- 3 or more semester hours in Historical Studies
- 3 or more semester hours in Logical Studies
- 3 or more semester hours in Topical Studies at the 40000 level

Nine or more of the 18 semester hours must be at the 30000 level or higher.

Political Science Minor

Political Science Minor

A political science minor requires 18 semester hours in political science passed with a grade of "C-" or better. No more than three semester hours may be earned at the 10000 level and no more than 10 semester hours may be earned below the 30000 level. Students must take either POSC20093 Scope & Methods Of Posc or POSC20203 Intr To Political Theory. Any "topics" course may be repeated provided the specific subject matter changes. No more than six hours of internship credit may be counted. The three-hour seminar taken in conjunction with the Washington Center Internship Program may be counted in addition to six hours of internship.

Religion Minor

Religion Minor

The minor in religion requires 18 semester hours. Minors are required to take at least one 10000-level course. No more than two 10000-level courses will count toward the minor. At least nine of the 18 hours must be at the 30000 or 40000 level.

Sociology Minor

Sociology Minor

The minor in sociology requires 18 semester hours, including SOCI20213 Introductory Sociology.

Spanish and Hispanic Studies Minor Programs

Spanish and Hispanic Studies Minor Programs

The Department of Spanish and Hispanic Studies offers three minor programs: the Spanish and Hispanic Studies minor, Spanish for Health Professions (SHP) and Spanish for Business Professions (SBP). Students must choose one of the three, and none is available to those whose major is Spanish and Hispanic Studies.

No credit given to native speakers for 20000-level Spanish; heritage speakers may only receive credit with permission of the department chair. A native speaker is considered to be someone who completed his or her primary and secondary education in a Spanish-speaking country. A heritage speaker is someone who was primarily educated in U.S. schools but who speaks Spanish in the home and with friends and co-workers. Native speakers and heritage speakers not eligible to take these courses must take additional upper-level Spanish electives instead unless these credits are awarded as transfer credit or Advanced Placement Credit.

Native speakers will not receive credit for SPAN30503 Advanced Span Personal Public, SPAN30603 Advanced Span Local Global, and SPAN31703 Spanish for Heritage Speakers unless special permission is granted by department chair.
Heritage speakers are encouraged to take SPAN31703 Spanish for Heritage Speakers. Non-heritage speakers should not take SPAN31703 Spanish for Heritage Speakers.

Spanish and Hispanic Studies Minor

The Spanish and Hispanic Studies minor consists of 21 credits at the 20103 level or above.

Any course taught in Spanish at the 30000 or 40000 level may be taken as an elective.

No course taught in English may be taken to fulfill the minor requirements.

PORT20503 Portuguese for Spanish Speaker Portuguese for Spanish Speakers may be taken to fulfill one of the electives.

Policy on Grades

Courses taken pass/no-credit and courses in which the student earns below a "C-" will not count toward the Spanish and Hispanic Studies minor.

Study Abroad

Study abroad is strongly recommended for all majors of Spanish and Hispanic Studies. In addition to enormous improvement in speaking ability, the international experience will enhance career opportunities and cross-cultural competence. To receive credit, the student must meet with the Spanish and Hispanic Studies study abroad adviser as well as the TCU Global prior to departure to obtain approval for coursework abroad.

No course taught in English may be taken to fulfill the minor requirements

Spanish for Health Professions Minor

The minor in Spanish for Health Professions (SHP) is designed to provide students (especially those in nursing) the ability to communicate in Spanish in the area of health care. The minor engages the student with the necessary mechanics of the language and propels him or her into two courses designed especially for students in the health professions. Opportunities are offered for electives to boost oral communication and knowledge of Spanish-speaking communities in the United States and beyond. Options also are available for off-campus service learning and study abroad.

The minor in Spanish for Health Professions consists of 21 credits at the 20103 level and above. Two courses are required:

SPAN31503 Span for Health Professions I	Spanish for Health Professions I	3
SPAN42503 Span Health Professions 2	Spanish for the Health Professions 2	3

Any course taught in Spanish at the 30000 or 40000 level may be taken as an elective.

No course taught in English may be taken to fulfill the minor requirement

PORT20503 Portuguese for Spanish Speaker Portuguese for Spanish Speakers may be taken to fulfill one of the electives.

Policy on Grades

Courses taken pass/no-credit and courses in which the student earns below a "C-" will not count toward the Spanish for the Health Professions minor.

Study Abroad

Study abroad is strongly recommended for all majors of Spanish and Hispanic Studies. In addition to enormous improvement in speaking ability, the international experience will enhance career opportunities and cross-cultural competence. To receive credit, the student must meet with the Spanish and Hispanic Studies study abroad adviser as well as the TCU Global prior to departure to obtain approval for coursework abroad.

Spanish for Business Professions Minor

The minor in Spanish for Business Professions (SBP) is designed to provide students the ability to communicate in Spanish in the area of business. The minor engages the student with the necessary mechanics of the language and propels him or her into two courses designed especially for students in the business professions. Options are available for off-campus service learning and study abroad.

Policy on Grades

Courses taken pass/no-credit and courses in which the student earns below a "C-" will not count toward the SBP minor.

Study Abroad

Study abroad is strongly recommended for all majors of Spanish and Hispanic Studies. In addition to enormous improvement in speaking ability, the international experience will enhance career opportunities and cross-cultural competence. To receive credit, the student must meet with the Spanish and Hispanic Studies study abroad adviser as well as the TCU Global prior to departure to obtain approval for coursework abroad.

The SBP minor consists of 21 credits at the 20103 level and above. The following courses are required:

SPAN31603 Spanish Business Professions I	Spanish for Business Professions I	3
SPAN42603 Spanish Business Professions 2	Spanish for Business Professions 2	3

Any course taught in Spanish at the 30000 or 40000 level may be taken as an elective.

9 additional hours of relevant coursework from the list of approved Urban Studies courses or approved by the Urban Studies adviser, to be completed subject to the distributional requirements.

No course may be applied to both a student's major and minor requirements. If one of the above courses is required for a student's major, the student may substitute another approved course in the minor. The student would not be required to complete a second Internship or service-learning course.

Urban Studies Approved Courses

Other relevant courses may be applied to the minor with the approval of the associate dean of AddRan College.

Women & Gender Studies Minor and Emphasis

Women & Gender Studies Minor and Emphasis

The minor and the emphasis in women and gender studies are designed to provide students theoretical frameworks for recovering and analyzing gendered experiences as part of a larger investigation of gender and difference, and to offer opportunities to study disciplines through these frameworks.

Students seeking the minor complete 18 hours: two required courses (WGST20003 Intro to Women & Gender St **and** WGST30503 Foundations in WGSS) and a choice of four additional courses from an approved list (see below). In choosing these courses, students take no more than two courses from any single discipline (excluding WGST prefix courses). Students who minor in women and gender studies must choose whether WGST-approved courses in their major discipline will count toward the major or the minor. No course may count for both.

Required Courses:

- WGST20003 Intro to Women & Gender St Introduction to Women and Gender Studies
- WGST30503 Foundations in WGSS Foundations in Women's, Gender, and Sexuality Studies

A list of approved courses can be found on the department website and will be maintained by the department and registrar. You may also contact WGST@tcu.edu for more information.

Note: No more than TWO courses from another institution may count for elective credit toward the minor.

Students seeking the emphasis complete 15 hours: either WGST20003 Intro to Women & Gender St **or** WGST30503 Foundations in WGSS and a choice of four additional courses from the approved list. Emphasis students may count WGST - approved courses toward both their major and the emphasis, and may also concentrate their WGST electives in a single discipline. Emphasis students in programs requiring a minor must complete a minor in another disciplinary field.

Note: No more than ONE course from another institution may count for elective credit towards the emphasis.

Writing and Rhetoric Minor

Writing and Rhetoric Minor

The minor in writing requires 18 semester hours in writing, creative writing or English (exclusive of ENGL10803 Intro Comp:Writing as Inquiry). Of these, 9 hours must be in upper-division courses.

These distribution requirements apply:

1. 3 hours from the Writing and Publishing Subcategory
2. 3 hours from the Rhetorics and Cultures subcategory
3. 3 hours from the Digital Rhetorics and Design subcategory
4. 9 hours of electives from any courses listed in sections 1 through 3 above or any upper-division WRIT, CRWT or ENGL courses

Programs of Study - Communication

Programs of Study - Communication

The role of communication in the 21st century is an integral part of TCU's educational mission. Nearly 1,200 students in the Bob Schieffer College of Communication are pursuing degrees in journalism, strategic communication, communication studies, sports broadcasting, and film, television and digital media. The academic programs of the college exact an appropriate balance between professional training and liberal arts studies. Relatively small classes enable the faculty to give attention to the work of each student.

The college comprises four departments — the departments of Communication Studies, Film, Television and Digital Media, Journalism and Strategic Communication — and offers a range of study.

Department of Film, Television and Digital Media

Production

Industry Studies

Critical Studies

Sports Broadcasting

Business of Entertainment Media

Department of Communication Studies

Organizational Communication

Interpersonal Communication

Public Speaking

Communication Theory and Research

Department of Journalism

Journalism

Department of Strategic Communication

American Advertising Federation

Degrees - Communication

Degrees - Communication

The Schieffer College of Communication offers both the Bachelor of Arts and the Bachelor of Science degrees.

Students pursuing a Bachelor of Arts degree must complete a minimum of 120 semester hours, 36 of which must be advanced (30000 level or above) from TCU, with a major and a minor selected from the approved list of majors and minors. The number of hours required for the major and minor can be found in the appropriate section of this catalog. In addition, students must complete the TCU Core Curriculum.

All students pursuing the Bachelor of Arts degree in the Bob Schieffer College of Communication must demonstrate competency in a foreign language equivalent to completion of one of the following:

Foreign Language Requirement:

Complete one of the following

ARAB20063 Intermediate Arabic II	Intermediate Arabic II	3
CHIN20063 Intermediate Chinese II	Intermediate Chinese II	3
FREN20063 Fourth Sem College Fren	Fourth Semester College French	3
GRMN20063 Intermediate German	Intermediate German	3
GREE20063 Fourth Sem Coll Greek	Fourth Semester College Greek (Hellenistic)	3
ITAL20063 Fourth Sem Coll Italian	Fourth Semester College Italian	3
JAPN20063 Fourth Sem Col Japanese	Fourth Semester College Japanese	3
SPAN20203 Intermediate Spanish 2	Intermediate Spanish 2	3
SPAN20213 Intensive Intermediate Span 2	Intensive Intermediate Spanish 2	3

This requirement can be met either by satisfactory completion of coursework taken at or transferred to TCU or by presenting satisfactory scores on recognized standardized tests (AP, CLEP or SAT II). Required scores on standardized tests are in the Credit by Exam booklet available from the Office of Admission. For languages not currently taught at TCU, 6 semester hours at the sophomore level, transferred from another accredited institution, may be used to satisfy this requirement. Students may also provide evidence of competency in the non-English language by successfully completing one academic year in a secondary or post-secondary institution in which the language of instruction is other than English, for which the student will receive 12 credit hours.

Multiple Majors, Minors and/or Degrees

Students may concurrently pursue more than one of the degrees, majors or minors offered by the Bob Schieffer College of Communication. However, students must complete all required courses and overall hours for each of those majors and minors, and no course from one major or minor can be counted toward the other major or minor including, courses specified in the core curriculum as particular to that degree and major.

Students who pursue an additional major in another college, if additional majors are permitted in that college, must complete all degree requirements for each major, including courses specified in the core curriculum as particular to each degree and major.

Students outside the Schieffer College of Communication whose home college permits an additional major in the College must complete all degree requirements for the additional major, including courses specified in the core curriculum for that particular degree and major.

Double degrees, when at least one is in the Schieffer College require a minor to be completed as part of the degree requirements, in addition to the second degree, as approved by the Schieffer College dean's office.

Transfer Credit

Students wishing to take courses at another institution, following their admission to TCU, must secure approval through the Office of the Dean of the College of Communication before enrolling. The College of Communication adheres to University policy regarding transfer credit.

Pass/No-Credit Policy

Students may take up to two courses (8 hours maximum) on a pass/no-credit basis (P/NC). No course applied to the student's major, minor or associated requirements may be taken P/NC. Courses offered only with the P/NC grade will not be counted toward this limit on the number of P/NC hours. Prior work will count.

Requirements for Graduation

The Intent to Graduate form, available online and from the Office of the Dean, should be filed when 84 hours of course credit have been completed. The form can be found at https://schieffercollege.tcu.edu/intent-to-graduate-form/

Approval of the department chair and associate dean is required in contract form for all non-traditional courses (special problems, independent study, research problems, etc.). Per University policy, students wishing to pursue independent study must receive all approvals at least one semester in advance of the semester in which the independent study will occur.

Beyond the studies specified for each major, the bachelor's degree is built on the TCU Core Curriculum that applies to all University graduates.

Department of Communication Studies

Department of Communication Studies

A degree in communication studies will serve the academic and career objectives of a variety of students. As a vital component of a liberal arts education, competence in oral communication is a requirement for most positions in business and industry. A major in communication studies provides an understanding of the interpersonal and public communication processes needed for careers in teaching, research, or business organizations as well as a foundation for further professional or academic study. Students also develop competencies in public speaking, listening, interviewing and group communication as well as everyday human relations.

Students may declare a major in communication as an incoming first-year student, transfer student, or by requesting a change of major through the TCU Registrar’s office. In order to declare the major, current TCU students must be in good standing with the University, including an overall GPA of at least a 2.0.

Majors taking classes counting toward departmental degree requirements must take them for graded credit. Any courses completed in the department receiving a pass under the Pass/No-Credit Policy before the student declares communication studies as a major will count as University electives but will not count toward the hour requirement to satisfy the major. Students may not receive credit toward the communication studies major for both COMM10123 Communicating Effectively and COMM10163 Public Address (Honors).

All courses counted toward a major or minor in communication studies must have a grade of "C-" or better.

Honors College

Communication studies majors who plan to pursue departmental honors must be members of the Honors College and should take COMM30003 Honors Seminar:Curr Dev - COMM their junior year and COMM40003 Honors Research Paper their senior year. Honors students should consult with the department chair concerning additional guidelines.

Communication Studies Degrees

The Department of Communication Studies offers the Bachelor of Science (BS) degree.

Film, Television & Digital Media

Film, Television & Digital Media

The Department of Film, Television and Digital Media (FTDM) offers students a uniquely diverse and comprehensive array of courses designed to prepare its graduates to be industry leaders, creative contributors and/or impactful scholars in arguably the most pervasive and influential field of the 21st century. The department offers three majors:

1. Business of Entertainment Media, BS: This major provides essential real-world applications and skills as it prepares students for successful careers as leaders and managers in influential entertainment-focused organizations, in a variety of positions including brand managers, creative consultants, marketing strategists, producers, production managers, social media coordinators, and many related others. Its emphases on both business and content-related industry aspects enable graduates to emerge with substantial knowledge of media business practices and terminology, development and production processes, marketing fundamentals, legal essentials, and a range of additional educational insights necessary for personal and professional success in this exciting and rapidly changing field;
2. Film, Television, and Digital Media, BS: In this sequence, students combine various production courses with offerings in critical studies and industry studies to prepare them for success in the competitive and increasingly global media industries;
3. Sports Broadcasting, BS: In this sequence, students acquire the technical skills to produce sports programs at the professional level as well as the analytical skills to understand and articulate the social and cultural roles sports events play in countries around the globe.

State-of-the-art department resources include HD studios, soundstages, professional editing suites, a green screen studio, a campus radio station and a full complement of HD field production and grip equipment. The Gwendolyn P. Tandy Memorial Film Library houses more than 15,000 titles.

John V. Roach Honors College

Film, Television and Digital Media majors, Cinema and Media Studies majors or Sports Broadcasting majors who plan to pursue departmental honors must be members of the Honors College and should enroll in FTDM30003 Honors Tutorial Honors Tutorial during their junior year and FTDM40003 Senior Honors Res Paper Honors Research Tutorial during the fall semester of their senior year.

Transfer Students

Transfer students are not guaranteed admission to the majors offered by the department. All students completing a major offered by the Department of Film, Television and Digital Media, including transfer students, must successfully complete the FTDM introductory courses and fulfill all remaining requirements with a “C” or better in order to graduate. Potential sports broadcasting majors, including transfer students, must apply for, and be granted, acceptance into the major (see sports broadcasting program requirements section). Transfer students must submit

a written request if they wish the department to consider accepting any substitutes for FTDM10113 History of Broadcasting, FTDM10123 History Of Film History or Film or FTDM10143 The Art of Film and TV Introduction to Film and TV Aesthetics. Requests will be considered on an individual basis.

Internships

An active, supervised internship program places students in television studios, film production companies, audience research companies and corporate/industrial media centers. Interns may be placed in major media markets such as Los Angeles, New York, London or Fort Worth-Dallas or in their hometowns. FTDM internships are required for sports broadcasting majors and available to film, television and digital media majors and cinema and media studies majors and prerequisites apply. Contact the department for policies and procedures.

Study Abroad

Contact the FTDM department for details and schedules for study abroad opportunities.

Department of Journalism

Department of Journalism

The mission of the Department of Journalism is to educate journalism students to think and act as responsible professionals and ethical citizens in a global community. The Department of Journalism helps students develop competencies that prepare them for employment and advanced studies. It seeks to create skilled professional communicators who understand their social, legal and ethical responsibilities in a rapidly changing media landscape that connects societies around the world.

The degree program in the department prepares students to communicate to diverse audiences in a free society through critical thinking, analytical writing, real-time reporting and compelling multi-media presentations.

Founded in 1927, the Department of Journalism requires versatility and performance. The Department of Journalism is one of 18 programs at private universities in the nation accredited by the Accrediting Council on Education in Journalism and Mass Communication (ACEJMC). About 10 percent of the journalism programs at U.S. public and private universities are accredited by the council. The department fully subscribes to ACEJMC's revised guidelines (2021) that substantial hours be taken outside journalism classes and department in order to create a curriculum that exposes students to "well-rounded liberal arts and science education" and maintain a "balance between professional skills and liberal arts and science."

Experiential learning is emphasized through a vibrant student media, hosted internships and coursework that include real-life assignments with commercial media. An internship at the Washington Center is offered to a select group of students in the fall semester of their senior year.

Students majoring in ***journalism*** should master the elements of written, oral and visual presentation of the news, as well as understand the First Amendment in a democracy and the ethical standards that accompany the gathering and distribution of news. This includes theory, history and concepts of journalism, as well as practical skills.

Classes in which journalism skills are taught and practiced are limited to 15 students. Classes that address reporting specialties such as ***public affairs***, ***business***, ***visual and sports journalism*** often have fewer students and are platform-agnostic. Through other courses, students are encouraged to use their enthusiasm for a subject, such as politics or the arts, in their assignments.

Through the skills classes emerges a portfolio, or body of work, that becomes the basis for graduates entering the job market. As part of their coursework, students produce professional-quality newscasts in the school's high-definition broadcast journalism studio and practice real-time journalism in the Department of Journalism Convergence Center. First-year students are encouraged to volunteer for student media.

Journalism professors and instructors have both academic credentials and professional experience. The faculty profiles include authors of highly acclaimed books and scholarly research, experienced industry specialists and professors of professional practice, tenured and tenured-track professors, communication journal editors, and editorial board members, Emmy Award winner, a lawyer and specialist on freedom of information issues. Full professors teach entry-level courses in the journalism major. We have a diverse faculty in terms of race, gender, and other fault lines.

Specialization in storytelling techniques is supported by faculty, but not before the future journalist is exposed to newsgathering skills across online, print and video platforms. This focus on cross-training is a distinction of the school.

Students must develop the ability to write clearly, distinctively and correctly. The first writing course, JOUR10113 Media Writing & Editing, has a grammar/spelling/punctuation module that must be passed with a "C" or better before students can take any course for which JOUR10113 Media Writing & Editing is a prerequisite. Journalism majors and minors must make a C or better in any course that is a prerequisite for another journalism course before enrolling in the course for which the prerequisite is required. Skills courses must be taken sequentially.

No course applied to the student's major, minor or associated requirement may be taken on a pass/no-credit basis. Journalism courses taken in those sequences must be passed with "C" (2.0) or better to fulfill prerequisite requirements for any journalism course and for graduation requirements for the majors or minors. Note: A "C-" (1.67) does not meet that requirement.

Professional organizations that have chapters affiliated with the Department of Journalism include the Society of Professional Journalists (SPJ), National Association of Black Journalists (NABJ) and National Association of Hispanic Journalists (NAHJ). The department also has a chapter of Kappa Tau Alpha, the national honor society for journalism students.

Journalism majors are eligible for the endowed Jay Milner Distinguished Student Journalism Award for work in TCU student media, with amounts of up to $1,000.

Journalism majors are encouraged to complete their core journalism courses in their first year, especially those foundational courses which should be taken in the first semester i.e. JOUR10113 Media Writing & Editing (Media Writing and Editing) and JOUR10203 Introduction to Journalism (Introduction to Journalism).

Declaring Journalism as a Major

Incoming first-year and transfer students may declare journalism as a major upon entering the University. Students of sophomore standing or above who wish to declare a major offered by the Department of Journalism must have achieved a TCU cumulative GPA of 2.5 before they can declare a major inside the school. A journalism minor is offered through the department.

Honors College

Candidates for Departmental Honors should take JOUR30003 Honors Seminar their junior year and JOUR40003 Honors Research during the fall semester of their senior year.

Journalism Degrees

The Department of Journalism offers Bachelor of Arts and Bachelor of Science degrees in journalism.

Strategic Communication

Strategic Communication

The Department of Strategic Communication is **TCU's home for advertising and public relations**. Strategic communication students learn to think strategically and create effective, innovative, and responsible stories about brands and organizations, solving real-world communication challenges. In learning the theories and methods of advertising, public relations, and new media to meet the strategic goals of organizations, strategic communication students gain the tools and skills they need to succeed in the job market and in life.

The strategic communication major emphasizes experiential learning. Students learn to conduct research; write and create content for print, broadcast, online and mobile platforms; design; choose channels to place messages; and evaluate effectiveness. They have various opportunities to apply what they learn with real-world corporate, public, and nonprofit clients in classes and through dedicated experiential opportunities, including:

- Roxo, the vibrant student-run strategic communication agency, which services real-world clients through paid and pro bono work;
- National advertising and public relations campaign competitions, including the American Advertising Federation (AAF) National Student Advertising Competition (NSAC) and the Public Relations Student Society of American (PRSSA) Bateman Competition;
- internships; and
- American Advertising Federation (AAF) and Public Relations Student Society of America (PRSSA) chapters affiliated with the Department of Strategic Communication.

Individual students, teams, and Roxo — the student-run advertising and public relations agency — regularly earn recognition in national, regional, and local competitions, including Greater Fort Worth PRSA's Worthy Awards, the AAF Fort Worth Addy Awards, the National Student Advertising Competition, and the Bateman Competition.

Most strategic communication graduates pursue careers in advertising or with public relations agencies, corporations, government agencies, nonprofit groups, health care groups, sports teams or consulting firms. Others enter graduate school or specialized, pre-professional programs.

Admission to the major

Students may declare a major in strategic communication as an incoming first-year or transfer student prior to orientation. Any students wishing to join strategic communication after their first-year or transfer orientation must apply to the major.

Admission to the strategic communication major requires multiple steps.

Entering first-year students who declare strategic communication as their major prior to the start of orientation sessions (typically the end of May), are automatically admitted to the major. They must complete the application process during summer orientation sessions (step 4 in the process). Once orientation sessions begin, all students, including first-year students, must apply to the major. Admission to the strategic communication major is competitive.As a result, students may be admitted to TCU but not to strategic communication if they are not accepted to the major through the application process. Students with more than 60 college credits will not be admitted to the major, whether internal or external transfers, because course sequencing in the major requires at least five long semesters to complete the major.

To be considered for admission to the Department of Strategic Communication, students must complete all of the following:

1. Based on type of student
   a. INCOMING FIRST-YEAR STUDENTS: Entering first-year students, once admitted to TCU, may declare strategic communication as their major prior to the start of the orientation sessions (typically the end of May) and be directly admitted to the major in only the fall semester if they meet the following requirements: They must have completed no hours at TCU (except for hours awarded for AP or IB courses, or dual-credit hours awarded in high school through another university or college), and they must complete step 4 of the application process. Once TCU orientation sessions begin, first-year students must wait to apply to the major until the spring semester.
   b. INTERNAL TRANSFER STUDENTS: An internal transfer student is one who is currently enrolled in another degree program at TCU. These students must have a 2.5 minimum overall TCU GPA (and should have a 3.3 GPA to be competitive).
   c. EXTERNAL TRANSFER STUDENTS: The TCU Office of Admissions makes the decision on all transfer applicants. To be considered for provisional admission to the strategic communication major during the first semester after admission to TCU, students should have at least a 3.0 transfer GPA from a four-year institution and a 3.25 GPA from a two-year institution. If this GPA is in place and spaces are open in the gateway courses (STCO23113 Advertising or STCO23123 Public Relations) in the first semester, students may enroll in these courses after they have met with an academic adviser in the department and have completed step 4 of the process.
      1.
2. Applications to the major open within the first six weeks of each long semester. To receive dates and instructions for completing the application, please contact the department's main office at stratcomm@tcu.edu or visit its website at https://schieffercollege.tcu.edu/stratcomm/.
   Applicants will be required to:
      1. Independently complete a personal narrative about reasons for selecting the strategic communication major and another creative assignment
      2. Read and sign the Ethics and Professionalism Statement for the Department of Strategic Communication and provide basic information for departmental advising records

   c. Submit a resume and transcripts verifying the GPA (for internal and external transfer students only)
   Completed applications will be evaluated by an application committee. Applicants will be notified by the Department once admission decisions have been rendered.
   In the event of a formal appeal concerning the application process, the chair of the Department of Strategic Communication will appoint three faculty members in the department to review the appeal and report to the chair.
   After admittance to the major, students must earn a C or higher and a combined 2.5 GPA in the two introductory courses, STCO23113 Advertising and STCO23123 Public Relations, before enrolling in additional strategic communication courses. Additionally, students must also complete MATH10043 Elementary Statistics Statistics or INSC20153 Statistical Analysis (or equivalent) with a C- or higher before enrolling in many of the advanced courses requiring this prerequisite. Students must earn a C or higher in each strategic communication course counted toward major degree requirements.

Strategic Communication Degrees

The Department of Strategic Communication offers the Bachelor of Science degree and the Master of Science degree.

Bachelor of General Communication

Bachelor of General Communication

A program leading to a Bachelor of General Communication degree is available for students whose educational goals might not be realized by traditional majors within the Schieffer College of Communication.

Requirements

The Bachelor of General Communication requires:

1. PRIMARY EMPHASIS: At least 30 hours of primary coursework in the Schieffer College (e.g., COMM, FTDM, JOUR, or STCO prefixes) (at least 21 hours taken at TCU) with a C- or higher, with at least 18 hours in one department. (Note: student is responsible for applicable prerequisites), and at least 9 hours at the upper level.
2. SECONDARY EMPHASIS: An additional minimum 18 hours of coursework as either a minor or an area of emphasis. If the minor or area of emphasis is in the Schieffer College, those hours cannot also count towards the primary emphasis.
3. Satisfaction of all other TCU Bachelor degree requirements.
4. Approval of the Schieffer College Associate Dean for Undergraduate Studies and not declared any sooner than when 75 undergraduate hours are completed.

Business of Entertainment Media, BS

Business of Entertainment Media, BS

Requirements

Students wishing to major in business of entertainment media (BENM) must complete the following requirements for graduation:

- **Requirements**
  Students wishing to major in film, television and digital media must complete the following requirements for graduation:
  - A minimum of 120 semester hours overall, including at least 36 hours earned at the 30000 level or above
  - TCU Core Curriculum requirements
  - A minimum of 31 semester hours in the FTDM major courses, including at least 12 hours at the 30000 level or above
  - A minor of at least 18 hours; all requirements of the minor department must be followed
  - A grade of "C" or better in all courses taken in the FTDM department
  - FTDM10153 Media Milestones (Film and TV) Media Milestones (Film and TV); **FTDM20113 Pre-Production** Pre-Production FTDM20523 Business Of Media Business of Media-**FTDM40901 Senior Seminar In FTDM** Senior Seminar.

It is strongly recommended that BENM majors complete courses in this order:

Step One: Departmental Core Requirements (12 hours)

FTDM10143 The Art of Film and TV	The Art of Film and TV	3
FTDM10153 Media Milestones (Film and TV)	Media Milestones (Film and TV)	3
FTDM20113 Pre-Production	Pre-Production	3
FTDM20523 Business Of Media	Business of Media	3

Step Two: Media Production/Content Course (3 hours)

Complete three hours selected from the following courses:

FTDM20510 Radio Broadcasting on KTCU	Radio Broadcasting on KTCU	1-3
FTDM20313 Production	Production	3
FTDM21113 Sports Broadcasting	Sports Broadcasting	3
FTDM20013 Making (and Analyzing) Media	Making (and Analyzing) Media	3

Step Three: Entertainment Industry Courses

Complete 12 hours selected from the following courses:

FTDM30313 Post-Production	Post-Production	3
FTDM30573 TV Programming	TV Programming	3
FTDM30613 Franchises	Franchises	3
FTDM30813 TV Number Ones	TV Number Ones	3
FTDM30823 Digital Distribution	Digital Distribution	3
FTDM30983 Women in TV & Film	Women in Television and Film	3
FTDM40513 Topics in Media Industry	Topics in Media Industry Studies	3
FTDM40523 Mgt:Broadcst,Cable,Film	Management for Broadcast, Cable and Film	3
FTDM50400 Adv Stdy:Radio,TV,Film	Advanced Studies in Radio, Television and Film	3-6

Note: FTDM open electives may not be used to fulfill FTDM major requirements.

Step Four: Law Course

Complete one of the following courses:

FTDM40223 Entertainment Law	Entertainment Law and Finance	3
FTDM40503 Media Industry Law	Media Industry Law and Regulation	3

Step Five: ADDITIONAL REQUIREMENT (1 hour)

Complete **FTDM40901 Senior Seminar In FTDM** Senior Seminar (1 semester hour) in the last semester of the senior year.

Responsibility for knowing course prerequisites lies with the student. Students who wish to apply for "permission of instructor" or "permission of department" to take a class must submit a written request prior to registration. The department does not guarantee that all who wish to enroll in these classes will be accepted.

FTDM Course Subcategories:

Film, Television and Digital Media Course Subcategories

Communication Studies, BS

Communication Studies, BS

Requirements

The BS with a major in communication studies consists of 120 semester hours with 36 hours in communication studies, including the four required courses:

COMM10123 Communicating Effectively	Communicating Effectively	3
	OR	
COMM10163 Public Address (Honors)	Public Address (Honors)	3
COMM20113 Interpersonal Communication	Interpersonal Communication	3
COMM20223 Communication Theory	Communication Theory	3
COMM30163 Organizational Communication	Organizational Communication	3

Students pursuing the BS degree must also complete 9 hours of 40000 level COMM electives. All four required courses must be completed prior to enrolling in 40000 level courses. Students must also complete: MATH10043 Elementary Statistics *or* INSC20153 Statistical Analysis *with a grade of "C-" or higher.*

Note: Students also must complete COMM20113 Interpersonal Communication with a grade of "C-" or higher *and* COMM20223 Communication Theory *with a "C-" or higher to take* COMM30163 Organizational Communication. *Students must complete* COMM30163 Organizational Communication *with a grade of "C-" or higher prior to taking any 40000 level courses.*

Additional requirements include a minor of 18 semester hours or a second major, plus core curriculum requirements.

Film, Television and Digital Media Program, BS

Film, Television and Digital Media Program, BS

Requirements

Students wishing to major in film, television and digital media must complete the following requirements for graduation:

- A minimum of 120 semester hours overall, including at least 36 hours earned at the 30000 level or above
- TCU Core Curriculum requirements
- A minimum of 37 semester hours in the FTDM major courses, including at least 12 hours at the 30000 level or above
- A minor of at least 18 hours; all requirements of the minor department must be followed
- A grade of "C" or better in all courses taken in the FTDM department

- FTDM10143 The Art of Film and TV The Art of Film and TV; pkQhbpMIibaLv4yeNfkf - Missing courseMedia Milestones (Film and TV) FTDM20113 Pre-Production Pre-Production; FTDM20313 Production Production; FTDM30313 Post-Production Post-Production; FTDM20523 Business Of Media Business of Media; FTDM30103 Media Analysis Media Analysis; FTDM40901 Senior Seminar In FTDM Senior Seminar.

It is strongly recommended that FTDM majors complete FTDM major courses in this order:

Step One: Departmental Core Requirements

FTDM10143 The Art of Film and TV	The Art of Film and TV	3
pkQhbpMIibaLv4yeNfkf - Missing course	Media Milestones (Film and TV)	3

Step Two: Additional Foundational Courses (24 hours)

Production

FTDM20113 Pre-Production	Pre-Production	3
FTDM20313 Production	Production	3
FTDM30313 Post-Production	Post-Production	3
FTDM	Other Production Class	3

Industry

FTDM20523 Business Of Media	Business of Media	3
FTDM	Any other FTDM industry course (3 hours)	3

Critical Studies

FTDM30103 Media Analysis	Media Analysis	3
FTDM	Any other FTDM critical studies course (3 hours)	3

Step Three:

Complete any combination of two additional FTDM production, industry or critical studies courses.

Note: FTDM open electives may not be used to fulfill FTDM major requirements.

Step Four:

Complete FTDM40901 Senior Seminar In FTDM Senior Seminar (1 semester hour) in the last semester of the senior year.

Responsibility for knowing course prerequisites lies with the student. Students who wish to apply for "permission of instructor" or "permission of department" to take a class must submit a written request prior to registration. The department does not guarantee that all who wish to enroll in these classes will be accepted.

Sports Broadcasting, BS

Sports Broadcasting, BS

The Department of Film, Television and Digital Media offers a major in sports broadcasting as a Bachelor of Science.

All sports broadcasting majors must complete for graduation:

- A minimum of 120 semester hours overall, including at least 36 hours at the 30000 level or above
- TCU Core Curriculum requirements
- A minimum of 37 semester hours in sports broadcasting, including at least 12 hours at the 30000 level or above
- A grade of "C" or better in all courses taken in the department
- pkQhbpMIibaLv4yeNfkf - Missing courseMedia Milestones (Film and TV); FTDM20213 Basic Video Production Video Production for Sports; FTDM20523 Business Of Media Business of Media; FTDM21113 Sports Broadcasting Sports Broadcasting; FTDM21713 Intro Remote Sports Introduction to Remote Sports Production; FTDM40901 Senior Seminar In FTDM Senior Seminar
- A minor of at least 18 hours; all requirements of the minor department must be followed

It is strongly recommended that sports broadcasting majors complete their course requirements in the following order:

Step One: Sports Broadcasting Prerequisites

pkQhbpMIibaLv4yeNfkf - Missing course	Media Milestones (Film and TV)	3
FTDM21113 Sports Broadcasting	Sports Broadcasting	3
FTDM21713 Intro Remote Sports	Introduction to Remote Sports Production	3

Step Two: Sports Broadcasting Core Requirements

FTDM21213 Video Production for Sports	Video Production for Sports	3
FTDM20523 Business Of Media	Business of Media	3

Step Three: Sports Broadcasting Production Courses

Complete **four** of the following:

FTDM21513 Sports Radio	Sports Radio	3
FTDM31713 Remote Sports Production	Remote Sports Production	3
FTDM31723 Producing the Live Sports Evnt	Producing and Directing Live Sports	3
FTDM31733 Audio for Sports TV & Radio	Audio Production for Sports: Television and Radio	3
FTDM31743 The On-Camera Experience FTDM41113 Sports Play-by-Play	The On-Camera Experience Sports Play-by-Play	3 3
FTDM41333 Sports Post-Production	Post-Production for Sports	3
FTDM41383 Sports Documentary Production	Sports Documentary Production	3

Step Four: Sports Broadcasting Industry and Analysis Courses

Complete **two** of the following:

FTDM30573 TV Programming	TV Programming	3
FTDM30613 Franchises	Franchises	3
FTDM30823 Digital Distribution	Digital Distribution	3
FTDM40223 Entertainment Law	Entertainment Law and Finance	3
FTDM40503 Media Industry Law	Media Industry Law and Regulation	3
FTDM40523 Mgt:Broadcst,Cable,Film	Management for Broadcast, Cable, and Film	3
FTDM41580 Topics in Sports Media	Topics in Sports Media	3
FTDM41713 Global Sports Media	Global Sports Media	3

Step Five: Additional Requirements

Students must complete both of the following courses:

FTDM30860 Internship in FTDM	Internship in Film, Television, and Digital Media	1-3
FTDM40901 Senior Seminar In FTDM	Senior Seminar in Film, Television, and Digital Media	1

FTDM30860 Internship in FTDM *requires a minimum of 3 hours.*

FTDM40901 Senior Seminar In FTDM *to be taken in the last semester of senior year.*

Responsibility for knowing course prerequisites lies with the student. Students who wish to apply for "permission of instructor" or "permission of department" to take a class must submit a written request prior to registration. The department does not guarantee that all who wish to enroll in these classes will be accepted.

Journalism, BA

Journalism, BA

The BA with a major in journalism requires 120 hours with 33 hours of journalism, including JOUR10113 Media Writing & Editing, JOUR10203 Introduction to Journalism, JOUR10303 Intro to Visual Journalism, JOUR20003 Diversity and the Media, JOUR30204 Reporting, JOUR40523 Law and Ethics/Mass Comm and JOUR40983 Multi-Platform Capstone or JOUR40003 Honors Research. Students must take at least one class from the following: JOUR40203 Advanced News Production, JOUR40453 Business Journalism, JOUR40463 Public Affairs Reporting, JOUR40643 Long-Form Journalism, JOUR40483 Sports Journalism, JOUR40703 MOJO, JOUR30523 Jour,Social Media&Analytics, or JOUR40820 Washington Internship, meaning all journalism majors must have a minimum of one upper-level reporting course. Also, students must take at least one class from the following: JOUR30853 Hist Dev Of Mass Media, JOUR40443 Issues in Busi&Econ News, JOUR40553 Issues in

News, JOUR40563 Media Management, JOUR40573 Cont Issues:Sports Journalism, JOUR40613 Media Ethics, JOUR40813 Media in Washington, JOUR40993 Mass Media & Society, 0071761 - Missing course, JOUR 50183, *0071801 - Missing course* or *JOUR 50523*, meaning all journalism majors must have a minimum of one seminar course. Five hours of journalism electives complete the degree requirements. By combining electives and required courses, a student may earn a certificate that accompanies the BA degree and demonstrate advanced proficiency in a specific area of news media.

The BA degree in journalism requires proven competency at the fourth semester of college-level foreign language (the equivalent of 12 hours, which can be accomplished either through taking courses or testing out through examinations as required by the foreign language programs on campus). This requirement is consistent with international opportunities in emerging media.

A minor is required. Additionally, students may pursue a specialty by fulfilling requirements for a certificate in broadcast journalism.

Students must declare their intent to earn a broadcast journalism certificate in the semester in which they intend to graduate and prior to the beginning of academic advising in that semester. Declaration is made in writing to the chair or the chair's designee.

Certificate requirements

Broadcast certificate - Choose 6 credit hours, or two courses from this list:

JOUR30303 News Production, JOUR40203 Advanced News Production, JOUR40553 Issues in News

Strategic Communication, BS

The Bachelor of Science with a major in strategic communication requires 120 hours with 40 hours in strategic communication. Students must earn a C or higher in each strategic communication course used to satisfy the major degree requirements. All strategic communication majors must complete the two gateway courses STCO23113 Advertising (Advertising) and STCO23123 Public Relations (Public Relations) with a C (2.0) or higher and have a combined 2.5 GPA and must have completed MATH10043 Elementary Statistics or INSC20153 Statistical Analysis (or equivalent) with a C- or higher before enrolling in other required courses for the major. Strategic communication majors also must complete STCO21103 Writing and Editing; STCO26103 Diversity; STCO32403 Design; STCO35503 Research; STCO46403 Law or STCO47403 Ethics; STCO45413 Channel Planning; STCO47533 Case Studies or ; STCO31423 Strategic Writing, STCO35413 Creative Strategy, STCO36403 Digital Storytelling, or STCO41423 Feature Writing; STCO40901 Career Strategies & Purpose; STCO48813 Ad Competition, or STCO48823 PR Competition or STCO48833 Campaigns and 9 hours of STCO electives. No course applied to the student's major or associated requirement may be taken on a pass/no-credit basis. All skills courses must be taken sequentially.

A minor or second major in a discipline selected by the student and approved by a strategic communication adviser must be completed. Students must fulfill the requirements as prescribed by the department in which the minor or second major is taken. As an alternative, an area of emphasis consisting of 18 hours in a discipline selected by the student and approved by a strategic communication adviser may be completed. Students may double count up to three credit hours of courses between major/s and/or minor/s and/or area of emphasis with the approval of the Schieffer College academic dean.

Required Courses for Strategic Communication Majors

First Step Gateway Courses and Associated Course:

STCO23113 Advertising	Advertising	3
STCO23123 Public Relations	Public Relations	3
MATH10043 Elementary Statistics	Statistics	3
OR		
INSC20153 Statistical Analysis	Statistical Analysis	3

Second Step Core Competencies:

STCO21103 Writing and Editing	Writing and Editing	3
STCO26103 Diversity	Diversity	3
STCO32403 Design	Design	3
STCO35503 Research	Research	3

Third Step Extending Skills and Advancing Competencies:

One Class from Management Competency:

STCO45413 Channel Planning	Channel Planning	3
	OR	
STCO47533 Case Studies	Case Studies	3

One Class from Content Competency:

STCO31423 Strategic Writing	Strategic Writing	3

OR		
STCO41423 Feature Writing Feature Writing 3		

One class from Law & Ethics Competency:

STCO46403 Law	Law	3
OR		
STCO47403 Ethics	Ethics	3

Plus 9 hours of STCO electives

	STCO electives	9

Fourth Step Integrating Competencies:

STCO40901 Career Strategies & Purpose	Career Strategies & Purpose	1

One Capstone Course:

STCO48833 Campaigns	Campaigns	3
	OR	
STCO48813 Ad Competition	Ad Competition	3
	OR	
STCO48823 PR Competition	PR Competition	3

Honors College

Candidates for departmental honors should take STCO30003 Junior Honors their junior year and STCO40003 Senior Honors in Strat Com their senior year.

Department of Strategic Communication Internships

Students are strongly encouraged to arrange internships with public relations or ad agencies or departments in corporations dedicated to external and internal communications. An intern director assists students in qualifying for internships. With prior approval (of the instructor of record in class search), academic credit is available for successfully completed internships.

Additional information on internship policies and procedures is at https://schieffercollege.tcu.edu/stratcomm/.

Roxo, Student-run Strategic Communication Agency

In Roxo, students gain hands-on work experience and apply their classroom learning to real-life communication challenges. Located inside an agency space in Moudy South, “Roxstars” work as brand strategists, account executives, copywriters, social media strategists, public relations specialists, creative directors, and designers.

Roxo’s clients have included start-ups, US-based and international nonprofits, large businesses, and foundations. This social enterprise designed agency meets weekly to learn about agency operations, creative strategy, public relations, business strategy, pitching, and digital media. Students tour local advertising and public relation agencies and host many industry guest speakers throughout the semester.

Roxo is a three-credit, upper-level elective in the strategic communication major. Students must apply for admission. To be eligible, a student must be a junior or senior who has successfully completed the gateway courses and completed MATH 10043 Statistics or INSC 20153 (or equivalent) with a C- or higher plus four other courses in the major with a C or higher. Students may enroll in Roxo for up to three semesters, earning internship credit after the first semester of completed elective hours.

About Roxo

Roxo Agency is a student-run full-service advertising and public relations agency located within the Bob Schieffer College of

Communication at Texas Christian University. Since 2011, Roxo has served more than 100 organizations and businesses across North Texas, winning numerous awards for creative work and innovative strategies. Nearly 400 students have been employed by the agency as “Roxstars,” gaining hands-on industry experience, portfolio pieces, and experience that goes far beyond the classroom. Roxo is creativity for good @tcuroxo.

Health Communication and Media Minor

Health Communication and Media Minor

The Bob Schieffer College of Communication's Health Communication and Media minor gives students a background in the theories, research and practice of health communication as both a discipline and possible career path.

The minor is 18 hours, six 3-credit courses (five must come from the required list and one may come from the elective list). A grade of C 2.0 or better is required in all minor HCOM courses, and all must be taken for a grade. P/NC is not allowed.

Required Courses

HCOM10313 Foundations of Health Comm	Foundations of Health Communication	3
HCOM20313 Interpersonal Health Comm	Interpersonal Health Communication	3
HCOM20303 Health, Communication & Media	Health, Communication & Media	3
HCOM30313 Hlth Comm in the 21st Century	Health Communication in the 21st Century	3
HCOM40933 Health Communication Campaigns	Health Communication Campaigns	3

The student must include one 3-credit course from the list below or approved by the minor administrator to count towards the HCOM minor (any prerequisites must be satisfied if present, unless waived by the department offering the course).

ANTH30533 Happiness	Happiness: Culture, Economics, and Being	3
ANTH30373 Medical Anthropology	Medical Anthropology	3
ECON30503 Health Economics	Health Economics	3
ENGL20713 Literature and Medicine	Literature and Medicine	3
HCOM40970 Health Comm Special Topics	Health Communication Special Topics	1-20
POSC31423 Health Care Policy	Health Care Policy	3
PSYC30373 Organizational Psychology	Organizational Psychology	3
STCO36433 Social Change	Social Change	3
SOCI20223 Social Problems	Social Problems	3

Communication Studies Minor

Communication Studies Minor

A minor requires 18 semester hours, including

COMM10123 Communicating Effectively	Communicating Effectively	3
	OR	
COMM10163 Public Address (Honors)	Public Address (Honors)	3
COMM20113 Interpersonal Communication	Interpersonal Communication	3
	A sequence of approved courses	

Approved Courses: a minimum of 6 hours of approved courses must be at the 30000 level or above.

Students may not receive credit toward the communication studies minor for both COMM10123 Communicating Effectively *and* COMM10163 Public Address (Honors).

Students pursuing a minor in communication studies who are taking classes counting toward departmental requirements must take them for graded credit. Any courses completed in the department under the Pass/No-Credit Policy before the student declares communication studies as a minor will count as University electives but not toward the hour requirement to satisfy the minor.

Media and Popular Culture Minor

Media and Popular Culture Minor

Requirements

The minor in media and popular culture requires 18 hours, including

FTDM10143 The Art of Film and TV	The Art of Film and TV	3
FTDM30103 Media Analysis	Media Analysis	3

The remaining 12 hours must be taken from the following list. At least 6 hours must be upper level (30000 or above).

Students are responsible for meeting all prerequisites.

FTDM10053 Survey of Film	Survey of Film	3
FTDM10073 Media Adaptations FTDM20013 Making (and Analyzing) Media	Media Adaptations Making (and Analyzing) Media	3 3
FTDM30410 Film and Television Genres	Film and Television Genres	3
FTDM30433 American Cinema	American Cinema	3
FTDM30453 Crime Films & Society	Crime Films and Society	3
FTDM30463 Media Decades	Media Decades	3
FTDM30473 History in the Movies	History in the Movies	3
FTDM30483 Media Authorship	Media Authorship	3
FTDM30593 Television, Culture & Society	Television, Culture and Society	3
FTDM30643 Brit Cinema & Europn Cul	British Cinema and European Culture	3
FTDM30663 Film in a Global Society	Film in a Global Society	3
FTDM30983 Women in TV & Film	Women in Television and Film	3
FTDM40440 Topics In Film	Topics in Film	3
FTDM40570 Topics In Television	Topics in Television	1-3
FTDM40623 World Cinema	World Cinema	3
FTDM40643 Media & Popular Culture	Media and Popular Culture	3
FTDM40653 Popular Music & Record Ind	Popular Music and the Recording Industry	3
FTDM40663 Contemporary Media	Contemporary Media	3
FTDM40683 Film Theory & Criticism	Film Theory and Criticism	3

Minors in media and popular culture must achieve the following minimum academic requirements as a prerequisite to enroll in FTDM courses:

- A grade of "C" or better in all courses taken in the department

Journalism Minor

Journalism Minor

The Department of Journalism welcomes minors in journalism who are committed to significant journalism instruction while they specialize in majors that educate them in broad subject areas that may relate to news coverage.

Students should recognize that it takes a minimum of four semesters to complete the journalism minor due to course prerequisites. Journalism minors are encouraged to complete their core journalism courses in their first year, especially those foundational courses which should be taken in the first semester i.e. JOUR10113 Media Writing & Editing (Media Writing and Editing) and JOUR10203 Introduction to Journalism (Introduction to Journalism).

Students are strongly encouraged to become active in TCU student media.

22 hours in journalism, including

JOUR10113 Media Writing & Editing	Media Writing and Editing	3
JOUR10203 Introduction to Journalism	Introduction to Journalism	3
JOUR10303 Intro to Visual Journalism	Introduction to Visual Journalism	3
JOUR20003 Diversity and the Media	Diversity and the Media	3
JOUR30204 Reporting	Reporting	4
JOUR40523 Law and Ethics/Mass Comm	Law and Ethics of Mass Communication	3

One upper-level reporting course from this list:

JOUR30303 News Production	News Production	3
JOUR40453 Business Journalism	Business Journalism	3
JOUR40463 Public Affairs Reporting	Public Affairs Reporting	3
JOUR40473 Specialized Reporting	Specialized Reporting	3
JOUR40483 Sports Journalism	Sports Journalism	3
JOUR40493 Opinion and Commentary	Opinion and Commentary	3
JOUR40643 Long-Form Journalism	Long-Form Journalism	3

Meaning all journalism minors must have at least one specialized reporting course and be enrolled in JOUR30204 Reporting *before enrolling in any elective course in the Department of Journalism.*

Journalism Residence Requirement

Once a student is enrolled at TCU, they must take courses required for the journalism major and the journalism minor at TCU.

Journalism Internships

Journalism Internships

Students are strongly encouraged to pursue internships with newspapers, online news outlets, radio or television stations, magazines, public relations or advertising agencies, and corporate departments dedicated to external and internal communications. An intern director assists students in locating and qualifying for internships. Academic credit is available for successfully completed internships with prior approval. Intern credit is available only to journalism and strategic communication majors. The Department of Journalism cooperates on intern placement with corporations, media organizations, lobbying firms, government entities and professional societies in journalism, advertising and public relations. The department also offers an internship in its Schieffer College in Washington.

Bob Schieffer College of Communication in Washington

The Schieffer College in Washington, D.C. was established in 2010 for exemplary juniors and seniors in journalism and strategic communication. Students must have at least a 3.0 GPA and apply during the previous academic year. The program provides for full-time internships in Washington media organizations such as CBS News, POLITICO, National Geographic and the Center for Strategic and International Studies. Students earn additional academic credits in courses taught by TCU's academic partner, The Washington Center. Students become among the best prepared interns in Washington, D.C., by taking a special TCU course called Media in Washington on site.

Strategic Communication Internships

Strategic Communication Internships

Students are strongly encouraged to arrange internships with public relations or ad agencies or departments in corporations dedicated to external and internal communications. An intern director assists students in locating and qualifying for internships. With prior approval, academic credit is available for successfully completed internships.

Additional information on internship policies and procedures is at https://schieffercollege.tcu.edu/stratcomm/.

Roxo, Student-run Strategic Communication Agency

Roxo, Student-run Strategic Communication Agency

In Roxo, students gain hands-on work experience and apply their classroom learning to real-life communication challenges. Located inside an agency space in Moudy South, "Roxstars" work as brand strategists, account executives, copywriters, social media strategists, public relations specialists, creative directors, and designers.

Roxo's clients have included start-ups, US-based and international nonprofits, large businesses, and foundations. This social enterprise designed agency meets weekly to learn about agency operations, creative strategy, public relations, business strategy, pitching, and digital media. Students tour local advertising and public relation agencies and host many industry guest speakers throughout the semester.

Roxo is a three-credit, upper-level elective in the strategic communication major. Students must apply for admission. To be eligible, a student must be a junior or senior who has successfully completed the gateway courses and completed MATH 10043 Statistics or INSC 20153 (or equivalent) with a C- or higher plus four other courses in the major with a C or higher. Students may enroll in Roxo for up to three semesters, earning internship credit after the first semester of completed elective hours.

About Roxo

Roxo Agency is a student-run full-service advertising and public relations agency located within the Bob Schieffer College of Communication at Texas Christian University. Since 2011, Roxo has served more than 100 organizations and businesses across North Texas, winning numerous awards for creative work and innovative strategies. Nearly 400 students have been employed by the agency as "Roxstars," gaining hands-on industry experience, portfolio pieces, and experience that goes far beyond the classroom. Roxo is creativity for good @tcuroxo.

Student Media

Student Media

The all-digital, real-time multimedia news organization TCU 360 operates via traditional internet, tablet, smartphone and social media. Complementing TCU 360 are the ***TCU Skiff***, the weekly campus newspaper; ***TCU News Now***, providing weekly television newscasts and daily updates; ***TCU Sports Now***, a long-form weekly television sportscast; and ***Image*** magazine, an award-winning long-form journalism publication. Students also deliver news content for ***KTCU-FM***.

In addition to creating content for the online, print and broadcast operations, students also create and sell advertising to support student media.

College of Education

College of Education

The mission of the College of Education at TCU is to prepare exemplary leaders for diverse educational settings and related fields who are reflective, ethical, innovative and committed to all learners. As professionals and active citizens in the community, the college strives to create a humane and just society in which all individuals can develop their full potential. The college is governed by an ethical code that documents its obligations to students, colleagues and the community. This code includes rationality and objectivity in professional judgments and actions, civility and caring in interactions with others, and encouragement of diverse views on issues of significance to society.

For the Teacher Education Program and in alignment with the above values, the college's core beliefs incorporate a connection between a strong foundational knowledge base with professional practice. Professionals in education study and expand the knowledge base of effective practice and ground their teaching practice in theory and research acquiring expertise through activities in diverse, field-based settings, which are exemplars of practice. They also promote high student achievement and a passion for learning by:

- Mastering content knowledge and effective pedagogical skills;
- Using multiple strategies, resources and technologies to plan, implement and assess instruction and document effectiveness with students; and
- Synthesizing knowledge from relevant, academically diverse perspectives and a variety of theoretical orientations and approaches.

In addition, teacher education professionals provide service and leadership in diverse settings, ranging from local to global communities; seek to improve professional settings and society; and collaborate with representatives from various groups within and outside the educational community.

For undergraduate programs which do not lead to teacher certification, the college's core commitment to prepare professionals who are reflective, ethical and innovative in their efforts to create a humane and just society is evident throughout program coursework and experiences.

Education Centers, Institutes and Laboratory Schools

Center for Public Education and Community Engagement

Housed in the college, the Center for Public Education and Community Engagement (CPECE) has a history of affirming education as a civil and human right as well as a public good. The CPECE has done this through various programs and supporting research that raises awareness about the issues facing public education. To further leverage the synergic value of these efforts, the CPECE has expanded its focus beyond the immediate components of public education to include the communities that surround, support, and rely on our public schools by working directly with community partners. The forms of these synergic efforts have evolved from ongoing conversations and emerging partnerships with organizations directly and indirectly linked with our public school system. Given our positioning in the field of education, these partnerships have included services such as program evaluation, grant writing, professional development, and community programming. The CPECE will continue to explore possibilities for collaboration by engaging with organizations directly and indirectly linked with our public school system.

Andrews Institute for Research in Mathematics & Science Education

The Andrews Institute for Research in Mathematics and Science Education is a leader in the exploration, discovery, and application of innovative and effective approaches to mathematics and science education. We work cooperatively with the College of Education and College of Science & Engineering in our quest to serve the research and educational needs of faculty and students. We support and conduct research in mathematics and science education; prepare TCU mathematics and science education majors to be reflective, ethical, and innovative

teachers committed to all learners; and recruit and support mathematics and science educators beyond our campus. We hope these efforts will inspire people, especially those hitherto underrepresented, to choose careers in these disciplines. By embracing diverse viewpoints, methodologies, and populations, and outreach to the educational and general community alike, we believe that teaching and learning are made more accessible, relevant and effective; and that, through the expansion of mathematics and science literacy, society will be well served.

Alice Neeley Special Education Research and Service Institute

The Alice Neeley Special Education Research and Service (ANSERS) Institute provides an environment for innovation and change in special education through exemplary teaching, creative research, and community outreach. The ANSERS Institute works in conjunction with the TCU laboratory schools – Starpoint and KinderFrogs – to create and coordinate activities, programs and research in special education.

The mission of the ANSERS Institute is to transform the quality of life and learning for students with disabilities and their families through evidence-based research and practice.

The ANSERS Institute's mission is carried out through the following four goals:

- Enhance the educational experience of TCU students who will become effective and ethical educators in the field of special education.
- Conduct research that will better meet the needs of children with disabilities and contribute to development of evidence-based practices in special education.
- Sponsor and participate in community outreach to enhance the inclusion of children and youth with disabilities and their families in school and community-based activities.
- Engage in advocacy activities to support and promote the development and delivery of exceptional services to children with disabilities.

Starpoint and KinderFrogs Schools

The Laboratory Schools, Starpoint and KinderFrogs, in the college at TCU provide opportunities for TCU students in the fields of education, kinesiology, nursing, speech and language, and child development to engage in teaching, research and applied practice. The overarching goal of the Laboratory Schools is to provide an innovative learning environment for children with learning challenges and to inform the field of special education through research and innovative practices.

Starpoint School is an individualized academic program for children ages 6 to 12 with learning differences, which is committed to the ideal that all children can learn. Through innovative programming, children learn to compensate for their learning difficulties, build on their own strengths, develop a positive attitude about school and learning, and perform to the best of their capabilities as life-long learners.

KinderFrogs is a family-focused, early-intervention program that provides a developmentally appropriate educational environment for children with Down syndrome and other developmental delays. Through innovative programming, KinderFrogs School prepares children for success and independence in inclusive school and community settings.

Degrees - College of Education

The college offers the Bachelor of Science in Education (BSE) degree with majors in:

Early Childhood Education (grades kindergarten-6)

Generalist in EC-6 with TESOL and Special Education Options

Bilingual (Spanish)

Generalist EC-6 with Special Education Option

Middle School Education (grades 4-8)

Middle School Language and Literacy with TESOL Option

Middle School Mathematics

Middle School Social Studies

Secondary Education (high school)

Secondary School Chemistry

Secondary School Language and Literacy with TESOL Option

Secondary School Social Studies

Secondary School Life Science (Grades 7-12)

Secondary Math/Physics (Grades 7-12)

Secondary School Physical Science (Grades 6-12)

Science Education

Middle School and Secondary Education Pathways Available

Educational Studies (double major pathway)

Students choose their second major from the following:

Mathematics

Spanish

English

History

Chemistry

Courses are also offered for those students wishing to prepare for Teaching English to Speakers of Other Languages (TESOL) which leads to Texas teacher certification in English as a Second Language (ESL). See English as a Second Language Supplemental Certificate.

The college offers the Bachelor of Science (BS) degree with a major in:

Youth Advocacy and Educational Studies (YAES)

The college offers Bachelor of Science (BS) and Bachelor of Arts (BA) degrees with a major in:

Interdisciplinary Inquiry (IINQ)

Honors College

Education majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in EDUC 30003: Honors Tutorial during their junior year and EDUC 40003: Honors Research Paper during the fall or spring semester of their senior year. With permission from an adviser, EDUC 30003: Honors Tutorial may substitute for EDUC 30123: Educational Psychology.

Education Major, Double Major or Minor Declaration

Education Major, Double Major, Minor Declaration

Teacher Education Pathways

Students may declare a major, double major or minor in education. To be admitted into the college's Educator Preparation Program (EPP), those seeking a teaching certificate must meet EPP Admission.

Educator Preparation Program (EPP) Admission

Students who plan to earn a teaching certificate must formally apply for admission to the EPP. They must meet, or will meet during the semester in which they apply, the minimum criteria. However, doing only the minimum does not ensure admission to the EPP. According to the criteria, students must:

- Complete a minimum of 54 semester hours of coursework with an overall GPA of 2.75 or higher.
- Complete the ethics training module required by the Texas Education Agency and sign the Educator Code of Ethics form.
- Earn a C- or better in an oral communication (OCO) core course.
- Complete 12 hours of content area coursework or 15 hours if the certification sought is mathematics or science.
- Achieve a "C-" or better in all content areas and education courses taken prior to admission. See specific program details in "Education Majors, Minors and Certifications."
- Meet expectations outlined in the professional educator dispositions-screening rubric
- Demonstrate high professional, ethical, and relational standards of behavior, appropriate emotional control, and communication (oral, written, technological) with adults, children and fellow students.
- Current (within one year) criminal record check.
- Sign FERPA Agreement.
- Preparation Program Fee, as required by 19 TAC 229.9(7). The fee will appear on your TCU student account.

Students applying for admission to the EPP should do so by March 1 for fall admission and Oct. 1 for spring admission. Eligible transfer students only may apply July 1 - August 1. Late applications will be considered on a space-available basis. Eligibility to apply does not ensure admission to the program. The EPP Admissions Committee will consider minimum criteria, as well as student performance (professional attitude, demeanor, abilities and preparation) and space in the program.

Any exception to these admission standards must be approved by the program faculty and the college dean and/or the college's Texas Education Agency approved EPP designee.

Prior to admission to the EPP, students may take a number of pre-admission education courses. See specific program details in "Education Majors, Minors and Certifications." Teacher education majors may not register for any other education courses until admitted to the college's EPP.

EPP Program Changes

Teacher education programs listed in this catalog reflect current State Board of Educator Certification (SBEC) and Texas Education Agency (TEA) standards. Changes may be made in these programs as required to meet additional certification standards adopted by SBEC/TEA.

College of Education Undergraduate Programs That Do Not Lead to Teacher Certification

Students who declare a major in Youth Advocacy and Educational Studies (YAES) or a minor in Educational Studies do not need to be admitted to the EPP program, but do need to meet the following requirements:

- All students pursuing a minor in educational studies or a degree in youth advocacy and educational studies (YAES) must maintain high professional standards and acceptable academic performance (a minimum 2.00 GPA overall and a "C-" or better in education coursework).

Students who major in interdisciplinary inquiry (IINQ) must apply for admission to the program. To be eligible to apply for the program, students must meet the following requirements:

- Students must have earned a TCU GPA at or above 3.0 and have earned at least 12 semester hours credit. The eligibility of incoming transfer students (who lack a TCU GPA) will be considered on a case-by-case basis.

Students may declare the Educational Studies minor. See specific program details in "Education Majors, Minors and Certifications."

Pass/No-Credit Policy

The University Pass/No-Credit Policy states that students may take up to two courses (8 hours maximum) on a P/NC basis. No course applied to the student's major, minor or associated requirements may be taken on the P/NC basis. Courses offered with only the P/NC option will not count toward this limit on the number of P/NC hours. *Students in the College of Education may not take any education course required for teacher certification or in their teaching content area on the P/NC basis, with the exceptions of clinical teaching and Professional Practice Seminar.*

Criminal Record Search

The College of Education has established procedures for annual criminal background checks. The College of Education requires a clear criminal background check prior to EPP admission, student participation in field experiences, and participation in some internships.

Liability Insurance

As students enter public and private schools for observations, tutoring, after-school programs and clinical teaching, it is important to be covered by liability insurance. Under Texas law, both the student intern and teacher can be held responsible for a child's injury. Liability insurance is offered at low cost to teachers-in-training who belong to a teacher organization such as the TCU chapter of the Texas Student Education Association (TSTA-NEA), which covers liability insurance, costs of defending claims and some attorney fees. Other teacher organizations in the state — ATPE, UEA, AFT — offer similar coverage.

College of Education Retention

Students must maintain acceptable academic performance as outlined by their undergraduate program, as well as high professional standards. The college is dedicated to identifying and intervening to assist students who demonstrate difficulties maintaining these standards.

Any faculty member who has a concern with a student's performance and/or professionalism may initiate the Academic Performance and Professionalism Warning (APPW) process.

1. First, the faculty member fills out the APPW form describing the concerns and indicating potential solutions.

2. A conference between the student and two faculty members is required. The parties discuss the student's understanding of the problem and agree on a course of action. The APPW contract is signed by the student and faculty members. If the student fails to respond or attend a conference, the faculty will complete the form and notify the student via certified mail.

3. The completed form is signed by the appropriate department chair, submitted to the associate dean, the student and TCU Dean of Students.

4. Any student receiving three notices through this process may be considered for dismissal from the College of Education. In an unusually severe situation, a single notice may result in dismissal from the Teacher Education Prep (EPP) Program and/or the college. These notices do not become part of a student's permanent academic record.

Clinical (Student) Teaching Admission

Any student who wishes to be considered for admission to clinical teaching must meet the following requirements:

- Completion of all content area and education coursework with a minimum 2.75 GPA and no grade lower than a "C-";
- A minimum overall TCU GPA of 2.75;
- Completion and documentation of all field-based coursework and hours;
- Successful completion of EDEC30003 Professional Practice Seminar/EDUC/EDMS/EDSE 30001: Professional Practice Seminar; and
- Demonstration of high professional, ethical and relational standards of behavior, appropriate emotional control, and communication (oral, written and technological) with adults, children and fellow students.

Applications for clinical teaching are due by February 1 for fall clinical teaching and September 1 for spring clinical teaching. EPP admissions committee will consider minimum criteria, as well as student performance (professional attitude, demeanor, abilities and preparation). Any exception to these clinical teaching standards must be approved by the program faculty and the college dean and/or the college's Texas Education Agency approved EPP designee.

Accelerated Master's Option

The accelerated master's option is for high-achieving undergraduate students enrolled in the College of Education. This option is available only to TCU undergraduates obtaining a baccalaureate degree in early childhood (EC-6), middle school or secondary education, educational studies, or a baccalaureate degree in youth advocacy and educational studies. The accelerated option allows outstanding students to complete a bachelor's degree with the Master of Education (MEd) in five years. Students are eligible to apply for admission to the graduate program during the semester they complete 90 hours of undergraduate coursework. To be considered for admission to the accelerated master's option, students must submit a graduate program application. Only candidates demonstrating superior undergraduate academic performance and having strong recommendations are considered for admission.

Students intending to pursue an accelerated master's option should make their plans known as early as possible; to their faculty adviser in the college. If admitted to an accelerated master's program, students complete up to 12 hours of the MEd program during the fourth year of undergraduate study. Candidates must work with their advisers to determine how the courses they take will apply to the undergraduate degree. During their senior year, they complete specific accelerated master's coursework. See specific program details in "Education Majors, Minors and Certifications."

Certification

To obtain Texas teacher certification at TCU, students must complete the EPP in the college and achieve a BSE degree.

After graduation, TCU will recommend the student to the state of Texas for teacher certification upon completion of the following requirements:

- Conferred BSE degree from the college
- Successful completion of the EPP, including the clinical teaching experience
- Passing scores on the required state certification exams

- Final GPA of 2.75 with a "C- "or better in education and content area coursework
- Demonstration of ethical behavior, both professionally and personally, as outlined by the TEA Educator Code of Ethics while enrolled in the EPP

Texas Examination of Educator Standards (TExES)

All EPP graduates applying for Texas teacher certification must pass Texas Educator Examination of Educator Standards (TExES) assessments. Examination requirements vary by certification area(s) being sought. Contact the college Director of Accreditation, Certification and Assessment for details. Students who fail to complete the initial certification exams and/or complete certification within three years of program completion may be required to complete additional coursework/training and successfully complete certification practice exams as deemed necessary by the College of Education.

To be eligible to take the TExES certification exam, students must pass the practice representative exams, which are offered during a professional practice seminar. Students who do not pass the practice exams must present evidence of test preparation before the exam will be re-administered. A student who receives no credit in the professional practice seminar is not considered a program completer and will not be released to take TExES exam(s).

Title II

Teacher preparation programs at institutions of higher learning are required to report the pass rates of their program graduates on the exams that qualify them for certification in their state. The most recent, complete Institutional Report for TITLE II is available on the College of Education website.

Education Major Transfer Work Credit

After enrolling at TCU:

- All education majors must receive prior written approval from their academic adviser and the associate dean before taking courses at another institution. Coursework taken without prior written approval may not be applied to a degree.
- No more than four courses, up to 16 total semester hours, except those earned in an approved study abroad program, may be transferred from other schools.
- No credit may be transferred from another institution once 90 cumulative semester hours have been earned towards a bachelor's degree.
- Transcripts of coursework taken elsewhere must reach the Office of the Registrar within 30 days of completion of the coursework.

International Education Opportunities

Students in the college have opportunities to participate in international experiences throughout their undergraduate studies. International programs may vary by year. Contact TCU Global, the College of Education academic center or the associate dean of undergraduate studies for more information.

Education Student Organizations

The College of Education sponsors student organizations for the purpose of promoting professional goals and interests, as well as providing recreation and fellowship among members. An international honor society in education, Kappa Delta Pi, invites to membership juniors, seniors, graduate students and classroom teachers who possess high scholarship ability. TCU's chapter of the Texas Student Education Association provides students with associate membership in the National Education Association and the Texas State Teachers Association (TSEA).

TSEA provides students with the opportunity to meet and discuss professional concerns and goals with experienced teachers in the profession. The Council for Exceptional Children pre-professional organization is open to all students interested in special education.

AVIA BS

BS in Professional Aviation

The BS in Professional Aviation prepares individuals for careers in the aviation industry through two distinct concentrations. Students may choose the Professional Pilot concentration, which provides structured flight training aligned to Federal Aviation Administration (FAA) certification standards, or the Aviation Administration concentration, which emphasizes leadership and management roles across the aviation sector.

Professional Pilot Concentration: The Professional Pilot concentration provides students with a strong foundation in aeronautical knowledge, flight operations, aviation safety, and regulatory compliance. Structured flight training is integrated with academic coursework and aligned to FAA certification pathways, preparing students to obtain pilot ratings and qualifications necessary for employment as commercial pilots. Students pursuing this concentration must apply and be admitted to the Professional Pilot pathway in alignment with FAA requirements.

Aviation Administration Concentration: The Aviation Administration concentration prepares students to serve as leaders and managers in diverse aviation industry settings. Coursework emphasizes aviation operations, safety management, regulatory frameworks, finance, human resources, and organizational leadership. Graduates are prepared for careers with airlines, airports, government agencies, and aviation service providers, with the knowledge and skills to address the complex operational challenges of the modern aviation industry.

BS in Professional Aviation Core: 33 hours

COURSE	COURSE TITLE	CREDIT HOURS
AVIA25113 Unmanned Aerial Systems	Unmanned Aerial Systems	3

Early Childhood Education, BSE

Early Childhood Education, BSE

The early childhood education major prepared high-quality teachers for instructing students in early childhood through grade 6. Students learn to implement developmentally appropriate practice and pedagogy grounded in the science of learning. Field- and clinical-based coursework provide prospective teachers with applied learning experiences in a variety of school settings. This program leads to Texas teacher certification specific to students' selected pathway (described below) upon the successful completion of program coursework and requirements, field and clinical experiences, and state mandated exams. **In alignment with the TEA certification pathways, Early Childhood Education BSE majors must choose ONE of the following options**:

EC-6 Core Subjects with STR – Provides preparation for teaching core subjects [English Language Arts/Reading (ELAR), Mathematics, Science, and Social Studies] in early childhood to grade 6. Includes integrated preparation in the Science of Teaching Reading (STR).

EC-6 Core Subjects/Special Education with STR - Provides preparation for teaching core subjects [English Language Arts/Reading (ELAR), Mathematics, Science, and Social Studies] in early childhood to grade 6. This pathway focuses on inclusive practices and specially designed instruction for students with disabilities, aligned with the EC–12 Special Education Specialist certification exam as well as integrated training in the Science of Teaching Reading (STR).

EC-6 Core Subjects/ESL with STR- Provides preparation for teaching core subjects [English Language Arts/Reading (ELAR), Mathematics, Science, and Social Studies] in early childhood to grade 6. This pathway prepares candidates to support multilingual learners through understanding of language acquisition, cultural awareness and effective ESL instruction and assessment, aligned with the EC–12 ESL Supplemental certification exam as well as integrated training in the Science of Teaching Reading (STR).

EC-6 Core Subjects/Bilingual Spanish with STR- Provides preparation for teaching core subjects [English Language Arts/Reading (ELAR), Mathematics, Science, and Social Studies] in early childhood to grade 6. This pathway equips candidates with the skills to teach bilingually in English and Spanish and supporting dual-language learners across content areas. Courses in this pathway are aligned with the EC–12 Bilingual Education Spanish Supplemental certification exam and the Science of Teaching Reading (STR).

In addition, students must complete at least 21 hours of content in the discipline(s) aligning with their Teacher Education Program content pathway. At least 15 of these content hours must be completed prior to admission to the Educator Preparation Program (EPP).

Courses with prefixes of BIOL, CHEM, PHYS, and GEOL can be used to satisfy middle science (grades 4-8) content requirements. Courses with prefixes of PHYS can be used to satisfy secondary physical science (grades 6-12) content requirements. Courses with prefixes of PHYS and MATH can be used to satisfy secondary physics/math (grades 7-12) content requirements. Courses with the prefix of CHEM can be used to satisfy secondary chemistry (grades 7-12) content requirements.

Interdisciplinary Studies, BA or BS

Interdisciplinary Studies, BA or BS

Interdisciplinary Inquiry offers students a way to “create their own major” when their academic interests extend beyond traditional disciplinary lines. Proposed interdisciplinary majors that appear designed to avoid particular required courses in established majors will not be approved.

Interested students should email IINQ@tcu.edu with: their proposed topic of inquiry, how that focus contributes to their long-term educational and/or career goals, and the divergent disciplines that can contribute to that focus.

For this major, students are required to take INTR30103 Intro Interdisc Studies, “Introduction to Interdisciplinary Studies,” where they learn about the nature of interdisciplinary studies and set their course plan. Students must also take INTR30403 Epistemology and Methods, “Epistemology and Methods,” and complete a capstone project in INTR40103 Interdisc Inq Maj Capstone, “Interdisciplinary Inquiry Major Capstone.”

To be eligible to apply, students must have earned a GPA at or above 3.0 and have earned at least 12 semester hours credit. The eligibility of incoming transfer students (who lack a TCU GPA) will be considered on a case-by-case basis.

The proposed program of study must consist of a minimum of 36 semester hours chosen from at least two different academic disciplines; 24 of the hours must be upper-division (30000 or above).

- No more than 24 hours may be taken from a single academic discipline.
- A maximum of 6 hours of independent or directed study (or Junior Honors Seminar and Senior Honors Thesis) may be applied to the major. Students in the John V. Roach Honors College interested in pursuing departmental honors may, with the approval of the department chair, do so in one the departments making up their interdisciplinary course of study.

For both the B.A. and B.S. degrees, a minor is required. For the B.A. degree, 4th semester proficiency in a foreign language is required. For the B.S. degree, sufficient coursework of a quantitative nature must be included in the proposed course of study to justify the B.S. degree. The choice between the B.A. and B.S. degrees is to be determined by the nature of the proposed course of study and is subject to the approval of the associate dean.

No course applied to the major may also be applied to the minor.

For more information contact IINQ@tcu.edu

Youth Advocacy and Educational Studies, BS

Youth Advocacy and Educational Studies, BS

Students who declare a major in youth advocacy and educational studies must meet the following requirements:

- TCU students must have a 2.00 or better GPA.
- Transfer students must bring a 2.00 or better GPA to declare the major

All students pursuing a BS in Youth Advocacy and Educational Studies must maintain high professional standards and acceptable academic performance (a minimum 2.00 GPA overall and a “C-” or better in education, youth advocacy and specialization coursework).

Education Coursework: 30 hours

Foundations (9 hours): Students must take the following courses to satisfy this requirement

YAES30133 Issues in ED: Global/Societal	Issues in ED: Global and Societal Contexts	3

YAES40113 Intro to EDUC Prog Eval	Introduction to Program Evaluation	3
	Internship (6 hours): Students must complete 6 hours of internship to satisfy this requirement. An additional 3 hours may be taken and applied to ward the education electives requirement (see below). No more than 9 hours of internship may be applied to the major.	
YAES40510 Intern: Youth Adv & Ed Studies	Internship: Youth Advocacy & Educational Studies	1-6
	OR	
YAES55510 Intern: Youth Adv & Ed Studies	Advanced Internship: YAES	1-6

*Credit Hours variable. Courses can be repeated in subsequent semesters for additional credit

Education Electives (6 hours): Students must take 6 additional hours from courses offered in the College of Education to satisfy this requirement.

Specialization Coursework (15 hours): Students must take a total of 15 hours of related courses addressing topics integrated with the student's goals and interests, including at least 9 upper-division hours and at least 9 hours offered outside the College of Education. Courses offered by the college of Education may not count toward both the Specialization hours and the 30 hours of Education courses outlined above. Specialization coursework to be approved by the College of Education advisor and YAES program coordinator.

Aviation Studies Minor

Minor in Aviation Studies

The Aviation Studies minor provides students with a broad introduction to the field of aviation, including exposure to aviation operations, management, safety, and/or workforce opportunities. This minor is designed to complement a variety of majors by equipping students with foundational knowledge of the aviation industry and its global impact. However, students pursuing the B.S. in Professional Aviation may not also pursue the Aviation Studies minor.

While the minor offers valuable preparation for careers connected to aviation, it does not in itself qualify a student for professional pilot certification or licensure. Students pursuing the minor must maintain a cumulative GPA of 2.0 and earn a grade of C– or better in all coursework applied toward the minor. Completion of the minor requires a total of 18 credit hours of coursework. Two courses are required:

COURSE	COURSE TITLE	CREDIT HOURS
AVIA37333 Air Carrier Industry: Intro	Air Carrier Industry: An Introduction	3
AVIA34333 Historical Sig of Aviation	Historical Significance of Aviation	3

Students must additionally select 12 additional credit hours from courses carrying the AVIA prefix, choosing courses that align with their individual interests in the aviation field for which they meet course prerequisites.

Educational Studies Minor

Educational Studies Minor

Students can minor in Educational Studies; however, completion of the minor does not meet the requirements for teacher certification. Students pursuing a minor in education do not need to apply for admission to the Educator Preparation Program, but must maintain a cumulative GPA of 2.0 and must earn C- or better in coursework needed to complete the minor.

All Level Teacher Certification

All Level Teacher Certification

All-level certification enables students to teach in grades EC-12. Majors include art, music, deaf and hard of hearing, and physical education. All-level certification students follow the same sequence of education courses as secondary certification students with the exception of student teaching. All-level certification students complete student teaching in the elementary and secondary schools. Students must apply to the Educator Preparation Program upon meeting the College of Education admission requirements.

The professional development courses that must be taken in education are as follows:

EDUC30143 Child & Adolescent Dev	Child and Adolescent Development	3
EDUC30123 Educational Psychology	Educational Psychology	3
EDUC30603 Study of Exceptional Students	Study of Exceptional Students	3
EDUC40213 Promot Literacy: Content Areas	Promoting Literacy in the Content Areas	3
EDUC41113 Schools, Curr, & Society	Schools, Curriculum, and Society	3
EDUC50023 Eff Teach/Implementation	Effective Teaching and Classroom Implementation	3
EDUC30001 Professional Practice Seminar	Professional Practice Seminar	1
EDUC40966 All Level Student Teaching	All Level Student Teaching	6

EDUC50023 Eff Teach/Implementation is not required for Art Education, Physical Education, and Music Education majors.

EDUC30001 Professional Practice Seminar must be taken the semester prior to student teaching.

Programs of Study - Fine Arts

Programs of Study - Fine Arts

Since the founding of Texas Christian University more than a century ago, fine arts and related professional studies have been integral parts of the University's educational program. Today, some 950 students concentrate their studies within the three departments and three schools that comprise the College of Fine Arts. Degree programs are available in art and art history; ballet and modern dance; fashion merchandising; graphic and interior design, music, and theatre. The academic programs provide a balance between professional training and liberal arts studies, and small classes enable the faculty to give personal attention to the work of each student.

College of Fine Arts faculty are dedicated teachers who combine extensive academic training with years of professional experience in their disciplines. They pride themselves on the ability to convey to their students the knowledge necessary for successful lives and careers in the 21st century. Visiting faculty, guest artists and performers also interact with students throughout the year, enriching the learning experience.

Resources available to students include specialized computer labs, lighting and sound systems, specialized libraries and equipment, galleries, art and dance studios, theaters and performance halls. College of Fine Arts programs enjoy close working relationships with the Kimbell Art Museum, The Fort Worth Symphony, Texas Ballet Theatre and the other visual and performing institutions in the Dallas/Fort Worth Metroplex.

College of Fine Arts Organization

The College of Fine Arts is organized into three schools and three departments, offering 33 major fields of concentration. The departments provide professional training in vocational fields for students planning careers and serious avocational training for those who wish to attain artistic ability without professional intent.

College of Fine Arts Degrees

The College of Fine Arts offers the following degrees:

- Bachelor of Fine Arts (BFA) with a major in graphic or interior design, studio art or art education, ballet and/or modern dance and theatre.
- Bachelor of Arts (BA) with a major in art history, music, studio art or theatre. (The BA degree requires a minor along with the completion of sophomore-level foreign language.)
- Bachelor of Science (BS) with a major in design studies or fashion merchandising.
- Bachelor of Music (BM) with a major in performance, piano pedagogy, or theory/composition.
- Bachelor of Music Education (BME)

Multiple Majors

Students majoring in the College of Fine Arts who wish to pursue an additional major in the college must obtain permission from the unit director/chair, and the academic dean. The student must satisfy all requirements of the additional major, including seeking permission for courses that will satisfy both majors; minimal overlap is permitted with pre-approval of the dean's office.

Students outside the College of Fine Arts whose home college permits an additional major in the College of Fine Arts must complete all degree requirements for the additional major, including courses specified in the TCU Core Curriculum for that particular degree and major.

Requirements for Graduation

The online Intent to Graduate form must be submitted by FAME, MUEI, MUEV and ARED majors once the student has completed 86 hours of coursework. All other majors in the college should complete the Intent to Graduate form once the student has completed 96 hours of coursework or two semesters prior to graduation, whichever comes first.

Approval of the unit chair/director is required for all nontraditional courses, e.g, special problems, independent study, research problems.

Beyond the studies specified for each major, the bachelor's degree is built on the TCU Core Curriculum that applies to all University students.

Transfer Credit

Students wishing to take courses at another institution after matriculation at TCU must secure approval through the Office of the Dean of the College of Fine Arts before enrolling in those courses. Requests are made online via the myTCU student portal. Once matriculated at TCU, students may only take 16 hours of coursework from another institution. Any exceptions require permission from the unit chair/director and academic dean. See the University's Transfer Credit Policy for more information.

Pass/No-Credit Policy

No courses applied toward any major or minor in the College of Fine Arts may be taken a pass/no-credit basis.

Arts Leadership and Entrepreneurship (Certificate or Minor)

The ARLE curriculum addresses the essential competencies required for running nonprofit/public arts organizations: organizational development, visioning and planning, effective governance, financial management, fundraising, managing staff and volunteers, audience development, community engagement, programming and special events, marketing and public relations, and effectiveness evaluation.

College of Fine Arts Special Programs

School of Art

The School of Art

The School of Art administers the Bachelor of Fine Arts (BFA) degree with a major in studio art or art education, as well as the Bachelor of Arts (BA) degree with a major in art history and/or studio art.

The BFA in studio art has available coursework in ceramics, new media, painting, photography, printmaking, or sculpture. A minimum of 78 semester hours in art is required for BFA studio majors. The BFA in art education requires a minimum of 66 hours of art. The BA degree requires a minor along with the completion of sophomore-level foreign language.

The School of Art offers the following programs:

- Art History, BA
- Studio Art, BA
- Art History and Studio Art combined BA
- Art Education, BFA
- Studio Art, BFA
- Studio Art Minor
- Art History Minor

Minimum Grade Requirement

All are courses take in the major or minor sequences must be passed with a grade of "C" or better to fulfill graduation requirements.

Departmental Requirements

The School of Art requires a minimum of 2.5 cumulative GPA as a prerequisite to junior and senior-level studio art and art education courses. After entrance into upper-division courses, a minimum of 2.5 GPA must be maintained as a prerequisite to further advanced enrollment.

Field Trips

Field trips may be required by instructors as a part of the content of any course. Every effort will be made to ensure that these trips do not conflict with other portions of the student's schedule.

Honors College

School of Art majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in ARED, ARHI or ARST 30003 during their junior year and ARED, ARHI or ARST 40003 during the fall semester of their senior year.

Transfer Students

To declare a major in Studio Art, transfer students must present a portfolio of their work for evaluation by the School of Art during their advising and/or prior to registration.

Declaration of a Major

The school requires students to declare a major during or before the second semester of their sophomore year. Students majoring in studio art must also declare a concentration. Once a concentration is declared, a faculty adviser from that area will be assigned, and an appropriate sequence of courses will be formulated.

Major/Minor Shared Requirements

Students majoring in studio art (BFA or BA) must complete an additional 12.0 credit hours of art history courses to complete the requirements for an Art History Minor.

Students majoring in art education (BFA) must complete an additional 12.0 credit hours of art history courses to complete the requirements for an Art History Minor.

Students majoring in art history (BA) must complete an additional 12.0 credit hours of studio art courses to complete the requirements for a Studio Art Minor.

Student Exhibitions

Both graduate and undergraduate student exhibitions take place at various times during the year in the Art Galleries at TCU. No work may be removed from exhibitions without school approval. Students must claim their work at the end of each exhibition. The school cannot accept responsibility for the care, storage or distribution of student work.

Studio Art, BFA

Studio Art, BFA

To earn the BFA in studio art, students must complete the requirements outlined below and choose a concentration in ceramics, new media, painting, photography, printmaking or sculpture.

School for Classical & Contemporary Dance

School for Classical & Contemporary Dance

The School for Classical & Contemporary Dance offers the Bachelor of Fine Arts (BFA) degree with a major in ballet, modern dance, and ballet and modern dance double major. An audition is required for entrance into any of the BFA degree programs. Contact the School for Classical & Contemporary Dance at TCU for audition information.

The School for Classical & Contemporary Dance's mission is to develop educated dance artists who are prepared to become ethical professionals and leaders in the global dance community.

School for Classical & Contemporary Dance Policies

1. Students majoring in ballet and/or modern dance are accepted for a one-year trial period, during which potential and progress are evaluated by the dance faculty to ascertain the feasibility of continuing toward a dance degree. With faculty approval, this trial period may be extended for up to one additional year.
2. It is acceptable for dance majors to pursue two majors, two degrees, a minor, certificate or an emphasis program at TCU. Students who want to earn the BFA in ballet and/or modern dance while simultaneously working toward a second major, a second degree, a minor, certificate or emphasis program should expect to spend more than four years to complete the additional requirements. Course scheduling challenges will prohibit some combinations of study with the BFA. Students are responsible for tracking all aspects of graduation requirements in the BFA as well as any outside-of-dance areas of study.
3. All incoming dance majors are required to participate in technique placement classes at the beginning of their first semester at TCU.
4. Students with limited technical proficiency may be required to enroll in additional coursework.
5. A minimum 2.5 GPA is required as a prerequisite to upper-division dance courses. A student whose GPA falls below this level may not enroll in upper-division dance courses until the 2.5 average has been achieved. After enrollment in upper-division dance courses, a minimum cumulative 2.5 GPA must be maintained as a prerequisite to further advanced enrollment and continued progress toward successful completion of graduation requirements.
6. All dance majors will take at least one technique class daily in their BFA major.

7. Students must earn a minimum of 2.5 credit hours at the highest level of technique in their major for graduation.
8. Dance majors will adhere to policies outlined in the SCCD Undergraduate handbook.
9. The BFA is a performance emphasis degree. All majors are required to perform as cast for all DanceTCU productions. Students must earn .5 credit for DanceTCU in the first two semesters, and then .5 credit for 5 of the remaining semesters for a total of 3 credits to graduate the BFA.
10. All dance majors are expected to participate and fulfill production crew duties as assigned for all DanceTCU productions. Once a dance major is declared at TCU, students will take .5 credit hour Dance Production Practicum each semester for 6 semesters. Only one semester of credit is earned for the first year.
11. Consistent participation in all aspects of activity required in the BFA coursework is essential to successful completion of graduation requirements. Lack of consistent participation may warrant reconsideration of dance major status.
12. Dance majors receive a letter grade for all SCCD courses with the exception of Dance Production Practicum (DANC10300 Dance Production Practicum I/DANC30300 Dance Production Practicum II) (pass/no credit).

Ballet, BFA

Ballet, BFA Major Requirements (83 credits)

Ballet majors (BALT) must earn a minimum of 2.5 credit hours at the highest level of ballet technique for graduation. A daily technique class is required every semester, all four years.

Ballet Technique (19 hours as advised)

DANC20100 Classical Ballet Tech Level I	Classical Ballet Technique Level I	1-2.5

Department of Design

Department of Design

The Department of Design administers the Bachelor of Fine Arts degrees in Graphic Design and Interior Design, the Bachelor of Science degree in Design Studies, and a minor in Architectural Lighting Design.

A minimum of 81 semester hours is required for the BFA in graphic design; a minimum of 48 semester hours is required for the BS in design studies; a minimum of 81 semester hours is required for the BFA in architectural interior design; and a minimum of 18 semester hours is required for the architectural lighting design minor. Please see individual program pages for degree requirements:

- Graphic Design, BFA
- Architectural Interior Design, BFA
- Design Studies, BS
- Architectural Lighting Design Minor

Minimum Grade Requirement

All courses taken in the major or minor sequences must be passed with a "C" or better to fulfill graduation requirements. The Department of Design requires a minimum cumulative GPA of 2.0 at all times.

Departmental Requirements

A minimum 2.5 cumulative GPA in the major is a prerequisite to upper-division departmental courses. After entrance into upper-division courses, a minimum 2.5 GPA must be maintained to advance.

All students planning to pursue a major in this department start as either graphic design pre-majors (GDPM) or interior design pre-majors (IDPM). This status may only be changed to the major following qualification by portfolio examination.

Incoming students (including transfer students) must have declared the pre-major **before** orientation. It will not be available at orientation.

The optional admission portfolio is strongly recommended for Graphic Design Pre-Majors. Instructions can be found online at: https://finearts.tcu.edu/design.

The Qualifying Examination is conducted during the first-year sequence as outlined under each degree plan for the BFA in graphic design, the BS in design studies and the BFA in architectural interior design. Following qualification, the student will be invited to declare the major for which they qualified based upon the results of the Qualifying Examination and the Department's resources.

This Qualifying Examination is a holistic assessment of the individual student's aptitude for success in the department's rigorous academic programs and in preparation for very competitive career paths. While every effort is made to be fair, above-average course grades do not necessarily predict success in the Qualifying Examination.

Design Studies, BS (48 hours)

Design Studies, BS (48 hours)

The BS in design studies is a liberal-arts major. It supplies the graduate with a strong foundation in applied design theory, which is usually combined with another major or minor academic interest. This degree does not require a minor. Please see the Department of Design for more information on declaring the Design Studies BS.

The BS allows concentrations in Architectural Lighting Design (ARLD) and Graphic Design (ARGD).

To earn the BS major in Design Studies with a concentration in Architectural Lighting Design, all students must complete the Design Foundation, ARLD Design Theory, and Design History courses, as well as ARLD Required Courses, ARLD Electives, and ARLD Capstone components.

To earn the BS major in Design Studies with a concentration in Graphic Design, all students must complete the Design Foundation, GRDE Design Theory, and Design History courses, as well as GRDE Required Courses, GRDE Electives, and GRDE Capstone components.

BS major in Design Studies with a concentration in Architectural Lighting Design

Major Requirements:

Design Foundation (18 hours)

DSGN10103 Intro Creative Practice	Introduction to Creative Practice	3
DSGN10113 Drawing for Design	Drawing for Design	3
DSGN10123 2D Design Principles	Two-Dimensional Design Principles	3

Graphic Design Requirements

Graphic Design Requirements

Qualifying Examination Policy

While all interested students may declare the Graphic Design pre-major at the first-year level, a mandatory competitive Qualifying Examination occurs at the end of the spring Semester of the 1st year. A limited number of students will be invited to declare the Graphic Design Major and to continue in the program based on the student's Qualifying Examination scores and the program's resources. Non-qualifying students will be denied continuation and required to drop the pre-major.

Laptop Policy

A laptop computer is strongly recommended, especially after the student passes the first qualifying portfolio examination. The Graphic Design and Design Studies programs use Macintosh computers. The MacBook Pro is recommended. Once students are enrolled at TCU, they can subscribe to specialized software including Adobe CC at a reduced rate.

Field Trips

Field trips may be required by instructors of any course. Every effort will be made to ensure that these trips do not conflict with other portions of a student's schedule.

Honors College

Graphic Design majors who plan to pursue Departmental Honors must be accepted by the Honors College. They must remain enrolled in the Honors College through completion of ARGD40003 Senior Honors Research. They must enroll in ARGD30003 Junior Honors Seminar during their junior year, and ARGD40003 Senior Honors Research during the next-to-last semester of their senior year.

Transfer Students

Transfer students must have a 2.5 minimum GPA in design and present a portfolio or photographs/slides of their work for evaluation by the Department of Graphic Design at least one week prior to registration or at the time of advisement.

Graphic Design Pre-major

Students intending to major in Graphic Design or Design Studies must declare "graphic design pre-major (GDPM)" until passing the Qualifying Examination, immediately following the completion of the four first-year design foundation courses at the end of the spring semester. Students must receive a six out of ten or higher to qualify for the Graphic Design major. If the number of students who score above a six exceeds the capacity of the program, then the students with the highest scores will be accepted. Any tie will be broken by the cumulative GPA within the foundation courses.

Graphic Design, BFA

Graphic Design, BFA (81 hours)

The graphic design major prepares students for a career as a professional graphic designer. It educates in creativity, design process, technical skills and theory. This degree does not require a minor. To earn a BFA with a major in graphic design, in addition to the 18-hour **Design Foundation**, students must complete the requirements outlined below.

Major Requirements

Design Foundation (18 hours; required for all majors)

DSGN10103 Intro Creative Practice	Introduction to Creative Practice	3
	fall semester only	
DSGN10113 Drawing for Design	Drawing for Design	3
	fall semester only	
DSGN10123 2D Design Principles	Two-Dimensional Design Principles	3

ARGD40413 Portfolio & Marketing	Portfolio and Marketing	3

Professional Development (6 hours)

ARGD20301 Prof Dev for Graph Designers	Professional Development for Graphic Designers (Taken 2 times over 2 semesters)	1
ARGD30301 Prof Recogntn-Graphic Designrs	Professional Recognition for Graphic Designers (Taken 4 times over 4 semesters)	1

Graphic Design Electives (6 hours)

Must complete two courses that meet the following criteria:

ARGD30000+	Chair-Approved Upper-Division Graphic Design Elective	3

University Requirements

Undergraduate degree (120 hours minimum)

Upper-level coursework taken at TCU (36 hours minimum)

TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Architectural Interior Design Policies

Qualifying Examination Policy

While all interested students may declare the Interior Design pre-major at the first-year level, a mandatory competitive Qualifying Examination occurs at the end of the fall semester of the 1st year. A limited number of students will be invited to declare the Architectural Interior Design major and to continue in the program based on the student's Qualifying Examination scores and the program's resources. Non-qualifying students will be denied continuation and required to drop the pre-major.

Laptop Policy

After successful passage of the Qualifying Examination, Interior Design majors will be required to purchase a PC laptop and required software. Details and specifications for the laptop will be provided.

Transfer Policy

Transfer students wishing to declare the interior design major may submit a comprehensive portfolio to the attention of the Architectural Interior Design Program coordinator after they have been accepted to the University. Detailed portfolio requirements, deadlines and procedures are available from the Department of Design main office. All portfolio decisions are final. It is the transfer student's responsibility to be aware of and comply with departmental procedure.

Interior Design Pre-major Policy

Students intending to major in Architectural Interior Design must declare "Interior Design Pre-Major (IDPM)" until passing the Qualifying Examination, immediately following the completion of the three fall design foundation courses. Students must receive a six out of ten or higher to qualify for the Architectural Interior Design major. If the number of students who score above a six exceeds the capacity of the program, then the students with the highest scores will be accepted. Any tie will be broken by the cumulative GPA within the foundation courses.

Senior Thesis Exhibition Policy

All interior design majors are required to participate in a group exhibition of student work during their senior year. One exhibition will take place each spring semester. Students expecting to graduate in May will participate during their final semester. Students whose graduation is expected to be delayed until the following December will participate during the preceding May exhibition.

Retention of Student Work Policy

The Department of Design reserves the right to photograph, display, and exhibit student work in order that a continuing body of work will be available. This policy applies during the completion of a student's undergraduate degree program and for two years following graduation.

Student Exhibitions:

Undergraduate student exhibitions take place various times during the year in the Art Galleries at TCU. No work may be removed from exhibitions without department approval. Students must claim their work at the end of each exhibition. The department cannot accept responsibility for the care, storage or distribution of student work.

Architectural Interior Design, BFA (74 hours)

Architectural Interior Design, BFA (74 hours)

The architectural interior design major prepares the student for a career as a professional interior designer. It educates the student in creativity, design process, technical skills and theory in order to successfully enter the profession. The CIDA-accredited program prepares students for the opportunity to complete the necessary steps to obtain NCIDQ certification and state licensing. This degree does not require a minor. To earn the BFA with a major in architectural interior design, in addition to the 9-hour **Design Foundation,** students must complete the requirements outlined below.

Students should also consult Architectural Interior Design Policies for information regarding major declaration, qualifying exams, transfer work, and other important requirements.

Major Requirements

Design Foundation (9 hours)

University Requirements

Undergraduate degree (120 hours minimum)

Upper-level coursework taken at TCU (36 hours minimum)

TCU Core Curriculum minimum requirement

Department of Fashion Merchandising

Department of Fashion Merchandising

The Department of Fashion Merchandising offers the Bachelor of Science (BS) degree.

Pass/No-Credit Policy

No course applied to the student's major, minor or associated requirements may be taken on the P/NC basis.

Minimum Grade Requirement

A 2.5 cumulative GPA is required to declare fashion merchandising as a major. To advance to upper-level courses and to graduate as a major in fashion merchandising, students must attain a "C" or better in all FAME courses.

Honors College

Students who are members of the Honors College may pursue Departmental Honors in Fashion Merchandising. See FAME30003 Honors Tutorial in FAME, FAME40003 Senior Honors Project in FAME.

Fashion Merchandising Required Internship Course

All fashion merchandising students are required to complete FAME 30291 Fashion Internship as part of their degree requirements. NOTE: This course may be repeated for a total of 4 credits.

Fashion Merchandising, BS

Fashion Merchandising, BS (60 hours)

The fashion merchandising program involves all activities related to the development, buying and selling of merchandise. This major is for students planning leadership roles in the fashion industry in areas such as buying, planning, product development, trend forecasting, and entrepreneurial ventures. A supervised internship is required before graduation.

The Fashion Merchandising major requires 60 hours of fashion merchandising and associated coursework as well as a minor.

Required Major Courses (42 hours)

FAME10231 Seminar Fashion Merchandising	Seminar in Fashion Merchandising	1
FAME10243 The Fashion Industry	Introduction to the Fashion Industry	3
FAME10253 Textile Fundamentals	Textile Fundamentals	3
FAME20221	Professional Development for Merchandising	1

Minor Requirements

Students are required to complete a minor as part of the degree program.

University Requirements

Undergraduate degree (120 hours minimum)

Upper-level coursework taken at TCU (36 hours minimum)

TCU Core Curriculum requirements

School of Music

School of Music Overview

The School of Music offers the Bachelor of Music degree (BM) with majors in performance, piano pedagogy, and theory/composition; the Bachelor of Music Education degree (BME) with a concentration in vocal or instrumental music in preparation for all-level certification; the Bachelor of Arts degree (BA) in music; and a music minor.

Admission/Audition

Acceptance to the School of Music requires passing an audition in the primary performance and scholarly area. Before an audition can be scheduled, applicants must submit a completed School of Music Audition Request Application, a résumé highlighting musical activities and an essay discussing a musical topic or experience. In addition, two separate letters of recommendation attesting to the candidate's musical accomplishments and ability must be provided. These required materials are uploaded through the School of Music Web site.

Applicants applying in music composition must also mail physical copies of original scores and papers to the School of Music in support of their application. Applicants unable to visit the campus for a live audition may submit a video audition with the above required materials. Detailed audition repertoire requirements as well as mailing instructions are available on the School of Music website.

After satisfying all of the above requirements, final acceptance to the School of Music is contingent on being admitted to TCU.

Honors College

Music majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in MUSI40003 Senior Honors Research Project the fall semester of their senior year.

School Facilities

The TCU School of Music is housed in historic Ed Landreth Hall, the Mary D. and F. Howard Walsh Center for Performing Arts, Secrest-Wible Building, Foster Hall, Waits Hall and Jarvis Hall and the new TCU Music Center. The Ed Landreth building includes the music offices and conference room; teaching studios; classrooms, a computer lab; practice and rehearsal facilities; and a 1,200-seat auditorium, once home to the Van Cliburn International Piano Competition. Instrumental resources include numerous upright and grand pianos, four pipe organs, two harpsichords, a clavichord and a collection of authentic Baroque instruments.

The Walsh Center is home to the unique 325-seat PepsiCo Recital Hall, which is well known for its unprecedented acoustical design. The Walsh Center also contains an instrumental rehearsal hall, a choral rehearsal hall, an electronic piano laboratory, piano teaching studios and piano practice rooms all furnished exclusively with Steinway pianos.

The Music Center includes over 7,500 square feet of band, orchestra and percussion rehearsal space, as well as instructional facilities, faculty studios and practice rooms. At the heart of this new building is the Van Cliburn Concert Hall at TCU, an intimate 700-seat, state of the art hall.

Located on the southeast side of the TCU campus, the Secrest-Wible Building serves the TCU Opera and contains a 100-seat rehearsal studio theatre, classroom, and the John Large Vocal Arts Laboratory.

The third floor of Jarvis Hall contains teaching studios, two classrooms, the Upchurch Studio for Electro-Acoustic Music, the Music Education Resource Library and the School of Music student lounge.

In addition to these five buildings, practice rooms and teaching studios are located in Waits and Foster residence halls; and a large, comprehensive music library complete with recordings, reference books, texts, scores, and a listening room is housed in the Mary Couts Burnett Library.

School of Music Requirements

Keyboard Skills

All incoming music majors are required to enroll in MUSI 11030 Class Piano. Students interested in testing for placement beyond the first semester can do so during the week before classes begin or during course advising during orientation.

All BA students must pass KPE II requirements. (MUSI 11030, 11040)

All BME students must pass KPE IV requirements. (MUSI 11030, 11040, 21030, 21040)

All BM students must pass KPE IV requirements. (MUSI 11030, 11040, 21030, 21040)

Piano BM students will enroll in MUSI 20071 and MUSI 20081 in lieu of the class piano sequence of courses

Recitals

All music majors participate in school and studio recitals. Students majoring in performance are required to present a half recital during their junior year and a full recital during their senior year. Students majoring in music education are required to present a half recital, typically the semester before student teaching.

Juries

A jury examination takes place each semester for majors and minors in performance courses and annually for theory/composition majors beginning the sophomore year. At the end of the sophomore year, this examination determines whether the student is permitted to enroll in upper-division performance and composition lessons. The junior jury and/or recital determine admission to senior standing for performance majors.

Recital/Concert Attendance

All undergraduate music majors must engage in regular Recital/Concert Attendance each semester as part of their degree requirements. Exceptions include first-year students enrolled in UNLF 10211 Intro to University Life during their incoming fall semester, BME students enrolled in their student teaching semester, and students enrolled in a ninth (and subsequent) semester. To fulfill the Recital/Concert Attendance requirements, students must attend a total of 10 events each semester. Events include faculty and guest artist recitals, student recitals, and TCU ensemble concerts. Off-campus events must be approved in advance by the Recital/Concert Attendance facilitator.

- Up to 4 events may be concerts/programs in which the student participates.
- Of the remaining 6 required events,
    - 3 must be in a performing area other than that of the student's applied area
    - 1 must be from the list of "special events" scheduled and published in the recital/concert attendance list posted in TCU Online.

At the end of the semester, students will submit an electronic attendance cover sheet and PDFs of the 10 event programs to the Recital/Concert Attendance shell in TCU Online. All materials are due by 5:00 PM on the Monday following juries.

Two-steps ensure that students are fulfilling the requirements for Recital/Concert Attendance:

- Students must successfully complete 3 semesters of Recital/Concert Attendance before they are eligible to sign up for their sophomore barrier.

- Students must successfully complete 6 semesters of Recital/Concert Attendance before they are eligible to sign up for their senior recital.

Failure to do these steps may impact progress toward completion of the degree program.

Credit By Exam

Students may determine proper placement into Music Theory courses, which are required by all Music majors, through AP test credit or the School of Music's internal music theory placement exam. A placement test is required for all students wishing to major in the School of Music.

Credit by exam may be awarded for the following music theory courses:

Via AP Music Theory:

AP Score	TCU Equivalent	Credit Awarded	Placement Into
3, 4, or 5	MUSI 10003	MUSI 10003	MUSI 10203

-

Via School of Music Theory Placement Exam:

Score (Out of 200 Points)	TCU Equivalent	Credit Awarded	Placement Into
85-184 on total exam	MUSI 10003	MUSI 10003	MUSI 10203
185 or higher on total exam	MUSI 10003 MUSI 10203	MUSI 10203	MUSI 10213
175 or higher on total exam, 20 on dictation subscore, and 9 or higher on sight-singing subscore	MUSI 10201	MUSI 10201	MUSI 10211

Passing Grade Requirement

All music courses taken in the major or minor sequences must be passed with a grade of "C" or better to fulfill graduation requirements.

Performance Major Requirements

The School of Music offers the BM with a major in performance in the following areas:

- Piano
- Piano Pedagogy
- Wind and Percussion Instruments
- String Instruments
- Voice

Music Ensembles

Undergraduate Music Ensembles

All majors and minors in performance will participate in at least one ensemble organization each semester. Usually this will be directly allied to the subject of performance study. There may be exceptions where a student is qualified to participate in more than one type of organization.

Each of the following courses earn .5 semester hours.

MUSI10010 Wind Symphony	Wind Symphony	0.5
MUSI10020 Percussion Ensemble	Percussion Ensemble	0.5
MUSI10040 Concert Chorale	Concert Chorale	0.5

TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Music Theory/Composition, BM

Music Theory/Composition, BM

The School of Music offers the BM with a major in music theory/composition. The requirements are outlined below.

Composition Emphasis

The BM with a major in music theory/composition with emphasis in composition requires the following:

Music Requirements

- Ensembles (4 hours total-.5 hour each semester)
  - Any Ensemble-8 semesters
- Studio Performance Lessons (8 hours)
- Music Theory (32 hours)

MUSI10201 Elementary Ear Training I	Elementary Ear Training	1
MUSI10203 Elementary Theory I	Elementary Theory	3
MUSI10211 Elementary Ear Training II	Elementary Ear Training	1
MUSI10213 Elementary Theory II	Elementary Theory	3
MUSI20201 Advanced Ear Training I	Advanced Ear Training	1
MUSI20203 Advanced Theory I	Advanced Theory	3
MUSI20211 Advanced Ear Training II	Advanced Ear Training	1
MUSI20213 Advanced Theory II	Advanced Theory	3
MUSI30202 Form & Analysis	Form and Analysis	2
MUSI30222 Modal Counterpoint	Modal Counterpoint	2
MUSI30232 Tonal Counterpoint	Counterpoint	2
MUSI30312 Instrumentation	Instrumentation	2
MUSI30322 Orchestration	Orchestration	2
MUSI30343 Fund of Electro-Acoustic	Fundamentals of Electro-Acoustic Music	3
MUSI50203 Musical Structure & Style	Musical Structure and Style	3

Music History (14 hours)

MUSI20613 History of Western Music I	History of Western Music I	3
MUSI30602 World Music for Music Majors	World Music for Music Majors	2
0053392 - Missing course	History of Western Music II	3
0053402 - Missing course	History of Western Music III	3
MUSI	50000 level	3

Music Composition (14 hours)

MUSI20412 Composition I	Composition I	2
MUSI20422 Composition II	Composition II	2
MUSI30420 Composition	Composition	1-6

Minimum of five semesters

Instrumental Technique (4 hours)

MUSI10051 String Instrument Tech	String Instrument Technique I	1
MUSI10071 Percussion Technique	Percussion Technique	1
MUSI30151 Woodwind Technique I	Woodwind Technique I	1
MUSI30161 Brass Technique I	Brass Technique I	1

Conducting (4 hours)

MUSI20512 Intro To Conducting	Introduction to Conducting	2
MUSI30512 Choral Conducting	Choral Conducting	2
	OR	
MUSI30522 Instrumental Conducting	Instrumental Conducting	2

Recitals (1 hour)

MUSP40991 Recital II	Recital II	1

Composers present a recital of their work.

Music Electives (3 hours)

Acoustics (3 hours)

MUSI30343 Fund of Electro-Acoustic	Fundamentals of Electro-Acoustic Music	3

Foreign Language (6 hours)

Completion of six hours at the sophomore-level or fourth semester demonstrated competency is required.

University Requirements

Undergraduate degree (120 hours minimum)
Upper-level coursework taken at TCU (36 hours minimum)
TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Theory Emphasis

The BM with a major in music theory/composition with an emphasis in theory requires the following:

University Requirements

Some School of Music majors require more than 120 hours to complete. See individual music requirements for details.

Music Requirements

Ensembles (4 hours total-.5 hour each semester)

Recitals (1 hour)

MUSP40991 Recital II	Recital II	1

Theorists present a research paper or lecture recital.

Music Electives (13 hours)

Must include at least six hours upper-division coursework in the either theory or composition.

Foreign Language (6 hours)

Completion of six hours at the sophomore-level or fourth semester demonstrated competency is required.

Acoustics (3 hours)

MUSI30343 Fund of Electro-Acoustic	Fundamentals of Electro-Acoustic Music	3

University Requirements

Undergraduate degree (120 hours minimum)
Upper-level coursework taken at TCU (36 hours minimum)
TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Music Education, BME

Music Education, BME

The School of Music offers the BME degree with the following concentrations:

- Instrumental
- Vocal

Instrumental Concentration

Music Requirements

Ensembles (4 hours total- .5 hour each semester)

Students with band concentration: 8 semesters

Four must be:

MUSI10110 Marching Band	Marching Band	0.5

Four remaining may be chosen from:

MUSI10010 Wind Symphony	Wind Symphony	0.5
MUSI10210 Symphonic Band	Symphonic Band	0.5
MUSI10190 Jazz Ensemble	Jazz Ensemble	0.5

Students with orchestra concentration: 8 semesters

Students must enroll in MUSI10120 Symphony Orchestra each regular semester.

MUSI10120 Symphony Orchestra	Symphony Orchestra	0.5

Remaining credits may be chosen from:

MUSI10080 Chamber Music	Chamber Music	0.5
MUSI10150 New Music Ensemble	New Music Ensemble	0.5
MUSI10180 Collegium Musicum	Collegium Musicum	0.5

Studio Performance Lessons (14 hours)

Lower Division - 8 hours

Upper Division - 6 hours

Music Theory (20 hours)

MUSI10201 Elementary Ear Training I	Elementary Ear Training I	1
MUSI10203 Elementary Theory I	Elementary Theory I	3
MUSI10211 Elementary Ear Training II	Elementary Ear Training II	1
MUSI10213 Elementary Theory II	Elementary Theory II	3
MUSI20201 Advanced Ear Training I	Advanced Ear Training I	1
MUSI20203 Advanced Theory I	Advanced Theory I	3
MUSI20211 Advanced Ear Training II	Advanced Ear Training II	1
MUSI20213 Advanced Theory II	Advanced Theory II	3
MUSI30202 Form & Analysis	Form and Analysis	2
MUSI30312 Instrumentation	Instrumentation	2

Music History (11 hours)

MUSI20613 History of Western Music I	History of Western Music I	3
MUSI30602 World Music for Music Majors	World Music for Music Majors	2
MUSI30613 History of Western Music II	History of Western Music II	3
MUSI30623 History of Western Music III	History of Western Music III	3

Instrumental Techniques (5 hours)

Students select 5 credits from the list below. Selections must be advisor and/or advising mentor-approved and must demonstrate functional proficiency across percussion, woodwind, brass, and string instruments appropriate to the student's intended teaching specialization.

MUSI10021 Class Guitar	Class Guitar	1
MUSI10051 String Instrument Tech	String Instrument Technique I	1
MUSI10061 String Technique II	String Technique II	1
MUSI10071 Percussion Technique	Percussion Technique	1
MUSI30151 Woodwind Technique I	Woodwind Technique I	1
MUSI30161 Brass Technique I	Brass Technique I	1
MUSI30171 Woodwind Technique II	Woodwind Technique II	1
MUSI30181 Brass Technique II	Brass Technique II	1

Private lessons on an instrument (1 credit) may be substituted for an instrumental techniques credit in limited cases as approved by the advisor and/or advising mentor(s).

Class Voice (1 hour)

MUSI20051 Class Voice	Class Voice	1

Methods (1 hour)

Choose 1 hour from:

MUSI20611 Marching Band Tech & Design	Marching Band Techniques and Design	1
MUSI30121 InstrmnlArrMtds	Instrumental Arranging Methods	1
MUSI30211 Jazz Methods and Materials	Jazz Methods and Materials	1

Music Education (9 hours)

Ensemble (.5 hour)

TCU Core Curriculum (6-9 hours)

Theatre

Theatre

The Department of Theatre offers two degrees in theatre: the Bachelor of Fine Arts (BFA) and the Bachelor of Arts (BA). The BFA offers a major in Theatre and an emphasis chosen from Acting; Design & Technology; Musical Theatre; Theatre Studies; or Theatre, Stage, Event, and Production Management. The BA offers a major in Theatre that requires the student to choose an additional major or minor and fulfill the Foreign Language requirement, which is the completion of six hours at the sophomore-level or fourth semester demonstrated competency.

An audition or portfolio review is required for entrance into any of the BFA and BA degree programs. Contact the Theatre Department at TCU for audition information.

THEATRE TCU MISSION STATEMENT: To develop in our students' artistic excellence, intellectual growth, and a spirit of empathy through professional theatre training within a liberal arts education.

THEATRE TCU Core Values:

- Artistic and academic excellence and achievement
- Individual and collaborative artistic expression
- Inclusion and diversity of people, ideas, perspectives, and cultures
- Active study of the past to help us form the future
- Value and power of the theatre for social growth
- Self-discipline and an optimal work ethic
- Mentorship and commitment to personal development

The Department of Theatre functions within the context of a liberal arts university and sincerely believes that the student experience should include areas of investigation beyond the narrowly focused instruction that characterizes most non-university affiliated professional training programs.

The department requires a core of courses in all aspects of the theatre. These courses provide an overall view of the discipline, including acting, analysis, history, dramatic literature, design, and technical production. The core provides a strong background for both the liberal arts and pre-professional student.

Honors College

Theatre majors who plan to pursue Departmental Honors must be members of the John V. Roach Honors College and must complete THEA31000 Junior Honors Seminar and THEA41000 Senior Honors Seminar prior to graduation. Both courses cannot be taken during the same semester.

Departmental Facilities

The Department of Theatre is housed in Ed Landreth Hall and the Walsh Center for the Performing Arts at TCU. Facilities include the Jerita Foley Buschman Theatre, a 175-seat proscenium arch theatre and the 200-seat Spencer and Marlene Hays Theatre, with a thrust stage. The flexible Studio Theatre (75-100 seats) is in constant use by students involved in producing shows to test the skills they are developing in the classroom. All theatre spaces have state-of-the-art equipment for teaching theatre technology. Theatre productions are supported by a large Scenic Studio in the Walsh Center with a counterweighted paint frame and spray booth for painting scenery and stage properties. A fully equipped Costume Studio is available for theatre. A computer lab is also available for students' use and for teaching various software programs specific to the theatre. Additional classrooms for theatre graphics, acting and academic courses are located in Ed Landreth Hall.

Departmental Requirements

The department requires majors to participate in departmental productions. Participation in performance and production broadens students' backgrounds and prepares them for the profession and for advanced study. Any student on academic probation is not permitted to perform in public productions. Additional department policies are explained in a departmental student handbook. All majors are responsible for securing and reading this handbook.

Minimum Grade Requirement

Courses in the theatre majors must be taken for a letter grade, and must be completed with a grade of "C" or better to fulfill graduation requirements. Students with a GPA of less than 2.5 in the previous semester will not be cast in roles, given design or directing assignments, or placed in leadership positions.

Musical Theatre Theory Placement and Credit-by-Exam Policy

Students wishing to test out of THEA 31503 Musical Theatre Theory I and receive the credits for the course have two options:

1) The student should have scored a 4 or 5 on the College Board Advanced Placement Program (AP) Music Theory exam

or

2) The student must take *The Placement Exam for Musical Theatre Theory I* in the Department of Theatre and receive a score of 80% or higher, qualifying them to move directly into THEA 31513 Musical Theatre Theory II.

Students wishing to test out of THEA 31513 Musical Theatre Theory II and receive credits for the course must take *The Placement Exam for Musical Theatre Theory II* in the Department of Theatre and receive a score of 80% or higher, confirming they possess the required outcomes of the class and should be given credit for the course.

Theatre, BFA

The Department of Theatre offers the BFA with a major in theatre with emphases in the following areas:

- Acting
- Design & Technology
- Musical Theatre
- Theatre Studies
- Stage, Event, and Production Management

Acting

Theatre, BFA - Acting Emphasis (83 hours)

The BFA with a major in theatre and emphasis in acting requires 83 hours:

Required Theatre Courses (48 hours)

THEA41123 Modern Trends In Theatre	Modern Trends in Theatre	3
THEA41133 Musical Theatre History	Musical Theatre History	3

Elective Theatre/Dance/Music Courses (3 hours)

Choose 3 additional elective hours from THEA, DANC, MUSI or MUSP courses from the College of Fine Arts.

University Requirements

Undergraduate degree (120 hours minimum)

Upper-level THEA coursework taken at TCU (36 hours minimum)

TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Theatre, BFA

Design & Technology

Theatre, BFA - Design & Technology Emphasis (81 hours)

The BFA with a major in theatre and an emphasis in design & technology requires 81 hours:

Required Theatre Courses (39 hours)

THEA11023 New Voices in Theatre	New Voices in Theatre	3
THEA11103 Art of the Theatre	Art of the Theatre	3
THEA11203 Stagecraft	Stagecraft	3
THEA11233 Practical Costuming	Practical Costuming	3
THEA11243 Introduction to Theatre Design	Introduction to Theatre Design	3
THEA11303 Acting I: Introduction	Acting I: Introduction	3
THEA21103 Script Analysis	Script Analysis	3
THEA21223 Stage Management I	Stage Management & Sound Design	3
THEA21413 Stage Lighting	Stage Lighting	3
THEA21403 Rendering	Drawing on the Past I	3
THEA21433 Drawing on the Past II	Drawing on the Past II	3
THEA31103 Theatre History I	Theatre History I	3
THEA31113 Theatre History II	Theatre History II	3

Production Courses (6 hours)

6 hours are required; this course may be repeated for credit.

THEA30901 Theatre Production	Theatre Production	1

Design & Technology Courses (27 hours)

Choose nine:

THEA11223 Stage Makeup	Stage Makeup	3
THEA21403 Rendering	Rendering	3
THEA31203 Computer Graphics for Theatre	Computer Graphics for Theatre	3
THEA31213 Scene Painting	Scene Painting	3
THEA31223 Costume Technology	Costume Technology	3
THEA31403 Scene Design	Scene Design	3
THEA31413 Costume Design	Costume Design	3
THEA31433 Props Design	Props Design	3
THEA31443 Lighting Design	Lighting Design	3
THEA40223 Entertainment Technologies	Entertainment Technologies	3
THEA41493 Design & Technology Studio	Design & Technology Studio*	3
	*May be repeated for credit up to 12 hours.	

Elective Theatre Courses (6 hours)

Choose two:

THEA31133 Playwriting	Playwriting	3
THEA31343 Directing	Directing	3
THEA40173 Topics in Dramatic Literature	Topics in Dramatic Literature	3
THEA41123 Modern Trends In Theatre	Modern Trends in Theatre	3
FNRT40970 Special Problems	Special Problems	1-20

Elective Fine Arts Courses (3 hours)

Choose 3 additional elective hours from non-theatre courses from the College of Fine Arts are required.

University Requirements

Undergraduate degree (120 hours minimum)

Upper-level coursework taken at TCU (36 hours minimum)

TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Theatre, BFA

Musical Theatre

Theatre, BFA - Musical Theatre Emphasis (84 hours)

The BFA with a major in theatre and an emphasis in musical theatre requires 84 hours:

Required Theatre Courses (39 hours)

THEA11023 New Voices in Theatre	New Voices in Theatre	3
THEA11103 Art of the Theatre	Art of the Theatre	3
THEA11313 Acting I: Fundamentals	Acting I: Fundamentals	3
THEA21103 Script Analysis	Script Analysis	3

THEA21323 Stage Movement I	Stage Movement I	3
THEA21333 Voice and Speech I	Voice and Speech I	3
THEA31103 Theatre History I	Theatre History I	3
THEA31113 Theatre History II	Theatre History II	3
THEA41043 Professional Seminar	Professional Seminar	3
THEA31503 Musical Theatre Theory I	Musical Theatre Theory I	3
THEA31513 Musical Theatre Theory II	Musical Theatre Theory II	3
THEA41133 Musical Theatre History	Musical Theatre History	3

Elective Design & Technology Courses (6 hours)

Choose two:

THEA11203 Stagecraft	Stagecraft	3
THEA11223 Stage Makeup	Stage Makeup	3
THEA11233 Practical Costuming	Practical Costuming	3
THEA11243 Introduction to Theatre Design	Introduction to Theatre Design	3
THEA21223 Stage Management I	Stage Management & Sound Design	3
THEA21413 Stage Lighting	Stage Lighting	3

Production Courses (5 hours)

5 semester hours are required; this course may be repeated for credit.

THEA30901 Theatre Production	Theatre Production	1

Musical Theatre Performance Courses (14 hours)

Courses may be repeated for credit. Two semesters required of each course in this category.

THEA11502 Musical Theatre Perf Lab I	Musical Theatre Performance Lab I	2
THEA31512 Musical Theatre Perf Lab II	Musical Theatre Performance Lab II	2
THEA41503 Musical Theatre Performn	Musical Theatre Performance	3

Secondary Voice Courses (6 hours)

MUSP10110 Lower Division Secondary Voice	Lower Division Secondary Voice	1-2

MUSP10110 may be repeated for credit. Course may satisfy Elective category for hours beyond the 6 required for the category.

Dance Courses (8 hours)

Any combination of THEA31502 Musical Theatre Dance and pre-approved courses from the School for Classical & Contemporary Dance may fulfill this requirement for 8 hours. THEA 31502 may be repeated for credit.

THEA31502 Musical Theatre Dance	Musical Theatre Dance	2

Elective Theatre/Dance/Music Courses (6 hours)

Choose 6 additional elective hours from THEA, DANC, MUSI, or MUSP courses from the College of Fine Arts.

University Requirements

Undergraduate degree (120 hours minimum)
Upper-level coursework taken at TCU (36 hours minimum)
TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Theatre, BFA

Theatre Studies

Theatre, BFA - Theatre Studies Emphasis (84 hours)

The BFA with a major in theatre and emphasis in theatre studies requires 84 hours:

Required Theatre Courses (36 hours)

THEA11023 New Voices in Theatre	Diverse Voices in Theatre	3
THEA11103 Art of the Theatre	Art of the Theatre	3
THEA11313 Acting I: Fundamentals	Acting I: Fundamentals	3
THEA21103 Script Analysis	Script Analysis	3
THEA21303 Acting II: Realism	Acting II: Realism	3

THEA31433 Props Design	Props Design	3
THEA31443 Lighting Design	Lighting Design	3
THEA41493 Design & Technology Studio	Design & Technology Studio*	3
	*This course may be repeated for credit up to 9 hours.	

Elective Theatre/Dance/Music Courses (3 hours)

Choose 3 additional elective hours from THEA, DANC, MUSI, or MUSP courses from the College of Fine Arts are required.

University Requirements

Undergraduate degree (120 hours minimum)
Upper-level coursework taken at TCU (36 hours minimum)
TCU Core Curriculum minimum requirements vary depending on the choice of courses. Some courses may count in more than one area. The maximum required is 63 hours.

Theatre, BFA

Stage, Event, and Production Management

Theatre, BFA - Stage, Event, and Production Management Emphasis (67 hours)

The **Bachelor of Fine Arts in Theatre with an emphasis in Stage, Event, and Production Management** is a professional, practice-based degree that prepares students to lead the planning, coordination, and execution of live performances and events across theatrical, entertainment, and experiential industries. The program integrates artistic collaboration with technical expertise, organizational leadership, and real-world production workflows.

Students develop comprehensive skills in stage management, event logistics, production planning, scheduling, budgeting, and team coordination. Coursework emphasizes communication, problem-solving, and decision-making in fast-paced, high-stakes environments. Through hands-on production assignments, labs, and supervised practicum experiences, students work directly with directors, designers, performers, technicians, and clients to bring complex productions from concept to execution.

Graduates of the program are prepared for careers in stage management, production management, event coordination, company management, and related leadership roles in theater, live entertainment, corporate events, festivals, and experiential productions. The BFA curriculum emphasizes professionalism, adaptability, and collaboration, equipping students with the tools to manage creative teams and productions in an evolving global industry.

The BFA in Theatre with an emphasis in Stage, Event, and Production Management requires 67 hours of stage management and associated coursework as well as a minor.

Required Theatre Courses (21 hours)

THEA11023 New Voices in Theatre	New Voices in Theatre	3
THEA11103 Art of the Theatre	Art of the Theatre	3
THEA11303 Acting I: Introduction	Acting I: Introduction	3
THEA21103 Script Analysis	Script Analysis	3
THEA31103 Theatre History I	Theatre History I	3
THEA31113 Theatre History II	Theatre History II	3
THEA31343 Directing	Directing	3

Production Courses (4 hours)

4 semester hours are required; THEA 30901 may be repeated for credit

THEA30901 Theatre Production	Theatre Production	1

Design and Technology Courses (18 hours)

THEA11203 Stagecraft	Stagecraft	3
THEA11243 Introduction to Theatre Design	Introduction to Theatre Design	3

Commercial Dance Minor

Admission to the Commercial Dance Minor requires an audition and faculty approval.

The Commercial Dance Minor provides students with comprehensive training in contemporary commercial dance styles designed for careers in the entertainment industry. Emphasizing versatility, performance readiness, and professional practice, the program integrates technical training, artistic development, and industry-focused standards.

Students study a range of commercial dance forms, which may include jazz, hip-hop, contemporary, musical theatre, and international dance forms, while developing strength, musicality, performance quality, and collaborative skills. Coursework also introduces students to audition techniques, dance for camera, improvisation, and current trends in commercial performance environments such as stage, film, television, and digital media.

The Commercial Dance Minor requires 15 hours. Six of these hours must be upper-level.

Dance Courses (6 credits)

Choose from:

DANC10331 International Dance Forms	International Dance Forms*	1
DANC10412 Beg Ballet-General	Beginning Ballet for General Students*	2
DANC10422 Beg Modern Dance-General	Beginning Modern Dance for General Students*	2
DANC10453 Dance in World Cultures	Dance in World Cultures	3
DANC20100 Classical Ballet Tech Level I	Classical Ballet Technique Level I*	1-2.5

Art History Minor (21 hours)

Required Art History (6 hours)

ARHI10043 Intro to Art History	Introduction to Art History	3
ARHI	Any 20000-level Art History course	3

Art History Electives (15 hours)

15 hours ARHI prefix only; 6 hours must be upper-level courses.

Minor in Architectural Lighting Design (18 hours)

Minor in Architectural Lighting Design (18 hours)

Minor Requirements

Due to prerequisite sequencing and fall/spring rotation of courses, the ARLD minor requires a minimum of five long semesters to complete. Departmental advising is required for all ARLD minors each semester. No more than six credit hours (two courses) may count towards a student's major and a minor. The ARLD minor requires each student complete the required courses and electives for a minimum of 12 unique credit hours and a total of 18 credit hours in lighting.

Required Courses (9 hours)

DSGN10133 Color and Light Theory	Color and Light Theory	3
ARLD20503 Fundamentals of Lighting	Fundamentals of Lighting	3
ARLD20513 Digital Media in Lighting	Digital Media in Lighting	3

AND Required Electives (9 hours)

Students will choose 9 hours of the following elective courses. Of those 9 hours, students must choose 6 hours of upper-division electives. See note in ARLD minor requirements about 12 unique credit hours required.

DSGN10103 Intro Creative Practice	Introduction to Creative Practice	3
ARST20743 Photography	Photography	3
DANC30333 Lighting Design for Dance	Lighting Design for Dance	3
ARLD30503 Ltg and the Human Exp	Lighting and the Human Experience	3
ARLD30513 Lighting Design I	Lighting Design I	3
ARLD40503 Lighting Design II	Lighting Design II	3
ARLD40523 Lighting Design III	Lighting Design III	3
THEA11253 Stagecraft & Stage Lighting	Stagecraft & Stage Lighting	3

ARLD20503 Fundamentals of Lighting	Fundamentals of Lighting	3
ARLD20513 Digital Media in Lighting	Digital Media in Lighting	3
ARLD30003 Honors Tutorial in ARLD	Honors Tutorial in Architectural Lighting Design	3
ARLD30503 Ltg and the Human Exp	Lighting and the Human Experience	3
ARLD30513 Lighting Design I	Lighting for Interior Design I	3
ARLD40003 Senior Honors Project in ARLD	Senior Honors Project in Architectural Lighting Design	3
ARLD40503 Lighting Design II	Lighting for Interior Design II	3
ARLD40513 Senior Thesis Lighting	Senior Thesis in Lighting	3
ARLD40970 Special Problems	Special Problems	1-6

Music Minor (18 hours)

Music Minor Overview

There are two tracks in the music minor:

- The **General Track** is the most flexible, allowing students to tailor their coursework to their musical interests. No previous music experience is required.
- The **Performance Track** is designed for students who are interested in developing their skills via instrumental/vocal performance. Previous music experience is required.

Music minors are required to take the Music Theory Placement Exam for all music theory and aural skills classes *except* MUSI 10043 Music Theory for Non-Majors. The exam is typically offered once prior to the first day of classes in the Fall semester. Exam dates will be posted on the School of Music website.

Music minors may enroll in applied lessons pending faculty consultation and studio availability.

The minor requires a minimum of 18 credits, including 6 credits of upper-division coursework. Students must earn a grade of "C" or better in all courses applied toward the minor.

Music Minor (18 hours)

General Track

Music Minor: General Track (18 hours)

The General track consists of 9 hours of Academics and 9 hours of Electives.

Academics (9 hours):

Music Theory (3 hours)

Course selection based on Music Theory Placement Exam results, as applicable:

MUSI10043 Music Theory for Non-Majors	Music Theory for Non-Majors	3
MUSI10003 Fundamentals of Music Literacy	Fundamentals of Music Literacy	3
MUSI10203 Elementary Theory I	Elementary Theory I	3
MUSI10213 Elementary Theory II	Elementary Theory II	3
MUSI20203 Advanced Theory I	Advanced Theory I	3
MUSI20213 Advanced Theory II	Advanced Theory II	3

Music History (6 hours)

Choose two of the following:

MUSI10033 Survey of Jazz	Survey of Jazz	3
MUSI10053 Survey of Western Art Music	Survey of Western Art Music	3
MUSI10083 Survey of Film Music	Survey of Film Music	3
MUSI10073 Survey of Rock	Survey of Rock	3
MUSI10063 Survey of World Music	Survey of World Music	3

Electives (9 hours):

Students should choose 9 hours from the following courses. Other elective options may be approved by the Director of the School of Music.

Music History

MUSI10033 Survey of Jazz	Survey of Jazz	3
MUSI10053 Survey of Western Art Music	Survey of Western Art Music	3
MUSI10083 Survey of Film Music	Survey of Film Music	3
MUSI10073 Survey of Rock	Survey of Rock	3
MUSI10063 Survey of World Music	Survey of World Music	3

Music Theory

MUSI10203 Elementary Theory I	Elementary Theory I	3
MUSI10213 Elementary Theory II	Elementary Theory II	3
MUSI20203 Advanced Theory I	Advanced Theory I	3
MUSI20213 Advanced Theory II	Advanced Theory II	3

Ensembles (0.5 credits each)

MUSI10110 Marching Band	Marching Band	0.5
MUSI10130 Vox Resonare	Vox Resonare	0.5
MUSI10140 Frog Corps	Frog Corps	0.5
MUSI10250 Mariachi Ensemble	Mariachi Ensemble	0.5
MUSN30060 Upper-Div Ensemble	Upper-Division Ensemble	0.5

Applied Lessons (1.0 credit each)

MUSN10110 NonMajorLwrDivVoice	Applied Lessons for Non-Majors –Lower Division Voice	1
MUSN10310 NonMajorLwrDivStrings	Applied Lessons for Non-Majors –Lower Division Strings	1
MUSN10410 NonMajorLwrDivWoodwinds	Applied Lessons for Non-Majors –Lower Division Woodwinds	1
MUSN10510 NonMajorLwrDivBrass	Applied Lessons for Non-Majors –Lower Division Brass	1
MUSN10610 NonMajorLwrDivPercussion	Applied Lessons for Non-Majors –Lower Division Percussion	1

Applied Classes

MUSN11021 Intro Piano for Non-Musician	Intro to Piano for the Non-Musician	1
MUSN11031 Piano for the Non-Musician	Piano for the Non-Musician	1
MUSI20051 Class Voice	Class Voice	1

Other

MUSI10091 Yoga for Musicians	Yoga for Musicians (may not be repeated for credit)	1
MUSI30352 Fund of Digital Recording	Fundamentals of Digital Recording	2
MUSI30343 Fund of Electro-Acoustic	Fundamentals of Electro-Acoustic	3
MUSN30512 IntroConductingNonMjrs	Introduction to Conducting for Non-Majors	2

Music Minor (18 hours)

Performance Track

Music Minor: Performance Track (18 hours)

The Performance track consists of 8 hours of Academics, 6 hours of Applied Lessons and Ensembles, and 4 hours of Electives.

Academics (8 hours):

Music Theory (3 hours, based on Music Theory Placement Exam results)

MUSI10003 Fundamentals of Music Literacy	Fundamentals of Music Literacy	3
MUSI10203 Elementary Theory I	Elementary Theory I	3
MUSI10213 Elementary Theory II	Elementary Theory II	3
MUSI20203 Advanced Theory I	Advanced Theory I	3
MUSI20213 Advanced Theory II	Advanced Theory II	3

Aural Skills (2 hours, based on Music Theory Placement Exam results)

MUSI10201 Elementary Ear Training I	Elementary Ear Training I	1
MUSI10211 Elementary Ear Training II	Elementary Ear Training II	1
MUSI20201 Advanced Ear Training I	Advanced Ear Training I	1
MUSI20211 Advanced Ear Training II	Advanced Ear Training II	1

Music History (3 hours)

MUSI10033 Survey of Jazz	Survey of Jazz	3
MUSI10053 Survey of Western Art Music	Survey of Western Art Music	3
MUSI10083 Survey of Film Music	Survey of Film Music	3
MUSI10073 Survey of Rock	Survey of Rock	3
MUSI10063 Survey of World Music	Survey of World Music	3
MUSI20613 History of Western Music I	History of Western Music I	3

Applied Lessons & Ensembles (6 hours):

Choose from the following applied lessons and ensembles:

Applied Lessons (4 hours total, 1-2 whole credits each)

MUSN10110 NonMajorLwrDivVoice	Applied Lessons for Non-Majors –Lower Division Voice	1-2
MUSN10310 NonMajorLwrDivStrings	Applied Lessons for Non-Majors –Lower Division Strings	1-2
MUSN10410 NonMajorLwrDivWoodwinds	Applied Lessons for Non-Majors –Lower Division Woodwinds	1-2

Programs of Study - Harris College of Nursing and Health Sciences (HCNHS)

Programs of Study - Harris College of Nursing and Health Sciences (HCNHS)

TCU has a long history of offering courses and degrees that contribute to the health and well-being of the community. Harris College of Nursing & Health Sciences enhances that tradition by uniting Nursing, the School of Nurse Anesthesia, the Davies School of Communication Sciences and Disorders, Health Sciences and Public Health, Kinesiology and Social Work – in an integrated unit. The degree programs offered by Harris College build on a strong liberal arts foundation and prepare graduates to practice in complex and varied professional settings. Many of the courses offered in Harris College allow students to learn through practice in professional and clinical settings encountering multiple and diverse disciplines, practitioners and clients. In both classroom and practice environments, students develop skills essential to finding information, using technology and solving problems.

By integrating clinical practice, professional and community service, and research activities, Harris College faculty demonstrate their commitment to academic excellence and leadership. They create an atmosphere where learning is a part of the lives of all members of the Harris College community. Faculty are committed to providing individual attention to students in order for them to achieve and grow, and are actively involved in teaching research and work closely with students in laboratory and clinical experiences at both undergraduate and graduate levels. Faculty members also serve as advisers providing career and professional guidance.

Curriculum

Students seeking the Bachelor of Science degree must fulfill all University degree requirements described in this catalog. This includes completion of the minimum number of credit hours, typically 120, specified by their majors in the following categories:

Core Curriculum (CC): 39-63 credit hours

Curriculum Requirements of the Major: variable credit hours

Multiple Majors

Students with a first major in Harris College may declare an additional major on the BS degree. Approval by the department and college of both majors is necessary. The degree awarded will be that of the first major. All degree requirements for each major must be satisfied, including all TCU Core Curriculum requirements associated with any major.

Transfer Credit

To take courses at another college or university, students enrolled at TCU, must obtain preapproval for the course(s) using the *Transfer Credit Request System*. Students should seek course recommendations and guidance from department advisors prior to submitting the transfer request which is automatically routed to the department chair or director, and the Office of the Dean of Harris College. No more than 4 courses up to 16 total semester hours, except those earned in an approved study abroad program, may be transferred over from other schools, after admission to TCU. Transfer credit cannot be transferred from another university that will interfere with the last 30 hours being taken at TCU. Students may take a course off campus during an academic semester so long as, using the *Transfer Credit Request System*, 1) it is preapproved by a department/faculty advisor, unit head and the Office of the Dean of Harris College, 2) all hours taken in that semester totals no more than 18 hours, and 3) it does not interrupt the last 30 hours being taken at TCU.

Degree Plan and Notification of Intent to Graduate

Students must request a degree plan in the Office of the Dean of Harris College, typically after completing 60 hours. After a degree is awarded, no further work may be applied to the degree. Students must also file an Intent to Graduate in the Office of the Dean at the beginning of the last year of coursework.

Academic Advisement

Students are responsible for meeting degree requirements of the major. It is essential that students understand their degree plans and maintain communication with their departments. Students are strongly encouraged to meet with a departmental adviser on a regular basis for the purpose of reviewing progress toward the degree.

Harris Ambassadors

“The mission of Harris Ambassadors is to support and enhance the College’s undergraduate and graduate student experience. This is achieved by serving as official student representatives of Harris College through active participation as experience facilitators, peer advisors and student influencers.”

Degrees and Majors- Harris College of Nursing & Health Sciences (HCNHS)

Harris College of Nursing & Health Sciences offers the following degrees and majors:

- Bachelor of Science in Health Sciences
- Bachelor of Science in Nursing (BSN)

- Bachelor of Social Work (BSW)
- Bachelor of Science (BS) with majors in:
  Health and Fitness
  Movement Science
  Physical Education
  Physical Education with Strength and Conditioning
  Speech-Language-Hearing Sciences (SLHS)

Degree Plan and Notification of Intent to Graduate

Students must request a degree plan in the Office of the Dean of Harris College, typically after completing 60 hours. After a degree is awarded, no further work may be applied to the degree. Students must also file an Intent to Graduate in the Office of the Dean at the beginning of the last year of coursework.

Department of Health Sciences & Public Health, BS

Department of Health Sciences & Public Health

The Department of Health Sciences & Public Health offers the B.S. with a major in Health Sciences. This multidisciplinary degree equips students for diverse careers in health care while providing the foundational knowledge needed for admission to medical and graduate level health professional programs. Students complete courses covering interprofessional leadership and communication, public health, and health care systems.

Davies School of Communication Sciences & Disorders

Communication Sciences & Disorders (COSD) Degrees

Available on the Bachelor of Science (BS) degree with a major in Speech, Language & Hearing Science (SLHS). Available emphasis tracks are Speech-Language Pathology, Audiology and Deaf and Hard of Hearing Education Studies.

Honors College

COSD majors who plan to pursue Departmental Honors must be members of the Honors College and following approval from their COSD faculty mentor, should enroll in COSD30003 Junior Honors Seminar during spring of their junior year and COSD40003 Senior Honors Research Project during their senior year.

Pass/No-Credit Option

No courses in the major or associated areas may be taken on a pass/no-credit basis. Other courses taken on a pass/no-credit basis will be limited to two courses (eight hours maximum.)

Kinesiology

Kinesiology

The Department of Kinesiology offers programs of study designed to provide students with the educational background necessary for the pursuit of careers in a variety of movement-based professions. The Bachelor of Science degree is offered with majors in:

- Health and Fitness
- Movement Science
- Physical Education

- Physical Education with Strength and Conditioning
- Movement Science/MS Athletic Training (MOSC 3+2)

In addition, the department offers minors in coaching, movement science, health, physical education, exercise and sport psychology, and fitness. The department also offers a variety of activity (PEAC) courses.

The curriculum for each major comprises the following components:

I. Kinesiology core courses common to all majors (14 hours)

II. Foundation courses specific to each major (18-37 hours)

III. Emphasis courses (6-18 hours)

IV. Associated requirements intended to supplement the departmental courses (11-27 hours)

In addition to the major requirements, students must take core curriculum and elective courses to accumulate a minimum of 120 hours for the Bachelor of Science degree. The department emphasizes learning experiences beyond the classroom environment. Students are required and/or encouraged to participate in research, internships, clinical experiences and special projects that are arranged through academic advisers.

Honors College

KINE majors who plan to pursue Departmental Honors must be members of the Honors College and following approval from their KINE faculty mentor, should enroll in KINE40103 Seminar In Kinesiology Seminar in Kinesiology during the fall of their junior year. KINE30003 Junior Honors Research Junior Honors Research during spring of their junior year and KINE40003 Senior Honors Research Senior Honors Research during their senior year.

Departmental Policies

- Pass/No-Credit. No kinesiology core, foundations, emphasis or associated requirements courses may be taken on a P/NC basis.
- Grades and GPA. Students pursuing the health and fitness, movement science, physical education, and physical education with strength and conditioning majors must earn a minimum of a "C-" in all courses within the kinesiology core, foundations, emphasis and associated requirements areas of their major. In addition, in order to graduate with the BS degree in MOSC or HEFI, students must earn a minimum of a 2.5 GPA for all courses satisfying the kinesiology core foundations and emphasis areas of their major. Physical education and physical education with strength and conditioning majors must earn a minimum 2.75 overall GPA to remain in the major.
- Progression Policy. Once students pursuing a major in the Kinesiology Department have earned 54 hours toward the bachelor of science degree, to enroll in KINE or HLTH courses at the 30000 level or higher, they must have a minimum 2.5 cumulative and major GPA.
- Total Credit Hours. In addition to the major requirements, students must take core curriculum and elective courses to accumulate a minimum of 120 hours for the Bachelor of Science degree.
- Transfer Policy. All students may transfer up to four courses into TCU once attending TCU. For these four courses: any course considered university core, associated requirements (excluding science courses), or an elective can be taken at any accredited college/university approved through the transfer credit process. All KINE major coursework (KINE or HLTH prefix) must be taken at TCU.

Nursing

Nursing

The Harris College, Nursing, enabled by a trust fund established by the late Dr. Charles Houston Harris, was organized as an academic unit of TCU in 1946. The nursing program is accredited by the Texas Board of Nursing (BON), P.O. Box 430, Austin, TX 78767-0430; 512.305.7400. Graduates are eligible to sit for the examination for licensure as a registered nurse (R.N.) in Texas or any other state in the United States. Successful completion of the National Council Licensure Examination (NCLEX) in one state qualifies graduates to apply for licensure in any other state. Harris College, Nursing, achieved national accreditation in 1952 and has remained accredited since that time. In addition to the BON accreditation, the program is accredited by the Commission on Collegiate Nursing Education (CCNE),655 K Street NW, Suite 750, Washington, D.C. 20001 (http://ccneaccreditation.org)

In compliance with the policy of the Texas Board of Nursing (BON), all applicants are informed that completion of the BSN degree offered through Harris College does not guarantee eligibility for the registered nurse licensure examination. Professional character is necessary for an individual to conform to the requirements of the Nurse Practice Act. Individuals should seek special advising prior to enrolling in any professional nursing program in Texas if they have a personal history involving conditions that may endanger the health and safety of a person. Such conditions include but are not limited to a felony conviction involving acts likely to affect professional practice; a misdemeanor conviction involving moral turpitude; or physical or mental disability/illness, including prior or continued drug or alcohol abuse that influences the ability to practice professional nursing. (Texas Board of Nursing, excerpts from the *Rules and Regulations Relating to Professional Nurse Education, Licensure, Peer Assistance and Practice, Texas Administrative Code*, Title 22, Part 11, Chapters 215 and 217). Clinical facilities in the Dallas-Fort Worth area require criminal background checks and drug screenings of students. A positive drug screen or criminal background may prevent the student from practicum course enrollment or completion. Further licensure information is available at:

Office of the Director, Undergraduate Nursing

TCU Nursing

Texas Christian University

TCU Box 298620

Fort Worth, TX 76129

In compliance with the Americans with Disabilities Act (ADA), a description of the abilities required for admission to and completion of the BSN curriculum is available upon request from the Director, Undergraduate Nursing

Nursing Program of Study

The Nursing program is designed to meet the needs of those interested in obtaining the Bachelor of Science in Nursing (BSN).

Mission

TCU Nursing is dedicated to professional nursing education based on a foundation of liberal arts, sciences, and humanities, and to the promotion of an environment that encourages lifelong learning.

TCU Nursing further affirms to enhance the human condition by preparing graduates who think and practice as ethical leaders, and advance knowledge of health and human development within the global community. The Nursing program is designed to meet the needs of those interested in obtaining a Bachelor of Science in Nursing degree, Masters of Science in Nursing and Doctor of Nursing Practice degree, a Post-Graduate certificate, and a Post-Graduate APRN Certificate.

The Program endorses the Mission, Vision and Core Values of Texas Christian University.

TCU Nursing Vision

To advance the health of all.

TCU Nursing Mission

To lead nursing education, practice and scholarship.

TCU Nursing Values

Collaboration

Human Dignity

Innovation

Integrity

Social Justice

Baccalaureate Nursing Program Outcomes

- Exemplify professionalism congruent with nursing and the mission and values of TCU and TCU Nursing
- Safely meet the health needs of individuals, families, population, and communities across the lifespan using evidence-based practice
- Exhibit effective communication, teamwork, and collaboration within systems
- Use information and communication technologies to inform clinical reasoning and judgement
- Assume accountability for personal, professional, and leadership development

Nursing Degrees

TCU offers the Bachelor of Science in Nursing (BSN).

Nursing Major Admission

Prior to beginning nursing coursework, each student must complete the criminal background check as required by the Texas Board of Nursing (BON) and submit proof of eligibility to take the NCLEX. Four pieces of documentation are accepted:

1. Blue postcard from the BON stating that the criminal background check is clear
2. An Operations Outcome Letter
3. An Enforcement Outcome Letter
4. An Eligibility order from the BON

Students may take the TEAS test one time in a 12-month period. Students whose scores are invalidated due to misconduct during the TEAS test

- have the opportunity to appeal the decision through ATI
- may be found in violation of the TCU Academic Conduct Policy and be sanctioned according to the policy https://deanofstudents.tcu.edu/student-handbook/academic-policies/academic-conduct-policy/

- will not be eligible to begin nursing coursework until the 12-month period ends and the TEAS is taken a second time
- will be re-evaluated for admission into nursing upon submission of the second TEAS test results.

TCU Continuing Students (entered TCU as a first-year student; major-nursing)

Continuing TCU nursing majors should submit an intent to enroll in first nursing courses by Oct. 1 for the spring semester and Feb. 1 for the fall semester.

Students who enter TCU as a first-year nursing major are scheduled to begin the five-semester nursing sequence during their fourth semester at TCU. Any student wishing to begin the five-semester nursing sequence earlier must notify the Harris Academic Resource Center (HARC) by October 1 of their first-year.

Incoming First Year Students not designated as NURS (about to enter TCU as a first-year student; non-nursing)

An incoming first-year student who is not classified as NURS may at First Year Orientation state their desire to change their major to NURS. If there is space available, students will work with members of the Harris Academic Resource Center (HARC) to create an academic plan and change their major. Students in this category are not guaranteed to graduate in four years.

Change of Major Students (entered TCU as a first-year student; major other than nursing)

A TCU student may change to the nursing major after completing two semesters of coursework at TCU and maintains a 2.5 TCU cumulative GPA. It is strongly recommended that the change of major be completed as soon as possible, but at least one semester prior to the first semester of nursing courses. Change of major requests must be completed by April 1. Students who enter nursing after the first semester of their first-year year may only begin the nursing program during a fall semester and will be on a 4 1/2 year plan of study or longer depending upon when the change of major occurred. Students wishing to change into the nursing major are strongly encouraged to attend a Change of Major Workshop. Workshops are held in March and October.

Transfer Students coming to TCU to complete nursing prerequisite coursework (out of high school at least one full semester, completed college or university work elsewhere for credit, coming to TCU to complete coursework and begin the nursing sequence)

Students who have completed college or university credit and want to come to TCU to complete prerequsite nursing coursework or TCU core then begin nursing need to apply to TCU through Transfer Admissions. If accepted, students will work with advisors in the Harris Academic Resource Center to create a plan of study. Students should expect to begin nursing coursework in a fall semester.

Transfer Students (out of high school at least one full semester and attempted college or university work elsewhere for credit and come to TCU to begin nursing coursework)

Transfer applicants planning to come to TCU to begin nursing do not need to apply through Transfer Admissions. Students apply through Nursing CAS (Centralized Application Service for Nursing Programs). The deadline for application for initial entry into nursing courses by transfer students is Feb. 1 to begin class in the fall semester. Test of Essential Academic Skills (TEAS) entrance examination scores are required with the application. Transfer applicants are advised to contact the Harris Academic Resource Center (HARC) as early as possible in the application process.

The number of transfer students admitted directly into nursing courses is determined by the availability of faculty, facilities and the number of qualified continuing and change of major TCU students. Selection of transfer students for initial entry into nursing courses is based on indicators of the applicant's likelihood of success in the program and in professional practice.

Any transfer students who was enrolled in another nursing program may apply to become a nursing major at TCU if they were in good standing with the University and the nursing program at the time they left the program. All transfer student applicants who have been previously enrolled in a nursing program must submit a letter from the dean or director of that program indicating eligibility status for readmission. If a transfer student is unable to obtain a letter stating they are in good standing with their previous program, the student will be eligible to apply to TCU Nursing three years after leaving their previous program.

Additional Bachelor Degrees

A student with a previous undergraduate degree from TCU must meet the same enrollment requirements as other TCU students. A student with a bachelor's degree from another university is considered a transfer student.

Accelerated BSN

TCU Nursing offers an accelerated BSN track. Applicants with a bachelor's degree must have a GPA of 2.5 or higher in their first degree or science and math prerequisites. Applicants without a bachelor's degree, including current TCU students with declared major other than nursing, must have a GPA of 2.5 or higher in their current coursework or science and math prerequisites. The 17-month course of study is full time with coursework beginning in August of each year with courses in the summer term. Admission is competitive based on academic record (3.0 science and math GPA preferred), entrance exam scores and completion of all prerequisite courses and core curriculum. Students must also comply with other admission requirements listed above. Those interested should contact TCU Nursing for admission requirements unique to this track.

Nursing Re-enrollment

A student who has been a nursing major and leaves TCU for a leave of absence must apply for re-enrollment after an absence of a full fall or spring semester. If the student meets enrollment criteria, the Office of the Registrar will contact TCU Nursing to receive approval for the student to re-enroll as a nursing major. The student must meet the requirements for graduation based on the published TCU catalog at the time of re-entry into the nursing major. Re-entering students may be required to pass comprehensive mastery exam(s). Re-enrollment is dependent on clinical space availability in practicum courses.

Readmission to Nursing

If a student is dismissed from nursing due to failure to progress, they may reapply to the nursing program after three years. If accepted into the nursing program, the student will enroll in the traditional track starting with NURS 20000 level courses. If a student is dismissed from nursing due to academic misconduct or ethical violations, the student is not eligible to reapply.

Nursing Major Progression Policies (after enrollment in nursing coursework)

Students must have a TCU cumulative GPA of 2.5 to progress to the next semester of coursework and each semester must be completed prior to progression into the next semesters courses.

Students may repeat one nursing course if less than a "C" or a no-credit (NC) grade is earned.

Students are discontinued from the major if grades of "C-", "D," "F" or "NC" are earned in two or more nursing courses (excluding NURS 10303).

A “C” grade is obtained by earning a 73%. Students are responsible for knowing how to obtain a minimum of a 73% in nursing coursework. Some classes require a 73% test average in order to receive quiz, project, or participation points. Information about grading is found in the course syllabus.

All nursing coursework must be taken and re-taken at TCU. The exception is NURS10303 Human Development Human Growth and Development (prerequisite) and NURS20363 Pathophysiology Pathophysiology. These courses may be transferred into TCU if taken prior to beginning the nursing program or if taken in the summer. NURS20363 Pathophysiology may not be taken over a winter term unless offered by TCU.

Students may be discontinued from the nursing major if there is not consistent progress towards program completion.

Students may be discontinued from the nursing major if their academic, practicum or personal performance is determined to be inconsistent with professional responsibility and accountability. In rare instances, the safety of patients may necessitate removing a student from a practicum and/or the nursing program. Faculty members are responsible for recommending this action in writing to the Director, Undergraduate Nursing.

As a minimum requirement for participating in a practicum, a student's performance must be in compliance with *Nursing Scope and Standards of Practice* published by the ANA, and the Texas Board of Nursing Rules and Regulations, including "not accepting an assignment when one's physical or emotional condition prevents the safe and effective delivery of care." When in the opinion of the instructor a student is not prepared for the educational activity or is in violation of these rules for any reason- including but not limited to, impairment by reasons of alcohol and/or drug abuse- the student is dismissed from practicum for the day. The instructor may recommend further action to the Director, Undergraduate Nursing.

Dropping Nursing Classes

Students have increased opportunities for success in a nursing program when learning is supported by the associated clinical. The below courses are intended to enhance the content of one another therefore a student who is dropping a class, practicum, clinical, or simulation course will drop all associated courses related to that topic. Elective and nursing preparatory courses (NURS10303 Human Development) are exempt from this policy. Students are required to meet with the Director, Undergraduate Nursing prior to dropping/withdrawing from course work. See the list of associated courses below.

- NURS20263 Health Assessment:Concepts and NURS20272 Nrsg Skills Pract 1
- NURS30263 Foundations Nrsg Care Concepts, NURS30182 Foundations Nrsg Care Clinical ,and NURS30171 Nursing Skills Practicum 2
- NURS30563 Adults Hlth Alts I: Concepts, NURS30582 Adults Hlth Alts I: Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS30663 Behavioral Hlth Nrsg Concepts, NURS30682 Behavioral Hlth Nrsg Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS40563 Adults Hlth Alts II: Concepts, NURS40582 Adults Hlth Alts II: Clinical, and NURS40672 Clinical Reasoning Sim II
- NURS40663 Maternal Chld Fam Nrsg Cncpts, NURS40682 Maternal,Chld Fam Nrsg Clin, and NURS40672 Clinical Reasoning Sim II
- NURS40763 Leadership Nursing Practice, NURS40783 Transition Practice: Clinical, and NURS40871 Clinical Reasoning in Sim
- NURS40863 Public Health Nrsg: Concepts and NURS40882 Public Health Nrsg: Clinical

Retaking Nursing Classes

Students have increased opportunities for success in a nursing program when learning is supported by the associated clinical and/or practicum courses. TCU Nursing faculty support this practice. The below courses are intended to enhance the content of one another therefore a student who is retaking a class, practicum, clinical, or simulation course due to not meeting the passing standards will retake all associated courses related to that topic. See the list of associated courses below.

- NURS20263 Health Assessment:Concepts and NURS20272 Nrsg Skills Pract 1
- NURS30263 Foundations Nrsg Care Concepts, NURS30182 Foundations Nrsg Care Clinical ,and NURS30171 Nursing Skills Practicum 2
- NURS30563 Adults Hlth Alts I: Concepts, NURS30582 Adults Hlth Alts I: Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS30663 Behavioral Hlth Nrsg Concepts, NURS30682 Behavioral Hlth Nrsg Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS40563 Adults Hlth Alts II: Concepts, NURS40582 Adults Hlth Alts II: Clinical, and NURS40672 Clinical Reasoning Sim II
- NURS40663 Maternal Chld Fam Nrsg Cncpts, NURS40682 Maternal,Chld Fam Nrsg Clin, and NURS40672 Clinical Reasoning Sim II
- NURS40763 Leadership Nursing Practice, NURS40783 Transition Practice: Clinical, and NURS40871 Clinical Reasoning in Sim
- NURS40863 Public Health Nrsg: Concepts and NURS40882 Public Health Nrsg: Clinical

Students may not retake a course after earning a passing grade for grade replacement.

Requirements for Graduation

For the Bachelor of Science in Nursing, a student must have:

- 2.5 cumulative GPA for all coursework completed at TCU
- Completed 120 credits including all nursing courses required for the major
- All nursing coursework must have a grade of "C" or higher or "P" if a pass/no credit class
- Completed all core curriculum requirements

Multiple Majors

Nursing students, with the approval of appropriate academic deans, may pursue an additional major concurrent with nursing. Such students must declare nursing as the first major and complete all degree requirements for both nursing and the additional major. Students interested in this option are encouraged to meet with advisers from both majors to develop an academic plan.

Computer Requirement

For all computer-based assessments, students are required to bring a Windows or Apple laptop that meets the software requirements of TCU's learning management system.

Fees and Other Expenses

Each clinical course carries an additional fee. Fees are charged for testing and academic resources per semester. All students planning licensure as a registered nurse in Texas are required to submit the required fee directly to the Board of Nursing and to the national company which administers the test during the last semester of nursing coursework. Purchase of uniforms at the TCU bookstore is required. Professional liability insurance is required each year the student is enrolled in practicum coursework. Students are responsible for the cost of the urine drug screen and the criminal background check.

Transportation

Limited city bus service is available for transportation to some practicum facilities. Plans should be made for the use of a car, ride share or carpool beginning with the first practicum nursing course.

Employment

Students may be employed on or off campus, as opportunities are available and as the course load and schedule permits. Work schedules should allow sufficient time for study. Because nursing is a demanding academic major, students are cautioned to carefully balance the number of work hours with course requirements. Students employed in clinical agencies may not wear the TCU Nursing name tag or uniform during such employment. Students who are employed in a clinical setting must not sign their names as nursing students.

Health Professions Learning Center

The Health Professions Learning Center in the Annie Richardson Bass Building is available to nursing students to enhance independent learning and as a simulation and basic care lab for mastering clinical skills. In the Learning Center, students become active participants in an environment that facilitates both individual and small-group learning situations.

Testing Program

Students are required throughout the program to complete computer-based standardized assessments. Results provide a basis for review of individual achievement as well as program effectiveness.

Honors College

Nursing majors who plan to pursue departmental honors must be members of the Honors College and are advised carefully for such achievement. TCU Nursing supports and encourages participation in the Honors College.

Nursing Scholarships and Grants

A variety of scholarships and grants are available once students begin nursing coursework. Applications are made through the Office of Scholarships and Student Financial Aid.

Nursing Student Organization

The Texas Nursing Student Association and the National Student Nurses' Association provide opportunities to participate in local, state and national affairs. These organizations focus on the opportunities to participate in local, state, e roll of nurses within the community, and the future of the nursing profession. Meetings take place throughout the semester, locally and regionally.

Sigma Theta Tau International

Since 1970 the Beta Alpha Chapter of the International Honor Society for Nursing, Sigma Theta Tau, has selected members based on academic merit. Qualified students are invited to join during their junior or senior years.

Chi Eta Phi Sorority

Chi Eta Phi Sorority, Inc. is a national organization of registered professional nurses and nursing students. The organization serves to develop nursing leaders, encourage continuing education, and serve the community. All undergraduate nursing students are eligible to apply. Members are actively engaged in events on campus and in the community.

Social Work

Social Work

Social work is one of the human service professions. Social workers help individuals, groups and communities solve or relieve life problems using a variety of professional skills. The educational program integrates liberal arts courses with preparation for professional practice. The primary objective of the department is to prepare students as generalist practitioners for entry to beginning social work practice. An additional objective is to prepare students for admission to graduate schools of social work (eligible for advanced standing in most master's degree programs).

The curriculum includes content in social welfare policy and services, human behavior and the social environment, social work practice, research and practicum education. It focuses on values and ethics, populations at risk and diversity. Concurrent with their academic work, students are provided service-learning opportunities in several classes. During the senior year, students complete a concurrent placement (12 academic hours) of practicum education (internship) in two semesters in a public or private social agency selected in accord with the student's area of social work interest and educational needs.) Graduation with a BSW requires a "C" or better in all social work courses.

The Department of Social Work and the social work major (not the minor) are fully accredited at the baccalaureate level by the Council on Social Work Education (CSWE).

TCU's Department of Social Work does not discriminate on the basis of age, gender, race, color, ethnicity, national origin, handicap, veteran status, political beliefs or sexual orientation.

Gatekeeping

The social work profession has the legal and ethical responsibility to protect both society and the profession by assessing students' readiness to work with clients. This gatekeeping responsibility is outlined in the BSW Handbook and is based on adherence to the NASW Code of Ethics. The faculty discusses students' professional development and readiness to interact with clients during the practicum application process, which reinforces the gatekeeping process.

Admission to BSW Practicum Education

Students may declare the social work major at any time. Admission to BSW Practicum Education requires that students:

- Have attained junior status;
- Have a 2.25 or higher overall GPA;
- Complete or be enrolled in SOWO10833 Intro to Social Work, SOWO30833 Macro Social Work Practice, SOWO30843 Human Behav&Soc Envir I, SOWO30853 Human Behav&Soc Envir II, SOWO30863 Social Welfare Policy, SOWO30883 Micro Social Work Practice, SOWO40863 Social Work wth Groups&Fam, and SOWO40833 Field Seminar 2.
- Have a 2.5 GPA in social work and a "C" or better in all SOWO courses; and
- Make written application and receive faculty approval based on the application to evaluate readiness for practicum education. Practicum Education may be postponed or denied if the faculty finds the student insufficiently prepared or lacking required knowledge, skills or values.

Honors College

Social Work majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in SOWO30003 Honors Tutorial In Sowo during the spring semester of their junior year and SOWO40003 Senior Honors Res Proj during the fall semester of their senior year.

Interdisciplinary Studies

Students may undertake an interdisciplinary program with a double major in Social Work and another major, even when different degrees are involved (BA and BS). Programs such as Social Work and Religion Studies, Social Work and Psychology, and others require faculty advisers in both fields to coordinate course and degree planning.

Transfer Credit

Most core curriculum and related coursework from accredited universities will transfer. Social work courses from CSWE- accredited social work programs may be accepted toward the social work degree upon review of the syllabi from the transfer college/university.

Study Abroad

Students are encouraged to study abroad. The Department of Social Work expects that students take specific SOWO courses during junior and senior year, as well as internship during senior year, therefore it is recommended that study abroad occurs prior to junior year. Students should schedule study abroad accordingly.

Social Work Honor Society

The department sponsors the Iota Xi chapter of Phi Alpha, the national Social Work Honor Society. In accordance with the criteria set by the Phi Alpha Honor Society, invitation is extended to students in the top 35% of their class of their junior year.

Social Work Licensing

BSW students have the option to take Texas State Licensing Examination in their final semester in order to be licensed as LBSWs in Texas. Licensing may be transferable to other states. Additional information can be found about licensure at the Texas Behavioral Health Executive Council site for the Texas State Board of Social Work Examiners https://www.bhec.texas.gov/texas-state-board-of-social-worker-examiners/index.html

Student Association of Social Workers (SASW)

The Student Association of Social Workers (SASW) is a recognized organization of the University with membership open to all TCU students who are interested in social work. SASW offers an opportunity for BSW, MSW and other students to get involved in activities around campus and in the community. The organization began in the spring of 1978 in order to: Promote knowledge about social work at TCU, facilitate communication among students and between students and faculty, provide mutual support among students, and promote social action and community service.

Health Sciences, BS

Health Sciences, BS

The BS with a major in Health Sciences requires 24 hours offered by the department, 6 hours offered by another unit within the Harris College of Nursing and Health Sciences, and an additional 12-14 hours of TCU core requirements in the basic sciences, statistics, and psychology. A total of 120 hours are required for the degree.

1. Required Courses

A minimum of 24 credit hours offered by the Department. Currently offered courses include the following:

APHS10003 Survey Allied Hlth Prof	Survey of Allied Health Professions	3
APHS20103 Introduction to Public Health	Introduction to Public Health	3
APHS20203 Epidemiology & Biostatistics	Epidemiology & Biostatistics	3
APHS30003 Interprof Leader Teams	Interprofessional Leadership Teams in Healthcare	3
APHS30100 Special Topics	Special Topics in Health Sciences	3
APHS30201 Health Behavior & Promotion	Foundations of Health Behavior & Health Promotion	3
APHS30303 Health Commun: Consumer Persp	Health Communications	3
APHS30323 Consumer Health	Consumer Health	3
APHS43100 Internship	Internship in Health Sciences	1-3
APHS43200 Directed Research	Directed Research in Health Sciences	1-3

Students must select one of the following Health System courses:

APHS20003 Global Healthcare Systems	Global Healthcare Systems	3
APHS30333 Global Health Abroad	Global Health Abroad	3
APHS40303 U.S. Health System	Anatomy of the U.S. Health System	3

2. Elective Courses in the College of Nursing and Health Sciences.

Students must also complete a minimum of 6 hours offered by another Harris College of Nursing and Health Sciences unit.

3. Associated TCU Core Requirements in Basic Sciences, Statistics, and Psychology.

Students must complete 12-14 hours in basic sciences, statistics, and psychology.

Students must complete the following two courses:		
BIOL10003 Contemporary Issues in Biology	Contemporary Issues in Biology	3
MATH10043 Elementary Statistics	Elementary Statistics	3
Students must complete one of the following courses:		
CHEM10113 General Chemistry I	General Chemistry I	3
	OR	
CHEM10213 Applied General Chemistry 1	Applied General Chemistry I	3
	OR	
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
	OR	
PHYS30474 How the Human Body Works	How the Human Body Works	4
Students must select one of the following courses:		
PSYC10213 Introduction to Psychology	Introduction to Psychology	3
	OR	
PSYC10514 Principles of Behavior I	Principles of Behavior I	4

Health and Fitness, BS

Health and Fitness, BS

The health and fitness option provides the educational foundation required for pursuit of fitness-related careers. Students gain an understanding of the exercise prescription and assessment of general and athletic populations. In addition, students learn the planning, organization and administration of fitness and athletic conditioning programs and facilities.

Requirements

1. Core Curriculum (core hours depending on the number of coupled courses): (39-63 hours)

2. Major: Health and Fitness (50 hours)

Kinesiology Core Courses (14 hours)

KINE10101 Introduction to Kinesiology	Introduction to Kinesiology	1
KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE30403 Motor Behavior	Motor Behavior	3
KINE30623 Biomechanics	Biomechanics	3
KINE30634 Exercise Physiology	Exercise Physiology	4

Foundation Courses (27 hours)

HLTH30233 Exercise Neurophysiology	Sport and Exercise Neurophysiology	3
HLTH30423 Nutrition & Physical Activity	Nutrition and Physical Activity	3
HLTH40203 Study Of Human Disease	Study of Human Disease	3
KINE20313 Foundations of Sport Injuries	Foundations of Sport Injuries	3
KINE30523 Exercise Assessmnt&Prescriptn	Exercise Assessment and Prescription	3
KINE30713 Psychology of Sport	Psychology of Sport	3
	OR	
KINE30733 Exercise Psychology	Exercise Psychology	3
	OR	
KINE51413 Psych of Aging and Phys Act	Psychology of Aging and Physical Activity	3
	OR	
KINE51423 Psych of Injury in Phys Act	Psychology of Injury In Physical Activity	3
KINE30833 Phys Activity and Disability	Physical Activity and Disability	3
KINE40513 Principles of Strength & Cond	Principles of Strength and Conditioning	3
KINE40903 Senior Internship	Senior Internship	3

Emphasis Courses (choose 9 hours)

Clinical Emphasis

HLTH30203 Health & Stress Management	Health and Stress Management	3
KINE30843 Neuromuscular Pathophys	Neuromuscular Pathophysiology	3

Strength and Conditioning

KINE30343 Theory of Coaching	Theory of Coaching	3
KINE40543 Adv Strength and Conditioning	Advanced Strength and Conditioning	3

3. Associated Requirements (17 hours)

BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
MANA30153 Organizational Mana	Organizational Management	3
MATH10043 Elementary Statistics	Elementary Statistics	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3

4. Electives as needed to complete (120 hours)

Movement Science, BS

Movement Science, BS

The movement science option provides students with the educational background required for a variety of movement-based professions. Students who select this major often continue their education in graduate programs in kinesiology, athletic training, occupational therapy, physical therapy, physician associate, and other health professions. Students are advised to consult with their adviser as early as possible in order to coordinate elective courses with specific interests.

Requirements

1. Core Curriculum (core hours depending on the number of coupled courses): (39-63 hours)

2. Major: Movement Science (41 hours)

Kinesiology Core Courses (14 hours)

KINE10101 Introduction to Kinesiology	Introduction to Kinesiology	1
KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE30403 Motor Behavior	Motor Behavior	3
KINE30623 Biomechanics	Biomechanics	3
KINE30634 Exercise Physiology	Exercise Physiology	4

Foundation Courses (15 hours)

KINE30423 Motor Development	Motor Development	3
KINE30713 Psychology of Sport	Psychology of Sport	3
	OR	
KINE30733 Exercise Psychology	Exercise Psychology	3
	OR	
KINE51413 Psych of Aging and Phys Act	Psychology of Aging and Physical Activity	3
	OR	
KINE51423 Psych of Injury in Phys Act	Psychology of Injury In Physical Activity	3
KINE30843 Neuromuscular Pathophys	Neuromuscular Pathophysiology	3
KINE40103 Seminar In Kinesiology	Seminar in Kinesiology	3
KINE40903 Senior Internship	Senior Internship	3

Emphasis Courses (choose 12 hours)

HLTH30233 Exercise Neurophysiology	Sport and Exercise Neurophysiology	3
HLTH30423 Nutrition & Physical Activity	Nutrition and Physical Activity	3
HLTH40203 Study Of Human Disease	Study of Human Disease	3
KINE20313 Foundations of Sport Injuries	Foundations of Sport Injuries	3
KINE30523 Exercise Assessmnt&Prescriptn	Exercise Assessment and Prescription	3
KINE30833 Phys Activity and Disability	Physical Activity and Disability	3
KINE40793 Senior Research in KINE	Senior Research in Kinesiology	3

3. Associated Requirements (27 hours)

BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10125 General Chemistry II with Lab	General Chemistry II with Laboratory	5
MATH10043 Elementary Statistics	Elementary Statistics	3
MATH10054 Precalculus with Trigonometry	Precalculus with Trigonometry	4
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4

4. Electives as needed to complete (120 hours)

Movement Science/MS Athletic Training (MOSC 3+2)

Movement Science/MS Athletic Training (MOSC 3+2)

The 3+2 option allows students to complete a Bachelor of Science in Kinesiology (Movement Science (MOSC) Option) in combination with a Master of Science in Athletic Training in only 5 years (3 pre-professional years plus 2 professional years leading to two separate degrees). Students must complete 110 hours in the pre-professional track for the MOSC degree, maintain a 3.0 overall GPA, earn a C or better in all courses required for the MOSC degree and/or program prerequisites, and complete a secondary application process to progress to the professional program. This program is intended for students entering as first-year students or students who transfer/change majors early in their undergraduate education. Transfer students should be aware that it may take additional time

to complete all undergraduate and graduate requirements. Please refer to the TCU Graduate Catalog for additional information regarding the Master of Science in Athletic Training or visit the TCU Athletic Training Program website: https://harriscollege.tcu.edu/athletic-training/

Requirements

1. Core Curriculum (core hours depending on the number of coupled courses): (39-63 hours)

Major: Movement Science (41 hours)

Kinesiology Core (14 hours)

KINE10101 Introduction to Kinesiology	Introduction to Kinesiology	1
KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE30403 Motor Behavior	Motor Behavior	3
KINE30623 Biomechanics	Biomechanics	3
KINE30634 Exercise Physiology	Exercise Physiology	4

Foundation Courses (9 hours)

KINE30423 Motor Development	Motor Development	3
KINE30713 Psychology of Sport	Psychology of Sport	3
	OR	
KINE30733 Exercise Psychology	Exercise Psychology	3
KINE30843 Neuromuscular Pathophys	Neuromuscular Pathophysiology	3

Emphasis Courses (choose 12 hours)

HLTH30233 Exercise Neurophysiology	Sport and Exercise Neurophysiology	3
HLTH30423 Nutrition & Physical Activity	Nutrition and Physical Activity	3
HLTH40203 Study Of Human Disease	Study of Human Disease	3
KINE20313 Foundations of Sport Injuries	Foundations of Sport Injuries	3
KINE30523 Exercise Assessmnt&Prescriptn	Exercise Assessment and Prescription	3
KINE30833 Phys Activity and Disability	Physical Activity and Disability	3

3. Associated Requirements (27 hours)

BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10125 General Chemistry II with Lab	General Chemistry II with Laboratory	5
MATH10043 Elementary Statistics	Elementary Statistics	3
MATH10054 Precalculus with Trigonometry	Precalculus with Trigonometry	4
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4

4. MSAT Requirements (Pre-Professional)

PSYC10213 Introduction to Psychology	Introduction to Psychology	3
BIOL10003 Contemporary Issues in Biology	Contemporary Issues in Biology	3
HLTH20203 Health & Wellness Concepts	Health and Wellness Concepts	3
NTDT30331 Medical Terminology	Medical Terminology	1

5. Summer Bridge Courses

6. Complete Master of Science in Athletic Training Curriculum (includes Summer Bridge Courses): See TCU Graduate Catalog

Nursing, BSN

Nursing, BSN

Requirements

Students must meet the following requirements to enroll in the first semester of nursing coursework.

- The following prerequisites must be completed with a grade of "C" or higher before entering the first nursing courses.

BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
BIOL20234 Microbiology of Human Disease	Microbiology of Human Disease	4
NURS10303 Human Development	Human Development	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3
SOCI20213 Introductory Sociology	Introductory Sociology	3
MATH10043 Elementary Statistics	Elementary Statistics	3
NTDT20403 Nutrition	Nutrition	3

- Enrollment in all nursing courses is limited to nursing majors and requires at least a 2.5 TCU cumulative GPA. Students who are repeatedly unable to achieve or maintain a 2.5 GPA prior to enrollment in nursing courses will be discontinued from the major.
- Prerequisite sciences must be completed within five (5) years of application to the program. Sciences include A&P 1 and 2, and Microbiology.
- Current American Heart Association cardiopulmonary resuscitation (CPR) for health care providers card. (Online CPR courses do not meet this requirement.)
- Documentation of required immunizations and other documents (contact TCU Nursing for list).
- Completion of the Test of Essential Academic Skills (TEAS) entrance exam.
- Documentation of health insurance.
- Drug screen and criminal background check as required by health care agencies and BON.

Nursing Curriculum Plan

TCU Nursing, has an innovative curriculum designed to prepare graduates to work in a wide variety of agencies, clinics, home care agencies, and other community facilities in addition to hospitals and extended-care facilities. Emphasis in classrooms and patient care settings is on the development of critical thinking, clinical reasoning and

decision-making. Students are expected to assume considerable responsibility for their own learning. They are expected to become increasingly independent in the exercise of clinical judgment and in application of nursing process to a variety of nursing problems and situations.

Nursing courses constitute approximately one-half of the four-year program. The sequence of nursing courses provides learning experiences in all major practice areas and in a variety of institutions and agencies in and around the Fort Worth-Dallas Metroplex.

Courses within the program and the sequence are designed to promote student success. Once enrolled in TCU Nursing clinical coursework, classes must be taken and retaken at TCU. As such, transfer credit will only be allowed for NURS10303 Human Development and NURS20363 Pathophysiology after syllabus review indicates the course is equivalent to the TCU course.

Beginning in Spring 2026, there will be some revisions to the curriculum occurring in some but not all semesters. Please see the detailed changes in the semesters below. There are no changes to the prerequisite course requirements.

Typical Schedule

Schedules for TCU Core Curriculum courses may vary for individual students.

First-year

Semester 1

BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
ENGL10803 Intro Comp:Writing as Inquiry	Introductory Composition: Writing as Inquiry	3
FAR	Fine Arts Elective	3
OCO	Oral Communication	3
BIOL30463 Introductory Neuroscience	Introduction to Psychology	3
Total Credit Hours:		16

Semester 2

BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
NTDT20403 Nutrition	Nutrition	3
SOCI20213 Introductory Sociology	Introductory Sociology	3
HT	Historical Traditions	3
HUM	Humanities Elective	3
Total Credit Hours:		16

Sophomore Year

Semester 1

BIOL20234 Microbiology of Human Disease	Microbiology of Human Disease	4
ENGL20803 Intermed Comp:Writing Argument	Intermediate Composition: Writing Argument	3
MATH10043 Elementary Statistics	Elementary Statistics	3
RT	Religious Traditions	3
NURS10303 Human Development	Human Development	3
Total Credit Hours:		16

Semester 2

NURS20043 Member of Nrsg Profession	Professional Role I: Member of the Profession	3
NURS20263 Health Assessment:Concepts	Health Assessment: Concepts	3
NURS20271 Health Assessment: Practicum	Health Assessment: Practicum	1
NURS20363 Pathophysiology	Pathophysiology	3
LT/HUM	Literary Traditions/Humanities	3
	Elective*	3
Total Credit Hours:		16

Beginning Spring 2026 Semester 2 will consist of:

NURS20043 Member of Nrsg Profession	Professional Role 1: Member of the Profession	3
NURS20263 Health Assessment:Concepts	Health Assessments: Concepts	3
NURS20272 Nrsg Skills Pract 1	Nursing Skills Practicum	2
NURS20363 Pathophysiology	Pathophysiology	3
LT/HUM	Literary Traditions/Humanities	3
	*Elective	3
Total Credit Hours:		17

***Choice of elective will depend on other choices made within the HMVV and HEE**

Junior Year

Summer work in non-nursing courses is recommended prior to junior year

Semester 1

NURS30163 Pharmacotherapeutics	Pharmacotherapeutics	3
NURS30263 Foundations Nrsg Care Concepts	Foundations of Nursing Care: Concepts	3
NURS30182 Foundations Nrsg Care Clinical	Foundations of Nursing Care: Clinical	2
NURS30171 Nursing Skills Practicum 2	Foundations of Nursing Care: Practicum	1
NURS30243 Member of Healthcare Team	Professional Role II: Member of the Healthcare Team	3
	Elective*	3
Total Credit Hours:		15

There are no changes to the Junior Year Semester 1 courses in the revised curriculum

Semester 2

NURS30563 Adults Hlth Alts I: Concepts	Care of Adults with Health Alterations I: Concepts	3
NURS30582 Adults Hlth Alts I: Clinical	Adults with Health Alterations I: Clinical	2
NURS30663 Behavioral Hlth Nrsg Concepts	Behavioral Health Nursing: Concepts	3
NURS30682 Behavioral Hlth Nrsg Clinical	Behavioral Health Nursing: Clinical	2
NURS30633 Research Evidence Based Nrsg	Professional Role III: Member of the Research and Evidence Based Practice Community	3
NURS30671 Clinical Reasoning Sim I	Clinical Reasoning and Simulation I	1
Total Credit Hours:		14

Beginning in Spring 2027 Junior Year Semester 2 will consist of:

NURS30563 Adults Hlth Alts I: Concepts	Care of Adults with Health Alterations I: Concepts	3
NURS30582 Adults Hlth Alts I: Clinical	Adults with Health Alterations I: Clinical	2
NURS30663 Behavioral Hlth Nrsg Concepts	Behavioral Health Nursing: Concepts	3
NURS30681 Behavioral Hlth Nrsg Clinical	Behavioral Health Nursing: Clinical	1
NURS30633 Research Evidence Based Nrsg	Professional Role III: Member of the Research and Evidence Based Practice Community	3
NURS30671 Clinical Reasoning Sim I	Clinical Reasoning and Simulation I	1
Total Credit Hours:		13

Senior Year

Semester 1

NURS40563 Adults Hlth Alts II: Concepts	Care of Adults with Health Alterations II: Concepts	3
NURS40582 Adults Hlth Alts II: Clinical	Adults with Health Alterations II: Clinical	2
NURS40663 Maternal Chld Fam Nrsg Cncpts	Maternal, Child and Family Nursing Concepts	3
NURS40682 Maternal,Chld Fam Nrsg Clin	Maternal, Child and Family Nursing: Clinical	2
NURS40672 Clinical Reasoning Sim II	Clinical Reasoning in Simulation II	2
	Elective	3
Total Credit Hours:		15

Beginning in Fall 2027, Senior Year Semester 1 will consist of:

NURS40563 Adults Hlth Alts II: Concepts	Care of Adults with Health Alterations II: Concepts	3
NURS40582 Adults Hlth Alts II: Clinical	Adults with Health Alterations II: Clinical	2
NURS40662 Pediatric Nursing: Concepts	Pediatric Nursing: Concepts	2
NURS40661 Pediatric Nursing: Clinical	Pediatric Nursing: Clinical	1
NURS40562 Maternity Nrsg Concepts	Maternity Nursing: Concepts	2
NURS40681 Maternity Nursing: Clinical	Maternity Nursing: Clinical	1
NURS40671 Clinical Reasoning Sim II	Clinical Reasoning in Simulation II	1
	Elective	3
Total Credit Hours:		15

Semester 2

NURS40763 Leadership Nursing Practice	Leadership in Nursing Practice: Concepts	3
NURS40783 Transition Practice: Clinical	Transition into Practice: Clinical	3
NURS40863 Public Health Nrsg: Concepts	Public Health Nursing: Concepts (CSV)	3
NURS40882 Public Health Nrsg: Clinical	Public Health Nursing: Clinical	2
NURS40871 Clinical Reasoning in Sim	Clinical Reasoning in Simulation	1
NURS40001 NCLEX Review	NCLEX (National Council Licensure Examination in Nursing) Review	1
Total Credit Hours:		13
Subtotal:		
*Choice of elective will depend on the student degree plan		121

There are no changes to the Senior Year Semester 2 courses in the revised curriculum

Physical Education, BS

Physical Education, BS

The physical education option provides the educational preparation for a career in the teaching profession. Students earn a degree that prepares them to teach physical education in grades K-12. The addition of the strength and conditioning emphasis provides the knowledge and skills necessary to become a strength and conditioning coach. In order to earn a teaching certification, students must comply with the requirements described in the College of Education section of the catalog. Specific requirements involve criteria for admission and retention to the teacher education program and admission to student teaching.

Requirements

1. Core Curriculum (core hours depending on the number of coupled courses): (39-63 hours)

2. Major: Physical Education (41 hours)

Kinesiology Core (14 hours)

KINE10101 Introduction to Kinesiology	Introduction to Kinesiology	1
KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE30403 Motor Behavior	Motor Behavior	3
KINE30623 Biomechanics	Biomechanics	3
KINE30634 Exercise Physiology	Exercise Physiology	4

Foundation Courses (24 hours)

KINE20313 Foundations of Sport Injuries	Foundations of Sport Injuries	3
KINE20403 PHED For Elem Sch Chldrn	Physical Education for Elementary School Children	3
KINE30343 Theory of Coaching	Theory of Coaching	3
KINE30423 Motor Development	Motor Development	3
KINE30833 Phys Activity and Disability	Physical Activity and Disability	3
KINE40313 Sport Skills Techn & Analysis	Individual and Dual Sports	3
KINE40623 PE For Secondary Youth	Physical Education for Secondary School Youth	3
KINE40633 Teach Outdoor Ed-Sec Sch	Teaching Outdoor Education in the Secondary School	3

Emphasis Courses (choose 6 hours)

KINE30713 Psychology of Sport	Psychology of Sport	3
KINE30733 Exercise Psychology	Exercise Psychology	3
KINE30423 Motor Development	Motor Development	3

3. Associated Requirements (25 hours)

EDUC20003 Crit Investgatn:Teach&Learning	Critical Investigation: Teaching and Learning	3
EDUC30001 Professional Practice Seminar	Professional Practice Seminar	1
EDUC41113 Schools, Curr, & Society	Schools, Curriculum, and Society	3

4. Electives as needed to complete (120 hours)

Physical Education with Strength and Conditioning, BS

Physical Education with Strength and Conditioning, BS

The physical education portion of this option provides students with the educational preparation for a career in the teaching profession. Students earn a degree that enable them to teach physical education in grades K-12. The addition of the strength and conditioning emphasis adds the knowledge and skills necessary to become a strength and conditioning coach. To earn a teaching certification, students must meet and comply with the requirements described in the "Teacher Education Program" section of this bulletin. Specific requirements involve criteria for admission and retention to the teacher education program, and admission to student teaching.

Requirements

1. Core Curriculum (core hours depending on the number of coupled courses): (39-63 hours)

2. Major: Physical Education with Strength and Conditioning (53 hours)

Kinesiology Core (14 hours)

KINE10101 Introduction to Kinesiology	Introduction to Kinesiology	1
KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE30403 Motor Behavior	Motor Behavior	3
KINE30623 Biomechanics	Biomechanics	3
KINE30634 Exercise Physiology	Exercise Physiology	4

Foundation Courses (24 hours)

KINE20313 Foundations of Sport Injuries	Foundations of Sport Injuries	3

4. Electives as required (120 hours)

Social Work, BSW

Social Work, BSW

The Bachelor of Social Work (BSW) degree is available. Social work is also available as a double major on the BS or BA degrees and as a minor on most degrees.

Requirements for the BSW total 120 semester hours

Include:

PSYC10213 Introduction to Psychology	Introduction to Psychology	3

The following 3 hours are considered foundation courses and should be taken according to course prerequisites and requirements:

Foundation Courses 9 semester hours:

SOWO10833 Intro to Social Work	Introduction to Social Work	3
SOWO30863 Social Welfare Policy	Social Welfare Policy	3
SOCI20213 Introductory Sociology	Introductory Sociology	3
	OR	
SOCI20223 Social Problems	Social Problems	3

Social Work Courses 33 semester hours:

SOWO30833 Macro Social Work Practice	Macro Social Work Practice	3
SOWO30843 Human Behav&Soc Envir I	Human Behavior and Social Environment I	3
SOWO30853 Human Behav&Soc Envir II	Human Behavior and Social Environment II	3
SOWO30883 Micro Social Work Practice	Micro Social Work Practice	3
SOWO40813 Research Methods in SOWO	Research Methods in Social Work	3
SOWO40863 Social Work wth Groups&Fam	Social Work with Groups and Families	3
SOWO40883 Diversity and Social Justice	Diversity and Social Justice	3
SOWO40823 Field Seminar I	Practicum Seminar I	3
SOWO40833 Field Seminar 2	Practicum Seminar 2	3
SOWO40843 Field Education I	Practicum Education I	3
SOWO40893 Field Education II	Practicum Education II	3

Nine hours chosen from SOWO electives:

SOWO30433 Social Work with Children	Social Work Practice with Children	3
SOWO30523 Addictions	Addictions	3
SOWO30533 Soc Work in Crim Just Syst	Social Work in the Criminal Justice System	3
SOWO30573 Child Welfare	Child Welfare	3
SOWO40413 Animal Asstd Therapy and SW	Animal Assisted Therapy and Social Work	3
SOWO40433 Intimate Partnr Viol & SOWO	Intimate Partner Violence & Social Work	3
SOWO40443 School Social Work	School Social Work	3
SOWO40473 Homelessness in the US	Homelessness in the US	3
SOWO40513 Approaches to Healthy Aging	Approaches to Healthy Aging	3
SOWO40523 Law & Social Work	Law and Social Work	3
SOWO40543 Social Work with Older Adults	Social Work with Older Adults	3
SOWO40563 Grief and Loss	Grief and Loss	3
SOWO40573 Community Mental Health	Community Mental Health	3
SOWO40583 Developmental Disabilities	Developmental Disabilities	3

The following options may also be taken to meet the social work elective requirement. Prior approval of the BSW program director should be obtained before taking these courses to meet major requirement.

CHDV30223 Fundamentals of Play	Fundamentals of Play	3
CRJU30453 Juvenile Justice	Juvenile Justice	3
HCHS30653 Intro to Aging	Intro to Aging	3
HCHS30783 Dementia Care	Dementia Care	3
SOWO30003 Honors Tutorial In Sowo	Honors Tutorial in Social Work	3
SOWO40003 Senior Honors Res Proj	Senior Honors Research Project	3
SOWO40510 Dir Study: Social Work	Directed Study in Social Work	1-20
SOWO40520 Con Topics: Social Work	Contemporary Topics in Social Work	1-3
WGST30203 SJ Organizing & Activism	Social Justice Organizing and Activism	3

Speech, Language & Hearing Sciences, BS Speech-Language Pathology, Emphasis Track

Speech, Language & Hearing Sciences, BS Speech, Language Pathology, Emphasis Track

Speech-Language Pathology, Emphasis Track

The BS with a major in speech, language & hearing sciences, speech-language pathology emphasis track, requires 120 semester hours as follows:

Core Curriculum: 39-63 hours

- Must include MATH10043 Elementary Statistics
- Must include BIOL
- Must include PHYS or CHEM

Speech-Language Pathology Emphasis Track: 43 semester hours

COSD10303 Survey of Comm Disorders	Survey of Communication Disorders	3
COSD20303 Speech & Hearing Science	Speech and Hearing Science	3
COSD20333 Phonetics	Phonetics	3
COSD40363 Evidence-Based Pract in COSD	Evidence-Based Practice in Communication Sciences and Disorders	3
COSD20503 Anat/Phys Speech&Hearing	Anatomy and Physiology of the Speech and Hearing Mechanisms	3
COSD30324 Speech Sound Disorders	Speech Sound Disorders	4
COSD30334 Language Develop in Children	Language Development in Children	4
COSD30343 Aural Rehabilitation	Aural Rehabilitation	3
COSD30524 Clinical Methods:Sp-Lang Path	Clinical Methods	4
COSD30363 Audiology	Audiology	3
COSD30373 Language Disorders in Children	Language Disorders in Children	3
COSD40353 Neuro Substrates of Com&Swal	Neuro Substrates of Communication and Swallowing	3
COSD40300 Clin Prac in SLP:I	Clinical Practicum in SLP	2
COSD40300 Clin Prac in SLP:I	Clinical Practicum in SLP	2

Supporting Areas (COSD Electives): 6 semester hours

Electives: 7-16 semester hours

Suggested Courses for First-year

Fall

COSD10303 Survey of Comm Disorders	Survey of Communication Disorders	3
COSD20503 Anat/Phys Speech&Hearing	Anatomy and Physiology of the Speech and Hearing Mechanisms	3
NSC	Natural Sciences	3
MATH10043 Elementary Statistics	Elementary Statistics	3
HUM	Humanities Electives	3
Total		15

Spring

ENGL10803 Intro Comp:Writing as Inquiry	Written Communication I	3
NSC	Natural Sciences	3
SSC	SSC Elective	3
HUM	Humanities Elective	3
FAR	Fine Arts Elective	3
Total		15

In addition to the academic credit distribution, students must meet the following requirements:

1. Have a "C" or better in all COSD courses and in MATH10043 Elementary Statistics, one biological science course, one physical science course (CHEM or PHYS) and one social/behavioral science course.

2. Earn at least 25 hours of supervised clinical observation through enrollment in COSD30524 Clinical Methods:Sp-Lang Path, COSD40300 Clin Prac in SLP:I and COSD50300 Clin Pract:Spch-Lang II.

3. Prior to serving as student clinicians in a clinical setting, present satisfactory evidence of acceptable results from a criminal background check arranged by the Davies School of Communication Sciences and Disorders. Background checks must be completed within the 30 days prior to the start of that academic semester.

4. Have a TCU cumulative GPA of at least 3.00, a grade of "C" or above in all COSD coursework, one math course, one physical science course, one social/behavioral science course and biological sciences prior to graduation.

5. Be recommended for enrollment in COSD40300 Clin Prac in SLP:I and COSD50300 Clin Pract:Spch-Lang II by COSD faculty; recommendation is based on fulfillment of expectations specified in the clinic handbook and on:

- Performance in COSD coursework;
- Have a TCU cumulative GPA of at least 3.00, a grade of “C” or above in all completed COSD coursework.

Transfer credit will only be allowed for COSD10303 Survey of Comm Disorders, COSD20303 Speech & Hearing Science, COSD20333 Phonetics, and COSD20503 Anat/Phys Speech&Hearing Anatomy and Physiology of the Speech and Hearing Mechanisms after a review of the syllabus for the course indicating it is an equivalent to the TCU course.

Note: This should be viewed as a pre-professional degree. Students selecting this major will need to continue studies at the graduate level in order to meet standards for licensure as a speech-language pathologist and for certification by the American Speech-Language-Hearing Association (ASHA). The graduate program in speech-language pathology at TCU is accredited by the ASHA'S Council on Academic Accreditation. Admission to the program is competitive and based on applicant qualifications.

Speech-Language & Hearing Sciences, BS Deaf and Hard of Hearing Education Studies, Emphasis Track

Speech, Language & Hearing Sciences, BS Deaf and Hard of Hearing Studies, Emphasis Track

The BS with a major in speech, language & hearing sciences, deaf and hard of hearing education studies emphasis track, requires 120 semester hours as follows:

1. TCU Core Curriculum: 39 - 63 semester hours

BIOL10003 Contemporary Issues in Biology	Contemporary Issues in Biology	3
GEOG10003 World Regional Geography	World Regional Geography	3
POSC10133 American & Tex Govrnmnt	American and Texas Government	3
HIST10603 US Hist: Survey To 1877	US Hist: Survey to 1877	3
	OR	
HIST10613 US Hist: Surv Since 1877	US Hist: Survey Since 1877	3

2. Habilitation of the DHH: 49 semester hours

COSD10343 Basic Sign Language	Basic Sign Language	3
COSD20303 Speech & Hearing Science	Speech and Hearing Science	3
COSD20333 Phonetics	Phonetics	3
COSD20343 Intermediate Sign Language	Intermediate Sign Language	3
COSD20503 Anat/Phys Speech&Hearing	Anatomy and Physiology of the Speech and Hearing Mechanisms	3
COSD30334 Language Develop in Children	Language Development in Children	4
COSD30343 Aural Rehabilitation	Aural Rehabilitation	3
COSD30353 Tch Elementary Sch to DHH	Teaching Elementary School Subjects to DHH Children	3
COSD30363 Audiology	Audiology	3
COSD30383 American Sign Language III	American Sign Language 1	3
COSD30393 Language Dev of DHH	Language Development of DHH	3
COSD40323 Adv Language Dev for DHH	Advanced Language Development of DHH	3
COSD40333 Tch Spkn Lang-Persns Hrg Loss	Teaching Spoken Language to Persons with Hearing Loss	3
COSD40340 Clinical Lab 1	Clinical Lab 1	2
COSD40350 Clin Prac:Teachng DHH II	Clinical Practicum in DHH	2
COSD40350 Clin Prac:Teachng DHH II	Clinical Practicum in DHH	2
COSD40383 American Sign Language II	American Sign Language II	3

3. **College of Education: 25 semester hours**

EDUC30001 Professional Practice Seminar	Professional Practice Seminar	1
EDUC41113 Schools, Curr, & Society	Schools, Curriculum, and Society	3
EDUC30123 Educational Psychology	Educational Psychology	3
EDUC30143 Child & Adolescent Dev	Child and Adolescent Development	3
EDUC40213 Promot Literacy: Content Areas	Promoting Literacy in the Content Areas	3
EDUC50063 Sem: Teach Gift&Talented	Seminar in Teaching Gifted and Talented Students	3
EDUC30603 Study of Exceptional Students	Study of Exceptional Students	3
EDUC40966 All Level Student Teaching	All Level Student Teaching	6

In addition to the academic credit distribution, students must meet the following requirements:

1. Must have a “C” or better in COSD and College of Education courses.

2. Prior to serving as junior clinicians in a clinical setting, students must present satisfactory evidence of acceptable results from a criminal background check arranged by the Davies School of Communication Sciences & Disorders. Background checks must be completed within the 30 days prior to the start of that academic semester.

3. Complete 75 hours of clinical practice, at least two semesters of COSD40340 Clinical Lab 1 and one semester of COSD40350 Clin Prac:Teachng DHH II.

4. TCU cumulative GPA of at least 2.75 and a 2.75 GPA in COSD courses before enrolling in COSD40340 Clinical Lab 1.

◦ Students must be recommended for enrollment in COSD40350 Clin Prac:Teachng DHH II by COSD faculty. Recommendation is based on fulfillment of expectations specified in the clinic handbook and on:

◦ Performance in COSD coursework;

◦ Previous clinical experience and performance; and

◦ Fluency in sign language as judged by course instructor.

5. Transfer credit will only be allowed for COSD 10343, COSD 20303, COSD 20333 and COSD 20503 after a review of the syllabus for the course indicating it is an equivalent to the TCU course. An additional 3 hours of credit may be given in one of the following courses after meeting with the professor for a proficiency exam: COSD 20343 Intermediate Sign or COSD 30383 ASL 1.

Suggested Courses for First-year

Note: This should be viewed as a pre-professional degree. Students selecting this major will need to continue studies at the graduate level in order to meet standards for licensure as an audiologist and for certification by the American Speech-Language-Hearing Association (ASHA).

Coaching Minor

Coaching Minor

The minor in coaching requires 18 hours as follows:

KINE20313 Foundations of Sport Injuries	Foundations of Sport Injuries	3
KINE40313 Sport Skills Techn & Analysis	Sport Skills & Technique Analysis	3
KINE30343 Theory of Coaching	Theory of Coaching	3
KINE30713 Psychology of Sport	Psychology of Sport	3
KINE40513 Principles of Strength & Cond	Principles of Strength and Conditioning	3
KINE30443 Coaching Pedagogy & Practice	Coaching Pedagogy & Practice	3

Deaf and Hard of Hearing Minor

Deaf and Hard of Hearing Minor - 18 hours

Minor in Deaf and Hard of Hearing Studies (COMD) students must take COSD10303 Survey of Comm Disorders and COSD10343 Basic Sign Language and also choose 12 credit hours from the following coursework:

COSD20303 Speech & Hearing Science	Speech and Hearing Science	3
COSD20343 Intermediate Sign Language	Intermediate Sign Language	3
COSD20503 Anat/Phys Speech&Hearing	Anatomy and Physiology of the Speech and Hearing Mechanisms	3
COSD30203 Lang Development Non Majors	Language Development for Non-majors	3
COSD30353 Tch Elementary Sch to DHH	Teaching Elementary School Subjects to DHH Children	3
COSD30383 American Sign Language III	American Sign Language I	3
COSD30393 Language Dev of DHH	Language Development of DHH	3
COSD40323 Adv Language Dev for DHH	Advanced Language Development for DHH	3
COSD40333 Tch Spkn Lang-Persns Hrg Loss	Teaching Spoken Language to Persons with Hearing Loss	3
COSD40353 Neuro Substrates of Com&Swal	Neurological Substrates of Communication and Swallowing	3
COSD40383 American Sign Language II	American Sign Language II	3
COSD50323 Interact Skills Health Prof	Interaction Skills for Health Professionals	3

Fitness Minor

Fitness Minor

The minor in fitness requires 19 hours as follows:

KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE30523 Exercise Assessmnt&Prescriptn	Exercise Assessment and Prescription	3
KINE30634 Exercise Physiology	Exercise Physiology	4
KINE40513 Principles of Strength & Cond	Principles of Strength and Conditioning	3

Choose 6 additional hours:

KINE20313 Foundations of Sport Injuries	Foundations of Sport Injuries	3
KINE30343 Theory of Coaching	Theory of Coaching	3
KINE40543 Adv Strength and Conditioning	Advanced Strength and Conditioning	3

Health Minor

Health Minor

The minor in health requires 18 or 19 hours as follows:

HLTH20203 Health & Wellness Concepts	Health and Wellness Concepts	3
HLTH30233 Exercise Neurophysiology	Sport and Exercise Neurophysiology	3
HLTH30203 Health & Stress Management	Health and Stress Management	3
HLTH30423 Nutrition & Physical Activity	Nutrition and Physical Activity	3

Choose two of the following:

HLTH30213 Hlt Aspct/Human Sexualty	Health Aspects of Human Sexuality	3
HLTH40203 Study Of Human Disease	Study of Human Disease	3
KINE30634 Exercise Physiology	Exercise Physiology	4
KINE30733 Exercise Psychology	Exercise Psychology	3

HLTH30213 Hlt Aspct/Human Sexualty Recommended for students entering the teacher preparation field.

HLTH40203 Study Of Human Disease Recommended for students entering medical or allied health fields.

Movement Science Minor

Movement Science Minor

The minor in movement science requires 19 hours as follows:

KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE30403 Motor Behavior	Motor Behavior	3
KINE30423 Motor Development	Motor Development	3
KINE30623 Biomechanics	Biomechanics	3
KINE30634 Exercise Physiology	Exercise Physiology	4

Elective Courses (choose 3 hours)

KINE30523 Exercise Assessmnt&Prescriptn	Exercise Assessment and Prescription	3
KINE30713 Psychology of Sport	Psychology of Sport	3
KINE30833 Phys Activity and Disability	Physical Activity and Disability	3

Physical Education Minor

Physical Education Minor

This minor is designed for individuals who want to teach physical education as a second teaching field. This minor alone will not suffice for certification. To obtain Texas teacher certification, students must hold or achieve a bachelor's degree in another teaching field and have completed the 31 additional course hours in the Teacher Education Program of the University. Students must also have successfully completed the appropriate state certification exams for the subject and grade level they wish to teach.

The minor in physical education requires 18 hours as follows:

KINE10603 Anatomical Kinesiology	Anatomical Kinesiology	3
KINE20403 PHED For Elem Sch Chldrn	Physical Education for Elementary School Children	3
KINE30803 Adapted Physical Activty	Adapted Physical Activity	3
	OR	
KINE30833 Phys Activity and Disability	Physical Activity and Disability	3
KINE40623 PE For Secondary Youth	Physical Education for Secondary School Youth	3

Choose two of the following:

KINE30423 Motor Development	Motor Development	3
KINE30623 Biomechanics	Biomechanics	3
KINE30634 Exercise Physiology	Exercise Physiology	4
HLTH30423 Nutrition & Physical Activity	Nutrition and Physical Activity	3

Social Work Minor

Social Work Minor

Requirements

A minor in social work requires 18 hours of SOWO courses, including

SOWO10833 Intro to Social Work	Introduction to Social Work	3
SOWO40883 Diversity and Social Justice	Diversity and Social Justice	3
	At least one of the following three courses:	
SOWO30863 Social Welfare Policy	Social Welfare Policy	3
	OR	
SOWO30843 Human Behav&Soc Envir I	Human Behavior and Social Environment I	3
	OR	
SOWO30853 Human Behav&Soc Envir II	Human Behavior and Social Environment II	3

Additional courses are to be selected from the social work curriculum, excluding SOWO40823 Field Seminar I, 40843, 40833, and 40893.

A grade of "C" or better is required in all social work courses for the minor.

Speech Language Pathology Minor

Speech Language Pathology Minor - 18 hours

Minor in Speech Language Pathology (COMS) students must take COSD10303 Survey of Comm Disorders and COSD10343 Basic Sign Language and also choose 12 credit hours from the following coursework

COSD20303 Speech & Hearing Science	Speech and Hearing Science	3
COSD20333 Phonetics	Phonetics	3
COSD20503 Anat/Phys Speech&Hearing	Anatomy and Physiology of the Speech and Hearing Mechanisms	3
COSD30203 Lang Development Non Majors	Language Development for Non-majors	3
COSD30334 Language Develop in Children	Language Development in Children	4
COSD30343 Aural Rehabilitation	Aural Rehabilitation	3
COSD30363 Audiology	Audiology	3
COSD30373 Language Disorders in Children	Language Disorders in Children	3
COSD40353 Neuro Substrates of Com&Swal	Neurological Substrates	3
COSD50323 Interact Skills Health Prof	Interaction Skills for Health Professionals	3

Sport and Exercise Psychology Minor

Sport and Exercise Psychology Minor

The minor in coaching requires 18 hours as follows:

KINE30713 Psychology of Sport	Psychology of Sport	3
KINE30733 Exercise Psychology	Exercise Psychology	3

Choose four of the following:

HLTH30203 Health & Stress Management	Health and Stress Management	3
KINE30343 Theory of Coaching	Theory of Coaching	3
KINE30403 Motor Behavior	Motor Behavior	3
KINE30723 Sociology of Sport	Sociology of Sport	3
KINE51413 Psych of Aging and Phys Act	Psychology of Aging and Physical Activity	3
KINE51423 Psych of Injury in Phys Act	Psychology of Injury in Physical Activity	3

The John V. Roach Honors College

The John V. Roach Honors College

Mission

The John V. Roach Honors College seeks to support highly motivated students in their quest for intellectual, ethical, and personal growth. To this end, the Roach Honors College strives to:

- offer a flexible, relevant, empowering curriculum
- examine complex questions from a plurality of perspectives
- promote interdisciplinary and community-engaged learning
- design unique learning environments in which students explore life-changing questions
- cultivate students' curiosity and autonomy
- encourage ethical engagement and cultural humility in local and global communities

Roach Honors Student Pledge

As a member of the John V. Roach Honors College, I pledge to dedicate myself to intellectual inquiry, life-long learning, and critical thinking, to demonstrate personal and academic integrity, and to engage others in earnest and respectful discussion with an open mind.

Roach Honors College Admission

Admission to the John V. Roach Honors College requires completion of an online application in addition to the general TCU application. Applicants undergo a holistic review that includes two supplemental essays as well as high school GPA, strength of curriculum, and other TCU application materials.

Continuing and transfer TCU students who currently have or will have completed a minimum of 12 graded hours at TCU and earned a TCU cumulative GPA of 3.5 or higher by the end of the semester are eligible to apply for admission to the Roach Honors College.

Roach Honors College Curricula and Completion Levels

The Roach Honors College offers a two-tiered curriculum, leading to three possible levels of Honors distinction.

- Students who complete Lower-Division requirements while maintaining at least a 3.25 overall GPA earn the Kathryne McDorman Honors Scholar distinction.
- Students who complete Upper-Division requirements and have at least a 3.5 overall GPA at the time of graduation earn the Paul and Judy Andrews Honors Scholar distinction.
- Students who complete both Lower- and Upper-Division Honors earn the Honors Laureate distinction. To graduate as an Honors Laureate, students must have a cumulative GPA of 3.5 or higher at the time of graduation.

Lower-Division Honors

To complete Lower-Division Honors, students must fulfill five requirements, including two Honors Cultural Visions courses (or an approved study abroad program) and three Honors Electives.

Cultural Visions (6 hours or equivalent)

To fulfill this requirement, students may take two Honors Cultural Visions Courses. Students may also fulfill this requirement by completing an approved study abroad program, subject to the following stipulations:

- A graded, 3-credit hour, TCU approved summer study abroad program fulfills one Cultural Visions requirement. Student must earn a C- or higher.
- A fall or spring TCU approved semester study abroad program fulfills two Cultural Visions requirements.

Honors Electives (9 hours or equivalent)

To fulfill this requirement, students may take three Honors courses in any discipline. Other options for fulfilling this requirement include:

- Advanced Placement (AP) exam score of 5 or an International Baccalaureate (IB) Higher Level score of 7
- fulfillment of an Honors Course Enrichment Contract for a non-honors class (subject to eligibility)

Upper-Division Honors

To complete Upper-Division Honors, students may pursue either University Honors or Departmental Honors, or both.

University Honors (9 hours)

To earn University Honors, students must complete three Honors colloquia.

Honors colloquia are small seminars devoted to the immersive exploration of questions and topics relevant to students from diverse disciplinary backgrounds.

Departmental Honors (usually 6 hours but varies by department)

To earn Departmental Honors, students must complete a research or creative project in their major (or minor, with approval from the department chair or program director).

Projects are typically undertaken over multiple semesters, during which Departmental Honors students design and carry out original research projects or produce original creative works under the mentorship of a faculty committee. The policies and research procedures guiding students pursuing Departmental Honors are determined by each department. Senior students present their projects publicly and have the opportunity to archive them in the permanent collection of the Mary Couts Burnett Library.

Grade Requirements

To remain in good academic standing as a member of the Roach Honors College, a student must meet the following minimum GPA requirements:

- completion of first-year: 3.0
- completion of sophomore year: 3.25
- completion of junior year: 3.4
- completion of senior year: 3.5

Students who fail to meet these requirements may rejoin the Roach Honors College once they have attained the required GPA.

To graduate with an honors distinction, students must earn of “C-” or better in all courses applied to their Lower- and Upper-Division Honors requirements.

Pass/No-Credit Policy

To fulfill Roach Honors College requirements, courses may not be taken pass/no-credit. This also applies to study abroad if it is used to fulfill Honors Cultural Visions.

Program of Study - Business

Program of Study - Business

The Neeley School of Business offers a program of study to prepare its students to contribute to the professional business world and the larger community. The Neeley School emphasizes a unified program of basic studies — humanities, social sciences, natural sciences, mathematics, economics and business. The concept of a balanced curriculum extends to the business studies. Although students may concentrate in a particular field, they all study the principles of accounting, business information systems, entrepreneurship and innovation, finance, management, marketing, and supply and value chain management.

A quality curriculum in business fundamentals is of the utmost importance to the Neeley School. The curriculum is developed and implemented by a faculty recognized as scholars and leaders in their respective fields. Regular input is provided by Neeley School corporate partners through advisory groups and frequent classroom visits by executives.

Additionally, the Neeley School seeks to provide its students with the distinctive competencies needed to lead in the business world: effective communication skills, the ability to utilize business technology, an understanding of the global nature of business, and a sense of the value of making ethical business decisions.

The Neeley School of Business is fully accredited in business and accounting by the Association to Advance Collegiate Schools of Business (AACSB International) at both the undergraduate and graduate levels.

Faculty

The men and women on the faculty represent an array of cultural backgrounds and bring to students a rich variety of academic training, teaching experience, research, consulting, scholarly publication, and business and community service. Several faculty members have authored widely used texts in the field of business.

Teaching is of primary importance; the most senior professors teach at both the undergraduate and graduate levels. Personal contact with students is encouraged through classes of moderate size. Through the use of audio and visual aids, conferences, business case analysis, software applications and organizational studies, instructional theory merges with practical and relevant situations.

Research is an important faculty activity. It enables faculty to stay in the forefront of their respective fields. Research activities feed back into the classroom to ensure that today's students will be prepared for the world as it is when they graduate and as it changes over their careers. Faculty research results have been published in many of the leading academic journals.

One of the real strengths of the Neeley School is its relationship with the business community. Numerous local, regional, national and international organizations make up a vast network of corporate partners that are committed to accomplishing the goals of the Neeley School. The Neeley School enjoys many benefits as a result of its corporate relationships, including internship opportunities, part-time and permanent job opportunities, scholarship support, classroom speakers and mentors.

Perhaps the most visible members of this network are the Neeley School's Board of Advisors. This distinguished group of executives from across the globe provides valuable feedback and program support, serving as a vital link between the Neeley School and other corporate constituents.

International Initiatives

The globalization of today's business environment dictates that learning experiences can no longer be compartmentalized into "international" and "domestic" arenas. Consistent with this philosophy, the Neeley School incorporates a global perspective throughout the undergraduate curriculum. Whether the students are studying money and banking or sales management, they are challenged to consider the topic with an international perspective.

To achieve this goal, the Neeley School has developed relationships with universities in several countries. Through these relationships, faculty members from each institution are invited to participate in exchange opportunities, serving as guest lecturers in their area of expertise. New programs are in development that will offer students and faculty short- term reciprocal exchanges with partner institutions during the academic year.

The Neeley School believes that creating globally minded business leaders goes far beyond mastering the international perspective of business topics. True appreciation of the global environment requires cultural empathy, knowledge of a variety of languages, and political and geographical awareness. To this end, the Neeley School offers a global business minor. Through this program, dedicated students can earn the Bachelor of Business Administration (BBA) in the major of their choice with an additional global business minor on their transcript.

In order for students to think globally, they must become physically global. There is no substitute for experience. The Neeley School supports the many study-abroad opportunities available to TCU students. In addition, the Neeley School offers short-term intensive field seminars during spring break, May, June and July. The goal of these experiences is to expose Neeley School business students to the realities of the corporate environment in other countries. On-site tours and one- on-one interaction with executives from companies are included in these programs. These tours and interactions enable the programs to move beyond traditional classroom-based exchanges. Students are required to use local transportation and tour historic sites. Hundreds of Neeley School students and dozens of Neeley School faculty have had the opportunity to experience these unique study abroad programs.

Neeley Student Success Services

Through Neeley Student Success Services, the Neeley School offers a comprehensive four-year model supporting undergraduate accomplishment. Professional staff members are committed partners with faculty, other staff and the TCU community to help students achieve in every aspect of the college experience. Neeley Student Success

Services provides a range of resources from the time a student is a prospect through graduation. Our responsibility is to promote growth and development by helping students assess their interests and abilities, identify educational goals, and formulate short-term and long- term plans to meet those goals.

The mission of Neeley Student Success Services is to ensure that our students' academic plan is aligned with their career and professional development plans. It is through this alignment that Neeley students realize their full potential. Neeley Student Success Services integrates the core services of undergraduate student development, including the Neeley Academic Advising Center, the Alcon Career Center, the Neeley Professional Development Center and Neeley Pathways of Distinction programs.

Neeley School Special Awards

The Neeley Heritage Scholarship. The Neeley Heritage Scholarship was established to honor the many contributions of Neeley alumni, faculty and staff, who have worked together over the years to create a premier business education experience. The Neeley Heritage Scholarship is used to recruit and reward outstanding students to the Neeley School, based on academic excellence and leadership potential or accomplishments. Students receiving a Neeley Heritage Scholarship must continue as business majors and maintain and academic and/or leadership record worthy of recognition.

The Neeley Promise Award for Leadership and Innovation. This award recognizes an undergraduate student who exemplifies the Neeley Promise by exhibiting ethical leadership, innovation; and positivity; thus bringing honor to the Neeley School of Business.

Accounting. For students in accounting, the Accounting Excellence Award and the Education Foundation Scholarship of the Texas Society of Certified Public Accountants are awarded to outstanding undergraduate or Master of Accounting students. The Henry Key Award for Distinguished Service recognizes outstanding service to the Accounting Department and is granted each spring to outstanding graduating seniors. The Robin Elisa Boyer Memorial Scholarship and the Robert Schumacher Scholarship are awarded annually to seniors entering the Master of Accounting (MAc) Program. Seniors are also eligible for the Senior Accounting Scholar Award. Outstanding junior accounting majors may be granted the Junior Accounting Award or the Petroleum Accountants Society Award.

Information Systems and Supply Chain Management. The Department of Information Systems and Supply Chain Management presents awards to senior scholars in business information systems and supply and value chain management. In addition, the Business Information Systems (BIS) Program grants awards to outstanding BIS majors. These awards include the Accenture Business Information Systems Professors' Award; Mary Kay, Inc. Technology Award; The InSource Group's Outstanding Student Award; and the Society for Information Management Scholarship Awards.

Awards in the area of supply and value chain management include the Supply and Value Chain Professors' Award, Supply and Value Chain Center Outstanding Student Award, CSCMP Annual Conference Scholarship Award, and Fort Worth Institute for Supply Management Scholarship Award.

*Management.*The department of Management presents several awards annually, including; the Senior Scholar Award, based on highest GPA; the Outstanding Student in Management and Leadership Award, for a student who represents the best in the department; the Excellence in Leadership Award, for a student who has demonstrated outstanding leadership qualities; the Rob Rhodes Critical Thinker Award, for a student who has demonstrated excellence in critical thinking to solve difficult problems; the Strategic Thinker Award, for a student who has demonstrated excellence in strategic thinking to solve organizational level problems; the Teaming Award, for a student that has consistently been a stellar team member or team leader; the Polymath Award, for an undergraduate business student who demonstrates intellectual curiosity through excellence in and integration of a creative, academic and/or professional pursuit outside of traditional disciplines.

Marketing. The Department of Marketing grants eight awards annually to outstanding students: Marketing Senior Scholar Award (highest GPA), Outstanding Marketing Student Award (best overall marketing student), Sales Management Award, the Earl Dyess Award, the International Marketing Scholar Award, the DSS Research Marketing Research Award (to a student with a strong interest in marketing research) and the Department of Marketing Excellence Award (student contribution to the field of marketing). Additionally, the TCU chapter of the American Marketing Association sponsors an award for students who demonstrate marketing leadership skills.

Finance. The Department of Finance presents several awards annually to outstanding finance majors, including The Wall Street Journal Achievement Award to a senior who demonstrates an uncommon aptitude in investments. The Fort Worth Mortgage Bankers Association Award goes to a senior pursuing a career in real estate. The Outstanding Educational Investment Fund Student Award recognizes outstanding service and performance as a student member of the Educational Investment Fund during the past academic year. The Finance High Achievement Award is presented to a finance student, and the Senior Scholar Award is presented to a senior finance major for academic excellence. Other awards: Real Estate Club award, awarded to a TCU Real Estate Club member who exemplifies scholarship, leadership and dedication to the organization; the David B. Hendricks II Memorial Scholarship, to an outstanding finance major with an emphasis in real estate; the Lockheed Martin TCU FMA Award, to an FMA member who exemplifies scholarship and commitment to the mission of the TCU Financial Management Association; Luther King Capital Management Center for Financial Studies scholarships, to junior finance majors for exemplary academic performance, community service and excellent character; the Meredith Fraker Thompson Memorial Scholarship in Finance, to two junior finance majors for academic excellence; and internship opportunities with LKCM.

Awards given by student groups include the Delta Sigma Pi Scholarship Key.

Neeley School Academic Policies

Advancement to Discipline Specific Major

- *First-year students*. The TCU Office of Admission makes the decisions on all first-year applicants. To be considered for admission, students must indicate business as their primary area of interest on the admission application. Students who are granted regular admission to the University as business must complete additional requirements to be considered for advancement to one of the six business majors.

- *External transfers*. The TCU Office of Admission makes the decisions on all transfer applicants. Students seeking to transfer to TCU from another institution should indicate business as their primary area of interest on the admission application. To be considered for admission as business transfer students from a four-year university, students should have a minimum 3.0 transfer GPA. Community college transfer applicants should have a minimum 3.25 transfer GPA to be considered. Transfer students admitted as business must meet additional requirements to advance to upper- division courses.

- *Internal transfers*. An internal transfer student is one who is enrolled in another degree program at TCU. Students who wish to change their major to business must submit an application to the Neeley Academic Advising Center in the spring semester of their first year to be considered for admission as business the following fall. Admission decisions are made by the Neeley School at the end of each academic year. Admission is highly competitive and space is limited. A student with a GPA of less than 3.25 is unlikely to be admitted. Internal transfer students who are accepted as business must meet all additional Neeley School requirements to be considered for advancement into a discipline specific major.

Additional Neeley School Requirements

Students entering TCU as business majors must complete a minimum of 24 credit hours in the first year at TCU and have a minimum

2.75 GPA and demonstrate computer skills competency by achieving Microsoft Specialist Certification in PowerPoint and Excel at the basic level in order to continue as business students beyond the first year. In addition, business students must complete the following courses in the first year: ECON 10223, ENGL 10803;

MATH 10283; or MATH 10524; one TCU Core Curriculum requirement; or others as recommended by an adviser.

To advance into a specific major in the Neeley School, students must:

- Have successfully completed all first-year requirements listed above
- Have a minimum cumulative GPA of 3.00
- Have a lower division GPA of at least a 2.75
- Have completed or be enrolled in all of the lower division requirements

Students who do not meet the minimum requirements to advance in a major within the Neeley School once they have completed all of the lower division requirements may be dismissed for lack of progress.

Academic Advising

All business students in the Neeley School are assigned an academic advisor by the Neeley Academic Advising Center. The center is open daily to answer the questions of all prospective and continuing students in the school. The Neeley Academic Advising Center coordinates advising, monitors academic progress of students, receives academic appeals, processes all transfer coursework, handles the changing of majors within the Neeley School, works with CLEP Test applications, directs study abroad procedures and Neeley School international programs, and audits intent to graduate forms for graduating business majors. In addition, the Neeley Academic Advising Center coordinates the admission process to the Neeley School.

Pass/No-Credit Policy

Students in the Neeley School of Business may not take any course in the Neeley School on the P/NC basis.

Business students or business majors may take up to 6 semester hours of courses on a pass/no-credit basis. However, no lower-division business core course, including ECON 10223, ENGL 10803 and MATH 10283 or upper-division business courses (30000-40000) or associated requirements may be taken as P/NC, unless the course is taught only on a P/NC basis.

Course Prerequisites

Course prerequisites include admission to the Neeley School as a business major, class standing, previous coursework, demonstrated computer skills competency, grades in previous coursework, and/or permission of the instructor. All course prerequisites should be observed and followed when enrolling in a course. The ultimate responsibility for knowing the prerequisite for a course lies with the student and is noted in this catalog. Course prerequisites are noted in the courses of business course descriptions section of this catalog and are listed at www.reg.tcu.edu.

Transfer Policies

Continuing TCU students will sometimes take courses at other institutions and then transfer those credits to TCU. TCU requires prior written approval of the Neeley Academic Advising Center to take courses at another school for application to a student's BBA degree. Course credit will not be transferred into the Neeley School if prior approval by the Neeley Academic Advising Center has not been obtained.

- No more than 4 courses up to 16 total semester hours (except those earned in an approved study abroad program) may be transferred from other institutions once a student enrolls at TCU.
- No credit may be transferred from a community college once a student has begun course work in their business major.
- For business students and declared majors, all business lower- division sequence requirements courses, upper-division business core and major course requirements must be taken at TCU.

Non-Availability of Evening Program

Although the Neeley School does offer some courses in the evening, an evening-only program is not available. Students wanting to take only evening courses should be aware that all required courses may not be offered during the evening.

Certification for Business Teaching

The Neeley School of Business cooperates with the College of Education by offering business courses for the academic specialization requirements for certification of high school business teachers. More information is available through the College of Education.

Academic Appeal Process

A student seeking an exception from any policy stated in the Neeley School of Business section of this catalog should submit a formal appeal to the assistant dean of undergraduate programs for consideration. The Neeley School regards the appeal to be a professional communication and will review it based on that expectation. Contact the Neeley Academic Advising Center for more information regarding the appeal process.

Neeley School Student Organizations

American Marketing Association

The TCU Collegiate Chapter of the American Marketing Association is open to all students. The club helps bridge the gap between marketing theory and practice. It meets every other week, bringing in top companies and recruiters as speakers.

Association of Latino Professionals for America

The TCU Chapter of Alpfa helps to empower and develop Latino men and women as leaders of character for the nation, in very sector of the global economy. ALPFA develops the next generation of Latino professionals via experiential leadership development and mentoring from senior corporate executives, whom we empower into the C-suite and onto corporate boards.

Beta Gamma Sigma

This national honor society for business students rewards scholarship and accomplishment among students, promotes education in business, and fosters integrity in the conduct of business operations. Only the top 7 percent of juniors and the top 10 percent of seniors based on academic performance are invited to join.

Delta Sigma Pi

TCU's chapter of this international fraternity strives to strengthen ties between the business world and the student. Its objectives are to promote a higher standard of business ethics and to further the civic and commercial welfare of the community. The chapter takes field trips to industries and sponsors speakers and panels.

Entrepreneurship Club at TCU

The Entrepreneurship Club at TCU empowers students through leadership training, professional development and commitment to the discipline of entrepreneurship. There are on-campus chapter meetings, interesting guest speakers, social gatherings and a monthly newsletter. Students may attend the national conference and participate in a new business idea competition.

Financial Management Association

For students with an interest in finance and related fields, the Financial Management Association provides a means of obtaining career information and access to business executives and faculty.

National Association of Black Accountants

The National Association of Black Accountants (NABA, Inc.), is a nonprofit membership association dedicated to bridging the opportunity gap for black professional in the accounting, finance and related business professions. Representing more than 200,000 black professionals in these fields, NABA advances it's mission by providing education, resources, and meaningful career connections to both professional and student members.

Neeley Fellows Student Organization (NFSO)

This organization is designed to help Neeley Fellows achieve their full potential in the Neeley Fellows Program by creating a vibrant community of committed students, faculty members, alumni, parents, corporate partners and nonprofit organizations, while accelerating the Neeley School's connection with the business community.

Neeley Women's Business Network

The Neeley Women's Business Network is a student-led organization

that provides the skills necessary to succeed in today's rapidly changing business environment. It develops the potential of young women through mentorship and community service.

TCU Real Estate Club

This organization is a primary source for networking education and career advancement in the field of real estate.

Veterans in Business and Entrepreneurship (VIBE)

The purpose of VIBE is to increase the academic and professional success of business and entrepreneurial-minded veteran and military- affiliated students, within the Neeley School and the greater TCU community.

Accounting

Accounting

Accounting is the global language of business and a cornerstone of organizational success. The BBA in Accounting is designed to build strong competencies in financial reporting, taxation, managerial decision-making, audit, and other professional services. In financial reporting, students learn about how accounting estimates and methodologies impact entities' financial performance. In audit, students learn how to assess financial statement integrity, evaluate internal controls, and apply auditing standards to safeguard the public interest. In taxation, they acquire the skills to analyze complex tax codes, develop compliance strategies, and provide forward-looking tax planning advice to individuals and organizations. Together, these skills prepare graduates to add value in public accounting firms, industry, or government service.

A major objective of the BBA program is to provide a rigorous foundation in accounting and business concepts while fostering the professional competencies essential for career advancement. Students completing the BBA program in accounting fulfill the educational requirements to sit for the Uniform CPA Examination in Texas.

Business Information Systems

Business Information Systems

Organizations increasingly seek to recognize the opportunities and risks of what has been called the next industrial revolution - digital transformation. How can executives understand and leverage the rapidly changing technologies of social media, the internet of things, mixed reality, blockchain and analytics tools? With the collaborative insight and support of IT executives, we have designed our curriculum to prepare our BIS students to successfully participate in and ultimately lead the projects designed to engage customers, enhance products, streamline processes, and provide new services enabled by new technologies. Students learn to analyze the business, to design and develop techniques, and to analyze data, leading to the capstone where students combine their experiences to take a real-world project. Our BIS graduates then apply this experience in joining consulting practices, technology firms, and technology departments to start their careers.

Entrepreneurship and Innovation

Entrepreneurship and Innovation

The entrepreneurship and innovation major offers a unique combination of specialization and generalization in the study of entrepreneurship and innovation. To remain viable, nearly all new and established organizations require some degree of innovation, and most demand both an entrepreneurial perspective and a skill set for success. Whether it be assembling resources, recruiting and retaining top talent, designing a business model, developing new products or services, generating and communicating a compelling vision, managing relationships within the company and throughout the value chain, transitioning the business through various stages of growth, or navigating an uncertain future, effective leadership entails a combination of entrepreneurial thinking and innovative action. The entrepreneurship and innovation major prepares students to identify and exploit business opportunities, launch their own business, grow an existing business, assist others in starting or running a business, or contribute to entrepreneurial and innovative activities in an established organization. Career opportunities for those with strong skills in entrepreneurship and innovation are diverse since most for-profit and not-for-profit organizations require entrepreneurial and innovative capabilities. Career possibilities include business owner, manager of a family business or entrepreneurial company, member of an innovation team, analyst for a venture capital or private equity firm, team leader within a research and development unit of an organization, management consultant, economic development officer, and director of a not-for-profit business.

Finance

Finance

A finance major concentrates on the management of financial resources for the firm or the investment portfolio. The field of finance integrates concepts from economics, accounting and a number of other areas. The central focus of finance is the relationship of risk and return.

Financial managers attempt to achieve wealth maximization through daily activities such as credit and inventory management and longer-term decisions related to raising funds and allocating capital. Investment specialists evaluate and select securities, manage investment portfolios and raise capital to finance business, government and private needs.

TCU students may apply for a position on the Educational Investment Fund and, if selected, gain valuable investment experience working with approximately 18 fellow students to manage a $1 million stock and bond portfolio.

The trend toward the securitization of financial assets and real estate, international financial transactions and derivative products; such as options and futures, continues to generate job opportunities in finance. Finance careers include corporate financial management, commercial banking, investment brokerage, portfolio management, investment banking and insurance.

Management

Management

The management major offers a unique combination of specialization and generalization in the study of management and leadership. Nearly all activity in for-profit and nonprofit organizations involves some form of management, and most demands a leadership mindset for success. Whether it be managing people, money, information systems, raw materials, or finished products, managers are required to make decisions, bridge divergent perspectives, and communicate effectively; in short, they must exercise strong leadership and problem-solving skills on a daily basis. The management major provides opportunities to explore the range of skills employed by today's leaders, including strategic planning, conflict management, negotiation, team building, critical thinking, creative problem-solving, human capital management, international management, and organizational analysis and change. Career opportunities for those with strong management and leadership skills are among the most diverse because they are required in virtually all organizations. These capabilities also complement technical skills acquired in other functional areas

Marketing

Marketing

Diverse corporations in the telecommunications, financial, food service and manufacturing industries all have at least one thing in common. These sellers want to exchange their goods, services or ideas for something of value from buyers. Marketing begins at the moment an organization perceives an unmet need and progresses through productive development, promotion, distribution and pricing. Marketing research suggests that half the cost of most products and services can be attributed to marketing.

Supply and Value Chain Management

Supply and Value Chain Management

Supply and value chain management is cross-disciplinary and encompasses interrelated elements of marketing, logistics, purchasing, operations management and information technology. In today's highly competitive environment, the multiple firms in a supply chain must be able to collectively respond to rapidly changing customer requirements. To do this efficiently and effectively requires working together across functions within the firm and beyond the firm's boundaries to understand and respond to changing customer requirements and to match supply to customer demand. This program is designed to give students the skills and capabilities needed for supply chain positions in companies facing such challenges.

Business Students

Business Students

Entering First-Year

- Students begin taking lower-division sequence requirements.
- Students entering business must complete a minimum of 24 credit hours in the first year at TCU and obtain a minimum 2.75 GPA in order to continue as business beyond the first year.

Suggested sequence of courses: Applies to all business majors. Students considering a special emphasis program should discuss course sequencing with an academic adviser.

First Year Fall

Juniors/Successful Advancement to Discipline Specific Major and Upper-Division Courses

- Students declare one or more major(s) in accounting, business information systems, entrepreneurship and innovation, finance (or finance with a real estate concentration), management, marketing, or supply and value chain management.
- Students begin upper-division business core courses.

Contact the Neeley Academic Advising Center for suggested sequence of courses by major.

Seniors

- Students complete upper-division business core.
- Students complete major course requirements.

Contact the Neeley Academic Advising Center for suggested sequence of courses by major.

Business Administration Bachelor's Degree Program

Business Administration Bachelor's Degree Program

All TCU students (not previously admitted to TCU as business) or students transferring to TCU who wish to become a business student or business majors must contact the Neeley Academic Advising Center regarding requirements and deadlines.

1. *Declaring Majors.* All students wishing to advance into a business discipline specific major, should first be admitted to TCU and the Neeley School as business students. Students remain business students until they meet requirements to advance in a specific business major and upper-division courses.

2. *Majors Offered.* Students may select one or more of the functional area majors: accounting, business information systems, entrepreneurship and innovation, finance (or finance with a real estate concentration), management, marketing, or supply and value chain management. Contact the Neeley Academic Advising Center for policies and procedures regarding declaration of major(s).

3 *Major Change to Business.* Current TCU students who wish to change their major to business (internal transfer students) must formally apply to become a business major. Admission is limited, competitive and not guaranteed. Change of major requests are reviewed once per academic year, typically at the end of the spring semester with applications due by specified due date. A student with a GPA of less than 3.25 is unlikely to be admitted. Internal transfer students who are accepted as business must meet all of the additional Neeley School requirements to be considered for advancement to a specific business major. Contact the Neeley Academic Advising Center regarding policies, procedures, and deadlines.

5. *Transfer Students.* The TCU Office of Admission makes the decisions on all transfer applicants. Students seeking to transfer to TCU from another institution should indicate business as their primary area of interest on the admission application. To be considered for admission as a business transfer student from a four-year university, students should have a minimum 3.0 transfer GPA. Community college transfer applicants should have a minimum 3.25 transfer GPA to be considered. Transfer students admitted as business must meet additional requirements to advance to upper-division courses.

6. *TCU Cumulative GPA of 2.50 Required for Graduation.* A TCU cumulative GPA of at least 2.50 is required for graduation with a BBA degree Students must also have a minimum 2.5 major GPA to graduate with a BBA degree.

BBA Core Curriculum Requirements - Components of the BBA degree

BBA Core Curriculum Requirements - Components of the BBA degree

The BBA program in the Neeley School of Business comprises five blocks of coursework.

TCU Requirements for Bachelor of Business Administration

Core Curriculum
39-63 hours
Business Core Curriculum - 25 hours
Major Course Requirements
21-27 hours
Associated Course Requirements by Major 3-12 hours
Free Elective Courses

Hours will vary depending on major(s).

Of the five blocks of coursework, the core curriculum and the business core are required of all business students regardless of their major. The major course requirements and the number of free electives vary, depending on choice of major(s).

A. TCU Core Curriculum Requirements

Students seeking the Bachelor of Business Administration degree must fulfill all of the core curriculum requirements.

B. Lower-Division Course Requirements

18 semester hours

Lower-Division required courses

ENGL10803 Intro Comp:Writing as Inquiry	Introductory Composition: Writing as Inquiry (required first-year course)	3
ECON10223 Intro Microeconomics	Introductory Microeconomics (required first-year course)	3
MATH10283 Applied Calculus	Applied Calculus (required first-year course)	3
	OR	
MATH10524 Calculus I	Calculus I (required first-year course)	4

Courses listed below must be completed the semester in which the student plans to acknowledge a business specific major:

ACCT20353 Fundamentals of Accounting	Fundamentals of Accounting	3
INSC20153 Statistical Analysis	Statistical Analysis	3
INSC20263 Business Information Systems	Business Information Systems	3

Credit will not be awarded for both MATH10283 Applied Calculus, Applied Calculus and MATH10524 Calculus I, Calculus I.

Students must complete Microsoft Office Basic Excel Exam before they are eligible to enroll in INSC20153 Statistical Analysis, Statistical Analysis.

Attainment of a minimum GPA of 2.75 in the lower-division sequence requirements courses.

Attainment of a TCU cumulative GPA of at least 3.0 to be eligible to successfully advance into their Neeley major and advance in upper division business major courses.

C. Additional Business Core Requirements

ENTR20263 Entrepreneurship & Innovation	Entrepreneurship and Innovation	3
MARK30153 Marketing Management	Marketing Management	3
FINA30153 Financial Management	Financial Management	3
INSC30313 Supply Chain Management	Supply Chain Management	3
INSC30801 Business Applications in Excel	Business Applications in Excel	1
MANA30250 Organizational Behavior	Organizational Behavior	1.5
MANA40250 Strategy	Strategy	1.5

Students must complete a tentative plan for graduation to be filed with appropriate forms in the Neeley Academic Advising Center, preferably by the second semester junior year.

D. Major Course Requirements: 21-27 semester hours

1. Each major in the Neeley School has a different set of major course requirements. These are described in detail in the Neeley School major programs section.

2. Students must take 6 hours of writing emphasis courses in their major, with the exception of finance majors, who require 9 hours. Writing emphasis courses are designated in the Neeley School of Business major programs section.

E. Associated Requirements: 3-12 semester hours

Associated requirement hours will vary depending on choice of major(s). See an academic advisor in the Neeley Academic Advising Center for more information.

F. Free Electives

Credits hours will vary depending on choice of major(s). See an academic advisor in the Neeley Academic Advising Center for more information, particularly if selecting more than one major or a major and an emphasis or minor.

Business Double Majors

Business Double Majors

Students may double major in any combination of Business disciplines: Students should consult their academic advisor in the Neeley Academic Advising Center to determine the number of hours needed to complete a double major.

Accounting

Accounting

Accounting is the global language of business and a cornerstone of organizational success. The BBA in Accounting is designed to build strong competencies in financial reporting, taxation, managerial decision-making, audit, and other professional services. In financial reporting, students learn about how accounting estimates and methodologies impact entities' financial performance. In audit, students learn how to assess financial statement integrity, evaluate internal controls, and apply auditing standards to safeguard the public interest. In taxation, they acquire the skills to analyze complex tax codes, develop compliance strategies, and provide forward-looking tax planning advice to individuals and organizations. Together, these skills prepare graduates to add value in public accounting firms, industry, or government service.

A major objective of the BBA program is to provide a rigorous foundation in accounting and business concepts while fostering the professional competencies essential for career advancement. Students completing the BBA program in accounting fulfill the educational requirements to sit for the Uniform CPA Examination in Texas.

Accounting, BBA

Accounting, BBA

The accounting major requires 31.5-33 semester hours (including associated requirements)

Specific Course Requirements (24 semester hours)

ACCT30153 Financial Reporting I	Financial Reporting I	3
ACCT30163 Cost Analysis and Control	Cost Analysis and Control	3
ACCT30253 Financial Reporting II	Financial Reporting II	3
ACCT30303 Principles of Taxation	Principles of Taxation	3
ACCT30273 Audit and Assurance	Audit and Assurance	3
ACCT40223 Accounting Information Systems	Accounting Information Systems	3
ACCT40253 Financial Reporting III	Financial Reporting III	3
ACCT30450 Moral Reasoning in Accounting/ACCT55450 Moral Reasoning in Accounting	Moral Reasoning	1.5
ACCT30460 Ethics for Accounting/ACCT55460 Ethics for Accounting	Ethics for Accounting Professionals	1.5

Associated Requirements

Students choose 6.0 hours from the following:

ACCT55153 Financial Statement Analysis	Financial Statement Analysis	3
ACCT55303 Taxation of Business Entities	Taxation of Business Entities	3
ACCT55253 Bus Combinations & Adv Topics	Business Combinations & Advanced Topics	3

Students choose 1.5 to 3.0 hours from the following:

FINA40623 International Finance	International Finance	3
BUSI30383 Global Busi with Ethical Lens	Global Business Perspectives	3
ACCT 55260	Global Perspectives in Accounting	1.5

Free electives: Students should consult their academic advisor in the Neeley Academic Advising Center to determine the number of elective hours needed to reach 120 total hours.

Business Administration Bachelor's Degree Program

Business Administration Bachelor's Degree Program

All TCU students (not previously admitted to TCU as business) or students transferring to TCU who wish to become a business student or business majors must contact the Neeley Academic Advising Center regarding requirements and deadlines.

1. *Declaring Majors.* All students wishing to advance into a business discipline specific major, should first be admitted to TCU and the Neeley School as business students. Students remain business students until they meet requirements to advance in a specific business major and upper-division courses.

2. *Majors Offered.* Students may select one or more of the functional area majors: accounting, business information systems, entrepreneurship and innovation, finance (or finance with a real estate concentration), management, marketing, or supply and value chain management. Contact the Neeley Academic Advising Center for policies and procedures regarding declaration of major(s).

3 *Major Change to Business.* Current TCU students who wish to change their major to business (internal transfer students) must formally apply to become a business major. Admission is limited, competitive and not guaranteed. Change of major requests are reviewed once per academic year, typically at the end of the spring semester with

applications due by specified due date. A student with a GPA of less than 3.25 is unlikely to be admitted. Internal transfer students who are accepted as business must meet all of the additional Neeley School requirements to be considered for advancement to a specific business major. Contact the Neeley Academic Advising Center regarding policies, procedures, and deadlines.

5. *Transfer Students.* The TCU Office of Admission makes the decisions on all transfer applicants. Students seeking to transfer to TCU from another institution should indicate business as their primary area of interest on the admission application. To be considered for admission as a business transfer student from a four-year university, students should have a minimum 3.0 transfer GPA. Community college transfer applicants should have a minimum 3.25 transfer GPA to be considered. Transfer students admitted as business must meet additional requirements to advance to upper-division courses.

6. *TCU Cumulative GPA of 2.50 Required for Graduation.* A TCU cumulative GPA of at least 2.50 is required for graduation with a BBA degree Students must also have a minimum 2.5 major GPA to graduate with a BBA degree.

Business Students

Business Students

Entering First-Year

- Students begin taking lower-division sequence requirements.
- Students entering business must complete a minimum of 24 credit hours in the first year at TCU and obtain a minimum 2.75 GPA in order to continue as business beyond the first year.

Suggested sequence of courses: Applies to all business majors. Students considering a special emphasis program should discuss course sequencing with an academic adviser.

First Year Fall

	Core Curriculum Requirements	3
ENGL10803 Intro Comp:Writing as Inquiry	Introductory Composition: Writing as Inquiry	3
MATH10283 Applied Calculus	Applied Calculus	3
	OR	
MATH10273 Applied Precalculus	Applied Precalculus	3
ECON10223 Intro Microeconomics	Introductory Microeconomics	3

Subtotal: 15

First Year Spring

MATH10283 Applied Calculus	Applied Calculus	3

	Core Curriculum Requirement 3 credits	3
	Core Curriculum Requirement 3 credits	3

Subtotal: 15

Juniors/Successful Advancement to Discipline Specific Major and Upper-Division Courses

- Students declare one or more major(s) in accounting, business information systems, entrepreneurship and innovation, finance (or finance with a real estate concentration), management, marketing, or supply and value chain management.
- Students begin upper-division business core courses.

Contact the Neeley Academic Advising Center for suggested sequence of courses by major.

Seniors

- Students complete upper-division business core.
- Students complete major course requirements.

Contact the Neeley Academic Advising Center for suggested sequence of courses by major.

BBA Core Curriculum Requirements - Components of the BBA degree

BBA Core Curriculum Requirements - Components of the BBA degree

The BBA program in the Neeley School of Business comprises five blocks of coursework.

TCU Requirements for Bachelor of Business Administration

Core Curriculum
39-63 hours
Business Core Curriculum - 25 hours
Major Course Requirements
21-27 hours
Associated Course Requirements by Major 3-12 hours
Free Elective Courses

Hours will vary depending on major(s).

Of the five blocks of coursework, the core curriculum and the business core are required of all business students regardless of their major. The major course requirements and the number of free electives vary, depending on choice of major(s).

A. TCU Core Curriculum Requirements

Students seeking the Bachelor of Business Administration degree must fulfill all of the core curriculum requirements.

B. Lower-Division Course Requirements

18 semester hours

Lower-Division required courses

ENGL10803 Intro Comp:Writing as Inquiry	Introductory Composition: Writing as Inquiry (required first-year course)	3

Business Information Systems

Business Information Systems

Organizations increasingly seek to recognize the opportunities and risks of what has been called the next industrial revolution - digital transformation. How can executives understand and leverage the rapidly changing technologies of social media, the internet of things, mixed reality, blockchain and analytics tools? With the collaborative insight and support of IT executives, we have designed our curriculum to prepare our BIS students to successfully participate in and ultimately lead the projects designed to engage customers, enhance products, streamline processes, and provide new services enabled by new technologies. Students learn to analyze the business, to design

and develop techniques, and to analyze data, leading to the capstone where students combine their experiences to take a real-world project. Our BIS graduates then apply this experience in joining consulting practices, technology firms, and technology departments to start their careers.

Business Information Systems, BBA

Business Information Systems, BBA

The BIS major requires 24 semester hours (including associated requirements)

Specific Course Requirements (21 semester hours)

Entrepreneurship and Innovation

Entrepreneurship and Innovation

The entrepreneurship and innovation major offers a unique combination of specialization and generalization in the study of entrepreneurship and innovation. To remain viable, nearly all new and established organizations require some degree of innovation, and most demand both an entrepreneurial perspective and a skill set for success. Whether it be assembling resources, recruiting and retaining top talent, designing a business model, developing new products or services, generating and communicating a compelling vision, managing relationships within the company and throughout the value chain, transitioning the business through various stages of growth, or navigating an uncertain future, effective leadership entails a combination of entrepreneurial thinking and innovative action. The entrepreneurship and innovation major prepares students to identify and exploit business opportunities, launch their own business, grow an existing business, assist others in starting or running a business, or contribute to entrepreneurial and innovative activities in an established organization. Career opportunities for those with strong skills in entrepreneurship and innovation are diverse since most for-profit and not-for-profit organizations require entrepreneurial and innovative capabilities. Career possibilities include business owner, manager of a family

business or entrepreneurial company, member of an innovation team, analyst for a venture capital or private equity firm, team leader within a research and development unit of an organization, management consultant, economic development officer, and director of a not-for-profit business.

Entrepreneurship and Innovation, BBA

Entrepreneurship and Innovation, BBA

The Entrepreneurship and Innovation major requires 27 semester hours (including associate requirements)

Free electives: Students should consult their academic advisor in the Neeley Academic Advising Center to determine the number of elective hours needed to reach 120 total hours.

Finance

Finance

A finance major concentrates on the management of financial resources for the firm or the investment portfolio. The field of finance integrates concepts from economics, accounting and a number of other areas. The central focus of finance is the relationship of risk and return.

Financial managers attempt to achieve wealth maximization through daily activities such as credit and inventory management and longer-term decisions related to raising funds and allocating capital. Investment specialists evaluate and select securities, manage investment portfolios and raise capital to finance business, government and private needs.

TCU students may apply for a position on the Educational Investment Fund and, if selected, gain valuable investment experience working with approximately 18 fellow students to manage a $1 million stock and bond portfolio.

The trend toward the securitization of financial assets and real estate, international financial transactions and derivative products; such as options and futures, continues to generate job opportunities in finance. Finance careers include corporate financial management, commercial banking, investment brokerage, portfolio management, investment banking and insurance.

Finance, BBA

Finance, BBA

The finance major requires 30 to 31.5 semester hours (including associated requirements)

Specific Course Requirements (18 semester hours)

FINA30203 Financial Institutions	Financial Institutions & Markets	3

Free electives: Students should consult their academic advisor in the Neeley Academic Advising Center to determine the number of elective hours needed to reach 120 total hours.

Management

Management

The management major offers a unique combination of specialization and generalization in the study of management and leadership. Nearly all activity in for-profit and nonprofit organizations involves some form of management, and most demands a leadership mindset for success. Whether it be managing people, money,

information systems, raw materials, or finished products, managers are required to make decisions, bridge divergent perspectives, and communicate effectively; in short, they must exercise strong leadership and problem-solving skills on a daily basis. The management major provides opportunities to explore the range of skills employed by today's leaders, including strategic planning, conflict management, negotiation, team building, critical thinking, creative problem-solving, human capital management, international management, and organizational analysis and change. Career opportunities for those with strong management and leadership skills are among the most diverse because they are required in virtually all organizations. These capabilities also complement technical skills acquired in other functional areas

Management, BBA

Management, BBA

The management major requires 27 semester hours (including associated requirements)

Marketing

Marketing

Diverse corporations in the telecommunications, financial, food service and manufacturing industries all have at least one thing in common. These sellers want to exchange their goods, services or ideas for something of value from buyers. Marketing begins at the moment an organization perceives an unmet need and progresses through productive development, promotion, distribution and pricing. Marketing research suggests that half the cost of most products and services can be attributed to marketing.

Supply and Value Chain Management

Supply and Value Chain Management

Supply and value chain management is cross-disciplinary and encompasses interrelated elements of marketing, logistics, purchasing, operations management and information technology. In today's highly competitive environment, the multiple firms in a supply chain must be able to collectively respond to rapidly changing customer requirements. To do this efficiently and effectively requires working together across functions within the firm and beyond the firm's boundaries to understand and respond to changing customer requirements and to match supply to customer demand. This program is designed to give students the skills and capabilities needed for supply chain positions in companies facing such challenges.

Supply and Value Chain Management, BBA

INSC40323 Procurement/Supply Management	Procurement & Supply Management	3
INSC40343 Supply Chain Capstone	Supply Chain Strategy	3

In addition, the student must complete 12 semester hours from the following electives. A maximum of 6 hours can come from classes outside of INSC. Upon request, course recommendations will be provided for specific career paths.

INSC 30513	Sustainable Supply Chain Management	3
INSC30723 Business Process Analysis	Systems Planning &Process Analysis	3
INSC40303 Analytics and Demand Planning	Predictive Analytics & Demand Planning	3
INSC40353 Managing Global Supply Chains	Global Supply Chain Management	3
INSC40383 Digital Transformation with AI	Digital Transformation with AI	3
INSC 40843	Business Intelligence & Analytics	3
ACCT 40163	Accounting Decision Making & Control	3
FAME 40243	Global Trade of Textiles & Apparel	3
FAME 40263	Merchandise Planning & Analysis	3
GEOG 30313	Introduction to Geographic Information Systems	3
GEOG 30323	Data Analysis & Visualization	3
GEOG 40323	Urban & Business Applications of GIS	3
MANA 40633	Principles of Negotiation	3
MARK 30303	Design Thinking	3
MARK 40223	Exceptional Service Experiences	3
MARK 40243	Product & Brand Management	3

Associated Requirements (3 hours)

BUSI30383 Global Busi with Ethical Lens	Global Business with an Ethical Lens	3

Free electives: Students should consult their academic advisor in the Neeley Academic Advising Center to determine the number of elective hours needed to reach 120 total hours.

Business Double Majors

Business Double Majors

Students may double major in any combination of Business disciplines: Students should consult their academic advisor in the Neeley Academic Advising Center to determine the number of hours needed to complete a double major.

Accounting Minor

Accounting Minor

Students majoring in business or economics may pursue an accounting minor. The goal of the minor is to provide a secondary area of expertise for students majoring in business information systems, economics, entrepreneurship and innovation, finance (finance with real estate emphasis), management, marketing, or supply and value chain management. By combining one of these majors with a minor in accounting, the student is prepared for a greater number of career opportunities and gains more flexibility. The accounting minor is an ideal choice for finance majors wishing to provide evidence of a strong accounting background without the additional audit-focused coursework a double major requires. In addition, students majoring in other areas of business sometimes take electives in accounting. The designation of an accounting minor provides such students with additional evidence of subject matter expertise. The minor in accounting requires 18 semester hours of coursework. Once a student matriculates at TCU, all coursework in the accounting minor must be completed at TCU.

Required Courses (18 semester hours)

ACCT20353 Fundamentals of Accounting	Fundamentals of Accounting	3
ACCT30153 Financial Reporting I	Financial Reporting I	3
ACCT30163 Cost Analysis and Control	Cost Analysis and Control	3
ACCT30253 Financial Reporting II	Financial Reporting II	3
ACCT30303 Principles of Taxation	Principles of Taxation	3
FINA30153 Financial Management	Financial Management	3

To graduate with a minor in accounting, students must obtain a minimum GPA of 2.50 in courses making up the minor

Finance Minor

Finance Minor

Students majoring in business or economics may pursue a finance minor. The goal of the minor is to provide a secondary area of expertise for students majoring in accounting, business information systems, economics, entrepreneurship and innovation, management and leadership, marketing, or supply and value chain management. By combining one of these majors with a minor in finance, the student is prepared for a greater number of career opportunities and gains more flexibility. In addition, students majoring in other area of business sometimes take electives in finance. The designation of a finance minor provides such students with additional evidence of subject matter expertise. The minor in finance requires 18 semester hours of coursework. Once a student matriculates at TCU, all coursework in the finance minor must be completed at TCU.

Required Courses (12 semester hours)

ACCT30153 Financial Reporting I	Financial Reporting I	3
FINA30153 Financial Management	Financial Management	3
FINA30203 Financial Institutions	Financial Institutions & Markets	3
FINA30213 Investments	Investments	3

In addition, the student must complete 6 semester hours of finance electives from the following:

FINA30223 Financial Modeling	Financial Modeling	3
FINA30233 Financial Derivatives	Financial Derivatives	3
FINA40153 Intmd Financial Management	Intermediate Financial Management	3
FINA40183 Educ Investment Fund	Educational Investment Fund	3
FINA40193 Educ Investment Fund	Educational Investment Fund	3
FINA40533 Financial Analysis	Topics in Applied Financial Analysis	3
FINA40623 International Finance	International Finance	3

To graduate with a minor in finance, students must obtain a minimum GPA of 2.50 in courses making up the minor.

Global Business Minor

Global Business Minor

Business students may complement their major in accounting, business information systems, entrepreneurship and innovation, finance, (finance with real estate emphasis), management, marketing, and supply and value chain management by declaring a global business minor. The program provides a structure to recognize students who have achieved a unique combination of experience, academic coursework and international skills resulting in a cross-cultural competency. The global business minor may not be added to majors outside the Neeley School.

Minimum number of hours required: 18

Part I: Neeley School Courses (at least 9 hours)

Required: 9 hours from the following courses:

FINA40623 International Finance	International Finance	3
MANA40223 International Management	International Management	3
MANA40343 Leveraging Culture for Success	Leading a Diverse Workforce	3
MARK40213 International Marketing	International Marketing	3
INSC40353 Managing Global Supply Chains	Global Supply Chain Management	3

Part II: International Awareness Courses (at least 6 semester hours)

Students must complete a minimum of 6 semester hours of non-business, non-foreign language courses with an international focus. The courses must have a "Global Awareness" designation if taken on campus or other international courses approved by the Neeley School of Business Director of International Programs and be in addition to their TCU core requirements.

Part III: Language Familiarity

The student must be familiar with at least one language other than English. For students whose primary language is English, proficiency in a second language must be demonstrated through completion of 3 credit hours in foreign language class (or its equivalent) taught at TCU.

Students whose second language is other than those taught at TCU work with their department chair to determine a method of demonstrating proficiency.

For students whose primary language is not English, proficiency in both their primary and secondary languages must be demonstrated. Students should work with their department chair to determine a method of demonstrating proficiency in their primary language. Completion of the English courses required in the TCU Core Curriculum or their equivalents are sufficient to demonstrate proficiency in their secondary language of English.

Part IV: Experiential Component

The student must complete at least 6 credit hours in a Study Abroad course approved by the Neeley School.

General Business Minor for Non-Business Majors

General Business Minor for Non-Business Majors

Students completing majors outside the Neeley School may pursue a general business minor. The goal of the general business minor is to provide students in other disciplines with a broad base of knowledge about the business world by giving them an understanding and appreciation of business and its social and ethical environment. In addition, through introductory courses in the functional areas of business, students are introduced to the rudimentary tools used in business settings to analyze problems and make decisions.

The general business minor requires 21 semester hours of coursework. Once a student matriculates at TCU, all coursework in the general business minor must be completed at TCU. None of the courses may be taken as P/NC.

Required Courses (21 semester hours)

ECON10223 Intro Microeconomics	Introductory Microeconomics	3
ACCT20653 Introduction to Accounting	Introduction to Accounting	3
FINA30653 Financial Planning	Financial Planning	3
INSC30653 Supply Chain Management	Supply Chain Management	3
MARK30653 Principles of Marketing	Principles of Marketing	3
MANA30653 Survey of Management	Survey of Management	3
ENTR40653 Survey of Entrepreneurship	Survey of Entrepreneurship	3

ECON10223 Intro Microeconomics is a prerequisite to ACCT20653 Introduction to Accounting, MANA30653 Survey of Management, and MARK30653 Principles of Marketing. ECON10223 Intro Microeconomics may be applied to both an economics major and a general business minor.

ACCT20653 Introduction to Accounting with a grade of "C" or better is a prerequisite to FINA30653 Financial Planning; INSC30653 Supply Chain Management; and ENTR40653 Survey of Entrepreneurship.

Minimum GPA: To declare a general business minor, students must have: a minimum TCU cumulative GPA of 2.5 and sophomore standing, and have completed at least one full semester at TCU. To graduate with a general business minor, students must obtain a minimum GPA of 2.5 in courses making up the minor.

Students who earned credit for ACCT20353 Fundamentals of Accounting prior to declaring the general business minor may substitute that course for ACCT20653 Introduction to Accounting in the minor requirements.

Entrepreneurship and Innovation Minor (E&I) for Non-Business Majors

Entrepreneurship and Innovation (E&I) for Non-Business Majors

Students completing majors outside the Neeley School may pursue a minor in entrepreneurship and innovation (E&I) for non-business majors. Students cannot simultaneously double minor in both E&I and general business. Students majoring in business are not eligible for the E&I minor. The goal of the E&I minor is to provide students in other disciplines with a broad knowledge of entrepreneurship. It includes core concepts in economics and accounting as well as core classes in opportunity recognition and new venture development. Electives are meant to serve as contexts for entrepreneurship.

The E&I minor requires 18 semester hours of coursework. Once a student matriculates at TCU, all coursework in the E&I minor must be completed at TCU.

Admission to the E&I minor for on-business majors is limited and competitive. Admission is via an application process and student are admitted on a rolling basis. Students outside the Neeley School of Business interested in pursuing the minor must submit an online application.

Minimum requirements for admission to the program: Students wishing to declare an entrepreneurship and innovation minor must : (1) have sophomore standing, (2) have completed at least one full semester at TCU with a minimum overall GPA of 3.00 and a TCU cumulative GPA of 3.00

Required Courses (12 semester hours)

ECON10223 Intro Microeconomics	Introductory Microeconomics	3
ACCT20653 Introduction to Accounting	Introduction to Accounting	3
ENTR30533 Entr Opportunity Recognition	Entrepreneurial Opportunity Recognition	3
ENTR40143 New Venture Development	New Venture Development	3

ECON10223 Intro Microeconomics *is a prerequisite to* ACCT20653 Introduction to Accounting. ACCT20653 Introduction to Accounting *must be completed with a grade of C- or better.* ACCT20353 Fundamentals of Accounting *may be substituted for* ACCT20653 Introduction to Accounting.

Entrepreneurship Elective Courses (3-6 hours)

E&I minors may take any upper division ENTR electives to complete their 6 elective hours required for the E&I minor. Alternatively, E&I minors may elect to take 1 upper division ENTR elective and 1 course approved by the Entrepreneurship and Innovation Department from their home TCU college. For 2019-2020, there were 21 courses from the other TCU units approved by the Entrepreneurship & Innovation Department.

ACCT20653 Introduction to Accounting with a grade of "C" or better is a prerequisite to FINA30653 Financial Planning; INSC30653 Supply Chain Management; and ENTR40653 Survey of Entrepreneurship.

Minimum GPA: To declare a general business minor, students must have: a minimum TCU cumulative GPA of 2.5 and sophomore standing, and have completed at least one full semester at TCU. To graduate with a general business minor, students must obtain a minimum GPA of 2.5 in courses making up the minor.

Students who earned credit for ACCT20353 Fundamentals of Accounting prior to declaring the entrepreneurship and innovation minor may substitute that course for ACCT20653 Introduction to Accounting in the minor requirements.

Energy Business Minor

Energy Business Minor

Requirements

The program of study requires 18 semester hours, with a grade of C or better in each class, selected from the options below:

The following courses are required:

BUSI30703 Survey of the Energy Industry	Survey of the Energy Industry	3
BUSI40723 Electric Power Industry	Electric Power Industry	3

Business

BUSI30703 Survey of the Energy Industry	Survey of the Energy Industry	3
BUSI40723 Electric Power Industry	Electric Power Industry	3
BUSI40733 Alternative & Renewable Energy	Alternative & Renewable Energy	3
BUSI40703 EnergyMarket,Trading & Hedging	Energy Marketing, Trading & Hedging	3
ENTM30773 Entrepreneurship & Energy	Alternative & Renewable Energy	3

Environmental Science

ENSC30143 Intro to Sustainability Sci	Introduction to Sustainability Science	3

Engineering

ENGR30113 Energy in Society	Energy in Society	3
ENGR40213 Sustainable Energy	Sustainable Energy	3

Economics

ECON30523 Resource &Energy Econ	Resource and Energy Economics	3

Geology

GEOL10113 Understanding the Earth	Understanding the Earth	3
GEOL50563 Energy and Natural Resources	Energy and Natural Resources	3

Physics

PHYS10503 Energy	Energy	3

Energy Technology and Management

ENTM40970 Dir St:Energy Tech & Mgt	Directed Studies in Energy Technology and Management	1-3
ENTM40903 Energy Internship	Energy Internship	3

Political Science

POSC33133 Energy & Global Geostrategy	Energy & Global Geostrategy	3
POSC35903 Transitn&SustainCentral Europe	Energy Transition and Sustainability in Central Europe	3

*GEOL 10113 is a prerequisite for GEOL 50563

Leadership Minor

Students majoring in business may pursue the leadership minor. The leadership minor develops students' leadership knowledge and competencies to prepare them to lead people and organizations to meet the needs of an ever-changing, complex world.

The leadership minor requires 18 semester hours of coursework. Once a student matriculates at TCU, all coursework in the finance minor must be completed at TCU with a grade of "C" or better. No more than 6 credit hours may double count toward the leadership minor, a student's major(s) or minor(s), and/or certificate program.

Required courses (15 semester hours):

BUSI30833 Foundations of Leadership	Foundations of Leadership	3
BUSI30843 Interpersonal Leadershp Skills	Interpersonal Leadership Skills	3
MANA40213 Develop High-Performance Teams	Leading Dynamic Teams	3
MANA40343 Leveraging Culture for Success	Leading a Diverse Workforce	3
BUSI40853 Leading in a Complex World	Leading in a Complex World	3

In addition to required courses, the leadership minor requires completion of one elective course (3 semester hours). The elective course options are:

0101011 - Missing course	Global Digital Innovation	3
MANA40633 Principles of Negotiation	Principles of Negotiation	3
MANA40343 Leveraging Culture for Success	Leading a Diverse Workforce*	3
MANA40223 International Management	International Management	3
MANA40323 Org Research and Consult	Organizational Research and Consulting	3
ENTR40243 Raising Capital	Raising Entrepreneurial Capital	3
ENTR40333 Corporate Entrepreneurship	Corporate Entrepreneurship	3
ENTR40313 Social Entrepreneurship	Social Entrepreneurship	3
MARK40263 Foundations of Selling	Foundations of Selling	3
ADRN20900 Ideas of Leadership	Ideas of Leadership	3
ECON40123 Game Theory	Game Theory	3
POSC39023 Game Theory in Int'l Relations	Game Theory in International Relations	3
HCOL41023 Empathy	Empathy	3
PHIL20203 Art&ScienceHumanFlourishing	The Art and Science of Human Flourishing	3
	OR	
RELI20203 Art&ScienceHumanFlourishing	The Art and Science of Human Flourishing	3

*MANA 40343, Leading a Diverse Workforce, is an elective course option only for the NLP Pathway (details below) since this course is required for all other students taking the leadership minor.

NLP Pathway: Students enrolled in the BNSF Neeley Leadership Program (NLP) (click here for program details) may pursue the leadership minor by taking the five required NLP courses (15 semester hours):

BUSI30833 Foundations of Leadership	Foundations of Leadership	3
BUSI30843 Interpersonal Leadershp Skills	Interpersonal Leadership Skills	3
MANA40213 Develop High-Performance Teams	Leading Dynamic Teams	3
BUSI40843 The Leadership Challenge	The Leadership Challenge	3
BUSI40853 Leading in a Complex World	Leading in a Complex World	3

Note: The five required NLP courses are taught in designated course sections for NLP students only. BUSI 40843, The Leadership Challenge, substitutes for MANA 40343, Leading a Diverse Workforce, for students on the NLP pathway to the leadership minor due to The Leadership Challenge being a “challenge project” course unique to NLP.

Students on the NLP pathway to the leadership minor must also complete one elective course (3 semester hours) from among the elective options for the leadership minor.

Neeley School of Business Special Programs

Neeley School of Business Special Programs

Neeley School of Business Special Programs

Neeley Leadership Program

Neeley Leadership Program

The Neeley Leadership Program is a three-year leadership development experience for Neeley School undergraduates. Its focus is on leadership development specifically within the business school major.

Innovative courses, coaching, community service projects and co-curricular activities provide students a range of opportunities to learn about themselves and develop their leadership skills. The mission of the program is to prepare Neeley students to become tomorrow's leaders in the business world.

The Neeley Leadership Program consists of five leadership courses (15 credit hours) that help students learn more about leadership and themselves as leaders and earn a leadership emphasis. The first class, Foundations of Leadership, focuses on leading oneself. It is grounded in a principle-centered model of leadership and underscores the impact that character has on the ability to earn followers. The second course, Interpersonal Leadership Skills, focuses on critical leadership capabilities and teaches skills that are foundational for success in formal and informal leadership positions. The third course, Leading Dynamic Teams, focuses on specific skill sets that help increase effectiveness when working collaboratively. The fourth course, The Leadership Challenge, focuses on the application of leadership knowledge and competency in leading change. The fifth course, Leading in a Complex World, prepares students to transition from school to the workplace by developing an understanding of the complexity of business and societal contexts in which leadership occurs. In the final semester of the program, students refine and hone their skills through weekly developmental labs.

The Neeley Leadership curriculum include the following courses:

- BUSI 30833 - Foundations of Leadership
- BUSI 30843 - Interpersonal Leadership Skills
- BUSI 40213 - Leading Dynamic Teams
- BUSI 40843 - The Leadership Challenge
- BUSI 40853 - Leading in a Complex World

Consultative Selling Certificate

Consultative Selling Certificate

The consultative selling certificate is open to both business and non-business majors. The goal of the certificate is to provide an area of expertise in consultative selling so that the student is prepared for a greater number of career opportunities and gains more flexibility. The designation of a consultative selling certificate provides such students with additional evidence of subject matter expertise. The certificate requires 12 semester hours of coursework. Once a student matriculates at TCU, all coursework in the consultative selling certificate must be completed at TCU.

Space in the program is competitive and limited. For more information on the selection process and application dates see the TCU Sales Center website on the Neeley TCU page. A minimum GPA of 2.75 is necessary to apply.

Required Courses (12 semester hours)

MARK30153 Marketing Management	Marketing Management	3
	OR	
MARK30653 Principles of Marketing	Principles of Marketing	3
MARK40263 Foundations of Selling	Foundations of Selling	3
MARK40273 Consultative Selling	Consultative Selling	3
MARK40770 Sales Practicum	Sales Practicum	1.5

MARK40770 Sales Practicum *is a 1.5 hour course that is repeated over two semesters for course credit.*

To graduate with a certificate in consultative selling, students must;

1. Receive a B or better in all certificate classes and
2. Meet or exceed sales quota in MARK 40273.

Neeley School of Business Special Programs

FinTech Certificate

FinTech Certificate

The Fintech Certificate is being offered in recognition of a set of technologies disrupting not only the financial industry but the financial marketplace overall. While this certificate develops strong technical skills learned in the context of finance, no prior technology education is assumed and the only requirements for registering for the first fintech class is completion of INSC20263 Business Information Systems advancement to a business discipline specific major. Those obtaining the certificate will either pursue careers assisting with the development of cutting-edge technologies or will assist companies as an analyst or consultant in lending deep insight into decision-making around these technologies. Those students completing the three classes will learn programming (e.g., Python, R) frameworks to build blockchain databases (used for cryptocurrencies, smart contracts, etc.), predictive models (e.g., asset pricing or loan defaults), and AI agents (e.g., robo-advisors to suggest financial portfolio allocation).

Space in the program is competitive and limited. For more information on the selection process and application dates see the FinTech Certificate website on the Neeley TCU page.

Required Courses (9 semester hours)

INSC 30263	Digital Asset & Payment Technologies	3
INSC30273 Intro to Machine Learning	Introduction to Machine Learning	3
INSC30283 Deep Learning Technologies	Deep Learning Technologies	3

Educational Investment Fund

Educational Investment Fund

The Educational Investment Fund is a once-in-a-lifetime opportunity for students to invest real money while still in college. Approximately 18 students manage more than $1 million in assets of the William C. Conner Foundation. Participants in the Educational Investment Fund do intensive analysis of stocks and bonds and make buy-and-sell decisions.

The program is equates to a year's work experience in the eyes of many potential employers and places the TCU graduate in an extremely advantageous job-search position. Hundreds of TCU students have participated in the program over the last 25 years, and they now represent a worldwide network of potential contacts.

Neeley School of Business Special Programs

Neeley Fellows Program

Neeley Fellows Program

The Neeley Fellows Program aims to educate and develop undergraduates of extraordinary potential with curricular and co-curricular experiential learning opportunities to effect change in the global community.

Neeley Fellows is a three-year, cohort based academic program challenging the top business students to stretch beyond their already competitive undergraduate coursework. The program promotes development of enhanced business skills as wells as professional development and career exploration.

Neeley Fellows has a close relationship with the John V. Roach Honors College. The unique learning opportunities students receive through the John V. Roach Honors College complement the curricular and co-curricular mission of Neeley Fellows. We therefore require all current and prospective Neeley Fellows to seek admission to the John V. Roach Honors College and to complete the lower-and upper-division Honors College requirements to graduate as an Honors Laureate. Many Honors College requirements can be satisfied through the Neeley Fellows curriculum.

The courses in Neeley Fellows focus mainly on satisfying the Neeley School's lower and upper division core requirements to ensure that the program creates no complications for the timely completion of graduation requirements in any major. The Neeley Fellows curriculum include the following courses:

- ACCT20353 Fundamentals of Accounting - Fundamentals of Accounting
- MARK30153 Marketing Management - Marketing Management
- INSC20263 Business Information Systems - Business Information Systems
- FINA 30253 - Financial Management
- MANA 30253 - Organizational Behavior and Strategy
- INSC30453 Fellows Business Analytics - Fellows Business Analytics
- BUSI30383 Global Busi with Ethical Lens - Global Business with an Ethical Lens with International travel (optional)
- BUSI40970 Special Problems in Business - Special Problems in Business: Neeley Fellows Capstone

Neeley School of Business Special Programs

Neeley Premium Credentials

Neeley Premium Credentials

A designation of distinction earned by completing a customized development path pursuing the best practices of business professionals.

Professional development is an integral part of the Neeley experience that begins in the first year. The Neeley School provides students a base of professional skills in interviewing, networking, teamwork; and professional polish. After advancing in a business discipline specific major, students are eligible to earn Neeley Premium Credentials.

Once enrolled in Neeley Premium Credentials, students create a personalized professional development blueprint. By updating the blueprint each semester, the students outline skill areas that support achieving personal and professional goals. To foster accountability, a professional development coach (trained upperclassman or graduate student) is assigned to each student. Coaches provide guidance and encouragement as students engage in activities that build the skills identified in their blueprint. It’s not uncommon for the relationship between a student and coach to develop into a mentorship.

Blueprint activities generally include clarifying self-awareness through personal assessments and feedback from others, conducting informational interviews to explore career choices and broaden professional networks, securing an internship related to industry or career interests, and applying skills in a capstone experience. The timing for when these experiences occur during the junior and senior years depends on a student’s major, program involvement, career path; and current development.

Students who maintain an updated blueprint throughout their junior and senior years, complete at least one internship, and follow through on the professional development activities refined with their coach are recognized for earning Neeley Premium Credentials.

Neeley School of Business Special Programs

Professional Program in Accounting

Professional Program in Accounting

The Professional Program in Accounting (PPA) is an integrated program designed to prepare students for professional careers as accounting/finance professionals. The program is intended to be a three-year program, with students entering early in their junior year and continuing through the completion of both a Bachelor's in Business Administration (BBA) and a Master of Accounting (MAc). However, application and entry to the PPA is possible at any point an individual is committed to earning a MAc.

The PPA program has several components:

- Personal assessment, branding and development of career goals and education for accounting/finance career paths
- Preparation for optional internship, recruiting and placement
- Events and networking opportunities necessary to launch and manage a successful professional career.

Neeley School of Business Special Programs

Certificate in Sustainable Business

Certificate in Sustainable Business

This set of courses provides students with skills, experiences, and knowledge that enable them to effectively analyze and address the opportunities, challenges, and complexities of achieving more sustainable and resilient business operations. Topics addressed in the certificate curriculum include fundamentals of sustainability science; evaluation of sustainability options and initiatives; business regulation and reporting environment; sustainability as a business strategy; environmental and social impacts of supply chain management and operational decisions and practices; circular and reverse logistics; differences in global, regional, and industrial perspectives; management of business risk, resilience and continuity; business ethics; and corporate social responsibility. Courses introduce students to a number of analytical tools and active learning engagements including tours, case analyses, and projects.

Required Courses (6 semester hours)

INSC30513 Sustainable Supply Chain Mgt	Sustainable Supply Chain Management	3
INSC30523 Managing for Sustainable Busi	Managing Sustainable Business	3

In addition, the student must complete a 3 semester hour elective from the following:

Programs of Study - Science & Engineering

Programs of Study - Science & Engineering

The College of Science & Engineering supports the mission of TCU and:

- Integrates the research and undergraduate teaching missions;
- Prepares graduates for careers and further study in science, mathematics and engineering;
- Assists in the preparation of highly qualified K-12 mathematics and science teachers; and
- Provides experiences for all TCU students that will facilitate their becoming and continuing to be scientifically and mathematically literate citizens.

The college offers the Bachelor of Science degree with majors in 21 fields of study and the Bachelor of Arts degree with majors in 7 fields. The college also offers a Bachelor of Combined Science and two combined BS/MS programs. Minors are available in 20 fields. A Certificate Program is also available in Ranch Management.

The college is also responsible for the Pre-Health Professions programs (pre-dentistry, pre-medicine, pre-veterinary medicine).

College of Science & Engineering faculty are committed to teaching and are actively engaged in scholarly activity that contributes to their profession and informs their teaching on all levels. Opportunities for participation in research exist in every department and program of the college. Many faculty members involve undergraduates in their research programs. These students often work jointly with graduate students and postdoctoral associates in departments where graduate programs exist. To assist in these activities, the college houses SERC (Science & Engineering Research Center) to serve as a gateway of support for undergraduate research activities.

Multiple Majors

Students with a first major in the College of Science & Engineering may declare an additional major in lieu of or in addition to a minor on either a BA or BS degree. The additional major may be selected from the College of Science & Engineering's list of approved majors or may be selected from majors available in other TCU schools and colleges. Students seeking an additional major in a school or college other than the College of Science & Engineering must have the approval of the dean of the college and the dean of the additional major.

Students with a first major in another TCU school or college may select additional majors from those available in the College of Science & Engineering with the approval of the dean of the first major and the dean of the College of Science & Engineering.

The degree awarded will be that appropriate to the major designated as the first major. All degree requirements for each major must be satisfied. These include TCU Core Curriculum requirements and all associated requirements.

Courses applied to the requirements of one major may only be applied to the associated requirements of another major.

Transfer Credit

Students wishing to take courses at another college or university following their admission to TCU must receive approval of such courses through the office of the dean of the College of Science & Engineering before enrolling in them.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements. See the department of the major for any additional restrictions.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

College of Science & Engineering Organization

The College of Science & Engineering is organized into 11 departments.

Departments

Biology

Chemistry & Biochemistry

Computer Science

Engineering

Environmental and Sustainability Sciences

Geological Sciences

Mathematics

Nutritional Sciences

Physics & Astronomy

Psychology

Ranch Management

Sid W. Richardson houses the departmental offices of chemistry & biochemistry, environmental sciences, geological sciences, physics & astronomy, the Pre-Health Institute and the Institute for Environmental Studies. Biology and psychology are in Winton-Scott Hall. Nutritional sciences is located in the Annie Richardson Bass Building. Ranch Management is located in the Winthrop Rockefeller Building. College administrative offices and the departmental offices for computer science, engineering and mathematics are located in the Tucker Technology Building.

Interdepartmental Programs

Neuroscience (Psychology)

Pre-Health Professions

College of Science & Engineering Degrees

The College of Science & Engineering administers programs that lead to the following baccalaureate degrees:

The Bachelor of Arts degree with majors in:

- Biology
- Chemistry
- Child Development (Psychology)
- Geology
- Mathematics
- Physics
- Psychology

The Bachelor of Science degree with majors in:

- Astronomy & Physics
- Biochemistry
- Biology
- Biophysics
- Chemistry
- Child Development (Psychology)
- Computer Information Technology (Computer Science)
- Computer Science
- Data Science
- Dietetics (Nutritional Sciences)
- Earth Systems Science
- Engineering
- Environmental Science and Sustainability
- Food Management (Nutritional Sciences)
- Geology
- Mathematics
- Neuroscience (Psychology)
- Nutrition (Nutritional Sciences)
- Physics
- Psychology
- Ranch Management

The Bachelor of Combined Science

Combined BS/MS degree

- Dietetics (Nutritional Sciences)

College of Science & Engineering Certificates

The College of Science & Engineering offers certificates in:

Ranch Management

The Ranch Management Certificate may be used to fulfill the requirement for a minor with approval of the dean of the major college. The rules for minors also apply to the certificate program.

College of Science & Engineering Minors

The College of Science & Engineering offers minors in:

- Applied Physics
- Astronomy
- Biology
- Biophysics
- Chemistry
- Child Development (Psychology)
- Combined Science
- Computer Information Technology

- Computer Science
- Cultural Awareness in Healthcare
- Data Science
- Energy Technology & Management
- Environmental Science
- Geology
- Mathematics
- Nutrition
- Physics
- Psychology
- Ranch Management
- Sustainability

Minors for students majoring in the College of Science & Engineering are also accepted from AddRan College of Liberal Arts, College of Fine Arts, Bob Schieffer College of Communication, College of Education, Neeley School of Business and Harris College of Nursing & Health Sciences.

Only associated requirements of the major may be applied to the requirements of a minor. Courses applied to the requirements of one minor may not be applied to the requirements of another minor.

College of Science & Engineering Organization

College of Science & Engineering Organization

The College of Science & Engineering is organized into 11 departments.

Sid W. Richardson houses the departmental offices of chemistry & biochemistry, environmental sciences, geological sciences, physics & astronomy, the Pre-Health Institute and the Institute for Environmental Studies. Biology and psychology are in Winton-Scott Hall. Nutritional sciences is located in the Annie Richardson Bass Building. Ranch Management is located in the Winthrop Rockefeller Building. College administrative offices and the departmental offices for computer science, engineering and mathematics are located in the Tucker Technology Building.

Departments

- Neuroscience (Psychology)
- Nutrition (Nutritional Sciences)
- Physics
- Psychology
- Ranch Management

The Bachelor of Combined Science

Combined BS/MS degrees

- Dietetics (Nutritional Sciences)
- Combined BS in Environmental Science and MS in Sustainability

Biology

Biology

Biology is available as a major or minor on both the BA and BS degrees.

The BA is provided for the student who has a strong interest in the biological sciences but who desires a broader-based area of study or who is interested in pursuing multiple majors. The degree is appropriate for students interested in graduate or health-related professional schools but may require additional coursework to fulfill certain prerequisites. The BS degree offers an expanded study of the biological sciences and includes associated requirements that provide a broader knowledge of the physical sciences. Required courses within the BS degree will meet many prerequisites of graduate and health-related professional schools.

Honors College

Biology majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in BIOL40933 Senior Honors Research in Biol Senior Honors Research during their final semester.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Child Development

Child Development

The child development major and minor are administered by the Department of Psychology; students should contact the Karyn Purvis Institute of Child Development for information about these programs.

Child development is available as a major and a minor on both the BA and BS degrees.

The child development major is a multidisciplinary program drawing upon the strengths of nine disciplines:

- Child Development
- Communication Sciences and Disorders
- Sociology
- Criminal Justice
- Education
- Nutritional Sciences
- Nursing
- Psychology
- Social Work

Its interdisciplinary focus is designed for students who wish to go into jobs or areas of study in child development, such as children's mental health, child welfare, education, juvenile justice, and non-profit organizations that serve children. The major provides comprehensive insight into the issues of child development, as well as knowledge and skills in developmental trauma and intervention. The major also works well for students who double major in areas such as psychology, social work, criminal justice, communication sciences and others. This major provides students who want to work with children in these disciplines an advantage in their chosen field of study due to the global influence and impact of the Purvis Institute's Trust-Based Relational Intervention® (TBRI®).

Students who wish to major in child development should first declare a child development pre-major (CHDP) and then apply for the major after their first year. To apply to the major, students must have either a minor OR a second major. Major requirements include having a sophomore standing, a minimum 2.5 GPA, a clear criminal background check (sent to students after the application is screened) and a completed application. Applications are emailed to child development pre-majors at the beginning of the fall and spring semesters.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Computer Science

Computer Science

Computer science is available as a major on the BS degree and as a minor on the BA and BS degrees.

Honors College

Computer science and computer information technology majors who are members of the Honors College and who have a minimum 3.5 GPA in the major may pursue Departmental Honors by enrolling in COSC 50970 during the fall of their senior year and preparing a Senior Honors Project.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Computer Science Student Organizations

Association for Computing Machinery

The department sponsors a student chapter of the Association for Computing Machinery (ACM), an international organization for computer scientists.

IEEE/CS

The department sponsors a student chapter of the Institute of Electrical and Electronics Engineers/Computer Society, an international organization for computer scientists.

Upsilon Pi Epsilon

The department sponsors a chapter of Upsilon Pi Epsilon, the International Honor Society for the Computing Sciences.

Computer Information Technology

Computer Information Technology

Computer information technology is available as a major on the BS degree and as a minor on both the BA and BS degrees.

Honors College

Computer science and computer information technology majors who are members of the Honors College and who have a minimum 3.5 GPA in the major may pursue Departmental Honors by enrolling in COSC 50970 during the fall of their senior year and preparing a senior honors project.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations (p. **Error! Bookmark not defined.**) in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering.

Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Computer Information Technology Student Organizations

Association for Computing Machinery

The department sponsors a student chapter of the Association for Computing Machinery (ACM), an international organization for computer scientists.

IEEE/CS

The department sponsors a student chapter of the Institute of Electrical and Electronics Engineers/Computer Society, an international organization for computer scientists.

Upsilon Pi Epsilon

The department sponsors a chapter of Upsilon Pi Epsilon, the International Honor Society for the Computing Sciences.

Cultural Awareness in Healthcare

Cultural Awareness in Healthcare

The Cultural Awareness in Healthcare minor is intended as an exploration of the impact of society on health-related topics. Students may choose from a variety of courses that focus on cultural, social and ethical issues that have implications in health and medicine.

Data Science

Data Science

The BS degree program in Data Science is designed to prepare graduates for a broad set of careers involving the analysis of data.

Engineering

Engineering

In developing a strong engineering program within a traditional liberal arts setting, the faculty and staff of the Department of Engineering at TCU, with input from other constituents, have established Program Educational Objectives.

Within a few years of graduation, TCU Engineering graduates are expected to:

1. Be serving others as practicing engineers, or as other service professionals.

2. Be advancing in leadership tracks in industry, government, national service, non-profits, while building reputations as ethical and responsible community members.
3. Be engaged in the pursuit of knowledge and skills through professional development through opportunities and/or graduate education.

Engineering is available as a major on the BS degree with the choice of either an electrical or mechanical emphasis. All programs of study include a solid liberal arts component and a fundamental core of engineering courses that provide a strong interdisciplinary background in engineering. They conclude with a three-semester design sequence, which is common to students in both areas of emphasis. The Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

The programs of study are identical for the first three semesters with an emphasis choice required during the second year. A minimum total of 129 hours of TCU Core Curriculum, engineering and associated courses is required for the BS degree with a major in engineering. All programs are based on a strong background in mathematics and the basic sciences. Suggested four-year course sequences are available from the Department of Engineering.

Honors College

Engineering majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in ENGR 30003 during their junior year and ENGR 40003 during their senior year.

Transfer Students

Transfer applicants should refer to General Policies in the Admission section of this catalog for general admission requirements and deadlines. A degree plan is prepared for each transfer student during the student's first semester of enrollment at TCU. The application of previous coursework to an engineering degree at TCU is based upon equivalency of content with TCU courses. Special approval is required to complete any engineering courses outside of TCU. A maximum of 15 semester hours of transfer credit may be applied to the engineering core. All engineering courses must be from programs with ABET accreditation, unless otherwise pre-approved. Contact the Department of Engineering for additional information on its transfer policy and procedures.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) three hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science and Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Environmental & Sustainability Sciences

Environmental and Sustainability Science

Environmental & sustainability sciences is available as an environmental science and sustainability major on the BS degree and as a combined BS in environmental science and MS in sustainability (4+1). Environmental science and sustainability minors are available on the BA or BS degrees.

Administration and Advising

Each student prepares an individual program of study (POS) designed specifically for the student's particular background and goals. The POS is prepared in consultation with the chair of the Department of Environmental Sciences and the student's adviser.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Course Scheduling

Although taught regularly, not all required courses are scheduled every semester. Exceptions to the major requirements or to course prerequisites will not be made because of failure to complete coursework in a timely fashion. In particular, since they serve as prerequisites to many advanced courses, the foundation courses and associated requirements should be completed as early as possible in a student's academic career.

Geology

Geology

Geology is available as a major or minor on both the BA and BS degrees.

Honors College

Geology majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in GEOL 30003 during their junior year and GEOL 40013 during the fall semester of their senior year.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Course Scheduling

Although taught regularly, not all required courses are scheduled every semester. Exceptions to the major requirements or to course prerequisites will not be made because of failure to complete coursework in a timely fashion. In particular, since they serve as prerequisites to many advanced courses, the foundation courses and associated requirements should be completed as early as possible in a student's academic career.

Geology Student Organizations

Sigma Gamma Epsilon

The department is a sponsor of Sigma Gamma Epsilon, the Honor Society for Research in the Earth Sciences. The department also hosts the TCU Geology Society, a club for any student interested in geology.

Mathematics

Mathematics

Math is available as a major and a minor on both the BA and BS degrees.

Factors that determine a student's placement include:

- High school credits presented;

- Scores achieved in the SAT, ACT or other appropriate examination;
- Performance in advanced placement examinations. Advanced placement, with credit, is available for MATH10054 Precalculus with Trigonometry, MATH10524 Calculus I and MATH20524 Calculus II.

Students majoring in business ordinarily select from a MATH10273 Applied Precalculus / MATH10283 Applied Calculus or a MATH10054 Precalculus with Trigonometry / MATH10524 Calculus I sequence.

Credit will not be given for both MATH10273 Applied Precalculus and MATH10054 Precalculus with Trigonometry, or for both MATH10283 Applied Calculus and MATH10524 Calculus I.

The hours requirement of the mathematics majors and minors may be reduced with department permission if the student transfers credit for a course equivalent to a TCU Mathematics course taken at a college or university that awards fewer credits for the course than does TCU. For example, if the student is awarded transfer credit for Math 10524 from a college or university that awards 3 credit hours, then the department may allow a corresponding 1-hour reduction to the total posted required hours for the major or minor. At the department's discretion, such reductions may be accumulated to account for multiple transfer courses.

Honors College

Mathematics majors who plan to pursue Departmental Honors must earn a BS and be members of the Honors College. A minimum 3.5 GPA in the major is required. Students must pass MATH40000 Undergraduate Thesis with a C- or better. MATH30000 Honors Directed Research is recommended. Departmental Honors further require satisfactory presentation of thesis results to faculty.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Mathematics Affiliations

The department holds a charter for Texas Alpha Chapter of Pi Mu Epsilon, a national mathematics honor society, and the Gamma Xi Chapter of Gamma Iota Sigma, an international professional fraternity organized to promote, encourage, and sustain student interest in insurance, risk management, and actuarial science as professions.

Nutritional Sciences

Nutritional Sciences

Nutritional sciences is available as a major on the BS degree and a minor on both the BS and BA degrees. The four degree options:

- Combined BS/MS in Dietetics
- Didactic Program in Dietetics
- Nutrition
- Food Management

All BS degrees in nutritional sciences follow the TCU Core Curriculum requirements for the College of Science & Engineering.

Honors College

Nutritional sciences majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in NTDT30001 Honors Seminar during their junior year and NTDT40001 Senior Honors Research their senior year.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Nutritional Sciences Affiliations

Students who demonstrate high scholarship are eligible for membership in the Beta Zeta chapter of Phi Upsilon Omicron, national honor society. The department also sponsors a chapter of the Texas Student Dietetic Association (SNDA). All NTDT majors are encouraged to join the Academy of Nutrition and Dietetics as well as the state and local chapters. The TCU Food Recovery Network (FRN) is a student organization housed in the Department of Nutritional Sciences. FRN membership is open to any student on campus. NTDT majors are encouraged to join.

Physics & Astronomy

Physics & Astronomy

Physics and astronomy are available as a major or minor on both the BA and BS degrees.

Honors College

Physics and astronomy majors who plan to pursue Departmental Honors must be enrolled in the Honors College. Students should take PHYS30003 Junior Honors Research their junior year and PHYS40003 Senior Honors Resch their senior year.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Dual Credit

Students may not earn credit for PHYS20475 Physics I for Majors/PHYS20485 Physics II for Majors and PHYS20474 Physics I with Lab: Mechanics/PHYS20484 Physics II with Lab and/or PHYS10154 General Physics I with Lab/PHYS10164 General Physics II with Lab. Only one of these pairings will count as credit towards the degree.

Physics & Astronomy Honor Societies

The department sponsors Sigma Pi Sigma, the national honor society in physics.

Pre-Health Professions

Pre-Health Professions

TCU offers a curriculum preparing students for programs leading to professional degrees in: Allopathic Medicine (MD), Dentistry (DDS), Optometry (OD), Osteopathic Medicine (DO), Pharmacy (PharmD), Physician's Assistant (PA), Podiatric Medicine (DPM), Veterinary Medicine (DVM) and others requiring coursework in science.

The Health Professions Advisory Committee (HPAC) consists of faculty members who teach courses normally taken by students pursuing the above professional goals.

The duties of the committee are to advise students on their curriculum; provide counseling regarding the health professions; and evaluate, both for the student and for the professional schools, the student's readiness for entering the profession. The committee offers "mock" interviews and will write a committee-based letter of evaluation for those students who submit the appropriate biographical materials. Additional information is available at www.prehealth.tcu.edu.

Curriculum

Health profession schools prefer applicants who have completed a four-year curriculum leading to a baccalaureate degree. While the health professions schools will accept students in any major, certain courses are required or suggested as described below. In addition, if medicine, dentistry or veterinary medicine is a student's primary career goal, the Health Professions Advisory Committee strongly recommends that students major within the College of Science & Engineering.

Required and Suggested Courses

Although each professional program has its own list of required and suggested courses, those shown below meet the requirements of the majority. Students should check the current requirements of schools to which they intend to apply before they begin their junior year at TCU to ensure that new or unusual requirements can be met before graduation. The Pre-Health Professions Institute offers a series of professional development courses which are strongly recommended for all students planning to apply to professional school.

Recommended Coursework:

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular and Developmental Biology	3
BIOL40403 Human Physiology	Mammalian Physiology	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
CHEM10013 Gen Chem for ENGR Students	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I	1
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Lab	1
CHEM30133 Organic Chemistry II	Organic Chemistry II	3
CHEM30143 Organic Qualita Analysis	Organic Qualitative Analysis	3
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
MATH10043 Elementary Statistics	Elementary Statistics	3
SCIE20601 Introduction to Pre-Health	Introduction to Pre-Health	1
BIOL40110 Topics in Medicine	Topics of Medicine: Becoming a Great Applicant	.50
SCIE30613 Pre-Health Prof Development	Pre-Health Professional Development	3

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements but note that most professional schools require that pre-requisite coursework be completed with a grade of C or higher.

Professional Entrance Exams

Most professional schools require entrance exams to have been taken *at the time of application.* Since applications are submitted in the summer (ranging from early May through July), entrance exams are typically taken in the spring. These include the Dental Admissions Test (DAT), the Medical College Admissions Test (MCAT), the Optometry Admissions Test (OAT) and the General Record Examination (GRE). Subject based exams such as the MCAT, DAT and OAT require a minimum of 2-3 years of coursework prior to taking the exam. Students also typically require several months of additional studying and preparation before they are ready to take these exams. More information on these exams is available in the Pre-Health Professions Office SWR 258.

Health Related Activities

All students in TCU's Pre-Health Profession Institute are required to participate in biomedical or health-related activities. This includes shadowing, working or volunteering in a clinical and/or research setting. Students cannot participate in health-related activities until they have participated in HIPAA and professionalism training and submitted all required paperwork to the Pre-Health Professions Institute. International students cannot begin participation in health-related activities until their second year in the program and are allowed to do no more than 20 hours per week, approved by their faculty and signed by the organization where the student will be participating. International students must also submit Curricular Practical Training forms to the Office of International Services. Participation is mandatory for all students, and all federal regulations regarding F-1 and J-1 students must be met in order for international student participation.

Health-Related Student Organizations

The program supports a number of health-related student organizations for pre-professional health science students. Additional information is available at http://www.prehealth.tcu.edu.

Pre-Health Professions Scholarships

Several competitive scholarships for pre-health professions are available for students who are at least sophomores; have a GPA above 3.0; have a record of service to TCU, the community or the profession; and have demonstrated a high motivation toward a career in medicine and dentistry. Applications are available from the Office of Scholarships and Student Financial Aid.

Pre-Health Professions Requirements

Pre-Health Professions

General Requirements

Biology:

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3

Chemistry:

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30133 Organic Chemistry II	Organic Chemistry II	3

Physics:

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4

Math:

MATH10043 Elementary Statistics	Elementary Statistics	3

Other:

TCU Core Curriculum requirements and requirements of the major/minor.

General Suggestions

Listed below are medically relevant courses that are highly recommended. Additionally, courses outside of the sciences such as those fulfilling the requirements for the Cultural Awareness in Healthcare minor are highly recommended.

BIOL30304 Microbiology	Microbiology	4
BIOL30404 Com Vertebrate Anat	Comparative Vertebrate Anatomy	4
BIOL30414 Human Anatomy	Human Anatomy	4
BIOL30463 Introductory Neuroscience	Introductory Neuroscience	3
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
BIOL30803 Human Parasitology	Human Parasitology	3
BIOL40123 Genetics	Genetics	3
BIOL40203 Histology	Histology	3
BIOL40224 Developmental Biology	Developmental Biology	4
BIOL40254 Immunology	Immunology	4
BIOL40273 Genomics	Genomics	3
BIOL40303 Medical Microbiology	Medical Microbiology	3
BIOL40403 Human Physiology	Mammalian Physiology	3
BIOL40473 Vertebrate Endocrinology	Vertebrate Endocrinology	3
BIOL40603 Virology	Virology	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
BIOL50133 Biochemistry I	Biochemistry I	3
BIOL50143 Biochemistry II	Biochemistry II	3
SCIE30613 Pre-Health Prof Development	Pre-Health Professional Development	3

Additional Pre-Dental Courses

Two advanced biology courses are required, with recommended courses listed in general suggestions. The following courses are especially recommended, with Microbiology, Anatomy & Physiology being required by several programs.

BIOL30304 Microbiology	Microbiology	4
BIOL30404 Com Vertebrate Anat	Comparative Vertebrate Anatomy	4
	OR	
BIOL30414 Human Anatomy	Human Anatomy	4
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
BIOL40123 Genetics	Genetics	3
BIOL40403 Human Physiology	Mammalian Physiology	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
	OR	
BIOL50133 Biochemistry I	Biochemistry I	3

Additional Pre-Medical Courses

Two advanced biology courses are required, with recommended courses listed in general suggestions. In addition, General Psychology, Introductory Sociology and Biochemistry are highly recommended in preparation for the Medical College Admission Test (MCAT.)

PSYC10213 Introduction to Psychology	Introduction to Psychology	3
SOCI20213 Introductory Sociology	Introductory Sociology	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
	OR	
BIOL50133 Biochemistry I	Biochemistry I	3
	AND	
BIOL50143 Biochemistry II	Biochemistry II	3

Additional Pre-Optometry Courses

MATH10524 Calculus I	Calculus I	4
MATH10043 Elementary Statistics	Elementary Statistics	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3
BIOL30304 Microbiology	Microbiology	4
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
	OR	
BIOL50133 Biochemistry I	Biochemistry I	3
BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
	AND	
BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
	OR	
BIOL30404 Com Vertebrate Anat	Comparative Vertebrate Anatomy	4
	OR	
BIOL30414 Human Anatomy	Human Anatomy	4
	AND	
BIOL40403 Human Physiology	Mammalian Physiology	3

Additional Pre-Pharmacy Courses

MATH10524 Calculus I	Calculus I	4
MATH10043 Elementary Statistics	Elementary Statistics	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3
BIOL30304 Microbiology	Microbiology	4
BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
	OR	
BIOL30404 Com Vertebrate Anat	Comparative Vertebrate Anatomy	4
	OR	
BIOL30414 Human Anatomy	Human Anatomy	4
BIOL40123 Genetics	Genetics	3

Additional Pre-Physician's Assistant Courses

Program requirements vary so it is highly recommended to determine the pre-requisite courses required for each individual program. The following courses are especially recommended.

BIOL30304 Microbiology	Microbiology	4
BIOL20204 Anatomy & Physiology I	Anatomy and Physiology	4
BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
BIOL40123 Genetics	Genetics	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
MATH10043 Elementary Statistics	Elementary Statistics	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3

Additional Pre-Podiatric Courses

Same as pre-med courses.

Additional Pre-Veterinary Courses

BIOL30304 Microbiology	Microbiology	4
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
BIOL40123 Genetics	Genetics	3
BIOL40254 Immunology	Immunology	4
BIOL50123 Biostatistics	Biostatistics	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
BIOL50133 Biochemistry I	Biochemistry I	3
	AND	
BIOL50143 Biochemistry II	Biochemistry II	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3

Two advanced biology courses as listed under general suggestions, especially recommended:

GPA Requirements:

To continue in the Pre-Health Professions Program (e.g., be advised by HPAC and utilize HPAC for mock interviews and recommendation letters) it is strongly recommended that students maintain at least a:

1. 2.5 GPA in TCU biology and chemistry courses after their first two semesters at TCU. For most students, this consists of BIOL10501 Intro Biology Lab I, BIOL10503 Unity and Cells, BIOL10511 Intro Biology Lab II and BIOL10513 Diversity and Organisms and CHEM10113 General Chemistry I and either CHEM10125 General Chemistry II with Lab or CHEM10123 General Chemistry II and CHEM20123 Quantitative Analysis (Honors).
2. 2.8 GPA in TCU biology and chemistry courses after their first four semesters at TCU. For most students, this consists of chemistry through Organic (CHEM30123 Organic Chemistry I, CHEM30121 Organic Chemistry I Lab, CHEM30133 Organic Chemistry II and CHEM30143 Organic Qualita Analysis) and BIOL30603 Cell/Molecul/Dev Biol.
3. 3.1 GPA in TCU biology and chemistry courses after their first six semesters at TCU.

Important notes:

- For transfer students from two-year institutions who have not taken biology and chemistry, a cumulative GPA of 3.7 is highly recommended for entrance into the program.

- For transfer students from four-year institutions who have taken biology and chemistry, a 2.8 GPA in introductory chemistry and biology courses and a cumulative GPA of 3.4 is highly recommended for entrance into the program.
- For transfer students from four-year institutions who have not taken biology and chemistry, a cumulative GPA of 3.5 is highly recommended for entrance into the program.
- These are minimum requirements and in no way should be considered competitive. The average entering GPA for medical, dental and vet schools is almost always in the 3.6-3.8 range, and very few applicants are accepted with a GPA of less than 3.3.

Psychology Outreach Program

Psychology Outreach Program

The Psychology Outreach Program is designed to afford qualified students the opportunity to participate in psychology-related internships in local community settings.

The major goal of the outreach program is to increase student awareness of professional psychology by allowing students to engage in activities similar to those of a counseling or clinical psychologist. Many psychology majors are interested in becoming helping professionals, and it is the department's belief that these students can make more informed decisions about their careers if they have experienced these professional activities firsthand.

A second goal of the outreach program is to help students build their résumés through professionally related internship experiences. In this way, they not only include the fieldwork experience on their résumés, but they also have the opportunity to earn letters of recommendation from off-campus professionals.

The Department of Psychology's fieldwork experience consists of a two-semester sequence, Basic Internship (PSYC40260 Basic Internship) and Advanced Internship in Psychology (PSYC40290 Adv Internship in Psychology).

Neuroscience

Neuroscience

Neuroscience is available as a major on the BS degree.

This interdisciplinary major is built upon the understanding of basic principles in neuroscience. Neuroscience blends areas within psychology, biology and chemistry, which converge on the understanding of the brain and its relationship to the behavior and physiology of living organisms.

A total of 120 semester hours is required. Students may obtain information and/or advisement from the Department of Psychology.

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Ranch Management

Ranch Management

Ranch Management is available as a BS, certificate and minor. An application process is required for all Ranch Management programs.

Since 1956, students from 44 states and 22 nations have studied ranching at TCU through the certificate program. In addition to the certificate program, ranch management is available as a Bachelor of Science Degree and as a minor with a Bachelor of Science or Bachelor of Arts in another discipline.

*RAMA40101 Management Plan Capstone, Management Plan Capstone Course, must be completed with a grade of C of higher in order to earn the BS Degree, Certificate, and/or Minor in Ranch Management.

Courses for the major (including Associated Requirements), the minor, and the certificate may not be taken on a Pass/No Credit basis.

**RAMA courses are only available to students admitted to the Ranch Management program

Actuarial Science, BA

Actuarial Science, BA

Students seeking the BA degree are advised to consider a minor in Economics. All actuarial students need to work closely with an adviser to plan course schedules.

Credit is not allowed for both MATH10283 Applied Calculus and MATH10524 Calculus I.

Requirements

Mathematics Courses

The program of study requires a minimum of 31 hours of Math, with a grade of C- or better, on a 120-hour degree.

MATH10524 Calculus I	Calculus I	4
MATH20123 Discrete Mathematics I	Discrete Mathematics I	3
MATH20524 Calculus II	Calculus II	4
MATH30224 Linear Algebra	Linear Algebra	4
MATH30524 Calculus III	Calculus III	4
MATH30603 Interest Theory	Interest Theory	3
MATH30803 Probability	Probability	3
MATH30853 Statistics	Statistics	3
MATH40603 Actuarial Mathematics	Actuarial Mathematics	3

Associated Requirements:

ECON10223 Intro Microeconomics	Introductory Microeconomics	3
ECON 10233	Introductory Macroeconomics	3
ECON30223 Intermed Microeconomics	Intermediate Microeconomics	3
	OR	
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON30233 Intermed Macroeconomics	Intermediate Macroeconomics	3
ACCT20353 Fundamentals of Accounting	Fundamentals of Accounting	3
ACCT40163 Acct Decision Making & Control	Accounting for Decision Making & Control	3
FINA30153 Financial Management	Financial Management	3

One of:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC10503 Intro Prog for Engr & Science	Introduction to Programming for Engineering & Science	3
COSC10603 Intro to Python for Data Analy	Introduction to Python for Data Analytics	3
ENGR10573 Applied Programming-Matlab	Applied Programming Matlab	3
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3

Any two of the following:

COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC40403 Analysis Of Algorithms	Analysis of Algorithms	3
COSC40523 Deep Learning	Deep Learning	3
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON40313 Econometrics	Econometrics	3
ECON40323 Time Series Econometrics	Time Series Econometrics	3
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4

ENGR10573 Applied Programming-Matlab	Applied Programming Matlab	3
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3

Astronomy & Physics, BS

Astronomy & Physics, BS

Requirements

The program of study requires a minimum of 47 hours, on a 120-hour degree, consisting of:

Core Courses

PHYS10901 First-Year Phys & Astron Sem	First-Year Physics and Astronomy Seminar	1
PHYS10263 Intro Astro: Cosmic Origins	Cosmic Origins	3
PHYS10273 Intro Astronomy:Earth&Planets	Introductory Astronomy: Earth and Planets	3
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3
PHYS20475 Physics I for Majors	Physics I for Majors: Mechanics	5
PHYS20485 Physics II for Majors	Physics II for Majors	5
PHYS30113 Intermediate Astronomy	Intermediate Astronomy	3
PHYS30123 Observational Astronomy	Observational Astronomy	3
PHYS30313 Theoretical Methods in Physics	Theoretical Methods in Physics	3
PHYS30493 Physics III Modern Physics	Physics III Modern Physics	3
PHYS50743 Stellar Astrophysics	Stellar Astrophysics	3

12 Additional hours of 30000+ level physics classes. Not more than 3 hours from Research (PHYS 40003 or PHYS 40103) can be used to fulfill this requirement.

Associated Requirements

MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4
MATH30613 Differential Equations	Differential Equations	3
MATH30524 Calculus III	Calculus III	4
CHEM10113 General Chemistry I	General Chemistry I	3

It is recommended that students planning to attend graduate school take

PHYS30553 Mechanics	Mechanics	3
PHYS30603 Thermal Physics	Thermal Physics	3
PHYS40113 Quantum Mechanics	Elements of Quantum Mechanics	3
PHYS40653 Electromagnetic Fields	Electromagnetic Fields	3
MATH50613 Partial Differential Equations	Partial Differential Equations	3

Study of a modern language is recommended.

Biochemistry, BS

Biochemistry, BS

Requirements

The program of study requires a minimum of 38 hours, on a 120 hour degree, consisting of

A minimum of 38 hours of CHEM

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30133 Organic Chemistry II	Organic Chemistry II	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM30143 Organic Qualita Analysis	Organic Qualitative Analysis	3
CHEM40091 Senior Seminar	Senior Seminar	1
CHEM40123 Physical Chemistry I	Physical Chemistry I	3
CHEM40121 Physical Chemistry I Lab	Physical Chemistry I Lab	1
CHEM40200 Undergraduate Research	Undergraduate Research	1-4
	OR	
CHEM40003 Senior Honors Res Project	Senior Honors Research Project	3
	AND	
CHEM40013 Senior Honors Res Paper	Senior Honors Research Paper	3
CHEM50163 Advanced Inorganic Chemistry	Advanced Inorganic Chemistry	3
BIOL50502 Biochemistry Lab	Biochemistry Laboratory	2
BIOL50133 Biochemistry I	Biochemistry I	3
BIOL50143 Biochemistry II	Biochemistry II	3

Professional certification by the American Chemical Society requires the inclusion of:

CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM40172 Chemical Instrumentation	Chemical Instrumentation	2
CHEM40013 Senior Honors Res Paper	Senior Honors Research Paper	3
CHEM40131 Physical Chemistry II Lab	Physical Chemistry II Lab	1
CHEM50162 Adv Inorganic Chem Lab	Advanced Inorganic Chemistry Laboratory	2

Resulting in a minimum of 46 hours of chemistry

Associated Requirements

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3

And one of (3 hours):

BIOL40123 Genetics	Genetics	3
BIOL40133 Mol Basis of Human Disease	Molecular Basis of Human Disease	3
BIOL40403 Human Physiology	Mammalian Physiology	3
	AND	
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
	OR

PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
MATH10524 Calculus I	Calculus I	4
	AND	
MATH10043 Elementary Statistics	Elementary Statistics	3
	OR	
MATH30803 Probability	Probability	3

Biology, BA

Biology, BA

Requirements

The program of study requires a minimum of 30 hours, on a 120-hour degree, consisting of:

A minimum of 27 semester hours of Biology

A. Required courses (9 hours):

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
BIOL41000 Senior Assessment	Senior Assessment	0

BIOL10503 Unity and Cells cannot be transferred to TCU from elsewhere; BIOL10513 Diversity and Organisms and BIOL10523 Intro Bio Investigation cannot be taken elsewhere and transferred to TCU after matriculation.

B. A minimum of 18 upper-division hours in biology as selected from the areas below:

a. 3 hours selected from:

BIOL30403 Ecology and the Environment	Ecology and the Environment	3
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3

BIOL30403 and BIOL30603 cannot be taken elsewhere and transferred to TCU after matriculation.

b. One upper-division biology course (1-4 hours) with a laboratory (LAB) component .

c. One upper-division biology course (1-4 hours) with a laboratory (LAB) component OR one upper-level biology course (1-4 hours) designated as literature-intensive

d. Additional upper-division hours in biology as needed, with restrictions as noted:

A maximum of 4 hours and one laboratory will be granted within the 18 upper-division hours of biology coursework for completion of both Anatomy and Physiology courses:

BIOL20204 Anatomy & Physiology I	Anatomy & Physiology I	4
BIOL20214 Anatomy & Physiology II	Anatomy & Physiology II	4

A maximum of 3 hours, of the additional 18 upper-division hours, will be allowed for any combination of the following:

BIOL40820 Teaching Intro Level Biology	Teaching of Introductory-Level Biology	1-4
BIOL40830 Teaching of Advanced Biology	Teaching of Advanced Biology	1-4
BIOL40900 Intro Independent Res in Biol	Introduction to Independent Research in Biology	1-3
BIOL40910 Adv Independent Res in Biology	Advanced Independent Research in Biology	1-3
BIOL40903 Biol Research and Writing	Biological Research and Writing	3
BIOL40933 Senior Honors Research in Biol	Senior Honors Research in Biology	3

C. Associated requirements (3 hours):

a. 3 hours statistics

MATH10043 Elementary Statistics	Elementary Statistics	3

Biology, BS

Biology, BS

The department of Biology offers the Biology BS with an emphasis on the following:

- Ecology, Evolution, and Environmental Biology (EEEB)
- Molecular Biology, Cellular Biology, and Biotechnology (MCB)

The requirements for each emphasis area are outlined below.

Ecology, Evolution, and Environmental Biology (EEEB) Emphasis

Requirements

The program of study requires a minimum of 51 hours, on a 120-hour degree, consisting of:

Minimum of 36 hours of biology

A. Required courses (12 hours):

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
BIOL30403 Ecology and the Environment	Ecology and the Environment	3
BIOL41000 Senior Assessment	Senior Assessment	0

BIOL10503 Unity and Cells cannot be transferred to TCU from elsewhere; BIOL10513 Diversity and Organisms, BIOL10523 Intro Bio Investigation, and BIOL30403 Ecology and the Environment cannot be taken elsewhere and transferred to TCU after matriculation.

B. A minimum of 24 upper-division hours in biology as selected from the areas below, two of which must have laboratories and one of which must be a literature-intensive course:

a. 1 hour of:

BIOL40101 Current Research in Biology	Current Research in Biology Seminar	1

b. Minimum of 15 hours in EEEB coursework selected from:

BIOL30104 Invertebrate Biology	Invertebrate Biology	4
BIOL30304 Microbiology	Microbiology	4
BIOL30324 Introduction to Marine Science	Introduction to Marine Science	4
BIOL30803 Human Parasitology	Human Parasitology	3
BIOL30613 Natural History	Natural History	3
BIOL40123 Genetics	Genetics	3
BIOL40153 Conservation Genetics	Conservation Genetics	3
BIOL40163 Avian Biology	Avian Biology	3
BIOL40224 Developmental Biology	Developmental Biology	4
BIOL40173 Mammalogy	Mammalogy	3
BIOL40273 Genomics	Genomics	3
BIOL40353 Wildlife Ecology & Mgmt	Wildlife Ecology and Management	3
BIOL40453 Principles of Toxicology	Principles of Toxicology	3
BIOL40473 Vertebrate Endocrinology	Vertebrate Endocrinology	3
BIOL50123 Biostatistics	Biostatistics	3
BIOL50303 Evolution	Evolution	3
BIOL50604 Advanced Ecology	Advanced Biology	4

c. Additional advanced (upper-division) hours in biology as needed, with restrictions as noted:

A maximum of 6 hours in research courses is permitted within the 24 upper-division hours:

BIOL40900 Intro Independent Res in Biol	Introduction to Independent Research in Biology	1-3
BIOL40910 Adv Independent Res in Biology	Advanced Independent Research in Biology	1-3
BIOL40903 Biol Research and Writing	Biological Research and Writing	3
BIOL40933 Senior Honors Research in Biol	Senior Honors Research in Biology	3

A maximum of 6 hours in teaching of biology courses is permitted within the 24 upper-division hours:

BIOL40820 Teaching Intro Level Biology	Teaching of Introductory-Level Biology	1-4
BIOL40830 Teaching of Advanced Biology	Teaching of Advanced Biology	1-4

C. Associated requirements (15-16 hours):

a. 8-9 hours general chemistry

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
Note: CHEM 10213 and 10225 do NOT count towards the Biology BS degree associated requirements. b. 4 hours organic chemistry or physics		
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
	AND	
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
	OR	
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
Note: Many graduate and professional programs may also require Organic Chemistry II with Laboratory and/or General Physics II with Laboratory c. 3 hours statistics		
MATH10043 Elementary Statistics	Elementary Statistics	3

Molecular Biology, Cellular Biology, and Biotechnology (MCB) Emphasis

Requirements for the BS portion of the BS/MS degree

The program of study requires a minimum of 51 hours, on a 120-hour degree, consisting of:

Minimum of 36 hours of Biology

A. Required courses (12 hours):

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
BIOL41000 Senior Assessment	Senior Assessment	0

BIOL10503 cannot be transferred to TCU from elsewhere; BIOL10513, BIOL10523, and BIOL30603 cannot be taken elsewhere and transferred to TCU after matriculation.

B. A minimum of 24 upper-division hours in biology as selected from the areas below, two of which must have laboratories and one of which must be a literature-intensive course:

a. 1 hour selected from:

BIOL40110 Topics in Medicine	Topics in Medicine	0.5
BIOL40101 Current Research in Biology	Current Research in Biology Seminar	1

b. Minimum of 15 hours in MCB coursework selected from:

BIOL30304 Microbiology	Microbiology	4
BIOL30414 Human Anatomy	Human Anatomy	4
BIOL30463 Introductory Neuroscience	Introductory Neuroscience	3
BIOL30803 Human Parasitology	Human Parasitology	3
BIOL40123 Genetics	Genetics	4
BIOL40131 Biotech Lab Techniques	Molecular Biotechnology Laboratory Techniques	1
BIOL40133 Mol Basis of Human Disease	Molecular Basis of Human Disease	3
BIOL40183 Examining Eugenics, Race, Biol	Examining Eugenics, Race, and Modern Biology	3
BIOL40203 Histology	Histology	3
BIOL40224 Developmental Biology	Developmental Biology	4
BIOL40254 Immunology	Immunology	4
BIOL40273 Genomics	Genomics	3
BIOL40403 Human Physiology	Human Physiology	3
BIOL40453 Principles of Toxicology	Principles of Toxicology	3
BIOL40473 Vertebrate Endocrinology	Vertebrate Endocrinology	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
BIOL40523 Structural Bio of Drug Design	Structural Biology of Drug Design	3
BIOL40603 Virology	Virology	3
BIOL40703 Global Perspectives in Health	Global Perspectives in Health	3
BIOL50123 Biostatistics	Biostatistics	3
BIOL50133 Biochemistry I	Biochemistry I	3
BIOL50143 Biochemistry II	Biochemistry II	3
BIOL50463 Functional Neuroanatomy	Functional Neuroanatomy	3
BIOL50502 Biochemistry Lab	Biochemistry Laboratory	2

A maximum of 4 hours and one laboratory will be granted within the 15 hours of MCB coursework for completion of both Anatomy and Physiology courses:

BIOL20204 Anatomy & Physiology I	Anatomy & Physiology I	4
BIOL20214 Anatomy & Physiology II	Anatomy & Physiology II	4

c. Additional advanced (upper-division) hours in biology as needed, with restrictions as noted:

A maximum of 6 hours in research courses is permitted within the 24 upper-division hours:

BIOL40900 Intro Independent Res in Biol	Introduction to Independent Research in Biology	1-3
BIOL40910 Adv Independent Res in Biology	Advanced Independent Research in Biology	1-3
BIOL40903 Biol Research and Writing	Biological Research and Writing	3
BIOL40933 Senior Honors Research in Biol	Senior Honors Research in Biology	3

A maximum of 6 hours in teaching of biology courses is permitted within the 24 upper-division hours:

BIOL40820 Teaching Intro Level Biology	Teaching of Introductory-Level Biology	1-4
BIOL40830 Teaching of Advanced Biology	Teaching of Advanced Biology	1-4

C. Associated requirements (15-16 hours):

a. 8-9 hours general chemistry

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3

Note: CHEM 10213 and 10225 do NOT count towards the Biology BS degree associated requirements.

b. 4 hours organic chemistry or physics

CHEM30123 Organic Chemistry I	Organic Chemistry I	3
	AND	
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
	OR	
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4

Note: Many graduate and professional programs may also require Organic Chemistry II with Laboratory and/or General Physics II with Laboratory

c. 3 hours statistics

MATH10043 Elementary Statistics	Elementary Statistics	3

Biology, BS/MS

The combined BS/MS in Biology provides high-achieving students the opportunity to complete both a BS and MS in Biology in 5 years. This program will provide students with the academic and research training necessary for successful careers in biological research and acceptance to research-focused PhD programs. During their fourth year of study, students in the program will complete 12 hours of dual undergraduate/graduate credit courses and conduct independent research. During the fifth year, students will complete the remaining 18 credit hours, continue their independent research, and defend a MS thesis.

Students will complete the regular requirements for the BS in Biology with either the Molecular Biology, Cellular Biology, and Biotechnology (MCB) or Ecology, Evolution, and Environmental Biology (EEEB) emphasis, but with 12 of the required 24 upper-division hours being taken as prescribed dual-credit undergraduate/graduate courses during their fourth year to finish the BS degree. In their fifth year students will then complete the remaining 18 credit hours required for the MS in Biology. The curriculum for the last two years of the program, which distinguish it from the regular BS or MS in Biology degrees, are as follows.

Year 4 requirements

Complete requirements for the BIOL-BS including 12 hours of dual-credit (55000-level) coursework that count toward the BS and MS:

12 hours of dual-credit (55000-level) coursework including:

A. Required dual-credit courses (7 hours):

BIOL55123 Biostatistics	Biostatistics	3
BIOL55131 Foundations in Biol Research	Foundational Skills in Biological Research	1
BIOL55133 Intro Sci Comm	Introduction to Scientific Communication	3

B. Elective dual-credit courses (5 hours), selected from:

BIOL55320 Research in Biology	Research in Biology	1-3
MvrrEZgDeJTl4y1f07nj - Missing course	Assigned Problems in Biology	1-4
BIOL55980 Thesis 1	Thesis 1 - graded	1-3

Year 5 requirements

18 hours of graduate-level coursework including:

A. Required Graduate Courses (4-6 hours):

0011361 - Missing course	The Teaching of Biology	1-3
0106291 - Missing course	Graduate Seminar: Current Research in Biology	1
0096081 - Missing course	Graduate Teaching in Biology	1
0096091 - Missing course	Professional Development in Biology	1

B. Additional Graduate-level hours, taken as 60000- or 70000- level courses in biology, as needed.

Thesis Requirements

Students will write and defend a written thesis, 6 hours of thesis must be taken within the 30 hours required for the MS portion of the BS/MS degree, as earned through 12 dual-credit hours completed in Year 4 and 18 graduate-level hours completed in Year 5. The thesis requirement is met by the completion of:

A. 3 hours of Thesis 1, satisfied by:

BIOL55980 Thesis 1	Thesis 1 - graded	1-3
0112661 - Missing course	Thesis 1-graded	1-3

Note that BIOL55980 is a dual-credit course that may only be taken in Year 4.

B. 3 hours of Thesis 2, satisfied by:

0112441 - Missing course	Thesis 2-graded	3

Biomedical Sciences, BS

Requirements

The program of study requires a minimum of 69 hours, on a 120-hour degree, consisting of:

Minimum of 36 hours of Biology

A. Required courses (12 hours):

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystes	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
BIOL41000 Senior Assessment	Senior Assessment	0

BIOL10503 cannot be transferred to TCU from elsewhere; BIOL10513, BIOL10523, and BIOL30603 cannot be taken elsewhere and transferred to TCU after matriculation.

B. A minimum of 24 upper-division hours in biology as selected from the areas below, two of which must have laboratories and one of which must be a literature-intensive course.

a. 1 hour selected from:

BIOL40110 Topics in Medicine	Topics in Medicine	1
BIOL40101 Current Research in Biology	Current Research in Biology	1

b. Minimum of 3 hours selected from:

BIOL40123 Genetics	Genetics	3
BIOL40403 Human Physiology	Human Physiology	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3

c. Minimum of 12 hours selected from:

BIOL30304 Microbiology	Microbiology	4
BIOL30414 Human Anatomy	Human Anatomy	4
BIOL30463 Introductory Neuroscience	Introductory Neuroscience	3
BIOL30803 Human Parasitology	Human Parasitology	3
BIOL40123 Genetics	Genetics	3
BIOL40131 Biotech Lab Techniques	Molecular Biotechnology Laboratory Techniques	1
BIOL40133 Mol Basis of Human Disease	Molecular Basis of Human Disease	3
BIOL40203 Histology	Histology	3
BIOL40224 Developmental Biology	Developmental Biology	4
BIOL40254 Immunology	Immunology	4
BIOL40273 Genomics	Genomics	3
BIOL40403 Human Physiology	Human Physiology	3
BIOL40453 Principles of Toxicology	Principles of Toxicology	3
BIOL40473 Vertebrate Endocrinology	Vertebrate Endocrinology	3
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3
BIOL40523 Structural Bio of Drug Design	Structural Biology of Drug Design	3
BIOL40603 Virology	Virology	3
BIOL40703 Global Perspectives in Health	Global Perspectives in Health	3
BIOL50123 Biostatistics	Biostatistics	3
BIOL50133 Biochemistry I	Biochemistry I	3
BIOL50143 Biochemistry II	Biochemistry II	3
BIOL50463 Functional Neuroanatomy	Functional Neuroanatomy	3
BIOL50502 Biochemistry Lab	Biochemistry Laboratory	2

d. Additional upper-division hours in biology as needed, with restrictions as noted:

A maximum of 6 hours in research courses is permitted within the 24 upper-division hours:

BIOL40900 Intro Independent Res in Biol	Introduction to Independent Research in Biology	1-3
BIOL40910 Adv Independent Res in Biology	Advanced Independent Research in Biology	1-3
BIOL40903 Biol Research and Writing	Biological Research and Writing	3
BIOL40933 Senior Honors Research in Biol	Senior Honors Research in Biology	3

A maximum of 6 hours in teaching of biology courses is permitted within the upper-division 24 hours:

BIOL40820 Teaching Intro Level Biology	Teaching of Introductory-Level Biology	1-4
BIOL40830 Teaching of Advanced Biology	Teaching of Advanced Biology	1-4

C. Associated requirements (33-36 hours):

a. 8-9 hours general chemistry

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis (Honors)	3

Note: CHEM 10213 and 10225 do NOT count towards the Biomedical Sciences BS degree associated requirements.

b. 7 hours organic chemistry

CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM30133 Organic Chemistry II	Organic Chemistry II	3

Note: Many graduate and professional programs also require Organic Chemistry II Laboratory

c. 8 hours general physics

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4

d. 3 hours statistics

MATH10043 Elementary Statistics	Elementary Statistics	3

e. 1-3 hours professional development

SCIE30613 Pre-Health Prof Development	Pre-Health Professional Development	3
	OR	
BIOL40701 Professional Dev in Biology	Professional Development in Biology	1

f. 6 hours SOCI, ANTH, and/or PSYC

Biophysics, BS

Biophysics, BS

Requirements

The program of study requires a minimum of 35 hours on a 120-hour degree, consisting of:

Core Courses (29 hours)

PHYS10901 First-Year Phys & Astron Sem	First-Year Physics and Astronomy Seminar	1
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3
PHYS20475 Physics I for Majors	Physics I for Majors: Mechanics	5
PHYS20485 Physics II for Majors	Physics II for Majors	5
PHYS30313 Theoretical Methods in Physics	Theoretical Methods in Physics	3
PHYS30493 Physics III Modern Physics	Physics III Modern Physics	3
PHYS30603 Thermal Physics	Thermal Physics	3
PHYS40653 Electromagnetic Fields	Electromagnetic Fields	3
PHYS50753 Topics in Biophysics	Topics in Biophysics	3

6 hours selected from:

PHYS30014 Materials Science	Materials Science	4
PHYS30483 Physics III Lab	Physics III Laboratory	3
PHYS30553 Mechanics	Mechanics	3
PHYS30843 Biomedical Imaging	Biomedical Imaging	3
PHYS40113 Quantum Mechanics	Elements of Quantum Mechanics	3
PHYS40663 Electrmagnt Rad&Mod Optc	Electromagnetic Radiation and Optics	3
PHYS50713 Cont Topics in Physics & Astro	Contemporary Topics in Physics	3
0029001 - Missing course	Introduction to Solid State Physics	3
PHYS50733 Computational Physics	Computational Physics	3
PHYS50763 Exp Methods Biochem Biophys	Experimental Methods in Biochemistry and Biophysics	3
PHYS40103 Senior Research	Senior Research in Physics or Astronomy	3
PHYS40003 Senior Honors Resch	Senior Honors Research in Physics or Astronomy	3

Associated requirements

15 hours of mathematics are required:

Students planning to attend graduate school should take MATH50613 Partial Differential Equations.

MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4
MATH30524 Calculus III	Calculus III	4
MATH30613 Differential Equations	Differential Equations	3

Also required are:

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3

7 hours selected from:

BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
BIOL30304 Microbiology	Microbiology	4
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30133 Organic Chemistry II	Organic Chemistry II	3
CHEM30143 Organic Qualita Analysis	Organic Qualitative Analysis	3

Combined Science- Bachelor of Combined Science

Combined Science - Bachelor of Combined Science

A program leading to a Bachelor of Combined Science degree is available for students whose educational goals might not be realized by traditional majors within the College of Science and Engineering.

A Bachelor of Combined Science degree with an emphasis on pre-physician assistant studies is offered for students who plan to attend a physician assistant graduate program. (Note: Most physician assistant graduate programs require pre-requisite coursework beyond what is required for this emphasis. Students should consult with a Health Professions Advisory Committee advisor about additional requirements).

Requirements

The program of study requires a minimum of 42 hours, on a 120-hour degree, consisting of:

1. At least 15 hours *in one department and 12 hours* in a second department in the College of Science & Engineering.
2. At least 12 hours* of advanced level (30000 or above) coursework in the College of Science & Engineering taken at TCU.
3. At least 42 hours* of coursework in the College of Science & Engineering.
4. A GPA of at least 2.00 in coursework used to satisfy requirement #3.
5. A total of 120 semester hours.

The pre-physician assistant studies emphasis requirements include

BIOL10503 Unity and Cells	Unity and Cells	3
BIOL20204 Anatomy & Physiology I	Anatomy & Physiology	4
BIOL20214 Anatomy & Physiology II	Anatomy & Physiology	4
BIOL30304 Microbiology	Microbiology	4
CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Lab	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis - Honors	3

*Each course used in partial fulfillment of this requirement must be applicable to the major or associated requirements for one of the disciplines in the College of Science & Engineering.

All cross listed courses must have prior approval of the Associate Dean.

Chemistry, BA

Chemistry, BA

Requirements

The program of study requires a minimum of 24 hours, on a 120-hour degree, consisting of:

A minimum of 24 hours of CHEM

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM40091 Senior Seminar	Senior Seminar	1
CHEM40123 Physical Chemistry I	Physical Chemistry I	3
CHEM40121 Physical Chemistry I Lab	Physical Chemistry I Lab	1

Suitable electives chosen from upper-level courses (30000 or above) with the exclusion of

CHEM50111 Lab Glassblowing	Laboratory Glassblowing	1
CHEM50120 Teaching Of Chemistry	Teaching of Chemistry	.50-3.00

*No more than two hours of research (*CHEM40200 Undergraduate Research *or* CHEM40003 Senior Honors Res Project-CHEM40013 Senior Honors Res Paper*) may contribute to the 24-hour minimum.*

Associated Requirement:

MATH10524 Calculus I	Calculus I	4

Any minor approved by the College of Science & Engineering is acceptable. The BA degree in chemistry is devised for students with a general interest in the field who do not plan to pursue graduate studies in chemistry. Students planning a professional career in chemistry are strongly advised to satisfy the requirements of the BS degree.

Chemistry, BS

Chemistry, BS

Requirements

The program of study requires a minimum of 38 hours, on a 120-hour degree, consisting of:

A minimum of 38 hours of CHEM

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30133 Organic Chemistry II	Organic Chemistry II	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM30143 Organic Qualita Analysis	Organic Qualitative Analysis	3
CHEM40091 Senior Seminar	Senior Seminar	1
CHEM40121 Physical Chemistry I Lab	Physical Chemistry I Lab	1
CHEM40123 Physical Chemistry I	Physical Chemistry I	3
CHEM40131 Physical Chemistry II Lab	Physical Chemistry II Lab	1
CHEM40133 Physical Chemistry II	Physical Chemistry II	3
CHEM50163 Advanced Inorganic Chemistry	Advanced Inorganic Chemistry	3
CHEM40172 Chemical Instrumentation	Chemical Instrumentation	2
	OR	
CHEM50162 Adv Inorganic Chem Lab	Advanced Inorganic Chemistry Laboratory	2
CHEM40200 Undergraduate Research	Undergraduate Research	1-4
	OR	
CHEM40003 Senior Honors Res Project	Senior Honors Research Project	3
CHEM40013 Senior Honors Res Paper	Senior Honors Research Paper	3

And one additional advanced course selected from

CHEM50282 Adv Physical Chemistry	Advanced Physical Chemistry	2
BIOL50133 Biochemistry I	Biochemistry I	3
CHEM50223 Advanced Organic Chem	Advanced Organic Chemistry	3

Professional certification by the American Chemical Society requires the inclusion of

CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM40172 Chemical Instrumentation	Chemical Instrumentation	2
CHEM50162 Adv Inorganic Chem Lab	Advanced Inorganic Chemistry Laboratory	2
BIOL50133 Biochemistry I	Biochemistry I	3
CHEM50282 Adv Physical Chemistry	Advanced Physical Chemistry	2

Resulting in a minimum of 43 hours of chemistry.

Associated Requirements:

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
	OR	
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4

MATH30524 Calculus III *is recommended for* CHEM50282 Adv Physical Chemistry.

Child Development, BA

Child Development, BA

Requirements

The program of study requires a minimum of 36 hours, on a 120-hour degree, consisting of:

Required Courses (30 hours)

CHDV20123 Trauma-Informed Interventions	Trauma-Informed Interventions	3
CHDV25053 Global Advocacy	Global Advocacy	3
CHDV30533 DEV Research Evaluation	Developmental Research and Evaluation	3
CHDV35053 Professional Development	Professional Development in Careers with Children	3
CHDV40493 Family Systems	Family Systems	3
CHDV40993 Child Development Capstone	Child Development Capstone	3
CHDV50433 Trauma & Relationships	Trauma & Relationships	3
CHDV50443 Trauma & Behavior	Trauma & Behavior	3
CHDV50533 Case Studies in Child Dev	Case Studies in Child Development	3
PSYC30323 Child Psychology	Child Psychology	3

Elective Courses (18 hours)

Choose 2 electives

ARED40103 The Therapeutic Arts	The Therapeutic Arts	3
CHDV30223 Fundamentals of Play	Fundamentals of Play	3
CHDV40223 Fund of Child LIfe Practice	Fundamentals of Child Life Practice	3
CHDV40263 Child Development Internship	Child Development Internship	3

The **BS/MS 4-1 Combined Program** option offers TCU Child Development majors an accelerated pathway to earn both the **Bachelor of Science (BS)** in Child Development and the **Master of Science (MS) in Developmental Trauma** in just **five years**. This integrated program is designed for students committed to advancing their knowledge of child development, trauma, attachment, and evidence-based interventions across systems of care.

Students complete their undergraduate coursework on campus and then transition into the **fully online, asynchronous MS program**, allowing for flexibility as they deepen their professional preparation. Up to **12 hours of approved graduate coursework** taken during the BS program may be applied toward the MS degree, reducing both time to completion and overall tuition cost.

- **Accelerated completion** of both degrees in five years
- Up to **12 hours of dual-credit coursework** applied toward the MS
- **Online, asynchronous MS curriculum** designed for working professionals
- Emphasis on **developmental trauma**, **attachment**, **interpersonal neurobiology**, and **TBRI®**
- Preparation for careers in child welfare, mental health, juvenile justice, education, and related systems of care

Child Development majors may apply to the BS/MS 4-1 program after:

- Completing **60 hours** of undergraduate coursework
- Earning a **minimum 3.0 GPA**

Admission is selective and based on academic performance, professional readiness, and alignment with the mission of the Karyn Purvis Institute of Child Development.

Dual credit courses that may be applied to the MS program beginning Year 4 include:

- CHDV 55433 Trauma & Relationships with TBRI
- CHDV 55443 Trauma & Behavior with TBRI
- CHDV 55533 Case Studies in Child Development
- CHDV 55950 Study Abroad in Child Development

Students must apply to the MS program during their senior year.

Combined BS/MS in Dietetics (Option I)

Combined BS/MS in Dietetics (Option I)

Program of Study

The Combined BS/MS in Dietetics offers students the unique opportunity to complete the required didactic instruction (lecture and laboratory courses) and supervised practice experience hours necessary to meet the Core Knowledge and Competencies for the Registered Dietitian Nutritionist as mandated by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) in five years. Curriculum is based on educational standards mandated by ACEND. Graduates receive verification and establish eligibility to write the Registration Examination for Dietitians.

Admission to TCU is required for all programs; however, admission to the University does not guarantee admission to the Combined BS/MS in Dietetics. Eligibility for admission to the Combined BS/MS in Dietetics is based on completion of at least 60 semester hours with a minimum cumulative 3.0 GPA for Nutrition (NTDT) classes and an Associated Requirements GPA of at least 2.75, no more than three grades below a B- in the Associated Requirements, 45 semester hours of required prerequisites and major courses, 200 hours of documented food or nutrition practical experience, and an application packet.

Application packets for the Combined BS/MS in Dietetics must be received by Feb. 1 (typically of the sophomore year), and applicants are notified of provisional acceptance by April 15. Students who are provisionally accepted begin the program in August of the following academic year (typically the junior year). Final acceptance/enrollment in the Combined BS Dietetics depends on successful completion of required prerequisite courses and summer requirements.

Students must apply for graduate school admission during the last fall semester before graduating with the BS in Dietetics (typically the senior fall semester) through the University's Online Graduate Application portal. Current graduate application fees apply. Students must comply with all university and college requirements for graduate students to gain admission. Conditional admission to the MS in Dietetics program is granted to applicants who have completed all admission formalities and have a superior undergraduate record but who have not completed undergraduate requirements. Conditional admission will be changed to unconditional admission when the necessary prerequisites and/or admission formalities are fulfilled. Students must abide by all program polices and procedures in order to continue in the MS in Dietetics program.

A student's continuation in the Combined BS/MS in Dietetics is contingent upon attainment of a strong academic record and successful completion of the program sequence.

In order to earn the BS in Dietetics degree, the student must attain a minimum GPA of 3.0 in required NTDT courses, earn a grade of "C-" or better in all required NTDT courses and Associated Requirements, have no more than three grades below a "B-" in the Associated Requirements, complete a minimum of 120 hours and meet all of the requirements of the university and college. Students who do not meet all of these requirements for graduation with a BS in Dietetics or the requirements for admission into the graduate program may change their major to Nutrition or another major in order to graduate with a bachelor's degree, but cannot continue in the Combined BS/MS in Dietetics. Students who do not meet all of the requirements to continue in the Combined BS/MS in Dietetics have the option to pursue verification from the TCU Didactic Program in Dietetics (DPD) in order to be eligible to pursue a Dietetic Internship upon graduation and/or graduate with a BS in either Nutrition or Dietetics. Students must formally apply to the DPD and satisfy all DPD requirements for verification. Acceptance into the DPD is not guaranteed. Students are required to abide by all DPD policies and procedures.

Students can graduate with a BS in Dietetics and begin the graduate program, but they will not earn verification to take the Registration Examination for Dietitians if they are unable to complete the graduate degree requirements and do not earn the MS in Dietetics degree. In order to earn the MS degree, the student must attain a minimum graduate NTDT GPA of 3.0 and earn a grade of "C-" or better in all NTDT graduate courses. In addition, all final 50000- and 60000-level course grades will be included in the computation of the graduate GPA, but no more than two grades below a "B-" or lower may be used in satisfying the degree requirements.

Students complete 12 hours of dual undergraduate/graduate credit toward the MS in Dietetics during the fourth year of undergraduate study. At the end of the fourth year, assuming that all other undergraduate graduation requirements are met, the student earns the BS degree in Dietetics. Beginning with the summer session following graduation in May the student completes the remaining 19 graduate credit hours (9 of coursework, 10 of supervised practice) toward the MS in Dietetics degree. Students pursuing the thesis option take an additional 6 credit hours. Students intending to pursue the Combined BS/MS in Dietetics must earn a BS in Dietetics from TCU. In addition, all 30000-, 40000-, 50000- and 60000-level NTDT courses must be taken at TCU, with the exception of NTDT30123 Nutrition Thru Life Cyc Nutrition Throughout the Life Cycle and NTDT30331 Medical Terminology Medical Terminology.

Information about costs for tuition and university fees are available through the TCU Office of Admission or Financial Services. More detailed costs for students are outlined in the Combined BS/MS in Dietetics Student Handbook and include approximately $1,000-$1,500 per year for travel to supervised practice sites, vaccinations, lab fees, photocopying, school and office supplies, textbooks, lab coats, malpractice insurance and professional dues. The TCU Combined BS/MS in Dietetics is accredited by the Accreditation Council for Education in Nutrition and Dietetics, 120 S. Riverside Plaza, Suite 2190, Chicago, Ill. 60606-6995, (312) 899-0040, ext. 5400, www.eatright.org/ACEND.

A computer information technology major must have a minimum 2.2 GPA in combined computer science and computer information technology coursework to graduate.

Computer Science, BS

Computer Science, BS

Requirements

The program of study requires a minimum of 48 hours, on a 122-hour degree, consisting of:

Core Requirements:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC20803 Data Structures	Data Structures	3
COSC30203 Computer System Fundamentals	Computer System Fundamentals	3
COSC30253 Computer Organization	Computer Organization	3
COSC30403 Programming Lang Concpts	Programming Language Concepts	3
COSC30603 Database Systems	Database Systems	3
COSC40203 Operating Systems	Operating Systems	3
COSC40403 Analysis Of Algorithms	Analysis of Algorithms	3
COSC40943 Software Engineering	Software Engineering	3
COSC40993 Senior Design Project	Senior Design Project	3
CITE30103 Unix/Linux System Admin	Unix/Linux System Administration	3
	12 hours from CITE 30363 or COSC electives at the 30000 level or above	12

Associated Requirements:

17 hours of mathematics are required

MATH10524 Calculus I	Calculus I	4
MATH20123 Discrete Mathematics I	Discrete Mathematics I	3
MATH30123 Discrete Mathematics II	Discrete Mathematics II	3
MATH30224 Linear Algebra	Linear Algebra	4
MATH10043 Elementary Statistics	Elementary Statistics	3
	OR	
MATH30853 Statistics	Statistics	3

12-16 hours of sciences are required:

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
	OR	
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
	AND	
PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
	OR any 2 of 3 astronomy courses	
PHYS10263 Intro Astro: Cosmic Origins	Cosmic Origins	3
0028672 - Missing course	Introductory Astronomy: Earth and Planets	3
PHYS10293 Intro Astro: Archaeoastronomy	Archaeoastronomy	3
	Two additional approved science courses	6-8

A computer science major must have a minimum 2.0 GPA in all computer science coursework to graduate.

Data Science, BS

Data Science, BS

Requirements

The program of study requires a minimum of 39 hours in computer science and 27-28 hours in mathematics, on a 120-hour degree, consisting of:

Computer Science: 39 Hours

CITE30103 Unix/Linux System Admin	Unix/Linux System Administration	3
COSC10403 Intro To Programming	Introduction to Programming	3
COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC20803 Data Structures	Data Structures	3
COSC30103 Introduction to Data Science	Introduction to Data Science	3
COSC30603 Database Systems	Database Systems	3
0091041 - Missing course	Machine Learning	3
COSC40403 Analysis Of Algorithms	Analysis of Algorithms	3
COSC40503 Artificial Intelligence	Artificial Intelligence	3
COSC40523 Deep Learning	Deep Learning	3
COSC40943 Software Engineering	Software Engineering	3
COSC40993 Senior Design Project	Senior Design Project	3
	3 hours of approved computer science electives at the 30000 level or above	

Mathematics: 27-28 Hours

MATH10524 Calculus I	Calculus I	4
MATH20123 Discrete Mathematics I	Discrete Mathematics I	3
MATH20524 Calculus II	Calculus II	4
MATH30123 Discrete Mathematics II	Discrete Mathematics II	3
MATH30224 Linear Algebra	Linear Algebra	4
MATH30803 Probability	Probability	3
MATH30853 Statistics	Statistics	3

3-4 Hours from:

MATH30524 Calculus III	Calculus III	4
MATH40223 Applied Linear Algebra	Applied Linear Algebra	3
MATH40663 Numerical Analysis	Numerical Analysis	3
MATH40853 Regression & Time Series	Regression & Time Series	3
MATH40883 Predictive Modeling	Predictive Modeling	3

Didactic Program in Dietetics (Option II)

Didactic Program in Dietetics (Option II)

A Didactic Program in Dietetics is an academic program in a U.S. regionally accredited college or university that culminates in a minimum of a baccalaureate degree. The Didactic Program in Dietetics (DPD) at TCU offers the required didactic instruction (lecture and laboratory classes) to meet the Core Knowledge for the Registered Dietitian as mandated in the Accreditation Standards of the Accreditation Council for Education in Nutrition and Dietetics (ACEND). The curriculum includes courses with a focus on basic human nutrition, food science, food and culture, community nutrition, food systems management, medical nutrition therapy and nutrition research. These courses are based on a solid science and math background, which include general chemistry, organic chemistry, biochemistry, microbiology, physiology, psychology and elementary statistics. The DPD prepares students for careers in a variety of nutrition/dietetics settings, including clinical, community, education, food systems or business/entrepreneurial.

Admission to TCU is required for all programs; however, admission to the University does not guarantee admission to the Didactic Program in Dietetics. Eligibility for admission to the Didactic Program in Dietetics is based on completion of at least 60 semester hours with a cumulative GPA of at least 3.0 for nutrition, (NTDT) classes; a preferred Associated Requirements GPA of at least 2.75, no more than 3 grades below a "B-" in the Associated Requirements, 45 semester hours of required prerequisites and major courses, 200 hours of documented food or nutrition practical experience and an application packet. Application packets for the Didactic Program in Dietetics must be received by Feb. 1, and applicants are notified of provisional acceptance by April 15. Students must earn a grade "C-" or better in all NTDT and Associated Requirement courses taken prior to admission. Students who are accepted begin coursework the subsequent fall semester. Final acceptance/enrollment in the Didactic Program in Dietetics depends on successful completion of work in progress and required summer school prerequisites.

A student's continuation in the Didactic Program in Dietetics is contingent upon attainment of a strong academic record and successful completion of the program sequence. Students must complete 500 hours of documented food or nutrition practical experience prior to the completion of their final semester in the Didactic Program in Dietetics. Upon graduation, the student must attain a minimum nutrition (NTDT) GPA of 3.0, earn a "C-" or better in all NTDT and Associated Requirement courses, and a maximum of three grades below a "B-" in the Associated Requirements. Students who successfully complete the Didactic Program in Dietetics will receive verification and are eligible to apply for a post-graduate Dietetic Internship.

Costs for tuition and University fees are available through the Office of Admission or Financial Services. More detailed costs for students are outlined in the DPD Student Handbook and include approximately $1,000 per year for items such as textbooks, lab fees, photocopying, school and office supplies, lab coat and professional dues.

The TCU Didactic Program in Dietetics is accredited by the Accreditation Council for Education in Nutrition and Dietetics 120 S. Riverside Plaza, Suite 2190, Chicago, Ill. 60606-6995, (312) 899-0040, ext. 5400, www.eatright.org/ACEND .

Requirements

The program of study requires a minimum of 58 hours, on a 120-hour degree, consisting of:

Major Requirements

NTDT10003 Contemporary Issues in Nutr	Contemporary Issues in Nutrition	3
NTDT10103 Food Preparation	Food Preparation	3

	OR	
ECON10233 Intro Macroeconomics	Introductory Macroeconomics	3
SOCI20213 Introductory Sociology	Introductory Sociology	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3

No minor is required.

All upper-level (30000 and 40000) NTDT courses, with the exception of NTDT30123 Nutrition Thru Life Cyc Nutrition Throughout the Lifecycle and NTDT30331 Medical Terminology Medical Terminology, must be taken at TCU.

Combined BS in Environmental Science and MS in Sustainability

Combined BS in Environmental Science and MS in Sustainability

Program of Study

The combined BS Environmental Science /MS Sustainability provides students interested in environmental issues and sustainability a viable path to meet the growing demand for sustainability professionals.

Students will complete 12 hours of dual undergraduate/graduate credit toward the MS in Sustainability degree during the fourth year of undergraduate study. During the fifth year, students will complete the remaining 18 credit hours. In their final year, students will take two required courses: Environmental Issues and Sustainability Reporting.

Students will have the opportunity to select sustainability-related courses from other CSE departments as well as other university colleges.

Requirements

FOUNDATIONS (12 hours)

BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
ENSC10143 Contem Environmental Issues	Contemporary Environmental Issues	3
GEOL10113 Understanding the Earth	Understanding the Earth	3

FUNDAMENTALS (16 hours)

BIOL30403 Ecology and the Environment	Ecology and the Environment	3
ENSC30113 Weather and Climate	Weather and Climate	3
ENSC30143 Intro to Sustainability Sci	Introduction to Sustainability Science	3
ENSC30443 Earth Materials	Earth Materials	3
ENSC30493 The Water Planet	The Water Planet	3

POSC33123 Globalization	Globalization	3
ECON30523 Resource &Energy Econ	Resource and Energy Economics	3
ECON30543 Environ Econ & Policy	Environmental Economics & Policy	3

*Pre-requisite required

Refer to the Graduate Catalog for remaining course requirements for the MS in Sustainability.

Food Management (Option IV)

The Food Management major is designed for students who elect to emphasize practical experience in the food industry and/or the management of food service systems. During the junior and senior years, students complete four semesters (16 credit hours) of required supervised practice that provides hands-on training in various food service applications, such as restaurant operations, catering, industrial food systems, research and development, or sales/marketing. Students have the option to complete an additional six credit hours of supervised practical experience in a culminating internship/special problems course during the senior year. A minor is required of all food management majors; the general business minor is recommended. A minimum 2.7 GPA is required to graduate with a major in food management.

Requirements

The program of study requires a minimum of 120-hours, consisting of:

Major Requirements

NTDT10003 Contemporary Issues in Nutr	Contemporary Issues in Nutrition	3
NTDT10103 Food Preparation	Food Preparation	3
NTDT20403 Nutrition	Nutrition	3
NTDT21163 Food and Culture	Food and Culture	3
NTDT30103 Gourmet Foods	Gourmet Foods	3
NTDT30123 Nutrition Thru Life Cyc	Nutrition Throughout the Life Cycle	3
NTDT30133 Meal Management	Meal Management	3
NTDT30144 Quantity Food Production	Quantity Food Production	4
NTDT30303 Comm & Educ for NTDT	Communication and Education for Food, Nutrition, and Dietetics	3
NTDT30313 Food Systems Management	Food Systems Management	3
NTDT40960 FOMA Supervised Practical Exp	Food Management Supervised Practical Experience	1-6
	(Food Management Practical Experience 16-22 hours required for major)	

Associated Requirements

ACCT20653 Introduction to Accounting	Introduction to Accounting	3
BIOL20234 Microbiology of Human Disease	Microbiology of Human Disease	4
ECON10223 Intro Microeconomics	Introductory Microeconomics	3
MATH10043 Elementary Statistics	Elementary Statistics	3
FINA30653 Financial Planning	Financial Planning	3
MANA30653 Survey of Management	Survey of Management	3
MARK30653 Principles of Marketing	Principles of Marketing	3

Minor Requirements

General business; film, television and digital media or other approved minor.

Earth Systems Science

Earth Systems Science

The major in earth systems science is available on the BS degree. The curriculum uses a hands-on systems thinking approach while focusing on the integration of the natural sciences, data science, and modern geospatial technologies to understand and develop science-based solutions to current and future challenges of a rapidly changing earth, including areas such as climate, energy, natural hazards, natural resources, pollution control and remediation.

The degree is suitable for students interested in graduate school within a geoscience discipline, interdisciplinary sciences and academic or industry careers at the nexus of science, engineering and technology.

Administration and Advising

Each student will work closely with a faculty advisor to prepare a customized program of study with options for pursuing a general track or one of several specialized tracks in geospatial science and technology, hydrologic sciences, biogeochemistry or earth science education.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses offered only on a pass/no credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Earth Systems Science

The program requires a minimum of 42 hours on a 126-hour degree consisting of:

Earth Systems Science Fundamentals (24 hours)

GEOL10113 Understanding the Earth	Understanding the Earth	3
GEOL20111 Intro Geol Sciences	Introduction to the Geological Sciences	1
GEOL20113 Earth. Sys. Sci.	Introduction Earth System Science	3
GEOL30244 Sedimentology and Stratigraphy	Sedimentology & Stratigraphy	4
GEOL30444 Mineralogy and Petrology	Mineralogy & Petrology	4
GEOL40393 Soils in the Environment	Soils in the Environment	3
GEOL50443 Natural Hazards and Disasters	Natural Hazards and Disasters	3
	OR	
GEOL50873 Environmental Remote Sensing	Environmental Remote Sensing	3
ENSC50523 Geographic Info Systems	Introduction to Geographic Information Systems	3

Earth Systems Science Specializations (18 hours)

Students select a general track OR ONE of the following four specializations:

- Geospatial Science and Technology
- Hydrologic Science
- Biogeochemistry
- Earth Science Education

A minimum of 18 additional credit hours are required for the general track or Specialization with a minimum of 6 credit hours from an independent undergraduate research project. . Courses and research project will be selected in consultation with a departmental advisor.

Associated Requirements 26 hours (required and elective)

BIOL10003 Contemporary Issues in Biology	Contemporary Issues in Biology	3
CHEM10113 General Chemistry I	General Chemistry I	3
	OR	
CHEM10213 Applied General Chemistry 1	Applied General Chemistry 1	3
MATH10043 Elementary Statistics	Elementary Statistics	3
MATH10524 Calculus I	Calculus I	4
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4

9 additional hours of science, engineering, math or computer science electives with department approval

Engineering, BS

Engineering, BS

Requirements

The program of study requires a minimum of 67 hours, on a 129-hour degree, consisting of:

ENGR10032 Static Mechanics	Static Mechanics	2
ENGR10033 Engineering Design & Graphics	Engineering Design and Graphics	3
ENGR10402 Circuit Analysis & Design I	Circuit Analysis and Design I	2
ENGR20404 Circuit Analysis & Design II	Circuit Analysis and Design II	4
ENGR20603 Solid Mechanics I	Solid Mechanics I	3
ENGR20613 Dynamics & Vibrations I	Dynamics and Vibrations I	3

TCU Core Curriculum Electives

The humanities and social science components of engineering programs should exhibit both breadth and depth in the subject areas. All University Core Curriculum electives must be selected with the advice and approval of an engineering academic adviser.

Engineering Electives

The electrical and mechanical emphasis engineering electives must be selected to assure an adequate content for the total program. All engineering electives must be selected with the advice and approval of an engineering academic adviser.

Engineering Student Organizations

Several engineering and computer science student organizations have been established at TCU for the purpose of promoting professional goals and interests, and to provide fellowship and recreation for the members. Student chapters of the Institute of Electrical and Electronics Engineers (IEEE), American Society of Mechanical Engineers

(ASME), Association of Computing Machinery (ACM) and Society of Women Engineers (SWE) are active on campus. These groups meet regularly to participate in plant tours or to entertain speakers on topics of current interest to engineering students. All engineering students are encouraged to join one of the student organizations and participate in campus activities, as well as the activities of the affiliated local professional engineering societies. Students may also choose to become student members of the Texas Society of Professional Engineers (TSPE) and participate in their local chapter activities.

Fundamentals of Engineering Examination

The Fundamentals of Engineering (FE) Examination may be taken up to three (3) times per year. It is administered by the National Council of Examiners for Engineering and Surveying (NCEES). All engineering students are encouraged and advised to take the FE prior to graduation.

Environmental & Sustainability Studies, BA

Environmental & Sustainability Studies, BA

Program of Study

The Bachelor of Arts in Environmental and Sustainability Studies (ENSC-BA) is an interdisciplinary program designed to prepare students to address complex environmental challenges and advance sustainability at local, national, and global scales. Students will engage with diverse topics such as climate change, biodiversity, urban sustainability, environmental justice, and natural resource management. The program also includes opportunities for internships, fieldwork, and research, allowing students to apply their knowledge to real-world challenges.

Requirements

The program of study requires a minimum of 25 ENSC hours on a 120-hour degree, consisting of:

ENSC10143 Contem Environmental Issues	Contemporary Environmental Issues	3
ENSC30113 Weather and Climate	Weather and Climate	3
ENSC30143 Intro to Sustainability Sci	Introduction to Sustainability Sciences	3
ENSC30443 Earth Materials	Earth Materials	3
ENSC30493 The Water Planet	The Water Planet	3
ENSC40001 Scientific Presentations	Scientific Presentations	1
	Suitable electives chosen from upper-level (30000+) courses	9

Associated Requirements

As with all BA degrees at TCU, a minor or second major is required for the BA in Environmental and Sustainability Studies

BIOL 10513 The Diversity of Life: Organisms to Ecosystems 3

Environmental & Sustainability Sciences, BS

Environmental Science & Sustainability, BS

Requirements

The program of study requires a minimum of 69 hours, on a 125-hour degree, consisting of:

FOUNDATIONS (12 hours)

BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
ENSC10143 Contem Environmental Issues	Contemporary Environmental Issues	3
GEOL10113 Understanding the Earth	Understanding the Earth	3

FUNDAMENTALS (16 hours)

BIOL30403 Ecology and the Environment	Ecology and the Environment	3
ENSC30113 Weather and Climate	Weather and Climate	3
ENSC30143 Intro to Sustainability Sci	Introduction to Sustainability Science	3
ENSC30443 Earth Materials	Earth Materials	3
ENSC30493 The Water Planet	The Water Planet	3
ENSC40001 Scientific Presentations	Scientific Presentations	1

Choose one From REGULATORY GROUP:

ENSC50693 Natural Resources Compliance	Natural Resources Compliance	3
ENSC50703 Environmental Compliance	Environmental Compliance	3
ENSC50713 Phase I & II ESA	Phase I and Phase II Environmental Site Assessment	3
ENSC50743 Env Impact Statements	Environmental Impact Statements	3

Choose one From FIELD EXPERIENCE GROUP:

ENSC30313 Sust Develpmt in Costa Rica	Sustainable Development in Costa Rica	3
ENSC30403 Field Experience	Field Experience	3
ENSC30453 Wildlife Research Project	Wildlife Research Project	3
ENSC40013 Environmental Internship	Environmental Internship	3
ENSC40603 South African Biod&Dev Part 1	South African Biodiversity and Human Development Part 1	3

*Electives and Field Experience must be approved by department

Associated Requirements (36-37 semester hours)

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
CHEM10123 General Chemistry II	General Chemistry II	3
MATH10043 Elementary Statistics	Elementary Statistics	3
MATH10054 Precalculus with Trigonometry	Precalculus with Trigonometry	4
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4

15 additional hours of

Electives selected with regard to the interest of the student as approved by the department with no more than 6 hours outside the College of Science & Engineering. Other CSE courses may be approved by the advisor.

Geology, BA

Geology, BA

Requirements

The program of study requires a minimum of 33 hours, on a 120-hour degree, consisting of:

Core Requirements

GEOL10113 Understanding the Earth	Understanding the Earth	3
GEOL20111 Intro Geol Sciences	Introduction to the Geological Sciences	1
GEOL20113 Earth. Sys. Sci.	Introduction to Earth System Science	3
GEOL30244 Sedimentology and Stratigraphy	Sedimentology & Stratigraphy	4
GEOL30423 Structural Geology & Tectonics	Structural Geology & Tectonics	3
GEOL30444 Mineralogy and Petrology	Mineralogy & Petrology	4
GEOL40313 Invertebrate Paleontology	Invertebrate Paleontology	3

Electives:

12 additional hours of 30000+ level geology classes approved by the department.

Some geology courses for the BA degree require off-road field trips.Associated Requirements:

Associated Requirements:

CHEM10113 General Chemistry I	General Chemistry I	3
	OR	
CHEM10213 Applied General Chemistry 1	Applied General Chemistry 1	3

Any minor approved for the BA degree is acceptable.

The BA degree with a major in geology is devised primarily for the student seeking a curriculum combining geology with another field of study.

Geology, BS

Geology, BS

Requirements

The program of study requires a minimum of 41 hours, on a 126-hour degree, consisting of:

Core Requirements

GEOL10113 Understanding the Earth	Understanding the Earth	3
GEOL20111 Intro Geol Sciences	Introduction to the Geological Sciences	1
GEOL20113 Earth. Sys. Sci.	Introduction to Earth System Science	3
GEOL30244 Sedimentology and Stratigraphy	Sedimentology & Stratigraphy	4
GEOL30423 Structural Geology & Tectonics	Structural Geology & Plate Tectonics	3
GEOL30444 Mineralogy and Petrology	Mineralogy & Petrology	4
GEOL40313 Invertebrate Paleontology	Invertebrate Paleontology	3
GEOL40516 Summer Field Course/Geol	Summer Field Course in Geology	6
GEOL40892 Senior Thesis	Senior Thesis	2
GEOL40493 Geomorphology	Geomorphology	3
	OR	
GEOL40453 Fundamentals Subsurface Geol	Fundamentals of Subsurface Geology	3
GEOL50763 Groundwater Hydrology	Groundwater Hydrology	3
	OR	
GEOL50603 Intro To Geochemistry	Introduction to Geochemistry	3
	6 hours of approved elective courses	6

Electives: 6 additional hours of 40000+ level geology classes approved by the department

Associated Requirements: 23-26 Hours

MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4
	OR	
MATH10043 Elementary Statistics	Elementary Statistics	3
	OR	
INSC20153 Statistical Analysis	Statistical Analysis	3
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
	OR	
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
CHEM10113 General Chemistry I	General Chemistry I	3
	OR	
CHEM10213 Applied General Chemistry 1	Applied General Chemistry 1	3
CHEM10123 General Chemistry II	General Chemistry II	3
	AND	
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM10225 Applied General Chemistry 2	Applied General Chemistry 2	5
	OR	
GEOL50783 Environmental Chemistry	Environmental Chemistry	3

Electives: 6 hours of science electives, selected with regard to the interest of the student and approved by the department.

Students planning to pursue technical jobs or qualify for graduate work in geology are strongly advised to satisfy the requirements for the BS degree. Some geology courses required for the BS degree require off-road field trips, particularly GEOL40516 Summer Field Course/Geol, which requires a high degree of physical fitness and mobility.

Students planning to attend graduate school are strongly advised to take MATH20524 Calculus II and PHYS10164 General Physics II with Lab.

Mathematics, BA

Mathematics, BA

For a student taking a major in mathematics (BA), the recommended sequence for the first four semesters is MATH10524 Calculus I, MATH20524 Calculus II, MATH30224 Linear Algebra and MATH30524 Calculus III. In either the first or second semester the student should also complete COSC10403 Intro To Programming or COSC10503 Intro Prog for Engr & Science. In addition, MATH20123 Discrete Mathematics I should be taken in one of the first four semesters.

Students planning to do graduate work in mathematics should work closely with an adviser to plan their upper-division electives.

Credit is not allowed for both MATH10283 Applied Calculus and MATH10524 Calculus I.

Requirements

The program of study requires a minimum of 28 hours, with a grade of C- or better, on a 120-hour degree consisting of:

Core Courses

MATH10524 Calculus I	Calculus I	4
MATH20123 Discrete Mathematics I	Discrete Mathematics I	3
MATH20524 Calculus II	Calculus II	4
MATH30224 Linear Algebra	Linear Algebra	4
MATH30524 Calculus III	Calculus III	4
MATH Additional Math	9 hours of approved electives 30000 level or above	9

Also required:

One of the following:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC10503 Intro Prog for Engr & Science	Introduction to Programming for Engineering & Science	3
COSC10603 Intro to Python for Data Analy	Introduction to Python for Data Analytics	3
ENGR10573 Applied Programming-Matlab	Applied Programming Matlab	3
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3

Any two of the following:

COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC40403 Analysis Of Algorithms	Analysis of Algorithms	3
COSC40523 Deep Learning	Deep Learning	3
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON40313 Econometrics	Econometrics	3
ECON40323 Time Series Econometrics	Time Series Econometrics	3
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
	OR	
PHYS20475 Physics I for Majors	Physics I for Majors: Mechanics	5
PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
	OR	
PHYS20485 Physics II for Majors	Physics II for Majors	5

Mathematics, BS

Mathematics, BS

For a student taking a major in mathematics (BS), the recommended sequence for the first four semesters is MATH10524 Calculus I, MATH20123 Discrete Mathematics I and MATH20524 Calculus II, MATH30224 Linear Algebra and MATH30524 Calculus III, MATH30053 Intro to Mathematical Proof. The student should also complete COSC10403 Intro To Programming or COSC10503 Intro Prog for Engr & Science in the first two years.

Students planning to do graduate work in mathematics should work closely with an adviser to plan their upper-division electives.

Credit is not allowed for both MATH10283 Applied Calculus and MATH10524 Calculus I.

Requirements

The program of study requires a minimum of 46 hours, with a grade of C- or better, on a 120-hour degree consisting of:

Core Courses

MATH10524 Calculus I	Calculus I	4
MATH20123 Discrete Mathematics I	Discrete Mathematics I	3
MATH20524 Calculus II	Calculus II	4
MATH30053 Intro to Mathematical Proof	Introduction to Mathematical Proof	3
MATH30224 Linear Algebra	Linear Algebra	4
MATH30524 Calculus III	Calculus III	4
MATH50503 Real Analysis I	Real Analysis	3

Students must take an additional 21 hours at or above the 30000-level.

Of these additional hours, at least 6 hours must be at or above 40000-level, not to include MATH 40000 Undergraduate Thesis, MATH 40621 Actuarial Internship, MATH 40801 Mathematics Internship, or MATH 50073 History of Math.

Associated requirements:

One of the following:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC10503 Intro Prog for Engr & Science	Introduction to Programming for Engineering & Science	3
COSC10603 Intro to Python for Data Analy	Introduction to Python for Data Analytics	3
ENGR10573 Applied Programming-Matlab	Applied Programming Matlab	3
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3

Any two of the following:

COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC40403 Analysis Of Algorithms	Analysis of Algorithms	3
COSC40523 Deep Learning	Deep Learning	3
ECON31223 Inter Micro: Math Approach	Intermediate Microeconomics: A Mathematical Approach	3
ECON40313 Econometrics	Econometrics	3
ECON40323 Time Series Econometrics	Time Series Econometrics	3
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
	OR	
PHYS20475 Physics I for Majors	Physics I for Majors: Mechanics	5
PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
	OR	
PHYS20485 Physics II for Majors	Physics II for Majors	5

Physics, BA

Physics, BA

Requirements

The program requires a minimum of 26 hours, on a 120-hour degree, consisting of:

26 hours in physics, including:

PHYS10901 First-Year Phys & Astron Sem	First-Year Physics and Astronomy Seminar	1
PHYS20475 Physics I for Majors	Physics I for Majors: Mechanics	5
PHYS20485 Physics II for Majors	Physics II for Majors	5
PHYS30493 Physics III Modern Physics	Physics III Modern Physics	3

PHYS10154 General Physics I with Lab PHYS10164 General Physics II with Lab or PHYS20474 Physics I with Lab: Mechanics and PHYS20484 Physics II with Lab may be taken in place of PHYS20475 Physics I for Majors and PHYS20485 Physics II for Majors with permission.

Associated Requirements

12 hours of mathematics are required, including:

MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4
MATH30224 Linear Algebra	Linear Algebra	4

No minor from the Physics & Astronomy Department may be combined with the PHYS-BA.

Physics, BS

Physics, BS

Requirements

The program requires a minimum of 47 hours, on a 120-hour degree, consisting of:

Core Courses

PHYS10901 First-Year Phys & Astron Sem	First-Year Physics and Astronomy Seminar	1
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3
PHYS20475 Physics I for Majors	Physics I for Majors: Mechanics	5
PHYS20485 Physics II for Majors	Physics II for Majors	5
PHYS30313 Theoretical Methods in Physics	Theoretical Methods in Physics	3
PHYS30483 Physics III Lab	Physics III Laboratory	3
PHYS30493 Physics III Modern Physics	Physics III Modern Physics	3
PHYS30553 Mechanics	Mechanics	3
PHYS40653 Electromagnetic Fields	Electromagnetic Fields	3

6 hours selected from

PHYS30603 Thermal Physics*	Thermal Physics	3
PHYS40113 Quantum Mechanics*	Elements of Quantum Mechanics	3
PHYS40663 Electrmagnt Rad&Mod Optc*	Electromagnetic Radiation and Optics	3
PHYS40003 Senior Honors Resch	Senior Honors Research in Physics or Astronomy	3

*Students planning to attend graduate school will be expected to take all three courses

12 additional hours of 30000+ physics classes. No more than 3 hours from Research (PHYS 40003 or PHYS 40103) may be used to fulfill this requirement.

Associated Requirements

Twenty-one hours of mathematics are required, including

MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4
MATH30524 Calculus III	Calculus III	4
MATH30613 Differential Equations	Differential Equations	3
CHEM10113 General Chemistry I	General Chemistry I	3

Students planning to attend graduate school should take MATH50613 Partial Differential Equations.

Study of a modern language is recommended

Pre-Health Professions, Combination BS Degree

Pre-Health Professions, Combination BS Degree

An exceptionally few highly qualified pre-health professions students may be accepted by the professional school after the completion of a three-year college curriculum. TCU offers the BS Combination Degree Program for these students. The student must complete a minimum of 94 semester hours, including the prescribed courses, the TCU Core Curriculum and admissions tests listed above. The last 45 hours of the 94 must be taken at TCU. The BS combination degree is awarded after successful completion of the first year of professional school. Students must declare their interest in this program (i.e., file a degree plan) prior to application to a professional school. A typical curriculum that meets all these requirements is outlined below.

Typical Combination BS Degree Program

First-year

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
	Writing Workshop	
	Other TCU CC	
Total Credit Hours:		30-33

Sophomore Year

BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM30133 Organic Chemistry II	Organic Chemistry II	3
CHEM30143 Organic Qualita Analysis	Organic Qualitative Analysis	3
PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
	TCU CC	
Total Credit Hours:		33

Aptitude test should be taken at this point

Junior Year

BIOL (7-9 hours)

TCU CC (15 hours)

Electives or Additional Requirements (6-9 hours)

	Total Credit Hours:	28-33

Psychology, BA

Psychology, BA

The BA with a major in psychology is suited for students who have a general interest in psychology, but do not plan a career in psychology or a psychology-related field. It may prove suitable for a variety of career objectives not subsumed under the BS program.

Requirements

The program of study requires a minimum of 30 hours, on a 120-hour degree consisting of:

Core Courses:

PSYC10213 Introduction to Psychology	Introduction to Psychology	3
PSYC20301 Careers in Psychology	Careers in Psychology	1
PSYC30503 Research Methods in Psychology	Research Methods in Psychology	3

At least two courses must be taken from each of the two areas listed under the BS degree requirements.

A maximum of 6 hours of research may be applied to the 30 minimum required hours in psychology, but additional hours may be taken as electives.

PSYC40313 Research in Neuroscience	Research in Neuroscience	3
PSYC40323 Research in Psych of Learning	Research in Psychology of Learning	3
PSYC40333 Research in Social Psychology	Research in Social Psychology	3
PSYC40343 Research Cognitive Psych	Development/Cognitive Research	3
PSYC40353 Research Developmental Psych	Research in Developmental Psychology	3

Associated Requirement:

A minor or second major is required for the BA in psychology.

MATH10043 Elementary Statistics	Elementary Statistics	3

Psychology, BS

Psychology, BS

The BS with a major in psychology is recommended for students planning graduate work and careers in psychology or related fields.

Requirements

The program of study requires a minimum of 40 hours on a 120-hour degree consisting of:

Choose from one of the following two tracks:

TRACK 1		
Core Courses		7 hours
Area 1 Courses		6 hours
Area 2 Courses		6 hours
30000+ Lab or WEM course		3 hours
PSYC electives to complete the 40 hoours		

TRACK 2		
Core Courses		7 hours
Area 1 Courses		6 hours
Area 2 Courses		6 hours
PSYC30553 Statistical Methods	Statistical Methods in Psychology	3
30000+ Lab or WEM course		3 hours
PSYC electives to complete the 40 hours		

Core Courses:

PSYC10213 Introduction to Psychology	Introduction to Psychology	3
PSYC20301 Careers in Psychology	Careers in Psychology	1
PSYC30503 Research Methods in Psychology	Research Methods in Psychology	3

At least two courses must be taken from each of the following two areas.

Area 1: Biological, Cognition, and Learning

PSYC30463 Introductory Neuroscience	Introductory Neuroscience	3
PSYC30473 Comparative Psychology	Comparative Psychology	3
PSYC30483 Human Neuropsychology	Human Neuropsychology	3
PSYC30513 Fundamentals of Learning	Fundamentals of Learning	3
PSYC30453 Cognitive Psychology	Cognitive Psychology	3

Area 2: Sociocultural, Developmental, and Applied:

PSYC30313 Developmental Psychology	Developmental Psychology	3
PSYC30353 Social Psychology	Social Psychology	3
PSYC30363 Psychopathology	Psychopathology	3
PSYC30393 Evolutionary Psychology	Evolutionary Psychology	3
PSYC30443 Psyc of Personality	Psychology of Personality	3

Choose one 30000 or 40000 PSYC course that has a lab or WEM designation:

PSYC30343 Social Psychology	Social Psychology	3
PSYC30414 Experimntl Psy: Learning	Experimental Psychology: Learning	3
PSYC30423 Experimntl Psy:Perceptn	Experimental Psychology: Perception	3
PSYC30524 Experimental Psyc:Cognition	Experimental Psychology: Cognition	3
PSYC30633 Social & Emotional Development	Social and Emotional Development	3

PSYC40403 Psychology of Counseling	Psychology in Counseling	3
PSYC40433 Adv Developmental Psychology	Advanced Developmental Psychology	3
PSYC40483 Integrative Neuroscience	Integrative Neuroscience: From Simple Networks to Complex	3
PSYC40553 Communicating Psych Science	Communicating Psychological Science: From Research to the Real World	3

Students who will apply to psychology Ph.D. programs are strongly encouraged to take research courses

PSYC40313 Research in Neuroscience	Research in Neuroscience	3
PSYC40323 Research in Psych of Learning	Research in Psychology of Learning	3
PSYC40333 Research in Social Psychology	Research in Social Psychology	3
PSYC40343 Research Cognitive Psych	Development/Cognitive Research	3

At most 9 hours in these courses may be applied to the 40 minimum required hours in psychology, but additional hours may be taken as electives.

Associated Requirement:

MATH10043 Elementary Statistics	Elementary Statistics	3

Neuroscience, BS

Neuroscience, BS

Requirements

The program of study requires a minimum of 77 hours, on a 120-hour degree, consisting of:

Biology (20 hours)

A. Required courses (9 hours):

BIOL10503 Unity and Cells	The Unity of Life: Molecules to Cells	3
BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3

B. Minimum of 12 hours selected from:

BIOL30304 Microbiology	Microbiology	4
BIOL30404 Com Vertebrate Anat	Comparative Vertebrate Anatomy	4
BIOL30414 Human Anatomy	Human Anatomy	4
BIOL30603 Cell/Molecul/Dev Biol	Cellular, Molecular, and Developmental Biology	3
BIOL30803 Human Parasitology	Human Parasitology	3
BIOL30843 Biomedical Imaging	Biomedical Imaging	3
BIOL40123 Genetics	Genetics	3
BIOL40133 Mol Basis of Human Disease	Molecular Basis of Human Disease	3
BIOL40203 Histology	Histology	3
BIOL40224 Developmental Biology	Developmental Biology	4
BIOL40254 Immunology	Immunology	4
BIOL40403 Human Physiology	Mammalian Physiology	3
BIOL40603 Virology	Virology	3

Chemistry and Biochemistry (21-24 hours)

A. Required courses (18 hours):

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
CHEM30133 Organic Chemistry II	Organic Chemistry II	3
CHEM30143 Organic Qualita Analysis	Organic Qualitative Analysis	3

B. 3-6-hours, select-one-option:

Option I (3 hours)

BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry	3

Option II (6 hours)

BIOL50133 Biochemistry I	Biochemistry I	3
BIOL50143 Biochemistry II	Biochemistry II	3

Psychology (21 hours)

A. Required courses (6 hours):

PSYC10213 Introduction to Psychology	Introduction to Psychology	3
PSYC30503 Research Methods in Psychology	Research Methods in Psychology	3

Students who have completed PSYC10213 Introduction to Psychology *prior to* declaring a Neuroscience major or transferring to TCU may substitute PSYC10213 Introduction to Psychology and 6 hours of upper-level psychology for this requirement. The 6 upper-level hours are in addition to those listed under B and C.

B. Minimum of 6 hours selected from:

PSYC30363 Psychopathology	Abnormal Psychology	3
PSYC30414 Experimntl Psy: Learning	Experimental Psychology: Learning	4
PSYC30423 Experimntl Psy:Perceptn	Experimental Psychology: Perception	3
PSYC30433 Motivation	Experimental Psychology: Motivation	3
PSYC30473 Comparative Psychology	Comparative Psychology	3
PSYC30503 Research Methods in Psychology	Research Methods in Psychology	3
PSYC30453 Cognitive Psychology	Experimental Psychology: Cognition	3
PSYC40483 Integrative Neuroscience	Integrative Neuroscience: From Simple Circuits to Complex Behavior	3

C. Minimum of 9 hours selected from:

BIOL30463 Introductory Neuroscience	Introductory Neuroscience	3
PSYC30483 Human Neuropsychology	Human Neuropsychology	3
BIOL50463 Functional Neuroanatomy	Functional Neuroanatomy	3
PSYC50513 Psychopharmacology	Psychopharmacology	3

Physics (8 hours)

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4

Mathematics and Computer Science (minimum of 6 hours):

MATH10043 Elementary Statistics	Elementary Statistics	3
MATH10524 Calculus I	Calculus I	4
COSC10603 Intro to Python for Data Analy	Introduction to Python for Data Analytics	3

Nutrition Emphasis on Pre-Professional Health Careers and Post-Graduate Education (Option III)

Nutrition Emphasis on Pre-Professional Health Careers and Post-Graduate Education (Option III)

Nutrition with emphasis on Pre-Professional Health Careers and Post-Graduate Education (Option III) With a focus on the scientific basis of human nutrition, the nutrition major provides students with knowledge and skills to work in a myriad of food and nutrition settings focused on attaining and maintaining the health and well-being of individuals across the lifespan. In addition to preparing graduates for careers in clinical, management, community or business/entrepreneurial nutrition settings, the nutrition major prepares students for graduate education programs and for careers in research and development, medical/nutritional sales, medicine, physician assistant (physician associate), dentistry, optometry, pharmacy, physical therapy and other allied health professions. Students who major in nutrition take courses that include nutrition, food science, food and culture, community nutrition, food systems

management, medical nutrition therapy and nutrition research. These courses are based on a solid science and math background, which include general chemistry, organic chemistry, biochemistry, microbiology, physiology, psychology and elementary statistics. Students should consult with their advisors on the specific course requirements for entering postgraduate work in the health professions. Additional coursework may be necessary to complete coursework requirements for some professional schools. The Nutrition major does not meet Didactic Program in Dietetics (DPD) requirements to progress towards becoming a Registered Dietitian Nutritionist. Additional coursework is necessary to fulfill DPD requirements.

Requirements

The program of study requires a minimum of 47 NTDT hours on a 120-hour degree, consisting of the following 41-44 NTDT credit hours:

Major Requirements

NTDT10003 Contemporary Issues in Nutr	Contemporary Issues in Nutrition	3
NTDT10103 Food Preparation	Food Preparation	3
NTDT20403 Nutrition	Nutrition	3
NTDT21163 Food and Culture	Food and Culture	3
NTDT30123 Nutrition Thru Life Cyc	Nutrition Throughout the Life Cycle	3
NTDT30133 Meal Management	Meal Management	3
	OR	
NTDT50223 Culinary Medicine Seminar	Culinary Medicine Seminar	3
NTDT30144 Quantity Food Production	Quantity Food Production	4
NTDT30303 Comm & Educ for NTDT	Communication and Education for Food, Nutrition, and Dietetics	3
NTDT30331 Medical Terminology	Medical Terminology	1
NTDT30233 Essentials Dietetics Practice	Essentials of Dietetics Practice	3
NTDT30333 Medical Nutrition Therapy I	Medical Nutrition Therapy I	3
NTDT40333 Medical Nutrition Therapy II	Medical Nutrition Therapy II	3
NTDT40343 Nutritional Biochemistry	Nutritional Biochemistry	3
	OR	
BIOL40513 Fundamentals of Biochemistry	Fundamentals of Biochemistry (requires additional pre-requisite courses)	3
NTDT50363 Community Nutr and Public Hlth	Community Nutrition and Public Health	3
NTDT50403	Research Methods in Nutrition	3

Major Electives - Students may choose from the following NTDT courses for the remaining NTDT 3-6 credit hours

NTDT30163 Sports Nutrition	Sports Nutrition	3
NTDT30313 Food Systems Management	Food Systems Management	3
NTDT30643 Vegan Plant-based Food Studies	Veganism, Sustainability, and Plant-based Food Studies	3
NTDT40413 Bus Principles in Dietetics	Business Principles in Dietetics	3
NTDT40603 Nutrition Counseling	Nutrition Counseling	3
NTDT50103 Clinical Applications of AI	Clinical Applications of AI	3
NTDT50323 Gut Microbiota and Health	Gut Microbiota and Health	3
NTDT50973 Nutritional Sciences Seminar	Nutritional Sciences Seminar	3

Associated Requirements

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
CHEM30123 Organic Chemistry I	Organic Chemistry I	3
BIOL20214 Anatomy & Physiology II	Anatomy and Physiology	4
	OR	
BIOL40403 Human Physiology	Mammalian Physiology (requires additional pre-requisite courses)	3
BIOL20234 Microbiology of Human Disease	Microbiology of Human Disease	4
	OR	
BIOL30304 Microbiology	Microbiology	4
MATH10043 Elementary Statistics	Elementary Statistics	3
ECON10223 Intro Microeconomics	Introductory Microeconomics	3
	OR	
ECON10233 Intro Macroeconomics	Introductory Macroeconomics	3
SOCI20213 Introductory Sociology	Introductory Sociology	3
PSYC10213 Introduction to Psychology	Introduction to Psychology	3

No minor is required.

All upper-level (30000 and 40000) NTDT courses, with the exception of NTDT30123 Nutrition Thru Life Cyc Nutrition Throughout the Lifecycle and NTDT30331 Medical Terminology Medical Terminology, must be taken at TCU.

Students may not take both NTDT30133 Meal Management and NTDT50223 Culinary Medicine Seminar.

Ranch Management, BS

Ranch Management, BS

Students admitted to TCU as pre-ranch management must complete the following to advance to the ranch management major:

- Have sufficient working experience in agriculture to understand the nature of the industry
- Have a minimum 2.50 cumulative TCU GPA
- Apply to Ranch Management
- Go through a professional interview
- Be formally admitted to Ranch Management

Students will typically apply in their junior year for formal admission to Ranch Management. Contact Ranch Management regarding specific admission policies. Enrollment is limited.

Ranch Management courses must be taken in two consecutive semesters starting with the fall semester. Spring courses include the two writing emphasis courses to satisfy the core curriculum. A "C" or better is required in all courses. No other courses may be taken during the year. An approved minor is required for the Ranch Management BS. See department for a list of approved minors.

**RAMA courses are only available to students admitted in the Ranch Management program.

Ranch Management Courses

Fall Semester (17 hours)

RAMA30102 Ranch Operations & Development	Ranch Operations and Development	2
RAMA30403 Soil & Water Conservation	Soil and Water Conservation	3
RAMA40103 Beef Cattle Production	Beef Cattle Production	3
RAMA40303 Animal Health Management	Animal Health Management	3
RAMA50503 Range Management	Range Management	3
RAMA50603 Ranch Records & Finance	Ranch Records and Finance	3

Spring Semester (18 hours)

RAMA30703 Animal Nutrition & Feeding	Animal Nutrition and Feeding	3
RAMA40101 Management Plan Capstone	Management Plan Capstone Course	1
RAMA40112 Sheep & Goat Production	Sheep and Goat Production	2
RAMA40313 Animal Health & Reproduction	Animal Health and Reproduction	3
RAMA40903 Forage Production & Use	Forage Production and Use	3
RAMA50213 Ranch Business Management	Ranch Business Management	3
RAMA50803 Marketing of Livestock & Meats	Marketing of Livestock and Meats	3

Also Required;

One upper level science course from the following:

BIOL30613 Natural History	Natural History	3
GEOL30113 Weather and Climate	Weather and Climate	3
GEOL30133 Historical Geology I	Historical Geology I	3
GEOL30153 Geology of National Parks	Geology of National Parks	3
GEOL40393 Soils in the Environment	Soils in the Environment	3
GEOL50523 Geographic Info Systems	Introduction to Geographic Information Systems	3

Substitutions require approval by the department director.

Associated Requirements:

Six hours from:

BIOL10003 Contemporary Issues in Biology	Contemporary Issues in Biology	3
GEOL10113 Understanding the Earth	Understanding the Earth	3
ENSC10143 Contem Environmental Issues	Contemporary Environmental Issues	3
	One of the following:	
ECON10223 Intro Microeconomics	Introductory Microeconomics	3
ECON10233 Intro Macroeconomics	Introductory Macroeconomics	3

*RAMA40101 Management Plan Capstone, Management Plan Capstone Course must be successfully completed with the grade of C or higher in order to earn the BS Degree/Certificate and/or Minor in Ranch management.

Pass/No-Credit Policy

Courses for the major (including associated requirements) and the minor may not be taken on a Pass/No-Credit basis.

Minors-College of Science & Engineering

College of Science & Engineering Minors

The College of Science & Engineering offers minors in:

- Applied Physics
- Astronomy
- Biology
- Biophysics
- Chemistry
- Child Development (Psychology)
- Combined Science
- Computer Information Technology
- Computer Science
- Cultural Awareness in Healthcare
- Data Science
- Energy Technology & Management
- Environmental Science

- Geology
- Mathematics
- Nutrition
- Physics
- Psychology
- Ranch Management
- Sustainability

Minors for students majoring in the College of Science & Engineering are also accepted from AddRan College of Liberal Arts, College of Fine Arts, Bob Schieffer College of Communication, College of Education, Neeley School of Business and Harris College of Nursing & Health Sciences.

Only associated requirements of the major may be applied to the requirements of a minor. Courses applied to the requirements of one minor may not be applied to the requirements of another minor.

Applied Physics Minor

Applied Physics Minor

The applied physics minor is designed for engineering majors but is open to all majors.

Requirements

The program of study requires a minimum of 18 hours of physics including

PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
PHYS30493 Physics III Modern Physics	Physics III Modern Physics	3
PHYS	3 hours of approved electives 30000 or above	3

Four hours of research selected from:

PHYS30003 Junior Honors Research	Junior Honors Research in Physics or Astronomy	3
PHYS40003 Senior Honors Resch	Senior Honors Research in Physics or Astronomy	3
PHYS40103 Senior Research	Senior Research in Physics or Astronomy	3
PHYS50970 Special Problems in Physics	Special Problems in Physics	1-3

Astronomy Minor

Astronomy Minor

Requirements

The astronomy minor requires 18 hours including

0028672 - Missing course	Introductory Astronomy: Earth and Planets	3
PHYS10263 Intro Astro: Cosmic Origins	Cosmic Origins	3

Six hours selected from

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
	OR	
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
	OR	
PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
GEOL10113 Understanding the Earth	Understanding the Earth	3
PHYS10293 Intro Astro: Archaeoastronomy	Archaeoastronomy	3

PHYS Electives, 6 hours approved (30000+)

Biology Minor

Biology Minor

Requirements

The program of study requires a minimum of 21 semester hours of biology, including a minimum of 9 hours of upper-division (30000 or above) courses. A maximum of 3 of these upper division hours may come from a combination of 1-hour seminar courses in biology.

A maximum of 3 hours will be given for any combination of the following:

BIOL40933 Senior Honors Research in Biol	Senior Honors Research in Biology	3
BIOL40820 Teaching Intro Level Biology	Teaching of Introductory-Level Biology	1-4
BIOL40830 Teaching of Advanced Biology	Teaching of Advanced Biology	1-4
BIOL40903 Biol Research and Writing	Biological Research and Writing	3
BIOL40900 Intro Independent Res in Biol	Independent Research in Biology	1-3

Biophysics Minor

Biophysics Minor

Requirements

The program of study requires a minimum of 20 hours consisting of:

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
	OR

Chemistry Minor

Requirements

The program of study requires a minimum of 18 semester hours to include:

Required Courses:

CHEM10113 General Chemistry I	General Chemistry I	3
CHEM10123 General Chemistry II	General Chemistry II	3
CHEM10122 General Chemistry II Lab	General Chemistry II Laboratory	2
	OR	
CHEM20123 Quantitative Analysis (Honors)	Quantitative Analysis	3
CHEM30121 Organic Chemistry I Lab	Organic Chemistry I Laboratory	1
CHEM30123 Organic Chemistry I	Organic Chemistry I	3

Suitable electives chosen from:

CHEM30133 Organic Chemistry II	Organic Chemistry II	3
CHEM30143 Organic Qualita Analysis	Organic Qualitative Analysis	3
CHEM40091 Senior Seminar	Senior Seminar	1
CHEM40123 Physical Chemistry I	Physical Chemistry I	3
CHEM40121 Physical Chemistry I Lab	Physical Chemistry I Lab	1
BIOL50133 Biochemistry I	Biochemistry I	3
CHEM50163 Advanced Inorganic Chemistry	Advanced Inorganic Chemistry	3

Child Development Minor

Child Development Minor

Requirements

The child development minor is a multidisciplinary program drawing upon the strengths of several colleges and disciplines.

Students wishing to earn the child development minor are required to take 18 hours of coursework.

Required Course (3 hours)

CHDV50533 Case Studies in Child Dev	Case Studies in Child Development	3

Elective Courses (15 hours)

Choose five courses:

ARED40103 The Therapeutic Arts	The Therapeutic Arts	3
CHDV20123 Trauma-Informed Interventions	Trauma-Informed Interventions	3
CHDV25053 Global Advocacy	Global Advocacy	3
CHDV30223 Fundamentals of Play	Fundamentals of Play	3
CHDV30533 DEV Research Evaluation	Developmental Research and Evaluation	3
CHDV35053 Professional Development	Professional Development in Careers with Children	3
CHDV40223 Fund of Child LIfe Practice	Fundamentals of Child Life Practice	3
CHDV40263 Child Development Internship	Child Development Internship	3
CHDV40493 Family Systems	Family Systems	3
CHDV40993 Child Development Capstone	Child Development Capstone	3
CHDV50433 Trauma & Relationships	Trauma & Relationships	3
CHDV50443 Trauma & Behavior	Trauma & Behavior	3
COSD10303 Survey of Comm Disorders	Survey of Communication Disorders	3
COSD30203 Lang Development Non Majors	Language Development for Non Majors	3
CRJU40473 Youthful Offenders	Youthful Offenders	3
EDEC30073 Children's Lit	Critical Literacy and Children's Literature	3
EDEC30103 Intro Early Chldhd Educ	Introduction to Early Childhood Education	3
EDUC30143 Child & Adolescent Dev	Child and Adolescent Development	3
EDUC30603 Study of Exceptional Students	Study of Exceptional Students	3
FNRT20903 Children & the Fine Arts	Children, Creativity and the Fine Arts	3
NTDT30113 Infant & Child Nutrition	Infant and Child Nutrition	3
NURS10303 Human Development	Human Development	3
PSYC30313 Developmental Psychology	Developmental Psychology	3
PSYC30323 Child Psychology	Child Psychology	3
PSYC30363 Psychopathology	Abnormal Psychology	3
PSYC30473 Comparative Psychology	Comparative Psychology	3
PSYC30483 Human Neuropsychology	Human Neuropsychology	3
PSYC30633 Social & Emotional Development	Social and Emotional Development	3
PSYC40403 Psychology of Counseling	Psychology of Counseling	3

PSYC40433 Adv Developmental Psychology	Advanced Developmental Psychology	3
PSYC40443 Child Dev in Cultural Context	Child Development in a Cultural Context	3
0089121 - Missing course	Behavior Disorders of Childhood	3
0030311 - Missing course	Applied Behavior Analysis	3
PSYC40523 Health Psychology	Health Psychology	3
SOCI30303 Marriage & Family	Marriage and the Family	3
SOWO30433 Social Work with Children	Social Work Practice with Children	3
SOWO30573 Child Welfare	Child Welfare	3
SOWO30843 Human Behav&Soc Envir I	Human Behavior and Social Environment I	3
SOWO40413 Animal Asstd Therapy and SW	Animal Assisted Therapy and Social Work	3
SOWO40563 Grief and Loss	Grief and Loss	3
	Special Topics/Problems (CHDV, COSD, EDUC, PSYC, SOWO, SOCI or CRJU)	
	CHDV Study Abroad	

A maximum of six hours of independent study may count toward major requirements; while a maximum of three hours of independent study/special topics may count toward minor requirements.

See department listings for descriptions. Approved list of courses is maintained in the psychology office, Winton-Scott Hall Room 240.

Computer Information Technology Minor

Computer Information Technology Minor

Requirements

The program of study requires of 18 semester hours including:

Required:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC20803 Data Structures	Data Structures	3
Three of:		
CITE30103 Unix/Linux System Admin	Unix/Linux System Administration	3
CITE30363 Web Technologies	Web Technologies	3
COSC30003 Computer Networks	Introduction to Computer Networks	3
COSC30603 Database Systems	Database Systems	3
COSC40053 Introduction to Cybersecurity	Introduction to Cybersecurity	3
COSC40233 Cloud Computing	Cloud Computing	3

Additional Information:

Several courses in the minor have mathematics prerequisites. COSC20803 Data Structures (Data Structures) requires MATH20123 Discrete Mathematics I (Discrete Mathematics I) as a prerequisite or corequisite. MATH20123 requires completion of MATH10054 Precalculus with Trigonometry (Precalculus with Trigonometry) or MATH10273 Applied Precalculus (Applied Precalculus) or MATH10283 Applied Calculus (Applied Calculus) or MATH10524 Calculus I (Calculus I) with a grade of C- or better; or a score of at least 600 on the SAT Math exam; or a score of at least 24 on the ACT Math exam. Other upper-level COSC courses may also require mathematics preparation. Students should plan accordingly.

Cultural Awareness in Healthcare Minor

Cultural Awareness in Healthcare Minor

Minor Requirements

The program of study requires a minimum of 19 hours with courses to be taken from at least three different academic units, as follows:

Required Courses (7 hours)

Choose 1 (3 hours) from the CULTURE and SOCIETY Group

SOCI20213 Introductory Sociology	Introductory Sociology	3
ANTH20623 Intro Cultural Anth	Introduction to Cultural Anthropology	3

Choose 1 (3 hours) from the SOCIAL MEDICINE Group

ANTH30373 Medical Anthropology	Medical Anthropology	3
SCIE30603 Religion and Healthcare	Religion and Healthcare	3
SOCI40523 Health,Illness,&Medicine	Health, Illness and Medicine	3

Capstone Seminar (1 hour)

SCIE30601 Cultural Aware Hlth Capstone	Cultural Awareness in Healthcare Capstone	1

Electives Courses (12 hours)

ANTH20623 Intro Cultural Anth	Introduction to Cultural Anthropology	3
ANTH30653 Sex, Gender and Culture	Sex, Gender and Culture	3
ANTH30373 Medical Anthropology	Medical Anthropology	3
BIOL40001 Honors Seminar	Honors Seminar	1
BIOL40110 Topics in Medicine	Topics in Medicine	0.5
BIOL40183 Examining Eugenics, Race, Biol	Examining Eugenics, Race and Modern Biology	3
BIOL40703 Global Perspectives in Health	Global Perspectives in Health	3
BIOL50910 Biology Seminar	Biology Seminar	1
CHDV25053 Global Advocacy	Global Advocacy	3
CRES10103 Engaging Community and Culture	Engaging Difference and Diversity in America	3
CRES20103 Intro to Black Studies	Introduction to Black Studies	3
CRES20203 Introduction to Ethnic Studies	Gateway Seminar: Introduction to Ethnic Studies	3
CRES20503 Intersectionality & Disabilit	Intersectional Disability Studies	3
CRES30003 Community Based Rsrch Mthds	Community Based Research Methods	3
ECON30503 Health Economics	Health Economics	3
ENGL20713 Literature and Medicine	Literature and Medicine	3
HCOM20303 Health, Communication & Media	Health, Communication & Media	3
HLTH30213 Hlt Aspct/Human Sexualty	Health Aspects of Human Sexuality	3
NURS10403 Intro Health Disparities AA	Introduction to Health Disparities in African Americans	3
NURS20403 Health Disparities AA	Health Disparities in African Americans	3
PHIL10433 Freshman Seminar in PHIL	Freshman Seminar in Philosophy	3
PHIL20303 Moral Problems	Moral Problems	3
PHIL20313 Death	Death	3
PHIL20323 Bioethics	Bioethics	3
PHIL30303 Ethical Theory	Ethical Theory	3
PHIL30463 Mind, Body, Ecology	Mind, Body, Ecology	3
PSYC30363 Psychopathology	Abnormal Psychology	3
RELI30723 Religion & Science	Religion and Science	3
SCIE20613 Visual Culture and Medicine	Visual Culture and Medicine	3
SCIE30603 Religion and Healthcare	Religion and Healthcare	3
SOCI20213 Introductory Sociology	Introductory Sociology	3
SOCI20223 Social Problems	Social Problems	3
SOCI30483 Death and Dying	Death and Dying: Sociological Viewpoints	3
SOCI30693 Aging & the Life Course	Aging & the Life Course	3
SOCI30743 Gender and Society	Gender and Society	3
SOCI30783 Sociology of the Body	Sociology of the Body	3
SOCI40523 Health,Illness,&Medicine	Health, Illness and Medicine	3
SOWO10833 Intro to Social Work	Introduction to Social Work	3

SOWO30573 Child Welfare	Child Welfare	3
SOWO30863 Social Welfare Policy	Social Welfare Policy	3
SOWO40583 Developmental Disabilities	Developmental Disabilities	3
SOWO40883 Diversity and Social Justice	Diversity and Social Justice	3
WGST20003 Intro to Women & Gender St	Introduction to Women and Gender Studies	3
WGST30303 Feminisms of Color	Feminisms of Color	3
WGST30313 Reproductive Justice	Reproductive Justice	3
WGST30403 Transnational GenderSexuality	Transnational Gender & Sexuality	3
WGST30413 Sex, the Body, & U.S. Borders	Sex, the Body & U.S. Borders	3

Note that for BIOL40001 Honors Seminar, BIOL50910 Biology Seminar, PHIL10433 Freshman Seminar in PHIL only some topics count toward the minor.

Computer Science Minor

Computer Science Minor

Requirements

The program of study requires 18 semester hours including:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC20803 Data Structures	Data Structures	3
	And 9 hours from CITE 30103, CITE 30363 or COSC courses at the 30000 level or above	9

Additional Information:

Several courses in the minor have mathematics prerequisites. COSC20803 Data Structures (Data Structures) requires MATH20123 Discrete Mathematics I (Discrete Mathematics I) as a prerequisite or corequisite. MATH20123 requires completion of MATH10054 Precalculus with Trigonometry or MATH10273 Applied Precalculus or MATH10283 Applied Calculus or MATH10524 Calculus I with a grade of C- or better; or a score of at least 600 on the SAT Math exam; or a score of at least 24 on the ACT Math exam. Other upper-level COSC courses may also require mathematics preparation. Students should plan accordingly.

Data Science Minor

Data Science Minor

Requirements

The program of study requires 18 semester hours including:

Requirements:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC20203 Techniques In Programmng	Techniques in Programming	3
COSC20803 Data Structures	Data Structures	3

Three of:

COSC30103 Introduction to Data Science	Introduction to Data Science	3
0091041 - Missing course	Data Mining and Visualization	3
COSC40503 Artificial Intelligence	Artificial Intelligence	3
COSC40523 Deep Learning	Deep Learning	3

Additional Information:

Several courses in the minor have mathematics prerequisites. For example, COSC20803 Data Structures (Data Structures) requires MATH20123 Discrete Mathematics I (Discrete Mathematics I) as a prerequisite or corequisite. Other upper-level COSC courses may also require mathematical preparation such as Calculus I, Linear Algebra, or Statistics so students should plan their coursework accordingly.

Environmental Science Minor

Environmental Science Minor

Requirements

The program of study requires a minimum of 18 hours including a minimum of three upper-division (30000 or above) courses.

No grade lower than C- may be applied to the minor.

Foundations - 6 hours chosen from

BIOL10513 Diversity and Organisms	The Diversity of Life: Organisms to Ecosystems	3
BIOL10523 Intro Bio Investigation	Introduction to Biological Investigation	3
BIOL30403 Ecology and the Environment	Ecology and the Environment	3
ENSC30113 Weather and Climate	Weather and Climate	3
ENSC30143 Intro to Sustainability Sci	Introduction to Sustainability Science	3
ENSC30443 Earth Materials	Earth Materials	3
GEOL10113 Understanding the Earth	Understanding the Earth	3

9 additional hours of electives with no more than 6 hours outside ENSC. These electives must be approved by the department.

If ENSC10143 Contem Environmental Issues Contemporary Environmental Issues is required for a student's major or another minor, the student will choose an additional ENSC course as a substitution.

Required (3 hours)

ENSC10143 Contem Environmental Issues	Contemporary Environmental Issues	3

Geology Minor

Geology Minor

Requirements

The minor in geology requires a total of 18 semester hours in geology approved by the department of which 9 semester hours must be at the 30000 level or above. No grade lower than C- may be applied to the minor.

Mathematics Actuarial Minor

Mathematics Actuarial Minor

The program of study requires a minimum of 18 hours, with a grade of C- or better, consisting of:

MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4
MATH30524 Calculus III	Calculus III	4

An additional 6-hour sequence chosen from either

FM Sequence

MATH30603 Interest Theory	Interest Theory	3
MATH30623 Interest Theory II	Interest Theory II	3

P Sequence

MATH30803 Probability	Probability	3
MATH40603 Actuarial Mathematics	Actuarial Mathematics	3

Associated Economic Requirements, 6 hours:

ECON10223 Intro Microeconomics	Introductory Microeconomics	3
ECON10233 Intro Macroeconomics	Introductory Macroeconomics	3

All actuarial students need to work closely with an adviser to plan course schedules and understand the requirements of the Society of Actuaries.

Mathematics Minor

Mathematics Minor Requirements

The program of study requires a minimum of 18 hours of MATH courses, with a grade of C- or better, consisting of:

Core Courses

MATH10524 Calculus I	Calculus I	4
MATH20524 Calculus II	Calculus II	4
MATH30224 Linear Algebra	Linear Algebra	4

And an additional 6 semester hours from among

MATH20123 Discrete Mathematics I	Discrete Mathematics I	3
	Courses at or above the 30000 level	

Required

One of:

COSC10403 Intro To Programming	Introduction to Programming	3
COSC10503 Intro Prog for Engr & Science	Introduction to Programming for Engineering & Science	3
COSC10603 Intro to Python for Data Analy	Introduction to Python for Data Analytics	3
ENGR10573 Applied Programming-Matlab	Applied Programming Matlab	3
PHYS20323 Scientific Analysis & Modeling	Scientific Analysis & Modeling	3

Physics Minor

Physics Minor

Requirements

The physics minor requires 18 hours of physics, including

PHYS10154 General Physics I with Lab	General Physics I with Laboratory	4
PHYS10164 General Physics II with Lab	General Physics II with Laboratory	4
	OR	
PHYS20474 Physics I with Lab: Mechanics	Physics I with Laboratory: Mechanics	4
PHYS20484 Physics II with Lab	Physics II with Laboratory: Electromagnetism and Optics	4
	AND	
PHYS	10 hours of approved electives of which 6 must be 30000 or above	

Psychology Minor

Psychology Minor

Requirements

A minor in psychology requires 18 hours in psychology consisting of:

Required:

PSYC10213 Introduction to Psychology	Introduction to Psychology	3

A maximum of 3 hours of research (PSYC40313 Research in Neuroscience, PSYC40323 Research in Psych of Learning, PSYC40333 Research in Social Psychology, PSYC40343 Research Cognitive Psych or PSYC40353 Research Developmental Psych may be applied to the minor in psychology.

Nutrition Minor

Nutrition Minor

Requirements

The program of study requires a minimum of 19 hours consisting of:

Required courses

NTDT10003 Contemporary Issues in Nutr	Contemporary Issues in Nutrition	3
NTDT20403 Nutrition	Nutrition	3
NTDT30113 Infant & Child Nutrition	Infant and Child Nutrition	3
	OR	
NTDT30123 Nutrition Thru Life Cyc	Nutrition Throughout the Life Cycle	3
NTDT30331 Medical Terminology	Medical Terminology	1
NTDT30233 Essentials Dietetics Practice	Essentials of Dietetics Practice	3

The final two courses (6 hours) may be selected from:

NTDT30163 Sports Nutrition	Sports Nutrition	3
NTDT30333 Medical Nutrition Therapy I	Medical Nutrition Therapy I	3
NTDT30433 Issues/Insights in Foods/Nutr	Issues and Insights in Foods and Nutrition	3
NTDT30643 Vegan Plant-based Food Studies	Veganism, Sustainability, and Plant-based Food Studies	3
NTDT30993 Global Food Insecurity	A Global Perspective in Food Insecurity	3
NTDT40333 Medical Nutrition Therapy II	Medical Nutrition Therapy II	3
NTDT40343 Nutritional Biochemistry	Nutritional Biochemistry	3
NTDT50103 Clinical Applications of AI	Clinical Applications of AI	3
NTDT50223 Culinary Medicine Seminar	Culinary Medicine Seminar	3
NTDT50323 Gut Microbiota and Health	Gut Microbiota and Health	3
NTDT50363 Community Nutr and Public Hlth	Community Nutrition and Public Health	3
NTDT50403	Research Methods in Nutrition	3

All courses for the minor must be completed with a grade of "C" or better.

Ranch Management Minor

Ranch Management Minor

Students may pursue a degree in a discipline other than ranch management and utilize the ranch management certificate program to meet graduation requirements, provided they are qualified for admission into Ranch Management. A minimum 2.50 cumulative TCU GPA is required. Students interested in pursuing the ranch management minor should contact the Ranch Management office at 817.257.7145 for information on the application process prior to their junior year.

The ranch management minor requires 35 hours of coursework and must be taken in two consecutive semesters. No other courses may be taken during the year. See Required Courses for Certificate in Ranch Management for a complete list of courses required for the ranch management minor.

**RAMA courses are only available to students admitted in the Ranch Management program.

Sustainability Minor

Sustainability Minor

Requirements

The program requires a minimum of 18 hours. No more than two courses from any one department and no grade lower than a C- will be accepted.

Required

ENSC10143 Contem Environmental Issues	Contemporary Environmental Issues	3

ENTM30773 Entrepreneurship & Energy	Entrepreneurship and Energy	3

If ENSC10143 Contem Environmental Issues is required for a student's major or another minor, the student will choose an additional course from those listed above as a substitution.

Mathematics Certification, Secondary and Middle School

Mathematics Certification, Secondary and Middle School

Students seeking certification for grade levels 7-12 or 4-8 should be advised by both a mathematics faculty member and an adviser in the College of Education. Secondary Certification in Mathematics requirements include a major in mathematics (BA or BS) and an educational studies major. Middle school mathematics majors pursue the BSE degree from the College of Education.

Ranch Management Certificate

Ranch Management Certificate

Admission to the Certificate Program

Applicants meeting academic enrollment criteria should have sufficient working experience in agriculture to understand the nature of the industry. Basic knowledge and experience with farming or ranching enables the students to benefit more from the course of study. Enrollment is limited. Selection to the program is made after completion of the application, including transcripts and a professional interview. For information or to request an application, call (817) 257-7145 or write to:

Director, Ranch Management

Texas Christian University

TCU Box 297420

Fort Worth, TX 76129

The ranch management certificate program requires two consecutive semesters to complete. Intensive classroom instruction in basic management principles complement courses in livestock production, natural resource conservation, forage production and accounting principles. Fieldwork is coordinated with classroom study to demonstrate principles as they apply in production situations.

Classes are offered in three-hour units to allow concentration of subject matter and to facilitate field work. Classes meet Monday through Friday for six hours per day. Class hours may vary when fieldwork requires additional travel time.

Basic vocational skills are taught that require physical mobility and manual dexterity. Field work includes five week-long trips and numerous day trips. No other courses may be taken during the year. The two-semester program leads to 35 hours of credit and a ranch management certificate. No RAMA course may be repeated.

Required Courses for Certificate in Ranch Management

Fall Semester (17 hours)

RAMA30102 Ranch Operations & Development	Ranch Operations and Development	2
RAMA30403 Soil & Water Conservation	Soil and Water Conservation	3
RAMA40103 Beef Cattle Production	Beef Cattle Production	3
RAMA40303 Animal Health Management	Animal Health Management	3
RAMA50503 Range Management	Range Management	3
RAMA50603 Ranch Records & Finance	Ranch Records and Finance	3

Spring Semester (18 hours)

RAMA30703 Animal Nutrition & Feeding	Animal Nutrition and Feeding	3
RAMA40101 Management Plan Capstone	Management Plan Capstone Course	1
RAMA40112 Sheep & Goat Production	Sheep and Goat Production	2
RAMA40313 Animal Health & Reproduction	Animal Health and Reproduction	3
RAMA40903 Forage Production & Use	Forage Production and Use	3
RAMA50213 Ranch Business Management	Ranch Business Management	3
RAMA50803 Marketing of Livestock & Meats	Marketing of Livestock and Meats	3

*RAMA40101 Management Plan Capstone, Management Plan Capstone Course must be successfully completed with the grade of C or higher in order to earn the BS Degree/Certificate and/or Minor in Ranch management.

University Life

University Life

Introduction to University Life is a one-credit, graded course for students in their first semester at TCU. The course provides knowledge, skills and strategies to flourish in the academic community; and addresses fundamental questions about how to succeed as a college learner through goal-setting, understanding resources, managing stress, self-care, critical and reflective thinking, diversity and inclusion; and academic and personal integrity, among other topics. Each section of the course is led by an instructor and a student Peer Guide.

Special Academic Programs

Special Academic Programs

Finding Ourselves in Community

Finding Ourselves in Community (FSC) Course

TCU's Quality Enhancement Plan (QEP), *Finding Ourselves in Community (FSC)*, makes an important and necessary intervention in undergraduate student learning by developing students' foundational understanding of how identities are socially constructed, how identities shape perspectives and attitudes, and how these impact relationships with others in the communities they inhabit. With this intervention, courses with "Finding Ourselves in Community" attribute addresses the following three learning outcomes:

- Define key concepts associated with identity and the formation of social identities.
- Explain how values, norms, biases, and practices continually shape identity.
- Illustrate how one's developing identity informs relationships with others in communities.

Special Academic Programs

IdeaFactory

IdeaFactory

The TCU IdeaFactory is a unit in the Neeley School of Business dedicated to supporting the innovation spirit of all TCU students, staff and faculty by providing an environment where they use human centered design and systems thinking to become social innovators and change agents.

Special Academic Programs

TCU Global

TCU Global

Student Conduct and Academic Issues: TCU Global serves as an academic unit for purposes of administering Study Abroad and Study Away programs, as well as courses assigned INTL designation. For academic issues related to INTL courses, semester study abroad and study away programs administered through TCU Global, the Chair of the TCU Global Academic and Curricular Advisory Committee serves as the Department Chair and the Vice Provost serves as the Dean. The Chair of the TCU Global Academic and Curricular Advisory Committee will coordinate with the academic dean of the student's major. For conduct issues, the Senior International Officer will coordinate with the Dean of Students and the academic dean of the student's major to ensure consistency with TCU policies and processes. For more information, visit https://tcuglobal.tcu.edu

Semester and Year Long Opportunities

The *TCU in London Program* provides a unique opportunity for TCU students to study in one of the major capitals of the world, drawing on the immense intellectual, cultural and human resources of London. TCU partners with the University of Westminster and the University of Roehampton to provide opportunities to take courses in a wide range of disciplines. Students also have the option of choosing an internship for academic credit.

The *TCU in Seville Program*, in cooperation with Universidad Pablo de Olavide, offers Spanish language and area studies courses for students of all language levels. Students may take courses in literature, art, political science, economics, business and history in Spanish or English. All students live with Spanish host families for a rich cultural experience. Two prior Spanish courses at the college level (or equivalent) are required to attend this program.

The *TCU in Florence Program* offers students of all majors the opportunity to take classes in English at Lorenzo de Medici Institute. Students take an Italian language course in order to fully appreciate life in Florence. Students live in fully furnished apartments in the center of town and have opportunities to meet Italians through activities organized by the local staff.

The *TCU in Rome Program* allows students to experience an historically rich environment, while studying in an American-style university rooted in the liberal arts with a solid international focus. Students study and live in Trastevere, along the Tiber River in the heart of Rome. No prior language is required to be accepted to the program, and all students take one Italian language course while in Rome.

The *TCU in Madrid Program* is an extraordinary opportunity to attend a preeminent public university in Spain, while living in the center of this vibrant international city. Students attend classes at Universidad Carlos III, featuring business, as well as economics, journalism, film studies, communication, sociology and political science. No prior language is required, and students take one Spanish course while in Madrid.

The *TCU in Stellenbosch Program* offers students the opportunity to study in Stellenbosch, South Africa, a charming college town outside of Cape Town, surrounded by breathtaking mountain and ocean views. Students live on campus and may take courses across a wide range of disciplines at Stellenbosch University including science, business and the liberal arts.

The *TCU-In Oxford* Program is a prestigious opportunity to study at St. Catherine's College, one of nearly 40 colleges that make up the University of Oxford. TCU juniors and seniors with high academic qualifications can study at St. Catherine's College through its Visiting Students Programme. Visiting Students have the opportunity to choose from the widest variety of tutorial courses offered by any college at Oxford.

Other special study abroad opportunities include *TCU Affiliated Programs.* TCU Affiliated Programs are select study abroad programs offering additional semester- and year-long experiences for students in locations throughout Australia, Asia, Europe, Latin America and Africa.

TCU Summer Programs

TCU *summer courses* have featured study in various locations, including Argentina, Australia, China, Costa Rica, England, France, Germany, India, Italy, Japan, Scotland, South Africa and Spain. These intensive courses are developed and directed by TCU faculty members from such disciplines as biology, business, environmental science, communication science disorders, strategic communication, history, journalism, literature, nursing, social work, political science, religion, Spanish, and theatre. Carrying TCU credit and the possibility of financial aid, study abroad courses fulfill many of TCU's graduation requirements; while providing opportunities to work closely with some of TCU's best faculty members. TCU students may also study abroad in the summer through TCU Affiliated Programs.

Special Academic Programs

Washington Internships

The Washington Internship Program

The Political Science department and the Bob Schieffer College of Communication partner with The Washington Center to provide a semester-long, academic internship experience in the nation's capital. The program includes placement, supervision, evaluation, seminars, housing, special events and other support services.

The *TCU Washington Internship Program* is open to juniors and seniors in any major field. Minimum requirements include a 3.0 GPA. Journalism and strategic communication majors will work through the College of Communication and all other majors will work through the Political Science department. The application process begins a year in advance. Depending on their major, students earn 12 – 15 hours of upper-division credit, with 6-9 hours for the full-time internship plus one or two courses (3 – 6 credits) taught by The Washington Center. Students will complete a Credit Approval Form with their academic adviser to determine how these credits may satisfy departmental or University requirements.

For more information, see TCU Global, https://tcuglobal.tcu.edu.

Accounting Department

Accounting

Accounting is the global language of business and a cornerstone of organizational success. The BBA in Accounting is designed to build strong competencies in financial reporting, taxation, managerial decision-making, audit, and other professional services. In financial reporting, students learn about how accounting estimates and methodologies impact entities' financial performance. In audit, students learn how to assess financial statement integrity, evaluate internal controls, and apply auditing standards to safeguard the public interest. In taxation, they acquire the skills to analyze complex tax codes, develop compliance strategies, and provide forward-looking tax planning advice to individuals and organizations. Together, these skills prepare graduates to add value in public accounting firms, industry, or government service.

A major objective of the BBA program is to provide a rigorous foundation in accounting and business concepts while fostering the professional competencies essential for career advancement. Students completing the BBA program in accounting fulfill the educational requirements to sit for the Uniform CPA Examination in Texas.

Programs

12345 - Test Program
ACCT - Accounting
ACCT-BBA - Accounting, BBA
ACCT-MAC - Accounting
ACCTMIN - Accounting Minor

BUSI20151 - Careers in Business

AddRan College of Liberal Arts Department

AddRan Liberal Arts Program of Study

Texas Christian University was founded as AddRan Male and Female College, and its largest and most central academic unit continues to carry the distinctive name that Addison and Randolph Clark devised for their school.

AddRan College of Liberal Arts also continues TCU's well-developed tradition of emphasis on the liberal arts. The college's faculty and programs provide a sound foundation for a lifetime of intellectual growth and preparation for the multiple careers that most will experience in the 21st century. Courses in the humanities and social sciences form a major part of the core studies of all University students, and concentrated effort in one AddRan area can provide the base for future personal and vocational choices.

Degree programs within AddRan College vary widely. Some provide the solid liberal arts base needed for professional study toward the ministry, law, medicine, business, teaching and related fields. Some have a professional orientation within themselves, with specialized study leading toward specific career objectives. In all of the programs, students find flexibility and freedom balanced by structure and discipline.

AddRan's academic advisement system is part of its intent to help individual students meet their educational needs. Alongside professional advisers in Academic Advising faculty members in each academic program serve as advisers. Students are expected to meet with their advisers at least once each semester as they plan studies for the next term, and appointments are encouraged at other times when students feel the need to discuss their academic options. All first-year students, whether entering first-year or transfers, are required to see an adviser prior to registering. Names of advisers are available through each of the departments. All first-year and pre-majors are advised through the Center for Academic Services.

AddRan College Organization

AddRan College is organized into 10 departments and houses three interdepartmental programs and two units of Reserve Officers' Training Corps, as well as five academic service units.

Departments

Criminology & Criminal Justice

Economics

English

Geography

History

Philosophy

Political Science

Religion

Sociology and Anthropology

World Languages and Global Studies

Interdepartmental Programs

Comparative Race and Ethnic Studies

Digital Culture and Data Analytics

Women and Gender Studies

Reserve Officers' Training Corps

Aerospace Studies, Air Force ROTC

Military Science, Army ROTC

Academic Service Units

Center for Digital Expression

Center for Languages and Intercultural Global Connection

Center for Texas Studies

Center for Urban Studies

Willliam L. Adams Center for Writing

Residence Study Abroad

Various programs developed and offered in concert with TCU Global

Administrative offices for AddRan College are on the second floor of Scharbauer Hall, a building that also houses the departmental offices of criminology & criminal justice, geography, economics, philosophy, political science, sociology and anthropology, and World Languages and Global Studies. English, and history are located in Dave Reed Hall, and religion is in Theodore Beasley Hall.

AddRan College Degree Programs

AddRan College administers programs that lead to the Bachelor of Arts (BA) and Bachelor of Science (BS) degrees.

The Bachelor of Arts (BA) degree is offered with majors in:

- Anthropology
- Chinese
- Comparative Race and Ethnic Studies
- Creative Writing
- Economics
- English
- French
- Geography
- German

- History
- International Economics
- Italian
- Latin American Studies
- Philosophy
- Political Science
- Religion
- Sociology
- Spanish and Hispanic Studies
- Spanish for the Professions
- Women and Gender Studies
- Writing and Rhetoric

The Bachelor of Science (BS) degree is offered with majors in:

- Criminology & Criminal Justice
- Digital Culture and Data Analytics
- Economics
- Economics and Mathematics
- Geography
- Philosophy
- Political Science
- Sociology
- Women and Gender Studies

The Bachelor of General Studies

With various emphases, as approved by the director of General Studies

Multiple Majors

Students with a first major in AddRan College may declare an additional major in lieu of or in addition to a minor. The additional major may be selected from the other colleges/schools at TCU. Students seeking an additional major in a school/college other than AddRan must have the approval of the dean of AddRan and the dean of the additional major.

Students with a first major in another TCU school/college may select additional majors from those available in AddRan with the approval of the dean of the school/college of the first major and the dean of AddRan. Students who seek a second major from AddRan, if that major is one approved for the BA, must satisfy the foreign language requirement described below.

The degree awarded will be that appropriate to the major designated as the first major. All degree requirements for each major must be satisfied. These include all TCU Core Curriculum requirements associated with any particular major, as well as all associated requirements.

Pass/No-Credit Option

Students may take up to two courses (eight hours maximum) on a Pass/No-Credit (P/NC) basis. No course applied to the student's major, minor or associated requirements may be taken on the P/NC basis. Courses offered only with the P/NC grade will not be counted toward this limit on the number P/NC hours.

Students wishing to take courses at another college or university following their admission to TCU must receive approval of such courses through the office of the dean of AddRan College before enrolling in them. Requests should be submitted as transfer requests in MyTCU.

AddRan Minors

The following is a list of approved minors in AddRan College:

- African American and Africana Studies
- Asian Studies
- Anthropology
- British and Colonial/Post-Colonial Studies
- CALM Studies
- Chinese
- Classical Studies (Currently Paused)
- Comparative Race and Ethnic Studies
- Creative Writing
- Criminology & Criminal Justice
- Digital Culture and Data Analytics
- Economics
- English
- French
- Geography
- Geospatial Data Analytics
- German
- Global History
- History
- Human-Animal Relationships
- International Economics
- International Relations
- Italian
- Latinx Studies
- Middle East Studies
- Military Science
- Military, War, and Conflict Studies
- Philosophy
- Political Science
- Religion
- Sociology
- Spanish and Hispanic Studies
- Spanish for Business Professions
- Spanish for the Health Professions
- Urban Studies
- Women and Gender Studies
- Writing and Rhetoric

In addition, minors are accepted from the other colleges/schools at TCU. Students seeking a minor from the College of Education must obtain the approval of the office of the dean of the College of Education.

AddRan Certificates and Emphases

The following is a list of approved certificates and/or emphases in AddRan College:

- Comparative Race and Ethnic Studies
- Human-Centered AI
- Medical Social Sciences and Health Humanities
- Women and Gender Studies

Aerospace Studies Department

Aerospace Studies

The U.S. Air Force Reserve Officer Training Corps (AFROTC) provides women and men at Texas Christian University, Texas Wesleyan University, Dallas Baptist University, Tarleton State University, the University of Texas at Arlington, Weatherford College and Tarrant County College the education and training necessary to develop the management and leadership skills vital to professional Air Force officers.

Enrollment in the General Military Course (first two years) is voluntary for eligible students and does not obligate non-scholarship students for further military service. The Professional Officer Course (last two years) is also voluntary but competitive. Because the Professional Officer Course leads to a commission in the U.S. Air Force, those selected to continue training will incur military obligation.

Aerospace studies courses are taken concurrently with other degree programs. No degree is offered in aerospace studies, but up to 24 semester hours may be earned in aerospace studies over the four-year period. Some of the classes may be used to meet major elective requirements; students should see their academic adviser for confirmation. Students who enroll in aerospace studies classes and intend to commission must attend both classroom and leadership laboratory classes at TCU. The laboratory classes give students first-hand experience in developing leadership and organizational skills while preparing them for enrollment in the Professional Officer Course.

Aerospace Studies Program Requirements

Four-Year Program

This program enables students to take advantage of four years of aerospace studies courses. Each semester, for the first two years, cadets take a one-credit hour academic class and a one-credit hour Pass/No-Credit Leadership Laboratory (LLab). The first two years collectively are referred to as the General Military Course (GMC). Upon successful completion of the GMC and an ensuing four-week Air Force paid field training course, qualified and selected students may elect to enroll in the final two years, referred to as the Professional Officer Course (POC). Each semester in the POC, students take a three-credit hour academic class and a one-credit hour Pass/No-Credit LLab. AFROTC uniforms and textbooks are issued by the unit.

More detailed information about the Air Force ROTC Program is available through the Department of Aerospace Studies. The department is located in office 247 of the Rickel Academic Wing. Call 817.257.7461 or visit www.afrotc.tcu.edu with questions.

Aerospace Studies General Qualifications

A student enrolling in AFROTC must:

- Be a full-time student (12 semester hours or more)
- Be a U.S. citizen
- Be in good physical condition/health
- Have good moral character
- Be no older than 39 years upon commissioning

AFROTC Program Benefits

As Air Force ROTC cadets, students are entitled to selective benefits. Social and co-curricular activities, together with leadership and academic training, are all part of Air Force ROTC. Contracted cadets receive a nontaxable subsistence allowance each month during the school year. The detachment sponsors a Civil Air Patrol where cadets

can obtain front-seat and back-seat flying time in Cessna aircraft. Honor guard and Arnold Air Honor Society are just a few social outlets for the cadets. Summer opportunities for cadets can include a paid visit to a military installation for two weeks, freefall parachuting, combat survival training, flight nurse shadowing and cadet training assistant duty at field training.

AFROTC Scholarships

Air Force ROTC offers scholarships that vary in length of award and amount based on academic major and applicant qualifications. All awarded scholarships pay a stipend for textbooks and fees, plus a monthly, nontaxable, stipend during the school year. Scholarship awards are based on specific academic majors related to the needs of the U.S. Air Force. These scholarship opportunities for in-college students are determined at the national level by Air Force ROTC and are subsequently administered by the detachment/Department of Aerospace Studies. Scholarship applicants are selected using the whole-person concept, which includes objective factors (i.e., GPA, standardized test scores (SAT/ACT), and physical fitness test) and subjective factors (i.e., personal evaluations). Students who are enrolled in Air Force ROTC generally improve their scholarship selection opportunity.

In addition to meeting the general qualifications mentioned above, scholarship applicants must be at least 17 years of age when the scholarship is activated and must be less than 31 years of age as of the end of their commissioning year. Because the scholarship program varies according to budget and needs of the Air Force, interested applicants should contact the Department of Aerospace Studies at 817.257.7461 or www.afrotc.tcu.edu for specifics.

High school students may apply for a four-year scholarship their high school senior year. High school students who are offered an AFROTC scholarship may be offered a TCU room and board subsidy. High school students who receive a three-year scholarship may also receive an additional semester of tuition paid if attending TCU.

AFROTC Commissioning

Upon successful completion of the AFROTC Program and baccalaureate or graduate degree, a student is commissioned a second lieutenant in the U.S. Air Force. In some instances, active service can be delayed by students continuing in post-baccalaureate degree programs.

Courses

AEST10001 - Leadership Lab
AEST10211 - Foundation of the United States Air Force
AEST10221 - Foundation of the United States Air Force
AEST20211 - Team and Leadership Fundamentals
AEST20221 - Team and Leadership Fundamentals
AEST20990 - International Residential Study
AEST30113 - Leadership Studies I
AEST30123 - Leadership Studies II
AEST30990 - International Residential Study
AEST40113 - National Security Affairs I
AEST40123 - National Security Affairs II

Asian Studies Department

Asian Studies

Asian studies is available as a minor on both the BA and BS degrees. The minor program offers students multidisciplinary opportunities to study subjects concerning the peoples and cultures of Asia.

Biology Department

Biology

Biology is available as a major or minor on both the BA and BS degrees.

The BA is provided for the student who has a strong interest in the biological sciences but who desires a broader-based area of study or who is interested in pursuing multiple majors. The degree is appropriate for students interested in graduate or health-related professional schools but may require additional coursework to fulfill certain prerequisites. The BS degree offers an expanded study of the biological sciences and includes associated requirements that provide a broader knowledge of the physical sciences. Required courses within the BS degree will meet many prerequisites of graduate and health-related professional schools.

Honors College

Biology majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in BIOL40933 Senior Honors Research in Biol Senior Honors Research during their final semester.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Bob Schieffer College of Communication Department

Bob Schieffer College of Communication

The role of communication in the 21st century is an integral part of TCU's educational mission. Nearly 1,200 students in the Bob Schieffer College of Communication are pursuing degrees in journalism, strategic communication, communication studies, sports broadcasting, and film, television and digital media. The academic programs of the college exact an appropriate balance between professional training and liberal arts studies. Relatively small classes enable the faculty to give attention to the work of each student.

The college comprises four departments — the departments of Communication Studies, Film, Television and Digital Media, Journalism and Strategic Communication — and offers a range of study.

Department of Film, Television and Digital Media

Production

Industry Studies

Critical Studies

Sports Broadcasting

Business of Entertainment Media

Department of Communication Studies

Organizational Communication

Interpersonal Communication

Public Speaking

Communication Theory and Research

Department of Journalism

Chemistry and Biochemistry Department

Chemistry and Biochemistry

Chemistry is available as a major or minor on the BA and BS degrees. Biochemistry is available as a major on the BS degree.

Honors College

A student may obtain Departmental Honors in chemistry by successfully completing 6 hours of senior honors research (CHEM40003 Senior Honors Res Project and CHEM40013 Senior Honors Res Paper) or 3 hours of senior honors research plus three hours of study in a course approved by the department as one promoting the student's development as a research scholar. Such a course should be in addition to those normally required to achieve the baccalaureate degree. Requirements also include the writing of a Senior Honors Research paper, which is approved by an appropriate committee, and achieving of an overall GPA of 3.5 or greater.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

CHEM50763 - Experimental Methods in Biochemistry and Biophysics
CHEM50783 - Environmental Chemistry

Child Development Department

Child Development

The child development major and minor are administered by the Department of Psychology; students should contact the Karyn Purvis Institute of Child Development for information about these programs.

Child development is available as a major and a minor on both the BA and BS degrees.

The child development major is a multidisciplinary program drawing upon the strengths of nine disciplines:

- Child Development
- Communication Sciences and Disorders
- Sociology
- Criminal Justice
- Education
- Nutritional Sciences
- Nursing
- Psychology
- Social Work

Its interdisciplinary focus is designed for students who wish to go into jobs or areas of study in child development, such as children's mental health, child welfare, education, juvenile justice, and non-profit organizations that serve children. The major provides comprehensive insight into the issues of child development, as well as knowledge and skills in developmental trauma and intervention. The major also works well for students who double major in areas such as psychology, social work, criminal justice, communication sciences and others. This major provides students who want to work with children in these disciplines an advantage in their chosen field of study due to the global influence and impact of the Purvis Institute's Trust-Based Relational Intervention® (TBRI®).

Students who wish to major in child development should first declare a child development pre-major (CHDP) and then apply for the major after their first year. To apply to the major, students must have either a minor OR a second major. Major requirements include having a sophomore standing, a minimum 2.5 GPA, a clear criminal background check (sent to students after the application is screened) and a completed application. Applications are emailed to child development pre-majors at the beginning of the fall and spring semesters.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

College of Fine Arts Department

Fine Arts

Since the founding of Texas Christian University more than a century ago, fine arts and related professional studies have been integral parts of the University's educational program. Today, some 950 students concentrate their studies within the three departments and three schools that comprise the College of Fine Arts. Degree programs

are available in art and art history; ballet and modern dance; fashion merchandising; graphic and interior design, music, and theatre. The academic programs provide a balance between professional training and liberal arts studies, and small classes enable the faculty to give personal attention to the work of each student.

College of Fine Arts faculty are dedicated teachers who combine extensive academic training with years of professional experience in their disciplines. They pride themselves on the ability to convey to their students the knowledge necessary for successful lives and careers in the 21st century. Visiting faculty, guest artists and performers also interact with students throughout the year, enriching the learning experience.

Resources available to students include specialized computer labs, lighting and sound systems, specialized libraries and equipment, galleries, art and dance studios, theaters and performance halls. College of Fine Arts programs enjoy close working relationships with the Kimbell Art Museum, The Fort Worth Symphony, Texas Ballet Theatre and the other visual and performing institutions in the Dallas/Fort Worth Metroplex.

College of Fine Arts Organization

The College of Fine Arts is organized into three schools and three departments, offering 33 major fields of concentration. The departments provide professional training in vocational fields for students planning careers and serious avocational training for those who wish to attain artistic ability without professional intent.

College of Fine Arts Degrees

The College of Fine Arts offers the following degrees:

- Bachelor of Fine Arts (BFA) with a major in graphic or interior design, studio art or art education, ballet and/or modern dance and theatre.
- Bachelor of Arts (BA) with a major in art history, music, studio art or theatre. (The BA degree requires a minor along with the completion of sophomore-level foreign language.)
- Bachelor of Science (BS) with a major in design studies or fashion merchandising.
- Bachelor of Music (BM) with a major in performance, piano pedagogy, theory/composition or church music.
- Bachelor of Music Education (BME)

Multiple Majors

Students majoring in the College of Fine Arts who wish to pursue an additional major in the college must obtain permission from the unit director/chair, and the academic dean. The student must satisfy all requirements of the additional major, including seeking permission for courses that will satisfy both majors; minimal overlap is permitted with pre-approval of the dean's office.

Students outside the College of Fine Arts whose home college permits an additional major in the College of Fine Arts must complete all degree requirements for the additional major, including courses specified in the TCU Core Curriculum for that particular degree and major.

Requirements for Graduation

The online Intent to Graduate form must be submitted by FAME, MUEI, MUEV and ARED majors once the student has completed 86 hours of coursework. All other majors in the college should complete the Intent to Graduate form once the student has completed 96 hours of coursework or two semesters prior to graduation, whichever comes first. Students may make an online request for their official degree plan from the College of Fine Arts once they have completed 54 semester hours (usually at the end of the sophomore or the beginning of the junior year).

Approval of the unit chair/director is required for all nontraditional courses, e.g, special problems, independent study, research problems.

Beyond the studies specified for each major, the bachelor's degree is built on the TCU Core Curriculum that applies to all University students.

Transfer Credit

Students wishing to take courses at another institution after matriculation at TCU must secure approval through the Office of the Dean of the College of Fine Arts before enrolling in those courses. Requests are made online via the myTCU student portal. Once matriculated at TCU, students may only take 12 hours of coursework from another institution. Any exceptions require permission from the unit chair/director and academic dean. See the University's Transfer Credit Policy for more information.

Pass/No-Credit Policy

No courses applied toward any major or minor in the College of Fine Arts may be taken a pass/no-credit basis.

Arts Leadership and Entrepreneurship (Certificate or Minor)

The ARLE minor suspended admissions for the 2021-2022 academic year. The Certificate program was created to streamline the existing minor, with a goal of making practical skills for professional development more accessible to Fine Arts students.

The ARLE curriculum addresses the essential competencies required for running nonprofit/public arts organizations: organizational development, visioning and planning, effective governance, financial management, fundraising, managing staff and volunteers, audience development, community engagement, programming and special events, marketing and public relations, and effectiveness evaluation.

College of Fine Arts Special Programs

The Artist Diploma is available for instrumentalists and vocalists with exceptional performance ability. See the School of Music section.

College of Science & Engineering Department

Science & Engineering Program of Study

The College of Science & Engineering supports the mission of TCU and:

- Integrates the research and undergraduate teaching missions;
- Prepares graduates for careers and further study in science, mathematics and engineering;
- Assists in the preparation of highly qualified K-12 mathematics and science teachers; and
- Provides experiences for all TCU students that will facilitate their becoming and continuing to be scientifically and mathematically literate citizens.

The college offers the Bachelor of Science degree with majors in 21 fields of study and the Bachelor of Arts degree with majors in 7 fields. The college also offers a Bachelor of Combined Science and a combined BS/MS program. Minors are available in 20 fields. A Certificate Program is also available in Ranch Management.

The college is also responsible for the Pre-Health Professions programs (pre-dentistry, pre-medicine, pre-veterinary medicine).

College of Science & Engineering faculty are committed to teaching and are actively engaged in scholarly activity that contributes to their profession and informs their teaching on all levels. Opportunities for participation in research exist in every department and program of the college. Many faculty members involve undergraduates in their research programs. These students often work jointly with graduate students and postdoctoral associates in departments where graduate programs exist. To assist in these activities, the college houses SERC (Science & Engineering Research Center) to serve as a gateway of support for undergraduate research activities.

Multiple Majors

Students with a first major in the College of Science & Engineering may declare an additional major in lieu of or in addition to a minor on either a BA or BS degree. The additional major may be selected from the College of Science & Engineering's list of approved majors or may be selected from majors available in other TCU schools and colleges. Students seeking an additional major in a school or college other than the College of Science & Engineering must have the approval of the dean of the college and the dean of the additional major.

Students with a first major in another TCU school or college may select additional majors from those available in the College of Science & Engineering with the approval of the dean of the first major and the dean of the College of Science & Engineering.

The degree awarded will be that appropriate to the major designated as the first major. All degree requirements for each major must be satisfied. These include TCU Core Curriculum requirements and all associated requirements.

Courses applied to the requirements of one major may only be applied to the associated requirements of another major.

Transfer Credit

Students wishing to take courses at another college or university following their admission to TCU must receive approval of such courses through the office of the dean of the College of Science & Engineering before enrolling in them.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements. See the department of the major for any additional restrictions.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

College of Science & Engineering Organization

The College of Science & Engineering is organized into 11 departments.

Departments

Biology

Chemistry & Biochemistry

Computer Science

Engineering

Environmental and Sustainability Sciences

Geological Sciences

Mathematics

Nutritional Sciences

Physics & Astronomy

Psychology

Ranch Management

Sid W. Richardson houses the departmental offices of chemistry & biochemistry, environmental sciences, geological sciences, physics & astronomy, the Pre-Health Institute and the Institute for Environmental Studies. Biology and psychology are in Winton-Scott Hall. Nutritional sciences is located in the Annie Richardson Bass Building. Ranch Management is located in the Winthrop Rockefeller Building. College administrative offices and the departmental offices for computer science, engineering and mathematics are located in the Tucker Technology Building.

Interdepartmental Programs

Child Development (Psychology)

Neuroscience (Psychology)

Pre-Health Professions

College of Science & Engineering Degrees

The College of Science & Engineering administers programs that lead to the following baccalaureate degrees:

The Bachelor of Arts degree with majors in:

- Biology
- Chemistry
- Child Development (Psychology)

- Geology
- Mathematics
- Physics
- Psychology

The Bachelor of Science degree with majors in:

- Astronomy & Physics
- Biochemistry
- Biology
- Biophysics
- Chemistry
- Child Development (Psychology)
- Computer Information Technology (Computer Science)
- Computer Science
- Data Science
- Dietetics (Nutritional Sciences)
- Earth Systems Science
- Engineering
- Environmental and Sustainability Science
- Food Management (Nutritional Sciences)
- Geology
- Mathematics
- Neuroscience (Psychology)
- Nutrition (Nutritional Sciences)
- Physics
- Psychology
- Ranch Management

The Bachelor of Combined Science

Combined BS/MS degree

- Dietetics (Nutritional Sciences)

College of Science & Engineering Certificates

The College of Science & Engineering offers certificates in:

Ranch Management

The Ranch Management Certificate may be used to fulfill the requirement for a minor with approval of the dean of the major college. The rules for minors also apply to the certificate program.

College of Science & Engineering Minors

The College of Science & Engineering offers minors in:

- Applied Physics
- Astronomy
- Biology
- Biophysics

- Chemistry
- Child Development (Psychology)
- Combined Science
- Computer Information Technology
- Computer Science
- Cultural Awareness in Healthcare
- Data Science
- Energy Technology & Management
- Environmental Science
- Geology
- Mathematics
- Nutrition
- Physics
- Psychology
- Ranch Management
- Sustainability

Minors for students majoring in the College of Science & Engineering are also accepted from AddRan College of Liberal Arts, College of Fine Arts, Bob Schieffer College of Communication, College of Education, Neeley School of Business and Harris College of Nursing & Health Sciences.

Only associated requirements of the major may be applied to the requirements of a minor. Courses applied to the requirements of one minor may not be applied to the requirements of another minor.

Communication Studies Department

Communication Studies

A degree in communication studies will serve the academic and career objectives of a variety of students. As a vital component of a liberal arts education, competence in oral communication is a requirement for most positions in business and industry. A major in communication studies provides an understanding of the interpersonal and public communication processes needed for careers in teaching, research, or business organizations as well as a foundation for further professional or academic study. Students also develop competencies in public speaking, listening, interviewing and group communication as well as everyday human relations.

Students may declare a major in communication as an incoming first-year student, transfer student, or by requesting a change of major through the TCU Registrar's office. In order to declare the major, current TCU students must be in good standing with the University, including an overall GPA of at least a 2.0.

Majors taking classes counting toward departmental degree requirements must take them for graded credit. Any courses completed in the department receiving a pass under the Pass/No-Credit Policy before the student declares communication studies as a major will count as University electives but will not count toward the hour requirement to satisfy the major. Students may not receive credit toward the communication studies major for both COMM10123 Communicating Effectively and COMM10163 Public Address (Honors).

All courses counted toward a major or minor in communication studies must have a grade of "C-" or better.

Honors College

Communication studies majors who plan to pursue departmental honors must be members of the Honors College and should take COMM30003 Honors Seminar:Curr Dev - COMM their junior year and COMM40003 Honors Research Paper their senior year. Honors students should consult with the department chair concerning additional guidelines.

Communication Studies Degrees

The Department of Communication Studies offers the Bachelor of Science (BS) degree.

Programs

COMA - Communication Studies
COMC - Communication Studies
COMC-BS - Communication Studies
COMH - Communication Studies - Human Relations
COMH-BS - Communication Studies - Human Relations
COMM - Communication Studies
COMM-BA - Communication Studies

COMM50970 - Special Problems in Communication Studies

Comparative Race and Ethnic Studies Department

Comparative Race and Ethnic Studies

The Bachelor of Arts major in Comparative Race and Ethnic Studies requires 30 semester hours of CRES-prefix and CRES-attribute courses passed with a grade of "C-" or better and a maximum of 12 hours below the 30000 level. A minor in any field is required. Courses counted for the CRES major may not be counted for any other major or minor (except for the Associated Requirements, which may be double-counted for multiple programs of study).

Programs

AAASCERT - African American and Africana Studies Certificate
AAASEMP - African American and Africana Studies Emphasis
AAASMIN - African American and Africana Studies Minor
CRES - Comparative Race and Ethnic Studies
CRES-BA - Comparative Race and Ethnic Studies
CRES-CRT - Comparative Race and Ethnic Studies Graduate Certificate
CRESCERT - Comparative Race and Ethnic Studies
CRESEMP - Comparative Race and Ethnic Studies Emphasis

LTNX20003 - Introduction to LTNX Studies

Computer Science Department

Computer Science

Computer science is available as a major on the BS degree and as a minor on the BA and BS degrees.

Honors College

Computer science and computer information technology majors who are members of the Honors College and who have a minimum 3.5 GPA in the major may pursue Departmental Honors by enrolling in COSC 50970 during the fall of their senior year and preparing a Senior Honors Project.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Computer Science Student Organizations

Association for Computing Machinery

The department sponsors a student chapter of the Association for Computing Machinery (ACM), an international organization for computer scientists.

IEEE/CS

The department sponsors a student chapter of the Institute of Electrical and Electronics Engineers/Computer Society, an international organization for computer scientists.

Upsilon Pi Epsilon

The department sponsors a chapter of Upsilon Pi Epsilon, the International Honor Society for the Computing Sciences.

Criminology and Criminal Justice Department

Criminology & Criminal Justice

Criminology & criminal justice is available as a major on the BS degree and as a minor on both the BA and BS degrees. Criminology & criminal justice serves the academic needs and career objectives of a variety of students. The major in criminology & criminal justice can serve as preparation for further formal education in graduate or law school, as well as for immediate entry into careers in the justice system and related fields. Courses may be selected to emphasize any of the three components of the justice system: police, courts, or corrections. Alternatively, students may choose courses that provide exposure to special issues and problems in criminology and criminal justice. In addition, the internship program provides students opportunities to experience working in the criminal justice field.

Transfer students may receive a maximum of nine hours credit in the major for criminology & criminal justice courses taken at accredited colleges and universities. A maximum of six hours may be counted toward the minor. The chair of the Criminology & Criminal Justice Department determines the applicability of such coursework to the program's degree requirements.

Honors College

Criminology & criminal justice majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in CRJU30003 Honors In Criminal Just during their junior year and CRJU40003 Senior Hon Paper In CRJU during the fall semester of their senior year.

Alpha Phi Sigma

The Criminology & Criminal Justice Department sponsors a chapter of Alpha Phi Sigma, the national honor society in the discipline. Any criminology & criminal justice major or minor with a 3.2 overall GPA and a 3.2 in criminal justice-related courses who has completed four criminal justice-related courses is eligible.

Programs

CRJU Testing
CRJU - Criminal Justice
CRJU-BCJ - Criminal Justice
CRJU-MS - Criminology & Criminal Justice
CRJUMIN - Criminal Justice Minor
CRLECERT - Leadership, Executive and Administrative Development in Criminal Justice Certificate
LEAD-CRT - Leadership, Executive and Administrative Development in Criminal Justice
LEAD-MS - Criminal Justice - Leadership, Executive, and Administrative Development

CRJU40473 - Youthful Offenders
CRJU40503 - White Collar Crime
CRJU40613 - Terrorism and Homeland Security
CRJU40853 - Race, Ethnicity, and Crime
CRJU40963 - Internship in Criminal Justice
CRJU40970 - Independent Study in Criminal Justice

Curriculum & Instruction Department

Curriculum & Instruction, M.Ed.

The Curriculum and Instruction master's degree program is designed for teachers and other educational professionals interested in improving their instruction, preparing for positions of leadership, or enhancing their abilities to support learning in K-12 schools or other educational settings. The program offers graduate students two kinds of preparation: 1) knowledge related to content and 2) knowledge that helps them contribute to scholarship. The degree is constructed so that students choose a content specialization and either a research emphasis, or a teaching and learning emphasis. The objectives of the program are to:

- Provide a rigorous master's degree program that prepares graduate students to work with children, adolescents, and families in a variety of educational settings.
- Provide graduate students with the knowledge and skills necessary to enhance their teaching and research abilities.

There are two options for earning the Curriculum and Instruction master's degree:

- Traditional master's degree (30 credit hours)
- Accelerated master's degree (30 credit hours)

The traditional Master of Education (MEd) is a 30 credit hour program that provides a solid knowledge base and background in the theoretical and practical aspects of the selected specializations. These specializations include:

Curriculum Studies Specialization

Curriculum Studies as a field is interdisciplinary and draws upon multiple perspectives including psychology, social foundations, cultural studies, critical theory, and education to study curriculum, individuals, societies, and interdisciplinary themes, while critically examining educational issues and policies. The field values democratic community building and an ethic of social action that honors diversity. Students come to curriculum studies from formal and informal learning contexts as well as various disciplines. Graduates of the program pursue varied professional positions in schools, non-profit agencies, and other community organizations. While curriculum studies students' backgrounds and goals are diverse, they share an interest in understanding the intersections of individuals and sociopolitical contexts. Curriculum studies arises from a 1970s reconceptualization of curriculum. Concerned with understanding curriculum more so than developing and evaluating curricula, Curriculum Studies addresses questions such as:

- What is knowledge and who decides? How does knowledge affect lives?
- What does it mean to educate and to be/come educated?
- What are the relationships between learning and teaching, curriculum theory and practice?
- How is curriculum culturally, politically, and economically situated?
- What are the roles of power and vulnerability in curriculum studies?

Language and Literacy Specialization

The Language and Literacy specialization focuses on research and pedagogy related to language and literacy, while preparing graduate students with an in-depth understanding of teaching reading and writing to children and adolescents. With this knowledge, students will be able to establish themselves as teacher-leaders in their respective schools and districts. Prerequisite: Certification to teach EC-6, or English Language Arts/Reading as respective grade levels. Note: This program does not meet the requirements for Reading, English Language Arts teacher certification.

Science Education Specialization

Science Education draws upon science, psychology, and education as a foundation for the teaching about and learning of science. The science education reform documents require students to have knowledge of practices, crosscutting concepts, and core ideas of science and an in-depth understanding of teaching science to all children. In addition, students earning this degree will have an understanding of and experience in original research. There is a minimum requirement of 12 hours of course work in this area of specialization.

Programs

CHPECERT - Health Professions Education Certificate
CI41 - Early Admission Curr & Instruc
CUIL-MED - Curriculum and Instruction-Language and Literacy Emphasis
CUIM-MED - Curriculum and Instruction-Mathematics Education Emphasis

Davies School of Communication Science & Disorders Department

Communication Sciences & Disorders (COSD) Degrees

Available on the Bachelor of Science (BS) degree with a major in Speech, Language & Hearing Science (SLHS). Available emphasis tracks are Speech-Language Pathology, Audiology and Deaf and Hard of Hearing Education Studies.

Honors College

COSD majors who plan to pursue Departmental Honors must be members of the Honors College and following approval from their COSD faculty mentor, should enroll in COSD30003 Junior Honors Seminar during spring of their junior year and COSD40003 Senior Honors Research Project during their senior year.

Pass/No-Credit Option

No courses in the major or associated areas may be taken on a pass/no-credit basis. Other courses taken on a pass/no-credit basis will be limited to two courses (eight hours maximum.)

Programs

COMDMIN - Deaf and Hard of Hearing Studies Minor
COMSMIN - Speech-Language Pathology Minor
COSD-PHD - Computer Science

COSD50860 - COSD Study Abroad - Scotland, England, and Ireland
COSD50870 - COSD Study Abroad - Australia
COSD50970 - Directed Studies in Communication Disorders

Design Department

Design

The Department of Design administers the Bachelor of Fine Arts degrees in graphic design and interior design. The Bachelor of Science degree in design studies, a minor in architectural lighting design, and a certificate program in design studies.

A minimum of 81 semester hours is required for the BFA in graphic design; a minimum of 48 semester hours is required for the BS in design studies, a minimum of 81 semester hours is required for the BFA in interior design; and a minimum of 18 semester hours is required for the certificate in design studies; a minimum of 18 semester hours is required for the architectural design minor. The degree plans are outlined below.

- BFA degree GRDE
- BS degree DEST
- BFA degree in INDE
- Minor in ARLD
- Certificate in Design Studies

Minimum Grade Requirement

All courses taken in the major or minor sequences must be passed with a "C" or better to fulfill graduation requirements. The Department of Design requires a minimum cumulative GPA of 2.0 at all times.

Departmental Requirements

A minimum 2.5 cumulative GPA in the major is a prerequisite to upper-division departmental courses. After entrance into upper-division courses, a minimum 2.5 GPA must be maintained to advance.

All students planning to pursue a major in this department start as either graphic design pre-majors (GDPM) or interior design pre-majors (IDPM). This status may only be changed to the major following qualification by portfolio examination, usually at the end of the first year.

Incoming students (including transfer students) must have declared the pre-major **before** orientation. It will not be available at orientation.

The optional admission portfolio is strongly recommended. Instructions can be found online at: https://finearts.tcu.edu/design/admission/.

The Qualifying Portfolio Examination is conducted following the first-year sequence of classes for all departmental degree programs, the BFA in graphic design, the BS in design studies and the BFA in interior design. Following qualification, the student will be invited to declare the major for which they qualified.

This portfolio examination is a holistic assessment of the individual student's aptitude for success in the department's rigorous academic programs and in preparation for very competitive career paths. While every effort is made to be fair, above-average course grades do not necessarily predict success in the portfolio examination.

Programs

Digital Culture & Data Analysis Department

Dig Culture & Data Analysis

Digital Culture and Data Analytics (DCDA) is an interdisciplinary set of programs designed for students with an interest in how digital technologies shape, analyze and articulate contemporary culture.

The Bachelor of Science major in Digital Culture and Data Analytics requires 33 semester hours of course work passed with a grade of "C-". A minor in any field is required (unless student has a second major).

Students minoring in digital culture and data analytics complete 21 hours of coursework: four required courses and a choice of three additional courses from an approved list. Students take no more than two courses from any single discipline. For the minor, a minimum of 9 hours at the upper division is required. Students who major or minor in Digital Culture and Data Analytics must choose whether DCDA-approved courses approved for other major or minor programs will count toward their DCDA program or for the other program. With the exception of the courses that satisfy the Statistics requirement, no course may count for both.

Once the requirements are satisfied, other courses from that same core category will count as electives.

Given that the DCDA program is supported by 15 other departments at TCU, the program director will work with and accept the determinations of the department whose discipline a transfer credit falls under. Further, the program director will work with students directly in terms of approving study abroad courses for the DCDA program. Students will not be allowed to place out of major requirements, nor will there be opportunities to receive course credit for examination.

Programs

HCAI - Humans&AI
HCAICERT - Human-Centered AI Certificate

Courses

DCDA30833 - Creative Coding in the Humanities

Doctor of Nursing Practice Department

Doctor of Nursing Practice

The Doctor of Nursing Practice (DNP) is an innovative, solution-focused program designed to prepare students to assume clinical leadership positions in a variety of healthcare, business, government and educational organizations.

This practice doctorate in nursing provides the terminal academic preparation for nursing practice.

TCU Nursing offers two pathways to the Doctor of Nursing Practice degree:

- Executive Nurse Leadership & Practice (MSN to DNP)
- Post-baccalaureate (BSN to DNP)

Economics Department

Economics

Economics is available as a major or a minor on both the BA and BS degrees. It is also available on the BS degree in international economics. Students who plan to pursue a graduate degree in economics should be certain to meet early and often with their faculty adviser to ensure that appropriate supplemental coursework is completed.

The Department of Economics is part of the AddRan College of Liberal Arts and, thus, has a liberal arts focus. The program fosters an intellectual community, based on critical inquiry, that explores the human condition while enabling students to develop the capacity to "think like an economist," thereby providing the skills necessary for meaningful work, citizenship, and leadership. Upon completion of the undergraduate degree programs, students majoring in economics should be able to analyze human action and interaction in economic terms, formally model economic phenomena, and apply core economic concepts to novel situations.

Honors College

Economics majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in ECON 30003 during their junior year and ECON 40003 during the fall semester of their senior year.

Minimum Grade Requirements

To graduate with a major in economics or international economics, students must earn a grade of "C-" or better in all courses applied to the major, including associated requirements. In addition, a grade of "C-" or better must be earned in any course serving as a prerequisite for a course in economics.

Course Scheduling

Although taught regularly, not all required courses are scheduled every semester. It is the students' responsibility to complete the major requirements for graduation as early in their tenure as possible. Exceptions to the major requirements or to course prerequisites will not be made because of student failure to complete coursework in a timely fashion. Since they serve as prerequisites to many advanced courses, the foundations courses and associated requirements should be completed as early as possible in a student's academic career.

Omicron Delta Epsilon

The Eta of Texas Chapter of Omicron Delta Epsilon (ODE) is sponsored by the Department of Economics. ODE is the national honor society in economics.

Engineering Department

Engineering

In developing a strong engineering program within a traditional liberal arts setting, the faculty and staff of the Department of Engineering at TCU, with input from other constituents, have established Program Educational Objectives.

Within a few years of graduation, TCU Engineering graduates are expected to:

1. Be serving others as practicing engineers, or as other service professionals.
2. Be advancing in leadership tracks in industry, government, national service, non-profits, while building reputations as ethical and responsible community members.
3. Be engaged in the pursuit of knowledge and skills through professional development through opportunities and/or graduate education.

Engineering is available as a major on the BS degree with the choice of either an electrical or mechanical emphasis. All programs of study include a solid liberal arts component and a fundamental core of engineering courses that provide a strong interdisciplinary background in engineering. They conclude with a three-semester design sequence, which is common to students in both areas of emphasis. The Engineering program is accredited by the Engineering Accreditation Commission of ABET, http://www.abet.org.

The programs of study are identical for the first three semesters with an emphasis choice required during the second year. A minimum total of 129 hours of TCU Core Curriculum, engineering and associated courses is required for the BS degree with a major in engineering. All programs are based on a strong background in mathematics and the basic sciences. Suggested four-year course sequences are available from the Department of Engineering.

Honors College

Engineering majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in ENGR 30003 during their junior year and ENGR 40003 during their senior year.

Transfer Students

Transfer applicants should refer to General Policies in the Admission section of this catalog for general admission requirements and deadlines. A degree plan is prepared for each transfer student during the student's first semester of enrollment at TCU. The application of previous coursework to an engineering degree at TCU is based upon

equivalency of content with TCU courses. Special approval is required to complete any engineering courses outside of TCU. A maximum of 15 semester hours of transfer credit may be applied to the engineering core. All engineering courses must be from programs with ABET accreditation, unless otherwise pre-approved. Contact the Department of Engineering for additional information on its transfer policy and procedures.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) three hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science and Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Programs

EEES - Engineering - Electrical Emphasis, Energy Systems Focus
EEES-BS - Engineering - Electrical Emphasis, Energy Systems Focus
EMES - Engineering - Mechanical Emphasis, Energy Systems Focus
EMES-BS - Engineering - Mechanical Emphasis, Energy Systems Focus

ENGR40970 - Special Topics in Engineering

English Department

English

English is available as a major on the BA degree and as a minor on both the BA and BS degrees. The Department of English also offers a writing major and minor (find it here under "Writing" or see the department website, www.addran.tcu.edu/english), a creative writing minor, optional concentrations and an Accelerated MA in English.

Honors College

English majors who plan to pursue Departmental Honors must be members of the Honors College and enroll in ENGL 30003 the fall semester of their senior year, and ENGL 40003 in the spring semester of their senior year.

Programs

CRWRMIN - Creative Writing Minor
CRWT - Bachelor of Arts in Creative Writing
CRWT-BA - Bachelor of Arts in Creative Writing
ENCTCONC - Critical Theory Concentration in English
ENFVCONC - Film and Visual Culture Concentration in English
ENGA - English
ENGA-BA - English
ENGA-MA - English
ENGL - English
ENGL-BA - English
ENGL-BA2 - English
ENGL-BS - English
ENGL-MA - English
ENGL-PHD - English
ENGLMIN - English Minor
ENLSCONC - Legal Studies Concentration in English
ENWGCONC - Women's Writing and Gender Studies Concentration in English
EWASCONC - American Studies Concentration in English
EWBSCONC - British Studies Concentration in English
EWCTCONC - Critical Theory Concentration in Writing
EWCWCONC - Creative Writing Concentration in Writing
EWDMCONC - Digital Media Concentration in Writing
EWELCONC - Early Literature and Culture Concentration in Writing
EWFSCONC - Fiction Studies Concentration in Writing
EWFVCONC - Film and Visual Culture Concentration in Writing
EWGDCONC - Global and Diasporic Literature Concentration in Writing
EWLSCONC - Legal Studies Concentration in Writing
EWNPCONC - Nonfiction Prose Concentration in Writing
EWPCCONC - Publication and Communications Concentration in Writing
EWPPCONC - Poetry and Poetics Concentration in English or Writing
EWRCCONC - Rhetoric and Culture Concentration in Writing
EWRECONC - Race and Ethnic Studies Concentration in Writing
EWWGCONC - Women's Writing and Gender Studies Concentration in Writing
RHEC-PHD - Rhetoric and Composition
WRIA - Writing
WRIA-BA - Writing
WRIT - Writing and Rhetoric
WRIT-BA - Writing and Rhetoric
WRITMIN - Writing Minor

Courses

Entrepreneurship and Innovation Department

Entrepreneurship and Innovation

The entrepreneurship and innovation major offers a unique combination of specialization and generalization in the study of entrepreneurship and innovation. To remain viable, nearly all new and established organizations require some degree of innovation, and most demand both an entrepreneurial perspective and a skill set for success. Whether it be assembling resources, recruiting and retaining top talent, designing a business model, developing new products or services, generating and communicating a compelling vision, managing relationships within the company and throughout the value chain, transitioning the business through various stages of growth, or navigating an uncertain future, effective leadership entails a combination of entrepreneurial thinking and innovative action. The entrepreneurship and innovation major prepares students to identify and exploit business opportunities, launch their own business, grow an existing business, assist others in starting or running a business, or contribute to entrepreneurial and innovative activities in an established organization. Career opportunities for those with strong skills in entrepreneurship and innovation are diverse since most for-profit and not-for-profit organizations require entrepreneurial and innovative capabilities. Career possibilities include business owner, manager of a family

business or entrepreneurial company, member of an innovation team, analyst for a venture capital or private equity firm, team leader within a research and development unit of an organization, management consultant, economic development officer, and director of a not-for-profit business.

Environmental Science & Sustainability Department

Environmental and Sustainability Science

Environmental & sustainability sciences is available as an environmental science and sustainability major on the BS degree and as a combined BS in environmental science and MS in sustainability (4+1). Environmental science and sustainability minors are available on the BA or BS degrees.

Administration and Advising

Each student prepares an individual program of study (POS) designed specifically for the student's particular background and goals. The POS is prepared in consultation with the chair of the Department of Environmental Sciences and the student's adviser.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Course Scheduling

Although taught regularly, not all required courses are scheduled every semester. Exceptions to the major requirements or to course prerequisites will not be made because of failure to complete coursework in a timely fashion. In particular, since they serve as prerequisites to many advanced courses, the foundation courses and associated requirements should be completed as early as possible in a student's academic career.

Programs

EN41-BS - Environmental Science and Sustainability
ENER-PHD - Environmental Earth Resources
ENMA-MEM - Enviromental Management
ENSA - Environmental and Sustainability Studies

Fashion Merchandising Department

Fashion Merchandising

The Department of Fashion Merchandising offers the Bachelor of Science (BS) degree.

Pass/No-Credit Policy

No course applied to the student's major, minor or associated requirements may be taken on the P/NC basis.

Minimum Grade Requirement

A 2.5 cumulative GPA is required to declare fashion merchandising as a major. To advance to upper-level courses and to graduate as a major in fashion merchandising, students must attain a "C" or better in all FAME courses.

Microsoft Certification

Successfully complete Microsoft Office Certification in Excel at the basic level through the Neeley School of Business or Certiport. Documentation of certification must be provided to the fashion merchandising department's main office. It is recommended that it is completed in the first two semesters but must be successfully finished before students are eligible to enroll in FAME 30253 Merchandise Buying.

Honors College

Students who are members of the Honors College may pursue Departmental Honors in Fashion Merchandising. See FAME 30003, FAME 40003.

Fashion Merchandising Summer Study Programs

Summer study programs in New York, New York, Paris, France and London, England are available to fashion merchandising majors. The New York Study Program provides a study of the textile, apparel and merchandising industries, and the significance of New York City as an international business center. The Paris, France and London, England Program offers exposure to both historic and contemporary fashion, and design as well as cultural trends and influences. Each program offers 3 credit hours of undergraduate credit that applies to the major.

Fashion Merchandising Required Summer Internship Course

All fashion merchandising students are required to complete FAME 40283 Fashion Internship which is an important class in their degree plan. This course is for college credit and is supervised by a faculty member throughout the student's internship. Students complete class assignments related to their internship work experience during the summer semester and tuition is charged. Students will either take this 10-week course the summer following their junior year if they are a December or May graduate or the summer following their senior year if they are an August graduate. NOTE: Credit will not be awarded for any internship or work experience other than FAME 40283.

Fashion Merchandising Student Affiliations

Students who demonstrate high scholarship are eligible for membership in the Beta Zeta chapter of Phi Upsilon Omicron, a national honor society. Opportunities are available for students to affiliate with student sections of professional organizations, including Fashion Group International.

Film,Television&Digital Media Department

Film, Television & Digital Media

The Department of Film, Television and Digital Media (FTDM) offers students a uniquely diverse and comprehensive array of courses designed to prepare its graduates to be industry leaders, creative contributors and/or impactful scholars in arguably the most pervasive and influential field of the 21st century. The department offers three majors:

1. Business of Entertainment Media, BS: This major provides essential real-world applications and skills as it prepares students for successful careers as leaders and managers in influential entertainment-focused organizations, in a variety of positions including brand managers, creative consultants, marketing strategists, producers, production managers, social media coordinators, and many related others. Its

emphases on both business and content-related industry aspects enable graduates to emerge with substantial knowledge of media business practices and terminology, development and production processes, marketing fundamentals, legal essentials, and a range of additional educational insights necessary for personal and professional success in this exciting and rapidly changing field;

2. Film, Television, and Digital Media, BS: In this sequence, students combine various production courses with offerings in critical studies and industry studies to prepare them for success in the competitive and increasingly global media industries;
3. Sports Broadcasting, BS: In this sequence, students acquire the technical skills to produce sports programs at the professional level as well as the analytical skills to understand and articulate the social and cultural roles sports events play in countries around the globe.

State-of-the-art department resources include HD studios, soundstages, professional editing suites, a green screen studio, a campus radio station and a full complement of HD field production and grip equipment. The Gwendolyn P. Tandy Memorial Film Library houses more than 15,000 titles.

John V. Roach Honors College

Film, Television and Digital Media majors, Cinema and Media Studies majors or Sports Broadcasting majors who plan to pursue departmental honors must be members of the Honors College and should enroll in FTDM30003 Honors Tutorial Honors Tutorial during their junior year and FTDM40003 Senior Honors Res Paper Honors Research Tutorial during the fall semester of their senior year.

Transfer Students

Transfer students are not guaranteed admission to the majors offered by the department. All students completing a major offered by the Department of Film, Television and Digital Media, including transfer students, must successfully complete the FTDM introductory courses and fulfill all remaining requirements with a "C" or better in order to graduate. Potential sports broadcasting majors, including transfer students, must apply for, and be granted, acceptance into the major (see sports broadcasting program requirements section). Transfer students must submit a written request if they wish the department to consider accepting any substitutes for FTDM10113 History of Broadcasting, FTDM10123 History Of Film History or Film or FTDM10143 The Art of Film and TV Introduction to Film and TV Aesthetics. Requests will be considered on an individual basis.

Internships

An active, supervised internship program places students in television studios, film production companies, audience research companies and corporate/industrial media centers. Interns may be placed in major media markets such as Los Angeles, New York, London or Fort Worth-Dallas or in their hometowns. FTDM internships are required for sports broadcasting majors and available to film, television and digital media majors and cinema and media studies majors and prerequisites apply. Contact the department for policies and procedures.

Study Abroad

Contact the FTDM department for details and schedules for study abroad opportunities.

Finance Department

Finance

A finance major concentrates on the management of financial resources for the firm or the investment portfolio. The field of finance integrates concepts from economics, accounting and a number of other areas. The central focus of finance is the relationship of risk and return.

Financial managers attempt to achieve wealth maximization through daily activities such as credit and inventory management and longer-term decisions related to raising funds and allocating capital. Investment specialists evaluate and select securities, manage investment portfolios and raise capital to finance business, government and private needs.

TCU students may apply for a position on the Educational Investment Fund and, if selected, gain valuable investment experience working with approximately 18 fellow students to manage a $1 million stock and bond portfolio.

The trend toward the securitization of financial assets and real estate, international financial transactions and derivative products; such as options and futures, continues to generate job opportunities in finance. Finance careers include corporate financial management, commercial banking, investment brokerage, portfolio management, investment banking and insurance.

Geological Sciences Department

Geology

Geology is available as a major or minor on both the BA and BS degrees.

Honors College

Geology majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in GEOL 30003 during their junior year and GEOL 40013 during the fall semester of their senior year.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Course Scheduling

Although taught regularly, not all required courses are scheduled every semester. Exceptions to the major requirements or to course prerequisites will not be made because of failure to complete coursework in a timely fashion. In particular, since they serve as prerequisites to many advanced courses, the foundation courses and associated requirements should be completed as early as possible in a student's academic career.

Geology Student Organizations

Sigma Gamma Epsilon

The department is a sponsor of Sigma Gamma Epsilon, the Honor Society for Research in the Earth Sciences. The department also hosts the TCU Geology Society, a club for any student interested in geology.

Programs

Graduate Studies & Research Department

Graduate Studies

Graduate degrees are administered by the following schools/colleges after graduate programs:

- Neeley School of Business
- Bob Schieffer College of Communication
- College of Education
- College of Fine Arts
- AddRan College of Liberal Arts
- Harris College of Nursing & Health Sciences
- College of Science & Engineering

The policies for graduate study are determined cooperatively by the administration, the Graduate Council, and the vice chancellor for academic affairs. The implementation of these policies is the responsibility of the vice chancellor.

Programs

ATTG-ATT - Athletic Trainer Certificate
GGAU-GAU - Graduate Non-Degree
GGND-GND - Graduate Non-Degree
GGWS-GWS - Graduate Non-Degree
GRND-ND - Graduate Non-Degree
MALA-MA - Master of Liberal Arts
NPOA-MS - Non-Profit Organizational Administration
RLEMCERT - Ralph Lowe Energy Management Certificate

Information Systems and Supply Chain Management Department

Info Systems & Supply Chain

Supply and value chain management is cross-disciplinary and encompasses interrelated elements of marketing, logistics, purchasing, operations management and information technology. In today's highly competitive environment, the multiple firms in a supply chain must be able to collectively respond to rapidly changing customer requirements. To do this efficiently and effectively requires working together across functions within the firm and beyond the firm's boundaries to understand and respond to changing customer requirements and to match supply to customer demand. This program is designed to give students the skills and capabilities needed for supply chain positions in companies facing such challenges.

Programs

Interior Design Fashion Merchandising Department

Interior Design

The interior design major prepares the student for a career as a professional interior designer. It educates the student in creativity, design process, technical skills and theory in order to successfully enter the profession. The CIDA-accredited program prepares students for the opportunity to complete the necessary steps to obtain NCIDQ certification and state licensing. This degree does not require a minor. To earn the BFA with a major in interior design, in addition to the 18-hour **Design Foundation,** students must complete the requirements outlined below.

Courses

FAME10200 - General Transfer Credit
FAME20221 - Professional Development
FAME20293 - Merchandise Buying
FAME20990 - Study Abroad- Partner Program
FAME30093 - Fashion Experiential Study Program
FAME30221 - Fashion Internship
FAME30263 - Product Development
FAME30283 - Technical and Creative Apparel Design
FAME40313 - Entrepreneurship in Merchandising
IDFM10200 - General Transfer Credit
IDFM10433 - Freshman Seminar in Interior Design and Fashion Merchandising
IDFM30003 - Honors Tutorial in Interior Design and Fashion Merchandising
IDFM30213 - History of Costume
IDFM30223 - History of Contemporary Dress
IDFM30433 - Rendering Techniques
IDFM30990 - International Residential Study
IDFM39990 - International Residential Study
IDFM40003 - Senior Honors Project
IDFM40053 - Lighting for Visual Presentation
IDFM40423 - Advanced Topics in Interior Design

John V. Roach Honors College Department

John V. Roach Honors College

Mission

The John V. Roach Honors College seeks to support highly motivated students in their quest for intellectual, ethical, and personal growth. To this end, the Honors College strives to:

- offer a flexible, relevant, empowering curriculum
- examine complex questions from a plurality of perspectives
- promote interdisciplinary and community-engaged learning

- design unique learning environments in which students explore life-changing questions
- cultivate students' curiosity and autonomy
- encourage ethical engagement and cultural humility in local and global communities

Roach Honors Ethos

The John V. Roach Honors College challenges students to unlock potential, cultivate purpose, and transform the future.

Roach Honors College Admission

First-year admission to the John V. Roach Honors College requires completion of an online application in addition to the general TCU application. Applicants undergo a holistic review that includes a supplemental essay as well as high school GPA, strength of curriculum, and other TCU application materials.

Continuing and transfer TCU students who currently have or will have completed a minimum of 12 graded hours at TCU and earned a TCU cumulative GPA of 3.5 or higher by the end of the semester are eligible to apply for the admission to the Roach Honors College.

Honors College Curricula and Completion Levels

The Roach Honors College offers a two-tiered curriculum, leading to three possible levels of Honors distinction.

- Students who complete Lower-Division requirements while maintaining at least a 3.25 overall GPA earn the Kathryne McDorman Honors Scholar distinction.
- Students who complete Upper-Division requirements while maintaining at least a 3.5 overall GPA earn the Paul and Judy Andrews Honors Scholar distinction.
- Students who complete both Lower- and Upper-Division Honors earn the Honors Laureate distinction. To graduate as a John V. Roach Honors Laureate, students must have a cumulative GPA of 3.5 or higher.

Lower-Division Honors

To complete Lower-Division Honors, students must fulfill five requirements, including two Honors Cultural Visions courses (or an approved study abroad program) and three Honors Electives.

Cultural Visions (6 hours or equivalent)

To fulfill this requirement, students may take two Honors Cultural Visions Courses. Students may also fulfill this requirement by completing an approved study abroad program, subject to the following stipulations:

- A graded, three credit hour, TCU approved short term or summer study abroad program fulfills one Cultural Visions requirement. Students must earn a C- or higher.
- A fall or spring, TCU approved, semester study abroad program with completion of at least six graded credit hours fulfills two Cultural Visions requirements. Students must earn a C- or higher.

Honors Electives (9 hours or equivalent)

To fulfill this requirement, students may take three Honors classes in any discipline. Other options for fulfilling this requirement include:

- Advanced Placement (AP) exam score of 5 or an International Baccalaureate (IB) Higher Level score of 7 (can fulfill a maximum of one course requirement)
- Fulfillment of an Honors Course Enrichment Contract for a non-honors class (subject to eligibility)

Upper-Division Honors

To complete Upper-Division Honors, students may pursue either University Honors or Departmental Honors, or both.

University Honors (9 credit hours)

To earn University Honors, students must complete three Honors colloquia.

Roach Honors colloquia are small seminars devoted to the immersive exploration of questions and topics relevant to students from diverse disciplinary backgrounds.

Departmental Honors (2-7 credit hours/varies by department)

To earn Departmental Honors, students must complete a research or creative project in their major (or minor, with approval from the department chair or program director).

Projects are typically undertaken over multiple semesters, during which Departmental Honors students design and carry out original research projects or produce original creative works under the mentorship of a faculty committee. The policies and research procedures guiding students pursuing Departmental Honors are determined by each department. Senior students present their projects publicly and have the opportunity to archive them in the permanent collection of the Mary Couts Burnett Library.

Grade Requirements

To remain in good academic standing as a member of the Honors College, a student must meet the following minimum GPA requirements:

- completion of first-year: 3.0
- completion of sophomore year: 3.25
- completion of junior year: 3.4
- completion of senior year: 3.5

Students who fail to meet these requirements may rejoin the Roach Honors College once they have attained the required GPA.

To graduate with an honors distinction, students must earn a "C-" or better in all courses applied to their Lower- and Upper-Division Honors requirements.

Pass/No-Credit Policy

To fulfill Honors College requirements, courses may not be taken pass/no-credit. This also applies to study abroad if used to fulfill Honors Cultural Visions requirements.

Programs

HOCO - Honors College

Courses

HCOL40000 - Experimental Course
HCOL40583 - Corporate Crime in Real Life
HCOL41013 - Disease, Disorder, and Disability

Journalism Department

Journalism

The mission of the Department of Journalism is to educate journalism students to think and act as responsible professionals and ethical citizens in a global community. The Department of Journalism helps students develop competencies that prepare them for employment and advanced studies. It seeks to create skilled professional communicators who understand their social, legal and ethical responsibilities in a rapidly changing media landscape that connects societies around the world.

The degree program in the department prepares students to communicate to diverse audiences in a free society through critical thinking, analytical writing, real-time reporting and compelling multi-media presentations.

Founded in 1927, the Department of Journalism requires versatility and performance. The Department of Journalism is one of 18 programs at private universities in the nation accredited by the Accrediting Council on Education in Journalism and Mass Communication (ACEJMC). About 10 percent of the journalism programs at U.S. public and private universities are accredited by the council. The department fully subscribes to ACEJMC's revised guidelines (2021) that substantial hours be taken outside journalism classes and department in order to create a curriculum that exposes students to "well-rounded liberal arts and science education" and maintain a "balance between professional skills and liberal arts and science."

Experiential learning is emphasized through a vibrant student media, hosted internships and coursework that include real-life assignments with commercial media. An internship at the Washington Center is offered to a select group of students in the fall semester of their senior year.

Students majoring in ***journalism*** should master the elements of written, oral and visual presentation of the news, as well as understand the First Amendment in a democracy and the ethical standards that accompany the gathering and distribution of news. This includes theory, history and concepts of journalism, as well as practical skills.

Classes in which journalism skills are taught and practiced are limited to 15 students. Classes that address reporting specialties such as ***public affairs***, ***business***, ***visual and sports journalism*** often have fewer students and are platform-agnostic. Through other courses, students are encouraged to use their enthusiasm for a subject, such as politics or the arts, in their assignments.

Through the skills classes emerges a portfolio, or body of work, that becomes the basis for graduates entering the job market. As part of their coursework, students produce professional-quality newscasts in the school's high-definition broadcast journalism studio and practice real-time journalism in the Department of Journalism Convergence Center. First-year students are encouraged to volunteer for student media.

Journalism professors and instructors have both academic credentials and professional experience. The faculty profiles include authors of highly acclaimed books and scholarly research, experienced industry specialists and professors of professional practice, tenured and tenured-track professors, communication journal editors, and editorial board members, Emmy Award winner, a lawyer and specialist on freedom of information issues. Full professors teach entry-level courses in the journalism major. We have a diverse faculty in terms of race, gender, and other fault lines.

Specialization in storytelling techniques is supported by faculty, but not before the future journalist is exposed to newsgathering skills across online, print and video platforms. This focus on cross-training is a distinction of the school.

Students must develop the ability to write clearly, distinctively and correctly. The first writing course, JOUR 10113, has a grammar/spelling/punctuation module that must be passed with a "C" or better before students can take any course for which JOUR 10113 is a prerequisite. Journalism majors and minors must make a C or better in any course that is a prerequisite for another journalism course before enrolling in the course for which the prerequisite is required. Skills courses must be taken sequentially.

No course applied to the student's major, minor or associated requirement may be taken on a pass/no-credit basis. Journalism courses taken in those sequences must be passed with "C" (2.0) or better to fulfill prerequisite requirements for any journalism course and for graduation requirements for the majors or minors. Note: A "C-" (1.67) does not meet that requirement.

Professional organizations that have chapters affiliated with the Department of Journalism include the Society of Professional Journalists (SPJ), National Association of Black Journalists (NABJ) and National Association of Hispanic Journalists (NAHJ). The department also has a chapter of Kappa Tau Alpha, the national honor society for journalism students.

Journalism majors are eligible for the endowed Jay Milner Distinguished Student Journalism Award for work in TCU student media, with amounts of up to $1,000.

Journalism majors are encouraged to complete their core journalism courses in their first year, especially those foundational courses which should be taken in the first semester i.e. JOUR 10113 (Media Writing and Editing) and JOUR 10203 (Introduction to Journalism).

Declaring Journalism as a Major

Incoming first-year and transfer students may declare journalism as a major upon entering the University. Students of sophomore standing or above who wish to declare a major offered by the Department of Journalism must have achieved a TCU cumulative GPA of 2.5 before they can declare a major inside the school. A journalism minor is offered through the school.

Honors College

Candidates for Departmental Honors should take JOUR 30003 their junior year and JOUR 40003 during the fall semester of their senior year.

Journalism Degrees

The Department of Journalism offers Bachelor of Arts and Bachelor of Science degrees in journalism.

Kinesiology Department

Kinesiology

The Department of Kinesiology offers programs of study designed to provide students with the educational background necessary for the pursuit of careers in a variety of movement-based professions. The Bachelor of Science degree is offered with majors in:

- Health and Fitness
- Movement Science
- Physical Education
- Physical Education with Strength and Conditioning
- Movement Science/MS Athletic Training (MOSC 3+2)

In addition, the department offers minors in coaching, movement science, health, physical education, exercise and sport psychology, and fitness. The department also offers a variety of activity (PEAC) courses.

The curriculum for each major comprises the following components:

I. Kinesiology core courses common to all majors (14 hours)

II. Foundation courses specific to each major (18-37 hours)

III. Emphasis courses (6-18 hours)

IV. Associated requirements intended to supplement the departmental courses (11-27 hours)

In addition to the major requirements, students must take core curriculum and elective courses to accumulate a minimum of 120 hours for the Bachelor of Science degree. The department emphasizes learning experiences beyond the classroom environment. Students are required and/or encouraged to participate in research, internships, clinical experiences and special projects that are arranged through academic advisers.

Honors College

KINE majors who plan to pursue Departmental Honors must be members of the Honors College and following approval from their KINE faculty mentor, should enroll in KINE40103 Seminar In Kinesiology Seminar in Kinesiology during the fall of their junior year. KINE30003 Junior Honors Research Junior Honors Research during spring of their junior year and KINE40003 Senior Honors Research Senior Honors Research during their senior year.

Departmental Policies

- Pass/No-Credit. No kinesiology core, foundations, emphasis or associated requirements courses may be taken on a P/NC basis.
- Grades and GPA. Students pursuing the health and fitness, movement science, physical education, and physical education with strength and conditioning majors must earn a minimum of a "C-" in all courses within the kinesiology core, foundations, emphasis and associated requirements areas of their major. In addition, in order to graduate with the BS degree in MOSC or HEFI, students must earn a minimum of a 2.5 GPA for all courses satisfying the kinesiology core foundations and emphasis areas of their major. Physical education and physical education with strength and conditioning majors must earn a minimum 2.75 overall GPA to remain in the major.
- Progression Policy. Once students pursuing a major in the Kinesiology Department have earned 54 hours toward the bachelor of science degree, to enroll in KINE or HLTH courses at the 30000 level or higher, they must have a minimum 2.5 cumulative and major GPA.

- Total Credit Hours. In addition to the major requirements, students must take core curriculum and elective courses to accumulate a minimum of 120 hours for the Bachelor of Science degree.
- Transfer Policy. All students may transfer up to four courses into TCU once attending TCU. For these four courses: any course considered university core, associated requirements (excluding science courses), or an elective can be taken at any accredited college/university approved through the transfer credit process. All KINE major coursework (KINE or HLTH prefix) must be taken at TCU.

Management & Leadership Department

Management

The management major offers a unique combination of specialization and generalization in the study of management and leadership. Nearly all activity in for-profit and nonprofit organizations involves some form of management, and most demands a leadership mindset for success. Whether it be managing people, money, information systems, raw materials, or finished products, managers are required to make decisions, bridge divergent perspectives, and communicate effectively; in short, they must exercise strong leadership and problem-solving skills on a daily basis. The management major provides opportunities to explore the range of skills employed by today's leaders, including strategic planning, conflict management, negotiation, team building, critical thinking, creative problem-solving, human capital management, international management, and organizational analysis and change. Career opportunities for those with strong management and leadership skills are among the most diverse because they are required in virtually all organizations. These capabilities also complement technical skills acquired in other functional areas

Marketing Department

Marketing

Diverse corporations in the telecommunications, financial, food service and manufacturing industries all have at least one thing in common. These sellers want to exchange their goods, services or ideas for something of value from buyers. Marketing begins at the moment an organization perceives an unmet need and progresses through productive development, promotion, distribution and pricing. Marketing research suggests that half the cost of most products and services can be attributed to marketing.

Master of Liberal Arts Department

Master of Liberal Arts

The Master of Liberal Arts program is designed to offer graduate- level education in the broad areas of liberal studies. It is a multidisciplinary, non-career oriented program that seeks to offer a wide range of educational opportunities to students of diverse educational backgrounds. The intent of the program is to make available to all college graduates an opportunity to satisfy their intellectual curiosity and to broaden their knowledge.

Application Procedures

A bachelor's degree from a regionally accredited college or university is required for admission. Applications for admission are available online at www.mla.tcu.edu.

The application is considered complete when the following are received
Completed application form (online)
One certified transcript mailed directly from the applicant's degree granting university to the Office of the Dean of AddRan College of Liberal Arts, TCU Box 297200, Fort Worth, TX 76129
A $60 application fee (Due at the time online application is submitted)

MLA Degree Requirements

The MLA degree requires successful completion of 30 hours of coursework. Only MLA courses will fulfill the requirements for the MLA degree. Twelve of the 30 hours must be in MLA courses designated as "Perspectives on Society." Courses so designated will relate a liberal arts discipline to a) issues of contemporary American society, b) issues of culture or cultural diversity in America, c) other world cultures and societies. No thesis is required. An average GPA of 2.75 is required for graduation. Graduate students pursuing their MLA degree are expected to complete all requirements within a period of five years from the date of the earliest credit to be counted toward that degree including transfer credit.

Online Program

The MLA Program offers courses that can be taken completely online. These courses are open to all MLA students. If students wish, they can complete the entire MLA Program exclusively online. No distinction is made between in-person courses and online courses in terms of degree requirements or in the actual granting of the degree.

Pass/No-Credit

At the election of the student, MLA courses can be taken on a pass/no-credit basis; however, no more than nine hours taken on a pass/no-credit basis will count toward the MLA degree.

Independent Study

Students may pursue travel/study courses by taking an independent study course under the supervision of an MLA instructor. In order to take an independent study course, a student must follow certain guidelines, which are available from the Office of the Dean of AddRan College of Liberal Arts. No more than six hours of independent study may count toward the degree.

Transfer Credit

Any request for transfer credit must be made on the appropriate form available in the Office of the Dean of AddRan College of Liberal Arts. An official transcript of the graduate work must be mailed from the registrar's office directly to TCU. Credit may be requested only for courses broad enough in content to meet the philosophic intent of the MLA Program. All requests are subject to approval by the MLA Advisory Committee. No more than six hours of transfer credit will be accepted. Courses, other than MLA, completed at TCU cannot be applied toward degree requirements.

MLA Courses

Courses in the MLA Program are offered on a rotating basis. Classes generally meet on weekday evenings; occasionally, day and Saturday classes are offered. MLA courses are also offered during the various summer terms. The Office of the Dean of AddRan College of Liberal Arts publishes course descriptions for each semester.

Programs

GRML-GND - Post Degree Master of Liberal Arts
MALA-MA - Master of Liberal Arts
MALA-MLA - Liberal Arts

Mathematics Department

Mathematics

Math is available as a major and a minor on both the BA and BS degrees.

Factors that determine a student's placement include:

- High school credits presented;
- Scores achieved in the SAT, ACT or other appropriate examination;
- Performance in advanced placement examinations. Advanced placement, with credit, is available for MATH10054 Precalculus with Trigonometry, MATH10524 Calculus I and MATH20524 Calculus II.

Students majoring in business ordinarily select from a MATH10273 Applied Precalculus / MATH10283 Applied Calculus or a MATH10054 Precalculus with Trigonometry / MATH10524 Calculus I sequence.

Credit will not be given for both MATH10273 Applied Precalculus and MATH10054 Precalculus with Trigonometry, or for both MATH10283 Applied Calculus and MATH10524 Calculus I.

The hours requirement of the mathematics majors and minors may be reduced with department permission if the student transfers credit for a course equivalent to a TCU Mathematics course taken at a college or university that awards fewer credits for the course than does TCU. For example, if the student is awarded transfer credit for Math 10524 from a college or university that awards 3 credit hours, then the department may allow a corresponding 1-hour reduction to the total posted required hours for the major or minor. At the department's discretion, such reductions may be accumulated to account for multiple transfer courses.

Honors College

Mathematics majors who plan to pursue Departmental Honors must earn a BS and be members of the Honors College. A minimum 3.5 GPA in the major is required. Students must pass MATH40000 Undergraduate Thesis with a C- or better. MATH30000 Honors Directed Research is recommended. Departmental Honors further require satisfactory presentation of thesis results to faculty.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Mathematics Affiliations

The department holds a charter for Texas Alpha Chapter of Pi Mu Epsilon, a national mathematics honor society, and the Gamma Xi Chapter of Gamma Iota Sigma, an international professional fraternity organized to promote, encourage, and sustain student interest in insurance, risk management, and actuarial science as professions.

Military Science Department

Military Science

Military science offers opportunities to develop confidence, self-esteem, and leadership and life skills to succeed in college and beyond. It is an academic curriculum that supplements a student's major and is designed to prepare qualified, high-potential students for service as commissioned officers in the U.S. Army and its Reserve components (the Army Reserve and Army National Guard).

The Military Science Program is composed of a two-year Basic Course, a two-year Advanced Course, and a four-week Advanced Camp summer program. Non-scholarship students enrolling in only first-year and sophomore-level classes incur no obligation to serve in the military after graduation.

Upon completion of the requirements for the baccalaureate or master's degree and military science training requirements, students are commissioned as second lieutenants.

Four-year, three-year and two-year programs are offered. Each program includes the option for qualified students to benefit from a full-tuition and mandatory fees scholarship, and TCU offers room and board grants for qualified ROTC scholarship winners.

Four-Year Program

The four-year program is divided into two portions, each consisting of four classes normally taken in sequence. The first is the Basic Course, which is usually completed during the first-year and sophomore years. The second portion of the four-year program is called the Advanced Course; it is normally completed during the junior and senior years. To enroll in the Advanced Course, students must:

- Successfully complete the Basic Course (or receive equivalent credit by attending the Cadet Command Basic Camp);
- Be of good moral character;
- Have a minimum of two years remaining as a full-time student;
- Have a minimum GPA of 2.0 and;
- Be physically qualified (medical & fitness);

A paid and highly adventurous four-week training session (Advanced Camp) between the junior and senior years is a critically important part of the Advanced Course. All Advanced Course students (both scholarship and non-scholarship) receive a monthly cash allowance while participating (full-time) in on-campus instruction. This allowance can be collected up to 10 months each year.

Two-Year Program

The two-year program is designed for students who either transfer into TCU or elect to begin pursuing a commission in the fall of their junior year. It includes a paid four-week summer training session between the sophomore and junior years and the Advanced Course described under the four-year program. Application for the two-year program is normally made during the second semester of the sophomore year. However, the two-year program is also open to juniors and seniors planning attendance at graduate school. The monthly cash allowance for students in the two-year program is the same as for other students in the Advanced Course. Numerous full tuition and fees scholarships are available for qualified two-year program applicants.

Military Science Scholarships

Four-year, three-year and two-year scholarships are available to qualified applicants. Scholarships are full tuition. Scholarships can be applied toward tuition and mandatory fees, and provide $1,200 per year for books. The scholarship also provides a cash stipend of $420 for each month the student participates in full-time on-campus instruction (limited to 10 months each year).

Four-Year Scholarships

High school students wishing to compete for a four-year scholarship should apply during the summer between their junior and senior years. Outstanding candidates can be notified of their selection as early as November of their senior year. Students who wait until their senior year to apply must apply early. Completed applications must be received at the evaluation center before February 4th of the student's senior year in high school.

Three-Year Scholarships

First-year students enrolled at TCU or students planning to transfer into TCU at the beginning of their sophomore year may apply for three-year scholarships. Students applying for the three-year scholarship must have at least 27 semester hours credit at the beginning of the sophomore year and meet the other specified eligibility criteria.

Two-Year Scholarships

Any student, presently enrolled or planning to transfer to TCU, who will have 54 semester hours completed by the beginning of the next fall semester may apply for a two-year scholarship. To validate their scholarships, recipients are required to satisfactorily complete a paid four-week summer training session (Basic Camp) prior to entering school in the fall semester.

Nursing Scholarships

The Army ROTC provides four and a half-, four-, three- and two-year scholarships for students interested in becoming officers in the U.S. Army Nurse Corps. Application forms and information about these scholarships may be obtained by calling 817.257.7455, or writing:

Department of Military Science

Texas Christian University

TCU Box 298910

Fort Worth 76129

Tuition Assistance

The Office of Scholarships and Student Financial Aid can provide further information.

Waivers

Part or all of the Basic Course may be waived for veterans with acceptable active duty service. Students that have completed four years of JROTC may receive a waiver for the Basic Course. Students transferring from a military academy or military junior college may also receive a waiver for the Basic Course.

MILS40063 - Advanced Leadership II

Modern Languages Department

Modern Languages

Majors are available in modern language studies with specializations in Chinese, French, German and Italian. Minors are also available in Chinese, French, German and Italian. Language study through the fourth semester is available in Arabic and Japanese.

Placement

Students with academic or life experience in a foreign language are urged to enroll at a level appropriate to their skills. In order to encourage students to enroll in a first course appropriate to their ability, TCU offers the following incentive-based placement policy:

Students whose first language class at TCU is beyond the first semester level may earn additional language credit (if credit has not already been awarded for transfer, CLEP or AP work) as follows:

- If the first foreign language class is at the second semester level and a grade of “B-” or higher is earned, as a reward for superior work, three semester hours credit will also be awarded for the first-semester course.
- If the first foreign language class is at the third semester level and a grade of “B-” or higher is earned, as a reward for superior work, six semester hours credit will also be awarded for the first and second semester courses.
- If the first foreign language class is at the fourth semester level and a grade of “B-” or higher is earned, as a reward for superior work, nine semester hours credit will also be awarded for the first, second and third semester courses.
- If the first foreign language class is beyond the fourth semester level (numbered 30000 or above) and a grade of “B-” or higher is earned, as a reward for superior work, nine semester hours credit will also be awarded for the second, third and fourth semester courses.

If the student takes a foreign language class at a level beyond the first one and earns a “C” or “D,” no additional credit will be awarded, but the student will be deemed to have satisfied the foreign language requirement of the University Core Requirements consistent with the level of the course passed. For example, if a student's first foreign language class at TCU is at the fourth semester level (20063), and the student earns a “C” as the final grade, the student will not receive additional credit, but will have satisfied the foreign language requirement at the sophomore level.

To determine proper placement level, students should consult with an adviser in the Department of Modern Language Studies and take the computerized CAPE examination, available through the department.

Additional credit may also be earned by means of exams administered by the College Board (AP or CLEP). Consult the TCU Credit by Exam booklet, available through the Office of Admission, for details. Note: Students entering the program at a certain level may not receive credit for coursework taken below that level.

Lower division courses taught in the target language are not open to heritage and native speakers. For upper-level courses, see individual course listings for specific limitations.

Resident Study Abroad

The Department of Modern Language Studies strongly supports study abroad. Department members lead summer study programs to France, Germany, Italy and Japan. Semester-long study abroad programs are available through TCU Global. For additional information, consult the department chair and the foreign study adviser. A maximum of nine credit hours transferred from study abroad programs may be counted towards the required language courses within the Modern Language Studies major or towards any departmental minor. Students may, however, apply additional study abroad credits to the required interdisciplinary course within the major.

Neeley School of Business Department

Neeley School of Business

The Neeley School of Business offers a program of study to prepare its students to contribute to the professional business world and the larger community. The Neeley School emphasizes a unified program of basic studies — humanities, social sciences, natural sciences, mathematics, economics and business. The concept of a balanced curriculum extends to the business studies. Although students may concentrate in a particular field, they all study the principles of accounting, business information systems, entrepreneurship and innovation, finance, management, marketing, and supply and value chain management.

A quality curriculum in business fundamentals is of the utmost importance to the Neeley School. The curriculum is developed and implemented by a faculty recognized as scholars and leaders in their respective fields. Regular input is provided by Neeley School corporate partners through advisory groups and frequent classroom visits by executives.

Additionally, the Neeley School seeks to provide its students with the distinctive competencies needed to lead in the business world: effective communication skills, the ability to utilize business technology, an understanding of the global nature of business, and a sense of the value of making ethical business decisions.

The Neeley School of Business is fully accredited in business and accounting by the Association to Advance Collegiate Schools of Business (AACSB International) at both the undergraduate and graduate levels.

Faculty

The men and women on the faculty represent an array of cultural backgrounds and bring to students a rich variety of academic training, teaching experience, research, consulting, scholarly publication, and business and community service. Several faculty members have authored widely used texts in the field of business.

Teaching is of primary importance; the most senior professors teach at both the undergraduate and graduate levels. Personal contact with students is encouraged through classes of moderate size. Through the use of audio and visual aids, conferences, business case analysis, software applications and organizational studies, instructional theory merges with practical and relevant situations.

Research is an important faculty activity. It enables faculty to stay in the forefront of their respective fields. Research activities feed back into the classroom to ensure that today's students will be prepared for the world as it is when they graduate and as it changes over their careers. Faculty research results have been published in many of the leading academic journals.

One of the real strengths of the Neeley School is its relationship with the business community. Numerous local, regional, national and international organizations make up a vast network of corporate partners that are committed to accomplishing the goals of the Neeley School. The Neeley School enjoys many benefits as a result of its corporate relationships, including internship opportunities, part-time and permanent job opportunities, scholarship support, classroom speakers and mentors.

Perhaps the most visible members of this network are the Neeley School's International Board of Visitors. This distinguished group of executives from across the globe provides valuable feedback and program support, serving as a vital link between the Neeley School and other corporate constituents.

International Initiatives

The globalization of today's business environment dictates that learning experiences can no longer be compartmentalized into "international" and "domestic" arenas. Consistent with this philosophy, the Neeley School incorporates a global perspective throughout the undergraduate curriculum. Whether the students are studying money and banking or sales management, they are challenged to consider the topic with an international perspective.

To achieve this goal, the Neeley School has developed relationships with universities in several countries. Through these relationships, faculty members from each institution are invited to participate in exchange opportunities, serving as guest lecturers in their area of expertise. New programs are in development that will offer students and faculty short-term reciprocal exchanges with partner institutions during the academic year.

The Neeley School believes that creating globally minded business leaders goes far beyond mastering the international perspective of business topics. True appreciation of the global environment requires cultural empathy, knowledge of a variety of languages, and political and geographical awareness. To this end, the Neeley School offers a global business minor. Through this program, dedicated students can earn the Bachelor of Business Administration (BBA) in the major of their choice with an additional global business minor on their transcript.

In order for students to think globally, they must become physically global. There is no substitute for experience. The Neeley School supports the many study-abroad opportunities available to TCU students. In addition, the Neeley School offers short-term intensive field seminars during spring break, May, June and July. The goal of these experiences is to expose Neeley School business students to the realities of the corporate environment in other countries. On-site tours and one-on-one interaction with executives from companies are included in these programs. These tours and interactions enable the programs to move beyond traditional classroom-based exchanges. Students are required to use local transportation and tour historic sites. Hundreds of Neeley School students and dozens of Neeley School faculty have had the opportunity to experience these unique study abroad programs.

Neeley Student Success Services

Through Neeley Student Success Services, the Neeley School offers a comprehensive four-year model supporting undergraduate accomplishment. Professional staff members are committed partners with faculty, other staff and the TCU community to help students achieve in every aspect of the college experience. Neeley Student Success Services provides a range of resources from the time a student is a prospect through graduation. Our responsibility is to promote growth and development by helping students assess their interests and abilities, identify educational goals, and formulate short-term and long-term plans to meet those goals.

The mission of Neeley Student Success Services is to ensure that our students' academic plan is aligned with their career and professional development plans. It is through this alignment that Neeley students realize their full potential. Neeley Student Success Services integrates the core services of undergraduate student development, including the Neeley Academic Advising Center, the Alcon Career Center, the Neeley Professional Development Center and Neeley Premier Programs.

Neeley School Special Awards

The Neeley Heritage Scholarship. The Neeley Heritage Scholarship was established to honor the many contributions of Neeley alumni, faculty and staff, who have worked together over the years to create a premier business education experience. The Neeley Heritage Scholarship is used to recruit and reward outstanding students to the Neeley School, based on academic excellence and leadership potential or accomplishments. Students receiving a Neeley Heritage Scholarship must continue as business majors and maintain and academic and/or leadership record worthy of recognition.

The Neeley Promise Award for Leadership and Innovation. This award recognizes an undergraduate student who exemplifies the Neeley Promise by exhibiting ethical leadership, innovation; and positivity; thus bringing honor to the Neeley School of Business.

Accounting. For students in accounting, the Accounting Excellence Award and the Education Foundation Scholarship of the Texas Society of Certified Public Accountants are awarded to outstanding undergraduate or Master of Accounting students. The Henry Key Award for Distinguished Service recognizes outstanding service to the Accounting Department and is granted each spring to outstanding graduating seniors. The Robin Elisa Boyer Memorial Scholarship and the Robert Schumacher Scholarship are awarded annually to seniors entering the Master of Accounting (MAc) Program. Seniors are also eligible for the Senior Accounting Scholar Award. Outstanding junior accounting majors may be granted the Junior Accounting Award or the Petroleum Accountants Society Award.

Information Systems and Supply Chain Management. The Department of Information Systems and Supply Chain Management presents awards to senior scholars in business information systems and supply and value chain management. In addition, the Business Information Systems (BIS) Program grants awards to outstanding BIS majors. These awards include the Accenture Business Information Systems Professors' Award; Mary Kay, Inc. Technology Award; The InSource Group's Outstanding Student Award; and the Society for Information Management Scholarship Awards.

Awards in the area of supply and value chain management include the Supply and Value Chain Professors' Award, Supply and Value Chain Center Outstanding Student Award, CSCMP Annual Conference Scholarship Award, and Fort Worth Institute for Supply Management Scholarship Award.

Management The department of Management presents several awards annually, including; the Senior Scholar Award, based on highest GPA; . the Outstanding Student in Management and Leadership Award, for a student who represents the best in the department; the Excellence in Leadership Award, for a student who has demonstrated outstanding leadership qualities; the Rob Rhodes Critical Thinker Award, for a student who has demonstrated excellence in critical thinking to solve difficult problems; the Strategic Thinker Award, for a student who has demonstrated excellence in strategic thinking to solve organizational level problems; the Teaming Award, for a student that has consistently been a stellar team member or team leader; the Polymath Award, for an undergraduate business student who demonstrates intellectual curiosity through excellence in and integration of a creative, academic and/or professional pursuit outside of traditional disciplines.

Marketing. The Department of Marketing grants eight awards annually to outstanding students: Marketing Senior Scholar Award (highest GPA), Outstanding Marketing Student Award (best overall marketing student), Sales Management Award, the Earl Dyess Award, the International Marketing Scholar Award, the DSS Research Marketing Research Award (to a student with a strong interest in marketing research) and the Department of Marketing Excellence Award (student contribution to the field of marketing). Additionally, the TCU chapter of the American Marketing Association sponsors an award for students who demonstrate marketing leadership skills.

Finance. The Department of Finance presents several awards annually to outstanding finance majors, including The Wall Street Journal Achievement Award to a senior who demonstrates an uncommon aptitude in investments. The Fort Worth Mortgage Bankers Association Award goes to a senior pursuing a career in real estate. The Outstanding Educational Investment Fund Student Award recognizes outstanding service and performance as a student member of the Educational Investment Fund during the past academic year. The Finance High Achievement Award is presented to a finance student, and the Senior Scholar Award is presented to a senior finance major for academic excellence. Other awards: Real Estate Club award, awarded to a TCU Real Estate Club member who exemplifies scholarship, leadership and dedication to the organization; the David B. Hendricks II Memorial Scholarship, to an outstanding finance major with an emphasis in real estate; the Lockheed Martin TCU FMA Award, to an FMA

member who exemplifies scholarship and commitment to the mission of the TCU Financial Management Association; Luther King Capital Management Center for Financial Studies scholarships, to junior finance majors for exemplary academic performance, community service and excellent character; the Meredith Fraker Thompson Memorial Scholarship in Finance, to two junior finance majors for academic excellence; and internship opportunities with LKCM.

Awards given by student groups include the Delta Sigma Pi Scholarship Key.

Neeley School Academic Policies

Admission to Neeley School and Advancement to Discipline Specific Major

- *First-year students.* The TCU Office of Admission makes the decisions on all first-year applicants. To be considered for admission, students must indicate business as their primary area of interest on the admission application. Students who are granted regular admission to the University as business must complete additional requirements to be considered for advancement to one of the six business majors.
- *External transfers.* The TCU Office of Admission makes the decisions on all transfer applicants. Students seeking to transfer to TCU from another institution should indicate business as their primary area of interest on the admission application. To be considered for admission as business transfer students from a four-year university, students should have a minimum 3.0 transfer GPA. Community college transfer applicants should have a minimum 3.25 transfer GPA to be considered. Transfer students admitted as business must meet additional requirements to advance to upper-division courses.
- *Internal transfers.* An internal transfer student is one who is enrolled in another degree program at TCU. Students who wish to change their major to business must submit an application to the Neeley Academic Advising Center in the spring semester of their first yeto be considered for admission as business the following fall. Admission decisions are made by the Neeley School at the end of each academic year. Admission is highly competitive and space is limited. A student with a GPA of less than 3.25 is unlikely to be admitted. Internal transfer students who are accepted as business must meet all additional Neeley School requirements to be considered for advancement into a discipline specific major.

Additional Neeley School Requirements

Students entering TCU as business majors must complete a minimum of 24 credit hours in the first year at TCU and have a minimum 2.75 GPA and demonstrate computer skills competency by achieving Microsoft Specialist Certification in PowerPoint and Excel at the basic level in order to continue as business students beyond the first year. In addition, business students must complete the following courses in the first year: 0096531 - Missing course; ECON10223 Intro Microeconomics, ECON10233 Intro Macroeconomics; ENGL10803 Intro Comp:Writing as Inquiry; and either MATH10283 Applied Calculus; or MATH10524 Calculus I; one TCU Core Curriculum requirement; or others as recommended by an adviser. Students will typically declare a major in their sophomore year.

To advance into a specific major in the Neeley School students must:

- Have successfully completed all first-year requirements listed above
- Have a minimum cumulative GPA of 3.00
- Have a lower division GPA of at least a 2.75
- Have completed or be enrolled in all of the lower division requirements

Students who do not meet the minimum requirements to advance in a major within the Neeley School once they have completed all of the lower division requirements may be dismissed for lack of progress.

Academic Advising

All business students in the Neeley School are assigned an academic advisor by the Neeley Academic Advising Center. The center is open daily to answer the questions of all prospective and continuing students in the school. The Neeley Academic Advising Center coordinates advising, monitors academic progress of students, receives academic appeals, processes all transfer coursework, handles the changing of majors within the Neeley School, works with CLEP Test applications, directs study abroad procedures and Neeley School international programs, and audits intent to graduate forms for graduating business majors. In addition, the Neeley Academic Advising Center coordinates the admission process to the Neeley School.

Pass/No-Credit Policy

Students in the Neeley School of Business may not take any course in the Neeley School on the P/NC basis.

Business students or business majors may take up to 6 semester hours of courses on a pass/no-credit basis. However, no lower-division business core course, including ECON 20223, ECON10233 Intro Macroeconomics, ENGL10803 Intro Comp:Writing as Inquiry and MATH10283 Applied Calculus or upper-division business courses (30000-40000) may be taken as P/NC, unless the course is taught only on a P/NC basis.

Course Prerequisites

Course prerequisites include admission to the Neeley School as a business major, class standing, previous coursework, demonstrated computer skills competency, grades in previous coursework, and/or permission of the instructor. All course prerequisites should be observed and followed when enrolling in a course. The ultimate responsibility for knowing the prerequisite for a course lies with the student and is noted in this catalog. Course prerequisites are noted in the courses of business course descriptions section of this catalog and are listed at www.reg.tcu.edu.

Transfer Policies

Continuing TCU students will sometimes take courses at other institutions and then transfer those credits to TCU. TCU requires prior written approval of the Neeley Academic Advising Center to take courses at another school for application to a student's BBA degree. Course credit will not be transferred into the Neeley School if prior approval by the Neeley Academic Advising Center has not been obtained.

- No more than 4 courses up to 16 total semester hours (except those earned in an approved study abroad program) may be transferred from other institutions once a student enrolls at TCU.
- No credit may be transferred from a community college once a student has begun course work in their business major.
- For business students and declared majors, all business lower-division sequence requirements courses, upper-division business core and major course requirements must be taken at TCU.

Non-Availability of Evening Program

Although the Neeley School does offer some courses in the evening, an evening-only program is not available. Students wanting to take only evening courses should be aware that all required courses may not be offered during the evening.

Certification for Business Teaching

The Neeley School of Business cooperates with the College of Education by offering business courses for the academic specialization requirements for certification of high school business teachers. More information is available through the College of Education.

Academic Appeal Process

A student seeking an exception from any policy stated in the Neeley School of Business section of this catalog should submit a formal appeal to the assistant dean of undergraduate programs for consideration. The Neeley School regards the appeal to be a professional communication and will review it based on that expectation. Contact the Neeley Academic Advising Center for more information regarding the appeal process.

Neeley School Student Organizations

American Marketing Association

The TCU Collegiate Chapter of the American Marketing Association is open to all students. The club helps bridge the gap between marketing theory and practice. It meets every other week, bringing in top companies and recruiters as speakers.

Association of Latino Professionals for America

The TCU Chapter of Alpfa helps to empower and develop Latino men and women as leaders of character for the nation, in very sector of the global economy. ALPFA develops the next generation of Latino professionals via experiential leadership development and mentoring from senior corporate executives, whom we empower into the C-suite and onto corporate boards.

Beta Gamma Sigma

This national honor society for business students rewards scholarship and accomplishment among students, promotes education in business, and fosters integrity in the conduct of business operations. Only the top 7 percent of juniors and the top 10 percent of seniors based on academic performance are invited to join.

Delta Sigma Pi

TCU's chapter of this international fraternity strives to strengthen ties between the business world and the student. Its objectives are to promote a higher standard of business ethics and to further the civic and commercial welfare of the community. The chapter takes field trips to industries and sponsors speakers and panels.

Entrepreneurship Club at TCU

The Entrepreneurship Club at TCU empowers students through leadership training, professional development and commitment to the discipline of entrepreneurship. There are on-campus chapter meetings, interesting guest speakers, social gatherings and a monthly newsletter. Students may attend the national conference and participate in a new business idea competition.

National Association of Black Accountants

The National Association of Black Accountants (NABA, Inc.), is a nonprofit membership association dedicated to bridging the opportunity gap for black professional in the accounting, finance and related business professions. Representing more than 200,000 black professionals in these fields, NABA advances it's mission by providing education, resources, and meaningful career connections to both professional and student members.

Financial Management Association

For students with an interest in finance and related fields, the Financial Management Association provides a means of obtaining career information and access to business executives and faculty.

Neeley Fellows Student Organization (NFSO)

This organization is designed to help Neeley Fellows achieve their full potential in the Neeley Fellows Program by creating a vibrant community of committed students, faculty members, alumni, parents, corporate partners and nonprofit organizations, while accelerating the Neeley School’s connection with the business community.

Neeley Women’s Business Network

The Neeley Women's Business Network is a student-led organization that provides the skills necessary to succeed in today's rapidly changing business environment. It develops the potential of young women through mentorship and community service.

TCU Real Estate Club

This organization is a primary source for networking education and career advancement in the field of real estate.

Veterans in Business and Entrepreneurship (VIBE)

The purpose of VIBE is to increase the academic and professional success of business and entrepreneurial-minded veteran and military-affiliated students, within the Neeley School and the greater TCU community.

Nursing Department

Nursing

The Harris College, Nursing, enabled by a trust fund established by the late Dr. Charles Houston Harris, was organized as an academic unit of TCU in 1946. The nursing program is accredited by the Texas Board of Nursing (BON), P.O. Box 430, Austin, TX 78767-0430; 512.305.7400. Graduates are eligible to sit for the examination for licensure as a registered nurse (R.N.) in Texas or any other state in the United States. Successful completion of the National Council Licensure Examination (NCLEX) in one state qualifies graduates to apply for licensure in any other state. Harris College, Nursing, achieved national accreditation in 1952 and has remained accredited since that time. In addition to the BON accreditation, the program is accredited by the Commission on Collegiate Nursing Education (CCNE),655 K Street NW, Suite 750, Washington, D.C. 20001 (http://ccneaccreditation.org)

In compliance with the policy of the Texas Board of Nursing (BON), all applicants are informed that completion of the BSN degree offered through Harris College does not guarantee eligibility for the registered nurse licensure examination. Professional character is necessary for an individual to conform to the requirements of the Nurse Practice Act. Individuals should seek special advising prior to enrolling in any professional nursing program in Texas if they have a personal history involving conditions that may endanger the health and safety of a person. Such conditions include but are not limited to a felony conviction involving acts likely to affect professional practice; a misdemeanor conviction involving moral turpitude; or physical or mental disability/illness, including prior or continued drug or alcohol abuse that influences the ability to practice professional nursing. (Texas Board of Nursing, excerpts from the *Rules and Regulations Relating to Professional Nurse Education, Licensure, Peer Assistance and Practice, Texas Administrative Code*, Title 22, Part 11, Chapters 215 and 217). Clinical facilities in the Dallas-Fort Worth area require criminal background checks and drug screenings of students. A positive drug screen or criminal background may prevent the student from practicum course enrollment or completion. Further licensure information is available at:

Office of the Director, Undergraduate Nursing

TCU Nursing

Texas Christian University

TCU Box 298620

Fort Worth, TX 76129

In compliance with the Americans with Disabilities Act (ADA), a description of the abilities required for admission to and completion of the BSN curriculum is available upon request from the Director, Undergraduate Nursing

Nursing Program of Study

The Nursing program is designed to meet the needs of those interested in obtaining the Bachelor of Science in Nursing (BSN).

Mission

TCU Nursing is dedicated to professional nursing education based on a foundation of liberal arts, sciences, and humanities, and to the promotion of an environment that encourages lifelong learning.

TCU Nursing further affirms to enhance the human condition by preparing graduates who think and practice as ethical leaders, and advance knowledge of health and human development within the global community. The Nursing program is designed to meet the needs of those interested in obtaining a Bachelor of Science in Nursing degree, Masters of Science in Nursing and Doctor of Nursing Practice degree, a Post-Graduate certificate, and a Post-Graduate APRN Certificate.

The Program endorses the Mission, Vision and Core Values of Texas Christian University.

TCU Nursing Vision

To advance the health of all.

TCU Nursing Mission

To lead nursing education, practice and scholarship.

TCU Nursing Values

Collaboration

Human Dignity

Innovation

Integrity

Social Justice

Baccalaureate Nursing Program Outcomes

- Exemplify professionalism congruent with nursing and the mission and values of TCU and TCU Nursing
- Safely meet the health needs of individuals, families, population, and communities across the lifespan using evidence-based practice
- Exhibit effective communication, teamwork, and collaboration within systems
- Use information and communication technologies to inform clinical reasoning and judgement
- Assume accountability for personal, professional, and leadership development

Nursing Degrees

TCU offers the Bachelor of Science in Nursing (BSN).

Nursing Major Admission

Prior to beginning nursing coursework, each student must complete the criminal background check as required by the Texas Board of Nursing (BON) and submit proof of eligibility to take the NCLEX. Four pieces of documentation are accepted:

1. Blue postcard from the BON stating that the criminal background check is clear
2. An Operations Outcome Letter
3. An Enforcement Outcome Letter
4. An Eligibility order from the BON

Students may take the TEAS test one time in a 12-month period. Students whose scores are invalidated due to misconduct during the TEAS test

- have the opportunity to appeal the decision through ATI
- may be found in violation of the TCU Academic Conduct Policy and be sanctioned according to the policy https://deanofstudents.tcu.edu/student-handbook/academic-policies/academic-conduct-policy/
- will not be eligible to begin nursing coursework until the 12-month period ends and the TEAS is taken a second time
- will be re-evaluated for admission into nursing upon submission of the second TEAS test results.

TCU Continuing Students (entered TCU as a first-year student; major-nursing)

Continuing TCU nursing majors should submit an intent to enroll in first nursing courses by Oct. 1 for the spring semester and Feb. 1 for the fall semester.

Students who enter TCU as a first-year nursing major are scheduled to begin the five-semester nursing sequence during their fourth semester at TCU. Any student wishing to begin the five-semester nursing sequence earlier must notify the Harris Academic Resource Center (HARC) by October 1 of their first-year.

Incoming First Year Students not designated as NURS (about to enter TCU as a first-year student; non-nursing)

An incoming first-year student who is not classified as NURS may at First Year Orientation state their desire to change their major to NURS. If there is space available, students will work with members of the Harris Academic Resource Center (HARC) to create an academic plan and change their major. Students in this category are not guaranteed to graduate in four years.

Change of Major Students (entered TCU as a first-year student; major other than nursing)

A TCU student may change to the nursing major after completing two semesters of coursework at TCU and maintains a 2.5 TCU cumulative GPA. It is strongly recommended that the change of major be completed as soon as possible, but at least one semester prior to the first semester of nursing courses. Change of major requests must be completed by April 1. Students who enter nursing after the first semester of their first-year year may only begin the nursing program during a fall semester and will be on a 4 1/2 year plan of study or longer depending upon when the change of major occurred. Students wishing to change into the nursing major are strongly encouraged to attend a Change of Major Workshop. Workshops are held in March and October.

Transfer Students coming to TCU to complete nursing prerequisite coursework (out of high school at least one full semester, completed college or university work elsewhere for credit, coming to TCU to complete coursework and begin the nursing sequence)

Students who have completed college or university credit and want to come to TCU to complete prerequsite nursing coursework or TCU core then begin nursing need to apply to TCU through Transfer Admissions. If accepted, students will work with advisors in the Harris Academic Resource Center to create a plan of study. Students should expect to begin nursing coursework in a fall semester.

Transfer Students (out of high school at least one full semester and attempted college or university work elsewhere for credit and come to TCU to begin nursing coursework)

Transfer applicants planning to come to TCU to begin nursing do not need to apply through Transfer Admissions. Students apply through Nursing CAS (Centralized Application Service for Nursing Programs). The deadline for application for initial entry into nursing courses by transfer students is Feb. 1 to begin class in the fall semester. Test of Essential Academic Skills (TEAS) entrance examination scores are required with the application. Transfer applicants are advised to contact the Harris Academic Resource Center (HARC) as early as possible in the application process.

The number of transfer students admitted directly into nursing courses is determined by the availability of faculty, facilities and the number of qualified continuing and change of major TCU students. Selection of transfer students for initial entry into nursing courses is based on indicators of the applicant's likelihood of success in the program and in professional practice.

Any transfer students who was enrolled in another nursing program may apply to become a nursing major at TCU if they were in good standing with the University and the nursing program at the time they left the program. All transfer student applicants who have been previously enrolled in a nursing program must submit a letter from the dean or director of that program indicating eligibility status for readmission. If a transfer student is unable to obtain a letter stating they are in good standing with their previous program, the student will be eligible to apply to TCU Nursing three years after leaving their previous program.

Additional Bachelor Degrees

A student with a previous undergraduate degree from TCU must meet the same enrollment requirements as other TCU students. A student with a bachelor's degree from another university is considered a transfer student.

Accelerated BSN

TCU Nursing offers an accelerated BSN track. Applicants with a bachelor's degree must have a GPA of 2.5 or higher in their first degree or science and math prerequisites. Applicants without a bachelor's degree, including current TCU students with declared major other than nursing, must have a GPA of 2.5 or higher in their current coursework or science and math prerequisites. The 17-month course of study is full time with coursework beginning in August of each year with courses in the summer term. Admission is competitive based on academic record (3.0 science and math GPA preferred), entrance exam scores and completion of all prerequisite courses and core curriculum. Students must also comply with other admission requirements listed above. Those interested should contact TCU Nursing for admission requirements unique to this track.

Nursing Re-enrollment

A student who has been a nursing major and leaves TCU for a leave of absence must apply for re-enrollment after an absence of a full fall or spring semester. If the student meets enrollment criteria, the Office of the Registrar will contact TCU Nursing to receive approval for the student to re-enroll as a nursing major. The student must meet the requirements for graduation based on the published TCU catalog at the time of re-entry into the nursing major. Re-entering students may be required to pass comprehensive mastery exam(s). Re-enrollment is dependent on clinical space availability in practicum courses.

Readmission to Nursing

If a student is dismissed from nursing due to failure to progress, they may reapply to the nursing program after three years. If accepted into the nursing program, the student will enroll in the traditional track starting with NURS 20000 level courses. If a student is dismissed from nursing due to academic misconduct or ethical violations, the student is not eligible to reapply.

Nursing Major Progression Policies (after enrollment in nursing coursework)

Students must have a TCU cumulative GPA of 2.5 to progress to the next semester of coursework and each semester must be completed prior to progression into the next semesters courses.

Students may repeat one nursing course if less than a "C" or a no-credit (NC) grade is earned.

Students are discontinued from the major if grades of "C-", "D," "F" or "NC" are earned in two or more nursing courses (excluding NURS 10303).

A “C” grade is obtained by earning a 73%. Students are responsible for knowing how to obtain a minimum of a 73% in nursing coursework. Some classes require a 73% test average in order to receive quiz, project, or participation points. Information about grading is found in the course syllabus.

All nursing coursework must be taken and re-taken at TCU. The exception is NURS10303 Human Development Human Growth and Development (prerequisite) and NURS20363 Pathophysiology Pathophysiology. These courses may be transferred into TCU if taken prior to beginning the nursing program or if taken in the summer. NURS20363 Pathophysiology may not be taken over a winter term unless offered by TCU.

Students may be discontinued from the nursing major if there is not consistent progress towards program completion.

Students may be discontinued from the nursing major if their academic, practicum or personal performance is determined to be inconsistent with professional responsibility and accountability. In rare instances, the safety of patients may necessitate removing a student from a practicum and/or the nursing program. Faculty members are responsible for recommending this action in writing to the Director, Undergraduate Nursing.

As a minimum requirement for participating in a practicum, a student's performance must be in compliance with *Nursing Scope and Standards of Practice* published by the ANA, and the Texas Board of Nursing Rules and Regulations, including "not accepting an assignment when one's physical or emotional condition prevents the safe and effective delivery of care." When in the opinion of the instructor a student is not prepared for the educational activity or is in violation of these rules for any reason- including but not limited to, impairment by reasons of alcohol and/or drug abuse- the student is dismissed from practicum for the day. The instructor may recommend further action to the Director, Undergraduate Nursing.

Dropping Nursing Classes

Students have increased opportunities for success in a nursing program when learning is supported by the associated clinical. The below courses are intended to enhance the content of one another therefore a student who is dropping a class, practicum, clinical, or simulation course will drop all associated courses related to that topic. Elective and nursing preparatory courses (NURS10303 Human Development) are exempt from this policy. Students are required to meet with the Director, Undergraduate Nursing prior to dropping/withdrawing from course work. See the list of associated courses below.

- NURS20263 Health Assessment:Concepts and NURS20272 Nrsg Skills Pract 1
- NURS30263 Foundations Nrsg Care Concepts, NURS30182 Foundations Nrsg Care Clinical ,and NURS30171 Nursing Skills Practicum 2
- NURS30563 Adults Hlth Alts I: Concepts, NURS30582 Adults Hlth Alts I: Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS30663 Behavioral Hlth Nrsg Concepts, NURS30682 Behavioral Hlth Nrsg Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS40563 Adults Hlth Alts II: Concepts, NURS40582 Adults Hlth Alts II: Clinical, and NURS40672 Clinical Reasoning Sim II

- NURS40663 Maternal Chld Fam Nrsg Cncpts, NURS40682 Maternal,Chld Fam Nrsg Clin, and NURS40672 Clinical Reasoning Sim II
- NURS40763 Leadership Nursing Practice, NURS40783 Transition Practice: Clinical, and NURS40871 Clinical Reasoning in Sim
- NURS40863 Public Health Nrsg: Concepts and NURS40882 Public Health Nrsg: Clinical

Retaking Nursing Classes

Students have increased opportunities for success in a nursing program when learning is supported by the associated clinical and/or practicum courses. TCU Nursing faculty support this practice. The below courses are intended to enhance the content of one another therefore a student who is retaking a class, practicum, clinical, or simulation course due to not meeting the passing standards will retake all associated courses related to that topic. See the list of associated courses below.

- NURS20263 Health Assessment:Concepts and NURS20272 Nrsg Skills Pract 1
- NURS30263 Foundations Nrsg Care Concepts, NURS30182 Foundations Nrsg Care Clinical ,and NURS30171 Nursing Skills Practicum 2
- NURS30563 Adults Hlth Alts I: Concepts, NURS30582 Adults Hlth Alts I: Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS30663 Behavioral Hlth Nrsg Concepts, NURS30682 Behavioral Hlth Nrsg Clinical ,and NURS30671 Clinical Reasoning Sim I
- NURS40563 Adults Hlth Alts II: Concepts, NURS40582 Adults Hlth Alts II: Clinical, and NURS40672 Clinical Reasoning Sim II
- NURS40663 Maternal Chld Fam Nrsg Cncpts, NURS40682 Maternal,Chld Fam Nrsg Clin, and NURS40672 Clinical Reasoning Sim II
- NURS40763 Leadership Nursing Practice, NURS40783 Transition Practice: Clinical, and NURS40871 Clinical Reasoning in Sim
- NURS40863 Public Health Nrsg: Concepts and NURS40882 Public Health Nrsg: Clinical

Students may not retake a course after earning a passing grade for grade replacement.

Requirements for Graduation

For the Bachelor of Science in Nursing, a student must have:

- 2.5 cumulative GPA for all coursework completed at TCU
- Completed 120 credits including all nursing courses required for the major
- All nursing coursework must have a grade of "C" or higher or "P" if a pass/no credit class
- Completed all core curriculum requirements

Multiple Majors

Nursing students, with the approval of appropriate academic deans, may pursue an additional major concurrent with nursing. Such students must declare nursing as the first major and complete all degree requirements for both nursing and the additional major. Students interested in this option are encouraged to meet with advisers from both majors to develop an academic plan.

Computer Requirement

For all computer-based assessments, students are required to bring a Windows or Apple laptop that meets the software requirements of TCU's learning management system.

Fees and Other Expenses

Each clinical course carries an additional fee. Fees are charged for testing and academic resources per semester. All students planning licensure as a registered nurse in Texas are required to submit the required fee directly to the Board of Nursing and to the national company which administers the test during the last semester of nursing coursework. Purchase of uniforms at the TCU bookstore is required. Professional liability insurance is required each year the student is enrolled in practicum coursework. Students are responsible for the cost of the urine drug screen and the criminal background check.

Transportation

Limited city bus service is available for transportation to some practicum facilities. Plans should be made for the use of a car, ride share or carpool beginning with the first practicum nursing course.

Employment

Students may be employed on or off campus, as opportunities are available and as the course load and schedule permits. Work schedules should allow sufficient time for study. Because nursing is a demanding academic major, students are cautioned to carefully balance the number of work hours with course requirements. Students employed in clinical agencies may not wear the TCU Nursing name tag or uniform during such employment. Students who are employed in a clinical setting must not sign their names as nursing students.

Health Professions Learning Center

The Health Professions Learning Center in the Annie Richardson Bass Building is available to nursing students to enhance independent learning and as a simulation and basic care lab for mastering clinical skills. In the Learning Center, students become active participants in an environment that facilitates both individual and small-group learning situations.

Testing Program

Students are required throughout the program to complete computer-based standardized assessments. Results provide a basis for review of individual achievement as well as program effectiveness.

Honors College

Nursing majors who plan to pursue departmental honors must be members of the Honors College and are advised carefully for such achievement. TCU Nursing supports and encourages participation in the Honors College.

Nursing Scholarships and Grants

A variety of scholarships and grants are available once students begin nursing coursework. Applications are made through the Office of Scholarships and Student Financial Aid.

Nursing Student Organization

The Texas Nursing Student Association and the National Student Nurses' Association provide opportunities to participate in local, state and national affairs. These organizations focus on the opportunities to participate in local, state, e roll of nurses within the community, and the future of the nursing profession. Meetings take place throughout the semester, locally and regionally.

Sigma Theta Tau International

Since 1970 the Beta Alpha Chapter of the International Honor Society for Nursing, Sigma Theta Tau, has selected members based on academic merit. Qualified students are invited to join during their junior or senior years.

Chi Eta Phi Sorority

Chi Eta Phi Sorority, Inc. is a national organization of registered professional nurses and nursing students. The organization serves to develop nursing leaders, encourage continuing education, and serve the community. All undergraduate nursing students are eligible to apply. Members are actively engaged in events on campus and in the community.

Nutritional Sciences Department

Nutritional Sciences

Nutritional sciences is available as a major on the BS degree and a minor on both the BS and BA degrees. The four degree options:

- Combined BS/MS in Dietetics
- Didactic Program in Dietetics
- Nutrition
- Food Management

All BS degrees in nutritional sciences follow the TCU Core Curriculum requirements for the College of Science & Engineering.

Honors College

Nutritional sciences majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in NTDT30001 Honors Seminar during their junior year and NTDT40001 Senior Honors Research their senior year.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Nutritional Sciences Affiliations

Students who demonstrate high scholarship are eligible for membership in the Beta Zeta chapter of Phi Upsilon Omicron, national honor society. The department also sponsors a chapter of the Texas Student Dietetic Association (SNDA). All NTDT majors are encouraged to join the Academy of Nutrition and Dietetics as well as the state and local chapters. The TCU Food Recovery Network (FRN) is a student organization housed in the Department of Nutritional Sciences. FRN membership is open to any student on campus. NTDT majors are encouraged to join.

NTDT55353 - Experimental Food Science
NTDT55363 - Community Nutrition and Public Health
NTDT55973 - Nutritional Sciences Seminar

Philosophy Department

Philosophy

Philosophy is available as a major on the BA and BS degrees and as a minor on both the BA and BS degrees. Philosophy is the systematic study of fundamental life issues. It deals with the application of logical reasoning to topics such as human nature, ethics, mind and knowledge. Students who study philosophy have the opportunity to acquire superior skills of logical analysis, argumentation, and written and oral expression. Although approaching these issues with the rigors of the philosophical method is both new and challenging to beginning students, most of those who study philosophy usually find the experience both interesting and rewarding. They also take with them numerous lessons from their studies that enable them to live in a way that is both more successful and fulfilling.

Honors College

Philosophy majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in PHIL 30003 during their junior year and PHIL 40000 the fall semester of their senior year. (PHIL 30003 may be included in the 24 semester hours required for the major, but PHIL 40000 may not.)

Physics Department

Physics & Astronomy

Physics and astronomy are available as a major or minor on both the BA and BS degrees.

Honors College

Physics and astronomy majors who plan to pursue Departmental Honors must be enrolled in the Honors College. Students should take PHYS30003 Junior Honors Research their junior year and PHYS40003 Senior Honors Resch their senior year.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Dual Credit

Students may not earn credit for PHYS20475 Physics I for Majors/PHYS20485 Physics II for Majors and PHYS20474 Physics I with Lab: Mechanics/PHYS20484 Physics II with Lab and/or PHYS10154 General Physics I with Lab/PHYS10164 General Physics II with Lab. Only one of these pairings will count as credit towards the degree.

Physics & Astronomy Honor Societies

The department sponsors Sigma Pi Sigma, the national honor society in physics.

PHYS50970 - Special Problems in Physics

Political Science Department

Political Science

Political science is available as a major and a minor on both the BA and BS degrees. The Department of Political Science offers course concentration in the following seven sub-fields:

- American Politics
- Political Theory
- International Politics
- Comparative Politics
- Public Law
- Research Methods
- Public Affairs Internships

Honors College

Political science majors seeking to achieve departmental honors must be members of the Honors College and complete the following courses:

POSC 20093

POSC 40001

POSC 40003

POSC 30003 (or POSC 40093)

Please note that students must complete POSC 20093 prior to enrolling in POSC 40001, which in turn must be completed prior to POSC 40003.

A suggested timeline for completing the sequence might be:

Spring of sophomore year or Fall of junior year: POSC 20093

Spring of junior year: POSC 30003 (or POSC 40093) AND POSC 40001

Fall of senior year: POSC 40003

Spring of senior year: Graduate with Departmental Honors

Political Science Honor Society

The department sponsors the Beta Lambda Chapter of Pi Sigma Alpha, national honor society in political science. Membership requires completion of a minimum of 10 semester hours of political science (at least 6 in regular classroom courses on TCU's campus and at least 3 advanced, i.e., 30000 level or above), at least a 3.0 GPA in political science courses and at least a 3.5 GPA overall. Applicants need not be a political science major or minor. Washington Internship Program

TCU is affiliated with the Washington Center, which provides placements, supervision and housing for students who seek a professional experience in a public or private organization in the nation's capital. Students selected for the program must have a minimum GPA of 3.0 and must return to TCU for at least one semester after the internship. Students apply each fall, a year in advance of their internship, and must attend a non-credit preparatory seminar in the spring. Up to 15 hours of credit may be earned through this program, which is multidisciplinary and available to students in any major field.

POSC40983 - Career Development Practicum

Psychology Department

Psychology

Psychology is available as a major and minor on both the BA and BS degrees.

Although the programs may be used to achieve a variety of objectives, they are designed to:

- Provide majors with a strong background for graduate or professional training in psychology or related fields;
- Educate intelligent consumers who can seek, evaluate and apply selected psychological services effectively; and
- Provide fundamental information for a critical understanding of psychological knowledge and problems.

In addition to basic coursework, the programs offer learning experiences that include research projects, individual career planning, special seminars and supervised off-campus activities. Such courses, primarily for juniors and seniors, require approval from the students' adviser or the instructor during the semester prior to the one in which the student intends to enroll. Students are encouraged to consult with their academic adviser at least once each semester to plan an appropriate selection of courses to meet their individual goals. Further information regarding the psychology curriculum may be obtained from the chair of the department.

Honors College

A student wishing to complete Departmental Honors in psychology must be enrolled in the Honors College and complete PSYC 30003 and PSYC 40003. It is recommended that students enroll in PSYC 40003 for the fall semester of the senior year.

Pass/No-Credit Option

See the Bachelor's Degree Definitions and Regulations in the Bachelor's Degree section of the University requirements.

Up to (but no more than) 3 hours earned in elective courses that are offered only on a pass/no-credit basis may be applied to meet major or minor requirements within the College of Science & Engineering. Additional hours in such courses may be used as free electives or for majors or minors in other colleges (as permitted by those colleges).

Psi Chi

The department sponsors the TCU Chapter of Psi Chi, the national honor society for psychology.

Programs

CHDA - Child Development
CHDP - Child Development Pre-Major

Ranch Management Department

Ranch Management

Ranch Management is available as a BS, certificate and minor. An application process is required for all Ranch Management programs.

Since 1956, students from 44 states and 22 nations have studied ranching at TCU through the certificate program. In addition to the certificate program, ranch management is available as a Bachelor of Science Degree and as a minor with a Bachelor of Science or Bachelor of Arts in another discipline.

*RAMA40101 Management Plan Capstone, Management Plan Capstone Course, must be completed with a grade of C of higher in order to earn the BS Degree, Certificate, and/or Minor in Ranch Management.

Courses for the major (including Associated Requirements), the minor, and the certificate may not be taken on a Pass/No Credit basis.

**RAMA courses are only available to students admitted to the Ranch Management program

Programs

GGRM-GRM - Graduate Non-Degree
NDUG-RAMA - Ranch Management
RAMA - Ranch Management
RAMA-BS - Ranch Management
RAMA-RM - Ranch Management
RAMAGCRT - Graduate Certificate in Ranch Management
RAMAMIN - Ranch Management Minor
RMDA-RMD - Ranch Management Certification
RMEV-RME - Ranch Management Certification
RMPM - Ranch Management Pre-major

Courses

RAMA10200 - General Transfer Credit
RAMA20103 - Challenges of Global Food Production
RAMA30102 - Ranch Operations and Development
RAMA30403 - Soil and Water Conservation
RAMA30703 - Animal Nutrition and Feeding
RAMA40101 - Management Plan Capstone Course
RAMA40103 - Beef Cattle Production
RAMA40112 - Sheep and Goat Production
RAMA40303 - Animal Health Management
RAMA40313 - Animal Health and Reproduction
RAMA40323 - Animal Health and Reproduction
RAMA40613 - Ranch Business Management
RAMA40903 - Forage Production and Use
RAMA40970 - Special Topics in Ranch Management
RAMA50213 - Ranch Business Management
RAMA50503 - Range Management
RAMA50603 - Ranch Records and Finance
RAMA50803 - Marketing of Livestock and Meats

Religion Department

Religion

Religion is available as a major on the BA degree and as a minor on the BA, BS and BBA degrees.

Committed to the liberal arts and its diverse disciplinary perspectives, the Religion Department fosters an inquiring, critical, and intersectional approach to the study of religion, enabling students to become informed and engaged interpreters of religious communities, texts, ideas, artifacts, and practices in their cultural and historical contexts. The Department supports the ethical and global aims of the University's mission in its commitment to prioritize diversity, equity, and inclusion and aims to equip students to understand different worldviews expressed in and beyond the world's religions.

Courses in the department approach religious traditions historically, textually, aesthetically, philosophically and comparatively, and consider the role of religion in society, culture and individual life. These courses introduce students to various methods and issues in the study of religion; familiarize them with the beliefs and practices of various religious traditions; develop their critical thinking, reading and writing skills; and encourage them to explore and evaluate their own culturally conditioned self-understandings and ultimate commitments. Students will find the multidimensional study of religion to be fertile ground for developing habits of mind that are excellent foundations for professional life. Those planning for seminary, graduate study in religion or other disciplines, or church-related vocations will be well prepared by department courses and well supported by faculty advisement.

Writing Proficiency

The development of writing proficiency is a vital component of the educational process. Both majors and minors are encouraged to utilize faculty assistance and the resources of the Writing Center to achieve that goal.

Honors College

Religion majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in RELI 30003 during their junior year, and RELI 40003 during the fall semester of their senior year. Note: RELI 30003 substitutes in the major for the required Senior Seminar, RELI 40603.

Programs

School for Classical & Contemporary Dance Department

School for Classical & Contemporary Dance

The School for Classical & Contemporary Dance offers the Bachelor of Fine Arts (BFA) degree with a major in ballet, modern dance, and ballet and modern dance double major. An audition is required for entrance into any of the BFA degree programs. Contact the School for Classical & Contemporary Dance at TCU for audition information.

The School for Classical & Contemporary Dance's mission is to develop educated dance artists who are prepared to become ethical professionals and leaders in the global dance community.

School for Classical & Contemporary Dance Policies

1. Students majoring in ballet and/or modern dance are accepted for a one-year trial period, during which potential and progress are evaluated by the dance faculty to ascertain the feasibility of continuing toward a dance degree. With faculty approval, this trial period may be extended for up to one additional year.

2. It is acceptable for dance majors to pursue two majors, two degrees, a minor, certificate or an emphasis program at TCU. Students who want to earn the BFA in ballet and/or modern dance while simultaneously working toward a second major, a second degree, a minor, certificate or emphasis program should expect to spend more than four years to complete the additional requirements. Course scheduling challenges will prohibit some combinations of study with the BFA. Students are responsible for tracking all aspects of graduation requirements in the BFA as well as any outside-of-dance areas of study.
3. All incoming dance majors are required to participate in technique placement classes at the beginning of their first semester at TCU.
4. Students with limited technical proficiency may be required to enroll in additional coursework.
5. A minimum 2.5 GPA is required as a prerequisite to upper-division dance courses. A student whose GPA falls below this level may not enroll in upper-division dance courses until the 2.5 average has been achieved. After enrollment in upper-division dance courses, a minimum cumulative 2.5 GPA must be maintained as a prerequisite to further advanced enrollment and continued progress toward successful completion of graduation requirements.
6. All dance majors will take at least one technique class daily in their BFA major.
7. Students must earn a minimum of 2.5 credit hours at the highest level of technique in their major for graduation.
8. Dance majors will adhere to policies outlined in the SCCD Undergraduate handbook.
9. The BFA is a performance emphasis degree. All majors are required to perform as cast for all DanceTCU productions. Students must earn .5 credit for DanceTCU in the first two semesters, and then .5 credit for 5 of the remaining semesters for a total of 3 credits to graduate the BFA.
10. All dance majors are expected to participate and fulfill production crew duties as assigned for all DanceTCU productions. Once a dance major is declared at TCU, students will take .5 credit hour Dance Production Practicum each semester for 6 semesters. Only one semester of credit is earned for the first year.
11. Consistent participation in all aspects of activity required in the BFA coursework is essential to successful completion of graduation requirements. Lack of consistent participation may warrant reconsideration of dance major status.
12. Dance majors receive a letter grade for all SCCD courses with the exception of Dance Production Practicum (DANC10300 Dance Production Practicum I/DANC30300 Dance Production Practicum II) (pass/no credit).

School of Art Department

Studio Art, Art Education, & Art History

The School of Art administers the Bachelor of Fine Arts (BFA) degree with a major in studio art or art education, as well as the Bachelor of Arts (BA) degree with a major in art history or studio art.

The BFA in studio art has available coursework in ceramics, new media, painting, photography, printmaking, or sculpture a minimum of 78 semester hours in art is required for studio majors. The BFA in art education requires a minimum of 66 hours of art. The degree plans are outlined below.

- Bachelor of Arts (BA): Art History, Studio Art
- Bachelor of Fine Arts (BFA): Art Education, Studio Art
- Minors: Art History, Studio Art

Minimum Grade Requirement

All are courses take in the major or minor sequences must be passed with a grade of "C" or better to fulfill graduation requirements.

Departmental Requirements

The School of Art requires a minimum of 2.5 cumulative GPA as a prerequisite to junior and senior-level studio art and art education courses. After entrance into upper-division courses, a minimum of 2.5 GPA must be maintained as a prerequisite to further advanced enrollment.

Field Trips

Field trips may be required by instructors as a part of the content of any course. Every effort will be made to ensure that these trips do not conflict with other portions of the student's schedule.

Honors College

School of Art majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in ARED, ARHI or ARST30003 Junior Honors Seminar during their junior year and ARED, ARHI or ARST40003 Senior Honors Researchduring the fall semester of their senior year.

Transfer Students

To declare a major in Studio Art, transfer students must present a portfolio of their work for evaluation by the School of Art during their advising and/or prior to registration.

Declaration of a Major

The school requires students to declare a major during or before the second semester of their sophomore year. Students majoring in studio art must also declare a concentration. Once a concentration is declared, a faculty adviser from that area will be assigned, and an appropriate sequence of courses will be formulated.

Major/Minor Shared Requirements

Students majoring in studio art (BFA or BA) must complete an additional 12.0 credit hours of art history courses to complete the requirements for an Art History Minor.

Students majoring in art education (BFA) must complete an additional 12.0 credit hours of art history courses to complete the requirements for an Art History Minor.

Students majoring in art history (BA) must complete an additional 9.0 credit hours of studio art courses to complete the requirements for a Studio Art Minor.

Student Exhibitions

Both graduate and undergraduate student exhibitions take place at various times during the year in the Art Galleries at TCU. No work may be removed from exhibitions without school approval. Students must claim their work at the end of each exhibition. The school cannot accept responsibility for the care, storage or distribution of student work.

School of Music Department

Music

School of Music Overview

The School of Music offers the Bachelor of Music degree (BM) with majors in performance, piano pedagogy, theory/composition, and church music; the Bachelor of Music Education degree (BME) with a concentration in vocal or instrumental music in preparation for all-level certification; the Bachelor of Arts degree (BA) in music; and a music minor.

Admission/Audition

Acceptance to the School of Music requires passing an audition in the primary performance and scholarly area. Before an audition can be scheduled, applicants must submit a completed School of Music Audition Request Application, a résumé highlighting musical activities and an essay discussing a musical topic or experience. In addition, two separate letters of recommendation attesting to the candidate's musical accomplishments and ability must be provided. These required materials are uploaded through the School of Music Web site.

Applicants applying in music composition must also mail physical copies of original scores and papers to the School of Music in support of their application. Applicants unable to visit the campus for a live audition may submit a video audition with the above required materials. Detailed audition repertoire requirements as well as mailing instructions are available on the School of Music website.

After satisfying all of the above requirements, final acceptance to the School of Music is contingent on being admitted to TCU.

Pre-Major Status

All incoming music students are designated as music pre-majors (MUPM). A student must complete the above application requirements and pass an audition in the primary performance and scholarly area in order to be eligible for music major status. Once eligible, the student completes and submits a signed Change of Major form to the School of Music office.

Honors College

Music majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in MUSI 40003 the fall semester of their senior year.

School Facilities

The TCU School of Music is housed in historic Ed Landreth Hall, the Mary D. and F. Howard Walsh Center for Performing Arts, Secrest-Wible Building, Foster Hall, Waits Hall and Jarvis Hall and the new TCU Music Center. The Ed Landreth building includes the music offices and conference room; teaching studios; classrooms, a computer lab; practice and rehearsal facilities; and a 1,200-seat auditorium, once home to the Van Cliburn International Piano Competition. Instrumental resources include numerous upright and grand pianos, four pipe organs, two harpsichords, a clavichord and a collection of authentic Baroque instruments.

The Walsh Center is home to the unique 325-seat PepsiCo Recital Hall, which is well known for its unprecedented acoustical design. The Walsh Center also contains an instrumental rehearsal hall, a choral rehearsal hall, an electronic piano laboratory, piano teaching studios and piano practice rooms all furnished exclusively with Steinway pianos.

The Music Center includes over 7,500 square feet of band, orchestra and percussion rehearsal space, as well as instructional facilities, faculty studios and practice rooms. At the heart of this new building is the Van Cliburn Concert Hall at TCU, an intimate 700-seat, state of the art hall.

Located on the southeast side of the TCU campus, the Secrest-Wible Building serves the TCU Opera and contains a 100-seat rehearsal studio theatre, classroom, and the John Large Vocal Arts Laboratory.

The third floor of Jarvis Hall contains teaching studios, two classrooms, the Upchurch Studio for Electro-Acoustic Music, the Music Education Resource Library and the School of Music student lounge.

In addition to these five buildings, practice rooms and teaching studios are located in Waits and Foster residence halls; and a large, comprehensive music library complete with recordings, reference books, texts, scores, and a listening room is housed in the Mary Couts Burnett Library.

School of Music Requirements

Keyboard Skills

Unless exempted by testing, all music majors, register for MUSI 11030, (Class Piano), in the first semester, and must continue in classes until they pass the Keyboard Proficiency exam. This requirement must be met by the end of the sophomore year. Students are not allowed to register for upper-division courses in music until this requirement is met. Piano and organ majors meet this requirement by taking MUSI 20071 and 20081, (Functional Piano).

Recitals

All music majors participate in school and studio recitals. Students majoring in performance are required to present a half recital during their junior year and a full recital during their senior year. Students majoring in music education are required to present a half recital, typically the semester before student teaching.

Juries

A jury examination takes place each semester for majors and minors in performance courses and annually for theory/composition majors beginning the sophomore year. At the end of the sophomore year, this examination determines whether the student is permitted to enroll in upper-division performance and composition lessons. The junior jury and/or recital determine admission to senior standing for performance majors.

Recital/Concert Attendance

Music majors are required to pass MUSI 11000, Recital/Concert - Attendance (Recital Hour), for each regular semester. This is a pass/fail, zero-credit hour course. First-year students may enroll in UNLF 10211, University Life, during the fall semester and then take Recital Hour in the spring. B.M.E. students do not take Recital Hour the semester they are student teaching. Ninth semester students are not required to enroll in Recital Hour.

To receive credit, students must attend a total of 15 events each semester; 6 classes and 9 performances, chosen from faculty and guest artist recitals, student recitals and TCU ensemble concerts. Programs must be signed by a TCU faculty member at the end of the concert for it to count toward attendance. At the end of the semester, students fill out a Recital Hour Concert Attendance sheet and submit a packet of signed programs. The packet is due in the SoM office by 5 p.m. Friday after the last day of classes.

Two-steps ensure that students in the School of Music are fulfilling the requirements for Recital Hour:

- Students must pass 3 semesters of Recital Hour before they are eligible to sign up for their sophomore barrier.
- Students must pass 6 semesters of Recital Hour before they are eligible to sign up for their senior recital.

Failure to do these steps may impact progress toward completion the degree program.

Passing Grade Requirement

All music courses taken in the major or minor sequences must be passed with a grade of "C" or better to fulfill graduation requirements.

Performance Major Requirements

The School of Music offers the BM with a major in performance in the following areas:

- Piano
- Organ
- Piano Pedagogy
- Wind and Percussion Instruments
- String Instruments
- Voice

Social Work Department

Social Work

Social work is one of the human service professions. Social workers help individuals, groups and communities solve or relieve life problems using a variety of professional skills. The educational program integrates liberal arts courses with preparation for professional practice. The primary objective of the department is to prepare students as generalist practitioners for entry to beginning social work practice. An additional objective is to prepare students for admission to graduate schools of social work (eligible for advanced standing in most master's degree programs).

The curriculum includes content in social welfare policy and services, human behavior and the social environment, social work practice, research and practicum education. It focuses on values and ethics, populations at risk and diversity. Concurrent with their academic work, students are provided service-learning opportunities in several classes. During the senior year, students complete a concurrent placement (12 academic hours) of practicum education (internship) in two semesters in a public or private social agency selected in accord with the student's area of social work interest and educational needs.) Graduation with a BSW requires a "C" or better in all social work courses.

The Department of Social Work and the social work major (not the minor) are fully accredited at the baccalaureate level by the Council on Social Work Education (CSWE).

TCU's Department of Social Work does not discriminate on the basis of age, gender, race, color, ethnicity, national origin, handicap, veteran status, political beliefs or sexual orientation.

Gatekeeping

The social work profession has the legal and ethical responsibility to protect both society and the profession by assessing students' readiness to work with clients. This gatekeeping responsibility is outlined in the BSW Handbook and is based on adherence to the NASW Code of Ethics. The faculty discusses students' professional development and readiness to interact with clients during the practicum application process, which reinforces the gatekeeping process.

Admission to BSW Practicum Education

Students may declare the social work major at any time. Admission to BSW Practicum Education requires that students:

- Have attained junior status;
- Have a 2.25 or higher overall GPA;
- Complete or be enrolled in SOWO10833 Intro to Social Work, SOWO30833 Macro Social Work Practice, SOWO30843 Human Behav&Soc Envir I, SOWO30853 Human Behav&Soc Envir II, SOWO30863 Social Welfare Policy, SOWO30883 Micro Social Work Practice, SOWO40863 Social Work wth Groups&Fam, and SOWO40833 Field Seminar 2.
- Have a 2.5 GPA in social work and a "C" or better in all SOWO courses; and
- Make written application and receive faculty approval based on the application to evaluate readiness for practicum education. Practicum Education may be postponed or denied if the faculty finds the student insufficiently prepared or lacking required knowledge, skills or values.

Honors College

Social Work majors who plan to pursue Departmental Honors must be members of the Honors College and should enroll in SOWO30003 Honors Tutorial In Sowo during the spring semester of their junior year and SOWO40003 Senior Honors Res Proj during the fall semester of their senior year.

Interdisciplinary Studies

Students may undertake an interdisciplinary program with a double major in Social Work and another major, even when different degrees are involved (BA and BS). Programs such as Social Work and Religion Studies, Social Work and Psychology, and others require faculty advisers in both fields to coordinate course and degree planning.

Transfer Credit

Most core curriculum and related coursework from accredited universities will transfer. Social work courses from CSWE- accredited social work programs may be accepted toward the social work degree upon review of the syllabi from the transfer college/university.

Study Abroad

Students are encouraged to study abroad. The Department of Social Work expects that students take specific SOWO courses during junior and senior year, as well as internship during senior year, therefore it is recommended that study abroad occurs prior to junior year. Students should schedule study abroad accordingly.

Social Work Honor Society

The department sponsors the Iota Xi chapter of Phi Alpha, the national Social Work Honor Society. In accordance with the criteria set by the Phi Alpha Honor Society, invitation is extended to students in the top 35% of their class of their junior year.

Social Work Licensing

BSW students have the option to take Texas State Licensing Examination in their final semester in order to be licensed as LBSWs in Texas. Licensing may be transferable to other states. Additional information can be found about licensure at the Texas Behavioral Health Executive Council site for the Texas State Board of Social Work Examiners https://www.bhec.texas.gov/texas-state-board-of-social-worker-examiners/index.html

Student Association of Social Workers (SASW)

The Student Association of Social Workers (SASW) is a recognized organization of the University with membership open to all TCU students who are interested in social work. SASW offers an opportunity for BSW, MSW and other students to get involved in activities around campus and in the community. The organization began in the spring of 1978 in order to: Promote knowledge about social work at TCU, facilitate communication among students and between students and faculty, provide mutual support among students, and promote social action and community service.

Sociology and Anthropology Department

Sociology and Anthropology

Sociology and Anthropology majors are administered by the Department of Sociology and Anthropology.

Students thrive when they form relationships that make them feel connected—to each other, to their campus, and to the world. The study of sociology and anthropology brings human interconnectedness to light with an impressive set of investigative and interpretive tools and methods. By analyzing social behaviors, decoding cultural meanings, and examining the environmental, historical, and contemporary forces that shape human and other-than-human life, our students learn how social and cultural systems work, why they persist, and how they change. The ability to bridge theory and practice starts with our small classes and active student organizations, where students develop close relationships with their peers and professors. Beyond the classroom, our majors have opportunities for tailored internships, study abroad programs, and service learning that promotes self-discovery, intellectual and professional development, and strong support networks that will sustain them long after graduation.

Sociology

Sociology is available as a major on the BA and BS degrees and as a minor on both the BA and BS degrees.

Sociology is the science of understanding social life. Through foundational and engaging topical coursework the BA and BS majors provide rigorous frameworks for studying individuals, groups, communities, structural forces, and social change. Our curriculum challenges students to engage deeply with theories and perspectives to analyze complex social phenomena. As a result, students develop a sophisticated knowledge base and a suite of high-value, transferable skills that prepares them to excel across a wide array of career paths. Ultimately, sociology is anchored by a foundational commitment to employ knowledge to improve the human condition.**CLEP**

The Department of Sociology and Anthropology approves the awarding of three semester hours of credit for a score of 55 on the CLEP Subject Exam in Introductory Sociology, equivalent to SOCI 20213.

Honors College

Sociology majors who plan to pursue Departmental Honors must be members of the Honors College and ideally should enroll in SOCI 30003 during their junior year and SOCI 40003 during their senior year.

Sociology Honor Society

The department sponsors Lambda Chapter of Alpha Kappa Delta, International Sociology Honor Society.

Anthropology

Anthropology is available as a major on the BA degree and as a minor on both the BA and BS degrees.

Anthropology offers students a holistic analysis of humanity in all its diversity. Anthropology emphasizes a cross-cultural and global perspective and seeks to understand our species – Homo Sapiens – both throughout time and in all geographical regions. Anthropology is divided into four subfields which are represented in the curriculum: Cultural Anthropology, Archaeology, Physical (biological) Anthropology, and Linguistic Anthropology

Honors College

Anthropology majors who plan to pursue Departmental Honors must be members of the Honors College and ideally should enroll in ANTH30003 Jr Honors Sem in Anthropology during their junior year and ANTH40003 Senior Hon Research Paper during the fall of the senior year.

Anthropology Honor Society

The department sponsors the Xi Texas Chapter of Lambda Alpha National Collegiate Honors Society for Anthropology.

Spanish and Hispanic Studies Department

Spanish and Hispanic Studies

Spanish and Hispanic Studies is available as a major and a minor on the BA degree.

Placement

Students have several options for finding the appropriate level to start their language studies at TCU. Various means of determining proper placement, as well as obtaining credit for previous language study, are outlined below.

1. To determine proper placement level, students should consult the level descriptions on the department's website and take the CAPE examination. Details concerning the CAPE placement exam are provided to incoming students prior to orientation and registration. To access, click on the CAPE (link) which will lead you to a page where you will register and create an account to gain access to the exam.
2. Students with academic or life experience in a foreign language are urged to enroll at a level appropriate to their skills. As an incentive for students to enroll at their actual level of ability, TCU offers the opportunity to earn advanced placement credits through one of two ways:

- By means of exams administered by the College Board (AP or CLEP).

Suggested placement for students with AP credit is as follows:

AP	TCU Equivalent	Credit	Placement
3	10103, 10203	6 hr	20103
4	10103, 10203, 20103, 20203	12 hr	30503, 30603, 31703
5	10103, 10203, 20103, 20203	12 hr	30503, 30603, 31703

- By entering at an appropriate level in accordance with the guidelines provided below. (For details, please consult the department web site at www.Span.tcu.edu . Whenever uncertain, students should consult with an adviser in the Department of Spanish and Hispanic Studies.)

SPAN 10103: for students who have never studied Spanish.

SPAN 10203: for students who have minimal formal study and very limited knowledge of Spanish grammar and culture.

SPAN 20103: for students who know basic Spanish grammar and need to learn more complex structures and practice writing.

This is also the entry point into the Spanish major.

SPAN 20203: for students who have a good grasp of Spanish grammar but are not quite ready for advanced language courses.

SPAN 30503, SPAN 30603, or SPAN 31703 (for Heritage Speakers): for students who are ready to begin at an advanced level. This is also the entry point into the Spanish major.

Earning Advanced Placement Credits According to Entrance Level

Students whose first foreign language class at TCU is beyond the first-semester level may earn additional language credit (if credit has not already been awarded for transfer, CLEP or AP work) as follows:

- If the first foreign language class is at the *second-semester level* (SPAN 10203) and a grade of "B-" or higher is earned, 3 semester hours credit will also be awarded for the first-semester course. That is, the student will earn 6 hours of credits for taking a 3-credit course.
- If the first foreign language class is at the *third-semester level* (SPAN 20103) and a grade of "B-" or higher is earned, 6 semester hours credit will also be awarded for the first- and second-semester courses. That is, the student will earn 9 hours of credits for taking a 3-credit course.
- If the first foreign language class is at the *fourth-semester level* (SPAN 20203) and a grade of "B-" or higher is earned, 9 semester hours credit will also be awarded for the first-, second- and third-semester courses. That is, the student will earn 12 hours of credits for taking a 3-credit course.
- If the first foreign language class is above SPAN 20203 and a grade of "B-" or higher is earned, 9 semester hours credit will also be awarded for the second-, third- and fourth-semester courses. That is, the student will earn 12 hours of credits for taking a 3-credit course.

Notes: Spanish for Beginners 1 is designed and reserved for students with no previous study of the language.

Students entering the program at a certain level may not receive credit for coursework taken below that level.

Sigma Delta Pi Honor Society

The department annually recognizes its outstanding students by inviting them to join Sigma Delta Pi, the national honor society for Spanish scholars.

Strategic Communication Department

Strategic Communication

The Department of Strategic Communication is **TCU's home for advertising and public relations**. Strategic communication students learn to think strategically and create effective, innovative, and responsible stories about brands and organizations, solving real-world communication challenges. In learning the theories and methods of advertising, public relations, and new media to meet the strategic goals of organizations, strategic communication students gain the tools and skills they need to succeed in the job market and in life.

The strategic communication major emphasizes experiential learning. Students learn to conduct research; write and create content for print, broadcast, online and mobile platforms; design; choose channels to place messages; and evaluate effectiveness. They have various opportunities to apply what they learn with real-world corporate, public, and nonprofit clients in classes and through dedicated experiential opportunities, including:

- Roxo, the vibrant student-run strategic communication agency, which services real-world clients through paid and pro bono work;
- National advertising and public relations campaign competitions, including the American Advertising Federation (AAF) National Student Advertising Competition (NSAC) and the Public Relations Student Society of American (PRSSA) Bateman Competition;
- internships; and
- American Advertising Federation (AAF) and Public Relations Student Society of America (PRSSA) chapters affiliated with the Department of Strategic Communication.

Individual students, teams, and Roxo — the student-run advertising and public relations agency — regularly earn recognition in national, regional, and local competitions, including Greater Fort Worth PRSA's Worthy Awards, the AAF Fort Worth Addy Awards, the National Student Advertising Competition, and the Bateman Competition.

Most strategic communication graduates pursue careers in advertising or with public relations agencies, corporations, government agencies, nonprofit groups, health care groups, sports teams or consulting firms. Others enter graduate school or specialized, pre-professional programs.

Admission to the major

Students may declare a major in strategic communication as an incoming first-year or transfer student prior to orientation. Any students wishing to join strategic communication after their first-year or transfer orientation must apply to the major.

Admission to the strategic communication major requires multiple steps.

Entering first-year students who declare strategic communication as their major prior to the start of orientation sessions (typically the end of May), are automatically admitted to the major. They must complete the application process during summer orientation sessions (step 4 in the process). Once orientation sessions begin, all students, including first-year students, must apply to the major. Admission to the strategic communication major is competitive.As a result, students may be admitted to TCU but not to strategic communication if they are not accepted to the major through the application process. Students with more than 60 college credits will not be admitted to the major, whether internal or external transfers, because course sequencing in the major requires at least five long semesters to complete the major.

To be considered for admission to the Department of Strategic Communication, students must complete all of the following:

1. Based on type of student
   a. INCOMING FIRST-YEAR STUDENTS: Entering first-year students, once admitted to TCU, may declare strategic communication as their major prior to the start of the orientation sessions (typically the end of May) and be directly admitted to the major in only the fall semester if they meet the following requirements: They must have completed no hours at TCU (except for hours awarded for AP or IB courses, or dual-credit hours awarded in high school through another university or college), and they must complete step 4 of the application process. Once TCU orientation sessions begin, first-year students must wait to apply to the major until the spring semester.
   b. INTERNAL TRANSFER STUDENTS: An internal transfer student is one who is currently enrolled in another degree program at TCU. These students must have a 2.5 minimum overall TCU GPA (and should have a 3.3 GPA to be competitive).
   c. EXTERNAL TRANSFER STUDENTS: The TCU Office of Admissions makes the decision on all transfer applicants. To be considered for provisional admission to the strategic communication major during the first semester after admission to TCU, students should have at least a 3.0 transfer GPA from a four-year institution and a 3.25 GPA from a two-year institution. If this GPA is in place and spaces are open in the gateway courses (STCO23113 Advertising or STCO23123 Public Relations) in the first semester, students may enroll in these courses after they have met with an academic adviser in the department and have completed step 4 of the process.
      1.
2. Applications to the major open within the first six weeks of each long semester. To receive dates and instructions for completing the application, please contact the department's main office at stratcomm@tcu.edu or visit its website at https://schieffercollege.tcu.edu/stratcomm/.
   Applicants will be required to:
   1. Independently complete a personal narrative about reasons for selecting the strategic communication major and another creative assignment
   2. Read and sign the Ethics and Professionalism Statement for the Department of Strategic Communication and provide basic information for departmental advising records

   c. Submit a resume and transcripts verifying the GPA (for internal and external transfer students only)
   Completed applications will be evaluated by an application committee. Applicants will be notified by the Department once admission decisions have been rendered.

In the event of a formal appeal concerning the application process, the chair of the Department of Strategic Communication will appoint three faculty members in the department to review the appeal and report to the chair.

After admittance to the major, students must earn a C or higher and a combined 2.5 GPA in the two introductory courses, STCO23113 Advertising and STCO23123 Public Relations, before enrolling in additional strategic communication courses. Additionally, students must also complete MATH10043 Elementary Statistics Statistics or INSC20153 Statistical Analysis (or equivalent) with a C- or higher before enrolling in many of the advanced courses requiring this prerequisite. Students must earn a C or higher in each strategic communication course counted toward major degree requirements.

Strategic Communication Degrees

The Department of Strategic Communication offers the Bachelor of Science degree and the Master of Science degree.

TCU Global Department

TCU Global

TCU Global serves as a catalyst for students to become exceptional global citizens through active engagement. TCU Global promotes international and domestic programming and structures, including summer study abroad programs led by TCU faculty members, semester-long study abroad programs, and the Global Scholars program. TCU Global also supports domestic travel. For more information, visit https://studyabroad.tcu.edu/

Semester and Year Long Opportunities – International

The *TCU-In Athens Program* allows students to spend a semester abroad in one of the oldest cities in the world. TCU-In Athens students attend the American College of Greece (ACG), where they will take a full slate of courses in far-ranging subjects. Courses are taught by Greek professors in English and students take classes with other study abroad students. The American College of Greece is located on a hillside on the edge of Athens. Students are housed in a residence hall complex a short walk from campus.

The *TCU-In Barcelona Program* offers students the chance to enroll in a wide range of courses, participate in internships, and take part in activities and excursions, all while living in the international, culturally rich city of Barcelona. TCU-In Barcelona students are allowed to choose a variety of academic options for their semester abroad. They take classes through the CEA-CAPA center and can add in courses from the Universitat Pompeu Fabra (UPF), Universitat Autònoma de Barcelona (UA), and Universitat de Barcelona (UB). Courses at these institutions are taught by Spanish professors in English and Spanish, and students take classes with other study abroad students and Spanish students. Barcelona is the country's second-largest city located in the northern region of Spain. This city offers an ideal blend of historic and modern, combining Gothic charm with thriving immigrant cultures, and Gaudí's quirky architecture with world-class dining and shopping. Students are housed in shared apartments with other TCU and CEA-CAPA study abroad students.

The *TCU-In Dublin Program* offers students the option to spend a semester at one of Ireland's largest and most international universities, University College Dublin, while living in the culturally-rich and friendly city of Dublin, Ireland. Students can take courses in Arts & Humanities; Business, Engineering, and Architecture; Health and Agricultural Sciences; Science; and Social Sciences. They live on a 330-acre campus in UCD Residences and have access to all the modern campus amenities, including a multilevel gymnasium, library, green spaces, and student unions. The Dublin City Center, home to Temple Bar and Dublin Castle, is a short bus ride from campus.

The *TCU-In Florence Program* a wide variety of disciplines, but specializes in Fine Arts and Liberal Arts. Students take classes at Scuola Lorenzo de' Medici (LdM), an international school in Florence, alongside other international students. TCU students live in apartments throughout the city center. Florence, itself, is a stunning Renaissance city and an artistic and cultural capital. TCU-In Florence features a strong Fine Arts program, including art history, fashion, graphic design, interior design, and studio art. No prior Italian language is required in order to apply.

The *TCU-In London Program* provides a unique opportunity for TCU students to study in one of the major capitals of the world, drawing on the immense intellectual, cultural and human resources of London. TCU partners with the University of Westminster and the University of Roehampton to provide opportunities to take courses in a wide range of disciplines. Students also have the option of choosing an internship for academic credit.

The *TCU-In Madrid Program* is an extraordinary opportunity to attend a preeminent private university in Spain, while living in the city center of this vibrant international city.The cost of living makes this an affordable European destination. Students attend classes at Universidad Nebrija, where they can study business, economics, communication, psychology, cultural studies, or Spanish language. With the main campus located one mile north of the center of Madrid, Nebrija offers students an urban campus with state-of-the-art facilities, including computer labs, libraries, and public spaces. Students are also housed near the city center, commuting to class and the Accent Center taking anywhere from 15 to 30 minutes.

The *TCU-In Oxford* Program is a prestigious opportunity to study at St. Catherine's College, one of nearly 40 colleges that make up the University of Oxford. TCU juniors and seniors with high academic qualifications can study at St. Catherine's College through its Visiting Students Programme. Visiting Students have the opportunity to choose from the widest variety of tutorial courses offered by any college at Oxford. Visiting Students live in residence halls on the St. Catherine's campus.

The *TCU-In Paris* program allows students to live and study in one of the most historically and culturally rich cities in the world. A prime location for the Fine Arts, the TCU-In Paris program has strong offerings in Interior Design, Fashion Merchandising, and Studio Art, among others. Students take classes at Paris College of Art, an international college of art and design in Paris, alongside other international students. All TCU-In Paris students are required to take one course at the Accent Study Center, centrally located in Paris. TCU students live together in apartments throughout the city. No prior French language is required in order to apply.

The *TCU-In Paris – Dance* program allows dance students to live and study in one of the most historically and culturally rich cities in the world. A prime location for the Fine Arts, the TCU-In Paris program has students take a full load of studio dance classes at the Paris Marais Dance School, alongside other French and international students. All TCU-In Paris students are required to take one course at the Accent Study Center, centrally located in Paris. TCU students live together in apartments throughout the city. No prior French language is required in order to apply. This program is only available to Dance majors during the spring semester of their junior year.

The *TCU-In Prague* program offers students the option to spend a semester at AEP, the undergraduate study abroad program of Charles University, one of the oldest and most prestigious universities in Europe, while living in Prague, the political, cultural, and economic hub of Central Europe. Open to a limited number of participants, this program focuses on economics and political science while also offering courses in art history, communications, psychology, and liberal arts. Students are required to take one Czech language course as part of their course load. Students attend classes in the historic Schebek Palace, only blocks from the center of Prague, and are housed in shared apartments throughout the city center.

The *TCU-In Rome Program* allows students to experience an international and historically rich environment while studying at the American University of Rome (AUR), an American-style university in the heart of Rome. AUR is home to a highly diverse student body representing over 60 countries on campus. 28 native languages are spoken amongst their faculty and students, although all programs are conducted in English. Students study in Monteverde, a quiet neighborhood adjacent to Trastevere. TCU in Rome offers many types of courses, with strengths in Business, Communication, Fine Arts, and Liberal Arts. No prior language is required to be accepted to the program.

The *TCU-In Seville Program* is one of TCU's flagship semester programs, where students immerse themselves into the culturally rich city of Seville. TCU-In Seville students take classes through the International Center at Universidad Pablo de Olavide (UPO), a Spanish university, and the CEA-CAPA Study Center. Courses are taught by Spanish professors in English and Spanish, and students take classes with other study abroad students.TCU-In Seville offers courses in a wide range of disciplines and is open to any student. They have a strong focus on Spanish language and culture and represent a great option for those interested in furthering their Spanish language skills. Many Spanish majors and minors at TCU choose to study abroad in Seville. Seville is the capital of Andalusia, a southern region of Spain renowned for its beauty, history, spectacular festivals, and cultural legacies: tapas, bullfighting, and flamenco all originate from Andalusia.

The *TCU-In Stellenbosch Program* offers students the opportunity to study in Stellenbosch, South Africa, a charming college town outside of Cape Town, surrounded by breathtaking mountain and ocean views. Students live on campus and may take courses across a wide range of disciplines at Stellenbosch University including science, business and the liberal arts.

The *TCU-In Sydney Program* allows students to take classes at University of Sydney, a global top 20 university, leading the way in addressing environmental, social, and governance challenges. TCU students generally live together in residence hall-style apartments near campus. Set around the world's largest natural harbor, Sydney is home to beautiful golden beaches, world-class museums and art galleries, delicious fresh food, and a calendar of exciting events and festivals. Students can take classes from a wide variety of subjects, including health sciences, education, and music.

Other special study abroad opportunities include:

TCU Affiliated Programs. TCU Affiliated Programs are select study abroad programs offering additional semester- and year-long experiences for students in locations throughout Australia, Asia, Europe, Latin America and Africa.

Bilateral Exchange: Students have the ability to exchange for a semester with prestigious universities throughout the world—for example WHU - Otto Beisheim School of Management in Germany, Sciences Po and EDHEC Business School in France, and Meiji University in Japan. These programs are academically rigorous and require a high level of independence.

Semester Opportunities – Domestic

The *Washington Internship Program - TCU Department of Journalism* allows a select group of students to spend the fall semester interning at powerful political, social, government and media organizations in Washington, D.C. In the past, students have interned for the CBS Washington bureau, POLITICO, USA Today, the ONE Campaign, McClatchy Washington bureau and communications offices in the U.S. Congress. Internships are co-supervised by the employer and a TCU professor who visits students in Washington during the semester. The Washington Center (TWC) houses its interns in its own building, a new, secure facility with furnished apartments and 24-hour residence staff assistance, only two blocks from a Metro subway station and within walking distance of downtown Washington. TWC arranges for instructors to teach classes at night so students can continue to make progress towards graduation.

For more than 40 years, the *Washington Internship Program - TCU Department of Political Science* has placed interns in a wide variety of DC internships. As a TCU Washington intern, students work four days a week at their internship site, from late-August through December. They also take an evening class once a week and attend programming on Fridays. Recent internship placements include Congress, the White House, executive agencies such as the departments of State, Justice and Commerce, advocacy groups, think tanks, non-government organizations, news media outlets, lobbying firms and U.S. attorneys. The Washington Center (TWC) houses its interns in its own building - a new, secure facility with furnished apartments and 24-hour residence staff assistance, only two blocks from a Metro subway station and within walking distance of downtown Washington.

TCU Summer Programs

TCU Summer programs are broken down into two categories:

TCU Faculty-Led Programs are intensive study abroad courses developed and directed by TCU faculty members from such disciplines as biology, business, environmental science, communication science disorders, strategic communication, history, journalism, literature, nursing, social work, political science, religion, Spanish, and theatre. Generally taking place from 2-4 weeks, these programs are highly experiential and can take place around the globe, including Argentina, Australia, Costa Rica, England, France, Germany, Italy, Japan, Scotland, South Africa and Spain.

TCU Summer Semester Programs allow students to enroll in a local university during the summer for 4 – 8 weeks, taking a number of courses. Students have the ability to participate in international internships. These programs allow for more cultural immersion as students are based in one location for several weeks. These programs are held in Rome, Florence, Barcelona, London, Dublin, and Sydney.

Student Conduct and Academic Issues:

TCU Global serves as an academic unit for purposes of administering Study Abroad and Study Away programs, as well as courses assigned INTL designation. For academic issues related to INTL courses, semester study abroad and study away programs administered through TCU Global, the Chair of the TCU Global Academic and Curricular Advisory Committee serves as the Department Chair and the Vice Provost serves as the Dean. The Chair of the TCU Global Academic and Curricular Advisory Committee will coordinate with the academic dean of the student's major. For conduct issues, the Senior International Officer will coordinate with the Dean of Students and the academic dean of the student's major to ensure consistency with TCU policies and processes. For more information, visit https://studyabroad.tcu.edu/

INTL30342 - Global Academy II: Collaboration on Global Issues
SABD30120 - Study Abroad-TCU in programs
SABD32120 - Study Abroad-Partner Program
SAWY30120 - TCU Study Away

Theatre Department

Theatre

The Department of Theatre offers two degrees in theatre: the Bachelor of Fine Arts (BFA) and the Bachelor of Arts (BA). The BFA offers a major in Theatre and an emphasis chosen from Acting; Design & Technology; Musical Theatre; Theatre Studies; or Theatre, Stage, Event, and Production Management. The BA offers a major in Theatre that requires the student to choose an additional major or minor and fulfill the Foreign Language requirement, which is the completion of six hours at the sophomore-level or fourth semester demonstrated competency.

An audition or portfolio review is required for entrance into any of the BFA and BA degree programs. Contact the Theatre Department at TCU for audition information.

THEATRE TCU MISSION STATEMENT: To develop in our students' artistic excellence, intellectual growth, and a spirit of empathy through professional theatre training within a liberal arts education.

THEATRE TCU Core Values:

- Artistic and academic excellence and achievement
- Individual and collaborative artistic expression
- Inclusion and diversity of people, ideas, perspectives, and cultures
- Active study of the past to help us form the future
- Value and power of the theatre for social growth
- Self-discipline and an optimal work ethic
- Mentorship and commitment to personal development

The Department of Theatre functions within the context of a liberal arts university and sincerely believes that the student experience should include areas of investigation beyond the narrowly focused instruction that characterizes most non-university affiliated professional training programs.

The department requires a core of courses in all aspects of the theatre. These courses provide an overall view of the discipline, including acting, analysis, history, dramatic literature, design, and technical production. The core provides a strong background for both the liberal arts and pre-professional student.

Honors College

Theatre majors who plan to pursue Departmental Honors must be members of the John V. Roach Honors College and must complete THEA31000 Junior Honors Seminar and THEA41000 Senior Honors Seminar prior to graduation. Both courses cannot be taken during the same semester.

Departmental Facilities

The Department of Theatre is housed in Ed Landreth Hall and the Walsh Center for the Performing Arts at TCU. Facilities include the Jerita Foley Buschman Theatre, a 175-seat proscenium arch theatre and the 200-seat Spencer and Marlene Hays Theatre, with a thrust stage. The flexible Studio Theatre (75-100 seats) is in constant use by students involved in producing shows to test the skills they are developing in the classroom. All theatre spaces have state-of-the-art equipment for teaching theatre technology. Theatre productions are supported by a large Scenic Studio in the Walsh Center with a counterweighted paint frame and spray booth for painting scenery and stage properties. A fully equipped Costume Studio is available for theatre. A computer lab is also available for students' use and for teaching various software programs specific to the theatre. Additional classrooms for theatre graphics, acting and academic courses are located in Ed Landreth Hall.

Departmental Requirements

The department requires majors to participate in departmental productions. Participation in performance and production broadens students' backgrounds and prepares them for the profession and for advanced study. Any student on academic probation is not permitted to perform in public productions. Additional department policies are explained in a departmental student handbook. All majors are responsible for securing and reading this handbook.

Minimum Grade Requirement

Courses in the theatre majors must be taken for a letter grade, and must be completed with a grade of "C" or better to fulfill graduation requirements. Students with a GPA of less than 2.5 in the previous semester will not be cast in roles, given design or directing assignments, or placed in leadership positions.

Musical Theatre Theory Placement and Credit-by-Exam Policy

Students wishing to test out of THEA 31503 Musical Theatre Theory I and receive the credits for the course have two options:

1) The student should have scored a 4 or 5 on the College Board Advanced Placement Program (AP) Music Theory exam
or

2) The student must take *The Placement Exam for Musical Theatre Theory I* in the Department of Theatre and receive a score of 80% or higher, qualifying them to move directly into THEA 31513 Musical Theatre Theory II.

Students wishing to test out of THEA 31513 Musical Theatre Theory II and receive credits for the course must take *The Placement Exam for Musical Theatre Theory II* in the Department of Theatre and receive a score of 80% or higher, confirming they possess the required outcomes of the class and should be given credit for the course.
